Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27.....	as of April 1
Title 28 through Title 41.....	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2006), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 2001, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, 1973–1985, or 1986–2000, published in 11 separate volumes. For the period beginning January 1, 2001, a “List of CFR Sections Affected” is published at the end of each CFR volume.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

- (a) The incorporation will substantially reduce the volume of material published in the Federal Register.
- (b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.
- (c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

Properly approved incorporations by reference in this volume are listed in the Finding Aids at the end of this volume.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of textual material appearing in the Code of Federal Regulations.

§ 1200.3 Proposals.

(a) An order may be proposed by any organization certified pursuant to the Act or any interested person affected by the Act, including the Secretary. Any person or organization other than the Secretary proposing an order shall file with the Administrator a written application, together with a copy of the proposal, requesting the Secretary to hold a hearing upon the proposal. Upon receipt of such proposal, the Administrator shall cause such investigation to be made and such consideration to be given as, in the Administrator's opinion, are warranted. If the investigation and consideration lead the Administrator to conclude that the proposed order will not tend to effectuate the declared policy of the Act, or that for other proper reasons a hearing should not be held on the proposal, the Administrator shall deny the application, and promptly notify the applicant of such denial, which notice shall be accompanied by a brief statement of the grounds for the denial.

(b) If the investigation and consideration lead the Administrator to conclude that the proposed order will tend to effectuate the declared policy of the Act, or if the Secretary desires to propose an order, the Administrator shall sign and cause to be served a notice of hearing, as provided herein.

(a) *Filing and contents of the notice of hearing.* The proceeding shall be instituted by filing the notice of hearing with the hearing clerk. The notice of hearing shall contain a reference to the authority under which the order is proposed; shall define the scope of the hearing as specifically as may be practicable; shall contain either the terms or substance of the proposed order or a description of the subjects and issues involved; and shall state the time and place of such hearing, and the place

where copies of such proposed order may be obtained or examined. The time of the hearing shall not be less than 15 days after the date of publication of the notice in the FEDERAL REGISTER, as provided herein, unless the Administrator shall determine that an emergency exists which requires a shorter period of notice, in which case the period of notice shall be that which the Administrator may determine to be reasonable in the circumstances: Except that in the case of hearings on amendments to an order, the time of the hearing may be less than 15 days but shall not be less than three days after the date of publication in the FEDERAL REGISTER.

(b) *Giving notice of hearing and supplemental publicity.* (1) The Administrator shall give or cause to be given notice of hearing in the following manner:

(i) By publication of the notice of hearing in the FEDERAL REGISTER;

(ii) By mailing a copy of the notice of hearing to each organization known by the Administrator to be interested therein;

(iii) By issuing a press release containing the complete text or a summary of the contents of the notice of hearing and making the same available to such newspapers as, in the Administrator's discretion, are best calculated to bring the notice to the attention of the persons interested therein; and

(iv) By forwarding copies of the notice of hearing addressed to those Governors of the States and executive heads of territories and possessions of the United States and the mayor of the District of Columbia that are directly affected by such order.

(2) Legal notice of the hearing shall be deemed to be given if notice is given in the manner provided by paragraph (b)(1)(i) of this section; failure to give notice in the manner provided in paragraphs (b)(2) (ii), (iii), and (iv) of this section shall not affect the legality of the notice.

(c) *Record of notice and supplemental publicity.* There shall be filed with the hearing clerk or submitted to the judge at the hearing an affidavit or certificate of the person giving the notice provided in paragraphs (b)(1) (iii) and (iv) of this section. In regard to the

Agricultural Marketing Service, USDA

§ 1200.9

provisions relating to mailing in paragraph (b)(1)(ii) of this section, determination by the Administrator that such provisions have been complied with shall be filed with the hearing clerk or submitted to the judge at the hearing. In the alternative, if notice is not given in the manner provided in paragraphs (b)(1) (ii), (iii), and (iv) of this section there shall be filed with the hearing clerk or submitted to the judge at the hearing a determination by the Administrator that such notice is impracticable, unnecessary, or contrary to the public interest with a brief statement of the reasons for such determination. Determinations by the Administrator as herein provided shall be final.

§ 1200.6 Docket number.

Each proceeding, immediately following its institution, shall be assigned a docket number by the hearing clerk and thereafter the proceeding may be referred to by such number.

§ 1200.7 Judge.

(a) *Assignment.* No judge who has any pecuniary interest in the outcome of a proceeding shall serve as judge in such proceeding.

(b) *Power of judge.* Subject to review by the Secretary, as provided elsewhere in this subpart, the judge in any proceeding shall have power to:

- (1) Rule upon motions and requests;
- (2) Change the time and place of hearings, and adjourn the hearing from time to time or from place to place;
- (3) Administer oaths and affirmations and take affidavits;
- (4) Examine and cross-examine witnesses and receive evidence;
- (5) Admit or exclude evidence;
- (6) Hear oral argument on facts or law; and
- (7) Do all acts and take all measures necessary for the maintenance of order at the hearings and the efficient conduct of the proceeding.

(c) *Who may act in absence of judge.* In case of the absence of the judge or the judge's inability to act, the powers and duties to be performed by the judge under this part in connection with a proceeding may, without abatement of the proceeding unless otherwise or-

dered by the Secretary, be assigned to any other judge.

(d) *Disqualification of judge.* The judge may at any time withdraw as judge in a proceeding if such judge deems himself or herself to be disqualified. Upon the filing by an interested person in good faith of a timely and sufficient affidavit of personal bias or disqualification of a judge, the Secretary shall determine the matter as a part of the record and decision in the proceeding, after making such investigation or holding such hearings, or both, as the Secretary may deem appropriate in the circumstances.

§ 1200.8 Motions and requests.

(a) *General.* (1) All motions and requests shall be filed with the hearing clerk, except that those made during the course of the hearing may be filed with the judge or may be stated orally and made a part of the transcript.

(2) Except as provided in §1200.17(b) such motions and requests shall be addressed to, and ruled on by, the judge if made prior to certification of the transcript pursuant to §1200.11 or by the Secretary if made thereafter.

(b) *Certification to Secretary.* The judge may, in his or her discretion, submit or certify to the Secretary for decision any motion, request, objection, or other question addressed to the judge.

§ 1200.9 Conduct of the hearing.

(a) *Time and place.* The hearing shall be held at the time and place fixed in the notice of hearing, unless the judge shall have changed the time or place, in which event the judge shall file with the hearing clerk a notice of such change, which notice shall be given in the same manner as provided in §1200.5 (relating to the giving of notice of the hearing): Except that if the change in time or place of hearing is made less than five days prior to the date previously fixed for the hearing, the judge either in addition to or in lieu of causing the notice of the change to be given, shall announce, or cause to be announced, the change at the time and place previously fixed for the hearing.

(b) *Appearances—(1) Right to appear.* At the hearing, any interested person

§ 1200.9

shall be given an opportunity to appear, either in person or through authorized counsel or representative, and to be heard with respect to matters relevant and material to the proceeding. Any interested person who desires to be heard in person at any hearing under these rules shall, before proceeding to testify, state his or her name, address, and occupation. If any such person is appearing through a counsel or representative, such person or such counsel or representative shall, before proceeding to testify or otherwise to participate in the hearing, state for the record the authority to act as such counsel or representative, and the names, addresses, and occupations of such person and such counsel or representative. Any such person or such counsel or representative shall give such other information respecting such appearance as the judge may request.

(2) *Debarment of counsel or representative.* (i) Whenever, while a proceeding is pending before the judge, such judge finds that a person, acting as counsel or representative for any person participating in the proceeding, is guilty of unethical or unprofessional conduct, the judge may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: Except that the judge may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or representative.

(ii) In case the judge has ordered that a person be precluded from further action as counsel or representative in the proceeding, the judge within a reasonable time thereafter shall submit to the Secretary a report of the facts and circumstances surrounding such order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter the Secretary may, after notice and an opportunity for hearing, issue such order respecting the appearance of such person as counsel or representative in pro-

7 CFR Ch. XI (1-1-06 Edition)

ceedings before the Secretary as the Secretary finds to be appropriate.

(3) *Failure to appear.* If any interested person fails to appear at the hearing, that person shall be deemed to have waived the right to be heard in the proceeding.

(c) *Order of procedure.* (1) The judge shall, at the opening of the hearing prior to the taking of testimony, have noted as part of the record the notice of hearing as filed with the Office of the Federal Register and the affidavit or certificate of the giving of notice or the determination provided for in §1200.5(c).

(2) Evidence shall then be received with respect to the matters specified in the notice of the hearing in such order as the judge shall announce.

(d) *Evidence—(1) General.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

(i) Every witness shall, before proceeding to testify, be sworn or make affirmation. Cross-examination shall be permitted to the extent required for a full and true disclosure of the facts.

(ii) When necessary, in order to prevent undue prolongation of the hearing, the judge may limit the number of times any witness may testify to the same matter or the amount of corroborative or cumulative evidence.

(iii) The judge shall, insofar as practicable, exclude evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to any other ruling of the judge during the hearing, such party shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the judge. The transcript shall not include argument or debate thereon except as ordered by the judge. The ruling of the judge on any objection shall be a part of the transcript. Only objections made before the judge may subsequently be relied upon in the proceeding.

(3) *Proof and authentication of official records or documents.* An official record or document, when admissible for any

purpose, shall be admissible as evidence without the presence of the person who made or prepared the same. The judge shall exercise discretion in determining whether an official publication of such record or document shall be necessary, or whether a copy would be permissible. If permissible such a copy should be attested to by the person having legal custody of it, and accompanied by a certificate that such person has the custody.

(4) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon satisfactory showing of authenticity, relevancy, and materiality, be numbered as exhibits and received in evidence and made a part of the record. Such exhibits shall be submitted in quadruplicate and in documentary form. In case the required number of copies is not made available, the judge shall exercise discretion as to whether said exhibits shall, when practicable, be read in evidence or whether additional copies shall be required to be submitted within a time to be specified by the judge. If the testimony of a witness refers to a statute, or to a report or document (including the record of any previous hearing), the judge, after inquiry relating to the identification of such statute, report, or document, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an exhibit, or whether it shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is embraced in a report or document (including the record of any previous hearing) containing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the judge.

(5) *Official notice.* Official notice at the hearing may be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific, or commercial fact of established character: Except that interested persons shall be given an adequate period of time, at the hearing or subsequent to it, of matters so noticed and shall be

given adequate opportunity to show that such facts are inaccurate or are erroneously noticed.

(6) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript if the Secretary decides that the judge's ruling in excluding the evidence was erroneous. The judge shall not allow the insertion of such evidence in toto if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the judge erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

§ 1200.10 Oral and written arguments.

(a) *Oral argument before the judge.* Oral argument before the judge shall be in the discretion of the judge. Such argument, when permitted, may be limited by the judge to any extent that the judge finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(b) *Briefs, proposed findings, and conclusions.* The judge shall announce at the hearing a reasonable period of time within which interested persons may file with the hearing clerk proposed findings and conclusions, and written arguments or briefs, based upon the evidence received at the hearing, citing, where practicable, the page or pages of the transcript of the testimony where such evidence appears. Factual material other than that adduced at the hearing or subject to official notice shall not be alluded to therein, and, in any case, shall not be considered in the formulation of the order. If the person filing a brief desires the Secretary to consider any objection made by such person to a ruling of the judge, as provided in §1200.9(d), that person shall include in the brief a

concise statement concerning each such objection, referring, where practicable, to the pertinent pages of the transcript.

§ 1200.11 Certification of the transcript.

The judge shall notify the hearing clerk of the close of a hearing as soon as possible thereafter and of the time for filing written arguments, briefs, proposed findings, and proposed conclusions and shall furnish the hearing clerk with such other information as may be necessary. As soon as possible after the hearing, the judge shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. The judge shall attach to the original transcript of the testimony a certificate stating that, to the best of the judge's knowledge and belief, the transcript is a true transcript of the testimony given at the hearing, except in such particulars as the judge shall specify, and that the exhibits transmitted are all the exhibits as introduced at the hearing with such exceptions as the judge shall specify. A copy of such certificate shall be attached to each of the copies of the transcript of testimony. In accordance with such certificate the hearing clerk shall note upon the official record copy, and cause to be noted on other copies of the transcript, each correction detailed therein by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate place any words necessary to make the same conform to the correct meaning, as certified by the judge. The hearing clerk shall obtain and file certifications to the effect that such corrections have been effectuated in copies other than the official record copy.

§ 1200.12 Copies of the transcript.

(a) During the period in which the proceeding has an active status in the Department, a copy of the transcript and exhibits shall be kept on file in the office of the hearing clerk where it shall be available for examination during official hours of business. Thereafter said transcript and exhibits shall

(b) *Contents.* The Administrator's recommended decision shall include: (1) a preliminary statement containing a description of the history of the proceedings, a brief explanation of the material issues of fact, law, or discretion presented on the record, and proposed findings and conclusions about such issues, including the reasons or basis for such proposed findings; (2) a ruling upon each proposed finding or conclusion submitted by interested persons; and (3) an appropriate proposed order effectuating the Administrator's recommendations.

Such exceptions shall be in writing, shall refer, where practicable, to the related pages of the transcript, and may suggest appropriate changes in the proposed order.

(d) *Omission of recommended decision.* The procedure provided in this section may be omitted only if the Secretary finds on the basis of the record that due and timely execution of the Secretary's functions imperatively and unavoidably requires such omission.

§ 1200.15 Decision by the Secretary.

After due consideration of the record, the Secretary shall render a decision. Such decision shall become a part of the record and shall include: (a) a statement of findings and conclusions, including the reasons or basis for such findings, upon all the material issues of fact, law, or discretion presented on the record, (b) a ruling upon each proposed finding and proposed conclusion not previously ruled upon in the record, (c) a ruling upon each exception filed by interested persons, and (d) either (1) denial of the proposal to issue an order, or (2) if the findings upon the record so warrant, an order, the provisions of which shall be set forth and such order shall be complete except for its effective date and any determinations to be made under §1200.16: *Except that* such order shall not be executed, issued, or made effective until and unless the Secretary determines that the requirements of § 1200.16 have been met.

§ 1200.16 Execution of the order.

(a) *Issuance of the order.* The Secretary shall, if the Secretary finds that it will tend to effectuate the purposes of the Act, issue and make effective the order which was filed as part of the Secretary's decision pursuant to §1200.15: *Except that* the issuance of such order shall have been approved or favored by eligible voters as required by the applicable Act.

All rulings made pursuant to this paragraph shall be filed with the hearing clerk.

(c) *Effective date of filing.* Any document or paper required or authorized in this subpart to be filed shall be deemed to be filed at the time it is received by the Hearing Clerk.

(b) Before the start of the sign-up period, USDA shall mail a request form to each known, eligible, cotton importer. Importers who wish to request a referendum and who do not receive a request form in the mail by June 3, 2002, may participate in the sign-up period by submitting a signed, written request for a continuance referendum, along with a copy of a U.S. Customs form 7501 showing payment of a cotton assessment for calendar year 2001. It is the responsibility of the person to provide the information needed by the county FSA office to determine eligibility. It is not the responsibility of the county FSA office to obtain this information. CERTIFICATION OF COTTON PRODUCER ORGANIZATION

§ 1205.341 Certification of cotton producer organization.

Any cotton producer organization within a cotton-producing State may request the Secretary for certification of eligibility to participate in nominating members and alternate members to represent such State on the Cotton Board. Such eligibility shall be

§ 1205.342

(a) Geographic territory within the State covered by the organization's active membership;

(b) Nature and size of the organization's active membership in the State, proportion of total of such active membership accounted for by farmers, a map showing the cotton-producing counties in such State in which the organization has members, the volume of cotton produced in each such county, the number of cotton producers in each such county, and the size of the organization's active cotton producer membership in each such county;

(c) The extent to which the cotton producer membership of such organization is represented in setting the organization's policies;

(d) Evidence of stability and permanency of the organization;

(e) Sources from which the organization's operating funds are derived;

(f) Functions of the organization; and

(g) The organization's ability and willingness to further the aims and objectives of the act.

The primary consideration in determining the eligibility of an organization shall be whether its cotton producer membership consists of a sufficiently large number of cotton producers who produce a relatively significant volume of cotton to reasonably warrant its participation in the nomination of members for the Cotton Board. Any cotton producer organization found eligible by the Secretary under this §1205.341 will be certified by the Secretary, and the Secretary's determination as to eligibility is final.

(d) Sources from which the organization's operating funds are derived;

(e) Functions of the organization; and

(f) The organization's ability and willingness to further the aims and objectives of the Act.

The primary consideration in determining the eligibility of an organization shall be whether its membership consist of a sufficient large number of cotton importers who import a relatively significant volume of cotton to reasonably warrant its participation in the nomination of members for the Cotton Board. Any importer organization found eligible by the Secretary under this §1205.342 will be certified by the Secretary, and the Secretary's determination as to eligibility is final.

(b) *Director.* *Director* means the Director of the Cotton Division.

[32 FR 1084, Jan. 31, 1967, as amended at 41 FR 37092, Sept. 2, 1976]

§ 1205.402 Determination of Cotton Board membership.

(a) In determining whether any cotton-producing state is entitled to be represented by more than one member of the Cotton Board as provided in §1205.322, average annual production of Upland cotton in terms of 480-pound net weight bales for the five most recent marketing years will be used as the criteria for determination of such additional members.

(b) In determining whether importers of cotton and cotton-containing products are entitled to be represented by more than a minimum of two members on the Cotton Board as provided in §1205.322, the average annual volume of imported cotton and the cotton content of imported products on which assessments have been collected will be used as the criteria for determination of such additional members. This volume of cotton will be expressed in terms of 480-pound net weight bales for the five most recent calendar years. The initial importer representation on the Board shall consist of four importer representatives.

(c) All members appointed from a state will be entitled to serve a full three-year term even though it is determined in a subsequent year that a state should have fewer additional members by using the average production of the five most recent marketing

years as specified in paragraph (a) of this section.

(d) All members appointed to represent importers will be entitled to serve a full three-year term even though it is determined in a subsequent year that importers should be represented by fewer additional members by using the average volume of imports of cotton and the cotton content of products on which assessments have been collected as specified in paragraph (b) of this section.

(e) Each year the Director shall:

(1) Based on the average annual production of Upland cotton in terms of 480-pound net weight bales for the five most recent marketing years, notify all certified cotton producer organizations in each cotton-producing state of the number of vacancies to be filled by cotton producers on the Cotton Board; and

(2) Based on the average annual volume of imports of cotton and the cotton content of cotton-containing products on which assessments as provided for in §1205.335 have been collected in terms of 480-pound net weight bales for the five most recent calendar years, notify all certified cotton importer organizations of the number of vacancies to be filled by cotton importers on the Cotton Board.

[56 FR 65980, Dec. 20, 1991]

§ 1205.403 Nomination procedure.

(a) The Director shall notify all certified producer organizations within each cotton-producing state and all certified importer organizations of the location, date, and time of the caucus for nominating producer and importer representatives for the Cotton Board as specified in §1205.324. The Director will designate a representative from the Cotton Division to attend the caucus meeting of cotton producer organizations in each state, and of cotton importer organizations. Each eligible cotton producer organization within each cotton-producing state and each importer organization will be entitled to only one representative at the caucus for the purpose of nominating two qualified persons for each member and for each alternate member to be selected. The representative of a cotton producer organization shall be a cotton

Agricultural Marketing Service, USDA

§ 1205.500

producer and resident of such state, an officer or member of the Board of Directors of such organization, and duly and unqualifiedly authorized in writing by such organization to make nominations on its behalf. The representative of an importer organization shall be an importer of cotton and/or products containing cotton, an officer or member of the Board of Directors of such organization, and duly and unqualifiedly authorized in writing by such organization to make nominations on its behalf. The representative of the Director designated to attend the caucus meeting of cotton producer organizations in each state and of cotton importer organizations will ascertain the qualifications and eligibility of each representative of a cotton producer organization or cotton importer organization to participate in said meeting and to make nominations.

(b) Each caucus will be conducted as follows:

(1) The representative from the Cotton Division will act as temporary chairperson and will explain the procedure for nominations and the duties of the Cotton Board;

(2) The representatives in attendance from the certified organizations will then select a chairperson and secretary;

(3) At each caucus there will be presented for nomination and there will be nominated not less than the number of nominees required under the provisions of §§ 1205.322, 1205.324, and 1205.402.

ASSESSMENTS

§ 1205.510 Levy of assessments.

(a) *Producer assessments.* An assessment of \$1 per bale for cotton research and promotion is hereby levied on each bale of Upland cotton that is produced from cotton harvested and ginned except cotton consumed by any governmental agency from its own production. Such assessment shall be payable and collected only once on each bale.

(1) A supplemental assessment for cotton research and promotion in addition to the \$1 per bale assessment provided for in paragraph (a) of this section, is hereby levied on each bale of Upland cotton harvested and ginned except cotton consumed by any governmental agency from its own production. The supplemental assessment rate shall be levied at the rate of five-tenths of one percent of:

(i) The current value of the cotton multiplied by the number of pounds of lint cotton or;

(ii) The current value of the cotton converted to a fixed amount per bale as reflected in the following assessment chart:

ASSESSMENT CHART ¹

Current value (cents per pound)	Supplemental Assessment, dollars per bale
.00 to 9.99	0.15
10.00 to 19.9940
20.00 to 29.9965
30.00 to 39.9990
40.00 to 49.99	1.15
50.00 to 59.99	1.40
60.00 to 69.99	1.65
70.00 to 79.99	1.90
80.00 to 89.99	2.15
90.00 to 99.99	2.40
100.00 to 109.99	2.65
110.00 to 119.99	2.90

¹ Assessment is calculated on 5/10 of 1 percent of the midpoint of each 10¢ increment, based on a 500 lb. bale and converted to a fixed amount per bale.

(2) Each marketing year the collecting handler must select one of the two options for collecting the supplemental assessment as provided in paragraph (a)(1) of this section. The handler shall notify the Cotton Board as to the method selected at the time the handler files the first handler report each marketing year.

Agricultural Marketing Service, USDA

§ 1205.510

(b) *Importer assessment.* An assessment for cotton research and promotion of \$1 per bale is hereby levied on each bale of cotton, or the bale equivalent thereof for cotton in cotton-containing products identified in the HTS conversion factor table in paragraph (b)(3) of this section and imported into the United States on or after July 31, 1992. The \$1 per bale assessment shall be converted to a fixed amount per kilogram to facilitate the U.S. Customs Service in collecting this assessment.

(1) A supplemental assessment for cotton research and promotion in addition to the \$1 per bale assessment provided for in paragraph (b) of this section is hereby levied on each bale of cotton or bale equivalent of cotton in cotton-containing products, identified in this subpart, imported into the United States on or after July 31, 1992. The supplemental assessment shall be levied at the rate of five-tenths of one percent of the historical value of cotton as determined by the Secretary and expressed in paragraph (b)(2) of this section. The rate of the supplemental assessment on imported cotton will be the same as that levied on cotton produced within the United States. The supplemental assessment will be calculated as a fixed amount per kilogram and added to the \$1 per bale or bale equivalent assessment to facilitate the Customs Service in collecting assessments.

(2) The 12-month average of monthly weighted average prices received by U.S. farmers will be calculated annually. Such weighted average will be used as the value of imported cotton for the purpose of levying the supplemental assessment on imported cotton and will be expressed in kilograms. The value of imported cotton for the purpose of levying this supplemental assessment is \$0.8267 per kilogram.

(3) The following table contains Harmonized Tariff Schedule (HTS) classification numbers and corresponding conversion factors and assessments. The left column of the following table indicates the HTS classifications of imported cotton and cotton-containing products subject to assessment. The center column indicates the conversion factor for determining the raw fiber

content for each kilogram of the HTS. HTS numbers for raw cotton have no conversion factor in the table. The right column indicates the total assessment per kilogram of the article assessed.

(i) Any line item entry of cotton appearing on Customs entry documentation in which the value of the cotton contained therein results in the calculation of an assessment of two dollars (\$2.00) or less will not be subject to assessments as described in this section.

(ii) In the event that any HTS number subject to assessment is changed and such change is merely a replacement of a previous number and has no impact on the physical properties, description, or cotton content of the product involved, assessments will continue to be collected based on the new number.

§ 1205.519 Organic exemption.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (h) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for an exemption under this section, an eligible cotton producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before the beginning of the crop year as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified in paragraph (a) of this section for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells cotton. The handler shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(f) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic cotton and 100 percent organic cotton products—on a form provided by the Board—at any time initially and annually thereafter as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic cotton and cotton products bearing this HTS classification assigned by the Board will not be subject to assessments.

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR

205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

§ 1206.51

§ 1206.43 Exemptions.

(a) Any first handler or importer of less than 500,000 pounds of mangos per calendar year may claim an exemption from the assessments required under § 1206.42. Mangos produced domestically and exported from the United States may annually claim an exemption from the assessments required under § 1206.42.

(b) A first handler or importer desiring an exemption shall apply to the Board, on a form provided by the Board, for a certificate of exemption. A first handler shall certify that the first handler will handle less than 500,000 pounds of domestic mangos for the fiscal period for which the exemption is claimed. An importer shall certify that the importer will import less than 500,000 pounds of mangos during the fiscal period for which the exemption is claimed.

(c) Upon receipt of an application, the Board shall determine whether an exemption may be granted. The Board then will issue, if deemed appropriate, a certificate of exemption to each person who is eligible to receive one. It is the responsibility of these persons to retain a copy of the certificate of exemption.

(d) Importers who receive a certificate of exemption shall be eligible for reimbursement of assessments collected by Customs. These importers shall apply to the Board for reimbursement of any assessments paid. No interest will be paid on the assessments collected by Customs. Requests for reimbursement shall be submitted to the Board within 90 days of the last day of the calendar year the mangos were actually imported.

(e) Any person who desires an exemption from assessments for a subsequent calendar year shall reapply to the Board, on a form provided by the Board, for a certificate of exemption.

(f) The Board may require persons receiving an exemption from assessments to provide to the Board reports on the disposition of exempt mangos and, in the case of importers, proof of payment of assessments.

PROMOTION, RESEARCH, AND INFORMATION

(2) The establishment and conduct of research with respect to: the use, nutritional value and benefits, sale, distribution, and marketing of mangos in the United States; the creation of new products thereof, to the end that the marketing and use of mangos in the United States may be encouraged, expanded, improved, or made more acceptable; and to advance the image, desirability, or quality of mangos in the United States.

(b) No program, plan, or project shall be implemented prior to its approval by the Department. Once a program, plan, or project is so approved, the Board shall take appropriate steps to implement it.

(c) Each program, plan, or project implemented under this subpart shall be reviewed or evaluated periodically by the Board to ensure that it contributes to an effective program of promotion, research, or information. If it is found by the Board that any such program, plan, or project does not contribute to an effective program of promotion, research, or information, then the Board shall terminate such program, plan, or project.

(d) No program, plan, or project including advertising shall be false or misleading or disparaging to another agricultural commodity. Mangos of all origins shall be treated equally.

Only those persons having a specific need for such information to effectively administer the provisions of this subpart shall have access to such information. Only such information so obtained as the Secretary deems relevant shall be disclosed by them, and then only in a judicial proceeding or administrative hearing brought at the direction, or on the request, of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving this subpart. The Order shall continue if it is favored by a majority of the first handlers and importers voting who, during a representative period determined by the Department, have been engaged in the handling or importation of mangos. The Department will also conduct a referendum if 10 percent or more of all non-exempt, first handlers and importers of mangos request the Department to hold a referendum. In addition, the Department may hold a referendum at any time.

The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic mangos bearing this HTS classification assigned by the Board will not be subject to assessments.

(f) The exemption will apply immediately following the issuance of the certificate of exemption.

(e) The Secretary, upon recommendation of the Board, may establish, through rule making procedure, districts or groups of States in order to change the representation requirements for membership on the Board. 7 CFR Ch. XI (1-1-06 Edition)

§ 1207.322 Nominations and appointment.

The Secretary shall select the producer, importer, and public members of the Board from nominations which may be made in the following manner.

(a) A meeting or meetings of producers shall be held in each State to nominate producer members for the Board. For nominations to the initial Board the meetings shall be announced by the U.S. Department of Agriculture. The Department may call upon other organizations to assist in conducting the meetings such as State and national organizations of potato producers. Such nomination meetings shall be held not later than 60 days after the issuance of this subpart. Any organization designated to hold such nomination meetings shall give adequate notice of such meetings to the potato producers affected; also to the Secretary so that a representative of the Secretary, if available, may conduct such meetings or act as secretary of such nomination meetings.

(b) After the establishment of the initial Board, the nominations for subsequent Board producer members shall be made by producers at meetings in the producing sections or States. The Board shall hold such meetings, or cause them to be held, in accordance with rules established pursuant to recommendation of the Board.

(c) Only producers may participate in designating producer nominees. Each producer is entitled to one vote only on behalf of himself, his partners, agents, subsidiaries, affiliates, and representatives for each position for which nominations are being held. If a producer is engaged in producing potatoes in more than one State, he shall elect the State in which he shall vote. In no event shall he vote in nominations in more than one meeting.

(d) The importer members shall be nominated by importers of potatoes, potato products and/or seed potatoes. The number of importer members on the Board shall be announced by the Secretary and shall not exceed five members. The Board may call upon organizations of potato, potato products and/or seed potato importers to assist in nominating importers for membership on the Board. If such organiza-

tions fail to submit nominees or are determined by the Board to not adequately represent importers, then the Board may conduct meetings of importers to nominate eligible importers for Board member positions. In determining if importer organizations adequately represent importers, the Board shall consider:

(1) How many importers belong to the association;

(2) What percentage of the total number of importers is represented by the association;

(3) Is the association representative of the potato, potato product, and seed potato import industry;

(4) Does the association speak for potato, potato product, and seed potato importers; and

(5) Other relevant information as may be warranted.

(e) The public member shall be nominated by the producer and importer members of the Board. The public member shall have no direct financial interest in the commercial production or marketing of potatoes except as a consumer and shall not be a director, stockholder, officer or employee of any firm so engaged. The Board shall prescribe such additional qualifications, administrative rules and procedures for selection and voting for each candidate as it deems necessary and the Secretary approves.

(a) Each State (or district or group of States established pursuant to § 1207.320) which has a member on the Board shall be entitled to not less than one vote for any production up to 1 million hundredweight, plus one additional vote for each additional 1 million hundredweight of production, or major fraction thereof, as determined by the latest crop production annual summary report issued by the Crop Reporting Board, U.S. Department of Agriculture. The casting of the votes for each State shall be determined by the members of the Board from that State.

(4) No assessments shall be levied on otherwise assessable potatoes which are contained in imported products wherein potatoes are not a principal ingredient.

(c) Potatoes and potato products used for nonhuman food purposes, other than seed, are exempt from assessment but are subject to the disposition of exempted potatoes provisions of §1207.515 of this subpart.

(d) No more than one such assessment shall be made on any potatoes or potato products.

[57 FR 40083, Sept. 2, 1992, as amended at 58 FR 3359, Jan. 8, 1993; 59 FR 44036, Aug. 26, 1994]

§ 1207.511 Determination of assessable quantity.

The assessable quantity of potatoes in any lot shall be determined on the basis of utilization. Assessments shall be due on the entire lot handled for human consumption, seed, or unspecified purposes if there is no accounting made on the basis of the utilization of such lot. However, if the accounting identifies all or portions of such lot on the basis of utilization, assessments shall be due only on that portion utilized for human consumption and seed.

§ 1207.512 Designated handler.

The assessment on each lot of potatoes produced in the 50 States of the United States and handled shall be paid by the designated handler as hereafter set forth.

(a) Unless otherwise provided in paragraphs (a)(8), (b), and (c) of this section, the designated handler shall be the first handler of such potatoes. The first handler is the person who initially performs a handler function as heretofore defined. Such person may be a fresh shipper, processor, or other person who first places the potatoes in the channels of commerce. A producer who grades, packs, or otherwise performs handler functions thereby becomes a handler and as such assumes first handler responsibilities under this part. The following examples are provided to aid in identification of first handlers who are designated handlers:

(1) Producer delivers field-run potatoes of his own production to a handler for preparation for market. The handler in this instance is the designated handler, regardless of whether he subsequently handles such potatoes for his own account or for the account of the producer.

(2) Producer delivers field-run potatoes of his own production to a handler who takes title to such potatoes and places them in storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(3) Producer delivers field-run potatoes to a commercial storage facility for the purpose of holding such potatoes under his own account for later sale. There is no designated handler in this instance since such potatoes have not been handled as heretofore defined and no assessment is due. The designated handler of such potatoes would be identified on the basis of subsequent handling of such potatoes.

(4) Fresh shipper purchases a lot of potatoes from a producer, packs a portion of such potatoes for fresh market, and delivers the balance to a processor. The fresh shipper is the designated handler for all potatoes in the lot.

(5) Handler purchases potatoes from a producer's field or storage for the purpose of preparing such potatoes for market or for transporting such pota-

toes to storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(6) Producer packs and sells potatoes of his own production from the field, roadside stand, or storage to a consumer, itinerant trucker, or other buyer. In performing such handler functions the producer assumes the responsibility of designated handler.

(7) Processor utilizes potatoes of his own production in the manufacture of potato chips, frozen, dehydrated, or canned products for human consumption. In so handling potatoes, the processor assumes the responsibility of designated handler.

(8) Producer utilizes potatoes of his own production for seed in planting his subsequent crop. Such seed potatoes do not enter the current of commerce; there is no designated handler in this instance since the potatoes have not been handled as heretofore defined and no assessment is due. However, seed potatoes sold or shipped to other producers for planting or to other persons for subsequent disposition enter the current of commerce and are subject to assessment. The producer of seed potatoes shall be the designated handler of such potatoes shipped to other producers for planting and the assessment is due when he first sells or otherwise handles such potatoes. The first person who acquires seed potatoes from the producer thereof for subsequent disposition other than planting by said person shall be the designated handler of such potatoes. However, the seed producer will be the designated handler responsible for filing reports and making payments, unless he can show that the first person who obtained the potatoes from him disposed of them other than by planting. To show this the seed producer must submit to the Potato Board the name and address of the first person who obtained the potatoes from him and an invoice of sale or settlement sheet on which it is indicated that such person will be the designated handler and therefore will be responsible for the payment of the assessments. Only by showing this is the seed producer no longer considered the designated handler and therefore not liable for the assessments.

(b) Any person who handles potatoes for a producer thereof under oral or written contract or agreement providing for the sale thereof shall be the designated handler for such potatoes, notwithstanding the fact that the producer may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes.

Examples. A cooperative marketing association, or other person, who makes an accounting to the producer, or pay the proceeds of the sale to the producer would be the designated handler responsible for the assessment.

(c) Any processor who purchases potatoes from the producer thereof shall be the designated handler even though the producer may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes.

[37 FR 17379, Aug. 26, 1972, as amended by Amdt. 4, 40 FR 7893, Feb. 24, 1975; Amdt. 7, 43 FR 9133, Mar. 6, 1978; Amdt. 8, 43 FR 51001, Nov. 2, 1978; 56 FR 40231, Aug. 14, 1991]

§ 1207.513 Payment of assessments.

(a) *Time of payment.* The assessment on domestically produced potatoes shall become due at the time a determination of assessable potatoes is made in the normal handling process, pursuant to § 1207.511. If no determination is made of the utilization of a lot, assessments shall be due on the entire lot when it enters the current of commerce. The assessment on imported potatoes, potato products, and seed potatoes shall become due at the time of entry, or withdrawal, for consumption into the United States.

(b) *Responsibility for payment.* (1) The designated handler is responsible for payment of the assessment on domestically produced potatoes. He may pay with no reimbursement from the producer. In the alternative, he may collect the assessment from the producer, or deduct such assessment from the proceeds paid to the producer on whose potatoes the assessment is made, provided he furnishes the producer with evidence of such payment. Any such collection or deduction of assessment shall be made not later than the time when the assessment becomes payable by the handler to the Board. Failure of the handler to collect or deduct such

assessment does not relieve the handler of his obligation to remit the assessment to the Board.

(2) The Customs Service shall collect payment of assessment on imported potatoes, potato products, and seed potatoes from importers and forward such assessment per agreement between the Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessment directly to the Board of any assessment due but not collected by the Customs Service at the time of entry, or withdrawal, for consumption into the United States. An importer may apply to the Board for reimbursement of assessments paid on exempted products.

(c) *Payment directly to the Board.* (1) Except as provided in paragraphs (b) and (d) of this section, each designated handler or importer shall remit assessments directly to the Board by check, draft, or money order payable to the National Potato Promotion Board, or NPPB, not later than 10 days after the end of the month such assessment is due together with a report (preferably on Board forms) thereon.

(2) All designated handlers, including a designated handler whose own production is handled and assessments to the Board paid by another designated handler, shall report to the Board:

(i) Date of report (which is also date of payment to the Board).

(ii) The name and address of the designated handler;

(iii) The period potatoes were handled;

(iv) The total quantity of potatoes determined to be assessable during the period potatoes were handled, pursuant to § 1207.511.

(3) Designated handlers who collect assessments from producers or withhold assessments from their accounts or pay the assessment themselves shall also include a list of all such producers whose potatoes were handled during the period, their addresses and the total assessable quantities handled for each such producer.

(i) In lieu of such a list, the designated handler may substitute authentic copies of settlement sheets given to each producer provided such settlement sheets contain all the information listed above.

§ 1207.514

7 CFR Ch. XI (1-1-06 Edition)

(ii) The words “final report” shall be shown on the last report at the close of his marketing season or at the end of each fiscal period if such handler markets potatoes on a year-round basis.

(4) Prepayment of assessment: (i) In lieu of the monthly assessment and reporting requirements of paragraph (b) of this section, the Board may permit designated handlers to make advance payments of their total estimated assessments for the season to the Board prior to their actual determination of assessable potatoes. Such procedure may be permitted when it is considered by the designated handler to be the more practical method of payment.

(ii) Persons using such procedure shall provide a final annual accounting of actual handling and assessments.

(iii) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board upon request.

(d) *Payment through cooperating agency.* The Board may authorize other organizations to collect assessments in its behalf. In any State or area in which the Board has negotiated an agreement to collect assessments with an agency such as a State Potato Commission or a Potato Association approved by the Secretary, the designated handler shall pay the assessment to such agency in the time and manner, and with such identifying information as specified in such agreement. Such an agreement shall not provide any cooperating agency with authority to collect confidential information from handlers; to qualify, the cooperating agency must on its own accord have access to all information required by the Board for collection purposes. If the Board requires further evidence of payment than provided, it may acquire such evidence from individual designated handlers.

(1) All such agreements are subject to the requirement of §1207.352 *Confidential treatment*, of the plan, the provisions of section 310(c) of the Act, and all applicable rules and regulations and financial safeguards in effect under the Act and the plan; and all affected persons shall agree to, and conduct their operations and activities in accordance with, such requirements.

(2) [Reserved]

§ 1207.514 Exemption for organic potatoes.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (h) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for an exemption under this section, the producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before July 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified in paragraph (a) of this section for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells potatoes. The handler shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(f) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic potatoes, potato products, and seed potatoes—on a form provided by the Board—at any time initially and annually thereafter on or before July 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic potatoes, potato products, and seed potatoes bearing this HTS classification assigned by the Board will not be subject to assessments.

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(b) For purposes of nominating and appointing producers to the Council, the United States shall be divided into four geographic regions and the number of Council members from each region shall be as follows:

(1) *Region 1:* including Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, Ohio, Kentucky, Indiana, Michigan, Wisconsin, Illinois, Missouri, Iowa, Nebraska, Kansas, Minnesota, North Dakota, South Dakota, Montana, Colorado, and Wyoming—2 Members.

(2) *Region 2:* including Pennsylvania, Delaware, New Jersey, the District of Columbia, West Virginia, Virginia, and Maryland—3 Members.

(3) *Region 3*: including Washington, Oregon, Idaho, Utah, Arizona, California, Nevada, Alaska, and Hawaii—3 Members.

(4) *Region 4*: including New Mexico, Texas, Oklahoma, Arkansas, Louisiana, Alabama, Mississippi, Georgia, Tennessee, North Carolina, South Carolina, Florida, and the Commonwealth of Puerto Rico—1 Member.

(c) Importers shall be represented by a single, separate region, referred to as Region 5, consisting of the United States as defined in §1209.21(b) when imports, on average, equal or exceed 35,000,000 pounds of mushrooms annually.

(d) At least every five years, and not more than every three years, the Council shall review changes in the geographic distribution of mushroom production volume throughout the United States and import volume, using the average annual mushroom production and imports over the preceding four years, and, based on such review, shall recommend to the Secretary reappointment of the regions established in paragraph (b), or modification of the number of members from such regions, as determined under the rules established in paragraph (e), or both, as necessary to best reflect the geographic distribution of mushroom production volume in the United States and representation of imports, if applicable.

(e) Subject to the nine-member maximum limitation, the following procedure will be used to determine the number of members for each region to serve on the Council under paragraph (d):

(1) Each region that produces, on average, at least 35,000,000 pounds of mushrooms annually shall be entitled to one representative on the Council.

(2) As provided in paragraph (c), importers shall be represented by a single, separate region, which shall be entitled to one representative, if such region imports, on average, at least 35,000,000 pounds of mushrooms annually.

(3) Each region shall be entitled to representation by an additional Council member for each 50,000,000 pounds of annual production or imports, on average, in excess of the initial 35,000,000

pounds required to qualify the region for representation.

(4) Should, in the aggregate, regions be entitled to levels of representation under paragraphs (e) (1), (2) and (3) that would exceed the nine-member limit on the Council under the Act, the regions shall be entitled to representation on the Council as follows:

(i) Each region first shall be assigned one representative on the Council pursuant to paragraphs (e) (1) and (2).

(ii) Then, each region with 50,000,000 pounds of annual production or imports, on average, in excess of the initial 35,000,000 pounds required to qualify the region for representation shall be assigned one additional representative on the Council, except that if under such assignments all five regions, counting importers as a region, if applicable, would be entitled to additional representatives, that region with the smallest on-average volume, in terms of production or imports, will not be assigned an additional representative.

(iii) After members are assigned to regions under paragraphs (e)(4) (i) and (ii), if less than the entire nine seats on the Council have been assigned to regions, the remaining seats on the Council shall be assigned to each region for each 50,000,000 pound increment of annual production or import volume, on average, in excess of 85,000,000 pounds until all the seats are filled. If for any such 50,000,000 pound increment, more regions are eligible for seats than there are seats available, the seat or seats assigned for such increment shall be assigned to that region or those regions with greater on-average production or import volume than the other regions otherwise eligible at that increment level.

(f) In determining the volume of mushrooms produced in the United States or imported into the United States for purposes of this section, the Council and the Secretary shall:

(1) Only consider mushrooms produced or imported by producers and importers, respectively, as those terms are defined in §§ 1209.8 and 1209.15; and

(2) Use the information received by the Council under §1209.60, and data published by the Department.

§ 1209.31

7 CFR Ch. XI (1-1-06 Edition)

(g) For purposes of the provisions of this section relating to the appointment of producers and importers to serve on the Council, the term *producer* or *importer* refers to any individual who is a producer or importer, respectively, or if the producer or importer is an entity other than an individual, an individual who is an officer or employee of such producer or importer.

§ 1209.31 Nominations.

All nominations for appointments to the Council under §1209.33 shall be made as follows:

(a) As soon as practicable after this subpart becomes effective, nominations for appointment to the initial Council shall be obtained from producers by the Secretary. In any subsequent year in which an appointment to the Council is to be made, nominations for positions whose terms will expire at the end of that year shall be obtained from producers, and as appropriate, importers, and certified by the Council and submitted to the Secretary by August 1 of such year, or such other date as approved by the Secretary.

(b) Nominations shall be made at regional caucuses of producers or importers, or by mail ballot as provided in paragraph (e), in accordance with procedures prescribed in this section.

(c) Except for initial Council members, whose nomination process will be initiated by the Secretary, the Council shall issue a call for nominations by February 1 of each year in which nominations for an appointment to the Council is to be made. The call shall include, at a minimum, the following information:

(1) A list by region of the vacancies for which nominees may be submitted and qualifications as to producers and importers.

(2) The date by which the names of nominees shall be submitted to the Secretary for consideration to be in compliance with paragraph (a) of this section.

(3) A list of those States, by region, entitled to participate in the nomination process.

(4) The date, time, and location of any next scheduled meeting of the Council, and national and State producer or importer associations, if

known, and of the regional caucuses, if any.

(d)(1) Except as provided in paragraph (e), nominations for each position shall be made by regional caucus in the region entitled to nominate for such position. Notice of such caucus shall be publicized to all producers or importers within the region, and to the Secretary, at least 30 days prior to the caucus. The notice shall have attached to it the call for nominations from the Council and the Department's equal opportunity policy. Except with respect to nominations for the initial appointments to the Council, the responsibility for convening and publicizing the regional caucus shall be that of the Council.

(2) All producers or importers within the region may participate in the caucus. However, if a producer is engaged in the production of mushrooms in more than one region or is also an importer, such person's participation within a region shall be limited to one vote and shall only reflect the volume of such person's production or imports within the applicable region.

(3) The regional caucus shall conduct the selection process for the nominees in accordance with procedures to be adopted at the caucus subject to the following requirements:

(i) There shall be two individuals nominated for each open position.

(ii) Each nominee shall meet the qualifications set forth in the call.

(iii) If a producer nominee is engaged in the production of mushrooms in more than one region or is also an importer, such individual shall participate within the region that such individual so elects in writing to the Council and such election shall remain controlling until revoked in writing to the Council.

(e) After the regional caucuses for the initial Council, the Council may conduct the selection of nominees by mail ballot in lieu of a regional caucus.

(f) When producers or importers are voting for nominees to the Council, whether through a regional caucus or a mail ballot, the following conditions shall apply:

(1) Voting for any open position shall be on the basis of:

(i) One vote per eligible voter; and

Agricultural Marketing Service, USDA

§ 1209.34

(ii) Volume of on-average production or imports of the eligible voter within that region.

(2) Whenever the producers or importers in a region are choosing nominees for one open position on the Council, the proposed nominee with the highest number of votes cast and the proposed nominee with the highest volume of production or importers voted shall be the nominees submitted to the Secretary. If a proposed nominee receives both the highest number of votes cast and the highest volume of production or imports voted, then the proposed nominee with the second highest number of votes cast shall be a nominee submitted to the Secretary along with such proposed nominee receiving both the highest number of votes cast and the highest volume of production or imports voted.

(3) Whenever the producers or importers in a region are choosing nominees for more than one open position on the Council at the same time, the number of the nominations submitted to the Secretary shall equal twice the number of such open positions, and for each open position shall consist of the proposed nominee with the highest number of votes cast and the proposed nominee with the highest volume of production or imports voted with respect to that position, subject to the rule set out in paragraph (f)(2). An individual shall only be nominated for one such open position.

(4) Voters shall certify on their ballots as to their on-average production or import volume within the region involved. Such certification may be subject to verification.

(g)(1) The Secretary may reject any nominee submitted. If there are insufficient nominees from which to appoint members to the Council as a result of the Secretary's rejecting such nominees, additional nominees shall be submitted to the Secretary under the procedures set out in this section.

(2) Whenever producers or importers in a region cannot agree on nominees for an open position on the Council under the preceding provisions of this section, or whenever they fail to nominate individuals for appointment to the Council, the Secretary may appoint members in such manner as the Sec-

retary, by regulation, determines appropriate.

§ 1209.32 Acceptance.

Each individual nominated for membership on the Council shall qualify by filing a written acceptance with the Secretary at the time of nomination.

§ 1209.33 Appointment.

From the nominations made pursuant to § 1209.31, the Secretary shall appoint the members of the Council on the basis of representation provided for in § 1209.30, except that no more than one member may be appointed to the Council from nominations submitted by any one producer or importer.

§ 1209.34 Term of office.

(a) The members of the Council shall serve for terms of three years, except that the members appointed to the initial Council shall serve, proportionately, for terms of one, two, and three years.

(b) Members of the initial Council shall be designated for, and shall serve, terms as follows: One producer member each from regions 1, 2 and 3 shall be appointed for an initial term of one year; one producer member each from regions 1, 2, and 3 shall be appointed for an initial term of two years; and one producer member each from regions 2, 3, and 4 shall be appointed for an initial term of three years. Because current imports of fresh mushrooms are less than 35,000,000 pounds, the minimum established for representation on the Council, importers will not initially have a member appointed to the Council.

(c)(1) Except with respect to terms of office of the initial Council, the term of office for each member of the Council shall begin on January 1 or such other date that may be approved by the Secretary.

(2) The term of office for the initial Council shall begin immediately following appointment by the Secretary, except that time in the interim period from appointment until the following January 1, or such other date that is the generally applicable beginning date for terms under paragraph (c)(1) approved by the Secretary, shall not count toward the initial term of office.

§ 1209.35

(d) Council members shall serve during the term of office for which they are appointed and have qualified, and until their successors are appointed and have qualified.

(e)(1) No member shall serve more than two successive three-year terms, except as provided in paragraph (e)(2)(ii).

(2)(i) Those members serving initial terms of two or three years may serve one successive three-year term.

(ii) Those members serving initial terms of one year may serve two successive three-year terms.

§ 1209.35 Vacancies.

(a) To fill any vacancy occasioned by the death, removal, resignation, or disqualification of any member of the Council, the Secretary may appoint a successor from the most recent nominations submitted for open positions on the Council assigned to the region that the vacant position represents, or the Secretary may obtain nominees to fill such vacancy in such manner as the Secretary, by regulation, deems appropriate. Each such successor appointment shall be for the remainder of the term vacated. A vacancy will not be required to be filled if the unexpired term is less than six months.

(b)(1) No successor appointed to a vacated term of office shall serve more than two successive three-year terms on the Council, except as provided in paragraph (b)(2)(ii).

(2)(i) Any successor serving longer than one year may serve one successive three-year term.

(ii) Any successor serving one year or less may serve two successive three-year terms.

(c) If a member of the Council consistently refuses to perform the duties of a member of the Council, or if a member of the Council is known to be engaged in acts of dishonesty or willful misconduct, the Council may recommend to the Secretary that the member be removed from office. If the Secretary finds the recommendation of the Council shows adequate cause, the Secretary shall remove such member from office. Further, without recommendation of the Council, a member may be removed by the Secretary upon showing of adequate cause, including

7 CFR Ch. XI (1-1-06 Edition)

the failure by a member to submit reports or remit assessments required under this part, if the Secretary determines that such member's continued service would be detrimental to the achievement of the purposes of the Act.

§ 1209.36 Procedure.

(a) At a properly convened meeting of the Council, a majority of the members shall constitute a quorum.

(b) Each member of the Council will be entitled to one vote on any matter put to the Council, and the motion will carry if supported by a simple majority of those voting. At assembled meetings of the Council, all votes will be cast in person.

(c) In lieu of voting at a properly convened meeting and, when in the opinion of the chairperson of the Council such action is considered necessary, the Council may take action upon the concurring votes of a majority of its members by mail, telephone, telegraph, or any other means of communication, but any such action shall be confirmed promptly in writing. In that event, all members must be notified and provided the opportunity to vote. Any action so taken shall have the same force and effect as though such action had been taken at a properly convened meeting of the Council. All votes shall be recorded in Council minutes.

(d) Meetings of the Council may be conducted by electronic communications, provided that each member is given prior notice of the meeting and has an opportunity to be present either physically or by electronic connection.

(e) The organization of the Council and the procedures for conducting meetings of the Council shall be in accordance with its bylaws, which shall be established by the Council and approved by the Secretary.

§ 1209.37 Compensation and reimbursement.

The members of the Council shall serve without compensation but shall be reimbursed for necessary and reasonable expenses, including a reasonable per diem allowance, as approved by the Council and the Secretary, incurred by such members in the performance of their responsibilities under this subpart.

the cost thereof with funds collected and received pursuant to this subpart. The Council shall not contract with any producer or importer for the purpose of mushroom promotion or research. The Council may lease physical facilities from a producer or importer for such promotion or research, if such an arrangement is determined to be cost effective by the Council and approved by the Secretary. Any contract or agreement shall provide that:

(1) The contractor or agreeing party shall develop and submit to the Council a program, plan, or project together with a budget or budgets that shall show the estimated cost to be incurred for such program, plan, or project;

(2) Any such program, plan, or project shall become effective upon approval of the Secretary;

(3) The contracting or agreeing party shall keep accurate records of all of its transactions and make periodic reports to the Council of activities conducted, submit accountings for funds received and expended, and make such other reports as the Secretary or the Council may require; and the Secretary may audit the records of the contracting or agreeing party periodically; and

(4) Any subcontractor who enters into a contract with a Council contractor and who receives or otherwise uses funds allocated by the Council shall be subject to the same provisions as the contractor;

(k) With the approval of the Secretary, to invest, pending disbursement pursuant to a program, plan, or project, funds collected through assessments provided for in §1209.51, and any other funds received by the Council in, and only in, obligations of the United States or any agency thereof, in general obligations of any State or any political subdivision thereof, in any interest-bearing account or certificate of deposit of a bank that is a member of the Federal Reserve System, or in obligations fully guaranteed as to principal and interest by the United States;

(l) Such other powers as may be approved by the Secretary; and

(m) To develop and propose to the Secretary voluntary quality and grade standards for mushrooms, if the Council determines that such quality and

§ 1209.39

grade standards would benefit the promotion of mushrooms.

§ 1209.39 Duties.

The Council shall have the following duties:

(a) To meet not less than annually, and to organize and select from among its members a chairperson and such other officers as may be necessary;

(b) To evaluate or develop, and submit to the Secretary for approval, promotion, research, consumer information, and industry information programs, plans, or projects;

(c) To prepare for each fiscal year, and submit to the Secretary for approval at least 60 days prior to the beginning of each fiscal year, a budget of its anticipated expenses and disbursements in the administration of this subpart, as provided in §2109.50.

7 CFR Ch. XI (1-1-06 Edition)

(j) To act as intermediary between the Secretary and any producer or importer;

(k) To follow the Department's equal opportunity/civil rights policies; and

(l) To work to achieve an effective, continuous, and coordinated program of promotion, research, consumer information, and industry information designed to strengthen the mushroom industry's position in the marketplace, maintain and expand existing markets and uses for mushrooms, develop new markets and uses for mushrooms, and to carry out programs, plans, and projects designed to provide maximum benefits to the mushroom industry.

PROMOTION, RESEARCH, CONSUMER INFORMATION, AND INDUSTRY INFORMATION

§ 1209.40 Programs, plans, and projects.

(a) The Council shall receive and evaluate, or on its own initiative develop, and submit to the Secretary for approval any program, plan, or project authorized under this subpart. Such programs, plans, or projects shall provide for:

(1) The establishment, issuance, effectuation, and administration of appropriate programs for promotion, research, consumer information, and industry information with respect to mushrooms; and

(2) The establishment and conduct of research with respect to the sale, distribution, marketing, and use of mushrooms and mushroom products, and the creation of new products thereof, to the end that marketing and use of mushrooms may be encouraged, expanded, improved or made more acceptable. However, as prescribed by the Act, nothing in this subpart may be construed to authorize mandatory requirements for quality control, grade standards, supply management programs, or other programs that would control production or otherwise limit the right of individual producers to produce mushrooms.

(b) No program, plan, or project shall be implemented prior to its approval by the Secretary. Once a program, plan, or project is so approved, the

Agricultural Marketing Service, USDA

§ 1209.50

Council shall take appropriate steps to implement it.

(c) Each programs, plan, or project implemented under this subpart shall be reviewed or evaluated periodically by the Council to ensure that it contributes to an effective program of promotion, research, consumer information, or industry information. If it is found by the Council that any such program, plan, or project does not contribute to an effective program of promotion, research, consumer information, or industry information, then the Council shall terminate such program, plan, or project.

(d) In carrying out any program, plan, or project, no reference to a brand name, trade name, or State or regional identification of any mushrooms or mushroom product shall be made. In addition, no program, plan, or project shall make use of unfair or deceptive acts or practices with respect to the quality, value, or use of any competing product.

EXPENSES AND ASSESSMENTS

§ 1209.50 Budget and expenses.

(a)(1) At least 60 days prior to the beginning of each fiscal year, and as may be necessary thereafter, the Council shall prepare and submit to the Secretary a budget for the fiscal year covering its anticipated expenses and disbursements in administering this subpart. Each such budget shall include:

(i) A statement of objectives and strategy for each program, plan, or project;

(ii) A summary of anticipated revenue, with comparative data for at least one preceding year;

(iii) A summary of proposed expenditures for each program, plan, or project; and

(iv) Staff and administrative expense breakdowns, with comparative data for at least one preceding year.

Each budget shall include a rate of assessment for such fiscal year calculated, subject to §1209.51(b), to provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in paragraph (f). The Council may change such rate at any time, as provided in §1209.51(b)(5).

(2)(i) Subject to paragraph (a)(2)(ii), any amendment or addition to an approved budget must be approved by the Secretary, including shifting of funds from one program, plan, or project to another.

(ii) Shifts of funds which do not cause an increase in the Council's approved budget and which are consistent with governing bylaws need not have prior approval by the Secretary.

(b) The Council is authorized to incur such expenses, including provision for a reasonable reserve, as the Secretary finds are reasonable and likely to be incurred by the Council for its maintenance and functioning, and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. Such expenses shall be paid from funds received by the Council.

(c) The Council shall not use funds collected or received under this subpart to reimburse, defray, or make payment of expenditures incurred in developing, drafting, studying, lobbying on or promoting the legislation authorizing this subpart. Such prohibition includes reimbursement, defrayment, or payment to mushroom industry associations or organizations, producers or importers, lawyers, law firms, or consultants.

(d) The Council may accept voluntary contributions, but these shall only be used to pay expenses incurred in the conduct of programs, plans, and projects. Such contributions shall be free from any encumbrance by the donor and the Council shall retain complete control of their use. The donor may recommend that the whole or a portion of the contribution be applied to an ongoing program, plan, or project.

(e) The Council shall reimburse the Secretary, from funds received by the Council, for administrative costs incurred by the Secretary in implementing and administering this subpart, except for the salaries of Department employees incurred in conducting referenda.

(f) The Council may establish an operating monetary reserve and may carry over to subsequent fiscal periods excess funds in any reserve so established, except that the funds in the reserve shall not exceed approximately

§ 1209.51

7 CFR Ch. XI (1-1-06 Edition)

one fiscal year's expenses. Such reserve funds may be used to defray any expenses authorized under this subpart.

(g) With the approval of the Secretary, the Council may borrow money for the payment of administrative expenses, subject to the same fiscal, budget, and audit controls as other funds of the Council.

§ 1209.51 Assessments.

(a) Any first handler initially purchasing, or otherwise placing into the current of commerce, mushrooms produced in the United States shall, in the manner as prescribed by the Council and approved by the Secretary, collect an assessment based upon the number of pounds of mushrooms marketed in the United States for the account of the producer, and remit the assessment to the Council.

(b) The rate of assessment effective during any fiscal year shall be the rate specified in the budget for such fiscal year approved by the Secretary, except that:

(1) The rate of assessment during the first year this subpart is in effect shall be one-quarter of one cent per pound of mushrooms marketed, or the equivalent thereof.

(2) The rate of assessment during the second year this subpart is in effect shall not exceed one-third of one cent per pound of mushrooms marketed, or the equivalent thereof.

(3) The rate of assessment during the third year this subpart is in effect shall not exceed one-half of one cent per pound of mushrooms marketed, or the equivalent thereof.

(4) The rate of assessment during each of the fourth and following years this subpart is in effect shall not exceed one cent per pound of mushrooms marketed, or the equivalent thereof.

(5) The Council may change the rate of assessment for a fiscal year at any time with the approval of the Secretary as necessary to reflect changed circumstances, except that any such changed rate may not exceed the level of assessment specified in paragraphs (b)(1), (2), (3), or (4), whichever is applicable.

(c) Any person marketing mushrooms of that person's own production to consumers in the United States, either di-

rectly or through retail or wholesale outlets, shall be considered a first handler and shall remit to the Council an assessment on such mushrooms at the rate per-pound then in effect, and in such form and manner prescribed by the Council.

(d) Only one assessment shall be paid on each unit of mushrooms marketed.

(e)(1) Each importer of mushrooms shall pay an assessment to the Council on mushrooms imported for marketing in the United States, through the U.S. Customs Service or in such other manner as may be established by rules and regulations approved by the Secretary.

(2) The per-pound assessment rate for imported mushrooms shall be the same as the rate provided for mushrooms produced in the United States.

(3) The import assessment shall be uniformly applied to imported mushrooms that are identified by the number, 0709.51.0000, in the Harmonized Tariff Schedule of the United States or any other number used to identify fresh mushrooms.

(4) The assessments due on imported mushrooms shall be paid when the mushrooms are entered or withdrawn for consumption in the United States, or at such other time as may be established by rules and regulations prescribed by the Council and approved by the Secretary and under such procedures as are provided in such rules and regulations.

(5) Only one assessment shall be paid on each unit of mushrooms imported.

(f) The collection of assessments under this section shall commence on all mushrooms marketed in or imported into the United States on or after the date established by the Secretary, and shall continue until terminated by the Secretary. If the Council is not constituted on the date the first assessments are to be collected, the Secretary shall have the authority to receive assessments on behalf of the Council and may hold such assessments until the Council is constituted, then remit such assessments to the Council.

(g)(1) Each person responsible for remitting assessments under paragraphs (a), (c), or (e) shall remit the amounts due from assessments to the Council on a monthly basis no later than the fifteenth day of the month following the

Agricultural Marketing Service, USDA

§ 1209.60

month in which the mushrooms were marketed, in such manner as prescribed by the Council.

(2)(i) A late payment charge shall be imposed on any person that fails to remit to the Council the total amount for which the person is liable on or before the payment due date established under this section. The amount of the late payment charge shall be prescribed in rules and regulations as approved by the Secretary.

(ii) An additional charge shall be imposed on any person subject to a late payment charge, in the form of interest on the outstanding portion of any amount for which the person is liable. The rate of interest shall be prescribed in rules and regulations as approved by the Secretary.

(3) Any assessment that is determined to be owing at a date later than the payment due established under this section, due to a person's failure to submit a report to the Council by the payment due date, shall be considered to have been payable on the payment due date. Under such a situation, paragraphs (g)(2)(i) and (g)(2)(ii) of this section shall be applicable.

(h) The Council, with the approval of the Secretary, may enter into agreements authorizing other organizations to collect assessments in its behalf. Any such organization shall be required to maintain the confidentiality of such information as is required by the Council for collection purposes. Any reimbursement by the Council for such services shall be based on reasonable charges for services rendered.

(i) The Council is hereby authorized to accept advance payment of assessments for the fiscal year by any person, that shall be credited toward any amount for which such person may become liable. The Council shall not be obligated to pay interest on any advance payment.

§ 1209.52 Exemption from assessment.

(a) The following persons shall be exempt from assessments under this part:

(1) A person who produces or imports, on average, 500,000 pounds or less of mushrooms annually; and

(2) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan;

(3) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation.

(b) To claim such exemption, such persons shall apply to the Council, in the form and manner prescribed in the rules and regulations.

(c) Mushrooms produced in the United States that are exported are exempt from assessment and are subject to such safeguards as prescribed in rules and regulations to prevent improper use of this exemption.

§ 1209.72 Proceedings after termination.

(a) Upon the termination of this subpart, the Council shall recommend not more than five of its members to the Secretary to serve as trustees for the purpose of liquidating the affairs of the Council. Such persons, upon designation by the Secretary, shall become trustees of all the funds and property owned, in the possession of, or under the control of the Council, including any claims unpaid or property not delivered, or any other claim existing at the time of such termination.

(b) The trustees shall:

(1) Continue in such capacity until discharged by the Secretary;

(2) Carry out the obligations of the Council under any contract or agreement entered into by it under this subpart;

(3) From time to time account for all receipts and disbursements, and deliver all property on hand, together with all books and records of the Council and of the trustees, to such persons as the Secretary may direct; and

(4) Upon the request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such persons full title and right to all of the funds, property, and claims vested in the Council or the trustees under this subpart.

(c) Any person to whom funds, property, or claims have been transferred or delivered under this subpart shall be subject to the same obligations imposed upon the Council and upon the trustees.

(d) Any residual funds not required to defray the necessary expenses of liquidation shall be turned over to the Secretary to be used, to the extent practicable, in the interest of continuing one or more of the promotion, research, consumer information, or industry information programs, plans, or projects authorized under this subpart.

§ 1209.73 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any rule and regulation issued under this subpart, or the issuance of any amendment to such provisions, shall not:

(a) Affect or waive any right, duty, obligation, or liability that shall have arisen or may hereafter arise in connection with any provision of this subpart or any such rules or regulations;

(b) Release or extinguish any violation of this subpart or any such rules or regulations; or

(c) Affect or impair any rights or remedies of the United States, the Secretary, or any person with respect to any such violation.

§ 1209.74 Personal liability.

No member or employee of the Council shall be held personally responsible,

§ 1209.75

either individually or jointly, in any way whatsoever, to any person for errors in judgment, mistakes, or other acts of either commission or omission of such member or employee under this subpart, except for acts of dishonesty or willful misconduct.

§ 1209.75 Patents, copyrights, inventions, publications, and product formulations.

Any patents, copyrights, inventions, publications, or product formulations developed through the use of funds received by the Council under this subpart shall be the property of the United States Government as represented by the Council and shall, along with any rents, royalties, residual payments, or other income from the rental, sale, leasing, franchising, or other uses of such patents, copyrights, inventions, publications, or product formulations inure to the benefit of the Council and be considered income subject to the same fiscal, budget, and audit controls as other funds of the Council. Upon termination of this subpart, § 1209.72 shall apply to determine disposition of all such property.

§ 1209.76 Amendments.

Amendments to this subpart may be proposed, from time to time, by the Council or by any interested person affected by the provisions of the Act, including the Secretary.

§ 1209.77 Separability.

If any provision of this subpart is declared invalid, or the applicability thereof to any person or circumstances is held invalid, the validity of the remainder of this subpart or the applicability thereof to other persons or circumstances shall not be affected thereby.

§ 1209.231 Nominations.

Proxy voting by producers and importers shall not be permitted at a regional caucus or in a mail ballot. Each regional caucus and mail ballot shall be scheduled so as to ensure that the nominations for each position that will be open at the beginning of the following year are received by the Secretary by August 1, or such other date approved by the Secretary.

§ 1209.233 Regional caucus chairpersons.

(a) Regional caucus chairpersons shall be elected by a simple majority vote of eligible voters in attendance. Such elections shall be coordinated by

Agricultural Marketing Service, USDA

§ 1209.237

the Council, except for the initial elections, which shall be coordinated by a representative of the Secretary.

(b) Regional caucus chairpersons will coordinate the entire nomination process. In conducting the nominations process, each regional caucus chairperson shall ensure that:

(1) Voting for producer nominees is limited to producers, and voting for importer nominees is limited to importers; and

(2) Producer candidates for nomination are producers, and importer candidates for nomination are importers.

(c) Within 14 days after completion of each regional caucus, each chairperson shall provide the Secretary with the following information:

(1) The identification of that region's two nominees for each open position on the Council; and

(2) A typed copy of the regional caucus's minutes.

(d) The chairperson of each regional caucus shall provide nominees with qualification statements and other specified information. Each nominee will be contacted by the chairperson and asked to forward such completed documentation to the Council within 14 days after completion of the regional caucus, except for the initial nominees, which shall be asked to forward such completed documentation to the Secretary.

(e) The tenure of the chairperson shall only be for the duration of the regional caucus and the preparation of required documentation.

§ 1209.235 Mail balloting.

(a) After the initial regional caucuses, the Council may conduct nominations of individuals as candidates for appointment to the Council by mail ballot in lieu of a regional caucus.

(b)(1) In the event of a mail ballot, all qualified individuals in a region interested in serving as a member on the Council or persons who are interested in nominating an individual to serve on the Council shall submit to the Council in writing such information as name, mailing address, number of pounds of mushrooms produced or imported, or such other information as may be required, in order to place such individual on the ballot.

(2) Notice of mail balloting to nominate candidates for a position on the Council shall be publicized by the Council to producers or importers in the region involved, and to the Secretary, at least 120 days before the region's nominee ballot is issued.

(3) In proposing nominees for inclusion on a mail ballot, proposed nominations must be received by the Council at least 30 days before the region's nominee ballot is issued.

(c) Once proposed nominations have been submitted from the applicable region, the Council shall cause each proposed nomination, if the individual qualifies, to be placed on the region's nominee ballot. The Council then shall mail a ballot to each known producer or importer within the region.

(d) Distribution of ballots shall be announced by press releases, furnishing pertinent information on balloting, issued by the Council through newspapers and other publications having general circulation among producers in the mushroom producing areas involved or among mushroom importers.

(e) Each producer or importer shall cast a ballot for each open position on the Council assigned to the region in accordance with the procedures prescribed in §1209.31 of this part. The completed ballot must be returned to the Council or its designee within 30 days after the ballot is issued.

(f) Within 45 days after a mail ballot is issued, the Council shall validate the ballots cast, tabulate the votes, and provide the Secretary with the results of the vote and the identification of the region's two nominees for each open position on the Council.

(g) The Council shall provide nominees with qualification statements and other specified information. Each nominee selected in the mail ballot will be contacted by the Council and asked to forward such completed documentation to the Council within 14 days of such notification.

§ 1209.237 Appointment.

If an employee, partner, officer, or shareholder of a producer or importer is a current member of the Council, no nominee who is also an employee, partner, officer, or shareholder of such producer or importer shall be appointed to

§ 1209.239

7 CFR Ch. XI (1-1-06 Edition)

the Council. A Council member shall be disqualified from serving on the Council if such individual ceases to be affiliated with a producer or importer within the region the Council member represents.

GENERAL

§ 1209.239 Financial statements.

(a) As requested by the Secretary, the Council shall prepare and submit financial statements to the Secretary on a periodic basis. Each such financial statement shall include, but not be limited to, a balance sheet, income statement, and expense budget. The expense budget shall show expenditures during the time period covered by the report, year-to-date expenditures, and the unexpended budget.

(b) Each financial statement shall be submitted to the Secretary within 30 days after the end of the time period to which it applies.

(c) The Council shall submit annually to the Secretary an annual financial statement within 90 days after the end of the fiscal year to which it applies.

ASSESSMENTS

§ 1209.251 Payment of assessments.

(a) Each first handler responsible for collecting assessments on domestic mushrooms shall collect the amounts assessed and remit such amounts to the Council on a monthly basis not later than the fifteenth day of the month following the month in which the mushrooms were marketed to or through the first handler.

(b) Each producer responsible for paying any assessment amount on the producer's own mushrooms shall remit such amount to the Council on a monthly basis not later than the fifteenth day of the month following the month in which the mushrooms were marketed by the producer.

(c) Each importer shall be responsible for remittance to the Council of any assessment amount not collected by the U.S. Customs Service at the time of entry or withdrawal for consumption into the United States. Any such assessment amount shall be remitted to the Council on a monthly basis not later than the fifteenth day

of the month following the month of entry or withdrawal for consumption into the United States. Any person who imports mushrooms, as principal or as an agent, broker, or consignee for any person who produces mushrooms outside the United States for marketing in the United States shall be considered an importer.

(d) Remittance shall be by check, draft, or money order payable to the Mushroom Council, and shall be accompanied by a report, on a form provided by the Council.

(e) A late payment charge shall be imposed on any first handler or importer who fails to make timely remittance to the Council of the total assessment amount for which the person is liable. Such late payment charge shall be imposed on any assessments not received by the last day of the month following the month in which the mushrooms involved were marketed or, in the case of imports, not collected by the U.S. Customs Service at the time of entry or withdrawal for consumption into the United States. This one-time late payment charge shall be 10 percent of the assessments due before interest charges have accrued. The late payment charge will not be applied to any late payments postmarked within 15 days after the end of the month such assessments are due.

(f) In addition to the late payment charge, interest shall be charged at a rate of one and one-half percent per month on the outstanding balance, including the late payment charge and any accrued interest, of any account that remains delinquent beyond the last day of the second month following the month the mushrooms involved were marketed. However, first handlers paying their assessments, in accordance with paragraph (h)(2) of this section, will not be subject to the one and one-half percent per month interest under this paragraph until the last day of the second month after such assessments are due under paragraph (h)(2) of this section. In the case of imports, such a rate of interest will be charged to any account that remains delinquent on any assessments not collected by the U.S. Customs Service at the

time of entry or withdrawal for consumption into the United States. Such a rate of interest will continue to be charged monthly until the outstanding balance is paid to the Council.

(g) Any assessment determined by the Council at a date later than prescribed by this section, because of a person's failure to submit a report to the Council when due, shall be considered to have been payable by the date it would have been due if the report had been filed on time. A late payment charge and monthly interest charges on the outstanding balance shall be applicable to such unpaid assessment in accordance with paragraphs (e) and (f) of this section.

(h) In lieu of the monthly assessment payment and reporting requirements of § 1209.260 of this subpart and § 1209.60 of this part, the Council may permit a first handler to make advance payment of the total estimated assessment amount due to the Council for the ensuing fiscal year, or portion thereof, prior to the actual determination of assessable mushrooms.

(1) Each person shall provide an initial report estimating assessable mushrooms. The Council may request additional information on such estimate.

(2) Each person shall provide a final report of actual marketings during the period involved and remit any unpaid assessments not later than the fifteenth day of the month following the end of the period covered.

(3) Any person whose prepayment exceeds the amount paid shall be reimbursed for the amount of overpayment. The Council shall not, in any case, be obligated to pay interest on any advance payment.

§ 1209.252 Exemption procedures.

(a) *Types of exemptions and requirements.* (1) Any person who produces or imports, on average, 500,000 pounds or less of mushrooms annually and who desires to claim an exemption from assessments during a fiscal year shall apply to the Council, on a form provided by the Council, for a Certificate of Exemption. The producer or importer shall certify that the person's production or importation of mushrooms shall not exceed 500,000 pounds, on average, for the fiscal year for

which the exemption is claimed. An average shall be calculated by averaging a person's estimated production or importation for the fiscal year for which an exemption is claimed with the person's production or importation in the preceding fiscal year.

(2) To apply for an exemption for organic mushrooms:

(i) An eligible mushroom producer shall submit a request for exemption to the Council—on a form provided by the Council—at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption.

(ii) The request shall include the following: The producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Council and with the approval of the Secretary.

(iii) If the producer complies with the requirements of § 1209.52 (a)(2), the Council will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Council will have 60 days to approve the exemption request; after August 15, 2005, the Council will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(iv) An eligible importer may submit documentation to the Council and request an exemption from assessment on 100 percent organic mushrooms—on a form provided by the Council—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers. If the importer complies with the requirements of this section, the Council will grant the exemption and issue a Certificate of Exemption to the importer. The Council

§ 1209.260

will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic mushrooms bearing this HTS classification assigned by the Council will not be subject to assessments.

(v) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(vi) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(b) On receipt of an application, the Council shall determine whether an exemption may be granted. The Council then will issue, if deemed appropriate, a certificate of exemption to each person that is eligible to receive one. Each person who is exempt from assessment must provide an exemption number to the first handler in order not to be subject to collection of an assessment on mushrooms. First handlers and importers, except as otherwise authorized by the Council, shall maintain records showing the exemptee's name and address along with the exemption number assigned by the Council. Importers who are exempt from assessment shall be eligible for reimbursement of assessments collected by the U.S. Customs Service and shall apply to the Council for reimbursement of such assessments paid.

(c) Any person who desires to renew the exemption from assessments for a subsequent fiscal year shall reapply to

7 CFR Ch. XI (1-1-06 Edition)

the Council, on a form provided by the Council, for a certificate of exemption.

(d) The Council may require persons receiving an exemption from assessments to provide to the Council reports on the disposition of exempt mushrooms.

Subpart C—Procedure for the Conduct of Referenda in Connection With the Mushroom Promotion, Research, and Consumer Information Order

SOURCE: 62 FR 66975, Dec. 23, 1997, unless otherwise noted.

§ 1209.300 General.

A referendum to determine whether eligible producers and importers favor continuation of the Mushroom Promotion, Research, and Consumer Information Order shall be conducted in accordance with these procedures.

§ 1209.301 Definitions.

Unless otherwise defined below, the definition of terms used in these procedures shall have the same meaning as the definitions in the Order.

(a) *Administrator* means the Administrator of the Agricultural Marketing Service, with power to redelegate, or any officer or employee of the Department to whom authority has been delegated or may hereafter be delegated to act in the Administrator's stead.

(b) *Order* means the Mushroom Promotion, Research, and Consumer Information Order, including an amendment to the Order.

(c) *Referendum agent* or agent means the individual or individuals designated by the Secretary to conduct the referendum.

(d) *Representative period* means the period designated by the Secretary.

(e) *Person* means any individual, group of individuals, partnership, corporation, association, cooperative, or any other legal entity. For the purpose of this definition, the term "partnership" includes, but is not limited to:

(1) A husband and wife who have title to, or leasehold interest in, mushroom production facilities and equipment as tenants in common, joint tenants, tenants by the entirety, or, under community property laws, as community property, and

(2) So-called "joint ventures", wherein one or more parties to the agreement, informal or otherwise, contributed capital and others contributed labor, management, equipment, or other services, or any variation of such contributions by two or more parties so that it results in the production or importation of fresh mushrooms and the authority to transfer title to the mushrooms so produced or imported.

(f) *Eligible producer* means any person or entity defined as a producer who produces, on average, over 500,000 pounds annually of fresh mushrooms during the representative period and who:

(1) Owns or shares in the ownership of mushroom production facilities and equipment resulting in the ownership of the mushrooms produced;

(2) Rents mushroom production facilities and equipment resulting in the

ownership of all or a portion of the mushrooms produced;

(3) Owns mushroom production facilities and equipment but does not manage them and, as compensation, obtains the ownership of a portion of the mushrooms produced; or

(4) Is a party in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce mushrooms who share the risk of loss and receive a share of the mushrooms produced. No other acquisition of legal title to mushrooms shall be deemed to result in persons becoming eligible producers.

(g) *Eligible importer* means any person or entity defined as an importer who imports, on average, over 500,000 pounds annually of fresh mushrooms during the representative period. Importation occurs when commodities originating outside the United States are entered or withdrawn from the U.S. Customs Service for consumption in the United States. Included are persons who hold title to foreign-produced mushrooms immediately upon release by the U.S. Customs Service, as well as any persons who act on behalf of others, as agents or brokers, to secure the release of mushrooms from the U.S. Customs Service when such mushrooms are entered or withdrawn for consumption in the United States.

§ 1209.302 Voting.

(a) Each person who is an eligible producer or importer, as defined in this subpart, at the time of the referendum and during the representative period, shall be entitled to cast only one ballot in the referendum. However, each producer in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce mushrooms, in which more than one of the parties is a producer, shall be entitled to cast one ballot in the referendum covering only such producer's share of the ownership.

(b) Proxy voting is not authorized, but an officer or employee of an eligible corporate producer or importer, or an administrator, executor, or trustee of an eligible producing or importing entity may cast a ballot on behalf of

§ 1209.303

7 CFR Ch. XI (1-1-06 Edition)

such producer or importer entity. Any individual so voting in a referendum shall certify that such individual is an officer or employee of the eligible producer or importer, or an administrator, executor, or trustee of an eligible producing or importing entity, and that such individual has the authority to take such action. Upon request of the referendum agent, the individual shall submit adequate evidence of such authority.

(c) Ballots are to be cast by mail or fax.

§ 1209.303 Instructions.

The referendum agent shall conduct the referendum, in the manner herein provided, under the supervision of the Administrator. The Administrator may prescribe additional instructions, not inconsistent with the provisions hereof, to govern the procedure to be followed by the referendum agent. Such agent shall:

(a) Determine the time of commencement and termination of the period during which ballots may be cast.

(b) Provide ballots and related material to be used in the referendum. Ballot material shall provide for recording essential information including that needed for ascertaining:

(1) Whether the person voting, or on whose behalf the vote is cast, is an eligible voter;

(2) The total volume of mushrooms produced by the voting producer during the representative period; and

(3) The total volume of mushrooms imported by the voting importer during the representative period.

(c) Give reasonable advance public notice of the referendum:

(1) By utilizing available media or public information sources, without incurring advertising expense, to publicize the dates, places, method of voting, eligibility requirements, and other pertinent information. Such sources of publicity may include, but are not limited to, print and radio; and

(2) By such other means as the agent may deem advisable.

(d) Mail to eligible producers and importers, whose names and addresses are known to the referendum agent, the instructions on voting, a ballot, and a summary of the terms and conditions

of the Order. No person who claims to be eligible to vote shall be refused a ballot.

(e) Collect and safeguard ballots received by fax.

(f) At the end of the voting period, collect, open, number, and review the ballots and tabulate the results.

(g) Prepare a report on the referendum.

(h) Prepare an announcement of the results for the public.

§ 1209.304 Subagents.

The referendum agent may appoint any individual or individuals deemed necessary or desirable to assist the agent in performing such agent's functions hereunder. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1209.305 Ballots.

The referendum agent and subagents shall accept all ballots cast; but, should they, or any of them, deem that a ballot should be challenged for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such ballot was challenged, by whom challenged, the reasons therefore, the results of any investigations made with respect thereto, and the disposition thereof. Ballots invalid under this subpart shall not be counted.

§ 1209.306 Referendum report.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to analysis of the referendum and its results.

§ 1209.307 Confidential information.

The ballots and other information or reports that reveal, or tend to reveal, the identity or vote of any person covered under the Act shall be held confidential and shall not be disclosed.

(a) There is hereby established a National Watermelon Promotion Board, hereinafter called the "Board." The Board shall be composed of producers, handlers, importers, and one public representative appointed by the Secretary. An equal number of producer and handler representatives shall be nominated by producers and handlers pursuant to §1210.321. The Board shall also include one or more representatives of importers, who shall be nominated in such manner as may be prescribed by the Secretary. The public representative shall be nominated by the Board members in such manner as may be prescribed by the Secretary. If producers, handlers, and importers fail to select nominees for appointment to the Board, the Secretary may appoint persons on the basis of representation as provided in §1210.324. If the Board fails to adhere to procedures prescribed by the Secretary for nominating a public representative, the Secretary shall appoint such representative.

(b) Membership on the Board shall be determined on the basis of two handler and two producer representatives for each of seven districts in the contiguous States of the United States. Such districts as hereby established have approximately equal production volume according to the three-year average production as set forth in the USDA Crop Production Annual Summary Reports for 1979, 1980, and 1981. They are:

(c) After two years, the Board shall review the districts to determine whether realignment of the districts is necessary and at least every five years thereafter the Board shall make such a review. In making such review, it shall give consideration to:

(1) The most recent three years USDA production reports or Board assessment reports if USDA production reports are unavailable;

(2) Shifts and trends in quantities of watermelon produced, and

(2) Each State represented at the district convention shall have one vote for each producer position and one vote for each handler position from the District on the Board, which vote shall be determined by the producers and handlers from that State by majority vote. Each State shall further have an additional vote for each five hundred thousand hundredweight volume as determined by the three year average annual crop production summary reports of the USDA, or if such reports are not published, then the three year average

If the Secretary finds the recommendation of the Board shows adequate cause, the Secretary shall remove such member from office. Further, without recommendation of the Board, a member may be removed by the Secretary upon showing of adequate cause, if the Secretary determines that the person's

continual services would be detrimental to the purposes of the Act.

(c) To fill any vacancy caused by the failure of any person selected as a member of the Board to qualify, or in the event of the death, removal, resignation, or disqualification of any member, a successor shall be nominated and selected in the manner specified in §1210.321, except that said nomination and replacement shall not be required if the unexpired term of office is less than six months. Telephone votes shall be promptly confirmed in writing. All votes shall be recorded in the Board minutes.

(b) The Board is authorized to incur such expenses for research, development, advertising, or promotion of watermelons, such other expenses for the administration, maintenance, and functioning of the Board as may be authorized by the Secretary, and any referendum and administrative costs incurred by the Department of Agriculture. No more than one assessment on a producer, handler, or importer shall be made on any lot of watermelons. The handler shall be assessed an equal amount on a per unit basis as the producer. If a person performs both producing and handling functions on any same lot of watermelons, both assessments shall be paid by such person. In the case of an importer, the assessment

The handler shall maintain separate records for each producer's watermelons handled, including watermelons produced by said handler. In addition, the handler shall indicate the total quantity of watermelons handled by the handler, including those that are exempt under this Plan, and such other information as may be prescribed by the Board.

(d) Each importer shall be responsible for payment of the assessment to the Board on watermelons imported into the United States through the U.S. Customs Service or in such other manner as may be established by rules and regulations approved by the Secretary.

(e) Producer-handlers and handlers shall pay assessments to the Board at such time and in such manner as the Board, with the Secretary's approval, directs, pursuant to regulations issued under this part. Such regulations may provide for different handlers or classes of handlers and different handler payment and reporting schedules to recognize differences in marketing practices or procedures used in any State or production area.

(f) There shall be a late payment charge imposed on any handler or importer who fails to remit to the Board the total amount for which any such handler or importer is liable on or before the payment due date established by the Board under paragraph (e) of this section. The amount of the late payment charge shall be set by the

Board subject to approval by the Secretary.

(g) There shall also be imposed on any handler or importer subject to a late payment charge, an additional charge in the form of interest on the outstanding portion of any amount for which the handler or importer is liable. The rate of such interest shall be prescribed by the Board subject to approval by the Secretary.

(c) The Secretary may adjust the quantity of the weight exemption specified in paragraph (b) of this section on the recommendation of the Board after an opportunity for public notice and comment to reflect significant changes in the 5-year average yield per acre of watermelons produced in the United States.

(d) The Board shall have the authority to establish rules, with the approval of the Secretary, for certifying

7 CFR Ch. XI (1-1-06 Edition)

§ 1210.402 Voter and board member nominee eligibility.

(a) All producers and handlers within a district may participate in their district convention for the purpose of nominating candidates for appointment to the Board: *Provided*, That a producer who both produces and handles watermelons may vote for handler member nominees and serve as a handler member nominee only if the producer purchased watermelons from other producers, in a combined total volume that is equal to 25 percent or more of the producer's own production or the combined total volume of watermelons handled by the producer from the producer's own production and purchases from other producer's production is more than 50 percent of the producer's own production; and *Provided further*, That if a producer or handler is engaged in the production or handling of watermelons in more than one State or district, the producer or handler shall participate within the State or district in which the producer or handler so elects in writing to the Board and such election shall remain controlling until revoked in writing to the Board. For the purpose of participation in initial nominating conventions, such election shall be made in writing, at the address provided, to the Department official identified in the call for a district convention.

(b) Any individual, group of individuals, partnership, corporation, association, cooperative or any other entity which is engaged in the production, first handling or importing of watermelons is considered a person and as such is entitled to only one vote, except that such person may cast proxy votes as provided in § 1210.403 and § 1210.404 of this subpart.

(c) All producers and handlers attending their district conventions may be candidates for one or more of the positions of State spokesperson, district convention chairperson, and producer or handler nominee.

[54 FR 38205, Sept. 15, 1989, as amended at 60 FR 10799, Feb. 28, 1995]

§ 1210.403 Voting procedures.

(a) Proxy voting by producers and handlers for producer and handler

nominees shall be permitted at all district conventions: *Provided*, That producers may cast proxy votes for producers only, and handlers may cast proxy votes for handlers only. In non-multi-State districts, proxy voting shall be permitted for all producer and handler nominee balloting to determine the districts' nominees. In multi-State districts, proxy voting shall be permitted for all producers and handlers participating in a State's balloting to determine the State's nominees. No other proxy voting, such as for district convention chairperson, shall be allowed. Any person wanting to cast proxy votes must demonstrate authorization to do so. Authority to cast a proxy vote on behalf of another person shall be demonstrated through documentation containing:

- (1) The proxy voter's name, address, and telephone number;
- (2) Signature and date signed;
- (3) A certification identifying the proxy voter as a producer or a handler; and
- (4) A statement identifying the person being given authority by the proxy voter to cast the proxy vote.

All proxy documentation must be received by the Board at its headquarters address at least two weeks before the district convention is scheduled to convene. For the purpose of the initial district convention, all proxy documentation must be forwarded to the Department representative identified in the call for the district convention in a manner that will ensure receipt, at the address specified in the call, at least 72 hours before the district convention is scheduled to convene. The Board, or in the case of the initial conventions the Department representative identified in the call or other representative of the Department, may challenge any proxy vote and disqualify any challenged vote for cause. In the case of duplicate proxy authorizations by any person, only the first authorization, determined by date will be allowed. In the case of duplicate dates, the proxy which is received first will be allowed.

(b) In non-multi-State districts, convention chairpersons shall be elected by a majority vote of the eligible voters in attendance. In multi-State districts, the election shall be by majority

vote of all States present with each State's vote(s) determined by a majority vote of the eligible voters of that State in attendance. Each such State is entitled to one vote, plus one additional vote for each 500,000 hundred-weight volume of production in the State as determined by the three-year average annual crop production summary reports of the Department or, if such reports are not published, then the three-year average of the Board's assessment reports: *Provided*, That for the first two conventions, the Department's Crop Production Annual Summary Reports for 1979, 1980, and 1981 will be controlling as to any additional production volume votes.

(c) In multi-State districts 3, 4, 5 and 7, the convention chairperson will direct the eligible producer voters and handler voters from each State to caucus separately for the purpose of electing a State spokesperson for each group. Election of each State spokesperson shall be by simple majority of all individual voters in attendance. In lieu of written ballots, a State spokesperson may be elected by voice vote or a show of hands. The role of the State spokesperson is to coordinate State voting and to cast all State votes.

(d) Convention chairpersons will coordinate the entire producer and handler nomination process. In conducting the nomination process, each convention chairperson will ensure that:

(1) Voting for producer nominees is limited to producers, and voting for handler nominees is limited to handlers; and

(2) Producer candidates for nomination are producers, and handler candidates for nomination are handlers.

(e) Voting, for producer and handler nominees, in non-multi-State districts shall be on the basis of one vote per person, except that persons authorized to cast proxy votes shall be allowed to cast all proxy votes not disallowed by the Board or the Department. Election of nominees shall be on the basis of a simple majority of all eligible votes cast.

(f) Voting for producer and handler nominees in multi-State districts shall be on a State by State basis. Producers and handlers from each State shall

§ 1210.404

caucus separately, at the district convention, for the purpose of determining which nominees shall receive their State's vote(s) for membership on the Board. Each State's vote(s) shall be based on a simple majority of all votes (including proxy votes) cast by producers or handlers voting in their State's caucus. Each State represented at a multi-State district convention shall have one vote for each producer position and one vote for each handler position from the district on the Board. Each State shall further have an additional vote toward each position for each 500,000 hundredweight volume of production in the State as determined by the three-year average annual crop production summary reports of the Department or, if such reports are not published, then the three-year average of the Board's assessment reports: *Provided*, That for the first two calls for nominees, the Department's Crop Production Annual Summary Reports for 1979, 1980, and 1981 will be controlling as to any additional production volume votes. Each State spokesperson will cast the State's vote(s) for each nominee position. Election of nominees shall be on the basis of a simple majority of all State votes cast.

(g) During the voting for convention chairperson, State spokesperson, and Board member nominee, should no candidate receive the required simple majority on the first ballot, the number of candidates may be reduced by dropping one or more of the lowest vote recipients from the list of candidates. The balloting will be repeated until the position is filled.

(h) Two nominees shall be elected for each of the producer and handler positions from each district on the Board. The two nominees for each position shall be elected simultaneously. The convention chairperson will open the floor to the nomination of candidates for possible election as a Board member nominee for each available position. Each position will be dealt with separately (i.e., candidates for one position will be nominated and then elected before the convention moves on to the next available position). Each eligible voter may vote for two of the nominees on one ballot. The two nominees receiving the greatest number of

7 CFR Ch. XI (1-1-06 Edition)

votes and at least a simple majority of the votes cast will be elected as the district's Board member nominees for the position. No individual elected as a nominee for Board membership may be a candidate on subsequent Board member nominee ballots (i.e., two different producer names and two different handler names must be submitted as nominees for each producer and handler position from each district to the Secretary of Agriculture). There shall be no designation of first and second choice nominees.

IMPORTER MEMBERS

§ 1210.404 Importer member nomination and selection.

(a) The Board shall include one or more representatives of importers, who shall be appointed by the Secretary from nominations submitted by watermelon importers. Importers' representation on the Board shall be proportionate to the percentage of assessments paid by importers to the Board, except that at least one representative of importers shall serve on the Board if importers are subject to the Plan. Nominations for importer positions that become vacant shall be made by importers at nomination conventions or by mail ballot.

(b) The initial nomination of importer members shall be made not later than 90 days after the Plan is amended.

(c) There shall be two individuals nominated for each vacant position. The importer receiving the highest number of votes for a vacancy shall be the first choice nominee, and the importer receiving the second highest number of votes shall be the second choice nominee submitted to the Secretary.

(d) Any individual, group of individuals, partnership, corporation, association, cooperative or any other entity which is engaged in the production, first handling or importing of watermelons is considered a person and as such is entitled to only one vote, except that such person may cast proxy votes as provided in paragraph (e)(1) of this section.

(e) *Nomination Conventions.* If nominations are made by nomination conventions, the Board shall widely publicize such conventions and provide importers and the Secretary at least 10 days notice prior to each convention.

(1) Proxy voting by importers shall be permitted at all conventions. Any person wanting to cast proxy votes must demonstrate authorization to do so. Authority to cast a proxy vote on behalf of another person shall be demonstrated through documentation containing:

(i) The proxy voter's name, address, and telephone number;

(ii) Signature and date signed;

(iii) A certification identifying the proxy voter as an importer; and

(iv) A statement identifying the person being given authority by the proxy voter to cast the proxy vote.

(2) The Board shall provide to the Secretary a typed copy of each convention's minutes and shall arrange for completion of qualification statements and other specified information by each nominee and forward such to the Secretary within 14 calendar days of completion of a convention.

(f) *Mail balloting.* If nominations are conducted by mail ballot, the Board shall request importers to submit nominations of eligible importers. It is the importer's responsibility to prove the individual's eligibility. After the names of nominees are received, the Board shall print ballots and ask eligible importers to vote to nominate their candidates. After the vote is received, the Board shall tabulate the results and shall send to the Department the nominees in order of preference. The Board shall provide the Secretary with a report on the results, number of importers participating in the vote, and the volume of imports, and shall arrange for completion of qualification statements and other specified information by each nominee and forward such to the Secretary within 14 calendar days of receiving the ballots.

(g) Any individual who both imports and handles watermelons will be considered an importer if that person imports 50 percent or more of the combined total volume of watermelons handled and imported by that person.

[60 FR 10800, Feb. 28, 1995]

PUBLIC MEMBER

§ 1210.405 Public member nominations and selection.

(a) The public member shall be nominated by the other members of the Board. The public member shall have no direct financial interest in the commercial production or marketing of watermelons except as a consumer and shall not be a director, stockholder, officer or employee of any firm so engaged. The Board shall nominate two individuals for the public member position. Voting for public member nominees shall require a quorum of the Board and shall be on the basis of one vote per Board member. Election of nominees shall be on the basis of a simple majority of those present and voting. Such election shall be held prior to August 1, 1990, and every third August first thereafter. The Board may prescribe such additional qualifications, administrative rules and procedures for selection and voting for public member nominees as it deems necessary and the Secretary approves.

(b) Each person nominated for the position of public member on the Board shall qualify by filing a written acceptance with the Secretary within 14 calendar days of completion of the Board meeting at which public member nominees were selected.

The U.S. Customs Service (USCS) will collect assessments on such watermelons at the time of entry and will forward such assessment as per the agreement between USCS and USDA. Any importer or agent who is exempt from payment of assessments may submit the Board adequate proof of the volume handled by such importer for the exemption to be granted.

(c) Watermelons used for non-human food purposes are exempt from assessment requirements but are subject to the safeguard provisions of § 1210.521.

[55 FR 13256, Apr. 10, 1990, as amended at 60 FR 10800, Feb. 28, 1995]

§ 1210.516 Exemption for organic watermelons.

(a) A producer who produces only products that are eligible to be labeled as 100 percent organic under the National Organic Program (NOP) (7 CFR part 205), except as provided for in paragraph (h) of this section, or a handler who handles only products that are eligible to be labeled as 100 percent organic under the NOP; and who operates under an approved NOP system plan, and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for this exemption, the producer or handler shall submit the request to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the producer or handler continues to be eligible for the exemption.

(c) The request shall include the following: The applicant's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other in-

formation as may be required by the Board and with the approval of the Secretary.

(d) If the producer or handler complies with the requirements of this section, the Board will approve the exemption and issue a Certificate of Exemption to the producer or handler. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells watermelons. The handler shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(f) An importer imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic watermelons. The importer may request the exemption—on a form provided by the Board—at any time initially and annually thereafter on or before January 1, as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers and handlers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic watermelons bearing this HTS classification assigned by the Board will not be subject to assessments.

§ 1210.517

7 CFR Ch. XI (1-1-06 Edition)

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

[70 FR 2756, Jan. 14, 2005]

§ 1210.517 Determination of handler.

The producer and handler assessments on each lot of watermelons handled shall be paid by the handler. Unless otherwise provided in this section, the handler responsible for payment of assessments shall be the first handler of such watermelons. The first handler is the person who initially performs a handling function as heretofore defined. Such person may be a fresh shipper, processor, or other person who first places the watermelons in the current of commerce.

(a) The following examples are provided to aid in the identification of first handlers:

(1) Producer grades, packs, and sells watermelons of own production to a handler. In this instance, it is the handler, not the producer, who places the watermelons in the current of commerce. The handler is responsible for payment of the assessments.

(2) Producer packs and sells watermelons of that producer's own production from the field, roadside stand, or storage to a consumer, trucker, retail or wholesales outlet, or other buyer who is not a handler of watermelons. The producer places the watermelons in the current of commerce and is the first handler.

(3) Producer purchases watermelons from another producer. The producer

purchasing the watermelons is the first handler.

(4) Producer delivers field-run watermelons of own production to a handler for preparation for market and entry into the current of commerce. The handler, in this instance, is the first handler, regardless of whether the handler subsequently handles such watermelons for the account of the handler or for the account of the producer.

(5) Producer delivers field-run watermelons of own production to a handler for preparation for market and return to the producer for sale. The producer in this instance, is the first handler, except when the producer subsequently sells such watermelons to a handler.

(6) Producer delivers watermelons of own production to a handler who takes title to such watermelons. The handler who purchases such watermelons from the producer is the first handler.

(7) Producer supplies watermelons to a cooperative marketing association which sells or markets the watermelons and makes an accounting to the producer, or pays the proceeds of the sale to the producer. In this instance, the cooperative marketing association becomes the first handler upon physical delivery to such cooperative.

(8) Handler purchases watermelons from a producer's field for the purpose of preparing such watermelons for market or for transporting such watermelons to storage for subsequent handling. The handler who purchases such watermelons from the producer is the first handler.

(9) Broker/Commission House receives watermelons from a producer and sells such watermelons in the Broker's/Commission House's name. In this instance, the Broker/Commission House is the first handler, regardless of whether the Broker/Commission House took title to such watermelons.

(10) Broker/Commission House, without taking title or possession of watermelons, sells such watermelons in the name of the producer. In this instance, the producer is the first handler.

(11) Processor utilizes watermelons of own production in the manufacture of rind pickles, frozen, dehydrated, extracted, or canned products for human

consumption. In so handling watermelons the processor is the first handler.

(12) Processor purchases watermelons from the producer thereof. In this instance, the processor is the first handler even though the producer may have graded, packed, or otherwise handled such watermelons.

(b) In the event of a handler's death, bankruptcy, receivership, or incapacity to act, the representative of the handler or the handler's estate shall be considered the handler of the watermelons for the purpose of this subpart.

[55 FR 13256, Apr. 10, 1990, as amended at 58 FR 3356, Jan. 8, 1993]

§ 1210.518 Payment of assessments.

(a) *Time of payment.* The assessment on domestically produced watermelons shall become due at the time the first handler handles the watermelons for non-exempt purposes. The assessment on imported watermelons shall become due at the time of entry, or withdrawal, into the United States.

(b) *Responsibility for payment.* (1) The first handler is responsible for payment of both the producer's and the handler's assessment. The handler may collect the producer's assessment from the producer or deduct such producer's assessment from the proceeds paid to the producer on whose watermelons the producer assessment is made. Any such collection or deduction of producer assessment shall be made not later than the time when the first handler handles the watermelons.

(2) The U.S. Customs Service shall collect assessments on imported watermelons from importers and forward such assessments under an agreement between the U.S. Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessments directly to the Board of any assessments due but not collected by the U.S. Customs Service at the time of entry, or withdrawal, on watermelons imported into the United States for human consumption.

(c) *Payment direct to the Board.* (1) Except as provided in paragraph (b) and (e) of this section, each handler and importer shall remit the required producer and handler assessments, pursuant to §1210.341 of the Plan, directly to

the Board not later than 30 days after the end of the month such assessments are due. Remittance shall be by check, draft, or money order payable to the National Watermelon Promotion Board, or NWPB, and shall be accompanied by a report, preferably on Board forms, pursuant to §1210.350. To avoid late payment charges, the assessments must be mailed to the Board and post-marked within 30 days after the end of the month such assessments are due.

(2) Pursuant to §1210.350 of the Plan, each handler shall file with the Board a report for each month that assessable watermelons were handled. All handler reports shall contain at least the following information:

(i) The handler's name, address, and telephone number;

(ii) Date of report (which is also the date of payment to the Board);

(iii) Period covered by the report;

(iv) Total quantity of watermelons handled during the reporting period;

(v) Date of last report remitting assessments to the Board; and

(vi) Listing of all persons for whom the handler handled watermelons, their addresses, hundredweight handled, and total assessments remitted for each producer. In lieu of such a list, the handler may substitute copies of settlement sheets given to each person or computer generated reports, provided such settlement sheets or computer reports contain all the information listed above.

(vii) Name, address, and hundredweight handled for each person claiming exemption for assessment.

(viii) If the handler handled watermelons for persons engaged in the growing of less than 10 acres of watermelons, the report shall indicate the name and address of such person and the quantity of watermelons handled for such person.

(3) The words "final report" shall be shown on the last report at the close of the handler's marketing season or at the end of each fiscal period if such handler markets assessable watermelons on a year-round basis.

(4) *Prepayment of assessments.* (i) In lieu of the monthly assessment and reporting requirements of paragraph (b) of this section, the Board may permit handlers to make an advance payment

§ 1210.519

7 CFR Ch. XI (1-1-06 Edition)

of their total estimated assessments for the crop year to the Board prior to their actual determination of assessable watermelons. The Board shall not be obligated to pay interest on any advance payment.

(ii) Handlers using such procedures shall provide a final annual report of actual handling and remit any unpaid assessments not later than 30 days after the end of the last month of the designated handler's marketing season or at the end of each fiscal period if such handler markets assessable watermelons on a year-round basis.

(iii) Handlers using such procedures shall, after filing a final annual report, receive a reimbursement of any overpayment of assessments.

(iv) Handlers using such procedures shall, at the request of the Board to verify a producer's refund claim, provide the Board with a handling report on any and all producers for whom the handler has provided handling services but has not yet filed a handling report with the Board.

(v) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board on request.

(d) *Late payment charges and interest.*
(1) A late payment charge shall be imposed on any handler and importer who fails to make timely remittance to the Board of the total producer and handler and importer assessments for which any such handler and importer is liable. Such late payment shall be imposed on any assessments not received before the fortieth day after the end of the month such assessments are due. This one-time late payment charge shall be 10 percent of the assessments due before interest charges have accrued. The late payment charge will not be applied to any late payments postmarked within 30 days after the end of the month such assessments are due.

(2) In addition to the late payment charge, one and one-half percent per month interest on the outstanding balance, including the late payment charge and any accrued interest, will be added to any accounts for which payment has not been received by the last day of the second month following the month of handling; *Provided*, that,

handlers paying their assessments in accordance with paragraph (c)(4)(ii), will not be subject to the one and one-half percent per month interest under this paragraph until the last day of the second month after such assessments are due under paragraph (c)(4)(ii). Such interest will continue monthly until the outstanding balance is paid to the Board.

(e) *Payment through cooperating agency.* The Board may enter into agreements, subject to approval of the Secretary, authorizing other organizations, such as a regional watermelon association or State watermelon board, to collect assessments in its behalf. In any State or area in which the Board has entered into such an agreement, the designated handler shall pay the assessment to such agency in the time and manner, and with such identifying information as specified in such agreement. Such an agreement shall not provide any cooperating agency with authority to collect confidential information from handlers or producers. To qualify, the cooperating agency must on its own accord have access to all information required by the Board for collection purposes. If the Board requires further evidence of payment than provided by the cooperating agency, it may acquire such evidence from individual handlers. All such agreements are subject to the requirements of the Act, Plan, and all applicable rules and regulations under the Act and the Plan.

Subpart D—Referendum Procedures

SOURCE: 66 FR 56388, Nov. 7, 2001; 67 FR 17907, Apr. 12, 2002, unless otherwise noted.

§ 1210.600 General.

Referenda to determine whether eligible producers, handlers, and importers favor the continuation, suspension, termination, or amendment of the Watermelon Research and Promotion Plan shall be conducted in accordance with this subpart.

§ 1210.601 Definitions.

Unless otherwise defined in this section, the definition of terms used in these procedures shall have the same meaning as the definitions in the Plan.

(a) *Administrator* means the Administrator of the Agricultural Marketing Service, with power to redelegate, or any officer or employee of the Department to whom authority has been delegated or may hereafter be delegated to act in the Administrator's stead.

(b) *Department* means the United States Department of Agriculture.

(c) *Eligible handler* means any person (except a common contract carrier of watermelons owned by another person) who handles watermelons, including a producer who handles watermelons of the producer's own production, subject to the provisions of § 1210.602(a) of this chapter, who handles watermelons as a person performing a handling function and either:

(1) Takes title or possession of watermelons from a producer and directs the grading, packing, transporting, and selling of the watermelons in the current of commerce;

(2) Purchases watermelons from producers;

(3) Purchases watermelons from handlers;

(4) Purchases watermelons from importers; or

(5) Arranges the sale or transfer of watermelons from one party to another and takes title or possession of the

7 CFR Ch. XI (1-1-06 Edition)

watermelons: *Provided*, That harvest crews and common carriers who collect and transport watermelons from the field to a handler are not handlers and that retailers, wholesale retailers, foodservice distributors, and foodservice operators are not handlers.

(d) *Eligible importer* means any person who imports 150,000 pounds or more watermelons annually into the United States as principal or as an agent, broker, or consignee for any person who produces watermelons outside the United States for sale in the United States. An importer who imports less than 150,000 pounds of watermelons annually and did not apply for and receive reimbursement of assessments is also an eligible importer.

(e) *Eligible producer* means any person who is engaged in the growing of 10 or more acres of watermelons, including any person who owns or shares the ownership and risk of loss of such watermelon crop. A person who shares the ownership and risk of loss includes a person who:

(1) Owns and farms land, resulting in ownership, by said producer, of the watermelons produced thereon;

(2) Rents and farms land, resulting in ownership, by said producer, of all or a portion of the watermelons produced thereon; or

(3) Owns land which said producer does not farm and, as rental for such land, obtains the ownership of a portion of the watermelons produced thereon. Ownership of, or leasehold interest in land, and the acquisition, in any manner other than set forth in this subpart, of legal title to the watermelons grown on said land, shall not be deemed to result in such owners or lessees becoming producers. Persons who produce watermelons for non-food uses are not producers for the purposes of this subpart.

(f) *Person* means any individual, group of individuals, partnership, corporation, association, cooperative, or any other entity. For the purpose of this definition, the term partnership includes, but is not limited to:

(1) A husband and wife who have title to, or leasehold interest in, land as tenants in common, joint tenants, tenants by the entirety, or, under community

(2) So-called *joint ventures* wherein one or more parties to the agreement, informal or otherwise, contributed land and others contributed capital, labor, management, equipment, or other services, or any variation of such contributions by two or more parties, so that it results in the production, handling, or importation of watermelons for market and the authority to transfer title to the watermelons so produced, handled, or imported.

(g) *Referendum agent* or *agent* means the individual or individuals designated by the Secretary to conduct the referendum.

(h) *Representative period* means the period designated by the Secretary pursuant to the Act.

§ 1210.602 Voting.

(a) Each person who is an eligible producer, handler, or importer as defined in this subpart, at the time of the referendum and who also was a producer, handler, or importer during the representative period, shall be entitled to one vote in the referendum: *Provided*, That each producer in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce watermelons in which more than one of the parties is a producer, shall be entitled to one vote in the referendum covering only that producer's share of the ownership: *Provided further*, That the vote of a person who both produces and handles watermelons will be counted as a handler vote if the producer purchased watermelons from other producers, in a combined total volume that is equal to 25 percent or more of the producer's own production; or the combined total volume of watermelon handled by the producer from the producer's own production and purchased from other producer's production is more than 50 percent of the producer's own production: *Provided further*, That the vote of a person who both imports and handles watermelons will be counted as an importer vote if that person imports 50 percent or more of the combined total volume of watermelons handled and imported by that person.

(b) Proxy voting is not authorized, but an officer or employee of a corporate producer, handler, or importer, or an administrator, executor, or trustee of a producing, handling, or importing entity may cast a ballot on behalf of such entity. Any individual so voting in a referendum shall certify that the individual is an officer, employee of the producer, handler, or importer, or an administrator, executor, or trustee of a producing, handling, or importing entity and that the individual has the authority to take such action. Upon request of the referendum agent, the individual shall submit adequate evidence of such authority.

(c) *Casting of ballots*. All ballots are to be cast as instructed by the Secretary.

§ 1210.603 Instructions.

The referendum agent shall conduct the referendum, in the manner provided in this section, under the supervision of the Administrator. The Administrator may prescribe additional instructions, not inconsistent with the provisions in this section, to govern the procedure to be followed by the referendum agent. Such agent shall:

(a) Determine the period during which ballots may be cast.

(b) Provide ballots and related material to be used in the referendum. The ballot shall provide for recording essential information, including that needed for ascertaining whether the person voting, or on whose behalf the vote is cast, is an eligible voter.

(c) Give reasonable public notice of the referendum:

(1) By utilizing available media or public information sources, without incurring advertising expense, to publicize the voting period, method of voting, eligibility requirements, and other pertinent information. Such sources of publicity may include, but are not limited to, print and radio; and

(2) By such other means as said agent may deem advisable.

(d) Mail to eligible producers; importers; and in the case of an order-assessing handlers, handlers whose names and addresses are known to the referendum agent; the instructions on voting; a ballot; and a summary of the terms and conditions to be voted upon.

§ 1210.604

No person who claims to be eligible to vote shall be refused a ballot. However, such persons may be required to submit evidence of their eligibility.

(e) At the end of the voting period, collect, open, number, and review the ballots and tabulate the results in the presence of an agent of a third party authorized to monitor the referendum process.

(f) Prepare a report on the referendum.

(g) Announce the results to the public.

§ 1210.604 Subagents.

The referendum agent may appoint any individual or individuals necessary to assist the agent in performing such agent's functions hereunder. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1210.605 Ballots.

The referendum agent and subagents shall accept all ballots cast. However, if an agent or subagent deems that a ballot should be questioned for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such ballot was questioned, by whom questioned, why the ballot was questioned, the results of any investigation made with respect to the questionable ballot, and the disposition of the questionable ballot. Ballots invalid under this subpart shall not be counted.

§ 1210.606 Referendum report.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on the results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to analysis of the referendum and its results.

§ 1210.607 Confidential information.

All ballots cast and their contents and all other information or reports furnished to, compiled by, or in possession of, the referendum agent or subagents that reveal, or tend to reveal,

7 CFR Ch. XI (1-1-06 Edition)

the identity or vote of any producer, handler, or importer of watermelons shall be held strictly confidential and shall not be disclosed.

§ 1216.56 Exemption for organic peanuts.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (g) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) In order to apply for this exemption, an eligible peanut producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before August 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will approve the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for approval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells

Agricultural Marketing Service, USDA

§ 1216.62

peanuts. The handler shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(f) The exemption will apply at the first reporting period following the issuance of the Certificate of Exemption.

(g) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

[70 FR 2757, Jan. 14, 2005]

All information obtained from books, records, or reports under the Act, this subpart, and the regulations issued thereunder shall be kept confidential by all persons, including all employees and former employees of the Board, all officers and employees and former officers and employees of contracting and subcontracting agencies or agreeing parties having access to such information. Such information shall not be available to Board members, producers, importers, exporters, or handlers. Only those persons having a specific need for such information to effectively administer the provisions of this subpart shall have access to such information. Only such information so obtained as the Secretary deems relevant shall be disclosed by them, and then only in a judicial proceeding or administrative hearing brought at the direction, or on the request, of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving this subpart. (a) Each person who is an eligible producer, as defined in this subpart, at the time of the referendum and during the representative period, shall be entitled to cast only one ballot in the referendum. However, each producer in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce peanuts, in which more than one of the parties is a producer, shall be entitled to cast one ballot in the referendum covering only such producer's share of the ownership.

(b) Proxy voting is not authorized, but an officer or employee of an eligible corporate producer, or an administrator, executor, or trustee or an eligible producing entity may cast a ballot on behalf of such producer. Any individual so voting in a referendum shall certify that such individual is an officer or employee of the eligible producer, or an administrator, executive, or trustee of an eligible producing entity and that such individual has the authority to take such action. (a) Determine the period during which ballots may be cast.

(b) Provide ballots and related material to be used in the referendum. The ballot shall provide for recording essential information, including that needed for ascertaining whether the person voting, or on whose behalf the vote is cast, is an eligible voter.

(c) Give reasonable public notice of the referendum:

(2) By such other means as the agent may deem advisable.

(d) Mail to eligible producers whose names and addresses are known to the referendum agent, the instructions on voting, a ballot, and a summary of the terms and conditions of the Peanut Promotion, Research, and Information Order. No person who claims to be eligible to vote shall be refused a ballot.

(f) Prepare a report on the referendum.

(g) Announce the results to the public.

The referendum agent may appoint any individual or individuals necessary or desirable to assist the agent in performing such agent's functions under this subpart. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1216.105 Ballots.

The referendum agent and subagents shall accept all ballots cast. However, if an agent or subagent deems that a

§ 1216.106

ballot should be challenged for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such ballot was challenged, by whom challenged, the reasons therefor, the results of any investigations made with respect thereto, and the disposition thereof. Ballots invalid under this subpart shall not be counted.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to analysis of the referendum and its results.

§ 1216.107 Confidential information.

The ballots and other information or reports that reveal, or tend to reveal, the vote of any person covered under the Act and the voting list shall be held confidential and shall not be disclosed.

The review will be conducted through an audit of state crop production figures and USACBC assessment receipts. If

warranted, the USACBC will recommend to the Secretary that membership on the USACBC be altered to reflect any changes in geographical distribution of domestic blueberry production and the quantity of imports. If the level of imports increases, importer members and alternates may be added to the USACBC.

The final nominee for member will have received the highest number of votes cast. The person with the second highest number of votes cast will be the final nominee for alternate. The persons with the third and fourth place highest number of votes cast will be designated as additional nominees for consideration by the Secretary.

(d) Nominations for the importer, exporter, first handler, and public member positions will be made by the USACBC. Two nominees for each member and each alternate position will be submitted to the Secretary for consideration.

If the Secretary finds the recommendation of the USACBC shows adequate cause, the Secretary shall remove such member from office.

(c) Should any member position become vacant, the alternate of that member shall automatically assume the position of said member. Should the positions of both a member and such member's alternate become vacant, successors for the unexpired terms of such member and alternate shall be appointed in the manner speci-

§ 1218.50 Budget and expenses.

(a) At least 60 days prior to the beginning of each fiscal year, and as may be necessary thereafter, the USACBC shall prepare and submit to the Secretary a budget for the fiscal year covering its anticipated expenses and disbursements in administering this subpart. Each such budget shall include:

(1) A statement of objectives and strategy for each program, plan, or project;

(2) A summary of anticipated revenue, with comparative data or at least one preceding year (except for the initial budget);

(3) A summary of proposed expenditures for each program, plan, or project; and

(4) Staff and administrative expense breakdowns, with comparative data for at least one preceding year (except for the initial budget).

(b) Each budget shall provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in this subpart.

(c) Subject to this section, any amendment or addition to an approved budget must be approved by the Secretary, including shifting funds from one program, plan, or project to another. Shifts of funds which do not cause an increase in the USACBC's approved budget and which are consistent with governing bylaws need not have prior approval by the Secretary.

(d) The USACBC is authorized to incur such expenses, including provision for a reasonable reserve, as the Secretary finds are reasonable and likely to be incurred by the USACBC

for its maintenance and functioning, and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. Such expenses shall be paid from funds received by the USACBC.

(e) With approval of the Secretary, the USACBC may borrow money for the payment of administrative expenses, subject to the same fiscal, budget, and audit controls as other funds of the USACBC. Any funds borrowed by the USACBC shall be expended only for startup costs and capital outlays and are limited to the first year of operation of the USACBC.

(f) The USACBC may accept voluntary contributions, but these shall only be used to pay expenses incurred in the conduct of programs, plans, and projects. Such contributions shall be free from any encumbrance by the donor and the USACBC shall retain complete control of their use.

(g) The USACBC may also receive funds provided through the Department's Foreign Agricultural Service or from other sources, with the approval of the Secretary, for authorized activities.

(h) The USACBC shall reimburse the Secretary for all expenses incurred by the Secretary in the implementation, administration, and supervision of the Order, including all referendum costs in connection with the Order.

(i) The USACBC may not expend for administration, maintenance, and functioning of the USACBC in any fiscal year an amount that exceeds 15 percent of the assessments and other income received by the USACBC for that fiscal year. Reimbursements to the Secretary required under paragraph (h) are excluded from this limitation on spending.

(j) The USACBC may establish an operating monetary reserve and may carry over to subsequent fiscal periods excess funds in any reserve so established: *Provided* that the funds in the reserve do not exceed one fiscal period's budget. Subject to approval by the Secretary, such reserve funds may be used to defray any expenses authorized under this part.

The expense budget shall show expenditures during the time period covered by the report, year-to-date expenditures, and the unexpended budget.

(b) Each financial statement shall be submitted to the Secretary within 30 days after the end of the time period to which it applies.

(c) The USACBC shall submit annually to the Secretary an annual financial statement within 90 days after the end of the fiscal year to which it applies.

§ 1218.52 Assessments.

(a) The funds to cover the Council's expenses shall be paid from assessments on producers and importers, donations from any person not subject to assessments under this Order, and other funds available to the Board including those collected pursuant to § 1218.56 and subject to the limitations contained therein.

(b) The collection of assessments on domestic blueberries will be the responsibility of the first handler receiving the blueberries. In the case of the producer acting as its own first handler, the producer will be required to collect and remit its individual assessments.

(c) Such assessments shall be levied at a rate of \$12 per ton on all blueberries. The assessment rate will be reviewed, and may be modified with the approval of the Secretary, after the first referendum is conducted as stated in § 1218.71(b).

(d) Each importer of fresh and processed blueberries shall pay an assessment to the USACBC on blueberries imported for marketing in the United States, through the U.S. Customs Service.

(1) The assessment rate for imported fresh and processed blueberries shall be the same or equivalent to the rate for

§ 1218.53

7 CFR Ch. XI (1–1–06 Edition)

fresh blueberries produced in the United States.

(2) The import assessment shall be uniformly applied to imported fresh and frozen blueberries that are identified by the numbers 0810.40.0028 and 0811.90.2028, respectively, in the Harmonized Tariff Schedule of the United States or any other numbers used to identify fresh and frozen blueberries. Assessments on other types of imported processed blueberries, such as dried blueberries, puree, and juice, may be added at the recommendation of the USACBC with the approval of the Secretary.

(3) The assessments due on imported fresh and processed blueberries shall be paid when they enter or are withdrawn for consumption in the United States.

(e) All assessment payments and reports will be submitted to the office of the USACBC. All final payments for a crop year are to be received no later than November 30 of that year. A late payment charge shall be imposed on any handler who fails to remit to the USACBC, the total amount for which any such handler is liable on or before the due date established by the USACBC. In addition to the late payment charge, an interest charge shall be imposed on the outstanding amount for which the handler is liable. The rate of interest shall be prescribed in regulations issued by the Secretary.

(f) Persons failing to remit total assessments due in a timely manner may also be subject to actions under federal debt collection procedures.

(g) The USACBC may authorize other organizations to collect assessments on its behalf with the approval of the Secretary.

§ 1218.53 Exemption procedures.

(a) Any producer who produces less than 2,000 pounds of blueberries annually shall be exempt from the payment of assessments. Such producer may apply to the USACBC—on a form provided by the USACBC—for a certificate of exemption. Such producer shall certify that the producer's production of blueberries shall be less than 2,000 pounds for the fiscal year for which the exemption is claimed.

(b) Any importer who imports less than 2,000 pounds of fresh and frozen blueberries annually shall be exempt from the payment of assessments. Such importer may apply to the USACBC—on a form provided by the USACBC—for a certificate of exemption. Such importer shall certify that the importer's importation of fresh and frozen blueberries shall not exceed 2,000 pounds for the fiscal year for which the exemption is claimed.

(c) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (g) of this section; and is not a split operation shall be exempt from the payment of assessments.

(d) To apply for this exemption, a producer shall submit a request for exemption to the USACBC—on a form provided by the USACBC—at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption. The request shall include the following: The producer's name and address, with a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 CFR part 205), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary. If a producer complies with the requirements in paragraph (c) of this section, the USACBC will grant an assessment exemption and issue a certification of exemption to the producer. For exemption requests received on or before August 15, 2005, the USACBC will have 60 days to approve the exemption request; after August 15, 2005, the USACBC will have 30 days to approve the exemption request. If the application is disapproved, the USACBC will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7

CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic fresh and frozen blueberries—on a form provided by the USACBC—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (d) of this section. If the importer complies with the requirements of this section, the USACBC will grant the exemption and issue a Certificate of Exemption to the importer. The USACBC will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic fresh and frozen blueberries bearing this HTS classification assigned by the USACBC will not be subject to assessments.

(f) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(g) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(h) On receipt of an application, the USACBC shall determine whether an exemption may be granted. The USACBC then will issue, if deemed appropriate, a certificate of exemption to each person who is eligible to receive one. Each producer who is exempt from

assessment must provide an exemption number to the first handler in order to be exempt from the collection of an assessment on blueberries. First handlers and importers, except as otherwise authorized by the USACBC, shall maintain records showing the exemptee's name and address along with the exemption number assigned by the USACBC.

(i) Importers who are exempt from assessment shall be eligible for reimbursement of assessments collected by the U.S. Customs Service and shall apply to the USACBC for reimbursement of such assessments paid. No interest will be paid on assessments collected by the U.S. Customs Service. Requests for reimbursement shall be submitted to the USACBC within 90 days of the last day of the year the blueberries were actually imported.

(j) Any person who desires an exemption from assessments for a subsequent fiscal year shall reapply to the USACBC, on a form provided by the USACBC, for a certificate of exemption.

(k) The USACBC may require persons receiving an exemption from assessments to provide to the USACBC reports on the disposition of exempt blueberries and, in the case of importers, proof of payment of assessments.

(1) The establishment, issuance, effectuation, and administration of appropriate programs for promotion, research, and information, including producer and consumer information, with respect to fresh and processed blueberries; and

(2) The establishment and conduct of research with respect to the use, nutritional value, sale, distribution, and

(b) No program, plan, or project shall be implemented prior to its approval by the Secretary. Once a program, plan, or project is so approved, the USACBC shall take appropriate steps to implement it.

(c) Each program, plan, or project implemented under this subpart shall be reviewed or evaluated periodically by the USACBC to ensure that it contributes to an effective program of promotion, research, or information. If it is found by the USACBC that any such program, plan, or project does not contribute to an effective program of promotion, research, or information, then the USACBC shall terminate such program, plan, or project.

(d) No program, plan, or project including advertising shall be false or misleading or disparaging another agricultural commodity. Blueberries of all origins shall be treated equally.

Board members and alternates shall be domiciled in the United States.

(b) The membership of the Board shall be divided as follows:

(1) Seven members and their alternates shall be producers of Hass avocados that are subject to assessments under this subpart;

(2) Two members and their alternates shall be importers of Hass avocados that are subject to assessments under this subpart; and

(3) Three members shall be producers of Hass avocados that are subject to assessments under this subpart or importers of Hass avocados that are subject to assessments under this subpart. Producers and importers shall be allocated to these positions so as to assure as nearly as possible that the composition of the 12-member Board reflects the proportion of domestic production and imports supplying the United States market. Such proportion shall be based on the Secretary's determination of the average volume of domestic production and the average volume of imports into the United States market over the previous three years, based on all information available to the Secretary.

(c) Three years after the assessment of funds commences pursuant to this subpart, and at the end of each three-year period thereafter, the Board shall review the production of domestic Hass avocados in the United States and the volume of imported Hass avocados on the basis of the amount of assessments collected from producers and importers over the immediately preceding three-year period and, if warranted, recommend to the Secretary the reapportionment of the positions authorized in paragraph (b)(3) of this section to reflect changes in the proportion of domestic Hass avocado production to the volume of imported Hass avocados, to the extent possible in the Act. Following the selection of the importer members, the Secretary shall select the alternate importer members. In selecting the alternate members, the Secretary shall consider the names for each alternate member position along with the individuals who were elected by importers for each Board member position but were not selected for that position.

§ 1219.33 Subsequent nomination and appointment of Board members and alternates.

The Board's staff shall announce at least 150 days in advance of the expiration of members' and alternates' terms that such terms are expiring and shall solicit nominations in accordance with procedures recommended by the Board and approved by the Secretary. Nominations for such positions should be submitted to the Secretary no less than 90 days prior to the expiration of the terms.

Each term of office will end on October 31, with new terms of office beginning on November 1.

§ 1219.36 Vacancies.

(a) In the event any member or alternate of the Board ceases to be a member of the category of members from which the member was appointed to the Board, such member or alternate shall be disqualified from serving on the Board and the position shall automatically become vacant.

(b) If a member of the Board consistently refuses to perform the duties of a member of the Board, or if a member of the Board engages in acts of dishonesty or willful misconduct, the Board may recommend to the Secretary that the member be removed from office. If the Secretary finds that the recommendation of the Board shows adequate cause, the member shall be removed from office.

(c) Should any Board member position become vacant in the event of the death, removal, resignation, or disqualification, the alternate of that member shall automatically assume the position of said member. The alternate shall serve until the end of the member's normal term. If there is no alternate member to assume the position of member, the successor member and alternate shall be nominated and selected in the manner specified in §§ 1219.31, 1219.32, or 1219.33.

(d) Should any alternate member become vacant in the event of death, removal, resignation, or disqualification, the Board may nominate persons to serve for the unexpired term of such alternate member. The nomination shall be conducted at a regularly scheduled Board meeting as soon as practicable after the vacancy occurs. The Board may solicit the names of nominees from producers and importers prior to

7 CFR Ch. XI (1-1-06 Edition)

the meeting and from the floor of the meeting. All nominees must meet the qualifications for nomination. The Board shall submit two nominees for each vacancy to the Secretary. A vacancy will not be required to be filled if the unexpired term is less than six months.

An alternate member of the Board, during the absence of the member for whom the person is the alternate, shall act in the place and stead of such member and perform such duties as assigned. In the event of the death, removal, resignation, or disqualification of any member, the alternate for that member shall automatically assume the position of said member. In the event that both a member of the Board and the alternate are unable to attend a meeting, the Board may not designate any other alternate to serve in such member's or alternate's place and stead for the meeting.

§ 1219.38 Powers and duties.

§ 1219.102

7 CFR Ch. XI (1-1-06 Edition)

§ 1219.102 Registration.

An eligible producer or importer of Hass avocados, as defined in this subpart, at the time of the referendum and during a representative period, who chooses to vote in any referendum conducted under this subpart, shall register with the referendum agent prior to the voting period, after receiving notice from the referendum agent concerning the referendum under § 1219.104(b). Registration information shall be confidential under § 1219.108.

§ 1219.103 Voting.

(a) Each eligible producer and eligible importer who registers to vote in the referendum shall be entitled to cast only one ballot in the referendum. However, each producer in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce Hass avocados, in which more than one of the parties is a producer, shall be entitled to cast one ballot in the referendum covering only such producer's share of the ownership.

(b) Proxy voting is not authorized, but an officer or employee of an eligible corporate producer or importer, or an administrator, executor, or trustee or an eligible entity may cast a ballot on behalf of such entity. Any individual so voting in a referendum shall certify that such individual is an officer or employee of the eligible entity, or an administrator, executive, or trustee of an eligible entity and that such individual has the authority to take such action. Upon request of the referendum agent, the individual shall submit adequate evidence of such authority.

(c) All ballots are to be cast by mail or fax, as instructed by the referendum agent.

§ 1219.104 Instructions.

The referendum agent shall conduct the referendum, in the manner herein provided, under the supervision of the Administrator. The Administrator may prescribe additional instructions, not inconsistent with the provisions hereof, to govern the procedure to be followed by the referendum agent. Such agent shall:

(a) Determine the period during which ballots may be cast (voting period).

(b) Notify producers and importers of the voting period for the referendum and the requirement to register to vote in the referendum at least 30 days in advance by utilizing available media or public information sources, without incurring advertising expense, to publicize the dates, places, method of voting, eligibility requirements, and other pertinent information. Such sources of publicity may include, but are not limited to, print and radio.

(c) Develop the ballots and related material to be used in the referendum. The ballot shall provide for recording essential information, including that needed for ascertaining whether the person voting, or on whose behalf the vote is cast, is an eligible voter.

(d) Develop a list of producers and importers who register to vote.

(e) Mail to registered voters the instructions on voting, a ballot, and a summary of the terms and conditions of the proposed Order.

(f) At the end of the voting period, collect, open, number, and review the ballots and tabulate the results in the presence of an agent of a third party authorized to monitor the referendum process.

(g) Prepare a report on the referendum.

(h) Announce the results to the public.

§ 1219.105 Subagents.

The referendum agent may appoint any individual or individuals necessary or desirable to assist the agent in performing such agent's functions hereunder. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1219.106 Ballots.

The referendum agent and subagents shall accept all ballots cast. However, if an agent or subagent deems that a ballot should be challenged for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such

ballot was challenged, by whom challenged, the reasons therefore, the results of any investigations made with respect thereto, and the disposition thereof. Ballots invalid under this subpart shall not be counted.

§ 1219.107 Referendum report.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on the results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to the analysis of the referendum and its results.

§ 1219.108 Confidential information.

Subpart C—Rules and Regulations

SOURCE: 70 FR 2758, Jan. 14, 2005, unless otherwise noted.

§ 1219.200 Terms defined.

Unless otherwise defined in this subpart, the definitions of terms used in this subpart shall have the same meaning as the definitions of such terms which appear in Subpart A—Hass Avocado Promotion, Research, and Information Order of this part.

§ 1219.201 Definitions.

Organic Act means section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502).

§ 1219.202 Exemption for organic Hass avocados.

(a) A producer who operates under an approved National Organic Program

(NOP) (7 CFR part 205) system plan; only produces products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (h) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) To obtain this exemption, an eligible Hass avocado producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before November 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: the producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in the Organic Act, a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of paragraph (a) of this section, the Board will grant an assessment exemption and shall issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells Hass avocados. The handler shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(f) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic Hass avocados—on a form provided by the

Board—at any time initially and annually thereafter on or before November 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic Hass avocados bearing this HTS classification assigned by the Board will not be subject to assessments.

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

The Secretary may amend this subpart to make the changes recommended by the Board in levels of productions used to determine per unit representation. A unit may not, as a result of any modifications under this subsection, lose Board seats to which it is entitled at the time this subpart is initially issued unless its average annual production, as determined under paragraph (e)(6) of this section, declines below the levels required for representation, as specified in paragraphs (e) (1) through (5) of this section.

(d) At the end of each three (3) year period, the Secretary shall review the volume of production (minus the volume of production for which refunds have been paid) of each unit provided representation under paragraph (a) of this section, and shall adjust the boundaries of any unit and the number of Board members from each such unit to conform with the criteria set out in paragraphs (e) (1) through (5) of this section.

(e) The following formula will be used to determine the number of directors for each unit who shall serve on the Board:

(1)(i) Except as provided in paragraph (e)(1)(ii) of this section, each State will be considered as a separate unit.

(ii) States which do not have annual average soybean production equal to or greater than three million (3,000,000) bushels shall be grouped, to the extent practicable, into geographically contiguous units each of which, to the extent practicable, have a combined annual soybean production level which is equal to or greater than three million (3,000,000) bushels and each such unit shall be entitled to at least one representative on the Board.

(2) Each unit that has an annual average soybean production of less than fifteen million (15,000,000) bushels shall be entitled to one representative on the Board.

(3) Each unit which has an annual average soybean production of fifteen million (15,000,000) or more bushels but less than seventy million (70,000,000) bushels shall be entitled to two (2) representatives on the Board.

(4) Each unit which has an annual average soybean production of seventy million (70,000,000) or more bushels but less than two hundred million (200,000,000) bushels shall be entitled to three (3) representatives on the Board.

(5) Each unit which has an annual average soybean production of two hundred million (200,000,000) bushels or more shall be entitled to four (4) representatives on the Board.

(6) For the purposes of this section, average annual soybean production shall be determined by using the average of the production for the State or unit over the five previous years, excluding the year in which production

was the highest and the year in which production was the lowest.

§ 1220.202 Term of office.

(a) The members of the Board shall serve for terms of 3 years, except that the members appointed to the initial Board shall serve, proportionately, for terms of 1, 2, and 3 years.

(b) Each member shall continue to serve until a successor is appointed by the Secretary and has accepted the position.

(c) No member shall serve more than three consecutive 3-year terms in such capacity.

§ 1220.203 Nominations.

All nominations for appointments to the Board under § 1220.204 shall be made in the following manner:

(a) After the issuance of this subpart by the Secretary, nominations shall be obtained by the Secretary as specified in paragraphs (a), (b), and (c) of this section from Qualified State Soybean Boards or for initial Board nominations, eligible organizations deemed qualified to nominate pursuant to paragraph (f) of the section. A Qualified State Soybean Board, or for initial Board nominations, an eligible organization shall only submit nominations for positions on the Board representing the unit, as established under § 1220.201, in which such Qualified State Soybean Board operates.

(b) If the Secretary determines that a unit is not represented by a Qualified State Soybean Board or for initial Board nominations, an eligible organization, then the Secretary may solicit nominations from organizations which represent producers in that unit and from producers residing in that unit. A caucus may be held in such units for the purpose of collectively submitting nominations to the Secretary.

(c) Where there is more than one State comprising a unit, the Secretary shall take into consideration the nominations submitted by Qualified State Soybean Boards or for initial Board

nominations, eligible organizations, within the unit. A caucus may be held in such units for the purpose of collectively submitting nominations to the Secretary. The Secretary shall consider the proportional levels of production in each State comprising the unit when appointing members to the Board representing that unit.

(d) At least two nominations shall be submitted for each position to be filled.

(e) Nominations may be submitted in order of preference and for the initial Board, in order of preference for staggered terms. Should the Secretary reject any nomination submitted and there are insufficient nominations submitted from which appointments can be made, the Secretary may request additional nominations under paragraph (a) or (b) of this section, whichever provision is applicable for such unit.

(f) Any organization authorized pursuant to State law to collect assessments from producers may notify the Secretary of the organization's intent to nominate members to the initial Board for the State or unit, as established under § 1220.201, in which such organization operates and is authorized by State law. Such eligibility shall be based only upon the criteria established pursuant to § 1220.228(a)(1). There shall only be one organization authorized per State pursuant to this section to submit nominations to the initial Board. If no such entity exists in a State, any organization meeting those requirements of § 1220.228(a)(2) may request eligibility to submit nominations.

§ 1220.204 Appointment.

