## U.S. GOVERNMENT OFFICIAL EDITION NOTICE

### Legal Status and Use of Seals and Logos

The seal of the National Archives and Records Administration (NARA) authenticates the Code of Federal Regulations (CFR) as the official codification of Federal regulations established under the Federal Register Act. Under the provisions of 44 U.S.C. 1507, the contents of the CFR, a special edition of the Federal Register, shall be judicially noticed. The CFR is prima facie evidence of the original documents published in the Federal Register (44 U.S.C. 1510).

It is prohibited to use NARA's official seal and the stylized Code of Federal Regulations logo on any republication of this material without the express, written permission of the Archivist of the United States or the Archivist's designee. Any person using NARA's official seals and logos in a manner inconsistent with the provisions of 36 CFR part 1200 is subject to the penalties specified in 18 U.S.C. 506, 701, and 1017.

### Use of ISBN Prefix

This is the Official U.S. Government edition of this publication and is herein identified to certify its authenticity. Use of the 0-16 ISBN prefix is for U.S. Government Printing Office Official Editions only. The Superintendent of Documents of the U.S. Government Printing Office requests that any reprinted edition clearly be labeled as a copy of the authentic work with a new ISBN.

## Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27.....	as of April 1
Title 28 through Title 41.....	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

### LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

### HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, October 1, 2006), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

### EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

### OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

#### OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 2001, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, 1973–1985, or 1986–2000, published in 11 separate volumes. For the period beginning January 1, 2001, a “List of CFR Sections Affected” is published at the end of each CFR volume.

#### CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

#### REPLICATION OF MATERIAL

There are no restrictions on the republication of textual material appearing in the Code of Federal Regulations.

#### INQUIRIES

For a legal interpretation or explanation of any regulation in this volume, contact the issuing agency. The issuing agency’s name appears at the top of odd-numbered pages.

For inquiries concerning CFR reference assistance, call 202-741-6000 or write to the Director, Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408 or e-mail [fedreg.info@nara.gov](mailto:fedreg.info@nara.gov).

#### SALES

The Government Printing Office (GPO) processes all sales and distribution of the CFR. For payment by credit card, call toll-free, 866-512-1800, or DC area, 202-512-1800, M-F 8 a.m. to 4 p.m. e.s.t. or fax your order to 202-512-2250, 24 hours a day. ## THIS TITLE

Title 50—FISH AND WILDLIFE is composed of nine volumes. The parts in these volumes are arranged in the following order: Parts 1–16; part 17 (17.1 to 17.95(b)), part 17 (17.95(c) to End), part 17 (17.96 to 17.99(h)), part 17 (17.99(i) to End and 17.100 to End), parts 18–199, parts 200–599, parts 600–659 and part 660 to End. The first six volumes (parts 1–16, part 17 (17.1 to 17.95(b)), part 17 (17.95(c) to End), part 17 (17.96 to 17.99(h)), part 17 (part 17.99(i) to End and 17.100 to End), and parts 18–199) contain the current regulations issued under chapter I—United States Fish and Wildlife Service, Department of the Interior. The seventh volume (parts 200–599) contains the current regulations issued under chapter II—National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce; chapter III—International Fishing and Related Activities, chapter IV—Joint Regulations (United States Fish and Wildlife Service, Department of the Interior and National Marine Fisheries Service, National Oceanic and Atmospheric Administration, Department of Commerce); Endangered Species Committee regulations; and chapter V—Marine Mammal Commission. The eighth and ninth volumes (parts 600–659 and part 660 to End) contain the current regulations issued under chapter VI—Fishery Conservation and Management, National Oceanic and Atmospheric Administration, Department of Commerce. The contents of these volumes represent all current regulations codified under this title of the CFR as of October 1, 2006.

Alphabetical listings of endangered and threatened wildlife and plants appear in §§17.11 and 17.12.

The OMB control numbers for the National Oceanic and Atmospheric Administration appear in 15 CFR 902.1.

For this volume, Moja N. Mwaniki and Elmer Barksdale were Chief Editors. The Code of Federal Regulations publication program is under the direction of Frances D. McDonald, assisted by Kenneth R. Payne.

## Subpart A—Introduction

### § 18.1 Purpose of regulations.

The regulations contained in this part implement the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361–1407), which among other things, restricts the taking, possession, transportation, selling, offering for sale, and importing of marine mammals.

### § 18.2 Scope of regulations.

(a) This part 18 applies solely to marine mammals and marine mammal products as defined in § 18.3. For regulations under the Act with respect to cetacea (whales and porpoises), pinnipedia, other than walrus (seals and sea lions), see 50 CFR part 216.

(b) The provisions in this part are in addition to, and are not in lieu of, other regulations of this subchapter B which may require a permit or prescribe additional restrictions or conditions for the importation, exportation, and interstate transportation of wildlife. (See also part 13 of this subchapter.)

### § 18.3 Definitions.

In addition to definitions contained in section 3 of the Act and in part 10 of this subchapter, and unless the context requires otherwise, in this part 18:

*Act* means the Marine Mammal Protection Act of 1972, 86 Stat. 1027, 16 U.S.C. 1361–1407; Pub. L. 92–522.

*Alaskan Native* means a person defined in the Alaska Native Claims Settlement Act (43 U.S.C. section 1603(b) (85 Stat. 588)) as a citizen of the United States who is of one-fourth degree or more Alaska Indian (including Tsimshian Indians enrolled or not enrolled in the Metlaktla Indian Community), Eskimo, or Aleut blood, or combination thereof. The term includes any Native, as so defined, either or both of whose adoptive parents are not Natives. It also includes, in the absence of proof of a minimum blood quantum, any citizen of the United States who is regarded as an Alaska Native by the Native village or town of which he claims to be a member and whose father or mother is (or, if deceased, was) regarded as Native by any Native village or Native town. Any citizen enrolled by the Secretary pursuant to

section 5 of the Alaska Native Claims Settlement Act shall be conclusively presumed to be an Alaskan Native for purposes of this part.

*Authentic native articles of handicrafts and clothing* means items made by an Indian, Aleut, or Eskimo that (a) are composed wholly or in some significant respect of natural materials and (b) are significantly altered from their natural form and are produced, decorated, or fashioned in the exercise of traditional native handicrafts without the use of pantographs, multiple carvers, or similar mass-copying devices. Improved methods of production utilizing modern implements such as sewing machines or modern techniques at a tannery registered pursuant to § 18.23(c) may be used so long as no large-scale mass-production industry results. Traditional native handicrafts include, but are not limited to, weaving, carving, stitching, sewing, lacing, beading, drawing, and painting. The formation of traditional native groups, such as cooperatives, is permitted so long as no large-scale mass production results.

*Commercial fishing operation* means the lawful harvesting of fish from the marine environment for profit as part of an on-going business enterprise. Such term shall not include sport fishing activities whether or not carried out by charter boat or otherwise, and whether or not the fish so caught are subsequently sold.

*Endangered species* means a species of marine mammal listed as “endangered” pursuant to the Endangered Species Act of 1973, 87 Stat. 884, Pub. L. 93–205 (see part 17 of this subchapter).

*Incidental catch* means the taking of a marine mammal (a) because it is directly interfering with commercial fishing operations, or (b) as a consequence of the steps used to secure the fish in connection with commercial fishing operations: *Provided, however*, That a marine mammal so taken must immediately be returned to the sea with a minimum of injury; and *Provided, further*, That the taking of a marine mammal which otherwise meets the requirements of this definition shall not be considered as incidental catch of that mammal if it is used subsequently to assist in commercial fishing operations.

**U.S. Fish and Wildlife Serv., Interior**

**§ 18.11**

*Marine mammal* means any specimen of the following species, whether alive or dead, and any part thereof, including but not limited to, any raw, dressed, or dyed fur or skin:

Scientific name	Common name	Date listed
<i>Ursus maritimus</i> .....	Polar bear .....	Dec. 21, 1972.
<i>Enhydra lutris</i> .....	Sea otter .....	Do.
<i>Odobenus rosmarus</i> .....	Walrus .....	Do.
<i>Dugong dugon</i> .....	Dugong .....	Do.
<i>Trichechus manatus</i> .....	West Indian manatee.	Do.
<i>Trichechus inunguis</i> .....	Amazonian manatee.	Do.
<i>Trichechus senegalensis</i> .....	West African manatee.	Do.
<i>Lutra felina</i> .....	Marine otter .....	Mar. 29, 1978.

NOTE: Common names given may be at variance with local usage.

*Native village or town* means any community, association, tribe, band, clan, or group.

*Pregnant* means pregnant near term.

*Subsistence* means the use by Alaskan Natives of marine mammals taken by Alaskan Natives for food, clothing, shelter, heating, transportation, and other uses necessary to maintain the life of the taker or for those who depend upon the taker to provide them with such subsistence.

*Take* means to harass, hunt, capture, collect, or kill, or attempt to harass, hunt, capture, collect, or kill any marine mammal, including, without limitation, any of the following: The collection of dead animals or parts thereof; the restraint or detention of a marine mammal, no matter how temporary; tagging a marine mammal; or the negligent or intentional operation of an aircraft or vessel, or the doing of any other negligent or intentional act which results in the disturbing or molesting of a marine mammal.

*Threatened species* means a species of marine mammal listed as "threatened" pursuant to the Endangered Species Act of 1973, 87 Stat. 884, Pub. L. 93-205.

*Wasteful manner* means any taking or method of taking which is likely to result in the killing or injuring of marine mammals beyond those needed for subsistence purposes or for the making of authentic native articles of handicrafts and clothing or which results in the waste of a substantial portion of the marine mammal and includes without limitation the employment of a method of taking which is not likely to as-

sure the capture or killing of a marine mammal, or which is not immediately followed by a reasonable effort to retrieve the marine mammal.

**§ 18.4 Information collection requirements.**

(a) The Office of Management and Budget under 44 U.S.C. 3501 *et seq.* has approved the information collection requirements contained in Subpart D and assigned clearance number 1018-0022. The Service is collecting this information to review and evaluate permit applications and make decisions according to criteria established in various Federal wildlife conservation statutes and regulations, on the issuance or denial of permits. The applicant must respond to obtain or retain a permit.

(b) The Service estimated the public reporting burden for this collection of information to vary from 15 minutes to 4 hours per response, with an average of 1.028 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden or any other aspect of this collection of information, including suggestions for reducing the burden, to the Service Information Collection Clearance Office, Fish and Wildlife, Service Office of Management and Budget, Mail Stop 224, Arlington Square, U.S. Department of the Interior, 1849 C Street, NW., Washington, DC 20240 and the Office of Management and Budget, Paperwork Reduction Project (1018-0022), Washington, DC 20503.

[62 FR 7329, Feb. 18, 1997]

**Subpart B—Prohibitions**

**§ 18.11 Prohibited taking.**

Except as otherwise provided in subpart C, D, or H of this part 18, or part 403, it is unlawful for:

(a) Any person, vessel, or conveyance subject to the jurisdiction of the United States to take any marine mammal on the high seas, or

## § 18.12

(b) Any person, vessel, or conveyance to take any marine mammal in waters or on lands under the jurisdiction of the United States.

[39 FR 7262, Feb. 25, 1974, as amended at 51 FR 17981, May 16, 1986]

### § 18.12 Prohibited importation.

(a) Except as otherwise provided in subparts C and D of this part 18, it is unlawful for any person to import any marine mammal or marine mammal product into the United States.

(b) Regardless of whether an importation is otherwise authorized pursuant to subparts C and D of this part 18, it is unlawful for any person to import into the United States any:

(1) Marine mammal: (i) Taken in violation of the Act, or

(ii) Taken in another country in violation of the laws of that country;

(2) Any marine mammal product if: (i) The importation into the United States of the marine mammal from which such product is made would be unlawful under paragraph (b)(1) of this section, or

(ii) The sale in commerce of such product in the country of origin of the product is illegal.

(c) Except in accordance with an exception referred to in subpart C and §§18.31 and 18.32 of this part, it is unlawful to import into the United States any:

(1) Marine mammal which was pregnant at the time of taking;

(2) Marine mammal which was nursing at the time of taking, or less than 8 months old, whichever occurs later;

(3) Specimen of an endangered or threatened species of marine mammals;

(4) Specimen taken from a depleted species or stock of marine mammals; or

(5) Marine mammal taken in an inhumane manner.

(d) It is unlawful to import into the United States any fish, whether fresh, frozen, or otherwise prepared, if such fish was caught in a manner proscribed by the Secretary of Commerce for persons subject to the jurisdiction of the United States, whether or not any marine mammals were in fact taken incident to the catching of the fish.

## 50 CFR Ch. I (10-1-06 Edition)

### § 18.13 Prohibited uses, possession, transportation, and sales.

Except as otherwise provided in the Act or these regulations, it is unlawful for:

(a) Any person to use any port, harbor, or other place under the jurisdiction of the United States for any purpose in any way connected with a prohibited taking or any unlawful importation of any marine mammal or marine mammal products;

(b) Any person to possess any marine mammal, or product therefrom, taken in violation of the Act or these regulations;

(c) Any person to transport, purchase, sell, or offer to purchase or sell any marine mammal or marine mammal product; or

(d) Any person subject to the jurisdiction of the United States to use in a commercial fishery, any means or method of fishing in contravention of regulations and limitations issued by the Secretary of Commerce for that fishery to achieve the purposes of this Act.

[39 FR 7262, Feb. 25, 1974, as amended at 51 FR 17981, May 16, 1986]

### § 18.14 Marine mammals taken before the Act.

(a) Section 102(e) of the Act provides in effect that the Act shall not apply to any marine mammal taken prior to December 21, 1972, or to any marine mammal product consisting of, or composed in whole or in part of, any marine mammal taken before such date. Such status may be established by submitting to the Director prior to, or at the time of importation, an affidavit containing the following:

(1) The Affiant's name and address;

(2) Identification of the Affiant;

(3) A description of the marine mammals or marine mammal products which the Affiant desires to import;

(4) A statement by the Affiant that to the best of his knowledge and belief, the marine mammals involved in the application were taken prior to December 21, 1972;

(5) A statement by the Affiant in the following language:

The foregoing is principally based on the attached exhibits which, to the best of my

knowledge and belief, are complete, true and correct. I understand that this affidavit is being submitted for the purpose of inducing the Federal Government to permit the importation of \_\_\_\_\_ under the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361-1407) and regulations promulgated thereunder, and that any false statements may subject me to the criminal penalties of 18 U.S.C. 1001.

(b) Either one of two exhibits shall be attached to such affidavit, and will contain either:

(1) Records or other available evidence showing that the product consists of or is composed in whole or in part of marine mammals taken prior to December 21, 1972. Such records or other evidentiary material must include information on how, when, where, and by whom the animals were taken, what processing has taken place since taking, and the date and location of such processing; or

(2) A statement from a government agency of the country of origin exercising jurisdiction over marine mammals that any and all such mammals from which the products sought to be imported were derived were taken prior to December 21, 1972.

(c) Service agents, or Customs officers, may refuse to clear marine mammals or marine mammal products for importation into the United States, pursuant to §14.53 of this subchapter, until the importer can demonstrate, by production of the affidavit referred in above or otherwise, that section 102(e) of the Act applies to all affected items.

(d) This section has no application to any marine mammal or marine mammal product intended to be imported pursuant to §18.21, §18.31 or §18.32 of this part.

### Subpart C—General Exceptions

#### § 18.21 Actions permitted by international treaty, convention, or agreement.

The Act and these regulations shall not apply to the extent that they are inconsistent with the provisions of any international treaty, convention or agreement, or any statute implementing the same, relating to the tak-

ing or importation of marine mammals or marine mammal products, which was existent and in force prior to December 21, 1972, and to which the United States was a party. Specifically, the regulations in subpart B of this part and the provisions of the Act shall not apply to activities carried out pursuant to the Interim Convention on the Conservation of North Pacific Fur Seals signed in Washington on February 9, 1957, and the Fur Seal Act of 1966, 16 U.S.C. 1151-1187, as, in each case, from time to time amended.

#### § 18.22 Taking by Federal, State or local government officials.

(a) A Federal, State or local government official or employee may take a marine mammal in the course of his duties as an official or employee and no permit shall be required, if such taking:

(1) Is accomplished in a humane manner;

(2) Is for the protection or welfare of such mammal or from the protection of the public health or welfare; and

(3) Includes steps designed to insure return of such mammal, if not killed in the course of such taking, to its natural habitat. In addition, any such official or employee may, incidental to such taking, possess and transport, but not sell or offer for sale, such mammal and use any port, harbor or other place under the jurisdiction of the United States. All steps reasonably practicable under the circumstances shall be taken by any such employee or official to prevent injury or death to the marine mammal as the result of such taking.

(b) Each taking permitted under this section should be included in a written report, to be submitted to the Director every six months, beginning December 31, 1973. Unless otherwise permitted by the Director, the report shall contain a description of:

(1) The animal involved;

(2) The circumstances requiring the taking;

(3) The method of taking;

(4) The name and official position of the State official or employee involved;

(5) The disposition of the animal, including in cases where the animal has

**§ 18.23**

**50 CFR Ch. I (10–1–06 Edition)**

been retained in captivity, a description of the place and means of confinement and the measures taken for its maintenance and care; and

(6) Such other information as the Director may require.

The reports shall be mailed to the Director, U.S. Fish and Wildlife Service, U.S. Department of the Interior, Washington, DC 20240.

**§ 18.23 Native exemptions.**

(a) *Taking.* Except as otherwise provided in part 403 of this title, any Indian, Aleut, or Eskimo who resides in Alaska and who dwells on the coast of the North Pacific Ocean or the Arctic Ocean may take any marine mammal without a permit, subject to the restrictions contained in this section, if such taking is:

(1) For subsistence purposes, or

(2) For purposes of creating and selling authentic native articles of handicraft and clothing, and

(3) In each case, not accomplished in a wasteful manner.

(b) *Restrictions.* (1) “Except for a transfer to a duly authorized representative of the Regional Director of the U.S. Fish and Wildlife Service for scientific research purposes, no marine mammal taken for subsistence may be sold or otherwise transferred to any person other than an Alaskan Native or delivered, carried, transported, or shipped in interstate or foreign commerce, unless:

(i) It is being sent by an Alaskan Native directly or through a registered agent to a tannery registered under paragraph (c) of this section for the purpose of processing, and will be returned directly or through a registered agent to the Alaskan Native; or

(ii) It is sold or transferred to a registered agent in Alaska for resale or transfer to an Alaskan Native; or

(iii) It is an edible portion and it is sold in an Alaskan Native village or town.

(2) “Except for a transfer to a duly authorized representative of the Regional Director of the U.S. Fish and Wildlife Service for scientific research purposes, no marine mammal taken for purposes of creating and selling au-

thentic Native articles of handicraft and clothing may be sold or otherwise transferred to any person other than an Indian, Aleut or Eskimo, or delivered, carried, transported or shipped in interstate or foreign commerce, unless:

(i) It is being sent by an Indian, Aleut or Eskimo directly or through a registered agent to a tannery registered under paragraph (c) of this section for the purpose of processing, and will be returned directly or through a registered agent to the Indian, Aleut or Eskimo; or

(ii) It is sold or transferred to a registered agent for resale or transfer to an Indian, Aleut, or Eskimo; or

(iii) It has been first transformed into an authentic Native article of handicraft or clothing; or

(iv) It is an edible portion and it is sold (A) in an Alaskan Native village or town or (B) to an Alaskan Native for his consumption.

(c) The restriction in paragraph (b) shall not apply to parts or products of the Pacific walrus (*Odobenus rosmarus*) to the extent that the waiver of the moratorium and the approved State/Federal regulations relating to the taking and importation of walrus permits the delivery, sale, transportation or shipment of parts or products of the Pacific walrus in interstate or foreign commerce.

(d) Any tannery, or person who wishes to act as an agent, within the jurisdiction of the United States may apply to the Director for registration as a tannery or an agent which may possess and process marine mammal products for Indians, Aleuts, or Eskimos. The application shall include the following information:

(1) The name and address of the applicant;

(2) A description of the applicant’s procedures for receiving, storing, processing, and shipping materials;

(3) A proposal for a system of book-keeping and/or inventory segregation by which the applicant could maintain accurate records of marine mammals received from Indians, Aleuts, or Eskimos, pursuant to this section;

(4) Such other information as the Director may request;

(5) A certification in the following language:

I hereby certify that the foregoing information is complete, true, and correct to the best of my knowledge and belief. I understand that this information is submitted for the purpose of obtaining the benefit of an exception under the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361-1407) and regulations promulgated thereunder, and that any false statement may subject me to the criminal penalties of 18 U.S.C. 1001.

(6) The signature of the applicant.

The sufficiency of the application shall be determined by the Director, and in that connection, he may waive any requirement for information, or require any elaboration or further information deemed necessary. The registration of a tannery or other agent shall be subject to the conditions as the Director prescribes, which may include, but are not limited to provisions regarding records, inventory segregation, reports, and inspection. The Director may charge a reasonable fee for such applications, including an appropriate apportionment of overhead and administrative expenses of the Department of Interior.

(e) Notwithstanding the preceding provisions of this section, whenever, under the Act, the Secretary determines any species or stock of marine mammals to be depleted, he may prescribe regulations pursuant to section 103 of the Act upon the taking of such marine mammals by any Indian, Aleut, or Eskimo and, after promulgation of such regulations, all takings of such marine mammals by such person shall conform to such regulations.

(f) *Marking, tagging, and reporting.* (1) In addition to definitions contained in the Act, 50 CFR 18.3, and 50 CFR 18.27, in this paragraph (f):

(i) The term "marking and tagging" of marine mammals as specified in section 109(i) of the Act refers to the actual physical attachment of an approved band or other such marking device or technique to the raw or unhandicrafted (including unmarked tanned skins) skin and skull of polar bears, the tusks of walruses, and the skin and skull of sea otters; and

(ii) The term "reporting" means the collection by Service personnel or the Service's authorized local representatives of biological data, harvest data, and other information regarding the effect of taking of marine mammals on

populations, the collection of which the Service determines to be necessary for management purposes. Reporting will be done on forms provided by the Service upon presentation for marking, tagging, and reporting purposes of the marine mammal(s) or specified raw or unhandicrafted parts thereof.

(2) Notwithstanding the preceding provisions of this section, but subject to the provisions and conditions contained in this paragraph, no polar bear, walrus, or sea otter, or any parts thereof, taken or collected by an Alaskan Native for subsistence purposes or for purposes of creating and selling authentic Native articles of handicrafts and clothing may be possessed, transported within, or exported from Alaska unless the animal(s), or specified parts thereof, have been reported to, and properly marked and tagged by, Service personnel or the Service's authorized local representative; except:

(i) An Alaskan Native that harvested or participated in the harvest of a polar bear, sea otter, or walrus and who possesses the animal, or any parts thereof, may possess the unmarked, untagged, and unreported animal(s), or parts thereof, for a period of time not to exceed 30 days from the time of taking for the purpose of transporting the specified parts to Service personnel or the Service's local authorized representative for marking, tagging, and reporting;

(ii) Alaskan Natives and registered agents/tanneries may possess the specified unmarked or untagged raw, unhandicrafted, or tanned parts thereof for a period of time not to exceed 180 days from the effective date of this rulemaking for the purpose of transporting to Service personnel or the Service's local authorized representative for marking and tagging if the specified parts thereof were taken or possessed between December 21, 1972, and the effective date of this regulation. There is no reporting requirement for marine mammals, or specified parts thereof, covered by this paragraph.

(3) Those unmarked, untagged, and unreported specified parts of polar bear, walrus, and sea otter, that must be presented to Service personnel or an authorized Service representative for

**§ 18.23**

**50 CFR Ch. I (10-1-06 Edition)**

marking, tagging, and reporting are as follows:

- (i) Polar bear—skin and skull.
- (ii) Walrus—tusks.
- (iii) Sea otter—skin and skull.

(4) The locations where Service personnel or the Service's authorized local representative will be available for marking, tagging, and reporting purposes will be announced annually by the Alaska Regional Director. Local persons authorized to act as representatives for marking, tagging, and reporting purposes in the absence of Service personnel will also be announced annually by the Alaska Regional Director.

(5) Marks and tags will be attached or applied to the skins, skulls, and tusks of the marine mammal(s) in such a manner as to maximize their longevity and minimize their adverse effects to the appearance of the specified parts that might result due to hindering the tanning or handicrafting of skins, or the handicrafting of tusks or skulls. If the tag or mark comes off of the specified part the person in possession of the part shall have 30 days to present the part and broken tag or other marking device to the Service or the Service's authorized local representative for remarking or retagging purposes.

(6) Marks and tags for skins, skulls, and tusks will be provided by the Service. They will be numbered for accountability and of such design, construction, and material so as to maximize their durability and longevity on the specified parts.

(7) Data collected pursuant to this paragraph will be reported on forms provided by the Service and maintained in the Service's Regional Office, Anchorage, Alaska. The Service will summarize the data annually and make it publicly available. The data will also be included in the Service's annual report to Congress as set forth in section 103(f) of the Act.

(8) All items of research (e.g., radio collars, satellite transmitters, tags, etc.) that were attached to animals taken by Alaskan Natives must be returned to Service personnel or an authorized Service representative at the time the animal, or specified unhandicrafted parts thereof, are pre-

sented for marking, tagging, and reporting. No penalty will be imposed under the Act for a violation of this paragraph. However, penalties may be sought by the Service under other applicable Federal laws governing the possession and use of Federal property.

(9) Pursuant to this paragraph (f), the following specific conditions and provisions apply:

(i) Marking, tagging, and reporting of polar bears or specified parts thereof.

(A) The skin and skull of an animal must accompany each other when presented for marking, tagging, and reporting except that the skin and skull of an animal need not be presented together for marking and tagging purposes if taken between December 21, 1972, and the effective date of this regulation.

(B) Except as provided in paragraph (f)(2)(ii) of this section, the following information must be reported by Alaskan Natives when presenting polar bears, or specified parts thereof, for marking and tagging: sex of animal, date of kill, and location of kill.

(C) Both the skin and the skull will be marked and tagged and a rudimentary pre-molar tooth may be removed from the skull and retained by the Service. The skin must have the sex identifiers, such as vaginal orifice, teats, or penal sheath or baculum, either attached to, or accompanying the skin.

(D) The skull must be skinned out and the skin may be frozen or unfrozen when presented for marking, tagging, and reporting. If the skin is frozen, the sex identifiers, such as vaginal orifice, teats, penal sheath or baculum, must be visible.

(E) Marks and tags must remain affixed to the skin through the tanning process and until the skin has been severed into parts for crafting into handicrafts or for as long as is practical during the handicrafting process.

(ii) Marking, tagging, and reporting of walrus or specified parts thereof.

(A) The paired tusks of the animal(s) must, to the maximum extent practical, accompany each other when presented for marking, tagging, and reporting purposes, except that paired tusks need not be presented together for marking and tagging purposes if

taken between December 21, 1972, and the effective date of this regulation.

(B) Except as provided in paragraph (f)(2)(ii) of this section, the following information must be reported by Alaskan Natives when presenting walrus, or specified parts thereof, for marking and tagging: date of take, sex of animal, whether live-killed, floating-dead, or beach-found, and location of the take or location of animal if found floating and dead or beach-found.

(C) Marks and/or tags must remain affixed to the tusks until they have been crafted into a handicraft or for as long as is practical during the handicrafting process.

(iii) Marking, tagging, and reporting of sea otter or specified parts thereof.

(A) The skin and skull of an animal must accompany each other when presented for marking, tagging, and reporting, except that the skin and skull of an animal need not be presented together if taken between December 21, 1972, and the effective date of this regulation.

(B) Except as provided in paragraph (f)(2)(ii) of this section, the following information must be reported by Alaskan Natives when presenting sea otters, or specified parts thereof, for marking and tagging: date of kill, sex of animal, and location of kill.

(C) Both the skin and skull will be marked and tagged and a rudimentary pre-molar tooth may be removed from the skull and retained by the Service. The skin must have the sex identifiers, such as vaginal orifice, teats, or penal sheath or baculum, either attached to, or accompanying the skin.

(D) The skull must be skinned out and the skin may be frozen or unfrozen when presented for marking, tagging, and reporting. If the skin is frozen, the sex identifiers, such as vaginal orifice, teats, or penal sheath or baculum, must be visible.

(E) Marks and tags must remain affixed to the skin through the tanning process and until the skin has been severed into parts for crafting into handicrafts or for as long as is practical during the handicrafting process.

(10) No person may falsify any information required to be set forth on the reporting form when the marine mammal(s), or specified parts thereof, are

presented as required by these regulations.

(11) Possession by any person of marine mammal(s), or any parts thereof, in violation of the provisions and conditions of this §18.23(f) is subject to punishment under the penalties provided for in section 105(a)(1) of the Act.

(12) The information collection requirements contained in this §18.23(f) have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1018-0066. The information is mandatory in order to have the marine mammal parts "marked and tagged," and thereby made eligible for continued lawful possession. Non-response may result in the Service determining the wildlife to be illegally possessed and subject the individual to penalties under this title.

#### **§18.24 Taking incidental to commercial fishing operations.**

Persons may take marine mammals incidental to commercial fishing operations until October 21, 1974: *Provided*, That such taking is by means of equipment and techniques prescribed in regulations issued by the Secretary of Commerce. However, any marine mammal taken as an incidental catch may not be retained. It shall be the immediate goal that the incidental kill or incidental serious injury of marine mammals permitted in the course of commercial fishing operations be reduced to insignificant levels approaching a zero mortality and serious injury rate.

#### **§18.25 Exempted marine mammals or marine mammal products.**

(a) The provisions of the Act and these regulations shall not apply:

(1) To any marine mammal taken before December 21, 1972, or

(2) To any marine mammal product if the marine mammal portion of such product consists solely of a marine mammal taken before such date.

(b) The prohibitions contained in §18.12(c) (3) and (4) shall not apply to marine mammals or marine mammal

## § 18.26

products imported into the United States before the date on which notice is published in the FEDERAL REGISTER of the proposed rulemaking with respect to the designation of the species of stock concerned as depleted or endangered:

(c) Section 18.12(b) shall not apply to articles imported into the United States before the effective date of the foreign law making the taking or sale, as the case may be, of such marine mammals or marine mammal products unlawful.

### § 18.26 Collection of certain dead marine mammal parts.

(a) Any bones, teeth or ivory of any dead marine mammal may be collected from a beach or from land within ¼ of a mile of the ocean. The term "ocean" includes bays and estuaries.

(b) Marine mammal parts so collected may be retained if registered within 30 days with an agent of the National Marine Fisheries Service, or an agent of the U.S. Fish and Wildlife Service.

(c) Registration shall include (1) the name of the owner, (2) a description of the article to be registered and (3) the date and location of collection.

(d) Title to any marine mammal parts collected under this section is not transferable, unless consented to in writing by the agent referred to in paragraph (b) of this section.

### § 18.27 Regulations governing small takes of marine mammals incidental to specified activities.

(a) *Purpose of regulations.* The regulations in this section implement Section 101(a)(5) of the Marine Mammal Protection Act of 1972, as amended, 16 U.S.C. 1371(a)(5), which provides a mechanism for allowing, upon request, during periods of not more than five consecutive years each, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region.

(b) *Scope of regulations.* The taking of small numbers of marine mammals under section 101(a)(5) of the Marine

## 50 CFR Ch. I (10–1–06 Edition)

Mammal Protection Act may be allowed only if the Director of the Fish and Wildlife Service (1) finds, based on the best scientific evidence available, that the total taking during the specified time period will have a negligible impact on the species or stock and will not have an unmitigable adverse impact on the availability of the species or stock for subsistence uses; (2) prescribes regulations setting forth permissible methods of taking and other means of effecting the least practicable adverse impact on the species and its habitat and on the availability of the species for subsistence uses, paying particular attention to rookeries, mating grounds, and areas of similar significance; and (3) prescribes regulations pertaining to the monitoring and reporting of such taking.

NOTE: The information collection requirement contained in this §18.27 has been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance No. 1018-0070. The information is being collected to describe the activity proposed and estimate the cumulative impacts of potential takings by all persons conducting the activity. The information will be used to evaluate the application and determine whether to issue Specific Regulations and, subsequently, Letters of Authorization. Response is required to obtain a benefit.

The public reporting burden from this requirement is estimated to vary from 2 to 200 hours per response with an average of 10 hours per response including time for reviewing instructions, gathering and maintaining data, and completing and reviewing applications for specific regulations and Letters of Authorization. Direct comments regarding the burden estimate or any other aspect of this requirement to the Information Collection Clearance Officer, U.S. Fish and Wildlife Service, Department of the Interior, Mail Stop—220 ARLSQ, 18th and C Streets NW., Washington, DC 20240, and the Office of Management and Budget, Paperwork Reduction Project (Clearance No. 1018-0070), Washington, DC 20503.

(c) *Definitions.* In addition to definitions contained in the Act and in 50 CFR 18.3 and unless the context otherwise requires, in this section:

*Citizens of the United States* and *U.S. citizens* mean individual U.S. citizens or any corporation or similar entity if it is organized under the laws of the United States or any governmental unit defined in 16 U.S.C. 1362(13). *U.S. Federal, State and local government*

agencies shall also constitute citizens of the United States for purposes of this section.

*Incidental, but not intentional, taking* means takings which are infrequent, unavoidable, or accidental. It does not mean that the taking must be unexpected. (Complete definition of take is contained in 50 CFR 18.3.)

*Negligible impact* is an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

*Small numbers* means a portion of a marine mammal species or stock whose taking would have a negligible impact on that species or stock.

*Specified activity* means any activity, other than commercial fishing, which takes place in a specified geographical region and potentially involves the taking of small numbers of marine mammals. The specified activity and specified geographical region should be identified so that the anticipated effects on marine mammals will be substantially similar.

*Specified geographical region* means an area within which a specified activity is conducted and which has similar biogeographic characteristics.

*Unmitigable adverse impact* means an impact resulting from the specified activity (1) that is likely to reduce the availability of the species to a level insufficient for a harvest to meet subsistence needs by (i) causing the marine mammals to abandon or avoid hunting areas, (ii) directly displacing subsistence users, or (iii) placing physical barriers between the marine mammals and the subsistence hunters; and (2) that cannot be sufficiently mitigated by other measures to increase the availability of marine mammals to allow subsistence needs to be met.

(d) *Submission of requests.* (1) In order for the Fish and Wildlife Service to consider allowing the taking by U.S. citizens of small numbers of marine mammals incidental to a specified activity, a written request must be submitted to the Director, U.S. Fish and Wildlife Service, Department of the Interior, Washington, DC 20240. Requests shall include the following information

on the activity as a whole, which includes, but is not limited to, an assessment of total impacts by all persons conducting the activity:

(i) A description of the specific activity or class of activities that can be expected to result in incidental taking of marine mammals;

(ii) The dates and duration of such activity and the specific geographical region where it will occur;

(iii) Based upon the best available scientific information;

(A) An estimate of the species and numbers of marine mammals likely to be taken by age, sex, and reproductive conditions, and the type of taking (e.g., disturbance by sound, injury or death resulting from collision, etc.) and the number of times such taking is likely to occur;

(B) A description of the status, distribution, and seasonal distribution (when applicable) of the affected species or stocks likely to be affected by such activities;

(C) The anticipated impact of the activity upon the species or stocks;

(D) The anticipated impact of the activity on the availability of the species or stocks for subsistence uses;

(iv) The anticipated impact of the activity upon the habitat of the marine mammal populations and the likelihood of restoration of the affected habitat;

(v) The anticipated impact of the loss or modification of the habitat on the marine mammal population involved;

(vi) The availability and feasibility (economic and technological) of equipment, methods, and manner of conducting such activity or other means of effecting the least practicable adverse impact upon the affected species or stocks, their habitat, and, where relevant, on their availability for subsistence uses, paying particular attention to rookeries, mating grounds, and areas of similar significance. (The applicant and those conducting the specified activity and the affected subsistence users are encouraged to develop mutually agreeable mitigating measures that will meet the needs of subsistence users.);

(vii) Suggested means of accomplishing the necessary monitoring and reporting which will result in increased

knowledge of the species through an analysis of the level of taking or impacts and suggested means of minimizing burdens by coordinating such reporting requirements with other schemes already applicable to persons conducting such activity; and

(viii) Suggested means of learning of, encouraging, and coordinating research opportunities, plans and activities relating to reducing such incidental taking from such specified activities, and evaluating its effects.

(2) The Director shall determine the adequacy and completeness of a request, and if found to be adequate, will invite information, suggestions, and comments on the preliminary finding of negligible impact and on the proposed specific regulations through notice in the FEDERAL REGISTER, newspapers of general circulation, and appropriate electronic media in the coastal areas that may be affected by such activity. All information and suggestions will be considered by the Fish and Wildlife Service in developing final findings and effective specific regulations.

(3) The Director shall evaluate each request to determine, based on the best available scientific evidence, whether the total taking will have a negligible impact on the species or stock and, where appropriate, will not have an unmitigable adverse impact on the availability of such species or stock for subsistence uses. If the Director finds that mitigating measures would render the impact of the specified activity negligible when it would not otherwise satisfy that requirement, the Director may make a finding of negligible impact subject to such mitigating measures being successfully implemented. Any preliminary findings of “negligible impact” and “no unmitigable adverse impact” shall be proposed for public comment along with the proposed specific regulations.

(4) If the Director cannot make a finding that the total taking will have a negligible impact in the species or stock or will not have an unmitigable adverse impact on the availability of such species or stock for subsistence uses, the Director shall publish in the FEDERAL REGISTER the negative finding

along with the basis for denying the request.

(e) *Specific regulations.* (1) Specific regulations will be established for each allowed activity which set forth (i) permissible methods of taking, (ii) means of effecting the least practicable adverse impact on the species and its habitat and on the availability of the species for subsistence uses, and (iii) requirements for monitoring and reporting.

(2) Regulations will be established based on the best available scientific information. As new information is developed, through monitoring, reporting, or research, the regulations may be modified, in whole or part, after notice and opportunity for public review.

(f) *Letters of Authorization.* (1) A Letter of Authorization, which may be issued only to U.S. citizens, is required to conduct activities pursuant to any specific regulations established. Requests for Letters of Authorization shall be submitted to the Director, U.S. Fish and Wildlife Service, Department of the Interior, Washington, DC 20240. The information to be submitted in a request may be obtained by writing the Director. Once specific regulations are effective, the Service will to the maximum extent possible, process subsequent applications for Letters of Authorization within 30 days after receipt of the application by the Service.

(2) Issuance of a Letter of Authorization will be based on a determination that the level of taking will be consistent with the findings made for the total taking allowable under the specific regulations.

(3) Notice of issuance of all Letters of Authorization will be published in the FEDERAL REGISTER within 30 days of issuance.

(4) Letters of Authorization will specify the period of validity and any additional terms and conditions appropriate for the specific request.

(5) Letters of Authorization shall be withdrawn or suspended, either on an individual or class basis, as appropriate, if, after notice and opportunity for public comment, the Director determines: (i) The regulations prescribed are not being substantially complied with, or (ii) the taking allowed is having, or may have, more

than a negligible impact on the species or stock, or where relevant, an unmitigable adverse impact on the availability of the species or stock for subsistence uses.

(6) The requirement for notice and opportunity for public review in paragraph (f)(5) of this section shall not apply if the Director determines that an emergency exists which poses a significant risk to the well-being of the species or stocks of marine mammals concerned.

(7) A violation of any of the terms and conditions of a Letter of Authorization or of the specific regulations may subject the Holder and/or any individual who is operating under the authority of the Holder's Letter of Authorization to penalties provided in the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361-1407).

### Subpart D—Special Exceptions

#### § 18.30 Polar bear sport-hunted trophy import permits.

(a) *Application procedure.* You, as the hunter or heir of the hunter's estate, must submit an application for a permit to import a trophy of a polar bear taken in Canada to the U.S. Fish and Wildlife Service, Office of Management Authority, 4401 N. Fairfax Drive, Arlington, Virginia 22203. You must use an official application (Form 3-200) provided by the Service and must include as an attachment all of the following additional information:

(1) Certification that:

(i) You or the deceased hunter took the polar bear as a personal sport-hunted trophy;

(ii) You will use the trophy only for personal display purposes;

(iii) The polar bear was not a pregnant female, a female with dependent nursing cub(s) or a nursing cub (such as in a family group), or a bear in a den or constructing a den when you took it; and

(iv) For a polar bear taken after April 30, 1994, you made sure the gall bladder and its contents were destroyed;

(2) Name and address of the person in the United States receiving the polar bear trophy if other than yourself;

(3) For a polar bear received as an inheritance, documentation to show that you are the legal heir of the decedent who took the trophy;

(4) Proof that you or the decedent legally harvested the polar bear in Canada as shown by one of the following:

(i) A copy of the Northwest Territories (NWT) or Nunavut Territory hunting license and tag number;

(ii) A copy of the Canadian CITES export permit that identifies the polar bear by hunting license and tag number;

(iii) A copy of the NWT or Nunavut Territory export permit; or

(iv) A certification from the Department of Resources, Wildlife, and Economic Development, Northwest Territories, or the Department of Sustainable Development, Nunavut Territory, that you or the decedent legally harvested the polar bear, giving the tag number, location (settlement and population), and season you or the decedent took the bear;

(5) An itemized description of the polar bear parts you wish to import, including size and the sex of the polar bear;

(6) The month and year the polar bear was sport hunted;

(7) The location (nearest settlement or community) where the bear was sport hunted;

(8) For a female bear or a bear of unknown sex that was taken before January 1, 1986, documentary evidence that the bear was not pregnant at the time of take, including, but not limited to, documentation, such as a hunting license or travel itinerary, that shows the bear was not taken in October, November, or December or that shows that the location of the hunt did not include an area that supported maternity dens; and

(9) For a female bear, bear of unknown sex, or male bear that is less than 6 feet in length (from tip of nose to the base of the tail) that was taken prior to the 1996/97 NWT polar bear harvest season, available documentation to show that the bear was not nursing, including, but not limited to, documentation, such as a certification from

### § 18.30

### 50 CFR Ch. I (10–1–06 Edition)

the NWT, that the bear was not taken while part of a family group.

(b) *Definitions.* In addition to the definitions in this paragraph, the definitions in 50 CFR 10.12, 18.3, and 23.3 apply to this section.

(1) *Sport-hunted trophy* means a mount, rug or other display item composed of the hide, hair, skull, teeth, baculum, bones, and claws of the specimen which was taken by the applicant or decedent during a sport hunt for personal, noncommercial use and does not include any internal organ of the animal, including the gall bladder. Articles made from the specimen, such as finished or unfinished, worked, manufactured, or handicraft items for use as clothing, curio, ornamentation, jewelry, or as a utilitarian item are not considered trophy items.

(2) *Management agreement* means a written agreement between parties that share management responsibilities for a polar bear population which describes what portion of the harvestable quota will be allocated to each party and other measures which may be taken for the conservation of the population, such as harvest seasons, sex ratio of the harvest, and protection of females and cubs.

(c) *Procedures for issuance of permits and modification, suspension or revocation of permits.* We, the Service, shall suspend, modify or revoke permits issued under this section:

(1) In accordance with regulations contained in §18.33; and

(2) If, in consultation with the appropriate authority in Canada, we determine that the sustainability of Canada's polar bear populations is being adversely affected or that sport hunting may be having a detrimental effect on maintaining polar bear populations throughout their range.

(d) *Issuance criteria.* In deciding whether to issue an import permit for a sport-hunted trophy, we must determine in addition to the general criteria in part 13 of this subchapter whether:

(1) You previously imported the specimen into the United States without a permit;

(2) The specimen meets the definition of a sport-hunted trophy in paragraph (b) of this section;

(3) You legally harvested the polar bear in Canada;

(4) Canada has a monitored and enforced sport-hunting program consistent with the purposes of the 1973 International Agreement on the Conservation of Polar Bears;

(5) Canada has a sport-hunting program, based on scientifically sound quotas, ensuring the maintenance of the affected population at a sustainable level; and

(6) The export and subsequent import:

(i) Are consistent with the provisions of the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) and other international agreements and conventions; and

(ii) Are not likely to contribute to illegal trade in bear parts, including for bears taken after April 30, 1994, that the gall bladder and its contents were destroyed.

(e) *Additional permit conditions.* Your permit to import a sport-hunted trophy of a polar bear taken in Canada is subject to the permit conditions outlined in §18.31(d) and the following additional permit conditions:

(1) You, the permittee, may not import internal organs of the polar bear, including the gall bladder;

(2) After import you may not alter or use the trophy in a manner inconsistent with the definition of a sport-hunted polar bear trophy as given in §18.30(b);

(3) You may not import a sport-hunted trophy if the polar bear at the time you or the decedent took it was:

(i) A nursing bear or a female with nursing young (i.e., part of a family group);

(ii) A pregnant female; or

(iii) A bear moving into a den or in a den;

(4) You must present to Service personnel at the time of import a valid CITES document from the country of export or re-export;

(5) You must comply with the following import procedures:

(i) Import the sport-hunted trophy through a designated port for wildlife imports (see §14.12 of this subchapter) during regular business hours, except for full mount trophies that have been

granted an exception to designated port permit requirements under §14.32 of this subchapter;

(ii) Not send the trophy through the international mail; and

(iii) Notify Service personnel at the port at least 48 hours before the import (see §14.54 of this subchapter) and make arrangements for Service personnel to affix a tag in accordance with paragraph (e)(7) of this section prior to being cleared (see §14.52 of this subchapter);

(6) You must import all parts of a single trophy at the same time;

(7) The following tagging/marking procedures apply:

(i) Service personnel must affix a permanently locking tag that contains a unique serial number and the common name "polar bear" to the hide which must remain fixed indefinitely to the hide as proof of legal import; and

(ii) Service personnel must permanently mark upon import the parts of the trophy other than the hide, such as the skull and bones, with the hide tag number; and

(8) If the tag comes off the hide, you must within 30 days:

(i) Contact the nearest Service office at a designated port or a Law Enforcement office as given in §10.22 of this subchapter to schedule a time to present the trophy for retagging;

(ii) Provide as proof that the trophy had been tagged and legally imported a copy of the:

(A) Canceled CITES export permit or re-export certificate;

(B) Canceled U.S. import permit issued under this section; or

(C) Cleared wildlife declaration form (3-177); and

(iii) Present either the broken tag, or if the tag was lost, a signed written explanation of how and when the tag was lost.

(f) *Duration of permits.* The permit will be valid for no more than one year from the date of issuance.

(g) *Fees.* (1) You must pay the standard permit processing fee as given in §13.11(4) when filing an application.

(2) You must pay the issuance fee of \$1,000 when we notify you the application is approved. We cannot issue an import permit until you pay this fee. We will use the issuance fee to develop

and implement cooperative research and management programs for the conservation of polar bears in Alaska and Russia under section 113(d) of the Marine Mammal Protection Act.

(h) *Scientific review.* (1) We will undertake a scientific review of the impact of permits issued under this section on the polar bear populations in Canada within 2 years of March 20, 1997.

(i) The review will provide an opportunity for public comment and include a response to the public comment in the final report; and

(ii) We will not issue permits under this section if we determine, based upon scientific review, that the issuance of permits under this section is having a significant adverse impact on the polar bear populations in Canada; and

(2) After the initial review, we may review whether the issuance of permits under this section is having a significant adverse impact on the polar bear populations in Canada annually in light of the best scientific information available. The review must be completed no later than January 31 in any year a review is undertaken.

(i) *Findings.* Polar bear sport-hunted trophies may only be imported after issuance of an import permit, and in accordance with the following findings and conditions:

(1) We have determined that the Northwest Territories and Nunavut Territory, Canada, have a monitored and enforced sport-hunting program that meets issuance criteria of paragraphs (d) (4) and (5) of this section for the following populations: Southern Beaufort Sea, Northern Beaufort Sea, Viscount Melville Sound (subject to the lifting of the moratorium in this population), Western Hudson Bay, M'Clintock Channel (only for polar bears lawfully taken on or before May 31, 2000), Lancaster Sound, and Norwegian Bay, and that:

(i) For the Southern Beaufort Sea population, no bears are taken west of the equidistant line of the Beaufort Sea;

(ii) For all populations, females with cubs, cubs, or polar bears moving into denning areas or already in dens are protected from taking by hunting activities; and

## § 18.31

(iii) For all populations, management agreements among all management entities with scientifically sound quotas are in place; and

(2) Any sport-hunted trophy taken in the Northwest Territories, Canada, between December 21, 1972, and April 30, 1994, may be issued an import permit when:

(i) From an approved population listed in paragraph (i)(1); and

(ii) The issuance criteria of paragraph (d) (1), (2), (3), and (6) of this section are met.

### **§ 18.31 Scientific research permits and public display permits.**

The Director may, upon receipt of an application and in accordance with the issuance criteria of this section, issue a permit authorizing the taking and importation of marine mammals for scientific research purposes or for public display.

(a) *Application procedure.* Applications for permits to take and import marine mammals for scientific research purposes or for public display shall be submitted to the Director. Each such application must contain the general information and certification required by § 13.12(a) of this subchapter plus the following additional information:

(1) A statement of the purpose, date, location and manner of the taking or importation;

(2) A description of the marine mammal or the marine mammal products to be taken or imported, including the species or subspecies involved; the population stock, when known, the number of specimens or products (or the weight thereof, where appropriate); and the anticipated age, size, sex, and condition (i.e., whether pregnant or nursing) of the animals involved;

(3) If the marine mammal is to be taken and transported alive, a complete description of the manner of transportation, care and maintenance, including the type, size, and construction of the container or artificial environment; arrangements for feeding and sanitation; a statement of the applicant's qualifications and previous experience

## 50 CFR Ch. I (10–1–06 Edition)

in caring for and handling captive marine mammals and a like statement as to the qualifications of any common carrier or agent to be employed to transport the animal; and a written certification of a licensed veterinarian knowledgeable in the field of marine mammals that he has personally reviewed the arrangements for transporting and maintaining the animals and that in his opinion they are adequate to provide for the well-being of the animal;

(4) If the application is for a scientific research permit, a detailed description of the scientific research project or program in which the marine mammal or marine mammal product is to be used including a copy of the research proposal relating to such program or project and the names and addresses of the sponsor or cooperating institution and the scientists involved;

(5) If the application is for a scientific research permit, and if the marine mammal proposed to be taken or imported is listed as an endangered or threatened species or has been designated by the Secretary as depleted, a detailed justification of the need for such a marine mammal, including a discussion of possible alternatives, whether or not under the control of the applicant; and

(6) If the application is for a public display permit, a detailed description of the proposed use to which the marine mammal or marine mammal product is to be put, including the manner, location, and times of display, whether such display is for profit, an estimate of the numbers and types of persons who it is anticipated will benefit for such display, and whether and to what extent the display is connected with educational or scientific programs. There shall also be included a complete description of the enterprise seeking the display permit and its educational, and scientific qualifications, if any.

(b) *Review by Marine Mammal Commission.* Upon receipt of an application the Director shall forward the application to the Marine Mammal Commission together with a request for the recommendations of the Commission and the Committee of Scientific Advisors on Marine Mammals. In order to comply with the time limits provided in

these regulations, the Director shall request that such recommendation be submitted within 30 days of receipt of the application by the Commission. If the Commission or the Committee, as the case may be, does not respond within 30 days from the receipt of such application by the Commission, the Director shall advise the Commission in writing that failure to respond within 45 days from original receipt of the application (or such longer time as the Director may establish) shall be considered as a recommendation from the Commission and the Committee that the permit be issued. The Director may also consult with any other person, institution or agency concerning the application.

(c) *Issuance criteria.* Permits applied for under this section shall be issued, suspended, modified and revoked pursuant to regulations contained in §18.33. In determining whether to issue a scientific research permit, the Director shall consider whether the proposed taking or importation will be consistent with the policies and purposes of the Act; and whether the granting of the permit is required to further a bona fide and necessary or desirable scientific purpose, taking into account the benefits anticipated to be derived from the scientific research contemplated and the effect of the proposed taking or importation on the population stock and the marine ecosystem. In determining whether to issue a public display permit, the Director shall consider whether the proposed taking or importation will be consistent with the policies and purposes of the Act; whether a substantial public benefit will be gained from the display contemplated, taking into account the manner of the display and the anticipated audience on the one hand, and the effect of the proposed taking or importation on the population stocks of the marine mammal in question and the marine ecosystem on the other; and the applicant's qualifications for the proper care and maintenance of the marine mammal or the marine mammal product, and the adequacy of his facilities.

(d) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B,

permits issued under this section shall be subject to the following conditions:

(1) Any permit issued under these regulations must be in the possession of the person to whom it is issued (or an agent of such person) during:

(i) The time of the authorized taking or importation;

(ii) The period of any transit of such person or agent which is incidental to such taking or importation; and

(iii) Any other time while any marine mammal taken or imported under such permit is in the possession of such person or agent.

(2) A duplicate copy of the issued permit must be physically attached to the container, package, enclosure, or other means of containment, in which the marine mammal is placed for purposes of storage, transit, supervision, or care.

(e) *Tenure of permits.* The tenure of permits for scientific research or public display shall be designated on the face of the permit.

#### § 18.32 Waiver of the moratorium.

See subpart F (Waiver of the moratorium; State laws and regulations) and subpart G (Notice and Hearing on section 103 Regulations) for procedures regarding waivers of the moratorium in those circumstances where a state provides an acceptable management program for a species or population stock within its jurisdiction.

[40 FR 59442, Dec. 24, 1975]

#### § 18.33 Procedures for issuance of permits and modification, suspension, or revocation thereof.

(a) Whenever application for a permit is received by the director which the director deems sufficient, he shall, as soon as practicable, publish a notice thereof in the FEDERAL REGISTER. Such notice shall set forth a summary of the information contained in such application. Any interested party may, within 30 days after the date of publication of such notice, submit to the director his written data or views with respect to the taking or importation proposed in such application and may request a hearing in connection with the action to be taken thereon.

(b) If the request for a hearing is made within the 30-day period referred to in paragraph (a) of this section, or if

## § 18.70

the director determines that a hearing would otherwise be advisable, the director may, within 60 days after the date of publication of the notice referred to in paragraph (a) of this section, afford to such requesting party or parties an opportunity for a hearing. Such hearing shall also be open to participation by any interested members of the public. Notice of the date, time, and place of such hearing shall be published in the FEDERAL REGISTER not less than 15 days in advance of such hearing. Any interested person may appear in person or through representatives at the hearing and may submit any relevant material, data, views, comments, arguments, or exhibits. A summary record of the hearing shall be kept.

(c) As soon as practicable but not later than 30 days after the close of the hearing (or if no hearing is held, as soon as practicable after the end of the 30 days succeeding publication of the notice referred to in paragraph (a) of this section the director shall issue or deny issuance of the permit. Notice of the decision of the director shall be published in the FEDERAL REGISTER within 10 days after the date of such issuance or denial. Such notice shall include the date of the issuance or denial and indicate where copies of the permit, if issued, may be obtained.

(d) Any permit shall be subject to modification, suspension, or revocation by the director in whole or in part in accordance with these regulations and the terms of such permits. The permittee shall be given written notice by registered mail, return receipt requested, of any proposed modification, suspension, or revocation. Such notice shall specify:

(1) The action proposed to be taken along with a summary of the reasons therefor;

(2) In accordance with 5 U.S.C. 558, the steps which the permittee may take to demonstrate or achieve compliance with all lawful requirements; and

(3) That the permittee is entitled to a hearing thereon if a written request for such a hearing is received by the Director within 10 days after receipt of the aforesaid notice or such other later date as may be specified in the notice to the permittee. The time and place of

## 50 CFR Ch. I (10–1–06 Edition)

the hearing, if requested by the permittee, shall be determined by the director and a written notice thereof given to the permittee by registered mail, return receipt requested, not less than 15 days prior to the date of hearing specified. The director may, in his discretion, allow participation at the hearing by interested members of the public. The permittee and other parties participating may submit all relevant material, data, views, comments, arguments, and exhibits at the hearing. A summary record shall be kept of any such hearing.

(e) The Director shall make a decision regarding the proposed modification, suspension, or revocation, as soon as practicable after the close of the hearing, or if no hearing is held, as soon as practicable after the close of the 10 day period during which a hearing could have been requested. Notice of the modification, suspension, or revocation shall be published in the FEDERAL REGISTER within 10 days from the date of the Director's decision. In no event shall the proposed action take effect until notice of the Director's decision is published in the FEDERAL REGISTER.

### Subpart E—Depleted Species or Stocks [Reserved]

### Subpart F—Transfer of Management Authority to States

NOTE: Regulations governing the transfer of management authority to States pursuant to section 109 of the Marine Mammal Protection Act for marine mammal species under the jurisdiction of the Secretary of the Interior are found at part 403 of this title.

### Subpart G—Notice and Hearing on Section 103 Regulations

SOURCE: 41 FR 5396, Feb. 6, 1976, unless otherwise noted.

## § 18.70 Basis and purpose.

(a) Sections 101(a)(2), 101(a)(3)(A), and 101(b) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1371(a)(2), 1371(a)(3)(A), and 1371(b)) and these regulations authorize the Director, U.S.

Fish and Wildlife Service, to: (1) Impose regulations governing the taking of marine mammals incidental to commercial fishing operations; (2) waive the moratorium and adopt regulations with respect to the taking and importing of animals from each species of marine mammals under his jurisdiction; and (3) prescribe regulations governing the taking of depleted marine mammals by any Indian, Aleut or Eskimo, respectively. In prescribing regulations to carry out the provisions of said sections, the act refers the Director to section 103 (16 U.S.C. 1373). In accordance with section 103(d), regulations must be made on the record after opportunity for an agency hearing on such regulations and, in the case of a waiver, on the determination by the Director to waive the moratorium pursuant to section 101(a)(3)(A) (16 U.S.C. 1371(a)(3)(A)).

(b) [Reserved]

#### § 18.71 Definitions.

Definitions shall be the same as in subpart A of this part except as follows:

(a) *Party* means for the purposes of this subpart:

(1) The Director or his representative; or

(2) A person who has notified the Director by specified dates of his or her intent to participate in the hearing pursuant to §§ 18.75 and 18.84(b).

(b) *Presiding officer* means, for the purposes of this subpart, an administrative law judge of the Office of Hearings and Appeals appointed in accordance with 5 U.S.C. 3105.

(c) *Witness* means, for the purposes of this subpart, any person who provides direct testimony on the proposed regulations and waiver. A person may be both a party and a witness.

#### § 18.72 Scope of regulations.

The procedural regulations in this subpart govern the practice and procedure in hearings held under section 103(d) of the Act. These hearings will be governed by the provisions of sections 556 and 557 of the Administrative Procedure Act (5 U.S.C. 556 and 557). The regulations shall be construed to secure the just, speedy, and inexpensive determination of all issues raised with

respect to any waiver and/or regulation proposed pursuant to section 103(d) of the act in a manner which gives full protection to the rights of all persons affected thereby.

#### § 18.73 Burden of proof.

The proponents of the proposed regulations and waiver must demonstrate that any taking or importation of any marine mammal under such proposed regulations and waiver would be consistent with the act.

#### § 18.74 Notice of hearing.

(a) A notice of hearing on any proposed regulations shall be published in the FEDERAL REGISTER, together with the Director's proposed determination to waive the moratorium pursuant to section 101(a)(3)(A) (16 U.S.C. 1371(a)(3)(A)), where applicable.

(b) The notice shall state:

(1) The nature of the hearing;

(2) The place and date of the hearing. The date shall not be less than 60 days after publication of notice of the hearing;

(3) The legal authority under which the hearing is to be held;

(4) The proposed regulations and waiver, where applicable, and a summary of the statements required by section 103(d) of the Act (16 U.S.C. 1373(d));

(5) Issues of fact which may be involved in the hearing;

(6) If an Environmental Impact Statement is required, the date of publication of the Statement and the times and place(s) where the Statement and comments thereon may be viewed and copied;

(7) Any written advice received from the Marine Mammal Commission;

(8) The times and place(s) where records and submitted direct testimony will be kept for public inspection, along with appropriate references to any other documents;

(9) The final date for filing with the Director a notice of intent to participate in the hearing pursuant to § 18.75;

(10) The final date for submission of direct testimony on the proposed regulations and waiver, if applicable, and the number of copies required;

## § 18.75

(11) The docket number assigned to the case which shall be used in all subsequent proceedings; and

(12) The place and date of the prehearing conference.

### § 18.75 Notification by interested persons.

Any person desiring to participate as a party shall notify the Director, by certified mail, on or before the date specified in the notice of hearing.

### § 18.76 Presiding officer.

(a) Upon publication of the notice of hearing pursuant to § 18.74, the Office of Hearings and Appeals shall appoint a presiding officer pursuant to 5 U.S.C. 3105. No individual who has any conflict of interest, financial or otherwise, shall serve as presiding officer in such proceeding.

(b) The presiding officer, in any proceeding under this subpart, shall have power to:

(1) Change the time and place of the hearing and adjourn the hearing;

(2) Evaluate direct testimony submitted pursuant to these regulations, make a preliminary determination of the issues, conduct a prehearing conference to determine the issues for the hearing agenda, and cause to be published in the FEDERAL REGISTER a final hearing agenda;

(3) Rule upon motions, requests and admissibility of direct testimony;

(4) Administer oaths and affirmations, question witnesses and direct witnesses to testify;

(5) Modify or waive any rule (after notice) when determining no party will be prejudiced;

(6) Receive written comments and hear oral arguments;

(7) Render a recommended decision; and

(8) Do all acts and take all measures, including regulation of media coverage, for the maintenance of order at and the efficient conduct of the proceeding.

(c) In case of the absence of the original presiding officer or his inability to act, the powers and duties to be performed by the original presiding officer under this part in connection with a proceeding may, without abatement of the proceeding, be assigned to any

## 50 CFR Ch. I (10-1-06 Edition)

other presiding officer by the Office of Hearings and Appeals unless otherwise ordered by the Director.

(d) The presiding officer shall withdraw from the proceeding upon his own motion or upon the filing of a motion by a party under § 18.76(e) if he deems himself disqualified under recognized canons of judicial ethics.

(e) A presiding officer may be requested to withdraw at any time prior to the recommended decision. If there is filed by a party in good faith a timely and sufficient affidavit alleging the presiding officer's personal bias, malice, conflict of interest or other basis which might result in prejudice to a party, the hearing shall recess. The Director of the Office of Hearings and Appeals shall immediately determine the matter as a part of the record and decision in the proceeding, after making such investigation or holding such hearings, or both, as he may deem appropriate in the circumstances.

### § 18.77 Direct testimony submitted as written documents.

(a) Unless otherwise specified, all direct testimony, including accompanying exhibits, must be submitted to the presiding officer in writing no later than the dates specified in the notice of the hearing (§ 18.74), the prehearing order (§ 18.82), or within 15 days after the conclusion of the prehearing conference (§ 18.84) as the case may be. All direct testimony, referred to in the affidavit and made a part thereof, must be attached to the affidavit. Direct testimony submitted with exhibits must state the issue to which the exhibit relates; if no such statement is made, the presiding officer shall determine the relevance of the exhibit to the issues published in the FEDERAL REGISTER.

(b) The direct testimony submitted shall contain:

(1) A concise statement of the witness' interest in the proceeding and his position regarding the issues presented. If the direct testimony is presented by a witness who is not a party, the witness shall state his relationship to the party; and

(2) Facts that are relevant and material.

(c) The direct testimony may propose issues of fact not defined in the notice

## U.S. Fish and Wildlife Serv., Interior

## § 18.82

of the hearing and the reason(s) why such issues should be considered at the hearing.

(d) Ten copies of all direct testimony must be submitted unless the notice of the hearing otherwise specifies.

(e) Upon receipt, direct testimony shall be assigned a number and stamped with that number and the docket number.

(f) Contemporaneous with the publication of the notice of hearing, the Director's direct testimony in support of the proposed regulations and waiver, where applicable, shall be available for public inspection as specified in the notice of hearing. The Director may submit additional direct testimony during the time periods allowed for submission of such testimony by witnesses.

### § 18.78 Mailing address.

Unless otherwise specified in the notice of hearing, all direct testimony shall be addressed to the Presiding Officer, c/o Director, U.S. Fish and Wildlife Service, Washington, DC 20240. All affidavits and exhibits shall be clearly marked with the docket number of the proceedings.

### § 18.79 Inspection and copying of documents.

Any document in a file pertaining to any hearing authorized by this subpart or any document forming part of the record of such a hearing may be inspected and/or copied in the Office of the Director, U.S. Fish and Wildlife Service, Washington, DC 20240, unless the file is in the care and custody of the presiding officer, in which case he shall notify the parties as to where and when the record may be inspected.

### § 18.80 Ex parte communications.

(a) After notice of a hearing is published in the FEDERAL REGISTER, all communications, whether oral or written, involving any substantive or procedural issue and directed either to the presiding officer or to the Director, Deputy Director or Marine Mammal Coordinator, U.S. Fish and Wildlife Service, without reference to these rules of procedure, shall be deemed ex parte communications and are not to be considered part of the record for decision.

(b) A record of oral conversations shall be made by the above persons who are contacted. All communications shall be available for public viewing at times and place(s) specified in the notice of hearing.

(c) The presiding officer shall not communicate with any party on any fact in issue or on the merits of the matter unless notice and opportunity is given for all parties to participate.

### § 18.81 Prehearing conference.

(a) After an examination of all the direct testimony submitted pursuant to § 18.77, the presiding officer shall make a preliminary determination of issues of fact which may be addressed at the hearing.

(b) The presiding officer's preliminary determination shall be made available at the place or places provided in the notice of the hearing (§ 18.74(b)(8)) at least five days before the prehearing conference is held.

(c) The purpose of the prehearing conference shall be to enable the presiding officer to determine, on the basis of the direct testimony submitted and prehearing discussions:

(1) Whether the presiding officer's preliminary determination of issues of fact for the hearing has omitted any significant issues;

(2) What facts are not in dispute;

(3) Which witnesses may appear at the hearing; and

(4) The nature of the interest of each party and which parties' interests are adverse.

(d) Only parties may participate in the prehearing conference, and a party may appear in person or be represented by counsel.

### § 18.82 Prehearing order.

(a) After the prehearing conference, the presiding officer shall prepare a prehearing order which shall be published in the FEDERAL REGISTER within ten days after the conclusion of the conference. A copy of the prehearing order shall be mailed to all Parties.

(b) The prehearing order shall list: (1) All the issues which the hearing shall address, the order in which those issues shall be presented, and the direct testimony submitted which bears on the

### § 18.83

issues; and (2) a final date for submission of direct testimony on issues of fact not included in the notice of hearing if such issues are presented. The prehearing order may also specify a final date for submission of direct testimony to rebut testimony previously submitted during the time specified in the notice of the hearing.

(c) The presiding officer shall publish with the prehearing order a list of witnesses who may appear at the hearing, a list of parties, the nature of the interest of each party, and which parties interests are adverse on the issues presented.

(d) All parties shall be bound by the prehearing order.

### § 18.83 Determination to cancel the hearing.

(a) If the presiding officer determines that no issues of material fact are presented by the direct testimony submitted prior to the date of the hearing, he may publish in the FEDERAL REGISTER such determination and that on issues of material fact a hearing shall not be held. The presiding officer may provide an opportunity for argument on any issues of law presented by the direct testimony.

(b) Promptly after oral argument, if any, the presiding officer shall make a recommended decision based on the record, which in this case shall consist of the direct testimony and any oral argument presented. He shall transmit to the Director his recommended decision, the record and a certificate stating that the record contains all the written direct testimony. The Director shall then make a final decision in accordance with these regulations (§ 18.91).

### § 18.84 Rebuttal testimony and new issues of fact in prehearing order.

(a) Direct testimony to rebut testimony offered during the time period specified in the notice of hearing may be submitted pursuant to these regulations within fifteen days after the conclusion of the prehearing conference unless the presiding officer otherwise specifies in the prehearing order.

(b) If the prehearing order presents issues not included in the notice of the hearing published pursuant to § 18.74:

### 50 CFR Ch. I (10-1-06 Edition)

(1) Any person interested in participating at the hearing on such issues presented shall notify the Director by certified mail of an intent to participate not later than ten days after publication of the prehearing order. Such person may present direct testimony or cross-examine witnesses only on such issues presented unless he previously notified the Director pursuant to § 18.75; and

(2) Additional written direct testimony concerning such issues may be submitted within the time provided in the prehearing order. Such direct testimony will comply with the requirements of § 18.77.

### § 18.85 Waiver of right to participate.

Any person who fails to notify the Director of his intent to participate pursuant to § 18.75 or § 18.84 shall be deemed to have waived his right to participate as a party.

### § 18.86 Conduct of the hearing.

(a) The hearing shall be held at the time and place fixed in the notice of hearing, unless the presiding officer changes the time or place. If a change occurs, the presiding officer shall publish the change in the FEDERAL REGISTER and shall expeditiously notify all parties by telephone or by mail. If the change in time or place of hearing is made less than five days before the date previously fixed for the hearing, the presiding officer shall also announce, or cause to be announced, the change at the time and place previously fixed for the hearing.

(b) The presiding officer shall, at the commencement of the hearing, introduce into the record the notice of hearing as published in the FEDERAL REGISTER, all subsequent notices published in the FEDERAL REGISTER, the Environmental Impact Statement if it is required and the comments thereon and agency responses to the comments, and a list of all parties. Direct testimony shall then be received with respect to the matters specified in the prehearing order in such order as the presiding officer shall announce. With respect to direct testimony submitted as rebuttal testimony or in response to new issues

presented by the prehearing conference, the presiding officer shall determine the relevancy of such testimony.

(c) The hearing shall be publicly conducted and reported verbatim by an official reporter.

(d) If a party objects to the admission or rejection of any direct testimony or to any other ruling of the presiding officer during the hearing, he shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the presiding officer. The transcript shall not include argument or debate thereon except as ordered by the presiding officer. The ruling of the presiding officer on any objection shall be a part of the transcript and shall be subject to review at the same time and in the same manner as the Director's final decision. Only objections made before the presiding officer may subsequently be relied upon in the proceedings.

(e) All motions and requests shall be addressed to, and ruled on by, the presiding officer if made prior to his certification of the transcript, or by the Director if made thereafter.

#### § 18.87 Direct testimony.

(a) Only direct testimony submitted as provided in these regulations and introduced at the hearing by a witness shall be considered part of the record. Such direct testimony, when written, shall not be read into evidence but shall become a part of the record subject to exclusion of irrelevant and immaterial parts thereof.

(b) The witness introducing direct testimony shall:

(1) State his name, address and occupation;

(2) State qualifications for introducing the direct testimony. If an expert, the witness shall briefly state the scientific or technical training which qualifies him as an expert;

(3) Identify the direct testimony previously submitted in accordance with these regulations; and

(4) Submit to appropriate cross- and direct-examination. Cross-examination shall be by a party whose interests are adverse on the issue presented to the witness if the witness is a party, or to

the interests of the party who presented the witness.

(c) A party shall be deemed to have waived the right to introduce direct testimony if such party fails to present a witness to introduce the direct testimony.

(d) Official notice may be taken of such matters as are judicially noticed by the courts of the United States. Parties shall be given adequate notice, by the presiding officer, at the hearing, of matters so noticed and shall be given adequate opportunity to show that such facts are inaccurate or are erroneously noticed.

#### § 18.88 Cross-examination.

(a) The presiding officer may:

(1) Require the cross-examiner to outline the intended scope of the examination; and

(2) Exclude cross-examination questions that are immaterial, irrelevant or unduly repetitious.

(b) Any party shall be given an opportunity to appear, either in person or through an authorized counsel or representative, to cross-examine witnesses. Before cross-examining a witness, the party or counsel shall state his name, address and occupation. If counsel cross-examines the witness, counsel shall state for the record the authority to act as counsel. Cross-examiners shall be assumed to be familiar with the direct testimony.

(c) Any party or party's counsel who fails to appear at the hearing to cross-examine an "adverse" witness shall be deemed to have waived the right to cross-examine that witness.

(d) Scientific, technical or commercial publications may only be utilized for the limited purposes of impeaching witnesses under cross-examination unless previously submitted and introduced in accordance with these regulations.

#### § 18.89 Oral and written arguments.

(a) The presiding officer may, in his discretion, provide for oral argument by parties at the end of the hearing. Such argument, when permitted, may be limited by the presiding officer to the extent necessary for the expeditious disposition of the proceeding.

## § 18.90

(b) The presiding officer shall announce at the hearing a reasonable period of time within which any party may file with the presiding officer proposed findings and conclusions and written arguments or briefs, which are based upon the record and citing where practicable the relevant page or pages of the transcript. If a party filing a brief desires the presiding officer to reconsider any objection made by such party to a ruling of the presiding officer, he shall specifically identify such rulings by reference to the pertinent pages of the transcript and shall state his arguments thereon as a part of the brief.

(c) Oral or written arguments shall be limited to issues arising from direct testimony on the record.

### **§ 18.90 Recommended decision, certification of the transcript and submission of comments on the recommended decision.**

(a) Promptly after expiration of the period for receiving written briefs, the presiding officer shall make a recommended decision based on the record and transmit the decision to the Director. The recommended decision shall include:

- (1) A statement containing a description of the history of the proceedings;
- (2) Findings on the issues of fact with the reasons therefor; and
- (3) Rulings on issues of law.

(b) The presiding officer shall also transmit to the Director the transcript of the hearing, the original and all copies of the direct testimony, and written comments. The presiding officer shall attach to the original transcript of the hearing a certificate stating that to the best of his knowledge and belief the transcript is a true transcript of the testimony given at the hearing except in such particulars as are specified.

(c) Upon receipt of the recommended decision, the Director shall send a copy thereof to each party by certified mail and shall publish in the FEDERAL REGISTER a notice of the receipt of the recommended decision by the Director. The notice shall include:

- (1) A summary of the recommended decision;
- (2) A statement that any interested person may file written comments on

## 50 CFR Ch. I (10-1-06 Edition)

the recommended decision with the Director by a specified date;

(3) The time(s) and place(s) where the record of the hearing transmitted to the Director pursuant to paragraph (b) of this section may be inspected by interested persons; and

(4) The time(s) and place(s) where the recommended decision may be inspected and/or copied by interested persons.

(d) Within thirty days after the notice of receipt of the recommended decision has been published in the FEDERAL REGISTER, any interested person may file with the Director any written comments on the recommended decision. All comments, including recommendations from or consultation with the Marine Mammal Commission, must be submitted during the thirty-day period to the Director at the above address.

### **§ 18.91 Director's decision.**

(a) Upon receipt of the recommended decision and transcript and after the thirty-day period for receiving written comments on the recommended decision has passed, the Director shall make a final decision on the proposed regulations and waiver, where applicable. The Director's decision may affirm, modify, or set aside, in whole or in part, the recommended findings, conclusions and decision of the presiding officer. The Director may also remand the hearing record to the presiding officer for a fuller development of the record.

(b) The Director's decision shall include:

- (1) A statement containing a description of the history of the proceeding;
- (2) Findings on the issues of fact with the reasons therefor;
- (3) Rulings on issues of law; and

(4) Any other relevant information which the Director deems appropriate.

(c) The Director's decision shall be published in the FEDERAL REGISTER. If the waiver is approved, the final adopted regulations shall be promulgated with the decision, or as soon thereafter as practicable.

### Subpart H—Waiver of Moratorium on Taking and Importation of Individual Marine Mammal Species

SOURCE: 41 FR 14373, Apr. 5, 1976, unless otherwise noted.

#### § 18.92 Purpose of regulations.

The regulations contained in this subpart fulfill the requirements of section 103 of the Act for regulations to govern the taking and importation of each species of marine mammal for which the moratorium imposed by section 101 has been waived.

#### § 18.93 Scope of regulations.

(a) The provisions in this subpart apply only after (1) the Director has made a decision to waive a moratorium pursuant to section 101(a)(3)(A) of the Act, (2) the opportunity for a hearing required by section 103(d) of the Act has been provided, and (3) the Director has made a determination, in the case of State laws and regulations, to approve such State laws and regulations pursuant to section 109(a)(2) of the Act and subpart F of this part.

(b) The provisions of this subpart, unless specifically stated, apply to all taking and/or importation of each species of marine mammal for which the moratorium has been waived other than takings for scientific research or public display, which are governed by § 18.31 of this part, or takings incidental to commercial fishing operations which are governed by § 18.24.

#### § 18.94 Pacific walrus (Alaska).

(a) Pursuant to sections 101(a)(3)(A) 103, and 109 of the Marine Mammal Protection Act of 1972, the moratorium on the hunting and killing of Pacific walrus (*Odobenus rosmarus*) in waters or on lands subject to the jurisdiction of the State of Alaska, the United States, or on the high seas by any person, vessel, or conveyance subject to the jurisdiction of the State of Alaska or the United States, is waived, provided that beginning August 2, 1979 this waiver

shall not be effective, and no taking or importation under the waiver shall be allowed, until this section is amended to establish regulations to effectively control taking and otherwise implement the waiver.

(b) [Reserved]

### Subpart I [Reserved]

### Subpart J—Nonlethal Taking of Marine Mammals Incidental to Oil and Gas Exploration, Development, and Production Activities in the Beaufort Sea and Adjacent Northern Coast of Alaska

SOURCE: 71 FR 43950, Aug. 2, 2006, unless otherwise noted.

EFFECTIVE DATE NOTE: At 71 FR 43950, Aug. 2, 2006, Subpart J was added, effective Aug. 2, 2006 through Aug. 2, 2011.

#### § 18.121 What specified activities does this subpart cover?

Regulations in this subpart apply to the nonlethal incidental, but not intentional, take of small numbers of polar bear and Pacific walrus by you (U.S. citizens as defined in § 18.27(c)) while engaged in oil and gas exploration, development, and production activities in the Beaufort Sea and adjacent northern coast of Alaska.

#### § 18.122 In what specified geographic region does this subpart apply?

This subpart applies to the specified geographic region defined by a north-south line at Barrow, Alaska, and includes all Alaska coastal areas, State waters, and Outer Continental Shelf waters east of that line to the Canadian border and an area 25 miles inland from Barrow on the west to the Canning River on the east. The Arctic National Wildlife Refuge is not included in the area covered by this subpart. Figure 1 shows the area where this subpart applies.

Figure 1. Specific geographic region covered by the Beaufort Sea incidental take regulations.

**§ 18.123 When is this subpart effective?**

Regulations in this subpart are effective from August 2, 2006 through August 2, 2011 for year-round oil and gas exploration, development, and production activities.

**§ 18.124 How do I obtain a Letter of Authorization?**

(a) You must be a U.S. citizen as defined in § 18.27(c).

(b) If you are conducting an oil and gas exploration, development, or production activity in the specified geographic region described in § 18.122 that may cause the taking of polar bear or Pacific walrus in execution of those activities and you want nonlethal incidental take authorization under this rule, you must apply for a Letter of Authorization for each exploration activity or a Letter of Authorization for

activities in each development or production area. You must submit the application for authorization to our Alaska Regional Director (see 50 CFR 2.2 for address) at least 90 days prior to the start of the proposed activity.

(c) Your application for a Letter of Authorization must include the following information:

(1) A description of the activity, the dates and duration of the activity, the specific location, and the estimated area affected by that activity, i.e., a Plan of Operation.

(2) A site-specific plan to monitor the effects of the activity on the behavior of polar bear and Pacific walrus that may be present during the ongoing activities. Your monitoring program must document the effects to these marine mammals and estimate the actual level and type of take. The monitoring requirements will vary depending on

the activity, the location, and the time of year.

(3) A site-specific polar bear awareness and interaction plan.

(4) A Plan of Cooperation to mitigate potential conflicts between the proposed activity and subsistence hunting, where relevant. This Plan of Cooperation must identify measures to minimize adverse effects on the availability of polar bear and Pacific walrus for subsistence uses if the activity takes place in or near a traditional subsistence hunting area. Some of these measures may include, but are not limited to, mitigation measures described in § 18.128.

**§ 18.125 What criteria does the Service use to evaluate Letter of Authorization requests?**

(a) We will evaluate each request for a Letter of Authorization based on the specific activity and the specific geographic location. We will determine whether the level of activity identified in the request exceeds that analyzed by us in making a finding of negligible impact on the species and a finding of no unmitigable adverse impact on the availability of the species for take for subsistence uses. If the level of activity is greater, we will reevaluate our findings to determine if those findings continue to be appropriate based on the greater level of activity that you have requested. Depending on the results of the evaluation, we may grant the authorization, add further conditions, or deny the authorization.

(b) In accordance with § 18.27(f)(5), we will make decisions concerning withdrawals of Letters of Authorization, either on an individual or class basis, only after notice and opportunity for public comment.

(c) The requirement for notice and public comment in paragraph (b) of this section will not apply should we determine that an emergency exists that poses a significant risk to the well-being of the species or stock of polar bear or Pacific walrus.

**§ 18.126 What does a Letter of Authorization allow?**

(a) Your Letter of Authorization may allow the nonlethal incidental, but not intentional, take of polar bear and Pa-

cific walrus when you are carrying out one or more of the following activities:

(1) Conducting geological and geophysical surveys and associated activities;

(2) Drilling exploratory wells and associated activities;

(3) Developing oil fields and associated activities;

(4) Drilling production wells and performing production support operations;

(5) Conducting environmental monitoring activities associated with exploration, development, and production activities to determine specific impacts of each activity;

(6) Conducting restoration, remediation, demobilization programs, and associated activities.

(b) You must use methods and conduct activities identified in your Letter of Authorization in a manner that minimizes to the greatest extent practicable adverse impacts on polar bear and Pacific walrus, their habitat, and on the availability of these marine mammals for subsistence uses.

(c) Each Letter of Authorization will identify conditions or methods that are specific to the activity and location.

**§ 18.127 What activities are prohibited?**

(a) Intentional take and lethal incidental take of polar bear or Pacific walrus; and

(b) Any take that fails to comply with this part or with the terms and conditions of your Letter of Authorization.

**§ 18.128 What are the mitigation, monitoring, and reporting requirements?**

(a) We require holders of Letters of Authorization to cooperate with us and other designated Federal, State, and local agencies to monitor the impacts of oil and gas exploration, development, and production activities on polar bear and Pacific walrus.

(b) Holders of Letters of Authorization must designate a qualified individual or individuals to observe, record, and report on the effects of their activities on polar bear and Pacific walrus.

(c) All holders of Letters of Authorization are required to have an approved polar bear and/or walrus interaction plan on file with the Service and on-site, and polar bear awareness training will also be required of certain personnel. Interaction plans must include:

- (1) The type of activity and, where and when the activity will occur, i.e., a Plan of Operation;
- (2) A food and waste management plan;
- (3) Personnel training materials and procedures;
- (4) Site at-risk locations and situations;
- (5) Walrus/bear observation and reporting procedures; and
- (6) Bear/walrus avoidance and encounter procedures.

(d) All applicants for a Letter of Authorization must contact affected subsistence communities to discuss potential conflicts caused by location, timing, and methods of proposed operations and submit to us a record of communication that documents these discussions. If appropriate, the applicant for a Letter of Authorization must also submit to us a Plan of Cooperation that ensures that activities will not interfere with subsistence hunting and that adverse effects on the availability of polar bear or Pacific walrus are minimized.

(e) Mitigation measures that may be required on a case-by-case basis include:

- (1) The use of trained marine mammal monitors associated with marine activities. We may require a monitor on the site of the activity or on board drill ships, drill rigs, aircraft, ice-breakers, or other support vessels or vehicles to monitor the impacts of Industry's activity on polar bear and Pacific walrus.
- (2) The use of den habitat map developed by the USGS. A map of potential coastal polar bear denning habitat can be found at: [http://www.absc.usgs.gov/research/sis\\_summaries/polar\\_bears\\_sis/mapping\\_dens.htm](http://www.absc.usgs.gov/research/sis_summaries/polar_bears_sis/mapping_dens.htm). This measure ensures that the location of potential polar bear dens is considered when conducting activities in the coastal areas of the Beaufort Sea.
- (3) The use of Forward Looking Infrared (FLIR) imagery, polar bear scent-

trained dogs, or both to determine the presence or absence of polar bear dens in area of the activity.

(4) Restricting the timing of the activity to limit disturbance around dens.

(5) Requiring a 1-mile exclusion buffer surrounding known dens. If known occupied dens are located within an operator's area of activity, we will require a 1-mile exclusion buffer around the den to limit disturbance or require that the operator conduct activities after the female bears emerge from their dens. We will review these requirements for extenuating circumstances on a case-by-case basis.

(f) For exploratory and development activities, holders of a Letter of Authorization must submit a report to our Alaska Regional Director (Attn: Marine Mammals Management Office) within 90 days after completion of activities. For production activities, holders of a Letter of Authorization must submit a report to our Alaska Regional Director (Attn: Marine Mammals Management Office) by January 15 for the preceding year's activities. Reports must include, at a minimum, the following information:

- (1) Dates and times of activity;
  - (2) Dates and locations of polar bear or Pacific walrus activity as related to the monitoring activity; and
  - (3) Results of the monitoring activities required under subsection (g) of this section, including an estimated level of take.
- (g) Monitoring requirements include, but are not limited to:

- (1) For all activities, all sightings of polar bears and walrus must be recorded. To the extent possible, the monitor will record group size, age, sex, reaction, duration of interaction, and closest approach to Industry activity.
- (2) Activities within the coast of the geographic region may incorporate daily polar bear watch logs.
- (3) Polar bear monitors will be required under the monitoring plan if polar bears are known to frequent the area or known polar bear dens are present in the area. Monitors will act as an early detection system in regards to proximate bear activity to Industry facilities.

## U.S. Fish and Wildlife Serv., Interior

## § 19.4

(4) Offshore sites may require systematic monitoring protocols for polar bears and walrus due to their nearshore locations. Systematic monitoring may be implemented to statistically monitor observation trends of walrus or polar bears in the nearshore areas where they usually occur.

### § 18.129 What are the information collection requirements?

(a) The Office of Management and Budget has approved the collection of information contained in this subpart and assigned control number 1018-0070. You must respond to this information collection request to obtain a benefit pursuant to section 101(a)(5) of the Marine Mammal Protection Act (MMPA). We will use the information to (1) evaluate the application and determine whether or not to issue specific Letters of Authorization and (2) monitor impacts of activities conducted under the Letters of Authorization.

(b) You should direct comments regarding the burden estimate or any other aspect of this requirement to the Information Collection Clearance Officer, U.S. Fish and Wildlife Service, Department of the Interior, Mail Stop 222 ARLSQ, 1849 C Street, NW., Washington, DC 20240.

AUTHORITY: Fish and Wildlife Act of 1956, 85 Stat. 480, as amended, 86 Stat. 905 (16 U.S.C. 742a—j-1).

SOURCE: 39 FR 1177, Jan. 4, 1974, unless otherwise noted.

## Subpart A—Introduction

### § 19.1 Purpose of regulations.

The regulations contained in this part provide rules relative to the prohibition against shooting or harassing of wildlife from any aircraft, provide the requirements for the contents and filing of annual reports by the States regarding permits issued for such shooting or harassing, and provide regulations necessary for effective enforcement of the Fish and Wildlife Act of 1956 as amended (16 U.S.C. 742a—j-1).

### § 19.2 Scope of regulations.

The regulations contained in this part apply to all persons within the territorial jurisdiction of the United States, to all United States citizens whether within the territorial jurisdiction of the United States or on the high seas or on board aircraft in flight over the high seas, and to all persons on board aircraft belonging in whole or in part to any United States citizen, firm, or partnership, or corporation created by or under the laws of the United States, or any State, territory or possession thereof.

### § 19.3 Relation to other laws.

The exemptions to general prohibitions of the Fish and Wildlife Act of 1956, that permit airborne hunting in certain circumstances (See subpart B of this part) do not supersede, or authorize the violation of, other laws designed for the conservation or protection of wildlife, including those laws prohibiting the shooting or harassing of bald and golden eagles, polar bears and other marine mammals, migratory birds, and other wildlife, *except* to the extent that airborne hunting is authorized by regulations or permits issued under authority of those laws. (See e.g., § 21.41 of this subchapter.)

### § 19.4 Definitions.

In addition to definitions contained in part 10 of this subchapter, and unless the context otherwise requires, in this part 19:

**§ 19.11**

*Harass* means to disturb, worry, molest, rally, concentrate, harry, chase, drive, herd or torment.

**Subpart B—Prohibitions**

**§ 19.11 General prohibitions.**

(a) Except as otherwise authorized by the Fish and Wildlife Act of 1956 as amended, no person shall:

(1) While airborne in any aircraft shoot or attempt to shoot for the purpose of capturing or killing any wildlife;

(2) Use an aircraft to harass any wildlife; or

(3) Knowingly participate in using an aircraft whether in the aircraft or on the ground for any purpose referred to in paragraph (a) (1) or (2) of this section.

(b) The acts prohibited in this section include, but are not limited to, any person who:

(1) Pilots or assists in the operation of an aircraft from which another person shoots or shoots at wildlife while airborne, or

(2) While on the ground takes or attempts to take any wildlife by means, aid, or use of an aircraft.

**§ 19.12 Exceptions to general prohibitions.**

The prohibitions of the preceding section shall not apply to any person who:

(1) Is acting within the scope of his official duties as an employee or authorized agent of a State or the United States to administer or protect or aid in the administration or protection of land, water, wildlife, livestock, domesticated animals, human life or crops; or

(2) Is acting within the limitations of a permit referred to in § 19.21 or § 19.31 of this part.

**Subpart C—Federal Permits**

**§ 19.21 Limitation on Federal permits.**

No Federal permits will be issued to authorize any person to hunt, shoot, or harass any wildlife from an aircraft, except for Federal permits to scare or herd migratory birds referred to in § 21.41 of this subchapter.

**50 CFR Ch. I (10–1–06 Edition)**

**Subpart D—State Permits and Annual Report Requirements**

**§ 19.31 State permits.**

(a) Except as provided in § 19.3, States may issue permits to persons to engage in airborne hunting or harassing of wildlife for purposes of administering or protecting land, water, wildlife, livestock, domestic animals, human life or crops. States may not issue permits for the purpose of sport hunting.

(b) Upon issuance of a permit by a State to a person pursuant to this section, the issuing authority will provide immediate notification to the Special Agent in Charge having jurisdiction according to § 10.22.

**§ 19.32 Annual reporting requirements.**

(a) Any State issuing permits to persons to engage in airborne hunting or harassing of wildlife or any State whose employees or agents participate in airborne hunting or harassing of wildlife for purposes of administering or protecting land, water, wildlife, livestock, domestic animals, human life or crops, shall file with the Director, an annual report on or before July 1 for the preceding calendar year ending December 31.

(b) The annual report required by this section shall contain the following information as to each such permit issued:

(1) The name and address of each person to whom a permit was issued.

(2) Permit number and inclusive dates during which permit was valid.

(3) The aircraft number of the aircraft used and the location where such aircraft was based.

(4) Common name and number of the wildlife for which authorization to take was given and a description of the area from which the wildlife were authorized to be taken.

(5) The purpose for which the permit was issued, specifically identifying whether the permit was issued to protect land, water, wildlife, livestock, domestic animals, crops, or human life.

(6) The common name and number of wildlife taken by permittees and State employees or agents.

(c) A compilation of all annual reports required by this section shall be

made by the Director and furnished to any State filing such annual report.

### Subpart A—Introduction

#### § 20.1 Scope of regulations.

(a) *In general.* The regulations contained in this part relate only to the hunting of migratory game birds, and crows.

(b) *Procedural and substantive requirements.* Migratory game birds may be taken, possessed, transported, shipped, exported, or imported only in accordance with the restrictions, conditions, and requirements contained in this part. Crows may be taken, possessed, transported, exported, or imported only in accordance with subpart H of this part and the restrictions, conditions, and requirements prescribed in § 20.133.

#### § 20.2 Relation to other provisions.

(a) *Migratory bird permits.* The provisions of this part shall not be construed to alter the terms of any permit or other authorization issued pursuant to part 21 of this subchapter.

(b) *Migratory bird hunting stamps.* The provisions of this part are in addition to the provisions of the Migratory Bird Hunting Stamp Act of 1934 (48 Stat. 451, as amended; 16 U.S.C. 718a).

(c) *National wildlife refuges.* The provisions of this part are in addition to, and are not in lieu of, any other provision of law respecting migratory game birds under the National Wildlife Refuge System Administration Act of 1966 (80 Stat. 927, as amended; 16 U.S.C. 668dd) or any regulation made pursuant thereto.

(d) *State Laws for the protection of migratory birds.* No statute or regulation of any State shall be construed to relieve a person from the restrictions, conditions, and requirements contained in this part, however, nothing in this part shall be construed to prevent the several States from making and enforcing laws or regulations not inconsistent with these regulations and the conventions between the United States and any foreign country for the protection of migratory birds or with the Mi-

### Subpart B—Definitions

#### § 20.11 What terms do I need to understand?

For the purpose of this part, the following terms shall be construed, respectively, to mean and to include:

(a) *Migratory game birds* means those migratory birds included in the terms of conventions between the United States and any foreign country for the protection of migratory birds, for which open seasons are prescribed in this part and belong to the following families:

- (1) Anatidae (ducks, geese [including brant] and swans);
- (2) Columbidae (doves and pigeons);
- (3) Gruidae (cranes);
- (4) Rallidae (rails, coots and gallinules); and
- (5) Scolopacidae (woodcock and snipe).

A list of migratory birds protected by the international conventions and the Migratory Bird Treaty Act appears in § 10.13 of this subchapter.

(b) *Seasons*—(1) *Open season* means the days on which migratory game birds may lawfully be taken. Each period prescribed as an open season shall be construed to include the first and last days thereof.

(2) *Closed season* means the days on which migratory game birds shall not be taken.

(c) *Bag limits*—(1) *Aggregate bag limit* means a condition of taking in which two or more usually similar species may be bagged (reduced to possession) by the hunter in predetermined or unpredetermined quantities to satisfy a maximum take limit.

(2) *Daily bag limit* means the maximum number of migratory game birds of single species or combination (aggregate) of species permitted to be taken by one person in any one day during the open season in any one specified geographic area for which a daily bag limit is prescribed.

(3) *Aggregate daily bag limit* means the maximum number of migratory game birds permitted to be taken by one person in any one day during the open season when such person hunts in more than one specified geographic area and/or for more than one species for which a combined daily bag limit is prescribed. The aggregate daily bag limit is equal to, but shall not exceed, the largest daily bag limit prescribed for any one species or for any one specified geographic area in which taking occurs.

(4) *Possession limit* means the maximum number of migratory game birds of a single species or a combination of species permitted to be possessed by any one person when lawfully taken in the United States in any one specified geographic area for which a possession limit is prescribed.

(5) *Aggregate possession limit* means the maximum number of migratory game birds of a single species or combination of species taken in the United States permitted to be possessed by any one person when taking and possession occurs in more than one specified geographic area for which a possession limit is prescribed. The aggregate possession limit is equal to, but shall not exceed, the largest possession limit prescribed for any one of the species or specified geographic areas in which taking and possession occurs.

(d) *Personal abode* means one's principal or ordinary home or dwelling place, as distinguished from one's temporary or transient place of abode or dwelling such as a hunting club, or any club house, cabin, tent or trailer house used as a hunting club, or any hotel, motel or rooming house used during a hunting, pleasure or business trip.

(e) *Migratory bird preservation facility* means:

(1) Any person who, at their residence or place of business and for hire or other consideration; or

(2) Any taxidermist, cold-storage facility or locker plant which, for hire or other consideration; or

(3) Any hunting club which, in the normal course of operations; receives, possesses, or has in custody any migratory game birds belonging to another person for purposes of picking, cleaning, freezing, processing, storage or shipment.

(f) *Paraplegic* means an individual afflicted with paralysis of the lower half of the body with involvement of both legs, usually due to disease of or injury to the spinal cord.

(g) *Normal agricultural planting, harvesting, or post-harvest manipulation* means a planting or harvesting undertaken for the purpose of producing and gathering a crop, or manipulation after such harvest and removal of grain, that is conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture.

(h) *Normal agricultural operation* means a normal agricultural planting, harvesting, post-harvest manipulation, or agricultural practice, that is conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture.

(i) *Normal soil stabilization practice* means a planting for agricultural soil erosion control or post-mining land reclamation conducted in accordance with official recommendations of State Extension Specialists of the Cooperative Extension Service of the U.S. Department of Agriculture for agricultural soil erosion control.

(j) *Baited area* means any area on which salt, grain, or other feed has been placed, exposed, deposited, distributed, or scattered, if that salt, grain, or other feed could serve as a lure or attraction for migratory game birds to, on, or over areas where hunters are attempting to take them. Any such area will remain a baited area for ten days following the complete removal of all such salt, grain, or other feed.

(k) *Baiting* means the direct or indirect placing, exposing, depositing, distributing, or scattering of salt, grain,

or other feed that could serve as a lure or attraction for migratory game birds to, on, or over any areas where hunters are attempting to take them.

(l) *Manipulation* means the alteration of natural vegetation or agricultural crops by activities that include but are not limited to mowing, shredding, discing, rolling, chopping, trampling, flattening, burning, or herbicide treatments. The term *manipulation* does not include the distributing or scattering of grain, seed, or other feed after removal from or storage on the field where grown.

(m) *Natural vegetation* means any non-agricultural, native, or naturalized plant species that grows at a site in response to planting or from existing seeds or other propagules. The term *natural vegetation* does not include planted millet. However, planted millet that grows on its own in subsequent years after the year of planting is considered *natural vegetation*.

(n) *Resident Canada geese* means Canada geese that nest within the lower 48 States in the months of March, April, May, or June, or reside within the lower 48 States and the District of Columbia in the months of April, May, June, July, or August.

[53 FR 24290, June 28, 1988, as amended at 64 FR 29804, June 3, 1999; 71 FR 45986, Aug. 10, 2006]

### Subpart C—Taking

#### § 20.20 Migratory Bird Harvest Information Program.

(a) *Information collection requirements.* The collections of information contained in § 20.20 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1018–0015. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The information will be used to provide a sampling frame for the national Migratory Bird Harvest Survey. Response is required from licensed hunters to obtain the benefit of hunting migratory game birds. Public reporting burden for this information is estimated to average 2 minutes per response for 3,300,000 respondents, includ-

ing the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Thus the total annual reporting and record-keeping burden for this collection is estimated to be 112,000 hours. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Service Information Collection Clearance Officer, ms-224 ARLSQ, Fish and Wildlife Service, Washington, DC 20240, or the Office of Management and Budget, Paperwork Reduction Project 1018–0015, Washington, DC 20503.

(b) *General provisions.* Each person hunting migratory game birds in any State except Hawaii must have identified himself or herself as a migratory bird hunter and given his or her name, address, and date of birth to the respective State hunting licensing authority and must have on his or her person evidence, provided by that State, of compliance with this requirement.

(c) *Tribal exemptions.* Nothing in paragraph (b) of this section shall apply to tribal members on Federal Indian Reservations or to tribal members hunting on ceded lands.

(d) *State exemptions.* Nothing in paragraph (b) of this section shall apply to those hunters who are exempt from State-licensing requirements in the State in which they are hunting.

(e) *State responsibilities.* The State hunting licensing authority will ask each licensed migratory bird hunter in the respective State to report approximately how many ducks, geese, doves, and woodcock he or she bagged the previous year, whether he or she hunted coots, snipe, rails, and/or gallinules the previous year, and, in States that have band-tailed pigeon hunting seasons, whether he or she intends to hunt band-tailed pigeons during the current year.

**§ 20.21 What hunting methods are illegal?**

Migratory birds on which open seasons are prescribed in this part may be taken by any method except those prohibited in this section. No persons shall take migratory game birds:

(a) With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, battery gun, machine-gun, fish hook, poison, drug, explosive, or stupefying substance;

(b) With a shotgun of any description capable of holding more than three shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three shells. However, this restriction does not apply during:

(1) A light-geese-only season (greater and lesser snow geese and Ross' geese) when all other waterfowl and crane hunting seasons, excluding falconry, are closed while hunting light geese in Central and Mississippi Flyway portions of Alabama, Arkansas, Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, Texas, Wisconsin, and Wyoming.

(2) A season only for Canada geese during the period of September 1 to September 15 when all other waterfowl and crane hunting seasons, excluding falconry, are closed in the Atlantic, Central, and Mississippi Flyway portions of Alabama, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Mexico, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, West Virginia, Wisconsin, and Wyoming.

(c) From or by means, aid, or use of a sinkbox or any other type of low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water;

(d) From or by means, aid, or use of any motor vehicle, motor-driven land conveyance, or aircraft of any kind, except that paraplegics and persons missing one or both legs may take from any stationary motor vehicle or stationary motor-driven land conveyance;

(e) From or by means of any motorboat or other craft having a motor attached, or any sailboat, unless the motor has been completely shut off and/or the sails furled, and its progress therefrom has ceased: *Provided*, That a craft under power may be used to retrieve dead or crippled birds; however, crippled birds may not be shot from such craft under power except in the seaduck area as permitted in subpart K of this part;

(f) By the use or aid of live birds as decoys; although not limited to, it shall be a violation of this paragraph for any person to take migratory waterfowl on an area where tame or captive live ducks or geese are present unless such birds are and have been for a period of 10 consecutive days prior to such taking, confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such birds from the sight of wild migratory waterfowl;

(g) By the use or aid of recorded or electrically amplified bird calls or sounds, or recorded or electrically amplified imitations of bird calls or sounds. However, this restriction does not apply during:

(1) A light-geese-only season (greater and lesser snow geese and Ross' geese) when all other waterfowl and crane hunting seasons, excluding falconry, are closed while hunting light geese in Central and Mississippi Flyway portions of Alabama, Arkansas, Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, Texas, Wisconsin, and Wyoming.

(2) A season only for Canada geese during the period of September 1 to September 15 when all other waterfowl and crane hunting seasons, excluding falconry, are closed in the Atlantic, Central, and Mississippi Flyway portions of Alabama, Arkansas, Colorado,

Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Mexico, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, West Virginia, Wisconsin, and Wyoming.

(h) By means or aid of any motordriven land, water, or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of any migratory bird;

(i) By the aid of baiting, or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited. However, nothing in this paragraph prohibits:

(1) the taking of any migratory game bird, including waterfowl, coots, and cranes, on or over the following lands or areas that are not otherwise baited areas—

(i) Standing crops or flooded standing crops (including aquatics); standing, flooded, or manipulated natural vegetation; flooded harvested croplands; or lands or areas where seeds or grains

have been scattered solely as the result of a normal agricultural planting, harvesting, post-harvest manipulation or normal soil stabilization practice;

(ii) From a blind or other place of concealment camouflaged with natural vegetation;

(iii) From a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing or scattering of grain or other feed; or

(iv) Standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys, or retrieving downed birds.

(2) The taking of any migratory game bird, except waterfowl, coots and cranes, on or over lands or areas that are not otherwise baited areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, or solely as the result of a normal agricultural operation.

(j) While possessing loose shot for muzzle loading or shotshells containing other than the following approved shot types.

\* Coatings of copper, nickel, tin, zinc, zinc chloride, and zinc chrome on approved nontoxic shot types also are approved.

\*\* The information in the "Field Testing Device" column is strictly informational, not regulatory.

\*\*\* The "HOT\*SHOT" field testing device is from Stream Systems of Concord, CA.

(2) Each approved shot type must contain less than 1 percent residual lead (see § 20.134).

(3) This shot type restriction applies to the taking of ducks, geese (including

brant), swans, coots (*Fulica americana*), and any other species that make up aggregate bag limits with these migratory game birds during concurrent

### § 20.22 Closed seasons.

No person may take migratory game birds during the closed season established in this part except as provided in parts 21 and 92 of this chapter.

[68 FR 43027, July 21, 2003]

### § 20.23 Shooting hours.

No person shall take migratory game birds except during the hours open to shooting as prescribed in subpart K of this part.

[38 FR 22021, Aug. 15, 1973, as amended at 38 FR 22626, Aug. 23, 1973]

### § 20.24 Daily limit.

No person shall take in any 1 calendar day, more than the daily bag limit or aggregate daily bag limit, whichever applies.

[38 FR 22021, Aug. 15, 1973, as amended at 38 FR 22626, Aug. 23, 1973]

### § 20.25 Wanton waste of migratory game birds.

No person shall kill or cripple any migratory game bird pursuant to this part without making a reasonable effort to retrieve the bird, and retain it in his actual custody, at the place where taken or between that place and either (a) his automobile or principal means of land transportation; or (b) his personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.

[41 FR 31536, July 29, 1976]

### § 20.26 Emergency closures.

(a) The Director may close or temporarily suspend any season established under subpart K of this part:

(1) Upon a finding that a continuation of such a season would constitute an imminent threat to the safety of any endangered or threatened species or other migratory bird populations.

(2) Upon issuance of local public notice by such means as publication in local newspapers of general circulation, posting of the areas affected, notifying the State wildlife conservation agency, and announcement on local radio and television.

(b) Any such closure or temporary suspension shall be announced by publication of a notice to that effect in the FEDERAL REGISTER simultaneous with the local public notice referred to in paragraph (a)(2) of this section. However, in the event that it is impractical to publish a FEDERAL REGISTER notice simultaneously, due to the restriction in time available and the nature of the particular emergency situation, such notice shall follow the steps outlined in paragraph (a) of this section as soon as possible.

(c) Any closure or temporary suspension under this section shall be effective on the date of publication of the FEDERAL REGISTER notice; or if such notice is not published simultaneously, then on the date and at the time specified in the local notification to the public. Every notice of closure shall include the date and time of closing of the season and the area or areas affected. In the case of a temporary suspension, the date and time when the season may be resumed shall be provided by a subsequent local notification to the public, and by publication in the FEDERAL REGISTER.

[41 FR 31536, July 29, 1976]

## Subpart D—Possession

### § 20.31 Prohibited if taken in violation of subpart C.

No person shall at any time, by any means, or in any manner, possess or have in custody any migratory game bird or part thereof, taken in violation of any provision of subpart C of this part.

## **§ 20.32**

### **§ 20.32 During closed season.**

No person shall possess any freshly killed migratory game birds during the closed season.

### **§ 20.33 Possession limit.**

No person shall possess more migratory game birds taken in the United States than the possession limit or the aggregate possession limit, whichever applies.

### **§ 20.34 Opening day of a season.**

No person on the opening day of the season shall possess any freshly killed migratory game birds in excess of the daily bag limit, or aggregate daily bag limit, whichever applies.

### **§ 20.35 Field possession limit.**

No person shall possess, have in custody, or transport more than the daily bag limit or aggregate daily bag limit, whichever applies, of migratory game birds, tagged or not tagged, at or between the place where taken and either (a) his automobile or principal means of land transportation; or (b) his personal abode or temporary or transient place of lodging; or (c) a migratory bird preservation facility; or (d) a post office; or (e) a common carrier facility.

[41 FR 31536, July 29, 1976]

### **§ 20.36 Tagging requirement.**

No person shall put or leave any migratory game birds at any place (other than at his personal abode), or in the custody of another person for picking, cleaning, processing, shipping, transportation, or storage (including temporary storage), or for the purpose of having taxidermy services performed, unless such birds have a tag attached, signed by the hunter, stating his address, the total number and species of birds, and the date such birds were killed. Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

### **§ 20.37 Custody of birds of another.**

No person shall receive or have in custody any migratory game birds belonging to another person unless such birds are tagged as required by § 20.36.

## **50 CFR Ch. I (10–1–06 Edition)**

### **§ 20.38 Possession of live birds.**

Every migratory game bird wounded by hunting and reduced to possession by the hunter shall be immediately killed and become a part of the daily bag limit. No person shall at any time, or by any means, possess or transport live migratory game birds taken under authority of this part.

### **§ 20.39 Termination of possession.**

Subject to all other requirements of this part, the possession of birds taken by any hunter shall be deemed to have ceased when such birds have been delivered by him to another person as a gift; or have been delivered by him to a post office, a common carrier, or a migratory bird preservation facility and consigned for transport by the Postal Service or a common carrier to some person other than the hunter.

[41 FR 31537, July 29, 1976]

### **§ 20.40 Gift of migratory game birds.**

No person may receive, possess, or give to another, any freshly killed migratory game birds as a gift, except at the personal abodes of the donor or donee, unless such birds have a tag attached, signed by the hunter who took the birds, stating such hunter's address, the total number and species of birds and the date such birds were taken.

[42 FR 39668, Aug. 5, 1977]

## **Subpart E—Transportation Within the United States**

### **§ 20.41 Prohibited if taken in violation of subpart C.**

No person shall at any time, by any means, or in any manner, transport any migratory game bird or part thereof, taken in violation of any provision of subpart C of this part.

### **§ 20.42 Transportation of birds of another.**

No person shall transport migratory game birds belonging to another person unless such birds are tagged as required by § 20.36.

**§ 20.43 Species identification requirement.**

No person shall transport within the United States any migratory game birds, except doves and band-tailed pigeons (*Columba fasciata*), unless the head or one fully feathered wing remains attached to each such bird at all times while being transported from the place where taken until they have arrived at the personal abode of the possessor or a migratory bird preservation facility.

[41 FR 31537, July 19, 1976]

**§ 20.44 Marking package or container.**

No person shall transport by the Postal Service or a common carrier migratory game birds unless the package or container in which such birds are transported has the name and address of the shipper and the consignee and an accurate statement of the numbers of each species of birds therein contained clearly and conspicuously marked on the outside thereof.

**Subpart F—Exportation****§ 20.51 Prohibited if taken in violation of subpart C.**

No person shall at any time, by any means, or in any manner, export or cause to be exported, any migratory game bird or part thereof, taken in violation of any provision of subpart C of this part.

**§ 20.52 Species identification requirement.**

No person shall export migratory game birds unless one fully feathered wing remains attached to each such bird while being transported from the United States and/or any of its possessions to any foreign country.

**§ 20.53 Marking package or container.**

No person shall export migratory game birds via the Postal Service or a common carrier unless the package or container has the name and address of the shipper and the consignee and an accurate statement of the numbers of each species of birds therein contained clearly and conspicuously marked on the outside thereof.

**Subpart G—Importations****§ 20.61 Importation limits.**

No person shall import migratory game birds in excess of the following importation limits:

(a) *Doves and pigeons.* (1) From any foreign country except Mexico, during any one calendar week beginning on Sunday, not to exceed 25 doves, singly or in the aggregate of all species, and 10 pigeons, singly or in the aggregate of all species.

(2) From Mexico, not to exceed the maximum number permitted by Mexican authorities to be taken in any one day: *Provided*, That if the importer has his Mexican hunting permit date-stamped by appropriate Mexican wildlife authorities on the first day he hunts in Mexico, he may import the applicable Mexican possession limit corresponding to the days actually hunted during that particular trip.

(b) *Waterfowl.* (1) From any foreign country except Canada and Mexico, during any one calendar week beginning on Sunday, not to exceed 10 ducks, singly or in the aggregate of all species, and five geese including brant, singly or in the aggregate of all species.

(2) From Canada, not to exceed the maximum number permitted to be exported by Canadian authorities.

(3) From Mexico, not to exceed the maximum number permitted by Mexican authorities to be taken in any one day: *Provided*, That if the importer has his Mexican hunting permit date-stamped by appropriate Mexican wildlife authorities on the first day he hunts in Mexico, he may import the applicable Mexican possession limit corresponding to the days actually hunted during that particular trip.

[40 FR 36346, Aug. 20, 1975]

**§ 20.62 Importation of birds of another.**

No person shall import migratory game birds belonging to another person.

**§ 20.63 Species identification requirement.**

No person shall import migratory game birds unless each such bird has one fully feathered wing attached, and

## § 20.64

such wing must remain attached while being transported between the port of entry and the personal abode of the possessor or between the port of entry and a migratory bird preservation facility.

## § 20.64 Foreign export permits.

No person shall import, possess or transport, any migratory game birds killed in a foreign country unless such birds are accompanied by export permits, tags, or other documentation required by applicable foreign laws or regulations.

## § 20.65 Processing requirement.

No person shall import migratory game birds killed in any foreign country, except Canada, unless such birds are dressed (except as required in § 20.63), drawn, and the head and feet are removed: *Provided*, That this shall not prohibit the importation of legally taken, fully feathered migratory game birds consigned for mounting purposes to a taxidermist who holds a current taxidermist permit issued to him pursuant to § 21.24 of this chapter and who is also licensed by the U.S. Department of Agriculture to decontaminate such birds.

## § 20.66 Marking of package or container.

No person shall import migratory game birds via the Postal Service or a common carrier unless the package or container has the name and address of the shipper and the consignee and an accurate statement of the numbers of each species of birds therein contained clearly and conspicuously marked on the outside thereof.

## Subpart H—Federal, State, and Foreign Law

### § 20.71 Violation of Federal law.

No person shall at any time, by any means or in any manner, take, possess, transport, or export any migratory bird, or any part, nest, or egg of any such bird, in violation of any act of Congress or any regulation issued pursuant thereto.

## 50 CFR Ch. I (10–1–06 Edition)

### § 20.72 Violation of State law.

No person shall at any time, by any means or in any manner, take, possess, transport, or export any migratory bird, or any part, nest, or egg of any such bird, in violation of any applicable law or regulation of any State.

### § 20.73 Violation of foreign law.

No person shall at any time, by any means, or in any manner, import, possess, or transport, any migratory bird, or any part, nest, or egg of any such bird taken, bought, sold, transported, possessed, or exported contrary to any applicable law or regulation of any foreign country, or State or province thereof.

## Subpart I—Migratory Bird Preservation Facilities

### § 20.81 Tagging requirement.

No migratory bird preservation facility shall receive or have in custody any migratory game birds unless such birds are tagged as required by § 20.36.

[41 FR 31537, July 29, 1976]

### § 20.82 Records required.

(a) No migratory bird preservation facility shall:

(1) Receive or have in custody any migratory game bird unless accurate records are maintained which can identify each bird received by, or in the custody of, the facility by the name of the person from whom the bird was obtained, and show (i) the number of each species; (ii) the location where taken; (iii) the date such birds were received; (iv) the name and address of the person from whom such birds were received; (v) the date such birds were disposed of; and (vi) the name and address of the person to whom such birds were delivered, or

(2) Destroy any records required to be maintained under this section for a period of 1 year following the last entry on the record.

(b) Record keeping as required by this section will not be necessary at hunting clubs which do not fully process migratory birds by removal of both the head and wings.

[41 FR 38510, Sept. 10, 1976]

**§ 20.83 Inspection of premises.**

No migratory bird preservation facility shall prevent any person authorized to enforce this part from entering such facilities at all reasonable hours and inspecting the records and the premises where such operations are being carried.

[41 FR 31537, July 19, 1976]

**Subpart J—Feathers or Skins****§ 20.91 Commercial use of feathers.**

Any person may possess, purchase, sell, barter, or transport for the making of fishing flies, bed pillows, and mattresses, and for similar commercial uses the feathers of migratory waterfowl (ducks, geese, brant, and swans) killed by hunting pursuant to this part, or seized and condemned by Federal or State game authorities, except that:

(a) No person shall purchase, sell, barter, or offer to purchase, sell, or barter for millinery or ornamental use the feathers of migratory game birds taken under authority of this part; and

(b) No person shall purchase, sell, barter, or offer to purchase, sell, or barter mounted specimens of migratory game birds taken under authority of this part.

[38 FR 22021, Aug. 15, 1973, as amended at 45 FR 70275, Oct. 23, 1980]

**§ 20.92 Personal use of feathers or skins.**

Any person for his own use may possess, transport, ship, import, and export without a permit the feathers and skins of lawfully taken migratory game birds.

**Subpart K—Annual Seasons, Limits, and Shooting Hours Schedules****§ 20.100 General provisions.**

(a) The taking, possession, transportation, and other uses of migratory game birds by hunters is generally prohibited unless it is specifically provided for under regulations developed in accordance with the Migratory Bird Treaty Act. Consequently, hunting is prohibited unless regulatory schedules

are established for seasons, daily bag and possession limits, and shooting (or hawking) hours. Migratory game bird population levels, including production and habitat conditions, vary annually. These conditions differ over North America, and within the United States, by flyways, States, and frequently areas within States. Thus, it is necessary to make annual adjustments in the schedules to limit the harvests of migratory game birds to permissible levels.

(b) The development of these schedules involves annual data gathering programs to determine migratory game bird population status and trends, evaluations of habitat conditions, harvest information, and other factors having a bearing on the anticipated size of the fall flights of these birds. The proposed hunting schedules are announced early in the spring, and following consideration of additional information as it becomes available, as well as public comment, they are modified and published as supplemental proposals. These are also open to public comment. Public hearings are held for the purpose of providing additional opportunity for public participation in the rulemaking process.

**§ 20.101 Seasons, limits and shooting hours for Puerto Rico and the Virgin Islands.**

This section provides for the annual hunting of certain doves, pigeons, ducks, coots, gallinules and snipe in Puerto Rico; and for certain doves, pigeons and ducks in the Virgin Islands. In these Commonwealths, the hunting of waterfowl and coots (and other certain species, as applicable) must be with the use of nontoxic shot beginning in the 1991–92 waterfowl season.

## Subpart L—Administrative and Miscellaneous Provisions

### § 20.131 Extension of seasons.

Whenever the Secretary shall find that emergency State action to prevent forest fires in any extensive area has resulted in the shortening of the season during which the hunting of any species of migratory game bird is permitted and that compensatory extension or reopening the hunting season for such birds will not result in a diminution of the abundance of birds to any greater extent than that contemplated for the original hunting season, the hunting season for the birds so affected may, subject to all other provisions of this subchapter, be extended or reopened by the Secretary upon request of the chief officer of the agency of the State exercising administration over

wildlife resources. The length of the extended or reopened season in no event shall exceed the number of days during which hunting has been so prohibited. The extended or reopened season will be publicly announced.

### § 20.132 Subsistence use in Alaska.

In Alaska, any person may, for subsistence purposes, take, possess, and transport, in any manner, from September 1 through April 1, snowy owls and cormorants for food and their skins for clothing, but birds and their parts may not be sold or offered for sale.

[68 FR 43027, July 21, 2003]

### § 20.133 Hunting regulations for crows.

(a) Crows may be taken, possessed, transported, exported, or imported, only in accordance with such laws or regulations as may be prescribed by a State pursuant to this section.

(b) Except in the State of Hawaii, where no crows shall be taken, States may by statute or regulation prescribe a hunting season for crows. Such State statutes or regulations may set forth the method of taking, the bag and possession limits, the dates and duration of the hunting season, and such other regulations as may be deemed appropriate, subject to the following limitations for each State:

(1) Crows shall not be hunted from aircraft;

(2) The hunting season or seasons on crows shall not exceed a total of 124 days during a calendar year;

(3) Hunting shall not be permitted during the peak crow nesting period within a State; and

(4) Crows may only be taken by firearms, bow and arrow, and falconry.

### § 20.134 Nontoxic shot.

(a) *Approval.* (1) The information collection requirements contained in § 20.134 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 *et seq.* and assigned clearance number 1018-0067. The information is being collected to provide a basis for which the Director, Fish and Wildlife Service, can conduct a methodical and objective review to approve/disapprove

nontoxic shot status sought by an applicant. The information will be used for toxicity assessment of candidate shot submitted for approval by applicant. Response is required to obtain a benefit.

(2) The Director, U.S. Fish and Wildlife Service, shall determine that a specific type of shot material is acceptable for the purposes of 50 CFR 20.21(j), if after a review of applications and supporting data submitted in accordance with this section, together with all other relevant evidence, including public comment, it is concluded that the spent shot material does not impose a significant danger to migratory birds and other wildlife or their habitats.

(b) *Application and review—Tiered strategy for approval of nontoxic shot and shot coating.* (1) All applications for approval under this section must be submitted with supporting documentation to the Director in accordance with the following procedures and must include at a minimum the supporting materials and information covered by Tier 1 in the tiered approval system as follows:

(2) *Tier 1.* (i)(A) Applicant provides statements of use, chemical characterization, production variability, volume of use of candidate material and shot sample as listed in paragraphs (b)(2)(i)(A)(1) through (5), (b)(2)(i)(B)(1) through (5), and (b)(2)(i)(C)(1) through (3) of this section. The candidate shot or shot coating may be chemically analyzed by the Service or an independent laboratory to compare the results with the applicant's descriptions of shot composition and composition variability. Rejection of the application will occur if it is incomplete or if the composition of the candidate material, upon analysis, varies significantly from that described by the applicant.

(1) Statement of proposed use, i.e., purpose and types.

(2) Description of the chemical composition of the intact material.

(i) Chemical names, Chemical Abstracts Service numbers (if available), and structures.

(ii) Chemical characterization for organics and organometallics for coating and core [e.g., empirical formula, melting point, molecular weight, solu-

bility, specific gravity, partition coefficients, hydrolysis half-life, leaching rate (in water and soil), degradation half-life, vapor pressure, stability and other relevant characteristics].

(iii) Composition and weight of shot material.

(iv) Thickness, quantity (e.g., mg/shot), and chemical composition of shot coating.

(3) Statement of the expected variability of shot during production.

(4) Estimate of yearly volume of candidate shot and/or coated shot expected for use in hunting migratory birds in the U.S.

(5) Five pounds of the candidate shot and/or coated shot, as applicable, in size equivalent to United States standard size No. 4 (0.13 inches in diameter).

(B) Applicant provides information on the toxicological effects of the shot or shot coating as follows:

(1) A summary of the acute and chronic mammalian toxicity data of the shot or shot coating ranking its toxicity (e.g., LD50 < 5 mg/kg = super toxic, 5–50 mg/kg = extremely toxic, 50–500 mg/kg = very toxic, 500–5,000 mg/kg = moderately toxic, 5,000–15,000 = slightly toxic, > 15,000 mg/kg = practically nontoxic) with citations.

(2) A summary of known acute, chronic, and reproductive toxicological data of the chemicals comprising the shot or shot coating with respect to birds, particularly waterfowl (include LD50 or LC50 data, and sublethal effects) with citations.

(3) A narrative description, with citations to relevant data, predicting the toxic effect in waterfowl of complete erosion and absorption of one shot or coated shot in a 24-hour period. Define the nature of toxic effect (e.g., mortality, impaired reproduction, substantial weight loss, disorientation and other relevant associated clinical observations).

(4) A statement, with supporting rationale and citations to relevant data, that there is or is not any reasonable basis for concern for shot or coated shot ingestion by fish, amphibians, reptiles or mammals. If there is some recognized impact on fish, amphibians, reptiles, or mammals, the Service may require additional study.

(5) Summarize the toxicity data of chemicals comprising the shot or shot coating to aquatic and terrestrial invertebrates, fish, amphibians, reptiles, and mammals.

(C) Applicant provides information on the environmental fate and transport, if any, of the shot or shot coating as follows:

(1) A statement of the alteration of the shot or shot coating, chemically or physically, upon firing. The statement must describe any alterations.

(2) An estimate of the environmental half-life of the organic or organometallic component of the shot or shot coating, and a description of the chemical form of the breakdown products.

(3) Information on the Estimated Environmental Concentration (EEC) assuming 69,000 shot per hectare (Bellrose 1959; Pain 1990) for:

(i) A terrestrial ecosystem, assuming complete dissolution of material in 5 cm of soil. What would be the EEC and would that EEC exceed existing clean soil standards? (Environmental Protection Agency [EPA] standards for the Use of Disposal of Sewage Sludge; 40 CFR Part 503). How does the estimated EEC relate to the toxicity threshold for plants, invertebrates, fish and wildlife?

(ii) An aquatic ecosystem, assuming complete dissolution of the shot or shot coating in 1 cubic foot of water. What is the estimated EEC, and how does it compare to the EPA Water Quality Criteria and toxicity thresholds in plants, invertebrates, fish and wildlife?

(D) *Service evaluation of an application.* (1) In reviewing the submission, the Service will use an exceedence of 1 LD50/square foot as the level of concern (U.S.E.P.A. 1992) as a criteria in the risk assessment.

(2) In cooperation with the applicant, the Service will conduct a risk assessment using the Quotient Method (Environmental Protection Agency 1986): Risk = EEC/Toxicological Level of Concern Compare EEC in ppm to an effect level (e.g., LD50 in ppm. If  $Q < 0.1$  = No Adverse Effects; If  $0.1 \leq Q \leq 10.0$  = Possible Adverse Effects; If  $Q > 10.0$  = Probable Adverse Effects.

(3) Upon receipt of the Tier 1 application, the Director will review it to determine if the submission is complete. If complete, the applicant is notified within 30 days of receipt that a thorough review of the application will commence. A *Notice of Application* will appear in the FEDERAL REGISTER announcing the initiation of review of a Tier 1 application. Complete review of a Tier 1 application will occur within 60 days of the date the *Notice of Application* is published in the FEDERAL REGISTER.

(E) If, after review of the Tier 1 data, the Service does not conclude that the shot or shot coating does not impose a significant danger to migratory birds, other wildlife, and their habitats, the applicant is advised to proceed with the additional testing described for Tier 2, Tier 3, or both. A *Notice of Review* will inform the public that Tier 1 test results are inconclusive, and Tier 2, Tier 3, or both testing are required before further consideration.

(F) If review of the Tier 1 data results in a preliminary determination that the candidate material does not impose a significant danger to migratory birds, other wildlife, and their habitats, the Director will publish in the FEDERAL REGISTER a proposed rule stating the Service's intention to approve this shot or shot coating based on the toxicological report and toxicity studies. The rulemaking will include a description of the chemical composition of the candidate shot or shot coating, and a synopsis of findings under the standards required for Tier 1. If, at the end of the comment period, the Service finds no technical or scientific basis upon which to alter its conclusion, the candidate material will be approved by the publication of a final rule in the FEDERAL REGISTER. If, after receiving public comment, the Service determines that all available information does not establish that the shot and/or shot coating does not impose a significant danger to migratory birds, other wildlife, and their habitats, Tier 2, Tier 3, or both testing will be required and a *Notice of Review* will appear in the FEDERAL REGISTER. If only one of these two Tier tests are required, the Service will explain in the notice why the other is not required. If

the applicant chooses not to proceed, the determination denying approval will appear in the FEDERAL REGISTER.

(ii) [Reserved]

(3) *Tier 2.* (i) If Tier 2 testing is required, the applicant must submit a plan that addresses paragraph (b)(3)(ii) requirements. The Director will review the Tier 2 testing plan submitted by the applicant within 30 days of receipt. The Director may decline to approve the plan, or any part of it, if deficient in any manner with regard to timing, format or content. The Director shall apprise the applicant regarding what parts, if any, of the submitted testing procedures to disregard and any modifications to incorporate into the Tier 2 testing plan in order to gain plan approval. All testing procedures will be in compliance with the Good Laboratory Practices Standards (40 CFR part 160) except where they conflict with the regulations in this section or with a provision of an approved plan. The Director, or authorized representative, may elect to inspect the applicant's laboratory facilities and may decline to approve the plan and further consideration of the candidate shot if the facility does not meet the Good Laboratory Practices Standards. After the plan is accepted, Tier 2 testing will commence. Required analyses and reports, in accordance with the regulations in this section, must be sent to the Director. The applicant will ensure that copies of all the raw data and statistical analyses accompany the laboratory reports and final comprehensive report of this test.

(ii) Evaluation of the candidate shot or shot coating will first be in a standardized test under *in vitro* conditions (see paragraph (b)(3)(ii)(A)) that will assess its erosion and any release of components into a liquid medium in an environment simulating *in vivo* conditions of a waterfowl gizzard. Erosion characteristics are to be compared with those of lead shot and steel shot of comparable size. Following the erosion rate testing, the applicant must conduct a 30-day acute toxicity test in mallards, and a test to determine the candidate shot and/or shot coating effects on selected inver-

tebrates and fish and include the results in the report for the Director.

(A) *In vitro erosion rate test.* Conduct a standardized *in vitro* test to determine erosion rate of the candidate shot or shot coating using the guidelines in Kimball and Munir (1971), unless otherwise provided by the Service.

(1) *Typical test materials:* Atomic absorption spectrophotometer; Drilled aluminum block to support test tubes; Thermostatically controlled stirring hot plate; Small Teflon®-coated magnets; Hydrochloric acid (pH 2.0) and pepsin; Capped test tubes; and Lead, steel and candidate shot/coated shot.

(2) *Typical test procedures.* Add hydrochloric acid and pepsin to each capped test tube at a volume and concentration that will erode a single No. 4 lead shot at a rate of 5 mg/day. Place three test tubes, each containing either lead shot, steel shot or candidate shot and/or coated shot, in an aluminum block on the stirring hot plate. Add a Teflon® coated magnet to each test tube and set the hot plate at 42 degrees centigrade and 500 revolutions per minute. Determine the erosion of shot or coated shot daily for 14 consecutive days by weighing the shot and analyzing the digestion solution with an atomic absorption spectrophotometer. Replicate the 14-day procedure five times.

(3) *Typical test analyses.* Compare erosion rates of the three types of shot by appropriate analysis of variance and regression procedures. The statistical analysis will determine whether the rate of erosion of the shot and/or shot coating is significantly greater or less than that of lead and steel. This determination is important to any subsequent toxicity testing.

(B) *Acute toxicity test—Tier 2 (Short-term, 30-day acute toxicity test using a commercially available duck food.).* Over a 30-day period, conduct a short-term acute toxicity test that complies with the guidelines described as follows or as otherwise provided by the Service:

(1) *Typical test materials:* 30 male and 30 female hand-reared mallards approximately 6 to 8 months old (mallards must have plumage and body conformation that resemble wild mallards); 60 elevated outdoor pens equipped with feeders and waterers;

Laboratory equipped to perform fluoroscopy, required blood and tissue assays, and necropsies; Commercial duck maintenance mash; and Lead, steel and candidate shot.

(2) *Typical test procedures.* House mallards individually in pens and give *ad libitum* access to food and water. After 3 weeks, randomly assign to 3 groups (10 males and 10 females/group), dose with eight pellets of either No. 4 lead shot (positive control), steel shot (negative control), or the candidate shot or coated shot. Fluoroscope birds at 1 week after dosage to check for shot retention. Observe birds daily for signs of intoxication and mortality over a 30-day period. Determine body weight at the time of dosing, and at days 15 and 30 of the test. On days 15 and 30, collect blood by venipuncture, determine hematocrit, hemoglobin concentration and other specified blood chemistries. Sacrifice all survivors on day 30. Remove the liver and other appropriate organs from the sacrificed birds and from birds that died prior to sacrifice on day 30 for histopathological analysis. Analyze the organs for lead and compounds contained in the candidate shot or coated shot. Necropsy all birds to determine any pathological conditions.

(3) *Typical test analyses.* Analyze mortality among the specified groups with appropriate chi-square statistical procedures. Analyze physiological data and tissue contaminant data by analysis of variance or other appropriate statistical procedures to include the factors of shot type and sex. Compare sacrificed birds and birds that died prior to sacrifice whenever sample sizes are adequate for meaningful comparison.

(C) *Daphnid and fish early-life toxicity tests.* Determine the toxicity of the compounds that comprise the shot or shot coating (at conditions maximizing solubility without adversely affecting controls) to selected invertebrates and fish. These methods are subject to the environmental effects test regulations developed under the authority of the Toxic Substances Control Act (15 U.S.C. 2601 *et seq.*), as follows:

(1) The first test, the *Daphnid Acute Toxicity Test* (conducted in accordance with 40 CFR 797.1300), is a guideline for use in developing data on the acute

toxicity of chemical substances. This guideline prescribes an acute toxicity test in which Daphnid exposure to a chemical in static and flow-through systems, with the agencies assessing the hazard the compound(s) may present to an aquatic environment.

(2) The second test is the *Daphnid Chronic Toxicity Test* (conducted in accordance with 40 CFR 797.1330). This gathers data on the chronic toxicity of chemical substances in which Daphnids (*Daphnia* spp.) are exposed to a chemical in a renewal or flow-through system. The data from this test are again used to assess the hazard that the compound(s) may present to an aquatic environment.

(3) A third test, *Fish Early Life Stage Toxicity Test* (conducted in accordance with 40 CFR Section 797.1600), assesses the adverse effects of chemical substances to fish in the early stages of their growth and development. Data from this test are used to determine the hazard the compound(s) may present to an aquatic environment.

(iii) After the Tier 2 testing, the applicant will report the results to the Director. If, after review of the Tier 2 data, the Service determines that the information does not establish that the shot or shot coating does not impose a significant danger to migratory birds, other wildlife, and their habitats, the applicant is advised to proceed with the additional testing in Tier 3. A *Notice of Review* advises the public that, in conjunction with Tier 1 data, Tier 2 test results are inconclusive and Tier 3 testing is required for continued consideration.

(iv) If review of the Tier 2 test data results in a preliminary determination that the candidate shot or shot coating does not impose a significant danger to migratory birds, other wildlife, and their habitats, the Director will publish in the FEDERAL REGISTER a proposed rule stating the Service's intention to approve this shot and/or coating and why Tier 3 testing is unnecessary. The rulemaking will include a description of chemical composition of the shot or shot coating, and a synopsis of findings under the standards required at Tier 2. If, at the end of the comment period, the Service finds no technical or scientific basis upon which

to deny approval, the candidate shot or shot coating approval is published as a final rule in the FEDERAL REGISTER. If, as a result of the comment period, the Service determines that the information does not establish that the shot and/or shot coating does not impose a significant danger to migratory birds, other wildlife, and their habitats, Tier 3 testing will be required and a *Notice of Review* published in the FEDERAL REGISTER. If the applicant chooses not to proceed, the determination denying approval of the candidate shot or shot coating will appear in the FEDERAL REGISTER.

(4) *Tier 3.* (i) If the Director determines that the Tier 1 or Tier 2 information is inconclusive, the Director will notify the applicant to submit a Tier 3 testing plan for conducting further testing as outlined in paragraphs (b)(4)(i) (A) and (B) of this section. Review, by the Director, of the Tier 3 testing plan submitted by the applicant will occur within 30 days of receipt. The Director may decline to approve the plan, or any part of it, if deficient in any manner with regard to timing, format or content. The Director shall apprise the applicant regarding what parts, if any, of the submitted testing procedure to disregard and any modifications to incorporate into the Tier 3 plan in order to gain plan approval. All testing procedures should be in compliance with the Good Laboratory Practices Standards (40 CFR part 160), except where they conflict with the regulations in this section or with a provision of an approved plan. The Director, or authorized representative, may elect to inspect the applicant's laboratory facilities and may decline to approve the plan and further consideration of the candidate shot and/or shot coating if the facility is not in compliance with the Good Laboratory Practices Standards. After acceptance of the plan, Tier 3 testing will commence. Required analyses and reports must be sent to the Director. The applicant will ensure that copies of all the raw data and statistical analyses accompany the laboratory reports and final comprehensive report of this test.

(A) *Chronic toxicity test—Tier 3 (Long-term toxicity test under depressed temperature conditions using a nutritionally-*

*deficient diet).* Conduct a chronic exposure test under adverse conditions that complies with the general guidelines described as follows unless otherwise provided by the Service:

(1) *Typical test materials:* 36 male and 36 female hand-reared mallards approximately 6 to 8 months old (Mallards must have plumage and body conformation that resembles wild mallards); 72 elevated outdoor pens equipped with feeders and waterers; Laboratory equipped to perform fluoroscopy, required blood and tissue assays, and necropsies; Whole kernel corn; and Lead, steel, and candidate shot or coated shot.

(2) *Typical test procedures.* (i) Conduct this test at a location where the mean monthly low temperature during December through March is between 20 and 40 degrees Fahrenheit (–6.6 and 4.4 degrees centigrade, respectively). Assign individual mallards to elevated outdoor pens during the first week of December and acclimate to an *ad libitum* diet of whole kernel corn for 2 weeks. Randomly assign birds to 5 groups (lead group of 4 males and 4 females, 4 other groups of 8 males and 8 females/group). Dose the lead group (positive control) with one size No. 4 pellet of lead shot. Dose one group (8 males and 8 females) with eight size No. 4 pellets of steel shot (negative control) and dose the 3 other groups (8 males and 8 females/group) with one, four and eight size No. 4 pellets of candidate shot or coated shot.

(ii) Weigh and fluoroscope birds weekly. Weigh all recovered shot to measure erosion. Determine blood parameters given in the 30-day acute toxicity test. Provide body weight and blood parameter measurements on samples drawn at 24 hours after dosage and at the end of days 30 and 60. At the end of 60 days, sacrifice all survivors. Remove the liver and other appropriate organs from sacrificed birds and birds dying prior to sacrifice on day 60 for histopathological analysis. Analyze organs for lead and other metals potentially contained in the candidate shot or shot coating. Necropsy all birds that died prior to sacrifice to determine pathological conditions associated with death.

(3) *Typical test analyses.* Analyze mortality among the specified groups with appropriate chi-square statistical procedures. Any effects on the previously mentioned physiological parameters caused by the shot or shot coating must be significantly less than those caused by lead shot and must not be significantly greater than those caused by steel shot. Analyze physiological data and tissue contaminant data by analysis of variance or appropriate statistical procedures to include the factors of shot type, dose and sex. Compare sacrificed birds and birds that died prior to sacrifice whenever sample sizes are adequate for a meaningful comparison.

(B) *Chronic dosage study—Tier 3 (Moderately long-term study that includes reproductive assessment).* Conduct chronic exposure reproduction trial with the general guidelines described as follows unless otherwise provided by the Service:

(1) *Typical test materials:* 44 male and 44 female hand-reared first year mallards (Mallards must have plumage and body conformation that resemble wild mallards); Pens suitable for quarantine and acclimation and for reasonably holding 5-10 ducks each; 44 elevated, pens equipped with feeders, waterers and nest boxes; Laboratory equipped to perform fluoroscopy, required blood and tissue assays, and necropsies; Whole kernel corn, and commercial duck maintenance and breeder mash; and Lead, steel and candidate shot or coated shot.

(2) *Typical test procedures.* (i) Randomly assign mallards to 3 groups (Lead group = 4 males and 4 females; steel group = 20 males and 20 females; candidate shot/coated shot group = 20 males and 20 females) in December and hold in same-sex groups until mid-January (dates apply to outdoor test facility only and will reflect where in the U.S. tests are conducted). Tests conducted in the southern U.S. will need to be completed in low temperature units. After a 3-week acclimation period with ducks receiving commercial maintenance mash, provide birds with an *ad libitum* diet of corn for 60 days and then pair birds (one pair/pen) and provide commercial breeder mash. Dosing of the 3 groups with one pellet of

No. 4 lead shot (positive control); eight pellets of No. 4 steel shot (negative control); and eight pellets of No. 4 candidate shot or coated shot will occur after the acclimation period (day 0) and redosed after 30, 60, and 90 days. Few, if any, of the lead-dosed birds (positive control) should survive and reproduce.

(ii) Fluoroscope birds 1 week after dosage to check for shot retention. Weigh males and females the day of initial dosing (day 0), at each subsequent dosing, and at death. Measure blood parameters identified in the 30-Day Acute Toxicity Test in this test using samples drawn at time of weighing. Note the date of first egg and the mean number of days per egg laid. Conclude laying after 21 normal, uncracked eggs are laid or after 150 days. Sacrifice adults after completion of laying period. Remove the liver and other appropriate organs from sacrificed birds and from other birds that died prior to sacrifice for histopathological analysis. Analyze organs and the 11th egg for compounds contained in the shot or shot coating. Necropsy all birds to determine any pathological conditions. Check nests daily to collect eggs. Discard any eggs laid before pairing. Artificially incubate eggs and calculate the percent shell thickness, percent eggs cracked, percent fertility (as determined by candling), and percent hatch of fertile eggs for each female. Provide ducklings with starter mash after hatching. Sacrifice all ducklings at 14 days of age. Measure survival to day 14 and weight of the ducklings at hatching and sacrifice. Measure blood parameters identified in the 30-Day Acute Toxicity Test using samples drawn at sacrificing.

(3) *Typical test analyses.* (i) Any mortality, reproductive inhibition or effects on the physiological parameters in paragraph (b)(4) by the shot or shot coating must not be significantly greater than those caused by steel shot. Percentage data is subject to an arcsine, square root transformation prior to statistical analyses. Physiological and reproductive data is analyzed by one-tailed *t*-tests ( $\alpha=0.05$ ), or other appropriate statistical procedures by the applicant.

## § 20.151

(ii) After conclusion of Tier 3 testing, the applicant must report the results to the Director. If after review of the Tier 3 data (completion 60 days after receipt of material) the Service determines that all of the information gathered and submitted in accordance with Tiers 1, 2, and 3, as applicable, does not establish that the shot or shot coating does not impose a significant danger to migratory birds, other wildlife, and their habitats, the applicant will have the option of repeating the tests that the Director deems are inconclusive. If the applicant chooses not to repeat the tests, approval of the candidate shot or shot coating is denied. A *Notice of Review* will inform the public that Tier 3 results are inconclusive, the applicant's decision not to repeat Tier 3 testing, and the Service's subsequent denial of the shot or shot coating.

(iii) If review of either the initial or repeated Tier 3 test data results in a preliminary determination that the shot or shot coating does not impose a significant danger to migratory birds, other wildlife and their habitats, the Director will publish in the FEDERAL REGISTER a proposed rule stating the Service's intention to approve this shot or shot coating and providing the public with the opportunity to comment. The rulemaking will include a description of the chemical composition of the shot or shot coating and a synopsis of findings under the standards required by Tier 3. If at the end of the comment period, the Service concludes that the shot or shot coating does not impose a significant danger to migratory birds, other wildlife, or their habitats, the shot or shot coating will be approved as nontoxic with publication of a final rule in the FEDERAL REGISTER.

(5) *Residual lead levels.* The Service's maximum environmentally acceptable level of lead in shot is trace amounts or <1 percent. Any shot manufactured with lead levels equal to or exceeding 1 percent are considered toxic and, therefore, illegal.

(6) *Field detection device.* Before approval of any shot for use in migratory game bird hunting, a noninvasive field testing device must be available for enforcement officers to determine the

shot material in a given shell in the field.

### Subpart M [Reserved]

### Subpart N—Special Procedures for Issuance of Annual Hunting Regulations

SOURCE: 46 FR 62079, Dec. 22, 1981, unless otherwise noted.

#### § 20.151 Purpose and scope.

The rules of this subpart N apply to the issuance of the annual regulations establishing seasons, bag limits, and other requirements for the seasonal hunting of migratory birds. The rules of this subpart N do not apply to the issuance of regulations under part 21 of this title or under subparts A through J and L through M of this part 20.

#### § 20.152 Definitions.

As used in this subpart N:

(a) *Flyway Council* means the Atlantic, Mississippi, Central, or Pacific Flyway Council;

(b) *Regulations Committee* means the Migratory Bird Regulations Committee of the Fish and Wildlife Service; and

(c) *Significant*, as used in reference to a communication or other form of information or data, means related to the merits of the regulation and received, utilized, or transmitted by an official of the Department who is or may reasonably be expected to be involved in the decisional process on the regulation.

#### § 20.153 Regulations committee.

(a) *Notice of meetings.* Notice of each meeting of the Regulations Committee to be attended by any person outside the Department will be published in the FEDERAL REGISTER at least two weeks before the meeting. The notice will state the time, place, and general subject(s) of the meeting, as well as the extent of public involvement.

(b) *Public observation and written comment.* Each meeting of the Regulations

Committee for which notice is published pursuant to paragraph (a) of this section will be open to the public for observation and the submission of written comments.

(c) *Public participation.* Except for the mid-summer meetings held in Washington, DC, in conjunction with the public hearing on waterfowl and other late season frameworks, the public may participate in any meeting of the Regulations Committee for which notice is published pursuant to paragraph (a) of this section through the submission of oral statements that comply with the rules stated in the notice.

(d) *Minutes of meetings.* Minutes will be made of each meeting of the Regulations Committee for which notice is published pursuant to paragraph (a) of this section.

#### § 20.154 Flyway Councils.

(a) *Notice of meetings.* Notice of each meeting of a Flyway Council to be attended by any official of the Department will be published in the FEDERAL REGISTER at least two weeks before the meeting or as soon as practicable after the Department learns of the meeting. The notice will state the time, place, and general subject(s) of the meeting.

(b) [Reserved]

#### § 20.155 Public file.

(a) *Establishment.* A public file will be established for each rulemaking to which this subpart N is applicable.

(b) *Contents.* Except for information exempt from disclosure under 5 U.S.C. 552, a public file established pursuant to paragraph (a) of this section will contain:

(1) The minutes of Regulations Committee meetings made pursuant to paragraph (d) of § 20.153;

(2) Any written comments and other significant written communications which occur after the notice of proposed rulemaking;

(3) Summaries, identifying the source, of any significant oral communications which occur after the notice of proposed rulemaking; and

(4) Copies of or references to any other significant data or information.

### Subpart A—Introduction

#### § 21.1 Purpose of regulations.

The regulations contained in this part supplement the general permit regulations of part 13 of this subchapter with respect to permits for the taking, possession, transportation, sale, purchase, barter, importation, exportation, and banding or marking of migratory birds. This part also provides certain exceptions to permit requirements for public, scientific, or educational institutions, and establishes depredation orders which provide limited exceptions to the Migratory Bird Treaty Act (16 U.S.C. 703–712).

[54 FR 38150, Sept. 14, 1989]

#### § 21.2 Scope of regulations.

(a) Migratory birds, their parts, nests, or eggs, lawfully acquired prior to the effective date of Federal protection under the Migratory Bird Treaty Act (16 U.S.C. 703–712) may be possessed or transported without a permit, but may not be imported, exported, purchased, sold, bartered, or offered for purchase, sale or barter, and all shipments of such birds must be marked as provided by part 14 of this subchapter: *Provide*, no exemption from any statute or regulation shall accrue to any offspring of such migratory birds.

(b) This part, except for § 21.12(a), (c), and (d) (general permit exceptions); § 21.22 (banding or marking); § 21.29 (Federal falconry standards); and § 21.31 (rehabilitation), does not apply to the bald eagle (*Haliaeetus leucocephalus*) or the golden eagle (*Aquila chrysaetos*), for which regulations are provided in part 22 of this subchapter.

(c) The provisions of this part are in addition to, and are not in lieu of other regulations of this subchapter B which may require a permit or prescribe additional restrictions or conditions for the importation, exportation, and interstate transportation of wildlife (see also part 13).

#### § 21.3 Definitions.

In addition to definitions contained in part 10 of this chapter, and unless the context requires otherwise, as used in this part:

*Bred in captivity* or *captive-bred* refers to raptors, including eggs, hatched in captivity from parents that mated or otherwise transferred gametes in captivity.

*Captivity* means that a live raptor is held in a controlled environment that is intensively manipulated by man for the purpose of producing raptors of selected species, and that has boundaries designed to prevent raptors, eggs or gametes of the selected species from entering or leaving the controlled environment. General characteristics of captivity may include, but are not limited to, artificial housing, waste removal, health care, protection from predators, and artificially supplied food.

*Falconry* means the sport of taking quarry by means of a trained raptor.

*Raptor* means a live migratory bird of the Order *Falconiformes* or the Order *Strigiformes*, other than a bald eagle (*Haliaeetus leucocephalus*) or a golden eagle (*Aquila chrysaetos*).

*Resident Canada geese* means Canada geese that nest within the lower 48 States in the months of March, April, May, or June, or reside within the lower 48 States and the District of Columbia in the months of April, May, June, July, or August.

*Service* or *we* means the U.S. Fish and Wildlife Service, Department of the Interior.

[48 FR 31607, July 8, 1983, as amended at 64 FR 32774, June 17, 1999; 71 FR 45986, Aug. 10, 2006]

**§21.4 Information collection requirements.**

(a) The Office of Management and Budget approved the information collection requirements contained in this part 21 under 44 U.S.C. 3507 and assigned OMB Control Number 1018-0022. The Service may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number. We are collecting this information to provide information necessary to evaluate permit applications. We will use this information to review permit applications and make decisions, according to criteria established in the Migratory Bird Treaty Act, 16 U.S.C. 703-712 and its regulations, on the issuance, suspension, revocation, or denial of permits. You must respond to obtain or retain a permit.

(b) We estimate the public reporting burden for these reporting requirements to vary from 15 minutes to 4 hours per response, with an average of 0.803 hours per response, including time for reviewing instructions, gathering and maintaining data, and completing and reviewing the forms. Direct comments regarding the burden estimate or any other aspect of these reporting requirements to the Service Information Collection Control Officer, MS-222 ARLSQ, U.S. Fish and Wildlife Service, Washington, DC 20240, or the Office of Management and Budget, Paperwork Reduction Project (1018-0022), Washington, DC 20603.

[63 FR 52637, Oct. 1, 1998]

**Subpart B—General Requirements and Exceptions****§21.11 General permit requirements.**

No person may take, possess, import, export, transport, sell, purchase, barter, or offer for sale, purchase, or barter, any migratory bird, or the parts, nests, or eggs of such bird except as may be permitted under the terms of a valid permit issued pursuant to the provisions of this part and part 13 of this chapter, or as permitted by regulations in this part, or part 20 of this subchapter (the hunting regulations), or part 92 of subchapter G of this chapter (the Alaska subsistence harvest regula-

tions). Birds taken or possessed under this part in “included areas” of Alaska as defined in §92.5(a) are subject to this part and not to part 92 of subchapter G of this chapter.

[68 FR 43027, July 21, 2003]

**§21.12 General exceptions to permit requirements.**

The following exceptions to the permit requirement are allowed.

(a) Employees of the Department of the Interior authorized to enforce the provisions of the Migratory Bird Treaty Act of July 3, 1918, as amended (40 Stat. 755; 16 U.S.C. 703-711), may, without a permit, take or otherwise acquire, hold in custody, transport, and dispose of migratory birds or their parts, nests, or eggs as necessary in performing their official duties.

(b) State game departments, municipal game farms or parks, and public museums, public zoological parks, accredited institutional members of the American Association of Zoological Parks and Aquariums (AAZPA) and public scientific or educational institutions may acquire by gift or purchase, possess, transport, and by gift or sale dispose of lawfully acquired migratory birds or their progeny, parts, nests, or eggs without a permit: *Provided*, That such birds may be acquired only from persons authorized by this paragraph or by a permit issued pursuant to this part to possess and dispose of such birds, or from Federal or State game authorities by the gift of seized, condemned, r sick or injured birds. Any such birds, acquired without a permit, and any progeny therefrom may be disposed of only to persons authorized by this paragraph to acquire such birds without a permit. Any person exercising a privilege granted by this paragraph must keep accurate records of such operations showing the species and number of birds acquired, possessed, and disposed of; the names and addresses of the persons from whom such birds were acquired or to whom such birds were donated or sold; and the dates of such transactions. Records shall be maintained or reproducible in English on a calendar year basis and shall be retained for a period of five (5) years following the end of the calendar year covered by the records.

## §21.13

(c) Employees of Federal, State, and local wildlife and land management agencies; employees of Federal, State, and local public health agencies; and laboratories under contract to such agencies may in the course of official business collect, possess, transport, and dispose of sick or dead migratory birds or their parts for analysis to confirm the presence of infectious disease. Nothing in this paragraph authorizes the take of uninjured or healthy birds without prior authorization from the Service. Additionally, nothing in this paragraph authorizes the taking, collection, or possession of migratory birds when circumstances indicate reasonable probability that death, injury, or disability was caused by factors other than infectious disease and/or natural toxins. These factors may include, but are not limited to, oil or chemical contamination, electrocution, shooting, or pesticides. If the cause of death of a bird is determined to be other than natural causes or disease, Service law enforcement officials must be contacted without delay.

(d) Licensed veterinarians are not required to obtain a Federal migratory bird permit to temporarily possess, stabilize, or euthanize sick and injured migratory birds. However, a veterinarian without a migratory bird rehabilitation permit must transfer any such bird to a federally permitted migratory bird rehabilitator within 24 hours after the bird's condition is stabilized, unless the bird is euthanized. If a veterinarian is unable to locate a permitted rehabilitator within that time, the veterinarian must contact his or her Regional Migratory Bird Permit Office for assistance in locating a permitted migratory bird rehabilitator and/or to obtain authorization to continue to hold the bird. In addition, veterinarians must:

(1) Notify the local U.S. Fish and Wildlife Service Ecological Services Office immediately upon receiving a threatened or endangered migratory bird species. Contact information for Ecological Services offices can be located on the Internet at <http://offices.fws.gov>;

(2) Euthanize migratory birds as required by §21.31(e)(4)(iii) and §21.31(e)(4)(iv), and dispose of dead mi-

gratory birds in accordance with §21.31(e)(4)(vi); and

(3) Keep records for 5 years of all migratory birds that die while in their care, including those they euthanize. The records must include: the species of bird, the type of injury, the date of acquisition, the date of death, and whether the bird was euthanized.

[39 FR 1178, Jan. 4, 1974, as amended at 50 FR 8638, Mar. 4, 1985; 54 FR 38151, Sept. 14, 1989; 68 FR 61137, Oct. 27, 2003]

### §21.13 Permit exceptions for captive-reared mallard ducks.

Captive-reared and properly marked mallard ducks, alive or dead, or their eggs may be acquired, possessed, sold, traded, donated, transported, and disposed of by any person without a permit, subject to the following conditions, restrictions, and requirements:

(a) Nothing in this section shall be construed to permit the taking of live mallard ducks or their eggs from the wild.

(b) All mallard ducks possessed in captivity, without a permit, shall have been physically marked by at least one of the following methods prior to 6 weeks of age and all such ducks hatched, reared, and retained in captivity thereafter shall be so marked prior to reaching 6 weeks of age.

(1) Removal of the hind toe from the right foot.

(2) Pinioning of a wing: *Provided*, That this method shall be the removal of the metacarpal bones of one wing or a portion of the metacarpal bones which renders the bird permanently incapable of flight.

(3) Banding of one metatarsus with a seamless metal band.

(4) Tattooing of a readily discernible number or letter or combination thereof on the web of one foot.

(c) When so marked, such live birds may be disposed of to, or acquired from, any person and possessed and transferred in any number at any time or place: *Provided*, That all such birds shall be physically marked prior to sale or disposal regardless of whether or not they have attained 6 weeks of age.

(d) When so marked, such live birds may be killed, in any number, at any time or place, by any means except

shooting. Such birds may be killed by shooting only in accordance with all applicable hunting regulations governing the taking of mallard ducks from the wild: *Provided*, That such birds may be killed by shooting, in any number, at any time, within the confines of any premises operated as a shooting preserve under State license, permit, or authorization; or they may be shot, in any number, at any time or place, by any person for bona fide dog training or field trial purposes: *Provided further*, That the provisions:

(1) The hunting regulations (part 20 of this subchapter), with the exception of §20.108 (Nontoxic shot zones), and

(2) The Migratory Bird Hunting Stamp Act (duck stamp requirement) shall not apply to shooting preserve operations as provided for in this paragraph, or to bona fide dog training or field trial operations.

(e) At all times during possession, transportation, and storage until the raw carcasses of such birds are finally processed immediately prior to cooking, smoking, or canning, the marked foot or wing must remain attached to each carcass: *Provided*, That persons, who operate game farms or shooting preserves under a State license, permit, or authorization for such activities, may remove the marked foot or wing when either the number of his State license, permit, or authorization has first been legibly stamped in ink on the back of each carcass and on the container in which each carcass is maintained, or each carcass is identified by a State band on leg or wing pursuant to requirements of his State license, permit, or authorization. When properly marked, such carcasses may be disposed of to, or acquired from, any person and possessed and transported in any number at any time or place.

[40 FR 28459, July 7, 1975, as amended at 46 FR 42680, Aug. 24, 1981; 54 FR 36798, Sept. 5, 1989]

**§21.14 Permit exceptions for captive-reared migratory waterfowl other than mallard ducks.**

Any person may, without a permit, lawfully acquire captive-reared and properly marked migratory waterfowl of all species other than mallard ducks, alive or dead, or their eggs, and possess

and transport such birds or eggs and any progeny or eggs therefrom solely for his own use subject to the following conditions and restrictions:

(a) Such birds, alive or dead, or their eggs may be lawfully acquired only from holders of valid waterfowl sale and disposal permits, unless lawfully acquired outside of the United States, except that properly marked carcasses of such birds may also be lawfully acquired as provided under paragraph (c) of this section.

(b) All progeny of such birds or eggs hatched, reared, and retained in captivity must be physically marked as defined in §21.13(b).

(c) No such birds or eggs or any progeny or eggs thereof may be disposed of by any means, alive or dead, to any other person unless a waterfowl sale and disposal permit has first been secured authorizing such disposal: *Provided*, That bona fide clubs, hotels, restaurants, boarding houses, and dealers in meat and game may serve or sell to their customers the carcass of any such birds which they have acquired from the holder of a valid waterfowl sale and disposal permit.

(d) Lawfully possessed and properly marked birds may be killed, in any number, at any time or place, by any means except shooting. Such birds may be killed by shooting only in accordance with all applicable hunting regulations governing the taking of like species from the wild. (See part 20 of this subchapter.)

(e) At all times during possession, transportation, and storage until the raw carcasses of such birds are finally processed immediately prior to cooking, smoking, or canning, the marked foot or wing must remain attached to each carcass, unless such carcasses were marked as provided in §21.25(c)(4) and the foot or wing removed prior to acquisition.

(f) When any such birds, alive or dead, or their eggs are acquired from a waterfowl sale and disposal permittee, the permittee shall furnish a copy of Form 3-186, Notice of Waterfowl Sale or Transfer, indicating all information required by the form and the method or methods by which individual birds are marked as required by §21.25(c)(2). The buyer shall retain the Form 3-186 on

## § 21.21

file for the duration of his possession of such birds or eggs or progeny or eggs thereof.

### Subpart C—Specific Permit Provisions

#### § 21.21 Import and export permits.

(a) *Permit requirement.* (1) Except for migratory game birds imported in accordance with the provisions of subpart G of part 20 of this subchapter B, an import permit is required before any migratory birds, their parts, nests, or eggs may be imported.

(2) An export permit is required before any migratory birds, their parts, nests, or eggs may be exported: *Provided*, that captive-reared migratory game birds that are marked in compliance with the provisions of § 21.13(b) may be exported to Canada or Mexico without a permit. *Provided further*, that raptors lawfully possessed under a falconry permit issued pursuant to § 21.28 of this part may be exported to or imported from Canada or Mexico without a permit for the purposes of attending bona fide falconry meets, as long as the person importing or exporting the birds returns the same bird(s) to the country of export following any such meet. Nothing in this paragraph, however, exempts any person from the permit requirements of parts 17, 22, and 23 of this subchapter.

(b) *Application procedures.* Applications for permits to import or export migratory birds shall be submitted to the appropriate issuing office (see §§ 10.22 and 13.11(b) of this subchapter). Each such application must contain the general information and certification required by § 13.12(a)(5) of this subchapter plus the following additional information:

(1) Whether importation or exportation is requested;

(2) The species and numbers of migratory birds or their parts, nests, or eggs to be imported or exported;

(3) The name and address of the person from whom such birds are being imported or to whom they are being exported;

## 50 CFR Ch. I (10–1–06 Edition)

(4) The purpose of the importation or exportation;

(5) The estimated date of arrival or departure of the shipment(s), and the port of entry or exit through which the shipment will be imported or exported; and

(6) Federal and State permit numbers and type of permits authorizing possession, acquisition, or disposition of such birds, their parts, nests, or eggs where such a permit is required.

(c) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B, import and export permits shall be subject to any requirements set forth in the permit.

(d) *Term of permit.* An import or export permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.

[54 FR 38151, Sept. 14, 1989]

#### § 21.22 Banding or marking permits.

(a) *Permit requirement.* A banding or marking permit is required before any person may capture migratory birds for banding or marking purposes or use official bands issued by the Service for banding or marking any migratory bird.

(b) *Application procedures.* Applications for banding or marking permits shall be submitted by letter of application addressed to the Bird Banding Laboratory, Office of Migratory Bird Management, U.S. Fish and Wildlife Service, Laurel, Maryland 20708. Each such application shall contain the general information and certification set forth by § 13.12(a) of this subchapter plus the following additional information:

(1) Species and numbers proposed to be banded or marked;

(2) Purpose of banding or marking;

(3) State or States in which authorization is requested; and

(4) Name and address of the public, scientific, or educational institution to which any specimens will be donated that are salvaged pursuant to paragraphs (c) (3) and (4) of this section.

(c) *Additional permit conditions.* In addition to the general conditions set

forth in part 13 of this subchapter B, banding or marking permits shall be subject to the following conditions:

(1) The banding of migratory birds shall only be by official numbered leg bands issued by the Service. The use of any other band, clip, dye, or other method of marking is prohibited unless specifically authorized in the permit.

(2) All traps or nets used to capture migratory birds for banding or marking purposes shall have attached thereto a tag or label clearly showing the name and address of the permittee and his permit number, or the area in which such traps or nets are located must be posted with notice of banding operations posters (Form 3-1155, available upon request from the Bird Banding Laboratory, Office of Migratory Bird Management, U.S. Fish and Wildlife Service, Laurel, Md. 20708) which shall bear the name and address of the permittee and the number of his permit.

(3) The holder of a banding or marking permit may salvage, for the purpose of donating to a public scientific or educational institution, birds killed or found dead as a result of the permittee's normal banding operations, and casualties from other causes. All dead birds salvaged under authority of a migratory bird banding or marking permit must be donated and transferred to a public scientific or educational institution at least every 6 months or within 60 days of the time such permit expires or is revoked, unless the permittee has been issued a special permit authorizing possession for a longer period of time.

(4) Permittees must keep accurate records of their operations and file reports as set forth in the North American Bird Banding Manual, or supplements thereto, in accordance with instructions contained therein.

(d) *Term of permit.* A banding or marking permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.

### § 21.23 Scientific collecting permits.

(a) *Permit requirement.* A scientific collecting permit is required before any person may take, transport, or possess migratory birds, their parts, nests, or eggs for scientific research or educational purposes.

(b) *Application procedures.* Submit applications for scientific permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in § 13.12(a) of this subchapter, and the following additional information:

(1) Species and numbers of migratory birds or their parts, nests, or eggs to be taken or acquired when it is possible to determine same in advance;

(2) Location or locations where such scientific collecting is proposed;

(3) Statement of the purpose and justification for granting such a permit, including an outline of any research project involved;

(4) Name and address of the public, scientific, or educational institution to which all specimens ultimately will be donated; and

(5) If a State permit is required by State law, a statement as to whether or not the applicant possesses such State permit, giving its number and expiration date.

(c) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B, scientific collecting permits shall be subject to the following conditions:

(1) All specimens taken and possessed under authority of a scientific collecting permit must be donated and transferred to the public scientific, or educational institution designated in the permit application within 60 days following the date such permit expires or is revoked, unless the permittee has been issued a special purpose permit (See § 21.27) authorizing possession for a longer period of time.

(2) Unless otherwise provided on the permit, all migratory game birds taken pursuant to a scientific collecting permit during the open hunting season for such birds must be in conformance with part 20 of this subchapter;

## § 21.24

(3) Unless specifically stated on the permit, a scientific collecting permit does not authorize the taking of live migratory birds from the wild.

(4) In addition to any reporting requirement set forth in the permit, a report of the scientific collecting activities conducted under authority of such permit shall be submitted to the issuing officer on or before January 10 of each calendar year following the year of issue unless a different date is stated in the permit.

(d) *Term of permit.* A scientific collecting permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.

[39 FR 1178, Jan. 4, 1974, as amended at 54 FR 38151, Sept. 14, 1989; 63 FR 52637, Oct. 1, 1998]

### § 21.24 Taxidermist permits.

(a) *Permit requirement.* A taxidermist permit is required before any person may perform taxidermy services on migratory birds or their parts, nests, or eggs for any person other than himself.

(b) *Application procedures.* Submit application for taxidermist permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in § 13.12(a) of this subchapter, and the following additional information:

(1) The address of premises where taxidermist services will be provided;

(2) A statement of the applicant's qualifications and experience as a taxidermist; and

(3) If a State permit is required by State law, a statement as to whether or not the applicant possesses such State permit, giving its number and expiration date.

(c) *Permit authorizations.* A permit authorizes a taxidermist to:

(1) Receive, transport, hold in custody or possession, mount or otherwise prepare, migratory birds, and their parts, nests, or eggs, and return them to another.

(2) Sell properly marked, captive reared migratory waterfowl which he has lawfully acquired and mounted.

## 50 CFR Ch. I (10-1-06 Edition)

Such mounted birds may be placed on consignment for sale and may be possessed by such consignee for the purpose of sale.

(d) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B, taxidermist permits shall be subject to the following conditions:

(1) Permittees must keep accurate records of operations, on a calendar year basis, showing the names and addresses of persons from and to whom migratory birds or their parts, nests, or eggs were received or delivered, the number and species of such, and the dates of receipt and delivery. In addition to the other records required by this paragraph, the permittee must maintain in his files, the original of the completed Form 3-186, Notice of Waterfowl Sale or Transfer, confirming his acquisition of captive reared, properly marked migratory waterfowl from the holder of a current waterfowl sale and disposal permit.

(2) Notwithstanding the provisions of paragraph (c) of this section, the receipt, possession, and storage by a taxidermist of any migratory game birds taken by another by hunting is not authorized unless they are tagged as required by § 20.36 of this subchapter. The required tags may be removed during the taxidermy operations but must be retained by the taxidermist with the other records required to be kept and must be reattached to the mounted specimen after mounting. The tag must then remain attached until the mounted specimen is delivered to the owner.

(e) *Term of permit.* A taxidermist permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit will not exceed five (5) years from the date of issuance or renewal.

[39 FR 1178, Jan. 4, 1974, as amended at 54 FR 38151, Sept. 14, 1989; 63 FR 52637, Oct. 1, 1998; 70 FR 18320, Apr. 11, 2005]

### § 21.25 Waterfowl sale and disposal permits.

(a) *Permit requirement.* A waterfowl sale and disposal permit is required before any person may lawfully sell, trade, donate, or otherwise dispose of,

to another person, any species of captive-reared and properly marked migratory waterfowl or their eggs, except that such a permit is not required for such sales or disposals of captive-reared and properly marked mallard ducks or their eggs.

(b) *Application procedures.* Submit application for waterfowl sale and disposal permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in §13.12(a) of this subchapter, and the following additional information:

(1) A description of the area where waterfowl are to be kept;

(2) Species and numbers of waterfowl now in possession and a statement showing from whom these were obtained;

(3) A statement indicating the method by which individual birds are marked as required by the provisions of this part 21; and

(4) If a State permit is required by State law, a statement as to whether or not the applicant possesses such State permit, giving its number and expiration date.

(c) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B, waterfowl sale and disposal permits shall be subject to the following conditions:

(1) Permittees may not take migratory waterfowl or their eggs from the wild, and may not acquire such birds or their eggs from any person not authorized by a valid permit issued pursuant to this part to dispose of such birds or their eggs.

(2) All live migratory waterfowl possessed in captivity under authority of a valid waterfowl sale and disposal permit shall have been, prior to 6 weeks of age, physically marked as defined in §21.13(b). All offspring of such birds hatched, reared, and retained in captivity shall be so marked prior to attaining 6 weeks of age. The preceding does not apply to captive adult geese, swans, and brant which were marked previous to March 1, 1967, by a "V" notch in the web of one foot, nor to

such birds held in captivity at public zoological parks, and public scientific or educational institutions.

(3) Such properly marked birds may be killed, in any number, at any time or place, by any means except shooting. Such birds may be killed by shooting only in accordance with all the applicable hunting regulations governing the taking of like species from the wild.

(4) At all times during possession, transportation, and storage until the raw carcasses of such birds are finally processed immediately prior to cooking, smoking, or canning, the marked foot or wing must remain attached to each carcass: *Provided*, That permittees who are also authorized to sell game under a State license, permit or authorization may remove the marked foot or wing from the raw carcasses if the number of his State license, permit, or authorization has first been legibly stamped in ink on the back of each carcass and on the wrapping or container in which each carcass is maintained, or each carcass is identified by a State band on leg or wing pursuant to requirements of his State license, permit, or authorization.

(5) Such properly marked birds, alive or dead, or their eggs may be disposed of in any number, at any time or place, to any person: *Provided*, That all such birds shall be physically marked prior to sale or disposal regardless of whether or not they have attained 6 weeks of age: *And provided further*, That on each date that any such birds or their eggs, are transferred to another person, the permittee must complete a Form 3-186, Notice of Waterfowl Sale or Transfer, indicating all information required by the form and the method or methods by which individual birds are marked as required by §21.25(c)(2). (Service will provide supplies of form.) The permittee will furnish the original of completed Form 3-186 to the person acquiring the birds or eggs; retain one copy in his files as a record of his operations; attach one copy to the shipping container for the birds or eggs, or include the copy in shipping documents which accompany the shipment; and, on or before the last day of each month, mail two copies of each form

## §21.26

## 50 CFR Ch. I (10–1–06 Edition)

completed during that month to the office of the Fish and Wildlife Service which issued his permit.

(6) Permittees shall submit an annual report within 10 days following the 31st day of December of each calendar year to the office of the Fish and Wildlife Service which issued the permit. The information provided shall give the total number of waterfowl by species in possession on that date and the method or methods by which individual birds are marked as required by the provisions of this part 21.

(d) *Term of permit.* A waterfowl sale and disposal permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit will not exceed five (5) years from the date of issuance or renewal.

[40 FR 28460, July 7, 1975, as amended at 54 FR 38151, Sept. 14, 1989; 63 FR 52637, Oct. 1, 1998; 70 FR 18320, Apr. 11, 2005]

### §21.26 Special Canada goose permit.

(a) *What is the special Canada goose permit and what is its purpose?* The special Canada goose permit is a permit issued by us to a State wildlife agency authorizing certain resident Canada goose management and control activities that are normally prohibited. We will only issue such a permit when it will contribute to human health and safety, protect personal property, or allow resolution or prevention of injury to people or property. The management and control activities conducted under the permit are intended to relieve or prevent injurious situations only. No person should construe the permit as opening, reopening, or extending any hunting season contrary to any regulations established under Section 3 of the Migratory Bird Treaty Act.

(b) *Who may receive a permit?* Only State wildlife agencies (State) are eligible to receive a permit to undertake the various goose management and control activities. Additionally, only employees or designated agents of a permitted State wildlife agency may undertake activities for injurious resident Canada geese in accordance with the conditions specified in the permit, conditions contained in 50 CFR part 13,

and conditions specified in paragraph (d) of this section.

(c) *How does a State apply for a permit?* Any State wildlife agency wishing to obtain a permit must submit an application to the appropriate Regional Director (see §13.11(b) of this subchapter) containing the general information and certification required by §13.12(a) of this subchapter plus the following information:

(1) A detailed statement showing that the goose management and control activities will either provide for human health and safety, protect personal property, or allow resolution of other injury to people or property;

(2) An estimate of the size of the resident Canada goose breeding population in the State;

(3) The requested annual take of resident Canada geese, including eggs and nests;

(4) A statement indicating that the State will inform and brief all employees and designated agents of the requirements of these regulations and permit conditions.

(d) *What are the conditions of the permit?* The special Canada goose permits are subject to the general conditions in 50 CFR part 13, the conditions elsewhere in this section, and, unless otherwise specifically authorized on the permit, the conditions outlined below:

(1) *What are the limitations on management and control activities?* (i) Take of resident Canada geese as a management tool under this section may not exceed the number authorized by the permit. States should utilize non-lethal goose management tools to the extent they deem appropriate in an effort to minimize lethal take.

(ii) Methods of take for the control of injurious resident Canada geese are at the State's discretion. Methods include, but are not limited to, firearms, alpha-chloralose, traps, egg and nest manipulation and other damage control techniques consistent with accepted wildlife damage-management programs.

(2) *When may a State conduct management and control activities?* States and their employees and agents may conduct management and control activities, including the take of resident

Canada geese, under this section between March 11 and August 31. In California, Oregon and Washington, in areas where the threatened Aleutian Canada goose (*B. c. leucoperia*) has been present during the previous 10 years, lethal control activities are restricted to May 1 through August 31, inclusive.

(3) *How must the States dispose or utilize geese taken under this permit?* States and their employees and agents may possess, transport, and otherwise dispose of Canada geese taken under this section. States must utilize such birds by donation to public museums or public institutions for scientific or educational purposes, by processing them for human consumption and distributing them free of charge to charitable organizations, or by burying or incinerating them. States, their employees, and designated agents may not sell, offer for sale, barter, or ship for the purpose of sale or barter any Canada geese taken under this section, nor their plumage or eggs.

(4) *How does the permit relate to existing State law?* No person conducting management and control activities under this section should construe the permit to authorize the killing of injurious resident Canada geese contrary to any State law or regulation, nor on any Federal land without specific authorization by the responsible management agency. No person may exercise the privileges granted under this section unless they possess any permits required for such activities by any State or Federal land manager.

(5) *When conducting management and control activities, are there any special inspection requirements?* Any State employee or designated agent authorized to carry out management and control activities must have a copy of the permit and designation in their possession when carrying out any activities. The State must also require the property owner or occupant on whose premises the State is conducting activities to allow, at all reasonable times, including during actual operations, free and unrestricted access to any Service special agent or refuge officer, State wildlife or deputy wildlife agent, warden, protector, or other wildlife law enforcement officer (wildlife officer) on the premises where they are, or were,

conducting activities. Furthermore, any State employee or designated agent conducting such activities must promptly furnish whatever information is required concerning such activities to any such wildlife officer.

(6) *What are the reporting requirements of the permit?* Any State employee or designated agent exercising the privileges granted by this section must keep records of all activities carried out under the authority of this permit, including the number of Canada geese killed and their disposition. The State must submit an annual report detailing activities, including the time, numbers and location of birds, eggs, and nests taken and non-lethal techniques utilized, before December 31 of each year. The State should submit the annual report to the appropriate Assistant Regional Director—Refuges and Wildlife (see §10.22 of this subchapter).

(7) *What are the limitations of the special permit?* The following limitations apply:

(i) Nothing in this section applies to any Federal land within a State's boundaries without written permission of the Federal Agency with jurisdiction.

(ii) States may not undertake any actions under any permit issued under this section if the activities adversely affect other migratory birds or species designated as endangered or threatened under the authority of the Endangered Species Act.

(iii) We will only issue permits to State wildlife agencies in the conterminous United States.

(iv) States may designate agents who must operate under the conditions of the permit.

(v) *How long is the special permit valid?*

A special Canada goose permit issued or renewed under this section expires on the date designated on the face of the permit unless it is amended or revoked or such time that we determine that the State's population of resident Canada geese no longer poses a threat to human health or safety, personal property, or injury to other interests. In all cases, the term of the permit may not exceed five (5) years from the date of issuance or renewal.

(vi) *Can we revoke the special permit?* We reserve the right to suspend or revoke any permit, as specified in §§13.27 and 13.28 of this subchapter.

(e) *What are the OMB information collection requirements of the permit program?* OMB has approved the information collection requirements of the permit and assigned clearance number 1018–0099. Federal agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. We will use the information collection requirements to administer this program and in the issuance and monitoring of these special permits. We will require the information from State wildlife agencies responsible for migratory bird management in order to obtain a special Canada goose permit, and to determine if the applicant meets all the permit issuance criteria, and to protect migratory birds. We estimate the public reporting burden for this collection of information to average 8 hours per response for 45 respondents (States), including the time for reviewing instructions, gathering and maintaining data needed, and completing and reviewing the collection of information. Thus, we estimate the total annual reporting and record-keeping for this collection to be 360 hours. States may send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Service Information Collection Clearance Officer, Fish and Wildlife Service, ms 224–ARLSQ, 1849 C Street N.W., Washington, DC 20240, or the Office of Management and Budget, Paperwork Reduction Project 1018–0099, Washington, DC 20503.

#### §21.27 Special purpose permits.

Permits may be issued for special purpose activities related to migratory birds, their parts, nests, or eggs, which are otherwise outside the scope of the standard form permits of this part. A special purpose permit for migratory bird related activities not otherwise provided for in this part may be issued to an applicant who submits a written application containing the general in-

formation and certification required by part 13 and makes a sufficient showing of benefit to the migratory bird resource, important research reasons, reasons of human concern for individual birds, or other compelling justification.

(a) *Permit requirement.* A special purpose permit is required before any person may lawfully take, salvage, otherwise acquire, transport, or possess migratory birds, their parts, nests, or eggs for any purpose not covered by the standard form permits of this part. In addition, a special purpose permit is required before any person may sell, purchase, or barter captive-bred, migratory game birds, other than waterfowl, that are marked in compliance with §21.13(b) of this part.

(b) *Application procedures.* Submit application for special purpose permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in §13.12(a) of this subchapter, and the following additional information:

(1) A detailed statement describing the project or activity which requires issuance of a permit, purpose of such project or activity, and a delineation of the area in which it will be conducted. (Copies of supporting documents, research proposals, and any necessary State permits should accompany the application);

(2) Numbers and species of migratory birds involved where same can reasonably be determined in advance; and

(3) Statement of disposition which will be made of migratory birds involved in the permit activity.

(c) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B, special purpose permits shall be subject to the following conditions:

(1) Permittees shall maintain adequate records describing the conduct of the permitted activity, the numbers and species of migratory birds acquired and disposed of under the permit, and inventorying and identifying all migratory birds held on December 31 of each

calendar year. Records shall be maintained at the address listed on the permit; shall be in, or reproducible in English; and shall be available for inspection by Service personnel during regular business hours. A permittee may be required by the conditions of the permit to file with the issuing office an annual report of operation. Annual reports, if required, shall be filed no later than January 31 of the calendar year following the year for which the report is required. Reports, if required, shall describe permitted activities, numbers and species of migratory birds acquired and disposed of, and shall inventory and describe all migratory birds possessed under the special purpose permit on December 31 of the reporting year.

(2) Permittees shall make such other reports as may be requested by the issuing officer.

(3) All live, captive-bred, migratory game birds possessed under authority of a valid special purpose permit shall be physically marked as defined in § 21.13(b) of this part.

(4) No captive-bred migratory game bird may be sold or bartered unless marked in accordance with § 21.13(b) of this part.

(5) No permittee may take, purchase, receive or otherwise acquire, sell, barter, transfer, or otherwise dispose of any captive-bred migratory game bird unless such permittee submits a Service form 3-186A (Migratory Bird Acquisition/Disposition Report), completed in accordance with the instructions on the form, to the issuing office within five (5) days of such transaction.

(6) No permittee, who is authorized to sell or barter migratory game birds pursuant to a permit issued under this section, may sell or barter such birds to any person unless that person is authorized to purchase and possess such migratory game birds under a permit issued pursuant to this part and part 13, or as permitted by regulations in this part.

(d) *Term of permit.* A special purpose permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit

shall not exceed three (3) years from the date of issuance or renewal.

[39 FR 1178, Jan. 4, 1974, as amended at 54 FR 38152, Sept. 14, 1989; 63 FR 52637, Oct. 1, 1998]

#### § 21.28 Falconry permits.

(a) *Permit requirements.* A falconry permit is required before any person may take, possess, transport, sell, purchase, barter, offer to sell, purchase, or barter raptors for falconry purposes.

(b) *Application procedures.* (1) An applicant who wishes to practice falconry in a State listed in § 21.29(k) of this part and which has been designated as a participant in a cooperative Federal/State permit application program may submit an application for a falconry permit to the appropriate agency of that State. Each such application must incorporate a completed official form approved by the Service and must include in addition to the general information required by part 13 of this subchapter all of the following:

(i) The number of raptors the applicant possesses at the time the application is submitted, including the species, age (if known), sex (if known), date of acquisition, and source of each;

(ii) A check or money order made payable to "U.S. Fish and Wildlife Service" in the amount of the application fee listed in § 13.11(d) of this subchapter.

(iii) An original, signed certification concerning the validity of the information provided in the application in the form set forth in § 13.12(a)(5).

(iv) Any additional information requested by the State to which the application is submitted.

(2) Upon receipt of a joint application by a State listed in § 21.29(k) as a participant in a cooperative Federal/State permit application program, the State will process the application for a State falconry permit in accordance with its own procedures. A copy of the application, the check or money order for Federal permit fees, and the original, signed certification required by paragraph (b)(1)(iii) of this section will be forwarded to the issuing office of the Service designated by § 13.11(b) of this subchapter. If the State decides to issue a falconry permit based upon the application, a copy of the permit will

also be forwarded to the appropriate issuing office of the Service.

(3) An applicant who wishes to practice falconry in a State listed in § 21.29(k) of this subchapter, but which does not participate in a cooperative Federal/State permit application program must submit a written application for a falconry permit to the issuing office designated by § 13.11(b) of this subchapter. Each application must contain the general information and certification required by § 13.12(a) of this subchapter plus a copy of a valid State falconry permit issued to the applicant by a State listed in § 21.19(k) of this subchapter.

(c) *Issuance criteria.* Upon receiving an application completed in accordance with paragraph (b) of this section that meets all requirements of this part, the Director will issue a permit. In addition to meeting the general criteria in § 13.21(b), the applicant must have a valid State falconry permit issued by a State listed in § 21.29(k) of this subchapter.

(d) *Permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter, every permit issued under this section shall be subject to the following special conditions:

(1) A permittee may not take, transport, or possess a golden eagle (*Aquila chrysaetos*) unless authorized in writing under § 22.24 of this subchapter.

(2) A permit issued under this section is not valid unless the permittee has a valid State falconry permit issued by a State listed in § 21.29(k) of this subchapter.

(3) A permittee may not take, possess, transport, sell, purchase, barter, or transfer any raptor for falconry purposes except under authority of a Federal falconry permit issued under this section and in compliance with the Federal falconry standards set forth in § 21.29 of this subchapter.

(4) No permittee may take, purchase, receive, or otherwise acquire, sell, barter, transfer, or otherwise dispose of any raptor unless such permittee submits a form 3-186A (Migratory Bird Acquisition/Disposition Report), completed in accordance with the instructions on the form, to the issuing office within five (5) calendar days of any such transaction.

(5) No raptor may be possessed under authority of a falconry permit unless the permittee has a properly completed form 3-186A (Migratory Bird Acquisition/Disposition Report) for each bird possessed, except as provided in paragraph (d)(4) of this section.

(6) A raptor possessed under authority of a falconry permit may be temporarily held by a person other than the permittee for maintenance and care for a period not to exceed thirty (30) days. The raptor must be accompanied at all times by a properly completed form 3-186A (Migratory Bird Acquisition/Disposition Report) designating the person caring for the raptor as the possessor of record and by a signed, dated statement from the permittee authorizing the temporary possession.

(7) A permittee may not take, possess, or transport any peregrine falcon (*Falco peregrinus*), gyrfalcon (*Falco rusticolus*), or Harris hawk (*Parabuteo unicinctus*) unless such bird is banded either by a seamless numbered band provided by the Service or by a permanent, non-reusable band provided by the Service.

(i) Any peregrine falcon (*Falco peregrinus*), gyrfalcon (*Falco rusticolus*), or Harris hawk (*Parabuteo unicinctus*) taken from the wild must be reported to the issuing office within five (5) days of taking and must be banded with a permanent, non-reusable band provided by the Service. No raptor removed from the wild may be banded with a seamless numbered band.

(ii) The loss or removal of any band must be reported to the issuing office within five (5) working days of the loss. The lost band must be replaced by a permanent, non-reusable band supplied by the Service. A form 3-186A (Migratory Bird Acquisition/Disposition Report) must be filed in accordance with paragraph (d)(4) of this section reporting the loss of the band and rebanding.

(8) A permittee may not sell, purchase, barter, or offer to sell, purchase or barter any raptor unless the raptor is marked on the metatarsus by a seamless, numbered band supplied by the Service.

(9) A permittee may not propagate raptors without prior acquisition of a valid raptor propagation permit issued under section 21.30 of this subchapter.

(e) *Term of permit.* A falconry permit issued or renewed under this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.

[54 FR 38152, Sept. 14, 1989]

#### § 21.29 Federal falconry standards.

(a) *Before you can practice falconry in any State.* You cannot take, possess, transport, sell, purchase, barter, or offer to sell, purchase, or barter any raptor for falconry purposes, in any State unless the State allows the practice of falconry, and the State has submitted copies of its laws and regulations governing the practice of falconry to us (Director), and we have determined that they meet or exceed the Federal falconry standards established in this section. If you are a Federal falconry permittee, you can possess and transport for falconry purposes a lawfully possessed raptor through States that do not allow falconry or meet Federal falconry standards so long as the raptors remain in transit in interstate commerce. The States that are in compliance with Federal falconry standards are listed in paragraph (k) of this section.

(b) *More restrictive State laws.* Nothing in this section shall be construed to prevent a State from making and enforcing laws or regulations not inconsistent with the standards contained in any convention between the United States and any foreign country for the protection of raptors or with the Migratory Bird Treaty Act, and which shall give further protection to raptors.

(c) *What is the process for Federal approval of a State program?* Any State that wishes to allow the practice of falconry must submit to the Director of the Service a copy of the laws and regulations that govern the practice of falconry in the State. If we determine that they meet or exceed the Federal standards, which are established by this section, we will publish a notice in the FEDERAL REGISTER adding the State to the list of approved States in paragraph (k) of this section. Any State that was listed in paragraph (k) prior to September 14, 1989, is consid-

ered to be in compliance with our standards.

(d) *Permit.* State laws or regulations shall provide that a valid State falconry permit from either that State or another State meeting Federal falconry standards and listed in paragraph (k) of this section is required before any person may take, possess, or transport a raptor for falconry purposes or practice falconry in that State.

(e) *Classes of permits.* States may have any number of classes of falconry permits provided the standards are not less restrictive than the following:

(1) *Apprentice (or equivalent) class.* (i) Permittee shall be at least 14 years old;

(ii) A sponsor who is a holder of a General or Master Falconry Permit or equivalent class is required for the first two years in which an apprentice permit is held, regardless of the age of the permittee. A sponsor may not have more than three apprentices at any one time;

(iii) Permittee shall not possess more than one raptor and may not obtain more than one raptor for replacement during any 12-month period; and

(iv) Permittee shall possess only the following raptors which must be taken from the wild: an American kestrel (*Falco sparverius*), a red-tailed hawk (*Buteo jamaicensis*), a red-shouldered hawk (*Buteo lineatus*), or, in Alaska only, a goshawk (*Accipiter gentilis*).

(2) *General (or equivalent) class.* (i) A permittee shall be at least 18 years old;

(ii) A permittee shall have at least two years experience in the practice of falconry at the apprentice level or its equivalent;

(iii) A permittee may not possess more than two raptors and may not obtain more than two raptors for replacement birds during any 12-month period; and

(iv) A permittee may not take, transport, or possess any golden eagle or any species listed as threatened or endangered in part 17 of this subchapter.

(3) *Master (or equivalent) class.* (i) An applicant shall have at least five years experience in the practice of falconry at the general class level or its equivalent.

(ii) A permittee may not possess more than three raptors and may not

obtain more than two raptors taken from the wild for replacement birds during any 12-month period;

(iii) A permittee may not take any species listed as endangered in part 17 of this chapter, but may transport or possess such species in accordance with part 17 of this chapter.

(iv) A permittee may not take, transport, or possess any golden eagle for falconry purposes unless authorized in writing under § 22.24 of this subchapter;

(v) A permittee may not take, in any twelve (12) month period, as part of the three-bird limitation, more than one raptor listed as threatened in part 17 of this chapter, and then only in accordance with part 17 of this chapter.

(f) *Examination.* State laws or regulations shall provide that before any State falconry permit is issued the applicant shall be required to answer correctly at least 80 percent of the questions on a supervised examination provided or approved by the Service and administered by the State, relating to basic biology, care, and handling of raptors, literature, laws, regulations or other appropriate subject matter.

(g) *Facilities and equipment.* Statelaws or regulations shall provide that before a State falconry permit is issued the applicant's raptor housing facilities and falconry equipment shall be inspected and certified by a representative of the State wildlife department as meeting the following standards:

(1) *Facilities.* The primary consideration for raptor housing facilities whether indoors (mews) or outdoors (weathering area) is protection from the environment, predators, or undue disturbance. The applicant shall have the following facilities, except that depending upon climatic conditions, the issuing authority may require only one of the facilities described below.

(i) Indoor facilities (mews) shall be large enough to allow easy access for caring for the raptors housed in the facility. If more than one raptor is to be kept in the mews, the raptors shall be tethered or separated by partitions and the area for each bird shall be large enough to allow the bird to fully extend its wings. There shall be at least one window, protected on the inside by vertical bars, spaced narrower than the width of the bird's body, and a secure

door that can be easily closed. The floor of the mews shall permit easy cleaning and shall be well drained. Adequate perches shall be provided.

(ii) Outdoor facilities (weathering area) shall be fenced and covered with netting or wire, or roofed to protect the birds from disturbance and attack by predators except that perches more than 6½ feet high need not be covered or roofed. The enclosed area shall be large enough to insure the birds cannot strike the fence when flying from the perch. Protection from excessive sun, wind, and inclement weather shall be provided for each bird. Adequate perches shall be provided.

(2) *Equipment.* The following items shall be in the possession of the applicant before he can obtain a permit or license:

(i) *Jesses*—At least 1 pair of Alymeri jesses or similar type constructed of pliable, high-quality leather or suitable synthetic material to be used when any raptor is flown free. (Traditional 1-piece jesses may be used on raptors when not being flown.);

(ii) *Leashes and swivels*—At least 1 flexible, weather-resistant leash and 1 strong swivel of acceptable falconry design;

(iii) *Bath container*—At least 1 suitable container, 2 to 6 inches deep and wider than the length of the raptor, for drinking and bathing for each raptor;

(iv) *Outdoor perches*—At least 1 weathering area perch of an acceptable design shall be provided for each raptor; and

(v) *Weighing device*—A reliable scale or balance suitable for weighing the raptor(s) held and graduated to increments of not more than ½ ounce (15 gram) shall be provided.

(3) *Maintenance.* All facilities and equipment shall be kept at or above the preceding standards at all times.

(4) *Transportation; temporary holding.* A raptor may be transported or held in temporary facilities which shall be provided with an adequate perch and protected from extreme temperatures and excessive disturbance, for a period not to exceed 30 days.

(h) *Marking.* All peregrine falcons (*Falco peregrinus*), gyrfalcon (*Falco rusticolus*), and Harris hawk (*Parabuteo*

*unicinctus*) possessed for falconry purposes must be marked in accordance with the following provisions:

(1) Any peregrine falcon (*Falco peregrinus*), gyrfalcon (*Falco rusticolus*), or Harris hawk (*Parabuteo unicinctus*), except a captive bred raptor lawfully marked by a numbered, seamless band issued by the Service, must be banded with a permanent, non-reusable, numbered band issued by the Service.

(2) Any peregrine falcon (*Falco peregrinus*), gyrfalcon (*Falco rusticolus*), or Harris hawk (*Parabuteo unicinctus*) possessed for falconry purposes must be banded at all times in accordance with these standards. Loss or removal of any band must be reported to the issuing office within five (5) working days of the loss and must be replaced with a permanent, non-reusable, numbered band supplied by the Service.

(i) *Taking restrictions.* State laws or regulations shall provide the following restrictions on the taking of raptors from the wild:

(1) Young birds not yet capable of flight (eyasses) may only be taken by a General or Master Falconer during the period specified by the State and no more than two eyasses may be taken by the same permittee during the specified period.

(2) First-year (passage) birds may be taken only during the period specified by the State;

(3) In no case shall the total of all periods of taking of eyasses or passage birds exceed 180 days during a calendar year, except that a marked raptor may be retrapped at any time; and

(4) Only American kestrels (*Falco sparverius*) and great-horned owls (*Bubo virginianus*) may be taken when over one year old, except that any raptor other than endangered or threatened species taken under a depredation (or special purpose) permit may be used for falconry by General and Master falconers.

(j) *Other restrictions.* State laws or regulations shall provide the following restrictions or conditions:

(1) A person who possesses a lawfully acquired raptor before the enactment of these regulations and who fails to meet the permit requirements shall be allowed to retain the raptors. All such birds shall be identified with markers

supplied by the Service and cannot be replaced if death, loss, release, or escape occurs.

(2) If you possessed raptors before January 15, 1976, the date these regulations were enacted, and you had more than the number allowed under your permit, you may retain the extra raptors. However, each of those birds must be identified with markers we supplied, and you cannot replace any birds, nor can you obtain any additional raptors, until the number in your possession is at least one fewer than the total number authorized by the class of permit you hold.

(3) A falconry permit holder shall obtain written authorization from the appropriate State wildlife department before any species not indigenous to that State is intentionally released to the wild, at which time the marker from the released bird shall be removed and surrendered to the State wildlife department. The marker from an intentionally released bird which is indigenous to that State shall also be removed and surrendered to the State wildlife department. A standard Federal bird band shall be attached to such birds by the State or Service-authorized Federal bird bander whenever possible.

(4) A raptor possessed under authority of a falconry permit may be temporarily held by a person other than the permittee only if that person is otherwise authorized to possess raptors, and only if the raptor is accompanied at all times by the properly completed form 3-186A (Migratory Bird Acquisition/Disposition Report) designating the permittee as the possessor of record and by a signed, dated statement from the permittee authorizing the temporary possession.

(5) Feathers that are molted or those feathers from birds held in captivity that die, may be retained and exchanged by permittees only for imping purposes.

(k) *States meeting Federal falconry standards.* We have determined that the following States meet or exceed the minimum Federal falconry standards established in this section for regulating the taking, possession, and transportation of raptors for the purpose of falconry. The States that are

participants in a cooperative Federal/State permit system are designated by an asterisk (\*).

\*Alabama, \*Alaska, Arizona, \*Arkansas, \*California, \*Colorado, Connecticut, \*Delaware, \*Florida, \*Georgia, \*Idaho, \*Illinois, \*Indiana, \*Iowa, \*Kansas, \*Kentucky, \*Louisiana, Maine, Maryland, Massachusetts, \*Michigan, \*Minnesota, \*Mississippi, Missouri, \*Montana, \*Nebraska, \*Nevada, \*New Hampshire, \*New Jersey, New Mexico, New York, \*North Carolina, \*North Dakota, \*Ohio, Oklahoma, \*Oregon, Pennsylvania, Rhode Island, \*South Carolina, \*South Dakota, \*Tennessee, Texas, Utah, \*Vermont, \*Virginia, \*Washington, West Virginia, \*Wisconsin, \*Wyoming.

### § 21.30 Raptor propagation permits.

(a) *Permit requirement.* A raptor propagation permit is required before any person may take, possess, transport, import, purchase, barter, or offer to sell, purchase, or barter any raptor, raptor egg, or raptor semen for propagation purposes.

(b) *Application procedures.* Submit application for raptor propagation permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in § 13.12(a) of this subchapter, and the following additional information:

(1) A statement indicating the purpose(s) for which a raptor propagation permit is sought and, where applicable, the scientific or educational objectives of the applicant;

(2) A statement indicating whether the applicant has been issued a State permit authorizing raptor propagation (include name of State, permit number, and expiration date);

(3) A statement fully describing the nature and extent of the applicant's experience with raptor propagation or handling raptors;

(4) A description of each raptor the applicant possesses or will acquire for propagation purposes to include the species, age (if known), sex (if known), date of acquisition, source, and raptor marker number;

(5) A description of each raptor the applicant possesses for purposes other than raptor propagation to include the species, age (if known), sex (if known), date of acquisition, source, raptor marker number, and purpose for which it is possessed;

(6) A description and photographs of the facilities and equipment to be used by the applicant including the dimensions of any structures intended for housing the birds;

(7) A statement indicating whether the applicant requests authority to take raptors or raptor eggs from the wild.

(c) *Issuance criteria.* Upon receiving an application completed in accordance with paragraph (b) of this section, the Director will decide whether a permit should be issued. In making this decision, the Director shall consider, in addition to the general criteria in § 13.21(b) of this chapter, the following factors:

(1) Whether an applicant's raptor propagation facilities are adequate for the number and species of raptors to be held under the permit.

(2) Whether propagation is authorized by the State in which the propagation will occur, and if authorized, whether the applicant has any required State propagation permit.

(3) Whether the applicant is at least 18 years old with a minimum of 2 years experience handling raptors, and if the applicant requests authority to propagate endangered or threatened species, whether the applicant is at least 23 years old with a minimum of 7 years experience handling raptors.

(4) If the applicant requests authority to take raptors or raptor eggs from the wild:

(i) Whether issuance of the permit would have a significant effect on any wild population of raptors;

(ii) Whether suitable captive stock is available; and

(iii) Whether wild stock is needed to enhance the genetic variability of captive stock.

(d) *Additional permit conditions.* In addition to the general conditions found in part 13 of this chapter, raptor propagation permits are subject to the following additional conditions:

(1) *Facilities.* Any tethered raptor possessed under this permit must be maintained in accordance with the Federal falconry standards for “facilities and equipment” described in §21.29(g), unless a specific exception in writing is obtained. For untethered raptors, the breeding facilities must be soundly constructed and entirely enclosed with wood, wire netting, or other suitable material which provides a safe, health, environment. The design of such facilities and ancillary equipment must:

(i) Minimize the risk of injury by providing protection from predators, disturbances that would likely cause harm, extreme weather conditions, and collision with interior or perimeter construction materials and equipment such as support poles, windows, wire netting, perches, or lights;

(ii) Enhance sanitation by providing a well-drained floor, fresh air ventilation, source of light, fresh water for bathing and drinking, access for cleaning, and interior construction materials suitable for thorough cleaning or disinfection; and

(iii) Enhance the welfare and breeding success of the raptors by providing suitable perches, nesting and feeding sites, and observation ports or inspection windows during times when disturbance is felt to be undesirable.

(2) *Incubation of eggs.* Each permittee must notify the Director in writing within 5 days from the day the first egg is laid by any raptor held under a raptor propagation permit, but notice is not required more often than once every 60 days.

(3) *Marking requirement.* Unless otherwise specifically exempted, every raptor possessed for propagation, including all progeny produced pursuant to the permitted activity, must be banded in accordance with the following provisions:

(i) Except for captive-bred raptors lawfully marked with a seamless, numbered band provided by the Service, any raptor possessed for propagation purposes shall be banded with a perma-

nent, non-reusable, numbered band issued by the Service.

(ii) Unless specifically exempted by the conditions of the raptor propagation permit, each captive-bred raptor produced under authority of a raptor propagation permit shall be banded within two (2) weeks of hatching with a numbered, seamless band provided by the Service, placed on the raptor’s leg (metatarsus). In marking captive-bred raptors, permittees:

(A) Shall use a band with an opening (inside diameter) which is small enough to prevent its removal when the raptor is fully grown without causing serious injury to the raptor or damaging the bands integrity or one-piece construction;

(B) May band a raptor with more than one size band when the potential diameter of the raptor’s leg at maturity cannot be determined at the time of banding;

(C) Shall remove all but one band from any raptor with more than one band before the raptor is five (5) weeks of age and return all bands removed to the issuing office.

(iii) No raptor taken from the wild, produced from an egg taken from the wild, or produced from an egg from any source other than bred in captivity under authority of a raptor propagation permit may be banded with a numbered seamless band issued by the Service.

(iv) No permittee under this section may band any raptor with any band issued or authorized by the Service unless that raptor is lawfully possessed by the permittee.

(4) *Taking Raptors or Raptor Eggs from the Wild.* Any permit authorizing the permittee to take raptors or raptor eggs from the wild for propagation purposes is subject to the following additional restrictions:

(i) The State or foreign country in which the raptors or raptor eggs are taken must authorize the permittee in writing to take raptors or raptor eggs from the wild for propagation purposes;

(ii) No raptor listed in §17.11 of this chapter as “endangered” or “threatened” may be taken from the wild without first obtaining the proper permit under part 17 of this chapter; and

## § 21.30

## 50 CFR Ch. I (10-1-06 Edition)

(iii) No raptor or raptor egg may be taken from the wild except in accordance with State law.

(5) *Transfer, purchase, sale, or barter of raptors, raptor eggs, or raptor semen.* (i) A permittee may transfer any lawfully possessed raptor, raptor egg, or raptor semen to another permittee or transfer any raptor to a falconer who holds a valid State falconry permit if no money or other consideration is involved.

(ii) A permittee may transfer, purchase, sell, or barter any raptor which is banded with a numbered seamless marker provided or authorized by the Service, subject to the following conditions:

(A) When the permittee purchases from, sells to, or barter with any person in the U.S., that person must be authorized under this part to purchase, sell, or barter captive-bred raptors;

(B) When the permittee purchases from or barter with any person in a foreign country, that person must be authorized by the competent wildlife management authority of the foreign country in which the transaction occurs to sell or barter captive-bred raptors; and

(C) When the permittee transfers to, sells to or barter with any person in a foreign country, that person must be authorized to possess, purchase or barter captive-bred raptors by the competent wildlife management authority of his/her country of residence or domicile and the same wildlife management authority must certify in writing that the recipient is an experienced falconer or raptor propagator who is required to maintain any raptors in his/her possession under conditions that are comparable to the conditions under which a permittee must maintain raptors under § 21.29 or § 21.30. No certification is required if the competent wildlife management authority itself is the recipient of captive-bred raptors for conservation purposes.

(iii) No raptor may be traded, transferred, purchased, sold, or bartered until it is two weeks old and only after it is properly banded with a nonreusable marker provided or authorized by the Service, unless it is transferred, sold, or bartered to a State

or Federal wildlife management agency for conservation purposes.

(iv) A permittee may purchase, sell, or barter semen collected from any captive-bred raptor.

(v) A permittee may not purchase, sell or barter any raptor eggs, any raptors taken from the wild, any raptor semen collected from the wild, or any raptors hatched from eggs taken from the wild.

(6) *Use of Service form 3-186A.* No permittee may take, purchase, receive, or otherwise acquire, sell, trade, barter, transfer, or otherwise dispose of any raptor unless such permittee submits a form 3-186A (Migratory Bird Acquisition/Disposition Report), completed in accordance with the instructions on the form, to the issuing office within five (5) calendar days of any such transfer. *Provided*, that a permittee does not have to submit a form 3-186A (Migratory Bird Acquisition/Disposition Report) to report the acquisition raptors hatched from eggs produced as a result of the permittee's propagation activities as long as these raptors remain in the possession of the permittee.

(7) *Documentation of lawful possession.* No raptor may be possessed under authority of a raptor propagation permit unless the permittee has a properly completed form 3-186A (Migratory Bird Acquisition/Disposition Report) for each bird possessed, except as provided in paragraph (d)(5) of this section.

(8) *Temporary possession.* A raptor possessed under authority of a raptor propagation permit may be temporarily held by a person other than the permittee only if that person is otherwise authorized to possess raptors, and only if the raptor is accompanied at all times by the properly completed form 3-186A (Migratory Bird Acquisition/Disposition Report) designating the permittee as the possessor of record and by a signed, dated statement from the permittee authorizing the temporary possession.

(9) *Sale, purchase, barter.* A permittee may not sell, purchase, barter, or offer to sell, purchase, or barter any raptor unless the raptor is marked on the metatarsus by a seamless, numbered band supplied by the Service.

(10) *Transfer to another.* A permittee may not receive or otherwise acquire from, may not transfer or otherwise dispose of to, and may not loan to or temporarily place with another person any raptor unless that person is authorized to acquire, possess, and dispose of such raptors under a valid permit issued pursuant to this part and part 13 or as permitted by regulations in this part.

(11) *Use in falconry.* A permittee may use a raptor possessed for propagation in the sport of falconry only if such use is designated in both the propagation permit and the permittee's falconry permit.

(12) *Interspecific hybridization.* Hybridization between species (interspecific hybridization) is authorized only if each raptor produced by interspecific hybridization is either imprinted on humans (hand-raised in isolation from the sight of other raptors from two weeks of age until it is fully feathered) or surgically sterilized.

(13) *Possession of dead raptors, non-viable eggs, nests, and feathers.* (i) Upon the death of any raptor held under permit, a permittee must remove the marker and immediately return it to the Director. The carcass must be destroyed immediately, unless the permittee requests authorization from the Director to retain possession of it. A permittee who has obtained written authorization from the Director to retain possession of the carcass may transfer it to any other person authorized by the Service to possess it, provided no money or other consideration is involved.

(ii) A permittee may possess addled or blown eggs, nests, and feathers from raptors held under permit and may transfer any of these items to any other person authorized by the Service to possess them provided no money or other consideration is involved.

(14) *Intentional release to the wild.* (i) A permittee must obtain written authorization from the Director and the Director of the wildlife conservation department of the State in which release to the wild is proposed before intentionally releasing any raptor to the wild. The raptor marker must be removed from each bird and immediately returned to the Director. A Federal

bird band must be attached to each raptor by a person designated by the Director before its release.

(ii) No raptor produced by interspecific hybridization may be intentionally released to the wild.

(15) *Recordkeeping.* A permittee must maintain complete and accurate records of all operations, to include the following:

(i) Acquisition of raptors, eggs, or semen from sources other than production.

(A) Description of stock:

(1) Species, sex, age of each (if applicable),

(2) Genotype-natal area (geographical breeding site or area that captive stock represents, e.g., Colville River, Alaska; unknown; migrant taken in Maryland, etc.), and

(3) Marker number (if applicable).

(B) Type of stock (including number or amount):

(1) Semen,

(2) Egg, or

(3) Bird.

(C) How acquired:

(1) Purchase, barter, or transfer (include the purchase price or a description of any other consideration involved), or

(2) Taken from the wild.

(D) Date acquired: month, day, and year.

(E) From whom or where stock acquired:

(1) Name, address, and permit number of seller, barterer, or transferor; or

(2) Location where stock taken from the wild.

(ii) Disposition of raptors, eggs, or semen.

(A) Description of stock:

(1) Species, sex, age of each (if applicable),

(2) Genotype-natal area (geographical breeding site or area that captive stock represents, e.g., Colville River, Alaska; unknown; migrant taken in Maryland, etc.), and

(3) Marker number (if applicable).

(B) Type of stock (including number or amount):

(1) Semen,

(2) Egg, or

(3) Bird.

(C) Manner of disposition:

## §21.31

(I) Sale, barter, or transfer (include the sale price or a description of any other consideration involved),

(2) Live loss,

(3) Intentional release to the wild, or

(4) Death.

(D) Date of disposition: month, day, and year.

(E) To whom or where stock disposed:

(1) Name, address, and permit number of purchaser, barterer, or transferee, or

(2) Description and location of other disposition.

(iii) Production and pedigree record.

(A) Mother and father(s):

(1) Species,

(2) Genotype-natal area, and

(3) Marker number.

(B) Insemination:

(1) Natural,

(2) Artificial, or

(3) Combined.

(C) Eggs laid:

(1) Total,

(2) First date, and

(3) Last date.

(D) Eggs hatched:

(1) Total,

(2) First date, and

(3) Last date.

(E) Young raised to 2 weeks of age:

(1) Total produced, and

(2) Marker number and date marked for each raptor.

(16) *Annual report.* A permittee must submit an annual report by January 31 of each year for the preceding year to the Director. The report must include the following information for each species possessed by the permittee:

(i) Number of raptors possessed as of December 31 (including the species, marker number, sex, and age of each raptor).

(ii) Number of females laying eggs.

(iii) Number of eggs laid.

(iv) Number of eggs hatched.

(v) Number of young raised to 2 weeks of age.

(vi) Number of raptors purchased, sold, bartered, received, or transferred (including the species, marker number, sex, and age of each raptor) the date of the transaction, and the name, address and permit number of each purchaser, seller, barterer, transferor, or transferee.

(e) *Term of permit.* A raptor propagation permit issued or renewed under

## 50 CFR Ch. I (10-1-06 Edition)

this part expires on the date designated on the face of the permit unless amended or revoked, but the term of the permit shall not exceed three (3) years from the date of issuance or renewal.

### §21.31 Rehabilitation permits.

(a) *What is the permit requirement?* Except as provided in §21.12, a rehabilitation permit is required to take, temporarily possess, or transport any migratory bird for rehabilitation purposes. However, any person who finds a sick, injured, or orphaned migratory bird may, without a permit, take possession of the bird in order to immediately transport it to a permitted rehabilitator.

(b) *What are the general permit provisions?* (1) The permit authorizes you to:

(i) Take from the wild or receive from another person sick, injured, or orphaned migratory birds and to possess them and provide rehabilitative care for them for up to 180 days;

(ii) Transport such birds to a suitable habitat for release, to another permitted rehabilitator's facilities, or to a veterinarian;

(iii) Transfer, release, or euthanize such birds;

(iv) Transfer or otherwise dispose of dead specimens; and

(v) Receive, stabilize, and transfer within 48 hours types of migratory bird species not authorized by your permit, in cases of emergency. If a rehabilitator authorized to care for the bird is not available within that time-frame, you must contact the issuing office for authorization to retain the bird until it can be transferred.

(2) The permit does not authorize the use of migratory birds for educational purposes.

(c) *How do I apply for a migratory bird rehabilitation permit?* You must apply to the appropriate Regional Director—Attention Migratory Bird Permit Office. You can find addresses for the appropriate Regional Directors in §2.2 of subchapter A of this chapter. Your application package must consist of the following:

(1) A completed application (Form 3-200-10b);

(2) A copy of your State rehabilitation permit, license, or other authorization, if one is required in your State; and

(3) A check or money order made payable to the "U.S. Fish and Wildlife Service" in the amount of the application fee for permits issued under this section listed in §13.11 of this chapter.

(d) *What criteria will the Service consider before issuing a permit?* (1) Upon receiving an application completed in accordance with paragraph (c) of this section, the Regional Director will decide whether to issue you a permit based on the general criteria of §13.21 of this chapter and whether you meet the following requirements:

(i) You must be at least 18 years of age with at least 100 hours of hands-on experience, gained over the course of at least 1 whole year, rehabilitating the types of migratory birds you intend to rehabilitate (e.g., waterbirds, raptors), or comparable experience. Up to 20 hours of the 100-hour time requirement may be fulfilled by participation in migratory bird rehabilitation seminars and courses.

(ii) Your facilities must be adequate to properly care for the type(s) of migratory bird species you intend to rehabilitate, or you must have a working relationship with a person or organization with such facilities.

(iii) You must have an agreement with a licensed veterinarian to provide medical care for the birds you intend to rehabilitate, unless you are a licensed veterinarian.

(iv) You must have a State permit, license, or other authorization to rehabilitate migratory birds if such authorization required by your State.

(2) In issuing a permit, the Regional Director may place restrictions on the types of migratory bird species you are authorized to rehabilitate, based on your experience and facilities as well as on the specific physical requirements and behavioral traits of particular species.

(e) *What are the standard conditions for this permit?* In addition to the general permit conditions set forth in part 13 of this chapter, rehabilitation permits are subject to the following conditions:

(1) *Facilities.* You must conduct the activities authorized by this permit in appropriate facilities that are approved and identified on the face of your permit. In evaluating whether caging dimensions are adequate, the Service will use as a guideline the standards developed by the National Wildlife Rehabilitators Association and the International Wildlife Rehabilitation Council (*Minimum Standards for Wildlife Rehabilitation, 2000*).<sup>1</sup> The Regional Migratory Bird Permit Office will authorize variation from the standards where doing so is reasonable and necessary to accommodate a particular rehabilitator's circumstances, unless a determination is made that such variation will jeopardize migratory birds. However, except as provided by paragraph (f)(2)(i) of this section, all facilities must adhere to the following criteria:

(i) Rehabilitation facilities for migratory birds must be secure and provide protection from predators, domestic animals, undue human disturbance, sun, wind, and inclement weather.

(ii) Caging must be made of a material that will not entangle or cause injury to the type of birds that will be housed within.

(iii) Enclosures must be kept clean, well-ventilated, and hygienic.

(iv) Birds must not be overcrowded, and must be provided enough perches, if applicable.

(v) Birds must be housed only with compatible migratory bird species.

(vi) Birds may not be displayed to the public unless you use video equipment, barriers, or other methods to reduce noise and exposure to humans to levels the birds would normally encounter in their habitat. You may not use any equipment for this purpose that causes stress or harm, or impedes the rehabilitation of any bird.

(2) *Dietary requirements.* You must provide the birds in your care with a

diet that is appropriate and nutritionally approximates the natural diet consumed by the species in the wild, with consideration for the age and health of the individual bird.

(3) *Subpermittees.* Except as provided by paragraph (f)(2)(ii) of this section, anyone who will be performing activities that require permit authorization under paragraph (b)(1) of this section when you or a subpermittee are not present, including any individual who transports birds to or from your facility on a regular basis, must either possess his or her own Federal rehabilitation permit, or be authorized as your subpermittee by being named in writing to your issuing Migratory Bird Permit Office. Subpermittees must be at least 18 years of age and possess sufficient experience to tend the species in their care. Subpermittees authorized to care for migratory birds at a site other than your facility must have facilities adequate to house the species in their care, based on the criteria of paragraph (e)(1) of this section. All such facilities must be approved by the issuing office. As the primary permittee, you are legally responsible for ensuring that your subpermittees, staff, and volunteers adhere to the terms of your permit when conducting migratory bird rehabilitation activities.

(4) *Disposition of birds under your care.*

(i) You must take every precaution to avoid imprinting or habituating birds in your care to humans. If a bird becomes imprinted to humans while under your care, you will be required to transfer the bird as directed by the issuing office.

(ii) You may not retain migratory birds longer than 180 days without additional authorization from your Regional Migratory Bird Permit Office. You must release all recuperated birds to suitable habitat as soon as seasonal conditions allow, following recovery of the bird. If the appropriate season for release is outside the 180-day timeframe, you must seek authorization from the Service to hold the bird until the appropriate season. Before releasing a threatened or endangered migratory bird, you must coordinate with your issuing Migratory Bird Permit Office.

(iii) You must euthanize any bird that cannot feed itself, perch upright, or ambulate without inflicting additional injuries to itself where medical and/or rehabilitative care will not reverse such conditions. You must euthanize any bird that is completely blind, and any bird that has sustained injuries that would require amputation of a leg, a foot, or a wing at the elbow or above (humero-ulnar joint) rather than performing such surgery, unless:

(A) A licensed veterinarian submits a written recommendation that the bird should be kept alive, including an analysis of why the bird is not expected to experience the injuries and/or ailments that typically occur in birds with these injuries and a commitment (from the veterinarian) to provide medical care for the bird for the duration of its life, including complete examinations at least once a year;

(B) A placement is available for the bird with a person or facility authorized to possess it, where it will receive the veterinary care described in paragraph (e)(4)(iii)(A) of this section; and

(C) The issuing office specifically authorizes continued possession, medical treatment, and rehabilitative care of the bird.

(iv) You must obtain authorization from your issuing Migratory Bird Permit Office before euthanizing endangered and threatened migratory bird species. In rare cases, the Service may designate a disposition other than euthanasia for those birds. If Service personnel are not available, you may euthanize endangered and threatened migratory birds without Service authorization when prompt euthanasia is warranted by humane consideration for the welfare of the bird.

(v) You may place nonreleasable live birds that are suitable for use in educational programs, foster parenting, research projects, or other permitted activities with persons permitted or otherwise authorized to possess such birds, with prior approval from your issuing Migratory Bird Permit Office.

(vi)(A) You may donate dead birds and parts thereof, except threatened and endangered species, and bald and golden eagles, to persons authorized by

## U.S. Fish and Wildlife Serv., Interior

## §21.31

permit to possess migratory bird specimens or exempted from permit requirements under §21.12.

(B) You must obtain approval from your issuing office before disposing of or transferring any live or dead endangered or threatened migratory bird specimen, parts, or feathers.

(C) You must send all dead bald and golden eagles, and their parts and feathers to: National Eagle Repository, Building 128, Rocky Mountain Arsenal, Commerce City, CO 80022. If your State requires you to notify State wildlife officers of a dead bald or golden eagle before sending the eagle to the Repository you must comply with State regulations. States may assume temporary possession of the carcasses for purposes of necropsy.

(D) Unless specifically required to do otherwise by the Service, you must promptly destroy all other dead specimens by such means as are necessary to prevent any exposure of the specimens to animals in the wild.

(vii) With authorization from your issuing Migratory Bird Permit Office, you may hold a nonreleasable bird longer than 180 days for the purpose of fostering juveniles during their rehabilitation. You may also use birds you possess under an educational permit to foster juveniles.

(viii) You may possess a reasonable number of feathers for imping purposes, based on the numbers and species of birds for which you regularly provide care.

(ix) You may draw blood and take other medical samples for purposes of the diagnosis and recovery of birds under your care, or for transfer to authorized facilities conducting research pertaining to a contagious disease or other public health hazard.

(x) You may conduct necropsies on dead specimens in your possession, except that you must obtain approval from your Regional Migratory Bird Permit Office before conducting necropsies on threatened or endangered species.

(xi) This permit does not confer ownership of any migratory bird. All birds held under this permit remain under the stewardship of the U.S. Fish and Wildlife Service.

(5) *Notification to the U.S. Fish and Wildlife Service.* (i) You must notify your issuing Migratory Bird Permit Office within 24 hours of acquiring a threatened or endangered migratory bird species, or bald or golden eagle, whether live or dead. You may be required to transfer these birds to another facility designated by the Service.

(ii) You must immediately notify the local U.S. Fish and Wildlife Service Law Enforcement Office if you have reason to believe a bird has been poisoned, electrocuted, shot, or otherwise subjected to criminal activity. Contact information for your local Service Law Enforcement office is listed on your permit, or you can obtain it on the Internet at <http://offices.fws.gov>.

(iii) If the sickness, injury, or death of any bird is due or likely due to avian virus, or other contagious disease or public health hazard, you must notify and comply with the instructions given by the State or local authority that is responsible for tracking the suspected disease or hazard in your location, if that agency is currently collecting such information from the public.

(6) You must maintain a working relationship with a licensed veterinarian. If your working relationship with your original cooperating veterinarian is dissolved, you must establish an agreement within 30 days with another licensed veterinarian to provide medical services to the birds in your care, and furnish a copy of this agreement to the issuing office.

(7) *Recordkeeping.* You must maintain complete and accurate records of all migratory birds that you receive, including for each bird the date received, type of injury or illness, disposition, and date of disposition. You must retain these records for 5 years following the end of the calendar year covered by the records.

(8) *Annual report.* You must submit an annual report that includes the information required by paragraph (e)(7) for the preceding calendar year to your issuing Migratory Bird Permit Office by the date required on your permit. You may complete Service Form 3-202-4, or submit your annual report from a database you maintain, provided your

## §21.31

## 50 CFR Ch. I (10–1–06 Edition)

report contains all, and only, the information required by Form 3–202–4.

(9) At the discretion of the Regional Director, we may stipulate on the face of your permit additional conditions compatible with the permit conditions set forth in this section, to place limits on numbers and/or types of birds you may possess under your permit, to stipulate authorized location(s) for your rehabilitation activities, or otherwise specify permitted activities, based on your experience and facilities.

(f) *How does this permit apply to oil and hazardous waste spills?* Prior to entering the location of an oil or hazardous material spill, you must obtain authorization from the U.S. Fish and Wildlife Service Field Response Coordinator or other designated Service representative and obtain permission from the On-Scene Coordinator. All activities within the location of the spill are subject to the authority of the On-Scene Coordinator. The U.S. Fish and Wildlife Service is responsible for the disposition of all migratory birds, dead or alive.

(1) *Permit provisions in oil or hazardous material spills.* (i) In addition to the rehabilitation permit provisions set forth in paragraph (b) of this section, when under the authority of the designated U.S. Fish and Wildlife Service representative this permit further authorizes you to temporarily possess healthy, unaffected birds for the purpose of removing them from imminent danger.

(ii) This permit does not authorize salvage of dead migratory birds. When dead migratory birds are discovered, a Service law enforcement officer must be notified immediately in order to coordinate the handling and collection of evidence. Contact information for your local Service Law Enforcement office is listed on your permit and on the Internet at <http://offices.fws.gov>. The designated Service representative will have direct control and responsibility over all live migratory birds, and will coordinate the collection, storage, and handling of any dead migratory birds with the Service's Division of Law Enforcement.

(iii) You must notify your issuing Migratory Bird Permit Office of any migratory birds in your possession within

24 hours of removing such birds from the area.

(2) *Conditions specific to oil and hazardous waste spills—(i) Facilities.* Facilities used at the scene of oil or hazardous waste spills may be temporary and/or mobile, and may provide less space and protection from noise and disturbance than facilities authorized under paragraph (e)(1) of this section. Such facilities should conform as closely as possible with the facility specifications contained in the Service policy titled *Best Practices for Migratory Bird Care During Oil Spill Response*.<sup>2</sup>

(ii) *Subpermittees.* In cases of oil and hazardous waste spills, persons who assist with cleaning or treating migratory birds at the on-scene facility will not be required to have a rehabilitation permit or be a subpermittee; however, volunteers must be trained in rescue protocol for migratory birds affected by oil and hazardous waste spills. A permit (or subpermittee designation) is required to perform extended rehabilitation of such birds, after initial cleaning and treating, at a subsequent location.

(g) *Will I also need a permit from the State in which I live?* If your State requires a license, permit, or other authorization to rehabilitate migratory birds, your Federal migratory bird rehabilitation permit will not be valid if you do not also possess and adhere to the terms of the required State authorization, in addition to the Federal permit. Nothing in this section prevents a State from making and enforcing laws or regulations consistent with this section that are more restrictive or give further protection to migratory birds.

(h) *How long is a migratory bird rehabilitation permit valid?* Your rehabilitation permit will expire on the date designated on the face of the permit unless amended or revoked. No rehabilitation permit will have a term exceeding 5 years.

(i) *Will I need to apply for a new permit under this section if I already have a special purpose permit to rehabilitate migratory birds, issued under §21.27 (Special*

*purpose permits*)? (1) If you had a valid Special Purpose—Migratory Bird Rehabilitation Permit issued under §21.27 on November 26, 2003, your permit will remain valid until the expiration date listed on its face. If you renew your permit, it will be issued under this section.

(2) If your original permit authorization predates permit application procedures requiring submission of photographs and diagrams for approval of your facilities, and your facilities have never been approved by the migratory bird permit office on the basis of such photographs and diagrams, you must submit photographs and diagrams of your facilities as part of your renewal application. If those facilities do not meet the criteria set forth under this section, your permit may be renewed for only 1 year. We will re-evaluate your facilities when you seek renewal in a year. If you have made the improvements necessary to bring your facilities into compliance with paragraph (e)(1) of this section, and the other criteria within this section for permit issuance are met, your permit may be renewed for up to the full 5-year tenure.

(3) If your facilities have already been approved on the basis of photographs and diagrams, and authorized under a valid §21.27 special purpose permit, then they are preapproved to be authorized under your new permit issued under this section, unless those facilities have materially diminished in size or quality from what was authorized when you last renewed your permit, or unless you wish to expand the authorizations granted by your permit (e.g., the number or types of birds you rehabilitate). Regulations governing permit renewal are set forth in §13.22 of this chapter.

### Subpart D—Control of Depredating and Otherwise Injurious Birds

#### §21.41 Depredation permits.

(a) *Permit requirement.* Except as provided in §§21.42 through 21.46, a depredation permit is required before any person may take, possess, or transport

migratory birds for depredation control purposes. No permit is required merely to scare or herd depredating migratory birds other than endangered or threatened species or bald or golden eagles.

(b) *Application procedures.* Submit application for depredation permits to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in §13.12(a) of this subchapter, and the following additional information:

(1) A description of the area where depredations are occurring;

(2) The nature of the crops or other interests being injured;

(3) The extent of such injury; and

(4) The particular species of migratory birds committing the injury.

(c) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B, depredation permits shall be subject to requires, in this section:

(1) Permittees may not kill migratory birds unless specifically authorized on the permit.

(2) Unless otherwise specifically authorized, when permittees are authorized to kill migratory birds they may do so only with a shotgun not larger than No. 10 gauge fired from the shoulder, and only on or over the threatened area or area described on the permit.

(3) Permittees may not use blinds, pits, or other means of concealment, decoys, duck calls, or other devices to lure or entice birds within gun range.

(4) All migratory birds killed shall be retrieved by the permittee and turned over to a Bureau representative or his designee for disposition to charitable or other worthy institutions for use as food, or otherwise disposed of as provided by law.

(5) Only persons named on the permit are authorized to act as agents of the permittee under authority of the permit.

(d) *Tenure of permits.* The tenure of depredation permits shall be limited to the dates which appear on its face, but in no case shall be longer than one year.

[39 FR 1178, Jan. 4, 1974, as amended at 42 FR 17122, Mar. 31, 1977; 63 FR 52637, Oct. 1, 1998]

**§ 21.42**

**§ 21.42 Authority to issue depredating orders to permit the killing of migratory game birds.**

Upon the receipt of evidence clearly showing that migratory game birds have accumulated in such numbers in a particular area as to cause or about to cause serious damage to agricultural, horticultural, and fish cultural interests, the Director is authorized to issue by publication in the FEDERAL REGISTER a deprecation order to permit the killing of such birds under the following conditions:

(a) That such birds may only be killed by shooting with a shotgun not larger than No. 10 gauge fired from the shoulder, and only on or over the threatened area or areas;

(b) That shooting shall be limited to such time as may be fixed by the Director on the basis of all circumstances involved. If prior to termination of the period fixed for such shooting, the Director receives information that there no longer exists a serious threat to the area or areas involved, he shall without delay cause to be published in the FEDERAL REGISTER an order of revocation;

(c) That such migratory birds as are killed under the provisions of any deprecation order may be used for food or donated to public museums or public scientific and educational institutions for exhibition, scientific, or educational purposes, but shall not be sold, offered for sale, bartered, or shipped for purpose of sale or barter, or be wantonly wasted or destroyed: *Provided*, That any migratory game birds which cannot be so utilized shall be disposed of as prescribed by the Director;

(d) That any order issued pursuant to this section shall not authorize the killing of the designated species of depredating birds contrary to any State laws or regulations. The order shall specify that it is issued as an emergency measure designed to relieve deprecations only and shall not be construed as opening, reopening, or extending any open hunting season contrary to any regulations promulgated pursuant to section 3 of the Migratory Bird Treaty Act.

**50 CFR Ch. I (10-1-06 Edition)**

**§ 21.43 Depredation order for black-birds, cowbirds, grackles, crows and magpies.**

A Federal permit shall not be required to control yellow-headed red-winged, rusty, and Brewer's blackbirds, cowbirds, all grackles, crows, and magpies, when found committing or about to commit deprecations upon ornamental or shade trees, agricultural crops, livestock, or wildlife, or when concentrated in such numbers and manner as to constitute a health hazard or other nuisance: *Provided*:

(a) That none of the birds killed pursuant to this section, nor their plumage, shall be sold or offered for sale, but may be possessed, transported, and otherwise disposed of or utilized.

(b) That any person exercising any of the privileges granted by this section shall permit at all reasonable times including during actual operations, any Federal or State game or deputy game agent, warden, protector, or other game law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted; and shall furnish promptly to such officer whatever information he may require, concerning said operations.

(c) That nothing in this section shall be construed to authorize the killing of such birds contrary to any State laws or regulations; and that none of the privileges granted under this section shall be exercised unless the person possesses whatever permit as may be required for such activities by the State concerned.

[39 FR 1178, Jan. 4, 1974, as amended at 54 FR 47525, Nov. 15, 1989]

**§ 21.44 Depredation order for designated species of depredating birds in California.**

In any county in California in which horned larks, golden-crowned, white-crowned and other crowned sparrows, and house finches are, under extraordinary conditions, seriously injurious to agricultural or other interests, the Commissioner of Agriculture may, without a permit, kill or cause to be killed under his/her general supervision such of the above migratory birds as

may be necessary to safeguard any agricultural or horticultural crop in the county: *Provided*:

(a) That such migratory birds shall be killed only when necessary to protect agricultural or horticultural crops from depredation; that none of the above migratory birds killed, or the parts thereof, or the plumage of such birds, shall be sold or removed from the area where killed; but that all such dead migratory birds shall be buried or otherwise destroyed within this area, except that any specimens needed for scientific purposes, as determined by the State or the Director shall not be destroyed.

(b) That any Commissioner of Agriculture exercising the privileges granted by this section shall keep records of the persons authorized by the Commissioner to kill such migratory birds, and the estimated number of such birds killed pursuant to the exercise of his authority, and the Commissioner shall submit a report thereof to the Director on or before December 31 of each year or whenever the Director so requests.

[39 FR 1178, Jan. 4, 1974, as amended at 54 FR 47525, Nov. 15, 1989; 55 FR 17352, Apr. 24, 1990]

**§21.45 Depredation order for depredating purple gallinules in Louisiana.**

Landowners, sharecroppers, tenants, or their employees or agents, actually engaged in the production of rice in Louisiana, may, without a permit, shoot purple gallinules (*Ionornis martinica*) when found committing or about to commit serious depredations to growing rice crops on the premises owned or occupied by such persons: *Provided*:

(a) That purple gallinules may only be killed pursuant to this section between May 1 and August 15 in any year.

(b) That purple gallinules killed pursuant to this section shall not be transported or sold or offered for sale except that, such transportation within the area, as may be necessary to bury or otherwise destroy the carcasses of such birds is permitted: *Provided*, That the Director or the State agricultural department, college, or other public institution may requisition such purple gallinules killed as may be needed for scientific investigations: *Provided fur-*

*ther*, That any purple gallinules killed under authority of this section may also be donated to charitable institutions for food purposes.

(c) That any person exercising any of the privileges granted by this section shall permit at all reasonable times, including during actual operations, any Federal or State game or deputy game agent, warden, protector, or other game law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted; and shall furnish promptly to such officer whatever information he may require, concerning said operations.

(d) That nothing in this section shall be construed to authorize the killing of such migratory birds contrary to any State laws or regulations; and that none of the privileges granted under this section shall be exercised unless the person possesses whatever permit as may be required for such activities by the State of Louisiana.

(e) That any person authorized by this section to exercise the privileges granted therein shall maintain records of the number of birds killed on the premises and shall submit a report thereof, on or before December 31 of each year, to the Director.

**§21.46 Depredation order for depredating scrub jays and Steller's jays in Washington and Oregon.**

Landowners, sharecroppers, tenants, or their employees or agents actually engaged in the production of nut crops in Washington and Oregon may, without a permit, take scrub jays (*Aphelocoma coerulescens*) and Steller's jays (*Cyanocitta stelleri*) when found committing or about to commit serious depredations to nut crops on the premises owned or occupied by such persons: *Provided*:

(a) That scrub jays and Steller's jays may only be taken pursuant to this section between August 1 and December 1 in any year, in the Washington counties of Clark, Cowlitz, and Lewis; and the Oregon counties of Benton, Clackamas, Lane, Linn, Marion, Multnomah, Polk, Washington, and Yamhill.

(b) That scrub jays and Steller's jays taken pursuant to this section shall

not be transported or sold or offered for sale except that, such transportation within the area, as may be necessary to bury or otherwise destroy the carcasses of such birds is permitted: *Provided*, That the Director of the State agricultural department, college, or other public institution may requisition such scrub jays and Steller's jays killed as may be needed for scientific investigations.

(c) That such birds may be taken only by trapping or shooting and on areas where serious depredations are being or are about to be committed.

(d) That any person exercising any of the privileges granted by this section shall permit at all reasonable times, including during actual operations, any Federal or State game or deputy game agent, warden, protector, or other law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted; and shall furnish promptly to such officer whatever information he may require, concerning said operations.

(e) That nothing in this section shall be construed to authorize the killing of such migratory birds contrary to any State laws or regulations; and that none of the privileges granted under this section shall be exercised unless the person possesses whatever permit as may be required for such activities by the States of Washington and Oregon.

(f) That any person authorized by this section to exercise the privileges granted therein shall maintain records of the number of birds killed on the premises and shall submit a report thereof, on or before December 31 of each year, to the appropriate Special Agent in Charge (see § 10.22 of this subchapter).

[39 FR 31326, Aug. 28, 1974]

**§ 21.47 Depredation order for double-crested cormorants at aquaculture facilities.**

(a) *What is the purpose of this depredation order?* The purpose of this depredation order is to help reduce depredation of aquacultural stock by double-crested cormorants at private fish farms and State and Federal fish hatcheries.

(b) *In what areas can this depredation order be implemented?* This depredation order applies to commercial freshwater aquaculture facilities and to State and Federal fish hatcheries in the States of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Minnesota, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, and Texas.

(c) *What does this depredation order allow and who can participate?* (1) This depredation order authorizes landowners, operators, and tenants (or their employees or agents) actually engaged in the commercial, Federal, or State production of freshwater aquaculture stocks to take, without a Federal permit, double-crested cormorants when they are found committing or about to commit depredations to aquaculture stocks. This authority is applicable only during daylight hours and only within the boundaries of freshwater commercial aquaculture facilities or State and Federal hatcheries.

(2) This depredation order authorizes employees of the Wildlife Services program of the U.S. Department of Agriculture Animal and Plant Health Inspection Service to take double-crested cormorants, with appropriate landowner permission, at roost sites in the vicinity of aquaculture facilities, at any time, day or night, during the months of October, November, December, January, February, March, and April.

(3) Authorized employees of the Wildlife Services program of the U.S. Department of Agriculture Animal and Plant Health Inspection Service may designate agents to carry out control, provided these individuals act under the conditions of the order.

(d) *What are the terms and conditions of this order?* (1) Persons operating under paragraph (c)(1) of this section may only do so in conjunction with an established nonlethal harassment program as certified by officials of the Wildlife Services program of the U.S. Department of Agriculture Animal and Plant Health Inspection Service. Wildlife Services directive 2.330 outlines this certification process.

(2) Double-crested cormorants may be taken only by shooting with firearms, including rifles. Persons using

shotguns are required to use nontoxic shot as listed in 50 CFR 20.21(j).

(3) Persons operating under this depredation order may use decoys, taped calls, or other devices to lure within gun range birds committing or about to commit depredations.

(4) Persons operating under this depredation order must obtain appropriate landowner permission before implementing activities authorized by the order.

(5) Double-crested cormorants may not be killed contrary to the laws or regulations of any State, and none of the privileges of this section may be exercised unless the person possesses the appropriate State or other permits, if required.

(6) Persons operating under this depredation order must properly dispose of double-crested cormorants killed in control efforts:

(i) Individuals may donate birds killed under authority of this order to museums or other such scientific and educational institutions for the purposes of scientific or educational exhibition;

(ii) Individuals may also bury or incinerate birds taken; and

(iii) Individuals may not allow birds taken under this order, or their plumage, to be sold, offered for sale, bartered, or shipped for purpose of sale or barter.

(7) Nothing in this depredation order authorizes the take of any migratory bird species other than double-crested cormorants. Two look-alike species co-occur with double-crested cormorants in the southeastern States: the anhinga, which occurs across the southeastern United States, and the neotropic cormorant, which is found in varying numbers in Texas, Louisiana, and Oklahoma. Both species can be mistaken for double-crested cormorants, but take of these two species is not authorized under this depredation order. Persons operating under this order must immediately report the take of a migratory bird species other than double-crested cormorants to the appropriate Service Regional Migratory Bird Permit Office.

(8) Nothing in this depredation order authorizes the take of any species protected by the Endangered Species Act.

Persons operating under this order must immediately report the take of species protected under the Endangered Species Act to the Service.

(i) To protect wood storks and bald eagles, the following conservation measures must be observed within any geographic area where Endangered Species Act protection applies to these species: All control activities are allowed if the activities occur more than 1,500 feet from active wood stork nesting colonies, more than 1,000 feet from active wood stork roost sites, and more than 750 feet from feeding wood storks, and if they occur more than 750 feet from active bald eagle nests.

(ii) At their discretion, landowners, operators, and tenants may contact the Regional Migratory Bird Permit Office to request modification of the measures listed in paragraph (d)(8)(i) of this section. Such modification can occur only if the Regional Director determines, on the basis of coordination between the Regional Migratory Bird Permit Office and the Endangered Species Field Office, that wood storks and bald eagles will not be adversely affected.

(iii) If adverse effects are anticipated from the control activities in a geographical area where Endangered Species Act protection applies to wood storks or bald eagles, either during the intra-Service coordination discussions described above or at any other time, the Regional Migratory Bird Permit Office will initiate consultation with the Endangered Species Field Offices.

(9) Persons operating under this depredation order must:

(i) Keep a log recording the date, number, and location of all birds killed each year under this authorization;

(ii) Maintain this log for a period of 3 years (and maintain records for 3 previous years of takings at all times thereafter); and

(iii) Each year, provide the previous year's log to the appropriate Service Regional Migratory Bird Permit Office. Regional Office addresses are found in §2.2 of subchapter A of this chapter.

(10) We reserve the right to suspend or revoke the authority of any Agency or individual granted by this order if we find that the specified purpose, terms, and conditions have not been

adhered to by that Agency or individual or if the long-term sustainability of double-crested cormorant populations is threatened by that Agency's or individual's action(s). The criteria and procedures for suspension, revocation, reconsideration, and appeal are outlined in §§ 13.27 through 13.29 of this subchapter. For the purposes of this section, "issuing officer" means the Regional Director and "permit" means the authority to act under this depredation order. For purposes of § 13.29(e), appeals shall be made to the Director.

(e) *Does this section contain information collection requirements?* Yes, the information collection requirements in this section are approved by the Office of Management and Budget (OMB) under OMB control number 1018–0121. Federal agencies may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

(f) *When does this depredation order expire?* This depredation order will automatically expire on April 30, 2009, unless revoked or extended prior to that date.

[68 FR 58034, Oct. 8, 2003]

**§ 21.48 Depredation order for double-crested cormorants to protect public resources.**

(a) *What is the purpose of this depredation order?* The purpose of this depredation order is to reduce the occurrence and/or minimize the risk of adverse impacts to public resources (fish, wildlife, plants, and their habitats) caused by double-crested cormorants.

(b) *In what areas can this depredation order be implemented?* This depredation order applies to all lands and freshwaters in the States of Alabama, Arkansas, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, New York, North Carolina, Ohio, Oklahoma, South Carolina, Tennessee, Texas, Vermont, West Virginia, and Wisconsin.

(c) *What does this depredation order allow and who can participate?* (1) This depredation order authorizes State fish and wildlife agencies, Federally recognized Tribes, and State Directors of the

Wildlife Services program of the U.S. Department of Agriculture Animal and Plant Health Inspection Service (collectively termed "Agencies") to prevent depredations on the public resources of fish (including hatchery stock at Federal, State, and Tribal facilities), wildlife, plants, and their habitats by taking without a permit double-crested cormorants found committing or about to commit, such depredations.

(2) Agencies may designate agents to carry out control, provided those individuals act under the conditions of the order.

(3) Federally recognized Tribes and their agents may carry out control only on reservation lands or ceded lands within their jurisdiction.

(d) *What are the terms and conditions of this order?* (1) Persons operating under this order should first utilize nonlethal control methods such as harassment and exclusion devices when these are considered effective and practicable and not harmful to other nesting birds by the responsible Agency.

(2) Double-crested cormorants may be taken only by means of egg oiling, egg and nest destruction, cervical dislocation, firearms, and CO<sub>2</sub> asphyxiation. Persons using shotguns must use nontoxic shot, as listed in 50 CFR 20.21(j). Persons using egg oiling must use 100 percent corn oil, a substance exempted from regulation by the U.S. Environmental Protection Agency under the Federal Insecticide, Fungicide, and Rodenticide Act.

(3) Persons operating under this depredation order may use decoys, taped calls, or other devices to lure within gun range birds committing or about to commit depredation of public resources.

(4) Persons operating under this depredation order must obtain appropriate landowner permission before implementing activities authorized by the order.

(5) Persons operating under this depredation order may not take double-crested cormorants contrary to the laws or regulations of any State, and none of the privileges of this section may be exercised unless the person possesses the appropriate State or other permits, if required.

(6) Persons operating under this depredation order must properly dispose of double-crested cormorants killed in control efforts:

(i) Individuals may donate birds killed under authority of this order to museums or other such scientific and educational institutions for the purposes of scientific or educational exhibition;

(ii) Individuals may also bury or incinerate birds taken; and

(iii) Individuals may not allow birds taken under this order, or their plumage, to be sold, offered for sale, bartered, or shipped for purpose of sale or barter.

(7) Nothing in this depredation order authorizes the take of any migratory bird species other than double-crested cormorants. Two look-alike species co-occur with double-crested cormorants in the southeastern States: the anhinga, which occurs across the southeastern United States, and the neotropic cormorant, which is found in varying numbers in Texas, Louisiana, Kansas, and Oklahoma. Both species can be mistaken for double-crested cormorants, but take of these two species is not authorized under this depredation order. Persons operating under this order must immediately report the take of a migratory bird species other than double-crested cormorants to the appropriate Service Regional Migratory Bird Permit Office.

(8) Nothing in this depredation order authorizes the take of any species protected by the Endangered Species Act. Persons operating under this order must immediately report the take of species protected under the Endangered Species Act to the Service.

(i) To protect piping plovers, interior least terns, wood storks, and bald eagles, the following conservation measures must be observed within any geographic area where Endangered Species Act protection applies to these species:

(A) The discharge/use of firearms to kill or harass double-crested cormorants or use of other harassment methods are allowed if the control activities occur more than 1,000 feet from active piping plover or interior least tern nests or colonies; occur more than 1,500 feet from active wood stork nesting colonies, more than 1,000 feet from

active wood stork roost sites, and more than 750 feet from feeding wood storks; or occur more than 750 feet from active bald eagle nests;

(B) Other control activities such as egg oiling, cervical dislocation, CO<sub>2</sub> asphyxiation, egg destruction, or nest destruction are allowed if these activities occur more than 500 feet from active piping plover or interior least tern nests or colonies; occur more than 1,500 feet from active wood stork nesting colonies, more than 1,000 feet from active wood stork roost sites, and more than 750 feet from feeding wood storks; or occur more than 750 feet from active bald eagle nests;

(C) To ensure adequate protection of piping plovers, any Agency or its agents who plan to implement control activities that may affect areas designated as piping plover critical habitat in the Great Lakes Region are to obtain prior approval from the appropriate Regional Director. Requests for approval of activities in these areas must be submitted to the Regional Migratory Bird Permit Office. The Regional Migratory Bird Permit Office will then coordinate with the Endangered Species Field Office staff to assess whether the measures in paragraph (d)(8)(i)(B) of this section are adequate.

(ii) At their discretion, Agencies or their agents may contact the Regional Migratory Bird Permit Office to request modification of the above measures. Such modification can occur only if the Regional Director determines, on the basis of coordination between the Regional Migratory Bird Permit Office and the Endangered Species Field Office, that the species listed in paragraph (d)(8)(i) of this section will not be adversely affected.

(iii) If adverse effects are anticipated from the control activities in a geographical area where Endangered Species Act protection applies to any of the four species listed in paragraph (d)(8)(i) of this section, either during the intra-Service coordination discussions described in paragraph (d)(8)(i)(C) of this section or at any other time, the Regional Migratory Bird Permit Office will initiate consultation with the Endangered Species Field Offices.

(9) Responsible Agencies must, before they initiate any control activities in a given year, provide a one-time written notice to the appropriate Service Regional Migratory Bird Permit Office indicating that they intend to act under this order.

(i) Additionally, if any Agency plans a single control action that would individually, or a succession of such actions that would cumulatively, kill more than 10 percent of the double-crested cormorants in a breeding colony, it must first provide written notification to the appropriate Service Regional Migratory Bird Permit Office. This letter must be received no later than 30 days in advance of the activity and must provide:

(A) The location (indicating specific colonies, if applicable) of the proposed control activity;

(B) A description of the proposed control activity, specifying what public resources are being impacted, how many birds are likely to be taken and what approximate percentage they are of total DCCOs present, and which species of other birds are present; and

(C) Contact information for the person in charge of the control action.

(ii) The Regional Director may prevent any such activity by notifying the agency in writing if the Regional Director deems the activity a threat to the long-term sustainability of double-crested cormorants or any other migratory bird species.

(10) Persons operating under this order must keep records of all activities, including those of designated agents, carried out under this order. On an annual basis, Agencies must provide the Service Regional Migratory Bird Permit Office with a report detailing activities conducted under the authority of this order, including:

(i) By date and location, a summary of the number of double-crested cormorants killed and/or number of nests in which eggs were oiled;

(ii) A statement of efforts being made to minimize incidental take of nontarget species and a report of the number and species of migratory birds involved in such take, if any;

(iii) A description of the impacts or anticipated impacts to public resources by double-crested cormorants and a

statement of the management objectives for the area in question;

(iv) A description of the evidence supporting the conclusion that double-crested cormorants are causing or will cause these impacts;

(v) A discussion of other limiting factors affecting the resource (e.g., biological, environmental, and socioeconomic); and

(vi) A discussion of how control efforts are expected to, or actually did, alleviate resource impacts.

(11) Agencies must provide annual reports to the appropriate Service Regional Migratory Bird Permit Office, as described in paragraph (d)(10) of this section, by December 31 for the reporting period October 1 of the previous year to September 30 of the same year. For example, reports for the period October 1, 2003, to September 30, 2004, would be due on or before December 31, 2004. The Service will regularly review Agency reports and will periodically assess the overall impact of this program to ensure compatibility with the long-term conservation of double-crested cormorants and other resources.

(12) In some situations, Agencies may deem it necessary to reduce or eliminate local breeding populations of double-crested cormorants to reduce the occurrence of resource impacts.

(i) For such actions, Agencies must:

(A) Comply with paragraph (d)(9) of this section;

(B) Carefully plan activities to avoid disturbance of nontarget species;

(C) Evaluate effects of management activities on cormorants at the control site;

(D) Evaluate, by means of collecting data or using best available information, effects of management activities on the public resources being protected and on nontarget species; and

(E) Include this information in the report described in paragraph (d)(10) of this section.

(ii) Agencies may coordinate with the appropriate Service Regional Migratory Bird Permit Office in the preparation of this information to attain technical or other assistance.

(13) We reserve the right to suspend or revoke the authority of any Agency, Tribe, or State Director granted by

this order if we find that the specified purpose, terms, and conditions have not been adhered to or if the long-term sustainability of double-crested cormorant populations is threatened by the action(s) of that Agency, Tribe, or State Director. The criteria and procedures for suspension, revocation, reconsideration, and appeal are outlined in §§ 13.27 through 13.29 of this subchapter. For the purposes of this section, “issuing officer” means the Regional Director and “permit” means the authority to act under this depredation order. For purposes of § 13.29(e), appeals shall be made to the Director.

(e) *Does this section contain information collection requirements?* Yes, the information collection requirements in this section are approved by the Office of Management and Budget (OMB) under OMB control number 1018-0121. Federal agencies may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

(f) *When does this depredation order expire?* This depredation order will automatically expire on April 30, 2009, unless revoked or extended prior to that date.

**§ 21.49 Control order for resident Canada geese at airports and military airfields.**

(a) *Which Canada geese are covered by this order?* This regulation addresses the control and management of resident Canada geese, as defined in § 21.3.

(b) *What is the control order for resident Canada geese at airports, and what is its purpose?* The airport control order authorizes managers at commercial, public, and private airports (airports) (and their employees or their agents) and military air operation facilities (military airfields) (and their employees or their agents) to establish and implement a control and management program when necessary to resolve or prevent threats to public safety from resident Canada geese. Control and management activities include indirect and/or direct control strategies such as trapping and relocation, nest and egg destruction, gosling and adult trapping

and culling programs, or other lethal and non-lethal control strategies.

(c) *Who may participate in the program?* To be designated as an airport that is authorized to participate in this program, an airport must be part of the National Plan of Integrated Airport Systems and have received Federal grant-in-aid assistance, or a military airfield, meaning an airfield or air station that is under the jurisdiction, custody, or control of the Secretary of a military department. Only airports and military airfields in the lower 48 States and the District of Columbia are eligible to conduct and implement the various resident Canada goose control and management program components.

(d) *What are the restrictions of the control order for resident Canada geese at airports and military airfields?* The airport control order for resident Canada geese is subject to the following restrictions:

(1) Airports and military airfields should use nonlethal goose management tools to the extent they deem appropriate. To minimize lethal take, airports and military airfields should follow this procedure:

(i) Assess the problem to determine its extent or magnitude, its impact on current operations, and the appropriate control method to be used.

(ii) Base control methods on sound biological, environmental, social, and cultural factors.

(iii) Formulate appropriate methods into a control strategy that uses several control techniques rather than relying on a single method.

(iv) Implement all appropriate non-lethal management techniques (such as harassment and habitat modification) in conjunction with take authorized under this order.

(2)(i) Methods of take for the control of resident Canada geese are at the airport’s and military airfield’s discretion from among the following:

- (A) Egg oiling,
- (B) Egg and nest destruction,
- (C) Shooting,
- (D) Lethal and live traps,
- (E) Nets,
- (F) Registered animal drugs, pesticides, and repellants,
- (G) Cervical dislocation, and
- (H) CO<sub>2</sub> asphyxiation.

**§21.49**

**50 CFR Ch. I (10-1-06 Edition)**

(ii) Birds caught live may be euthanized or transported and relocated to another site approved by the State or Tribal wildlife agency, if required.

(iii) All techniques used must be in accordance with other Federal, State, and local laws, and their use must comply with any labeling restrictions.

(iv) Persons using shotguns must use nontoxic shot, as listed in §20.21(j) of this subchapter.

(v) Persons using egg oiling must use 100 percent corn oil, a substance exempted from regulation by the U.S. Environmental Protection Agency under the Federal Insecticide, Fungicide, and Rodenticide Act.

(3) Airports and military airfields may conduct management and control activities, involving the take of resident Canada geese, under this section between April 1 and September 15. The destruction of resident Canada goose nests and eggs may take place between March 1 and June 30.

(4) Airports and military airfields and their employees and agents may possess, transport, and otherwise dispose of resident Canada geese taken under this section. Disposal of birds taken under this order may be by donation to public museums or public institutions for scientific or educational purposes, processing for human consumption and subsequent distribution free of charge to charitable organizations, or burial or incineration. Airports/military airfields, their employees, and designated agents may not sell, offer for sale, barter, or ship for the purpose of sale or barter any resident Canada geese taken under this section, nor their plumage or eggs. Any specimens needed for scientific purposes as determined by the Regional Director must not be destroyed, and information on birds carrying metal leg bands must be submitted to the Bird Banding Laboratory by means of a toll-free telephone number at 1-800-327-BAND (or 2263).

(5) Resident Canada geese may be taken only within a 3-mile radius of the airport or military airfield. Airports and military airfields or their agents must first obtain all necessary authorizations from landowners for all management activities conducted out-

side the airport or military airfield's boundaries and be in compliance with all State and local laws and regulations.

(6) Nothing in this section authorizes the killing of resident Canada geese or destruction of their nests and eggs contrary to the laws or regulations of any State or Tribe, and none of the privileges of this section may be exercised unless the airport or military airfield possesses the appropriate State or Tribal authorization or other permits required by the State or Tribe. Moreover, this section does not authorize the killing of any migratory bird species or destruction of their nest or eggs other than resident Canada geese.

(7) Authorized airports and military airfields, and their employees and agents operating under the provisions of this section may not use decoys, calls, or other devices to lure birds within gun range.

(8) Airports and military airfields exercising the privileges granted by this section must submit an annual report summarizing activities, including the date and numbers and location of birds, nests, and eggs taken, by December 31 of each year to the Regional Migratory Bird Permit Office listed in §2.2 of this subchapter.

(9) Nothing in this section applies to any Federal land without written permission of the Federal agency with jurisdiction.

(10) Airports and military airfields may not undertake any actions under this section if the activities adversely affect other migratory birds or species designated as endangered or threatened under the authority of the Endangered Species Act. Persons operating under this order must immediately report the take of any species protected under the Endangered Species Act to the Service. Further, to protect certain species from being adversely affected by management actions, airports and military airfields must:

(i) Follow the Federal-State Contingency Plan for the whooping crane;

(ii) Conduct no activities within 300 meters of a whooping crane or Mississippi sandhill crane nest;

(iii) Follow all Regional (or National when available) Bald Eagle Nesting

Management guidelines for all management activities;

(iv) Contact the Arizona Ecological Services Office (for the Colorado River and Arizona sites) or the Carlsbad Fish and Wildlife Office (for Salton Sea sites) if control activities are proposed in or around occupied habitats (cattail or cattail bulrush marshes) to discuss the proposed activity and ensure that implementation will not adversely affect clapper rails or their habitats; and

(v) In California, any control activities of resident Canada geese in areas used by the following species listed under the Endangered Species Act must be done in coordination with the appropriate local FWS field office and in accordance with standard local operating procedures for avoiding adverse effects to the species or its critical habitat:

(A) *Birds*: Light-footed clapper rail, California clapper rail, Yuma clapper rail, California least tern, southwestern willow flycatcher, least Bell's vireo, western snowy plover, California gnatcatcher.

(B) *Amphibians*: California red-legged frog and California tiger salamander.

(C) *Insects*: Valley elderberry longhorn beetle and delta green ground beetle.

(D) *Crustaceans*: Vernal pool fairy shrimp, conservancy fairy shrimp, longhorn fairy shrimp, vernal pool tadpole shrimp, San Diego fairy shrimp, and Riverside fairy shrimp.

(E) *Plants*: Butte County meadowfoam, large-flowered woolly meadowfoam, Cook's lomatium, Contra Costa goldfields, Hoover's spurge, fleshy owl's clover, Colusa grass, hairy Orcutt grass, Solano grass, Greene's tuctoria, Sacramento Valley Orcutt grass, San Joaquin Valley Orcutt grass, slender Orcutt grass, California Orcutt grass, spreading navarretia, and San Jacinto Valley crownscale.

(e) *Can the control order be suspended?* We reserve the right to suspend or revoke an airport's or military airfield's authority under this control order if we find that the terms and conditions specified in the control order have not been adhered to by that airport or military airfield. Final decisions to revoke authority will be made by the appropriate Regional Director. The criteria

and procedures for suspension, revocation, reconsideration, and appeal are outlined in §§13.27 through 13.29 of this subchapter. For the purposes of this section, "issuing officer" means the Regional Director and "permit" means the authority to act under this control order. For purposes of §13.29(e), appeals must be made to the Director.

(f) *Has the Office of Management and Budget (OMB) approved the information collection requirements of the control order?* OMB has approved the information collection and recordkeeping requirements of the control order under OMB control number 1018-0133. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number. You may send comments on the information collection and recordkeeping requirements to the Service's Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 222—ARLSQ, 1849 C Street NW., Washington, DC 20240.

#### §21.50 Depredation order for resident Canada geese nests and eggs.

(a) *Which Canada geese are covered by this order?* This regulation addresses the control and management of resident Canada geese, as defined in §21.3.

(b) *What is the depredation order for resident Canada geese nests and eggs, and what is its purpose?* The nest and egg depredation order for resident Canada geese authorizes private landowners and managers of public lands (landowners) (and their employees or their agents) to destroy resident Canada goose nests and eggs on property under their jurisdiction when necessary to resolve or prevent injury to people, property, agricultural crops, or other interests.

(c) *Who may participate in the depredation order?* Only landowners (and their employees or their agents) in the lower 48 States and the District of Columbia are eligible to implement the resident Canada goose nest and egg depredation order.

(d) *What are the restrictions of the depredation order for resident Canada goose nests and eggs?* The resident Canada

## § 21.50

## 50 CFR Ch. I (10–1–06 Edition)

goose nest and egg depredation order is subject to the following restrictions:

(1) Before any management actions can be taken, landowners must register with the Service at <http://www.fws.gov/permits/mbpermits/gooseeggregistration.html>.

Landowners must also register each employee or agent working on their behalf. Once registered, landowners or their agents will be authorized to act under the depredation order.

(2) Landowners authorized to operate under the depredation order must use nonlethal goose management techniques to the extent they deem appropriate in an effort to minimize take.

(3) Methods of nest destruction or take are at the landowner's discretion from among the following:

(i) Egg oiling, using 100 percent corn oil, a substance exempted from regulation by the U.S. Environmental Protection Agency under the Federal Insecticide, Fungicide, and Rodenticide Act, and

(ii) Removal and disposal of eggs and nest material.

(4) Landowners authorized to operate under the depredation order may conduct resident Canada goose nest and egg destruction activities between March 1 and June 30.

(5) Landowners authorized to operate under the depredation order may possess, transport, and dispose of resident Canada goose nests and eggs taken under this section. Landowners authorized to operate under the program may not sell, offer for sale, barter, or ship for the purpose of sale or barter any resident Canada goose nest or egg taken under this section.

(6) Landowners exercising the privileges granted by this section must complete an annual report summarizing activities, including the date, numbers, and location of nests and eggs taken by October 31 of each year at <http://www.fws.gov/permits/mbpermits/gooseeggregistration/report.html> before any subsequent registration for the following year.

(7) Nothing in this section authorizes the destruction of resident Canada goose nests or the take of resident Canada goose eggs contrary to the laws or regulations of any State or Tribe, and none of the privileges of this section

may be exercised unless the landowner is authorized to operate under the program and possesses the appropriate State or Tribal permits, when required. Moreover, this section does not authorize the killing of any migratory bird species or destruction of their nest or eggs other than resident Canada geese.

(8) Landowners may not undertake any actions under this section if the activities adversely affect other migratory birds or species designated as endangered or threatened under the authority of the Endangered Species Act. Persons operating under this order must immediately report the take of any species protected under the Endangered Species Act to the Service. Further, to protect certain species from being adversely affected by management actions, landowners must:

(i) Follow the Federal-State Contingency Plan for the whooping crane;

(ii) Conduct no activities within 300 meters of a whooping crane or Mississippi sandhill crane nest;

(iii) Follow all Regional (or National when available) Bald Eagle Nesting Management guidelines for all management activities;

(iv) Contact the Arizona Ecological Services Office (for the Colorado River and Arizona sites) or the Carlsbad Fish and Wildlife Office (for Salton Sea sites) if control activities are proposed in or around occupied habitats (cattail or cattail bulrush marshes) to discuss the proposed activity and ensure that implementation will not adversely affect clapper rails or their habitats; and

(v) In California, any control activities of resident Canada geese in areas used by the following species listed under the Endangered Species Act must be done in coordination with the appropriate local FWS field office and in accordance with standard local operating procedures for avoiding adverse effects to the species or its critical habitat:

(A) *Birds*: Light-footed clapper rail, California clapper rail, Yuma clapper rail, California least tern, southwestern willow flycatcher, least Bell's vireo, western snowy plover, California gnatcatcher.

(B) *Amphibians*: California red-legged frog and California tiger salamander.

(C) *Insects*: Valley elderberry longhorn beetle and delta green ground beetle.

(D) *Crustaceans*: Vernal pool fairy shrimp, conservancy fairy shrimp, longhorn fairy shrimp, vernal pool tadpole shrimp, San Diego fairy shrimp, and Riverside fairy shrimp.

(E) *Plants*: Butte County meadowfoam, large-flowered wooly meadowfoam, Cook's lomatium, Contra Costa goldfields, Hoover's spurge, fleshy owl's clover, Colusa grass, hairy Orcutt grass, Solano grass, Greene's tuctoria, Sacramento Valley Orcutt grass, San Joaquin Valley Orcutt grass, slender Orcutt grass, California Orcutt grass, spreading navarretia, and San Jacinto Valley crownscale.

(e) *Can the depredation order be suspended?* We reserve the right to suspend or revoke this authorization for a particular landowner if we find that the landowner has not adhered to the terms and conditions specified in the depredation order. Final decisions to revoke authority will be made by the appropriate Regional Director. The criteria and procedures for suspension, revocation, reconsideration, and appeal are outlined in §§13.27 through 13.29 of this subchapter. For the purposes of this section, "issuing officer" means the Regional Director and "permit" means the authority to act under this depredation order. For purposes of §13.29(e), appeals must be made to the Director. Additionally, at such time that we determine that resident Canada goose populations no longer need to be reduced in order to resolve or prevent injury to people, property, agricultural crops, or other interests, we may choose to terminate part or all of the depredation order by subsequent regulation. In all cases, we will annually review the necessity and effectiveness of the depredation order.

(f) *Has the Office of Management and Budget (OMB) approved the information collection requirements of the depredation order?* OMB has approved the information collection and recordkeeping requirements of the depredation order under OMB control number 1018-0133. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control

number. You may send comments on the information collection and recordkeeping requirements to the Service's Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 222—ARLSQ, 1849 C Street NW., Washington, DC 20240.

[71 FR 45988, Aug. 10, 2006]

**§21.51 Depredation order for resident Canada geese at agricultural facilities.**

(a) *Which Canada geese are covered by this order?* This regulation addresses the control and management of resident Canada geese, as defined in §21.3.

(b) *What is the depredation order for resident Canada geese at agricultural facilities, and what is its purpose?* The depredation order for resident Canada geese at agricultural facilities authorizes States and Tribes, via the State or Tribal wildlife agency, to implement a program to allow landowners, operators, and tenants actively engaged in commercial agriculture (agricultural producers) (or their employees or agents) to conduct direct damage management actions such as nest and egg destruction, gosling and adult trapping and culling programs, or other lethal and non-lethal wildlife-damage management strategies on resident Canada geese when the geese are committing depredations to agricultural crops and when necessary to resolve or prevent injury to agricultural crops or other agricultural interests from resident Canada geese.

(c) *Who may participate in the depredation order?* State and Tribal wildlife agencies in the following States may authorize agricultural producers (or their employees or agents) to conduct and implement various components of the depredation order at agricultural facilities in the Atlantic, Central, and Mississippi Flyway portions of these States: Alabama, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Mexico, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island,

**§21.51**

**50 CFR Ch. I (10-1-06 Edition)**

South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, West Virginia, Wisconsin, and Wyoming.

(d) *What are the restrictions of the depredation order for resident Canada geese at agricultural facilities?* The depredation order for resident Canada geese at agricultural facilities is subject to the following restrictions:

(1) Only landowners, operators, and tenants (or their employees or agents) actively engaged in commercial activities (agricultural producers) so designated by the States may act under this order.

(2) Authorized agricultural producers should use nonlethal goose management tools to the extent they deem appropriate. To minimize lethal take, agricultural producers should adhere to the following procedure:

(i) Assess the problem to determine its extent or magnitude, its impact to current operations, and the appropriate control method to be used.

(ii) Base control methods on sound biological, environmental, social, and cultural factors.

(iii) Formulate appropriate methods into a control strategy that uses the approach/concept that encourages the use of several control techniques rather than relying on a single method.

(iv) Implement all appropriate nonlethal management techniques (such as harassment and habitat modification) in conjunction with take authorized under this order.

(3)(i) Methods of take for the control of resident Canada geese are at the State's or Tribe's discretion among the following:

- (A) Egg oiling,
- (B) Egg and nest destruction,
- (C) Shotguns,
- (D) Lethal and live traps,
- (E) Nets,
- (F) Registered animal drugs, pesticides, and repellants,
- (G) Cervical dislocation, and
- (H) CO<sub>2</sub> asphyxiation.

(ii) Birds caught live may be euthanized or transported and relocated to another site approved by the State or Tribal wildlife agency, if required.

(iii) All techniques used must be in accordance with other Federal, State, Tribal, and local laws, and their use

must comply with any labeling restrictions.

(iv) Persons using shotguns must use nontoxic shot, as listed in §20.21(j) of this subchapter.

(v) Persons using egg oiling must use 100 percent corn oil, a substance exempted from regulation by the U.S. Environmental Protection Agency under the Federal Insecticide, Fungicide, and Rodenticide Act.

(4) Authorized agricultural producers and their employees and agents may conduct management and control activities, involving the take of resident Canada geese, under this section between May 1 and August 31. The destruction of resident Canada goose nests and eggs may take place between March 1 and June 30.

(5) Authorized agricultural producers and their employees and agents may possess, transport, and otherwise dispose of resident Canada geese taken under this section. Disposal of birds taken under this order may be by donation to public museums or public institutions for scientific or educational purposes, processing for human consumption and subsequent distribution free of charge to charitable organizations, or burial or incineration. Agricultural producers, their employees, and designated agents may not sell, offer for sale, barter, or ship for the purpose of sale or barter any resident Canada geese taken under this section, nor their plumage or eggs. Any specimens needed for scientific purposes as determined by the Director must not be destroyed, and information on birds carrying metal leg bands must be submitted to the Bird Banding Laboratory by means of a toll-free telephone number at 1-800-327-BAND (or 2263).

(6) Resident Canada geese may be taken only on land which an authorized agricultural producer personally controls and where geese are committing depredations to agricultural crops.

(7) Authorized agricultural producers, and their employees and agents, operating under the provisions of this section may not use decoys, calls, or other devices to lure birds within gun range.

(8) Any authorized agricultural producer exercising the privileges of this section must keep and maintain a log

that indicates the date and number of birds killed and the date and number of nests and eggs taken under this authorization. The log must be maintained for a period of 3 years (and records for 3 previous years of takings must be maintained at all times thereafter). The log and any related records must be made available to Federal, State, or Tribal wildlife enforcement officers upon request during normal business hours.

(9) Nothing in this section authorizes the killing of resident Canada geese or the destruction of their nests and eggs contrary to the laws or regulations of any State or Tribe, and none of the privileges of this section may be exercised unless the agricultural producer possesses the appropriate State or Tribal permits, when required. Moreover, this regulation does not authorize the killing of any migratory bird species or destruction of their nests or eggs other than resident Canada geese.

(10) States and Tribes exercising the privileges granted by this section must submit an annual report summarizing activities, including the numbers and County of birds, nests, and eggs taken, by December 31 of each year to the Regional Migratory Bird Permit Office listed in §2.2 of this subchapter.

(11) Nothing in this section applies to any Federal land without written permission of the Federal agency with jurisdiction.

(12) Authorized agricultural producers may not undertake any actions under this section if the activities adversely affect other migratory birds or species designated as endangered or threatened under the authority of the Endangered Species Act. Persons operating under this order must immediately report the take of any species protected under the Endangered Species Act to the Service. Further, to protect certain species from being adversely affected by management actions, agricultural producers must:

- (i) Follow the Federal-State Contingency Plan for the whooping crane;
- (ii) Conduct no activities within 300 meters of a whooping crane or Mississippi sandhill crane nest; and
- (iii) Follow all Regional (or National when available) Bald Eagle Nesting

Management guidelines for all management activities.

(e) *Can the depredation order be suspended?* We reserve the right to suspend or revoke a State, Tribal, or agricultural producer's authority under this program if we find that the terms and conditions specified in the depredation order have not been adhered to by that State or Tribe. Final decisions to revoke authority will be made by the appropriate Regional Director. The criteria and procedures for suspension, revocation, reconsideration, and appeal are outlined in §§13.27 through 13.29 of this subchapter. For the purposes of this section, "issuing officer" means the Regional Director and "permit" means the authority to act under this depredation order. For purposes of §13.29(e), appeals must be made to the Director. Additionally, at such time that we determine that resident Canada geese populations no longer pose a threat to agricultural crops or no longer need to be reduced in order to resolve or prevent injury to agricultural crops or other agricultural interests, we may choose to terminate part or all of the depredation order by subsequent regulation. In all cases, we will annually review the necessity and effectiveness of the depredation order.

(f) *Has the Office of Management and Budget (OMB) approved the information collection requirements of the depredation order?* OMB has approved the information collection and recordkeeping requirements of the depredation order under OMB control number 1018-0133. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number. You may send comments on the information collection and recordkeeping requirements to the Service's Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 222-ARLSQ, 1849 C Street, NW., Washington, DC 20240.

**§21.52 Public health control order for resident Canada geese.**

(a) *Which Canada geese are covered by this order?* This regulation addresses the control and management of resident Canada geese, as defined in §21.3.

(b) *What is the public health control order for resident Canada geese, and what is its purpose?* The public health control order for resident Canada geese authorizes States, Tribes, and the District of Columbia, via the State or Tribal wildlife agency, to conduct resident Canada goose control and management activities including direct control strategies such as trapping and relocation, nest and egg destruction, gosling and adult trapping and culling programs, or other lethal and non-lethal wildlife damage-management strategies when resident Canada geese are posing a direct threat to human health.

(c) *What is a direct threat to human health?* A direct threat to human health is one where a Federal, State, Tribal, or local public health agency has determined that resident Canada geese pose a specific, immediate human health threat by creating conditions conducive to the transmission of human or zoonotic pathogens. The State or Tribe may not use this control order for situations in which resident Canada geese are merely causing a nuisance.

(d) *Who may participate in the program?* Only State and Tribal wildlife agencies in the lower 48 States and the District of Columbia (or their employees or agents) may conduct and implement the various components of the public health control order for resident Canada geese.

(e) *What are the restrictions of the public health depredation order for resident Canada geese?* The public health control order for resident Canada geese is subject to the following restrictions:

(1) Authorized State and Tribal wildlife agencies should use nonlethal goose management tools to the extent they deem appropriate.

(2)(i) Methods of take for the control of resident Canada geese are at the State's and Tribe's discretion from among the following:

- (A) Egg oiling,
- (B) Egg and nest destruction,
- (C) Shotguns,
- (D) Lethal and live traps,
- (E) Nets,
- (F) Registered animal drugs, pesticides, and repellants,
- (G) Cervical dislocation, and
- (H) CO<sub>2</sub> asphyxiation.

(ii) Birds caught live may be euthanized or transported and relocated to another site approved by the State or Tribal wildlife agency, if required.

(iii) All techniques used must be in accordance with other Federal, State, Tribal, and local laws, and their use must comply with any labeling restrictions.

(iv) Persons using shotguns must use nontoxic shot, as listed in § 20.21(j) of this subchapter.

(v) Persons using egg oiling must use 100 percent corn oil, a substance exempted from regulation by the U.S. Environmental Protection Agency under the Federal Insecticide, Fungicide, and Rodenticide Act.

(3) Authorized State and Tribal wildlife agencies and their employees and agents may conduct management and control activities, involving the take of resident Canada geese, under this section between April 1 and August 31. The destruction of resident Canada goose nests and eggs may take place between March 1 and June 30.

(4) Authorized State and Tribal wildlife agencies and their employees and agents may possess, transport, and otherwise dispose of resident Canada geese taken under this section. Disposal of birds taken under this order may be by donation to public museums or public institutions for scientific or educational purposes, processing for human consumption and subsequent distribution free of charge to charitable organizations, or burial or incineration. States, their employees, and designated agents may not sell, offer for sale, barter, or ship for the purpose of sale or barter any resident Canada geese taken under this section, nor their plumage or eggs. Any specimens needed for scientific purposes as determined by the Regional Director must not be destroyed, and information on birds carrying metal leg bands must be submitted to the Bird Banding Laboratory by means of a toll-free telephone number at 1-800-327-BAND (or 2263).

(5) Resident Canada geese may be taken only within the specified area of the direct threat to human health.

(6) Authorized State and Tribal wildlife agencies, and their employees and agents operating under the provisions

of this section may not use decoys, calls, or other devices to lure birds within gun range.

(7) No person conducting activities under this section should construe the program as authorizing the killing of resident Canada geese or destruction of their nests and eggs contrary to any State law or regulation, nor may any control activities be conducted on any Federal land without specific authorization by the responsible management agency. No person may exercise the privileges granted under this section unless they possess any permits required for such activities by any State or Federal land manager.

(8) Any State or Tribal employee or designated agent authorized to carry out activities under this section must have a copy of the State's or Tribal authorization and designation in their possession when carrying out any activities. If the State or Tribe is conducting operations on private property, the State or Tribe must also require the property owner or occupant on whose premises resident Canada goose activities are being conducted to allow, at all reasonable times, including during actual operations, free and unrestricted access to any Service special agent or refuge officer, State or Tribal wildlife or deputy wildlife agent, warden, protector, or other wildlife law enforcement officer on the premises where they are, or were, conducting activities. Furthermore, any State or Tribal employee or designated agent conducting such activities must promptly furnish whatever information is required concerning such activities to any such wildlife officer.

(9) States and Tribes exercising the privileges granted by this section must submit an annual report summarizing activities, including the numbers and County of birds taken, by December 31 of each year to the Regional Migratory Bird Permit Office listed in §2.2 of this subchapter.

(10) Authorized State and Tribal wildlife agencies may not undertake any actions under this section if the activities adversely affect other migratory birds or species designated as endangered or threatened under the authority of the Endangered Species Act. Persons operating under this order

must immediately report the take of any species protected under the Endangered Species Act to the Service. Further, to protect certain species from being adversely affected by management actions, State and Tribal wildlife agencies must:

(i) Follow the Federal-State Contingency Plan for the whooping crane;

(ii) Conduct no activities within 300 meters of a whooping crane or Mississippi sandhill crane nest;

(iii) Follow all Regional (or National when available) Bald Eagle Nesting Management guidelines for all management activities;

(iv) Contact the Arizona Fish and Wildlife Service Ecological Services Office (for the Colorado River and Arizona sites) or the Carlsbad Fish and Wildlife Office (for Salton Sea sites) if control activities are proposed in or around occupied habitats (cattail or cattail bulrush marshes) to discuss the proposed activity and ensure that implementation will not adversely affect clapper rails or their habitats; and

(v) In California, any control activities of resident Canada geese in areas used by the following species listed under the Endangered Species Act must be done in coordination with the appropriate local FWS field office and in accordance with standard local operating procedures for avoiding adverse effects to the species or its critical habitat:

(A) *Birds*: Light-footed clapper rail, California clapper rail, Yuma clapper rail, California least tern, southwestern willow flycatcher, least Bell's vireo, western snowy plover, California gnatcatcher.

(B) *Amphibians*: California red-legged frog and California tiger salamander.

(C) *Insects*: Valley elderberry longhorn beetle and delta green ground beetle.

(D) *Crustaceans*: Vernal pool fairy shrimp, conservancy fairy shrimp, longhorn fairy shrimp, vernal pool tadpole shrimp, San Diego fairy shrimp, and Riverside fairy shrimp.

(E) *Plants*: Butte County meadowfoam, large-flowered wooly meadowfoam, Cook's lomatium, Contra Costa goldfields, Hoover's spurge, fleshy owl's clover, Colusa grass, hairy Orcutt grass, Solano grass, Greene's

## § 21.60

tuctoria, Sacramento Valley Orcutt grass, San Joaquin Valley Orcutt grass, slender Orcutt grass, California Orcutt grass, spreading navarretia, and San Jacinto Valley crownscale.

(f) *Can the control order be suspended?* We reserve the right to suspend or revoke a State's or Tribe's authority under this program if we find that the terms and conditions specified in the depredation order have not been adhered to by that agency. Final decisions to revoke authority will be made by the appropriate Regional Director. The criteria and procedures for suspension, revocation, reconsideration, and appeal are outlined in §§13.27 through 13.29 of this subchapter. For the purposes of this section, "issuing officer" means the Regional Director and "permit" means the authority to act under this control order. For purposes of §13.29(e), appeals must be made to the Director. Additionally, at such time that we determine that resident Canada geese populations no longer pose direct threats to human health, we may choose to terminate part or all of the control order by subsequent regulation. In all cases, we will annually review the necessity and effectiveness of the control order.

(g) *Has the Office of Management and Budget (OMB) approved the information collection requirements of the control order?* OMB has approved the information collection and recordkeeping requirements of the control order under OMB control number 1018-0133. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number. You may send comments on the information collection and recordkeeping requirements to the Service's Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 222-ARLSQ, 1849 C Street, NW., Washington, DC 20240.

## 50 CFR Ch. I (10-1-06 Edition)

### Subpart E—Control of Overabundant Migratory Bird Populations

#### § 21.60 Conservation order for mid-continent light geese.

(a) *Which waterfowl species are covered by this order?* This conservation order addresses management of lesser snow (*Anser c. caerulescens*) and Ross' (*Anser rossii*) geese that breed, migrate, and winter in the mid-continent portion of North America, primarily in the Central and Mississippi Flyways (mid-continent light geese).

(b) *In what areas can the conservation order be implemented?* (1) The following States, or portions of States, that are contained within the boundaries of the Central and Mississippi Flyways: Alabama, Arkansas, Colorado, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, Texas, Wisconsin, and Wyoming.

(2) Tribal lands within the geographic boundaries in paragraph (b)(1) of this section.

(3) The following areas within the boundaries in paragraph (b)(1) of this section are closed to the conservation order after 10 March of each year: Monte Vista National Wildlife Refuge (CO); Bosque del Apache National Wildlife Refuge (NM); the area within 5 miles of the Platte River from Lexington, Nebraska to Grand Island, Nebraska; the following area in and around Aransas National Wildlife Refuge; those portions of Refugio, Calhoun, and Aransas counties that lie inside a line extending from 5 nautical miles offshore to and including Pelican Island, thence to Port O'Conner, thence northwest along State Highway 185 and southwest along State Highway 35 to Aransas Pass, thence southeast along State Highway 361 to Port Aransas, thence east along the Corpus Christi Channel, thence southeast along the Aransas Channel, extending to 5 nautical miles offshore; except that it is lawful to take mid-continent light geese after 10 March of each year within the Guadalupe WMA. If at any time we receive evidence that a need to close the areas in this paragraph (b)(3)

no longer exists, we will publish a proposal to remove the closures in the FEDERAL REGISTER.

(c) *What is required in order for State/Tribal governments to participate in the conservation order?* Any State or Tribal government responsible for the management of wildlife and migratory birds may, without permit, kill or cause to be killed under its general supervision, mid-continent light geese under the following conditions:

(1) Activities conducted under this section may not affect endangered or threatened species as designated under the Endangered Species Act.

(2) Control activities must be conducted clearly as such and are intended to relieve pressures on migratory birds and habitat essential to migratory bird populations only and are not to be construed as opening, re-opening, or extending any open hunting season contrary to any regulations promulgated under section 3 of the Migratory Bird Treaty Act.

(3) Control activities may be conducted only when all waterfowl and crane hunting seasons, excluding falconry, are closed.

(4) Control measures employed through this section may be implemented only between the hours of one-half hour before sunrise to one-half hour after sunset.

(5) Nothing in this section may limit or initiate management actions on Federal land without concurrence of the Federal Agency with jurisdiction.

(6) States and Tribes must designate participants who must operate under the conditions of this section.

(7) States and Tribes must inform participants of the requirements/conditions of this section that apply.

(8) States and Tribes must keep records of activities carried out under the authority of this section, including the number of mid-continent light geese taken under this section, the methods by which they were taken, and the dates they were taken. The States and Tribes must submit an annual report summarizing activities conducted under this section on or before August 30 of each year, to the Chief, Division of Migratory Bird Management, U.S. Fish and Wildlife Serv-

ice, ms 634—ARLSQ, 1849 C Street NW., Washington, DC 20240.

(d) *What is required in order for individuals to participate in the conservation order?* Individual participants in State or tribal programs covered by this section are required to comply with the following requirements:

(1) Nothing in this section authorizes the take of mid-continent light geese contrary to any State or Tribal laws or regulations; and none of the privileges granted under this section may be exercised unless persons acting under the authority of the conservation order possesses whatever permit or other authorization(s) required for such activities by the State or Tribal government concerned.

(2) Participants who take mid-continent light geese under this section may not sell or offer for sale those birds nor their plumage, but may possess, transport, and otherwise properly use them.

(3) Participants acting under the authority of this section must permit at all reasonable times, including during actual operations, any Federal or State game or deputy game agent, warden, protector, or other game law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted, and must promptly furnish whatever information an officer requires concerning the operation.

(4) Participants acting under the authority of this section may take mid-continent light geese by any method except those prohibited as follows:

(i) With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, battery gun, machine gun, fish hook, poison, drug, explosive, or stupefying substance;

(ii) From or by means, aid, or use of a sinkbox or any other type of low floating device, having a depression affording the person a means of concealment beneath the surface of the water;

(iii) From or by means, aid, or use of any motor vehicle, motor-driven land conveyance, or aircraft of any kind, except that paraplegics and persons missing one or both legs may take from any stationary motor vehicle or stationary motor-driven land conveyance;

## §21.61

## 50 CFR Ch. I (10–1–06 Edition)

(iv) From or by means of any motorboat or other craft having a motor attached, or any sailboat, unless the motor has been completely shut off and the sails furled, and its progress therefrom has ceased. A craft under power may be used only to retrieve dead or crippled birds; however, the craft may not be used under power to shoot any crippled birds;

(v) By the use or aid of live birds as decoys; although not limited to, it shall be a violation of this paragraph for any person to take mid-continent light geese on an area where tame or captive live geese are present unless such birds are and have been for a period of 10 consecutive days before the taking, confined within an enclosure that substantially reduces the audibility of their calls and totally conceals the birds from the sight of mid-continent light geese;

(vi) By means or aid of any motor-driven land, water, or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of mid-continent light geese;

(vii) By the aid of baiting, or on or over any baited area. As used in this paragraph, “baiting” means the placing, exposing, depositing, distributing, or scattering of shelled, shucked, or unshucked corn, wheat or other grain, salt, or other feed so as to constitute for such birds a lure, attraction or enticement to, on, or over any areas where hunters are attempting to take them; and “baited area” means any area where shelled, shucked, or unshucked corn, wheat or other grain, salt, or other feed capable of luring, attracting, or enticing such birds is directly or indirectly placed, exposed, deposited, distributed, or scattered; and such area shall remain a baited area for 10 days following complete removal of all such corn, wheat or other grain, salt, or other feed. However, nothing in this paragraph prohibits the taking of mid-continent light geese on or over standing crops, flooded standing crops (including aquatics), flooded harvested croplands, grain crops properly shucked on the field where grown, or grains found scattered solely as the result of normal agricultural planting or harvesting; or

(viii) Participants may not possess shot (either in shotshells or as loose shot for muzzleloading) other than steel shot, or bismuth-tin, or other shots that are authorized in 50 CFR 20.21(j). Season limitations in that section do not apply to participants acting under this order.

(e) *Under what conditions would the conservation order be revoked?* The Service will annually assess the overall impact and effectiveness of the conservation order to ensure compatibility with long-term conservation of this resource. If at any time we receive that clearly demonstrates a serious threat of injury to the area or areas involved no longer exists, we will initiate action to revoke the conservation order.

(f) *Will information concerning the conservation order be collected?* The information collection requirements of the conservation order have been approved by OMB and assigned clearance number 1018–0103. Agencies may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The record-keeping and reporting requirements imposed under regulations established in this subpart E will be utilized to administer this program, particularly in the assessment of impacts alternative regulatory strategies may have on mid-continent light geese and other migratory bird populations. The information collected will be required to authorize State and Tribal governments responsible for migratory bird management to take mid-continent light geese within the guidelines provided by the Service.

### §21.61 Population control of resident Canada geese.

(a) *Which Canada geese are covered by this regulation?* This regulation addresses the population control of resident Canada geese, as defined in §21.3.

(b) *What is the resident Canada goose population control program, and what is its purpose?* The resident Canada goose population control program is a managed take program implemented under the authority of the Migratory Bird Treaty Act to reduce and stabilize resident Canada goose populations when

traditional and otherwise authorized management measures are unsuccessful, not feasible for dealing with, or applicable, in preventing injury to property, agricultural crops, public health, and other interests from resident Canada geese. The Director is authorized to allow States and Tribes to implement a population control, or managed take, program to remedy these injuries. When authorized by the Director, managed take allows additional methods of taking resident Canada geese, allows shooting hours for resident Canada geese to extend to one-half hour after sunset, and removes daily bag limits for resident Canada geese inside or outside the migratory bird hunting season frameworks as described in this section. The intent of the program is to reduce resident Canada goose populations in order to protect personal property and agricultural crops and other interests from injury and to resolve potential concerns about human health. The management and control activities allowed or conducted under the program are intended to relieve or prevent damage and injurious situations. No person should construe this program as opening, reopening, or extending any hunting season contrary to any regulations established under section 3 of the Migratory Bird Treaty Act.

(c) *What areas are eligible to participate in the program?* When approved by the Director, the State and Tribal wildlife agencies of Alabama, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, West Virginia, Wisconsin, and Wyoming may implement the resident Canada goose population control program components in the Atlantic, Central, and Mississippi Flyway portions of these States.

(d) *What is required in order for State governments to participate in a managed take program?* Following the conclusion

of the first full operational year of §§21.49 through 21.52 of this part, any wildlife agency from a State listed in 21.61(c) may request approval for the population control program. A request must include a discussion of the State's or Tribe's efforts to address its injurious situations utilizing the methods approved in this rule or a discussion of the reasons why the methods authorized by these rules are not feasible for dealing with, or applicable to, the injurious situations that require further action. Discussions should be detailed and provide the Service with a clear understanding of the injuries that continue, why the authorized methods utilized have not worked, and why methods not utilized could not effectuate resolution of the injuries. A State's request for approval may be for an area or areas smaller than the entire State. Upon written approval by the Director, any State or Tribal government responsible for the management of wildlife and migratory birds may, without permit, kill or cause to be killed under its general supervision, resident Canada geese under the following conditions:

(1) Activities conducted under the managed take program may not affect endangered or threatened species as designated under the Endangered Species Act.

(2) Control activities may be conducted under this section only between August 1 and August 30.

(3) Control measures employed through this section may be implemented only between the hours of one-half hour before sunrise to one-half hour after sunset.

(4) Nothing in the program may limit or initiate management actions on Federal land without concurrence of the Federal agency with jurisdiction.

(5) States and Tribes must designate participants who must operate under the conditions of the managed take program.

(6) States and Tribes must inform participants of the requirements/conditions of the program that apply.

(7) States and Tribes must keep annual records of activities carried out under the authority of the program. Specifically, information must be collected on:

**§21.61**

**50 CFR Ch. I (10-1-06 Edition)**

(i) The number of individuals participating in the program;

(ii) The number of days individuals participated in the program;

(iii) The total number of resident Canada geese shot and retrieved during the program; and

(iv) The number of resident Canada geese shot but not retrieved. The States and Tribes must submit an annual report summarizing activities conducted under the program and an assessment of the continuation of the injuries on or before June 1 of each year to the Chief, Division of Migratory Bird Management, 4401 North Fairfax Drive, ms-MBSP-4107, Arlington, Virginia 22203.

(e) *What is required for individuals to participate in the program?* Individual participants in State and Tribal programs covered by the managed take program must comply with the following requirements:

(1) Participants must comply with all applicable State and Tribal laws or regulations including possession of whatever permit(s) or other authorization(s) may be required by the State or Tribal government concerned.

(2) Participants who take resident Canada geese under the program may not sell or offer for sale those birds or their plumage, but may possess, transport, and otherwise properly use them.

(3) Participants must permit at all reasonable times, including during actual operations, any Service special agent or refuge officer, State or Tribal wildlife or deputy wildlife agent, warden, protector, or other wildlife law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted and must promptly furnish whatever information an officer requires concerning the operation.

(4) Participants may take resident Canada geese by any method except those prohibited as follows:

(i) With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10 gauge, punt gun, battery gun, machine gun, fish hook, poison, drug, explosive, or stupefying substance.

(ii) From or by means, aid, or use of a sinkbox or any other type of low-floating device, having a depression af-

fording the person a means of concealment beneath the surface of the water.

(iii) From or by means, aid, or use of any motor vehicle, motor-driven land conveyance, or aircraft of any kind, except that paraplegic persons and persons missing one or both legs may take from any stationary motor vehicle or stationary motor-driven land conveyance.

(iv) From or by means of any motorboat or other craft having a motor attached, or any sailboat, unless the motor has been completely shut off and the sails furled, and its progress has ceased. A craft under power may be used only to retrieve dead or crippled birds; however, the craft may not be used under power to shoot any crippled birds.

(v) By the use or aid of live birds as decoys. No person may take resident Canada geese on an area where tame or captive live geese are present unless such birds are, and have been for a period of 10 consecutive days before the taking, confined within an enclosure that substantially reduces the audibility of their calls and totally conceals the birds from the sight of resident Canada geese.

(vi) By means or aid of any motor-driven land, water, or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying, or stirring up of resident Canada geese.

(vii) By the aid of baiting, or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited as described in §20.11(j) and (k) of this part. Resident Canada geese may not be taken on or over lands or areas that are baited areas, and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, or solely as the result of a normal agricultural operation as described in §20.11(h) and (l) of this part. However, nothing in this paragraph prohibits the taking of resident Canada geese on or over the following lands or areas that are not otherwise baited areas:

(A) Standing crops or flooded standing crops (including aquatics); standing, flooded, or manipulated natural

## U.S. Fish and Wildlife Serv., Interior

## §21.61

vegetation; flooded harvested croplands; or lands or areas where seeds or grains have been scattered solely as the result of a normal agricultural planting, harvesting, post-harvest manipulation or normal soil stabilization practice as described in §20.11(g), (i), (l), and (m) of this part;

(B) From a blind or other place of concealment camouflaged with natural vegetation;

(C) From a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing, or scattering of grain or other feed; or

(D) Standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys, or retrieving downed birds.

(E) Participants may not possess shot (either in shotshells or as loose shot for muzzleloading) other than steel shot, bismuth-tin, tungsten-iron, tungsten-polymer, tungsten-matrix, tungsten-nickel iron, or other shots that are authorized in §20.21(j) of this part.

(f) *Under what conditions would we suspend the managed take program?* Following authorization by the Director, we will annually assess the overall impact and effectiveness of the program on resident Canada goose populations to ensure compatibility with long-term conservation of this resource. If at any time evidence is presented that clearly demonstrates that resident Canada geese populations no longer need to be reduced in order to allow resolution or prevention of injury to people, property, agricultural crops, or other interests, the Director, in writing, will suspend the program for the resident Canada goose population in question. However, resumption of injuries caused by growth of the population and not otherwise addressable by the methods available in part 21 may warrant reinstatement of such regulations. A State must reapply for approval, including the same information and discussions noted in 21.61(d). Depending on the location of the injury or threat or injury, the Director, in writing, may suspend or reinstate this authorization for one

or more resident Canada goose populations, but not others.

(g) *What population information is the State or Tribe required to collect concerning the resident Canada goose managed take program?* Participating States and Tribes must provide an annual estimate of the breeding population and distribution of resident Canada geese in their State. The States and Tribes must submit this estimate on or before August 1 of each year, to the Chief, Division of Migratory Bird Management, 4401 N. Fairfax Dr., MBSP-4107, Arlington, Virginia 22203.

(h) *What are the general program conditions and restrictions?* The program is subject to the conditions elsewhere in this section, and, unless otherwise specifically authorized, the following conditions:

(1) Nothing in this section applies to any Federal land within a State's or Tribe's boundaries without written permission of the Federal agency with jurisdiction.

(2) States may not undertake any actions under this section if the activities adversely affect other migratory birds or species designated as endangered or threatened under the authority of the Endangered Species Act. Persons operating under this section must immediately report the take of any species protected under the Endangered Species Act to the Service. Further, to protect certain species from being adversely affected by management actions, States must:

(i) Follow the Federal State Contingency Plan for the whooping crane;

(ii) Conduct no activities within 300 meters of a whooping crane or Mississippi sandhill crane nest; and

(iii) Follow all Regional (or National when available) Bald Eagle Nesting Management guidelines for all management activities.

(i) *Has the Office of Management and Budget (OMB) approved the information collection requirements of the program?* OMB has approved the information collection and recordkeeping requirements of the program under OMB control number 1018-0133. We may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number. You

may send comments on the information collection and recordkeeping requirements to the Service's Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 222—ARLSQ, 1849 C Street, NW., Washington, DC 20240.

### Subpart A—Introduction

#### § 22.1 What is the purpose of this part?

This part controls the taking, possession, and transportation within the United States of bald and golden eagles for scientific, educational, and depredation control purposes and for the religious purposes of American Indian tribes. This part also governs the transportation into or out of the United States of bald and golden eagle

parts for scientific, educational, and Indian religious purposes. The import, export, purchase, sale, trade, or barter of bald and golden eagles, or their parts, nests, or eggs is prohibited.

[64 FR 50472, Sept. 17, 1999]

#### § 22.2 What activities does this part apply to?

(a)(1) You can possess or transport within the United States, without a Federal permit:

(i) Any live or dead bald eagles, or their parts, nests, or eggs that were lawfully acquired before June 8, 1940; and

(ii) Any live or dead golden eagles, or their parts, nests, or eggs that were lawfully acquired before October 24, 1962.

(2) You may not transport into or out of the United States, import, export, purchase, sell, trade, barter, or offer for purchase, sale, trade, or barter bald or golden eagles, or their parts, nests, or eggs of these lawfully acquired pre-act birds. However, you may transport into or out of the United States any lawfully acquired dead bald or golden eagles, their parts, nests, or dead eagles, if you acquire a permit issued under § 22.22 of this part.

(3) No exemption from any statute or regulation will apply to any offspring of these pre-act birds.

(4) You must mark all shipments containing bald or golden eagles, alive or dead, their parts, nests, or eggs as directed in § 14.81 of this subchapter. The markings must contain the name and address of the person the shipment is going to, the name and address of the person the shipment is coming from, an accurate list of contents by species, and the number of each species.

(b) The provisions in this part are in addition to, and are not in lieu of, other regulations of this subchapter B which may require a permit or prescribe additional restrictions or conditions for the importation, exportation, and interstate transportation of wildlife (see also part 13 of this subchapter).

## § 22.4

### § 22.3 What definitions do you need to know?

In addition to definitions contained in part 0 of this subchapter, and unless the context otherwise requires, in this part 22:

*Area nesting population* means the number of pairs of golden eagles known to have a resting attempt during the preceding 12 months within a 10-mile radius of a golden eagle nest.

*Export* for the purpose of this part does not include the transportation of any dead bald or golden eagles, or their parts, nests, or dead eggs out of the United States when accompanied with a valid transportation permit.

*Golden eagle nest* means any readily identifiable structure built, maintained or occupied by golden eagles for propagation purposes.

*Import* for the purpose of this part does not include the transportation of any dead bald or golden eagles, or their parts, nests, or dead eggs into the United States when accompanied with a valid transportation permit.

*Inactive nest* means a golden eagle nest that is not currently used by golden eagles as determined by the absence of any adult, egg, or dependent young at the nest during the 10 days before the nest is taken.

*Nesting attempt* means any activity by golden eagles involving egg laying and incubation as determined by the presence of an egg attended by an adult, an adult in incubation posture, or other evidence indicating recent use of a golden eagle nest for incubation of eggs or rearing of young.

*Person* means an individual, corporation, partnership, trust, association, or any other private entity, or any officer, employee, agent, department, or instrumentality of any State or political subdivision of a State.

*Resource development or recovery* includes, but is not limited to, mining, timbering, extracting oil, natural gas and geothermal energy, construction of roads, dams, reservoirs, power plants, power transmission lines, and pipelines, as well as facilities and access routes essential to these operations, and reclamation following any of these operations.

*Take* includes also pursue, shoot, shoot at, poison, wound, kill, capture, trap, collect, or molest or disturb.

*Transportation into or out of the United States* for the purpose of this part means that the permitted item or items transported into or out of the United States do not change ownership at any time, they are not transferred from one person to another in the pursuit of gain or profit, and they are transported into or out of the United States for Indian religious purposes, or for scientific or exhibition purposes under the conditions and during the time period specified on a transportation permit for the items.

### § 22.4 Information collection requirements.

(a) The Office of Management and Budget approved the information collection requirements contained in this part 22 under 44 U.S.C. 3507 and assigned OMB Control Number 1018-0022. The Service may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number. We are collecting this information to provide information necessary to evaluate permit applications. We will use this information to review permit applications and make decisions, according to criteria established in the Bald and Golden Eagle Protection Act and its regulations, on the issuance, suspension, revocation, or denial of permits. You must respond to obtain or retain a permit.

(b) We estimate the public reporting burden for these reporting requirements to vary from 1 to 4 hours per response, with an average of 1 hour per response, including time for reviewing instructions, gathering and maintaining data, and completing and reviewing the forms. Direct comments regarding the burden estimate or any other aspect of these reporting requirements to the Service Information Collection Control Officer, MS-222 ARLSQ, U.S. Fish and Wildlife Service, Washington, DC 20240, or the Office of Management and Budget, Paperwork Reduction

### Subpart B—General Requirements

#### § 22.11 What is the relationship to other permit requirements?

You may not take, possess, or transport any bald eagle (*Haliaeetus leucocephalus*) or any golden eagle (*Aquila chrysaetos*), or the parts, nests, or eggs of such birds, except as allowed by a valid permit issued under this part, 50 CFR part 13, and/or 50 CFR part 21 as provided by § 21.2, or authorized under a depredation order issued under subpart D of this part. We will accept a single application for a permit under this part and any other parts of this subchapter B if it includes all of the information required for an application under each applicable part.

(a) You do not need a permit under parts 17 and 21 of this subchapter B for any activity permitted under this part 22 with respect to bald or golden eagles or their parts, nests, or eggs.

(b) You must obtain a permit under part 21 of this subchapter for any activity that also involves migratory birds other than bald and golden eagles, and a permit under part 17 of this subchapter for any activity that also involves threatened or endangered species other than the bald eagle.

(c) If you are transporting dead bald or golden eagles, or their parts, nests, or dead eggs into or out of the United States, you will also need a Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) permit under part 23 of this subchapter.

[64 FR 50472, Sept. 17, 1999, as amended at 68 FR 61140, Oct. 27, 2003]

#### § 22.12 What activities are illegal?

(a) You may not sell, purchase, barter, trade, import, or export, or offer for sale, purchase, barter, or trade, at any time or in any manner, any bald eagle (*Haliaeetus leucocephalus*), or any golden eagle (*Aquila chrysaetos*), or the parts, nests, or eggs of these birds, and we will not issue a permit to authorize these acts.

## 50 CFR Ch. I (10-1-06 Edition)

(b) You may not transport into or out of the United States any *live* bald or golden eagle, or any *live* egg of those birds, and we will not issue a permit to authorize these acts.

[64 FR 50472, Sept. 17, 1999]

### Subpart C—Eagle Permits

#### § 22.21 What are the requirements concerning scientific and exhibition purpose permits?

We may, under the provisions of this section, issue a permit authorizing the taking, possession, transportation within the United States, or transportation into or out of the United States of lawfully possessed bald eagles or golden eagles, or their parts, nests, or eggs for the scientific or exhibition purposes of public museums, public scientific societies, or public zoological parks. We will not issue a permit under this section that authorizes the transportation into or out of the United States of any live bald or golden eagles, or any live eggs of these birds.

(a) *How do I apply if I want a permit for scientific and exhibition purposes?* (1) You must submit applications for permits to take, possess, or transport within the United States lawfully acquired live or dead bald or golden eagles, or their parts, nests, or live or dead eggs for scientific or exhibition purposes to the appropriate Regional Director—Attention: Migratory Bird Permit Office. You can find addresses for the Regional Directors in 50 CFR 2.2.

(2) If you want a permit to *transport into or out of the United States* any lawfully acquired dead bald or golden eagles or their parts, nests, or dead eggs for scientific or exhibition purposes, you must submit your application to the Office of Management Authority. Your application must contain all the information necessary for the issuance of a CITES permit. You must also comply with all the requirements in part 23 of this subchapter before international travel. Mail should be addressed to: Office of Management Authority, U.S. Fish and Wildlife Service, 4401 N. Fairfax Drive, Room 700, Arlington, VA, 22203.

(3) Your application for any permit under this section must also contain

the information required under this section, §13.12(a) of this subchapter, and the following information:

- (i) Species of eagle and number of such birds, nests, or eggs proposed to be taken, possessed, or transported;
- (ii) Specific locality in which taking is proposed, if any;
- (iii) Method taking proposed, if any;
- (iv) If not taken, the source of eagles and other circumstances surrounding the proposed acquisition or transportation;
- (v) Name and address of the public museum, public scientific societies, or public zoological park for which they are intended;
- (vi) Complete explanation and justification of request, nature of project or study, number of specimens now at institution, reason these are inadequate, and other appropriate explanations.

(b) *What are the conditions?* In addition to the general conditions in part 13 of this subchapter B, permits to take, possess, transport within the United States, or transport into or out of the United States bald or golden eagles, or their parts, nests, or eggs for scientific or exhibition purposes, are also subject to the following condition: In addition to any reporting requirement specifically noted in the permit, you must submit a report of activities conducted under the permit to the Regional Director—Attention: Migratory Bird Permit Office, within 30 days after the permit expires.

(c) *How do we evaluate your application for a permit?* We will conduct an investigation and will only issue a permit to take, possess, transport within the United States, or transport into or out of the United States bald or golden eagles, or their parts, nests, or eggs for scientific or exhibition purposes when we determine that the taking, possession, or transportation is compatible with the preservation of the bald eagle and golden eagle. In making this determination, we will consider, among other criteria, the following:

- (1) The direct or indirect effect which issuing such permit would be likely to have upon the wild populations of bald and golden eagles;
- (2) Whether the expertise, facilities, or other resources available to the ap-

plicant appear adequate to successfully accomplish the objectives stated in the application;

(3) Whether the justification of the purpose for which the permit is being requested is adequate to justify the removal of the eagle from the wild or otherwise change its status; and

(4) Whether the applicant has demonstrated that the permit is being requested for *bona fide* scientific or exhibition purposes of public museums, public scientific societies, or public zoological parks.

(d) *Tenure of permits.* The tenure of permits to take bald or golden eagles for scientific or exhibition purposes shall be that shown on the face of the permit.

[39 FR 1183, Jan. 4, 1974, as amended at 63 FR 52638, Oct. 1, 1998; 64 FR 50472, Sept. 17, 1999]

#### **§ 22.22 What are the requirements concerning permits for Indian religious purposes?**

We will issue a permit only to members of Indian entities recognized and eligible to receive services from the United States Bureau of Indian Affairs listed under 25 U.S.C. 479a-1 engaged in religious activities who satisfy all the issuance criteria of this section. We may, under the provisions of this section, issue a permit authorizing the taking, possession, and transportation within the United States, or transportation into or out of the United States of lawfully acquired bald eagles or golden eagles, or their parts, nests, or eggs for Indian religious use. We will not issue a permit under this section that authorizes the transportation into or out of the United States of any *live* bald or golden eagles, or any *live* eggs of these birds.

(a) *How do I apply if I want a permit for Indian religious purposes?* You must submit applications for permits to take, possess, transport within the United States, or transport into or out of the United States lawfully acquired bald or golden eagles, or their parts, nests, or eggs for Indian religious use to the appropriate Regional Director—Attention: Migratory Bird Permit Office. You can find addresses for the appropriate Regional Directors in 50 CFR 2.2. If you are applying for a permit to *transport into or out of the United States,*

## § 22.23

## 50 CFR Ch. I (10–1–06 Edition)

your application must contain all the information necessary for the issuance of a CITES permit. You must comply with all the requirements in part 23 of this subchapter before international travel. Your application for any permit under this section must also contain the information required under this section, §13.12(a) of this subchapter, and the following information:

(1) Species and number of eagles or feathers proposed to be taken, or acquired by gift or inheritance.

(2) State and local area where the taking is proposed to be done, or from whom acquired.

(3) Name of tribe with which applicant is associated.

(4) Name of tribal religious ceremony(ies) for which required.

(5) You must attach a certification of enrollment in an Indian tribe that is federally recognized under the Federally Recognized Tribal List Act of 1994, 25 U.S.C. 479a–1, 108 Stat. 4791 (1994). The certificate must be signed by the tribal official who is authorized to certify that an individual is a duly enrolled member of that tribe, and must include the official title of that certifying official.

(b) *What are the permit conditions?* In addition to the general conditions in part 13 of this subchapter B, permits to take, possess, transport within the United States, or transport into or out of the United States bald or golden eagles, or their parts, nests or eggs for Indian religious use are subject to the following conditions:

(1) Bald or golden eagles or their parts possessed under permits issued pursuant to this section are not transferable, except such birds or their parts may be handed down from generation to generation or from one Indian to another in accordance with tribal or religious customs; and

(2) You must submit reports or inventories, including photographs, of eagle feathers or parts on hand as requested by the issuing office.

(c) *How do we evaluate your application for a permit?* We will conduct an investigation and will only issue a permit to take, possess, transport within the United States, or transport into or out of the United States bald or golden eagles, or their parts, nests or eggs, for

Indian religious use when we determine that the taking, possession, or transportation is compatible with the preservation of the bald and golden eagle. In making a determination, we will consider, among other criteria, the following:

(1) The direct or indirect effect which issuing such permit would be likely to have upon the wild populations of bald or golden eagles; and

(2) Whether the applicant is an Indian who is authorized to participate in *bona fide* tribal religious ceremonies.

(d) *How long are the permits valid?* We are authorized to amend, suspend, or revoke any permit that is issued under this section (see §§13.23, 13.27, and 13.28 of this subchapter).

(1) A permit issued to you that authorizes you to take bald or golden eagles will be valid during the period specified on the face of the permit, but will not be longer than 1 year from the date it is issued.

(2) A permit issued to you that authorizes you to transport and possess bald or golden eagles or their parts, nests, or eggs within the United States will be valid for your lifetime.

(3) A permit authorizing you to transport dead bald eagles or golden eagles, or their parts, nests, or dead eggs into or out of the United States can be used for multiple trips to or from the United States, but no trip can be longer than 180 days. The permit will be valid during the period specified on the face of the permit, not to exceed 3 years from the date it is issued.

[39 FR 1183, Jan. 4, 1974, as amended at 63 FR 52638, Oct. 1, 1998; 64 FR 50473, Sept. 17, 1999]

### § 22.23 What are the requirements for permits to take depredating eagles?

(a) *How do I apply for a permit?* You must submit applications for permits to take depredating bald or golden eagles to the appropriate Regional Director—Attention: Migratory Bird Permit Office. You can find addresses for the appropriate Regional Directors in 50 CFR 2.2. Your application must contain the information and certification required by §13.12(a) of this subchapter, and the following additional information:

(1) Species and number of eagles proposed to be taken;

(2) Location and description of property where taking is proposed;

(3) Inclusive dates for which permit is requested;

(4) Method of taking proposed;

(5) Kind and number of livestock or domestic animals owned by applicant;

(6) Kind and amount of alleged damaged; and

(7) Name, address, age, and business relationship with applicant of any person the applicant proposes to act for him as his agent in the taking of such eagles.

(b) *What are the permit conditions?* In addition to the general conditions set forth in part 13 of this subchapter B, permits to take depredating bald or golden eagles shall be subject to the following conditions:

(1) Bald or golden eagles may be taken under permit by firearms, traps, or other suitable means except by poison or from aircraft;

(2) The taking of eagles under permit may be done only by the permittee or his agents named in the permit;

(3) Any eagle taken under authority of such permit will be promptly turned over to a Service agent or other game law enforcement officer designated in the permit; and

(4) In addition to any reporting requirement on a permit, you must submit a report of activities conducted under the permit to the appropriate Regional Director—Attention: Migratory Bird Permit Office within 10 days following completion of the taking operations or the expiration of the permit, whichever occurs first.

(c) *Issuance criteria.* The Director shall conduct an investigation and not issue a permit to take depredating bald or golden eagles unless he has determined that such taking is compatible with the preservation of the bald or golden eagle. In making such determination the Director shall consider the following:

(1) The direct or indirect effect which issuing such permit would be likely to have upon the wild population of bald or golden eagles;

(2) Whether there is evidence to show that bald or golden eagles have in fact become seriously injurious to wildlife or to agriculture or other interests in the particular locality to be covered by

the permit, and the injury complained of is substantial; and

(3) Whether the only way to abate the damage caused by the bald or golden eagle is to take some or all of the offending birds.

(d) *Tenure of permits.* The tenure of any permit to take bald or golden eagles for depredation control purposes shall be that shown on the face thereof, and shall in no case be longer than 90 days from date of issue.

[39 FR 1183, Jan. 4, 1974, as amended at 63 FR 52638, Oct. 1, 1998; 64 FR 50473, Sept. 17, 1999]

#### § 22.24 Permits for falconry purposes.

The Director may, upon receipt of an application and in accordance with the issuance criteria of this section, issue a permit authorizing the possession and transportation of golden eagles for falconry purposes.

(a) *Application procedures.* Submit applications for permits to possess and transport golden eagles for falconry purposes to the appropriate Regional Director (Attention: Migratory bird permit office). You can find addresses for the Regional Directors in 50 CFR 2.2. Each application must contain the general information and certification required in § 13.12(a) of this subchapter, and the following additional information:

(1) A copy of the applicant's master (or equivalent) class permit issued in accordance with 50 CFR 21.28.

(2) A statement of the applicant's experience in handling large raptors, including the species, type of experience and duration of the activity in which the experience was acquired.

(3) At least two (2) letters of reference from individuals with recognized experience in handling and/or flying eagles. Each letter must contain a concise history of the author's experience with eagles. Eagle handling experience is defined as, but is not limited to, the handling of pre-Act birds, zoological specimens, rehabilitating eagles, or scientific studies involving eagles. Each letter must also assess the applicant's capability to properly care for the fly golden eagles in falconry, and recommend the issuance or denial of the permit.

(4) A description of the facilities in which golden eagles will be housed.

(5) If requesting an eagle(s) from the Service, applicants must specify the sex, age and condition of the eagle(s) they will accept.

(6) For eagles already legally possessed, a copy of the permit or other documentation authorizing possession of said birds, and the procedures to be used to minimize or eliminate hazards associated with the use of imprinted birds in falconry.

(7) Name, address, age and experience in handling raptors of any person the applicant proposes to act as an authorized agent in taking possession of golden eagles provided by the Service.

(8) To obtain additional or replacement golden eagles, a request in writing to the appropriate special agent in charge must be tendered, identifying the existing permit and, for replacement eagles, the reason for such replacement.

(b) *Permit conditions.* In addition to the general conditions set forth in part 13 of this subchapter B, permits to possess and transport golden eagles for falconry purposes are subject to the following conditions:

(1) Golden eagles possessed for falconry purposes are considered as raptors and must be maintained in accordance with Federal falconry standards described in §§ 21.28 and 21.29 of this subchapter.

(2) Only golden eagles legally obtained may be possessed and transported for falconry purposes.

(3) Captive breeding of golden eagles possessed for falconry purposes is prohibited.

(4) The applicant, or authorized agent, must agree to take possession of a requested golden eagle(s) within 72 hours of notification of availability. Expenses incurred by the applicant in taking possession of said eagle(s) will be the applicant's responsibility.

(5) The golden eagle(s) must be banded with a numbered eagle marker provided by the Service.

(6) All permits issued pursuant to this section shall state on their face that eagles possessed for falconry purposes under authority of this permit may not be transferred or otherwise intentionally disposed of by any means, including release to the wild, without

written approval from the appropriate regional director.

(7) All permits issued pursuant to this section shall state on their face that the appropriate special agent in charge must be notified no later than ten (10) days after the death of a permit holder.

(c) *More restrictive State laws.* Nothing in this section shall be construed to prevent a State from making and/or enforcing more restrictive laws and regulations as regards the use of golden eagles in falconry.

(d) *Issuance criteria.* The Director shall conduct an investigation and shall not issue a permit to possess and transport golden eagles for falconry purposes unless he has determined: that such possession and transportation is compatible with the preservation of golden eagles; that the proposed possession and transportation of golden eagles for falconry is not otherwise prohibited by laws and regulations within the State where the activity is proposed; and that the applicant is qualified to possess and transport golden eagles for falconry purposes. In making the latter determination, the Director shall consider, but shall not necessarily be limited to, the following:

(1) The applicant's cumulative falconry experience.

(2) The applicant's demonstrated ability to handle and care for large raptors.

(3) Information contained in the applicant's letters of reference.

(e) *Tenure of permits.* Any permit to possess and transport golden eagles for falconry purposes is valid for as long as the holder maintains a valid master (or equivalent) class falconry permit or until revoked in writing by the Service.

(f) *Permission to trap golden eagles for falconry purposes.* Applicants desiring to trap golden eagles from the wild for use in falconry must request and obtain permission from the Service prior to exercising this privilege. The following applies to requests:

(1) Only golden eagles from a specified depredation area may be trapped for falconry purposes.

(2) Permission to trap golden eagles must be requested in writing from the

appropriate State Animal Damage Control (ADC) supervisor subsequent to issuance of the permit to possess and transport golden eagles for falconry purposes.

(3) Permission to trap will not be granted until the permittee suitably demonstrates to the State ADC supervisor or a designated project leader his/her qualifications and capabilities to trap golden eagles from the wild.

(4) All such trapping must be conducted under the direct supervision of the State ADC supervisor or designated project leader in the specified depredation area.

(5) Any permission to trap golden eagles from the wild pursuant to this section shall in no case extend more than 90 days from the date of issue.

(6) Upon issuance of permission to trap in accordance with the above conditions, the appropriate special agent in charge will be notified in writing by the State ADC supervisor of the individual's name, address, location of the specified depredation area and tenure of permission to trap golden eagles.

(The information collection requirements approved by the Office of Management and Budget under control number 1018-0022. The information is necessary to determine potential permittee's qualifications and is required to obtain a permit)

**§ 22.25 What are the requirements concerning permits to take golden eagle nests?**

The Director may, upon receipt of an application and in accordance with the issuance criteria of this section, issue a permit authorizing any person to take golden eagle nests during a resource development or recovery operation when the nests are inactive, if the taking is compatible with the preservation of the area nesting population of golden eagles. The information collection requirements contained within this section have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance number 1018-0022. This information is being collected to provide information necessary to evaluate permit applications. This information will be used to review permit applications and make

decisions, according to the criteria established in this section for the issuance or denial of such permits. The obligation to respond is required to obtain or retain a permit.

(a) *How do I apply for a permit to take golden eagle nests?* You must submit applications for permits to take golden eagle nests to the appropriate Regional Director—Attention: Migratory Bird Permit Office. You can find addresses for the appropriate Regional Directors in 50 CFR 2.2. We will only accept applications if you are engaged in a resource development or recovery operation, including the planning and permitting stages of an operation. Your application must contain the general information and certification required by § 13.12(a) of this chapter plus the following additional information:

(1) A description of the resource development or recovery operation in which the applicant is engaged;

(2) The number of golden eagle nests proposed to be taken;

(3) A description of the property on which the taking is proposed, with reference made to its exact geographic location. An appropriately scaled map or plat must be included which delineates the area of the resource development or recovery operation and identifies the exact location of each golden eagle nest proposed to be taken. The map or plat must contain enough detail so that each golden eagle nest proposed to be taken can be readily located by the Service.

(4) For each golden eagle nest proposed to be taken, the applicant must calculate the area nesting population of golden eagles and identify on an appropriately scaled map or plat the exact location of each golden eagle nest used to calculate the area nesting population unless the Service has sufficient data to independently calculate the area nesting population. The map or plat must contain enough details so that each golden eagle nest used to calculate the area nesting population can be readily located by the Service.

(5) A description of each activity to be performed during the resource development or recovery operation which involves the taking of a golden eagle nest;

§ 22.25

50 CFR Ch. I (10-1-06 Edition)

(6) A statement with any supporting documents from ornithologists experienced with golden eagles or other qualified persons who have made on site inspections and can verify the applicant's calculation of the area nesting population;

(7) The length of time for which the permit is requested, including the dates on which the proposed resource development or recovery operation is to begin and end;

(8) A statement indicating the intended disposition of each nest proposed to be taken. Applicants should state whether they are willing to collect any nest for scientific or educational purposes; and

(9) A statement indicating any proposed mitigation measures that are compatible with the resource development or recovery operation to encourage golden eagles to reoccupy the resource development or recovery site. Mitigation measures may include reclaiming disturbed land to enhance golden eagle nesting and foraging habitat, relocating in suitable habitat any inactive golden eagle nest taken, or establishing one or more nest sites. If the establishment of one or more nest sites is proposed, a description of the materials and methods to be used and the exact location of each artificial nest site must be included.

(b) *Additional permit conditions.* In addition to the general conditions set forth in part 13 of this chapter, permits to take golden eagle nests are subject to the following additional conditions:

(1) Only inactive golden eagle nests may be taken.

(2) The permittee shall submit a report of activities conducted under the permit to the Director within ten (10) days following the permit's expiration;

(3) The permittee shall notify the Director in writing at least 10 days but not more than 30 days before any golden eagle nest is taken;

(4) The permittee shall comply with any mitigation measures determined by the Director to be feasible and compatible with the resource development or recovery operation; and

(5) Any permit issued before the commencement of a resource development or recovery operation is invalid if the activity which required a permit is not performed.

(c) *Issuance criteria.* The Director shall conduct an investigation and not issue a permit to take any golden eagle nest unless such taking is compatible with the preservation of the area nesting population of golden eagles. In making such determination, the Director shall consider the following:

(1) Whether the applicant can reasonably conduct the resource development or recovery operation in a manner that avoids taking any golden eagle nest;

(2) The total number of golden eagle nests proposed to be taken;

(3) The size of the area nesting population of golden eagles;

(4) Whether suitable golden eagle nesting and foraging habitat unaffected by the resource development or recovery operation is available to the area nesting population of golden eagles to accommodate any golden eagles displaced by the resource development or recovery operation;

(5) Whether feasible mitigation measures compatible with the resource development or recovery operation are available to encourage golden eagles to reoccupy the resource development or recovery site. Mitigation measures may include reclaiming disturbed land to enhance golden eagle nesting and foraging habitat, relocating in suitable habitat any golden eagle nest taken, or establishing one or more nest sites; and

(6) Whether the area nesting population is widely dispersed or locally concentrated.

(d) *Tenure of permits.* The tenure of any permit to take golden eagle nests is 2 years from the date of issuance, unless a shorter period of time is prescribed on the face of the permit. Permits may be renewed in accordance with part 13 of this chapter.

[48 FR 57300, Dec. 29, 1983, as amended at 63 FR 52638, Oct. 1, 1998; 64 FR 50474, Sept. 17, 1999]

### Subpart D—Depredation Control Orders on Golden Eagles

#### § 22.31 Golden eagle depredations control order on request of Governor of a State.

(a) Whenever the Governor of any State requests permission to take golden eagles to seasonally protect domesticated flocks and herds in such State, the Director shall make an investigation and if he determines that such taking is necessary to and will seasonally protect domesticated flocks and herds in such States he shall authorize such taking in whatever part or parts of the State and for such periods as he determines necessary to protect such interests.

(b) Requests from the Governor of a State to take golden eagles to seasonally protect domesticated flocks and herds must be submitted in writing to the Director listing the periods of time during which the taking of such birds is recommended, and including a map of the State indicating the boundaries of the proposed area of taking. Such requests should include a statement of the facts and the source of such facts that in the Governor's opinion justifies the request. After a decision by the Director, the Governor will be advised in writing concerning the request and a notice will be published in the FEDERAL REGISTER.

#### § 22.32 Conditions and limitations on taking under depredation control order.

(a) Whenever the taking of golden eagles without a permit is authorized for the seasonal protection of livestock, such birds may be taken by firearms, traps, or other suitable means except by poison or from aircraft.

(b) Any person exercising any of the privileges granted by this subpart D must permit all reasonable times, including during actual operations, any Service agent, or other game law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted; and shall furnish promptly to such officer whatever information he may require concerning such operations.

(c) The authority to take golden eagles under a depredations control order issued pursuant to this subpart D only authorizes the taking of golden eagles when necessary to seasonally protect domesticated flocks and herds, and all such birds taken must be reported and turned over to a local Bureau Agent.

AUTHORITY: Convention on International Trade in Endangered Species of Wild Fauna and Flora, 27 U.S.T. 1087; and Endangered Species Act of 1973, as amended, 16 U.S.C. 1531 *et seq.*

SOURCE: 42 FR 10465, Feb. 22, 1977, unless otherwise noted.

**Subpart A—Introduction**

**§ 23.1 Purpose of regulations.**

(a) The regulations in this part implement the Convention on International Trade in Endangered Species of Wild Fauna and Flora, TIAS 8249.

(b) The regulations identify those species of wildlife and plants included in appendix I, II or III to the Convention.

**§ 23.2 Scope of regulations.**

(a) The regulations of this part apply only to wildlife and plants listed in appendix I, II or III to the Convention, listed herein in § 23.23 for the convenience of the public. It should be noted that many species listed in appendix I, II or III are also listed in part 17 (endangered and threatened species) or part 18 (marine mammals), and are subject to additional regulations in those parts or in part 216 (marine mammals) or parts 217–225 (endangered and threatened species) for species under jurisdiction of the National Marine Fisheries Service.

(b) [Reserved]

**§ 23.3 Definitions.**

In addition to the definitions contained in parts 10 and 17 of this subchapter, and unless the context requires otherwise, in this part:

*Appendix I* means the list of wildlife and plants called “Appendix I” and at-

tached to the Convention (see § 23.23 for the list).

*Appendix II* means the list of wildlife and plants called “Appendix II” and attached to the Convention (see § 23.23 for the list).

*Appendix III* means the list of wildlife and plants called “Appendix III” and attached to the Convention (see § 23.23 for the list).

*Convention* means the Convention on International Trade in Endangered Species of Wild Fauna and Flora, TIAS 8249.

*Management Authority* means a national management authority officially designated by a party to implement the present Convention, including the granting of permits or certificates for Convention purposes on behalf of the party.

*Party* means a country for which the Convention has entered into force, by virtue of ratification or accession.

*Re-export* means export of wildlife or plants that have previously been imported.

*United States* means all of the several states, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, the Virgin Islands, Guam, and the Trust Territory of the Pacific Islands.

**§ 23.4 Parties to the Convention.**

The following countries are currently parties to the Convention. The name and address of the management authority is included under the name of each country. This list is for the convenience of the public, and does not preclude the application of regulations in this part 23 to importation, exportation or re-exportation to or from other countries.

## Subpart B—Prohibitions, Permits and Exceptions

### § 23.11 Prohibitions.

(a) Unless the requirements in this part 23 are met, or one of the exceptions in this part 23 is applicable, it is unlawful for any person subject to the jurisdiction of the United States to commit, attempt to commit, solicit another to commit, or cause to be committed any of the acts described in paragraphs (b) through (d) of this section.

(b) *Import.* (1) It is unlawful to import into the United States any wildlife or plant listed in appendix I, II or III (see § 23.23) from any foreign country.

(2) It is unlawful to import directly into the United States any wildlife or plant listed in appendix I or II (see § 23.23) taken from the sea beyond the jurisdiction of any country.

(c) *Export.* It is unlawful to export from the United States any wildlife or plant listed in appendix I, II or III (see § 23.23).

(d) *Re-export.* It is unlawful to re-export from the United States any wildlife or plant listed in appendix I, II or III (see § 23.23).

(e) *Possession.* It is unlawful for any person subject to the jurisdiction of the United States to possess any wild-

life or plant listed in appendix I, II or III imported into the United States, or exported or re-exported from the United States contrary to the provisions of the Convention or this part 23.

### § 23.12 Requirements.

(a) *Import—(1) Appendix I.* (i) In order to import into the United States any wildlife or plant listed in Appendix I from any foreign country, a United States import permit, issued pursuant to § 23.15, and a valid foreign export permit issued by the country of origin or a valid foreign re-export certificate issued by the country of re-export must be obtained prior to such importation.

(ii) In order to import directly into the United States any wildlife or plant listed in appendix I taken from the sea beyond the jurisdiction of any country, a United States import permit issued pursuant to § 23.15 must be obtained prior to such importation.

(2) *Appendix II.* (i) In order to import into the United States any wildlife or plant listed in appendix II from any foreign country, a valid foreign export permit issued by the country of origin, or a valid foreign re-export certificate issued by the country of re-export, must be obtained prior to such importation.

(ii) In order to import directly into the United States any wildlife or plant listed in Appendix II taken from the sea beyond the jurisdiction of any country, a United States import permit issued pursuant to § 23.15, must be obtained prior to such importation.

(3) *Appendix III.* (i) In order to import into the United States any wildlife or plant listed in appendix III from a foreign country that has listed such animal or plant in appendix III, a valid foreign export permit or re-export certificate issued by such country must be obtained prior to such importation.

(ii) In order to import into the United States any wildlife or plant listed in appendix III from a foreign country that has not listed such wildlife or plant in appendix III, a valid foreign certificate of origin or foreign re-export certificate must be obtained prior to such importation.

(b) *Export or re-export—(1) Appendices I and II.* In order to export or re-export from the United States any wildlife or

plant listed in appendix I or II, a United States export permit or re-export certificate, issued pursuant to § 23.15, must be obtained prior to such exportation or re-exportation.

(2) *Appendix III.* (i) In order to export or re-export from the United States any wildlife or plant listed in appendix III by the United States, a United States export permit or re-export certificate issued pursuant to § 23.15, must be obtained prior to such exportation or re-exportation.

(ii) In order to export or re-export from the United States any wildlife or plant listed in appendix III that has not been listed by the United States, a re-export certificate or certificate of origin, issued pursuant to § 23.15, must be obtained prior to such exportation or re-exportation.

#### § 23.13 Exceptions.

(a) If any wildlife or plant listed in appendix I, II or III is also subject to the regulations in part 17 or part 18 of this subchapter, the prohibitions and exceptions in those parts and in part 23 shall apply. Exceptions in one part cannot be invoked to allow activities prohibited in another part.

(b) The prohibitions in § 23.11 (b) through (d) concerning importation, exportation and re-exportation shall not apply to wildlife or plant listed in appendix I, II or III that are being transshipped through the United States provided such wildlife or plants remain in Customs custody.

(c) The prohibitions in § 23.11 (b) through (d) concerning importation, exportation and re-exportation shall not apply to wildlife or plants when a certificate has been issued by the management authority of the country of origin or the country of re-export to the effect that the wildlife or plant was acquired prior to the date the Convention applied to it. See § 23.15 for rules on the issuance of such certificates.

(d) The prohibitions in § 23.11 (b) through (d) concerning importation, exportation and re-exportation shall not apply to wildlife or plants that are accompanying personal baggage or part of a shipment of the household effects of persons moving their residences to or from the United States: *Provided*, That this exception shall not apply to:

(1) Importation by U.S. residents of wildlife or plants listed in appendix I that were acquired outside the United States; or

(2) Importation by U.S. residents of wildlife or plants listed in appendix II that were taken from the wild in a foreign country, if that country requires export permits.

(e) Wildlife or plants listed in appendix I that have been bred in captivity or artificially propagated, for commercial activities, shall be treated as if listed in appendix II.

(f) The prohibitions in § 23.11 (b) through (d) concerning importation, exportation and re-exportation shall not apply to wildlife or plants when a certificate has been issued by the management authority of the country of export to the effect that the wildlife or plant was bred in captivity or artificially propagated, or was part of or derived therefrom. See § 23.15 for rules on the issuance of such certificates.

(g) The prohibitions in § 23.11 (b) through (d) concerning importation, exportation and re-exportation shall not apply to herbarium specimens, other preserved, dried or embedded museum specimens, and live plant material when they are imported, exported or re-exported as a non-commercial loan, donation or exchange between scientists or scientific institutions that have been registered by a management authority of their country, and when a label issued or approved by such management authority is clearly affixed to the package or container. See § 23.15 for rules on registration and issuance or approval of labels.

#### § 23.14 Foreign documentation.

(a) *Party countries.* Only export permits, re-export certificates, certificates of origin, or other certificates issued and signed by a management authority will be accepted as a valid foreign document from a country that is a party to the Convention.

(b) *Countries that are not parties.* The requirements in this part 23 apply to all wildlife and plants listed in appendix I, II or III to the Convention, whether the shipment is to or from a country that is party to the Convention, or to or from any other country.

### § 23.15

### 50 CFR Ch. I (10-1-06 Edition)

In the case of a shipment from a country not party to the Convention, documents containing information corresponding to that required by the regulations in this part 23 may be accepted. Such documents may be in the form of an export or import permit, a letter from the proper authority, or any other form that clearly indicates the nature of the document. Such documents must:

- (1) Be issued by an official of the country responsible for authorizing the export of such wildlife or plants;
- (2) Specify the species (or taxa to the rank listed in appendix I, II or III) and give the numbers of wildlife or plants covered by the document; and
- (3) Contain the following statement or its equivalent:

I, \_\_\_\_\_ (Signing official), hereby certify that the shipment of wildlife or plants covered by this document is in accordance with the laws of \_\_\_\_\_ (Country), will not be detrimental to the survival of the species in the wild, and, if living, will be transported in a manner which will minimize the risk of injury, damage to health, or cruel treatment.

#### § 23.15 Permits and certificates.

(a) In order to import, export or re-export wildlife or plants listed in appendix I, II or III that are also listed as endangered or threatened and subject to regulations in part 17 of this subchapter, the requirements in both part 17 and part 23 must be met. A single application meeting the appropriate application requirements in part 17 will also meet the application requirements in part 23.

(b) In order to import wildlife listed in appendix I, II or III that are marine mammals subject to regulations in part 18 of this subchapter, the requirements in both part 18 and part 23 must be met. A single application meeting the application requirements in part 18 will also meet the application requirements in part 23.

(c) Application requirements for permits or certificates to import, export or reexport wildlife or plants listed in appendix I, II or III that are not subject to the regulations in part 17 or part 18 of this subchapter. Any person subject to the jurisdiction of the United States who wishes to get such a permit or certificate submits an appli-

cation under this section to the Director, U.S. Fish and Wildlife Service, (Attention: Office of Management Authority), 4401 N. Fairfax Drive, Room 700, Arlington, VA 22203 by any person subject to the jurisdiction of the United States who wishes to get a permit for the activity. The Service provides Form 3-200 for the application to which as much of the following information relating to the purpose of the permit or certificate must be attached.

(1) The scientific and common names of the species (or taxa to the rank listed in appendix I, II or III) sought to be covered by the permit, the number of wildlife or plants, and the activity sought to be authorized (such as importing, exporting, re-exporting, etc.);

(2) A statement as to whether the wildlife or plant, at the time of application, (i) is living in the wild, (ii) is living but is not in the wild, or (iii) is dead;

(3) A description of the wildlife or plant, including (i) size, (ii) sex (if known), and (iii) type of goods, if it is a part or derivative;

(4) In the case of living wildlife or plants, (i) a description of the type, size and construction of any container the wildlife or plant will be placed in during transportation; and (ii) the arrangements for watering and otherwise caring for the wildlife or plant during transportation;

(5) The name and address of the person in a foreign country to whom the wildlife or plant is to be exported from the United States, or from whom the wildlife or plant is to be imported into the United States;

(6) The country and place where the wildlife or plant was or is to be taken from the wild;

(7) In the case of wildlife or plants listed in appendix I to be imported into the United States, (i) a statement of the purposes and details of the activities for which the wildlife or plant is to be imported; (ii) a brief resume of the technical expertise of the applicant or other persons who will care for the wildlife or plant; (iii) the name, address and a description, including diagrams or photographs, of the facility where the wildlife or plant will be maintained; and (iv) a description of

all mortalities, in the two years preceding the date of this application, involving any wildlife species covered in the application (or any species of the same genus or family) held by the applicant, including the causes and steps taken to avoid such mortalities; and

(8) Copies of documents, sworn affidavits or other evidence showing that either (i) the wildlife or plant was acquired prior to the date the Convention applied to it, or (ii) the wildlife or plant was bred in captivity or artificially propagated, or was part of or derived therefrom, or (iii) the wildlife or plant is an herbarium specimen, other preserved, dried or embedded museum specimen or live plant material to be imported, exported or re-exported as a non-commercial loan, donation or exchange between scientists or scientific institutions.

(d) *Issuance criteria.* Upon receiving an application completed in accordance with paragraph (a), (b) or (c) of this section, the Director will decide whether or not a permit or certificate should be issued. In making his decision, the Director shall consider in addition to the general criteria in § 13.21(b) of this subchapter, the following factors:

(1) Whether the proposed import, export or re-export would be detrimental to the survival of the species;

(2) Whether the wildlife or plant was acquired lawfully;

(3) Whether any living wildlife or plant to be exported or re-exported will be so prepared and shipped as to minimize the risk of injury, damage to health or cruel treatment;

(4) Whether any living wildlife or plant to be imported directly into the United States from the sea beyond the jurisdiction of any country will be so handled as to minimize the risk of injury, damage to health or cruel treatment;

(5) Whether an import permit has been granted by a foreign country, in the case of proposed export or re-export from the United States of any wildlife or plant listed in Appendix I;

(6) Whether the proposed recipient of any living wildlife or plant listed in Appendix I to be imported into the United States is suitably equipped to house and care for such wildlife or plant;

(7) Whether any wildlife or plant listed in appendix I to be imported into the United States is to be used for primarily commercial activities; and

(8) Whether the evidence submitted is sufficient to justify an exception, in the case of (i) wildlife or plants that were acquired prior to the date the Convention applied to them; (ii) wildlife or plants that were bred in captivity or artificially propagated, or were part of or derived there from; or (iii) wildlife or plants that are herbarium specimens; other preserved, dried or embedded museum specimens, or live plant material to be imported, exported or re-exported as a non-commercial loan, donation or exchange between scientists or scientific institutions.

(9) Whether in the case of wildlife or plants listed in Appendix II, they are the subject of a large volume of trade and are not necessarily threatened with extinction.

(e) *Permit or certificate conditions.* In addition to the general criteria set forth in part 13 of this subchapter, permits or certificates issued under this section shall be subject to the following special conditions:

(1) Any permit must be presented to a Service agent at a designated port of entry upon importation into the United States or prior to exportation or re-exportation from the United States;

(2) Where appropriate and feasible, the Service may require that an identifying mark be affixed upon any wildlife or plant;

(3) In the case of wildlife or plants that are herbarium specimens, other preserved, dried or embedded museum specimens, or live plant material to be imported, exported or re-exported as a non-commercial loan, donation or exchange between scientists or scientific institutions, the names and addresses of the consignor and consignee must be on each package or container. The letters "CITES" (acronym for the Convention), a description such as "herbarium specimens," and the code letters assigned by the Service to the scientist or scientific institution, must be entered on the Customs declaration form affixed to each package or container.

§ 23.21

(f) *Duration of permits or certificates.* The duration of permits or certificates issued under this section shall be designated on the face of the permit or certificate, but in no case will export permits be valid for longer than six months.

(g) *Information collection requirements.* The Office of Management and Budget approved the information collection requirements contained in this part 23 under 44 U.S.C. 3507 and assigned OMB Control Number 1018-0093. The Service may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number. We are collecting this information to provide information necessary to evaluate permit applications. We will use this information to review permit applications and make decisions, according to criteria established in various Federal wildlife conservation statutes and regulations, on the issuance, suspension, revocation, or denial of permits. You must respond to obtain or retain a permit. We estimate the public reporting burden for these reporting requirements to vary from 20 minutes to 2 hours per response, with an average of 1 hour per response, including time for reviewing instructions, gathering and maintaining data, and completing and reviewing the forms. Direct comments regarding the burden estimate or any other aspect of these reporting requirements to the Service Information Collection Control Officer, MS-222 ARLSQ, U.S. Fish and Wildlife Service, Washington, DC 20240, or the Office of Management and Budget, Paperwork Reduction Project (1018-0093), Washington, DC 20603.

**Subpart C—Appendices I, II and III to the Convention on International Trade in Endangered Species of Wild Fauna and Flora**

**§ 23.21 Criteria for listing species. [Reserved]**

**§ 23.22 Procedures for amending the appendices. [Reserved]**

**§ 23.23 Species listed in Appendices I, II, and III.**

(a) The list in this section includes species of wildlife and plants placed in Appendix I, II or III in accordance with the provisions of Articles XV and XVI of the Convention.

The list of species is organized as follows:

Major group	Subgroups
Mammals .....	Orders, in taxonomic sequence.
Birds .....	Orders, in taxonomic sequence.
Reptiles .....	Orders, in taxonomic sequence.
Amphibians .....	Orders, in taxonomic sequence.
Fishes .....	Orders, in taxonomic sequence.
Molluscs .....	Classes.
Arthropods .....	Classes.
Plants .....	Families, in alphabetical sequence.

Within each Subgroup, lower taxonomic units (mainly genera, but sometimes families or subfamilies) are listed in alphabetical sequence. Within genera, the scientific names of the species are listed in alphabetical sequence. The scientific name takes precedence over the common name in determining if a species is listed.

(b) The appendix column of the list includes the annotation “pe” (=possibly extinct) for certain species. It also contains the names of Parties including species in Appendix III.

(c) For purposes of issuing United States certificates of exemption under Article VII(3), the date when the Convention applies to a species is the date when the inclusion of that species in the appendices enters into force under the terms of Article XV or XVI of the Convention. The date of first listing is retained if a species is transferred from one appendix to another or if a listed species is subsequently included with other species in the listing of a taxon above the species level. Such species are shown separately in this publication of the appendices. The date of a

subsequent listing is used only if a species is entirely deleted from the appendices and is subsequently reincluded after an intervening period of time.

(d) Subject to the regulations of this part are all living or dead animals or plants in Appendix I, II or III, and all their readily recognizable parts and derivatives except for specified parts or derivatives of particular Appendix III animal species as excluded in the particular listing and the following categorically excluded or exempted parts or derivatives of certain plants:

(1) For Appendix II and Appendix III plants and artificially propagated hybrids of Appendix I plants: Seedling or tissue cultures obtained in vitro, in solid or liquid media, transported in sterile containers; and

(2) For Appendix II and Appendix III plants: Seeds (other than the seeds of Mexican Cactaceae originating from Mexico, which are included in the Appendices), spores, pollen (including pollinia), and artificially propagated cut flowers; and

(3) For artificially propagated hybrids of Appendix I plants: seeds and

pollen (including pollinia) and cut flowers; and

(4) For artificially propagated or naturalized Appendix II Cactaceae species: fruits and their parts and derivatives; for *Opuntia* subgenus *Opuntia* species, separate stem joints (pads) and their parts and derivatives.