From the nominations made pursuant to § 1220.203, the Secretary shall appoint the members of the Board on the basis of representation provided for in § 1220.201.

§ 1220.205 Nominee's agreement to serve.

Any producer nominated to serve on the Board shall file with the Secretary at the time of nomination a written agreement to:

§ 1220.206

(b) Agree to disclose any relationship with any soybean promotion entity or with any organization that has or is being considered for a contractual relationship with the Board.

§ 1220.206 Vacancies.

To fill any vacancy occasioned by the death, removal, resignation, or disqualification of any member of the Board, the Secretary shall request nominations for a successor pursuant to §1220.203, and such successor shall be appointed pursuant to §1220.204.

§ 1220.207 Alternate members.

(a) The Secretary shall solicit, pursuant to the procedures of §1220.203, nominations for alternate members of the Board.

(b) The Secretary shall appoint one alternate member of the Board for each unit which has only one member pursuant to §1220.204 and §1220.205.

(c) Alternate members of the Board may attend meetings of the Board as a voting member upon the following circumstances:

(1) A member of the Board for the unit which the alternate member represents is absent; and

(2) Such member, or in the case of incapacitation or death of the member, a relative, has contacted the appropriate officer of the Board to inform such officer of such absence;

(d) An alternate member of the Board, when attending Board meetings in an official capacity, shall have the rights, duties and obligations of a Board member.

§ 1220.208 Removal.

If the Secretary determines that any person appointed under this part fails or refuses to perform his or her duties properly or engages in acts of dishonesty or willful misconduct, the Secretary shall remove the person from office. A person appointed or certified under this part or any employee of the Board or Committee may be removed by the Secretary if the Secretary determines that the person's continued service would be detrimental to the purposes of the Act.

(a) At a properly convened meeting of the Board, a majority of the members shall constitute a quorum.

(b)(1) Except for roll call votes, each member of the Board will be entitled to one vote on any matter put to the Board and the motion will carry if supported by a simple majority of those voting.

(2)(i) If a member requests a roll call vote, except as provided in paragraph (b)(2)(ii) of this section, each unit as established under §1220.201, shall cast one vote for each percent, or portion of a percent, of the average total amount of assessments remitted to the Board that was remitted from the unit (minus refunds) during each of the three previous fiscal years of the Board under §1220.223.

(ii)(A) During the first fiscal year of the Board, the percentage used to determine the votes given to a unit will be based on annual average soybean production of the three previous years. If a unit is represented by more than one member, each member representing the unit shall receive an equal percentage of the votes allocated to the unit.

(B) During the second and third year this subpart is in effect, the percentage used to determine the votes given to a unit will be based upon averaging the unit's percentage of annual assessments remitted to the Board (minus refunds).

(iv) A motion will carry on a roll call vote if approved by both a simple majority of all votes cast and a simple majority of all units voting (with the vote of each unit determined by a simple majority of all votes cast by members in that unit).

(3) A member may not cast votes by proxy.

In the event that such action is taken, all members must be notified and provided the opportunity to vote. Any action so taken shall have the same force and effect as though such action had been taken at a regular or special meeting of the Board.

(d) On or after the end of the three-year period beginning on the effective date of this subpart, the Board may recommend to the Secretary changes in the voting procedures of the Board described in paragraph (b) of this section.

EXPENSES AND ASSESSMENTS

§ 1220.222 Expenses.

(a) The Board is authorized to incur such expenses (including provision for a reasonable reserve) as the Secretary finds are reasonable and likely to be incurred by the Board for its maintenance and functioning and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. However, during any fiscal year, expenses incurred by the Board for administrative staff costs and their benefits shall not exceed 1 percent of the projected level of assessments, net of projected refunds, of the Board for that fiscal year. Such expenses shall be paid from assessments received pursuant to §1220.223. The administrative expenses of the Board, including the cost of administrative staff, shall not exceed 5 percent of the projected level of assessments, net of projected refunds, of the Board for that fiscal year.

(b) The Board shall reimburse the Secretary, from assessments received pursuant to §1220.223, for administrative costs incurred after an Order has been submitted to the Department pursuant to section 1968(b) of the Act; Provided, that the Board shall only be required to reimburse the Secretary for one-half (50%) of the costs incurred by the Secretary to conduct the refund referendum relating to continuation of authority to pay refunds.

(c)(1) The Board may, with the approval of the Secretary, authorize a credit to Qualified State Soybean Boards of up to 5 percent of the amount to be remitted to the Board pursuant to §1220.223 and §1220.228 of this subpart

to offset collection and compliance costs relating to such assessments and for fees paid to State governmental agencies or first purchasers for collection of the assessments where the payment of such fees by the Qualified State Soybean Board is required by State law enacted prior to November 28, 1990.

(2) The portion of the credit authorized in paragraph (c)(1) of this section which compensates Qualified State Soybean Boards for fees paid to State governmental agencies or first purchasers for collection of the assessments where the payment of such fees by the Qualified State Soybean Board is required by State law enacted prior to November 28, 1990:

(i) Shall not exceed one-half of such fees paid to State governmental agencies or first purchasers, and;

(ii) Shall not exceed 2.5 percent of the amount of assessments collected and remitted to the Board.

(3) Except for that portion of the credit issued pursuant to paragraph (c)(2) of this section, credits authorized by paragraph (c)(1) of this section will be included as part of the Board's administrative expenses.

§ 1220.223 Assessments.

(a)(1) Except as prescribed by regulations approved by the Secretary or as otherwise provided in this section, each first purchaser of soybeans shall collect an assessment from the producer, and each producer shall pay such assessment to the first purchaser, at the rate of one-half of one percent (0.5%) of the net market price of the soybeans purchased. Each first purchaser shall remit such assessment to the Board or to a Qualified State Soybean Board, as provided in paragraph (a)(5) of this section.

(2) Any producer marketing processed soybeans or soybean products of that producer's own production, shall remit to a Qualified State Soybean Board or to the Board, as provided in paragraph (a)(5) of this section, an assessment on such soybeans or soybean products at a rate of one-half of one percent (0.5%) of the net market price of the soybeans involved or the equivalent thereof.

(3) In determining the assessment due from each producer under paragraph (a)(1) or (a)(2) of this section, a producer who is contributing to a Qualified State Soybean Board shall receive a credit from the Board for contributions to such Qualified State Soybean Board on any soybeans assessed under this section in an amount not to exceed one-quarter of one percent of the net market price of the soybeans assessed.

(4) In order for a producer to receive the credit provided for in paragraph (a)(3) of this section, the Qualified State Soybean Board or the first purchaser must establish to the satisfaction of the Board that the producer has contributed to a Qualified State Soybean Board.

(5)(i) If the soybeans, for which an assessment is paid, were grown in a State other than the State which is the situs of the first purchaser, the first purchaser that collects the assessment shall remit the assessment and information as to the State of origin of the soybeans to the Qualified State Soybean Board operating in the State in which the first purchaser is located. The Qualified State Soybean Board operating in the State in which the first purchaser is located shall remit such assessments to the Qualified State Soybean Board operating in the State in which the soybeans were grown. If no such Qualified State Soybean Board exists in such State, then the assessments shall be remitted to the Board. The Board, with the approval of the Secretary, may authorize Qualified State Soybean Boards to propose modifications to the foregoing "State of Origin" rule to ensure effective coordination of assessment collections between Qualified State Soybean Boards.

(ii)(A) If a producer pledges soybeans grown by that producer as collateral for a loan issued by the Commodity Credit Corporation and if that producer forfeits said soybeans in lieu of loan repayment, the Commodity Credit Corporation shall at the time of the loan settlement, collect from the producer the assessments due based on 0.5 percent of the principal loan amount received by the producer and remit the assessment to the Qualified State Soybean Board in the State in which the

soybeans were pledged, or if no Qualified State Soybean Board exists in such State, the Board.

(B) If a producer redeems and subsequently markets soybeans which have been pledged as collateral for a loan issued by the Commodity Credit Corporation, the first purchaser shall collect and remit the assessments due pursuant to paragraph (a)(1) of this section; or if a producer markets such soybeans as processed soybeans or as soybean products, the producer shall remit the assessment pursuant to paragraph (a)(2) of this section.

(iii) Qualified State Soybean Boards and the Board shall coordinate assessment collection procedures to ensure that producers marketing soybeans are required to pay only one assessment per bushel of soybeans and collections are adjusted among States on a mutually agreeable basis.

(b) The collection of assessments pursuant to paragraph (a) of this section, shall commence on and after the date assessments are required to be paid and shall continue until terminated by the Secretary. If the Board is not constituted on the date the first assessments are to be collected, the Secretary shall have the authority to receive the assessments on behalf of the Board, and to hold such assessments until the Board is constituted, then remit such assessments to the Board.

(c)(1) Each person responsible for the collection of assessments under paragraph (a) of this section, shall collect and remit the assessments to the Board or a Qualified State Soybean Board on a monthly basis or as required by State law, but no less than quarterly, unless the Board, with the approval of the Secretary, has specifically authorized otherwise.

(2) Any unpaid assessments due the Board or a Qualified State Soybean Board from a person responsible for remitting assessments to the Board or a Qualified State Soybean Board pursuant to paragraph (a) of this section, shall be increased two percent (2%) each month beginning with the day following the date such assessments were due under this subpart. Any remaining amount due shall be increased at the same rate on the corresponding day of each month thereafter until paid.

(3) The amounts payable pursuant to this section shall be computed monthly on unpaid assessments and shall include any unpaid late charges previously applied pursuant to this section.

(4) For the purpose of this section, any assessment that was determined at a date later than prescribed by this subpart because of a person's failure to submit a report to the Board or a Qualified State Soybean Board when due, shall be considered to have been payable by the date it would have been due if the report had been filed when due.

(d) Prior to the continuance referendum, the Board, pursuant to procedures approved by the Secretary, shall ensure that each Qualified State Soybean Board is provided credit in accordance with the provisions of section 1969(n)(1) and subject to section 1969(n)(3) of the Act.

(e) Following the continuance referendum, the Board, pursuant to procedures approved by the Secretary, shall ensure annually that each Qualified State Soybean Board is provided credit in accordance with the provisions of section 1969(n)(2) and subject to section 1969(n)(3) of the Act.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (g) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for an exemption under this section, the producer shall submit the request to the Board or other party as designated by the Board—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: the producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of

(a) The opportunity to request a referendum shall be provided at the county FSA offices.

(b) If the Secretary determines, based on results of the Request for Referendum that no less than 10 percent (not in excess of one-fifth of which may be producers in any one State) of all

producers have requested a referendum on the Order, a referendum will be held within 1 year of that determination.

(c) If the Secretary determines, based on the results of the Request for Referendum, that the requirements in paragraph (b) of this section are not met, a referendum will not be conducted.

§ 1220.618 Eligibility.

Each producer entity is entitled to only one request.

(b) *Proxy Registration.* Proxy registration is not authorized, except that an officer or employee of a corporate producer, or any guardian, administrator, executor, or trustee of a producer's estate, or an authorized representative of any eligible producer entity (other than an individual producer), such as a corporation or partnership, may request a referendum on behalf of that entity. (a) To request that a referendum be conducted, each eligible producer shall, during the Request for Referendum period, be provided the opportunity to request a referendum during a specified period announced by the Secretary.

(1) Each eligible producer shall be required to complete form LS-51-1 in its entirety and sign it. The producer must legibly print his/her name and, if applicable, the producer entity represented, address, county, and telephone number. The producer must read the certification statement on form LS-51-1 and sign it certifying that:

(i) The person or the producer entity they represent was a producer of soybeans during the representative period;

(ii) The individual requesting a referendum on behalf of a corporation or other entity is authorized to do so; and

(iii) The individual has submitted only one request for a referendum unless they are also an authorized representative for another eligible corporation or other entity.

(2) The producer, corporation, or other entity must also provide documentation, such as a sales receipt, showing that the producer, corporation, or other entity has paid an assessment on soybeans during the representative period.

(3) Only a completed and signed form LS-51-1 accompanied by documentation showing that soybean assessments were paid during the representative period shall be considered a valid request for a referendum.

(b) To request a referendum, eligible producers may obtain form LS-51-1 in-person, by mail, or by facsimile during the request for referendum period from the county FSA office where FSA maintains and processes the producer's, corporation's, or other entity's administrative farm records. For the producer, corporation, or other entity not participating in FSA programs, the opportunity to request a referendum would be provided at the county FSA office serving the county where the

producer, corporation, or other entity owns or rents land. Eligible producers may also obtain form LS-51-1 via the Internet at www.ams.usda.gov/lsg/mpb/rp-soy.htm. For those persons who chose to obtain form LS-51-1 via the Internet, the completed form and required documentation must be submitted to the county FSA office where FSA maintains and process the producer's, corporation's, or other entity's administrative farm records. For producer, corporation, or other entity not participating in FSA programs, the opportunity to request a referendum would be provided at the county FSA office serving the county where the producer, corporation, or other entity owns or rents land.

(c) Producers or producer entities may return form LS-51-1 and the accompanying documentation in-person, by mail, or facsimile to the appropriate county FSA office. Form LS-51-1 returned in-person or by facsimile, must be received in the appropriate county FSA office prior to the close of the work day on the final day of the Request for Referendum period to be considered a valid request. Form LS-51-1 and the accompanying documentation returned by mail must be postmarked no later than midnight of the final day of the Request for Referendum period and must be received in the county FSA office prior to the start of canvassing Form LS 51-1.

(d) Producers who obtain form LS-51-1 in-person at the appropriate FSA county office may complete and return the form the same day, accompanied by documentation, such as a sales receipt, showing that soybean assessments were paid during the representative period.

§ 1220.623 Canvassing requests.

(a) Canvassing of Form LS-51-1 shall take place at the opening of county FSA offices on the 5th business day following the Request for Referendum period. Such canvassing, acting on behalf of the Administrator, AMS, shall be in the presence of at least two members of the county committee. If two or more of the counties have been combined and are served by one county office, the canvassing of the requests shall be conducted by at least one member of the

county committee from each county served by the county office. The FSA State committee or the State Executive Director if authorized by the State Committee, may designate the County Executive Director (CED) and a county or State FSA office employee to canvass the requests and report the results instead of two members of the county committee when it is determined that the number of eligible voters is so limited that having two members of the county committee present for this function is impractical, and designate the CED and/or another county or State FSA office employee to canvass requests in any emergency situation precluding at least two members of the county committee from being present to carry out the functions required in this section.

(b) The request for referendum should be canvassed as follows:

(1) *Number of eligible requests for a referendum.* Each person who was a producer during the representative period and provides documentation to prove that they paid an assessment will be considered eligible to request a referendum.

(2) *Number of ineligible requests for a referendum.* If FSA cannot determine that a producer is eligible based on the submitted documentation or if the producer fails to submit the required documentation, the producer shall be determined to be ineligible. FSA shall notify ineligible producers in writing as soon as practicable but no later than the 8th business day following the final day of the Request for Referendum period.

(c) *Appeal.* A person declared to be ineligible by FSA can appeal such decision and provide additional documentation to the FSA county office within 5 business days after the postmark date of the letter of notification of ineligibility. FSA will then make a final decision on the producer's eligibility and notify the producer of the decision.

(d) *Number of valid requests for referendum.* A person has been declared eligible and has provided and completed all of the required information on form LS-51-1.

§ 1220.624

7 CFR Ch. XI (1-1-06 Edition)

(3) Form LS-51-1 and supporting documentation returned by mail was not postmarked by midnight of the final day of the Request for Referendum period;

(4) Form LS-51-1 and supporting documentation returned by mail was not received in the county FSA office prior to canvassing of the ballots;

(5) Form LS-51-1 or supporting documentation is mutilated or marked in such a way that any required information on the form is illegible; or

(6) Form LS-51-1 and supporting documentation not returned to the appropriate county FSA office.

§ 1220.624 Confidentiality.

The names of persons requesting a referendum shall be confidential and may not be divulged except as the Secretary may direct.

§ 1220.625 Counting requests.

(a) The requests for a referendum shall be counted by county FSA offices on the same day as the requests are canvassed if there are no ineligibility determinations to resolve. For those county FSA offices that do have ineligibility determinations, the requests shall be counted no later than the 14th business day following the final day of the Request for Referendum period.

Each FSA CED will place in sealed containers marked with the identification of the "Request for Soybean Referendum," all of the form LS-51-1's along with the accompanying documentation and county summaries. Such records will be placed in a secure location under the custody of the FSA CED for a period of not less than 12 months after the date of notification by the Administrator, FSA, that the final results have been announced by the Secretary. DEFINITIONS

§ 1230.100 Terms defined.

As used throughout this subpart, unless the context otherwise requires, terms shall have the same meaning as the definition of such terms in Subpart A of this part.

§ 1230.102 Exemption.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (i) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for an exemption under this section, the producer shall submit the request to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: the producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will grant the exemption and issue a

Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each person responsible for collecting and remitting the assessment to the Board.

(f) The person responsible for collecting and remitting the assessment to the Board shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(g) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic porcine animals or pork and pork products—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic porcine animals or pork and pork products bearing this HTS classification assigned by the Board will not be subject to assessments.

(i) Agricultural commodities produced and marketed under an organic

Agricultural Marketing Service, USDA

system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs,

and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(5) To register, eligible producers shall complete and sign the combined registration and certification form and absentee ballot (Form LS-73) and certify that:

(i) They or the corporation or other entity they represent were producers during the specified representative period;

(3) *Spoiled ballots.* Ballots will be considered spoiled if they are mutilated or marked in such a way that it cannot be determined whether the voter is voting "yes" or "no." Spoiled ballots shall not be considered as approving or disapproving the Pork Checkoff Program, or as a ballot cast in the referendum.

(4) *Confidentiality.* All ballots shall be confidential and the contents of the ballots not divulged except as the Secretary may direct. The public may witness the opening of the ballot box and the counting of the votes but may not interfere with the process.

(b) *Importers—(1) Counting the ballots.* FSA headquarters personnel, acting on behalf of the Administrator, AMS, will

All ballots of importer voters declared invalid will be kept separate from the other ballots and the envelopes containing these ballots will not be opened. The valid ballots will be counted on November 29, 2000, during regular office hours on the 46th business day after the date of the last day of the in-person voting period. FSA headquarter office employees will remove the sealed "Pork Ballot" envelope (Form LS-72-1) from the "Pork Referendum" envelopes (Form LS-73-1) of all eligible importer voters. After removing all "Pork Ballot" envelopes, FSA headquarter employees will shuffle the sealed "Pork Ballot" envelopes or otherwise mix them up so that ballots cannot be matched with importers' names. After shuffling the "Pork Ballot" envelopes, FSA headquarters employees will open the envelopes and count the ballots. The ballots will be counted as follows:

[66 FR 21830, May 1, 2001]

§ 1240.32 Nominations.

All nominations to the Board authorized under §1240.30 herein shall be made in the following manner.

(a) *Establishment of National Honey Nominations Committee.* (1) There is established a National Honey Nominations Committee, which shall consist of

not more than one member from each State, appointed by the Secretary from nominations submitted by each State beekeeper association. Wherever there is more than one eligible association within a State, the Secretary shall designate the association most representative of the honey producers, handlers, and importers not exempt under §1240.42 (a) and (b) to make nominations for that State.

(2) If a State Association does not submit a nomination for the Committee, the Secretary may select a member of the honey industry from that State to represent that State on the Committee. However, if a State which is not one of the top twenty honey producing States (as determined by the Secretary) does not submit a nomination, such State shall not be represented on the Committee.

(3) Members of the Committee shall serve for three-year terms, except that the term of appointments to the Committee may be staggered periodically, as determined by the Secretary. No member shall serve more than two consecutive three-year terms. The term of office shall begin on July 1.

(4) The Committee shall select its Chairperson by a majority vote.

(5) The members of the Committee shall serve without compensation, but shall be reimbursed for necessary and reasonable expenses incurred in performing their duties as members of the Committee and approved by the Board. Such expenses shall be paid from funds collected by the Board pursuant to §1240.41.

(b) *Nominations to the Board.* (1) The Committee shall nominate the members and alternate members of the Board and submit such nominations promptly to the Secretary for approval.

(2) The Committee shall meet annually to make such nominations, or, at the determination of the Chairperson, the Committee may conduct its business by mail ballot in lieu of an annual meeting.

(3) A majority of the Committee shall constitute a quorum for voting at an annual meeting. In the event of a mail ballot, votes must be received from a majority of the Committee to constitute a quorum.

(4) At least 50 percent of the members from the twenty leading honey-producing states must vote in any nomination of members to the Board.

(5) For the purpose of nominating producer members to the Board, the Secretary shall establish seven regions on the basis of the production of honey. For the purpose of facilitating initial nominations to the Honey Board, the following regions shall be the initial regions:

Region 1: Washington, Oregon, Idaho, California, Nevada, Utah, Alaska, and Hawaii.

Region 2: Montana, Wyoming, Nebraska, Kansas, Colorado, Arizona, and New Mexico.

(6) In nominating producer members to the Board, no producer-packer who, during any three of the preceding five years, purchased for resale more honey than the producer-packer produced shall be eligible for nomination or appointment to the Board as a producer or as an alternate to a producer.

(7) In nominating importer members to the Board, no importer who, during any three of the preceding five years, did not receive at least 75 percent of the gross income generated by the sale of honey and honey products from the sale of imported honey and honey products shall be eligible for nomination or appointment to the Board as an importer or as an alternate to an importer.

(8) Six months before the new Board term begins, the Committee shall submit to the Secretary nominations for positions on the Board. The number of nominations will directly correspond to the number of producer, handler, importer, and cooperative member positions due to become vacant. Selection of nominees by the Committee will be pursuant to the following:

(i) Nominations for producer members and alternate producer members will be from the regions in which one or more vacancies will occur;

(ii) Nominations for handler members and alternate handler members will be based on recommendations made by qualified national organizations representing handler interests, or, if the Secretary determines that there is not a qualified national organization representing handler interests, by individual handlers who have paid assessments to the Board on honey or honey products handled;

(iii) Nominations for importer members and alternate importer members will be based on recommendations made by qualified national organizations representing importer interests, or, if the Secretary determines that there is not a qualified national organization representing importer interests, by individual importers who have paid assessments to the Board on imported honey or honey products; and

(iv) Nominations for a member and alternate member who are officers, directors, or employees of national honey marketing cooperatives will be based on recommendations made by qualified national honey marketing cooperatives.

(9) *Qualified national organization representing handler interests.* To be certified by the Secretary as a qualified national organization representing handler interests, an association or organization must meet the following criteria, as evidenced in a factual report submitted by the association or organization to the Secretary:

- (i) The organization's total paid membership is comprised of a significant number of importers or the organization's total paid membership represents at least a majority of the volume of honey imported into the United States;
- (ii) The organization has a history of stability and permanency;
- (iii) A primary or overriding purpose of the organization is to promote the economic welfare of honey importers;
- (iv) Substantial geographic territory is covered by the active membership of the organization;
- (v) A portion of the operating funds of the organization are derived from importers; and
- (vi) The organization demonstrates the ability and willingness to further the purposes of the Act.

(11) As a condition of certification by the Secretary as a qualified national organization representing handler or importer interests, an organization shall agree to:

- (i) Notify handlers and importers who are not members of the organization of Board nomination opportunities for which the organization is certified to make recommendations to the Committee; and
- (ii) Consider the nomination of handlers and importers who are not members when making the nominations of the organization to the Committee, if nonmembers indicate an interest in serving on the Board.

(12) A certification determination by the Secretary of a qualified organization representing handler or importer interests shall be final.

§ 1240.33 Board reconstitution.

(a) Every five years, the Board shall review the geographic distribution of the quantities of domestically pro-

duced honey assessed under this subpart and the changes in the annual average percentage of assessments owed by importers under this subpart relative to assessments owed by producers of domestic honey. The Board shall conduct the initial review required by this paragraph prior to the first continuance referendum conducted after May 31, 2001.

(b)(1) If warranted as a result of this review, the Board shall recommend for the Secretary's approval:

- (i) Changes in the regional representation of honey producers; and/or
- (ii) The addition of Board members.

(2) If such allocations are necessary to reflect changes in the proportion of domestic and imported honey assessed under this subpart or the source of assessments on imported honey or honey products, the Board may not recommend the addition of members pursuant to paragraph (b)(1)(ii) of this section unless the proportion of assessments owed by importers compared with the proportion of assessments owed on domestic honey by producers changed by more than 6 percent from the base period proportion determined in accordance with paragraph (d) of this section.

(c) Except as provided in paragraph (d) of this section, recommendations made under paragraph (b) of this section shall be based on the 5-year average annual assessments, excluding the 2 years containing the highest and lowest disparity between the proportion of assessments owed from imported and domestic honey or honey products, determined pursuant to the review that is conducted under paragraph (a) of this section.

(d) The base period proportions for determining the magnitude of change under paragraph (c) of this section shall be the proportions determined during the prior review conducted under this section. In the case of the initial review, the base period proportions shall be the proportions determined by the Board for fiscal period 1996.

(e) Notwithstanding any other provision of this section, at least 50 percent of the members of the Board shall be honey producers.

§ 1240.34

(f) Any such reallocation or addition of members shall be made at least six months prior to the date on which terms of office of the Board begin each year and shall become effective at least 30 days prior to such date.

§ 1240.34 Vacancies.

(a) In the event any member of the Board ceases to be a member of the category of members from which the member was appointed to the Board, such position shall automatically become vacant: *Provided*, That if, as a result of Board reconstitution pursuant to §1240.33, a producer member or alternate is no longer from the region from which such person was appointed, the affected member and/or alternate may serve out the term for which such person was appointed, or if a member, whose position is based on the member's status as an importer is subject to reallocation by the Board, the affected member and/or alternate may serve out the term for which such person was appointed.

(b) If a member of the Board consistently refuses to perform the duties of a member of the Board, or if a member of the Board engages in acts of dishonesty or willful misconduct, the Board may recommend to the Secretary that the member be removed from office. If the Secretary finds the recommendation of the Board shows adequate cause, the Secretary shall remove such member from office.

(c) Should any member position become vacant, the alternate of that member shall automatically assume the position of said member. At its next meeting, the Committee shall nominate a replacement for said alternate. Should the positions of both a member and such member's alternate become vacant, successors for the unexpired terms of such member and alternate shall be nominated and appointed in the manner specified in §§1240.30 and 1240.32, except that said nomination and replacement shall not be required if said unexpired terms are less than six months.

(b) *Imported honey and honey products.* The assessment rate on honey or honey products imported into the United States shall be 1 cent per pound of honey or honey products imported. The importer of imported honey and honey products shall pay the assessment to the Board through the U.S. Customs Service at the time of entry of such honey and honey products into the United States. Should the U.S. Customs Service fail to collect an assessment from an importer, the importer shall be responsible for the payment of the assessment to the Board.

(c) *General.* (1) Except as provided in § 1240.42 and in paragraphs (c)(2) and (e) of this section, the first handler shall be responsible for the collection of such assessment from the producer and payment thereof to the Board. The first handler shall maintain separate records for each producer's honey handled, including honey produced by said handler.

(2) Producer-packers shall pay to the Board the assessment on all honey or honey products for which they act as first handler, in addition to the assessment owed on honey they produce.

(3) Should a first handler fail to collect an assessment from a producer, the producer shall be responsible for the payment of the assessment to the Board.

(4) Assessments shall be paid to the Board at such time and in such manner as the Board, with the Secretary's approval, directs pursuant to this part. Such regulations may provide for different handler, importer, producer, or producer-packer payment schedules so as to recognize differences in marketing or purchasing practices and procedures.

(d) *Late payment.* (1) There shall be a late-payment charge imposed on any

importer, handler, or producer-packer who fails to remit to the Board the total amount for which any such importer, producer, or producer-packer is liable on or before the payment due date established by the Board. The amount of the late-payment charge shall be set by the Board subject to approval by the Secretary.

(2) There shall also be imposed on any importer, handler, or producer-packer subject to a late-payment charge, an additional charge in the form of interest on the outstanding portion of any amount for which the importer, handler, or producer-packer is liable. (3) Persons failing to remit total assessments due in a timely manner may also be subject to actions under federal debt collection procedures.

(e) *Honey under loan.* Whenever a loan is made on honey under an USDA loan program, the Secretary shall provide that the assessment be deducted from the proceeds of the loan or the loan deficiency payment, if applicable, and that the amount of such assessment shall be forwarded to the Board, except that the assessment shall not be deducted by the Secretary in the case of a honey marketing cooperative approved by the Department's Commodity Credit Corporation that deducts the assessment from its member producers. As soon as practicable after the assessment is deducted from the loan funds or loan deficiency payment, the Secretary shall provide the producer with proof of payment of the assessment.

(f) *Advance payment.* The Board is authorized to accept advance payment of assessments by handlers, importers, or producer-packers that shall be credited toward any amount for which the handlers, importers, or producer-packers may become liable. (c) If, after a person has been exempt from paying assessments for any year pursuant to this section, and the person no longer meets the requirements of paragraphs (a) and (b) of this section for exemption, the person shall file a report with the Board in the form and manner prescribed by the Board and pay an assessment on or before March 15 of the subsequent year on all honey or honey products produced or imported by such person during the year for which the person claimed the exemption.

(d) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in §1240.114 (f); and is not a split operation shall be exempt from the payment of assessments. An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments.

§ 1240.111 First handler and producer-packer.

Persons who are first handlers or producer-packers include but are not limited to the following:

(a) When a producer delivers honey from his or her own production to a packer or processor for processing in preparation for marketing and consumption, the packer or processor is the first handler, regardless of whether he or she handles the honey for his or her own account or for the account of the producer or the account of other persons.

(b) When a producer delivers honey to a handler who takes title to such honey, and places it in storage, such handler is the first handler.

(c) When a producer delivers honey to a commercial storage facility for the purpose of holding such honey under his or her own account for later sale, the first handler of such honey would be identified on the basis of later handling of such honey.

(d) When a producer packages and sells honey of his or her own production at a roadside stand or other facility to consumers or sells to wholesale

or retail outlets or other buyers, the producer is a producer-packer.

(h) When a producer supplies honey to a cooperative marketing organization which sells or markets the honey, with or without further processing and packaging, the cooperative marketing organization becomes the first handler upon physical delivery to such cooperative.

(i) When a producer uses honey from his or her own production for feeding his or her own bees, such honey is not handled at that time. Honey in any form sold and shipped to any persons for the purpose of feeding bees is handled and is subject to assessment. The buyer of the honey for feeding bees is the first handler.

§ 1240.113 Importer.

Each lot of honey and honey products imported into the United States is subject to assessment under this part. Such assessment shall be paid by the importer of such honey and honey products at the time of entry or withdrawal for consumption into the United States. Any person who imports honey or honey products into the United States as principal, agent, broker, or consignee for honey produced outside the United States and imported into the United States shall be the importer.

§ 1240.114 Exemption procedures.

(a) To obtain a Certificate of Exemption for organic honey, an eligible producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption. The request shall include the following: The producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(b) If the producer complies with the requirements of this section, the Board will approve the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(c) A producer receiving an organic exemption shall provide a copy of the Certificate of Exemption to each first handler, producer-packer, importer, and exporter to whom the producer sells honey. The handler shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(d) An importer who is eligible to be exempt from the payment of assessments on imported organic honey and honey products may request an exemption from assessment on 100 percent organic honey and honey products—on a form provided by the Board—at any time initially and on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers and producer-packers in paragraph (a) of this section. If the importer complies with the requirements of this section,

the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic honey and honey products bearing this HTS classification assigned by the Board will not be subject to assessments.

(e) The exemption will apply immediately following issuance of the Certificate of Exemption.

(f) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(b) An assessment of one cent per pound is levied on honey produced in the United States, on imported honey entered or withdrawn for consumption into the United States, and on honey used in imported honey products entered or withdrawn for consumption into the United States except that assessments shall not be levied on the following:

(1) Any persons other than importers holding a valid exemption certificate pursuant to §1240.42 during the 12-month period ending on December 31;

(2) That portion of honey which does not enter the current of commerce

§ 1240.116

7 CFR Ch. XI (1-1-06 Edition)

which is utilized solely to sustain a producers or producer-packer's own colonies of bees;

(3) That portion of otherwise assessable honey which is contained in imported products wherein honey is not a principal ingredient. Honey subject to assessment shall be assessed only once.

(c) The assessment on each lot of honey handled in the United States shall be paid by the first handler who handles, or by the producer-packer who produces and handles such honey.

(1) The first handler shall collect and pay assessments to the Board unless such handler has received documentation acceptable to the Board that the assessment has been previously paid.

(2) A producer-packer shall pay, or collect and pay, assessments to the Board unless—

(i) Such producer-packer has obtained an exemption from the Board applicable to the honey which that producer-packer produced or produced and handled; or

(ii) Has received documentation acceptable to the Board that the assessment has been previously paid.

(d) Assessments shall be levied with respect to honey pledged as collateral for a loan or loan deficiency payment under the Commodity Credit Corporation (CCC) Honey Price Support Program in accordance with an agreement entered into between the Honey Board and the CCC. The assessment will be deducted from the proceeds of the loan or loan deficiency payment by the CCC and forwarded to the Board, except that the assessment shall not be deducted in the case of a honey marketing cooperative that has already deducted the assessment or that portion of the assessment paid to a qualified State plan exempted by the Board. The Secretary, through the CCC, shall provide for the producer to receive a statement of the amount of the assessment deducted from the loan funds or loan deficiency payment promptly after each occasion when an assessment is deducted from any such loan funds or payment under this subsection.

(e) The U.S. Customs Service (USCS) will collect assessments on all honey or honey products where honey is the principal ingredient imported under its tariff schedule (HTS heading numbers

0409.00.00 and 2106.90.9988) at the time of entry or withdrawal for consumption and forward such assessment as per the agreement between the USCS and USDA. Any importer or agent who is exempt from payment of assessments pursuant to §1240.42 (a) and (b) of the Order may apply to the Board for reimbursement of such assessment paid.

(f) A late payment charge shall be imposed on any handler, producer-packer, or importer except as otherwise authorized by the Board, who fails to pay to the Board within the time prescribed in this subpart the total amount of assessment due for which any such handler, importer, or producer-packer is liable. Fifteen days after the assessment becomes due a one-time late payment charge of 10 percent will be added to any outstanding funds due the Board.

(g) In addition to the late payment charge, one and one-half percent per month interest on the outstanding balance except as otherwise authorized by the Board, will be added to any accounts delinquent over 30 days and will continue monthly until the outstanding balance is paid to the Board.

§ 1240.116 Payment of assessments.

(a) Responsibility for payment. Unless otherwise authorized by the Board under the Act and Order, the first handler or producer-packer shall collect the assessment from the producer, or deduct such assessment from the proceeds paid to the producer on whose honey the assessment is made, and remit the assessments to the Board. The first handler or producer-packer shall furnish the producer with evidence of such payment. Any such collection or deduction of assessment shall be made not later than the time when the assessment becomes payable to the Board. Failure of the handler or producer-packer to collect or deduct such assessment does not relieve the handler or producer-packer of his or her obligation to remit the assessment to the Board. However, should a first handler or the Secretary fail to collect an assessment from a producer, the

Agricultural Marketing Service, USDA

producer shall be responsible for the payment of the assessment to the Board. (b) *Payment directly to the Board.* Except as provided in paragraph (c) of this section, each first handler and producer-packer shall pay the required assessment pursuant to §1240.41 of the Order directly to the Board at the address referenced in §1240.106, for each reporting period specified in §1240.119, on or before the 15th day following the end of such period. Payment shall be in the form of a check, draft, or money order payable to the Board and shall be accompanied by a report on Board forms pursuant to §1240.50.

(c) *Prepayment of assessment.* (1) In lieu of the monthly assessment payment specified in §1240.119 of this subpart, the Board may permit first handlers or producer-packers to make advance payments of their total estimated assessments for the season to the Board prior to their actual determination of assessable honey.

(2) Persons using such procedure shall provide a monthly accounting of actual handling and assessments.

(3) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board upon request.

(d) *Payment through cooperating agency.* The Board may enter into agreements subject to approval of the Secretary authorizing other organizations to collect assessments in its behalf. All such agreements are subject to the requirements of the Act, Order, and all applicable rules and regulations under the Act and the Order.

CERTIFICATION OF ORGANIZATIONS

§ 1250.356 Certification of organizations.

Any organization may request the Secretary for certification of eligibility to participate in nominating members and alternate members on the Board to represent the geographic area in which the organization represents egg producers. Such eligibility shall be based in addition to other available information upon a factual report submitted by the organization which shall contain information deemed relevant and specified by the Secretary for the making of such determination, including, but not limited to, the following:

(a) Geographic territory covered by the organization's active membership;

(b) Nature and size of the organization's active membership, proportion of total of such active membership accounted for by producers of commercial eggs, a chart showing the egg production by State in which the organization has members, and the volume of commercial eggs produced by the organization's active membership in such State(s);

(c) The extent to which the commercial egg producer membership of such organization is represented in setting the organization's policies;

(d) Evidence of stability and permanency of the organization;

(e) Sources from which the organization's operating funds are derived;

(f) Functions of the organization; and

(g) The organization's ability and willingness to further the aims and objectives of the act.

The primary consideration in determining the eligibility of an organization shall be whether its egg producer membership consists of a substantial number of egg producers who produce a substantial volume of the applicable geographic area's commercial eggs to

reasonably warrant its participation in the nomination of members for the Board or to request the issuance of an order. The Secretary shall certify any organization which he finds to be eligible under this section and his determination as to eligibility shall be final.

MISCELLANEOUS

§ 1250.357 Suspension and termination.

(c) Any person to whom funds, property, or claims have been transferred or delivered pursuant to this subpart shall be subject to the same obligation imposed upon the Board and upon the trustees.

(d) Any residual funds not required to defray the necessary expenses of liquidation shall be turned over to the Secretary to be disposed of, to the extent practicable, in the interest of continuing one or more of the research or promotion programs hitherto authorized.

§ 1250.359 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant hereto, or the issuance of any amendment to either thereof, shall not:

(a) Affect or waive any right, duty, obligation, or liability which shall have risen or which may hereafter arise in connection with any provision of this subpart or any regulation issued thereunder;

(b) Release or extinguish any violation of this subpart or any regulation issued hereunder; or

§ 1250.362 Amendments.

Amendments to this subpart may be proposed, from time to time, by the Board, or by an organization certified pursuant to section 16 of the act, or by any interested person affected by the provisions of the act, including the Secretary.

§ 1250.363 Separability.

If any provision of this subpart is declared invalid or the applicability thereof to any person or circumstances is held invalid, the validity of the remainder of this subpart of the applicability thereof to other persons or circumstances shall not be affected thereby.

ASSESSMENTS, COLLECTIONS, AND REMITTANCES

§ 1250.514 Levy of assessments.

An assessment rate of 10 cents per case of commercial eggs is levied on each case of commercial eggs handled for the account of each producer. Each case of commercial eggs shall be subject to assessment only once. Pro-

ducers meeting the requirements of §1250.348 are exempt from the provisions of the Act including this section.

[55 FR 6974, Feb. 28, 1990, as amended at 59 FR 64560, Dec. 15, 1994]

§ 1250.515 Reporting period and payment.

(a) For the purpose of the payment of assessments, either a calendar month or a 4-week accounting period shall be considered the reporting period; however, other accounting periods may be used when approved by the Board on an individual basis. Each collecting handler shall register his reporting period with the Board. All changes in reporting periods shall be requested in writing and subject to approval by the Board.

(b) Each producer shall pay the required assessment on his commercial eggs pursuant to §1250.514 to the collecting handler designated in §1250.516 on or before the date of final settlement between the producer and the collecting handler for the eggs received by the collecting handler during each reporting period.

§ 1250.516 Collecting handlers and collection.

(a) Handlers responsible for collecting the assessments shall be any of the following:

(1) The first person to whom eggs are sold, consigned, or delivered by producers and who grades, cartons, or breaks such eggs. Such shell egg breaker or egg packer must collect and remit to the Board the assessments on all eggs handled except eggs for which there is a certification of exemption or eggs for which there is a statement indicating that an assessment has already been paid;

(2) A person who buys or receives nest run eggs from a producer and who does not grade, carton, or break such eggs. Such person shall collect the assessment from the producer and remit to the Egg Board on all such eggs, except for which there is a certification of exemption or eggs for which there is a statement indicating that an assessment has already been paid;

(3) Except as otherwise provided in paragraph (a)(4) of this section, a producer who grades, cartons, or breaks

§ 1250.517

7 CFR Ch. XI (1-1-06 Edition)

eggs of his own production shall be responsible for remitting the assessment to the Board on all eggs produced. This would include the eggs which he grades, cartons, or breaks as well as the nest run eggs which are graded, cartoned, or broken by another handler. Such a producer who remits the assessment on nest run eggs to the Board shall provide the handler specified in paragraph (a) (1) or (2) of this section with a written statement that the assessment has already been paid on the nest run eggs; or

(4) Upon approval of the Board, any person who handles eggs for a producer under a written contract that includes express provisions that said handler will remit the assessment on such eggs to the Board shall be the collecting handler notwithstanding the fact that the producer may have graded, cartoned, or otherwise processed the eggs.

Following are some examples to aid in identification of collecting handlers:

(i) Producer sells, assigns, consigns, or otherwise delivers nest run eggs of his own production to a shell egg packer or breaker for preparation for market—the shell egg packer or breaker is the collecting handler and is responsible for remitting to the Egg Board;

(ii) Producer grades, cartons, breaks, or otherwise prepares for marketing a portion of the eggs of his own production and delivers the remaining portion of his nest run eggs to a shell egg packer or breaker—the producer is the collecting handler and shall remit the assessment on his total production to the Board;

(iii) Producer sells all or a portion of his eggs in nest run form to a handler who is not a shell egg packer or breaker—the handler is responsible for collecting the assessment and remitting it to the Egg Board except for eggs covered by a statement indicating that an assessment has already been paid;

(iv) A shell egg packer or breaker who buys or receives nest run eggs from a handler who is not a shell egg packer or breaker—the handler is the collecting handler and shall remit such assessment to the Board;

(v) A shell egg packer or egg breaker buys nest run or graded eggs including undergrade eggs from another shell egg

packer or egg breaker—the first shell egg packer or breaker is the collecting handler and shall remit such assessments to the Board.

(b) In the event of a producer's death, bankruptcy, receivership, or incapacity to act, the representative of the producer or his estate, or the person acting on behalf of creditors, shall be considered the producer of the eggs for the purpose of this subpart.

(c) The collecting handler may collect the assessment directly from the producer or deduct the assessment from the proceeds due or paid to the producer on whose eggs the assessment is made.

[41 FR 22925, June 8, 1976, as amended at 42 FR 60724, Nov. 29, 1977]

§ 1250.517 Remittance to Egg Board.

(a) The collecting handler responsible for remittance of assessments to the Board is not relieved of this obligation as a result of his failure to collect payment of the assessment from the egg producer(s).

(b) Each collecting handler required to remit the assessments on the eggs handled during each reporting period, specified in §1250.515(a), shall remit the assessments directly to the Egg Board by check, draft, or money order payable to the Egg Board on or before the 15th day after the end of said reporting period together with a report pursuant to §1250.529. The assessment for each reporting period shall be calculated on the basis of the gross volume of eggs subject to assessment received by the collecting handler during each reporting period.

(c) Remittance through cooperating agency.

(1) In any State or specified geographic area the Egg Board, with the approval of the Secretary, may designate by agreement a cooperating agency to collect the assessments in its behalf. Every collecting handler within such a State or geographic area shall remit the assessments for each reporting period, specified in §1250.515(a), to the designated cooperating agency by check, draft, or money order payable to said cooperating agency on or before the 15th day after the end of said reporting period together with a report pursuant to §1250.529.

Agricultural Marketing Service, USDA

§ 1250.529

(2) On or before the 20th day after the end of each reporting period, each designated cooperating agency shall remit to the Egg Board the total amount of all assessments received from collecting handlers for said reporting period together with all collecting handler reports. In addition, each designated cooperating agency shall submit to the Egg Board such information as is required by the designation agreement with the Egg Board.

§ 1250.518 Receipts for payment of assessments.

(a) Each collecting handler shall give each producer whose eggs are subject to assessment a receipt for the commercial eggs handled by said collecting handler showing payment of the assessment. This receipt may be on a separate receipt form or included as part of the invoice or settlement sheet for the eggs, but in either event shall contain the following information:

(1) Name, address, and identification number of the collecting handler;

(2) Name and address of the producer who paid the assessment;

(3) Number of cases of eggs on which assessment was paid and the total amount of the assessment; and

(4) Date on which assessment was paid by producer.

(b) All eggs sold, consigned, or delivered from a collecting handler to another handler, excluding cartoned eggs and loose graded eggs sold to the bakeries, restaurants, and institutions, shall be accompanied with the collecting handler's written statement that the assessment on the lot of eggs covered by the invoice has been paid or that lot of eggs or portion thereof is exempt from assessment under provisions of § 1250.514.

§ 1250.519 Late-payment charge.

Any unpaid assessments due to the Board pursuant to § 1250.347 shall be increased by a late-payment charge of 1.5 percent each month beginning with the day following the date such assessments are 30 days past due. Any remaining amount due, which shall include any unpaid charges previously made pursuant to this section, shall be increased at the same rate on the corresponding day of each month there-

after until paid. Assessments that are not paid when due because of a person's failure to submit a handler report to the Board as required shall accrue late-payment charges from the time such assessments should have been remitted. The timeliness of a payment to the Board shall be based on the applicable postmark date or the date payment is actually received by the Board, whichever is earlier.

[58 FR 34697, June 29, 1993]

§ 1250.528 Registration of collecting handlers.

(v) The names and addresses of producers subject to assessment supplying eggs to the handlers and number of cases of eggs received from each producer;

(vi) Total amount of assessment due for eggs handled during the reporting period and remitted with the report; and

(vii) Such other information as may be required by the Board.

(2) Collecting handler reports shall be filed each reporting period following registration until such time as the Egg Board is notified in writing that the collecting handler has ceased to do business. During reporting periods in which the collecting handler does not handle any eggs, his report form shall state “No Eggs Handled.”

(b) The Egg Board may require all persons subject to section 7(c) of the Act to make reports as needed for the enforcement and administration of the Order and as approved by the Secretary.

§ 1250.530 Certification of exempt producers.

(a) *Number of laying hens.* Egg producers not subject to the provisions of the Act pursuant to §1250.348 shall file with all handlers to whom they sell eggs a statement certifying their exemption from the provisions of the Act in accordance with the criterion of §1250.348. Certification shall be made on forms approved and provided by the Egg Board to collecting handlers for use by exempt producers. The certification form shall be filed with each handler on or before January 1 of each year as long as the producer continues to do business with the handler. A copy of the certificate of exemption shall be forwarded to the Egg Board by the handler within 30 days of receipt. The certification shall list the following: the name and address of the producer, the basis for producer exemption according to the requirements of §1250.348, and the signature of the producer.

(b) *Organic Production.* A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; only produces products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (b)(6) of this section; and is not a split operation shall be exempt from the payment of assessments.

(1) To apply for an exemption under this section, a producer shall submit a request for exemption to the Board on a form provided by the Board at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption.

(2) The request shall include the following: the producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified in paragraph (b) of this section for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(3) If the producer complies with the requirements of this section, the Board will grant an assessment exemption and issue a certificate of exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(4) The producer shall provide a copy of the certificate of exemption to each handler to whom the producer sells eggs. The handler shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(5) The exemption will apply at the first reporting period following the issuance of the Certificate of Exemption.

Agricultural Marketing Service, USDA

§ 1250.542

(6) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(c) If the exempt producer no longer qualifies for an exemption as specified in §1250.348 or 1250.530(b), that producer shall notify, within 10 days, all handlers with whom the producer has filed a Certificate of Exemption.

Nominations for subsequent Board members shall be submitted to the Secretary not less than sixty (60) days prior to the expiration of the terms of the members whose terms are expiring, in the manner as described in this section. ASSESSMENTS

§ 1260.172 Assessments.

(a) *Domestic assessments.* (1) Except as prescribed by regulations approved by the Secretary, each person making payment to a producer for cattle purchased from such producer shall be a collecting person and shall collect an assessment from the producer, and each producer shall pay such assessment to the collecting person, at the rate of one dollar (\$1) per head of cattle purchased and such collecting person shall remit the assessment to the Board or to a qualified State beef council pursuant to §1260.172(a)(5).

(2) Any producer marketing cattle of that producer's own production in the form of beef or beef products to consumers, either directly or through retail or wholesale outlets, or for export purposes, shall remit to a qualified State beef council or to the Board an assessment on such cattle at the rate of one dollar (\$1) per head of cattle or the equivalent thereof.

(3) In determining the assessment due from each producer pursuant to §1260.172(a), a producer who is contributing to a qualified State beef council(s) shall receive a credit from the Board for contributions to such Council, but not to exceed 50 cents per head of cattle assessed.

(4) In order for a producer described in §1260.172(a) to receive the credit authorized in §1260.172(a)(3), the qualified State beef council or the collecting person must establish to the satisfaction of the Board that the producer has contributed to a qualified State beef council.

(5) Each person responsible for the remittance of the assessment pursuant to §1260.172 (a) (1) and (2) shall remit the assessment to the qualified State beef council in the State from which the cattle originated prior to sale, or if there is no qualified State beef council within such State, the assessment shall be remitted directly to the Board. However, the Board, with the approval of the Secretary, may authorize qualified State beef councils to propose modifications to the foregoing "State of origin" rule to ensure effective coordination of assessment collections between qualified State beef councils. Qualified State beef councils and the Board shall coordinate assessment collection procedures to ensure that producers selling or marketing cattle in interstate commerce are required to pay only one assessment per individual sale of cattle. For the purpose of this subpart, "State of origin" rule means the State where the cattle were located at time of sale, or the State in which the cattle were located prior to sale if such cattle were transported interstate for the sole purpose of sale. Assessments shall be remitted not later than the 15th day of the month following the month in which the cattle were purchased or marketed.

(6) If a State law or regulation promulgated pursuant to State law requires the payment and collection of a mandatory, nonrefundable assessment of more than fifty (50) cents per head on the sale and purchase of cattle, or the equivalent thereof for beef and beef products as described in §1260.172 (a)(1) and (2) for use by a qualified State beef council to fund activities similar to those described in §1260.169, and such State law or regulation authorizes the issuance of a credit of that amount of the assessment which exceeds fifty (50)

cents to producers who waive any right to the refund of the assessment credited by the State due pursuant to this subpart, then any producer subject to such State law or regulation who pays only the amount due pursuant to such State law or regulation and this subpart, including any credits issued, shall thereby waive that producer's right to receipt from the Board of a refund of such assessment for that portion of such refund for which the producer received credit pursuant to such State law or regulation.

(b) *Importer assessments.* (1) Importers of cattle, beef, and beef products into the United States shall pay an assessment to the Board through the U.S. Customs Service, or in such other manner as may be established by regulations approved by the Secretary.

(5) [Reserved]

(6) Certify to the Board that the council will furnish the Board with an annual report by a certified public accountant of all funds remitted to such council pursuant to this subpart and any other reports and information the Board or Secretary may request; and

Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

[70 FR 2762, Jan. 14, 2005]

§ 1260.310 Domestic assessments.

(a) A \$1.00 per head assessment on cattle sold shall be paid by the producer of the cattle in the manner designated in § 1260.311.

(b) If more than one producer shares the proceeds received for the cattle sold, each such producer is obligated to pay that portion of the assessments which are equivalent to the producer's proportionate share of the proceeds.

(c) Failure of the collecting person to collect the assessment on each head of cattle sold as designated in § 1260.311 shall not relieve the producer of his obligation to pay the assessment to the appropriate qualified State beef council or the Cattlemen's Board as required in § 1260.312.

§ 1260.311 Collecting persons for purposes of collection of assessments.

Collecting persons for purposes of collecting and remitting the \$1.00 per head assessment shall be:

(a) Except as provided in paragraphs (b), (c), and (f) of this section, each person making payment to a producer for cattle purchased in the United States shall collect from the producer an assessment at the rate of \$1-per-head of cattle purchased and shall be respon-

sible for remitting assessments to the QSBC or the Board as provided in § 1260.312. The collecting person shall collect the assessment at the time the collecting person makes payment or any credit to the producer's account for the cattle purchased. The person paying the producer shall give the producer a receipt indicating payment of the assessment.

(b) Any producer marketing cattle of that producer's own production in the form of beef or beef products to consumers, either directly or through retail or wholesale outlets, shall be responsible for remitting to the qualified State beef council or the Cattlemen's Board pursuant to § 1260.312, an assessment on such cattle at the rate of \$1.00 per head of cattle or the equivalent thereof. The obligation to remit the assessment shall attach upon slaughter of the cattle, and the producer responsible for remitting the assessment shall remit the assessment in the manner provided in § 1260.312. For the purposes of this subpart, a producer marketing cattle of the producer's own production in the form of beef or beef products shall be considered a collecting person.

(c) In the States listed in the following chart there exists a requirement that cattle be brand inspected by State authorized inspectors prior to sale. In addition, when cattle are sold in the sales transactions listed below in those States, these State authorized inspectors are authorized to, and shall, except as provided for in paragraph (f) of this section, collect assessments due as a result of the sale of cattle. In those transactions in which inspectors are responsible for collecting assessments, the person paying the producer shall not be responsible for the collection and remittance of such assessments. The following chart identifies the party responsible for collecting and remitting assessments in these States:

The producer also shall send a copy of the certification form to the feedlot operator at

the time the cattle are delivered. A copy of the certification form also shall be given to the purchaser of the cattle by the feedlot operator at the time of sale.

- (ii) The cattle shall have been continuously and exclusively under the producer's ownership; and
- (iii) The cattle are transported to a feedlot with such producer continuously owning the cattle through the entire feeding phase.

(4) For those cattle for which the assessment has been producer directed and paid in advance pursuant to paragraph (f)(1) of this section, the purchaser of the cattle shall not be required to collect and remit the assessment, but shall maintain on file a copy

§ 1260.312

7 CFR Ch. XI (1-1-06 Edition)

of the Certification of Producer Directed Payment of Cattle Assessments form completed and signed by the producer who originally transported the cattle under retained ownership.

(5) For those cattle for which the assessment has been producer directed and paid in advance pursuant to paragraph (f)(1) of this section, copies of the completed Certification of Producer Directed Payment of Cattle Assessments form shall be maintained on file by the producer, the QSBC or the Board, the feedlot operator, and the purchaser of the cattle for 3 years.

(6) Producers shall not receive credit of the assessment required to be paid pursuant to paragraph (f)(1) of this section for those cattle lost because of death.

(b) *Market agencies.* A person who is a market agency; i.e., commission merchant, auction market, or livestock market in the business of receiving lambs or lamb products for sale on commission for or on behalf of a producer, feeder, or seedstock producer, will be required to collect an assessment from the producer, feeder, or seedstock producer and pass the collected assessment on to the subsequent purchaser(s) until remitted by a first handler or exporter responsible for submitting assessments under this part.

(c) *Failure to collect.* Failure of a person to collect the assessment on lambs purchased from a producer, feeder, or seedstock producer shall not relieve the producer, feeder, or seedstock producer of their obligation to pay the assessment and to remit the assessment to the Secretary.

(d) *Death, bankruptcy, receivership or incapacity to act.* In the event of a producer's, feeder's, seedstock producer's, or exporter's death, bankruptcy, receivership or incapacity to act, the representative of such producer's, feeder's, seedstock producer's, or exporter's estate, the person acting on behalf of creditors or other person acting in such person's stead, shall be considered the producer, feeder, or seedstock producer and shall be required to pay an assessment or collect an assessment.

Any remaining amount due, which shall include any unpaid charges previously made pursuant to this paragraph, shall be increased at the same rate on the corresponding day of each month thereafter until paid. Any assessment received at a date later than the date prescribed by this part, because of a person's failure to submit a timely report to the Secretary, shall be considered to have been payable by the date it would have been due if the report had been filed in a timely manner. The timeliness of a payment to the Secretary shall be based on the applicable postmark date or the date actually received by the Secretary, whichever is earlier.

(5) Weekends and holidays. If the 15th day of the month falls on a Saturday, Sunday, or a federally recognized holiday then the required reports and assessment will be due the next business day in order to avoid late payment charges.

(2) Only a completed and signed form LS-86 accompanied by supporting documentation showing that the person was engaged in the production, feeding, or slaughter of lambs during the representative period shall be considered a valid vote.

(b) To vote, eligible persons may obtain form LS-86 in-person, by mail, or by facsimile from county FSA offices or through the Internet during the voting period. A completed and signed form LS-86 and supporting documentation, such as a sales receipt or remittance form, must be returned to the appropriate county FSA office where FSA maintains and processes the person's administrative farm records. For a person not participating in FSA programs, the opportunity to vote in a referendum will be provided at the county FSA office serving the county where the person owns or rents land. A person engaged in the production, feeding, or slaughtering of lambs in more than one county will vote in the county FSA office where the person does most of his or her business. Forms obtained via the Internet will be located at <http://www.ams.usda.gov/lsg/mpb/rp-lamb.htm>.

(c) A completed and signed form LS-86 and the supporting documentation may be returned in-person, by mail, or facsimile to the appropriate county FSA office. Form LS-86 and supporting documentation returned in-person or by facsimile, must be received in the appropriate county FSA office prior to the close of the work day on the final day of the voting period to be considered a valid ballot. Form LS-86 and the accompanying documentation returned by mail must be postmarked no later than midnight of the final day of the voting period and must be received in the county FSA office on the 5th business day following the final day of the voting period.

§ 1280.627

7 CFR Ch. XI (1-1-06 Edition)

(d) Persons who obtain form LS-86 in-person at the appropriate FSA county office may complete and return it the same day along with the supporting documentation.

§ 1280.627 Canvassing voting ballots.

(a) Canvassing of form LS-86 shall take place at the county FSA offices on the 6th business day following the final day of the voting period. Such canvassing, acting on behalf of the Administrator, AMS, shall be in the presence of at least two members of the county committee. If two or more of the counties have been combined and are served by one county office, the canvassing of the requests shall be conducted by at least one member of the county committee from each county served by the county office. The FSA State committee or the State Executive Director, if authorized by the State Committee, may designate the County Executive Director (CED) and a county or State FSA office employee to canvass the ballots and report the results instead of two members of the county committee when it is determined that the number of eligible voters is so limited that having two members of the county committee present for this function is impractical, and designate the CED and/or another county or State FSA office employee to canvass requests in any emergency situation precluding at least two members of the county committee from being present to carry out the functions required in this section.

(b) Form LS-86 should be canvassed as follows:

(1) *Number of valid ballots.* A person has been declared eligible by FSA to vote by completing form LS-86 in its entirety, signing it, voting volume of production, and providing supporting documentation that shows the person who cast the ballot during the voting period was engaged in the production, feeding, or slaughtering of lambs during the representative period. Such ballot will be considered a valid ballot.

(2) *Number of ineligible ballots.* If FSA cannot determine that a person is eligible based on the submitted documentation or if the person fails to submit the required supporting documentation, the person shall be determined to be in-

eligible. FSA shall notify ineligible persons in writing as soon as practicable but no later than the 8th business day following the final day of the voting period.

(c) *Appeal.* A person declared to be ineligible by FSA can appeal such decision and provide additional documentation to the FSA county office within 5 business days after the postmark date of the letter of notification of ineligibility. FSA will then make a final decision on the person's eligibility and notify the person of the decision.

(d) *Invalid ballots.* An invalid ballot includes, but is not limited to the following:

(1) Form LS-86 is not signed or all required information has not been provided;

(2) Form LS-86 and supporting documentation returned in-person or by facsimile was not received by close of business on the last business day of the voting period;

(3) Form LS-86 and supporting documentation returned by mail was not postmarked by midnight of the final day of the voting period;

(4) Form LS-86 and supporting documentation returned by mail was not received in the county FSA office by the 5th business day following the final day of the voting period;

(5) Form LS-86 or supporting documentation is mutilated or marked in such a way that any required information on the form is illegible; or

(6) Form LS-86 and supporting documentation not returned to the appropriate county FSA office.

§ 1280.628 Counting ballots.

(a) Form LS-86 shall be counted by county FSA offices on the same day as the ballots are canvassed if there are no ineligibility determinations to resolve. For those county FSA offices that do have ineligibility determinations, the requests shall be counted no later than the 14th business day following the final day of the voting period.

(b) Ballots shall be counted as follows:

- (1) Number of valid ballots cast;
- (2) Number of persons favoring the Order;

Agricultural Marketing Service, USDA

§ 1280.634

(3) Number of persons not favoring the Order;

(5) Volume of production voted not favoring the continuation of the Order; and

(6) Number of invalid ballots.

§ 1280.629 FSA county office report.

The county FSA office report shall be certified as accurate and complete by the CED or designee, acting on behalf of the Administrator, AMS, as soon as may be reasonably possible, but in no event shall submit no later than 18th business day following the final day of the specified period. Each county FSA office shall transmit the results in its county to the FSA State office. The results in each county may be made available to the public upon notification by the Administrator, FSA, that the final results have been released by the Secretary. A copy of the report shall be posted for 30 calendar days following the date of notification by the Administrator, FSA, in the county FSA office in a conspicuous place accessible to the public. One copy shall be kept on file in the county FSA office for a period of at least 12 months after notification by FSA that the final results have been released by the Secretary.

§ 1280.630 FSA State office report.

Each FSA State office shall transmit to the Administrator, FSA, as soon as possible, but in no event later than the 20th business day following the final day of the voting period, a report summarizing the data contained in each of the reports from the county FSA offices. One copy of the State summary shall be filed for a period of not less than 12 months after the results have been released and available for public inspection after the results have been released.

§ 1280.631 Results of the referendum.

(a) The Administrator, FSA, shall submit to the Administrator, AMS, the reports from all State FSA offices. The Administrator, AMS, shall tabulate the

results of the ballots. USDA will issue an official press release announcing the results of referendum and publish the same results in the FEDERAL REGISTER. In addition, USDA will post the official results at the following website: <http://www.ams.usda.gov/lsg/mpb/rp-lamb.htm>.

Subsequently, State reports and related papers shall be available for public inspection upon request during normal business hours in the Marketing Programs Branch; Livestock and Seed Program, AMS, USDA, Room 2638-S; STOP 0251; 1400 Independence Avenue, SW., Washington, DC.

(b) If the Secretary deems necessary, a State report or county report shall be reexamined and checked by such persons who may be designated by the Secretary.

§ 1280.632 Disposition of records.

Each FSA CED will place in sealed containers marked with the identification of the "Lamb Checkoff Program Referendum," all of the form LS-86's along with the accompanying documentation and county summaries. Such records will be placed in a secure location under the custody of FSA CED for a period of not less than 12 months after the date of notification by the Administrator, FSA, that the final results have been announced by the Secretary. If the county FSA office receives no notice to the contrary from the Administrator, FSA, by the end of the 12 month period as described above, the CED or designee shall destroy the records.

§ 1280.633 Instructions and forms.

The Administrator, AMS, is authorized to prescribe additional instructions and forms not inconsistent with the provisions of this subpart.

§ 1280.634 Confidentiality.

The names of persons voting in the referendum and ballots shall be confidential and the contents of the ballots shall not be divulged except as the Secretary may direct. The public may witness the opening of the ballot box and the counting of the votes but may not interfere with the process.

Significant contribution. A significant contribution is the provision of the following to a farming operation by an individual or entity:

Total value of the farming operation. The total value of the farming operation is the total of the costs, excluding the value of active personal labor and active personal management contributed by a person who is a member of the farming operation, needed to carry out the farming operation for the year for which the determination is made.

Subpart B—Person Determinations

§ 1400.100 Timing for determining status of persons.

(a) Except as otherwise set forth in this part, for the 1996 program or fiscal year, the status of an individual or entity on July 12, 1996, shall be the basis on which determinations are made in accordance with this part. Except as otherwise set forth in this part, for 1997 and subsequent years, the status of an individual or entity on April 1 of the applicable program or fiscal year, shall be the basis on which determinations are made in accordance with this part.

(b) Actions taken by an individual or entity after the applicable status date set forth in paragraph (a) of this section, but on or before the final harvest date of the last contract commodity in the area, as determined by the Deputy Administrator, shall not be used to determine whether there has been an increase in the number of persons for the applicable program or fiscal year. Actions taken by a person after the status date set forth in paragraph (a) of this section, but on or before the harvest of the last contract commodity in the area, shall be used to determine whether there has been a decrease in the number of persons for the applicable program or fiscal year.

§ 1400.101 Limited partnerships, limited liability partnerships, limited liability companies, corporations and other similar entities.

(a) A limited partnership, limited liability partnership, limited liability company, corporation, or other similar entity shall be considered to be a per-

son separate from an individual partner, stockholder, or member except that a limited partnership, limited liability partnership, limited liability corporation, corporation, or other similar entity in which more than 50 percent of the interest in such limited partnership, limited liability partnership, limited liability corporation, corporation, or other similar entity is owned by an individual (including the interest owned by the individual's spouse, minor children, and trusts for the benefit of such minor children) or by an entity shall not be considered as a separate person from such individual or entity.

(b) If the same two or more individuals or entities own more than 50 percent of the interest in each of two or more limited partnerships, corporations, or other similar entities engaged in farming, all such limited partnerships, limited liability partnership, limited liability company, corporations, or other similar entities shall be considered to be one person.

(c) The percentage share of the interest in a limited partnership, limited liability partnership, limited liability company, corporation, or other similar entity that is owned by an individual or other entity shall be determined as of the status date set forth in paragraph (a) of this section. If a partner, stockholder, or member acquires an interest in the limited partnership, corporation, or other similar entity after such date, and on or before the harvest of the last contract commodity in the area as determined by the Deputy Administrator, the amount of any such interest shall be included in determining the total ownership interest of such partner, stockholder, or member.

(d) Where there is only one class of stock or other similar unit of ownership, an individual's or entity's percentage share of the limited partnership, limited liability partnership, limited liability company, corporation, or other similar entity shall be based upon the outstanding shares of stock or other similar unit of ownership held by the individual or entity and compared to the total outstanding shares of stock or other similar unit of ownership. If the limited partnership, limited liability partnership, limited liability

company, corporation, or other similar entity has more than one class of stock or other unit of ownership, the percentage share of the limited partnership, limited liability partnership, limited liability company, corporation, or other similar entity owned by an individual or entity shall be determined by the Deputy Administrator on the basis of market quotations. If market quotations are lacking or are too scarce to be recognized, such percentage share shall be determined by the Deputy Administrator on the basis of all relevant factors affecting the fair market value of such stock or other unit of ownership, including the various rights and privileges that are attributed to each such class.

§ 1400.102 Joint operations.

(c) A revocable trust and the grantor of such revocable trust shall be considered to be one person.

§ 1400.104 Estates.

If the deceased individual had lived and would have been considered to be one person with respect to an heir, the estate shall also be considered to be one person with such heir.

(a) With respect to any married couple, the husband and wife shall be considered to be one person except that a husband and wife, who:

(2) Except as provided in paragraph (b), do not hold, directly or indirectly, a substantial beneficial interest in more than one entity (including themselves) engaged in farm operations that also receive payments as a separate person from either spouse, the spouses may be considered as separate persons if each spouse otherwise meets the requirements under this part to be considered a separate person and is otherwise eligible to receive payment.

(b) With respect to any interest in an estate, for 2 program years after the program year in which the individual died, a husband and wife shall not be considered as having an interest in an entity to the extent resulting from such interest in an estate for purposes of determining persons.

§ 1400.106 Minor children.

(a) Except as provided in paragraph (b) of this section, a minor, including a minor who is the beneficiary of a trust or who is an heir of an estate, and the parent or any court-appointed person such as a guardian or conservator who is responsible for the minor shall be considered to be one person.

(b) A minor may be considered to be a separate person from the minor's parent or any court appointed person such as a guardian or conservator who is responsible for the minor, if the minor is a producer on a farm and the minor's parent or any court appointed person such as guardian or conservator who is responsible for the minor does not have any interest in the farm on which the minor is a producer or in any production from such farm. In addition the minor must:

(1) Have established and maintain a separate household from the minor's parents or any court-appointed person such as a guardian or conservator who is responsible for the minor and such

A State, political subdivision and agencies thereof shall be considered to be one person.

§ 1400.108 Charitable organizations.

§ 1400.109 Changes in farming operations.

Any change in a farming operation that would increase the number of persons to which the provisions of this part apply must be bona fide and substantive. If bona fide, the following shall be considered to be substantive changes in the farming operation:

(a) The addition of a family member to a farming operation in accordance with § 1400.208, except that such an addition will not affect the status of any other individual or entity that is added to the farming operation;

(b) With respect to a landowner only, a change from a cash rent to a share rent;

(c) An increase through the acquisition of cropland not previously involved in the farming operation of approximately 20 percent or more in the total cropland involved in the farming

(d) A change in ownership by sale or gift of a significant amount of equipment from an individual or entity who previously has been engaged in a farming operation to an individual or entity who has not been involved in such operation. The sale or gift of equipment will be considered to be bona fide and substantive only if the transferred amount of such equipment is commensurate with the new individual's or entity's share of the farming operation;

(e) A change in ownership by sale or gift of a significant amount of land from an individual or entity who previously has been engaged in a farming operation to an individual or entity who has not been involved in such operation. The sale or gift of land will be considered to be substantive only if the transferred amount of such land is commensurate with the new individual's or entity's share of the farming operation.

If the individual dies or is incapacitated after being determined to be "actively engaged in farming," the determining authority shall allow such determination to be in effect for that program year or fiscal year, as applicable. (a) An individual may receive a payment under a program specified in §1400.1(a) either directly or indirectly from no more than three permitted entities. An individual who receives such a payment shall notify the county committee in the county in which such individual maintains a farming operation whether or not the farming operation is to be considered a permitted entity. An individual may only receive such payments as a result of a farming operation conducted by:

(1) The individual and by no more than two entities in which the individual holds a substantial beneficial interest; or

(2) No more than three entities in which the individual holds a substantial beneficial interest.

(b) Except for entities specified in paragraph (c) of this section, each enti-

ty entering into a contract or agreement under a program specified in §1400.1(a) shall, by the date the contract or agreement is submitted to the county committee, notify in writing:

(1) Each individual or other entity that acquires or holds an interest in such entity of the requirements and limitations provided in this part; and

(2) The county committee of the name and social security number of each individual and the name and taxpayer identification number of each entity that holds or acquires a substantial beneficial interest in such entity.

(c) Entities shall not be subject to the provisions of paragraph (b) of this section if, as determined by the Deputy Administrator:

(1) Because of the number of members of such entity no member is likely to have a substantial beneficial interest in such entity; and

(2) Such provisions would cause undue financial hardship on such entity.

(d)(1) An individual or entity that holds a substantial beneficial interest in more than the number of permitted entities specified in paragraph (a) of this section for which a contract or agreement has been submitted to the county committee shall notify the county committee in writing, in each county in which they conduct a farming operation, of those entities that shall be considered as permitted entities by a date as determined by the Deputy Administrator following the date the contract or agreement was submitted to the county committee.

(2) The remaining entities in which the individual or entity holds a substantial beneficial interest shall be notified that such entity is subject to reductions in the payments earned by the remaining entity. Such a reduction shall be made in an amount that bears the same relationship to the full payment that the individual's interest in the entity bears to all interests in the entity. The remaining entity's members shall have the opportunity to adjust among themselves their proportionate shares of the program benefits in the designated entity or entities before such reductions are made.

(e) If an individual or entity fails to make such a notification as specified

in paragraph (d) of this section, all entities in which the individual or entity holds a substantial beneficial interest shall be subject to a reduction in payments in the manner specified in paragraph (d)(2).

Subpart E—Cash Rent Tenants

§ 1400.401 Eligibility.

(a) Any tenant that is actively engaged in farming in accordance with the provisions of subpart C and conducts a farming operation in which the tenant rents the land for cash, for a crop share guaranteed as to the amount of the commodity, or by any arrangement in which the tenant does not compensate the landlord by cash or a crop share, and receives benefits, with respect to such land under a program specified in § 1400.1(a) shall be ineligible to receive any payment with respect to such cash-rented land unless the tenant makes a significant contribution to the farming operation of:

(1) Active personal labor; or

(2) Active personal management and equipment. If such equipment is leased by the tenant from:

(i) The landlord, the lease must reflect the fair market value of the equipment leased; and

(ii) The same individual or entity that is providing hired labor to the farming operation, the contracts for the lease of the equipment and for the hired labor must be two separate contracts that reflect the fair market value of the leased equipment and the hired labor and the tenant must exercise complete control over the use of a significant amount of the equipment during the current crop year.

(b) [Reserved]

Subpart F—Foreign Persons

§ 1400.501 Eligibility.

(a) Any person who is not a citizen of the United States or a lawful alien shall be ineligible to receive payments, loans and benefits, with respect to any commodity produced, or land set aside from production, on a farm that is owned or operated by such person unless such person is an individual who is providing land, capital, and a substan-

tial amount of active personal labor on such farm.

(b)(1) A corporation or other entity shall be ineligible to receive payments, loan, and benefits if more than 10 percent of the beneficial ownership of the entity is held by persons who are not citizens of the United States or lawful aliens unless each foreign individual who is a stockholder or other type of member provides a substantial amount of active personal labor in the production of crops on a farm owned or operated by such an entity. However, upon the written request of the entity, the Deputy Administrator may make payments in an amount determined by the Deputy Administrator to be representative of the percentage interest of the entity that is owned by citizens of the United States and lawful aliens or foreign stockholders or other type of member who provide a significant contribution of active personal labor in the production of crops on a farm owned or operated by such entity.

(2) In determining whether more than 10 percent of the beneficial ownership of an entity is held by persons who are not citizens of the United States or by lawful aliens, the beneficial ownership interest shall be the higher of the amount of such interest on:

(i) The date the applicable program contract or agreement is executed by the entity; or

(ii) Any other date prior to the final harvest date that is determined and announced by the Deputy Administrator to be normal in the area for the applicable program crop.

(3) A corporation or other entity shall inform the county committee of any increase in such ownership that occurs after the applicable program contract or agreement is executed.

(4) In the event of an increase in such ownership after a payment, loan, or benefit has been made, the entity shall refund such payment, loan, or benefit.

(5) Where there is only one class of stock or other similar unit of ownership, an individual's or entity's percentage share of the limited partnership, corporation or other similar entity shall be based upon the outstanding shares of stock or other similar unit of

ownership held by the individual or entity and compared to the total outstanding shares of stock or other similar unit of ownership. If the limited partnership, corporation or other similar entity has more than one class of stock or other unit of ownership, the percentage share of the limited partnership, corporation or other similar entity owned by an individual or entity shall be determined by the Deputy Administrator on the basis of market quotations. If market quotations are lacking or are too scarce to be recognized, such percentage share shall be determined by the Deputy Administrator on the basis of all relevant factors affecting the fair market value of such stock or other unit of ownership, including the various rights and privileges that are attributed to each such class.

(c) A citizen of the United States, lawful alien, or entity that is not subject to this part who is in lawful possession, through a lease or otherwise, of a farm owned by an individual or entity who is subject to this part may receive a payment, loan, and benefit without regard to this part.

§ 1400.502 Notification.

(a) Any entity, whether foreign or domestic, that executes a program contract or agreement under which a payment, loan, or benefit may be available must provide written notification to the county committee in the county where the entity conducts its farming operation if:

(1) Any individual, group of individuals, entity, or group of entities holds more than a 10 percent beneficial interest in such entity; and

(2) Such individual, group of individuals, entity, or group of entities, in accordance with §1400.501, are ineligible to receive a payment, loan and benefit.

(b) Such written notification must, if known, include the name and social security number or taxpayer identification number of such individual or entity and of all individuals and entities that hold a beneficial interest.

(c) The failure of the entity to provide this information will result in the ineligibility of the entity to receive any payment, loan, or benefit.

Subpart G—Average Adjusted Gross Income Limitation

§ 1400.600 Applicability.

(a) For the 2003 through 2007 crop years, program years, or fiscal years, an individual or entity is not eligible for any payment or benefit identified in §1400.1 as being subject to this part if the individual's or entity's average adjusted gross income exceeds \$2.5 million for the three tax years immediately preceding the applicable crop, program or fiscal year. Payments may also be reduced under the commensurate share rules set out in §1400.603.

(b) Notwithstanding paragraph (a) of this section, the individual or entity may be considered to meet the requirements of this subpart if not less than 75 percent of the individual's or entity's average adjusted gross income for the three tax years immediately preceding the applicable crop, program or fiscal year, is derived from farming, ranching, or forestry operations.

(c) In addition to payments or benefits identified under §1400.1, this subpart applies to benefits provided to participants under contracts or agreements entered into for the 2003 through 2007 crop, program or fiscal years for the following programs:

(1) The program authorized by part 1466 of this chapter or its successor regulations;

(2) The program authorized by part 1467 of this chapter or its successor regulations;

(3) The program authorized by part 636 of this chapter or its successor regulations;

(4) Any other program authorized by Title XII of the 1985 Act, as amended, or Title II of the 2002 Act.

(5) Any other program to which this subpart is made applicable by statute or regulation.

(d) Determinations made under this subpart with regard to the programs described in paragraphs (c)(1) through (c)(5) of this section will be based on the year for which the contract or agreement is approved and that determination will apply for the entire term of the subject agreement or contract.

(e) Vendors that receive payment for technical services or assistance provided in conjunction with programs

under Title II of the 2002 Act and Title XII of the 1985 Act, but who are not beneficiaries of the program, are not subject to this subpart for services that are of the type that are also performed by the Federal Government in connection with such programs.

(f) Payments to an escrow agent or other of similar capacity in which the recipient is maintaining temporary custody of the funds for eventual disbursement to an eligible program participant are not subject to this subpart so long as the party ultimately receiving the payment is eligible under this subpart.

(g) Payments to States, counties, political subdivisions and agencies thereof, and Indian tribes are not subject to this subpart.

§ 1400.601 Determination of average adjusted gross income.

(a) For purposes of this subpart, *income from farming, ranching or forestry operations* means income of an individual or entity derived from:

(1) Producing crops, livestock or unfinished raw forestry products;

(2) Selling (including the sale of easements and development rights) their own farm, ranch or forestry land or water rights;

(3) Selling, but not as a dealer, equipment purchased to conduct farm, ranch or forestry operations when the equipment is otherwise subject to depreciation expense on the IRS Form 4835 or Schedule F;

(4) Renting land used for farming, ranching or forestry operations; and

(5) Payments made under any program authorized under chapters VI, VII or XIV of this title.

(b) For purposes of this subpart, except as otherwise provided in this subpart, *adjusted gross income* means:

(1) For an individual filing a separate tax return, the amount reported as “adjusted gross income” on the final federal income tax return for the individual for the applicable tax year;

(2) For an individual filing a joint tax return, the amount reported as “adjusted gross income” on the final federal income tax return for the applicable tax year unless a certified statement is provided by a certified public

accountant or attorney specifying the manner in which such income would have been declared and reported if the individuals had filed two separate returns and that this calculation is consistent with the information actually supporting the filed joint return;

(3) For a corporation, including a subchapter S corporation, the total reported “taxable income” as reported to the Internal Revenue Service plus the amount of the charitable contributions as reported on the final federal income tax return for the applicable tax year;

(4) For a tax exempt entity, the “unrelated business taxable income” of the entity as reported to the Internal Revenue Service on the final federal income tax return, less any other income CCC determines to be from non-commercial activities;

(5) For a limited liability company, limited partnership, limited liability partnership or similar type of organization, the income from trade or business activities plus the amount of guaranteed payments to the members as reported to the Internal Revenue Service on the final federal income tax return for the applicable tax year; and

(6) For an estate or trust, the adjusted total income plus charitable deductions as reported to the Internal Revenue Service on the final federal income tax return for the applicable tax year, or the amount of net increase in the estate’s or trust’s value resulting from its business or investment interests.

(c) For purposes of applying this subpart and calculating the three-year average referenced in §1400.600, that average shall be for the adjusted gross income for the three tax years immediately preceding the applicable crop, program or fiscal year, as determined by CCC. For an entity that is not required to file a federal income tax return, or an individual or entity that did not have taxable income in one or more tax years, the average shall be the adjusted gross income, including losses, averaged for the three tax years immediately preceding the applicable crop, program or fiscal year, as determined by CCC. However, a new entity will have its adjusted gross income averaged only for those years of the

§ 1400.602

7 CFR Ch. XIV (1-1-06 Edition)

base period for which it was in business, but a new entity shall not be considered “new” to the extent it takes over an existing operation and has any elements of common ownership or interests with the preceding entity, or with individuals or entities with an interest in the “old” entity. When there is such commonality, income of the “old” entity will be averaged with that of the “new” entity for the base period.

§ 1400.602 Compliance.

(a) To comply with the average adjusted gross income limitation, an individual or entity, including all interest holders in an entity, general partnership or joint venture, shall provide the following as required by CCC:

(1) A certification in the manner prescribed by CCC from a certified public accountant or attorney that the average adjusted gross income of the individual or entity does not exceed this limitation;

(2) A certification in the manner prescribed by CCC from the individual or entity that the average adjusted gross income of the individual or entity does not exceed this limitation; or

(3) Submission to CCC of the relevant Internal Revenue Service documents and supporting financial data as requested by CCC. Supporting financial data may include State income tax returns, financial statements, balance sheets, reports prepared for or provided to another Government agency, information prepared for a private lender, and other credible information relating to the amount and source of the individual's or entity's income.

(b) Audits of certifications of average adjusted gross income may be conducted as necessary to determine compliance with the requirements of this subpart. As a part of this audit income tax returns may be requested and if requested must be supplied. Relevant income tax returns and documentation must be retained a minimum of two years after the end of the calendar year corresponding to the year for which payments or benefits are requested. If an individual or entity has submitted information to CCC, including a certification from a certified public accountant or attorney, that relied upon infor-

mation from a form previously filed with the Internal Revenue Service, such individual or entity shall provide to CCC a copy of any amended form filed with the Internal Revenue Service within 30 days of the filing.

(c) The individual or entity shall provide all information and documentation the reviewing authority determines necessary to verify any information or certification provided under this subpart, including all documents referred to in paragraph (a)(2) of this section. Failure to provide necessary and accurate information to verify compliance, or failure to comply with this subpart's requirements, will result in ineligibility for all program benefits subject to this subpart for the year or years subject to the request.

(d) All information provided to CCC for the purposes of determining compliance with this subpart will remain confidential and not be subject to any request submitted under the Freedom of Information Act.

§ 1400.603 Commensurate reduction.

(a) Any program payment or benefit subject to this subpart provided to an entity, general partnership or joint venture shall be reduced by an amount commensurate with the direct and indirect ownership interest in the entity, general partnership, or joint venture of each individual or entity determined to have an average adjusted gross income in excess of the limitation under the standards provided elsewhere in this subpart for the direct recipient of such payments.

(b) Ownership interest in an entity shall be reviewed to the fifth level of ownership to determine whether a commensurate reduction is applicable and the extent of such reduction. If an ownership interest is not held by an individual in the fifth level of ownership in an entity, no payment or benefit shall be made with respect to such interest.

SOURCE: 51 FR 36921, Oct. 16, 1986, unless otherwise noted. Redesignated at 53 FR 20290, June 3, 1988, and further redesignated at 61 FR 37575, July 18, 1996.

§ 1401.1 Applicability.

This part shall be applicable to payments and loans made in accordance with the programs administered by the Commodity Credit Corporation (CCC) or the Farm Service Agency (FSA) as determined and announced by the Secretary of Agriculture or a designee of the Secretary. The definitions of the terms applicable to 7 CFR part 713 set forth at § 713.3 also shall be applicable to this part, except that the term "commodity" shall mean any agricultural commodity.

§ 1401.2 Payments in lieu of cash payments.

(a) CCC will, in accordance with applicable program provisions, make payments in a form other than in cash to persons who otherwise are eligible to receive a cash payment from CCC. Further, subject only to statutory prohibition and notwithstanding any provisions of the contract to participate in a program administered by CCC or FSA, CCC may: at its option, make payments in a form other than in cash.

(b) As determined by CCC, payments in a form other than in cash may be made in the following manner:

- (1) By delivery of a commodity to a person at a warehouse or other similar facility;
- (2) By transfer of negotiable warehouse receipts;
- (3) By the issuance of certificates which CCC shall redeem in accordance with this part;

(4) By the acquisition and use of commodities pledged as collateral for CCC price support loans;

(5) By the use of commodities owned by CCC; and

(6) By such other methods as CCC determines appropriate, including methods to enable the producer to receive payments in order to assure that the producer receives the same total return as if the payments had been made in cash.

(c) The value of the payments made in any manner set forth in paragraph (b) shall be determined by CCC.

(d) Notwithstanding any other provision of this part, CCC may, with respect to producers who are members of a cooperative marketing association which has been determined in accordance with part 1425 of this title to be eligible to receive price support on behalf of its producer-members, enter into agreements with such producers and such cooperatives to facilitate the making of payments to such producers. Such agreements may include a provision which allows a producer to make available for the use of the cooperative the value of the non-cash payment which would otherwise be made to the producer.

§ 1401.3 Payments to persons with outstanding CCC loans.

(a) Persons with outstanding CCC loans who are eligible to receive payments from CCC, including a person authorized to receive a payment on behalf of another person, may be required to liquidate such loans in accordance with this section in order to be eligible to receive a payment authorized by § 1470.2.

(b) A person with an outstanding CCC loan must, unless otherwise agreed upon by the person and CCC, redeem and sell to CCC a quantity of the commodity pledged as collateral for a CCC loan, as determined by CCC, in an amount equal in value to the value of the payment which would otherwise be made to such person. If the person has more than one outstanding CCC loan, CCC may, by contract or otherwise, prescribe which loan collateral the person shall be required to redeem in order to receive payment. The purchase

§ 1401.4

7 CFR Ch. XIV (1-1-06 Edition)

price shall be equal to the cost of liquidating the loan or the portion of the loan for which the quantity of the commodity sold to CCC is pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advance storage payments received with respect to the redeemed collateral. After redemption and the subsequent sale to CCC of the commodity pledged as collateral for such CCC loan, CCC shall make available to the person a like quantity of the commodity.

§ 1401.4 Commodity certificates.

(a) *General.* CCC may issue commodity certificates as a form of payment. Commodity certificates will bear a dollar denomination. Such certificate may be transferred, exchanged for the inventory of CCC (including the receipt in accordance with paragraph (e) of this section of loan collateral by a person to whom a loan secured by such collateral is made); or exchanged for cash, as provided for in this section. Commodity certificates shall be subject to the provisions of this part, and to any terms, conditions and restrictions provided on the certificate, which are incorporated by reference herein.

(b) *Liens, encumbrances, and State law.* (1) The provisions of this section or the commodity certificates shall take precedence over any state statutory or regulatory provisions which are inconsistent with the provisions of this section or with the provisions of the commodity certificates.

(2) Commodity certificates shall not be subject to any lien, encumbrance, or other claim or security interest, except that of an agency of the United States Government arising specifically under Federal statute.

(3) The provisions of this paragraph (b) shall apply without regard to the identity of the holder of the certificate.

(c) *Transferability.* Any person may transfer a commodity certificate to any other person. However, any such transfer must be in the full amount of the certificate, and can be effected only by restrictive endorsement on the back of the certificate, showing the

name of the transferee and the date of the transfer, and signed by the transferor. CCC will not honor any certificate bearing any endorsement to "bearer" or any other nonrestrictive endorsement, or otherwise transferred in a manner contrary to the regulations contained in this section. The person who submits a commodity certificate to CCC shall endorse the certificate to CCC.

(d) *Exchange of commodity certificate for CCC-owned commodities—(1) General.* Except as otherwise provided in this paragraph and in paragraphs (f) and (g) of this section, any holder of a commodity certificate may exchange such certificate, by itself or together with other commodity certificates, for such commodities as are made available by CCC by endorsing and submitting the certificate to CCC. If a person submits commodity certificates for exchange in order that the person would be eligible to receive a quantity of a commodity which includes less than an entire unit in which the commodity is stored (e.g., less than an entire bale of cotton or an entire barrel of honey): (i) Such person may forfeit the partial unit of the commodity to CCC, or (ii) CCC may issue a check to such person for the partial unit of the commodity or permit such person to purchase the remainder of such unit at a price determined by CCC. A person may obtain information regarding commodities available for exchange and the procedure for exchange from Kansas City Commodity Office, FSA-USDA, Kansas City, MO 64141-0205.

(2) *Minimum quantities.* A holder of an amount of commodity certificates sufficient to acquire a carload lot, or other quantity as may be determined by CCC, may present such amount for exchange at any time on or before the expiration date of such certificates. A holder who is permitted to exchange the certificate for CCC-owned commodities but who does not possess commodity certificates in the amount specified in the preceding sentence may, not to exceed once during a calendar month, submit such certificates to CCC. CCC will, at CCC's option, pay such holder by check in the amount of the certificate or transfer to such holder title to commodities owned by CCC.

(3) *CCC-owned commodities stored by a person who submits commodity certificates to CCC.* CCC may require or permit holders of commodity certificates to exchange such certificates for commodities owned by CCC which are stored by such holder, without making such commodities or kinds of commodities available to other holders of commodity certificates.

(4) *Valuation.* Except as otherwise may be announced by CCC, CCC will determine the value of CCC-owned commodities made available to holders of commodity certificates.

(5) *Transfer of title.* Title to commodities owned by CCC which are transferred to a person who submits commodity certificates to CCC shall be transferred in store, except as may be determined and announced by CCC. The person who submits certificates to CCC shall be responsible for all costs incurred in transferring title to the commodity, except as specifically provided by CCC. The transfer of title to such commodities shall occur without regard to any State law or any claim of lien against the commodity or proceeds thereof which may be asserted by any creditor except agencies of the U.S. Government whose lien arises specifically under Federal statute.

(6) *Expiration date.* CCC may, at its option, discount or refuse to accept any commodity certificate presented for exchange after the expiration date stated on the certificate.

(e) *Use of commodity certificates to receive loan collateral—(1) General.* Except as otherwise provided in this paragraph and in paragraphs (f) and (g) of this section, any holder of a commodity certificate may use such certificate to receive commodities pledged as collateral for CCC loans made to such person, at any time on or before the expiration date stated on the certificate. A holder of a commodity certificate who wishes to receive a quantity of a commodity pledged by such person as collateral for a CCC loan in exchange for a certificate shall redeem and sell to CCC a quantity of the commodity equal in value to the dollar denomination of the certificate, as determined by CCC. The purchase price shall be equal to the cost of liquidating the loan or the portion of the loan for which the quantity

of the commodity sold to CCC is pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advanced storage payments received with respect to the redeemed loan collateral. Upon submission of the certificate, which is endorsed to CCC, to the county FSA office which issued the loan, the holder of a commodity certificate will receive the quantity of the commodity which has been sold to CCC. Except as otherwise determined by CCC, if the holder of such certificate does not have commodities pledged as collateral for CCC loans equal in value to the dollar denomination of the certificate, as determined by CCC, CCC will, at CCC's option and after the producer has submitted the certificate, pay the difference to the person by check or in the form of a new commodity certificate.

(2) *Ineligible commodities.* No person may use a commodity certificate to receive a quantity of tobacco, peanuts, or extra long staple cotton pledged as collateral for a CCC loan. No person may, before August 1, 1986, use a commodity certificate to receive a quantity of upland cotton pledged as collateral for a CCC loan.

(f) *Cash redemption start date.* (1) The person to whom a generic certificate is issued which has a date entered in block D may submit such certificate, endorsed to CCC, at the issuing county FSA office for payment by check in the amount of the certificate on or after the date entered in block D through the expiration date of the certificate. Such person may not exchange the certificate for commodities owned by CCC, except as otherwise agreed upon between such person and CCC.

(2) The person to whom a generic certificate is issued which has an entry of "S/H" in block D may exchange such certificate for commodities owned by CCC.

(3) The person to whom a commodity specific certificate is issued which has a date entered in block D may submit such certificate, endorsed to CCC, to the Kansas City Commodity Office for the specific commodity entered in block C beginning on the date entered

§ 1401.5

in block D through the expiration date of the certificate. Such certificate may not be exchanged for cash, except as otherwise agreed on by CCC.

(4) All other certificates may be transferred and exchanged as determined and announced by CCC.

(g) “*Generic*” and *commodity-specific commodity certificates*—(1) *General*. If a commodity certificate indicates that it is a “generic” certificate, such certificate may, subject to the provisions of paragraphs (a) through (f) of this section, be exchanged for any commodity made available by CCC or, as appropriate, used to receive a quantity of any commodity which serves as collateral for a CCC loan. If a certificate is not a “generic certificate”, such certificate may be exchanged for the commodity specified on the certificate, except as may be determined and announced by CCC.

(2) *Cotton program payments*. Certificates issued as payments under the 1991 through 1995 upland cotton program, including payments issued in accordance with section 103B(a)(5)(B) of the Agricultural Act of 1949, may be exchanged for CCC-owned upland cotton only during such times as determined and announced by CCC.

(3) *Commodities not available in CCC inventory*. Notwithstanding any other provision of this section, if a person submits a commodity specific certificate to CCC in exchange for a quantity of such commodity and CCC determines it is not possible to make such commodity available, CCC may: (i) Require such person to exchange the commodity specific certificate for a generic certificate; or (ii) refuse to accept submission of such certificate until CCC is able to make available a quantity of the commodity specified on such certificate.

(h) CCC, at its option, may discount or refuse to accept any certificate made, transferred, or submitted in violation of this section.

(i) *Interest*. With respect to producers who receive commodity certificates in accordance with the wheat, feed grains, upland cotton and rice price support and production adjustment programs authorized by parts 1413 and 1421 of this title, a producer to whom the certificate is issued who exchanges such a

7 CFR Ch. XIV (1–1–06 Edition)

certificate with CCC for cash in accordance with subsection (f) of this section shall receive interest with respect to such certificate for a 150 day period. Such interest shall be the rate of interest determined in accordance with part 1405 of this Title which is in effect on the date the certificate is issued.

[51 FR 36921, Oct. 16, 1986, as amended at 51 FR 43580, Dec. 3, 1986; 52 FR 45607, Dec. 1, 1987; 56 FR 361, Jan. 4, 1991]

§ 1401.5 In kind payments.

(a) Subject to the provisions of §§1470.2 and 1470.3, CCC may make payments in the form of commodities. Quantities of commodities made available as payment shall be based upon the value of the commodity, as determined by CCC. Such quantity may be adjusted by CCC to reflect the location, quality, and other similar factors which CCC determines to affect the value of the commodity.

(b) The transfer of title to commodities made available in accordance with paragraph (a) of this section shall be in store, except as determined by CCC, and shall be made without regard to any State law or any claim of lien against the commodity, or proceeds thereof, which may be asserted by any creditor except agencies of the U.S. Government whose lien arises specifically under Federal statute. The recipient of such commodities shall be responsible for all costs incurred in transferring title to the commodity, except as specifically provided by CCC.

§ 1401.6 Assignments.

Notwithstanding any other provision of this chapter, a payment made under this part may not be the subject of an assignment, except as determined and announced by CCC.

Except as determined by CCC, the following provisions of this title shall apply to this part:

(a) *General.* A person who acquires a commodity certificate from another person shall be considered to be a "subsequent holder" of the certificate. Subsequent holders of certificates who purchased a commodity certificate on or before January 1, 1990 may, after the expiration date specified on the certificate, submit the certificate to CCC for a payment from CCC determined in accordance with paragraph (b) of this section. All certificates must be submitted after January 2, 1991 and on or before May 28, 1991. Certificates submitted after May 28, 1991 shall not be accepted for payment. Certificates shall be considered to be submitted as of the date of the postmark on the envelope containing the certificate. All certificates submitted for payment must be submitted with, and in accordance with, Form CCC-8. All certificates submitted to CCC for payment shall be retained by CCC.

(b) *Payment rates.* (1) Certificates with an expiration date of April 30, 1989 or earlier shall not, in any instance, be eligible for payment by CCC. Certificates which are submitted 18 months after the expiration date specified on the certificate shall not be accepted for payment by CCC.

(2) Persons who submit to CCC, in accordance with this section, certificates with an expiration date of May 31, 1989 or later shall receive a payment equal to 50 percent of the certificate's face value if such certificate is submitted within the period which:

(i) Begins 6 months and one day after the expiration date specified on the certificate and

(ii) Ends 18 months after such expiration date.

(3) Persons who submit to CCC in accordance with this section certificates with an expiration date of May 31, 1989 or later shall receive a payment equal to 85 percent of the certificate's face value if such certificate is submitted within the period which:

(c) *Transitional rules.* In order to provide full benefits under this section to parties whose certificates may decline in value from the date of enactment of section 1122 of the Food, Agriculture, Conservation, and Trade Act of 1990 (November 28, 1990) until the implementation of the provisions of such section, persons who, by January 31, 1991, submit to CCC in accordance with this section certificates with expiration dates of May 31, 1989, June 30, 1989, May 31, 1990, and June 30, 1990, shall receive payments for such certificates as if they had been submitted on November 30, 1990.

(d) *Payment limit.* (1) No person, as defined in § 719.2(r) of this title, shall receive a payment in excess of \$1,000, except that any wholly-owned or wholly controlled entity, such as a corporation, shall be considered to be the same person as the person which owns or controls such entity. Any person who adopts or participates in adopting a scheme or device which is designed to evade this limitation or which has the effect of evading this limitation shall be ineligible to receive a payment under this section. Such acts include, but are not limited to:

(i) Concealing information which affects the application of this section;

(ii) Submitting false or erroneous information;

7 CFR Ch. XIV (1-1-06 Edition)

§ 1403.4 Demand for payment of debts.

(a) When a debt is due CCC, an initial written demand for payment of such amount shall be mailed or hand-delivered to the debtor. If the debt is not paid in full by the date specified in the initial demand letter, or if a repayment schedule acceptable to CCC has not been arranged with the debtor, the initial demand may be followed by two subsequent written demands at approximately 30-day intervals. The initial or subsequent demand letters shall specify the following:

(1) The basis for and the amount of the debt determined to be due CCC, including the principal, applicable interest, costs and other charges;

(2) CCC's intent to establish an account on a debt record 30 days after the date of the letter, or other applicable period of time, if the debt is not paid within that time;

(3) The applicable late payment interest rate.

(i) If a late payment interest rate is specified in the contract, agreement or program regulation, the debtor shall be informed of that rate and the date from which the late payment interest has been accruing;

(ii) If a late payment interest rate is not specified in the contract, agreement or program regulation, the debtor shall be informed of the applicable late payment interest rate set out in § 1403.9.

(4) CCC's intent, if applicable, to collect the debt 30 days from the date of the initial demand letter, or other applicable period of time, by administrative offset from any CCC or FSA payments due or to become due to the debtor, and that the claim may be reported to other agencies of the Federal government for offset from any amounts due or to become due to the debtor;

(5) If not previously provided, the debtor's right to request administrative review by an authorized CCC official, and the proper procedure for making such request. If the request relates to the:

(i) Existence or amount of the debt, it must be made within 15 days from the date of the letter, unless a different time period is specified in the contract, agreement or program regulation;

Commodity Credit Corporation, USDA

§ 1403.7

[54 FR 52878, Dec. 22, 1989, as amended at 56 FR 66955, Dec. 27, 1991]

§ 1403.5 Collection by payment in full.

Except as CCC may provide in accordance with §1403.6, CCC shall collect debts owed to the Government, including applicable interest, penalties, and administrative costs, in full, whenever feasible whether the debt is being collected by administrative offset or by another method, including voluntary payment. If a debt is paid in one lump sum after the due date, CCC will impose late payment interest, as provided in §1403.9, unless such interest is waived as provided in §1403.10.

§ 1403.6 Collection by installment payments.

(a) Payments in installments may be arranged, at CCC's discretion, if a debt-

or furnishes satisfactory evidence of inability to pay a claim in full by the specified date. The size and frequency of installment payments shall:

(1) Bear a reasonable relation to the size of the debt and the debtor's ability to pay; and

(2) Normally be of sufficient size and frequency to liquidate the debt in not more than three years.

(b) Except as otherwise determined by CCC, no installment arrangement will be considered unless the debtor submits a certified financial statement which reflects the debtor's assets, liabilities, income, and expenses. The financial statement shall not be required to be submitted sooner than 15 business days following its request by CCC.

(c) All installment payment agreements shall be in writing and may require the payment of interest at the late payment interest rate in effect on the date such agreement is executed. The installment agreement shall specify all the terms of the arrangement and include provision for accelerating the debt in the event the debtor defaults. A confession of judgment provision may be included in the agreement.

(d) CCC may deem a repayment plan to be abrogated if the debtor fails to comply with its terms.

(e) If the debtor's financial statement or other information discloses the ownership of assets which are not encumbered, the debtor may be required to secure the payment of an installment note by executing a security agreement and financing agreement which provides CCC a security interest in the assets until the debt is paid in full.

(f) If the debtor owes more than one debt to CCC, CCC may allow the debtor to designate the manner in which a voluntary installment payment is to be applied. If the debtor does not designate the application of a voluntary installment or partial payment, the payment will be applied to such debts as determined by CCC.

§ 1403.7 Collection by administrative offset.

(a) The provisions of this section shall apply to all debts due CCC except as otherwise provided in this part and part 1404 of this Chapter. This section is not applicable to:

§ 1403.7

7 CFR Ch. XIV (1-1-06 Edition)

(1) CCC requests for administrative offset against money payable to a debtor from the Civil Service Retirement and Disability Fund and CCC requests for salary offset against a present or former employee of the Federal Government which shall be made in accordance with regulations at part 3 of this title;

(2) CCC requests for administrative offset against a Federal income tax refund payable to a debtor which shall be made in accordance with § 1403.18;

(3) Cases in which CCC must adjust, by increasing or decreasing, a payment which is to be paid under a contract in order to properly make other payments due by CCC;

(4) Any case in which collection of the type of debt involved by administrative offset is explicitly provided for or prohibited by statute; and

(5) IRS Notices of Levy which shall be honored in accordance with IRS statutes and regulations.

(b) Debts due CCC may be collected by administrative offset from amounts payable by CCC when:

(1) The debtor has been provided written notification of the basis and amount of the debt and has been given an opportunity to make payment. Such written notification and opportunity includes notice of the right to pursue an administrative appeal in accordance with part 780 of this Title or any other applicable appeal procedures, if not previously provided;

(2) The debtor has been provided an opportunity to request to inspect and copy the records of CCC related to the debt;

(3) The debtor has been notified in writing that the debt may be collected by administrative offset if not paid; and

(4) The debt has not been delinquent for more than ten years or legal action to enforce the debt has not been barred by an applicable period of limitation, whichever is later.

(c) Administrative offset shall also be effected against amounts payable by CCC:

(1) When requested or approved by the Department of Justice; or

(2) When a person is indebted under a judgment in favor of CCC.

(d) Debts due CCC from carriers for overcharges shall be offset against amounts due such carriers under freight bills involving shipments if:

(1) The carrier, without reasonable justification, has declined payment of the debt or has failed to pay the debt after being given a reasonable opportunity to make payment; and

(2) The period of limitation prescribed at 49 U.S.C. 11706(f) has not expired.

(e) Debts due CCC from carriers for loss or damage shall be offset against amounts due such carriers under freight bills involving shipments if:

(1) Timely demand for payment was made on the carrier;

(2) The carrier has declined payment of the debt without reasonable justification or has ignored the claim; and

(3) The period of limitation prescribed at 49 U.S.C. 11707(e) has not expired.

(f) Any overcharge or loss or damage debt due CCC on which the applicable period of limitation has run may be offset against any amounts owing by CCC to the carrier which are subject to a defense of limitation.

(g) A payment due any person may be offset when there is a breach of a contract or a violation of CCC program requirements, and offset is considered necessary by CCC to protect the financial interests of the Government.

(h) In the case of any procurement contract with CCC which provides for invoicing at the time of shipment with delivery to be made at designated destination points when:

(1) Payment is made to the contractor prior to receipt of evidence of delivery, and

(2) CCC thereafter determines that the Contractor is indebted to CCC because of losses sustained from shortage, damage to or deterioration of the commodity while in transit and prior to delivery, CCC may offset such indebtedness against amounts due and payable to the Contractor under any other contract with CCC providing the Contractor has not assigned the proceeds of such contract in accordance with part 1404 of this chapter.

(i) CCC may effect administrative offset against a payment to be made to a

Commodity Credit Corporation, USDA

§ 1403.7

debtor prior to completion of the procedures required by (b)(1-3) of this section if:

(1) Failure to take the offset would substantially prejudice CCC's ability to collect the debt; and

(2) The time before the payment is to be made does not reasonably permit the completion of those procedures.

(j)(1) Debts due any agency other than CCC shall be offset against amounts payable by CCC to a debtor when an agency of the U.S. Government has submitted a written request for offset which is mailed or hand-delivered to the appropriate FSA State office, Kansas City Management Office or Kansas City Commodity Office. Such written request must:

(i) Bear the signature of an authorized representative of the requesting agency;

(ii) Include a certification that all requirements of the law and the regulations for collection of the debt and for requesting offset have been complied with;

(iii) State the name, address (including county), and, where legally available, the social security number or employer ID number of the debtor and a brief description of the basis of the debt, including identification of the judgment, if any.

(iv) State the amount of the debt separately as to principal, interest, penalties, and administrative costs. Interest, if any, shall be computed on a daily basis to a date shown in the request. The amount to be offset shall not exceed the principal sum owed by the debtor, plus interest computed in accordance with the request, and any late payment interest, penalties and administrative costs that have been assessed;

(v) Certify that the debtor has not filed for bankruptcy. If the debtor has filed for bankruptcy, a copy of the order of the bankruptcy court relieving the agency from the automatic stay must be included; and

(vi) State the name, address, and telephone number of a contact person within the agency and the address to which payment should be sent.

(2) Unless prohibited by law, the head of an agency, or a designee, may defer or subordinate in whole or in part the

right of the agency to recover through offset all or part of any indebtedness to such agency, or may withdraw a request for offset. Notice of such action must be sent to the appropriate FSA office.

(k)(1) After CCC has complied with the provisions of this part, CCC may request other agencies of the Government to offset amounts payable by them to persons indebted to CCC.

(2) In the case of a request to IRS for a tax refund offset, the provisions at §1403.18 shall apply.

(1)(1) Debts shall be collected by offset in the following order of priority without regard to the date of the request for such collection:

(i) Debts to CCC.

(ii) Debts to other agencies of USDA as determined by CCC.

(iii) Debts to other government agencies as determined by CCC.

(2) In the case of multiple debts involving the same debtor, CCC may, at its discretion, deviate from the usual order of priority in applying recovered amounts to debts owed other agencies when considered to be in the Government's best interest. Such decision shall be made by CCC based on the facts and circumstances of the particular case.

(m)(1) No amounts payable to a debtor by CCC shall be paid to an assignee until there have been collected any amounts owed by the debtor except as provided in this subsection.

(2) A payment which is assigned in accordance with part 1404 of this Chapter by execution of Form CCC-36 shall be subject to offset for any debt owed to CCC or FSA without regard to the date notice of assignment was accepted by CCC or FSA.

(3) A payment which is assigned in accordance with part 1404 of this Chapter by execution of Form CCC-252 shall be offset:

(i) Against any debt of the assignor entered on the debt record of the applicable FSA office prior to the filing of such form with CCC or FSA, or

(ii) At anytime, regardless of the date of filing of such form with CCC or FSA, if the debt which is the basis for the offset arises under the same contract under which the payment is earned by the assignor.

§ 1403.7

7 CFR Ch. XIV (1-1-06 Edition)

(4) With respect to all other Federal agencies, offset shall be made of any amounts due any other Federal agency which are entered on the debt record of the appropriate FSA office prior to the date the notice of assignment was accepted by CCC or FSA.

(5) Any amount due and payable to the assignor which remains after deduction of amounts paid to the assignee shall be available for offset.

(n) Amounts recovered by offset for CCC and FSA debts but later found not to be owed to the Government shall be promptly refunded.

(o) The debtor shall be notified whenever any offset action has been taken.

(p) Offsets made pursuant to this section shall not deprive a debtor of any right he might otherwise have to contest the debt involved in the offset action either by administrative appeal or by legal action.

(q) Any action authorized by the provisions of this section may be taken:

(1) Against a debtor's pro rata share of payments due any entity which the debtor participates in, either directly or indirectly, as determined by CCC.

(2) When CCC determines that the debtor has established an entity, or reorganized, transferred ownership of, or changed in some other manner, their operation, for the purpose of avoiding the payment of the claim or debt.

(r) The amount to be offset shall not exceed the actual or estimated amount of the debt, including interest, administrative charges, and penalties, unless the Department of Justice requests that a larger specified amount be offset.

(s) Offset action will not be taken against payments when:

(1) The payment represents loan or purchase proceeds for a commodity which is subject to the rights of the holder of a prior valid enforceable lien. However, any amount that exceeds the amount of the prior lien shall be available for offset.

(2) A debt has been discharged as provided in § 1403.15.

(3) The amount payable to the debtor is used to satisfy a prior lien on property pledged as collateral for a CCC loan or sold to CCC. However, any amount exceeding the amount of the prior lien shall be available for offset.

(4) CCC determines such action will unduly interfere with the administration of a CCC or FSA program.

(5) The debt has been delinquent for more than ten years or legal action to enforce the debt due CCC is barred by an applicable period of limitation, whichever is later.

(t)(1) Notwithstanding the provisions of paragraph (b) of this section and § 1403.4, with respect to debts which are based upon an unsettled CCC loan, offset action may be taken when the debtor has been:

(i) Provided written notification of the maturity date of the loan and the debtor has not repaid the loan by the maturity date or, in the case of a non-recourse price support loan, has not repaid the loan or forfeited the loan collateral to CCC by the date specified by CCC;

(ii) Notified of CCC's intent to establish an account on a debt record 30 days after the maturity date, or other applicable period of time, if the loan is not settled in accordance with the loan agreement;

(iii) Notified of the right to pursue an administrative appeal in accordance with part 780 of this title if such an opportunity has not been previously provided;

(iv) Provided an opportunity to inspect and copy CCC records related to the debt; and

(v) Notified in writing that the debt may be collected by administrative offset if the loan is not repaid or, with respect to nonrecourse loans only, settled through forfeiture of the loan collateral.

(2) After a claim has been established by CCC with respect to a loan which has not been settled by the date specified in the loan agreement:

(i) In the event CCC takes possession of the collateral which is security for a nonrecourse of recourse loan made in accordance with parts 1421, 1427, 1434, or 1435 of this chapter, the value of such loan collateral shall be determined by CCC in accordance with the provisions of such parts which are used to determine the settlement value of the collateral. The value of such collateral shall be applied to the claim. Any amount remaining due on the claim must be paid by the debtor.

(ii) In the event CCC takes possession of the collateral which is the security for any other loan, the value of such collateral, as determined by CCC, less any costs incurred by CCC in taking possession and disposing of the collateral, shall be applied to the claim. Any amount remaining due on the claim must be paid by the debtor.

§ 1403.8 Withholding.

(a) Withholding of a payment prior to the completion of an applicable offset procedure may be made from amounts payable to a debtor by CCC to ensure that the interests of CCC and the United States will be protected as provided in this section.

(b) A payment may be withheld to protect the interests of CCC or the United States only if CCC determines that:

(1) There has been a serious breach of contract or violation of program requirements and the withholding action is considered necessary to protect the financial interests of CCC;

(2) There is substantial evidence of violations of criminal or civil frauds statutes and criminal prosecution or civil frauds action is of primary importance to program operations of CCC;

(3) Prior experience with the debtor indicates that collection will be difficult if amounts payable to the debtor are not withheld;

(4) There is doubt that the debtor will be financially able to pay a judgment on the claim of CCC;

(5) The facts available to CCC are insufficient to determine the amount to be offset or the proper payee;

(6) A judgment on a claim of CCC has been obtained; or

(7) Such action has been requested by the Department of Justice.

(c) Except for debts due CCC or FSA, withholding action by CCC on amounts payable to debtors of other Government agencies may not be made unless requested by the Department of Justice.

[54 FR 52878, Dec. 22, 1989]

§ 1403.9 Late payment interest and administrative charges.

(a)(1) The provisions of this section are applicable to all persons whose debt to CCC becomes delinquent after January 1, 1990, unless the debtor and CCC agree otherwise.

(2) Late payment interest provisions of this section shall not apply:

(i) To debts owed by Federal agencies and State and local governments. Interest on debts owed by such entities shall be charged in accordance with applicable statutes or, if none are applicable, at the rate of interest charged by the U.S. Treasury for funds borrowed by CCC on the day the debt became delinquent;

(ii) If an applicable statute, regulation, agreement or contract either prohibits the charging of such interest or specifies the interest or charges applicable to the debt involved;

(iii) If the late payment interest is waived by CCC.

(b) CCC will assess late payment interest on the full amount of delinquent debts. For purposes of this section, the term "full amount of the delinquent debt" means the sum of the principal, accrued regular loan interest or accrued program interest, and any other charges which are otherwise due and owing to CCC on the delinquent debt at the time the late payment interest is assessed, except as provided in paragraphs (a)(2) and (d)(3) of this section.

(c) The late payment interest shall be expressed as an annual rate of interest which CCC charges on delinquent debts. The late payment interest rate shall be equal to the higher of the Treasury Department's current value of funds rate or the rate of interest assessed under the Prompt Payment Act, determined as of the date specified in paragraphs (d)(1) and (d)(2) of this section.

(d)(1) When a debt results from a statute, regulation, contract or other agreement with specific provisions for late payment interest and payment due date, late payment interest shall accrue on the amount of the debt from the first day the debt became delinquent, unless otherwise provided by statute.

§ 1403.10

7 CFR Ch. XIV (1-1-06 Edition)

(2) With respect to debts not resulting from a statute, regulation, contract or agreement containing specific provisions for late payment interest and payment due date, late payment interest shall begin to accrue from the date on which notice of the debt is first mailed or hand-delivered to the debtor, except that, with respect to debts resulting from price support loans, late payment interest shall begin to accrue from the date on which a claim is established.

(3) The rate of late payment interest initially assessed will be fixed for the duration of the indebtedness, except when a debtor has defaulted on a repayment agreement and seeks to enter into a new agreement. CCC may then set a new rate of interest which reflects the late payment interest rate in effect at the time the new agreement is executed. All charges which accrued, but which were not collected under the defaulted agreement, shall be added to the principal to be paid under a new repayment agreement.

(4) The late payment interest on delinquent debts will accrue on a daily basis.

(e)(1) Except as specified in paragraphs (a)(2) and (e)(2) of this section, an additional interest rate of three (3) percent per annum will be assessed on any portion of a debt which remains unpaid 90 days after the date described in paragraph (d)(1) or (d)(2) of this section, if no repayment schedule satisfactory to CCC has been agreed upon. Such rate will be assessed retroactively from the date late payment interest began to accrue and apply on a daily basis. Such rate shall continue to accrue until the delinquent debt has been paid.

(2) With respect to debts resulting from price support loans, an additional interest rate of three (3) percent per annum will be assessed on a portion of a debt which remains unpaid 60 days after the date on which a claim was established. Such rate will be assessed retroactively from the date of claim establishment and apply on a daily basis. Such rate shall continue to accrue until the delinquent debt has been paid.

(f) CCC shall assess as administrative charges the additional costs of proc-

essing delinquent debts against the debtor, to the extent such costs are attributable to the delinquency. Such costs include, but are not limited to, costs incurred in obtaining a credit report, costs of employing commercial firms to locate debtor, costs of employing contractors for collection services, costs of selling collateral or property to satisfy the debt.

(g) When a debt is paid in partial or installment payments, payments will be applied first to administrative charges, second to additional interest assessed in accordance with paragraph (e) of this section and late payment interest, and third to outstanding principal.

[54 FR 52878, Dec. 22, 1989, as amended at 56 FR 66955, Dec. 27, 1991; 60 FR 43706, Aug. 23, 1995]

(c) This section applies to collection of overpayments from those producers who are suffering financial hardship, as determined by CCC, and who also meet the following conditions, as determined by CCC:

(i) A natural disaster designated by the Secretary of Agriculture;

(ii) A major disaster or emergency designated by the President under the Robert T. Stafford Disaster and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*);

(5) Who have applied to the County Farm Service Agency Office which issued the advance deficiency payment, no later than May 31, 1991, for a determination of eligibility for the repayment provisions of this section.

(d) CCC shall assess interest on delinquent debts for 1988 or 1989 overpayments as follows:

(1) CCC shall establish a regional annual interest rate for each of 12 geographic regions, corresponding to the extent practicable, as determined by CCC, with the 12 geographic districts of the Farm Credit System.

(3) Interest shall accrue at the established regional annual interest rate for the region in which the debt arose, beginning November 28, 1990.

(e) CCC shall not offset, in each of the crop years 1990, 1991, and 1992, more than $\frac{1}{3}$ of the farm program payments otherwise due a producer, as a result of the producer's delinquency in repaying the overpayment.

(f) CCC shall permit producers to repay the overpayment in three equal installments during each of the crop years 1990, 1991, and 1992, if the pro-

(b) Violation determinations are made by FCIC. However, upon notice from FCIC to CCC that a producer has been found to have committed a violation to which paragraph (a) of this section applies, that person shall be considered ineligible for payments under the programs specified in paragraph (a) of this section that are funded by CCC for the same period of time for which, as determined by FCIC, the producer will be ineligible for crop insurance benefits of the kind referred to in paragraph (a)(1) of this section. Appeals of the determination of ineligibility will be administered under the rules set by FCIC.

(c) Other sanctions may also apply.

(1) The assessment will be collected in one of the following ways, as requested by the State, but not both:

(iii) Identified the person who may enter into an agreement with CCC that sets forth the obligations of the State and CCC with respect to the collection of the assessment; and

(iv) Provided an opinion from the Office of the Attorney General to CCC that concludes the person signing the agreement may obligate the State to comply with the agreement and the provisions of Public Law 108-470 have been met.

(2) The agreement described in paragraph (c) of this section has been executed by the appropriate State official and CCC.

(c) CCC will enter into an agreement with an authorized State official to collect commodity assessments when the actions set forth in paragraphs (b)(1) and (2) of this section have been

completed. Such agreement will contain the obligations and responsibilities of the State and CCC. All such agreements will include provisions that provide:

(1) The State will indemnify CCC for any costs incurred in the collection of the assessment including costs incurred with respect to resolution of disputes arising from the requested collection of the assessment and for administrative costs incurred by CCC in the collection of the assessment;

(2) The State, in cases where an assessment has been collected two or more times with respect to the same quantity of the commodity subject to the assessment, will refund the amount of the excess collection to the producer.

(3) The agreement may be terminated by either party upon 30 days notice.

(4) The State, in cases where the marketing assistance loan is made by a cooperative marketing association or a designated marketing association approved by CCC, or any other similar entity that is approved by CCC, to obtain such a loan on behalf of its members may enter into individual arrangements with such entity to facilitate the collection of the assessment with the approval of CCC.

(a) *Procedure for closing a majority of the meetings.* (1) A majority of the meetings of the Board will be closed to the public pursuant to exemptions 4, 8, (9)(i) and 10 of §1409.4(a) of this part. These meetings will include deliberations such as those relating to the levels of price support for various agricultural commodities, the allocation of quantities of commodities for export programs, and the interest rates for commodity loans and farm storage facility loans. Board meetings will be closed pursuant to exemptions 4, 8, (9)(i) and 10 when at least five Directors vote at the beginning of such meeting, or portion thereof, to close the exempt portion or portions of the meeting. A copy of the vote, reflecting the vote of each Director on the question, will be made available to the public. The Board will, except to the extent that such information is exempt from disclosure under the exemptions in §1409.4(a) of this part, provide the public with public announcement of the time, place, and subject matter of the meeting and of each portion thereof, at the earliest practicable time.

(2) The provisions of paragraph (b) of this section and §1409.6, except §1409.6(e), of this part will not apply to any meeting or portion thereof to which paragraph (a) of this section applies.

(b) *Procedure for closing other meetings.* (1) A separate vote of the entire membership of the Board will be taken with respect to each Board meeting a portion or portions of which are proposed to be closed to the public or any information which is proposed to be withheld from the public on the basis of one or more of the exemptions in §1409.4(a) of this part. The vote of each Director will be recorded and no proxy shall be allowed.

(2) A portion or portions of a meeting may be closed on the basis of one or more of the exemptions in §1409.4(a) of this part only when at least five Directors vote to take such action.

(3) A single vote of the entire membership of the Board may be taken with respect to a series of meetings, a portion or portions of which are proposed to be closed to the public or with respect to the withholding of any infor-

mation concerning such series of meetings, on the basis of one or more of the exemptions in §1409.4(a) of this part. Each meeting in such series must involve the same particular matters and must be scheduled to be held no more than thirty days after the initial meeting in such series. The vote of each Director participating in such vote will be recorded and no proxy vote shall be allowed.

(4) Whenever any person whose interests may be directly affected by a portion of a Board's meeting requests that the Board close such portion to the public on the basis of exemptions (5), (6), or (7) of §1409.4(a) of this part, the Board, upon the request of any one of its members, will vote whether or not to close such portion of the meeting. The vote of each Director participating in such vote will be recorded and no proxy shall be allowed.

(c) *General counsel's certification.* Before every Board meeting closed on the basis of one or more of the exemptions in §1409.4(a) of this part, the General Counsel will publicly certify that, in his opinion, the meeting may be closed to the public and shall state each relevant exemption.

(b)(1) When the Board votes on whether to close a portion or portions of a meeting or a series of meetings, or

§ 1409.7

7 CFR Ch. XIV (1-1-06 Edition)

with respect to withholding any information concerning such meeting or series of meetings, in accordance with §1409.5(b) of this part, the Secretary of the Board will make available to the public a written copy of such vote reflecting the vote of each member on the question within one business day of such vote.

(2) If the Board votes to close a portion or portions of a meeting or a series of meetings in accordance with §1409.5(b) of this part, the Secretary of the Board will make available to the public within one business day of such vote, (i) a list of the names and affiliations of persons expected to be present at such closed portion or portions of the meeting or series of meetings and (ii) a full written explanation of the Board's action in closing the portion or portions of the meeting or series of meetings, unless such disclosure would reveal the information that the meeting itself was closed to protect.

(c) The time or place of a board meeting may be changed following the public announcement as required by paragraph (a)(1) of this section only if the Board publicly announces such change or changes at the earliest practicable time.

(d) The subject matter of a Board meeting or the determination of the Board to open or close a meeting or portions thereof to the public, may be changed following the public announcement as required by paragraph (a)(1) of this section only if (i) five Directors determine by recorded vote that Board business so requires and that no earlier announcement of the change was possible and (ii) the Board publicly announces such change and the vote of each Director upon such change at the earliest practicable time.

(e) The Secretary of the Board shall use all reasonable means to keep the public promptly and fully informed of public announcements including the use of a bulletin board outside the office of the Secretary of the Board at the address indicated in §1409.8(b) of this part. Requests for information concerning Board meetings should be addressed to the Secretary of the Board.

Any person who fails to do so may not be accommodated if there is insufficient space in the meeting room.

Such minutes shall fully and clearly describe all matters discussed and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll-call vote reflecting the vote of each member on the question. All documents considered in connection with any action will be identified in such minutes.

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No delegation of authority herein to a State or county committee shall preclude the Executive Vice President, CCC, the Administrator, FSA, or a designee, or the Deputy Administrator, from determining any question arising under this part or from reversing or modifying any determination made by a State or county committee.

(e) Data furnished by prospective participants will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, the failure to provide data could result in program benefits being withheld or denied.

Commodity Credit Corporation, USDA

§ 1410.2

(f) Notwithstanding other provisions of this section, the Erodibility Index (EI), suitability of land for permanent vegetative or water cover, factors for determining the likelihood of improved water quality, and adequacy of the planned practice to achieve desired objectives shall be determined by the Natural Resource Conservation Service (NRCS) or other sources approved by CCC, in accordance with the Field Office Technical Guide (FOTG) of NRCS or other guidelines deemed appropriate by NRCS. In no case shall such determination compel CCC to execute a contract that CCC does not believe will serve the purposes of the program established by this part. Any approved technical authority shall utilize CRP guidelines established by CCC.

(g) CCC may consult with the Forest Service (FS), a State forestry agency, or other organizations as determined by CCC to be necessary for developing and implementing conservation plans that include tree planting as the appropriate practice or as a component of a practice.

(h) CCC may consult with the Cooperative State Research, Education, and Extension Service to coordinate a related information and education program as deemed appropriate to implement the Conservation Reserve Program (CRP).

(i) CCC may consult with the National Marine Fisheries Service, U.S. Fish and Wildlife Service (FWS), or State wildlife agencies for such assistance as is determined necessary by CCC to implement the CRP.

(j) The regulations governing the CRP as of May 12, 2002, shall continue to govern contracts in effect as of that date (see 7 CFR part 1410 contained in the edition of 7 CFR Parts 1200 to 1599 revised as of January 1, 2003). This part shall apply to contracts executed on or after May 13, 2002

to be maintained as though still enrolled. Where the land use for a year qualifies as a “conserving use” under this definition, then, the land for that year shall, for purposes of eligibility under §1410.6(a)(1) be considered to have been planted to an “agricultural commodity.”

It contains detailed information on the conservation of soil, water, air, plant, animal resources, and cultural resources applicable to the local area for which it is prepared.

Field windbreak, shelterbelt, and/or living snowfence mean a vegetative barrier with a linear configuration composed of trees, shrubs, or other vegetation, as determined by CCC, that are designated as such in a conservation plan and that are planted for the purpose of reducing wind erosion, controlling snow, improving wildlife habitat, or conserving energy.

(a) Under the CRP, CCC will enter into contracts with eligible participants to convert eligible land to a conserving use during the contract period in return for financial and technical assistance.

(b) A participant must obtain and adhere to a conservation plan prepared in accordance with CRP guidelines, as established and determined by CCC. A conservation plan for eligible acreage must be obtained by a participant and must be approved by the conservation district in which the lands are located unless the conservation district declines to review the plan, in which case the provider of technical assistance may take such further action as is needed to account for lack of such review.

(c) The objectives of the CRP are to cost-effectively reduce water and wind erosion, protect the Nation's long-term capability to produce food and fiber, reduce sedimentation, improve water quality, create and enhance wildlife habitat, and other objectives including encouraging more permanent conservation practices and tree planting.

(d) Except as otherwise provided, a participant may, in addition to any payments under this part, receive cost-share assistance, rental or easement payments, tax benefits, or other payments from a State or a private organization in return for enrolling lands in CRP. However, a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage under any law, as determined by the Deputy Administrator. Further, under no cir-

cumstances may the cost-share payments received under this part, or otherwise, exceed the cost of the practice, as determined by CCC.

§ 1410.4 Maximum county acreage.

(a) Except as provided in paragraph (b) of this section, the maximum acreage that may be placed in the CRP and the WRP may not exceed 25 percent of the total cropland in the county; further, no more than 10 percent of the cropland may be subject, in the aggregate, to a CRP or WRP easement.

(b) The restrictions in paragraph (a) of this section may be waived by CCC if CCC determines that such action would not adversely affect the local economy of the county and that operators in the county are having difficulties complying with conservation plans implemented under part 12 of this title.

(c) These restrictions on participation shall be in addition to any other restriction imposed by law.

§ 1410.5 Eligible persons.

(a) In order to be eligible to enter into a CRP contract in accordance with this part, a person must be an owner, operator, or tenant of eligible land and:

(1) If an operator of eligible land, seeking to participate without the owner, must have operated such land for at least 12 months prior to the close of the applicable signup period and must provide satisfactory evidence that such operator will be in control of such eligible land for the full term of the CRP contract period;

(2) If an owner of eligible land, must have owned such land for at least 12 months prior to the close of the applicable signup period, unless:

(i) The new owner acquired such land by will or succession as a result of the death of the previous owner;

(ii) The only ownership change in the 12-month period occurred due to foreclosure on the land and the owner of the land, immediately before the foreclosure, exercises a timely right of redemption from the mortgage holder in accordance with State law; or

(iii) As determined by the Deputy Administrator, the circumstances of the acquisition are such that present adequate assurance that the new owner of such eligible land did not acquire such

land for the purpose of placing it in the CRP; or

(3) If a tenant, the tenant is a participant with an eligible owner or operator.

(b) Notwithstanding paragraph (a) of this section, under continuous signup provisions authorized by §1410.30, an otherwise eligible person must have owned or operated, as appropriate, the eligible land for at least 12 months before submitting the offer.

§ 1410.6 Eligible land.

(a) In order to be eligible to be placed in the CRP, land must be one of the following:

(1) Cropland that is subject to a conservation plan and has been annually planted or considered planted, as defined in §1410.2, to an agricultural commodity in 4 of the 6 crop years from 1996 through 2001, as determined by the Deputy Administrator, provided further that field margins that are incidental to the planting of crops may also be considered qualifying cropland to the extent determined appropriate by the Deputy Administrator; and is physically and legally capable of being planted in a normal manner to an agricultural commodity, as determined by the Deputy Administrator; or

(2) Marginal pasture land, as determined by the Deputy Administrator, that:

(i) Is enrolled in the crop year or has been enrolled during any of the 2 years preceding the crop year in the WBP; and

(A) The WBP contract of the owner or operator of the cropland expired or will expire in calendar year 2000, 2001, or 2002; and

(B) The acreage is not classified as naturally occurring type 3 through 7 wetlands, as determined by the Deputy Administrator, regardless of whether the acreage is or is not protected by a Federal agency easement or mortgage restriction (types 3 through 7 wetlands that are normally artificially flooded shall not be precluded from eligibility), and;

(C) Enrollment in CRP would enhance the environmental benefits of the site, as determined by Deputy Administrator; or

(ii) Is determined to be suitable for use as a riparian buffer or is made eligible in a CREP for similar water quality purposes as determined by the Deputy Administrator. A field or portion of a field of marginal pasture land may be considered to be suitable for use as a riparian buffer only if, as determined CCC, it:

(A) Is located adjacent to permanent stream corridors excluding corridors that are considered gullies or sod waterways; and

(B) Is capable, when permanent grass, forbs, shrubs, or trees, are grown, or when planted with appropriate vegetation for the area, including vegetation suitable for wetland restoration or wildlife habitat, as determined appropriate by the Deputy Administrator, of substantially reducing sediment and/or nutrient runoff that otherwise would be delivered to the adjacent stream or waterbody or for water quality purposes; or

(3) Must be acreage enrolled in the CRP during the final year of the CRP contract provided the scheduled expiration date of the current CRP contract is before the effective date the new CRP contract, as determined by the Deputy Administrator.

(b) Land qualifying under paragraphs (a)(1) or (a) (2) of this section must also meet one of the following criteria, to be eligible for a contract:

(1) Be a field or portion of a field determined to be suitable for use, as determined by the Deputy Administrator, as a permanent wildlife habitat, filter strip, riparian buffer, contour grass strip, grass waterway, field windbreak, shelterbelt, living snowfence, other uses as determined by the Deputy Administrator, land devoted to vegetation on salinity producing areas, including any applicable recharge area, or any area determined eligible for CRP based on wetland or wellhead protection area criteria. A field or portion of a field may be considered to be suitable for use as a filter strip or riparian buffer only if it, as determined by CCC:

(i) Is located adjacent to a stream, other waterbody of a permanent nature (such as a lake, pond, or sinkhole), or wetland; excluding such areas as gullies or sod waterways; and

§ 1410.6

7 CFR Ch. XIV (1-1-06 Edition)

(ii) Is capable, when permanent grass, forbs, shrubs or trees are grown, of substantially reducing sediment or nutrient runoff that otherwise would be delivered to the adjacent stream or waterbody;

(2) Be a field that has evidence of scour erosion caused by out-of-bank flows of water, as determined by CCC:

(i) In addition, such land must:

(A) Be expected to flood a minimum of once every 10 years; and

(B) Have evidence of scour erosion as a result of such flooding.

(ii) To the extent practicable, be the actual affected cropland areas of a field; however, the entire cropland area of an eligible field may be enrolled if:

(A) The size of the field is 9 acres or less; or

(B) More than one third of the cropland in the field is land that lies between the water source and the inland limit of the scour erosion.

(iii) Or, if the full field is not eligible for enrollment under this paragraph, be the cropland between the waterbody and inland limit of the scour erosion together with, as determined by the Deputy Administrator, additional areas that would otherwise be unmanageable and would be isolated by the eligible areas.

(iv) Be planted to an appropriate tree species according to the FOTG, unless tree planting is determined to be inappropriate by NRCS, in consultation with the Forest Service, in which case the eligible cropland shall be devoted to another acceptable permanent vegetative cover in accordance with the FOTG;

(3) Be cropland that would facilitate a net savings in groundwater or surface water of the agricultural operation of the producer as determined by CCC;

(4) Be cropland in a portion of a field not enrolled in the CRP, if more than 50 percent of the remainder of the field is enrolled as a buffer practice, if the portion of the field not enrolled in the CRP will be enrolled as part of the buffer practice, and if as determined by CCC:

(i) The remainder of the field is infeasible to farm; and

(ii) The remainder of the field is enrolled at an annual payment rate not

to exceed the maximum annual calculated soil rental rate;

(5) Be contributing to the degradation of water quality or posing an on-site or off-site environmental threat to water quality if such land remains in production;

(6) Be devoted to certain covers, as determined by the Deputy Administrator, that are established and maintained according to the FOTG, provided such acreage is not required to be maintained as such under any life-span obligations, as determined by the Deputy Administrator;

(7) Be non-irrigated or irrigated cropland that produces or serves as the recharge area, as determined by the Deputy Administrator, for saline seeps, or acreage that is functionally related to such saline seeps, or where a rising water table contributes to increased levels of salinity at or near the ground surface;

(8) Have an EI of greater than or equal to 8 calculated by using the weighted average of the EI's of soil map units within the field;

(9) Be within a public wellhead protection area;

(10) Be within a designated conservation priority area;

(11) Be designated as a cropped wetland and appropriate associated acreage, as determined by the Deputy Administrator;

(12) Be cropland that, as determined by the Deputy Administrator, is associated with noncropped wetlands and would provide significant environmental benefits; or

(13) Notwithstanding paragraph (a)(1) of this section, be cropland devoted to a perennial crop, as determined by CCC; such cropland will only be eligible for continuous signup practices authorized by §1410.30 and CREP practices authorized by §1410.50(b).

(c) Notwithstanding paragraphs (a) and (b) of this section, land shall be ineligible for enrollment if, as determined by the Deputy Administrator, land is:

(1) Federally-owned land unless the applicant has a lease for the contract period;

(2) Land on which the use of the land is restricted through deed or other restriction prior to enrollment in CRP

Commodity Credit Corporation, USDA

§ 1410.9

prohibiting the production of agricultural commodities during any part of the contract term except for eligible land under paragraph (a)(2) and (3) of this section, as determined by CCC; or

(3) Land already enrolled in the CRP unless authorized by §1410.6(a)(3), as determined by the Deputy Administrator.

[68 FR 24835, May 8, 2003, as amended at 69 FR 26763, May 14, 2004]

§ 1410.7 Duration of contracts.

(a) Except as provided in paragraphs (b) or (c) of this section, contracts under this part shall be for a term of 10 years.

(b) In the case of land devoted to riparian buffers, filter strips, restoration of wetlands, hardwood trees, shelterbelts, windbreaks, wildlife corridors, or other practices deemed appropriate by CCC under the original terms of a contract subject to this part or for land devoted to eligible practices under a contract modified under §1410.10, the participant may specify the duration of the contract between 10 years and 15 years in length.

(c) All contracts shall expire on September 30 of the appropriate year.

§ 1410.8 Conservation priority areas.

(a) CCC may designate National conservation priority areas according to paragraph (c) of this section.

(b) Subject to CCC review, State FSA committees, in consultation with NRCS and the State Technical Committee, may designate conservation priority areas within guidelines established by the Deputy Administrator. Such designation must clearly define conservation and environmental objectives and provide analysis of how CRP can cost-effectively address such objectives. Generally, the total acreage of all conservation priority areas, in aggregate, shall not total more than 33 percent of the cropland in a State unless there are identified and documented extraordinary environmental needs, as determined by the Deputy Administrator.