(5) For Orchidaceae species: in Appendix I, seedling or tissue cultures obtained in vitro, in solid or liquid media, transported in sterile containers; in Appendix II, for artificially propagated *Vanilla* species, the fruits and their parts and derivatives.

(e) The list of species set out in subsection (f) is informational and not regulatory in nature. It is solely intended as a convenience to the public. The official list of species included in Appendices I, II, and III is the one maintained by the CITES Secretariat based on the decisions of the Parties to the Convention.

(f) The list of species in the Appendices to the Convention on International Trade in Endangered Species of Wild Fauna and Flora is provided below:

**Subpart D—Public Participation in the Development of Negotiating Positions for Meetings of the Conference of the Parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora; Federal Agency Consultation**

SOURCE: 45 FR 83238, Dec. 18, 1980, unless otherwise noted.

**§ 23.31 Purpose of regulations.**

The regulation contained in this subpart sets out procedures for participation of the public and consultation with appropriate Federal agencies in the Service's process of developing negotiating positions to be used by the representative of the United States to meetings of the Conference of the Parties to the Convention provided for by Article XI of the Convention.

**§ 23.32 Notice of meeting of Conference of the Parties to the Convention.**

(a) Upon receipt of a notice of a meeting to the Conference of the Parties to the Convention, the director shall publish in the FEDERAL REGISTER a notice setting forth the time and place of the meeting, and the proposed agenda, and inviting the public to comment and provide information on agenda items including, when appropriate, suggestions for additional agenda items.

(b) Upon receipt from the CITES Secretariat of a notice of additional agenda items, the Director shall publish in the FEDERAL REGISTER a notice inviting the public to comment and provide information on such items.

**§ 23.33 Notice of proposed negotiating positions.**

Subsequent to the comment period of the notice of meeting of the Conference of the Parties to the Convention, the Director shall publish in the FEDERAL REGISTER a notice of proposed negotiating positions setting forth a summary of the information and comments received in response to any of the notices mentioned in § 23.33, the negotiating positions which the Service pro-

poses to use at the meetings of the Conference of the Parties to the Convention, and the basis thereof, and inviting information and comments on the proposed negotiating positions. The notice will also set forth the time and place of at least one public meeting to provide information and comments on the proposed negotiating positions of the Service.

**§ 23.34 Public meetings.**

The Service shall hold at least one public meeting to enable interested persons to provide information and comments on the proposed agenda and at least one such public meeting on the proposed negotiating positions of the Service. Written statements may be submitted to the Service before and at the meeting. Appointments to speak at the meetings may be made with the Federal Wildlife Permit Office, Washington, DC 20240 (703/235-2418). Participants without prior appointments will be given an opportunity to speak to the extent time allows following speakers with appointments.

**§ 23.35 Notice of negotiating positions.**

Subsequent to the comment period of the notice of proposed negotiating positions, and after all associated public meetings have been held, the Director shall publish in the FEDERAL REGISTER a notice setting forth (a) a summary of the information and comments received in response to the notice of proposed negotiating positions, (b) a summary of negotiating positions of the Service to be used by the representative of the United States to the meeting of the Conference of the Parties to the Convention, and (c) the basis of such negotiating positions.

**§ 23.36 Schedule of public meetings and notices.**

The Director shall publish in the FEDERAL REGISTER a schedule, subject to change and modification, of all public meetings and notices related to preparation of negotiating positions for meetings of the Conference of the Parties to the Convention.

**§ 23.37**

**§ 23.37 Federal agency consultation.**

The Service shall consult with appropriate Federal agencies in the development of negotiating positions.

**§ 23.38 Modifications of procedures and negotiating positions.**

(a) Any of the procedures in §§ 23.32 through 23.36 may be modified or suspended by the Director on notice published in the FEDERAL REGISTER where to follow the procedures would interfere with the timely or appropriate development of negotiating positions.

(b) Any of the negotiating positions set forth in a notice of negotiating positions may be modified, reversed or abandoned by the United States representative to a meeting of the Conference of the Parties to the Convention where to do so would be in the best interests of the United States.

**§ 23.39 Notice of availability of official report.**

After any meeting of the Conference of the Parties to the Convention attended by a United States representative, the Service shall publish a notice of availability of the official report of such representative and set forth how and where copies of such report can be obtained.

**§ 23.51 American ginseng (*Panax quinquefolius*).**

State populations for which the export of the indicated season's harvest may be permitted under § 23.15 of this part:

(a) *1978 Harvest:* Arkansas, Georgia, Illinois, Indiana, Iowa, Kentucky,

Maryland, Michigan, Minnesota, Missouri, New York, North Carolina, Pennsylvania, Tennessee, Virginia, West Virginia, and Wisconsin.

Conditions on findings: Roots must be documented as to state of origin and season of collecting.

For further information see: 43 FR 29469, July 7, 1978; 43 FR 35013, Aug. 7, 1978; 43 FR 36293, Aug. 16, 1978; and 43 FR 39305, Sept. 1, 1978.

(b) *1979 Harvest:* Arkansas, Georgia, Illinois, Iowa, Kentucky, Maryland, Minnesota, Missouri, North Carolina, Ohio, Tennessee, Virginia, West Virginia, and Wisconsin.

Conditions on findings: Roots must be documented as to state of origin and season of collecting. Wild roots must be certified by the state as legally collected. For further information see: 44 FR 25384, Apr. 30, 1979; 44 FR 3107, June 1, 1979; and 44 FR 47912, Aug. 15, 1979.

(c) *1980 Harvest:* Arkansas, Georgia, Illinois, Indiana, Iowa, Kentucky, Maryland, Minnesota, Missouri, New York, North Carolina, Ohio, Tennessee, Virginia, West Virginia, and Wisconsin.

Conditions on findings: Roots must be documented as to state or origin and season of collecting. Wild and cultivated roots must be certified by the state as legally collected, and such certification must be presented upon export.

(d) *1981 Harvest:* Arkansas, Georgia, Illinois, Indiana, Iowa, Kentucky, Maryland, Minnesota, Missouri, North Carolina, Ohio, Tennessee, Vermont (artificially propagated ginseng only), Virginia, West Virginia, Wisconsin.

Condition on findings: Roots must be documented as to state of origin and season of collecting. Wild and cultivated roots must be certified by the state as legally collected and such certification must be presented upon export. Vermont is approved for export of artificially propagated ginseng roots only.

X: Export approval granted for wild and cultivated ginseng harvested in State indicated.  
 —: Export not requested or not granted.  
 a: Export approval only for artificially propagated (cultivated) ginseng harvested in State indicated.

(2) Conditions on export: All plants and roots must be documented as to State of origin, season of collection, and dry or green (fresh) weight. The State must certify whether roots and plants originated in that State, are wild or cultivated (artificially propagated) specimens, and were legally obtained in a particular season. Such State certification, a current Federal export document, an executed dealer or exporter's invoice, and the ginseng must be presented upon export. All other export procedures must be followed as described by the Service in this rule. The State must maintain ginseng management and harvest programs, as described by the Service in this rule, and annual ginseng program data for the preceding harvest season should be available to the Office of Management Authority by May 31 of each year. Export procedures must be completed as outlined and discussed in this paragraph.

NOTE. American ginseng purchased from non-export approved States by State-registered ginseng dealers for domestic use and commerce must be reported to the State of registration, along with all other ginseng commerce. Such ginseng is not eligible for export from the United States and must be dealer-maintained physically separated from that ginseng eligible for export from this country so that there is no chance of intermingling the specimens.

 E 1979-80 bobcat export enjoined by U.S. District Court, District of Columbia.  
 E(1) As above but for eastern portion of State.  
 E(2) As above but for high plains ecological area.

(b) *Condition on export:* Each pelt must be clearly identified as to species; State, Indian Tribe, or Indian Nation of origin; and season of taking by a permanently attached, serially numbered tag of a type approved by and attached under conditions established by the Service. Exception to tagging requirement: finished furs and fully manufactured fur products may only be exported from the United States when the State, Indian Tribe, or Indian Nation export tags, removed from the hides used to manufacture the product being exported, are surrendered to the Service at the time of export. Such

tags must be removed by cutting the tag strap on the female side next to the locking socket of the tag so the locking socket and locking tip remain joined.

<sup>5</sup> Export for 1996-97 and 1997-98 approved administratively (for Missouri).  
 Q Export approved with quota.  
 + Export approved.  
 - Export not approved.

(b) Condition on export: Exporters must clearly identify each pelt as to species, State or Indian Nation of origin, and season of taking by permanently attaching a serially numbered tag of a type approved and provided by the Service and attached under conditions established by the Service. Exception to the tagging requirement: We will allow the export of fully manufactured fur or hide products from the United States only when the CITES export tags removed from the hides prior to manufacture are surrendered to us prior to export. Such tags must be removed by cutting the tag straps on the side next to the locking socket of the tag, so that the locking socket and locking tip remain joined.

(b) *Condition on initial export from the United States.* (1) Each hide (full skin) must be clearly identified by a durable, permanently locking Convention export tag bearing a legend showing the US-CITES logo, State of origin, species, year of take, and a unique serial number. The tag must be inserted through the hide and permanently locked in place using the locking mechanism of the tag and in accordance with State requirements. Hides with broken tags may not be exported. Prior to export and upon submission of documentation to show legality of the hide, broken tags may be replaced with CITES replacement tags. Hides with valid CITES replacement tags are eligible for export.

(2) US-CITES export tags that were removed from the hides used to manufacture products to be exported must

be surrendered to the Service prior to the export of those products.

(3) Meat from legally harvested and tagged alligators shall be packed in State-uniform containers, permanently sealed and labeled as required by State law. Bulk meat containers shall be marked with a State "parts tag" or "bulk meat tag" permanently attached indicating, at a minimum, State of origin, year of take, species, original hide export tag number, weight of meat in the container, and identification of State licensed processor or packer.

(4) Small parts such as tails, throats, feet, or backstrips shall be packed in transparent, sealed containers clearly marked with a parts tag. Parts tags shall supply at a minimum the State of origin, species, original hide export tag number, and weight of the parts in the container.

(5) American alligator skulls shall be marked as required by State law. This marking shall include, at a minimum, reference to a valid US-CITES tag number.

### Subpart A—Introduction

#### § 24.1 Purpose of regulations.

The regulations contained in this part are for the purpose of establishing ports for the importation, exportation and reexportation of plants.

#### § 24.2 Scope of regulations.

The provisions in this part are in addition to, and do not supersede, other regulations in this chapter. Also, the U.S. Department of Agriculture administers the Plant Quarantine Act, as amended (7 U.S.C. 151 *et seq.*), the Federal Plant Pest Act, as amended (7 U.S.C. 150aa *et seq.*), and the Federal Noxious Weed Act of 1974 (7 U.S.C. 2801 *et seq.*), which contain authority for additional prohibitions and restrictions, including additional port of entry requirements, for the importation or exportation of plants (See 7 CFR chapter III for regulations containing prohibitions and restrictions under these authorities).

### Subpart B—Importation and Exportation at Designated Ports

#### § 24.11 General restrictions.

No person shall import, export, or re-export plants at any place other than at a port designated in 24.12 (hereinafter “designated port”) in accordance with the provisions of this part, unless otherwise specifically authorized by the Service at a nondesignated port in accordance with section 9(f)(1) of the Endangered Species Act of 1973, as amended.

#### § 24.12 Designated ports.

(a) The following U.S. Department of Agriculture ports are designated ports for the importation, exportation, or re-exportation of plants which are listed in 50 CFR 17.12 and/or 23.23 and which are required to be accompanied by documentation under 50 CFR part 17 and/or 23:

### Subpart A—Introduction

#### § 25.11 Purpose of regulations.

(a) The regulations in this subchapter govern general administration of units of the National Wildlife Refuge System, public notice of changes in U.S. Fish and Wildlife Service policy regarding Refuge System units, issuance of permits required on Refuge System units and other administrative aspects involving the management of various units of the National Wildlife Refuge System. The regulations in this subchapter apply to areas of land and water held by the United States in fee title and to property interests in such land and water in less than fee, including but not limited to easements. For areas held in less than fee, the regulations in this subchapter apply only to the extent that the property interest held by the United States may be affected. The regulations in this subchapter also apply to and govern those areas of the Rocky Mountain Arsenal over which management responsibility has been transferred to the U.S. Fish and Wildlife Service under the Rocky Mountain Arsenal Act of 1992 (Pub. L. 102-402, 106 Stat. 1961), before their establishment as a refuge and inclusion in the National Wildlife Refuge System.

(b) All national wildlife refuges are maintained for the primary purpose of developing a national program of wildlife and ecological conservation and rehabilitation. These refuges are established for the restoration, preservation, development and management of wildlife and wildlands habitat; for the protection and preservation of endangered or threatened species and their habitat; and for the management of wildlife and wildlands to obtain the maximum benefits from these resources.

[41 FR 9166, Mar. 3, 1976, as amended at 51 FR 7574, Mar. 5, 1986; 62 FR 47375, Sept. 9, 1997]

#### § 25.12 What do these terms mean?

(a) As used in the rules and regulations in this subchapter:

*Authorized official* means any Federal, State or local official empowered to enforce provisions of this subchapter C.

*Big game* means large game animals, including moose, elk, caribou, reindeer, musk ox, deer, bighorn sheep, mountain goat, pronghorn, bear, and pecary, or such species as the separate States may so classify within their boundaries.

*Compatibility determination* means a written determination signed and dated by the Refuge Manager and Regional Chief, signifying that a proposed or existing use of a national wildlife refuge is a compatible use or is not a compatible use. The Director makes this delegation through the Regional Director.

*Compatible use* means a proposed or existing wildlife-dependent recreational use or any other use of a national wildlife refuge that, based on sound professional judgment, will not materially interfere with or detract from the fulfillment of the National Wildlife Refuge System mission or the purpose(s) of the national wildlife refuge.

*Comprehensive conservation plan* means a document that describes the desired future conditions of a refuge or planning unit and provides long-range guidance and management direction to achieve the purposes of the refuge; helps fulfill the mission of the Refuge System; maintains and, where appropriate, restores the ecological integrity of each refuge and the Refuge System; helps achieve the goals of the National Wilderness Preservation System; and meets other mandates.

*Conservation*, and *Management* mean to sustain and, where appropriate, restore and enhance, healthy populations of fish, wildlife, and plants utilizing, in accordance with applicable Federal and State laws, methods and procedures associated with modern scientific resource programs. Such methods and procedures include, consistent with the provisions of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd–668ee), protection, research, census, law enforcement, habitat management, propagation, live trapping and transplantation, and regulated taking.

*Coordination area* means a wildlife management area made available to a State by cooperative agreement between the U.S. Fish and Wildlife Service and a State agency having control over wildlife resources pursuant to section 4 of the Fish and Wildlife Coordination Act (16 U.S.C. 664 or by long-term leases or agreements pursuant to title III of the Bankhead-Jones Farm Tenant Act (7 U.S.C. 1010 *et seq.*). The States manage coordination areas but they are part of the National Wildlife Refuge System. The compatibility standard does not apply to coordination areas.

*Director* means the Director, U.S. Fish and Wildlife Service or the authorized representative of such official.

*Easement* means a less than fee interest in land or water acquired and administered by the U.S. Fish and Wildlife Service for the purpose of maintaining fish and wildlife habitat.

*Fish*, *Wildlife*, and *Fish and wildlife* mean any member of the animal kingdom in a wild, unconfined state, whether alive or dead, including a part, product, egg, or offspring of the member.

*Migratory bird* means and refers to those species of birds listed under § 10.13 of this chapter.

*National wildlife refuge*, and *Refuge* mean a designated area of land, water, or an interest in land or water located within the National Wildlife Refuge System but does not include coordination areas.

*National Wildlife Refuge System*, and *System* mean all lands, waters, and interests therein administered by the U.S. Fish and Wildlife Service as wildlife refuges, wildlife ranges, wildlife management areas, waterfowl production areas, coordination areas, and other areas for the protection and conservation of fish and wildlife including those that are threatened with extinction as determined in writing by the Director or so directed by Presidential or Secretarial order. The determination by the Director may not be delegated.

*National Wildlife Refuge System mission*, and *System mission* mean to administer a national network of lands and

waters for the conservation, management, and where appropriate, restoration of the fish, wildlife, and plant resources and their habitats within the United States for the benefit of present and future generations of Americans.

*Nontoxic shot* means steel shot or other shot approved pursuant to 50 CFR 20.134.

*Plant* means any member of the plant kingdom in a wild, unconfined state, including any plant community, seed, root, or other part of a plant.

*Purpose(s) of the refuge* means the purposes specified in or derived from the law, proclamation, executive order, agreement, public land order, donation document, or administrative memorandum establishing, authorizing, or expanding a national wildlife refuge, national wildlife refuge unit, or national wildlife refuge subunit. For refuges that encompass Congressionally designated wilderness, the purposes of the Wilderness Act are additional purposes of the wilderness portion of the refuge.

*Refuge management activity* means an activity conducted by the Service or a Service-authorized agent to fulfill one or more purposes of the national wildlife refuge, or the National Wildlife Refuge System mission. Service-authorized agents include contractors, cooperating agencies, cooperating associations, refuge support groups, and volunteers.

*Refuge management economic activity* means a refuge management activity on a national wildlife refuge which results in generation of a commodity which is or can be sold for income or revenue or traded for goods or services. Examples include: Farming, grazing, haying, timber harvesting, and trapping.

*Regional Chief* means the official in charge of the National Wildlife Refuge System within a Region of the U.S. Fish and Wildlife Service or the authorized representative of such official.

*Refuge Manager* means the official directly in charge of a national wildlife refuge or the authorized representative of such official. In the case of a national wildlife refuge complex, this refers to the official directly in charge of the complex.

*Refuge use*, and *Use of a refuge* mean a recreational use (including refuge actions associated with a recreational use or other general public use), refuge management economic activity, or other use of a national wildlife refuge by the public or other non-National Wildlife Refuge System entity.

*Regional Director* means the official in charge of a Region of the U.S. Fish and Wildlife Service or the authorized representative of such official.

*Secretary* means the Secretary of the Interior or the authorized representative of such official.

*Service*, *We*, and *Us* mean the U.S. Fish and Wildlife Service, Department of the Interior.

*Sound professional judgment* means a finding, determination, or decision that is consistent with principles of sound fish and wildlife management and administration, available science and resources, and adherence to the requirements of the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-668ee), and other applicable laws. Included in this finding, determination, or decision is a refuge manager's field experience and knowledge of the particular refuge's resources.

*State*, and *United States* mean one or more of the States of the United States, Puerto Rico, American Samoa, the Virgin Islands, Guam, and the territories and possessions of the United States.

*Waterfowl production area* means any wetland or pothole area acquired pursuant to section 4(c) of the amended Migratory Bird Hunting Stamp Act (72 Stat. 487; 16 U.S.C. 718d(c)), owned or controlled by the United States and administered by the U.S. Fish and Wildlife Service as a part of the National Wildlife Refuge System.

*Wildlife-dependent recreational use*, and *Wildlife-dependent recreation* mean a use of a national wildlife refuge involving hunting, fishing, wildlife observation and photography, or environmental education and interpretation. The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-668ee), specifies that these are the six priority general public uses of the National Wildlife Refuge System.

## § 25.13

*Wildlife management area* means a general term used in describing a variety of areas that are managed for wildlife purposes which may be included in the National Wildlife Refuge System.

*You* means the public.

(b) Unless otherwise stated the definitions found in 50 CFR 10.12 also apply to all of subchapter C of this title 50.

[41 FR 9166, Mar. 3, 1976, as amended at 51 FR 7574, Mar. 5, 1986; 60 FR 62040, Dec. 4, 1995; 64 FR 14150, Mar. 24, 1999; 65 FR 62480, Oct. 18, 2000]

### § 25.13 Other applicable laws.

Nothing in this subchapter shall be construed to relieve a person from any other applicable requirements imposed by a local ordinance or by a statute or regulation of any State or of the United States.

## Subpart B—Administrative Provisions

### § 25.21 When and how do we open and close areas of the National Wildlife Refuge System to public access and use or continue a use?

(a) Except as provided below, all areas included in the National Wildlife Refuge System are closed to public access until and unless we open the area for a use or uses in accordance with the National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd–668ee), the Refuge Recreation Act of 1962 (16 U.S.C. 460k–460k–4) and this subchapter C. See 50 CFR 36 for details on use and access restrictions, and the public participation and closure process established for Alaska national wildlife refuges. We may open an area by regulation, individual permit, or public notice, in accordance with § 25.31 of this subchapter.

(b) We may open a national wildlife refuge for any refuge use, or expand, renew, or extend an existing refuge use only after the Refuge Manager determines that it is a compatible use and not inconsistent with any applicable law. Lands subject to the patent restrictions imposed by Section 22(g) of the Alaska Native Claims Settlement Act are subject to the compatibility requirements of Parts 25 and 26 of 50 CFR except as otherwise provided in paragraph (b)(1) of this section.

## 50 CFR Ch. I (10–1–06 Edition)

(1) We will complete compatibility determinations for uses of Alaska Native Claims Settlement Act 22(g) lands in compliance with the following requirements:

(i) Refuge managers will work with 22(g) landowners in implementation of these regulations. The landowners should contact the Refuge Manager in advance of initiating a use and request a compatibility determination. After a compatibility determination is requested, refuge managers have no longer than ninety (90) days to complete the compatibility determination and notify the landowner of the finding by providing a copy of the compatibility determination or to inform the landowner of the specific reasons for delay. If a refuge manager believes that a finding of not compatible is likely, the Refuge Manager will notify the landowner prior to rendering a decision to encourage dialog on how the proposed use might be modified to be compatible.

(ii) Refuge managers will allow all uses proposed by 22(g) landowners when the Refuge Manager determines the use to be compatible with refuge purposes.

(iii) Compatibility determinations will include only evaluations of how the proposed use would affect the ability of the refuge to meet its mandated purposes. The National Wildlife Refuge System mission will not be considered in the evaluation. Refuge purposes will include both pre-ANILCA purposes and those established by ANILCA, so long as they do not conflict. If conflicts arise, ANILCA purposes will take precedence.

(iv) A determination that a use is not compatible may be appealed by the landowner to the Regional Director. The appeal must be submitted in writing within forty-five (45) days of receipt of the determination. The appeals process provided for in 50 CFR 36.41(i) (3) through (5) will apply.

(v) Compatibility determinations for proposed uses of 22(g) lands will only evaluate the effects of the use on the adjacent refuge lands, and the ability of that refuge to achieve its purposes, not on the effects of the proposed use to the 22(g) lands.

(vi) Compatibility determinations for 22(g) lands that a use is compatible are

not subject to re-evaluation unless the use changes significantly, significant new information is made available that could affect the compatibility determination, or if requested by the landowner.

(vii) Refuge comprehensive conservation plans will not include 22(g) lands, and compatibility determinations affecting such lands will not to be automatically re-evaluated when the plans are routinely updated.

(viii) Refuge special use permits will not be required for compatible uses of 22(g) lands. Special conditions necessary to ensure a proposed use is compatible may be included in the compatibility determination and must be complied with for the use to be considered compatible.

(c) The Refuge Manager may temporarily allow or initiate any refuge use without making a compatibility determination if necessary to protect the health and safety of the public or any fish or wildlife population.

(d) When we add lands to the National Wildlife Refuge System, the Refuge Manager will identify, prior to acquisition, withdrawal, transfer, reclassification, or donation of those lands, existing wildlife-dependent recreational public uses (if any) determined to be compatible that we will permit to continue on an interim basis, pending completion of the comprehensive conservation plan for the national wildlife refuge. We will make these compatibility determinations in accordance with procedures in § 26.41 of this subchapter.

(e) In the event of a threat or emergency endangering the health and safety of the public or property or to protect the resources of the area, the Refuge Manager may close or curtail refuge uses of all or any part of an opened area to public access and use in accordance with the provisions in § 25.31, without advance notice. See 50 CFR 36.42 for procedures on closing Alaska national wildlife refuges.

(f) We will re-evaluate compatibility determinations for existing wildlife-dependent recreational uses when conditions under which the use is permitted change significantly, or if there is significant new information regarding the effects of the use, or concurrently with

the preparation or revision of a comprehensive conservation plan, or at least every 15 years, whichever is earlier. In addition, a refuge manager always may re-evaluate the compatibility of a use at any time.

(g) Except for uses specifically authorized for a period longer than 10 years (such as right-of-ways), we will re-evaluate compatibility determinations for all existing uses other than wildlife-dependent recreational uses when conditions under which the use is permitted change significantly, or if there is significant new information regarding the effects of the use, or at least every 10 years, whichever is earlier. In addition, a refuge manager always may re-evaluate the compatibility of a use at any time.

(h) For uses in existence on November 17, 2000 that were specifically authorized for a period longer than 10 years (such as right-of-ways), our compatibility re-evaluation will examine compliance with the terms and conditions of the authorization, not the authorization itself. We will frequently monitor and review the activity to ensure that the permittee carries out all permit terms and conditions. However, the Service will request modifications to the terms and conditions of these permits from the permittee if the Service determines that such changes are necessary to ensure that the use remains compatible. After November 17, 2000 no uses will be permitted or re-authorized, for a period longer than 10 years, unless the terms and conditions for such long-term permits specifically allows for modifications to the terms and conditions, if necessary to ensure compatibility. We will make a new compatibility determination prior to extending or renewing such long-term uses at the expiration of the authorization. When we prepare a compatibility determination for re-authorization of an existing right-of-way, we will base our analysis on the existing conditions with the use in place, not from a pre-use perspective.

(i) When we re-evaluate a use for compatibility, we will take a fresh look at the use and prepare a new compatibility determination following the procedure outlined in 50 CFR 26.41.

[65 FR 62481, Oct. 18, 2000]

## § 25.22

### § 25.22 Lost and found articles.

Lost articles or money found on a national wildlife refuge are to be immediately turned in to the nearest refuge office.

### § 25.23 What are the general regulations and information collection requirements?

The Office of Management and Budget has approved the information collection requirements contained in subchapter C, parts 25, 32, and 36 under 44 U.S.C. 3501 *et seq.* and assigned the following clearance numbers: Special Use Permit Applications on National Wildlife Refuges in Alaska (SUP-AK), clearance number 1018-0014; Special Use Permit Applications on National Wildlife Refuges Outside Alaska (SUP), clearance number 1018-0102. See § 36.3 of this subchapter for further information on Special Use Permit Applications on National Wildlife Refuges in Alaska. We are collecting the information to assist us in administering these programs in accordance with statutory authorities that require that recreational uses be compatible with the primary purposes for which the areas were established. We require the information requested in the application form for the applicant to obtain a benefit. We estimate the public reporting burden for the SUP application form to be 30 minutes per response. This includes time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments on the burden estimate or any other aspect of this form to the Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 222 ARLSQ, Washington, DC 20240 (1018-0014 or 1018-0102).

## Subpart C—Public Notice

### § 25.31 General provisions.

Whenever a particular public access, use or recreational activity of any type whatsoever, not otherwise expressly permitted under this subchapter, is permitted on a national wildlife refuge or where public access, use, or recreational or other activities previously permitted are curtailed, the public

## 50 CFR Ch. I (10-1-06 Edition)

may be notified by any of the following methods, all of which supplement this subchapter C:

(a) Official signs posted conspicuously at appropriate intervals and locations;

(b) Special regulations issued under the provisions of § 26.33 of this subchapter C.

(c) Maps available in the office of the refuge manager, regional director, or area director, or

(d) Other appropriate methods which will give the public actual or constructive notice of the permitted or curtailed public access, use, or recreational activity.

## Subpart D—Permits

### § 25.41 Who issues refuge permits?

We authorize the refuge manager of the facility where an activity is to take place to issue permits required by this subchapter C unless the regulations in this subchapter C require the applicant to obtain the applicable permit from the Director or Secretary. In those situations, the refuge manager will so inform the applicant, giving the applicant all necessary information as to how and where to apply.

[67 FR 58942, Sept. 18, 2002]

### § 25.42 Permits required to be exhibited on request.

Any person on a national wildlife refuge shall upon request by any authorized official exhibit the required Federal or State permit or license authorizing their presence and activity on the area and shall furnish such other information for identification purposes as may be requested.

### § 25.43 Who may terminate or revoke a permit and why?

The refuge manager may terminate or revoke a permit at any time for non-compliance with the terms of the permit or of the regulations in this subchapter C; for nonuse; for violation of any law, regulation, or order applicable to the refuge; or to protect public health or safety or the resources of a national wildlife refuge.

[67 FR 58943, Sept. 18, 2002]

**§ 25.44 How do we grant permits for easement area uses?**

(a) The provisions of this subsection shall govern the regulation of activities that affect easement interests acquired by the United States. All other provisions of subchapter C shall apply to activities within such easement areas, but only to the extent that those provisions are directly or indirectly related to the protection of those easement interests expressly acquired by the United States which are specified in the easement agreement itself, and are not inconsistent with the provisions of this subsection.

(b) We require permits for use of easement areas administered by us where proposed activities may affect the property interest acquired by the United States. Applications for permits will be submitted in writing to the Regional Director or a designee. We may grant special use permits to owners of servient estates, or to third parties with the owner's agreement, by the Regional Director or a designee, upon written determination that such permitted use is compatible. If we ultimately determine that the requested use will not affect the United States' interest, the Regional Director will issue a letter of non-objection.

(c) In instances where the third applicant is a governmental entity which has acquired a partial interest in the servient estate by subsequent condemnation, a special use permit may be granted to the governmental entity without the servient estate owner's agreement if the regional director or his or her designee determines:

(1) The permitted use is compatible; and

(2) The permitted use is consistent with the partial property interests obtained through condemnation.

(d) Regulations pertaining to rights-of-way in easement areas are contained in 50 CFR part 29.21.

[51 FR 7575, Mar. 5, 1986, as amended at 65 FR 62482, Oct. 18, 2000]

**§ 25.45 Appeals procedure.**

(a) *Who may appeal.* Any person who is adversely affected by a refuge manager's decision or order relating to the person's permit granted by the Service,

or application for permit, within the National Wildlife Refuge System. This section does not apply to permits or applications for rights-of-way. See § 29.22 for the hearing and appeals procedure on rights-of-way.

(b) *Preliminary procedure.* Prior to making any adverse decision or order on a permit or application for permit, the refuge manager shall notify the permittee or applicant orally or in writing of the proposed action and its effective date. The permittee or applicant shall have twenty (20) days after notification in which to present to the refuge manager, orally or in writing, a statement in opposition to the proposed action or date. The permittee or applicant shall be notified in writing within twenty (20) days after receipt of the statement in opposition, of the refuge manager's final decision or order.

(c) *Appeals, how taken.* If the refuge manager still intends to proceed with the proposed action, the permittee or applicant shall have thirty (30) days from the postmarked date of the refuge manager's final decision or order in which to file a written appeal to the appropriate area manager. The appellant (permittee or applicant) shall be notified in writing within thirty (30) days from the postmarked date of the appeal of the area manager's decision. The appellant shall have (30) days from the postmarked date of the area manager's decision to further appeal in writing to the appropriate regional director.

(d) *Decision of regional director.* The regional director's decision shall be final and issued in writing to the appellant within thirty (30) days from the postmarked date of the appeal.

(e) *Oral presentation.* The appellant shall be provided an opportunity for oral presentation before the area manager or the regional director within the respective thirty (30) day appeal periods.

(f) *Addresses.* The addresses of the appropriate officials to whom appeals may be taken shall be furnished in each decision or order.

(g) *Suspension pending appeal.* Compliance with any decision or order of a refuge manager shall not be suspended by reason of an appeal having been

## § 25.51

taken unless such suspension is authorized in writing by the area manager or regional director (depending upon the official before whom the appeal is pending), and then only upon a determination by these officials that such suspension will not be detrimental to the interests of the United States or upon submission and acceptance of a bond deemed adequate to indemnify the United States from loss or damage.

### Subpart E—Fees and Charges

SOURCE: 52 FR 29860, Aug. 12, 1987, unless otherwise noted.

#### § 25.51 General provisions.

Reasonable charges and fees may be established for public recreational use of and, except in Alaska, entrance onto national wildlife refuges. Regulations regarding recreational use fees are contained in 36 CFR part 71. Regulations regarding entrance fees are contained in this subpart E.

#### § 25.52 Designation.

To be designated as an "Entrance Fee Area", a unit of the National Wildlife Refuge System must be found to demonstrate that:

(a) The level of visitation for recreational purposes is high enough to justify the collection of fees for admission permits for economic reasons;

(b) There is a practical mechanism in existence for implementing and operating a system of collecting fees for admission permits; and

(c) Imposition of a fee for admission permits is not likely to result in undue economic hardship for a significant number of visitors to the unit.

#### § 25.53 Establishment of single visit entrance fees.

Entrance fees established for single visit permits at a designated Entrance Fee Area shall consider the following criteria with regard to the local area within which the refuge is located:

(a) The direct and indirect cost to the Government.

(b) The benefits to the permit holder.

## 50 CFR Ch. I (10–1–06 Edition)

(c) The public policy or interest served.

(d) The comparable fees charged by non-Federal public agencies.

(e) The economic and administrative feasibility of fee collection.

#### § 25.54 Posting and public notification.

The public shall be notified that an entrance fee is charged through refuge publications and posted designation signs in accordance with § 25.31 of this part.

#### § 25.55 Refuge admission permits.

(a) Unless otherwise provided, persons entering an Entrance Fee Area shall obtain and be in possession of a valid admission permit.

(b) The following five types of permits allowing entrance onto an Entrance Fee Area will be available for issue or purchase at such area and, except for refuge-specific permits, at Fish and Wildlife Service Regional and Washington, DC Offices, and at other locations as may be designated.

(1) Single visit permit with a charge not to exceed \$3 per person or \$7.50 per noncommercial vehicle (single visit can be defined as 1–15 days, dependent upon a determination of the period of time reasonably and ordinarily necessary for such a visit at a particular refuge unit).

(2) Golden Eagle Passport.

(3) Golden Age Passport.

(4) Golden Access Passport.

(5) Federal Migratory Bird Hunting and Conservation (Duck) Stamp. To be valid, the Duck Stamp must be current and bear the signature of the holder on the front.

#### § 25.56 Enforcement.

Permits issued or used for entrance onto Entrance Fee Areas are non-transferable. Failure to pay the entrance fee, to display upon request of an authorized official a valid permit, or to comply with other entrance fee provisions, rules or regulations, will be subject to the penalties prescribed in 50 CFR 28.31.

#### § 25.57 Exceptions and exemptions.

At Entrance Fee Areas:

(a) Special admission permits for uses, such as group activities, may be issued.

(b) No entrance fee shall be charged for persons under 16 years of age.

(c) No entrance fee shall be charged for travel by private noncommercial vehicle over any road or highway established as part of the National Federal Aid System (defined in 23 U.S.C. 101), which is commonly used by the public as a means of travel between two places which are outside the Entrance Fee Area.

(d) No entrance fee shall be charged for travel by private noncommercial vehicle over any road or highway to any land in which such person has a property interest if such land is within any Entrance Fee Area.

(e) Persons accompanying the holder of a valid single visit permit, Federal Duck Stamp or Golden Eagle, Age, or Access Passport in a single, private, noncommercial vehicle shall be entitled to general entrance.

(f) Where entry is by any means other than single, private, noncommercial vehicle, the spouse, children, or parents accompanying the holder of a valid single visit permit, Federal Duck Stamp or Golden Eagle, Age, or Access Passport shall be entitled to general entrance.

**Subpart F—Concessions**

**§ 25.61 General provisions.**

Public use facilities may be operated by concessionaires or cooperators under appropriate contact or legal agreement on national wildlife refuges where there is a demonstrated justified need for services or facilities including, but not limited to, boat rentals, swimming facilities, conducted tours of special natural attractions, shelters, tables, trailer lots, food, lodging, and related service.

**Subpart G—Safety Regulations**

**§ 25.71 Public safety.**

Persons using national wildlife refuges shall comply with the safety requirements which are established under the provisions of this subchapter C for each individual refuge and with any safety provisions which may be in-

cluded in leases, agreements, or use permits.

**§ 25.72 Reporting of accidents.**

Accidents involving damage to property, injury to the public or injury to wildlife that occur within the boundaries of any national wildlife refuge are to be reported as soon as possible, but in no event later than 24 hours after the accident, by the persons involved, to the refuge manager or other personnel on duty at the national wildlife refuge headquarters. This report does not relieve persons from the responsibility of making any other accident reports which may be required.

SOURCE: 41 FR 9167, Mar. 3, 1976, unless otherwise noted.

**Subpart A—Introduction**

**§ 26.11 Purpose of regulations.**

The regulations in this part govern the circumstances under which the public can enter and use a national wildlife refuge.

**Subpart B—Public Entry**

**§ 26.21 General trespass provision.**

(a) No person shall trespass, including but not limited to entering, occupying, using, or being upon, any national wildlife refuge, except as specifically authorized in this subchapter C or in other applicable Federal regulations.

(b) No unconfined domestic animals, including but not limited to dogs, hogs, cats, horses, sheep and cattle, shall be permitted to enter upon any national wildlife refuge or to roam at large upon such an area, except as specifically authorized under the provisions of § 26.34, § 27.91 or § 29.2 of this subchapter C.

**§ 26.22 General exception for entry.**

(a) Any person entering or using any national wildlife refuge will comply with the regulations in this subchapter C, the provisions of any special regulations and any other official notification as is appropriate under § 25.31.

(b) A permit shall be required for any person entering a national wildlife refuge, unless otherwise provided under the provisions of subchapter C. The permittee will abide by all the terms and conditions set forth in the permit.

**§ 26.23 Exception for entry to the headquarters office.**

The headquarters office of any national wildlife refuge is open to public access and admission during regularly established business hours.

**§ 26.24 Exception for entry when accompanied by refuge personnel.**

A permit is not required for access to any part of a national wildlife refuge by a person when accompanied by refuge personnel.

**§ 26.25 Exception for entry to persons with an economic use privilege.**

Access to and travel upon a national wildlife refuge by a person granted economic use privileges on that national wildlife refuge should be restricted to a specified area in accordance with the provisions of their agreement, lease, or permit.

**§ 26.26 Exception for entry for use of emergency shelter.**

A permit is not required for access to any national wildlife area for temporary shelter or temporary protection in the event of emergency conditions.

**§ 26.27 Exception for entry on designated routes of travel.**

A permit is not required to enter, travel on, and exit from any national wildlife refuge on public waters and roads, and such roads, trails, footpaths, walkways, or other routes and areas which are designated for public use under the provisions of this subchapter C.

**Subpart C—Public Use and Recreation**

**§ 26.31 General provisions.**

Public recreation will be permitted on national wildlife refuges as an appropriate incidental or secondary use, only after it has been determined that such recreational use is practicable and not inconsistent with the primary objectives for which each particular area was established or with other authorized Federal operations.

**§ 26.32 Recreational uses.**

Recreational uses such as, but not limited to, sightseeing, nature observation and photography, interpretive centers and exhibits, hunting and fishing, bathing, boating, camping, ice skating, picnicking, swimming, water skiing, and other similar activities may be permitted on national wildlife refuges. When such uses are permitted the public will be notified under the provisions of this subchapter C.

**§ 26.33 Special regulations.**

(a) Special regulations shall be issued for public use, access, and recreation

within certain individual national wildlife refuges where there is a need to amend, modify, relax or make more stringent the regulations contained in this subchapter C. The issued special regulations will supplement the provisions in this part 26.

(b) Special recreational use regulations may contain the following items:

- (1) Recreational uses authorized.
- (2) Seasons, period, or specific time of use.
- (3) Description of areas open to recreation.
- (4) Specific conditions or requirements.
- (5) Other provisions.
- (6) Special regulations for public use, access, and recreation are published in the daily issue of the FEDERAL REGISTER and may be codified in the Code of Federal Regulations. They shall be issued in compliance with procedures contained in the Departmental Manual.

**§ 26.34 Special regulations concerning public access, use and recreation for individual national wildlife refuges.**

VIRGINIA

*Back Bay National Wildlife Refuge*

ACCESS

(a) *Access qualifications and specifications.* (1) As provided for in Pub. L. 96-315, permanent, full-time residents who can furnish to the refuge manager, Back Bay NWR, adequate proof of continuous and continuing residency, commencing prior to December 31, 1979, on the Outer Banks from the refuge boundary south to and including the village of Corolla, North Carolina, as long as they remain permanent, full-time residents. The south boundary of the area for access consideration is defined as a straight east-west line extending from Currituck Sound to the Atlantic Ocean and passing through a point 1,600 feet due south of the Currituck lighthouse. "Residence" means a place of general abode; "Place of general abode" means a person's principal, actual dwelling place in fact, without regard to intent. A "dwelling" means a residential structure occupied on a year-round basis by the permit applicant and shall not include seasonal

or part-time dwelling units such as beach houses, vacation cabins, or structures which are intermittently occupied.

(2) As provided for in Pub. L. 98-146, "Up to 15 additional permits shall be granted to those persons meeting any one of the following conditions:"

(i) A resident as of July 1, 1982, who held a valid Service access permit for improved property owners at any time during the period from July 29, 1976, through December 31, 1979.

(ii) Anyone in continuous residency since 1976, in the area bounded on the north by the refuge boundary, and on the south by a straight line passing through a point in the east-west prolongation of the centerline of Albacore Street, Whaleshead Club Subdivision, Currituck County, North Carolina.

(iii) Any permanent, full time resident as of April 1, 1983, residing in the area outlined in paragraph (a)(2)(ii) of this section and not otherwise eligible, who can substantiate to the Secretary of the Interior that access is essential to their maintaining a livelihood; so long as they maintain full-time continuous employment in the Norfolk, Virginia, area may qualify for access.

(3) The burden of proving that the prospective permittee meets these criteria shall be on the applicant by presentation of adequate documentation to the refuge manager. Permittees may be required to submit additional documentation of their eligibility to the refuge manager in order to maintain access. Permits will be issued only to those who legally qualify for them.

(4) Only one permit will be issued per family. All permits issued will be terminated in the event that alternate access becomes available during the permit period.

(5) Permits are issued for the purpose of providing ingress and egress across the refuge beach to the permittee's residence. Personal access is limited to permittees, their families, relatives, and guests while being transported in the permittee's vehicle. "Personal access" means private, non-commercial use. Permits are not transferable by sale or devise.

(6) All vehicle occupants must provide positive identification upon the request of any refuge official.

(b) *Routes of travel.* Access to, and travel along, the refuge beach by motorized vehicles may be allowed between the dune crossing at the key card operated gate near the refuge headquarters, and the south boundary of the refuge only after a permit has been issued or authorization provided by the refuge manager. Travel along the refuge beach by motorized vehicle shall be below the high tide line, within the intertidal zone, to the maximum extent practicable. This may require permittees to adjust their travel times to avoid high tides which would require the use of the emergency storm access/evacuation route over the east dike.

(c) *Number of trips allowed.* Permittees and members of their immediate families residing with them are limited to a total of two round trips per day per household.

(d) *Hours of travel.* Travel along the designated route is permitted 24 hours per day from October 1 through April 30. Travel is restricted to the hours of 5:00 a.m. to 12:00 midnight from May 1 through September 30.

(e) *Medical emergencies.* Private vehicles used in a medical emergency will be granted access. A "medical emergency" means any condition that threatens human life or limb unless medical treatment is immediately obtained.

The vehicle operator is required to provide the refuge manager with a doctor's statement confirming the emergency within 36 hours after the access has occurred.

(f) *Military, fire or emergency vehicles.* Military, fire, emergency or law enforcement vehicles used for emergency purposes may be granted access. Vehicles used by an employee/agent of the Federal, State or local government, in the course of official duty other than for emergency purposes, may be granted access upon advance request to the refuge manager. Continuous or recurring use of the refuge beach for other than emergency purposes shall require the issuance of a permit from the refuge manager.

(g) *Public utility vehicles.* Public utility vehicles used on official business will be granted access. A permit specifying the times and types of access will be issued by the refuge manager. A

"public utility vehicle" means any vehicle owned or operated by a public utility company enfranchised to supply Outer Banks residents with electricity or telephone service.

(h) *Essential commercial service vehicles.* (1) Essential commercial service vehicles on business calls during the hours of 8 a.m.-5 p.m. Monday through Friday will be granted access, only upon prior approval of the refuge manager when responding to a request from a permittee. Such requests may be verbal or in writing. Access by essential commercial service vehicles will be granted only after all other reasonable alternatives to access through the refuge have been exhausted as determined by the refuge manager.

(2) "Commercial service vehicle" means any vehicle owned or operated by or on behalf of an individual, partnership, or corporation that is properly licensed to engage entirely in the business of furnishing emergency repair services, including but not limited to plumbing, electrical, and repairs to household appliances.

(3) Emergency situations. The refuge manager, upon reasonable notification, will be able to authorize essential service/emergency repair access, outside the prescribed time periods, for emergency situations should they arise.

(i) *False Cape State Park employees.* False Cape State Park and Virginia Game Commission employees who are residents in the park will be considered as permanent, full-time residents as defined in §26.34(a) with access privileges identical to those of other permittees with beach access privileges.

(j) *Commercial fishermen, businesses and their employees.* (1) Commercial fishermen who have verified that their fishing operations on the Outer Banks of Virginia Beach, Virginia, or Currituck County, North Carolina, have been dependent since 1972 on ingress and egress to or across the refuge are granted permits for access. Travel through the refuge by commercial fishermen from Currituck County, North Carolina, will be permitted only when directly associated with commercial fishing operations. Drivers and passengers on trips through the refuge are limited to commercial fishing crew members. A *commercial fisherman* means

one who harvests finfish by gill net or haul seine in the Atlantic Ocean, and who has owned and operated a commercial fishing businesses continuously since 1972. Commercial permits are not transferable by sale or devise. The level of commercial permittee travel across the refuge shall not increase above the average yearly levels maintained in the 1985–1987 period.

(2) Other businesses who have verified that their business operations on the Outer Banks of Currituck County, North Carolina, have been dependent since 1972 on ingress and egress to or across the refuge will be granted permits for access in accordance with the limitations outlined in paragraph (j)(1) of this section.

(3) Each commercial fisherman or other business may be granted a maximum of five designated employees to travel the refuge beach for commercial fishing or other business-related purposes only. Commercial fishing employees may carry only other commercial fishing employees as passengers. Other business employees may carry only other employees of that business. The hauling of trailers associated with the conduct of commercial fishing or other business activities is authorized.

(4) Employees of commercial fishermen and/or other businesses who apply for access permits shall have the burden of proving, by the presentation of appropriate documentation to the refuge manager, that they are an “employee” for purposes of this section of the regulations. Appropriate documentation is defined as the submission of standardized and verifiable employment forms including: Signed W-2 and W-4 forms, IRS form #1099, official earnings statements for specified periods, employee income tax withholding submissions to State and Federal tax offices (e.g., IRS form W-3 with W-2s attached), State unemployment tax information or other proof of actual employment. Documentation for each employee must be submitted in advance of access being granted, or, for new employees, within 30 days of their starting date. Failure to provide verification of employment for new employees within 30 days will result in termination of access privileges.

(k) *Suspension or waiver of rules.* (1) In an emergency, the refuge manager may suspend any or all of the foregoing restrictions on vehicular travel and announce each suspension by whatever means are available. In the event of adverse weather conditions, the refuge manager may close all or any portion of the refuge to vehicular traffic for such periods as deemed advisable in the interest of public safety.

(2) The refuge manager may make exceptions to access restrictions, if they are compatible with refuge purposes, for qualified permittees who have demonstrated to the refuge manager a need for additional access relating to health or livelihood.

(3) The refuge manager may grant one-time use authorization for vehicular access through the refuge to individuals, not otherwise qualified above, who have demonstrated to the refuge manager that there is no feasible alternative to the access requested. Authorization for access under this provision will not be based on convenience to the applicant.

(4) Medical access waiver permits may be issued under the following conditions:

(i) The Regional Director may grant access to non-eligible permanent residents who can show proof that their physical health is such that life-threatening situations may result from more arduous travel conditions. The submission of substantiating medical records is required to be considered for a medical access waiver.

(ii) All medical access waiver permittees will be required to prove that their medical condition is or continues to be such that a life-threatening situation would result from more arduous travel conditions. Such proof shall be required prior to the issuance of an access permit, and at 3-year intervals thereafter.

(iii) A second medical opinion will be required by the Regional Director prior to the issuance or re-issuance of any such permit. This second opinion will be provided for at Service expense, by a government designated physician.

(iv) No additional medical access waiver permits will be issued after December 31, 1987.

(v) Previous holders of medical access waiver permits will retain access subject to paragraph (k)(4) (ii) and (iii) of this section.

(1) *Violation of rules.* Violators of these special regulations pertaining to Back Bay NWR are subject to legal action as prescribed by 50 CFR 25.43 and part 28, including suspension or revocation of all permits issued to the violator or responsible permittee. The refuge manager may deny access permits to applicants who, during the 2 years immediately preceding the date of application, have formally been charged and successfully prosecuted for three or more violations of these or other regulations in effect at Back Bay NWR. Individuals whose vehicle access privileges are suspended, revoked, or denied may, within 30 days, file a written appeal of the action to the Assistant Regional Director-Refuges and Wildlife, One Gateway Center, Suite 700, Newton Corner, Massachusetts 02158, in accordance with 50 CFR 25.45(c).

(m) *Other access rules.* (1) No permit will remain in effect beyond December 31 of the year in which it was issued. Permits may be renewed upon the submission of appropriate updated information relating to the permit, and a signed statement that the conditions under which the previous permit was issued have not changed. In the event of any changes of conditions under which the permit is granted, the permittee shall notify the refuge manager in writing within 30 days. Failure to report changes may result in suspension/revocation of the permit.

(2) Vehicles shall be operated on the refuge beach only by the permittee or other authorized drivers. Permit holders shall not tow, transport or operate vehicles owned by non-permit holders through the refuge. Non-commercial permit holders may tow utility and boat trailers when being used for their personal use only. Any towed vehicle shall have advance approval from the refuge manager prior to being brought through the refuge. This access privilege is not to be used for any commercial purpose.

(3) The refuge manager may prescribe restrictions as to the types of vehicles to be permitted to ensure public safety

and adherence to all applicable rules and regulations.

(4) A magnetic card will be issued to each authorized driver only for his or her operation of the computer controlled gate. No more than two cards will be issued per family. Only one vehicle will be permitted to pass for each gate opening. Unauthorized use of the magnetic card may result in suspension of the permit. A fee will be charged to replace lost or misplaced cards. Malfunctioning cards will be replaced at no charge.

(5) Access is granted for the purpose of travel to and from the permittee's residence and/or place of business. Access is not authorized for the purpose of transporting individuals for hire, or for the transport of prospective real estate clients to or from the Outer Banks of North Carolina, or for any other purpose not covered in this rule.

#### GENERAL RULES

(n) *Entry on foot, bicycle or motor vehicle.* Entry on foot, bicycle, or by motor vehicle on designated routes is permitted one-half hour before sunrise to one-half hour after sunset for the purposes of nature observation and study, photography, hiking, surf fishing, and bicycling.

(o) *Beach-oriented uses.* Designated areas of the refuge beach are open to wildlife/wildlands-oriented recreation only as outlined in paragraph (n) of this section. Entry to the beach is via designated access points only.

(p) *Parking.* Limited parking at the refuge office/visitor contact station is permitted only in designated spaces. Parking is available on a first-come, first-serve basis for persons engaged in wildlife/wildlands-oriented recreation only as outlined in paragraph (n) of this section.

(q) *Fires.* All fires are prohibited.

(r) *Pets.* Dogs and other pets, on a hand-held leash not exceeding 10 feet in length, are permitted from October 1 through March 31.

(s) *Other general rules.* (1) Pedestrians and vehicular traffic in the sand dunes are prohibited.

(2) Use by all groups exceeding 10 individuals will require a Special Use Permit, issued by the refuge manager.

(3) Registered motor vehicles and motorized bicycles (mopeds) are permitted on the paved refuge access road and parking lot at refuge headquarters. All other motorized vehicular use is prohibited, except as specifically authorized pursuant to this rule.

(4) The information collection requirement contained in this rule has been approved by the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*, and has been assigned the number 1018-0014. The information being collected is used to determine eligibility for issuing a vehicular access permit and a response is required to obtain a benefit.

EDITORIAL NOTE: For FEDERAL REGISTER citations to regulations affecting temporary and special regulations on national wildlife refuges, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and on GPO Access.

#### § 26.35 Cabin sites.

(a) There shall be no new private cabin site permits issued for national wildlife refuges. All appropriate provisions of 43 CFR part 21 apply to the phaseout of existing permits on national wildlife refuges.

(b) No new government owned cabin site permits for private recreational purposes shall be issued nor shall existing permits be renewed.

#### § 26.36 Public assemblies and meetings.

(a) Public meetings, assemblies, demonstrations, parades and other public expressions of view may be permitted within a national wildlife refuge open to public use, provided a permit therefore has been issued by the refuge manager.

(b) Any application for such permit shall set forth the name of the applicant, the date, time, duration, nature and place of the proposed event, an estimate of the number of persons expected to attend, and a statement of equipment and facilities to be used in connection therewith.

(c) The refuge manager may issue a permit on proper application unless:

(1) A prior application for the same time and place has been made which has been or will be granted; or

(2) The activity will present a clear and present danger to public health or safety, or undue disturbance to the other users or resources of the area; or

(3) The activity is of such nature that it cannot be reasonably accommodated in the particular national wildlife refuge; or

(4) The activity conflicts with the purposes of the national wildlife refuge.

(d) The permit may contain such conditions as are reasonably consistent with protection and use of the national wildlife refuge for the purpose for which it is maintained. It may also contain reasonable limitations on the time and area within which the activity is permitted.

#### § 26.41 What is the process for determining if a use of a national wildlife refuge is a compatible use?

The Refuge Manager will not initiate or permit a new use of a national wildlife refuge or expand, renew, or extend an existing use of a national wildlife refuge, unless the Refuge Manager has determined that the use is a compatible use. This section provides guidelines for making compatibility determinations, and procedures for documenting compatibility determinations and for periodic review of compatibility determinations. We will usually complete compatibility determinations as part of the comprehensive conservation plan or step-down management plan process for individual uses, specific use programs, or groups of related uses described in the plan. We will make all compatibility determinations in writing.

(a) *What information do we include in a compatibility determination?* All compatibility determinations will include the following information:

- (1) The proposed or existing use;
- (2) The name of the national wildlife refuge;
- (3) The authorities used to establish the national wildlife refuge;
- (4) The purpose(s) of the national wildlife refuge;
- (5) The National Wildlife Refuge System mission;

(6) The nature and extent of the use including the following:

(i) What is the use? Is the use a priority public use?;

(ii) Where would the use be conducted?;

(iii) When would the use be conducted?;

(iv) How would the use be conducted?; and

(v) Why is the use being proposed?.

(7) An analysis of costs for administering and managing each use;

(8) The anticipated impacts of the use on the national wildlife refuge's purposes and the National Wildlife Refuge System mission;

(9) The amount of opportunity for public review and comment provided;

(10) Whether the use is compatible or not compatible (does it or will it materially interfere with or detract from the fulfillment of the National Wildlife Refuge System mission or the purpose(s) of the national wildlife refuge);

(11) Stipulations necessary to ensure compatibility;

(12) A logical explanation describing how the proposed use would, or would not, materially interfere with or detract from the fulfillment of the National Wildlife Refuge System mission or the purpose(s) of the national wildlife refuge;

(13) The Refuge Manager's signature and date signed; and

(14) The Regional Chief's concurrence signature and date signed.

(15) The mandatory 10- or 15-year re-evaluation date.

(b) *Making a use compatible through replacement of lost habitat values or other compensatory mitigation.* We will not allow compensatory mitigation to make a proposed refuge use compatible, except by replacement of lost habitat values as provided in paragraph (c) of this section. If we cannot make the proposed use compatible with stipulations we cannot allow the use.

(c) *Existing right-of-ways.* We will not make a compatibility determination and will deny any request for maintenance of an existing right-of-way which will affect a unit of the National Wildlife Refuge System, unless: the design adopts appropriate measures to avoid resource impacts and includes provisions to ensure no net loss of habitat

quantity and quality; restored or replacement areas identified in the design are afforded permanent protection as part of the national wildlife refuge or wetland management district affected by the maintenance; and all restoration work is completed by the applicant prior to any title transfer or recording of the easement, if applicable. Maintenance of an existing right-of-way includes minor expansion or minor realignment to meet safety standards.

(d) *Termination of uses that are not compatible.* When we determine an existing use is not compatible, we will expeditiously terminate or modify the use to make it compatible. Except with written authorization by the Director, this process of termination or modification will not exceed 6 months from the date that the compatibility determination is signed.

## Subpart A—Introduction

### §27.11 Purpose of regulations.

The regulations in this part 27 govern those acts by the public which are prohibited at all times except as permitted in this part, part 26, and part 25, subpart D—Permits.

[42 FR 56954, Oct. 31, 1977]

## Subpart B—Taking Violations

### §27.21 General provisions.

No person shall take any animal or plant on any national wildlife refuge, except as authorized under 50 CFR 27.51

and parts 31, 32, and 33 of this subchapter C.

## Subpart C—Disturbing Violations: With Vehicles

### §27.31 General provisions regarding vehicles.

Travel in or use of any motorized or other vehicles, including those used on air, water, ice, snow, is prohibited on national wildlife refuges except on designated routes of travel, as indicated by the appropriate traffic control signs or signals and in designated areas posted or delineated on maps by the refuge manager and subject to the following requirements and limitations:

(a) Unless specifically covered by the general and special regulations set forth in this chapter, the laws and regulations of the State within whose exterior boundaries a national wildlife refuge or portion thereof is located shall govern traffic and the operation and use of vehicles. Such State laws and regulations which are now or may hereafter be in effect are hereby adopted and made a part of the regulations in this part.

(b) No operator of a vehicle shall be under the influence of intoxicating beverages or controlled substances.

(c) Driving or operating any vehicle carelessly or heedlessly, or in willful or wanton disregard for the rights or safety of other persons, or without due care or at a speed greater than is reasonable and prudent under prevailing conditions, having regard to traffic, weather, wildlife, road, and light conditions, and surface, width, and character of the travel way is prohibited. Every operator shall maintain such control of the vehicle as may be necessary to avoid danger to persons or property or wildlife.

(d) The vehicle speed limit shall not exceed 25 m.p.h. except as otherwise legally posted.

(e)(1) Every motor vehicle shall at all time be equipped with a muffler in good working order, and which cannot be removed or otherwise altered while the vehicle is being operated on a national wildlife refuge. To prevent excessive or unusual noise no person shall use a muffler cut-out, bypass, or similar device upon a motor vehicle. A

## § 27.32

vehicle that produces unusual or excessive noise or visible pollutants is prohibited.

(2) A refuge manager, by posting of appropriate signs or by marking on a map which shall be available at the refuge headquarters, may require that any motor vehicle operating in the designated area shall be equipped with a spark arrestor that meets Standard 5100-1a of the U.S. Forest Service, Department of Agriculture which standard includes the requirements that such spark arrestor shall have an efficiency to retain or destroy at least 80 percent of carbon particles, for all flow rates, and that such spark arrestor has been warranted by its manufacturer as meeting the above mentioned efficiency requirement for at least 1,000 hours, subject to normal use, with maintenance and mounting in accordance with the manufacturers recommendations.

(f) The operation of a vehicle which does not bear valid license plates and is not properly certified, registered, or inspected in accordance with applicable State laws is prohibited.

(g) Driving or permitting another person to drive a vehicle without valid license is prohibited. A valid driver's or operator's license must be displayed upon the request of any authorized official.

(h) Stopping, parking or leaving any vehicle, whether attended or unattended, upon any road, trail, or fire lane so as to obstruct the free movement of other vehicles is prohibited, except in the event of accident or other conditions beyond the immediate control of the operator, or as otherwise directed by an authorized official.

(i) All persons shall obey the lawful order or signal of any authorized official directing, controlling, or regulating the movement of traffic.

(j) Load, weight and width limitations, as may be necessary, shall be prescribed and the public advised under provisions of §25.31. Such limitations must be complied with by the operators of all vehicles.

(k) A motor vehicle involved in an accident is not to be moved until an authorized official arrives at the scene of the accident, unless such vehicle constitutes a traffic or safety hazard.

## 50 CFR Ch. I (10-1-06 Edition)

(1) A motor vehicle shall not be operated at anytime without proper brakes and brake lights, or from sunset to sunrise without working headlights and taillights which comply with the regulations for operation on the roads of the State within whose boundaries the refuge is located.

(m) Such other requirements which are established under the provisions of this subchapter C.

### § 27.32 Boats.

(a) The use of boats in national wildlife refuges is prohibited except as may be authorized under and subject to the requirements set forth below.

(b) When the use of boats is permitted on any national wildlife refuge, the public will be notified under the provisions of this subchapter C and the following operational requirements and limitations will apply:

(1)(i) In addition to the regulations contained in this part, the U.S. Coast Guard Regulations, titles 33 and 46 CFR, are applicable on navigable waters of the United States.

(ii) Unless specifically covered by the general and special regulations set forth in this chapter, the laws and regulations of the State within whose exterior boundaries a national wildlife refuge or portion thereof is located shall govern boating and the operation and use of boats. Such laws and regulations which are now or may hereafter be in effect are hereby adopted and made a part of the regulations in this part.

(2) No operator or person in charge of any boat shall operate or knowingly permit any other person to operate a boat in a reckless or negligent manner, or in a manner so as to endanger or be likely to endanger any person, property or wildlife.

(3) No person shall operate or be in actual physical control of a boat while under the influence of intoxicating beverages or controlled substances.

(4) No person shall operate a boat in a manner which will unreasonably interfere with other boats or with free and proper navigation of the waterways of the areas. Anchoring in heavily traveled channels or main thoroughfares shall constitute such interference

if unreasonable in the prevailing circumstances.

(5) No person shall operate a boat on refuge waters that has a marine head (toilet) unless it conforms to Environmental Protection Agency regulations regarding sewage discharge.

(6) Every sailboat when underway from sunset to sunrise shall carry and exhibit a bright white light visible all around the horizon for a distance of two miles.

(7) Leaving any boat unattended, outside of designated mooring or beaching areas, for a period in excess of 72 hours without written permission of the refuge manager is prohibited and any boat so left may be impounded by the refuge manager.

(8) Government-owned docks, piers, and floats are not to be used for loading and unloading of boats, except in emergencies or unless specifically authorized by the refuge manager.

#### § 27.33 Water skiing.

When water skiing is permitted upon national wildlife refuge waters, the public will be notified under the provisions of this subchapter C and the following requirements and limitations will apply:

(a) Water skiing is permitted only during daylight hours and during periods posted or otherwise designated under the provisions of this subchapter C.

(b) When a skier is in "tow" there must be two persons in the boat at all times, with one person not operating the boat, acting as an observer of the skier in tow.

(c) The direction of a tow boat when circling will be counter clockwise.

(d) Skiers must wear U.S. Coast Guard approved ski belts, life jackets or buoyant vests.

(e) Water skiing is prohibited within 300 feet of harbors, swimming beaches, and mooring areas, and within 100 feet of any designated swimming area.

#### § 27.34 Aircraft.

The unauthorized operation of aircraft, including sail planes, and hang gliders, at altitudes resulting in harassment of wildlife, or the unauthorized landing or take-off on a national wildlife refuge, except in an emer-

gency, is prohibited. National wildlife refuge boundaries are designated on update FAA aeronautical charts.

### Subpart D—Disturbing Violations: With Weapons

#### § 27.41 General provisions.

Carrying, possessing, or discharging firearms, fireworks, or explosives on national wildlife refuges is prohibited unless specifically authorized under the provisions of this subchapter C.

#### § 27.42 Firearms.

Only the following persons may possess, use, or transport firearms on national wildlife refuges in accordance with this section and applicable Federal and State law:

(a) Persons using firearms for public hunting under the provisions of 50 CFR part 32.

(b) Persons carrying unloaded firearms, that are dismantled or cased, in vehicles and boats over routes of travel designated under the provision of subchapter C.

(c) Persons authorized to use firearms for the taking of specimens of wildlife for scientific purposes.

(d) Persons authorized by special regulations or permits to possess or use firearms for the protection of property, for field trials, and other special purposes.

[46 FR 47230, Sept. 25, 1981]

#### § 27.43 Weapons other than firearms.

The use or possession of cross bows, bows and arrows, air guns, spears, gigs, or other weapons on national wildlife refuges is prohibited except as may be authorized under the provision of this subchapter C.

[46 FR 47230, Sept. 25, 1981]

### Subpart E—Disturbing Violations: Against Plants and Animals

#### § 27.51 Disturbing, injuring, and damaging plants and animals.

(a) Disturbing, injuring, spearing, poisoning, destroying, collecting or attempting to disturb, injure, spear, poison, destroy or collect any plant or animal on any national wildlife refuge

## § 27.52

is prohibited except by special permit unless otherwise permitted under this subchapter C.

(b) [Reserved]

## § 27.52 Introduction of plants and animals.

Plants and animals or their parts taken elsewhere shall not be introduced, liberated, or placed on any national wildlife refuge except as authorized.

## Subpart F—Disturbing Violations: Against Nonwildlife Property

### § 27.61 Destruction or removal of property.

The destruction, injury, defacement, disturbance, or the unauthorized removal of any public property including natural objects or private property on or from any national wildlife refuge is prohibited.

### § 27.62 Search for and removal of objects of antiquity.

No person shall search for or remove from national wildlife refuges objects of antiquity except as may be authorized by 43 CFR part 3.

### § 27.63 Search for and removal of other valued objects.

(a) No person shall search for buried treasure, treasure trove, valuable semiprecious rocks, stones, or mineral specimens on national wildlife refuges unless authorized by permit or by provision of this subchapter C.

(b) Permits are required for archeological studies on national wildlife refuges in accordance with the provisions of this subchapter C.

### § 27.64 Prospecting and mining.

Prospecting, locating, or filing mining claims on national wildlife refuges is prohibited unless otherwise provided by law. See § 29.31 for provisions concerning mineral leasing.

[41 FR 9168, Mar. 3, 1976, as amended at 44 FR 42976, July 23, 1979]

### § 27.65 Tampering with vehicles and equipment.

Tampering with, entering, or starting any motor vehicle, boat, equipment

## 50 CFR Ch. I (10–1–06 Edition)

or machinery or attempting to tamper with, enter, or start any motor vehicle, boat, equipment or machinery on any national wildlife refuge without proper authorization is prohibited.

## Subpart G—Disturbing Violations: Light and Sound Equipment

### § 27.71 Motion or sound pictures.

The taking or filming of any motion or sound pictures on a national wildlife refuge for subsequent commercial use is prohibited except as may be authorized under the provisions of 43 CFR part 5.

### § 27.72 Audio equipment.

The operation or use of audio devices including radios, recording and playback devices, loudspeakers, television sets, public address systems and musical instruments so as to cause unreasonable disturbance to others in the vicinity is prohibited.

### § 27.73 Artificial lights.

No unauthorized person shall use or direct the rays of a spotlight or other artificial light, or automotive headlights for the purpose of spotting, locating, or taking any animal within the boundaries of any national wildlife refuge or along rights-of-way for public or private roads within a national wildlife refuge.

## Subpart H—Disturbing Violations: Personal Conduct

### § 27.81 Alcoholic beverages.

Entering or remaining in any national wildlife refuge when under the influence of alcohol, to a degree that may endanger oneself or other persons or property or unreasonably annoy persons in the vicinity, is prohibited.

### § 27.82 Possession and delivery of controlled substances.

(a) Definitions for the purpose of this section:

(1) The term *controlled substance* means a drug or other substance, or immediate precursor, included in schedules I, II, III, IV, or V of part B of the Controlled Substance Act (21 U.S.C. 812) or any drug or substance added to

these schedules pursuant to the terms of the Controlled Substance Act.

(2) The term *practitioner* means a physician, dentist, veterinarian, scientific investigator, pharmacist, or other person licensed, registered, or otherwise permitted by the United States or the jurisdiction in which he practices to distribute or possess a controlled substance in the course of professional practice.

(3) The term *delivery* means the actual, attempted or constructive transfer and/or distribution of a controlled substance, whether or not there exists an agency relationship.

(b) Offenses. (1) The delivery of any controlled substance on a national wildlife refuge is prohibited, except that distributed by a practitioner in accordance with applicable law.

(2) The possession of a controlled substance on a national wildlife refuge is prohibited unless such substance was obtained by the possessor directly, or pursuant to a valid prescription or order, from a practitioner acting in the course of his professional practice, or except as otherwise authorized by applicable law.

(3) Presence in a national wildlife refuge when under the influence of a controlled substance to a degree that may endanger oneself, or another person, or property, or may cause unreasonable interference with another person's enjoyment of a national wildlife refuge is prohibited.

**§ 27.83 Indecency and disorderly conduct.**

Any act of indecency or disorderly conduct as defined by State or local laws is prohibited on any national wildlife refuge.

**§ 27.84 Interference with persons engaged in authorized activities.**

Disturbing, molesting, or interfering with any employee of the United States or of any local or State government engaged in official business, or with any private person engaged in the pursuit of an authorized activity on any national wildlife refuge is prohibited.

**§ 27.85 Gambling.**

Gambling in any form, or the operation of gambling devices, for money or otherwise, on any national wildlife refuge is prohibited.

**§ 27.86 Begging.**

Begging on any national wildlife refuge is prohibited. Soliciting of funds for the support or assistance of any cause or organization is also prohibited unless properly authorized.

**Subpart I—Other Disturbing Violations**

**§ 27.91 Field trials.**

The conducting or operation of field trials for dogs on national wildlife refuges is prohibited except as may be authorized by special permit.

**§ 27.92 Private structures.**

No person shall without proper authority construct, install, occupy, or maintain any building, log boom, pier, dock, fence, wall, pile, anchorage, or other structure or obstruction in any national wildlife refuge.

**§ 27.93 Abandonment of property.**

Abandoning, discarding, or otherwise leaving any personal property in any national wildlife refuge is prohibited.

**§ 27.94 Disposal of waste.**

(a) The littering, disposing, or dumping in any manner of garbage, refuse sewage, sludge, earth, rocks, or other debris on any national wildlife refuge except at points or locations designated by the refuge manager, or the draining or dumping of oil, acids, pesticide wastes, poisons, or any other types of chemical wastes in, or otherwise polluting any waters, water holes, streams or other areas within any national wildlife refuge is prohibited.

(b) Persons using a national wildlife refuge shall comply with the sanitary requirements established under the provisions of this subchapter C for each individual refuge; the sanitation provisions which may be included in leases, agreements, or use permits, and all applicable Federal and State laws.

**§ 27.95**

**§ 27.95 Fires.**

On all national wildlife refuges persons are prohibited from the following:

(a) Setting on fire or causing to be set on fire any timber, brush, grass, or other inflammable material including camp or cooking fires, except as authorized by the refuge manager or at locations designated for that purpose or as provided for under § 26.33(c) of this subchapter C.

(b) Leaving a fire unattended or not completely extinguished;

(c) Throwing a burning cigarette, match, or other lighted substance from any moving conveyance or throwing of same in any place where it may start a fire; and

(d) Smoking on any lands, including roads, or in any buildings which have been designated and/or posted with no smoking signs.

**§ 27.96 Advertising.**

Except as may be authorized, posting, distributing, or otherwise displaying private or public notices, advertisements, announcements, or displays of any kind in any national wildlife refuge, other than business designations on private vehicles or boats is prohibited.

**§ 27.97 Private operations.**

Soliciting business or conducting a commercial enterprise on any national wildlife refuge is prohibited except as may be authorized by special permit.

**Subpart A—Introduction**

**§ 28.11 Purpose of regulations.**

The regulations in this part govern the enforcement, penalty and procedural requirements for violations of parts 25, 26, and 27.

**Subpart B—Enforcement Authority**

**§ 28.21 General provisions.**

Refuge managers and other authorized personnel are authorized pursuant to authority delegated from the Secretary and which has been published in the FEDERAL REGISTER (Administrative Manual 4 AM 4.2) to protect fish and wildlife and their habitat and prevent their disturbance, to protect Service lands, property, facilities, or interests therein and to insure the safety of the using public to the fullest degree possible. The control of recreational use will be enforced to meet these purposes pursuant to Federal, State, and local laws and regulations: The provisions of this subchapter C and any special regulations issued pursuant thereto; and the prohibitions and restrictions as posted.

[41 FR 9171, Mar. 3, 1976, as amended at 44 FR 42976, July 23, 1979; 51 FR 7575, Mar. 5, 1986]

**Subpart C—Penalty Provisions**

**§ 28.31 General penalty provisions.**

(a) Any person who violates any of the provisions, rules, regulations, posted signs, or special regulations of this subchapter C, or any items, conditions or restrictions in a permit, license, grant, privilege, or any other limitation established under the subchapter

C shall be subject to the penalty provisions of this section.

(b) Failure of any person, utilizing the resources of any national wildlife refuge or enjoying any privilege of use thereon for any purpose whatsoever, to comply with any of the provisions, conditions, restrictions, or requirements of this subchapter C or to comply with any applicable provisions of Federal or State law may render such person liable to:

(1) The penalties as prescribed by law. (Sec. 4, 76 Stat. 654, 16 U.S.C. 460k-3; Sec. 4, 80 Stat. 927, as amended, 16 U.S.C. 668dd(e); Sec. 7, 60 Stat. 1080, 16 U.S.C. 666a; Sec. 6, 40 Stat. 756, as amended, 16 U.S.C. 707; Sec. 7, 48 Stat. 452, 16 U.S.C. 718g; Sec. 2, 33 Stat. 614, as amended, 18 U.S.C. 41.)

(2) [Reserved]

**§ 28.32 Penalty provisions concerning fires and timber.**

(a) Any person violating sections 1855-1856 of the Criminal Code (18 U.S.C. 1855-1856) as they pertain to fires on national wildlife refuge lands of the United States shall be subject to civil action and to the penalty provisions of the law.

(b) Any person violating sections 1852-1853 of the Criminal Code (18 U.S.C. 1852-1853) as they pertain to timber on national wildlife refuge lands of the United States shall be subject to civil action and to the penalty provisions of the law.

**Subpart D—Impoundment Procedures**

**§ 28.41 Impoundment of abandoned property.**

Any property abandoned or left unattended without authority on any national wildlife refuge for a period in excess of 72 hours is subject to removal. The expense of the removal shall be borne by the person owning or claiming ownership of the property. Such property is subject to sale or other disposal after 3 months, in accordance with section 203m of the Federal Property and Administrative Services Act of 1959, as amended (40 U.S.C. 484m), and regulations issued thereunder. Former owners may apply within 3 years for reimbursement for such property, subject to

disposal and storage costs and similar expenses, upon sufficient proof of ownership.

**§ 28.42 Impounding of domestic animals.**

(a) Any animal trespassing on the lands of any national wildlife refuge may be impounded and disposed of in accordance with State statutes insofar as they may be applicable. In the absence of such State statutes, the animals shall be disposed of in accordance with this section.

(b) If the owner is known, prompt written notice of the impounding will be served in person with written receipt obtained or delivery by certified mail with return receipt requested. In the event of his failure to remove the impounded animal within five (5) days from receipt of such notice, it will be sold or otherwise disposed of as prescribed in this section.

(c) If the owner is unknown, no disposition of the animal shall be made until at least fifteen (15) days have elapsed from the date of a legal notice of the impounding has been posted at the county courthouse and 15 days after the second notice published in a newspaper in general circulation in the county in which the trespass took place.

(d) The notice shall state when and where the animal was impounded and shall describe it by brand or earmark or distinguishing marks or by other reasonable identification. The notice shall specify the time and place the animal will be offered at public sale to the highest bidder, in the event it is not claimed or redeemed. The notice shall reserve the right of the official conducting the sale to reject any and all bids so received.

(e) Prior to such sale, the owner may redeem the animal by submitting proof of ownership and paying all expenses of the United States for, capturing, impounding, advertising, care, forage, and damage claims.

(f) If an animal impounded under this section is offered at public sale and no bid is received or if the highest bid received is an amount less than the claim of the United States, the animal may be sold at private sale for the highest amount obtainable, or be condemned

## § 28.43

and destroyed or converted to the use of the United States. Upon the sale of any animal in accordance with this section, the buyer shall be issued a certificate of sale.

(g) In determining the claim of the Federal Government in all livestock trespass cases on national wildlife refuges, the value of forage consumed shall be computed at the commercial unit rate prevailing in the locality for that class of livestock. In addition, the claim shall include damages to national wildlife refuge property injured or destroyed, and all the related expenses incurred in the impounding, caring for and disposing of the animal. The salary of Service employees for the time spent in and about the investigations, reports, and settlement or prosecution of the case shall be prorated in computing the expense. Payment of claims due the United States shall be made by certified check or postal money order payable to the U.S. Fish and Wildlife Service.

## § 28.43 Destruction of dogs and cats.

Dogs and cats running at large on a national wildlife refuge and observed by an authorized official in the act of killing, injuring, harassing or molesting humans or wildlife may be disposed of in the interest of public safety and protection of the wildlife.

### Subpart A—General Rules

#### § 29.1 May we allow economic uses on national wildlife refuges?

We may only authorize public or private economic use of the natural resources of any national wildlife refuge, in accordance with 16 U.S.C. 715s, where we determine that the use contributes to the achievement of the national wildlife refuge purposes or the National Wildlife Refuge System mission. We may authorize economic use by appropriate permit only when we have determined the use on a national wildlife refuge to be compatible. Persons exercising economic privileges on national wildlife refuges will be subject to the applicable provisions of this subchapter and of other applicable laws and regulations governing national wildlife refuges. Permits for economic use will contain such terms and conditions that we determine to be necessary for the proper administration of the resources. Economic use in this section includes but is not limited to grazing livestock, harvesting hay and stock feed, removing timber, firewood or other natural products of the soil, removing shell, sand or gravel, cultivating areas, or engaging in operations that facilitate approved programs on national wildlife refuges.

[65 FR 62483, Oct. 18, 2000]

**§ 29.2 Cooperative land management.**

Cooperative agreements with persons for crop cultivation, haying, grazing, or the harvest of vegetative products, including plantlife, growing with or without cultivation on wildlife refuge areas may be executed on a share-in-kind basis when such agreements are in aid of or benefit to the wildlife management of the area.

**§§ 29.3-29.4 [Reserved]****§ 29.5 Fees.**

Fees and charges for the grant of privileges on wildlife refuge areas and for the sale of products taken therefrom, where not otherwise prescribed by law or regulation, shall be set at a rate commensurate with fees and charges for similar privileges and products made by private land owners in the vicinity or in accordance with their local value. Fees or rates of charge for products and privileges may be based either on a monetary exchange or on a share in kind of the resource or product.

**Subpart B—Rights-of-Way General Regulations****§ 29.21 What do these terms mean?**

*Compatible use* means a proposed or existing wildlife-dependent recreational use or any other use of a national wildlife refuge that, based on sound professional judgment, will not materially interfere with or detract from the fulfillment of the National Wildlife Refuge System mission or the purposes of the national wildlife refuge. The term “inconsistent” in section 28(b)(1) of the Mineral Leasing Act of 1920 (30 U.S.C. 185) means a use that is not compatible.

*Department* means U.S. Department of the Interior unless otherwise specified.

*National Wildlife Refuge System land* means lands and waters, or interests therein, administered by the Secretary as wildlife refuges, areas for the protection and conservation of fish and wildlife that are threatened with extinction, wildlife ranges, game ranges, wildlife management areas, or waterfowl production areas.

*Other lands* means all other lands, or interests therein, and waters administered by the Secretary through the U.S. Fish and Wildlife Service which are not included in National Wildlife Refuge System lands, e.g., administrative sites, research stations, fish hatcheries, and fishery research stations.

*Project Manager* means the officer in charge of the land under administration by the U.S. Fish and Wildlife Service.

[34 FR 19907, Dec. 19, 1969, as amended at 39 FR 5490, Feb. 13, 1974; 42 FR 43917, Aug. 31, 1977; 44 FR 42976, July 23, 1979; 48 FR 31655, July 11, 1983; 51 FR 7575, Mar. 5, 1986; 65 FR 62483, Oct. 18, 2000]

**§ 29.21-1 Purpose and scope.**

The regulations in this subpart prescribe the procedures for filing applications and the terms and conditions under which rights-of-way over and across the lands administered by the U.S. Fish and Wildlife Service may be granted.

(a) *National Wildlife Refuge System lands*. Applications for all forms of rights-of-way on or over such lands shall be submitted under authority of Pub. L. 89-669, (80 Stat. 926; 16 U.S.C. 668dd) as amended, or for oil and gas pipelines under section 28 of the Mineral Leasing Act of 1920 (41 Stat. 449; 30 U.S.C. 185) as amended by Pub. L. 93-153, following application procedures set out in § 29.21-2. No right-of-way will be approved unless it is determined by the Regional Director to be compatible. See § 29.21-8 for additional requirements applicable to rights-of-way for electric power transmission lines and § 29.21-9 for additional requirements applicable to rights-of-way for pipelines for the transportation of oil, natural gas, synthetic liquid or gaseous fuels, or any refined product produced therefrom.

(b) *National Wildlife Refuge System lands—easement interest*. Applications for all forms of rights-of-way across lands in which the United States owns only an easement interest may be submitted to the Regional Director in letter form. No map exhibit is required, however, the affected land should be described in the letter or shown on a map sketch. If the requested right-of-way will not adversely affect the

**§29.21-2**

United States' interest, the Regional Director may issue a letter stating that the interest of the United States to the right-of-way easement would not be affected provided there would be no objection to a right-of-way by the fee owner. If the interest of the United States will be affected, application for the right-of-way must be submitted in accordance with procedures set out in §29.21-2.

(c) *Other lands outside the National Wildlife Refuge System.* Rights-of-way on or over other lands will be granted in accordance with controlling authorities cited in 43 CFR part 2800, or for oil and gas pipelines under section 28 of the Mineral Leasing Act of 1920 (41 Stat. 449; 30 U.S.C. 185) as amended by Pub. L. 93-153. See §29.21-8 for additional requirements applicable to rights-of-way for electric power transmission lines and §29.21-9 for additional requirements applicable to rights-of-way for pipelines for the transportation of oil, natural gas, synthetic liquid or gaseous fuels, or any other refined product produced therefrom. Applications will be submitted in accordance with procedures set out in §29.21-2.

[34 FR 19907, Dec. 19, 1969, as amended at 36 FR 2402, Feb. 4, 1971; 39 FR 5490, Feb. 13, 1974; 42 FR 43917, Aug. 31, 1977; 44 FR 42976, July 23, 1979; 48 FR 31655, July 11, 1983]

**§29.21-2 Application procedures.**

(a) *Application.* (1) No special form of application is required. The application should state the purpose for which the right-of-way is being requested together with the length, width on each side of the centerline, and the estimated acreage. Applications, including exhibits, shall be filed in triplicate with the Regional Director for the region in which the State is located. A list of States in each region and the addresses of the Regional Directors are contained in paragraph (c) of this section.

(2)(i) All applications filed pursuant to this subpart in the name of individuals, corporations, or associations must be accompanied by a nonreturnable application fee. No application fee will be required of (A) State of local governments or agencies or instrumentalities thereof except as to rights-of-

way, easements or permits under section 28 of the Mineral Leasing Act of 1920, as amended by Pub. L. 93-153, or (B) Federal Government agencies.

(ii) Application fees will be in accordance with the following schedule:

(A) For linear facilities (e.g., powerlines, pipelines, roads, etc.).

Length	Payment
Less than 5 miles .....	\$50 per mile or fraction thereof.
5 to 20 miles .....	\$500.
20 miles and over .....	\$500 for each 20 miles or fraction thereof.

(B) For nonlinear facilities, \$250 for each 40 acres or fraction thereof.

(C) Where an application includes both linear and nonlinear facilities, payment will be the aggregate of amounts under paragraphs (a)(2)(ii)(A) and (B) of this section.

(D) When an application is received, the Regional Director will estimate the costs expected to be incurred in processing the application. If the estimated costs exceed the payments under paragraph (a)(2)(ii) (A), (B), or (C) of this section by an amount greater than the cost of maintaining actual cost records, the Regional Director shall require the applicant to make periodic payments in advance of the incurrence of such costs by the United States except for the last payment which will reflect final reimbursement for actual costs of the United States in processing the application. Overpayments may be refunded or adjusted by the Regional Director as appropriate.

(E) The Regional Director shall, on request by an applicant or prospective applicant, give an estimate based on the best available cost information, of the costs which would be incurred by the United States in processing an application. However, reimbursement will not be limited to the estimate of the Regional Director if the actual costs exceed the estimate. Prospective applicants are encouraged to consult with the Regional Director in advance of filing an application in regard to probable costs and other requirements.

(3)(i) By accepting an easement or permit under this subpart, the holder agrees to reimburse the United States for reasonable costs incurred by the Fish and Wildlife Service in monitoring the construction, operation,

**U.S. Fish and Wildlife Serv., Interior**

**§ 29.21-2**

maintenance, and termination of facilities within or adjacent to the easement or permit area. No reimbursement of monitoring costs will be required of (A) State or local governments or agencies or instrumentalities thereof except as to right-of-way, easements, or permits granted under section 28 of the Mineral Leasing Act of 1920 as amended by Pub. L. 93-153, or (B) Federal Government agencies.

(ii) Within 60 days of the issuance of an easement or permit the holder must submit a nonreturnable payment in accordance with the following:

(A) For linear facilities e.g., powerlines, pipelines, roads, etc.).

Length	Payment
Less than 5 miles .....	\$20 per mile or fraction thereof.
5 to 20 miles .....	\$200.
20 miles and over .....	\$200 for each 20 miles or fraction thereof.

(B) For nonlinear facilities, \$100 for each 40 acres or fraction thereof.

(C) Where an easement or permit includes both linear and nonlinear facilities, payment will be the aggregate amounts under paragraph (a)(3)(2)(ii) (A) and (B) of this section.

(D) When an easement or permit is granted the Regional Director shall estimate the costs, based on the best available cost information, expected to be incurred by the United States in monitoring holder activity. If the estimated costs exceed the payments under paragraph (a)(3)(2) (ii), (A), (B), or (C) of this section by an amount which is greater than the cost of maintaining actual cost records for the monitoring process, the Regional Director shall require the holder to make periodic payments of the estimated reimbursable costs prior to the incurrence of such costs by the United States. Overpayments may be refunded or adjusted by the Regional Director as appropriate.

(E) Following the termination of an easement or permit, the former holder will be required to pay additional amounts to the extent the actual costs to the United States have exceeded the payments required by paragraphs (a)(3)(ii)(A), (B), and (C) of this section.

(4) All applications filed pursuant to this subpart must include a detailed environmental analysis which shall include information concerning the im-

pact of the proposed use of the environment including the impact on air and water quality; scenic and esthetic features; historic, architectural, archeological, and cultural features; wildlife, fish and marine life, etc. The analysis shall include sufficient data so as to enable the Service to prepare an environmental assessment and/or impact statement in accordance with section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and comply with the requirements of the National Historic Preservation Act of 1966 (16 U.S.C. 470 *et seq.*), the Archeological and Historic Preservation Act of 1974 (16 U.S.C. 469 *et seq.*), Executive Order 11593 "Protection and Enhancement of the Cultural Environment" of May 13, 1971 (36 FR 8921), and "Procedures for the Protection of Historic and Cultural Properties" (36 CFR, part 800). Concerning the National Environmental Policy Act, the Regional Director may, at his discretion, rely on an environmental assessment or impact statement prepared by a "lead agency."

(b) *Maps.* A map or plat must accompany each copy of the application and must show the right-of-way in such detail that the right-of-way can be accurately located on the ground. Ties to Service land boundary corner monuments or some prominent cultural features which can be readily recognized and recovered should be shown where the right-of-way enters and leaves Service project land together with courses and distances of the centerline. The width of the right-of-way on each side of the centerline together with the acreage included within the right-of-way or site must also be shown. If the right-of-way or site is located wholly within Service project land, a tie to a Government corner or prominent cultural feature which can be readily recognized and recovered should be shown.

(c) *Regional or Area Director's Addresses.* (1) For the States of California, Hawaii, Idaho, Nevada, Oregon and Washington:

Regional Director, U.S. Fish and Wildlife Service, Lloyd 500 Building, Suite 1692, 500 NE. Multnomah Street, Portland Oregon 97232.

(2) For the States of Arizona, New Mexico, Oklahoma, and Texas:

**§ 29.21-3**

Regional Director, U.S. Fish and Wildlife Service, 500 Gold Avenue, P.O. Box 1306, Albuquerque, New Mexico 87103.

(3) For the States of Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Ohio, and Wisconsin:

Regional Director, U.S. Fish and Wildlife Service, Federal Building, Fort Snelling, Twin Cities, Minnesota 55111.

(4) For the States of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Puerto Rico, and Virgin Islands:

Regional Director, U.S. Fish and Wildlife Service, Richard B. Russell, Federal Building, Suite 1200, 75 Spring Street, S.W., Atlanta, Georgia 30303.

(5) For the States of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New York, New Jersey, Pennsylvania, Rhode Island, Vermont, Virginia, and West Virginia:

Regional Director, U.S. Fish and Wildlife Service, One Gateway Center, Suite 700, Newton Corner, Massachusetts 03158.

(6) For the States of Colorado, Kansas, Montana, Nebraska, North Dakota, South Dakota, Utah, and Wyoming:

Regional Director, U.S. Fish and Wildlife Service, P.O. Box 25486, Denver Federal Center, Denver, Colorado 80225.

(7) For the State of Alaska:

Regional Director, U.S. Fish and Wildlife Service, 1101 E. Tudor Road, Anchorage, Alaska 99503.

[31 FR 16026, Dec. 15, 1966, as amended at 42 FR 43917, Aug. 31, 1977; 44 FR 42976, July 23, 1979; 48 FR 31655, July 11, 1983]

**§ 29.21-3 Nature of interest granted.**

(a) Where the land administered by the Secretary is owned in fee by the United States and the right-of-way is compatible with the objectives of the area, permit or easement may be approved and granted by the Regional Director. Generally an easement or permit will be issued for a term of 50 years or so long as it is used for the purpose granted, or for a lesser term when considered appropriate. For rights-of-way granted under authority of section 28 of the Mineral Leasing Act of 1920, as amended, for pipelines for the transportation of oil, natural gas, synthetic liq-

uid or gaseous fuels, or any refined product produced therefrom, the grant may be for a term not to exceed 30 years and the right-of-way may not exceed 50 feet, plus the area occupied by the pipeline and its related facilities unless the Regional Director finds, and records the reasons for his finding, that, in his judgment, a wider right-of-way is necessary for operation and maintenance after construction, or to protect the environment or public safety. Related facilities include but are not limited to valves, pump stations, supporting structures, bridges, monitoring and communication devices, surge and storage tanks, terminals, etc. However, a temporary permit supplementing a right-of-way may be granted for additional land needed during construction, operation, maintenance, or termination of the pipeline, or to protect the natural environment or public safety.

(b) Unless otherwise provided, no interest granted shall give the grantee any right whatever to remove any material, earth, or stone for construction or other purpose, except that stone or earth necessarily removed from the right-of-way in the construction of a project may be used elsewhere along the same right-of-way in the construction of the same project.

[31 FR 16026, Dec. 15, 1966, as amended at 42 FR 43918, Aug. 31, 1977]

**§ 29.21-4 Terms and conditions.**

(a) Any right-of-way easement or permit granted will be subject to outstanding rights, if any, in third parties.

(b) An applicant, by accepting an easement or permit agrees to such terms and conditions as may be prescribed by the Regional Director in the granting document. Such terms and conditions shall include the following, unless waived in part by the Regional Director, and may include additional special stipulations at his discretion. See § 29.21-8 for special requirements for electric powerlines and § 29.21-9 for special requirements for oil and gas pipelines.

(1) To comply with State and Federal laws applicable to the project within which the easement or permit is granted, and to the lands which are included

in the right-of-way, and lawful existing regulations thereunder.

(2) To clear and keep clear the lands within the easement or permit area to the extent and in the manner directed by the project manager in charge; and to dispose of all vegetative and other material cut, uprooted, or otherwise accumulated during the construction and maintenance of the project in such a manner as to decrease the fire hazard and also in accordance with such instructions as the project manager may specify.

(3) To prevent the disturbance or removal of any public land survey monument or project boundary monument unless and until the applicant has requested and received from the Regional Director approval of measures the applicant will take to perpetuate the location of aforesaid monument.

(4) To take such soil and resource conservation and protection measures, including weed control on the land covered by the easement or permit as the project manager in charge may request.

(5) To do everything reasonably within his power, both independently and on request of any duly authorized representative of the United States, to prevent and suppress fires on or near, lands to be occupied under the easement or permit area, including making available such construction and maintenance forces as may be reasonably obtainable for the suppression of such fires.

(6) To rebuild and repair such roads, fences, structures, and trails as may be destroyed or injured by construction work and upon request by the Regional Director, to build and maintain necessary and suitable crossings for all roads and trails that intersect the works constructed, maintained, or operated under the right-of-way.

(7) To pay the United States the full value for all damages to the lands or other property of the United States caused by him or by his employees, contractors, or employees of the contractors, and to indemnify the United States against any liability for damages to life, person or property arising from the occupancy or use of the lands under the easement or permit, except where the easement or permit is grant-

ed hereunder to a State or other governmental agency which has no legal power to assume such a liability with respect to damages caused by it to lands or property, such agency in lieu thereof agrees to repair all such damages. Where the easement of permit involves lands which are under the exclusive jurisdiction of the United States, the holder or his employees, contractors, or agents of the contractors, shall be liable to third parties for injuries incurred in connection with the easement or permit area. Grants of easements or permits involving special hazards will impose liability without fault for injury and damage to the land and property of the United States up to a specified maximum limit commensurate with the foreseeable risks or hazards presented. The amount of no-fault liability for each occurrence is hereby limited to no more than \$1,000,000.

(8) To notify promptly the project manager in charge of the amount of merchantable timber, if any, which will be cut, removed, or destroyed in the construction and maintenance of the project, and to pay the United States in advance of construction such sum of money as the project manager may determine to be the full stumpage value of the timber to be so cut, removed, or destroyed.

(9) That all or any part of the easement or permit granted may be terminated by the Regional Director, for failure to comply with any or all of the terms or conditions of the grant, or for abandonment. A rebuttable presumption of abandonment is raised by deliberate failure of the holder to use for any continuous 2-year period the easement or permit for the purpose for which it was granted or renewed. In the event of noncompliance or abandonment, the Regional Director will notify in writing the holder of the easement or permit of his intention to suspend or terminate such grant 60 days from the date of the notice, stating the reasons therefor, unless prior to that time the holder completes such corrective actions as are specified in the notice. The Regional Director may grant an extension of time within which to complete corrective actions when, in his judgment, extenuating circumstances not

within the holder's control such as adverse weather conditions, disturbance to wildlife during breeding periods or periods of peak concentration, or other compelling reasons warrant. Should the holder of a right-of-way issued under authority of the Mineral Leasing Act, as amended, fail to take corrective action within the 60-day period, the Regional Director will provide for an administrative proceeding pursuant to 5 U.S.C. 554, prior to a final Departmental decision to suspend or terminate the easement or permit. In the case of all other right-of-way holders, failure to take corrective action within the 60-day period will result in a determination by the Regional Director to suspend or terminate the easement or permit. No administrative proceeding shall be required where the easement or permit terminates under its terms.

(10) To restore the land to its original condition to the satisfaction of the Regional Director so far as it is reasonably possible to do so upon revocation and/or termination of the easement or permit, unless this requirement is waived in writing by the Regional Director. Termination also includes permits or easements that terminate under the terms of the grant.

(11) To keep the project manager informed at all times of his address, and, in case of corporations, of the address of its principal place of business and the names and addresses of its principal officers.

(12) That in the construction, operation, and maintenance of the project, he shall not discriminate against any employee or applicant for employment because of race, creed, color, or national origin and shall require an identical provision to be included in all subcontracts.

(13) That the grant of the easement or permit shall be subject to the express condition that the exercise thereof will not unduly interfere with the management, administration, or disposal by the United States of the land affected thereby. The applicant agrees and consents to the occupancy and use by the United States, its grantees, permittees, or lessees of any part of the easement of permit area not actually occupied for the purpose of the granted rights to the extent that it does not

interfere with the full and safe utilization thereof by the holder. The holder of an easement or permit also agrees that authorized representatives of the United States shall have the right of access to the easement or permit area for the purpose of making inspections and monitoring the construction, operation and maintenance of facilities.

(14) That the easement or permit herein granted shall be subject to the express covenant that any facility constructed thereon will be modified or adapted, if such is found by the Regional Director to be necessary, without liability or expense to the United States, so that such facility will not conflict with the use and occupancy of the land for any authorized works which may hereafter be constructed thereon under the authority of the United States. Any such modification will be planned and scheduled so as not to interfere unduly with or to have minimal effect upon continuity of energy and delivery requirements.

(15) That the easement or permit herein granted shall be for the specific use described and may not be construed to include the further right to authorize any other use within the easement or permit area unless approved in writing by the Regional Director.

#### § 29.21-5 Construction.

(a) If construction is not commenced within two (2) years after date of right-of-way grant, the right-of-way may be canceled by the Director of the U.S. Fish and Wildlife Service at his discretion.

(b) Proof of construction: Upon completion of construction, the applicant shall file a certification of completion with the Regional Director.

[42 FR 43919, Aug. 31, 1977]

#### § 29.21-6 Disposal, transfer or termination of interest.

(a) *Change in jurisdiction over and disposal of lands.* The final disposal by the United States of any tract of land traversed by a right-of-way shall not be construed to be a revocation of the right-of-way in whole or in part, but such final disposition shall be deemed

and taken to be subject to such right-of-way unless it has been specifically canceled.

(b) *Transfer of easement or permit.* Any proposed transfer, by assignment, lease, operating agreement or otherwise, of an easement or permit must be filed in triplicate with the Regional Director and must be supported by a stipulation that the transferee agrees to comply with and be bound by the terms and conditions of the original grant. A \$25 nonreturnable service fee must accompany the proposal. No transfer will be recognized unless and until approved in writing by the Regional Director.

(c) *Disposal of property on termination of right-of-way.* In the absence of any agreement to the contrary, the holder of the right-of-way will be allowed 6 months after termination to remove all property or improvements other than a road and useable improvements to a road, placed thereon by him; otherwise, all such property and improvements shall become the property of the United States. Extensions of time may be granted at the discretion of the Regional Director.

**§ 29.21-7 What payment do we require for use and occupancy of national wildlife refuge lands?**

(a) Payment for use and occupancy of lands under the regulations of this subpart will be required and will be for fair market value as determined by appraisal by the Regional Director. At the discretion of the Regional Director, the payment may be a lump sum payment or an annual fair market rental payment, to be made in advance. If any Federal, State or local agency is exempted from such payment by and any other provision of Federal law, such agency shall otherwise compensate the Service by any other means agreeable to the Regional Director, including, but not limited to, making other land available or the loan of equipment or personnel, except that any such compensation shall relate to, and be consistent with the objectives of the National Wildlife Refuge System. The Regional Director may waive such requirement for compensation if he finds

such requirement impracticable or unnecessary.

(b) When annual rental payments are used, such rates shall be reviewed by the Regional Director at any time not less than 5 years after the grant of the permit, right-of-way, or easement or the last revision of charges thereunder. The Regional Director will furnish a notice in writing to the holder of an easement or permit of intent to impose new charges to reflect fair market value commencing with the ensuing charge year. The revised charges will be effective unless the holder files an appeal in accordance with § 29.22.

**§ 29.21-8 Electric power transmission line rights-of-way.**

By accepting a right-of-way for a power transmission line, the applicant thereby agrees and consents to comply with and be bound by the following terms and conditions, except those which the Secretary may waive in a particular case, in addition to those specified in § 29.21-4(b).

(a) To protect in a workmanlike manner, at crossings and at places in proximity to his transmission lines on the right-of-way authorized, in accordance with the rules prescribed in the National Electric Safety Code, all Government and other telephone, telegraph and power transmission lines from contact and all highways and railroads from obstruction and to maintain his transmission lines in such manner as not to menace life or property.

(b) Neither the privilege nor the right to occupy or use the lands for the purpose authorized shall relieve him of any legal liability for causing inductive or conductive interference between any project transmission line or other project works constructed, operated, or maintained by him on the servient lands, and any radio installation, telephone line, or other communication facilities now or hereafter constructed and operated by the United States or any agency thereof.

**§ 29.21-9 Rights-of-way for pipelines for the transportation of oil, natural gas, synthetic liquid or gaseous fuels, or any refined product produced therefrom.**

(a) *Application procedure.* Applications for pipelines and related facilities under this section are to be filed in accordance with § 29.21-2 of these regulations with the following exception:

When the right-of-way or proposed facility will occupy Federal land under the control of more than one Federal Agency and/or more than one bureau or office of the Department of the Interior, a single application shall be filed with the appropriate State Director of the Bureau of Land Management in accordance with regulations in 43 CFR part 2800.

Any portion of the facility occupying land of the National Wildlife Refuge System will be subject to the provisions of these regulations.

(b) *Right-of-way grants* under this section will be subject to the special requirements of section 28 of the Mineral Leasing Act of 1920 (30 U.S.C. 185), as amended, as set forth below. Gathering lines and associated structures used solely in the production of oil and gas under valid leases on the lands administered by the Fish and Wildlife Service are excepted from the provisions of this section.

(1) *Pipeline safety.* Rights-of-way or permits granted under this section will include requirements that will protect the safety of workers and protect the public from sudden ruptures and slow degradation of the pipeline. An applicant must agree to design, construct, and operate all proposed facilities in accordance with the provisions of parts 192 and/or 195 of title 49 of the CFR and in accordance with the Occupational Safety and Health Act of 1970, Pub. L. 91-596, including any amendments thereto.

(2) *Environmental protection.* An application for a right-of-way must contain environmental information required by § 29.21-2(a)(4) of this subpart. If the Regional Director determines that a proposed project will have a significant affect on the environment, there must also be furnished a plan of construction, operations, and rehabilitation of the proposed facilities. In addition to terms and conditions imposed under § 29.21-4, the Regional director will im-

pose such stipulations as may be required to assure: (i) Restoration, revegetation and curtailment of erosion of the surface; (ii) that activities in connection with the right-of-way or permit will not violate applicable air and water quality standards in related facilities siting standards established by law; (iii) control or prevention of damage to the environment including damage to fish and wildlife habitat, public or private property, and public health and safety; and (iv) protection of the interests of individuals living in the general area of the right-of-way or permit who rely on the fish, wildlife, and biotic resources of the area for subsistence purposes.

(c) *Disclosure.* If the applicant is a partnership, corporation, association, or other business entity it must disclose the identity of the participants in the entity. Such disclosure shall include where applicable (1) the name and address of each partner, (2) the name and address of each shareholder owning 3 percentum or more of the shares, together with the number and percentage of any class of voting shares of the entity which such shareholder is authorized to vote, and (3) the name and address of each affiliate of the entity together with, in the case of an affiliate controlled by the entity, the number of shares and the percentage of any class of voting stock of that affiliate owned, directly or indirectly, by that entity, and in the case of an affiliate which controls that entity, the number of shares and the percentage of any class of voting stock of that entity owned, directly or indirectly, by the affiliate.

(d) *Technical and financial capability.* The Regional Director may grant or renew a right-of-way or permit under this section only when he is satisfied that the applicant has the technical and financial capability to construct, operate, maintain and terminate the facility. At the discretion of the Regional Director, a financial statement may be required.

(e) *Reimbursement of costs.* In accordance with § 29.21-2(a)(3) of this subpart, the holder of a right-of-way or permit must reimburse the Service for the cost incurred in monitoring the construction, operation, maintenance, and

termination of any pipeline or related facilities as determined by the Regional Director.

(f) *Public hearing.* The Regional Director shall give notice to Federal, State, and local government agencies, and the public, and afford them the opportunity to comment on right-of-way applications under this section. A notice will be published in the FEDERAL REGISTER and a public hearing may be held where appropriate.

(g) *Bonding.* Where appropriate the Regional Director may require the holder of a right-of-way or permit to furnish a bond, or other security satisfactory to him, to secure all or any of the obligations imposed by the terms and conditions of the right-of-way or permit or by any rule or regulation, not to exceed the period of construction plus one year or a longer period if necessary for the pipeline to stabilize.

(h) *Suspension of right-of-way.* If the Project Manager determines that an immediate temporary suspension of activities within a right-of-way or permit area is necessary to protect public health and safety or the environment, he may issue an emergency suspension order to abate such activities prior to an administrative proceeding. The Regional Director must make a determination and notify the holder in writing within 15 days from the date of suspension as to whether the suspension should continue and list actions needed to terminate the suspension. Such suspension shall remain in effect for only so long as an emergency condition continues.

(i) *Joint use of rights-of-way.* Each right-of-way or permit shall reserve to the Regional Director the right to grant additional rights-of-way or permits for compatible uses on or adjacent to rights-of-way or permit areas granted under this section after giving notice to the holder and an opportunity to comment.

(j) *Common carriers.* (1) Pipelines and related facilities used for the transportation of oil, natural gas, synthetic liquid or gaseous fuels, or any refined product produced therefrom shall be constructed, operated, and maintained as common carriers.

(2)(i) The owners or operators of pipelines subject to this subpart shall ac-

cept, convey, transport, or purchase without discrimination all oil or gas delivered to the pipeline without regard to whether such oil or gas was produced on Federal or non-Federal lands.

(ii) In the case of oil or gas produced from Federal lands or from the resources on the Federal lands in the vicinity of the pipelines, the Secretary may, after a full hearing with due notice thereof to the interested parties and a proper finding of facts, determine the proportionate amounts to be accepted, conveyed, transported or purchased.

(3)(i) The common carrier provisions of this section shall not apply to any natural gas pipeline operated by any person subject to regulation under the Natural Gas Act or by any public utility subject to regulation by a State or municipal regulatory agency having jurisdiction to regulate the rates and charges for the sale of natural gas to consumers within the State or municipality.

(ii) Where natural gas not subject to state regulatory or conservation laws governing its purchase by pipelines is offered for sale, each such pipeline shall purchase, without discrimination, any such natural gas produced in the vicinity of the pipeline.

(4) The Regional Director shall require, prior to granting or renewing a right-of-way, that the applicant submit and disclose all plans, contracts, agreements, or other information or material which he deems necessary to determine whether a right-of-way shall be granted or renewed and the terms and conditions which should be included in the right-of-way. Such information may include, but is not limited to: (i) Conditions for, and agreements among owners or operators, regarding the addition of pumping facilities, looping, or otherwise increasing the pipeline or terminal's throughput capacity in response to actual or anticipated increases in demand; (ii) conditions for adding or abandoning intake, offtake, or storage points or facilities; and (iii) minimum shipment or purchase tenders.

(k) *Limitations on export.* Any domestically produced crude oil transported by pipeline over rights-of-way granted

## § 29.22

pursuant to section 28 of the Mineral Leasing Act of 1920, except such crude oil which is either exchanged in similar quantity for convenience or increased efficiency of transportation with persons or the government of an adjacent foreign state, or which is temporarily exported for convenience or increased efficiency of transportation across parts of an adjacent foreign state and reenters the United States, shall be subject to all of the limitation and licensing requirements of the Export Administration Act of 1969.

(1) *State standards.* The Regional Director shall take into consideration, and to the extent practical comply with, applicable State standards for right-of-way construction, operation, and maintenance.

(m) *Congressional notification.* The Secretary shall notify the House and Senate Committees on Interior and Insular Affairs promptly upon receipt of an application for a right-of-way for pipeline 24 inches or more in diameter, and no right-of-way for such a pipeline shall be granted until 60 days (not including days on which the House or Senate has adjourned for more than three days) after a notice of intention to grant the right-of-way together with the Secretary's detailed findings as to terms and conditions he proposes to impose, has been submitted to the Committees, unless each Committee by resolution waives the waiting period.

[42 FR 43921, Aug. 31, 1977]

## § 29.22 Hearing and appeals procedures.

An appeal may be taken from any final disposition of the Regional Director to the Director, U.S. Fish and Wildlife Service, and, except in the case of a denial of a right-of-way application, from the latter's decision to the Secretary of the Interior. Appeals to the Secretary shall be taken pursuant to 43 CFR part 4, subpart G.

### § 29.32 Mineral rights reserved and excepted.

Persons holding mineral rights in wildlife refuge lands by reservation in the conveyance to the United States and persons holding mineral rights in such lands which rights vested prior to the acquisition of the lands by the United States shall, to the greatest extent practicable, conduct all exploration, development, and production operations in such a manner as to prevent damage, erosion, pollution, or contamination to the lands, waters, facilities and vegetation of the area. So far as is practicable, such operations must also be conducted without interference with the operation of the refuge or disturbance to the wildlife thereon. Physical occupancy of the area must be kept to the minimum space compatible with the conduct of efficient mineral operations. Persons conducting mineral operations on refuge areas must comply with all applicable Federal and State laws and regulations for the protection of wildlife and the administration of the area. Oil field brine, slag, and all other waste and contaminating substances must be kept in the smallest practicable area, must be confined so as to prevent escape as a result of rains and high water or otherwise, and must be removed from the area as quickly as practicable in such a manner as to prevent contamination, pollution, damage, or injury to the lands, waters, facilities, or vegetation of the refuge or to wildlife. Structures and equipment must be removed from the area when the need for them has ended. Upon the cessation of operations the area shall be restored as nearly as possible to its condition prior to the commencement of operations. Nothing in this section shall be applied so as to contravene or nullify rights vested in holders of mineral interests on refuge lands.

### Subpart A—General Provisions

#### § 32.1 Opening of wildlife refuge areas to hunting.

The opening of a wildlife refuge area to hunting will be dependent upon the provisions of law applicable to the area and upon a determination by the Secretary that the opening of the area to the hunting of migratory game birds, upland game, or big game will be compatible with the principles of sound wildlife management and will otherwise be in the public interest. The opening or closing of wildlife refuge areas to hunting shall be in accordance with the rulemaking requirements of the Administrative Procedure Act (5 U.S.C. 553). Lands acquired pursuant to the Act of May 18, 1948 (62 Stat. 238, 16 U.S.C. 695) will be opened to hunting only after it has been determined that the major portion of the crops in the vicinity of the area involved have been harvested, that the period of susceptibility of such crops to wildfowl depredation has passed, or that the possibility of these crops being damaged by waterfowl is minor. Lands acquired as “waterfowl production areas” shall annually be open to the hunting of migratory game birds, upland game, and big game subject to the provisions of State law and regulations and the pertinent provisions of parts 25 through 31 of this subchapter: *Provided*, That all forms of hunting or entry on all or any part of individual areas may be temporarily suspended by posting upon occasions of unusual or critical conditions of, or affecting land, water, vegetation, or wildlife populations.

#### § 32.2 What are the requirements for hunting on areas of the National Wildlife Refuge System?

The following provisions shall apply to each person while engaged in public hunting on areas of the National Wildlife Refuge System:

- (a) Each person shall secure and possess the required State license.

### § 32.3

### 50 CFR Ch. I (10–1–06 Edition)

(b) Each person 16 years of age and older shall secure and possess a Migratory Bird Hunting Stamp while hunting migratory waterfowl.

(c) Each person shall comply with the applicable provisions of Federal law and regulations including this subchapter and the current Federal Migratory Bird Regulations.

(d) Each person shall comply with the applicable provisions of the laws and regulations of the State wherein any area is located unless further restricted by Federal law or regulation.

(e) Each person shall comply with the terms and conditions authorizing access or use of wildlife refuges, including the terms and conditions under which hunting permits are issued.

(f) Each person must comply with the provisions of any refuge-specific regulations governing hunting on the wildlife refuge area. Regulations, special conditions, and maps of the hunting areas for a particular wildlife refuge are available at that area's headquarters. In addition, refuge-specific hunting regulations for migratory game bird, upland game, and big game hunting appear in §§ 32.20 through 32.72.

(g) The use of any drug on any arrow for bow hunting on national wildlife refuges is prohibited. Archers may not have arrows employing such drugs in their possession on any national wildlife refuge.

(h) The unauthorized distribution of bait and the hunting over bait is prohibited on wildlife refuge areas. (Baiting is authorized in accordance with State regulations on national wildlife refuges in Alaska).

(i) The use of nails, wire, screws or bolts to attach a stand to a tree, or hunting from a tree into which a metal object has been driven to support a hunter is prohibited on wildlife refuge areas.

(j) The use or possession of alcoholic beverages while hunting is prohibited.

(k) You may possess only approved nontoxic shot while in the field, which we identify in 50 CFR 20.21(j), while on Waterfowl Production Areas, or on certain other areas of the National Wildlife Refuge System as delineated on maps, leaflets and/or signs, available at each refuge headquarters or posted at each refuge, or as stated in refuge-spe-

cific regulations. Where we allow turkey and deer hunting, you may use slugs and shot containing lead to hunt these species unless prohibited by refuge-specific regulations and/or State law.

(1) The refuge-specific regulations (§ 32.20 through § 32.72) may include the items discussed in § 32.3(b). Refuge permits and brochures should also include those items and any special conditions allowed by paragraph (f) of this section.

[58 FR 5064, Jan. 19, 1993, as amended at 63 FR 46914, Sept. 3, 1998; 65 FR 30777, May 12, 2000; 67 FR 58943, Sept. 18, 2002]

#### **§ 32.3 What are the procedures for publication of refuge-specific hunting regulations?**

(a) Refuge-specific hunting regulations are issued only at the time of or after the determination and publication of the opening of a wildlife refuge area to migratory game bird, upland game or big game hunting.

(b) Refuge-specific hunting regulations may contain the following items:

- (1) Wildlife species that may be hunted;
- (2) Seasons;
- (3) Bag limits;
- (4) Methods of hunting;
- (5) Description of areas open to hunting; or
- (6) Other provisions as required.

(c) Refuge-specific hunting regulations will not liberalize existing State laws or regulations.

(d) Refuge-specific hunting regulations are subject to change and the public is invited to submit suggestions and comments for consideration at any time.

(e) We initially publish refuge-specific hunting regulations in the daily issue of the FEDERAL REGISTER, and subsequently they appear in §§ 32.20 through 32.72, except that the refuge manager may adopt and issue relevant refuge-specific season dates and times after the State establishes its hunting seasons by publication through one or more of the methods identified in § 25.31 of this subchapter C.

(f) Refuge-specific hunting regulations may be amended or new conditions imposed at any time during the hunting season when unpredictable

## § 32.7

changes occur in wildlife populations, habitat conditions or in other factors affecting a refuge's wildlife resources. Changes in refuge-specific hunting regulations made under the conditions noted in this paragraph (f) can be in force only for the one season to which the changes apply.

[58 FR 5064, Jan. 19, 1993, as amended at 67 FR 58943, Sept. 18, 2002]

### § 32.4 Opening of wildlife refuge areas to fishing.

Wildlife refuge areas may be opened to sport fishing only after a determination is made that this activity is compatible with the purposes for which the refuge was established. In addition, the sport fishing program must be consistent with principles of sound fishery management and otherwise be in the public interest. The opening or closing of wildlife refuge areas to fishing is subject to the rulemaking requirements of the Administrative Procedure Act (5 U.S.C. 551 *et seq.*). Lands acquired as "waterfowl production areas" are open to sport fishing subject to the provisions of State laws and regulations and the pertinent provisions of parts 25 through 31 of this subchapter: *Provided*, that fishing or entry on all or any part of individual areas may be temporarily suspended by posting upon occasions of unusual or critical conditions of, or affecting, land, water, vegetation or fish and wildlife populations.

### § 32.5 What are the requirements for sportfishing on areas of the National Wildlife Refuge System?

The following provisions shall apply to each person while engaged in public sport fishing on a wildlife refuge area:

- (a) Each person shall secure and possess the required State license.
- (b) Each person shall comply with the applicable provisions of Federal law and regulation including this subchapter.
- (c) Each person shall comply with the applicable provisions of the laws and regulations of the State wherein any area is located unless the same are further restricted by Federal law or regulation.
- (d) Each person shall comply with the terms and conditions authorizing

access and use of the wildlife refuge area.

(e) Each person must comply with the provisions of any refuge-specific regulation governing fishing on the wildlife refuge area. Regulations, special conditions, and maps of the fishing areas for a particular wildlife refuge are available at that area's headquarters. In addition, refuge-specific sport fishing regulations appear in §§ 32.20 through 32.72.

[58 FR 5064, Jan. 19, 1993, as amended at 67 FR 58943, Sept. 18, 2002]

### § 32.6 What are the procedures for publication of refuge-specific sport fishing regulations?

- (a) Refuge-specific fishing regulations are issued only at the time of or after the opening of a wildlife refuge area to sport fishing.
- (b) Refuge-specific fishing regulations may contain the following items:
  - (1) Fish species that may be taken;
  - (2) Seasons;
  - (3) Creel limits;
  - (4) Methods of fishing;
  - (5) Description of areas open to fishing; or
  - (6) Other provisions as required.
- (c) Refuge-specific fishing regulations will not liberalize existing State laws or regulations.
- (d) Refuge-specific fishing regulations are subject to change and the public is invited to submit suggestions and comments for consideration at any time.

(e) We initially publish refuge-specific sport fishing regulations in the daily issue of the FEDERAL REGISTER, and subsequently they appear in §§ 32.20 through 32.72.

(f) Refuge-specific fishing regulations may be amended as needed when unpredictable changes occur in fish and wildlife populations, habitat conditions or in other factors affecting a refuge's fish and wildlife resources.

[58 FR 5064, Jan. 19, 1993, as amended at 67 FR 58943, Sept. 18, 2002]

### § 32.7 What refuge units are open to hunting and/or sport fishing?

## § 32.23 Arkansas.

The following refuge units have been opened for hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

### BALD KNOB NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, snipe, woodcock, and dove on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require refuge hunting permits. The permits are nontransferable, and anyone on refuge land in possession of hunting equip-

ment must sign, possess, and carry the permits at all times.

2. We allow hunting of duck, goose, and coot daily until 12 p.m. (noon) throughout the State seasons, except for season closures on the Farm Unit during Gun Deer Hunt and for the exception provided in A3.

3. We allow hunting for goose from ½ hour before sunrise until legal sunset after the closing of the duck season in January for the remainder of the State goose season(s) and Snow, Blue, and Ross' Goose Conservation Orders.

4. We allow hunting for dove, snipe, and woodcock when their seasons correspond with duck and/or goose seasons.

5. We prohibit commercial hunting/guiding.

6. You may only possess approved nontoxic shot shells while in the field (see § 32.2(k)) in quantities of 25 or less. The possession limit includes shells located in/on vehicles and other personal equipment.

7. We prohibit hunting closer than 100 yards (90 m) to another hunter or hunting party.

8. You must remove decoys, blinds, boats, and all other equipment (see § 27.93 of this chapter) daily by 2:00 p.m.

9. Waterfowl hunters may enter the refuge parking areas at 4:45 a.m. and access the refuge at 5 a.m.

10. Hunters may leave boats with the owner's name and address permanently displayed or valid registration on the refuge from March 1 through October 31.

11. We prohibit possession of or marking trails with materials other than biodegradable paper flagging or reflective tape/tacks.

12. We prohibit building or hunting from permanent blinds.

13. We prohibit cutting of holes or manipulation of vegetation (*i.e.*, cutting bushes, mowing, weed-eating, herbicide use, etc.) and hunting from manipulated areas (see § 27.51 of this chapter).

14. We allow retriever dogs.

15. You must unload firearms (see § 27.42(b) of this chapter) when carried in/on land vehicles or boats under power.

16. We allow waterfowl hunting from roads and levees.

17. All youth hunters age 15 and younger must remain within sight and normal voice contact of an adult age 21 or older, possessing a license. For migratory bird hunting, one adult may supervise no more than two youth hunters.

18. We prohibit target practice or non-hunting discharge of firearms (see § 27.42 of this chapter).

19. We only allow vehicle use on established roads and trails (see § 27.31 of this chapter). We limit vehicle access on the Mingo Creek Unit to ATV use, only on marked ATV trails. You may use conventional vehicles on the Farm Unit from March

1 to November 14. You may only use ATVs from November 15 to February 28 for access beyond Parking Areas.

20. We prohibit entry into or hunting in waterfowl sanctuaries from November 15 through February 28.

21. You must adhere to all public use special conditions and regulations on the annual hunt brochure/permit.

22. We prohibit airboats, hovercraft, and personal watercraft (Jet Ski, etc.).

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, quail, raccoon, opossum, beaver, muskrat, nutria, armadillo, coyote, and feral hog on designated areas of the refuge in accordance with State regulations subject to the following special conditions:

2. We divide the refuge into two hunting units: Farm Unit and Mingo Creek Unit.

3. The archery/crossbow hunting season for deer begins on the opening day of the State season and continues throughout the State season in the Mingo Creek Unit and Farm Unit except for the season closure on the Farm Unit during the Gun Deer Hunt. We provide annual season dates and bag limits on the hunt brochure/permit.

4. Muzzleloader hunting season for deer will begin in October and will continue for a period of up to 9 days in all hunting units with annual season dates and bag limits provided on the hunt brochure/permit.

5. The Gun Deer Hunt will begin in November and continue for a period of up to 9 days on the Farm Unit with annual season dates and bag limits provided on the hunt brochure/permit. We close the Mingo Creek Unit.

6. The fall archery/crossbow hunting season for turkey will begin on the opening day of the State season and continue throughout the State season on the Mingo Creek Unit only.

7. We prohibit spring and fall gun hunting for turkey.

8. Immediately record the zone 002 on your hunting license and later at an official check station for all deer and turkey harvested on the refuge.

9. You may only possess shotguns with rifled slugs, muzzleloaders, and legal pistols during the modern Gun Deer Hunt.

10. You may only use single-person portable deer stands.

11. We prohibit hunting from a vehicle or use of a vehicle as a deer stand.

12. You must permanently affix the owner's name and address to all deer stands on the refuge.

13. You must remove all deer stands from the Waterfowl Sanctuaries by November 14, except for stands used by Gun Deer Hunt permit holders who must remove their stands by the last day of the gun hunt. You must remove all stands from the rest of the refuge by the last day of the archery season (see §27.93 of this chapter).

14. We prohibit the use of dogs.

15. We prohibit the possession of buckshot on all refuge lands.

16. We prohibit hunting from a mowed and/or graveled road right-of-way.

17. Refuge lands are located in State flood zone B, and we will close them to all deer hunting when the White River gauge at Augusta reaches 31 feet (9.3 m), as reported by the National Weather Service in the *Arkansas Democrat Gazette*, and reopen them when the same gauge reading in this newspaper falls to or below 19 feet (5.7 m).

## § 32.23

## 50 CFR Ch. I (10–1–06 Edition)

18. We only allow Gun Deer Hunt permit holders on the Farm Unit during the Gun Deer Hunt.

19. We close Waterfowl Sanctuaries to all entry and hunting from November 15 to February 28, except for Gun Deer Hunt permit holders, who may hunt the sanctuary when the season overlaps with these dates.

20. An adult not less than age 21 must supervise and remain within sight and normal voice contact of hunters age 15 and under. For big game hunting, one adult may only supervise one youth.

*D. Sport Fishing.* We allow fishing and frogging in accordance with State regulations subject to the following conditions:

1. Conditions A5, A19, A21, and A22 apply.
2. We close waterfowl sanctuaries to all entry and fishing/frogging from November 15 to February 28. We also close the Farm Unit to all entry and fishing during the Gun Deer Hunt.

#### FELSENTHAL NATIONAL WILDLIFE REFUGE

*A. Hunting of Migratory Game Birds.* We allow hunting of duck, goose, coot, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow hunting of duck, goose, and coot during the State duck season except during scheduled quota refuge Gun Deer Hunts. We allow hunting of woodcock during the State season. Dates for quota deer hunts are typically in November, and we publish them annually in the refuge hunt brochure.

2. Hunting of duck, goose, and coot ends at 12 p.m. (noon) each day.

3. We only allow portable blinds. You must remove all duck hunting equipment (portable blinds, boats, guns, and decoys) (see § 27.93 of this chapter) from the hunt area by 1:30 p.m. each day.

4. You may only possess approved nontoxic shells (see § 32.2(k)) in quantities of 25 or less each day during waterfowl season; hunters may not discharge more than 25 shells per day.

5. We close areas of the refuge posted with "Area Closed" signs and identify them on the refuge hunt brochure map as a Waterfowl Sanctuary and closed to all public entry and public use during waterfowl hunting season. Exception: we open the Waterfowl Sanctuary to all authorized activities during the September teal season.

6. No person will utilize the services of a guide, guide service, outfitter, club, organization, or other person who provides equipment, services, or assistance on Refuge Sys-

tem lands for compensation unless the guide, guide services, outfitter, club, organization, or person has obtained a Special Use Permit from the refuge. It is the responsibility of the hunter to verify that the guide has the required Special Use Permit; failure to comply with this provision subjects each hunter in the party to a fine if convicted of this violation.

7. You must possess and carry a refuge hunt brochure permit. These hunt brochure permits are available in unlimited quantities at the refuge office, brochure dispensers at multiple locations throughout the refuge, and at area businesses.

8. We prohibit possession and/or use of herbicides.

9. We prohibit marking trails with tape, ribbon, paint, or any other substance other than biodegradable materials.

10. We prohibit possession or use of alcoholic beverage(s) while hunting (see § 32.2(j)). We prohibit consumption or possession of opened container(s) of alcoholic beverage(s) in parking lots, on roadways, and in plain view in campgrounds.

11. All persons born after 1968 must possess a valid hunter education card in order to hunt.

12. All youth hunters age 15 and younger must remain within sight and normal voice contact of an adult age 21 or older, possessing a license. One adult may supervise no more than two youth hunters.

13. We only allow ATVs for wildlife-dependent activities such as hunting and fishing. We restrict ATVs to designated times and designated trails (see § 27.31 of this chapter) marked with signs and paint. We identify these trails and the dates they are open for use in the refuge hunt brochure. We limit ATVs to those having an engine displacement size not exceeding 700cc. We limit ATV tires to those having a centerline lug depth not exceeding 1 inch (2.5 cm). You may use horses on roads and ATV trails (when open to motor vehicle and ATV traffic respectively) as a mode of transportation for on-refuge, wildlife-dependent activities.

14. We prohibit hunting within 150 feet (45 m) of roads and trails (see § 27.31 of this chapter) open to motor vehicle use (including ATV trails).

15. We prohibit target practice with any weapon or any nonhunting discharge of firearms (see § 27.42 of this chapter).

16. We only allow camping at designated primitive campground sites identified in the refuge hunt brochure, and we restrict camping to individuals involved in wildlife-dependent refuge activities. Campers may stay no more than 14 days during any 30 consecutive-day period in any campground and must occupy camps daily. We prohibit all disturbances, including use of generators, after 10 p.m. You must unload all weapons (see

## § 32.23

§ 26.42(b) of this chapter) within 100 yards (90 m) of a campground.

17. You may take beaver, nutria, feral hog, and coyote during any daytime refuge hunt with weapons and ammunition allowed for that hunt. There is no bag limit. You may not transport live hogs.

18. We prohibit blocking of gates and roadways (see § 27.31(h) of this chapter).

19. We allow the use of retriever dogs.

20. We require you to unload and case any firearms (see § 27.42(b) of this chapter) transported in any land vehicle, boat under power, or on horses. We define "loaded" as any shells in the gun or cap on a muzzleloader.

21. We prohibit the use or possession of any electronic call or other electronic device used for producing or projecting vocal sounds of any wildlife species.

*B. Upland Game Hunting.* We allow hunting of quail, squirrel, rabbit, raccoon, opossum, beaver, nutria, and coyote on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A4 through A18, A20, and A21 apply.

2. We allow hunting on the refuge during State seasons for this zone through January 31. We list specific hunting season dates annually in the refuge hunt brochure. We close hunting during refuge quota deer hunts. We annually publish dates for these quota deer hunts in the refuge hunt brochure.

3. We do not open for spring squirrel hunting season and summer/early fall raccoon hunting season on the refuge.

4. We prohibit possession of lead ammunition except that you may use rimfire rifle lead ammunition no larger than .22 caliber for upland game hunting. We prohibit possession of shot larger than that legal for waterfowl hunting.

5. You may use dogs for squirrel and rabbit hunting from December 1 through January 31. You may also use dogs for quail hunting and for raccoon/opossum hunting during open season on the refuge for these species. At other times, you must keep dogs and other pets on a leash or confine them (see § 26.21(b) of this chapter).

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A6, A8 through A11, A13 through A18, A20, and A21 apply.

2. We allow archery deer hunting on the refuge from the opening of the State season for this deer management zone through January 31.

3. You must possess and carry a refuge hunt brochure permit to archery deer hunt, and multiple copies of these brochures are available at the refuge office, in brochure

dispensers located at entrances throughout the refuge, and at many area businesses.

4. We close archery deer hunting during the quota deer hunts.

5. The refuge will conduct only one 2-day quota permit for the muzzleloader deer hunt (typically in October) and only two 2-day quota permits for the Gun Deer Hunts (typically in November).

6. We restrict hunt participants for quota hunts to those drawn for a quota permit. The permits are nontransferable. Hunt dates and application procedures will be available at the refuge office in July.

7. The quota muzzleloader and Gun Deer Hunt bag limit is one deer, either sex, on each hunt.

8. You must check all harvested deer during quota hunts at refuge deer check stations on the same day of the kill. We identify the check station locations in the refuge hunt brochure. Carcasses of deer taken must remain intact (except you may field dress) until checked.

9. You may only use portable deer stands. You may erect stands 2 days before each hunt, but you must remove them within 2 days after each hunt (see § 27.93 of this chapter).

10. We prohibit horses and mules during refuge quota deer hunts.

11. We open spring archery turkey hunting during the State spring turkey season for this zone. We do not open for fall archery turkey season.

12. We close spring archery turkey hunting during scheduled turkey quota gun hunts.

13. The refuge will conduct one 2-day, youth-only (age 15 and under at the beginning of the spring turkey season) quota spring turkey hunt and two 3-day quota spring turkey hunts (typically in April). Specific hunt dates and application procedures will be available at the refuge office in January. We restrict hunt participants to those selected for a quota permit, except that one nonhunting adult age 21 or older must accompany the youth hunter during the youth hunt.

14. An adult age 21 or older must accompany and be within sight or normal voice contact of hunters age 15 and under. One adult may supervise no more than one youth hunter.

15. We prohibit the use of deer decoy(s).

*D. Sport Fishing.* We allow fishing, frogging, and the taking of crawfish for personal use on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A6, A8, A9, A13, A16, and A18 apply.

2. We prohibit fishing in the waterfowl sanctuary area during the waterfowl hunting season, with the exception of the main channel of the Ouachita River and the borrow

pits along Highway 82. We post the Waterfowl Sanctuary area with "Area Closed" signs and identify those areas in refuge hunt brochures.

3. You must reset trotlines when receding water levels expose them.

4. We prohibit consumption or possession of opened container(s) of alcoholic beverage(s) in parking lots, on roadways, and in plain view in campgrounds (see § 32.2(j)).

### HOLLA BEND NATIONAL WILDLIFE REFUGE

#### *A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, raccoon, opossum, beaver, armadillo, coyote, and bobcat on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require refuge hunting permits. The permits are nontransferable, and anyone on refuge land in possession of hunting equipment must sign, possess, and carry the permits at all times.

2. You may only take all upland game mentioned above during the refuge archery season.

3. We allow gun hunting of raccoon and opossum with dogs every Thursday, Friday, and Saturday until legal sunrise during the month of February. We prohibit pleasure running or training of dogs (see § 26.21(b) of this chapter).

4. You must unload and case firearms (see § 27.42(b) of this chapter) when traveling in vehicles on refuge roads.

5. We prohibit target practice or any non-hunting discharge of firearms (see § 27.42(a) of this chapter).

6. We prohibit possession or use of alcoholic beverages.

7. We only allow ATVs for disabled hunters with a refuge ATV permit.

8. We prohibit the use of horses.

9. We prohibit hunting from a vehicle.

10. We only allow vehicle use on established roads and trails (see § 27.31 of this chapter).

11. Hunters must enter and exit the refuge from designated roads and parking areas.

12. We prohibit hunting within 150 feet (45 m) of roads and trails open to public use.

*C. Big Game Hunting.* We allow hunting of deer and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions B1 and B4 through B12 apply.

2. Archery/crossbow season for deer and turkey begins October 1 and continues through November 30.

3. Spring archery/crossbow season for turkey has the same dates as the State season.

4. The firearms spring youth hunt for turkey is the same as the State. We restrict hunting to youths under age 16. One adult age 18 or older must accompany one youth

hunter. We must receive applications for hunts by the last day of January.

5. We only allow portable deer stands. You may erect stands 2 days before the start of the season and must remove the stands from the refuge within 2 days after the season ends (see § 27.93 of this chapter).

6. You must permanently affix the owner's name and address to all deer stands on the refuge.

7. We prohibit the use of dogs.

8. We prohibit marking trees or trails with plastic or paint.

9. We prohibit hunting from paved, graveled, and mowed roads and mowed trails (see § 27.31 of this chapter).

10. We prohibit hunting with the aid of bait, salt, or ingestible attractant (see § 32.2(h)).

11. We prohibit all forms of organized drives.

12. You must check all game at the refuge check station.

*D. Sport Fishing.* We allow sport fishing in accordance with State regulations subject to the following conditions:

1. Conditions B6, B7, B8, and B10 apply.

2. Waters of the refuge are only open for fishing March 1 through October 31 during daylight hours.

3. We do not require a permit to fish but do require an entrance pass to the refuge.

4. We limit free-floating fishing devices, trotlines, and tree limb devices to 20 per person. Each device must have the angler's name and address.

5. You must reset trotlines and limb lines when receding water levels expose them.

6. We prohibit leaving trotlines and other self-fishing devices overnight or unattended.

7. We only allow bow fishing during daylight hours during August.

8. We prohibit commercial fishing.

9. We prohibit possessing turtles (see § 27.21 of this chapter).

10. We prohibit hovercraft, personal watercraft (Jet Skis, etc.), and airboats.

### OVERFLOW NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow hunting of duck, goose, and coot during the State duck season. We do not open during the September teal season. We allow hunting of woodcock during the State season.

2. Hunting of duck, goose, and coot ends at 12 p.m. (noon) each day.

3. We only allow portable blinds. You must remove portable blinds, boats, and decoys from the hunt area each day (see § 27.93 of this chapter).

4. You may only possess approved nontoxic shotshells (see § 32.2(k)) in quantities of 25 or

## § 32.23

less per day during waterfowl hunting season; hunters may not discharge more than 25 shells per day.

5. We close areas of the refuge by posting "Area Closed" signs and/or marking with purple paint and identifying on the refuge hunt brochure map as Sanctuary to all public entry and public use. Exception: we open the area identified as North Sanctuary on refuge hunt brochure map to all authorized public use activities from 2 days prior to opening of deer archery season through October 31.

6. No person will utilize the services of a guide, guide service, outfitter, club, organization, or other person who provides equipment, services, or assistance on Refuge System lands for compensation. Failure to comply with this provision subjects each hunter in the party to a fine if convicted of this violation.

7. We require a refuge hunt brochure permit that is available in unlimited quantities at the refuge office, brochure dispensers at multiple locations throughout the refuge, and at area businesses. You must possess and carry a signed permit when hunting on the refuge.

8. We prohibit possession and/or use of herbicides (see §27.51 of this chapter).

9. We prohibit marking of trails with tape, ribbon, paint, or any other substance other than biodegradable materials.

10. We prohibit possession or use of alcoholic beverage(s) while hunting (see §32.2(j)). We prohibit consumption or possession of opened container(s) of alcoholic beverage(s) in parking areas and on roadways.

11. All persons born after 1968 must possess and carry a valid hunter education card in order to hunt.

12. All youth hunters age 15 and younger must remain within sight and normal voice contact of an adult age 21 or older, possessing a license. One adult may supervise no more than two youth hunters.

13. We only allow ATVs for wildlife-dependent activities such as hunting and fishing. We restrict ATVs to designated times and designated trails (see §27.31 of this chapter) marked with signs and paint. We identify those trails and the dates they are open for use in the refuge hunt brochure. We limit ATVs to those having an engine displacement size not exceeding 700cc. We limit ATV tires to those having a centerline lug depth not exceeding 1 inch (2.5 cm). You may use horses on roads and ATV trails (when open to motor vehicle and ATV traffic respectively) as a mode of transportation for on-refuge, wildlife-dependent activities. You may use ATVs on unmarked roads and levees in the North Sanctuary beginning 2 days prior to the opening of deer archery season through October 31.

14. We prohibit hunting within 150 feet (45 m) of roads and trails (see §27.31 of this chap-

ter) open to motor vehicle use (including ATV trails).

15. We prohibit target practice with any weapon or any nonhunting discharge of weapons (see §27.42 of this chapter).

16. We prohibit blocking of gates and roadways (see §27.31(h) of this chapter).

17. You may take beaver, nutria, feral hog, and coyote during any daytime refuge hunt with weapons and ammunition legal for that hunt. There is no bag limit. We prohibit transportation of live hogs.

18. We allow retriever dogs.

19. We require you to unload and case firearms (see §27.42(b) of this chapter) transported in any land vehicle, boat under power, or on horses. We define "loaded" as shells in the gun or cap on a muzzleloader.

20. We prohibit the use or possession of any electronic call or other electronic device used for producing or projecting vocal sounds of any wildlife species.

*B. Upland Game Hunting.* We allow hunting of quail, squirrel, rabbit, raccoon, opossum, beaver, nutria, and coyote on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A4 through A17, A19, and A20 apply.

2. We allow hunting during State seasons (see State regulations for the appropriate zone) for the species listed above through January 31. We list specific hunting season dates annually in the refuge hunt brochure.

3. We do not open for the spring squirrel season and summer/fall raccoon hunting season.

4. We prohibit possession of lead ammunition except that you may use rimfire rifle lead ammunition no larger than .22 caliber for upland game hunting. We prohibit possession of shot larger than that legal for waterfowl hunting.

5. You may use dogs for squirrel and rabbit hunting January 1 through 31. You may also use dogs for quail hunting and for raccoon/opossum hunting during open season. At other times, you must keep dogs and other pets on a leash or confined (see §26.21(b) of this chapter).

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A5 through A11, A13 through A17, A19, and A20 apply.

2. Conditions A5 through A11, A13 through A17, and A19 apply.

3. We allow muzzleloader deer hunting during the October State muzzleloader season for this zone (see State regulations for appropriate zone).

4. Bag limit for the October muzzleloader deer hunt is one buck and one doe.

5. We only allow portable deer stands. You may erect stands 2 days before each hunt, but you must remove them within 2 days after each hunt (see §27.93 of this chapter).

6. We prohibit horses and mules during the muzzleloader deer hunt.

7. We allow spring archery turkey hunting during the State spring turkey season. See State regulations for appropriate zones.

8. We do not open for the fall turkey archery season and spring turkey gun season.

9. We do not open for the gun deer season and December muzzleloader deer season.

10. An adult age 21 or older must accompany and be within sight and normal voice contact of hunters age 15 and under. One adult may supervise no more than one youth hunter.

11. We prohibit the use of deer decoy(s).

12. We prohibit hunting within 150 feet (45 m) of roads and trails (see §27.31 of this chapter) open to motor vehicle use (including ATV trails).

13. We prohibit target practice with any weapon or any nonhunting discharge of firearms (see §27.42 of this chapter).

14. We only allow camping at designated primitive campground sites identified in the refuge hunt brochure. We restrict camping to the individuals involved in refuge wildlife-dependent activities. Campers may stay no more than 14 days during any consecutive 30-day period in a campground and must occupy the camps daily. We prohibit all disturbances, including use of generators, after 10 p.m. You must unload all weapons (see §27.42(b) of this chapter) within 100 yards (90 m) of a campground.

15. You may take beaver, nutria, feral hog, and coyote during any daytime refuge hunt with weapons and ammunition allowed for that hunt. We prohibit the use of dogs. There is no bag limit. You may not transport live hogs.

16. We prohibit blocking of gates and roadways (see §27.31(h) of this chapter).

17. We allow the use of retriever dogs.

18. You must unload and case firearms (see §27.42(b) of this chapter) transported in any land vehicle, boat under power, or on horses. We define "loaded" as shells in the gun or cap on a muzzleloader.

19. We prohibit the use or possession of any electronic call or other electronic device used for producing or projecting vocal sounds of any wildlife species.

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, raccoon, opossum, and beaver on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow hunting during State seasons (see State regulations for appropriate zone)

## § 32.23

## 50 CFR Ch. I (10–1–06 Edition)

for the species listed above through January 31. We annually list specific hunting season dates and quota Gun Deer Hunt dates in the refuge hunt brochure. We close upland game hunting during refuge quota Gun Deer Hunts.

2. We do not open to spring squirrel season and summer/early fall raccoon season.

3. Conditions A4 through A16, A18, and A19 apply.

4. We prohibit possession of lead ammunition, except that you may use rimfire rifle lead ammunition no larger than .22 caliber for upland game hunting. We prohibit possession of shot larger than that legal for waterfowl hunting.

5. You may use dogs for squirrel and rabbit hunting December 1 through January 31. You may also use dogs for raccoon/possum hunting during open season on the refuge for these species. At other times you must keep dogs and other pets on a leash or confined (see §26.21(b) of this chapter).

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow archery deer hunting on the refuge from the opening of the State season through January 31 (see State regulations for appropriate zone).

2. Conditions A4, A5 (for archery deer and muzzleloader deer hunts and spring turkey hunts), A6 through A9, A11 through A16, A18, and A19 apply.

3. We close archery deer hunting during the quota Gun Deer Hunts.

4. We allow muzzleloader deer hunting during the October State muzzleloader season for this deer management zone. The bag limit for the October refuge muzzleloader hunt is one buck and one doe.

5. The refuge will conduct one 2-day quota Gun Deer Hunt (typically in November).

6. We restrict hunt participants for this quota Gun Deer Hunt to those drawn for a quota permit. Hunt dates and application procedures will be available at the refuge office in July. The permits are nontransferable.

7. The quota Gun Deer Hunt bag limit is one buck and one doe.

8. You must check all deer taken during the quota hunt at the refuge deer check station on the same day of kill. You must keep carcasses of deer taken intact (you may remove entrails) until checked.

9. We prohibit horses and mules during refuge muzzleloader and quota deer hunts.

10. We open spring archery turkey hunting during the State spring turkey season for this zone. The State bag limit for this turkey hunt applies. We do not open for fall archery turkey season.

11. We close spring archery turkey hunting during scheduled turkey quota permit gun hunts.

12. The refuge will conduct one 2-day, youth-only (age 15 and younger at the beginning of the spring turkey season) quota spring turkey hunt and one 3-day spring quota turkey hunt (typically in April). Specific hunt dates and application procedures will be available in January. We restrict hunt participants on these hunts to those drawn for a quota permit, except that during the youth hunt, a nonhunting adult age 21 or older must accompany the youth hunter.

13. We prohibit the use of buckshot for gun deer hunting.

14. You may only use portable deer stands erected 2 days before each hunt, but you must remove them within 2 days after each hunt (see §27.93 of this chapter).

15. An adult age 21 or older must accompany and be within sight and normal voice contact of hunters age 15 and under. One adult may supervise no more than one youth hunter during big game hunts.

16. We prohibit the use of deer decoy(s)

*D. Sport Fishing.* We allow fishing, frogging, and the taking of crawfish for personal use on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You must reset trotlines when exposed by receding water levels.

2. Conditions A4, A6, A7, A11, A14, and A16 apply.

3. We prohibit consumption or possession of opened container(s) of alcoholic beverage(s) in parking lots, on roadways, and in plain view in campgrounds (see §32.2(j)).

### WAPANOCCA NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of snow geese on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require refuge hunting permits. The permits are nontransferable and anyone on refuge land in possession of hunting equipment must sign and carry them at all times.

2. We provide annual season dates on the hunt brochure/permit.

3. You must sign in prior to the hunt and sign out after the hunt at the Hunter Information Station.

4. You must adhere to all public use special conditions and regulations on the annual hunt brochure/permit.

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, raccoon, nutria, beaver, coyote, feral hog, and opossum in accordance with State regulations subject to the following conditions:

1. Conditions A1, A3, and A4 apply.

2. We allow shotguns using approved nontoxic shot (see §32.2(k)) and .22 long-rifle caliber rifles. We prohibit possession of lead shot and .22 magnum caliber rifles.

3. We provide annual season dates for squirrel, rabbit, raccoon, and opossum hunting on the hunt brochure/permit.

4. You may take nutria, beaver, feral hog, and coyote during any refuge hunt with the firearm allowed for that hunt, subject to State seasons on these species.

5. We prohibit dogs except for raccoon hunting where we require them. We prohibit pleasure running or training of dogs.

6. We allow raccoon hunters to use horses/mules but prohibit their use by other refuge hunters and visitors.

7. We prohibit hunting from or within 50 yards (45 m) of graveled roads and within 150 yards (135 m) of refuge buildings.

*C. Big Game Hunting.* We allow hunting of big game on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1 and A4 and B4 apply.

2. We prohibit hunting from or within 50 yards (45 m) of graveled roads and within 150 yards (135 m) of refuge buildings.

3. We specify annual season dates, bag limits, and hunting methods on the annual hunting brochure/permit.

4. Immediately record the deer zone 640 on the hunter's license and later on official check station records upon harvest of a deer.

5. You must sign in prior to the hunt and sign out after the hunt at the Hunter Information Station. You must check harvested deer at this location.

6. We prohibit dogs.

7. We allow only single-person portable tree stands. You may place tree stands on the refuge 2 days before the hunt but must remove them within 2 days after the hunt. You must permanently affix the owner's name and address on stands left on the refuge.

8. We prohibit possession of or marking trails with materials other than biodegradable paper/flagging or reflective tape/tacks.

9. We prohibit ATVs.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow fishing from March 15 through October 31 from ½ hour before legal sunrise to ½ hour after legal sunset.

2. We prohibit fishing in Big Creek and other ditches that flow through the refuge.

3. We prohibit the possession or use of live carp, shad, buffalo, or goldfish for bait.

4. We prohibit the possession or use of yo-yos, jugs, or other floating containers, drops or limb lines, trotlines, or commercial fishing tackle.

5. We prohibit fishing within 100 yards (90 m) of any refuge building.

6. We allow bank fishing but you must park vehicles in designated parking areas.

7. We prohibit the taking of frogs, mollusks, and turtles (see § 27.21 of this chapter).

8. You must use the public boat ramp off Highway 77 to launch boats into Wapanocca Lake.

9. You must remove all boats daily from the refuge (see § 27.93 of this chapter). We prohibit airboats, personal watercraft, and hovercraft.

#### WHITE RIVER NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck and coot on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You must sign, possess, and carry a refuge permit.

2. We allow duck hunting from legal sunrise until 12 p.m. (noon).

3. We allow retriever dogs.

4. You must remove blinds, blind material, and decoys (see § 27.93 of this chapter) from the refuge by 1 p.m. each day.

5. North Unit waterfowl season and youth waterfowl hunts are concurrent with State season dates.

6. You may take coot, goose, and woodcock during the State season.

7. We restrict the South Unit waterfowl season to the Jack's Bay hunt area as indicated in the general user permit. It is open every Tuesday, Thursday, Saturday, and Sunday of the concurrent State season dates.

8. Waterfowl hunters may access the refuge no earlier than 4:30 a.m.

9. The following refuge users (age 16 or older) must sign and possess and carry a refuge general user permit and a refuge fee permit (\$12.00): hunters, anglers, campers, and ATV users.

10. We prohibit boating December 1 through January 31 in the South Unit Waterfowl Hunt Area, except during designated waterfowl hunt days between 5 a.m. and 1 p.m.

11. We prohibit marking trails with materials other than biodegradable paper flagging or reflective tape/tacks.

12. We prohibit use and/or possession of alcoholic beverages while hunting (see § 32.2(j)).

13. We prohibit cutting of holes in or other manipulation of vegetation or hunting in such areas (see § 27.51 of this chapter).

14. We prohibit waterfowl hunting on Kansas Lake Area.

15. We prohibit loaded weapons in a vehicle or boat while under power (see § 27.42(b) of this chapter). We define "loaded" as a muzzleloader containing a cap or any type of ignition device, cartridges, or shells in a magazine, or cartridges or shells in a chamber of a weapon.

16. We allow duck hunting on specific scattered tracts of land, in accordance with the North Unit regulations. Consult the refuge office for further information.

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, beaver, coyote, raccoon,

and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A8, A10, A11, A12, and A14 apply.
2. You may hunt rabbit and squirrel on the North Unit during the concurrent State season dates until January 31.
3. We allow dogs for hunting of rabbit and squirrel December 1 through January 31 on the North Unit.
4. You may hunt rabbit and squirrel on the South Unit from the beginning of the concurrent State season through November 30.
5. We prohibit dogs on the South Unit for the purpose of squirrel or rabbit hunting.
6. You may only possess approved nontoxic shot when hunting upland game, except turkey (see §32.2(k)). We allow the possession of lead shot for hunting turkey.
7. We close all upland game hunts during quota modern gun and quota muzzleloader deer hunts.
8. We allow spring squirrel hunting with the concurrent State spring season dates.

*C. Big Game Hunting.* We allow the hunting of white-tailed deer and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A8, A10, A11, A12, and A14 apply.
2. Archery deer and turkey seasons on the North Unit will begin with the concurrent State archery season and end January 31.
3. Archery deer and turkey seasons on the South Unit will begin with the concurrent State archery season and end November 30.
4. Modern gun quota deer season is the first 3 days of the State season for the North and South Units. We require a quota permit. You may take one deer of either sex.
5. The muzzleloader quota deer season is the first 3 days of the State season for the North and South units. We require a quota permit. You may take one deer of either sex.
6. We allow modern guns on the North Unit as per dates indicated in the general user brochure. We only allow take of one legal buck.
7. You may only hunt the North and South Unit by muzzleloader with a quota hunt permit. You may only take one deer of either sex. We list the season in the refuge hunt brochure/permit.
8. We allow muzzleloader guns on the North Unit for 6 consecutive days following the 3-day muzzleloader quota hunt.
9. State deer limits apply to archery hunting season except during the refuge muzzleloader and modern gun season.
10. We close all nonquota hunting during the quota deer hunts.
11. We do not open to the bear season on all refuge-owned lands, including those lands in Trusten Holder Wildlife Management Area.

12. If you harvest deer and turkey on the refuge, you must immediately record the zone 660 on your hunting license and later at an official check station.

13. We prohibit muzzleloader and modern gun deer hunting in the Kansas Lake Area after October 30 of each year.

14. We close refuge lands on the North Unit to all deer hunting and fall turkey hunting when the White River gauge reading at St. Charles reaches 23 feet (8.4 m), as reported by the National Weather Service in the *Arkansas Democrat Gazette*, and will reopen these lands when the same gauge reading in this newspaper falls to or below 21 feet (6.3 m).

15. We close refuge lands on the South Unit to all deer hunting and fall turkey hunting when the White River gauge reading at St. Charles reaches 23 feet (8.4 m) and the gauge at Lock and Dam # 1 reaches 145 feet (43.5 m) simultaneously as reported by news release and will reopen these lands when the same gauge reading reaches 21 feet (6.3 m) and 143 feet (42.9 m), respectively, as reported by news release.

16. We restrict access and refuge use during quota hunts to quota permit holders. We require a quota permit for all use during quota deer hunts.

17. We prohibit hunting with the aid of bait, salt, or ingestible attractant (see §32.2(h)).

18. We prohibit the use of dogs and/or horses other than specified in the general user permit.

19. We prohibit all forms of organized drives.

20. We prohibit firearm hunting from or across roadways, levees, and maintained utility rights-of-way for deer only.

21. We prohibit hunting from a tree in which a metal object has been driven to support a hunter.

22. We prohibit leaving a hunt stand after a hunt season.

23. We prohibit target practice or any non-hunting discharge of firearms (see §27.42 of this chapter).

24. We prohibit modern gun and muzzleloader deer hunting on Kansas Lake Area after October 30.

25. You may take beaver, nutria, and feral hog incidental to any daytime refuge hunt with weapons allowed for that hunt.

*D. Sport Fishing.* We allow fishing and frogging on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A8 and A10 apply.
2. We allow fishing year-round in LaGrue, Essex, Prairie, Scrubgrass and Brooks Bayous, Big Island Chute, Moon and Belknap Lakes next to Arkansas Highway 1, Indian Bay, the Arkansas Post Canal and adjacent drainage ditches; those borrow ditches located adjacent to the west bank of that portion of the White River Levee north of the

Arkansas Power and Light Company powerline right-of-way; and all refuge-owned waters located north of Arkansas Highway 1. We open all other refuge waters to sport fishing from March 1 through November 30 unless posted otherwise.

3. We require a refuge Special Use Permit to fish with any type tackle other than hook and line.

4. We allow frogging on all refuge-owned waters open for sport fishing as follows: We allow frogging on the South Unit from the beginning of the State season through November 30; we allow frogging on the North Unit for the entire State season.

5. We allow the use of bow and arrow for taking bullfrogs or fish by a refuge Special Use Permit.

6. We allow crawfishing.

7. We require a Special Use Permit for all commercial fishing on the refuge in addition to compliance with State regulations governing commercial fishing.

8. We allow commercial fishing on the North Unit year-round. We prohibit commercial turtling on both the North and South Units year-round.

9. We allow commercial fishing on the South Unit October 1 through November 30 and annually when the White River exceeds 23.5 feet (7 m) at the St. Charles, Arkansas gauge.

10. We prohibit take or possession of any freshwater mussels, and we do not open to mussel shelling.

11. You must reset trotlines when receding water levels expose them, and you cannot leave them unattended. The ends of trotlines must consist of a length of cotton line that extends from the points of attachment into the water.

ignated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow hunting in tidal areas, including salt marshes, sloughs, mudflats, and open waters of the San Francisco Bay. Unless posted in the field and/or noted below, we allow hunting by boat in all refuge tidal areas up to the mean high-water line. We close the following tidal areas to hunting and/or shooting:

i. Newark Slough to hunting and shooting from its source to Hetch-Hetchy Aqueduct, a distance of 3½ miles (5.6 km);

ii. Dumbarton Point Marsh to the Hetch-Hetchy Aqueduct (west side of Newark Slough); and

iii. The headwaters of Mallard Slough (Artesian Slough) in the vicinity of the Environmental Education Center to hunting, as designated by posted signs.

2. We allow hunting in the 17 salt evaporation ponds listed below. These ponds are surrounded by levees and were formerly part of the San Francisco Bay. We have not opened any other ponds.

i. Ponds R1 and R2 in the Ravenswood Unit. These ponds are located on the west side of the Dumbarton Bridge between Ravenswood Slough and Highway 84. You may access these ponds only by foot or bicycle from either of two trailheads off Highway 84. We prohibit hunting within 300 feet (90 m) of Highway 84. These ponds will be open 7 days a week.

ii. Ponds M1, M2, M3, M4, M5, M6, and A19 in the Mowry Slough Unit. These ponds are located on the east side of the Bay between Mowry Slough and Coyote Creek. You may only access these ponds by boat. You may land your boat at specific points on the Bay side of the levee as designated by refuge signs. You may pull your boat across the levee from the Bay. We prohibit hunting within 300 feet (90 m) of the Union Pacific Railroad track. These ponds will be open 7 days a week.

iii. Ponds AB1, A2E, AB2, A3N, and A3W in the Alviso Unit. These ponds are located on the west side of the Bay between Stevens Creek and Guadalupe Slough. You must obtain a refuge Special Use Permit to hunt these ponds. Access to Ponds AB1 and A2E will be from the Crittenden Lane Trailhead in Mountain View. Access to Ponds A3W will be from the Carl Road Trailhead in Sunnyvale. Access to Ponds A3N and AB2 is by boat from the other ponds. We allow hunting only from existing hunting blinds. We allow hunting only on Wednesdays, Saturdays, and Sundays on these ponds.

iv. Ponds A5, A7, and A8N in the Alviso Unit. These ponds are located on the south end of the Bay between Guadalupe Slough and Alviso Slough. You must obtain a refuge Special Use Permit to hunt these ponds. Access is via walking and bicycling from the

## § 32.24

Gold Street gate in Alviso. We allow hunting from existing hunting blinds and by walking pond levees. We allow hunting only on Wednesdays, Saturdays, and Sundays on these ponds.

3. During the 2 weekends before the opening of the hunt season, you may bring a boat into Ponds AB1, A2E, AB2, A3N, A3W, A5, A7, and A8N and moor it at a designated site only if authorized by a valid refuge Special Use Permit. These boats will be used to access the hunting blinds and will stay in the pond during the hunt season. You must remove your boat within 2 weeks following the close of the hunt season. We allow non-motorized boats and motorized boats powered by electric or 4-stroke gasoline motors only.

4. You may maintain an existing blind in the ponds open to hunting if you have a valid refuge Special Use Permit, but the blind will be open for general use on a first-come, first-served basis. We prohibit pit blinds or digging into the levees (see §27.92 of this chapter).

5. You must remove all decoys and other personal property (except personal boats authorized by a refuge Special Use Permit) from the refuge by legal sunset. You must remove all trash, including shotshell hulls, when leaving hunting areas (see §§27.93 and 27.94 of this chapter).

6. Hunters may enter closed areas of the refuge to retrieve downed birds, provided they leave all weapons in a legal hunting area. We encourage the use of retriever dogs. You must keep your dog(s) under immediate control of the handler at all times (see §26.21(b) of this chapter). Dogs must remain inside a vehicle or be on a leash until they are on the ponds or on the levees (Ponds R1, 2, A5, 7, and 8N only) as a part of the hunt.

7. You may possess only approved nontoxic shot while in the field (see §32.2(k)).

8. You must keep firearms unloaded (see §27.42(b) of this chapter) until you are within the designated hunt area.

9. We prohibit target practice on the refuge or any nonhunting discharge of firearms (see §27.42 of this chapter).

10. At the Ravenswood Unit only, we only allow portable blinds or construction of temporary blinds of natural materials that readily decompose. We prohibit collection of these natural materials from the refuge (see §27.51 of this chapter). You must remove portable blinds (see §§27.93 and 27.94 of this chapter) by legal sunset. Temporary blinds become available for general use on a first-come, first-served basis on subsequent days. We prohibit permanent blinds, pit blinds, or digging into the levees (see §27.92 of this chapter). We prohibit entry into closed areas of the refuge prior to the hunt season in order to scout for hunting sites or to build blinds.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow fishing from land at the Coyote Creek Lagoon in Fremont, the Faber-Laumeister Unit in East Palo Alto, the Dumbarton Fishing Pier, and along the San Francisco Bay shoreline within ½ mile (0.8 km) of the Dumbarton Fishing Pier. We also allow fishing from boats in the Bay and major slough channels. We close Mallard Slough to boats from March 1 through August 31, and we close Mowry Slough from March 15 to June 15. We prohibit fishing in salt evaporation ponds or marshes.

2. We open fishing areas daily (except we close the Dumbarton Fishing Pier and adjacent shoreline on Thanksgiving, Christmas, and New Year's Day). We open the Dumbarton Fishing Pier from 7 a.m. to 6 p.m. November 1 through March 31 and 7 a.m. to 8 p.m. April 1 through October 31. We open Coyote Creek Lagoon and Faber-Laumeister Unit from legal sunrise to legal sunset.

3. We prohibit the collection of bait of any type from the refuge except from the Dumbarton Fishing Pier, where it is legal to collect bait for noncommercial purposes.

4. We prohibit the use of balloons to float hooks and bait farther than hand casting.

5. We prohibit personal watercraft (*e.g.*, Jet Skis, waterbikes) on the refuge.

### HAVASU NATIONAL WILDLIFE REFUGE

Refer to §32.22 Arizona for regulations.

### HUMBOLDT BAY NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, coot, common moorhen, and snipe on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require adults age 18 or older to accompany youth hunters age 16 and under. No more than three youth hunters may accompany one adult hunter.

2. You may only possess approved nontoxic shot while in the field (see §32.2(k)).

3. We prohibit public access into or through closed areas and designate closed areas as nonretrieval zones.

4. You may only use portable blinds in the free-roam hunting areas (*i.e.*, all hunt areas except Salmon Creek Unit).

5. You must remove all blinds, decoys, shell casings, and other personal equipment and refuse from the refuge at the end of each day (see §§27.93 and 27.94 of this chapter).

6. We require hunters to restrain dogs inside vehicles except when using them for authorized hunting purposes (see §26.21(b) of this chapter).

7. On the Salmon Creek Unit, we allow hunting on Tuesdays and Saturdays (except

## § 32.24

## 50 CFR Ch. I (10–1–06 Edition)

Federal holidays), and hunters must possess and carry a valid daily refuge permit. We issue refuge permits prior to each hunt by random drawing conducted at the check station 1½ hours before legal shooting time.

8. On the Salmon Creek Unit, you may only possess approved nontoxic shotshells (see § 32.2(k)) in quantities of 25 or less per day.

9. On the Salmon Creek Unit, we restrict hunters to within 100 feet (30 meters) of the assigned hunt site except for placing and retrieving decoys, retrieving downed birds, or traveling to and from the parking area. You must unload firearms (see § 27.42(b) of this chapter) while transporting them between the parking lot and designated blind sites.

10. We open the waters of Hookton Slough (including Teal Island) and White Slough (including Egret Island) to hunting on Saturdays, Sundays, Wednesdays, Federal holidays, and the opening and closing day of the State waterfowl hunting season. We have not opened the portion of the Hookton Slough unit between the dike and Hookton Road to hunting and firearms. We have not opened the boat dock on the Hookton Slough Unit to hunting and firearms and restrict use to non-motorized boats only.

11. We open the Table Bluff Unit (southwest corner of South Bay) to hunting.

12. We open portions of the Eureka Slough and Jacoby Creek Units to hunting. We designate the Eureka Slough and Jacoby Creek Units as boat access only. On the Eureka Slough and Jacoby Creek Units, we prohibit hunting within 100 yards (90 meters) of Highway 101.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* We allow fishing on the refuge in accordance with State regulations subject to the following condition: We allow fishing from the designated shoreline trail and dock (for nonmotorized boats only) at the Hookton Slough Unit from legal sunrise to legal sunset, only using pole and line or rod and reel.

### IMPERIAL NATIONAL WILDLIFE REFUGE

Refer to § 32.22 Arizona for regulations.

### KERN NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* Hunting of geese, ducks, coots and moorhens is permitted on designated areas of the refuge subject to the following conditions:

1. Hunters assigned to the spaced blind unit must travel to and from parking areas and blind sites with firearms unloaded.

2. Hunters assigned to the spaced blind unit must remain within 100 feet of the numbered steel post (blind site) except when pursuing cripples, placing decoys or traveling to and from the parking area.

3. Hunters may not possess more than 25 shells while in the field.

4. Hunters must park in assigned lots.

5. Only nonmotorized boats are permitted.

*B. Upland Game Hunting.* Hunting of pheasant is permitted on designated areas of the refuge subject to the following conditions:

1. Pheasant hunting is only permitted in the free roam unit.

2. You may possess only approved nontoxic shot while in the field.

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* [Reserved]

### LOWER KLAMATH NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of geese, ducks, coots, moorhens, and snipe on designated areas of the refuge subject to the following conditions:

1. In the controlled waterfowl hunting area, we require entry permits for the first 2 days of the waterfowl season for all hunters 16 years of age or older. An adult with a permit must accompany hunters under the age of 16 hunting in the controlled area. We require advance reservations for the first 2 days of the hunt.

2. Shooting hours end at 1:00 p.m. on all California portions of the refuge with the following exceptions:

a. The refuge manager may designate up to 6 afternoon special youth or disabled hunter waterfowl hunts per season; and

b. The refuge manager may designate up to 3 days per week of afternoon waterfowl hunting for the general public after December 1.

3. You may carry only unloaded firearms on hunter access routes open to motor vehicles or when taking them through posted retrieving zones when traveling to and from the hunting areas.

4. You may not set decoys in retrieving zones.

5. We do not allow air-thrust and inboard waterthrust boats.

6. You may possess only approved nontoxic shot while in the field.

*A. Migratory Game Bird Hunting.* We allow hunting of duck and coot on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You must possess and carry a signed refuge waterfowl hunt permit while hunting.

2. We allow hunting in the interior of the refuge south of latitude line 26.27.130. We have not opened to hunting from the perimeter canal or levee and those areas posted as closed.

3. The refuge open waterfowl season is concurrent with the State season. The refuge does not participate in any early experimental seasons. Hunters may only take duck and coot.

4. We do not open to hunting on Mondays, Tuesdays, and Christmas Day.

5. Refuge hunting hours are from ½ hour before legal sunset to 1 p.m. Hunters may enter the refuge no earlier than 5 a.m. and must be off the refuge by 3 p.m.

6. Hunters must only enter and leave the refuge at the Headquarters Area (Boynton Beach) and the Hillsboro Area (Boca Raton) (see § 27.31 of this chapter).

7. Hunters must unload and case or dismantle firearms (see § 27.42(b) of this chapter) when outside of hunting area and when en route to or from the hunting area. Hunters may only use no greater than .10 gauge shotguns. We prohibit all other firearms or weapons (see §§ 27.42 and 27.43 of this chapter).

8. We only allow temporary blinds of native vegetation. We prohibit the taking, removing, or destroying of refuge vegetation (see § 27.51 of this chapter).

9. Hunters must remove decoys and other personal property (see § 27.93 of this chapter) from the hunting area each day.

10. We encourage the use of dogs to retrieve dead or wounded waterfowl. Dogs must remain under the immediate control of the owner at all times (see § 26.21(b) of this chapter). We prohibit pets at all other times.

## 50 CFR Ch. I (10–1–06 Edition)

11. A hunter must complete a daily bag report card and place it in an entrance fee canister each day.

12. All youth hunters age 15 and younger must remain within sight and normal voice contact of an adult age 21 or older, possessing a license. Youth hunters must have completed a hunter education course.

13. We only allow boats equipped with outboards or electric motors and nonmotorized boats. We prohibit airboats, Hovercraft, and personal watercraft (Go Devils, Jet Skis, jet boats, and Wave Runners). We recommend all boats operating within the hunt area fly a 12 inch by 12 inch (30 cm × 30 cm) orange flag, 10 feet (3 m) above the vessel's waterline.

14. We prohibit motorized vehicles of any type on the levees and undesignated routes (see § 27.31 of this chapter).

15. For emergencies or to report violations, contact law enforcement personnel at 561-936-4100.

1. We require hunters to possess and carry signed refuge hunt permits for all hunts.
2. We designated open and closed refuge hunting areas on the map in the refuge hunt permit that the hunter must possess and carry.
3. You must park vehicles in a manner that does not block roads or gates (see §27.31(h) of this chapter).
4. We prohibit the use of ATVs (see §27.31(f) of this chapter).
5. We prohibit horses.
6. We prohibit possession of a loaded firearm or bow and arrow (see §27.42(b) of this chapter) while on a refuge road right-of-way designated for motorized vehicle travel or in any vehicle or boat. We define “loaded” as shells in the chamber or magazine or percussion cap on a muzzleloader, or arrow notched in a bow.
7. We prohibit hunting from refuge roads open to public vehicle travel.
8. We prohibit construction of permanent blinds or stands.
9. In addition to State hunter education requirements, an adult (parent or guardian) age 21 or older must supervise and must remain within sight of and in normal voice contact of the youth hunter age 15 and under. Parents or adult guardians are responsible for ensuring that hunters under age 16 do not engage in conduct that would constitute a violation of the refuge regulations. An adult may supervise no more than two youths.
10. We prohibit all commercial activities, including guiding or participating in a guided hunt.

11. We prohibit target practice or any non-hunting discharge of firearms (see §27.42 of this chapter).

12. We prohibit marking any tree, or other refuge feature, with flagging, litter, paint, or blaze.

13. We allow marking trails with reflective markers, but you must remove the markers (see §§27.93 and 27.94 of this chapter) at the end of the refuge deer hunting season.