(c) As determined by the Deputy Administrator, a region shall be eligible for designation as a priority area only if the region has actual significant adverse water quality, air quality, wild-

life habitat, or other natural resource impacts related to activities of agricultural production, or if the designation helps agricultural producers to comply with Federal and State environmental laws.

(d) Conservation priority area designations shall expire after 5 years unless re-designated, except they may be withdrawn:

(1) At the request of the appropriate State water quality agency; or

(2) By the Deputy Administrator.

(e) In those areas designated as conservation priority areas, under this section, cropland is considered eligible for enrollment according to §1410.6(b)(10) based on identified environmental concerns. These concerns may include water quality, such as assisting agricultural producers to comply with nonpoint source pollution requirements, air quality, or wildlife habitat (especially for threatened and endangered species or those species that may become threatened and endangered), as determined by the Deputy Administrator.

§ 1410.9 Conversion to trees.

An owner or operator who has entered into a CRP contract prior to November 28, 1990, may elect to convert areas of highly erodible cropland, subject to such contract, that is devoted to permanent vegetative cover, from such cover to hardwood trees, (including alley cropping and riparian buffers of hardwood trees, where permitted by CCC), windbreaks, shelterbelts, or wildlife corridors.

(a) For any contract modified under this section, the participant may elect to extend such contract in accordance with the provisions of §1410.7(b).

(b) For any contract modified under this section in which such areas are converted to windbreaks, shelterbelts, or wildlife corridors, the owner must agree to maintain such plantings for a time period established by the Deputy Administrator at the time of the contract modification.

(c) CCC shall, as it determines appropriate, pay up to 50 percent of the eligible cost of establishing new conservation measures authorized under this section, except that the total cost-

§ 1410.10

share paid under such contract, including cost-share assistance paid when the original cover was established, may not exceed the amount by which CCC would have paid had such land been originally devoted to such new conservation measures.

(d) For any contract modified under this section, the participant must participate in the Forest Stewardship Program (16 U.S.C. 2103a).

§ 1410.10 Restoration of wetlands.

(a) An owner or operator who entered into a CRP contract on land that is suitable for restoration to wetlands or that was restored to wetlands while under such contract, may, if approved by CCC, subject to any restrictions as may be imposed by law, apply to transfer such eligible acres subject to such contract that are devoted to an approved cover from the CRP to the WRP. Transferred acreage shall be terminated from the CRP effective the day a WRP easement is filed. Participants will receive a prorated CRP annual payment for that part of the year the acreage was enrolled in the CRP according to §1410.42. Refunds of cost-share payments or applicable incentive payments need not be refunded unless specified by the Deputy Administrator.

(b) An owner or operator who has enrolled acreage in the CRP may, as determined and approved by CCC, restore suitable acres to wetlands with cost-share assistance provided that Federal cost-share assistance has not been received for wetland restoration on the same land. In addition to the cost-share limitation in §1410.41, an additional one-time financial incentive may be provided to encourage restoration of the hydrology of the site.

§ 1410.11 Farmable Wetlands Program.

(a) In addition to other allowable enrollments, land may be enrolled in this program through the Farmable Wetlands Program within the overall Conservation Reserve Program provided for in this part.

(b) As determined by the Deputy Administrator, owners and/or operators may enroll cropland that has been planted or considered planted to an agricultural commodity, as defined in

7 CFR Ch. XIV (1-1-06 Edition)

§1410.2 in three of the ten most recent crop years, provided that the cropland:

(1) Is a wetland, including a converted wetland, as determined by CCC, that does not exceed the size limitations of this section; and

(2) Subject to other provisions of this section, is buffer acreage that provides protection for and is contiguous to the wetland.

(c) An owner or operator may not enroll in this program any wetland, or land in a flood plain, that:

(1) Is located adjacent to a perennial riverine system wetland as identified on the final national wetland inventory map of the Department of the Interior; or

(2) Is located adjacent to a perennial stream identified on a 1-24,000 scale map of the United States Geological Survey, when the area is not delineated on a final national wetland inventory map.

(d) Total enrollment in the CRP under this section shall not exceed 1 million acres.

(e) The maximum size of a wetland enrolled under this section shall be 10 contiguous acres of which only the first 5 acres shall be eligible for payments.

(f) The maximum size of any buffer acreage described in paragraph (b)(2)(ii) of this section shall be the greater of:

(1) An area three times the size of the wetland described in paragraph (b)(1) of this section; or

(2) An area that continues no more than 150 feet from the edge of the wetland.

(g) The maximum total acreage enrolled in the CRP under this section, including any wetland and buffer acreage described in paragraph (b)(2) of this section, in a tract, as determined by the Deputy Administrator, of an owner or operator, is 40 acres.

(h) All participants subject to a CRP contract under this section must agree to restore the hydrology of the wetland described in paragraph (b)(1) of this section to the maximum extent possible, as determined by the Deputy Administrator, in accordance with the FOTG.

Commodity Credit Corporation, USDA

§ 1410.21

(i) Offers for contracts under this section shall be submitted under continuous signup provisions as authorized in § 1410.30.

(j) Except as otherwise determined by the Deputy Administrator, all other requirements of this part shall apply to enrollments under this section, and the Deputy Administrator by contract or otherwise may add such other requirements or conditions as are deemed necessary. Such additional conditions include but are not limited to payment limitations, adjusted gross income limitations, and limitations on the amount of acreage that can be enrolled in any one county.

§§ 1410.12-1410.19 [Reserved]

§ 1410.20 Obligations of participant.

(a) All participants subject to a CRP contract must agree to:

(1) Carry out the terms and conditions of such CRP contract;

(2) Implement the conservation plan, which is part of such contract, in accordance with the schedule of dates included in such conservation plan unless the Deputy Administrator determines that the participant cannot fully implement the conservation plan for reasons beyond the participant's control, and CCC agrees to a modified plan. However, a contract will not be terminated for failure to establish an approved vegetative or water cover on the land if, as determined by the Deputy Administrator:

(i) The failure to plant or establish such cover was due to excessive rainfall, flooding, or drought;

(ii) The land subject to the contract on which the participant could practicably plant or establish to such cover is planted or established to such cover; and

(iii) The land on which the participant was unable to plant or establish such cover is planted or established to such cover after the wet or drought conditions that prevented the planting or establishment subsided;

(3) Establish temporary vegetative cover either when required by the conservation plan or, as determined by the Deputy Administrator, if the permanent vegetative cover cannot be timely established;

(4) Comply with part 12 of this title;

(5) Not allow grazing, harvesting, or other commercial use of any crop from the cropland subject to such contract except for those periods of time approved in accordance with instructions issued by the Deputy Administrator;

(6) Establish and maintain the required vegetative or water cover and the required practices on the land subject to such contract and take other actions that may be required by CCC to achieve the desired environmental benefits and to maintain the productive capability of the soil throughout the contract period;

(7) Comply with noxious weed laws of the applicable State or local jurisdiction on such land;

(8) Control on land subject to such contract all weeds, insects, pests and other undesirable species to the extent necessary to ensure that the establishment and maintenance of the approved cover as necessary or may be specified in the CRP conservation plan and to avoid an adverse impact on surrounding land, taking into consideration water quality, wildlife, and other needs, as determined by the Deputy Administrator; and

(9) Be jointly and severally responsible, if the participant has a share of the payment greater than zero, with the other contract participants in compliance with the provisions of such contract and the provisions of this part and for any refunds or payment adjustments that may be required for violations of any of the terms and conditions of the CRP contract and this part.

§ 1410.21 Obligations of the Commodity Credit Corporation.

CCC shall, subject to the availability of funds:

(a) Share up to 50 percent of the cost with participants of establishing eligible practices specified in the conservation plan at the levels and rates of cost-sharing determined in accordance with the provisions of this part; and

(b) Pay to the participant for a period of years not in excess of the contract period an annual rental payment, including applicable incentive payments, in such amounts as may be specified in the CRP contract.

§ 1410.22

§ 1410.22 CRP conservation plan.

(a) The producer shall obtain a CRP conservation plan that complies with CCC guidelines and is approved by the conservation district for the land to be entered in the CRP. If the conservation district declines to review the CRP conservation plan, or disapproves the conservation plan, such approval may be waived by CCC.

(b) The practices included in the CRP conservation plan and agreed to by the participant must cost-effectively reduce erosion necessary to maintain the productive capability of the soil, improve water quality, protect wildlife or wetlands, protect a public well head, or achieve other environmental benefits as applicable.

(c) If applicable, a tree planting plan shall be developed and included in the CRP conservation plan. Such tree planting plan may allow up to 3 years to complete plantings if 10 or more acres of hardwood trees are to be established.

(d) If applicable, the CRP conservation plan shall address the goals included in the conservation priority area designation authorized under §1410.8.

(e) All CRP conservation plans and revisions of such plans shall be subject to the approval of CCC.

(f) Mid-cover management shall be conducted according to an approved conservation plan as part of the CRP contractual obligation such as light disking and burning as determined by the Deputy Administrator.

§ 1410.23 Eligible practices.

(a) Eligible practices are those practices specified in the conservation plan that meet all standards needed to cost-effectively:

(1) Establish permanent vegetative or water cover, including introduced or native species of grasses and legumes, forest trees, and permanent wildlife habitat;

(2) Meet other environmental benefits, as applicable, for the contract period; and

(3) Accomplish other purposes of the program.

(b) Water cover is eligible cover for purposes of paragraph (a) of this section only if approved by the Deputy

Administrator for purposes such as the enhancement of wildlife or the improvement of water quality. Such water cover shall not include ponds for the purpose of watering livestock, irrigating crops, or raising aquaculture for commercial purposes.

§§ 1410.24-1410.29 [Reserved]

§ 1410.30 Signup.

Offers for contracts shall be submitted only during signup periods as announced periodically by the Deputy Administrator, except that CCC may hold a continuous signup for land to be devoted to particular uses, as CCC deems necessary. Generally, continuous signup is limited to those offers that would otherwise rank highly under §1410.31(b) and may include high priority practices such as filter strips, riparian buffers, shelterbelts, field windbreaks, and living snow fences, grass waterways, shallow water areas for wildlife, salt-tolerant vegetation, and practices to benefit certain approved public wellhead protection areas.

§ 1410.31 Acceptability of offers.

(a) Except as provided in paragraph (c) of this section, producers may submit offers for the amounts they are willing to accept as rental payments to enroll their acreage in the CRP. The offers may, to the extent practicable, be evaluated on a competitive basis in which the offers selected will be those where the greatest environmental benefits relative to cost are generated, and provided that the offer is not in excess of the maximum acceptable payment rate established by the Deputy Administrator for the for the area offered. Acceptance or rejection of any offer, however, shall be in the sole discretion of the CCC and offers may be rejected for any reason as determined needed to accomplish the goals of the program.

(b) In evaluating contract offers, different factors, as determined by CCC, may be considered from time to time for priority purposes to accomplish the goals of the program. Such factors may include, but are not limited to:

- (1) Soil erosion;
- (2) Water quality (both surface and ground water);

- (3) Wildlife benefits;
 - (4) Soil productivity;
 - (5) Likelihood that enrolled land will remain in non-agriculture use beyond the contract period, considering, for example, tree planting, permanent wildlife habitat, or commitments by a participant to a State or other entity to extend the conservation plan;
 - (6) Air quality; and
 - (7) Cost of enrolling acreage in the program.
- (c) Acreage determined eligible for continuous signup, as provided in §1410.30, may be automatically accepted in the program if the:
- (1) Land is eligible under §1410.6, as determined by the Deputy Administrator;
 - (2) A producer is eligible under §1410.5; and
 - (3) A producer accepts either the maximum payment rate CCC is willing to offer to enroll the acreage in the program or a lesser rate.

§ 1410.32 CRP contract.

(a) In order to enroll land in the CRP, the participant must enter into a contract with CCC.

- (b) The CRP contract is comprised of:
- (1) The terms and conditions for participation in the CRP;
 - (2) The CRP conservation plan; and
 - (3) Any other materials or agreements determined necessary by CCC.

(c)(1) In order to enter into a CRP contract, the producer must submit an offer to participate as provided in §1410.30;

(2) An offer to enroll land in the CRP shall be irrevocable for such period as is determined and announced by CCC. The producer shall be liable to CCC for liquidated damages if the applicant revokes an offer during the period in which the offer is irrevocable as determined by the Deputy Administrator. CCC may waive payment of such liquidated damages if CCC determines that the assessment of such damages, in a particular case, is not in the best interest of CCC and the program.

(d) The CRP contract must, within the dates established by CCC, be signed by:

- (1) The producer; and

(2) The owners of the cropland to be placed in the CRP and other eligible participants, if applicable.

(e) The Deputy Administrator is authorized to approve CRP contracts on behalf of CCC.

(f) CRP contracts may be terminated by CCC before the full term of the contract has expired if:

(1) The owner loses control of or transfers all or part of the acreage under contract and the new owner does not wish to continue the contract;

(2) The participant voluntarily requests in writing to terminate the contract and obtains the approval of CCC according to terms and conditions as determined by CCC;

(3) The participant is not in compliance with the terms and conditions of the contract;

(4) Acreage is enrolled in another Federal, State or local conservation program;

(5) The CRP practice fails or is not established after a certain time period, as determined by the Deputy Administrator, and the cost of restoring the practice outweighs the benefits received from the restoration;

(6) The CRP contract was approved based on erroneous eligibility determinations; or

(7) CCC determines that such a termination is needed in the public interest.

(g)(1) Contracts for land enrolled in CRP before January 1, 1995, that have been continuously in effect may be unilaterally terminated by all CRP participants on a contract except for contract acreage:

(i) Located within a certain distance determined appropriate by the applicable FOTG of a perennial stream, or other permanent waterbody to reduce pollution and to protect surface and subsurface water quality;

(ii) On which a CRP easement is filed;

(iii) That is considered to be a wetland by USDA according to part 12 of this title;

(iv) Located within a wellhead protection area;

(v) That is subject to frequent flooding, as determined by the Deputy Administrator;

(vi) That may be required to serve as a wetland buffer according to the

§ 1410.33

7 CFR Ch. XIV (1-1-06 Edition)

FOTG to protect the functions and values of a wetland; or

(vii) On which there exist one or more of the following practices, installed or developed as a result of participation in the CRP or as otherwise required by the conservation plan:

- (A) Grass waterways;
- (B) Filter strips;
- (C) Shallow water areas for wildlife;
- (D) Bottom land timber established on wetlands;
- (E) Field windbreaks; and
- (F) Shelterbelts.

(2) With respect to terminations under this paragraph:

(i) Any land for which an early termination is sought by the participant must have an EI of 15 or less;

(ii) The termination shall become effective 60 days from the date the participant submits notification to CCC of the participant's desire to terminate the contract;

(iii) Acreage terminated under this provision is eligible to be re-offered for CRP during future signup periods, provided that the acreage otherwise meets the current eligibility criteria; and

(iv) Participants must meet conservation compliance requirements of part 12 of this title to the extent applicable to other land.

(h) Except as allowed and approved by CCC where the new owner of land enrolled in CRP is a Federal agency that agrees to abide by the terms and conditions of the terminated contract, the participant in a contract that has been terminated must refund all or part of the payments made with respect to the contract plus interest thereon, as determined by CCC, and shall pay liquidated damages as provided for in the contract. CCC may permit the amount to be repaid to be reduced to the extent that such a reduction will not impair the purposes of the program. Further, a refund of all payments need not be required from a participant who is otherwise in full compliance with the CRP contract when the land is purchased by or for the United States, as determined by CCC.

§ 1410.33 Contract modifications.

(a) As agreed between CCC and the participant, a CRP contract may be modified in order to:

(1) Decrease acreage in the CRP;

(2) Permit the production of an agricultural commodity under extraordinary circumstances during a crop year on all or part of the land subject to the CRP contract as determined by the Deputy Administrator;

(3) Facilitate the practical administration of the CRP; or

(4) Accomplish the goals and objectives of the CRP, as determined by the Deputy Administrator.

(b) CCC may modify CRP contracts to add, delete, or substitute practices when, as determined by the Deputy Administrator:

(1) The installed practice failed to adequately provide for the desired environmental benefit through no fault of the participant; or

(2) The installed measure deteriorated because of conditions beyond the control of the participant; and

(3) Another practice will achieve at least the same level of environmental benefit.

(c) Offers to extend contracts may be made as allowed by law.

(d) CCC may terminate a CRP contract if the participant agrees to such termination and CCC determines such termination to be in the public interest.

§§ 1410.34-1410.39 [Reserved]

§ 1410.40 Cost-share payments.

(a) Cost-share payments shall be made available upon a determination by CCC that an eligible practice, or an identifiable unit thereof, has been established in compliance with the appropriate standards and specifications.

(b) Except as otherwise provided for in this part, cost-share payments may be made only for the cost-effective establishment or installation of an eligible practice, as determined by CCC.

(c) Except as provided in paragraph (d) of this section, cost-share payments shall not be made to the same owner or operator on the same acreage for any eligible practices that have been previously established, or for which such owner or operator has received cost-share assistance from any Federal agency.

(d) Except as provided for under §1410.9(c), cost-share payments may be

Commodity Credit Corporation, USDA

§ 1410.42

authorized for the replacement or restoration of practices for which cost-share assistance has been previously allowed under the CRP, only if:

(1) Replacement or restoration of the practice is needed to achieve adequate erosion control, enhance water quality, wildlife habitat, or increase protection of public wellheads; and

(2) The failure of the original practice was due to reasons beyond the control of the participant.

(e) The cost-share payment made to a participant shall not exceed the participant's actual contribution to the cost of establishing the practice and the amount of the cost-share may not be an amount that, when added to such assistance from other sources, exceeds the cost of the practices.

(f) CCC shall not make cost-share payments with respect to a CRP contract if any other Federal cost-share assistance has been, or is being, made with respect to the establishment of the cover crop on land subject to such contract.

§ 1410.41 Levels and rates for cost-share payments.

(a) As determined by the Deputy Administrator, CCC shall not pay more than 50 percent of the actual or average cost of establishing eligible practices specified in the conservation plan. CCC may allow cost-share payments for maintenance costs, consistent with the provisions of § 1410.40 and CCC may determine the period and amount of such cost-share payments.

(b) The average cost of performing a practice may be determined by CCC based on recommendations from the State Technical Committee. Such cost may be the average cost in a State, a county, or a part of a State or county, as determined by the Deputy Administrator.

(c) Except as otherwise provided, a participant may, in addition to any payment under this part, receive cost-share assistance, rental payments, or tax benefits from a State or a private organization in return for enrolling lands in CRP. However, as provided under § 1410.40(f), a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage, as

determined by the Deputy Administrator. Further, under no circumstances may the cost-share payments received under this part, or otherwise, exceed the cost of the practice, as determined by CCC.

§ 1410.42 Annual rental payments.

(a) Subject to the availability of funds, annual rental payments shall be made in such amount and in accordance with such time schedule as may be agreed upon and specified in the CRP contract.

(b) Annual rental payments, except for land accepted that was formerly enrolled under the WBP, include a payment based on a weighted average soil rental rate or marginal pastureland rental rate, as appropriate, and an incentive payment as a portion of the annual payment of certain practices, as determined by the Deputy Administrator. Payments for land accepted that was formerly enrolled under the WBP are limited to annual rental payments received under the WBP.

(c) The annual rental payment shall be divided among the participants on a single contract as agreed to in such contract.

(d) The maximum amount of rental payments that a person may receive under the CRP for any fiscal year shall not exceed \$50,000. The regulations set forth at part 1400 of this chapter shall be applicable in making eligibility and "person" determinations as they apply to payment limitations under this part.

(e) In the case of a contract succession, annual rental payments shall be divided between the predecessor and the successor participants as agreed to among the participants and approved by CCC. If there is no agreement among the participants, annual rental payments shall be divided in such manner deemed appropriate by the Deputy Administrator and such distribution may be prorated based on the actual days of ownership of the property by each party.

(f) CCC shall, when appropriate, prepare a schedule for each county that shows the maximum soil rental rate

§ 1410.43

CCC may pay which may be supplemented to reflect special contract requirements. As determined by the Deputy Administrator, such schedule will be calculated based on the relative productivity of soils within the county using NRCS data and local FSA average cash rental estimates. The schedule will be available in the local FSA office and, as determined by the Deputy Administrator, shall indicate, when appropriate, that:

(1) Offers of contracts by producers who request rental payments greater than the schedule for their soil(s) will be rejected;

(2) Offers of contracts submitted under continuous signup authorized at §1410.30 may be accepted without further evaluation when the requested rental rate is less than or equal to the calculated weighted soil rental rate, based on the three predominant soils listed; and

(3) Otherwise qualifying offers shall be ranked competitively based on factors established under §1410.31 of this part in order to provide the most cost-effective environmental benefits, as determined by the Deputy Administrator.

(g) Additional financial incentives may be provided to producers who offer contracts expected to provide especially high environmental benefits, as determined by the Deputy Administrator.

§ 1410.43 Method of payment.

Except as provided in §1410.50, payments made by CCC under this part may be made in cash or other methods of payment in accordance with part 1401 of this chapter, unless otherwise specified by CCC.

§ 1410.44 Adjusted Gross Income.

Benefits under this part shall not be available to persons whose adjusted gross income exceeds 2.5 million dollars annually as determined under the standards set out in part 1400 of this chapter which shall be applicable in making adjusted gross income determinations as they apply to the CRP.

7 CFR Ch. XIV (1-1-06 Edition)

§§ 1410.45-1410.49 [Reserved]

§ 1410.50 Enhancement programs.

(a) For contracts to which a State, political subdivision, or agency thereof, has succeeded in connection with an approved conservation reserve state enhancement program, payments shall be made in the form of cash only. The provisions that limit the amount of payments per year that a person may receive under this part shall not be applicable to payments received by such State, political subdivision, or agency thereof in connection with agreements entered into under such enhancement programs carried out by such State, political subdivision, or agency thereof that has been approved for that purpose by CCC.

(b) CCC may enter into other conservation reserve enhancement program agreements in accordance with terms deemed appropriate by CCC, with a State, political subdivision, or agency thereof, to use the CRP to cost-effectively further specific conservation and environmental objectives of that State and the nation.

§ 1410.51 Transfer of land.

(a)(1) If a new owner or operator purchases or obtains the right and interest in, or right to occupancy of, the land subject to a CRP contract, as determined by the Deputy Administrator, such new owner or operator, upon the approval of CCC, may become a participant to a new CRP contract with CCC for the transferred land.

(2) For the transferred land, if the new owner or operator becomes a successor to the existing CRP contract, the new owner or operator shall assume all obligations of the CRP contract of the previous participant.

(3) If the new owner or operator is approved as a successor to a CRP contract with CCC, then, except as otherwise determined appropriate by the Deputy Administrator:

(i) Cost-share payments shall be made to the past or present participant who established the practice; and

(ii) Annual rental payments to be paid during the fiscal year when the land was transferred shall be divided between the new participant and the

Commodity Credit Corporation, USDA

§ 1410.55

previous participant in the manner specified in § 1410.42.

(b) If a participant transfers all or part of the right and interest in, or right to occupancy of, land subject to a CRP contract and the new owner or operator does not become a successor to such contract within 60 days, or such other time as the Deputy Administrator determines to be appropriate, of such transfer, such contract shall be terminated with respect to the affected portion of such land and the original participant:

(1) Forfeits all rights to any future payments for that acreage;

(2) Shall refund all previous payments received under the contract by the participant or prior participants, plus interest, except as otherwise specified by the Deputy Administrator. The provisions of § 1410.32(h) shall apply.

(c) Federal agencies acquiring property, by foreclosure or otherwise, that contains CRP contract acreage cannot be a party to the contract by succession. However, through an addendum to the CRP contract, if the current operator of the property is one of the contract participants, such operator may, as permitted by CCC, continue to receive payments under such contract if:

(1) The property is maintained in accordance with the terms of the contract;

(2) Such operator continues to be the operator of the property; and

(3) Ownership of the property remains with such federal agency.

§ 1410.52 Violations.

(a)(1) If a participant fails to carry out the terms and conditions of a CRP contract, CCC may terminate the CRP contract.

(2) If the CRP contract is terminated by CCC in accordance with this paragraph:

(i) The participant shall forfeit all rights to further payments under such contract and refund all payments previously received together, plus interest; and

(ii) Pay liquidated damages to CCC in an amount as specified in the contract.

(b) If the Deputy Administrator determines such failure does not warrant termination of such contract, the Deputy Administrator may authorize relief

as the Deputy Administrator deems appropriate.

(c) CCC may reduce a demand for a refund under this section to the extent CCC determines that such relief would be appropriate and will not deter the accomplishment of the goals of the program.

(d) Crop insurance purchase requirements in part 1405 of this chapter apply to contracts executed in accordance with this part.

[68 FR 24835, May 8, 2003, as amended at 69 FR 26763, May 14, 2004]

§ 1410.53 Executed CRP contract not in conformity with regulations.

If, after a CRP contract is approved by CCC, it is discovered that such CRP contract is not in conformity with this part, these regulations shall prevail, and CCC may, at its sole discretion, terminate or modify the CRP contract, effective immediately or at a later date as CCC determines appropriate.

§ 1410.54 Performance based upon advice or action of the Department.

The provisions of § 718.8 of this chapter relating to performance based upon the action or advice of an authorized representative of the Department shall be applicable to this part, and may be considered as a basis to provide relief to persons subject to sanctions under this part to the extent that relief is otherwise required by this part.

§ 1410.55 Access to land under contract.

(a) Any representative of the U.S. Department of Agriculture, or designee thereof, shall, for purposes related to this program, be provided by the offeror or participant as the case may be, with access to land that is:

(1) The subject of an application for a contract under this part; or

(2) Under contract or otherwise subject to this part.

(b) For land identified in paragraph (a) of this section, the participant or producer shall provide such representatives with access to examine records for the land to determine land classification, erosion rates, or other purposes and to determine whether it is in compliance with the terms and conditions of the CRP contract.

§ 1410.56

7 CFR Ch. XIV (1-1-06 Edition)

§ 1410.56 Division of payments and provisions about tenants and sharecroppers.

(a) Payments received under this part shall be divided as specified in the applicable contract and CCC shall ensure that producers who would have an interest in acreage being offered receive treatment that is equitable, as determined by the Deputy Administrator. CCC may refuse to enter into a contract when there is a disagreement among persons seeking enrollment as to a person's eligibility to participate in the contract as a tenant and there is insufficient evidence to indicate whether the person seeking participation as a tenant does or does not have an interest in the acreage offered for enrollment in the CRP.

(b) CCC may remove an operator or tenant from a CRP contract when:

(1) The operator or tenant requests in writing to be removed from the CRP contract;

(2) The operator or tenant files for bankruptcy and the trustee or debtor in possession fails to affirm the contract, to the extent permitted by applicable bankruptcy laws;

(3) The operator or tenant dies during the contract period and the administrator of the estate fails to succeed to the contract within a period of time determined by the Deputy Administrator; or

(4) A court of competent jurisdiction orders the removal from the CRP contract of the operator or tenant and such order is received by FSA, as determined by the Deputy Administrator.

(c) In addition to paragraph (b) of this section, tenants shall maintain their tenancy throughout the contract period in order to remain on a contract. Tenants who fail to maintain tenancy on the acreage under contract, including failure to comply with applicable State law, may be removed from a contract by CCC. CCC shall assume the tenancy is being maintained unless notified otherwise by a party to contract.

§ 1410.57 Payments not subject to claims.

Subject to part 1403 of this chapter, any cost-share or annual payment or portion thereof due any person under

this part shall be allowed without regard to questions of title under State law, and without regard to any claim or lien in favor of any creditor, except agencies of the United States Government.

§ 1410.58 Assignments.

Participants may assign the right to receive such cash payments, in whole or in part, as provided in part 1404 of this chapter.

§ 1410.59 Appeals.

(a) Except as provided in paragraph (b) of this section, a participant or person seeking participation may appeal or request reconsideration of an adverse determination in accordance with the administrative appeal regulations at parts 11 and 780 of this title.

(b) Determinations by NRCS assigned to make such determination for the Deputy Administrator may be appealed in accordance with procedures established under part 614 of this title or otherwise established by NRCS.

§ 1410.60 Scheme or device.

(a) If CCC determines that a person has employed a scheme or device to defeat the purposes of this part, or any part, of any program, payment otherwise due or paid such person during the applicable period may be required to be refunded with interest thereon as determined appropriate by CCC.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of cost-share assistance or annual rental payments, or obtaining a payment that otherwise would not be payable.

(c) A new owner or operator or tenant of land subject to this part who succeeds to the contract responsibilities shall report in writing to CCC any interest of any kind in the land subject to this part that is retained by a previous participant. Such interest shall include a present, future, or conditional interest, reversionary interest, or any option, future or present, on such land, and any interest of any lender in such land where the lender has, will, or can legally obtain, a right of occupancy to such land or an interest in the equity in such land other than

Commodity Credit Corporation, USDA

§ 1410.63

an interest in the appreciation in the value of such land occurring after the loan was made. Failure to fully disclose such interest shall be considered a scheme or device under this section.

§ 1410.61 Filing of false claims.

If CCC determines that any participant has knowingly supplied false information or has knowingly filed a false claim, such participant shall be ineligible for payments under this part with respect to the program year in which the false information or claim was filed and the contract may be terminated, in which case a full refund of all prior payments may be demanded. False information or false claims include, but are not limited to, claims for payment for practices that do not comply with the conservation plan. Any amounts paid under these circumstances shall be refunded, together plus with interest as determined by CCC, and any amounts otherwise due to the participant shall be withheld. The remedies provided for in this section shall be in addition to any and all other remedies, criminal and/or civil, that may apply.

§ 1410.62 Miscellaneous.

(a) Except as otherwise provided in this part, in the case of death, incompetency, or disappearance of any participant, any payments due under this part shall be paid to the participant's successor(s) under part 707 of this title.

(b) Unless otherwise specified in this part, payments under this part shall be subject to the requirements of part 12 of this title concerning highly erodible land and wetland conservation and payments.

(c) Any remedies permitted CCC under this part shall be in addition to any other remedy, including, but not limited to, criminal remedies, or actions for damages in favor of CCC, or the United States, as may be permitted by law; provided further the Deputy Administrator may add to the contract such additional terms as needed to enforce these regulations that shall be binding on the parties and may be enforced to the same degree as provisions of these regulations.

(d) Absent a scheme or device to defeat the purpose of the program, when

an owner loses control of CRP acreage due to foreclosure and the new owner chooses not to continue the contract in accordance with §1410.51, refunds shall not be required from any participant on the contract to the extent that the Deputy Administrator determines that forgiving such repayment is appropriate in order to provide fair and equitable treatment.

(e) Cropland enrolled in CRP shall be classified as cropland for the time period enrolled in CRP and, after the time period of enrollment, may be removed from such classification upon a determination by the county committee that such land no longer meets the definition in part 718 of this title.

(f) Research projects may be submitted by the State committee and authorized by the Deputy Administrator to further the purposes of CRP. The research projects must include objectives that are consistent with this part, provide economic and environmental information, not adversely affect local agricultural markets, and be conducted and monitored by a bona fide research entity, as determined by the Deputy Administrator.

§ 1410.63 Permissive uses.

(a) Unless otherwise specified by the Deputy Administrator, no uses of any kind are authorized on designated CRP acreage during the contract period.

(b) Commercial shooting preserves may be operated on CRP acreage provided:

(1) The commercial shooting preserve is licensed by a State agency such as the State fish and wildlife agency or State department of natural resources;

(2) The commercial shooting preserve is operated in a manner consistent with the applicable State agency rules governing commercial shooting preserves;

(3) CRP cover is maintained according to the conservation plan; and

(4) No barrier fencing or boundary limitations exist that prohibit wildlife access to or from the CRP acreage unless required by State law.

(c) The following activities may be permitted on CRP enrolled land insofar as they are consistent with the soil, water, and wildlife conservation purposes of the program:

Pt. 1412

7 CFR Ch. XIV (1-1-06 Edition)

(1) Managed haying and grazing, including the harvest of biomass:

(i) In exchange for a reduction of the annual payment in an amount determined by the Deputy Administrator;

(ii) Not to exceed once every three years after the CRP vegetative cover has been established; and

(iii) According to an approved CRP conservation plan in accordance with FOTG standards and ensuring that managed haying and grazing activities occur outside the official nesting and brood rearing season for those plans.

(2) Managed grazing that is incidental to the gleaning of crop residue, but only in exchange for a reduction in the annual rental payment, as determined appropriate by the Deputy Administrator.

(3) Wind turbines on CRP land installed in numbers and locations as determined appropriate by the Deputy Administrator considering the location, size, and other physical characteristics of the land, the extent to which the land contains wildlife, wildlife habitat, and the purposes of the CRP.

(4) Spot grazing, if necessary for control of weed infestation, not to exceed a 30-day period according to an approved conservation plan, but only in exchange for a payment reduction determined by the Deputy Administrator.

(5) Forestry maintenance such as pruning, thinning, and timber stand improvement on lands converted to forestry use only in accordance with a conservation plan and in exchange for an applicable reduction in the annual rental payment as determined by the Deputy Administrator.

(6) The sale of carbon, water quality, or other environmental credits, as determined by the Deputy Administrator.

[67 FR 64751, Oct. 21, 2002, as amended at 68 FR 37939, June 26, 2003]

§ 1412.102 Administration.

(a) The program is administered under the general supervision of the Executive Vice-President, CCC, and shall be carried out by Farm Service Agency (FSA) State and county committees (State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by the regulations of this part that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct any action taken by such county committee that is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee shall preclude the Executive Vice President, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines, except statutory deadlines, and other non-statutory requirements in cases where lateness or failure to meet such other requirements does not adversely affect operation of the program.

(f) A representative of CCC may execute the FSA forms entitled “Direct and Counter-Cyclical Program Contract”; and “2002 Peanut Direct and Counter-Cyclical Program Contract” only under the terms and conditions

§ 1412.103

7 CFR Ch. XIV (1-1-06 Edition)

determined and announced by the Executive Vice President, CCC. Any contract that is not executed in accordance with such terms and conditions, including any purported execution prior to the date authorized by the Executive Vice President, CCC, is null and void and shall not be considered to be a contract between CCC and the operator or any other producer on the farm.

§ 1412.103 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering the DCP. The terms defined in part 718 of this title and part 1400 of this chapter shall also be applicable, except where those definitions conflict with the definitions set forth in this section.

Base acres means the number of acres established with respect to a covered commodity on a farm by the election made by the owner of the farm in accordance with subpart B of this part.

Base acres for peanuts means the number of acres assigned to a farm by historic peanut producers in accordance with subpart G of this part.

Contract means the CCC-approved standard, uniform forms and appendices specified by CCC which constitute the agreement for participation in the Direct and Counter-Cyclical Program, and the 2002 Peanut Direct and Counter-Cyclical Program.

Counter-cyclical payment means a payment made to eligible producers on a farm in accordance with subpart E of this part for covered commodities and peanuts and subpart G of this part for 2002 historic peanut producers.

Covered commodity means wheat, corn, grain sorghum, barley, oats, upland cotton, rice, soybeans, sunflower seed, rapeseed, canola, safflower, flaxseed, mustard seed, crambe, sesame seed, and other oilseeds as determined by the Secretary.

Direct payment means a payment made to eligible producers on a farm for peanuts and covered commodities in accordance with subpart E and for

2002 historic peanut producers under subpart G.

Dry peas means Austrian, wrinkled seed, yellow, Umatilla, and green, excluding peas grown for the fresh, canning, or frozen market.

Effective price means the price calculated by the Secretary in accordance with §1412.503 for covered commodities and peanuts to determine whether counter-cyclical payments are required to be made under that section for a crop year.

Excess base acres means the number of base acres established on the farm that exceeds the total 2002 Production Flexibility Contract acres on the farm established under the Federal Agriculture Improvement and Reform Act of 1996.

Historic peanut producer means a producer on a farm in the United States that planted or was prevented from planting peanuts during any or all of the 1998 through 2001 crop years.

Marketing year means the 12-month period beginning in the calendar year the crop is normally harvested as follows:

(1) Barley, oats, wheat, canola, flax, and rapeseed: June 1–May 31;

The natural disaster that caused the prevented planting must have occurred during the established planting period for the crop.

Target price means, for peanuts, the price per ton; and for covered commodities, the price per bushel (or other appropriate unit in the case of upland cotton, rice, and other oilseeds) used to determine the payment rate for counter-cyclical payments.

(a) No later than April 1, 2003, owners on a farm may select one of the following methods to establish base acres for all covered commodities on the farm:

(1) Subject to the limitations in accordance with paragraph (d) of this section and §1412.204, the base acres for each covered commodity shall be equal to the sum of the following:

(i) For each covered commodity, the 4-year average of the acreage planted to the covered commodity during each of the 1998 through 2001 crop years for harvest, grazing, haying, silage, or other similar purposes, as determined by the Secretary, plus

(ii) For each covered commodity, the 4-year average of the acreage prevented from being planted to covered commodities during each of the 1998 through 2001 crop years, for reasons beyond the control of the producer, as determined by the Deputy Administrator.

(2) The sum of the following:

(i) For each covered commodity, the contract acreage used to calculate the fiscal year 2002 Production Flexibility Contract payment for the covered commodity on the farm in accordance with the regulations of this part in effect on January 1, 2002 (see 7 CFR part 1412 revised as of January 1, 2002), plus

(ii) Subject to paragraphs (b) and (c) of this section, the 4-year average of eligible oilseed acreage on the farm for the 1998 through 2001 crop years, as determined in a manner provided in paragraph (a)(1) of this section, except that the limitation in paragraph (d) of this section shall not apply.

(1) The total acreage determined in accordance with paragraph (a)(1) of this section for the crop year, minus

(2) The total contract acreage for all covered commodities determined in accordance with paragraph (a)(2)(i) of this section.

(c) If the calculation in paragraph (b) of this section results in a negative number, the soybean and other oilseed acreage on the farm for that crop year shall be zero for the purposes of determining the 4-year average, in accordance with paragraph (a)(2)(ii) of this section.

(d) If the acreage planted or prevented from being planted was devoted to a different covered commodity in the same crop year (other than a covered commodity produced under an established practice of double-cropping), the owner may select the commodity

§ 1412.202

7 CFR Ch. XIV (1-1-06 Edition)

to be used for base purposes for that crop year in determining the 4-year average, but shall not select both the initial commodity and subsequent commodity.

(e)(1) An owner may increase the eligible acres of soybeans and other oilseeds on a farm by reducing the contract acreage determined in accordance with paragraph (a)(2)(i) of this section for one or more covered commodities on an acre-for-acre basis, except that the total base acreage for soybeans and each other oilseed on the farm may not exceed the four-year average of each oilseed determined under paragraph (a)(2)(ii) of this section.

(2) For the purpose of determining a 4-year average acreage for a farm under this section, any crop year in which a covered commodity was not planted shall not be excluded.

(f) For the purposes of this section, acreage planted, or prevented from being planted, to popcorn shall be considered as acreage planted to corn.

§ 1412.202 Failure to make election.

If an owner fails to make an election for establishing base acres on a farm by April 1, 2003 in accordance with § 1412.201, that owner shall be deemed to have made the election to determine all base acres for all covered commodities on the farm as set forth in § 1412.201(a)(2).

§ 1412.203 Base acres and Conservation Reserve Program.

(a) Subject to paragraphs (d) and (e) of this section, eligible producers may, at the beginning of each fiscal year, adjust the base acres for covered commodities and peanuts with respect to the farm by the number of crop acreage base acres protected by a Conservation Reserve Program contract entered into under section 1231 of the Food Security Act of 1985 (1985 Act) that expired or was voluntarily terminated on or after May 13, 2002.

(b) Subject to paragraphs (d) and (e) of this section, eligible producers may, at the beginning of each fiscal year, adjust the base acres for covered commodities and peanuts with respect to the farm by the number of cropland

acres reduced by a producer on a CCC-approved standard, uniform form designated by CCC in order to enroll such acres in a conservation reserve program contract entered into under section 1231 of the 1985 Act. Eligible producers may adjust base acres only when the Conservation Reserve Program contract entered into under section 1231 of the 1985 Act expires or is voluntarily terminated on or after May 13, 2002.

(c) Subject to paragraphs (d) and (e) of this section, if neither paragraphs (a) nor (b) of this section apply, the Deputy Administrator may allow eligible producers to adjust base acres for covered commodities and peanuts with respect to the farm in a manner determined acceptable by the Deputy Administrator when a Conservation Reserve Program contract entered into under section 1231 of the 1985 Act expires or is voluntarily terminated on or after May 13, 2002.

(d) The total base acreage on a farm shall not exceed the limitation in accordance with § 1412.204.

(e) Adjustments to base acreage on a farm in accordance with this section must be completed by no later than April 1 of the fiscal year following the fiscal year the conservation reserve program contract expired or was voluntarily terminated.

(f) For the fiscal year in which an adjustment to base acres under this section is made, the owner of the farm shall elect to receive either direct payments and counter-cyclical payments with respect to the base acres added to the farm under this section or a prorated payment under the conservation reserve contract, but not both.

§ 1412.204 Limitation of total base acreage on a farm.

(a) The sum of the following shall not exceed the total DCP cropland acreage on the farm, plus approved double-cropped acreage for the farm:

(1) The sum of all base acres established for the farm in accordance with this subpart, plus

(2) Any base acres established for the farm for peanuts in accordance with subpart G of this part, plus

(3) Any cropland acreage on the farm enrolled in a conservation reserve program contract in accordance with part 1410 of this chapter, plus

(4) Any cropland acreage on the farm enrolled in a wetland reserve program contract in accordance with part 1467 of this chapter, plus

(5) Any other acreage on the farm enrolled in a conservation program for which payments are made in exchange for not producing an agricultural commodity on the acreage.

(b) The Deputy Administrator shall give the owner of the farm the opportunity to select the covered commodity base acres or peanut base acres, against which the reduction required in this section will be made.

(c) In applying paragraph (a) of this section, CCC will take into account the practice of double cropping on a farm, as determined by CCC.

Subpart C—Establishment of Yields for Direct and Counter-Cyclical Payments

SOURCE: 67 FR 64751, Oct. 21, 2002, unless otherwise noted.

§ 1412.301 Direct payment yields for covered commodities, except soybeans and other oilseeds.

(a)(1) The direct payment yield for each covered commodity, except soybeans and other oilseeds, shall be the payment yield established for the commodity for the farm in accordance with the regulations for feed grain, rice, upland cotton and extra long staple cotton, wheat and related programs at part 1413 of this chapter in effect on January 1, 1996 (see 7 CFR part 1413, revised as of January 1, 1996). CCC shall adjust the payment yield to reflect the additional payments made in accordance with 7 CFR 1413.15.

(2) In the case of a farm for which a payment yield in accordance with paragraph (a)(1) of this section is unavailable for a covered commodity, except soybeans and other oilseeds, the county committee shall assign a payment yield for such covered commodity on the farm based upon the direct payment yield for such covered commodity on at least three similar farms physically located in the county with simi-

lar yield capability, including similar land and cultural practices.

(i) If fewer than three similar farms are physically located in the county, the State committee shall assign a payment yield for such covered commodity based upon the direct payment yield for such covered commodity on at least three similar farms in the surrounding area with similar yield capability, including similar land and cultural practices, or as determined by the Deputy Administrator.

(ii) Payment yields of similar farms shall be based on the farms' payment yields before such yields are updated in accordance with this section.

(b) For the purposes of this section popcorn shall be considered as corn.

[67 FR 64751, Oct. 21, 2002, as amended at 68 FR 37939, June 26, 2003]

§ 1412.302 Direct payment yield for soybeans and other oilseeds.

(a) The direct payment yield for soybeans and each other oilseed for the farm shall be determined by multiplying the weighted average yield per planted acre for the crop on the farm, as determined in accordance with paragraph (b) of this section, times the ratio resulting from:

(1) The national average yield for the crop for the 1981 through 1985 crop years, as determined by CCC, divided by

(2) The national average yield for the crop for the 1998 through 2001 crop years, as determined by CCC.

(b)(1) The yield per planted acre for soybeans and each other oilseed on the farm, to be used for direct payment purposes, is calculated as follows:

(i) The sum of the production of the crop for the 1998 through 2001 crop years, as determined in accordance with paragraph (b)(2) of this section; divided by

(ii) The sum of the total planted acres of the crop for the 1998 through 2001 crop years.

(2) The production of the crop for each of the 1998 through 2001 crop years shall be the higher of the following, except in a year in which the acreage planted to the crop was zero, in which case the production for the crop for such year shall be zero:

§ 1412.303

7 CFR Ch. XIV (1-1-06 Edition)

(i) The total production for the applicable year based on the production evidence submitted in accordance with §1412.304; or

(ii) The amount equal to the product of:

(A) The total planted acres for the crop, times

(B) 75 percent of the harvested average county yield for that crop determined, where practicable, by calculating the weighted 4-year average of the National Agricultural Statistics Service (NASS) harvested acreage yields for the crop using the 1998 through 2001 crop years.

(3) The NASS harvested acreage yield to be used in paragraph (b)(2) of this section shall be based on:

(i) NASS harvested irrigated yield for the crop, if available, for producers who irrigated the crop in the applicable years;

(ii) NASS harvested non-irrigated yield for the crop, if available, for producers who did not irrigate the crop in the applicable years; or

(iii) NASS harvested blended yield for all acreage, regardless of whether or not the acres were irrigated or non-irrigated, for all crops in all counties for which the yields in paragraphs (b)(3)(i) and (ii) of this section are unavailable.

(4) If NASS harvested acreage yield data is not available, the Deputy Administrator shall assign a yield to be used in paragraph (b)(2)(ii)(B) of this section.

§ 1412.303 Payment yield for counter-cyclical payments for covered commodities.

(a)(1) The counter-cyclical payment yield for covered commodities on the farm shall be equal to the direct payment yield for the covered commodity on the farm unless the owner elects to partially update the yield for all covered commodities on the farm in accordance with paragraph (b) of this section.

(2) Only owners who establish base acres for the farm in accordance with §1412.201(a)(1) shall have the opportunity to partially update the counter-cyclical payment yield for the covered commodities on the farm.

(3) The partially updated yield shall be used for the calculation of the counter-cyclical payments only. The partially updated counter-cyclical yield shall not be used for the calculation of any direct payments for any covered commodity.

(4) Owners who elect to partially update counter-cyclical payment yields in accordance with this section must:

(i) Make such election at the same time such owner makes the base election in accordance with §1412.201; and

(ii) Update counter-cyclical payment yields for all covered commodities on the farm using the same method. Updating counter-cyclical payment yields for fewer than all covered commodities on the farm is not allowed. Updating counter-cyclical payment yields for covered commodities on a farm using different methods for different covered commodities is not allowed.

(b) Owners on a farm who established base acres for the farm in accordance with §1412.201(a)(1) may select one of the following methods to partially update counter-cyclical payment yields for all covered commodities on the farm. The same method must be used to partially update the counter-cyclical payment yield for all covered commodities on the farm.

(1) The sum of the following:

(i) The payment yield calculated for the covered commodity in accordance with §§1412.301 or 1412.302, as applicable, plus

(ii) 70 percent of the result of:

(A) The average yield per planted acre for the crop on the farm, as determined in accordance with paragraph (c) of this section, minus

(B) The payment yield calculated for the covered commodity in accordance with §§1412.301 or 1412.302, as applicable.

(2) 93.5 percent of the average yield per planted acre for the crop on the farm, as determined in accordance with paragraph (c) of this section.

(c)(1) The yield per planted acre for covered commodities on the farm is calculated as follows:

(i) The sum of the production of the crop for 1998 through 2001 crop years, as determined in accordance with paragraph (c)(2) of this section, divided by

Commodity Credit Corporation, USDA

§ 1412.304

(ii) The sum of the total planted acres of the crop for the 1998 through 2001 crop years.

(2) The production of the crop for each of the 1998 through 2001 crop years shall be the higher of the following, except in a year in which the acreage planted to the crop was zero, in which case, the production for the crop for such year shall be zero:

(i) The total production for the applicable year based on the production evidence submitted in accordance with §1412.304; or

(ii) The amount equal to the product of:

(A) The total planted acres for the crop, times

(B) 75 percent of the harvested average county yield for that crop determined, where practicable, by calculating the weighted 4-year average of the National Agricultural Statistics Service (NASS) harvested acreage yields for the crop using the 1998 through 2001 crop years.

(3) The NASS harvested acreage yield to be used in paragraph (c)(2) of this section shall be based on:

(i) NASS harvested irrigated yield for the crop, if available, for producers who irrigated the crop in the applicable years;

(ii) NASS harvested non-irrigated yield for the crop, if available, for producers who did not irrigate the crop in the applicable years; or

(iii) NASS harvested blended yield for all acreage, regardless of whether or not the acres were irrigated or non-irrigated, for all crops in all counties where the yields in paragraphs (c)(3)(i) and (ii) of this section are unavailable.

(4) If NASS harvested acreage yield data is not available, the Deputy Administrator shall assign a yield to be used in paragraph (c)(2)(ii)(B) of this section.

§ 1412.304 Submitting production evidence.

(a)(1) Reports of production evidence must be submitted by producers when the owner elects to:

(i) Partially update the yield for all covered commodities on the farm in accordance with §1412.303; or

(ii) Establish a direct payment yield for soybeans or other oilseeds for the farm in accordance with §1412.302.

(2) Producer or third-party certification shall not be accepted as proof of production evidence.

(3) Reports of production evidence for all covered commodities shall be provided to the county committee of the county where the farm is administratively located, by farm and crop in such manner as required by CCC on a CCC-approved standard, uniform form designated by CCC.

(b)(1) When disposition of production has been through commercial channels, CCC may require the producer to furnish documentary evidence in order to verify the information provided on the report of production. Acceptable evidence may include, but is not limited to, such items as:

(i) Production approved by the county committee for Loan Deficiency Payments;

(ii) Commercial receipts;

(iii) Gin records;

(iv) Settlement sheets;

(v) Warehouse ledger sheets;

(vi) Elevator receipts or load summaries, supported by other evidence showing disposition, such as sales documents;

(vii) Evidence from harvested or appraised acreage, approved for FCIC or multi-peril crop insurance loss adjustment settlement; or

(viii) Other production evidence determined acceptable by the Deputy Administrator.

(2) Such production evidence must show:

(i) The producer's name,

(ii) The commodity,

(iii) The buyer or name of storage facility,

(iv) The Date of transaction or delivery, and

(v) The quantity.

(c) When production of a covered commodity has been disposed of through non-commercial channels, such as used for feed, grazing, or silage, if Loan Deficiency Payments are not available, but crop insurance records or other FSA records indicate that the use of the crop was for silage, hay, or grazing, then county committee will assign production for that year based

§ 1412.305

7 CFR Ch. XIV (1-1-06 Edition)

on the actual grain yield of three similar farms for the applicable year. If producers cannot meet any of these requirements or their crop suffered a low yield, then 75 percent of the county average yield as determined in accordance with §1412.302(b)(4) will be used.

(d) CCC may verify the production evidence submitted with records on file at the warehouse, gin, or other entity which received or may have received the reported production.

§ 1412.305 Incorrect or false production evidence.

(a) If production evidence is false or incorrect, as determined by the county committee, the county committee shall determine whether the owner or producer submitting the production evidence for a farm acted in good faith or took action to defeat the purpose of the program.

(b)(1) If the county committee determines the production evidence submitted is false, incorrect, or unacceptable, and the owner or producer who submitted the evidence did not act in good faith or took action to defeat the purpose of the program, the county committee shall:

(i) Require a refund of all direct and counter-cyclical payments earned for the farm for the first year such payments were made;

(ii) Reduce the counter-cyclical payment yields for all crops on the farm to equal the direct payment yield for all crops except oilseeds. For all oilseeds on the farm, both the direct and counter-cyclical payment yields shall be reduced to 75 percent of the county average yield as determined in accordance with §1412.302(b)(4). That yield shall then be reduced by the applicable direct payment yield factor in accordance with §1412.302(a)(1); and

(iii) Subject to paragraph (a)(2)(i) of this section, require a refund of an amount equal to the following for each covered commodity and peanuts for each year the false, incorrect or unacceptable yield was used to make payments under the contract:

(A) The sum of the direct and counter-cyclical payments made using the false, incorrect or unacceptable evidence, minus

(B) The sum of the direct and counter-cyclical payments that would have been made based on the yields established in paragraph (b)(1)(ii) of this section.

(2) Notwithstanding paragraph (b)(1) of this section, if the county committee determines that the production evidence submitted is false, incorrect, or unacceptable, and the owner or producer who submitted the evidence did not act in good faith or took action to defeat the purpose of the program, the Deputy Administrator may take further action, including but not limited to any or all of the following:

(i) Make a further yield reduction for part or all of the covered commodities and peanuts on the farm;

(ii) Make further payment reductions or refunds;

(iii) Determine that the owner or producer who submitted the evidence is ineligible for participation in future contracts; or

(iv) Take other legal action.

(c) If the county committee determines the production evidence submitted is false, incorrect, or unacceptable, and the owner or producer who submitted the evidence acted in good faith and did not take action to defeat the purpose of the program, the county committee shall:

(1) Correct the counter-cyclical yield for the applicable crop to equal the yield that would have been calculated in accordance with §1412.303 based on accurate production evidence; and

(2) Require a refund of an amount equal to the following for each covered commodity and peanuts for each year the false, incorrect or unacceptable yield was used to make payments under the contract:

(i) The sum of the direct and counter-cyclical payments made using the false, incorrect or unacceptable evidence, minus

(ii) The sum of the direct and counter-cyclical payments that would have been made based on the yields established in paragraph (c)(1) of this section.

Subpart D—Direct and Counter-Cyclical Program Contract Terms and Enrollment Provisions for Covered Commodities 2002 through 2007 and for Peanuts 2003 through 2007

SOURCE: 67 FR 64751, Oct. 21, 2002, unless otherwise noted.

§ 1412.401 Direct and counter-cyclical program contract.

(a)(1) With respect to Fiscal Year 2002 payments, CCC will offer to enter into a contract with eligible producers of covered commodities and historical peanut producers on October 1, 2002 through the date announced by CCC. With respect to Fiscal Years 2003 through 2007, CCC shall offer to annually enter into a contract with an eligible producer on a farm having base acreage with respect to a covered commodity; and for a farm with peanut base acreage and yield assigned in accordance with subpart G of this part, at the beginning of each such fiscal year 2003 through 2007 through the date announced by CCC for each such year.

(2)(i) Eligible producers may execute and submit a contract to the county FSA office where the records for the farm are administratively maintained not later than June 1 of the fiscal year in which the direct and counter-cyclical payments are requested.

(ii) Because CCC will incur additional expenses which may not be possible to quantify with certainty, including the additional cost to ensure payments are issued timely to all producers, a late signup fee in the amount of \$100 per farm will be assessed by CCC for any farm enrolled after June 1 of the fiscal year in which the direct and counter-cyclical payments are requested unless the Deputy Administrator determines a waiver of the late signup fee is appropriate. Enrollment is not allowed after September 30 of the fiscal year in which the direct and counter-cyclical payments are requested.

(3) Eligible producers who elect to enter into a contract with CCC must enroll all base acres on the farm. Enrollment of fewer than all base acres on the farm is not allowed.

(b) Eligible producers may withdraw from a contract at any time on or before September 30 of the year of the contract provided all signatories to the contract, including CCC, agree to the withdraw.

(c) All contracts shall expire on September 30 of the fiscal year of the contract unless:

(1) Withdrawn in accordance with paragraph (b) of this section;

(2) Terminated in accordance with paragraphs (d) or (e) of this section; or

(3) Terminated at an earlier date by mutual consent of all parties, including CCC.

(d) A transfer or change in the interest of a producer in base acres on the farm subject to a contract shall result in the termination of the contract with respect to such interest, and a refund of applicable direct and counter-cyclical payments issued for the farm. The contract termination shall be effective on the date of the transfer or change. Successors-in-interest on a farm subject to a contract may assume all obligations under the contract no later than September 30 of the contract year, and receive payment under the contract only after applicable direct and counter-cyclical payments previously issued to the predecessor for the farm have been refunded to CCC, or a debt for any amount not refunded to CCC has been established for the predecessor.

(e) In the event a farm reconstitution is completed in accordance with part 718 of this title, all producers with an interest in the base acres on the farm must sign a new contract and provide supporting documentation as specified in part 12 of this title, and parts 1400, and 1412 of this chapter not later than September 30 of the fiscal year direct and counter-cyclical payments are requested, after receiving written notification by the county committee indicating the reconstitution is completed. If all producers have not signed the new contract by September 30, no producers on the contract will be eligible for a direct or counter-cyclical payment for that farm for the year the contract was terminated.

§ 1412.402

7 CFR Ch. XIV (1-1-06 Edition)

§ 1412.402 Eligible producers.

Producers eligible to enter into a contract are:

(a)(1) An owner of a farm who assumes all or a part of the risk of producing a crop;

(2) A producer, other than an owner, on a farm with a share-rent lease for such farm, regardless of the length of the lease, if the owner of the farm enters into the same contract;

(3) A producer, other than an owner, on a farm who cash rents such farm under a lease expiring on or after September 30 of the year of the contract in which case the owner is not required to enter into the contract;

(4) A producer, other than an owner, on an eligible farm who cash rents such farm under a lease expiring before September 30 of the year of the contract. The owner of such farm must also enter into the same contract; or

(5) An owner of an eligible farm who cash rents such farm and the lease term expires before September 30 of the year of the contract, if the tenant declines to enter into a contract for the applicable year. In the case of an owner covered by this paragraph, direct and counter-cyclical payments shall not begin under the contract until the lease held by the tenant ends.

(b) A minor child shall be eligible to enter into a contract only if one of the following conditions exist:

(1) The right of majority has been conferred upon the minor by court proceedings or statute;

(2) A guardian has been appointed to manage the minor's property, and the applicable program documents are executed by the guardian; or

(3) A bond is furnished under which a surety guarantees any loss incurred for which the minor would be liable had the minor been an adult.

§ 1412.403 Reconstitutions.

Farms shall be reconstituted in accordance with part 718 of this title.

§ 1412.404 Notification of base acres.

The owner and all producers on a farm shall be notified in writing of the number of base acres eligible for enrollment in a contract, unless such owner or producer requests in writing

that such owner or producer not be furnished with the notice.

§ 1412.405 Reducing base acreage.

(a)(1) Subject to the limitation in paragraph (a)(ii) of this section, a permanent reduction of all or a portion of a farm's base acreage shall be allowed when all owners of the farm execute and submit a written request for such reduction on a CCC-approved standard, uniform form designated by CCC to the FSA county office where the records for the farm are administratively maintained.

(2) A permanent reduction of all or a portion of a farm's base acreage to negate or reduce a program violation is not allowed.

(b) When base acres on a farm are converted to a non-agricultural commercial or industrial use, the total base acreage on the farm shall be reduced accordingly regardless of the submission of a request for such reduction.

§ 1412.406 Succession-in-interest to a direct and counter-cyclical program contract.

(a) A succession in interest to a contract may be permitted if there has been a change in the operation of a farm, such as:

(1) A sale of land;

(2) A change of operator or producer, including a change in a partnership that increases or decreases the number of partners;

(3) A foreclosure, bankruptcy, or involuntary loss of the farm;

(4) A change in producer shares to reflect changes in the producer's share of the crop(s) that were originally approved on the contract; or

(5) As otherwise determined by the Deputy Administrator, if the succession will not adversely affect nor defeat the purpose of the program.

(b) A succession in interest to the contract is not permitted if CCC determines that the change:

(1) Results in a violation of the landlord-tenant provisions set forth in § 1412.505; or

(2) Adversely affects or otherwise defeats the purpose of the program.

(c) If a producer who is entitled to receive direct and counter-cyclical payments dies, becomes incompetent, or is otherwise unable to receive the payment, CCC will make the payment in accordance with part 707 of this title.

(d) A producer or owner must inform the county committee of changes in interest in base acres on the farm not later than:

(1) August 1 of the fiscal year in which the change occurs if the change requires a reconstitution be completed in accordance with part 718 of this title; or

(2) September 30 of the fiscal year in which the change occurs if the change does not require a reconstitution be completed in accordance with part 718 of this title.

(e)(1) In any case in which either a direct or counter-cyclical payment has previously been made to a predecessor, such payment shall not be paid to the successor unless payment has been refunded by the predecessor, or a debt for any amount not refunded to CCC has been established for the predecessor.

(2) A succession in interest shall not increase the liability of CCC.

[67 FR 64751, Oct. 21, 2002, as amended at 68 FR 37939, June 26, 2003]

§ 1412.407 Planting flexibility.

(a) Any crop may be planted and harvested on base acreage on a farm, except as limited elsewhere in this section. Any crop may be planted on DCP cropland in excess of the base acreage on a farm.

(b) Base acreage may be hayed or grazed at any time.

(c) Harvesting non-perennial fruits, vegetables (except lentils, mung beans, and dry peas) or wild rice, as determined by the Deputy Administrator, or designee, is prohibited on base acreage of a farm enrolled in a contract. Planting perennial fruits, vegetables (except lentils, mung beans, and dry peas) or wild rice, as determined by the Deputy Administrator, is prohibited on base acreage of a farm enrolled in a contract.

(d) Notwithstanding the provisions of paragraph (c) of this section, perennial fruits, vegetables and wild rice may be planted on base acreage of a farm enrolled in a contract, and non-perennial

fruits, vegetables and wild rice may be harvested on base acreage of a farm enrolled in a contract if:

(1) A producer double-crops fruits, vegetables or wild rice with a covered commodity or peanuts in any region described in paragraph (e) of this section, in which case direct and counter-cyclical payments will not be reduced for the planting or harvesting of the fruit, vegetable or wild rice;

(2) The farm has a history of planting fruits, vegetables, or wild rice, as determined by the CCC, in any one of the crop years 1991 through 1995 or 1998 through 2001, in which case the payment acres for the farm shall be reduced on an acre-for-acre basis; or

(3) The producer has a history of planting a specific fruit, specific vegetable or wild rice, as determined by CCC, the producer may plant and harvest the specific fruit, specific vegetable or wild rice for which the producer has a planting history, subject to the following:

(i) The acreage harvested shall not exceed the simple average of the sum of acreage of the specific fruit, specific vegetable or wild rice planted for harvest by the producer during the crop years 1991 through 1995 or 1998 through 2001, but not both, as determined by the producer, excluding any year in which the specific fruit, specific vegetable or wild rice was not planted; and

(ii) The payment acres for the farm shall be reduced on an acre-for-acre basis;

(e) Double-cropping for purposes of this section means planting for harvest fruits, vegetables or wild rice on the same acres in cycle with a covered commodity or peanuts planted and harvested for grain or lint in a 12-month period under normal growing conditions for the region and being able to repeat the same cycle in the following 12-month period. For purposes of this part, the following counties have been determined to be regions having a history of double-cropping covered commodities or peanuts with fruits, vegetables or wild rice. State committees have established the following counties as regions within their respective States:

Subpart E—Financial Considerations Including Sharing Direct and Counter-Cyclical Payments

SOURCE: 67 FR 64751, Oct. 21, 2002, unless otherwise noted.

§ 1412.501 Limitation of direct and counter-cyclical payments.

(a) The sum total of all annual direct payment amounts shall not exceed the amounts specified in part 1400 of this chapter.

(b) The sum total of all annual counter-cyclical payment amounts shall not exceed the amounts specified in part 1400 of this chapter.

(c) The amount of 2002 direct and counter-cyclical payments for a farm

shall not exceed the maximum amount that would have been paid based on the number of persons as determined in accordance with part 1400 of this chapter on the farm as of May 13, 2002.

(d) The provisions of part 1400 of this chapter apply to this part.

§ 1412.502 Direct payment provisions.

(a) For 2003 through 2007 contracts, a final direct payment shall be made to eligible producers on a farm enrolled in a contract with respect to covered commodities and peanuts for which payment yields and base acres are established on or after October 1 of the fiscal year following the fiscal year of the contract in which the direct payment was earned.

(b) For 2003 through 2007 contracts, at the option of the producer, 50 percent of the direct payment for the farm with respect to covered commodities and peanuts for which payment yields and base acres are established, shall be paid in any month from December through September of the fiscal year of the contract, as requested by the producer, as an advance direct payment. For any producer to receive an advance direct payment, all producers sharing in the direct payments for the farm must:

(1) Be in compliance with all requirements of the contract and the requirements in this part at the time of the advance payment; and

(2) Sign the contract designating payment shares and provide supporting documentation as specified in part 12 of this title and parts 1400 and 1405 of this chapter, if applicable. If all producers on the farm have not signed the contract designating payment shares in accordance with this paragraph, then no producer shall be eligible for any payment for that farm for that contract.

(c) If a producer declines to accept, or is determined to be ineligible for all or any part of the producer's share of the direct payment computed for the farm in accordance with the provisions of this section:

(1) The payment or portions thereof shall not become available for any other producer; and

(2) The producer shall refund to CCC any amounts representing payments that exceed the payments determined

§ 1412.503

(3) Any reduction calculated in accordance with §1412.407(j).

(ii) The updated payment yield for the covered commodity on the farm enrolled in a contract as determined in accordance with § 1412.303 if the owner

of the farm elected base acreage for the farm in accordance with §1412.201(a)(1) and elected to update the yields for the covered commodities on the farm in accordance with §1412.303, minus

(4) Any reduction calculated in accordance with subpart F of this part that was not satisfied by a reduction in the direct payments for the farm calculated in accordance with §1412.502(e), minus

(5) Any partial advance payment received in accordance with paragraphs (f) or (g) of this section.

(f) For 2002 through 2006 contracts, advance counter-cyclical payments shall be paid, at the request of the producer, if the Secretary determines that a counter-cyclical payment for the covered commodity or peanuts, respectively, will be required in accordance with paragraph (a)(1) of this section.

(1) The first advance counter-cyclical payment shall:

(i) Be calculated in accordance with paragraphs (e)(1) through (4) of this section;

(ii) Be an amount determined by the Secretary not to exceed 35 percent of the projected counter-cyclical payment for the covered commodity or peanuts, respectively;

(iii) Not be made earlier than October 1 after the end of the contract year in which the counter-cyclical payment was earned; and

(iv) To the maximum extent practical, be made no later than October 31 after the end of the contract year in which the counter-cyclical payment was earned.

(2) The second partial advance counter-cyclical payment shall:

(i) Be calculated in accordance with paragraphs (e)(1) through (4) of this section.

(ii) Be an amount determined by the Secretary not to exceed the result of:

(A) 70 percent of the projected counter-cyclical payment, including any revision thereof, for the covered commodity or peanuts, respectively, minus

(B) The amount of payment made under paragraph (f)(1) of this section; and

(iii) Not be made earlier than February 1 after the end of the contract

year in which the counter-cyclical payment was earned.

(g) For 2002 contract, the counter-cyclical payment amount to be paid to the historic peanut producer shall be made using the base and yield established for the historic peanut producer, in accordance with subpart G of this part.

(h) For 2007 contracts, an advance counter-cyclical payment shall be paid, at the request of the producer, if the Secretary determines that a counter-cyclical payment for the covered commodity or peanuts will be required in accordance with paragraph (a)(1) of this section. The advance payment shall:

(1) Be calculated in accordance with paragraphs (e)(1) through (e)(4) of this section;

(2) Not exceed 40 percent of the projected counter-cyclical payment for the covered commodity or peanuts, respectively, as determined by the Secretary; and

(3) Be made after the first 6 months of the marketing year of the covered commodity or peanuts, as applicable.

(i) If a producer declines to accept, or is determined to be ineligible for all or any part of the producer's share of the counter-cyclical payment computed for the farm in accordance with the provisions of this section:

(1) The payment or portions thereof shall not become available for any other producer; and

(2) The producer shall refund to CCC any amounts representing payments that exceed the payments determined by CCC to have been earned under the program authorized by this part. Part 1403 of this chapter shall be applicable to all unearned payments.

(i)(A) The payment of any amount due any producer on a farm enrolled in a contract shall be made only after all the producers subject to the contract are determined to be in full compliance with the contract and the requirements in this part.

(B) A producer on a farm enrolled in a contract may receive a payment amount due without regard to the eligibility of other producers on the farm if:

Commodity Credit Corporation, USDA

§ 1412.601

(1) The producer is in full compliance with the contract and the requirements in this part;

(2) The payment of such amount does not adversely affect nor defeat the purpose of the program, as determined by the Deputy Administrator, or designee; and

(3) The payment is approved by the Deputy Administrator, or designee.

(j) The producers on a farm who receive any advance counter-cyclical payment shall refund the portion of such advance payments that exceeds the actual counter-cyclical payment to be made for the covered commodity or peanuts, as applicable.

§ 1412.504 Sharing of contract payments.

(a) Each eligible producer on a farm shall be given the opportunity to annually enroll in a contract and receive direct and counter-cyclical payments determined to be fair and equitable as agreed to by all the producers on the farm and approved by the county committee.

(1) Each producer must provide a copy of their written lease to the county committee and, in the absence of a written lease, must provide to the county committee a complete written description of the terms and conditions of any oral agreement or lease.

(2) A lease will be considered to be a cash lease if the lease provides for only a guaranteed sum certain cash payment, or a fixed quantity of the crop (for example, cash, pounds, or bushels per acre).

(3) If a lease contains provisions that require the payment of rent on the basis of the amount of crop produced or the proceeds derived from the crop, or the interest such producer would have had if the crop had been produced, or combination thereof, such agreement shall be considered to be a share lease. The leasing of grazing or haying privileges is not considered cash leasing.

(4) If a lease provides for the greater of a guaranteed amount or share of the crop or crop proceeds, such agreement shall be considered a share lease if the lease provides for both:

(i) A guaranteed amount such as a fixed dollar amount or quantity; and

(ii) A share of the crop proceeds.

(5) If the lease is a cash lease, the landlord is not eligible for direct or counter-cyclical payments.

(b) When contract acreage is leased on a share basis, neither the landlord nor the tenant shall receive 100 percent of the contract payment for the farm.

(c) CCC will approve a contract for enrollment and approve the division of payment when all of the following apply:

(1) The landlords, tenants and sharecroppers sign the contract and agree to the payment shares shown on the contract;

(2) CCC determines that the interests of tenants and sharecroppers are being protected; and

(3) CCC determines that the payment shares shown on the contract do not circumvent the provisions of part 1400 of this chapter.

§ 1412.505 Provisions relating to tenants and sharecroppers.

Neither direct nor counter-cyclical payments shall be made by CCC if:

(a) The landlord or operator has adopted a scheme or device for the purpose of depriving any tenant or sharecropper of the payments to which such person would otherwise be entitled under the program. If any of such conditions occur or are discovered after payments have been made, all or any such part of the payments as the State committee may determine shall be refunded to CCC; or

(b) The landlord terminated a lease in violation of state law as determined by a state court.

Subpart F—Contract Violations and Diminution in Payments

SOURCE: 67 FR 64751, Oct. 21, 2002, unless otherwise noted.

§ 1412.601 Contract violations.

(a) Except as provided in paragraph (b) of this section, violations of contract requirements shall result in the termination of the contract. Upon such termination, all producers subject to the contract shall forfeit all rights to receive direct and counter-cyclical payments on the farm for the contract year and shall refund all direct and counter-cyclical payments received,

§ 1412.602

7 CFR Ch. XIV (1-1-06 Edition)

plus interest, as determined in accordance with part 1403 of this chapter.

(b)(1) If there is a violation of §1412.407 and CCC determines that a violation is not serious enough to warrant termination of the contract under paragraph (a) of this section, direct and counter-cyclical payments may be made to the producers specified on the contract, but in an amount that is reduced by an amount equal to the sum of:

(i) The per-acre market value of the fruits, vegetables, and wild rice, as determined by the State Committee, times the number of acres in violation, plus

(ii) The direct and counter-cyclical payments for each such acre.

(2) Producers must protect land enrolled in DCP from weeds, including noxious weeds, and erosion, including providing sufficient cover if determined necessary by the county committee. The first violation of this provision will result in a reduction in the direct payments for the farm by an amount equal to three times the cost of maintenance of the acreage, but not to exceed 50 percent of the total direct payments for the farm. The second violation of this provision will result in a reduction in the direct payments for the farm by an amount equal to three times the cost of maintenance of the acreage, not to exceed the total direct payments for the farm.

§ 1412.602 Fruit, vegetable and wild rice acreage reporting violations.

(a)(1) If an acreage report of fruits, vegetables or wild rice planted on base acreage of a farm enrolled in DCP is inaccurate but within tolerance as provided in paragraph (b) of this section and CCC determines the producer made a good faith effort to comply with the provisions of this section, the producers shall accept a reduction in the direct and counter-cyclical payments for each such acre.

(2) If an acreage report of fruits, vegetables or wild rice planted on base acreage of a farm enrolled in DCP is inaccurate and exceeds the tolerance as provided in paragraph (b) of this section, but CCC determines the producer made a good faith effort to comply with the provisions of this section, the

(3) The contract shall be terminated if an acreage report of fruits, vegetables or wild rice planted on base acreage of a farm enrolled in DCP is inaccurate, and the county committee determines the producer did not make a good faith effort to comply with the provisions of this section. Upon such termination, producers subject to such contract shall:

(i) Forfeit all rights to receive direct and counter-cyclical payments for the farm;

(ii) Refund all direct and counter-cyclical payments received for the farm, plus interest as determined in accordance with part 1403 of this chapter; and

(iii) Be ineligible for all program benefits according to part 718 of this title.

(b) For the purposes of this section, tolerance is the amount by which the determined acreage may differ from the reported acreage and still be considered in compliance with program requirements. Tolerance for fruits, vegetables and wild rice plantings is 5 percent of the reported fruit, vegetable and wild rice acreage, not to exceed 50 acres.

In addition, the producer's interest in all such contracts shall be terminated.

(1) Adopted any scheme or device that tends to defeat the purpose of the program;

(2) Made any fraudulent representation; or

The regulations governing offsets and withholdings found at part 1403 of this chapter shall be applicable to contract payments.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing the assignment of payments found at part 1404 of this chapter.

Subpart G—Establishment and Assignment of Peanut Base Acres and Yields for a Farm

SOURCE: 67 FR 64751, Oct. 21, 2002, unless otherwise noted.

§ 1412.701 Determination of 4-year peanut acreage average.

(a) The Deputy Administrator shall determine, for each historic peanut producer under this part, the 4-year average of the following:

(1) The acreage planted to peanuts on each farm on which the historic peanut producer planted peanuts for harvest for the 1998 through 2001 crop years; and

(2) Any acreage on each farm that the historic peanut producer was prevented from planting to peanuts during the 1998 through 2001 crop years because of natural disaster, or any other condition beyond the control of the historic peanut producers, as determined by the Deputy Administrator.

(b) For the purposes of determining the 4-year acreage average for a historic peanut producer under this part, the Deputy Administrator shall not exclude any crop year in which the producer did not plant peanuts.

(c) If more than one historic peanut producer shared in the risk of producing the crop on a farm, the historic peanut producers shall receive the proportional share of the number of acres planted or prevented from being planted to peanuts for harvest on the farm, based on the sharing arrangement that was in effect among the producers for the crop.

(d) When a historic peanut producer is no longer living or when an entity composed of historic peanut producers has been dissolved, and in other similar situations, the Deputy Administrator shall make the base determinations under this subpart in the manner determined to be fair and reasonable.

§ 1412.702

7 CFR Ch. XIV (1-1-06 Edition)

§ 1412.702 Determination of average peanut yield.

(a) The Deputy Administrator shall determine, for each historic peanut producer, the average yield for peanuts on each farm the historic peanut producer planted peanuts for harvest for the 1998 through 2001 crop years, excluding any crop year in which the producer did not plant or was prevented from planting peanuts. Production information reported according to part 729 of this chapter will be used by the Deputy Administrator for determining yields under this section.

(b)(1) For the purposes of determining the 4-year average yield for a historic peanut producer under paragraph (a) of this section, the historic peanut producer may elect to substitute for a farm for not more than 3 of the 1998 through 2001 crop years in which the historic peanut producer planted peanuts on the farm, the average harvested yield for peanuts produced in the county in which the farm is located for the 1990 through 1997 crop years.

(2) The average harvested yield for peanuts produced in a county which will be used in paragraph (b)(1) of this section shall be the NASS irrigated and non-irrigated yields or, in States and counties where the irrigated and non-irrigated NASS data is unavailable, the NASS blended yield for the county.

(3) If NASS harvested peanut yield data is unavailable, for the purposes set forth in paragraph (b)(1) of this section, the harvested county average peanut yield, determined according to peanut production information reported according to part 729 of this chapter, shall be used.

(c) The average harvested yield, to be used at the producer's option in paragraph (b)(1) of this section, shall be determined by calculating the weighted 7-year average for each type of yield for the years 1990 through 1997 of:

(1) The NASS harvested peanut irrigated yield for the county for each year;

(2) The NASS harvested peanut non-irrigated yield for the county for each year;

(3) The NASS harvested peanut blended yield for all counties where the yields in paragraphs (c)(1) and (c)(2) of

this section are unavailable for each year for all acreage regardless of whether or not the acres were irrigated or nonirrigated;

(4) The average yield for the county, determined in accordance with paragraph (b)(3) of this section for each year.

§ 1412.703 Assignment of average peanut yields and average peanut acreages to farms.

(a) The Deputy Administrator shall give each historical peanut producer an opportunity to assign the average peanut yield determined in accordance with § 1412.702 and average acreage determined in accordance with § 1412.701 for each farm of the historic peanut producer to cropland on that farm or another farm in the same State or a contiguous State.

(b) Notwithstanding paragraph (a) of this section, the average acreage determined under § 1412.701 for a farm may be assigned to a farm in a contiguous state only if either of the following apply:

(1) The historic peanut producer making the assignment produced peanuts in that State during at least one of the 1998 through 2001 crop years; or

(2) As of March 31, 2003, the historic peanut producer is a producer on a farm in that State.

(c) The Deputy Administrator shall provide notice to historic peanut producers regarding the opportunity to assign average peanut yields and average acreages to farms under paragraph (a) of this section. The notice shall provide the following information:

(1) Notice that the opportunity to make the assignments is being provided only once;

(2) A description of the limitations in paragraph (b) of this section on their ability to make their assignments; and

(3) Information regarding the manner in which the assignments must be made and the time periods and manner in which notice of the assignments must be submitted to the Deputy Administrator.

(d) Not later than March 31, 2003, an historic peanut producer shall submit to the Deputy Administrator notice of the assignments made by the producer under this section. If a historic peanut

producer fails to submit such notice by that date, that base and yield shall be assigned to the most recent farm associated with such base and yield, as determined by FSA records.

(e) The average of all yields assigned by a historic peanut producer under paragraph (a) of this section to a farm shall be considered to be the payment yield for that farm for the purpose of making direct and payments and counter-cyclical payments under this part, beginning with crop year 2003.

(f) The total number of acres assigned by historic peanut producers under paragraph (b) of this section to a farm shall be considered to be the farm's base acres for peanuts for the purpose of making direct payments and counter-cyclical payments under this part, beginning with crop year 2003.

Subpart H—Peanut Quota Buyout Program

SOURCE: 67 FR 61472, Oct. 1, 2002, unless otherwise noted. Redesignated at 67 FR 64751, Oct. 21, 2002.

§ 1412.801 Applicability.

The regulations in this subpart govern the Peanut Quota Buyout Program of the Commodity Credit Corporation (CCC). Generally, CCC will enter into contracts with eligible peanut quota holders that provide for payments to such holders based upon the amount of the 2001 crop peanut quota assigned to farms owned by such holders as of May 13, 2002.

§ 1412.802 Administration.

(a) The program will be administered under the general supervision of the Executive Vice President, CCC, and shall be carried out by the Farm Service Agency (FSA) State and county committees (State and county committees).

(b) State and county committees, their representatives and employees, have no authority to modify or waive provisions of this subpart, except as provided in paragraph (e) of this section.

(c) The State committee shall take any action required by the regulations of this part that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct any action taken by such county committee that is not in accordance with this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines, except statutory deadlines, and other non-statutory requirements in cases where lateness or failure to meet such other requirements does not adversely affect operation of the program.

(f) A representative of CCC may execute a contract for a quota buyout only under the terms and conditions of this part, and as determined and announced by the Executive Vice President, CCC. Any contract that is not executed in accordance with such terms and conditions, including any purported execution prior to the date authorized by the Executive Vice President, CCC, is null and void and shall not be considered to be a contract between CCC and any person executing the contract.

§ 1412.803 Definitions.

The definitions in this section shall apply for all purposes of administering the Peanut Quota Buyout. The terms defined in part 718 of this title and part 1400 of this chapter shall also be applicable, except where those definitions conflict with the following definitions in this section:

Contract means a Peanut Quota Buyout Program Contract, and its Appendix for the Peanut Quota Buyout Program to be executed on a form and in a manner as prescribed by CCC.

Deputy Administrator means the Deputy Administrator for Farm Programs, FSA, or a designee.

§ 1412.804

Eligible Quota means the amount of peanut quota owned by an eligible peanut quota holder as of May 13, 2002, based on the 2001 quota for the purposes of determining Peanut Quota Buyout Program payments. Eligible quota does not include peanut quota established for seed or experimental purposes and quotas subject to a temporary lease or transfer.

§ 1412.804 Appeals.

A person may obtain reconsideration and review of any adverse determination made under this part in accordance with the appeal regulations found at parts 11 and 780 of this title.

§ 1412.805 Enrollment; special filing and payment provisions for persons who are not the peanut quota holder of record.

(a) Enrollment for the Peanut Quota Buyout Program begins September 3, 2002, and ends November 22, 2002. Application for payment must be made by signing the contract. Payments will be made by CCC to eligible peanut quota holders as soon as practicable beginning October 11, 2002.

(b)(1) If contracts or other written claims are provided to CCC by October 11, 2002, by two or more persons with respect to the same peanut quota used to calculate a Peanut Quota Buyout Program payment, CCC will not issue such payment until CCC has determined the eligibility status of each claimant.

(2) If CCC has made a payment to a peanut quota holder, as identified on FSA records, for a farm and after October 11, 2002, a person who is not a peanut quota holder, as identified on FSA records, for such farm submits a contract or other written claim with CCC for the same quota used to issue the initial payment, CCC will issue no further payments for such farm until CCC has determined the eligibility status of each person who has filed a contract or other written claim for such farm and the occurrence of the earlier of:

(i) Repayment of the initial payment made by CCC; or

(ii) The establishment, in accordance with part 1403 of this chapter, by CCC of a claim for repayment of the initial payment.

7 CFR Ch. XIV (1-1-06 Edition)

(c) Payments to a person who CCC has determined to be an eligible peanut quota holder with respect to a farm but who, as of September 3, 2002, were not the peanut quota holder, as identified on FSA records as of May 13, 2002, for such farm will be made by CCC after November 22, 2002, unless prior to November 22, 2002, CCC has received an acknowledgment from the peanut quota holders, as identified on FSA records as of May 13, 2002, that they:

(1) Will not file a contract for such peanut quota; and

(2) Transferred the peanut quota to such other party prior to May 13, 2002.

§ 1412.806 Eligible peanut quota holder.

(a) A person shall be eligible for a payment under this part only if CCC has determined the person to be an "eligible peanut quota holder" for purposes of this part. To be an eligible peanut quota holder, a person must, as of May 13, 2002:

(1) Have owned a farm, or had a life estate interest in a farm, to which paragraphs (a)(2) and (b) of this section do not apply, that was eligible for a permanent peanut quota under part 729 of this title, as in effect on January 1, 2002, without regard to quotas established for seed or experimental purposes or quotas subject to temporary leases or temporary transfers;

(2) Be a party to a written contract for the purchase of all or a portion of the farm identified in paragraph (a)(1) of this section that was in effect on or before May 13, 2002. If the parties to the contract are unable to agree to the division of the applicable peanut quota on the land subject to the written contract, the Deputy Administrator, taking into account any incomplete or permanent transfer of the peanut quota that has otherwise been agreed to, shall provide for the equitable division of the payments made under this part by determining the eligible peanut quota holders and allocating the disputed amount of the peanut quota to such holders. This allocation will take into account the ratio of cropland on the unsold portion of the farm and the cropland on the portion of the farm subject to the purchase contract;

Commodity Credit Corporation, USDA

§ 1412.810

(3) Be a party to a written contract that was in effect on or before May 13, 2002, for the permanent transfer of a peanut quota to such party's farm but was not completed by that date. In such a case, the eligible peanut quota holder is the owner of the farm, as of May 13, 2002, to which the peanut quota was to be transferred; or

(4) Have owned a farm with a peanut quota which is protected under a Conservation Reserve Program contract in accordance with part 1410 of this chapter;

(b) Notwithstanding any provision of paragraph (a) of this section, CCC may determine that a person is an eligible peanut quota holder with respect to an amount of peanut quota for the purposes of this section, to the exclusion of all other persons in order to provide for the fair and equitable administration of this part so long as the total amount of eligible quota pounds for all program participants does not exceed the quantity of peanut quota that was available to all quota holders in the 2001 crop year.

(c) Sales and transfers of farms and peanut quotas may be disregarded by CCC when:

(1) Such sales and transfers were required to be reported to FSA under part 729 of this title; or

(2) It is otherwise determined by CCC that it would be unfair and inequitable in the overall administration of the program to make or modify an eligibility determination based on claims of transfers or sales that preceded January 1, 2002.

§ 1412.807 Contract provisions.

(a)(1) CCC will, on a per-farm basis, offer to enter into a contract with each eligible peanut quota holder on such farm under which CCC will provide a payment in five equal installments in each of the 2002 through 2006 fiscal years or in one lump sum payment in any such fiscal year as selected by such holder.

(2) Eligible peanut quota holders who elect to receive five equal installments payments will receive the fiscal year 2002 payment no later than December 31, 2002 and, as determined by CCC, between January 2 and January 31 in each of the years 2003 through 2006.

(3) Eligible peanut quota holders who elect to receive one lump sum payment may specify the fiscal year in which they wish to receive a payment. CCC will determine the day in such fiscal year that the payment will be made by CCC.

(b) The amount of each payment made under paragraph (a)(2) of this section shall be the product determined by multiplying:

(1) \$0.11 per pound; times

(2) The amount of eligible quota pounds of the eligible peanut quota holder.

(c) The amount of each payment made under paragraph (a)(3) of this section shall be the product determined by multiplying the product determined under paragraph (b) of this section times five.

(d) After a payment option has been selected under paragraph (a) of this section and a payment has been made by CCC, no change in the payment option will be allowed except as authorized by the Executive Vice President, CCC.

§ 1412.808 Contract liability.

All signatories to a contract are jointly and severally liable for contract violations and resulting repayments and liquidated damages.

§ 1421.809 Misrepresentation and scheme or device.

A person who is determined to have:

(a) Erroneously represented any fact affecting a program determination made in accordance with this subpart;

(b) Adopted any scheme or device that tends to defeat the purpose of the program; or

(c) Made any fraudulent representation affecting a program determination made in accordance with this subpart, must refund all payments received on all contracts entered into under this subpart, plus interest as determined in accordance with part 1403 of this chapter, and pay to CCC liquidated damages as specified in the contract.

§ 1412.810 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof made to any person under

§ 1412.811

7 CFR Ch. XIV (1-1-06 Edition)

this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the peanut quota or the farm for which a peanut quota had been established under part 729 of this title by any creditor or any other person.

(b) Any person eligible to receive a payment made under this subpart may assign the payment in accordance with part 1404 of this chapter.

§ 1412.811 Other regulations.

(a) The provisions of part 12 of this title, the controlled substance provisions of part 718 of this title, and the payment limitation provisions of part 1400 of this chapter shall not be applicable to payments made under this subpart.

(b) The provisions of part 707 of this title relating to the making of payments in the event of the death of a program participant and in the event of other special circumstances shall apply to payments made under this subpart.

(b) A production payment incentive shall be available only for hard white wheat that grades U.S. # 2 grade or higher, established by the Federal Grain Inspection Service, that is produced and harvested in the United States.

(c) A certified seed incentive payment shall be available for each acre planted to certified hard white wheat seed, as approved by CCC. § 1415.1 Purpose.

(a) The purpose of the Grassland Reserve Program (GRP) is to assist landowners in protecting, conserving, and restoring grassland resources on private lands through short and long-term rental agreements and easements.

(b) The objectives of GRP are to:

- (1) Emphasize preservation of native and natural grasslands and shrublands, first and foremost;
- (2) Protect grasslands and shrublands from the threat of conversion;
- (3) Support grazing operations; and
- (4) Maintain and improve plant and animal biodiversity.

§ 1415.2 Administration.

(a) The regulations in this part set forth policies, procedures, and requirements for program implementation of the GRP as administered by the Natural Resources Conservation Service (NRCS) and the Farm Service Agency (FSA). The regulations in this part will be administered under the general supervision and direction of the NRCS Chief and the FSA Administrator. These two agency leaders will:

(1) Concur in the establishment of program policy and direction; development of the State allocation formula, and development of broad national ranking criteria;

(2) Use a national allocation formula to provide GRP funds to USDA State offices that emphasizes support for biodiversity of plants and animals, grasslands under the greatest threat of conversion, and grazing operations. The allocation formula will also include a factor representing program demand. The demand factor could be expressed in terms of applications received, acres offered, funding needs for such applications, or a combination of these elements. The allocation formula may be modified periodically to change the emphasis of any factor to reflect information about natural resource concerns. The data in the allocation formula will be updated periodically as new information becomes available.

(3) Ensure the National, State and local level information regarding program implementation is made available to the public;

(4) Consult with USDA leaders at the State level and other Federal agencies with the appropriate expertise and information when evaluating program policies and direction; and

(5) Authorize NRCS State Conservationists and FSA State Executive Directors to determine how funds will be used and how the program will be implemented at the State level.

(b) At the State level, the NRCS State Conservationist and the FSA State Executive Director are jointly responsible to:

- (1) Identify State priorities for project selection, based on input from the State Technical Committee;
- (2) Identify, as appropriate, USDA employees at the field level responsible

§ 1415.3

7 CFR Ch. XIV (1-1-06 Edition)

for implementing the program, and the implementation process considering the nature and extent of natural resource concerns throughout the State and the availability of human resources to assist with activities related to program enrollment;

(3) Develop program outreach materials at the State and local level to ensure landowners, operators, and tenants of eligible land are aware and informed that they may be eligible for the program;

(4) Develop conservation practice cost-share rates;

(5) Administer and enforce the terms of easements and rental agreements unless this responsibility is delegated to a third party as provided in §1415.17; and

(6) With advice from the State Technical Committee, develop criteria for ranking eligible land, consistent with national criteria and program objectives and address related policy matters regarding program direction for GRP in the applicable State. USDA, at the State level, has the authority to accept or reject the State Technical Committee recommendations; however, USDA will give consideration to the State Technical Committee's recommendations.

(c) The funds, facilities, and authorities of the Commodity Credit Corporation are available to NRCS and FSA to implement GRP.

(d) Subject to funding availability, the program may be implemented in any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(e) The Secretary may modify or waive a provision of this part if he or she deems the application of that provision to a particular limited situation to be inappropriate and inconsistent with the environmental and cost-efficiency goals of GRP. This authority cannot be further delegated. No provision of this part which is required by applicable law may be waived.

(f) No delegation in this part to lower organizational levels shall preclude the Chief, NRCS, or the Administrator, FSA, from determining any issue arising

under this part or from reversing or modifying any determination arising from this part.

(g) The Chief, NRCS, may delegate at any time Federal easement administration and enforcement responsibilities to approved State Agencies, or approved private conservation or land trust organizations with the consent or at the request of the participating landowner. The USDA Forest Service may hold easements on properties adjacent to USDA Forest Service land, with the consent of the landowner.

(h) Program participation is voluntary.

(i) Applications for participation will be accepted on a continual basis at local USDA Service Centers. NRCS and FSA at the State level will establish cut-off periods to rank and select applications. These cut-off periods will be available in program outreach material provided by the local USDA Service Center. Once funding levels have been exhausted, eligible applications will remain on file until additional funding becomes available or the applicant chooses to be removed from consideration.

(j) The services of other third parties as provided for in 7 CFR part 652 may be used to provide technical services to participants.

§ 1415.3 Definitions.

Administrator means the Administrator of the Farm Service Agency (FSA) or the person delegated authority to act for the Administrator.

Chief means the Chief of the Natural Resources Conservation Service (NRCS) or the person delegated authority to act for the Chief.

Commodity Credit Corporation (CCC) is a Government-owned and operated entity that was created to stabilize, support, and protect farm income and prices. CCC is managed by a Board of Directors, subject to the general supervision and direction of the Secretary of Agriculture, who is an ex-officio director and chairperson of the Board. The Chief and Administrator are Vice Presidents of CCC. CCC provides the funding for GRP, and FSA and NRCS administer the GRP on its behalf.

Conservation District means any district or unit of State, tribal, or local

government formed under State, tribal, or territorial law for the express purpose of developing and carrying out a local soil and water conservation program. Such district or unit of government may be referred to as a "conservation district," "soil conservation district," "resource conservation district," "land conservation committee," or similar name.

Conservation plan means a record of the client's decisions and supporting information, for treatment of a land unit or water as a result of the planning process, that meets NRCS Field Office Technical Guide quality criteria for each natural resource (soil, water, air, plants, and animals) and takes into account economic and social considerations. The plan describes the schedule of operations and activities needed to solve identified natural resource problems and take advantage of opportunities at a conservation management system level. The needs of the client, the resources, Federal, State, and local requirements will be met by carrying out the plan.

Conservation practice means a specified treatment, such as a structural or land management practice, that is planned and applied according to NRCS standards and specifications.

Cost-share agreement means the document that specifies the obligations and the rights of any person who has been accepted for participation in the program.

Department means United States Department of Agriculture.

Easement means a conservation easement, which is an interest in land defined and delineated in a deed whereby the landowner conveys certain rights, title, and interests in a property to the United States for the purpose of protecting the grassland and other conservation values of the property. Under GRP, the property rights are conveyed in a "conservation easement deed."

Easement area means the land encumbered by an easement.

Easement payment means the consideration paid to a landowner for an easement conveyed to the United States under the Grassland Reserve Program.

Field office technical guide means the official local NRCS source of resource

information and interpretations of guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. It contains detailed information for the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared.

Forb means any herbaceous plant other than those in the grass family.

Grantor is the term used for the landowner that is transferring land rights to the United States through an easement.

Grassland means land on which the vegetation is dominated by grasses, grass-like plants, shrubs, and forbs. The definition of grassland as used in the context of this part includes shrubland, land that contains forbs, pastureland, and rangeland.

Grazing value means the value assigned to the grassland cover by USDA.

Improved pasture means grazing land permanently producing natural forage species that receives varying degrees of periodic cultural treatment to enhance forage quality and yields and is primarily harvested by grazing animals.

Landowner means a person or persons holding fee title to the land.

Native means a species that is a part of the original fauna or flora of the area.

Natural means a native or an introduced species that is adapted to the ecological site and can perpetuate itself in the community without cultural treatment. For the purposes of this part the term "natural" does not include noxious weeds.

Participant means a landowner, operator, or tenant who is a party to a GRP agreement. The term "agreement" in this context refers to GRP rental agreements and option to purchase agreements for easements. Landowners of land subject to a GRP easement are also considered participants regardless of whether such landowner initiated the sale of the easement to the Federal Government.

Pastureland means a land cover/use category of land managed primarily for the production of introduced forage plants for grazing animals. Pastureland cover may consist of a single species in a pure stand, a grass mixture, or a

§ 1415.4

7 CFR Ch. XIV (1-1-06 Edition)

grass-legume mixture. Management usually consists of cultural treatments: fertilization, weed control, re-seeding or renovation, and control of grazing.

Permanent easement means an easement that lasts in perpetuity.

Private land means land that is not owned by a governmental entity.

Rangeland means a land cover/use category on which the climax or potential plant cover is composed principally of native grasses, grasslike plants, forbs, or shrubs suitable for grazing and browsing, and introduced forage species that are managed like rangeland. Rangeland includes lands re-vegetated naturally or artificially when routine management of that vegetation is accomplished mainly through manipulation of grazing. This term would include areas where introduced hardy and persistent grasses, such as crested wheatgrass, are planted and such practices as deferred grazing, burning, chaining, and rotational grazing are used, with little or no chemicals or fertilizer being applied. Grasslands, savannas, many wetlands, some deserts, and tundra are considered to be rangeland. Certain communities of low forbs and shrubs, such as mesquite, chaparral, mountain shrub, and pinyon-juniper, are also included as rangeland.

Rental agreement means an agreement where the participant will be paid annual rental payments for the length of the agreement to maintain and/or restore grassland functions and values under the Grassland Reserve Program.

Restoration means implementing any conservation practice (vegetative, management, or structural) that improves the values and functions of grassland (native and natural plant communities).

Restoration agreement means an agreement between the program participant and the United States Department of Agriculture to restore or improve the functions and values of grassland and shrubland.

Restored grassland means land that is to be converted back to grassland or shrubland.

Secretary means the Secretary of Agriculture.

Shrubland means land that the dominant plant species is shrubs, which are plants that are persistent, have woody stems, a relatively low growth habit, and generally produces several basal shoots instead of a single bole.

Significant decline means a decrease of a species population to such an extent that it merits direct intervention to halt further decline, as determined by the NRCS State Conservationist in consultation with the State Technical Committee.

Similar function and value means plants that are alike in growth habit, environmental requirements, and provide substantially the same ecological benefits.

State Technical Committee means a committee established by the Secretary of the United States Department of Agriculture in a State pursuant to 16 U.S.C. 3861.

USDA means the Chief, NRCS, in consultation with the Administrator, FSA or the NRCS State Conservationist in consultation with the FSA State Executive Director.

§ 1415.4 Program requirements.

(a) Only landowners may submit applications for easements. For rental agreements, the applicant must provide evidence of control of the property for the duration of the rental agreement.

(b) The easement and rental agreement shall require that the area be maintained in accordance with GRP goals and objectives for the duration of the term of the easement or rental agreement, including the conservation, protection, and restoration of the grassland functions and values.

(c) All participants in GRP will be required to implement a conservation plan approved by USDA to preserve the viability of the grassland enrolled into the program. The conservation plan will document the conservation values, characteristics, current and future use of the land, practices that may need to be applied along with a schedule for application, and a management plan.

(d) The easement and rental agreement shall grant USDA or its representatives a right of access to the easement and rental agreement area.

Commodity Credit Corporation, USDA

§ 1415.5

(e) Easement participants are required to convey title that is acceptable to the United States and provide consent or subordination agreements from each holder of a security or other interest in the land. The landowner shall warrant that the easement granted the United States is superior to the rights of all others, except for exceptions to the title that are deemed acceptable by the USDA.

(f) Easement participants are required to use a standard GRP easement developed by the Department. The easement shall grant all development rights, title, and interest in the easement area in order to protect grassland and other conservation values.

(g) The program participant must comply with the terms of the easement or rental agreement and comply with all terms and conditions of any associated restoration agreement.

(h) Easements and rental agreements will allow the following activities:

(1) Common grazing practices on the land in a manner that are consistent with maintaining the viability of natural grass and shrub species;

(2) Haying, mowing, or haying for seed production, except that such uses shall have certain restrictions determined appropriate by the NRCS State Conservationist to protect, during the nesting season, birds in the local area that are in significant decline or are conserved in accordance with Federal or State law; and

(3) Fire rehabilitation and construction of firebreaks, fences (excluding corrals), watering facilities, seedbed preparation and seeding, and any other facilitating practices, as determined by the USDA to protect and restore the grassland functions and values.

(i) Any activity that would disturb the surface of the land covered by the easement is prohibited except for common grazing management practices carried out in a manner consistent with maintaining the functions and values of grassland common to the local area, including fire rehabilitation and construction of firebreaks, construction of fences, and restoration practices.

(j) Contracts may be canceled without penalty or refund if the original participant dies, becomes incompetent,

or is otherwise unavailable during the contract period.

(k) Participants may be able to convert rental agreements to an easement, providing the easement is for a longer duration than the rental agreement, funds are available, and the project meets conditions established by the USDA. Land cannot be enrolled in both a rental agreement option and an easement enrollment option at the same time. The rental agreement shall be deemed terminated the date the easement is recorded in the local land records office.

§ 1415.5 Land eligibility.

(a) GRP is available on privately owned lands, which include private and tribal land. Publicly-owned land is not eligible.

(b) Land shall be eligible for funding consideration if the NRCS State Conservationist determines that the land is:

(1) Grassland, land that contains forbs, or shrubs (including rangeland and pastureland); or

(2) The land is located in an area that has been historically dominated by grassland, forbs, or shrubs; and has potential to provide habitat for animal or plant populations of significant ecological value, as determined by the State Conservationist in consultation with the State Technical Committee and FSA, if the land is:

(i) Retained in the current use of the land; or

(ii) Restored to a natural condition.

(c) Incidental lands, in conjunction with eligible land, may also be considered for enrollment to allow for the efficient administration of an easement or rental agreement.

(d) Forty contiguous acres is the minimum acreage that will be accepted in the program. However, less than 40 acres may be accepted if the USDA, with advice from the State Technical Committee, determines that the enrollment of acreage meets the purposes of the program and grants a waiver. USDA, at the State level, may also establish a higher minimum acreage level. USDA will review any minimum acreage requirement to ensure, to the

§ 1415.6

extent permitted by law, that this requirement does not unfairly discriminate against small farmers.

(e) Land will not be enrolled if the functions and values of the grassland are protected under an existing contract or easement. The land would become eligible when the existing contract expires or is terminated, and the grassland values and functions are no longer protected.

(f) Land on which gas, oil, earth, or other mineral rights exploration has been leased or is owned by someone other than the GRP applicant may be offered for participation in the program. However, if an applicant submits an offer for an easement project, USDA will assess the potential impact that the third party rights may have upon the grassland resources. USDA reserves the right to deny funding for any application where there are exceptions to clear title on any property.

§ 1415.6 Participant eligibility.

To be eligible to participate in GRP an applicant:

(a) Must be a landowner for easement participation or be a landowner or have general control of the eligible acreage being offered for rental agreement participation;

(b) Agree to provide such information to USDA that the Department deems necessary or desirable to assist in its determination of eligibility for program benefits and for other program implementation purposes;

(c) Meet the Adjusted Gross Income requirements in 7 CFR part 1400; and

(d) Meet the conservation compliance requirements found in 7 CFR part 12.

§ 1415.7 Application procedures.

(a) Any owner or operator or tenant of eligible land that meets the criteria set forth in § 1415.6 may submit an application through a USDA Service Center for participation in the GRP. Applications are accepted throughout the year.

(b) By filing an Application for Participation, the applicant consents to a USDA representative entering upon the land offered for enrollment for purposes of assessing the grassland functions and values, and for other activities that are necessary for the USDA to

7 CFR Ch. XIV (1–1–06 Edition)

make an offer of enrollment. The applicant will be notified prior to a USDA representative entering upon their property.

(c) Applicants submit applications that identify the duration of the easement or rental agreement. Rental agreements may be for 10-years, 15-years, 20-years, or 30-years; easements may be for 30-years, permanent, or for the maximum duration authorized by State law.

§ 1415.8 Establishing priority for enrollment of properties.

(a) USDA, at the National level, will provide to USDA offices at the State level, broad national guidelines for establishing State specific project selection criteria.

(b) USDA, at the State level, with advice from the State Technical Committee, shall establish criteria to evaluate and rank applications for easement and rental agreement enrollment following the guidance established in paragraph (a) of this section.

(c) Ranking criteria will emphasize support for:

(1) Native and natural grassland;

(2) Protection of grassland from the threat of conversion;

(3) Support for grazing operations; and

(4) Maintain and improve plant and animal biodiversity.

(d) When funding is available, USDA at the State level will periodically select for funding the highest ranked applications based on applicant and land eligibility and the State-developed ranking criteria.

(e) States may utilize one or more ranking pools, including a pool for special project consideration such as establishing a pool for projects that receive restoration funding from non-USDA sources.

(f) The USDA, with advice from the State Technical Committee, may emphasize enrollment of unique grasslands or specific geographic areas of the State.

(g) The FSA State Executive Director and NRCS State Conservationist, with advice from the State Technical Committee will select applications for funding.

Commodity Credit Corporation, USDA

§ 1415.11

(h) If available funds are insufficient to accept the highest ranked application, and the applicant is not interested in reducing the acres offered to match available funding, USDA may select a lower ranked application that can be fully funded. Applicants may choose to change the duration of the easement or agreement or reduce acreage amount offered if the application ranking score is not reduced below that of the score of the next available application on the ranking list.

§ 1415.9 Enrollment of easements and rental agreements.

(a) Based on the priority ranking, USDA will notify applicants in writing of their tentative acceptance into the program for either rental agreement or conservation easement options. The participant has fifteen calendar days from the date of notification to sign and submit a letter of intent to continue. A letter of intent to continue from the applicant authorizes USDA to proceed with the enrollment process.

(b) An offer of tentative acceptance into the program does not bind the USDA to acquire an easement or enter into a rental agreement, nor does it bind the participant to convey an easement, enter into a rental agreement, or agree to restoration activities.

(c) For easement projects, land is considered enrolled after the landowner signs the intent to continue. For rental agreements, land is considered enrolled after a GRP contract is approved by USDA.

(d) USDA will present a contract to the participant, which will describe the easement or rental area; the easement terms, or rental terms and conditions; and other terms and conditions for participation that may be required by CCC.

(e) For easements, after the contract is executed by USDA and participant, USDA will proceed with development of the conservation plan and various acquisition activities, which may include conducting a survey of the easement, securing necessary subordination agreements, procuring title insurance, developing a baseline data report, and conducting other activities necessary to record the easement.

(f) Prior to execution by USDA and the participant of the contract, the USDA may withdraw its offer anytime due to lack of available funds, title concerns for easements, or other reasons. The offer to the participant shall be void if not executed by the participant within the time specified in an option to purchase agreement.

§ 1415.10 Compensation for easements and rental agreements.

(a) Compensation for easements will be based upon:

(1) The fair market value of the land less the grassland value of the land for permanent easements; and

(2) Thirty percent of the value determined in paragraph (a)(1) of this section for 30-year easements or for an easement for the maximum duration permitted under State law.

(b) For 10-, 15-, 20-, and 30-year rental agreements, the participant will receive not more than 75 percent of the grazing value in an annual payment for the length of the agreement.

(c) In order to provide for better uniformity among States, the FSA Administrator and NRCS Chief may review and adjust, as appropriate, State or other geographically based payment rates for rental agreements. NRCS State Conservationists may establish easement payment amounts on a site specific or geographic area basis.

(d) Easement or rental agreement payments received by participant shall be in addition to, and not affect, the total amount of payments that the participant is otherwise eligible to receive under other Federal laws.

(e) For easements, to minimize expenditures on individual appraisals and expedite program delivery, USDA may complete a programmatic appraisal to establish regional average market values and grazing values. The programmatic appraisals would remove the need to conduct appraisals on each parcel selected for funding.

§ 1415.11 Restoration agreements.

(a) Restoration agreements are only authorized to be used in conjunction with easements and rental agreements. NRCS, in consultation with the program participant, will determine if the grassland resources are adequate to

meet the participant's objectives and the purposes of the program, or if a restoration agreement is needed. Such a determination will also be subject to the availability of funding. NRCS may condition participation in the program upon the execution of a restoration agreement depending on the condition of the grassland resources. When the functions and values of the grassland are determined adequate by NRCS, a restoration agreement will not be required. However, if a restoration agreement is required, NRCS will set the terms of the restoration agreement. The restoration agreement will identify conservation practices and measures necessary to improve the functions and values of the grassland. If the functions and values of the grassland decline while the land is subject to a GRP easement or rental agreement through no fault of the participant, the participant may enter into a restoration agreement at that time to improve the functions and values with USDA approval and fund availability.

(b) Eligible restoration practices include land management, vegetative, and structural practices and measures that will improve the grassland ecological functions and values on native and natural, and introduced plant communities. The NRCS State Conservationist, with advice from the State Technical Committee and in consultation with FSA, will determine the conservation practices, measures, payment rates, and cost-share percentages, not to exceed statutory limits, that will be available for restoration. A list of eligible practices will be available to the public. NRCS working through the local conservation district with the program participant will determine the terms of the restoration agreement. The conservation district may assist with determining eligible practices and approving restoration agreements. Restoration agreements will not extend past the date of a rental agreement or easement.

(c) All restoration practices and measures are eligible for cost sharing. Payments under GRP may be made to the participant of not more than 90 percent for the cost of carrying out conservation practices and measures on grassland and shrubland that has

never been cultivated, and not more than 75 percent on restored grassland and shrubland on land that at one time was cultivated.

(d) Restoration activities are applicable to native and natural plant communities. When seeding is determined necessary for restoration, USDA will give priority to using native seed. However, when native seed is not available, or returning the land to native conditions is determined impractical by USDA, plant propagation using species that provide similar functions and values may be utilized.

(e) Cost-shared practices shall be maintained by the participant for the life of the practice. The life of the practice shall be consistent with other USDA cost shared or easement programs. Failure to maintain the practice will be dealt with under the terms of the restoration agreement and may involve repayment of the Federal cost-share.

(f) All conservation practices will be implemented in accordance with the NRCS Field Office Technical Guide.

(g) Technical assistance will be provided by NRCS, or an approved third party, as needed by the participant.

(h) Federal cost sharing shall be adjusted so that the combined cost share by Federal and State government or subdivision of a State government shall not exceed 100 percent of the total actual cost of the restoration. The participant cannot receive cost-share from more than one Federal cost-share program for the same conservation practice.

(i) Cost-share payments may be made only upon a determination by a qualified individual approved by the NRCS State Conservationist that an eligible practice has been established in compliance with appropriate standards and specifications.

(j) Identified practices may be implemented by the participant or other designee. Payments will not be made for practices applied prior to submitting an application to participate in the program.

(k) Cost-share payments will not be made for practices implemented or initiated prior to the approval of a rental agreement or easement acquisition unless a written waiver is granted by

Commodity Credit Corporation, USDA

§ 1415.13

USDA at the State level prior to installation of the practice.

§ 1415.12 Modifications to easements and rental agreements.

(a) After an easement has been recorded, no modification will be made to the easement except by mutual agreement with Chief, NRCS, and the landowner.

(b) Easement modifications may only be made by the Chief, NRCS, after consulting with the Office of General Counsel. Minor modifications may be made by the NRCS State Conservationist in consultation with Office of General Counsel. Minor modifications are those that do not affect the substance of the conservation easement deed. Such modifications include, typographical errors, minor changes in legal descriptions as a result of survey or mapping errors, and address changes.

(c) Approved modifications will be made only in an amendment to an easement which is duly prepared and recorded in conformity with standard real estate practices, including requirements for title approval, subordination of liens, and recordation.

(d) The Chief, NRCS, may approve modifications on easements to facilitate the practical administration and management of the enrolled area so long as the modification will not adversely affect the grassland functions and values for which the land was acquired or other terms of the easement.

(e) NRCS State Conservationists may approve modifications for restoration agreements and conservation plans as long as the modifications do not affect the provisions of the easement or rental agreement and meets GRP program objectives.

(f) USDA may approve modifications on rental agreements to facilitate the practical administration and management of the enrolled area so long as the modification will not adversely affect the grassland functions and values for which the land was enrolled.

§ 1415.13 Transfer of land.

(a) Any transfer of the property prior to the participant's acceptance into the program shall void the offer of enrollment, unless at the option of the

NRCS State Conservationist, in consultation with the FSA State Executive Director, an offer is extended to the new participant and the new participant agrees to the same easement or rental agreement terms and conditions.

(b) After acreage is accepted in the program, for easements with multiple payments, any remaining easement payments will be made to the original landowner unless USDA receives an assignment of proceeds.

(c) Future annual rental payments will be made to the successor participant.

(d) The new landowner or contract successor shall be held responsible for complying with the terms of the recorded easement or rental agreement and for assuring completion of all measures and practices required by the associated restoration agreement. Eligible cost-share payments shall be made to the new participant upon presentation that the successor assumed the costs of establishing the practices.

(e) With respect to any and all payments owed to landowners, the United States shall bear no responsibility for any full payments or partial distributions of funds between the original landowner and the landowner's successor. In the event of a dispute or claim on the distribution of cost-share payments, USDA may withhold payments without the accrual of interest pending an agreement or adjudication on the rights to the funds.

(f) The rights granted to the United States in an easement shall apply to any of its agents, successors, or assigns. All obligations of the landowner under an easement deed shall also bind the landowner's heirs, successors, agents, assigns, lessees, and any other person claiming under them.

(g) Rental agreements may be transferred to another landowner, operator or tenant that acquires an interest in the land enrolled in GRP. The transferee must be determined by USDA to be eligible to participate in GRP and must assume full responsibility under the agreement. USDA may require a participant to refund all or a portion of any financial assistance awarded under GRP if the participant sells or loses control of the land under a GRP rental

§ 1415.14

agreement and the new owner or controller is not eligible to participate in the program or refuses to assume responsibility under the agreement.

§ 1415.14 Misrepresentation and violations.

(a) Contract violations:

(1) Contract violations, determinations, and appeals will be handled in accordance with the terms of the program contract or agreement and attachments thereto.

(2) A participant who is determined to have erroneously represented any fact affecting a program determination made in accordance with this part shall not be entitled to contract payments and must refund to USDA all payments, plus interest in accordance with 7 CFR part 1403.

(3) In the event of a violation of a rental agreement or any contract directly involving the participant, the participant shall be given notice and an opportunity to voluntarily correct the violation within 30-days of the date of the notice, or such additional time as CCC may allow.

(b) Easement violations: Easement violations are handled under the terms of the easement. Upon notification of the participant, the USDA reserves the right to enter upon the easement area at any time to remedy deficiencies or violations. Such entry may be made when USDA deems such action necessary to protect important grassland and shrubland functions and values or other rights of the United States under the easement. The participant shall be liable for any costs incurred by the United States as a result of the participant's negligence or failure to comply with easement, rental agreement, or contractual obligations.

(c) USDA may require the participant to refund all or part of any payments received by the participant or pay liquidated damages as may be required under the program contract or agreement.

(d) In addition to any and all legal and equitable remedies available to the United States under applicable law, USDA may withhold any easement payment, and cost-share payments owing to the participant at any time there is a material breach of the ease-

7 CFR Ch. XIV (1-1-06 Edition)

ment covenants, rental agreement, or any contract. Such withheld funds may be used to offset costs incurred by the United States in any remedial actions or retained as damages pursuant to court order or settlement agreement.

(e) Under an easement, the United States shall be entitled to recover any and all administrative and legal costs, including attorney's fees or expenses, associated with any enforcement or remedial action.

§ 1415.15 Payments not subject to claims.

Any cost-share, rental payment, or easement payment or portion thereof due any person under this part shall be allowed without regard to any claim or lien in favor of any creditor, except agencies of the United States Government.

§ 1415.16 Assignments.

(a) Any person entitled to any cash payment under this program may assign the right to receive such cash payments, in whole or in part.

(b) If a participant that is entitled to a payment dies, becomes incompetent, or is otherwise unable to receive the payment, or is succeeded by another person who renders or completes the required performance, others may be eligible to receive payment in such a manner as USDA determines is fair and reasonable in light of all the circumstances.

§ 1415.17 Delegation to third parties.

(a) USDA may permit an approved private conservation or land trust organization, State or other Federal agency to administer an easement with the consent or written request of the landowner. Rental agreements will not be delegated to private organizations, State, or other Federal agencies.

(b) USDA will have the right to conduct periodic inspections and enforce the easement and associated restoration agreement for any easements administered pursuant to this section.

(c) The private organization, State, or other Federal agency shall assume the costs incurred in administering and enforcing the easement, including the costs of restoration or rehabilitation of

the land to the extent that such restoration or rehabilitation is above and beyond that required by the GRP conservation plan and restoration agreement. Any additional restoration must be consistent with the purposes of the easement.

(d) A private organization, State, or other Federal agency that seeks to administer and enforce an easement shall apply to the NRCS State Conservationist for approval. The State Conservationist shall consult with FSA State Executive Director prior to approval.

(e) For a private organization to administer and enforce an easement, the private organization must be organized as required by 28 U.S.C. 501(c)(3) of the Internal Revenue Code of 1986 or be controlled by an organization described in section 28 U.S.C. 509(a)(2) of that code. In addition, the private organization must provide evidence to USDA that it has:

(2) A charter that describes the commitment of the private organization to conserving ranchland, agricultural land, or grassland for grazing and conservation purposes;

(3) The human and financial resources necessary, as determined by the Chief, NRCS, to effectuate the purposes of the charter; and

(4) Sufficient financial resources to carry out easement administrative and enforcement activities.

(f) If a private organization is terminated, withdraws from the agreement to administer the easement, or the landowner submits a request in writing to terminate such agreement, the USDA will assume the responsibility upon receiving such formal notice from the organization or the landowner. Subsequent agreements for easement management with other approved private, nonprofit organizations could be entered into at the request of the landowner with approval from the NRCS State Conservationist. If the owner and the new organization fail to notify the NRCS State Conservationist of the reassignment within 30 days of termination, the easement shall revert to the control of NRCS.

§ 1415.18 Appeals.

(a) Applicants or participants may appeal decisions regarding this program in accordance with 7 CFR parts 11, 614, and 780.

(b) Before a person may seek judicial review of any action taken under this part, the person must exhaust all administrative appeal procedures set forth in paragraph (a) of this section.

§ 1415.19 Scheme or device.

(a) If it is determined by the Department that a participant has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid such participant during the applicable period may be withheld or be required to be refunded with interest thereon, as determined appropriate by the Department.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of payments for cost-share practices or easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

(c) A participant who succeeds to the responsibilities under this part shall report in writing to the Department any interest of any kind in enrolled land that is held by a predecessor or any lender. A failure of full disclosure will be considered a scheme or device under this section.

§ 1415.20 Confidentiality.

Appraisals are considered confidential information and are not distributed. The regulations in this part provide that any appraisals, market analysis, or supporting documentation that may be used by USDA in determining property value are considered confidential information, and shall only be disclosed as determined at the sole discretion of FSA and NRCS in accordance with applicable law.

§ 1421.1 Applicability.

(a) The regulations of this subpart are applicable to the 2002 through 2007

Commodity Credit Corporation, USDA

§ 1421.3

crops of barley, small chickpeas, corn, grain sorghum, lentils, oats, dry peas, peanuts, rice, wheat, wool, mohair, oilseeds and other crops designated by Commodity Credit Corporation (CCC). These regulations set forth the general provisions under which marketing assistance loans and loan deficiency payments (LDP) will be administered by the CCC. Additional terms and conditions are in the note and security agreement and the loan deficiency payment application that must be executed by a producer to receive marketing assistance loans and LDP's.

(b)(1) The basic loan rates, the schedule of premiums and discounts, and forms applicable to the marketing assistance and loan deficiency payment programs for the commodities specified in paragraph (a) of this section are available in Farm Service Agency (FSA) State and county offices. The forms for use in these programs will be prescribed by CCC.

(2) Loan deficiency payments shall be available for unshorn pelts, hay and silage.

(c) Marketing assistance loans and loan deficiency payments will not be available for any commodity produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

(d) Producers who produced eligible loan commodities are eligible for marketing assistance loans or loan deficiency payments.

§ 1421.2 Administration.

(a) The marketing assistance loan and loan deficiency payment program shall be administered under the general supervision of the Executive Vice President, CCC and shall be carried out in the field by FSA State and county committees, respectively.

(b) State and county committees, and representatives and employees thereof, cannot modify or waive any requirement of this part, except as provided in paragraph (e) of this section.

(c) The State committee shall take any required action not taken by the county committee. The State committee shall also:

(1) For the 2001 crop year only, allow producers who violated the terms and

conditions of the note and security agreement which resulted in the producer losing beneficial interest in the commodity before repaying the loan and the county committee determined the producer acted in good faith, to repay the loan at a rate that is the lesser of the loan plus interest; or the alternative repayment rate, as determined under §1421.10, in effect on the date the beneficial interest was lost. In cases, where a locked-in repayment rate under §1421.110 was applicable, the prescribed form is considered null and void.

(2) Correct or require correction of an action taken by a county committee that is not in compliance with this part; or

(3) Require a county committee to not take an action or implement a decision that is not under the regulations of this part.

(d) The Executive Vice President, CCC, or a designee, may determine any question arising under these programs, or reverse or modify a determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the marketing assistance loan and loan deficiency payment program.

(f) A representative of CCC may execute marketing assistance loan and loan deficiency payment applications and related documents only under the terms and conditions determined and announced by CCC. Any document not executed under such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.

(2) Be of merchantable quality deemed by CCC to be suitable for loan and must have been shorn in the United States.

§ 1421.6 Beneficial interest.

(a)(1) To be eligible to receive marketing assistance loans or loan deficiency payments, a producer must have the beneficial interest in the commodity that is tendered to CCC for a marketing assistance loan or loan deficiency payment. The producer must always have had the beneficial interest in the commodity unless, before the commodity was harvested, sheared or slaughtered in the case of unshorn pelts, the producer, and a former producer whom the producer tendering the commodity to CCC has succeeded, had such an interest in the commodity. Commodities obtained by gift, barter or purchase shall not be eligible to be tendered to CCC for marketing assistance loans or loan deficiency payments. Heirs who succeed to the beneficial interest of a deceased producer or who assume the decedent's obligations under an existing marketing assistance loan or loan deficiency payment shall be eligible to receive marketing assistance loans and loan deficiency payments whether succession to the commodity occurs before or after harvest, shearing or slaughter so long as the heir otherwise complies with this part.

(2) A producer shall not be considered to have divested the beneficial interest in the commodity if the producer retains control, title, and risk of loss in

the commodity, including the right to make all decisions regarding the tender of such commodity to CCC for marketing assistance loans or loan deficiency payments, including those cases where the producer takes either of the actions in paragraph (a)(2)(i) or (a)(2)(ii) of this section as follows:

(i) Executes an option to purchase, whether or not a payment is made by the potential buyer for such option to purchase, for such commodity if all other eligibility requirements are met and the option to purchase contains the following:

Notwithstanding any other provision of this option to purchase, title; risk of loss; and beneficial interest in the commodity, as specified in 7 CFR 1421.6, shall remain with the producer until the buyer exercises this option to purchase the commodity. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of:

(1) The maturity of any Commodity Credit Corporation (CCC) loan that is secured by such commodity;

(2) The date CCC claims title to such commodity; or

(3) Such other date as provided in this option;

(ii) Enters into a contract to sell the commodity if the producer retains title, risk of loss, and beneficial interest in the commodity and the purchaser pays no advance payment amount or any incentive payment amount to enter into such contract to the producer, except as provided in part 1425 of this chapter.

(3) If marketing assistance loans and loan deficiency payments are made available to producers through an approved CMA under part 1425 of this chapter, the beneficial interest in the commodity must always have been in the producer-member who delivered the commodity to the CMA or its member CMA's, except as otherwise provided in this section. Commodities delivered to such a CMA shall not be eligible to receive marketing assistance loans or loan deficiency payments if the producer-member who delivered the commodity does not retain the right to share in the proceeds from the marketing of the commodity as provided in part 1425 of this chapter.

§ 1421.7

(b) With respect to wool, mohair, dry peas, lentils and small chickpeas produced in the 2002 crop year, producers who lost beneficial interest before October 11, 2002 are eligible for a loan deficiency payment based on the date the producer lost beneficial interest in the applicable commodity.

(c) For peanuts produced in the 2002 crop year, producers who lost beneficial interest in the 2002 crop of peanuts are eligible for a loan deficiency payment based on the date the producer lost beneficial interest in the applicable commodity.

§ 1421.7 Requesting marketing assistance loans and loan deficiency payments.

(a) A producer must, unless authorized by CCC, request marketing assistance loans and loan deficiency payments at the county office that, under part 718 of this title, is responsible for administering programs for the farm on which the commodity was produced.

(b) A marketing assistance loan or loan deficiency payment may be requested in person, by mail or electronic format designated by CCC. Forms prescribed by CCC may be obtained from the USDA, Farm Service Agency Web site.

(c) To receive marketing assistance loans or loan deficiency payments for a crop of a commodity, a producer must execute a note and security agreement or loan deficiency payment application on or before the applicable final loan availability date, as follows:

(1) March 31 of the year following the year in which the following crops are normally harvested: barley, canola, flaxseed, oats, rapeseed, and wheat.

(2) May 31 of the year following the year in which the following crops are normally harvested: corn, grain sorghum, mustard seed, rice, safflower, soybeans, sunflower seed, dry peas, lentils, and small chickpeas.

(3) January 31 of the year following the year in which peanuts are normally harvested or wool and mohair are normally sheared.

(d) With respect only to loan deficiency payments for eligible loan commodities produced in the 2001 crop year, whether or not produced on a farm covered by a production flexi-

7 CFR Ch. XIV (1-1-06 Edition)

bility contract, the applicable final loan availability for such payment is November 12, 2002.

§ 1421.8 Eligible quantity.

(a) With respect to marketing assistance loans and loan deficiency payments for:

(1) Farm-stored commodities, all determinations of weight, and quality, except as otherwise agreed to or required by CCC, shall be determined at the time of delivery of the commodity to CCC or at the time the loan deficiency payment application is filed for measured requests, if applicable or selected for spot-check for certified requests.

(2) Warehouse-stored commodities, all determinations of grade, weight and quality, except as otherwise agreed to or required by CCC, shall be determined at the time the loan or LDP is requested when acceptable documentation, under §1421.106, accompanies the loan or LDP request.

(b)(1) A producer may, before the final date for obtaining a marketing assistance loan for a commodity, repledge as collateral for securing a marketing assistance loan any commodity that had been previously pledged as collateral for a marketing assistance loan, except with respect to:

(i) Commodities that have been acquired with commodity certificate exchanges under part 1401 of this chapter;

(ii) Commodities that have been redeemed at the prevailing world market price for rice, or the alternative repayment rate for all other commodities, as determined by CCC.

(iii) Commodities on which a loan deficiency payment has been received.

(2) The commodity repledged as security for the subsequent loan shall have the same maturity date, under §1421.101 as the original loan.

(c)(1) The marketing assistance loan documents shall not be presented for disbursement unless the commodity subject to the note and security agreement is an eligible harvested commodity, is in existence, and is in approved farm or warehouse storage, as determined by CCC. If the commodity was not either an eligible commodity, in existence, or in approved storage at the time of disbursement, the total

Commodity Credit Corporation, USDA

§ 1421.10

amount disbursed under the marketing assistance loan and charges plus interest shall be refunded promptly by the producer.

(2) Marketing assistance loans may be disbursed to eligible producers who store eligible commodities in unlicensed storage facilities only if the producer agrees to redeem the marketing assistance loan on the date in which the loan is disbursed with a commodity certificate exchange.

(3) CCC shall limit the total marketing assistance loan quantity for a loan disbursement, or loan deficiency payment quantity for a loan deficiency payment, based on a subsequent increase in the quantity of an eligible commodity by the final loan availability date to 100 percent of the outstanding quantity of such marketing assistance loan or loan deficiency payment application. A producer may obtain a separate marketing assistance loan or loan deficiency payment before the final loan availability date for the commodity for quantities in excess of 100 percent of such quantity if such quantities are an otherwise eligible commodity.

§ 1421.9 Basic loan rates.

(a) Basic marketing assistance loan rates for a commodity may be established on a State, regional, county basis or other basis and may be adjusted by CCC to reflect quality and location and other factors applicable to the commodity and as otherwise provided in this section.

(b) The basic marketing assistance loan rates for wheat, corn, barley, oats, grain sorghum, rice, peanuts, soybean, canola, flaxseed, mustard seed, rapeseed, safflower, sunflower seed, dry peas, lentils, small chickpeas, wool, mohair and other crops designated by CCC will be determined by CCC and made available at State and county offices.

(c)(1) For all commodities except rice, warehouse-stored loans shall be disbursed at levels based on the basic county marketing assistance loan rate for the county where the commodity is stored, adjusted for the schedule of premiums and discounts established for the commodity on the basis of quality factors set forth on warehouse receipts

or supplemental certificates and for other quality factors, as determined and announced by CCC.

(2) For rice, warehouse-stored loans shall be disbursed at levels based on the milling yields times the whole and broken kernel marketing assistance loan rates, adjusted for the schedule of discounts on the basis of quality factors set forth on warehouse receipts or supplemental certificates and for other quality factors, as determined and announced by CCC.

§ 1421.10 Market rates.

(a)(1) For the 2002 through 2007 crops of barley, corn, grain sorghum, oats, wheat, dry peas, lentils, small chickpeas, oilseeds, and other crops as designated by CCC, a producer may repay a nonrecourse marketing assistance loan at a rate that is the lesser of:

(i) The marketing assistance loan rate and charges, plus interest determined for such crop; or

(ii) The alternative repayment rate for such crop.

(2) To the extent practicable, CCC shall determine and announce the alternative repayment rate, based upon the market prices at appropriate U.S. markets as determined by CCC, to minimize loan forfeitures, minimize the Federal Government-owned inventory of the commodities, minimize the storage costs incurred by the Federal Government domestically and internationally, and minimize discrepancies in marketing loan benefits across State boundaries and across county boundaries. The alternative repayment rate may be adjusted to reflect quality and location for each crop of a commodity as follows:

(i) On a weekly basis in each county for oilseeds, except soybeans;

(ii) On a daily basis in each county for barley, corn, grain sorghum, oats, soybeans, and wheat; and

(iii) On a weekly basis nationally for dry peas, lentils and small chickpeas.

(b)(1) For the 2002 through 2007 crops of peanuts, wool and mohair, a producer may repay a nonrecourse loan at a rate that is the lesser of:

(i) The loan rate and charges interest, plus interest determined for such crop; or

(ii) The alternative repayment rate for such crop.

(2) To the extent practicable, CCC shall determine and announce periodically an alternative repayment rate for peanuts, wool, and mohair to minimize loan forfeitures, minimize the Federal Government-owned inventory of the commodities, minimize the storage costs incurred by the Federal Government domestically and internationally, and minimize discrepancies in marketing loan benefits across State boundaries and across county boundaries.

(c)(1) The prevailing world market price for a class of rice shall be determined by CCC based upon a review of prices at which rice is being sold in world markets and a weighting of such prices through the use of information such as changes in supply and demand of rice, tender offers, credit concessions, barter sales, government-to-government sales, special processing costs for coatings or premixes, and other relevant price indicators, and shall be expressed in U.S. equivalent values F.O.B. vessel, U.S. port of export, per hundredweight as follows:

(i) U.S. grade No. 2, 4 percent broken kernels, long grain milled rice;

(ii) U.S. grade No. 2, 4 percent broken kernels, medium grain milled rice; and

(iii) U.S. grade No. 2, 4 percent broken kernels, short grain milled rice.

(2) Export transactions involving rice and all other related market information will be monitored on a continuous basis. Relevant information may be obtained for this purpose from USDA field reports, international organizations, public or private research entities, international rice brokers, and other sources of reliable information.

(3) The prevailing world market price for a class of rice adjusted to U.S. quality and location the adjusted world price (AWP), as determined under paragraph (c)(5) of this section, shall apply to this section.

(4) The adjusted world price for each class of rice shall equal the prevailing world market price for a class of rice (U.S. equivalent value) as determined under paragraphs (a)(2) and (3) of this section and adjusted to U.S. quality and location as follows:

(i) The prevailing world market price for a class of rice shall be adjusted to reflect an F.O.B. mill position by deducting from such calculated price an amount that is equal to the estimated national average costs associated with:

(A) The use of bags for the export of U.S. rice, and

(B) The transfer of such rice from a mill location to F.O.B. vessel at the U.S. port of export with such costs including, but not limited to, freight, unloading, wharfage, insurance, inspection, fumigation, stevedoring, interest, banking charges, storage, and administrative costs.

(ii) The price determined under paragraph (c)(4)(i) of this section shall be adjusted to reflect the market value of the total quantity of whole kernels contained in milled rice by deducting the world value of broken kernels it contains, with the value of the broken kernels determined by multiplying the quantity of broken kernels (4 percent per hundredweight) by the world market value of broken kernels. The world market value of broken kernels shall be based upon the relationship of whole and broken kernel world prices as estimated from observations of prices at which rice is being sold in world markets.

(iii) The price determined under paragraph (c)(4)(ii) of this section shall be adjusted to reflect the per-pound market value of whole kernels by dividing the price by the quantity of whole milled kernels contained in the milled rice (96 percent per hundredweight).

(iv) The price determined under paragraph (c)(4)(iii) of this section shall be adjusted to reflect the market value of whole kernels contained in 100 pounds of rough rice by multiplying such price by the estimated national average quantity of whole kernel rice by class obtained from milling 100 pounds of rough rice.

(v) The price determined under paragraph (c)(4)(iv) of this section shall be adjusted to reflect the total market value of rough rice by:

(A) Adding to such price:

(I) The market value of bran contained in the rough rice, computed by multiplying the domestic unit market value of bran by the estimated national

Commodity Credit Corporation, USDA

§ 1421.12

average quantity of bran produced in milling 100 pounds of rice; and

(2) The market value of broken kernels contained in the rough rice, computed by multiplying the estimated world market value of broken kernels by the estimated national average quantity of broken kernels produced in milling 100 pounds of rice;

(B) Deducting from such price:

(1) An estimated cost of milling rough rice; and

(2) An estimated cost of transporting rough rice from farm to mill locations.

(vi) The price determined under paragraph (c)(4)(v) of this section may be adjusted to a whole kernel loan rate basis by deducting the estimated world market value of the total quantity of broken kernels contained in such rice and dividing the resulting value by the estimated national average quantity of milled whole kernels produced in milling 100 pounds of rice.

(5)(i) The adjusted world price for each class for rice, loan rate basis, shall be determined by CCC and announced, to the extent practicable, on or after 3:00 p.m. Eastern Standard time each Tuesday, or more frequently, as determined necessary by CCC, continuing through the later of:

(A) The last Tuesday of July 2007; or

(B) The last Tuesday of the latest month the 2007-crop rice loans mature.

(ii) In the event that Tuesday is a non-workday, the determination will be made on the next workday, on or after 3:00 p.m. Eastern Standard time.

(iii) The announced prices will be effective upon announcement and will remain in effect for a period as announced by the CCC.

(6) On the day of the announcement of the adjusted world price, applications for loan deficiency payments for rice that specify the payment rate will not be accepted between 2:00 p.m. Eastern Standard time and the time of the world price announcement.

§ 1421.11 Spot checks.

(a) CCC may inspect the collateral for marketing assistance loans, and producers with such loans shall allow CCC access to the farm and storage facility as necessary to conduct collateral inspections, or "spot checks" as they are called. Spot checks will verify

that the quality and quantity of farm-stored commodities pledged as collateral for marketing assistance loans are maintained by the producer.

(b) Loan deficiency payments are selected for spot check to ensure that all eligibility requirements, as required by CCC, are met in order to receive such loan deficiency payment.

(c) Producers must present production evidence for commodities acceptable to CCC when a spot check is conducted.

§ 1421.12 Production evidence.

(a) Producers who redeem marketing assistance loan collateral at the prevailing world market price for rice, or the alternative repayment rate for all other commodities, as CCC determines or receives a loan deficiency payment may be required to provide CCC with:

(1) Evidence of production of the collateral such as:

(i) Evidence of sales,

(ii) Delivery evidence,

(iii) Load summaries from warehouse, processor, or buyer,

(iv) Warehouse receipts

(v) Paid measurement service

(vi) Spot check measurements with paid measurement service

(vii) Cleaning tickets for seed (viii) Scale tickets, if not issued by the producer for the producer's own production

(ix) Core tests for wool and mohair

(x) Maximum eligible quantity as determined by CCC

(2) The storage location of the collateral that has not been otherwise disposed of and access to such collateral;

(3) Permission to inspect, examine, and make copies of the records and other written data as deemed necessary to verify the eligibility of the producer and commodity;

(4) In the case of wool and mohair, permission to examine and inspect the sheep herd; and

(5) Any other evidence requested by the county FSA service center or the Deputy Administrator, FSA.

(b) A producer who fails to provide acceptable evidence of production shall be required to repay the market gain or loan deficiency payment and charges, plus interest, as determined by CCC.

§ 1421.13

§ 1421.13 Handling payments and collections.

(a) Amounts of \$9.99 or less due a producer will be paid only upon the producer's request.

(b) Deficiencies of \$9.99 or less, including interest, may be disregarded unless demand for payment is made by CCC.

§ 1421.14 Obtaining peanut loans.

(a) Peanuts loans to individual producers may be obtained through:

(1) County offices; or

(2) A designated Marketing Association or a CMA approved by CCC.

(b) The loan documents shall not be presented for disbursement unless the peanuts pledged as collateral for the marketing assistance loan is eligible in accordance with §1421.8. If the peanuts were ineligible at the time of the disbursement, the total amount disbursed under loan, or as an LDP, plus charges and interest shall be refunded promptly.

Subpart B—Marketing Assistance Loans

SOURCE: 67 FR 63511, Oct. 11, 2002, unless otherwise noted.

§ 1421.100 Applicability.

This subpart provides the terms and conditions for marketing assistance loans offered by CCC. Additional terms and conditions are also in the note and security agreement which the producer must sign to receive such marketing assistance loans.

§ 1421.101 Maturity dates.

(a)(1) All marketing assistance loans shall mature on demand by CCC and no later than the last day of the 9th calendar month following the month in which the note and security agreement is filed and approved except, for transferred marketing assistance loan collateral. The maturity date for transferred marketing assistance loan collateral will be the maturity date applicable to the original loan that was transferred.

(2) CCC may at any time call the marketing assistance loan by notifying

7 CFR Ch. XIV (1–1–06 Edition)

the producer at least 30 days in advance of the accelerated maturity date.

§ 1421.102 Adjustment of basic loan rates.

(a) Basic loan rates are established under §1421.9 and will be adjusted or not adjusted as follows:

(1) For farm-stored commodities, except for peanuts, that exceed acceptable levels of contamination, the loan rate will be discounted to 10 percent of the base county marketing assistance loan rate.

(2) For farm-stored commodities where the test weight discounts are on the:

(i) Crop year specific schedules of premiums and discounts, the loan rate shall be adjusted for the higher of the discount for test weight or grade based on test weight.

(ii) Additional schedule of discounts, the marketing assistance loan rate shall be reduced to 20 percent of the county average marketing assistance loan rate.

(3) With respect to commodities harvested, excluding silage or hay, as other than grain and pledged as collateral for a nonrecourse marketing assistance loan, the marketing assistance loan rate shall be discounted to 30 percent of the base county loan rate.

(4) With respect to farm-stored wheat, the basic county marketing assistance loan rate shall not be adjusted to reflect the protein content.

(5) With respect to Segregation 2 and 3 peanuts as determined by CCC, the marketing assistance loan rate shall be discounted to 35 percent of the applicable loan rate.

§ 1421.103 Approved storage.

(a) Approved farm storage is:

(1) A storage structure located on or off the farm, (excluding public warehouses that do not enter into an agreement with CCC), that CCC determines to be controlled by the producer which affords safe storage of collateral pledged for a marketing assistance loan;

(2) If determined and announced to be available in a State or county, on ground storage and other temporary storage structures approved by CCC.

Commodity Credit Corporation, USDA

§ 1421.105

(3) As determined by CCC, temporary approved storage may also include:

- (i) On-ground storage or;
- (ii) Other storage arrangements.

(b) CCC may reduce the quantity of a commodity pledged as collateral for a loan made available under paragraph (a)(2) of this section to not more than 75 percent of such otherwise eligible quantity in order to protect the interests of CCC. CCC may also limit the length of time the commodity may be stored on-ground or in temporary structures to not more than 90 days. A marketing assistance loan made with respect to such commodity which is not moved to a structure specified in (a)(2) within 90 days of the date the loan was disbursed may be called by CCC.

(c) Approved warehouse storage shall consist of a public warehouse for which a CCC storage agreement for the commodity is in effect that is approved by CCC for price support purposes. Such a warehouse is referred to in this by part as an approved warehouse. The names of approved warehouses may be obtained from the FSA, Kansas City Commodity Office, P.O. Box 419205, Kansas City, Missouri 64141-6205, from State and county offices, or at the FSA web site on the Internet.

§ 1421.104 Marketing assistance loan making.

(a)(1) The FSA county service center shall file or record, as required by State law, all security agreements that are issued with respect to commodities pledged as collateral for marketing assistance loans.

(i) The cost of filing and recording shall be paid by CCC.

(ii) The cost for terminating the financing statement before the end of the term shall be paid by the producer.

(2) If there are any liens or encumbrances on the commodity, waivers that fully protect the CCC's interest must be obtained even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the commodity after the marketing assistance loan is approved.

(b) Fees, charges, and interest must be paid by the producer to CCC at a

rate CCC determines. Such fees, charges, and interest include:

- (1) A non-refundable loan service fee;
- (2) Interest that accrues on a loan under part 1405 of this chapter;

(3) For each soybean crop, the producer as defined in the Soybean Promotion, Research and Consumer Information Act (7 U.S.C. Chapter 6301), shall remit to CCC an assessment that CCC determines when it acquires the commodity and shall be equal to one-half of 1 percent of the amount determined under § 1412.112.

(c) For peanuts, charges associated with warehouse stored loans including but not limited to storage and in charges, as determined by CCC are paid by CCC to the producer.

(d) The cost of terminating a financing statement shall be paid by the producer.

§ 1421.105 Farm-stored marketing assistance loans.

(a) The producer of a commodity pledged as security for a farm-storage loan shall:

(1) Certify the quantity of such commodity on the loan application, or;

(2) Have such quantity measured by CCC at the measurement service rate established by CCC.

(b) The State committee may establish a marketing assistance loan percentage not to exceed a percentage CCC establishes or it may apply quality discounts to the loan rate in each year for each commodity on a State-wide basis or for specified areas within the State. Before approving a county committee request to establish a different loan percentage, or to apply quality discounts, the State committee shall consider conditions in the State or areas within a State to determine if the marketing assistance loan percentage should be reduced below the maximum marketing assistance loan percentage or the quality discounts should be applied to the basic county marketing assistance loan rate to provide CCC with adequate protection. Marketing assistance loans disbursed based upon loan percentages previously lowered and loan rates adjusted for quality shall not be altered if conditions within the State or areas within the State change to substantiate removing such

§ 1421.105

7 CFR Ch. XIV (1-1-06 Edition)

reductions. Percentages established or loan rates adjusted for quality under this section shall apply only to new marketing assistance loans and not to outstanding marketing assistance loans. In determining loan percentages or the necessity to apply quality discounts, the State committee shall consider any factor at its discretion, including the following:

- (1) General crop conditions;
- (2) Factors affecting quality peculiar to an area within the State; and
- (3) Climatic conditions affecting storability.

(c) An eligible quantity of a commodity that is commingled with an ineligible quantity of the commodity is not eligible to be collateral for a marketing assistance loan unless the producer, when requesting a marketing assistance loan designates all structures that may be used for storage of the marketing assistance loan collateral.

(1) In such cases, the producer is not required to obtain prior written approval from the county committee before moving marketing assistance loan collateral from one designated structure to another designated structure.

(2) In all other instances, if the producer intends to move marketing assistance loan collateral from a designated structure to another undesignated structure, the producer must request prior approval from the county committee. Such approval shall be written and the eligible or ineligible commodity must be measured by a representative of the county office, at the producer's expense, before commingling. Prior to commingling, with respect to wool and mohair, a representative of the county committee may determine an average production of the wool and mohair in a manner approved by CCC.

(d)(1) Two or more producers may obtain:

(i) A single joint marketing assistance loan for commodities that are stored in the same farm storage facility; or

(ii) Individual marketing assistance loans for their share of the commodity that is commingled in a farm storage facility with commodities owned by other producers if such other producers execute an agreement that provides

that such producers shall obtain the permission of a representative of the county committee before removal of any quantity of the commodity from the storage facility. All producers who store a commodity in a farm storage facility in which commodities that have been pledged as collateral for a marketing assistance loan shall be liable for any damage incurred by CCC for the deterioration or unauthorized removal or disposition of such commodities.

(2) In such cases, each producer must execute a note and security agreement with CCC, and each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the requirements of this part. Each producer is also liable for repayment of the entire marketing assistance loan amount until the marketing assistance loan is fully repaid without regard to their share in the commodity pledged as collateral. In addition, such producer may not amend the note and security agreement for the producer's claimed share in such commodities, or marketing assistance loan proceeds, after execution of the note and security agreement by CCC.

(e)(1) A producer, when requesting a marketing assistance loan, shall designate in writing specific storage structures.

(2) The producer is not required to request prior approval before moving marketing assistance loan collateral between such designated structures.

(3) Movement of marketing assistance loan collateral to any other structures not designated or the disposal of such loan collateral without prior written approval of the county committee, shall subject the producer to administrative actions.

(4) The producer is responsible for any loss in quantity or quality of the farm-stored commodity pledged as collateral.

(5) CCC shall not assume any loss in quantity or quality of the marketing assistance loan collateral for farm-stored loans.

§ 1421.106 Warehouse-stored marketing assistance loan collateral.

(a) A commodity may be pledged as collateral for a warehouse-stored marketing assistance loan in the quantity delivered to CCC for storage at a warehouse that meets standards for approval at part 1423 of this chapter. Such quantity shall be the net weight specified on the warehouse receipt or supplemental certificate.

(b) Two or more producers may obtain a single joint marketing assistance loan for commodities stored in an approved warehouse if the warehouse receipt pledged as collateral is issued jointly to the producers.

(c) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the regulations in this part. Each such producer shall also remain liable for repayment of the entire marketing assistance loan amount until the marketing assistance loan is fully repaid without regard to such producer's claimed share in the commodity pledged as collateral for the marketing assistance loan. In addition, such producer may not amend the note and security agreement with respect to the producer's claimed share in such commodities, or marketing assistance loan proceeds, after execution of the note and security agreement by CCC.

(d) Handling and storage rates that CCC has approved to be deducted from marketing assistance loan proceeds are available in USDA State and county FSA service centers. Deductions shall be based upon entries on the warehouse receipt or supplemental certificate, but the storage rate shall not exceed the storage rate CCC has approved. No storage deduction shall be made if written evidence acceptable to CCC is submitted indicating that:

(1) Storage charges through the maturity date have been prepaid; or

(2) The producer has arranged with the warehouse operator for the payment of storage charges through the maturity date and the warehouse operator enters an endorsement in substantially the following form on the warehouse receipt:

Storage arrangements have been made by the depositor of the commodity covered by this receipt through (date through which storage has been provided). No lien will be asserted by the warehouse operator against CCC or any subsequent holder of the warehouse receipt for the storage charges that accrued before the specified date.

(e) The beginning date to be used for computing storage deductions on the commodity stored in an approved warehouse shall be the later of the following:

(1) The date the commodity was received or deposited in the warehouse;

(2) The date the storage charges start; or

(3) The day following the date through which storage charges have been paid.

(f) For hard red winter and hard red spring wheat tendered to CCC and stored in an approved warehouse, producers must obtain official protein content determinations or, as CCC determines is acceptable, protein content may be determined by mutual agreement between the producer and the warehouse operator. Costs of determinations shall not be paid by CCC.

(g) For warehouse-stored peanuts, CCC will pay storage charges and in-charges and other fees as determined by CCC, to ensure proper storage of CCC loan collateral. The beginning date to be used for computing storage deductions on the CCC peanut loan collateral stored in an approved warehouse shall be the later of the following:

(1) The date the commodity was received or deposited in the warehouse;

(2) The date the storage charges start; or

(3) The day following the date through which storage charges have been paid.

(4) The date all required marketing assistance loan documents are received in the county office.

§ 1421.107 Warehouse receipts.

(a) Warehouse receipts tendered to CCC under § 1421.3 for marketing assistance loans must meet the provisions of this section and all other provisions of this part, and CCC program documents.

(b) Warehouse receipts must be issued in the name of the eligible producer or CCC. If issued in the name of

the eligible producer, the receipt must be properly endorsed on its reverse side certifying that the crop is free of encumbrances in order for title to vest in the holder. Receipts must be issued by an approved warehouse and must represent a commodity that is deemed to be stored commingled. The receipts must be negotiable and must represent a commodity that is the same quantity and quality as the eligible commodity actually in storage in the warehouse of the original deposit.

(c) If the receipt is issued for a commodity that is owned by the warehouse operator either solely, jointly, or in common with others, the fact of such ownership shall be stated on the receipt. In States where the pledge of warehouse receipts issued by a warehouse operator on the warehouse operator's commodity is invalid, the warehouse operator may offer the commodity to CCC for a marketing assistance loan if such warehouse is licensed under the U.S. Warehouse Act.

(d) Each warehouse receipt or accompanying supplemental certificate representing a commodity stored in an approved warehouse that has a storage agreement with CCC shall indicate that the commodity is insured under such agreement. CCC shall not be responsible for the cost of such insurance.

(e) A separate warehouse receipt must be submitted for each grade and class of any commodity tendered to CCC and, for rice, such receipt must also state the milling yield of the rice, and for wool, such receipts must also state the yield and micron of the wool.

(f) With respect to peanuts, a warehouse receipt must be submitted exhibiting grade, type, and segregation for peanuts tendered to CCC.

(g)(1) Each warehouse receipt, or a supplemental certificate (in duplicate) that properly identifies the warehouse receipt, must be issued under the applicable CCC storage agreement or the U.S. Warehouse Act, as applicable, and must indicate:

- (i) The name and location of the storing warehouse;
- (ii) The warehouse code assigned by CCC;
- (iii) The warehouse receipt number;
- (iv) The date the receipt was issued;
- (v) The type of commodity;

(vi) The date the commodity was deposited or received;

(vii) The date to which storage has been paid or the storage start date;

(viii) Whether the commodity was received by rail, truck or barge;

(ix) The amount per bushel, pound, or hundredweight of prepaid in or out charges;

(x) The signature of the warehouse operator or the authorized agent; and

(xi) For warehouses operating under a merged warehouse code agreement (KC-385), the location and county to which the producer delivered the commodity.

(2) In addition to the information specified in paragraph (f)(1) of this section, additional commodity specific requirements shall be determined by CCC and be available at State and county offices and the Kansas City Commodity Office.

(h) If a warehouse receipt indicates that the commodity tendered for loan grades "infested" or "contains excess moisture", or both, the receipt must be accompanied by a supplemental certificate in order for the commodity to be eligible for a marketing assistance loan. The grade, grading factors, and quantity to be delivered must be shown on the certificate as follows:

(1) When the warehouse receipt shows "infested" and the commodity has been conditioned to correct the infested condition, the supplemental certificate must show the same grade without the "infested" designation and the same grading factors and quantity as shown on the warehouse receipt.

(2)(i) When the warehouse receipt shows that the commodity contained excess moisture and the commodity has been dried or blended, the supplemental certificate must show the grade, grading factors, and quantity after drying or blending of the commodity. Such entries shall reflect a drying or blending shrinkage as provided in paragraph (g)(2)(iv) of this section.

(ii) When a supplemental certificate is issued under paragraphs (g)(1) and (g)(2)(i) of this section, the grade, grading factors and the quantity shown on such certificate shall supersede the entries for such items on the warehouse receipt.

(iii) If the commodity has been dried or blended to reduce the moisture content, the quantity specified on the warehouse receipt or the supplemental certificate shall represent the quantity after drying or blending.

(iv) For commodities dried or blended under paragraph (g)(2)(iii) of this section, such quantity shall reflect a minimum shrinkage in the receiving weight excluding dockage:

(A) For the following commodities, 1.3 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

- (1) Barley: 14.5 percent;
- (2) Corn: 15.5 percent;
- (3) Grain sorghum: 14.0 percent;
- (4) Oats: 14.0 percent;
- (5) Rice: 14.0 percent;
- (6) Soybeans: 14.0 percent;
- (7) Wheat: 13.5 percent; and
- (8) Peanuts: 10.0 percent.

(B) For the following commodities, 1.1 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

- (1) Canola: 10.0 percent;
- (2) Flaxseed: 9.0 percent;
- (3) Mustard Seed: 10.0 percent;
- (4) Rapeseed: 10.0 percent;
- (5) Safflower Seed: 10.0 percent;
- (6) Sunflower Seed: 10.0 percent;
- (7) Crambe: 10.0 percent; and
- (8) Sesame Seed: 10.0 percent.

(i)(1) If, under paragraph (g) of this section, a supplemental certificate is issued in connection with a warehouse receipt, such certificate must state that no lien for processing will be asserted by the warehouse operator against CCC or any subsequent holder of such receipt.

(2) Warehouse receipts and the commodities represented by such receipts that are stored in an approved warehouse that is operating under a CCC storage agreement may be subject to a lien for warehouse charges as specified in the applicable storage agreement. For all commodities except peanuts, the producer who pledged such a receipt as collateral for a loan under this part shall pay to CCC all costs incurred by CCC as result of the existence of the lien. In no event shall a warehouse operator be entitled to satisfy such a lien

by sale of the commodities when CCC is the holder of such receipt.

(j) Warehouse receipts representing commodities that have been shipped by rail or by barge, must be accompanied by supplemental certificates completed under paragraph (f) of this section.

§ 1421.108 Transfers and reconcentrations.

(a) Upon request by the producer before transfer, the county committee may approve the transfer of a quantity of a commodity that is pledged as collateral for a farm-stored loan to a warehouse-stored loan at any time during the loan period.

(1) Liquidation of the farm-stored loan or part thereof shall be made through the pledge of warehouse receipts for the commodity placed under warehouse-stored loan and the immediate payment by the producer of the amount by which the warehouse-stored loan is less than the farm-stored loan or part thereof and charges plus interest. The loan quantity for the warehouse-stored loan cannot exceed 110 percent of the loan quantity transferred from the farm-stored loan.

(2) Any amounts due the producer shall be disbursed by the FSA county service center.

(b) Upon request by the producer before the transfer, the county committee may approve the transfer of a warehouse-stored loan or part thereof to a farm-stored loan at any time during the marketing assistance loan period. Quantities pledged as collateral for a farm-stored loan shall be based on a measurement or a calculation of average production of wool and mohair, such measurement or calculation to be made by a representative of the county office before approving the farm-stored loan. The producer must immediately repay the amount by which the farm-stored loan is less than the warehouse-stored loan and charges plus interest on the shortage. The maturity date of the farm-stored loan shall be the maturity date applicable to the warehouse-stored loan that was transferred.

(c) Upon the filing of the Reconcentration Agreement and Trust Receipt by the producer and warehouse operator, CCC may, during the marketing assistance loan period, approve

§ 1421.109

7 CFR Ch. XIV (1-1-06 Edition)

the reconcentration in another CCC-approved warehouse for all or part of a commodity that is pledged as collateral for a warehouse-stored loan. Any such approval shall be subject to the terms and conditions in the Reconcentration Agreement and Trust Receipt. A producer may, before the new warehouse receipt is delivered to CCC, pay to CCC:

(1) The principal amount of the marketing assistance loan and charges plus interest and applicable charges; or

(2) If CCC so announces, an amount less than the principal amount of the marketing assistance loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the commodity pledged as collateral for such marketing assistance loan.

§ 1421.109 Personal liability of the producer.

(a) When a producer obtains a commodity marketing assistance loan, the producer agrees, in writing, not to:

(1) Provide an incorrect certification of the quantity or make any fraudulent or erroneous representation for the marketing assistance loan; or

(2) Remove or dispose of a quantity of commodity that is collateral for a CCC farm-stored loan without prior written approval from CCC.

(3) The violation of the terms and conditions of the note and security agreement, will cause harm or damage to CCC in that funds may be disbursed to the producer for a quantity of a commodity that is not actually in existence or for a quantity on which the producer is not eligible.

(b) Such violations as are referred to in paragraph (a)(3) of this section may include:

- (1) Incorrect certification;
- (2) Unauthorized removal; and
- (3) Unauthorized disposition.

(c) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC for such violations. Accordingly, if the county committee determines that the producer has committed such violations, liquidated damages shall be assessed on the quantity of the commodity that is involved in the violation.

(d) In the case of violations, if CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the marketing assistance loan rate applicable to the loan note for the first offense; or

(ii) 25 percent of the marketing assistance loan rate applicable to the loan note for the second offense; or

(2) Did not act in good faith about the violation, or for cases other than the first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the marketing assistance loan rate applicable to the loan note.

(e) For violations and the liquidated damages under paragraph (d)(1) of this section, the county committee shall:

(1) Require repayment of the marketing assistance loan quantity removed or disposed of at the lesser of:

(i) The applicable loan principal, and charges, plus interest, or:

(ii) The announced alternative repayment rate in effect on date the violation occurred, plus 15 percent of the loan rate, or as otherwise determined by the Deputy Administrator, and

(2) If the producer fails to pay such amount within 30 days from the date of notification, accelerate the marketing assistance loan in default and require repayment of all loan principal, charges, and interest.

(f) For violations committed and the liquidated damages were assessed under paragraph (d)(2) of this section, the county committee shall call the loan involved in the violation, and require repayment of the entire loan principal, charges and interest.

(g) The county committee may waive imposing liquidated damages if it determines that the violation was inadvertent, accidental, or unintentional.

(h) If, for any violation, the county committee determines that CCC's interest is not or will not be protected, the county committee shall call all of the producer's farm-stored loans, and deny future farm-stored loans and loan deficiency payments without production evidence for 24 months after the

date the violation is discovered. Depending on the severity of the violation, the county committee may deny future farm-stored loans and loan deficiency payments without production evidence for an additional period CCC designates.

(i) If the county committee determines that the producer has committed a violation, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances that caused the violation, to the county committee; and

(2) Administrative actions will be taken.

(j) If the loan is accelerated, the producer may not repay the loan at the lower alternative loan repayment rate and may not utilize commodity certificate exchanges, unless authorized by CCC.

(k) Producers rejected for a farm-stored loan under this section may apply for a warehouse-stored loan.

(l) The loan plus other charges shall be payable to CCC upon demand if a producer:

(1) Makes any fraudulent representation in obtaining a marketing assistance loan, maintaining, or settling a loan; or

(2) Disposes or moves the loan collateral without the approval of CCC.

(m) A producer shall be personally liable for damages resulting from a commodity delivered to or removed by CCC containing mercurial compounds, toxin producing molds, or other substances poisonous or harmful to humans or animals or property.

(n) If the amount disbursed under a marketing assistance loan or in settlement thereof, exceeds the amount authorized by this part, the producer shall be liable for repayment of such excess and charges, plus interest.

(o) If the amount collected from the producer in satisfaction of the marketing assistance loan is less than the amount required under this part, the producer shall be personally liable for repayment of the amount of such deficiency and charges, plus interest.

(p) In the case of joint loans or loan deficiency payments, the personal li-

ability for the amounts specified in this section shall be joint and several on the part of each producer signing the note or loan deficiency payment application.

(q) Any or all of the liquidated damages assessed may be waived as determined by CCC.

[67 FR 63511, Oct. 11, 2002, as amended at 68 FR 67939, Dec. 5, 2003]

§ 1421.110 Repayments.

(a) CCC may allow a producer to repay a nonrecourse marketing assistance loan at a rate that is the lesser of:

(1) The loan rate and charges, plus interest determined for a crop; or

(2) The prevailing world market price, as determined by CCC, for rice or the alternative repayment rate for all other commodities, as determined by CCC.

(b)(1) On a form prescribed by CCC, a producer may request to lock in the applicable repayment rate for a period of:

(i) 60 calendar days; or

(ii) not less than 14 calendar days before the maturity date of the loan, but not both.

(2) The request to lock in the applicable repayment rate must be received in the FSA county service center that disbursed the loan.

(3) The repayment rate that is locked in is the rate in effect when the request to lock in is approved.

(4) The repayment rate may be locked in on outstanding farm-stored or warehouse-stored loans.

(5) The repayment rate that is locked in will expire the earlier of:

(i) 60 calendar days from date of approval, or;

(ii) 14 calendar days before loan maturity.

(6) The requests can only be completed one time for a designated quantity.

(7) The requests can be made in person or by facsimile.

(8) The requests cannot be canceled, terminated, or changed after approval.

(9) The locked-in applicable repayment rate will not transfer to any loan disbursed outside of the originating county where the commodity was stored.

(10) Once a repayment rate is locked in it cannot be extended.

§ 1421.111

7 CFR Ch. XIV (1-1-06 Edition)

(c) If a producer fails to repay a marketing assistance loan within the time prescribed by CCC under the terms and conditions of the request to lock in a market loan repayment rate, the producer may repay the loan:

(1) On or before maturity, at the lesser of:

(i) Principal plus interest as determined by CCC;

(ii) The repayment rate in effect on the day the repayment is received in the FSA county service center.

(2) After maturity at principal plus interest.

(d) When the proceeds of the sale of the commodity are needed to repay all or a part of a farm-stored loan, the producer must request and obtain prior written approval on a CCC approved form and comply with the terms and conditions of such form, to remove a specified quantity of the commodity from storage. Approval does not constitute release of CCC's security interest in the commodity or release of producer liability for amounts due CCC for the marketing assistance loan indebtedness if payment in full is not received by the county office. Failure to repay a marketing assistance loan within the time period prescribed by CCC in the case of a farm-stored loan and delivery of the pledged collateral to a buyer, is a violation of the agreement. In the case of such violation, the producer must repay the loan principal and interest or another amount as determined by the Deputy Administrator, FSA, under § 1421.109.

(e) The producer may obtain county committee approval of a release of all or part of pledged collateral for a warehouse-stored loan at or before the maturity of such loan by paying to CCC:

(1) The principal amount of the marketing assistance loan and charges plus interest, or

(2) An amount less than the principal amount of the marketing assistance loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the collateral for such loan.

(f) A partial release of marketing assistance loan collateral must cover all of the commodity represented by one warehouse receipt. Warehouse receipts redeemed by repayment of the mar-

keting assistance loan shall be released only to the producer. However, such receipt may be released to persons designated in a written authorization that is filed with the county office by the producer within 15 days before the date of repayment.

(g) The note and security agreement shall not be released until the marketing assistance loan has been satisfied in full.

(h)(1) If the commodity is moved from storage without obtaining prior approval to move such commodity, such removal shall constitute unauthorized removal or disposition, as applicable under § 1421.109(b), unless the removal occurred on a non-workday and the producer notified the county office on the next workday of such removal.

(2) Any loan quantities involved in a violation of § 1421.109 must be repaid under § 1421.109(e).

§ 1421.111 Commodity certificate exchanges.

(a) For any outstanding marketing assistance loan, a producer may purchase a commodity certificate and exchange that commodity certificate for the marketing assistance loan collateral.

(b) The exchange rate is the lesser of:

(1) The loan rate and charges, plus interest applicable to the loan;

(2) The prevailing world market price, as determined by CCC, for rice or the alternative repayment rate for all other commodities, as determined by CCC.

(c) Commodity certificate exchanges may not be used when locking in a repayment rate under § 1421.110.

(d) Producers must request a commodity certificate exchange in person at the FSA county service center that disbursed the marketing assistance loan by:

(1) Completing a written request as CCC determines.

(2) Purchasing a commodity certificate for the exact amount required to exchange the marketing assistance loan collateral.

(3) Immediately exchanging the purchased commodity certificate for the outstanding loan collateral.

§ 1421.112 Loan settlement.

(a) The value of the settlement of marketing assistance loan shall be made by CCC on the following basis:

(1) For nonrecourse marketing assistance loans, the schedule of premiums and discounts for the commodity provided that:

(i) If, the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If, the value of the collateral at settlement is greater than the amount due, such excess shall be retained by CCC and CCC shall have no obligation to pay such amount to any party.

(2) For recourse marketing assistance loans, the proceeds from the sale of the commodity provided that:

(i) If, the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If, the proceeds received from the sale of the commodity are greater than the sum of the amount due, plus any cost incurred by CCC in conducting the sale of the commodity, the amount of such excess shall be paid to the producer or, if applicable, to a secured creditor of the producer.

(3) If CCC sells the commodity described in paragraphs (a)(1) or (a)(2) of this section in settlement of the marketing assistance loan, the sales proceeds shall be applied to the amount owed CCC by the producer. The producer shall be responsible for any costs incurred by CCC in completing the sale. CCC may deduct such amount from the sales proceeds.

(b) Settlements made by CCC for eligible commodities that are acquired by CCC and that are stored in an approved warehouse shall be made on the basis of the entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents.

(c) Settlements made by CCC for peanuts acquired by CCC and stored in an approved warehouse shall be based on the settlement value at the time of the loan disbursement and the entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents subject to adjust-

ments for changes in quality and other factors.

(1) All eligible commodities that are stored in other than approved warehouses shall be delivered to CCC as CCC instructs. Settlement shall be based on entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents.

(2) For eligible loan commodities that are delivered from other than an approved warehouse, settlement shall be made by CCC on the basis of the basic marketing assistance loan rate that is in effect for the commodity at the producer's customary delivery point, as determined by CCC.

(d) In all cases, settlements may be adjusted for changes in quality and other factors affecting the value of the commodity.

§ 1421.113 Foreclosure.

(a)(1) Upon maturity and nonpayment of a warehouse-stored loan, title to the unredeemed collateral securing the marketing assistance loan shall immediately vest in CCC.

(2) Upon maturity and nonpayment of a farm-stored marketing assistance loan, title to the unredeemed collateral shall automatically transfer to CCC upon CCC demand.

(3) When CCC acquires title to the unredeemed collateral, CCC shall not pay for any market value that such collateral may have in excess of the marketing assistance loan indebtedness, (the unpaid amount of the note and charges plus interest).

(b) If the total amount due on a farm-stored loan (the unpaid amount of the note plus charges, and interest) is not satisfied upon maturity, CCC may remove the commodity from storage, and assign, transfer, and deliver the commodity or documents evidencing title thereto when, how, and upon terms as CCC determines. Disposition may also be effected without removing the commodity from storage. The commodity may be processed before sale and CCC may become the purchaser of the whole or any part of the commodity at either a public or private sale.

(1) The value of settlement for a farm-stored commodity removed by CCC from storage and shall be as provided in § 1421.112.

§ 1421.114

7 CFR Ch. XIV (1-1-06 Edition)

(2) If a deficiency exists after the collateral is sold, a claim for such deficiency will be established in accordance with part 1403 of this title.

§ 1421.114 Recourse marketing assistance loans.

(a) CCC shall make recourse marketing assistance loans available to eligible producers of high moisture corn, high moisture grain sorghum and other eligible loan commodities as determined by the Deputy Administrator, Farm Programs.

(b) Repayment must be paid in full on or before the loan maturity date.

(c) Recourse marketing assistance loan collateral may not be delivered or forfeited to CCC in satisfaction of the loan indebtedness.

Subpart C—Loan Deficiency Payments

SOURCE: 67 FR 63511, Oct. 11, 2002, unless otherwise noted.

§ 1421.200 Applicability.

(a) During the loan availability period, loan deficiency payments will be made available to eligible producers when the alternative repayment rate is less than the applicable county loan rate.

(b) To be eligible to receive loan deficiency payments a producer must:

(1) Comply with all marketing assistance loan eligibility including beneficial interest requirements.

(2) Agree to forgo obtaining such loan, if applicable; and

(3) File in person, by mail or electronically a request for payment on a form prescribed by CCC; and

(4) Otherwise comply with all program requirements.

(c) A producer must submit a completed request for:

(1) A field direct loan deficiency payment to CCC on or before the date of harvesting or shearing a quantity of an eligible commodity, provided further that the producer must have beneficial interest in such quantity on the date the commodity is harvested or sheared.

(2) A field direct loan deficiency payment to CCC for unshorn pelts on or before the date of slaughter of the quantity of live lambs, before the loss by the producer of beneficial interest in the lamb and the unshorn pelt produced from such lamb.

(3) All other types of loan deficiency payment requests after harvest or shearing and before beneficial interest is lost in the commodity, but not later than the loan availability date.

(d) For unshorn pelts, the lamb must be owned for a period of not less than 30 days in advance of the application and sold for immediate slaughter or slaughtered for personal use. Producers must submit acceptable production evidence to CCC under § 1421.12 at the time of request. Producers who do not sell lambs for immediate slaughter are ineligible for a loan deficiency payment.

§ 1421.201 Loan deficiency payment rate.

(a) The loan deficiency payment rate for a crop shall be the amount by which the loan rate for the crop exceeds the rate at which CCC has announced that producers may repay their loans under § 1421.10.

(b) Such rate shall be the amount determined:

(1) For loan deficiency payments other than field direct:

(i) On the day the producer submits a completed request for a loan deficiency payment to the FSA county service center;

(ii) Using the rate in effect for the FSA county service center where the commodity is stored.

(2) For field direct loan deficiency payments:

(i) On the date the commodity was delivered to the processor, buyer, warehouse or CMA;

(ii) Using the rate in effect for the FSA county service center where the farm records are kept.

(3) For rice loan deficiency payments, the adjusted world price under § 1421.10(c).

(c) The loan deficiency payment applicable to such crop shall be computed

by multiplying the loan deficiency payment rate, as determined under paragraph (b) of this section, by the quantity of the crop the producer is eligible to pledge as collateral for a non-recourse loan for which the loan deficiency payment is requested.

§ 1421.202 Loan deficiency payment quantity.

(a) A loan deficiency payment may be based on 100 percent of the net eligible quantity specified on acceptable evidence of production of the commodity certified as eligible for loan deficiency payment if such production evidence is provided for such commodity under § 1421.12.

(b) Two or more producers may obtain a single joint loan deficiency payment for commodities that are stored in the same storage facility. Two or more producers may obtain individual loan deficiency payments for their share of the commodity that is stored commingled in a farm storage facility with commodities for which a loan deficiency payment has been requested and shall be liable for any damage incurred by CCC for incorrect certification of such commodities under § 1421.203.

(c) Two or more producers may obtain a single joint loan deficiency payment for commodities that are stored in an approved or unapproved warehouse if the acceptable documentation representing an eligible commodity for which a loan deficiency payment is requested is completed jointly for such producers.

§ 1421.203 Personal liability of the producer.

(a) When a producer requests a loan deficiency payment, the producer agrees:

(1) When signing the Loan Deficiency Payment Application and Certification or the Direct Loan Deficiency Payment Agreement, as applicable, that the producer will not provide an incorrect certification of the quantity or make any fraudulent representation for loan deficiency payment purpose; and

(2) That violation of the terms and conditions of the loan deficiency payment request, as applicable, will cause harm or damage to CCC in that funds

may be disbursed to the producer for a quantity of a commodity that is not actually in existence or for a quantity on which the producer is not eligible, if CCC determines that the producer has violated the terms and conditions of the applicable forms prescribed by CCC, liquidated damages shall be assessed on the quantity of the commodity that is involved in the violation.

(b) If CCC determines that the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan deficiency payment rate for the first offense; or

(ii) 25 percent of the loan deficiency payment rate for the second offense.

(2) Did not act in good faith about the violation, or for cases other than the first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan deficiency payment rate.

(c) For violations to which paragraph (b)(1) of this section applies, the producer must repay the loan deficiency payment applicable to the loan deficiency quantity incorrectly certified, and charges, plus interest applicable to the amount repaid. If the producer fails to pay such amounts within 30 days from the date of notification, the producer must repay the entire loan deficiency payment and charges plus interest.

(d) For violations to which paragraph (b)(2) of this section applies, the producer shall repay of the entire loan deficiency payment and charges plus interest.

(e) CCC may waive the liquidated damages taken applicable to paragraph (b) of this section if the CCC determines that the violation occurred inadvertently, accidentally, or unintentionally.

(f) If, for any violation to which paragraph (b) of this section applies, the county committee determines that CCC's interest is not or will not be protected, the county committee shall:

(1) Call the producer's farm-stored loans;

§ 1421.300

(2) Deny future farm-stored loans for the current and 2 following crop years;

(3) Deny loan deficiency payments for the current and 2 following crop years unless production evidence is presented to CCC. Depending on the severity of the violation, the county committee may deny future farm-stored loan and loan deficiency payments without production evidence.

(g) If the county committee determines that the producer has committed a violation, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances that caused the violation, to the county committee; and

(2) Administrative action will be taken under this section.

(h) If the amount disbursed under loan deficiency payments exceeds the amount authorized by this part, the producer shall be liable for repayment of such excess and charges, plus interest.

(i) In the case of joint loan deficiency payments, the personal liability for the amounts specified in this section shall be joint and several on the part of each producer signing the loan deficiency payment application.

(j) Any or all of the liquidated damages assessed under the provisions of paragraph (b) of this section may be waived as determined by CCC.

Subpart D—Grazing Payments for 2002–2007 Crop of Wheat, Barley, Oats and Triticale

SOURCE: 66 FR 13404, Mar. 6, 2001, unless otherwise noted. Redesignated at 67 FR 63511, Oct. 11, 2002.

§ 1421.300 Applicability.

(a) The regulations in this subpart are applicable to the 2002–2007 crops of eligible acreage planted to wheat, barley, oats or triticale that is grazed by livestock and not harvested in any other manner. This subpart sets forth the terms and conditions under which a grazing payment in lieu of a loan deficiency payment will be made by CCC.

(b) The form that is used in administering these payments is available in

7 CFR Ch. XIV (1–1–06 Edition)

State and county FSA offices and shall be prescribed by CCC.

[66 FR 13404, Mar. 6, 2001. Redesignated and amended at 67 FR 63511, 63523, Oct. 11, 2002]

§ 1421.301 Administration.

(a) This subpart shall be administered by the Farm Service Agency (FSA) under the general direction and supervision of the Executive Vice President, CCC or designee. The program shall be carried out in the field by State and county FSA employees under the general direction and supervision of the State and county FSA committees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations in this part, as amended or supplemented.

(c) The State committee shall take any action required by this part which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, any action taken by such county committee which is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action which is not in accordance with the regulations of this part.

(d) No delegation herein to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs (DAFP), FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where timeliness or failure to meet such other requirements does not adversely affect the operation of the program. In addition, DAFP may establish other conditions for payments that will assist in achieving the goals of the program and may include such provisions in the program agreement or other program documents.

§ 1421.302 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration under this subpart:

COC means the FSA county office committee.

CCC means the Commodity Credit Corporation.

Department means the United States Department of Agriculture.

Deputy Administrator means the Deputy Administrator for Farm Programs, Farm Service Agency (FSA) or a designee of that person.

FSA means the Farm Service Agency of the Department.

Secretary means the Secretary of the United States Department of Agriculture, or the Secretary's delegate.

STC means the FSA State committee.

§ 1421.303 Eligible producer and eligible land.

(a) To be an eligible producer for a payment under this subpart, the person must be a producer of wheat, barley, oats, or triticale in the 2002 through 2007 crop years. Also, to be an eligible producer, the person must meet all other qualifications for payment that are set out in this subpart, set out in parts 12, 718, 1400, and 1405 of this title. A person will not be considered the producer of the crop unless that person was responsible for the planting of the crop and had the risk of loss in the crop at all times, including, at the time of planting and the time of the request for a payment under, this subpart.

(b) A minor may participate in the program if the right of majority has been conferred on the minor by court order or by statute, or if the minor participates through a guardian authorized to act on the minor's behalf in these matters. Alternatively, a minor may participate if the program documents are all signed by an acceptable (to CCC) guarantor or if bond, acceptable to CCC, is provided by a surety.

(c) For the crop to be eligible, the crop, in addition to other standards that may apply, must be grown on land that is classified as "cropland" in FSA farm records or on land that FSA determines has been cropped in the last 3

years except that the land may also qualify if the land is committed to a crop rotation, normal for the locality, that includes harvesting the subject crop for grain. These rules are designed to assure, to the extent practicable, the available payment did not produce plantings that otherwise would not have occurred and the CCC may deny payments in any instance in which there is reason to believe that the planting was done for that purpose. To that end, if the commodity involved has not been previously grown by the producer or is not one which is not predominately produced locally, the producer must submit evidence of seed purchases for planting the commodities and other evidence deemed needed or appropriate by the COC in order to assure that the program goals are made and that the land was not planted to an eligible commodity simply to obtain a payment. Also, the land to be eligible must, for the year involved, be grazed and cannot, during the crop year, be harvested at any time for any purpose, except as determined by the Deputy Administrator to accommodate producers with a history of double-cropping when the crop to be harvested is not the crop for which a payment is to be made under this subpart. Land will be considered grazed only to the extent that the crop on the land is consumed in the field as live plants by livestock for the normal period of time for grazing in the area.

(d)(1) A producer must, at the time of the agreement made under this part to obtain a payment, meet all other eligible criteria for obtaining loan deficiency payments.

(2) For producers of triticale who obtain a payment under this subpart the producer must enter into an agreement with CCC to forgo any harvesting of triticale on the acreage for which such a payment is made.

(e)(1) No payment will be made if the crop could not have been harvested because of weather conditions or any other reason.

(2) The producer must retain the control, title and risk of loss in the commodity for which the payment is sought from the date of planting through the date on which mechanical

§ 1421.304

harvesting of the crop would normally occur.

(f) Producers who elect to graze 2002–2007 crop wheat, barley, oats, or triticale will not be eligible for an indemnity under the Federal Crop Insurance Program provision of Chapter IV of this title or a payment under Non-insured Crop Assistance Program authorized under part 1437 of this chapter.

[66 FR 13404, Mar. 6, 2001. Redesignated and amended at 67 FR 63511, 63523, Oct. 11, 2002]

§ 1421.304 Time and method for application.

Application for the program provided in this subpart must be received, at the county office that is responsible for administering programs for the farm, no earlier than the date on which eligible crops would normally be harvested and no later than the final loan availability date as determined in accordance with § 1421.5. The application must describe the land to be grazed and, in accordance with standards set by CCC, the tract/field location. The COC will determine the first harvest date which shall take into account the date on which such crops are, locally, normally harvested for any purpose. Where multiple producers are involved, the form must reflect each producer's share in the crop. No producer must receive payments under this subpart except to the extent that the payments are commensurate with that share. Should a person who is entitled to receive a payment under this subpart die, that payment, as earned, may be made to other persons as provided for in the rules set out in part 707. Third parties may also receive payments to the extent provided for in that part for other situations involving an incapacitation of the producer. Refusals to allow CCC to verify information on any form or report utilized for this subpart can result in program ineligibility and producers must provide CCC and its agent to the property involved and to all records as may be relevant to the making of payments under this subpart. Further, false statements will disqualify the producer from the program and may be

7 CFR Ch. XIV (1–1–06 Edition)

subject to other sanctions including criminal sanctions.

[66 FR 13404, Mar. 6, 2001. Redesignated and amended at 67 FR 63511, 63524, Oct. 11, 2002]

§ 1421.305 Payment amount.

(a) The grazing payment rate shall be the loan deficiency payment in effect for the farm on the date which the producer submits a complete program application to CCC. For triticale, the loan deficiency payment rate will be equal to the rate for the predominant class of wheat in the county where the farm is located in effect as of the date of the application is filed.

(b) The payable units of production shall be computed by multiplying the eligible grazed acres by the applicable yield determined under paragraph (c) of this section.

(c) The payment yield shall be the yield in effect for the calculation of direct payments under part 1412 of this chapter. In a case of a farm for which a farm program payment yield is unavailable for a covered commodity, an appropriate payment yield for the covered commodity on the farm will be determined by CCC taking into consideration the farm program payment yields applicable to the commodity using three (3) similar farms. For triticale, the payment yield shall be the yield for wheat from three (3) similar farms in that county.

(d) No payment may be received or retained under this subpart to the extent that the payment, were they considered to be LDP's, would place that person over the per person per year payment limit that applies to LDP's. The producer agrees that the CCC may collect any payment considered to be an overpayment by reason of this subsection by withholding LDP payments until the matter is resolved, by treating the LDP as being not payable to the extent that a grazing refund would otherwise be due, by setoff, or by any other means available to CCC.

(e) Payments can be withheld until the actual grazed acreage is verified and justified in connection with any other reports filed with FSA with respect to the farm (or filed with some other person or agency) and until all other necessary information is obtained. The CCC may require such

other verification as it deems appropriate to assure that the program goals are met.

(f) To receive the payment, the eligible producer must submit a request for payment on an application form as prescribed by CCC or FSA. The application may be obtained from the county FSA office, or from the USDA or FSA web site in the Internet. The form must be submitted to the county by the close of business on or before March 31 of the applicable crop year.

(g) The producer will be ineligible for payments under this subpart if any discrepancies between the reported acreage on the program form and other reports of acreage by the producer are not resolved by a date set by the CCC.

(h) Unless otherwise authorized by the Deputy Administrator, all payments shall be made no later than September 28, 2001.

[66 FR 13404, Mar. 6, 2001. Redesignated and amended at 67 FR 63511, 63524, Oct. 11, 2002]

§ 1421.306 Misrepresentation and scheme or device.

(a) A producer shall be ineligible to receive payments under this subpart if it is determined by DAFP, the State committee, or the county committee to have:

(1) Adopted any scheme or device which tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this subpart to a producer engaged in a misrepresentation, scheme, or device, or to any other person as a result of the producer's actions, shall be refunded with interest together with such other sums as may become due. Any producer engaged in acts prohibited by this section and any person receiving payment under this subpart, as a result of such acts, shall be jointly and severally liable for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

§ 1421.307 Refunds; joint and several liability.

(a) In the event there is a failure to comply with any term, requirement, or condition for payment arising under this application, or this subpart, and if any refund of a payment to CCC shall become due for that or other reason in connection with the application, or this subpart, all payments made under this subpart to any producer shall be refunded to CCC together with interest as determined in accordance with paragraph (c) of this section and late-payments charges as provided for in part 1402 of this chapter.

(b) All persons listed on an application shall be jointly and severally liable for any refund due in connection with that application and for any related charges which may be determined to be due for any reason.

(c) Interest shall be applicable to refunds required of the producer. Such interest shall be charged at the rate of interest which the United States Treasury charges CCC for funds, as of the date CCC made such benefits available. Such interest shall accrue from the date such benefits were made available to the date of repayment but the interest rate shall increase to reflect any increase in the rate charged to CCC by Treasury for any percent of time for which the interest assessment is collected. CCC may waive the accrual of interest if CCC determines that the cause of the erroneous determination was not due to any action of the producer.

(d) Late payment interest shall be assessed on refunds in accordance with the provisions of, and subject to the rates in 7 CFR part 1403.

(e) Producers must refund to CCC any excess payments made by CCC with respect to any application in which they have an interest. Such refund shall be subject to interest at the same rate that applies to other refunds.

Subpart E—Designated Marketing Associations for Peanuts

SOURCE: 70 FR 33799, June 10, 2005, unless otherwise noted.

§ 1421.400 Applicability and abbreviations.

(a) This subpart sets forth the terms and conditions under which an entity which is a marketing association of peanut producers, or a subsidiary of such an entity, may qualify to become an eligible “designated marketing association” or “DMA” qualified to process peanut marketing assistance loans and peanut loan deficiency payments for peanut producers. This subpart only applies with respect to peanut loans and peanut loan deficiency payments. This subpart also specifies when storage credit will begin with respect to peanuts under loans handled by designated marketing associations.

(b) In addition to other abbreviations that may be used, the following abbreviations apply to this subpart:

(1) *CCC* means the Commodity Credit Corporation.

(2) *CMA* means cooperative marketing associations which are the subject of regulations in part 1425 of this chapter.

(3) *DMA* means designated marketing associations.

(4) *EWR* means electronic warehouse receipts.

(5) *FSA* means the Farm Service Agency of the U.S. Department of Agriculture.

(6) *LDP* means loan deficiency payments as provided for in this part.

(7) *MAL* means marketing assistance loans as provided in this part.

§ 1421.401 Definitions.

The definitions set forth in this section shall apply for purposes of program administration under this subpart. The terms defined in this part, in part 718 of this title, and in parts 1425 and 1427 of this chapter shall also be applicable, except where those definitions conflict with the definitions in this section.

Administrative County Office is the FSA County Office where a producer’s FSA records are maintained.

Control or Recording FSA County Office is the FSA County Office that controls subsidiary files for producers designated as multi-county producers.

Current net worth ratio means current assets minus current liabilities, divided by current liabilities, based on

the financial statement provided in connection with a DMA application or a recertification for DMA status.

DMA Service County Office is an FSA County Office designated by CCC to accept, process, and disburse bundled peanut MAL’s and LDP’s to a DMA. In the absence of a centralized MAL and LDP processing system for peanuts, a service county FSA office is necessary for entering MAL’s and LDP’s made by DMA’s into CCC accounting systems.

Drawdown account is an account titled to the DMA at a financial institution and funded at the discretion of CCC for the purpose of allowing the DMA to advance funds to producers who have applied for MAL’s and LDP’s before a subsequent MAL or LDP is made to the DMA by an assigned FSA county office.

Electronic warehouse receipt or EWR means a receipt electronically filed in a central filing system by an approved provider as provided in an executed, “Farm Service Agency Provider Agreement to Electronically File and Maintain Warehouse Receipts.”

Security means a certified or cashier’s check payable to CCC, an irrevocable commercial letter of credit in a form acceptable to CCC, a performance or surety bond conditioned on the DMA fully discharging all of its obligations under this part, or other form of security as CCC may deem appropriate.

§ 1421.402 DMA responsibilities.

(a) DMA’s are eligible to process the marketing loans and loan deficiency payments provided for in this part only for peanut producers and only if the DMA and the producers and peanuts meet all eligibility criteria set out in this part, including, but not limited to, the DMA eligibility provisions of this subpart. In carrying out those functions, DMA’s must:

(1) Prepare and execute the appropriate CCC peanut MAL and LDP application documents;

(2) Determine whether producers and the commodity are eligible for MAL’s and LDP’s, including whether the otherwise eligible peanuts are free and clear of all liens which DMA’s shall determine by performing lien searches at DMA’s expense;

(3) Instruct the holder of EWR's, if applicable, to notify the EWR provider to amend the EWR to show CCC is the holder;

(4) Receive MAL and LDP documents from a DMA Service County Office;

(5) Disburse peanut MAL's and LDP proceeds to eligible producers;

(6) Prepare and execute documents for MAL repayments;

(7) Collect loan repayments from producers or buyers and transmitting these funds to CCC;

(8) Transmit documents to render forfeited collateral to CCC; and

(9) Collect data for reporting to CCC as required by CCC;

(b) As part of performing the responsibilities in paragraph (a) of this section, DMA's shall:

(1) Become knowledgeable of and follow the procedures in CCC and FSA peanut program regulations, applicable notices published in the FEDERAL REGISTER, applicable FSA peanut program handbooks and amendments thereto, and any applicable notices or instructions issued by FSA and the Agricultural Marketing Service.

(2) Make and service CCC peanut MAL's and LDP's, only upon the presenting by producers or their agents of the warehouse receipts, unless otherwise directed by CCC.

(3) Attend, at the DMA's expense, DMA peanut MAL, and LDP program training offered by CCC.

(4) Provide sufficient personnel, computer hardware, computer communications systems, and software, as determined necessary by CCC, to administer the peanut MAL and LDP program.

§ 1421.403 DMA eligibility to process loans and loan deficiency payments.

(a) A DMA is eligible to process any marketing assistance loan or loan deficiency payments only if approved in advance to handle such matters by the Farm Service Agency pursuant to this part; and:

(1) The DMA meets the financial requirements and other requirements in this subpart and part;

(2) The DMA is comprised solely of peanut producers or is a subsidiary of an organization of peanut producers;

(3) The DMA is not controlled directly or indirectly by a person or enti-

ty that acquires peanuts for processing or crushing through a business involved in buying and selling peanuts or peanut products;

(4) The DMA does not take title at any time to any peanuts for which it processes loans or loan deficiency payments, irrespective of whether such title is taken before or after those activities are performed. If such title or interest is taken, the DMA shall be responsible to return to CCC the full amount of the CCC proceeds disbursed with respect to the peanuts; and

(5) The DMA meets any additional requirements imposed by CCC or FSA.

(b) The DMA's activities under this part shall be conducted only with respect to peanuts and only for producers and peanuts that meet all the eligibility requirements of this part. Such requirements include, but are not limited to, the requirement of § 1421.6 that the producer must have the beneficial interest in the peanuts while the peanuts are under loan or when the loan deficiency payment is received and must be the only person that has had such an interest in the peanuts prior to that time except as allowed by § 1421.6.

§ 1421.404 DMA approval.

(a) Entities wishing to apply to be a DMA enabled to perform loan and loan deficiency functions under this part for peanuts must submit an application for such approval to FSA in a form approved by CCC. That application shall include the following:

(1) Two originals of a properly executed Designated Marketing Association agreement containing the terms and conditions prescribed by CCC.

(2) A financial statement of not less than 1 year old on the date submitted, including accompanying notes, schedules, or exhibits, certified by a certified public accountant as fairly representing the entity's financial condition.

(3) The entity's tax identification number.

(4) A copy of any applicable incorporating or partnership documents.

(5) The applicant entity's mailing address, electronic mail address, and telephone number and facsimile number.

(6) Any and all information requested by CCC regarding the DMA's materials,

§ 1421.405

and equipment as CCC determines is necessary for the applicant to perform the services for which the approval to perform is sought.

(7) A narrative explaining how the proposed DMA entity or parent entity provides marketing services to peanut producers.

(8) Any additional information or financial security requested by the Agency.

(b) Applicants are responsible for notifying FSA when any changes occur to their operations requiring amendments to their application or supporting documents.

§ 1421.405 Financial security.

In order to be approved to handle loans and loan deficiency payments, the DMA must:

(a) Have a current net worth ratio of at least 1:1.

(b) Provide security equal to \$100,000 or a greater amount as determined by CCC.

§ 1421.406 Liability.

(a) DMA's shall indemnify CCC against any claim or loss by CCC in connection with the processing of any MAL's or LDP's or other activity carried out by the DMA. If CCC pays any claim or suffers a loss as a result of the actions of DMA, or if a refund otherwise becomes due to CCC, payment in the amount of such losses or refund, plus interest, may be set-off by CCC from the financial security provided by DMA as required by this subpart. If the amount of the loss exceeds the amount of the financial security, such amount shall be paid to CCC by DMA with interest. Interest and other charges may be assessed consistent with §1403.9 of this chapter. Remedies provided in this section or part are in addition to other remedies or penalties, whether civil, criminal or otherwise, as may apply.

(b) If a DMA becomes liable to CCC under paragraph (a) of this section or otherwise in connection with this subpart, such DMA shall not be eligible to process a LDP or MAL until the claim amount owed CCC is paid in full, and the full amount of financial security required by this subpart has been restored.

7 CFR Ch. XIV (1-1-06 Edition)

§ 1421.407 Reporting requirements.

(a) *Report of changes.* A DMA shall furnish information to CCC within thirty calendar days relating to any substantial change in the DMA operations including but not limited to the following:

(1) A change in its articles of incorporation;

(2) A resolution affecting loan or LDP operations.

(3) A change to the DMA's name, address, phone number, or related information on the DMA agreement.

(b) *Other Information.* The DMA shall supply such additional information as CCC may request related to the DMA's continued approval by CCC to process loans and LDP's under the authority provided in this subpart.

(c) *CCC request for information.* CCC may require a DMA to submit updated information, a new application, or a request for recertification whenever CCC becomes aware of any changes or has any reason to be uncertain that the DMA is operating in a manner that is consistent with the information already submitted, or consistent with this part.

(d) *Annual recertification.* Within 4 months after the end of the DMA's fiscal year, a DMA must submit the following information to CCC:

(1) A current financial statement prepared according to generally accepted accounting principles;

(2) A report of audit or review of the financial statement conducted by an independent Certified Public Accountant. The accountant's report of audit or review shall include the accountant's certifications, assurances, opinions, comments, and notes with respect to such financial statements.

(3) Additional financial security as determined by CCC, if the financial security on file with CCC does not meet current requirements or has expired.

(4) A report of changes as required under paragraph (a) of this section.

(e) *Activity report.* DMA's shall provide CCC reports of MAL and LDP volume and benefit earnings made by the DMA for individual producers, and gains received on behalf of each peanut producer, in a format as directed by CCC.

Commodity Credit Corporation, USDA

§ 1421.414

§ 1421.408 Suspension and termination.

(a) *Suspension.* If CCC determines that a DMA is not in compliance with the DMA agreement CCC may suspend the DMA from making peanut MAL's and LDP's until the DMA corrects the violation, or longer.

(b) *Termination.* The DMA agreement may be terminated by the DMA upon 30-calendar day's written notice to CCC. CCC may cancel the agreement at any time. Upon termination DMA shall immediately cease processing MAL or LDP requests and documents except as needed to preserve CCC's position with respect to existing loans or LDP's.

§ 1421.409 Prohibited activity.

(a) DMA's approved to handle loans under this subpart may not:

(1) Discriminate against or deny any producer from receiving MAL's or LDP's because of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status for which they would otherwise be eligible under the statutes regulating the MAL and LDP program.

(2) Pool peanuts for the purpose of obtaining peanut MAL's or LDP's from CCC.

(3) Pool the proceeds obtained from peanut MAL's or LDP's made by CCC.

(4) Process farm-stored certified or measured MAL's or LDP's unless authorized by CCC.

(5) Take title to any peanuts.

(6) Operate the DMA under the same entity and tax identification number of a CCC-approved CMA.

(7) Refuse services to producers because the DMA was not granted a power of attorney for purposes of executing MAL documents to obtain MAL's for the producer, repaying the MAL for the producer, obtaining LDP's for the producer, or marketing the producer's peanuts.

(8) Adopt any scheme or device to circumvent the purpose of the peanuts MAL and LDP program regulations, the regulation governing DMA's, or the DMA's agreement with CCC.

(9) Process MAL's or LDP's for producers involved in a bankruptcy proceeding unless authorized by CCC.

(10) Process MAL's or LDP's on ineligible peanuts.

(b) If the prohibitions of this section are violated FSA or CCC may take one or more of the actions authorized in this part or otherwise authorized.

§ 1421.410 Monitoring payment limitations.

DMA's shall monitor potential gains for producers and not disburse proceeds or permit loan repayments in lieu of forfeitures of the peanuts that would produce a gain over the per person per year limit allowed to the producer by this part and part 1400 of this chapter or which would otherwise be prohibited.

§ 1421.411 Recordkeeping requirements.

A DMA shall maintain producer MAL and LDP paper documents and electronic records for an indefinite period unless otherwise notified by CCC.

§ 1421.412 Forms.

For purposes of conducting business related to this part, a DMA shall use either current CCC forms or other forms approved by CCC. A DMA may perform functions under this part only when approval has been obtained by CCC.

§ 1421.413 Powers of attorney.

DMA's may hold a power of attorney from a producer allowing the DMA to sign MAL and LDP documents for the producer, but DMA's may obtain and hold such powers only in accordance with the requirements of CCC governing such powers.

§ 1421.414 Liens and waivers.

DMA's performing loan-related functions pursuant to the authority in this subpart shall determine, to the same extent as required for loans handled by FSA county offices, whether a lien on the peanuts exists by performing or obtaining a lien search for all peanuts to be pledged for each MAL, except that the cost associated with such lien search and any necessary lien waivers shall be borne by the DMA. If a lien exists, the DMA shall obtain, on an approved CCC form, a signed waiver from

§ 1421.415

each lienholder with an interest in any such lien.

§ 1421.415 Producer request to a DMA for an MAL or LDP.

Peanut producers or their authorized agent may request that an MAL or LDP be processed by a DMA only if the DMA is approved under this subpart to process such a request and only if the producer supplies to the DMA:

(a) *Beneficial interest information.* Beneficial interest must be maintained by the producer according to §1421.6 for the peanuts to be eligible for MAL or LDP; accordingly, the producer must supply to the DMA such information as it needed to make that determination.

(b) *Warehouse receipts and lien information.* Producers must supply for all peanuts either individual paper warehouse receipts in the producer's name or an electronic warehouse receipt (EWR) number and provider's name. Producers must supply relevant lien information regarding the peanuts; however, the producer's obligation in this regard does not relieve the DMA from making the appropriate lien search.

§ 1421.416 Processing marketing assistance loans.

DMA's shall take the following actions in the following order when an application for an MAL is filed:

(a) Make all the determinations that are a precondition for a loan, including lien determinations and if requested by the producer, enter into a power of attorney agreement with the producer.

(b) If there is an EWR for the peanuts, instruct the current holder to notify the electronic warehouse receipt provider to amend the electronic warehouse receipt to show the DMA as holder. If a paper receipt is involved, the DMA must obtain the receipt (and later, at the appropriate time include the receipt in the documents delivered to the CCC).

(c) Complete all MAL forms.

(d) After the producer or the person holding the power of attorney for the producer signs MAL document, provide the signatory with copies of the documents.

(e) Where there is an EWR for the peanuts notify the EWR provider to make CCC the holder of the EWR and

7 CFR Ch. XIV (1-1-06 Edition)

secure an affirmation verifying that CCC has been made the holder of the EWR.

§ 1421.417 Processing loan deficiency payments.

(a) DMA's shall take the following actions in the following order when an application for an LDP is filed:

(1) In addition to other determinations as must be made, the DMA shall determine whether the producer has sufficient remaining eligibility under the applicable payment limit to allow the receipt of the LDP. If there is not sufficient eligibility, the DMA must refuse to process the request;

(2) If EWR's are applicable for the peanuts for which the LDP is sought, the DMA must instruct the current holder to notify the EWR provider to amend the EWR to show that the peanuts were used to obtain an LDP;

(3) The DMA must insure that the producer or the person holding the power of attorney for the producer signs the LDP documents; and

(4) If the peanuts and the producer are eligible for the loan and all other conditions have been met, the DMA may disburse funds to the producer subject to the time limits set out elsewhere in this part.

(b) The LDP rate applicable to the LDP request will be the rate in effect on the date the DMA receives the request except as may otherwise be provided for in this part.

§ 1421.418 Disbursing MAL and LDP proceeds.

(a) A DMA may request that CCC establish a drawdown account from which to disburse MAL and LDP amounts to producers, and designate the financial institution they wish to use.

(b) CCC will determine whether a drawdown account is justified and the amount of the account.

(c) If there is no drawdown account, MAL and LDP proceeds shall be distributed to the producer within 3 work days from the date the DMA receives MAL or LDP proceeds from CCC, after deduction of authorized charges or fees for services. If there is a drawdown account, the MAL and LDP proceeds shall be distributed to the producer

Commodity Credit Corporation, USDA

§ 1421.423

within 3 days of the completion of the application.

(d) The DMA shall assess charges and fees at the same rate for each producer that it serves.

(e) If a drawdown account is used, CCC shall replenish the amount as necessary as it is drawn down.

(f) The DMA must notify CCC of the actual date on which the MAL is disbursed.

§ 1421.419 Date storage credit begins on DMA-handled loans.

Storage credit in favor of a producer with respect to peanuts on a DMA-handled loan will begin on the date on which DMA disburses the MAL to the producer and not before.

§ 1421.420 Submitting MAL and LDP documentation to FSA.

(a) Until such time as an alternative FSA loan or LDP making system is made available to DMA's, within 3 business days of any DMA prepared disbursement, the DMA shall group separately and submit to FSA:

(1) MAL's with the same disbursement date, peanut type, warehouse code, and State where peanuts were inspected; and

(2) LDP's with the same LDP rate, approval date, and peanut type.

(b) Each of the groups identified in paragraph (a) of this section shall be submitted to FSA with the following documents:

(1) Individual paper warehouse receipts or EWR numbers, and the EWR provider's name representing the bundled MAL's or LDP's.

(2) A form to itemize receipts, and other data, as required, or a pre-processed electronic file containing data required by FSA.

(c) FSA may process each DMA prepared MAL or LDP group for the volume of peanuts on multiple receipts as one MAL or LDP, waive the service fee to the DMA, and either hold MAL paper warehouse receipts, or verify that CCC is holder of the EWR's as of the date of disbursement.

(d) In the case of an MAL, if CCC was not the holder of the EWR on or before the date the DMA prepared MAL was disbursed, the applicable receipts shall be rejected, and funds shall not be dis-

tributed to the DMA drawdown account until CCC becomes the holder of the EWR.

(e) If MAL and LDP documentation is acceptable, FSA will disburse MAL or LDP funds to the DMA, with appropriate supporting documentation.

§ 1421.421 MAL or LDP servicing.

(a) The DMA shall be responsible for servicing MAL's and are required to take the following actions:

(1) Send the producer a maturity notice letter before MAL maturity.

(2) Maintain the MAL or LDP documents according to FSA requirements.

(3) Transmit the necessary funds to repay the MAL to FSA.

(b) FSA shall process the CCC release of paper receipts or EWR's where such a release is appropriate.

§ 1421.422 Inspections and reviews.

The books, documents, papers, and records of the DMA and parent company shall be maintained for six years after the applicable crop year and shall be made available to CCC for inspection and examination at all reasonable times. At any time after an application is received, CCC shall have the right to examine all books, documents, papers, and determine whether the DMA is operating or has operated in accordance with the regulations in this part, any articles of incorporation, articles of association, partnership documents, agreements with producers, the representations made by the DMA in its application for approval, and, where applicable, its agreements with CCC. If the DMA is determined to be not complying with this part or any of its agreements, CCC will take appropriate action as provided in elsewhere in this subpart or other action CCC determines appropriate.

§ 1421.423 Appeals.

Parts 11 and 780 of this title apply to this subpart.

Subpart F—Standards for Approval of Warehouses for Grain, and Similarly Handled Commodities

SOURCE: 44 FR 67078, Nov. 23, 1979, unless otherwise noted. Redesignated at 67 FR 63511, Oct. 11, 2002, and further redesignated at 70 FR 33799, June 10, 2005.

§ 1421.5551 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the initial or continuing approval by the Commodity Credit Corporation (hereinafter referred to as “CCC”) of warehouse(s) for the storage and handling of:

(1) Wheat, oats, corn, rye, barley, sorghums, flaxseed, soybeans, sunflower seed, canola, rapeseed, safflower, mustard, and such other oilseeds as the Secretary may determine under a Uniform Grain Storage Agreement (which commodities are hereinafter referred to as “grain”),

(2) Rough rice under a Uniform Rice Storage Agreement,

(3) Milled rice under a Milled Rice Storage Agreement,

(4) Dry Edible Beans under a Bean Storage Agreement, and

(5) Seed under a Seed Storage Agreement, which are owned by CCC or held by CCC as security for price support loans.

This subpart is not applicable to grain, rough and milled rice, dry edible beans, and seed purchased in store for prompt shipment or to handling operations of a temporary nature.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the “KCCO”).

(c) A warehouse must be approved by KCCO and a storage contract or agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage contract or agreement does not

constitute a commitment that CCC will use the warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman, when applying for approval under this subpart, shall submit to CCC at KCCO:

(1) A completed Form CCC-24, “Application for Approval of Warehouse for Grain, Rice, Dry Edible Beans, and Seed”, and a completed Form CCC-24-1, “Supplement to Application for Approval of Warehouse for Grain, Rice, Dry Edible Beans, and Seed”,

(2) A current financial statement prepared in accordance with generally accepted accounting principles meeting the following requirements:

(i) Each financial statement shall include, but not be limited to the following:

- (A) A balance sheet;
- (B) A statement of income (profit and loss);
- (C) Statement of retained earnings; and
- (D) A statement of changes in the financial position.

(ii) Each financial statement shall be accompanied by one of the following:

(A) A report of audit or review conducted by an independent CPA or an independent public accountant in accordance with standards established by the American Institute of Certified Public Accountants. The accountant’s report of audit or review shall include the accountant’s certifications, assurances, opinions, comments, and notes with respect to such financial statement, or

(B) A compilation report of the financial statement which is prepared by a grain commission firm or a management firm if such firm has been authorized by the Deputy Vice President, CCC (Deputy Administrator, Commodity Operations, FSA) to provide a compilation report of financial statements of warehousemen.

(iii) All financial statements shall be accompanied by a certification by the chief executive officer of the warehouseman, under penalty of perjury, that the financial statement(s) accurately reflects the financial condition of the warehouseman for the period specified in such statement.

Commodity Credit Corporation, USDA

§ 1421.5552

(iv) A current financial statement on Form WA-51-2, "Financial Statement", supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA-51-2 with approval of the Director, KCCO, or the Director's designee.

(v) Only one financial statement is required for a chain of warehouses owned or operated by a single business entity. If approved by the Director, KCCO, or the Director's designee, the financial statement of a parent company, which includes the financial position of a wholly-owned subsidiary, may be used to meet the CCC standards for approval for the wholly-owned subsidiary.

(3) Evidence that the warehouseman is licensed by the appropriate licensing authority as required under §1421.5552(a)(2) and such other documents or information as CCC may require.

(e) The provisions of paragraph (d)(2) of this section shall also be applicable to warehousemen who have an existing storage contract with CCC. Such warehousemen with existing storage contracts shall submit their financial statements to CCC in the manner prescribed reflecting their financial condition as of the close of the warehouseman's fiscal or calendar year's operation, whichever is applicable. Thereafter, the financial statements and the audit, review or compilation reports shall be furnished annually to reflect the warehouseman's fiscal or calendar year's operation, whichever is applicable, and at such other times as may be required by the AMS or CCC.

§ 1421.5552 Basic standards.

Unless otherwise provided in this subpart, each warehouseman and each of the warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or handling of CCC owned or loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman, if a corporation, shall be authorized by its charter to engage in such business,

(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations,

(3) Have a net worth which is the greater of \$50,000 or an amount which is computed by multiplying the maximum storage capacity of the warehouse (the total quantity of the commodity which the warehouseman desires to store and which the warehouse can accommodate when stored in the customary manner) under the approved contract with CCC times twenty-five (25) cents per bushel in the case of grain, fifty (50) cents per hundredweight in the case of rough rice, eighty-five (85) cents per hundredweight in the case of milled rice, and sixty (60) cents per hundredweight in the case of dry edible beans. In the case of seed, the net worth of the warehouseman shall be at least equal to an amount which is computed by multiplying the estimated number of pounds of seed to be stored times seven (7) cents per pound. If this calculated net worth requirement exceeds \$50,000, the warehouseman may satisfy any deficiency in net worth between the \$50,000 minimum requirement and such calculated net worth requirement by furnishing bonds, irrevocable letters of credit, or other acceptable substitute security meeting the requirements of §1421.5553.

(4) Have available sufficient funds to meet ordinary operating expenses,

(5) Have satisfactorily corrected upon request by CCC, any deficiencies in the performance of any storage contract or agreement with CCC,

(6) Maintain accurate and complete inventory and operating records,

(7) Use only prenumbered warehouse receipts and scale tickets,

(8) Have available at the warehouse adequate and operable firefighting equipment for the type of warehouse and applicable stored commodity, and

§ 1421.5553

7 CFR Ch. XIV (1-1-06 Edition)

(9) Have a work force and equipment available to complete load out within sixty (60) working days of that quantity of grain, rice, beans, or seed for which the warehouse is or may be approved under the Uniform Grain Storage Agreement, Uniform Rice Storage Agreement, Milled Rice Storage Agreement, Bean Storage Agreement, or Seed Storage Agreement. Notwithstanding the provisions of this paragraph, the load out capacity of any warehouse at a single location need not exceed the equivalent of 200 railroad cars per day.

(b) The warehouseman, officials, or supervisory employees of the warehouseman in charge of the warehouse operations shall have the necessary experience, organization, technical qualifications, and skills in the warehousing business regarding the applicable commodities to enable them to provide proper storage and handling services.

(c) Warehouseman, officials, and each of the supervisory employees of the warehouseman in charge of the warehouse operations shall:

(1) Have a satisfactory record of integrity, judgment, and performance, and

(2) Be neither suspended nor debarred under applicable CCC suspension and debarment regulations.

(d) The warehouse shall:

(1) Be of sound construction, in good state of repair, and adequately equipped to receive, handle, store, preserve, and deliver the applicable commodity,

(2) Be under the control of the contracting warehouseman at all times, and

(3) Not be subject to greater than normal risk of fire, flood, or other hazards.

[44 FR 67078, Nov. 23, 1979, as amended by Amdt. 4, 50 FR 29640, July 22, 1985; 51 FR 32627, Sept. 15, 1986; 55 FR 11572, Mar. 29, 1990. Redesignated at 70 FR 33799, June 10, 2005]

§ 1421.5553 Bonding requirements for net worth.

A bond furnished by a warehouseman under this subpart must meet the following requirements:

(a) Such bond shall be executed by a surety which:

(1) Has been approved by the U.S. Treasury Department, and

(2) Maintains an officer or representative authorized to accept service of legal process in the State where the warehouse is located.

(b) Such bond shall be on Form CCC-33, "Warehouseman's Bond", except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:

(1) CCC determines that such bond provides adequate protection to CCC,

(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and

(3) It is noncancellable for not less than ninety (90) days or includes a rider providing for not less than ninety (90) days' notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficient bond coverage on other warehouses.

(c) Cash and negotiable securities offered by a warehouseman may be accepted by CCC in lieu of the equivalent amount of required bond coverage. Any such cash or negotiable securities accepted by CCC will be returned to the warehouseman when the period for which coverage was required has ended and there appears to CCC to be no liability under the storage contract or agreement.

(d) A legal liability insurance policy may be accepted by CCC in lieu of the required amount of bond coverage provided such policy contains a clause or rider making the policy payable to CCC, CCC determines that it affords protection equivalent to a bond, and the Office of the General Counsel, U.S. Department of Agriculture, approves it for legal sufficiency.

(e) An irrevocable letter of credit may be accepted by CCC in lieu of the required amount of bond coverage provided that the issuing bank is a commercial bank insured by the Federal

§ 1421.5554 Examination of warehouses.

Except as otherwise provided in this subpart, a warehouse must be examined by a person designated by CCC before it may be approved by CCC for the storage or handling of commodities and periodically thereafter to determine its compliance with CCC's standards and requirements.

§ 1421.5555 Exceptions.

Notwithstanding any other provisions of this subpart:

(a) The financial, bond, and original and periodic warehouse examination provisions of this subpart do not apply to any warehouseman approved or applying for approval for the storage and handling of commodities under CCC programs if the warehouse is licensed under the U.S. Warehouse Act for such commodities but a special examination shall be made of such warehouse whenever CCC determines such action is necessary.

(b) A warehouseman who has a net worth of at least \$50,000 but who fails or whose warehouse fails to meet one or more of the other standards of this subpart may be approved if:

§ 1421.5556 Approval of warehouses, requests for reconsideration.

(a) CCC will approve a warehouse if it determines that the warehouse meets

the standards set forth in this subpart. CCC will send a notice of approval to the warehouseman. Approval under this subpart, however, does not relieve the warehouseman of the responsibility for performing the warehouseman's obligations under any agreement with CCC or any other agency of the United States.

(b) Except as otherwise provided in this subpart:

(1) CCC will not approve the warehouse if CCC determines that the warehouse does not meet the standards set forth in this subpart, and

(2) CCC will send any notice of rejection of approval to the warehouseman. The notice will state the cause(s) for such action. Unless the warehouseman or any officials or supervisory employees of the warehouseman are suspended or debarred, CCC will approve the warehouse if the warehouseman establishes that the causes for CCC's rejection of approval have been remedied.

(c) If rejection of approval by CCC is due to the warehouseman's failure to meet the standards set forth:

(1) In § 1421.5552, other than the standard set forth in paragraph (c)(2) thereof, the warehouseman may, at any time after receiving notice of such action, request reconsideration of the action and present to the Director, KCCO, in writing, information in support of such request. The Director shall consider such information in making a determination and notify the warehouseman in writing of such determination. The warehouseman may, if dissatisfied with the Director's determination, obtain a review of the determination and an informal hearing thereon by filing an appeal with the Deputy Administrator, Commodity Operations, Farm Service Agency (hereinafter referred to as "FSA"). The time of filing appeals, forms for requesting an appeal, nature of the informal hearing, determination and reopening of the hearing shall be as prescribed in the FSA regulations governing appeals, 7 CFR part 780. Subpart—Standards for Approval of Dry and Cold Storage Warehouses for Processed Agricultural Commodities, Extracted Honey, and Bulk Oils

SOURCE: 44 FR 67081, Nov. 23, 1979, unless otherwise noted.

§ 1423.1 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the approval by the Commodity Credit Corporation (hereinafter referred to as "CCC") of warehouse(s) for the storage and handling of:

(1) Dry or refrigerated processed agricultural commodities under a Processed Commodities Storage Agreement (hereinafter referred to as "processed commodities"),

(2) Bulk oils, under a Contract or Agreement for Tank Storage, which are owned by CCC or held by CCC as collateral for price support loans, and

(3) Extracted Honey (hereinafter referred to as "honey") under a Honey Storage Agreement, either in bulk or in containers meeting specifications in the applicable honey price support regulations, which is owned by CCC or held by CCC as security for price support loans. This subpart shall not apply to processed commodities, extracted honey, and bulk oils purchased in store by CCC for prompt shipment or to handling of commodities.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the "KCCO").

(c) A warehouse must be approved by KCCO and a storage contract or agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage contract or agreement does not constitute a commitment that CCC will use the warehouse, and no official

or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman when applying for approval under this subpart, shall submit to CCC at KCCO:

(1) A completed Form CCC-560, "Application for Approval of Warehouse (Processed Commodities)", or Form CCC-513, "Application for Approval of Tank Farm", or Form CCC-55, "Application for Approval of Warehouse for Honey Storage Contract", whichever is applicable,

(2) A current financial statement on Form WA-51, "Financial Statement", supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA-51 with approval of the Director, KCCO, or the Director's designee. Financial statements shall show the financial condition of the warehouseman as of a date no earlier than ninety (90) days prior to the date of the warehouseman's application, or such other date as CCC may prescribe. Additional financial statements shall be furnished annually and at such other times as CCC may require. CCC also may require that financial statements prepared by the warehouseman or by a public accountant be examined by an independent certified public accountant in accordance with generally accepted auditing standards. Only one financial statement is required for a chain of warehouses owned or operated by a single business entity. If approved by the Director, KCCO, or the Director's designee, the financial statement of a parent company, which includes the financial position of a wholly-owned subsidiary, may be used to meet the CCC standards for approval for the wholly-owned subsidiary.

(3) Copies of the warehouseman's tariff and any changes thereto, and

(4) Evidence that the warehouseman is licensed by the appropriate licensing authority as required under § 1423.2(a)(2) and such other documents or information as CCC may require.

[44 FR 67081, Nov. 23, 1979, as amended at 45 FR 84009, Dec. 22, 1980; Amdt. 3, 50 FR 42512, Oct. 21, 1985]

§ 1423.2 Basic standards.

Unless otherwise provided in this subpart, each warehouseman and each of the warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or handling of CCC-owned or loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman, if a corporation, shall be authorized by its charter to engage in such business.

(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations.

(3) Have a net worth which is the greater of \$25,000 or (i) for dairy and other processed commodities (other than those shown in paragraph (a)(3)(ii) of this section, the amount which results from multiplying five (5) percent of the current purchase price, times the quantity of the commodity to be stored; (ii) for honey, sugar and bulk oils, the amount which results from multiplying the storage capacity of the flat warehouse space available to CCC or the maximum capacity of the bulk tank(s), whichever is applicable, times five (5) percent of the current loan value for honey and sugar and five (5) percent of the current market value for bulk oils. The net worth need not exceed \$250,000. If the calculated net worth exceeds \$25,000, the warehouseman may satisfy any deficiency in net worth between the \$25,000 minimum requirement and such calculated net worth by furnishing bonds (or acceptable substitute security) meeting the requirements of § 1423.3,

(4) Have available sufficient funds to meet ordinary operating expenses,

(5) Have satisfactory corrected, upon request by CCC, any deficiencies in the performance of any storage contract or agreement with CCC,

(6) Use only warehouse receipts or such other documents as CCC may prescribe,

(7) Maintain accurate and complete inventory and operating records,

(8) Have available at the warehouse adequate and operable firefighting equipment for the type of warehouse and applicable stored commodity, and

(9) Have a work force and equipment available to complete loadout as stated below or as CCC may prescribe:

(i) Forty-five (45) working days of the total quantity of all honey and processed commodities stored for CCC.

(ii) Seventy-five (75) working days of that quantity of bulk oils for which the warehouse is or may be approved under a contract with CCC.

(b) The warehouseman, officials, or supervisory employees of the warehouseman in charge of the warehouse operations shall have the necessary experience, organization technical qualifications, and skills in the warehousing business regarding the applicable commodity to enable them to provide proper storage and handling services.

(c) Warehouseman, officials, and each of the supervisory employees of the warehouseman in charge of the warehouse operations shall:

(1) Have a satisfactory record of integrity, judgment, and performance, and

(2) Be neither suspended nor debarred under applicable CCC suspension and debarment regulations.

(d) The warehouse shall:

(1) Be of sound construction, in good state of repair, and adequately equipped to receive, handle, store, preserve, and deliver the applicable commodity,

(2) Be under the control of the contracting warehouseman at all times. If a warehouse is leased by the warehouseman, a copy of the written lease agreement must be furnished to CCC at the time the warehouseman applies for approval under this subpart. The lease agreement must be renewable and must provide that the lessor cannot cancel the agreement without giving at least 120 days notice to the warehouseman. All leases are subject to approval by the CCC Contracting Officer, and

(3) Not be subject to greater than normal risk of fire, flood or other hazards.

A bond furnished by a warehouseman under this subpart must meet the following requirements:

(a) Such bond shall be executed by a surety which:

(1) Has been approved by the U.S. Treasury Department, and

(2) Maintains an officer or representative authorized to accept service of legal process in the State where the warehouse is located.

(b) Such bond shall be on Form CCC-33, "Warehouseman's Bond", except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:

(1) CCC determines that such bond provides adequate protection to CCC.

(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and

(3) It is noncancellable for not less than one hundred twenty (120) days or includes a rider providing for not less than one hundred twenty (120) days' notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficient bond coverage on other warehouses.

(c) Cash and negotiable securities offered by a warehouseman may be accepted by CCC in lieu of the equivalent amount of required bond coverage. Any such cash or negotiable securities accepted by CCC will be returned to the warehouseman when the period for which coverage was required has ended and there appears to CCC to be no liability under the storage contract or agreement.

(d) A legal liability insurance policy may be accepted by CCC in lieu of the required amount of bond coverage provided such policy contains a clause or rider making the policy payable to CCC, CCC determines that it affords protection equivalent to a bond, and the Office of the General Counsel, U.S.

Department of Agriculture, approves it for legal sufficiency.

(e) An irrevocable letter of credit may be accepted by CCC in lieu of the required amount of bond coverage provided that the issuing bank is a commercial bank insured by the Federal Deposit Insurance Corporation. (b) A warehouseman who has a net worth of at least \$25,000 but who fails, or whose warehouse fails, to meet one or more of the other standards of this subpart may be approved if:

§ 1424.1 Applicability.

This part sets out regulations for the Bioenergy Program (program). It sets forth, subject to the availability of funds as provided herein, or as may be limited by law, the terms and conditions a bioenergy producer must meet to obtain payments under this program and part from the Commodity Credit Corporation (CCC) for eligible bioenergy production. Additional terms and conditions may be set forth in the document required to request program benefits and in the program contract or agreement prescribed by CCC. This program is effective October 1, 2002, through September 30, 2006.

§ 1424.2 Administration.

This part shall be administered by the Executive Vice President, CCC, under the general direction and supervision of the Executive Vice President or designee. The Executive Vice President or a designee may authorize a waiver or modification of deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the program, and may set such additional requirements as will facilitate the operation of the program. The funds available for the program shall be limited as set by this rule, otherwise announced by the Executive Vice President, CCC, or limited by law.

§ 1424.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes

of program administration under this subpart.

Agreement means the Bioenergy Program Agreement or other form prescribed by CCC that must be executed for participation in the program.

Application means the application form prescribed by CCC or another form that contains the same terms, conditions, and information required.

ATF means the Bureau of Alcohol, Tobacco, Firearms, and Explosives of the United States Department of Justice.

Base production means a biodiesel producer's current FY's biodiesel production from eligible commodities that is not an increase over biodiesel production in the previous FY to date.

Biodiesel means a mono alkyl ester manufactured in the United States and its territories that meets the requirements of an appropriate American Society for Testing and Materials Standard.

Biodiesel producer means a producer that produces and sells biodiesel who is also registered and in compliance with section 211 (b) of the Environmental Protection Agency Clean Air Act Amendment of 1990.

Bioenergy means ethanol and biodiesel produced from eligible commodities.

Conversion factor means:

(1) For ethanol production, a factor that converts the number of ethanol gallons back to commodity units as determined in the manner announced by CCC;

(2) For biodiesel production, the factor that will treat 1.4 gallons of biodiesel produced as having involved the consumption of one bushel of soybeans in any case when the feedstock was an eligible commodity that has a corresponding oil or grease market price; if there is none, then the factor shall be as determined and announced by CCC.

Eligible commodity means barley; corn; grain sorghum; oats; rice; wheat; soybeans; cotton seed; sunflower seed; canola; crambe; rapeseed; safflower; sesame seed; flaxseed; mustard seed; cellulosic crops, such as switchgrass and hybrid poplars; fats, oils, and greases (including recycled fats, oils

§ 1424.4

7 CFR Ch. XIV (1-1-06 Edition)

and greases) derived from an agricultural product; and any animal byproduct (in addition to oils, fats and greases) that may be used to produce bioenergy, as CCC determines, that is produced in the United States and its territories.

Eligible producer means a bioenergy producer who meets all requirements for program payments.

Ethanol means anhydrous ethyl alcohol manufactured in the United States and its territories and sold either:

(1) For fuel use, rendered unfit for beverage use, produced at a facility and in a manner approved by ATF for the production of ethanol for fuel; or

(2) As denatured ethanol used by blenders and refiners and rendered unfit for beverage use.

Ethanol producer means a person authorized by ATF to produce ethanol.

FSA means the Farm Service Agency, USDA.

FY means the fiscal year beginning each October 1 and ending September 30 of the following calendar year.

KCCO means the FSA, Kansas City Commodity Office.

Posted County Price means the same Posted County Price for different locations as is used under other CCC commodity programs for marketing loan gains and other matters.

Producer is a legal entity (individual, partnership, cooperative, or corporation, etc.) who is a commercial bioenergy producer making application or otherwise involved under this program.

Quarter means the respective time periods of October 1 through December 31, January 1 through March 31, April 1 through June 30, and July 1 through September 30 of each FY, as applicable.

Sign-up period means the time period announced by CCC during which CCC will accept program agreements.

USDA means the United States Department of Agriculture.

§ 1424.4 General eligibility rules.

(a) An applicant must be determined eligible by KCCO and be assigned an agreement number.

(b) To be eligible for program payments, a producer must maintain records indicating for all relevant FY's and FY quarters:

(1) The use of eligible commodities in bioenergy production;

(2) The quantity of bioenergy produced from an eligible commodity by location;

(3) The quantity of eligible commodity used by location to produce the bioenergy referred to in paragraph (b)(2) of this section; and

(4) All other records, needed, or required by the agreement to establish program eligibility and compliance.

(c) A producer must allow verification by CCC of all information provided. Refusal to allow CCC or any other agency of USDA to verify any information provided will result in a producer being determined not eligible.

(d) For producers not purchasing raw commodity inputs, the production must equal or exceed that amount of production that would be calculated using the raw commodity inputs and the conversion factor set out in §1424.3. A producer that purchases soy oil from a soybean crushing plant for further refinement into biodiesel must be able to prove to CCC's satisfaction both soy oil purchases and biodiesel production for the applicable quarter. Any special conversion factors needed will be the province of CCC and CCC alone and CCC's decision will be final.

(e) A producer must meet all other conditions set out in these regulations, in the agreement, or in other program documents.

§ 1424.5 Agreement process.

(a) To participate, an eligible producer must submit a signed agreement during the FY sign-up period. Agreements may be for single or multiple FY's. However, multiple FY agreements require producers to submit annual production estimate reports during each applicable FY sign-up period. Such reports must comply with the terms of the agreement and this part. In all cases, the accounting for compliance will be made on a per FY basis.

(b) Sign-up each FY will be held for 30 calendar days beginning for:

(1) FY 2003 on the date of publication of this rule;

(2) FY 2004 and beyond on August 1 of the FY before the applicable FY.

(c) After agreements are submitted:

(1) If determined eligible by KCCO, an agreement number will be assigned, and a notification will be mailed to the producer;

(2) If additional information is needed for KCCO to determine eligibility, the producer will be contacted as soon as practicable and requested to provide additional supporting documentation;

(3) If determined ineligible by KCCO, producers will be notified in writing that their agreement was rejected and the reason for the determination.

§ 1424.6 Payment application process.

(a) To apply for payments under this program during an FY, an eligible producer must:

(1) Submit an application or eligibility report for each quarter. Submit the last quarterly application or report of the FY within 30 calendar days of the end of the FY for which payment is requested. If the actual deadline is a non-workday, the deadline will be the next business day;

(2) Certify with respect to the accuracy and truthfulness of the information provided;

(3) Furnish CCC such certification, and access to such records, as CCC considers necessary to verify compliance with program provisions; and

(4) Provide documentation as requested by CCC of both the producer's net purchases of eligible commodities and net production of bioenergy compared to such production at all locations during the relevant periods. CCC may adjust the formulaic payments otherwise payable to the producer if there is a difference between the amount actually used and certified and the amount of increased commodity use calculated under the formula.

(b) After applications or reports are submitted, eligible producers:

(1) Shall submit such additional supporting documentation as requested by KCCO when additional information is needed to determine eligibility;

(2) Will be notified in writing of their ineligibility and reason for the determination, when the application is determined ineligible by KCCO; and

(3) Shall promptly refund payments when a refund to CCC is due. If a refund is not made promptly, CCC may establish a claim.

§ 1424.7 Gross payable units.

(a) For ethanol, producers will be eligible for payments on gross payable units for only their ethanol production from eligible inputs that exceeds, for the program year to date, their total comparable production at all locations as compared to the comparable portion of the previous year. Producers of ethanol are not eligible for base production payments. Producers shall not be paid twice for the same increase and any decline in relative production between quarters will require a comparable refund. For example, if at the end of the first quarter, a producer were to be paid for an increase of 500 gallons of ethanol, but at the end of the second quarter, that producer's year-to-date production was down to a net increase for the year of 450 gallons, then a refund would be due for the loss of the corresponding 50 gallons of net extra production. Repayment rates shall be based on previous payment rates. Unless otherwise determined by CCC, the extra ethanol production from eligible inputs will be converted to gross payable units by dividing the gallons of increased ethanol by the applicable conversion factor.

(b) Biodiesel producers will be eligible for payments on gross payable units for all biodiesel production from eligible inputs. For eligibility purposes there will be two kinds of payment: additional production payments (APP), and base production payments (BPP). Repayment rates shall be based on previous payment rates. Unless otherwise determined by CCC, gross payable units for biodiesel production from eligible inputs will be calculated as follows:

(1) For APP, by dividing the gallons of increased biodiesel by the biodiesel conversion factor of 1.4. APP payments will be made on increases as compared with the previous FY. Producers will not be paid twice for the same production. Failure to maintain year to date biodiesel production increases between quarters will require a comparable APP refund as specified below. That is, for example, if a producer were to be paid, at the end of the first quarter, for 500 gallons of increased biodiesel production, but by the end of the second quarter that producer's production, for the year to date, was only 450 gallons,

§ 1424.8

then a refund of the APP premium would be due for the loss of the corresponding 50 gallons of net production increase.

(2) For BPP, which will be made on production not eligible for the APP, by dividing the base production by the biodiesel conversion factor of 1.4 and multiplying the result by 0.5 in FY 2003, 0.3 in FY 2004, 0.15 in FY 2005, or 0.0 (zero) in FY 2006 to determine base biodiesel production gross payable units.

(3) Adding the APP and BPP to determine biodiesel gross payable units.

(c) There shall only be one eligible producer per plant location.

(1) When producers move production from one plant to another between FY's, the prior FY's production for the producer for program payment calculations tied to increases in production shall be the greater of:

(i) The production at the plant operated by the producer in the prior FY, or

(ii) The production in the prior FY at the plant being taken over by the producer in the current FY.

(2) New producers who are taking over a plant with prior bioenergy production shall assume that production history for program purposes. For example: in FY 2002, Producer A produced 1,000 gallons of bioenergy in plant 1 and Producer B produced 500,000 of bioenergy in plant 2. In FY 2003, Producer A assumes operation of plant 2; Producer B moves to plant 3, which was not in the program in FY 2002, but with FY 2002 production of 400,000 gallons from eligible commodities; and Producer C assumes operations of plant 1. In FY 2003, for program purposes solely based on these respective plants, Producer A would have a prior FY production of 500,000 gallons; Producer B would have a prior FY production of 500,000 gallons; and Producer C would have a prior FY production of 1,000 gallons. These examples would apply when a producer moves its entire operation from one plant to another. Otherwise, for purposes of computing whether a producer has increased production in the current year from the previous year, the determination will be made by comparing for the current year the producer's production figures from all

7 CFR Ch. XIV (1-1-06 Edition)

locations in which the producer has an interest with, for the previous year, the sum of:

(i) Production at those locations by any person including, but not limited to, the producer, and

(ii) Additional production by the producer at any other location in that year.

(3) Also, as needed to avoid frustrating the goals of the program, the Executive Vice President of CCC may treat producers with common interests, common ownership, or common facilities or arrangements as the same producer.

§ 1424.8 Payment amounts.

(a) An eligible producer may be paid the amount specified in this section, subject to the availability of funds. Total available funds shall be as determined appropriate by CCC and shall not exceed \$150 million in any of FY's 2003 through 2006.

(b) For agreements submitted during an FY sign-up, applicants must project increases in production. Based on expected commodity prices, using the formula set out in this section, submissions will be assigned an expected payment value. When the payment value of all timely submitted and validly executed agreements exceed available funding, CCC may, at its discretion, prorate payments to be made under such agreements based on total available funding.

(c) When the payment value of all timely submitted applications exceed available funding, CCC will prorate payments based on total available funding.

(d) Subject to this section and conditions in the agreement, a producer's payment eligibility shall be adjusted at the end of each quarter, and calculated as follows:

(1) Gross payable units, calculated and determined in accordance with §1424.7, shall be converted to net payable units for producers whose annual bioenergy production is:

(i) Less than 65 million gallons, by dividing by 2.5;

(ii) Equal to or more than 65 million gallons, by dividing by 3.5;

(2) Net payable units calculated under paragraph (d)(1) of this section

Commodity Credit Corporation, USDA

§ 1424.11

shall then be converted to a gross payment by multiplying net payable units by the per-unit value of the commodity as of the 10th business day before the start of the production quarter, determined as follows:

(i) For ethanol:

(A) For those agricultural commodities with an established Posted County Price, CCC will use the Posted County Price that CCC announces daily for the county in which the plant is located and applicable quality factors as CCC may establish.

(B) For agricultural commodities that CCC determines do not have Posted County Prices, CCC will use market data CCC determines to be appropriate for the applicable commodity.

(ii) For biodiesel made from:

(A) Soybeans or soy oil, CCC will use the Posted County Price for soybeans for the county where the plant is located.

(B) Eligible commodities other than soybeans or soy oil that have a corresponding oil or grease market price, CCC will first use the soybeans Posted County Price for Macon County, Illinois. Then, the applicable feedstock's oil or yellow grease (for animal fats and oils) market price, as determined by CCC, will be divided by the soy oil price published in the Agricultural Marketing Service's weekly "Soybean Crush Report" (Central Illinois (Decatur, Macon County, Illinois)) for the applicable date. The resulting percentage will be multiplied by the soybean gross payment to determine the producer's gross payment.

(C) Eligible commodities that do not have a corresponding oil or grease market price, in a manner as determined by CCC.

(3) The gross payment calculated under paragraph (d)(2) of this section shall be reduced to a net payment by multiplying the gross payment figure by the proration factor determined under paragraph (c) of this section.

(4) Subject to other provisions of this section, producers shall be paid the net current payment, if positive, determined for the quarter, subject to the requirements and refund provisions of this part.

(5) After the first quarter, adjustments shall be made based on changes

in production. Refunds, when due, shall be due at the per unit values at which they were paid.

(6) For an FY, no producer may receive more than 5 percent of the available funding for this program.

(e) When the commodity's conversion factor has been established, that factor will, as practicable, be posted on the program's website.

(1) If the commodity's conversion factor is not determined when the sign-up is announced, the conversion factor will be provided in a letter to producers with accepted agreements to the extent practicable.

(2) After FY 2003, changes to established conversion factors shall be announced in a press release issued by CCC 90 calendar days before the applicable FY's sign-up, to the extent practicable.

§ 1424.9 Reports required.

Once an eligible producer has submitted a payment application, that producer shall file cumulative and per-plant information for each relevant bioenergy producing facility quarterly through the end of the applicable FY as specified by CCC or as otherwise needed to establish compliance with this part.

§ 1424.10 Succession and control of facilities and production.

A person who obtains a facility that is under contract under this part may request permission to succeed to the program agreement and CCC may grant such request if it is determined that permitting such succession would serve the purposes of the program. If appropriate, CCC may require the consent of the original party to such succession. Also, CCC may terminate a contract and demand full refund of payments made if a contracting party loses control of a facility whose increased production is the basis of a program payment or otherwise fails to retain the ability to assure that all program obligations and requirements will be met.

§ 1424.11 Maintenance and inspection of records.

For the purpose of verifying compliance with the requirements of this part, each eligible producer shall make available at one place at all reasonable

§ 1424.12

times for examination by representatives of USDA, all books, papers, records, contracts, scale tickets, settlement sheets, invoices, written price quotations, or other documents related to the program that is within the control of such entity for not less than three years from the payment date.

§ 1424.12 Appeals.

(a) A participant subject to an adverse determination under this part may appeal by submitting a written request to: Deputy Administrator, Commodity Operations, Farm Service Agency, United States Department of Agriculture, STOP 0550, 1400 Independence Avenue, SW., Washington, D.C. 20250-0550. The appeal must be delivered in writing to the Deputy Administrator or postmarked within 30 days after the date the Agency decision is mailed or otherwise provided to the participant. The Deputy Administrator may consider a late appeal if determined warranted by the circumstances.

(b) The regulations at 7 CFR part 11 apply to decisions made under this part.

(c) Producers who believe they have been adversely affected by a determination by the Agency must seek review with the Deputy Administrator before any other review may be requested within the Agency.

§ 1424.13 Misrepresentation and scheme or device.

(a) A producer shall be ineligible to receive payments under this program if CCC determines the producer:

(1) Adopted any scheme or device that tends to defeat the purpose of the program in this part;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to a producer engaged in a misrepresentation, scheme, or device, or to any other person as a result of the bioenergy producer's actions, shall be refunded with interest together with such other sums as may become due, plus damages as may be determined by CCC.

(c) Any producer or person engaged in an act prohibited by this section and

7 CFR Ch. XIV (1-1-06 Edition)

any producer or person receiving payment under this part shall be jointly and severally liable for any refund due under this part and for related charges.

(d) The remedies provided in this part shall be in addition to other civil, criminal, or administrative remedies that may apply.

(e) Late payment interest shall be assessed on all refunds in accordance with the provisions and rates prescribed in part 1403 of this chapter.

§ 1424.14 Offsets, assignments, interest and waivers.

(a) Any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the bioenergy, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found in part 1403 of this chapter shall be applicable to agreement payments.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing the assignment of payments found at part 1404 of this chapter.

(c) Interest charged by CCC under this part shall be at the rate of interest that the United States Treasury charges CCC for funds, as of the date CCC made such funds available. Such interest shall accrue from the date such payments were made available to the date of repayment or the date interest increases as determined in accordance with applicable regulations.

(d) CCC may waive the accrual of interest and/or damages if CCC determines that the cause of the erroneous determination was not due to any action of the bioenergy producer.

§ 1425.1 Applicability.

This part sets forth the terms and conditions an approved Cooperative Marketing Association (CMA) must meet to obtain commodity marketing assistance loans (loans) and loan deficiency payments (LDP's) from CCC on behalf of its members. A CMA meeting these terms and conditions may obtain loans and LDP's for any eligible commodity for which a loan and LDP program is in effect.

§ 1425.2 Administration.

On behalf of CCC, the Farm Service Agency will administer the provisions of this part under the general direction and supervision of the Deputy Administrator for Farm Programs. In the field, the provisions of this part will be administered by the State and county FSA committees.

§ 1425.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration. The terms defined in parts 718 of this title and parts 1421 and 1427 of this chapter shall also be applicable, except where those definitions conflict with the definitions in this section.

Active member is a member who has utilized the services offered by a CMA in one of the three preceding CMA fiscal years or such shorter period as may be provided in the CMA's articles of incorporation or bylaws.

Approved cooperative marketing association (CMA) is a cooperative approved by CCC to participate in loan and LDP programs for any authorized commodity.

Authorized commodity is a commodity for which a CMA is approved by CCC to obtain marketing assistance loans or Loan deficiency payments.

Cooperative is a business owned and controlled by the producers who use its services and operated under generally accepted cooperative principles.

Eligible commodity is a commodity which meets the commodity's eligibility requirements set forth in chapter XIV of this title, and is produced and delivered to the CMA from a producer eligible for loan or LDP.

Loan pool is any CMA pool containing commodities used by the CMA to obtain either loans or LDP's.

Market gain is the sum of loan rate, minus the repayment rate on loans repaid with less than the loan rate, plus for LDP's, the same rate, times the quantity of commodity. Market gains cannot exceed the producer's applicable payment limitation as set out in part 1400 of this chapter.

Member is a producer who:

- (a) Has fully paid for membership stock or earned equity credits in the CMA;
- (b) Has executed a uniform marketing agreement with the CMA; and
- (c) Is entitled to all CMA membership rights.

[63 FR 17312, Apr. 9, 1998, as amended at 67 FR 64458, Oct. 18, 2002]

§ 1425.4 Approval.

(a) For a cooperative to gain CMA status to participate in a marketing assistance loan or Loan deficiency payment program for the 2002 through 2007 crop years, a cooperative must submit an application for approval to CCC. An application must include:

- (1) A completed Form CCC-846 indicating commodities for which it seeks approval;
- (2) A balance sheet, dated within the last year, prepared for the cooperative and accompanied by a letter from an independent Certified Public Accountant, certifying that the balance sheet was prepared in accordance with generally accepted accounting principles;

§ 1425.5

(3) A copy of the articles of incorporation or articles of association and all marketing agreements for loan pools, together with a certification that this material is current;

(4) Resolutions made by the cooperative's board of directors stating the cooperative will abide by provisions of this part, the nondiscrimination provisions thereof, and all other related CCC policies;

(5) A detailed description of how proceeds from each loan pool will be distributed to members as provided for in § 1425.18;

(6) An executed form CCC-Cotton G, Cotton Cooperative Loan Agreement, by cooperatives applying for approval to participate in the cotton loan and LDP program; and

(7) Other information as requested by CCC concerning the organizational, operational, financial or any other aspect of the cooperative requested by CCC related to the cooperative's proposed methods of conducting CCC loan and LDP business.

(b) A CMA must submit, on an annual basis, the following information to CCC:

(1) A completed Form CCC-846-1, which shall disclose:

(i) The number of active and inactive CMA members;

(ii) The CMA's allocated equity;

(iii) The CMA's unallocated equity; and

(iv) Quantity of each loan pool commodity delivered to the CMA for marketing and the portion of such commodities received from active members during the prior year.

(2) The CMA's latest balance sheet. This balance sheet must be dated within the past year and be accompanied by a letter from an independent Certified Public Accountant certifying that the balance sheet was prepared in accordance with generally accepted accounting principles.

(c) A CMA shall furnish information to CCC within thirty calendar days relating to any:

(1) Change in its articles of incorporation and loan pool marketing agreements;

(2) Resolution affecting loan or LDP operations;

7 CFR Ch. XIV (1-1-06 Edition)

(3) Change to the CMA's name, address, phone number, or related data shown on the CCC-846-1;

(4) Change in loan pool operations with an explanation and justification; and

(5) Additional information CCC may request related to the CMA's continued approval by CCC.

(d) CCC may require a CMA to submit a new initial application instead of a recertification application when it questions whether the CMA is operating according to documents previously submitted.

[63 FR 17312, Apr. 9, 1998, as amended at 67 FR 64458, Oct. 18, 2002]

§ 1425.5 Confidentiality.

Information submitted to CCC related to trade secrets, financial or commercial operations, or the financial condition of a CMA, whether for initial approval or continued approval, shall be kept confidential by the officers, agents, and employees of CCC and the Department of Agriculture except as required to be disclosed by law.

§ 1425.6 Approved CMA's.

(a) CCC shall, in accordance with the provisions of this part, approve a CMA to obtain marketing assistance loans and LDP's.

(b) CCC may approve a CMA to participate in a marketing assistance loan and Loan deficiency payment program for the 2002 through 2007 crops as:

(1) Unconditionally approved; or

(2) Conditionally approved.

(c) If CCC determines a CMA is in substantial but not total compliance with the requirements of this part, CCC may make the approval conditional on CMA coming into full compliance within a reasonable period of time as specified in the notification of conditional approval.

(d) A CMA is approved to participate in a marketing assistance loan and LDP program until the CMA's approval is suspended or terminated by CCC.

[63 FR 17312, Apr. 9, 1998, as amended at 67 FR 64459, Oct. 18, 2002]

Commodity Credit Corporation, USDA

§ 1425.14

§ 1425.7 Suspension and termination of approval.

(a) CCC may suspend a CMA from obtaining loans and LDP's when CCC determines the CMA has not:

(1) Operated according to the CMA's application for approval or its last recertification submission;

(2) Complied with applicable regulations;

(3) Corrected deficiencies of the CMA's operation as noted by CCC; or

(4) Violated any of its agreements with CCC.

(b) A suspension may be lifted when CCC determines the CMA has complied with all requirements for approval. When suspensions are not lifted within 1 year, or a shorter time period if so indicated in CCC's suspension notification, the CMA's approval automatically terminates.

(c) CCC may terminate a CMA's approval by giving the CMA written notice of the termination.

(d) A CMA may, when it does not have any marketing assistance loans outstanding, through written notice to CCC, voluntarily terminate its participation in a loan and LDP program.

(e) CCC may, on demand, call all outstanding CCC loans made to a suspended or terminated CMA. When loans are called, CCC will provide at least 10 calendar days written notice to the CMA. Commodities pledged as collateral for loans must be repaid by the date specified by CCC. If redemption is not made by the date specified, title to the commodity shall vest in CCC and CCC shall have no obligation to pay the commodity's market value above the principal amount of such loans.

§ 1425.8 Ownership and control.

(a) CMA's must be owned and controlled by active members of the CMA.

(b) The CMA must provide evidence that:

(1) Active members own more than 50 percent of its allocated equity; and

(2) A majority of directors are active members of the CMA or authorized representatives of active members.

(c) An applicant cooperative or a CMA, not under the ownership or control, of its active members, may be approved by CCC if it is able to establish that, by retiring the equity of its inactive

members or by obtaining new members, it can vest ownership and control in its active members, as required by this section, by a date specified by CCC.

§ 1425.9 Open membership.

(a) The CMA shall provide CCC documented proof that the CMA admits every membership applicant who is eligible under the statute regulating the CMA.

(b) Notwithstanding paragraph (a) of this section, a CMA may refuse membership to an applicant whose admission would prejudice, hinder, or otherwise obstruct the interests or purposes of the CMA.

§ 1425.10 Financial ratio requirement.

To be financially able to make advances to their members and to market their commodities, CMA's shall have a current ratio of at least 1 dollar of current assets for each 1 dollar of current liabilities (current ratio of 1:1 or better) on the balance sheet it submits to CCC with its initial application or annual recertification required in § 1425.4.

§§ 1425.11-1425.12 [Reserved]

§ 1425.13 Uniform marketing agreement.

(a) A CMA must enter into a uniform marketing agreement with each member who delivers a commodity to a loan pool.

(b) The identification number used by the member to report acreage on applicable farms to FSA must appear on the marketing agreement.

§ 1425.14 Member business.

(a) At least 50 percent of a crop of an authorized commodity acquired by, or delivered to, a CMA for marketing must be produced by its members for the CMA to obtain a loan or LDP for such crop. CCC may, for a period not to exceed 2 years, waive this requirement if:

(1) The CMA can establish to CCC that such authorization is necessary for the efficient operation of the CMA; and

(2) The CMA's plan, approved by CCC, will bring the CMA into compliance with the provisions of this section.

§ 1425.15

(b) Commodities purchased or acquired from CCC and processed products acquired from other processors or merchandisers shall not be considered in determining the volume of member or nonmember business.

§ 1425.15 Vested authority.

The marketing agreement between the CMA and its members shall give the CMA the authority to pledge the commodity as collateral for a loan, to place a lien on such commodity, and to market the commodity on behalf of its members even though the individual members retain the right, in effect, to determine the price at which the commodity can be marketed by the CMA.

§ 1425.16 Payment limitation.

CMA's shall monitor market gains they receive from CCC on behalf of their members and not obtain market gains for a member above the member's payment limitation determined in accordance with part 1400 of this chapter.

§ 1425.17 Eligible commodity and pooling.

(a) A CMA may establish separate loan pools as needed for quantities of a commodity.

(b) Loans and, if applicable, LDP's will be available to CMA's for any eligible commodity in a loan pool as provided in paragraph (e) of this section and the beneficial interest provisions of parts 1421 and 1427 of this chapter.

(c) A pool shall be eligible for loans and LDP's if:

(1) All of the commodity in the pool is eligible for loans or LDP's, except as provided in paragraphs (d) and (e) of this section;

(2) The commodity was delivered by members to the CMA for their benefit;

(3) The commodity was delivered and the members are eligible for loans and LDP's;

(4) Members retain the right to share in marketing proceeds from the commodity in accordance with §1425.18; and

(5) Members agreed to accept a payment of initial advances from the CMA in accordance with §1425.18(a).

(d) Ineligible commodities may be included in eligible pools when:

7 CFR Ch. XIV (1-1-06 Edition)

(1) The CMA inadvertently included ineligible quantities based on grade, quality, bale weight or repacking in the case of cotton, or other factors; or

(2) There are eligibility discrepancies within FSA records, the producer has certified to the CMA that the commodity is eligible for loan, and there is no market gain or LDP involved in the loan pool for the crop year.

(e) A CMA may, for a period of time as specified in Handbook 1-CMA, include a commodity that is ineligible based on FSA records when the producer has certified to the CMA the commodity is eligible. In these instances, CCC specifies a time period during which CMA's may obtain loan or LDP's on the applicable quantity while the eligibility status is resolved. If the final resolution is that the commodity was ineligible, the CMA must repay any loans outstanding with principal plus interest and any market gains obtained plus interest from the date of receiving the market gain through the repayment date.

(f) The CMA must have in inventory a quantity of commodity delivered by members of each class and grade at least equal to the quantity each class and grade pledged as loan collateral.

(g) Loans will be available to the CMA for the quantity of a farm-stored commodity that is, pursuant to such CMA marketing agreement with a member, part of the CMA's loan pool.

(h) A CMA shall have identity-preserved loan pool commodities stored in approved warehouses while the commodities are pledged as collateral for loan.

(i) Loan eligibility for commingled commodities stored on a farm or in a warehouse may be transferred to an approved warehouse.

(j) Commodities pledged as collateral for CCC loans shall be free and clear of all liens and encumbrances based on a CMA's financial agreements or the CMA shall obtain a completed form CCC-679, Lien Waiver. When liens are applicable based on CMA financial agreements, the CMA shall provide CCC the completed CCC-679. CMA's shall not take any action to cause a lien or encumbrance to be placed on a commodity after a loan is approved.

(k) If a loan or LDP is obtained for any quantity in a loan pool, allocations of costs and expenses among separate pools for the commodity in the pool shall be made according to generally accepted accounting principles.

(1) A CMA shall not apply marketing losses from a commodity not used to obtain a loan or LDP against the marketing proceeds of a commodity used to obtain a loan or LDP.

(m) CMA's shall not carry forward losses from one loan pool and apply them against a subsequent loan pool without CCC's authorization. CCC may grant authorization when it determines that carrying forward the loss complies with CCC's loan and LDP program intent.

(n) The CMA is responsible to CCC for any loss related to commodities the CMA pledged as collateral for loan or used to obtain LDP related to:

(1) The CMA failing to comply with these regulations;

(2) Changes in quantity or quality of either warehouse or farm stored commodities; or

(3) Liens based on either the CMA's or its members' financial agreements.

§ 1425.18 Distribution of proceeds.

(a)(1) If CCC makes loans or LDP's for any quantity in a loan pool, the related proceeds shall be distributed to members participating in the pool:

(i) Based on the quantity and quality of the commodity delivered by each member;

(ii) Less any authorized charges for services performed or paid by the CMA necessary to condition the commodity or otherwise make the commodity eligible for loans or LDP's; and

(iii) Within 15 work days from the date the CMA receives loan or LDP proceeds from CCC, except when loans are redeemed within 15 work days of the date of the loan.

(2) CMA's may credit advances to its members made before loans and LDP's are obtained against the distribution of loan and LDP proceeds requirement in paragraph (a)(1)(iii) of this section.

(b)(1) Except as provided in paragraph (b)(2) of this section, loan pool proceeds shall not be combined with non-loan pool proceeds and the CMA shall distribute loan pool proceeds ac-

ording to the information it provided CCC in accordance with §1425.4(b)(7).

(2) Sales proceeds from a loan pool may be combined with sales proceeds from other pools if the proceeds from such pools are allocated among the pools according to the quantity and quality of the commodity included in the pools.

(3) Loan and LDP proceeds shall only be issued to members involved in pools used for loans or LDP's.

(4) When notified by CCC that loan and LDP distributions to a member must be reduced for a program year, farm, or crop, a CMA shall not make subsequent pool distributions and shall reimburse CCC for distributions previously issued, if applicable.

§ 1425.19 Member cooperatives.

A CMA may obtain loans or LDP's on behalf of a member cooperative when the member cooperative is itself a CMA operating in accordance with this part. Loans and LDP's are restricted based on the CMA obtaining the loan or LDP.

§ 1425.20 [Reserved]

§ 1425.21 Records required.

(a) A CMA shall maintain records for each loan or LDP commodity showing the quantity:

(1) Received from each member and nonmember;

(2) Eligible for loans and LDP's;

(3) By quality factors specified in the applicable commodity regulations including class, grade, and quality, where applicable; and

(4) Of unprocessed inventory broken down by items 1 through 3 above.

(b) Except as provided in paragraph (c) of this section, inventory shall be allocated in the following manner until all inventory in a loan pool is depleted:

SOURCE: 67 FR 64459, Oct. 18, 2002, unless otherwise noted.

§ 1427.1 Applicability.

(a) The regulations of this subpart are applicable to the 2002 through 2007 crops of upland cotton and extra long staple cotton. These regulations set forth the general provisions under which marketing assistance loans and loan deficiency payment programs shall be administered by the Commodity Credit Corporation (CCC). Additional terms and conditions are in the note and security agreement and the

loan deficiency payment application that must be executed by a producer to receive marketing assistance loans and loan deficiency payments.

(b) The basic loan rates, the schedule of premiums and discounts, and forms applicable to the cotton marketing assistance loan and loan deficiency payment programs are available from FSA offices. The forms for use in connection with the programs in this subpart shall be prescribed by CCC.

(c) Marketing assistance loans and loan deficiency payments will not be available for any cotton produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

(d) Notwithstanding the other provisions of this part, a producer may only receive the maximum assistance allowed by part 1400 of this chapter.

(e) Eligible producers, under 7 CFR 1421.4, who produce upland cotton during the 2002 through 2007 crop years on a farm that is not covered under a direct and counter-cyclical program contract, as defined in part 1412 of this chapter, are eligible for marketing assistance loans or loan deficiency payments as are eligible producers who produced commodities on farms covered by such a contract.

§ 1427.2 Administration.

(a) The marketing assistance loan and loan deficiency payment programs shall be administered under the general supervision of the Executive Vice President, CCC, or a designee and shall be carried out by FSA employees, and state and county committees.

(b) No FSA employee or committee may modify or waive any requirement in this subpart, except as provided in paragraph (e) of this section.

(c) The State committee shall take any required action not taken by the county committee. The State committee shall also:

(1) For the 2001 crop year only, allow producers who, in good faith, violated the terms and conditions of the note and security agreement resulting in the producer losing beneficial interest in the commodity before repaying the loan, to repay the loan at a rate that is the lesser of the loan plus interest, or

§ 1427.3

7 CFR Ch. XIV (1-1-06 Edition)

the adjusted world price, as determined under § 1427.19, in effect on the date the beneficial interest was lost.

(2) Correct, or require a correction of an action that is not in compliance with this part; or

(3) Stop an employee from taking an action or decision that is not in accordance with the regulations of this part.

(d) The Executive Vice President, CCC, or a designee may determine any question arising under these programs, and reverse or modify a determination made by an FSA employee or State or county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State or county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other program requirements does not adversely affect the operation of the marketing assistance and loan deficiency payment programs.

(f) A representative of CCC may execute marketing assistance loan and Loan deficiency payment applications and related documents only under the terms and conditions determined and announced by CCC. Any document not executed under such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.

(10) Be packaged in materials which meet the specifications adopted by the Joint Cotton Industry Bale Packaging Committee sponsored by the National Cotton Council of America for the applicable year or which are identified and approved by the Joint Industry Bale Packaging Committee as experimental packaging materials for the applicable crop year, except that producers approved for the outside storage of 2003 and subsequent crops of ELS cotton as provided for in §1427.10(e) must assure that the packaging materials used for bales stored outside must meet the materials, sealing, and humidity specifications contained in the outside-storage addendum to their ELS cotton marketing assistance loan agreement.

(11) Be ginned by a ginner which:

(i) Has entered the tare weight of the bale (bagging and ties used to wrap the bale) on the gin bale tag or otherwise furnish warehouse operator the tare weight; and

(ii) Has entered into a Cooperating Ginners' Bagging and Bale Ties Certification and Agreement on a form prescribed by CCC, or certified that the bale is wrapped with bagging and bale ties meeting the requirements of paragraph (b)(10) of this section and;

(12) Be production from acreage that has been reported timely under part 718 of this title.

(c) In addition to the requirements of paragraph (b) of this section, for ELS cotton the bale must:

(1) Be of a grade, strength, staple length, and other factors specified in the schedule of loan rates for ELS cotton;

(2) Have a micronaire specified in the schedule of micronaire premiums and discounts for ELS cotton; and

(3) Have an extraneous matter specified in the schedules of premiums and discounts for extraneous matter for ELS cotton.

(d) In addition to the requirements of paragraph (b) of this section, for upland cotton the bale must:

(1) Have been graded by using a High Volume Instrument;

(2) Be a grade, staple length, and leaf specified in the schedule of premiums and discounts for grade, staple, and leaf for upland cotton;

(3) Have a strength reading specified in the schedule of strength premiums and discounts for upland cotton;

(4) Have a micronaire specified in the schedule of micronaire premiums and discounts for upland cotton;

(5) Have an extraneous matter within the limits specified in the schedule of discounts for extraneous matter for upland cotton; and

(6) Have a uniformity specified in the schedule of uniformity premiums and discounts for upland cotton.

(e)(1) To be eligible to receive marketing assistance loans or loan deficiency payments, a producer must have the beneficial interest in the cotton which is tendered to CCC for a marketing assistance loan or loan deficiency payment. The producer must always have had the beneficial interest in the cotton unless, before the cotton was harvested, the producer, and a former producer whom the producer tendering the cotton to CCC has succeeded, had such an interest in the cotton. Cotton obtained by gift, barter or purchase shall not be eligible to be tendered to CCC for marketing assistance loans or loan deficiency payments. Heirs who succeed to the beneficial interest of a deceased producer or who assume the decedent's obligations under an existing marketing assistance loan shall be eligible to receive marketing assistance loans and loan deficiency payments whether succession to the cotton occurs before or after harvest so long as the heir otherwise complies with this part.

(2) A producer shall not be considered to have divested the beneficial interest in the cotton if the producer retains control, title, and risk of loss in the cotton, including the right to make all decisions regarding the tender of the cotton to CCC for marketing assistance loans or loan deficiency payments including those cases where the producer:

(i) Executes an option to purchase, whether or not a payment is made by the potential buyer for such option to purchase, for such cotton if all other eligibility requirements are met and

the option to purchase contains the following:

Notwithstanding any other provision of this option to purchase, title; risk of loss; and beneficial interest in the commodity, as specified in 7 CFR 1427.5, shall remain with the producer until the buyer exercises this option to purchase the commodity. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of: (1) The maturity of any Commodity Credit Corporation (CCC) loan which is secured by such commodity; (2) the date CCC claims title to such commodity; or (3) such other date as provided in this option.

(ii) Enters into a contract to sell the cotton if the producer retains title, risk of loss, and beneficial interest in the commodity and the purchaser pays no advance payment amount or any incentive payment amount to enter into such contract, except as provided in part 1425 of this chapter; or

(iii) Executes a designation of agent on a form prescribed by CCC. Such designation:

(A) Allows the producer to authorize an agent or subsequent agent to redeem all or a portion of the cotton pledged as collateral for a marketing assistance loan;

(B) Identifies the warehouse receipts for which the authorization is given;

(C) Expires upon maturity of the marketing assistance loan;

(D) Allows agents so designated by the producer to designate a subsequent agent by endorsement of the form by the agent;

(E) Must be presented at the time the marketing assistance loan is repaid at the county office or loan servicing agent where such loan originated if the agent or subsequent agent exercises any authority granted by the producer, unless the producer provides authorization to CCC to use an electronic agent designation as the basis for accepting redemption of some or all bales of the specified loan; and

(F) May be canceled by the producer by providing the custodial office a written request signed and dated by the producer showing the name of the agent, the loan number, and the bales applicable to the Cooperating Ginners' Bagging and Bale Ties Certification and Agreement that was provided by the Agency. The effective date of the

cancellation shall be the date the request is received by the custodial office.

(3) If marketing assistance loans or loan deficiency payments are made available to producers through a CMA under part 1425 of this chapter, the beneficial interest in the cotton must always have been in the producer-member who delivered the cotton to the CMA or its member, except as otherwise provided in this section. Cotton delivered to such a CMA shall not be eligible to receive a marketing assistance loan or a loan deficiency payment if the producer-member who delivered the cotton does not retain the right to share in the proceeds from the marketing of the cotton as provided in part 1425 of this chapter.

(f) If the person tendering cotton for a loan or a loan deficiency payment is a landowner, landlord, tenant, or sharecropper, such cotton must represent such person's separate share of the crop and must not have been acquired by such person directly or indirectly from a landowner, landlord, tenant, or sharecropper.

(g) Each bale of upland cotton sampled by the warehouse operator upon initial receipt which has not been sampled by the ginner must not show more than one sample hole on each side of the bale. If more than one sample is desired when the bale is received by the warehouse operator, the sample shall be cut across the width of the bale, broken in half or split lengthwise, and otherwise drawn under Agricultural Marketing Service (AMS) dimension and weight requirements. This requirement will not prohibit sampling of the cotton at a later date if authorized by the producer.

(h) Marketing assistance loans may be disbursed to eligible producers who store upland cotton in unlicensed storage facilities only if the producer agrees to redeem the marketing assistance loan on the date on which the loan is disbursed with a commodity certificate exchange.

If the cotton was not eligible cotton at the time of disbursement, the total amount disbursed under the loan, and charges plus interest shall be refunded promptly.

§ 1427.7 Maturity of loans.

(a)(1) Form A loans and Form G loans mature on demand by CCC and no later than the last day of the 9th calendar month following the month in which the note and security agreement is filed under §1427.5(a).

(2) CCC may at any time accelerate the loan maturity date by providing the producer notice of such acceleration at least 30 days in advance of the accelerated maturity date.

(b) If the loan is not repaid by the loan maturity date, title to the cotton shall vest in CCC the day after such maturity date and CCC shall have no obligation to pay for any market value which such cotton may have in excess of the amount of the loan, plus interest and charges.

§ 1427.8 Amount of loan.

(a) The loan rates for crops of upland cotton and ELS cotton will be determined and announced by CCC and made available at State and county offices.

(b) The quantity of cotton which may be pledged as collateral for a loan shall be the net weight of the eligible cotton as shown on the warehouse receipt issued by an approved warehouse, except that in the case of a bale which has a net weight of more than 600 pounds, the weight to be used in determining the amount of the loan on the bale shall be 600 pounds. Cotton pledged as collateral for loans on the basis of reweights will not be accepted by CCC.

(c) The amount of the loan for each bale will be determined by multiplying the net weight of the bale, as determined under paragraph (b) of this section by the applicable loan rate.

(d) CCC will not increase the amount of the loan made for any bale of cotton as a result of a redetermination of the quantity or quality of the bale after it is tendered to CCC, except that if it is established to the satisfaction of CCC that a bona fide error was made for the weight of the bale or the classification for the bale, such error may be corrected.

§ 1427.9 Classification of cotton.

(a) References made to "classification" in this subpart shall include color grade, leaf, staple length, extraneous matter and micronaire, and for upland cotton, strength readings. All cotton tendered for loan must be classed by an AMS Cotton Classing Office or other entity approved by CCC and tendered on the basis of such classification.

(b) An AMS cotton classification or other entity's classification acceptable by CCC showing the classification of a bale must be based upon a representative sample drawn from the bale under instructions to samplers drawing samples under AMS procedures.

(c) If the producer's cotton has not been classed or sampled in a manner acceptable by CCC, the warehouse shall sample such cotton and forward the samples to the AMS Cotton Classing Office or other entity approved by CCC serving the district in which the cotton is located. Such warehouse must be licensed by AMS or be approved by CCC to draw samples for submission to the AMS Cotton Classing Office or other entity approved by CCC.

(d) If a sample has been submitted for classification, another sample shall not be drawn, except for a review classification.

(e) Where review classification is not involved, if through error or otherwise two or more samples from the same bale are submitted for classification, the loan rate shall be based on the classification having the lower loan value.

(f) If a review classification is obtained, the loan value of the cotton

represented thereby will be based on such review classification.

§ 1427.10 Approved storage.

(a) Eligible cotton may be pledged as collateral for loans only if stored at warehouses approved by CCC.

(1) Persons desiring approval of their facilities should contact the Kansas City Commodity Office, P.O. Box 419205, Kansas City, Missouri 64141-6205.

(2) The names of approved warehouses may be obtained from the Kansas City Commodity Office or from State or county offices.

(b) When the operator of a warehouse receives notice from CCC that a loan has been made by CCC on a bale of cotton, the operator shall, if such cotton is not stored within the warehouse, promptly place such cotton within such warehouse.

(c) Warehouse charges paid by a producer will not be refunded by CCC.

(d) The approved storage requirements provided in this section may be waived by CCC if the producer requests a loan deficiency payment pursuant to the loan deficiency payment provisions contained in §1427.23.

(e) With respect to 2003 and subsequent crops of ELS cotton, a producer may obtain a loan on cotton that is not stored as otherwise provided in this section if such cotton is stored:

(1) At a commercial entity that is involved in the handling or storage of cotton in a county or area determined and announced by CCC as approved for outside storage of loan collateral;

(2) The site is constructed so as to prevent the accumulation of water under such cotton; and

(3) As otherwise provided in the loan agreement. The collateral for such loan shall be as specified in the loan agreement and may include the actual bale of cotton.

[67 FR 64459, Oct. 18, 2002, as amended at 68 FR 49328, Aug. 18, 2003; 69 FR 12056, Mar. 15, 2004]

§ 1427.11 Warehouse receipts.

(a) Producers may obtain loans on eligible cotton represented by warehouse receipts only if the warehouse receipts meet the definition of a warehouse receipt and provide for delivery of the cotton to bearer or are properly as-

signed by endorsement in blank, so as to vest title in the holder of the receipt or are otherwise acceptable to CCC. The warehouse receipt must:

- (1) Contain the gin bale number;
- (2) Contain the warehouse receipt number;
- (3) Be dated on or before the date the producer signs the note and security agreement.

(b) Warehouse receipts, under §1427.3, when issued as block warehouse receipts will be accepted when authorized by CCC only if the owner of the warehouse issuing the block warehouse receipt owns the cotton represented by the block warehouse receipt and the warehouse is not licensed under the U.S. Warehouse Act.

(c)(1) Each receipt must set out in its written or printed terms the tare and the net weight of the bale represented thereby. The net weight shown on the warehouse receipt shall be the difference between the gross weight as determined by the warehouse at the warehouse site and the tare weight. The warehouse receipt may show the net weight established at a gin if:

(i) The gin is in the immediate vicinity of the warehouse and is operated under common ownership with such warehouse or in any other case in which the showing of gin weights on the warehouse receipts is approved by CCC; and

(ii) Gin weights are permitted by the licensing authority for the warehouse.

(2) The tare shown on the receipt shall be the tare furnished to the warehouse by the ginner or entered by the ginner on the gin bale tag. A machine card type warehouse receipt reflecting an alteration in gross, tare, or net weight will not be accepted by CCC unless it bears, on the face of the receipt, the following legend or similar wording approved by CCC, duly executed by the warehouse or an authorized representative of the warehouse:

Corrected (gross, tare, or net) weight,
(Name of warehouse),
By (Signature or initials),
Date.

(3) Alterations in other inserted data on a machine card type warehouse receipt must be initialed by an authorized representative of the warehouse.

§ 1427.12

(d) If warehouse storage charges have been paid, the receipt must show that date through which the storage charges have been paid.

(e) If warehouse receiving charges have been paid or waived, the warehouse receipt must show such fact. Except for bales stored in the States of Alabama, Florida, Georgia, North Carolina, South Carolina, and Virginia, if receiving charges due on the bale include a charge, if any, for a new set of ties for compressing flat bales tied with ties which cannot be reused, the warehouse receipt must indicate the receiving charges and include a charge for new set of ties. If the bale is stored at a warehouse not having compress facilities and bales shipped from the warehouse are normally compressed in transit, the warehouse receipt must show the bale ties are not suitable for reuse when the bale is compressed and charges will be assessed by the nearest compress in line of transit for furnishing new bale ties.

(f) In any case where loan collateral is forfeited, any unpaid storage or receiving charges, not to exceed the amount that accrued from the date that all necessary documents were received by CCC to the maturity date, will be paid to the warehouse by CCC after loan maturity or as soon as practicable after the cotton is ordered shipped by CCC.

(g) The warehouse receipt must show the compression status of the bale; *i.e.*, flat, modified flat, standard, gin standard, standard density (short), gin universal, universal density (short), or warehouse universal density. The receipt must show if the compression charge has been paid, or if the warehouse claims no lien for such compression.

§ 1427.12 Liens.

If there are any liens or encumbrances on the cotton tendered as collateral for a loan, waivers that fully protect the interest of CCC must be obtained before disbursement even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

§ 1427.13 Fees, charges and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC or, if applicable, to a loan servicing agent, at a rate determined by CCC. Such fee shall be in addition to a cotton clerk fee paid under paragraph (b) of this section. The fee amounts are available in State and county offices and are shown on the note and security agreement. Fees shall be deducted from the loan proceeds.

(b) Cotton clerks may only charge fees for the preparation of loan or loan deficiency payment documents at the rate determined by CCC.

(1) Such fees may be deducted from the loan or loan deficiency payment proceeds instead of the fees being paid in cash.

(2) The amount of such fees is available from CCC and is shown on the note and security agreement.

(c) Interest which accrues for a loan shall be determined under part 1405 of this chapter. All or a portion of such interest may be waived for a quantity of upland cotton which has been redeemed under § 1427.19 at a level which is less than the principal amount of the loan plus charges and interest.

(d) For each crop of upland cotton, the producer, as defined in the Cotton Research and Promotion Act (7 U.S.C. 2101), shall remit to CCC an assessment which shall be transmitted by CCC to the Cotton Board and shall be deducted from the:

(1) Loan proceeds for a crop of cotton and shall be at a rate equal to one dollar per bale plus up to one percent of the loan amount; and

(2) Loan deficiency payment proceeds for a crop of cotton and shall be at a rate equal to up to one percent of the loan deficiency payment amount.

(e) If the producer elects to forfeit the loan collateral to CCC, the producer shall pay to CCC, at the rates that are specified in the storage agreement between the warehouse and CCC, the following accrued warehouse charges:

(1) All warehouse storage charges associated with the forfeited cotton that accrued before the date that all required documents were provided to CCC; and

(2) Any accrued warehouse receiving charges associated with the forfeited cotton, including, if applicable, charges for new ties as specified in §1427.11.

§ 1427.14 [Reserved]

§ 1427.15 Special procedure where funds are advanced.

(a) This special procedure is provided to assist persons or firms which, in the course of their regular business of handling cotton for producers, have made advances to eligible producers on cotton eligible to be pledged as collateral for a marketing assistance loan or to receive a loan deficiency payment. A person, firm, or financial institution which has made advances to eligible producers on eligible cotton may also obtain reimbursement for the amounts advanced under this procedure.

(b) This special procedure shall apply only:

(1) If such person or firm is entitled to reimbursement from the proceeds of the marketing assistance loans or loan deficiency payments for the amounts advanced and has been authorized by the producer to deliver the loan or loan deficiency payment documents to a county office for disbursement of the loans or loan deficiency payments; and

(2) To marketing assistance loan or loan deficiency payment documents covering cotton on which a person or firm has advanced to the producers, including payments to prior lienholders and other creditors, the note amounts shown on the Form A loan documents, except for:

(i) Authorized cotton clerk fees;

(ii) The research and promotion fee to be collected for transmission to the Cotton Board by CCC; and

(iii) CCC loan service charges.

(c)(1) All marketing assistance loan or loan deficiency payment documents shall be mailed or delivered to the appropriate county office and shall show the entire proceeds of the marketing assistance loans or loan deficiency payments, except for CCC loan service charges and research and promotion fees, for disbursement to:

(i) The financial institution which is to allow credit to the person or firm which made the loan or loan deficiency payment advances or to such financial

institution and such person or firm as joint payees; or

(ii) The person, firm, or financial institution which made the marketing assistance loan or loan deficiency payment advances to the producers.

(2) The documents shall be accompanied by a Transmittal Schedule of Loan and Loan Deficiency Payment Documents (Transmittal) on a form prescribed by CCC, in original and two copies, numbered serially for each county office by the person, firm, or financial institution which made the marketing assistance loan or loan deficiency payment advance. The Transmittal shall show the amounts invested by the person, firm, or financial institution in the marketing assistance loans or loan deficiency payments.

(3) Upon receipt of the marketing assistance loan or loan deficiency payment documents and Transmittal, the county office will stamp one copy of the Transmittal to indicate receipt of the documents and return this copy to the person, firm, or financial institution.

(d) The person, firm, or financial institution shall be deemed to have invested funds in the loans or loan deficiency payment as of the date marketing assistance loan or loan deficiency payment documents acceptable to CCC were delivered to a county office or, if received by mail, the date of mailing as indicated by postmark or the date of receipt in a county office if no postmark date is shown. Patron postage meter date stamp will not be recognized as a postmark date.

(e) Interest will be computed on the total amount invested by the person, firm, or financial institution in the marketing assistance loan or loan deficiency payment represented by accepted documents from and including the date of investment of funds by the person, firm, or financial institution to, but not including, the date of disbursement by CCC.

(1) Interest will be paid at the rate in effect for CCC loans as provided in part 1405 of this chapter.

(2) Interest earned by the person, firm, or financial institution on the investment in loans disbursed during a month will be paid by CCC after the end of the month.

§ 1427.16

7 CFR Ch. XIV (1-1-06 Edition)

§ 1427.16 Reconcentration of cotton.

(a) CCC may under certain conditions, before loan maturity, compress, store, insure, or reinsure the cotton against any risk, or otherwise handle or deal with the cotton as it may deem necessary or appropriate for the purpose of protecting the interest therein of the producer or CCC.

(b) CCC may reconcentrate the cotton pledged for the marketing assistance loan from one CCC-approved warehouse to another with the written consent of the producer and upon the request of the local warehouse and certification that there is congestion and lack of storage facilities in the area. However, if CCC determines such cotton is improperly warehoused and subject to damage, or if any of the terms of the loan agreement are violated, or if carrying charges are substantially in excess of the average of carrying charges available elsewhere and the local warehouse, after notice, declines to reduce such charges, such written consent need not be obtained.