14. Hunters utilizing the refuge are subject to inspection of licenses, permits, hunting equipment, bag limits, vehicles, and their contents during compliance checks by refuge or State law enforcement officer.

15. Hunters must be at their vehicles by 1 hour after legal shooting time.

*B. Upland Game Hunting.* We allow hunting of gray squirrel, armadillo, opossum, rabbit, raccoon, coyote, and beaver on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A15 apply.
2. The refuge upland game hunting season opens on the Monday after the refuge limited hog hunt closes and ends on February 28.
3. You may only possess .22 caliber rimfire rifle (but not .22 magnum) firearms (see §27.42 of this chapter) or shotguns with shot no larger than #4 common or bows with arrows that have judo or blunt tips. We prohibit possession of arrows capable of taking big game during the upland game hunting season.
4. We allow night hunting in accordance with State regulations for raccoon and opossum on Wednesday through Saturday nights from legal sunset until legal sunrise during the month of February.

*C. Big Game Hunting.* We allow hunting of big game on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A15 apply.
2. We prohibit the use of hunting and tracking dogs for all deer and hog hunts.
3. We require quota hunt permits (issued through a random draw) for the limited deer gun hunt, limited hog hunt, and limited youth gun deer hunt. They cost \$12.50.
4. Quota hunt permits are nontransferable.
5. Hunters may only use archery equipment in accordance with State archery regulations during the refuge archery season.
6. Hunters may only use muzzleloading firearms (see §27.42 of this chapter) in accordance with State muzzleloader regulations during the refuge muzzleloader season.
7. We prohibit hunting from a tree in which a metal object has been driven (see §32.2(i)).
8. You may leave temporary tree stands on the refuge starting on the last weekend of August, but you must remove them by the last day of the general gun hunting season (see §27.93 of this chapter).

9. All hunters (including all persons accompanying hunters) must wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of fluorescent orange visible above the waistline while hunting during all refuge deer gun hunts.

10. We prohibit the use of organized drives for taking or attempting to take game.

11. The refuge general gun season begins on the opening Saturday of the Florida State Central Management Zone, General Gun season and ends on the following Friday. It reopens on the Monday after the refuge limited deer season and ends on the following Sunday. The refuge general gun season lasts 14 days.

12. The refuge limited either-sex deer hunt is on the second Saturday and Sunday of the State Central Management Zone General Gun season. This coincides with the opening of the State's either-sex hunt deer hunting season.

13. The youth limited Gun Deer Hunt is the Saturday and Sunday following the close of the refuge general gun season.

14. The refuge limited hog hunt begins on the first Monday after the Florida State Central Management Zone General Gun (antlered deer and wild hog) season closes, and ends on the following Sunday.

15. During the limited youth hunt, an adult age 21 or older must accompany the youth, age 15 and under, but only the youth hunter may hunt and handle the firearm.

16. We confine the limited youth hunt to the Levy County portion of the refuge, and hunters must access the refuge from Levy County Road 347.

17. We allow hunting of deer (except spotted fawns), feral hog (no size or bag limit), gray squirrel, rabbit, armadillo, opossum, raccoon, beaver, and coyote during the archery season.

18. Hunters may take deer, with one or more antlers at least 5 inches (12.5 cm) in length visible above the hairline, and feral hog (no bag or size limit) during the muzzle-loader and general-gun season.

19. Hunters may take hog (no size or bag limit), and a maximum of two deer per day, during the limited deer gun hunt and limited youth gun deer hunt, except only one deer may be a buck for each of the 2-day limited hunts.

20. Hunters may take hog (no size or bag limit) during the limited hog hunt.

21. We prohibit all other public entry or use of the hunting area during the limited hog, limited gun, and limited youth deer hunts. During the limited gun hunt and limited hog hunt, the Dixie Mainline road will remain open to all public vehicles, but we prohibit firearms except for permit holders.

22. Hunters must check all game harvested during all deer and hog hunts.

23. You may only take turkey during the State spring turkey hunting season.

24. You may only take bearded turkeys during the spring turkey hunt.

25. Shooting hours for spring turkey begin ½ hour before legal sunrise and end at 1 p.m.

26. We only allow shotguns with shot no larger than size 2 common shot or bows and arrows for spring turkey hunting.

*D. Sport Fishing.* We allow sport fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Anglers may take game and nongame fish only with pole and line or rod and reel.

2. We prohibit taking of frogs and turtles (see § 27.21 of this chapter).

3. We prohibit leaving boats on the refuge overnight (see § 27.93 of this chapter).

4. We prohibit consumption of alcohol or possession of open alcohol containers in the public use areas of Shired Island boat launch/fishing and parking lot area and the Shell Mound fishing/recreational area (see § 32.2(j)).

#### MERRITT ISLAND NATIONAL WILDLIFE REFUGE

1. You must possess and carry a current signed refuge permit at all times while hunting on the refuge.

2. You must possess and carry a refuge waterfowl hunting quota permit while hunting areas 1 or 4, from the beginning of the regular waterfowl season through December 31.

3. You may hunt Wednesdays, Saturdays, Sundays, and all Federal holidays that fall within the State's waterfowl season.

4. You may hunt in four designated areas of the refuge as delineated in the refuge hunting regulations map. We prohibit hunters entering the normal or expanded restricted areas of the Kennedy Space Center.

5. You may only hunt on refuge-established hunt days from legal shooting time until 1 p.m.

6. You may enter no earlier than 4 a.m. for the purpose of hunting.

7. We require all hunters to successfully complete a State-approved hunter education course.

8. We require an adult, age 18 or older, to supervise hunters under the age 18.

9. We prohibit accessing a hunt area from Black Point Wildlife Drive, Playalinda Beach Road, or Scrub Ridge Trail (see § 27.31 of this chapter).

10. We prohibit construction of permanent blinds (see § 27.92 of this chapter) or digging into dikes.

11. We prohibit hunting or shooting from any portion of a dike, road, or railroad grade.

12. We prohibit hunting within 150 yards (135 m) of SR 402 or SR 406.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* We allow you to fish, crab, clam, oyster, and shrimp in designated areas of the refuge as delineated in the refuge fishing regulations map in accordance with State regulations subject to the following conditions:

1. You must possess and carry a current, signed refuge fishing permit at all times while fishing on the refuge.
2. We allow fishing at night in the waters of Mosquito Lagoon, Indian River Lagoon, Banana River, and Haulover Canal.
3. We allow launching of boats at night only from Bair's Cove, Beacon 42, and Bio Lab boat ramps.
4. We prohibit crabbing or fishing, and access for the purpose of crabbing or fishing, from Black Point Wildlife Drive or any side road connected to Black Point Wildlife Drive except L Pond Road.
5. We prohibit launching boats, canoes, or kayaks from Black Point Wildlife Drive or any side road connected to Black Point Wildlife Drive except L Pond Road.
6. Anglers and crabbers must attend their lines at all times.
7. We prohibit harvesting or possession of horseshoe crabs.
8. We prohibit use of personal watercraft, air thrust boats, and hovercraft.
9. Vessels must not exceed idle speed in Bairs Cove and KARS Marina or slow speed/minimum wake in Haulover Canal.
10. We prohibit motorized vessels in the Banana River within the posted "No-Motor Zone," including any vessel having an attached motor or a nonattached motor capable of use (including electric trolling motor).
11. We prohibit fishing within the normal or expanded restricted areas of the Kennedy Space Center.
12. We prohibit the use of internal combustion engines within the two zones in Mosquito Lagoon. The zones include the posted waters located north of WSEG Boat Ramp and west of the Intra Coastal Waterway and the posted waters on Tiger Shoals extending from the northeast refuge boundary southward to the waters just south of Preachers Island.

ST. MARKS NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck and coot on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require refuge permits for hunting the Piney Island unit. Permits are available at no cost from the refuge office. Each hunter must possess and carry a signed hunt permit when using the hunt area.
2. You must remove blinds daily (see § 27.93 of this chapter).
3. Hunters may access the hunt area by boat.
4. We allow retriever dogs to recover game.

*B. Upland Game Hunting.* We allow hunting of grey squirrel, rabbit, raccoon, and feral hog in accordance with State regulations subject to the following conditions:

1. We require refuge permits for hunting upland game. Permits are available at no cost from the refuge office. Each hunter must possess and carry a signed permit while participating in a hunt.
2. Hunters must wear 500 square inches (3,250 cm<sup>2</sup>) of fluorescent orange above the waistline.
3. You may use .22 caliber rim-fired rifles, shotguns with nontoxic shot (see § 32.2(k)), or muzzleloaders. You may use shotgun slugs, buckshot, or archery equipment to take feral hogs. We prohibit the use or possession of other weapons. You must unload all firearms for transport in vehicles (uncap muzzleloaders) (see § 27.42 of this chapter).
4. We prohibit dogs in the hunt area.
5. There is no limit on the size or number of feral hogs that hunters may take.
6. We allow hunting on designated areas of the refuge. Contact the refuge office for specific dates.
7. We prohibit hunting from any named or numbered road.
8. We prohibit cleaning of game within 1,000 feet (300 m) of any developed public recreation area, game check station, or gate.
9. The refuge is only open to daylight use.
10. You must check out all game taken at a game check station.

*C. Big Game Hunting.* We allow hunting of white-tailed deer, feral hog, and bearded turkey in accordance with State regulations subject to the following conditions:

1. We require refuge permits issued by lottery. Lottery applications are available at the refuge office each year beginning in July. There is a fee for permits. Permits are non-transferable. There is an additional fee for duplicate permits. Each hunter must possess and carry a signed permit when participating in a hunt. Prior to hunting each day, you

must check-in at a hunt check station as specified in the refuge hunt brochure. You must check out upon completion of hunting each day.

2. Conditions B4, B5, B8, and B10 apply.

3. We prohibit hunting from any named or numbered road (with the exception of persons hunting in the mobility impaired hunt).

4. You may access the refuge hunt areas by vehicle for prehunt scouting 2 days prior to the hunt for which you are drawn. We prohibit weapons in the hunt area during the prehunt scouting (see §27.42 of this chapter).

5. There is a two-deer limit per hunt as specified in C8 and C9 below, except in the youth hunt, where the limit is one deer per hunt as specified in C11 below. The limit for bearded turkey is one per hunt. There is no limit on feral hog.

6. We prohibit the use of deer decoys.

7. We prohibit the use of flagging, paint, or blazes.

8. There are two fall archery hunts: hunters may harvest either sex deer, bearded turkey, or feral hogs during the fall archery hunts. There will be a fall archery hunt on the Panacea and Wakulla Units. We prohibit other weapons in the hunt area (see §27.43 of this chapter). Contact the refuge office for specific dates.

9. There is a winter archery/muzzleloader hunt. Hunters may harvest doe deer, antlerless deer, bearded turkey, or feral hog. We define "antlerless deer" as deer with antlers less than 1 inch (2.5 cm) above the hairline and "antlered deer" as deer with antlers at least 1 inch (2.5 cm) above the hairline. If the first deer you harvest is an antlerless male, you may harvest another doe or antlerless deer as your second deer. If the first deer you harvest is a doe, you may bring it to the check station, and we will give you a permit to harvest an antlered deer. With the antlered deer permit, you may harvest any deer as your second deer. Archery equipment and muzzleloaders must meet the requirements set by the State. We prohibit other weapons in the hunt area (see §27.43 of this chapter). Contact the refuge office for specific dates.

10. There are two modern gun hunts. Modern guns must meet State requirements. We will hold one hunt on the Panacea Unit and one on the Wakulla Unit. You may harvest deer as described in C9 above. You may also harvest one bearded turkey or feral hog (no limit). Contact the refuge office for specific dates.

11. There is one youth hunt, for youths ages 10 to 15, on the St. Marks Unit in an area to be specified in the refuge hunt brochure. Hunters may harvest one deer of either sex or feral hog (no limit). An adult, age 21 or older, must accompany each youth hunter, and each adult may accompany only one youth. The adult must possess a refuge permit. Only the youth hunter may handle

or discharge firearms. Contact the refuge office for specific dates.

12. There is one mobility-impaired hunt on the Panacea Unit in the area west of County Road 372. Hunters may harvest doe deer, antlerless deer, bearded turkey, or feral hog. See definition for "antlerless deer" in C9 above. We will give each hunter that harvests a doe deer a permit to harvest an antlered deer, as described in C9 above. Hunters may have an able-bodied hunter accompany them. You may transfer permits issued to able-bodied assistants. We limit those hunt teams to two deer per hunt. Contact the refuge office for specific dates.

13. There is one spring gobbler hunt. You may harvest one bearded turkey per hunt. You may only use shotguns to harvest turkey. Contact the refuge officer for specific dates. You must unload and dismantle or case weapons (see §27.42(b) of this chapter) after 1 p.m.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit taking blue crabs from impoundments or canals on the St. Marks Unit.

2. We only allow fishing in refuge lakes, ponds, and impoundments from legal sunrise to legal sunset.

3. We allow fishing in tidal and coastal waters 24 hours per day year-round.

4. We prohibit use of boats with motors over 10 hp on any refuge lake, pond, or impoundment.

5. We allow use of boats on impoundments on the St. Marks Unit from March 15 through October 15 each year.

6. We prohibit taking of frogs or turtles (see §27.21 of this chapter).

7. We prohibit use of cast nets, traps, or dip nets to take fish from any lake, pond, or impoundment on the refuge.

8. You must attend all fishing equipment.

9. We prohibit bow fishing on refuge lakes, ponds, and impoundments.

10. The interior ponds and lakes on the Panacea Unit are open year-round for bank fishing. We open vehicle access to these areas from March 15 through May 15 each year. Ponds and lakes that you can access from County Road 372 are open year-round for fishing and boating.

11. We prohibit commercial boats, air-thrust boats, and personal watercraft to launch at the saltwater boat ramp on the St. Marks Unit.

12. We prohibit air-thrust boats or personal watercraft to launch from Wakulla Beach.

13. All fish must remain in a whole condition when being transported from the refuge.

#### ST. VINCENT NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow hunting of white-tailed deer, sambar deer, raccoon, and feral hog on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require refuge permits. The permits are nontransferable and must be possessed and carried while hunting. Only signed permits are valid. We only allow people with a signed refuge hunt permit on the island during the hunt periods.

2. We restrict hunting to three hunt periods: Sambar deer, raccoon, and feral hog—November 17–19; and white-tailed deer, raccoon, and feral hog—December 15–17 and January 5–7. Hunters may check-in and set up camp sites and stands on November 16, December 14, and January 4. Hunters must leave the island and remove all equipment by 11 a.m. on November 20, December 18, and January 8.

3. Hunters must check-in at the check stations on the island. We restrict entry onto St. Vincent Island to the Indian Pass and West Pass campsites. We restrict entry during the sambar deer hunt to the West Pass Campsite. All access to hunt areas will be on foot or by bicycle from these areas.

4. We close to public entry all areas marked with eagle nesting area, shorebird closed area, or area closed signs.

5. Hunt hours are ½ hour before legal sunrise until 3 p.m. for the sambar deer hunt. All other hunt times will be in accordance with Florida Wildlife Commission regulations.

6. We restrict camping and fires (see §27.95 of this chapter) to the two designated camping areas. We may restrict or ban fires during dry periods.

7. Hunters may set up camp after receiving their hunting permit. We allow camping beginning on the first day of the hunt period, and campers must remove all personal equipment (see §27.93 of this chapter) from St. Vincent Island by 11 a.m. on Sunday of the hunt period.

8. You may only set up tree stands after you check-in, and you must remove them from the island at the end of the hunt (see §27.93 of this chapter).

9. You may only retrieve game from the closed areas if accompanied by a refuge officer.

10. All youth hunters age 15 and younger must remain within sight and normal voice contact of an adult age 21 or older, possessing a license. Each adult may only supervise one youth hunter.

11. We will issue permits for the white-tailed deer December and January hunts beginning at legal sunrise on the first day of the hunt period. You must obtain permits at the check station prior to accessing the hunt area.

12. We issue permits for the sambar deer hunt by computer drawing. You may obtain

applications after May 15 from the refuge office (P.O. Box 447, Apalachicola, FL 32329).

13. Primitive weapons hunters (sambar deer and January white-tailed deer hunt), when outside the campsite area, must wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of a solid, unbroken pattern of fluorescent orange-colored material visible above the waistline.

14. We limit weapons to muzzleloaders or bow and arrow on the sambar deer hunt and the January white-tailed deer hunt. We limit the December hunt to bow and arrow. Weapons must meet all State regulations.

15. We allow only stand, still, and stalk hunting. We prohibit man drives.

16. We prohibit the use of flagging material and/or bright eyes. We prohibit defacing of plants or trees (see §27.51 of this chapter).

17. We prohibit target practice on the refuge (see §27.42 of this chapter). You may discharge muzzleloaders at the designated discharge area between 5 a.m. and 9 p.m.

18. Nonmovement stand hours for all hunts will be from legal morning shooting time until 9 a.m.

19. We prohibit discharging of weapons (including cap firing) in campgrounds (see §27.42 of this chapter).

20. Weapons must have the caps removed from muzzleloaders and arrows quivered before and after legal shooting hours.

21. Hunters must check out at the check station prior to leaving the refuge at the end of their hunt. A refuge staff member or volunteer must check the campsites before the hunters leave the refuge.

22. We prohibit motorized equipment, generators, or land vehicles (except bicycles).

23. Refuge personnel must check and tag game harvested before the hunter leaves the island.

24. We prohibit littering (see §27.94 of this chapter) and cutting of live trees (see §27.51 of this chapter). Only dead and downed wood may be cut.

25. Bag limits:

i. Sambar deer hunt—two sambar deer, no limit on feral hog or raccoon.

ii. Archery hunt—one white-tailed deer of either sex (no spotted fawns or spike bucks), no limits on feral hogs or raccoons.

iii. Primitive weapons hunt—one white-tailed deer buck having one or more forked antlers at least 5 inches (12.5 cm) in length visible above the hairline with points greater than 1 inch (2.5 cm) in length; we issue a limited number of either-sex permits. If you have an either sex permit, the bag limit is one deer that may be antlerless or a buck legal antler configuration. There is no limit on feral hog or raccoon.

26. We prohibit bringing live game into the check station.

27. Hunters must observe quiet time in the campground between 9 p.m. and 5 a.m. We

prohibit loud or boisterous behavior or activity.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You may fish from legal sunrise to legal sunset.

3. We close the following Divisions to all public access: Louisa Division—September 14 until January 1; Horseshoe Bend Division—September 14 until December 1; Keithsburg Division—September 15 until January 1.

4. Anglers must remove boats and all other fishing devices (see §27.93 of this chapter) at the end of each day's fishing.

5. We only allow motor boats on Horseshoe Bend Division for fishing during the periods when flood water enables access from the river over the levee.

#### TWO RIVERS NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of migratory game birds only on the Apple Creek Division in accordance with State regulations subject to the following conditions:

1. We only allow portable blinds.

2. Hunters must remove boats, decoys, and portable blinds (see §27.93 of this chapter) at the end of each day.

*B. Upland Game Hunting.* We allow upland game hunting only on the Apple Creek Division and the portion of the Calhoun Division east of the Illinois River Road in accordance with State regulations subject to the following conditions:

1. You may only possess approved nontoxic shot while hunting, except turkey (see §32.2(k)). We allow possession of lead shot for turkey hunting.

2. We allow hunting from legal sunrise to legal sunset.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on the Apple Creek Division and the portion of the Calhoun Division east of the Illinois River Road in accordance with State regulations subject to the following condition: We only allow the use of portable stands, and hunters must remove them at the end of each day (see §27.93 of this chapter).

*D. Sport Fishing.* We allow fishing on the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit the taking of turtle or frog (see §27.21 of this chapter).

2. We only allow fishing from legal sunrise to legal sunset.

3. From October 15 through December 31 we close the Batchtown, Gilbert Lake, and Portage Island Divisions, and the portion of the Calhoun Division north and west of the Illinois River Road, to all public access.

4. Anglers must remove boats and all other fishing devices (see §27.93 of this chapter) at the end of each day.

5. We only allow boats on the Gilbert Lake Division for fishing during those periods when flood water enables access from the river over the levee.

#### UPPER MISSISSIPPI RIVER NATIONAL WILDLIFE AND FISH REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of migratory game birds on designated areas of the refuge subject to the following conditions:

1. In areas posted "Area Closed" or "No Hunting Zone," we prohibit hunting of migratory game birds at all times. In addition to areas posted "No Hunting Zone," we prohibit hunting within 50 yards (45 m) of the Great River Trail at Thomson Prairie, within 150 yards (135 m) of the Great River Trail at Mesquaki Lake, and within 400 yards (360 m) of the Potter's Marsh area in Pool 13.

2. We require permits for Potters Marsh in Pool 13 except during the early teal season.

3. You may possess only approved nontoxic shot while in the field.

4. On Pools 4 through 11, you may not place or leave decoys on the refuge during the time from ½ hour after the close of legal shooting hours, until 1 hour before the start of legal shooting hours.

5. This condition applies to Pools 4 through 11 only. We prohibit construction of permanent hunting blinds using manmade materials. At the end of each day's hunt, you must remove all manmade blind materials you brought onto the refuge. Any blinds containing manmade materials left on the refuge are subject to immediate removal and disposal. Manmade materials include, but are not limited to: wooden pallets, lumber, railroad ties, fence posts (wooden or metal), wire, nails, staples, netting, or tarps. We allow you to leave only seasonal blinds, made entirely of natural vegetation and biodegradable twines, on the refuge. We consider all such blinds public property and open to use by any person on a first-come basis. We allow you to gather only willow, grasses, marsh vegetation, and dead wood on the ground from the refuge for blind-building materials. We prohibit cutting or removing any other refuge trees or vegetation.

## § 32.33

## 50 CFR Ch. I (10–1–06 Edition)

6. For Pools 12, 13 (excluding the Lost Mound Unit), and 14, we allow the following: hunting from boat blinds or scull boats; construction of permanent blinds from dimensional lumber (however, we prohibit use of nonbiodegradable materials such as metal, plastic, or fiberglass); and use of local, native-only species such as willow, cattail, bulrush, lotus, arrowhead vegetation, and dead wood on the ground for blind building and camouflage. We prohibit bringing nonnative species (alive or dead) onto the refuge and cutting or removing any other trees or vegetation (see §27.51 of this chapter). Hunters must place an identification card with name, address, and telephone number inside the permanent blind. Blinds not occupied by 1 hour before legal sunrise are available on a first-come, first-served basis.

7. We allow the use of hunting dogs, provided the dogs remain under the immediate control of the hunter at all times (see §26.21(b) of this chapter).

*B. Upland Game Hunting.* We allow hunting of upland game on designated areas of the refuge subject to the following conditions:

1. In areas posted “No Hunting Zone,” we prohibit possession of firearms at all times (see §27.42 of this chapter). In addition to areas posted “No Hunting Zone,” we prohibit hunting within 50 yards (45 m) of the Great River Trail at Thomson Prairie, within 150 yards (135 m) of the Great River Trail at Mesquaki Lake.

2. In areas posted “Area Closed,” we only allow hunting beginning the day after the close of the applicable State duck hunting season until upland game season closure or March 15, whichever occurs first, except we allow spring turkey hunting during State seasons.

3. On areas open to hunting, we prohibit hunting or possession of firearms from March 16 until the opening of State fall hunting seasons, except we allow spring turkey hunting during State seasons.

4. Shotgun hunters may possess only approved nontoxic shot when hunting for any permitted birds or other small game, except wild turkey. We still allow possession of lead shot for hunting wild turkey.

5. You may use lights and dogs to hunt raccoons, and other specifically authorized small mammals, in accordance with State regulations. We allow such use of lights on the refuge at the point of kill only. We prohibit all other uses of lights for hunting on the refuge.

6. We allow the use of hunting dogs provided the dogs remain under the immediate control of the hunter at all times (see §26.21(b) of this chapter).

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge subject to the following conditions:

1. Condition B1 applies.

2. In areas posted “Area Closed,” we only allow hunting beginning the day after the close of the applicable State duck hunting season until big game season closure or March 15, whichever occurs first.

3. On areas open to hunting, we only allow hunting or possession of firearms until season closure or March 15, whichever occurs first.

4. We do not allow construction or use of permanent blinds, platforms, or ladders.

5. You must remove all stands from the refuge at the end of each day’s hunt.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge subject to the following conditions:

1. On Spring Lake Closed Areas, Carroll County, Illinois, we prohibit fishing from October 1 until the day after the close of the State duck hunting season.

2. On Mertes Slough, Buffalo County, Wisconsin, we allow only hand-powered boats or boats with electric motors.

3. For the purpose of determining length limits, slot limits, and daily creel limits, the impounded areas of Spring Lake, Duckfoot Marsh, and Pleasant Creek in Pool 13 are part of the Mississippi River site-specific State regulations.

### § 32.36 Kentucky.

The following refuge units have been opened for hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

#### CLARKS RIVER NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of mourning dove, woodcock, common snipe, Canada and snow goose, coot, and waterfowl listed in 50 CFR 10.13 under DUCKS on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. The refuge is a day-use area only, with the exception of legal hunting/fishing activities.

2. We prohibit the use of motorized off-road vehicles (e.g., ATVs) on the refuge (see § 27.31(f) of this chapter).

3. We prohibit target practice with any weapon or nonhunting discharge of firearms (see § 27.42 of this chapter).

4. We prohibit the use of horses and mules on refuge property during the State muzzle-loader and modern gun deer hunts. We allow horseback riding on refuge roads and portions of the abandoned railroad tracks owned by the refuge for access purposes while engaged in wildlife activities. We prohibit horses and mules off these secondary access routes for any reason.

5. You must possess and carry a valid refuge permit while hunting and/or fishing on the refuge.

6. To retrieve or track game from a posted closed area of the refuge, the hunter must first request permission from the refuge manager at 270-527-5770 or the law enforcement officer at 270-703-2836.

7. We prohibit the use of flagging tape, reflective tacks, or nonbiodegradable devices used to identify paths to and mark tree stands, blinds, and other areas.

8. We close those portions of abandoned railroad tracks within the refuge boundary to vehicle access (see § 27.31 of this chapter).

9. We prohibit discharge of firearms or carrying loaded firearms on or within 100 feet (90 m) of any home, the abandoned railroad tracks, graveled roads, and hiking trails.

10. We prohibit possession and/or use of herbicides (see § 27.51 of this chapter).

11. We prohibit possession or use of alcoholic beverages while hunting (see § 32.2(j)).

12. We prohibit the use of electronic calls with the exception for taking crow during crow season.

13. An adult, age 21 or older, must supervise all youth hunters, age 15 and under. Youth hunters must remain in sight and normal voice contact with the adult. On small game hunts, the adult may supervise no more than two youths; on big game hunts, the adult may supervise no more than one youth.

14. All persons born after January 1, 1975 must possess a valid hunter education card while hunting.

15. Waterfowl hunters must pick up decoys and equipment (see §§ 27.93 and 27.94 of this chapter), unload firearms (see § 27.42(b) of this chapter), and be out of the field by 2 p.m. daily during the State waterfowl season.

16. You may only use portable or temporary blinds that must be removed (see §§ 27.93 and 27.94 of this chapter) from the refuge daily.

17. We close, as posted, the Sharpe-Elva Water Management Unit from November 1 through March 15 to all entry with the exception of drawn permit holders and their guests.

18. We only allow waterfowl hunting on the Sharpe-Elva Water Management Unit on specified Saturdays and Sundays during the State waterfowl season. We only allow hunting by individuals in possession of a refuge draw permit and their guests. State regulations and the following conditions apply:

i. Application procedures and eligibility requirements are available from the refuge office.

ii. We allow permit holders and up to three guests to hunt their assigned provided blind on the designated date. We prohibit guests in the blind without the attendance of the permit holder.

iii. We prohibit selling, trading, or bartering of permits. This permit is non-transferable.

iv. You may place decoys out Saturday morning at the beginning of the hunt, and you must remove them by Sunday at the close of the hunt (see §§ 27.93 and 27.94 of this chapter).

v. We prohibit watercraft in the Sharpe-Elva Water Management Unit, except for drawn permit holders to access their assigned blinds and retrieve downed birds as needed.

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, quail, raccoon, opossum,

crow, and coyote on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A14 apply.
2. We close squirrel, rabbit, and quail seasons during muzzleloader and modern gun deer hunts.
3. You may not kill or cripple a wild animal without making a reasonable effort to retrieve the animal and harvest a reasonable portion of that animal and include it in your daily bag limit.
4. You may use only rimfire rifles, pistols, shotguns, and legal archery equipment for taking upland game.
5. We prohibit possession and use of lead ammunition, except that you may use rimfire rifle and pistol lead ammunition no larger than .22 caliber for upland game hunting.
6. You may hunt coyote during any daytime refuge hunt with weapons and ammunition allowed for that hunt.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A15 and B3 apply.
2. We only allow the use of portable and climbing stands. You may place stands in the field no earlier than 2 weeks prior to the opening of deer season, and you must remove them from the field within 1 week after the season closes (see §§ 27.93 and 27.94 of this chapter). The hunter's name and address must appear on all stands left in the field.
3. You must use safety belts at all times when occupying the tree stands.
4. We prohibit organized deer drives of two or more hunters. We define "drive" as: the act of chasing, pursuing, disturbing, or otherwise directing deer so as to make animals more susceptible to harvest.

*D. Sport Fishing.* We allow fishing and frogging on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A15 apply.

### OHIO RIVER ISLANDS NATIONAL WILDLIFE REFUGE

Refer to § 32.68 West Virginia for regulations.

### REELFOOT NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* We allow hunting of squirrel and raccoon on the refuge in accordance with State regulations subject to the following conditions:

1. The refuge is a day-use area only, with the exception of legal hunting/fishing activities.
2. We prohibit the use of motorized off-road vehicles (*e.g.*, ATVs) on the refuge (see § 27.31(f) of this chapter).

3. We set season dates and bag limits annually and publish them in the refuge public use regulations available at the refuge office.

4. You must possess and carry a valid refuge permit and report game taken as specified within the permit.

5. We allow hunters to access the refuge no more than 2 hours before legal sunrise and no more than 2 hours after legal sunset with the exception of raccoon hunters, who we will allow access from 7 p.m. to 12 a.m. (midnight).

6. All youth hunters age 15 and younger must remain within sight and normal voice contact of an adult age 21 or older, possessing a license. One adult hunter may supervise no more than two youth hunters.

*C. Big Game Hunting.* We allow hunting for white-tailed deer and turkey on the refuge in accordance with State regulations subject to the following conditions:

1. Conditions B1 through B6 apply.
2. You may only participate in the refuge firearms deer and turkey hunts with a special quota permit issued through random drawing. You may obtain information on permit applications at the refuge headquarters.
3. You may only possess approved nontoxic shot while turkey hunting on the refuge (see § 32.2(k)).

4. We only allow the use of portable blinds and tree stands on the refuge. You must remove blinds, tree stands, and all other personal equipment from the refuge at the end of each day (see § 27.93 of this chapter).

*D. Sport Fishing.* We allow fishing on the refuge in accordance with State regulations subject to the following conditions:

1. We allow access to the Long Point Unit (north of Upper Blue Basin) for fishing from March 16 through November 14, and the Grassy Island Unit (south of Upper Blue Basin) for fishing from February 1 through November 14.

2. We allow fishing on the refuge from legal sunrise to legal sunset.

3. We prohibit taking of frog or turtle on the refuge (see § 27.21 of this chapter).

4. We prohibit airboats, hovercraft, or personal watercraft (Jet Skis) on any waters within the refuge boundary.

### ATCHAFALAYA NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, coot, snipe, and woodcock on designated areas of the refuge subject to the following condition: Hunting must be in accordance with Sherburne Wildlife Management Area regulations.

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, raccoon, opossum, nutria, muskrat, mink, fox, bobcat, beaver, and otter on designated areas of the refuge subject to the following condition: Hunting must be in accordance with Sherburne Wildlife Management Area regulations.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge subject to the following condition: Hunting must be in accordance with Sherburne Wildlife Management Area regulations.

*D. Sport Fishing.* We allow finfishing and shellfishing year-round in accordance with Sherburne Wildlife Management Area regulations subject to the following condition: We prohibit all commercial finfishing and shellfishing.

### BAYOU COCODRIE NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Hunters must possess and carry a signed refuge permit.

2. We allow migratory game bird hunting on Tuesdays, Thursdays, Saturdays, and Sundays until 12 p.m. (noon) during the State season. We do not open for the special teal season and State youth waterfowl hunt.

3. We prohibit hunting within 150 feet (45 m) of the maintained rights-of-way of roads, refuge road or designated trail, building, residence, or designated public facility.

4. You must remove temporary blinds (see § 27.93 of this chapter) used for duck hunting by 12 p.m. (noon) on the last day of the State waterfowl season. You must clearly mark any stand or blind left on the refuge with the name and address of the person using the stand or blind. You must remove decoys daily.

5. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

6. Youth hunters under age 16 must have completed a hunter education course and possess and carry evidence of completion. An adult age 21 or older must closely supervise youth hunters (within sight and normal voice contact). One adult may supervise no more than two youth hunters while hunting migratory game birds.

7. We prohibit any person or group to act as a hunting guide, outfitter, or in any other capacity that any other individual(s) pays or

promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

8. We prohibit use or possession of any type of trail-marking material.

9. Coyote, beaver, feral hog, and raccoon are incidental take species and, as such, you may take them during any open hunting season only with the weapon allowed for that season, if you are a hunter having the required licenses and permits. There is no bag limit on coyote and beaver. The feral hog bag limit is 10 per year, and the raccoon bag limit is 1 per day.

10. We prohibit entering the refuge from private property and/or hunt leases; you may use only designated entry sites.

11. You must check all game taken on the refuge before leaving the refuge at one of the self-clearing check stations indicated on the map in the refuge Hunting and Fishing Regulations Brochure.

12. You must use boats to access the refuge from Bayou Cocodrie or Cross Bayou. We prohibit entering the refuge from U.S. Highway 84. You must dock all boats used to access the refuge on the banks of the refuge. Boats used to cross “low water crossings” at Cross Bayou may be left for a maximum of 3 days, and you must clearly mark them with the name and address of the person responsible for the boat while it is on the refuge. We only allow outboard motors in Cocodrie Bayou and tributaries accessible therefrom.

13. We only allow ATVs on designated trails (see § 27.31 of this chapter) from September 1 through the hunting season. An all-terrain vehicle (ATV) is an off-road vehicle with factory specifications not to exceed the following: weight 750 pounds (337.5 kg), length 85 inches (212.5 cm), and width 48 inches (120 cm). We restrict ATV tires to those no larger than 25×12 with a maximum 1 inch (2.5 cm) lug height and a maximum allowable tire pressure of 7 psi as indicated on the tire by the manufacturer.

14. We require all refuge users to sign in at a designated check station upon entering the refuge and sign out upon their departure.

15. Hunters with mobility impairments must possess and carry a valid special access permit from the refuge to use special access ATV trails (see § 27.31 of this chapter). State requirements for “Mobility-Impaired” classification apply. Mobility-impaired hunters must present their State “Disabled Hunter” card at the refuge headquarters to apply for the refuge special access permit.

16. You may only possess approved nontoxic shot while hunting on the refuge (see § 32.2(k)). This requirement only applies to the use of shotgun ammunition.

*B. Upland Game Hunting.* We allow hunting of squirrel and rabbit on designated areas of

the refuge in accordance with State regulations subject to the following conditions:

1. We allow squirrel and rabbit hunting during the State season except during the open youth hunt for deer, the youth lottery hunt, the muzzleloader hunt, and the lottery deer hunt.

2. Conditions A1, A3, and A7 through A16 apply.

3. We allow the use of dogs to hunt squirrel and rabbit during that portion of the season designated as "With/Without Dogs." We list specific season dates in the refuge brochure.

4. While engaged in upland game hunting, we prohibit possession of firearms (see §27.42 of this chapter) larger than .22 caliber rim-fire, shotgun slugs, or buckshot.

5. Hunters must enter the refuge no earlier than 2 hours before legal sunrise and must exit the refuge within 2 hours after legal sunset.

6. Youth hunters under age 16 must have completed a hunter education course and possess and carry evidence of completion. An adult age 21 or older must closely supervise youth hunters (within sight and normal voice contact). One adult may supervise no more than one youth hunter while hunting upland game.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A3, A7 through A16, and B5 apply.

2. The bag limit is one deer (of either sex) per day. The State season limit applies.

3. You must check all deer on the same day taken during lottery deer hunts at a staffed refuge check station.

4. Archery hunters must possess and carry proof of completion of the International Bowhunters Education Program.

5. We require a minimum of 400 square inches (2,600 cm<sup>2</sup>) of unbroken hunter orange as the outermost layer of clothing on the chest and back, and in addition, we require a hat or cap of unbroken hunter orange. You must wear the solid hunter-orange items while in the field.

6. You may place temporary stands no more than 2 days prior to the opening of the respective season, and you must remove them by the last day of archery season (see §27.93 of this chapter). You must clearly mark any stand left on the refuge with the name and address of the person using the stand.

7. We only allow deer hunting with modern firearms during the lottery deer hunt. We require special limited permits for the lottery deer hunt. We only allow hunters with a valid lottery deer hunt permit (must possess and carry the permit) to use the refuge during the lottery deer hunt.

8. We open archery season on the Saturday closest to October 31, and keep it open until

the end of the State season, except we close the refuge to archery hunting during the refuge youth hunt, youth lottery hunt, and lottery deer hunt.

9. We allow deer hunting with muzzleloaders subject to State regulations. Specific open dates will appear in the annual Refuge Hunting and Fishing Regulations Brochure.

10. We prohibit possession or use of buckshot.

11. We prohibit possession or use of climbing spikes.

12. We prohibit possession or distribution of bait or hunting with the aid of bait, including any grain, salt, minerals, or other feed or any nonnaturally occurring attractant on the refuge (see §32.2(h)).

13. Youth hunters under age 16 must have completed a hunter education course and possess and carry evidence of completion. An adult age 21 or older must closely supervise youth hunters (within sight and normal voice contact). One adult may supervise no more than one youth hunter while hunting big game.

*D. Sport Fishing.* We allow fishing on the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A11 through A15 apply.

2. You must tend trotlines daily. You must attach ends of trotlines by a length of cotton line that extends into the water.

3. We prohibit commercial fishing. Recreational fishing using commercial gear (slat traps, etc.) requires a special refuge permit (that you must possess and carry) available at the refuge office.

4. We prohibit the taking of alligator snapping turtle (see §27.21 of this chapter).

5. We only allow fishing during daylight hours.

### BAYOU SAUVAGE NATIONAL WILDLIFE REFUGE

50 CFR Ch. I (10–1–06 Edition)

attend all fishing, crabbing, and crawfishing equipment at all times.

4. The use of trotlines, limblines, slat traps, gar sets, nets or alligator lines is prohibited on the refuge.

5. Only outboard motors 25 horsepower or less are permitted in waterways inside the hurricane protection levee.

6. We prohibit air-thrust boats, motorized pirogues, mud boats, and air-cooled propulsion engines on the refuge.

7. We prohibit feeding of any wildlife within the refuge.

8. We prohibit all commercial finfishing and shellfishing.

BAYOU TECHE NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of migratory game birds on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You must possess and carry a signed Public Use Permit while on the refuge. This permit is free and available on the front cover of the refuge's brochure.

2. We prohibit hunting in and/or shooting into or across any open field, roadway, or canal.

3. Youth hunters under age 16 must have completed a hunter education course and possess and carry evidence of completion. An adult age 21 or older must closely supervise youth hunters (within sight and normal voice contact). One adult can supervise no more than two youth hunters while hunting migratory game birds. All hunters and adult supervisors must possess and carry proof of completion of a State Hunter Education Course.

4. All hunters must have a refuge lottery hunting permit prior to hunting. You will find applications for refuge permits (that you must possess and carry) inside the refuge hunting, fishing, and public use brochures.

5. All hunters must check-in prior to hunting and check out after hunting at a refuge self-clearing check station. You must report all game taken on the refuge when checking out by using the check card.

6. We prohibit airboats and marsh buggies (tracked vehicles) on the refuge. We restrict motorized boat use to existing canals, ditches, trenasses, ponds, and from areas marked as nonmotorized areas only.

7. We prohibit parking, walking, or hunting within 150 feet (45 m) of any active oil well site, production facility, or equipment. We also prohibit hunting within 150 feet (45 m) of any public road, refuge road, trail, building, residence, or designated public facility.

8. We prohibit feeding of any wildlife within the refuge.

9. We allow hunting until 12 p.m. (noon). We allow hunters to enter the refuge up to 2 hours before legal sunrise.

10. We open the refuge to hunting of migratory game bird on Wednesdays, Thursdays, Saturdays, and Sundays of the State waterfowl season.

11. We allow hunting in the Centerville, Garden City, Bayou Sale, North Bend—East, and North Bend—West Units through November 30. After November 30, we allow hunting in the Centerville, Garden City, and Bayou Sale Units only. We open no other units to hunting of migratory game birds.

12. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

13. You may only possess approved nontoxic shot while hunting on the refuge (see §32.2(k)). This requirement only applies to the use of shotgun ammunition.

*B. Upland Game Hunting.* We allow hunting of squirrel and rabbit on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We only allow hunting from the start of the State squirrel and rabbit seasons until the last day of State waterfowl season in the West Zone.

2. We prohibit upland game hunting on days corresponding with refuge deer gun hunts.

3. We allow hunters to enter the refuge up to 2 hours before legal sunrise, but they must leave the refuge 1 hour after legal sunset.

4. We allow hunting 7 days a week beginning with the opening of State seasons in the Centerville, Garden City, Bayou Sale, North Bend—East, and North Bend—West Units through November 30. After November 30, we only allow hunting on Wednesdays, Thursdays, Saturdays, and Sundays in the Centerville, Garden City, and Bayou Sale Units until 12 p.m. (noon). We open no other units to hunting of upland game.

5. We prohibit dogs.

6. Conditions A1 through A8 and A13 apply.

*C. Big Game Hunting.* We allow the hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We only allow hunting of deer with firearms (see §27.42 of this chapter) during 7 specific days in November. A youth gun hunt will occur during the first weekend in November. The first of two general gun hunts will occur on the third weekend, and the final general gun hunt will occur during the final full weekend of November. These gun hunts include both Saturday and Sunday only, except the final general gun hunt will additionally include the Friday immediately before the weekend.

2. We allow hunting of deer with archery equipment from the start of the State archery season until the last day of November,

except for those days that deer gun hunts occur.

3. All archery hunters must possess and carry proof of completion of the International Bowhunters Education Program.

4. We allow hunting in the Centerville, Garden City, Bayou Sale, North Bend—East, and North Bend—West Units only. We do not open the Bayou Sale Unit for all big game firearm hunts.

5. We only allow each hunter to possess 1 deer of either sex per day. State season limits apply.

6. You may take no other native or feral wildlife other than white-tailed deer while engaged in big game hunting (see §27.21 of this chapter).

7. We prohibit possession of buckshot.

8. We require a minimum of 400 square inches (2,600 cm<sup>2</sup>) of unbroken hunter orange as the outermost layer of clothing on the chest and back, and, in addition, we require a hat or cap of unbroken hunter orange. You must wear the solid hunter-orange items while in the field.

9. Conditions A1 through A8 and B3 apply.

*D. Sport Fishing.* We allow fishing in all refuge waters in accordance with State regulations subject to the following conditions:

1. We only allow recreational fishing. We prohibit all commercial fishing activity.

5. You must possess and carry a valid refuge hunt permit.

6. We prohibit air-thrust boats, motorized pirogues, mud boats, and air-cooled propulsion engines on the refuge.

7. Youth hunters under age 16 must have completed a hunter education course and possess and carry evidence of completion. An adult age 21 or older must closely supervise

youth hunters (within sight and normal voice contact). One adult may supervise no more than two youth hunters while hunting migratory game.

8. The refuge is open from ½ hour before legal sunrise to ½ hour after legal sunset.

9. We prohibit possession of buckshot, slugs, rifles, or rifle ammunition.

10. We prohibit hunting within 150 feet (45 m) of the maintained rights-of-way of roads, refuge road, trail, building, residence, designated public facility, above-ground oil and gas or electrical facilities, or from across ATV trails (see §27.31 of this chapter).

11. You may only possess approved nontoxic shot while hunting on the refuge (see §32.2(k)).

12. Hunters may not enter the refuge before 4 a.m.

13. We prohibit any person or group to act as a hunting guide, outfitter, or in any other capacity that any other individual(s) pays or promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, woodcock, and quail on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow upland game hunting during the open State season using only approved nontoxic (see §32.2(k)) shot size #4 or smaller.

2. You may only use dogs for squirrel and rabbit after the close of the State gun deer season.

3. We only allow dogs to locate, point, and retrieve when hunting for snipe, woodcock and quail.

4. Conditions A5 through A13 apply.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and feral hog on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We are open during the State season for archery hunting of deer.

2. We only allow portable stands.

3. We prohibit dogs and driving deer.

4. You may take deer of either sex for the entire archery deer season. The State season limits apply.

5. You must remove all deer stands within 14 days of the end of the refuge deer season (see §27.93 of this chapter).

6. You may only take hogs during the refuge archery hunt with bow and arrow.

7. We prohibit possession or distribution of bait or hunting with the aid of bait, including any grain, salt, minerals or other feed or any nonnaturally occurring attractant on the refuge (see §32.2(h)).

8. Conditions A5 through A11 apply.

9. Youth hunters under age 16 must have completed a hunter education course and possess and carry evidence of completion. An adult age 21 or older must closely supervise youth hunters (within sight and normal voice contact). One adult may supervise no more than one youth hunter while hunting big game.

10. Conditions A5 through A13 apply.

*D. Sport Fishing.* We allow fishing in designated waters of the refuge in accordance with State regulations subject to the following conditions:

1. You may only fish during from legal sunrise to legal sunset.
2. You must only use rods and reel or pole and lines while fishing.
3. We prohibit trotlines, slat traps, jug lines, or nets.
4. We allow recreational crabbing.
5. We prohibit all commercial finfishing and shellfishing.
6. We prohibit the taking of turtle (see § 27.21 of this chapter).
7. Condition A6 applies.

BLACK BAYOU LAKE NATIONAL WILDLIFE  
REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You must possess and carry a signed refuge hunt permit.
2. We allow hunting north of “cemetery pipeline” and east of the main body (permanent water) of Black Bayou Lake.

6. We prohibit hunting within 150 feet (45 m) of the maintained right-of-way of roads, from or across ATV trails (see § 27.31 of this chapter). We prohibit hunting within 50 feet (15 m), or trespassing on above-ground oil or gas production facilities.
7. We prohibit leaving boats, blinds, and decoys unattended.
8. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.
9. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. One adult may supervise two youth hunters.
10. We prohibit any person or group to act as a hunting guide, outfitter, or in any other

capacity that any other individual(s) pays or promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

11. We only allow ATVs on trails (see § 27.31 of this chapter) designated for their use and marked by signs. We do not open ATV trails March 1 through August 31. An all-terrain vehicle (ATV) is an off-road vehicle with factory specifications not to exceed the following: weight 750 lbs. (337.5 kg), length 85 inches (212.5 cm), and width 48 inches (120 cm). We restrict ATV tires to those no larger than 25×12 with a maximum of 1 inch (2.5 cm) lug height and a maximum allowable tire pressure of 7 psi as indicated on the tire by the manufacturer.

*B. Upland Game Hunting.* We allow hunting of quail, squirrel, rabbit, raccoon, and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A2, A4, A6, A9, and A10 apply.
2. We prohibit possession of firearms (see § 27.42 of this chapter) larger than .22 caliber rimfire, shotgun slugs, and buckshot.
3. You may hunt raccoon and opossum from ½ hour before sunrise to ½ hour after sunset of rabbit and squirrel season and at night during December and January. You may use dogs for night hunting. We prohibit selling raccoon and opossum taken on the refuge for human consumption.
4. We allow use of dogs to hunt squirrel and rabbit after the refuge archery deer hunt.
5. We allow use of horses and mules to hunt raccoon and opossum at night only after obtaining a Special Use Permit at the refuge office.
6. We prohibit opossum and raccoon night hunters from using ATVs.
7. You may enter the refuge no earlier than 4 a.m. and must exit no later than 1 hour after legal shooting hours.
8. You may only possess approved nontoxic shot (see § 32.2(k)) while hunting on the refuge. This requirement only applies to the use of shotgun ammunition.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A4, A6, A10, A11, and B7 apply.
2. We allow archery deer hunting during October, November, and December north of “cemetery pipeline” and east of the main body (permanent water) of Black Bayou Lake.
3. We prohibit gun deer hunting.
4. The daily bag limit is one deer of either sex. The State season limit applies.

5. Hunters must possess and carry proof of completion of the International Bowhunters Education Program.

6. We prohibit leaving deer stands, blinds, and other equipment unattended.

7. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. One adult may supervise no more than one youth hunter.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You may enter the refuge ½ hour before legal sunrise, and you must exit no later than ½ hour after legal sunset.

2. You may only launch boats at the concrete ramp adjacent to the visitor center. We prohibit launching boats with motors greater than 50 hp. We prohibit personal watercraft (Jet Skis).

3. We prohibit trotlines, limb lines, yo-yos, traps, or nets.

4. We prohibit commercial fishing.

5. We prohibit leaving boats or other equipment on the refuge overnight (see §27.93 of this chapter).

6. We require a boat launch fee. You must pay launch fees and fill out and properly display your launch permit before launching boat.

7. We prohibit take of frog, turtle, and mollusk (see §27.21 of this chapter).

8. We prohibit crossing the water hyacinth blooms in a boat.

#### BOGUE CHITTO NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow hunting from ½ hour before legal sunrise until 12 p.m. (noon).

2. We only allow woodcock hunting using approved nontoxic shot (see §32.2(k)) size #4 or smaller.

3. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. For waterfowl hunts, one adult may supervise two youth hunters.

4. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

5. We require a signed refuge hunt permit.

6. We allow public hunting refuge-wide during the open State season for listed species, except for the east levee of the Pearl River

Navigation Canal as indicated on refuge permit map.

7. We prohibit hunting within 150 feet (45 m) of any public road, refuge road, trail, building, residence, designated public facility or from or across above-ground oil or gas or electrical facilities.

8. We prohibit possession of slugs, buckshot, or rifle or pistol ammunition larger than .22 caliber rimfire.

9. We allow primitive camping within 100 feet (30 m) of designated streams. These include either bank of the Boque Chitto River, Wilson Slough, and West Pearl River south of Wilson Slough, refuge lands along the East Pearl River, and Holmes Bayou.

10. We prohibit any person or group to act as a hunting guide, outfitter, or in any other capacity that any other individual(s) pays or promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, raccoon, and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You may only possess approved nontoxic shot while hunting on the refuge (see §32.2(k)). This requirement only applies to the use of shotgun ammunition.

2. You may use dogs for squirrel during a portion of the squirrel season, typically in November and from after the close of the refuge gun deer season until the end of the State squirrel season.

3. You may use dogs for rabbit during a portion of the squirrel season, typically in November and after the close of the State gun deer season.

4. You may use dogs for raccoon; the season is typically during the months of January and February.

5. We will close the refuge to hunting (except waterfowl) and camping when the Pearl River reaches 15.5 feet (4.65 m) on the Pearl River Gauge at Pearl River, Louisiana.

6. We prohibit the take of feral hog during any upland game hunts.

7. Conditions A3 (upland game hunts), and A5 through A10 apply.

8. During the refuge deer gun season, all hunters except waterfowl hunters must wear a minimum of 400 square inches (2,600 cm<sup>2</sup>) of unbroken hunter orange as the outermost layer of clothing on the chest and back, and in addition we require a hat or cap of unbroken hunter orange.

9. We allow upland game hunting during the open State season.

*C. Big Game Hunting.* We allow hunting of white-tailed deer, turkey, and feral hog on designated areas of the refuge in accordance with State regulations subject to the following conditions:

## § 32.37

1. Conditions A3 (one adult may only supervise one youth hunter during refuge Gun Deer Hunts), A5 through A7, A10, B5, and B8 apply.

2. You must remove all deer stands within 14 days following the end of the refuge deer season (see §27.93 of this chapter).

3. We allow archery deer hunting during the open State archery season.

4. General Gun Deer Hunts are typically in November and December.

5. Primitive weapons season is typically open in December.

6. We prohibit the use of dogs.

7. We prohibit using shot larger than No. 2 during turkey season.

8. You may only take gobblers.

9. You may take hogs as incidental game while participating in the refuge archery, primitive weapon and general gun deer hunts only. Additionally, you may take hogs typically during varying dates in January and February, and you must only take them with the aid of trained hog-hunting dogs from legal sunrise until legal sunset. During the special hog season in January and February, hunters may use pistol or rifle ammunition not larger than .22 caliber or a shotgun with nontoxic (steel, bismuth) shot to kill hogs after they have been caught by dogs.

10. You must kill all hogs prior to removal from the refuge.

11. We prohibit possession or distribution of bait or hunting with the aid of bait, including any grain, salt, minerals, or other feed or nonnaturally occurring attractant on the refuge (see §32.2(h)).

*D. Sport Fishing.* We allow fishing year-round in accordance with State regulations subject to the following conditions:

1. We only allow cotton limb lines.

2. Conditions A9 and B5 apply.

3. We close the fishing ponds at the Pearl River Turnaround to fishing during the months of April, May, and June.

4. We allow boats in the fishing ponds at the Pearl River Turnaround that do not have gasoline-powered engines attached. These boats must be hand launched into the ponds.

5. We prohibit the take of turtle (see §27.21 of this chapter).

6. We allow trotlines but the last five feet of trotline must be 100% cotton.

### BRETON NATIONAL WILDLIFE REFUGE

regulations subject to the following conditions:

1. You must fish with a rod and reel or a pole and line. We prohibit the possession of any other type of fishing gear, including limb lines, gill nets, jug lines, yo-yos or trotlines.

2. You may fish, crab, or cast net in the East Cove unit year-round from legal sunrise to legal sunset, except during the State waterfowl season and when we close the Grand Bayou Boat Bay.

3. We prohibit fishing, crabbing, or cast netting from or trespassing on refuge water control structures at any time.

4. We prohibit walking, wading, or climbing in or on the marsh, levees, or structures.

5. We allow sport fishing, crabbing, and cast netting in the Gibbstown Unit Bank Fishing Road waterways and adjacent borrow pits and the Outfall Canal from March 15 through October 15 only.

6. We only allow nonpowered boats in the Bank Fishing Road waterways.

7. We only allow recreational crabbing with cotton hand lines or dropnets up to 24 inches (60 cm) outside diameter.

8. You must attend all lines, nets, and bait and remove them from the refuge (see § 27.93 of this chapter) when you leave.

9. We allow a daily limit of five dozen crabs per boat or vehicle.

10. We allow recreational cast netting for shrimp during the Louisiana Inland Shrimp Season when we open the East Cove Unit for boats.

11. You may only use a cast net that does not exceed a 5 foot (12.5 cm) hanging radius.

12. We allow a daily limit of 5 gallons (19 L) of heads-on shrimp per boat.

13. We only allow recreational cast netting for bait year-round when we open the East Cove Unit for boats.

14. We prohibit the use of ATVs, air-thrust boats, personal motorized watercraft (Jet Skis), and air-cooled propulsion engines (go devil-style motors) in any refuge area (see § 27.31(f) of this chapter).

15. You may operate outboard motors in refuge canals, bayous, and lakes. We only allow trolling motors in the marsh.

16. Condition A8 applies.

17. We prohibit the taking of turtle (see § 27.21 of this chapter).

### CAT ISLAND NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, and woodcock on designated areas of the refuge as shown on the refuge hunt brochure map in accordance with State regulations subject to the following conditions:

1. We require hunters and anglers age 16 and older to purchase and carry a signed refuge special recreational activity permit.

2. Each hunter must sign in at the refuge check station when entering and leaving the refuge.

3. The refuge opens at 4 a.m. and closes 1 hour after legal sunset.

4. We prohibit possession of firearms in areas posted as "No Hunting Zones."

5. You may only enter and exit the refuge from designated parking areas.

6. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult must possess and carry a refuge permit and may supervise no more than two youth hunters during waterfowl/upland game hunting.

7. We allow take of beaver, feral hog, nutria, raccoon, and coyote incidental to any refuge hunt with weapons legal for that hunt until you take the daily bag limit of game.

8. You must report all harvest game at the refuge check station upon leaving the refuge.

9. We allow use of all-terrain vehicles on designated refuge trails (see § 27.31 of this chapter) for wildlife-dependent activities from the first Saturday in September to the last day of the State-designated rabbit season. An all-terrain vehicle (ATV) is an off-road vehicle with factory specifications not to exceed the following: weight 750 lbs. (337.5 kg), length 85 inches (212.5 cm), and width 48 inches (120 cm). We restrict ATV tires to those no larger than 25×12 with a maximum 1 inch (2.5 cm) lug height and a maximum allowable tire pressure of 7 psi as indicated on the tire by the manufacturer.

10. We prohibit transport of loaded weapons on an ATV (see § 27.42(b) of this chapter).

11. We prohibit hunting within 150 feet (45 m) of any public road, refuge road, trail or ATV trail, building, residence, or designated public facility.

12. We prohibit the possession or use of nonbiodegradable flagging tape.

13. We prohibit horses or mules.

14. We only allow parking in designated parking areas.

15. We prohibit camping or overnight parking on the refuge.

16. We prohibit air-thrust boats on the refuge.

17. We prohibit all other hunting during the special youth and Gun Deer Hunts.

18. We allow waterfowl hunting on Tuesdays, Thursdays, Saturdays, and Sundays until 12 p.m. (noon) during the designated State duck season, except during the refuge quota deer hunts.

19. You must remove boats, blinds, and decoys (see § 27.93 of this chapter) daily.

20. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

## § 32.37

## 50 CFR Ch. I (10–1–06 Edition)

21. We prohibit accessing refuge property by boat from the Mississippi River.

22. Persons using the refuge are subject to inspection of permits, licenses, hunting equipment, bag limits, and boats and vehicles by law enforcement officers.

23. We allow nonmotorized or electric-powered boats only.

24. We prohibit trapping.

25. We prohibit the possession of saws, saw blades, or machetes.

*B. Upland Game Hunting.* We allow hunting of squirrel and rabbit on designated areas of the refuge as shown on the refuge hunt brochure map in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A17, A19, A21, and A22 apply.

2. We allow the use of .22 caliber or less rimfire rifles and 12 gauge or higher shotguns to hunt upland game.

3. We allow the use of squirrel and rabbit dogs from the day after the close of the State-designated deer rifle season to the end of the State-designated season. We allow up to two dogs per hunting party.

4. We require the owner's name and phone number on the collars of all dogs.

5. You may only possess approved nontoxic shot while hunting on the refuge (see §32.2(k)). This requirement only applies to the use of shotgun ammunition.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge as shown on the refuge hunt brochure map in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A17, A19, and A21 through A22 apply.

2. You must only hunt deer using bow and arrow during the State-designated deer season, except during the refuge quota deer hunts and the youth deer hunt.

3. There will be two or three lottery gun hunts (muzzleloader/rifle) in November and December (see refuge brochure for details). We will set hunt dates in July, and we will accept applications from August 1 through August 31. Applicants may apply for more than one hunt. There is a \$5 application fee per person for each hunt application and a \$15 per person permit for each successful applicant. We will notify successful applicants by September 5.

4. We allow only portable deer stands. Hunters may erect stands 2 days before the beginning of the refuge archery season and must remove them the last day of the State archery season (see §27.93 of this chapter).

5. We prohibit the use of dogs to trail wounded deer or hogs.

6. You must only use portable deer stands. Deer stands must have the owner's name, address, and phone number clearly printed on the stand.

7. We prohibit the use of dogs to trail wounded deer.

8. You may only take one deer of either sex per day during the deer season. State season limits apply. During the deer quota hunts, you may only take one deer of either sex during the quota hunt weekend.

9. We require a minimum of 400 square inches (2,600 cm<sup>2</sup>) of unbroken hunter orange as the outermost layer of clothing on the chest and back, and in addition we require a hat or cap of unbroken hunter orange.

10. We prohibit driving or screwing nails, spikes, or other metal objects into trees or hunting from any tree into which such an object has been driven (see §32.2(i)).

*D. Sport Fishing.* We allow fishing on designated areas of the refuge as shown on the refuge hunting and fishing brochure map in accordance with State regulations subject to the following conditions:

1. We prohibit commercial fishing or commercial crawfishing.

2. Conditions A1, A3, A4, A9 (on the open portions of Wood Duck ATV Trail for wildlife-dependent activities throughout the year), A13 through A16, and A19 apply.

3. We only allow hook and line to catch bait fish.

4. We prohibit slat traps or hoop nets on the refuge.

5. You may use trotlines and yo-yos on the refuge. The ends of trotlines must consist of a length of cotton line that extends from the points of attachment into the water. You must attend yo-yos (within sight) at all times.

6. We prohibit possession of cleaned or processed fish on the refuge.

7. We allow recreational crawfishing on the refuge with either traps or nets April 1 through July 31, according to State regulations regarding trap requirements and licensing. The harvest limit is 100 pounds (45 kg) per vehicle or boat per day.

8. You must attend all crawfish traps and nets at all times and may not leave them on the refuge overnight. We allow up to and not exceeding 20 traps per angler on the refuge.

9. We prohibit harvest of frog or turtle on the refuge (see §27.21 of this chapter).

10. We prohibit boat launching by trailer from all refuge roads and parking lots.

11. We prohibit the harvest of frogs or turtles (see §27.21 of this chapter).

### CATAHOULA NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of migratory game birds only on designated areas of the Bushley Bayou Unit in accordance with State hunting regulations subject to the following conditions:

1. Hunters must possess and carry a signed refuge hunting permit. Prior to entering and leaving the hunt area, we require hunters to sign in and out at designated locations as indicated on the refuge hunt/fish permit.

2. We allow goose, duck, and coot hunting on the Bushley Bayou Unit on Tuesdays,

## U.S. Fish and Wildlife Serv., Interior

## § 32.37

Thursdays, Saturdays, and Sundays only from ½ hour before legal sunrise until 12 p.m. (noon) during the State season.

3. We open the refuge to hunters 2 hours before official sunrise for migratory game bird hunting.

4. We allow ATVs on ATV trails (see §27.31 of this chapter) designated on the refuge hunt/fish permit from September 1 through the end of rabbit season. We open Bushley Creek, Black Lake, Boggy Bayou, Round Lake, Dempsey Lake Roads, and that portion of Minnow Ponds Road at Highway 8 to Green's Creek Road and then south to Green's Creek Bridget to ATVs year-round. We prohibit the use of an ATV on graveled roads designated for motor vehicle traffic unless otherwise posted. We only allow ATVs for wildlife-dependent activities. We define an ATV as an off-road vehicle (not legal for highway use) with factory specifications not to exceed the following: weight 750 lbs. (337.5 kg), length 85 inches (212.5 cm), and width 48 inches (120 cm). We restrict ATV tires to those no larger than 25 × 12 with a maximum 1 inch (2.5 cm) lug height and a maximum allowable tire pressure of 7 psi as indicated on the tire by the manufacturer.

5. We require hunters to remove all portable blinds, boats, decoys, and other personal equipment (see §27.93 of this chapter) from the refuge by 1 p.m. daily.

6. We prohibit all migratory game bird hunting during deer-gun and muzzleloader hunts.

7. We prohibit hunting or shooting within 150 feet (45 m) of any public road, refuge road, ATV trail, building, residence, or designated public facility. We prohibit parking, walking, or hunting with 150 feet (45 m) of any active oil well site, production facility, or equipment.

8. We prohibit the use of air-thrust boats, inboard water-thrust boats, or personal watercraft. We only allow nonmotorized boats, boats with electric motors, or boats with a motor of 10 hp or less on Black Lake, Dempsey Lake, Long Lake, Rhinehart Lake, and Round Lake.

9. We prohibit the use of mules or horses.

10. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult must possess and carry a refuge permit and may supervise no more than two youth hunters.

11. You may only possess approved nontoxic shot while in the field (see §32.2(k)). This requirement only applies to the use of shotgun ammunition.

12. We prohibit the possession of buckshot, slugs, or rifle ammunition larger than .17 caliber rimfire while engaged in migratory game bird hunts.

13. We prohibit any person or group to act as a hunting guide, outfitter, or in any other capacity that any other individual(s) pays or promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

14. We prohibit marking areas or trails with tape, paint, paper, flagging, or any other material.

15. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds. We only allow dogs after the last deer-muzzleloader hunt, except when we allow them for waterfowl hunting throughout the entire refuge waterfowl season.

16. We prohibit camping or parking overnight on the refuge.

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, raccoon, and feral hog on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A4 (at the Bushley Bayou Unit), A7 through A14, and A16 apply.

2. At the Headquarters Unit, we only allow squirrel, rabbit, raccoon, and feral hog hunting from the first day of the State squirrel season through October 31.

3. At the Bushley Bayou Unit, we allow squirrel, rabbit, raccoon, and feral hog hunting in accordance with the State season.

4. We open the refuge to hunters from 2 hours before legal sunrise until 2 hours after legal sunset.

5. At the Headquarters Unit, we only allow ATV use year-round on the Muddy Bayou Road.

6. We prohibit squirrel, rabbit, and raccoon hunting during deer-gun and muzzleloader hunts.

7. We prohibit the use of airboats, inboard water-thrust boats, or personal watercraft. We only allow nonmotorized boats, boats with electric motors, or boats with a motor of 10 hp or less on Black Lake, Dempsey Lake, Long Lake, Rhinehart Lake, and Round Lake of the Bushley Bayou Unit and Duck Lake, Cowpen Bayou, Willow Lake, and the Highway 28 and 84 borrow pits of the Headquarters Unit.

8. At the Headquarters Unit, we close upland game hunting during high water conditions with an elevation of 42 feet (12.6 m) or above as measured at the Corps of Engineers center of the lake gauge on Catahoula Lake. At the Bushley Bayou Unit, we close upland game hunting during high water conditions with an elevation of 44 feet (13.2 m) or above as measured at the Corps of Engineers center of the lake gauge on Catahoula Lake.

9. On the Bushley Bayou Unit we allow the use of dogs to hunt squirrel, rabbit, and raccoon only after the last deer-muzzleloader hunt.

## § 32.37

10. Dog owners must place their names and phone numbers on the collars of all of their dogs.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and feral hog on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A4 (at the Bushley Bayou Unit), A7 through A9, A12 through A14, A16, and B4 through B8 (big game hunting) apply.

2. At the Bushley Bayou Unit, we allow deer-archery hunting during the State archery season, except when closed during deer-gun and deer-muzzleloader hunts. We allow either-sex, deer-muzzleloader hunting during the first segment of the State season for Area 1, weekdays only (Monday through Friday) and the third weekend after Thanksgiving Day. We allow either-sex, deer-gun hunting for the Friday, Saturday, and Sunday immediately following Thanksgiving Day and for the second weekend following Thanksgiving Day.

3. At the Headquarters Unit, we allow deer-archery hunting during the State archery season, except when closed during the deer-gun hunt south of the French Fork of the Little River. We allow either-sex, deer-gun hunting on the fourth weekend after Thanksgiving Day on the area south of the French Fork of the Little River.

4. We allow portable stands and climbing stands, but hunters must remove them from the refuge daily (see §27.93 of this chapter).

5. We prohibit possession of buckshot.

6. We require a minimum of 400 square inches (2,600 cm<sup>2</sup>) of unbroken hunter orange as the outermost layer of clothing on the chest and back, and in addition we require a hat or cap of unbroken hunter orange. You must wear the solid hunter-orange items while in the field.

7. You may only take one deer per day during any refuge deer hunt. The State season limits apply.

8. We prohibit the use of organized drives for taking or attempting to take game or using pursuit dogs.

9. Archery hunters must possess and carry proof of completion of the International Bowhunters Education Program.

10. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult must possess and carry a refuge permit and may supervise no more than one youth hunter.

11. We prohibit the use of dogs to trail wounded deer.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

## 50 CFR Ch. I (10–1–06 Edition)

1. Conditions A4 (at the Bushley Bayou Unit), A7, A9, A13 (as a fishing guide), A14, A16, B5, and B7 apply.

2. We require anglers to possess and carry at all times a signed copy of a current refuge hunting/fishing permit.

3. At the Bushley Bayou Unit, we allow fishing and crawfishing year-round. We allow trotlines, but you must tend them at least once every 24 hours and reset them when receding water levels expose them. You must attach them with a length of cotton line that extends into the water. We allow yo-yos, but you must attend and only use them from 1 hour before legal sunrise until ½ hour after legal sunset. We only allow recreational gear (slat traps, wire nets, and hoop nets) by refuge Special Use Permit and only in Bushley Creek, Big Bushley Creek, and Little Bushley Creek.

4. At the Headquarters Unit, we allow year-round fishing on Cowpen Bayou and the Highway 28 borrow pits. We open fishing on the remainder of the Headquarters Unit including Duck Lake, Muddy Bayou, Willow Lake, and the Highway 84 borrow pits from March 1 through October 31. We only allow pole and line or rod and reel fishing. We prohibit snagging.

5. We allow fishing from 1 hour before legal sunrise until ½ hour after legal sunset.

6. At the Headquarters Unit, we only allow launching of trailered boats at designated boat ramps. You may launch small, hand-carried boats at nonboat ramp sites. We prohibit dragging boats or driving vehicles (see §27.31 of this chapter) onto road shoulders to launch boats.

7. We prohibit the taking or possession of all snakes, frogs, turtles, salamanders, and mollusks by any means (see §27.21 of this chapter).

8. We prohibit bank fishing on Bushley Creek and fishing in Black Lake, Dempsey Lake, Long Lake, Rhinehart Lake, and Round Lake, during deer-gun and muzzleloader hunts. We prohibit fishing in Black Lake, Dempsey Lake, Long Lake, Rhinehart Lake, and Round Lake during waterfowl hunts.

### D'ARBONNE NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Hunters must possess and carry a signed refuge permit.

2. We prohibit waterfowl hunting in the "Beanfield" area west of Bayou D'Arbonne and between Holland's Bluff Road and the "Big Powerline" east of Bayou D'Arbonne. We mark prohibited areas with blue paint and signs.

3. We prohibit woodcock hunting in the "Beanfield" area west of Bayou D'Arbonne.

4. We allow waterfowl hunting until 12 p.m. (noon) during the State season except when closed during the special teal season and State youth waterfowl hunt.

5. Hunters may enter the refuge no earlier than 4 a.m.

6. We prohibit hunting within 150 feet (45 m) of the maintained right-of-way roads, from or across ATV trails (see §27.31 of this chapter). We prohibit hunting within 50 feet (15 m) or trespassing on above-ground oil or gas production facilities.

7. We prohibit leaving boats, blinds, and decoys unattended.

8. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

9. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult must possess and carry a refuge permit and may supervise no more than two youth hunters.

10. We prohibit any person or group to act as a hunting guide, outfitter, or in any other capacity that any other individual(s) pays or promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

*B. Upland Game Hunting.* We allow hunting of quail, squirrel, rabbit, raccoon, and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A6, A9, and A10 apply.

2. We prohibit hunting in the "Beanfield" area west of Bayou D'Arbonne after October 31.

3. We prohibit possession of firearms larger than .22 caliber rimfire, shotgun slugs, and buckshot while engaged in upland game hunting.

4. You may hunt raccoon and opossum during the daylight hours of rabbit and squirrel season and at night during December and January. You may use dogs for night hunting. You may take raccoon and opossum on the refuge, but we prohibit their sale for human consumption.

5. You may use dogs to hunt squirrel and rabbit after the last refuge Gun Deer Hunt.

6. You may only use horses and mules to hunt raccoon and opossum at night after obtaining a special permit at the refuge office.

7. Hunters may enter the refuge no earlier than 4 a.m. and must exit no later than 2 hours after legal shooting hours.

8. You may only possess approved nontoxic shot while in the field (see §32.2(k)). This requirement only applies to the use of shotgun ammunition.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A3 (for gun deer hunting), A6, A10, and B7 apply.

2. We allow general gun deer hunting on the following days: the first consecutive Saturday and Sunday of November, the Friday, Saturday, and Sunday following Thanksgiving Day, and the second Saturday and Sunday after Thanksgiving Day. We allow archery deer hunting during the entire State season.

3. We allow a restricted Gun Deer Hunt for hunters with Class I Wheelchair Bound Permit issued by the Louisiana Department of Wildlife and Fisheries on the second consecutive Saturday and Sunday of November. Only permitted hunters may carry firearms (see §27.42 of this chapter).

4. The daily bag limit is one antlered and one antlerless deer. The State season limit applies.

5. You must check all deer taken during general Gun Deer Hunts at a refuge check station between 7 a.m. and 7 p.m. on the same day taken unless stated otherwise in the annual refuge hunting brochure and permit.

6. Archery hunters must possess and carry proof of completion of the International Bowhunters Education Program.

7. We prohibit leaving deer stands, blinds, and other equipment unattended.

8. Deer hunters must wear hunter orange as per State deer hunting regulations on Wildlife Management Areas.

9. We prohibit hunters placing, or hunting from, stands on pine trees with white painted bands/rings.

10. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult must possess and carry a refuge permit and may supervise no more than one youth hunter.

*D. Sport Fishing.* We allow fishing on the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit leaving boats and other personal property on the refuge unattended.

2. You must tend trotlines daily. You must attach ends of trotlines by a length of cotton line that extends into the water.

3. We prohibit commercial fishing. Recreational fishing using commercial gear (slat traps, etc.) requires a special refuge permit (that you must possess and carry) available at the refuge office.

4. We prohibit the taking of turtle (see §27.21 of this chapter).

## DELTA NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, and coot on designated areas of the refuge in accordance with State regulations subject to the following conditions.

1. We allow waterfowl hunting on Wednesdays, Thursdays, Saturdays, and Sundays until 12 p.m. (noon), including special teal season, youth waterfowl season, and “light goose” special conservation season.

2. We only allow temporary blinds. You must remove both blinds and decoys (see § 27.93 of this chapter) by 12 p.m. (noon).

3. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

4. Hunters must possess and carry a valid refuge hunt permit.

5. We only allow hunting on those portions of the refuge that lie northwest of Main Pass and south of Raphael Pass.

6. You may only possess approved nontoxic shot while hunting on the refuge (see § 32.2(k)). We prohibit possession of buckshot, slugs, rifles, or rifle ammunition.

7. We prohibit air-thrust boats, motorized pirogues, mud boats, and air-cooled propulsion engines on the refuge.

8. We close all refuge lands between Raphael Pass and Main Pass to all entry during the State waterfowl hunting season.

9. We prohibit discharge of firearms (see § 27.42 of this chapter) within 250 yards (225 m) of buildings or worksites, such as oil or gas production facilities.

10. We allow primitive camping year-round in designated areas (see refuge map). No person or party will remain camped, nor will any campsite remain established, in excess of 14 consecutive days.

11. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult must possess and carry a refuge permit and may supervise no more than two youth hunters during waterfowl hunts.

12. We prohibit any person or group to act as a hunting guide, outfitter, or in any other capacity that any other individual(s) pays or promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

13. We open the refuge from ½ hour before legal sunrise to ½ hour after legal sunset, with the exception that hunters may enter the refuge earlier, but not before 4 a.m. Condition A10 applies.

*B. Upland Game Hunting.* We allow hunting of rabbit on designated areas of the refuge in

accordance with State regulations subject to the following conditions:

1. The refuge rabbit season opens the day after the State duck season closes and continues through the remainder of the State rabbit season.

2. We restrict hunting to shotgun only.

3. We allow dogs for rabbit hunting.

4. Conditions A4 through A12 (each adult may supervise no more than two youth hunters during upland game hunting), and A13 apply.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and hog on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. For archery hunting of deer and hogs, conditions A4 through A13 apply. For A11 each adult may supervise no more than one youth hunter during big game hunting.

2. We allow archery deer hunting October 1 through 31 (either sex) and from the day after the close of the State duck season through the end of the State deer archery season.

3. Hunters must only use portable stands for archery deer hunting.

4. We prohibit dogs and driving of deer for archery deer hunting.

5. You may only take hog with archery equipment.

6. We prohibit possession or distribution of bait or hunting with the aid of bait, including any grain, salt, minerals or other feed or any nonnaturally occurring attractant on the refuge (see § 32.2(h)).

*D. Sport Fishing.* We allow recreational fishing and crabbing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We only allow recreational fishing and crabbing from legal sunrise to legal sunset.

2. We prohibit all commercial finfishing and shellfishing.

3. We prohibit the use of trotlines, limblines, slat traps, jug lines, nets, or alligator lines.

4. Condition A8, A11, and A13 (fishing guide) applies.

5. We prohibit the taking of turtle (see § 27.21 of this chapter).

## GRAND COTE NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, mourning dove, and woodcock on designated areas of the refuge on designated areas (shown on the refuge hunting brochure map) in accordance with State regulations subject to the following conditions:

1. We require hunters and anglers age 16 and older to purchase and carry a signed refuge special recreational activity permit.

2. Hunters must fill out a free daily “check-in” and “check out” refuge hunting permit obtained at designated check stations

and must properly display the associated windshield permit while in parking lots.

3. The refuge opens at 4 a.m. and closes 1 hour after legal sunset.

4. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult may supervise no more than two youth hunters during waterfowl hunts.

5. You may only enter and exit the refuge from designated parking lots.

6. We prohibit camping or parking overnight on the refuge.

7. We prohibit discharge of firearms (see § 27.42 of this chapter) except when hunting.

8. We prohibit marking of trails with non-biodegradable flagging tape.

9. We allow use of ATVs on designated trails (see § 27.31 of this chapter) from the first Saturday in September to the last day of the State rabbit season. An ATV is an off-road vehicle with factory specifications not to exceed the following: weight 750 pounds (337.5 kg), length 85 inches (212.5 cm), and width 48 inches (120 cm). We restrict ATV tires to those no larger than 25x12 with a maximum 1 inch (2.5 cm) lug height and a maximum allowable tire pressure of 7 psi as indicated on the tire by the manufacturer.

10. We prohibit horses and mules.

11. We prohibit hunting within 150 feet (45 m) of any public road, refuge road, trail or ATV trail, building, residence, above-ground oil or gas or electrical transmission facilities, or designated public facility.

12. We prohibit transport of loaded weapons on an ATV (see § 27.42(b) of this chapter).

13. We prohibit blocking of gates or trails (see § 27.31(h) of this chapter) with vehicles or ATVs.

14. We prohibit ATVs on trails/roads (see § 27.31 of this chapter) not specifically designated by signs for ATV use.

15. We only allow nonmotorized boats.

16. We allow incidental take of raccoon, feral hog, beaver, nutria, and coyote while you are hunting migratory birds, upland game, or big game, with weapons legal for that hunt only.

17. We only allow waterfowl (duck, goose, coot) hunting on Wednesdays and Saturdays until 12 p.m. (noon) during the Statewide duck season.

18. We only allow the use of shotguns while waterfowl hunting.

19. We prohibit the construction or use of permanent blinds.

20. You must remove all decoys, portable blinds, and boats (see § 27.93 of this chapter) daily.

21. We only allow incidental take of mourning dove while migratory bird hunting on days open to waterfowl hunting.

22. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

23. There will be space-blind waterfowl hunts on designated sections of the refuge during the regular State waterfowl season (see refuge brochure for details). Hunt dates will be Wednesdays and Saturdays until 12 p.m. (noon). There will be a random drawing on each hunt day to select participants. The drawing for each hunt day will be approximately 2 hours before legal sunrise. We will limit blinds to three persons. We will set hunt dates in September, subject to water availability, after the State sets the season.

24. There will youth-only lottery waterfowl hunts on designated sections of the refuge during the regular State waterfowl season (see refuge brochure for details). We will determine hunt dates after the State sets the waterfowl season and limit the hunts to no more than five per season. We will accept applications from November 1 through November 21. We will notify successful applicants by mail.

25. There may be special youth, women, and disabled hunter dove hunts (subject to cropland availability) during the regular State dove season (see refuge brochure for details). We will determine hunt dates after the State sets the season. We will determine the number of hunt days and participants by location of available cropland. We will accept applications from July 1 through July 31, and we may only select individuals for one hunt date. We will notify successful applicants by mail.

26. Individuals utilizing the refuge are subject to inspections of permits, licenses, hunting equipment, bag limits, and boats and vehicles by law enforcement officers.

27. We allow nonmotorized or electric-powered boats only.

28. We prohibit the possession of saws, saw blades, or machetes.

29. We prohibit trapping.

*B. Upland Game Hunting.* We allow hunting of rabbit on designated areas of the refuge as shown on the refuge hunting brochure map in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A16, A20, and A26 apply.

2. We allow rabbit hunting from December 1 until the end of the Statewide season.

3. We only allow use of shotguns during designated hunts.

4. We only allow rabbit dogs after the close of the State deer rifle season.

5. We require the owner's name and phone number on the collars of all dogs.

6. You may only possess approved nontoxic shot (see § 32.2(k)) for upland game hunting. This requirement only applies to the use of shotgun ammunition.

7. We allow the use of .22 caliber or less rimfire rifles and 12 gauge or higher shotguns to hunt upland game.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge as shown on the refuge hunting brochure map in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A16, A20, and A26 apply.

2. We allow archery-only deer hunting on certain sections of the refuge from October 1 through November 30 (see refuge brochure for details).

3. We allow only portable deer stands (see §§27.93 and 27.94 of this chapter). Deer stands must have the owner's name, address, and phone number clearly printed on the stand.

4. We prohibit hunters to drive deer or to use pursuit dogs. We prohibit the use of dogs to trail wounded deer or hogs.

5. We only allow archery equipment during designated seasons.

6. We require hunters to complete and possess and carry proof of completion of the International Bowhunters' Safety Course.

7. You may kill one deer of either sex per day during the deer season.

8. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult may supervise no more than two youth hunters.

9. We prohibit driving or screwing nails, spikes, or other metal objects into trees or hunting from any tree into which such an object has been driven (see §32.2(i)).

*D. Sport Fishing.* We allow fishing and seasonal take of crawfish in designated waters of the refuge as shown on the crawfish permit map in accordance with State regulations subject to the following conditions:

1. Conditions A11, A26, C7, and C8 apply.

2. We only allow fishing in Coulee Des Grues along Little California Road.

3. We only allow fishing with pole and line.

4. We prohibit leaving parking areas to fish until legal sunrise.

5. We allow fishing and crawfishing from legal sunrise to legal sunset.

6. We allow crawfishing from April 1 through July 31, subject to available water in designated areas as depicted on the crawfish permit map available at refuge headquarters.

7. We require anglers to take crawfish using pyramid nets with webbing made of cotton or nylon. We prohibit wire traps.

8. You may harvest 100 lbs. (45 kg) of crawfish per person per day.

9. We prohibit sale of crawfish taken from the refuge.

10. We prohibit glass containers on the refuge.

11. You must remove all crawfishing gear (see §27.93 of this chapter) from refuge property after each day's visit.

12. We prohibit possession of cleaned or processed fish on the refuge.

13. We prohibit the harvest of frogs or turtles (see §27.21 of this chapter).

14. We only allow bank fishing in Coulee des Grues along Little California Road.

15. We prohibit launching boats, put or placed, in Coulee des Grues from refuge property.

5. You may only possess approved nontoxic shot (see § 32.2(k)) for upland game hunting. This requirement only applies to the use of shotgun ammunition.

6. We allow the use of .22 caliber or less rimfire rifles and 12 gauge or higher shotguns to hunt upland game.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge as shown on the refuge hunting brochure map in accordance with

## 50 CFR Ch. I (10–1–06 Edition)

State regulations subject to the following conditions:

1. Conditions A1 through A3, A5 through A16, A19, and A22 apply.

2. We require hunters to permanently attach their name, address, and phone number to the deer stand.

3. We allow archery hunting from November 15 through January 1 and January 23 to the end of the State archery season except during the youth and muzzleloader deer hunts when we prohibit archery hunting.

4. We allow archery deer hunting in Hunt Units 1B and 2B from November 15 through December 15.

5. We allow youth deer hunting in all units during the State youth deer season.

6. We allow only portable deer stands. Hunters may erect deer stands 2 days before the beginning of the refuge archery season and must remove them the last day of the State archery season.

7. We prohibit the use of organized drives for taking or attempting to take game or using pursuit dogs.

8. We only allow archery equipment during designated seasons.

9. Hunters must complete, possess, and carry proof of completion of the International Bowhunters' Safety Course.

10. We prohibit the use of dogs to trail wounded deer.

11. We allow electric-powered or non-motorized boats in Lake Ophelia from November 1 through December 15.

12. You may kill one deer of either sex per day during the first refuge archery season, and you may kill antlered bucks only during the second refuge archery season.

13. We require a minimum of 400 square inches (2,600 cm<sup>2</sup>) of unbroken hunter orange as the outermost layer of clothing on the chest and back, and in addition we require a hat or cap of unbroken hunter orange during all deer gun hunts and the quota muzzleloaders deer hunts.

14. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult may only supervise one youth hunter during big game hunts.

15. There will be three lottery muzzleloader hunts (see refuge brochure for details). We will set hunt dates in July, and we will accept applications from August 1 through August 31. Applicants may NOT apply for more than one hunt. There is a \$5 nonrefundable application fee per person for each hunt application and a \$15 per person permit for each successful applicant. We will notify successful applicants by September 15.

16. There will be two lottery deer hunts for youth ages 12 to 15 (see refuge brochure for

details). We will set hunt dates in July, and we will accept applications from November 1 through November 21. We will provide blinds. We will require successful applicants to pass a shooting proficiency test in order to qualify for the hunt. We will notify successful applicants by mail.

17. We prohibit driving or screwing nails, spikes, or other metal objects into trees or hunting from any tree in which such an object has been driven (see §32.2(1)).

*D. Sport Fishing.* We allow fishing in designated areas as described in the refuge hunting brochure in accordance with State regulations subject to the following conditions:

1. Conditions A1, A3, A5 through A9, A17, A19 (remove boats [see §27.93 of this chapter]) and A22 apply.
2. We allow sport fishing in Duck Lake, Westcut Lake, Possum Bayou, Lake Long, and the immediate vicinity of the Lake St. Agnes drainage culverts on the Red River.
3. We prohibit the use of gear or equipment other than hook and line to catch bait fish.
4. We allow fishing from March 1 through October 15 from legal sunrise to legal sunset.
5. You must attend yo-yos (within sight) at all times.
6. We prohibit possession of largemouth bass less than 14 inches long (35 cm) and black and white crappie less than 10 inches long (25 cm).
7. We prohibit cleaned or processed fish on the refuge.
8. We allow use of ATVs on the Duck Lake ATV trail from March 15 through October 15.
9. We prohibit the harvest of frogs or turtles (see §27.21 of this chapter).
10. We prohibit crawfishing.

#### MANDALAY NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of migratory game birds in designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow hunting of migratory game birds on Wednesdays and Saturdays until 12 p.m. (noon). Hunters may only enter the refuge after 4 a.m.
2. Prior to hunting, we must assign a refuge blind and issue a refuge lottery waterfowl permit to any person entering, using, or occupying the refuge for hunting migratory game birds. You may only hunt from your assigned blind.
3. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult can supervise no more than two refuge-permitted youth hunters. We require all adult supervisors and hunters of migratory game birds

to possess and carry a State Hunter Safety Course certificate.

4. All hunters must check-in and check out at a refuge self-clearing check station. Each hunter must list their name and certificate number on the self-clearing check station form and deposit the form at a refuge self-clearing check station prior to hunting. Hunters must report all game taken on the refuge when checking out by using the self-clearing check station form.

5. We allow no more than three hunters to hunt from a blind at one time.

6. We prohibit firearms (see §27.42 of this chapter) other than those used to take migratory game birds in boats or in the possession of migratory game bird hunters.

7. We prohibit air-thrust boats or marsh buggies on the refuge. We restrict motorized boat use to existing canals, ditches, trenasses, and ponds.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow the hunting of white-tailed deer and feral hog on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We open the refuge to hunting of deer and hog during the State deer season, except prior to 12 p.m. (noon) on Wednesdays and Saturdays during State waterfowl seasons, when we close areas north of the Intra-Coastal Waterway to hunting of big game.

2. Hunters may only enter the refuge after 4 a.m. and must exit by 1 hour after legal sunset.

3. You may take big game with archery equipment and in accordance with State law. You may only take one deer of either sex per day, and hunters may only possess one deer. The State season limits on deer apply. There is no daily or possession limit on the number of feral hogs.

4. All hunters must possess and carry proof of completion of the International Bowhunters' Education Program when hunting.

5. We prohibit possession or distribution of bait or hunting with the aid of bait, including any grain, salt, minerals or other feed, or any nonnaturally occurring attractant on the refuge (see §32.2(h)).

6. Condition A7 applies.

*D. Sport Fishing.* We allow fishing in all refuge waters in accordance with State regulations subject to the following conditions:

1. We only allow recreational fishing. We prohibit commercial fishing on the refuge.

2. We prohibit the use of unattended nets, traps, or lines (trot, jog, bush, etc.).

3. We only allow fishing in refuge canals during the period of October 1 to January 31.

4. We close the refuge to any nighttime activities unless specifically stated.

5. Condition A7 applies.

6. We prohibit the taking of turtle (see §27.21 of this chapter).

## RED RIVER NATIONAL WILDLIFE REFUGE

1. Hunters must possess and carry a signed refuge permit.

2. We allow waterfowl and woodcock hunting on all refuge lands except the areas within the Headquarters Focus Area in Bossier Parish and north of Interstate 49 within the Spanish Lake Focus Area in Natchitoches Parish.

3. We only allow dove hunting during the first 3 days of the State season on all refuge lands except the areas within the Headquarters Focus Area in Bossier Parish and north of Interstate 49 within the Spanish Lake Focus Area in Natchitoches Parish.

4. We allow waterfowl hunting until 12 p.m. (noon) during the State season.

5. Hunters may enter the refuge no earlier than 3 a.m.

6. We prohibit hunting within 150 feet (45 m) of any public road, refuge road, trail or ATV trail, residence, building, aboveground oil or gas or electrical transmission facilities, or designated public facility.

7. We prohibit leaving boats, blinds, and decoys unattended.

8. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

9. Youth hunters age 15 and under must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult can supervise no more than two youth hunters.

10. We prohibit any person or group to act as a hunting guide, outfitter, or in any other capacity that any other individual(s) pays or promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

*B. Upland Game Hunting.* We allow hunting of quail, squirrel, rabbit, raccoon, and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A7, and A8 apply.

2. We allow hunting on all refuge lands except the areas within the Headquarters Focus Area in Bossier Parish and north of Interstate 49 within the Spanish Lakes Focus Area in Natchitoches Parish.

3. We prohibit the possession of firearms (see §27.42 of this chapter) larger than .22 caliber rimfire, shotgun slugs, and buckshot.

4. We allow hunting of raccoon and opossum during the daylight hours of rabbit and squirrel season. We allow night hunting during December and January, and you may use dogs for night hunting. We prohibit selling of raccoon and opossum taken on the refuge for human consumption.

5. We allow use of dogs to hunt squirrel and rabbit after the last refuge Gun Deer Hunt.

6. If you want to use horses and mules to hunt raccoon and opossum at night, you must first obtain a special permit at the refuge office.

7. Hunters may enter the refuge no earlier than 3 a.m. and no later than 2 hours after legal shooting hours.

8. Youth hunters age 15 and under must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult can supervise no more than one youth hunter.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A7, A8, and B7 apply.

2. We only allow archery hunting.

3. We allow deer hunting on all refuge lands except the areas within the Headquarters Focus Area in Bossier Parish and north of Interstate 49 within the Spanish Lake Focus Area in Natchitoches Parish.

4. The daily bag limit is one deer of either sex. The State season limit applies.

5. Archery hunters must possess and carry proof of completion of the International Bowhunters' Education Program.

6. We prohibit leaving deer stands, blinds, and other equipment unattended.

7. We prohibit hunters placing stands or hunting from stands on pine trees with white painted bands/rings.

8. Youth hunters age 15 and under must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult can supervise no more than one youth hunter.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit leaving boats and other personal property on the refuge unattended.

2. We prohibit boat launching with motors greater than 50 hp on all refuge waters.

3. You must tend trotlines daily. You must attach ends of trotlines by a length of cotton line that extends into the water.

## U.S. Fish and Wildlife Serv., Interior

## § 32.37

4. We prohibit commercial fishing. Recreational fishing using commercial gear (slat traps, etc.) requires a special refuge permit (that you must possess and carry) available at the refuge office.

5. We prohibit the taking of alligator snapping turtle (see § 27.21 of this chapter).

### SABINE NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose (except Canada goose), and coot on areas designated by signs stating "Waterfowl Hunting Only" and delineated on the refuge regulations and permit brochure map in accordance with State regulations subject to the following conditions:

1. We require all hunters to possess and carry a signed refuge permit.

2. We only allow waterfowl hunting on Wednesdays, Saturdays, and Sundays during the special teal season and during the regular waterfowl season.

3. We only allow hunters to enter the refuge and launch boats after 3 a.m. All participants must be out of the refuge hunt areas and back at West Cove Public Use Area by 12 p.m. (noon).

4. We prohibit hunting on Christmas Day or New Year's Day should these days fall on a designated hunt day.

5. Youth hunters age 17 and under must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult may supervise no more than two refuge-permitted youth hunters.

6. We prohibit nonhunters entering the refuge hunt areas, with the exception of youth age 15 or under experiencing the hunt with their parent or guardian.

7. You may access the hunt areas via the boat launches at the West Cove Public Use Area, by vehicle on Vastar Road, and at designated turnouts within the refuge public hunt area along State Highway 27 (see § 27.31 of this chapter). We prohibit refuge entrance through adjacent private property or using the refuge to access private property or leases.

8. We only allow launching of boats on trailers at West Cove Public Use Area. We allow hand launching of small boats along Vastar Road (no trailers permitted).

9. We prohibit dragging boats across the levee.

10. We only allow operation of outboard motors in designated refuge canals and Old North Bayou. We allow trolling motors within the refuge marshes.

11. We prohibit air-thrust boats, personal motorized watercraft (*e.g.*, Jet Skis), or boats with air-cooled propulsion engines (Go-Devil-type motors).

12. We prohibit hunting within 300 feet (90 m) of another hunter or within 150 feet (45 m) of refuge canals, public roads, buildings, above-ground oil or gas or electrical transmission facilities, or designated public facility.

13. You must only use portable blinds and those made of native vegetation. You must remove portable blinds, decoys, spent shells, and all other personal equipment (see §§ 27.93 and 27.94 of this chapter) each day.

14. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

15. We require you to complete and return a waterfowl harvest data form to the check station or designated drop box after each hunt.

16. We prohibit any person or group to act as a hunting guide, outfitter, or in any other capacity that any other individual(s) pays or promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

17. We prohibit all-terrain vehicles (ATVs) (see § 27.31(f) of this chapter).

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* We allow fishing, crabbing, and cast netting in designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Bank and wharf access for fishing are available year-round at the Public Use Areas along State Highway 27. You may only access the refuge by boat during the March 15 to October 15 open period.

2. We allow use of rod and reel, pole and line, or jug and line. We prohibit the use or possession of any other type of fishing gear, including limb lines, gill nets, or trot lines. We limit jug and line to 10 per boat, and you must attend them at all times. You must mark all jugs with the attendant's fishing license number and remove them (see § 27.93 of this chapter) from the refuge daily.

3. You must only launch boats with motors at the designated boat ramps at the Hog Island Gully and West Cove Public Use Areas.

4. You must launch nonmotorized boats at the 1A-1B Public Use Area.

5. We only allow operation of outboard motors in designated refuge canals, Old North Bayou, and Management Unit 3 (40 hp maximum in Unit 3). We allow trolling motors within the refuge marshes.

6. Conditions A9, A11, A16 (fishing guide), and A17 apply.

7. Crabbing: We allow crabbing in designated areas of the refuge subject to the following conditions:

i. You must only take crabs with cotton hand lines or drop nets with up to 24" (60 cm) outside diameter.

## § 32.37

ii. You must remove all hand lines, drop nets, and bait (see §27.93 of this chapter) from the refuge upon leaving.

iii. We allow a daily limit on crabs of 5 dozen (60) per vehicle or boat.

8. Cast Netting: We only allow cast netting in designated areas of the refuge during the Louisiana Inland Shrimp Season subject to the following conditions:

i. We require each individual, regardless of age, to possess and carry a signed refuge cast-netting permit.

ii. An adult age 21 or older must directly supervise all youth hunters age 17 and under.

iii. We only allow cast netting from 12 p.m. (noon) to legal sunset.

iv. If you use a cast net, it must not exceed a 5 foot (1.5 m) hanging radius.

v. We only allow recreational cast netting for shrimp. You must immediately return all fish, crabs, or other incidental take (by catch) to the water before continuing to cast net.

vi. We allow a daily shrimp limit of 5 gallons (19 L) of heads-on shrimp per day, per vehicle, or per boat.

vii. Shrimp must remain in your actual custody while on the refuge.

viii. You must cast net from the bank and wharves at Northline, Hog Island Gully, and 1A-1B Public Use Areas or at sites along Hwy. 27 that provide safe access and that we do not post and sign as closed areas.

ix. We prohibit cast netting at or around the West Cove Public Use Area or on or around any boat launch.

x. You may cast net from a boat throughout the refuge except where posted and signed as closed.

xi. We prohibit reserving a place or saving a space for yourself or others by any means to include placing unattended equipment in designated cast-netting areas.

xii. We prohibit swimming in the refuge canals or wading into canals to cast net.

9. We prohibit the taking of turtle (see §27.21 of this chapter).

### TENSAS RIVER NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, coot, woodcock, and snipe on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow hunting of duck and coot on Tuesdays, Thursdays, Saturdays, and Sundays until 12 p.m. (noon) during the State season. We prohibit migratory bird hunting during refuge gun hunts for deer.

2. We allow hunting of woodcock on designated areas of the refuge in accordance with State regulations.

3. We allow hunters to enter the refuge no earlier than 4 a.m.

4. In areas posted "Area Closed" or "No Hunting Zone," we prohibit hunting of migratory birds at any time. We also close open

## 50 CFR Ch. I (10-1-06 Edition)

fields, marked on the Public Use Regulations brochure map, to migratory bird hunting. You may obtain the Public Use Regulations brochure at the refuge headquarters in July.

5. We prohibit shooting to unload guns or muzzleloaders (see §27.42(a) of this chapter) on the refuge at any time.

6. Hunters must remove all blind materials and decoys (see §27.93 of this chapter) each day.

7. We allow nonmotorized boats, electric motors, and boats with motors 10 hp or less in refuge lakes, streams, and bayous. We prohibit storage of boats on the refuge, and you must remove them (see §27.93 of this chapter) daily.

8. We require all waterfowl hunters to report their game immediately after each hunt at the check station nearest to the point of take.

9. We prohibit possession or distribution of bait or hunting with the aid of bait, including any grain, salt, minerals or other feed, or any nonnaturally occurring attractant on the refuge (see §32.2(h)).

10. We allow all-terrain vehicle travel on designated trails (see §27.31 of this chapter) for access typically from September 15 to the last day of the State squirrel season. We open designated trails from 4 a.m. until no later than 2 hours after legal sunset unless otherwise specified. We define an ATV as an off-road vehicle (not legal for highway use) with factory specifications not to exceed the following: weight 750 pounds (337.5 kg), length 85 inches (212.5 cm), and width 48 inches (120 cm). We restrict ATV tires to those no larger than 25x12 with a maximum 1 inch (2.5 cm) lug height and a maximum allowable tire pressure of 7 psi as indicated on the tire by the manufacturer. We require an affixed refuge all-terrain vehicle permit obtained from the refuge headquarters (typically in July). Disabled hunters using the refuge handicapped all-terrain trails must possess and carry the State's Disabled Hunter Permit. Additional handicapped or disabled access information will be available at the refuge headquarters.

11. We prohibit hunting within 150 feet (45 m) of any public road, refuge road, trail or ATV trail, building, residence, above-ground oil or gas or electrical transmission facilities, or designated public facility.

12. We prohibit use and possession of any type of trail-marking material.

13. We prohibit use of organized drives for taking or attempting to take game.

14. We require a refuge access permit for all migratory bird hunts. You may find permits on the front of the Public Use Regulations brochure.

15. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting each youth must possess and carry a card or certificate

of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult can supervise no more than two youth hunters during waterfowl hunts.

*B. Upland Game Hunting.* We allow hunting of raccoon, squirrel, and rabbit on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow raccoon hunting beginning January 1 and typically ending the first week in February. We allow raccoon hunters to hunt from legal sunset to legal sunrise with the aid of dogs, horses, mules, and use of lights. We only allow such use of lights on the refuge at the point of kill. We prohibit all other use of lights for hunting on the refuge. Hunt dates will be available at refuge headquarters in July. We prohibit ATVs during the raccoon hunt.

2. We allow squirrel and rabbit hunting with and without dogs. We will allow hunting without dogs from the beginning of the State season and typically ending the day before the refuge deer muzzleloader hunt. We do not require wearing of hunter orange during the squirrel and rabbit hunt without dogs. Squirrel and rabbit hunting, with or without dogs, will begin the day after the refuge deer muzzleloader hunt and will conclude the last day of the State squirrel season.

3. We close squirrel and rabbit hunting during the following gun hunts for deer: refuge-wide youth hunt, muzzleloader hunt, and modern firearms hunts.

4. We allow hunters to enter the refuge after 4 a.m., and they must depart no later than 2 hours after legal sunset unless they are participating in the refuge raccoon hunt.

5. Conditions A5, A7, A8 (all upland game hunters), A9, A10, A11, A12, A14 (upland game hunts), and A15 (upland game hunts) apply.

6. In areas posted "Area Closed" or "No Hunting Zone," we prohibit upland game hunting at any time.

7. We allow .22 caliber rimfire weapons for upland game. You may only possess approved nontoxic shot while on the refuge (see § 32.2(k)). This requirement only applies to the use of shotgun ammunition.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Deer archery season will begin the first Saturday in November and will conclude on the last day of the State archery season (typically January 31). We require that archery hunters, including crossbow hunters, possess and carry proof of completion of the International Bowhunters Safety course. We prohibit archery hunting during the following: refuge and youth gun hunt, muzzleloader hunt, and modern firearms hunt.

2. Deer muzzleloader season lasts 3 days, on a Friday, Saturday, and Sunday between the two refuge modern firearms hunts. We allow in-line muzzleloaders and magnified scopes.

3. We will conduct two 2-day quota modern firearms hunts for deer, typically in the months of November and December. Hunt dates and permit application procedures will be available at refuge headquarters in July. Hunters may use a muzzleloader during this hunt.

4. We will conduct a 2-day population control quota youth deer hunt in the Greenlea Bend area typically in December. Hunt dates and permit application procedures will be available at the refuge headquarters in July.

5. We will conduct a refuge-wide youth deer hunt the weekend before Thanksgiving Day. Each participating youth hunter must be age 8 to 15 and supervised by an adult who is at least age 21.

6. You may only take one deer per day during refuge deer hunts. The State season limit applies.

7. We allow turkey hunting the first 16 days of the State turkey season. We will conduct a youth turkey hunt the Saturday and Sunday before the regular State turkey season. You may harvest two bearded turkeys per season. We allow the possession of lead shot while turkey hunting on the refuge (see § 32.2(k)). You may use nonmotorized bicycles on designated all-terrain vehicle trails (see § 27.31 of this chapter).

8. Conditions A5, A7, A8 (deer and turkey hunters), A9 through A14 (deer and turkey hunters), A15 (each adult can supervise no more than one youth hunter during big game hunts), and B4 apply.

9. In areas posted "Area Closed" or "No Hunting Zone," we prohibit big game hunting at all times. We close open fields, which we mark on the Public Use Regulations brochure map, during the deer muzzleloader and deer modern firearms hunts; but we open those fields for deer archery hunting. We prohibit shooting into or across any open field with a gun.

10. We allow shotguns equipped with a single piece magazine plug that allows the gun to hold no more than two shells in the magazine and one in the chamber.

11. We only allow shotgun hunters to use rifled slugs when hunting deer.

12. We prohibit possession of buckshot while on the refuge.

13. You must remove all stands, blind materials, and decoys from the refuge following each day (see § 27.93 of this chapter).

14. We require a minimum of 400 square inches (2,600 cm<sup>2</sup>) of unbroken hunter orange as the outermost layer of clothing on the chest and back, and in addition we require a hat or cap of unbroken hunter orange. You must wear the solid hunter-orange items while in the field.

## § 32.37

15. We prohibit possession or distribution of bait or hunting with the aid of bait, including any grain, salt, minerals or other feed, or any nonnaturally occurring attractant on the refuge (see § 32.2(h)).

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow trotlines attached with a length of cotton line that extends into the water. You must tend the trotlines at least once every 24 hours and reset them when receded waters expose them.

2. Conditions A7, A10 (the only exceptions are the Rainey Lake and Mower Woods all-terrain trails (see § 27.31 of this chapter), which are open year-round with the same time restrictions as the seasonal all-terrain trails), A12, and B4 (anglers) apply.

3. We prohibit the taking of turtle (see § 27.21 of this chapter).

### UPPER OUACHITA NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, woodcock, and dove on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Hunters must possess and carry a signed refuge permit.

2. We allow waterfowl hunting on the west side of the Ouachita River north of RCW Road. We allow waterfowl hunting on the east side of the Ouachita River outside the Mollicy levee, west of Kelby Road, and south of School Board South Road within the levee.

3. We allow woodcock hunting west of the Ouachita River. We allow woodcock hunting on the east side of the Ouachita River outside the Mollicy levee, west of Kelby Road, and south of School Board South Road within the levee.

4. We only allow dove hunting during the first 3 days of the State season east of the Ouachita River outside the Mollicy levee, west of Kelby Road, and south of School Board South Road within the levee.

5. We allow waterfowl hunting until 12 p.m. (noon) during the State season.

6. We will hold a limited lottery hunt during the State Youth Waterfowl Hunt. Application instructions are available at the refuge office.

7. Hunters may enter the refuge no earlier than 3 a.m.

8. We prohibit hunting within 150 feet (45 m) of the maintained right-of-way of roads and from or across ATV trails (see § 27.31 of this chapter). We prohibit hunting within 50 feet (15 m) or trespassing on above-ground oil or gas production facilities.

9. We prohibit leaving boats, blinds, and decoys unattended.

## 50 CFR Ch. I (10–1–06 Edition)

10. We only allow dogs to locate, point, and retrieve when hunting for migratory game birds.

11. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult may supervise no more than two youth hunters.

12. We prohibit any person or group to act as a hunting guide, outfitter, or in any other capacity that any other individual(s) pays or promises to pay directly or indirectly for services rendered to any other person or persons hunting on the refuge, regardless of whether such payment is for guiding, outfitting, lodging, or club membership.

*B. Upland Game Hunting.* We allow hunting of quail, squirrel, rabbit, raccoon, and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A8, A9, and A12 (to hunt upland game) apply.

2. We allow hunting west of the Ouachita River. We allow hunting on the east side of the Ouachita River outside the Mollicy levee, west of Kelby Road, and south of School Board South Road within the levee.

3. We prohibit possession of firearms (see § 27.42 of this chapter) larger than .22 caliber rimfire, shotgun slugs, and buckshot.

4. We allow hunting of raccoon and opossum during the daylight hours of rabbit and squirrel season. We allow night hunting during December and January, and you may use dogs for night hunting. We prohibit selling of raccoon and opossum taken on the refuge for human consumption.

5. We allow use of dogs to hunt squirrel and rabbit after the last refuge Gun Deer Hunt.

6. If you want to use horses and mules to hunt raccoon and opossum at night, you must first obtain a special permit at the refuge office.

7. Hunters may enter the refuge no earlier than 3 a.m. and must exit no later than 2 hours after legal shooting hours.

8. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult may supervise no more than one youth hunter.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A8, A9, A12 (to hunt big game), and B7 apply.

2. We allow general gun deer hunting on the following days: the first consecutive Saturday and Sunday of November; the Friday,

## U.S. Fish and Wildlife Serv., Interior

## § 32.38

Saturday, and Sunday following Thanksgiving Day; and the second Saturday and Sunday after Thanksgiving Day. We allow archery deer hunting during the entire State season.

3. We allow deer hunting west of the Ouachita River. We allow deer hunting on the east side of the Ouachita River outside the Mollicy levee, west of Kelby Road, and south of School Board South Road within the levee.

4. The daily bag limit is one deer of either sex. The State season limit applies.

5. During general Gun Deer Hunts, you must check all deer on the day taken during general Gun Deer Hunts at a refuge check station between 7 a.m. and 7 p.m. unless stated otherwise in the annual refuge hunting brochure and permit.

6. Archery hunters must possess and carry proof of completion of the International Bowhunters' Education Program.

7. We prohibit leaving deer stands, blinds, and other equipment unattended.

8. Deer hunters must wear hunter orange as per State deer hunting regulations on Wildlife Management Areas.

9. We prohibit hunters placing stands or hunting from stands on pine trees with white-painted bands/rings.

10. Youth hunters under age 16 must successfully complete a State-approved hunter education course. While hunting, each youth must possess and carry a card or certificate of completion. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Each adult may supervise no more than one youth hunter.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow sport fishing year-round except within the Mollicy levee. We allow fishing in the Wigeon Ponds and Reservoir March 1 through October 15, from 30 minutes before legal sunrise until 30 minutes after legal sunset.

2. We prohibit outboard motors in the Wigeon Ponds. We prohibit boat launching with motors greater than 50 hp in the Reservoir.

3. We prohibit leaving boats and other personal property on the refuge unattended.

4. You must tend trotlines daily. You must attach ends of trotlines by a length of cotton line that extends into the water.

5. We prohibit commercial fishing. Recreational fishing using commercial gear (slat traps, etc.) requires a special refuge permit (that you must possess and carry) available at the refuge office.

6. We prohibit the taking of turtle (see §27.21 of this chapter).

### §32.38 Maine.

The following refuge units have been opened to hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

#### LAKE UMBAGOG NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, American crow, and woodcock in accordance with State regulations, seasons, and bag limits subject to the following conditions:

1. You must wear two articles of hunter-orange clothing or material. One article must be a solid-colored hunter-orange hat; the other must cover a major portion of the torso, such as a jacket, vest, coat, or poncho and must be a minimum of 50 percent hunter orange in color (such as orange camouflage) except when hunting waterfowl.

2. We will provide permanent refuge blinds at various locations that you may reserve. You may make reservations for blinds up to 1 year in advance, for a maximum of 1 week, running Monday through Sunday during the hunting season. You may make reservations for additional weeks up to 1 week in advance, on a space-available basis. We prohibit other permanent blinds. You must remove temporary blinds, boats, and decoys (see §27.93 of this chapter) from the refuge following each day.

3. You may use dogs to locate, point, and retrieve when hunting for migratory game birds (see §26.21(b) of this chapter).

4. We open the refuge to hunting during the hours stipulated under each State's hunting regulations but no longer than from ½ hour before legal sunrise to ½ hour after legal sunset. We close the refuge to night hunting. You must unload all firearms (see §27.42 of this chapter) outside of legal hunting hours.

5. We prohibit the use of all-terrain vehicles (ATVs or OHRVs) (see §27.31(f) of this chapter).

*B. Upland Game Hunting.* We allow hunting of coyote, fox, raccoon, woodchuck, red and eastern gray squirrel, porcupine, skunk, snowshoe hare, ring-necked pheasant, ruffed

## § 32.38

grouse, and northern bobwhite in accordance with State regulations, seasons, and bag limits subject to the following conditions:

1. You may only possess approved nontoxic shot (see §32.2(k)) while on the refuge.

2. We open the refuge to hunting during the hours stipulated under State hunting regulations, but no longer than from ½ hour before legal sunrise to ½ hour after legal sunset. We close the refuge to night hunting. You must unload all firearms (see §27.42 of this chapter), and nock no arrows outside of legal hunting hours.

3. We prohibit the use of all-terrain vehicles (ATVs or OHRVs) (see §27.31(f) of this chapter).

4. You must wear two articles of hunter-orange clothing or material. One article must be a solid-colored hunter-orange hat; the other must cover a major portion of the torso, such as a jacket, vest, coat, or poncho and must be a minimum of 50 percent hunter orange in color (such as orange camouflage) except when hunting turkey.

5. We allow hunting of coyote and snowshoe hare with dogs during State hunting seasons. Hunting with trailing dogs on the refuge will be subject to the following regulations:

i. You must equip all dogs used to hunt coyote with working radio-telemetry collars, and you must be in possession of a working radio-telemetry receiver that can detect and track the frequencies of all collars used. We do not require radio-telemetry collars for dogs used to hunt snowshoe hare.

ii. We prohibit training during or outside of dog season for coyote or hare.

iii. We allow a maximum of four dogs per hunter.

iv. You must pick up all dogs the same day you release them.

*C. Big Game Hunting.* We allow hunting of bear, white-tailed deer, and moose in accordance with State regulations, seasons, and bag limits subject to the following conditions:

1. We open the refuge to hunting during the hours stipulated under State hunting regulations but no longer than from ½ hour before legal sunrise to ½ hour after legal sunset. We close the refuge to night hunting. You must unload all firearms (see §27.42 of this chapter) and nock no arrows outside of legal hunting hours.

2. We allow bear hunting with dogs during State hunting seasons. Hunting with trailing dogs on the refuge will be subject to the following regulations:

i. You must equip all dogs used to hunt bear with working radio-telemetry collars and hunters must be in possession of a working radio-telemetry receiver that can detect and track the frequencies of all collars used.

ii. We prohibit training during or outside of dog season for bear.

iii. We allow a maximum of four dogs per hunter.

iv. You must pick up all dogs the same day you release them.

3. We allow prehunt scouting of the refuge; however, we prohibit dogs and firearms (see §27.42 of this chapter) during prehunt scouting.

4. Each hunter must wear two articles of hunter-orange clothing or material. One article must be a solid-colored hunter-orange hat; the other must cover a major portion of the torso, such as a jacket, vest, coat, or poncho and must be a minimum of 50 percent hunter orange in color (*i.e.*, orange camouflage).

5. We prohibit the use of all-terrain vehicles (ATVs or OHRVs) (see §27.31(f) of this chapter).

6. We allow temporary tree stands and blinds, but hunters must remove them by the end of the season (see §27.93 of this chapter). We prohibit nails, screws, or screw-in climbing pegs to build or access a stand or blind (see §32.2(i)).

### *D. Sport Fishing.* [Reserved]

## MOOSEHORN NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, American woodcock, and Wilson's snipe on designated areas of the Baring and Edmunds Division of the refuge in accordance with State regulations subject to the following conditions:

1. We require every hunter to possess and carry a personally signed refuge hunting permit. Permits and regulations are available at checkpoints throughout the refuge.

2. You must complete a Hunter Information Card at a self-clearing check station after each hunt before leaving the refuge.

3. We allow hunters to enter the refuge 2 hours before legal shooting hours, and they must exit the refuge by 1 hour past legal shooting hours.

4. You may hunt American woodcock and Wilson's snipe on the Edmunds Division and that part of the Baring Division that lies west of State Route 191.

5. You may hunt waterfowl (duck and goose) in that part of the Edmunds Division that lies north of Hobart Stream and west of U.S. Route 1, and in those areas east of U.S. Route 1, and refuge lands that lie south of South Trail, and in that portion of the Baring Division that lies west of State Route 191.

6. We prohibit hunting of migratory birds in the Nat Smith Field and Marsh or Bills Hill Ponds on the Edmunds Division.

7. We prohibit construction or use of any permanent blind.

8. You may only use portable or temporary blinds.

9. You must remove portable or temporary blinds and decoys from the refuge following

each day's hunt (see §§27.93 and 27.94 of this chapter).

10. We prohibit motorized or mechanized vehicles and equipment in designated Wilderness Areas. This includes all vehicles and items such as winches, pulleys, and wheeled game carriers. Hunters must remove animals harvested within the Wilderness Areas by hand without the aid of mechanical equipment of any type.

*B. Upland Game Hunting.* We allow hunting of ruffed grouse, snowshoe hare, red fox, red squirrel, gray squirrel, raccoon, skunk, and woodchuck on designated areas of the Baring and Edmunds Divisions of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A2, and A10 apply.

2. We allow hunters to enter the refuge ½ hour before legal shooting hours, and they must exit the refuge by ½ hour past legal shooting hours except for hunters pursuing raccoons at night.

3. During the firearms big game seasons, you must wear in a conspicuous manner on head, chest, and back a minimum of 400 square inches (2,600 cm<sup>2</sup>) of solid-colored, hunter-orange clothing or material.

4. We allow the hunting of ruffed grouse, snowshoe hare, red fox, red squirrel, gray squirrel, raccoon, skunk, and woodchuck on the Edmunds Division and that part of the Baring Division that lies west of State Route 191.

5. We prohibit hunting of upland game on refuge lands from April 1 through September 30.

6. You must register with the refuge office prior to hunting raccoon or red fox with trailing dogs.

*C. Big Game Hunting.* We allow hunting of black bear, bobcat, eastern coyote, moose, and white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A2, A10, B3, and B5 apply.

2. We allow hunters to enter the refuge ½ hour before legal shooting hours, and they must exit the refuge by ½ hour past legal shooting hours, except for hunters pursuing eastern coyotes at night.

3. We allow bear hunting from October 1 to the end of the State Prescribed Season.

4. We allow eastern coyote hunting from October 1 to March 31 annually.

5. If you harvest a bear, deer, or moose on the refuge, you must notify the refuge office in person or by phone within 24 hours and make the animal available for inspection by refuge personnel.

6. We prohibit construction or use of permanent tree stands, blinds, or ladders.

7. You must use only portable tree stands, blinds, and ladders.

8. You must clearly label any tree stand, blind, or ladder left on the refuge overnight

with your name, address, phone number, and hunting license number.

9. You must remove all tree stands, blinds, and ladders from the refuge on the last day of the muzzleloader deer season (see §§27.93 and 27.94 of this chapter).

10. You may hunt black bear, eastern coyote, and white-tailed deer during the State archery and firearms deer seasons on that part of the Baring Division that lies east of State Route 191.

11. You may hunt black bear, bobcat, eastern coyote, moose, and white-tailed deer on the Edmunds Division and that part of the Baring Division that lies west of State Route 191.

12. You may only use a long, recurve, or compound bow to hunt during the archery deer season, and a muzzleloader to hunt during the deer muzzleloader season on that part of the refuge that lies east of Route 191.

13. You must register with the refuge office prior to hunting black bear, bobcat, or eastern coyote with trailing dogs.

14. We prohibit hunting in the following areas:

i. The South Magurrewock Area: The boundary of this area begins at the intersection of the Charlotte Road and U.S. Route 1; it follows the Charlotte Road in a southerly direction to a point just south of the fishing pier and observation blind, where it turns in an easterly direction, crossing the East Branch of the Magurrewock Stream, and proceeds in a northerly direction along the upland edge of the Upper and Middle Magurrewock Marshes to U.S. Route 1 where it follows Route 1 in a southerly direction to the point of origin.

ii. The North Magurrewock Area: The boundary of this area begins where the northern exterior boundary of the refuge and Route 1 intersect; it follows the boundary line in a westerly direction to the railroad grade where it follows the main railroad grade and refuge boundary in a southwest direction to the upland edge of the Lower Barn Meadow Marsh; it then follows the upland edge of the marsh in an easterly direction to U.S. Route 1, where it follows Route 1 to the point of origin.

iii. The posted safety zone around the refuge headquarters complex: The boundary of this area starts where the southerly edge of the Horse Pasture Field intersects with the Charlotte Road. The boundary follows the southern edge of the Horse Pasture Field, across the abandoned Maine Central Railroad grade, where it intersects with the North Fireline Road. It follows the North Fireline Road to a point near the northwest corner of the Lane Construction Tract. The line then proceeds along a cleared and marked trail in a northwesterly direction to the Barn Meadow Road. It proceeds south along the Barn Meadow Road to the intersection with the South Fireline Road, where it

## § 32.38

follows the South Fireline Road across the Headquarters Road to the intersection with the Mile Bridge Road. It then follows the Mile Bridge Road in a southerly direction to the intersection with the Lunn Road, then along the Lunn Road leaving the road in an easterly direction at the site of the old crossing, across the abandoned Maine Central Railroad grade to the Charlotte Road (directly across from the Moosehorn Ridge Road gate). The line follows the Charlotte Road in a northerly direction to the point of origin.

iv. The Southern Gravel Pit: The boundary of this area starts at a point where Cranberry Brook crosses the Charlotte Road and proceeds south along the Charlotte Road to the Barin/Charlotte Town Line, east along the Town Line to a point where it intersects the railroad grade where it turns in a northerly direction, and follows the railroad grade to Cranberry Brook, following Cranberry Brook in a westerly direction to the point of origin.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit motorized boats on Bearce and Conic Lakes.

2. We only allow fishing from ½ hour before legal sunrise to ½ hour after legal sunset.

3. We allow fishing in the following areas on the Baring Division of the refuge:

i. Bearce Lake, Conic Lake, James Pond, Ledge Pond, and Vose Pond;

ii. Clark Brook and the West Branch of the Magurewock Stream from the outlet of the Howard Mill Flowage water control structure to the handicapped-accessible fishing pier located off the Charlotte Road; and

iii. Barn Meadow Brook, Cranberry Brook, Mahar Brook, and Moosehorn Stream.

4. We allow fishing in the following areas on the Edmunds Division of the refuge: Hobart Lake, Hobart Stream, Cranberry Brook, Crane Meadow Brook, Crane Mill Stream, and Crane Mill Flowage.

5. We prohibit fishing on the stretch of Moosehorn Stream on the Baring Division that lies west of the Charlotte Road and east of the Mile Bridge Road between March 31 and July 14.

6. We prohibit trapping of bait fish on the refuge.

### PETTIT MANAN NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, woodcock, rail, gallinule, and snipe on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit erection of permanent waterfowl blinds.

## 50 CFR Ch. I (10–1–06 Edition)

2. You must remove all temporary blinds, concealment materials, boats, and decoys (see §27.93 of this chapter) each day.

*B. Upland Game Hunting.* We allow hunting of upland game on designated areas in accordance with State regulations subject to the following conditions:

1. You may only possess approved nontoxic shot while in the field (see §32.2(k)).

2. We allow only pointing and flushing dogs.

3. We prohibit the hunting of crows.

4. You may hunt coyotes from November 1 to March 31.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and bear on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit dogs.

2. We only allow black bear hunting during the firearm season for white-tailed deer.

3. You must remove all tree stands by the last day of the white-tailed deer hunting season (see §27.93 of this chapter).

4. We normally close the refuge to all visitors from legal sunset to legal sunrise. However, during hunting season, we allow hunters to enter the refuge ½ hour prior to legal sunrise and remain on the refuge ½ hour after legal sunset.

*D. Sport Fishing.* [Reserved]

### RACHEL CARSON NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, woodcock, and snipe in accordance with State regulations on designated areas of the Brave Boat Harbor, Lower Wells, Upper Wells, Mousam River, Goose Rocks, and Spurwink River Divisions of the refuge subject to the following conditions:

1. Prior to entering designated refuge hunting areas, you must obtain a refuge hunting permit, pay a recreation fee, and sign and carry the permit at all times.

2. You may only take sea duck when the State sea duck season coincides with the regular duck season.

3. You may take waterfowl by falconry during State seasons.

4. We open Designated Youth Hunting Areas to hunters age 17 and under who possess and carry a refuge hunting permit. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. The accompanying adult must possess and carry a refuge hunting permit and may also hunt.

5. You may use seasonal blinds with a Special Use Permit. A permitted seasonal blind is available to permitted hunters on a first-come, first-served basis. The permit holder for the blind is responsible for the removal of the blind at the end of the season and compliance with all conditions of the Special Use Permit. You must remove temporary blinds,

decoys, and boats from the refuge each day (see §§ 27.93 and 27.94 of this chapter).

6. We open the refuge to hunting during the hours stipulated by State regulations but no longer than ½ hour before legal sunrise to ½ hour after legal sunset. We close the refuge to night hunting. You must unload all firearms (see § 27.42(b) of this chapter) outside of legal hunting hours.

7. We prohibit all-terrain vehicles (ATVs or OHRVs) (see § 27.31(f) of this chapter).

8. We close the Moody, Little River, Biddeford Pool, and Goosefare Brook divisions of the refuge to all migratory bird hunting.

*B. Upland Game Hunting.* We allow hunting of pheasant and grouse on designated areas of the Brave Boat Harbor, Lower Wells, Upper Wells, Mousam River, Goose Rocks, Goosefare Brook, and Spurwink River division of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A6, and A7 apply.
2. You may take pheasant and grouse by falconry during State seasons.
3. You may only possess approved nontoxic shot (see § 32.2(k)) while on the refuge.
4. We close the Moody, Little River, and Biddeford Pool division of the refuge to all upland game hunting.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the Brave Boat Harbor, Lower Wells, Upper Wells, Mousam River, Goose Rocks, Little River, Goosefare Brook, and Spurwink River Divisions of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A6, and A7 apply.
2. We only allow hunting of deer with shotgun and archery. We prohibit rifles and muzzleloading firearms.
3. You must use only portable tree stands and ladders. We prohibit use of nails, screws, or bolts to attach tree stands and ladders to trees (see § 32.2(i)). You must remove tree stands and ladders from the refuge following each day (see §§ 27.93 and 27.94 of this chapter).
4. We close the Moody and Biddeford Pool Division of the refuge to white-tailed deer hunting.
5. We close the Moody and Biddeford Pool divisions of the refuge to white-tailed deer hunting.
6. We only allow archery on those areas of the Little River division open to hunting.
7. You may hunt fox and coyote with archery or shotgun during daylight hours of the State firearm deer season only.
8. Bow hunters with refuge permits may apply for the special "Wells Hunt". We must receive letters of interest by November 1 for consideration in a random drawing. Selected hunters must comply with regulations as set by the State.

9. You must report any deer harvested to the refuge office within 48 hours.

*D. Sport Fishing.* We allow sport fishing along the shoreline on the following designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. At the Brave Boat Harbor division on the north side (York) of the stream crossing under Route 103, beginning at Route 103 then downstream to the first railroad trestle.
2. At the Moody division on the north side of the Ogunquit River and downstream of Route 1, beginning at the refuge boundary then downstream a distance of 500 feet (150 m).
3. At the Moody division on the east side of Stevens Brook and downstream of Bourne Avenue, beginning at Bourne Avenue then downstream to where the refuge ends near Ocean Avenue.
4. At the Lower Wells division on the west side of the Webhannet River downstream of Mile Road, from Mile Road north to the first creek.
5. At the Upper Wells division on the south side of the Merriland River downstream of Skinner Mill Road, beginning at the refuge boundary and then east along the oxbow to the woods.
6. At the Mousam River division on the north side of the Mousam River downstream of Route 9, beginning at the refuge boundary and then east to a point opposite Great Hill Road. Access is from the Bridle Path along the first tidal creek.
7. At the Goosefare Brook division on the south side of Goosefare Brook where it flows into the Atlantic Ocean.
8. At the Spurwink River division on the west side (Scarborough) of the Spurwink River upstream of Route 77, beginning at Route 77 and then upstream approximately 1,000 feet (300 m) to a point near the fork in the river.
9. You may launch boats from car top from legal sunrise to legal sunset at Brave Boat Harbor division on Chauncey Creek at the intersection of Cutts Island Road and Sea Point Road.
10. We allow car-top launching from legal sunrise to legal sunset at Spurwink River division on the upstream side of Route 77 at the old road crossing.
11. We allow fishing from legal sunrise to legal sunset.
12. We prohibit lead jigs and sinkers.
13. Anglers must attend their lines at all times.
14. We prohibit collection of bait on the refuge.

### § 32.39 Maryland.

The following refuge units have been opened for hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

#### BLACKWATER NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow hunting of deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require refuge permits for all hunters regardless of age. We require that permits must be in the hunter's possession along with a valid Maryland State hunting license, any required stamps, and a photo identification. Permits are nontransferable.

2. We require that hunters obtain deer hunt permits only through the mail, by mailing an application and administration fee to the refuge after applications are available in July. To obtain an application and regulations leaflet (including designated areas and map, dates of hunts, bag limits, and permit fees) for archery, youth, muzzleloader, and shotgun hunts, we require hunters to contact the refuge hunt coordinator or refuge Visitor

Center, which is open from 9 a.m. to 4 p.m. daily.

3. We allow archery hunters to obtain a permit; permits are available at the Visitor Center, after the first week of September until the end of the archery season.

4. We allow walk-in youth hunters to obtain a permit at the check station on the day of the hunt.

5. A licensed or exempt-from-licensed unarmed adult, age 21 or older, must accompany youth hunters (at least age 12 but less than age 16) at all times in the field.

6. We require a physician to certify "wheelchair-bound" permanently disabled hunters; and an assistant, who must not use a firearm, must accompany these hunters. We require the permanently disabled certification to accompany the hunters' permit application.

7. We only allow participants possessing authorized permits to enter the hunt areas.

8. Beginning at 5 a.m., we require check-in for the youth hunts, muzzleloader hunts, and shotgun hunts.

9. At the refuge check station on the day of the kill for all firearm hunts, we require hunters to properly tag and present for examination all deer killed.

10. We require hunters to seek refuge employee assistance to retrieve deer from closed areas.

11. We do not require check-in or check out at the refuge for the archery hunt, but we require hunters to register harvested deer at one of the State check stations designated by the refuge.

12. We only allow weapons that meet State regulations (bows and arrows for archery, shotguns with slugs and/or No. 1 buckshot or larger for youth hunts and shotgun hunts, and muzzleloading rifles and muzzleloading shotguns only for muzzleloader hunts). We prohibit handguns and breech-loading rifles.

13. We only allow access to hunt areas on designated roads and parking areas indicated on hunt maps in the regulations leaflet (obtained with application by mail or at the Visitor Center) (see §27.31 of this chapter). The only other access we allow is walk-in or bicycles. We prohibit access by boats or ATVs.

14. We only allow scouting on designated days listed in the regulations for permitted hunters.

15. We do not require check-in or check out for scouting.

16. We prohibit firearms or other weapons on the refuge when scouting.

17. We require adult hunters, age 21 or older, to accompany permitted youth hunters while scouting.

18. We require a minimum of 400 square inches (2,600 cm<sup>2</sup>) of solid-colored daylight fluorescent-orange clothing to be worn on

the head, chest, and back of all hunters during the youth, muzzleloader, and shotgun hunts.

19. We require the use of a tree stand that elevates the hunter a minimum of 8 feet (240 cm) above the ground for hunting Area B2 (except disabled hunters). We allow temporary, removable, ladder, fixed, and climbing-type tree stands that do not damage trees in all other areas (see §§32.2(i)).

20. We prohibit screw-in steps, spikes, or other objects that may damage trees.

21. We prohibit hunting from a permanently constructed tree stand.

22. We allow hunters to preinstall tree stands during the scouting days for use during selected hunts and to leave the tree stands in the hunting area at the hunter's discretion. We require hunters to remove all stands the last day of the refuge hunting season (we are not responsible for damage, theft, or other hunter occupancy) (see §27.93 of this chapter).

23. We prohibit dogs in hunt areas.

24. We prohibit hunting from or shooting across a roadway where we allow vehicle traffic.

25. We prohibit driving deer during youth hunts.

26. We prohibit commercialized guiding.

*D. Sport Fishing.* We allow fishing and crabbing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We only allow fishing and crabbing from April 1 through September 30 during daylight hours.

2. We restrict fishing and crabbing to boats and the Key Wallace roadway across the Little Blackwater River.

3. We require a valid State sport fishing license. We do not require a refuge permit.

4. We require anglers to attend all fish and crab lines.

5. We prohibit boat launching from refuge lands except for canoes/kayaks at the canoe/kayak ramp located near the Blackwater River Bridge on Route 335. A public launching ramp is available at Shorter's Wharf.

6. We prohibit the use of air boats on refuge waters.

#### EASTERN NECK NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge in accordance with State hunting regulations subject to the following conditions:

1. We require hunters to carry a signed refuge hunt permit when scouting on the designated scouting days and when hunting. Hunters must turn in their hunt permit at the end of the hunt day or when leaving the refuge during the hunt day at the check-in station.

2. We only allow use of bow and arrows, shotguns, and muzzleloaders for deer hunting and shotguns for turkey hunting.

3. We prohibit possession of a loaded weapon (see §27.42(b) of this chapter) on or within 50 feet (15 m) of any graveled, dirt, or paved refuge road or any designated parking area.

4. We require a minimum of 400 square inches (2,600 cm<sup>2</sup>) of solid hunter-orange clothing or material as the outermost layer of clothing on the head, chest, and back when deer hunting.

5. You must wear a hunter-orange cap or hat when moving to or from your blind or stand when turkey hunting.

6. Each youth hunter (age 15 or under) must remain within sight and normal voice contact of an adult age 18 or older. Children must be at least age 10 to hunt on the refuge.

7. We only allow parking in designated parking areas.

8. We prohibit hunting in the No Hunting Zones; however, you may walk through these areas with an unloaded weapon (see §27.42(b) of this chapter) (no shells in the chamber or magazine cap off of the muzzleloader).

9. For deer hunting, the legal shooting hours are from legal sunrise to legal sunset.

10. For turkey hunting, the legal shooting hours are from ½ hour before legal sunrise to 12 p.m. (noon).

11. We prohibit entry to the refuge by boats during refuge hunts.

12. We only allow persons possessing a refuge hunt permit to be on the refuge during hunting days.

13. We prohibit the use of ATVs during refuge hunts (see §27.31(f) of this chapter).

14. We allow the use of marking tape, reflective pins, or other removable materials to mark trails to and from stands. You must remove the marking material (see §27.93 of this chapter) at the end of your hunt day. We prohibit paint or any other permanent marker to mark trails.

*D. Sport Fishing.* We allow fishing and crabbing in designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow fishing and crabbing from Eastern Neck Island bridge.

2. We only allow fishing and crabbing from April 1—September 30 during daylight hours at the Ingleside Recreation Area.

3. We only allow fishing from the Boxes Point and Duck Inn Trails during daylight hours.

4. We allow fishing and crabbing from boardwalk located adjacent to the Eastern Neck Island bridge.

#### PATUXENT RESEARCH REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, and dove on the North Tract in accordance with State regulations subject to the following conditions:

1. We require a fee-hunting permit.

2. We require hunters age 17 and under to have a parent or guardian countersign to receive a hunting permit. An adult, age 21 or older, possessing a hunting permit, must accompany hunters age 16 and younger in the field.

3. You must check-in and out at the Hunter Control Station (HCS) and exchange your hunting permit for a daily hunting pass and a vehicle pass every time you enter or exit the refuge, including breaks, lunch, and dinner.

4. We restrict hunters to the selected area and activity until you check out at the HCS.

5. You must use established and maintained roads and not block traffic (see §27.31(h) of this chapter).

6. We prohibit hunting on or across any road, within 50 yards (45m) of a road, within 150 yards (135m) of any occupied structure, or within 25 yards (22.5m) from any designated “No Hunting” area. Only those with a State “Hunt from a Vehicle Permit” may hunt from the roadside at designated areas.

7. You must wear at least a fluorescent-orange hat or cap when walking from your vehicle to your hunting site. “Jump Shooters” must wear at least a fluorescent-orange hat or cap while hunting. If you stop and stand, you may replace the orange hat or cap with a camouflage one.

8. You may only carry one shotgun, 20 gauge or larger, in the field. We prohibit additional firearms.

9. We only allow the taking of Canada goose during the special September and late season for a resident Canada goose.

10. We prohibit hunting of goose, duck, or dove during the deer firearm seasons and the early deer muzzleloader seasons that occur in October.

11. We prohibit dove hunting during any deer muzzleloader or firearms seasons.

12. We require waterfowl hunters to use retrievers on any impounded waters. Retrievers must be of the traditional breeds, such as Chesapeake Bay, Golden, Labrador, etc.

13. We require dogs to be under the immediate control of their owner at all times. Law enforcement officers may seize dogs running loose or unattended (see §26.21(b) of this chapter).

*B. Upland Game Hunting.* We allow hunting of turkey, bobwhite quail, grey squirrel, eastern cottontail rabbit, and woodchuck on the North Tract and turkey on the Central Tract in accordance with State regulations subject to the following conditions:

1. Conditions A1 and A6 apply.

2. You must wear a minimum of 400 square inches (2,600 cm<sup>2</sup>) of fluorescent orange on your head, chest, and back while hunting upland game except for turkey hunting. We encourage turkey hunters to wear fluorescent orange.

3. We prohibit hunting of upland game during the firearms and muzzleloader seasons.

4. We select turkey hunters by a computerized lottery for youth, disabled, mobility impaired, and general public hunts. We require documentation for disabled and mobility-impaired hunters.

5. We require each turkey hunter to attend a turkey clinic sponsored by the National Wild Turkey Federation.

6. We require turkey hunters to pattern their weapons prior to hunting.

*C. Big Game Hunting.* We allow hunting of white-tailed deer in accordance with State regulations subject to the following conditions:

1. We require you to pass a proficiency test with each weapon that you desire to use prior to issuing you a hunting permit.

2. Conditions A1 through A6 apply.

3. You must wear a minimum of 400 square inches (2,600 cm<sup>2</sup>) of fluorescent orange on your head, chest, and back while hunting. Bow hunters must follow this requirement when moving to and from the deer stand and while tracking. We do not require bow hunters to wear the fluorescent orange when positioning to hunt except during the deer muzzleloader season.

4. We will extract a jaw from each deer harvested before leaving the refuge.

5. We publish the Refuge Hunting Regulations, which include the daily and yearly bag limits and hunting dates for the North, Central, and South Tracts, in July. We give hunters a copy of the regulations with the fee permit, and they must know the specific hunt seasons and regulations.

6. You must use portable tree stands equipped with a safety belt. You must wear the safety belt while in the tree stand. The stand must be at least 10 feet (3m) off the ground. You must remove tree stands daily from the refuge (see §27.93 of this chapter). Hunters must use deer stands to hunt the South and Central Tracts. (We will make limited accommodations for disabled hunters for Central Tract lottery hunts.)

7. We prohibit the firing of weapons after legal shooting hours, including the unloading of muzzleloaders.

8. We prohibit use of dogs to hunt or track wounded deer.

9. If you wish to track wounded deer beyond 1½ hours after legal sunset, you must report in person to the HCS. If you are hunting on the refuge’s South or Central Tracts, you must call the HCS. The HCS manager will call a refuge law enforcement officer to gain consent to track. We prohibit tracking later than 2½ hours after legal sunset. We may revoke your hunting privileges if you wound a deer and do not make a reasonable effort to retrieve it. This may include next-day tracking.

10. North Tract: We allow shotgun, muzzleloader, and bow hunting in accordance with the following conditions:

i. Conditions C1 through C9 apply.

## U.S. Fish and Wildlife Serv., Interior

## § 32.40

11. Central Tract: We allow shotgun and bow hunting in accordance with the following conditions:

- i. Conditions C1 through C9 apply.
- ii. We only allow bow hunters to hunt on the Schafer Farm.
- iii. We select Central Tract shotgun and bow hunters by a computerized lottery. You will be assigned a specific hunting location.
- iv. You must carry a flashlight, whistle, and a compass while hunting.

12. South Tract: We allow shotgun, muzzle-loader, and bow hunting in accordance with the following regulations:

- i. Conditions C1 through C9 and C11iv apply.
- ii. You must access South Tract hunting areas A, B, and C off Springfield Road through the Old Beltsville Airport, and South Tract hunting area D off Maryland Route 197 through Gate #4 and park in designated parking areas.
- iii. We prohibit shooting into any open meadow or field area.
- iv. We prohibit parking along the National Wildlife Visitor Center road or in the visitor center parking lot.

*D. Sport Fishing.* We allow sport fishing in accordance with State regulations subject to the following conditions:

1. We require a free refuge fishing permit, which you must carry with you at all times while fishing. Organized groups may request a group permit. The group leader must carry a copy of the permit and stay with the group at all times while fishing.
2. You may take one additional licensed adult or two youths age 15 or under to fish under your permit and in your presence.
3. You may only use earthworms for live bait.
4. We prohibit harvesting bait on the refuge.
5. You must attend all fishing lines.
6. We prohibit fishing from all bridges except the south side of Bailey Bridge.
7. You may take the following species: Chain pickerel, catfish, golden shiner, eel, and sunfish (includes bluegill, black crappie, warmouth, and pumpkinseed).
8. You must catch and release all bass.

9. North Tract: We allow sport fishing in accordance with the following conditions:

- i. We allow sport fishing at Lake Allen, Rieve's Pond, New Marsh, Cattail Pond, Bailey Bridge Pond, Bailey Bridge (south side), and Little Patuxent River (downstream only from Bailey's Bridge).
- ii. Conditions D1 through D8 apply.
- iii. We require a free North Tract refuge access permit that you must possess and carry at all times. If you are age 17 or under, you must have a parent or guardian counter-sign to receive an access permit. A parent or legal guardian must accompany those anglers age 17 and under.

iv. You may fish year-round at Lake Allen, New Marsh, Cattail Pond, Bailey Bridge Pond, Bailey Bridge (south side), and the Little Patuxent River (downstream only from Bailey Bridge) except during the white-tailed deer muzzleloader and shotgun seasons and the waterfowl hunting season. We also reserve the right to close Lake Allen at any time.

v. You may fish at Rieve's Pond from February 1 to August 31 and on Sundays from September 1 to January 31.

vi. We allow wading, for fishing purposes only, downstream from Bailey Bridge on the Little Patuxent River. We prohibit wading in other bodies of water.

vii. We prohibit the use of any type of watercraft.

10. South Tract: We allow sport fishing in accordance with the following conditions:

- i. Conditions D1 through D8 apply.
- ii. You must park your vehicle in the parking lot located behind Refuge Gate #8 off Maryland Route 197.
- iii. You must display your fishing permit on your vehicle dashboard.
- iv. We allow sport fishing at the pier and designated shorelines at Cash Lake. See Refuge Fishing Regulations for areas opened to fishing. We post other areas with "No fishing beyond this point".
- v. You may fish from mid-June until mid-October.

vi. You may fish between the hours of 6 a.m. until legal sunset. We open refuge trails from legal sunrise until 5:30 p.m. daily.

vii. We prohibit boat trailers.

viii. You may use watercraft for fishing in accordance with the State boating laws subject to the following conditions: You may use car-top boats 14 feet (4.2m) or less, canoes, kayaks, and inflatable boats. You may only use electric motors, 4hp or less. We prohibit sailboats.

### § 32.40 Massachusetts.

The following refuge units have been opened for hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

#### ASSABET RIVER NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of woodcock on designated portions of the refuge in accordance with State regulations subject to the following conditions:

1. We allow woodcock hunting within the portions of the refuge located north of Hudson Road, except those areas north of Hudson

## § 32.40

Road that are designated as “archery only” hunting on the current refuge hunting map. These archery only hunting areas north of Hudson Road are those portions of the refuge that are external to Patrol Road from its southerly intersection with White Pond Road, northwesterly and then easterly, to its intersection with Old Marlborough Road.

2. We require refuge permits.

3. You must possess and carry all applicable hunting licenses, permits, stamps, and a photographic identification while hunting on the refuge.

4. We prohibit use of motorized vehicles on the refuge. The refuge will provide designated parking areas for hunters. Consult the refuge manager for further details.

5. During any season when it is legal to hunt deer with a shotgun or muzzleloader, we require all hunters to wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of solid-orange clothing or material in a conspicuous manner on their chest, back, and head. During all other times, if you are engaged in woodcock hunting on the refuge, you must wear a minimum of a solid-orange hat.

6. We prohibit the use of electronic calls during any hunting season.

7. We prohibit trimming or cutting of branches larger than the diameter of a quarter (see §27.61 of this chapter).

8. We prohibit the marking any tree or other refuge feature with flagging, paint, reflective material, or any other substance (see §27.61 of this chapter).

9. You may scout hunting areas on the refuge once you have obtained a refuge permit. Scouting may begin no earlier than 1 month from the opening day of the hunting season. We prohibit the use of dogs during scouting.

10. We allow hunters to enter the refuge 1½ hours before legal hunting hours, and they must leave the refuge no later than 1½ hours after legal sunset.

11. For seasons wherein State regulations allow use of dogs, we allow no more than two dogs per hunting party. We prohibit the training of dogs on the refuge.

*B. Upland Game Hunting.* We allow upland game hunting on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow shotgun hunting for ruffed grouse, cottontail rabbit, and gray squirrel within those portions of the refuge located north of Hudson Road, except those areas north of Hudson Road designated as “archery only” hunting on the current refuge hunting map. These archery only hunting areas north of Hudson Road are those portions of the refuge that are external to Patrol Road from its southerly intersection with White Pond Road, northwesterly and then easterly, to its intersection with Old Marlborough Road.

2. Conditions A2, A3, A4, A6, A7, A8, A9, A10, and A11 apply.

## 50 CFR Ch. I (10–1–06 Edition)

3. You may possess only approved nontoxic shot while in the field (see §32.2(k)).

4. We prohibit construction or use of any permanent structure while hunting on the refuge. You must remove all temporary blinds each day (see §§27.93 and 27.94 of this chapter).

5. During seasons when it is legal to hunt deer with a shotgun or muzzleloader, we require all hunters, including archers and small game hunters, to wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of solid-orange clothing or material in a conspicuous manner on their chest, back, and head. During all other times, if you are engaged in ruffed grouse, squirrel, or cottontail rabbit hunting on the refuge, you must wear a minimum of a solid-orange hat.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow shotgun and muzzleloader hunting of white-tailed deer, as well as shotgun hunting of turkey, within the portions of the refuge located north of Hudson Road, except those areas north of Hudson Road that are designated as “archery only” hunting on the current refuge hunting map. These archery only hunting areas north of Hudson Road are those portions of the refuge that are external to Patrol Road from its southerly intersection with White Pond Road, northwesterly and then easterly, to its intersection with Old Marlborough Road.

2. We allow archery deer and archery turkey hunting within all portions of the refuge during the hunting seasons for these species.

3. We require refuge permits. We limit the numbers of deer and turkey hunters allowed to hunt on the refuge. If the number of applications to hunt these species received is greater than the number of permits available, we will issue permits by random selection.

4. Conditions A3, A4, A6, A7, A8, A9, and A10 apply.

5. During seasons when it is legal to hunt deer with a shotgun or muzzleloader, we require all hunters, including archers, to wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of solid-orange clothing or material in a conspicuous manner on their chest, back, and head.

6. You may use decoys to hunt turkey.

7. We prohibit driving deer by any means on the refuge.

8. We prohibit construction or use of permanent structures while hunting. We prohibit driving a nail, spike, screw, or other metal object into any tree or hunting from any tree into which a nail, spike, screw, or other object has been driven (see §32.2(i)).

9. You may use temporary tree stands while engaged in hunting deer during the applicable archery, shotgun, or muzzleloader

deer seasons. You must remove all stands or any blinds by legal sunset each day (see §§27.93 and 27.94 of this chapter). We require all tree stands to have the name and address of the owner clearly printed on the stand.

10. We prohibit possession of buckshot while hunting during any season on the refuge.

*D. Sport Fishing.* We allow sport fishing in Puffer Pond in accordance with State regulations subject to the following conditions:

1. We allow fishing from nonmotorized canoes and car-top boats, as well as from designated locations on the banks of Puffer Pond. We prohibit the use of trailers to launch or retrieve canoes or boats on the refuge.

2. We allow catch and release fishing only.

3. We prohibit the use of live bait.

4. We prohibit lead sinkers.

5. We prohibit taking of frogs or turtles on the refuge (see §27.21 of this chapter).

6. You may fish on Puffer Pond from ½ hour before legal sunrise to ½ hour after legal sunset.

7. We prohibit night fishing or ice fishing on the refuge.

8. We prohibit open fires anywhere on the refuge.

9. The refuge will provide designated parking areas for anglers. Consult the refuge manager for further details.

#### GREAT MEADOWS NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of ducks and geese on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require refuge permits. We limit the numbers of waterfowl hunters allowed to hunt on the refuge. If the number of applications received to hunt waterfowl is greater than the number of permits available, we will issue permits by random selection.

2. We will provide waterfowl hunters maps showing the portions of the refuge designated as open.

3. You must possess and carry all applicable hunting licenses, permits, stamps, and a photographic identification while hunting on the refuge.

4. We prohibit construction or use of any permanent structure while hunting on the refuge. You must remove all temporary blinds by legal sunset each day (see §§27.93 and 27.94 of this chapter).

5. We prohibit use of motorized vehicles on the refuge.

6. Except while hunting waterfowl from a blind or from a boat, you must wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of solid-orange clothing or material in a conspicuous manner on your chest, back, and head during any season when it is legal to hunt deer with a shotgun or muzzleloader.

7. We prohibit the use of electronic calls during any hunting season.

8. We prohibit trimming or cutting of branches larger than the diameter of a quarter (see §27.61 of this chapter).

9. We prohibit the marking any tree or other refuge feature with flagging, paint, reflective material or any other substance (see §27.61 of this chapter).

10. You may scout hunting areas on the refuge once you have obtained a refuge permit. Scouting may begin no earlier than 1 month from the opening day of the hunting season. We prohibit the use of dogs during scouting.

11. We allow hunters to enter the refuge 1½ hours before legal hunting hours, and they must leave the refuge no later than 1½ hours after legal sunset.

12. We allow no more than two dogs per hunting party. We prohibit the training of dogs on the refuge.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow archery hunting of whitetail deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow archery hunting of whitetail deer within the portions of the Concord Unit of the refuge that are located north of Massachusetts Route 225. We also allow archery hunting of whitetail deer within the portions of the Sudbury Unit of the refuge that are located north of Stonebridge Road in Wayland, Massachusetts and south of Lincoln Road/Sherman's Bridge Road on the Sudbury and Wayland Town Line.

2. We prohibit the use of firearms for hunting deer on the refuge. However, you may archery hunt in the portions of the refuge that are open for deer hunting during the archery, shotgun, and muzzleloader seasons established by the State.

3. We require refuge permits. We limit the numbers of deer hunters allowed to hunt on the refuge. If the number of applications received to hunt deer on the refuge is greater than the number of permits available, we will issue permits by random selection.

4. Conditions A3, A5, A7, A8, A9, A10, and A11 apply.

5. During seasons when it is legal to hunt deer with a shotgun or muzzleloader, we require all hunters, including archers, to wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of solid-orange clothing or material in a conspicuous manner on their chest, back, and head.

6. We prohibit the use of decoys to hunt deer on the refuge.

7. We prohibit driving deer by any means on the refuge.

8. We prohibit construction or use of permanent structures while hunting. We prohibit driving nails, spikes, screws, or other metal object into any tree or hunting from

## § 32.40

any tree in which a nail, spike, screw, or other object has been driven (see § 32.2(i)).

9. You may use temporary tree stands while engaged in hunting deer. You must remove all stands or any blinds by legal sunset (see §§ 27.93 and 27.94 of this chapter). We require all tree stands to have the name and address of the owner clearly printed on the stand.

*D. Sport Fishing.* We allow sport fishing in designated areas of the refuge in accordance with State regulations subject to the following condition: We allow fishing along the main channels of the Concord and Sudbury Rivers and from designated banks of Heard Pond. We limit access to Heard Pond to foot traffic only.

### MONOMOY NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* We allow fishing in designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow fishing on the portions of the Monomoy Islands that we do not post as closed to public use from legal sunrise to legal sunset.

2. We allow surf fishing from the Morris Island shore 24 hours a day.

### NANTUCKET NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* We allow fishing in accordance with State regulations subject to the following conditions:

1. We close the western refuge shoreline and beach area to surf fishing during the period of April 15 through July 31 annually, and you may not operate a vehicle on the west-facing beach and shoreline (see § 27.31 of this chapter). We only allow surf fishing on the northeast-facing shoreline during this period of time.

2. We may close the northeast-facing shoreline and beach if piping plover nesting is occurring in this portion of the refuge.

3. We require a permit for the use of over-the-sand, surf-fishing vehicles.

4. If we do not otherwise close an area because of these conditions, we allow fishing 24 hours a day.

### OXBOW NATIONAL WILDLIFE REFUGE

*A. Hunting of Migratory Game Birds.* We allow hunting of waterfowl, woodcock, and common snipe on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow waterfowl and common snipe hunting within the portions of the refuge lo-

## § 32.43 Mississippi.

The following refuge units have been opened for hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

#### BOGUE CHITTO NATIONAL WILDLIFE REFUGE

Refer to §32.37 Louisiana for regulations.

#### DAHOMY NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of migratory waterfowl, coot, snipe, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Youth hunters age 15 and under must possess and carry a hunter safety course card or certificate. Each youth hunter must remain within sight and normal voice contact

of an adult age 21 or older. All hunters must possess and carry a valid, signed refuge hunting permit certifying that you understand and will comply with all regulations, and hunters must carry a State license and a signed Federal and State duck stamp on their person while hunting on the refuge. Hunters born after January 1, 1972, also must carry a Hunter Education Safety Course card or certificate. You may obtain permits at North Mississippi Refuges Complex Headquarters, 2776 Sunset Drive, Grenada, Mississippi 38901, or at the Dahomey National Wildlife Refuge Office, Box 831, Highway 446, Boyle, Mississippi 38730, or by mail from the above addresses.

2. All users may enter the refuge 2 hours before legal sunrise and must exit the refuge no later than 2 hours after legal sunset. We prohibit entering or remaining on the refuge before or after hours.

3. We only allow hunting of migratory game birds on Wednesdays, Saturdays, and Sundays, from ½ hour before legal sunrise to 12 p.m. (noon). Hunters must remove all decoys, blind material (see § 27.93 of this chapter), and harvested waterfowl from the area no later than 1 p.m. each day. After duck, merganser, and coot season closes, you may hunt goose daily from ½ hour before legal sunrise until legal sunset.

4. Each hunter must obtain a daily User Information Card (pink) available at each refuge information station and follow the printed instructions on the card. Hunters must place the card in plain view on the dashboard of their vehicle so the personal information is readable. Prior to leaving the refuge, you must complete the reverse side of the card and deposit it at one of the hunter information stations. Include all game harvested, and if there is none, report “0.”

5. We may close certain areas of the refuge for sanctuary or administrative purposes. We will mark such areas with “No Hunting” or “Area Closed” signs.

6. We prohibit handguns of all kinds.

7. Waterfowl hunters may leave boats meeting all State registration requirements on refuge water bodies throughout the waterfowl season. You must remove boats (see § 27.93 of this chapter) within 72 hours after the season closes.

8. We restrict motor vehicle use to roads designated as vehicle access roads on the refuge map (see § 27.31 of this chapter). We prohibit blocking access to any road or trail entering the refuge (see § 27.31(h) of this chapter).

9. All hunters or persons on the refuge for any reason during any open refuge hunting season must wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of visible, unbroken, fluorescent orange-colored material above the waistline. Waterfowl hunters must comply while walking/boating to and from actual hunting area. Waterfowl hunters may re-

move the fluorescent orange while actually hunting.

10. We only allow dogs on the refuge when specifically authorized for hunting. We encourage the use of dogs to retrieve dead or wounded waterfowl. Dogs must remain in the immediate control of their handlers at all times (see § 26.21(b) of this chapter).

11. You must remove decoys, blinds, other personal property, and litter (see §§ 27.93 and 27.94 of this chapter) from the hunting area following each morning’s hunt. We prohibit cutting or removing trees and other vegetation (see § 27.51 of this chapter). We prohibit the use of flagging, paint, blazes, tacks, or other types of markers.

12. We prohibit ATVs (see § 27.31(f) of this chapter), horses, and mules on the refuge.

*B. Upland Game Hunting.* We allow hunting of quail, squirrel, rabbit, beaver, nutria, raccoon, coyotes, and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A4, A5, A8, and A12 apply.

2. We restrict all public use to the period beginning 2 hours before legal sunrise and ending 2 hours after legal sunset. We prohibit entering or remaining on the refuge before or after hours. We establish special provisions for raccoon hunting; contact the refuge office for details.

3. You may only possess shotguns with approved nontoxic shotgun shot (see § 32.2(k)) and .22 caliber rifles. We prohibit all handguns.

4. All hunters or persons on the refuge for any reason during any open refuge hunting season must wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of visible, unbroken, fluorescent orange-colored material above the waistline.

5. We only allow dogs on the refuge after the general Gun Deer Hunt. Dogs must remain in the immediate control of their handlers at all times (see § 26.21(b) of this chapter).

6. We prohibit cutting or removing trees and other vegetation (see § 27.51 of this chapter). We prohibit the use of flagging, paint, blazes, tacks, or other types of markers.

*C. Big Game Hunting.* We allow hunting of white-tailed deer, turkey, and feral hog on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A4, A5, A6, A8, and A12 apply.

2. We restrict all public use to 2 hours before legal sunrise until 2 hours after legal sunset. We prohibit entering or remaining on the refuge before or after hours.

3. All hunters or persons on the refuge for any reason during any open refuge hunting season must wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of visible, unbroken, fluorescent orange-colored material above the

waistline. We do not require this for turkey hunting.

4. We prohibit dogs for any big game hunt.
5. We prohibit use or possession of any drug or device for employing such drug for hunting (see §32.2(g)).
6. We prohibit organized drives for deer.
7. We prohibit hunting or shooting across any open, fallow, or planted field from ground level or on or across any public road, public highway, railroad, or their right-of-way during all general gun and primitive weapon hunts.
8. You may erect portable deer stands (see §32.2i) 2 weeks prior to the opening of archery season on the refuge, and you must remove them by January 31 (see §27.93 of this chapter). We prohibit cutting or removing trees and other vegetation (see §27.51 of this chapter). We prohibit the use of flagging, paint, blazes, tacks, or other types of markers.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. All anglers must possess and carry a valid, signed refuge fishing permit certifying that you understand and will comply with all regulations.
2. We close the refuge to fishing from October 1 through February 28.
3. We prohibit possession of any weapon (see §27.42 of this chapter) while fishing on the refuge.
4. We prohibit possession or use of jugs, seines, nets, hand-grab baskets, slat traps/baskets, or any other similar devices and commercial fishing of any kind.
5. We allow trotlines, yo-yos, limb lines, crawfish traps, or any other similar devices for recreational use only. You must tag or mark these devices with your full name, full residence address including zip code, written with waterproof ink, legibly inscribed or legibly stamped on the tag. You must attend these devices a minimum of once a day. If you do not attend these devices (see §27.93 of this chapter), you must remove them from the refuge.
6. We prohibit snagging or attempting to snag fish.
7. We allow crawfishing.
8. We only allow the taking of frog by Special Use Permit.

*A. Migratory Game Bird Hunting.* We allow hunting of migratory waterfowl, coots, snipe, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Youth hunters age 15 and under must possess and carry a hunter safety course card or certificate. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. Hunters born after January 1, 1972, also must carry a Hunter Education Safety Course card or certificate. All hunters must possess and carry a valid, signed refuge Hunting Permit certifying that he or she understands and will comply with all regulations. You may obtain permits at North Mississippi Refuges Complex Headquarters, 2776 Sunset Drive, Grenada, Mississippi 38901, or at the Dahomey National Wildlife Refuge Office, Box 831, Highway 446, Boyle, Mississippi 38730, or by mail from the above addresses.

2. We restrict all public use to the period beginning 2 hours before legal sunrise and ending 2 hours after legal sunset except during the raccoon hunt. We prohibit entering or remaining on the refuge before or after hours.

3. We only allow hunting of migratory game birds on Wednesdays, Saturdays, and Sundays from ½ hour before legal sunrise and ending at 12 p.m. (noon). Hunters must remove all decoys, blind material (see § 27.93 of this chapter), and harvested waterfowl from the area no later than 1 p.m. each day. After duck, merganser, and coot season closes, we allow hunting of goose daily, during the period beginning ½ hour before legal sunrise and ending at legal sunset.

4. We prohibit public hunting north of Mississippi Highway 8.

5. Each hunter must obtain a daily User Information Card (pink) available at each refuge information station and follow the printed instructions on the card. You must display the card in plain view on the dashboard of your vehicle so that the personal information is readable. Prior to leaving the refuge, you must complete the reverse side of the card and deposit it at one of the refuge information stations. Include all game harvested, and if you harvest no game, report "0."

6. We may close certain areas of the refuge for sanctuary or administrative purposes. We will mark such areas with "No Hunting" or "Area Closed" signs.

7. We prohibit all handguns.

8. Waterfowl hunters may leave boats meeting all State registration requirements on refuge water bodies throughout the waterfowl season. You must remove boats (see § 27.93 of this chapter) within 72 hours after the season closes.

## § 32.43

9. We restrict motor vehicle use to roads designated as vehicle access roads on the refuge map (see §27.31 of this chapter). We prohibit blocking access to any road or trail entering the refuge (see §27.31(h) of this chapter).

10. All hunters or persons on the refuge for any reason during any open refuge hunting season must wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of visible, unbroken, fluorescent orange-colored material above the waistline. Waterfowl hunters must comply while walking/boating to and from actual hunting area. Waterfowl hunters may remove the fluorescent orange while actually hunting.

11. We only allow dogs on the refuge when specifically authorized for hunting. We encourage the use of dogs to retrieve dead or wounded waterfowl. Dogs must remain in the immediate control of their handlers at all times (see §26.21(b) of this chapter).

12. You must remove decoys, blinds, other personal property, and litter (see §§27.93 and 27.94 of this chapter) from the hunting area following each morning's hunt. We prohibit cutting or removing trees and other vegetation (see §27.51 of this chapter). We prohibit the use of flagging, paint, blazes, tacks, or other types of markers.

13. We prohibit ATVs (see §27.31(f) of this chapter), horses, and mules on the refuge.

*B. Upland Game Hunting.* We allow hunting of quail, squirrel, rabbit, beaver, nutria, raccoon, coyote, and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A4, A5, A6, A9, and A13 apply.

2. We restrict all public use to the period beginning 2 hours before legal sunrise and ending 2 hours after legal sunset. We prohibit entering or remaining on the refuge before or after hours. We establish special provisions for raccoon hunting; contact the refuge office for details.

3. We only allow shotguns with approved nontoxic shotgun shot (see §32.2(k)) and .22 caliber rifles. We prohibit all handguns.

4. All hunters or persons on the refuge for any reason during any open refuge hunting season must wear a minimum of 500 square inches (3,250 cm<sup>2</sup>) of visible, unbroken, fluorescent orange-colored material above the waistline.

5. We only allow dogs on the refuge after the general Gun Deer Hunt. Dogs must remain in the immediate control of their handlers at all times (see §26.21(b) of this chapter).

6. We prohibit the cutting or removal of trees and other vegetation (see §27.51 of this chapter). We prohibit the use of flagging, paint, blazes, tacks, or other types of markers.

8. You may erect portable deer stands 2 weeks prior to the opening of archery season on the refuge, and you must remove them (see §27.93 of this chapter) by January 31. We prohibit the cutting or removal of trees and other vegetation (see §27.51 of this chapter). We prohibit the use of flagging, paint, blazes, tacks, or other types of markers.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. All anglers must possess and carry a valid, signed refuge fishing permit certifying that you understand and will comply with all regulations. You may obtain permits at North Mississippi Refuges Complex Headquarters, 2776 Sunset Drive, Grenada, Mississippi 38901, or at the Dahomey National Wildlife Refuge Office, Box 381, Highway 446, Boyle, Mississippi 38730, or by mail to the above addresses.

2. We close the refuge to fishing from October 1 through February 28.

3. We only allow bank or boat sport fishing south of Mississippi Highway 8.

4. We prohibit possession of any weapon (see §27.42 of this chapter) while fishing on the refuge.

5. We prohibit possession or use of jugs, seines, nets, hand-grab baskets, slat traps/baskets, or any other similar devices and commercial fishing of any kind.

6. We only allow trotlines, yo-yos, limb lines, crawfish traps, or any other similar devices for recreational use. You must tag or mark them with the angler's full name and full residence address, including zip code

written with waterproof ink, legibly inscribed or legibly stamped on the tag; and attend the devices a minimum of once daily. When not attended, you must remove these devices (see §27.93 of this chapter) from the refuge.

7. We prohibit snagging or attempting to snag fish.

8. We allow crawfishing.

9. We only allow take of frog by Special Use Permit.

#### YAZOO NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of dove and snow goose on the refuge in accordance with State regulations subject to the following conditions:

1. If you are a hunter age 16 or older, you must possess and carry a valid, signed refuge Public Use Permit that certifies that you understand and will comply with all regulations.

2. Each day before hunting, all hunters must obtain a daily User Information Card (pink) available at each refuge information station (see refuge brochure map) and follow the printed instructions on the card. You must display this card in plain view on the dashboard of your vehicle while hunting or fishing so that the personal information is readable. Prior to leaving the refuge, you must complete the reverse side of the card and deposit it at one of the refuge information stations. Failure to display the User Information Card may result in the loss of the hunter's refuge annual Public Use Permit.

3. We only allow hunting of snow goose by Special Use Permit. Contact the refuge office for details.

4. Hunt dates are available at the refuge headquarters in July and posted in the refuge brochure.

5. Youth hunters age 15 and under must possess and carry a hunter safety course card or certificate. Each youth hunter must remain within sight and normal voice contact of an adult age 21 or older. We only allow one adult per youth hunter.

6. We prohibit hunting or entry into areas designated as "CLOSED" (see refuge brochure map).

7. We prohibit possession of alcoholic beverages.

8. We prohibit possession of plastic flagging tape.

9. We prohibit handguns at all times.

10. You may only possess approved nontoxic shot while hunting on the refuge (see §32.2(k)).

11. You must unload and case guns (see §27.42(b) of this chapter) transported in/on vehicles, ATVs, and boats under power.

12. We prohibit parking of vehicles in such a manner as to obstruct roads, gates, turnrows, or firelanes (see §27.31(h) of this chapter).

13. We allow valid permit holders to take the following furbearers in season, incidental to other refuge hunts with legal firearms used for that hunt: raccoon, opossum, coyote, beaver, bobcat, and nutria.

*B. Upland Game Hunting.* We allow hunting of squirrel, rabbit, and raccoon on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A2, A3, A5 through A10, and A12 through A14 apply.

2. We only allow shotguns with approved nontoxic shot (see §32.2(k)) and .22 caliber rimfire rifles (we prohibit .22 caliber magnums).

3. During the rabbit-with-dog hunt, any person hunting or accompanying another person hunting must wear at least 500 square inches (3,250 cm<sup>2</sup>) of unbroken fluorescent-orange material visible above the waistline as an outer garment.

4. We prohibit horses.

5. We allow hunting for rabbit on the Herron Tract, Brown Tract (east of the Sunflower River), Middleton-Miller-Zepponi Tracts, and Carter Tract. Contact refuge headquarters for hunt dates, maps, and additional information.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A2, A3, A5, B4, and B5 (we allow archery except on the Carter Tract) apply.

2. If you are a hunter age 16 or older, you must possess and carry a valid refuge annual Public Use Permit or Limited Hunt Permit that certifies that you understand and will comply with all regulations. Permits are not transferable and are nonrefundable.

3. The youth regular gun deer, muzzleloader deer, and senior citizen Gun Deer Hunts require a Limited Hunt Permit assigned by random computer drawing. If we draw your name, there is a fee for each permit. Contact the refuge headquarters for specific requirements, hunt, and application dates.

4. During all gun or muzzleloader deer hunts, all participants must wear at least 500 square inches (3,250 cm<sup>2</sup>) of unbroken fluorescent-orange material visible above the waistline as an outer garment while hunting and enroute to and from hunting areas.

5. We prohibit all other public use during all gun and muzzleloader deer hunts.

6. We prohibit organized drives for deer.

7. We prohibit hunting from or shooting across open fields from ground level.

8. During all Limited Permit Hunts, each hunter shall possess and carry only their own current permit and/or tags.

9. We only allow crossbows in accordance with State law.

## § 32.44

## 50 CFR Ch. I (10–1–06 Edition)

10. We define a loaded gun as shells in the gun or percussion caps on muzzleloaders.

11. You must unload guns (see § 27.42(b) of this chapter) while standing beside, in, or walking across any portion of a field, tree plantation, road, pipeline, or powerline right-of-way.

12. We prohibit hunting from tripods and other free-standing platforms during muzzleloader, rifle, and youth Gun Deer Hunts in fields and tree plantations.

13. Stands adjacent to fields and tree plantations must be a minimum of 10 feet (3 m) above ground. We prohibit attaching stands to any power or utility pole. You may place stands on the refuge 7 days prior to and must remove them (see § 27.93 of this chapter) by day 7 after the close of the refuge deer season. You must remove stands in the January/February closed area by day 7 after the last deer hunt.

14. You must field dress and check all deer at refuge headquarters.

LEE METCALF NATIONAL WILDLIFE REFUGE

A. *Migratory Game Bird Hunting.* We allow hunting of duck, goose, and coot from established blinds in designated areas of the refuge in accordance with State regulations subject to the following conditions (consult refuge manager prior to hunting to learn of changes or updates):

1. *Hunting Access:* We have numbered the blinds and assigned them to a single access point designated in the refuge hunting leaflet. Hunters must park at this access point and at the numbered parking space corresponding to a blind. Hunters must walk to the blind along mowed trails designated in the hunting leaflet. We open the access point to hunters who intend to immediately hunt on the refuge. We prohibit wildlife observation, scouting, and loitering at the access point.

2. *Hunting Hours:* We open the hunting area, defined by the refuge boundary fence, 2 hours before and require departure 2 hours after legal waterfowl hunting hours, as defined by the State.

3. *Registration:* Each hunter must record the date, his or her name, Automated License System number, date of birth, and the time checking into the hunt area at the appropriate register before hunting; must set the appropriate blind selector before and after hunting; and must record hunting data (hours hunted, the number of shots fired, and birds harvested) at the appropriate register before departing the hunting area.

4. *Blind selection* is on a first-come, first-served basis with the exception of the opening weekend of waterfowl season. We will distribute blind permits for the opening weekend by a public drawing. We will announce the drawing time and place in local newspapers.

5. We prohibit attempting to "reserve" a blind for use later in the day by depositing a vehicle or other equipment on the refuge. A hunter must be physically present in the hunting area in order to use a blind.

6. We prohibit blocking access to refuge gates (see §27.31(h) of this chapter).

7. Hunters with a documented mobility disability may reserve an accessible blind in advance by contacting a refuge officer.

8. No more than four hunters or individuals may use a blind at one time.

9. You may only possess approved nontoxic shotshells (see §32.2(k)) in quantities of 25 or less.

10. You must conduct all hunting from within 10 feet (3 m) of a blind.

## U.S. Fish and Wildlife Serv., Interior

## § 32.45

11. All hunters must have a visible means of retrieving waterfowl such as a float tube, waders, or a dog capable of retrieving.

12. We prohibit falconry hunting.

13. We prohibit boats, fishing gear, and fires (see §27.95 of this chapter).

14. We require dogs be on a leash at the hunter access point and when walking to and from the hunt area/blind (see §26.21(b) of this chapter).

15. We require hunters to unload shotguns (see §27.42(b) of this chapter) at the hunter access point and when walking to and from the hunt area/blind.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow archery hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions (consult refuge manager prior to hunting to learn of changes or updates):

1. Hunting Access: Hunters must enter and exit the hunt areas through designated archery hunting access points. We open access points to hunters intending to immediately hunt on the refuge. We prohibit wildlife observation, scouting, and loitering at access points and parking areas.

2. Condition A2 applies.

3. Registration: Each hunter must record the date, his or her name, Automated License System number, and date of birth at the appropriate register before hunting and must record hunting data (hours hunted, the number of arrows released, and deer harvested) at the appropriate register before departing the hunting area.

4. Tree Stands and Blinds: We only allow portable tree stands and blinds that must be removed each day (see §27.93 of this chapter).

5. We prohibit preseason entry or scouting.

6. Hunters may not enter or retrieve deer from closed areas of the refuge without the consent of a refuge officer.

### § 32.48 New Hampshire.

We have opened the following refuge unit to hunting and/or fishing with applicable refuge-specific regulations:

#### GREAT BAY NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of waterfowl in accordance with State regulations subject to the following conditions:

1. We do not require a separate Federal permit for waterfowl hunting.

2. We only allow hunting from Great Bay up to the refuge boundary signs and hunters may not retrieve birds beyond refuge signs from the shoreline.

3. We only allow portable blinds. You must remove all decoys, blinds, and boats (see § 27.93 of this chapter) each day.

4. Waterfowl hunters may only access shorelines by boat from launching areas outside the refuge.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. The deer hunt will be the first weekend of the State's either-sex season for Wildlife Management Unit M, usually held in November.

2. We close the refuge to all other public use during the hunt weekend.

3. We require refuge permits (you must possess and carry) for the deer hunt for a fee of \$20.00. By lottery we draw 20 hunters for each day, for a total of 40. We also draw 20 alternate hunters.

4. A licensed and permit-holding adult who is at least age 18 must accompany youth

hunters up to age 16 when hunting. We charge no refuge permit fee to youth hunters.

5. Youth hunters must have successfully completed a State hunter education course.

6. We require deer hunters to wear in a visible manner on the head, chest, and back, a minimum of 400 square inches (2,600 cm<sup>2</sup>) of solid-colored, blaze-orange clothing or material.

7. We only allow shotgun hunting with slugs. We prohibit other firearms, including handguns, at any time while on the refuge.

8. You must unload shotguns (see § 27.42(b) of this chapter) outside of legal State hunting hours and while traveling through any designated safety zone.

9. We only allow portable tree stands that hunters must remove (see § 27.93 of this chapter) at the end of the day.

10. Two weeks prior to the hunt, we will allow selected hunters a refuge permit (you must possess and carry) to scout for 4 days. Scout days are Wednesdays through Saturdays during daylight hours only.

11. You must possess and carry the refuge permit with you at all times while scouting and hunting the refuge.

12. You must check-in at the refuge electronic gate between 4:30 a.m. and 5:30 a.m. on your assigned hunt day.

13. We open the entire refuge to deer hunting, with the exception of designated safety zones and the former Weapons Storage Area.

14. In order to protect bald eagles from disturbance, we may, on a daily basis, close Woodman Point to deer hunting if significant numbers of roosting bald eagles are using the area.

15. You must park in designated parking areas and along roads up to barricades; from there, hunters must only travel by foot.

16. You must take harvested deer to the refuge office before leaving.

17. The refuge is located in Newington, New Hampshire, along the eastern shoreline of Great Bay. McIntyre Road borders the refuge to the east. The southern boundary begins approximately ¼ mile (.4 km) north of the intersection of Fabyan Point Road and McIntyre Road and continues west to the shoreline of Great Bay. **IROQUOIS NATIONAL WILDLIFE REFUGE**

- A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, rail, coot, gallinule, snipe, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:
  - 1. For hunting of goose, duck, and coot (only allowed on Tuesdays, Thursdays, and Saturdays):
    - i. We require refuge waterfowl hunting permits. We allocate permits by random drawing at the Waterfowl Hunter Check Station on Route 77 on hunt days, except that we conduct a mail-in lottery for permits issued for opening day and the first two Saturdays of the regular waterfowl season. Permits allow up to three hunters to hunt. We charge a daily fee. A hunt stand is available for physically challenged hunters possessing a Golden Access Passport. We will allocate the hunt stand in a separate random draw for opening day and by first-come, first-served basis for other hunt days. The permit will allow one helper who may also hunt.
    - ii. You must possess and carry a valid New York State Waterfowl Education Certificate of Qualification.
    - iii. You must provide and use a minimum of six decoys.

iv. We only allow hunting from ½ hour before legal sunrise to 12 p.m. (noon). All hunters must check out no later than 1 p.m. by returning the Harvest Report portion of your permit to the Waterfowl Hunter Check Station.

v. You may only possess approved nontoxic shotshells (see §32.2(k)) in the field in quantities of 20 or less.

vi. You must hunt within 100 feet (30 m) of your designated stand unless actively pursuing crippled birds.

2. For hunting of rail, gallinule, snipe, and woodcock:

i. We require refuge daily small-game hunt permits and reports. You may obtain these self-issued permits at several kiosks located around the refuge. The hunter must complete and sign Part "A" and possess and carry Part "B" while hunting, then complete and return Part "B" to one of the kiosks at the end of the hunt day.

ii. You may only possess approved nontoxic shot in the field (see §32.2(k)).

iii. We only allow hunting east of Sour Springs Road.

3. We allow youths ages 12 to 17 to hunt goose and duck on the first Sunday of the regular waterfowl season subject to the following conditions:

i. Each youth hunter must preregister at the refuge office.

ii. Each youth hunter must participate in the prehunt orientation and education program.

iii. Each youth must hunt with a preapproved, nonhunting adult (see refuge manager for details), who must be properly licensed to participate in the program.

iv. Conditions 1iv, 1v, and 1vi above apply.

*B. Hunting of Upland Game.* We allow hunting of ruffed grouse, gray squirrel, cottontail rabbit, pheasant, coyote, fox, raccoon, skunk, and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require refuge daily small-game hunt permits and reports. You may obtain these self-issued permits at several kiosks located around the refuge. You must complete and sign Part A and possess and carry Part B while hunting, then complete and return Part B to one of the kiosks at the end of the hunt day.

2. We only allow hunting from legal sunrise to legal sunset. We prohibit night hunting.

3. We allow hunting only between October 1 and the last day of February.

4. You must only possess approved nontoxic shot (see §32.2(k)) while in the field if hunting with a shotgun.

5. You must wear in a visible manner on head, chest, and back a minimum of 400 square inches (2,600 cm<sup>2</sup>) of solid-colored, hunter-orange clothing or material during any firearms deer season.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. White-tailed deer:

i. We require refuge daily deer hunt permits and reports. These self-issued permits are available at several kiosks located around the refuge. You must complete and sign Part A and possess and carry Part B while hunting, then complete and return Part B to one of the kiosks at the end of the hunt day.

ii. All hunters must wear in a visible manner on head, chest, and back a minimum of 400 square inches (2,600 cm<sup>2</sup>) of solid-colored, hunter-orange clothing or material during any firearms deer season.

iii. If you use portable tree stands, blinds, and decoys, you must remove all equipment (see §27.93 of this chapter) from the refuge at the end of the day.

2. Turkey (only allowed during the spring season):

i. We require refuge spring turkey hunting permits. We select permittees, except youth permittees as designated below, from a mail-in, random drawing for available permits. We charge a nonrefundable application processing fee.

ii. Only youth hunters ages 12 to 17, accompanied by a properly licensed, preapproved nonhunting adult (see refuge manager for details), may hunt at the refuge on the first Sunday of the season. All youth hunters must register at the refuge headquarters and attend a mandatory orientation.

iii. You may use portable blinds and decoys, but you must remove all equipment (see §27.93 of this chapter) at the conclusion of each day.

iv. You may only scout during the 7 days immediately preceding the season. You must possess and carry your permit when scouting. We prohibit calling or possessing a call of any kind while scouting.

*D. Sport Fishing.* We allow fishing and frogging on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You may only fish or frog from legal sunrise to legal sunset.

2. We allow fishing or frogging in Oak Orchard Creek east of Route 63 and on other designated areas of the refuge year-round during the State season.

3. We only allow ice fishing on Ringneck Marsh from December 15 through the last day of February.

4. We allow frogging in areas open for public fishing. We prohibit guns or archery equipment to kill or capture frog.

5. We prohibit wading or the use of boats or other flotation devices, with the exception that you may use nonmotorized boats on Oak Orchard Creek east of Route 63.

## § 32.51

6. We require that anglers remove boats, structures, or other equipment (see § 27.93 of this chapter) from the refuge after the completion of the day's fishing activities.

7. We allow fishing and frogging from Schoolhouse Marsh dike and Center Marsh dike from July 15 to September 30.

v. Along the west main and east main canal between Entrance Road metal bridge and Number One East Canal as posted.

2. We allow bank fishing and crabbing from the North Carolina Highway 94 causeway 24 hours per day, year-round.

3. We allow fishing boats and motors March 1 through November 1. We prohibit airboats, sailboats, Jet Skis, and windboards.

4. We prohibit bank fishing along the Entrance Road from State Route 94 to the Entrance Road metal bridge.

5. We prohibit herring dipping.

6. We allow crabbing subject to the following conditions:

i. We only allow five handlines and hand-activated traps per person. Owners must be in attendance.

ii. We prohibit crab pots.

iii. You may only possess 12 crabs per person per day.

### PEA ISLAND NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* We allow fishing and crabbing in accordance with State regulations subject to the following conditions:

1. We require a nighttime fishing permit for surf fishing between ½ hour after legal sunset and ½ hour before legal sunrise.

2. We prohibit fishing and crabbing North Pond, South Pond, and New Field Pond Impoundments.

### PEE DEE NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of mourning dove on designated dates and areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require all hunters to possess and carry a signed Refuge General Hunt Permit and government-issued picture ID while in the field.

2. Legal shooting hours are 12 p.m. (noon) until legal sunset.

3. Validly licensed adults, age 21 or older, holding applicable permits must accompany and supervise, remaining in sight and voice contact at all times, any youth hunters (under age 16). Each adult may supervise no more than two youth hunters. Youth hunters must possess and carry evidence of successful completion of a State-approved hunter education course.

4. We prohibit possession of a loaded firearm within 100 feet (30 m) of any vehicle or road open to vehicle traffic. We define a loaded firearm as a firearm with ammunition in the magazine or chamber, or a percussion cap in place on a muzzleloader.

5. We prohibit the discharge of a weapon (see §27.42 of this chapter) on or across a road open to vehicle traffic.

6. We prohibit entering or crossing a "No Hunting Zone" or "Closed Area". We prohibit the discharge of a weapon (see §27.42 of this chapter) within, into, or across a "No Hunting Zone" or "Closed Area". We require consent from refuge personnel to enter a "No Hunting Zone" or "Closed Area" for the purpose of tracking and/or retrieving legally taken game animals.

7. We prohibit the discharge of a weapon (see §27.42(a) of this chapter) for a purpose other than to take or attempt to take legal game animals during established hunting seasons.

8. We prohibit waterfowl hunting. By virtue of and pursuant to the Migratory Bird Treaty Act of July 3, 1918, we close the following area to the pursuing, hunting, taking, capturing, or killing of migratory birds or attempting to take, capture, or kill migratory birds: All the area consisting of the bed of the Pee Dee River, bank to bank, submerged or exposed including the water thereof, from the confluence of Pressley Creek and the Pee Dee River to approximately 5 miles (8 km) downstream to the confluence of Brown Creek and the Pee Dee River. Included also are the waters surrounding Buzard Island and that part of the Pee Dee River on the northeast side of Leak Island beginning approximately 1/4 mile (.4 km) downstream from the head of Leak Island (at the head of a small unnamed island), and continuing downstream to the main channel of the Pee Dee River and containing, in all, a total of 220 acres (88 ha).

*B. Upland Game Hunting.* We allow hunting of quail, rabbit, squirrel, raccoon, and opossum on designated dates and areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1 and A3 through A7 apply.

2. We prohibit raccoon hunters from entering or remaining on the refuge from 1 hour before legal sunrise until 1 hour after legal sunset on established hunt dates.

3. We prohibit raccoon hunters from hunting on the night prior to the opening of a firearms deer hunt and on the nights during the deer hunt except the last night.

4. We require dogs on raccoon/opossum hunts. All dogs must wear a collar displaying the owner's name, address, and phone number.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated dates and areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1 and A3 through A7 apply (for A3, adults may supervise no more than one youth hunter).

2. We require each person participating in a quota deer hunt to possess and carry a ref-

uge Quota Deer Hunt Permit for the hunt in which he or she will be participating. Quota Deer Hunt Permits are nontransferable.

3. During deer hunts we prohibit hunters from entering the refuge earlier than 4 a.m., and they must leave the refuge no later than 2 hours after legal sunset.

4. We prohibit adults from possessing or discharging a firearm during the youth deer hunt.

5. During refuge firearms deer hunts, all participants must wear at least 500 square inches (3,250 cm<sup>2</sup>) of unbroken, fluorescent-orange material above the waist as an outer garment while hunting and while en route to and from hunting areas.

6. During State firearms deer seasons, all archery hunters must wear at a minimum a fluorescent-orange hat while hunting and while en route to and from hunting areas.

7. We prohibit man driving for deer. We define a "man drive" as an organized hunting technique involving two or more individuals where hunters attempt to drive game animals from cover or habitat for the purpose of shooting, killing, or moving such animals toward other hunters.

8. We prohibit placing a tree stand on the refuge more than 3 days prior to the opening day of the deer hunt in which you will be participating. You must remove the tree stands (see §27.93 of this chapter) by the last day of that hunt.

9. You must wear a safety belt or harness at all times when using any tree stand or climbing equipment.

10. You must check all deer killed on refuge quota deer hunts at the refuge check station on the date of kill prior to removing the animal from the refuge.

11. We prohibit the use of dogs for deer hunting.

12. We prohibit the use of plastic flagging.

13. We prohibit the use of all-terrain vehicles (ATVs) or off-highway vehicles (OHVs) (see §27.31(f) of this chapter).

14. During refuge firearms deer hunts, we prohibit all other public use on the refuge.

*D. Sport Fishing.* We allow fishing on designated dates and areas of the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit boats utilizing gasoline-powered motors.

2. You must unload and load boats by hand on all waters except those having designated launch ramps.

3. We prohibit possession or use of trotlines, set hooks, gigs, jug lines, limblines, snagging devices, nets, seines, fish traps, or other special devices.

4. We prohibit taking or attempting to take frog and turtle (see §27.21 of this chapter).

5. We prohibit swimming.

## 50 CFR Ch. I (10–1–06 Edition)

### POCOSIN LAKES NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, swan, dove, woodcock, rail, and snipe in accordance with State regulations subject to the following conditions:

1. We prohibit hunting on the Davenport and Deaver tracts (which include the area surrounding the Headquarters/Visitor Center and the Scuppernong River Interpretative Boardwalk), the Pungo Shop area, New Lake, refuge lands between Lake Phelps and Shore Drive, and that portion of the Pinner Tract east of SR 1105.

2. We allow you to retrieve game from closed areas listed above with consent from a refuge employee, but we prohibit possession of any type of weapon (see §27.42 of this chapter) in a closed area.

3. We require all hunters to possess and carry a signed, self-service refuge general hunting permit while hunting on the refuge.

4. We open the refuge for daylight-use only, except that we allow hunters to enter and remain in open hunting areas from 1½ hours before legal shooting time until 1½ half hours after legal shooting time.

5. We only allow the use of all terrain vehicles (ATVs) on designated ATV trails (see §27.31 of this chapter) and only to transport hunters and their equipment to hunt and scout. We only allow ATV use on the ATV trails at the following times:

i. When we open the ATV trail and surrounding area to hunting;

ii. One week prior to the ATV trail and surrounding area opening to hunting; and

iii. On Sundays, when we open the ATV trail and surrounding area for hunting the following Monday.

6. You must unload and case or dismantle all weapons (see §27.42(b) of this chapter) transported via a motorized vehicle or boat under power.

7. We only allow the use of biodegradable-type flagging. We prohibit affixing plastic flagging, dots, glow tacks, reflectors, or other materials to refuge vegetation (see §27.51 of this chapter).

8. We prohibit migratory game bird hunting on the Pungo Unit.

9. You may only possess approved nontoxic shot (see §32.2(k)) while migratory game bird hunting west of Evans Road.

10. We only allow the use of portable blinds and temporary blinds constructed of natural materials, but we prohibit the cutting any live vegetation on the refuge (see §27.51 of this chapter). You must remove portable blinds (see §27.93 of this chapter) at the end of each day.

11. We allow the use of dogs to point and retrieve migratory game birds, but they must be under your immediate control at all times (see §26.21(b) of this chapter).

12. While hunting, we require youth hunters age 16 or younger to possess and carry proof that they successfully passed a State-approved hunter education course. Youth hunters may only hunt under the direct supervision of a licensed hunter over age 21. One licensed hunter over age 21 may supervise up to two migratory game bird youth hunters at a time.

*B. Upland Game Hunting.* We allow the hunting of quail, squirrel, raccoon, opossum, rabbit, beaver, nutria, and fox in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A7 apply.

2. We prohibit upland game hunting on the Pungo Unit.

3. We only allow the taking of beaver and nutria with firearms (see §27.42 of this chapter) and only during those times when we open the area hunted to hunting of other game animals with firearms.

4. We prohibit the hunting of raccoon and opossum during, 5 days before, and 5 days after the State bear seasons. Outside of these periods, we allow the hunting of raccoon and opossum at night but only while possessing a special Refuge Nighttime Raccoon and Opossum Hunting Permit.

5. We only allow the use of shotguns and .22 caliber rim-fire rifles for hunting. We also allow disabled hunters to use crossbows while possessing the required State permit.

6. You may only possess approved nontoxic shot (see §32.2(k)) while hunting upland game west of Evans Road.

7. We allow the use of dogs for pointing and retrieving upland game and for chasing rabbit (but not fox). The dogs must be under your immediate control at all times (see §26.21(b) of this chapter), and we prohibit possession of buckshot or slugs while hunting with dogs.

8. You must wear 500 square inches (3,250 cm<sup>2</sup>) of fluorescent-orange material above the waist that is visible from all sides when hunting upland game.

9. While hunting, we require that youth hunters under age 16 must possess and carry proof that they successfully passed a State-approved hunter education course. Youth hunters may only hunt under the direct supervision of a licensed hunter age 21 or older. A licensed hunter age 21 or older may directly supervise up to two upland game youth hunters at a time.

*C. Big Game Hunting.* We allow the hunting of deer, turkey, and boar in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A7 apply.

2. You may only hunt spring turkey if you possess and carry a valid refuge turkey hunting permit. The permits are valid only for the dates and areas shown on the permit. We require an application and a fee for these

permits and hold a drawing, when necessary, to select the permittees.

3. We only allow the use of shotguns, muzzleloaders, and bow and arrow for deer and wild boar hunting. We allow disabled hunters to use crossbows but only while possessing the required State permit.

4. You may only possess approved nontoxic shot (see §32.2(k)) while hunting turkeys west of Evans Road and on the Pungo unit. You may use slugs, buckshot, and muzzle-loader ammunition containing lead for deer hunting in these areas. We prohibit boar hunting on the Pungo Unit (they are only known to occur in the Frying Pan area of the refuge).

5. We only allow deer hunting with shotguns and muzzleloaders on the Pungo Unit while possessing a special Pungo Deer Gun-Hunt Permit issued by the refuge. These permits are valid only for the designated 2-day period shown on the permit. We set the dates of these special 2-day hunts following the publication of the State deer seasons. We require an application and a fee for these permits and hold a drawing, when necessary, to select the permittees.

6. During the special Pungo Deer Gun-Hunts, we only allow permitted hunters on the Pungo Unit. We only allow permitted hunters on the Pungo Unit from 1 hour before legal shooting time until 1 hour after legal shooting time. You must take any deer harvested during a Pungo Deer Gun-Hunt to the deer check station located at the Pungo Shop for harvest reporting and data collection.

7. We allow deer hunting with bow and arrow on the Pungo Unit during all State deer seasons prior to December 1; however, we prohibit hunting on the Pungo Unit on the designated Pungo Deer Gun-Hunts referred to above without a valid Pungo Deer Gun-Hunt Permit.

8. You must wear 500 square inches (3,250 cm<sup>2</sup>) of fluorescent-orange material above the waist that is visible from all sides while hunting deer and wild boar in any area open to hunting these species with firearms.

9. We only allow the use of portable tree stands and require that you remove them (see §27.93 of this chapter) at the end of each day, except that hunters with a valid Pungo Deer Gun-Hunt Permit may install a stand on the Pungo Unit the day before the start of their hunt and leave it until the end of the 2nd day of their 2-day hunt. You must tag stands left overnight on the refuge with the hunter's name, address, and telephone number.

10. While hunting, we require youth hunters (under age 16) to possess and carry proof that they successfully passed a State-approved hunter education course. Youth hunters may only hunt under the direct supervision of a licensed hunter age 21 and older. A licensed hunter age 21 and older may only

supervise one big game youth hunter at a time.

*D. Sport Fishing.* We allow fishing in accordance with State regulations subject to the following conditions.

1. We only allow fishing in Pungo Lake and New Lake from March 1 through October 31, except that we close Pungo Lake and the entire Pungo Unit to fishing during the special 2-day Pungo Deer Gun Hunts in late September and October.

2. We only allow fishing from the bank in the Pungo Unit; we prohibit use of boats in this area. We prohibit leaving a boat anywhere on the refuge overnight.

3. We only allow fishing from legal sunrise to legal sunset.

#### ROANOKE RIVER NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of ducks and coots on designated areas of the refuge subject to the following condition: We require a State-issued refuge permit.

*B. Upland Game Hunting.* We allow hunting of squirrel, raccoon, and opossum on designated areas of the refuge subject to the following conditions:

1. We require a State-issued refuge permit.

2. You may possess only approved nontoxic shot while in the field.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and turkey on designated areas of the refuge subject to the following condition: We require a State-issued refuge permit.

*D. Sport Fishing.* [Reserved]

#### SWANQUARTER NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow the hunting of tundra swan, snow goose, brant, duck, and coot on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow hunting on refuge marshlands that include Great Island, Marsh Island, and all of the refuge marshlands adjacent to Juniper Bay eastward to West Bluff Bay.

2. We prohibit hunting within the 27,000 acre (10,800 ha) Presidential Proclamation Area as posted.

3. We allow portable blinds. You must remove blinds (see §27.93 of this chapter) each day.

4. We prohibit hunters/hunt parties from hunting closer than 150 yards (135 m) apart.

5. You may use decoys, but you must remove them (see §27.93 of this chapter) daily upon completion of your hunt.

6. We allow hunting during the State waterfowl season occurring in November, December, and January.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

#### UPPER SOURIS NATIONAL WILDLIFE REFUGE

*A. Hunting of Migratory Birds.* [Reserved]

*B. Upland Game Hunting.* We allow hunting of sharp-tailed grouse, Hungarian partridge, and pheasant on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You may use dogs to hunt.

2. We require hunters, and nonhunters accompanying hunters, to wear the State-required, legal-orange clothing when hunting game birds during the deer gun season.

3. We open for hunting on Unit I during the North Dakota State hunting seasons. Unit I includes all refuge land north of the township road that runs east of Tolley, across Dam 41 (Carter Dam), and east to State Route 28.

4. We open for hunting on Unit II during the State hunting seasons, except we close from the first day of the regular State waterfowl season through the last day of State deer rifle season. Unit II includes refuge land between Lake Darling Dam and the township road that runs east of Tolley.

5. We close land south of Lake Darling Dam to all upland game bird hunting.

6. We prohibit hunting on the area surrounding the refuge headquarters buildings and residences. We post these areas with "Closed to Hunting" signs.

7. We prohibit remaining on the refuge between the hours of 10 p.m. and 5 a.m.

8. We prohibit weapons (see §27.42(b) of this chapter) in boats, canoes, float tubes, or any other floatable object.

9. We prohibit the use of snowmobiles, all-terrain vehicles (ATVs) or similar vehicles on the refuge (see §27.31(f) of this chapter).

10. We prohibit the use of horses during all hunting seasons.

*C. Big Game Hunting.* We allow archery, gun, and muzzleloader hunting of deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions B7 through B10 apply.

2. You must possess and carry a State deer bow permit to hunt deer on the refuge during the State deer bow season.

3. You must possess and carry a special State-issued refuge permit for State deer gun hunting in Unit IIIA2 to hunt deer on the refuge during the State deer gun season.

4. You must possess and carry a State muzzleloader deer permit to hunt deer on the refuge during the State muzzleloader season.

5. We only allow preseason scouting in open public use areas and areas marked "foot traffic only."

6. We require hunters to walk in to hunt.

7. You must remove your harvested deer only by carrying, dragging, or using a hand-pulled cart or sled.

8. You may use portable tree stands but must remove them (see § 27.93 of this chapter) daily from the refuge.

9. We prohibit the use of flagging, paint, blazes, tacks, or other types of markers.

10. You may only use strap-on steps or removable climbing ladders if needed to access portable tree stands (see § 32.2(i)).

11. You may hunt all of the refuge with the exception of the following areas: the area surrounding the refuge headquarters buildings, Office/Visitor Center, residences, fenced equipment yard, and gun range. We post these areas with “No Trespassing” or “Closed to Hunting” signs.

12. We prohibit entry to the refuge before 12 p.m. (noon) on the first day of the bow, gun, or muzzleloader deer hunting seasons. However, bow hunters may hunt on the refuge any time the State bow season is open.

13. Youth deer hunters (14 years of age) may hunt on the refuge if they register at the refuge office prior to hunting during the State Youth Deer Season. An adult or guardian age 18 or older must accompany youth hunters.

14. You may not return to the refuge with a weapon after you have filled your deer tag; however, you may carry a shotgun while hunting upland game birds in open hunting units.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions B7 and B9 apply.

2. We allow use of fishing boats, canoes, and float tubes in designated boat fishing areas (see below) on Lake Darling for fishing from May 1 through September 30.

3. You may bank fish in designated areas (see below) whenever there is open water.

4. We prohibit the use of bow, spear, or underwater spearing equipment to take fish.

5. We prohibit fishing or access to fishing areas along the Prairie-Marsh Scenic Drive.

6. We prohibit swimming, sailing, water skiing, pleasure boating, and overnight camping.

7. You may ice fish on all ice-covered waters of the Souris River and Lake Darling; however, we designate access sites where you can walk or drive onto the ice (see below).

8. We allow you to drive licensed cars and pickups on the ice from Lake Darling Dam north to Carter Dam (Dam 41) for ice fishing.

9. We allow walk-in access at designated sites (see below) on the Souris River north of Carter Dam (Dam 41) and south of Lake Darling Dam for ice fishing. We prohibit vehicles to drive onto the ice in these areas (see § 27.31 of this chapter).

10. We allow you to place fish houses on the ice of Lake Darling.

11. We prohibit use of campers or other structures not made of floatable materials as fish houses. We require that all fish houses

must be able to float above the water surface until they are removed from the water. We require that anglers remove fish houses or parts thereof from the refuge ice, water, and land by no later than 10 p.m. March 15. We prohibit ice houses or parts thereof to be cut off and left or burned on the refuge.

12. We allow anglers to place portable fish houses on the Souris River north of Carter Dam (Dam 41) and south of Lake Darling Dam for ice fishing, and you must remove them (see § 27.93 of this chapter) daily from the refuge.

13. We designate the following fishing sites and lake and river access sites:

i. **BAKER BRIDGE**—We allow bank fishing on a loop of the Souris River located on the north side of County Road 8. The open area begins at the bridge and goes west to a point where the river meets the refuge boundary fence. You may walk onto the ice from this area for ice fishing.

ii. **SILVER BRIDGE**—We allow bank fishing from the road right-of-way around the bridge abutments. You may walk onto the ice from this area for ice fishing.

iii. **OUTLET FISHING AREA**—Bank fishing begins ¼ mile (.4 km) below Lake Darling Dam and extends south approximately 600 yards (540 m). We prohibit open water fishing on the Beaver Lodge Canoe Trail or on the Oxbow Nature Trail (southeast of the parking lot). You may walk onto the ice for ice fishing from the Outlet Fishing Area and from the Beaver Lodge Canoe Trail launch site for ice fishing.

iv. **LANDINGS 1, 2, and 3 on LAKE DARLING**—We open the lake to boat fishing from Lake Darling Dam north 3 miles (4.8 km) to the buoy line. We allow you to launch boats at Landings 1, 2, and 3 boat ramps. We only allow driving access onto the ice at Landings 1, 2, and 3 boat ramps for ice fishing. You may bank fish along the west shore from Lake Darling Dam north approximately 1 ¼ miles (2 km) to Landing 3. The Pullout Area on the west end of Lake Darling Dam is the only bank fishing area open on Lake Darling Dam. You may walk onto the ice from the bank fishing area and from Lake Darling Dam for ice fishing.

v. **SPILLWAY FISHING AREA on LAKE DARLING**—We prohibit entry to this area if signs “Area Beyond This Sign Closed” are present. If the area is open, you may walk onto the ice for ice fishing. We prohibit driving vehicles onto the ice from this area (see § 27.31 of this chapter).

vi. **GRANO CROSSING on LAKE DARLING**—You may bank fish from the road right-of-way on both sides of the crossing and within the boundaries of the Grano Boat Ramp. You may fish from boats on the lake north from Grano Crossing to Greene Crossing. We allow launching of boats at the Grano Boat Ramp. We prohibit operating a boat above idle speed in the boat ramp bay area. You may

walk onto the ice from Grano Crossing and the Grano Boat Ramp for ice fishing. We allow driving access onto the ice at two vehicle road approaches located on the west end of the Grano Crossing (see §27.31 of this chapter).

vii. GREENE CROSSING on LAKE DARLING—You may bank fish from the road right-of-way on both sides of the crossing and the Greene Boat Ramp area. You may fish from boats on the lake south from Greene Crossing to Grano Crossing. We allow launching of boats at the Greene Boat Ramp. You may walk onto the ice from these areas for ice fishing. We allow driving access onto the ice at two vehicle road approaches located on the west end of the Greene Crossing and at the Greene Boat Ramp (see §27.31 of this chapter).

viii. CARTER DAM (DAM 41)—You may bank fish on both sides of the road near the water control structure (east end of the dam) and culvert (west end of the spillway). You may walk onto the ice for ice fishing.

ix. HIGHWAY 5—You may bank fish on the north side of the road from the bridge west to a point where the road meets the river. You may walk onto the ice for ice fishing on the north and south sides of the highway where the ice meets the highway right-of-way.

x. SOURIS RIVER NORTH OF MOUSE RIVER PARK TO THE NORTH END OF THE REFUGE—We allow boat fishing and canoeing. There is a boat launching ramp at the Park. You may walk onto the ice from Mouse River Park for ice fishing.

xi. SWENSON BRIDGE—You may bank fish from the road right-of-way. You may walk onto the ice from this area for ice fishing.

*C. Big Game Hunting.* We allow hunting of white-tailed deer, turkey, and feral hog on

designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. All hunters must possess and carry a signed refuge General Hunt Permit and a government-issued picture ID; however, in addition, turkey hunters must have a Refuge Quota Turkey Hunt Permit. Refuge Quota Turkey Hunt Permits are nontransferable.

2. You must promptly check all deer and hog killed on the refuge during modern gun hunts at the Refuge Check Station on the day of the kill prior to removal from the refuge. You must promptly check all antlerless deer killed on the refuge during the primitive weapons and archery hunts at the refuge office on the day of the kill prior to removal from the refuge. You must self-check all antlered bucks and hogs at the Refuge Check Station during the primitive weapons and archery hunts. In addition, you must have all antlerless deer tagged by refuge staff prior to removal from the refuge. You must promptly check and tag all turkey killed on the refuge during the Refuge Quota Turkey Hunt at the refuge office on the day of the kill prior to removal from the refuge.

3. Conditions A3 through A5 apply.

4. During big game deer hunts, we prohibit hunters from entering the refuge before 4 a.m., and they must leave the refuge no later than 2 hours after legal sunset. We will lock gates 2 hours after legal sunset on the last day of each hunt.

5. During refuge firearms deer hunts all participants must wear at least 500 square inches (3,250 cm<sup>2</sup>) of unbroken, fluorescent-orange material above the waistline as an outer garment visible while hunting and while en route to and from hunting areas.

6. During the primitive weapons hunt, you may use bow and arrow, muzzleloading shotguns (20 gauge or larger), or muzzleloading rifles (40 caliber or larger). We prohibit revolving rifles or black-powder handguns.

7. During the modern gun hunts, you may use shotguns, rifles (centerfire and larger than .22 caliber), handguns (.357 caliber or larger and barrel length no less than 6 inches [15 cm]), or any weapon allowed during the primitive weapons hunt. We prohibit military, hard-jacketed bullets, and .22 caliber rimfire rifles during the modern gun hunts.

8. We prohibit driving deer. We define a "drive" as an organized hunting technique involving two or more individuals attempting to drive game animals from cover or habitat for the purpose of shooting, killing, or moving such animals toward other hunters.

9. You must identify deer stands used on the refuge with the hunter's name, address, and phone number.

10. We prohibit the use of dogs for any big game hunting.

11. We prohibit the use of flagging or reflective tape, paint, tacks, or other trail

markers. You may use painted clothes pins or clothes pins with reflective tape or tacks attached, but you must remove them (see §27.93 of this chapter) at the end of each hunt.

12. Youth hunts are for hunters ages 10 through 15 only. We prohibit adults from discharging firearms during youth deer and turkey hunts.

13. The bag limit during each deer hunt is the State limit plus two antlerless deer and unlimited hogs.

14. We require you to field-dress or remove the deer whole prior to transportation in a vehicle or removing them from the refuge.

15. We prohibit the use of ATVs, except by mobility-impaired hunters with a Special Use Permit during big game hunts. Mobility-impaired hunters must have a State Disabled Hunting license, be confined to a wheelchair, need mechanical aids to walk, or have complete single-or double-leg amputation.

16. We prohibit turkey hunters from calling a turkey for another hunter unless both hunters have Refuge Quota Turkey Hunt Permits.

17. We prohibit turkey hunting in the area defined as east of Hwy. 145, south of Rt. 9, and north of Hwy. 1.

18. Turkey hunts end each day at 1 p.m., and you must unload, case, or dismantle all weapons (see §27.42 of this chapter) after 1 p.m.

19. During turkey hunts we only allow one weapon per hunter.

20. The bag limit for the entire hunt is two bearded turkey.

21. We prohibit discharge of weapons (see §27.42(a) of this chapter) for any purpose other than to take or attempt to take legal game animals during established hunting seasons.

*D. Sport Fishing.* We allow fishing on all areas of the refuge, except Martins Lake and those areas closed for management purposes, in accordance with State regulations subject to the following conditions:

1. We allow fishing from 1 hour before legal sunrise to 1 hour after legal sunset.

2. We allow nonmotorized boats and boats with electric motors. We allow boats with permanently mounted gas motors as long as you lock the propeller out of the water. You must hand load and unload boats except at designated boat ramps. We prohibit skidding boats up or down dams or on water control structures. We provide boat ramps at Pool D, Pool L, Honkers Lake, and Mays Lake.

3. We allow bank fishing on all designated waters.

4. We prohibit bow fishing, fish baskets, nets, set hooks, trotlines, or snagging devices.

5. We prohibit snagging of fish by pulling or jerking any device equipped with one or more hooks through the water for the purpose of impaling fish.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You must have a signed refuge permit on your person at all times. We require payment of a fee for the quota gun hunt. You may obtain information about the quota hunt drawing at the refuge headquarters in Savannah, Georgia.

2. Hunters must check-in at the designated check station between 4 a.m. and 5 a.m. and park in the designated area prior to hunting. We require personal identification at check-in.

3. Any movement within the refuge must be by foot or bicycle. We limit entry and exit points for authorized motor vehicles to designated check stations or other specified areas (see §27.31 of this chapter). We prohibit entry by boat, and we prohibit hunters to leave by boat to reach other parts of the island.

4. We require hunters to wear an outer garment that contains a minimum of 500 square inches (3,250 cm<sup>2</sup>) of hunter-orange material above the waistline.

5. We prohibit participating in organized drives for deer.

6. Each hunter may place one stand on the refuge during the week (Monday through Friday only) preceding the hunt. You must remove all stands (see §27.93 of this chapter) at the end of the hunt.

7. We prohibit camping on the refuge.

8. We only allow shotguns, 20 gauge or larger, with slugs.

9. If you are a hunter on the refuge, you must be in your stand from ½ hour before legal sunrise until 9 a.m. and from 2 hours before legal sunset until legal sunset.

10. We prohibit hunting closer than 100 yards (90 m) to U.S. Highway 278 or the check station area, or closer than 200 yards (180 m) to the residence area.

11. We prohibit flagging, blazing, or using other trail-marking devices to locate stands or for any other purpose.

12. Refuge personnel must check deer harvested during a scheduled hunt before hunters leave the refuge.

13. You may take five deer (no more than four antlerless).

14. We close the refuge to the public on hunt days.

15. Hunters age 15 and younger must possess and carry a valid hunter education card in order to hunt.

16. Youth hunters age 15 and younger must remain within sight and normal voice contact of an adult age 21 or older, possessing a

license. One adult may supervise no more than one youth hunter.

*D. Sport Fishing.* Fishing is permitted on designated areas of the refuge subject to the following conditions:

1. Fishing is permitted year-round.

2. Fishing is only permitted from boats, into the estuarine waters adjacent to the refuge.

2. Fishing is permitted in Cantey Bay, Black Bottom, Savannah Branch and refuge ponds and impoundments from March 1 through October 31.

### SAVANNAH NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck and coot on designated areas north of South Carolina Highway 170 of the refuge in accordance with State regulations subject to the following conditions:

1. You must possess and carry a signed refuge permit at all times while hunting on the refuge. Permits and general hunting information are available at the refuge headquarters in Savanna, Georgia.

2. We only allow temporary blinds. You must remove decoys and other personal property (see §27.93 of this chapter) from the refuge daily.

3. We prohibit hunting within 100 yards (90 m) of South Carolina Highway 170.

*B. Upland Game Hunting.* We allow hunting of squirrel November 1 through November 30 on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. You must possess and carry a signed refuge permit at all times while hunting on the refuge. Permits and hunt information are available at the refuge headquarters in Savannah, Georgia.

2. We only allow .22 caliber rimfire rifles or shotguns with #2 shot or smaller for squirrel hunting.

3. We prohibit handguns.

4. We prohibit dogs.

## § 32.60

## 50 CFR Ch. I (10–1–06 Edition)

5. You may take feral hog with weapons legal for this hunt (no bag limit).

6. We require a big game license.

7. We require hunters to wear a visible outer garment that contains a minimum of 500 square inches (3,250 cm<sup>2</sup>) of hunter-orange material above the waistline (except during the archery-only deer hunt, the turkey hunt, and the waterfowl hunt).

*C. Big Game Hunting.* We allow hunting of white-tailed deer, turkey, and feral hog on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Hunters must possess and carry a signed refuge permit at all times. We require payment of a fee for the wheelchair-dependent hunters' quota gun hunt for deer. Permits, quota hunt applications, and information about the quota hunt drawing are available at the refuge headquarters in Savannah, Georgia.

2. We allow archery hunting for deer and hog from October 1 through October 31 on designated areas.

3. We only authorize bows for deer/hog hunting during the archery hunt.

4. We allow gun hunting for deer and hog during the archery hunt.

5. We only allow shotguns with slugs, muzzleloaders, and bows for deer and hog hunting throughout the designated hunt area. However, we only allow centerfire rifles of .22 caliber or larger north of Interstate Highway 95. We prohibit handguns.

6. You may take five deer, no more than three antlerless and two antlered. There is no bag limit on feral hogs.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow fishing in refuge impoundments and canals from March 1 through November 30 annually.

2. We allow fishing in Kingfisher Pond year-round.

3. We allow fishing from legal sunrise to legal sunset.

4. We allow fishing year-round in the canals adjacent to the wildlife drive.

5. Anglers may only use nonmotorized boats and boats with electric motors within impounded water.

### WACCAMAW NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, goose, coot, and snipe on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Hunters must possess and carry at all times while hunting a signed, current refuge hunting regulations brochure containing a refuge hunt permit. The hunt permit is invalid until signed by the hunter.

2. Each youth hunter (age 15 and under) must remain within sight and normal voice contact and under supervision of an adult age 21 or older. Youth hunters must have successfully completed a State-approved hunter education course.

3. We only allow waterfowl hunting until 12 p.m. (noon) each Saturday during the State waterfowl season. Hunters may enter the refuge no earlier than 5 a.m. on hunt days and must be off the refuge by 2 p.m.

4. We allow scouting Monday through Friday during the waterfowl season. We prohibit possession of a firearm by anyone scouting. You must be off the refuge by 2 p.m.

5. You may only possess approved nontoxic shot (see §32.2(k)) while hunting all species of migratory birds on the refuge.

6. We require permanent blinds. You must remove portable blinds and decoys (see §27.93 of this chapter) at the end of each day.

7. We only allow use of retrieving dogs while hunting.

8. We do not require hunter check-in and check out. There is no quota on the number of hunters.

9. We prohibit discharge of weapons (see §27.42(a) of this chapter) for any purpose other than to take or attempt to take legal game animals during established hunting seasons.

10. We prohibit hunting on any unit for wildlife other than that which is officially opened and posted or entering any areas posted as "Closed" or "No Hunting Zones".

*B. Upland Game Hunting.* We allow hunting of gray squirrel, raccoon, and opossum on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A2, A9, and A10 apply.

2. We only allow hunting on days designated annually by the refuge within the State season. We only allow upland game hunting on designated Refuge areas within Refuge Unit 1.

3. You may only possess approved nontoxic shot (see §32.2(k)) in shotguns. We allow .22 caliber rimfire rifles.

4. We prohibit squirrel hunting from a boat or other water conveyance on the refuge.

*C. Big Game Hunting.* We allow hunting of white-tailed deer, feral hog, and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A2, A9, and A10 apply.

2. We only allow hunting on days designated annually by the refuge within the State season.

3. We close refuge hunting areas to the general public during big game hunts.

4. We allow archery, muzzleloading (black powder) and centerfire rifles, and shotguns.

5. We prohibit crossbows, blow guns, and drugged arrows (see §32.2(g)). We only allow muzzleloading rifles using a single projectile

## § 32.61

on the muzzleloader hunts. We prohibit buckshot, .22 caliber rimfire, and full-metal jacketed military ammunition.

6. Access into all refuge hunt areas for hunting and scouting is by foot or boat. We may open some refuge roads on hunt days. We prohibit ATVs (see § 27.31(f) of this chapter) and air boats on the refuge.

7. We allow scouting all year during daylight hours except during the State waterfowl season. During the waterfowl season, the same regulations that apply to scouting for waterfowl (A4), apply to scouting for big game species.

8. Hunters may enter the refuge no earlier than 5 a.m. on hunt days and must leave the refuge no later than 1 hour after legal sunset.

9. We do not require hunter check-in and check out.

10. The refuge limit on deer is one antlered buck per refuge hunt. Hunters can harvest an additional two antlerless deer per hunt during coinciding State doe days.

11. You may take feral hogs during refuge deer hunts. There is no size or bag limit on hog. We may offer special hog hunts during and after deer season to further control this invasive species. You must dispatch all feral hogs before removing them from the refuge.

12. We prohibit hunting on or within 100 feet (30 m) of all routes marked as roads or trails (see § 27.31 of this chapter) on the hunt brochure map.

13. You must hunt deer and feral hog from an elevated deer stand. We prohibit shooting a hog from a boat.

14. We only allow one portable tree stand per hunter and only during the actual days of each hunt. You must remove deer stands (see § 27.93 of this chapter) from the refuge no later than 3 days after each refuge big game hunt.

15. We allow use of flagging to make the site of hunter entry from roads or trails and again at the stand site. We allow use of clothes pins with reflective tape between these sites to make the route to the stand. Hunters must label all such markers with their full name and remove them (see § 27.93 of this chapter) at the end of the hunt.

16. We require hunters to wear an outer garment visible above the waist that contains a minimum of 500 square inches (3,250 cm<sup>2</sup>) of solid, fluorescent-orange material at all times during big game hunts except for turkey.

17. We prohibit the use of organized drives, including the use of boats, as an aid in the taking or attempting to take big game species.

18. We prohibit distribution of bait or hunting over a baited area (see § 32.2(h)).

19. We limit turkey hunts to annual quota hunts. We will select hunters by a random drawing. Selected hunters must sign, pos-

sess, and carry a Refuge Turkey Hunt Permit at all times during the hunt.

20. We prohibit turkey hunters from calling a turkey for another hunter unless both hunters have Refuge Turkey Hunt Permits.

21. We prohibit turkey hunting in Refuge Units 2 and 3.

22. Turkey hunts begin each day at legal sunrise and end each day at 1 p.m., and you must unload and case or dismantle all weapons (see § 27.42 of this chapter) after 1 p.m.

23. During turkey hunts we only allow one weapon per hunter.

24. The bag limit for the entire hunt is one bearded turkey.

*D. Sport Fishing.* We allow fishing in accordance with State regulations.

### § 32.63 Texas.

The following refuge units have been opened for hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

#### ANAHUAC NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, and coot on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Season dates will be concurrent with the State for the September teal season, youth-only season, and duck and coot regular season in the Texas South Zone, and goose regular season in the Texas East Zone, with the exception that we will prohibit duck (not including the September teal and youth-only seasons) and coot hunting on the refuge until the last Saturday in October. If the State-specified duck and coot regular season opens later than the last Saturday in October, then

hunting on the refuge will open consistent with the State-specified season date.

2. You must possess and carry a signed refuge hunting permit while hunting on all hunt units of the refuge.

3. Hunters may enter the refuge hunt units no earlier than 4 a.m. Hunting starts at the designated legal shooting time and ends at 12 p.m. (noon). Hunters must leave refuge hunt units by 12:30 p.m. We close refuge hunt units on Thanksgiving, Christmas, and New Year's Day.

4. We allow hunting in portions of the East Unit on Saturdays, Sundays, and Tuesdays during the regular waterfowl season. We require payment of a \$10.00 daily or \$40.00 annual fee to hunt on the East Unit. All hunters must check-in and out through the check station when hunting the East Unit from a vehicle. We will allow a maximum of 100 hunters to access the East Unit by vehicle. We allow hunting in designated areas from East Bay Bayou, Jackson Ditch, and Onion Bayou via boat. We require hunters accessing the East Unit by boat from Jackson Ditch, East Bay Bayou, or Onion Bayou to pay the \$40.00 annual fee. We prohibit access to the East Unit Reservoirs from Onion Bayou via boat. We prohibit use of motorized boats on the East Unit except on ponds accessed from Jackson Ditch.

5. We allow hunting on the East Unit Special Goose Hunt Areas by permit on a first-come, first-served basis the morning of the hunt. Hunters must have goose decoys to hunt the Special Goose Hunt Areas. We allow a minimum of two and a maximum of six persons per permit. All Special Goose Hunt Area hunters must accompany a valid permit holder. Individuals in each group must set up and stay in their permitted area and stay within 50 feet (15 m) of each other unless retrieving goose.

6. We randomly draw permits the morning of the hunt for the East Unit Special Duck Hunt Areas. Hunters must set up within 50 yards (45 m) of the post marker and must stay within 50 feet (15 m) of each other unless retrieving waterfowl. We allow a minimum of two and a maximum of six persons per permit.

7. We allow hunting in the Pace Tract daily during the September teal season and regular waterfowl season.

8. All hunters using the Oyster Bayou Boat Ramp must register at the main refuge entrance.

9. We allow hunting in portions of the Middleton Tract daily during the September teal season and on Saturdays, Sundays, and Wednesdays of the regular waterfowl season. We restrict motorized boats in inland waters of the Middleton Tract to motors of 25 hp or less or electric trolling motors.

10. Youth hunters, age 17 and younger, must be under the supervision of an adult age 18 or older.

## § 32.63

11. We only allow shotguns for waterfowl hunting.

12. We prohibit the use of airboats, marsh buggies, ATVs (see §27.31(f) of this chapter) and personal watercraft.

13. On inland waters of refuge hunt areas open to motorized boats, we restrict the operation of motorized boats to lakes, ponds, ditches, and other waterways. We prohibit the operation of motorized boats on or through emergent wetland vegetation.

14. On inland waters of the refuge hunt areas open to motorized boats, we restrict the use of boats powered by air-cooled or radiator-cooled engines to those powered by a single engine of 25 hp or less and utilizing a propeller 9 inches (22.5 cm) in diameter or less.

15. We only allow vehicular travel on designated roads and in parking areas. We prohibit hunting from roads and blocking access to any road or trail entering or on the refuge (see §27.31(h) of this chapter).

16. We prohibit pits and permanent blinds. We allow portable blinds or temporary natural vegetation blinds. You must remove portable blinds (see §27.93 of this chapter) from the refuge daily.

17. The minimum permitted distance between hunt parties is 200 yards (180 m).

18. Dogs accompanying hunters must be under the immediate control of handlers at all times (see §26.21(b) of this chapter).

19. You must remove all decoys, boats, spent shells, marsh chairs, and other equipment (see §27.93 of this chapter) from the refuge daily. We prohibit the use of plastic flagging, reflectors, or reflective tape.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* We allow fishing and crabbing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We allow fishing and crabbing on shoreline areas on East Galveston Bay, along East Bay Bayou on the East Bay Bayou Tract, along West Line Road to the southern end of Shoveler Pond, and along the canal from the Oyster Bayou Boat Ramp to the southwest corner of Shoveler Pond.

2. We only allow fishing and crabbing with pole and line, rod and reel, or hand-held line.

3. We allow cast-netting for bait for personal use along waterways in areas open to the public and along public roads.

4. We prohibit the use of trotlines, setlines, bows and arrows, gigs, or spears.

5. We prohibit boats and other flotation devices on inland waters. You may launch motorized boats into East Bay at the East Bay Boat Ramp on Westline Road and at the Oyster Bayou Boat Ramp (boat canal). You may launch nonmotorized boats along East Bay Bayou and along the shoreline on East Galveston Bay.

HAGERMAN NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of mourning doves in the month of September on designated areas of the refuge, subject to the following conditions:

1. We require you to check in and out of the hunt area.

2. We allow only shotguns.

3. You may possess no shot larger than #4 on the hunting area.

*B. Upland Game Hunting.* We allow hunting of quail in the month of February and squirrel and rabbit in the months of February and September on designated areas of the refuge subject to the following conditions:

1. We require you to check in and out of the hunt area.

2. We allow only shotguns.

3. You may possess no shot larger than #4 on the hunting area.

4. You must plug shotguns to hold no more than three shells during the September dove season.

*C. Big Game Hunting.* We allow hunting of white-tailed deer and feral hogs on designated areas of the refuge subject to the following conditions:

1. You may archery hunt as listed in the refuge hunt information sheet. You must obtain a refuge permit and pay a hunt fee.

2. We allow hunting with firearms including shotguns, 20 gauge or larger, loaded with rifled slug during a special youth hunt as listed in the refuge hunt information sheet. We require permits.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge subject to the following conditions:

1. Lake Texoma and connected streams are open to fishing year round.

2. We allow fishing in ponds and stock tanks from April 1 through September 30.

3. Fishermen may string trotlines between anchored floats only. We do not allow lines attached to rubber bands, sticks, poles, trees, or other fixed objects in refuge ponds or impoundments.

4. We do not allow fishing from bridges or roadways.

5. We do not allow boats and other flotation devices on the waters of Lake Texoma from October 1 through March 31, or at any time on refuge ponds and impoundments.

LAGUNA ATASCOSA NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow hunting of white-tailed deer, feral pig, and nilgai antelope on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require hunters to pay a fee and obtain a refuge hunt permit. We issue replacement permits for an additional nominal fee.

All hunt fees are nonrefundable. We require the hunter to possess and carry a signed and dated refuge hunt permit.

2. We allow archery and firearm hunting on designated units of the refuge. Units 1, 2, 3, 5, 6, and 8 are open to archery hunting during designated dates. Units 2, 3, 5, 6, and 8 are open to firearm hunting during designated dates. We close the following areas to hunting: Adolph Thomae, Jr. County Park in Unit 3, posted "No Hunting Zones" within all hunt units, La Selva Verde Tract (Armstrong), Waller Tract, COHYCO, Inc. Tract, Bahia Grande Unit, and South Padre Unit.

3. We offer hunting during specific portions of the State hunting season. We determine specific deer hunt dates annually, and they usually fall within November, December, and January. We may provide special feral pig and nilgai antelope hunts to reduce populations at any time during the year.

4. We annually establish a specific bag limit for deer hunted on the refuge in the refuge hunt brochure. We have an unlimited bag limit on feral pig and nilgai antelope.

5. We require hunters to visibly wear 400 square inches (2,600 cm<sup>2</sup>) of hunter orange, which includes wearing a minimum of 144 square inches (936 cm<sup>2</sup>) visible on the chest, a minimum of 144 square inches (936 cm<sup>2</sup>) visible on the back, and a hunter-orange hat or cap visible on the head when in the field. We allow hunter-orange camouflage patterns. We allow archery hunters during the archery-only hunts to remove their hunter orange in the field only when hunting at a stationary location.

6. Each youth hunter, ages 12 to 17, must be accompanied by and remain within sight and normal voice contact of an adult age 18 or older. Hunters must be at least age 12.

7. We only allow the use of shoulder-fired muzzleloaders and rifled firearms. We prohibit possession of a pistol or shotgun while hunting. Muzzleloader firearms must be .40 caliber or larger, and modern-rifled firearms must be center fired and .22 caliber or larger. We prohibit loaded firearms (see § 27.42 of this chapter) in the passenger compartment of a motor vehicle (we define "loaded" as having rounds in the chamber or magazine or a firing cap on a muzzleloading firearm). We prohibit target practice or "sighting-in" on the refuge.

8. We allow a 9-day scouting period, ending 1 week prior to the commencement of the refuge deer hunting season. A permitted hunter and a limit of two nonpermitted individuals may enter the hunt units during the scouting period. We allow access to the units during the scouting period from legal sunrise to legal sunset. You must clearly display refuge-issued Hunter Vehicle Validation Tags/Scouting Permits (available from the refuge office) face up on the vehicle dashboard.

9. We only allow hunters to enter the refuge 1 hour before legal shooting hours during

the permitted hunt season. All hunters must check out daily at the refuge check station at the end of their hunt or no later than 1 hour after legal shooting hours.

10. We allow vehicle parking at Unit 1 and Unit 6 designated parking areas and along the roadsides of General Brandt Road (FM 106), Buena Vista Road, Lakeside Road, and County Road (see § 27.31 of this chapter).

11. We restrict vehicle access to service roads not closed by gates or signs (see § 27.31 of this chapter). You must only access hunt units by foot or bicycle.

12. We allow hunting from portable stands or by stalking and still hunting. There is a limit of one blind or stand per permitted hunter. You must attach hunter identification (name, address, permit number, and phone number), to the blind or stand. We prohibit attaching blinds and stands to trees or making blinds and stands from natural vegetation (see §§ 32.2(i) and § 27.51 of this chapter). You must remove all blinds and stands (see § 27.93 of this chapter) at the end of the permitted hunt season.

13. We prohibit hunting with dogs.

14. Hunters must field-dress all harvested big game in the field and check the game at the refuge check station before removal from the refuge. You may quarter deer, feral pig, and nilgai antelope in the field as defined by State regulations. You may use a non-motorized cart to assist with the transportation of harvested game animals.

15. We prohibit use of or hunting from any type of watercraft or floating device.

16. You must receive authorization from a refuge employee to enter closed refuge areas to retrieve harvested game.

17. We require written documentation from a licensed physician to certify a hunter as temporarily or permanently disabled or mobility impaired no later than 10 calendar days before the start of the scouting or hunt period. We allow the use of all-terrain vehicles (ATVs), which excludes motorcycles and full-size passenger vehicles, for hunters with mobility impairments and other disabilities through the issuance of a Special Use Permit.

*D. Sport Fishing.* We allow fishing and crabbing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We only allow fishing and crabbing from Adolph Thomae Jr. County Park on San Martin Lake of the Bahia Grande Unit, and on the South Padre Island Unit year-round.

2. We require payment of an entry fee and boat launch at Adolph Thomae Jr. County Park. We allow access to the park between 6 a.m. and 10 p.m. from June through October, and between 6 a.m. and 9 p.m. from November through May.

3. We only allow pole and line, rod and reel, hand line, dip net, or cast net for fishing. We prohibit the use of crab traps or pots for

§ 32.63

50 CFR Ch. I (10-1-06 Edition)

crabbing. Anglers must attend all fishing lines, crabbing equipment, or other fishing devices at all times.

4. We prohibit the taking and use of frog, salamander, and other amphibian as bait.

5. We allow the use of boats for sport fishing. You may launch boats at Adolph Thomae Jr. County Park. We only allow bank and wade fishing on the shoreline of San Martin Lake within the refuge boundary. We only allow access by foot behind posted refuge boundary signs.

6. We only allow camping at Adolph Thomae Jr. County Park.

LOWER RIO GRANDE VALLEY NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of mourning, white-winged, and white-tipped dove on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require hunters to pay a fee and obtain a refuge hunt permit. All hunt fees are nonrefundable. We require hunters to possess and carry a signed (by permittee and an authorized refuge staff member) refuge hunt permit.

2. We allow hunting on areas of the refuge during limited periods of the State-designated hunting season. We publish these dates in the refuge hunting sheet.

3. You may only possess approved nontoxic shot while in the field (see §32.2(k)).

4. We require hunters to be at least age 12. Youth hunters, age 17 and younger must be under the supervision of an adult age 18 or older.

5. We determine the location and method of hunting each year and publish this information in the refuge hunting sheet.

6. We only allow parking in designated locations.

7. We allow the use of properly trained retrievers during these hunts.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow hunters to take white-tailed deer, feral hog, and nilgai antelope on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1 through A3 and A5 through A7 apply.

2. We annually establish bag limits for white-tailed deer based on survey data provided by the State. We establish no bag limits for feral hog or nilgai antelope.

3. We require hunters to visibly wear 400 square inches (2,600 cm<sup>2</sup>) of hunter orange, which includes wearing a minimum of 144 square inches (936 cm<sup>2</sup>) visible on the chest, a minimum of 144 square inches visible on the back, and a hunter-orange hat or cap visible on the head.

*D. Sport Fishing.* [Reserved]

MCFADDIN NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, and coot on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Season dates will be concurrent with the State for the September teal season, youth-only season, and duck and coot regular season in the Texas South Zone, and goose regular season in the Texas East Zone, with the exception that we will prohibit duck (not including the September teal and youth-only seasons) and coot hunting on the refuge until the last Saturday in October. If the State-specified duck and coot regular season opens later than the last Saturday in October, then hunting on the refuge will open consistent with the State-specified season date.

2. You must possess and carry a signed refuge hunting permit while hunting on all hunt units of the refuge.

3. Hunters must enter the refuge hunt units between 4 a.m. and ½ hour before the designated legal shooting time. Hunting starts at legal shooting time and ends at 12 p.m. (noon). Hunters must leave refuge hunt units by 12:30 p.m. We close refuge hunt units on Thanksgiving, Christmas, and New Year's Day.

4. You may access hunt areas by foot, non-motorized watercraft, outboard motorboat, or airboat. Airboats may not exceed 10 hp with direct drive with a propeller length of 48 inches (120 cm) or less. Engines may not exceed 2 cylinders and 484 cc. We prohibit all other motorized vehicles. We prohibit marsh buggies, ATVs, and personal watercraft (see §27.31(f) of this chapter).

5. On inland waters of the refuge open to motorized boats, we restrict the use of boats powered by air-cooled or radiator-cooled engines to those powered by a single engine of 25 hp or less and utilizing a propeller 9 inches (22.5 cm) in diameter or less.

6. On inland waters of the refuge open to motorized boats, we restrict the operation of motorized boats to lakes, ponds, ditches, and other waterways. We prohibit the operation of motorized boats on or through emergent wetland vegetation.

7. We allow hunting in the Central Hunt Units daily during the September teal season and on Saturdays, Sundays, and Tuesdays of the regular waterfowl season.

8. We only allow hunting in the Spaced Hunt Units on Saturdays, Sundays, and Tuesdays of the regular waterfowl season. We require payment of a \$10.00 daily fee to hunt the Spaced Hunt Units. We allow a maximum of four hunters per area. Hunters must possess and carry Special Fee Area Permits while hunting.

9. We allow daily hunting in the Mud Bayou Hunt Unit during the September teal season and on Sundays, Wednesdays, and

Fridays of the regular waterfowl season. We allow access by foot from the beach on Middleton Levee, or by boat from the Gulf Intracoastal Waterway via Mud Bayou.

10. Each youth hunter (age 17 and younger) must remain within sight and normal voice contact of an adult age 18 or older.

11. We only allow shotguns for waterfowl hunting.

12. We only allow vehicular travel on designated roads and in parking areas. We prohibit blocking access to any road or trail entering or on the refuge (see §27.31(h) of this chapter).

13. We prohibit pits and permanent blinds. We allow portable blinds or temporary natural vegetation blinds. You must remove portable blinds (see §27.93 of this chapter) from the refuge daily.

14. The minimum permitted distance between hunt parties and between hunters and driveable roads and buildings is 200 yards (180 m). We prohibit hunting from roads or levees.

15. Dogs accompanying hunters must be under the immediate control of handlers at all times (see §26.21(b) of this chapter).

16. You must remove all decoys, boats, spent shells, marsh chairs, and other equipment (see §§27.93 and 27.94 of this chapter) from the refuge daily. We prohibit use of plastic flagging, reflectors, or reflective tape on the refuge.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* We allow fishing and crabbing on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We only allow fishing and crabbing with pole and line, rod and reel, or handheld line.

2. We allow cast netting for bait for personal use along waterways in areas open to the public and along public roads.

3. We prohibit the use of trotlines, setlines, bows and arrows, gigs, or spears in inland waters.

4. We allow fishing and crabbing in 10-Mile Cut and Mud Bayou and in the following inland waters: Star Lake and Clam Lake. We also allow fishing and crabbing from the shoreline of the Gulf Intracoastal Waterway and along roadside ditches.

5. Conditions A5 and A6 apply.

### SAN BERNARD NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, and coot on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Season dates will be concurrent with the State for the September teal season, youth-only season, and duck and coot regular season in the Texas South Zone, and goose regular season in the Texas East Zone, with the exception that we will prohibit duck (not in-

cluding the September teal and youth-only seasons) and coot hunting on the refuge until the last Saturday in October. If the State-specified duck and coot regular season opens later than the last Saturday in October, then hunting on the refuge will open consistent with the State-specified season date.

2. We prohibit the building or use of pits and permanent blinds (see §§27.92 and 27.93 of this chapter).

3. We require permits and payment of fees for the Sargent Permit Waterfowl Hunt, Big Pond Hunt Area, and Light Goose Conservation Order Season Permit Hunt Area. Hunters must abide by all terms and conditions set by the permits.

### TRINITY RIVER NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We only allow hunting on Champion Lake by drawing.

2. We require an application fee for participants to enter the drawing. After the State announces hunting dates, we will issue a refuge permit to those drawn. The hunter must possess and carry the permit at all times when hunting.

3. We only allow hunting on Champion Lake Saturdays and Sundays during the State duck season. Hunters may not enter the refuge until 5 a.m. and must be off the hunt area by 12 p.m. (noon).

4. We only allow portable blinds. Hunters must remove all blinds, decoys, shell casings, and other personal equipment (see §§ 27.93 and 27.94 of this chapter) from the refuge each day.

5. We limit motors to 10 hp or less.

6. We allow retrievers, but they must be under the immediate control of the hunter at all times.

7. Each youth hunter (age 17 and under) must remain within sight and normal voice contact and under supervision of an adult age 18 or older.

8. Hunt parties must keep a minimum distance of 150 yards (135 m) between them.

*B. Upland Game Hunting.* We allow hunting for squirrel and rabbit on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require participants to pay an application fee to enter the hunt permit drawing. We issue a refuge permit to the individuals whose names are drawn. Successful participants must possess and carry these permits at all times. Permits are nontransferable.

2. We allow hunting during a designated 23-day season. Hunters may enter the refuge and park in an assigned parking area no earlier than 4:30 a.m. We allow hunting from ½ hour before legal sunrise to legal sunset. We require hunters to return a data log card.

3. We prohibit hunting along refuge roads.

4. We prohibit the use of dogs, feeders, baiting (see § 32.2(h)), campsites, fires (see § 27.95(a) of this chapter), horses, bicycles, and all-terrain vehicles.

5. We restrict weapons to shotguns and rimfires.

6. Youth hunters age 17 and younger must be under the direct supervision of an adult age 18 or older.

7. The minimum distance we allow between hunt parties is 200 yards (180 m). We require hunters to visibly wear 400 square inches (2,600 cm<sup>2</sup>) of hunter-orange, which includes wearing a minimum of 144 square inches (936 cm<sup>2</sup>) visible on the chest, a minimum of 144

### § 32.64 Utah.

The following refuge units have been opened for hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

#### BEAR RIVER MIGRATORY BIRD REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, coot, and tundra swan on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Hunters may not shoot or hunt within 100 yards (90 m) of principal refuge roads (the tour route).
2. You may possess only approved nontoxic shot while in the field.
3. Hunters may not use pits or permanent blinds.
4. Airboats are permitted only in Unit 9 and in Block C of the Refuge.
5. You may enter the refuge 2 hours before legal sunrise and must exit the refuge by 2

hours after legal sunset. We prohibit leaving decoys, boats, vehicles, and other personal property on the refuge overnight (see §27.93 of this chapter).

6. Hunters may only park in designated parking sites.

7. Any person entering, using or occupying the refuge for waterfowl hunting must abide by all the terms and conditions in the Refuge Hunting Brochure.

8. When hunters are in their vehicles, at parking lots, or traveling on Refuge roads, all firearms must be completely unloaded (including the magazine) and cased or dismantled.

9. You may only possess 10 shells while hunting on or within 50 feet (15 m) from the center of Unit 1A or 2C dike.

*B. Upland Game Hunting.* Hunters may hunt pheasants on designated areas of the refuge subject to the following conditions:

1. You may possess only approved nontoxic shot while in the field.
2. Pheasants may not be taken with a shotgun of any description capable of holding more than three shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three shells.

*C. Big Game Hunting.* [Reserved]

*D. Sport Fishing.* Fishermen may fish on designated areas of the refuge subject to the following conditions:

1. Fishermen may fish year-round in designated areas of the Refuge.

#### FISH SPRINGS NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of ducks and coots on designated areas of the refuge in accordance with State regulations and the following conditions:

1. All hunters must register individually at the visitor information station before entering the open hunting area and prior to exiting the refuge.
2. We do not allow hunters or dogs to enter closed areas to retrieve birds.
3. You may only possess firearms legally used to hunt waterfowl unless you case or break them down.
4. You may construct nonpermanent blinds. You must remove all blinds constructed out of materials other than vegetation at the end of a hunt day.
5. We allow use of small boats (15' or less). We do not allow gasoline motors and air boats.
6. You may enter the refuge 2 hours prior to sunrise and must exit the refuge by 1½ hours after sunset. You may not leave decoys, boats, vehicles, and other personal property on the refuge overnight.
7. We have a Special Blind Area for use by the disabled. We prohibit trespass for any reason by any individual not registered to utilize that area.

*B. Upland Game Hunting.* [Reserved]

*D. Sport Fishing.* [Reserved]

### OURAY NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of duck, coot, and goose within Leota Bottom in accordance with State regulations subject to the following conditions:

1. We prohibit hunting within 100 yards (90 m) of the Green River in Leota Bottom.
2. We close the Green River within the refuge boundaries to hunting.
3. You may only possess approved nontoxic shot while in the field (see § 32.2(k)).
4. We prohibit pits and permanent blinds.
5. You may use portable blinds or blinds constructed of natural dead vegetation (see § 27.51 of this chapter).
6. You must remove all decoys, shell casings, portable and temporary blinds, and other personal equipment (see §§ 27.93 and 27.94 of this chapter) from the refuge at the end of each day.
7. We prohibit operation of a gas-powered boat or vehicle within Leota Bottom.
8. We prohibit possession or consumption of any alcoholic beverage while hunting (see § 32.2(j)).
9. During hunting season the refuge is open from 1½ hours before legal sunrise to 1½ hours after legal sunset. We gate and lock the main entrance on the west side of the Green River during closed hours.
10. We prohibit possession of a loaded firearm in your vehicle. You must unload, case, or dismantle all firearms (see § 27.42 of this chapter) when traveling through the refuge.

*B. Upland Game Hunting.* We allow hunting of pheasants within Leota, Johnson, Brennan, and portions of Wyasket Bottoms (the southern portion of Wyasket Bottom and all of Woods Bottom are leased Ute Tribal lands that require special permitting by the Ute Tribe) in accordance with State regulations subject to the following conditions:

1. You may only possess approved nontoxic shot while in the field (see § 32.2(k)).
2. We prohibit hunting the islands and sandbars within the Green River.
3. We prohibit hunting pheasants with a shotgun capable of holding more than three shells.
4. We prohibit hunting of turkey and quail.

*C. Big Game Hunting.* We allow hunting of mule deer within Leota, Johnson, Brennan, and the northern portion of Wyasket Bottom (the southern portion of Wyasket Bottom and all of Woods Bottom are leased Ute Tribal lands that require special permitting by the Ute Tribe) in accordance with State regulations subject to the following conditions:

1. You may hunt with the aid of a temporary tree stand that does not require drilling or nailing into the tree.
2. You must remove your tree stand (see § 27.93 of this chapter) no later than the last

## 50 CFR Ch. I (10–1–06 Edition)

day of the hunting season for which you have a tag.

3. We prohibit hunting on the islands and sandbars within the Green River.

4. We prohibit hunting of pronghorn and elk.

*D. Sport Fishing.* We allow sport fishing within and on the banks of the Green River (the southernmost portion of the Green River within the Refuge Boundary requires a Ute Tribe fishing permit) in accordance with State regulations subject to the following conditions:

1. We prohibit fishing on or from the diked interior impoundments or canals.
2. You may only fish with the aid of a pole, hook, and line. We prohibit trot lines, bow and arrows, spears, spear guns, cross bows, and firearms.
3. You must release unharmed any of the four endangered fish if caught (razorback sucker, Colorado pike minnow, humpbacked chub, or bonytailed chub).

## § 32.65 Vermont.

The following refuge units have been opened for hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

### MISSISQUOI NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, brant, merganser, coot, woodcock, and snipe in accordance with State regulations subject to the following conditions:

1. Waterfowl—For the hunting of goose, brant, duck, merganser, and coot we divide the refuge into six discrete waterfowl hunting units: the Delta Lakeshore Area, the Saxes Pothole/Creek and Shad Island Area, the Junior Waterfowl Hunting Area (including Long Marsh Bay, Patrick Marsh, and Charcoal Creek), the Long Marsh Channel and Metcalfe Island Area, and the Maquam Swamp Area. Conditions for each area are as follows:

- i. Delta Lakeshore Area includes lakeshore areas from Shad Island to the south side of Martindale Point but does not include Saxes Pothole/Creek and Shad Island Pothole.
  - a. We prohibit blind staking, permanent blinds, or unattended decoys.
  - b. We prohibit jump shooting within 200 yards (180 m) of a party hunting from a boat or blind.
  - c. We do not require a refuge permit to hunt in this area.

## U.S. Fish and Wildlife Serv., Interior

## § 32.65

d. This area is available to youth waterfowl hunters on Youth Waterfowl Hunting Weekend.

e. We prohibit entering closed areas of the refuge for any reason, except for the recovery of legally harvested animals, and in that case you may not carry a weapon (see §27.42(a) of this chapter).

f. Unarmed hunters may scout open hunting areas before a particular season opens but in no case before September 1. We do not require a hunting permit for scouting.

ii. Maquam Shore Area encompasses a 30-acre area along the lakeshore of Maquam Bay and is bounded by private land on the west and a Vermont wildlife management area on the east. a. Conditions Ali(a-f) apply.

iii. Saaxes Pothole/Creek and Shad Island Pothole encompasses Saxes Creek, Saxes Pothole, and Shad Island Pothole. This is a controlled hunting area. We stake and make available five zones (numbered 1-5) to five hunting parties in Saxe's Pothole, zone 6 is staked and available to one hunting party in Shad Island Pothole.

a. A hunting party consists of the hunter named on the permit and one guest hunter per zone per day. Nonhunters may accompany a hunting party.

b. Each hunting party must possess and carry a permit for the specific zone on the specific day they are hunting in this area. Permits are not transferable.

c. You may obtain permits for the period from the opening day of duck hunting season through the first Sunday of the duck hunting season, and for the second weekend of the duck hunting season through application to a preseason lottery. During the years when the State elects to have a split season, you may also obtain your permits for the second opening day through the following Sunday through application to the preseason lottery. On all other hunt days, you must acquire permits through self-registration at the Mac's Bend Landing no earlier than 2 hours before legal shooting time on the day of the hunt.

d. Hunters selected during the preseason lottery must pay a \$10 fee. The refuge must receive the fee no earlier than 2 days before the opening of the season or forfeit the permit, which we will then make available to other hunters on a first-come, first-served basis. The fee is paid for any permit assigned before the day of the hunt. There is no fee for any permit obtained on the day of the hunt.

e. On those days that we draw permits by preseason lottery, hunters must sign in at the Mac's Bend Landing by 7 a.m. before going to the assigned zone. After 7 a.m. other hunters may sign in, self-register, and use unoccupied zones.

f. At the end of each daily hunt, you must sign out and deposit a report of hunt success

at the Mac's Bend Landing. When you sign out, another party may sign in and use the vacated zone. You must sign out of a zone at Mac's Bend Landing prior to occupying a different hunting site in any of the controlled hunting areas.

g. You must hunt within 100 feet (30 m) of a numbered stake corresponding to your assigned zone. We prohibit jump shooting.

h. You must use a retrieving dog.

i. You may only possess approved nontoxic shot shells (see §32.2(k)) in quantities of 25 or less per day.

j. This area is open on a first-come, first-served basis to youth waterfowl hunters during the annual 2-day special Youth Waterfowl Hunting Weekend conducted in late September. We will hold no preseason drawing and assess no fee, however, youth hunters must self-register and submit a report of their hunt.

k. We prohibit entering closed areas of the refuge for any reason, except for the recovery of legally harvested animals, and in that case we prohibit carrying a weapon (see §27.42(a) of this chapter).

l. Unarmed hunters may scout open hunting areas before a particular season opens but in no case before September 1. We do not require a hunting permit for scouting.

iv. Junior Waterfowl Hunting Area encompasses Long Marsh Bay, Patrick Marsh and that portion of Charcoal Creek south of Vermont Route 78. This is a controlled hunting area. We establish 11 blind sites for use by junior waterfowl hunters, blind sites 4-8 in Long Marsh Bay, blind sites C-F in Charcoal Creek, and blind sites A-B in Patrick Marsh.

a. Junior waterfowl hunters (ages 12-15, inclusive, at the time of the hunt) following successful completion of the annual training program (usually held the third or fourth Saturday in August) vie for blind site assignments during a lottery drawing at the conclusion of the training. The 11 blind sites are available exclusively to these junior waterfowl hunters and their mentors the first 4 Saturdays and Sundays of the duck season.

b. As an incentive to the adult volunteers who serve as mentors to junior waterfowl hunters, they will vie for blind site assignments during a lottery drawing at the conclusion of the annual junior waterfowl hunter training for the use of blind sites in the junior hunt area on the first Wednesday following the second weekend of the season. This day is known as Mentor Day. We will collect no fee from mentors for this hunt day. We will make available blinds not assigned because of this lottery to other adult hunters via a preseason lottery.

c. Following the use of the blind sites in this area by junior hunters and junior hunter mentors, all blind sites are then available to all adult hunters by permit awarded via a preseason lottery for the second Wednesday

## § 32.65

## 50 CFR Ch. I (10–1–06 Edition)

following the second weekend of the duck season; and on weekends following the junior hunt by a first-come, first-served, self-registration, and permitting basis at the refuge headquarters.

d. Hunters, including junior hunters, with preregistered permits must sign in at refuge headquarters no later than 7 a.m. on the date of their scheduled hunt. After 7 a.m. other hunters may sign in, self-register, and use unoccupied blind sites. Only junior hunters may hunt on the first 4 Saturdays and Sundays of the season.

e. Each junior hunter must possess and carry a free permit for the assigned blind site and day. On Mentor Day, mentors must also possess and carry this free permit for the assigned blind site. Each adult hunting party must possess and carry a permit for the blind site and day they are hunting. Permits acquired by self-registration are free.

f. The mentor must accompany the junior hunter who completed the training program with him or her. We include the mentor on the permit assigned to the junior hunter. A mentor may simultaneously oversee up to two junior hunters at one blind site.

g. Each adult hunter, except mentors on Mentor Day, must pay \$10 for each permit issued because of the preseason lottery. Permits acquired by self-registration are free.

h. Only junior hunters may discharge a firearm in this area during the junior hunt periods.

i. We allow and recommend hunting from portable blinds and boat blinds constructed and placed by the refuge for the junior waterfowl hunting program at some of the blind sites. Junior hunters, with the approval of the refuge manager, may construct stationary blinds and leave them in place for the duration of the season. Otherwise, we prohibit permanent blinds.

j. All hunting must take place within 100 feet (30 m) of the stake marking the blind area. We prohibit jump shooting.

k. This area is available to refuge-trained junior waterfowl hunters during the Youth Waterfowl Hunting Weekend in late September.

l. Shooting hours are from legal opening time until 11 a.m.

m. Hunters must deposit the Hunt Success Report portion of their permit at refuge headquarters at the end of the hunt.

n. A small flat-bottom boat, car-top boat, or canoe is necessary for access to Charcoal Creek and Patrick Marsh blind sites. Access is available at the Charcoal Creek crossing on Vermont Route 78 or from a pulloff on Route 78 about 3/4 of a mile (1.2 km) east of the Charcoal Creek access.

o. You may only possess approved nontoxic shot shells (see § 32.2(k)) in quantities of 25 or less per day.

p. A hunting party consists of the hunter named on the permit and one guest hunter

per blind site per day. Junior hunters may not invite a guest hunter unless it another refuge-trained junior hunter. Nonhunters may accompany a hunting party.

q. You must use at least six decoys.

r. We prohibit entry to closed areas of the refuge for any reason, except for the recovery of legally harvested animals, and in that case you may not carry a weapon (see § 27.42(a) of this chapter).

s. Unarmed hunters may scout open hunting areas before a particular season opens but in no case before September 1. We do not require a hunting permit for scouting.

v. Long Marsh Channel and Metcalfe Island encompasses the Metcalfe Island Pothole and Long Marsh Channel. This is a controlled hunting area. We established three blind sites, designated 1-3, in Long Marsh Channel. We established three blind sites, designated 8-10, on Metcalfe Island.

a. We will limit hunting to Tuesdays, Thursdays, and Saturdays throughout the waterfowl hunting season for duck.

b. You may obtain permits for the first 5 days of the duck season through application to a preseason lottery. The procedure described in the Saxes Pothole/Creek and Shad Island controlled hunt area apply. Following the first 5 days, hunters may acquire permits on a first-come, first-served basis with self-service permitting and sign in at the Mac's Bend Landing, no more than 2 hours before legal shooting time.

c. Hunters selected during the preseason lottery must pay a \$10 fee. The refuge must receive the fee no less than 2 days before the opening of the season or the permit will be forfeited and made available first to standby hunters identified at the time of the drawing, and second to other hunters on a first-come, first-served basis. The fee is paid for any permit assigned before the day of the hunt. There is no fee for any permit obtained on the day of the hunt.

d. On those days that we draw permits by preseason lottery, hunters must sign in at the Mac's Bend Landing by 7 a.m. before going to the assigned zone. After 7 a.m., other hunters may sign in, self-register, and use unoccupied zones.

e. Shooting hours will be from ½ hour before legal sunrise until 11 a.m.

f. At the end of each daily hunt, you must sign out and deposit a report of hunt success at the Mac's Bend Landing. When a party signs out, another party may sign in and use the vacated zone. Hunters must sign out of a zone at Mac's Bend Landing prior to occupying a different hunting site in any of the controlled hunting areas.

g. You must hunt within 100 feet (30 m) of a numbered stake corresponding to your assigned zone.

h. You must use a retrieving dog.

## U.S. Fish and Wildlife Serv., Interior

## § 32.65

i. You may only possess approved nontoxic shot shells (see §32.2(k)) in quantities of 25 or less per day.

j. We prohibit permanent blinds.

k. We prohibit jump shooting.

l. You must use at least six decoys.

m. You must use a boat to hunt at each of these blind sites.

n. This area is open on a first-come, first-served basis to youth waterfowl hunters during the annual 2-day special Youth Waterfowl Hunting Weekend conducted in late September. We will hold no preseason drawing and assess no fee, however, youth hunters must self-register and submit a report of their hunt.

o. We will close this area to waterfowl hunting during split seasons when goose are the only waterfowl that hunters may legally take.

p. We prohibit entry to closed areas of the refuge for any reason, except for the recovery of legally harvested animals, and in that case you may not carry a weapon (see §27.42 of this chapter).

q. Unarmed hunters may scout open hunting areas before a particular season opens but in no case before September 1. We do not require a hunting permit for scouting.

vi. Marquam Swamp Area encompasses about 200 acres (80 ha) west of the Central Vermont Railroad and south of Coleman's inholding and is open to migratory bird hunting with the following special requirements:

a. Conditions Alia and Alic through Al1 if apply.

b. You must use a retrieving dog.

c. We prohibit hunting within the area encompassing the headquarters nature trail. We identify this area with "No Hunting Zone" signs.

2. Other migratory birds (including woodcock and common snipe):

i. The open area consists of the Delta Lakeshore Waterfowl Hunting Area excluding the Saxe's Creek/Pothole and Shad Island Pothole controlled areas.

ii. You may hunt woodcock and snipe in the Maquam Swamp Area, but you must have a retriever.

iii. We do not require a permit to hunt woodcock and snipe in these areas.

iv. Conditions Alie and Alif apply.

*B. Upland Game Hunting.* We allow hunting of cottontail rabbits, snowshoe hare, ruffed grouse, and gray squirrels on open areas of the refuge (designated in B2 below) in accordance with State regulations subject to the following conditions:

1. You must obtain a permit at refuge headquarters prior to hunting, and you must hold a valid State hunting license. We will collect a \$10 fee for each permit issued. The permit applies for the calendar year of issue.

2. You may pursue upland game: east of the Missisquoi River and north of Goose Bay

Pool (as indicated by public hunting area signs), on Shad Island, on all refuge lands west of Tabor Road, and on all refuge lands between Tabor Road and the Central Vermont Railroad bed to the east, except the marked area encompassing the headquarters nature trail and the land east of Charcoal Creek and north of the marked boundary near Coleman's inholding. We mark the headquarters trail area with "No Hunting Zone" signs.

3. We only allow shotguns or muzzleloaders on open areas east of the Missisquoi River and on Shad Island.

4. You must use approved nontoxic shot (see §32.2(k)) for the shotgun hunting of all upland game species except deer.

5. We prohibit hunting from the end of snowshoe hare and rabbit season through September 1.

6. We require you to submit an annual report of the results of your hunt by December 31. Failure to do so will result in denial of a permit the following year.

7. We prohibit entry into closed areas of the refuge for any reason, except for the recovery of legally harvested animals, and in that case you may not carry a weapon (see §27.42(a) of this chapter).

8. Unarmed hunters may scout open hunting areas before a particular season opens but in no case before September 1. We do not require a hunting permit for scouting.

*C. Big Game Hunting.* We allow hunting of white-tailed deer in accordance with State regulations subject to the following conditions:

1. We prohibit hunting of bear, moose, or turkey.

2. You must obtain a permit at refuge headquarters prior to hunting, and you must hold a valid State hunting license. We will collect a \$10 fee for each permit issued. The permit applies for the calendar year of issue. Permits issued to youth hunters (licensed hunters age 16 and under) for the Youth Deer Hunting Weekend are free.

3. You may pursue deer during State-designated archery and regular firearms seasons: east of the Missisquoi River and north of Goose Bay Pool (as indicated by public hunting area signs), on Shad Island, on all refuge lands west of Tabor Road, and on all refuge lands between Tabor Road and the Central Vermont Railroad bed to the east, except the marked safety zone encompassing the headquarters nature trail and the land east of Charcoal Creek and north of the marked boundary near Coleman's inholding.

4. We only allow shotguns, muzzleloaders, or archery equipment on open areas east and north of Vermont Route 78. We prohibit rifles in these areas at any time.

5. During the State-designated muzzleloader season and Youth Deer Hunting Weekend, you may hunt the entire area north of the line of public hunting area signs west of

## § 32.66

Mudgett Island, and all of Metcalfe Island, in addition to the open areas described in C3 above.

6. During the State regular firearms season, Youth Deer Hunting Weekend, and muzzleloader big game season, you must wear in a visible manner on head, chest, and back a minimum of 400 square inches (2,600 cm<sup>2</sup>) of solid-colored, hunter-orange clothing or material.

7. You may use portable tree stands in accordance with State regulations guiding their use on State Wildlife Management Areas. We require written approval from the refuge manager on your big game hunting permit prior to leaving a stand or blind unattended. We prohibit permanent stands and blinds (see § 27.93 of this chapter).

8. Conditions B6, B7, and B8 apply.

*D. Sport Fishing.* We allow fishing on areas described below in accordance with State regulations subject to the following conditions:

1. We allow sport fishing by boat in the west branch, east branch and main channel of the Missisquoi River, Dead Creek, and shallow water areas of the Missisquoi River delta from Goose Bay to Charcoal Creek (north of Vermont Route 78) with the following exceptions:

i. We close the following areas from ice out to July 15—Goose Bay, Saxes Creek and Pothole, Metcalfe Island Pothole, Long Marsh Channel, and Clark Marsh.

ii. We close the following areas from Labor Day to December 31—Long Marsh Bay and Long Marsh Channel.

2. We allow bank fishing along Charcoal Creek where it passes under Route 78, and along the shoreline of the Missisquoi River from refuge headquarters to Mac's Bend boat launch. Bank fishing is accessible only by foot along the Missisquoi River from Louie's Landing to Mac's Bend.

3. We prohibit fishing from any dike or from within any water management unit or any other area not specifically designated as being open under D1 and D2 above.

4. We allow ice fishing in open areas described in D1 above.

5. We allow bow fishing from a boat on refuge waters that are open to fishing as described in D1 above.

6. We prohibit taking fish with firearms within refuge boundaries.

7. We allow boat launching from Louie's Landing year-round. We allow boat launching from Mac's Bend boat launch area from September through November inclusive.

8. Anglers may collect minnows in accordance with State regulations from refuge open fishing areas for personal use. We prohibit collection of more than 2 quarts (1.9 l) per day from the refuge.

9. We authorize commercial bait dealers to take and transport minnows in excess of 2 quarts (1.9 l) per day only after acquiring a

refuge Special Use Permit that will contain the following special conditions:

i. We require a \$35 fee for the Special Use Permit.

ii. The permittee must possess and carry a Commercial Bait Dealer's Permit from the Vermont Commissioner of Fish.

iii. Excessive fish mortality and waste, as determined by the refuge manager, will result in revocation of the Special Use Permit and denial of future permit applications.

iv. The permittee must remove all traps and holding cages (see § 27.93 of this chapter) within 1 week of permanent freeze up.

v. The Special Use Permit must be in the possession of the permittee or an employee of the permittee on site while on the refuge and is not transferable to another individual or party.

vi. The Special Use Permit does not grant or imply permission to obstruct any refuge road, parking area, boat launch, or waterway at any time.

vii. The permittee must keep all equipment used clean so as not to introduce aquatic nuisance species. The permittee must not clean or empty tanks and other equipment used into refuge waters.

viii. Failure to comply with conditions of the Special Use Permit will result in its revocation and the denial of future permit applications.

## § 32.66 Virginia.

The following refuge units have been opened for hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

### BACK BAY NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* [Reserved]

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow hunting of white-tailed deer and feral hogs on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We close the refuge to all other public uses beginning at legal sunrise on the first Saturday of October through legal sunset of the following Saturday.

2. We require a Special Use Hunting Permit. You must carry the signed permit on your person while hunting. We issue permits on the day of the hunt at the Refuge Check Station.

3. We only allow shotguns 20 gauge or larger (loaded with buckshot or rifled slugs) and bow and arrow. We prohibit possession of loaded firearms (see § 27.42 of this chapter) or

## U.S. Fish and Wildlife Serv., Interior

## § 32.66

nocked arrows on refuge roads and Refuge Proclamation Waters.

4. We prohibit the use of dogs to hunt deer or feral hog.

5. You must be at least age 18 to hunt without an accompanying, qualified adult. Youths between ages 12 and 18 may only hunt when accompanied by a licensed non-hunting adult who is age 21 or older.

6. You must visibly wear a minimum of 400 square inches (2,600 cm<sup>2</sup>) of solid-colored, blaze-orange material on your head, chest, and back (the equivalent of a hat and vest for each hunter).

7. We reserve Hunting Zone 5 for use by nonambulatory hunters. We define a "non-ambulatory" hunter as "any person who presents a medical doctor's written statement that said person is permanently unable to walk." Zone 5 will be available to the general public only when nonambulatory hunters are not present.

8. We will decide reservations for hunt days and zones by a computerized lottery at the refuge headquarters in mid-September. You may obtain a hunt application by calling the Back Bay Refuge headquarters at (757) 721-2412 during August.

9. We restrict scouting to the week prior to the refuge hunt. We restrict access to hunting zones to travel by bicycle or on foot. Scouts must wear 400 square inches (2,600 cm<sup>2</sup>) of visible blaze orange. We prohibit weapons *see* §27.42(a) of this chapter) during scouting. Scouts must notify refuge staff daily prior to both entering and leaving a hunt zone.

10. You must register at the Refuge Entrance Fee Booth between 4 a.m. and 5 a.m. on the day of the hunt. After 5 a.m., we will allow standby hunters to fill vacant slots in a separate lottery. All hunters must check out at the Check Station no later than 6 p.m.

11. Transportation to Hunt Zone 7 (Long Island) is only by car-top boat (canoe, punt, row-boat, etc.) or from the canoe/kayak launch at refuge headquarters. Hunter-provided boats must meet Coast Guard safety requirements. We prohibit boats on trailers.

12. A Safety Zone runs from the Check Station to north of the headquarters parking lot. We prohibit hunting or discharging of firearms/bow and arrows within the Safety Zone. We prohibit retrieval of crippled game from a No Hunting Area or Safety Zone without the consent of the refuge employee on duty at the Check Station.

13. You must use safety belts at all times while you are in a tree stand.

14. We close the "Hacking Tower" in Hunt Zone 3 to public access.

*D. Sport Fishing.* We allow fishing, non-commercial crabbing, and clamming on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We close all areas within the hunting zones, as well as the refuge oceanfront, to fishing, crabbing, and clamming during the annual refuge white-tailed deer and feral hog hunt, beginning at legal sunrise on the first Saturday in October through legal sunset of the following Saturday.

2. You must attend all fishing lines and crab pots at all times.

3. We prohibit on-site cleaning of fish.

4. We prohibit the taking of amphibian, reptile, marine mammal, aquatic invertebrate, or any other marine organism from refuge lands or waters.

5. We allow sportfishing, crabbing, and clamming access to Back Bay from the refuge headquarters parking lot only by foot, bicycle, and hand-launched, nontrailed boat.

6. We only allow surf fishing, crabbing, and clamming south of the refuge's beach access ramp.

7. For sportfishing in D Pool and at Horn Point:

i. We only allow fishing from the docks or banks. We prohibit boats, canoes, or kayaks on refuge pools and impoundments.

ii. We prohibit live minnows or other live bait fish for fishing in refuge pools and impoundments.

iii. We require barbless or flattened hooks for all fishing.

iv. Smallmouth bass, largemouth bass, and pickerel are catch-and-release only. The daily creel limit for D Pool for other species is a maximum combination of any 10 fish.

v. Parking for mobility-impaired visitors is available adjacent to the dock at D Pool. We require all other visitors to hike or bicycle.

### CHINCOTEAGUE NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of migratory duck, goose, swan, coot, and rail on Thursdays, Fridays, and Saturdays during the State seasons on designated areas of the refuge within Wildcat Marsh, Morris Island, Assawoman Island, and Metompkin Island Divisions in accordance with State regulations subject to the following conditions:

1. You must possess and carry while hunting on the refuge written authorization from the refuge. You may obtain hunting brochures containing an application for permission to hunt from the refuge administration building during normal business hours. The refuge administration office has available hunting brochures containing application procedures, seasons, bag limits, methods of hunting, maps depicting areas open to hunting, and the terms and conditions under which we issue hunting permits.

2. Each youth hunter (under age 18) must remain within sight and normal voice contact and under direct supervision of an adult age 18 or older. The supervising adult must

## 50 CFR Ch. I (10–1–06 Edition)

also possess and carry a State hunting license and a refuge permit.

3. You may only access hunting areas by boat.

4. You may only possess approved nontoxic shot (*see* § 32.2(k)) while hunting duck, goose, swan, coot, and rail.

5. You may erect portable blinds and deploy decoys, but you must remove the blinds and decoys (*see* § 27.93 of this chapter) daily.

6. You may use trained dogs to assist in the retrieval of harvested birds.

7. You must complete a harvest report card, provided by the refuge, after each hunt period. You must return the harvest report card to the refuge within 15 days of your permitted hunt.

*B. Upland Game Hunting.* [Reserved]

*C. Big Game Hunting.* We allow hunting of white-tailed deer and sika in designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. General hunt information:

i. You must possess and carry a refuge permit. We issue the permits based on a computer lottery system. You may obtain permit applications from the refuge administration office during normal business hours. Hunting brochures containing hunting application procedures, seasons, bag limits, methods of hunting, maps depicting areas open to hunting, and the terms and conditions under which we issue hunting permits are available from the refuge administration office.

ii. You must be age 12 or older to hunt on the refuge. An adult age 18 or older must accompany hunters under age 18. The supervising adult must also possess and carry a State hunting license and refuge permit.

iii. You must attend a hunt orientation. We conduct orientations beginning at 10 a.m. Sundays and Wednesdays throughout the hunt season. We allow scouting from 11 a.m. to 6 p.m. following each orientation.

iv. You must sign in at the hunter registration station prior to entering your hunt zone and sign out upon exiting your hunt zone. All hunters must sign out no later than 2 hours after the end of the hunt day.

v. You must check all harvested animals at the refuge's official check station.

vi. You must make a reasonable effort to recover wounded animals from the field and must notify the check station personnel immediately if you are not able to recover a wounded animal.

vii. We prohibit crossing water management areas unless you are retrieving a harvested animal.

viii. We prohibit use of a boat, all-terrain vehicle, bicycle, or saddled animal to access or travel within your hunt zone (*see* § 27.31(f) of this chapter).

ix. We allow the use of a portable tree stand.

2. Archery hunt information:

i. We allow hunting of white-tailed deer and sika with bow and arrow in designated areas of the refuge.

ii. You may not nock an arrow within 50 feet (15 m) of the centerline of any road.

iii. During the sika archery season, you may take up to five sika daily, two of which may be antlered. In addition, you may take antlerless white-tailed deer in accordance with State regulations.

iv. We prohibit deer drives.

v. You must print your full name in a permanent manner near the fletching on each arrow shaft used for hunting.

vi. We reserve Zone 2 for hunters confined to wheelchairs. Hunters confined to wheelchairs must remain on the paved trail or overlook platform on Woodland Trail. Hunters confined to wheelchairs who require assistance retrieving or dressing harvested animals must have a nonhunting assistant available.

3. Firearm hunt information:

i. We allow hunting of white-tailed deer and sika with firearms in designated areas of the refuge.

ii. You must wear a minimum of 400 square inches (2,600 cm<sup>2</sup>) of visible blaze-orange material consisting of a vest and hat or a jacket and hat.

iii. You may use any firearm allowed by State law in designated areas of the refuge. We restrict other areas of the refuge to shotgun and muzzleloading firearms only. We restrict shotgun ammunition to slugs, 00 buckshot, or 000 buckshot. You must unload and either case or disassemble firearms (*see* § 27.42(b) of this chapter) in vehicles.

iv. We prohibit possession of a loaded firearm within 50 feet (15 m) of the centerline of any road.

v. During the sika firearm season, you may take up to five sika daily, two of which may be antlered. In addition, hunters may take antlerless white-tailed deer in accordance with State regulations on the first day of designated white-tailed deer hunt periods. If you take an antlerless white-tailed deer on the first day of your hunt, you may take antlered white-tailed deer or any sika, not to exceed prescribed bag limits, on the second day of your hunt period. If you do not take an antlerless white-tailed deer on the first day of your hunt period, you may only take antlerless white-tailed deer or any sika, not to exceed prescribed bag limits, on the second day of your hunt period.

vi. You must have a 4-wheel drive vehicle to hunt in zones 10, 10a, and Tom's Cove Hook. All oversand vehicles must carry a shovel, jack, tow rope or chain, board or similar support for the jack, and a low pressure tire gauge.

vii. We reserve zone 2 for hunters confined to wheelchairs. Those hunters must remain on the paved trail or overlook platform on Woodland Trail. They may use any firearm

The following refuge units have been opened to hunting and/or fishing, and are listed in alphabetical order with applicable refuge-specific regulations.

### CANAAN VALLEY NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of goose, duck, rail, coot, gallinule, mourning dove, snipe, and woodcock on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We require each hunter to possess and carry a signed refuge hunting permit, State hunting license, and driver's license (or other photo identification card) at all times while hunting on the refuge. The refuge hunting permit is free, and you may obtain it at the refuge headquarters. We require each hunter to submit a survey form at the end of the hunting season. Hunters must submit survey forms to the refuge headquarters if they wish to receive a hunting permit the following year.

2. We allow hunting on most refuge lands with the following exceptions: the area surrounding the refuge headquarters, areas marked as safety zones, areas marked as no hunting zones, areas marked as closed to all public entry, or within 500 feet (150 m) of any dwelling.

3. We prohibit the building or use of permanent blinds.

4. The refuge closes 1 hour after legal sunset, including parking areas. We prohibit hunters from leaving decoys and other personal property on the refuge.

5. We allow the use of dogs for hunting migratory game birds. We require all dogs to wear a collar displaying the owner's name, address, and telephone number.

6. We prohibit dog training except during legal hunting seasons.

7. We require hunters accessing the refuge through private property to possess and carry written permission of the landowner while hunting on the refuge.

*B. Upland Game Hunting.* We allow the hunting of ruffed grouse, squirrel, cottontail rabbit, snowshoe hare, red fox, gray fox, bobcat, woodchuck, coyote, opossum, striped skunk, and raccoon on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A1, A2, A6, and A7 apply.

2. The refuge opens 1 hour before legal sunrise and closes 1 hour after legal sunset, including parking areas.

3. You may hunt raccoon at night, but you must obtain a Special Use Permit for raccoon hunting.

4. We only allow hunting in the No Rifle Zones with the following equipment: archery, shotgun, or muzzleloader.

5. You may use dogs for hunting upland game species. We prohibit more than six dogs per hunting party for raccoon hunting. You must account for all dogs at the conclusion of the hunt. You must search for lost dogs for at least 3 days, and we prohibit hunting during the search period. All dogs must wear a collar displaying the owner's name, address, and telephone number.

6. We prohibit the hunting of upland game species between March 1 and the youth squirrel season in September.

*C. Big Game Hunting.* We allow the hunting of white-tailed deer, black bear, and turkey on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Condition A1, A2, A6, A7, and B4 apply.

2. You may only enter the refuge on foot. You may use hand-powered, two-wheeled carts for transporting big game.

3. You may only use handguns for hunting deer and black bear in the rifle zone.

4. When using shotguns for big game hunting, we only allow ammunition containing a single lead projectile. We prohibit the use of buckshot.

5. We prohibit the marking of any tree or other refuge feature with flagging, paint, or other substance.

6. We prohibit the cutting and trimming of coniferous trees (balsam fir, red spruce, and hemlock). We prohibit construction of blinds from these materials.

7. We prohibit permanent tree stands, but we allow use of temporary tree stands. You must clearly print your name and address in an easily read area on the stand while the stand is affixed to the tree. You must remove

tree stands (see §27.93 of this chapter) at the end of the deer season.

8. We require all hunters to wear at least 400 square inches (2,600 cm<sup>2</sup>) of blaze orange on the head, chest, and back at all times during the deer bucks only season, the antlerless deer season, the youth deer season, and the deer muzzleloader season.

9. We prohibit hunting for turkey with a rifle. You must use a shotgun or muzzleloader with a shot size of #4 or smaller.

10. We allow dogs for hunting black bear during the gun season. We prohibit more than six dogs per hunting party. You must account for all dogs at the conclusion of the hunt. You must search for lost dogs for at least 3 days, and we prohibit hunting during the search period. All dogs must wear a collar displaying the owner's name, address, and telephone number.

11. We prohibit black bear hunting during the Tucker County antlerless deer season. The gun bear season begins the Monday following the antlerless deer season.

12. The refuge closes 1 hour after legal sunset, including parking areas. We prohibit camping or overnight parking.

*D. Sport Fishing.* [Reserved]

4. Hunting in the area surrounding the office/visitor center (Area E) is by permit only.

5. Hunting in the auto tour/hiking trail complex (Area D) is open only during the State firearms deer season.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge subject to the following condition: We allow only bank fishing.

### LEOPOLD WETLAND MANAGEMENT DISTRICT

*A. Migratory Game Bird Hunting.* We allow hunting of migratory game birds throughout the district (except that we prohibit hunting on the Blue-wing Waterfowl Production Area (WPA) in Ozaukee County or the Wilcox WPA in Waushara County) in accordance with State regulations subject to the following conditions:

1. We allow the use of hunting dogs, provided the dog is under the immediate control of the hunter at all times (see §26.21(b) of this chapter).

2. You must remove boats, decoys, and blinds (see §27.93 of this chapter) at the conclusion of each day.

*B. Upland Game Hunting.* We allow hunting of upland game birds throughout the district (except that we prohibit hunting on the Blue-wing Waterfowl Production Area (WPA) in Ozaukee County or the Wilcox WPA in Waushara County) in accordance with State regulations subject to the following condition: Condition A1 applies.

*C. Big Game Hunting.* We allow hunting of big game throughout the district (except that you may not hunt on the Blue-wing Waterfowl Production Area (WPA) in Ozaukee County or the Wilcox WPA in Waushara County) in accordance with State regulations subject to the following condition: You must remove blinds and stands (see §27.93 of this chapter) at the conclusion of each day.

*D. Sport Fishing.* [Reserved]

### NECEDAH NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of migratory game birds only on designated areas of the refuge.

*B. Upland Game Hunting.* We allow hunting of wild turkey, ruffed grouse, gray squirrel, fox squirrel, cottontail rabbit, snowshoe hare, and raccoon only on designated areas of the refuge subject to the following conditions:

1. Shotgun hunters may possess only approved nontoxic shot while hunting on the refuge (see §32.2(k)). This includes turkey hunters.

2. During the spring turkey season, we allow unarmed hunters who have an unexpired spring turkey permit in their possession to scout the hunt area. We allow this scouting beginning on the Saturday immediately prior to the opening date listed on their State turkey hunting permit.

3. Refuge Area 3 is open to hunting after the State deer gun season through the end of the respective State seasons or until February 28, whichever occurs first.

4. You may use dogs only when hunting migratory game birds and upland game (except raccoon).

5. You may only hunt showshoe hare during the season for cottontail rabbit.

6. You may possess only unloaded guns in the retrieval zone of the Refuge Area 2 between 20th Street West and Suk-Cerney flowage during the State waterfowl hunting season, except while hunting deer during the deer gun season.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit possession of a loaded firearm or a nocked arrow on a bow within 50 feet (15 m) of the centerline of all public roads. Also, during the gun deer season, we prohibit possession of a loaded firearm within 50 feet (15 m) of the center of refuge trails, and we prohibit discharge of guns from, across, down, or alongside these trails.

2. We prohibit possession of a centerfire rifle capable of holding more than seven cartridges.

3. We prohibit construction or use of permanent blinds, stands, or ladders.

4. You may use portable elevated devices but must lower them to ground level at the close of shooting hours each day. You must remove all blinds, stands, platforms, and ladders from the refuge at the end of the hunting season (see §§27.93 and 27.94 of this chapter).

5. Hunters must clearly mark all non-natural blinds, stands, platforms, and ladders on the exterior with the owner's name and address in letters that are 1 inch (2.5 cm) high. You may also use an attached metal tag with stamped or engraved lettering that is clearly visible.

6. We permanently close Refuge Area 1 to all hunting.

7. Refuge Area 2 is open to deer hunting during State archery, gun, and muzzleloader seasons, except for any October special Zone-T gun hunts.

8. Refuge Area 3 is open to deer hunting during the State regular gun, muzzleloader, and late archery seasons. Unarmed deer hunters may enter Area 3 to scout beginning the Saturday prior to the gun deer season.

9. We prohibit target or practice shooting.

10. You may utilize clothes pins marked with flagging or reflective material. We

## U.S. Fish and Wildlife Serv., Interior

## § 32.70

allow no other types of marking. You must clearly identify the owner's name and address on the clothes pin or the flagging itself. Hunters must remove all clothes pins by the last day of archery season.

11. Beginning the Saturday prior to the opening of the State regular gun deer season, you may use nonmotorized boats on Sprague-Goose Pools until freeze-up in order to access areas for deer hunting.

*D. Sport Fishing.* We allow fishing in designated waters of the refuge at designated times subject to the following conditions: We allow use of nonmotorized boats in Sprague-Goose Pools only when these pools are open to fishing. We allow motorized boats in Suk Cerney Pool.

### ST. CROIX WETLAND MANAGEMENT DISTRICT

*A. Migratory Game Bird Hunting.* We allow hunting of migratory game birds throughout the district except that you may not hunt on designated portions posted as closed of the St. Croix Prairie Waterfowl Production Area (WPA) in St. Croix County.

*B. Upland Game Hunting.* We allow hunting of upland game throughout the district except that you may not hunt on designated portions posted as closed of the St. Croix Prairie WPA in St. Croix County.

*C. Big Game Hunting.* We allow hunting of big game throughout the district except that you may not hunt on designated portions of the St. Croix Prairie Waterfowl Production Area in St. Croix County.

*D. Sport Fishing.* [Reserved]

### TREMPEALEAU NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of migratory game birds on designated areas of the refuge subject to the following condition: We require a refuge permit.

*B. Upland Game Hunting.* We allow hunting of upland game on designated areas of the refuge subject to the following condition: We require a refuge permit.

*C. Big Game Hunting.* We allow hunting of white-tailed deer on designated areas of the refuge subject to the following condition: We require a refuge permit.

*D. Sport Fishing.* We allow fishing on designated areas of the refuge subject to the following conditions:

1. We allow only hand-powered boats or boats with electric motors on the refuge.

2. You must remove ice fishing shelters from the refuge following each day's hunt.

3. We prohibit possessing archery or spearing equipment on refuge pools at any time. We allow taking rough fish by bow and arrow or spear only along the refuge boundary in the backwaters of the Trempealeau River, in accordance with State regulations.

### UPPER MISSISSIPPI RIVER NATIONAL WILDLIFE AND FISH REFUGE

Refer to 32.32 Illinois for regulations.

### SEEDSKADEE NATIONAL WILDLIFE REFUGE

*A. Migratory Game Bird Hunting.* We allow hunting of dark goose, duck, coot, merganser, dove, snipe, and rail on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. We prohibit hunting of migratory birds on the west side of the Green River between the south end of the Dunkle Unit and Highway 28. We post the boundary for this area with refuge signs stating "Area Closed to Migratory Bird Hunting".

2. We prohibit all hunting between Highway 28 and 0.8 miles (1.28 km) north of the refuge headquarters on the west side of the Green River. We post the boundary for this area with refuge signs stating "No Hunting Zone".

3. We open the refuge to the general public from ½ hour before legal sunrise to ½ hour after legal sunset. Waterfowl hunters may enter the refuge 1 hour before legal shooting hours to set up decoys and blinds.

4. Hunters must confine or leash dogs except when participating in a legal hunt (see § 26.21(b) of this chapter).

5. You must only use portable blinds or blinds constructed from dead and downed wood. We prohibit digging pit blinds.

6. You must remove portable blinds, tree stands, decoys, and other personal equipment (see § 27.93 of this chapter) from the refuge each day.

7. You must completely dismantle blinds constructed of dead and downed wood at the end of the waterfowl hunting season.

8. We only allow hunters to retrieve downed game from closed areas with consent from a refuge employee or State game warden.

9. You must unload and either case or dismantle all firearms (see § 27.42(b) of this chapter) when transporting them in a vehicle or boat under power.

*B. Upland Game Hunting.* We allow hunting of sage grouse, cottontail rabbit, jackrabbit, raccoon, fox, and skunk on designated areas of the refuge in accordance with State regulations subject to the following conditions:

1. Conditions A2, A8, and A9 apply.

2. We open the refuge to the general public from ½ hour before legal sunrise to ½ hour after legal sunset.

3. Hunters must confine or leash dogs (see § 26.21(b) of this chapter) except when participating in a legal hunt for sage grouse, cottontail rabbit, or jackrabbit.

4. When using shotguns or muzzleloaders, you may only possess approved nontoxic shot (see § 32.2(k)) while in the field.

*C. Big Game Hunting.* We allow hunting of antelope, mule deer, and moose on designated areas of the refuge in accordance

AUTHORITY: 16 U.S.C. 715s, as amended.

SOURCE: 44 FR 33073, June 8, 1979, unless otherwise noted.

#### § 34.1 Purpose.

The purpose of the regulations contained in this part is to prescribe the procedures for making payments in lieu of taxes to counties for areas administered by the Secretary through the U.S. Fish and Wildlife Service in accordance with the Revenue Sharing Act.

#### § 34.2 Authority.

(a) The Act of October 17, 1978, Pub. L. 95-469, amended the Act of June 15, 1935, as amended by the Act of August 30, 1964 (78 Stat. 701; 16 U.S.C. 715s), by revising the formula and extending the revenue sharing provisions to all fee and reserve areas that are administered solely or primarily by the Secretary through the U.S. Fish and Wildlife Service. Payments under this Act

may be used for any governmental purpose.

(b) Pursuant to title VI of the Civil Rights Act of 1964 (78 Stat. 252; 42 U.S.C. 2000d), and the regulations issued pursuant thereto, which are contained in 43 CFR part 17, counties must file an assurance with the Department, comply with the terms of the assurances, and comply with regulations contained in 43 CFR part 17 in order to continue to receive this Federal financial assistance.

#### § 34.3 Definitions.

(a) The term *fee area* means any area which was acquired in fee by the United States and is administered, either solely or primarily, by the Secretary through the Service.

(b) The term *reserve area* means any area of land withdrawn from the public domain and administered, either solely or primarily, by the Secretary through the Service. For the purpose of these regulations, reserve areas also include lands in Hawaii, the Commonwealth of Puerto Rico, Guam, and the Virgin Islands, which were initially administered by the United States through Act of Congress, Executive Order, Public Land Order or Proclamation of the President and administered, either solely or primarily, by the Secretary through the Service.

(c) The term *county* means any county, parish, organized or unorganized borough, township or municipality, or other unit of local government that is the primary collector for general purpose real property taxes where fee areas and/or reserve areas are located. For the purpose of sharing revenues, the Commonwealth of Puerto Rico, Guam, and the Virgin Islands shall each be treated as a county.

(d) The term *fund* means the revenues received by the Service from (1) the sale or disposition of animals, salmonoid carcasses and eggs, products of the soil (including, but not limited to, timber, hay, and grass), minerals, shells, sand, and gravel; (2) leases for public accommodations or facilities incidental to, but not in conflict with, the basic purpose of such areas; and (3) other privileges, including industrial leases at Crab Orchard National Wildlife Refuge, Illinois, as authorized by

#### § 34.4

#### 50 CFR Ch. I (10-1-06 Edition)

Section 8 of Pub. L. 95-616, approved October 27, 1978. The Service may pay from such fund any necessary expenses incurred in connection with the revenue producing and revenue sharing activity. The fund shall also include any appropriations authorized by the Act to make up any difference between the total amount of receipts after payments of expenses and the total amount of payments due the counties.

(e) The term *net receipts* means the amount of revenue collected by the Service from an area (including fee land and/or reserve land) after the deduction of necessary expenses incurred in producing the particular revenues.

(f) The term *fair market value* means the amount in terms of money for which in all probability a property would be sold if exposed for sale in the open market by a seller who is willing but not obligated to sell, allowing a reasonable time to find a buyer who is willing but not obligated to buy, both parties having full knowledge of all the uses to which the property is adapted, and for which it is capable of being used.

#### § 34.4 Eligibility of areas.

In order to receive payments under the Act, a county must qualify under the definition in § 34.3(c) of this part and there must be located within the county, areas of land owned in fee title by the United States and administered by the Secretary of the Interior through the Fish and Wildlife Service, including wildlife refuges, waterfowl production areas, wildlife ranges, wildlife management areas, fish hatcheries, research centers or stations, and administrative sites, and these areas must be solely or primarily administered by the Service. In addition to this Act, reserve areas administered solely or primarily by the Service are entitlement lands under section 6(a) of the Act of October 29, 1976 (Pub. L. 94-565, 31 U.S.C. 1601-1607), for which regulations are published in title 43, part 1880, Code of Federal Regulations.

#### § 34.5 Distribution of revenues.

The Act provides that the Secretary, at the end of each fiscal year, shall pay to each county out of the fund:

(a) For reserve areas, an amount equal to 25 per centum of the net receipts, collected by the Secretary in connection with the operation and management of such area, provided that when any such area is situated in more than one county, the distributive share to each from the aforesaid receipts shall be proportional to its acreage of such reserve area.

(b) For fee areas, whichever of the following is greater:

(1) An amount equal to 75¢ per acre for the total acreage of the fee area located within such county.

(2) An amount equal to three-fourths of one per centum of the fair market value, as determined by the Secretary, of that portion of the fee area (excluding any improvements thereto made after the date of Federal acquisition) which is located within such county. For those areas of fee land within the National Wildlife Refuge System as of September 30, 1977, the amount of payment based on fair market value will not be less than the amount paid on the adjusted cost basis as in effect at that time. Actual cost, or appraised value in case of donation, will be used for lands acquired during fiscal year 1978. For those areas of fee lands added to lands administered by the Service after September 30, 1978, by purchase, donation, or otherwise, fair market value shall be determined by appraisal as of the date said areas are administered by the Service.

(3) An amount equal to 25 per centum of the net receipts collected by the Secretary in connection with the operation and management of such fee area during such fiscal year; but if a fee area is located in two or more counties, the amount each such county is entitled to shall be the amount which bears to such 25 per centum, the same ratio as that portion of the fee area acreage which is within such county bears to the total acreage of such fee area.

(c) In accordance with section 5(A) of the act, each county which receives a payment under paragraphs (a) and (b) of this section, with respect to any fee area or reserve area, shall distribute that payment to those units of local government which have incurred the loss or reduction of real property tax revenues because of the existence of

**U.S. Fish and Wildlife Serv., Interior**

**§ 34.7**

such area in accordance with the following guidelines.

The local units of government entitled to this distribution will be those such as, but not limited to, cities, towns, townships, school districts, and the county itself in appropriate cases, which levy and collect real property taxes separately from the county or other primary taxing authority or those for which a tax is separately stated on a consolidated tax bill of the primary taxing authority in areas wherein eligible lands are located. The amount of distribution or passthrough to which each unit of local government shall be entitled shall be in the same proportion as its current tax loss bears to the current whole tax loss.

This proportion may be determined; from representative tax bills for the area; by construction by using assessments and millage rates; or by other suitable methods to achieve an equitable result. An example using the representative tax bill method is:

**TYPICAL TAX BILL FOR THE AREA**

County .....	\$80 or 80%
School District .....	20 or 20%
<hr/>	
Total .....	\$100 or 100%

The county would receive the total payment, keep 80 percent and pass through 20 percent to the school district. An example using the construction method is:

**FOR A TYPICAL ACRE**

Assessed value—			
\$100×80 mills County .....	\$8	80%	
\$100×20 mills School District .....	\$2	20%	
<hr/>			
Total .....	\$10	100%	

Here again, the county would receive the total payment, keep 80 percent and pass through 20 percent to the school district.

Counties shall distribute the payment to eligible local units of government within 90 days from receipt of the payment. In the event a county cannot make the required distribution for reasons of State or local law, or otherwise, the Service will make the payments directly to local units of government upon return of the check and information upon which to make the payments.

(d) Each county which receives a payment under these regulations shall maintain a record for a period of three

years as to how the payment was distributed to units of local government under paragraph (c) of this section. The record shall be available for inspection by the regional director, should a dispute arise as to the distribution of payments. See §29.21-2(c) for a listing of the regional directors of the Service.

**§ 34.6 Schedule of appraisals.**

The Secretary shall make fair market value appraisals of areas administered by the Service within five years after October 17, 1978, beginning with areas established earliest. All areas for which payments were not authorized prior to fiscal year 1979 (i.e.; fish hatcheries, administrative sites, and research stations) shall be included in the areas appraised during the first fiscal year. Once appraised, areas shall be reappraised on a schedule of at least once every five years. Until areas are appraised, the fair market value for the purposes of this regulation shall be the adjusted cost as of September 30, 1978, except that fee lands added to such areas after that date shall be on the basis of fair market value.

**§ 34.7 Fair market value appraisals.**

Fee areas administered by the Service will be appraised in accordance with standard appraisal procedures in order to estimate the fair market value of each area as a whole. The evaluation will be premised on an appropriate determination of highest and best use in accordance with existing or potential zoning, the present condition of the land and the general economic situation in the vicinity. Standard appraisal techniques will involve a market data comparison of these areas with similar properties which have sold recently in the local market. These techniques may also include consideration of potential income and development of the cost approach for special use properties having limited marketability. An appropriate evaluation of these areas will also take into consideration a discount for size as recognized by the market for large properties where applicable. The appraisals will be accomplished by the regional director, using Service staff appraisers or private appraisers contracted by the Service.

### § 34.8

The Act requires that improvements placed upon the land after the date of Federal Acquisition be excluded from the fair market value. The only structures that will be included in the appraisal are those that were present at the time of Federal acquisition and have not been the subject of substantial renovation or modification with Federal funds. Evaluation of improvements will be based on their contributory value to the area as determined by the highest and best use study. Lands occupied by improvements not subject to appraisal will be valued as though unimproved.

The appraisals will be reviewed by the Service's review appraisers and the determination of the regional director as to fair market value shall be final and conclusive and shall be the basis for computation of revenue sharing payments.

### § 34.8 Appropriations authorized.

The Act authorizes appropriations to the fund for any fiscal year when the aggregate amount of payments required to be made exceeds the net receipts in the fund.

### § 34.9 Protests.

(a) Computation of payments shall be based on Federal records concerning land, real property improvements, and accounting of net receipts from areas administered solely or primarily by the Service.

(b) Any affected county may protest the results of the computations of its payments to the regional director in charge of the State and county affected. See §29.21-2(c) for a listing of the regional directors of the Service.

(c) Any protesting county shall submit sufficient evidence to show error in the computation or the data from which the computations are made.

(d) All protests to the regional director shall be filed within 90 days from the date of receipt of the payment.

(e) The regional director shall consult with the affected county to resolve conflicts in the computations and/or data. The regional director shall make a determination as to the correct payment, which determination shall be final and conclusive.

#### Subpart A—General Rules

### § 35.1 Definitions.

As used in the rules and regulations in this subchapter:

*National Wildlife Refuge System* means all lands, waters, and interests therein administered by the U.S. Fish and Wildlife Service as national wildlife refuges, wildlife ranges, game ranges, wildlife management areas, waterfowl production areas, and areas for the protection and conservation of fish and wildlife which are threatened with extinction.

*National Wilderness Preservation System* means the units designated as wilderness by the Congress under the provisions of the Wilderness Act (supra).

*Wilderness Units* shall mean areas in the National Wildlife Refuge System that have been designated by Act of Congress as units of the National Wilderness Preservation System.

*Secretary* means the Secretary of the Interior.

## U.S. Fish and Wildlife Serv., Interior

## § 35.6

*Director* means the Director of the U.S. Fish and Wildlife Service.

### § 35.2 Objectives.

(a) Units of the National Wildlife Refuge System have been established by divers legal means and are administered for a variety of wildlife program purposes. The establishment of each wilderness unit is within and supplemental to the purposes for which a specific unit of the National Wildlife Refuge System was established and is administered. Each wilderness shall be administered for such other purposes for which the national wildlife refuge was established and shall be also administered to preserve its wilderness character.

(b) Except as otherwise provided by law, wilderness areas shall be devoted to the public purposes of recreational, scenic, scientific, educational, conservation, and historical use and shall be administered in such a manner as will leave them unimpaired for future use and enjoyment as wilderness.

### § 35.3 General regulations.

Rules and regulations governing administration of the National Wildlife Refuge System will apply to wilderness units where said rules and regulations do not conflict with provisions of the Wilderness Act or Act of Congress which establishes the wilderness unit.

### § 35.4 Appropriations and personnel.

No appropriation shall be made available for the payment of expenses or salaries for the administration of a wilderness unit as a separate entity nor shall any appropriation be made available for additional personnel solely for the purpose of managing or administering areas because they are included within the National Wilderness Preservation System.

### § 35.5 Commercial enterprises, roads, motor vehicles, motorized equipment, motorboats, aircraft, mechanical transport, structures, and installations.

Except as specifically provided and subject to existing private rights, there shall be no commercial enterprise and no permanent road within a wilderness unit, and except as necessary to meet

minimum requirements for the administration of the area (including measures required in emergencies involving the health and safety of persons within the area), there shall be no temporary road, no use of motor vehicles, motorized equipment or motorboats, no landing of aircraft, no other form of mechanized transport, and no structure or installation within any such area.

(a) The Director may authorize occupancy and use of a national wildlife refuge by officers, employees, agencies, and agents of Federal, State, and county governments to carry out the purposes of the Wilderness Act and the Act establishing the wilderness and will prescribe conditions under which motorized equipment, mechanical transport, aircraft, motorboats, installations, or structures may be used to meet the minimum requirements for authorized activities to protect and administer the wilderness. The Director may also prescribe the conditions under which such equipment, transport, aircraft, installations, or structures may be used in emergencies involving the health and safety of persons, damage to property, violations of civil and criminal law, or other purposes.

(b) The Director may permit, subject to such restrictions as he deems desirable, the landing of aircraft and the use of motorized equipment at places within a wilderness where such uses were established prior to the date the wilderness was designated by Act of Congress as a unit of the National Wilderness Preservation System.

### § 35.6 Public use.

Public uses of a wilderness unit will be in accordance with the purposes for which the individual national wildlife refuge was established and is administered and laws and regulations governing public uses within the National Wildlife Refuge System.

(a) When public uses are authorized within a wilderness unit, the Refuge Manager may regulate such use. Regulating will include limiting the numbers of persons allowed in the wilderness at a given time, imposing restrictions on time, seasons, kinds and location of public uses, requiring a permit

## § 35.7

or reservation to visit the area, and similar actions.

(b) All persons entering a wilderness unit will be required to remove such materials as they carry in.

(c) Informational signs for the convenience of visitors will not be permitted in a wilderness unit; however, rustic directional signs for visitor safety may be installed in locations appropriate to a wilderness setting.

(d) Limited public use facilities and improvements may be provided as necessary for the protection of the refuge and wilderness and for public safety. Facilities and improvements will not be provided for the comfort and convenience of wilderness visitors.

(e) Public services and temporary structures generally offered by packers, outfitters, and guides for realizing the recreational or other wilderness purposes of a wilderness may be permitted. Temporary installations and structures which existed for these subsistence purposes under valid special use permit or easement when the wilderness was established may be continued if their use is necessary to administer the refuge for the purposes for which it was established and for wilderness purposes. The number, nature, and extent of such temporary structures and services will be controlled through regulations and special use permits issued by the Refuge Manager so as to provide maximum protection of wilderness resources and values.

(f) Hunting and fishing in a refuge wilderness will be in accordance with Federal and State regulations including special regulations for the specific wildlife refuge. Hunting or fishing which requires motorized equipment will not be permitted except as provided in §35.5(a) and (b).

### **§ 35.7 Control of wildfires, insects, pest plants, and disease.**

To the extent necessary, the Director shall prescribe measures to control wildfires, insects, pest plants, and disease to prevent unacceptable loss of wilderness resources and values, loss of life, and damage to property.

### **§ 35.8 Forest management.**

Forest management activities in a wilderness unit will be directed toward

## 50 CFR Ch. I (10-1-06 Edition)

allowing natural ecological processes to operate freely. Commercial harvesting of timber shall not be permitted except where necessary to control attacks of insects or disease as prescribed in §35.7.

### **§ 35.9 Livestock grazing.**

(a) The grazing of livestock, where established prior to the date of legislation which designates a wilderness unit, may be permitted to continue subject to part 29 of this subchapter and in accordance with special provisions which may be prescribed for individual units. Numbers of permitted livestock will not be more liberal than those utilizing a wilderness prior to establishment and may be more restrictive.

(b) The Director may permit, subject to such conditions as he deems necessary, the maintenance, reconstruction or relocation of only those livestock management improvements and structures which existed within a wilderness unit when it was incorporated into the National Wilderness Preservation System.

### **§ 35.10 Controlled burning.**

Controlled burning will be permitted on wilderness units when such burning will contribute to the maintenance of the wilderness resource and values in the unit; however, any fire in a wilderness area that poses a threat to resources or facilities outside the unit will be controlled and extinguished.

[36 FR 25426, Dec. 31, 1971, as amended at 37 FR 12067, June 17, 1972]

### **§ 35.11 Scientific uses.**

Recognizing the scientific value of wilderness, research data gathering and similar scientific uses will be encouraged providing that wilderness values are not impaired. The person or agency involved in scientific investigation must be willing to accept reasonable limitations on activities and location and size of the area to be used for research purposes. A special use permit authorizing scientific uses shall be required.

**§ 35.12 Water rights.**

Nothing in the regulations in this part constitutes an expressed or implied claim or denial on the part of the Department of the Interior as to exemption from State water laws.

**§ 35.13 Access to State and private lands.**

Rights of States or persons and their successors in interest, whose land is surrounded by a wilderness unit, will be recognized to assure adequate access to that land. Adequate access is defined as the combination of modes and routes of travel which will best preserve the wilderness character of the landscape. Mode of travel designated shall be reasonable and consistent with accepted, conventional, contemporary modes of travel in said vicinity. Use will be consistent with reasonable purposes for which such land is held. The Director will issue such permits as are necessary for access, designating the means and route of travel for ingress and egress so as to preserve the wilderness character of the area.

[36 FR 25426, Dec. 31, 1971; 37 FR 1049, Jan. 22, 1972]

**§ 35.14 Special regulations.**

(a) Special regulations will be issued by the Director for individual wilderness units within the National Wildlife Refuge System as established by Public Law. These special regulations will supplement the provisions of this part.

(b) Special regulations may contain administrative and public uses as recognized in the:

(1) Legislative Record of the establishing Act.

(2) Committee Reports of the Congress.

(3) Departmental and Executive Reports to the Congress.

(4) Other provisions.

(c) Such special regulations shall be published in subpart B of this part after a wilderness has been established by Public Law and shall become effective upon publication in the FEDERAL REGISTER (12-31-71).

### Subpart A—Introduction and General Provisions

#### § 36.1 How do the regulations in this part apply to me and what do they cover?

(a) The regulations contained in this part are prescribed for the proper use and management of all Alaska National Wildlife Refuges and supplement the general National Wildlife Refuge System regulations found in title 50 CFR chapter I, subchapter C. The general National Wildlife Refuge System regulations are automatically applicable in their entirety to the Alaska National Wildlife Refuges except as supplemented or modified by these regulations or amended by ANILCA.

(b) Except as provided in paragraph (c) of this section, the regulations contained in this part are applicable only on federally-owned lands within the boundaries of any Alaska National Wildlife Refuge. For purposes of this part, “federally-owned lands” means land interests held or retained by the United States, but does not include those land interests:

(1) Tentatively approved, legislatively conveyed, or patented to the State of Alaska; or

(2) Interim conveyed or patented to a Native Corporation or person.

(c) The regulations found in 50 CFR, parts 25, 26, 27, and 28, and §§ 32.2(d) and 32.5(c), except as supplemented or modified by this part or amended by ANILCA, along with the regulations found in 50 CFR 36.35(d), also are applicable to administrative and visitor facility sites of the Fish and Wildlife Service in Alaska which we may hold in fee or less than fee title and are either inside or outside the approved boundaries of any Alaska National Wildlife Refuge. Less than fee title lands do not include easements under Section 17(b) of the Alaska Native Claims Settlement Act (85 Stat. 688), but although not limited to, they include sites administered by a national wildlife refuge under the terms of a memorandum of understanding or lease agreement.

[46 FR 31827, June 17, 1981, as amended at 64 FR 14151, Mar. 24, 1999]

#### § 36.2 What do these terms mean?

The following definitions shall apply to the regulations contained in this part.

*Adequate and feasible access* means a reasonable method and route of pedestrian or vehicular transportation which is economically practicable for achieving the use or development desired by the applicant on his/her non-federal land or occupancy interest, but does not necessarily mean the least costly alternative.

*Adequate snow cover* means snow of sufficient depth to protect the underlying vegetation and soil.

*Administrative and visitor facility sites* means any facility or site administered by the U.S. Fish and Wildlife Service for public entry or other administrative purposes including, but not limited to, refuge staff offices, visitor centers, public access and parking sites, and campgrounds.

*Aircraft* means a machine or device that is used or intended to be used to carry persons or objects in flight through the air, including but not limited to, airplanes, helicopters and gliders.

*Alaska National Wildlife Refuges* means all lands, waters and interests therein administered by the U.S. Fish and Wildlife Service within the following National Wildlife Refuges in Alaska: Alaska Maritime, Arctic, Alaska Peninsula, Becharof, Innoko, Kanuti, Kenai, Kodiak, Koyukuk, Nowitna, Selawik, Tetlin, Izembek, Togiak, Yukon Delta and Yukon Flats.

*ANILCA* means the Alaska National Interest Lands Conservation Act, 94 Stat 237, Pub. L. 96-487 (December 2, 1980).

*Downed aircraft* means an aircraft that as a result of mechanical failure or accident cannot take off.

*Fish and wildlife* means any member of the animal kingdom, including without limitation any mammal, fish, bird (including any migratory, non-migratory, or endangered bird for which protection is also afforded by treaty or other international agreement), amphibian, reptile, mollusk, crustacean, arthropod, or other invertebrate, and includes any part, product, egg, or offspring thereof, or dead body or part thereof.

*Off-road vehicle* means any motor vehicle designed for or capable of cross-country travel on or immediately over land, water, sand, snow, ice, marsh, wetland, or other natural terrain, except snowmobiles as defined in this section. It includes, but is not limited to, four-wheel drive or low-pressure-tire vehicles, motorcycles and related two-, three-, or four-wheel vehicles, amphibious machines, ground-effect or air-cushion vehicles, air-thrust boats, recreation vehicle campers, and any other means of transportation deriving motive power from any source other than muscle or wind.

*Person* means any individual, firm, corporation, society, association, partnership, or other private or public body.

*Public lands* means lands situated in Alaska which are federally owned lands, except:

(1) Land selections of the State of Alaska which have been tentatively approved or validly selected under the Alaska Statehood Act (72 Stat. 339) and lands which have been confirmed to, validly selected by, or granted to the Territory of Alaska or the State under any other provision of Federal law;

(2) Land selections of a Native Corporation made under the Alaska Native Claims Settlement Act (85 Stat. 688) which have not been conveyed to a Native Corporation, unless any such selection is determined to be invalid or is relinquished; and

(3) Lands referred to in section 19(b) of the Alaska Native Claims Settlement Act.

*Refuge Manager* means any Fish and Wildlife Service official in charge of an Alaska National Wildlife Refuge, the Alaska Regional Director of the Fish and Wildlife Service, or an authorized representative of either.

*Snowmachine* or *snowmobile* means a self-propelled vehicle intended for off-road travel primarily on snow having a curb weight of not more than 1,000 pounds (450 kg), driven by track or tracks in contact with the snow and steered by a ski or skis in contact with the snow.

*Subsistence uses* means the customary and traditional uses by rural Alaska residents of wild, renewable resources for direct personal or family consump-

tion as food, shelter, fuel, clothing, tools, or transportation; for the making and selling of handicraft articles out of nonedible byproducts of fish and wildlife resources taken for personal or family consumption; for barter or sharing for personal or family consumption; and, for customary trade. For purpose of this paragraph, the term:

(1) *Family* means all persons related by blood, marriage, or adoption, or any person living within the household on a permanent basis; and

(2) *Barter* means the exchange of fish or wildlife or their parts taken for subsistence uses:

(i) For other fish or game of their parts; or

(ii) For other food or for nonedible items other than money if the exchange is of a limited and noncommercial nature; and

(3) *Customary trade* shall be limited to the exchange of furs for cash, and such other activities, if any, as may be designated in special rules for Alaska National Wildlife Refuges.

*Take* or *taking*, as used with respect to fish and wildlife, means to pursue, hunt, shoot, trap, net, capture, collect, kill, harm or attempt to engage in any such conduct.

*Temporary* means a continuous period of time not to exceed 12 months, except as specifically provided otherwise.

[46 FR 31827, June 17, 1981, as amended at 51 FR 44793, Dec. 12, 1986; 64 FR 14151, Mar. 24, 1999]

### § 36.3 Information collection.

The information collection requirements contained in this part have been approved by the Office of Management and Budget under 44 U.S.C. *et seq.* and assigned clearance number 1018-0014. The collected information will assist the Service in administering these programs and, particularly, in the issuance of permits and the granting of statutory or administrative benefits. The information requested in the application form is required to obtain a benefit. The public reporting burden for this collection of information is estimated to average 1.5 hours each for 150 non-competitively awarded permits and 31.66 hours each for 60 competitively awarded permits including the time for reviewing instructions,

## § 36.11

searching existing data sources, gathering and maintaining data needed, and completing and reviewing the collection of information. The estimated annual number of respondents is 210, yielding a total annual reporting and record keeping burden of 2125 hours. Comments and suggestions on the burden estimate or any other aspect of the form should be sent directly to the Office of Information and Regulatory Affairs; Office of Management and Budget; Attention: Interior Desk Officer; Washington, DC 20503; and a copy of the comments should be sent to the Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 224-ARLSQ; 1849 C Street, NW., Washington, DC 20240.

[62 FR 45340, Aug. 27, 1997]

### Subpart B—Subsistence Uses

#### § 36.11 Purpose and policy.

(a) Consistent with the management of fish and wildlife in accordance with recognized scientific principles and the purposes for which each Alaska National Wildlife Refuge was established, designated, or expanded by ANILCA, the purpose of this subpart is to provide the opportunity for local rural residents engaged in a subsistence way of life to do so pursuant to applicable State and Federal law.

(b) Consistent with sound management principles and the conservation of healthy populations of fish and wildlife, the utilization of Alaska National Wildlife Refuges is to cause the least adverse impact possible on local rural residents who depend upon subsistence uses of the resources of the public lands in Alaska.

(c) Nonwasteful subsistence uses of fish, wildlife and other renewable resources by local rural residents shall be the priority consumptive uses of such resources over any other consumptive uses permitted within Alaska National Wildlife Refuge areas.

(d) The State of Alaska is authorized to regulate the taking of fish and wildlife for subsistence uses within Alaska National Wildlife Refuges to the extent such regulation is consistent with applicable Federal Law, including but not limited to ANILCA.

## 50 CFR Ch. I (10–1–06 Edition)

(e) Nothing in this subpart shall be construed as permitting the level of subsistence uses of fish and wildlife within Alaska National Wildlife Refuges to be inconsistent with the conservation of healthy populations of fish and wildlife.

#### § 36.12 Use of snowmobiles, motorboats, dog teams and other means of surface transportation traditionally employed by local rural residents engaged in subsistence uses.

(a) Notwithstanding any other provision of subchapter C of title 50 CFR the use of snowmobiles, motorboats, dog teams and other means of surface transportation traditionally employed by local rural residents engaged in subsistence uses is permitted within Alaska National Wildlife Refuges except at those times and in those areas restricted or closed by the Refuge Manager.

(b) The Refuge Manager may restrict or close a route or area to the use of snowmobiles, motorboats, dog teams or other means of surface transportation traditionally employed by local rural residents engaged in subsistence uses if the Refuge Manager determines that such use is causing or is likely to cause an adverse impact on public health and safety, resource protection, protection of historic or scientific values, subsistence uses, conservation of endangered or threatened species, or other purposes and values for which the refuge was established.

(c) No restrictions or closures shall be imposed without notice and a public hearing in the affected vicinity and other locations as appropriate. In the case of emergency situations, restrictions or closures shall not exceed sixty (60) days and shall not be extended unless the Refuge Manager establishes, after notice and public hearing in the affected vicinity and other locations as appropriate, that such extension is justified according to the factors set forth in paragraph (b) of this section. Notice of the proposed or emergency restrictions or closures and the reasons therefor shall be published in at least one newspaper of general circulation within the State and in at least one local newspaper if available, and information about such proposed or emergency actions shall also be made available for

broadcast on local radio stations in a manner reasonably calculated to inform local rural residents in the affected vicinity. All restrictions and closures shall be designated on a map which shall be available for public inspection at the office of the Refuge Manager of the affected refuge and the post office or postal authority of every affected community within or near the refuge area, or by the posting of signs in the vicinity of the restrictions or closures, or both.

(d) Snowmobiles, motorboats, dog teams and other means of surface transportation traditionally employed by local rural residents engaged in subsistence uses shall be operated (1) in compliance with applicable State and Federal law, (2) in such a manner as to prevent waste or damage to the refuge, and (3) in such a manner as to prevent the herding, harassment, hazing or driving of wildlife for hunting or other purposes.

(e) At all times when not engaged in subsistence uses, local rural residents may use snowmobiles, motorboats, dog teams and other means of surface transportation in accordance with subpart C of this part.

#### § 36.13 Subsistence fishing.

Fish may be taken by local rural residents for subsistence uses in compliance with applicable State and Federal law. To the extent consistent with the provisions of this part and other Federal law, applicable State laws and regulations governing the taking of fish which are now or will hereafter be in effect are hereby incorporated by reference as a part of these regulations.

#### § 36.14 Subsistence hunting and trapping.

Local rural residents may hunt and trap wildlife for subsistence uses in Alaska National Wildlife Refuges in compliance with applicable State and Federal laws. To the extent consistent with the provisions of this part and other Federal law, applicable State laws and regulations governing the taking of wildlife which are now or will hereafter be in effect are hereby incorporated by reference as a part of these regulations.

#### § 36.15 Subsistence uses of timber and plant material.

(a) Notwithstanding any other provision of this part, the noncommercial cutting of live standing timber by local rural residents for appropriate subsistence uses, such as firewood or house logs, may be permitted in Alaska National Wildlife Refuges as follows:

(1) For live standing timber greater than six inches diameter at breast height (4½ feet above ground level), the Refuge Manager may allow cutting in accordance with the specifications of a special use permit if such cutting is determined to be compatible with the purposes for which the refuge was established;

(2) For live standing timber between three and six inches diameter at breast height, cutting is allowed on the Arctic National Wildlife Refuge south of latitude 68 degrees North and on the Innoko, Kanuti, Koyukuk, Nowitna, Selawik, Tetlin, and Yukon Flats National Wildlife Refuges unless restricted by the Refuge Manager, except that no more than 20 trees may be cut annually by an individual without a special use permit, no cutting may be done within 50 feet of a stream, lake, or river and no more than one tree in five (20%) may be cut in any specific stand; on the remainder of the Arctic National Wildlife Refuge and on all other Alaska National Wildlife Refuges, the Refuge Manager may allow cutting in accordance with the specifications of a special use permit if such cutting is determined to be compatible with the purposes for which the refuge was established;

(3) For live standing timber less than three inches diameter at breast height, cutting is allowed unless restricted by the Refuge Manager.

(b) The noncommercial gathering by local rural residents of fruits, berries, mushrooms, and other plant materials for subsistence uses, and the noncommercial gathering of dead or downed timber for firewood, shall be allowed without a permit.

(c)(1) Notwithstanding any other provision of this part, the Refuge Manager, after notice and public hearing in the affected vicinity and other locations as appropriate, may temporarily close all or any portion of an Alaska

**§ 36.16**

National Wildlife Refuge to subsistence uses of a particular plant population only if necessary for reasons of public safety, administration, or to assure the continued viability of such population. For purposes of this section, the term “temporary” shall mean only as long as reasonably necessary to achieve the purpose of the closure.

(2) If the Refuge Manager determines that an emergency situation exists and that extraordinary measures must be taken for public safety or to assure the continued viability of a particular plant population, the Refuge Manager may immediately close all or any portion of an Alaska National Wildlife Refuge to the subsistence uses of such population. Such emergency closure shall be effective when made, shall be for a period not to exceed sixty (60) days, and may not subsequently be extended unless the Refuge Manager establishes, after notice and public hearing in the affected vicinity and other locations as appropriate, that such closure should be extended.

(3) Notice of administrative actions taken pursuant to this section, and the reasons justifying such actions, shall be published in at least one newspaper of general circulation within the State and in at least one local newspaper if available, and information about such actions and reasons therefor also shall be made available for broadcast on local radio stations in a manner reasonably calculated to inform local rural residents in the affected vicinity. All closures shall be designated on a map which shall be available for public inspection at the office of the Refuge Manager of the affected refuge and the post office or postal authority of every affected community within or near the refuge, or by the posting of signs in the vicinity of the restrictions, or both.

[46 FR 31827, June 17, 1981, as amended at 51 FR 44793, Dec. 12, 1986]

**§ 36.16 Closure to subsistence uses of fish and wildlife.**

(a) Notwithstanding any other provision of this part, the Refuge Manager, after consultation with the State and adequate notice and public hearing in the affected vicinity and other locations as appropriate, may temporarily close all or any portion of an Alaska

**50 CFR Ch. I (10–1–06 Edition)**

National Wildlife Refuge to subsistence uses of a particular fish or wildlife population only if necessary for reasons of public safety, administration, or to assure the continued viability of such population. For the purposes of this section, the term “temporarily” shall mean only so long as reasonably necessary to achieve the purpose of the closure.

(b) If the Refuge Manager determines that an emergency situation exists and that extraordinary measures must be taken for public safety or to assure the continued viability of a particular fish or wildlife population, he may immediately close all or any portion of a refuge to the subsistence uses of such population. Such emergency closure shall be effective when made, shall not exceed sixty (60) days, and may not subsequently be extended unless the Refuge Manager establishes, after notice and public hearing in the affected vicinity and other locations as appropriate, that such closure should be extended.

(c) Notice of administrative actions taken pursuant to this section and the reasons justifying such actions shall be published in at least one newspaper of general circulation within the State and in at least one local newspaper if available, and information about such actions and justifying reasons shall be made available for broadcast on local radio stations in a manner reasonably calculated to inform local rural residents in the affected vicinity. All closures shall be designated on a map which shall be available for public inspection at the office of the Refuge Manager of the affected refuge area and the post office or postal authority of every affected community within or near the refuge area, or by the posting of signs in the vicinity of the closures, or both.

**Subpart C [Reserved]**

**Subpart D—Other Refuge Uses**

**§ 36.31 Recreational activities.**

(a) Public recreational activities within the Alaska National Wildlife Refuges are authorized as long as such activities are conducted in a manner compatible with the purposes for which

the areas were established. Such recreational activities include, but are not limited to, sightseeing, nature observation and photography, sport hunting, sport fishing, boating, camping, hiking, picnicking and other related activities. Any existing special regulations now in force and effect shall continue to apply to the applicable refuge lands in Alaska National Wildlife Refuges.

(b) Surface collection, by hand (including handheld gold pans) and for personal recreational use only, of rocks and minerals is authorized; *Provided however*, That (1) collection of silver, platinum, gemstones and fossils is prohibited, and (2) collection methods which may result in disturbance of ground surface, such as the use of shovels, pickaxes, sluice boxes and dredges, are prohibited. The recreation activities specified in paragraphs (a) and (b) of this section may be prohibited or otherwise restricted in accordance with the provisions of §36.42.

#### §36.32 Taking of fish and wildlife.

(a) The taking of fish and wildlife for sport hunting, trapping and sport fishing is authorized in accordance with applicable State and Federal law and such laws are hereby adopted and made a part of these regulations; *Provided however*, That the Refuge Manager, pursuant to §36.42, may designate areas where, and establish periods when, no taking of a particular population of fish or wildlife shall be permitted.

(b) The exercise of valid commercial fishing rights or privileges obtained pursuant to existing law, including any use of refuge areas for campsites, cabins, motorized vehicles and aircraft landing directly incident to the exercise of such rights or privileges, is authorized; *Provided, however*, That the Refuge Manager may restrict or prohibit the exercise of these rights or privileges or uses of federally owned lands directly incident to such exercise if he determines, after conducting a public hearing in the affected locality, that they are inconsistent with the purposes of the refuge and that they constitute a significant expansion of commercial fishing activities within such refuge beyond the level of such activities in 1979.

(c) The following provisions shall apply to any person while engaged in the taking of fish and wildlife within an Alaska National Wildlife Refuge:

(1) *Trapping and sport hunting.* (i) Each person shall secure and possess all required State licenses and shall comply with the applicable provisions of State law unless further restricted by Federal law;

(ii) Each person shall comply with the applicable provisions of Federal law;

(iii) In addition to the requirements of paragraphs (a) and (b) of this section, each person shall continue to secure a trapping permit from the appropriate Refuge Manager prior to trapping on the Kenai, Izembek and Kodiak Refuges and the Aleutian Islands Unit of the Alaska Maritime Refuge.

(iv) It shall be unlawful for a person having been airborne to use a firearm or any other weapon to take or assist in taking a wolf or wolverine until after 3:00 a.m. on the day following the day in which the flying occurred, except that a trapper may use a firearm or any other weapon to dispatch a legally caught wolf or wolverine in a trap or snare on the same day in which the flying occurred. This prohibition does not apply to flights on regularly scheduled commercial airlines between regularly maintained public airports.

(2) *Sport and commercial fishing.* (i) Each person shall secure and possess all required State licenses and shall comply with the applicable provisions of State law unless further restricted by Federal law;

(ii) Each person shall comply with the applicable provisions of Federal law.

(d) Nothing in this section shall apply to the taking of fish and wildlife for subsistence uses.

(e) Nothing in these rules shall be interpreted as waiving the requirements of other fish and wildlife conservation statutes such as the Airborne Hunting Act or those provisions of subchapter C of title 50 CFR regarding the taking of depredating wildlife. Animal control programs shall only be conducted in accordance with a special use permit issued by the Refuge Manager.

[46 FR 31827, June 17, 1981, as amended at 59 FR 39412, Aug. 2, 1994]

**§ 36.33 What do I need to know about using cabins and related structures on Alaska National Wildlife Refuges?**

(a) *Definitions.* As used in this section, the term:

*Administrative cabin* shall mean any cabin only used by refuge or other authorized personnel for the administration of the refuge.

*Cabin* shall mean a small, usually single-story, three or more sided structure that is permanently and completely enclosed with a roof and walls. The roof and walls are not fabric, cannot be easily disassembled, and are not removed seasonally.

*Commercial cabin* shall mean any cabin which is used in association with a commercial operation including but not limited to commercial fishing activities and recreational guiding services.

*Existing cabin* shall mean any cabin situated on Federal lands before December 2, 1980. A cabin legally situated on lands that subsequently become refuge will also be considered an “existing” cabin providing the applicant meets the appropriate application deadlines.

*Family* shall include the spouse (including what is known as a common-law relationship), children by birth or adoption, and other blood relatives within the second degree of kindred.

*Guest* shall mean a person who occasionally visits the permittee in the cabin. This term does not include clients using commercial cabins.

*Immediate family* shall include the spouse and children, either by birth or adoption, of the claimant residing in the cabin or structure.

*New cabin* shall mean any permitted cabin constructed on refuge lands after December 2, 1980. This may also include a cabin whose claimant failed to meet the application deadline for existing cabins but is otherwise a permitted cabin.

*Other related structures* shall mean those structures or devices essential to the activities for which the cabin special use permit is issued. This includes but is not limited to outdoor toilets, food caches, storage sheds, and fish drying racks.

*Private recreational use* shall mean a use associated with leisure activities, not including bona fide subsistence uses or authorized commercial uses.

*Public use cabin* shall mean a cabin owned and administered by the Fish and Wildlife Service and available for use by the public.

(b) *All cabins.* The regulations in this paragraph (b) shall apply to all cabins, claimants, occupants, and guests. The regulations in this paragraph (b) do not apply to temporary facilities: any structure or man-made improvement which can readily be completely dismantled and removed from the site when the period of authorized use is terminated.

(1) A special use permit is required to construct, use and/or occupy a cabin on Fish and Wildlife Service lands within the refuge. The permit may also authorize the use of related structures and other necessary appurtenances.

(2) After adequate public notice has been given, unclaimed cabins become the property of the Federal Government. Adequate public notice shall include: Posting notices of trespass on unclaimed cabins; publication of notices of trespass in Anchorage and Fairbanks newspapers and in at least one local newspaper if available; and posting notices of trespass at appropriate community post offices. A Government-owned cabin may be used for refuge administration, used for emergency purposes by the public, permitted to another applicant, designated a public use cabin, or destroyed. Disposal of excess cabins and structures will be according to regulations pursuant to title 41, chapter 114 of the Code of Federal Regulations.

(3) Willful noncompliance with the conditions and stipulations of a special use permit shall be considered grounds to invoke the administrative process leading to notice and hearing, and possible revocation of the permit. The refuge manager will attempt to resolve problems of noncompliance with the permittee as soon as possible after the situation becomes known. If this effort fails, the refuge manager shall provide written notice to the permittee within 30 days of that date, informing the permittee of noncompliance, giving specific instructions for compliance and

providing appropriate time for the permittee to comply.

(4) No special use permit will be issued for the construction of a cabin for private recreational use or for the private recreational use of an existing cabin.

(5) Guests are allowed to occupy a cabin only during the activity period identified on the special use permit. Guests occupying a cabin during the absence of the permittee shall obtain a letter of authorization from the permittee. The guest must have a copy of the letter in his/her possession. In commercial cabins, the permittee or another person listed on the permit must be present when the cabin is occupied by guests or clients.

(6) A person whose permit application (new or renewal) for a cabin has been denied or whose cabin permit has been revoked by the refuge manager may appeal to the Regional Director as described in §36.41(b).

(c) *Existing cabins.* In addition to paragraph (b) of this section, the regulations in this paragraph (c) shall apply to all existing cabins, claimants, occupants, and guests.

(1) Where a valid cabin permit or lease was in effect on December 2, 1980, or at the time the land was subsequently added to the refuge, the refuge manager shall provide for the continuation of the permit or lease under the same conditions. The new permit shall be nontransferable and renewable every five years unless the continuation would directly threaten or significantly impair the purposes for which the refuge was established. The cabin and related structures are the personal property of the claimant and can be removed by him/her upon non-renewal or revocation. The owner of a cabin may sell his/her interest in the cabin to another person; however, the new owner does not automatically qualify for a permit and must apply for a new one.

(2) To obtain a special use permit for a cabin that was not under permit or lease before December 2, 1980, or at the time the land was subsequently added to the refuge, a claimant should submit to the refuge manager an application that includes the following:

(i) Reasonable proof of possessory interest or right to occupy the cabin as

shown by affidavit, bill of sale, or other document.

(ii) Date of construction or acquisition.

(iii) A sketch or photograph that accurately depicts the cabin and related structures.

(iv) The dimensions of the cabin and related structures.

(v) A U.S. Geological Survey topographic map that shows the geographic location of the cabin and related structures.

(vi) The claimant's agreement to vacate and remove all personal property from the cabin and related structures within one year from receipt of a non-renewal or revocation notice.

(vii) The claimant's acknowledgment that he/she has no legal interest in the real property on which the cabin and related structures are located.

(viii) A list of family members residing with the claimant in the cabin being applied for. It need only include those immediate family members who may be eligible to renew a permit for continued use and occupancy upon the original claimant's death (this is not applicable to cabins used for commercial purposes).

(3) Applications for permits for existing cabins, which are not currently under valid permits, will only be accepted for a period of one year following the effective date of these regulations. However, cabins that were legally located on lands that subsequently become refuge will also be considered "existing" cabins. The owners will have two years following the date the lands become refuge to apply for a permit. Following those dates, all applications for cabins will be for "new" cabins only, no matter when the cabin was built or first used. If ownership is not established within three years after the land becomes refuge, the cabin may be considered abandoned, and it will become Federal property in accordance with Federal regulations.

(4) The occupancy of a noncommercial cabin is limited to the permittee and his/her family, bona fide partners, and guests.

(5) Major modification or rehabilitation of an existing cabin must be approved by the refuge manager before construction begins. The modifications

will be done by the permittee or designated agent and will remain the property of the permittee. Major additions (e.g., larger than the original cabin) may fall under the ownership provisions for new cabins. Although cabins destroyed by accidents, vandalism or natural causes may be reconstructed, they must be approved by the refuge manager before construction and must meet the construction guidelines for new cabins, even though remaining the property of the claimant.

(d) *New cabins.* In addition to paragraph (b) of this section, the regulations in this paragraph (d) shall apply to all new cabins, claimants, occupants, and guests.

(1) A nontransferable, five year special use permit shall only be issued upon a determination that the proposed construction, use and maintenance of the cabin is compatible with refuge purposes and that the cabin use is either directly related to refuge administration or is needed for continuation of an ongoing activity or use otherwise allowed within the refuge where the applicant lacks a reasonable off-refuge site. In addition, these activities must have historically been supported by the construction and use of cabins in the geographic area. In general, new cabin permits will be given only to local residents to pursue a legitimate subsistence activity. In determining whether to permit the construction, use, and occupancy of cabins or other structures, the refuge manager shall be guided by factors such as other public uses, public health and safety, environmental and resource protection, research activities, protection of historic or scientific values, subsistence uses, endangered or threatened species conservation and other management considerations necessary to ensure that the activities authorized pursuant to a permit are compatible with the purposes for which the refuge was established.

(2) To obtain a special use permit for a new cabin, an applicant should submit to the refuge manager an application that includes the following:

(i) A sketch that accurately depicts the proposed cabin and related structures.

(ii) The dimensions of the proposed cabin and related structures.

(iii) A U.S. Geological Survey topographic map that shows the geographic location of the proposed cabin and related structures.

(iv) The applicant's agreement to vacate and remove all personal property from the cabin and related structures within one year from receipt of a non-renewal or revocation notice.

(v) The applicant's acknowledgment that he/she has no legal interest in the cabin and related structures or in the real property on which the cabin and related structures are located.

(vi) A list of family members residing with the applicant in the cabin being applied for. It need only include those immediate family members who may be eligible to renew a permit for continued use and occupancy upon the original claimant's death.

(3) The permitting instrument shall be a nontransferable renewable five year special use permit. It shall be renewed every five years (upon request) until the death of the original claimant's last immediate family member unless the special use permit has been revoked or the cabin has been abandoned.

(4) No new cabins will be constructed in designated wilderness areas unless they are built specifically for the administration of the area, for public safety, or for trapping where trapping has been a traditional and customary use.

(5) New trapping cabins in wilderness will be available for public use to ensure public health and safety.

(6) The occupancy of a noncommercial cabin is limited to the permittee, and his/her family, bona fide partners, and guests.

(e) *Commercial cabins.* In addition to paragraph (b) of this section, the regulations in this paragraph (e) shall apply to all commercial cabins, permittees, clients, guests, and occupants.

(1) A special use permit is required for all cabins used for commercial purposes. Refuge managers may also issue special use permits that authorize additional commercial use of an existing cabin used for guiding, etc. The use of a new cabin shall be limited to the type of use specified in the original permit.

The refuge manager may permit the use of an existing cabin on non-wilderness refuge lands for the exercise of valid commercial fishing rights. Such a permit may be denied if, after conducting a public hearing in the affected locality, it is found that the use is inconsistent with refuge purposes and is a significant expansion of commercial fishing activities within the unit beyond 1979 levels.

(2) When the commercial fishing or guiding rights associated with a permittee's existing cabin are acquired by a new party, the privilege of using the cabin cannot be sold and the new party does not necessarily qualify for a cabin permit. He/she must apply for a permit and meet the criteria described in this paragraph (e) before issuance of a special use permit by the refuge manager. He/she may not occupy the cabin before issuance of a permit.

(3) No new commercial cabins will be permitted in wilderness areas.

(4) Commercial cabins may be occupied only by persons legitimately involved in the commercial enterprise, assistants, employees, their families, guests and clients and only during the time that the authorized activity is occurring. The names of those individuals, excluding guests and clients, will be listed on the permit. The permittee or another individual listed on the permit must be present when the cabin is occupied.

(5) Special use permits for commercial cabins may be renewed annually in conjunction with the special use permit renewal for the commercial activity itself. The cabin permit may be issued for periods of up to five years and is a separate permit from one issued for the commercial activity.

(f) *Administrative and government-owned public use cabins.* In addition to paragraph (a) of this section, the regulations in this paragraph (f) apply to all administrative and government-owned cabins.

(1) The refuge manager can designate those cabins not under permit as administrative cabins to be used for official government business. Administrative cabins may be used by the public during life-threatening emergencies. On a case-by-case basis, they may also be designated as public use cabins when

not needed for government purposes. In such cases, the refuge manager must inform the public and post dates or seasons when the cabins are available.

(2) The refuge manager may designate government-owned cabins as public use cabins. They are only intended for short-term public recreational use and occupancy. The refuge manager may develop an allocation system for managing public use cabins for short-term recreational use. No existing public use cabins shall be removed or new public use cabins constructed within wilderness areas designated by the Alaska National Interest Lands Conservation Act of 1980 or subsequently designated wilderness areas until the Secretary of the Interior notifies the House Committee on Interior and Insular Affairs and the Senate Committee on Energy and Natural Resources.

#### § 36.34 Firearms.

The possession, use and transporting of firearms is authorized for hunting and personal protection in accordance with State and Federal laws unless prohibited or otherwise restricted by the Refuge Manager in accordance with the provisions of § 36.42.

#### § 36.35 Unattended property.

(a) Leaving any snowmachine, vessel, off-road vehicle or other personal property unattended for longer than 12 months without the prior permission of the Refuge Manager is prohibited, and any property so left may be impounded by the Refuge Manager.

(b) The Refuge Manager may (1) designate areas where personal property may not be left unattended for any time period, (2) establish limits on the amount and type of personal property that may be left unattended, (3) prescribe the manner in which personal property may be left unattended or (4) establish limits on the length of time personal property may be left unattended.

(c) Such designations and restrictions arising under paragraph (b) of this section shall be (1) published in at

least one newspaper of general circulation within the State, posted at community post offices within the affected vicinity, made available for broadcast on local radio stations in a manner reasonably calculated to inform residents in the affected community, and designated in a map which shall be available for public inspection at the office of the Refuge Manager, or (2) designated by the posting of appropriate signs or (3) both.

(d) In the event unattended property interferes with the safe and orderly management of a refuge area or causes damage to refuge resources, it may be impounded by the Refuge Manager at any time.

**§ 36.36 Sled dogs and household pets.**

The general trespass provisions of 50 CFR 26.21 shall not apply to household pets and sled, work, or pack dogs under the direct control of their owners or handlers, but such activities may be prohibited or otherwise restricted pursuant to the provisions of § 36.42.

[46 FR 40192, Aug. 7, 1981]

**§ 36.37 Revenue producing visitor services.**

(a) *Applicability.* (1) Except as otherwise provided for in this paragraph, the regulations contained in this section apply to new visitor services provided within all National Wildlife Refuge areas in Alaska.

(2) The rights granted by this section to historical operators, preferred operators, and Cook Inlet Region, Incorporated, are not exclusive. The Refuge Manager may authorize other persons to provide visitor services on refuge lands. Nothing in this section shall require the Refuge Manager to issue a visitor services permit if not otherwise mandated by statute to do so. Nothing in this section shall authorize the Refuge Manager to issue a visitor services permit to a person who is not capable of carrying out its terms and conditions in a satisfactory manner.

(3) This section does not apply to the guiding of sport hunting or sport fishing.

(b) *Definitions.* The following definitions shall apply to this section:

(1) *Best offer* means a responsive offer that best meets, as determined by the

Refuge Manager, the selection criteria contained in a competitive solicitation for a visitor services permit.

(2) *Controlling interest, in the case of a corporation* means an interest, beneficial or otherwise, of sufficient outstanding voting securities or capital of the business, so as to permit exercise of final managerial authority over the actions and operations of the corporation, or election of a majority of the Board of Directors of the corporation.

(3) *Controlling interest in the case of a partnership, limited partnership, joint venture or individual entrepreneurship* means a beneficial ownership of or interest in the entity so as to permit the exercise of final managerial authority over the actions and operations of the entity.

(4) *Controlling interest in other circumstances* means any arrangement under which a third party has the ability to exercise general management authority over the actions or operations of the business.

(5) *Historical operator* means any person who:

(i) On or before January 1, 1979, was lawfully engaged in adequately providing any type of visitor service in a refuge within the scope of paragraph (c) of this section;

(ii) Has continued to lawfully provide that visitor service; and

(iii) Is otherwise determined by the Refuge Manager to have a right to continue to provide such services or similar services pursuant to paragraph (c) of this section.

(6) *Local area* means that area in Alaska within 100 miles of the location within a refuge where any of the visitor service is authorized.

(7) *Local resident* means:

(i) For *individuals*. Those individuals that have maintained their primary, permanent residence and business within the local area for the past twelve (12) consecutive months and whenever absent from this primary, permanent residence, have the intention of returning to it. Factors demonstrating the location of an individual's primary, permanent residence and business may include, but are not limited to, the permanent address indicated on licenses issued by the State of

Alaska, tax returns, and voter registrations.

(ii) For *corporations*. A corporation in which the controlling interest is held by an individual or individuals who qualify as "local resident(s)" within the meaning of this section. For non-profit corporations a majority of the board members and a majority of the officers must qualify as "local residents."

(8) *Native Corporation* means the same as defined in section 102(6) of ANILCA.

(9) *Preferred operator* means a local resident or Native Corporation which is entitled to a preference under this section in the award of a permit, and as otherwise provided under section 1307(b) of ANILCA.

(10) A *responsive offer* means one which is timely made and meets the terms and conditions of the solicitation document.

(11) *Similar visitor service* means that visitor service authorized by the Refuge Manager to be provided on a refuge and determined by the Refuge Manager, on a case by case basis, to be similar to an established service being provided by a historical operator.

(12) *Visitor service* means any service or activity made available for a fee, commission, brokerage, or other compensation to persons who visit a refuge, including such services as providing food, accommodations, transportation, tours, and guides excepting the guiding of sport hunting and fishing. This also includes any activity where one participant/member or group of participants pays more in fees than the other participants (non-member fees, etc.), or fees are paid to the organization which are in excess of the bona fide expenses of the trip.

(13) *Right of first refusal* means, as it relates to section 1307(a) of ANILCA, a reasonable opportunity for a historical operator to review a description of the new similar service and the terms and conditions upon which it is to be provided to determine if the historical visitor service operator wishes to provide the service. As it relates to section 1307(c) of ANILCA, it refers to the opportunity for Cook Inlet Region, Incorporated to have the first opportunity to provide new visitor services on the

Kenai National Wildlife Refuge in the Cook Inlet Region.

(c) *Visitor services existing on or before January 1, 1979, "historical operators"*.

(1) A historical operator shall have a right to continue to provide visitor services or similar services within such area, under appropriate terms and conditions, so long as such services are determined by the Refuge Manager to be consistent with the purposes for which the refuge was established. A historical operator must obtain a permit from the refuge manager to conduct the visitor services. The permit shall be for a fixed term and specified area, and shall contain such terms and conditions as are in the public interest. Failure to comply with the terms and conditions of the permit may result in cancellation of the authorization and consequent loss of historical operator rights under this section. Nothing in this section shall prohibit the Refuge Manager from permitting persons, in addition to historical operators, to provide visitor services in the refuge at the Refuge Manager's discretion so long as historical operators are permitted to conduct a scope or level of visitor services equal to or greater than those provided prior to January 1, 1979, under terms and conditions consistent with this section. A historical operator may be permitted by the Refuge Manager, under separate authority, to increase the scope or level of visitor services provided prior to January 1, 1979, but no historical operating rights shall be obtained in such increase.

(2) A historical operator may also apply to the Refuge Manager for a permit or amended permit to provide similar types of visitor services. Granting the request will not result in an increase in the scope or level of service in excess of those provided as of January 1, 1979, by the requesting historical operator. The Refuge Manager shall grant the request if such visitor services are determined by the Refuge Manager to be:

(i) Consistent with the management of refuge resources and the purposes for which the refuge area was established;

(ii) Similar to the visitor services provided by the historical operator prior to January 1, 1979; and

(iii) Consistent with the legal rights of any other person.