(1) An FSA official, the loan servicing agent, or CMA shall arrange for reconcentration of the cotton under the direction of CCC and CCC shall obtain new warehouse receipts.

(2) Any reconcentration charges, fees, costs, or expenses incident to such actions shall be charged against the cotton, and must be repaid for bales redeemed from loan.

§ 1427.17 Custodial offices.

Collateral warehouse receipts, using forms prescribed by CCC, and related documents will be maintained in the custody of CCC, its designee, the loan servicing agent, or the cotton commercial bank, whichever disbursed the loan evidenced by such documents.

§ 1427.18 Liability of the producer.

(a)(1) If a producer makes any fraudulent representation in obtaining a marketing assistance loan or loan deficiency payment or in maintaining or settling a loan, or disposes of or moves the loan collateral without the prior written approval of CCC, such loan or loan deficiency payment shall be payable upon demand by CCC. The producer shall be liable for:

(i) The amount of the marketing assistance loan or loan deficiency payment;

(ii) Any additional amounts paid by CCC for the loan or loan deficiency payment;

(iii) All other costs which CCC would not have incurred but for the fraudulent representation or the unauthorized disposition or movement of the loan collateral;

(iv) Applicable interest on such amounts;

(v) Liquidated damages under paragraph (e) of this section; and

(vi) About amounts due for a loan, the payment of such amounts may not be satisfied by the forfeiture of loan collateral to CCC of cotton with a settlement value that is less than the total of such amounts or by repayment of such loan at the lower loan repayment rate as prescribed in § 1427.19.

(2) If a producer makes a fraudulent representation or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC, the value of such collateral delivered to or acquired by CCC shall be equal to the sales price of the cotton less any costs incurred by CCC in completing the sale.

(b) If the amount disbursed under a marketing assistance loan, or in settlement thereof, or loan deficiency payment exceeds the amount authorized by this subpart, the producer shall be liable for repayment of such excess, plus interest. In addition, the commodity pledged as collateral for such loan shall not be released to the producer until such excess is repaid.

(c) If the amount collected from the producer in satisfaction of the marketing assistance loan or loan deficiency payment is less than the amount required under this subpart, the producer shall be personally liable for repayment of the amount of such deficiency plus applicable interest.

(d) If more than one producer executes a note and security agreement or loan deficiency payment application with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and security agreement or loan deficiency payment application and this subpart. Each producer shall

also remain liable for repayment of the entire loan or loan deficiency payment amount until the loan is fully repaid without regard to their share in the cotton pledged as collateral for the loan or for which the loan deficiency payment was made. In addition, such producer may not amend the note and security agreement or loan deficiency payment application for the producer's claimed share in such cotton after execution of the note and security agreement or loan deficiency payment application by CCC.

(e) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC if a producer makes any fraudulent representation in obtaining a loan or loan deficiency payment or in maintaining or settling a loan or disposing of or moving the loan collateral without the prior written approval of CCC. Accordingly, if CCC determines that the producer has violated the terms or conditions of their requests for a loan or any applicable form required by CCC, liquidated damages shall be assessed on the quantity of the cotton which is involved in the violation. If CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note or the loan deficiency payment rate for the first offense; or

(ii) 25 percent of the loan rate applicable to the loan note or the loan deficiency payment rate for the second offense; or

(2) Did not act in good faith about the violation, or for cases other than first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note or the loan deficiency payment rate.

(f) For first and second offenses, if CCC determines that a producer acted in good faith when the violation occurred, CCC shall:

(1) Require repayment of the loan principal and charges, plus interest applicable to the loan quantity affected by the violation or for loan deficiency

payment, the loan deficiency payment amount applicable to the loan deficiency quantity involved with the violation, and charges plus interest from the date the loan deficiency payment was made; and

(2) Assess liquidated damages under paragraph (e) of this section;

(3) If the producer fails to pay such amounts within 30 calendar days from the date of notification, CCC shall call the applicable marketing assistance loan involved in the violation and require repayment of any market gain previously realized for the applicable loan, plus any interest previously waived and any storage paid by CCC, or for a loan deficiency payment, require repayment of the loan deficiency payment and charges plus interest from the date the loan deficiency payment was made.

(g) For cases other than first or second offenses, or any offense for which CCC cannot determine good faith when the violation occurred, CCC shall:

(1) Assess liquidated damages under paragraph (e) of this section; and

(2) Call the applicable marketing assistance loan involved in the violation and require repayment of any market gain previously realized for the applicable loan, plus any interest previously waived and any storage paid by CCC, and for a loan deficiency payment, require repayment of the loan deficiency payment and charges plus interest from the date the loan deficiency payment was made.

(h) If the county committee acting on behalf of CCC determines that the producer has committed a violation under paragraph (e) of this section, CCC shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances which caused the violation, to the county committee; and

(2) Administrative actions will be taken under paragraph (f) or (g) of this section.

(i) If the marketing assistance loan is called under this section, the producer must repay the loan at principal and charges, plus interest and may not repay the loan at the lower of the loan

§ 1427.19

repayment rate under §1427.19 or utilize the provisions of part 1401 of this chapter for such loan.

(j) Any or all of the liquidated damages assessed under paragraph (e) of this section may be waived as determined by CCC.

(k)(1) Notwithstanding any other provision of this part, for ELS cotton stored as provided in §1427.10(e), the producer shall be liable for all costs associated with the storage of the cotton while it is stored outside. CCC shall make no storage payment or any other payment with respect to ELS cotton stored as provided in §1427.10(e).

(2) The producer of ELS cotton which is stored as provided in §1427.10(e) shall:

(i) Certify the quantity of such cotton on the loan application; certify the cotton is packaged in a hermetically sealed bag with an internal humidity level established by the gin as appropriate to safeguard the cotton; certify that packaging materials meet or exceed industry minimum standards; certify that the storage area is suitable for cotton storage and is in an area approved by CCC; certify that the storage area is constructed to prevent water accumulation under the cotton and is outside a 100-year floodplain; and certify that the storage area is serviced by bale handling and transport equipment that will not damage the sealed bag or degrade the storage area;

(ii) Be responsible for any loss in quantity or quality of such cotton;

(iii) If the loan is satisfied by forfeiting the cotton to CCC, be responsible for all costs associated with delivering such cotton to a warehouse designated by CCC, all costs associated with any re-classification and repackaging that may be required by CCC or the warehouse operator to whom the cotton is delivered, all charges by the receiving warehouse for receiving the cotton and issuing an electronic warehouse receipt for the cotton, and other charges as may be levied by the warehouse specific to outside-stored cotton; and

(iv) Not move such cotton after the loan application is submitted to CCC without prior written approval of the county committee. Failure of the producer to receive such permission shall

7 CFR Ch. XIV (1-1-06 Edition)

subject the producer to administrative actions.

[67 FR 64459, Oct. 18, 2002, as amended at 68 FR 49328, Aug. 18, 2003; 69 FR 12056, Mar. 15, 2004]

§ 1427.19 Repayment of loans.

(a) Warehouse receipts will not be released except as provided in this section.

(b) A producer, an authorized agent or anyone subsequently designated by the producer in the manner prescribed by CCC may redeem one or more bales of cotton pledged as collateral for a loan by payment to CCC of an amount applicable to the bales of cotton being redeemed determined under this section. CCC, upon proper payment for the amount due, shall release the warehouse receipts applicable to such cotton.

(c) A producer or agent or subsequent agent authorized in writing in a manner prescribed by CCC may repay the loan amount for one or more bales of cotton pledged as collateral for a marketing assistance loan:

(1) For upland cotton, at a level that is the lesser of:

(i) The loan level and charges, plus interest determined for such bales; or

(ii) The adjusted world price, as determined by CCC under §1427.25, in effect on the day the repayment is received by the county office, loan servicing agent, or cotton commercial bank that disbursed the loan.

(2) For ELS cotton, by repaying the loan amount and charges, plus interest determined for such bales.

(d) CCC shall determine and publicly announce the adjusted world price for each crop of upland cotton on a weekly basis.

(e) The difference between the loan level, excluding charges and interest, and the loan repayment level is the market gain. The total amount of any market gain realized by a person is subject to part 1400 of this chapter.

(f) Repayment of loans will not be accepted after CCC acquires title to the cotton under §1427.7.

(g) In the event that Thursday is a non-workday, such loan repayments will not be accepted beginning at 7 a.m.

Eastern Standard time the next work-day until an announcement of the adjusted world price for the succeeding weekly period has been made under §1427.25(e).

(h) If the upland cotton pledged as collateral is eligible to be redeemed at a rate less than the loan level and charges, plus interest, and the adjusted world price determined under §1427.25:

(1) Below the national average loan rate for upland cotton, CCC will pay at the time of loan repayment to the producer or agent or subsequent agent authorized by the producer in the manner prescribed by CCC, the warehouse storage charges which have accrued, for the cotton pledged as collateral for such loan, during the period the cotton was pledged for loan;

(2) Above the national average loan rate by less than the sum of the accrued interest and warehouse storage charges, that accrued during the period the cotton was pledged for loan, CCC will pay at the time of loan repayment to the producer or agent or subsequent agent authorized by the producer in the manner prescribed by CCC, that portion of the warehouse storage charges, that accrued during the period the cotton was pledged for loan, that are determined to be necessary to permit the loan to be repaid at the adjusted world price without regard to any warehouse charges that accrued before the cotton was pledged for loan; or

(3) Above the national average loan rate by as much as or more than the sum of the accrued interest and warehouse storage charges that accrued during the period the cotton was pledged for loan, CCC shall not pay any of the accrued warehouse storage charges.

(i) Repayment of loans will not be accepted after CCC acquires title to the cotton in accordance with §1427.7.

§1427.20 Handling payments and collections not exceeding \$9.99.

Amounts of \$9.99 or less will be paid to the producer only at their request. Deficiencies of \$9.99 or less, including interest, may be disregarded unless CCC demands in writing that they be paid.

§1427.21 Settlement.

(a) The settlement of loans shall be made by CCC on the basis of the quality and quantity of the cotton delivered to CCC by the producer or acquired by CCC.

(b) Settlements made by CCC for eligible cotton which are acquired by CCC which are stored in an approved warehouse shall be made on the basis of the entries set forth on the applicable warehouse receipt and other accompanying documents.

(c) If a producer does not pay CCC the amount due under a loan, CCC shall take title to the cotton as provided in §1427.7(b).

(d) With respect to ELS cotton which is stored as provided in §1427.10(e), settlement of loans shall be made based upon the determination of the quantity and quality made by CCC at the time of acceptance of the cotton by CCC at the warehouse designated by CCC as provided in §1427.18(k).

§1427.22 Commodity certificate exchanges.

(a) For any outstanding marketing assistance loan, a producer may purchase a commodity certificate and exchange that commodity certificate for the marketing assistance loan collateral.

(b) The exchange rate is the lesser of:

(1) The loan rate and charges, plus interest applicable to the loan, or

(2) The adjusted world price for cotton as determined by CCC.

(c) Producers must request a commodity certificate exchange in person at the FSA county service center that disbursed the marketing assistance loan by:

(1) Completing a written request as CCC determines,

(2) Purchasing a commodity certificate for the exact amount required to exchange the marketing assistance loan collateral, and

(3) Immediately exchanging the purchased commodity certificate for the outstanding loan collateral.

§ 1427.23

7 CFR Ch. XIV (1-1-06 Edition)

§ 1427.23 Cotton loan deficiency payments.

(a) In order to be eligible to receive such loan deficiency payments, the producer of the upland cotton must:

(1) Comply with all of the upland cotton marketing assistance loan eligibility requirements under this subpart;

(2) Agree to forgo obtaining such loans unless denied a loan deficiency payment due to payment limitation;

(3) File a request for payment for a quantity of eligible cotton under § 1427.5(a) on a form approved by CCC;

(4) Provide warehouse receipts or, as determined by CCC, a list of gin bale numbers for such cotton showing, for each bale, the net weight established at the gin;

(5) For loan deficiency payments requested before ginning of the cotton based on a locked-in adjusted world price, provide identifying numbers for modules or other storage units that will correspond to the gin-assigned numbers of the bales produced from the unginning cotton; and

(6) Otherwise comply with all program requirements.

(b) The loan deficiency payment applicable to a crop of cotton shall be computed by multiplying the applicable loan deficiency payment rate, as determined under paragraph (c) of this section, by the quantity of the crop the producer is eligible to pledge as collateral for a loan, excluding any quantity for which the producer obtains a marketing assistance loan.

(c) The loan deficiency payment rate for a crop of upland cotton shall be the amount by which the loan rate determined for a bale of such crop exceeds the adjusted world price, as determined by CCC under § 1427.25, in effect on the day the request is received by, the county office, loan servicing agent, or cotton commercial bank. In no case shall the loan deficiency payment rate for a bale exceed the value of the bale had it been pledged as collateral for a marketing assistance loan.

(d) The total amount of any loan deficiency payments that a person may receive is subject to part 1400 of this chapter.

(e) If the producer enters into an agreement with CCC on or before the date of ginning a quantity of eligible

upland cotton, and the producer has the beneficial interest in such quantity as specified under § 1427.5(c) on the date the cotton was ginned, and the producer meets all the other requirements in paragraph (a) of this section on or before the final date to apply for a loan deficiency payment under § 1427.5, the loan deficiency payment rate applicable to such cotton will be:

(1) Based on the date the cotton was ginned if payment application is made in the manner prescribed by CCC for obtaining such rate; or

(2) Based on the date of request for lock-in of the adjusted world price if payment application is made in the manner prescribed by CCC for obtaining such rate; or

(3) Based on the date a completed request including production evidence is submitted in the manner prescribed by CCC for obtaining such rate.

(f) In the event that Thursday is a non-workday, such applications for loan deficiency payments will not be accepted beginning at 7 a.m. Eastern Standard time the next workday until an announcement of the adjusted world price for the succeeding weekly period has been made under § 1427.25(e).

(g) With respect only to loan deficiency payments for upland cotton produced in the 2001 crop year, whether or not produced on a farm covered by a production flexibility contract, the applicable final availability for such payment is November 18, 2002.

§ 1427.24 [Reserved]

§ 1427.25 Determination of the prevailing world market price and the adjusted world price for upland cotton.

(a) CCC shall determine the world market price for upland cotton as follows:

(1) During the period when only one daily price quotation is available for each growth quoted for Middling one and three-thirty-second inch (M 1³/₃₂ inch) cotton, C.I.F. (cost, insurance, and freight) northern Europe, the prevailing world market price for upland cotton shall be based upon the average of the quotations for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted

for M $1\frac{3}{32}$ inch cotton, C.I.F. northern Europe.

(2) During the period when both a price quotation for cotton for shipment no later than August/September of the current calendar year (current shipment price) and a price quotation for cotton for shipment no earlier than October/November of the current calendar year (forward shipment price) are available for growths quoted for M $1\frac{3}{32}$ inch cotton, C.I.F. northern Europe, the prevailing world market price for upland cotton shall be based upon the following: Beginning with the first week covering the period Friday through Thursday which includes April 15 or, if both the average of the current shipment prices for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M $1\frac{3}{32}$ inch cotton, C.I.F. northern Europe (Northern Europe current price (NEc)), and the average of the forward shipment prices for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M $1\frac{3}{32}$ inch cotton, C.I.F. northern Europe (Northern Europe forward price (NEf)), are not available during that period, beginning with the first week covering the period Friday through Thursday after the week which includes April 15 in which both the NEc and NEf price are available, the prevailing world market price for upland cotton shall be based upon the result calculated by the following procedure:

- (i) Weeks 1 and 2: $((2 \times \text{NEc}) + \text{NEf})/3$.
- (ii) Weeks 3 and 4: $(\text{NEc} + \text{NEf})/2$.
- (iii) Weeks 5 and 6: $(\text{NEc} + (2 \times \text{NEf}))/3$.
- (iv) Week 7 through July 31: NEf.

(3) The upland cotton prevailing world market price as determined under paragraphs (a)(1) or (a)(2) of this section shall hereinafter be referred to as the "Northern Europe price (NE)."

(4) If quotes are not available for 1 or more days in the 5-day period, the available quotes during the period will be used. If no quotes are available during the Friday through Thursday period, the prevailing world market price shall be based upon the best available world price information, as CCC determines.

(b) The upland cotton prevailing world market price, adjusted under

paragraph (c) of this section (adjusted world price (AWP)), shall be applicable to the 2002 through 2007 crops of upland cotton.

(c) The upland cotton AWP shall equal the NE price as determined under paragraph (a) of this section, adjusted as follows:

(1) The NE shall be adjusted to average designated U.S. spot market location by deducting the average difference in the immediately preceding 52-week period between:

(i)(A) The average of price quotations for the U.S. Memphis territory and the California/Arizona territory as quoted each Thursday for M $1\frac{3}{32}$ inch cotton, C.I.F. northern Europe, during the period when only one daily price quotation for such growths is available, or

(B) The average of the current shipment prices for U.S. Memphis territory and the California/Arizona territory as quoted each Thursday for M $1\frac{3}{32}$ inch cotton, C.I.F. northern Europe, during the period when both current shipment prices and forward shipment prices for such growths are available; and

(ii) The average price of M $1\frac{3}{32}$ inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton, as quoted each Thursday in the designated U.S. spot markets.

(2) The price determined under paragraph (c)(1) of this section shall be adjusted to reflect the price of Strict Low Middling (SLM) $1\frac{1}{16}$ inch, leaf 4, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton (U.S. base quality) by deducting the difference, as CCC announces, between the applicable loan rate for an upland cotton crop for M $1\frac{3}{32}$ inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton and the loan rate for an upland cotton crop of the U.S. base quality.

(3) The price determined under paragraph (c)(2) of this section shall be adjusted to average U.S. location by deducting the difference between the average loan rate for an upland cotton

§ 1427.25

7 CFR Ch. XIV (1-1-06 Edition)

crop of the U.S. base quality in the designated U.S. spot markets and the corresponding crop year national average loan rate for an upland cotton crop of the U.S. base quality, as CCC announces.

(4)(i) The prevailing world market price, adjusted under paragraphs (c)(1) through (c)(3) of this section, may be further adjusted if it is determined that:

(A) Such price is less than 115 percent of the current crop-year loan level for U.S. base quality cotton, and

(B) The Friday through Thursday average price quotation for the lowest-priced U.S. growth as quoted for M 1³/₃₂ inch cotton, C.I.F. northern Europe (U.S. Northern Europe price (USNE)), is greater than the average of the quotations for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M 1³/₃₂ inch cotton, C.I.F. northern Europe.

(ii) During the period when both current shipment prices and forward shipment prices are available for growths quoted for M 1³/₃₂ inch cotton, C.I.F. northern Europe, the USNE provided in paragraph (c)(4)(i)(B) of this section shall be determined as follows: Beginning with the week covering the period Friday through Thursday which includes April 15 or, if both the average of the current shipment prices for the preceding Friday through Thursday of the lowest-priced U.S. growth, as quoted for M 1³/₃₂ inch cotton, C.I.F. northern Europe (U.S. Northern Europe current price (USNEc)), and the average of the forward shipment prices for the preceding Friday through Thursday of the lowest-priced United States growth quoted for M 1³/₃₂ inch cotton C.I.F. northern Europe (U.S. Northern Europe forward price (USNEf)), are not available during that period, beginning with the first week covering the period Friday through Thursday after the week which including April 15 in which both the average of the USNEc and the average of the USNEf are available, the result calculated by the following procedure:

(A) Weeks 1 and 2: $((2 \times \text{USNEc}) + \text{USNEf})/3$.

(B) Weeks 3 and 4: $((\text{USNEc}) + \text{USNEf})/2$.

(C) Weeks 5 and 6: $((\text{USNEc}) + (2 \times \text{USNEf}))/3$.

(D) Week 7 through July 31: USNEf.

(iii) In determining the USNE as provided in paragraphs (c)(4)(i)(B) and (c)(4)(ii):

(A) If quotes for either the U.S. Memphis territory or the California/Arizona territory are not available for any week, the available quotations will be used.

(B) If quotes are not available for one or more days in the 5-day period, the available quotes during the period will be used.

(C) If no quotes are available for either the U.S. Memphis territory or the California/Arizona territory during the Friday through Thursday period, no adjustment will be made.

(iv)(A) The adjustment shall be based on some or all of the following data, as available:

(1) The U.S. share of world exports;

(2) The current level of cotton export sales and shipments; and

(3) Other data CCC determines relevant in establishing an accurate prevailing world market price, adjusted to U.S. quality and location.

(B) The adjustment may not exceed the difference between the USNE, as determined in paragraphs (c)(4)(i) through (c)(4)(iii) of this section, and the NE, as determined in paragraph (a) of this section.

(d) In determining the average difference in the 52-week period as provided in paragraph (c)(1) of this section:

(1) If the difference between the average price quotations for the U.S. Memphis territory and the California/Arizona territory, as quoted for M 1³/₃₂ inch cotton, C.I.F. northern Europe, and the average price of M 1³/₃₂ inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton as quoted each Thursday in the designated U.S. spot markets for any week is:

(i) More than 115 percent of the estimated actual cost associated with transporting U.S. cotton to northern Europe, then 115 percent of such actual cost shall be substituted in lieu thereof for such week.

(ii) Less than 85 percent of the estimated actual cost associated with transporting U.S. cotton to northern Europe, then 85 percent of such actual cost shall be substituted in lieu thereof for such week.

(2) If a Thursday price quotation for either the U.S. Memphis territory or the California/Arizona territory, as quoted for M 1 $\frac{3}{32}$ inch cotton, C.I.F. northern Europe, is not available for any week, CCC:

(i) May use the available northern Europe quotation to determine the difference between the average price quotations for the U.S. Memphis territory and the California/Arizona territory, as quoted for M 1 $\frac{3}{32}$ inch cotton, C.I.F. northern Europe, and the average price of M 1 $\frac{3}{32}$ inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton, as quoted each Thursday in the designated U.S. spot markets for that week, or

(ii) May not take that week into consideration.

(3) If Thursday price quotations for any week are not available for either,

(i) Both the Memphis territory and the California/Arizona territory as quoted for M 1 $\frac{3}{32}$ inch cotton, C.I.F. northern Europe, or

(ii) The average price of M 1 $\frac{3}{32}$ inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton, as quoted in the designated U.S. spot markets, that week will not be considered.

(e) The upland cotton AWP, determined under paragraph (c) of this section, and the amount of the additional adjustment determined under paragraph (f) of this section, shall be announced, to the extent practicable, at 5 p.m. Eastern Standard time each Thursday continuing through the last Thursday of July, 2008. In the event that Thursday is a non-workday, the determination will be announced, to the extent practicable, at 8 a.m. Eastern Standard time the next work day.

(f)(1)(i) The AWP, as determined under paragraph (c) of this section, shall be subject to further adjustments as provided in this section regarding all qualities of upland cotton eligible

for loan except the following upland cotton grades with a staple length of 1 $\frac{1}{16}$ inch or longer:

(A) White Grades—Strict Middling and better, leaf 1 through leaf 6; Middling, leaf 1 through leaf 6; Strict Low Middling, leaf 1 through leaf 6; and Low Middling, leaf 1 through leaf 5;

(B) Light Spotted Grades—Strict Middling and better, leaf 1 through leaf 5; Middling, leaf 1 through leaf 5; and Strict Low Middling, leaf 1 through leaf 4; and

(C) Spotted Grades—Strict Middling and better, leaf 1 through leaf 2; and

(ii) Grade and staple length must be determined under §1427.9. If no such official classification is presented, the coarse count adjustment shall not be made.

(2) The adjustment for upland cotton provided under paragraph (f)(1) of this section shall be determined by deducting from the AWP:

(i) The difference between the NE, and

(A) During the period when only one daily price quotation for each growth quoted for “coarse count” cotton, C.I.F. northern Europe, is available the average of the quotations for the corresponding Friday through Thursday for the three lowest-priced growths of the growths quoted for “coarse count” cotton, C.I.F. northern Europe; or

(B) During the period when both current shipment prices and forward shipment prices are available for the growths quoted for “coarse count” cotton, C.I.F. northern Europe, the result calculated by the following procedure: Beginning with the first week covering the period Friday through Thursday including April 15 or, if both the average of the current shipment prices for the preceding Friday through Thursday for the three lowest-priced growths of the growths quoted for “coarse count” cotton, C.I.F. northern Europe (Northern Europe coarse count current price (NECCc)), and the average of the forward shipment prices for the preceding Friday through Thursday for the three lowest-priced growths of the growths quoted for “coarse count” cotton, C.I.F. northern Europe (Northern Europe coarse count forward price (NECCf)), are not available during that period, beginning with the first week

§ 1427.100

covering the period Friday through Thursday after the week including April 15 in which both the Northern Europe coarse count current price and the Northern Europe coarse count forward price are available:

(1) Weeks 1 and 2: $(2 \times \text{NECCc}) + \text{NECCf}/3$;

(2) Weeks 3 and 4: $(\text{NECCc} + \text{NECCf})/2$;

(3) Weeks 5 and 6: $(\text{NECCc} + (2 \times \text{NECCf}))/3$; and

(4) Week 7 through July 31: The NECCf, minus:

(ii) The difference between the applicable loan rate for an upland cotton crop for M $1\frac{3}{32}$ inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton and the loan rate for an upland cotton crop for SLM $1\frac{1}{16}$ inch, leaf 4, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton.

(iii) The result of the calculation as determined under this paragraph shall hereinafter be referred to as the "Northern Europe coarse count price."

(3) Regarding the determination of the Northern Europe coarse count price under paragraph (f)(2)(i) of this section:

(i) If no quotes are available for one or more days of the 5-day period, the available quotes will be used;

(ii) If quotes for three growths are not available for any day in the 5-day period, that day will not be considered; and

(iii) If quotes for three growths are not available for at least 3 days in the 5-day period, that week will not be considered, in which case the adjustment determined under paragraph (f)(2) of this section for the latest available week will continue to be applicable.

(g) If the 6-week transition period from using current shipment prices to using forward shipment prices in the determination of the NE under paragraph (a)(2) of this section, and the Northern Europe coarse count price under paragraph (f)(2)(i)(B) of this section do not begin at the same time, CCC shall use either current shipment prices, forward shipment prices, or any combination thereof to determine the NE and/or the Northern Europe coarse

count price used in the determination of the adjustment for upland cotton under paragraph (f)(1) of this section and determined under paragraph (f)(2) of this section to prevent distortions in such adjustment.

(h) The AWP determined under paragraph (c) of this section, shall be subject to further adjustments to a value no less than zero, as CCC determines, based upon the Schedule of Premiums and Discounts and the location differentials applicable to each warehouse location as announced under the loan program for an upland cotton crop.

(a) Beginning July 18, 1996, and ending July 31, 2008, the payment rate for purposes of calculating payments made under this subpart shall be determined as follows for exporters for cotton shipped on or after July 18, 1996, and for domestic users:

(1) Beginning the Friday following August 1 and ending the week in which the Northern Europe current (NEc) price, the Northern Europe forward (NEf) price, the U.S. Northern Europe current (USNEc) price, and the U.S. Northern Europe forward (USNEf) price first become available, the payment rate shall be:

(i) Beginning August 1, 1991, and ending May 14, 2002, the difference between the U.S. Northern Europe (USNE) price, minus 1.25 cents per pound, and the Northern Europe (NE) price;

(ii) Beginning May 15, 2002, and ending July 31, 2006, the difference between the USNE price and the NE price; and

(iii) Beginning August 1, 2006, and ending July 31, 2008, the difference between the USNE price, minus 1.25 cent per pound, and the NE price in the fourth week of a consecutive 4-week period in which the USNE price exceeded the NE price each week by:

(iv) During the period beginning August 1, 1991, and ending May 14, 2002, more than 1.25 cents per pound;

(v) During the period beginning May 15, 2002, and ending July 31, 2006, more than zero; and

(vi) During the period beginning August 1, 2006 and ending July 31, 2008, more than 1.25 cents per pound; and the adjusted work price (AWP) did not exceed the loan level for upland cotton by more than 134 percent in any week of the 4-week period; and

(2) Beginning the Friday through Thursday week after the week in which the NEc, the NEf, the USNEc, and the USNEf prices first become available and ending the Thursday following July 31, the payment rate shall be:

(i) Beginning August 1, 1991, and ending May 14, 2002, the difference between the USNEc price, minus 1.25 cents per pound, and the NEc price;

(ii) Beginning May 15, 2002, and ending July 31, 2006, the difference between the USNEc price and the NEc price; and

(iii) Beginning August 1, 2006, and ending July 31, 2008, the difference between the USNEc price, minus 1.25 cents per pound, and the NEc price in the fourth week of a consecutive 4-week period in which the USNEc price exceeded the NEc price each week by:

(iv) During the period beginning August 1, 1991, and ending May 14, 2002, more than 1.25 cents per pound;

(v) During the period beginning May 15, 2002, and ending July 31, 2006, more than zero; and

(vi) During the period beginning August 1, 2006 and ending July 31, 2008, more than 1.25 cents per pound; and the adjusted world price (AWP) did not exceed the loan level for upland cotton by more than 134 percent in any week of the 4-week period.

(3) If either or both the USNEc price and the NEc price are not available, the payment rate may be:

(i) Beginning August 1, 1991, and ending May 14, 2002, the difference between the USNEf price, minus 1.25 cents per pound, and the NEf price;

(ii) Beginning May 15, 2002, and ending July 31, 2006, the difference between the USNEf price and the NEf price; and

(iii) Beginning August 1, 2006, and ending July 31, 2008, the difference between the USNEf price, minus 1.25 cents per pound, and the NEf price.

(b) Whenever a 4-week period under paragraph (a) of this section contains a combination of NE, NEc, and NEf prices only for one to three weeks, such as occurs in the spring when the NE price is succeeded by the NEc and the NEf prices (Spring transition), and at the start of a new marketing year when the NEc and the NEf prices are succeeded by the NE price (marketing year transition), under paragraphs (a)(1) and (a)(2) of this section, during both the spring transition and the marketing year transition periods, to the extent practicable, the NEc and USNEc prices in combination with the NE and the USNE prices shall be taken into

consideration during such 4-week periods to determine whether a payment is to be issued. During both the spring transition and the marketing year transition periods, if either or both the USNEc price and the NEc price are not available, the USNEf and NEf prices in combination with the USNE and NE prices shall be taken into consideration during such 4-week periods to determine whether a payment is to be issued.

(c) For purposes of this subpart:

(1) For the determination of the USNE, USNEc, USNEf, NE, NEc, and the NEf prices:

(i) If daily quotations are not available for one or more days of the 5-day period, the available quotations during the period will be used;

(ii) CCC will not consider a week in which no daily quotes are available for the entire 5-day period for either or both the USNE and the NE during the period when only one daily price quotation is available for each growth quoted for M 1 $\frac{3}{32}$ -inch cotton, delivered cost insurance, and freight (C.I.F.) northern Europe, or the USNEc and the NEc, or the USNEf and the NEf. In that case, CCC may establish a payment rate at a level it determines to be appropriate, taking into consideration the payment rate determined under paragraph (a) of this section for the most recent available week; and

(iii) Beginning July 18, 1996, if no daily quotes are available for the entire 5-day period for either or both the USNEc and the NEc, the marketing year transition shall be implemented immediately.

(2) Regarding the determination of the USNE, the USNEc, and the USNEf, if a quotation for either the U.S. Memphis territory or the California/Arizona territory, as quoted for M 1 $\frac{3}{32}$ -inch cotton, delivered C.I.F. northern Europe, is not available for each day or any day of the 5-day period, available quotation(s) will be used.

(d) Payment rates for semi-processed motes that are of a quality suitable, without further processing, for spinning, papermaking or bleaching shall be based on a percentage of the basic rate for baled lint, as specified in the Upland Cotton Domestic User/Exporter Agreement.

§ 1427.108 Payment.

(a) Payments under this subpart shall be determined by multiplying:

(1) The payment rate, determined under § 1427.107, by

(2) The net weight (gross weight minus the weight of bagging and ties), determined under paragraph (b) of this section, of eligible upland cotton bales an eligible domestic user opens or an eligible exporter sold for export during the Friday through Thursday period following a week in which a payment rate is established.

(b) For the purposes of this subpart, the net weight shall be determined based upon:

(1) For domestic users, the weight on which settlement for payment of the cotton was based (landed mill weight);

(2) For reginned motes processed by an end user who converted such motes, without rebaling, to an end use in a continuous manufacturing process, the net weight of the reginned motes after final cleaning;

(3) For exporters, the shipping warehouse weight or the gin weight if the cotton was not placed in a warehouse, of the eligible cotton unless the exporter obtains and pays the cost of having all the bales in the shipment reweighed by a licensed weigher and furnishes a copy of the certified reweights.

(c) For the purposes of this subpart, eligible upland cotton will be considered—

(1) Consumed by the domestic user on the date the bale is opened for consumption; and

(2) Exported by the exporter on the date CCC determines is the date on which the cotton is shipped through July 31, 2008.

(d) Payments under this subpart shall be made available upon application for payment and submission of supporting documentation, including proof of purchase and consumption of eligible cotton by the domestic user or proof of export of eligible cotton by the exporter, as required by the CCC-issued provisions of the Upland Cotton Domestic User/Exporter Agreement.

§ 1427.160 Applicability.

(a) This subpart is applicable to the 2002 through 2007 crops of upland and extra long staple seed cotton. These regulations set forth the terms and conditions under which recourse seed cotton loans shall be made available by CCC. Such loans will be available through March 31 of the year following the calendar year in which such crop is normally harvested. CCC may change the loan availability period to conform to State or locally imposed quarantines. Additional terms and conditions are in the note and security agreement which must be executed by a producer in order to receive such loans.

(b) Loan rates and the forms which are used in administering the recourse seed cotton loan program for a crop of cotton are available in FSA State and county offices. Loan rates shall be based upon the location at which the loan collateral is stored.

(c) A producer must, unless otherwise authorized by CCC, request the loan at the county office which, under part 718 of this title, is responsible for administering programs for the farm on which the cotton was produced. A CMA must, unless otherwise authorized by CCC, request the loan at a central county office designated by the State committee. All note and security agreements and related documents necessary for the administration of the recourse seed cotton loan program shall be prescribed by CCC and shall be available at State and county offices.

(d) Loans shall not be available for seed cotton produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

§ 1427.161 Administration.

(a) The recourse seed cotton loan program which is applicable to a crop of cotton shall be administered under the general supervision of the Executive Vice President, CCC, or a designee and

shall be carried out in the field by State and county FSA committees (State and county committees, respectively).

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State committee shall take any action required by these regulations which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, an action taken by such county committee which is not under the regulations of this subpart; or

(2) Require a county committee to withhold taking any action which is not under the regulations of this subpart.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC (Administrator, FSA), or a designee from determining any question arising under the recourse seed cotton program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, FSA, may authorize waiver or modification of deadlines and other program requirements where lateness or failure to meet such other requirements does not adversely affect the operation of the recourse seed cotton loan program.

(f) A representative of CCC may execute loan applications and related documents only under the terms and conditions determined and announced by CCC. Any such document which is not executed under such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.

§ 1427.162 [Reserved]

§ 1427.163 Disbursement of loans.

(a) A producer or the producer's agent shall request a loan at the county office for the county which, under part 718 of this title, is responsible for administering programs for the farm on which the cotton was produced and

which will assist the producer in completing the loan documents, except that CMA's designated by producers to obtain loans in their behalf may, unless otherwise authorized by CCC, obtain loans through a central county office designated by the State committee.

(b) Disbursement of each loan will be made by the county office of the county which is responsible for administering programs for the farm on which the cotton was produced, except that CMA's designated by producers to obtain loans in their behalf may, unless otherwise authorized by CCC, obtain disbursement of loans at a central county office designated by the State committee. Service charges shall be deducted from the loan proceeds. The producer or the producer's agent shall not present the loan documents for disbursement unless the cotton is in existence and in good condition. If the cotton is not in existence and in good condition at the time of disbursement, the producer or the agent shall immediately return the check issued in payment of the loan or, if the check has been negotiated, the total amount disbursed under the loan, and charges plus interest shall be refunded promptly.

§ 1427.164 Eligible producer.

An eligible producer must meet the requirements of § 1427.4.

§ 1427.165 Eligible seed cotton.

(a) Seed cotton pledged as collateral for a loan must be tendered to CCC by an eligible producer and must:

(1) Be in existence and in good condition at the time of disbursement of loan proceeds;

(2) Be stored in identity-preserved lots in approved storage meeting requirements of § 1427.171;

(3) Be insured at the full loan value against loss or damage by fire;

(4) Not have been sold, nor any sales option on such cotton granted, to a buyer under a contract which provides that the buyer may direct the producer to pledge the seed cotton to CCC as collateral for a loan;

(5) Not have been previously sold and repurchased; or pledged as collateral for a CCC loan and redeemed;

(6) Be production from acreage that has been reported timely under part 718 of this title; and

(b) The quality of cotton which may be pledged as collateral for a loan shall be the estimated quality of lint cotton in each lot of seed cotton as determined by the county office, except that if a control sample of the lot of cotton is classed by an Agricultural Marketing Service (AMS) Cotton Classing Office or other entity approved by CCC, the quality for the lot shall be the quality shown on the applicable documentation issued for the control sample.

(c) To be eligible for loan, the beneficial interest in the seed cotton must be in the producer who is pledging the seed cotton as collateral for a loan as provided in § 1427.5(c).

§ 1427.166 Insurance.

The seed cotton must be insured at the full loan value against loss or damage by fire.

§ 1427.167 Liens.

If there are any liens or encumbrances on the seed cotton tendered as collateral for a loan, waivers that fully protect the interest of CCC must be obtained even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

§ 1427.168 [Reserved]

§ 1427.169 Fees, charges, and interest.

(a) A producer shall pay a non-refundable loan service fee to CCC at a rate determined by CCC.

(b) Interest which accrues for a loan shall be determined under part 1405 of this chapter.

§ 1427.170 Quantity for loan.

(a) The quantity of lint cotton in each lot of seed cotton tendered for loan shall be determined by the county office by multiplying the weight or estimated weight of seed cotton by the lint turnout factor determined under paragraph (b) of this section.

(b) The lint turnout factor for any lot of seed cotton shall be the percentage determined by the county committee

§ 1427.171

representative during the initial inspection of the lot. If a control portion of the lot is weighed and ginned, the turnout factor determined for the portion of cotton ginned will be used for the lot. If a control portion is not weighed and ginned, the lint turnout factor shall not exceed 32 percent for machine-picked cotton and 22 percent for machine-stripped cotton unless acceptable proof is furnished showing that the lint turnout factor is greater.

(c) Loans shall not be made on more than a percentage established by the county committee of the quantity of lint cotton determined as provided in this section. If the seed cotton is weighed, the percentage to be used shall not be more than 95 percent. If the quantity is determined by measurement, the percentage to be used shall not be more than 90 percent. The percentage to be used in determining the maximum quantity for any loan may be reduced below such percentages by the county committee when determined necessary to protect the interests of CCC on the basis of one or more of the following risk factors:

- (1) Condition or suitability of the storage site or structure;
- (2) Condition of the cotton;
- (3) Location of the storage site or structure; and
- (4) Other factors peculiar to individual farms or producers which related to the preservation or safety of the loan collateral. Loans may be made on a lower percentage basis at the producer's request.

§ 1427.171 Approved storage.

Approved storage shall consist of storage located on or off the producer's farm (excluding public warehouses) which is determined by a county committee representative to afford adequate protection against loss or damage and which is located within a reasonable distance, as determined by CCC, from an approved gin. If the cotton is not stored on the producer's farm, the producer must furnish satisfactory evidence that the producer has the authority to store the cotton on such property and that the owner of such property has no lien for such storage against the cotton. The producer must provide satisfactory evidence

7 CFR Ch. XIV (1-1-06 Edition)

that the producer and any person having an interest in the cotton including CCC, have the right to enter the premises to inspect and examine the cotton and shall permit a reasonable time to such persons to remove the cotton from the premises.

§ 1427.172 Settlement.

(a) A producer may, at any time before maturity of the loan, obtain release of all or any part of the loan seed cotton by paying to CCC the amount of the loan, plus interest and charges.

(b)(1) A producer or the producer's agent shall not remove from storage any cotton which is pledged as collateral for a loan until prior written approval has been received from CCC for removal of such cotton. If a producer or the producer's agent obtains such approval, they may remove such cotton from storage, sell the seed cotton, have it ginned, and sell the lint cotton and cottonseed obtained therefrom. The ginner shall inform the county office in writing immediately after the seed cotton removed from storage has been ginned and furnish the county office the loan number, producer's name, and applicable gin bale numbers. If the seed cotton is removed from storage, the loan principal plus interest and charges thereon must be satisfied not later than the earlier of:

- (i) The date established by the county committee;
- (ii) 5 days after the date of the producer received the AMS classification under §1427.9 (and the warehouse receipt, if the cotton is delivered to a warehouse), representing such cotton; or
- (iii) The loan maturity date.

(2) If the seed cotton or lint cotton is sold, the loan principal, interest, and charges must be satisfied immediately.

(3) A producer, except a CMA, may obtain a nonrecourse loan or loan deficiency payment under subpart A of this part, on the lint cotton, but:

- (i) The loan principal, interest, and charges on the seed cotton must be satisfied from the proceeds of the nonrecourse loan under subpart A of this part; or
- (ii) The loan deficiency payment must be applied to the loan principal,

interest, and charges on the outstanding seed cotton loan.

(4) A CMA must repay the seed cotton loan principal, interest, and charges before pledging the cotton for a nonrecourse loan or before a loan deficiency payment can be approved under subpart A of this part, on the lint cotton. If CMA's authorized by producers to obtain loans in their behalf remove seed cotton from storage before obtaining approval to move such cotton, such removal shall constitute conversion of such cotton unless the CMA:

(i) Notifies the county office in writing the following morning by mail or otherwise that such cotton has been moved and is on the gin yard;

(ii) Furnishes CCC an irrevocable letter of credit if requested; and

(iii) Repays the loan principal, plus interest and charges, within the time specified by the county committee.

(5) Any removal from storage shall not be deemed to constitute a release of CCC's security interest in the seed cotton or to release the producer or CMA from liability for the loan principal, interest, and charges if full payment of such amount is not received by the county office.

(c) If, either before or after maturity, the producer discovers that the cotton is going out of condition or is in danger of going out of condition, the producer shall immediately notify the county office and confirm such notice in writing. If the county committee determines that the cotton is going out of condition or is in danger of going out of condition, the county committee will call for repayment of the loan principal, plus interest and charges on or before a specified date. If the producer does not repay the loan or have the cotton ginned and obtain a nonrecourse loan under subpart A of this part on the lint cotton produced therefrom within the period as specified by the county committee, the cotton shall be considered abandoned.

(d) If the producer has control of the storage site and if the producer subsequently loses control of the storage site or there is danger of flood or damage to the seed cotton or storage structure making continued storage of the cotton unsafe, the producer shall im-

mediately either repay the loan or move the seed cotton to the nearest approved gin for ginning and shall, at the same time, inform the county office. If the producer does not do so, the seed cotton shall be considered abandoned.

§ 1427.173 Foreclosure.

Any seed cotton pledged as collateral for a loan which is abandoned or which has not been ginned and pledged as collateral for a nonrecourse loan under subpart A of this part by the seed cotton loan maturity date may be removed from storage by CCC and ginned and the resulting lint cotton warehoused for the account of CCC. The lint cotton and cottonseed may be sold, at such time, in such manner, and upon such terms as CCC may determine, at public or private sale. CCC may become the purchaser of the whole or any part of such cotton and cottonseed. If the proceeds received from the sales of the cotton are less than the amount due on the loan (including principal, interest, ginning charges, and any other charges incurred by CCC), the producer shall be liable for such difference. If the proceeds received from sale of the cotton are greater than the sum of the amount due plus any cost incurred by CCC in conducting the sale of the cotton, the amount of such excess shall be paid to the producer or, if applicable, to any secured creditor of the producer.

§ 1427.174 Maturity of seed cotton loans.

Seed cotton loans mature on demand by CCC but no later than May 31 following the calendar year in which such crop is normally harvested.

§ 1427.175 Liability of the producer.

(a)(1) If a producer makes any fraudulent representation in obtaining a loan, maintaining a loan, or settling a loan or if the producer disposes of or moves the loan collateral without the prior approval of CCC, such loan amount shall be refunded upon demand by CCC. The producer shall be liable for:

(i) The amount of the loan;

(ii) Any additional amounts paid by CCC for the loan;

(iii) All other costs which CCC would not have incurred but for the fraudulent representation or the unauthorized disposition or movement of the loan collateral;

(iv) Applicable interest on such amounts; and

(v) Liquidated damages under paragraph (e) of this section.

(2) Notwithstanding any provision of the note and security agreement, if a producer has made any such fraudulent representation or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC, the value of such collateral acquired by CCC shall be equal to the sales price of the cotton less any costs incurred by CCC in completing the sale.

(b) If the amount disbursed under a loan, or in settlement thereof, exceeds the amount authorized by this subpart, the producer shall be liable for repayment of such excess, plus interest. In addition, seed cotton pledged as collateral for such loan shall not be released to the producer until such excess is repaid.

(c) If the amount collected from the producer in satisfaction of the loan is less than the amount required under this subpart, the producer shall be personally liable for repayment of the amount of such deficiency plus applicable interest.

(d) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and security agreement and the regulations in this subpart. Each such producer shall also remain liable for repayment of the entire loan amount until the loan is fully repaid without regard to such producer's claimed share in the seed cotton pledged as collateral for the loan. In addition, such producer may not amend the note and security agreement for the producer's claimed share in such seed cotton, after execution of the note and security agreement by CCC.

(e) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC if a producer makes any fraudulent representation in obtaining a loan or in

maintaining or settling a loan or disposing of or moving the collateral without the prior approval of CCC. Accordingly, if CCC or the county committee determines that the producer has violated the terms or conditions of the note and security agreement, liquidated damages shall be assessed on the quantity of the seed cotton which is involved in the violation. If CCC or the county committee determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note for the first offense;

(ii) 25 percent of the loan rate applicable to the loan note for the second offense; or

(2) Did not act in good faith about the violation, or for cases other than first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note.

(f) For first and second offenses, if CCC or the county committee determines that a producer acted in good faith when the violation occurred, the county committee shall:

(1) Require repayment of the loan principal applicable to the loan quantity affected by the violation, and charges plus interest applicable to the amount repaid;

(2) Assess liquidated damages under paragraph (e) of this section; and

(3) If the producer fails to pay such amount within 30 calendar days from the date of notification, call the applicable loan involved in the violation.

(g) For cases other than first or second offenses, or any offense for which CCC or the county committee cannot determine good faith when the violation occurred, the county committee shall:

(1) Assess liquidated damages under paragraph (e) of this section;

(2) Call the applicable loan involved in the violation.

(h) If CCC or the county committee determines that the producer has committed a violation under paragraph (e) of this section, the county committee

shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information to the county committee regarding the circumstances which caused the violation, and

(2) Administrative actions will be taken under paragraphs (f) or (g) of this section.

(i) Any or all of the liquidated damages assessed under the provision of paragraph (e) of this section may be waived as determined by CCC.

Subpart E—Standards for Approval of Warehouses for Cotton and Cotton Linters

AUTHORITY: Secs. 4 and 5, 62 Stat. 1070, as amended, 1072, as amended (15 U.S.C. 714 b and c).

SOURCE: 44 FR 67085, Nov. 23, 1979, unless otherwise noted.

§ 1427.1081 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the approval by the Commodity Credit Corporation (hereinafter referred to as "CCC") of warehouse(s) for the storage and handling of cotton and cotton linters, under a Cotton Storage Agreement, which are owned by CCC or held by CCC as security for price support loans. This subpart is not applicable to cotton or cotton linters purchased in storage for prompt shipment or to handling operations of a temporary nature.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the "KCCO").

(c) A warehouse must be approved by the KCCO and a storage agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage agreement does not constitute a commitment that CCC will use the

warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman, when applying for approval under this subpart shall submit to CCC at KCCO:

(1) A completed Form CCC-49, "Application for Approval of Warehouse for Storage of Cotton and/or Cotton Linters,"

(2) A current financial statement on Form WA-51, "Financial Statement", supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA-51 with approval of the Director, KCCO, or the Director's designee. Financial statements shall show the financial condition of the warehouseman as of a date no earlier than ninety (90) days prior to the date of the warehouseman's application, or such other date as CCC may prescribe. Additional financial statements shall be furnished annually and at such other times as CCC may require. CCC also may require that financial statements prepared by the warehouseman or by a public accountant be examined by an independent certified public accountant in accordance with generally accepted auditing standards. Only one financial statement is required for a chain of warehouses owned or operated by a single business entity. If approved by the Director, KCCO, or the Director's designee, the financial statement of a parent company, which includes the financial position of a wholly-owned subsidiary, may be used to meet the CCC standards for approval for the wholly-owned subsidiary.

(3) Evidence that the warehouseman is licensed by the appropriate licensing authority as required under § 1427.1082(a)(2) and such other documents or information as CCC may require,

(4) For warehouseman not operating under the U.S. Warehouse Act, a sample copy of the warehouseman's receipts and bale tags, and

(5) Evidence of applicable fire insurance rates.

§ 1427.1082

7 CFR Ch. XIV (1-1-06 Edition)

§ 1427.1082 Basic standards.

Unless otherwise provided in this subpart, each warehouseman and each of the warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or handling of CCC-owned or -loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman, if a corporation, shall be authorized by its charter to engage in such business,

(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations,

(3) Have a net worth which is the greater of \$25,000 or the amount which results from multiplying the maximum storage capacity of the warehouse (the total number of bales of cotton or cotton linters which the warehouse can accommodate when stored in the customary manner) times ten (10) dollars per bale. The net worth need not exceed \$250,000. If the calculated net worth exceeds \$25,000, the warehouseman may satisfy any deficiency in net worth between the \$25,000 minimum requirement and such calculated net worth by furnishing bond (or acceptable substitute security) meeting the requirements of § 1427.1083,

(4) Have available sufficient funds to meet ordinary operating expenses,

(5) Have satisfactorily corrected, upon request by CCC, any deficiencies in the performance of any storage agreement with CCC,

(6) Maintain accurate and complete inventory and operating records,

(7) Use only card type warehouse receipts which are pre-numbered and pre-punched or such other document as CCC may prescribe,

(8) Have available at the warehouse adequate and operable firefighting equipment for the type of warehouse and applicable stored commodity, and

(9) Have a work force and equipment available to provide adequate storage and handling service.

(b) The warehouseman, officials, or supervisory employees of the warehouseman in charge of the warehouse operation shall have the necessary experience, organization, technical qualifications, and skills in the warehousing business regarding the applicable commodities to enable them to provide proper storage and handling services.

(c) Warehouseman, officials and each of the supervisory employees of the warehouseman in charge of the warehouse operation shall:

(1) Have a satisfactory record of integrity, judgment, and performance, and

(2) Be neither suspended nor debarred under applicable CCC suspension and debarment regulations.

(d) The warehouse shall:

(1) Be of sound construction, in good state of repair, and adequately equipped to receive, handle, store, preserve, and deliver the applicable commodity,

(2) Be under the control of the contracting warehouseman at all times, and

(3) Not be subject to greater than normal risk of fire, flood, or other hazards.

[44 FR 67085, Nov. 23, 1979, as amended by Amdt. 3, 50 FR 16455, Apr. 26, 1985]

§ 1427.1083 Bonding requirements for net worth.

A bond furnished by a warehouseman under this subpart must meet the following requirements:

(a) Such bond shall be executed by a surety which:

(1) Has been approved by the U.S. Treasury Department, and

(2) Maintains an officer or representative authorized to accept service of legal process and in the State where the warehouse is located.

(b) Such bond shall be on Form CCC-33, "Warehouseman's Bond", except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:

(1) CCC determines that such bond provides adequate protection to CCC.

(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and

(3) It is noncancellable for not less than ninety (90) days or includes a rider providing for not less than ninety (90) days' notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficient bond coverage on other warehouses.

(c) Cash and negotiable securities offered by a warehouseman may be accepted by CCC in lieu of the equivalent amount of required bond coverage. Any such cash or negotiable securities accepted by CCC will be returned to the warehouseman when the period for which coverage was required has ended and there appears to CCC to be no liability under the storage agreement.

(d) A legal liability insurance policy may be accepted by CCC in lieu of the required amount of bond coverage provided such policy contains a clause or rider making the policy payable to CCC, CCC determines that it affords protection equivalent to a bond, and the Office of the General Counsel, U.S. Department of Agriculture, approves it for legal sufficiency.

(e) An irrevocable letter of credit may be accepted by CCC in lieu of the required amount of bond coverage provided that the issuing bank is a commercial bank insured by the Federal Deposit Insurance Corporation. Such standby letter of credit shall be on Form CCC-33A, "Irrevocable Letter of Credit", or on such other form as may be specifically approved by the Director, KCCO, or the Director's designee.

§ 1427.1084 Examination of warehouses.

Except as otherwise provided in this subpart, a warehouse must be examined by a person designated by CCC before it may be approved by CCC for the storage and handling of the commodity and periodically thereafter to deter-

mine its compliance with CCC's standards and requirements.

§ 1427.1085 Exceptions.

Notwithstanding any other provisions of this report:

(a) The financial bond and original and periodic warehouse examination provisions of this subpart do not apply to any warehouseman approved or applying for approval for the storage and handling of cotton or cotton linters under CCC programs if the warehouse is licensed under the U.S. Warehouse Act for such commodity but a special examination shall be made of such warehouse whenever CCC determines such action is necessary.

(b) A warehouseman who has a net worth of at least \$25,000 but who fails, or whose warehouse fails, to meet one or more of the other standards of this subpart may be approved if:

(1) CCC determines that the warehouse services are needed and the warehouse storage and handling conditions provide satisfactory protection for the commodity,

(2) The warehouseman furnishes such additional bond coverage (or cash or acceptable negotiable securities or legal liability insurance policy) as may be prescribed by CCC.

[44 FR 67085, Nov. 23, 1979, as amended by Amdt. 3, 50 FR 16455, Apr. 26, 1985; 56 FR 11502, Mar. 19, 1991]

§ 1427.1086 Approval of warehouse, requests for reconsideration.

(a) CCC will approve a warehouse if it determines that the warehouse meets the standards set forth in this subpart. CCC will send a notice of approval to the warehouseman. Approval under this subpart, however, does not relieve the warehouseman of the responsibility for performing the warehouseman's obligations under any agreement with CCC or any other agency of the United States.

(b) Except as otherwise provided in this subpart:

(1) CCC will not approve the warehouse if CCC determines that the warehouse does not meet the standards set forth in this subpart, and

(2) CCC will send any notice of rejection of approval to the warehouseman. This notice will state the cause(s) for

§ 1427.1087

such action. Unless the warehouseman or any officials or supervisory employees of the warehouseman are suspended or debarred, CCC will approve the warehouse if the warehouseman establishes that the causes for CCC's rejection of approval have been remedied.

(c) If rejection of approval by CCC is due to the warehouseman's failure to meet the standards set forth:

(1) In § 1427.1082, other than the standard set forth in paragraph (c)(2) thereof, the warehouseman may, at any time after receiving notice of such action, request reconsideration of the action and present to the Director, KCCO, in writing, information in support of such request. The Director shall consider such information in making a determination of notify the warehouseman in writing of such determination. The warehouseman may, if dissatisfied with the Director's determination, obtain a review of the determination and an informal hearing thereon by filing an appeal with the Deputy Administrator, Commodity Operations, Farm Service Agency (hereinafter referred to as "FSA"). The time of filing appeals, forms for requesting an appeal, nature of the informal hearing, determination and reopening of the hearing shall be as prescribed in the FSA regulations governing appeals, 7 CFR part 780. When appealing under such regulations, the warehouseman shall be considered as a "participant"; and

(2) In § 1427.1082(c)(2), the warehouseman's administrative appeal rights with respect to suspension and debarment shall be in accordance with applicable CCC regulations. After expiration of a period of suspension or debarment, a warehouseman may, at any time, apply for approval under this subpart.

tablish such other standards as are considered necessary to safeguard satisfactorily the interests of CCC.

(b) Warehousemen who are currently under contract with CCC will be required to meet the terms and conditions of these regulations at the time of renewal of their contract.

(2) A warehouseman who does not have an existing Cotton Storage Agreement with CCC for the storage and handling of CCC-owned cotton or cotton pledged to CCC as loan collateral but who desires such an agreement must pay a contract fee for each warehouse for which CCC approval is sought prior to the time that the agreement is approved by CCC.

(d) The Deputy Administrator for Farm Programs, FSA, may specify, waive or modify deadlines and other program requirements where lateness or failure to meet such other requirements do not affect adversely the operation of the cottonseed payment program.

(e) A representative of CCC may execute cottonseed payment program applications and related documents only under the terms and conditions determined and announced by CCC.

(f) Payment applications and related documents not executed in accordance with the terms and conditions determined and announced by CCC, including any purported execution outside of the dates authorized by CCC, shall be null and void except as otherwise provided in this part.

§ 1427.1102 Definitions.

The definitions in this section shall apply to the cottonseed payment program provided for in this subpart. The terms defined in §1427.3 of this part shall also be applicable to this subpart.

Application period means a period, as announced by CCC, during which applications for payments under the Cottonseed Payment Program must be received to be considered for payment.

Cottonseed means the seed from any varieties of upland cotton and extra long staple (ELS) cotton produced and ginned in the United States.

Gin means a person (*i.e.*, an individual, partnership, association, corporation, cooperative marketing association, estate, trust, State or political subdivision or agency thereof, or other legal entity) that removes cotton seed from cotton lint in commercial quantities.

Lint means cotton lint as contained in bales of cotton ordinarily marketed as cotton and excludes any linters, raw motes, re-ginned motes, cleaned motes, and any other gin waste or byproduct not traditionally defined as cotton lint.

Number of ginned cotton bales means the number of ginned running bales of cotton based on individual bale weights unadjusted to a uniform bale weight.

Running bale means a bale of cotton lint that has a minimum weight of 425 pounds and is not a bale of motes, linters, gin waste, or other gin byproduct.

Ton means a unit of weight equal to 2,000 pounds avoirdupois (907.18 kilograms).

§ 1427.1103 Eligible cottonseed.

To be eligible for payments under this subpart, cottonseed must:

(a) Have been grown in the United States during the 2002-crop production period.

(b) Have been ginned by the applicant from 2002-crop cotton.

(c) Not have been destroyed or damaged by fire, flood, or other events such that its loss or damage was compensated by other local, State, or Federal government or private or public insurance or disaster relief payments.

§ 1427.1104 Eligible first handlers.

(a) For the purpose of this subpart, an eligible first handler of cottonseed

§ 1427.1105

7 CFR Ch. XIV (1-1-06 Edition)

shall be a gin that ginned 2002-crop cotton.

(b) Applicants must comply with the terms and conditions set forth in this subpart and instructions issued by CCC, and sign and submit an accurate, legible and complete Cottonseed Payment Program Application and Certification.

(c) Applicants signing the cottonseed payment application or receiving payment under this subpart must share any payment with the producer of the cotton that was the basis of the cottonseed payment to the extent that the effect of low cottonseed prices was borne by the producer rather than the gin. To the extent that such funds will be shared with the producer by the gin, those funds will be considered to have been received by the applicant on behalf of such producers.

§ 1427.1105 Payment application.

(a) Payments in accordance with this subpart shall be made available only to eligible first handlers of cottonseed based on information provided on a Cottonseed Payment Program Application and Certification.

(b) Payment applications must be received by the program application deadline announced by CCC. Applications received after such application deadline will not be accepted for payment.

(c) Cottonseed Payment Program Application and Certifications may be obtained from the CCC as announced by press release. In order to participate in the cottonseed payment program under this subpart, first handlers of cottonseed must execute and submit to CCC according to announced instructions the Cottonseed Payment Program Application and Certification.

§ 1427.1106 Available funds.

The total available program funds shall be \$50 million for 2002-crop cottonseed.

§ 1427.1107 Applicant payment quantity.

The applicant's payment quantity of cottonseed will be determined by CCC based on the eligible number of ginned cotton bales and the cotton lint weight from those bales as submitted on the

Cottonseed Payment Application and Certification and/or obtained by CCC, with the agreement of the applicant, from the Agricultural Marketing Service. The applicant's payment quantity of cottonseed shall be calculated by multiplying:

(a) The applicant's weight of eligible lint for which payment is requested, as approved by CCC, by;

(b) The national Olympic average of estimated pounds of cottonseed per pound of ginned cotton lint, as determined by CCC for the 5 years preceding the 2002 crop year.

§ 1427.1108 Total payment quantity.

The total quantity of 2002-crop cottonseed produced in the United States is potentially eligible for payment under this subpart. The total payment quantity of cottonseed will be the total of eligible quantities of cottonseed for which completed applications for payment are received within the application period announced by CCC. Eligible cottonseed for which no application is received according to announced application instructions shall not be included in the total payment quantity of cottonseed. The total payment quantity of cottonseed (ton-basis) shall be calculated by multiplying:

(a) The weight of cotton lint (ton-basis) for which payment is requested by all applicants, as approved by CCC, by

(b) The national Olympic average of estimated pounds of cottonseed per pound of ginned cotton lint, as determined by CCC for the 5 years preceding the crop year for which the cottonseed payments are provided.

§ 1427.1109 Payment rate.

The payment rate (dollars per ton) for the purpose of calculating payments made available in accordance with this subpart shall be determined by CCC by dividing the total available program funds by the total eligible payment quantity of cottonseed unless the calculation would provide an excess rate of payment in which case an alternative method will be used as determined appropriate by CCC.

Commodity Credit Corporation, USDA

§ 1427.1202

§ 1427.1110 Payment calculation and form.

(a) Payments in accordance with this subpart shall be determined for individual applicants by multiplying:

(1) The payment rate, determined in accordance with § 1427.1109, by

(2) The eligible payment quantity of the applicant, determined in accordance with § 1427.1107 and other provisions of this subpart.

(b) After receipt of the application for payment, CCC will issue payments to the applicant by electronic funds transfer to the applicant's account except that applicants may request that payment be made by mailed check.

§ 1427.1111 Liability of first handler.

(a) If any person makes any erroneous or fraudulent representation in obtaining a cottonseed payment under this part, or in connection with such a payment engages in a scheme or device that tends to defeat the purposes of this program, the person shall be liable to CCC for the amount of the payment and interest on such payment as determined by CCC. Such remedy will be in addition to whatever additional remedies may be allowed by law.

(b) If more than one person executes a program payment application with CCC and payments are made thereunder, each such person shall be jointly and severally liable for any violation of the terms and conditions for any payment made to anyone under that application or for any refund due from any person signing that application. Such liability shall remain until payment in full is made of any such refund and its related charges.

(c) If a person receives a program payment in excess of the amount authorized by this subpart, that person shall refund to CCC an amount equal to the excess payment, plus interest thereon, as determined by CCC.

(d) From the date of the payment application until the earlier of 3 years after the date of the application or July 31, 2006, the applicant shall keep records, including records supporting the quantity of cottonseed for which payment was requested, and furnish such information and reports relating to the application to CCC as requested. Such records shall be available at all

reasonable times for an audit or inspection by authorized representatives of CCC, United States Department of Agriculture, or the Comptroller General of the United States. Failure to keep, or make available, such records may result in refund to CCC of all payments received, plus interest thereon, as determined by CCC. In the event of a controversy concerning payments or questions involving the payments, records must be kept for such longer period as may be specified by CCC until such controversy is resolved.

(a) The payment rate for payments made under this subpart shall be determined as follows:

(1) Beginning the Friday on or following August 1 and ending the week in which the LFQc, the LFQf, the USPFEc, and the USPFEf prices first become available, the payment rate shall be the difference between the USPFE and the LFQ in the fourth week of a consecutive 4-week period in which the USPFE exceeded the LFQ each week, and the adjusted LFQ was less than 134 percent of the current crop year loan level for U.S. base quality Pima cotton in all weeks of the 4-week period; and

(2) Beginning the Friday-through-Thursday week after the week in which the LFQc, the LFQf, the USPFEc, and the USPFEf prices first become available and ending the Thursday following July 31, the payment rate shall be the difference between the USPFEc and the LFQc in the fourth week of a consecutive 4-week period in which the USPFEc exceeded the LFQc each week, and the adjusted LFQc was less than 134 percent of the current crop year loan level for base quality U.S. Pima in

(b) Whenever a 4-week period under paragraph (a) of this section contains a combination of LFQ, LFQc, and LFQf for only one to three weeks, such as may occur in the spring when the LFQ is succeeded by the LFQc and the LFQf (spring transition), and at the start of a new marketing year when the LFQc and the LFQf are succeeded by the LFQ (marketing year transition), under paragraphs (a)(1) and (a)(2) of this section, during both the spring transition and the marketing year transition periods, the LFQc and USPFEc, in combination with the LFQ and USPFE, shall, to the extent practicable, be considered during such 4-week periods to determine whether a payment is to be issued. During both the spring transition and the marketing year transition periods, if either or both USPFEc price and the LFQc are not available, the USPFEf and the LFQf in combination with the USPFE price and LFQ shall be taken into consideration during such 4-week periods to determine whether a payment is to be issued.

(c) For purposes of this subpart, regarding the determination of the USPFE, USPFEc, USPFEf, the LFQ, the LFQc, and the LFQf:

(1) If daily quotations are not available for one or more days of the 5-day period, the available quotations during the period will be used;

(2) If none of the USPFE, USPFEc, or USPFEf prices is available, or if none of the LFQ, LFQc, or LFQf is available, the payment rate shall be zero and shall remain zero unless and until sufficient USPFE prices or the LFQ again becomes available, the USPFE, USPFEc, or USPFEf price exceeds the LFQ, the LFQc, or the LFQf, as the case may be, and the LFQ, the LFQc, or the LFQf, as the case may be, adjusted for transportation, is less than 134 percent of the current crop year loan rate for base quality U.S. Pima for 4 consecutive weeks.

(d) Payment rates for loose lint that is of a suitable quality, without further processing, for spinning, papermaking

§ 1427.1208

or bleaching, shall be based on a percentage of the basic rate for baled lint, as specified in the ELS Cotton Domestic User/Exporter Agreement.

§ 1427.1208 Payment.

(a) Payments under this subpart shall be determined by multiplying:

(1) The payment rate, determined under § 1427.127, by

(2) The net weight (gross weight minus the weight of bagging and ties) determined under paragraph (b) of this section, of eligible ELS cotton bales that an eligible domestic user opens or an eligible exporter exports during the Friday through Thursday period following a week in which a payment rate is established.

(b) For the purposes of this subpart, the net weight shall be based upon:

(1) For domestic users, the weight on which settlement for payment of the ELS cotton was based (landed mill weight);

(2) For exporters, the shipping warehouse weight or the gin weight if the ELS cotton was not placed in a warehouse, of the eligible cotton unless the exporter obtains and pays the cost of having all the bales in the shipment reweighed by a licensed weigher and furnishes a copy of the certified weights.

(c) For the purposes of this subpart, eligible ELS cotton will be considered:

(1) Consumed by the domestic user on the date the bale is opened for consumption; and

(2) Exported by the exporter on the date that CCC determines is the date on which the cotton is shipped for export.

(d) Payments under this subpart shall be made available upon application for payment and submission of supporting documentation, as required by this subpart, CCC instructions, and the ELS Cotton Domestic User/Exporter Agreement.

(2) Has already passed; or

(3) During which no milk was produced by the dairy operation.

(b) Dairy operations may change the starting month on or before the first day of 15th of the month before the month previously selected. Otherwise, the starting month cannot be changed until the next Fiscal Year. If the selected starting month is never modified, it will remain the same throughout the duration of the contract.

§ 1430.206

(c) MILC payments will be made consecutively to the dairy operation on a monthly basis after the starting month has been designated until the earlier of the following:

(1) The maximum payment quantity is reached as determined in accordance with §1430.207; or

(2) The end of the applicable Fiscal Year.

(d)(1) Dairy operations that do not designate the month to begin receiving payments from CCC will be issued consecutive payments on a monthly basis, on marketed milk production beginning in the first month of the fiscal year, unless FSA is otherwise notified that selection will be made at a later date.

(2) Dairy operations that desire payments to begin with the first month of the fiscal year will receive payments made by CCC consecutively on a monthly basis until the earlier of the following:

(i) The maximum payment quantity is reached as determined in accordance with §1430.207; or

(ii) The end of the applicable fiscal year.

(e) All producers involved in the dairy operation must agree to the month designated. The dairy operation assumes the risk of not reaching the maximum payment quantity based on the month selected by the dairy operation. Payments will not be issued for past months for the sole purpose of reaching the maximum payment quantity.

§ 1430.206 Transition payments.

(a) MILC program participants shall receive a payment calculated under §1430.208 on the quantity of eligible production marketed by the dairy operation during the period beginning December 1, 2001, and ending on the last day of the month preceding the month the operation's MILC is executed.

(b) Transition payments are subject to the following:

(1) The maximum payment quantity on eligible production, as described in §1430.207;

(2) Consecutive monthly payments beginning on December 1, 2001, and if applicable the beginning of the fiscal year thereafter, until the earlier of the

7 CFR Ch. XIV (1-1-06 Edition)

following is reached for a particular fiscal year:

(i) The maximum applicable payment quantity is reached as determined in accordance with §1430.207; or

(ii) The end of the applicable fiscal year.

(c) With respect to the 2002 Fiscal Year, the dairy operation may elect to forgo their transition payment and choose to begin receiving payments in September, 2002 in accordance with §1430.205.

(d) Notwithstanding any other provisions in this subpart, dairy operations that go out of business after December 1, 2001, may enter into a MILC with CCC for a transition payment on the quantity of eligible production marketed by the dairy operation during the transition period while the dairy operation was in business.

§ 1430.207 Dairy operation payment quantity.

(a) The applicant's payment quantity of milk will be determined by CCC, based on the quantity of milk that was produced and commercially marketed by each dairy operation per fiscal year.

(b) The maximum quantity of eligible production for which dairy operations are eligible for payment per any fiscal year, including any in the transition year, under this subpart shall be 2.4 million pounds (24,000 cwt.) per separate and distinct operation. In accordance with these regulations, the Deputy Administrator shall determine what is a separate and distinct operation and that decision shall be final.

§ 1430.208 Payment rate and dairy operation payment.

(a) Payments under this subpart may be made to dairy operations when the Boston Class I milk price under the applicable Federal milk marketing order is below \$16.94 per cwt. No payments will be made to dairy operations for marketings during the months that the Boston Class I milk price under the applicable milk marketing order exceeds \$16.94.

(b) A per-hundredweight payment rate will be determined for the applicable month by:

(1) Subtracting from \$16.94 the Class I milk price per cwt in Boston; and

(2) Multiplying the difference, if positive, by 45 percent.

(c) Each eligible dairy operation payment will be calculated, as determined by the Secretary, by:

(1) Converting whole pounds of milk to hundredweight; and

(2) Multiplying the payment rate determined in paragraph (b) of this section by the quantity of eligible production marketed by the operation during the applicable month as determined according to §1430.205 and other provisions of these regulations.

(d) Payments under this subpart may be made to a dairy operation only up to the first 2.4 million pounds of eligible milk production per applicable fiscal year, including any year in the transition period.

(e) Dairy operations receiving benefits under this subpart, will receive payments on a monthly basis according to the MILC, to the extent practicable, not later than 60 days after the production evidence and all supporting documents for the applicable month are received by CCC. Payments issued by CCC later than 60 days after all production evidence and supporting documentation are received by CCC will be subject to prompt payment interest as allowed by law.

§ 1430.209 Proof of marketings.

(a) A dairy operation entering into an MILC must, based on instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation's eligible production during the months of each fiscal year designated in the MILC. The dairy operation must also provide proof that the eligible production was commercially marketed during the months beginning December 1, 2001, and ending September 30, 2005. Evidence of milk production claimed for payment shall be provided to CCC with supporting documentation under paragraph (b) of this section. All information provided is subject to verification, spot check, and audit by FSA. Further verification information may be obtained from the dairy operation's milk handler or marketing cooperative if deemed necessary by CCC to verify provided information. Refusal to allow FSA or any other agency of the Department of Agriculture to

verify any information provided will result in a determination of ineligibility for benefits under this subpart.

(b) Eligible dairy operations marketing milk during the period specified in the MILC shall provide any available supporting documents from all producers in the dairy operation to assist CCC in verifying that the dairy operation produced and marketed milk commercially from the designated starting month and thereafter. Examples of supporting documentation include, but are not limited to: milk marketing payment stubs, tank records, milk handler records, daily milk marketings, copies of any payments received as compensation from other sources, or any other documents available to confirm the production and production history of the dairy operation. Producers may also be required to allow CCC to examine the herd of cattle as production evidence. If supporting documentation requested is not presented to CCC or FSA, the request for MILC benefits will be disapproved.

§ 1430.210 MILC agents.

(a) MILC benefits may be disbursed by a dairy marketing cooperative that serves special groups or communities, such as an Amish or Mennonite community. Producers in such groups in a dairy operation may authorize an agent of a dairy cooperative or milk handler affiliated with such cooperative to obtain and disburse MILC benefits to the dairy operation.

(b) The authorized MILC agent must on behalf of the dairy operation do the following:

(1) Obtain an acceptable power of attorney or acceptable equivalent for the producers of the dairy operation that authorizes the agent to enter into an MILC contract;

(2) Enter into a written agreement with CCC for approval to act as a MILC agent on a form prescribed by CCC;

(3) Provide the dairy operation's monthly production evidence to the appropriate FSA office;

(4) Disburse payment to the dairy operation in the producer's monthly milk check or in an otherwise approved manner.

§ 1430.211

7 CFR Ch. XIV (1-1-06 Edition)

§ 1430.211 Duration of contracts.

(a) Except as provided in §§ 1430.205 and 1430.206, or elsewhere in this subpart, contracts under this subpart entered into by producers in a dairy operation shall cover eligible production marketed by the producers in the dairy operation during the period beginning with the first day of the month the producers in the dairy operation enter into contract and ending on September 30, 2005.

(b) If a dairy goes out of business during the contract period, the MILC will be terminated immediately, except as applicable to earned payments.

§ 1430.212 Contract modifications.

(a) Producers in a dairy operation must notify FSA immediately of any changes that may affect their MILC. Changes include, but are not limited to changes to the starting month to receive payment for the next fiscal year, death of producer on the contract, new member joining the operation, member exiting the operation, transfer of shares by sale or other transfer action, or farm reconstitutions undertaken in accordance with § 1430.213.

(b) CCC may modify an MILC if such modifications are desirable to carry out purposes of the program or to facilitate the program's administration.

§ 1430.213 Reconstitutions.

(a) A dairy operation receiving MILC benefits may reorganize or restructure such that the constitution or makeup of their operation is reconstituted in another organizational framework. However, any operation that changes after December 1, 2001, is subject to a review by FSA to determine if the operation was reorganized for the sole purpose of receiving multiple payments.

(b) A dairy operation that FSA determines has reorganized solely to receive additional MILC payments will be in violation of its contract and dealt in accordance with § 1430.214.

(c) If during the contract period a change in the dairy operation occurs, the modification to the MILC will not take effect until the first day of the fiscal year following the month FSA received notification of the changes. Changes include but are not limited to

any producer affiliated with a dairy operation that has an approved MILC with CCC forming a new dairy operation that is not formed solely to receive additional MILC payments.

(d) Changes resulting in the following will take effect immediately upon notification to CCC, in accordance with § 1430.212:

(1) Increases or reductions of shareholders or producers and their corresponding share amounts in the dairy operation; or

(2) Purchases of a new dairy operation by a producer or producers not affiliated with an existing dairy operation that has an approved MILC with CCC.

§ 1430.214 Violations.

(a) If producers in a dairy operation violates the MILC or the requirements of this subpart, CCC may:

(1) Terminate the MILC for the remainder of the fiscal year in which the violation occurs, and allow the producer to retain any payments received under the contract; or

(2) Allow the MILC to remain in effect and require the producer to repay a portion of the payments received commensurate with the violation's severity, as CCC determines.

(3) If the MILC is terminated under this section, the participant shall forfeit all rights to further MILC benefits and shall refund all or part of the payments received as CCC determines appropriate.

(4) A producer or operation with a violation, as determined by CCC, shall refund all MILC funds disbursed under of this part. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

(b) A MILC is violated by the following actions:

(1) Failure to comply with the terms and conditions of the MILC and addendum;

(2) Reconstitutions of the dairy operation for the sole purpose of receiving multiple program benefits;

(3) Failure to comply with highly erodible land conservation and wetland provisions of this 7 CFR part 12 or their successor regulations;

(4) Failure to meet the definition of a dairy operation according to § 1430.202;

(5) Any action that tends to defeat the purpose of the program, as CCC determines.

(c) The Deputy Administrator for Farm Programs (DAFP) of the Farm Service Agency may terminate any MILC by mutual agreement upon request of the participant if DAFP determines that termination is in the best interest of the public.

(d) The DAFP may determine that failure of the dairy operation to perform the MILC does not warrant termination and may require the participant to refund part of the payments received or accept adjustments in the payment as the DAFP determines to be appropriate.

§ 1430.215 [Reserved]

§ 1430.216 Contracts not in conformity with regulations.

If it is discovered that an MILC contract does not comply with this subpart as the result of a misunderstanding by someone who has signed the contract, the contract may be modified by mutual agreement. If the parties to the MILC cannot reach agreement for such modification, it shall be terminated and all payments paid or payable under the contract shall be forfeited or refunded to CCC, except as may otherwise be allowed under § 1430.214.

§ 1430.217 Offsets and withholdings.

CCC may offset or withhold any amount due CCC under this subpart under the provisions of part 1403 of this chapter or any successor regulations.

§ 1430.218 Assignments.

Any producer may assign a payment to be made under this part in accordance with part 1404 of this chapter or successor regulations as designated by the Department.

§ 1430.219 Appeals.

Any producer who is dissatisfied with a determination made pursuant to this subpart may request reconsideration or appeal of such determination under part 11 or 780 of this title.

§ 1430.220 Misrepresentation and scheme or device.

(a) A dairy operation shall be ineligible for the MILC program if FSA determines that it knowingly:

(1) Adopted a scheme or device that tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a determination under this program. CCC will take steps deemed necessary to protect the interests of the government.

(b) Any funds disbursed to a producer or operation engaged in a misrepresentation, scheme, or device, shall be refunded to CCC. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

§ 1430.221 Estates, trusts, and minors.

(a) Program documents executed by producers legally authorized to represent estates or trusts will be accepted only if such producers furnish evidence of the authority to execute such documents.

(b) A minor who is otherwise eligible for assistance under this part must also:

(1) Establish that the right of majority has been conferred on the minor by court proceedings or by statute;

(2) Show that a guardian has been appointed to manage the minor's property and the applicable program documents are executed by the guardian; or

(3) Furnish a bond under which the surety guarantees any loss incurred for which the minor would be liable had the minor been an adult.

§ 1430.222 Death, incompetency, or disappearance.

In the case of death, incompetency, disappearance or dissolution of a producer that is eligible to receive benefits under this part, such persons as are specified in part 707 of this title may receive such benefits, as determined appropriate by FSA.

§ 1430.223

7 CFR Ch. XIV (1–1–06 Edition)

§ 1430.223 Maintenance and inspection of records.

(a) Producers approved for benefits under this program must maintain accurate records and accounts that will document that they meet all eligibility requirements specified herein, as may be requested by CCC or FSA. Such records and accounts must be retained for 3 years after the date of payment to the dairy operation under this program. Destruction of the records 3 years after the date of payment shall be the risk of the party undertaking the destruction.

(b) At all times during regular business hours, authorized representatives of CCC, the Department, or the Comptroller General of the United States shall have access to the premises of the dairy operation in order to inspect the herd of cattle, examine, and make copies of the books, records, and accounts, and other written data as specified in paragraph (a) of this section.

(c) Any funds disbursed pursuant to this part to any producers or operation who does not comply with the provisions of paragraphs (a) or (b) of this section, or who otherwise receives a payment for which they are not eligible, shall be refunded with interest.

§ 1430.224 Refunds; joint and several liability.

(a) In the event of an error on a MILC application, a failure to comply with any term, requirement, or condition for payment arising under the MILC application, or this subpart, all improper payments shall be refunded to CCC together with interest from the date payment was received through the date the refund is received by CCC.

(b) All producers signing a dairy operation's application for payment as having an interest in the operation shall be jointly and severally liable for any refund, including related charges, that is determined to be due for any reason under the terms and conditions of the contract application and addendum or this part for such operation.

§ 1430.225 Violations of highly erodible land and wetland conservation provisions.

The provisions of part 12 of this title apply to this part.

§ 1430.226 Violations regarding controlled substances.

Subpart C—2004 Dairy Disaster Assistance Payment Program

SOURCE: 70 FR 56115, Sept. 26, 2005, unless otherwise noted.

§ 1430.300 Applicability.

(a) Subject to the availability of funds, this subpart sets forth the terms and conditions applicable to the 2004 Dairy Disaster Assistance Payment Program authorized by section 103 of Division B of Public Law 108–324. Benefits are available to eligible United States producers who have suffered dairy production losses and dairy spoilage losses in eligible counties as a result of a hurricane disaster in 2004.

(b) To be eligible for this program, a producer must have been a milk producer in 2004 in a county declared a disaster by the President of the United States due to a 2004 hurricane. Only losses occurring in those counties are eligible for payment in this program. Producers in contiguous counties that were not designated by the President as a disaster county due to a hurricane in 2004 are not eligible.

(c) Subject to the availability of funds, benefits shall be provided by the Commodity Credit Corporation (CCC) to eligible dairy producers. Additional terms and conditions may be set forth in the payment application that must be executed by participants to receive a disaster assistance payment for dairy production losses and dairy spoilage losses.

(d) To be eligible for payments, producers must comply with the provisions of, and their losses must meet the conditions of, this subpart and any other conditions imposed by CCC.

§ 1430.301 Administration.

(a) The 2004 Dairy Disaster Assistance Payment Program shall be administered under the general supervision of the Executive Vice President, CCC (Administrator, FSA), or a designee, and shall be carried out in the field by FSA State and county committees (State

Commodity Credit Corporation, USDA

§ 1430.302

and county committees) and FSA employees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State committee shall take any action required by the regulations of this subpart that has not been taken by the county committee. The State committee shall also:

(1) Correct, or require the county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this subpart; and

(2) Require a county committee to withhold taking any action that is not in accordance with the regulations of this subpart.

(d) No provision of delegation in this subpart to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines in cases where lateness or failure to meet such requirements do not adversely affect the operation of the 2004 Dairy Disaster Assistance Payment Program and does not violate statutory limitations on the program.

(f) Data furnished by the applicants is used to determine eligibility for program benefits. Although participation in the 2004 Dairy Disaster Assistance Payment Program is voluntary, program benefits are not to be provided unless the participant furnishes all requested data.

§ 1430.302 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering the 2004 Dairy Disaster Assistance Payment Program established by this subpart.

Application means the 2004 Dairy Disaster Assistance Payment Program Application.

Application period means the time period established by the Deputy Admin-

istrator for producers to apply for program benefits.

CCC means the Commodity Credit Corporation of the Department.

County committee means the FSA county committee.

County office means the FSA office responsible for administering FSA programs for farms located in a specific area in a state.

Dairy operation means any person or group of persons who, as a single unit, as determined by CCC, produces and markets milk commercially from cows and whose production facilities are located in the United States.

Department or USDA means the United States Department of Agriculture.

Deputy Administrator means the Deputy Administrator for Farm Programs (DAFP), FSA, or a designee.

Disaster county means a county declared a disaster by the President of the United States due to a hurricane in 2004, and is only the county so declared, not a contiguous county.

Farm Service Agency or FSA means the Farm Service Agency of the Department.

Hundredweight or cwt. means 100 pounds.

Milk handler or cooperative means the marketing agency to, or through which, the producer commercially markets whole milk.

Milk marketings means a marketing of milk for which there is a verifiable sales or delivery record of milk marketed for commercial use. In counting milk toward production amounts, dumped milk will not be considered as marketed for commercial use. Such dumped milk shall be counted toward production but will be accounted for separately from milk that is marketed for normal commercial use as determined by the Deputy Administrator. All production in the months for which loss coverage is available will be counted in making determinations under this part, as determined by the Deputy Administrator, with care to avoid double counting, and with care to avoid a calculated loss that overstates the actual losses.

Payment pounds means the pounds of milk production from a dairy operation

§ 1430.303

7 CFR Ch. XIV (1-1-06 Edition)

for which the dairy producer is eligible to be paid under this subpart.

Producer means any individual, group of individuals, partnership, corporation, estate, trust association, cooperative, or other business enterprise or other legal entity who is, or whose members are, a citizen of, or legal resident alien in the United States, and who directly or indirectly, as determined by the Secretary, shares in the risk of producing milk, and makes contributions (including land, labor, management, equipment, or capital) to the dairy farming operation of the individual or entity of the proceeds of this operation.

Starting base production means actual commercial production marketed by the dairy operation during the month of July 2004, or alternative period established by the Deputy Administrator.

Verifiable production records means evidence that is used to substantiate the amount of production marketed, including any dumped production, and that can be verified by CCC through an independent source.

§ 1430.303 Time and method of application.

(a) Dairy producers may obtain an Application, in person, by mail, by telephone, or by facsimile from any county FSA office. In addition, applicants may download a copy of the Application at <http://www.sc.egov.usda.gov>.

(b) A request for benefits under this subpart must be submitted on a completed Application as defined in §1430.302. Applications and any other supporting documentation shall be submitted to the FSA county office serving the county where the dairy operation is located but, in any case, must be received by the FSA county office by the close of business on the date established by the Deputy Administrator. The closing date shall be no sooner than October 11, 2005. Applications not received by the close of business on such date will be disapproved as not having been timely filed and the dairy producer will not be eligible for benefits under this program.

(c) All persons who share in the risk of a dairy operation's total production must certify to the information on the

Application before the Application is considered complete.

(d) Each dairy producer requesting benefits under this subpart must certify to the accuracy and truthfulness of the information provided in their application and any supporting documentation. All information provided is subject to verification by CCC. Refusal to allow CCC or any other agency of the Department of Agriculture to verify any information provided will result in a denial of eligibility. Furnishing the information is voluntary; however, without it program benefits will not be approved. Providing a false certification to the Government may be punishable by imprisonment, fines and other penalties or sanctions.

§ 1430.304 Eligibility.

(a) Producers in the United States are eligible to receive hurricane-related dairy disaster benefits under this part only if they have suffered dairy production or dairy spoilage losses in counties declared a disaster by the President due to any hurricane in 2004. To be eligible to receive payments under this subpart, producers in a dairy operation must:

(1) Have produced and commercially marketed milk in the United States and commercially marketed the milk produced during the 2004 calendar year;

(2) Be a producer on a dairy farm operation physically located in a disaster county where production and milk spoilage losses were incurred as a result of 2004 hurricanes, and limiting their claims to losses occurring in those counties;

(3) Provide proof of monthly milk production dumped and commercially marketed by all persons in the eligible dairy operation during the third quarter of the 2004 milk marketing year, or other period as determined by FSA, to determine the total pounds of eligible losses that will be used for payment; and

(4) Apply for payments during the application period established by the Deputy Administrator.

(b) Payments may be made for losses suffered by an otherwise eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a

contract for the producer or the producer's estate signs the application for payment. Proof of authority to sign for the deceased producer's estate or a dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly-authorized representatives must sign the application for payment.

(c) Producers associated with a dairy operation must submit a timely application and comply with terms and conditions of this subpart, instructions issued by CCC and instructions contained in the Application to be eligible for benefits under this subpart.

(d) As a condition to receive benefits under this part, a producer must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR part 12 for the 2004 calendar year, as applicable, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law or regulation.

(e) Payments are limited to losses in eligible counties in eligible months.

(f) All payments under this part are subject to the availability of funds.

§ 1430.305 Proof of production.

(a) Evidence of production is required to establish the commercial marketing and production history of the dairy operation so that production and spoilage losses can be computed in accordance with § 1430.306.

(b) A dairy producer must, based on the instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation's commercial production, including any dumped production and dairy cow purchases, for each month of the period July 2004 through October 2004, and must specifically identify any dumped production for August through October 2004. If a month other than July 2004 is used for base creation purposes records for that month must be provided.

(1) A producer must certify and provide such proof as requested that losses for which compensation is claimed were hurricane-related and occurred in an eligible county in an eligible month.

(2) Additional supporting documentation may be requested by FSA as necessary to verify production or spoilage losses and dairy herd increases or decreases to the satisfaction of FSA.

(c) Adequate proof of production history of the dairy operation under paragraph (b) of this section must be based on milk marketing statements obtained from the dairy operation's milk handler or marketing cooperative. Supporting documents may include, but are not limited to: tank records, milk handler records, daily milk marketings, copies of any payments received from other sources for production or spoilage losses, or any other documents available to confirm the production history and losses incurred by the dairy operation.

(d) Adequate proof of dairy cow additions to the milking herd during the eligible months can include, but are not limited to sales receipts, invoices, State health certificates, or any other documents available to confirm the cow purchases.

(e) All information provided to FSA by a producer is subject to verification, spot-check and audit by FSA. Also, FSA or another CCC representative may examine the dairy operation's production or spoilage claims.

(f) If adequate proof of commercially-marketed production and supporting documentation is not presented to the satisfaction of CCC or FSA, the request for benefits will be rejected. In the case of a new producer that had no verifiable, actual, commercial production marketed by the dairy operation during the month of July 2004, but which suffered eligible losses, an alternate base period may be established by the Deputy Administrator.

§ 1430.306 Determination of losses incurred.

(a) Eligible payable losses are calculated on a dairy operation by dairy operation basis and are limited to those occurring in August through October 2004. Specifically, dairy production and spoilage losses incurred by producers under this subpart are determined on the established history of the dairy operation's actual commercial production marketed from August

§ 1430.306

7 CFR Ch. XIV (1-1-06 Edition)

through October 2004, and actual production dumped or otherwise not marketed from August through October 2004, as provided by the dairy operation consistent with §1430.305. Except as otherwise provided in these regulations, the starting base production, as defined in §1430.302, is adjusted downward by a percentage determined by CCC to determine the base production for the months of August through October 2004. These adjustments are made to account for the seasonal declines that can occur during those months. The base production for each of the months August through October 2004 is calculated by reducing the starting base production (July 2004, or alternate month approved by the Deputy Administrator for new producers) as follows:

(1) August 2004 base production is the starting base production reduced by 9 percent;

(2) September 2004 base production is the starting base production reduced by 15 percent;

(3) October 2004 base production is the starting base production reduced by 11 percent.

(b) The eligible dairy production losses for a dairy operation for each of the months of August through October 2004 will be:

(1) The new base production for the dairy operation calculated under paragraph (a) of this section less,

(2) For each such month for each dairy operation, the total of:

(i) Actual commercially-marketed production (not counting dumped production counted under paragraph (b)(1)(ii) of this section); plus

(ii) The pounds of milk production dumped (whether related to the hurricane or not), or otherwise not commercially marketed (whether related to the hurricane or not). For dumping losses to be eligible, they must, as with other program losses, be hurricane related, as described under paragraphs (c) and (d) of this section.

(c) Actual production losses may be adjusted to the extent the reduction in production is not certified by the producer to be the result of the hurricane or is determined by FSA not to be hurricane-related. Actual production, as adjusted, that exceeds the adjusted base production will mean that the

dairy operation incurred no eligible production losses for the corresponding month as a result of the hurricane disaster, and that the production level for that month does not qualify for a payment under this program.

(d) Eligible dairy spoilage losses incurred by producers under this subpart for each of the months August through October 2004 will be determined based on actual milk produced in those months that was dumped on the farm as a result of the 2004 hurricanes. Proper documentation of milk dumped on the farm as a result of spoilage due to a hurricane must be provided to CCC as provided in §1430.305.

(e) Calculated production losses may be adjusted by FSA based on the monthly average of daily dairy cow additions or reductions to the milking herd during the period of July 1, 2004 through October 31, 2004, to account for production adjustments as a result of dairy cow purchases, sales, or death losses. Production adjustments can be calculated using the average number of dairy cows in a dairy operation's milking herd and the average production per cow during each applicable month. Per-cow production averages during the months of August through October will be determined based on the actual per-cow production average during the month of July 2004 and reduced downward according to the seasonal decline percentages provided in paragraph (a) of this section, to determine the total production that may be credited back to the dairy operation's total production losses. To qualify for the production adjustment:

(1) Producers in eligible dairy operations must report any increases or decreases to the dairy cow milking herd during the period of July 1, 2004 through October 31, 2004.

(2) Adequate supporting documentation according to §1430.305 must be provided to the satisfaction of the COC to verify any claims of herd increases or decreases during the eligible period.

(3) Any cows purchased during the eligible period that would increase the dairy cow milking herd must have been to offset production losses as a result of the 2004 hurricanes.

(f) Eligible production and spoilage losses as otherwise determined under

paragraphs (a) through (e) of this section are added together to determine total eligible losses incurred by the dairy operation subject to all other eligibility requirements as may be included in this part or elsewhere.

(g) Payment on eligible dairy operation losses is calculated using whole pounds of milk. No double counting is permitted, and only one payment will be made for each pound of milk calculated as an eligible loss after the distribution of the operation's eligible production loss among the producers of the dairy operation according to §1420.307(b). Payments under this part will not be affected by any payments for dumped or spoiled milk that the dairy operation may have received from its milk handler, or marketing cooperative, or any other private party.

(h) If a producer is eligible to receive payments under this part and benefits under any other program administered by the Secretary for the same losses, the producer must choose whether to receive the other program benefits or payments under this part, but shall not be eligible for both. The limitation on multiple benefits prohibits a producer from being compensated more than once for the same losses. If the other USDA program benefits are not available until after an application for benefits has been filed under this part, the producer may, to avoid this restriction on such other benefits, refund the total amount of the payment to the administrative FSA office from which the payment was received.

§ 1430.307 Rate of payment and limitations on funding.

(a) Subject to the availability of funds, the payment rate for eligible production and spoilage losses determined according to §1430.306 is, depending on the State, the average monthly Mailbox milk price for the Florida, the Southeast, or the Appalachian States Marketing Orders as reported by the Agricultural Marketing Service during the months of August, September, and October of 2004. Maximum payment rates for eligible losses for dairy operations located in specific states are as follows:

(1) Florida—\$17.62 per hundredweight (\$0.1762 per pound).

(2) Alabama, Georgia, Louisiana, and Mississippi—\$16.26 per hundredweight (\$0.1626 per pound).

(3) North Carolina and South Carolina—\$15.59 per hundredweight (\$0.1559 per pound).

(b) Subject to the availability of funds, each eligible dairy operation's payment is calculated by multiplying the applicable payment rate under paragraph (a) of this section by the operation's total eligible losses. Where there are multiple producers in the dairy operation, individual producers' payments are disbursed according to each producer's share of the dairy operation's production as specified in the Application.

(c) If the total value of losses claimed under paragraph (b) of this section exceeds the \$10 million available for the 2004 Dairy Disaster Assistance Payment Program, less any reserve that may be created under paragraph (e) of this section, total eligible losses of individual dairy operations that, as calculated as an overall percentage for the full three month period, August–October 2004 (not a monthly average for any one month), are greater than 20 percent of the total base production for those three months will be paid at the maximum rate under paragraph (a) of this section to the extent available funding allows. A loss of over 20 percent in only one or two of the eligible months does not itself qualify for the maximum per-pound payment. Total eligible losses for a producer, as calculated under §1430.306, of less than or equal to 20 percent during the eligibility period of August to October 2004 will be paid at a rate determined by dividing the eligible losses of less than 20 percent by the funds remaining after making payments for all eligible losses above the 20 percent threshold.

(d) In no event shall the payment exceed the value determined by multiplying the producer's total eligible loss times the average price received for commercial milk production in their area as defined in paragraph (a) of this section.

(e) A reserve may be created to handle claims that extend beyond the conclusion of the application period, but

§ 1430.308

claims shall not be payable once the available funding is expended.

§ 1430.308 Availability of funds.

The total available program funds shall be \$10 million as provided by section 103 of Division B of Public Law 108-324.

§ 1430.309 Appeals.

Any producer who is dissatisfied with a determination made pursuant to this subpart may request reconsideration or appeal of such determination in accordance with the appeal regulations set forth at 7 CFR parts 11 and 780. Appeals of determinations of ineligibility or payment amounts are subject to the limitations in §§ 1430.307 and 1430.308.

§ 1430.310 Misrepresentation and scheme or device.

(a) In addition to other penalties, sanctions or remedies as may apply, a dairy producer shall be ineligible to receive assistance under this program if the producer is determined by FSA or CCC to have:

- (1) Adopted any scheme or device that tends to defeat the purpose of this program;
- (2) Made any fraudulent representation; or
- (3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to any person or operation engaged in a misrepresentation, scheme, or device, shall be refunded with interest together with such other sums as may become due. Any dairy operation or person engaged in acts prohibited by this section and any dairy operation or person receiving payment under this subpart shall be jointly and severally liable with other persons or operations involved in such claim for benefits for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies that may apply.

§ 1430.311 Death, incompetence, or disappearance.

In the case of death, incompetency, disappearance, or dissolution of a person that is eligible to receive benefits in accordance with this subpart, such

7 CFR Ch. XIV (1-1-06 Edition)

alternate person or persons specified in 7 CFR part 707 may receive such benefits, as determined appropriate by FSA.

§ 1430.312 Maintaining records.

Persons applying for benefits under this program must maintain records and accounts to document all eligibility requirements specified herein. Such records and accounts must be retained for 3 years after the date of payment to the dairy operations under this program. Destruction of the records after such date shall be at the risk of the party undertaking the destruction.

§ 1430.313 Refunds; joint and several liability.

(a) Excess payments, payments provided as the result of erroneous information provided by any person, or payments resulting from a failure to comply with any requirement or condition for payment under the application or this subpart, must be refunded to CCC.

(b) A refund required under this section shall be due with interest determined in accordance with paragraph (d) of this section and late payment charges as provided in 7 CFR part 1403.

(c) Persons signing a dairy operation's application as having an interest in the operation shall be jointly and severally liable for any refund and related charges found to be due under this section.

(d) Interest shall be applicable to any refunds required in accordance with 7 CFR parts 792 and 1403. Such interest shall be charged at the rate the United States Department of the Treasury charges CCC for funds, and shall accrue from the date FSA or CCC made the erroneous payment to the date of repayment.

(e) FSA may waive the accrual of interest if it determines that the cause of the erroneous determination was not due to any action of the person, or was beyond the control of the person committing the violation. Any waiver is at the discretion of FSA alone.

§ 1430.314 Miscellaneous provisions.

(a) *Offset.* CCC may offset or withhold any amount due CCC under this subpart in accordance with 7 CFR part 1403.

Commodity Credit Corporation, USDA

§ 1430.502

(b) *Claims.* Claims or debts are settled in accordance with 7 CFR part 1403.

(c) *Other interests.* Payments or any portion thereof due under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the livestock, or proceeds thereof, in favor of the owner or any other creditor except agencies and instrumentalities of the U.S. Government.

(d) *Assignments.* Any producer entitled to any payment under this part may assign any payments in accordance with the provisions of 7 CFR part 1404.

§ 1430.315 Termination of program.

This program ends after payment has been made to those applicants certified as eligible pursuant to the application period established in §1430.304. All eligibility determinations shall be final except as otherwise determined by the Deputy Administrator.

In addition, applicants may download a copy of the CCC-1040 at <http://www.fsa.usda.gov/dafp/psd/>.

(b) A request for benefits under this subpart must be submitted on a completed Form CCC-1040. The Form CCC-1040 should be submitted to the county FSA office serving the county where the dairy operation is located but, in any case, must be received by the county FSA office by the close of business on February 28, 2001. § 1430.504 Eligibility.

(a) To be eligible to receive cash payments under this subpart, a dairy operation must:

(1) Have produced and marketed milk commercially in the United States anytime during the fourth quarter of 1998;

(2) Indicate all milk commercially marketed by all persons in the dairy operation during calendar year 1997 and 1998 to establish the base period for determining the total pounds of milk that will be converted to hundred-weight (cwt) used for payment; and

(3) Apply for payments during the application period.

(b) A dairy operation must submit a timely application and comply with all other terms and conditions of this subpart and those that are otherwise contained in the application to be eligible for benefits under this subpart.

§ 1430.505 Proof of production.

(a) Dairy operations selected for spotchecks by CCC must, in accordance with instructions issued by the Deputy Administrator, provide adequate proof that the dairy operation was commercially marketing milk anytime during the fourth quarter of 1998. The dairy operation must also provide proof of production for the 1997 or 1998 calendar year to verify the base period. The documentary evidence of milk production claimed for payment shall be reported to CCC together with any supporting documentation under paragraph (b) of this section. The pounds of 1997 or 1998 calendar year milk production must be documented using actual records.

(b) All persons involved in such dairy operation marketing milk during the fourth quarter of 1998 shall provide any available supporting documents to assist the county FSA office in verifying that the dairy operation produced and marketed milk commercially during

the fourth quarter of 1998 and the base period milk marketings indicated on Form CCC-1040. Examples of supporting documentation include, but are not limited to: tank records, milk handler records, milk marketing payment stubs, daily milk marketings, copies of any payments received as compensation from other sources, or any other documents available to confirm the production and production history of the dairy operation. In the event that supporting documentation is not presented to the county FSA office requesting the information, dairy operations will be determined ineligible for benefits.

§ 1430.506 Payment rate and dairy operation payment.

(a) Payments under this subpart may be made to dairy operations only on the first 26,000 cwt of milk produced by them from cows in the United States actually marketed in the United States during the base period. A payment rate will be determined after the conclusion of the application period, and shall be calculated by:

(1) Converting whole pounds of milk to cwt;

(2) Totaling the eligible cwt (not to exceed 26,000 cwt) of milk marketed commercially during the base period from all approved applications; and

(3) Dividing the amount available for Dairy Market Loss Assistance Program by the total eligible cwt submitted and approved for payment.

(b) Each dairy operation payment will be calculated by multiplying the payment rate determined in paragraph (a) (3) of this section by the dairy operation's eligible production.

(c) In the event that approval of all eligible applications would result in expenditures in excess of the amount available, CCC shall reduce the payment rate in such manner as CCC, in its sole discretion, finds fair and reasonable.

§ 1430.507 Misrepresentation and scheme or device.

(a) A dairy operation shall be ineligible to receive assistance under this program if it is determined by the State committee or the county committee to have:

§ 1430.508

(1) Adopted any scheme or device which tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to a dairy operation engaged in a misrepresentation, scheme, or device, or to any other person as a result of the dairy operation's actions, shall be refunded with interest together with such other sums as may become due. Any dairy operation or person engaged in acts prohibited by this section and any dairy operation or person receiving payment under this subpart shall be jointly and severally liable for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

§ 1430.508 Maintaining records.

Dairy operations making application for benefits under this program must maintain accurate records and accounts that will document that they meet all eligibility requirements specified in this subpart and the pounds of milk marketed commercially during the fourth quarter of 1998 and the base period. Such records and accounts must be retained for at least three years after the date of the cash payment to dairy operations under this program.

§ 1430.509 Refunds; joint and several liability.

(a) In the event there is a failure to comply with any term, requirement, or condition for payment arising under the application, or this subpart, and if any refund of a payment to CCC shall otherwise become due in connection with the application, or this subpart, all payments made under this subpart to any dairy operation shall be refunded to CCC together with interest as determined in accordance with paragraph (c) of this section and late-payment charges as provided for in part 1403 of this chapter.

(b) All persons listed on a dairy operation's application shall be jointly and severally liable for any refund, includ-

7 CFR Ch. XIV (1-1-06 Edition)

ing related charges, which is determined to be due for any reason under the terms and conditions of the application or this subpart.

(c) Interest shall be applicable to refunds required of the dairy operation if CCC determines that payments or other assistance were provided to the producer was not eligible for such assistance. Such interest shall be charged at the rate of interest which the United States Treasury charges CCC for funds, as of the date CCC made such benefits available. Such interest shall accrue from the date such benefits were made available to the date of repayment or the date interest increases as determined in accordance with applicable regulations. CCC may waive the accrual of interest if CCC determines that the cause of the erroneous determination was not due to any action of the dairy operation.

(d) Interest determined in accordance with paragraph (c) of this section may be waived by CCC with respect to refunds required of the dairy operation because of unintentional misaction on the part of the dairy operation, as determined by CCC.

(e) Late payment interest shall be assessed on all refunds in accordance with the provisions of, and subject to the rates prescribed in 7 CFR part 1403.

(f) Dairy operations must refund to CCC any excess payments made by CCC with respect to such application.

(g) In the event that a benefit under this subpart was provided as the result of erroneous information provided by any person, the benefit must be repaid with any applicable interest.

§ 1430.510 New producers.

Notwithstanding other provisions of this subpart, producers who were new producers in 1999 or 2000 and not affiliated with other eligible producers may receive payments from sums made available after October 27, 2000 based on their 1999 production levels or for 2000, on their production levels from October 1, 1999 through September 30, 2000.

(c) For dairy operations that received a payment under sections 805 and 825 of Public Law 106-78 on less than 12 months production, an annual production level will be calculated by subtracting from the dairy operation's production level for the period of October 1, 1999 through September 30, 2000 the production level on which previous payments were received.

(1) Is not adulterated;

(2) Has not been scorched, burned, or subjected to excessive heat resulting in objectionable flavor, color deterioration or carmelization;

(3) Does not contain any ineligible honey floral sources; such as andromeda, bitterweed, broomweed, cajeput (melaleuca), carrot, chinquapin, dog fennel, desert hollyhock, gumweed, mescal, onion, prickly pear, prune, queen's delight, rabbit brush, snowbrush (ceanothus), snow-on-the-mountain, spurge (leafy spurge), tarweed, and similar objectionably-flavored honey or blends of honey as determined by the Director, Price Support Division, FSA. If any blends of honey contain such ineligible honey, the lot as a whole shall be considered ineligible for loan;

(4) Does not contain excessive bees or bee parts, paint chips, wood chips, or other foreign matter; and

(5) Is not fermenting; and

(d) Be stored in acceptable containers.

§ 1434.6 Beneficial interest.

(a) To be eligible to receive marketing assistance loans under this part a producer must have the beneficial interest in the honey that is tendered to CCC for a loan. The producer must always have had the beneficial interest in the honey unless, before the honey was extracted, the producer and a former producer whom the producer tendering the honey to CCC has succeeded had such an interest in the honey. Honey obtained by gift or purchase shall not be eligible to be tendered to CCC for loans. Heirs who succeed to the beneficial interest of a deceased producer or who assume the decedent's obligations under an existing loan shall be eligible to receive loans whether succession to the honey occurs before or after extraction so long as

§ 1434.7

7 CFR Ch. XIV (1-1-06 Edition)

the heir otherwise complies with the provisions of this part.

(b) For the 2002 crop of honey, in the case of producers that would be eligible for a loan deficiency payment under this section except for the fact that the producers lost beneficial interest in the crop before October 18, 2002, the producers shall be eligible for a loan deficiency payment as of the date producers marketed or otherwise lost beneficial interest in the honey, as determined by the Secretary.

(c) A producer shall not be considered to have divested the beneficial interest in the honey if the producer retains control, title, and risk of loss in the honey including the right to make all decisions regarding the tender of such honey to CCC for a loan, and the producer:

(1) Executes an option to purchase, whether or not a payment is made by the potential buyer for such option to purchase, with respect to such honey if all other eligibility requirements are met and the option to purchase contains the following provision:

Notwithstanding any other provision of this option to purchase, title, risk of loss, and beneficial interest in the honey, as specified in 7 CFR part 1434, shall remain with the producer until the buyer exercises this option to purchase the honey. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of: (1) The maturity of any CCC loan which is secured by such honey; (2) the date the CCC claims title to such honey; or (3) such other date as provided in this option."

or:

(2) Enters into a contract to sell the honey if the producer retains title, risk of loss, and beneficial interest in the honey and the purchaser does not pay to the producer any advance payment amount or any incentive payment amount to enter into such contract except as provided in part 1425 of this chapter.

(d) If loans are made available to producers through an approved CMA in accordance with part 1425 of this chapter, the beneficial interest in the honey must always have been in the producer-member who delivered the honey to the CMA or its member CMA's, except as otherwise provided in this section.

Honey delivered to such a CMA shall not be eligible for loans if the producer-member who delivered the honey does not retain the right to share in the proceeds from the marketing of the honey as provided in part 1425 of this chapter.

(e) A producer may, before the final date for obtaining a loan for honey, re-offer as loan honey any honey that has been previously pledged if the loan was repaid with principal plus interest, the loan on such re-offered honey shall have the same maturity date as the original loan.

[66 FR 15177, Mar. 15, 2001, as amended at 67 FR 64480, Oct. 18, 2002]

§ 1434.7 Approved storage.

(a) Loans will be made only on honey in approved storage, which shall consist of a storage structure located on or off the farm that is determined by CCC to be under the control of the producer and affords safe storage for honey pledged as collateral for a loan. If the honey located in a farm storage structure is pledged as collateral that secures more than one loan, the honey must be segregated so as to preserve the identity of the honey securing such loan. Honey securing a loan must also be segregated from any honey not pledged as collateral for a loan that is stored in the same structure.

(b) Producers may also obtain loans on honey packed in eligible containers and stored in facilities owned by third parties in which the honey of more than one person is stored if the honey that is to be pledged as collateral for a loan and that is stored identity preserved or is segregated from all other honey. Each container of the segregated quantity of honey shall be marked with the producer's name, loan number, and lot number so as to identify the honey from other honey stored in the structure.

§ 1434.8 Containers and drums.

(a)(1) To be eligible for assistance under this part, honey must be packed in:

- (i) CCC-approved, 5-gallon plastic containers;
- (ii) 5-gallon metal containers;

(iii) Steel drums with a capacity not less than 5 gallons nor greater than 70 gallons, or

(iv) Plastic Intermediate Bulk Containers (IBC's).

(2) Honey stored in plastic containers must be determined safe and secure from all possibility of contamination.

(3) Honey storage containers used for these purposes must meet requirements of the Federal Food, Drug and Cosmetic Act, as amended and other specified requirements, as determined by CCC and must be generally fit for the purpose for which they are to be used.

(4) CCC-approved 5-gallon plastic containers must hold approximately 60 pounds of honey. The containers must be free and clear of leakage and punctures and of suitable purity for food contact use and meet food storage standards as provided by CCC. Plastic containers must be new or previously used only to store honey. Plastic containers previously used to store chemicals, pesticides, or any other product or substance other than honey are ineligible for honey storage. The handle of each container must be firm and strong enough to permit carrying the filled container. The cover opening must not be damaged in any way that will prevent a tight seal. Containers that have been punctured and resealed will not be acceptable;

(5) The 5-gallon metal containers must hold approximately 60 pounds of honey, and must be new, clean, sound, uncased, and free from appreciable dents and rusts. The handle of each container must be firm and strong enough to permit carrying the filled container. The cover and container opening must not be damaged in any way that will prevent a tight seal. Containers that are punctured or have been punctured and resealed by soldering will not be acceptable; and

(6) The steel drums must be an open type and filled no closer than 2 inches from the top of the drums. Drums must be new or must be used drums that have been reconditioned inside and outside. Drums must be clean, treated inside and outside to prevent rusting, fitted with gaskets that provide a tight seal and have an inside coating suitable for honey storage.

(7) IBC's are bulk containers with a polyethylene inner bottle and a galvanized steel protective cage, a capacity of either 275 or 330 gallons, and are reusable. IBC's must be clean, sound and provide a tight seal.

(b) Honey shall not be eligible to be pledged as collateral for loans if such honey is stored in:

(1) 55-gallon steel drums having a tare weight less than 38 pounds, 30-gallon steel drums having a tare weight less than 26 pounds, or drums having removable liners of polyethylene or other materials;

(2) Bung-type drums;

(3) Bulk tanks;

(4) Containers that do not meet the specified requirements of paragraph (a) of this section or other CCC specifications or requirements.

(5) Steel drums that are severely enough dented as to cause damage to their lining, improper seal, or stacking capabilities; and

(6) Rusted drums with corroded areas.

[66 FR 15177, Mar. 15, 2001, as amended at 69 FR 52169, Aug. 25, 2004]

§ 1434.9 Determination of quantity.

The amount of a marketing assistance loan and loan deficiency payment shall be based on 100 percent of the net weight in pounds of such quantity certified by the producer and verified by the county office representative for honey on Form CCC-633 (Honey) that is eligible to be pledged as security for the loan or LDP Estimates of the quantity of honey shall be made on the basis of 12 pounds for each gallon of rated capacity of the container.

§ 1434.10 Application, availability, disbursement, and maturity.

(a) A producer must, unless otherwise authorized by CCC, request loans and loan deficiency payments at the appropriate FSA county office responsible for administering the program as provided under part 718 of this title. To receive loans and loan deficiency payments for honey, a producer shall execute a note and security agreement or loan deficiency payment application on or before March 31 of the year following the year in which the honey was extracted.

§ 1434.11

(b) A producer must request a loan at the county office of the county where the honey is stored if the honey is stored at the producer's farm. A producer who requests a loan on honey stored in eligible storage other than the producer's farm, may request loans at either the county office of the county where the storage facility is located or at the county office of the county where the producer's main place of business is located. A CMA must request loans at the county office for the county in which the principal office of the CMA is located unless the State committee designates another county office. If the CMA has operations in two or more States, the CMA must file its loan applications at the county office for the county in which its principal office for each State is located.

(c) Loans will be made on the honey as declared and certified by the producer on Form CCC-633 (Honey), (Honey Loan Certification and Worksheet) at the time the honey is pledged as collateral for a loan. The producer is also required to declare and certify on Form CCC-633 (Honey) the class (table or nontable) and floral source of the honey at the time the honey is pledged as collateral for a loan.

(d) The request for a loan shall not be approved until all producers having an interest in the honey sign the note and security agreement and CCC approves such note and security agreement. The disbursement of loans will be made by county offices on behalf of CCC, for honey that:

- (1) Has been extracted;
- (2) Is in eligible storage; and
- (3) Has not been blended or mixed with ineligible honey.

(e) Loans mature on demand but not later than the last day of the ninth calendar month following the month in which the note and security agreement was approved. When the final maturity date falls on a non-workday for county offices, CCC shall extend the final date to the next workday. Before the date determined in paragraph (a) of this section, a producer may re-offer as loan collateral any eligible honey that has been offered previously for a CCC loan and the loan has been repaid at principal plus interest only.

7 CFR Ch. XIV (1-1-06 Edition)

(f) If, after a loan is made, CCC determines that the producer or the honey collateral is not in compliance with any of the provisions of this part, the producer shall refund the total amount disbursed under loan and charges plus interest, including late payment interest as provided in part 1403 of this title.

[66 FR 15177, Mar. 15, 2001, as amended at 67 FR 64481, Oct. 18, 2002]

§ 1434.11 Fees and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC. The loan service fee shall be the smaller of one-half of 1 percent (.005) times the gross loan amount or \$45 per loan plus \$3 for each storage structure over one.

(b) Interest that accrues with respect to a loan shall be determined in accordance with part 1405 of this chapter.

§ 1434.12 Liens.

(a) CCC's security interest in the honey pledged as collateral is first and superior to all other security interests.

(b) The county office shall file or record, as required by State law, all financing statements needed to perfect a security interest in honey pledged as collateral for a loan. The cost of filing and recording shall be for the account of CCC.

(c) If there are any other security interests, liens, or encumbrances on the honey, CCC shall obtain waivers that fully protect the interest of CCC even though the security interests, liens, or encumbrances are satisfied from the loan proceeds. No additional security interests, liens, or encumbrances shall be placed on the honey after the loan is approved.

§ 1434.13 Transfer of producer's interest prohibited.

Absent written approval from CCC, the producer shall not transfer either the remaining interest in, or right to redeem, the honey pledged as collateral for a loan on honey nor shall anyone acquire such interest or right. Subject to the provisions of §1434.17, a producer who wishes to liquidate all or part of a loan by contracting for the sale of the honey must obtain written approval from the county office on a form prescribed by CCC to remove a specified quantity of the honey from storage.

Commodity Credit Corporation, USDA

§ 1434.15

Any such approval shall be subject to the terms and conditions set forth in the applicable form, copies of which may be obtained by producers at the county office.

§ 1434.14 Loss or damage.

The producer is responsible for any loss in quantity or quality of the honey pledged as collateral for a loan. CCC shall not assume any loss in quantity or quality of the loan collateral.

§ 1434.15 Personal liability of the producer.

(a) When applying for an individual or joint loan or loan deficiency payment, each producer agrees:

(1) When signing Form CCC-633 (Honey), Honey Loan Certification and Worksheet and Form CCC-677, Farm Storage Note and Security Agreement, that the producer will:

(i) Provide correct, accurate, and truthful certifications and representations of the loan quantity and all other matters of fact and interest; and

(ii) Not remove or dispose of any amount of the loan quantity without prior written approval from CCC in accordance with this section.

(2) That violation of the terms and conditions of this part and Form CCC-677 will cause harm or damage to CCC in that funds may be disbursed to the producer for a loan quantity that is not actually in existence or for a quantity for which the producer is not eligible.

(b) For the purposes of this section, violations include any failure to comply with this part or the loan agreement, including but not limited to any incorrect certification or:

(1) Unauthorized removal of honey, which shall include, but is not limited to, the movement of any loan quantity of honey from the storage structure in the commodity was stored when the loan was approved to any other storage structure whether or not such structure is located on the producer's farm without prior written authorization from the county committee in accordance with §1434.14;

(2) Any unauthorized disposition, which shall include, but is not limited to, the conversion of any loan quantity pledged as collateral for a loan without prior written authorization from the

county committee in accordance with this section.

(c) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC for conduct that is in violation of this section. Accordingly, if the county committee determines that the producer has engaged in any such violation, liquidated damages shall be assessed in addition to any loan refund and other charges that may be due. The amount of such damages shall be computed using the quantity of honey that is involved in the violation and the following formula. If CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note for the first offense; or

(ii) 25 percent of the loan rate applicable to the loan note for the second offense; or

(2) Did not act in good faith with regard to the violation, or for cases other than the first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note.

(d) For liquidated damages assessed in accordance with paragraph (c)(1) of this section, the county committee shall:

(1) Require repayment of the loan principal applicable to the loan quantity involved in the violation plus charges and interest; and

(2) If the producer fails to pay such amount within 30 calendar days from the date of notification, call the applicable loan for all of the honey under loan, plus charges and interest.

(e) For liquidated damages assessed in accordance with paragraph (c)(2) of this section, the county committee shall call the loan involved in the violation, and charges plus interest.

(f) The county committee:

(1) May waive the administrative actions taken in accordance with paragraphs (c)(1) and (d) of this section if the county committee determines that:

§ 1434.15

7 CFR Ch. XIV (1-1-06 Edition)

(i) The violation occurred inadvertently, accidentally, or unintentionally; or

(ii) The producer acted to prevent spoilage of the commodity.

(2) Shall not consider the following acts as inadvertent, accidental, or unintentional:

(i) Movement of loan collateral off the farm;

(ii) Movement of loan collateral from one storage structure to another on the farm; and (iii) Consumption of loan collateral.

(g) If there is any violation of the loan agreement or this part, the loan may be terminated in which case there must be a full refund of the loan plus interest and costs.

(h) If the county committee determines that the producer has violated this part or the loan agreement, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances that caused the violation, to the county committee, and

(2) Administrative actions will be taken in accordance with paragraphs (d) or (e) of this section.

(i)(1) If a producer:

(i) Makes any fraudulent or misleading representation in obtaining a loan, maintaining, or settling a loan; or

(ii) Disposes or moves the loan collateral without the approval of CCC, such loan shall become payable upon demand by CCC. The producer shall be liable for:

(A) The amount of the loan;

(B) Any additional amounts paid by CCC with respect to the loan;

(C) All other costs that CCC would not have incurred but for the fraudulent representation, the unauthorized disposition or movement of the loan collateral;

(D) Interest on such amounts;

(E) Late payment interest as may be provided for in part 1403 of this title; and

(F) Liquidated damages assessed under paragraph (c) of this section; and

(2) Notwithstanding any provisions of the note and security agreement, if a producer has made any such fraudulent

or misleading representation to CCC or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC in accordance with this section, the value of the settlement for such collateral removed by CCC shall be determined by CCC according to this section.

(j) A producer shall be personally liable for any damages resulting from honey removed by CCC, containing mercurial compounds or other substances poisonous to humans, animals, or food commodities that are contaminated.

(k) If the amount disbursed under a loan or in settlement thereof exceeds the amount authorized under this part, the producer shall be personally liable for repayment of such excess and charges, plus interest, and for any other sanction as may be allowed by law.

(l) If the amount collected from the producer in satisfaction of the loan is less than the amount required in accordance with this part, the producer shall be personally liable for repayment of the amount of such deficiency and charges, plus interest.

(m) In the case of joint loans, the personal liability for the amounts specified in this section shall be joint and several on the part of each producer signing the loan note. Further, each producer who is a party to a joint loan will be jointly and severally liable for any violation of the terms and conditions of the note and security agreement, and the regulations set forth in this part. Each such producer shall also remain liable for repayment of the entire loan amount until the loan is fully repaid without regard to such producer's claimed share in the honey, or loan proceeds, after execution of the note and security agreement by CCC.

(n) Any or all of the liquidated damages assessed in accordance with the provisions of paragraph (c) of this section may be waived as determined by CCC.

(o) Remedies set out in this section are in addition to remedies the CCC will have through its security interest on honey that secures the repayment of the loan made on the honey.

(p) All remedies provided for in this section or part are in addition to any

Commodity Credit Corporation, USDA

§ 1434.20

remedies as may otherwise be provided for in law.

§ 1434.16 Release of the honey pledged as collateral for a loan.

(a)(1) A producer shall not move or dispose of any honey pledged as collateral for a loan until prior written approval for such removal or disposition has been received from the county committee in accordance with this section.

(2) A producer may at any time obtain a release of all or part of the honey remaining as loan collateral by paying to CCC the amount of the loan and any charges that had been made by CCC to the producer with respect to the quantity of the honey released, plus interest.

(3) When the proceeds of a sale of honey are needed to repay all or part of a loan, the producer must request and obtain prior written approval of the county office on a form prescribed by CCC in order to remove a specified quantity of the honey from storage. Any such approval shall be subject to the terms and conditions set forth in the applicable form, copies of which may be obtained by producers at the county office. Any such approval shall not constitute a release of CCC's security interest in the commodity or release the producer from liability for any amounts due and owing to CCC with respect to any loan indebtedness if full payment of such amounts is not received by the county office.

(b) The note and security agreement shall not be released until all loan liability has been satisfied in full.

(c) After satisfaction of a loan, CCC shall release CCC's security interest in the honey at the producer's request. The producer shall be responsible for payment of any fee for such release if such fee can be determined.

§ 1434.17 Liquidation of loans.

(a) The producer is required to repay the loan on or before maturity by payment of the amount of loan, plus any charges, plus interest.

(b) If a producer fails to settle the loan in accordance with paragraph (a) of this section within 30 calendar days from the maturity date of such loan, or other reasonable time period as estab-

lished by CCC, a claim for the loan amount, plus charges, plus interest shall be established. CCC shall inform the producer before the maturity date of the loan of the date by which the loan must be settled or a claim will be established in accordance with part 1403 of this title.

§ 1434.18 Loan repayments.

(a) A honey producer may repay a nonrecourse marketing assistance loan at a rate that is the lesser of:

(1) The principal, plus interest; or

(2) The alternative repayment rate for honey as determined by the Secretary.

(b) To the extent practicable, CCC shall determine and announce the alternative repayment rate, based upon the prevailing domestic market price for honey, on a monthly basis.

[66 FR 15177, Mar. 15, 2001, as amended at 67 FR 64481, Oct. 18, 2002]

§ 1434.19 Settlement.

The value of the settlement of loans shall be made by CCC on the following basis:

(a) With respect to nonrecourse loans, the schedule of premiums and discounts for the commodity:

(1) If the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(2) If the value of the collateral at settlement is greater than the amount due, such excess shall be retained by CCC and CCC shall have no obligation to pay such amount to any party.

(b) With respect to honey that is delivered from other than an approved warehouse, settlement shall be made by CCC on the basis of the basic loan rate that is in effect for the commodity at the producer's customary delivery point, as determined by CCC.

§ 1434.20 Foreclosure.

(a) Upon maturity and nonpayment of the loan, title to the unredeemed honey securing the loan shall vest in CCC.

(b) If the total amount due on a loan or the unpaid amount of the note and charges, plus interest is not satisfied upon maturity, CCC may remove the

§ 1434.21

7 CFR Ch. XIV (1-1-06 Edition)

honey from storage and assign, transfer, and deliver the honey or documents evidencing title thereto at such time, in such manner, and upon such terms as CCC may determine at public or private sale. Any such disposition may also be effected without removing the honey from storage. The honey may be processed before sale and CCC may become the purchaser of the whole or any part of the honey at either a public or private sale.

(1) If the value of the collateral computed at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency and CCC may take any action against the producer to recover the deficiency; or

(2) If the proceeds received from the sale of the honey so computed are greater than the sum of the amount due plus any cost incurred by CCC in conducting the sale of the honey, such excess shall be paid to the producer or, if applicable, to any secured creditor of the producer.

§ 1434.21 Loan deficiency payments.

(a) Loan deficiency payments shall be available for 2002-2007 crop honey.

(b) In order to be eligible to receive loan deficiency payment for a crop of honey, the producer must:

(1) Comply with all of the program requirements to be eligible to obtain loan in accordance with this part;

(2) Agree to forego obtaining such loans;

(3) Submitted a request for a honey Loan deficiency payment on the form as CCC prescribes.

(4) Comply with §§ 1434.7 and 1434.8 or provide evidence of production as determined by CCC for such quantity; and

(5) Otherwise comply with all program requirements.

(c) The loan deficiency payment rate for a crop shall be the amount by which the marketing assistance loan rate exceeds the rate at which CCC has announced that producers may repay their marketing assistance loan in accordance with § 1434.18.

(d) The loan deficiency payment applicable to a crop of honey shall be computed by multiplying the loan defi-

ciency payment rate, as determined in accordance with paragraph (e) of this section, by the quantity of honey the producer is eligible to pledge as collateral for a price support loan for which a loan deficiency payment is required.

(e) Notwithstanding any provisions in this section, loan deficiency payments may be based on 100 percent of the net quantity specified on acceptable evidence of disposition of the honey certified as eligible for a loan deficiency payment if CCC determines that such quantity represented the quantity for the number of containers of honey initially certified for the loan deficiency payment when the payment was made.

(f) When applying for an individual loan deficiency payment, each producer agrees:

(1) The producer will provide correct, accurate, and truthful certifications and representations of the loan quantity and all other matters of fact and interest when submitting a request for a honey loan deficiency payment; and

(2) That violation of the terms and conditions of this part will cause harm or damage to CCC in that funds may be disbursed to the producer for a LDP quantity that is not actually in existence or for a quantity for which the producer is not eligible.

(g) For the purposes of this section, violations include any failure to comply with this part or the loan agreement, including but not limited to any incorrect certification.

§ 1434.22 Handling payments and collections not exceeding \$9.99.

In order to avoid administrative costs of making small payments and handling small accounts, amounts of \$9.99 or less that are due the producer will be paid only upon the producer's request. Deficiencies of \$9.99 or less, including interest, may be disregarded unless demand for payment is made by CCC.

Ability to market means, for purposes of determining the State cane sugar allotments and sugarcane processor allocations for Hawaii and Puerto Rico, the estimated quantity of sugar, raw value, as CCC determines, that will be produced in the cane State or by the sugarcane processor, as appropriate, during the applicable crop year; for determining the remaining State cane sugar allotments, the highest single year of sugar production for the State during the 1999 through 2003 crop years; for determining the sugarcane processor allocations for mainland cane States other than Louisiana, the highest single year of sugar production for the processor during the 1999 through 2003 crop years; and, for determining the sugarcane processor allocations for Louisiana, the simple average of two amounts for each processor, including:

- (1) The production of sugar for the processor, stated in short tons, raw value, during Crop Year 2003, as determined by CCC; and
- (2) The simple average of 3 years of the processor's production of sugar, stated in short tons, raw value, from among the 1999 through 2003 crop years, excluding the year in which the production was the highest and the year in which the production was the lowest. With respect to the 2003 crop year, each processor's production shall be the same as determined under paragraph (1).

Beet sugar means sugar that is processed directly or indirectly from sugar beets or sugar beet molasses.

Beet sugar allotment means that portion of the overall allotment quantity allocated to sugar beet processors.

Cane sugar means sugar derived directly or indirectly from sugarcane produced in the United States, including sugar produced from sugarcane molasses.

Cane sugar allotment means that portion of the overall allotment quantity allocated to sugarcane processors.

Cane sugar refiner means a person who processes raw sugar into refined crystalline sugar or liquid sugar.

Carry-in stocks means inventories of sugar owned by sugar beet processors, sugarcane processors, cane sugar refiners, and CCC and physically located in the United States at the beginning of the fiscal year.

Crop year means the period from October 1 through September 30, inclusive, and is identified by the year in which the crop year begins. For example, the 2002 crop year begins on October 1, 2002. The 2002 crop of sugar beets or sugar cane means domestically grown sugar beets or sugar cane processed during the 2002 crop year. The 2002 crop of sugar means sugar processed from domestically-grown sugar beets or sugarcane during the 2002 crop year. Sugar from de-sugaring molasses is considered to be from the crop year the de-sugaring occurred.

Deputy Administrator means the Deputy Administrator, Farm Programs, FSA, or designee.

Deficit means the quantity of sugar covered by an allocation of an allotment that CCC estimates a sugar beet processor or sugarcane processor will be unable to market during the crop year in which marketing allotments are in effect.

Edible molasses means molasses that is not to be further refined or improved in quality and that is to be distributed for human consumption, either directly or in molasses-containing products.

Edible syrups means syrups that are not to be further refined or improved in quality and that are to be distributed for human consumption, either directly or in syrup-containing products.

Executive Vice President, CCC, means the Executive Vice President, CCC, or designee.

Farm means that entity as defined in §718 of this title, except that when a State is subject to proportionate shares, producers will not be allowed to have farms reconstituted across State lines even if the farm land is adjoining.

Fiscal year means that year beginning October 1 and ending the following September 30.

FSA means Farm Service Agency.

Imports means sugar originating in foreign countries or areas and entered,

or to be entered, into the United States customs territory.

In-process sugar means the intermediate sugar containing products, as CCC determines, produced in the processing of domestic sugar beets and sugarcane. It does not include raw sugar, liquid sugar, invert sugar, invert syrup, or other finished products that are otherwise eligible for a loan.

Market or marketing means the transfer of title associated with the sale or other disposition of sugar in United States commerce, including the forfeiture of sugar loan collateral under Subpart B, and for any integrated processor and refiner, the movement of raw cane sugar into the refining process.

Nonrecourse loan means a loan for which eligible sugar offered as loan collateral may be forfeited to CCC, at loan maturity, in satisfaction of loan indebtedness.

Overall allotment quantity means, on a national basis, the total quantity of sugar, raw value, processed from domestically produced sugarcane or domestically produced sugar from sugar beets, and the raw value equivalent of sugar in sugar products, that is permitted to be marketed by processors, during a crop year or other period in which marketing allotments are in effect.

Past marketings means, for purposes of determining State cane sugar allotments and sugarcane processor allocations for States other than Louisiana, the average of the 2 highest years of sugar production during the 1996 through 2000 crop years; for Louisiana sugarcane processor allocations, the average of the 2 highest years of sugar production during the 1997 through 2001 crop years.

Past processing means, for determining Hawaii and Puerto Rico's allotments, the 3-year average of the 1998 through 2000 crop years; and for determining the remaining cane State allotments, the 3 crop years with the greatest production (in the States collectively) during the 1991 through 2000 crop years. Past processing, for determining the sugarcane processor allocation for States other than Louisiana, means the average of the 3 highest years of production during the 1996 through 2000 crop years; and, for deter-

mining sugarcane processor allocations in Louisiana, the average of the 2 highest years of sugar production during the 1997 through 2001 crop years.

Per-acre yield goal means a State's yield level that is established at not less than the State's two highest average per-acre yield years from among the 1999 through 2001 crop years as CCC determines to ensure an adequate net return per pound to State producers.

Proportionate share means the total acreage from which a producer may harvest sugarcane for sugar or seed during any crop year or other period in which marketing allotments are in effect.

Raw sugar means any sugar that is to be further refined or improved in quality other than in-process sugar.

Raw value of any quantity of sugar means its equivalent in terms of raw sugar testing 96 sugar degrees, as determined by a polarimetric test performed under procedures recognized by the International Commission for Uniform Methods of Sugar Analysis (ICUMSA). Direct-consumption sugar derived from sugar beets and testing 92 or more sugar degrees by the polariscope shall be translated into terms of raw value by multiplying the actual number of pounds of such sugar by 1.07. Sugar derived from sugarcane and testing 92 sugar degrees or more by the polariscope shall be translated into terms of raw value in the following manner: raw value = $\{[(\text{actual degree of polarization} - 92) \times 0.0175] + 0.93\} \times \text{actual weight}$. For sugar testing less than 92 sugar degrees by the polariscope, derive raw value by dividing the number of pounds of the "total sugar content" (i.e., the sum of the sucrose and invert sugars) thereof by 0.972.

Reasonable carryover stocks means desirable inventories of sugar owned by sugar beet processors, sugarcane processors, cane sugar refiners, and CCC and on hand in the United States at the end of the fiscal year, as CCC determines.

State means any of the 50 States, the District of Columbia, or the Commonwealth of Puerto Rico.

Sugar means any grade or type of saccharine product derived, directly or indirectly, from sugarcane, sugar beets,

§ 1435.3

sugarcane molasses or sugar beet molasses and consisting of, or containing, sucrose or invert sugar, including raw sugar, refined crystalline sugar, edible molasses, edible cane syrup, liquid sugar, and in-process sugar.

Sugar beet processor means a person who commercially produces sugar, directly or indirectly, from sugar beets (including sugar produced from sugar beet molasses), has a viable processing facility, and a supply of sugar beets for the applicable allotment year.

Sugar products means products for human consumption, other than sugar, that contain 50 percent or more of sucrose, on a dry weight basis, and that are marketed by a sugar beet processor or sugarcane processor. In determining sugar subject to marketing allocations, only the sugar content of such products will be counted against the allocation.

Sugarcane processor means a person who commercially produces sugar, directly or indirectly, from sugarcane, has a viable processing facility, and a supply of sugarcane for the applicable allotment year.

Ton means a short ton or 2,000 pounds.

United States means the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

U.S. market value means, for sugarcane, the daily New York Board of Trade No. 14 contract price for raw sugar, or other price, as determined by CCC; for sugar beets, the Midwest refined beet sugar price published in Milling and Baking News, or other price, as determined by CCC.

(a) CCC, as well as any other U.S. Government agency, has the right of access to the premises of any sugar beet processor, sugarcane processor, cane sugar refiner, importer of sugars, syrups, and molasses, or of any other person having custody of records that the examining agency deems necessary to verify compliance with this part's requirements. The examining agency

7 CFR Ch. XIV (1-1-06 Edition)

has the right to inspect, examine, and make copies of such books, records, accounts, and other written or electronic data as the examining agency deems relevant.

(b) Each sugar beet processor, sugarcane processor, importer of sugars, syrups and molasses, and cane sugar refiner or any person having custody of the records shall retain such books, records, accounts, and other written or electronic data for not less than 3 years from the date:

(1) A loan is disbursed under subpart B;

(2) Market data are reported to CCC under subpart C of this part; and

(3) Marketings are conducted under marketing allotments under subpart D of this part.

(a) This program shall be administered under the general supervision of the Executive Vice President, CCC, and may be carried out in the field by FSA State and county committees.

(b) State and county committees, and representatives and employees thereof, may not modify or waive any of the provisions of part 1435.