(3) When a historical operator permit has expired, and if the visitor services permitted by it were adequately provided and consistent with the purposes of the refuge as determined by the Refuge Manager, the Refuge Manager shall renew the permit for a fixed term consistent with such new terms and conditions as are in the public interest. Should a historical operator decline to accept an offer of renewal, its rights as a historical operator shall be considered as terminated.

(4) If the Refuge Manager determines that permitted visitor services must be curtailed or reduced in scope or season to protect refuge resources, or for other purposes, the Refuge Manager shall require the historical operator to make such changes in visitor services. If more than one historical operator providing the same type of visitor services is required to have those services curtailed, the Refuge Manager shall establish a proportionate reduction of visitor services among all such historical operators, taking into account historical operating levels and other appropriate factors, so as to achieve a fair curtailment of visitor services among the historical operators. If the level of visitor services must be so curtailed that only one historical operator feasibly may continue to provide the visitor services, the Refuge Manager shall select one historical operator to continue to provide the curtailed visitor services through a competitive selection process.

(5) The rights of a historical operator shall terminate if the historical operator fails to provide the visitor services under the terms and conditions of a permit issued by the Refuge Manager or fails to provide the visitor services for a period of more than twenty four (24) consecutive months.

(6) The rights of a historical operator under this section shall terminate upon a change, after January 1, 1979, in the controlling interest of the historical operator through sale, assignment, devise, transfer or otherwise.

(7) The Refuge Manager may authorize other persons to provide visitor services in a refuge in addition to his-

torical operators, as long as such other persons conduct the services in a manner compatible with the purposes of the refuge.

(d) *Visitor services initially authorized after January 1, 1979, "preferred operators"*. (1) In selecting persons to provide, and in permitting any type of visitor service, excepting guided hunting or fishing, the Refuge Manager will give a preference to preferred operators determined qualified to provide such visitor services. Preferences for most directly affected Native Corporation(s) and local residents are equal and are not additive.

(2) In selecting persons to provide any type of visitor service for refuges subject to a preferred operator preference under this section, the Refuge Manager will publicly solicit competitive offers for persons to apply for a permit, or the renewal of a permit, to provide such visitor service pursuant to Service procedures. Preferred operators must submit a responsive offer to such solicitation in order to effect their preference. If, as a result of the solicitation, an offer from a person other than a preferred operator is determined to be the best offer and that offeror is determined to be capable of carrying out the terms of the permit, the preferred operator which submitted the most responsive offer shall be given an opportunity to substantially equal the best offer received by amending its offer. If the amended offer of the preferred operator is considered by the Refuge Manager as being substantially equal to the terms of the best offer, the preferred operator, if determined to be capable of carrying out the terms of the permit, shall be awarded the visitor service permit. If the preferred operator fails to meet these requirements, the Refuge Manager shall award the permit to the person who submitted the best offer in response to the solicitation. The Native Corporation(s) determined to be "most directly affected" under this section and local residents have equal preference.

(3) Nothing in this section shall prohibit the Refuge Manager from authorizing persons other than preferred operators to provide visitor services in refuge areas so long as the procedures described in this section have been followed with respect to preferred operators. Preferred operators are not entitled by this section to provide all visitor services in a qualified refuge.

(4) An offer from a Native Corporation or a local corporation under this section must document its controlling interest in the entity or in the case of a joint venture, all partners, making the offer.

(5) The preferences described in this section may not be sold, assigned, transferred, or devised, directly or indirectly.

(e) *Preference to Cook Inlet Region, Incorporated (CIRI)*. (1) Cook Inlet Region, Incorporated, in cooperation with village corporations within Cook Inlet Region when appropriate, shall have a right of first refusal to provide new visitor services within that portion of the Kenai National Moose Range (Kenai National Wildlife Refuge) within the boundaries of Cook Inlet Region. The CIRI shall have ninety (90) days from receipt of a prospectus in which to exercise its right.

(2) In order to exercise this right of first refusal, CIRI must submit an offer responsive to the terms of a visitor services solicitation. If CIRI makes such an offer and is determined by the Refuge Manager to be capable of carrying out the terms of the special use permit, it shall be awarded the permit. If it does not, the permit may be awarded to another person pursuant to a showing that such other person can carry out the conditions of the special use permit in a manner compatible with the purposes of the refuge. An offer being made by CIRI under this section must document controlling interest by CIRI when made in cooperation with village corporations within the Cook Inlet Region. The CIRI right of first refusal shall have precedence over the rights of preferred operators.

(3) The right of first refusal described in this section may not be sold, transferred, devised, or assigned, directly or indirectly.

(f) *Most directly affected Native Corporation determination*. (1) Prior to the issuance of a solicitation document for any new visitor service in a refuge, the Refuge Manager shall provide an opportunity for any Native Corporation interested in providing visitor services within that refuge to submit an application to the Refuge Manager to be determined "most directly affected" Native Corporation. The application shall include but not be limited to, the following information:

(i) The name, address, and telephone number of the Native Corporation, the date of incorporation, its articles of incorporation and structure, and the name of the applicable refuge area;

(ii) The location of the corporation's population center or centers;

(iii) An assessment of the socio-economic impacts, including historical and traditional use, and their effects on the Native Corporation as a result of the expansion or establishment of the refuge; and

(iv) Any other information the Native Corporation believes is relevant.

(2) Upon receipt of all applications from interested Native Corporations, the Refuge Manager will determine the "most directly affected" Native Corporation based on, but not limited to, the following criteria:

(i) The number of acres of surface land within and adjoining the refuge that the Native Corporation owns, or which has been selected under the Alaska Native Claims Settlement Act, unless such selection is determined to be invalid or is relinquished;

(ii) The distance and accessibility from the Native Corporation's population center and/or business address to the applicable refuge; and

(iii) The socio-economic impacts, including historic and traditional use, and their effects as a result of the expansion or establishment of the refuge.

(3) In the event that more than one Native Corporation is determined to be equally affected, each such Native Corporation shall be considered as a preferred operator under this section.

(4) The Refuge Manager's "most directly affected" Native Corporation determination or when requested, the Regional Director's appeal decision for a

## § 36.39

## 50 CFR Ch. I (10–1–06 Edition)

refuge is applicable for all new visitor services in that refuge.

(5) Any Native Corporation that has not applied for a most directly affected Native Corporation determination may apply for a determination upon issuance of a future solicitation for a new visitor service. A corporation determined to be most directly affected for a refuge will maintain that status for all future visitor service solicitations.

(g) *Appeal procedures.* Any person(s) who believe that they have been improperly denied rights with respect to providing visitor services under this section may appeal the denial to the Regional Director. Such an appeal must be submitted in writing within forty-five (45) days of receipt of the denial from which an appeal is sought. The appeals process as defined in 50 CFR subpart F, 36.41(b) will apply with exception of the period of time allowed to file an appeal.

### Subpart E—Refuge Specific Regulations

#### § 36.39 Public use.

(a) *General.* Public use of Alaska National Wildlife Refuges (NWR) is permitted subject to all other parts of 50 CFR part 36, those sections of 50 CFR subchapter C not supplemented by part 36, and the following refuge-specific requirements:

(b) *Alaska Maritime National Wildlife Refuge.* (1) Amchitka Island—closed to all public access, occupancy and use, unless specifically authorized by a special use permit issued jointly by the Refuge Manager and the U.S. Navy (Commanding Officer, Fleet Surveillance Support Command, Chesapeake, Virginia).

(c) *Alaska Peninsula/Becharof National Wildlife Refuge Complex.* (1) The Alaska Peninsula/Becharof National Wildlife Refuge (Complex) includes the Becharof National Wildlife Refuge, the Chignik and Ugashik Units of the Alaska Peninsula National Wildlife Refuge and the Seal Cape Area of the Alaska Maritime National Wildlife Refuge.

(2) Off-road vehicles are permitted on the refuge complex under

§ 36.12(a), § 36.39(c)(2)(ii) or § 36.39(c)(2)(iii) and must meet the following conditions:

(i) Vehicles are limited to three or four-wheeled vehicles with a maximum gross weight of 650 pounds as listed by the manufacturer.

(ii) ORV's are permitted on the following trails only: Yantarni Bay Airstrip; Yantarni Bay Airstrip to beach trail; and Yantarni Bay Airstrip to oil well site trail. Maps of the above areas are available from the Refuge Manager.

(iii) Subject to the weight and size restrictions listed in (i) above, subsistence use of off-road vehicles, as authorized by 50 CFR 36.12(a) is allowed throughout the Alaska Peninsula/Becharof National Wildlife Refuge Complex.

(3) Camping is permitted on the Refuge Complex subject to the following restrictions:

(i) These camping limits do not apply to subsistence users except at Big Creek where they apply to all refuge complex users.

(ii) No permanent improvements may be made to campsites without a special use permit. All materials brought on to the refuge complex must be removed upon cessation of camping unless authorized by a special use permit.

(iii) Other than reserved sites authorized by special use permits, camping at one location is limited to seven consecutive nights from August 1 through November 15 within ¼ mile of the following waters: Becharof Lake in the Severson Peninsula area (Island Arm); Becharof Lake Outlet; Ugashik Narrows; Big Creek; Gertrude Lake; and Gertrude Creek between Gertrude Lake and the King Salmon River. Maps of the above areas are available from the Refuge Manager.

(iv) Tent camps must be moved a minimum of one mile following each seven-night camping stay during the periods specified above.

(4) Temporary facilities may be authorized on the Alaska Peninsula/Becharof National Wildlife Refuge Complex by special use permit only, subject to the following conditions:

(i) Except for administrative or subsistence purposes, new temporary facilities are prohibited within ¼ mile of the Becharof Lake shoreline.

(ii) Except for administrative purposes, new temporary facilities are prohibited in the following areas: within ¼ mile of the shorelines of Gertrude Lake and Long Lake; within ¼ mile of the airstrip on the south side of the King Salmon River approximately ½ mile above the confluence of Gertrude Creek and the King Salmon River; within ¼ mile of the shoreline of Upper and Lower Ugashik Lakes; within ¼ mile of the shoreline of Becharof Lake outlet; and within ¼ mile of the shoreline of Big Creek. Maps of the above areas are available from the Refuge Manager.

(d)-(h) [Reserved]

(i) *Kenai National Wildlife Refuge*—(1) *Aircraft.* (i) The operation of aircraft on the Kenai NWR, except in an emergency, is permitted only as authorized in designated areas as described below. These areas are also depicted on a map available from the Refuge Manager.

(A) Within the Canoe Lakes, Andy Simons, and Mystery Creek units of the Kenai Wilderness, only the following lakes are designated for airplane operations:

CANOE LAKES UNIT

Bedlam Lake  
 Bird Lake  
 Cook Lake  
 Grouse Lake  
 King Lake  
 Mull Lake  
 Nekutak Lake  
 Norak Lake  
 Sandpiper Lake  
 Scenic Lake  
 Shoepac Lake  
 Snowshoe Lake  
 Taiga Lake  
 Tangerra Lake  
 Vogel Lake  
 Wilderness Lake

Pepper, Gene, and Swanson Lakes are only open for sport ice fishing.

ANDY SIMONS UNIT

Emerald Lake  
 Green Lake  
 Harvey Lake  
 High Lake  
 Iceberg Lake  
 Kolomin Lakes  
 Lower Russian Lake  
 Martin Lake  
 Pothole Lake  
 Twin Lakes  
 Upper Russian Lake  
 Windy Lake  
 Dinglestadt Glacier terminus lake

Wusnesenski Glacier terminus lake

Tustumena Lake and all wilderness lakes within one mile of the shoreline of Tustumena Lake.

All unnamed lakes in sections 1 & 2, T. 1 S., R. 10 W., and sections 4, 5, 8, & 9, T. 1 S., R. 9 W., S.M., AK.

MYSTERY CREEK UNIT

An unnamed lake in section 11, T. 6 N., R. 5 W., S.M., AK.

(B) Airplanes may operate on all lakes outside the Kenai Wilderness, except those lakes with recreational developments, including, but not limited to, campgrounds, campsites, and public hiking trails connected to road waysides. The non-wilderness lakes closed to aircraft operations are as follows:

NORTH OF STERLING HIGHWAY

Afonasi Lake  
 Anertz Lake  
 Breeze Lake  
 Cashka Lake  
 Dabblers Lake  
 Dolly Varden Lake  
 Forest Lake  
 Imeri Lake  
 Lili Lake  
 Mosquito Lake  
 Rainbow Lake  
 Silver Lake  
 Upper Jean Lake  
 Watson Lake  
 Weed Lake  
 West Lake

All lakes in the Skilak Loop Area (South of Sterling Highway and North of Skilak Lake) are closed to aircraft except that airplanes may land on Bottenintnin Lake, which is open year-around and Hidden Lake, which is only open for sport ice fishing.

SOUTH OF STERLING HIGHWAY

Headquarters Lake is restricted to administrative use only.

(ii) Notwithstanding any other provision of these regulations, the operation of aircraft is prohibited between May 1 and September 30, inclusive, on any lake where nesting trumpeter swans and/or their broods are present, except Windy and Lonesome Lakes where the closure is between May 1 and September 10 inclusive.

(iii) The operation of wheeled aircraft, at the pilot's own risk, is only authorized on the unmaintained Big Indian Creek Airstrip, on gravel areas within ½ mile of Wusnesenski Glacier terminus lake, and within the SE¼,

section 16 and SW<sup>1</sup>/<sub>4</sub>, section 15, T. 4 S., R. 8 W., Seward Meridian.

(iv) Unlicensed aircraft are permitted to operate on the refuge only as authorized by a special use permit from the Refuge Manager.

(v) Airplanes may operate only within designated areas on the Chickaloon Flats, as depicted on a map available from the Refuge Manager.

(vi) Airplane operation is permitted on the Kasilof River, the Chickaloon River outlet, and the Kenai River below Skilak Lake from June 15 through March 14. All other rivers on the refuge are closed to aircraft.

(2) *Motorboats.* Motorboats are authorized on all waters of the refuge except under the following conditions and within the following areas:

(i) Motorboats are not authorized on lakes within the Canoe Lakes Unit of the Kenai Wilderness, except those lakes designated for airplane operations as described on a map available from the Refuge Manager. Boat motor use is not authorized on those portions of the Moose and Swanson Rivers within the Canoe Lakes Unit of the Kenai Wilderness.

(ii) That section of the Kenai River from the outlet of Skilak Lake downstream for three miles is closed to motorboat use between March 15 and June 14, inclusive. However, any boat having a motor attached may drift or row through this section provided the motor is not operating.

(iii) That section of the Kenai River from the powerline crossing located approximately one mile below the confluence of the Russian and Kenai Rivers downstream to Skilak Lake is closed to motorboats. However, any boat having a motor attached may drift or row through this section provided the motor is not operating.

(iv) Motors in excess of 10 horsepower are not authorized on the Moose, Swanson, Funny, Chickaloon (upstream of river mile 7.5), Killey, and Fox Rivers.

(v) A “no-wake” restriction applies to Engineer, Upper and Lower Ohmer, Bottenintnin, Upper and Lower Jean, Kelly, Petersen, Watson, Imeri, Afonasi, Dolly Varden, and Rainbow Lakes.

(vi) Notwithstanding any other provision of these regulations, operation of

a motorboat is prohibited between May 1 and September 30, inclusive, on any lake where nesting trumpeter swans and/or their broods are present, except Windy and Lonesome Lakes where the closure is between May 1 and September 10, inclusive.

(3) *Off-Road Vehicles.* (i) The use of air cushion, airboat, or other motorized watercraft, except motorboats, is not allowed on the Kenai NWR, except as authorized by a special use permit from the Refuge Manager.

(ii) Off-road vehicle use, including operation on lake and river ice, is not permitted. Licensed highway vehicles are permitted on Hidden, Engineer, Kelly, Petersen, and Watson Lakes for ice fishing purposes only, and must enter and exit lakes via existing boat ramps.

(4) *Snowmobiles.* Operation of snowmobiles is authorized on the Kenai NWR subject to the following conditions and exceptions:

(i) Snowmobiles are permitted between December 1 and April 30 only when the Refuge Manager determines that there is adequate snowcover to protect underlying vegetation and soils. During this time, the Refuge Manager will authorize, through public notice, the use of snowmobiles less than 46 inches in width and less than 1,000 pounds (450 kg) in weight. Designated snowmobile areas are described on a map available from the Refuge Manager.

(ii) All areas above timberline, except Caribou Hills, are closed to snowmobile use.

(iii) The area within sections 5, 6, 7, and 8, T. 4 N., R. 10 W., S.M., AK., east of the Sterling Highway right-of-way, including the refuge headquarters complex, the environmental education/cross-country ski trails, Headquarters and Nordic lakes, and the area north of the east fork of Slikok Creek and northwest of a prominent seismic trail to Funny River Road, is closed to snowmobile use.

(iv) An area, including the Swanson River Canoe Route and portages, beginning at the Paddle Lake parking area, then west and north along the Canoe Lakes wilderness boundary to the Swanson River, continuing northeast along the river to Wild Lake Creek,

then east to the west shore of Shoepac Lake, south to the east shore of Antler Lake, and west to the beginning point near Paddle Lake, is closed to snowmobile use.

(v) An area, including the Swan Lake Canoe Route, and several road-connected public recreational lakes, bounded on the west by the Swanson River Road, on the north by the Swan Lake Road, on the east from a point at the east end of Swan Lake Road south to the west bank of the Moose River, and on the south by the refuge boundary, is closed to snowmobile use.

(vi) Within the Skilak Loop Special Management Area, snowmobiles are prohibited, except on Hidden, Kelly, Petersen and Engineer lakes for ice fishing access only. Upper and Lower Skilak Lake campground boat launches may be used as access points for snowmobile use on Skilak Lake.

(vii) Snowmobiles may not be used on maintained roads within the refuge. Snowmobiles may cross a maintained road after stopping and when traffic on the roadway allows safe snowmobile crossing.

(viii) Snowmobiles may not be used for racing or for the harassment of wildlife.

(5) *Hunting and Trapping.* (i) Firearms may not be discharged within ¼ mile of designated public campgrounds, trailheads, waysides, buildings or the Sterling Highway from the east refuge boundary to the east junction of the Skilak Loop Road.

(ii) A special use permit, available from the Refuge Manager, is required prior to baiting black bears.

(iii) Hunting with the aid or use of a dog for taking big game is permitted only for black bear, and then only under the terms of a special use permit from the Refuge Manager.

(iv) Hunting and trapping within sections 5, 6, 7, and 8, T. 4 N., R. 10 W., S.M., AK., encompassing the Kenai NWR headquarters/visitor center and associated environmental education trails, are prohibited. The boundary of these administrative and environmental education areas is depicted on a map available from the Refuge Manager.

(6) *Fishing.* Fishing is prohibited June 1 to August 15, on the south bank of

the Kenai River from the Kenai-Russian River Ferry dock to a point 100 feet downstream.

(7) *What do I need to know about other public uses on Kenai National Wildlife Refuge?* (i) *What are the camping restrictions?* We allow camping subject to the following restrictions:

(A) Camping may not exceed 14 days in any 30-day period anywhere on the refuge.

(B) Campers may not spend more than two consecutive days at the Kenai-Russian River access area, more than seven consecutive days at Hidden Lake Campground, or more than seven consecutive days in refuge shelters.

(C) Within developed campgrounds, camp only in designated areas and use open fires only in portable, self-contained, metal fire grills, or fire grates provided by us.

(D) Do not camp within ¼ mile of the Sterling Highway, Ski Hill, or Skilak Loop roads except in designated campgrounds.

(E) Campers may cut only dead and down timber for campfire use.

(F) Pets must be on a leash no longer than nine feet in developed campgrounds.

(ii) *May I cut and remove timber?* You may remove timber, including the cutting of firewood for home use, only if you have obtained a special use permit from the Refuge Manager.

(iii) *May I leave personal property on the refuge?* Yes, however, if you leave personal property unattended for longer than 72 hours outside of a designated area, obtain a special use permit from the Refuge Manager.

(iv) *If I find research marking devices, what do I do?* Turn in all radio transmitters, neck and leg bands, ear tags, or other research marking devices recovered from wildlife to the Refuge Manager or the Alaska Department of Fish and Game within five days after recovery.

(v) *May I use non-motorized wheeled vehicles on the refuge?* Yes, but only on refuge roads designated and open for public vehicular access.

(vi) *May I use motorized equipment on the refuge?* You may not use motorized equipment, including but not limited to chainsaws, generators, and auxiliary

power units, within the Kenai Wilderness, except snowmobiles, airplanes and motorboats in designated areas.

(vii) *Must I register to canoe on the refuge?* Only canoeists on the Swanson River and Swan Lake Canoe Routes must register at entrance points. Maximum group size is 15 persons.

(viii) *Are any areas of the refuge closed to public use?* (A) We close rock outcrop islands in Skilak Lake used by nesting cormorants and gulls and the adjacent waters within 100 yards to public entry and use from March 15 to September 30. You may obtain maps showing these areas from the Refuge Manager.

(B) From July 1 to August 15 the public may not use or access any portion of the 25-foot wide public easements along both banks of the Kenai River within the Moose Range Meadows area; or along the Homer Electric Association Right-of-Way from Funny River Road and Keystone Drive to the downstream limits of the streamside easements. You may obtain maps showing these closed areas from the Refuge Manager by referring to Sections 1, 2, and 3 of Township 4 North, Range 10 West, Seward Meridian.

(j) *Kodiak National Wildlife Refuge—(1) Seasonal public use closure of the O'Malley River Area.* That area within the Kodiak National Wildlife Refuge described in this paragraph (j)(1) is closed to all public access, occupancy and use from June 25 through September 30. The area subject to seasonal closure consists of lands and waters located within Township 33 South, Range 30 West, Seward Meridian, Alaska, consisting of approximately 2,560 acres, and more particularly described as follows: Township 33 South, Range 30 West, Seward Meridian, Alaska, all of Section 25; all of Section 26, excluding U.S. Survey 10875 and the adjacent riparian ownership (Koniag Inc.) fronting the survey and extending to the center of Karluk Lake; and all of Sections 35 and 36, excluding U.S. Survey 10876 and the adjacent riparian ownership (Koniag Inc.) fronting the survey and extending to the center of Karluk Lake. Maps of the closure area are available from the Refuge.

(2) Access easement provision. Notwithstanding any other provision of this paragraph (j), there exists a twenty-

five foot wide access easement on an existing trail within the Koniag Inc. Regional Native Corporation lands within properties described in paragraph (j)(1) of this section in favor of the United States of America.

(3) *Permit requirement for Conservation Easement lands.* Pursuant to the terms of a Conservation Easement held by the United States and the State of Alaska, we manage public use of certain lands owned by Koniag, Inc. These lands are inholdings within the exterior boundaries of the Kodiak National Wildlife Refuge. The Conservation Easement was recorded in the Kodiak Recording District, Alaska, on December 6, 2002, as document number 2002-003448-0. The lands subject to the Conservation Easement to which the permit requirement in this paragraph apply are all lands within ½ mile of the west shore of Karluk Lake, from the lake outlet to the southern boundary of T. 32 S., R. 30 W. (surveyed), Seward Meridian; all lands within ½ mile of the east shore of Karluk Lake, from the lake outlet to a point due east of the north end of Camp Island; and all lands within a ½-mile band of land on either side of the Karluk River, from the Karluk Lake outlet downstream to the refuge boundary. A map is available from the refuge showing the location of the easement lands that are subject to the permit requirement. You are prohibited from using these lands unless:

(i) You have a nontransferable permit from the refuge;

(ii) You are a concessionaire or a client of a concessionaire authorized by Koniag, Inc., to provide revenue-producing visitor services;

(iii) You are an authorized user in accordance with section 7(d) of the Conservation Easement; or

(iv) You are limiting your use of the property to public access easements established under section 17(b) of the Alaska Native Claims Settlement Act.

## Subpart F—Permits and Public Participation and Closure Procedures

### § 36.41 Permits.

(a) *Applicability.* The regulations contained in this section apply to the issuance and administration of competitively and noncompetitively issued permits for economic and/or other privileged uses on all national wildlife refuges in Alaska. Nothing in this section requires the refuge manager to issue a special use permit if not otherwise mandated by statute to do so. Supplemental procedures for granting historical use, Native Corporation, and local preferences in the selection of commercial operators to hold permits to provide visitor services, other than hunting and fishing guiding on refuges in Alaska, are addressed in § 36.37, Revenue producing visitor services.

(b) *Definitions.* As used in this section, the term or terms:

*Commercial visitor service* means any service or activity made available for a fee, commission, brokerage or other compensation to persons who visit a refuge, including such services as providing food, accommodations, transportation, tours, and guides. Included is any activity where one participant/member or group of participants pays more in fees than the other participants (non-member fees, etc.), or fees are paid to the organization which are in excess of the bona fide expenses of the trip;

*Entire business* means all assets including, but not limited to, equipment, facilities, and other holdings directly associated with the permittee's type of commercial visitor service authorized by permit. This term also includes assets held under the name of separate business entities, which provide the same specific type of commercial visitor services authorized by permit, that the permittee has a financial interest in. The term does not include related enterprises owned by the permittee such as taxidermy and travel services;

*Immediate family* means the spouse and children, either by birth or adoption, of the permittee.

*Operations plan* means a narrative description of the commercial operations

which contains all required information identified in the prospectus;

*Permit* means a special use permit issued by the refuge manager which authorizes a commercial visitor service or other activity restricted by law or regulation on a national wildlife refuge;

*Prospectus* means the document that the Service uses in soliciting competition to award commercial visitor services on a refuge;

*Subcontracting* means any activity in which the permittee provides financial or other remuneration to anyone other than employees to conduct the specific commercial services authorized by the Service. The permittee's primary authorized activities must be conducted in a genuine employer/employee relationship where the source of all remuneration for services provided to clients is from the permittee. Subcontracting does not apply to booking services or authorized secondary services provided to clients in support of the permittee's primary authorized activities (e.g., a guide paying a marine or air taxi operator to transport clients);

*Subletting* means any activity in which the permittee receives financial or other remuneration in return for allowing another commercial operator to conduct any of the permittee's authorized activities in the permittee's use area; and

*Use area* means the designated area where commercial services may be conducted by the permittee.

(c) *General provisions.* In all cases where a permit is required, the permittee must abide by the conditions under which the permit was issued. Refuge managers will provide written notice to the permittee in all cases where documentation of noncompliance is prepared for use in any administrative proceeding involving the permittee.

(d) *Application.* (1) This section and other regulations in this part 36, generally applicable to the National Wildlife Refuge System, require that permits be obtained from the refuge manager. For activities on the following refuges, request permits from the respective refuge manager in the following locations:

§ 36.41

(2) For noncompetitively issued permits, the applicant may present the application verbally if he/she is unable to prepare a written application. The refuge manager will keep a written record of such verbal application. For competitively issued permits, the applicant must submit a written application in the format delineated in the prospectus or other designated format of the Service.

(3) The refuge manager will grant or deny applications for noncompetitively issued permits in writing within 45 days, except for good cause. For competitively issued permits, the refuge manager will grant or deny applications in accordance with the time frame established in the prospectus, except for good cause.

(4) Refuge managers may establish application period deadlines for individual refuges for both competitively and noncompetitively issued permits. The refuge manager will send notification of availability for commercial opportunities and application deadlines to existing and/or the previous year's permittees. He/she will publish the notice in at least one newspaper of general circulation in the State and in at least one local newspaper if available, and will make available for broadcast on local radio stations in a manner reasonably calculated to inform local prospective applicants.

(5) The Service may limit the number of applications that an individual may submit for competitively awarded offerings.

(e) *Competitively awarded permits.* (1) Where the number of available permits is limited, refuge managers will award permits competitively. A prospectus with invitation to bid system will be the primary competitive method used for selecting commercial visitor services. Where justified, other selection methods, including but not limited to lotteries, may be used. Such circumstances may include, but not be limited to, the timely refilling of use areas that have become vacant during regularly scheduled terms to prevent commercial visitor service opportunities from going unused, and initiating trial programs on individual refuges. The refuge manager has discretionary authority to issue noncompetitive permits on a one-time, short-term basis to accredited educational institutions and other nonprofit organizations to conduct primarily environmental education-related activities that also may be recreational in nature in use areas where permits for that type of guided recreational activity are otherwise limited to competitive award.

(2) Where numbers of permits have been limited for an activity prior to the promulgation of these regulations and a prospectus with invitation to bid system has not yet been developed, refuge managers may issue noncompetitive five-year permits consistent with the terms set forth in paragraph (e)(16) of this section on a one-time basis to existing permittees.

(3) The Service will publish notice of all solicitations for competition in accordance with paragraph (d)(4) of this section and include reasonable application periods of not less than 60 days. When competitively selecting permittees for an activity in a use area where permits for that activity were not previously competitively awarded, the Service will publish notice of the upcoming opportunity a minimum of 18 months prior to the effective date of the permit term.

(4) All prospectuses will identify the selection criteria that the Service will use to evaluate the proposals. All prospectuses involving commercial visitor services must include experience and performance in providing the same or similar services as a criterion. In

evaluating the experience of an applicant, the Service will specifically consider knowledge of the specific area covered by the prospectus and the nature of the technical skills required to provide quality service to the public.

(5) A panel of Service employees who use a scoring process based on the selection criteria will evaluate and rank applications received in response to a prospectus.

(6) The Service has discretionary authority to not evaluate or consider proposals that are incomplete or improperly submitted.

(7) The Service may establish minimum scores to qualify for the award of permits. If established, these minimum scores will be identified in the prospectus.

(8) The Service may establish limits on the number of use areas within an individual refuge, or on refuges statewide, in which a permittee is authorized to operate. This limit applies to different corporations in which the same individual has any ownership interests.

(9) When vacancies occur in competitively filled use areas, the procedure for reissuing the permits will depend on how long it has been since the permit originally was issued. The Service will award the permit to the next highest ranking interested applicant in the original solicitation, if a vacancy occurs within the first 12 months of the permit's effective date. Resolicited competition for the area will occur as soon as practicable if:

(i) A vacancy occurs after 12 months of the permit's effective date; and

(ii) At least 24 months of the original permit term is available for a new permittee after completion of the solicitation, application, evaluation and awards period. If less than 24 months of the term of the permit is available, the Service has the discretion to solicit competition during the regularly scheduled solicitation period. The Service may annually issue non-competitive permits for vacant areas, where there has not been significant permittee interest, until competition can be solicited in conjunction with other solicitations for vacant areas.

(10) Terms of permits awarded under the prospectus with invitation method

are valid for 5 years except in those instances where the Service issues permits to fill vacancies occurring during a scheduled award cycle. In these instances, the permit duration is limited to the expiration date of the original award period. Permits awarded under the prospectus by invitation method must be renewed noncompetitively by the refuge manager for a period of 5 additional years upon application and a showing of permittee compliance with all applicable permit terms and conditions and a satisfactory record of performance. After one renewal, the Service shall not extend or noncompetitively renew another permit.

(11) Permit privileges may be transferred to other qualified entities that demonstrate the ability to meet Service standards, as outlined in the prospectus upon which the existing permit was based, subject to approval by the refuge manager. Requests for transfers must be made in writing to the refuge manager. A permittee who transfers his/her privileges will not be eligible to be considered for competitively awarded permits for the same type of activity on the same national wildlife refuge for a period of three years following the authorized transfer. The Service retains complete discretion in allowing transfers. In general, the Service approves transfers only upon demonstrating that it is to the government's benefit and if all the following criteria are satisfied:

(i) The transfer is part of the sale or disposition of the current permittee's entire business as earlier defined;

(ii) The current permittee was either conducting the commercial operation in the refuge under authorization of a permit for a minimum of 12 years or owns significant real property in the area, the value of which is dependent on holding a refuge permit. Consideration of the last element will include, but is not limited to:

(A) The relationship of the real property to permitted refuge activities as documented in the operations plan;

(B) The percentage that the authorized refuge activities comprise of the total commercial use associated with the real property; and

(C) The appraised value of the real property.

(iii) The transferee must be independently qualified to hold the permit under the standards of the prospectus of the original existing permit.

(iv) The transferee has an acceptable history of compliance with State and Federal fish and wildlife and related permit regulations during the past 5 years. An individual with any felony conviction is an ineligible transferee. Transfer approval to an individual having any violations, convictions, or pleas of nolo contendere for fish and wildlife related federal misdemeanors or State violations will be discretionary. Denial is based on, but not limited to, whether the individual committed any violation in which the case disposition resulted in any of the following:

(A) Any jail time served or probation;

(B) Any criminal fine of \$250 or greater;

(C) Forfeiture of equipment or harvested animal (or parts thereof) valued at \$250 or greater;

(D) Suspension of privileges or revocation of any fish and wildlife related license/permits;

(E) Other alternative sentencing that indicates the penalty is of equal severity to the foregoing elements; or

(F) Any multiple convictions or pleas of nolo contendere for fish and wildlife-related Federal misdemeanors or State fish and wildlife-related violations or misdemeanors irrespective of the amount of the fine.

(12) The transferee must follow the operations plan of the original permittee. The transferee may modify the operations plan with the written consent of the refuge manager as long as the change does not result in increased adverse impacts to refuge resources or other refuge users.

(13) Upon timely approval of the transfer, the Service will issue the new permittee a permit for the remaining portion of the original permit term. The refuge manager retains the right to restrict, suspend, revoke, or not renew the permit for failure to comply with its terms and conditions.

(14) Permit privileges issued under this paragraph (e) may be transferred, subject to refuge manager approval, to a former spouse when a court awards permit-associated business assets in a

divorce settlement agreement to that person. The recipient must independently qualify to hold the originally issued permit under the minimum standards identified by the Service, and the permittee must have an acceptable history of compliance as set forth in paragraph (e)(11)(iv) of this section.

(15) Permit privileges issued under this paragraph (e) may be transferred in the case of death or disability of the permittee, subject to refuge manager approval, as provided in this paragraph (e). In these cases, the permit privileges may pass to a spouse who can demonstrate he/she is capable of providing the authorized services and who has an acceptable history of compliance as set forth in paragraph (e)(11)(iv) of this section. A spouse who lacks any required license(s) but otherwise qualifies may hire an employee, who holds the required license(s) and who has an acceptable history of compliance as set forth in paragraph (e)(11)(iv) of this section, to assist in the operation. Permit privileges may also pass to another member of the immediate family or a person who was a business partner at the time of original permit issuance. This person must be independently qualified under the minimum standards identified by the Service at the time of original permit issuance and have an acceptable history of compliance as set forth in paragraph (e)(11)(iv) of this section.

(16) Upon September 26, 1997, refuge managers will amend existing competitively-awarded permits through the prospectus method to make the terms fully consistent with this section, including eligibility for a 5-year non-competitive renewal.

(f) *Fees.* Permittees must pay fees formally established by regional and/or nation-wide Service policy. The refuge manager must document any fee exemption.

(g) *Subletting and subcontracting.* A permittee may not sublet any part of an authorized use area. Subcontracting any service authorized by the permit requires written approval from the refuge manager unless the subcontracted service is specifically identified in the permittee's approved operations plan.

(h) *Restriction, suspension and revocation of permits.* The refuge manager may suspend, revoke, or reasonably restrict the terms of a permit for noncompliance with the terms and conditions of the regulations in this subchapter C; for nonuse of the permit; for violations/convictions (including pleas of nolo contendere) of any law or regulation pertaining to the same type of activity authorized by the permit, whether or not the activity occurred on or off the refuge; to protect public health or safety; or if the refuge manager determines the use to be incompatible with refuge purposes or is inconsistent with the Service's obligations under Title VIII of the Alaska National Interest Lands Conservation Act. All actions pertaining to this paragraph are subject to the appeal process as set forth in paragraph (i) of this section.

(i) *Appeals.* (1) Any person adversely affected by a refuge manager's decision or order relating to the person's permit, or application for a permit, has the right to have the decision or order reviewed by the regional director. This section does not apply to permits or applications for rights-of-way. See 50 CFR 29.22 for the hearing and appeals procedure on rights-of-way.

(2) Prior to making any adverse decision or order on any permit or an application for a noncompetitively issued permit, the refuge manager will notify the permittee or applicant, verbally or in writing, of the proposed action and its effective date. A permittee or applicant of noncompetitively issued permits, shall have 45 calendar days after notification in which to present to the refuge manager, orally or in writing, a statement in opposition to the proposed action or effective date. Notification in writing to a valid permit holder shall occur within 10 calendar days after receipt of the statement in opposition to the refuge manager's final decision or order. An applicant for a noncompetitively issued permit shall be notified in writing within 30 calendar days after receipt of the statement in opposition, of the refuge manager's final decision or order. An applicant for a competitively issued permit who is not selected will not receive advance notice of the award decision. Such applicants, who wish to appeal the deci-

sion must appeal directly to the regional director within the time period provided for in paragraph (1)(3) of this section.

(3) The permittee or applicant shall have 45 calendar days from the post-marked date of the refuge manager's final decision or order in which to file a written appeal to the regional director. In appeals involving applicants who were not selected during a competitive selection process, the selected applicant concurrently will have the opportunity to provide information to the regional director prior to the final decision. Selected applicants who choose to take advantage of this opportunity, will retain their right of appeal should the appeal of the unsuccessful applicant result in reversal or revision of the original decision. For purposes of reconsideration, appellants shall present the following information:

(i) Any statement or documentation, in addition to that included in the initial application, permit or competitive prospectus, which demonstrates that the appellant satisfies the criteria set forth in the document under which the permit application/award was made;

(ii) The basis for the permit applicant's disagreement with the decision or order being appealed; and

(iii) Whether or not the permit applicant requests an informal hearing before the regional director.

(4) The regional director will provide a hearing if requested by the applicant. After consideration of the written materials and oral hearing, and within a reasonable time, the regional director shall affirm, reverse, or modify the refuge manager's decision or order and shall set forth in writing the basis for the decision. The applicant must be sent a copy of the decision promptly. The decision will constitute final agency action.

(5) Permittee compliance with any decision or order of a refuge manager shall be required during the appeal process unless the regional director makes a preliminary finding contrary to the refuge manager's decision, and prepares a written determination that such action is not detrimental to the interests of the United States, or upon submission and acceptance of a bond

**§ 36.42**

deemed adequate by the refuge manager to indemnify the United States from loss or damage.

(j) *State selection of guide-outfitters.* Nothing in this section will prohibit the Service from cooperating with the State of Alaska in administering the selection of sport fishing guides and big game hunting guide-outfitters operating on national wildlife refuges should the State develop a competitive selection process which is acceptable to the Service.

[62 FR 45340, Aug. 27, 1997]

**§ 36.42 Public participation and closure procedures.**

(a) *Authority.* The Refuge Manager may close an area or restrict an activity on an emergency, temporary, or permanent basis.

(b) *Criteria.* In determining whether to close an area or restrict an activity otherwise allowed, the Refuge Manager shall be guided by factors such as public health and safety, resource protection, protection of cultural or scientific values, subsistence uses, endangered or threatened species conservation, and other management considerations necessary to ensure that the activity or area is being managed in a manner compatible with the purposes for which the Alaska National Wildlife Refuge area was established.

(c) *Emergency closures or restrictions.* (1) Emergency closures or restrictions relating to the use of aircraft, snowmachines, motorboats, or non-motorized surface transportation shall be made after notice and hearing;

(2) Emergency closures or restrictions relating to the taking of fish and wildlife shall be accompanied by notice with a subsequent hearing;

(3) Other emergency closures or restrictions shall become effective upon notice as prescribed in § 36.42(f); and

(4) No emergency closure or restriction shall be for a period exceeding 30 days.

(d) *Temporary closures or restrictions.* (1) Temporary closures or restrictions relating to the use of aircraft, snowmachines, motorboats or non-motorized surface transportation, or to the taking of fish and wildlife, shall not be effective prior to notice and hearing in the vicinity of the area(s)

affected by such closures or restriction, and other locations as appropriate;

(2) Other temporary closures shall be effective upon notice as prescribed in § 36.42(f);

(3) Temporary closures or restrictions shall extend only for so long as necessary to achieve their purposes, and in no case may exceed 12 months or be extended beyond that time.

(e) *Permanent closures or restrictions.* Permanent closures or restrictions shall be made only after notice and public hearings in the affected vicinity and other locations as appropriate, and after publication in the FEDERAL REGISTER.

(f) *Notice.* Emergency, temporary or permanent closures or restrictions shall be: (1) Published in at least one newspaper of general circulation in the State and in at least one local newspaper if available, posted at community post offices within the vicinity affected, made available for broadcast on local radio stations in a manner reasonably calculated to inform residents in the affected vicinity, and designated on a map which shall be available for public inspection at the office of the Refuge Manager and other places convenient to the public; or

(2) Designated by the posting of appropriate signs; or

(3) Both.

(g) *Openings.* In determining whether to open an area to public use or activity otherwise prohibited, the Refuge Manager shall provide notice in the FEDERAL REGISTER and shall, upon request, hold a hearing in the affected vicinity and other location, as appropriate prior to making a final determination.

(h) Except as otherwise specifically permitted under the provision of this part, entry into closed areas or failure to abide by restrictions established under this section is prohibited.

#### Subpart A—General Provisions

##### § 37.1 Purpose.

These regulations implement the requirement of section 1002(d) of the Alaska National Interest Lands Conservation Act, 94 Stat. 2450, as amended, 16 U.S.C. 3142(d), that the Secretary establish guidelines governing surface geological and geophysical exploration for oil and gas within the coastal plain of the Arctic National Wildlife Refuge. Section 1002 mandates an oil and gas exploration program for the refuge's coastal plain. The program shall culminate in a report to Congress which contains, among other things, the identification of those areas within the coastal plain that have oil and gas production potential, an estimate of the volume of oil and gas concerned, the

description of the wildlife, its habitat, and other resources that are within the areas identified, and an evaluation of the adverse effects that the carrying out of further exploration for, and the development and production of, oil and gas within such areas will have on the refuge's resources. It is the objective of this program to ascertain the best possible data and information concerning the probable existence, location, volume, and potential for further exploration, development, and production of oil and gas within the coastal plain without significantly adversely affecting the wildlife, its habitat, or the environment and without unnecessary duplication of exploratory activities. These regulations prescribe the requirements and procedures for obtaining authorization for and the conduct of such exploratory activities, and for submitting to the Department the resulting data and information. These regulations also describe other matters relating to the administration of the program.

### § 37.2 Definitions.

The following definitions are applicable to the sections of this part.

(a) *Act* means section 1002 of the Alaska National Interest Lands Conservation Act, 94 Stat. 2449, as amended by section 110 of Pub. L. 97-394, 96 Stat. 1982, 16 U.S.C. 3142.

(b) *Adequate protective cover* means snow or a frostline, or both, sufficient to protect the vegetation and soil from significant adverse effects due to the operation of surface equipment, as determined by the Regional Director.

(c) *Coastal lagoons* means the waters and submerged lands between the mainland and the offshore barrier islands that lie between Brownlow Point and the Aichilik River within the coastal plain.

(d) *Coastal plain* means that area shown on the map entitled "Arctic National Wildlife Refuge", dated August 1980, and legally described in appendix I of this part.

(e) *Cultural resource* means any district, site, building, structure, or object significant in American history, architecture, archeology, engineering or culture, as determined in accordance with 36 CFR 60.6.

(f) *Department* means the Department of the Interior and any of its component bureaus and offices.

(g) *Director* means the Director of the U.S. Fish and Wildlife Service or his authorized representative.

(h) *Exploration plan* means the way in which a program of exploratory activities is proposed to be arranged and carried out.

(i) *Exploratory activities* means surface geological exploration or seismic exploration or both of the coastal plain and all related activities and logistics required for either or both, and any other type of geophysical exploration of the coastal plain which involves or is a component of an exploration program for the coastal plain involving surface use of refuge lands and all related activities and logistics required for such exploration.

(j) *Harass* means to pursue, hunt, take, capture, molest, collect, harm, shoot or kill or attempt to engage in any of the preceding by either intentional or negligent act or omission.

(k) *Hazardous substances* means petroleum, petroleum products, toxic materials, chemical effluent, explosives, or other materials which are likely to cause significant adverse effects to the refuge's wildlife, its habitat, the environment, or humans.

(l) *Permittee* means the person authorized by a special use permit issued pursuant to this part to conduct exploratory activities on the coastal plain; any official, employee, contractor, subcontractor or agent of the permittee or of the permittee's designee; and any participant to the permittee's permit.

(m) *Person* means any individual, partnership, firm, corporation, association, organization, or agency.

(n) *Plan of operation* means detailed procedures, covering a period not to exceed 12 months, proposed for executing an exploration plan.

(o) *Processed, analyzed and interpreted data or information* means any data or information which results from any subsequent modification, processing, analysis, or interpretation of raw data and information by human or electronic means, on or off the refuge.

(p) *Raw data and information* means all original observations and recordings in written or electronic form and

samples obtained during field operations.

(q) *Refuge* means the Arctic National Wildlife Refuge.

(r) *Regional Director* means the Regional Director, Region 7 of the U.S. Fish and Wildlife Service, or his authorized representative.

(s) *Rehabilitation* means the act of returning the landform and vegetation to as near its original shape and condition as practicable, as determined by the Regional Director.

(t) *Secretary* means the Secretary of the Interior or his authorized representative.

(u) *Service* means the U.S. Fish and Wildlife Service.

(v) *Solicitor* means the Solicitor of the Department of the Interior or his authorized representative.

(w) *Special use permit* means a revocable, nonpossessory privilege issued in writing by the Regional Director and authorizing the permittee to enter and use the refuge for a specified period to conduct exploratory activities, and other activities necessary thereto.

(x) *Support facilities* means facilities on or near the refuge used to provide logistical support for the field exploratory activities.

(y) *Third party* means any person other than a representative of the permittee or the United States government.

(z) *Waste* means all material for discard from exploratory activities. It includes, but is not limited to, human waste, trash, garbage, refuse, fuel drums, shot wire, survey stakes, explosives boxes, ashes, and functional and nonfunctional equipment.

(aa) *Wildlife* means fish or wildlife or both.

### § 37.3 Other applicable laws.

(a) Nothing in this part shall be construed to relieve a permittee or any person from complying with any applicable federal laws or any applicable state and local laws, the requirements of which are not inconsistent with this part.

(b) Until the litigation between the United States and the State of Alaska over title to the submerged lands of the coastal lagoons, “United States v. Alaska”, Sup. Ct., No. 84, Orig. (1979), is

resolved, the permittee shall satisfy both federal and state requirements for conducting oil and gas exploration in the coastal lagoons. In the event of an inconsistency between such requirements the permittee shall satisfy that requirement which provides the greatest environmental protection.

### § 37.4 Disclaimer and disqualification.

(a) Authorization granted under this part to conduct exploratory activities shall not confer a right to any discovered oil, gas, or other mineral in any manner.

(b) Any person who obtains access pursuant to § 37.54 to data and information obtained as a result of carrying out exploratory activities shall be disqualified from obtaining or participating in any lease of the oil and gas to which such data and information pertain. Any person who obtains access to data and information obtained as a result of carrying out exploratory activities from any person other than the permittee who obtained such data and information shall be disqualified from obtaining or participating in any lease of the oil and gas to which such data and information pertain.

## Subpart B—General Requirements

### § 37.11 General standards for exploratory activities.

(a) No exploratory activities shall be conducted without a special use permit. Requirements and procedures for obtaining a special use permit are prescribed in §§ 37.21 through 37.23.

(b) Exploratory activities shall be conducted so that they do not:

(1) Significantly adversely affect the refuge’s wildlife, its habitat, or the environment;

(2) Unnecessarily duplicate exploratory activities of the permittee or another permittee; and

(3) Unreasonably or significantly interfere with another permittee’s activities.

(c) Reexamination of an area may be permitted by the Regional Director if necessary to correct data deficiencies or to refine or improve data or information already gathered.

(d) Drilling of exploratory wells is prohibited.

**§ 37.12 Responsibilities of permittee.**

(a) The permittee shall comply and shall be responsible for the compliance of its officials, employees, contractors, subcontractors and agents with the regulations of this part, the terms and conditions of its special use permit, the provisions of its approved exploration plan and plan or operation, and all reasonable stipulations, demands and orders issued by the Regional Director. All actions by the permittee inconsistent with this part are prohibited.

(b) The permittee shall designate a general representative who shall be the person primarily accountable for managing the permittee's authorized activities, and a field representative who shall be the person primarily accountable for supervising the permittee's field operations, and their alternates. The Regional Director shall be informed of the names, addresses, and telephone numbers of the persons designated pursuant to this paragraph and of the procedures for contacting them on a 24-hour basis, including the radio frequency for field operations, at the time the permittee submits its first plan of operation pursuant to § 37.24. The permittee shall notify the Regional Director promptly of any changes in such personnel or the procedures for contacting them.

(c) Field operations shall be conducted by the permittee or a designee approved by the Regional Director. Assignment of a designee shall be in a manner and form acceptable to the Regional Director. The Regional Director shall approve or disapprove a permittee's designee within 30 days following the receipt of such information as the Regional Director may require from the permittee and designee in order to reach his decision. Acceptance of a designee to act for the permittee in matters relating to the conduct of exploratory activities does not relieve the permittee of responsibility for compliance with applicable laws, its special use permit, exploration plan, plan of operation, and all reasonable stipulations, demands and orders of the Regional Director. The designee will be considered the agent of the permittee and will be responsible for complying fully with the obligations of the permittee. The serving of stipulations, de-

mands, orders, and notices on the permittee's designee, when delivered personally or by radio or mail, will be deemed to be service upon the permittee. The permittee shall notify the Regional Director in writing when assignment of a designee has been cancelled. A designee cannot reassign its designation to another party. The permittee or designee shall notify the Regional Director 10 working days in advance of its intention to commence field operations for each season that it conducts exploratory activities.

(d) The permittee shall submit to the Regional Director 30 days prior to the commencement of field operations for each year covered by its exploration plan an updated list of the names and addresses of all persons participating in the exploratory activities covered thereby or sharing in the data and information resulting therefrom through a cost-sharing or any other arrangement.

(e) The permittee shall perform operations and maintain equipment in a safe and workmanlike manner. The permittee shall take all reasonable precautions necessary to provide adequate protection for the health and safety of life and the protection of property and to comply with any health and safety requirements prescribed by the Regional Director.

**§ 37.13 Group participation.**

(a) To avoid unnecessary duplication of exploratory activities, the permittee shall, if ordered by the Regional Director, afford all interested persons, through a signed agreement, an opportunity to participate in its exploratory activities. Within 60 days following such order, the permittee shall provide evidence satisfactory to the Regional Director of its compliance therewith. The permittee shall provide the Regional Director with the names and addresses of all additional participants, as they join.

(b) If, with the approval of the Regional Director, the permittee at any time changes any provisions of its approved exploration plan relating to areal extent, intensity of exploratory activities, or logistical support, and the Regional Director determines such changes to be significant, the Regional

## § 37.21

Director may require the permittee to afford all interested persons another opportunity to participate in the permitted exploratory activities in accordance with paragraph (a) of this section.

(c) The requirements of this section do not preclude the permittee from initiating field operations as authorized under its special use permit.

(d) All participants shall be bound by the regulations of this part, the permittee's special use permit, approved exploration plan and plan of operation and any reasonable stipulations, demands and orders issued by the Regional Director.

### § 37.14 Bonding.

(a) Before the issuance of its special use permit, any applicant whose exploration plan has been approved under § 37.22 shall furnish to the Service a surety bond of not less than \$100,000, or other security satisfactory to the Service, to secure performance of its exploration plan and plan(s) of operation and compliance with the permit and this part. Such surety bond shall be issued by qualified surety companies approved by the Department of the Treasury (see Department of the Treasury Circular No. 570). Such bond shall be maintained by the permittee for the benefit of the Service until the Regional Director notifies the permittee in writing that all terms and conditions of its exploration plan, special use permit, plan of operation, and this part have been met or otherwise consents to its cancellation or termination. Any bond furnished or maintained by a person under this section shall be on a form approved or prescribed by the Regional Director. The Regional Director may require an increase in the amount of any bond or other security to be furnished and any outstanding bond or security or require a new bond or security whenever additional coverage is needed to secure performance of its exploration plan and plan(s) of operation and compliance with the permit and this part or is needed as a consequence of default.

(b) Whenever a permittee's exploration plan, plan of operation, or special use permit is revised or modified, the permittee shall provide to the Re-

gional Director within 30 days thereafter an acknowledgement by the surety that its bond continues to apply to the exploration plan, plan of operation or special use permit, as revised or modified, unless a waiver of notice to the surety is contained in the bond or the surety is not otherwise released by the revision or modification, or unless the permittee provides to the Service an increased or additional bond.

(c) Recovery of the amount specified in the permittee's bond or other security shall not preclude the Department from seeking specific performance by the permittee of any obligations not satisfied by enforcement of the bond or security, or compensation for any damages, losses or costs due to the permittee's activities which exceed the amount recovered, by pursuing the Department's legal remedies.

## Subpart C—Exploration Plans

### § 37.21 Application requirements.

(a) Prior to submitting an exploration plan, applicants may meet with the Regional Director to discuss their proposed plans and exploratory activities and the requirements of this part.

(b) Any person wanting to conduct exploratory activities may apply for a special use permit by submitting for approval one or more written exploration plans, in triplicate, to the Regional Director, Region 7, U.S. Fish and Wildlife Service, 1011 East Tudor Road, Anchorage, Alaska 99503. To be considered, exploration plans covering the period from the inception of the program through May 31, 1986, or any portions thereof, must be received by the Regional Director during normal business hours on May 20, 1983; exploration plans covering exploratory activities other than seismic exploration for the period from June 1, 1984, through May 31, 1986, or any portions thereof, must be received by the Regional Director during normal business hours on April 2, 1984; and exploration plans covering, but not limited to, seismic exploration for the period from October 1, 1984, through May 31, 1986, or any portions thereof, must be received by the Regional Director during normal business hours on June 4, 1984.

(c) In addition to containing the information required in paragraph (d) of this section, any exploration plan submitted shall describe the applicant's plan for carrying out an integrated program of exploratory activities in such a manner as will satisfy the objective and limitations stated in § 37.1. If an applicant submits an exploration plan on May 20, 1983 with the intention of submitting another exploration plan on March 1, 1984, the applicant shall describe in its initial plan how its future exploratory activities will be integrated with those proposed under its initial plan. Any applicant submitting an exploration plan on May 20, 1983 which incorporates preliminary field investigations and/or surface geological exploration proposed to commence before August 1, 1983 may submit a written request to the Regional Director for an expedited review and approval of that portion of the exploration plan covering such preliminary investigations and/or exploration. Each exploration plan submitted must be published and be the subject of a public hearing in accordance with requirements of § 37.22(b).

(d) An exploration plan shall set forth in general terms such information as is required by this part and by the Regional Director in determining whether the plan is consistent with this part, including, but not limited to:

(1) The name and address of any person who will conduct the proposed exploratory activities, i.e., the applicant/permittee, and, if that person is an agency, firm, corporation, organization, or association, the names and addresses of the responsible officials, or, if a partnership, the names and addresses of all partners;

(2) The names and addresses of all persons planning at the time of plan submittal to participate in the proposed exploratory activities or share in the data and information resulting therefrom through a cost-sharing or any other arrangement;

(3) Evidence of the applicant's technical and financial ability to conduct integrated and well designed exploratory activities in an arctic or sub-arctic environment and of the applicant's responsibility in complying with

any exploration permits previously held by it;

(4) A map at a scale of 1:250,000 of the geographic areas in which exploratory activities are proposed and of the approximate locations of the applicant's proposed geophysical survey lines, travel routes to and within the refuge, fuel caches, and major support facilities;

(5) A general description of the type of exploratory activities planned, including alternate exploratory methods and techniques if proposed, and the manner and sequence in which such activities will be conducted;

(6) A description of how various exploratory methods and techniques will be utilized in an integrated fashion to avoid unnecessary duplication of the applicant's own work;

(7) A schedule for the exploratory activities proposed, including the approximate dates on which the various types of exploratory activities are proposed to be commenced and completed;

(8) A description of the applicant's proposed communication techniques;

(9) A description of the equipment, support facilities, methods of access and personnel that will be used in carrying out exploratory activities;

(10) A hazardous substances control and contingency plan describing actions to be taken to use, store, control, clean up, and dispose of these materials in the event of a spill or accident;

(11) A general description of the anticipated impacts that the proposed exploratory activities may have on the refuge's wildlife, its habitat, the environment, subsistence uses and needs, and cultural resources, and a description of mitigating measures which will be implemented to minimize or avoid such impacts;

(12) A description of the proposed procedures for monitoring the environmental impacts of its operation and its compliance with all regulatory and permit requirements;

(13) A statement that, if authorized to conduct exploratory activities, the applicant shall comply with this part, its special use permit, its approved exploration plan, plan of operation, and all reasonable stipulations, demands and orders issued by the Regional Director;

(14) A description of the applicant's proposed data quality assurance and control program; and

(15) Such other pertinent information as the Regional Director may reasonably require.

[48 FR 16858, Apr. 19, 1983, as amended at 49 FR 7570, Mar. 1, 1984]

**§ 37.22 Approval of exploration plan.**

(a) An exploration plan shall be approved by the Regional Director if he determines that it satisfies the requirements of § 37.21 (c) and (d) and is otherwise consistent with the Act and the regulations of this part. In order to meet the objective and limitations stated in § 37.1, enforce the standards stated in § 37.11(b), or minimize adverse impacts on subsistence uses, the Regional Director may approve or disapprove any exploration plan in whole or in part or may require, as a condition of approval, an applicant to conduct its exploratory activities in an assigned area or jointly with other applicants or to make such modification in its exploration plan as he considers necessary and appropriate to make it consistent with this part. No plan shall be approved if the applicant submitting it does not demonstrate to the reasonable satisfaction of the Regional Director its adequate technical and financial ability to conduct integrated and well designed exploratory activities in an arctic or subarctic environment, and a history of responsible compliance with any exploration permits that it or its responsible officials or partners may have previously held.

(b) Upon receipt of an exploration plan submitted in accordance with § 37.21(b), the Regional Director shall promptly publish notice of the application and text of the plan in the FEDERAL REGISTER and newspapers of general circulation in the State of Alaska. The Regional Director shall determine within 90 days after the plan is submitted whether the plan is consistent with this part. The Regional Director may extend this 90-day period for up to 30 additional days upon written notice to the applicant. Before making his determination, the Regional Director shall hold at least one public hearing in the State for the purpose of receiving public comments on the plan and

may confer with the applicant whenever he deems it necessary. The Regional Director shall give the applicant written notice of his determination.

(c) Whenever the Regional Director disapproves an exploration plan in whole or in part, he shall notify the applicant in writing of the reasons for his disapproval. The applicant may request the Director to consider that which was disapproved by the Regional Director by filing a written request with the Director, U.S. Fish and Wildlife Service, Department of the Interior, Washington, DC 20240, within 30 days from the date of disapproval. Such a request shall not operate to stay the Regional Director's disapproval. The request shall:

(1) State fully the basis for the applicant's disagreement with the Regional Director's determination;

(2) Include any statement or documentation, in addition to that already submitted by the applicant with its application, which demonstrates that the applicant's exploration plan is consistent with this part; and

(3) Indicate whether or not the applicant requests an informal hearing before the Director.

The Director shall provide an informal hearing if requested by the applicant. Within 30 days of the receipt of the applicant's request for reconsideration or of the applicant's hearing, if any, whichever is later, the Director shall affirm, reverse, or modify the Regional Director's determination. Written notice of the Director's decision and the reasons therefor shall be provided promptly to the applicant. The Director's decision shall constitute the final administrative decision of the Secretary in the matter. Nothing in this part shall be construed to deprive the Secretary or the Assistant Secretary for Fish and Wildlife and Parks of the authority to take jurisdiction at any stage of any appeal or request for reconsideration and render the final decision in the matter after holding any informal hearing that may be required, to review any decision of the Regional Director or Director, or to direct the Regional Director or Director to reconsider a decision.

### § 37.23

(d) The Regional Director, as a condition of approval of any exploration plan under this section, shall:

(1) Require that all data and information (including processed, analyzed and interpreted information) obtained as a result of carrying out the plan shall be submitted to the Regional Director, as provided in § 37.53;

(2) Make such data and information available to the public, except that any processed, analyzed and interpreted data or information shall be held confidential by the Department for a period of not less than 10 years following the submission of such data or information to the Regional Director or 2 years following any lease sale including the area within the refuge from which the information was obtained, whichever period is longer, as provided in § 37.54; and

(3) Require that all raw data and information obtained as a result of carrying out the plan shall be made available by the permittee to any person at fair cost.

(e) In the course of evaluating an exploration plan, the Regional Director shall also evaluate the effect of the proposed exploratory activities on subsistence uses and needs, the availability for exploration of alternate areas within the coastal plain, and alternatives to the proposed activities which would reduce or eliminate the use of areas within the coastal plain needed for subsistence purposes. If the Regional Director finds that the exploration plan, if approved, would significantly restrict subsistence uses, he shall satisfy the requirement to hold a hearing on this issue by incorporating it in any hearing held pursuant to paragraph (b) of this section and shall otherwise satisfy the procedural requirements of section 810(a) of the Alaska National Interest Lands Conservation Act, 94 Stat. 2427, 16 U.S.C. 3120, before approving the plan.

#### § 37.23 Special use permit.

(a) Within 45 days, or sooner if practicable, of approving an exploration plan, or portion thereof, the Regional Director shall, unless prohibited by law, issue a special use permit to authorize the permittee to proceed with those exploratory activities described

### 50 CFR Ch. I (10–1–06 Edition)

and approved in its exploration plan, or portion thereof, provided that the requirements of § 37.14(a) have been satisfied. The special use permit may contain such terms and conditions and may be amended from time to time as the Regional Director deems necessary and appropriate to carry out the Act and this part.

(b) Before issuing a special use permit to authorize exploration of lands within the coastal plain allotted pursuant to the Act of May 17, 1906, 34 Stat. 197, as amended by the Act of August 2, 1956, 70 Stat. 954, or on lands within the coastal plain the surface estate in which has been selected by or conveyed to the Kaktovik Inupiat Corporation pursuant to Sections 12 and 14 of the Alaska Native Claims Settlement Act, 85 Stat. 701 and 702, 43 U.S.C. 1611 and 1613, the Regional Director shall seek the views of the holder of such approved native allotment or the Corporation for the purpose of developing permit conditions designed to mitigate the effects of such exploration on its interests.

#### § 37.24 Plan of operation.

Each approved exploration plan shall be supplemented by a written plan of operation for each fiscal year, or portions thereof, covered by the exploration plan. Each plan of operation shall specify the field operations for implementing that exploration plan during the year, or portions thereof, covered by the plan of operation. Each plan of operation shall be submitted to the Regional Director at least 30 days before field operations are to be commenced thereunder, except that any plan of operation supplementing a portion of an exploration plan that received expedited review and approval pursuant to § 37.21(c) shall be submitted 10 days before field operations are to be commenced thereunder. A plan of operation shall set forth such specific information as is required by the Regional Director in determining whether the plan is consistent with the exploration plan to which it pertains and with this part. The permittee shall make such modifications in its plan of operation as are deemed at any time by the Regional Director to be necessary and appropriate to ensure such consistency.

Reconsideration of the Regional Director's actions under this section may be obtained by employing the procedures described in § 37.22(c).

#### § 37.25 Revision.

(a) A permittee may request the Regional Director for permission to revise its approved exploration plan. Until the Regional Director grants the permittee's request, no revision of its exploration plan shall be implemented. Such request shall be deemed to be granted on the 10th working day following its receipt unless the Regional Director denies the request; advises the permittee that the proposed revision is major and, therefore, must satisfy the publication and hearing requirements of § 37.22(b) before it can be acted upon; by timely written notice extends the period for considering the request; conditionally approves the proposed revision with such modifications as he stipulates are necessary and appropriate; or, unconditionally approves the proposed revision within a shorter period. No revision of an exploration plan shall be approved that is inconsistent with the Act or this part. Approval of any revision is subject to the conditions stated in § 37.22(d) to the extent that they are pertinent.

(b) Upon 10 working days advance notice to the Regional Director of its proposed revision, or within such lesser period as may be concurred in by the Regional Director, a permittee may implement a revision of its plan of operation, provided that such revision is consistent with the exploration plan to which the plan of operation pertains and this part. The Regional Director may require the permittee to defer, modify, or rescind such revision whenever he determines that such action is necessary and appropriate to ensure such consistency.

(c) Reconsideration of the Regional Director's actions under this section may be obtained by employing the procedures described in § 37.22(c). A request for reconsideration shall not operate to stay the Regional Director's actions unless such stay is granted in writing by the Director.

### Subpart D—Environmental Protection

#### § 37.31 Environmental protection.

(a) The permittee shall conduct operations in a manner which avoids significant adverse effects on the refuge's wildlife, its habitat, and environment. The Regional Director may impose stipulations to supplement the permittee's special use permit and issue other orders as needed to ensure that the permittee's activities are conducted in a manner consistent with this part. If, after 30 days, or in emergencies such shorter periods as shall not be unreasonable, following a demand by the Regional Director, the permittee shall fail or refuse to perform any action required by this part, its exploration plan, plan of operation, special use permit, or a stipulation or order of the Refuge Manager, the department shall have the right, but not the obligation, to perform any or all such actions at the sole expense of the permittee. Prior to making such demand, the Regional Director shall confer with the permittee, if practicable to do so, regarding the required action or actions included in the demand. Reconsideration of the Regional Director's demands under this section may be obtained by employing the procedures described in § 37.22(c). A request for reconsideration shall not operate to stay the Regional Director's demands or the Department's performance pursuant to this section unless such stay is granted in writing by the Director.

(b) *Terrestrial environment.* (1) Vehicles shall be operated in a manner such that the vegetative mat or soil is not significantly damaged or displaced. Blading of snow on trails or campsites shall be limited so as to maintain an adequate protective cover.

(2) Ground vehicles shall be of the type causing the least practicable harm to the surface, such as Nodwell FN-110 or FN-60 or Bombardier track vehicles, mobile camps on flexible tracks or skids, vibrator units on flexible tracks or wheels, D-7 Caterpillar tractors, or their equivalent. They shall be operated only in the winter and where there is adequate protective cover. Vehicle operation shall cease in the spring when the Regional Director

§ 37.31

50 CFR Ch. I (10-1-06 Edition)

determines that the protective cover is no longer adequate. Operation of ground vehicles in the summer is prohibited.

(3) Movement of equipment through riparian willow stands shall be avoided, except when approved by the Regional Director.

(4) Above ground explosive charges shall be utilized in a manner to minimize damage to the vegetative mat.

(5) Campsites may be located on lakes which are frozen throughout, including bottom sediments, on durable ground, and on lagoons which are frozen to sufficient depth to ensure safety of personnel, but shall not be located on river ice. Durable ground can include gravel or sand bars or vegetated ground with adequate protective cover.

(6) Campsites and trails shall be kept clean of waste.

(7) Gray water may be discharged to the surface provided it is filtered, disinfected, and not discharged directly into lakes and rivers.

(8) The permittee shall take all precautionary measures necessary to prevent and suppress man-caused tundra fires and shall notify the Regional Director of the occurrence of any tundra fires immediately or as soon as communication can be established.

(9) Rehabilitation of disturbed surface areas shall be accomplished by the permittee in accordance with schedules and a plan required and approved by the Regional Director. Revegetation shall be accomplished exclusively with endemic species.

(10) The permittee shall not harass wildlife in any manner, including, but not limited to, close approach by surface vehicles or aircraft. Aircraft should maintain an altitude of at least 1500 feet above ground level whenever practicable.

(11) No explosives shall be detonated within 1/2 miles of any known denning brown or polar bear or any muskoxen or caribou herd.

(12) The permittee shall operate in such a manner as not to impede or restrict the free passage and movement of large mammals, including caribou, muskoxen, moose, polar bear, and brown bear.

(13) Feeding of wildlife is prohibited. This includes the leaving of garbage or

edibles in a place which would attract wildlife. Garbage shall be kept in covered animal-proof containers while awaiting incineration.

(14) Hunting, fishing, and trapping by the permittee within the refuge are prohibited during the conduct of exploratory activities. Employing firearms in defense of life and property is allowed.

(c) *Aquatic environment.* (1) The permittee shall not significantly alter the banks of streams, rivers, or lakes while conducting exploratory activities. Crossings of stream, river, or lake banks shall utilize a low angle approach or, if appropriate, snow bridges. If snow bridges are utilized for bank protection they shall be free of dirt and debris and shall be removed after use or prior to breakup each year, whichever occurs first.

(2) No water shall be removed from any subsurface source. Removal of water or snow cover from or compaction of snow cover on streams, rivers or lakes identified by the Regional Director as inhabited by fish shall be prohibited during the winter.

(3) To protect fish and other aquatic fauna, high explosives shall not be detonated within, beneath, on or in close proximity to fish-bearing waters unless prior drilling indicates that the water body, including its substrate, is solidly frozen. The minimum acceptable offset from fishing-bearing waters for various size charges is:

- 1 pound charge—50 feet
- 2 pound charge—75 feet
- 5 pound charge—125 feet
- 10 pound charge—150 feet
- 25 pound charge—250 feet
- 100 pound charge—500 feet

Use of a charge in excess of 100 pounds shall be approved by the Regional Director and shall be in a manner prescribed or approved by him.

(4) All operations shall be conducted in a manner that will not impede the passage of fish, disrupt fish spawning, overwintering or nursery areas identified by the Regional Director or block or change the character or course of, or cause significant siltation or pollution of any stream, river, pond, pothole, lake, lagoon, or drainage system.

(5) Ground vehicles shall not cross active spring areas.

(d) *Cultural resources.* (1) Prior to implementing any plan of operation, the permittee shall obtain from the Regional Director copies of the cultural resource reconnaissance reports, maps and other available documents which identify all known cultural resource sites and areas of predicted high probability of containing cultural resources. The Regional Director may reasonably restrict or prohibit exploratory activities in these areas and, in accordance with 36 CFR part 800, thereby mitigate, minimize or avoid any adverse effects thereon.

(2) Unless otherwise specified by the Regional Director, the following prohibitions shall be in effect:

(i) No vehicle of any type shall pass over or through a known cultural resource site with standing structures; and

(ii) No seismic train shall camp on a known cultural resource site.

(3) If any exploratory activities require entry into areas known to contain historic or archeological resources, high probability areas, or areas previously unsurveyed for cultural resources, prior to the initiation of such activities, the permittee shall, if ordered by the Regional Director, locate, identify and evaluate properties eligible for listing on the National Register of Historic Places, recover for the Department historic and archeological data contained in such properties, and take other measures, as directed by the Regional Director, designed to mitigate, minimize or avoid to the extent practicable any significant adverse effects on them. Such efforts shall be done in a manner prescribed or approved by the Regional Director in accordance with a programmatic memorandum of agreement among the Service, the State Historic Preservation Officer and the Advisory Council on Historic Preservation, and without expense or liability to the Department.

(e) *General.* (1) All spills or leakages of any hazardous substances, fires, fatalities, and any other conditions which threaten the refuge's resources, the environment, or human safety, shall be reported by the permittee to the Regional Director immediately or as soon as communication can be established. Other notifications shall be

made by the permittee as required by applicable laws.

(2) All combustible solid waste shall be incinerated or returned to the permittee's base of operations for disposal in accordance with applicable federal, state and local standards. All non-combustible solid waste, including, but not limited to, fuel drums and shot wire, shall be returned to the permittee's base of operations for disposal in accordance with applicable federal, state and local standards.

(3) No discharge of petroleum, petroleum products, or toxic materials shall be made within the refuge. All hazardous substances utilized and/or generated in conducting exploratory activities shall be contained, controlled, and cleaned up in accordance with the permittee's approved hazardous substances control and contingency plan. Such measures shall take precedence over all other matters except human safety.

(4) Unless exigencies warrant, in any field operations employing surface geological exploration, the equipment, facilities, and personnel used within the coastal plain shall not exceed that necessary to support a maximum of 6 simultaneously operating surface geological survey crews, and in any field operations employing seismic exploration methods, the equipment, facilities, and personnel used within the coastal plain shall not exceed that necessary to support a maximum of 6 simultaneously operating seismic survey crews.

(5) No fuel storage facilities shall be placed within the annual floodplain of fish-bearing watercourses or within 100 feet of any other water body, and no vehicle refueling shall occur within such areas except when approved by the Regional Director. All fuel storage sites shall be approved by the Regional Director. Fuel containers shall be properly stored and marked with the permittee's name, type of fuel, and last date of filling. All fuel containers with a storage capacity greater than 55 gallons shall be of double-wall construction. All fuels containers, including those emptied, shall be capped when not in actual use. All fuel containers placed within the annual floodplain of

### § 37.32

### 50 CFR Ch. I (10-1-06 Edition)

fish-bearing watercourses shall be removed prior to breakup.

(6) The permittee shall not disturb or damage any geodetic land survey monuments. If any monument is disturbed or damaged, the permittee shall reestablish it in a manner acceptable to the Regional Director.

(7) The timing and location of the detonation of explosives shall be approved in advance by the Regional Director.

(8) No permanent structures or facilities will be erected within the coastal plain. The type and location of temporary structures and facilities including, but not limited to, ice airstrips, for use in support of exploratory activities must be approved by the Regional Director.

#### § 37.32 Special areas.

(a) *Caribou calving and post-calving special areas.* The Regional Director shall designate within the coastal plain specific caribou calving and post-calving special areas which shall be closed to all exploratory activities for such periods between May 10 and July 15 of each year as those areas are determined by the Regional Director to be used for caribou calving and post-calving or both so as to ensure that exploratory activities do not significantly adversely affect calving and post-calving caribou. No exploratory activities shall be conducted in such designated areas during such periods.

(b) *Muskoxen calving special areas.* Whenever he deems it necessary or appropriate to ensure that exploratory activities do not significantly adversely affect calving muskoxen, the Regional Director shall designate within the following areas specific areas which shall be closed to all exploratory activities for such periods between April 15 and June 5 of each year as those areas are determined by the Regional Director to be used for muskoxen calving. No exploratory activities shall be conducted in such designated areas during such periods.

(1) One generally encompassing the Tamayariak uplands bordered on the east by the Tamayariak River, on the northwest by the Canning River, on the east by a north-south line intersecting the benchmark "Can", and on the

south by an east-west line also intersecting the benchmark "Can".

(2) One generally encompassing the Carter Creek uplands, bordered on the east by the Sadlerochit River, on the north by the mainland coastline, on the west by Carter Creek, and on the south by an east-west line approximately six miles inland from the coastline.

(3) One generally encompassing the Niguanak hills, bordered on the east by the Angun River, on the north by the mainland coastline, on the west by a line parallel to and two miles west of the Niguanak River, crossing portions of the Okerokovik River, and extending south to the southern boundary of the coastal plain, and on the south by the southern boundary of the coastal plain.

(c) *Brown bear and polar bear denning special areas.* Whenever he deems it necessary or appropriate to ensure that exploratory activities do not significantly adversely affect denning bears, the Regional Director shall designate within the coastal plain brown bear and polar bear denning sites within ½ mile of which all exploratory activities shall be prohibited for such periods between October 1 of one year and April 30 of the following year as are prescribed by the Regional Director.

(d) *Snow goose staging special areas.* Whenever he deems it necessary or appropriate to ensure that exploratory activities do not significantly adversely affect staging snow geese, the Regional Director shall designate within the general area bordered on the east by the Aichilik River, on the north by the mainland coastline, on the west by the Hulahula River, and on the south by the southern boundary of the coastal plain, specific snow goose staging special areas which shall be closed to all exploratory activities during such periods between August 20 and September 10 of each year as those areas are determined by the Regional Director to be used for snow goose staging. No exploratory activities shall be conducted in such designated areas during such periods.

(e) In addition, the Regional Director may designate specific areas within the coastal plain that are important for other wildlife or that encompass lands the surface estate in which is owned by

holders of approved native allotments or the Kaktovik Inupiat Corporation as special areas in which exploratory activities may be prohibited, conditioned or otherwise restricted in such manner and for such period as prescribed by the Regional Director to avoid significant adverse effects from exploratory activities.

(f) The Regional Director shall notify the permittee of the locations of designated special areas and of the applicable limitations on its exploratory activities as far in advance of the effective dates of such limitations as is possible. The Regional Director may modify or remove such designations and limitations whenever he determines that they are no longer necessary to protect the resources or values of such special areas from significant adverse effects.

(g) No exploratory activities shall be conducted by any permittee at any time within  $\frac{1}{2}$  mile of the source of the Sadleochit Spring or within  $\frac{1}{4}$  mile on either side of Sadlerochit Spring Creek for a distance of 5 miles downstream from its source.

#### **§ 37.33 Environmental briefing.**

The permittee shall provide opportunities for the Regional Director to conduct environmental and other pertinent briefings for all of its personnel involved in field operations prior to commencement of field work and periodically thereafter as the Regional Director may determine. The permittee shall require the attendance of its personnel and arrange the time and place for such briefings upon the request of the Regional Director. In addition, the permittee shall provide a copy of this part to each employee involved with its exploratory activities.

### **Subpart E—General Administration**

#### **§ 37.41 Responsibilities of the Regional Director.**

The Regional Director is authorized to approve and disapprove exploration plans; issue special use permits; inspect and regulate exploratory activities; require compliance with the permittee's approved exploration plan, plan of operation, this part, and other statutes and regulations under which the refuge

is administered; and perform all other duties assigned to the Regional Director by this part. The Regional Director may issue written or oral stipulations, demands and orders to carry out his responsibilities, and amend and terminate them as he deems appropriate. Any oral stipulation, demand or order shall be confirmed in writing within 3 working days from its issuance.

#### **§ 37.42 Inspection and monitoring.**

The Regional Director may designate field representatives, hereinafter known as Field Monitors, to monitor the exploratory activities in the field. A Field Monitor may exercise such authority of the Regional Director as is provided by delegation, except that a Field Monitor may not revoke a permittee's special use permit, and provided that any order issued by a Field Monitor which suspends all of a permittee's field activities shall, except in emergencies, require the concurrence of the Regional Director. The Regional Director shall have a continuing right of access to any part of the exploratory activities at any time for inspection or monitoring and for any other purpose that is consistent with this part. A permittee, upon request by the Regional Director, shall furnish lodging, food, and reasonable use of its communication and surface and air transportation systems, to the Field Monitors and other representatives of the United States for the purposes of inspecting and monitoring the permittee's exploration activities in the field and for any other purpose consistent with this part. Whenever possible, the Regional Director shall give advance notice of the need for such services and facilities, including the names of persons to be accommodated.

#### **§ 37.43 Suspension and modification.**

If at any time while exploratory activities are being carried out under an approved exploration plan and special use permit, the Regional Director, on the basis of information available to him, determines that continuation of further activities under the plan or permit will significantly adversely affect the refuge's wildlife, its habitat, or

the environment, or significantly restrict subsistence uses, or that the permittee has failed to comply with its approved exploration plan, plan of operation, special use permit, any reasonable stipulation, demand or order of the Regional Director, or any regulation of this part, the Regional Director may, without any expense or liability to the Department, suspend activities under the plan and/or permit for such time, or make such modifications to the plan and/or permit, or both suspend and so modify, as he determines necessary and appropriate. Such suspensions shall state the reasons therefore and be effective immediately upon receipt of the notice. Suspensions issued orally shall be followed by a written notice confirming the action within 3 days, and all written notices will be sent by messenger or registered mail, return receipt requested. A suspension shall remain in effect until the basis for the suspension has been corrected to the satisfaction of the Regional Director. For good cause, the Regional Director may also grant at the permittee's request, a written waiver of any provision of its special use permit, so long as such waiver will not be likely to result in significant adverse effects on the refuge's resources. Reconsideration of the Regional Director's actions under this section may be obtained by employing the procedures described in § 37.22(c). A request for reconsideration shall not operate to stay the Regional Director's actions unless such stay is granted in writing by the Director.

**§ 37.44 Revocation and relinquishment.**

For nonuse, for failure to comply with § 37.14, or for any action of the permittee not consistent with this part, the Regional Director may revoke or a permittee may relinquish a special use permit to conduct exploratory activities at any time by sending to the other a written notice of revocation or relinquishment. Such notice shall state the reasons for the revocation or relinquishment and shall be sent by registered mail, return receipt requested, at least 30 days in advance of the date that the revocation or relinquishment will be effective. Revocation or relin-

quishment of a permit to conduct exploratory activities shall not relieve the permittee of the obligation to comply with all other obligations specified in this part and in its special use permit, approved exploration plan and plan of operation. Reconsideration of the Regional Director's actions under this section may be obtained by employing the procedures described in § 37.22(c). A request for reconsideration shall not operate to stay the Regional Director actions unless such stay is granted in writing by the Director.

**§ 37.45 Exploration by the U.S. Geological Survey.**

Notwithstanding the requirement found in § 37.21(b) on when exploration plans shall be submitted, the U.S. Geological Survey may at any time apply for a special use permit to conduct exploratory activities by submitting for approval one or more exploration plans in accordance with the requirements of this part and the Act. No plan submitted by the Survey will be approved unless (1) no other person has submitted a plan for the area involved which satisfies the regulations of this part and (2) the information which would be obtained from the Survey is needed to make an adequate report to Congress pursuant to the Act. Sections 37.13, 37.14, 37.22(d)(3), 37.46, 37.47, and 37.54(d) and the provisions of §§ 37.22(d)(2), 37.53(e), and 37.54 on processed, analyzed and interpreted data or information shall not apply to the Survey. If authorized to conduct exploratory activities, the Survey shall comply with this part in all other respects. All contractors and subcontractors used by the Survey to conduct exploratory activities shall be subject to all of the regulations of this part excepting §§ 37.13 and 37.46 and the provisions of §§ 37.22(d)(2), 37.53(e), and 37.54 on processed, analyzed and interpreted data or information.

**§ 37.46 Cost reimbursement.**

(a) Each applicant for or holder of a special use permit issued under this part shall reimburse the Department for its actual costs incurred, including, but not limited to, its direct costs and indirect costs as established by the indirect cost rate of the charging bureau

or office, in publishing, reviewing (which includes, but is not limited to, conducting any public hearings thereon), modifying, and approving or disapproving the applicant's or permittee's exploration plan(s); reviewing evidence of the permittee's compliance with any order given by the Regional Director under § 37.13; preparing and issuing the permittee's special use permit; reviewing and acting on the permittee's plan(s) of operation; inspecting, monitoring, and enforcing the permittee's compliance with its approved exploration plan(s), plan(s) or operation, special use permit and this part; performing the permittee's obligations pursuant to § 37.31(a); and identifying, evaluating and preserving historic, archeological and cultural resources in areas to be explored by the permittee; as further delineated by the Regional Director.

(b) Each applicant shall submit with each exploration plan submitted a payment, the amount of which shall be an estimate made by the Regional Director of the costs which will be incurred by the Department in publishing, reviewing, modifying and approving or disapproving the applicant's exploration plan.

(1) If the applicant's plan is disapproved or if the applicant withdraws its application before a decision is reached on its plan, the applicant shall be responsible for such costs incurred by the Department in processing the applicant's application up to the date on which the plan is disapproved or the Regional Director receives written notice of the applicant's withdrawal, and for costs subsequently incurred by the Department in terminating the application review process. If the costs actually incurred exceed the estimate paid at the time of application, reimbursement by the applicant of such additional costs shall be due within 30 days of receiving notice from the Regional Director of the additional amount due. If the actual costs incurred are less than the estimate paid by the applicant, the excess shall be refunded to the applicant.

(2) If the applicant's plan is approved, the applicant shall pay an estimate made by the Regional Director of the costs which will be incurred by the De-

partment in preparing and issuing to the applicant a special use permit. The first quarterly payment made by the applicant pursuant to paragraph (c) of this section will be adjusted upward or downward, as warranted, to accurately reflect the actual costs incurred by the Department in processing the permit. If an applicant withdraws after its plan is approved, but before its special use permit is issued, the applicant shall be responsible for such costs incurred by the Department in preparing the applicant's permit up to the date on which the Regional Director receives written notice of the applicant's withdrawal and for costs subsequently incurred by the Department in terminating permit preparation and issuance.

(3) When two or more applications are filed which the Regional Director determines to be in competition with each other, each applicant shall reimburse the Department for such actual costs incurred in processing its exploration plan and special use permit, if issued, except that those costs which are not readily identifiable with one of the applicants, shall be paid by each of the applicants in equal shares.

(c) Upon issuance of a special use permit, the permittee shall make an initial advance payment covering that current fiscal year quarter and quarterly payments thereafter to cover the actual costs incurred by the Department in administering the permittee's permit for its duration. Such costs shall include, but are not limited to, those direct costs and indirect costs, as established by the indirect costs rate of the charging bureau or office, incurred in reviewing and acting on permittee's plan(s) of operation; reviewing evidence of the permittee's compliance with any order given by the Regional Director under § 37.13; preparing and issuing the permittee's special use permit; inspecting, monitoring, and enforcing the permittee's compliance with its approved exploration plan, plan(s) of operation, special use permit and this part; performing the permittee's obligations pursuant to § 37.31(a); and identifying, evaluating and preserving historic, archeological and cultural resources in areas to be explored by the permittee. Each quarterly payment will be paid at the outset of the

quarter and will cover the estimated cost of that quarter as adjusted by the Regional Director by reason of any adjustment warranted by paragraph (b) of this section or by overpayments or underpayments in previous quarters for which adjustment has not already been made. Upon termination of the permittee's special use permit, reimbursement or refundment of any outstanding amounts due the Department or the permittee shall be made within 180 days.

(d) Estimates required by this section shall be made by the Regional Director on the basis of the best available cost information. However, reimbursement shall not be limited to the Regional Director's estimate if actual costs exceed projected estimates.

(e) All payments required by this section shall be made payable to the Service. No applicant or permittee shall set off or otherwise deduct any debt due to or any sum claimed to be owed to it by the United States from any payment required by this section. Overpayments shall be credited or refunded to the person making them.

(f) When through partnership, joint venture or other business arrangement more than one person applies for or participates in a special use permit, each shall be jointly and severally liable for reimbursing the Department's cost under this section.

(g) Any lodging, food, communication, and transportation provided by a permittee under § 37.42 shall be deemed to be costs paid to the Department in kind for services rendered in inspecting and monitoring the permittee's exploratory activities. At the end of each quarter, the permittee shall furnish the Regional Director with a report, in a format approved or prescribed by him, on the goods and services provided during that quarter, and the names of the individuals to whom they were provided.

(h) Any dispute between an applicant or permittee and the Regional Director as to costs actually incurred by the Department and charged to the applicant or permittee shall be finally decided for the Secretary by the Director, using the procedures described in § 37.22(c).

#### § 37.47 Civil penalties.

(a) This section prescribes the procedures for assessing a civil penalty for the violation of any provision of an approved exploration plan, any term or condition of the special use permit issued under § 37.23, or any prohibition contained in this part. The civil penalty remedy afforded by this section is in addition to all other remedies available to the Secretary.

(b) *Notice of violation.* (1) The notice of violation shall be issued by the Solicitor and served personally or by registered mail upon the person named in the notice (hereinafter the respondent) or his authorized representative. The notice shall contain:

(i) A summary of the facts believed to show a violation by the respondent;

(ii) A specific reference to the provision, term, condition or prohibition allegedly violated; and

(iii) The amount of the penalty proposed to be assessed. The notice may also contain an initial proposal for compromise or settlement of the action.

(2) The notice of violation shall also advise respondent of his right to:

(i) Respond to the notice within 45 calendar days from the date of its issuance by: (A) Undertaking informal discussions with the Solicitor; (B) Accepting the proposed penalty or the compromise, if any, offered in the notice; or (C) Filing a petition for relief in accordance with paragraph (c) of this section; or

(ii) Take no action and await the Solicitor's notice of assessment. Such response must be received by the Solicitor on or before the 45th day during normal business hours at the address stated in the notice.

(3) Any notice of violation may be amended, but any nontechnical amendment will extend the running of the respondent's 45 day period for response from the date of the notice to the date of the amendment.

(4) Acceptance of the proposed penalty or the compromise, if any, stated in the notice of violation shall be deemed to be a waiver of the notice of assessment required in paragraph (d) of this section and of the respondent's right to an opportunity for a hearing

described in paragraph (e) of this section.

(c) *Petition for relief.* If the respondent chooses, he may ask that no penalty be assessed or that the amount be reduced and he may admit or contest the legal sufficiency of the Solicitor's charges and allegations of facts, by filing a petition for relief at the address specified in the notice within 45 calendar days from the date thereof. Such petition must be received by the Solicitor on or before the 45th day during normal business hours. The petition shall be in writing and signed by the respondent. If the respondent is a corporation, partnership, association or agency, the petition must be signed by an officer or official authorized to sign such document. It must set forth in full the legal or other reasons for the relief requested.

(d) *Notice of assessment.* (1) After 45 calendar days from the date of the notice of violation or any amendment thereof, the Solicitor may proceed to determine whether the respondent committed the violation alleged and to determine the amount of civil penalty to be assessed, taking into consideration the information available and such showing as may have been made by the respondent. The Solicitor shall notify the respondent of his determinations by a written notice of assessment, which shall also set forth the basis for his determinations. The notice of assessment shall be served on the respondent personally or by registered mail.

(2) The notice of assessment shall also advise the respondent of his right to request a hearing on the matter in accordance with paragraph (e) of this section.

(e) *Request for a hearing.* Within 45 calendar days from the date of the issuance of the notice of assessment, the respondent may request a hearing to be conducted on the matter in accordance with 5 U.S.C. 554 through 557 by filing a dated, written request for hearing with the Hearings Division, Office of Hearings and Appeals, Department of the Interior, 801 North Quincy Street, Arlington, Virginia 22203. Such request must be received at this address on or before the 45th day during normal business hours. The respondent

shall state the respondent's preference as to the place and date for a hearing. The request must enclose a copy of the notice of violation and the notice of assessment. A copy of the request shall be served upon the Solicitor personally or by mail at the address specified in the notice of assessment.

(f) *Finality of decision.* If no request for a hearing is filed in accordance with this section, the assessment stated in the notice of assessment shall be effective and constitute the final administrative decision of the Secretary on the 45th calendar day from the date of the notice of assessment. If the request for hearing is timely filed in accordance with this section, the date of the final administrative decision in the matter shall be as provided in paragraph (g) or (h) of this section. When a civil penalty assessed under this section becomes final, the respondent shall have 20 calendar days from the date of the final administrative decision within which to make full payment of the penalty assessed. Payment will be timely only if received in the Office of the Solicitor during normal business hours on or before the 20th day.

(g) *Hearing.* (1) Upon receipt of a request for a hearing, the Hearings Division will assign an administrative law judge who shall have all the powers accorded by law and necessary to preside over the parties and the hearing and to make decisions in accordance with 5 U.S.C. 554 through 557. Notice of such assignment shall be given promptly to the respondent and to the Solicitor at the address stated in the notice of assessment. Upon notice of the assignment of an administrative law judge to the case, the Solicitor shall file all correspondence and petitions exchanged between the Solicitor and the respondent which shall become a part of the hearing record.

(2) The hearing shall be conducted in accordance with 5 U.S.C. 554 through 557 and with 43 CFR part 4 to the extent that it is not inconsistent with this part. Subject to 43 CFR 1.3, the respondent may appear in person, by representative, or by counsel. The hearing shall be held in a location established by the administrative law judge, giving due regard to the convenience of the

parties, their representatives and witnesses. Failure to appear at the time set for hearing shall be deemed a waiver of the right to a hearing and consent to the decision on the record made at the hearing. The judge shall render a written decision on the record, which shall set forth his findings of facts and conclusions of law and the reasons therefore, and an assessment of a civil penalty if he determines that the respondent committed the violation charged.

(3) Discovery shall be obtained by employing the procedures described 43 CFR 4.1130 through 4.1141. In addition, discovery of facts known and opinions held by experts, otherwise discoverable under 43 CFR 4.1132(a) and acquired and developed in anticipation of administrative adjudication or litigation, may be obtained only as follows:

(i)(A) A party through interrogatories require any other party to identify each person whom the other party expects to call as an expert witness, to state the subject matter on which the expert is expected to testify, and to state the substance of the facts and opinions to which the expert is expected to testify and a summary of the grounds for each opinion.

(B) Upon motion, the administrative law judge may order further discovery by other means, subject to such restrictions as to scope and such provisions under paragraph (g)(3)(iii) of this section concerning fees and expenses, as the administrative law judge may deem appropriate.

(ii) A party may discover facts known or opinions held by an expert, who has been retained or employed by another party in anticipation of administrative adjudication or litigation or preparation therefore and who is not expected to be called as a witness, only upon a showing of exceptional circumstances under which it is impracticable for the party seeking discovery to obtain facts or opinions on the same subject by other means.

(iii) Unless manifest injustice would result, (A) the administrative law judge shall require the party seeking discovery to pay the expert, or the Department if the expert is an employee of the United States, a reasonable fee for time spent in responding to para-

graphs (g)(3)(i)(B) and (g)(3)(ii) of this section; and (B) with respect to discovery under paragraph (g)(3)(i)(B) of this section the administrative law judge may require and with respect to discovery under paragraph (g)(3)(ii) of this section the administrative law judge shall require, the party seeking discovery to pay the other party a fair portion of the fees and expenses reasonably incurred by the latter party in obtaining facts and opinions from the expert.

(4) Unless the notice of appeal is filed in accordance with paragraph (h) of this section, the administrative law judge's decision shall constitute the final administrative decision of the Secretary in the matter and shall become effective 30 calendar days from the date of the decision.

(h) *Appeal.* (1) Either the respondent or the Solicitor may seek an appeal from the decision of an administrative law judge as to the respondent's violation or penalty or both by the filing of a notice of appeal with the Director, Office of Hearings and Appeals, United States Department of the Interior, 801 North Quincy Street, Arlington, Virginia 22203, within 30 calendar days of the date of the administrative law judge's decision. Such notice shall be accompanied by proof of service on the administrative law judge and the opposing party.

(2) Upon receipt of such a request, the Director, Office of Hearings and Appeals, shall appoint an ad hoc appeals board to determine whether an appeal should be granted, and to hear and decide an appeal. To the extent they are not inconsistent herewith, the provisions of 43 CFR part 4, subpart G shall apply to appeal proceedings under this paragraph. The determination of the board to grant or deny an appeal, as well as its decision on the merits of an appeal, shall be in writing and become effective as the final administrative determination of the Secretary in the matter on the date it is rendered, unless otherwise specified therein.

(i) *Amount of penalty.* The amount of any civil penalty assessed under this section shall not exceed \$10,000 for each violation. Each day of a continuing violation shall, however, constitute a separate offense. In determining the

amount of such penalty, the nature, circumstances, extent, and gravity of the violation committed, and, with respect to the respondent, his history of any prior offenses, his demonstrated good faith in attempting to achieve timely compliance after being cited for the violation, and such other matters as justice may require shall be considered.

(j) *Petition for remission.* The Solicitor may modify or remit, with or without conditions, any civil penalty which is subject to imposition or which has been imposed under this paragraph unless the matter is pending in court for judicial review or for recovery of the civil penalty assessed. A petition for remission may be filed by the respondent with the Solicitor at any time from the date of the notice of violation referred to in paragraph (b) of this section until 90 days after the date of final administrative decision assessing a civil penalty. The petition must set forth in full the legal and other reasons for the relief requested. Any petition that is not timely filed will not receive consideration. The Solicitor's decision shall be the final administrative decision for the Secretary on the petition.

### Subpart F—Reporting and Data Management

#### § 37.51 Operational reports.

(a) Each permittee shall submit reports every 2 weeks on the progress of exploratory activities in a manner and format approved or prescribed by the Regional Director. These shall include, but are not limited to, a daily log of operations, and a report on the discovery of any springs, hydrocarbon seeps, and other unusual phenomena.

(b) Each permittee shall submit to the Regional Director a semiannual report of exploratory activities conducted within the periods from December through May and June through November. These semiannual reports shall be submitted on August 1 and February 1 or, as otherwise specified by the Regional Director, and shall contain the following:

(1) A description of the work performed;

(2) Charts, maps, or plats depicting the areas in which any exploratory activities were conducted, specifically identifying the seismic lines and the locations where geological exploratory activities were conducted, and the locations of campsites, airstrips and other support facilities utilized;

(3) The dates on which exploration was actually performed.

(4) A narrative summary of any: (i) Surface occurrences of hydrocarbon or environmental hazards, and (ii) adverse effects of the exploratory activities on the refuge's wildlife, its habitat, the environment, cultural resources, or other uses of the area in which the activities were conducted; and

(5) Such other information as may be reasonably specified by the Regional Director.

(c) Each permittee shall also submit such other reports as are specified in this part.

#### § 37.52 Records.

The permittee shall keep accurate and complete records relating to its exploratory activities and to all data and information, including, but not limited to, raw, processed, reprocessed, analyzed and interpreted data and information, obtained as a result thereof. Until September 2, 1989, the Secretary shall have access to and the right to examine and reproduce any records, papers, or other documents relating to such activities, data and information in order to ascertain the permittee's compliance with this part, ability to perform under any special use permit, and reliability and accuracy of all data, information and reports submitted to the Regional Director.

#### § 37.53 Submission of data and information.

(a) The permittee shall submit to the Regional Director free of charge all data and information obtained as a result of carrying out exploratory activities. Such data and information include copies of all raw data and information and all processed, analyzed and interpreted data or information. The permittee shall, unless directed otherwise by the Regional Director, submit

such data and information within 30 days after the end of the annual quarter during which they become available to it at every level of data gathering or utilization, i.e., acquisition, processing, reprocessing, analysis, and interpretation.

(b) Each submission of geophysical data or information shall contain, unless otherwise specified by the Regional Director, the following:

(1) An accurate and complete record of each geophysical survey conducted under the permittee's permit, including digital navigational data, if obtained, and final location maps of all survey stations; and,

(2) All seismic data developed under the permit, presented in a format prescribed or approved by the Regional Director and of a quality suitable for processing.

(c) Processed geophysical information shall be submitted with extraneous signals and interference removed as much as possible, and presented in a format and of a quality suitable for interpretive evaluation, reflecting state-of-the-art processing techniques.

(d) Processed, analyzed and interpreted data or information required to be submitted by the Act and this section shall include, but not be limited to, seismic record sections, and interpretations thereof; geologic maps, cross sections, and interpretations thereof; maps of gravitational and magnetic fields and interpretations thereof; and chemical or other analyses of rock samples collected on the refuge and interpretations thereof.

(e) Any permittee or other person submitting processed, analyzed and interpreted data or information to the Regional Director shall clearly identify them by marking the top of each page bearing such data or information with the words "PROCESSED, ANALYZED AND INTERPRETED DATA OR INFORMATION". All pages so marked shall be physically separated by the person submitting them from those not so marked, unless doing so will destroy the value or integrity of the data or information presented. In that event or in the event that an item is submitted which is not susceptible to marking by page, the document or item submitted will be accompanied by a summary

identifying the location of all processed, analyzed and interpreted data or information which are not segregated or marked by page, and explaining the reasons therefore. All pages not marked with this legend, all other data and information not identified as bearing such data or information, and all other data and information incorrectly identified as bearing such data or information shall be treated as raw data and information and shall be made available to the public upon request in accordance with §37.54(a). The Department reserves the right to determine whether any page or item is correctly identified as constituting processed, analyzed and interpreted data or information.

(f) If the permittee proposes to transfer any data or information covered by this section to a third party or the third party proposes to transfer such data or information to another third party, the transferor shall notify the Regional Director at least 10 days in advance and shall require the receiving third party, in writing, to abide by the obligations of the permittee as specified in this section as a condition precedent to the transfer of such data or information.

(g) Upon request by the Department, a permittee shall identify each person to whom the permittee has provided data and information pursuant to §37.22(d)(3) and provide a description of the area to which such data and information pertain.

#### §37.54 Disclosure.

(a) The Department shall make raw data and information obtained as a result of carrying out exploratory activities and submitted by the permittee or a third party available to the public upon submittal to the Congress of the report required by subsection (h) of the Act in accordance with subsection (e)(2)(C) of the Act, this section, and the procedural requirements of the Freedom of Information Act, 5 U.S.C. 552, and 43 CFR part 2. The Department shall withhold from the public all processed, analyzed and interpreted data or information obtained as a result of carrying out exploratory activities and submitted by the permittee or a third party, if they have been properly

marked and correctly identified in accordance with §37.53(e), until 10 years after the submission of such data or information to the Regional Director or until 2 years after any lease sale including the area within the refuge from which such data or information were obtained, whichever period is longer, by invoking subsection (e)(2)(C) of the Act and exemption 3 to the Freedom of Information Act, 5 U.S.C. 552(b)(3). Thereafter, the Department shall treat such data or information as raw data and information. The Department shall make all other records, except exploration plans which must be published in accordance with §37.22(b), submitted by a permittee or a third party relating to the activities covered by the Act and this part available to the public in accordance with the Freedom of Information Act, 5 U.S.C. 552, and 43 CFR part 2.

(b) The Department reserves the right to disclose any data and information obtained as a result of carrying out exploratory activities and submitted by a permittee or a third party and any other information submitted by a permittee or a third party which may be exempt from public disclosure under the Freedom of Information Act, 5 U.S.C. 552, to an agent or third party in order to carry out the Department's statutory authorities. When practicable, the Department shall notify the permittee who provided the data or information of its intent to disclose the data or information to an agent or third party. Prior to any such disclosure, the recipient shall be required to execute a written commitment not to transfer or to otherwise disclose any data or information to anyone without the express consent of the Department. The recipient shall be liable for any unauthorized use by or disclosure of such data or information to other third parties.

(c) The Department reserves the right to disclose upon proper request any processed, analyzed and interpreted data and information and any other confidential information to the State of Alaska, to the Congress and any committee or subcommittee of the Congress having jurisdiction over the refuge or this exploration program, and to any part of the Executive and Judi-

cial Branches of the United States for official use. The recipient shall be responsible for maintaining the confidentiality of such data and information in accordance with the Act.

(d) Commercial use by any person of data or information obtained as a result of carrying out exploratory activities and disclosed pursuant to this section is prohibited. No person shall obtain access from the Department, pursuant to paragraph (a) of this section, to any data or information obtained as a result of carrying out exploratory activities and submitted by the permittee or a third party until such person provides the Department with a statement certifying that person's awareness of the prohibition contained in this paragraph and the disqualification stated in the first sentence of §37.4(b).

SOURCE: 63 FR 11626, Mar. 10, 1998, unless otherwise noted.

#### Subpart A—General

##### § 38.1 Applicability.

(a) The regulations of this part apply to the Midway Atoll National Wildlife Refuge. For the purpose of this part, the Midway Atoll National Wildlife Refuge includes the Midway Islands, Hawaiian Group, between the parallels of 28 deg. 5' and 28 deg. 25' North latitude, and their territorial seas located approximately between the meridians of 177 deg. 10' and 177 deg. 30' West longitude, as were placed under the jurisdiction and control of the Interior Department by the provisions of Execu-

tive Order No. 13022 of October 31, 1996 (3 CFR, 1996 Comp., p. 224).

(b) Administration of Midway Atoll National Wildlife Refuge is governed by the regulations of this part and parts 25-32 of title 50, Code of Federal Regulations; the general principles of common law; the provisions of the criminal laws of the United States in their entirety including the provisions of 18 U.S.C. 13 and those provisions that were not specifically applied to unincorporated possessions; the laws applicable under the special maritime jurisdiction contained in 48 U.S.C. 644a; and the provisions of the criminal laws of the State of Hawaii to the extent the criminal laws of the State of Hawaii do not conflict with the criminal laws of the United States.

##### § 38.2 Scope.

The provisions of this part are in addition to the regulations of 50 CFR parts 25-32 which also apply to Midway Atoll National Wildlife Refuge.

#### Subpart B—Executive Authority; Authorized Powers; Emergency Authority

##### § 38.3 Executive authority; duration.

The executive authority of the Secretary of the Interior over the Midway Islands will be exercised by the Service Regional Director. The executive authority of the Service Regional Director may be redelegated to the Refuge Manager, Midway Atoll National Wildlife Refuge.

##### § 38.4 Authorized functions, powers, and duties.

The executive authority of the Regional Director concerning the Midway Islands includes:

(a) Issuance of citations for violations of this part and 50 CFR parts 25-32;

(b) Abatement of any public nuisance upon the failure of the person concerned to comply with a removal notice;

(c) Seizure of evidence;

(d) Investigation of accidents and offenses;

(e) Custody and disposal of lost or abandoned property;

## § 38.5

- (f) Regulation of aircraft and boat traffic and safety;
- (g) Imposition of quarantines;
- (h) Evacuation of hazardous areas;
- (i) Lawful restraint, detention, confinement, and care of persons prior to their prompt transfer to the custody of the United States District Court for the District of Hawaii;
- (j) Lawful removal of person from the Midway Atoll National Wildlife Refuge for cause;
- (k) Regulation of vehicle traffic and safety;
- (l) Performance of other lawful acts necessary for protecting the health and safety of persons and property on Midway Atoll National Wildlife Refuge; and
- (m) Issuance of lawful notices and orders necessary to the exercise of executive authority under this section.

### § 38.5 Emergency authority.

During the imminence and duration of any emergency, the Regional Director may perform any lawful acts necessary to protect life and property on Midway Atoll National Wildlife Refuge.

## Subpart C—Prohibitions

### § 38.6 General.

In addition to any act prohibited by this part or 50 CFR part 27, any act committed on the Midway Atoll National Wildlife Refuge that would be a violation of the criminal laws of the United States or of the State of Hawaii as specified in subpart A of this part, as they now appear or as they may be amended or recodified; or any act committed on the Midway Atoll National Wildlife Refuge that would be criminal if committed on board a merchant vessel or other vessel belonging to the United States pursuant to the provisions of 48 U.S.C. 644a, is prohibited and punishable, in accordance with the National Wildlife Refuge System Administration Act, 16 U.S.C. 668dd, the criminal laws of the United States or the State of Hawaii as specified in subpart A of this part, as they now appear or as they may be amended or recodified; or according to the laws applicable on board United States vessels on the high seas pursuant to the provisions of 48 U.S.C. 644a.

## 50 CFR Ch. I (10–1–06 Edition)

### § 38.7 Adopted offenses.

Any person who commits any act or omission on Midway Atoll National Wildlife Refuge which, although not made punishable by an enactment of Congress, would be punishable if committed within the United States under the United States criminal code at the time of such act or omission, including any provisions of the United States criminal code that are not specifically applied to unincorporated possessions of the United States, will be guilty of a like offense and subject to like punishment. Any person who commits any act or omission on Midway Atoll National Wildlife Refuge which, although not made punishable by an enactment of Congress, would be punishable if committed within the State of Hawaii by the laws thereof at the time of such act or omission, will be guilty of a like offense and subject to like punishment to the extent the laws of the State of Hawaii do not conflict with the criminal laws of the United States.

### § 38.8 Consistency with Federal law.

Any provisions of the laws of the State of Hawaii, as they now appear or as they may be amended or recodified, which are adopted by this part will apply only to the extent that they are not in conflict with any applicable Federal law or regulation.

### § 38.9 Breach of the peace.

No person on Midway Atoll National Wildlife Refuge will:

- (a) With intent to cause public inconvenience, annoyance, or alarm, or recklessly creating a risk thereof, engage in fighting, threatening, or other violent or tumultuous behavior; or make unreasonable noise or offensively coarse utterances, gestures, or displays, or address abusive language to any person present; or create a hazardous or physically offensive condition by any act which is not performed under any authorized license or permit;
- (b) Having no legal privilege to do so, knowingly or recklessly obstruct any roadway, alley, runway, private driveway, or public passage, or interfere with or unreasonably delay any emergency vehicle or equipment or authorized vehicle, boat, vessel, or plane, or any peace officer, fireman, or other

public official engaged in or attempting to discharge any lawful duty or office, whether alone or with others. "Obstruction" as used in this paragraph means rendering impassable without unreasonable inconvenience or hazard;

(c) When in a gathering, refuse to obey a reasonable request or order by a peace officer, fireman, or other public official:

(1) To prevent an obstruction of any public road or passage;

(2) To maintain public safety by dispersing those gathered in dangerous proximity to a public hazard; or

(d) With intent to arouse or gratify sexual desire of any other person, expose one's genitals under circumstances in which one's conduct is likely to cause affront or alarm.

#### § 38.10 Trespass.

No person on Midway Atoll National Wildlife Refuge will:

(a) Loiter, prowl, or wander upon or near the assigned living quarters and adjacent property of another without lawful purpose, or, while being upon or near the assigned living quarters and adjacent property of another, peek in any door or window of an inhabited building or structure located thereon without lawful purpose;

(b) Enter upon any assigned residential quarters or areas immediately adjacent thereto, without permission of the assigned occupant;

(c) Enter or remain in, without lawful purpose, any office building, warehouse, plant, theater, club, school, or other building after normal operating hours for that building; or

(d) Enter or remain in any area or building designated and posted as "restricted" unless authorized by proper authority to be there.

#### § 38.11 Prostitution and lewd behavior.

No person on Midway Atoll National Wildlife Refuge will:

(a) Engage in prostitution. "Prostitution" means the giving or receiving of the body for sexual intercourse for hire; or

(b) Commit any lewd act in a public place which is likely to be observed by others who would be affronted or alarmed.

#### § 38.12 Alcoholic beverages.

No person on Midway Atoll National Wildlife Refuge will:

(a) Sell any alcoholic beverages to any person who, because of age, would be prohibited from purchasing that beverage in a civilian establishment in Hawaii.

(b) Present or have in possession any fraudulent evidence of age for the purpose of obtaining alcoholic beverages in violation of this section.

(c) Be substantially intoxicated on any street, road, beach, theater, club, or other public place from the voluntary use of intoxicating liquor, drugs or other substance. As used in this paragraph, "substantially intoxicated" is defined as an actual impairment of mental or physical capacities.

#### § 38.13 Speed limits.

No person on Midway Atoll National Wildlife Refuge will exceed the speed limit for automobiles, trucks, bicycles, motorcycles, or other vehicles. Unless otherwise posted, the speed limit throughout the Midway Atoll National Wildlife Refuge is 15 miles per hour.

#### § 38.14 Miscellaneous prohibitions.

No person on Midway Atoll National Wildlife Refuge will:

(a) Smoke or ignite any fire in any designated and posted "No Smoking" area, or in the immediate proximity of any aircraft, fueling pit, or hazardous material storage area;

(b) Knowingly report or cause to be reported to any public official, or willfully activate or cause to be activated, any alarm, that an emergency exists, knowing that such report or alarm is false. "Emergency." as used in subpart B of this part, includes any condition which results, or could result, in the response of a public official in an emergency vehicle, or any condition which jeopardizes, or could jeopardize, public lives or safety, or results or could result in the evacuation of an area, building, structure, vehicle, aircraft, or boat or other vessel, or any other place by its occupants; or

(c) Intentionally report to any public official authorized to issue a warrant of arrest or make an arrest, that a crime has been committed, or make any oral or written statement to any of the

**§ 38.15**

above officials concerning a crime or alleged crime or other matter, knowing such report or statement to be false.

**§ 38.15 Attempt.**

No person on Midway Atoll National Wildlife Refuge will attempt to commit any offense prohibited by this part.

**§ 38.16 Penalties.**

Any person who violates any provision of this part will be fined or impris-

- 70.9 Wildlife species management.

AUTHORITY: Sec. 4, 48 Stat. 402, as amended, sec. 4, 76 Stat. 654; 5 U.S.C. 301, 16 U.S.C. 664; 460k; sec. 2, 80 Stat. 926; 16 U.S.C. 668dd.

SOURCE: 45 FR 28723, Apr. 30, 1980, unless otherwise noted.

#### § 70.1 Purpose.

All national fish hatchery areas are maintained for the fundamental purpose of the propagation and distribution of fish and other aquatic animal life and managed for the protection of all species of wildlife.

#### § 70.2 Administrative provisions.

The provisions and regulations set forth in part 25 of this chapter are equally applicable to national fish hatchery areas.

#### § 70.3 State cooperation in national fish hatchery area management.

State cooperation may be enlisted in management programs including public hunting, fishing, and recreation. The details of these programs shall be mutually agreed upon by the Secretary and the head of the appropriate State agency in cooperative agreements executed for that purpose. Persons entering upon a national fish hatchery area shall comply with all regulations issued by the State agency under the terms of the cooperative agreement.

#### § 70.4 Prohibited acts.

(a) The prohibited acts enumerated in part 27 of this chapter are equally

applicable to national fish hatchery areas.

(b) Fishing, taking, seining, or attempting to fish, take, seine, any fish, amphibian, or other aquatic animal on any national fish hatchery area is prohibited except as may be authorized under the provisions of part 71 of this chapter.

(c) Hunting, killing, capturing, taking, or attempting to hunt, kill, capture, or take any animal on any national fish hatchery area is prohibited except as may be authorized in the provisions of part 71 of this chapter.

(d) Disturbing spawning fish or fish preparing to spawn in ponds, raceways, streams, lakes, traps, and below traps, ladders, fish screens, fishways and racks is prohibited.

#### § 70.5 Enforcement, penalty, and procedural requirements for violations of parts 25, 26, and 27.

The enforcement, penalty, and procedural requirement provisions set forth in part 28 of this chapter are equally applicable to national fish hatchery areas.

#### § 70.6 Public entry and use.

The public entry and use provisions set forth in part 26 of this chapter are equally applicable to national fish hatchery areas.

EDITORIAL NOTE: For FEDERAL REGISTER citations to special regulations issued under § 70.6, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and on GPO Access.

#### § 70.7 Land-use management.

The land-use management provisions set forth in part 29 of this chapter are equally applicable to national fish hatchery areas.

#### § 70.8 Range and feral animal management.

The range and feral animal management provisions set forth in part 30 of this chapter are equally applicable to national fish hatchery areas.

**§ 70.9 Wildlife species management.**

The wildlife species management provisions set forth in part 31 of this chapter are equally applicable to national fish hatchery areas, except § 31.15 relating to hunting and fishing, which are treated separately in this part.

**PART 71—HUNTING AND FISHING ON NATIONAL FISH HATCHERY AREAS**

**Subpart A—Hunting**

Sec.

71.1 Opening of national fish hatchery areas to hunting.

71.2 General provisions.

**Subpart B—Fishing**

71.11 Opening of national fish hatchery areas to fishing.

71.12 General provisions.

AUTHORITY: Sec. 4, 48 Stat. 402, as amended, sec. 4, 76 Stat. 654; 5 U.S.C. 301, 16 U.S.C. 664, 460k; sec. 2, 80 Stat. 926; 16 U.S.C. 668bb.

SOURCE: 31 FR 16033, Dec. 15, 1966, unless otherwise noted.

**Subpart A—Hunting**

**§ 71.1 Opening of national fish hatchery areas to hunting.**

National fish hatchery areas may be opened to hunting wildlife when such activity is not detrimental to the propagation and distribution of fish or other aquatic wildlife.

**§ 71.2 General provisions.**

The following provisions shall apply to public hunting on a national fish hatchery area:

(a) Each person shall secure and possess the required State license.

(b) Each person 16 years of age and older shall secure and possess a Migratory Bird Hunting Stamp while hunting migratory waterfowl.

(c) Each person shall comply with the applicable provisions of Federal laws and regulations including this subchapter and the current Federal Migratory Bird regulations.

(d) Each person shall comply with the applicable provisions of the laws and regulations of the State wherein

any hatchery is located unless further restricted by Federal law or regulation.

(e) Each person shall comply with the terms and conditions authorizing access and use of the national fish hatchery area.

(f) Each person shall comply with the provisions of any special notices governing hunting on the national fish hatchery area. Such special notices will be posted throughout the area and will be available at the headquarters of the fish hatchery to which they relate.

(1) Special notices are issued only after the announcement of applicable annual State and Federal hunting regulations.

(2) Special notices may contain the following items:

(i) Wildlife species which may be hunted;

(ii) Seasons;

(iii) Bag limits;

(iv) Methods of hunting;

(v) Description of areas open to hunting;

(vi) Other provisions as required.

(3) Special notices will not liberalize existing State law or regulations.

(4) Special notices may be amended as needed to meet management responsibilities for the area.

**Subpart B—Fishing**

**§ 71.11 Opening of national fish hatchery areas to fishing.**

National fish hatchery areas may be opened to sport fishing when such activity is not detrimental to the propagation and distribution of fish or other aquatic animal life.

**§ 71.12 General provisions.**

The following provisions shall apply to public sport fishing on a national fish hatchery area:

(a) Each person shall secure and possess the required State license.

(b) Each person shall comply with the applicable provisions of Federal law and regulation including this subchapter.

(c) Each person shall comply with the applicable provisions of the laws and regulations of the State wherein any area is located unless the same are further restricted by Federal law or regulation.

**U.S. Fish and Wildlife Serv., Interior**

**§ 71.12**

(d) Each person shall comply with the terms and conditions authorizing access and use of the national fish hatchery area.

(e) Each person shall comply with the provisions of any special notices governing fishing on the national fish hatchery area. Such special notices will be posted throughout the area and will be available at the headquarters of the fish hatchery to which they relate.

(1) Special notices are issued only after announcement of the applicable annual State fishing regulation.

(2) Special notices may contain the following items:

(i) Species of fish which may be taken;

(ii) Seasons;

(iii) Creel limits;

(iv) Method of fishing;

(v) Description of areas open to fishing;

(vi) Other provisions as required.

(3) Special notices will not liberalize existing State law or regulations.

(4) Special notices may be amended as needed to meet management responsibilities for the area.

NOTE: The information collection requirements in this part have been approved by the Office of Management and Budget under control number 1018-0048.

#### § 80.1 Definitions.

As used in this part, terms shall have the following meanings:

(a) *The Federal Aid Acts or the Acts.* The Federal Aid in Wildlife Restoration Act of September 2, 1937, as amended (50 Stat. 917; 16 U.S.C. 669-669i), and the Federal Aid in Sport Fish Restoration Act of August 9, 1950, as amended (64 Stat. 430; 16 U.S.C. 777-777k).

(b) *State.* Any State of the United States; the territorial areas of Guam, the Virgin Islands, and American Samoa; the Commonwealth of Puerto Rico, the District of Columbia, and the Commonwealth of the Northern Mariana Islands.

(c) *State fish and wildlife agency.* The agency or official of a State designated under State law or regulation to carry out the laws of the State in relation to the management of fish and wildlife resources of the State. Such an agency or official which is also designated to exercise collateral responsibilities, e.g., State Department of Natural Resources, shall be considered the State fish and wildlife agency only when exercising the responsibilities specific to the management of the fish and wildlife resources of the State.

(d) *Secretary.* The Secretary of the Interior or his designated representative.

(e) *Director.* The Director of the U.S. Fish and Wildlife Service, or his designated representative. The Director serves as the Secretary's representative in matters relating to the administration and execution of the Federal Aid Acts.

(f) *Regional Director.* The Regional director of the U.S. Fish and Wildlife Service, or his designated representative.

(g) *Federal Aid Manual.* The publication of the U.S. Fish and Wildlife Service which contains policies, standards and procedures required for participation in the benefits of the Acts.

(h) *Project.* A program of related undertakings necessary to fulfill a defined need which is consistent with the purposes of the Act.

(i) *Comprehensive fish and wildlife management plan.* A document describing the State's plan for meeting the long-range needs of the public for fish and wildlife resources, and the system for managing the plan.

(j) *Federal Aid Funds.* Funds provided under Federal Aid Acts.

(k) *Resident angler.* A resident angler is one who fishes within the same State where legal residence is maintained.

## U.S. Fish and Wildlife Serv., Interior

## § 80.4

(1) *Common horsepower.* Common horsepower is defined as any size motor that can be reasonably accommodated on the body of water slated for development.

[47 FR 22539, May 25, 1982, as amended at 50 FR 21448, May 24, 1985]

### § 80.2 Eligibility.

Participation in the benefits of the Acts is limited to State fish and wildlife agencies as specified below:

(a) Federal Aid in Sport Fish Restoration—Each of the 50 States, the Commonwealth of Puerto Rico, the District of Columbia, the Commonwealth of the Northern Mariana Islands, Guam, the Virgin Islands, and American Samoa.

(b) Federal Aid in Wildlife Restoration—Each of the 50 States, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, and the Virgin Islands; except that the benefits afforded by section 4(b) of the Act relating to hunter education projects are limited to the 50 States.

[47 FR 22539, May 25, 1982, as amended at 50 FR 21448, May 24, 1985]

### § 80.3 Assent legislation.

A State may participate in the benefits of the Act(s) only after it has passed legislation which assents to the provisions of the Acts and has passed laws for the conservation of fish and wildlife including a prohibition against the diversion of license fees paid by hunters and sport fishermen to purposes other than administration of the fish and wildlife agency. Subsequent legislation which amends these state laws shall be subject to review by the Secretary. If the legislation is found contrary to the assent provisions, the State shall become ineligible.

### § 80.4 Diversion of license fees.

Revenues from license fees paid by hunters and fishermen shall not be diverted to purposes other than administration of the State fish and wildlife agency.

(a) Revenues from license fees paid by hunters and fishermen are any revenues the State receives from the sale of licenses issued by the State conveying

to a person the privilege to pursue or take wildlife or fish. For the purpose of this rule, revenue with respect to license sales by vendors, is considered to be the net income to the State after deducting reasonable vendor fees or similar amounts retained by sales agents. License revenues include income from:

(1) General or special licenses, permits, stamps, tags, access and recreation fees or other charges imposed by the State to hunt or fish for sport or recreation.

(2) Sale, lease, rental, or other granting of rights of real or personal property acquired or produced with license revenues. Real property includes, but is not limited to, lands, building, minerals, energy resources, timber, grazing, and animal products. Personal property includes, but is not limited to, equipment, vehicles, machine, tools, and annual crops.

(3) Interest, dividends, or other income earned on license revenues.

(4) Federal Aid project reimbursements to the States to the extent that license revenues originally funded the project for which the reimbursement is being made.

(b) For purposes of this rule, administration of the State fish and wildlife agency include only those functions required to manage the fish and wildlife-oriented resources of the State for which the agency has authority under State law.

(c) A diversion of license fee revenues occurs when any portion of license revenues is used for any purpose other than the administration of the State fish and wildlife agency.

(d) If a diversion of license revenues occurs, the State becomes ineligible to participate under the pertinent Act from the date the diversion is declared by the Director until:

(1) Adequate legislative prohibitions are in place to prevent diversion of license revenue, and

(2) All license revenues or assets acquired with license revenues are restored, or an amount equal to license revenue diverted or current market value of assets diverted (whichever is greater) is returned and properly available for use for the administration of the State fish and wildlife agency.

## § 80.5

(e) Federal funds obligated for projects approved prior to the date a diversion is declared remain available for expenditure on such projects without regard to the intervening period of the State's ineligibility.

[54 FR 15209, Apr. 17, 1989]

### § 80.5 Eligible undertakings.

The following are eligible for funding under the Acts:

(a) *Federal Aid in Wildlife Restoration Act.* (1) Projects having as their purpose the restoration, conservation, management, and enhancement of wild birds and wild mammals, and the provision for public use of and benefits from these resources.

(2) Projects having as their purpose the education of hunters and archers in the skills, knowledges, and attitudes necessary to be a responsible hunter or archer.

(b) *Federal Aid in Sport Fish Restoration Act.* (1) Projects having as their purpose the restoration, conservation, management, and enhancement of sport fish, and the provision for public use and benefits from these resources. Sport fish are limited to aquatic, gill-breathing, vertebrate animals, bearing paired fins, and having material value for sport or recreation.

(2) Additional funds resulting from expansion of the Sport Fish Restoration Program must be added to existing State fishery program funds available from traditional sources and not as a substitute therefor.

[47 FR 22539, May 25, 1982, as amended at 50 FR 21448, May 24, 1985]

### § 80.6 Prohibited activities.

The following are not eligible for funding under the Acts, except when necessary for the accomplishment of project purposes as approved by the regional director.

(a) Law enforcement activities conducted by the State to enforce the fish and game regulations.

(b) Public relations activities conducted to promote the State fish and wildlife agency.

### § 80.7 Appeals.

Any difference of opinion over the eligibility of proposed activities or dif-

## 50 CFR Ch. I (10-1-06 Edition)

ferences arising over the conduct of work may be appealed to the Director. Final determination rests with the Secretary.

### § 80.8 Availability of funds.

Funds are available to a State for obligation or expenditure during the fiscal year for which they are apportioned and until the close of the succeeding fiscal year. For the purpose of this section, obligation of apportioned funds occurs when a project agreement is signed by the regional director.

### § 80.9 Notice of desire to participate.

Any State fish and wildlife agency desiring to avail itself of the benefits of the Acts shall notify the Secretary within 60 days after it has received a certificate of apportionment of funds available to the State. Notification to the Secretary may be accomplished by either of the following methods. In either method, the document must be signed by a State official authorized to commit the State to participation under the Act(s).

(a) Submitting to the regional director within the 60-day period a letter stating the desire of the State to participate in the Act(s); or,

(b) Having an approved Application for Federal Assistance which contains plans for the use of Federal Aid funds during the period of the apportionment.

### § 80.10 Hunting and fishing license certification.

(a) Information concerning the number of persons holding paid licenses to hunt and the number of persons holding paid licenses to fish for sport or recreation in the State in the preceding year shall be furnished upon request of the Director by the fish and wildlife agency of each State on forms furnished by the Fish and Wildlife Service.

(b) This information shall be certified as accurate by the director of the State fish and wildlife agency. When requested by the Director, evidence used in determining accuracy of the certification shall also be furnished.

## U.S. Fish and Wildlife Serv., Interior

## § 80.12

(c) License holders shall be counted over a period of 12 months; the calendar year, fiscal year, or other licensing period may be used provided it is consistent from year to year in each State. In determining licenses which are eligible for inclusion, the following guidelines shall be observed.

(1) Trapping licenses, commercial licenses, and other licenses which are not for the express purpose of permitting the holder to hunt or fish for sport or recreation shall not be included.

(2) Licenses which do not return net revenue to the State shall not be included. To qualify as a paid license, the fee must produce revenue for the State. Net revenue is any amount returned to the State after deducting agent or sellers fees and the cost for printing, distribution, control or other costs directly associated with the issuance of each license.

(3) Licenses valid for more than one year, either a specific or indeterminate number of years, may be counted in each of the years for which they are valid; provided that:

(i) The net revenue from each license is commensurate with the period for which hunting or fishing privileges are granted, and

(ii) Sampling or other techniques are used to determine whether the licensee remains a license holder in the year of certification.

(4) Combination fishing and hunting licenses (a single license which permits the holder both to hunt and fish) shall be included in the determination of both the number of paid hunting license holders and the number of persons holding paid licenses to fish for sport or recreation.

(5) Some licensing systems require or permit an individual to hold more than one license to hunt or to fish in a State. Such an individual shall not be counted more than once as a hunting or fishing license holder. The State fish and wildlife director, in certifying license information to the Director, is responsible for eliminating duplication or multiple counting of single individuals in the figures which he certifies. Sampling and other statistical tech-

niques may be utilized by the certifying officer for this purpose.

(Approved by the Office of Management and Budget under control number 1018-0007)

### § 80.11 Submission of proposals.

A State may make application for use of funds apportioned under the Acts by submitting to the regional director either a comprehensive fish and wildlife management plan or project proposal.

(a) Each application shall contain such information as the regional director may require to determine if the proposed activities are in accordance with Acts, the provisions of this part, and the standards contained in the Federal Aid Manual.

(b) Each application and amendments of scope shall be submitted to the State Clearinghouse as required by Office of Management and Budget (OMB) Circular A-95 and by State Clearinghouse requirements.

(c) Applications must be signed by the director of the State fish and wildlife agency or the official(s) delegated to exercise the authority and responsibilities of the State's director in committing the State to participation under the Acts. The director of each State fish and wildlife agency shall notify the regional director, in writing, of the official(s) authorized to sign Federal Aid documents, and any changes in such authorizations.

### § 80.12 Cost sharing.

Federal participation is limited to 75 percent of eligible costs incurred in the completion of approved work or the Federal share specified in the project agreement, whichever is less, except that the non-Federal cost sharing for the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, the Virgin Islands, and American Samoa shall not exceed 25 percent and may be waived at the discretion of the regional director.

(a) A minimum Federal participation of 10 percent of the estimated costs is required as a condition of approval.

(b) The non-Federal share of project costs may be in the form of cash or in-kind contributions. The allowability and evaluation of in-kind contributions

## § 80.13

are subject to the policies and standards prescribed in Office of Management and Budget (OMB) Circular A-102.

(c) The non-Federal share of project costs may not be derived from other Federal funds, except as authorized by specific legislation.

### § 80.13 Substantiality in character and design.

All projects proposed for funding under the Acts must be substantial in character and design. A substantial project (for fish and wildlife purposes) is one which:

(a) Identifies and describes a need within the purposes of the relevant Act to be utilized;

(b) Identifies the objectives to be accomplished based on the stated need;

(c) Utilizes accepted fish and wildlife conservation and management principles, sound design, and appropriate procedures; and

(d) Will yield benefits which are pertinent to the identified need at a level commensurate with project costs.

### § 80.14 Application of Federal aid funds.

(a) Federal Aid funds shall be applied only to activities or purposes approved by the regional director. If otherwise applied, such funds must be replaced or the State becomes ineligible to participate.

(b) Real property acquired or constructed with Federal Aid funds must continue to serve the purpose for which acquired or constructed.

(1) When such property passes from management control of the fish and wildlife agency, the control must be fully restored to the State fish and wildlife agency or the real property must be replaced using non-Federal Aid funds. Replacement property must be of equal value at current market prices and with equal benefits as the original property. The State may have a reasonable time, up to three years from the date of notification by the regional director, to acquire replacement property before becoming ineligible.

(2) When such property is used for purposes which interfere with the accomplishment of approved purposes, the violating activities must cease and

## 50 CFR Ch. I (10-1-06 Edition)

any adverse effects resulting must be remedied.

(3) When such property is no longer needed or useful for its original purpose, and with prior approval of the regional director, the property shall be used or disposed of as provided by Attachment N of OMB Circular A-102.

(c) Federal Aid funds shall not be used for the purpose of producing income. However, income producing activities incidental to accomplishment of approved purposes are allowable. Income derived from such activities shall be accounted for in the project records and disposed of as directed by the Director.

### § 80.15 Allowable costs.

(a) *What are allowable costs?* Allowable costs are costs that are necessary and reasonable for accomplishment of approved project purposes and are in accordance with the cost principles of OMB Circular A-87 (For availability, see 5 CFR 1310.3.).

(b) *What is required to determine the allowability of costs?* Source documents or other records as necessary must support all costs to substantiate the application of funds. Such documentation and records are subject to review by the Service and, if necessary, the Secretary to determine the allowability of costs.

(c) *Are costs allowable if they are incurred prior to the date of the grant agreement?* Costs incurred prior to the effective date of the grant agreement are allowable only when specifically provided for in the grant agreement.

(d) *How are costs allocated in multipurpose projects or facilities?* Projects or facilities designed to include purposes other than those eligible under either the Sport Fish Restoration or Wildlife Restoration Acts must provide for the allocation of costs among the various purposes. The method used to allocate costs must produce an equitable distribution of costs based on the relative uses or benefits provided.

(e) *What is the limit on administrative costs for State central services?* Administrative costs in the form of overhead or indirect costs for State central services outside of the State fish and wildlife agency must be in accord with an approved cost allocation plan and cannot

exceed in any one fiscal year three per centum of the annual apportionment to that State. Each State has a State Wide Cost Allocation Plan that describes approved allocations of indirect costs to agencies and programs within the State.

(f) *How much money may be obligated for aquatic education and outreach and communications?* (1) Each of the 50 States may spend no more than 15 percent of the annual amount apportioned to it under provisions of the Federal Aid in Sport Fish Restoration Act for an aquatic education and outreach and communications program for the purpose of increasing public understanding of the Nation's water resources and associated aquatic life forms.

(2) The Commonwealth of Puerto Rico, the District of Columbia, the Commonwealth of the Northern Mariana Islands, Guam, the Virgin Islands, and American Samoa are not limited to the 15-percent cap imposed on the 50 States. Each of these entities may spend more for these purposes with the approval of the appropriate Regional Director.

[66 FR 18212, Apr. 6, 2001]

#### § 80.16 Federal aid payments.

Payments shall be made for the Federal share of allowable costs incurred by the State in accomplishing approved projects.

(a) Requests for payments shall be submitted on forms furnished by the regional director.

(b) Payments shall be made only to the office or official designated by the State fish and wildlife agency and authorized under the laws of the State to receive public funds for the State.

(c) All payments are subject to final determination of allowability based on audit. Any overpayments made to the State shall be recovered as directed by the region director.

(d) The regional director may withhold payments pending receipt of all required reports or documentation for the project.

#### § 80.17 Maintenance.

The State is responsible for maintenance of all capital improvements acquired or constructed with Federal Aid funds throughout the useful life of each

improvement. Costs for such maintenance are allowable when provided for in approved projects. The maintenance of improvements acquired or constructed with non-Federal Aid funds are allowable costs when such improvements are necessary to accomplishment of project purposes as approved by the regional director, and when such costs are otherwise allowable by law.

#### § 80.18 Responsibilities.

In the conduct of activities funded under the Acts, the State is responsible for:

(a) The supervision of each project to assure it is conducted as provided in the project documents, including:

- (1) Proper and effective use of funds.
- (2) Maintenance of project records.
- (3) Timely submission of reports.

(4) Regular inspection and monitoring of work in progress.

(b) The selection and supervision of project personnel to assure that:

(1) Adequate and competent personnel are available to carry the project through to a satisfactory and timely completion.

(2) Project personnel perform the work to ensure that time schedules are met, projected work units are accomplished, other performance objectives are being achieved, and reports are submitted as required.

(c) The accountability and control of all assets to assure that they serve the purpose for which acquired throughout their useful life.

(d) The compliance with all applicable Federal, State, and local laws.

(e) The settlement and satisfaction of all contractual and administrative issues arising out of procurement entered into.

#### § 80.19 Records.

The State shall maintain current and complete financial, property and procurement records in accordance with requirements contained in the Federal Aid Manual and OMB Circular A-102.

(a) Financial, supporting documents, and all other records pertinent to a project shall be retained for a period of three years after submission of the final expenditure report on the project. If any litigation, claim, or audit was started before the expiration of the

## § 80.20

three-year period, the records shall be retained until the resolution is completed. Records for nonexpendable property shall be retained for a period of three years following final disposition of the property.

(b) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any pertinent books, documents, papers and records of the State.

### § 80.20 Land control.

The State must control lands or waters on which capital improvements are made with Federal Aid funds. Controls may be exercised through fee title, lease, easement, or agreement. Control must be adequate for protection, maintenance, and use of the improvement throughout its useful life.

### § 80.21 Assurances.

The State must agree to and certify that it will comply with all applicable Federal laws, regulations, and requirements as they relate to the application, acceptance, and use of Federal funds under the Acts. The Secretary shall have the right to review or inspect for compliance at any time. Upon determination of noncompliance, the Secretary may terminate or suspend those projects in noncompliance, or may declare the State ineligible for further participation in program benefits until compliance is achieved.

### § 80.22 Audits.

The State is required to conduct an audit at least every two years in accordance with the provisions of Attachment P of OMB Circular A-102. Failure to conduct audits as required may result in withholding of grant payments or such other sanctions as the Secretary may deem appropriate.

[49 FR 30074, July 26, 1984]

### § 80.23 Allocation of funds between marine and freshwater fishery projects.

(a) Each coastal State, to the extent practicable, shall equitably allocate those funds specified by the Secretary, in the apportionment of Federal Aid in Sport Fish Restoration funds, between projects having recreational benefits

## 50 CFR Ch. I (10-1-06 Edition)

for marine fisheries and projects having recreational benefits for freshwater fisheries.

(1) Coastal States are: Alabama, Alaska, California, Connecticut, Delaware, Florida, Georgia, Hawaii, Louisiana, Maine, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Oregon, Rhode Island, South Carolina, Texas, Virginia, Washington, Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(2) The allocation and subsequent obligation of funds between projects that benefit marine and freshwater interests will be in the same proportion as the estimated number of resident marine anglers and resident freshwater anglers, respectively, bears to the estimated number of total resident anglers in the State. The number of marine and freshwater anglers shall be based on a statistically reliable method for determining the relative distribution of resident anglers in the State between those that fish in saltwater and those that fish in freshwater.

(3) To the extent practicable means that the amounts allocated of each year's apportionment may not necessarily result in an equitable allocation for each year. However, the amounts allocated over a period, not to exceed 3 years, must result in an equitable allocation between marine and freshwater fisheries projects. Ongoing marine project costs can be applied toward the State's saltwater allocation.

(4) Failure to provide for an equitable allocation may result in the State's becoming ineligible to participate in the use of those funds specified, until such time as the State demonstrates to the satisfaction of the Director that funds will be allocated equitably.

### § 80.24 Recreational boating access facilities.

The State shall allocate at least 10 percentum of each annual apportionment under Federal Aid in Sport Fish

Restoration Act for recreational boating access facilities. All facilities constructed, acquired, developed, renovated, or maintained (including those existing structures for which maintenance is provided) must be for the purpose of providing additional, improved, or safer access of public waters for boating recreation as part of the State's effort for the restoration, management, and public use of sport fish. Though a broad range of access facilities and associated amenities can qualify for funding under the 10 percent provision, power boats with common horsepower ratings must be accommodated, and, in addition, the State must make reasonable efforts to accommodate boats with larger horsepower ratings if they would not conflict with aquatic resources management. Any portion of the 10 percent set aside for the above purposes that remains unexpended or unobligated after two years shall revert to FWS.

[50 FR 21448, May 24, 1985]

**§ 80.25 Multiyear financing under the Federal Aid in Sport Fish Restoration Program.**

(a) States may finance the acquisition of lands or interests in lands including water rights and the construction of structures and facilities utilizing multiyear funding as authorized by the Federal Aid in Sport Fish Restoration Act in two ways:

(1) States may finance the entire cost of the acquisition or construction from a non-Federal funding source and claim Federal Aid reimbursement in succeeding apportionment years according to a scheduled reimbursement plan.

(2) States may negotiate an installment purchase or contract whereby periodic and specified amounts are paid to the seller or contractor and Federal Aid reimbursements are allowed for each payment from any apportionment year current at the time of payment.

(b) Multiyear financing is subject to the following conditions:

(1) Projects must provide for prospective use of funds and be approved by the Regional Director in advance of the State's obligation or commitment to purchase property or contract for structures or facilities.

(2) States must agree to complete the project even if Federal funds are not available. In the event the project is not completed, those Federal funds expended but not resulting in commensurate sport fishery benefits must be recovered by the State and reallocated to approved State sport fish projects.

(3) Project proposals must include a complete schedule of payments to complete the project.

(4) No costs for interest or financing shall be claimed for reimbursement.

[50 FR 21448, May 24, 1985]

**§ 80.26 Symbols.**

Distinctive symbols are prescribed to identify projects funded by the Federal Aid in Wildlife Restoration Act and the Federal Aid in Sport Fish Restoration Act and to identify items on which taxes and duties have been collected to support the respective Acts.

(a) All recipients identified in § 80.2 of this part are authorized to display the appropriate symbol(s) on areas, such as wildlife management areas and fishing access facilities, acquired, developed, operated or maintained by these grants, or on printed material or other visual representations relating to project accomplishments. Recipients may require sub-recipients to display the symbol(s) and may authorize use by others, or for purposes other than as stated above, only with approval of the Director, U.S. Fish and Wildlife Service.

(b) Other persons or organizations may use the symbol(s) for purposes related to the Federal Aid programs as authorized by the Director, U.S. Fish and Wildlife Service. Authorization for the use of the symbol(s) shall be by written agreement executed by the Service and the user. To obtain authorization a written request stating the specific use and items to which the symbol(s) will be applied must be submitted to Director, U.S. Fish and Wildlife Service, Washington, DC 20240.

(c) The user of the symbol(s) shall indemnify and defend the United States and hold it harmless from any claims, suits, losses and damages arising out of any allegedly unauthorized use of any patent, process, idea, method or device by the user in connection with its use of the symbol(s), or any other alleged

§ 80.27

action of the user and also from any claims, suits, losses and damages arising out of alleged defects in the articles or services with which the symbol(s) is associated.

(d) The appearance of the symbol(s) on projects or items is to indicate that the manufacturer of the product is taxed by, and that the State project was funded through, the respective Act(s). The U.S. Fish and Wildlife Service and the Department of the Interior make no representation or endorsement whatsoever by the display of the symbol(s) as to the quality, utility, suitability or safeness of any product, service or project with which the symbol(s) is associated.

(e) Neither symbol may be used in any other manner except as authorized by the Director, U.S. Fish and Wildlife Service. Unauthorized use of the symbol(s) will constitute a violation of section 701 of title 18 of the United States Code and subject the violator to possible fines and imprisonment as set forth therein.

(f) The symbol pertaining to the Federal Aid in Wildlife Restoration Act is depicted below.

(g) The symbol pertaining to Federal Aid in Sport Fish Restoration Act is depicted below.

(h) The symbol pertaining to the Federal Aid in Wildlife Restoration Act and the Federal Aid in Sport Fish Restoration Act when used in combination is depicted below.

§ 80.27 Information collection requirements.

(a) Information gathering requirements include filling out forms to apply for certain benefits offered by the Federal Government. Information gathered under this part is authorized under the Federal Aid in Sport Fish Restoration Act (16 U.S.C. 777-7771) and the Federal Aid in Wildlife Restoration Act (16 U.S.C. 669-669i). The Service may not conduct or sponsor, and applicants or grantees are not required to respond to, a collection of information

unless the request displays a currently valid OMB control number. Our requests for information will be used to apportion funds and to review and make decisions on grant applications and reimbursement payment requests submitted to the Federal Aid Program.

(b) OMB Circular A-102 requires the use of several Standard Forms: SF-424, SF-424A and SF-424B, SF-424C, SF-424D, SF-269A and SF-269B, SF-270, SF-271 and SF-272 (For availability, see 5 CFR 1310.3.). Combined, as many as 12,000 of these forms are used annually by grant applicants. The individual burden is approximately 1 hour to compile information and complete each form; the total burden is approximately 12,000 hours (approximately 3,500 grants are awarded/renewed each year, but not all forms are used for all grants). These forms are needed to document grant applications and requests for reimbursement.

(c) Part 1 Certification (Service Form 3-154A, OMB Control No. 1018-0007) and Part 2 Summary of Hunting and Sport Fishing Licenses Issued (Service Form 3-154B, OMB Control No. 1018-0007) require approximately one-half hour from each of 56 respondent States and territories for a total burden of 28 hours. The information is routinely collected by the States and territories and easily transferred to these forms and certified. This information is used in a statutory formula to apportion funds among the grant recipients.

(d) The Grant Agreement, (Service Form 3-1552, OMB Control No. 1018-0049) and Amendment to Grant Agreement, (Service Form 3-1591, OMB Control No. 1018-0049) require approximately 1 hour to gather relevant information, review, type, and sign. This information is compiled in the normal agency planning processes and transferred to these forms. Recipients nationwide complete approximately 3,500 Grant Agreement forms and 1,750 Amendment to Grant Agreement forms during any fiscal year for a total burden of 5,250 hours. This information is used to document financial awards made to grant recipients and amendments to these awards.

(e) The Federal Aid Grant Application Booklet (OMB Control No. 1018-0109) contains narrative instruction for

applying for grants. It requires approximately 80 hours to collect information and prepare a grant application package. Applicants prepare and submit about 5,250 of these grant application packages annually for a total burden of 283,500 hours. This information is used to determine if the work, cost, and future benefits of a grant application meet the needs of the Federal Aid in Sport Fish and Wildlife Restoration programs.

(f) The public is invited to submit comments on the accuracy of the estimated average burden hours needed for completing Part I—Certification, Part II—Summary of Hunting and Sport Fishing Licenses Issued, Grant Agreement, Amendment to Grant Agreement, or The Federal Aid Grant Application Booklet and to suggest ways in which the burden may be reduced. Comments may be submitted to: U.S. Fish and Wildlife Service, Information Collection Clearance Officer, 4401 North Fairfax Drive, Suite 222, Arlington, VA 22203.

SOURCE: 40 FR 47509, Oct. 9, 1975, unless otherwise noted.

**§ 81.1 Definitions.**

As used in this part, terms shall have the meaning ascribed in this section.

(a) *Agreements.* Signed documented statements of the actions to be taken by the State(s) and the Secretary in furthering the purposes of the Act. They include:

(1) A Cooperative Agreement entered into pursuant to section 6(c) of the Endangered Species Act of 1973 and § 81.2 of this part.

(2) A Project Agreement which includes a statement as to the actions to be taken in connection with the conservation of endangered or threatened species, benefits derived, cost of actions, and costs to be borne by the Federal Government and by the States.

(b) *Conserve, conserving, and conservation.* The use of all methods and procedures which are necessary to bring any endangered species or threatened species to the point at which the measures provided pursuant to the Endangered Species Act of 1973 are no longer necessary. Such methods and procedures include, but are not limited to, all activities associated with scientific resources management such as research, census, law enforcement, habitat acquisition and maintenance, propagation, live trapping, and transplantation, and, in the extraordinary case where population pressures within a given ecosystem cannot be otherwise relieved, may include regulated taking.

(c) *Endangered species.* Any species which is in danger of extinction throughout all or a significant portion of its range (other than a species of the Class Insecta as determined by the Secretary to constitute a pest whose protection under the provisions of The Endangered Species Act of 1973 would present an overwhelming and over-riding risk to man).

(d) *Fish or wildlife.* Any member of the animal kingdom, including without limitation any mammal, fish, bird (including any migratory, nonmigratory, or endangered bird for which protection is also afforded by treaty or other international agreement), amphibian, reptile, mollusk, crustacean, arthropod or other invertebrate, and includes any part, product, egg, or offspring thereof, or the dead body or parts thereof.

(e) *Plant.* Any member of the plant kingdom, including seeds, roots, and other parts thereof.

(f) *Program.* A State-developed set of goals, objectives, strategies, action, and funding necessary to be taken to promote the conservation and management of resident endangered or threatened species.

(g) *Secretary.* The Secretary of the Interior or his authorized representative.

(h) *Species.* This term includes any subspecies of fish or wildlife or plants, and any distinct population segment of any species of vertebrate fish or wildlife which interbreeds when mature.

(i) *State.* Any of the several States, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, the Virgin Islands, Guam, and the Trust Territory of the Pacific Islands.

(j) *State agency.* The State agency or agencies, or other governmental entity or entities which are responsible for the management and conservation of fish or wildlife resources within a State.

(k) *Plan.* A course of action under which immediate attention will be given to a State's resident species determined to be endangered or threatened.

(l) *Threatened species.* Any species which is likely to become an endangered species within the foreseeable future throughout all or a significant portion of its range, as determined by the Secretary.

(m) *Project.* A plan undertaken to conserve the various species of fish and wildlife or plants facing extinction.

(n) *Act.* The Endangered Species Act of 1973, Pub. L. 93-205, 16 U.S.C. 1531 *et seq.*

(o) *Project segment.* An essential part or a division of a project, usually separated as a period of time, occasionally as a unit of work.

(p) *Resident species.* For the purposes of the Endangered Species Act of 1973, a species is resident in a State if it exists in the wild in that State during any part of its life.

**§ 81.2 Cooperation with the States.**

The Secretary is authorized by the act to cooperate with any State which establishes and maintains an adequate and active program for the conservation of various endangered and threatened species. In order for a State program to be deemed an adequate and active program, the Secretary must find and reconfirm, on an annual basis, that under the State program, either:

(a) Authority resides in the State agency to conserve resident species of fish and wildlife or plants determined by the State agency or the Secretary to be endangered or threatened;

(b) The State agency has established an acceptable conservation program, consistent with the purposes and policies of the act, for all residents species of fish and wildlife or plants in the State which are deemed by the Secretary to be endangered or threatened; and has furnished a copy of such program together with all pertinent details, information, and data requested to the Secretary;

(c) The State agency is authorized to conduct investigations to determine the status and requirements for survival of resident species of fish and wildlife or plants;

(d) The State agency is authorized to establish programs, including the acquisition of land or aquatic habitat or interests therein, for the conservation of resident endangered or threatened species; and

(e) Provisions are made for public participation in designating resident species of fish and wildlife or plants as endangered or threatened, or that under the State program: (1) The requirements set forth in paragraphs (c), (d), and (e) of this section are complied with concerning fish and wildlife and in paragraphs (c) and (e) of this section concerning plants, and plans are included under which immediate attention will be given to those resident species of fish and wildlife or plants which are determined by the Secretary or the State agency to be endangered or threatened and which the Secretary and the State agency agree are most urgently in need of conservation programs; except that a cooperative agreement entered into with a State whose program is deemed adequate and active

pursuant to this paragraph shall not affect the applicability of prohibitions set forth in or authorized pursuant to section 4(d) or section 9(a)(1) of the Endangered Species Act of 1973 with respect to the taking of any resident endangered or threatened species.

[41 FR 15016, Apr. 9, 1976, as amended at 44 FR 31580, May 31, 1979]

**§ 81.3 Cooperative Agreement.**

Upon determination by the Secretary that a State program is adequate and active and complies with § 81.2, the Secretary shall enter into an Agreement with the State. A Cooperative Agreement is necessary before a Project Agreement can be approved for endangered or threatened species projects. A cooperative agreement under § 81.2 must be reconfirmed annually to reflect new laws, species lists, rules and regulations, and programs, and to demonstrate that the program is still active and adequate. The Secretary, in determining which species are most urgently in need of a conservation program as provided for in § 81.2(e), shall apply the following criteria: (1) The degree of threat to the continued existence of the species; (2) the recovery potential of the species; (3) the taxonomic status, e.g., giving full species priority over subspecies or populations; and (4) such other relevant biological factors as determined appropriate.

[41 FR 15016, Apr. 9, 1976, as amended at 44 FR 31580, May 31, 1979]

**§ 81.4 Allocation of funds.**

The Secretary shall semi-annually allocate funds, appropriated for the purpose of carrying out Section 6, to various State programs using the following as the basis for his determination:

(a) The international commitments of the United States to protect endangered or threatened species;

(b) The readiness of a State to proceed with a conservation program consistent with the objectives and purposes of the Act;

(c) The number of endangered and threatened species within a State;

(d) The potential for restoring endangered and threatened species within a State; and

## §81.5

(e) The relative urgency to initiate a program to restore and protect an endangered or threatened species in terms of survival of the species.

[40 FR 47509, Oct. 9, 1975, as amended at 44 FR 31580, May 31, 1979]

### §81.5 Information for the Secretary.

Before any Federal funds may be obligated for any project to be undertaken in a State, the State must have entered into a Cooperative Agreement with the Secretary pursuant to section 6(c) of the Act.

### §81.6 Project Agreement.

(a) Subsequent to the establishment of a Cooperative Agreement pursuant to §81.3, the Secretary may further agree with the States to provide financial assistance in the development and implementation of acceptable projects for the conservation of endangered and threatened species. Financial agreements will consist of an Application for Federal Assistance and a Project Agreement. Such agreements' continued existence, and continued financial assistance under such agreements, shall be contingent upon the continued existence of the Cooperative Agreement described in §81.3 of this part.

(b) The Application for Federal Assistance will show the need for the project, the objectives, the expected benefits and results, the approach, the period of time necessary to accomplish the objectives, and both the Federal and State costs. All of a State's activities proposed for this Federal grant support will be incorporated in one or more project applications.

(c) To meet the requirements of the Act, the Application for Federal Assistance shall certify that the State agency submitting the project is committed to its execution and that it has been reviewed by the appropriate State officials and is in compliance with other requirements of the Office of Management and Budget Circular No. A-95 (as revised).

(d) The Project Agreement will follow approval of the Application for Federal Assistance by the Secretary. The mutual obligations by the cooperating agencies will be shown in this agreement executed between the State and the Secretary. An agreement shall

## 50 CFR Ch. I (10-1-06 Edition)

cover the financing proposed in one project segment and the work items described in the documents supporting it.

(e) The form and content for both the Application for Federal Assistance and the Project Agreement are provided in the Federal Aid Manual.

[40 FR 47509, Oct. 9, 1975, as amended at 44 FR 31581, May 31, 1979]

### §81.7 Availability of funds.

Funds allocated to a State are available for obligation during the fiscal year for which they are allocated and until the close of the succeeding fiscal year. For the purpose of this section, obligation of allocated funds occurs when a Project Agreement is signed by the Secretary, or his authorized representative, attesting to his approval.

### §81.8 Payments.

The payment of the Federal share of costs incurred in the conduct of activities included under a Project Agreement shall be in accordance with Treasury Circular 1075.

(a) Federal payments under the Act shall not exceed 75 percent of the program costs as stated in the agreement; except, the Federal share may be increased to 90 percent when two or more States having a common interest in one or more endangered or threatened species, the conservation of which may be enhanced by cooperation of such States, enter jointly into an agreement with the Secretary.

(b) The State share of program costs may be in the form of cash or in-kind contributions, including real property, subject to standards established by the Secretary as provided in Office of Management and Budget Circular A-102.

(c) Payments under the Endangered Species Act, including such preliminary costs and expenses as may be incurred in connection with projects, shall not be made unless all documents that may be necessary or required in the administration of this Act shall have first been submitted to and approved by the Secretary. Payments shall be made for expenditures reported and certified by the State agencies. Payments shall be made only to the State office or official designated by the State agency and authorized under

the laws of the State to receive public funds of the State.

(d) Vouchers and forms provided by the Secretary and certified as therein prescribed, showing amounts expended and the amount of Federal Aid funds claimed to be due on account thereof, shall be submitted to the Secretary by the State agency.

[40 FR 47509, Oct. 9, 1975, as amended at 44 FR 31581, May 31, 1979; 49 FR 30074, July 26, 1984]

#### § 81.9 Assurances.

The State must assure and certify that it will comply with all applicable Federal laws, regulations, and requirements as they relate to the application, acceptance, and use of Federal funds for projects under the Act in accordance with Office of Management and Budget Circular A-102.

[40 FR 47509, Oct. 9, 1975, as amended at 44 FR 31581, May 31, 1979]

#### § 81.10 Submission of documents.

Papers and documents required by the Act or by regulations in this part shall be deemed submitted to the Secretary from the date of receipt by the Director of the U.S. Fish and Wildlife Service.

#### § 81.11 Divergent opinions over project merits.

Any difference of opinion about the substantiality of a proposed project or appraised value of land to be acquired are considered by qualified representatives of the Secretary and the State. Final determination in the event of continued disagreement rests with the Secretary.

#### § 81.12 Contracts.

The State may use its own regulations in obtaining services providing that they adhere to Federal laws and the requirements provided by Office of Management and Budget Circular A-102. The State is the responsible authority without recourse to the Secretary regarding settlement of contractual issues.

[40 FR 47509, Oct. 9, 1975, as amended at 44 FR 31581, May 31, 1979]

#### § 81.13 Inspection.

Supervision of each project by the State shall include adequate and continuous inspection. The project will be subject to periodic Federal inspection.

#### § 81.14 Comprehensive plan alternative.

In the event that the State elects to operate under a comprehensive fish and wildlife resource planning system, the Cooperative Agreement will be an attachment to the plan. No Application for Federal Assistance will be required since the documentation will be incorporated in the plan. However, the continued existence of the comprehensive plan, and Federal financing thereunder, will be contingent upon the continued existence of the Cooperative Agreement described in § 81.3, above.

#### § 81.15 Audits.

The State is required to conduct an audit at least every two years in accordance with the provisions of Attachment P of OMB Circular A-102. Failure to conduct audits as required may result in withholding of grant payments or such other sanctions as the Secretary may deem appropriate.

### Subpart A—Introduction

#### § 82.1 Scope of regulations.

The regulations in this part are issued, pursuant to the authority of the Secretary in section 1380 of the Marine Mammal Protection Act, 16 U.S.C. 1361-1407 (Supp. II 1972), to provide procedures for the submission and review of applications and the award and administration of research grants, or other forms of financial assistance, to Federal or state agencies, public or private institutions, or other persons including any foreign governments for research relevant to the protection and conservation of marine mammals.

#### § 82.2 Purpose of regulations.

The Marine Mammal Protection Act of 1972 (Pub. L. 92-552) authorizes appropriations, and confers authority upon the Secretary, subject to such terms and conditions as he deems necessary, and after review by the Marine Mammal Commission, to make grants, or provide other forms of financial assistance, for the purpose of undertaking research relevant to the protection and conservation of marine mammals. Research initiated pursuant to this authorization is to be directed toward increasing the available knowledge of the ecology and population dynamics of marine mammals and of the factors which bear upon their ability to reproduce themselves successfully, which information may be used for the purposes of increasing and maintaining the number of animals within species and populations of marine mammals at the optimum carrying capacity of their habitat.

## 50 CFR Ch. I (10-1-06 Edition)

### § 82.3 Supplementary information and procedures.

The regulations in this part are intended to provide for the maximum flexibility and simplicity in the application and award of grants or other financial assistance and the minimum amount of Federal control in the conduct of the research and supervision of Federal funds, consistent with the anticipated level of appropriated funds and demand for such funds. With respect to grants to state or local governments these regulations are intended to implement and be read as consistent with Federal Management Circular 74-7, "Uniform Administrative Requirements for Grants-in-Aid to State and Local Governments," (FMC 74-7) 34 CFR part 256, 39 FR 35787-35796, October 4, 1974, unless specifically noted otherwise. The standards and procedures set forth therein, and other referenced Federal management circulars, will, to the extent practical, govern other forms of financial assistance to state and local governments, public and private institutions and persons as well as grants to such institutions and persons. Other Federal regulations and sources of guidance potential applicants may find worthwhile to consult for information which may be helpful in applying and implementing research grants or other financial assistance under these regulations include: 34 CFR part 211, Cost Sharing on Federal Research (FMC 73-3); 34 CFR part 251, Audit of Federal Operations and Programs by Executive Branch Agencies, superseding OMB Circular No. A-73, dated August 4, 1965; 34 CFR part 252, Coordinating Indirect Cost Rates and Audit at Educational Institutions, (FMC 73-6); 34 CFR part 253, Administration of College and University Grants (FMC 73-7); 34 CFR part 254, Cost Principles for Educational Institutions (FMC 73-8); FMC 74-4, Cost Principles under Grants to State and Local Governments.

#### § 82.4 Authority.

The Secretary of the Interior has delegated to the Director, Fish and Wildlife Service, his authority under the Marine Mammal Protection Act to

**U.S. Fish and Wildlife Serv., Interior**

**§ 82.6**

enter into grants or other forms of financial assistance for research relevant to the protection and conservation of marine mammals covered by the Act excluding the order *Cetacea* and members, other than walruses, of the order *Pinnipedia*.

**§ 82.5 Definitions.**

As used in this part, terms shall have the meanings ascribed in this section.

(a) *Act* means the Marine Mammal Protection Act of 1972, 16 U.S.C. 1361-1407.

(b) *Cooperative Agreement* means the properly signed documentation, including the Application for Federal Assistance, which describes the project goals, the time schedule for achieving them, the estimated expenses to be incurred and the terms and conditions under which the research will be conducted, the totality of which constitutes the legally binding instrument between the Secretary and the grantee.

(c) *Grantee* means (1) any private person or entity, or (2) any officer, employee, agent, department, or instrumentality of the Federal Government, or any state or political subdivision thereof or any foreign government, participating in a cooperative agreement with the Secretary.

(d) *Marine Mammal* means any specimen of the following species, whether alive or dead, or any part thereof, including but not limited to, any raw, dressed, or dyed fur or skin:

Scientific name	Common name
<i>Ursus maritimus</i> .....	Polar bear.
<i>Enhydra lutris</i> .....	Sea Otter.
<i>Odobenus rosmarus</i> .....	Walrus.
<i>Dugong dugong</i> .....	Dugong.
<i>Trichechus inunquius</i> .....	West Indian manatee.
<i>Trichechus manatus</i> .....	West African manatee.
<i>Trichechus senegalensis</i> .....	Amazonian manatee.

NOTE: Common names given may be at variance with local usage; they are not required to be provided by the Act, and they have no legal significance.

(e) *Non-Federal interest* means any organization, association, institution, business, school, individual or group of individuals, state agency, municipality, or others outside the Federal Government which desires to participate within the terms of the Act.

(f) *Project* means any program for which an Application for Federal Assistance and a cooperative agreement

have been approved and which provides for research in subjects which are relevant to the protection and conservation of marine mammals.

(g) *Secretary* means the Secretary of the Interior or his delegated representative.

(h) *State* means the several states, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, the possessions of the United States, and the Trust Territory of the Pacific Islands.

(i) *State agency* means any department(s), commission(s), or official(s), of a state empowered under its laws to administer the state program for marine mammals.

**Subpart B—Application for Grants**

**§ 82.6 Submission of proposals.**

(a) Preapplication forms may be submitted by any potential grantee in order to (1) establish communication between the Fish and Wildlife Service and the applicant; (2) to determine the applicant's eligibility; (3) determine how well the project can compete with applications from others; and (4) eliminate any proposals which have little or no chance for Federal funding before the applicant incurs significant expenditures for preparing an application. A notice of review action will be sent to the applicant within 45 days of the receipt of the preapplication form informing the applicant of the results of the review of the preapplication form. If the review cannot be completed within 45 days, the applicant will be informed by letter as to when the review will be completed.

(b) An Application for Federal Assistance for non-construction shall be submitted by all applicants for grants, however, an Application for Federal Assistance—Short Form may be utilized for single purpose and one-time grant applications for less than \$10,000 not requiring clearing house approval, an environmental impact statement, or the relocation of persons, businesses, or farms.

(c) Copies of the applications described in paragraphs (a) and (b) of this section may be obtained from the Federal Aid Coordinator, State Fish and Game Agency, and the Director, U.S.

## § 82.7

Fish and Wildlife (Attention: Division of Cooperative Research), Washington, DC 20240. An original and two copies of the appropriate application forms should be submitted to the Director at this address. In order to allow sufficient time for processing, the Federal Assistance Application must be submitted by September 1 of the year preceding the fiscal year in which the research is contemplated. Any requests by grantees for changes, continuations, and supplements to approved grants must be submitted on the same form as the original application.

### § 82.7 Coordination with States.

If the proposed project is to be conducted within the territorial limits of a state, the Secretary shall not enter into an agreement with a non-Federal interest other than a State without first consulting with the State agency.

## Subpart C—Administration

### § 82.8 Prosecution of work.

(a) The grantee shall pursue the agreed-upon objectives expeditiously, adhering to the procedures set forth in the Cooperative Agreement. Failure to do so or failure to provide timely and adequate reports shall be cause for the Secretary to withhold further reimbursements to the grantee until project commitments are satisfactorily met. All further disbursement of funds under the cooperative agreement may be terminated upon determination by the Secretary that satisfactory progress has not been maintained.

(b) All work shall be performed in accordance with applicable Federal, state, and local laws, including safety, health and sanitation laws, except that when state and local laws are in conflict with Federal laws or regulations, such Federal laws or regulations shall prevail.

### § 82.9 General information for the Secretary.

Before any Federal funds may be obligated for any project the grantee shall furnish to the Director such information regarding the authority of the grantee to participate in the benefits of the Act, such information of the type described in FMC 74-7 Attachment

## 50 CFR Ch. I (10-1-06 Edition)

G, concerning the system to be used by the grantee for the financial management of grant funds, the state laws affecting marine mammals, and such other information as the Director may request.

(a) *Document signature.* The Application for Federal Assistance and the Cooperative Agreement must bear the signature of an official who is legally authorized to commit the prospective grantee to expenditure of funds. The Secretary may, from time to time, request, and grantee shall furnish, information relating to the administration and maintenance of any project established under the Act.

(b) [Reserved]

### § 82.10 Payments to grantee.

Payments may be requested by the grantee at intervals of not less than 30 days as work described in the cooperative agreement progresses.

### § 82.11 Forms of vouchers.

Vouchers, on forms provided by the Secretary, showing amounts expended on each project, and the Federal portion claimed to be due on account thereof, shall be certified and submitted to the Director by the grantee.

### § 82.12 Permit requirements.

No work shall commence on a proposal funded under the provisions of 16 U.S.C. 1380 until all appropriate State and Federal permits have been applied for and issued.

### § 82.13 Ownership of property.

When property is acquired pursuant to the provisions of the Act, title to such property or interests therein shall be vested in the grantee as long as the property is used for the authorized purpose. When the property is no longer needed for such purpose, the Director and the grantee shall mutually agree regarding the assignment of title and any compensations consistent with the terms of Federal Management Circular 74-7 or other appropriate referenced Federal Management Circulars cited in § 82.3 of this part.

**§ 82.14 Inspection and audit.**

(a) Supervision of each project shall be as specified in the initial cooperative agreement and shall include adequate and continuous inspection by the grantee. The project will be subject at all reasonable times to Federal inspection. The Director and the Comptroller General of the United States, or their duly authorized representatives, shall be given access by the grantee during regular business hours to any books, documents, papers, and records of the grantee which are pertinent to the project for the purposes of making audit, examination, excerpts, and transcripts.

(b) The State is required to conduct an audit at least every two years in accordance with the provisions of Attachment P of OMB Circular A-102. Failure to conduct audits as required may result in withholding of grant payments of such other sanctions as the Secretary may deem appropriate.

[40 FR 23281, May 29, 1975, as amended at 49 FR 30074, July 26, 1984]

**§ 82.15 Record retention.**

All records of accounts, and reports, with supporting documentation thereto, will be maintained by the grantee for a period of three years after submission of the final expenditure report, with the qualifications stated in FMC 74-7, Attachment C, paragraph 1.

**§ 82.16 Reporting.**

Performance reports and other specified reports shall be submitted to the Secretary by the grantee in accordance with requirements prescribed by FMC 74-7 or other appropriate referenced Federal Management Circulars cited in § 82.3 of this part.

**§ 82.17 Procurement.**

Grantees may use their own procurement regulations which reflect applicable State and local laws, rules, and regulations, provided that procurements made with funds under the Act adhere to the standards set forth in FMC 74-7 or other appropriate referenced Federal Management Circulars cited in § 82.3 of this part.

**§ 82.18 Officials not to benefit.**

No member of, or delegate to, Congress, or Resident Commissioner, shall be admitted to any share or any part of an agreement, or to any benefit that may arise therefrom; but this provision shall not be construed to extend to an agreement made with a corporation for its general benefit.

**§ 82.19 Patents and inventions.**

Determination of the patent rights in any inventions or discoveries resulting from work under cooperative agreements entered into pursuant to the Act shall be governed by the "Government Patent Policy," President's Memorandum for Heads of Executive Departments and Agencies, August 23, 1971, and statement of government patent policy as printed in 36 FR 16889.

**§ 82.20 Civil rights.**

Each cooperative agreement shall be supported by a statement of assurance executed by the grantee providing that the project will be carried out in accordance with title VI, non-discrimination in federally assisted programs, of the Civil Rights Act of 1964, 42 U.S.C. 2000d-2000d-4, and with the Secretary's regulations promulgated thereunder, 43 CFR part 17.

**§ 82.21 Copyrights.**

Where research conducted under a grant issued pursuant to this part results in a book or other copyrightable material, the author or grantee, subject to the terms of the Cooperative Agreement, is encouraged to publish the work, but the Department of the Interior reserves a royalty free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use the work for Government purposes. Any publication by the grantee must bear in an appropriate place an acknowledgment of grant support under the Marine Mammal Act from the Department of the Interior. In addition, any publication must include a statement that the findings, conclusions, etc., do not necessarily represent the views of the Department of the Interior. At least two copies of any printed publications must

be furnished to the U.S. Fish and Wildlife Service.

NOTE: The information collection requirement contained in this part has been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned control number 1018-0048.

**§ 83.1 Definitions.**

As used in this part, the following terms mean:

(a) *Act*. The Fish and Wildlife Conservation Act of 1980, Pub. L. 96-366 (16 U.S.C. 2901, *et seq.*).

(b) *Conservation plan*. A plan for the conservation of fish and wildlife within a State which meets the requirements set forth in this part.

(c) *Designated State agency or State agency*. The Commission, department, division or other agency of a State which has the primary legal authority for the conservation of fish and wildlife. If more than one agency is designated by the State to exercise such authority, the term means each such agency acting with respect to its assigned responsibilities.

(d) *Director*. The Director of the U.S. Fish and Wildlife Service or his/her designee.

(e) *Federal Aid Manual*. The publication of the U.S. Fish and Wildlife Service which contains policies, standards and procedures required for participation in the benefits of the Act.

(f) *Fish and Wildlife*. Wild vertebrate animals that are in an unconfined state.

(g) *Nongame fish and wildlife*. Fish and wildlife that:

(1) Are not ordinarily taken for sport, fur, food, or commerce within the State except that any species legally taken for sport, fur, food, or commerce in some but not all parts of a State may be deemed nongame within any area where such taking is prohibited; and

(2) Are not listed as endangered or threatened species under the Endangered Species Act of 1973 (16 U.S.C. 1531-1543); and

(3) Are not marine mammals within the meaning of section 3(5) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1362(5)); and

(4) Are not domesticated species that have reverted to a feral existence.

(h) *Plan species*. Any species or subspecies or ecologic association of species and subspecies which is designated to be addressed through actions set forth in an approved conservation plan.

(i) *Project*. A definitive proposal submitted by a State and approved by the regional director for funding under this Act.

(j) *Regional Director*. The regional director of the U.S. Fish and Wildlife Service or his/her designee.

(k) *Secretary*. The Secretary of the Interior or his/her designee.

(l) *State*. Any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, the Virgin Islands, Guam, the Trust Territories of the Pacific Islands, and the Commonwealth of the Northern Mariana Islands.

**§ 83.2 Participant eligibility.**

Participation is limited to designated State agencies. If a State places primary legal authority for the conservation of fish and wildlife in more than one agency, the governor or

## U.S. Fish and Wildlife Serv., Interior

## § 83.7

chief executive of that State shall designate the State agency which will serve to coordinate the State actions under this Act. The director of each designated State agency shall notify the regional director, in writing, of the official(s) authorized to sign Federal Aid documents and of any changes in such authorizations.

### § 83.3 Allocation of funds.

In accordance with the provisions of the Act, the allocation of funds to the States shall take into account the area and population of each State.

(a) Area of the land and water of each State shall be as determined by the Department of Commerce and shall include the area of coastal and Great Lakes waters within each State.

(b) Population of each State shall be the most recent population estimates, as determined by the Department of Commerce.

### § 83.4 Eligible undertakings.

Funding under this Act may be approved by the regional director to carry out projects which meet the standards of substantiality as defined in § 83.12 and which conform to one of the following:

(a) A proposal to implement a nongame action in lieu of an approved conservation plan. Upon a showing of need, a State may request funding under this Act before a conservation plan is approved. Such a proposal must:

(1) Be for the purpose of conserving, restoring, or otherwise benefitting nongame fish and wildlife, its habitats or its users;

(2) Comply with standards contained in the Federal Aid Manual; and

(3) Consist of work to be accomplished before October 1, 1986.

(b) A proposal to develop or maintain a conservation plan. The designated State agency may apply for funding of a project for developing a conservation plan, coordinating or consolidating a conservation plan with other plans, or maintaining a previously approved conservation plan. State costs incurred later than September 30, 1991, for the development of a conservation plan cannot be approved for funding.

(c) A proposal to implement actions described in an approved conservation

plan. Such a proposal specifies and requests funding to cover one or more of the nongame actions described in the approved conservation plan.

### § 83.5 Limitations.

The following limitations shall apply to the eligibility of projects for funding under the Act:

(a) Of the total estimated costs for any project proposed under this Act, not less than 80 percent shall be for work or activities for the principal benefit of nongame fish and wildlife resources or of the public use of these resources.

(b) Upon approval of a conservation plan, all projects must be limited to actions required for implementing or revising the plan or for coordinating or consolidating the plan with other plans.

(c) Not more than 10 percent of the costs of any project which is carried out in lieu of an approved conservation plan, or which is carried out under an approved conservation plan covering only nongame fish and wildlife resources, may be derived from the sale of hunting, fishing, and trapping licenses and from penalties (including forfeitures) for violations of hunting, fishing, and trapping laws of the State.

(d) Not more than 10 percent of the estimated costs for projects to be funded shall be for law enforcement activities.

(e) Not more than 10 percent of the cost of implementing any project under this Act shall be funded by in-kind contributions from third parties.

### § 83.6 Appeals.

Any difference of opinion over the eligibility of proposed activities or differences arising over the conduct of work may be appealed to the Director. Final determinations rests with the Secretary.

### § 83.7 Availability of funds.

Funds allocated to a State under the Act are available for obligation and expenditure during the fiscal year for which they are allocated and until the close of the succeeding fiscal year. For the purpose of this section, obligation of allocated funds occurs when a

### § 83.8

project agreement is approved by the Regional Director.

#### § 83.8 Submission of proposals for funding.

To make application for funds allocated under this Act, the State shall submit to the regional director an Application for Federal Assistance.

(a) Each application shall contain such information as the regional director may require to determine if the proposed activities are in accordance with the Act, the provisions of this part, and the standards contained in the Federal Aid Manual.

(b) Applications must be signed by the director of the designated State agency or the official(s) delegated to exercise the authority and responsibilities of such director in committing the State to participation under the Act.

#### § 83.9 Conservation plans.

A conservation plan submitted to the regional director for approval shall meet the requirements for substantiality set forth in § 83.12(a) and the standards prescribed in the Federal Aid Manual, and shall:

(a) Identify the species of nongame fish and wildlife, and other fish and wildlife deemed appropriate by the designated State agency which are within the State and are valued for ecological, educational, aesthetic, cultural, recreational, economic, or scientific benefits by the public;

(b) Provide for inventory(ies) of the identified species (plan species) to determine:

(1) Their population size, distribution, and range; and

(2) The extent, condition, and location of their significant habitats.

(c) Identify the significant problems which may adversely affect the plan species;

(d) Determine actions which should be taken to conserve the plan species and their significant habitats. Actions proposed will seek to optimize population levels, population distributions, and human benefits while taking fully into account the effects on non-target species and user groups. The actions will utilize methods and procedures which will, to the maximum extent

### 50 CFR Ch. I (10-1-06 Edition)

practicable, ensure the well-being and enhancement of the plan species;

(e) Establish priorities for implementing the actions proposed in (d);

(f) Provide for regular monitoring of the plan species and the effectiveness of the actions implemented;

(g) Provide for the review of the plan and revision, if appropriate, at intervals of not more than 3 years;

(h) Describe procedures by which inputs have been solicited from the public during plan development and by which inputs will be solicited during revision and implementation of the plan;

(i) Indicate State and Federal agencies which were consulted during plan development and which will be consulted during plan implementation. If plan implementation will entail substantive cooperation with other agencies, an agreement describing the intended cooperation and signed by the involved parties must be executed before funding is authorized.

#### § 83.10 Cost sharing.

Federal and State participation in the costs incurred in completion of approved work funded by this Act shall be limited as follows:

(a) The Federal share may not exceed:

(1) Ninety percent of the costs for development of conservation plans, except after September 30, 1984, the Federal share may not exceed 75 percent of the cost for development of conservation plans, and after September 30, 1991, no reimbursement may be paid under this Act for development of a conservation plan;

(2) Seventy-five percent of the costs for implementing and revising an approved conservation plan, except the Federal share may be increased to 90 percent if two or more States have mutually agreed to cooperate in implementation projects, provided, however, that after September 30, 1991, the Federal share may not exceed 50 percent if the conservation plan covers only nongame species;

(3) Seventy-five percent of the costs incurred prior to October 1, 1986, for projects which are not covered by an approved conservation plan, except the Federal share may be increased to 90

## U.S. Fish and Wildlife Serv., Interior

## § 83.13

percent if two or more States have mutually agreed to cooperate in projects.

(b) The State share of project costs:

(1) May be in the form of cash or in-kind contributions, subject to the limitations described in § 83.5 and the following conditions:

(i) The allowability and valuation of in-kind contributions shall be in accordance with the provisions of OMB Circular A-102 and the policies and standards as described in the Federal Aid Manual.

(ii) Volunteers proposed by the State to provide personal services to be claimed as in-kind contributions must possess qualifications appropriate to the service to be performed. The State must attest to such qualifications of all such volunteers based on the volunteers' training, experience or employment status, or upon an endorsement provided by a recognized institution, agency, or professional society.

(2) May not be derived from other Federal funds.

### § 83.11 Cooperation between States.

Whenever two or more States propose to cooperate in the revision of a conservation plan or in a conservation action which will result in a higher rate of Federal costsharing, such States shall describe in documentation the plan or action to be jointly undertaken. The proposed cooperation shall:

(a) Require each cooperating State to accept and carry out a substantial share of the described undertaking;

(b) Enhance the effectiveness of or reduce the total cost in accomplishing the project purpose;

(c) Be supported by a memorandum of understanding executed by the cooperating States.

### § 83.12 Project requirements.

Each project proposed for funding under the Act shall be substantial in character and design and shall be in conformance with the policies and standards contained in the Federal Aid Manual.

(a) A substantial project for plan development or plan maintenance is one which:

(1) Provides defined objectives related to completion or revision of the plan, with schedules for completion;

(2) Utilizes accepted planning techniques and appropriate procedures;

(3) Provides for public involvement;

(4) Accomplishes its purpose at a reasonable cost;

(5) Provides assurance that, upon completion of the plan, the State intends to be guided by the conservation plan being developed or maintained.

(b) A substantial project for implementation of approved conservation plans is one which:

(1) Identifies specific conservation actions contained in the plan;

(2) Identifies the objectives to be accomplished related to the needs described in the plan;

(3) Utilizes accepted conservation and management principles, sound design, and appropriate procedures.

(c) A substantial project for actions in lieu of an approved conservation plan is one which:

(1) Identifies and describes a need within the purposes of the Act;

(2) Identifies the objectives to be accomplished based on the stated need;

(3) Utilizes accepted conservation and management principles, sound design, and appropriate procedures;

(4) Will yield benefits which are pertinent to the identified need at a level commensurate with project costs.

### § 83.13 Application of funds provided under the Act.

(a) Funds provided under this Act shall be applied only to activities or purposes approved by the regional director or contained in a conservation plan approved by the regional director. If otherwise applied, such funds must be replaced by the State to maintain eligibility.

(b) Real property acquired or constructed with Federal Aid funds must continue to serve the purpose for which acquired or constructed:

(1) When such property passes from management control of the designated State agency, either the control must be fully restored to the designated State agency or the real property must be replaced using non-Federal Aid funds. Replacement property must be of equal value at current market prices and with equal or commensurate nongame fish and wildlife benefits as the original property. The State may

### § 83.14

be granted up to 3 years from the date of notification by the regional director, to acquire replacement property before becoming ineligible.

(2) When such property is used for purposes which interfere with the accomplishment of approved purposes, the violating activities must cease and any adverse effects resulting must be remedied.

(3) When such property is no longer needed or useful for its original purpose, and with prior approval of the regional director, the property shall be used or disposed of as provided in Attachment N of OMB Circular A-102.

(c) Federal Aid funds shall not be used for the purpose of producing income. However, income producing activities incidental to accomplishment of approved purposes are allowable. Income derived from such activities shall be accounted for in the project records and its disposition shall be in accordance with Attachment E of OMB Circular A-102.

#### § 83.14 Allowable costs.

Allowable costs are limited to those which are necessary and reasonable for accomplishment of the approved project or action and are in accordance with the cost principles of OMB Circular A-87.

(a) All costs must be supported by source documents or other records as necessary to substantiate the application of funds. Such documentation and records are subject to review by the Secretary to determine the allowability of costs.

(b) Costs incurred prior to the effective date of the project agreement are allowable only when specifically provided for in the project agreement.

(c) Projects or facilities designated to include purposes other than those eligible under the Act shall provide for the allocation of costs among the various purposes. The method used to allocate costs shall produce an equitable distribution of costs based on the relative used or benefits provided.

#### § 83.15 Payments.

Payments to the State shall be made for the Federal share of allowable costs incurred by the State in accomplishing approved projects.

### 50 CFR Ch. I (10-1-06 Edition)

(a) Requests for payments shall be submitted on forms furnished by the regional director.

(b) Payments shall be made only to the office or official specified by the designated State agency and authorized under the laws of the State to receive public funds for the State.

(c) All payments are subject to final determination of allowability based on audit. Any overpayments made to the State shall be recovered as directed by the regional director.

#### § 83.16 Maintenance.

The State is responsible for maintenance of all capital improvements acquired or constructed with Federal Aid funds throughout the useful life of each improvement. Costs for such maintenance are allowable when provided for in approved projects. The maintenance of improvements acquired or constructed with non-Federal Aid funds are allowable costs when such improvements are necessary to accomplishment of project purposes as approved by the regional director, and when such costs are otherwise allowable by law.

#### § 83.17 Responsibilities.

In the conduct of activities funded under the Act, the State is responsible for:

(a) The supervision of each project to assure that it is conducted consistent with the project documents and that it provides:

- (1) Proper and effective use of funds;
- (2) Maintenance of project records;
- (3) Timely submission of reports;
- (4) Regular inspection and monitoring of work in progress.

(b) The selection and supervision of project personnel to assure that:

(1) Adequate and competent personnel are available to carry the project through to a satisfactory and timely completion;

(2) Project personnel perform the work to ensure that time schedules are met, projected work units are accomplished, other performance objectives are achieved, and reports are submitted as required.

(c) The accountability and control of all assets to assure that they serve the purposes for which acquired throughout their useful life.

(d) The compliance with all applicable Federal, State, and local laws.

(e) The settlement and satisfaction of all contractual and administrative issues arising out of procurement entered into.

#### § 83.18 Records.

The State shall maintain current and complete financial, property and procurement records in accordance with requirements contained in the Federal Aid Manual and OMB Circular A-102.

(a) Financial, supporting documents, and all other records pertinent to a project shall be retained for a period of 3 years after submission of the final expenditure report on the project. If any litigation, claim, or audit was started before the expiration of the 3-year period, the records shall be retained until the resolution is completed. Records for nonexpendable property shall be retained for a period of 3 years following final disposition of the property.

(b) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any pertinent books, documents, papers and records of the State.

#### § 83.19 Land control.

The State must control lands or waters on which capital improvements are made with Federal Aid funds. Control may be exercised through fee title, lease, easement, or agreement. Control must be adequate for protection, maintenance, and use of the improvement throughout its useful life.

#### § 83.20 Assurances.

The State must agree to and certify that it will comply with all applicable Federal laws, regulations, and requirements as they relate to the application, acceptance, and use of Federal funds under the Act. The Secretary shall have the right to review or inspect for compliance at any time. Upon determination of noncompliance, the Secretary may terminate or suspend any actions or projects in noncompliance, or may declare the State ineligible for further participation in program benefits until compliance is achieved.

#### § 83.21 Audits.

The State is required to conduct an audit at least every two years in accordance with the provisions of Attachment P of OMB Circular A-102. Failure to conduct audits as required may result in withholding of grant payments or such other sanctions as the Secretary may deem appropriate.

AUTHORITY: 16 U.S.C. 3951-3956.

SOURCE: 67 FR 49267, July 30, 2002, unless otherwise noted.

### Subpart A—General Background

#### § 84.10 What is the purpose and scope of this rule?

The regulations in this part establish the requirements for coastal State participation in the National Coastal Wetlands Conservation Grant Program authorized by Section 305 of the Coastal Wetlands Planning, Protection and Restoration Act (Pub L. 101-646, title III; 16 U.S.C. 3954). The primary goal of the National Coastal Wetlands Conservation Grant Program is the long-term conservation of coastal wetlands ecosystems. It accomplishes this by helping States protect, restore, and enhance their coastal habitats through a competitive grants program. Results are measured in acres protected, restored, and enhanced.

#### § 84.11 How does the Service define the terms used in this rule?

Terms used have the following meaning in this part:

*Coastal barrier.* A depositional geologic feature that is subject to wave, tidal, and wind energies; protects landward aquatic habitats from direct wave attack; and includes all associated aquatic habitats such as adjacent wetlands, marshes, estuaries, inlets, and nearshore waters. These can include islands; spits of land connected to a mainland at one end; sand bars that connect two headlands and enclose aquatic habitat; broad, sandy, dune beaches; or fringing mangroves. Coastal barriers are found on coastlines including major embayments and the Great Lakes of the United States and its territories.

*Coastal Barrier Resources System.* A defined set of undeveloped coastal areas, designated by the Coastal Barrier Resources Act of 1982 (Pub. L. 97-348) and the Coastal Barrier Improvement Act of 1990 (Pub. L. 101-591). Within these defined units of the System, Federal expenditures are restricted to discourage development of coastal barriers.

## 50 CFR Ch. I (10-1-06 Edition)

*Coastal States.* States bordering the Great Lakes (Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin); States bordering the Atlantic, Gulf (except Louisiana), and Pacific coasts (Alabama, Alaska, California, Connecticut, Delaware, Florida, Georgia, Hawaii, Maine, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Oregon, Rhode Island, South Carolina, Texas, Virginia, and Washington); and American Samoa, Commonwealth of the Northern Mariana Islands, Guam, Puerto Rico, and the Virgin Islands. (Louisiana is not included because it has its own wetlands conservation program authorized by the Coastal Wetlands Planning, Protection and Restoration Act and implemented by the Corps of Engineers with assistance from the State of Louisiana, the Environmental Protection Agency, and the Departments of the Interior, Agriculture, and Commerce.)

*Coastal wetland ecosystems.* Ecosystems that consist of multiple, interrelated coastal land features. They include wetlands in drainage basins of estuaries or coastal waters that contain saline, brackish, and nearshore waters; coastlines and adjacent lands; adjacent freshwater and intermediate wetlands that interact as an ecological unit; and river mouths and those portions of major river systems affected by tidal influence—all of which interact as an integrated ecological unit. Shorelands, dunes, nearshore islands, barrier islands and associated headlands, and freshwater wetlands within estuarine drainages are included in the definition since these interrelated features are critical to coastal fish, wildlife, and their habitats.

The definition of a coastal wetland ecosystem also applies to the Great Lakes and their watersheds, where freshwater plays a similar hydrologic role. The Great Lakes coastal wetland ecosystem is made up of multiple interrelated coastal landscape features along the Great Lakes. The Great Lakes coastal wetland ecosystem includes wetlands located adjacent to any of the Great Lakes including Lake St. Clair and connecting waters, and mouths of river or stream systems

draining directly into the Great Lakes. Shorelands, dunes, offshore islands, and barrier islands and associated headlands are included in the definition since these interrelated features are critical to Great Lakes fish, wildlife, and their habitats.

*Coastal Wetlands Act or Act.* The Coastal Wetlands Planning, Protection and Restoration Act of 1990 (16 U.S.C. 3951-3956).

*Eligible applicant.* Any agency or agencies of a coastal State designated by the Governor. It is usually a State natural resource or fish and wildlife agency.

*Enhancement.* The manipulation of the physical, chemical, or biological characteristics of a wetland (undisturbed or degraded) site to heighten, intensify, or improve specific function(s) or to change the growth stage or composition of the vegetation present.

*Fund.* A fund established and used by a coastal State for acquiring coastal wetlands, other natural areas, or open spaces. The fund can be a trust fund from which the principal is not spent, or a fund derived from a dedicated recurring source of monies including, but not limited to, real estate transfer fees or taxes, cigarette taxes, tax checkoffs, or motor vehicle license plate fees.

*Grant.* An award of financial assistance by the Federal Government to an eligible applicant.

*Long-term conservation.* Protecting and restoring terrestrial and aquatic environments for at least 20 years. This includes the hydrology, water quality, and fish and wildlife that depend on these environments.

*Maintenance.* (These activities are ineligible under the program; the definition is included to distinguish these activities from acquisition, restoration, enhancement, and management.) Maintenance includes those activities necessary for upkeep of a facility or habitat. These activities include routine, recurring custodial maintenance such as housekeeping and minor repairs as well as the supplies, materials, and tools necessary to carry out the work. Also included is nonroutine cyclical maintenance to keep facilities or habitat improvements fully functional. Cyclical maintenance is major maintenance

or renovation activities conducted at intervals normally greater than 1 year.

*Management.* (Includes habitat management only.) Habitat management includes vegetation manipulation and restoration of habitat to support fish and wildlife populations. Creation of wetlands where they did not previously exist is not included in the definition of management.

*Maritime forest.* Maritime forests are defined, for the purposes of this regulation, as broad-leaved forests that occur on barrier islands and along the mainland coast from Delaware to Texas. Examples are primarily characterized by a closed canopy of various combinations of live oak (*Quercus virginiana*), upland laurel oak (*Quercus hemisphaerica*), pignut hickory (*Carya glabra*), southern magnolia (*Magnolia grandiflora*), sugarberry (*Celtis laevigata*), and cabbage palm (*Sabal palmetto*). Shrubs and smaller trees typical of the understory include live oak, upland laurel oak, pignut hickory, red mulberry (*Morus rubra*), wild olive (*Osmanthus americanus*), American holly (*Ilex opaca*), yaupon (*Ilex vomitoria*), beautyberry (*Callicarpa americana*), bumelia (*Sideroxylon* spp.), and small-flowered pawpaw (*Asimina parviflora*). The herb layer is generally rich and diverse, typically including partridgeberry (*Mitchella repens*), coralbean (*Erythrina herbacea*), small-leaved milk pea (*Galactia microphylla*), tick trefoils (*Desmodium* spp.), and spikegrass (*Chasmanthium sessiliflorum*). Vines are represented by muscadine grape (*Vitis rotundifolia*), Virginia creeper (*Parrhenocissus quinquefolia*), and various briers (*Smilax* spp.).

This natural community type becomes established on old coastal dunes that have been stabilized long enough to sustain forests. In time, the accumulation of humus contributes to moisture retention of soils, while the canopy minimizes temperature fluctuations by reducing soil warming during the day and heat loss at night. Because of the underlying deep sands, maritime forests are generally well-drained.

Maritime forests have become prime resort and residential property because of their relatively protected locations

along the coast. Although this community type originally occurred in virtually continuous strips along the Atlantic and Gulf Coasts, residential developments and infrastructure encroachments have severely fragmented most occurrences.

*National Wetlands Inventory.* A Service program that produces information on the characteristics, extent, and status of the Nation's wetlands and deep-water habitat. The program's strongest mandates come from the Emergency Wetlands Resources Act of 1986 (16 U.S.C. 3901), which directs the Service to map wetlands, conduct wetlands status and trends studies, and disseminate the information produced.

*National Wetlands Priority Conservation Plan.* A plan developed by the Service for the U.S. Department of the Interior at the direction of Congress through the Emergency Wetlands Resources Act of 1986 (16 U.S.C. 3901). The plan provides the criteria and guidance for identifying wetlands that warrant attention for Federal and State acquisition using Land and Water Conservation Fund appropriations.

*Operations.* (These activities are ineligible under the program; the definition is included to distinguish these activities from acquisition, restoration, enhancement, and management.) Operations include activities necessary for the functioning of a facility or habitat to produce desired results. These include public use management and facility management.

*Program.* The National Coastal Wetlands Conservation Grant Program. A program administered by the Service that awards Federal grants through a competitive process to State agencies for projects to acquire, restore, manage, or enhance coastal wetlands.

*Project.* One or more related activities necessary to fulfill a stated objective to provide for the long-term conservation of coastal wetlands including the lands and waters, hydrology, water quality, and wetland-dependent wildlife. These activities can include acquisition, restoration, enhancement, or management of coastal wetlands.

*Restoration.* The manipulation of the physical, chemical, or biological characteristics of a site with the goal of re-

turning natural/historic functions to a former or degraded wetland.

**§ 84.12 What are the information collection, record keeping, and reporting requirements?**

(a) Information collection requirements include:

(1) An Application for Federal Assistance (Standard Form 424);

(2) A proposal, following the guidance of OMB Circular A-102 and the Federal Aid Grant Application Booklet (OMB Control Number 1018-0109), that includes statements of need and objective(s); a description of expected results or benefits; the approach to be used, such as procedures, schedules, key personnel and cooperators, location of the proposed action, and estimated costs to accomplish the objective(s); identification of any other actions that may relate to the grant; and a description of public involvement and interagency coordination;

(3) Discussion of ranking criteria, including a completed summary information form (USFWS Form 3-2179);

(4) Assurances of compliance with all applicable Federal laws, regulations, and policies (SF 424B or SF 424D); and

(5) Documents, as appropriate, supporting the proposal; for example, environmental assessments (including the NEPA compliance checklist, USFWS Form 3-2185) and evaluations of effects on threatened and endangered species.

(6) A grant agreement form if the proposal is selected for an award (USFWS Form 3-1552); and

(7) A grant amendment form if the agreement is modified (USFWS Form 3-1591).

(b) Record-keeping requirements include the tracking of costs and accomplishments related to the grant as required by 43 CFR 12.60, monitoring and reporting program performance (43 CFR 12.80), and financial reporting (43 CFR 12.81). The project report should include information about the acres conserved, with a breakdown by conservation method (for example, acquired, restored, or both) and type of habitat (list habitat types and include the acreage of each). Are the results of the project being monitored? Is there evidence that the resources targeted in the proposal (for example, anadromous

fish, threatened and endangered species, and migratory birds) have benefited?

(c) Reporting requirements include retention and access requirements as specified in 43 CFR 12.82 and authorized by OMB through the Federal Aid Grant Application Booklet (OMB Control Number 1018-0109).

**Subpart B—Applying for Grants**

**§ 84.20 What are the grant eligibility requirements?**

(a) Eligible grant activities include:

(1) Acquisition of a real property interest in coastal lands or waters from willing sellers or partners (coastal wetlands ecosystems), providing that the terms and conditions will ensure the real property will be administered for long-term conservation.

(2) The restoration, enhancement, or management of coastal wetlands ecosystems, providing restoration, enhancement, or management will be administered for long-term conservation.

(b) Ineligible activities include but are not limited to:

(1) Projects that primarily benefit navigation, irrigation, flood control, or mariculture;

(2) Acquisition, restoration, enhancement, or management of lands to mitigate recent or pending habitat losses resulting from the actions of agencies, organizations, companies, or individuals;

(3) Creation of wetlands by humans where wetlands did not previously exist;

(4) Enforcement of fish and wildlife laws and regulations, except when necessary for the accomplishment of approved project purposes;

(5) Research;

(6) Planning as a primary project focus (planning is allowable as a mini-

mal component of project plan development);

(7) Operations and maintenance;

(8) Acquiring and/or restoring upper portions of watersheds where benefits to the coastal wetlands ecosystem are not significant and direct; and

(9) Projects providing less than 20 years of conservation benefits.

**§ 84.21 How do I apply for a National Coastal Wetlands Conservation Grant?**

(a) Eligible applicants should submit their proposals to the appropriate Regional Director of the U.S. Fish and Wildlife Service. Proposals must be complete upon submission, and must include the information outlined in § 84.22 to be complete.

(1) Service Regional Federal Aid Offices' responsibilities for administration of this grant program include: Notifying the States of the program, its requirements, and any changes that occur; determining the State agencies designated by the Governor as eligible applicants; ensuring that only eligible applicants apply for grants; coordinating with various Service programs to ensure that sound and consistent guidance is communicated to the States; determining proposal eligibility and substantiality; and determining 75 percent match eligibility and notifying the States of approved and disapproved proposals.

(2) Service Divisions of Ecological Services in the regions and field and Fisheries and Habitat Conservation in the national office provide technical assistance and work with Federal Aid to encourage State participation in this process.

(3) Send your proposals to the appropriate Regional Offices, as follows:

Coastal states by service regions	Regional contact information
American Samoa, California, Commonwealth of the Northern Mariana Islands, Guam, Hawaii, Oregon, and Washington (Region 1).	Regional Director (Attention: Federal Aid), U.S. Fish and Wildlife Service, Eastside Federal Complex, 911 NE 11th Avenue, Portland, Oregon 97232-4181, (503) 231-6128.
Texas (Region 2)	Regional Director (Attention: Federal Aid), U.S. Fish and Wildlife Service, P.O. Box 1306, 500 Gold Avenue, SW, Albuquerque, New Mexico 87103, (505) 248-7450.
Illinois, Indiana, Michigan, Minnesota, Ohio, and Wisconsin (Region 3).	Regional Director (Attention: Federal Aid), U.S. Fish and Wildlife Service, Bishop Henry Whipple Federal Building, 1 Federal Drive, Fort Snelling, Minnesota 55111-4056, (612) 713-5130.

Coastal states by service regions	Regional contact information
Alabama, Florida, Georgia, Mississippi, North Carolina, Puerto Rico, South Carolina, and the Virgin Islands. Louisiana is not eligible to participate under Section 305 of 16 U.S.C. 3954, because Louisiana has its own separate program. (Region 4).	Regional Director (Attention: Federal Aid), U.S. Fish and Wildlife Service, 1875 Century Boulevard, Suite 324, Atlanta, Georgia 30345, (404) 679–4159.
Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, and Virginia (Region 5).	Regional Director (Attention: Federal Aid), U.S. Fish and Wildlife Service, 300 Westgate Center Drive, Hadley, Massachusetts 01035–9589, (413) 253–8508.
Alaska (Region 7) .....	Regional Director (Attention: Federal Aid), U.S. Fish and Wildlife Service, 1011 East Tudor Road, Anchorage, Alaska 99503, (907) 786–3435.

(b) The Program operates on an annual cycle. Regional Federal Aid Offices request proposals from the States in early April. Proposals must be received by the Regional Director on or before a due date set in early June in order to be considered for funding in the following fiscal year. Check with your Regional Office each year for the exact due dates. Regions review proposals for eligibility and substantiality. Regions may rank eligible and substantial proposals and submit them to the national office of the Service in Washington, DC, by a date set in late June. A Review Panel coordinated by the Service's National Office of Fisheries and Habitat Conservation reviews and ranks proposals in early August using the criteria established in this rule. The Director selects the proposals and announces the grant recipients at the beginning of the new fiscal year (October 1).

(c) More than one agency in a State may submit proposals to the Service if the Governor determines that more than one agency has responsibility for coastal wetlands.

(d) A project proposal that includes several separate and distinct phases may be submitted in phases, but any succeeding phases must compete against other proposals in the year submitted. Obtaining money for one phase of a project will not be contingent upon acquiring money for another phase of that same project.

(e) The Federal (Program) share will not exceed \$1 million per project.

(f) The percentage of non-Federal match (cash or in-kind) must not be less than 25 percent of the total costs if the State has a designated fund or not less than 50 percent without a fund.

**§ 84.22 What needs to be included in grant proposals?**

Proposals must include the following:

- (a) Application for Federal Assistance (Standard Form 424);
- (b) A Statement of Assurances of compliance with applicable Federal laws, regulations, and policies (either Standard Form 424B or 424D); and
- (c) A project statement that identifies and describes:
  - (1) The need within the purposes of the Act;
  - (2) Discrete, quantifiable, and verifiable objective(s) to be accomplished during a specified time period;
  - (3) Expected results or benefits, in terms of coastal lands and waters, the hydrology, water quality, or fish and wildlife dependent on the wetlands;
  - (4) The approach to be used in meeting the objectives, including specific procedures, schedules, key personnel, and cooperators;
  - (5) A project location, including two maps: A map of the State showing the general location of the proposal, and a map of the project site;
  - (6) Estimated costs to attain the objective(s) (the various activities or components of each project should be broken down by cost and by cooperator);
  - (7) If the request is more than \$100,000 (Federal share), the applicant must submit a Form DI-2010, certifying that the grant money will not be used for lobbying activities;
  - (8) A concise statement, with documentation, of how the proposal addresses each of the 13 numeric criteria including a summary using FWS Form No. 3-2179 (see § 84.32);
  - (9) A description of the State trust fund that supports a request for a 75

percent Federal share in sufficient detail for the Service to make an eligibility determination, or a statement that eligibility has been previously approved and no change has occurred in the fund;

(10) A list of other current coastal acquisition, restoration, enhancement, and management actions; agency(ies) involved; relationship to the proposed grant; and how the proposal fits into comprehensive natural resource plans for the area, if any; and

(11) Public involvement or inter-agency coordination on coastal wetlands conservation projects that has occurred or is planned that relates to this proposal (Specify the organizations or agencies involved and dates of involvement.).

### Subpart C—Project Selection

#### § 84.30 How are projects selected for grants?

Project selection is a three-step process: proposal acceptance, proposal ranking, and proposal selection.

(a) *Proposal acceptance.* (1) The Regional Federal Aid Offices decide whether a proposal should be accepted for consideration by determining if the proposal is complete, substantial, and contains activities that are eligible. Proposals that do not qualify are immediately returned to the State. Revision and resubmission of returned proposals is allowable during this period, which is in June (check with your Regional Office for the exact dates each year). If any of the factors of completeness, substantiality, or eligibility are not met, the Regions should not forward the proposal to the Washington Office.

(2) To be considered for acceptance, the proposal must be substantial in character and design. A substantial proposal is one that:

- (i) Identifies and describes a need within the purposes of the Act;
- (ii) Identifies the objective to be accomplished based on the stated need;
- (iii) Uses accepted principles, sound design, and appropriate procedures;
- (iv) Provides public conservation benefits that are cost effective and long-term, i.e., at least 20 years; and

(v) Identifies obtainable, quantified performance measures (acres enhanced, restored, or protected) that help achieve the management goals and objectives of the National Coastal Wetlands Conservation Grant Program. Through this program, the States' efforts and leadership will help the Service meet its Long-Term and Annual Performance Goals as expressed in the Service's Annual Performance Plan.<sup>1</sup>

(3) The grant limit is \$1 million. Proposals requesting Program awards that exceed \$1 million will be returned to the appropriate State. Similarly, individual projects that have clearly been divided into multiple proposals for submission in one grant cycle to avoid this limit will be returned to the appropriate State. The State can revise and resubmit the proposal so that the request does not exceed the \$1 million limit.

(b) *Proposal ranking.* Once a proposal is accepted by the Region, the Regional Federal Aid Office sends the proposal to the National Federal Aid Office, which works with the National Office of the Fish and Wildlife Management and Habitat Restoration Program for distribution to a Review Panel. The Review Panel includes representation from our coastal Regions and from other Service Programs, for example, the Endangered Species Program. The Fisheries and Habitat Conservation Program is responsible for coordinating the review and ranking of proposals according to the established criteria, a process that usually involves a national meeting.

(c) *Proposal selection.* The Review Panel's recommendations are forwarded to the Director of the Service for a final review and project selection. The Director announces the selection by October 1.

#### § 84.31 An overview of the ranking criteria.

(a) The primary objective of the proposal will be to acquire, restore, enhance, or manage coastal wetlands to

<sup>1</sup>The Service's Annual Performance Plan can be found on the Service's homepage at <http://www/.fws.gov/r9gpra>. For more information you might also contact the Budget Office at 202-208-4596 or the Planning and Evaluation Staff at 202-208-2549.

benefit coastal wetlands and the hydrology, water quality, and fish and wildlife dependent upon them. The Program will not provide grants, for example, for construction or repair of boat ramps or docks for recreational purposes and construction or support of research facilities or activities. The purpose of the ranking criteria is to provide a means for selecting the best projects—those that produce the maximum benefits to coastal wetlands and the fish and wildlife that depend on them.

(b) *Proposal ranking factors*—(1) *Ranking criteria*. As explained in § 84.32, we will evaluate proposals according to 13 ranking criteria. These criteria have varying point values. Proposals must address each of these 13 criteria.

(2) *Additional considerations*. Even though the criteria provide the primary evaluation of proposals, we may factor additional considerations into the ranking decision at the national level. In case of a tie, we will use these additional considerations to rank proposals having identical scores.

(c) The criteria in § 84.32 are not listed in priority order.

(d) Points are assigned on the basis of a completed project, rather than current conditions, e.g., count 50 acres of estuarine emergent wetlands if 50 acres of that habitat type will be restored when the project is completed.

(e) A range of points rather than a set point value allows the reviewer to distinguish between, for example, a proposal that provides some foraging habitat for a threatened species versus one that provides critical nesting habitat of several endangered species. Scoring guidance is included with the individual criteria.

(f) A total of 64 points is possible under the scoring system.

(g) If a grant proposal is not selected, the State may resubmit it for reconsideration in subsequent fiscal years. Resubmission of a grant proposal is the responsibility of the applicant.

#### § 84.32 What are the ranking criteria?

(a) The U.S. Fish and Wildlife Service will rank proposals using the 13 criteria listed below. In the following list, a description of each criterion is fol-

lowed by examples and the points they would receive for that criterion.

(1) *Wetlands conservation*. Will the project reverse coastal wetland loss or habitat degradation in decreasing or stable coastal wetland types? Will it conserve wetlands to prevent losses of decreasing or stable wetland types? (Maximum: 7 points)

(i) The majority of the project area (over 50 percent) is nationally decreasing coastal wetland types,<sup>2</sup> or the majority is regionally decreasing wetlands types in which the case for regionally decreasing is well-documented (Up to 7 points). The nationally decreasing types are estuarine intertidal emergent; estuarine intertidal forested; estuarine intertidal scrub-shrub; marine intertidal; palustrine emergent; palustrine forested; and palustrine scrub-shrub. Describe the wetlands using terms listed above. Include a breakdown showing the percentage of the proposal's total and wetland acreage in decreasing types. Provide National Wetlands Inventory codes/information if available. Information about these can be found on the National Wetland Inventory's web site at <http://wetlands.fws.gov>.

(ii) The majority of the project area (over 50 percent) is nationally stable coastal wetlands types<sup>2</sup> (Up to 5 points). The nationally stable types are estuarine intertidal non-vegetated and estuarine subtidal. Describe the wetlands using the terms listed above. Include a breakdown showing the percentage of the proposal's total and wetland acreage in stable types. Provide National Wetlands Inventory codes/information if available.

(iii) Wetlands benefited are less than 50 percent of the project area. (Up to 3 points)

(iv) If the project would benefit wetlands in the upper portion of the coastal watershed, but does not demonstrate significant and direct benefits to coastal wetlands, the proposal will not receive any points. (0 points)

(v) We will award a full 7 points to proposals that document that over 50

<sup>2</sup>These designations are based on the National Wetlands Priority Conservation Plan. For more information about the plan, or to receive a copy of the document, refer to the contact information provided in § 84.21.

percent of their project area would be, upon project completion, decreasing coastal wetland types. A combination of decreasing and stable types that is over 50 percent of the project area could receive an intermediate score of 4, 5, or 6 points, depending on the balance between decreasing and stable types. If wetlands are 50 percent or less of the project area, use the following guide for allocating points: 25 to 50 percent of the project area is decreasing or stable wetlands, 2, 3, or 4 points; 5 to 24 percent, 1 or 2 points; and less than 5 percent, 0 points.

(2) *Maritime forests on coastal barriers.* Will the proposal significantly benefit maritime forests on coastal barriers? The coastal barrier does not need to be a unit of the Coastal Barrier Resources System. (Maximum: 7 points)

(i) The proposal documents significant benefit to maritime forests on a coastal barrier. Describe the forest in sufficient detail so reviewers can determine whether it meets the definition of "maritime forest." (Up to 7 points)

(ii) The proposal does not benefit maritime forests on a coastal barrier. (0 points)

(iii) For this criterion most scores should be either 0 or 7. If questions arise about the significance of the benefit or whether the forests meet the strict definition, an intermediate score could be given.

(3) *Long-term conservation.* Does the project ensure long-term conservation of coastal wetland functions? The project must provide at least 20 years of conservation benefits to be eligible. (Maximum: 7 points)

(i) Once the project is complete, the project will provide continuing coastal wetlands benefits in perpetuity (100 years or longer). (7 points)

(ii) Once the project is complete, the project will provide continuing coastal wetland benefits for 50–99 years. (3 to 6 points)

(iii) Once the project is complete, the proposal will provide continuing coastal wetlands benefits for 20–49 years. (1 to 3 points)

(iv) The proposal should show how the project will be maintained and the benefits sustained over time. Proposals must include adequate documentation of long-term conservation of coastal

wetland values, such as a 25-year easement, to receive points for this criterion. If part of the project's benefits will be perpetual (owned in fee title, for example) and part is estimated to last 20 years, reviewers should weigh the different elements of the project and give an intermediate score.

(4) *Coastal watershed management.* Would the completed project help accomplish the natural resource goals and objectives of one or more formal, ongoing coastal ecosystem or coastal watershed management plan(s) or effort(s)? Describe the management plan or effort(s). (Maximum: 3 points)

(i) The project supports the natural resource goals of identified formal, ongoing coastal ecosystem or coastal watershed management plans or efforts. Describe the management plan(s) and/or effort(s) and explain how this project relates to its objectives. A plan that very specifically identifies the site will receive more points than a plan containing many generic references. (Up to 3 points)

(ii) The project does not support the natural resource goals and objectives of a formal, ongoing coastal ecosystem or coastal watershed management effort. If the proposal benefits the upper portions of coastal watersheds, but provides no significant and direct benefits to the coastal wetlands ecosystems, the proposal will not receive points. (0 points)

(5) *Conservation of threatened and endangered species.* Will the project benefit any federally listed endangered or threatened species, species proposed for Federal listing, recently delisted species, or designated or proposed critical habitat in coastal wetlands? Will it benefit State-listed threatened and endangered species? (Maximum: 5 points)

(i) The project will provide, restore, or enhance important habitat (e.g., nesting, breeding, feeding, nursery areas) for federally listed or proposed endangered or threatened species that use the coastal area project site for at least part of their life cycle. The project will benefit recently delisted species and habitat conservation plans developed under the auspices of the Endangered Species Act. List the species and their status (e.g., threatened or endangered) and provide documentation

(e.g., cite recovery plan, attach letter from species expert) of current or recent species occurrence in the coastal area project site. Describe the importance of the habitat. (Up to 5 points)

(ii) The project will provide, restore, or enhance important habitat for State-listed threatened and endangered species. (Up to 2 points)

(iii) The project will not provide, restore, or enhance important habitat for federally or State-listed or proposed endangered or threatened species in the coastal area project site for any part of their life cycle. If the proposal provides benefits to threatened and endangered species in the upper portion of the coastal watershed, but provides no significant and direct benefits to threatened and endangered species using coastal wetlands ecosystem habitat, the proposal will not receive any points. (0 points)

(iv) The combined scores of subparagraphs (a)(5)(i) and (a)(5)(ii) of this section cannot exceed the 5-point maximum.

(6) *Benefits to fish.* Will the project provide, restore, or enhance important fisheries habitat? (Maximum: 5 points)

(i) The project will provide, restore, or enhance important habitat (i.e., spawning, nursery, juvenile, or foraging habitat) for specific species that use the coastal area project site for at least part of their life cycle. These species may include anadromous, inter-jurisdictional, or other important species. List species, habitat types, and benefits to each species. (Up to 5 points)

(ii) The project does not document current or future benefits to fish species and their habitat. (0 points)

(iii) The more specific the information is on the use of the area and the importance of the habitat, the greater the points. An area specifically identified as critical for conservation in a fisheries management plan will, for example, receive more points than one which is not.

(7) *Benefits to coastal-dependent or migratory birds.* Will the project provide, restore, or enhance important habitat for coastal-dependent or migratory birds?

(i) The project will provide, restore, or enhance important habitat (i.e.,

breeding, staging, foraging, wintering/summering habitat) benefits for at least part of the life cycle of coastal dependent or migratory birds. List the species and habitat types, and describe the benefits to each. (Up to 5 points)

(ii) The project will not significantly benefit coastal-dependent or migratory birds. (0 points)

(iii) We will give maximum points to projects that benefit coastal-dependent species identified in the North American Waterfowl Plan or listed as species of management concern.<sup>3</sup> Proposals should also include information that demonstrates how the project will contribute to the regional goals developed under the U.S. Shorebird Conservation Plan, the North American Waterbird Conservation Plan, Partners in Flight, the North American Waterfowl Management Plan, or other bird conservation initiatives. Proposals that fail to do so will not receive maximum points. Indicate if the proposed area has been specifically identified by any program or agency for its migratory bird values.

(8) *Prevent or reduce contamination.* Will the project prevent or reduce input of contaminants to the coastal wetlands and associated coastal waters, or restore coastal wetlands and other associated coastal waters that are already contaminated? (Maximum: 5 points)

(i) The project will prevent significant inputs of contaminants or will provide significant improvements to the quality of the coastal wetland and associated waters through protection from contaminants or restoration, including assimilation of nutrients and nonpersistent toxic substances. Describe the types and sources of possible or current impairment to the coastal wetland and other associated coastal waters (e.g., to water quality, sediments, flora, or fauna). Describe how contaminant inputs or residues will be prevented, reduced, or eliminated. Preventing contaminants by precluding residential development through acquisition will not normally warrant full

<sup>3</sup>For more information about species of management concern, visit the website [migratorybirds.fws.gov](http://migratorybirds.fws.gov) or contact the Division of Migratory Bird Management at 703-358-1714.

points unless the applicant can be shown that significant contamination would have occurred otherwise. (Up to 5 points)

(ii) The proposal will not significantly prevent impairment or improve the quality of the coastal wetland and associated coastal waters. If the proposal provides positive water quality benefits in the upper portions of watersheds, but provides no significant and direct positive water quality benefits to coastal wetland ecosystems, the proposal will not receive points. (0 points)

(iii) Show direct links between contamination and wildlife and aquatic habitats. To receive full points, you should provide documentation of the linkage. Reviewers may consider the extent of contaminants prevention/reduction when assigning points. Proposals having the potential to produce an attractive nuisance (e.g., acquiring and/or restoring a wetland that will be attractive to wildlife and that also has the potential to accumulate high levels of persistent toxic metals or hydrocarbon compounds) will not receive points.

(9) *Catalyst for future conservation.* Is the project proposal designed to leverage other ongoing coastal wetlands protection projects in the area, such as acquisition of areas to add to already acquired coastal lands, or provide impetus for additional restoration? (Maximum: 4 points)

(i) The project will be essential (e.g., key to completion or implementation of a greater conservation plan) to further advance or promote other coastal projects under way. Explain why. (Up to 4 points)

(ii) The project proposal does not demonstrate a positive impact on other coastal projects. (0 points)

(iii) To receive the maximum number of points, the proposal should be essential to the initiation or completion of a larger project. Examples may include acquisition of key in-holdings within a larger protected area, funds necessary to acquire fee simple interest in properties where a conservation easement has already been secured, and funds necessary to complete restoration activities to a protected area.

(10) *Partners in conservation.* Will the proposal receive financial support, in-

cluding in-kind match, from private, local, or other Federal interests? (Maximum: 4 points)

(i) The proposal includes the State applicant plus one or more non-State financial partners. (Up to 4 points)

(ii) The proposal includes only financial support from the State applicant. (0 points)

(iii) A written description of commitment of funds or in-kind match from the partners must accompany the proposal. (This requirement is in addition to signing the Assurances Form.) The purpose of this criterion is to promote partnerships with private, local, or other Federal agencies rather than to increase the dollar amount of the matching share. Therefore, no specific minimum amount is indicated here. At least two partners, in addition to the State applicant, should have committed money to the project to receive maximum points.

(11) *Federal share reduced.* Does the proposal significantly reduce the Federal share by providing more than the required match amount? In the case of a Territory or Commonwealth that does not require match funds, does the proposal include financial support from sources other than the Territory or Commonwealth? (Maximum: 5 points)

(i) The State, territory, or commonwealth applicant must have a non-Federal funding source (in-kind match does not count for this criterion) that reduces the Federal share. (Up to 5 points)

(ii) The maximum Federal share is requested by the proposal. (0 points)

(iii) The purpose of this criterion is to increase the amount of money from non-Federal sources. This increase decreases the need for Federal match dollars, so that Federal dollars can help more projects. Documentation of each partner's financial commitment must accompany the proposal to receive points. If the State itself provides the excess match, the State should receive credit for reducing the Federal share. Each 5 percent above the required State match would be approximately equal to 1 point. The following two examples, using both a 50 and 75 percent Federal match share, define a 10 percent increase in a State's match amount.

§ 84.32

50 CFR Ch. I (10–1–06 Edition)

(A) *Example 1–50—Percent Federal Match*

If the total project costs are \$100,000, then the required State match share is \$50,000.

If the State or a partner provides an additional cash contribution equal to 10 percent of the \$50,000, \$5,000. This is defined as a 10 percent increase in the State match.<sup>4</sup>

(B) *Example 2–75—Percent Federal Match*

If the total project costs are \$100,000, then the required State match share is \$25,000.

If the State or a partner provides an additional cash contribution equal to 10 percent of the \$25,000, \$2,500. This is defined as a 10 percent increase in the State match.<sup>4</sup>

(12) *Education/outreach program or wildlife-oriented recreation.* Is the project designed to increase environmental awareness and develop support for coastal wetlands conservation? Does it provide recreational opportunities that are consistent with the conservation goals of the site? (Maximum: 3 points)

(i) The proposal includes a site-specific, substantive education/outreach or wildlife-oriented recreation program. (Up to 3 points)

(ii) The proposal does not include a substantive education/outreach or wildlife-oriented recreation program. (0 points)

(iii) The proposal must describe what makes this program substantive and link it closely with the specific site to receive full points. Programs supported by activities or funds from partners should be encouraged over use of project dollars. Project proposals may include substantive education/outreach components necessary for the completion of the project. However, these should be activities that complement or support the primary goal of the project.

(13) *Other factors.* Do any other factors, not covered in the previous criteria, make this project or site particu-

larly unique and valuable? Does the project offer important benefits that are not reflected in the other criteria? The following list includes examples of projects that provide benefits not reflected in other criteria. (Maximum: 4 points)

(i) The project might provide significant benefits to, for example: rare or threatened habitat types; biodiverse habitats; rare and declining species; and the local community.

(ii) The project would be particularly cost-effective, providing very significant resource benefits for the cost.

(iii) The project would assist in the prevention or control of invasive species.

(iv) The project would provide important cultural or historical resource benefits.

(v) The project would provide other benefits.

(vi) Reviewers should not assign points to resource values covered by other criteria. The proposal should provide a short narrative to support claims to *Other Factors* points.

(b) *Additional considerations.* We will factor the following considerations into the ranking process if two or more proposals have the same point totals. The tie-breaking factors are as follows:

(1) The project would prevent the destruction or degradation of habitat from pending sale of property, from adverse effects of current activities such as draining of wetlands, or from natural processes such as erosion at excessive rates;

(2) The project would protect unique and significant biological diversity;

(3) The project has lower costs per acre conserved; and

(4) In the project proposal the State or third party provides lands as opposed to using lands already owned by the State or third party as part of the State matching share.

(c) All proposals must include the information described in paragraphs (b) (1)–(4) of this section. If a tie occurs between two or more proposals, the reviewers need to have this information available immediately to decide which proposal or proposals should be recommended for selection.

<sup>4</sup>From sources other than Federal agencies. Natural Resource Damage Assessment funds may in some cases be defined as “non-Federal.” See discussion under §84.46 on *What are the cost-sharing requirements?*

### Subpart D—Conditions on Acceptance/Use of Federal Money

#### § 84.40 What conditions must I follow to accept Federal grant money?

(a) The audit requirements for State and local governments (43 CFR part 12), and

(b) The uniform administrative requirements for grants and cooperative agreements with State and local governments (43 CFR part 12).

#### § 84.41 Who prepares a grant agreement? What needs to be included?

The coastal State and the Fish and Wildlife Service work together to develop a Grant Agreement (Form 3-1552) upon completion of the review by the Regional Director to determine compliance with applicable Federal laws and regulations. The Grant Agreement includes the grant title, the grant cost distribution, the agreement period, other grant provisions, and special grant conditions. If a Coastal Barrier Unit is affected, the Service must conduct internal consultations pursuant to Section 6 of the Coastal Barrier Resources Act, as amended by the Coastal Barrier Improvement Act, prior to providing any grant monies to that State.

#### § 84.42 What if a grant agreement is not signed?

Monies that have been allocated for a grant will be held until December 31 of the following year. If a grant agreement has not been signed by the State and the Service and, therefore, the money has not been obligated for the approved grant by that date, the funds automatically are returned to the Program account in Washington.

#### § 84.43 How do States get the grant monies?

Funding to States is provided on a reimbursable basis. See § 84.47 for information on what costs can be reimbursed. The Service may reimburse the State for projects completed, or make payments as the project progresses. For construction work and labor, the Service and the State may jointly determine, on a case-by-case basis, that payments may be made in advance. We will minimize the time elapsing be-

tween the transfer to the State and the State's need for the funds, and the time period will be subject to a specific determined need for the funds in advance. Except for extenuating circumstances, a reasonable time period to advance funds to a State is up to 3 days. OMB Circular A-102, Parts II and III, 43 CFR part 12, and 31 CFR part 205 provide specific information on methods and procedures for transferring funds.

#### § 84.44 What is the timetable for the use of grant money?

Once money is granted to the coastal States, the money is available to those States for the time designated in the grant agreement. If a State needs more time, the State must apply for an extension of time by amending the grant agreement. If the Service does not extend the time, the unobligated monies return to the Service for expenditure on future grants. Also, if a State cannot spend the money on the approved project, the State must notify the appropriate Regional Director as soon as possible so that the money can revert back to the Service for future grants.

#### § 84.45 How do I amend a proposal?

Following procedures in 43 CFR 12.70, you must submit a signed original and two copies of the revised SF 424, the revised portion of the project statement if appropriate, and an explanation of the reason for the revision to the Regional Director (Federal Aid).

#### § 84.46 What are the cost-sharing requirements?

(a) Except for certain insular areas, the Federal share of an approved grant will not exceed 50 percent of approved costs incurred. However, the Federal share may be increased to 75 percent for coastal States that have established and are using a fund as defined in § 84.11. The Regions must certify the eligibility of the fund in order for the State to qualify for the 75 percent matching share.

(b) The following insular areas: American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands, have been exempted from the matching share, as provided in Pub. L. 95-134, amended by Pub. L. 95-348, Pub. L. 96-

## § 84.47

## 50 CFR Ch. I (10–1–06 Edition)

205, Pub. L. 98–213, and Pub. L. 98–454 (48 U.S.C. 1469a). Puerto Rico is not exempt from the match requirements of this Program.

(c) The State may provide materials (e.g., heavy equipment) or other services as a noncash match for portions of the State's matching share. The State may also provide the value of land, including the land proposed for restoration, enhancement, or management as a noncash match, provided that the land is necessary and reasonable for completing the project. For example, if a State proposes to manage a contiguous wetland of 100 acres, and already owns 10 of the 100 acres, the State can apply the current value of the 10 acres, provided that the 10 acres are necessary to manage the entire 100 acres. If the 10-acre wetland were not contiguous and no connection could be made that the 10 acres were needed to manage the proposed wetland, the State could not use the 10 acres as a noncash match. Review 43 CFR 12.64 for determining the value of in-kind contributions.

(d) The requirements in 43 CFR 12.64 and Service Manual Part 522 FW 1.13<sup>5</sup> apply to in-kind matches or cost-sharing involving third parties. Third party in-kind contributions must represent the current market value of noncash contributions furnished as part of the grant by another public agency, private organization, or individual. In-kind matches must be necessary and reasonable to accomplish grant objectives.

(e) Coastal States must commit to their matching share of the total costs by signing the Application for Federal Assistance (SF 424), the Assurances (SF 424B or SF 424D), and the Grant Agreement (Form 3–1552).

(f) No Federal monies, non-Federal monies, in-kind contributions, or National Fish and Wildlife Foundation grant program monies that will be or have been previously used to satisfy the matching requirement of another Federal grant can be used as part of the coastal State's matching share.

(g) The coastal State is responsible for ensuring the full amount of that State's matching requirement, either with State funds or from contributions toward the proposal from other agencies, groups, or individuals. Sources other than State applicant funds must be documented and approved as eligible.

(h) Total Federal contributions (including all Federal sources outside of the Program) may not exceed the maximum eligible Federal share under the Program. This includes monies provided to the State by other Federal programs. If the amount of Federal money available to the project is more than the maximum allowed, we will reduce the Program contribution by the amount in excess.

(i) Natural Resource Damage Assessment funds that are managed by a non-Federal trustee are considered to be non-Federal, even if these monies were once deposited in the Department of the Interior's Natural Resource Damage Assessment and Restoration Fund, provided the following criteria are met:

(1) The monies were deposited pursuant to a joint and indivisible recovery by the Department of the Interior and non-Federal trustees under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) or the Oil Pollution Act (OPA);

(2) The non-Federal trustee has joint and binding control over the funds;

(3) The co-trustees agree that monies from the fund should be available to the non-Federal trustee and can be used as a non-Federal match to support a project consistent with the settlement agreement, CERCLA, and OPA; and

(4) The monies have been transferred to the non-Federal trustee.

### § 84.47 What are allowable costs?

(a) Allowable grant costs are limited to costs necessary and reasonable to achieve approved grant objectives and meet the applicable Federal cost principles in 43 CFR 12.62 (b).

(b) If a project or facility is designed to include purposes other than those eligible under the Act, the costs must be prorated among the various purposes.

<sup>5</sup>From the Fish and Wildlife Service Manual, available on-line at <http://www.fws.gov/directives/index.html>.

(c) If you incur costs before the effective date of the grant, they cannot be reimbursed, with the exception that we can allow preliminary costs, but only with the approval of the appropriate Regional Director. Preliminary costs may include costs necessary for preparing the grant proposal, such as feasibility surveys, engineering design, biological reconnaissance, appraisals, or preparation of grant documents such as environmental assessments for compliance with the National Environmental Policy Act.

**§ 84.48 What are the procedures for acquiring, maintaining, and disposing of real property?**

(a) Acquisition, maintenance, and disposal of real property must follow the rules established in 43 CFR 12.71 and 50 CFR 80.14.

(1) Title to real property acquired under a grant or subgrant must be vested in the State or subgrantee, including local governments and non-profit organizations. States must submit documentation (e.g., appraisals and appraisal reviews) to the Regional Director who must approve it before the State becomes legally obligated for the purchase. States will provide title vesting evidence and summary of land costs upon completion of the acquisition. The grant agreement and any deed to third parties (e.g., conservation easement or other lien on a third-party property) must include appropriate language to ensure that the lands and/or interests would revert back to the State or Federal Government if the conditions of the grant were no longer being implemented.

(2) In cases where the interest obtained is less than fee simple title, the interest must be sufficient for long-term conservation of the specified wetlands resources.

(3) Real property acquired with National Coastal Wetlands Conservation Grant funds must continue to serve the purpose for which it was acquired. If acquired property is used for reasons inconsistent with the purpose(s) for which acquired, such activities must cease and any adverse effects on the property must be corrected by the State or subgrantee with non-Federal

monies in accordance with 50 CFR 80.14.

(4) The State or subgrantee may not dispose of or encumber its title or other interest in real property without prior approval of the appropriate Regional Director of the Service. Real property includes, but is not limited to, lands, buildings, minerals, energy resources, timber, grazing, and animal products. If real property is sold, the State or subgrantee must compensate the Service in accordance with 43 CFR 12.71(c)(2).

(5) If rights or interests obtained with the acquisition of coastal wetlands generate revenue during the Grant Agreement period, the State will treat the revenue as program income and use it to manage the acquired properties. If the State sells or leases real property, the State must treat the proceeds as program income and return the money to the Federal Aid program regardless of the grant period.

(6) Inconsistent use that is not corrected can be grounds for denying a State future grants under this Program.

(b) A coastal State is responsible for design, supervision, and inspection of all major construction projects in accordance with accepted engineering standards.

(1) The coastal State must have adequate rights to lands or waters where restoration or enhancement projects are planned to ensure protection and use of the facilities or structures throughout their useful life.

(2) The construction, enlargement, or rehabilitation of dams are subject to Federal standards for dam design. If requested, the State must provide to the Regional Office written certification that any proposed changes to a dam meet Federal standards.

(3) The coastal State must operate and maintain facilities, structures, or related assets to ensure their use for the stated project purpose and that they are adequately protected.

(c) Acquisition, property records, maintenance, and disposal of equipment must be made in accordance with 43 CFR 12.72.

## § 84.49

### § 84.49 What if the project costs more or less than originally expected?

All requests for additional monies for approved coastal wetland grants will be subject to the entire review process along with new grants. Any monies left over after the project is complete, or if the project is not completed, should be returned to the Washington Office for use in following years. If a State has lands it wishes to acquire, restore, or enhance in close proximity to the original project, and the Region deems that spending project monies in these areas would provide similar benefits, the Region may use unspent balances to pay for these projects with prior approval from the Washington Office. States must provide adequate justification and documentation to the Regions that the lands acquired, restored, or enhanced are similar to those in the original proposal and provide similar benefits to fish and wildlife.

### § 84.50 How does a State certify compliance with Federal laws, regulations, and policies?

(a) In accepting Federal money, coastal State representatives must agree to and certify compliance with all applicable Federal laws, regulations, and policies. The applicant will need to submit a Statement of Assurances (either SF 424B or SF 424D) signed and dated by an authorized agency representative as part of the proposal.

(b) Compliance with environmental and other laws, as defined in the Service Manual 523 FW Chapter 1,<sup>6</sup> may require additional documentation. Consult with Regional Offices for how this applies to a specific project.

### Subpart A—General

#### § 85.10 Purpose and scope.

The purpose of this part is to establish requirements for state participation in the Clean Vessel Act Grant Program authorized by Section 5604 of the Clean Vessel Act (Public Law 102–587, Subtitle F).

#### § 85.11 Definitions.

Terms used in this part shall have the following meaning:

*Clean Vessel Act or Act.* The Clean Vessel Act (Pub. L. 102–587, subtitle F).

*Coastal State.* A State of the United States in, or bordering on, the Atlantic, Pacific, or Arctic Ocean, the Gulf of Mexico, Long Island Sound, or one or more of the Great Lakes. The term also includes Puerto Rico, the Virgin Islands, Guam, and the Commonwealth of the Northern Mariana Islands. The term excludes Alaska and American Samoa because these States have a ratio of the number of recreational vessels in the State numbered under chapter 123 of title 46, United States Code, to number of miles of shoreline (as that term is defined in §926.2(d) of title 15, Code of Federal Regulations, as in effect on January 1, 1991), of less than one.

*Coastal waters.* In the Great Lakes area, the waters within the territorial jurisdiction of the United States consisting of the Great lakes, their connecting waters, harbors, roadsteads, and estuary-type areas such as bays, shallows, and marshes. In other areas, those waters, adjacent to the shorelines, which contain a measurable percentage of sea water, including sounds, bays, lagoons, bayous, ponds, and estuaries.

*Coastal zone.* Coastal zone has the same meaning that the term has in section 304(1) of the Coastal Zone Management Act of 1992 (16 U.S.C. 1453(1)). The coastal zone consists of coastal waters (including the lands therein and thereunder) and the adjacent shorelands, including islands, transitional and intertidal areas, salt marshes, wetlands, and beaches. The zone extends, in Great Lakes waters, to the international boundary between the United States and Canada and, in other areas, seaward to the outer limit of the United States territorial sea. The zone extends inland from the shorelines only to the extent necessary to control shorelands and protect coastal waters.

*Construction.* Activities which produce new capital improvements and increase the value of usefulness of existing property.

*Dump station.* A facility specifically designed to receive sewage from portable toilets carried on vessels. Dump stations do not include lavatories or restrooms.

*Education/information.* The education/information program, as identified in the technical guidelines as published in the FEDERAL REGISTER, designed to make recreational boaters aware of the environmental pollution problem resulting from sewage discharges from vessels and inform them of the location of pumpout and dump stations.

*Eligible applicant.* An agency of a State designated by the Governor.

*Equitable fees.* The maximum charge per pumpout is \$5.00. Price modifications and discounts are subject to State/Federal laws concerning pricing.

*Facility.* A pumpout station or dump station.

*Facility open to the public.* (1) A Clean Vessel Act facility that is open and available to the public is one where the

public has full and reasonable access to the pumpout/dump station, including:

(i) Provision of signage visible from the water to direct boaters to pumpout/dump stations;

(ii) Location of pumpouts to facilitate ease of use by all boats typical to that particular marina;

(iii) Equitable fees; and

(iv) Reasonable open periods.

(2) To be eligible for funding under this program, both public and private facilities must be open to the public.

*Grant.* An award of financial assistance, including cooperative agreements, in the form of money, or property in lieu of money, by the Federal Government to an eligible grantee.

*Inland State.* A State which is not a coastal State. The District of Columbia, American Samoa and Alaska are included as inland States (Rationale for Samoa and Alaska being inland States can be found in §85.11(b) above).

*Maintenance.* Those activities necessary for upkeep of a facility. These are activities that allow the facility to function and include routine recurring custodial maintenance such as house-keeping and minor repairs as well as the supplies, materials, and tools necessary to carry out the work. Also included is non-routine cyclical maintenance to keep facilities fully functional.

*Operation.* Those activities necessary for the functioning of a facility to produce desired results. These are activities that make the facility work.

*Plans.* Those plans identified in the technical guidelines as published in the FEDERAL REGISTER, for construction or renovation of pumpout and dump stations necessary to ensure that there are adequate and reasonably available stations to meet the needs of recreational vessels using the coastal waters of the State.

*Private facilities.* Private facilities include those operated by the following:

(1) For profit or non-profit private marinas, docks, etc.;

(2) For profit or non-profit concessionaires, whether they are leased or private facilities, on public lands; or

(3) Yacht or boating clubs, whether they are open to the public or members-only facilities.

## § 85.12

*Public facilities.* Public facilities include municipal, county, port authority, State and Federal marinas, docks, etc., operated by those agencies.

*Pumpout station.* A facility that pumps or receives sewage from a type III marine sanitation device (holding tank) installed on board vessels.

*Reasonable open periods.* This part does not specify hours, days and seasons, however, some suggested examples, provided no other factors are involved, are presented:

(1) Pumpout/dump stations may be open during the same period the fuel docks are normally open.

(2) Pumpout stations may be open when the marina is open and staff is present to pump out boats.

(3) Pumpout/dump stations may be open during the hours considered to be normal marina business hours as adjusted by seasonal differences.

*Recreational vessel.* Watercraft manufactured for operation, or operated, primarily for pleasure. This term includes any watercraft leased, rented, or chartered to another for the latter's pleasure.

*Renovation.* Major rehabilitation of a facility to restore it to its original intended purpose.

*Surveys.* Those surveys identified in the technical guidelines as published in the FEDERAL REGISTER. Surveys are designed to determine the number and location of all operational pumpout and dump stations at public and private marinas, mooring areas, docks, and other boating access facilities within the coastal zone. Surveys also are designed to determine the number of recreational vessels in coastal waters with holding tanks or portable toilets, and the areas of coastal waters where those vessels congregate.

*Type III marine sanitation device (holding tank).* Any equipment for installation on board a vessel which is specifically designed to receive, retain, and discharge sewage.

cept for surveys, are those necessary to comply with 43 CFR 12 which include a narrative statement as identified in 85.22 Grant Proposals. The collection of survey information contained in this rule was approved by the Office of Management and Budget as required by 44 U.S.C. 3501 *et seq.*, October 18, 1993, OMB No. 1018-0086, expiration date September 30, 1996.

(b) Record keeping requirements include the tracking of costs and accomplishments related to the grant as required by 43 CFR 12.60, monitoring and reporting program performance (43 CFR 12.80), and financial reporting (43 CFR 12.81).

(c) Reporting requirements include retention and access requirements as required by 43 CFR 12.82.

### **Subpart B—Application for Grants**

#### **§ 85.20 Eligible activities.**

(a) Eligible grant activities—coastal States:

(1) Eligible activities include identification in the coastal zone of all operational pumpout and dump stations, and surveys of recreational vessels in coastal waters with holding tanks or portable toilets, and the areas where those vessels congregate. Also eligible are costs of developing a list, including chart coordinates, of all operational pumpout and dump stations in the coastal zone of the State, for submission to the Fish and Wildlife Service.

(2) Plans for construction and renovation of pumpout and dump stations in the coastal zone of the State necessary to ensure that these stations are adequate and reasonably available to meet the needs of recreational vessels using the coastal waters of the State. Completed State-funded plans may be submitted after the technical guidelines appear in the FEDERAL REGISTER.

(b) Eligible grant activities—all States:

(1) Eligible grant activities include education/information program to educate/inform recreational boaters about the environmental pollution problems resulting from sewage discharges from vessels and to inform them of the location of pumpout and dump stations.

(2) Eligible grant activities include the construction, renovation, operation

## U.S. Fish and Wildlife Serv., Interior

## § 85.22

and maintenance of pumpout and dump stations, including floating restrooms in the water, not connected to land or structures connected to the land, used solely by boaters. Eligible grant activities also include any activity necessary to hold and transport sewage to sewage treatment plants, such as holding tanks, piping, haulage costs, and any activity necessary to get sewage treatment plants to accept sewage, such as installing bleed-in facilities.

(c) Ineligible activities:

(1) Activities that do not provide public benefits.

(2) Enforcement activities.

(3) Construction/renovation of upland restroom facilities.

(4) Construction, renovation, operation and maintenance of on-site sewage treatment plants, such as package treatment plants and septic systems, and of municipal sewage treatment plants for primary and secondary treatment.

### § 85.21 Application procedures.

(a) Eligible applicants will submit their proposals to the appropriate Regional Office of the U.S. Fish and Wildlife Service. Coastal States submitting proposals for both the coastal zone and the inland portion of their States, must submit two separate proposals. The Regional Office addresses follow:

Region 1 States Include—American Samoa, California, Commonwealth of the Northern Mariana Islands, Guam, Hawaii, Idaho, Nevada, Oregon, and Washington

Division of Federal Aid, U.S. Fish and Wildlife Service, Eastside Federal Complex, 911 NE 11th Avenue, Portland, Oregon 97232-4181, (503) 231-6128

Region 2 States Include—Arizona, New Mexico, Oklahoma, and Texas

Division of Federal Aid, U.S. Fish and Wildlife Service, P.O. Box 1306, 500 Gold Avenue SW., Albuquerque, New Mexico 87103, (505) 766-2095

Region 3 States Include—Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Ohio, and Wisconsin

Division of Federal Aid, U.S. Fish and Wildlife Service, Bishop Henry Whipple Federal Building, 1 Federal Drive, Fort Snelling, Minnesota 55111-4056, (612) 725-3596

Region 4 States Include—Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Puerto Rico, South Carolina, Tennessee, and the Virgin Islands

Division of Federal Aid, U.S. Fish and Wildlife Service, 1875 Century Boulevard, Suite 324, Atlanta, Georgia 30345, (404) 679-4159

Region 5 States Include—Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, and West Virginia

Division of Federal Aid, U.S. Fish and Wildlife Service, 300 Westgate Center Drive, Hadley, Massachusetts 01035-9589, (413) 253-8501

Region 6 States Include—Colorado, Kansas, Montana, North Dakota, Nebraska, South Dakota, Utah, and Wyoming

Division of Federal Aid, U.S. Fish and Wildlife Service, 134 Federal Building, P.O. Box 25486, Denver, Colorado 80225

Region 7 State Includes—Alaska

Division of Federal Aid, U.S. Fish and Wildlife Service, 1011 East Tudor Road, Anchorage, Alaska 99503, (907) 786-3435

(b) Proposals will be accepted for FY 1995 funds (\$7.05 million) between the effective date and April 29, 1994. For FY 1996 and FY 1997, proposals will be due by May 1 of the year preceding that fiscal year (e.g., May 1, 1995 for FY 1996).

[59 FR 11206, Mar. 10, 1994, as amended at 62 FR 45348, Aug. 27, 1997]

### § 85.22 Grant proposals.

Grant proposals will consist of a narrative which identifies and describes the following:

(a) The need within the purposes of the Act (Coastal States with approved plans should indicate how the activities contained in the proposal implement the plan);

(b) Discrete objective(s) to be accomplished during a specified time period that address the need(s);

(c) Expected results or benefits from accomplishing the objectives, including the numbers of recreational vessels and people served;

(d) The approach to be used in meeting the objectives, including specific procedures, schedules, key personnel,

**§ 85.30**

cooperators, grant location, innovative approaches, public/private partnerships, education, sensitive waters, public access, and estimated costs;

(e) Amount and source of matching funds; and,

(f) Fees for use of facility.

**Subpart C—Grant Selection**

**§ 85.30 Grant selection criteria.**

The Director shall give priority consideration to grant proposals that meet the criteria listed in Subsections a–h and in the accompanying chart:

(a) In coastal States that have no survey or plan, proposals to complete such survey and plan;

(b) Proposals for constructing and renovating pumpout and dump stations without an approved plan;

(c) In coastal States, proposals for constructing and renovating pumpout and dump stations in accordance with a coastal State’s plan approved under section 5603(c) of the Clean Vessel Act, and for inland States, proposals for constructing and renovating pumpout and dump stations in accordance with an inland State’s plan;

(d) Proposals that provide for public/private partnership efforts to develop and operate pumpout and dump stations;

(e) Proposals for innovative ways to increase the availability and use of pumpout and dump stations, e.g., where private parties put in more than the minimum amount;

(f) Proposals that include an education/information component, or the State has an active, ongoing education program;

(g) Proposals that benefit the waters most likely to be affected by the discharge of sewage from vessels, including the waters as defined in the technical guidelines as published in the FEDERAL REGISTER; and,

(h) Proposals in areas with high vessel/pumpout or dump station ratios.

**§ 85.31 Grant selection.**

The Fish and Wildlife Service, Division of Federal Aid, will convene a ranking panel of Federal employees, to include representatives from the Service’s Washington Office of the Division of Federal Aid, the National Oceanic and Atmospheric Administration, the Environmental Protection Agency, and the U.S. Coast Guard, to review, rank, and make funding recommendations to the Director of the Fish and Wildlife Service. The Director will make the selection of eligible grants by August 1, annually. Upon selection of a proposal the appropriate Regional Office will advise the successful applicant of additional documentation requirements.

**Subpart D—Conditions on Use/ Acceptance of Funds**

**§ 85.40 Cost sharing.**

(a) The Federal share shall not exceed 75% of total costs approved in the grant agreement.

(b) The provisions of 43 CFR 12.64 apply to cost sharing or matching requirements. Third party in-kind contributions must be necessary and reasonable to accomplish grant objectives and represent the current market value of noncash contributions furnished as part of the grant by another public agency, private organization, or individual.

**§ 85.41 Allowable costs.**

(a) Allowable grant costs are limited to those costs that are necessary and reasonable for accomplishment of approved grant objectives and meet the applicable Federal cost principles in 43 CFR 12.60(b). Purchase of informational signs, program signs, and symbols designating pumpout and dump stations, are allowable costs.

## U.S. Fish and Wildlife Serv., Interior

## § 85.43

(b) Grants or facilities designed to include purposes other than those eligible under the Act shall have the costs prorated equitably among the various purposes. Grant funds shall only be used for the part of the activity related to the Clean Vessel Act.

(c) Costs incurred prior to the effective date of the grant agreement are not allowable with the exception that preliminary costs are allowed only with the approval of the appropriate Regional Director. Preliminary costs may include such items as feasibility surveys, engineering design, biological reconnaissance, appraisals, or preparation of grant documents such as environmental assessments for compliance with the National Environmental Policy Act.

### § 85.42 Real and personal property.

(a) Applicable regulations regarding acquisition, property records, maintenance, and disposal of real property and equipment are found in 43 CFR 12.71 and 12.72. If questions arise regarding applicability, the appropriate Regional Office should be contacted.

(b) A State shall ensure that design and installation of the facilities are in accordance with the technical standards identified in the technical guidelines as published in the FEDERAL REGISTER.

(c) The State must ensure that facilities are operated and maintained, and that structures or related assets are used for the stated grant purpose.

### § 85.43 Signs and symbols.

(a) *Signs.* Facilities must display appropriate information signs at pumpout and portable toilet dump stations. Such information should indicate fees, restrictions, hours of operation, operating instructions, a contact name and 1-800-ASK-FISH telephone number for boaters to get additional information or to report an inoperable facility.

(b) *Pumpout symbol.* (1) At appropriate times, to increase public awareness of the Clean Vessel Act Pumpout Grant Program, use a pumpout symbol according to Service specifications. Use the pumpout symbol as follows:

(i) As a sign at the entrance to a marina advertising the presence of a

pumpout and/or portable toilet dump station;

(ii) As a directional sign within a marina;

(iii) As a sign at a pumpout and/or portable toilet dump station;

(iv) As a symbol on educational and informational material; and

(v) For other uses as appropriate to advance the purposes of the Clean Vessel Act.

(2) To avoid confusion with having two symbols, use the selected symbol both for pumpout stations and portable dump stations. The Service encourages the use of this symbol as it is not copyrighted. The NOAA NOS magenta "P" within a magenta circle will continue to be used on nautical charts to identify the location of pumpout and portable toilet dump stations. NOAA will include information about the selected pumpout symbol in the U.S. Coast Pilots, a supplement to the charts, to relate this symbol to the NOAA Nautical Chart magenta "P" and circle.

(3) All recipients identified in § 85.11 should display the appropriate pumpout symbol on facilities, such as pumpout and portable toilet dump stations, or on printed material or other visual representations relating to project accomplishments or education/information, and should encourage others to do so. Sub-recipients also should display the symbol and should encourage use by others for the purposes stated in this paragraph (b)(3).

(4) The Service encourages other persons or organizations, such as marinas with pumpout stations not constructed with Clean Vessel Act funds, to use the symbol to advance the purposes of the Clean Vessel Act program.

(5) The following specifications shall apply: The symbol is black, the background is white, and the border is international orange. There is no standard for the black and white, but use black and white colors, not shades. The standards for the international orange color is as follows: For day boards (signs), use retroreflective international orange film. For paint, use international orange conforming to FED-STD 595B, chip number 12197 in daylight conditions. For inks, use Pantone Matching System color chart 179C. In order to ensure visibility after dark,

§ 85.43

50 CFR Ch. I (10-1-06 Edition)

use reflectorized film or paint, and/or artificial illumination. Pumpout symbol technical specifications to construct signs and for other purposes are available upon request.

(6) The following rules govern the graphic reproduction of the symbol:

(i) Do not use a smaller than legible symbol.

(ii) If you reduce or enlarge the symbol, maintain the same proportions.

(iii) Do not obscure the symbol by overprinting.

(iv) Do not place the symbol where it will be split by unlike backgrounds.

(v) Do not place the symbol on a background that is highly textured or patterned.

(vi) When appropriate, for economical reasons, depict the symbol in one-color (black) with a white background, rather than two-color (international orange and black) with white background.

(7) The pumpout symbol follows:

(c) *Qualifying signs.* (1) In conjunction with the symbol, you may use other qualifying signs below the symbol, either on the same sign or on a separate sign.

(i) You may place the message “**P** PUMP OUT”, “**P** PUMPOUT STATION”, “**P** PORTABLE TOILET DUMP STATION”, or other appropriate qualifier, beneath the symbol. Place the magenta-colored “P” and circle in front of the message to relate the pumpout symbol to the NOAA NOS nautical charts. Messages may be ap-

propriate for several years until the symbol is understood without the message. When appropriate, substitute a black “P” and circle for economical reasons.

(ii) You may place directional arrows beneath the symbol to indicate the direction of pumpout or portable toilet dump station facilities.

(2) The following specifications shall apply: Symbols, such as directional arrows, and letters, are black, and the background is white. For using inks to create the magenta color, use PMS

color chart 259U. Letters and black and white colors shall follow the Federal Highway Administration's Manual on Uniform Traffic Control Devices for Streets and Highways (MUTCD), FHWA, 1988. The Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402, provides for sale copies of the 1988 MUTCD, including Revision No. 3, dated September 3, 1993, Stock No. 050-001-00308-2.

(3) The same rules governing the graphic reproduction of the pumpout symbol, as described in paragraph (b)(6) of this section, shall apply to qualifying signs.

(d) *Pumpout slogan.* (1) Use the pumpout slogan according to Service specifications to help increase boater awareness of the need to use pumpout and dump stations to properly dispose of their boat sewage. Use the slogan in conjunction with the pumpout symbol, on educational/informational material, and for other uses as appropriate to advance the purposes of the Clean Vessel Act. The slogan is not copyrighted, and the Service encourages its appropriate use.

(2) All recipients identified in §85.11 should display the pumpout slogan on facilities, such as pumpout and portable toilet dump stations as appropriate, and on printed material or other visual representations relating to project accomplishments or education/information, and should encourage others to do so. Sub-recipients should display the slogan for purposes as stated above and should encourage others to do so.

(3) The Service encourages other persons or organizations, such as marinas with pumpout stations not constructed with Clean Vessel Act funds, to use the slogan to advance the purposes of the Clean Vessel Act program.

(4) The following specifications shall apply: Letters are black and background is white. The same reference under specifications for Qualifying Signs in paragraph (c)(2) of this section shall apply.

(5) The same rules governing the graphic reproduction of the pumpout symbol, as described in paragraph (b)(6) of this section, shall apply to the pumpout slogan.

(6) The pumpout slogan follows:

KEEP OUR WATER CLEAN—USE PUMPOUTS

(e) All information signs, pumpout symbol, qualifying signs, and pumpout slogan identified in this section and the crediting logo identified in §85.47, inform and educate boaters. Therefore, use the signs, symbol, slogan and logo as appropriate. For instance, a sign on the water directing boaters to a pumpout may only need the pumpout symbol, and a qualifying sign beneath, e.g., an arrow, and possibly the words "PUMPOUT STATION". For pumpout and dump stations, the pumpout symbol, slogan, information signs, including all information in paragraph (a) of this section, and the crediting and State logo may be appropriate. If desirable, add qualifying signs. Position a legible sign, symbol and logo either on the pumpout/dump station, on a separate sign, or both, for the greatest effect in informing and educating boaters. For other products such as print and video public service announcements, brochures, etc., the placement of symbols, etc. depends on space availability. The following order of priority dictates the order of use under limited space conditions: the pumpout symbol, slogan, 1-800-ASK-FISH telephone number and Sport Fish Restoration crediting logo. Add other information as appropriate. Use judgement when placing information on signs so as not to confuse the reader. Display the symbol, logo, slogan and information signs in the appropriate locations. To reduce wind drag when bolting signs on pilings, it was found helpful in the Northeast to make signs taller than wider. Symbol or logo size may vary. However, if you reduce or enlarge the symbol, maintain the same proportions.

[62 FR 45348, Aug. 27, 1997]

#### § 85.44 Fee charges for use of facilities.

A maximum of a \$5.00 fee may be charged, with no justification, for use of pumpout facilities constructed, operated or maintained with grant funds. If higher fees are charged, they must be justified before the proposal can be approved. Such proceeds shall be retained, accounted for, and used by the

**§ 85.45**

operator to defray operation and maintenance costs as long as the facility is needed and it serves its intended purpose. The maximum fee shall be evaluated for inflation, etc., each year.

**§ 85.45 Public access to facilities and maintenance.**

All recreational vessels must have access to pumpout and dump stations funded under this grant program. Facilities shall be operated, maintained, and continue to be reasonably accessible to all recreational vessels for the full period of their useful life.

**§ 85.46 Survey and plan standards.**

(a) *Survey standards.* (1) Surveys should be conducted according to the technical guidelines as published in the FEDERAL REGISTER.

**50 CFR Ch. I (10-1-06 Edition)**

(2) Surveys may be conducted State-wide, if necessary, to obtain information on boats using the coastal zone.

(b) *Plan standards.* Plans should be developed according to the technical guidelines as published in the FEDERAL REGISTER.

**§ 85.47 Program crediting.**

(a) *Crediting logo.* As the source of funding for Clean Vessel Act facilities, the Sport Fish Restoration program should get credit through use of the Sport Fish Restoration logo. Grant recipients may use the crediting logo identified in 50 CFR 80.26 to identify projects funded by the Clean Vessel Act. The Sport Fish Restoration logo follows:

(b) *Recipient logo display.* Grant recipients are authorized to display the Sport Fish Restoration logo. Section 85.11 identifies recipients eligible to display the appropriate logo according to 50 CFR 80.26. Display includes on

pumpout and portable toilet dump stations that grantees acquire, develop, operate or maintain by these grants, or on printed material or other visual representations relating to project accomplishments or education/information.

Display the logo in the appropriate location, according to §85.43(e). Symbol or logo size may vary. However, if you reduce or enlarge the symbol, maintain the same proportions. Recipients may require sub-recipients to display the logo.

(c) *Other display of logo.* Other persons or organizations may use the logo for purposes related to the Federal Aid Clean Vessel Act program as authorized in 50 CFR 80.26.

(d) *Crediting language.* Suggested examples of language to use when crediting the Clean Vessel Act follow:

(1) *Example 1.* The Sport Fish Restoration Program funded this pumpout facility through your purchase of fishing equipment and motorboat fuels.

(2) *Example 2.* The Sport Fish Restoration Program funded this construction through your purchase of fishing equipment and motorboat fuels.

(3) *Example 3.* The Sport Fish Restoration Program funded the production of this pamphlet through your purchase of fishing equipment and motorboat fuels.

(e) *Logo colors.* Option 1 in paragraph (e)(1) of this section describes the preferred logo colors. Use Options 2 or 3 in paragraph (e)(2) or (e)(3) of this section when necessary or to reduce costs. Do not attempt to match these Pantone Matching Systems (PMS) colors with combinations of screened process colors.

(1) *Option 1.* When printed 100 percent on a white background, use PMS 348.

(2) *Option 2.* When using four-color process printing, print the symbol in 100 percent black on a white background.

(3) *Option 3.* When it is not possible to follow the specifications of Options 1 or 2 in paragraph (e)(1) or (e)(2) of this section, print the logo in any 100 percent solid dark color on a contrasting light background.

[62 FR 45350, Aug. 27, 1997]

#### **§ 85.48 Compliance with Federal laws, regulations, and policies.**

(a) In accepting Federal funds, State representatives must agree to and certify compliance with all applicable Federal laws, regulations, and policies. This is done by submitting an assurances statement that describes the

compliance requirements for Federal grants.

(b) Compliance with environmental and other laws, as defined in Service Manual 523 FW Chapter 1, may require additional documentation. Consult with Regional Offices for specific applicability.

(c) For method of payment, refer to 43 CFR part 12, 31 CFR part 205, and any other regulations referenced in these parts.

SOURCE: 66 FR 5286, Jan. 18, 2001, unless otherwise noted.

**Subpart A—General Information About the Grant Program**

**§ 86.10 What does this regulation do?**

In this part, the terms “I,” “you,” “my,” and “your” refer to the State agency seeking participation in the national Boating Infrastructure Grant (BIG) Program. “We” and “us” refers to the Fish and Wildlife Service. This part establishes your requirements under the Sportfishing and Boating Safety Act of 1998 to:

- (a) Participate in the national BIG Program,
- (b) Complete your boat access survey, and
- (c) Develop State plans to install tie-up facilities for transient nontrailerable recreational vessels.

**§ 86.11 What does the national BIG Program do?**

This program provides funds for States to construct, renovate, and maintain tie-up facilities with features for transient boaters in vessels 26 feet

or more in length, and to produce and distribute information and educational materials about the program.

**§ 86.12 Definitions of terms used in part 86.**

For the purposes of this part, the following terms are defined:

*Construct* means engaging in activities that produce new capital improvements and increase the value or usefulness of existing property. These activities include building new tie-up facilities or replacing or expanding existing tie-up facilities.

*Grant* means financial assistance the Federal Government awards to an eligible applicant.

*Grant agreement* means a contractual agreement used to obligate Federal Aid funds for carrying out work covered by an approved grant proposal.

*Maintain* means engaging in activities that allow the facility to continue to function, such as repairing docks. These activities exclude routine janitorial activities.

*Navigable waters* means waters connected to or part of the jurisdictional waters of the United States that transient nontrailerable recreational vessels currently use or can use.

*Nontrailerable recreational vessels* mean motorized boats 26 feet or more in length manufactured for and operated primarily for pleasure, including vessels leased, rented, or chartered to another person for his or her pleasure.

*Project* means a specific plan or design.

*Proposal* means a description of one or more projects for which a State requests grant funds.

*Recreational waters* means navigable waters that vessels use for recreational purposes.

*Renovate* means to rehabilitate or repair a tie-up facility to restore it to its original intended purpose, or to expand its purpose to allow transient nontrailerable recreational vessels.

*States* means individual States within the United States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

*Survey instrument* means a tool developed by the Service and approved by

OMB to assess the need for boating facilities.

*Tie-up facilities* mean facilities that transient nontrailerable recreational vessels occupy temporarily, not to exceed 10 consecutive days; for example, temporary shelter from a storm; a way station en route to a destination; a mooring feature for fishing; or a dock to visit a recreational, historic, cultural, natural, or scenic site.

*Transient* means passing through or by a place, staying 10 days or less.

*Water-body* means the lake, section of river, or specific area of the coast, such as a harbor or cove, where tie-up facilities or boat access sites are located.

**§ 86.13 What is boating infrastructure?**

Boating infrastructure refers to features that provide stopover places for transient nontrailerable recreational vessels to tie up. These features include, but are not limited to:

(a) Mooring buoys (permanently anchored floats designed to tie up nontrailerable recreational vessels);

(b) Day-docks (tie-up facilities that do not allow overnight use);

(c) Navigational aids (e.g., channel markers, buoys, and directional information);

(d) Transient slips (slips that boaters with nontrailerable recreational vessels occupy for no more than 10 consecutive days);

(e) Safe harbors (facilities protected from waves, wind, tides, ice, currents, etc., that provide a temporary safe anchorage point or harbor of refuge during storms);

(f) Floating docks and fixed piers;

(g) Floating and fixed breakwaters;

(h) Dinghy docks (floating or fixed platforms that boaters with nontrailerable recreational vessels use for a temporary tie-up of their small boats to reach the shore);

(i) Restrooms;

(j) Retaining walls;

(k) Bulkheads;

(l) Dockside utilities;

(m) Pumpout stations;

(n) Recycling and trash receptacles;

(o) Dockside electric service;

(p) Dockside water supplies;

(q) Dockside pay telephones;

(r) Debris deflection booms; and

(s) Marine fueling stations.

**§ 86.14**

**§ 86.14 Who may apply for these grants?**

You, with authority from your State Government. You must identify one key contact only and submit proposals through this person.

**§ 86.15 How does the grant process work?**

To ensure that grants address the highest national priorities identified in the Act, we make funds available on a competitive basis. You must submit your proposals by the appropriate date as specified in § 86.50. You must address certain questions and criteria (listed in § 86.52) to be eligible and competitive. We will conduct a panel review of all proposals, and the Service Director will make the final grant awards. You may begin work on your project only after you receive a fully executed grant agreement.

**§ 86.16 What are the information collection requirements?**

This part contains both routine information collection and survey requirements, as follows:

(a) The routine information collection requirements for grants applications and associated record keeping contained in this part are only those necessary to fulfill applicable requirements of 43 CFR part 12. These requirements include record keeping and reporting requirements. See 43 CFR 12.4 for information concerning OMB approval of those requirements.

(b) The revised information collection requirements related to the surveys will be submitted to OMB for approval as changed. They will not be imposed until we receive OMB approval under the provisions of 44 U.S.C. 3501 *et seq.* The surveys are voluntary and are for States to determine the adequacy, number, location, and quality of facilities that provide public access for all sizes of recreational boats. The public's burden estimate for the survey is as follows:

Type of information	Number of respondents*	Average time required per response (minutes)	Annual burden hours
Boat owners: Part A .....	11,200	12	2,240
Boat owners: Part B .....	28,000	12	5,600
Boat Service Providers: Part C .....	8,400	20	2,800
Boat Service Providers: Part D .....	4,000	20	1,333

\* These numbers are not additive since some boaters will fill out both Parts A and B, and most of the providers will fill out both Parts C and D.

(c) Send comments regarding this collection of information to the Service Information Collection Clearance Officer, MS–222 ARLSQ, Fish and Wildlife Service, Washington, DC 20240, and the Office of Management and Budget, Department of Interior, Desk Officer, 1849 C Street, NW., Washington, DC 20503. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, you must send your comments to OMB by the above referenced date.

**Subpart B—Funding State Grant Proposals**

**§ 86.20 What activities are eligible for funding?**

Your project is eligible for funding if you propose to:

(a) Construct, renovate, and maintain either publicly or privately owned boating infrastructure tie-up facilities. To be eligible you must:

(1) Build these tie-up facilities on navigable waters, available to the public. You must design new construction and renovations to last at least 20 years;

(2) Design these tie-up facilities for temporary use for transient nontrailerable recreational vessels;

(3) Build these tie-up facilities in water deep enough for nontrailerable recreational vessels to navigate (a minimum of 6 feet of depth at the lowest tide or other measure of lowest fluctuation);

(4) Provide security, safety, and service for these boats; and,

(5) Install a pumpout station, if you construct a facility for overnight stays:

(i) If there is already a pumpout within a reasonable distance (generally within 2 miles) of the facility, you may not need one;

(ii) For facilities intended as day stops, we encourage you to install a pumpout; and,

(iii) You may use funds from the BIG program, or the Clean Vessel Act pumpout grant program also administered by us, to pay for a pumpout station.

(b) Do one-time dredging only, to give transient vessels safe channel depths between the tie-up facility and maintained channels or open water.

(c) Install navigational aids, limited to giving transient vessels safe passage between the tie-up facility and maintained channels or open water.

(d) Apply funds to grant administration.

(e) Fund preliminary costs:

(1) Preliminary costs may include any of the following activities completed before signing a grant agreement:

(i) Conducting appraisals;

(ii) Administering environmental reviews and permitting;

(iii) Conducting technical feasibility studies, for example, studies about environmental, economic, and construction engineering concerns;

(iv) Carrying out site surveys and engaging in site planning;

(v) Preparing cost estimates; and

(vi) Preparing working drawings, construction plans, and specifications.

(2) We will fund preliminary costs only if we approve the project.

(3) If the project is approved, the appropriate Service Regional Director must still approve preliminary costs.

(f) Produce information and educational materials such as charts, cruising guides, and brochures.

**§ 86.21 What activities are ineligible for funding?**

Your project is ineligible for funding if you propose to:

(a) Complete a project that does not provide public benefits, for instance, a project that is not open to the public for use;

(b) Involve law enforcement activities;

(c) Significantly degrade or destroy valuable natural resources or alter the cultural or historic nature of the area;

(d) Construct or renovate principal structures not expected to last at least 20 years;

(e) Do maintenance dredging;

(f) Fund operations or routine, custodial, and janitorial maintenance of the facility;

(g) Construct, renovate, or maintain boating infrastructure tie-up facilities for nontrailerable vessels, for example the following:

(1) Tie-up slips available for occupancy for more than 10 consecutive days by a single party;

(2) Dryland storage;

(3) Haul-out features; and

(4) Boating features for trailerable or "car-top" boats (boats less than 26 feet in length), such as launch ramps and carry-down walkways.

(h) Develop a State program plan to construct, renovate, and maintain boating infrastructure tie-up facilities; and

(i) Conduct surveys to determine boating access needs.

(1) You may conduct the survey with funds allocated to motorboat access to recreational waters under subsection (b)(1) of section 8 of the Federal Aid in Sport Fish Restoration Act of 1950, as amended (16 U.S.C. 777).

(2) You may combine surveys under one contractor where feasible if you can realize a cost or other savings.

**Subpart C—Public Use of the Facility**

**§ 86.30 Must I allow the public to use the grant-funded facilities?**

(a) You must allow reasonable access to all recreational vessels for the useful life of the tie-up facilities. Accessible to the public means located where

## **§ 86.31**

the public can reasonably reach the facility and where all boats typical to that facility can easily use it, charging equitable fees, and being open for reasonable periods. You must allow public access to the shore and basic features such as fuel and restrooms in facilities that have them. You must specify precise details of the public access in the contract with the facility manager. We do not require public access to the remainder of a park or marina where the facility is found. Nor do we require any restrictions in that park or marina.

(b) You must comply with Americans with Disabilities Act requirements when you construct or renovate all tie-up facilities under this grant.

### **§ 86.31 How much money may I charge the public to use tie-up facilities?**

You may charge the public only a reasonable fee, based on the prevailing rate in the area. You must determine a fee that does not pose an unreasonable, competitive amount, based on other publicly and privately owned tie-up facilities in the area. You must approve any proposed changes in fee structure by a sub-grantee.

## **Subpart D—Funding Availability**

### **§ 86.40 How much money is available for grants?**

There is \$32 million available for grants under the BIG program (\$8 million per year for fiscal years 2000–2003).

### **§ 86.41 How long will the money be available?**

Under the Act, funding for the BIG program is provided for FY 2000–2003. Each year's funds remain available for obligation for a total of three fiscal years (e.g. FY 2000 funds will remain available through FY 2002) (16 U.S.C. 777c(b)(3)(B)).

### **§ 86.42 What are the match requirements?**

The Act authorizes the Secretary of the Interior (through the Director of the U.S. Fish and Wildlife Service (Service)) to award grants to States to pay up to 75 percent of the cost to construct, renovate, or maintain tie-up facilities for transient nontrailerable

## **50 CFR Ch. I (10–1–06 Edition)**

recreational vessels. You or a partner must pay the remaining project cost—at least a 25 percent match is required. Title 43 CFR 12.64 applies to cost sharing or matching requirements for Federal grants.

### **§ 86.43 May someone else supply the match?**

Third-party contribution, including property and in-kind services, is allowable, but must be necessary and reasonable to accomplish grant objectives. In-kind contributions must also represent the current market value of noncash contributions that the third party furnishes as part of the grant.

### **§ 86.44 What are my allowable costs?**

(a) The State may spend grant funds to pay only costs that are necessary and reasonable to accomplish the approved grant objectives. Grant costs must meet the applicable Federal cost principles in 43 CFR 12.62. You may purchase informational and program signs as allowable costs.

(b) If you include purposes other than those eligible under the Act, you must prorate the costs equitably according to Federal cost principles in 43 CFR 12.62 and 50 CFR 80.15.

### **§ 86.45 When will I receive the funds?**

Once you sign the grant agreement, we will make the funds available.

## **Subpart E—How States Apply for Grants**

### **§ 86.50 When must I apply?**

(a) We will accept proposals between February 20, 2001, and May 18, 2001, for the first grant cycle; between July 1, 2001, and September 30, 2001, for the second grant cycle; and between July 1, 2002, and September 30, 2002, for the third grant cycle. This program starts fiscal year 2000 and ends fiscal year 2003. We will have \$16 million to award the first grant cycle, and \$8 million each cycle after that.

(b) The annual schedule follows:

**U.S. Fish and Wildlife Serv., Interior**

**§ 86.51**

Action	FY 2000–2001	FY 2002	FY 2003
We announce the beginning of the grant cycle.	February 20, 2001 .....	July 1, 2001 .....	July 1, 2002.
You submit your grant proposal by.	May 18, 2001 .....	September 30, 2001 .....	September 30, 2002.
Regions submit the proposals to Washington by.	June 18, 2001 .....	October 31, 2001 .....	October 31, 2002.
We rank the proposals by .....	July 17, 2001 .....	November 30, 2001 .....	November 30, 2002.
The Director approves proposals by.	August 16, 2001 .....	December 31, 2001 .....	December 31, 2002.
Regions finalize their grant agreements by.	October 15, 2001 .....	February 28, 2002 .....	February 28, 2003.

## § 86.52

### § 86.52 What information must I include in my grant proposals?

You must submit the following standard forms and narrative for all projects (Tier One and Tier Two) (see § 86.53):

(a) Standard Form 424 series as prescribed by the Office of Management and Budget. The SF 424 series consists of the Applications for Federal Assistance (SF 424), Budget Information—Non-Construction Programs (SF 424A), Assurances—Non-Construction Programs (SF 424B), Budget Information—Construction Programs (SF 424C), and Assurances—Construction Programs (SF 424D). Submit forms appropriate for either construction or nonconstruction projects. Forms are available from your appropriate Service Regional Office.

(b) Information requested under OMB Circular A-102 (Application Booklet for Federal Aid Grants—pending approval under the Paperwork Reduction Act).

### § 86.53 What are funding tiers?

(a) This grant program will consist of two tiers of funding.

(i) You may apply for one or both tiers.

(ii) The two tiers will allow all States some certainty of base level funding.

(b) Tier One funding will ensure broad geographical distribution to meet the needs of transient nontrailerable recreational vessels.

(c) Tier Two funding will allow States with large projects to compete with other States with large projects based on individual project merits.

(d) We describe the two tiers as follows:

(1) *Tier One Projects.* (i) You may submit a proposal with an unlimited number of projects within this tier. However, your total request cannot exceed \$100,000 of Federal funds for any given fiscal year.

(ii) Tier One projects must meet the eligibility requirements in §§ 86.14 and 86.20.

(2) *Tier Two Projects.* (i) While we expect available funds for Tier Two proposals to be between \$3 million and \$4 million per grant cycle, we have no dollar limit for Tier Two proposals. You may submit any number of projects, which we will score and rank separately

## 50 CFR Ch. I (10-1-06 Edition)

according to the criteria in § 86.60.

(ii) Each project will compete nationally against every other project in Tier Two.

(iii) Tier Two projects must also meet the eligibility requirements in §§ 86.14 and 86.20.

### § 86.54 How must I submit proposals?

(a) You may apply for either Tier One funding or Tier Two funding or both.

(b) You may submit more than one project proposal within Tier One and Tier Two.

(c) You may submit one proposal that includes Tier One and Tier Two projects.

(d) If your proposal includes Tier One and Tier Two projects, you must describe Tier One projects separately from Tier Two projects.

(e) You must describe each project in Tier Two separately, so that the Service can rank and score each project in Tier Two separately.

(f) For the first grant cycle, which includes fiscal years 2000 and 2001, a State may submit one Tier One proposal not to exceed \$100,000 per fiscal year. States should submit proposals between February 20, 2001, and May 18, 2001. We will fund one Tier One proposal per State for each fiscal year provided that each proposal meets the eligibility requirements in §§ 86.14 and 86.20. Fiscal year 2000 funds are available only for Tier One proposals. Tier One proposals need not meet the criteria in § 86.60. We will fund Tier Two proposals received between February 20, 2001, and May 18, 2001, that meet the criteria in §§ 86.14, 86.20, and 86.60 with fiscal year 2001 funds and the remainder of fiscal year 2000 funds.

(g) For the remaining grant cycles, you may submit only one proposal of Tier One projects per fiscal year.

(h) When we approve projects, the appropriate Service Regional Office will determine how many grant agreements are necessary.

### § 86.55 What are my compliance requirements with Federal laws, regulations, and policies?

(a) To receive Federal funds, you must agree to and certify compliance

**U.S. Fish and Wildlife Serv., Interior**

**§ 86.60**

with all applicable Federal laws, regulations, and policies. You must submit an Assurance Statement, as described in 43 CFR part 12.51(c), that describes how you comply with Federal grant requirements; and

(b) You may have to provide additional documentation to comply with environmental and other laws, as defined in Fish and Wildlife Service Manual 523 FW 1 (available on the internet at <http://www.fws.gov/directives/523fw1.html>). The Service Regional Office Grant Administrator may request preliminary evidence at the grant proposal stage that the proposed project

will meet these compliance requirements. Consult with the appropriate Service Regional Office for specific applicability.

**Subpart F—How the Service Selects Projects To Receive Grants**

**§ 86.60 What are the criteria used to select projects for grants?**

- (a) We will rank all Tier Two proposals according to the criteria in paragraph (b) of this section and the attached chart, which sets forth points we will ascribe for various factors.
- (b) We will consider proposals that:

- (1) Plan to construct, renovate, and maintain tie-up facilities for transient nontrailerable recreational vessels following priorities identified in your State’s program plan (see Subpart M for State program plan information) that the Secretary of the Interior has approved under section 7404(c) of the Sportfishing and Boating Safety Act. 15 points.
- (2) Provide for public/private and public/public partnership efforts to develop, renovate, and maintain tie-up facilities. These partners must be other than the Service and lead State agency:
  - (i) One partner ..... 5 points.
  - (ii) Two partners ..... 10 points.
  - (iii) Three or more partners ..... 15 points.
- (3) Use innovative techniques to increase the availability of tie-up facilities for transient nontrailerable recreational vessels (includes education/information). 0–15 points.
- (4) Include private, local, or other State funds in addition to the non-Federal match, described in § 86.42:
  - (i) Twenty-six percent to thirty-five percent ..... 5 points.
  - (ii) Between thirty-six and forty-nine percent ..... 10 points.
  - (iii) Fifty percent and above ..... 15 points.
- (5) Are cost efficient. Proposals are cost efficient when the tie-up facility or access site’s features add a high value compared with the funds from the proposal, for example, where you construct a small feature such as a transient mooring dock within an existing harbor that adds high value and opportunity to existing features (restrooms, utilities, etc.). A proposal that requires installing all of the above features would add less value for the cost. 0–10 points.
- (6) Provide a significant link to prominent destination way points such as those near metropolitan population centers, cultural or natural areas, or that provide safe harbors from storms. 10 points.
- (7) Provide access to recreational, historic, cultural, natural, or scenic opportunities of national, regional, or local significance. Projects that provide access to opportunities of national, regional, or local significance receive 5 points for each, for a maximum of 15 points.
- (8) Provide significant positive economic impacts to a community. For example, a project that costs \$100,000 and attracts a number of boaters who altogether spend \$1 million a year in the community. 1–5 points.
- (9) Include multi-State efforts that result in coordinating location of tie-up facilities. 5 points.
- (10) Total possible points ..... 105 points.

**§ 86.61**

Criteria	Points
(1) Construct Tie-up Facilities .....	15
(2) Provide Partnership Efforts .....	5-15
(3) Use Innovative Techniques .....	0-15
(4) Include Other Funding Sources .....	5-15
(5) Are Cost Efficient .....	0-10
(6) Provide Way Point Linkage .....	10
(7) Provide Access to Opportunities .....	5-15
(8) Provide Significant Economic Impacts .....	1-5
(9) Include Multi-State Efforts .....	5
(10) Total Possible Points .....	105

**§ 86.61 What process does the Service use to select projects for grants?**

The Service's Division of Federal Aid convenes a panel of professional staff to review, rank, and recommend funding to the Service Director. This panel will include representatives from the Service's Washington, DC, and Regional Offices. The Director may convene an advisory panel of nongovernmental organizations to advise and make recommendations to the Federal panel. The Service Director will select projects for grants by August 16, 2001, August 10, 2001, and August 10, 2002, for the three grant cycles.

**§ 86.62 What must I do after my project has been selected?**

After we approve your award, we will notify you to work with the appropriate Service Regional Office to fulfill the grant documentation requirements and finalize the grant agreement.

**§ 86.63 May I appeal if my project is not selected?**

If you have a difference of opinion over the eligibility of proposed activities or differences arising over the conduct of work, you may appeal to the Director. Final determination rests with the Secretary of the Interior (50 CFR 80.7).

**Subpart G—How States Manage Grants**

**§ 86.70 What are my requirements to acquire, install, operate, and maintain real and personal property?**

(a) You will find applicable regulations for this subject in 43 CFR 12.71 and 12.72. If you have questions about applicability, contact the appropriate Service Regional Office.

(b) You must ensure that the design and installation of tie-up facilities provide for substantial structures that will have a significant longevity, at least 20 years.

**50 CFR Ch. I (10-1-06 Edition)**

vide for substantial structures that will have a significant longevity, at least 20 years.

(c) You must ensure that you operate, maintain, and use the tie-up facilities and features for the stated grant purpose. You must obtain prior written approval from the appropriate Service Regional Director before you can convert these tie-up facilities to other uses.

**§ 86.71 How will I be reimbursed?**

For details on how we will pay you, refer to 43 CFR 12.61.

**§ 86.72 Do any other Federal requirements apply to this program?**

For administrative requirements not covered under these specific guidelines, check 43 CFR 12, which generally applies to all Federal grant programs.

**§ 86.73 What if I do not spend all the money?**

Funds not obligated or expended after 3 fiscal years from the date of the award revert to the Secretary of Transportation for use in State recreational boating safety programs. (16 U.S.C. 777c(b)(3)(B), 16 U.S.C. 777c(b)(4))

**§ 86.74 What if I need more money?**

Funds for grants are available only on a competitive basis. Therefore, if you need more money, you must compete in the next grant cycle.

**Subpart H—Reporting Requirements for the States**

**§ 86.80 What are my reporting requirements for this grant program?**

(a) For all projects, you must submit to the appropriate Service Regional Office an annual report and a final performance report and otherwise comply with 43 CFR 12.80.

(b) For Tier Two projects, you must submit quarterly reports according to 43 CFR 12.80.

**§ 86.81 When are the reports due?**

Reports are due as follows:  
 (a) Annual reports are due 90 days after the grant year ends;  
 (b) The final performance report is due 90 days after the expiration or termination of grant support;

(c) Tier Two quarterly reports are due January 31, April 30, July 31, and October 31 unless specified otherwise in the grant agreement; and

(d) The State must report certified percentage of completion data and other significant developments in accordance with the grant agreement or 43 CFR 12.80.

**§ 86.82 What must be in the reports?**

The reports must include the following:

(a) You must identify the actual accomplishments compared to the objectives established for the period;

(b) You must identify the reasons for any slippage if established objectives were not met; and

(c) You must identify any additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

**Subpart I—State Use of Signs and Sport Fish Restoration Symbols**

**§ 86.90 What are my responsibilities for information signs?**

You should install appropriate information signs at boating infrastructure tie-up facilities. You should ensure that this information is clearly visible, directing boaters to the facility. Information should show fees, restrictions, hours of operation, a contact name, and telephone number to report an inoperable facility.

**§ 86.91 What are my program crediting responsibilities?**

You should give public credit to the Federal Aid in Sport Fish Restoration (SFR) program as the source of funding for the BIG Program. You should recognize this program by using the SFR logo. You are encouraged to use the crediting logo identified in § 80.26 of this chapter to identify national BIG Program projects.

**§ 86.92 Who can use the SFR logo?**

The States may use the SFR logo and should encourage others to display it. Other people or organizations may use the logo for purposes related to the national BIG Program as authorized in § 80.26 of this chapter.

**§ 86.93 Where should I use the SFR logo?**

You should display the logo on tie-up facilities that you construct, acquire, develop, or maintain under these grants. You should also use the logo on printed material or other visual representations that relate to project accomplishments or education/information. Refer to § 85.47 of this chapter for logo colors.

**§ 86.94 What crediting language should I use?**

Suggested examples of language to use when crediting the national BIG Program follow:

(a) *Example 1:* The Federal Aid in Sport Fish Restoration Program funded this facility thanks to your purchase of fishing equipment and motorboat fuels.

(b) *Example 2:* The Federal Aid in Sport Fish Restoration Program is funding this construction thanks to your purchase of fishing equipment and motorboat fuels. And,

(c) *Example 3:* The Federal Aid in Sport Fish Restoration Program funded this (pamphlet) thanks to your purchase of fishing equipment and motorboat fuels.

**Subpart J—Service Completion of the National Framework**

**§ 86.100 What is the National Framework?**

The National Framework is the survey, required by the Act, you must use to determine boating access needs in your State. Through a State survey, you must conduct a boating access needs assessment or data collection to determine the adequacy, number, location, and quality of tie-up facilities and boat access sites providing access to recreational waters for all sizes of recreational boats.

**§ 86.101 What is the Service schedule to adopt the National Framework?**

The Secretary of the Interior adopted the National Framework on September 28, 2000 via a notice in the FEDERAL REGISTER (Volume 65, Number 189, Page 58284).

**§ 86.102 How did the Service design the National Framework?**

The Framework divides the survey into two components: boater survey, and boat access provider survey.

(a) The purpose of the boater survey component is to identify boat user preferences and concerns for existing and needed access available to the public.

(1) The nontrailerable boat data set will fulfill informational needs for you to develop your State program plans as called for in the Act.

(2) The boater survey will survey registered boat owners in your State for two types of boats:

(i) Part A—for nontrailerable recreational vessels.

(ii) Part B—for trailerable and “car-top” boats (less than 26 feet long).

(b) The purpose of the boat access provider component is to identify boat access providers’ ideas about current and needed facility and site locations and perceptions of boat user preferences and concerns regarding access. We developed these questions to guide interviews of boat access facility and site managers.

(1) The nontrailerable boat data set will fulfill the informational needs for you to develop your State plans as called for in the Act.

(2) The boat access provider survey will survey facility providers in your State for two types of boats:

(i) Part C—a survey to all providers in your State who allow public access, including State agency and non-State entities (Federal and local government entities, corporate and private/commercial providers), and operate tie-up facilities for nontrailerable recreational vessels.

(ii) Part D—a survey to all providers in your State who allow public access and operate boat access sites for boats less than 26 feet long.

**Subpart K—How States Will Complete Access Needs Surveys**

**§ 86.110 What does the State survey do?**

The State survey determines the status of boating access facilities for all recreational boats in your State and your future boater access needs.

**§ 86.111 Must I do a survey?**

The Act does not require surveys. They are voluntary. However, if you do a survey, you must complete it following the National Framework to receive funds. You must transmit the results to the Service Regional Offices in a common electronic format, such as Microsoft Word, Word Perfect, Excel or Quattro Pro.

**§ 86.112 What are the advantages of doing a survey?**

Surveys provide the information necessary to fully understand the needs of boaters in your State. Surveys allow you to develop a meaningful plan to provide better access to boaters. Use surveys to complete the plan.

**§ 86.113 What if I have recently completed a boat access survey?**

If the recent survey substantially answers the provisions in § 86.118, the appropriate Service Regional Office will determine if it is sufficient to meet the needs of the program. If the Regional Office determines that the survey is not sufficient, you must complete that portion(s) or an entire new survey to receive credit for completing a recent survey.

**§ 86.114 Do I need to conduct a survey if I already have a plan for installing tie-up facilities?**

You need not conduct the survey if the appropriate Secretary of the Interior certifies that you have developed and are carrying out a State program plan, as described in Subpart M of this chapter, that ensures that public boat access exists and is adequate to meet the needs of recreational boaters on your waters.

**§ 86.115 How should I administer the survey?**

Use a consultant or university specializing in administration of such surveys. Use sample sizes large enough to achieve statistical accuracy so the estimate is within plus or minus 10 percent of the true number.

(a) You may use a telephone, mail, or other type of survey for a sample population of boaters within the State. Costs for telephone and mail surveys are roughly similar. However, response

rates for mail surveys are generally lower.

(b) For boat access providers, we prefer that you survey all State agency and non-State providers, but you may survey a sample population.

(c) You may develop your own methodology to collect data, which may include telephone, mail, fax, or other inventory means. We do not expect you to use automated, electronic, mechanical, or similar means of information collection.

(d) Data collected are unique to each respondent. Data collection should use standard survey method criteria to gather information from each respondent.

**§ 86.116 May I change the questions in the survey?**

You must not change the questions because we need information that is comparable nationwide. We have developed a survey instrument for completing the surveys. We are seeking approval from OMB on the survey questions and the OMB approval does not extend to additional questions.

**§ 86.117 [Reserved]**

**§ 86.118 What does this survey instrument include?**

(a) We divided this survey into four parts. Part A being for transient nontrailerable boat owners. Part B is for trailerable or "car-top" boat owners. Part C is for State agency and non-State providers of facilities for nontrailerable recreational vessels in the State. Part D is for State and non-State providers of access sites for trailerable or "car-top" boats.

(b) Follow these instructions to complete Part A—BOAT OWNER SURVEY FOR TIE-UP FACILITIES FOR NONTRAILERABLE RECREATIONAL VESSELS:

(1) If the boater owns a nontrailerable recreational vessel, ask the boater to fill out Part A;

(2) If the boater owns more than one boat 26 feet or more in length, ask the boater to provide information for the boat he or she uses most often;

(3) If the boater owns at least one boat more than and at least one boat less than 26 feet in length, ask the

boater to fill out both Parts A and B; and,

(4) You should use a sample size large enough to achieve statistical accuracy so the estimate is within 10 percent of the true number.

(c) Follow these instructions to complete Part B—BOAT OWNER SURVEY FOR TRAILERABLE OR "CAR-TOP" BOAT ACCESS SITES:

(1) If the boater owns a boat less than 26 feet long, ask the boater to fill out Part B;

(2) If the boater owns more than one boat less than 26 feet long, ask the boater to provide information for the boat he or she uses most;

(3) If the boater owns at least one boat more than and at least one boat less than 26 feet in length, ask the boater to complete both Parts A and B; and,

(4) You should use a sample size large enough to achieve statistical accuracy so the estimate is within 10 percent of the true number.

(d) Parts C and D are surveys for providers of tie-up facilities and boat access sites. Part C is for State agency and non-State providers of facilities for nontrailerable recreational vessels in the State. Part D is for State and non-State providers of boat access sites for boats less than 26 feet in length.

(e) Follow these instructions to complete Part C—STATE AGENCY AND NON-STATE PROVIDER SURVEY FOR TIE-UP FACILITIES:

(1) Ask State agency and non-State providers of tie-up facilities for nontrailerable recreational vessels to fill out Part C.

(2) If more than one State agency manages these facilities, send this survey to all of those agencies.

(3) If the State agency or non-State provider awards grants to others who provide facilities, ask these grantees to respond for these facilities instead of the State agency or non-State provider.

(4) If a State agency or non-State provider operates facilities and sites for both nontrailerable and trailerable boats, ask the provider to fill out both Parts C and D.

(5) Ask State agency and non-State providers to identify all tie-up facilities.

## § 86.120

(6) For all questions, if you need additional space, make copies of the appropriate page.

(f) Follow these instructions to complete Part D—STATE AGENCY AND NON-STATE PROVIDER SURVEY FOR TRAILERABLE BOAT ACCESS SITES:

(1) Ask State agency and non-State providers of access sites for boats less than 26 feet long to fill out Part D.

(2) Non-State providers include the Federal Government, local government, corporations, private owners, and others.

(3) If more than one State agency manages these sites, send this survey to all of them.

(4) If the State agency or non-State provider awards grants to others who provide sites, ask these grantees to respond for these sites instead of the State agency or non-State provider.

(5) If a State agency or non-State provider operates facilities and sites for both nontrailerable and trailerable boats, ask the provider to fill out both Parts C and D.

(6) We prefer that the State agency or non-State provider identify all boat access sites and water-bodies, but if he or she has many sites and water-bodies, the provider may group the information together rather than identify each site individually.

(7) For all questions, if you need additional space, make copies of the appropriate page.

## Subpart L—Completing the Comprehensive National Assessment

### § 86.120 What is the Comprehensive National Assessment?

The Comprehensive National Assessment is a national report integrating the results of State boat access needs and facility surveys.

### § 86.121 What does the Comprehensive National Assessment do?

The Comprehensive National Assessment determines nationwide the adequacy, number, location, and quality of public tie-up facilities and boat access sites for all sizes of recreational boats.

## 50 CFR Ch. I (10–1–06 Edition)

### § 86.122 Who completes the Comprehensive National Assessment?

The Service completes the Assessment. We will develop standards in consultation with the States.

### § 86.123 Comprehensive National Assessment schedule.

Using the results from the State surveys, the Service will compile the results and produce the Comprehensive National Assessment by September 30, 2003.

### § 86.124 What are the Comprehensive National Assessment products?

The Comprehensive National Assessment products are:

(a) A single report, including the following information:

(1) A national summary of all the information gathered in the State surveys.

(2) A table of States showing the results of the information gathered.

(3) One-page individual State summaries of the information.

(4) Appendices that include the survey questions, and names, addresses, and telephone numbers of State contacts.

(5) An introduction, background, methodology, results, and findings.

(6) Information on the following:

(i) Boater trends, such as what types of boats they own, where they boat, and how often they boat.

(ii) Boater needs, such as where facilities and sites are now found, where boaters need new facilities and boat access sites, and what changes of features boaters need at these facilities and sites. And

(iii) Condition of facilities.

(b) Summary report abstracting important information from the final national report. And

(c) A key findings fact sheet suitable for widespread distribution.

## Subpart M—How States Will Complete the State Program Plans

### § 86.130 What does the State program plan do?

The State program plan identifies the construction, renovation, and maintenance of tie-up facilities needed

**U.S. Fish and Wildlife Serv., Interior**

**§ 86.137**

to meet nontrailerable recreational vessel user needs in the State.

**§ 86.131 Must I do a plan?**

The Act does not require plans. Plans are voluntary. However, if you do a plan, you must complete it following these regulations.

**§ 86.132 What are the advantages to doing a plan?**

Plans provide the information necessary to fully understand the needs of boaters operating nontrailerable recreational vessels in your State. The plan will make you more competitive when you submit grants under this program. We will give you 15 points for having an approved plan.

**§ 86.133 What are the plan standards?**

You must base State program plans on a recent, completed survey following the National Framework.

**§ 86.134 What if I am already carrying out a plan?**

You need not develop a program plan if we certify that you have developed and are carrying out a plan that ensures public boat access is and will be adequate to meet the needs of recreational boaters on your waters.

**§ 86.135 [Reserved]**

**§ 86.136 What must be in the plan?**

The plan must:

(a) Identify current boat use and patterns of use.

(b) Identify current tie-up facilities and features open to the public and their condition.

(c) Identify boat access user needs and preferences and their desired locations. Include repair, replacement, and expansion needs and new tie-up facilities and features needed.

(d) Identify factors that inhibit boating in specific areas, such as lack of facilities, or conditions attached that inhibit full use of facilities. Identify strategies to overcome these problems.

(e) Include information about the longevity of current tie-up facilities.

**§ 86.137 What variables should I consider?**

You should consider the following variables:

(a) Location of population centers,

(b) Boat-based recreation demand,

(c) Cost of development,

(d) Local support and commitment to maintenance,

(e) Water-body size,

(f) Nature of the fishery and other resources,

(g) Geographic distribution of existing tie-up facilities,

(h) How to balance the need for new tie-up facilities with the cost to maintain and improve existing facilities.

AUTHORITY: 70 Stat. 492, 7 U.S.C. 443.

SOURCE: 38 FR 6675, Mar. 12, 1973, unless otherwise noted.

#### Subpart A—Introduction

##### § 90.1 General.

Any person having an interest in a crop and who is suffering damage due to depredations by migratory waterfowl may file a complaint and apply for surplus grain for use in feeding programs to augment the natural source of food available to migratory waterfowl to aid in the prevention of crop damage by such birds, as provided for in these regulations.

##### § 90.2 Scope of regulations.

The provisions of this part supplement 70 Stat. 492, 7 U.S.C. 442–445.

#### Subpart B—Use of Surplus Grain

##### § 90.11 Statutory provisions.

Section 1 of the Act of July 3, 1956, as amended (70 Stat. 492; 7 U.S.C. 442–445) provides that the Commodity Credit Corporation shall make available to the Secretary of the Interior such wheat, corn, or other grains, acquired through price support operations and certified by the Corporation to be available for purposes of the Act or in such condition through spoilage or deterioration as not to be desirable for

human consumption, as the Secretary shall requisition for the purpose of preventing crop damage by migratory waterfowl. Section 2 of the Act provides that, upon a finding that any area in the United States is threatened with damage to farmers' crops by migratory waterfowl, the Secretary is authorized and directed to requisition from the Commodity Credit Corporation and to make available to Federal, State, or local governmental bodies or officials, or to private organizations or persons, such grain acquired by the Corporation through price support operations in such quantities and subject to such regulations as the Secretary determines will most effectively lure migratory waterfowl away from crop depredations and at the same time not expose such migratory waterfowl to shooting over areas to which the waterfowl have been lured by such feeding programs.

##### § 90.12 Interpretation.

The authorization contained in the Act limits the availability of grain acquired through price support operations to the prevention of crop damage by migratory waterfowl (brant, wild ducks, geese, and swans) and such grain may not be made available for the feeding of any other species of migratory birds, whether or not such other species of migratory birds are committing or threatening to commit crop damage. Further, the Act does not authorize the use of such grain to conduct a migratory waterfowl feeding program for the purpose of augmenting natural sources of food available to migratory waterfowl, nor for any purpose incident to migratory waterfowl management not related to the prevention of crop damage. Accordingly, such grain shall not be made available pursuant to the Act to augment or to substitute for natural sources of migratory waterfowl food except as may be determined by the Secretary to be necessary to aid in the prevention of crop damage by such birds.

**§ 90.13 Policy.**

Whenever it is found necessary to conduct feeding programs under this section for the purposes of preventing crop damage by migratory waterfowl, it shall be the policy of the Secretary for the purposes of economy and efficiency to accord preference to feeding programs proposed to be executed through the placement of grain upon wildlife management areas or other lands or waters owned, leased, or otherwise controlled by an agency of the United States or a State.

**§ 90.14 Waterfowl depredation complaints; where filed.**

Any person having an interest in crops being damaged or threatened with damage by migratory waterfowl in circumstances meeting the criteria prescribed in § 90.15 may make application for grain for use in luring such waterfowl away from such crops by submitting a written request to the Regional Director of the U.S. Fish and Wildlife Service regional office having administrative jurisdiction over the wildlife activities in the State where the affected crops are located. (See § 2.2 for geographical jurisdiction and addresses of regional offices.) Such applications may be in letter form but must contain information disclosing the location, nature, condition and extent of the crops being damaged or threatened, and the particular species of migratory waterfowl committing or threatening to commit damage. For the purposes of this section any authorized official of Federal, State, or local governmental body shall be deemed to be a "person" and to have such an interest in crops threatened with damages as to qualify him as an applicant.

**§ 90.15 Criteria to govern approval of applications.**

Upon receipt of a written application for such grain for use in preventing crop depredations, the Regional Director shall promptly cause an investigation to be made, when necessary, to determine whether the applicant is in fact entitled to have such grain made available for such purposes. Whenever feasible the required investigation shall be made jointly by a representative of the game department of the

State in which the affected crops are located and a representative of the Regional Director. When conducting such investigations, each of the factors set forth in paragraphs (a) to (d) of this section shall be considered separately. An application for grain shall not be approved if it is determined that one or more of these factors minimizes the extent of crop damage or provides another effective method of preventing the complained of damage.

(a) The migratory waterfowl committing or threatening to commit crop damage must be predominantly of a species which are susceptible of being effectively lured away from the crops by the use of such grain.

(b) The crop damage or threatened crop damage must be substantial in nature (when measured by the extent and potential value of the crops involved and the number of birds threatening damage); and must affect growing crops or mature unharvested crops that are in such condition as to be marketable or have value as feed for livestock or other purposes of material value to the applicant.

(c) It must be shown that the damage or threat of damage cannot be abated through the exercise of any of the privileges granted in permits authorized by this chapter I to frighten or otherwise herd migratory waterfowl away from affected crops.

(d) During an open hunting season, it must be shown that the area affected by crop damage has been and is now open to public hunting and there has been a clear demonstration that such hunting is ineffective, and cannot be made effective, to prevent crop damage on such area.

**§ 90.16 Actions following investigation.**

Upon receipt of a report and recommendations based upon an investigation conducted under § 90.15, the Secretary shall make a determination that the applicant meets the qualifications for receiving grain. He shall then determine the quantity of grain, either bagged or in bulk, to be made available; the means of transportation; and the point of delivery in the vicinity of the crop damage. Before receiving delivery of such grain the applicant shall

## § 90.17

execute and deliver to any officer authorized to enforce this part written assurances as follows:

(a) That grain made available to him under this part will be used exclusively for the prevention and abatement of crop damage by migratory waterfowl and that no portion of such grain will be sold, donated, exchanged, or used as feed for livestock or other domestic animals or for any other purpose;

(b) That consent is granted to any officer authorized to enforce this part, to inspect, supervise or direct the placement and distribution of grain made available under this part for the prevention of crop damage at all reasonable times;

(c) That free and unrestricted access over the premises on which feeding operations have been or are to be conducted shall be permitted at all reasonable times, by any officer authorized to enforce this part and that such information as may be required by the officer will be promptly furnished; and

(d) That the applicant will not take, nor permit his agents, employees, invitees, or other persons under his control to take migratory game birds on or over any lands or waters subject to his control, during the time such grain is placed, exposed, deposited, distributed, scattered, or present upon such lands or waters, nor for a period of 10 days immediately following the consumption or removal of such grain from such lands or waters.

### § 90.17 Compliance with other regulations.

Nothing in this subpart shall be construed to supersede or modify any regulations relating to the hunting of migratory game birds, nor to permit the transportation, installation or use of grain contrary to any applicable Federal, State, or local laws or regulations.

### Subpart A—Introduction

#### § 91.1 Purpose of regulations.

(a) The purpose of these regulations is to establish procedures for selecting a design that will be used for the annual Migratory Bird Hunting and Conservation Stamp (Federal Duck Stamp).

(b) All individuals entering the contest must comply with these regulations. A copy of the regulations, along with the Reproduction Rights Agreement and Display and Participation Agreement, may be requested from the Federal Duck Stamp Office, U.S. Fish and Wildlife Service, 4401 N. Fairfax Dr. MBSP-4070, Arlington, VA 22203-1622. These documents can also be downloaded from our Web site: <http://www.fws.gov/duckstamps/>.

(c) All contestants from the most recent contest will be sent a copy of the

regulations, the Display and Participation Agreement, and the Reproduction Rights Agreement.

[56 FR 22815, May 16, 1991, as amended at 71 FR 39014, July 11, 2006]

### §91.2 Definitions.

*Contest Coordinator*—the contest official responsible for overseeing the judges' scores for each entry. The contest coordinator will be named by the Secretary of the Interior and will not be a past or present employee of the Fish and Wildlife Service.

*Display and participation agreement*—a document that each contestant must complete, sign, and submit with the entry. The signed agreement allows the Service to display the entry at various locations for promotional purposes, and requires the artist to participate in events on behalf of the Federal Duck Stamp Program.

*Qualifying entry*—each original work of art submitted to the contest that satisfies the requirements outlined in subpart B.

*Reproduction rights agreement*—a document that each contestant must sign and submit with the entry. The signed agreement certifies that the entry is an original work of art and stipulates how the Fish and Wildlife Service may use the winning entry.

### §91.3 Public attendance at contest.

All phases of the voting process will be open for viewing by the general public.

### §91.4 Eligible species.

Five or fewer of the species listed below will be identified as eligible each year; those eligible species will be provided to each contestant with the information provided in §91.1.

(a) *Whistling-Ducks*. (1) Fulvous Whistling-Duck (*Dendrocygna bicolor*)

(2) Black-bellied Whistling-Duck (*Dendrocygna autumnalis*)

(b) *Swans*. (1) Trumpeter Swan (*Cygnus buccinator*)

(2) Tundra Swan (*Cygnus columbianus*)

(c) *Geese*. (1) Greater White-fronted Goose (*Anser albifrons*)

(2) Snow Goose (including "white" and "blue" morphs) (*Chen caerulescens*)

(3) Ross's Goose (*Chen rossii*)

(4) Emperor Goose (*Chen canagica*)

(5) Canada Goose (*Branta canadensis*)

(6) Cackling Goose (*Branta hutchinsii*)

(d) *Brant*. (1) Brant (*Branta bernicla*)

**Subpart B—Procedures for Entering the Contest**

**§91.11 Contest opening date and entry deadline.**

The contest will officially open on June 1 of each year. Entries must be postmarked no later than midnight, August 15. For the latest information on contest time and place as well as all deadlines, please visit our Web site at *www.fws.gov/duckstamps* or call (703) 358–2000.

[71 FR 39014, July 11, 2006]

**§91.12 Contest eligibility.**

United States citizens, nationals, or resident aliens are eligible to participate in the contest. Any person who has won the contest during the preceding 3 years will be ineligible to submit an entry in the current year's contest. All entrants must be at least 18 years of age by the contest opening date (see §91.11) to participate in the contest. Contest judges and their relatives are ineligible to submit an entry. All entrants must submit a non-refundable fee of \$125.00 by cashier's check, certified check, or money order made payable to U.S. Fish and Wildlife Service. (Personal checks will not be accepted.) All entrants must submit a signed Reproduction Rights Agreement and a signed Display and Participation Agreement.

[71 FR 39015, July 11, 2006]

**§91.13 Technical requirements for design and submission of entry.**

The design must be a horizontal drawing or painting 7 inches high and 10 inches wide. The entry may be drawn in any medium desired by the contestant and may be either multicolored or black and white. No scrollwork, lettering, bird band numbers, signatures or initials may appear on the design. Each entry must be matted (on the front only) with a 9 inch by 12 inch white mat, 1 inch wide. The matting must be affixed with clear or white tape holding the matting to the picture. Entries must not be framed, or under glass, or have any protective covering (other than the matting) at-

tached to them. The entire entry cannot exceed ¼ inch in total thickness.

[71 FR 39015, July 11, 2006]

**§91.14 Restrictions on subject matter for entry.**

A live portrayal of any bird(s) of the five or fewer identified eligible species must be the dominant feature of the design. The design may depict more than one of the eligible species. Designs may include, but are not limited to, hunting dogs, hunting scenes, use of waterfowl decoys, National Wildlife Refuges as the background of habitat scenes, noneligible species, or other designs that depict uses of the stamp for sporting, conservation, and collecting purposes. The overall mandate will be to select the best design that will make an interesting, useful, and attractive duck stamp that will be accepted and prized by hunters, stamp collectors, conservationists, and others. The design must be the contestant's original hand-drawn creation. The entry design may not be copied or duplicated from previously published art, including photographs, or from images in any format published on the Internet. Photographs, computer-generated art, or art produced from a computer printer or other computer/mechanical output device (airbrush method excepted) are not eligible to be entered into the contest and will be disqualified. An entry submitted in a prior contest that was not selected for a Federal or State stamp design may be submitted in the current contest if the entry meets the above criteria.

[71 FR 39015, July 11, 2006]

**§91.15 Suitability of entry for engraving.**

All entries should be drawn with fullest attention to clarity of detail and the relationship of tonal values. These prerequisites are important to interpret pictorial elements to hand engraving for printing, as they determine the engraved line techniques and direction. The engraver relies on the accuracy of the artist's work for successful interpretation. The engraver is primarily responsible for line interpretation and discipline, creating the miniature

image of bird(s) appearing on the stamp.

[56 FR 22815, May 16, 1991]

**§ 91.16 Submission procedures for entry.**

(a) Each contestant may submit only one entry. Each entry must be accompanied by a non-refundable entrance fee and a completed and signed Reproduction Rights Agreement and a completed and signed Display and Participation Agreement. The bottom portion of the Reproduction Rights Agreement must be attached to the back of the entry.

(b) Each entry should be appropriately wrapped to protect the artwork and then either hand-delivered or sent by registered mail, certified mail, express mail, or overnight delivery service to the address in § 91.1(b) of this part.

[56 FR 22815, May 16, 1991, as amended at 71 FR 39015, July 11, 2006]

**§ 91.17 Property insurance for contest entries.**

Each contestant is responsible for obtaining adequate insurance coverage for his/her entry. Neither the Service nor the Department of the Interior will insure the entries, nor is the Service or Department responsible for loss or damage unless such is caused by Service or Department negligence or willful misconduct. The Service and Department reserve the right to determine whether negligence or willful misconduct led to artwork being damaged. Entry fees for the subsequent year's contest may be waived for artists whose artwork we determine to be damaged by any negligence on our part. This waiver remains at our discretion.

[71 FR 39015, July 11, 2006]

**§ 91.18 Failure to comply with contest regulations.**

Any entry that does not comply with the requirements of subpart B will be disqualified from the contest.

**Subpart C—Procedures for Administering the Contest**

**§ 91.21 Selection and qualification of contest judges.**

(a) *Selection.* Five voting judges and one alternate judge will be selected annually by the Secretary of the Interior. Current employees of the Fish and Wildlife Service and their relatives are ineligible to serve as judges for the contest. The judges will be reimbursed for reasonable travel expenses.

(b) *Qualifications.* The panel of five judges will be made up of individuals, all of whom have one or more of the following prerequisites: recognized art credentials, knowledge of the anatomical makeup and the natural habitat of the eligible waterfowl species, an understanding of the wildlife sporting world in which the Duck Stamp is used, an awareness of philately and the role the Duck Stamp plays in stamp collecting, and demonstrated support for the conservation of waterfowl and wetlands through active involvement in the conservation community.

(c) *Disqualification.* Any contestant who contacts a judge prior to or during the contest will automatically be disqualified from the current year's contest and barred from entering the three contests that come after the current year's contest.

[56 FR 22816, May 16, 1991, as amended at 71 FR 39015, July 11, 2006]

**§ 91.22 Display of contest entries.**

The Federal Duck Stamp Office assigns all eligible entries a number as entries are received. That office displays the entries in numerical order at the contest site.

[71 FR 39015, July 11, 2006]

**§ 91.23 Scoring criteria for contest.**

Entries will be judged on the basis of anatomical accuracy, artistic composition and suitability for engraving in the production of a stamp.

**§ 91.24 Contest procedures.**

(a) The day before the judging begins, the judges will be briefed on all aspects of the judging procedures and other details of the competition, and will preview all eligible artwork entered.

## §91.31

(b) Prior to the first round of judging, and prior to the opening of the contest to the public, the judges will spend an additional two hours reviewing the entries.

(c) In the first round of judging, all qualified entries will be shown one at a time to the judges by the Contest Coordinator or a contest staff member. The judges will vote “in” or “out” on each entry; those entries receiving a majority of votes “in” will be eligible for the second round of judging. The remaining entries will be placed on display as a group for public viewing.

(d) Prior to the second round of judging, each judge may select not more than five entries from those eliminated in the first round. Those additional entries selected by the judges will be eligible to be judged in the second round.

(e) Prior to the second round of judging, the entries selected by the judges under the procedures of paragraphs (c) and (d) of this section will be displayed in numerical order in the front of the auditorium.

(f) The technical advisors from the Department of the Interior and the U.S. Postal Service will do a critical analysis of the entries that will be judged in the second round and advise the judges of any serious anatomical problems and/or any serious design problems for the engraver.

(g) In the second round of judging, each entry selected in the first round, plus the additional entries selected by judges, will be shown one at a time to the judges by the Contest Coordinator or by a contest staff member. The judges will vote by indicating a numerical score from one to five for each entry. The scores will be totaled to provide the entry score. The entries receiving the five highest scores will be advanced to the third round of judging.

(h) In the third round of judging, the judges will vote on the remaining entries using the same method as in round two, except they would indicate a numerical score from 3 to 5 for each entry. The Contest Coordinator will tabulate the final votes and present them to the Director, U.S. Fish and Wildlife Service, who will announce the winning entry as well as the entries that placed second and third.

## 50 CFR Ch. I (10–1–06 Edition)

(i) In case of a tie vote for first, second, or third place in the third round, the judges will vote again on the entries that are tied. The judges will vote using the same method as in round three.

(j) The selection of the winning entry by the judges will be final. Each contestant will be notified of the winning artist and the design. The winning artist will receive a pane of Duck Stamps signed by the Secretary of the Interior at the Federal Duck Stamp Contest the following year. The artists placing first, second, and third will receive a framed commendation from the Director of the U.S. Fish and Wildlife Service.

### Subpart D—Post-Contest Procedures

#### §91.31 Return of entries after contest.

All entries will be returned by certified mail to the participating artists within 120 days after the contest, unless the artwork is selected to appear at one or more wildlife art expositions. If artwork is returned to the Service because it is undelivered or unclaimed (this may happen if an artist changes address), the Service will not be obligated to trace the location of the artist to return the artwork. Any artist who changes his or her address is responsible for notifying the Service of the change. All unclaimed entries will be destroyed one year from the date of the contest.

**Subpart A—General Provisions****§ 92.1 Purpose of regulations.**

The regulations in this part implement the Alaska migratory bird subsistence program as provided for in Article II(4)(b) of the 1916 Convention for the Protection of Migratory Birds in Canada and the United States (the “Canada Treaty”), as amended.

**§ 92.2 Authority.**

The Secretary of the Interior issues the regulations in this part under the authority granted to the Secretary by the Migratory Bird Treaty Act (MBTA), 16 U.S.C. 703–712.

**§ 92.3 Applicability and scope.**

(a) *In general.* The regulations in this part apply to all eligible persons harvesting migratory birds and their eggs for subsistence purposes in Alaska between the dates of March 10 and September 1. The provisions in this part do not replace or alter the regulations set forth in part 20 of this chapter, which relate to the hunting of migratory game birds and crows during the regular open season from September 1 through March 10. The provisions set

forth in this part implement the exception to the closed season, which authorizes the taking of migratory birds in Alaska for subsistence purposes between March 10 and September 1.

(b) *Land ownership.* This part does not alter the legal authorities of Federal and State land managing agencies or the legal rights of private land owners to close their respective lands to the taking of migratory birds.

(c) *Federal public lands.* The provisions of this part are in addition to, and do not supersede, any other provision of law or regulation pertaining to national wildlife refuges or other federally managed lands.

(d) *Migratory bird permits.* The provisions of this part do not alter the terms of any permit or other authorization issued pursuant to part 21 of this chapter.

(e) *State laws for the protection of migratory birds.* No statute or regulation of the State of Alaska relieves a person from the restrictions, conditions, and requirements contained in this part. Nothing in this part, however, prevents the State of Alaska from making and enforcing laws or regulations that are consistent with the regulations in this part, the conventions between the United States and any foreign country for the protection of migratory birds, and the Migratory Bird Treaty Act, and that give further protection to migratory birds.

**§ 92.4 Definitions.**

The following definitions apply to all regulations contained in this part:

*Alaska Native* means the same as “Native,” defined in section 3(b) of the Alaska Native Claims Settlement Act, 16 U.S.C. 1602(b).

*Co-management Council* means the Alaska Migratory Bird Co-management Council, consisting of Alaska Native, Federal, and State of Alaska representatives as equals.

*Eligible person* means an individual within the State of Alaska who qualifies to harvest migratory birds and their eggs for subsistence purposes during the spring and summer.

*Excluded areas* are defined in § 92.5.

*Flyway Council* means the Atlantic, Mississippi, Central, or Pacific Flyway Council.

## §92.5

## 50 CFR Ch. I (10–1–06 Edition)

*Game Management Unit*, also referred to simply as *Unit*, means 1 of the 26 geographical areas listed in the codified State of Alaska hunting and trapping regulations and on maps of the Alaska State Game Management Units.

*Immediate family* means spouse, children, parents, grandchildren, grandparents, and siblings.

*Included areas* are defined in §92.5.

*Indigenous inhabitant* means a permanent resident of a village within a subsistence harvest area, regardless of race.

*Migratory bird*, for the purposes of this part, means the same as defined in §10.12 of subchapter B of this chapter. Species eligible to harvest are listed in §92.32.

*Native* means the same as “Alaska Native” as defined in this section.

*Nonwasteful taking* means making a reasonable effort to retrieve all birds killed or wounded, and retaining such birds in possession between the place where taken and the hunter’s permanent or temporary place of residence, or to the location where the birds will be consumed or preserved for food.

*Partner organization or regional partner* means a regional or local organization, or a local or tribal government that has entered into a formal agreement with the U.S. Fish and Wildlife Service for the purpose of coordinating the regional programs necessary to involve subsistence hunters in the regulatory process described in this part.

*Permanent resident* means any person whose primary, permanent home for the previous 12 months was within a subsistence harvest area in Alaska. Whenever absent from this primary, permanent home, the person has the intention of returning to it. Factors demonstrating a person’s primary, permanent home may include: an address listed on an Alaska Permanent Fund dividend application; an Alaska license to drive, hunt, fish, or engage in an activity regulated by a government entity; voter registration; location of residences owned, rented, or leased; location of stored household goods; the residence of the person’s spouse, minor children, or dependents; tax documents; whether the person claims residence in another location for any pur-

pose; or status as a tribal member of a tribe in a subsistence harvest area.

*Seabirds* refers to all bird species listed in §92.32 within the families Alcidae, Laridae, Procellariidae, and Phalacrocoracidae.

*Service Regulations Committee* means the Migratory Bird Regulations Committee of the U.S. Fish and Wildlife Service.

*Shorebirds* refers to all bird species listed in §92.32 within the families Charadriidae, Haematopodidae, and Scolopacidae.

*State* means State of Alaska.

*Subsistence* means the customary and traditional harvest or use of migratory birds and their eggs by eligible indigenous inhabitants for their own nutritional and other essential needs.

*Subsistence harvest areas* encompass customary and traditional hunting areas of villages in Alaska that qualify for a spring or summer subsistence harvest of migratory birds under this part.

*Taxidermy* refers to birds preserved and mounted in lifelike representations. Taxidermy does not include preserving bird parts to be integrated into traditional arts and crafts.

*Village* is defined as a permanent settlement with one or more year-round residents.

*Waterfowl* refers to all bird species listed in §92.32 within the family Anatidae.

[67 FR 53517, Aug. 16, 2002, as amended at 68 FR 43027, July 21, 2003; 69 FR 17327, Apr. 2, 2004]

### §92.5 Who is eligible to participate?

If you are a permanent resident of a village within a subsistence harvest area, you will be eligible to harvest migratory birds and their eggs for subsistence purposes in the spring and summer.

(a) *Included areas*. Village areas located within the Alaska Peninsula, Kodiak Archipelago, the Aleutian Islands, or in areas north and west of the Alaska Range are subsistence harvest areas, except that villages within these areas not meeting the criteria for a subsistence harvest area as identified in paragraph (c) of this section will be excluded from the spring and summer subsistence harvest.

(1) Any person may request the Co-management Council to recommend that an otherwise included area be excluded by submitting a petition stating how the area does not meet the criteria identified in paragraph (c) of this section. The Co-management Council will forward petitions to the appropriate regional management body for review and recommendation. The Co-management Council will then consider each petition and will submit to the U.S. Fish and Wildlife Service any recommendations to exclude areas from the spring and summer subsistence harvest. The U.S. Fish and Wildlife Service will publish any approved recommendations to exclude areas in subpart D of this part.

(2) Based on petitions for inclusion recommended by the Co-management Council in 2003, the Service added the following communities to the included areas under this part starting in the 2004 harvest season:

(i) Upper Copper River Region—Gulkana, Gakona, Tazlina, Copper Center, Mentasta Lake, Chitina, Chistochina.

(ii) Gulf of Alaska Region—Chugach Community of Tatitlek, Chugach Community of Chenega, Chugach Community of Port Graham, Chugach Community of Nanwalek.

(iii) Cook Inlet Region—Tyonek.

(iv) Southeast Alaska Region—Hoonah.

(3) Based on petitions for inclusion recommended by the Co-management Council in 2004, the Service added the following communities to the included areas under this part starting in the 2005 harvest season:

(i) Southeast Region—Craig, Hydaburg, Yakutat.

(ii) [Reserved]

(b) *Excluded areas.* Village areas located in Anchorage, the Matanuska-Susitna or Fairbanks North Star Boroughs, the Kenai Peninsula roaded area, the Gulf of Alaska roaded area, or Southeast Alaska generally do not qualify for a spring or summer harvest. Communities located within one of these areas may petition the Co-management Council through their designated regional management body for designation as a spring and summer subsistence harvest area. The petition

must state how the community meets the criteria identified in paragraph (c) of this section. The Co-management Council will consider each petition and will submit to the Service any recommendations to designate a community as a spring and summer subsistence harvest area. The Service will publish any approved new designations of communities as spring and summer subsistence harvest areas in subpart D of this part. All areas outside Alaska are ineligible.

(c) *Criteria for determining designation as a spring and summer subsistence harvest area.* A previously excluded community may be included in the spring/summer harvest regulations if recommended by the Alaska Migratory Bird Co-management Council. The Alaska Migratory Bird Co-management Council will recommend designation of subsistence harvest areas based on a deliberative process using the best available information on nutritional and cultural needs and customary and traditional use. The Alaska Migratory Bird Co-management Council recommendations will accommodate traditional spring and summer harvests without creating new traditions or increasing harvest of migratory birds. Recommendations will be made based on the majority of factors and the weight of the evidence using the following criteria:

(1) A pattern of use recurring in the spring and summer of each year prior to 1999, excluding interruptions by circumstances beyond the user's control;

(2) The consistent harvest and use of migratory birds on or near the user's permanent residence;

(3) A use pattern that includes the handing down of knowledge of hunting skills and values from generation to generation;

(4) A use pattern in which migratory birds are shared or distributed among others within a definable community of persons; a community for purposes of subsistence uses may include specific villages or towns, with a historical pattern of subsistence use; and

(5) A use pattern that includes reliance for subsistence purposes upon migratory birds or their eggs and that meets nutritional and other essential needs including, but not limited to,

## §92.6

## 50 CFR Ch. I (10–1–06 Edition)

cultural, social, and economic elements of the subsistence way of life.

(d) *Participation by permanent residents of excluded areas.* Immediate family members who are permanent residents of excluded areas may participate in the customary spring and summer subsistence harvest in a village's subsistence harvest area with the permission of the village council, where it is appropriate to assist indigenous inhabitants in meeting their nutritional and other essential needs or for the teaching of cultural knowledge to or by their immediate family members. Eligibility for participation will be developed and recommended by the Co-management Council and adopted or amended by regulations published in subpart D of this part.

[67 FR 53517, Aug. 16, 2002, as amended at 68 FR 43027, July 21, 2003; 69 FR 17327, Apr. 2, 2004; 70 FR 18248, Apr. 8, 2005]

### §92.6 Use and possession of migratory birds.

You may not sell, offer for sale, purchase, or offer to purchase migratory birds, their parts, or their eggs taken under this part.

(a) *Eligible persons.* Under this part, you may take birds for human consumption only. Harvest and possession of migratory birds must be done using nonwasteful taking. Nonedible byproducts of migratory birds taken for food may be used for other purposes, except that taxidermy is not allowed.

(b) *Noneligible persons.* You may receive portions of birds or their eggs not kept for human consumption from eligible persons only if you have a valid permit issued under 50 CFR 21.27 for scientific research or education, and consistent with the terms and conditions of that permit.

[69 FR 17227, Apr. 2, 2004]

### §§ 92.7–92.9 [Reserved]

## Subpart B—Program Structure

### §92.10 Alaska Migratory Bird Co-management Council.

(a) *Establishment.* The U.S. Fish and Wildlife Service hereby establishes, as authorized by the Protocol amending the Canada Treaty, a statewide management body to be known as the Alas-

ka Migratory Bird Co-management Council.

(b) *Membership.* The Co-management Council must include Alaska Native, Federal, and State of Alaska representatives, as equals.

(1) The Federal and State governments will each seat one representative. The Federal representative will be appointed by the Alaska Regional Director of the U.S. Fish and Wildlife Service, and the State representative will be appointed by the Commissioner of the Alaska Department of Fish and Game. Regional partner organizations may seat 1 representative from each of the 12 regions identified in §92.11(a).

(2) The Federal and State representatives and the collective Native representatives will each have one vote, for a total of three votes for the entire council.

(c) *Roles and responsibilities.* The Co-management Council is authorized to:

(1) Hold public meetings for the purpose of conducting business related to spring and summer subsistence harvest of migratory birds;

(2) Develop recommendations for regulations governing the spring and summer subsistence harvest of migratory birds and their eggs;

(3) Develop recommendations for, among other things, law enforcement policies, population and harvest monitoring, education programs, research and use of traditional knowledge, and habitat protection;

(4) Develop procedures and criteria by which areas and communities can be determined to be eligible or ineligible for a spring/summer subsistence harvest;

(5) Provide guidelines to the regional management bodies each year for formulation of annual regulations;

(6) Consolidate regional recommendations and resolve interregional differences in order to prepare statewide recommendations;

(7) Establish committees to gather or review data, develop plans for Co-management Council actions, and coordinate programs with regional management bodies;

(8) Send regional representatives from the Co-management Council to meetings of the Pacific Flyway Council and to meetings of the other Flyway

## §92.11

Councils as needed, and to meetings of the Service Regulations Committee;

(9) Elect officers; and

(10) Conduct other business as the Council may determine is necessary to accomplish its purpose.

(d) *Meetings.* Meetings of the Co-management Council will be open to the public. The Co-management Council will:

(1) Hold meetings at least twice annually;

(2) Conduct meetings in accordance with bylaws approved by the Co-management Council;

(3) Provide an opportunity at each meeting for public comment;

(4) Establish the dates, times, and locations of meetings; and

(5) Maintain a written record of all meetings.

(e) *Staff support.* Administrative support for the Co-management Council will be provided by the U.S. Fish and Wildlife Service and will include, but not be limited to:

(1) Making arrangements for the meeting rooms and associated logistics related to Co-management Council meetings;

(2) Preparing public notices announcing Co-management Council meetings;

(3) Maintaining records of discussions and actions taken by the Co-management Council;

(4) Coordinating with the Alaska Department of Fish and Game to provide technical information needed by the Co-management Council for its deliberations;

(5) Preparing documents and gathering information needed by the Co-management Council for its meetings; and

(6) Preparing the annual subpart D regulations package recommended by the Co-management Council for submission to the flyway councils and the Service Regulations Committee.

[67 FR 53517, Aug. 16, 2002, as amended at 68 FR 43027, July 21, 2003]

### §92.11 Regional management areas.

(a) *Regions identified.* To allow for maximum participation by residents of subsistence eligible areas, the Alaska Regional Director of the Service established 12 geographic regions based on common subsistence resource use pat-

terns and the 12 Alaska Native regional corporation boundaries established under the Alaska Native Claims Settlement Act. Despite using the Alaska Native regional corporation boundaries, we are not working directly with the regional corporations in this program and are instead working with the Alaska Native nonprofit groups and local governments in those corresponding regions. You may obtain records and maps delineating the boundaries of the 12 regions from the U.S. Department of the Interior, Bureau of Land Management, Alaska State Office, 222 West 7th Ave., No. 13, Anchorage, AK 99513. The regions are identified as follows:

(1) Aleutian/Pribilof Islands;

(2) Kodiak Archipelago;

(3) Bristol Bay;

(4) Yukon/Kuskokwim Delta;

(5) Bering Strait/Norton Sound;

(6) Northwest Arctic;

(7) North Slope;

(8) Interior;

(9) Southeast;

(10) Gulf of Alaska;

(11) Upper Copper River; and

(12) Cook Inlet.

(b) *Regional partnerships.* The U.S. Fish and Wildlife Service will establish partner agreements with at least 1 partner organization in each of the 12 regions. The partner organization identified must be willing and able to coordinate the regional program on behalf of all subsistence hunters within that region. A regional partner will:

(1) Organize or identify one or more management bodies within the region in which it is located.

(2) Determine how the management body for the region should be organized, the manner in which it should function, its size, who serves on it, the length of terms, methods of involving subsistence users, and other related matters.

(3) Coordinate regional meetings and the solicitation of proposals.

(4) Ensure appointment of a person to represent the region by serving on the Co-management Council. If a region consists of more than one partner organization, each partner organization may appoint a member to sit on the Co-management Council.

## §92.12

(5) Keep the residents of villages within the region informed of issues related to the subsistence harvest of migratory birds.

(6) Work cooperatively with the U.S. Fish and Wildlife Service and the Alaska Department of Fish and Game to gather harvest data, numbers of subsistence users, and other management data and traditional knowledge for the benefit of the management bodies.

(c) *Regional management bodies.* (1) Regional management bodies must provide a forum for the collection and expression of opinions and recommendations regarding spring and summer subsistence harvesting of migratory birds. They must develop requests and recommendations from the region to be presented to the Co-management Council for deliberation. They must provide for public participation in the meetings at which recommendations and requests are formulated.

(2) Requests and recommendations to the Co-management Council may involve seasons and bag limits, methods and means, law enforcement policies, population and harvest monitoring, education programs, research and use of traditional knowledge, habitat protection, and other concerns related to migratory bird subsistence programs.

(3) Regional management bodies may be established specifically for the purpose of carrying out the responsibilities identified in this part, or they may be existing entities that can add these responsibilities to their existing duties.

### **§92.12 Relationship to the process for developing national hunting regulations for migratory game birds.**

(a) *Flyway councils.* (1) Proposed annual regulations recommended by the Co-management Council will be submitted to all flyway councils for review and comment. The Council's recommendations must be submitted prior to the SRC's last regular meeting of the calendar year in order to be approved for spring/summer harvest beginning March 11 of the following calendar year.

(2) Alaska Native representatives may be appointed by the Co-manage-

## 50 CFR Ch. I (10–1–06 Edition)

ment Council to attend meetings of one or more of the four flyway councils to discuss recommended regulations or other proposed management actions.

(b) *Service regulations committee.* Proposed annual regulations recommended by the Co-management Council will be submitted to the Service Regulations Committee for their review and recommendation to the Service Director. Following the Service Director's review and recommendation, the proposals will be forwarded to the Department of Interior for approval. Proposed annual regulations will then be published in the FEDERAL REGISTER for public review and comment, similar to the annual migratory game bird hunting regulations (found in part 20 of this chapter). Final spring/summer regulations for Alaska will be published in the FEDERAL REGISTER in the preceding Fall.

### **§§ 92.13–92.19 [Reserved]**

## **Subpart C—General Regulations Governing Subsistence Harvest**

### **§92.20 Methods and means.**

You may not use the following devices and methods to harvest migratory birds:

(a) Swivel guns, shotguns larger than 10 gauge, punt guns, battery guns, machine guns, fish hooks, poisons, drugs, explosives, or stupefying substances;

(b) Shooting from a sinkbox or any other type of low-floating device that affords the hunter a means of concealment beneath the surface of the water;

(c) Hunting from any type of aircraft;

(d) Taking waterfowl and other species using live birds as decoys, except for auklets on Diomedes and St. Lawrence islands (Use of live birds as decoys is a customary and traditional means of harvesting auklets on Diomedes and St. Lawrence islands.);

(e) Hunting with the aid of recorded bird calls;

(f) Using any type of vehicle, aircraft, or boat for the purpose of concentrating, driving, rallying, or stirring up of any migratory bird, except boats may be used to position a hunter;

(g) Having in possession or using lead or other toxic shot while hunting (Approved nontoxic shot types are listed in § 20.21(j) of subchapter B.);

(h) Shooting while on or across any road or highway;

(i) Using an air boat (Interior and Bristol Bay Regions only) or jet ski (Interior Region only) for hunting or transporting hunters; or

(j) Using private or chartered aircraft for hunting or transporting hunters, except for transportation between community airstrips (Unit 18, Yukon/Kuskokwim Delta Region only).

#### § 92.21 Emergency closures.

(a) The Regional Director, after consultation with the Co-management Council, may close or temporarily suspend any regulation established under subparts C or D of this part:

(1) Upon finding that a continuation of the regulation would pose an imminent threat to the conservation of any endangered or threatened species or other migratory bird population; and

(2) Upon issuance of local public notice by such means as publication in local newspapers of general circulation, posting of the areas affected, notifying the State wildlife conservation agency, and announcement on the internet and local radio and television.

(b) The Service will also announce any such closure or temporary suspension by publication of a notice in the FEDERAL REGISTER simultaneously with the local public notice referred to in paragraph (a)(2) of this section. However, in the event that publishing a FEDERAL REGISTER notice simultaneously with the local public notice is impractical, we will publish in the FEDERAL REGISTER as soon as possible after the steps outlined in paragraph (a) of this section are taken.

(c) Any closure or temporary suspension under this section will be effective on the date of publication of the FEDERAL REGISTER notice; or if such notice is not published simultaneously with the notification methods described in paragraph (a) of this section, then on the date and at the time specified in the local notification to the public

given under paragraph (a)(2) of this section. Every notice of closure or temporary suspension will include the date and time of the closing, the area or areas affected, and the species affected. In the case of a temporary suspension, the date and time when the harvest may be resumed will also be provided by local notification to the public and by publication in the FEDERAL REGISTER as provided for in paragraphs (a) and (b) of this section.

[68 FR 43028, July 21, 2003]

#### §§ 92.22–92.29 [Reserved]

### Subpart D—Annual Regulations Governing Subsistence Harvest

#### § 92.30 General overview of regulations.

These regulations establish a spring/summer migratory bird subsistence harvest in Alaska. The regulations list migratory bird species that are authorized for harvest, species that are not authorized for harvest, season dates, and dates for a 30-day closure to protect nesting birds. The Co-management Council will review and, if necessary, recommend modifications to these harvest regulations on an annual basis, working within the schedule of the Federal late-season regulations for migratory game bird hunting.

(a) The taking, possession, transportation, and other uses of migratory birds are generally prohibited unless specifically authorized by regulation developed in accordance with the Migratory Bird Treaty Act. Therefore, harvesting migratory birds is prohibited unless regulations are established ensuring the protection of the various populations of migratory birds. Migratory bird population levels, production, and habitat conditions vary annually. These conditions differ within Alaska and throughout North America. Therefore, the regulations governing migratory bird hunting may include annual adjustments to keep harvests within acceptable levels.

(b) The development of the regulations in this part, like the development of the annual migratory game bird hunting regulations in part 20 of this chapter, involves annual data gathering programs to determine migratory

## § 92.31

bird population status and trends, evaluate habitat conditions, determine harvests, and consider other factors having an impact on the anticipated size of annual populations.

(c) The Service proposes annual migratory game bird hunting regulations in the FEDERAL REGISTER in the spring for seasons beginning September 1 of that year. Following consideration of additional biological information and public comment, the Service publishes supplemental proposals throughout the summer. These are also open to public comment.

(d) Sections 92.31 through 92.39 provide for the annual harvest of migratory birds and their eggs during spring and summer for subsistence users in Alaska.

[67 FR 53517, Aug. 16, 2002, as amended at 68 FR 43028, July 21, 2003]

### § 92.31 Migratory bird species closed to subsistence harvest.

(a) Because of conservation concerns, you may not harvest birds or gather eggs from the following species in 2006:

(1) Spectacled Eider (*Somateria fischeri*).

(2) Steller's Eider (*Polysticta stelleri*).

(3) Emperor Goose (*Chen canagica*).

(4) Aleutian Canada Goose (*Branta canadensis leucopareia*)—Semidi Islands only.

(5) Yellow-billed Loons (*Gavia adamsii*)—Except in the North Slope Region only, a total of up to 20 yellow-billed loons inadvertently caught in fishing nets may be kept for subsistence purposes.

(b) In addition, you may not gather eggs from the following species in 2006:

(1) Cackling Canada Goose (*Branta canadensis minima*).

(2) Black Brant (*Branta bernicla nigricans*)—in the Yukon/Kuskokwim Delta and North Slope regions only.

[71 FR 10408, Feb. 28, 2006]

### § 92.32 Subsistence migratory bird species.

You may harvest birds or gather eggs from the following species, listed in taxonomic order, within all included regions. When birds are listed only to the species level, all subspecies existing in Alaska are open to harvest.

(a) Aleutian/Pribilof Islands Region.

(1) Northern Unit (Pribilof Islands):

(i) Season: April 2–June 30.

(ii) Closure: July 1–August 31.

(2) Central Unit (Aleut Region's eastern boundary on the Alaska Peninsula westward to and including Unalaska Island):

(i) Season: April 2–June 15 and July 16–August 31.

(ii) Closure: June 16–July 15.

(iii) Special Black Brant Season Closure: August 16–August 31, only in Izembek and Moffet lagoons.

(iv) Special Tundra Swan Closure: All hunting and egg gathering closed in units 9(D) and 10.

(3) Western Unit (Umnak Island west to and including Attu Island):

(i) Season: April 2–July 15 and August 16–August 31.

(ii) Closure: July 16–August 15.

(b) Yukon/Kuskokwim Delta Region.

(1) Season: April 2–August 31.

(2) Closure: 30-day closure dates to be announced by the Alaska Regional Director or his designee, after consultation with local subsistence users, field biologists, and the Association of Village Council President's Waterfowl Conservation Committee. This 30-day period will occur between June 1 and August 15 of each year. A press release announcing the actual closure dates will be forwarded to regional newspapers and radio and television stations and posted in village post offices and stores.

(3) Special Black Brant and Cackling Goose Season Hunting Closure: From the period when egg laying begins until young birds are fledged. Closure dates to be announced by the Alaska Re-

gional Director or his designee, after consultation with field biologists and the Association of Village Council President's Waterfowl Conservation Committee. A press release announcing the actual closure dates will be forwarded to regional newspapers and radio and television stations and posted in village post offices and stores.

(4) Special Area Closure: (i) The following described goose nesting colonies are closed to all hunting and egg gathering from the period of nest initiation until young birds are fledged:

(A) Kokechik Bay Colony—bounded by 61.61° N to 61.67° N and 165.83° W to 166.08° W;

(B) Tutakoke River Colony—bounded by 61.20° N to 61.28° N and 165.08° W to 165.13° W;

(C) Kigigak Island Colony—bounded by island's edge;

(D) Baird Peninsula Colony—bounded by 60.87° N to 60.91° N and 164.65° W to 165.80° W, and

(E) Baird Island Colony—bounded by island's edge.

(ii) Closure dates to be announced by the Alaska Regional Director or his designee, after consultation with field biologists and the Association of Village Council President's Waterfowl Conservation Committee. A press release announcing the actual closure dates will be forwarded to regional newspapers and radio and television stations and posted in village post offices and stores.

(c) Bristol Bay Region.

(1) Season: April 2–June 14 and July 16–August 31 (general season); April 2–July 15 for seabird egg gathering only.

(2) Closure: June 15–July 15 (general season); July 16–August 31 (seabird egg gathering).

(d) Bering Strait/Norton Sound Region.

(1) Stebbins/St. Michael Area (Point Romanof to Canal Point):

(i) Season: April 15–June 14 and July 16–August 31.

(ii) Closure: June 15–July 15.

(2) Remainder of the region:

(i) Season: April 2–June 14 and July 16–August 31 for waterfowl; April 2–July 19 and August 21–August 31 for all other birds.

(ii) Closure: June 15–July 15 for waterfowl; July 20–August 20 for all other birds.

(e) Kodiak Archipelago Region, except for the Kodiak Island roaded area, is closed to the harvesting of migratory birds and their eggs. The closed area consists of all lands and waters (including exposed tidelands) east of a line extending from Crag Point in the north to the west end of Saltery Cove in the south and all lands and water south of a line extending from Termination Point along the north side of Cascade Lake extending to Anton Larson Bay. Waters adjacent to the closed area are closed to harvest within 500 feet from the water's edge. The offshore islands are open to harvest.

(1) Season: April 2–June 20 and July 22–August 31; egg gathering: May 1–June 20 only.

(2) Closure: June 21–July 21.

(f) Northwest Arctic Region.

(1) Season: April 2–June 9 and August 15–August 31 (in general); waterfowl egg gathering May 20–June 9 only; seabird egg gathering July 3–July 12 only; molting/non-nesting waterfowl July 1–July 31 only.

(2) Closure: June 10–August 14, except for the taking of seabird eggs and molting/non-nesting waterfowl as provided in paragraph (f)(1) of this section.

(g) North Slope Region.

(1) Southern Unit (Southwestern North Slope regional boundary east to Peard Bay, everything west of the longitude line 158°30' S and south of the latitude line 70°45' E to the west bank of the Ikpikpuk River, and everything south of the latitude line 69°45' E between the west bank of the Ikpikpuk River to the east bank of Sagavinirktok River):

(i) Season: April 2–June 29 and July 30–August 31 for seabirds; April 2–June 19 and July 20–August 31 for all other birds.

(ii) Closure: June 30–July 29 for seabirds; June 20–July 19 for all other birds.

(2) Northern Unit (At Peard Bay, everything east of the longitude line 158°30' S and north of the latitude line 70°45' E to west bank of the Ikpikpuk River, and everything north of the latitude line 69°45' E between the west

bank of the Ikpikpuk River to the east bank of Sagavinirktok River):

(i) Season: April 6–June 6 and July 7–August 31 for king and common eiders and

April 2–June 15 and July 16–August 31 for all other birds.

(ii) Closure: June 7–July 6 for king and common eiders; June 16–July 15 for all other birds.

(3) Eastern Unit (East of eastern bank of the Sagavanirktok River):

(i) Season: April 2–June 19 and July 20–August 31.

(ii) Closure: June 20–July 19.

(4) All Units: yellow-billed loons. Annually, a total of up to 20 yellow-billed loons may be caught inadvertently in subsistence fishing nets in the North Slope Region and kept for subsistence use. Individuals must report each yellow-billed loon inadvertently caught while subsistence gill net fishing to the North Slope Borough Department of Wildlife Management by the end of the season.

(h) Interior Region.

(1) Season: April 2–June 14 and July 16–August 31; egg gathering May 1–June 14 only.

(2) Closure: June 15–July 15.

(i) Upper Copper River (Harvest Area: State of Alaska Game Management Units 11 and 13) (Eligible communities: Gulkana, Chitina, Tazlina, Copper Center, Gakona, Mentasta Lake, Chistochina and Cantwell).

(1) Season: April 15–May 26 and June 27–August 31.

(2) Closure: May 27–June 26.

(3) The Copper River Basin communities listed above also documented traditional use harvesting birds in Unit 12, making them eligible to hunt in this unit using the seasons specified in paragraph (h) of this section.

(j) Gulf of Alaska Region.