(c) The State committee shall take any action required by this part that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct, a county committee action not under this part; or

(2) Require a county committee to withhold taking any action not under this part.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC, from determining any question arising under the program or from reversing or modifying any State or county committee determination.

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such requirements do not adversely affect program operation.

(f) A CCC representative may execute loans and related documents only

under the terms and conditions CCC determines and announces. Any such document not executed under such terms and conditions, including any purported execution before the CCC-authorized date, shall be null and void.

§ 1435.5 Other regulations

Subpart B—Loan Program

§ 1435.100 Applicability.

(a) The regulations of this subpart set forth the terms and conditions under which CCC will make non-recourse loans available to eligible processors. Additional terms and conditions are set forth in the loan application and note and security agreement that a processor must execute to receive a loan.

(b) Loan rates used in administering the loan program are available in FSA State and county offices.

(c) Loans shall not be available for sugar produced from imported sugar beets, sugarcane, molasses, syrups and in-process sugar.

§ 1435.101 Loan rates.

(a) The national average loan rate for raw cane sugar produced from domestically-grown sugarcane is 18 cents per pound.

(b) The national average loan rate for refined beet sugar from domestically-grown sugar beets is 22.90 cents per pound.

(c) Loan rates for eligible sugar are adjusted to reflect the processing location of the sugar offered as loan collateral.

(d) Loan rates for eligible in-process sugar shall equal 80 percent of the loan rate applicable to raw cane sugar or beet sugar on the basis of the expected

production of raw sugar or beet sugar from the in-process sugar or syrups.

§ 1435.102 Eligibility requirements.

(a) An eligible producer is the owner of a portion or all of the domestically-grown sugar beets or sugarcane, including share rent landowners, at both the time of harvest and the time of delivery to the processor, except those producers determined to be ineligible as a result of the regulations governing highly erodible land and wetland conservation found at 7 CFR part 12, regulations governing crop insurance at 7 CFR part 400, or regulations governing controlled substance violations at 7 CFR part 718.

(b) In addition to all other provisions of this part, a sugar beet or sugarcane processor is eligible for loans only if the processor has agreed to all the terms and conditions in the loan application, and has executed a note and security agreement, and storage agreement with CCC. No loan proceeds will be distributed by CCC before CCC's approval of the note and security agreement and the CCC storage agreement.

(c) Sugar pledged as collateral during the crop year:

(1) May not exceed the quantity derived from processing domestically-grown sugar beets or sugarcane from eligible producers during the applicable crop year;

(2) Must be processed and owned by the eligible processor and stored in a CCC-approved warehouse;

(3) May not have been processed from imported sugarcane, sugar beets, or molasses;

(4) Must have been processed in the United States; and

(5) Must have processor certification in the loan application that the sugar or in-process sugar syrups are eligible and available to be pledged as collateral.

(d) Sugar and in-process sugar must meet the following minimum quality requirements to be eligible to be pledged as loan collateral:

(1) Refined beet sugar to be pledged as loan collateral must be:

(i) Dry and free flowing;

(ii) Free of excessive sediment; and

(iii) Free of any objectionable color, flavor, odor, or other characteristic

§ 1435.103

7 CFR Ch. XIV (1-1-06 Edition)

that would impair its merchantability or that would impair or prevent its use for normal commercial purposes.

(2) Raw cane sugar to be pledged as loan collateral must be:

- (i) Of reasonable grain size; and
- (ii) Free of objectionable color, flavor, odor, moisture or other characteristic that would impair its merchantability or that would impair or prevent its use for normal refining and commercial purposes.

(3) Edible sugarcane syrup or edible molasses must be free from any objectionable color, flavor, odor, or other characteristic that would impair the merchantability of such syrup or molasses or would impair or prevent the use of such syrup or molasses for normal commercial purposes.

(4) In-process sugar must be of at least the minimum quality expected to commercially yield raw cane sugar or refined beet sugar, as determined by CCC.

(e) The loan collateral must be stored in a CCC-approved warehouse as described in 7 CFR part 1423.

§ 1435.103 Availability, disbursement, and maturity of loans.

(a) Before obtaining a loan, a processor must:

(1) File a loan application, as CCC prescribes, no earlier than October 1 and no later than September 30 of the applicable crop year, with the State committee of the State where such processor is headquartered, or with a county committee designated by the State committee.

(2) Execute a note and security agreement, and storage agreement with CCC;

(3) Provide quantity and quality information as prescribed by CCC of the commodity to be pledged as collateral;

(4) Pay CCC a loan service fee, as determined by CCC, for the disbursement of each loan.

(5) If there are any liens or encumbrances on sugar or in-process sugar pledged as loan collateral, obtain waivers that fully protect CCC's interest even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the sugar after loan approval; and

(6) Agree to reimburse CCC for any costs incurred as a result of the failure of the processor to obtain the waivers specified in subparagraph (5).

(b) No loan proceeds may be disbursed until the sugar and in-process sugar have actually been produced and are otherwise established as being eligible to be pledged as loan collateral.

(c)(1) A processor may, within the loan availability period, repledge as collateral sugar that previously served as loan collateral for a repaid loan. In making application for such a loan, the processor shall:

(i) Specify that the loan collateral should be treated as a quantity of eligible sugar that previously served as loan collateral for a repaid loan; and

(ii) Designate the loan to which the reoffered loan collateral was originally pledged.

(2) The subsequent loan shall have the same maturity date as the original loan.

(3) Loan collateral repledged that was previously redeemed from CCC is not included in determining the total quantity of sugar on which loans have been obtained for purposes of § 1435.102.

(d) Raw cane sugar loan disbursements shall be made without regard to the actual polarity or quality factors of the sugar pledged as loan collateral but shall be made on the assumption that the polarity of such sugar is 96 degrees by the polariscope.

(e)(1) Loans will mature at the earlier of:

(i) the end of the 9-month period beginning on the 1st day of the first month after the month in which the loan is made; or

(ii) September 30 following disbursement of the loan.

(2) CCC may accelerate loan maturity dates under § 1435.105(h).

(f) Processors receiving loans in July, August, or September may repledge the sugar as collateral for a supplemental loan. Such supplemental loan shall:

(1) Be requested by the processor during the following October;

(2) Be made at the loan rate in effect at the time the supplemental loan is made; and

(3) Mature in 9 months minus the number of whole months that the initial loan was in effect.

§ 1435.104 Loan maintenance.

(a) All processors receiving loans shall:

(1) Abide by the terms and conditions of the loan application, note and security agreement and storage agreement;

(2) Pay interest on the principal at a rate determined in part 1405 of this chapter.

(b) The security interests CCC obtains as a result of the execution of security agreements by sugarcane and sugar beet processors shall be superior to all statutory and common law liens on raw cane sugar, refined beet sugar, and in-process sugar for the producers of sugarcane and sugar beets and all prior recorded and unrecorded liens on the crops of sugarcane and sugar beets from which the sugar was derived.

(c) A processor receiving a loan under this part shall pay all eligible producers who have delivered or will deliver sugar beets or sugarcane to such processors for processing not less than the minimum payment levels CCC specifies for the applicable crop year.

(1) In the case of sugar beets, the minimum payment shall not exceed the rate of payment provided for under the applicable contract between a sugar beet producer and a sugar beet processor.

(2) CCC will not reject a loan application from a beet sugar processor from eligibility to obtain a loan under this section solely because of the failure of the processor to provide the appropriate minimum payment established under this subsection if the failure:

(i) Occurred during a crop year before the date of enactment of the Farm Security and Rural Investment Act of 2002; and

(ii) Was related, at least in part, to the effects of a natural disaster, including freeze damage.

(3) In the case of sugarcane, CCC will annually determine and announce the annual grower minimum payment.

(4) Processors are ineligible for loans for the crop year following their failure to meet the required minimum grower payment.

(d)(1) A processor shall maintain eligible sugar or in-process sugar of sufficient quality and quantity as collateral to satisfy the processor's loan indebtedness to CCC. CCC shall not assume

any loss in quantity or quality of the loan collateral.

(2) The processor is responsible for storage costs through the loan maturity date or title transfer to CCC, whichever occurs later.

(3) Sugar and in-process sugar pledged as loan collateral need not be stored identity preserved.

(4) When the proceeds of the sale of loan collateral are needed to repay all or part of a sugar loan, the processor may request and obtain prior written approval from the loan making office by executing a loan collateral release request, as prescribed by CCC, to remove a specified quantity of the loan collateral from storage for the purpose of delivering it to a buyer before loan repayment. Any such approval shall be subject to the terms and conditions set forth in the applicable form. The loan making office shall not approve such a request unless the buyer of the sugar agrees to pay CCC an amount necessary to satisfy the processor's loan indebtedness regarding collateral being sold. Any such approval shall not:

(i) Constitute a release of CCC's security interest in the loan collateral; or

(ii) Relieve the processor of liability for the full amount of the loan indebtedness, including interest.

§ 1435.105 Loan settlement and foreclosure.

(a) A processor may, any time before loan maturity, redeem all or any part of the loan collateral by paying CCC the applicable principal and interest.

(b) Forfeiture of sugar loan collateral will be accepted as payment in full of the principal and interest due under a nonrecourse loan, applicable to the quality and quantity of sugar delivered, subject to applicable premiums and discounts.

(c)(1) Forfeiture of in-process sugar serving as loan collateral will be accepted as payment in full of principal and interest if the processor converts the in-process sugar into raw cane sugar or refined beet sugar of acceptable grade and quality for sugar eligible for loans within 1 month of loan maturity.

§ 1435.106

7 CFR Ch. XIV (1-1-06 Edition)

(2) The in-process sugar must be fully processed into raw cane sugar or refined beet sugar, the processor shall transfer the sugar to CCC.

(3) On transfer of the sugar, CCC shall make a payment to the processor in an amount equal to the amount obtained by multiplying the difference between the loan rate for raw cane sugar or refined beet sugar, as appropriate, and the in-process loan rate the processor received by the quantity of sugar transferred to CCC. The loan agreement shall specify the quantity of sugar that can be forfeited to CCC.

(d) If the processor does not forfeit the collateral, but instead further processes the in-process sugar into raw cane sugar or refined beet sugar and repays the loan on the in-process sugar;

(1) the processor may obtain a loan for the raw cane sugar or refined beet sugar, as appropriate, and

(2) the term of a loan made under this subsection for a quantity of in-process sugar, when combined with the term of a loan made for the raw cane sugar or refined beet sugar derived from the in-process sugar, may not exceed 9 months.

(e) CCC shall not accept delivery of sugar in settlement of a nonrecourse loan in excess of the quantity of sugar that is shown on the note and security agreement minus any quantity that was redeemed or released for removal under this section.

(f) If the processor does not redeem any of the nonrecourse loan collateral, title to the unredeemed nonrecourse loan collateral as described in the note and security agreement will, without further CCC or processor action transfer to CCC in-store at the CCC-approved warehouse at 12 a.m. the day following the maturity date of the loan. Title, all rights, and interest to such sugar shall immediately vest in CCC.

(g) The value of the settlement of loans shall be made by CCC according to the CCC schedule of premiums and discounts.

(h) CCC may, at any time, accelerate the date for loan repayment including interest. CCC will give the processor notice of such acceleration at least 15 days in advance of the accelerated loan maturity date.

(i) If a processor's nonrecourse loan indebtedness is not satisfied under the provisions of this section or if forfeited in-process sugar is not converted to raw or refined sugar within the prescribed time:

(1) Interest on the processor's indebtedness shall accrue as specified in part 1403 of this title and shall accrue until the debt is paid;

(2) CCC may, upon notice, with or without removing the collateral from storage, sell such collateral at either a public or private sale;

(3) The processor shall be liable for the deficiency if the net proceeds are less than the amount of principal, interest, and any other charges CCC incurs; and

(4) If the processor forfeits the in-process sugar loan collateral but does not transfer raw or refined sugar of suitable quality to CCC within 1 month, CCC will charge liquidated damages, as provided in the loan agreement.

§ 1435.106 Miscellaneous provisions.

(a) The regulations governing setoffs and withholding set forth at parts 3 and 1403 of this title are applicable to the program set forth in this subpart.

(b) A producer or processor may obtain reconsideration and review of determinations made under this subpart under the regulations at parts 11 and 780 of this title.

(c) Any false certification, including those made for the purpose of enabling a processor to obtain a loan to which it is not entitled, will subject the person making such certification to liability under applicable Federal civil and criminal statutes.

Subpart C—Information Reporting and Recordkeeping Requirements

§ 1435.200 Information reporting.

(a) Every sugar beet processor, sugar-cane processor, cane sugar refiner, and importer of sugar, syrup, and molasses shall report, on a monthly basis on CCC required forms, its imports and receipts, processing inputs, production, distribution, stocks, and other information necessary to administer sugar programs.

(b) Any processor must, upon CCC's request, provide such information as CCC deems appropriate for determining regional loan rates.

(c) Any processor must, upon CCC's request, provide such information as CCC deems appropriate for determining whether processors of sugarcane or sugar beets will be able to market their respective sugar allocations.

(d) Each sugarcane producer located in Louisiana shall report, in the manner CCC prescribes, sugarcane yields and sugarcane planted acres.

(e) Importers of sugars, syrups, or molasses to be used for domestic human consumption or to be used for the extraction of sugar for domestic human consumption shall report, in the manner CCC prescribes, the quantities of the products imported and the sugar content or equivalent of the products. This requirement shall not apply to sugars, syrups, or molasses within the quantities of tariff-rate quotas subject to the lower rate of duties.

(f) Based on the information received under this subsection, the Secretary shall publish on a monthly basis composite data on sugar production, imports, distribution, and stock levels.

(g) The sugar information reporting and recordkeeping requirements of this subpart are administered under the general supervision of the Executive Vice President, CCC.

§ 1435.201 Civil penalties.

(a) Any processor, refiner, or importer of sugar, syrup, and molasses who willfully fails or refuses to furnish the information, or who willfully furnishes false data required under § 1435.200, is subject to a civil penalty of no more than \$10,000 for each such violation.

(b) The Controller, CCC, shall assess civil penalties and interest.

(c) Affected processors, refiners, and importers of sugar, syrup, and molasses may request reconsideration of civil penalties by filing a request, within 30 days of receipt of certified written notification from the Controller, CCC, of such assessment of civil penalties, with the Executive Vice President, CCC, Stop 0501, 1400 Independence Ave. SW., Washington, DC 20250-0501.

(d) After reconsideration, affected processors, refiners, or importers of sugar, syrup, and molasses may appeal civil penalties by filing a notice of appeal, within 30 calendar days of receipt of certified written notification from the Executive Vice President, CCC, of an affirmation of the assessment of civil penalties, with the National Appeals Division under part 780 of this title.

Subpart D—Flexible Marketing Allotments For Sugar

§ 1435.300 Applicability.

(a) This subpart applies to the establishment and allocation of marketing allotments for:

(1) Processor marketings of sugar domestically processed from sugar beets,

(2) Processor marketings of sugar processed from domestically produced sugarcane,

(3) Distribution of a processor's allocation to producers in proportionate share States, and

(4) Harvesting sugarcane by producers subject to proportionate shares.

(b) This subpart does not apply to:

(1) Marketing sugar for nondomestic or nonhuman consumption,

(2) Marketing imported raw or refined sugar,

(3) Exportation of sugar from the United States customs territory.

(c) This subpart applies throughout the United States and Puerto Rico.

§ 1435.301 Annual estimates and quarterly re-estimates.

(a) Not later than August 1 before the beginning of the crop year, CCC will estimate, and make re-estimates as necessary but not later than the beginning of each quarter of such crop year, the:

(1) Quantity of sugar that will be consumed in the United States (other than sugar imported for the production of polyhydric alcohol or to be refined and re-exported in refined form or in sugar-containing products);

(2) Quantity of sugar that will provide for reasonable carryover stocks;

(3) Quantity of sugar that will be available for consumption from carry-in stocks;

§ 1435.302

(4) Quantity of sugar that will be available for consumption from domestic processing of sugarcane and sugar beets; and

(5) Quantity of sugars, syrups, and molasses that will be imported for human consumption or for the extraction of sugar for human consumption in the United States and Puerto Rico (other than sugar imported for the production of polyhydric alcohol or to be refined and re-exported in refined form or in sugar-containing products), whether such articles are included in a tariff-rate quota or not.

(b) Calculation of all allotments, allocations, estimates, and re-estimates in this subpart will use available USDA statistics and estimates of production, consumption, and stocks, taking into account, where appropriate, data supplied in reports submitted pursuant to the reporting requirements set forth in § 1435.200.

§ 1435.302 Establishment and suspension of allotments.

(a) By the beginning of the crop year, CCC will establish the overall allotment quantity, beet sugar and cane sugar allotments, State cane sugar allotments, and allocations for processors marketing sugar domestically processed from sugar beets and domestically produced sugarcane at a level estimated to result in no sugar loan collateral forfeitures to CCC.

(b) Marketing allotments will be suspended whenever CCC determines that imports of sugars, syrups, and molasses for domestic human consumption or to be used for the extraction of sugar for domestic human consumption, whether under a tariff-rate quota or not, will exceed 1,532,000 short tons, raw value, excluding any imports attributable to a reassignment of allotments, and that the imports would lead to a reduction in the overall allotment quantity. The suspension of marketing allotments will be lifted if CCC subsequently determines that imports are estimated to be no higher than 1,532,000 short tons, raw value.

(c) Each determination under this section to establish or suspend marketing allotments will be published in the FEDERAL REGISTER and accom-

7 CFR Ch. XIV (1-1-06 Edition)

panied by a statement of the reasons for the determination.

§ 1435.303 Overall allotment quantity.

The overall allotment quantity for the crop year will be calculated by deducting from the sum of estimated sugar consumption and reasonable carryover stocks:

- (a) 1,532,000 short tons, raw value; and
- (b) Carry-in stocks.

§ 1435.304 Adjustment of the overall allotment quantity.

(a) The overall allotment quantity will be adjusted, as CCC determines appropriate,

(1) To avoid forfeiture of sugar loan collateral to CCC, and

(2) To reflect changes in estimated consumption, stocks, production, or imports based on re-estimates under § 1435.301.

(b) Each determination to adjust the overall allotment quantity will be published in the FEDERAL REGISTER and accompanied by a statement of the reasons for the determination.

(c) The beet sugar allotment, cane sugar allotment, State cane sugar allotments, proportionate shares, and allocations to each sugar beet processor and sugarcane processor will be increased or decreased, as appropriate, to reflect an overall allotment quantity adjustment.

(d) If the overall allotment quantity is reduced under paragraph (a) of this section and the quantity of sugar and sugar products any individual processor marketed by the time of the reduction exceeds the processor's reduced allocation, the quantity of excess sugar or sugar products marketed will be deducted from the processor's allocation under an allotment next established.

§ 1435.305 Beet and cane sugar allotments.

(a) The allotment for beet sugar will be 54.35 percent of the overall allotment quantity.

(b) The allotment for cane sugar will be 45.65 percent of the overall allotment quantity.

(c) A sugar beet processor allocated a share of the beet sugar allotment may use only beet sugar to fill such allocation. A sugarcane processor allocated a

share of the cane sugar allotment may use only cane sugar to fill such allocation.

§ 1435.306 State cane sugar allotments.

(a) Hawaii and Puerto Rico will be allotted a total of 325,000 short tons, raw value, of the cane sugar allotment.

(b) A new entrant cane State will receive an allotment to accommodate a new processor's allocation under 1435.308(f).

(c) Subject to paragraphs (a) and (b) of this section, the remaining cane States will be allotted, in aggregate, the remaining cane sugar allotment.

(d) The individual cane State allotments, other than a new entrant cane State, will be based on:

(1) Past marketings of cane sugar,

(2) Past processing of cane sugar, and

(3) The ability to market the sugar covered under the allotment assigned to the State.

(e) Past marketings and past processings will each be weighted by 0.25 and the ability to market will be weighted by 0.50 in determining the States' respective cane sugar allotments. The weights may be adjusted, as CCC deems appropriate, for the crop year.

(f) Except when deficits are re-assigned as provided in §1435.309, a processor may fill an allocation of a cane sugar allotment only with sugar processed from sugarcane grown in the State for which the allotment was established.

§ 1435.307 Allocation of marketing allotments to processors.

(a) Each sugar beet processor's allocation of the beet allotment will be calculated as the beet processor's share times the beet sector allotment:

(1) A beet processor's share is calculated as the beet processor's adjusted weighted average sugar production divided by the sum of all beet processors' adjusted weighted average sugar production.

(2) A beet processor's weighted average sugar production equals 0.25 times its 1998-crop sugar production plus 0.35 times its 1999-crop sugar production plus 0.40 times its 2000-crop sugar production, with the 2000 sugar PIK pay-

ments added to its 2000-crop sugar production.

(3) A beet processor's weighted average sugar production shall be adjusted by the following, as CCC determines:

(i) Increased 1.25 percent of the sum of all beet processors' weighted average sugar production for opening a sugar beet processing factory during the 1996 through 2000 crop years;

(ii) Decreased 1.25 percent of the sum of beet processors' weighted average sugar production for closing a sugar beet processing factory during the 1998 through 2000 crop years;

(iii) Increased 0.25 percent of the sum of all beet processors' weighted average sugar production for opening a molasses desugarization facility during the 1998 through 2000 crop years; and

(iv) Increased 1.25 percent of the sum of all beet processors' weighted average sugar production for suffering a substantial quality loss on stored beets, as CCC determines, during the 1998 through 2000 crop years.

(b) Each sugarcane processors' allocation from a State cane sugar allotment will be calculated as the cane processor's share times the State cane sector allotment.

(1) Each cane processor's share, other than a new entrant, will be calculated as the processor's production base divided by the sum of the State's processor production bases.

(2) A processor's production base, other than a new entrants, is the sum of 0.50 times its ability to market plus 0.25 times its past processings plus 0.25 times its past marketings. These weights may be adjusted as CCC deems appropriate for the crop year.

(3) CCC will calculate an allocation for the Talisman processing facility, based on paragraph (b)(2) of this section and distribute the allocation among Florida processors according to the agreements between cane processors and the Secretary of the Interior dated March 25, and March 26, 1999.

(c) An informal hearing will be held in August of each year, if requested by affected sugarcane processors and growers by July 15th, to afford all interested persons the opportunity to comment on the next crop year's marketing allotments and allocations.

§ 1435.308

7 CFR Ch. XIV (1-1-06 Edition)

After consideration of comments obtained at the hearing, a final determination on cane State allotments and processor allocations will be announced.

(d) During any crop year in which marketing allotments are in effect and allocated to processors, the quantity of sugar and sugar products that a processor markets shall not exceed the quantity of the processor's allocation.

(e) Paragraph (d) of this section shall not apply to:

(1) Any sugar marketings to facilitate the export of sugar or sugar-containing products;

(2) Any sugar marketings for nonhuman consumption; and

(3) Any processor marketings of sugar to another processor made to enable the purchasing processor to fulfill its allocation if such sales:

(i) Are made before May 1, and

(ii) Reported to CCC within 51 days of the date of sale.

(f) Paragraph (d) of this section also shall not apply to marketings of purchased sugar marketed in the crop year of the purchase, but does apply to marketings of sugar purchased as part of a transaction pursuant to paragraph (e)(3) of this section.

(g) CCC may charge liquidated damages, as specified in a surplus allocation survey and agreement, on surplus allocation after the end of a crop year if the processor had surplus allocation because the processor provided incomplete or erroneous information to CCC.

[67 FR 54926, Aug. 26, 2002, as amended at 69 FR 39813, July 1, 2004]

§ 1435.308 Transfer of allocation, new entrants.

(a) If a sugar beet or sugarcane processing facility is closed and the growers that delivered their crops to the closed facility elect to deliver their crops to another processor, the growers may petition the Executive Vice President, CCC, to transfer the share of allocation commensurate with the growers' production history from the processor that closed the facility to their new processor. CCC may grant the request to transfer the allocation upon:

(1) Written approval of the processing company that will accept the additional deliveries, and

(2) Evidence satisfactory to CCC that the new processor has the capacity to accommodate the production of petitioning growers.

(b) Subject to a transfer of allocation, if any, described in paragraph (a) of this section being completed, CCC will permanently eliminate the processor's remaining allocation and distribute it to all other processors on a pro-rata basis when the processor:

(1) Has been dissolved,

(2) Has been liquidated in a bankruptcy proceeding, or

(3) Has permanently terminated operations by:

(i) Not processing sugarcane or sugar beets for 2 consecutive years, or

(ii) Notifying CCC that the processor has permanently terminated operations.

(c) If a purchaser purchasing the assets of another processor is a new entrant or is a processor purchasing all the assets of the selling processor, then CCC shall immediately transfer allocation commensurate with the purchased factories' production history.

(d) If a processor does not purchase all of the assets of another processor, then the purchased factories must operate for the remainder of the initial season and the following crop year for the purchasing processor to permanently obtain the allocation. If the purchased factories do not operate for this required time period, CCC shall reassign the allocation to the other processors on a pro rata basis.

(e) Allocations, equal to the number of acres of proportionate shares being transferred times the State's per-acre yield goal, will be transferred between mills in proportionate share States, if the transfers are based on:

(1) Written consent of the crop-share owners, or their representatives,

(2) Written consent of the processing company holding the allocation for the subject proportionate shares,

(3) Written consent of the processing company that will accept the additional sugarcane deliveries, and

(4) Evidence, satisfactory to CCC, that the additional sugarcane deliveries will not exceed the processing capacity of the receiving company.

(f) New entrants, not acquiring existing facilities with production history

in the base period, may apply to the Executive Vice President, CCC, for an allocation.

(1) Applicants must demonstrate their ability to process, produce, and market sugar for the applicable crop year.

(2) CCC will consider adverse effects of the allocation upon existing processors and producers.

(3) New entrant cane processors are limited to 50,000 short tons, raw value, the first crop year.

(4) New entrant cane processors will be provided, as determined by CCC:

(i) A share of their State's cane allotment if the processor is located in Hawaii, Puerto Rico, Florida, Louisiana, or Texas, or

(ii) A share of the overall cane allotment if the processor is located in any state not listed in paragraph (f)(4)(i) of this section.

(5) CCC will conduct a hearing on a new entrant application if an interested processor or grower requests a hearing.

(6) If a new entrant acquires and reopens a factory that previously produced beet sugar from sugar beets and sugar beet molasses, but the factory last operated during the 1997 crop year, CCC will:

(i) Assign an allocation to the new entrant not less than the greater of 1.67 percent of the adjusted weighted average quantities of beet sugar produced by all processors during the 1998 through 2000 crop years, as determined under §1435.307, or 1,500,000 hundred-weight.

(ii) Reduce all other beet processor allocations on a pro rata basis.

[69 FR 39813, July 1, 2004, as amended at 69 FR 48765, Aug. 11, 2004]

§ 1435.309 Reassignment of deficits.

(a) CCC will determine, from time to time, whether sugar beet or sugarcane processors will be unable to market their allocations.

(b) Sugar beet and sugar cane processors will report to CCC current inventories, estimated production, expected marketings, and any other pertinent factors CCC deems appropriate to determine a processor's ability to market their allocation.

(c) If CCC determines a sugarcane processor will be unable to market its full allocation for the crop year in which an allotment is in effect, the deficit will be reassigned as follows:

(1) First, to allocations of other sugarcane processors within that State based on each processor's initial allocation share of the State's allotment, but no processor may receive reassigned allocation such that its allocation exceeds its estimated total sugar supply.

(2) If the deficit cannot be eliminated after reassignment within the same State, be reassigned to the other cane States based on each State's initial share of the cane sugar allotment, but no State may receive reassigned State allotment such that its allocation exceeds its estimated total sugar supply, with the reassigned quantity to each State being allocated according to paragraph (c)(1) of this section.

(3) If the deficit cannot be eliminated by paragraphs (c)(1) and (c)(2) of this section, be reassigned to CCC. CCC shall sell such quantity from inventory unless CCC determines such sales would have a significant effect on the sugar price.

(4) If any portion of the deficit remains after paragraphs (c)(1), (c)(2), and (c)(3) of this section have been implemented, be reassigned to imports.

(d) The initial estimate of the sugarcane deficit will be reassigned by June 1. CCC will conduct later reassignments if CCC determines, after June 1, that a sugarcane processor will be unable to market its full allocation.

(e) If CCC determines that a sugar beet processor is unable to market its full allocation for the crop year in which an allotment is in effect, the deficit will:

(1) First, be reassigned proportionately to allocations of other sugar beet processors, depending on the capacity of other processors to fill the portion of the deficit to be reassigned to them, accounting for the interests of associated producers.

(2) If the deficit cannot be eliminated by paragraph (e)(1) of this section, be reassigned to CCC. CCC shall sell such quantity from inventory unless CCC determines such sales would have a significant effect on the sugar price.

§ 1435.310

7 CFR Ch. XIV (1-1-06 Edition)

(3) If any portion of the deficit remains after paragraphs (e)(1) and (e)(2) of this section have been implemented, be reassigned to imports.

(f) The crop year allocation of each sugar beet or sugarcane processor who receives a reassignment will be increased accordingly for that year.

[67 FR 54928, Aug. 26, 2002, as amended at 69 FR 55063, Sept. 13, 2004; 69 FR 58037, Sept. 29, 2004; 70 FR 28181, May 17, 2005]

§ 1435.310 Sharing processors' allocations with producers.

(a) Every sugar beet and sugarcane processor must provide CCC a certification that:

(1) The processor intends to share its allocation among its producers fairly and equitably, and in a manner adequately reflecting each producer's production history, and

(2) The processor has, in the previous allotment year, shared its allocation among producers fairly and equitably, reflecting each producer's production history. If a processor is unable to provide such certification, CCC may reduce or eliminate its marketing allocation.

(b) CCC will determine that a processor in a proportionate share state has met the conditions of paragraph (a) of this section if the processor establishes a grower payment plan that incorporates the following provisions:

(1) Pays growers for sugar from their delivered sugarcane in the following priority:

(i) Sugar production from proportionate share acreage; as established under §1435.311, for producers determined by CCC, who;

(A) Delivered to the mill in at least one of the crop years 1999, 2000, or 2001,

(B) Obtained an allocation transfer from a predecessor mill, or

(C) Have been designated by the mill to supply sugarcane replacing sugarcane lost to the mill since the 2001 crop year,

(ii) Sugar production from base acreage, as established under §1435.312, but exclusive of the acreage described in paragraph (b)(1)(i) of this section, for producers who meet the requirements of paragraph (b)(1)(i) of this section, then

(iii) All other sugar production.

(2) If a mill cancels a producer's contract, the mill must permit the producer to move an allocation commensurate with the producer's production history to a mill of the producer's choice.

(3) In determining the payment priority, a processor may aggregate the acreage of an operator (producer making the crop production decisions) across all the operator's farms delivering cane to the processor.

(c) CCC will determine that a processor not in a proportionate share state, which is cooperatively owned by producers, has met the conditions of paragraph (a) of this section if the processor shares its allocation with its producers according to its cooperative membership agreement.

(d) CCC will disclose farm base and reported acres data in a proportionate share state to processors upon their request for growers delivering to their mill. In the case of multiple producers on a farm or growers delivering to more than one mill, subject mills will be responsible for coordinating proportionate share data.

(e) Any producer or processor may request arbitration of a dispute regarding the sharing of the processor's allocation among the producers. Arbitration will be available on behalf of CCC at the State FSA office for the State in which the processor is located. Subsequent review of the arbitration decision is available at the discretion of the Executive Vice President, CCC. Any arbitration is subject to appeal to the Office of the Administrative Law Judge, USDA.

§ 1435.311 Proportionate shares for sugarcane producers.

(a) Proportionate shares and the provisions of this section and §§1435.312 through 1435.316 apply only to Louisiana sugarcane farms.

(b) CCC will determine whether Louisiana sugar production, in the absence of proportionate shares, will exceed the quantity needed to enable processors to fill the State cane sugar allotment and provide a normal carryover inventory. If the determination is made that the

quantity of sugar produced in Louisiana, plus a normal carryover inventory, will exceed the State's allotment, CCC will establish for each sugarcane producing farm a proportionate share that limits the sugarcane acreage that may be harvested on the farm for sugar or seed.

(c) For purposes of determining proportionate shares CCC will:

(1) Establish the State's per-acre yield goal at a level not less than the average per-acre yield in the State for the 2 highest years from among the 1999 through 2001 crop years;

(2) Adjust the per-acre yield goal by the State average recovery rate;

(3) Convert the State cane sugar allotment into a State acreage allotment by dividing the State allotment by the adjusted per-acre yield goal;

(4) Establish a uniform reduction percentage for the crop by dividing the State acreage allotment by the sum of all adjusted acreage bases in the State as determined under § 1435.312; and

(5) Apply the uniform reduction percentage to the acreage base established for each sugarcane producing farm in the State to determine the farm's proportionate share of sugarcane acreage that may be harvested for sugar or seed.

§ 1435.312 Establishment of acreage bases under proportionate shares.

(a) CCC will establish a sugarcane crop acreage base for each farm subject to proportionate shares as the simple average of the acreage planted and considered planted for harvest for sugar or seed on the farm in the 2 highest of the 1999 through 2001 crop years. Acreage considered planted shall be determined under § 1435.315.

(b) In establishing crop acreage bases, CCC will:

(1) Not consider acreage prevented from planting, and

(2) Consider acreage planted to sugarcane that fails.

(c) In establishing crop acreage bases, CCC will allow producers who have not previously reported their sugarcane acreage to do so by a date CCC determines and announces. Late-filed acreage reports will be accepted as the Deputy Administrator determines appropriate.

(d) The farm's crop acreage base shall be used to determine the farm's proportionate share.

(e) The regulations at part 718 of this title shall apply to this subpart, except reconstitution of farms with a sugar crop acreage base shall not be allowed across State lines.

§ 1435.313 Permanent transfer of acreage base histories under proportionate shares.

(a) A sugarcane producer on a farm may transfer all or a portion of the producer's acreage base history of land owned, operated, or controlled to any other farm in the State that the producer owns, operates, or controls under the Deputy Administrator-issued instructions. The transfer will reduce permanently the transferring farm's sugarcane acreage base history and increase the receiving farm's crop acreage base.

(b) All farm owners must agree in writing to the transfer.

(c) Producers may transfer sugarcane acreage base histories under this section by the date the State FSA committee establishes annually.

§ 1435.314 Temporary transfer of proportionate share due to disasters.

(a) If, for reasons beyond the control of a producer on a farm, such producer is unable to harvest sugarcane acreage relative to all or a portion of the proportionate share established for the farm, the Secretary may preserve, on producer application and written consent of all owners of the farm, for a period of not more than 5 consecutive years, the acreage base history of the farm to the extent of the proportionate share involved.

(b) Such proportionate share may be transferred, with the written consent of all owners of the farm, for 1 crop year to other farm owners or operators subject to the following conditions:

(1) The acreage base history of the transferring farm will be preserved for a period from 1 to 5 years; and

(2) Acreage base history will not be increased on the receiving farm.

(c) Producers who transfer a proportionate share under this section will be required to:

§ 1435.315

(1) Initiate the transfer in the county FSA office where the proportionate shares are established; and

(2) Obtain approval from the transferring county FSA committee.

(d) All transfers made under this section must be completed by the date the State FSA committee establishes.

§ 1435.315 Adjustments to proportionate shares.

Whenever CCC determines that, because of a natural disaster or other condition beyond the control of producers adversely affecting a sugarcane crop, the amount of sugarcane produced by producers subject to proportionate shares will not be sufficient to enable state processors to produce sufficient sugar to meet the State's cane sugar allotment and provide a normal carryover of sugar, CCC may uniformly allow producers to harvest sugarcane in excess of their proportionate shares, or suspend proportionate shares entirely.

§ 1435.316 Acreage reports for purposes of proportionate shares.

(a) A report of planted and failed acreage shall be required on farms that produce sugarcane for sugar or seed. Such report shall also specify the total acreage intended for harvest for sugar and seed.

(b) The reports required under paragraph (a) of this section shall be on forms prescribed by CCC and shall be filed annually with the county FSA committee by the applicable final reporting date CCC establishes. The farm operator or farm owner shall file such reports.

(c) Acreage reports will be used to determine compliance with proportionate shares and acreage bases for future proportionate shares.

(d) An acreage report may be accepted after the established date for reporting if physical evidence is still available for inspection that may be used to make a determination relative to:

- (1) Existence of the crop;
- (2) Use made of the crop;
- (3) Lack of crop; or
- (4) Disaster condition affecting the crop.

(e) The farm operator shall pay the cost of a farm visit by an authorized

7 CFR Ch. XIV (1-1-06 Edition)

FSA employee unless the county FSA committee has determined that failure to report in a timely manner was beyond the producer's control.

(f) The farm operator may revise an acreage report. Revised reports shall be filed in accordance with CCC instructions and shall be accepted at any time if:

(1) Evidence exists for inspection and determination of:

- (i) Existence of the crop;
- (ii) Use made of the crop;
- (iii) Lack of crop; or
- (iv) Disaster condition affecting the crops.

(2) The farm has not already been inspected and the acreage already determined or harvesting of sugarcane already begun.

(g) Provisions of part 718 of this chapter will apply for field inspections, tolerance, and variance. Assessments for false acreage reporting will be applied under § 1435.318.

§ 1435.317 Revisions of allocations and proportionate shares.

The Executive Vice President, CCC, may modify any processor's allocation or any producer's proportionate share on the same basis as the initial allocation or proportionate share was required to be established.

§ 1435.318 Penalties and assessments.

(a) Under § 359b(c)(3) of the Agricultural Adjustment Act of 1938, as amended, any sugar beet or sugarcane processor who knowingly markets sugar or sugar products in excess of the processor's allocation in violation of § 1435.307 shall be liable to CCC for a civil penalty in an amount equal to 3 times the U.S. market value, at the time the violation was committed, of that quantity of sugar involved in the violation.

(b) Under § 359f(c)(5) of the Agricultural Adjustment Act of 1938, as amended, any producer of sugarcane whose farm has a proportionate share, and who knowingly harvests or allows to be harvested an acreage of sugarcane for sugar or seed in excess of the farm's proportionate share shall pay to CCC a civil penalty in an amount equal to 1.5 times the U.S. market value of the quantity of sugar that is marketed

Commodity Credit Corporation, USDA

§ 1435.400

by the processor of such sugarcane in excess of the allocation of such processor, for the year in which the violation was committed. However, civil penalties will not be assessed when the producer harvests acreage for sugar or seed in excess of the farm's proportionate share, if the excess sugarcane harvested is:

(1) Processed by a sugarcane processor that does not exceed its marketing allocation; or

(2) Diverted to a use other than sugar or seed if:

(i) The sugarcane producer requests and pays for a CCC field inspection, and

(ii) CCC verifies the disposition of the excess harvest is not for sugar or seed.

(c) Any penalty assessed under paragraph (b) of this section shall be prorated among the producers of all sugarcane acquired by the processor from excess acres.

(d) Any person filing a false acreage report that exceeds tolerance will be subject to an assessment not to exceed \$10,000. Whenever the failure of a producer to comply fully with the terms and conditions applicable to proportionate shares would result in an assessment, the Deputy Administrator may authorize the waiver or reduction of the assessment in such amounts as determined to be equitable about the seriousness of the failure, the producer's good-faith effort to comply fully with such terms and conditions, and the producer's substantial performance.

(e) Any person who knowingly violates any provision of this subpart other than paragraph (d) of this section is subject to the assessment of a civil penalty by CCC of not more than \$5,000 for each violation.

§ 1435.319 Appeals and arbitration.

(a) A person adversely affected by any determination made under this subpart may request reconsideration of such determination by filing a written request with the Executive Vice President, CCC, detailing the basis of the request within 10 days of such determination. Such a request must be submitted at: Executive Vice President, CCC, Stop 0501, 1400 Independence Ave., SW, Washington, DC 20250-0501.

(b) For issues arising under section 359d establishing allocations for marketing allotments, and sections 359f(b) and (c), and section 359i of the Agricultural Adjustment Act of 1938, as amended, after completion of the process provided in paragraph (a) of this section, a person adversely affected by a reconsidered determination may appeal such determination by filing a written notice of appeal within 20 days of the issuance of the reconsidered determination with the Hearing Clerk, USDA, Room 1081, South Building, 1400 Independence Ave., SW., Washington, DC 20250-9200. Any hearing conducted under this paragraph shall be in accordance with instructions issued by USDA's Judicial Officer.

(c) For issues arising under §§ 359a-359c, 359e, and 359g of the Agricultural Adjustment Act of 1938, as amended, after completion of the process provided in paragraph (a) of this section, a person adversely affected by the reconsidered determination may appeal such determination by filing a written notice of appeal with the Director, National Appeals Division, USDA, as provided in part 11 of this title. For issues arising under § 359f(a) of the Agricultural Adjustment Act of 1938, as amended, such disputes shall be resolved through arbitration under the direction of the Executive Vice President, CCC. A request for arbitration must be filed in writing at the address specified in paragraph (a) of this section.

Subpart E—Processor Sugar Payment-In-Kind (PIK) Program

§ 1435.400 General statement.

This subpart shall be applicable to sugar beet and sugarcane processors throughout the United States who, acting in conjunction with the producers of the sugarcane or sugar beets processed by the processors, reduce sugar production in return for a payment of sugar from CCC when CCC determines that such action will reduce forfeitures of sugar pledged as collateral for a CCC loan.

§ 1435.401 Bid submission procedures.

(a) After announcement by CCC that a program authorized by this subpart is in effect, processors who desire to participate in the program must submit a bid to CCC, on a form prescribed by CCC, that specifies:

(1) For a program involving acreage diversion, the amount of acreage to be reduced by producers who have contracts for delivery of sugar beets or sugar cane to the processor and contains the information CCC determines necessary to conduct the program and includes but is not limited to:

(i) The number of acres that the processor, acting in conjunction with the producers, will divert;

(ii) The previous consecutive 3-year simple average sugar beet or sugarcane yield on that acreage while under contract (years with no production contracted with a producer will not be considered (for first-time producers, however, the previous consecutive 3-year simple average sugar beet or sugarcane yield for all the producers under contract who delivered to the applicable factory will be used);

(iii) The previous 3-year simple average sugar content of the producer's beets or sugarcane (for first-time producers, the previous 3-year simple average sugar content for all beets or cane delivered to that factory will be used);

(iv) The processor's previous 3-year simple average recovery rate (for processors that have not been fully operational during the last 3 years, the simple average for those years that they were fully operational);

(v) The value of CCC sugar to be received as payment; and

(vi) Other information CCC deems necessary for program administration; or

(2) The sugar production capacity to be removed from production by the processor.

(b) The following acreage is ineligible for enrollment in the PIK program:

(1) If planted, acreage not currently under contract for delivery of sugar beets to a sugar beet processor or sugarcane to a sugarcane processor for sugar production.

(2) If planted, acreage that is not harvestable,

(3) Acreage devoted to roads or other non-producing areas, or

(4) If planted, acreage on which a crop insurance indemnity or replant payment was received for the current crop or for which a claim has been, or will be, filed to receive a crop insurance indemnity or replant payment for the current crop, except for replant payments for acreage actually replanted before the end of the normal planting period.

(c) If planted, the diverted acres cannot be grazed until after the sugar beets or sugarcane are destroyed by disking, plowing, or other means of mechanical destruction. In addition, the sugar beets or sugarcane on the diverted acres may not be used for any commercial purpose.

(d) The acreage offered must meet the following requirements:

(1) If less than or equal to 15 acres, then the acreage bid must consist of one of the following:

- (i) One contiguous area of land,
- (ii) One or more entire permanent fields, or
- (iii) One or more entire permanent fields and one contiguous area of land to complete the balance;

(2) If more than 15 acres, then the acreage bid must consist of one of the following:

(i) One or more areas of land of at least 15 contiguous acres each with one remaining area of land of less than 15 contiguous acres to complete the balance,

(ii) One or more entire permanent fields, or

(iii) One or more entire permanent fields and one area of contiguous land to complete the balance.

(3) Contiguous areas of land must have a minimum width of 3 chains (198 feet).

(e) For a program involving desugaring capacity, or other measures of sugar production, not involving acreage diversion, the bid must contain the information CCC determine necessary to conduct the program.

§ 1435.402 Bid selection procedures.

(a) For bids in which the processor offers to remove acreage of sugar beets or sugarcane from production, CCC will rank bids on the basis of the bid

Commodity Credit Corporation, USDA

§ 1436.1

amount as a percentage of the expected sugar produced from the retired acreage. Bids with the lowest of such percentages will be selected first. In the case of identical bids, selection may be based on random selection or pro rata shares, as CCC deems appropriate.

(b) CCC will reject bids for which the bid amounts exceed the expected sugar produced from the retired acreage.

(c) For bids in which the processor offers to remove sugar production capacity from production, CCC will rank the bids on the basis of the capacity to be removed from production.

(d) All acceptable bids specified in paragraphs (a) and (c) of this section will be further reviewed by CCC and ranked in order of the greatest reduction in sugar program that can be achieved at the lowest cost to CCC.

§ 1435.403 In-kind payments.

(a) CCC will, through such methods as CCC deems appropriate, make payments in the form of sugar held in CCC inventory.

(b) To the maximum extent practicable, CCC will use its inventory in making an in-kind payment based on the following priority:

(1) CCC-owned sugar held in storage by the processor;

(2) CCC-owned sugar held in storage by any other processor in the same region as the producer;

(3) CCC-owned sugar held in storage by any other processor that is not in the same region as the producer; and

(4) CCC-owned sugar held in storage anywhere in the United States, if CCC determines that such sugar is eligible to be used for in-kind payments.

(c) The value of CCC-owned inventory is dependent upon the storage location of the sugar and the type of sugar (raw or refined). CCC will announce the value of its inventory before bid solicitation. Accordingly, the quantity of sugar CCC will provide in terms of an in-kind payment to a processor will be determined by dividing:

(1) The total of the processor's bid amount that CCC accepts, by

(2) The value of CCC's inventory at the storage location at which title will transfer from CCC to the processor.

§ 1435.404 Timing of distribution of CCC-owned sugar.

Distribution of sugar from CCC inventory will occur in such manner as CCC determines appropriate.

§ 1435.405 Miscellaneous provisions.

(a) CCC may permit processors to bid, in lieu of acreage, desugarizing capacity or other measures of sugar production as CCC determines.

(b) The contract shall provide for the payment of liquidated damages if a processor fails to comply with the obligations specified in the CCC production diversion contract.

(c) CCC will transfer title of the sugar to the processor by notifying the processor or assignee that the sugar is available. CCC will stop storage payments on this sugar on the date of transfer.

§ 1436.1 Applicability.

The regulations of this part provide the terms and conditions under which

§ 1436.2

CCC may provide low-cost financing for producers to build or upgrade on-farm storage and handling facilities. Because liens and security interests related to this activity may be governed by state law, CCC may adapt certain procedures relating to those issues that may vary between States.

§ 1436.2 Administration.

(a) The Farm Storage Facility Loan Program shall be administered under the general supervision of the Executive Vice President, CCC or designee and shall be carried out in the field by FSA State committees, FSA county committees and FSA employees.

(b) FSA State committees, FSA county committees and FSA employees, do not have the authority to modify or waive any of the provisions of the regulations of this part.

(c) The FSA State committee shall take any action required by these regulations that has not been taken by the county committee. The FSA State committee shall also:

(1) Correct, or require the FSA county committee to correct, any action taken by such FSA county committee that is not in accordance with the regulations of this part; and

(2) Require the FSA county committee to withhold taking any action that is not in accordance with the regulations of this part.

(d) No provision or delegation herein to a State or FSA county committee shall preclude the Executive Vice President, CCC, or a designee, or the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by the State or FSA county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and FSA county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the Farm Storage Facility Loan Program.

(f) A representative of CCC may execute Farm Storage Facility Loan Program applications and related documents only under the terms and conditions determined and announced by

7 CFR Ch. XIV (1-1-06 Edition)

CCC. Any such document that is not executed in accordance with such terms and conditions, including any purported execution prior to the date authorized by CCC, shall be void.

(g) The Deputy Administrator may suspend this program at any time when it appears that there is no shortage of storage that needs to be addressed or where some other reason shall arise for which it appears that the program goals can be achieved more efficiently in a manner different from that provided for in this rule.

§ 1436.3 Definitions.

The following definitions shall be applicable to the program authorized by this part and will be used in all aspects of administering this program:

Aggregate outstanding balance means the sum of the outstanding balances of all loans disbursed under this part to each borrower signing the note and security agreement.

Assumption means the act or agreement by which one borrower takes over or assumes the debt of another borrower.

Collateral means the storage structure, drying equipment or handling equipment securing the loan.

Crop of economic significance means any insurable facility loan commodity that contributes 10 percent or more of the total expected value of all crops grown by the loan applicant except if the expected liability under the catastrophic level of crop insurance for a crop is equal to or less than the administrative fee for the crop, that crop shall not be economically significant.

Facility loan commodity means wheat, rice, raw or refined sugar, soybeans, sunflower seed, canola, rapeseed, safflower, flaxseed, mustard seed, other oilseeds as determined and announced by CCC, dry peas, lentils, small chickpeas, harvested as whole grain and including peanuts, except that corn, grain sorghum, oats, wheat, or barley shall be included whether harvested as whole grain or other than whole grain.

Financing statement means the appropriate document that gives legal notice of a security interest in personal property when properly filed or recorded.

Non-movable or non-salable collateral means either collateral the county

Commodity Credit Corporation, USDA

§ 1436.5

committee determines cannot be sold and moved to a new location because of the type of construction involved or because the collateral has deteriorated to the point that it has no sale recovery value.

Person means any individual, group of individuals, partnership, corporation, estate, trust, association, cooperative, tribal venture, or other business enterprise, or other legal entity who is, or whose members are, a citizen or citizens of the United States, or a legal resident alien.

Satisfactory credit history means a history of repaying debts as they came due unless the failure to repay or tardiness in payment was due to circumstance beyond the applicant's control as determined by CCC upon proof submitted by the applicant.

Severance agreement means an agreement under which a party may consent to the security interest of another in property thereby allowing the severance of a fixture from the real estate.

Storage need requirement means:

(1) The average of the most recent 3 years available, the applicant's share of the acres farmed for each facility loan commodity requiring storage at the proposed facility multiplied by a yield determined reasonable by the county committee, multiplied by two, less existing storage capacity. If acreage data is not available, including prevented planted acres, or the data is not applicable to the storage need, a reasonable acreage projection may be made for newly acquired farms, changes in cropping operations, or for facility loan commodity crops being grown for the first time.

(2) For sugar-related loans, a projection from the processor of the processing volume, available storage capacity, volume not to be marketed due to marketing allotments, and other factors affecting the processor's storage need, as appropriate. CCC shall determine if the storage need is reasonable using data such as past processing volume and marketing allotments.

Subordination agreement means any agreement under which a party may subordinate a security interest in property to the interest of another party.

Uniform Commercial Code means the laws generally known by that name

covering commercial transactions such as sales, negotiable instruments, and secured transactions.

§ 1436.4 Availability of loans.

(a) An application for a loan shall be submitted to the administrative county office that maintains the records of the farm or farms to which the application applies. With State office approval, loans may be made or serviced by a county office other than the administrative county office. Upon request, the applicant shall furnish information and documents as the State or county committee deems reasonably necessary to support the application. This may include financial statements, receipted bills, invoices, purchase orders, specifications, drawings, plats, or written authorization of access.

(b) Borrowers who authorize delivery, site preparation, or construction actions without an approved loan, do so at their own risk and without creating any liability on behalf of CCC.

(c) For sugar-related loans, a loan application shall be submitted to the county FSA office that maintains the applicant's records. If no such records exist, loan applications shall be submitted to the county office serving the headquarters' location of the sugar processor.

[66 FR 4612, Jan. 18, 2001; 66 FR 17073, Mar. 29, 2001, as amended at 67 FR 54938, Aug. 26, 2002]

§ 1436.6 Eligible storage or handling equipment.

(a) Loans may be made only for the purchase and installation of eligible storage facilities and permanently affixed drying and handling equipment, for the remodeling of existing storage facilities, or for permanently affixed drying and handling equipment as provided in this section. Eligible storage

and handling facilities shall include the following:

(1) New conventional-type cribs or bins designed and engineered for whole grain storage and having a useful life of at least 10 years;

(2) New oxygen-limiting storage structures or remanufactured oxygen-limiting storage structures built to the original manufacturer's design specifications using original manufacturer's rebuild kits, and other upright silo-type structures designed for whole grain storage or other than whole grain storage and having a useful life of at least 10 years; and

(2) Safety equipment as required by CCC and meeting OSHA requirements such as lighting, and inside and outside ladders;

(3) Equipment to improve, maintain, or monitor the quality of stored grain, such as cleaners, moisture testers, and heat detectors;

(4) Electrical equipment, including labor and materials for installation, such as lighting, motors, and wiring integral to the proper operation of the grain storage and handling equipment; and

§ 1436.6

(c) Storage and handling equipment with respect to which no loans for installation or related costs shall be disbursed under this part include:

(1) Portable grain drying equipment, portable handling equipment and portable augers;

(2) Structures of a temporary nature that require the weight or bulk of the stored commodity to maintain its shape (such as fences or bags);

(3) Used structures or handling equipment;

(4) Structures that are not suitable for storing the facility loan commodities for which a need is determined;

(5) Storage structures to be used for commercial purposes. Commercial purpose is defined as the storage and handling of grain, whether paid or unpaid, for persons other than the loan applicant, except for family members as defined in 7 CFR Part 718, and tenants or landlords sharing in the crop requiring storage. Any facility that is in working proximity to any commercial storage operation shall be considered to be part of a commercial storage operation; and

(6) Portable or permanent weigh scales.

(d) Loans may be approved for financing additions to or modifications of an existing storage facility with an expected useful life of at least 10 years if the county committee determines there is a need for the capacity of the structure, but not for the sole replacement of worn out items such as motors, fans, or wiring.

(e) Loans may be approved for new storage and handling components of a pre-owned structure provided the completed facility has a useful life of at least 10 years. The pre-owned structure must be purchased and moved to a new storage location. Eligible items for such a loan include costs such as new bin rings or roof panels needed to make a purchased pre-owned structure useable, new aeration systems, site preparation, construction off-farm paid labor cost, foundation material and off-farm paid labor. Ineligible items for such a loan include the cost of purchasing and moving the used structure.

(f)(1) Paragraphs (a) and (b) of this section shall not apply to sugar-related loans made under this part.

(2) For sugar-related loans, the loan amount may include costs associated with the purchase, installation, building, improving, remodeling or renovating an eligible storage or handling facility. Eligible facilities include the following:

(i) New conventional-type bins or silos designed for and used to store raw or refined sugar, having a useful life of at least 15 years;

(ii) Structures of a temporary nature that require the weight or bulk of the stored commodity to maintain its shape (such as fences or bags);

(iii) Used or pre-owned structures or handling equipment;

(iv) Structures that are not suitable for storing raw or refined sugar;

(v) Weigh scales.

(4) For sugar-related loans, loans may be approved for financing additions to or modifications of an existing

storage facility with an expected useful life of at least 15 years if CCC determines there is a need for the capacity of the structure.

[66 FR 4612, Jan. 18, 2001, as amended at 67 FR 54938, Aug. 26, 2002]

§ 1436.7 Loan term.

The maximum term of the loan shall be 7 years from the date a promissory note and security agreement are executed, except in the case of a sugar-related loan in which case CCC, at its discretion, may authorize a loan of 15 years. The minimum term of a sugar-related loan is 7 years. No extensions of the loan term will be granted. The loan balance and all related costs are due 7 years from the date of the execution of the promissory note and security agreement, except in the case of a sugar-related loan, in which case such balance and costs are due 15 years from the date of the promissory note and security agreement are executed.

[67 FR 54939, Aug. 26, 2002]

§ 1436.8 Security for loan.

(a) Except as agreed to by CCC, all loans shall be secured by a promissory note and security agreement covering the farm storage facility. The promissory note and security agreement shall grant CCC a security interest in the collateral and shall be perfected in the manner specified in the laws of the state where the collateral is located. CCC's security interest in the collateral shall constitute the sole security interest in such collateral except for prior liens on the underlying realty that by operation of law attach to the collateral if it is or will become a fixture. If any such prior lien on the realty will attach to the collateral, a severance agreement must be obtained in writing from each holder of such a lien, including all government or USDA agencies. No additional liens or encumbrances may be placed on the storage facility after the loan is approved unless CCC approves otherwise in writing.

(b) For loan amounts exceeding \$50,000, or where the aggregate outstanding loan balance will exceed \$50,000 or for loans where the approving committee determines as a result of financial analysis that additional secu-

urity is required, a lien on the real estate parcel on which the farm storage facility is located will be required in the form of a real estate mortgage, deed of trust, or other security instrument approved by the United States Department of Agriculture's Office of General Counsel. CCC's interest in the real estate shall be superior to all other liens and is the first lien that secures the amount of the loan. A loan will be considered to be adequately secured when the real estate security for the loan is at least equal to the loan amount. If the real estate is covered by a prior lien, a lien waiver may be obtained by means of a subordination agreement approved for use in the State by USDA's Office of General Counsel. CCC will not require such an agreement from any agency of the Department of Agriculture. Loans may be secured by a junior lien on real estate when the loan is adequately secured and a severance agreement is obtained from prior lien holders.

(c) Title insurance or a title opinion is required for loans secured by real estate.

(d) Real estate liens may cover land separate from the collateral if a lien on the underlying real estate is not feasible and if:

(1) The borrower owns the separate acreage; and

(2) the acreage has sufficient value based on the fair market value of the acreage at the time of the application as determined by the county committee, to insure repayment of the loan.

(e) Notwithstanding the preceding subsections of this section, a borrower, in lieu of such liens as are otherwise required by those subsections, may provide a letter of credit, bond, or other form of security, as approved by CCC.

(f) If an existing structure is remodeled and an addition becomes an attached, integral part of the existing storage structure, CCC's security interest shall include the existing storage structure.

(g) The cost of loan closings by attorneys, title opinions, title insurance, title searches, filing and recording all real estate liens, fixture filings and later subordinations will be paid by the

borrower. CCC shall pay such costs relating to credit reports, collateral lien searches, and filing and recording financing statements for the collateral.

(h) For sugar-related facility loans, in addition to the above requirements, additional security, including real estate, chattels, crops in storage, and other assets owned by the applicant, is required if necessary to adequately secure the loan. A sugar-related loan will be considered to be adequately secured when the CCC determined value of security for the loan is at least equal to 125 percent of the loan amount.

(i) For sugar-related facility loans, paragraph (g) is not applicable. The borrower shall pay all loan making fees and closing costs. This includes, but is not limited to, attorney fees for loan closings, environmental assessments and studies, chattel and real estate appraisals, title opinions, title insurance, title searches, filing and recording all real estate liens, fixture filings, subordinations, credit reports, collateral lien searches, and filing and recording financing statements for the collateral.

§ 1436.9 Loan amount and loan application approvals.

(a) The cost on which the loan shall be based is the net cost of the eligible facility, accessories, and services to the applicant after discounts and rebates, not to exceed a maximum per-bushel cost established by the FSA State committee.

(b) The net cost for storage facilities and handling equipment may include the following: all real estate lien related fees paid by the borrower, including attorney fees, except for filing fees, environmental and historic review fees including archaeological study fees, the facility purchase price, sales tax, shipping, delivery charges, site preparation costs, installation cost, material and labor for concrete pads and foundations, material and labor for electrical wiring, electrical motors, off-farm paid labor, on farm site preparation and construction equipment costs not to exceed commercial rates approved by the county committee, and new on-farm material approved by the county committee. The net cost shall not in-

clude secondhand material or any other item that is determined by the approving authority to be ineligible for loan.

(c) The maximum principal amount of any farm storage facility loan shall be 85 percent of the net cost of the applicant's needed storage or handling equipment not to exceed \$100,000 for each borrower signing the note and security agreement. Unless otherwise approved by CCC, borrowers shall be considered to be separate persons or borrowers for purposes of applying the preceding sentence only to the extent that they would normally be considered a separate person under the rules set out in 7 CFR part 1400.

(d) The aggregate outstanding balance of all facility loans for any one borrower signing the note and security agreement may not exceed \$100,000.

(e) When a storage structure has a larger capacity than the applicant's needed capacity, as determined by CCC, the net cost eligible for a loan shall be prorated. Only costs associated with the applicant's needed storage capacity will be considered eligible for loan under this part.

(f) When a flat storage structure has space that is not used primarily for facility loan commodity storage, such as office space, the loan amount shall be adjusted for the ineligible space as determined by CCC.

(g) The FSA county committee may approve applications, if loan funds are available, up to the maximum approval amount unless the FSA State committee establishes a lower limit for county committee approval authority.

(h) Farm storage facility loan approvals will expire in 4 months after the date of approval unless extended in writing for an additional 4 months by the FSA State Committee. Sugar storage facility loan approvals will expire in 8 months after the date of approval unless extended in writing for an additional 4 months by the FSA State Committee.

(i) CCC may at any time refuse to make new loans.

(j) For sugar-related facility loans, paragraphs (c) and (d) and (g) do not apply.

(k) For sugar-related facility loans, the Agency approval officials may only

§ 1436.10

approve loans, subject to available funds.

[66 FR 4612, Jan. 18, 2001, as amended at 67 FR 54939, Aug. 26, 2002]

§ 1436.10 Down payment.

(a) A minimum down payment representing the difference between the net cost of the storage facility and the amount of the loan determined in accordance with §1436.9 shall be made by the loan applicant to the supplier or contractor before the loan is disbursed.

(b) The down payment shall be in cash unless some other form of payment is approved by CCC. The down payment may be obtained by the borrower from another lending source.

(c) The down payment may not include any trade-in, discount, rebate, credit, deferred payment, post-dated check, or promissory note to the supplier or contractor.

§ 1436.11 Disbursement and assignments.

(a) Disbursement of the loan by CCC will be made after the farm storage facility has been delivered, erected, constructed, assembled, or installed and a CCC representative has inspected and approved such facility.

(b) Disbursement will be made only if the borrower furnishes satisfactory evidence of the total cost of the facility and payment of all debts on the facility in excess of the amount of the loan.

(c) Disbursement may be made jointly to the borrower and the contractor or supplier, except disbursement may be made to the borrower only if CCC determines the borrower has paid the contractor or supplier all amounts that are due and owing with respect to the facility and that all applicable liens, security interests, or other encumbrances have been released.

(d) A release of liability will be required from contractors and suppliers providing goods and services to the loan applicant.

(e) Loan proceeds cannot be assigned.

§ 1436.12 Interest and fees.

(a) Loans shall bear interest at the rate equivalent, as determined by CCC, to the rate of interest charged on Treasury securities of comparable maturity on the date the loan is approved.

7 CFR Ch. XIV (1-1-06 Edition)

(b) The interest rate for each loan will remain in effect for the term of the loan.

(c) The loan applicant shall pay a non-refundable application fee in such amount determined appropriate by CCC, which fee may not in any case be less than \$45.

(d) For sugar-related facility loans, paragraph (c) does not apply.

[66 FR 4612, Jan. 18, 2001, as amended at 67 FR 54939, Aug. 26, 2002]

§ 1436.13 Loan installments, delinquency, and acceleration of maturity date.

(a) Equal installments of principal plus interest will be amortized over the loan term for purposes of setting a payment schedule. Installments are due and payable not later than the last day of each 12-month period of the loan, until the principal plus interest has been paid in full.

(b) Each installment may be paid in cash, money order, wire transfer, or by personal, certified, or cashier's check. Repayment shall be applied first to accrued interest and then to principal.

(c) The following actions will be taken when installments are not paid on the due date: A demand for payment shall be mailed to the debtor after the due date has passed. If the installment is not paid within 30 days of the due date or if a new due date acceptable to CCC has not been established based on a financial plan submitted by the debtor, the initial demand may be followed by two subsequent written demands at approximately 30-day intervals unless other action is needed to protect the interests of CCC. If the debtor files an appeal according to §1436.18 of this part, collection action shall cease until the appeal process is complete, however, any payments due the debtor may be withheld and, depending on the outcome of the appeal, may later be offset and applied to reduce the indebtedness. In lieu of a foreclosure on the collateral in the case of a delinquency, CCC may permit a rescheduling of the debt or other measures consistent with the collection of other debts under the provisions of Part 1403. Alternately, CCC may implement such other collection procedures as it deems appropriate.

Commodity Credit Corporation, USDA

§ 1436.16

(d) A claim shall be established against a borrower for any amounts remaining due after liquidation of the loan.

(e) CCC may declare the entire indebtedness immediately due and payable if the borrower violates any of the terms and conditions of this part, fails to pay any installment on time, or breaches any of the terms and conditions of any of the instruments executed in connection with the loan, or if, during the life of the loan, the collateral is used in connection with or by any unauthorized commercial operation including, but not limited to, elevators, warehouses, dryers or processing plants.

(f) Any action authorized by the provisions of this section may be taken:

(1) Against a debtor's pro rata share of payments due any entity that the borrower participates in, either directly or indirectly, as determined by CCC.

(2) Against related persons or entities, irrespective of the debtors share, when CCC determines that the debtor has established an entity, or reorganized, transferred ownership of, or changed in some other manner, their operation, for the purpose of avoiding the payment of the debt.

(g) The loan may be paid in full or in part without penalty at any time before maturity.

(h) Upon payment of a loan, CCC shall release CCC's security interest in the collateral.

§ 1436.14 Taxes.

The borrower must pay, when due, all real and personal property taxes that may affect CCC's security interest in all collateral securing the note evidencing the loan. To protect its interests, CCC may pay any unpaid taxes with respect to the collateral securing a loan made in accordance with this part, and if CCC does so, the borrower shall reimburse CCC for such payment, and if unpaid by the borrower, such debt shall become due immediately.

§ 1436.15 Maintenance, liability, insurance, and inspections.

(a) The borrower must maintain the loan collateral in a condition suitable for the storage of one or more of the fa-

cility loan commodities. For purpose of this section the term "loan collateral" shall mean any property of any kind that was built or improved, or acquired using a loan made under this part.

(b) Until the loan has been repaid, the borrower shall be liable for all damages to or destruction of the loan collateral. CCC shall not assume any loss of the loan collateral.

(c) CCC may conduct annual collateral inspections to insure compliance with this part. The borrower must consent to such inspection as a term of the loan and failure to supply such access shall put the borrower into default.

(d) Structures must be insured against all perils in all cases and must also be insured against flooding if the structure is located in a flood plain, as determined by CCC. Proof of flood insurance, if required, and proof of all peril structural insurance, must be provided to CCC annually. CCC must be listed as a loss payee on all peril and flood insurance policies.

(e) CCC shall have rights of ingress and egress where the facility is located. Failure of the borrower to secure such access will render a borrower ineligible for the loan and, if a loan has already been made shall constitute a loan default for which the remaining balance of the loan shall become immediately due and payable.

(f) For sugar-related loans, in addition to the requirements of paragraph (d) of this section, sugar processors shall also insure the contents of storage structures used as collateral for a sugar-related facility loan against all perils.

[66 FR 4612, Jan. 18, 2001, as amended at 67 FR 54939, Aug. 26, 2002]

§ 1436.16 Foreclosure, liquidation, assumptions, sale or conveyance, bankruptcy.

(a) The collateral or land securing a loan may be sold by CCC whenever CCC has declared the entire indebtedness immediately due and payable under this part as follows:

(1) If a demand for payment is not received by the due date acceptable to CCC, CCC may call the loan and initiate foreclosure proceedings by issuing a liquidation letter to the borrower.

§ 1436.17

7 CFR Ch. XIV (1-1-06 Edition)

(2) The debtor may voluntarily agree to allow removal of the collateral to facilitate sale by signing an agreement for sale. If the debtor objects to removal of collateral, the law of the state where the collateral exists will be used to foreclose on the property.

(3) For loans with movable collateral and no real estate lien, CCC may sell the collateral for the best price obtainable. Sales proceeds shall be distributed in the following order:

(i) To CCC to satisfy the debtor's indebtedness including all costs associated with selling the collateral.

(ii) Payment to junior lien holders if approved by USDA's Office of the General Counsel and then to the borrower or other persons as determined appropriate by that office.

(4) For loans with nonmovable collateral, as determined by CCC, and no real estate lien, CCC may establish a claim according to 7 CFR part 1403.

(5) For loans secured with a real estate lien, CCC may obtain an appraisal of the property. Sales proceeds shall be distributed in the following order:

(i) To CCC to satisfy the debtor's indebtedness including all costs associated with selling the collateral and the appraisal.

(ii) To junior lien holders if approved by USDA's Office of the General Counsel; or

(iii) To the borrower or other persons as determined appropriate by that office.

(b) Assumption by another borrower of a farm storage facility loan is permitted subject to county committee approval and the subsequent borrower's ability to show a satisfactory credit history. An assumption of the loan may be approved when the collateral is sold by CCC to an otherwise eligible borrower, the current borrower will convey the collateral or property securing the loan to another eligible borrower, or the borrower is dead, incompetent, or missing and an eligible borrower wants to assume the loan.

(1) Requests for approval of assumptions shall be made to the county committee by the borrower, the borrower's successors, or representatives of the borrower. If approval is granted, the borrower's successors or representatives shall execute a new farm storage

facility note and security agreement for the balance of the term of the loan.

(2) The principal amount of the loan shall include the unpaid amount of the loan, interest computed to the date of assumption, all past due installments, and any other charges that may be required.

(c) The borrower may voluntarily convey the collateral to CCC before repaying the loan. Before a borrower sells or conveys the facilities or other property securing a loan without repaying the loan in full, the borrower shall obtain approval for the sale or conveyance from the FSA county committee with the understanding that sale proceeds shall be paid to satisfy the borrowers indebtedness to CCC.

(d) Remedies provided for in this section shall, unless CCC determines otherwise, be subject to the administrative appeals provided for elsewhere in this part, including those that are found at §1436.13.

§ 1436.17 Environmental compliance.

(a) Except as otherwise specified in this section, prior to approval of any farm storage facility loan, an environmental evaluation will be completed to determine if the proposed action will have any adverse impacts on the environment and cultural resources.

(b) If it is determined that a proposed action or group of proposed actions will not result in any adverse impact, the action will be considered as being categorically excluded for the purpose of compliance with the National Environmental Policy Act (NEPA), 40 CFR parts 1500-1508.

(c)(1) If adverse environmental impacts (either direct or indirect) are identified, an environmental assessment will be completed in accordance with the Council on Environmental Quality's Regulations for Implementing the Procedural Provisions of NEPA.

(2) The environmental assessment will be used to develop an action that results in no significant environmental impact on the human environment or cultural resources.

(3) No action will be approved that has been determined to have significant impacts on the human environment or cultural resources.

(d)(1) In order to minimize the exposure to environmental liabilities from the presence of contamination on real estate collateral, an evaluation will be made of the economic and environmental risks to the real estate collateral posed by the presence of hazardous substances and petroleum products.

(2) If the evaluation made under paragraph (d)(1) of this section reveals that the collateral is or may be contaminated, then the applicant will be notified and given an option of offering as collateral other real estate that is free from contamination or remediate the contamination on the original site offered as collateral.

§ 1436.18 Appeals.

The appeal, reconsideration, or review of all determinations made under this part, except for provisions for which there are no appeal rights because they are determined rules of general applicability, must be in accordance with parts 11 and 780 of this title.

§ 1436.19 Equal Opportunity and Non-discrimination requirements.

(a) No recipient of a Storage Facility loan shall directly, or through contractual or other arrangement, subject any person or cause any person to be subjected to discrimination on the basis of race, religion, color, national origin, gender, or other prohibited basis. Borrowers must comply with all applicable Federal laws and regulations regarding equal opportunity in hiring, procurement, and related matters.

(b) With respect to any aspect of a credit transaction, CCC will not discriminate against any applicant on the basis of race, color, religion, national origin, sex, marital status, or age, provided the applicant can execute a legal contract. Nor will CCC discriminate on the basis of whether all or a part of the applicant's income derives from any public assistance program, or whether the applicant in good faith, exercises any rights under the Consumer Protection Act.

AUTHORITY: 15 U.S.C. 714 *et seq.*; and 7 U.S.C. 7333.

Subpart A—General Provisions

§ 1437.1 Applicability.

(a) The Noninsured Crop Disaster Assistance Program (NAP) is intended to provide eligible producers of eligible crops coverage equivalent to the catastrophic risk protection level of crop insurance. NAP is designed to help reduce production risks faced by producers of commercial crops or other agricultural commodities. NAP will reduce financial losses that occur when natural disasters cause a catastrophic loss of production or where producers are prevented from planting an eligible crop.

(b) The provisions contained in this part are applicable to eligible producers and eligible crops for which catastrophic coverage under section 508(b) the Federal Crop Insurance Act (7 U.S.C. 1508(b)), as amended, or its successors, is not available.

(c) The regulations of this part are applicable to the 2001 and subsequent crop years.

§ 1437.2 Administration.

(a) NAP is administered under the general supervision of the Executive Vice-President, CCC (who also serves as Administrator, Farm Service Agency), and shall be carried out by State and county FSA committees (State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by the regulations of this part that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee shall preclude the Executive Vice-President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines (except statutory deadlines) in cases where lateness to file does not adversely affect operation of the program.

§ 1437.3 Definitions.

The definitions and program parameters set out in this section shall be applicable for all purposes of administering the Noninsured Crop Disaster Assistance Program provided for in this part. Although the terms defined in part 718 of this title and part 1400 of this chapter shall also be applicable, the definitions set forth in this section shall govern for all purposes of administering the Program.

Actual Production History (APH) means the farm's operative production history established in accordance with subpart B of this part.

Administrative county office means the county FSA office designated to make determinations, handle official records, and issue payments for the producer in accordance with 7 CFR part 718.

Animal Unit Days (AUD) means an expression of expected or actual stocking rate for pasture or forage.

Application Closing Date means the last date, as determined by CCC, producers can submit an application for coverage for noninsured crops for the specified crop year.

Catastrophic coverage means a catastrophic risk protection (CAT) level of crop insurance available in accordance with section 508(b) of the Federal Crop Insurance Act, as amended.

Catastrophic loss means—

(1) Loss, as the result of an eligible cause of loss, that entails as determined by CCC:

(i) Prevented planting of greater than 35 percent of the intended crop acreage;

a yield loss of greater than 50 percent of the approved yield; or value loss of greater than 50 percent of the pre-disaster value; or

(ii) AUD loss of greater than 50 percent of the expected AUD.

(2) The quantity will not be reduced for any quality consideration unless a zero value is established.

Controlled environment means, with respect to those crops for which a controlled environment is expected to be provided, including but not limited to ornamental nursery, aquaculture (including ornamental fish), and floriculture, an environment in which everything that can practicably be controlled with structures, facilities, growing media (including but not limited to water, soil, or nutrients) by the producer, is in fact controlled by the producer.

Crop year means the calendar year in which the crop is normally harvested or in which the majority of the crop would have been harvested. For value loss and other specific commodities, see the applicable subpart and section of this part. For crops for which catastrophic coverage is available, the crop year will be as defined by such coverage.

Fiber means a slender and greatly elongated natural plant filament, e.g. cotton, flax, etc. used in manufacturing, as determined by CCC.

Final planting date means the date which marks the end of the planting period for the crop and in particular the last day, as determined by CCC, the crop can be planted to reasonably expect to achieve 100 percent of the expected yield in the intended harvest year or planting period.

Food means a material consisting essentially of protein, carbohydrates, and fat used in the body to sustain growth, repair, and vital processes including the crops used for the preparation of food, as determined by CCC.

Good farming practices means the cultural practices generally used for the crop to make normal progress toward maturity and produce at least the individual unit approved yield. These practices are normally those recognized by Cooperative State Research, Education, and Extension Service as com-

patible with agronomic and weather conditions.

Harvested means the producer has removed the crop from the field by hand, mechanically, or by grazing of livestock. The crop is considered harvested once it is removed from the field and placed in a truck or other conveyance or is consumed through the act of grazing. Crops normally placed in a truck or other conveyance and taken off the crop acreage, such as hay are considered harvested when in the bale, whether removed from the field or not.

Industrial crop means a commercial crop, or other agricultural commodity utilized in manufacturing. Industrial crops include castor beans, chia, crambe, crotalaria, cuphea, guar, guayule, hesperaloe, kenaf, lesquerella, meadowfoam, milkweed, plantago, ovato, sesame and other crops specifically designated by CCC.

Intended Use means for a crop or a commodity, the end use for which it is grown and produced.

Multiple planted means the same crop is planted and harvested during two or more distinct planting periods in the same crop year, as determined by CCC.

Normal harvest date means the date harvest of the crop is normally completed in the administrative county, as determined by CCC.

Seed crop means propagation stock commercially produced for sale as seed stock for eligible crops.

Seeded forage means forage on acreage mechanically seeded with forage vegetation at regular intervals, at least every 7 years, in accordance with good farming practices.

T-Yield means the yield which is based on the county expected yield of the crop for the crop year and is used on an adjusted or unadjusted basis to calculate the approved yield for crops covered under the NAP when less than four years of actual, assigned, or appraised yields are available in the APH data base.

Transitional yield means an estimated yield of that name provided in the Federal Crop Insurance Corporation (FCIC) actuarial table which is used to calculate an average/approved APH yield for crops insured under the Federal Crop Insurance Act when less than four

§ 1437.4

years of actual, temporary, and/or assigned yields are available on a crop by county basis.

§ 1437.4 Eligibility.

(a) Noninsured crop disaster assistance for low yield or prevented planting is available to producers of eligible commercial crops or other agricultural commodities, as determined by CCC, for which:

(1) Catastrophic coverage is not available; or

(2) Catastrophic coverage is available in the administrative county, however, the eligible commercial crop or other agricultural commodity is affected by an eligible cause of loss, as determined by CCC, that is not covered by the catastrophic coverage.

(b) Noninsured crop disaster assistance for low yields or prevented planting is available only when loss of the crop occurs as a result of an eligible cause of loss, as determined by CCC.

(c) When other conditions are met, NAP may be available for an eligible loss of:

(1) Any commercial crop grown for food, excluding livestock and their by-products;

(2) Any commercial crop planted and grown for livestock consumption, including but not limited to grain and forage crops; except for the 2001 and preceding crop years assistance for forage produced on Federal- and State-owned lands is available only for seeded forage.

(3) Any commercial crop grown for fiber, excluding trees grown for wood, paper, or pulp products; and

(4) Any commercial production of:

(i) Aquacultural species (including ornamental fish);

(ii) Floricultural crops;

(iii) Ornamental nursery plants;

(iv) Christmas tree crops;

(v) Turfgrass sod;

(vi) Industrial crops;

(vii) Seed crops; and

(viii) Sea grass and sea oats.

§ 1437.5 Coverage period.

(a) The coverage period is the time during which coverage is available

7 CFR Ch. XIV (1-1-06 Edition)

against loss of production of the eligible crop as a result of natural disaster.

(b) The coverage period for annual crops, including annual forage crops, begins the later of 30 calendar days after the date the application for coverage is filed; or the date the crop is planted, not to exceed the final planting date; and ends on the earlier of the date harvest is complete; the normal harvest date of the crop in the area; the date the crop is abandoned; or the date the crop is destroyed.

(c) Except as otherwise specified in this part, the coverage period for biennial and perennial crops begins 30 calendar days after the application closing date; and ends as determined by CCC.

(d) Except as otherwise specified in this part, the coverage period for value loss crops, including ornamental nursery, aquaculture, Christmas tree crops, ginseng, and turfgrass sod; and other eligible crops, including floriculture and mushrooms begins 30 calendar days after the application closing date; and ends the last day of the crop year, as determined by CCC.

(e) The coverage period for honey begins 30 calendar days after the application closing date and ends the last day of the crop year, as determined by CCC.

(f) The coverage period for maple sap begins 30 calendar days after the application closing date and ends on the earlier of the date harvest is complete; or the normal harvest date.

(g) For biennial and perennial forage crops the coverage period begins the later of 30 calendar days after the application closing date; for first year seedlings, the date the crop was planted; or the date following the normal harvest date. The coverage ends on the normal harvest date of the subsequent year.

§ 1437.6 Application for coverage and service fee.

(a) With respect to each crop, commodity or acreage, producers must file an application for coverage under this part no later than the application closing date.

(b) The service fee must be paid at the time of the application. The service fee is \$100 per crop per administrative

county, up to \$300 per producer per administrative county, but not to exceed \$900 per producer.

(c) The service fee will be applied per administrative county by crop definition and planting period, as determined by CCC.

(d) Limited resource farmers may request that the service fee be waived and must request such a waiver prior to, or at the same time the application for coverage is filed. For this purpose, a "limited resource farmer" shall be given the meaning assigned by 7 CFR 457.8.

(e) For 2001 and 2002 crops for which the application closing date would normally have been established prior to March 19, 2002, or established within 60 calendar days after March 19, 2002, producers must within 30 calendar days after March 19, 2002:

(1) Submit a 2001 or 2002 crop application for coverage, as applicable, and pay the applicable service fee; and

(2) Certify the 2000 and 2001 crop year production for the crop, if applicable.

(f) For 2001 and 2002 crops which have suffered damage or loss, producers must, in addition to paragraph (e)(1) of this section, have complied with all requirements of this part prior to its revision on March 19, 2002, (and contained in the 7 CFR, parts 1200 to 1599, edition revised as of January 1, 2002) including having filed a timely:

(1) Report of acreage;

(2) Notice of loss; and

(3) Application for payment.

§ 1437.7 Records.

(a) Producers must maintain records of crop acreage, acreage yields, and production for the crop for which an application for coverage is filed in accordance with §1437.5. For those crops or commodities for which it is impractical, as determined by CCC, to maintain crop acreage, yields or production, producers must maintain records, in addition to the available records required by this section, as may be required in subparts C, D and E, of this part. Producers must retain records of the production and acreage yield for a minimum of 3 years for each crop for which an application for coverage is filed in accordance with §1437.6. Producers may be selected on a random or

targeted basis and be required to provide records acceptable to CCC to support the certification provided. For each crop for which producers file an application for payment in accordance with §1437.10 that is harvested, producers must provide documentary evidence of production, acceptable to CCC, and the date harvest was completed. Such documentary evidence must be filed not later than the application closing date for the crop in the subsequent crop year. Records of a previous crop year's production for inclusion in the actual production history database used to calculate an approved yield for the current crop year must be certified by the producer no later than the application closing date for the crop in the current crop year. Production data provided after the application closing date in the current crop year for the crop may be included in the actual production history data base for the calculation of subsequent approved yield calculations if accompanied by acceptable records of production as determined by CCC. Records of production acceptable to CCC may include:

(1) Commercial receipts, settlement sheets, warehouse ledger sheets, or load summaries if the eligible crop was sold or otherwise disposed of through commercial channels provided the records are reliable or verifiable as determined by CCC; and

(2) Such documentary evidence such as contemporaneous measurements, truck scale tickets, and contemporaneous diaries, as is necessary in order to verify the information provided if the eligible crop has been fed to livestock, or otherwise disposed of other than through commercial channels, provided the records are reliable or verifiable as determined by CCC. If the crop will be disposed of through retail sales, such as: roadside stands, u-pick, etc. and the producer will not be able to certify acceptable records of production, the producer must request an appraisal of the unit acreage prior to harvest of the crop acreage.

(b) Producers must provide verifiable evidence, as determined by CCC, of:

(1) An interest in the commodity produced or control of the crop acreage on which the commodity was grown at the time of disaster; and

§ 1437.8

(2) The authority of the applicable individual to execute program documents.

(c) Reports of acreage planted or intended but prevented from being planted must be provided to CCC at the administrative FSA office for the acreage no later than the date specified by CCC for each crop and location. Reports of acreage filed beyond the date specified by CCC for the crop and location may, however, be considered timely filed if all the provisions of 7 CFR 718.103 are met. In the case of a crop-share arrangement, all producers will be bound by the acreage report filed by the landowner or operator unless the producer files a separate acreage report prior to the date specified by CCC for the crop and location. Reports of acreage planted or intended and prevented from being planted must include all of the following information:

(1) Number of acres of the eligible crop in the administrative county (for each planting in the event of multiple planting) in which the producer has a share;

(2) Zero acres planted when the producer's crop for which an application for coverage was filed, is not planted;

(3) The producer's share of the eligible crop at the time an application for coverage was filed;

(4) The FSA farm serial number;

(5) The identity of the crop, practices, intended uses, and for forage crops, the predominant species or type and variety of the vegetation;

(6) The identity of all producers sharing in the crop;

(7) The date the crop was planted or planting was completed, including the age of the perennial crops; and

(8) The acreage intended but prevented from being planted.

(d) Producers receiving a guaranteed payment for planted acreage, as opposed to receiving a payment only upon delivery of the production must provide documentation of any written or verbal contract or arrangement with the buyer to CCC. Net production, as determined by CCC, may be adjusted upward by the amount of production corresponding to the amount of the contract payment received.

(e) Producers must provide documentation of any salvage value re-

7 CFR Ch. XIV (1-1-06 Edition)

ceived by or made available for the quantity of the crop or commodity that cannot be marketed or sold in any market, as determined by CCC and any value received by or made available for a secondary use of the crop or commodity.

(f) Producers requesting payment under this part must maintain records which substantiate gross revenue for the tax year preceding the crop year for which coverage is requested.

(g) Producers requesting a waiver of service fees as a limited resource producer must maintain records which substantiate annual gross income for the two tax years preceding the crop year for which coverage is requested.

§ 1437.8 Unit division.

Except as determined by CCC, a unit shall be all acreage of the eligible crop in the administrative county operated by the same producer(s). In cases where the owners of land are also producers, units shall be further divided based on ownership interest of the land.

§ 1437.9 Causes of loss.

(a) To be eligible for benefits under this part, crops must be damaged or prevented from being planted by drought, flood or other natural disasters and conditions related thereto. Not all named perils are eligible causes of loss for all crops. Eligible causes of loss include:

(1) Damaging weather occurring prior to or during harvest, including but not limited to drought, hail, excessive moisture, freeze, tornado, hurricane, excessive wind, or any combination thereof;

(2) Adverse natural occurrence occurring prior to or during harvest, such as earthquake, flood, or volcanic eruption; and

(3) A related condition, including but not limited to heat, insect infestation, or disease, which occurs as a result of an adverse natural occurrence or damaging weather occurring prior to or during harvest, that directly causes, accelerates, or exacerbates the destruction or deterioration of an eligible crop, as determined by the Secretary.

(b) Ineligible causes of loss include but are not limited to:

Commodity Credit Corporation, USDA

§ 1437.10

(1) Factors or circumstances that are not the result of an eligible cause of loss affecting specific crop or commodity;

(2) The negligence or malfeasance of the producer;

(3) The failure of the producer to reseed to the same crop in those areas and under such circumstances where it is customary to reseed;

(4) Failure of the producer to follow good farming practices, as determined by CCC;

(5) Water contained or released by any governmental, public, or private dam or reservoir project, if an easement exists on the acreage affected for the containment or release of the water;

(6) Failure or breakdown of irrigation equipment or facilities; or

(7) Except for tree crops and perennials, inadequate irrigation resources at the beginning of the crop year;

(8) A loss of inventory (or yield as applicable) of aquaculture (including ornamental fish), floriculture or ornamental nursery stemming from drought or any failure to provide water, soil, or growing media to such crop for any reason;

(9) Any failure to provide a controlled environment or exercise good nursery practices where such controlled environment or practices are a condition of eligibility under this part.

§ 1437.10 Notice of loss and application for payment.

(a) At least one producer having a share in the unit must provide a notice of loss to CCC in the administrative FSA office for the unit, within:

(1) For prevented planting claims, 15 calendar days after the final planting date,

(2) For low yield claims and allowable value loss, the earlier of:

(i) 15 calendar days after the damaging weather or adverse natural occurrence, or date loss of the crop or commodity becomes apparent for low yield claims; and

(ii) 15 calendar days after the normal harvest date.

(b) For each crop for which a notice of loss is filed, producers must provide the following information:

(1) Crop by type or variety, as applicable;

(2) The cause of the crop damage;

(3) Date the loss occurred, as applicable;

(4) Date the damage or loss became apparent;

(5) The existence of a guaranteed payment through a contract or agreement for planted acreage as opposed to delivery of production, if one exists;

(6) Type of crop loss occurred, e.g. prevented planting or low yield;

(7) Practices employed to grow the crop, e.g. irrigated or non-irrigated;

(8) For prevented planting:

(i) Total acreage intended to be planted to the crop in the administrative county;

(ii) Total acreage planted by the producer to the crop in the administrative county;

(iii) Whether a purchase, delivery, or arrangement for purchase or delivery was made for seed, chemicals, fertilizer, etc; and

(iv) What and when land preparation measures, e.g. cultivation, etc. were completed and indicate what has been done or will be done with the acreage, e.g. abandoned, replanted, etc.

(9) For low yield:

(i) Total acreage planted by the producer to the crop in the administrative county;

(ii) Total acreage of the crop in the administrative county affected;

(iii) What and when land preparation measures and practices, e.g. cultivation, planting, irrigated, etc. were completed before and after the loss; and

(iv) What will be done with the affected crop acreage, e.g. harvested, destroyed and replanted to a different crop, abandoned, etc.

(10) Any such other information requested by CCC to establish the loss.

(c) A notice of loss provided beyond the time specified in paragraph (a) of this section may be considered timely filed if, at the discretion of CCC, provided at such time to permit an authorized CCC representative the opportunity to:

(1) Verify the information on the notice of loss by inspection of the specific acreage or crop involved; and

(2) Determine, based on information obtained by inspection of the specific

§ 1437.11

acreage or crop involved, that an eligible cause of loss, as opposed to other circumstance, caused the claimed damage or loss.

(d) Crop acreage that will not be harvested, i.e. acreage that is to be abandoned or destroyed or in the case of forage acreage intended to be mechanically harvested but grazed, must be left intact and producers must request, in the administrative FSA office for the acreage, a crop appraisal and release of crop acreage by a FCIC- or CCC-approved loss adjustor:

(1) Prior to destruction or abandonment of the crop acreage; or

(2) No later than the normal harvest date, as determined by CCC.

(e) Producers must apply for payments prior to the earlier of the:

(1) Date an application for coverage is filed for the crop for the subsequent crop year; or

(2) Application closing date for the crop for the subsequent crop year.

§ 1437.11 Average market price and payment factors.

(a) An average market price will be used to calculate assistance under this part and will be:

(1) A dollar value per the applicable unit of measure of the eligible crop;

(2) Determined on a harvested basis without the inclusion of transportation, storage, processing, marketing, or other post-harvest expenses, as determined by CCC;

(3) Comparable with established FCIC prices; and

(4) Determined, as practicable, for each intended use of a crop within a State for a crop year.

(b) For these purposes, where needed, an Animal-unit-days (AUD) value will be based on the national average price of corn and the daily requirement of 13.6 megacalories of net energy for maintenance of 1 animal unit.

(c) Payment factors will be used to calculate assistance for crops produced with significant and variable harvesting expenses that are not incurred because the crop acreage was prevented planted or planted but not harvested, as determined by CCC.

(d) An adjusted market price will be calculated based on the provisions in this section and others as may apply. A

7 CFR Ch. XIV (1-1-06 Edition)

final payment price will be determined by multiplying, as appropriate, the average market price by the applicable payment factor (i.e. harvested, unharvested, or prevented planting) by 55 percent or, by multiplying the applicable AUD (as adjusted, if adjusted) by 55 percent.

§ 1437.12 Crop definition.

(a) For the purpose of providing benefits under this part, CCC will, at its discretion, define crops as specified in this section.

(b) CCC may separate or combine types and varieties as a crop when specific credible information as determined by CCC is provided showing the crop of a specific type or variety has a significantly different or similar value when compared to other types or varieties, as determined by CCC.

(c) CCC may recognize two or more different crops planted on the same acreage intended for harvest during the same crop year as two or more separate crops. The crop acreage may include a crop intended for harvest before planting of a succeeding crop or a succeeding crop interseeded with the preceding crop prior to intended harvest of the preceding crop. The acreage must be in an area where the practice is recognized as a good farming practice, as determined by CCC, and all crops are recognized by CCC as able to achieve the expected yield, as determined by CCC.

(d) CCC may consider crop acreage that is harvested more than once during the same crop year from the same plant as a single crop. The acreage must be in an area where the practice is recognized as a good farming practice, as determined by CCC.

(e) CCC may consider each planting period of multiple planted acreage as a separate crop. The acreage must be in an area where the practice is recognized as a good farming practice, as determined by CCC.

(f) CCC may define forage as separate crops according to the intended method of harvest, either mechanical harvest or grazed.

(g) Forage acreage intended to be grazed may be further defined as warm and cool season forage crops.

Commodity Credit Corporation, USDA

§ 1437.15

(h) Forage acreage intended to be mechanically harvested may be defined as a separate crop from grazed forage and may be separated based upon the commodity used as forage, to the extent such separation is allowed under paragraph (b) of this section.

(i) Crop acreage intended for the production of seed may be considered a separate crop from other intended uses, as determined by CCC, if all the following criteria apply:

(1) The specific crop acreage is seeded, or intended to be seeded, with an intent of producing commercial seed as its primary intended use;

(2) There is no possibility of other commercial uses of production from the same crop without regard to market conditions; and

(3) The growing period of the specific crop acreage is uniquely conducive to the production of commercial seed and not conducive to the production of any other intended use of the crop, (e.g. vernalization in a biennial crop such as carrots and onions) and that accommodation renders the possibility of production for any other intended use of the crop improbable.

§ 1437.13 Multiple benefits.

(a) If a producer is eligible to receive payments under this part and benefits under any other program administered by the Secretary for the same crop loss, the producer must choose whether to receive the other program benefits or payments under this part, but shall not be eligible for both. The limitation on multiple benefits prohibits a producer from being compensated more than once for the same loss.

(b) The limitation on multiple benefits in paragraph (a) of this section shall not apply in any respect to Emergency Loans under subtitle C of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 *et seq.*).

(c) The restriction on multiple benefits does not relieve the producer from the requirements of making a production and acreage report.

(d) If the other USDA program benefits are not available until after an application for benefits has been filed under this part, the producer may, to avoid this restriction on such other benefits, refund the total amount of

the payment to the administrative FSA office from which the payment was received.

§ 1437.14 Payment and income limitations.

(a) NAP payments shall not be made in excess of \$100,000 per person per crop year under this part.

(b) NAP payments shall not be made to a person who has qualifying gross revenues in excess of \$2 million for the most recent tax year preceding the year for which assistance is requested. Qualifying gross revenue means:

(1) With respect to a person who receives more than 50 percent of such person's gross income from farming, ranching, and forestry operations, the annual gross income for the taxable year from such operations; and

(2) With respect to a person who receives 50 percent or less of such person's gross income from farming, ranching, and forestry operations, the person's total gross income for the taxable year from all sources.

(c) CCC will pay, for up to one year, simple interest on payments to producers which are delayed. Interest will be paid on the net amount ultimately found to be due, and will begin accruing on the 31st day after the date the producer signs, dates, and submits a properly completed application for payment on the designated form, or the 31st day after a disputed application is adjudicated. Interest will be paid unless the reason for failure to timely pay is due to the producer's failure to provide information or other material necessary for the computation of payment, or there was a genuine dispute concerning eligibility for payment.

(d) Rules set out in 7 CFR part 1400 shall apply in implementing the restrictions of this section.

§ 1437.15 Miscellaneous provisions.

(a) To be eligible for benefits under this part, producers must be in compliance with the highly erodible land and wetlands provisions of part 12 of this title.

(b) The provisions of § 718.11 of this title, providing for ineligibility for benefits for offenses involving controlled substances, shall apply.

§ 1437.101

7 CFR Ch. XIV (1-1-06 Edition)

(c) A person shall be ineligible to receive assistance under this part for the crop year plus two subsequent crop years if it is determined by the State or county committee or an official of FSA that such person has:

(1) Adopted any scheme or other device that tends to defeat the purpose of a program operated under this part;

(2) Made any fraudulent representation with respect to such program; or

(3) Misrepresented any fact affecting a program determination.

(d) All amounts paid by CCC to any such producer, applicable to the crop year in which a violation of this part occurs, must be refunded to CCC together with interest and other amounts as determined appropriate to the circumstances by CCC.

(e) All persons with a financial interest in the operation receiving benefits under this part shall be jointly and severally liable for any refund, including related charges, which is determined to be due CCC for any reason under this part.

(f) In the event that any request for assistance or payments under this part was established as result of erroneous information or a miscalculation, the assistance or payment shall be recalculated and any excess refunded with applicable interest.

(g) The liability of any person for any penalty under this part or for any refund to CCC or related charge arising in connection therewith shall be in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001 and 1014; 15 U.S.C. 714m; and 31 U. S. C. 3729.

(h) The appeal regulations at parts 11 and 780 of this title apply to decisions made according to this part.

(i) Any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof.

(j) For the purposes of 28 U.S.C. 3201(e), the Secretary hereby waives the restriction on receipt of funds or benefits under this program but only as to beneficiaries who as a condition of such waiver agree to apply the benefits

to reduce the amount of the judgement lien.

(k) The provisions of parts 1400, 1403 and 1404 of this chapter apply to NAP.

(1) In the case of death, incompetence or disappearance of any person who is eligible to receive payments under this part, such payments will be disbursed in accordance with part 707 of this title.

Subpart B—Determining Yield Coverage Using Actual Production History

§ 1437.101 Actual production history.

Actual production history will be used, except as otherwise indicated in this part, as the basis for providing noninsured crop disaster assistance.

§ 1437.102 Yield determinations.

(a) Payments based on yields shall be made on “approved yields”, which shall be calculated based on the producer’s APH for that period up to ten years for which, of the first time such a yield is calculated, there are consecutive years, beginning with the most recent completed year, of actual production history for the producer. If there are not four such consecutive years of history (excluding years when the crop was out of rotation), then such first “approved yield” shall be constructed by creating a four year history as provided for in this part. After the first such approved yield is constructed, years will be added to that history in the manner provided for in this section, dropping, as needed, previous years from the history to the extent that the current history would be a history or base of ten years. For the first approved yield, as needed to construct a four-year history, history will be supplied using T-yields, as set out in paragraph (b) of this section.

(b) The county expected yield:

(1) Is the “T-yield” for the crop, and is the Olympic average (disregarding the high and low yields) of yields in the county the 5 consecutive crop years immediately preceding the previous crop year. (Example: For the 2001 crop year, the base period would be 1995 through 1999).

(2) Will be the same as the FCIC transitional yield if crop insurance is available for the crop, (but not necessarily for the cause of loss if excluded by policy provisions), in the administrative county.

(3) Will be calculated so as to be comparable to the FCIC transitional yield most reasonable to the area if crop insurance was available for the crop (but not necessarily for the cause of loss) in contiguous counties, but not in the immediate county.

(c) Available historical information will be used to establish the county expected yields. Historical information is available from sources including, but is not limited to, National Agricultural Statistics Service data, Cooperative State Research, Education, and Extension Service records, Federal Crop Insurance Data, credible non-government studies, yields in similar areas, and reported actual yield data. Such yields will be based on the acreage intended for harvest.

(d) County expected yields may be adjusted for:

(1) Yield variations due to different farming practices in the administrative county such as: irrigated, nonirrigated, and organic practices; and

(2) Cultural practices, including the age of the planting when such practices are different from those used on acreage to establish the yield.

(e) A T-yield will be used in the actual production history database when less than four consecutive crop years of actual, assigned, or zero yields, as applicable, are available. For those producers who have land physically located in multiple counties and administered out of one county office, the T-yield for all land for the producer will be based on the administrative county's expected yield for that crop. Where a four-year base must be constructed for the producer's first approved yield because the producer does not have at least four consecutive years of actual history starting with the most recent year, then:

(1) If an approved yield had not previously been calculated for the crop and there are no production records available for the most recent crop year, or if there is no formula provided for the producer under paragraphs (e)(2)

through (4) of this section, then the approved yield for the current crop year will be calculated on the simple average of 65 percent of the applicable T-yield for each of the four years of the constructed base;

(2) If certified acceptable production records are available for only the most recent crop year and there are no zero (credited) or assigned yields in the producer's history, the approved yield for the current crop year will be calculated on the simple average of the one actual yield plus 80 percent of the applicable T-Yield for the missing crop years.

(3) If certified acceptable production records are available for only the two most recent crop years and there are no zero (credited) or assigned yields in the APH database, the approved yield for the current crop year will be calculated on the simple average of the two actual yields plus 90 percent of the applicable T-yield for the missing years.

(4) If certified acceptable production records are available for only the three most recent crop years and there are no zero (credited) or assigned yields in the APH database, the approved yield will be calculated on the simple average of the three actual yields plus 100 percent of the applicable T-Yield for the missing year.

(f) CCC will reduce unadjusted T-yields placed in the actual production history database when, as determined by CCC, an unadjusted T-yield does not accurately reflect the productive capability of specific crop acreage.

(g) An actual yield includes the total amount of harvested and appraised production on a per acre, or other basis, as applicable.

(h) Once an approved yield has been calculated for any year, then thereafter an assigned yield will be used to update or extend the producer's actual production history (or base) database when producers fail to certify a report of production after the approved yield was calculated and the following standards shall apply:

(1) The assigned one-year yield will be equal to 75 percent of the approved yield calculated for the most recent crop year for which producers do not certify a report of production.

§ 1437.102

7 CFR Ch. XIV (1-1-06 Edition)

(2) Producers may have only one assigned yield in the actual production history database.

(3) Producers may replace an assigned yield with an actual yield by providing a certification of production and production records for the applicable crop year in accordance with §1437.7.

(4) If the acreage of a crop in the administrative county in which the unit is located for the crop year increases by more than 100 percent over any year in the preceding seven crop years, or significantly from the previous crop years, as determined by CCC, producers may not receive an assigned yield and will receive a zero credited yield, unless producers provide:

(i) Detailed documentation of production costs, acres planted, and yield for the crop year for which the producer is requesting assistance, or

(ii) If CCC determines those records are inadequate, proof that the eligible crop, had it been harvested, could have been marketed at a reasonable price.

(5) Notwithstanding paragraph (h)(4) of this section an assigned yield may be used if:

(i) The planted acreage for the crop has been inspected by a third party acceptable to CCC, or

(ii) The FSA county executive director, with the concurrence of the FSA state executive director, makes a recommendation for an exemption from the requirements and such recommendation is approved by CCC.

(6) A zero credited yield will be used to the extent provided for in paragraph (i) of this section.

(i) A zero credited yield will be placed in the actual production history database for each crop year, following the crop year containing an assigned yield, for which producers do not certify a report of production. A zero credited yield may be replaced with an actual yield by providing a certification of production and production records for the applicable crop year in accordance with §1437.7.

(j) An approved yield is calculated as the simple average of a minimum of four, not to exceed a maximum of 10 consecutive crop year yields for the crops, or as determined by CCC and as provided in this section.

(1) If, for one or more actual production history crop years used to establish the approved yield, the actual or appraised yield is less than 65 percent of the current crop year T-yield due to losses incurred in a disaster year, as determined by CCC, producers may request CCC replace the applicable yield with a yield equal to 65 percent of the current crop year T-yield.

(2) If approved yields were calculated for any of the 1995 through 2000 crop years, and subsequently in that period production was not certified, producers may request CCC replace the missing yields for such years with yields equal to the higher of 65 percent of the current crop year T-yield or the missing crop years actual yield.

(3) If producers add land in the farming operation and do not have available production records for the added land CCC will calculate an approved yield for the new unit by utilizing the actual production history yields for the existing unit. In the event the crop suffers a loss greater than 50 percent of the initial approved yield for the crop year and unit acreage has increased by more than 75 percent of the historical average acreage, CCC may adjust the approved yield, as determined by CCC.

(k) If a producer is a new producer, the approved yield may be based on unadjusted T-Yields or a combination of actual yields and unadjusted T-Yields. A new producer is a person who has not been actively engaged in farming for a share of the production of the eligible crop in the administrative county for more than two APH crop years. Formation or dissolution of an entity which includes individuals with more than two APH crop years of production history during the base period does not qualify the new entity as a new producer for APH determination purposes.

(l) If producers qualify as a new producer and have produced the crop for 1 or 2 crop years, producers must provide to CCC at the administrative FSA office serving the area in which the crop is located, a certification and records of production for those crop years.

(m) Further adjustments may be made as necessary to accomplish the purposes of this program.

§ 1437.103 Determining payments for low yield.

(a) Except to the extent that the loss calculation provisions of other subparts apply, and subject to limitations set out elsewhere in this part and in this title and to the availability of funds, payments under this part shall be made on eligible crops with eligible losses by:

(1) Multiplying the total eligible acreage planted to the eligible crop by the producers share, and subject to provisions for specific crops provided elsewhere in this part;

(2) Multiplying the product of paragraph (a)(1) of this section by 50 percent of the approved yield per acre for the commodity for the producer.

(3) Subtracting net production of the total eligible acreage from the product of paragraph (a)(2) of this section;

(4) Multiplying the difference calculated under paragraph (a)(3) of this section by the final payment price calculated under §1437.11, and then

(5) Subtracting the value of salvage and secondary use.

(b) Further adjustments may be made as needed to accomplish the purposes and goals of the program.

§ 1437.104 Honey.

(a) Honey production eligible for benefits under this part includes table and non-table honey produced commercially.

(b) All of a producer's honey will be considered a single crop, regardless of type or variety of floral source or intended use.

(c) The crop year for honey production is the calendar year, January 1 through December 31.

(d) In addition to filing a report of acreage in accordance with §1437.7, honey producers must provide a record of colonies to CCC. The report of colonies must be filed before the crop year for which producers seek to maintain coverage. The report of colonies shall include:

(1) The address of the producer's headquarters and FSA farm serial number, if available;

(2) Names and shares of each person sharing in the honey produced from the unit;

(3) The number of all colonies of bees belonging to the unit;

(4) The names of counties in which colonies of bees are located as of the date of the report; and

(5) A certification of the number of colonies reported including all colonies from which production is expected.

(e) The honey unit shall consist of all the producer's bee colonies, regardless of location.

(f) Producers must designate a FSA office as the control office for the honey operation. Producers must complete the following actions only in the control office:

(1) File an application for coverage;

(2) File a report of colonies;

(3) Report total unit production; and

(4) Request to change a unit's control office.

(g) Actions that may be taken in any Administrative FSA office includes:

(1) Designating or selecting another control office; or

(2) Filing a notice of loss in accordance with §1437.10.

(h) Producers must notify the control office designated in accordance with paragraph (f) of this section within 30 calendar days of the date of:

(1) Any changes in the total number of colonies; and

(2) The movement of any colonies into any additional counties.

(i) Payments will be based on the amount of losses for this community in excess of a 50 percent loss level at a rate determined in accord with this part and the authorizing legislation.

§ 1437.105 Maple sap.

(a) NAP assistance for maple sap is limited to maple sap produced on private property for sale as sap or syrup. Eligible maple sap must be produced from trees that:

(1) Are located on land the producer controls by ownership or lease;

(2) Are managed for production of maple sap;

(3) Are at least 30 years old and 12 inches in diameter; and

(4) Have a maximum of 4 taps per tree according to the tree's diameter.

(b) The crop year for maple sap production is the calendar year, January 1 through December 31.

(c) If producers file an application for coverage in accordance with §1437.6, tree acreage containing trees from which maple sap is produced or is to be produced must be reported to CCC no later than the beginning of the crop year.

(d) In addition to the applicable records required under §1437.7, producers must report the:

- (1) Total number of eligible trees on the unit;
- (2) Average size and age of producing trees; and
- (3) Total number of taps placed or anticipated for the tapping season.

(e) A maximum county-expected-yield for maple sap shall be 10 gallons of sap per tap per crop year unless acceptable documentary evidence, as determined by CCC, is available to CCC to support a higher county-expected-yield.

(f) The average market price for maple sap must be established for the value of the sap before processing into syrup. If price data is available only for maple syrup, this data must be converted to a maple sap basis. The wholesale price for a gallon of maple syrup shall be multiplied by 0.00936 to arrive at the average market price of a gallon of maple sap.

(g) The actual production history for maple sap shall be recorded on the basis of gallons of sap per tap.

(h) The unit's expected production is determined by:

- (1) Multiplying the number of taps placed in eligible trees; by
- (2) The approved per tap yield as determined in accordance with §1437.102.

(i) Payments will be based on the amount of losses for this community in excess of a 50 percent loss level at a rate determined in accord with this part and the authorizing legislation.

§§ 1437.106–1437.200 [Reserved]

Subpart C—Determining Coverage for Prevented Planted Acreage

§ 1437.201 Prevented planting acreage.

(a) Prevented planting is the inability to plant an eligible crop with proper equipment during the planting pe-

riod as a result of an eligible cause of loss, as determined by CCC.

(b) The eligible cause of loss that prevented planting must have:

- (1) Occurred after a previous planting period for the crop and
- (2) Before the final planting date for the crop in the applicable crop year or in the case of multiple plantings, the harvest date of the first planting in the applicable planting period, and
- (3) Generally affected other producers in the area, as determined by CCC.

(c) Producers must be prevented from planting more than 35 percent of the total eligible acreage intended for planting to the eligible crop and in the case of multiple planting, more than 35 percent of the total eligible acres intended to be planted within the applicable planting period.

(d) Eligible prevented planting acreage will be determined on the basis of the producer's intent to plant the crop acreage, and possession of, or access to, resources to plant, grow, and harvest the crop, as applicable.

(e) Acreage ineligible for prevented planting coverage includes, but is not limited to:

- (1) Acreage which planting history or conservation plans indicate would remain fallow for crop rotation purposes; and
- (2) Acreage used for conservation purposes or intended to be or considered to have been left unplanted under any program administered by USDA, including the Conservation Reserve and Wetland Reserve Programs.

§ 1437.202 Determining payments for prevented planting.

(a) Subject to limitations, availability of funds, and specific provisions dealing with specific crops, a payment for prevented planting will be determined by:

- (1) Multiplying the producer's total eligible acreage intended for planting to the eligible crop by the producer's share;
- (2) Multiplying the product of paragraph (a)(1) of this section by 65 percent;
- (3) Subtracting the total acres planted from the product of paragraph (a)(2) of this section;

(4) Multiplying the product of paragraph (a)(3) of this section by 50 percent of the producer's approved yield;

(5) Multiplying the product of paragraph (a)(4) of this section by the final payment price for the producer's crop as calculated by the agency under §1437.11.

(b) Yields for purposes of paragraph (a) of this section shall be calculated in the same manner as for low-yield claims.

§§ 1437.203–1437.300 [Reserved]

Subpart D—Determining Coverage Using Value

§ 1437.301 Value loss.

(a) Special provisions are required to assess losses and calculate assistance for a few crops and commodities which do not lend themselves to yield loss situations. Assistance for these commodities is calculated based on the loss of value at the time of disaster. The agency shall determine which crops shall be treated as value-loss crops, but unless otherwise announced, such crops shall be limited to those identified in §§1437.303 through 1437.309 as value loss crops. Lost productions of value loss crops shall be compensable only under this subpart.

(b) The crop year for all value loss crops is October 1 through September 30.

(c) Producers must file an application for coverage in accordance with §1437.6, and must:

(1) Provide a report of the crop, commodity, and facility to CCC for the acreage or facility, in a form prescribed by CCC, no later than the beginning of the crop year.

(2) Maintain a verifiable inventory of the eligible crop throughout the crop year; and

(3) Provide an accurate accounting of the inventory, as required by CCC.

§ 1437.302 Determining payments.

Subject to all restrictions and the availability of funds, value loss payments for qualifying losses will be determined by:

(a) Multiplying the field market value of the crop before the disaster by 50 percent;

(b) Subtracting the sum of the field market value after the disaster and value of ineligible causes of loss from the result from paragraph (a)(1) of this section;

(c) Multiplying the result from paragraph (a)(2) of this section by the producer's share;

(d) Multiplying the result from paragraph (a)(3) of this section by 55 percent plus whatever factor deemed appropriate to reflect savings from non-harvesting of the damaged crop or other factors as appropriate;

(e) Multiplying the salvage value by the producer's share;

(f) Subtracting the result from paragraph (a)(5) of this section from the result from paragraph (a)(4) of this section.

§ 1437.303 Aquaculture, including ornamental fish.

(a) Aquaculture is a value loss crop and is compensable only in accord with restrictions set in this section. Eligible aquacultural species shall only include:

§ 1437.304

7 CFR Ch. XIV (1-1-06 Edition)

containment of the seeded aquacultural species.

(e) In the crop year in which a notice of loss is filed, producers may be required, at the discretion of CCC, to provide evidence that the aquacultural species are produced in a facility in accordance with paragraphs (b), (c) and (d) of this section.

§ 1437.304 Floriculture.

(a) Floriculture, except for seed crops as specified in paragraph (d) of this section, is a value loss crop and is compensable only in accord with restrictions set in this section. Eligible floriculture shall be limited to commercial production of:

(1) Field-grown flowers, including flowers grown in containers or other growing medium maintained in a field setting according to industry standards, as determined by CCC; and

(2) Tubers and bulbs, for use as propagation stock of eligible floriculture plants; and

(3) Seed for propagation of eligible floriculture plants.

(b) Floriculture does not include flowering plants indigenous to the location of the floriculture facility or acreage.

(c) Eligible floriculture must be grown in a region or controlled environment conducive to the successful production of flowers, tubers, and bulbs, as determined by CCC.

(d) Claims on losses on the production of flower seed for propagation of eligible floriculture plants will not be treated under "value loss" rules, but under the rules for normal production low yield crops under subpart B of this part.

(e) The facility or acreage for eligible floriculture must be managed and maintained using good floriculture growing practices. At a minimum, producers are responsible for providing a controlled environment and must ensure adequate and proper fertilization, irrigation, weed control, insect and disease control, and rodent and wildlife control.

(f) In the crop year in which a notice of loss is filed, producers may be required, at the discretion of CCC, to provide evidence the floriculture is pro-

duced in accordance with paragraph (e) of this section.

(g) Flowers having any dollar value shall be counted as having full value for loss calculations. Damaged plants that are determined able to rejuvenate or determined to be merely stunted shall be counted as worth full value.

§ 1437.305 Ornamental nursery.

(a) Eligible ornamental nursery stock is a value loss crop and is compensable only in accord with restrictions set out in this section. Eligible ornamental nursery stock is limited to field-grown and containerized decorative plants grown in a controlled environment for commercial sale.

(b) The property upon which the nursery stock is located must be owned or leased by the producer.

(c) The eligible nursery stock must be placed in the ornamental nursery facility and not be indigenous to the facility.

(d) The facility must be managed and cared for using good nursery growing practices for the geographical region. At a minimum producers must provide a controlled environment and ensure adequate and proper flood prevention, growing medium, fertilization, irrigation, insect and disease control, weed control, rodent and wildlife control, and over-winterization storage facilities.

(e) An ornamental plant having any value as an ornamental plant, or a damaged ornamental plant that may rejuvenate and re-establish value as an ornamental plant, shall be considered as worth full value based on the age or size of the plant at the time of disaster.

(f) In the crop year in which a notice of loss is filed, producers may be required, at the discretion of CCC, to provide evidence the ornamental nursery is maintained in accordance with this section.

§ 1437.306 Christmas tree crops.

(a) A Christmas tree is a value loss crop and may generate a claim for benefits under this part only if the tree was grown exclusively for commercial use as a Christmas tree, and only if other requirements of this section are met.

(b) The unit of measure for all Christmas tree crops is a plant.

(c) A Christmas tree having any value as a Christmas tree, or a damaged Christmas tree that may rejuvenate and re-establish value as a Christmas tree, shall be considered as worth full value based on the age of the tree at the time of disaster.

§ 1437.307 Mushrooms.

(a) Eligible mushrooms is a value loss crop and is only compensable in accord with the restrictions of this section. To be eligible, the mushrooms must be grown as a commercial crop in a facility with a controlled environment utilizing good mushroom growing practices. The facility must be located on private property either owned or leased by the producer.

(b) The controlled environment for eligible mushrooms must include primary and backup systems for:

§ 1437.308 Ginseng.

(a) Ginseng is a value loss crop and is compensable only as allowed in this section. Ginseng is eligible only if:

- (1) The ginseng includes stratified seeds for use as propagation stock in a commercial ginseng operation or rootlet for commercial sale that are grown

in a controlled, cultivatable environment on private property either owned or leased by the producer; and

(2) The ginseng is grown using good ginseng growing practices with all plant needs supplied and under control of the producer;

(e) In the crop year in which a notice of loss is filed, producers may be required, at the discretion of CCC, to provide evidence the ginseng was produced in accordance with this section.

§ 1437.309 Turfgrass sod.

(a) Turfgrass sod is a value loss crop and is the upper stratum of soil bound by mature grass and plant roots into a

§ 1437.310

thick mat produced in commercial quantities for sale.

(b) Specific species, types or varieties of grass intended for turfgrass sod will be considered a separate crop without regard to other intended uses.

(c) The unit of measure for all turfgrass sod shall be a square yard.

(d) Turfgrass sod having any value shall be considered as worth full value.

(e) In addition to the records required in §1437.7, producers seeking payment must provide information to CCC regarding the average number of square yards per acre and all unharvested areas.

(b) An eligible commodity under this section intended for sale on a commercial basis as:

(1) An ornamental plant can produce a claim in the event of a loss due to a qualifying condition only in the same manner and subject to the same conditions as ornamental nursery stock under §1437.305 and such claims shall not, as such, be subject to the provisions of paragraphs (c) through (h) of this section, except to the extent that similar provisions apply to claims under §1437.305.

(2) Propagation stock (seed or transplant) can produce a claim under this part but only in accord with the provisions that follow in this section and subject to other conditions on payment as may be imposed elsewhere in this part.

(c) For purposes of a loss calculation arising under paragraph (b)(2) of this section, the value of:

(1) Seed will be determined on a yield basis made in accordance with subpart B of this part and average market price established in accordance with §1437.11.

(2) Transplant losses will be determined based on inventory that existed immediately before and after the disaster and average market price established in accordance with §1437.11.

(d) Transplant producers must have up-to-date inventory and sales records

7 CFR Ch. XIV (1-1-06 Edition)

and other documents, sufficient to document actual losses, as determined by CCC.

(e) The land, waterbed, or facility in which the eligible commodity was located at the time of loss must:

(1) Be owned or leased by the producer;

(2) Have readily identifiable boundaries; and

(3) Be managed and maintained using acceptable growing practices for the geographical region, as determined by CCC.

(f) The producer must have control of the land, waterbed, or facility and must ensure adequate and proper:

(1) Flood prevention;

(2) Growing medium;

(3) Fertilization or feeding;

(4) Irrigation and water quality;

(5) Weed control;

(6) Pest and disease control;

(7) Rodent and wildlife control; and

(8) Over-winterization facilities, as applicable.

(g) The eligible commodity must be:

(1) Grown in a region or controlled environment conducive to successful production, as determined by CCC; and

(2) Placed in the waterbed or facility in which the loss occurs and not be indigenous to the waterbed or facility.

(h) Eligible commodities having any dollar value after the disaster shall be considered as having full value when making loss calculations. Also, damaged plants that do not have any value after the disaster but that can be rejuvenated or may, if not fully rejuvenated, reacquire value, shall be counted as worth full value as well.

(i) In the crop year in which a notice of loss is filed, producers may be required, at the discretion of CCC, to provide evidence that the eligible commodity was produced in accordance with paragraphs (e), (f), and (g) of this section and other provisions of this part.

§§ 1437.311–1437.400 [Reserved]

Subpart E—Determining Coverage of Forage Intended for Animal Consumption

§ 1437.401 Forage.

(a) Forage eligible to generate benefits under this part is limited to vegetation produced for animal consumption in a commercial operation using acceptable farming, pasture and range management practices for the location necessary to sustain sufficient quality and quantity of the vegetation so as to be suitable for grazing livestock or mechanical harvest. Forage to be mechanically harvested shall be treated under the rules for low-yield crops as calculated under §1437.103. Claims on forage for grazing benefits will, contrariwise, be determined under this subpart. However, the provisions in this subpart shall govern for all claims including forage for mechanical harvest.

(b) Producers of forage must, in addition to the records required in §1437.7, specify the intended method of harvest of all acreage intended as forage for livestock consumption as either mechanically or grazed.

(c) Producers must, in the administrative FSA office for the unit, request an appraisal prior to the onset of grazing of any intended mechanically harvested forage acreage that will be both mechanically harvested and grazed.

(d) Forage acreage reported to FSA as intended to be mechanically harvested which is subsequently completely grazed will be considered for crop definition purposes as mechanically harvested. Expected production of the specific acreage will be calculated on the basis of carrying capacity.

(e) Small grain forage is the specific acreage of wheat, barley, oats, triticale, or rye intended for use as forage. Small grain forage shall be considered separate crops and distinct from any other forage commodities and other intended uses of the small grain commodity. In addition to the records required in §1437.7 producers must specify whether the intended forage crop is intended for fall/winter, spring, or total season forage. In addition to

other eligibility requirements, CCC will consider other factors, such as, water sources and available fencing, and adequate fertilization to determine small grain forage eligibility, yields, and production.

(f) CCC will establish forage losses of acreage intended to be grazed on the basis of:

(1) For improved pasture, as determined by CCC, a similar percentage of loss of mechanically harvested forage acreage on the farm, or similar farms in the area; or

(2) For native pasture, as determined by CCC, the percentage of loss as determined by two independent assessments of pasture conditions.

§ 1437.402 Carrying capacity.

(a) CCC will establish a carrying capacity for all grazed forage present in the county for purposes of administering this program and to that end:

(1) Multiple carrying capacities may be determined for a specific vegetation if factors, such as soil type, elevation, and topography, result in a significant difference of carrying capacity within the county.

(2) CCC may establish separate carrying capacities for irrigated and non-irrigated forage acreage when acreage of traditionally irrigated forage (forage actually irrigated 3 of the last 5 crop years) is present in the county.

(b) Producers may provide evidence that unit forage management and maintenance practices are improvements over those practices generally associated with the established carrying capacity. Based on this evidence, CCC may adjust the expected AUD for the specific forage acreage upward for the crop year NAP assistance is requested by:

(1) Three percent when at least 1 practice was completed at least 1 time in the previous 5 crop years and such practice can be expected to have a positive impact on the forage's carrying capacity in the crop year NAP assistance is requested;

(2) Five percent when 2 or more practices were completed at least 1 time in the previous 5 crop years and such practices can be expected to have a

§ 1437.403

positive impact on the forage's carrying capacity in the crop year NAP assistance is requested; and

(3) Greater than 5 percent when producers provide acceptable records, as determined by CCC, of higher forage production or an increase in animal units supported on the specific forage acreage in 3 of the 5 crop years immediately before the crop year NAP assistance is requested.

§ 1437.403 Determining payments.

Subject to payment limits, availability of funds, and other limits as may apply, payments for losses of forage reported to FSA as intended to be grazed will be determined by:

(a) Multiplying the eligible acreage by the producer's share;

(b) Dividing the result from paragraph (a) of this section by the carrying capacity or adjusted per day carrying capacity established for the specific acreage, as determined by CCC;

(c) Multiplying the result from paragraph (b) of this section by the number of days established as the grazing period;

(d) Adding adjustments of AUD for practices and production to the product of paragraph (c) of this section;

(e) Multiplying the result from paragraph (d) of this section by the applicable percentage of loss established by CCC;

(f) Multiplying the amount of AUD lost to other causes, as determined by CCC, by the producer's share;

(g) Subtracting the result from paragraph (f) of this section from the result from paragraph (e) of this section;

(h) Multiplying the result from paragraph (d) of this section by 0.50;

(i) Subtracting the result from paragraph (h) of this section from the result from paragraph (g) of this section; and

(j) Multiplying the result from paragraph (i) of this section by the AUD value established in accordance with § 1437.11, and then by 55 percent.

(b) The regulations in this part 1439 in effect prior to March 17, 1999, (See 7 CFR Parts 1200 to 1599, revised as of January 1, 1999) are applicable with respect to any emergency livestock assistance program that existed prior to March 17, 1999. The part 1439 regulations in effect on January 1, 2000 (See 7 CFR Parts 1200 to 1599, revised as of January 1, 2000) for the Flood Compensation Program shall continue to apply to all pending or new matters under that program.

The Deputy Administrator may waive or modify deadlines or other program requirements of this part to the extent that such a waiver or modification is otherwise permitted by law and is determined to be appropriate, serves the goals of the program, and does not adversely affect the operation of the program.

7 CFR Ch. XIV (1-1-06 Edition)

Subpart B—2003–2004 Livestock Assistance Program

SOURCE: 70 FR 16394, Mar. 31, 2005, unless otherwise noted.

§ 1439.100 Administration.

(a) The regulations in this subpart provide for what will be referred to as the 2003/2004 Livestock Assistance Program (LAP) which will be administered under the general supervision and direction of the Executive Vice President, Commodity Credit Corporation (CCC), and the Deputy Administrator for Farm Programs, Farm Service Agency (FSA). In the field, the regulations in this part will be administered by FSA State and county committees.

(b) The FSA State executive directors, county executive directors, and State and county committees do not have the authority to modify or waive any of the provisions in this part unless specifically authorized by the Deputy Administrator.

(c) The FSA State committee may take any action authorized or required by this part to be taken by the FSA county committee that has not been taken by such committee, such as:

(1) Correct or require a FSA county committee to correct any action taken by such committee that is not in accordance with this part; or

(2) Require an FSA county committee to withhold taking any action that is not in accordance with this part.

(d) No delegation herein to an FSA State or county committee shall preclude the Executive Vice President, CCC, or a designee, or the Deputy Administrator from determining any question arising under this part or from reversing or modifying any determination made by an FSA State or county committee.

(e) Data furnished by the applicants will be used to determine eligibility for program benefits. Although participation in the 2003/2004 LAP is voluntary, program benefits will not be provided unless the participant furnishes all requested data.

§ 1439.101 Applicability.

(a) Subject to the availability of funds, this subpart sets forth the terms

and conditions applicable to the 2003/2004 LAP authorized by Public Law 108-324. Program regulations for prior livestock assistance programs can be found at 7 CFR 1439 as it was published on January 1, 2001, January 1, 2002, and January 1, 2004. Benefits will be provided to eligible livestock producers in the United States under this subpart in declared disaster counties that were subsequently approved for relief under this part by the Deputy Administrator.

(b) Unless otherwise determined by the Deputy Administrator, a livestock producer is not eligible to receive payments for the same loss under both this subpart and another Federal program.

§ 1439.102 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering this subpart. The definitions in §1439.3 shall also be applicable, except where those definitions conflict with the definitions set forth in this subpart, in which case the definitions in this section will apply.

Application means the Livestock Assistance Program Application. The Application is available at FSA county offices.

Disaster county means a county included in the geographic area covered by a qualifying natural disaster declaration approved in calendar year 2003 or calendar year 2004, with respect to losses which occurred no earlier than January 1, 2003, and no later than December 31, 2004. The eligible disaster county is only the primary county where the disaster occurred and does not include a contiguous county which is not itself a disaster county.

Livestock means beef and dairy cattle, elk, reindeer, bison and beefalo (when maintained on the same basis as beef cattle), sheep, goats, swine, and equine animals where such equine animals are used commercially for human food or kept for the production of food or fiber on the owner's farm.

Production year means calendar year.

Qualifying natural disaster declaration means:

(1) A natural disaster declared by the Secretary under section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)); or

(2) A major disaster or emergency designated by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*).

§ 1439.103 Eligible loss.

(a) To be eligible for 2003/2004 LAP, for losses during the 2003 or 2004 calendar years, a producer must have owned or leased grazing land within the physical boundary of a disaster county that was approved as a primary county under a Secretarial disaster designation or Presidential disaster declaration in 2003 or 2004, or approved as a primary county after December 31, 2004, for qualifying losses that occurred prior to January 1, 2005 (That is, losses in 2003 and 2004).

(b) To be eligible for benefits under this subpart, a livestock producer in an eligible county must have suffered a loss of grazing production in an eligible county equivalent to at least a 40-percent loss of normal carrying capacity for a minimum of 3 consecutive months during the 2003 or 2004 production year as defined in §1439.102.

(c)(1) Producers in counties contiguous to an eligible county that were not designated as a disaster county in their own right will not receive benefits under this subpart.

(2) Grazing losses must have occurred on native and improved pasture with permanent vegetative cover and other crops planted specifically for the sole purpose of providing grazing for livestock, but such losses do not include losses on, or with respect to, land seeded to small grain forage crops.

(d) The percentage of loss eligible for compensation shall not exceed the maximum percentage of grazing loss for the county as determined by the FSA county committee and not be greater than 80 percent; and

(e) The FSA county committee shall determine the producer's grazing loss and shall consider the amount of available grazing production during the LAP normal grazing period, whether more than the normal acreage of grazing land was required to support livestock during the LAP normal grazing period, and whether supplemental feeding of livestock began earlier or later

than normal. The FSA county committee shall request the producer to provide proof of loss of grazing production if the FSA county committee determines the producer's certified loss exceeds other similarly situated livestock producers.

(f) The percentage of loss claimed by a livestock producer shall not exceed the maximum allowable percentage of grazing loss for the county as determined by the FSA county committee in accordance with §1439.105(a). Livestock producers will not receive benefits under this subpart for any portion of their loss that exceeds 80 percent of normal carrying capacity.

§ 1439.104 Application process.

(a) Livestock producers must submit a completed application prior to the close of business on the date established and announced by the Deputy Administrator. The application and any other supporting documentation shall be submitted to the FSA county office with administrative authority over a producer's eligible grazing land or to the FSA county office that maintains the farm records for the livestock producer. A producer may submit an application for both 2003 and 2004 losses, as applicable; however, LAP assistance to the producer under this subpart shall be provided only for one of the years 2003 or 2004.

(b) A producer shall specify each type of pasture and percentage of loss suffered by each type within the approved county on the application. In establishing the percentage of grazing loss, producers shall consider the amount of available grazing production during the LAP normal grazing period, whether more than the normal acreage of grazing land was required to support livestock during the LAP normal grazing period, and whether supplemental feeding of livestock began earlier or later than normal.

(c) Livestock producers shall certify as to the accuracy of all the information contained in the application, and provide any other information that CCC determines to be necessary to determine the livestock producer's eligibility.

§ 1439.105 County committee determinations of general applicability.

(a) FSA county committees shall determine whether due to natural disasters their county has suffered a 40-percent loss affecting pasture and normal grazing crops for at least 3 consecutive months during LAP crop year during calendar year 2003 for 2003 eligibility and during calendar year 2004 for 2004 eligibility. In making this determination, FSA county committees, using the best information available from sources including but not limited to: The Extension Service, the Natural Resources Conservation Service; the Drought Monitor; the Palmer Drought Index; and general knowledge of local rainfall data, pasture losses, grazing livestock movement out of county, abnormal supplemental feeding practices for livestock on pasture and liquidation of grazing livestock, shall determine the percentage of grazing losses for pastures on a county-wide basis. The FSA county committee shall submit rainfall data, percentage of grazing losses for each general type of pasture, and the weighted average percentage of grazing loss for the county, to the FSA State committee for concurrence. The maximum grazing losses the FSA county committees shall submit is 80 percent. These determinations shall be subject to review by the Deputy Administrator. For purposes of this subpart, such counties are called "eligible counties."

(b) In each eligible county, the FSA county committee shall determine a LAP normal grazing period. The LAP normal grazing period shall be that period of time in a calendar year that begins with the date grazing of new growth pasture normally begins and ends on the date grazing without supplemental feeding normally ends in the county.

(c) For each eligible county, the FSA county committee shall determine normal carrying capacities for each type of grazing or pasture during the LAP normal grazing period. The normal carrying capacity for the LAP normal grazing period shall be the normal carrying capacity the county committee

determines could be expected from pasture and normal grazing crops for livestock for the LAP normal grazing period if a natural disaster had not diminished the production of these grazing crops.

(d) For each eligible county, the FSA county committee shall determine the payment period for the county. The payment period for the county shall be the period of time during the county's LAP crop year where for 3 consecutive months, as applicable, during 2003 or 2004, the carrying capacity for grazing land or pasture was reduced by 40 percent or more from the normal carrying capacity.

(e) Conservation Reserve Program acres released for haying or grazing and seeded small grain forage crops shall not be used to calculate losses under this subpart.

§ 1439.106 Livestock producer eligibility.

(a) Only one livestock producer will be eligible for benefits under this subpart with respect to an individual animal.

(b) Only owners, cash or share lessees, or contractors of livestock who themselves provide the pasture or grazing land, including cash-leased pasture or grazing land, for the livestock may be considered as livestock producers eligible to apply for benefits under this subpart.

(c) An owner, or cash or share lessee, or contractor of livestock who uses another person to provide pasture or grazing land on a rate-of-gain basis is not considered to be a livestock producer eligible to apply for benefits under this subpart.

(d) An owner who pledges livestock as security for a loan shall be considered as the person eligible to apply for benefits under this subpart if all other requirements of this part are met. Livestock leased or being purchased under a contractual agreement that has been in effect at least 3 months and establishes an interest for the lessee in such livestock shall be considered as being owned by the lessee.

(e) Livestock must have been owned or leased by the producer for at least 3 months before becoming eligible for generating a payment.

(f) The following entities are not eligible for benefits under this subpart:

(1) State or local governments or subdivisions thereof; or

(2) Any individual or entity who is a foreign person as determined in accordance with the provisions of §§ 1400.501 and 1400.502 of this chapter.

(g) Livestock sold due to disaster conditions by an eligible producer shall be considered as eligible to generate assistance and may be included in making the calculations in § 1439.107(a).

§ 1439.107 Calculation of assistance.

(a) The gross value of LAP assistance determined with respect to a livestock producer for each type and weight class of livestock owned, leased, contracted, or sold according to § 1439.106 by such producer shall be the lesser of the amount calculated under paragraph (b) of this section (the total value of lost feed needs for eligible livestock) or calculated under paragraph (c) of this section (the total value of lost eligible pasture).

(b) The total value of lost feed needs shall be the amount obtained by multiplying:

(1) The number of days in the payment period the livestock are owned or, in the case of purchased livestock, meet the 3-month ownership requirement; by

(2) The number of pounds of corn-equivalent per day, as established by CCC, that is determined necessary to provide the energy requirements established for the weight class and type of livestock; by

(3) The 5-year national average market price for corn, (\$0.0369642 per pound for 2003, or \$0.0344642 for 2004); by

(4) The number of eligible animals of each type and weight range of livestock owned or leased by the person; by

(5) The percent of the producer's grazing loss during the relevant period as certified by the producer and approved by the FSA county committee in accordance with § 1439.105.

(c) The total value of lost eligible pasture shall be the amounts for each type of pasture calculated by:

(1) Dividing the number of acres of each pasture type by the carrying capacity established for the pasture; and multiplying:

§ 1439.108

(2) The result of paragraph (c)(1) of this section for each pasture type; by \$0.5803379 for 2003 ($\0.0369642×15.7) or \$0.5410879 for 2004 ($\0.0344642×15.7) by:

(3) The applicable number of days in the LAP payment period; by

(4) The percent of the producer's grazing loss during the relevant period as certified by the producer and approved by the FSA county committee in accordance with § 1439.105.

(d) The final payment shall not exceed 50 percent of the smaller amount calculated under paragraphs (b) or (c) of this section.

(e) If the livestock owner is eligible for the LAP program and the American Indian Livestock Feed Program (AILFP) with respect to the same natural disaster, the livestock owner may elect to receive payment only for the same year for both programs, either 2003 or 2004. Payments for both programs cannot be issued for different years to the same producer.

(f) Land seeded to small grain forage crops shall not be counted as grazing land under paragraph (c) of this section with respect to supporting eligible livestock.

(g) The number of equine animals that are used to calculate benefits under this subpart and in paragraph (a) of this section are limited to the number actually needed to produce food and fiber on the producer's farm or breed horses and mules used to produce food and fiber on the owner's farm, and shall not include animals that are used for recreational purposes or other non-covered purposes are running wild or uncontrolled on land owned or leased by the owner.

§ 1439.109 Additional limitations on payments.

Determinations made under this subpart are subject to reconsideration or appeal in accordance with parts 780 and 11 of this title.

§ 1439.111 Refunds to CCC; joint and several liability.

(a) In the event there is a failure to comply with any term, requirement, or condition for payment or assistance arising under this part, and if any refund of a payment to CCC shall otherwise become due in connection with this part, all payments made in regard to such matter shall be refunded to CCC, together with interest as determined in accordance with paragraph (b) of this section and late-payment charges as provided for in part 1403 of this chapter.

(b) All signatories on a LAP application with a financial interest in the operation or in an application for payment shall be jointly and severally liable for any refund including related charges that is determined to be due CCC for any reason under this part.

(c) Interest shall be applicable to refunds required of the livestock owner or other party receiving assistance or a payment if CCC determines that payments or other assistance were provided to the owner and the owner was not eligible for such assistance. Such interest shall be charged at the rate of interest that the United States Treasury charges CCC for funds, as of the date CCC made such benefits. Such interest that is determined to be due CCC shall accrue from the date such benefits were made available by CCC to the date of repayment or the date interest increases in accordance with part 1403 of this chapter. CCC may waive the accrual of interest if CCC determines

that the cause of the erroneous determination was not due to any action of the livestock owner or other individual or entity receiving benefits.

(d) Interest otherwise determined due in accordance with paragraph (c) of this section may be waived with respect to refunds required of the owner or other program recipient because of unintentional action on the part of the owner or other individual or entity, as determined by CCC.

(e) Late-payment interest shall be assessed on all refunds in accordance with the provisions of, and subject to the rates prescribed in part 1403 of this chapter.

(f) Individuals or entities who are a party to any program operated under this part must refund to CCC any excess payments made by CCC with respect to such program.

§ 1439.112 Miscellaneous.

(a) Any remedies permitted CCC under this part shall be in addition to any other remedy, including, but not limited to criminal remedies, or actions for damages in favor of CCC, or the United States, as may be permitted by law.

(b) Absent a scheme or device to defeat the purpose of the program, CCC may waive a demand that could otherwise be made for refunds.

(c) Payments under this subpart are subject to provisions contained in Subpart A of this part including, but not limited to, provisions concerning misrepresentations, payment limitations, and refunds to CCC, liens, assignment of payments, and appeals, and maintenance of books and records. In addition, other parts of this chapter and of chapter VII of this title relating to payments in event of death, the handling of claims, and other matters may apply, as may other provisions of law and regulation.

(d) Any payments not earned that have been paid must be returned with

interest subject to such other remedies as may be allowed by law.

(e) Nothing in this subpart shall require a commitment of funds in excess of that determined to be appropriate by the Deputy Administrator or CCC.

(f) Payments under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the livestock, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government.

(g) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

(h) In those instances in which, prior to the issuance of this regulation, a producer has signed a power of attorney for a person or entity indicating that such power shall extend to "all above programs", without limitation, such power will be considered to extend to this program unless by April 14, 2005, the person granting the power notifies the local FSA office for the control county that the grantee of the power is not authorized to handle transactions for this program for the grantor.

(i) Livestock producers or any other individual or entity seeking or receiving assistance under this part shall maintain and retain records that will permit verification of livestock and grazing for at least 3 years following the end of the calendar year in which payment was made, or for such additional period as CCC may request. An examination of such records by a duly authorized representative of the United States Government shall be permitted at any time during business hours.

(j) A person shall be ineligible to receive assistance under 2003/2004 LAP and be subject to such other remedies as may be allowed by law, if, with respect to the 2003/2004 LAP, it is determined by the FSA State or county committee or an official of FSA that such person has:

(1) Adopted any scheme or other device that tends to defeat the purpose of a program operated under this part;

(2) Made any fraudulent representation with respect to such program; or

§ 1439.301

(3) Misrepresented any fact affecting a program determination.

(b) All persons with a financial interest in the operation or in an application for payment shall be jointly and severally liable for any refund, including related charges, that is determined to be due CCC for any reason under this part.

(c) Interest shall be applicable to refunds required of the livestock owner or other party receiving assistance or a payment if CCC determines that payments or other assistance were provided to the owner and the owner was not eligible for such assistance. Such interest shall be charged at the rate of interest that the United States Treasury charges CCC for funds, as of the date CCC made such benefits. Such interest that is determined to be due CCC shall accrue from the date such benefits were made available by CCC to the date of repayment or the date interest increases in accordance with part 1403 of this chapter. (b) Absent a scheme or device to defeat the purpose of the program, when an owner loses control of PRP acreage

due to foreclosure, CCC may waive the demand that could otherwise be made for refunds.

(c) Payments under this subpart are subject to provisions contained in Subpart A of this part including, but not limited to provisions concerning misrepresentations, payment limitations, limitations on eligibility tied to the person's gross income, and refunds to CCC, liens, assignment of payments, and appeals, and maintenance of books and records. In addition, other parts of this chapter and of chapter VII of this title relating to payments in event of death, the handling of claims, and other matters may apply, as may other provisions of law and regulation.

(d) Any payments not earned that have been paid must be returned with interest subject to such other remedies as may be allowed by law.

(e) No interest will be paid or accrue on benefits under this subpart that are delayed or otherwise not timely issued unless otherwise mandated by law.

(f) Nothing in this subpart shall require a commitment of funds to this subpart in excess of that determined to be appropriate by the Deputy Administrator and/or CCC.

(g) Any payment otherwise due under this subpart will be reduced to the extent that it is determined that such payment produces a duplicate benefit under another program operated by the Department of Agriculture and that to make such duplicate payment would be contrary to the purposes of the program.

(h) In no instance may the amount expended under this subpart exceed \$39.912 million.

(i) Payments under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this chapter shall be applicable to PRP contract payments.

(j) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

(1) Livestock producers or any other individual or entity seeking or receiving assistance under this part shall maintain and retain records that will permit verification of PRP practice completion for at least 3 years following the end of the calendar year in which payment was made, or for such additional period as CCC may request. An examination of such records by a duly authorized representative of the United States Government shall be permitted at any time during business hours.

(m) A person shall be ineligible to receive assistance under PRP and be subject to such other remedies as may be allowed by law, if, with respect to the PRP, it is determined by the State committee or the county committee or an official of FSA that such person has:

(1) Adopted any scheme or other device that tends to defeat the purpose of a program operated under this part;

(2) Made any fraudulent representation with respect to such program; or

(3) Misrepresented any fact affecting a program determination.

The application and any supporting documentation shall be submitted to the FSA county office with administrative authority over a producer's eligible flooded land or to the FSA county office that maintains the farm records for the producer.

(b) Producers shall certify as to the accuracy of all the information contained in the application, and provide any other information to CCC that the FSA county office or FSA Committee deems necessary to determine the producer's eligibility.

§ 1439.505 County committee determinations of general applicability.

(a) FSA county committees shall determine whether that county was determined eligible under the 1998 FCP, and whether the land has been unusable from October 1, 1999 through September 30, 2000 due to continuing flooding. In making this determination, the FSA county committee shall use what it considers to be the best information available including but not limited to: Cooperative State Research, Education, and Extension Service; Natural Resources Conservation Service; aerial

photography; rainfall data; and general knowledge of losses due to flooding.

(b) With respect to each eligible county, the FSA county committee for that county shall establish a separate payment rate for crop-land and pasture-land. These rates shall be reviewed by the FSA state committee and shall be equal to the average rental rate for the years 1996 through 2000 for all such land of each type in the county. Where these rates cannot be set in the manner provided for in paragraph (c) of this section, the FSA state committee may take into account rates established for the Conservation Reserve Program operated under 7 CFR part 1410 and ensure, subject to paragraph (c) of this section, that the rates are comparable. The Deputy Administrator shall review and may adjust the rates for reasonableness and consistency.

(c) Except as provided by the Deputy Administrator, rental rates shall be equal to the applicable county average for the kind of land involved using established NASS data in all locations where NASS has established rental rates on a county-by-county basis for 2000.

§ 1439.506 Eligible land and loss criteria.

(a) The flooded land for which a producer requests benefits must be within the physical boundary of an eligible county. Producers in unapproved counties contiguous to an eligible county will not receive benefits under this subpart.

(b) To be eligible for benefits under this subpart, a producer in an eligible county must have land in a county which is eligible for payment. Such land, to be eligible for payment must meet all of the following criteria:

(1) The land is cropland or pasture land used for the production of feed for livestock (haying, grazing, or feed grain production) or other agricultural use in one or more years during the period beginning October 1, 1991, through September 30, 1999;

(2) The land is inaccessible or unable to be used for crop production, grazing, or haying because of flooding or excess moisture during all of the period beginning October 1, 1999, through September 30, 2000 unless some other pe-

riod is established as the 2000-crop year for the commodity by the Deputy Administrator;

(3) The land was not used for planting during October 1, 1999, through September 30, 2000;

(4) The land has been owned, leased or under a binding cash lease by the producer continuously since October 1, 1999;

(5) The land is a contiguous parcel of land with an area equal to one acre or more;

(6) The land was not, except as determined by the Deputy Administrator, the subject of, nor will be the subject of, any other federal payment for activities or lack of activity during the period October 1, 1999, through September 30, 2000, whether or not disaster-related, with the exception of the production flexibility contract (PFC) program payments received under 7 CFR part 1412. This prohibition includes but is not limited to other payments under this part, or payments under the Conservation Reserve Program (7 CFR part 1410), the Wetlands Reserve Program (7 CFR part 1467), any Emergency Watershed Protection Program, or Federal Easement Program.

(c) On Form CCC-454 producers shall be required to certify by tract on each farm the number of flooded cropland and non-cropland acres for the farm in 2000 and the number of flooded cropland and non-cropland acres in 1992. To establish the acreage eligible for payment, flooded land certified for 1992 for each type shall be subtracted from the flooded land certified for 2000 for the applicable type. The difference will be the acreages of cropland and non-cropland subject to flooding and eligible for FCP payment, except that the difference may be adjusted as needed to ensure, to the extent practicable, an accurate estimate of the net increased flooding on the farm after October 1, 1993.

(d) All determinations as to the amount of land eligible for enrollment and compensation under this subpart are subject to approval by the county committee.

(e) The FSA county committee may use any available documentation to

§ 1439.507

make the determinations under paragraphs (b) and (c) of this section, including but not limited to: maps, acreage reports, slides, precipitation data, water table levels and disaster reports.

§ 1439.507 Producer eligibility.

(a) Payments under this subpart shall be subject to the provisions of §1439.1 through §1439.12, except as otherwise provided in this subpart.

(b) No person (as defined and determined under 7 CFR part 1400) may receive more than \$40,000 under this subpart.

(c) No person (as defined and determined under 7 CFR part 1400) will be eligible for payment under this subpart if that person's annual gross receipts for calendar year 1999 were in excess of \$2.5 million. That determination shall be made in the manner provided for in §1439.11.

(d) The following entities are not eligible for benefits under this subpart:

(1) State or local governments or subdivisions thereof; or

(2) Any individual or entity who is a foreign person as determined in accordance with the provisions of 7 CFR 1400.501 and 1400.502.

§ 1439.508 Calculation of assistance.

(a) The unadjusted value of FCP assistance determined with respect to the flooded land in an eligible county for each producer shall not exceed the amount obtained by adding the amounts in paragraphs (b) and (c) of this section.

(b) For each eligible producer with respect to the applicable qualifying cropland which is determined, consistent with this subpart, to be eligible land for the payment purposes, the established local payment rate for cropland will be multiplied by the number of acres determined to be qualifying acres, as determined by the County Committee in accordance with instructions of the Deputy Administrator.

(c) For each eligible producer with respect to the applicable qualifying non-cropland acres consistent with this subpart, as determined by the county committee in accordance with instructions of the Deputy Administrator, the acres will be multiplied by the estab-

7 CFR Ch. XIV (1-1-06 Edition)

lished payment rate for non-cropland acres.

(d) Payments will be adjusted as determined necessary to comply with other provisions of this subpart such as those set in §1439.509.

§ 1439.509 Availability of funds.

In the event that the total amount of claims submitted under this subpart exceeds the \$24 million authorized for FCP by Public Law 106-224, each payment to a producer shall be reduced by a uniform national percentage. Such payment reductions shall be after the imposition of applicable payment limitation provisions.

Subpart I—American Indian Livestock Feed Program

SOURCE: 70 FR 29922, May 25, 2005, unless otherwise noted.

§ 1439.900 [Reserved]

§ 1439.901 Applicability.

This subpart sets forth, subject to the availability of funds, the terms and conditions of a government-to-government program titled the American Indian Livestock Feed Program (AILFP). Assistance will be available in those regions that Commodity Credit Corporation (CCC) determines have been affected by natural disaster and are located in a primary county or counties that have received a Presidential declaration or Secretarial emergency designation issued on or after January 1, 2003, for eligible losses in 2003 or 2004. Eligible producers may receive benefits for 2003 losses, or 2004 losses, but not both. Eligible areas will only include those where a determination is made by the Deputy Administrator for Farm Programs, Farm Service Agency (FSA) (Deputy Administrator) that a livestock feed emergency exists on tribal-governed land. Contiguous counties that were not designated as a primary disaster county in their own right will not be eligible for participation for 2003 or 2004 losses under this subpart. Payments may become available as contracts with tribal governments are approved. Unless otherwise specified or

determined by the Deputy Administrator, a livestock producer is not eligible to receive payments for the same loss under both this subpart and another Federal program. Payments will terminate when the specified deadline has been reached, when a tribal government requests termination, or when there is a program violation or a violation of a contract related to the program irrespective of whether the violation involves the current operation of the program for other periods of time.

§ 1439.902 Administration.

(a) This subpart will be administered by CCC under the general supervision of the Deputy Administrator for Farm Programs. This program shall be carried out in the field as prescribed in these regulations and as directed in the contract executed between the applicable tribal government and CCC, except that in the event any contract provision conflicts with these regulations, the regulations shall apply.

(b) Tribal governments, their representatives, and employees do not have authority to modify or waive any provisions of the regulations of this subpart.

(c) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any provisions of regulations of this subpart.

(d) The Deputy Administrator may authorize State and county committees to waive or modify deadlines and other program requirements in cases where the applicant or tribe, as applicable, shows that circumstances beyond the applicant's or tribe's control precluded compliance with the deadline and where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

(e) The tribal government will, in accordance with this part and in coordination with the U.S. Department of the Interior, Bureau of Indian Affairs (BIA), and FSA State and county committees, recommend the geographical size and shape of the region which will be considered to be eligible to be considered the region where the natural disaster has occurred and where all eligibility conditions are met. Such re-

gion must consist solely of tribal-governed land and be located in a primary county or counties named in a Presidential declaration or Secretarial emergency designation. Regional eligibilities will be effective only upon the Deputy Administrator's approval in writing and continued approval thereafter.

(f) The Deputy Administrator will determine all prices with respect to implementing the AILFP.

(g) Subject to review by the Deputy Administrator, the FSA State committee will determine crop yields and livestock carrying capacity with respect to implementing the AILFP.

(h) Participation in the AILFP by a tribal government for either the tribal government's benefits or for the benefit of any eligible owner is voluntary and is with the understanding that CCC will not reimburse the tribal government or its members for any administrative costs associated with the administration or implementation of the program.

(i) Except as otherwise declared by the Deputy Administrator, Subpart A shall not apply to this subpart, except §§ 1439.3 through 1439.10, and 1439.12.

(j) No delegation herein to a State or county committee or a commodity office shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under this part or from reversing or modifying any determination made by a State or county committee or employee of the Department of Agriculture.

- (a) Be located in a primary county or counties named in a Presidential declaration or Secretarial emergency designation;
- (b) Be tribal-governed land physically located within the primary disaster designated county; and
- (c) Have suffered a livestock feed emergency as defined in § 1439.903.

§ 1439.905 Responsibilities.

(a) During the operation of this program, CCC shall:

(1) Provide weather data, crop yields and carrying capacities to tribes requesting such information;

(2) Review contracts submitted by tribal governments requesting disaster regions; and

(3) Act as an agent for disbursing payments to eligible livestock owners in approved disaster regions.

(b) Tribal governments shall be responsible for:

(1) Submitting a contract to participate in the AILFP based on the tribes' voluntary decisions that participation will benefit all livestock owners using tribal governed land;

(2) Gathering, organizing, and reporting accurate information regarding disaster conditions and region;

(3) Advising livestock owners in an approved region that they may be eligible for payments, in addition to the method and requirements for filing applications;

(4) Determining that the information provided by individual livestock owners on payment applications is accurate and complete and that the owner is eligible for payments under this program;

(5) Submitting only accurate and complete payment applications to the designated FSA office acting as an agent for disbursing payments to eligible livestock owners.

(c) The owner or authorized representative shall:

(1) Furnish all the information specified on the payment application, as requested by CCC;

(2) Provide any other information that the tribal government deems necessary to determine the owner's eligibility; and

(3) Certify that purchased feed was or will be fed to the owner's eligible livestock.

§ 1439.906 Program availability.

(a) When a tribal government determines that a livestock feed emergency existed in calendar year 2003 or 2004 on tribal governed land due to a natural disaster, the tribal government may contact the applicable State FSA office to determine if their tribal governed land is located in a primary county or

§ 1439.907

counties named in a Presidential declaration or Secretarial emergency designation made after January 1, 2003, with respect to losses in 2003 or 2004. After a Presidential or Secretarial emergency designation has been confirmed, the tribal government may submit a properly completed contract requesting approval of a region. All contracts requesting region approval must be submitted by the later of July 25, 2005, or 60 days after the end of the disaster period, whichever is later, as specified on the contract.

(b) Properly completed contracts shall consist of:

(1) A completed Contract to Participate form; and

(2) A completed Region Designation and Feed Loss Assessment form; and

(3) Supportive documentation as determined by CCC including, but not limited to:

(i) A map of the region delineated in accordance with § 1439.904;

(ii) Historical production data and estimated or actual production data for the disaster year; and

(iii) Climatological data provided by the State FSA office.

(c) The Deputy Administrator shall make a determination as to whether a livestock feed emergency existed not later than 30 days after receipt of a properly completed contract made in accordance with this subpart and shall notify the tribal government and FSA State office of such determination as applicable. Approvals will be made on the basis of a Presidential or Secretarial emergency designation for the primary county or counties named in the contract, and whether the requisite 35 percent loss on tribal governed land in that county or counties can be substantiated by supporting documentation, and other conditions as required by this subpart, other regulations, the Deputy Administrator, or CCC.

(d) The feeding period provided in the approved contract will be for a term not to exceed 90 days, except as provided in paragraph (e) of this section. The feeding period shall not be extended if the livestock feed emergency ceased to exist.

(e) The tribal government may request multiple feeding periods for up to three additional 90-day periods in a

7 CFR Ch. XIV (1-1-06 Edition)

livestock feed crop year if disaster conditions did not diminish significantly and a livestock feed emergency continued and other conditions for payment are met.

(f) Tribal governments shall submit separate contracts for disasters occurring in both 2003 and 2004 calendar years; however, livestock owners shall elect only one of those years to receive benefits.

§ 1439.907 Eligibility.

(a) An eligible owner must own or jointly own the eligible livestock for which payments under this subpart are requested. Notwithstanding any other provision of this subpart, livestock leased under a contractual agreement that has been in effect at least 6 months prior to the beginning of the feeding period made under this subpart shall be considered as being owned by the lessee for that part of the feeding period in which the lease was in effect but only if the lease:

(1) Required the lessee for the full lease period to furnish the feed for such livestock; and

(2) Provided for a substantial interest, as determined by the Deputy Administrator, in such livestock in the lessee, such as the right to market a substantial share of the increase in weight of livestock.

(b) A State or non-tribal local government or subdivision thereof, or any individual or entity determined to be ineligible in accordance with § 1400.501 of this chapter are not eligible for benefits under this subpart.

(c) Any eligible owner of livestock, including the tribe, may file a CCC-approved AILFP payment application. When such a payment application is filed, the owner and an authorized tribal government representative shall execute the certification contained on such payment application no later than the deadline established by CCC upon approval of the region.

(d) To be eligible for benefits under this subpart, livestock owners must own or lease tribal-governed land in the approved delineated region, and have had livestock on such land at the time of disaster that is the basis for the region's designation.

(e) Eligible livestock owners shall be responsible for providing information to the tribal government that accurately reflects livestock feed purchases for eligible livestock during the feeding period. False or inaccurate information may affect the owner's eligibility.

§ 1439.908 Payment application.

(a) Except as provided in paragraph (d) of this section, payment applications from interested eligible owners must be:

(1) Submitted to the FSA county office where the tribal-governed land is administered, or to the tribal government, by the owner no later than a date announced by the tribe, such date being no later than the applicable date established in § 1439.907(c);

(2) Submitted by the tribal government to the office designated by CCC no later than a date announced by CCC;

(3) Accompanied by valid receipts substantiating purchase of eligible feed for assistance. Valid receipts must also be accompanied by the certification referenced in the AILFP Payment Application, (Form CCC-644 or any replacement form) and shall contain:

(i) The date of feed purchase, which must fall within the eligible feeding period as approved on the contract;

(ii) The names and addresses of the buyer and the vendor;

(iii) The type of feed purchased;

(iv) The quantity of the feed purchased;

(v) The cost of the feed; and

(vi) The vendor's signature if the vendor is not licensed to conduct this type of business transaction.

(b) The tribal government shall review each payment application, as specified by CCC, for completeness and accuracy. Except as provided in paragraphs (c) and (d) of this section, the tribal government shall approve those eligible owners and applications meeting the requirements of this subpart.

(c) No approving tribal government member shall review and approve a payment application for any operation for which such member has a direct or indirect interest. Such payment application may be reviewed for approval by a member of the tribal government who is not related to the applicant by blood or marriage.

(d) Tribal governments do not have the authority to approve a payment application for any operation for which the tribe has a direct or indirect interest. Payment applications for tribal-owned livestock shall contain an original signature of a member of the tribal government, signing as representing all owners of the tribal-owned livestock, who possesses the authority to sign documents on behalf of the tribe and shall be submitted to an office designated by the Secretary for approval.

(e) No payment application shall be approved unless the owner meets all eligibility requirements. Information submitted by the owner and any other information, including knowledge of the tribal government concerning the owner's normal operations, shall be taken into consideration in making recommendations and approvals. If either the payment application is incomplete or information furnished by the owner is incomplete or ambiguous and sufficient information is not otherwise available with respect to the owner's farming operation in order to make a determination as to the owner's eligibility, the owner's payment application, as specified by CCC, shall be denied. The tribal government shall be responsible for notifying the owner of the reason for the denial and shall provide the owner an opportunity to submit additional information as requested.

(f) All payment applications, as specified by CCC, approved by the tribal government will be submitted to a designated FSA office for calculation of payment.

§ 1439.909 Payments.

(a) Provided all other eligibility requirements of this subpart are met, all eligible payment applications submitted to the designated FSA office shall have payments issued to the applicant by CCC.

(b) If any term, condition, or requirement of these regulations or contract are not met, payments and benefits previously provided by CCC that were not earned under the provisions of the application shall be refunded.

(c) Each owner's share of the total payment shall be indicated on the application, and each owner shall receive

§ 1439.910

7 CFR Ch. XIV (1-1-06 Edition)

benefits or final payment from CCC according to benefits or payments earned under the provisions of the application and this part.

(d) Owners may file applications for more than one feeding period relating to losses occurring within the same year, either 2003 or 2004, but those years only, and in no case may a person receive payment for losses under this subpart for both 2003 and 2004. That is, eligible persons may receive benefits for one of those livestock feed crop years, but not both. CCC shall provide assistance equal to the amount of benefits determined for the owner for the feeding periods that the owner is eligible to receive benefits.

(e) The failure of any contact person to file the necessary receipts or sales documents showing that the terms and conditions of this part and the contract have been met shall render all of the persons ineligible for any payments and benefits under the contract including any payments previously made. Payments shall be refunded to CCC with interest, if applicable, as determined under §1439.8.

(f) If the livestock owner is eligible for the AILFP and the Livestock Assistance Program (LAP), the livestock owner must elect to receive payment for the same year for all farms for both programs, either 2003 or 2004.

(g) Persons that received payments from Section 32 of the Act of August 24, 1935, with respect to 2004 hurricane losses are not eligible for payments under this subpart.

(h) Subject to such other limitations as may apply including those in §1439.909(i), the amount of assistance provided to any owner shall not exceed the smaller of either:

§ 1446.104 Performance based upon action or advice of a representative of the Secretary.

The provisions of part 791 of this chapter with respect to performance based upon action or advice of any authorized representative of the Secretary shall be applicable to this part.

§ 1446.105 Handling payments and collections not exceeding \$9.99.

In order to avoid administrative costs of making small payments and handling small accounts, amounts of \$9.99 or less which are due the handler will be paid only upon the handler's request. Deficiencies of \$9.99 or less, including interest, may be disregarded unless demand for payment is made by CCC.

Subpart B—Basic Handler Operations

§ 1446.201 General handler provisions.

(a) *Handler registration and approval.* To avoid marketing penalties otherwise provided in this part for failure to register as a handler, each person who plans to acquire peanuts for processing or resale must register as a handler and be approved as a handler in accordance with this paragraph.

(1) *Registration.* Registration must be made on the form FSA-1008, Application for Handler Card, and must be filed:

(i) For each marketing year in which such person expects to acquire peanuts for processing or resale.

(ii) With each marketing association that serves the marketing area in

which such person plans to acquire peanuts during the applicable marketing year.

(iii) Prior to the time such person acquires peanuts, during the respective marketing year, within the marketing area served by such marketing association.

(2) *Approval.* The determination of whether a handler will be approved shall be made by the applicable marketing association in which the registration was filed and, in the case of approval, such approval shall be evidenced by a handler registration number that is issued by such marketing association.

(b) *Handler of loan peanuts.* To handle loan peanuts, either quota or additional, a person must be approved as a handler and must contract with the marketing association on form CCC-1028 or form CCC-1028-A to handle such peanuts. To contract to handle loan peanuts, the handler must meet all requirements of the applicable warehousing contract with respect to receiving, handling and storing loan peanuts.

(c) *Handler of contract additional peanuts.* To handle contract additional peanuts in a marketing area, a person must be approved as a handler for that area in accordance with this part.

(d) *Marketing assessments and marketing penalties.* A handler shall collect and pay marketing assessments and marketing penalties in accordance with the provisions in part 729 of this title.

(e) *Penalties and other remedies.* Any handler that fails to register in accordance with this section shall be subject to all penalties that may apply to handlers under this part and all other remedies that apply against handlers. Further, such handler shall be subject to penalties for non-registration as may apply.

§ 1446.202 Peanut buyer card and buying point card.

(a) *Peanut buyer card.* The marketing association which approves a handler will assign a registration number to such handler and CCC will issue an embossed peanut buyer card which will show the handler's registration number, name and address. The handler

§ 1446.203

will use the buyer card for identification when buying or selling peanuts.

(b) *Buying point card.* CCC will issue a buying point card to the Federal-State Inspection Service for delivery to each handler who operates a buying point at which peanuts are inspected. The buying point card will show a buying point number that will be used to identify the physical location of such buying point.

§ 1446.203 Marketing card entries and collection of assessments, penalties and debts.

The handler shall make marketing card entries and shall collect assessments, penalties and debts in accordance with the provisions in this part and in part 729 of this title.

(a) *Indebtedness to the United States due to peanut marketing penalties.* As provided in part 729 of this title, if a producer is indebted to the United States for a peanut marketing penalty, such penalty shall result in a lien in favor of the United States on any peanuts in which such producer has an interest and any person who acquires peanuts from such producer shall be considered to have notice of such lien at the time such lien becomes attached. Except with respect to any lien that was perfected before the peanut poundage quota lien became attached in those cases not involving peanuts placed in the price support loan inventory, any person who acquires peanuts from such producer shall deduct the lien amount plus any applicable interest from the proceeds otherwise due to such producer as a result of the acquisition of the peanuts. Any deducted amount shall be paid to CCC in accordance with instructions issued by the Deputy Administrator. In the event a required deduction is not made from the proceeds for such peanuts, the person who acquires such peanuts shall be liable to CCC for the amount of the lien, to the extent of the market value of such peanuts or proceeds of the peanuts whichever is higher.

(b) *Farmers Home Administration or Farm Service Agency lien.* If a Farmers Home Administration or Farm Service Agency lien has been recorded on the marketing card that was issued for the use of a producer when marketing pe-

nuts, the purchaser of such peanuts shall make the check, for the proceeds from such peanuts, payable jointly to the producer and the Farm Service Agency. However, if a peanut poundage quota lien was also recorded on the marketing card against such producer, the check shall be made payable jointly to the producer, CCC and the Farm Service Agency.

[56 FR 16230, Apr. 19, 1991, as amended at 61 FR 37623, July 18, 1996]

§ 1446.204 Transmittal of collections of penalties and claims.

(a) *Commercial purchases.* A handler shall use form FSA-1012, Buyer's Transmittal of Claims and/or Marketing Penalty, to transmit to FSA any marketing penalty or peanut poundage quota lien that is collected directly or indirectly from a producer at the time such producer marketed peanuts as quota commercial or contract additional peanuts. Such collections shall be made in accordance with the requirements of part 729 of this title. A collection is considered to have been made at the time of marketing the peanuts. Each collection shall be sent to the county FSA office which issued the marketing card and, unless otherwise approved by the Executive Vice President, CCC, shall be sent within 15 days after the collection is made.

(b) *Loan peanuts.* Withholdings from the loan value due a producer which represent collections of marketing penalties, peanut poundage quota liens or U.S. claims shall be transmitted or handled in accordance with instructions issued by the marketing association or CCC.

Subpart C—Warehouse Storage Loans

§ 1446.302 Eligibility of peanuts for price support at the additional loan rate.

(a) *General.* For peanuts to be eligible for a price support loan at the additional loan rate, such peanuts:

- (1) Must be eligible peanuts that were produced by an eligible producer;

§ 1446.303 Delivery of peanuts for price support advance.

(a) *Warehouse storage loans.* Any warehouse operator who has entered into a contract with the marketing association to receive and store peanuts

shall inform producers that price support advances are available and shall make such advances on eligible peanuts tendered for price support as provided in such contract.

(b) *Where available.* Unless otherwise approved by the marketing association or by CCC, producers must deliver farmers stock peanuts to any participating warehouse that is located in the same marketing area in which the peanuts were produced. The names and locations of participating warehouses may be obtained from the office of the appropriate marketing association or from State or county FSA offices.

(c) *Contract requirements.* Any contract for receiving and storing peanuts pledged as collateral for a price support loan shall require the warehouse operator to:

(1) Examine the producer's marketing card to determine price support eligibility;

(2) Make entries on the marketing card as required by § 729.304 of this title and by this part; and

(3) Execute a form FSA-1007 in accordance with this part for each lot of peanuts on which a price support advance is made.

(d) *Time.* Price support advances to eligible producers on peanuts of any crop will be available from the beginning of the marketing year through the following January 31 or such later date as may be established by the Executive Vice President, CCC.

(f) *Producer agreement.* To obtain a price support advance, the producer shall provide written authorization to the marketing association, and in the form prescribed by the applicable marketing association, to pledge the producer's peanuts to CCC as collateral for a warehouse storage loan and in so doing, the producer shall relinquish any right to redeem or obtain possession of such peanuts.

(1) Shall inquire of each producer as to whether any liens, other than a statutory peanut poundage quota lien, exist on peanuts offered for loan and shall note the response on form CCC-1041, Warehouse Receipt and Draft (A failure to make such an inquiry shall render the warehouseman liable for the amount of the lien to the extent of any loss to CCC);

(2) Shall advance to the producer the applicable loan value of such peanuts. However, if a lien exists, the loan advance draft, form CCC-1041, shall be made payable jointly to the producer and each known lienholder except in those cases in which a peanut poundage quota lien was attached, as provided in part 729 of this title before any other lien was recorded. In such case the peanut poundage quota lien shall be deducted from the proceeds and a draft may be issued for any remaining balance;

§ 1446.304 Price support loans involving estates, trusts or minors.

(a) *Estates and trusts.* A receiver or trustee of an insolvent or bankrupt debtor's estate, an executor or administrator of a deceased person's estate, a guardian of an estate or of a ward or incompetent person, and trustees of a trust estate may be considered to represent the insolvent debtor, the deceased person, the ward or incompetent, and the beneficiaries of a trust, respectively, and the peanut production of the receiver, executor, administrator, guardian, or trustees attributable to the person represented shall be considered to be the production of the person represented. Loan documents executed by any such person shall be accepted by CCC only if they are valid, as determined by CCC, and such person has the authority to sign the applicable documents.

(b) *Eligibility of minors.* A minor who is otherwise an eligible producer shall be eligible for price support only if such minor meets one of the following requirements:

(1) The right of majority has been conferred on such minor by court proceedings or by statute; or

(2) A guardian has been appointed to manage such minor's property and the applicable price support documents are signed by the guardian; or

(3) An acceptable bond is furnished under which a surety acceptable to CCC guarantees to protect CCC from any loss for which the minor would be liable had such minor been an adult.

§ 1446.305 Additional peanuts ineligible for price support.

(a) *Marketing penalty.* A marketing penalty is due if additional peanuts are marketed or considered marketed in any manner other than:

(1) Through a price support loan at the additional loan rate; or

(2) Through purchase for crushing or export by a handler who, in accordance with this part, has an approved contract with the producer to purchase peanuts for such purpose.

(b) *Delivery to avoid penalty.* Notwithstanding the provisions in paragraph (a) of this section, a person who has produced additional peanuts may avoid a marketing penalty on such peanuts

through forfeiting such peanuts by delivering such peanuts to the marketing association for the area where the peanuts were produced and in accordance with instructions issued by the marketing association if:

(1) Such person is not an eligible producer; and

(2) Such person does not have a contract with a handler to purchase such peanuts for crushing or exportation.

(c) *Interest due.* A producer who pledges peanuts as collateral for a price support loan at the additional loan rate shall refund the loan advance on such peanuts with interest if, subsequent to the time the peanuts are pledged for the loan, it is brought to the attention of the marketing association that such person is not an eligible producer. Interest shall be due:

(1) At the same interest rate that was applicable on funds borrowed from CCC by the marketing association on the date the loan was disbursed.

(2) From the date the loan was disbursed to the date of repayment.

§ 1446.306 **Commingling of peanuts.**

To facilitate handling and marketing, unless prohibited by a handler's storage contract with the marketing association, a handler may store farmers stock loan peanuts on a commingled basis with peanuts owned by such handler if such peanuts are of like crop, type, area, and segregation.

(a) *Accounting for commingled peanuts.* Except for peanuts purchased from CCC for domestic edible use on an in-grade and in-weight basis, commingled peanuts shall be exchanged on a dollar value basis. Accordingly, when loan peanuts are removed from the warehouse they must be inspected as farmers stock peanuts by an inspector and accounted for on a dollar value, based on the quota loan rate, less a one-time adjustment for shrinkage for each crop.

(b) *Dollar value shrinkage adjustment.* For peanuts that are graded out and accounted for:

(1) Before February 1 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(i) 3.5 percent for Virginia-type peanuts; and

(ii) 3.0 percent for all other peanuts.

(2) After January 31 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(i) 4.0 percent for Virginia-type peanuts; and

(ii) 3.5 percent for all other peanuts.

(c) *Maintaining copies of the FSA-1007's.* The handler shall maintain a copy of each form FSA-1007 that was issued for any peanuts that are placed in commingled storage and that is issued for any peanuts removed from storage.

(d) *Good commercial practice.* The handler shall receive, store and deliver all such peanuts in accordance with good commercial practice and any instructions provided by CCC.

§ 1446.307 **Disaster transfer of Segregation 2 or Segregation 3 peanuts from additional loan to quota loan.**

(a) *Transfer of Segregation 2 and Segregation 3 peanuts.* Except as otherwise provided in this section, after a producer has completed marketing all peanuts produced on the farm, such producer may transfer a loan on Segregation 2 or Segregation 3 additional peanuts to a quota loan.

(b) *Limitation of amount eligible for transfer.* A transfer made in accordance with this section shall not exceed the smaller of:

(1) The difference between:

(i) The total quantity of Segregation 1 peanuts marketed from the farm, plus the amount of peanuts retained on the farm for seed or other use, and

(ii) The effective farm poundage quota, excluding quota pounds transferred to the farm in the fall; or

(2) Twenty-five percent of the effective farm poundage quota, excluding quota pounds transferred to the farm in the fall.

(c) *Offset of CCC losses.* As provided in this part, if a producer transfers an additional loan to a quota loan in accordance with the provisions of this section, any pool proceeds otherwise due such producer from peanuts in another pool shall be reduced by the amount of any losses to CCC on the peanuts so transferred.

(d) *Loan value for transferred peanuts—(1) Segregation 2 peanuts.* The quota loan value for any lot of Segregation 2 peanuts transferred from an

§ 1446.308

7 CFR Ch. XIV (1-1-06 Edition)

additional loan to a quota loan shall be determined by multiplying 70 percent of the quota loan rate that otherwise would have been applicable for such lot of peanuts as quota peanuts, exclusive of any discount for damaged kernels, by the net weight of peanuts being transferred and deducting from the result the amount of any special discount that may apply for Segregation 2 peanuts transferred in accordance with this section.

(2) *Segregation 3 peanuts.* The quota loan value for any lot of Segregation 3 peanuts transferred from an additional loan to a quota loan shall be determined by multiplying 70 percent of the quota loan rate that otherwise would have been applicable for such lot of peanuts as quota peanuts, exclusive of any discount for damaged kernels, by the net weight of peanuts being transferred and deducting from the result the amount of any special discount that may apply for Segregation 3 peanuts transferred in accordance with this section.

(e) *Transfer provisions*—(1) *Where to apply.* Producers who are eligible to transfer additional loan peanuts to the quota loan pool in accordance with the provisions of this section may apply for such transfers with the county FSA office.

(2) *Determination of the amount eligible for transfer.* The county office shall determine, in accordance with paragraph (b) of this section, the quantity of additional peanuts which are eligible for transfer.

(3) *Designation of peanuts to be transferred.* The producer must indicate to the county office the net weight and applicable form FSA-1007 serial numbers for the peanuts to be transferred.

(4) *Applicability of marketings.* Any peanuts that are transferred from an additional loan to a quota loan shall be considered as marketings of quota peanuts and the applicable records shall be appropriately adjusted.

(f) *Supplemental loan payment.* The difference between the additional and quota loan rates for such peanuts, less the appropriate adjustment for the marketing assessment, shall be ad-

vanced by the marketing association to the applicable producer.

§ 1446.308 Loan pools.

(a) *Establishment of pools.* (1) Each marketing association shall establish six separate loan pools; one for each of the three segregations of additional peanuts and one for each of the three segregations for quota peanuts. These pools shall be formed without regard to the type of peanuts (Runner, Virginia, Spanish, or Valencia) involved. However, the SWPGA shall also establish 12 separate loan pools for Valencia peanuts produced in New Mexico, namely, for bright hull peanuts and for dark hull peanuts separately, to include for each of them separate, by segregation, additional peanuts and quota peanuts pools. Each marketing association shall maintain separate, complete and accurate records for each loan pool that is established by the marketing association.

(2) *Eligibility to participate in New Mexico Pools*—(i) *In general.* Except as provided in clause (a)(2)(ii) of this section, in the case of the 1996 and subsequent crops, Valencia peanuts not physically produced in the State of New Mexico shall not be eligible to participate in the pools of the State even if the farm on which the peanuts are produced is constituted for administrative purposes within the State of New Mexico.

(ii) *Exception.* A producer of Valencia peanuts may enter Valencia peanuts that are physically produced in Texas into the pools for New Mexico in a quantity not greater than the average annual quantity of the peanuts that the producer entered into the New Mexico pools for the 1990 through 1995 crops; however, to qualify, the peanuts must be produced on the same farm on which the peanuts were produced during the base years of 1990 through 1995.

(b) *Net gains for quota pools.* Net gains from peanuts in each quota pool shall consist of the amount by which the proceeds from the sale of the peanuts in such pool are in excess of the indebtedness on the peanuts in such pool.

(c) *Net gains for additional pool.* Net gains for peanuts in each additional pool shall consist of:

(1) The net gains which are in excess of the indebtedness on the peanuts placed in such pool; less

(2) Any amount as provided in paragraph (d) of this section that is allocated to offset any loss on the pools for Segregation 1 quota peanuts, and any other amount properly offset.

(d) *Recovery of losses in quota area loan pools.* (1) If the loan indebtedness on the peanuts in a quota area pool exceeds the proceeds from the sale of the peanuts in such pool, such excess shall be recovered using the following sources in the following order of priority:

(i) Proceeds due any individual producer from any pool, as a result of the transfer of peanuts for pricing purposes from an additional loan pool to a quota loan pool, pursuant to the provisions in §1446.307.

(ii) Gains of any producer in the same pool, by the amount of pool gains attributed to the same producer from the sale of additional peanuts for domestic and export edible use.

(iii) Gains or profits resulting from the sale of additional peanuts, other than Valencia peanuts produced in New Mexico in separate type pools established under paragraph (a) of this section, in the same marketing area for domestic edible use, that are owned or controlled by CCC. This paragraph shall not apply to gains or profits from the sale of peanuts that were produced on farms with 1 acre or less of peanut production.

(iv) Marketing assessments, collected from producers under §729.316 of this title, that the Secretary determines are necessary to cover losses in area quota pools.

(v) Gains or profits from quota pools in other marketing areas, other than separate type pools established under paragraph (a) of this section for Valencia peanuts produced in New Mexico.

(vi) Gains or profits resulting from the sale of additional peanuts in other marketing areas, other than Valencia peanuts produced in New Mexico in separate type pools established under paragraph (a) of this section, for domestic edible use, that are owned or

controlled by CCC. This paragraph shall not apply to gains or profits from the sale of peanuts that were produced on farms with 1 acre or less of peanut production.

(vii) Marketing assessments, collected from handlers under §729.316 of this title, that the Secretary determines are necessary to cover losses in area quota pools.

(viii) Increased marketing assessments on quota peanuts in the production area covered by the pool, which shall be assessed as needed and collected from producers under §729.317 of this title.

(2) The exceptions provided for Valencia peanuts in paragraph (d)(1) of this section shall only apply as to prevent offsets between pools for each of the Valencia types (bright-hull and dark-hull) for New Mexico and other peanuts.

(e) *Pool distribution.* (1) Net gains as determined in accordance with this section on peanuts in each area pool shall be distributed to each producer who placed peanuts in that pool in proportion to the dollar value of peanuts placed in such pool by that producer, except that the proceeds available for the amount of distribution shall be subject to any other conditions and offsets set forth in this section; and

(2) Distributions shall not be assigned to any other party.

(f) *Loan indebtedness.* With respect to determining the gains and losses in accordance with this section for loan pools for quota and additional peanuts, the term "indebtedness" with respect to a pool shall include, but is not limited to, the following expenses associated with such peanuts:

(1) Loan advance to producers.

(2) Inspection fees.

(3) Storage and handling charges.

(4) Shelling costs.

(5) Transportation and related charges.

(6) Administrative and supervision expenses.

(7) Interest applicable to any repayable amount.

§ 1446.309 Immediate buyback and sale of loan peanuts to the storing handler.

(a) *“Immediate buyback” purchase of additional peanuts—(1) Producer consent.* Except as provided in this section, if the producer of a lot of additional peanuts has consented to an “immediate buyback” of such peanuts by a handler, as indicated by a designation recorded on the form FSA-1002, the handler that acts for the marketing association in advancing funds to the producer for a price support loan at the additional loan rate on such peanuts may purchase such peanuts from the marketing association for domestic edible use in accordance with instructions from the marketing association and at a price equal to 100 percent of the quota loan value of such peanuts plus a handling charge, as determined by the marketing association and approved by CCC, to cover all costs incurred with respect to such peanuts for inspection, warehousing, shrinkage, and other expenses.

(2) *Time for buyback purchase.* An “immediate buyback” purchase may be made only in connection with the marketing association involved in the price support loan and only on the date on which the peanuts were delivered by the producer as collateral for a price support loan. Such sales are for the account of CCC.

(3) *Handler requirements.* For each “immediate buyback,” the handler shall:

(i) Act for the marketing association by making a price support advance to the producer at the additional loan rate and in the same manner that would be applicable if an “immediate buyback” were not involved;

(ii) If applicable, use such handler’s funds to pay to the producer any premiums that the parties had agreed upon in order to effect the delivery of such peanuts;

(iii) Pay for the peanuts by a check made payable to CCC. Such check must be from the handler’s funds and in an amount equal to the quota loan value of the peanuts plus any handling charges; and

(iv) Transmit the handler’s check and the applicable form FSA-1007 to the marketing association by midnight of

the third workday (excluding Saturdays, Sundays, and Federal holidays) following the day the peanuts were inspected.

(4) *Domestic edible use.* The handler’s check and the applicable form FSA-1007 will identify the peanuts as additional peanuts that may be used for domestic edible use.

(5) *Loan pool credit.* Irrespective of the segregation of such peanuts, the receipts from the “immediate buyback” sale will be credited to the additional loan pool for Segregation 1 peanuts and the peanuts will be treated as Segregation 1 peanuts for pool accounting purposes.

(6) *Loan pool participation.* If Segregation 2 or Segregation 3 peanuts are purchased by a handler under the “immediate buyback” provisions, the producer of such peanuts shall participate in the Segregation 1 additional loan pool in the same manner as would apply if such peanuts had been Segregation 1 peanuts.

(7) *Additional restrictions on “immediate buyback” sales.* (i) Additional peanuts of the type or Segregation contracted for export or crushing from a farm may not be purchased from such farm under the “immediate buyback” provisions of this section until all of the producer’s contracts for additional peanuts for the relevant crop year have been satisfied for the type or Segregation to be used for the buyback, as evidenced by a contract balance of zero for that type or Segregation of peanuts on the farm’s marketing card;

(ii) An immediate buyback that otherwise is prohibited by paragraph (a)(7)(i) of this section may be permitted by CCC in the case of any producer on a farm who does not share in the additional peanuts for which there is a contract.

(iii) An agreement between the handler and producer to void a contract that was approved in accordance with this part shall not reduce the balance shown on the producer’s marketing card for contract additional peanuts and until such contract is renewed and satisfied the producer’s additional peanuts of the same type or Segregation as were covered by that contract shall not be eligible for that crop year for

purchase under an “immediate buyback.”

(b) *Purchase of quota or additional loan peanuts.* Quota loan peanuts, or additional loan peanuts that were not purchased by the handler under the “immediate buyback” provisions, may be bought for domestic edible use in accordance with this paragraph on an in-grade and in-weight basis.

(1) *In-grade and in-weight purchases.* A handler may purchase loan peanuts, either quota or additional, on an in-grade and in-weight basis for domestic edible use:

(i) Under terms and conditions established by the marketing association and CCC;

(ii) If such peanuts are eligible for domestic edible use; and

(iii) If such peanuts are stored in a warehouse that is operated by such handler.

(2) *Pricing.* Except with respect to “immediate buybacks,” as provided for in this section, the price for peanuts purchased on an in-grade and in-weight basis shall be determined by the marketing association or CCC, as applicable, for the account of CCC, but shall not be less than the applicable carrying charges plus, with respect to each lot of peanuts purchased:

(i) 105 percent of the quota loan value that was or would be applicable to the quantity of loan peanuts in such lot, if paid for not later than December 31 of the marketing year; or

(ii) 107 percent of the quota loan value that was or would be applicable to the quantity of loan peanuts in such lot, if paid for after December 31 of the marketing year.

Subpart D—Handling Contract Additional Peanuts—General Provisions

§ 1446.401 Contracts for additional peanuts for crushing or export.

An approved handler may contract with a producer to deliver additional peanuts for exporting or for crushing. In order to be valid, the contract must meet the eligibility requirements in this section and must be approved by the county committee that serves the county in which the producing farm is located for administrative purposes.

(a) *Contract form and addendum—(1) Contract form.* In order to be approved by the county committee, the contract must be completed on Form CCC-1005, Handler Contract With Producers for Purchase of Additional Peanuts for Crushing or Export, or on a form approved by the Executive Vice President, CCC, or designee, which follows the organization of the CCC-1005 and contains as a minimum all of the requirements provided for in paragraph (c)(2) of this section.

(2) *Availability of CCC-1005.* The marketing association shall make available a form CCC-1005 to each approved

handler and to any producer upon request.

(3) *Addenda.* The handler may use an addendum to a contract form if such addendum neither negates nor conflicts with any provision in this part. Any existing addendum to the contract which relates to the marketing of additional peanuts must accompany the contract at the time the contract is filed with the county committee.

(b) *Submitting contracts for approval—*

(1) *Eligible handlers.* Only a handler who has been approved by the marketing association to handle contract additional peanuts may contract with producers to buy additional peanuts for crushing or exportation, or both.

(2) *Producer-handlers.* A person who has been approved as a producer-handler under part 1421 of this title may not contract with himself/herself to purchase contract additional peanuts that he/she may produce.

(3) *Place and time for submitting.* In order to be considered for approval, any contract between a handler and producer for the purchase of additional peanuts shall be completed and submitted:

(i) *Place.* To the county FSA office of the county in which the farm is administratively located.

(ii) *Time.* On or before September 15 of the year in which the crop is produced; except that:

(A) Should September 15 fall on a Saturday or Sunday, or other non-workday the contract must be submitted for approval no later than the last workday immediately preceding the final contracting date.

(B) If the Executive Vice President, CCC, determines that damaging weather such as drought, hail, excessive moisture, freeze, tornado, hurricane or excessive wind, or related condition such as insect infestations, plant diseases, or other deterioration of the peanut crop, including aflatoxin, is expected to have significant national impact on peanut production, the Executive Vice President may extend nationally, by up to 15 days, the final date for submitting contracts for approval. Such announcement shall be made no later than September 5 of the year in which the crop is produced.

(c) *Contract approval.* (1) A contract between a handler and a producer for additional peanuts for crushing or export shall not be approved by the county committee, if otherwise eligible, unless the county committee has been notified by the State Executive Director that the handler has been approved to contract additional peanuts and that such handler has submitted the letter of credit that is required in accordance with the provisions in this part.

(2) In order to be approved, the following information must appear on the contract:

(i) The name and address of the operator;

(ii) The name and address of each producer sharing in the proceeds of the contract additional peanuts;

(iii) The State and County code, and farm number of the farm on which the additional peanuts are to be produced;

(iv) The name, address, and registration number of the handler;

(v) The pounds of Segregation 1, Segregation 2, and/or Segregation 3 peanuts that are contracted;

(vi) The final contract price to be paid by the handler and shown as a set percentage of the loan rate for quota peanuts of the type indicated on the contract; except that such final contract price shall not be less than the additional loan rate for the type of peanut indicated on the contract. A contract or an addendum to a contract that provides for a conditional supplemental payment to the producer will not be considered to negate the final contract price only if the supplemental payment to be made is expressed in a manner that a third party may determine the amount of the supplemental payment without a need for additional negotiations;

(vii) A disclosure by the producer of any liens or encumbrances on the peanuts;

(viii) The signature of the farm operator;

(ix) The signature of each person having an interest as a producer in the contract additional peanuts that are produced on the farm;

(x) The signature of the handler or the authorized agent of the handler; and

(xi) A prohibition against changing the price.

(3) The county committee, or a person designated in writing by the county committee, shall approve each form CCC-1005 that conforms with the provisions in this section.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38329, Aug. 13, 1991; 61 FR 37624, July 18, 1996]

§ 1446.402 Approval as handler of contract additional peanuts.

(a) *General.* By June 15 preceding the beginning of the marketing year in which such additional peanuts will be acquired, any handler who plans to acquire contract additional peanuts in accordance with this part for crushing or for exporting must:

(1) *Application.* File an application with each marketing association that serves the area in which such handler plans to acquire contract additional peanuts. Such application:

(i) *Form.* Must be on a form or in a format provided by the marketing association.

(ii) *Method of supervision.* Must indicate the method of supervision, physical or nonphysical, selected by the handler for purposes of accounting for the disposition of any contract additional peanuts acquired by such handler.

(2) *Evidence of adequate assets and adequate facilities.* Provide evidence that is acceptable to the marketing association and CCC that such handler has:

(i) *Assets.* Adequate assets to assure compliance with the provisions in this part with respect to such handler's obligation to crush or export contract additional peanuts acquired by such handler; and

(ii) *Facilities.* Adequate facilities to handle the acquisition and disposition of any contract additional peanuts acquired by such handler.

(3) *Letter of credit for prior crop years.* Establish an irrevocable letter of credit, or increase any existing letter of credit applicable for a previous crop year, in an amount necessary to cover any outstanding marketing penalties on peanuts produced in such crop year which are still under administrative appeal or are unpaid. This requirement

is in addition to any letter of credit requirement for the current year.

(b) *Approval.* The marketing association, acting on behalf of CCC, shall approve, in accordance with this part, each application that is timely filed in accordance with this section, or is filed by such extended time as may be approved by the Executive Vice President, CCC, provided that in either case, the applicant:

(1) Has selected a method of supervision;

(2) Has a U.S. address;

(3) Has provided evidence of adequate assets and adequate facilities to assure compliance with the provisions in this part with respect to the disposition of contract additional peanuts; and

(4) Has complied with the requirements of paragraph (a)(3) of this section.

(c) *Rescission of approval.* Unless the Executive Vice President, CCC, shall otherwise agree in writing, a handler's previous approval to contract for the purchase of additional peanuts for exporting or crushing and to receive and handle such peanuts shall be considered to be rescinded upon such handler's use of facilities, other than those on which the approval was based, to receive, store, process, or ship contract additional peanuts. However, a rescission will not apply if substituted facilities are approved by the association, in accordance with instructions issued by CCC, when the handler can show, as determined by the association subject to review by the Executive Vice President, that the original facilities are no longer available for use due to circumstances beyond the handler's control such as, but not limited to, fire, flood, wind damage, or mechanical failure. In the event of rescission of a handler's approval, any purchases of peanuts from producers by such handler subsequent to the rescission will be considered as purchases of quota peanuts and will subject the handlers and producers to penalties, as prescribed by this part and in 7 CFR part 729 for marketing excess quota peanuts unless such peanuts are recorded on the producer's marketing card as a marketing of quota peanuts.

§ 1446.403

7 CFR Ch. XIV (1-1-06 Edition)

(d) *Cost of supervision.* The handler shall bear the cost of supervision irrespective of the method of supervision such handler has chosen.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38329, Aug. 13, 1991]

§ 1446.403 Letter of credit.

(a) *Certification and financial guarantee (letter of credit)*—(1) *Certification.* In order to establish a letter of credit, each handler must certify to the applicable marketing association the quantity of additional peanuts the handler expects to contract for delivery by producers that are served by such marketing association. The certified poundage will be the basis for establishing the letter of credit for the applicable crop. If the certified poundage is less than the actual contracted poundage, the letter of credit required of the handler for the next marketing year shall be subject to increase, as provided in this section.

(2) *Letter of credit.* The handler must present an irrevocable letter of credit to each marketing association that serves the area in which a handler plans to contract or otherwise acquire contract additional peanuts. Such letter of credit shall be issued in a form and by a bank which is acceptable to CCC and except as provided in paragraph (d) of this section shall be submitted to the appropriate marketing association not later than July 31 and before marketing cards will be issued to producers for contract additional peanuts. Unless the provisions of paragraphs (b) and (c) of this section are applicable, the amount of the letter of credit for each area shall be equal to the amount determined by multiplying 140 percent of the national average quota price support rate by, for a handler selecting nonphysical supervision, 8 percent, or, for a handler selecting physical supervision, 5 percent, of the larger of:

(i) Ninety percent of the handler's contracted pounds as recorded on contracts approved by the county committee for the preceding marketing year and in the marketing area; or

(ii) The amount of additional peanuts the handler estimates will be contracted with producers, as certified to the marketing association, for delivery

during the current marketing year and in that marketing area.

(b) *Increase in letter of credit.* (1) The amount of the letter of credit required under paragraph (a) of this section shall be increased for any handler:

(i) Who has a poor performance record, as evidenced by previous penalty assessments for violations of the provisions of this part; or

(ii) Who, for purposes of handling peanuts is, as determined by CCC, a partnership, merger, joint venture, or other similar business relationship having officials who were officials of an organization having such a record or is composed in whole or in part by merger, succession, consolidation, association or assimilation, of entities with such a record; or

(iii) Whose total acquisition of farmers stock peanuts during the preceding marketing year from purchases of contract additional peanuts exceeded, by more than 3.0 percent, the pounds on which the letter of credit for the preceding marketing year was based. Nothing in this part shall prohibit CCC from demanding an increase in the letter of credit for the current year in the event the handler has significantly underestimated the handler's purchases for the current year.

(2) The increase in the letter of credit shall be determined in accordance with the guidelines set forth in paragraph (c) of this section.

(c) *Guidelines for increasing letters of credit*—(1) *Increased letter of credit due to history of program violation.* If the handler and/or related entity was assessed penalties for program violations for any of the previous three crop years, the percentage of the pounds of contracted peanuts to which the increase specified in paragraph (b) of this section shall be applied, shall be increased by 6 percent for each year of the three-year period in which such a penalty was assessed, except that:

(i) Such increase for a particular crop year shall be 3 percent rather than 6 percent if, for all violations for that crop year:

(A) The penalties were reduced by the Executive Vice President, CCC, and paid; or

(B) Less than 120 days, or such further period as established by the Executive Vice President, have passed since the penalty assessment was made by the CCC Contracting Officer.

(ii) Previous penalty assessments, other than assessments for violations that involve the importation of additional peanuts, or the failure to properly dispose of additional peanuts, which have been paid shall not be considered as part of the violation history for any crop year if the total violations for such crop year by the handler, and related individuals or entities, involved less than 100,000 pounds of peanuts.

(2) *Waiver of increase.* Notwithstanding (c)(1) of this section, at the discretion of the Executive Vice President, CCC, the increase required under this section may be waived upon the presentation of adequate security as determined acceptable by the Executive Vice President, CCC.

(3) *Inaccurate certification of additional peanuts acquired.* In addition to the increase required by paragraph (c)(1) of this section, if the actual purchase of contract additional peanuts for the previous marketing year exceeds, by more than 3.0 percent, the poundage on which the previous marketing year's letter of credit was based, the pounds determined in accordance with paragraphs (a)(2) (i) and (ii) of this section shall be increased by an amount equal to 3 times the amount of such excess.

(4) *Basis for determining letter of credit amount.* Any letter of credit determination under this section shall be based upon the facts as they exist on June 1 of the calendar year in which the letter of credit is to be supplied.

(5) *Unpaid interest.* References to unpaid penalties in this section shall include associated unpaid interest and unpaid late payment charges.

(d) *Extension of time for filing letter of credit.* Notwithstanding any other provision of this section, upon a request from a handler, the Executive Vice President, CCC, may extend the time for filing of a required letter of credit if such an extension is considered necessary in order for the handler to have sufficient time to acquire necessary financing.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.404 Transfer of contracts prior to delivery.

An approved contract, by which a handler is to purchase additional peanuts from a producer, may not be sold, traded, or assigned except as provided in this section.

(a) *Contract transfer and delivery of contracted peanuts to other handlers.* (1) If a handler is otherwise unable to perform under any contract with a producer for the purchase of additional peanuts due to conditions beyond the handler's control, the handler and the producer may agree to the delivery of the peanuts to another handler under the terms of the original contract or under modified terms except that, the price, quantity, type, segregation or farm number as shown on the original contract may not be changed. Conditions considered beyond the handler's control may include, but are not limited to, insolvency, bankruptcy, death, or destruction of warehouse facilities.

(2) A contract for additional peanuts shall not be transferred to another handler without the prior written approval of the Deputy Administrator. Such transfer shall be approved by the Deputy Administrator only if the Deputy Administrator determines that such transfer will not impair the effective operation of the peanut program.

(3) If the receiving handler:

(i) Has an existing letter of credit, such handler may increase the existing letter of credit to cover the total amount of farmers stock peanuts that is to be transferred. However, any increase must be made within 14 days after the transfer is approved, otherwise any increased letter of credit will not be considered for purposes of determining whether an increase will be required in the next year's letter of credit because of a deficiency in the letter of credit.

(ii) Does not have an existing letter of credit, the transfer shall not be approved unless such handler secures an acceptable letter of credit to cover the amount of farmers stock peanuts that is to be transferred.

(b) *Contract transfer and transfer of delivery obligations to other producers.* If a producer is unable to fully perform the terms of a contract with a handler for the purchase of additional peanuts due

§ 1446.405

to conditions beyond the producer's control or other conditions as may be prescribed by CCC, the handler and the producer or the producer's successor-in-interest may agree to a modification of the contract or to the substitution of another producer either under the original terms of the contract or under modified terms that do not change the original contract price and quantity. Conditions considered to be beyond the producer's control may include, but are not limited to, farm reconstitution in some cases (combinations and divisions), insolvency, bankruptcy, or death but do not include failure to produce the contracted amount from the planted acreage of peanuts due to natural disaster or related conditions or failure to plant sufficient acreage to produce the contracted quantity. Such modifications or transfers of contract obligations shall not be valid without the prior written approval of the Deputy Administrator. A transfer shall be approved only if the Deputy Administrator determines that such modifications or such transfer will not impair the effective operation of the peanut program.

(c) *County committee approval.* Contract modifications other than changes in producer, owner or operator, or changes permitted by this section, may not be approved by the county committee.

§ 1446.405 Inspection of contract additional peanuts.

The type and quality of each lot of contract additional peanuts delivered under contract shall be determined by the Federal-State Inspection Service when such peanuts are delivered by a producer. To be valid, the inspection results shall be recorded on form FSA-1007 and signed by the inspector.

§ 1446.406 Commingled storage of contract additional peanuts.

(a) *Commingled storage.* A handler may commingle quota loan, quota commercial, additional loan, and contract additional peanuts during storage. In such case the peanuts must be inspected on a farmers stock basis before such peanuts are placed in storage.

7 CFR Ch. XIV (1-1-06 Edition)

(b) *Accounting for commingled peanuts.* Contract additional peanuts in commingled storage shall be accounted for on a:

(1) Dollar value basis under physical supervision.

(2) TKC basis under nonphysical supervision.

§ 1446.407 Handler transfer of contract additional peanuts or transfer of disposition credit.

(a) *Liability and credit for export or crushing.* Except as permitted by this section, a handler shall not:

(1) Sell, assign or otherwise transfer liability for exporting or crushing contract additional peanuts to other handlers, or

(2) Sell, assign, or otherwise transfer credits for exporting or crushing contract additional peanuts to other handlers.

(b) *Transfer of farmers stock contract additional peanuts.* (1) A one-time transfer of farmers stock contract additional peanuts may be made between the entity shown as applicant 1 and the entity shown as applicant 2 on the form FSA-1007 for the peanuts.

(2) Such transfers shall be made within the same marketing area unless approved otherwise by the marketing association or the Deputy Administrator, and in accordance with instructions issued by CCC.

(3) Before the transfer may be approved, the receiving handler's letter of credit shall be amended by an amount that will cover the amount of peanuts transferred and the transferring handler must submit to the marketing association for approval, a form CCC-1006, covering any proposed transfer of farmers stock peanuts.

(4) Such approval must be obtained before any physical movement of the peanuts from the buying point.

(5) The transfer of peanuts as farmers stock peanuts after sale by the producer shall not be permitted unless approved in writing by CCC or the marketing association.

(c) *Transfer of peanuts for processing into products.* (1) Handlers may transfer contract additional peanuts and the liability for the export of contract additional peanuts to a processor of peanut products either as:

(i) Milled peanuts; or
 (ii) Farmers stock peanuts under the provisions of paragraph (b) of this section.

(2) Such transfer shall be made in accordance with the provisions of this part.

(d) *Transfer of export credit for peanuts which have been exported.* Credit for peanuts that have been exported under the provisions of this part will be given to the applicant shown on the form FV-184-9 for the lot of peanuts that has been exported. However, if a disclaimer to the credit for export is submitted with the applicable form FV-184-9, the export credit will be transferred to the person to whom the credit was assigned.

(e) *Transfer of credit for crushing.* Disposition credit earned for peanuts crushed in accordance with the provisions of this part and under the supervision of the marketing association may be assigned to another person if a disclaimer to the credit for crushing is submitted with the applicable form FV-184-9.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.408 Decreasing or drawing upon a letter of credit.

(a) *Decreasing the letter of credit to reflect TKC obligation.* Any existing irrevocable letter of credit that has been presented by a handler may be decreased after January 31 of the calendar year following the year in which the peanuts were produced, or such earlier date as may be authorized by the Deputy Administrator, State and County Operations, if the final TKC obligation determined for such handler, when converted to a farmers stock peanuts basis by dividing the TKC pounds by 0.795 for runner peanuts; 0.75 for Spanish peanuts; 0.735 for Virginia peanuts; or 0.77 for Valencia peanuts, is less than the amount that would be applicable for such handler and for such amount of farmers stock peanuts as determined in accordance with §1446.403 of this part. The letter of credit may be decreased to the amount so determined.

(b) *Adjusting the letter of credit for acceptable proof of disposition.* The handler shall deliver to the marketing associa-

tion satisfactory evidence as described in this part, to verify that contract additional peanuts have been exported or otherwise disposed of in accordance with the provisions of this part. On January 31, of the calendar year following the year in which the peanuts were produced, and monthly thereafter of such following year, the marketing association shall permit a reduction of the letter of credit if the existing letter of credit exceeds 140 percent of the national average quota price support rate for the applicable crop times the farmers stock equivalent of the remaining TKC obligation as determined in the same manner as provided in paragraph (a) of this section.

(c) *Drawing against the letter of credit.*

(1) If less than 16 days remain before the expiration of a handler's letter of credit, and upon authorization by CCC, the marketing association may draw against the letter of credit and apply the amount toward any penalty due for failure to properly dispose of, or account for, contract additional peanuts in accordance with this part if:

(i) By the final disposition date required in this part, a deficiency remained in the handler's obligation to crush or export contract additional peanuts;

(ii) By the date required in this part, the handler did not provide satisfactory documentary evidence of the full export of peanuts or peanut products; or

(iii) The handler has committed another violation of this part with respect to such peanuts.

(2) Any draw down against a letter of credit shall not compromise any penalty due CCC if the letter of credit is insufficient to cover the full amount of the penalty or prevent any re-determination of whether there has been a proper disposition of and/or accounting for peanuts.

§ 1446.409 Access to facilities.

A handler, by entering into contracts to receive contract additional peanuts, or any person or firm otherwise receiving contract additional peanuts, shall be considered to have agreed that any

authorized representative of CCC or the marketing association:

(a) May enter and remain upon any of the premises of the handler when such peanuts are being received, shelled, cleaned, bagged, sealed, weighed, graded, stored, milled, blanched, crushed, packaged, shipped, sized, processed into products, or otherwise handled;

(b) May inspect such peanuts and the oil, meal, and other products thereof; and

(c) May inspect the premises, facilities, operations, books, and records of the handler to the extent necessary to determine that such peanuts have been handled in accordance with this part.

§ 1446.410 Disposition date.

(a) *Final disposition date.* To avoid a penalty as provided in this part, a handler shall dispose of all contract additional peanuts, in accordance with the provisions in this part, by the final disposition date. Except as provided in paragraph (b) of this section, the final disposition date shall be October 15 of the year following the calendar year in which the crop was grown.

(b) *Extension of final disposition date.* The final disposition date for an individual handler may be extended by the marketing association to November 30 of the year following the calendar year in which the crop was grown if, by the final disposition date identified in paragraph (a) of this section, the handler files a written request with the marketing association that specifies the number of pounds for which an extension is requested.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991; 57 FR 27145, June 18, 1992; 61 FR 37625, July 18, 1996]

§ 1446.411 Export provisions.

(a) *Export to a U.S. Government agency.* Except for the exportation of raw peanuts to the military exchange services of the United States for processing outside the United States, the export of peanuts in any form by or to a United States Government agency shall not be considered as export to an eligible country, but shall instead be considered a domestic edible use of such peanuts. However, sales to a foreign government which are financed with funds made available by a United

7 CFR Ch. XIV (1-1-06 Edition)

States agency, such as the Agency for International Development or CCC, will not be considered sales to a United States Government agency if the peanuts are not purchased by the foreign buyer for transfer to an agency of the United States.

(b) *Export to an eligible country.* All contract additional peanuts which are not crushed domestically (including approved processing into flakes) and which are eligible for export shall be exported in accordance with the provisions of this part to an eligible country as peanuts or peanut products.

§ 1446.412 Evidence of export.

To receive credit toward an obligation to dispose of contract additional peanuts in accordance with this part, the handler must:

(a) *Certified statement.* Provide a statement signed by the handler specifying the name and address of the consignee and certifying that the peanuts have been exported.

(b) *Documentation.* Not later than 45 days after the final disposition date provided in this part, or a later date established by the Director, TPD, for cases where the Director finds that the handler has made a good faith effort to furnish documentation in a timely manner and that the failure to do so was due to conditions beyond the control of the handler, furnish to the marketing association or CCC the following documentary evidence of the export of peanuts or peanut products:

(1) *Export by water.* For peanuts or peanut products and peanut products that were exported by water, a non-negotiable original or original duplicate copy (not a machine made copy) of an on-board ocean bill of lading. Such bill of lading must have been signed on behalf of the carrier and must include:

(i) The date and place of loading such peanuts on-board the vessel;

(ii) The weight of the peanuts, peanut meal, or products exported;

(iii) The name of vessel;

(iv) The name and address of the U.S. exporter;

(v) The name and address for the foreign buyer;

(vi) The country of destination; and

(vii) For peanut meal which is unsuitable for use as feed because of contamination by aflatoxin, the statement required on the bill of lading in accordance with this part.

(2) *Export by rail or truck.* For peanuts and peanut products that were exported by rail or truck:

(i) A copy of the bill of lading that must include the weight of the peanuts or peanut meal or products exported, and for peanut meal that is unsuitable for feed use because of contamination by aflatoxin, the statement required on the bill of lading in accordance with this part; and

(ii) A copy of the Shipper's Export Declaration or, in the alternative, a U.S., Canadian or Mexican Customs' document which shows entry into the country; or

(iii) Other documentation that is acceptable to the marketing association.

(3) *Export by air.* For peanuts and peanut products that were exported by air:

(i) A copy of the airway bill that must include:

(A) The weight of the peanuts, peanut meal, or peanut products exported;

(B) The consignee and shipper; and

§ 1446.413 Disposal of meal contaminated by aflatoxin.

All meal produced from peanuts which are crushed domestically and found to be unsuitable for use as feed because of contamination by aflatoxin shall be disposed of for non-feed purposes only. If the meal is exported, the export bill of lading shall reflect the analysis of the lot by inclusion and appropriate completion thereon the following statement showing the range and average aflatoxin content (where "_____" represents the determined values for such lot) as parts per billion (PPB):

"This shipment consists of lots of meal which contain aflatoxin ranging from

"_____" to "_____" PPB and averaging "_____" PPB."

§ 1446.414 Processing additional peanuts into products.

(a) *Type of supervision.* A person, who plans to acquire additional peanuts from other handlers for processing into products for export, must register as a handler and choose a method of supervision in accordance with this section.

(b) *Physical supervision.* For purposes of this section, if physical supervision is chosen:

(1) Such supervision shall be conducted in accordance with provisions of this part; and

(2) The processor must provide a letter of credit to the marketing association as prescribed by this part which shall, to the extent practicable, be the same amount as the letter of credit that would be required in accordance with this part for an equal quantity of peanuts acquired by a handler who has entered into contracts for the purchase of additional peanuts and has chosen physical supervision.

(c) *Nonphysical supervision.* For purposes of this section, if nonphysical supervision is chosen:

(1) The processor shall:

(i) Provide a written agreement that is signed by a duly authorized person, in which the processor agrees to export additional peanuts to an eligible country in such quantities and in accordance with such procedures as are specified by this part;

(ii) Provide a letter of credit to the marketing association which shall, to the extent practicable, be the same amount as the letter of credit that would be required in accordance with this part for an equal quantity of peanuts acquired by a handler who has entered into contracts for the purchase of additional peanuts and has chosen nonphysical supervision; and

(iii) Provide to the marketing association a description of the type of product that will be processed, the type of containers, size of containers, and the standard peanut processing yield for the product.

(2) The processor shall submit proof of export to the marketing association of like kind, as determined by the marketing association, as that required by

§ 1446.415

this part for exports of peanuts under nonphysical supervision.

(3) Upon verification of product yield by the marketing association, approval of the form CCC-1006, and approval of the letter of credit, a product export obligation will be established on marketing association ledgers and the processor will be notified of the quantity of product export obligation.

(4) Upon receipt of proof of export that is acceptable to the marketing association, the processor, with the concurrence of the marketing association, may reduce the letter of credit to the extent that such letter of credit exceeds the amount determined by the marketing association, in accordance with instructions issued by FSA, to be necessary to assure compliance by the processor with the provisions in this part.

(d) *Applicability of regulations.* By registering as a handler and selecting a method of supervision in accordance with this section, a processor of peanuts shall be considered to have agreed:

(1) To perform in accordance with the provisions of this part;

(2) That the provisions of this part such as access to facilities, fraud, liens against peanuts on which penalty is due, and any other provisions that apply to a handler of additional peanuts, shall apply to the processor; and

(3) That the processor shall be considered as a handler for purposes of applying the penalty provisions of this part.

(e) *Records.* A peanut processor shall maintain records that will enable the marketing association or other representative of the Secretary to determine compliance with the provisions of this section.

§ 1446.415 Prohibition on importation or reentry of contract additional peanuts.

Neither exported contract additional peanuts nor peanut products made from additional peanuts shall be imported or reentered in commercial quantities by anyone into the United States in any form. If contract additional peanuts or peanut products made from such peanuts are imported or reentered into the United States,

7 CFR Ch. XIV (1-1-06 Edition)

the handler importing such peanuts or peanut products shall be liable for a penalty assessed in accordance with this part, for reentering contract additional peanuts.

§ 1446.416 Suspension of restrictions on imported peanuts.

Notwithstanding any other provision of this part, if the President issues a proclamation under Section 404(b) of the Uruguay Round Agreements Act (19 USCS §3601(b)) expanding the quantity of peanuts subject to the in-quota rate of duty under a tariff-rate quota, or under section 22 of the Agricultural Adjustments Act (7 U.S.C. 624), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937 temporarily suspending restrictions on the importation of peanuts, a handler, with the written consent of the producer and CCC, may purchase additional peanuts from any producer who, in accordance with this part, contracted with the handler to deliver additional peanuts to such handler and may use such peanuts for sale for domestic edible use without incurring any marketing penalty for failure to crush or export such peanuts. However, the maximum quantity of peanuts that may be purchased by such handler in accordance with this provision of this section is the quantity of contract additional peanuts that remains undelivered by such producer under the contract. For purposes of application of this section, a proclamation temporarily increasing the import quota shall not be considered the same as a temporary suspension of restrictions on the importation of peanuts.

[56 FR 16230, Apr. 19, 1991, as amended at 65 FR 64595, Oct. 30, 2000]

§ 1446.417 Loss of peanuts.

Should a handler suffer a loss of peanuts as a result of fire, flood or any other condition beyond the control of the handler, the portion of such loss that may be attributed to contract additional peanuts, as determined by the marketing association shall not be greater than an amount determined by dividing the total of the contract additional peanuts acquired by the handler during the year by such handler's total

peanut purchases for the year and multiplying the result by the quantity for which acceptable proof of loss has been furnished to the marketing association. Such attribution shall take into account any dispositions of peanuts that occurred prior to the loss of the peanuts for which the attribution is made.

Subpart E—Handling Contract Additional Peanuts-Physical Supervision

§ 1446.501 Accounting for contract additional peanuts acquired under physical supervision.

(a) *Commingled storage*—(1) *General*. For a handler operating under physical supervision, contract additional peanuts placed in commingled storage must be accounted for on a dollar value basis less a one time adjustment for shrinkage for each crop.

(2) *Shrinkage*. For peanuts that are graded out and accounted for:

(i) Before February 1 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(A) 3.5 percent for Virginia-type peanuts; and

(B) 3.0 percent for all other peanuts.

(ii) After January 31 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(A) 4.0 percent for Virginia-type peanuts; and

(B) 3.5 percent for all other peanuts.

(3) *Records*. The handler shall maintain a copy of each form FSA-1007 that was issued for any peanuts that are placed in commingled storage and that is issued for any peanuts removed from storage.

(b) *Supervised identity preserved storage*. For a handler operating under physical supervision, contract additional peanuts may be stored identity preserved and may be accounted for by disposing of the entire contents of the peanuts in each identity preserved warehouse in accordance with this part and under the supervision of a representative of the marketing association. In such case:

(1) All peanuts that are loaded into each warehouse must be inspected as farmers stock peanuts and must be

loaded under the supervision of the marketing association.

(2) At the end of each day in which peanuts are placed in or removed from the warehouse, the warehouse must be sealed by a representative of the marketing association.

(3) Each warehouse seal may be removed only by a representative of the marketing association.

(4) The marketing association shall be reimbursed by the handler for all expenses of providing a representative to supervise the loading and unloading of each warehouse.

(c) *Nonsupervised identity preserved storage*—(1) *Conditions*. For a handler operating under physical supervision, contract additional peanuts may be stored identity preserved without supervision at the time of loading the peanuts into each warehouse, but only if:

(i) All peanuts that are loaded into a warehouse are inspected prior to loading into such warehouse and a form FSA-1007 prepared for each lot that is inspected;

(ii) The entire contents of each warehouse will be removed and disposed of in accordance with this part and under supervision of a representative of the marketing association; and

(iii) The peanuts are accounted for on a dollar value basis except that shrinkage, in the amounts provided for in paragraph (c)(2) of this section, will be allowed if the dollar value of the peanuts that are loaded out of each warehouse is less than the dollar value of the peanuts that were loaded into such warehouse.

(2) *Shrinkage*. For peanuts that are graded out and accounted for:

(i) Before February 1 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(A) 3.5 percent for Virginia-type peanuts; and

(B) 3.0 percent for all other peanuts.

(ii) After January 31 of the applicable marketing year, the adjustment of the dollar value for shrinkage shall be:

(A) 4.0 percent for Virginia-type peanuts; and

(B) 3.5 percent for all other peanuts.

(3) *Records*. The handler shall maintain a copy of each form FSA-1007 that is issued for any peanuts that are

§ 1446.502

placed in nonsupervised identity preserved storage and that is issued for any peanuts that are removed from such storage.

§ 1446.502 Physical supervision of contract additional peanuts.

(a) *Supervision.* A handler who has chosen to operate under physical supervision shall make arrangements that are satisfactory to the marketing association for representatives of the marketing association to conduct onsite supervision of domestic handling of contract additional peanuts including storing, shelling, crushing, cleaning, milling, blanching, weighing, and shipping.

(b) *Final dates for scheduling supervision.* Contract additional farmers stock peanuts shall be scheduled for supervision by the marketing association during the normal marketing period but not later than August 15 of the calendar year following the year in which the crop was grown, unless prior approval of a later date has been made by the marketing association.

(c) *Notifying the marketing association.* Before moving or processing any contract additional peanuts, the handler or an agent of the handler shall notify the marketing association of the time such operation will begin and the approximate period of time required to complete the operation. When a plant is not currently under supervision, the handler shall give at least five working days of advance notice to the marketing association so that supervision can be arranged.

(d) *Processing.* The identical peanuts identified at time of load-out as contract additional peanuts shall be shelled or otherwise milled, crushed, or shelled and crushed under supervision of the marketing association as a continuous operation separate from other peanuts. Shelled peanuts shall be identified with positive lot identity tags before being stored and moved for crushing, exportation, or processing into peanut products to be exported. Except as otherwise authorized by the marketing association, such peanuts will be considered as having been crushed or exported only if positive lot identity has been maintained in the following manner:

7 CFR Ch. XIV (1-1-06 Edition)

(1) *Transportation.* The peanuts shall be transported from storage locations in a covered vehicle such as a truck or railroad car. The vehicle shall be sealed unless the marketing association determines that identity of the peanuts can be maintained without sealing.

(2) *Storage.* Farmers stock peanuts shall be stored in a separate building(s) or bin(s) which can be sealed or which the marketing association otherwise determines will satisfactorily maintain lot identity. Milled peanuts shall be stored in such a manner that the marketing association, under procedures issued by CCC, may make periodic inventory verification of the contract additional lots that are shown on marketing association records as being in the storage facility. The handler shall furnish to the marketing association the name and location of the storage facilities in which the contract additional peanuts are located.

§ 1446.503 Disposition requirements under physical supervision.

(a) *Methods of disposition.* Except under the provisions of § 1446.504 of this part applicable to substitution, the identical contract additional farmers stock peanuts and milled peanuts that are shelled under supervision of the marketing association and formed into lots shall be disposed of, in accordance with the provisions of this part that are applicable to contract additional peanuts and to physical supervision, by domestic crushing or by export to an eligible country as follows:

(1) All kernels may be crushed domestically under supervision of the marketing association representative; or

(2) All kernels may be exported for crushing, if fragmented; or

(3) All kernels that meet the standards established for the domestic market under the Marketing Agreement No.146 may be exported and the remaining kernels crushed domestically under supervision of the marketing association representative; or

(4) All of the peanuts may be exported as farmers stock peanuts, provided that such peanuts meet the standards established for the domestic

market under the Marketing Agreement No. 146 and are positive lot identified; or

(5) The peanuts may be exported to an eligible country as peanut products if such products are produced domestically; or

(6) The peanuts may be exported as milled or in-shell peanuts if they meet the edible export standards established for the domestic market under the Marketing Agreement No. 146; or

(7) The peanuts may be considered exported or crushed if it is determined by CCC that such peanuts have been destroyed or otherwise made unsuitable for any commercial purpose.

(b) *Peanuts diverted.* Contract additional peanuts, or peanut products made from contract additional peanuts, that are diverted to any country other than an eligible country shall not be credited in the handler's favor against the handler's obligation to crush or export such peanuts.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.504 Substitution of quota and additional peanuts.

(a) *Substitution of quota peanuts which have been exported*—(1) *Farmers stock peanuts.* With prior notification and approval of the marketing association, farmers stock quota peanuts that have been exported from the same crop, type, quality, and area may be substituted for additional peanuts that otherwise would have to be exported in accordance with this part to avoid a penalty.

(2) *Milled peanuts.* With prior notification to and approval by the marketing association, peanuts that are milled under supervision of the marketing association may be used to replace, in domestic edible use, quota peanuts that have been exported to an eligible country from the same crop, type, area, and of the same grade as recognized by the Peanut Administrative Committee (PAC) for edible quality grades. Such grades shall be established at the time the peanuts are milled and the lot is formed unless CCC directs otherwise in writing. The quota peanuts that are exported, for which substitution is requested, must have been positive lot identified and other-

wise handled as additional peanuts under the supervision of the marketing association.

(b) *Use of additional peanuts for domestic edible uses prior to substitution*—(1) *General requirements.* Additional peanuts may be used for domestic edible use with prior notification and approval of the marketing association and upon presentation to the marketing association of an irrevocable letter of credit in an amount that is determined in the same manner as such handler's initial letter of credit for the quantity of peanuts that will be substituted. Such letter of credit is in addition to the letter of credit required in accordance with this part as a condition for approval of contracts for additional peanuts. Such additional letter of credit for substitution shall be issued in a form and by a bank which is acceptable to CCC.

(2) *Submitting evidence of export.* The handler subsequently shall dispose of a like amount of quota peanuts in the manner prescribed in this part for contract additional peanuts. If the quota peanuts are exported, the handler shall subsequently deliver to the marketing association satisfactory evidence that a like amount of quota peanuts of the same type and of a similar grade has been exported. Such evidence must be submitted no later than the earlier of:

(i) 30 days after the final date for export as established in accordance with this part; or

(ii) 15 days prior to the expiration of the letter of credit.

(3) *Failure to timely submit evidence of export.* If satisfactory evidence is not presented by such date determined in (b)(2) of this section, CCC may authorize the marketing association to draw against the letter of credit for the full amount of the penalty which would otherwise be due for failure to dispose of contract additional peanuts in accordance with this part.

Subpart F—Handling Contract Additional Peanuts—Nonphysical Supervision

§ 1446.601 Disposition requirements under nonphysical supervision.

(a) *Disposition requirement.* With respect to any marketing year, a handler

who has selected nonphysical supervision shall account for the disposition of any contract additional peanuts acquired by such handler by providing evidence that is satisfactory to the marketing association of the quantity of peanuts by peanut type that are crushed or exported by such handler in each of the following kernel categories:

- (1) SS kernels;
- (2) SMK's; and
- (3) AO kernels.

(b) *SS kernels.* (1) For each lot of contract additional peanuts acquired by such handler for which a deduction would have been applicable for SS kernels under the applicable price support loan schedule, deduct, from the percentage of SS kernels in such lot of peanuts, a number of percentage points equal to the maximum percentage of SS kernels that a lot of peanuts could contain without having a deduction for SS kernels under the applicable price support loan schedule and multiply the result by the total weight of the TKC content of the lot, excluding the weight of the LSK's in such lot.

(2) Determine separately, for each type of peanuts acquired by such handler, the total of the results obtained in paragraph (b)(1) of this section for all lots of contract additional peanuts acquired by such handler.

(3) For each type of peanuts acquired by such handler, multiply the result determined in paragraph (b)(2) of this section by 0.955 in order to provide an allowance for shrinkage. The result is the minimum quantity of SS kernels of peanuts of the respective type that shall be crushed or exported by such handler.

(c) *SMK and SS kernels.* (1) Determine, by type, the total of the quantity of SMK and SS kernels in the lots of contract additional peanuts acquired during the marketing year by such handler.

(2) From the total determined in paragraph (c)(1) of this section, deduct the amount determined in paragraph (b)(2) of this section.

(3) For each type of peanuts acquired by such handler, multiply the results obtained in (c)(2) of this section by 0.955. The result is the minimum combined quantity of SMK's and SS kernels (excluding the quantity of SS ker-

nels required to be crushed or exported as determined in paragraph (b)(3) of this section) of the respective type that shall be exported or crushed by such handler.

(d) *AO kernels.* (1) Determine, by type, the total quantity of TKC in the lots of contract additional peanuts acquired during the marketing year by such handler.

(2) From the total determined in paragraph (d)(1) of this section, deduct:

(i) The amount of SS kernels determining in paragraph (b)(2) of this section; and

(ii) The combined SMK's and SS kernels determined in paragraph (c)(2) of this section.

(3) Multiply the result determined in paragraph (d)(2) of this section by 0.955. The result is the total of the AO kernels of the respective type that shall be exported or crushed by such handler.

(e) *Substitution prohibited.* Disposition credit shall not be granted:

(1) To the obligation to export or crush SS kernels and SMK for any amount of AO kernels that may have been exported or crushed in excess of the quantity required in accordance with paragraph (d)(3) of this section.

(2) To the obligation to export or crush AO kernels for any amount of SS kernels and SMK's that may have been exported or crushed in excess of the quantity required in accordance with paragraph (c)(3) of this section.

(3) To the obligation to export or crush peanuts of a type, for a surplus amount of contract additional peanuts exported or crushed from another type.

(f) *Peanuts diverted.* Contract additional peanuts or peanut products made from contract additional peanuts diverted to any country other than eligible country shall not be credited in the handler's favor against the handler's obligation to crush or export such peanuts.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.602 Disposition credit for peanuts under nonphysical supervision.

(a) *Disposition credits.* Contract additional peanuts of the same crop year and of like type shall be disposed of in accordance with the provisions of this

part. Disposition shall be by domestic crushing or by export to an eligible country. Disposition credit shall, subject to the provisions of this part, be granted for:

(1) Kernels that are crushed domestically under physical supervision of the marketing association representative; or

(2) Kernels that are exported for crushing, if fragmented before being exported; or

(3) Exported kernels that meet PAC outgoing quality standards for domestic edible use; or

(4) Peanuts that are exported as farmers stock peanuts, provided that such peanuts meet PAC incoming quality standards for Segregation 1 peanuts and are positive lot identified; or

(5) Peanuts that are exported to an eligible country as peanut products if such products are produced domestically in accordance with provisions of this part; or

(6) Peanuts that are exported as milled or in-shell peanuts if they meet PAC outgoing quality standards for domestic edible peanuts; or

(7) Peanuts that are exported as blanched peanuts; or

(8) Peanuts that are determined by the marketing association as having been destroyed or otherwise made unsuitable for any commercial purpose. In such case the peanuts shall be considered as crushed.

(b) *Requesting physical supervision of crushing for disposition credit.* Prior to the disposition date for contract additional peanuts, as provided in this part, a handler operating under the provisions of this part with respect to non-physical supervision may request and arrange for the marketing association to supervise the crushing of SMK, SS and AO peanuts for disposition credit for the applicable kernel type by obtaining physical supervision of the peanuts under the following conditions:

(1) *Milled peanuts.* A request to change to physical supervision for crushing milled peanuts for SMK, SS or AO credit may be made at any time prior to the final disposition date for additional peanuts for the relevant crop year. Physical supervision of milled peanuts shall be provided under the provisions of this part applicable to

physical supervision of milled peanuts. The marketing association may require that positive identified lots be re-graded before crushing.

(2) *Farmers stock peanuts.* A request to change to physical supervision for crushing farmers stock peanuts must be made and approved prior to the peanuts being graded out of commingled storage. In order to determine the categories, by peanut type, for the kernels that are crushed, namely SS, SMK and AO kernels, physical supervision must begin at the gradeout from commingled storage and continue through the crushing of the peanuts as required in accordance with this part for a handler who chooses physical supervision for disposition of contract additional farmers stock peanuts.

(c) *Determining disposition credit.* Disposition credit for SMK, SS and AO kernels crushed under physical supervision shall be determined for farmers stock peanuts from the applicable form FSA-1007, and for milled peanuts from the applicable form FV-184-9.

(d) *Application of crushing credits to disposition obligation—(1) Milled peanuts.* Milled peanuts that are crushed under physical supervision for disposition credit may receive credit as follows:

(i) If such peanuts meet PAC outgoing quality standards for domestic edible peanuts, disposition credit may apply pound-for-pound toward meeting the respective SMK, SS, or AO kernel obligations for the respective like peanut type and for like kernel type.

(ii) If such peanuts fail to meet PAC outgoing quality standards for domestic edible use due to aflatoxin contamination, disposition credit may apply to the SMK, SS or AO kernel obligations for the respective like peanut type and for like kernel type; except that, the percentage of such peanuts to which such credit will be allowed for each peanut type and kernel type shall not exceed the percentage of the total quantity of the respective type of peanuts that was purchased by the handler for the marketing year as contract additional peanuts.

(iii) If such peanuts fail to meet PAC outgoing quality standards for reasons other than aflatoxin contamination, disposition credit must be applied exclusively as AO kernels.

(2) *Farmers stock peanuts.* Farmers stock peanuts that are crushed under physical supervision for disposition credit may receive credit as follows:

(i) If such peanuts meet PAC incoming quality standards for Segregation 1 peanuts, disposition credit may apply pound-for-pound toward meeting the respective SMK, SS, or AO kernel obligations for the respective like peanut type and for like kernel type.

(ii) If such peanuts fail to meet PAC incoming quality standards for Segregation 1 peanuts, disposition credit may apply to the SMK, SS or AO kernel obligations for the respective like peanut type and for like kernel type; except that, the percentage of such peanuts to which such credit will be allowed for each peanut type and kernel type shall not exceed the percentage of the total quantity of the respective type of peanuts that was purchased by the handler for the marketing year as contract additional peanuts.

(iii) If such peanuts do not meet PAC incoming quality standards for Segregation 1 peanuts for any reason other than the presence of *A. flavus* mold, disposition credit must be applied exclusively as AO kernels.

(3) *Adjusting export credit for average dollar value of farmers stock peanuts.* If CCC determines that the average dollar value of edible farmers stock peanuts graded out of commingled storage and crushed for export credit under the provisions of this section is less than the average dollar value of all like type peanuts purchased by the handler as contract additional peanuts, the amount of export credit for each kernel type determined under paragraph (b)(2) of this section shall be adjusted by multiplying each quantity for each kernel type by a factor to be determined by dividing:

(i) The average dollar value per ton of peanuts graded out of the handler's commingled storage, accounted for as set forth in this part, and crushed for export credit under the provisions of this section; by

(ii) The average dollar value per ton of all peanuts purchased by the handler as contract additional peanuts.

(e) *Blanching exception.* Notwithstanding any other provision of this part, a handler may receive credit for

the pre-blanching weight of SS and SMK peanuts that are blanched for export if both the blanching and the crushing of the residue are conducted under supervision of agents of CCC or the marketing association. The maximum credit that may be received shall be:

(1) The quantity of SMK and SS kernels as shown on the FV-184-9 that is submitted for proof of export for such blanched peanuts;

(2) The quantity of the residue that is crushed under physical supervision; and

(3) The pre-blanched or "redskin" weight less the quantities in paragraphs (e)(1) and (2) of this section, to the extent of such amount that the marketing association determines is reasonable and comparable with standard industry practices.

(f) *Export credits.* In order to receive export credit toward meeting a handler's obligation to crush or export additional peanuts such exported peanuts must meet the outgoing quality standard established for the domestic market under the Marketing Agreement No. 146. Export credit will be granted in accordance with this paragraph for any exported peanuts that meet such quality standards.

(1) *Credit for exporting SMK peanuts.* Credit for exporting SMK's of the same crop year, of like type, may be earned for:

(i) The total pounds in a lot of exported peanuts which meet or exceed U.S. Standard grade for U.S. No. 1; or

(ii) The total pounds, excluding splits as determined in paragraph (f)(2)(ii) of this section, in a lot of peanuts which meet PAC standards for:

(A) Whole kernel peanuts with splits, or

(B) No. 2 Virginia peanuts; or

(iii) The total pounds determined to be SMK's in a lot of exported in-shell peanuts which meet U.S. Standard grade for cleaned Virginia type peanuts in the shell.

(2) *Credit for exporting SS kernels.* Credits for SS kernels of the same crop year, of like type, may be earned for:

(i) The total pounds in a lot of exported peanuts which meet the U.S. Standard grade for splits; or

(ii) The total pounds, excluding SMK's as determined in paragraph (f)(1)(ii) of this section, in a lot of peanuts which meets PAC standards for:

- (A) Whole kernel with splits, or
- (B) No. 2 Virginia; or

(iii) The total pounds determined to be SS kernels in a lot of exported in-shell peanuts which meet U.S. Standard grade for cleaned Virginia type peanuts in the shell.

(3) *Export credits for contract additional peanuts processed into products for export.* To receive disposition credit for contract additional peanuts used in products for export, the shelled peanuts must be identified with positive lot identity tags before being moved for processing in accordance with provisions of this part. The peanuts shall be processed under supervision of the marketing association unless the processing handler selects to process such peanuts under nonphysical supervision.

(4) *Export credits for in-shell peanuts.* With respect to peanuts exported in-shell, in accordance with instructions issued by CCC, credits may be earned for SMK, SS or AO kernels on the respective portions of the TKC of the lot that are SMK, SS or AO kernels.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38330, Aug. 13, 1991]

§ 1446.603 Disposition credit for peanuts in exported products made from quota peanuts.

A handler who has selected nonphysical supervision and who manufactures peanut products from quota peanuts may export such products to an eligible country and receive disposition credit to apply to such handler's obligation to dispose of contract additional peanuts by crushing or by exporting.

(a) *Eligible peanuts.* In order to receive such credit, the quota peanuts used in such products shall be:

(1) Of the same crop year as the crop year of the contract additional peanuts for which the obligation, to crush or export, was established.

(2) Of the same type as the contract additional peanuts to which such credit shall be applied.

(b) *Handler requirements* (1) The handler, with respect to each marketing year and each area in which such handler will apply for export credit for

manufactured products, shall submit a certification to the applicable marketing association:

(i) With respect to any marketing year in which such handler intends to request disposition credit for exported products made from quota peanuts, prior to requesting such disposition credit;

(ii) On a product-by-product basis; and

(iii) Of the peanut product content of peanut products manufactured by such handler for which disposition credit will be requested.

(2) Such certification of peanut product content, as required in accordance with paragraph (b)(1) of this section, must indicate by type of peanuts, with respect to each individual product, the respective portion of such peanut kernels that are:

(i) SS kernels;

(ii) SMK's;

(iii) AO kernels.

(3) If any change is made in any peanut product formula, as certified in accordance with this section, the handler shall notify the applicable area marketing association of such change within 90 days after such change is implemented.

(c) *Disposition credit.* (1) To the extent that a handler provides satisfactory proof, to the applicable marketing association, of the export of peanut products made from quota peanuts, such handler who has complied with the provisions of paragraph (b) of this section may receive disposition credit for eligible peanuts in peanut products exported to an eligible country.

(2) Disposition credit received in accordance with paragraph (c)(1) of this section shall be prorated by type to SS kernels, SMK's and AO kernels in the same proportion as the handler certified with respect to the peanut product content in accordance with paragraph (b)(2) of this section.

(d) *Records.* Any handler who receives disposition credit under paragraph (c) of this section shall maintain records, as required in this part, to support:

(1) The accuracy of such handler's certification made in accordance with this section; and

(2) Any disposition credit that is requested by such handler in accordance with this section.

(e) *Annual review.* The marketing association or employees of TPD shall conduct an annual review of the certifications made by handlers in accordance with this section.

(f) *Inaccurate certification.* In the case of an inaccurate certification, the disposition credit shall be adjusted accordingly. Such action shall be in addition to any other remedy, including, but not limited to, any civil or criminal remedy for fraud, as may apply.

Subpart G—Penalties and Liquidated Damages

§ 1446.701 Excess marketing of quota peanuts.

A handler will be subject to a penalty for noncompliance with this part, if, as determined under this part, from any crop of peanuts, such handler markets, for domestic edible use, a larger quantity, or higher grade or quality of peanuts, than could reasonably be produced from the quantity of peanuts having the grade, kernel content, and quality of farmers stock peanuts purchased by the handler during the applicable marketing year as quota peanuts, including those peanuts purchased in accordance with the “immediate buyback” provisions of this part. In such case, the penalty will be an amount equal to 140 percent of the national average quota support rate for the applicable crop, times that quantity of farmers stock peanuts which are determined by CCC to be necessary to produce the excess quantity or grade or quality of peanuts marketed.

§ 1446.702 Peanuts ineligible for quota loan.

Any person who causes or permits peanuts that are not eligible peanuts to be pledged as collateral for a loan at the quota loan rate shall be considered to have agreed that:

(a) CCC may incur serious and substantial damage to its program to support the price of quota peanuts because such peanuts were pledged as collateral for a quota loan;

(b) The amount of such damages will be difficult, if not impossible, to ascertain exactly; and

(c) Such person shall, with respect to any ineligible peanuts placed under quota loan, pay to CCC, as liquidated damages and in addition to any penalty that is due, the difference between the quota loan rate for such peanuts and the additional loan rate that would apply to peanuts of the same type and quality, times the amount of such peanuts that were placed under loan. It is agreed that such liquidated damages are a reasonable estimate of the probable actual damages which CCC would suffer. Such person shall pay the damages to CCC promptly upon demand in addition to penalties as may be due or assessed. Liquidated damages under this section may be reduced by CCC based upon consideration of the following factors:

- (1) Whether the person causing or permitting ineligible peanuts to be placed in the loan program made a good faith effort to ensure that ineligible peanuts were not pledged as loan collateral;
- (2) The degree of damage or potential damage to the price support program caused by the violation;
- (3) The nature and circumstances of the violation;
- (4) The extent of the violation; and
- (5) Any other pertinent information.

§ 1446.703 Assessment of penalties against handlers.

(a) *Penalty liability.* A handler shall be subject to the penalty for a violation of any provision of this part including, but not limited to, any or all of the following violations:

- (1) Failure to register as a handler of peanuts;
- (2) Failure to examine and make entries on marketing card;
- (3) Failure to keep or make available records as required by this part;
- (4) Marketing excess quota peanuts, as set forth in this part, including any marketing of reentered contract additional peanuts or peanut products made from contract additional peanuts or any marketing of imported peanut products made from additional peanuts purchased from the inventory of CCC loan collateral peanuts;

(5) Failure to store and account for contract additional peanuts in accordance with the requirements of this part;

(6) Failure to export or dispose of contract additional peanuts in accordance with the requirements of this part or failure to export or crush such peanuts by the final disposition date as established in this part;

(7) Failure to obtain supervision of, or to handle properly, contract additional peanuts in the manner required by this part;

(8) Reentering or importing contract additional peanuts or products made from such peanuts as prohibited by this part; or

(9) Failure to comply with any other provision of this part.

(b) *Amount of penalty.* Except when reduced in accordance with this part, the penalty amount for any violation of this part shall be equal to 140 percent of the national average quota support rate for the applicable crop year times the quantity of peanuts:

(1) Handled by an unregistered handler;

(2) Not properly entered on the marketing card;

(3) For which records have not been properly kept or made available;

(4) Marketed as excess quota peanuts;

(5) Not properly stored;

(6) Not properly disposed of;

(7) Not properly supervised or handled in accordance with the regulations of this part;

(8) Imported as contract additional peanuts;

(9) Determined by CCC to have been necessary to produce the quantity of peanut products which have been determined to have been made from contract additional peanuts, and imported and sold in the United States; or

(10) Otherwise involved in such other violation of this part as may occur.

(c) *Notice of assessment.* A handler shall be notified in writing of the assessment of a penalty by a CCC contracting officer. Such notice shall state the basis for the assessment of the penalty, and shall advise the handler of the handler's appeal rights under this part.

(d) *Interest liability.* The person liable for payment or collection of any pen-

alty provided for in these regulations shall be liable also for interest thereon at a rate per annum equal to the rate of interest which was charged CCC by the Treasury of the United States on the date such penalty became due. The date on which the penalty became due shall be the date on which the penalty was first assessed.

(e) *Applicability.* The provisions of this section are in addition to other remedies provided for by this part or other provisions of law.

[56 FR 16230, Apr. 19, 1991, as amended at 56 FR 38331, Aug. 13, 1991; 57 FR 27145, June 18, 1992]

§ 1446.704 Reductions of penalties.

(a) *Request for reconsideration.* A handler who is dissatisfied with a penalty that has been assessed against such handler by the CCC Contracting Officer pursuant to this part may file a written request for reconsideration or reduction of the penalty that has been assessed. Such request must be made within 15 days after the date of the notice of assessment.

(b) *Reduction of penalties—(1) By CCC Contracting Officer.* To the extent permitted by the provisions of paragraph (d) of this section, the CCC Contracting Officer may reduce the amount of penalty that is otherwise determined or assessed in accordance with this part. Such reduction may be made before the penalty is assessed or may be made during the course of an appeal.

(2) A reduction in the amount of the penalty would not impair the effective operation of the peanut program; and

§ 1446.705

(3) The assessment of penalty was not made for failure to export contract additional peanuts.

(d) *Reduction limits.* (1) If the reduction criteria in paragraph (c) of this section has been met, the CCC Contracting Officer or the Executive Vice President, CCC, or the Executive Vice President's designee, as applicable, may reduce the penalty by such amount as such person considers appropriate (including a full reduction of the entire penalty) after taking into account the severity of the violation and the violation history of the handler.

(2) If one of the criteria in paragraphs (c) (1) and (2) of this section has not been satisfied and the remaining criteria has been satisfied, the penalty shall not be reduced to less than an amount which is equal to 40 percent of the national average quota support rate for the applicable crop year times the quantity of peanuts involved in the violation.

(3) There shall not be a limit on the amount by which an assessment of liquidated damages may be reduced by the CCC Contracting Officer or the Executive Vice President, CCC, or the Executive Vice President's designee.

The total amount of assessments that may be collected under this part shall not exceed \$10.140 billion.

§ 1463.2 Administration.

With respect to the 39th and 40th quarterly payments due on September 30, 2014, the adjusted market share will be the entity's share of a class of tobacco during the April 1–June 30, 2014 quarter.

Base period means the period July 1 through June 30 immediately preceding the beginning of a fiscal year.

7 CFR Ch. XIV (1–1–06 Edition)

[70 FR 7011, Feb. 10, 2005, as amended at 70 FR 17158, Apr. 4, 2005]

§ 1463.4 National assessment.

Annually, CCC will make a determination of a national assessment in as far in advance of when the first assessment is due as CCC determines to be practicable. Based upon the amount of assessments received and expenditures incurred in a calendar year quarter, CCC may adjust the national assessment for one or more classes of tobacco established for a particular year with respect to succeeding calendar year quarters.

§ 1463.5 Division of national assessment among classes of tobacco.

(a) Except as provided in paragraph (b) of this section, the national assessment will be divided by CCC among each class of tobacco based upon CCC's determination of each class's share of the excise taxes paid. The value of the excise taxes paid for each class of tobacco will be based upon the reports filed by domestic manufacturers and importers of tobacco products with the Department of the Treasury and the Department of Homeland Security:

(b) For fiscal year 2005, the national assessment will be divided as follows:

- (1) Cigarettes, 96.331 percent;
- (2) Cigars, 2.783 percent;
- (3) Snuff, 0.539 percent;
- (4) Roll-your-own tobacco products, 0.171 percent;

(5) Chewing tobacco, 0.111 percent; and

(6) Pipe tobacco, 0.066 percent.

(c) For fiscal years 2006 through 2014, the division of the national assessment for each class of tobacco will be adjusted annually.

§ 1463.6 Determination of persons liable for payment of assessments.

(a) All domestic manufacturers and importers of tobacco products are required to pay to CCC their proportionate share of a calendar year's national assessment. Such entities are those that import or manufacture tobacco products in a calendar year and are required to report to the United States Department of the Treasury or to the Department of Homeland Security the removal of tobacco products into domestic commerce under the Revenue Code or are required to pay taxes under chapter 52 of such code.

(b)(1) Such entities must provide to CCC's point of contact:

(i) Entity name; mailing address of the entity's principal place of business; an office or individual that CCC may contact for further information; an e-mail address and postal address at which they wish to receive notifications required by the Act to be made to them by CCC; and

(ii) On a monthly basis for each class of tobacco, the total amount of tobacco products, summarized by employer identification number or such other method as may be prescribed by CCC, that are required to be reported to the United States Department of the Treasury or to the Department of Homeland Security in each month beginning October 1, 2004, and ending September 30, 2014.

(2) The information required to be submitted to CCC under paragraph (b)(1) of this section must be submitted by:

(i) With respect to fiscal year 2005 activities occurring prior to February 10, 2005, by February 25, 2005; and

(ii) With respect to all other activities, on the same date the information was required to be submitted to the United States Department of the Treasury or to the Department of Homeland Security.

§ 1463.7

§ 1463.7 Division of class assessment to individual entities.

(a) In order to determine the assessment owed by an entity, that portion of the national assessment assigned to each class of tobacco will be further divided at the entity level. The amount of the assessment for each class of tobacco to be paid by each domestic manufacturer and importer of tobacco products will be determined by multiplying:

(1) With respect to each class of tobacco, the adjusted market share of such manufacturer or importer; by

(2) The total amount of the assessment for that class of tobacco for the calendar year quarter.

(b) For purposes of determining the volume of domestic sales of each class of tobacco products and for each entity, such sales shall be based upon the reports filed by domestic manufacturers and importers of tobacco with the Department of Treasury and the Department of Homeland Security and shall correspond to the quantity of the tobacco product that is removed into domestic commerce by each such entity:

(1) For cigarettes and cigars, on the number of cigarettes and cigars reported on such reports;

(2) For all other classes of tobacco, on the number of pounds of those products.

(c) In determining the adjusted market share of each manufacturer or importer of a class of tobacco products, except for cigars, CCC will determine to the fourth decimal place an entity's share of excise taxes paid of that class of tobacco product during the immediately prior calendar year quarter. With respect to cigars, CCC will determine the adjusted market share for each manufacturer or importer of a class of tobacco products based on the number of such products removed into domestic commerce.

(d) The amount of a quarterly assessment owed by a domestic manufacturer or importer of tobacco products that must be remitted to CCC by the end of a calendar year quarter is based upon the application of the manufacturer's or importer's adjusted market share to the amount of the national assessment that has been allocated to one of the

7 CFR Ch. XIV (1-1-06 Edition)

six specified tobacco product sectors under §1463.5. As provided in §1463.3, this adjusted market share is determined by the actions of such manufacturer or importer in a prior calendar year quarter. Accordingly, this amount must be remitted to CCC whether or not the manufacturer or importer is engaged in the removal of tobacco or tobacco products into commerce in the calendar year quarter in which it receives notification of the amount of assessment owed to CCC.

[70 FR 7011, Feb. 10, 2005, as amended at 70 FR 17158, Apr. 4, 2005]

§ 1463.8 Notification of assessments.

(a) Once CCC has determined a national assessment, CCC will collect that amount on a quarterly basis from all domestic manufacturers and importers of tobacco products subject to §1463.5.

(b) 30 calendar days prior to the end of each calendar year quarter domestic manufacturers and importers of tobacco products will receive notification of:

(1) The national assessment;

(2) The percentage of the national assessment that has been allocated to each class of tobacco product and the total amount of assessments due from each such class;

(3) Any adjustments that have been from the prior fiscal year with respect to the allocation of the gross domestic volume determined for use in a fiscal year among the classes of tobacco products;

(4) An adjustment in the national assessment if CCC determines that the assessments imposed will result in insufficient funds due to changes in the amount of expenditures that CCC has determined will be made in a calendar year;

(5) The volume of gross sales of each class of tobacco that CCC has allocated to the domestic manufacturer or importer of tobacco products for the purposes of determining such entity's adjusted market share. The volume of gross sales of each class of tobacco allocated to such an entity shall correspond to the quantity of the tobacco product that is removed into domestic commerce by each such entity;

(6) The total volume of gross sales of each class of tobacco that CCC has allocated to a class of tobacco, within the gross domestic volume determined for use in a fiscal year, that was used for the purpose of determining a tobacco manufacturer's or tobacco importer's adjusted market share. The total volume of gross sales of each such class of tobacco shall correspond to the total quantity of the tobacco product that is removed into domestic commerce.

(7) For that quarter, the adjusted market share of the domestic manufacturer or importer of tobacco products;

(8) The manner in which assessments are to be remitted to CCC; and

(9) Identification of those Department of the Treasury and Department of Homeland Security forms filed by the domestic manufacturer or importer of tobacco products that are used to calculate assessments.

[70 FR 7011, Feb. 10, 2005, as amended at 70 FR 17158, Apr. 4, 2005]

§ 1463.9 Payment of assessments.

(a) Assessments under this subpart are imposed for the expenditures CCC has determined it will incur in the 2005 through 2014 calendar years. Except as provided in paragraph (c) of this section, payment of such assessments are due to CCC no later than the end of each calendar year quarter. If prior to 30 calendar days before the end of a calendar year quarter CCC has not notified an entity of the amount that is required to be remitted in that quarter, no interest will be assessed by CCC under paragraph (d) of this section until 30 calendar days have elapsed from the date CCC provided notification of the amount owed.

(b) Payments due under this subpart must be submitted to CCC by electronic fund transfer unless prior written approval has been obtained from CCC.

(c) The final two calendar year quarterly payments due to CCC under this part shall be due to CCC on September 30, 2014.

(d) Notwithstanding any other provision of this chapter, if CCC has not received payment of assessments determined to be owed at the end of a calendar year quarter, CCC will assess in-

terest on such unpaid amount beginning on the first day of the calendar year quarter immediately following the end of such prior quarter. Such interest will be at the rate CCC assesses on delinquent debts in accordance with part 1403 of this title.

(e) With respect to funds placed in escrow that are refunded to the domestic manufacturer or importer of tobacco products due to the resolution of an appeal, interest will be paid on such amount from the date of receipt by CCC until the date of the refund. Such interest rate will be at the rate charged by the U.S. Treasury for CCC's borrowing that is in effect on the date of receipt by CCC of such funds.

§ 1463.10 Civil penalties and criminal penalties.

(a) Any person who knowingly fails to provide information required to be filed under this subpart, or provides false information under this subpart, may be subject to the penalties prescribed in 15 U.S.C. 714m, 18 U.S.C. 1003, and such other civil and criminal statutes as the United States determines to be appropriate.

(b) In addition to an action that may be taken under paragraph (a) of this section, with respect to any person who knowingly fails to provide information required to be filed under this subpart, or that provides false information under this subpart, a person may be subject to assessment of a civil penalty by CCC. Such civil penalty will be imposed by CCC taking into account the severity of the action; whether the action is of a repetitive nature; and the disruption the action has caused with respect to other parties subject to this subpart. Any such civil penalty will not exceed two percent of the value of the kind of tobacco products manufactured or imported by such entity in the fiscal year in which the violation occurred.

§ 1463.11 Appeals and judicial review.

(a) An entity may appeal any adverse determination made under this subpart, including with respect to the amount of the assessment, by submitting a written statement that sets

forth the basis of the dispute by submitting such a request to the Executive Vice President, CCC, at 1400 Independence Avenue, SW., Room 4080-S, Washington DC 20250-0514, within 30 business days of the date of receipt of the notification by CCC of its determination.

(b) The Executive Vice President shall assign a person to act as the hearing officer on behalf of CCC. The duty of the hearing officer will be to develop an administrative record that will provide the Executive Vice President, or a designee, with sufficient information to render a final determination on the matter in dispute. The hearing to be conducted by the hearing officer will be an informal hearing at which the appellant may present oral and written evidence in support of the appellant's position. A copy of the rules of conduct that will be applicable to the proceeding will be provided to the appellant upon receipt of the appeal by CCC.

(c) With respect to any appeal filed under this section regarding an assessment imposed on a domestic manufacturer or importer of tobacco products, the rules of conduct will provide that within 30 calendar days of receiving the final submission of material by the appellant, CCC will render a final administrative decision. In the event CCC has not rendered a decision by such date, all administrative remedies available to the appellant shall be deemed to be exhausted.

§ 1463.105 Base quota levels for eligible quota holders.

(a) The BQL is determined separately for each kind of tobacco for each farm for which a 2004 basic marketing year quota was established under part 723 of this title. Any marketing quota assigned by FSA to a new farm in 2003 or 2004, other than through transfer from another farm, shall not be considered when determining the BQL.

(b) For burley tobacco quota holders BQL is established according to the following table, except as adjusted under paragraph (e) of this section:

(1) Farm BQL. The 2004 basic quota, multiplied by the BQL adjustment factor 1.071295. (NOTE: The factor adjusts the 2004 basic quota to the 2002 basic quota level.)

(2) Quota holder BQL. The farm BQL multiplied by the quota holder's ownership share in the farm. (NOTE: In the case of undivided tract ownership, BQL must be distributed among the tract quota holders by the tract owners.)

(c) For flue-cured tobacco quota holders the BQL is established according to the following table, except as adjusted under paragraph (e) of this section:

(1) Farm BQL. The 2004 basic quota, multiplied by the BQL adjustment factor 1.23457. (NOTE: The factor adjusts the 2004 basic quota to the 2002 level.)

(2) Quota holder BQL. The farm BQL multiplied by the quota holder's ownership share in the farm. (NOTE: In the case of undivided tract ownership, BQL

must be distributed among the tract quota holders by the tract owner.)

(d) For quota holders of all other kinds of tobacco the BQL is established according to the following table, except as adjusted under paragraph (e) of this section:

(1) Farm BQL. The basic allotment established for the farm in 2002 multiplied by the county average production yield. The following NASS yields are to be used for any county without production:

- (i) Fire-cured (type 21)—1746 lbs.
- (ii) Fire-cured (types 22-23)—2676 lbs.
- (iii) Dark Air-cured (types 35-36)—2475 lbs.
- (iv) Virginia Sun-cured (type 37)—1502 lbs.
- (v) Cigar Filler/Binder (types 42-44, 54, 55)—2230 lbs.

(2) Quota holder BQL. The farm BQL multiplied by the quota holder's ownership share in the farm. (NOTE: In the case of undivided tract ownership, BQL must be distributed among the tract quota holders by the tract owner.)

(e)(1) CCC will divide the BQL for the farm between the parties to the agreement as CCC determines to be fair and equitable, taking into consideration the proportionate amounts of cropland sold, if:

(i) On or before October 22, 2004, the owner of a farm had entered into an agreement for the sale of all or a portion of a farm for which a farm marketing quota was established for the 2004 marketing year; and

(ii) Such agreement had not been fulfilled or terminated prior to that date; and

(iii) The parties to the agreement are unable to agree to the disposition of the contract payment to be made with respect to the farm.

(2) If, on or before October 22, 2004, the owner of a farm had entered into an agreement for the permanent transfer of all or a portion of a tobacco marketing quota and the transfer had not been completed by such date, the owner of the farm to which such quota was to be transferred shall be considered to be the owner of the marketing quota for the purposes of this subpart. The BQL's for the transferring farm and the receiving farm will be adjusted to reflect this transfer.

(f) Any tobacco marketing quota preserved under part 1410 of this chapter as the result of the enrollment of a farm in the Conservation Reserve Program shall be included in the determination of the BQL of the farm.

§ 1463.106 Base quota levels for eligible tobacco producers.

(a) BQL is determined separately, for each of the years 2002, 2003 and 2004, for each kind of tobacco and for each farm for which a 2002 farm marketing quota had been established under part 723 of this title.

(b) The BQL for producers of burley tobacco is established as follows:

(1) The 2002-crop year BQL for burley producers is the 2002 effective quota pounds actually marketed, adjusted for disaster lease and transfer, and considered-planted undermarketings and overmarketings. The BQL is then multiplied by the producer's share in the 2002 crop to determine the producer's 2002 BQL. The adjustments for disaster lease and transfer and considered-planted undermarketings and overmarketings are made as follows:

(i) Disaster-leased pounds are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm;

(ii) Considered-planted pounds are added to the farm's actual marketings, and includes only undermarketings that were not part of the farm's 2003 effective quota.

(iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.12486 has been applied to the overmarketed pounds.

(2) The 2003-crop year BQL for burley producers is the 2003 effective quota pounds actually marketed, adjusted for disaster lease and transfer and considered-planted undermarketings and overmarketings, as follows:

(i) Disaster leases are added to the marketings of the transferring farm and deducted from the marketings of receiving farm.

(ii) Considered-planted pounds are added to the farm's actual marketings, and includes only undermarketings that were not part of the farm's 2004 effective quota.

Commodity Credit Corporation, USDA

§ 1463.106

(iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.071295 has

been applied to the overmarketed pounds.

(iv) After these adjustments the BQL is calculated as follows:

Step	Calculation
1	Subtract all 2002 undermarketings from the 2003 marketings, including undermarketings from the parent farm in any special tobacco combinations. Leased pounds are apportioned undermarketing history by dividing the transferring farm's undermarketings by the transferring farm's effective quota, before any temporary transfers, resulting in the percentage of undermarketings that were leased.
2	Multiply the 2003 marketings remaining after Step 1 times 1.12486 (the 2003-BQL adjustment factor).
3	Add the undermarketings that were subtracted in Step 1 to the sum of Step 2 to determine the farm 2003 BQL.
4	Multiply the sum from Step 3 times the producer's share in the 2003 crop to determine the producer's 2003 BQL.

(3) The 2004-crop year BQL for burley producers is the 2004 effective quota be-

fore disaster lease and transfer is calculated as follows:

Step	Calculation
1	Subtract all 2003 undermarketings from the 2004 effective quota, including undermarketings from the parent farm in any special tobacco combinations. Leased pounds are apportioned undermarketing history by dividing the transferring farm's undermarketings by the transferring farm's effective quota, before any temporary transfers, resulting in the percentage of undermarketings that were leased.
2	Multiply the 2004 effective quota remaining after Step 1 times 1.071295 (the 2004 BQL adjustment factor).
3	Multiply the undermarketings that were subtracted in Step 1 times 1.12486 (the 2003 BQL adjustment factor).
4	Add the effective quota from Step 2 to the undermarketings in Step 3 to determine the farm 2004 BQL.
5	Multiply the sum from Step 4 times the producer's share in the 2004 crop to determine the producer's 2004 BQL.

(c) The BQL for producers of flue-cured tobacco is established by year, as follows:

BQL adjustment factor of 1.10497 has been applied to the overmarketed pounds.

(1) The 2002-crop year BQL for flue-cured producers is the effective 2002 quota actually marketed, adjusted for disaster lease and transfer and considered-planted undermarketings and overmarketings. The BQL is then multiplied by the producer's share in the 2002 crop to determine the producer's 2002 BQL. Adjustments for disaster lease and transfer and considered-planted undermarketings and overmarketings are calculated as follows:

(2) The 2003-crop year BQL for flue-cured producers is the 2003 effective quota actually marketed, adjusted for disaster lease and transfer and considered-planted undermarketings and overmarketings, as follows:

(i) Disaster-leased pounds are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm;

(i) Disaster leases are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm.

(ii) Considered-planted pounds are added to the farm's actual marketings, and include only undermarketings that were not part of the farm's 2003 effective quota.

(ii) Considered-planted pounds are added to the farm's actual marketings, and includes only undermarketings that were in not part of the farm's 2004 effective quota.

(iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the

(iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.23457 has been applied to the overmarketed pounds.

(iv) After these adjustments the BQL is calculated as follows:

Step	Calculation
1	Subtract all 2002 undermarketings from the 2003 marketings, including undermarketings from the parent farm in any special tobacco combinations.
2	Multiply the 2003 marketings remaining after Step 1 times 1.10497 (the 2003 BQL adjustment factor).

Step	Calculation
3	Add the undermarketings that were subtracted in Step 1 to the sum of Step 2 to determine the farm 2003 BQL.
4	Multiply the sum from step 3 times the producer's share in the 2003 crop to determine the producer's 2003 BQL.

(3) The 2004-crop year BQL for flue-cured producers is the 2004 effective quota before disaster lease and transfer. The 2004 BQL is calculated as follows:

Step	Calculation
1	Subtract all 2003 undermarketings from the 2004 effective quota, including undermarketings from the parent farm in any special tobacco combinations.
2	Multiply the 2004 effective quota remaining after Step 1 times 1.23457 (the 2004 BQL adjustment factor).
3	Multiply the undermarketings that were subtracted in Step 1 times 1.10497 (the 2003 BQL adjustment factor).
4	Add the effective quota from Step 2 to the undermarketings in Step 3 to determine the farm 2004 BQL.
5	Multiply the sum from Step 4 times the producer's share in the 2004 crop to determine the producer's 2004 BQL.

(d) The BQL for producers of cigar filler and binder tobacco is established by years, as follows: (1) The 2002-crop year BQL for cigar filler and binder tobaccos is calculated as follows:

Step	Calculation
1	Multiply the 2002 farm's basic allotment times the farm's average yield for 2001, 2002, and 2003 to get the 2002 farm base pounds total.
2	Multiply any 2002 special tobacco combination acres times the 2002-equivalence factor of 1.000.
3	Multiply the sum from Step 2 times the farm's average yield for 2001, 2002, and 2003 to get the 2002 farm special tobacco combination pounds total.
4	Add the sum from Step 1 to the sum from Step 3 to get the 2002 farm BQL total.
5	Multiply the sum from Step 4 times the producer's share in the 2002 crop to get the producer 2002 BQL.

(2) The 2003-crop year BQL for cigar filler and binder tobaccos is calculated as follows:

Step	Calculation
1	Multiply the 2002 farm's basic allotment times the farm's average yield for 2001, 2002, and 2003 to get the 2003 farm base pounds total.
2	Multiply any 2003 special tobacco combination acres times the 2003 BQL adjustment factor of 0.8929.
3	Multiply the sum from Step 2 times the farm's average yield for 2001, 2002, and 2003 to get the 2003 farm special tobacco combination pounds total.
4	Add the sum from Step 1 to the sum from Step 3 to get the 2003 farm BQL total.
5	Multiply the sum from Step 4 times the producer's share in the 2003 crop to get the producer 2003 BQL.

(3) The 2004-crop year BQL for cigar filler and binder tobaccos is calculated as follows:

Step	Calculation
1	Multiply the 2002 farm's basic allotment times the farm's average yield for 2001, 2002, and 2003 to get the 2004 farm base pounds total.
2	Multiply any 2004 special tobacco combination acres times the 2004 BQL adjustment factor of 0.9398.
3	Multiply the sum from Step 2 times the farm's average yield for 2001, 2002, and 2004 to get the 2003 farm special tobacco combination pounds total.
4	Add the sum from Step 1 to the sum from Step 3 to get the 2004 farm BQL total.
5	Multiply the sum from Step 4 times the producer's share in the 2004 crop to get the producer 2004 BQL.

7	To the sum from Step 4 either: (i) Add pounds from Step 6 leased to the farm to get the farm 2004 BQL total (ii) Subtract pounds from Step 6 leased from the farm to get the farm 2004 BQL total.
8	Multiply the sum from Step 7 times the producer's share in the 2004 crop to get the producer 2004 BQL total.

§ 1463.107 Payment to eligible quota holders.

(a) The total amount of contract payments that may be made to an eligible quota holder shall be the product obtained by multiplying:

\$7.00 per pound × the BQL for the quota holder as determined under §1463.105 for each kind of tobacco

(b) During each of the fiscal years 2005 through 2014, CCC will make a payment to each eligible quota holder in an amount equal to 10 percent of the total amount due under a contract entered into under this subpart, except that in the case an application was filed after June 17, 2005, the applicant will receive only the TTPP payments that have not been made as of the date the contract is approved. However, in order for the contract participant to receive the 2005 TTPP payment an application to enter into a TTPP contract must be filed no later than June 17, 2005. CCC may, in its discretion, extend any deadline set forth in this paragraph. However, CCC will make the FY 2005 payment between June and September of 2005, and subsequent payments will be made in January, to the extent practicable, of each FY.

§ 1463.108 Payment to eligible tobacco producers.

(a) Subject to paragraph (b) of this section, the total amount of contract payments that may be made to an eligible tobacco producer shall be the product obtained by multiplying:

\$3.00 per pound × the BQL for the producer determined under §1463.106 for each kind of tobacco

(b) Payments to an eligible producer shall be equal to:

(1) For an eligible producer that produced tobacco that was marketed or considered by CCC as planted under a marketing quota in all of the 2002, 2003, and 2004 marketing years, 100 percent

of the rate specified in paragraph (a) of this section;

(2) For an eligible producer that produced tobacco that was marketed or considered by CCC as planted under a marketing quota in any two of the 2002, 2003, and 2004 marketing years, 2/3 of the rate specified in paragraph (a) of this section; and

(3) For an eligible producer that produced tobacco that was marketed, or considered by CCC as planted under a marketing quota in any one of the 2002, 2003, and 2004 marketing years, 1/3 of the rate specified in paragraph (a) of this section.

(c) During each of the fiscal years 2005 through 2014, CCC will make a payment to each eligible producer in an amount equal to 10 percent of the total amount due under a contract entered into under this subpart except that in the case an application was filed after June 17, 2005, the applicant will receive only the TTPP payments that have not been made as of the date the contract is approved. However, in order for the contract participant to receive the 2005 TTPP payment, an application to enter into a TTPP contract must be filed no later than June 17, 2005. CCC may, in its discretion, extend any deadline set forth in this paragraph. However, CCC will make the FY 2005 payment between June and September of 2005, and subsequent payments will be made in January, to the extent practical, of each FY.

§ 1463.109 Contracts.

(a) CCC will enter into a contract with eligible tobacco quota holders and producers. To the extent a person has filed such a contract with CCC, but a final administrative decision has not been made with respect to such person's status as an eligible quota holder or tobacco producer prior to the final enrollment date, CCC will enter into such a contract only upon the issuance of a final determination of eligibility and the passing of any deadline for any

administrative appeal under parts 780 and 11 of this title.

(b)(1) If contracts or other written claims are provided to CCC by June 3, 2005, by two or more persons with respect to the same tobacco BQL used to calculate a program payment, CCC will not issue such payment until CCC has determined the eligibility status of each claimant.

(2) If CCC has made a payment to a person after June 3, 2005, a person who is not an eligible holder or producer, as identified on FSA records, for such farm, or claims to be an eligible tobacco holder or producer and submits a contract or other written claim with CCC for the same quota used to issue the initial payment, CCC will issue no further payments for such farm until CCC has determined the eligibility status of each person who has submitted a contract or other written claim for such farm and the occurrence of the repayment of the initial payment made by CCC.

§ 1463.110 Misrepresentation and scheme or device.

A person must refund all payments received on all contracts entered into under this subpart, plus interest as determined in accordance with part 1403 of this chapter, and pay to CCC liquidated damages as specified in the contract, if CCC determines the person has:

(a) Erroneously represented any fact affecting a program determination made in accordance with this subpart;

(b) Adopted any scheme or device that tends to defeat the purpose of the program; or

(c) Made any fraudulent representation affecting a program determination made in accordance with this subpart.

§ 1463.111 Offsets and assignments.

(a) TTPP payments made to any person under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the tobacco quota, tobacco marketing allotment, or the farm for which a tobacco quota had been established under part 723 of this title by any creditor or any other person.

(b) The provisions of part 1404 of this title shall not apply to this part.

(c) A quota holder or tobacco producer who is eligible to receive a payment under this part may assign a payment, or a portion thereof, to be made under this part to another person using the correct CCC form. Such an assignment will become effective upon approval by CCC. In order to provide for the orderly issuance of payments under this part, CCC may limit, in its sole discretion, the number of assignments that may be made with respect to a contract.

(d)(1) CCC will establish, after consultation with the Department of the Treasury, a discount rate that reflects the value of any remaining payments due under this part if such payments were to be made as a lump sum payment in the current year. Unless there is consideration for such contract in an amount equal to or greater than the discounted value of the payments, subject to the assignment, based on the discount rate established for such payments by CCC, CCC will not approve any assignment other than to:

(i) A family member; or

(ii) A party who had purchased a tobacco marketing quota prior to October 22, 2004 and had placed the quota on a farm with the owner's consent prior to that date in the manner that had been prescribed by FSA under part 723 of this chapter.

(2) The discount rate established by CCC will be determined by adding 200 basis points to the prime lending rate, as determined by CCC. If this sum is a fraction of a number, CCC will round the discount rate to the nearest whole number. Rounding of a half percent will be to the next higher whole number.

(e) CCC will issue a payment to an assignee only to the extent and amount of payment that CCC would otherwise have issued to the quota holder or producer in the absence of the assignment. In accordance with part 1403 of this title, any claim owed by the assignor to the United States will be deducted from any payment made under this part prior to the issuance of the payment to the assignee.

(f) CCC will report to the Internal Revenue Service any payment assigned

§ 1463.112

under this section as income earned by the assignor.

§ 1463.112 Successor in interest contracts.

(a) A quota holder or tobacco producer who is eligible to receive a payment under this part, and for whom a claim has not been established by the United States, may enter into a successor in interest contract with another party using the correct CCC form. Such successor in interest contract will become effective upon approval by CCC, and will not include the 2005 payment. Only one such successor in interest contract may be entered into by a quota holder or tobacco producer with respect to a farm for each kind of tobacco.

(b) Annually, CCC will establish, after consultation with the Department of the Treasury, a discount rate that reflects the value of any remaining payments due under this part if such payments were to be made as a lump sum payment in the current year. This discount rate will be determined as provided in § 1463.111(d)(2). Unless there is consideration for such contract in an amount equal to or greater than the discounted value of the payments, subject to the successor in interest or contract, based on the discount rate established for such payments by CCC, CCC will not approve any succession in interest contract other than to:

(1) A family member; or

(2) A party who had purchased a tobacco marketing quota prior to October 22, 2004 and had placed the quota on a farm with the owner's consent prior to that date in the manner that had been prescribed by FSA under part 723 of this chapter.

(c) CCC will issue a payment, except the 2005 payment, to a successor party only if such party is otherwise in compliance with all other applicable regulations, which includes for successors to producer contracts only the wetlands and highly erodible land provisions of part 12 of this chapter. In accordance with part 1403 of this title, any claim owed by the successor party to the United States will be deducted from any payment made under this part prior to the issuance of the payment to the successor party.

7 CFR Ch. XIV (1-1-06 Edition)

(d) CCC will report to the Internal Revenue Service any payment made under a successor in interest contract as income earned by the successor party.

§ 1463.113 Issuance of payments in event of death.

If a quota holder or tobacco producer who is eligible to receive a payment under this subpart dies, the right to receive payments shall be transferred to the estate of the quota holder or tobacco producer unless such person is survived by a spouse or one or more dependents, in which case the right to receive the payments shall be transferred to the surviving spouse.

§ 1463.114 Appeals.

A person may obtain reconsideration and review of any adverse determination made under this subpart in accordance with the appeal regulations found at parts 11 and 780 of this title.

Subpart C—Miscellaneous Provisions

§ 1463.201 Refunds of importer assessments.

Assessments paid on imported flue-cured or burley tobacco under sections 106A and 106B of the Agricultural Act of 1949 with respect to imports in the 2004 and prior marketing years may be refunded by CCC in accordance with the provisions of 7 CFR 1464.105 that were in effect prior to March 30, 2005, so long as such request for refunds are filed in accordance with such part no later than:

(a) August 1, 2005 for flue-cured tobacco; and

(b) November 1, 2005 for burley tobacco.

Subpart A—General Provisions

§ 1465.1 Purposes and applicability.

Through the Agricultural Management Assistance (AMA) program, the NRCS provides financial assistance funds annually to producers in 15 statutorily designated states to construct or improve water management structures or irrigation structures; to plant trees to form windbreaks or to improve water quality; and to mitigate risk through production diversification or resource conservation practices, including soil erosion control, integrated pest management, or transition to organic farming. The AMA Program is applicable in Connecticut, Delaware, Maryland, Massachusetts, Maine, Nevada, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Utah, Vermont, West Virginia, and Wyoming.

§ 1465.2 Administration.

(a) Administration and implementation of the conservation provisions of AMA Program for the CCC is assigned to the Natural Resources Conservation Service (NRCS). The Farm Service Agency (FSA) is responsible for 'person' determinations under §1465.23(c) and making cost-share payments.

(b) NRCS will:

(1) Provide overall management and implementation leadership for the AMA Program;

(2) Establish policies, procedures, priorities, and guidance for implementation;

(3) Establish cost-share payment limits;

(4) Determine eligible practices;

(5) Develop and approve conservation plans and contracts with selected participants;

(6) Provide technical leadership for implementation, quality assurance, and evaluation of performance; and

(7) Make funding decisions and determine allocations of AMA funds.

(c) FSA will:

(1) Determine 'person' and producer eligibility; and

(2) Make cost-share payments for practices completed.

§ 1465.3 Definitions.

The following definitions apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Applicant means an agricultural producer who has requested in writing to participate in the AMA Program. Producers who are members of a joint operation shall be considered one applicant.

Chief means the Chief of NRCS, or designee.

Conservation district means a political subdivision of a State, Indian tribe, or territory, organized pursuant to the State or territorial soil conservation district law, or tribal law. The subdivision may be a conservation district, soil conservation district, soil and water conservation district, resource conservation district, natural resource district, land conservation committee, or similar legally constituted body.

Conservation plan means a record of the participant's decisions, and supporting information, for treatment of a unit of land or water, and includes the schedule of operations, activities, and estimated expenditures needed to solve identified natural resource concerns.

Conservation practice means a specified treatment, such as a structural or vegetative practice or a land management practice, which is planned and

§ 1465.4

7 CFR Ch. XIV (1-1-06 Edition)

applied according to NRCS standards and specifications.

Contract means a legal document that specifies the rights and obligations of any person who has been accepted for participation in the AMA Program.

Cost-share payment means the financial assistance from NRCS to the participant to share the cost of installing eligible practices.

Designated conservationist means an NRCS employee whom the State conservationist has designated as responsible for administration of the AMA Program.

Indian tribe means any Indian tribe, band, nation, or other organized group or community which is recognized as eligible for the special assistance and services provided by the United States to Indians because of their status as Indians.

Indian trust lands means real property in which the United States holds title as trustee for an Indian or tribal beneficiary, or a Indian or tribal beneficiary holds title and the United States maintains a trust relationship.

Life-span means the minimum time period in which the conservation practices are to be maintained and used for their intended purpose.

Liquidated damages means a sum of money stipulated in the contract that the participant agrees to pay if the participant breaches the contract. The sum represents an estimate of the anticipated or actual harm caused by the breach, and reflects the difficulties of proof of loss and the inconvenience or non-feasibility of otherwise obtaining an adequate remedy.