(1) Prince William Sound Area (Harvest area: Unit 6 [D]), (Eligible Chugach communities: Chenega Bay, Tatitlek).

(i) Season: April 2–May 31 and July 1–August 31.

(ii) Closure: June 1–30.

(2) Kachemak Bay Area (Harvest area: Unit 15[C] South of a line connecting the tip of Homer Spit to the mouth of Fox River) (Eligible Chugach

#### Subpart A—General Provisions

SOURCE: 67 FR 30563, May 7, 2002, unless otherwise noted.

#### § 100.1 Purpose.

The regulations in this part implement the Federal Subsistence Management Program on public lands within the State of Alaska.

#### § 100.2 Authority.

The Secretary of the Interior and Secretary of Agriculture issue the regulations in this part pursuant to authority vested in Title VIII of the Alaska National Interest Lands Conservation Act (ANILCA), 16 U.S.C. 3101–3126.

#### § 100.3 Applicability and scope.

(a) The regulations in this part implement the provisions of Title VIII or ANILCA relevant to the taking of fish and wildlife on public land in the State of Alaska. The regulations in this part do not permit subsistence uses in Glacier Bay National Park, Kenai Fjords National Park, Katmai National Park, and that portion of Denali National Park established as Mt. McKinley National Park prior to passage of ANILCA, where subsistence taking and uses are prohibited. The regulations in this part do not supersede agency-specific regulations.

(b) The regulations contained in this part apply on all public lands, including all inland waters, both navigable and non-navigable, within and adjacent to the exterior boundaries of the following areas, and on the marine waters as identified in the following areas:

(1) Alaska Maritime National Wildlife Refuge, including the:

(i) Karluk Subunit: All of the submerged land and water of the Pacific Ocean (Sheliokof Strait) extending 3,000 feet from the shoreline between a point on the spit at the meander corner common to Sections 35 and 36 of Township 30 South, Range 33 West, and a point approximately 1¼ miles east of Rocky Point within Section 14 of Township 29 South, Range 31, West, Seward Meridian as described in Public Land Order 128, dated June 19, 1943;

(ii) Womens Bay Subunit: Womens Bay, Gibson Cove, portions of St. Paul Harbor and Chiniak Bay: All of the submerged land and water as described

§ 100.3

50 CFR Ch. I (10-1-06 Edition)

in Public Land Order 1182, dated July 7, 1955 (U.S. Survey 21539);

(iii) Afognak Island Subunit: A submerged lands and waters of the Pacific Ocean lying within 3 miles of the shoreline as described in Proclamation No. 39, dated December 24, 1892;

(iv) Simeonof Subunit: All of the submerged land and water of Simeonof Island together with the adjacent waters of the Pacific Ocean extending 1 mile from the shoreline as described in Public Land Order 1749, dated October 30, 1958; and

(v) Semidi Subunit: All of the submerged land and water of the Semidi Islands together with the adjacent waters of the Pacific Ocean lying between parallels 55°57'57"00–56°15'57"00 North Latitude and 156°30'00"–157°00'00" West Longitude as described in Executive Order 5858, dated June 17, 1932;

(2) Arctic National Wildlife Refuge, including those waters shoreward of the line of extreme low water starting in the vicinity of Monument 1 at the intersection of the International Boundary line between the State of Alaska and the Yukon Territory; Canada, and extending westerly, along the line of extreme low water across the entrances of lagoons such that all offshore bars, reefs and islands, and lagoons that separate them from the mainland to Brownlow Point, approximately 70 10' North Latitude and 145 51' West Longitude;

(3) National Petroleum Reserve in Alaska, including those waters shoreward of a line beginning at the western bank of the Colville River following the highest highwater mark westerly, extending across the entrances of small lagoons, including Pearl Bay, Wainwright Inlet, the Kuk River, Kugrau Bay and River, and other small bays and river estuaries, and following the ocean side of barrier islands and sandspits within three miles of shore and the ocean side of the Plover Islands, to the northwestern extremity of Icy cape, at approximately 70°21' North Latitude and 161 46' West Longitude; and

(4) Yukon Delta National Wildlife Refuge, including Nunivak Island: the submerged land and water of Nunivak Island together with the adjacent waters of the Bering Sea extending, for

Federal Subsistence Management purposes, 3 miles from the shoreline of Nunivak Island as described in Executive Order No. 5059, dated April 15, 1929.

(5) Southeastern Alaska—Makhnati Island Area: Land and waters beginning at the southern point of Fruit Island, 5°02'35" north latitude, 135°21'07" west longitude as shown on United States Coast and Geodetic Survey Chart No. 8244, May 21, 1941; from the point of beginning, by metes and bounds; S. 58° W., 2500 feet, to the southern point of Nepovorotni Rocks; S. 83° W., 5600 feet, on a line passing through the southern point of a small island lying about 150 feet south of Makhnati Island; N. 6° W., 4200 feet, on a line passing through the western point of a small island lying about 150 feet west of Makhnati Island, to the northwestern point of Signal Island; N. 24° E., 3000 feet, to a point, 5°03'15" north latitude, 135°23'07" west longitude; East, 2900 feet, to a point in course No. 45 in meanders of U.S. Survey No. 1496, on west side of Japonski Island; Southeasterly, with the meanders of Japonski Island, U.S. Survey No. 1496 to angle point No. 35, on the southwestern point of Japonski Island; S. 60° E., 3300 feet, along the boundary line of Naval reservation described in Executive Order No. 8216, July 25, 1939, to the point beginning.

(c) The regulations contained in this part apply on all public lands, excluding marine waters, but including all inland waters, both navigable and non-navigable, within and adjacent to the exterior boundaries of the following areas:

- (1) Alaska Peninsula National Wildlife Refuge;
- (2) Aniakchak National Monument and Preserve;
- (3) Becharof National Wildlife Refuge;
- (4) Bering Land Bridge National Preserve;
- (5) Cape Krusenstern National Monument;
- (6) Chugach National Forest;
- (7) Denali National Preserve and the 1980 additions to Denali National Park;
- (8) Gates of the Arctic National Park and Preserve;
- (9) Glacier Bay National Preserve;
- (10) Innoko National Wildlife Refuge;

## U.S. Fish and Wildlife Serv., Interior

## § 100.4

- (11) Izembek National Wildlife Refuge;
- (12) Kanuti National Wildlife Refuge;
- (13) Katmai National Preserve;
- (14) Kenai National Wildlife Refuge;
- (15) Kobuk Valley National Park;
- (16) Kodiak National Wildlife Refuge;
- (17) Koyukuk National Wildlife Refuge;
- (18) Lake Clark National Park and Preserve;
- (19) Noatak National Preserve;

(d) The regulations contained in this part apply on all other public lands, other than to the military, U.S. Coast Guard, and Federal Aviation Administration lands that are closed to access by the general public, including all non-navigable waters located on these lands.

(e) The public lands described in paragraphs (b) and (c) of this section remain subject to change through rule-making pending a Department of the Interior review of title and jurisdictional issues regarding certain submerged lands beneath navigable waters in Alaska.

[70 FR 76407, Dec. 27, 2005, as amended by 71 FR 49999, Aug. 24, 2006]

### § 100.4 Definitions.

The following definitions apply to all regulations contained in this part:

*Agency* means a subunit of a cabinet-level Department of the Federal Government having land management authority over the public lands including, but not limited to, the U.S. Fish & Wildlife Service, Bureau of Indian Affairs, Bureau of Land Management, National Park Service, and USDA Forest Service.

*ANILCA* means the Alaska National Interest Lands Conservation Act, Public Law 96-487, 94 Stat. 2371, (codified, as amended, in scattered sections of 16 U.S.C. and 43 U.S.C.)

*Area, District, Subdistrict, and Section* mean one of the geographical areas defined in the codified Alaska Department of Fish and Game regulations found in Title 5 of the Alaska Administrative Code.

*Barter* means the exchange of fish or wildlife or their parts taken for subsistence uses; for other fish, wildlife or their parts; or, for other food or for nonedible items other than money, if the exchange is of a limited and non-commercial nature.

*Board* means the Federal Subsistence Board as described in § 100.10.

*Commissions* means the Subsistence Resource Commissions established pursuant to section 808 of ANILCA.

*Conservation of healthy populations of fish and wildlife* means the maintenance of fish and wildlife resources and their habitats in a condition that assures stable and continuing natural populations and species mix of plants and animals in relation to their ecosystem, including the recognition that local rural residents engaged in subsistence uses may be a natural part of that ecosystem; minimizes the likelihood of irreversible or long-term adverse effects upon such populations and species; ensures the maximum practicable diversity of options for the future; and recognizes that the policies and legal authorities of the managing agencies will determine the nature and degree of management programs affecting ecological relationships, population dynamics, and the manipulation of the components of the ecosystem.

*Customary trade* means exchange for cash of fish and wildlife resources regulated in this part, not otherwise prohibited by Federal law or regulation, to support personal and family needs; and

#### § 100.4

#### 50 CFR Ch. I (10–1–06 Edition)

does not include trade which constitutes a significant commercial enterprise.

*Customary and traditional use* means a long-established, consistent pattern of use, incorporating beliefs and customs which have been transmitted from generation to generation. This use plays an important role in the economy of the community.

*FACA* means the Federal Advisory Committee Act, Public Law 92-463, 86 Stat. 770 (codified as amended, at 5 U.S.C. Appendix II, 1-15).

*Family* means all persons related by blood, marriage, or adoption or any other person living within the household on a permanent basis.

*Federal Advisory Committees* or *Federal Advisory Committee* means the Federal Local Advisory Committees as described in § 100.12

*Federal lands* means lands and waters and interests therein the title to which is in the United States, including navigable and non-navigable waters in which the United States has reserved water rights.

*Fish and wildlife* means any member of the animal kingdom, including without limitation any mammal, fish, bird (including any migratory, nonmigratory, or endangered bird for which protection is also afforded by treaty or other international agreement), amphibian, reptile, mollusk, crustacean, arthropod, or other invertebrate, and includes any part, product, egg, or offspring thereof, or the carcass or part thereof.

*Game Management Unit* or *GMU* means one of the 26 geographical areas listed under game management units in the codified State of Alaska hunting and trapping regulations and the Game Unit Maps of Alaska.

*Inland Waters* means, for the purposes of this part, those waters located landward of the mean high tide line or the waters located upstream of the straight line drawn from headland to headland across the mouths of rivers or other waters as they flow into the sea. Inland waters include, but are not limited to, lakes, reservoirs, ponds, streams, and rivers.

*Marine Waters* means, for the purposes of this part, those waters located seaward of the mean high tide line or

the waters located seaward of the straight line drawn from headland to headland across the mouths of rivers or other waters as they flow into the sea.

*Person* means an individual and does not include a corporation, company, partnership, firm, association, organization, business, trust, or society.

*Public lands* or *public land* means:

(1) Lands situated in Alaska which are Federal lands, except—

(i) Land selections of the State of Alaska which have been tentatively approved or validly selected under the Alaska Statehood Act and lands which have been confirmed to, validly selected by, or granted to the Territory of Alaska or the State under any other provision of Federal law;

(ii) Land selections of a Native Corporation made under the Alaska Native Claims Settlement Act, 43 U.S.C. 1601 *et seq.*, which have not been conveyed to a Native Corporation, unless any such selection is determined to be invalid or is relinquished; and

(iii) Lands referred to in section 19(b) of the Alaska Native Claims Settlement Act, 43 U.S.C. 1618(b).

(2) Notwithstanding the exceptions in paragraphs (1)(i) through (iii) of this definition, until conveyed or interim conveyed, all Federal lands within the boundaries of any unit of the National Park System, National Wildlife Refuge System, National Wild and Scenic Rivers Systems, National Forest Monument, National Recreation Area, National Conservation Area, new National forest or forest addition shall be treated as public lands for the purposes of the regulations in this part pursuant to section 906(o)(2) of ANILCA.

*Regional Councils* or *Regional Council* means the Regional Advisory Councils as described in § 100.11.

*Reserved water right(s)* means the Federal right to use unappropriated appurtenant water necessary to accomplish the purposes for which a Federal reservation was established. Reserved water rights include nonconsumptive and consumptive uses.

*Resident* means any person who has his or her primary, permanent home

for the previous 12 months within Alaska and whenever absent from this primary, permanent home, has the intention of returning to it. Factors demonstrating the location of a person's primary, permanent home may include, but are not limited to: the address listed on an Alaska Permanent Fund dividend application; an Alaska license to drive, hunt, fish, or engage in an activity regulated by a government entity; affidavit of person or persons who know the individual; voter registration; location of residences owned, rented, or leased; location of stored household goods; residence of spouse, minor children, or dependents; tax documents; or whether the person claims residence in another location for any purpose.

*Rural* means any community or area of Alaska determined by the Board to qualify as such under the process described in §100.15.

*Secretary* means the Secretary of the Interior, except that in reference to matters related to any unit of the National Forest System, such term means the Secretary of Agriculture.

*State* means the State of Alaska.

*Subsistence uses* means the customary and traditional uses by rural Alaska residents of wild, renewable resources for direct personal or family consumption as food, shelter, fuel, clothing, tools, or transportation; for the making and selling of handicraft articles out of nonedible byproducts of fish and wildlife resources taken for personal or family consumption; for barter, or sharing for personal or family consumption; and for customary trade.

*Take* or *taking* as used with respect to fish or wildlife, means to pursue, hunt, shoot, trap, net, capture, collect, kill, harm, or attempt to engage in any such conduct.

*Year* means calendar year unless another year is specified.

[69 FR 60962, Oct. 14, 2004]

#### § 100.5 Eligibility for subsistence use.

(a) You may take fish and wildlife on public lands for subsistence uses only if you are an Alaska resident of a rural area or rural community. The regulations in this part may further limit your qualifications to harvest fish or wildlife resources for subsistence uses.

If you are not an Alaska resident or are a resident of a non-rural area or community listed in §100.23, you may not take fish or wildlife on public lands for subsistence uses under the regulations in this part.

(b) Where the Board has made a customary and traditional use determination regarding subsistence use of a specific fish stock or wildlife population, in accordance with, and as listed in, §100.24, only those Alaskans who are residents of rural areas or communities designated by the Board are eligible for subsistence taking of that population or stock on public lands for subsistence uses under the regulations in this part. If you do not live in one of those areas or communities, you may not take fish or wildlife from that population or stock, on public lands under the regulations in this part.

(c) Where customary and traditional use determinations for a fish stock or wildlife population within a specific area have not yet been made by the Board (e.g., "no determination"), all Alaskans who are residents of rural areas or communities may harvest for subsistence from that stock or population under the regulations in this part.

(d) The National Park Service may regulate further the eligibility of those individuals qualified to engage in subsistence uses on National Park Service lands in accordance with specific authority in ANILCA, and National Park Service regulations at 36 CFR Part 13.

#### § 100.6 Licenses, permits, harvest tickets, tags, and reports.

(a) If you wish to take fish and wildlife on public lands for subsistence uses, you must be an eligible rural Alaska resident and:

(1) Possess the pertinent valid Alaska resident hunting and trapping licenses (no license required to take fish or shellfish, but you must be an Alaska resident) unless Federal licenses are required or unless otherwise provided for in subpart D of this part;

(2) Possess and comply with the provisions of any pertinent Federal permits (Federal Subsistence Registration Permit or Federal Designated Harvester Permit) required by subpart D of this part; and

## § 100.7

(3) Possess and comply with the provisions of any pertinent permits, harvest tickets, or tags required by the State unless any of these documents or individual provisions in them are superseded by the requirements in subpart D of this part.

(b) In order to receive a Federal Subsistence Registration Permit or Federal Designated Harvester Permit or designate someone to harvest fish or wildlife for you under a Federal Designated Harvester Permit, you must be old enough to reasonably harvest that species yourself (or under the guidance of an adult).

(c) If you have been awarded a permit to take fish and wildlife, you must have that permit in your possession during the taking and must comply with all requirements of the permit and the regulations in this section pertaining to validation and reporting and to regulations in subpart D of this part pertaining to methods and means, possession and transportation, and utilization. Upon the request of a State or Federal law enforcement agent, you must also produce any licenses, permits, harvest tickets, tags, or other documents required by this section. If you are engaged in taking fish and wildlife under the regulations in this part, you must allow State or Federal law enforcement agents to inspect any apparatus designed to be used, or capable of being used to take fish or wildlife, or any fish or wildlife in your possession.

(d) You must validate the harvest tickets, tags, permits, or other required documents before removing your kill from the harvest site. You must also comply with all reporting provisions as set forth in subpart D of this part.

(e) If you take fish and wildlife under a community harvest system, you must report the harvest activity in accordance with regulations specified for that community in subpart D of this part, and as required by any applicable permit conditions. Individuals may be responsible for particular reporting requirements in the conditions permitting a specific community's harvest. Failure to comply with these conditions is a violation of the regulations in this part. Community harvests are

## 50 CFR Ch. I (10-1-06 Edition)

reviewed annually under the regulations in subpart D of this part.

(f) You may not make a fraudulent application for Federal or State licenses, permits, harvest tickets or tags or intentionally file an incorrect harvest report.

### § 100.7 Restriction on use.

(a) You may not use fish or wildlife or their parts, taken pursuant to the regulations in this part, unless provided for in this part.

(b) You may not exchange in customary trade or sell fish or wildlife or their parts, taken pursuant to the regulations in this part, unless provided for in this part.

(c) You may barter fish or wildlife or their parts, taken pursuant to the regulations in this part, unless restricted in §§ 100.25, 100.26, 100.27, or 100.28.

### § 100.8 Penalties.

If you are convicted of violating any provision of 50 CFR Part 100 or 36 CFR Part 242, you may be punished by a fine or by imprisonment in accordance with the penalty provisions applicable to the public land where the violation occurred.

### § 100.9 Information collection requirements.

(a) The rules in this part contain information collection requirements subject to Office of Management and Budget (OMB) approval under 44 U.S.C. 3501-3520. They apply to fish and wildlife harvest activities on public lands in Alaska. Subsistence users will not be required to respond to an information collection request unless a valid OMB number is displayed on the information collection form.

(1) Section 100.6, Licenses, permits, harvest tickets, tags, and reports. The information collection requirements contained in § 100.6 (Federal Subsistence Registration Permit or Federal Designated Harvester Permit forms) provide for permit-specific subsistence activities not authorized through the general adoption of State regulations. Identity and location of residence are required to determine if you are eligible for a permit and a report of success

is required after a harvest attempt. These requirements are not duplicative with the requirements of paragraph (a)(3) of this section. The regulations in §100.6 require this information before a rural Alaska resident may engage in subsistence uses on public lands. The Department estimates that the average time necessary to obtain and comply with this permit information collection requirement is 0.25 hours.

(2) Section 100.20, Request for reconsideration. The information collection requirements contained in §100.20 provide a standardized process to allow individuals the opportunity to appeal decisions of the Board. Submission of a request for reconsideration is voluntary but required to receive a final review by the Board. We estimate that a request for reconsideration will take 4 hours to prepare and submit.

(3) The remaining information collection requirements contained in this part imposed upon subsistence users are those adopted from State regulations. These collection requirements would exist in the absence of Federal subsistence regulations and are not subject to the Paperwork Reduction Act. The burden in this situation is negligible, and information gained from these reports is systematically available to Federal managers by routine computer access requiring less than 1 hour.

(b) You may direct comments on the burden estimate or any other aspect of the burden estimate to: Information Collection Officer, U.S. Fish and Wildlife Service, 1849 C Street, N.W., MS 222 ARLSQ, Washington, D.C. 20240; and the Office of Management and Budget, Paperwork Reduction Project (Subsistence), Washington, D.C. 20503. Additional information requirements may be imposed if Local Advisory Committees or additional Regional Councils, subject to the Federal Advisory Committee Act (FACA), are established under subpart B of this part. Such requirements will be submitted to OMB for approval prior to their implementation.

### Subpart B—Program Structure

SOURCE: 67 FR 30563, May 7, 2002, unless otherwise noted.

### § 100.10 Federal Subsistence Board.

(a) The Secretary of the Interior and Secretary of Agriculture hereby establish a Federal Subsistence Board, and assign it responsibility for administering the subsistence taking and uses of fish and wildlife on public lands, and the related promulgation and signature authority for regulations of subparts C and D of this part. The Secretaries, however, retain their existing authority to restrict or eliminate hunting, fishing, or trapping activities which occur on lands or waters in Alaska other than public lands when such activities interfere with subsistence hunting, fishing, or trapping on the public lands to such an extent as to result in a failure to provide the subsistence priority.

(b) *Membership.* (1) The voting members of the Board are: a Chair to be appointed by the Secretary of the Interior with the concurrence of the Secretary of Agriculture; the Alaska Regional Director, U.S. Fish and Wildlife Service; Alaska Regional Director, National Park Service; Alaska Regional Forester, USDA Forest Service; the Alaska State Director, Bureau of Land Management; and the Alaska Regional Director, Bureau of Indian Affairs. Each member of the Board may appoint a designee.

(2) [Reserved]

(c) *Liaisons to the Board* are: a State liaison, and the Chairman of each Regional Council. The State liaison and the Chairman of each Regional Council may attend public sessions of all Board meetings and be actively involved as consultants to the Board.

(d) *Powers and duties.* (1) The Board shall meet at least twice per year and at such other times as deemed necessary. Meetings shall occur at the call of the Chair, but any member may request a meeting.

(2) A quorum consists of four members.

(3) No action may be taken unless a majority of voting members are in agreement.

(4) The Board is empowered, to the extent necessary, to implement Title VIII of ANILCA, to:

(i) Issue regulations for the management of subsistence taking and uses of fish and wildlife on public lands;

(ii) Determine which communities or areas of the State are rural or non-rural;

(iii) Determine which rural Alaska areas or communities have customary and traditional subsistence uses of specific fish and wildlife populations;

(iv) Allocate subsistence uses of fish and wildlife populations on public lands;

(v) Ensure that the taking on public lands of fish and wildlife for nonwasteful subsistence uses shall be accorded priority over the taking on such lands of fish and wildlife for other purposes;

(vi) Close public lands to the non-subsistence taking of fish and wildlife;

(vii) Establish priorities for the subsistence taking of fish and wildlife on public lands among rural Alaska residents;

(viii) Restrict or eliminate taking of fish and wildlife on public lands;

(ix) Determine what types and forms of trade of fish and wildlife taken for subsistence uses constitute allowable customary trade;

(x) Authorize the Regional Councils to convene;

(xi) Establish a Regional Council in each subsistence resource region and recommend to the Secretaries, appointees to the Regional Councils, pursuant to the FACA;

(xii) Establish Federal Advisory Committees within the subsistence resource regions, if necessary, and recommend to the Secretaries that members of the Federal Advisory Committees be appointed from the group of individuals nominated by rural Alaska residents;

(xiii) Establish rules and procedures for the operation of the Board, and the Regional Councils;

(xiv) Review and respond to proposals for regulations, management plans, policies, and other matters related to subsistence taking and uses of fish and wildlife;

(xv) Enter into cooperative agreements or otherwise cooperate with Federal agencies, the State, Native organizations, local governmental entities, and other persons and organizations, including international entities to effectuate the purposes and policies of the Federal subsistence management program;

(xvi) Develop alternative permitting processes relating to the subsistence taking of fish and wildlife to ensure continued opportunities for subsistence;

(xvii) Evaluate whether hunting, fishing, or trapping activities which occur on lands or waters in Alaska other than public lands interfere with subsistence hunting, fishing, or trapping on the public lands to such an extent as to result in a failure to provide the subsistence priority, and after appropriate consultation with the State of Alaska, the Regional Councils, and other Federal agencies, make a recommendation to the Secretaries for their action;

(xviii) Identify, in appropriate specific instances, whether there exists additional Federal reservations, Federal reserved water rights or other Federal interests in lands or waters, including those in which the United States holds less than a fee ownership, to which the Federal subsistence priority attaches, and make appropriate recommendation to the Secretaries for inclusion of those interests within the Federal Subsistence Management Program; and

(xix) Take other actions authorized by the Secretaries to implement Title VIII of ANILCA.

(5) The Board may implement one or more of the following harvest and harvest reporting or permit systems:

(i) The fish and wildlife is taken by an individual who is required to obtain and possess pertinent State harvest permits, tickets, or tags, or Federal permit (Federal Subsistence Registration Permit);

(ii) A qualified subsistence user may designate another qualified subsistence user (by using the Federal Designated Harvester Permit) to take fish and wildlife on his or her behalf;

(iii) The fish and wildlife is taken by individuals or community representatives permitted (via a Federal Subsistence Registration Permit) a one-time or annual harvest for special purposes including ceremonies and potlatches; or

(iv) The fish and wildlife is taken by representatives of a community permitted to do so in a manner consistent

## U.S. Fish and Wildlife Serv., Interior

## § 100.11

with the community's customary and traditional practices.

(6) The Board may delegate to agency field officials the authority to set harvest and possession limits, define harvest areas, specify methods or means of harvest, specify permit requirements, and open or close specific fish or wildlife harvest seasons within frameworks established by the Board.

(7) The Board shall establish a Staff Committee for analytical and administrative assistance composed of members from the U.S. Fish and Wildlife Service, National Park Service, U.S. Bureau of Land Management, Bureau of Indian Affairs, and USDA Forest Service. A U.S. Fish and Wildlife Service representative shall serve as Chair of the Staff Committee.

(8) The Board may establish and dissolve additional committees as necessary for assistance.

(9) The U.S. Fish and Wildlife Service shall provide appropriate administrative support for the Board.

(10) The Board shall authorize at least two meetings per year for each Regional Council.

### (e) *Relationship to Regional Councils.*

(1) The Board shall consider the reports and recommendations of the Regional Councils concerning the taking of fish and wildlife on public lands within their respective regions for subsistence uses. The Board may choose not to follow any Regional Council recommendation which it determines is not supported by substantial evidence, violates recognized principles of fish and wildlife conservation, would be detrimental to the satisfaction of subsistence needs, or in closure situations, for reasons of public safety or administration or to assure the continued viability of a particular fish or wildlife population. If a recommendation is not adopted, the Board shall set forth the factual basis and the reasons for the decision, in writing, in a timely fashion.

(2) The Board shall provide available and appropriate technical assistance to the Regional Councils.

### § 100.11 Regional advisory councils.

(a) The Board shall establish a Regional Council for each subsistence resource region to participate in the Fed-

eral subsistence management program. The Regional Councils shall be established, and conduct their activities, in accordance with the FACA. The Regional Councils shall provide a regional forum for the collection and expression of opinions and recommendations on matters related to subsistence taking and uses of fish and wildlife resources on public lands. The Regional Councils shall provide for public participation in the Federal regulatory process.

(b) *Establishment of Regional Councils; membership.* (1) The Secretaries, based on Board recommendation, will establish the number of members for each Regional Council. To ensure that each Council represents a diversity of interests, the Board will strive to ensure that 70 percent of the members represent subsistence interests within a region and 30 percent of the members represent commercial and sport interests within a region. The portion of membership that represents the commercial and sport interests shall include, where possible, at least one representative from the sport community and one representative from the commercial community. A Regional Council member must be a resident of the region in which he or she is appointed and must be knowledgeable about the region and subsistence uses of the public lands therein. The Board will accept nominations and make recommendations to the Secretaries for membership on the Regional Councils. In making their recommendations, the Board will identify the interest(s) the applicants propose to represent on the respective Regional Councils. The Secretary of the Interior with the concurrence of the Secretary of Agriculture will make the appointments to the Regional Councils.

(2) Regional Council members shall serve 3-year terms and may be reappointed. Initial members shall be appointed with staggered terms up to 3 years.

(3) The Chair of each Regional Council shall be elected by the applicable Regional Council, from its membership, for a 1-year term and may be reelected.

(c) *Powers and Duties.* (1) The Regional Councils are authorized to:

**§ 100.12**

(i) Hold public meetings related to subsistence uses of fish and wildlife within their respective regions, after the Chair of the Board or the designated Federal Coordinator has called the meeting and approved the meeting agenda;

(ii) Elect officers;

(iii) Review, evaluate, and make recommendations to the Board on proposals for regulations, policies, management plans, and other matters relating to the subsistence take of fish and wildlife under the regulations in this part within the region;

(iv) Provide a forum for the expression of opinions and recommendations by persons interested in any matter related to the subsistence uses of fish and wildlife within the region;

(v) Encourage local and regional participation, pursuant to the provisions of the regulations in this part in the decisionmaking process affecting the taking of fish and wildlife on the public lands within the region for subsistence uses;

(vi) Prepare and submit to the Board an annual report containing—

(A) An identification of current and anticipated subsistence uses of fish and wildlife populations within the region;

(B) An evaluation of current and anticipated subsistence needs for fish and wildlife populations from the public lands within the region;

(C) A recommended strategy for the management of fish and wildlife populations within the region to accommodate such subsistence uses and needs related to the public lands; and

(D) Recommendations concerning policies, standards, guidelines, and regulations to implement the strategy;

(vii) Appoint members to each Subsistence Resource Commission within their region in accordance with the requirements of Section 808 of ANILCA;

(viii) Make recommendations on determinations of customary and traditional use of subsistence resources;

(ix) Make recommendations on determinations of rural status;

(x) Make recommendations regarding the allocation of subsistence uses among rural Alaska residents pursuant to §100.17;

(xi) Develop proposals pertaining to the subsistence taking and use of fish

**50 CFR Ch. I (10–1–06 Edition)**

and wildlife under the regulations in this part, and review and evaluate such proposals submitted by other sources;

(xii) Provide recommendations on the establishment and membership of Federal Advisory Committees.

(2) The Regional Councils shall:

(i) Operate in conformance with the provisions of FACA and comply with rules of operation established by the Board;

(ii) Perform other duties specified by the Board.

(3) The Regional Council recommendations to the Board should be supported by substantial evidence, be consistent with recognized principles of fish and wildlife conservation, and not be detrimental to the satisfaction of subsistence needs.

[67 FR 30563, May 7, 2002, as amended at 68 FR 7704, Feb. 18, 2003; 69 FR 60962, Oct. 14, 2004]

**§ 100.12 Local advisory committees.**

(a) The Board shall establish such local Federal Advisory Committees within each region as necessary at such time that it is determined, after notice and hearing and consultation with the State, that the existing State fish and game advisory committees do not adequately provide advice to, and assist, the particular Regional Council in carrying out its function as set forth in §100.11.

(b) Local Federal Advisory Committees, if established by the Board, shall operate in conformance with the provisions of the FACA, and comply with rules of operation established by the Board.

**§ 100.13 Board/agency relationships.**

(a) *General.* (1) The Board, in making decisions or recommendations, shall consider and ensure compliance with specific statutory requirements regarding the management of resources on public lands, recognizing that the management policies applicable to some public lands may entail methods of resource and habitat management and protection different from methods appropriate for other public lands.

(2) The Board shall issue regulations for subsistence taking of fish and wildlife on public lands. The Board is the final administrative authority on the

## U.S. Fish and Wildlife Serv., Interior

## § 100.15

promulgation of subparts C and D regulations relating to the subsistence taking of fish and wildlife on public lands.

(3) Nothing in the regulations in this part shall enlarge or diminish the authority of any agency to issue regulations necessary for the proper management of public lands under their jurisdiction in accordance with ANILCA and other existing laws.

(b) Section 808 of ANILCA establishes National Park and Park Monument Subsistence Resource Commissions. Nothing in the regulations in this part affects the duties or authorities of these commissions.

### § 100.14 Relationship to State procedures and regulations.

(a) State fish and game regulations apply to public lands and such laws are hereby adopted and made a part of the regulations in this part to the extent they are not inconsistent with, or superseded by, the regulations in this part.

(b) The Board may close public lands to hunting, trapping, or fishing, or take actions to restrict the taking of fish and wildlife when necessary to conserve healthy populations of fish and wildlife, continue subsistence uses of such populations, or pursuant to other applicable Federal law. The Board may review and adopt State openings, closures, or restrictions which serve to achieve the objectives of the regulations in this part.

(c) The Board may enter into agreements with the State in order to coordinate respective management responsibilities.

(d) Petition for repeal of subsistence rules and regulations. (1) The State of Alaska may petition the Secretaries for repeal of the subsistence rules and regulations in this part when the State has enacted and implemented subsistence management and use laws which:

(i) Are consistent with sections 803, 804, and 805 of ANILCA; and

(ii) Provide for the subsistence definition, preference, and participation specified in sections 803, 804, and 805 of ANILCA.

(2) The State's petition shall:

(i) Be submitted to the Secretary of the Interior, U.S. Department of the Interior, Washington, D.C. 20240, and

the Secretary of Agriculture, U.S. Department of Agriculture, Washington, D.C. 20240;

(ii) Include the entire text of applicable State legislation indicating compliance with sections 803, 804, and 805 of ANILCA; and

(iii) Set forth all data and arguments available to the State in support of legislative compliance with sections 803, 804, and 805 of ANILCA.

(3) If the Secretaries find that the State's petition contains adequate justification, a rulemaking proceeding for repeal of the regulations in this part will be initiated. If the Secretaries find that the State's petition does not contain adequate justification, the petition will be denied by letter or other notice, with a statement of the ground for denial.

### § 100.15 Rural determination process.

(a) The Board shall determine if an area or community in Alaska is rural. In determining whether a specific area of Alaska is rural, the Board shall use the following guidelines:

(1) A community or area with a population of 2,500 or less shall be deemed to be rural unless such a community or area possesses significant characteristics of a non-rural nature, or is considered to be socially and economically a part of an urbanized area.

(2) Communities or areas with populations above 2,500 but not more than 7,000 will be determined to be rural or non-rural.

(3) A community with a population of more than 7,000 shall be presumed non-rural, unless such a community or area possesses significant characteristics of a rural nature.

(4) Population data from the most recent census conducted by the United States Bureau of Census as updated by the Alaska Department of Labor shall be utilized in this process.

(5) Community or area characteristics shall be considered in evaluating a community's rural or non-rural status. The characteristics may include, but are not limited to:

- (i) Use of fish and wildlife;
- (ii) Development and diversity of the economy;
- (iii) Community infrastructure;
- (iv) Transportation; and

**§ 100.16**

(v) Educational institutions.

(6) Communities or areas which are economically, socially, and communally integrated shall be considered in the aggregate.

(b) The Board shall periodically review rural determinations. Rural determinations shall be reviewed on a 10-year cycle, commencing with the publication of the year 2000 U.S. census. Rural determinations may be reviewed out-of-cycle in special circumstances. Once the Board makes a determination that a community has changed from rural to non-rural, a waiting period of 5 years shall be required before the non-rural determination becomes effective.

(c) Current determinations are listed at § 100.23.

**§ 100.16 Customary and traditional use determination process.**

(a) The Board shall determine which fish stocks and wildlife populations have been customarily and traditionally used for subsistence. These determinations shall identify the specific community's or area's use of specific fish stocks and wildlife populations. For areas managed by the National Park Service, where subsistence uses are allowed, the determinations may be made on an individual basis.

(b) A community or area shall generally exhibit the following factors, which exemplify customary and traditional use. The Board shall make customary and traditional use determinations based on application of the following factors:

(1) A long-term consistent pattern of use, excluding interruptions beyond the control of the community or area;

(2) A pattern of use recurring in specific seasons for many years;

(3) A pattern of use consisting of methods and means of harvest which are characterized by efficiency and economy of effort and cost, conditioned by local characteristics;

(4) The consistent harvest and use of fish or wildlife as related to past methods and means of taking; near, or reasonably accessible from, the community or area;

(5) A means of handling, preparing, preserving, and storing fish or wildlife which has been traditionally used by

**50 CFR Ch. I (10-1-06 Edition)**

past generations, including consideration of alteration of past practices due to recent technological advances, where appropriate;

(6) A pattern of use which includes the handing down of knowledge of fishing and hunting skills, values, and lore from generation to generation;

(7) A pattern of use in which the harvest is shared or distributed within a definable community of persons; and

(8) A pattern of use which relates to reliance upon a wide diversity of fish and wildlife resources of the area and which provides substantial cultural, economic, social, and nutritional elements to the community or area.

(c) The Board shall take into consideration the reports and recommendations of any appropriate Regional Council regarding customary and traditional uses of subsistence resources.

(d) Current determinations are listed in § 100.24.

**§ 100.17 Determining priorities for subsistence uses among rural Alaska residents.**

(a) Whenever it is necessary to restrict the subsistence taking of fish and wildlife on public lands in order to protect the continued viability of such populations, or to continue subsistence uses, the Board shall establish a priority among the rural Alaska residents after considering any recommendation submitted by an appropriate Regional Council.

(b) The priority shall be implemented through appropriate limitations based on the application of the following criteria to each area, community, or individual determined to have customary and traditional use, as necessary:

(1) Customary and direct dependence upon the populations as the mainstay of livelihood;

(2) Local residency; and

(3) The availability of alternative resources.

(c) If allocation on an area or community basis is not achievable, then the Board shall allocate subsistence opportunity on an individual basis through application of the criteria in paragraphs (b)(1) through (3) of this section.

## U.S. Fish and Wildlife Serv., Interior

## § 100.19

(d) In addressing a situation where prioritized allocation becomes necessary, the Board shall solicit recommendations from the Regional Council in the area affected.

### § 100.18 Regulation adoption process.

(a) Proposals for changes to the Federal subsistence regulations in subparts C or D of this part shall be accepted by the Board according to a published schedule. The Board may establish a rotating schedule for accepting proposals on various sections of subpart C or subpart D regulations over a period of years. The Board shall develop and publish proposed regulations in the FEDERAL REGISTER and publish notice in local newspapers. Comments on the proposed regulations in the form of proposals shall be distributed for public review.

(1) Proposals shall be made available for at least a thirty (30) day review by the Regional Councils. Regional Councils shall forward their recommendations on proposals to the Board. Such proposals with recommendations may be submitted in the time period as specified by the Board or as a part of the Regional Council's annual report described in §100.11, whichever is earlier.

(2) The Board shall publish notice throughout Alaska of the availability of proposals received.

(3) The public shall have at least thirty (30) days to review and comment on proposals.

(4) After the comment period the Board shall meet to receive public testimony and consider the proposals. The Board shall consider traditional use patterns when establishing harvest levels and seasons, and methods and means. The Board may choose not to follow any recommendation which the Board determines is not supported by substantial evidence, violates recognized principles of fish and wildlife conservation, or would be detrimental to the satisfaction of subsistence needs. If a recommendation approved by a Regional Council is not adopted by the Board, the Board shall set forth the factual basis and the reasons for its decision in writing to the Regional Council.

(5) Following consideration of the proposals the Board shall publish final regulations pertaining to subparts C and D of this part in the FEDERAL REGISTER.

(b) Proposals for changes to subparts A and B of this part shall be accepted by the Secretary of the Interior in accordance with 43 CFR part 14.

### § 100.19 Special actions.

(a) The Board may restrict, close, or reopen the taking of fish and wildlife for non-subsistence uses on public lands when necessary to assure the continued viability of a particular fish or wildlife population, to continue subsistence uses of a fish or wildlife population, or for reasons of public safety or administration.

(b) The Board may open, close, or restrict subsistence uses of a particular fish or wildlife population on public lands to assure the continued viability of a fish or wildlife population, to continue subsistence uses of a fish or wildlife population, or for reasons of public safety or administration.

(c) The Board will accept a request for a change in seasons, methods and means, harvest limits and/or restrictions on harvest under this §100.19 only if there are extenuating circumstances necessitating a regulatory change before the next annual subpart D proposal cycle. Extenuating circumstances include unusual and significant changes in resource abundance or unusual conditions affecting harvest opportunities that could not reasonably have been anticipated and that potentially could have significant adverse effects on the health of fish and wildlife populations or subsistence uses. Requests for Special Action that do not meet these conditions will be rejected; however, a rejected Special Action request will be deferred, if appropriate, to the next annual regulatory proposal cycle for consideration, after coordination with the submitter. In general, changes to Customary and Traditional Use Determinations will only be considered through the annual subpart C proposal cycle.

(d) In an emergency situation, the Board may immediately open, close, liberalize, or restrict subsistence uses of fish and wildlife on public lands, or

**§ 100.20**

**50 CFR Ch. I (10-1-06 Edition)**

close or restrict non-subsistence uses of fish and wildlife on public lands, if necessary to assure the continued viability of a fish or wildlife population, to continue subsistence uses of fish or wildlife, or for public safety reasons. Prior to implementing an emergency action, the Board shall consult with the State. The emergency action shall be effective when directed by the Board, may not exceed 60 days, and may not be extended unless it is determined by the Board, after notice and public hearing, that such action should be extended. The Board shall, in a timely manner, provide notice via radio announcement or personal contact of the emergency action and shall publish notice and reasons justifying the emergency action in newspapers of any area affected, and in the FEDERAL REGISTER thereafter.

(e) After consultation with the State, the appropriate Regional Advisory Council(s), and adequate notice and public hearing, the Board may make or direct a temporary change to close, open, or adjust the seasons, to modify the harvest limits, or to modify the methods and means of harvest for subsistence uses of fish and wildlife populations on public lands. An affected rural resident, community, Regional Council, or administrative agency may request a temporary change in seasons, harvest limits, or methods or means of harvest. In addition, a temporary change may be made only after the Board determines that the proposed temporary change will not interfere with the conservation of healthy fish and wildlife populations, will not be detrimental to the long-term subsistence use of fish or wildlife resources, and is not an unnecessary restriction on non-subsistence users. The decision of the Board shall be the final administrative action. The temporary change shall be effective when directed by the Board following notice in the affected area(s). This notice may include publication in newspapers or announcement on local radio stations. The Board shall publish notice and reasons justifying the temporary action in the FEDERAL REGISTER thereafter. The length of any temporary change shall be confined to the minimum time period or harvest limit determined by the Board to be

necessary to satisfy subsistence uses. A temporary opening or closure will not extend beyond the regulatory year for which it is promulgated.

(f) Regulations authorizing any individual agency to direct temporary or emergency closures on public lands managed by the agency remain unaffected by the regulations in this part, which authorize the Board to make or direct restrictions, closures, or temporary changes for subsistence uses on public lands.

(g) You may not take fish and wildlife in violation of a restriction, closure, opening, or temporary change authorized by the Board.

**§ 100.20 Request for reconsideration.**

(a) Regulations in subparts C and D of this part published in the FEDERAL REGISTER are subject to requests for reconsideration.

(b) Any aggrieved person may file a request for reconsideration with the Board.

(c) To file a request for reconsideration, you must notify the Board in writing within sixty (60) days of the effective date or date of publication of the notice, whichever is earlier, for which reconsideration is requested.

(d) It is your responsibility to provide the Board with sufficient narrative evidence and argument to show why the action by the Board should be reconsidered. The Board will accept a request for reconsideration only if it is based upon information not previously considered by the Board, demonstrates that the existing information used by the Board is incorrect, or demonstrates that the Board's interpretation of information, applicable law, or regulation is in error or contrary to existing law. You must include the following information in your request for reconsideration:

- (1) Your name, and mailing address;
- (2) The action which you request be reconsidered and the date of FEDERAL REGISTER publication of that action;
- (3) A detailed statement of how you are adversely affected by the action;
- (4) A detailed statement of the facts of the dispute, the issues raised by the request, and specific references to any

## U.S. Fish and Wildlife Serv., Interior

## § 100.24

law, regulation, or policy that you believe to be violated and your reason for such allegation;

(5) A statement of how you would like the action changed.

(e) Upon receipt of a request for reconsideration, the Board shall transmit a copy of such request to any appropriate Regional Council and the Alaska Department of Fish and Game (ADFG) for review and recommendation. The Board shall consider any Regional Council and ADFG recommendations in making a final decision.

(f) If the request is justified, the Board shall implement a final decision on a request for reconsideration after compliance with 5 U.S.C. 551-559 (APA).

(g) If the request is denied, the decision of the Board represents the final administrative action.

### § 100.24 Customary and traditional use determinations.

(a) The Federal Subsistence Board has determined that rural Alaska residents of the listed communities, areas, and individuals have customary and traditional use of the specified species on Federal public land in the specified areas. Persons granted individual customary and traditional use determinations will be notified in writing by the Board. The Fish & Wildlife Service and the local NPS Superintendent will maintain the list of individuals having customary and traditional use on National Parks and Monuments. A copy of the list is available upon request. When there is a determination for specific communities or areas of residence in a Unit, all other communities not listed for that species in that Unit have no Federal subsistence priority for that species in that Unit. If no determination has been made for a species in a Unit, all rural Alaska residents are eligible to harvest fish or wildlife under this part.

(1) *Wildlife determinations.* The rural Alaska residents of the listed communities and areas have a customary and traditional use of the specified species on Federal public lands within the listed areas:

### Subpart D—Subsistence Taking of Fish and Wildlife

#### § 100.25 Subsistence taking of fish, wildlife, and shellfish: general regulations.

(a) *Definitions.* The following definitions shall apply to all regulations contained in this part:

*Abalone iron* means a flat device which is used for taking abalone and which is more than 1 inch (24 mm) in width and less than 24 inches (610 mm) in length, with all prying edges rounded and smooth.

*ADF&G* means the Alaska Department of Fish and Game.

*Airborne* means transported by aircraft.

*Aircraft* means any kind of airplane, glider, or other device used to transport people or equipment through the air, excluding helicopters.

*Airport* means an airport listed in the Federal Aviation Administration's Alaska Airman's Guide and chart supplement.

*Anchor* means a device used to hold a fishing vessel or net in a fixed position relative to the beach; this includes using part of the seine or lead, a ship's anchor, or being secured to another vessel or net that is anchored.

*Animal* means those species with a vertebral column (backbone).

*Antler* means one or more solid, horn-like appendages protruding from the head of a caribou, deer, elk, or moose.

*Antlered* means any caribou, deer, elk, or moose having at least one visible antler.

*Antlerless* means any caribou, deer, elk, or moose not having visible antlers attached to the skull.

*Bait* means any material excluding a scent lure that is placed to attract an animal by its sense of smell or taste; however, those parts of legally taken animals that are not required to be salvaged and which are left at the kill site are not considered bait.

*Beach seine* means a floating net which is designed to surround fish and is set from and hauled to the beach.

*Bear* means black bear, or brown or grizzly bear.

*Big game* means black bear, brown bear, bison, caribou, Sitka black-tailed

deer, elk, mountain goat, moose, musk-ox, Dall sheep, wolf, and wolverine.

*Bow* means a longbow, recurve bow, or compound bow, excluding a crossbow or any bow equipped with a mechanical device that holds arrows at full draw.

*Broadhead* means an arrowhead that is not barbed and has two or more steel cutting edges having a minimum cutting diameter of not less than seven-eighths of an inch.

*Brow tine* means a tine on the front portion of a moose antler, typically projecting forward from the base of the antler toward the nose.

*Buck* means any male deer.

*Bull* means any male moose, caribou, elk, or musk-oxen.

*Calf* means a moose, caribou, elk, musk-ox, or bison less than 12 months old.

*Cast net* means a circular net with a mesh size of no more than 12 inches and weights attached to the perimeter, which, when thrown, surrounds the fish and closes at the bottom when retrieved.

*Char* means the following species: Arctic char (*Salvelinus alpinus*), lake trout (*Salvelinus namaycush*), brook trout (*Salvelinus fontinalis*), and Dolly Varden (*Salvelinus malma*).

*Closed season* means the time when fish, wildlife, or shellfish may not be taken.

*Crab* means the following species: red king crab (*Paralithodes camshatica*), blue king crab (*Paralithodes platypus*), brown king crab (*Lithodes aequispina*), scarlet king crab *Lithodes couesi*, all species of tanner or snow crab (*Chionoecetes* spp.), and Dungeness crab (*Cancer magister*).

*Cub bear* means a brown or grizzly bear in its first or second year of life, or a black bear (including cinnamon and blue phases) in its first year of life.

*Depth of net* means the perpendicular distance between cork line and lead line expressed as either linear units of measure or as a number of meshes, including all of the web of which the net is composed.

*Designated hunter or fisherman* means a Federally qualified hunter or fisherman who may take all or a portion of another Federally qualified hunter's or fisherman's harvest limit(s) only under situations approved by the Board.

*Dip net* means a bag-shaped net supported on all sides by a rigid frame; the maximum straight-line distance between any two points on the net frame, as measured through the net opening, may not exceed 5 feet; the depth of the bag must be at least one-half of the greatest straight-line distance, as measured through the net opening; no portion of the bag may be constructed of webbing that exceeds a stretched measurement of 4.5 inches; the frame must be attached to a single rigid handle and be operated by hand.

*Diving gear* means any type of hard hat or skin diving equipment, including SCUBA equipment; a tethered, umbilical, surface-supplied unit; or snorkel.

*Drainage* means all of the lands and waters comprising a watershed, including tributary rivers, streams, sloughs, ponds, and lakes, which contribute to the water supply of the watershed.

*Drift gillnet* means a drifting gillnet that has not been intentionally staked, anchored, or otherwise fixed in one place.

*Edible meat* means the breast meat of ptarmigan and grouse, and, those parts of caribou, deer, elk, mountain goat, moose, musk-oxen, and Dall sheep that are typically used for human consumption, which are: The meat of the ribs, neck, brisket, front quarters as far as the distal (bottom) joint of the radius-ulna (knee), hindquarters as far as the distal joint (bottom) of the tibia-fibula (hock) and that portion of the animal between the front and hindquarters; however, *edible meat* of species listed in this definition does not include: meat of the head, meat that has been damaged and made inedible by the method of taking, bones, sinew, and incidental meat reasonably lost as a result of boning or close trimming of the bones, or viscera. For black bear, brown and grizzly bear, "edible meat" means the meat of the front quarter and hindquarters and meat along the backbone (backstrap).

*Federally-qualified subsistence user* means a rural Alaska resident qualified to harvest fish or wildlife on Federal public lands in accordance with the Federal Subsistence Management Regulations in this part.

*Field* means an area outside of established year-round dwellings, businesses, or other developments usually associated with a city, town, or village; *field* does not include permanent hotels or roadhouses on the State road system or at State or Federally maintained airports.

*Fifty-inch (50-inch) moose* means a bull moose with an antler spread of 50 inches or more.

*Fish wheel* means a fixed, rotating device, with no more than four baskets on a single axle, for catching fish, which is driven by river current or other means.

*Fresh water of streams and rivers* means the line at which fresh water is separated from salt water at the mouth of streams and rivers by a line drawn headland to headland across the mouth as the waters flow into the sea.

*Full curl horn* means the horn of a Dall sheep ram; the tip of which has grown through 360 degrees of a circle described by the outer surface of the horn, as viewed from the side, or that both horns are broken, or that the sheep is at least 8 years of age as determined by horn growth annuli.

*Furbearer* means a beaver, coyote, arctic fox, red fox, lynx, marten, mink, weasel, muskrat, river (land) otter, red squirrel, flying squirrel, ground squirrel, marmot, wolf, or wolverine.

*Fyke net* means a fixed, funneling (fyke) device used to entrap fish.

*Gear* means any type of fishing apparatus.

*Gillnet* means a net primarily designed to catch fish by entanglement in a mesh that consists of a single sheet of webbing which hangs between cork line and lead line, and which is fished from the surface of the water.

*Grappling hook* means a hooked device with flukes or claws, which is attached to a line and operated by hand.

*Groundfish* or *bottomfish* means any marine fish except halibut, osmerids, herring and salmonids.

*Grouse* collectively refers to all species found in Alaska, including spruce grouse, ruffed grouse, blue grouse, and sharp-tailed grouse.

*Hand purse seine* means a floating net which is designed to surround fish and which can be closed at the bottom by pursing the lead line; pursing may only

be done by hand power, and a free-running line through one or more rings attached to the lead line is not allowed.

*Handicraft* means a finished product made by a rural Alaskan resident from the nonedible byproducts of fish or wildlife and is composed wholly or in some significant respect of natural materials. The shape and appearance of the natural material must be substantially changed by the skillful use of hands, such as sewing, weaving, drilling, lacing, beading, carving, etching, scrimshawing, painting, or other means, and incorporated into a work of art, regalia, clothing, or other creative expression, and can be either traditional or contemporary in design. The handicraft must have substantially greater monetary and aesthetic value than the unaltered natural material alone.

*Handline* means a hand-held and operated line, with one or more hooks attached.

*Hare or hares* collectively refers to all species of hares (commonly called rabbits) in Alaska and includes snowshoe hare and tundra hare.

*Harvest limit* means the number of any one species permitted to be taken by any one person or designated group, per specified time period, in a Unit or portion of a Unit in which the taking occurs even if part or all of the harvest is preserved. A fish, when landed and killed by means of rod and reel, becomes part of the harvest limit of the person originally hooking it.

*Herring pound* means an enclosure used primarily to contain live herring over extended periods of time.

*Highway* means the drivable surface of any constructed road.

*Household* means that group of people residing in the same residence.

*Hung measure* means the maximum length of the cork line when measured wet or dry with traction applied at one end only.

*Hunting* means the taking of wildlife within established hunting seasons with archery equipment or firearms, and as authorized by a required hunting license.

*Hydraulic clam digger* means a device using water or a combination of air and water used to harvest clams.

*Jigging gear* means a line or lines with lures or baited hooks, drawn through the water by hand, and which are operated during periods of ice cover from holes cut in the ice, or from shore ice and which are drawn through the water by hand.

*Lead* means either a length of net employed for guiding fish into a seine, set gillnet, or other length of net, or a length of fencing employed for guiding fish into a fish wheel, fyke net, or dip net.

*Legal limit of fishing gear* means the maximum aggregate of a single type of fishing gear permitted to be used by one individual or boat, or combination of boats in any particular regulatory area, district, or section.

*Long line* means either a stationary, buoyed, or anchored line, or a floating, free-drifting line with lures or baited hooks attached.

*Marmot* collectively refers to all species of marmot that occur in Alaska, including the hoary marmot, Alaska marmot, and the woodchuck.

*Mechanical clam digger* means a mechanical device used or capable of being used for the taking of clams.

*Mechanical jigging machine* means a mechanical device with line and hooks used to jig for halibut and bottomfish, but does not include hand gurdies or rods with reels.

*Mile* means a nautical mile when used in reference to marine waters or a statute mile when used in reference to fresh water.

*Motorized vehicle* means a motor-driven land, air, or water conveyance.

*Open season* means the time when wildlife may be taken by hunting or trapping; an open season includes the first and last days of the prescribed season period.

*Otter* means river or land otter only, excluding sea otter.

*Permit hunt* means a hunt for which State or Federal permits are issued by registration or other means.

*Poison* means any substance that is toxic or poisonous upon contact or ingestion.

*Possession* means having direct physical control of wildlife at a given time or having both the power and intention

to exercise dominion or control of wildlife either directly or through another person or persons.

*Possession limit* means the maximum number of fish, grouse, or ptarmigan a person or designated group may have in possession if the they have not been canned, salted, frozen, smoked, dried, or otherwise preserved so as to be fit for human consumption after a 15-day period.

*Pot* means a portable structure designed and constructed to capture and retain live fish and shellfish in the water.

*Ptarmigan* collectively refers to all species found in Alaska, including white-tailed ptarmigan, rock ptarmigan, and willow ptarmigan.

*Purse seine* means a floating net which is designed to surround fish and which can be closed at the bottom by means of a free-running line through one or more rings attached to the lead line.

*Ram* means a male Dall sheep.

*Registration permit* means a permit that authorizes hunting and is issued to a person who agrees to the specified hunting conditions. Hunting permitted by a registration permit begins on an announced date and continues throughout the open season, or until the season is closed by Board action. Registration permits are issued in the order applications are received and/or are based on priorities as determined by 50 CFR 100.17 and 36 CFR 242.17.

*Regulatory year* means July 1 through June 30, except for fish and shellfish, for which it means April 1 through March 31.

*Ring net* means a bag-shaped net suspended between no more than two frames; the bottom frame may not be larger in perimeter than the top frame; the gear must be nonrigid and collapsible so that free movement of fish or shellfish across the top of the net is not prohibited when the net is employed.

*Rockfish* means all species of the genus *Sebastes*.

*Rod and reel* means either a device upon which a line is stored on a fixed or revolving spool and is deployed through guides mounted on a flexible pole, or a line that is attached to a pole. In either case, bait or an artificial

fly or lure is used as terminal tackle. This definition does not include the use of rod and reel gear for snagging.

*Salmon* means the following species: pink salmon (*Oncorhynchus gorbuscha*); sockeye salmon (*Oncorhynchus nerka*); Chinook salmon (*Oncorhynchus tshawytscha*); coho salmon (*Oncorhynchus kisutch*); and chum salmon (*Oncorhynchus keta*).

*Salmon stream* means any stream used by salmon for spawning, rearing, or for traveling to a spawning or rearing area.

*Salvage* means to transport the edible meat, skull, or hide, as required by regulation, of a regulated fish, wildlife, or shellfish to the location where the edible meat will be consumed by humans or processed for human consumption in a manner which saves or prevents the edible meat from waste, and preserves the skull or hide for human use.

*Scallop dredge* means a dredge-like device designed specifically for and capable of taking scallops by being towed along the ocean floor.

*Sea urchin rake* means a hand-held implement, no longer than 4 feet, equipped with projecting prongs used to gather sea urchins.

*Sealing* means placing a mark or tag on a portion of a harvested animal by an authorized representative of the ADF&G; *sealing* includes collecting and recording information about the conditions under which the animal was harvested, and measurements of the specimen submitted for sealing or surrendering a specific portion of the animal for biological information.

*Set gillnet* means a gillnet that has been intentionally set, staked, anchored, or otherwise fixed.

*Seven-eighths curl horn* means the horn of a male Dall sheep, the tip of which has grown through seven-eighths (315 degrees) of a circle, described by the outer surface of the horn, as viewed from the side, or with both horns broken.

*Shovel* means a hand-operated implement for digging clams.

*Skin, hide, pelt, or fur* means any tanned or untanned external covering of an animal's body. However, for bear, the skin, hide, pelt, or fur means the external covering with claws attached.

§ 100.25

50 CFR Ch. I (10-1-06 Edition)

*Snagging* means hooking or attempting to hook a fish elsewhere than in the mouth.

*Spear* means a shaft with a sharp point or fork-like implement attached to one end, which is used to thrust through the water to impale or retrieve fish, and which is operated by hand.

*Spike-fork moose* means a bull moose with only one or two tines on either antler; male calves are not spike-fork bulls.

*Stretched measure* means the average length of any series of 10 consecutive meshes measured from inside the first knot and including the last knot when wet; the 10 meshes, when being measured, shall be an integral part of the net, as hung, and measured perpendicular to the selvages; measurements shall be made by means of a metal tape measure while the 10 meshes being measured are suspended vertically from a single peg or nail, under 5-pound weight.

*Subsistence fishing permit* means a subsistence harvest permit issued by the Alaska Department of Fish and Game or the Federal Subsistence Board.

*Take or Taking* means to fish, pursue, hunt, shoot, trap, net, capture, collect, kill, harm, or attempt to engage in any such conduct.

*Tine or antler point* refers to any point on an antler, the length of which is greater than its width and is at least one inch.

*To operate fishing gear* means any of the following: To deploy gear in the water; to remove gear from the water; to remove fish or shellfish from the gear during an open season or period; or to possess a gillnet containing fish during an open fishing period, except that a gillnet which is completely clear of the water is not considered to be operating for the purposes of minimum distance requirement.

*Transportation* means to ship, convey, carry, or transport by any means whatever and deliver or receive for such shipment, conveyance, carriage, or transportation.

*Trapping* means the taking of furbearers within established trapping seasons and with a required trapping license.

*Trawl* means a bag-shaped net towed through the water to capture fish or

shellfish, and includes beam, otter, or pelagic trawl.

*Troll gear* means a power gurdy troll gear consisting of a line or lines with lures or baited hooks which are drawn through the water by a power gurdy; hand troll gear consisting of a line or lines with lures or baited hooks which are drawn through the water from a vessel by hand trolling, strip fishing, or other types of trolling, and which are retrieved by hand power or hand-powered crank and not by any type of electrical, hydraulic, mechanical, or other assisting device or attachment; or dinglebar troll gear consisting of one or more lines, retrieved and set with a troll gurdy or hand troll gurdy, with a terminally attached weight from which one or more leaders with one or more lures or baited hooks are pulled through the water while a vessel is making way.

*Trophy* means a mount of a big game animal, including the skin of the head (cape) or the entire skin, in a lifelike representation of the animal, including a lifelike representation made from any part of a big game animal; “trophy” also includes a “European mount” in which the horns or antlers and the skull or a portion of the skull are mounted for display.

*Trout* means the following species: cutthroat trout (*Oncorhynchus clarki*) and rainbow/steelhead trout (*Oncorhynchus mykiss*).

*Unclassified wildlife or unclassified species* means all species of animals not otherwise classified by the definitions in this paragraph (a), or regulated under other Federal law as listed in paragraph (i) of this section.

*Ungulate* means any species of hoofed mammal, including deer, caribou, elk, moose, mountain goat, Dall sheep, and musk oxen.

*Unit and Subunit* mean one of the geographical areas in the State of Alaska known as Game Management Units, or GMUs, as defined in the codified Alaska Department of Fish and Game regulations found in Title 5 of the Alaska Administrative Code and collectively listed in this part as Units or Subunits.

*Wildlife* means any hare (rabbit), ptarmigan, grouse, ungulate, bear, furbearer, or unclassified species and

includes any part, product, egg, or offspring thereof, or carcass or part thereof.

(b) Taking fish, wildlife, or shellfish for subsistence uses by a prohibited method is a violation of this part. Seasons are closed unless opened by Federal regulation. Hunting, trapping, or fishing during a closed season or in an area closed by this part is prohibited. You may not take for subsistence fish, wildlife, or shellfish outside established Unit or Area seasons, or in excess of the established Unit or Area harvest limits, unless otherwise provided for by the Board. You may take fish, wildlife, or shellfish under State regulations on public lands, except as otherwise restricted at §§100.26 through 100.28. Unit/Area-specific restrictions or allowances for subsistence taking of fish, wildlife, or shellfish are identified at §§100.26 through 100.28.

(c) *Harvest limits.* (1) Harvest limits authorized by this section and harvest limits established in State regulations may not be accumulated.

(2) Fish, wildlife, or shellfish taken by a designated individual for another person pursuant to §100.10(d)(5)(ii) count toward the individual harvest limit of the person for whom the fish, wildlife, or shellfish is taken.

(3) A harvest limit applies to the number of fish, wildlife, or shellfish that can be taken during a regulatory year; however, harvest limits for grouse, ptarmigan, and caribou (in some Units) are regulated by the number that may be taken per day. Harvest limits of grouse and ptarmigan are also regulated by the number that can be held in possession.

(4) Unless otherwise provided, any person who gives or receives fish, wildlife, or shellfish shall furnish, upon a request made by a Federal or State agent, a signed statement describing the following: names and addresses of persons who gave and received fish, wildlife, or shellfish; the time and place that the fish, wildlife, or shellfish was taken; and identification of species transferred. Where a qualified subsistence user has designated another qualified subsistence user to take fish, wildlife, or shellfish on his or her behalf in accordance with §100.10(d)(5)(ii), the

permit shall be furnished in place of a signed statement.

(d) *Fishing by designated harvest permit.* (1) Any species of fish that may be taken by subsistence fishing under this part may be taken under a designated harvest permit.

(2) If you are a Federally-qualified subsistence user, you (beneficiary) may designate another Federally-qualified subsistence user to take fish on your behalf. The designated fisherman must obtain a designated harvest permit prior to attempting to harvest fish and must return a completed harvest report. The designated fisherman may fish for any number of beneficiaries but may have no more than two harvest limits in his/her possession at any one time.

(3) The designated fisherman must have in possession a valid designated fishing permit when taking, attempting to take, or transporting fish taken under this section, on behalf of a beneficiary.

(4) The designated fisherman may not fish with more than one legal limit of gear.

(5) You may not designate more than one person to take or attempt to take fish on your behalf at one time. You may not personally take or attempt to take fish at the same time that a designated fisherman is taking or attempting to take fish on your behalf.

(e) *Hunting by designated harvest permit.* In Units 1-8, 9D, 10-16, and 18-26, if you are a Federally qualified subsistence user (recipient), you may designate another Federally qualified subsistence user to take deer, moose and caribou on your behalf unless you are a member of a community operating under a community harvest system or unless Unit-specific regulations in Section 100.26 preclude or modify the use of the designated hunter system or allow the harvest of additional species by a designated hunter. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time, unless otherwise specified in unit-specific regulations in §100.26.

§ 100.25

50 CFR Ch. I (10-1-06 Edition)

(f) A rural Alaska resident who has been designated to take fish, wildlife, or shellfish on behalf of another rural Alaska resident in accordance with §100.10(d)(5)(ii) shall promptly deliver the fish, wildlife, or shellfish to that rural Alaska resident and may not charge the recipient for his/her services in taking the fish, wildlife, or shellfish or claim for themselves the meat or any part of the harvested fish, wildlife, or shellfish.

(g) [Reserved]

(h) *Permits.* If a subsistence fishing or hunting permit is required by this part, the following permit conditions apply unless otherwise specified in this section:

(1) You may not take more fish, wildlife, or shellfish for subsistence use than the limits set out in the permit;

(2) You must obtain the permit prior to fishing or hunting;

(3) You must have the permit in your possession and readily available for inspection while fishing, hunting, or transporting subsistence-taken fish, wildlife, or shellfish;

(4) If specified on the permit, you shall keep accurate daily records of the harvest, showing the number of fish, wildlife, or shellfish taken, by species, location and date of harvest, and other such information as may be required for management or conservation purposes; and

(5) If the return of harvest information necessary for management and conservation purposes is required by a permit and you fail to comply with such reporting requirements, you are ineligible to receive a subsistence permit for that activity during the following calendar year, unless you demonstrate that failure to report was due to loss in the mail, accident, sickness, or other unavoidable circumstances.

(i) You may not possess, transport, give, receive, or barter fish, wildlife, or shellfish that was taken in violation of Federal or State statutes or a regulation promulgated hereunder.

(j) *Utilization of fish, wildlife, or shellfish.* (1) You may not use wildlife as food for a dog or furbearer, or as bait, except as allowed for in §100.26, §100.27, or §100.28, or except for the following:

(i) The hide, skin, viscera, head, or bones of wildlife;

(ii) The skinned carcass of a furbearer;

(iii) Squirrels, hares (rabbits), grouse, or ptarmigan; however, you may not use the breast meat of grouse and ptarmigan as animal food or bait;

(iv) Unclassified wildlife.

(2) If you take wildlife for subsistence, you must salvage the following parts for human use:

(i) The hide of a wolf, wolverine, coyote, fox, lynx, marten, mink, weasel, or otter;

(ii) The hide and edible meat of a brown bear, except that the hide of brown bears taken in Units 5, 9B, 17, 18, portions of 19A and 19B, 21D, 22, 23, 24, and 26A need not be salvaged;

(iii) The hide and edible meat of a black bear;

(iv) The hide or meat of squirrels, hares (rabbits), marmots, beaver, muskrats, or unclassified wildlife.

(3) You must salvage the edible meat of ungulates, bear, grouse, and ptarmigan.

(4) You may not intentionally waste or destroy any subsistence-caught fish or shellfish; however, you may use for bait or other purposes whitefish, herring, and species for which bag limits, seasons, or other regulatory methods and means are not provided in this section, as well as the head, tail, fins, and viscera of legally taken subsistence fish.

(5) Failure to salvage the edible meat may not be a violation if such failure is caused by circumstances beyond the control of a person, including theft of the harvested fish, wildlife, or shellfish, unanticipated weather conditions, or unavoidable loss to another animal.

(6) If you are a Federally-qualified subsistence user, you may sell handicraft articles made from the skin, hide, pelt, or fur, including claws, of a black bear.

(i) In Units 1, 2, 3, 4, and 5, you may sell handicraft articles made from the skin, hide, pelt, fur, claws, bones, teeth, sinew, or skulls of a black bear taken from Units 1, 2, 3, or 5.

(ii) [Reserved]

(7) If you are a Federally-qualified subsistence user, you may sell handicraft articles made from the skin, hide, pelt, or fur, including claws, of a brown

bear taken from Units 1-5, 9A-C, 9E, 12, 17, 20, or 25.

(i) In Units 1, 2, 3, 4, and 5, you may sell handicraft articles made from the skin, hide, pelt, fur, claws, bones, teeth, sinew, or skulls of a brown bear taken from Units 1, 4, or 5.

(ii) [Reserved]

(8) If you are a Federally-qualified subsistence user, you may sell the raw fur or tanned pelt with or without claws attached from legally harvested furbearers.

(9) If you are a Federally-qualified subsistence user, you may sell handicraft articles made from the nonedible byproducts (including, but not limited to, skin, shell, fins, and bones) of subsistence-harvested fish or shellfish.

(10) If you are a Federally qualified subsistence user, you may sell handicraft articles made from nonedible byproducts of wildlife harvested for subsistence uses (excluding bear), to include; skin, hide, pelt, fur, claws, bones (except skulls of moose, caribou, elk, deer, sheep, goat and muskox), teeth, sinew, antlers and/or horns (if not attached to any part of the skull or made to represent a big game trophy) and hooves.

(11) The sale of handicrafts made from the nonedible byproducts of wildlife, when authorized in this part, may not constitute a significant commercial enterprise.

(k) The regulations found in this part do not apply to the subsistence taking and use of fish, wildlife, or shellfish regulated pursuant to the Fur Seal Act of 1966 (80 Stat. 1091, 16 U.S.C. 1187); the Endangered Species Act of 1973 (87 Stat. 884, 16 U.S.C. 1531-1543); the Marine Mammal Protection Act of 1972 (86 Stat. 1027; 16 U.S.C. 1361-1407); and the Migratory Bird Treaty Act (40 Stat. 755; 16 U.S.C. 703-711), or to any amendments to these Acts. The taking and use of fish, wildlife, or shellfish, covered by these Acts, will conform to the specific provisions contained in these Acts, as amended, and any implementing regulations.

(l) Rural residents, nonrural residents, and nonresidents not specifically prohibited by Federal regulations from fishing, hunting, or trapping on public lands in an area may fish, hunt, or trap

on public lands in accordance with the appropriate State regulations.

[71 FR 37654, June 30, 2006]

**§ 100.26 Subsistence taking of wildlife.**

(a) You may take wildlife for subsistence uses by any method, except as prohibited in this section or by other Federal statute. Taking wildlife for subsistence uses by a prohibited method is a violation of this part. Seasons are closed unless opened by Federal regulation. Hunting or trapping during a closed season or in an area closed by this part is prohibited.

(b) Except for special provisions found at paragraphs (n)(1) through (26) of this section, the following methods and means of taking wildlife for subsistence uses are prohibited:

(1) Shooting from, on, or across a highway;

(2) Using any poison;

(3) Using a helicopter in any manner, including transportation of individuals, equipment, or wildlife; however, this prohibition does not apply to transportation of an individual, gear, or wildlife during an emergency rescue operation in a life-threatening situation;

(4) Taking wildlife from a motorized land or air vehicle when that vehicle is in motion, or from a motor-driven boat when the boat's progress from the motor's power has not ceased;

(5) Using a motorized vehicle to drive, herd, or molest wildlife;

(6) Using or being aided by use of a machine gun, set gun, or a shotgun larger than 10 gauge;

(7) Using a firearm other than a shotgun, muzzle-loaded rifle, rifle, or pistol using center-firing cartridges, for the taking of ungulates, bear, wolves, or wolverine, except that—

(i) An individual in possession of a valid trapping license may use a firearm that shoots rimfire cartridges to take wolves and wolverine;

(ii) Only a muzzle-loading rifle of .54-caliber or larger, or a .45-caliber muzzle-loading rifle with a 250-grain, or larger, elongated slug may be used to take brown bear, black bear, elk, moose, musk oxen, and mountain goat;

(8) Using or being aided by use of a pit, fire, artificial light, radio communication, artificial salt lick, explosive, barbed arrow, bomb, smoke, chemical,

conventional steel trap with a jaw spread over 9 inches, or conibear style trap with a jaw spread over 11 inches;

(9) Using a snare, except that an individual in possession of a valid hunting license may use nets and snares to take unclassified wildlife, ptarmigan, grouse, or hares; and, individuals in possession of a valid trapping license may use snares to take furbearers;

(10) Using a trap to take ungulates or bear;

(11) Using hooks to physically snag, impale, or otherwise take wildlife; however, hooks may be used as a trap drag;

(12) Using a crossbow to take ungulates, bear, wolf, or wolverine in any area restricted to hunting by bow and arrow only;

(13) Taking of ungulates, bear, wolf, or wolverine with a bow, unless the bow is capable of casting a  $\frac{7}{8}$  inch wide broadhead-tipped arrow at least 175 yards horizontally, and the arrow and broadhead together weigh at least 1 ounce (437.5 grains);

(14) Using bait for taking ungulates, bear, wolf, or wolverine; except, you may use bait to take wolves and wolverine with a trapping license, and you may use bait to take black bears with a hunting license as authorized in Unit-specific regulations at paragraphs (n)(1) through (26) of this section. Baiting of black bears is subject to the following restrictions:

(i) Before establishing a black bear bait station, you must register the site with ADF&G;

(ii) When using bait, you must clearly mark the site with a sign reading "black bear bait station" that also displays your hunting license number and ADF&G-assigned number;

(iii) You may use only biodegradable materials for bait; you may use only the head, bones, viscera, or skin of legally harvested fish and wildlife for bait;

(iv) You may not use bait within  $\frac{1}{4}$  mile of a publicly maintained road or trail;

(v) You may not use bait within 1 mile of a house or other permanent dwelling, or within 1 mile of a developed campground or developed recreational facility;

(vi) When using bait, you must remove litter and equipment from the bait station site when done hunting;

(vii) You may not give or receive payment for the use of a bait station, including barter or exchange of goods;

(viii) You may not have more than two bait stations with bait present at any one time;

(15) Taking swimming ungulates, bears, wolves, or wolverine;

(16) Taking or assisting in the taking of ungulates, bear, wolves, wolverine, or other furbearers before 3 a.m. following the day in which airborne travel occurred (except for flights in regularly scheduled commercial aircraft); however, this restriction does not apply to subsistence taking of deer, the setting of snares or traps, or the removal of furbearers from traps or snares;

(17) Taking a bear cub or a sow accompanied by cub(s).

(c) Wildlife taken in defense of life or property is not a subsistence use; wildlife so taken is subject to State regulations.

(d) The following methods and means of trapping furbearers for subsistence uses pursuant to the requirements of a trapping license are prohibited, in addition to the prohibitions listed at paragraph (b) of this section:

(1) Disturbing or destroying a den, except that you may disturb a muskrat pushup or feeding house in the course of trapping;

(2) Disturbing or destroying any beaver house;

(3) Taking beaver by any means other than a steel trap or snare, except that you may use firearms in certain Units with established seasons as identified in Unit-specific regulations found in this subpart;

(4) Taking otter with a steel trap having a jaw spread of less than  $5\frac{1}{2}$  inches during any closed mink and marten season in the same Unit;

(5) Using a net or fish trap (except a blackfish or fyke trap);

(6) Taking or assisting in the taking of furbearers by firearm before 3:00 a.m. on the day following the day on which airborne travel occurred; however, this does not apply to a trapper using a firearm to dispatch furbearers caught in a trap or snare.

(e) *Possession and transportation of wildlife.* (1) Except as specified in paragraph (e)(2) or (f)(1) of this section, or as otherwise provided, you may not take a species of wildlife in any unit, or portion of a unit, if your total take of that species already obtained anywhere in the State under Federal and State regulations equals or exceeds the harvest limit in that unit.

(2) An animal taken under Federal or State regulations by any member of a community with an established community harvest limit for that species counts toward the community harvest limit for that species. Except for wildlife taken pursuant to §100.10(d)(5)(iii) or as otherwise provided for by this Part, an animal taken as part of a community harvest limit counts toward every community member's harvest limit for that species taken under Federal or State of Alaska regulations.

(f) *Harvest limits.* (1) The harvest limit specified for a trapping season for a species and the harvest limit set for a hunting season for the same species are separate and distinct. This means that if you have taken a harvest limit for a particular species under a trapping season, you may take additional animals under the harvest limit specified for a hunting season or vice versa.

(2) A brown/grizzly bear taken in a Unit or portion of a Unit having a harvest limit of "one brown/grizzly bear per year" counts against a "one brown/grizzly bear every four regulatory years" harvest limit in other Units. You may not take more than one brown/grizzly bear in a regulatory year.

(3) The Assistant Regional Director for Subsistence Management, FWS, is authorized to open, close, or adjust Federal subsistence lynx seasons and to set harvest and possession limits for lynx in Units 6, 7, 11, 12, 13, 14, 15, 16, 20A, 20B, 20C east of the Teklanika River, 20D, and 20E, with a maximum season of November 1–February 28. This delegation may be exercised only when it is necessary to conserve lynx populations or to continue subsistence uses, only within guidelines listed within the ADF&G Lynx Harvest Management Strategy, and only after staff analysis of the potential action, consultation with the appropriate Re-

gional Council Chairs, and Interagency Staff Committee concurrence.

(g) *Evidence of sex and identity.* (1) If subsistence take of Dall sheep is restricted to a ram, you may not possess or transport a harvested sheep unless both horns accompany the animal.

(2) If the subsistence taking of an ungulate, except sheep, is restricted to one sex in the local area, you may not possess or transport the carcass of an animal taken in that area unless sufficient portions of the external sex organs remain attached to indicate conclusively the sex of the animal, except that in Units 1–5 antlers are also considered proof of sex for deer if the antlers are naturally attached to an entire carcass, with or without the viscera; and except in Units 11, 13, 19, 21, and 24, where you may possess either sufficient portions of the external sex organs (still attached to a portion of the carcass) or the head (with or without antlers attached; however, the antler stumps must remain attached) to indicate the sex of the harvested moose; however, this paragraph (g)(2) does not apply to the carcass of an ungulate that has been butchered and placed in storage or otherwise prepared for consumption upon arrival at the location where it is to be consumed.

(3) If a moose harvest limit requires an antlered bull, an antler size, or configuration restriction, you may not possess or transport the moose carcass or its parts unless both antlers accompany the carcass or its parts. If you possess a set of antlers with less than the required number of brow tines on one antler, you must leave the antlers naturally attached to the unbroken, uncut skull plate; however, this paragraph (g)(3) does not apply to a moose carcass or its parts that have been butchered and placed in storage or otherwise prepared for consumption after arrival at the place where it is to be stored or consumed.

(h) *Removing harvest from the field.* You must leave all edible meat on the bones of the front quarters and hind quarters of caribou and moose harvested in Units 9B, 17, 18, and 19B prior to October 1 until you remove the meat from the field or process it for human consumption. You must leave all edible

meat on the bones of the front quarters, hind quarters, and ribs of moose harvested in Unit 21 prior to October 1 until you remove the meat from the field or process it for human consumption. You must leave all edible meat on the bones of the front quarters, hind quarters, and ribs of caribou and moose harvested in Unit 24 prior to October 1 until you remove the meat from the field or process it for human consumption. Meat of the front quarters, hind quarters, or ribs from a harvested moose or caribou may be processed for human consumption and consumed in the field; however, meat may not be removed from the bones for purposes of transport out of the field.

(i) *Returning of tags, marks, or collars.* If you take an animal that has been marked or tagged for scientific studies, you must, within a reasonable time, notify the ADF&G or the agency identified on the collar or marker when and where the animal was taken. You also must retain any ear tag, collar, radio, tattoo, or other identification with the hide until it is sealed, if sealing is required; in all cases, you must return any identification equipment to the ADF&G or to an agency identified on such equipment.

(j) *Sealing of bear skins and skulls.* (1) Sealing requirements for bear shall apply to brown bears taken in all Units, except as specified in this paragraph, and black bears of all color phases taken in Units 1–7, 11–17, and 20.

(2) You may not possess or transport from Alaska the untanned skin or skull of a bear unless the skin and skull have been sealed by an authorized representative of ADF&G in accordance with State or Federal regulations, except that the skin and skull of a brown bear taken under a registration permit in Units 5, 9B, 9E, 17, 18, 19A and 19B downstream of and including the Aniak River drainage, 21D, 22, 23, 24, and 26A need not be sealed unless removed from the area.

(3) You must keep a bear skin and skull together until a representative of the ADF&G has removed a rudimentary premolar tooth from the skull and sealed both the skull and the skin; however, this provision shall not apply to brown bears taken within Units 5, 9B, 9E, 17, 18, 19A and 19B downstream

of and including the Aniak River drainage, 21D, 22, 23, 24, and 26A which are not removed from the Unit.

(i) In areas where sealing is required by Federal regulations, you may not possess or transport the hide of a bear that does not have the penis sheath or vaginal orifice naturally attached to indicate conclusively the sex of the bear.

(ii) If the skin or skull of a bear taken in Units 9B, 17, 18, and 19A and 19B downstream of and including the Aniak River drainage is removed from the area, you must first have it sealed by an ADF&G representative in Bethel, Dillingham, or McGrath; at the time of sealing, the ADF&G representative shall remove and retain the skin of the skull and front claws of the bear.

(iii) If you remove the skin or skull of a bear taken in Units 21D, 22, 23, 24, and 26A from the area or present it for commercial tanning within the area, you must first have it sealed by an ADF&G representative in Barrow, Galena, Nome, or Kotzebue; at the time of sealing, the ADF&G representative shall remove and retain the skin of the skull and front claws of the bear.

(iv) If you remove the skin or skull of a bear taken in Unit 5 from the area, you must first have it sealed by an ADF&G representative in Yakutat; at the time of sealing, the ADF&G representative shall remove and retain the skin of the skull and front claws of the bear.

(v) If you remove the skin or skull of a bear taken in Unit 9E from Unit 9, you must first have it sealed by an authorized sealing representative. At the time of sealing, the representative shall remove and retain the skin of the skull and front claws of the bear.

(4) You may not falsify any information required on the sealing certificate or temporary sealing form provided by the ADF&G in accordance with State regulations.

(k) *Sealing of beaver, lynx, marten, otter, wolf, and wolverine.* You may not possess or transport from Alaska the untanned skin of a marten taken in Units 1–5, 7, 13E, or 14–16 or the untanned skin of a beaver, lynx, otter, wolf, or wolverine, whether taken inside or outside the State, unless the skin has been sealed by an authorized

**§ 100.26**

representative in accordance with State or Federal regulations. In Unit 18, you must obtain an ADF&G seal for beaver skins only if they are to be sold or commercially tanned.

(1) You must seal any wolf taken in Unit 2 on or before the 30th day after the date of taking.

(2) You must leave the radius and ulna of the left foreleg naturally attached to the hide of any wolf taken in Units 1-5 until the hide is sealed.

(l) If you take a species listed in paragraph (k) of this section but are unable to present the skin in person, you must complete and sign a temporary sealing form and ensure that the completed temporary sealing form and skin are presented to an authorized representative of ADF&G for sealing consistent with requirements listed in paragraph (k) of this section.

(m) You may take wildlife, outside of established season or harvest limits, for food in traditional religious ceremonies, that are part of a funerary or mortuary cycle, including memorial potlatches, under the following provisions:

(1) The harvest does not violate recognized principles of wildlife conservation and uses the methods and means allowable for the particular species published in the applicable Federal regulations. The appropriate Federal land manager will establish the number, species, sex, or location of harvest, if necessary, for conservation purposes. Other regulations relating to ceremonial harvest may be found in the unit-specific regulations in §100.26(n).

(2) No permit or harvest ticket is required for harvesting under this section; however, the harvester must be a Federally qualified subsistence user with customary and traditional use in the area where the harvesting will occur.

(3) In Units 1-26 (except for Koyukon/Gwich'in potlatch ceremonies in Units 20F, 21, 24, or 25):

(i) A tribal chief, village or tribal council president, or the chief's or president's designee for the village in which the religious/cultural ceremony will be held, or a Federally qualified subsistence user outside of a village or tribal-organized ceremony, must notify the nearest Federal land manager that

a wildlife harvest will take place. The notification must include the species, harvest location, and number of animals expected to be taken.

(ii) Immediately after the wildlife is taken, the tribal chief, village or tribal council president or designee, or other Federally qualified subsistence user must create a list of the successful hunters and maintain these records, including the name of the decedent for whom the ceremony will be held. If requested, this information must be available to an authorized representative of the Federal land manager.

(iii) The tribal chief, village or tribal council president or designee, or other Federally qualified subsistence user outside of the village in which the religious/cultural ceremony will be held must report to the Federal land manager the harvest location, species, sex, and number of animals taken as soon as practicable, but not more than 15 days after the wildlife is taken.

(4) In Units 20F, 21, 24, and 25 (for Koyukon/Gwich'in potlatch ceremonies only):

(i) Taking wildlife outside of established season and harvest limits is authorized if it is for food for the traditional Koyukon/Gwich'in Potlatch Funerary or Mortuary ceremony and if it is consistent with conservation of healthy populations.

(ii) Immediately after the wildlife is taken, the tribal chief, village or tribal council president, or the chief's or president's designee for the village in which the religious ceremony will be held must create a list of the successful hunters and maintain these records. The list must be made available, after the harvest is completed, to a Federal land manager upon request.

(iii) As soon as practical, but not more than 15 days after the harvest, the tribal chief, village council president, or designee must notify the Federal land manager about the harvest location, species, sex, and number of animals taken.

(n) *Unit regulations.* You may take for subsistence unclassified wildlife, all squirrel species, and marmots in all Units, without harvest limits, for the period of July 1-June 30. Unit-specific restrictions or allowances for subsistence taking of wildlife are identified at

(21) *Unit 21.* (i) Unit 21 consists of drainages into the Yukon River upstream from Paimiut to, but not including, the Tozitna River drainage on the north bank, and to, but not including, the Tanana River drainage on the south bank; and excluding the Koyukuk River drainage upstream from the Dulbi River drainage:

(A) Unit 21A consists of the Innoko River drainage upstream from and including the Iditarod River drainage;

(B) Unit 21B consists of the Yukon River drainage upstream from Ruby and east of the Ruby-Poorman Road, downstream from and excluding the Tozitna River and Tanana River drainages, and excluding the Melozitna River drainage upstream from Grayling Creek;

(C) Unit 21C consists of the Melozitna River drainage upstream from Grayling Creek, and the Dulbi River drainage upstream from and including the Cottonwood Creek drainage;

(D) Unit 21D consists of the Yukon River drainage from and including the Blackburn Creek drainage upstream to Ruby, including the area west of the Ruby-Poorman Road, excluding the Koyukuk River drainage upstream from the Dulbi River drainage, and excluding the Dulbi River drainage upstream from Cottonwood Creek;

(E) Unit 21E consists of the Yukon River drainage from Paimiut upstream to, but not including, the Blackburn Creek drainage, and the Innoko River drainage downstream from the Iditarod River drainage.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) The Koyukuk Controlled Use Area, which consists of those portions of Unit 21 and 24 bounded by a line from the north bank of the Yukon River at Koyukuk at 64°52.58' N. lat., 157°43.10' W. long., then northerly to the confluences of the Honhosa and Kateel Rivers at 65° 28.42' N. lat., 157°44.89' W. long., then northeasterly to the confluences of Billy Hawk Creek and the Huslia River (65°57' N. lat., 156°41' W. long.) at 65°56.66' N. lat., 156°40.81' W. long., then easterly to the confluence of the forks of the Dakli River at 66°02.56' N. lat., 156°12.71' W. long., then easterly to the confluence of McLanes Creek and the Hogatza River at 66°00.31' N. lat., 155°18.57' W. long., then southwesterly to the crest of Hochandochtla Mountain at 65°31.87' N. lat., 154°52.18' W. long., then southwest to the mouth of Cottonwood Creek at 65°13.00' N. lat., 156°06.43' W. long., then southwest to Bishop Rock (Yistletaw) at 64°49.35' N. lat., 157°21.73' W. long., then westerly along the north bank of the Yukon River (including Koyukuk Island) to the point of beginning, is closed during moose-hunting seasons to the use of aircraft for hunting moose, including transportation of any moose hunter or moose part; however, this does not apply to transportation of a moose hunter or moose part by aircraft between publicly owned airports in the controlled use area or between a publicly owned airport within the area and points outside the area;

all hunters on the Koyukuk River passing the ADF&G-operated check station at Ella's Cabin (15 miles upstream from the Yukon on the Koyukuk River) are required to stop and report to ADF&G personnel at the check station;

(B) The Paradise Controlled Use Area, which consists of that portion of Unit 21 bounded by a line beginning at the old village of Paimiut, then north along the west bank of the Yukon River to Paradise, then northwest to the mouth of Stanstrom Creek on the Bonasila River, then northeast to the mouth of the Anvik River, then along the west bank of the Yukon River to the lower end of Eagle Island (approximately 45 miles north of Grayling), then to the mouth of the Iditarod River, then down the east bank of the Innoko River to its confluence with Paimiut Slough, then south along the east bank of Paimiut Slough to its mouth, and then to the old village of Paimiut, is closed during moose hunting seasons to the use of aircraft for hunting moose, including transportation of any moose hunter or part of moose; however, this does not apply to transportation of a moose hunter or part of moose by aircraft between publicly owned airports in the Controlled Use Area or between a publicly owned airport within the area and points outside the area.

(iii) In Unit 21D, you may hunt brown bear by State registration permit in lieu of a resident tag if you have obtained a State registration permit prior to hunting. Aircraft may not be used in any manner for brown bear hunting under the authority of a brown

bear State registration permit, including transportation of hunters, bears, or parts of bears; however, this does not apply to transportation of bear hunters or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports.

(iv) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 30; and in the Koyukuk Controlled Use Area, you may also use bait to hunt black bear between September 1 and September 25;

(B) If you have a trapping license, you may use a firearm to take beaver in Unit 21(E) from Nov. 1 through June 10;

(C) The residents of Units 20 and 21 may take up to three moose per regulatory year for the celebration known as the Nuchalawoyya Potlatch, under the terms of a Federal registration permit. Permits will be issued to individuals only at the request of the Native Village of Tanana. This three moose limit is not cumulative with that permitted by the State;

(D) The residents of Unit 21 may take up to three moose per regulatory year for the celebration known as the Kaltag/Nulato Stickdance, under the terms of a Federal registration permit. Permits will be issued to individuals only at the request of the Native Village of Kaltag or Nulato. This three moose limit is not cumulative with that permitted by the State.

York to, but excluding, the Goodhope River drainage, and including Little Diomed Island and Fairway Rock.

(ii) You may hunt brown bear by State registration permit in lieu of a resident tag if you have obtained a State registration permit prior to hunting. Aircraft may not be used in any manner for brown bear hunting under the authority of a brown bear State registration permit, including transportation of hunters, bears, or parts of bears; however, this does not apply to transportation of bear hunters or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports.

(iii) Unit-specific regulations:

(A) If you have a trapping license, you may use a firearm to take beaver in Unit 22 during the established seasons;

(B) Coyote, incidentally taken with a trap or snare intended for red fox or wolf, may be used for subsistence purposes;

(C) A snowmachine may be used to position a hunter to select individual caribou for harvest provided that the animals are not shot from a moving snowmachine;

(D) The taking of one bull moose and one muskox by the community of Wales is allowed for the celebration of the Kingikmiut Dance Festival under the terms of a Federal registration permit. Permits will be issued to individuals only at the request of the Native Village of Wales. The harvest may only occur between January 1 and March 15 in Unit 22E for a bull moose and in Unit 22E for a muskox. The harvest will count against any established quota for the area;

(E) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take muskoxen on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must get a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients in the course of a season, but have no more than two harvest limits in his/her possession at any one time, except in Unit 22E where a resident of Wales or Shishmaref acting as a designated hunter may hunt for any number of recipients, but have no more than four harvest limits in his/her possession at any one time.

(23) *Unit 23.* (i) Unit 23 consists of Kotzebue Sound, Chukchi Sea, and Arctic Ocean drainages from and including the Goodhope River drainage to Cape Lisburne.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) You may not use aircraft in any manner either for hunting of ungulates, bear, wolves, or wolverine, or for transportation of hunters or harvested species in the Noatak Controlled Use Area for the period August 25–September 15. The Area consists of that portion of Unit 23 in a corridor extending five miles on either side of the Noatak River beginning at the mouth of the Noatak River, and extending upstream to the mouth of Sapun Creek. This closure does not apply to the transportation of hunters or parts of ungulates, bear, wolves, or wolverine by regularly scheduled flights to communities by carriers that normally provide scheduled air service.

(B) [Reserved]

(iii) You may hunt brown bear by State registration permit in lieu of a resident tag if you have obtained a State registration permit prior to hunting. Aircraft may not be used in any manner for brown bear hunting under the authority of a brown bear State registration permit, including transportation of hunters, bears, or parts of bears; however, this does not apply to transportation of bear hunters

or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports.

(iv) Unit-specific regulations:

(A) You may take caribou from a boat moving under power in Unit 23;

(B) In addition to other restrictions on method of take found in this § 100.26, you may also take swimming caribou with a firearm using rimfire cartridges;

(C) If you have a trapping license, you may take beaver with a firearm in all of Unit 23 from Nov. 1 through Jun. 10;

(D) For the Baird and DeLong Mountain sheep hunts—A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take sheep on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for only one recipient in the course of a season and may have both his and the recipients' harvest limits in his/her possession at the same time;

(E) A snowmachine may be used to position a hunter to select individual caribou for harvest provided that the animals are not shot from a moving snowmachine;

§ 100.26

50 CFR Ch. I (10-1-06 Edition)

(F) A Federally-qualified subsistence user (recipient) may designate another Federally-qualified subsistence user to take muskoxen on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must get a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients, but have no more than two harvest limits in his/her possession at any one time.

(A) Unit 24A consists of the Middle Fork of the Koyukuk River drainage upstream from but not including the Harriet Creek and North Fork Koyukuk River drainages, to the South Fork of the Koyukuk River drainage upstream from Squaw Creek, the Jim River Drainage, the Fish Creek drainage upstream from and including the Bonanza Creek drainage, to the 1,410 ft. peak of the hydrologic divide with the northern fork of the Kanuti Chalatna River at N66 33.303 W151 03.637 and following the unnamed northern fork of the Kanuti Chalatna Creek to the confluence of the southern fork of the Kanuti Chalatna River at N66 27.090 W151 23.841, 4.2 miles SSW (194 degrees true) of Clawanmenka Lake and following the unnamed southern fork of the Kanuti Chalatna Creek to the hydrologic divide with the Kanuti River drainage at N66 19.789 W151 10.102, 3.0 miles ENE (79 degrees true) from the 2,055 ft. peak on that divide, and the Kanuti River drainage upstream from the confluence of an unnamed creek at N66 13.050 W151 05.864, 0.9 miles SSE (155 degrees true) of a 1,980 ft. peak on that divide, and following that unnamed creek to the Unit 24 boundary on the hydrologic divide to the Ray River drainage at N66 03.827 W150 49.988 at the 2,920 ft. peak of that divide;

(B) Unit 24B consists of the Koyukuk River Drainage upstream from Dog Island to the Subunit 24A boundary;

(C) Unit 24C consists of the Hogatza River Drainage, the Koyukuk River Drainage upstream from Batza River on the north side of the Koyukuk River and upstream from and including the Indian River Drainage on the south

side of the Koyukuk River to the Subunit 24B boundary;

(D) Unit 24D consists of the remainder of Unit 24.

(ii) In the following areas, the taking of wildlife for subsistence uses is prohibited or restricted on public land:

(A) You may not use firearms, snowmobiles, licensed highway vehicles, or motorized vehicles, except aircraft and boats, in the Dalton Highway Corridor Management Area, which consists of those portions of Units 20, 24, 25, and 26 extending 5 miles from each side of the Dalton Highway from the Yukon River to milepost 300 of the Dalton Highway, except as follows: Residents living within the Dalton Highway Corridor Management Area may use snowmobiles only for the subsistence taking of wildlife. You may use licensed highway vehicles only on designated roads within the Dalton Highway Corridor Management Area. The residents of Alatna, Allakaket, Anaktuvuk Pass, Bettles, Evansville, and Stevens Village, and residents living within the Corridor may use firearms within the Corridor only for subsistence taking of wildlife;

(B) You may not use aircraft for hunting moose, including transportation of any moose hunter or moose part in the Kanuti Controlled Use Area, which consists of that portion of Unit 24 bounded by a line from the Bettles Field VOR to the east side of Fish Creek Lake, to Old Dummy Lake, to the south end of Lake Todatonten (including all waters of these lakes), to the northernmost headwaters of Siruk Creek, to the highest peak of Double Point Mountain, then back to the Bettles Field VOR; however, this does not apply to transportation of a moose hunter or moose part by aircraft between publicly owned airports in the

controlled use area or between a publicly owned airport within the area and points outside the area;

(C) You may not use aircraft for hunting moose, including transportation of any moose hunter or moose part in the Koyukuk Controlled Use Area, which consists of those portions of Unit 21 and 24 bounded by a line from the north bank of the Yukon River at Koyukuk at 64°52.58' N. lat., 157°43.10' W. long., then northerly to the confluences of the Honhosa and Kateel Rivers at 65°28.42' N. lat., 157°44.89' W. long., then northeasterly to the confluences of Billy Hawk Creek and the Huslia River (65°57' N. lat., 156°41' W. long.) at 65°56.66' N. lat., 156°40.81' W. long., then easterly to the confluence of the forks of the Dakli River at 66°02.56' N. lat., 156°12.71' W. long., then easterly to the confluence of McLanes Creek and the Hogatza River at 66°00.31' N. lat., 155°18.57' W. long., then southwesterly to the crest of Hochandochtla Mountain at 65°31.87' N. lat., 154°52.18' W. long., then southwest to the mouth of Cottonwood Creek at 65°13.00' N. lat., 156°06.43' W. long., then southwest to Bishop Rock (Yistletaw) at 64°49.35' N. lat., 157°21.73' W. long., then westerly along the north bank of the Yukon River (including Koyukuk Island) to the point of beginning; however, this does not apply to transportation of a moose hunter or moose part by aircraft between publicly owned airports in the controlled

use area or between a publicly owned airport within the area and points outside the area; all hunters on the Koyukuk River passing the ADF&G operated check station at Ella's Cabin (15 miles upstream from the Yukon on the Koyukuk River) are required to stop and report to ADF&G personnel at the check station.

(iii) You may hunt brown bear by State registration permit in lieu of a resident tag if you have obtained a State registration permit prior to hunting. You may not use aircraft in any manner for brown bear hunting under the authority of a brown bear State registration permit, including transportation of hunters, bears, or parts of bears. However, this prohibition does not apply to transportation of bear hunters or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports.

(iv) Unit-specific regulations:

(A) You may use bait to hunt black bear between April 15 and June 30; and in the Koyukuk Controlled Use Area, you may also use bait to hunt black bear between September 1 and September 25;

(B) Arctic fox, incidentally taken with a trap or snare intended for red fox, may be used for subsistence purposes.

**§ 100.27**

designate another Federally-qualified subsistence user to take sheep or muskox on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients but may have no more than two harvest limits in his/her possession at any one time;

(D) For the DeLong Mountain sheep hunts—A Federally-qualified subsist-

ence user (recipient) may designate another Federally-qualified subsistence user to take sheep on his or her behalf unless the recipient is a member of a community operating under a community harvest system. The designated hunter must obtain a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for only one recipient in the course of a season and may have both his and the recipient's harvest limits in his/her possession at the same time.

[71 FR 37658, June 30, 2006]

EFFECTIVE DATE NOTE: At 71 FR 37658, June 30, 2006, 50 CFR part 100, §100.26 is added effective July 1, 2006, through June 30, 2007

**§ 100.27 Subsistence taking of fish.**

(a) *Applicability.* (1) Regulations in this section apply to the taking of fish or their parts for subsistence uses.

§ 100.27

50 CFR Ch. I (10-1-06 Edition)

(2) You may take fish for subsistence uses at any time by any method unless you are restricted by the subsistence fishing regulations found in this section. The harvest limit specified in this section for a subsistence season for a species and the State harvest limit set for a State season for the same species are not cumulative, except as modified by regulations in §100.27(i). This means that if you have taken the harvest limit for a particular species under a subsistence season specified in this section, you may not, after that, take any additional fish of that species under any other harvest limit specified for a State season.

(b) [Reserved]

(c) *Methods, means, and general restrictions.* (1) Unless otherwise specified in this section or under terms of a required subsistence fishing permit (as may be modified by this section), you may use the following legal types of gear for subsistence fishing:

- (i) A set gillnet;
- (ii) A drift gillnet;
- (iii) A purse seine;
- (iv) A hand purse seine;
- (v) A beach seine;
- (vi) Troll gear;
- (vii) A fish wheel;
- (viii) A trawl;
- (ix) A pot;
- (x) A longline;
- (xi) A fyke net;
- (xii) A lead;
- (xiii) A herring pound;
- (xiv) A dip net;
- (xv) Jigging gear;
- (xvi) A mechanical jigging machine;
- (xvii) A handline;
- (xviii) A cast net;
- (xix) A rod and reel; and
- (xx) A spear.

(2) You must include an escape mechanism on all pots used to take fish or shellfish. The escape mechanisms are as follows:

(i) A sidewall, which may include the tunnel, of all shellfish and bottomfish pots must contain an opening equal to or exceeding 18 inches in length, except that in shrimp pots the opening must be a minimum of 6 inches in length. The opening must be laced, sewn, or secured together by a single length of untreated, 100 percent cotton twine, no larger than 30 thread. The cotton twine

may be knotted at each end only. The opening must be within 6 inches of the bottom of the pot and must be parallel with it. The cotton twine may not be tied or looped around the web bars. Dungeness crab pots may have the pot lid tie-down straps secured to the pot at one end by a single loop of untreated, 100 percent cotton twine no larger than 60 thread, or the pot lid must be secured so that, when the twine degrades, the lid will no longer be securely closed;

(ii) All king crab, Tanner crab, shrimp, miscellaneous shellfish and bottomfish pots may, instead of complying with paragraph (c)(2)(i) of this section, satisfy the following: a sidewall, which may include the tunnel, must contain an opening at least 18 inches in length, except that shrimp pots must contain an opening at least 6 inches in length. The opening must be laced, sewn, or secured together by a single length of treated or untreated twine, no larger than 36 thread. A galvanic timed-release device, designed to release in no more than 30 days in saltwater, must be integral to the length of twine so that, when the device releases, the twine will no longer secure or obstruct the opening of the pot. The twine may be knotted only at each end and at the attachment points on the galvanic timed-release device. The opening must be within 6 inches of the bottom of the pot and must be parallel with it. The twine may not be tied or looped around the web bars.

(3) For subsistence fishing for salmon, you may not use a gillnet exceeding 50 fathoms in length, unless otherwise specified in this section. The gillnet web must contain at least 30 filaments of equal diameter or at least 6 filaments, each of which must be at least 0.20 millimeter in diameter.

(4) Except as otherwise provided for in this section, you may not obstruct more than one-half the width of any stream with any gear used to take fish for subsistence uses.

(5) You may not use live nonindigenous fish as bait.

(6) You must have your first initial, last name, and address plainly and legibly inscribed on the side of your fish wheel facing midstream of the river.

(7) You may use kegs or buoys of any color but red on any permitted gear, except in the following areas where kegs or buoys of any color, including red, may be used:

- (i) Yukon-Northern Area; and
- (ii) Kuskokwim Area.

(8) You must have your first initial, last name, and address plainly and legibly inscribed on each keg, buoy, stakes attached to gillnets, stakes identifying gear fished under the ice, and any other unattended fishing gear which you use to take fish for subsistence uses.

(9) You may not use explosives or chemicals to take fish for subsistence uses.

(10) You may not take fish for subsistence uses within 300 feet of any dam, fish ladder, weir, culvert or other artificial obstruction, unless otherwise indicated.

(11) *Transactions between rural residents.* Rural residents may exchange in customary trade subsistence-harvested fish, their parts, or their eggs, legally taken under the regulations in this part, for cash from other rural residents. The Board may recognize regional differences and define customary trade differently for separate regions of the State.

(i) Bristol Bay Fishery Management Area—The total cash value per household of salmon taken within Federal jurisdiction in the Bristol Bay Fishery Management Area and exchanged in customary trade to rural residents may not exceed \$500.00 annually.

(ii) Upper Copper River District—The total number of salmon per household taken within the Upper Copper River District and exchanged in customary trade to rural residents may not exceed 50% of the annual harvest of salmon by the household. No more than 50% of the annual household limit may be sold under paragraphs 100.27(c)(11) and (12) when taken together. These customary trade sales must be immediately recorded on a customary trade recordkeeping form. The recording requirement and the responsibility to ensure the household limit is not exceeded rests with the seller.

(12) *Transactions between a rural resident and others.* In customary trade, a rural resident may trade fish, their

parts, or their eggs, legally taken under the regulations in this part, for cash from individuals other than rural residents if the individual who purchases the fish, their parts, or their eggs uses them for personal or family consumption. If you are not a rural resident, you may not sell fish, their parts, or their eggs taken under the regulations in this part. The Board may recognize regional differences and define customary trade differently for separate regions of the State.

(i) Bristol Bay Fishery Management Area—The total cash value per household of salmon taken within Federal jurisdiction in the Bristol Bay Fishery Management Area and exchanged in customary trade between rural residents and individuals other than rural residents may not exceed \$400.00 annually. These customary trade sales must be immediately recorded on a customary trade recordkeeping form. The recording requirement and the responsibility to ensure the household limit is not exceeded rest with the seller.

(ii) Upper Copper River District—The total cash value of salmon per household taken within the Upper Copper River District and exchanged in customary trade between rural residents and individuals other than rural residents may not exceed \$500.00 annually. No more than 50% of the annual household limit may be sold under paragraphs 100.27(c)(11) and (12) when taken together. These customary trade sales must be immediately recorded on a customary trade recordkeeping form. The recording requirement and the responsibility to ensure the household limit is not exceeded rest with the seller.

(13) *No sale to, nor purchase by, fisheries businesses.*

(i) You may not sell fish, their parts, or their eggs taken under the regulations in this part to any individual, business, or organization required to be licensed as a fisheries business under Alaska Statute AS 43.75.011 (commercial limited-entry permit or crew license holders excluded) or to any other business as defined under Alaska Statute 43.70.110(1) as part of its business transactions.

(ii) If you are required to be licensed as a fisheries business under Alaska

§ 100.27

50 CFR Ch. I (10–1–06 Edition)

Statute AS 43.75.011 (commercial limited-entry permit or crew license holders excluded) or are a business as defined under Alaska Statute 43.70.110(1), you may not purchase, receive, or sell fish, their parts, or their eggs taken under the regulations in this part as part of your business transactions.

(14) Except as provided elsewhere in this section, you may not take rainbow/steelhead trout.

(15) You may not use fish taken for subsistence use or under subsistence regulations in this part as bait for commercial or sport fishing purposes.

(16) [Reserved]

(17) Unless specified otherwise in this section, you may use a rod and reel to take fish without a subsistence fishing permit. Harvest limits applicable to the use of a rod and reel to take fish for subsistence uses shall be as follows:

(i) If you are required to obtain a subsistence fishing permit for an area, that permit is required to take fish for subsistence uses with rod and reel in that area. The harvest and possession limits for taking fish with a rod and reel in those areas are the same as indicated on the permit issued for subsistence fishing with other gear types;

(ii) Except as otherwise provided for in this section, if you are not required to obtain a subsistence fishing permit for an area, the harvest and possession limits for taking fish for subsistence uses with a rod and reel are the same as for taking fish under State of Alaska subsistence fishing regulations in those same areas. If the State does not have a specific subsistence season and/or harvest limit for that particular species, the limit shall be the same as for taking fish under State of Alaska sport fishing regulations.

(18) Unless restricted in this section, or unless restricted under the terms of a subsistence fishing permit, you may take fish for subsistence uses at any time.

(19) Provisions on ADF&G subsistence fishing permits that are more restrictive or in conflict with the provisions contained in this section do not apply to Federal subsistence users.

(20) You may not intentionally waste or destroy any subsistence-caught fish or shellfish; however, you may use for bait or other purposes, whitefish, her-

ring, and species for which harvest limits, seasons, or other regulatory methods and means are not provided in this section, as well as the head, tail, fins, and viscera of legally taken subsistence fish.

(21) The taking of fish from waters within Federal jurisdiction is authorized outside of published open seasons or harvest limits if the harvested fish will be used for food in traditional or religious ceremonies that are part of funerary or mortuary cycles, including memorial potlatches, provided that:

(i) Prior to attempting to take fish, the person (or designee) or Tribal Government organizing the ceremony contacts the appropriate Federal fisheries manager to provide the nature of the ceremony, the parties and/or clans involved, the species and the number of fish to be taken, and the Federal waters from which the harvest will occur;

(ii) The taking does not violate recognized principles of fisheries conservation, and uses the methods and means allowable for the particular species published in the applicable Federal regulations (the Federal fisheries manager will establish the number, species, or place of taking if necessary for conservation purposes);

(iii) Each person who takes fish under this section must, as soon as practical, and not more than 15 days after the harvest, submit a written report to the appropriate Federal fisheries manager, specifying the harvester's name and address, the number and species of fish taken, and the date and locations of the taking; and

(iv) No permit is required for taking under this section; however, the harvester must be eligible to harvest the resource under Federal regulations.

(d) [Reserved]

(e) *Fishing permits and reports.* (1) You may take salmon only under the authority of a subsistence fishing permit, unless a permit is specifically not required in a particular area by the subsistence regulations in this part, or unless you are retaining salmon from your commercial catch consistent with paragraph (f) of this section.

(2) The U.S. Fish and Wildlife Service Office of Subsistence Management may issue a permit to harvest fish for a

qualifying cultural/educational program to an organization that has been granted a Federal subsistence permit for a similar event within the previous 5 years. A qualifying program must have instructors, enrolled students, minimum attendance requirements, and standards for successful completion of the course. Applications must be submitted to the Office of Subsistence Management 60 days prior to the earliest desired date of harvest. Permits will be issued for no more than 25 fish per culture/education camp. Appeal of a rejected request can be made to the Federal Subsistence Board. Application for an initial permit for a qualifying cultural/educational program, for a permit when the circumstances have changed significantly, when no permit has been issued within the previous 5 years, or when there is a request for harvest in excess of that provided in this paragraph (e)(2), will be considered by the Federal Subsistence Board.

(3) If a subsistence fishing permit is required by this section, the following permit conditions apply unless otherwise specified in this section:

(i) You may not take more fish for subsistence use than the limits set out in the permit;

(ii) You must obtain the permit prior to fishing;

(iii) You must have the permit in your possession and readily available for inspection while fishing or transporting subsistence-taken fish;

(iv) If specified on the permit, you must record, prior to leaving the harvest site, daily records of the catch, showing the number of fish taken by species, location and date of catch, and other such information as may be required for management or conservation purposes; and

(v) If the return of catch information necessary for management and conservation purposes is required by a fishing permit and you fail to comply with such reporting requirements, you are ineligible to receive a subsistence permit for that activity during the following calendar year, unless you demonstrate that failure to report was due to loss in the mail, accident, sickness, or other unavoidable circumstances. You must also return any tags or

transmitters that have been attached to fish for management and conservation purposes.

(f) *Relation to commercial fishing activities.* (1) If you are a Federally-qualified subsistence user who also commercial fishes, you may retain fish for subsistence purposes from your lawfully-taken commercial catch.

(2) When participating in a commercial and subsistence fishery at the same time, you may not use an amount of combined fishing gear in excess of that allowed under the appropriate commercial fishing regulations.

(g) You may not possess, transport, give, receive, or barter subsistence-taken fish or their parts which have been taken contrary to Federal law or regulation or State law or regulation (unless superseded by regulations in this part).

(h) [Reserved]

(i) *Fishery management area restrictions.* (1) *Kotzebue Area.* The Kotzebue Area includes all waters of Alaska between the latitude of the westernmost tip of Point Hope and the latitude of the westernmost tip of Cape Prince of Wales, including those waters draining into the Chukchi Sea.

(i) You may take fish for subsistence purposes without a permit.

(ii) You may take salmon only by gillnets, beach seines, or a rod and reel.

(iii) In the Kotzebue District, you may take sheefish with gillnets that are not more than 50 fathoms in length, nor more than 12 meshes in depth, nor have a stretched-mesh size larger than 7 inches.

(iv) You may not obstruct more than one-half the width of a stream, creek, or slough with any gear used to take fish for subsistence uses, except from May 15 to July 15 and August 15 to October 31 when taking whitefish or pike in streams, creeks, or sloughs within the Kobuk River drainage and from May 15 to October 31 in the Selawik River drainage. Only one gillnet 100 feet or less in length with a stretched-mesh size from 2½ to 4½ inches may be used per site. You must check your net at least once in every 24-hour period.

(2) *Norton Sound-Port Clarence Area.* The Norton Sound-Port Clarence Area includes all waters of Alaska between the latitude of the westernmost tip of

§ 100.27

50 CFR Ch. I (10-1-06 Edition)

Cape Prince of Wales and the latitude of Point Romanof, including those waters of Alaska surrounding St. Lawrence Island and those waters draining into the Bering Sea.

(i) Unless otherwise restricted in this section, you may take fish at any time in the Port Clarence District.

(ii) In the Norton Sound District, you may take fish at any time except as follows:

(A) In Subdistricts 2 through 6, if you are a commercial fishermen, you may not fish for subsistence purposes during the weekly closures of the State commercial salmon fishing season, except that from July 15 through August 1, you may take salmon for subsistence purposes 7 days per week in the Unalakleet and Shaktoolik River drainages with gillnets which have a stretched-mesh size that does not exceed 4½ inches, and with beach seines;

(B) In the Unalakleet River from June 1 through July 15, you may take salmon only from 8 a.m. Monday until 8 p.m. Saturday.

(iii) You may take salmon only by gillnets, beach seines, fish wheel, or a rod and reel.

(iv) You may take fish other than salmon by set gillnet, drift gillnet, beach seine, fish wheel, pot, long line, fyke net, jigging gear, spear, lead, or a rod and reel.

(v) In the Unalakleet River from June 1 through July 15, you may not operate more than 25 fathoms of gillnet in the aggregate nor may you operate an unanchored gillnet.

(vi) Only one subsistence fishing permit will be issued to each household per year.

(3) *Yukon-Northern Area.* The Yukon-Northern Area includes all waters of Alaska between the latitude of Point Romanof and the latitude of the westernmost point of the Naskonat Peninsula, including those waters draining into the Bering Sea, and all waters of Alaska north of the latitude of the westernmost tip of Point Hope and west of 141° West longitude, including those waters draining into the Arctic Ocean and the Chukchi Sea.

(i) Unless otherwise restricted in this section, you may take fish in the Yukon-Northern Area at any time. You may subsistence fish for salmon with

rod and reel in the Yukon River drainage 24 hours per day, 7 days per week, unless rod and reel are specifically otherwise restricted in §100.27(i)(3).

(ii) For the Yukon River drainage, Federal subsistence fishing schedules, openings, closings, and fishing methods are the same as those issued for the subsistence taking of fish under Alaska Statutes (AS 16.05.060), unless superseded by a Federal Special Action.

(iii) In the following locations, you may take salmon during the open weekly fishing periods of the State commercial salmon fishing season and may not take them for 24 hours before the opening of the State commercial salmon fishing season:

(A) In District 4, excluding the Koyukuk River drainage;

(B) In Subdistricts 4B and 4C from June 15 through September 30, salmon may be taken from 6 p.m. Sunday until 6 p.m. Tuesday and from 6 p.m. Wednesday until 6 p.m. Friday;

(C) In District 6, excluding the Kantishna River drainage, salmon may be taken from 6 p.m. Friday until 6 p.m. Wednesday.

(iv) During any State commercial salmon fishing season closure of greater than five days in duration, you may not take salmon during the following periods in the following districts:

(A) In District 4, excluding the Koyukuk River drainage, salmon may not be taken from 6 p.m. Friday until 6 p.m. Sunday;

(B) In District 5, excluding the Tozitna River drainage and Subdistrict 5D, salmon may not be taken from 6 p.m. Sunday until 6 p.m. Tuesday.

(v) Except as provided in this section, and except as may be provided by the terms of a subsistence fishing permit, you may take fish other than salmon at any time.

(vi) In Districts 1, 2, 3, and Subdistrict 4A, excluding the Koyukuk and Innoko River drainages, you may not take salmon for subsistence purposes during the 24 hours immediately before the opening of the State commercial salmon fishing season.

(vii) In Districts 1, 2, and 3:

(A) After the opening of the State commercial salmon fishing season through July 15, you may not take

salmon for subsistence for 18 hours immediately before, during, and for 12 hours after each State commercial salmon fishing period;

(B) After July 15, you may not take salmon for subsistence for 12 hours immediately before, during, and for 12 hours after each State commercial salmon fishing period.

(viii) In Subdistrict 4A after the opening of the State commercial salmon fishing season, you may not take salmon for subsistence for 12 hours immediately before, during, and for 12 hours after each State commercial salmon fishing period; however, you may take Chinook salmon during the State commercial fishing season, with drift gillnet gear only, from 6 p.m. Sunday until 6 p.m. Tuesday and from 6 p.m. Wednesday until 6 p.m. Friday.

(ix) You may not subsistence fish in the following drainages located north of the main Yukon River:

(A) Kanuti River upstream from a point 5 miles downstream of the State highway crossing;

(B) Bonanza Creek;

(C) Jim River including Prospect and Douglas Creeks.

(x) You may not subsistence fish in the Delta River.

(xi) In Beaver Creek downstream from the confluence of Moose Creek, a gillnet with mesh size not to exceed 3-inches stretch-measure may be used from June 15 through September 15. You may subsistence fish for all non-salmon species but may not target salmon during this time period (retention of salmon taken incidentally to non-salmon directed fisheries is allowed). From the mouth of Nome Creek downstream to the confluence of Moose Creek, only rod and reel may be used. From the mouth of Nome Creek downstream to the confluence of O'Brien Creek, the daily harvest and possession limit is 5 grayling; from the mouth of O'Brien Creek downstream to the confluence of Moose Creek, the daily harvest and possession limit is 10 grayling. The Nome Creek drainage of Beaver Creek is closed to subsistence fishing for grayling.

(xii) You may not subsistence fish in the Toklat River drainage from August 15 through May 15.

(xiii) You may take salmon only by gillnet, beach seine, fish wheel, or rod and reel, subject to the restrictions set forth in this section.

(xiv) In District 4, if you are a commercial fisherman, you may not take salmon for subsistence purposes during the State commercial salmon fishing season using gillnets with stretched-mesh larger than 6-inches after a date specified by ADF&G emergency order issued between July 10 and July 31.

(xv) In Districts 4, 5, and 6, you may not take salmon for subsistence purposes by drift gillnets, except as follows:

(A) In Subdistrict 4A upstream from the mouth of Stink Creek, you may take Chinook salmon by drift gillnets less than 150 feet in length from June 10 through July 14, and chum salmon by drift gillnets after August 2;

(B) In Subdistrict 4A downstream from the mouth of Stink Creek, you may take Chinook salmon by drift gillnets less than 150 feet in length from June 10 through July 14;

(C) In the Yukon River mainstem, Subdistricts 4B and 4C with a Federal subsistence fishing permit, you may take Chinook salmon during the last 18-hour period of the weekly regulatory opening(s) by drift gillnets no more than 150 feet long and no more than 35 meshes deep, from June 10 through July 14.

(xvi) Unless otherwise specified in this section, you may take fish other than salmon and halibut by set gillnet, drift gillnet, beach seine, fish wheel, long line, fyke net, dip net, jigging gear, spear, lead, or rod and reel, subject to the following restrictions, which also apply to subsistence salmon fishing:

(A) During the open weekly fishing periods of the State commercial salmon fishing season, if you are a commercial fisherman, you may not operate more than one type of gear at a time, for commercial, personal use, and subsistence purposes;

(B) You may not use an aggregate length of set gillnet in excess of 150 fathoms and each drift gillnet may not exceed 50 fathoms in length;

(C) In Districts 4, 5, and 6, you may not set subsistence fishing gear within 200 feet of other operating commercial

use, personal use, or subsistence fishing gear except that, at the site approximately 1 mile upstream from Ruby on the south bank of the Yukon River between ADF&G regulatory markers containing the area known locally as the "Slide," you may set subsistence fishing gear within 200 feet of other operating commercial or subsistence fishing gear, and in District 4, from Old Paradise Village upstream to a point 4 miles upstream from Anvik, there is no minimum distance requirement between fish wheels;

(D) During the State commercial salmon fishing season, within the Yukon River and the Tanana River below the confluence of the Wood River, you may use drift gillnets and fish wheels only during open subsistence salmon fishing periods;

(E) In Birch Creek, gillnet mesh size may not exceed 3-inches stretch-measure from June 15 through September 15.

(xvii) In District 4, from September 21 through May 15, you may use jigging gear from shore ice.

(xviii) You must possess a subsistence fishing permit for the following locations:

(A) For the Yukon River drainage from the mouth of Hess Creek to the mouth of the Dall River;

(B) For the Yukon River drainage from the upstream mouth of 22 Mile Slough to the U.S.-Canada border;

(C) Only for salmon in the Tanana River drainage above the mouth of the Wood River.

(xix) Only one subsistence fishing permit will be issued to each household per year.

(xx) In Districts 1, 2, and 3, you may not possess Chinook salmon taken for subsistence purposes unless the dorsal fin has been removed immediately after landing.

(xxi) In the Yukon River drainage, Chinook salmon must be used primarily for human consumption and may not be targeted for dog food. Dried Chinook salmon may not be used for dog food anywhere in the Yukon River drainage. Whole fish unfit for human consumption (due to disease, deterioration, deformities), scraps, and small fish (16 inches or less) may be fed to dogs. Also, whole Chinook salmon

caught incidentally during a subsistence chum salmon fishery in the following time periods and locations may be fed to dogs:

(A) After July 10 in the Koyukuk River drainage;

(B) After August 10, in Subdistrict 5D, upstream of Circle City.

(4) *Kuskokwim Area*. The Kuskokwim Area consists of all waters of Alaska between the latitude of the westernmost point of Naskonat Peninsula and the latitude of the southernmost tip of Cape Newenham, including the waters of Alaska surrounding Nunivak and St. Matthew Islands and those waters draining into the Bering Sea.

(i) Unless otherwise restricted in this section, you may take fish in the Kuskokwim Area at any time without a subsistence fishing permit.

(ii) For the Kuskokwim area, Federal subsistence fishing schedules, openings, closings, and fishing methods are the same as those issued for the subsistence taking of fish under Alaska Statutes (AS 16.05.060), unless superseded by a Federal Special Action.

(iii) In District 1, Kuskokuak Slough, from June 1 through July 31 only, you may not take salmon for 16 hours before and during each State open commercial salmon fishing period in the district.

(iv) In Districts 4 and 5, from June 1 through September 8, you may not take salmon for 16 hours before or during, and for 6 hours after each State open commercial salmon fishing period in each district.

(v) In District 2, and anywhere in tributaries that flow into the Kuskokwim River within that district, from June 1 through September 8 you may not take salmon by net gear or fish wheel for 16 hours before or during, and for 6 hours after each open commercial salmon fishing period in the district. You may subsistence fish for salmon with rod and reel 24 hours per day, 7 days per week, unless rod and reel are specifically restricted by paragraph (i)(4) of this section.

(vi) You may not take subsistence fish by nets in the Goodnews River east of a line between ADF&G regulatory markers placed near the mouth of the Ufigag River and an ADF&G regulatory marker placed near the mouth of the

Tunulik River 16 hours before or during, and for 6 hours after each State open commercial salmon fishing period.

(vii) You may not take subsistence fish by nets in the Kanektok River upstream of ADF&G regulatory markers placed near the mouth 16 hours before or during, and for 6 hours after each State open commercial salmon fishing period.

(viii) You may not take subsistence fish by nets in the Arolik River upstream of ADF&G regulatory markers placed near the mouth 16 hours before or during, and for 6 hours after each State open commercial salmon fishing period.

(ix) You may only take salmon by gillnet, beach seine, fish wheel, or rod and reel subject to the restrictions set out in this section, except that you may also take salmon by spear in the Holitna, Kanektok, and Arolik River drainages, and in the drainage of Goodnews Bay.

(x) You may not use an aggregate length of set gillnets or drift gillnets in excess of 50 fathoms for taking salmon.

(xi) You may take fish other than salmon by set gillnet, drift gillnet, beach seine, fish wheel, pot, long line, fyke net, dip net, jigging gear, spear, lead, handline, or rod and reel.

(xii) You must attach to the bank each subsistence gillnet operated in tributaries of the Kuskokwim River and fish it substantially perpendicular to the bank and in a substantially straight line.

(xiii) Within a tributary to the Kuskokwim River in that portion of the Kuskokwim River drainage from the north end of Eek Island upstream to the mouth of the Kolmakoff River, you may not set or operate any part of a set gillnet within 150 feet of any part of another set gillnet.

(xiv) The maximum depth of gillnets is as follows:

(A) Gillnets with 6-inch or smaller stretched-mesh may not be more than 45 meshes in depth;

(B) Gillnets with greater than 6-inch stretched-mesh may not be more than 35 meshes in depth.

(xv) You may take halibut only by a single handheld line with no more than two hooks attached to it.

(xvi) You may not use subsistence set and drift gillnets exceeding 15 fathoms in length in Whitefish Lake in the Ophir Creek drainage. You may not operate more than one subsistence set or drift gillnet at a time in Whitefish Lake in the Ophir Creek drainage. You must check the net at least once every 24 hours.

(xvii) You may take rainbow trout only in accordance with the following restrictions:

(A) You may take rainbow trout only by the use of gillnets, dip nets, fyke nets, handline, spear, rod and reel, or jigging through the ice;

(B) You may not use gillnets, dip nets, or fyke nets for targeting rainbow trout from March 15 through June 15;

(C) If you take rainbow trout incidentally in other subsistence net fisheries and through the ice, you may retain them for subsistence purposes;

(D) There are no harvest limits with handline, spear, rod and reel, or jigging.

(5) *Bristol Bay Area.* The Bristol Bay Area includes all waters of Bristol Bay, including drainages enclosed by a line from Cape Newenham to Cape Menshikof.

(i) Unless restricted in this section, or unless under the terms of a subsistence fishing permit, you may take fish at any time in the Bristol Bay area.

(ii) In all State commercial salmon districts, from May 1 through May 31 and October 1 through October 31, you may subsistence fish for salmon only from 9 a.m. Monday until 9 a.m. Friday. From June 1 through September 30, within the waters of a commercial salmon district, you may take salmon only during State open commercial salmon fishing periods.

(iii) In the Egegik River from 9 a.m. June 23 through 9 a.m. July 17, you may take salmon only during the following times: from 9 a.m. Tuesday to 9 a.m. Wednesday and from 9 a.m. Saturday to 9 a.m. Sunday.

(iv) You may not take fish from waters within 300 feet of a stream mouth used by salmon.

(v) You may not subsistence fish with nets in the Tazimina River and within one-fourth mile of the terminus of those waters during the period from September 1 through June 14.

§ 100.27

50 CFR Ch. I (10-1-06 Edition)

(vi) Within any district, you may take salmon, herring, and capelin by drift and set gillnets only.

(vii) Outside the boundaries of any district, you may take salmon by set gillnet only, except that you may also take salmon by spear in the Togiak River, excluding its tributaries.

(viii) The maximum lengths for set gillnets used to take salmon are as follows:

(A) You may not use set gillnets exceeding 10 fathoms in length in the Egegik River;

(B) In the remaining waters of the area, you may not use set gillnets exceeding 25 fathoms in length.

(ix) You may not operate any part of a set gillnet within 300 feet of any part of another set gillnet.

(x) You must stake and buoy each set gillnet. Instead of having the identifying information on a keg or buoy attached to the gillnet, you may plainly and legibly inscribe your first initial, last name, and subsistence permit number on a sign at or near the set gillnet.

(xi) You may not operate or assist in operating subsistence salmon net gear while simultaneously operating or assisting in operating commercial salmon net gear.

(xii) During State closed commercial herring fishing periods, you may not use gillnets exceeding 25 fathoms in length for the subsistence taking of herring or capelin.

(xiii) You may take fish other than salmon, herring, capelin, and halibut by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(xiv) You may take salmon only under authority of a subsistence fishing permit.

(xv) Only one subsistence fishing permit for salmon may be issued to each household per year.

(xvi) In the Togiak River section and the Togiak River drainage, you may not possess coho salmon taken under the authority of a subsistence fishing permit unless both lobes of the caudal fin (tail) or the dorsal fin have been removed.

(xvii) You may take rainbow trout only by rod and reel or jigging gear. Rainbow trout daily harvest and pos-

session limits are 2 per day/2 in possession with no size limit from April 10 through October 31 and 5 per day/5 in possession with no size limit from November 1 through April 9.

(xviii) If you take rainbow trout incidentally in other subsistence net fisheries, or through the ice, you may retain them for subsistence purposes.

(6) *Aleutian Islands Area.* The Aleutian Islands Area includes all waters of Alaska west of the longitude of the tip of Cape Sarichef, east of 172° East longitude, and south of 54°36' North latitude.

(i) You may take fish other than salmon, rainbow/steelhead trout, or char at any time unless restricted under the terms of a subsistence fishing permit. If you take rainbow/steelhead trout incidentally in other subsistence net fisheries, you may retain them for subsistence purposes.

(ii) In the Unalaska District, you may take salmon for subsistence purposes from 6 a.m. until 9 p.m. from January 1 through December 31, except as may be specified on a subsistence fishing permit.

(iii) In the Adak, Akutan, Atka-Amlia, and Umnak Districts, you may take salmon at any time.

(iv) You may not subsistence fish for salmon in the following waters:

(A) The waters of Unalaska Lake, its tributaries and outlet stream;

(B) The waters of Summers and Morris Lakes and their tributaries and outlet streams;

(C) All streams supporting anadromous fish runs that flow into Unalaska Bay south of a line from the northern tip of Cape Cheerful to the northern tip of Kalekta Point;

(D) Waters of McLees Lake and its tributaries and outlet stream;

(E) All fresh water on Adak Island and Kagalaska Island in the Adak District.

(v) You may take salmon by seine and gillnet, or with gear specified on a subsistence fishing permit.

(vi) In the Unalaska District, if you fish with a net, you must be physically present at the net at all times when the net is being used.

(vii) You may take fish other than salmon by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(viii) You may take salmon, trout, and char only under the terms of a subsistence fishing permit, except that you do not need a permit in the Akutan, Umnak, and Atka-Amlia Islands Districts.

(ix) You may take no more than 250 salmon for subsistence purposes unless otherwise specified on the subsistence fishing permit, except that in the Unalaska and Adak Districts, you may take no more than 25 salmon plus an additional 25 salmon for each member of your household listed on the permit. You may obtain an additional permit.

(x) You must keep a record on the reverse side of the permit of subsistence-caught fish. You must complete the record immediately upon taking subsistence-caught fish and must return it no later than October 31.

(xi) The daily harvest limit for halibut is two fish, and the possession limit is two daily harvest limits. You may not possess sport-taken and subsistence-taken halibut on the same day.

(7) *Alaska Peninsula Area.* The Alaska Peninsula Area includes all waters of Alaska on the north side of the Alaska peninsula southwest of a line from Cape Menshikof (57°28.34' North latitude, 157°55.84' West longitude) to Cape Newenham (58°39.00' North latitude, 162° West longitude) and east of the longitude of Cape Sarichef Light (164°55.70' West longitude) and on the south side of the Alaska Peninsula from a line extending from Scotch Cape through the easternmost tip of Ugamak Island to a line extending 135° southeast from Kupreanof Point (55°33.98' North latitude, 159°35.88' West longitude).

(i) You may take fish, other than salmon, rainbow/steelhead trout, or char, at any time unless restricted under the terms of a subsistence fishing permit. If you take rainbow/steelhead trout incidentally in other subsistence net fisheries or through the ice, you may retain them for subsistence purposes.

(ii) You may take salmon, trout, and char only under the authority of a subsistence fishing permit.

(iii) You must keep a record on the reverse side of the permit of subsistence-caught fish. You must complete the record immediately upon taking subsistence-caught fish and must return it no later than October 31.

(iv) You may take salmon at any time, except in those districts and sections open to commercial salmon fishing where salmon may not be taken during the 24 hours before and 12 hours following each State open weekly commercial salmon fishing period, or as may be specified on a subsistence fishing permit.

(v) You may not subsistence fish for salmon in the following waters:

(A) Russell Creek and Nurse Lagoon and within 500 yards outside the mouth of Nurse Lagoon;

(B) Trout Creek and within 500 yards outside its mouth.

(vi) You may take salmon by seine, gillnet, rod and reel, or with gear specified on a subsistence fishing permit.

(vii) You may take fish other than salmon by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(viii) You may not use a set gillnet exceeding 100 fathoms in length.

(ix) You may take halibut for subsistence purposes only by a single handheld line with no more than two hooks attached.

(x) You may take no more than 250 salmon for subsistence purposes unless otherwise specified on your subsistence fishing permit.

(xi) The daily harvest limit for halibut is two fish and the possession limit is two daily harvest limits. You may not possess sport-taken and subsistence-taken halibut on the same day.

(8) *Chignik Area.* The Chignik Area includes all waters of Alaska on the south side of the Alaska Peninsula bounded by a line extending 135° southeast for 3 miles from a point near Kilokak Rocks at 57°10.34' North latitude, 156°20.22' West longitude (the longitude of the southern entrance to Imuya Bay) then due south, and a line extending 135° southeast from

§ 100.27

50 CFR Ch. I (10-1-06 Edition)

Kupreanof Point at 55°33.98' North latitude, 159°35.88' West longitude.

(i) You may take fish other than salmon, rainbow/steelhead trout, or char at any time, except as may be specified by a subsistence fishing permit. For salmon, Federal subsistence fishing openings, closings and fishing methods are the same as those issued for the subsistence taking of fish under Alaska Statutes (AS 16.05.060), unless superseded by a Federal Special Action. If you take rainbow/steelhead trout incidentally in other subsistence net fisheries, you may retain them for subsistence purposes.

(ii) You may not take salmon in the Chignik River, from a point 300 feet upstream of the ADF&G weir to Chignik Lake from July 1 through August 31. You may not take salmon in Black Lake or any tributary to Black or Chignik Lakes.

(iii) You may take salmon, trout, and char only under the authority of a subsistence fishing permit.

(iv) You must keep a record on your permit of subsistence-caught fish. You must complete the record immediately upon taking subsistence-caught fish and must return it no later than October 31.

(v) If you hold a commercial fishing license, you may only subsistence fish for salmon as specified on a State subsistence salmon fishing permit.

(vi) You may take salmon by seines, gillnets, rod and reel, or with gear specified on a subsistence fishing permit, except that in Chignik Lake, you may not use purse seines.

(vii) You may take fish other than salmon by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(viii) You may take halibut for subsistence purposes only by a single handheld line with no more than two hooks attached.

(ix) You may take no more than 250 salmon for subsistence purposes unless otherwise specified on the subsistence fishing permit.

(x) The daily harvest limit for halibut is two fish, and the possession limit is two daily harvest limits. You may not possess sport-taken and subsistence-taken halibut on the same day.

(9) *Kodiak Area.* The Kodiak Area includes all waters of Alaska south of a line extending east from Cape Douglas (58°51.10' North latitude), west of 150° West longitude, north of 55°30.00' North latitude, and north and east of a line extending 135° southeast for three miles from a point near Kilokak Rocks at 57°10.34' North latitude, 156°20.22' West longitude (the longitude of the southern entrance of Imuya Bay), then due south.

(i) You may take fish other than salmon, rainbow/steelhead trout, char, bottomfish, or herring at any time unless restricted by the terms of a subsistence fishing permit. If you take rainbow/steelhead trout incidentally in other subsistence net fisheries, you may retain them for subsistence purposes.

(ii) You may take salmon for subsistence purposes 24 hours a day from January 1 through December 31, with the following exceptions:

(A) From June 1 through September 15, you may not use salmon seine vessels to take subsistence salmon for 24 hours before or during, and for 24 hours after any State open commercial salmon fishing period. The use of skiffs from any type of vessel is allowed;

(B) From June 1 through September 15, you may use purse seine vessels to take salmon only with gillnets, and you may have no other type of salmon gear on board the vessel.

(iii) You may not subsistence fish for salmon in the following locations:

(A) Womens Bay closed waters—all waters inside a line from the tip of the Nyman Peninsula (57°43.23' North latitude, 152°31.51' West longitude), to the northeastern tip of Mary's Island (57°42.40' North latitude, 152°32.00' West longitude), to the southeastern shore of Womens Bay at 57°41.95' North latitude, 152°31.50' West longitude;

(B) Buskin River closed waters—all waters inside of a line running from a marker on the bluff north of the mouth of the Buskin River at approximately 57°45.80' North latitude, 152°28.38' West longitude, to a point offshore at 57°45.35' North latitude, 152°28.15' West longitude, to a marker located onshore south of the river mouth at approximately 57°45.15' North latitude, 152°28.65' West longitude;

**U.S. Fish and Wildlife Serv., Interior**

**§ 100.27**

(C) All waters closed to commercial salmon fishing within 100 yards of the terminus of Selief Bay Creek;

(D) In Afognak Bay north and west of a line from the tip of Last Point to the tip of River Mouth Point;

(E) From August 15 through September 30, all waters 500 yards seaward of the terminus of Little Kitoi Creek;

(F) All fresh water systems of Afognak Island.

(iv) You must have a subsistence fishing permit for taking salmon, trout, and char for subsistence purposes. You must have a subsistence fishing permit for taking herring and bottomfish for subsistence purposes during the State commercial herring sac roe season from April 15 through June 30.

(v) With a subsistence salmon fishing permit you may take 25 salmon plus an additional 25 salmon for each member of your household whose names are listed on the permit. You may obtain an additional permit if you can show that more fish are needed.

(vi) You must record on your subsistence permit the number of subsistence fish taken. You must complete the record immediately upon landing subsistence-caught fish, and must return it by February 1 of the year following the year the permit was issued.

(vii) You may take fish other than salmon and halibut by gear listed in this part unless restricted under the terms of a subsistence fishing permit.

(viii) You may take salmon only by gillnet, rod and reel, or seine.

(ix) You must be physically present at the net when the net is being fished.

(x) You may take halibut only by a single handheld line with not more than two hooks attached to it.

(xi) The daily harvest limit for halibut is two fish, and the possession limit is two daily harvest limits. You may not possess sport-taken and subsistence-taken halibut on the same day.

(10) *Cook Inlet Area.* The Cook Inlet Area includes all waters of Alaska enclosed by a line extending east from Cape Douglas (58°51'06" North latitude) and a line extending south from Cape Fairfield (148°50'15" West longitude).

(i) Unless restricted in this section, or unless restricted under the terms of

a subsistence fishing permit, you may take fish at any time in the Cook Inlet Area. If you take rainbow/steelhead trout incidentally in other subsistence net fisheries, you may retain them for subsistence purposes.

(ii) You may not take grayling or burbot for subsistence purposes.

(iii) You may take fish by gear listed in this part unless restricted in this section or under the terms of a subsistence fishing permit (as may be modified by this section).

(iv) You may only take salmon, trout, Dolly Varden, and other char under authority of a Federal subsistence fishing permit. Seasons, harvest and possession limits, and methods and means for take are the same as for the taking of those species under Alaska sport fishing regulations (5 AAC 56).

(v) You may only take smelt with dip nets in fresh water from April 1 through June 15. There are no harvest or possession limits for smelt.

(vi) Gillnets may not be used in fresh water, except for the taking of whitefish in the Tyone River drainage.

(11) *Prince William Sound Area.* The Prince William Sound Area includes all waters and drainages of Alaska between the longitude of Cape Fairfield and the longitude of Cape Suckling.

(i) You may take fish, other than rainbow/steelhead trout, in the Prince William Sound Area only under authority of a subsistence fishing permit, except that a permit is not required to take eulachon. You may not take rainbow/steelhead trout, except as otherwise provided for in this §100.27(i)(11).

(A) In the Prince William Sound Area within Chugach National Forest and in the Copper River drainage downstream of Haley Creek you may accumulate Federal subsistence fishing harvest limits with harvest limits under State of Alaska sport fishing regulations provided that accumulation of fishing harvest limits does not occur during the same day.

(B) You may accumulate harvest limits of salmon authorized for the Copper River drainage upstream from Haley Creek with harvest limits for salmon authorized under State of Alaska sport fishing regulations.

(ii) You may take fish by gear listed in paragraph (c)(1) of this part unless

**§ 100.27**

**50 CFR Ch. I (10-1-06 Edition)**

restricted in this section or under the terms of a subsistence fishing permit.

(iii) If you catch rainbow/steelhead trout incidentally in other subsistence net fisheries, you may retain them for subsistence purposes, unless restricted in this section.

(iv) In the Copper River drainage, you may take salmon only in the waters of the Upper Copper River District, or in the vicinity of the Native Village of Batzulnetas.

(v) In the Upper Copper River District, you may take salmon only by fish wheels, rod and reel, or dip nets.

(vi) Rainbow/steelhead trout and other freshwater fish caught incidentally to salmon by fish wheel in the Upper Copper River District may be retained.

(vii) Freshwater fish other than rainbow/steelhead trout caught incidentally to salmon by dip net in the Upper Copper River District may be retained. Rainbow/steelhead trout caught incidentally to salmon by dip net in the Upper Copper River District must be released unharmed to the water.

(viii) You may not possess salmon taken under the authority of an Upper Copper River District subsistence fishing permit, or rainbow/steelhead trout caught incidentally to salmon by fish wheel, unless the anal (ventral) fin has been immediately removed from the fish. You must immediately record all retained fish on the subsistence permit. Immediately means prior to concealing the fish from plain view or transporting the fish more than 50 feet from where the fish was removed from the water.

(ix) You may take salmon in the Upper Copper River District from May 15 through September 30 only.

(x) The total annual harvest limit for subsistence salmon fishing permits in combination for the Glennallen Subdistrict and the Chitina Subdistrict is as follows:

(A) For a household with 1 person, 30 salmon, of which no more than 5 may be Chinook salmon taken by dip net and no more than 5 Chinook taken by rod and reel;

(B) For a household with 2 persons, 60 salmon, of which no more than 5 may be Chinook salmon taken by dip net and no more than 5 Chinook taken by

rod and reel, plus 10 salmon for each additional person in a household over 2 persons, except that the household's limit for Chinook salmon taken by dip net or rod and reel does not increase;

(C) Upon request, permits for additional salmon will be issued for no more than a total of 200 salmon for a permit issued to a household with 1 person, of which no more than 5 may be Chinook salmon taken by dip net and no more than 5 Chinook taken by rod and reel, or no more than a total of 500 salmon for a permit issued to a household with 2 or more persons, of which no more than 5 may be Chinook salmon taken by dip net and no more than 5 Chinook taken by rod and reel.

(xi) The following apply to Upper Copper River District subsistence salmon fishing permits:

(A) Only one subsistence fishing permit per subdistrict will be issued to each household per year. If a household has been issued permits for both subdistricts in the same year, both permits must be in your possession and readily available for inspection while fishing or transporting subsistence-taken fish in either subdistrict. A qualified household may also be issued a Batzulnetas salmon fishery permit in the same year;

(B) Multiple types of gear may be specified on a permit, although only one unit of gear may be operated at any one time;

(C) You must return your permit no later than October 31 of the year in which the permit is issued, or you may be denied a permit for the following year;

(D) A fish wheel may be operated only by one permit holder at one time; that permit holder must have the fish wheel marked as required by Section 100.27(i)(11) and during fishing operations;

(E) Only the permit holder and the authorized member of the household listed on the subsistence permit may take salmon;

(F) You must personally operate your fish wheel or dip net;

(G) You may not loan or transfer a subsistence fish wheel or dip net permit except as permitted.

(xii) If you are a fish wheel owner:

**U.S. Fish and Wildlife Serv., Interior**

**§ 100.27**

(A) You must register your fish wheel with ADF&G or the Federal Subsistence Board;

(B) Your registration number and a wood, metal, or plastic plate at least 12 inches high by 12 inches wide bearing either your name and address, or your Alaska driver's license number, or your Alaska State identification card number in letters and numerals at least 1 inch high, must be permanently affixed and plainly visible on the fish wheel when the fish wheel is in the water;

(C) Only the current year's registration number may be affixed to the fish wheel; you must remove any other registration number from the fish wheel;

(D) You must check your fish wheel at least once every 10 hours and remove all fish;

(E) You are responsible for the fish wheel; you must remove the fish wheel from the water at the end of the permit period;

(F) You may not rent, lease, or otherwise use your fish wheel used for subsistence fishing for personal gain.

(xiii) If you are operating a fish wheel:

(A) You may operate only one fish wheel at any one time;

(B) You may not set or operate a fish wheel within 75 feet of another fish wheel;

(C) No fish wheel may have more than two baskets;

(D) If you are a permittee other than the owner, you must attach an additional wood, metal, or plastic plate at least 12 inches high by 12 inches wide, bearing your name and address in letters and numerals at least 1 inch high, to the fish wheel so that the name and address are plainly visible.

(xiv) A subsistence fishing permit may be issued to a village council, or other similarly qualified organization whose members operate fish wheels for subsistence purposes in the Upper Copper River District, to operate fish wheels on behalf of members of its village or organization. The following additional provisions apply to subsistence fishing permits issued under this paragraph (i)(11)(xiv):

(A) The permit will list all households and household members for whom the fish wheel is being operated. The permit will identify a person who

will be responsible for each fish wheel in a similar manner to a fish wheel owner as described in paragraph (i)(11)(xii) of this section;

(B) The allowable harvest may not exceed the combined seasonal limits for the households listed on the permit; the permittee will notify the ADF&G or Federal Subsistence Board when households are added to the list, and the seasonal limit may be adjusted accordingly;

(C) Members of households listed on a permit issued to a village council or other similarly qualified organization are not eligible for a separate household subsistence fishing permit for the Upper Copper River District;

(D) The permit will include provisions for recording daily catches for each fish wheel; location and number of fish wheels; full legal name of the individual responsible for the lawful operation of each fish wheel as described in paragraph (i)(11)(xii) of this section; and other information determined to be necessary for effective resource management.

(xv) You may take salmon in the vicinity of the former Native village of Batzulnetas only under the authority of a Batzulnetas subsistence salmon fishing permit available from the National Park Service under the following conditions:

(A) You may take salmon only in those waters of the Copper River between National Park Service regulatory markers located near the mouth of Tanada Creek and approximately one-half mile downstream from that mouth and in Tanada Creek between National Park Service regulatory markers identifying the open waters of the creek;

(B) You may use only fish wheels, dip nets, and rod and reel on the Copper River and only dip nets, spears, fyke nets, and rod and reel in Tanada Creek. One fyke net and associated lead may be used in Tanada Creek upstream of the National Park Service weir;

(C) You may take salmon only from May 15 through September 30 or until the season is closed by special action;

(D) You may retain Chinook salmon taken in a fish wheel in the Copper River. You must return to the water

§ 100.27

50 CFR Ch. I (10-1-06 Edition)

unharmed any Chinook salmon caught in Tanada Creek;

(E) You must return the permit to the National Park Service no later than October 15;

(F) You may only use a fyke net after consultation with the in-season manager. You must be present when the fyke net is actively fishing. You may take no more than 1,000 sockeye salmon in Tanada Creek with a fyke net;

(xvi) You may take pink salmon for subsistence purposes from fresh water with a dip net from May 15 until September 30, 7 days per week, with no harvest or possession limits in the following areas:

(A) Green Island, Knight Island, Chenega Island, Bainbridge Island, Evans Island, Elrington Island, Latouche Island, and adjacent islands, and the mainland waters from the outer point of Granite Bay located in Knight Island Passage to Cape Fairfield;

(B) Waters north of a line from Porcupine Point to Granite Point, and south of a line from Point Lowe to Tongue Point.

(12) *Yakutat Area*. The Yakutat Area includes all waters and drainages of Alaska between the longitude of Cape Suckling and the longitude of Cape Fairweather.

(i) Unless restricted in this section or unless restricted under the terms of a subsistence fishing permit, you may take fish at any time in the Yakutat Area.

(ii) You may not take salmon during the period commencing 48 hours before a State opening of commercial salmon net fishing season and ending 48 hours after the closure. This applies to each river or bay fishery individually.

(iii) When the length of the weekly State commercial salmon net fishing period exceeds two days in any Yakutat Area salmon net fishery, the subsistence fishing period is from 6 a.m. to 6 p.m. on Saturday in that location.

(iv) You may take salmon, trout (other than steelhead), and char only under authority of a subsistence fishing permit. You may take steelhead trout only in the Situk and Ahrnklin Rivers and only under authority of a Federal subsistence fishing permit.

(v) If you take salmon, trout, or char incidentally by gear operated under the terms of a subsistence permit for salmon, you may retain them for subsistence purposes. You must report any salmon, trout, or char taken in this manner on your permit calendar.

(vi) You may take fish by gear listed in this part unless restricted in this section or under the terms of a subsistence fishing permit. In areas where use of rod and reel is allowed, you may use artificial fly, lure, or bait when fishing with rod and reel, unless restricted by Federal permit. If you use bait, you must retain all Federally-regulated fish species caught, and they apply to your applicable daily and annual harvest limits for that species. For streams with steelhead, once your daily or annual limit of steelhead is harvested, you may no longer fish with bait for any species.

(vii) In the Situk River, each subsistence salmon fishing permit holder shall attend his or her gillnet at all times when it is being used to take salmon.

(viii) You may block up to two-thirds of a stream with a gillnet or seine used for subsistence fishing.

(ix) You must immediately remove both lobes of the caudal (tail) fin from subsistence-caught salmon when taken.

(x) You may not possess subsistence-taken and sport-taken salmon on the same day.

(xi) You must possess a subsistence fishing permit to take Dolly Varden. The daily harvest and possession limit is 10 Dolly Varden of any size.

(13) *Southeastern Alaska Area*. The Southeastern Alaska Area includes all waters between a line projecting southwest from the westernmost tip of Cape Fairweather and Dixon Entrance.

(i) Unless restricted in this section or under the terms of a subsistence fishing permit, you may take fish other than salmon, trout, grayling, and char in the Southeastern Alaska Area at any time.

(ii) You must possess a subsistence fishing permit to take salmon, trout, grayling, or char. You must possess a subsistence fishing permit to take eulachon from any freshwater stream flowing into fishing Sections 1C or 1D.

(iii) In the Southeastern Alaska Area, a rainbow trout is defined as a

fish of the species *Oncorhynchus mykiss* less than 22 inches in overall length. A steelhead is defined as a rainbow trout with an overall length of 22 inches or larger.

(iv)(A) In areas where use of rod and reel is allowed, you may use artificial fly, lure, or bait when fishing with rod and reel, unless restricted by Federal permit. If you use bait, you must retain all Federally-regulated fish species caught, and they apply to your applicable daily, seasonal, and annual harvest limits for that species. For streams with steelhead, once your daily, seasonal, or annual limit of steelhead is harvested, you may no longer fish with bait for any species.

(B) Unless otherwise specified in this § 100.27(i)(13), allowable gear for salmon or steelhead is restricted to gaffs, spears, gillnets, seines, dip nets, cast nets, handlines, or rod and reel.

(v) Unless otherwise specified in this § 100.27(i)(13), you may use a handline for snagging salmon or steelhead.

(vi) You may fish with a rod and reel within 300 feet of a fish ladder unless the site is otherwise posted by the USDA Forest Service. You may not fish from, on, or in a fish ladder.

(vii) You may accumulate annual Federal subsistence harvest limits authorized for the Southeastern Alaska Area with harvest limits authorized under State of Alaska sport fishing regulations.

(viii) If you take salmon, trout, or char incidentally with gear operated under terms of a subsistence permit for other salmon, they may be kept for subsistence purposes. You must report any salmon, trout, or char taken in this manner on your subsistence fishing permit.

(ix) No permits for the use of nets will be issued for the salmon streams flowing across or adjacent to the road systems within the city limits of Petersburg, Wrangell, and Sitka.

(x) You must immediately remove both lobes of the caudal (tail) fin of subsistence-caught salmon when taken.

(xi) You may not possess subsistence-taken and sport-taken salmon on the same day.

(xii) If a harvest limit is not otherwise listed for sockeye in this § 100.27(i)(13), the harvest limit for

sockeye salmon is the same as provided for State subsistence or personal use fisheries. If a harvest limit is not established for the State subsistence or personal use fisheries, the possession limit is 10 sockeye and the annual harvest limit is 20 sockeye per household for that stream.

(xiii) For the Salmon Bay Lake system, the daily harvest and season limit per household is 30 sockeye salmon.

(xiv) For Virginia Lake (Mill Creek), the daily harvest limit per household is 20 sockeye salmon, and the season limit per household is 40 sockeye salmon.

(xv) For Thoms Creek, the daily harvest limit per household is 20 sockeye salmon, and the season limit per household is 40 sockeye salmon.

(xvi) The Sarkar River system above the bridge is closed to the use of all nets by both Federally-qualified and non-Federally-qualified users.

(xvii) Only Federally-qualified subsistence users may harvest sockeye salmon in streams draining into Falls Lake Bay, Gut Bay, or Bay of Pillars. In the Falls Lake Bay and Gut Bay drainages, the possession limit is 10 sockeye salmon per household.

(xviii) From July 7 through July 31, you may take sockeye salmon in the waters of the Klawock River and Klawock Lake only from 8 a.m. Monday until 5 p.m. Friday.

(xix) You may take Chinook, sockeye, and coho salmon in the mainstem of the Stikine River only under the authority of a Federal subsistence fishing permit. Each Stikine River permit will be issued to a household and will be valid for 15 days. Permits may be revalidated for additional 15-day periods. Only dip nets, spears, gaffs, rod and reel, beach seine, or gillnets not exceeding 15 fathoms in length may be used. The maximum gillnet mesh size is 5½-inches, except during the Chinook season when the maximum gillnet mesh size is 8 inches.

(A) You may take Chinook salmon from May 15 through June 20. The annual limit is 5 Chinook salmon per household.

(B) You may take sockeye salmon from June 21 through July 31. The annual limit is 40 sockeye salmon per household.

**§ 100.28**

**50 CFR Ch. I (10-1-06 Edition)**

(C) You may take coho salmon from August 15 through October 1. The annual limit is 20 coho salmon per household.

(D) You may retain other salmon taken incidentally by gear operated under terms of this permit. The incidentally taken salmon must be reported on your permit calendar.

(E) The total annual guideline harvest level for the Stikine River fishery is 125 Chinook, 600 sockeye, and 400 coho salmon. All salmon harvested, including incidentally taken salmon, will count against the guideline for that species.

(xx) You may take coho salmon under the terms of a subsistence fishing permit, except in the Stikine and Taku Rivers. There is no closed season. The daily harvest limit is 20 coho salmon per household. Only dip nets, spears, gaffs, handlines, and rod and reel may be used.

(xxi) Unless noted on a Federal subsistence harvest permit, there are no harvest limits for pink or chum salmon.

(xxii) Unless otherwise specified in this §100.27(i)(13), you may take steelhead under the terms of a subsistence fishing permit. The open season is January 1 through May 31. The daily household harvest and possession limit is one with an annual household limit of two. You may only use a dip net, gaff, handline, spear, or rod and reel. The permit conditions and systems to receive special protection will be determined by the local Federal fisheries manager in consultation with ADF&G.

(xxiii) You may take steelhead trout on Prince of Wales and Kosciusko Islands under the terms of Federal subsistence fishing permits. You must obtain a separate permit for the winter and spring seasons.

(A) The winter season is December 1 through the last day of February, with a harvest limit of 2 fish per household. You may use only a dip net, handline, spear, or rod and reel. The winter season may be closed when the harvest level cap of 100 steelhead for Prince of Wales/Kosciusko Islands has been reached. You must return your winter season permit within 15 days of the close of the season and before receiving another permit for a Prince of Wales/

Kosciusko steelhead subsistence fishery. The permit conditions and systems to receive special protection will be determined by the local Federal fisheries manager in consultation with ADF&G.

(B) The spring season is March 1 through May 31, with a harvest limit of 5 fish per household. You may use only a dip net, handline, spear, or rod and reel. The spring season may be closed prior to May 31 if the harvest quota of 600 fish minus the number of steelhead harvested in the winter subsistence steelhead fishery is reached. You must return your spring season permit within 15 days of the close of the season and before receiving another permit for a Prince of Wales/Kosciusko steelhead subsistence fishery. The permit conditions and systems to receive special protection will be determined by the local Federal fisheries manager in consultation with ADF&G.

(xxiv) In addition to the requirement for a Federal subsistence fishing permit, the following restrictions for the harvest of Dolly Varden, brook trout, grayling, cutthroat, and rainbow trout apply:

(A) The daily household harvest and possession limit is 20 Dolly Varden; there is no closed season or size limit;

(B) The daily household harvest and possession limit is 20 brook trout; there is no closed season or size limit;

(C) The daily household harvest and possession limit is 20 grayling; there is no closed season or size limit;

(D) The daily household harvest limit is 6 and the household possession limit is 12 cutthroat or rainbow trout in combination; there is no closed season or size limit;

(E) You may only use a rod and reel;

(F) The permit conditions and systems to receive special protection will be determined by the local Federal fisheries manager in consultation with ADF&G.

EFFECTIVE DATE NOTE: At 71 FR 15577, Mar. 29, 2006, §100.27 was added, effective Apr. 1, 2006 through Mar. 31, 2007.

**§100.28 Subsistence taking of shellfish.**

(a) Regulations in this section apply to subsistence taking of Dungeness crab, king crab, Tanner crab, shrimp,

clams, abalone, and other shellfish or their parts.

(b) [Reserved]

(c) You may take shellfish for subsistence uses at any time in any area of the public lands by any method unless restricted by this section.

(d) *Methods, means, and general restrictions.* (1) The harvest limit specified in this section for a subsistence season for a species and the State harvest limit set for a State season for the same species are not cumulative. This means that if you have taken the harvest limit for a particular species under a subsistence season specified in this section, you may not, after that, take any additional shellfish of that species under any other harvest limit specified for a State season.

(2) Unless otherwise provided in this section or under terms of a required subsistence fishing permit (as may be modified by this section), you may use the following legal types of gear to take shellfish:

- (i) Abalone iron;
- (ii) Diving gear;
- (iii) A grappling hook;
- (iv) A handline;
- (v) A hydraulic clam digger;
- (vi) A mechanical clam digger;
- (vii) A pot;
- (viii) A ring net;
- (ix) A scallop dredge;
- (x) A sea urchin rake;
- (xi) A shovel; and
- (xii) A trawl.

(3) You are prohibited from buying or selling subsistence-taken shellfish, their parts, or their eggs, unless otherwise specified.

(4) You may not use explosives and chemicals, except that you may use chemical baits or lures to attract shellfish.

(5) Marking requirements for subsistence shellfish gear are as follows:

(i) You must plainly and legibly inscribe your first initial, last name, and address on a keg or buoy attached to unattended subsistence fishing gear, except when fishing through the ice, when you may substitute for the keg or buoy a stake inscribed with your first initial, last name, and address inserted in the ice near the hole; subsistence fishing gear may not display a permanent ADF&G vessel license number;

(ii) Kegs or buoys attached to subsistence crab pots also must be inscribed with the name or United States Coast Guard number of the vessel used to operate the pots.

(6) Pots used for subsistence fishing must comply with the escape mechanism requirements found in §100.27(c)(2).

(7) You may not mutilate or otherwise disfigure a crab in any manner which would prevent determination of the minimum size restrictions until the crab has been processed or prepared for consumption.

(e) *Taking shellfish by designated harvest permit.* (1) Any species of shellfish that may be taken by subsistence fishing under this part may be taken under a designated harvest permit.

(2) If you are a Federally-qualified subsistence user (beneficiary), you may designate another Federally-qualified subsistence user to take shellfish on your behalf. The designated fisherman must obtain a designated harvest permit prior to attempting to harvest shellfish and must return a completed harvest report. The designated fisherman may harvest for any number of beneficiaries but may have no more than two harvest limits in his/her possession at any one time.

(3) The designated fisherman must have in possession a valid designated harvest permit when taking, attempting to take, or transporting shellfish taken under this section, on behalf of a beneficiary.

(4) You may not fish with more than one legal limit of gear as established by this section.

(5) You may not designate more than one person to take or attempt to take shellfish on your behalf at one time. You may not personally take or attempt to take shellfish at the same time that a designated fisherman is taking or attempting to take shellfish on your behalf.

(f) If a subsistence shellfishing permit is required by this section, the following conditions apply unless otherwise specified by the subsistence regulations in this section:

(1) You may not take shellfish for subsistence in excess of the limits set out in the permit unless a different limit is specified in this section;

§ 100.28

50 CFR Ch. I (10-1-06 Edition)

(2) You must obtain a permit prior to subsistence fishing;

(3) You must have the permit in your possession and readily available for inspection while taking or transporting the species for which the permit is issued;

(4) The permit may designate the species and numbers of shellfish to be harvested, time and area of fishing, the type and amount of fishing gear and other conditions necessary for management or conservation purposes;

(5) If specified on the permit, you must keep accurate daily records of the catch involved, showing the number of shellfish taken by species, location and date of the catch, and such other information as may be required for management or conservation purposes;

(6) You must complete and submit subsistence fishing reports at the time specified for each particular area and fishery;

(7) If the return of catch information necessary for management and conservation purposes is required by a subsistence fishing permit and you fail to comply with such reporting requirements, you are ineligible to receive a subsistence permit for that activity during the following calendar year, unless you demonstrate that failure to report was due to loss in the mail, accident, sickness, or other unavoidable circumstances.

(g) *Subsistence take by commercial vessels.* No fishing vessel which is commercially licensed and registered for shrimp pot, shrimp trawl, king crab, Tanner crab, or Dungeness crab fishing may be used for subsistence take during the period starting 14 days before an opening and ending 14 days after the closure of a respective open season in the area or areas for which the vessel is registered. However, if you are a commercial fisherman, you may retain shellfish for your own use from your lawfully taken commercial catch.

(h) You may not take or possess shellfish smaller than the minimum legal size limits.

(i) *Unlawful possession of subsistence shellfish.* You may not possess, transport, give, receive, or barter shellfish or their parts taken in violation of Federal or State regulations.

(j)(1) An owner, operator, or employee of a lodge, charter vessel, or other enterprise that furnishes food, lodging, or guide services may not furnish to a client or guest of that enterprise, shellfish that has been taken under this section, unless:

(i) The shellfish has been taken with gear deployed and retrieved by the client or guest who is a Federally-qualified subsistence user;

(ii) The gear has been marked with the client's or guest's name and address; and

(iii) The shellfish is to be consumed by the client or guest or is consumed in the presence of the client or guest.

(2) The captain and crewmembers of a charter vessel may not deploy, set, or retrieve their own gear in a subsistence shellfish fishery when that vessel is being chartered.

(k) *Subsistence shellfish areas and pertinent restrictions.* (1) *Southeastern Alaska-Yakutat Area.* No marine waters are currently identified under Federal subsistence management jurisdiction.

(2) *Prince William Sound Area.* No marine waters are currently identified under Federal subsistence management jurisdiction.

(3) *Cook Inlet Area.* (i) You may take shellfish for subsistence purposes only as allowed in this section (k)(3).

(ii) You may not take king crab, Dungeness crab, or shrimp for subsistence purposes.

(iii) In the subsistence taking of Tanner crab:

(A) Male Tanner crab may be taken only from July 15 through March 15;

(B) The daily harvest and possession limit is 5 male Tanner crabs;

(C) Only male Tanner crabs 5½ inches or greater in width of shell may be taken or possessed;

(D) No more than 2 pots per person, regardless of type, with a maximum of 2 pots per vessel, regardless of type, may be used to take Tanner crab.

(iv) In the subsistence taking of clams:

(A) The daily harvest and possession limit for littleneck clams is 1,000 and the minimum size is 1.5 inches in length;

(B) The daily harvest and possession limit for butter clams is 700 and the minimum size is 2.5 inches in length.

(v) Other than as specified in this section, there are no harvest, possession, or size limits for other shellfish, and the season is open all year.

(4) *Kodiak Area.* (i) You may take crab for subsistence purposes only under the authority of a subsistence crab fishing permit issued by the ADF&G.

(ii) The operator of a commercially licensed and registered shrimp fishing vessel must obtain a subsistence fishing permit from the ADF&G before subsistence shrimp fishing during a State closed commercial shrimp fishing season or within a closed commercial shrimp fishing district, section, or subsection. The permit must specify the area and the date the vessel operator intends to fish. No more than 500 pounds (227 kg) of shrimp may be in possession aboard the vessel.

(iii) The daily harvest and possession limit is 12 male Dungeness crabs per person; only male Dungeness crabs with a shell width of 6½ inches or greater may be taken or possessed. Taking of Dungeness crab is prohibited in water 25 fathoms or more in depth during the 14 days immediately before the State opening of a commercial king or Tanner crab fishing season in the location.

(iv) In the subsistence taking of king crab:

(A) The annual limit is six crabs per household; only male king crab with shell width of 7 inches or greater may be taken or possessed;

(B) All crab pots used for subsistence fishing and left in saltwater unattended longer than a 2-week period must have all bait and bait containers removed and all doors secured fully open;

(C) You may only use one crab pot, which may be of any size, to take king crab;

(D) You may take king crab only from June 1 through January 31, except that the subsistence taking of king crab is prohibited in waters 25 fathoms or greater in depth during the period 14 days before and 14 days after State open commercial fishing seasons for red king crab, blue king crab, or Tanner crab in the location;

(E) The waters of the Pacific Ocean enclosed by the boundaries of Womens

Bay, Gibson Cove, and an area defined by a line ½ mile on either side of the mouth of the Karluk River, and extending seaward 3,000 feet, and all waters within 1,500 feet seaward of the shoreline of Afognak Island are closed to the harvest of king crab except by Federally-qualified subsistence users.

(v) In the subsistence taking of Tanner crab:

(A) You may not use more than five crab pots to take Tanner crab;

(B) You may not take Tanner crab in waters 25 fathoms or greater in depth during the 14 days immediately before the opening of a State commercial king or Tanner crab fishing season in the location;

(C) The daily harvest and possession limit per person is 12 male crabs with a shell width 5½ inches or greater.

(5) *Alaska Peninsula-Aleutian Islands Area.* (i) The operator of a commercially licensed and registered shrimp fishing vessel must obtain a subsistence fishing permit from the ADF&G prior to subsistence shrimp fishing during a closed State commercial shrimp fishing season or within a closed commercial shrimp fishing district, section, or subsection; the permit must specify the area and the date the vessel operator intends to fish; no more than 500 pounds (227 kg) of shrimp may be in possession aboard the vessel.

(ii) The daily harvest and possession limit is 12 male Dungeness crabs per person; only crabs with a shell width of 5½ inches or greater may be taken or possessed.

(iii) In the subsistence taking of king crab:

(A) The daily harvest and possession limit is six male crabs per person; only crabs with a shell width of 6½ inches or greater may be taken or possessed;

(B) All crab pots used for subsistence fishing and left in saltwater unattended longer than a 2-week period must have all bait and bait containers removed and all doors secured fully open;

(C) You may take crabs only from June 1 through January 31.

(iv) The daily harvest and possession limit is 12 male Tanner crabs per person; only crabs with a shell width of 5½ inches or greater may be taken or possessed.

(6) *Bering Sea Area.* (i) In that portion of the area north of the latitude of Cape Newenham, shellfish may only be taken by shovel, jigging gear, pots, and ring net.

(ii) The operator of a commercially licensed and registered shrimp fishing vessel must obtain a subsistence fishing permit from the ADF&G prior to subsistence shrimp fishing during a closed commercial shrimp fishing season or within a closed commercial shrimp fishing district, section, or subsection; the permit must specify the area and the date the vessel operator intends to fish; no more than 500 pounds (227 kg) of shrimp may be in possession aboard the vessel.

(iii) In waters south of 60° North latitude, the daily harvest and possession limit is 12 male Dungeness crabs per person.

(iv) In the subsistence taking of king crab:

(A) In waters south of 60° North latitude, the daily harvest and possession limit is six male crabs per person;

(B) All crab pots used for subsistence fishing and left in saltwater unattended longer than a 2-week period must have all bait and bait containers removed and all doors secured fully open;

(C) In waters south of 60° North latitude, you may take crab only from June 1 through January 31;

(D) In the Norton Sound Section of the Northern District, you must have a subsistence permit.

(v) In waters south of 60° North latitude, the daily harvest and possession limit is 12 male Tanner crabs.