Operation and maintenance means work that is to be performed by the participant to keep the applied conservation practice functioning for the intended purpose during its life span. Operation includes the administration, management, and performance of non-maintenance actions needed to keep the completed practice safe and functioning as intended. Maintenance includes work to prevent deterioration of the practice, repairing damage, or replacement of the practice to its original condition if one or more components fail.

Participant means a producer who is a party to an AMA contract.

Producer means a person who is engaged in agricultural production.

Secretary means the Secretary of the United States Department of Agriculture.

State Conservationist means the NRCS employee authorized to direct and supervise NRCS activities in a State, the Caribbean Area, or the Pacific Basin Area.

State Technical Committee means a committee established by the Secretary in a State pursuant to 16 U.S.C. 3861.

Technical assistance means the personnel and support resources needed to conduct conservation practice survey, layout, design, installation, and certification; training and providing quality assurance for professional conservationists; and evaluation and assessment of the AMA Program.

Unit of concern means a parcel of agricultural land that has natural resource conditions that are of concern to the participant.

§ 1465.4 Program requirements.

(a) Participation in the AMA Program is voluntary. The participant, in cooperation with the local conservation district, applies for practice installation for the farm or ranching unit of concern. The NRCS provides cost-share payments through contracts to apply needed conservation practices within a time schedule specified in the contract.

(b) The Chief determines the funds available for financial assistance according to the purpose and projected cost for which the financial assistance is provided in a fiscal year. The Chief allocates the funds available to carry out the AMA Program.

(c) To be eligible to participate in the AMA Program, an applicant must:

- (1) Be an agricultural producer;
- (2) Have control of the land for the life of the proposed contract period, except that:

(i) An exception may be made by the Chief in the case of land allotted by the Bureau of Indian Affairs (BIA), tribal land, or other instances in which the Chief determines that there is sufficient assurance of control; or

Commodity Credit Corporation, USDA

§ 1465.21

(ii) If the applicant is a tenant of the land involved in agricultural production the applicant shall provide NRCS with the written concurrence of the landowner in order to apply an eligible practice(s);

(3) Submit an application form CCC-1200;

(4) Supply information as required by NRCS to determine eligibility for the AMA Program; and

(5) States, political subdivisions, and entities thereof will not be persons eligible for payment. Any cooperative association of producers that markets commodities for producers shall not be considered to be a person eligible for payment.

(d) Land may only be considered for enrollment in the AMA program if NRCS determines that the land is:

(1) Privately owned land;

(2) Publicly owned land where:

(i) The land is under private control for the contract period and is included in the participant's operating unit;

(ii) Conservation practices will contribute to an improvement in the identified natural resource concern; and

(iii) The participant has provided NRCS with written authorization from the government landowner to apply the conservation practices; or

(3) The land is federally recognized Tribal, BIA allotted, or Indian trust land.

§ 1465.5 Conservation practices.

(a) The State Conservationist, with advice from the State Technical Committee, will determine the conservation practices eligible for AMA Program payments. To be considered eligible conservation practices, the practices must meet the purposes of the AMA as set out in §1465.1.

(b) The conservation plan includes the schedule of operations, activities, and estimated expenditures of the practices needed to solve identified natural resource concerns.

Subpart B—Contracts

§ 1465.20 Applications for participation and selecting applications for contracting.

(a) Any producer who has eligible land may submit an application for

participation in the AMA Program at a USDA service center. Producers who are members of a joint operation shall file a single application for the joint operation.

(b) NRCS will accept applications throughout the year. The State Conservationist will distribute information on the availability of assistance and the state-specific goals. Information will be provided that explains the process to request assistance.

(c) The State Conservationist, with advice from the State Technical Committee, will develop ranking criteria and a ranking process to select applications, taking into account local and state priorities.

(d) The State Conservationist or designated conservationist with advice from the State Technical Committee and using a locally led process will rank and select applications for contracting based on the state-developed ranking criteria and ranking process.

(e) The State Conservationist or designated conservationist will work with the applicant to collect the information necessary to evaluate the application using the ranking criteria.

§ 1465.21 Contract requirements.

(a) In order for a participant to receive cost-share payments, the participant shall enter into a contract agreeing to implement eligible conservation practices.

(b) An AMA contract will:

(1) Incorporate by reference all portions of a unit applicable to the AMA Program;

(2) Be for a duration of 3 to 10 years;

(3) Incorporate all provisions as required by law or statute, including participant requirements to:

(i) Not conduct any practices on the farm or ranch unit of concern that would tend to defeat the purposes of the contract according to §1465.25;

(ii) Refund any AMA Program payments received with interest, and forfeit any future payments under the AMA Program, on the violation of a term or condition of the contract, consistent with the provisions of §1465.25;

(iii) Refund all AMA Program payments received on the transfer of the right and interest of the producer in land subject to the contract, unless the

§ 1465.22

transferee of the right and interest agrees to assume all obligations of the contract, consistent with the provisions of § 1465.24; and

(iv) Supply information as required by NRCS to determine compliance with the contract and requirements of the AMA Program.

(4) Specify the participant's requirements for operation and maintenance of the applied conservation practices consistent with the provisions of § 1465.22; and

(5) Any other provision determined necessary or appropriate by NRCS.

(c) The participant must apply the practice(s) according to the schedule set out in the contract or conservation plan.

§ 1465.22 Conservation practice operation and maintenance.

The contract will incorporate the operation and maintenance of the conservation practice(s) applied under the contract. The participant must operate and maintain the conservation practice(s) for its intended purpose for the life span of the conservation practice, as identified in the contract or conservation plan, as determined by NRCS. NRCS may periodically inspect the conservation practices during the life span of the practices as specified in the contract to ensure that operation and maintenance is occurring.

§ 1465.23 Cost-share payments.

(a)(1) The Federal share of cost-share payments to a participant will be 75 percent of the actual cost of an eligible practice. In no instance shall the total financial contributions for an eligible practice from all public and private entity sources exceed 100 percent of the actual cost of the practice.

(2) Participants may contribute their portion of the costs of practices through in-kind contributions, including labor and materials, providing the materials contributed meet the NRCS standards and specifications for the practice being installed.

(3) Cost-share payments will not be made to a participant who has applied or initiated the application of a conservation practice prior to approval of the contract.

7 CFR Ch. XIV (1-1-06 Edition)

(b) The total amount of cost-share payments paid to a person under this part may not exceed \$50,000 for any fiscal year.

(c) For purposes of applying the payment limitations provided for in this section, NRCS will use the provisions in 7 CFR part 1400 related to the definition of a "person" and the limitation of payments, except that:

(i) The provisions in part 1400, subpart C for determining whether persons are actively engaged in farming, subpart E for limiting payments to certain cash rent tenants, and subpart F as the provisions apply to determining whether foreign persons are eligible for payment, will not apply.

(ii) With respect to land under an AMA Program contract which is inherited during the contract period, the \$50,000 fiscal year limitation will not apply to the extent that the payments from any contracts on the inherited land cause an heir, who was party to an AMA Program contract on other lands prior to the inheritance, to exceed the annual limit.

(iii) With regard to contracts on tribal land, Indian trust land, or BIA allotted land, payments exceeding one limitation may be made to the tribal venture if an official of the BIA or tribal official certifies in writing that no one person directly or indirectly will receive more than the limitation.

(iv) The status of an individual or entity on the date of the application shall be the basis on which the determination of the number of persons involved in the farming operation is made.

(d) The participant and NRCS must certify that a conservation practice is completed in accordance with the contract before NRCS will approve the payment of any cost-share payment.

§ 1465.24 Contract modification, extension, and transfer of land.

(a) The participant and NRCS may modify a contract if the participant and NRCS agree to the contract modification.

(b) Contracts that run less than ten years may be extended for up to the 10-year limit in order for the participant to complete the practices scheduled in

the contract, if such extension is requested by the participant before the contract expires.

(c) The parties may mutually agree to transfer a contract to a new participant. The transferee must be determined by NRCS to be eligible to participate in the AMA Program and shall assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract.

(d) NRCS may require a participant to refund all or a portion of any assistance earned under the AMA Program if the participant sells or loses control of the land under an AMA Program contract and the new owner or controller is not eligible to participate in the AMA Program or refuses to assume responsibility under the contract.

§ 1465.25 Contract violations and termination.

(a)(1) If NRCS determines that a participant is in violation of the terms of a contract or documents incorporated by reference into the contract, NRCS will give the participant a reasonable time, as determined by the State Conservationist, to correct the violation and comply with the terms of the contract and attachments thereto. If a participant continues in violation, the State Conservationist may terminate the AMA Program contract.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, a contract termination shall be effective immediately upon a determination by the State Conservationist that the participant has submitted false information or filed a false claim, or engaged in any act for which a finding of ineligibility for payments is permitted under the provisions of §1465.35, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(b)(1) If NRCS terminates a contract, the participant shall forfeit all rights for future payments under the contract and shall refund all or part of the payments received, plus interest determined in accordance with part 1403 of this chapter. The State Conservationist has the option of requiring only

partial refund of the payments received if the State Conservationist determines that a previously installed conservation practice can function independently, is not affected by the violation or other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(2) If NRCS terminates a contract due to breach of contract or the participant voluntarily terminates the contract before any contractual payments have been made, the participant shall forfeit all rights for further payments under the contract and shall pay such liquidated damages as are prescribed in the contract. The State Conservationist will have the option to waive the liquidated damages depending upon the circumstances of the case.

(3) When making all contract termination decisions, NRCS may reduce the amount of money owed by the participant by a proportion which reflects the good faith effort of the participant to comply with the contract, or the hardships beyond the participant's control that have prevented compliance with the contract.

(4) The participant may voluntarily terminate a contract if NRCS agrees based on NRCS's determination that termination is in the public interest.

(5) In carrying out NRCS's role in this section, NRCS may consult with the local conservation district.

Subpart C—General Administration

§ 1465.30 Appeals.

(a) A participant may obtain administrative review of an adverse decision under the AMA Program in accordance with parts 11 and 614 of this title, except as provided in paragraph (b) of this section.

(b) The following decisions are not appealable:

- (1) Payment rates, payment limits, and cost-share percentages;
- (2) Funding allocations;
- (3) Eligible conservation practices; and
- (4) Other matters of general applicability, including:

§ 1465.31

- (i) Technical standards and formulas;
- (ii) Denial of assistance due to lack of funds or authority; or
- (iii) Science-based formulas and criteria.

§ 1465.31 Compliance with regulatory measures.

Participants who carry out conservation practices will be responsible for obtaining the authorities, rights, easements, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants will be responsible for compliance with all laws and for all effects or actions resulting from the participant's performance under the contract.

§ 1465.32 Access to operating unit.

Any authorized NRCS representative shall have the right to enter an operating unit or tract for the purpose of ascertaining the accuracy of any representations made in a contract or in anticipation of entering a contract, as to the performance of the terms and conditions of the contract. Access shall include the right to provide technical assistance, inspect any work undertaken under the contract and collect information necessary to evaluate the performance of conservation practices in the contract. The NRCS representative will make a reasonable effort to contact the participant prior to the exercise of this provision.

§ 1465.33 Performance based upon advice or action of representatives of NRCS.

If a participant relied upon the advice or action of any authorized representative of NRCS, and did not know or have reason to know that the action or advice was improper or erroneous, the State Conservationist may accept the advice or action as meeting the requirements of the AMA Program and may grant relief, to the extent it is deemed desirable by NRCS, to provide a fair and equitable treatment because of the good-faith reliance on the part of the participant.

7 CFR Ch. XIV (1-1-06 Edition)

§ 1465.34 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the United States Government. The regulations governing offsets and withholdings found in part 1403 of this chapter shall be applicable to contract payments.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

§ 1465.35 Misrepresentation and scheme or device.

(a) A producer who is determined to have erroneously represented any fact affecting an AMA Program determination made in accordance with this part shall not be entitled to contract payments and must refund to NRCS all payments, plus interest determined in accordance with part 1403 of this chapter.

(b) A producer's interest in all contracts shall be terminated, and the producer shall refund to NRCS all payments, plus interest determined in accordance with part 1403 of this chapter, received by such producer with respect to all contracts if it is determined that the producer knowingly:

- (1) Adopted any scheme or device that tends to defeat the purpose of the AMA Program;
- (2) Made any fraudulent representation; or
- (3) Misrepresented any fact affecting an AMA Program determination.

Subpart A—General Provisions

§ 1466.1 Applicability.

Through the Environmental Quality Incentives Program (EQIP), the Natural Resources Conservation Service (NRCS) provides assistance to eligible farmers and ranchers to address soil, water, air, and related natural resources concerns, and to encourage enhancements on their lands in an environmentally beneficial and cost-effective manner and to assist producers in complying with environmental regulations. The purposes of the program are achieved by implementing structural and land management conservation practices on eligible land.

§ 1466.2 Administration.

(a) The funds, facilities, and authorities of the Commodity Credit Corporation (CCC) are available to NRCS for carrying out EQIP. Accordingly, where

NRCS is mentioned in this part, it also refers to the CCC's funds, facilities, and authorities where applicable.

(b) NRCS and the Farm Service Agency (FSA) will consult, at the National level, in establishing policies, priorities, and guidelines related to the implementation of this part. FSA may continue to participate in EQIP through participation on State Technical Committees and Local Work Groups.

(c) NRCS supports "locally-led conservation" by using State Technical Committees at the state level and Local Work Groups at the county/parish level to advise NRCS on technical issues relating to the implementation of EQIP such as:

(1) Identification of priority natural resource concerns;

(2) Identification of which conservation practices should be eligible for financial assistance; and

(3) Establishment of cost-share rates and incentive payment levels.

(d) No delegation in this part to lower organizational levels shall preclude the Chief of NRCS from determining any issues arising under this Part or from reversing or modifying any determination made under this Part.

(e) NRCS may enter into agreements with other Federal or State agencies, Indian Tribes, conservation districts, units of local government, public or private organizations and individuals to assist NRCS with implementation of the program in this part.

§ 1466.3 Definitions.

The following definitions will apply to this part and all documents issued in accordance with this Part, unless specified otherwise:

Agricultural land means cropland, rangeland, pasture, private non-industrial forest land, and other land on which crops or livestock are produced.

Agricultural operation means a parcel or parcels of land whether contiguous or noncontiguous, constituting a cohesive management unit for agricultural purposes. An agricultural operation shall be regarded as located in the county in which the principle dwelling is situated, or if there is no dwelling thereon, it shall be regarded to be in

§ 1466.3

7 CFR Ch. XIV (1-1-06 Edition)

the county in which the major portion of the land is located.

Animal waste management facility means a structural conservation practice used for storing or treating animal waste.

Applicant means an individual, entity or joint operation who has an interest in a farming operation, as defined in 7 CFR 1400.3, who has requested in writing to participate in EQIP.

Beginning Farmer or Rancher means an individual or entity who:

(1) Has not operated a farm or ranch, or who has operated a farm or ranch for not more than 10 consecutive years. This requirement applies to all members of an entity, and

(2) Will materially and substantially participate in the operation of the farm or ranch.

(i) In the case of a contract with an individual, individually or with the immediate family, material and substantial participation requires that the individual provide substantial day-to-day labor and management of the farm or ranch, consistent with the practices in the county or State where the farm is located

(ii) In the case of a contract with an entity or joint operation, all members must materially and substantially participate in the operation of the farm or ranch. Material and substantial participation requires that each of the members provide some amount of the management, or labor and management necessary for day-to-day activities, such that if each of the members did not provide these inputs, operation of the farm or ranch would be seriously impaired.

Chief means the Chief of NRCS, USDA, or designee.

Comprehensive Nutrient Management Plan (CNMP) means a conservation system that is unique to an animal feeding operation (AFO). A CNMP is a grouping of conservation practices and management activities which, when implemented as part of a conservation system, will help to ensure that both production and natural resource pro-

tection goals are achieved. A CNMP incorporates practices to use animal manure and organic by-products as a beneficial resource. A CNMP addresses natural resource concerns dealing with soil erosion, manure, and organic by-products and their potential impacts on all natural resources including water and air quality, which may derive from an AFO. A CNMP is developed to assist an AFO owner/operator in meeting all applicable local, Tribal, State, and Federal water quality goals or regulations. For nutrient impaired stream segments or water bodies, additional management activities or conservation practices may be required by local, Tribal, State, or Federal water quality goals or regulations.

Conservation district means any district or unit of State, tribal, or local government formed under State, tribal, or territorial law for the express purpose of developing and carrying out a local soil and water conservation program. Such district or unit of government may be referred to as a "conservation district," "soil conservation district," "soil and water conservation district," "resource conservation district," "land conservation committee," or similar name.

Conservation Innovation Grants means competitive grants made under EQIP to individuals, governmental and non-governmental organizations to stimulate innovative methods to leverage Federal funds to implement EQIP to enhance and protect the environment in conjunction with agricultural production.

Conservation practice means a specified treatment, such as a structural or land management practice, that is planned and applied according to NRCS standards and specifications.

Contract means a legal document that specifies the rights and obligations of any individual or entity who has been accepted to participate in the program. An EQIP contract is a binding agreement for the transfer of assistance from USDA to the participant to share in the costs of applying conservation practices as opposed to procurement contract.

Operation includes the administration, management, and performance of non-maintenance actions needed to keep the completed practice safe and functioning as intended. Maintenance includes work to prevent deterioration of the practice, repairing damage, or replacement of the practice to its original condition if one or more components fail.

Participant means a producer who is a party to an EQIP contract.

Person has the same meaning as set out in 7 CFR 1400.3.

Commodity Credit Corporation, USDA

§ 1466.5

§ 1466.4 National Priorities.

(a) The following National priorities will be used in the implementation of EQIP:

(1) Reductions of nonpoint source pollution, such as nutrients, sediment, pesticides, or excess salinity in impaired watersheds consistent with TMDLs where available as well as the reduction of groundwater contamination and the conservation of ground and surface water resources;

(2) Reduction of emissions, such as particulate matter, nitrogen oxides (NO_x), volatile organic compounds, and ozone precursors and depleters that contribute to air quality impairment violations of National Ambient Air Quality Standards;

(3) Reduction in soil erosion and sedimentation from unacceptable levels on agricultural land; and

(4) Promotion of at-risk species habitat conservation.

(b) With the advice of other Federal agencies, NRCS will undertake periodic reviews of the National priorities and the effects of program delivery at the state and local level. The Chief intends to annually review the National priorities to adapt the program to address emerging resource issues. NRCS will:

(1) Use the National priorities to guide the allocation of EQIP funds to the State NRCS offices,

(2) Use the National priorities in conjunction with state and local priorities to assist with prioritization and selection of EQIP applications, and

(3) Periodically review and update the National priorities utilizing input from the public and affected stakeholders to ensure that the program continues to address national resource needs.

§ 1466.5 National Allocation and Management.

The Chief allocates EQIP funds to the State Conservationists to implement EQIP at the state and local level. In order to optimize the overall environmental benefits over the duration of the program, the Chief of NRCS will:

(a) Use an EQIP fund allocation formula that reflects National priorities and measures and that uses available natural resource and resource concerns data to distribute funds to the state level. This procedure will be updated periodically to reflect adjustments to National priorities and information about resource concerns and program performance. The data used in the allocation formula will be updated as it becomes available.

(b) Provide a performance incentive to NRCS in States that demonstrate a high level of program performance in implementing EQIP. Performance incentives shall consider factors such as strategically planning EQIP implementation, effectively addressing National priorities and measures and state and local resource concerns, the effectiveness of program delivery, the use of Technical Service Providers, and the number of contracts with Limited Resource Producers and Beginning Farmers. These funds will be made available annually from a reserve established at the National level when funds become available.

(c) Use NRCS's accountability system to establish state level EQIP performance goals and treatment objectives.

(d) Ensure that National, state and local level information regarding program implementation such as resource priorities, eligible practices, ranking processes, allocation of base and reserve funds, and program achievements is made available to the public.

(e) Consult with State Conservationists and other Federal agencies with the appropriate expertise and information when evaluating the considerations described in this section.

(f) Authorize the State Conservationist, with advice from the State Technical Committee and Local Work Groups, to determine how funds will be used and how the program will be administered to achieve National priorities and measures in each state.

(g) Move towards assessment, evaluation and accountability based on actual natural resource and environmental outcomes and results.

§ 1466.6

7 CFR Ch. XIV (1-1-06 Edition)

§ 1466.6 State Allocation and Management.

The State Conservationist will:

(a) Identify State priority natural resource concerns with the advice of the State Technical Committee that directly contribute towards meeting National priorities and measures and will use NRCS's accountability system to establish local level EQIP performance goals and treatment objectives;

(b) Identify, as appropriate and necessary, Designated Conservationists who are NRCS employees that are assigned the responsibility to administer EQIP in specific areas, and

(c) Use the following to determine how to manage the EQIP program and how to allocate funds within a state:

(1) The nature and extent of priority natural resource concerns at the state and local level;

(2) The availability of human resources, incentive programs, education programs, and on-farm research programs from Federal, State, Indian Tribe, and local levels, both public and private, to assist with the activities related to the priority natural resource concerns;

(3) The existence of multi-county and/or multi-state collaborative efforts to address regional priority natural resource concerns;

(4) Ways and means to measure performance and success; and

(5) The degree of difficulty that producers face in complying with environmental laws.

§ 1466.7 Outreach Activities.

NRCS will establish program outreach activities at the National, State, and local levels in order to ensure that producers whose land has environmental problems and priority natural resource concerns are aware, informed, and know that they may be eligible to apply for program assistance. Special outreach will be made to eligible producers with historically low participation rates, including but not restricted to limited resource producers, small-scale producers, Indian Tribes, Alaska Natives, and Pacific Islanders.

§ 1466.8 Program requirements.

(a) Program participation is voluntary. The applicant develops an

EQIP plan of operations for the agricultural land to be treated that serves as the basis for the EQIP contract. NRCS provides participants with technical assistance, cost-share and/or incentive payments to apply needed conservation practices and land-use adjustments.

(b) To be eligible to participate in EQIP, an applicant must:

(1) Be in compliance with the highly erodible land and wetland conservation provisions found at 7 CFR part 12.

(2) Have an interest in the farming operation as defined in 7 CFR 1400.3.

(3) Have control of the land for the life of the proposed contract period.

(i) An exception may be made by the Chief of NRCS in the case of land allotted by the Bureau of Indian Affairs (BIA), Tribal land, or other instances in which the Chief determines that there is sufficient assurance of control;

(ii) If the applicant is a tenant of the land involved in agricultural production, the applicant shall provide the Chief of NRCS with the written concurrence of the landowner in order to apply a structural conservation practice.

(4) Submit an EQIP plan of operations that is acceptable to NRCS as being in compliance with the terms and conditions of the program; and

(5) Supply information, as required by NRCS, to determine eligibility for the program; including but not limited to information to verify the applicant's status as a limited resource farmer or rancher or beginning farmer or rancher and eligibility as per Adjusted Gross Income, 7 CFR 1400 subpart G.

(c) Land used as cropland, rangeland, pasture, private non-industrial forest land, and other land on which crops or livestock are produced, including agricultural land that NRCS determines poses a threat to soil, water, air, or related natural resources, may be eligible for enrollment in EQIP. However, land may be considered for enrollment in EQIP only if NRCS determines that the land is:

(1) Privately owned land;

(2) Publicly owned land where:

(i) The land is under private control for the contract period and is included in the participant's operating unit; and

(ii) The conservation practices will contribute to an improvement in the identified natural resource concern; or

(3) Tribal, allotted, or Indian trust land.

(d) Sixty percent of available EQIP financial assistance will be targeted to conservation practices related to livestock production, including practices on grazing lands and other lands directly attributable to livestock production, as measured at the National level.

§ 1466.9 EQIP plan of operations.

(a) All conservation practices in the EQIP plan of operations must be carried out in accordance with the applicable NRCS field office technical guide.

(b) The EQIP plan of operations must include:

(1) A description of the participant's specific conservation and environmental objectives to be achieved;

(2) To the extent practicable, the quantitative or qualitative goals for achieving the participant's conservation and environmental objectives;

(3) A description of one or more conservation practices in the conservation management system to be implemented to achieve the conservation and environmental objectives;

(4) A description of the schedule for implementing the conservation practices, including timing and sequence; and

(5) Information that will enable evaluation of the effectiveness of the plan in achieving the environmental objectives.

(c) If an EQIP plan of operations includes an animal waste storage or treatment facility, the participant must provide for the development and implementation of a comprehensive nutrient management plan.

(d) Participants are responsible for implementing the EQIP plan of operations.

(e) A participant may receive assistance to implement an EQIP plan of operations for water conservation with funds authorized by section 1240I of the 1985 Act, 16 U.S.C. 3839aa-9, only if the assistance will facilitate a net savings in ground or surface water resources in the agricultural operation of the producer.

§ 1466.10 Conservation practices.

(a) NRCS will determine which structural and land management practices are eligible for program payments. A list of eligible practices will be available to the public.

(b) Cost-share and incentive payments will not be made to a participant for a conservation practice that the applicant has applied prior to application for the program.

(c) Cost-share and incentive payments will not be made to a participant who has implemented or initiated the implementation of a conservation practice prior to approval of the contract unless a waiver was granted by the State Conservationist or Designated Conservationist prior to the installation of the practice.

(d) A participant will be eligible for cost-share or incentive payments for irrigation related structural and land management practices only on land that has been irrigated for two of the last five years prior to application for assistance.

(e) Where new technologies or conservation practices that provide a high potential for optimizing environmental benefits have been developed, NRCS may approve interim conservation practice standards and financial assistance for pilot work to evaluate and assess the performance, efficacy, and effectiveness of the technology or conservation practices.

§ 1466.11 Technical and other assistance provided by qualified personnel not affiliated with USDA.

(a) NRCS may use the services of qualified Technical Service Providers in performing its responsibilities for technical assistance.

(b) Participants may use technical and other assistance from qualified personnel of other Federal, State, and local agencies, Indian Tribes, or individuals who are certified as Technical Service Providers by NRCS.

(c) Technical and other assistance provided by qualified personnel not affiliated with USDA may include, but is not limited to; conservation planning; conservation practice survey, layout, design, installation, and certification; information, education, and training

§ 1466.20

7 CFR Ch. XIV (1-1-06 Edition)

for producers; and training, certification, and quality assurance for professional conservationists. Payments to certified Technical Service Providers will be made only for an application that has been approved for payments.

(d) NRCS retains approval authority over certification of work done by non-NRCS personnel for the purpose of approving EQIP payments.

Subpart B—Contracts and Payments

§ 1466.20 Application for contracts and selecting offers from producers.

(a) Any producer who has eligible land may submit an application for participation in the EQIP. Applications are accepted throughout the year. Producers who are members of a joint operation may file a single application for the joint operation.

(b) The State Conservationist or Designated Conservationist with advice from the State Technical Committee or Local Work Groups will develop a ranking process to prioritize applications for funding which address priority natural resource concerns. The State Conservationist or Designated Conservationist will periodically select for funding the highest ranked applications based on applicant eligibility and the NRCS ranking process. The State Conservationist or Designated Conservationist will rank all applications according to the following factors:

- (1) The degree of cost-effectiveness of the proposed conservation practices,
- (2) The magnitude of the environmental benefits resulting from the treatment of National priorities and the priority natural resource concerns reflecting the level of performance of a conservation practice,
- (3) Treatment of multiple resource concerns,
- (4) Use of conservation practices that provide environmental enhancements for a longer period of time,
- (5) Compliance with Federal, state, local or tribal regulatory requirements concerning soil, water and air quality; wildlife habitat; and ground and surface water conservation, and
- (6) Other locally defined pertinent factors, such as the location of the con-

servation practice, the extent of natural resource degradation, and the degree of cooperation by local producers to achieve environmental improvements.

(c) If the State Conservationist determines that the environmental values of two or more applications for cost-share payments or incentive payments are comparable, the State Conservationist will not assign a higher priority to the application solely because it would present the least cost to the program.

(d) The ranking will not give preferential treatment to applications based on size of the operation.

(e) The ranking will determine which applications will be awarded contracts. The approving authority for EQIP contracts will be the State Conservationist or designee except the approving authority for any EQIP contract greater than \$100,000 is the NRCS Regional Conservationist.

(f) The State Conservationist will make all information regarding priority resources concerns, how the EQIP program is implemented in the state, and the cost-list of eligible practices available to the public.

§ 1466.21 Contract requirements.

(a) In order for a participant to receive cost-share or incentive payments, the participant must enter into a contract agreeing to implement one or more conservation practices. Cost-share payments and incentive payments as well as reimbursement for Technical Service Provider technical assistance may be included in a contract.

(b) An EQIP contract will:

- (1) Identify all conservation practices to be implemented, the timing of practice installation, the operation and maintenance requirements for the practices, and applicable cost-shares and incentive payments allocated to the practices under the contract;
- (2) Be for a minimum duration of one year after completion of the last practice, but not more than 10 years;
- (3) Incorporate all provisions as required by law or statute, including requirements that the participant will:
 - (i) Not implement any practices on the farm or ranch unit under the contract, or agricultural operation of the

producer for ground and surface water conservation contracts, that would tend to defeat the purposes of the program;

(ii) Refund any program payments received with interest, and forfeit any future payments under the program, on the violation of a term or condition of the contract, consistent with the provisions of § 1466.26;

(iii) Refund all program payments received on the transfer of the right and interest of the producer in land subject to the contract, unless the transferee of the right and interest agrees to assume all obligations of the contract, consistent with the provisions of § 1466.25;

(iv) Implement a comprehensive nutrient management plan when the EQIP contract includes a waste storage or waste treatment facility; and

(v) Supply information as may be required by NRCS to determine compliance with the contract and requirements of the program.

(4) Specify the participant's requirements for operation and maintenance of the applied conservation practices consistent with the provisions of § 1466.22; and

(5) Specify any other provision determined necessary or appropriate by NRCS.

(c) The participant must start at least one financially assisted practice within the first 12 months of signing a contract. If a participant, for reasons beyond their control, is unable to start a practice within the first year of the contract, they can request a waiver from the State Conservationist.

(d) Each contract will be limited to no more than \$450,000.

§ 1466.22 Conservation practice operation and maintenance.

The contract will incorporate the operation and maintenance of conservation practices applied under the contract. The participant must operate and maintain each conservation practice installed under the contract for its intended purpose for the life span of the conservation practice as determined by NRCS. Conservation practices installed before the execution of a contract, but needed in the contract to obtain the environmental benefits

agreed upon must be operated and maintained as specified in the contract. NRCS may periodically inspect a conservation practice during the life-span of the practice as specified in the contract to ensure that operation and maintenance are occurring. When NRCS finds that a participant is not operating and maintaining practices in an appropriate manner, NRCS will request a refund of cost-share or incentive payments made for that practice under the contract.

§ 1466.23 Cost-share rates and incentive payment levels.

(a) Determining Cost-share payment rates.

(1) The maximum cost-share payments made to a participant under the program will not be more than 75 percent of the actual cost of a structural practice, as determined by the State Conservationist or Designated Conservationist, except that for a Limited Resource Farmer or Rancher or Beginning Farmer and Rancher cost-share payments may be up to 90 percent, as determined by the State Conservationist or Designated Conservationist.

(2) The cost-share payments to a participant under the program will be reduced proportionately below the rate established by the State Conservationist or Designated Conservationist, or the cost-share limit as set in paragraph (c) of this section, to the extent that total financial contributions for a structural practice from all public and private sources exceed 100 percent of the actual cost of the practice.

(b) Determining Incentive Payment levels. NRCS may provide incentive payments to participants for performing a land management practice or to develop a comprehensive nutrient management plan in an amount and at a rate necessary to encourage a participant to perform the practice that would not otherwise be initiated without government assistance. The State Conservationist or Designated Conservationist, with the advice of the State Technical Committee or Local Work Groups, may consider establishing limits on the extent of land management practices that may be included in a contract.

§ 1466.24

7 CFR Ch. XIV (1-1-06 Edition)

(c) Cost-share rates and incentive payment levels for conservation practices will be established by the State Conservationist or Designated Conservationist with advice from the State Technical Committee and Local Work Groups. The State Conservationist or Designated Conservationist will develop a list of eligible conservation practices with varied cost-share rates and incentive payment levels that considers:

- (1) The conservation practice cost-effectiveness and innovation,
- (2) The degree of treatment of priority natural resource concerns,
- (3) The number of resource concerns the practice will address,
- (4) The longevity of the practice's environmental benefits, and
- (5) Other pertinent local considerations.

(d) Practice cost lists that include any structural practice with greater than 50 percent cost share rate are to be approved by the State Conservationist with concurrence of the Regional Conservationist.

§ 1466.24 EQIP payments.

(a) Except as provided in paragraph (b) of this section, the total amount of cost-share and incentive payments paid to an individual or entity under this part may not exceed an aggregate of \$450,000, directly or indirectly, for all contracts entered into during FYs 2002 through 2007.

(b) To determine eligibility for payments, NRCS will use the following criteria:

(1) The provisions in 7 CFR part 1400, Payment Limitation and Payment Eligibility, subparts A and G.

(2) States, political subdivisions, and entities thereof will not be considered to be individuals or entities eligible for payment.

(3) To be eligible to participate in EQIP, all individuals applying, either alone or as part of a joint operation, must provide a social security number. Where applicable; American Indians, Alaska Natives, and Pacific Islanders may use another unique identification number for each individual eligible for payment.

(4) To be eligible to participate in EQIP, any entity, as identified in 7

CFR part 1400, must provide a list of all members of the entity and embedded entities along with the members' social security numbers and percentage interest in the entity.

(5) With regard to contracts on Indian Land, payments exceeding the payment limitation may be made to the Tribal venture if an official of BIA or a Tribal official certifies in writing that no one individual directly or indirectly will receive more than the limitation. The Tribal entity must also provide, annually, listing of individuals and payments made, by social security number or other unique identification number, during the previous year for calculation of overall payment limitations. The Tribal entity must also produce, at the request of NRCS, proof of payments made to the individuals that incurred the costs for installation of the practices.

(6) Any cooperative association of producers that markets commodities for producers will not be considered to be a person eligible for payment.

(7) Eligibility for payments in accordance with 7 CFR part 1400, subpart G, average adjusted gross income limitation, will be determined at the time of contract approval.

(8) Eligibility for higher cost-share payments in accordance with paragraph (a) of this section will be determined at the time of approval of the contract.

(9) Any participant that utilizes a unique identification number as an alternative to a social security number will utilize only that identifier for any and all other EQIP contracts that the participant is party to. Violators will be considered to have provided fraudulent representation and be subject to full penalties of section 1466.35.

(10) A participant will not be eligible for cost-share or incentive payments for conservation practices on eligible land if the participant receives cost-share payments or other benefits for the same practice on same land under any other conservation program administered by USDA.

(11) Before NRCS will approve and issue any cost-share or incentive payment, the participant must certify that the conservation practice has been

completed in accordance with the contract, and NRCS or other approved Technical Service Provider certifies that the practice has been carried out in accordance with the conservation practice standards of the applicable NRCS field office technical guide.

(12) The provisions of 7 CFR 1412.505 except that refunds will be determined by the State Conservationist.

§ 1466.25 Contract modifications and transfers of land.

(a) The participant and NRCS may modify a contract if the participant and NRCS agree to the contract modification and the EQIP plan of operations is revised in accordance with NRCS requirements and is approved by the Designated Conservationist.

(b) The participant and NRCS may agree to transfer a contract to another producer. The transferee must be determined by NRCS to be eligible to participate in EQIP and must assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract.

(c) NRCS may require a participant to refund all or a portion of any financial assistance earned under EQIP if the participant sells or loses control of the land under an EQIP contract and the new owner or controller is not eligible to participate in the program or refuses to assume responsibility under the contract.

§ 1466.26 Contract violations and termination.

(a)(1) If NRCS determines that a participant is in violation of the terms of a contract or documents incorporated by reference into the contract, NRCS shall give the participant a reasonable time, as determined by NRCS, to correct the violation and comply with the terms of the contract and attachments thereto. If a participant continues in violation, NRCS may terminate the EQIP contract.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, a contract termination shall be effective immediately upon a determination by NRCS that the participant has submitted false information or filed a false

claim, or engaged in any act, scheme, or device for which a finding of ineligibility for payments is permitted under the provisions of §1466.35, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(b)(1) If NRCS terminates a contract, the participant will forfeit all rights for future payments under the contract and shall refund all or part of the payments received, plus interest determined in accordance with 7 CFR part 1403. NRCS may exercise the option of requiring only partial refund of the payments received if a previously installed conservation practice can function independently, is not adversely affected by the violation or the absence of other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the lifespan of the practice.

(2) If NRCS terminates a contract due to breach of contract or the participant voluntarily terminates the contract, the participant will forfeit all rights for further payments under the contract and shall pay such liquidated damages as are prescribed in the contract. NRCS will have the option to waive the liquidated damages, depending upon the circumstances of the case.

(3) When making contract termination decisions, NRCS may reduce the amount of money owed by the participant by a proportion that reflects the good faith effort of the participant to comply with the contract or the hardships beyond the participant's control that have prevented compliance with the contract.

(4) The participant may voluntarily terminate a contract if NRCS determines that termination is in the public interest.

(5) In carrying out its role in this section, NRCS may consult with the local conservation district.

§ 1466.27 Conservation Innovation Grants (CIG).

(a) *Definitions.* In addition to the terms defined in §1466.3 of this part, the following definitions shall be applicable to this section:

(1) *EQIP eligible* means any farming entity, land, and practice that meets the definitions of EQIP as defined in 7 CFR 1466.

(2) *Grant agreement* means a document describing a relationship between NRCS and a State or local government, or other recipient whenever the principal purpose of the relationship is the transfer of a thing of value to a recipient in order to accomplish a public purpose of support or stimulation authorized by Federal law, and substantial Federal involvement is not anticipated.

(3) *Grant Review Board* consists of the NRCS Deputy Chief for Programs, Deputy Chief for Science and Technology, Deputy Chief for Soil Survey and Resource Assessment, one Regional Assistant Chief, and one State Conservationist. The Review Board makes recommendations for grant awards to the Chief.

(4) *Peer Review Panel* means a panel consisting of Federal and non-Federal technical advisors who possess expertise in a discipline or disciplines deemed important to provide a technical evaluation of project proposals submitted under this notice.

(5) *Project* means the activities as defined within the scope of the grant agreement.

(6) *Project Director* means the individual responsible for the technical direction and management of the project as designated in the application.

(b) *Purpose and scope*—(1) *Purpose*. The purpose of CIG is to stimulate the development and adoption of innovative conservation approaches and technologies while leveraging Federal investment in environmental enhancement and protection, in conjunction with agricultural production. Notwithstanding any limitation of this part, NRCS will administer CIG in accordance with this section. Unless otherwise provided for in this section, the provisions of 7 CFR 3015 and related Departmental regulations will be used to administer grants under CIG.

(2) *Geographic scope*. Applications for CIG are accepted from the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, Amer-

ican Samoa, and the Commonwealth of the Northern Mariana Islands.

(3) *Program scope*. Grants will be awarded using a two-tiered process. A nationwide grants competition will be announced in the FEDERAL REGISTER. In addition, at the Chief's discretion, each State Conservationist may implement a separate State-level component of CIG.

(4) *Program focus*. Applications for CIG should demonstrate the use of innovative approaches and technologies to leverage Federal investment in environmental enhancement and protection, in conjunction with agricultural production. CIG will fund projects that promote innovative on-the-ground conservation, including pilot projects and field demonstrations of promising approaches or technologies. CIG projects are expected to lead to the transfer of conservation technologies, management systems, and innovative approaches (such as market-based systems) into NRCS technical manuals and guides, or to the private sector. Technologies and approaches eligible for funding in a project's geographic area through EQIP are not eligible for CIG funding except where the use of those technologies and approaches demonstrates clear innovation. The burden falls on the applicant to sufficiently describe the innovative features of the proposed technology or approach.

(5) *Innovative conservation projects or activities*. For the purposes of CIG, the proposed innovative project or activity must encompass the development and field testing, evaluation, and implementation of:

(i) Conservation adoption incentive systems, including market-based systems; or,

(ii) Promising conservation technologies, practices, systems, procedures, and approaches.

To be given priority consideration, the innovative project or activity:

(iii) Will have been studied sufficiently to indicate a good probability for success;

(iv) Demonstrates, tests, evaluates, or verifies environmental (soil, water, air, plants, and animal) effectiveness, utility, affordability, and usability in the field;

(v) Adapts conservation technologies, practices, systems, procedures, approaches, and incentive systems to improve performance, and encourage adoption;

(vi) Introduces conservation systems, approaches, and procedures from another geographic area or agricultural sector; and

(vii) Adapts conservation technology, management, or incentive systems to improve performance.

(c) *Availability of funding.* (1) CIG funding will be available for single-or multi-year projects. Funding for CIG will be announced in the FEDERAL REGISTER through a Request for Proposals (RFP). The Chief will determine the funding level for CIG on an annual basis. Funds for CIG are derived from funds made available for EQIP. The Chief may establish funding limits for individual grants.

(2) Selected applicants may receive grants of up to 50 percent of the total project cost. Applicants must provide non-Federal funding for at least 50 percent of the project cost, of which up to one-half (25 percent of total project cost) may be from in-kind contributions. An exception regarding matching funds may be made for grants that are awarded to either a Beginning or Limited Resource Farmer or Rancher, or Indian Tribe, or a community-based organization comprised of or representing these entities. Up to 75 percent of the required matching funds for these projects may derive from in-kind contributions.

(3) CIG is designed to provide financial assistance to grantees. Procurement of any technical assistance required to carry out a project is the responsibility of the grantee. Technical oversight for grant projects will be provided by a Federal grant representative, who will be designated by NRCS.

(4) There are some costs that grantees may not cover using CIG funds, such as costs incurred prior to the effective date of the grant, entertainment costs, or renovation or refurbishment of buildings or facilities. A detailed list of costs not allowed will be published in the RFP.

(d) *Natural resource conservation concerns.* CIG applications must describe the use of innovative approaches or

technologies to address a natural resource conservation concern or concerns. The natural resource concerns for CIG will be identified by the Chief, and may change each year. The natural resource concerns will be published in the RFP.

(e) *Eligibility information*—(1) *Organization or individual eligibility.* To be eligible, CIG applicants must be an Indian Tribe; State or local unit of government; non-governmental organization; or individual.

(2) *Project eligibility.* To be eligible, projects must involve landowners who meet the eligibility requirements of §1466.8(b)(1) through (3) of this part. Further, all agricultural producers receiving a direct or indirect payment through participation in a CIG project must meet those eligibility requirements.

(3) *Beginning and Limited Resource Farmers and Ranchers, and Indian Tribes.* Up to 10 percent of the total funds available for CIG may be set-aside for applications from either a Beginning or Limited Resource Farmer or Rancher, or Indian Tribe, or a community-based organization comprised of or representing these entities. Funds not awarded from the set-aside pool will revert back into the general CIG funding pool.

(f) *Application and submission information.* The CIG RFP will contain guidance on how to apply for the grants competition. CIG will be advertised through the FEDERAL REGISTER, the NRCS Web site, and *grants.gov*. Grant applications will be available on the NRCS Web site, or by contacting NRCS at the address provided in the RFP. CIG grant applications will consist of standard cover sheet and budget forms, in addition to a narrative project description and required legal declarations and certifications.

(g) *Application review and grant awards.* Complete applications will be evaluated by a peer review panel and scored based on the Criteria for Proposal Evaluation identified in the RFP. Scored applications will be forwarded to a Grant Review Board. The Grant Review Board will make recommendations for awards to the Chief. Final award selections will be made by the Chief. Grant awards will be made by

§ 1466.30

the NRCS National Office after selection of the grantees is made and after the grantee agrees to the terms and conditions of the NRCS Grant document.

(h) *State component.* (1) At the discretion of the Chief, each State Conservationist has the option of implementing a State-level CIG component. A State program will follow the requirements of this section, except for those features described in this paragraph (h).

(2) Funding availability, application, and submission information for State competitions will be announced through public notices (and on the State NRCS Web site), separately from the national program. The State component will emphasize projects that cover limited geographic areas, including individual farms, multi-county areas, or small watersheds.

(3) The State Conservationist will determine the funding level for the grants competition, with individual grants not to exceed \$75,000.

(4) The State Conservationist may choose to adhere to the CIG national natural resource concerns, or may select a subset of those concerns that more closely match the natural resource concerns in his or her State.

(5) Applications will be scored by the State Technical Committee, or a subcommittee thereof, based on the national Criteria for Proposal Evaluation published in the CIG RFP. Scored applications will be forwarded to the State Conservationist, who will make the award selections.

(6) In addition to abiding by the in-kind contribution exception for Limited Resource and Beginning Farmers and Ranchers, and Indian Tribes in paragraph (c)(2) of this section, the State Conservationist in each participating State will determine if and how to provide additional special consideration to underserved groups.

(i) *Grant agreement.* The CCC, through NRCS, will use a grant agreement with selected grantees to document participation in CIG.

(j) *Patents and inventions.* Allocation of rights to patents and inventions shall be in accordance with USDA regulation 7 CFR 3019.36. This regulation provides that small businesses normally may retain the principal world-

7 CFR Ch. XIV (1-1-06 Edition)

wide patent rights to any invention developed with USDA support. In accordance with 7 CFR 3019.2, this provision will also apply to commercial organizations for the purposes of CIG. USDA receives a royalty-free license for Federal Government use, reserves the right to require the patentee to license others in certain circumstances, and requires that anyone exclusively licensed to sell the invention in the United States must normally manufacture it domestically.

(k) *Violations.* A person found in violation of this section is subject to the provisions contained in 7 CFR part 3015 and related Departmental regulations.

Subpart C—General Administration

§ 1466.30 Appeals.

A participant may obtain administrative review of an adverse decision under EQIP in accordance with 7 CFR parts 11 and 614. Determination in matters of general applicability, such as payment rates, payment limits, and cost-share percentages, the designation of identified priority natural resource concerns, and eligible conservation practices are not subject to appeal.

§ 1466.31 Compliance with regulatory measures.

Participants who carry out conservation practices shall be responsible for obtaining the authorities, rights, easements, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants shall be responsible for compliance with all laws and for all effects or actions resulting from the participant's performance under the contract.

§ 1466.32 Access to operating unit.

Any authorized NRCS representative shall have the right to enter an operating unit or tract for the purpose of ascertaining the accuracy of any representations made in a contract or in anticipation of entering a contract, as to the performance of the terms and

Commodity Credit Corporation, USDA

§ 1467.1

conditions of the contract. Access shall include the right to provide technical assistance, inspect any work undertaken under the contract, and collect information necessary to evaluate the performance of conservation practices in the contract. The NRCS representative shall make a reasonable effort to contact the participant prior to the exercise of this provision.

§ 1466.33 Performance based upon advice or action of representatives of NRCS.

If a participant relied upon the advice or action of any authorized representative of NRCS and did not know, or have reason to know, that the action or advice was improper or erroneous, NRCS may accept the advice or action as meeting the requirements of the program and may grant relief, to the extent it is deemed desirable by NRCS, to provide a fair and equitable treatment because of the good-faith reliance on the part of the participant. The financial or technical liability for any action by a participant that was taken based on the advice of a NRCS certified non-USDA Technical Service Provider will remain with the certified Technical Service Provider and will not be assumed by NRCS when NRCS authorizes payment.

§ 1466.34 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at 7 CFR part 1403 shall be applicable to contract payments.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at 7 CFR part 1404.

§ 1466.35 Misrepresentation and scheme or device.

(a) A producer who is determined to have erroneously represented any fact

affecting a program determination made in accordance with this part shall not be entitled to contract payments and must refund to NRCS all payments, plus interest determined in accordance with 7 CFR part 1403.

(b) A producer who is determined to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of the program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination, shall refund to NRCS all payments, plus interest determined in accordance with 7 CFR part 1403, received by such producer with respect to all contracts. The producer's interest in all contracts shall be terminated.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42143, Aug. 14, 1996]

§ 1467.2 Administration.

(a) The regulations in this part will be administered under the general supervision and direction of the Chief.

(b) The Chief is authorized to modify or waive a provision of this part if the Chief deems the application of that provision to a particular limited situation to be inappropriate and inconsistent with the environmental and cost-efficiency goals of the WRP. This authority cannot be further delegated. The Chief may not modify or waive any provision of this part which is required by applicable law.

(c) As determined by the Chief and the Administrator of the Farm Service Agency, the Department and the Farm Service Agency will seek agreement in establishing policies, priorities, and guidelines related to the implementation of this part.

(d) The State Conservationist will consult with the State Technical Committee on the development of the rates of compensation for an easement, a priority ranking process, and related policy matters.

(e) The Department may delegate at any time easement management, monitoring, and enforcement responsibilities to other Federal or State agencies.

(f) The Department may enter into cooperative agreements with Federal or State agencies, conservation districts, and private conservation organizations to assist the Department with educational efforts, easement management and monitoring, outreach efforts, and program implementation assistance.

(g) The Department shall consult with the U.S. Fish and Wildlife Service in the implementation of the program and in establishing program policies.

7 CFR Ch. XIV (1-1-06 Edition)

The Department may consult with the Forest Service, other Federal or State agencies, conservation districts or other organizations in program administration. No determination by the U.S. Fish and Wildlife Service, the Forest Service, Federal or State agency, conservation district, or other organization shall compel the Department to take any action with the Department determines will not serve the purposes of the program established by this part.

(h) The Chief may allocate funds for such purposes related to: special pilot programs for wetland management and monitoring; acquisition of wetland easements with emergency funding; cooperative agreements with other Federal or State agencies for program implementation; coordination of easement enrollment across State boundaries; coordination of the development of conservation plans; or, for other goals of the WRP found in this part. The Department may designate areas as conservation priority areas where environmental concerns are especially pronounced and to assist landowners in meeting nonpoint source pollution requirements and other conservation needs.

Conservation Reserve Program (CRP) means the program administered by the Commodity Credit Corporation pursuant to 16 U.S.C. 3831-3836.

Contract means the document that specifies the obligations and rights of any person who has been accepted for participation in the program.

Converted wetland means a wetland that has been drained, dredged, filled, leveled, or otherwise manipulated (including the removal of woody vegetation, or any activity that results in impairing or reducing the flow, circulation, or reach of water) for the purpose, or that has the effect, of making the production of an agricultural commodity possible if such production would not have been possible but for such action.

Cost-share payment means the payment made by the Department to achieve the restoration of the wetland functions and values of the easement area in accordance with the WRPO.

Department means the United States Department of Agriculture (USDA) and includes the Commodity Credit Corporation or any USDA agency or instrumentality delegated program responsibility by the Secretary of Agriculture.

Easement means a reserved interest easement which is an interest in land defined and delineated in a deed whereby the landowner conveys all rights, title, and interests in a property to the grantee, but the landowner retains those rights, title, and interests in the property which are specifically reserved to the landowner in the easement deed.

Riparian areas means areas of land that occur along streams, channels, rivers, and other water bodies. These areas are normally distinctly different from the surrounding lands because of unique soil and vegetation characteristics, may be identified by distinctive vegetative communities which are reflective of soil conditions normally wetter than adjacent soils, and generally provide a corridor for the movement of wildlife.

State Technical Committee means a committee established by the Secretary of the U.S. Department of Agriculture in a State pursuant to 16 U.S.C. 3861. For the purposes of the WRP, the State Conservationist will be the chairperson of the State Technical Committee.

U.S. Fish and Wildlife Service is an agency of the United States Department of the Interior.

Wetland means land that:

§ 1467.4

(1) Has a predominance of hydric soils;

(2) Is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and

(3) Does support a prevalence of such vegetation under normal circumstances. For purposes of WRP, wetland shall also refer to adjacent lands that contribute to wetland functions and values.

Wetland functions and values means the hydrological and biological characteristics of wetlands and the socio-economic value placed upon these characteristics, including:

(1) Habitat for migratory birds and other wildlife, in particular at risk species;

(1) The original vegetation community and hydrology are, to the extent practical, re-established; or

(2) A community different from what likely existed prior to degradation of the site is established. The hydrology and native self-sustaining vegetation being established will substantially replace original habitat functions and values but does not involve more than 30 percent of the wetland restoration area.

WRP means the Wetlands Reserve Program.

WRPO means the Wetlands Reserve Plan of Operations.

[60 FR 28514, June 1, 1995; 60 FR 33034, June 26, 1995. Redesignated and amended at 61 FR 42141, Aug. 14, 1996]

7 CFR Ch. XIV (1-1-06 Edition)

§ 1467.4 Program requirements.

(a) *General.* Under the WRP, the Department may purchase conservation easements from, or enter into restoration cost-share agreements with, eligible landowners who voluntarily cooperate in the restoration and protection of wetlands and associated lands. To participate in WRP, a landowner will agree to the implementation of a Wetlands Reserve Plan of Operations (WRPO), the effect of which is to restore, protect, enhance, maintain, and manage the hydrologic conditions of inundation or saturation of the soil, native vegetation, and natural topography of eligible lands. The Department may provide cost-share assistance for the activities that promote the restoration, protection, enhancement, maintenance, and management of wetland functions and values. Specific restoration, protection, enhancement, maintenance, and management actions may be undertaken by the landowner or other Department designee.

(b) *Acreage limitations.* (1) Except for areas devoted to windbreaks or shelterbelts after November 28, 1990, no more than 25 percent of the total cropland in any county, as determined by the Farm Service Agency, may be enrolled in the CRP and the WRP, and no more than 10 percent of the total cropland in the county may be subject to an easement acquired under the CRP and the WRP.

(2) The Department and the Farm Service Agency shall concur before a waiver of either the 25 percent limit or the 10 percent limit of this subsection can be approved for an easement proposed for enrollment in the WRP. Such a waiver will only be approved if it will not adversely affect the local economy, and operators in the county are having difficulties complying with the conservation plans implemented under 16 U.S.C. 3812.

(c) *Landowner eligibility.* The Department may determine that a person is not eligible to participate in the WRP or receive any WRP payment because the person did not comply with the provisions of 7 CFR part 12. To be eligible to enroll an easement in the WRP, a person must:

Commodity Credit Corporation, USDA

§ 1467.4

(1) Be the landowner of eligible land for which enrollment is sought;

(2) Have been the landowner of such land for the 12 months prior to the time the intention to participate is declared unless it is determined by the State Conservationist that the land was acquired by will or success as a result of the death of the previous landowner, the ownership change occurred due to foreclosure on the land and the owner of the land immediately before the foreclosure exercises a right of redemption from the mortgage holder in accordance with State law, or that adequate assurances have been presented to the State Conservationist that the new landowner of such land did not acquire such land for the purpose of placing it in the WRP; and

(3) Agree to provide such information to the Department as the agency deems necessary or desirable to assist in its determination of eligibility for program benefits and for other program implementation purposes.

(d) *Eligible land.* (1) The Department shall determine whether land is eligible for enrollment and whether, once found eligible, the lands may be included in the program based on the likelihood of successful restoration of wetland functions and values when considering the cost of acquiring the easement and restoration, protection, enhancement, maintenance, and management costs.

(2) Land shall only be considered eligible for enrollment in the WRP if the Department determines, in consultation with the U.S. Fish and Wildlife Service, that:

(i) Such land maximizes wildlife benefits and wetland values and functions;

(ii) The likelihood of the successful restoration of such land and the resultant wetland values merit inclusion of such land in the program, taking into consideration the cost of such restoration; and

(iii) Such land meets the criteria of paragraph (d)(3) of this section.

(3) The following land may be eligible for enrollment in the WRP, which land may be identified by the Department pursuant to regulations and implementing policies pertaining to wetland conservation found at 7 CFR part 12, as:

(i) Wetlands farmed under natural conditions, farmed wetlands, prior converted cropland, commenced conversion wetlands, farmed wetland pastures, and lands substantially altered by flooding so as to develop wetland functions and values;

(ii) Former or degraded wetlands that occur on lands that have been used or are currently being used for the production of food and fiber, including rangeland and forest production lands, where the hydrology has been significantly degraded or modified and will be substantially restored;

(iii) Riparian areas along streams or other waterways that link or, after restoring the riparian area, will link wetlands which are protected by an easement or other device or circumstance that achieves the same objectives as an easement;

(iv) Land adjacent to the restored wetland which would contribute significantly to wetland functions and values including buffer areas, wetland creations, and non-cropped natural wetlands, but not more than the State Conservationist, in consultation with the State Technical Committee, determines is necessary for such contribution;

(v) Other wetlands that would not otherwise be eligible but would significantly add to the wetland functions and values; and

(vi) Wetlands that have been restored under a private, State, or Federal restoration program with an easement or deed restriction with a duration of less than 30 years.

(4) To be enrolled in the program, eligible land must be configured in a size and with boundaries that allow for the efficient management of the area for easement purposes and otherwise promote and enhance program objectives.

(e) *Ineligible land.* The following land is not eligible for enrollment in the WRP:

(1) Converted wetlands if the conversion was commenced after December 23, 1985;

(2) Land that contains timber stands established under a CRP contract or pasture land established to trees under a CRP contract.

(3) Lands owned by an agency of the United States;

§ 1467.5

7 CFR Ch. XIV (1-1-06 Edition)

(4) Land subject to an easement or deed restriction with a duration of 30 years or more prohibiting the production of agricultural commodities; and,

(5) Lands where implementation of restoration practices would be futile due to on-site or off-site conditions.

(f) *Enrollment of CRP lands.* Land subject to an existing CRP contract may be enrolled into the WRP only if the land and landowner meet the requirements of this part, and the enrollment is requested by the landowner and agreed to by the Department. To enroll in WRP, the CRP contract for the property shall be terminated or otherwise modified subject to such terms and conditions as are mutually agreed upon by the Farm Service Agency and the landowner.

[60 FR 28514, June 1, 1995; 60 FR 33034, June 26, 1995. Redesignated and amended at 61 FR 42141, Aug. 14, 1996; 67 FR 39255, June 7, 2002]

§ 1467.5 Application procedures.

(a) *Application for participation.* To apply for enrollment, a landowner must submit an Application for Participation in the WRP. The application must be submitted during an announced period for such submissions.

(b) *Preliminary agency actions.* By filing an Application for Participation, the landowner consents to a Department representative entering upon the land for purposes of assessing the wetland functions and values, and for other activities such as the development of the preliminary WRPO that are necessary or desirable for the Department to make offers of enrollment. The landowner is entitled to accompany a Department representative on any site visits.

(c) *Voluntary reduction in compensation.* In order to enhance the probability of enrollment in WRP, a landowner may voluntarily offer to accept a lesser payment than is being offered by the Department.

§ 1467.6 Establishing priority for enrollment of properties in WRP.

(a) The Department shall place priority on the enrollment of those lands that will maximize wildlife values (especially related to enhancing habitat

for migratory birds and other wildlife); have the least likelihood of re-conversion and loss of these wildlife values at the end of the WRP enrollment period; and that involve State, local, or other partnership matching funds and participation.

(b) *Ranking considerations.* Based on applications for participation, the State Conservationist, in consultation with the U.S. Fish and Wildlife Service and the State Technical Committee, will rank properties based on: estimated costs of restoration and easement acquisition, availability of matching funds, significance of wetland functions and values, estimated success of restoration measures, and the duration of a proposed easement with permanent easements being given priority over non-permanent easements.

(c) The Department may place higher priority on certain geographic regions of the State where restoration of wetlands may better achieve Department State and regional goals and objectives.

(d) Notwithstanding any limitation of this part, the State Conservationist may enroll eligible lands at any time in order to encompass total wetland areas subject to multiple ownership or otherwise to achieve program objectives. Similarly, the State Conservationist may, at any time, exclude otherwise eligible lands if the participation of the adjacent landowners is essential to the successful restoration of the wetlands and those adjacent landowners are unwilling to participate.

§ 1467.7 Enrollment of easements.

(a) *Offers of enrollment.* Based on the priority ranking, the Department will notify an affected landowner of tentative acceptance into the program for which the landowner has 15 calendar days to sign a letter of intent to continue. Department will select lands to maximize environmental benefits per expenditure of Federal funds.

(b) *Effect of letter of intent to continue (enrollment).* An offer of tentative acceptance into the program does not bind the Department or the United States to acquire an easement, nor

does it bind the landowner to convey an easement or agree to WRPO activities. However, receipt of an executed letter of intent to continue will authorize the Department to proceed.

(c) *Acceptance of offer of enrollment.* A contract will be presented by the Department to the landowner, which will describe the easement area; the easement terms and conditions; and other terms and conditions for participation that may be required by the Department. A landowner accepts enrollment in the WRP by signing contract.

(d) *Effect of the acceptance of the offer.* After the contract is executed by Department and the landowner, the Department will proceed with various easement acquisition activities, which may include conducting a survey of the easement area, securing necessary subordination agreements, procuring title insurance, and conducting other activities necessary to record the easement or implement the WRPO.

(e) *Withdrawal of offers.* Prior to execution by the United States and the landowner of the contract, the Department may withdraw its offer anytime due to availability of funds, inability to clear title, or other reasons. The offer to the landowner shall be void if not executed by the landowner within the time specified. The date of the offer shall be the date of notification to the landowner of tentative acceptance.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.8 Compensation for easements.

(a) *Establishment of rates.* (1) The State Conservationist, in consultation with the State Technical Committee, shall determine easement payment rates to be applied to specific geographic areas within the State or to individual easement areas.

(2) In order to provide for better uniformity among States, the Regional Conservationist and Chief may review and adjust, as appropriate, State or other geographically based easement payment rates.

(b) *Determination of easement payment rates.* (1) Easement payment rates will be based upon analyses of the values of the lands when used for agricultural purposes. The landowner will receive the lesser of the following:

- (i) the geographic area rate;
- (ii) the value based on a market appraisal analysis/assessment; or
- (iii) the landowner offer.

(2) Each State Conservationist will determine the easement payment rates using the best information which is readily available in that State for assessing the values of land for agricultural purposes. Such information may include: soil types, type(s) of crops capable of being grown, production history, location, real estate market values, appraisals and market analyses, and tax rates and assessments. The State Conservationist may consult with other Federal agencies, real estate market experts, appraisers, local tax authorities, and other entities or persons which may provide information on productivity and market conditions.

(3) Easement payments for non-permanent easements will be less than those for permanent easements because the quality and duration of the ecological benefits derived from a non-permanent easement are significantly less than those derived from a permanent easement on the same land. Additionally, the economic value of the easement interests being acquired is less for a non-permanent easement than that associated with a permanent easement. An easement payment for the short-term 30-year easement shall not be less than 50 percent nor more than 75 percent of that which would have been paid for a permanent easement.

(c) *Maximum payments.* In order to ensure that limited program funds are expended to maximize program benefits, the State Conservationist, in consultation with the State Technical Committee, may establish a maximum easement payment for any one easement within a State or for geographic areas within a State.

(d) *Preliminary estimates of easement payments.* Upon request of the landowner prior to filing an application for enrollment, a landowner may be appraised of the maximum easement payment rates.

(e) *Acceptance of offered easement compensation.* (1) The Department will not acquire any easement unless the landowner accepts the amount of the easement payment which is offered by the Department. The easement payment

§ 1467.9

7 CFR Ch. XIV (1-1-06 Edition)

may or may not equal the fair market value of the interests and rights to be conveyed by the landowner under the easement. By voluntarily participating in the program, a landowner waives any claim to additional compensation based on fair market value.

(2) Annual easement payments may be made in no less than 5 annual payments and no more than 30 annual payments of equal or unequal size.

(f) *Reimbursement of a landowner's expenses.* For completed easement conveyances, the Department will reimburse landowners for their fair and reasonable expenses, if any, incurred for surveying and related costs, as determined by the Department. The State Conservationist, in consultation with the State Technical Committee, may establish maximum payments to reimburse landowners for reasonable expenses.

(g) *Tax implications of easement conveyances.* Subject to applicable regulations of the Internal Revenue Service, a landowner may be eligible for a bargain sale tax deduction which is the difference between the fair market value of the easement conveyed to the United States and the easement payment made to the landowner. The Department disclaims any representations concerning the tax implications of any easement or cost-share transaction.

(h) *Payment limitation on non-permanent easements.* With respect to non-permanent easements, the annual amount of easement payments to any person may not exceed \$50,000 except for:

(1) Payments made pursuant to projects involving partnership funding or participation; or

(2) Payment received by a State, political subdivision, or agency thereof in connection with agreements entered into under a special wetland and environmental enhancement program carried out by that entity that has been approved by Department.

(i) If easement payments are calculated on a per acre basis, adjustment to stated easement payment will be made based on final determination of acreage.

§ 1467.9 Cost-share payments.

(a) The Department may share the cost with landowners of restoring the enrolled land as provided in the WRPO. The amount and terms and conditions of the cost-share assistance shall be subject to the following restrictions on the costs of establishing or installing practices specified in the WRPO:

(1) On enrolled land subject to a permanent easement, the Department shall offer to pay not less than 75 percent nor more than 100 percent of such costs; and

(2) On enrolled land subject to a non-permanent easement or restoration cost-share agreement, the Department shall offer to pay not less than 50 percent nor more than 75 percent of such costs. Restoration cost-share payments offered by Department for the short-term, 30-year easements shall be 50 to 75 percent.

(b) Cost-share payments may be made only upon a determination by the Department that an eligible practice or an identifiable unit of the practice has been established in compliance with appropriate standards and specifications. Identified practices may be implemented by the landowner or other designee.

(c) Cost-share payments may be made for the establishment and installation of additional eligible practices, or the maintenance or replacement of an eligible practice, but only if Department determines the practice is needed to meet the objectives of the easement, and the failure of the original practices was due to reasons beyond the control of the landowner.

(d) A landowner may seek additional cost-share assistance from other public or private organizations as long as the activities funded are in compliance with this part. In no event shall the landowner receive an amount which exceeds 100 percent of the total actual cost of the restoration.

§ 1467.10 Easement participation requirements.

(a) To enroll land in WRP, a landowner shall grant an easement to the

Commodity Credit Corporation, USDA

§ 1467.12

United States. The easement shall require that the easement area be maintained in accordance with WRP goals and objectives for the duration of the term of the easement, including the restoration, protection, enhancement, maintenance, and management of wetland and other land functions and values.

(b) For the duration of its term, the easement shall require, at a minimum, that the landowner, and the landowner's heirs, successors and assigns, shall cooperate in the restoration, protection, enhancement, maintenance, and management of the land in accordance with the easement and with the terms of the WRPO. In addition, the easement shall grant to the United States, through the Department:

(1) A right of access to the easement area;

(2) The right to permit compatible uses of the easement area, including such activities as hunting and fishing, managed timber harvest, or periodic haying or grazing, if such use is consistent with the long-term protection and enhancement of the wetland resources for which the easement was established;

(3) All rights, title and interest in the easement area subject to compatible uses reserved to the landowner; and,

(4) The right to perform restoration, protection, enhancement, maintenance, and management activities on the easement area.

(c) The landowner shall convey title to the easement which is acceptable to the Department. The landowner shall warrant that the easement granted to the United States is superior to the rights of all others, except for exceptions to the title which are deemed acceptable by the Department.

(d) The landowner shall:

(1) Comply with the terms of the easement;

(2) Comply with all terms and conditions of any associated contract;

(3) Agree to the permanent retirement of any existing cropland base and allotment history for the easement area under any program administered by the Secretary, as determined by the Farm Service Agency;

(4) Agree to the long-term restoration, protection, enhancement, mainte-

nance, and management of the easement in accordance with the terms of the easement and related agreements;

(5) Have the option to enter into an agreement with governmental or private organizations to assist in carrying out any landowner responsibilities on the easement area;

(6) Agree that each person who is subject to the easement shall be jointly and severally responsible for compliance with the easement and the provisions of this part and for any refunds or payment adjustment which may be required for violation of any terms or conditions of the easement or the provisions of this part.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.11 The WRPO development.

(a) The development of the WRPO shall be made through the local Department representative, in consultation with the State Technical Committee, and with consideration of site specific technical input from the U.S. Fish and Wildlife Service and the Conservation District.

(b) The WRPO shall specify the manner in which the enrolled land shall be restored, protected, enhanced, maintained, and managed to accomplish the goals of the program. The WRPO shall be developed to ensure that cost-effective restoration and maximization of wildlife benefits and wetland functions and values will result.

[60 FR 28514, June 1, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.12 Modifications.

(a) *Easements.* (1) After an easement has been recorded, no modification will be made in the easement except by mutual agreement with the Chief and the landowner. The Chief will consult with the U.S. Fish and Wildlife Service and the Conservation District prior to making any modifications to easements.

(2) Approved modifications will be made only in an amended easement which is duly prepared and recorded in conformity with standard real estate practices, including requirements for title approval, subordination of liens, and recordation.

§ 1467.13

(3) The Chief may approve modifications to facilitate the practical administration and management of the easement area or the program so long as the modification will not adversely affect the wetland functions and values for which the easement was acquired.

(4) Modifications must result in equal or greater environmental and economic values to the United States.

(b) *WRPO*. Insofar as is consistent with the easement and applicable law, the State Conservationist may approve modifications to the WRPO that do not affect provisions of the easement in consultation with the landowner and the State Technical Committee and following consideration of site specific technical input from the U.S. Fish and Wildlife Service and the Conservation District. Any WRPO modification must meet WRP program objectives, and must result in equal or greater wildlife benefits, wetland functions and values, ecological and economic values to the United States. Modifications to the WRPO which are substantial and affect provisions of the easement will require agreement from the landowner and require execution of an amended easement.

[60 FR 28514, June 1, 1995; 60 FR 33034, June 26, 1995. Redesignated and amended at 61 FR 42141, 42142, Aug. 14, 1996]

§ 1467.13 Transfer of land.

(a) *Offers voided*. Any transfer of the property prior to the landowner acceptance into the program shall void the offer of enrollment. At the option of the State Conservationist, an offer can be extended to the new landowner if the new landowner agrees to the same or more restrictive easement and contract terms and conditions.

(b) *Payments to landowners*. (1) For easements with multiple annual payments, any remaining easement payments will be made to the original landowner unless the Department receives an assignment of proceeds.

(2) The new landowner or purchaser shall be held responsible for assuring completion of all measures and practices required by the contract. Eligible cost-share payments shall be made to the new landowner upon presentation of an assignment of rights or other evidence that title had passed.

7 CFR Ch. XIV (1-1-06 Edition)

(c) *Claims to payments*. With respect to any and all payments owed to landowners, the United States shall bear no responsibility for any full payments or partial distributions of funds between the original landowner and the landowner's successor. In the event of a dispute or claim on the distribution of cost-share payments, the Department may withhold payments without the accrual of interest pending an agreement or adjudication on the rights to the funds.

§ 1467.14 Violations and remedies.

(a) In the event of a violation of the easement or any contract directly involving the landowner, the landowner shall be given reasonable notice and an opportunity to voluntarily correct the violation within 30 days of the date of the notice, or such additional time as the State Conservationist may allow.

(b) Notwithstanding paragraph (a) of this section, the Department reserves the right to enter upon the easement area at any time to remedy deficiencies or easement violations. Such entry may be made at the discretion of the Department when such actions are deemed necessary to protect important wetland functions and values or others rights of the United States under the easement. The landowner shall be liable for any costs incurred by the United States as a result of the landowner's negligence or failure to comply with easement or contractual obligations.

(c) In addition to any and all legal and equitable remedies as may be available to the United States under applicable law, the Department may withhold any easement and cost-share payments owing to landowners at any time there is a material breach of the easement covenants or any contract. Such withheld funds may be used to offset costs incurred by the United States in any remedial actions or retained as damages pursuant to court order or settlement agreement.

(d) The United States shall be entitled to recover any and all administrative and legal costs, including attorney's fees or expenses, associated with any enforcement or remedial action.

[60 FR 28514, June 1, 1995; 60 FR 33034, June 26, 1995. Redesignated and amended at 61 FR 42141, 42143, Aug. 14, 1996]

Any cost-share or easement payment or portion thereof due any person under this part shall be allowed without regard to any claim or lien in favor of any creditor, except agencies of the United States Government.

§ 1467.16 Assignments.

Any person entitled to any cash payment under this program may assign the right to receive such cash payments, in whole or in part.

§ 1467.17 Appeals.

(a) A person participating in the WRP may obtain a review of any administrative determination concerning eligibility for participation utilizing the administrative appeal regulations provided in 7 CFR part 614.

(b) Before a person may seek judicial review of any action taken under this part, the person must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for purposes of judicial review, no decision shall be a final agency action except a decision of the Chief of Department under these procedures.

(c) Any appraisals, market analysis, or supporting documentation that may be used by the Department in determining property value are considered confidential information, and shall only be disclosed as determined at the sole discretion of the Department in accordance with applicable law.

§ 1467.18 Scheme and device.

(a) If it is determined by the Department that a landowner has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid such

landowner during the applicable period may be withheld or be required to be refunded with interest thereon, as determined appropriate by the Department.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of payments for cost-share practices or easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

(c) A landowner who succeeds to the responsibilities under this part shall report in writing to the Department any interest of any kind in enrolled land that is held by a predecessor or any lender. A failure of full disclosure will be considered a scheme or device under this section.

AUTHORITY: 16 U.S.C. 3839bb.

SOURCE: 63 FR 51786, Sept. 29, 1998, unless otherwise noted.

Subpart A—General Provisions

§ 1468.1 Purpose.

(a) Through the Conservation Farm Option (CFO), the Commodity Credit Corporation (CCC) provides financial assistance to eligible farmers and ranchers to address soil, water, and related natural resource concerns, water quality protection or improvement; wetland restoration and protection; wildlife habitat development and protection; and other similar conservation purposes on their lands in an environmentally beneficial and cost-effective manner. The Natural Resources Conservation Service (NRCS) may provide technical assistance, upon request by the producer or landowner.

(b) The CCC provides a single contract and annual payments for implementation of innovative and environmentally-sound methods for addressing natural resource concerns for producers of wheat, feed grains, cotton, and rice, resulting in consolidation of payments that would have been available under the Conservation Reserve Program (CRP), the Wetlands Reserve Program cost-share agreements (WRP), and the Environmental Quality Incentives Program (EQIP). CFO participation is determined through two step process: first, the Chief, with FSA concurrence, selects CFO pilot project areas based on proposals submitted by the public; then CCC accepts applications from eligible producers or owners within the selected pilot project area.

§ 1468.2 Administration.

(a) CFO is carried out using Commodity Credit Corporation funds and will be administered on behalf of CCC by the Natural Resources Conservation Service (NRCS) and the Farm Service Agency (FSA) as set forth below.

(b) NRCS will:

(1) Provide overall program management and implementation for CFO;

(2) Establish policies, procedures, priorities, and guidance for program implementation, including determination of pilot project areas;

(3) Establish annual payment rates consistent with EQIP, CRP, and WRP payment rates;

(4) Make funding decisions and determine allocations of program funds, with FSA concurrence;

(5) Determine eligibility of practices;

(6) Provide technical leadership for conservation planning and implementation, quality assurance, and evaluation of program performance.

(c) FSA will:

(1) Be responsible for the administrative processes and procedures including applications, contracting, and financial matters, such as payments to participants, assistance in determining participant eligibility, and program accounting; and

(2) Provide leadership for establishing, implementing, and overseeing administrative processes for applications, contracts, payment processes, and administrative and financial performance reporting.

(d) NRCS and FSA will cooperate in establishing program policies, priorities, and guidelines related to the implementation of this part.

(e) No delegation herein to lower organizational levels shall preclude the Chief of NRCS, or the Administrator of FSA, or a designee, from determining any question arising under this part or from reversing or modifying any determination made under this part that is the responsibility of their respective agencies.

§ 1468.3 Definitions.

The following definitions apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Applicant means a producer or owner in an approved pilot project area who has requested in writing to participate in CFO.

Chief means the Chief of NRCS, or designee.

Conservation district means a political subdivision of a State, Indian tribe, or territory, organized pursuant to the State or territorial soil conservation district law, or tribal law. The subdivision may be a conservation district, soil conservation district, soil and water conservation district, resource conservation district, natural resource

district, land conservation committee, or similar legally constituted body.

Conservation farm plan means a record of a participant's decisions, and supporting information for treatment of a unit of land or water as a result of the planning process, that meets the local NRCS Field Office Technical Guide (FOTG) criteria for each natural resource and takes into account economic and social considerations. The plan describes the schedule of operations and activities needed to solve identified natural resource problems, and take advantage of opportunities, at a conservation management system level. In the conservation farm plan, the needs of the client, the resources, and Federal, state, Tribal, and local requirements will be met.

Conservation practice means a specified treatment, such as structural, vegetative, or a land management practice, which is planned and applied according to NRCS standards and specifications.

Contract means a legal document that specifies the rights and obligations of any person who has been accepted for participation in the program.

County executive director means the FSA employee responsible for directing and managing program and administrative operations in one or more FSA county offices.

Farm Service Agency county committee means a committee elected by the agricultural producers in the county or area, in accordance with Sec. 8(b) of the Soil Conservation and Domestic Allotment Act, as amended, or designee.

Field office technical guide means the official NRCS guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. The guide contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared. A copy of the guide for that area is available at the appropriate NRCS field office.

Indian tribe means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims

Settlement Act (43 U.S.C. 1601 *et seq.*) which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

Innovative technology means the use of new management techniques, specific treatments, or procedures such as structural or vegetative measures used in field trials or as interim conservation practice standards that have the purpose of solving or reducing the severity of natural resource use problems or that take advantage of resource opportunities. Innovative technologies used by program participants must be able to achieve the required level of resource protection.

Land management practice means conservation practices that primarily require site-specific management techniques and methods to conserve, protect from degradation, or improve soil, water, or related natural resources in the most cost-effective manner. Land management practices include, but are not limited to nutrient management, manure management, integrated pest management, integrated crop management, irrigation water management, tillage or residue management, stripcropping, contour farming, grazing management, wildlife management, resource conserving crop rotations, cover crop management, and organic matter and carbon sink management.

Liquidated damages means a sum of money stipulated in the contract which the participant agrees to pay, in addition to refunds and other charges, if the participant breaches the contract, and represents an estimate of the anticipated or actual harm caused by the breach, and reflects the difficulties of proof of loss and the inconvenience or nonfeasibility of otherwise obtaining an adequate remedy.

Local work group means representatives of FSA, the Cooperative State Research, Education, and Extension Service (CSREES), the conservation district, and other Federal, State, and local government agencies, including Tribes and Resource Conservation and Development councils, with expertise in natural resources who consult with NRCS on decisions related to CFO implementation.

§ 1468.4

Operation and maintenance means work performed by the participant to keep the applied conservation practice functioning for the intended purpose during its life span. Operation includes the administration, management, and performance of non-maintenance actions needed to keep the completed practice safe and functioning as intended. Maintenance includes work to prevent deterioration of the practice, repairing damage, or replacement of the practice to its original condition if one or more components fail.

Participant means an applicant who is a party to a CFO contract.

Secretary means the Secretary of the United States Department of Agriculture.

State conservationist means the NRCS employee authorized to direct and supervise NRCS activities in a State, the Caribbean Area, or the Pacific Basin Area.

State technical committee means a committee established by the Secretary in a state pursuant to 16 U.S.C. 3861.

Technical assistance means the personnel and support resources needed to conduct conservation planning; conservation practice survey, layout, design, installation, and certification; training, certification, and quality assurance for professional conservationists; and evaluation and assessment of the program.

Unit of concern means a parcel of agricultural land that has natural resource conditions that are of concern to the participant.

§ 1468.4 Establishing Conservation Farm Option (CFO) pilot project areas.

(a) CCC may periodically solicit proposals from the public to establish pilot project areas in the FEDERAL REGISTER.

(b) Pilot projects may involve one or more participants. Each owner or producer within an approved pilot project area must submit an application in order to be considered for enrollment in the CFO. This pilot project area may be a watershed, a subwatershed, an area, or an individual farm that can be geographically described and has specific environmental sensitivities or sig-

7 CFR Ch. XIV (1-1-06 Edition)

nificant soil, water, and related natural resource concerns. The pilot project area must have acreage enrolled in a production flexibility contract, which is authorized by the Agricultural Marketing and Transition Act of 1996. After these pilot project area proposals are received, the Chief, with FSA concurrence, will select proposals for funding.

(c) CCC will select pilot project areas based on the extent the individual proposal:

(1) Demonstrates innovative approaches to conservation program delivery and administration;

(2) Proposes innovative conservation technologies and system;

(3) Provides assurances that the greatest amount of environmental benefits will be delivered in a cost effective manner;

(4) Ensures effective monitoring and evaluation of the pilot effort;

(5) Considers multiple stakeholder participation (partnerships) within the pilot area;

(6) Provides additional non-Federal funding; and

(7) Addresses the following:

(i) Conservation of soil, water, and related natural resources,

(ii) Water quality protection or improvement,

(iii) Wetland restoration and protection, and

(iv) Wildlife habitat development and protection,

(v) Or other similar conservation purposes.

§ 1468.5 General provisions.

(a) Program participation is voluntary.

(b) Participation in the CFO is limited to producers of wheat, feed grains, cotton, or rice who have a production flexibility contract, in accordance with part 1412 of this chapter, on the farm enrolling in CFO and who are eligible for either CRP (7 CFR part 1410), EQIP (7 CFR part 1466), or WRP (7 CFR part 1467).

(c) The participant is responsible for the development of a conservation farm plan for the farm or ranch and may request assistance from NRCS or a third party in writing both the conservation farm plan and installing the

practices outlined within the plan. Conservation practices in the conservation farm plan that would have been eligible for payment under CRP, EQIP, or cost-share agreements under WRP are eligible for CFO payment. The provisions for determining eligibility for payment and the calculation of payment under CFO will be similar to those specified for the eligible conservation practices under CRP, EQIP, or cost-share agreements under WRP. For land retirement payments, the CRP payment schedule in effect for the applicable soils at the time the CFO contract is signed will be utilized. CCC will provide annual payments to a participant for such conservation practices as specified in the time schedule set forth in the conservation farm plan.

§ 1468.6 Practice eligibility provisions.

(a) Practices may be eligible for payment under CFO if the conservation practice specified in the conservation farm plan is determined to be an eligible practice, as determined by the Chief, in accordance with:

- (1) 7 CFR part 1410 for land retirement rental payments and practices that are eligible under CRP;
- (2) 7 CFR part 1467 for wetland restoration or protection practices that are eligible under WRP; or
- (3) 7 CFR part 1466 for conservation practices that are eligible under EQIP.

(b) For practices that are installed on retired land, the CRP cost-share rate for practices must be utilized.

§ 1468.7 Participant eligibility provisions.

Participants in the CFO must at the time of enrollment:

- (a) Have a production flexibility contract in accordance with part 1412 of this chapter on the farm enrolling in CFO.
- (b) Agree to forgo earning future payments under the Conservation Reserve Program authorized by part 1410 of this chapter, the Wetlands Reserve Program cost-share payments authorized by part 1467 of this chapter, and Environmental Quality Incentives Program authorized by part 1466 of this chapter, on the farm enrolled in the CFO for the term of the CFO contract.

(c) Be in compliance with the highly erodible land and wetland conservation provisions found at part 12 of this title;

(d) Have control of the land for the term of the proposed contract period;

(1) An exception may be made by the Chief in the case of land allotted by the Bureau of Indian Affairs (BIA), tribal land, or other instances in which the Chief determines that there is sufficient assurance of control.

(2) If the applicant is a tenant of the land involved in agricultural production the applicant shall provide CCC with the written authorization by the landowner to apply the structural or vegetative practice.

(3) If the applicant is a landowner, the landowner is presumed to have control.

(e) Submit a proposed conservation farm plan to CCC that is in compliance with the terms and conditions of the program. To receive payment under the CFO, the participant must also meet the eligibility requirements, as determined by the Chief, in:

(1) 7 CFR part 1410 if the land retirement rental payment and practice determined eligible in accordance with § 1468.6(a);

(2) 7 CFR part 1467 if the wetland restoration or protection practice was determined eligible in accordance with § 1468.6(b), or

(3) 7 CFR part 1466, if the conservation practice was determined eligible in accordance with § 1468.6(c).

(4) Comply with the provisions at § 1412.304 of this chapter for protecting the interests of tenants and sharecroppers, including provisions for sharing, on a fair and equitable basis, payments made available under this part, as may be applicable.

(5) Supply information as required by CCC to determine eligibility for the program.

(6) Comply with all the provisions of the CFO contract which includes the conservation farm plan approved by the local conservation district.

§ 1468.8 Land eligibility provisions.

Land may be eligible for enrollment in CFO, if CCC determines that the farm or ranch is enrolled in a production flexibility contract, authorized by the Agricultural Marketing Transition

§ 1468.9

7 CFR Ch. XIV (1-1-06 Edition)

Act of 1996 and if the land upon which the CFO conservation practice, will be applied is determined to be eligible land as determined by the Chief, in accordance with:

(a) 7 CFR part 1410, if the practice was determined an eligible land retirement rental payment and cost-share practice similar to CRP in accordance with §1468.6(a);

(b) 7 CFR part 1467, if the practice was determined an eligible wetland restoration or protection practice similar to WRP in accordance with §1468.6(b); or

(c) 7 CFR part 1466, if the practice was determined an eligible conservation practice similar to EQIP in accordance with §1468.6(c).

§ 1468.9 Conservation farm plan.

(a) The conservation farm plan forms the basis of the CFO contract. Prior to contract approval, a conservation farm plan must be written and approved. In deciding whether to approve a conservation farm plan, CCC may consider whether:

(1) The participant will use conservation practices to solve the natural resource concerns that will maximize environmental benefits per dollar expended, and

(2) The conservation practice would have been eligible for enrollment in the CRP, EQIP, or under the WRP cost-share agreements.

(b) The conservation farm plan for the farm or ranch unit of concern shall:

(1) Describe any resource conserving crop rotation, and all other conservation practices, to be implemented and maintained on the acreage that is subject to contract during the contract period;

(2) Address the resource concerns identified in the CFO pilot project area proposal;

(3) Contain a schedule for the implementation and maintenance of the practices described in the conservation farm plan;

(4) Ensure that net environmental benefits under a CRP contract are maintained or exceeded for the whole farm, as constituted by FSA, when terminating a CRP contract and enrolling in a CFO contract; and

(5) Meet the objectives of the pilot project area.

(c) The conservation farm plan is part of the CFO contract.

(d) The conservation farm plan must allow the participant to achieve a cost-effective resource management system, or some appropriate portion of that system, identified in the applicable NRCS field office technical guide or as approved by the State Conservationist.

(e) Participants are responsible for implementing the conservation farm plan in compliance with this part.

(f) Upon a participant's request, the NRCS may provide technical assistance to a participant.

(1) Participants may, at their own cost, use qualified professionals, other than NRCS personnel, to provide technical assistance. NRCS retains approval authority over the technical adequacy of work done by non-NRCS personnel for the purpose of determining CFO contract compliance.

(2) Technical and other assistance provided by qualified personnel not affiliated with NRCS may include, but not limited to: conservation planning; conservation practice survey, layout, design, and installation; information, education, and training for producers; and training and quality assurance for professional conservationists.

(g) All conservation practices scheduled in the conservation farm plan are to be carried out in accordance with the applicable NRCS Field Office Technical Guide. The State Conservationist may approve use of innovative conservation measures that are not contained in the NRCS Field Office Technical Guide.

(h)(1) To simplify the conservation planning process for the participant, the conservation farm plan may be developed, at the request of the participant, as a single plan that incorporates, other Federal, state, Tribal, or local government program or regulatory requirements. CCC development or approval of a conservation farm plan shall not constitute compliance with program, statutory and regulatory requirements administered or enforced by a non-USDA agency, except as agreed to by the participant and the relevant Federal, state, local or tribal entities.

(2) CCC may accept an existing conservation plan developed and required for participation in any other CCC or USDA program if the conservation plan otherwise meets the requirements of this part. When a participant develops a single conservation farm plan for more than one program, the participant shall clearly identify the portions of the plan that are applicable to the CFO contract. It is the responsibility of the participant to ascertain and comply with all applicable statutory and regulatory requirements.

Subpart B—Contracts

§ 1468.20 Application for CFO program participation.

(a) Any eligible owner or producer within an approved pilot project area may submit an application for participation in the CFO to a service center or other USDA county or field office(s) of FSA or NRCS, where the pilot project area is located.

(b) CCC will accept applications throughout the fiscal year. CCC will rank and select the offers of applicants periodically, as determined appropriate by the State Conservationist. The application period will begin after a pilot project area has been approved.

(c) The designated conservationist, in consultation with the local work group, will develop ranking criteria to prioritize applications within a pilot project area which consists of more than one owner or producer. NRCS will prioritize applications from the same pilot project area using the criteria specific to the area. The FSA county committee, with the assistance of the designated conservationist and designated FSA official, will approve for funding the application in a pilot project area based on eligibility factors of the applicant and the NRCS ranking.

(d) The designated conservationist will work with the applicant to collect the information necessary to evaluate the application using the ranking criteria. An applicant has the option of offering and accepting less than the maximum program payments allowed, offering to apply more conservation practices to the land in order to increase the likelihood of being enrolled. In evaluating the applications, the des-

ignated conservationist will take into consideration the following factors:

- (1) Soil erosion;
- (2) Water quality;
- (3) Wildlife benefits;
- (4) Soil productivity;
- (5) Conservation compliance considerations;
- (6) Likelihood to remain in conserving uses beyond the contract period, including tree planting and permanent wildlife habitat;
- (7) State water quality priority areas;
- (8) The environmental benefits per dollar expended; and
- (9) The degree to which application is consistent with the pilot project proposal.

(e) If two or more applications have an equal rank, the application that will result in the least cost to the program will be given greater consideration.

§ 1468.21 Contract requirements.

(a) In order for an applicant to receive annual payments, the applicant must enter into a contract agreeing to implement a conservation farm plan. The FSA county committee, with NRCS concurrence, will use the NRCS ranking consistent with the provisions of § 1468.20 and grant final approval of the contract.

(b) A CFO contract will:

- (1) Incorporate by reference all portions of a conservation farm plan applicable to CFO;
- (2) Be for a duration of 10 years, and may be renewed, subject to the availability of funds, for a period not to exceed 5 years upon mutual agreement of CCC and the participant;
- (3) Provide that the participant will:
 - (i) Not conduct any practices on the farm or ranch unit of concern consistent with the goals of the contract that would tend to defeat the purposes of the contract, or reduce net environmental and societal benefits;
 - (ii) Refund with interest any program payments received and forfeit any future payments under the program, on the violation of a term or condition of the contract, in accordance with the provisions of § 1468.25 of this part;
 - (iii) Refund all program payments received on the transfer of the right and interest of the producer in land subject

§ 1468.22

7 CFR Ch. XIV (1-1-06 Edition)

to the contract, unless the transferee of the right and interest agrees to assume all obligations of the contract, in accordance with the provisions of § 1468.24 of this part;

(iv) Agree to forego participation in CRP, EQIP, and the cost-share agreements under WRP, along with future payments associated with these programs, with regard to the land under the CFO contract;

(v) Supply information as required by CCC to determine compliance with the contract and requirements of the program;

(4) Specify the participant's requirements for operation and maintenance of the applied conservation practices in accordance with the provisions of § 1468.22 of this part, and

(5) Include any other provision determined necessary or appropriate by CCC.

(c) There is a limit of one CFO contract at any one time for each farm, as constituted by FSA.

(d) The contract will incorporate the operation and maintenance of conservation practices applied under the contract, including those practices transferred from terminated CRP and EQIP contracts and WRP cost-share agreements. For persons wishing to transfer from CRP, EQIP, or WRP to CFO, practices included in CRP or EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate, unless otherwise stated in the conservation farm plan.

(e) Acreage that is subject to a WRP easement will not be included in the CFO contract.

(f) Upon completion, the participant must certify that a conservation practice is completed in accordance with the conservation farm plan to establish compliance with the contract.

§ 1468.22 Conservation practice operation and maintenance.

(a) The participant will operate and maintain the conservation practice for its intended purpose for the life span of the conservation practice, as identified in the conservation farm plan. Conservation practices installed before the execution of a CFO contract, but needed in the contract to obtain the envi-

ronmental benefits agreed upon, are to be operated and maintained as specified in the contract. NRCS may periodically inspect the conservation practice during the lifespan of the practice as specified in the contract to ensure that the operation and maintenance is occurring.

(b) For those persons who are signatories to existing CRP or EQIP contracts, or WRP cost-share agreements, practices will be transferred from EQIP and CRP contracts or WRP cost-share agreements, as agreed upon in the CFO conservation farm plan and CFO contract. Remaining rights and obligations under CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP or EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate. Participants in CFO with CRP, EQIP, or WRP practices incorporated into CFO contracts are responsible for operating and maintaining these practices for the balance of the period specified in the original program contract, unless otherwise stated in the conservation farm plan and CFO contract.

§ 1468.23 Annual payments.

(a) CCC will determine annual payments, subject to the availability of funds, based on the value of the expected payments that would have been paid to the participant for that practice as specified in:

(1) Part 1410 of this chapter, if the practice is a land retirement rental payment or cost-share practice which would have qualified for payment under CRP in accordance with § 1468.6(a);

(2) Part 1467 of this chapter, if the practice is a wetland restoration or protection practice which would have qualified for payment under WRP which was determined eligible in accordance with § 1468.6(b);

(3) Part 1466 of this chapter, if the practice was a conservation practice which would have qualified for payment under EQIP which was determined eligible in accordance with § 1468.6(c);

Commodity Credit Corporation, USDA

§ 1468.25

(b) The maximum amount of annual payments which a person may receive under the CFO for any fiscal year shall not exceed the total of the amounts calculated in accordance with paragraph (a) of this section after being limited as follows:

(1) The payment calculated in accordance with paragraph (a)(1) of this section is limited in accordance with CRP payment limitation provisions set forth in part 1410 of this chapter.

(2) The payment calculated in accordance with § 1467.9(a)(2) of this chapter is not limited.

(3) The payment calculated in accordance with § 1466.23(a)(3) of this chapter is limited in accordance with EQIP payment limitation provisions in § 1466.23(b) of this chapter.

(c) The regulations set forth at part 1400 of this chapter will be applicable in making payment eligibility determinations for CFO and in making person determination as they apply to the limitation of payments determined in accordance with paragraph (b) of this section.

(d) The CCC cost-share payments to a participant shall be reduced so that total financial contributions for a structural or vegetative practice from all public and private entity sources do not exceed the cost of the practice.

(e) A landowner or producer that enrolls in CFO and terminates a CRP or EQIP contract or WRP cost-share agreement will be eligible to receive payments for practices which have been determined, established, or completed by the technical agency under those contracts or agreements. Once the CFO contract is effective, all payments for practices, including any practice transferred from the terminated contract agreement will be made under the CFO contract, except for payments already earned under prior contracts or cost-share agreements.

(f) Payments will not be made to a participant who has applied or initiated the application of a conservation practice for the purposes of CFO prior to approval of the CFO contract.

(g) When requested by the State Conservationist on a case-by-case basis, the Chief may approve, based upon availability of funding, cost share on the reapplication of a practice to re-

place or repair practice destroyed by unusual circumstances beyond the control of the landowner.

(h) The participant and NRCS must certify that a conservation practice is completed in accordance with the conservation farm plan to establish compliance with the contract before the CCC will approve the payment of any cost-share, incentive, or land retirement payment.

§ 1468.24 Contract modifications and transfers of land.

(a) The participant and CCC may modify a contract if the participant and CCC agree to the contract modification and the conservation farm plan is revised in accordance with CCC requirements and is approved by the conservation district.

(b) The participant may agree to transfer a contract to another eligible owner or operator with the agreement of CCC. The transferee shall assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract. By agreeing to participate in CFO, CCC may require operation and maintenance of those conservation practices installed under CRP, EQIP, or WRP.

(c) CCC may require a participant to refund all or a portion of any assistance earned under a CRP or EQIP contract, or WRP cost-share agreement that was terminated as a condition of participation in CFO, if the participant sells or loses control of the land under a CFO contract and the new owner or controller does not assume responsibility under the contract.

§ 1468.25 Contract violations and termination.

(a)(1) If it is determined that a participant is in violation of the provisions of this part, or the terms of the contract including portions of the contract that incorporate transferred obligations from CRP or EQIP contracts, or WRP cost-share agreements, CCC will give the participant written notice of a reasonable time to correct the violation and comply with the terms of the contract and attachments thereto,

§ 1468.30

as determined by the FSA county committee, in consultation with NRCS. If a participant continues in violation after the time to comply has elapsed, the FSA county committee may, in consultation with NRCS, terminate the CFO contract.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, a contract termination shall be effective immediately upon a determination by the FSA county committee, in consultation with NRCS, that the participant has submitted false information, filed a false claim, or engaged in any act for which a finding of ineligibility for payments is permitted under the provisions of §1468.35 of this part, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(b)(1) If CCC terminates a contract, the participant shall forfeit all rights for future payments under the contract and shall refund all or part of the payments received, plus interest, determined in accordance with part 1403 of this chapter. CCC has the option of requiring only partial refund of the payments received if a previously installed conservation practice can function independently, is not affected by the violation or other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(2) If CCC terminates a contract for any reason stated above, before any contractual payments have been made, the participant shall forfeit all rights for further payments under the contract and shall pay such liquidated damages as are prescribed in the contract.

(3) When making all contract termination decisions, CCC may reduce the amount of money owed by the participant by a proportion which reflects the good-faith effort of the participant to comply with the contract, or the hardships beyond the participant's control that have prevented compliance with the contract.

(4) The participant may voluntarily terminate a contract without penalty,

7 CFR Ch. XIV (1-1-06 Edition)

if CCC determines that such termination would be in the public interest.

Subpart C—General Administration

§ 1468.30 Appeals.

(a) An applicant or participant may obtain administrative review of an adverse decision made with respect to this part and the CFO contract in accordance with parts 11 and 614 of this title, except as provided in paragraph (b) of this section.

(b) The following decisions are not appealable:

- (1) CCC funding allocations;
- (2) Eligible conservation practices;
- (3) Payment rates, and cost-share percentages;
- (4) Science-based formulas and factor values;
- (5) Soils mapping and information; and
- (6) Other matters of general applicability.

§ 1468.31 Compliance with regulatory measures.

Participants who carry out conservation practices shall be responsible for obtaining the authorities, rights, easements, permits, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants shall be responsible for compliance with all laws and for all effects or actions resulting from the participant's performance under the contract.

§ 1468.32 Access to operating unit.

Any authorized CCC representative shall have the right to enter an operating unit or tract for the purpose of ascertaining the accuracy of any representations made in a contract or in anticipation of entering a contract, or as to the performance of the terms and conditions of the contract. Access shall include the right to provide technical assistance and inspect any work undertaken under the contract. The CCC representative shall make a reasonable effort to contact the participant prior to the exercise of this right to access.

Commodity Credit Corporation, USDA

§ 1469.1

§ 1468.33 Performance based upon advice or action of representatives of CCC.

If a participant relied upon the advice or action of any authorized representative of CCC, and did not know or have reason to know that the action or advice was improper or erroneous, the FSA county committee, in consultation with NRCS, may accept the advice or action as meeting the requirements of the program and may grant relief, to the extent it is deemed desirable, to provide a fair and equitable treatment because of the good-faith reliance on the part of the participant.

§ 1468.34 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any participant shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the United States. The regulations governing offsets and withholdings found at part 1403 of this chapter shall apply to contract payments.

(b) Any participant entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

§ 1468.35 Misrepresentation and scheme or device.

(a) A participant who is determined to have erroneously represented any fact affecting a program determination made in accordance with this part shall not be entitled to contract payments and must refund to CCC all payments, plus interest determined in accordance with part 1403 of this chapter.

(b) An applicant or participant who is determined to have knowingly adopted any scheme or device that tends to defeat the purpose of the program; made any fraudulent representation; or misrepresented any fact affecting a program determination, shall refund to CCC all payments, plus interest determined in accordance with part 1403 of this chapter, received by such appli-

cant or participant with respect to CFO contracts.

Subpart A—General Provisions

§ 1469.1 Applicability.

(a) This part sets forth the policies, procedures, and requirements for the Conservation Security Program (CSP) as administered by the Natural Resources Conservation Service (NRCS) for enrollment during calendar year 2004 and thereafter.

(b) CSP is applicable only on privately owned or Tribal lands in any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico,

§ 1469.2

Guam, the Virgin Islands of the United States, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(c) The Commodity Credit Corporation (CCC), by and through the NRCS, provides financial assistance and technical assistance to participants for the conservation, protection, and improvement of soil, water, and other related resources, and for any similar conservation purpose as determined by the Secretary.

§ 1469.2 Administration.

(a) The regulations in this part will be administered under the general supervision and direction of the Chief, Natural Resources Conservation Service (NRCS), who is a Vice President of the CCC.

(b) The Chief may modify or waive a provision of this part if the Chief determines that the application of such provision to a particular limited situation is inappropriate and inconsistent with the goals of the program.

(c) The Chief determines fund availability to provide financial and technical assistance to participants according to the purpose and projected cost of contracts in a fiscal year. The Chief allocates the funds available to carry out CSP to the NRCS State Conservationist. Contract obligations will not exceed the funding available to the Agency.

(d) The State Conservationist may obtain advice from the State Technical Committee and local workgroups on the development of State program technical policies, payment related matters, outreach efforts, and other program issues.

(e) NRCS may enter into agreements with Federal agencies, State and local agencies, conservation districts, Indian Tribes, private entities, and individuals to assist NRCS with educational efforts, outreach efforts, and program implementation assistance.

(f) For lands under the jurisdiction of an Indian Tribe or Tribal Nation, certain items identified in paragraph (d) of this section may be determined by the Indian Tribe or Tribal Nation and the NRCS Chief.

7 CFR Ch. XIV (1-1-06 Edition)

§ 1469.3 Definitions.

The following definitions apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Activity means an action other than a conservation practice that is included as a part of a conservation stewardship contract; such as a measure, incremental movement on a conservation index or scale, or an on-farm demonstration, pilot, or assessment.

Agricultural land means cropland, rangeland, pastureland, hayland, private non-industrial forest land if it is an incidental part of the agricultural operation, and other land on which food, fiber, and other agricultural products are produced. Areas used for strip-cropping or alley-cropping and silvopasture practices will be included as agricultural land. This includes land of varying cover types, primarily managed through a low input system, for the production of food, fiber or other agricultural products.

Agricultural operation means all agricultural land and other lands determined by the Chief, whether contiguous or noncontiguous, under the control of the applicant and constituting a cohesive management unit, that is operated with equipment, labor, accounting system, and management that is substantially separate from any other. The minimum size of an agricultural operation is a field.

Applicant means a producer as defined in this rule who has requested in writing to participate in CSP.

Beginning farmer or rancher means an individual or entity who:

(1) Has not operated a farm or ranch, or who has operated a farm or ranch for not more than 10 consecutive years, as defined in 7 U.S.C. 1991(a). This requirement applies to all members of an entity; and

(2) Will materially and substantially participate in the operation of the farm or ranch.

(i) In the case of a contract with an individual, solely, or with the immediate family, material and substantial participation requires that the individual provide substantial day-to-day labor and management of the farm or ranch, consistent with the practices in

Commodity Credit Corporation, USDA

§ 1469.3

the county or State where the farm is located.

(ii) In the case of a contract with an entity, all members must materially and substantially participate in the operation of the farm or ranch. Material and substantial participation requires that each of the members provide some amount of the management, or labor and management necessary for day-to-day activities, such that if each of the members did not provide these inputs, operation of the farm or ranch would be seriously impaired.

Benchmark condition inventory means the documentation of the resource condition or situation pursuant to §1469.7(a) that NRCS uses to measure an applicant's existing level of conservation activities in order to determine program eligibility, to design a conservation stewardship contract, and to measure the change in resource conditions resulting from conservation treatment.

Certified Conservation Planner means an individual certified by NRCS who possesses the necessary skills, training, and experience to implement the NRCS nine-step planning process to meet client objectives in solving natural resource problems. The certified conservation planner has demonstrated skill in assisting producers to identify resource problems, to express the client's objectives, to propose feasible solutions to resource problems, and assists the producers select and implement an effective alternative that treats resource concerns and consistent with client's objectives.

Chief means the Chief of NRCS, USDA or designee.

Conservation district means any district or unit of State or local government formed under State, territorial, or Tribal law for the express purpose of developing and carrying out a local soil and water conservation program. Such a district or unit of government may be referred to as a "conservation district," "soil conservation district," "soil and water conservation district," "resource conservation district," "land conservation committee," or similar name.

Conservation practice means a specified treatment, such as a structural or land management practice, that is

planned and applied according to NRCS standards and specifications.

Conservation Reserve Program (CRP) means the Commodity Credit Corporation program administered by the Farm Service Agency pursuant to 16 U.S.C. 3831-3836.

Conservation stewardship contract means a legal document that specifies the rights and obligations of any participant who has been accepted to receive assistance through participation in CSP.

Conservation stewardship plan means the conservation planning document that builds on the inventory of the benchmark condition documenting the conservation practices currently being applied; those practices needing to be maintained; and those practices, treatments, or activities to be supported under the provisions of the conservation stewardship contract.

Conservation system means a combination of conservation practices, measures and treatments for the treatment of soil, water, air, plant, or animal resource concerns.

Conservation treatment means any and all conservation practices, measures, and works of improvement that have the purpose of alleviating resource concerns, solving or reducing the severity of natural resource use problems, or taking advantage of resource opportunities.

Considered to be planted means a long term rotation of alfalfa or multi-year grasses and legumes; summer fallow; typically cropped wet areas, such as rice fields, rotated to wildlife habitat; or crops planted to provide an adequate seedbed for re-seeding.

Cropland means a land cover/use category that includes areas used for the production of adapted crops for harvest, including but not limited to land in row crops or close-grown crops, forage crops that are in a rotation with row or close-grown crops, permanent hayland, horticultural cropland, orchards, and vineyards.

Designated conservationist means an NRCS employee whom the State Conservationist has designated as responsible for administration of CSP in a specific area.

Enhancement payment means CSP payments available to all tiers as described in §1469.23(d).

Enrollment categories means a classification system used to sort out applications for payment. The enrollment category mechanism will create distinct classes for funding defined by resource concerns, levels of treatment, and willingness to achieve additional environmental performance.

Existing practice component of CSP payments means the component of a CSP payment as described in §1469.23(b).

Field means a part of an agricultural operation which is separated from the balance of the agricultural operation by permanent boundaries, such as fences, permanent waterways, woodlands, and crop-lines in cases where farming practices make it probable that such crop-line is not subject to change, or other similar features.

Field Office Technical Guide (FOTG) means the official local NRCS source of resource information and the interpretations of guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. It contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared. Guides can be reviewed at the local USDA Service Center or online at <http://www.nrcs.usda.gov/technical/efotg>.

Forage and animal balance means that the total amount of available grazing forage and the addition of any roughage supply (hay, silage, or green chop) is balanced with the amount consumed by the total number of livestock and wildlife to meet their daily consumption needs.

Forest land means a land cover/use category that is at least 10 percent stocked by single-stemmed woody species of any size that will be at least 4 meters (13 feet) tall at maturity. Also included is land bearing evidence of natural regeneration of tree cover (cut over forest or abandoned farmland) that is not currently developed for non-forest use. Ten percent stocked, when viewed from a vertical direction, equates to an aerial canopy cover of leaves and branches of 25 percent or

greater. The minimum area for classification as forest land is 1 acre, and the area must be at least 100 feet wide. Exceptions may be made by the Chief for land primarily managed through a low-input system for food, fiber or other agricultural products.

Hayland means a subcategory of “cropland” managed for the production of forage crops that are machine harvested. The crop may be grasses, legumes, or a combination of both.

Incidental forest land means forested land that includes all nonlinear forested riparian areas (i.e., bottomland forests), and small associated woodlots located within the bounds of working agricultural land or small adjacent areas and that are managed to maximize wildlife habitat values and are within the NRCS FOTG standards for a wildlife practice. However, silvopasture that meets NRCS practice standards will be considered as pasture or range land and not incidental forestland since silvopasture is one type of intense grazing system. Areas of incidental forest land that are not part of a linear conservation practice are limited individually in size to 10 acres or less and limited to 10 percent in congregate of the total offered acres.

Indian Tribe means any Indian Tribe, band, Nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 *et seq.*) that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

Indian trust lands means real property in which:

(1) The United States holds title as trustee for an Indian or Tribal beneficiary; or

(2) An Indian or Tribal beneficiary holds title and the United States maintains a trust relationship.

Joint operation means a general partnership, joint venture, or other similar business arrangement as defined in 7 CFR 718.2.

Land cover/use means a term that includes categories of land cover and categories of land use. Land cover is the vegetation or other kind of material

(2) The minimum level of treatment on cropland for Tier I and Tier II:

(i) The minimum level of treatment for soil quality on cropland is considered achieved when the Soil Conditioning Index value is positive.

(ii) The minimum level of treatment for water quality on cropland is considered achieved if the benchmark inventory indicates that the current level of treatment addresses the risks that nutrients, pesticides, sediment, and salin-

ity present to water quality by meeting or exceeding the quality criteria for the specific resource concerns of nutrients, pesticides, sediment and salinity for surface water and nutrients, pesticides and salinity for ground water.

(iii) The Chief may make minor exceptions to criteria for areas, such as tropical and tundra regions, where technology tools are being refined or testing is needed to review performance data.

(3) The minimum level of treatment on pastureland and rangelands for Tier I and Tier II is vegetation and animal management accomplished by following a grazing management plan that provides for:

(i) A forage-animal balance;

(ii) Proper livestock distribution;

(iii) Timing of use; and

(iv) Managing livestock access to water courses.

(4) The minimum level of treatment for Tier III:

(i) The minimum level of treatment for Tier III is having a fully implemented resource management system that meets the quality criteria for the local NRCS FOTG for all applicable resource concerns and considerations with the following exceptions:

(A) The minimum requirement for soil quality on cropland is considered achieved when the Soil Conditioning Index value is positive;

(B) The minimum requirement for water quantity—irrigation water management on cropland or pastureland is considered achieved when the current level of treatment and management for the system results in a water use index value of at least 50; and

(C) The minimum requirement for wildlife is considered achieved when the current level of treatment and management for the system results in an index value of at least 0.5 using a general or species specific habitat assessment guide; and

(ii) All riparian corridors, including streams and natural drainages, within the agricultural operation are buffered to restore, protect, or enhance riparian resources. Riparian corridors, as appropriate, will be managed or designed to intercept sediment, nutrients, pesticides, and other materials in surface

§ 1469.6

runoff; reduce nutrients and other pollutants in shallow subsurface water flow; lower water temperature; and provide litter fall or structural components for habitat complexity or to slow out-of-bank floods.

(5) In the instance of a significant natural event, such as drought, wildfire, pestilence, or flooding which would prevent the participant or applicant from achieving the minimum requirements, those requirements will be considered met so long as the participant or applicant can provide documentation of their stewardship prior to such an event.

§ 1469.6 Enrollment criteria and selection process.

(a) *Selection and funding of priority watersheds.* (1) NRCS will prioritize watersheds based on a nationally consistent process using existing natural resource, environmental quality, and agricultural activity data along with other information that may be necessary to efficiently operate the program. The watershed prioritization and identification process will consider several factors, including but not limited to:

- (i) Potential of surface and ground water quality to degradation;
- (ii) Potential of soil to degradation;
- (iii) Potential of grazing land to degradation;
- (iv) State or national conservation and environmental issues *e.g.* location of air non-attainment zones or important wildlife/fisheries habitat; and
- (v) Local availability of management tools needed to more efficiently operate the program, such as digital soils information.

(2) Priority watersheds selected, in which producers would be potentially eligible for enrollment, will be announced in the sign-up notice.

(b) *Enrollment categories.* The Chief may limit new program enrollments in any fiscal year to enrollment categories designed to focus on priority conservation concerns and enhancement measures. NRCS will utilize enrollment categories to determine which contracts will be funded in a given sign-up.

(1) Enrollment categories may be defined by criteria related to resource

7 CFR Ch. XIV (1–1–06 Edition)

concerns and levels of historic conservation treatment, including the producer's willingness to achieve additional environmental performance or conduct enhancement activities.

(2) All applications which meet the sign-up criteria within the priority watersheds will be placed in an enrollment category regardless of available funding.

(3) NRCS will develop subcategories within each enrollment category and include them in the sign-up notice. The development of subcategories may consider several factors, including:

- (i) Willingness of the applicant to participate in local conservation enhancement activities;
- (ii) Targeting program participation for Limited Resource Producers;
- (iii) Targeting program participation to water quality priority areas for nutrient or pest management;
- (iv) Targeting program participation for locally important wildlife/fisheries habitat creation and protection; and
- (v) Other priorities as determined by the Secretary.

(4) At the beginning of each sign-up, the Chief will announce the order in which categories and subcategories are eligible to be funded.

(5) All eligible applications will be placed in the highest priority enrollment category and sub-category for which the application qualifies.

(6) Enrollment categories and subcategories will be funded in priority order until the available funds specified in the CSP sign-up notice are exhausted.

(c) *Sign-up process.* (1) NRCS will publish a CSP sign-up notice with sufficient time for producers to consider the benefits of participation prior to the opening of the sign-up period. In the public sign-up notice, the Chief will announce and explain the rationale for decisions for the following information:

- (i) Any additional program eligibility criteria that are not listed in §1469.5;
- (ii) Any additional nationally significant resource concerns that are not listed in §1469.4(a) that will apply;
- (iii) Any additional requirements that participants must include in their CSP applications and contracts that are not listed in §1469.21;

(v) Specific information on the level of funding that NRCS estimates will go toward stewardship, existing practice, and enhancement payments;

(vi) An estimate of the total funds NRCS expects to obligate under new contracts during a given sign-up, and an estimate for the number of enrollment categories and contracts NRCS expects to be able to fund; and

(vii) The schedule for the sign-up process, including the deadline(s) for applying.

(2) NRCS will accept applications according to the timeframes specified in the sign-up notice.

(d) *Selection of contracts.* (1) NRCS will determine whether the application meets the eligibility criteria, and will place applications into an enrollment category and subcategory based on the criteria specified in the sign-up notice and into a Tier based on the criteria in 1469.5(e). Enrollment categories will be funded in the order designated in the sign-up notice until the available funding is exhausted. NRCS will determine the number of categories that can be funded in accordance with the sign-up notice, and will inform the applicant of its determinations.

(2) NRCS will develop a conservation stewardship contract for the selected applications. If the contract falls within the enrollment categories and subcategories funded in the given sign-up, NRCS will make payments as described in the contract in return for the implementation and/or maintenance of a specified level of conservation treatment on all or part of the agricultural operation.

§ 1469.7 Benchmark condition inventory and conservation stewardship plan.

(a) The benchmark condition inventory and associated case file information must include:

(3) All additional conservation practices in the conservation stewardship plan for which new practice payments will be provided must be carried out in accordance with the applicable NRCS FOTG.

§ 1469.8 Conservation practices and activities.

(a) *Conservation practice and activity selection.* (1) The Chief will provide a list of structural and land management practices and activities eligible for each CSP payment component. If the Chief's designee provides the list, it will be approved by the Director of the Financial Assistance Programs Division of NRCS. When determining the lists of practices and activities and their associated rates, the Chief will consider:

(i) The cost and potential conservation benefits;

(ii) The degree of treatment of significant resource concerns;

(iii) The number of resource concerns the practice or activity will address;

(iv) Locally available technology;

(v) New and emerging conservation technology;

(vi) Ability to address the resource concern based on site specific conditions; and,

(vii) The need for cost-share assistance for specific practices and activities to help producers achieve higher management intensity levels or to advance in tiers of eligibility.

(2) To address unique resource conditions in a State or region, the Chief may make additional conservation practices, measures, and enhancement activities eligible that are not included

in the national list of eligible CSP practices.

(3) NRCS will make the list of eligible practices and activities and their individual payment rates available to the public.

(b) NRCS will consider the qualified practices and activities in its computation of CSP payments except as provided for in paragraph (d) of this section.

(c) NRCS will not make new practice payments for a conservation practice the producer has applied prior to application to the program.

(d) New practice payments will not be made to a participant who has implemented or initiated the implementation of a conservation practice prior to approval of the contract, unless a waiver was granted by the State Conservationist or the Designated Conservationist prior to the installation of the practice.

(e) Where new technologies or conservation practices that show high potential for optimizing environmental benefits are available, NRCS may approve interim conservation practice standards and financial assistance for pilot work to evaluate and assess the performance, efficacy, and effectiveness of the technology or conservation practices.

(f) NRCS will set the minimum level of treatment within land management practices at the national level; however, the State Conservationist may supplement specific criteria to meet localized conditions within the State or areas.

§ 1469.9 Technical assistance.

(a) NRCS may use the services of NRCS-approved or certified Technical Service Providers in performing its responsibilities for technical assistance.

(b) Technical assistance may include, but is not limited to: Assisting applicants during sign-up, processing and assessing applications, assisting the participant in developing the conservation stewardship plan; conservation practice survey, layout, design, installation, and certification; information, education, and training for producers; and quality assurance activities.

(c) NRCS retains approval authority over the certification of technical assistance done by non-NRCS personnel.

(d) NRCS retains approval authority of the conservation stewardship contracts and contract payments.

(e) Conservation stewardship plans will be developed by NRCS certified conservation planners.

Subpart B—Contracts and Payments

§ 1469.20 Application for contracts.

(a) Applications must include:

(1) A completed self-assessment workbook;

(2) Benchmark condition inventory and conservation stewardship plan in accordance with §1469.7 for the eligible land uses on the entire operation or, if Tier I, for the portion being enrolled;

(3) Any other requirements specified in the sign-up notice;

(4) For Tier I, clear indication of which acres the applicant wishes to enroll in the CSP; and,

(5) A certification that the applicant will agree to meet the relevant contract requirements outlined in the sign-up notice.

(b) Producers who are members of a joint operation, trust, estate, association, partnership or similar organization must file a single application for the joint operation or organization.

(c) Producers can submit only one application per sign-up.

(d) Participants can only have one active contract at any one time.

§ 1469.21 Contract requirements.

(a) To receive payments, each participant must enter into a conservation stewardship contract and comply with its provisions. Among other provisions, the participant agrees to maintain at least the level of stewardship identified in the benchmark inventory for the portion of land being enrolled for the entire contract period, as appropriate, and implement and maintain any new practices or activities required in the contract.

(b) Program participants will only receive payments from one conservation stewardship contract.

(c) CSP participants must address the following requirements or addi-

tional resource concerns to the minimum level of treatment by the end of their conservation stewardship contract:

(1) Tier I contract requirement: additional practices and activities as included by the applicant in the conservation stewardship plan and approved by NRCS, over the part of the agricultural operation enrolled in CSP.

(2) Tier II contract requirements:

(i) Address an additional locally significant resource concern, as described in section III of the NRCS FOTG over the entire agricultural operation. Applicants may satisfy this requirement by demonstrating that the locally significant resource concern is not applicable to their operation or that they have already addressed it in accordance with NRCS'; quality criteria; and

(ii) Additional practices and activities as included by the applicant in the conservation stewardship plan and approved by NRCS, over the entire agricultural operation, where applicable.

(3) Tier III contract requirement: additional practices and activities as included by the applicant in the conservation stewardship plan and approved by NRCS, over the entire agricultural operation, where applicable.

(d) *Transition to a higher tier of participation.* (1) Upon agreement by NRCS and the participant, a conservation stewardship contract may include provisions that lead to a higher tier of participation during the contract period. Such a transition does not require a contract modification if that transition is laid out in the schedule of contract activities. In the event that such a transition begins with Tier I, only the land area in the agricultural operation that meets the requirements for enrollment in Tier I can be enrolled in the contract until the transition occurs. Upon transition from Tier I to a higher tier of participation, the entire agricultural operation must be incorporated into the contract. All requirements applicable to the higher tier of participation would then apply. NRCS will calculate all stewardship, existing practice, new practice payments, and enhancement payments using the applicable enrolled acreage at the time of the payment.

(2) A contract which transitions to higher tier(s) of participation must include:

- (i) A schedule for the activities associated with the transition(s);
- (ii) A date certain by which time the transition(s) must occur; and,
- (iii) A specification that the CSP payment will be based on the current Tier of participation, which may change over the life of the contract.

(3) A contract which transitions to a higher tier will be modified to receive the higher payments once the required level of treatment has been achieved and field verified by NRCS.

(4) A contract which includes a transition from Tier I to Tier II or III may be adjusted in length up to 10 years beginning from the original contract date.

(e) A conservation stewardship contract must:

(1) Incorporate by reference the conservation stewardship plan;

(2) Be for 5 years for Tier I, and 5 to 10 years for Tier II or Tier III;

(3) Incorporate all provisions as required by law or statute, including participant requirements to—

(i) Implement and maintain the practices as identified and scheduled in the conservation stewardship plan, including those needed to be eligible for the specified tier of participation and comply with any additional sign-up requirements,

(ii) Not conduct any practices on the farm or ranch that tend to defeat the purposes of the contract,

(iii) Comply with the terms of the contract, or documents incorporated by reference into the contract. NRCS will give the participant a reasonable time, as determined by the State Conservationist, to correct any violation and comply with the terms of the contract and attachments thereto. If a violation continues, the State Conservationist may terminate the conservation stewardship contract, and

(iv) Supply records and information as required by CCC to determine compliance with the contract and requirements of CSP;

(4) Specify the requirements for operation and maintenance of the applied conservation practices;

(5) Specify the schedule of payments under the life of the contract, including how those payments—

(i) Relate to the schedule for implementing additional conservation measures as described in the conservation stewardship plan,

(ii) Relate to the actual implementation of additional conservation measures as described in the conservation stewardship plan, and

(iii) May be adjusted by NRCS if the participant's management decisions change the appropriate set or schedule of conservation measures on the operation; and,

(6) Incorporate any other provisions determined necessary or appropriate by NRCS, or included as a requirement for the sign-up.

(f) Practices scheduled in contracts must be applied and maintained within the timelines specified in the contract.

(g) Contracts expire on September 30 in the last year of the contract.

(h) Participants must:

(1) Implement the conservation stewardship contract approved by NRCS;

(2) Make available to NRCS, appropriate records showing the timely implementation of the contract;

(3) Comply with the regulations of this part; and

(4) Not engage in any activity that interferes with the purposes of the program, as determined by NRCS.

(i) NRCS will determine the payments under the contract as described in §1469.23.

(j) For contracts encompassing the entire agricultural operation, the geographic boundaries of the acreage enrolled in the contract must include all fields and facilities under the participant's direct control, as determined by NRCS.

§ 1469.22 Conservation practice operation and maintenance.

(a) The contract will incorporate the operation and maintenance of the conservation practice(s) applied under the contract.

(b) The participant must operate and maintain any new conservation practice(s) for which a payment was received to ensure that the new practice or enhancement achieves its intended

purpose for the life span of the conservation treatment, as identified in the contract or conservation stewardship plan, as determined by NRCS.

(c) Conservation practices that are installed before the execution of a contract, but are needed in the contract to obtain the intended environmental benefits, must be operated and maintained as specified in the contract whether or not an existing practice payment is made.

(d) NRCS may periodically inspect the conservation practices during the practice lifespan as specified in the contract to ensure that operation and maintenance are being carried out, and that the practice is fulfilling its intended objectives. When NRCS finds that a participant is not operating and maintaining practices installed through the CSP in an appropriate manner, NRCS will initiate contract violation procedures as specified in §1469.25. If an existing practice is part of a system that meets the quality criteria, but does not technically meet NRCS minimum practice standards, the practice must be modified or updated to meet the standard according to the FOTG as specified in §1469.25(a) of this part.

§ 1469.23 Program payments.

(a) *Stewardship component of CSP payments.* (1) The conservation stewardship plan, as applicable, divides the land area to be enrolled in the CSP into land use categories, such as irrigated and non-irrigated cropland, irrigated and non-irrigated pasture, pastured cropland and range land, among other categories.

(2) NRCS will determine an appropriate stewardship payment rate for each land use category using the following methodology:

(i) NRCS will initially calculate the average 2001 rates using the Agriculture Foreign Investment Disclosure Act (AFIDA) Land Value Survey, the National Agriculture Statistics Service (NASS) land rental data, and Conservation Reserve Program (CRP) rental rates.

(ii) Where typical rental rates for a given land use vary widely within a State or between adjacent States, NRCS will adjust the county-level

rates to ensure local and regional consistency and equity.

(iii) The State Conservationists can also contribute additional local data, with advice from the State Technical Committee.

(iv) The final stewardship payment rate will be the adjusted regional rates described in paragraph (a)(2)(i) through (iii) of this section multiplied by a reduction factor of 0.25 for Tier I, 0.50 for Tier II, and 0.75 for Tier III.

(v) Pastured cropland will receive the same stewardship payment as cropland.

(3) NRCS will compute the stewardship component of the CSP payment as the product of: the number of acres in each land use category (not including "other" or land not in the applicant's control); the corresponding stewardship payment rate for the applicable acreage; and a tier-specific percentage. The tier-specific percentage is 5 percent for Tier I payments, 10 percent for Tier II payments, and 15 percent for Tier III payments.

(4) Other incidental parcels as defined in §1469.5(d)(1)(iv) may be given a stewardship rate as though they were the land use to which they are contiguous if they are serving a conservation purpose, such as wildlife habitat. Payment is limited to not more than ten percent of the contract acres. Minimum treatment requirements for the contract tier apply.

(5) Other land, as defined in §1469.5(d)(1)(v), is not included in the stewardship payment computation.

(6) NRCS will publish the stewardship payment rates at the announcement of each program sign-up.

(b) *Existing practice component of CSP payments.* (1) The Chief will determine and announce which practices will be eligible for existing practice payments in accordance with §1469.8(a).

(2) With exceptions including, but not limited to, paragraph (b)(3) and (4) of this section, NRCS may pay the participant a percentage of the average 2001 county cost of maintaining a land management, and structural practice that is documented in the benchmark condition inventory as existing upon enrollment in CSP. The Chief may offer alternative payment methods such as paying a percentage of the stewardship payment as long as the payment will

§ 1469.23

7 CFR Ch. XIV (1-1-06 Edition)

not exceed 75 percent (or, in the case of a beginning farmer or rancher, 90 percent) of the average 2001 county costs of installing the practice in the 2001 crop year. NRCS will post the rates for payment at the time of the sign-up notices on the NRCS website and in USDA Service Centers.

(3) NRCS will not pay for maintenance of equipment.

(4) NRCS will not pay an existing practice component of CSP payments for any practice that is required to meet conservation compliance requirements found in 7 CFR Part 12.

(5) Existing practice payments are not intended to pay for routine maintenance activities related to production practices or practices considered typical in farm and ranch operations for a specific location.

(6) Existing practice payments will be made only on practices that meet or exceed the practice standards described in the FOTG.

(7) The Chief may reduce the rates in any given sign-up notice.

(c) *New practice payments.* (1) The Chief will determine and announce which practices will be eligible for new practice payments in accordance with §1469.8(a).

(2) If the conservation stewardship contract requires the implementation of a new structural or land management practice, NRCS may pay a percentage of the cost of installing the new practice. NRCS will provide the list of approved practices and the percentage cost-share rate for each practice at the time of each CSP sign-up notice.

(3) Participants may contribute to their share of the cost of installing a new practice through in-kind sources, such as personal labor, use of personal equipment, or donated materials. Contributions for a participant's share of the practice may also be provided from non-Federal sources, as determined by the Chief.

(4) Cost-share payments may be provided by other programs; except that payments may not be provided through CSP and another program for the same practice on the same land area.

(5) If additional practices are installed or implemented to advance a contract from one tier of participation

to a higher tier, the practice must be certified as meeting FOTG practice standards by NRCS.

(6) In no instance will the total financial contributions for installing a practice from all public and private entity sources exceed 100 percent of the actual cost of installing the practice.

(7) NRCS will not pay a new practice payment for any practice that is required to meet the conservation compliance plan requirements found in 7 CFR Part 12.

(8) The Chief may reduce the rates in any given sign-up notice.

(d) *Enhancement component of CSP payments.* (1) The Chief will establish a list of conservation practices and activities that are eligible for enhancement payments for a given sign-up. State Conservationists, with advice from the State Technical Committees, will tailor the list to meet the needs of the selected watersheds and submit to the Chief for concurrence.

(2) NRCS may pay an enhancement component of a CSP payment if a conservation stewardship plan demonstrates to the satisfaction of NRCS that the plan's activities will increase conservation performance including activities related to energy management as a result of additional effort by the participant and result in:

(i) The improvement of a resource concern by implementing or maintaining multiple conservation practices or measures that exceed the minimum eligibility requirements for the contract's Tier of participation as outlined in the sign-up notice and as described in §1469.5(e) and the contract requirements in §1469.21; or

(ii) An improvement in a local resource concern based on local priorities and in addition to the national significant resource concerns, as determined by NRCS.

(3) NRCS may also pay an enhancement component of a CSP payment if a participant:

(i) Participates in an on-farm conservation research, demonstration, or pilot project as outlined in the sign-up notice; or

(ii) Cooperates with other producers to implement watershed or regional resource conservation plans that involve

at least 75 percent of the producers in the targeted area; or

(iii) Carries out assessment and evaluation activities relating to practices included in the conservation stewardship plan as outlined in the sign-up notice.

(4) NRCS will not pay the enhancement component of a CSP payment for any practice that is required to meet the conservation compliance plan requirements found in 7 CFR Part 12.

(5) *Eligible enhancement payments.* (i) State Conservationists, with advice from the State Technical Committees, will develop proposed enhancement payment amounts for each practice and activity.

(ii) An enhancement payment will be made to encourage a producer to perform or continue a management practice or activity, resource assessment and evaluation project, or field-test a research, demonstration, or pilot project that produces enhanced environmental performance and benefits or produces information and data to improve a resource concern or update the NRCS technical guides. Enhancement payments will be:

(A) For activities where NRCS can demonstrate the economic value of the environmental benefits, based on a given activity's expected environmental benefit value. The payment may not exceed the activity's expected economic value; or

(B) For activities where NRCS cannot demonstrate the economic value of the environmental benefits, a rate that will not exceed a producer's cost to implement a given activity.

(iii) NRCS will post the list of approved enhancement activities and payment amounts for each activity concurrent with the CSP sign-up notice.

(6) The Chief may set a not-to-exceed limit or variable payment rate for the enhancement payment in any given sign-up notice.

(7) Enhancements above the minimum criteria for the resource concern that are included in the benchmark inventory may be included in the first CSP payment.

(e) Contracts will be limited as follows:

(1) \$20,000 per year for a Tier I conservation stewardship contract,

(2) \$35,000 per year for a Tier II conservation stewardship contract, or

(3) \$45,000 per year for a Tier III conservation stewardship contract.

(4) Stewardship components of CSP payments cannot exceed \$5,000 per year for Tier I, \$10,500 per year for Tier II, or \$13,500 per year for Tier III.

(5) The new practice payment will not exceed 50 percent of the average county costs of installing the practice (or a similar practice, if new) in the 2001 crop year with the exception of beginning and limited resource producers, in which case the new practice payment may be up to 65 percent.

(f) The new practice and enhancement components of the conservation stewardship contract payment may increase once the participant applies and agrees to maintain additional conservation practices and activities as described in the conservation stewardship plan.

(g) The Chief of NRCS may limit the stewardship, practice, and enhancement components of CSP payments in order to focus funding toward targeted activities and conservation benefits the Chief identifies in the sign-up notice and any subsequent addenda.

(h) In the event that annual funding is insufficient to fund existing contract commitments, the existing contracts will be pro-rated in that contract year.

(i) NRCS may not make any payments to participants for:

(1) Practices within their conservation stewardship plan that are required to meet conservation compliance requirements found in 7 CFR Part 12;

(2) Practices that are included in maintenance agreements (with financial reimbursements for maintenance) that existed prior to the conservation stewardship contract approval;

(3) Construction or maintenance of animal waste storage or treatment facilities or associated waste transport or transfer devices for animal feeding operations;

(4) The purchase or maintenance of equipment;

(5) A non-land based structure that is not integral to a land based practice, as determined by the Chief; or

§ 1469.24

(6) New practices that were applied with cost-share assistance through other USDA cost-share programs.

§ 1469.24 Contract modifications and transfers of land.

(a) Contracts may be modified:

(1) At the request of the participant, if the modification is consistent with the purposes of the conservation security program, or;

(2) As required by the State Conservationist due to changes to the type, size, management, or other aspect of the agricultural operation that would interfere with achieving the purposes of the program.

(b) Participants may request a modification to their contract to change their tier of participation under a conservation stewardship contract once the measures determined necessary by NRCS to meet the next tier level have been established.

(c) Contract transfers are permitted when there is agreement among all parties to the contract and the contract area remains intact.

(1) NRCS must be notified within 60 days of the transfer of interest and the transferee's acceptance of the contract terms and conditions, or the contract will be terminated.

(2) The transferee must be determined by NRCS to be eligible and must assume full responsibility under the contract, including operation and maintenance of those conservation practices and activities already undertaken and to be undertaken as a condition of the contract.

§ 1469.25 Contract violations and termination.

(a) If the NRCS determines that a participant is in violation of the terms of a contract, or documents incorporated by reference into the contract, NRCS will give the participant a reasonable time, as determined by the State Conservationist, to correct the violation and comply with the terms of the contract and attachments thereto. If the violation continues, the State Conservationist may terminate the conservation stewardship contract.

(b) Notwithstanding the provisions of paragraph (a) of this section, a contract termination is effective imme-

diately upon a determination by the State Conservationist that the participant has: submitted false information; filed a false claim; engaged in any act for which a finding of ineligibility for payments is permitted under this part; or taken actions NRCS deems to be sufficiently purposeful or negligent to warrant a termination without delay.

(c) If NRCS terminates a contract due to breach of contract, the participant will forfeit all rights for future payments under the contract, and must refund all or part of the payments received, plus interest, and liquidated damages as determined in accordance with part 1403 of this chapter. The State Conservationist may require only partial refund of the payments received if a previously installed conservation practice can function independently, is not affected by the violation or other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(d) If NRCS terminates a contract due to breach of contract, or the participant voluntarily terminates the contract before any contractual payments have been made, the participant will forfeit all rights for further payments under the contract, and must pay such liquidated damages as are prescribed in the contract. The State Conservationist has the option to waive the liquidated damages, depending upon the circumstances of the case.

(e) When making any contract termination decisions, the State Conservationist may reduce the amount of money owed by the participant by a proportion which reflects the good faith effort of the participant to comply with the contract, or the hardships beyond the participant's control that have prevented compliance with the contract including natural disasters or events.

(f) The participant may voluntarily terminate a contract, without penalty or repayment, if the State Conservationist determines that the contract terms and conditions have been fully complied with before termination of the contract.

Commodity Credit Corporation, USDA

§ 1469.35

(g) In carrying out this section, the State Conservationist may consult with the local conservation district.

Subpart C—General Administration

§ 1469.30 Fair treatment of tenants and sharecroppers.

Payments received under this part must be divided in the manner specified in the applicable contract or agreement, and NRCS will ensure that potential participants who would have an interest in acreage being offered receive treatment which NRCS deems to be equitable, as determined by the Chief. NRCS may refuse to enter into a contract when there is a disagreement among multiple applicants seeking enrollment as to an applicant's eligibility to participate in the contract as a tenant.

§ 1469.31 Appeals.

(a) An applicant or a participant may obtain administrative review of an adverse decision under CSP in accordance with parts 11 and 614, Subparts A and C, of this title, except as provided in paragraph (b) of this section.

(b) Participants cannot appeal the following decisions:

- (1) Payment rates, payment limits, and cost-share percentages;
- (2) Eligible conservation practices; and,
- (3) Other matters of general applicability.

(c) Before a participant can seek judicial review of any action taken under this part, the participant must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for purposes of judicial review, no decision will be a final agency action except a decision of the Chief under these procedures.

§ 1469.32 Compliance with regulatory measures.

Participants who carry out conservation practices are responsible for obtaining the authorities, permits, easements, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants must

comply with all laws and are responsible for all effects or actions resulting from their performance under the contract.

§ 1469.33 Access to agricultural operation.

Any authorized NRCS representative has the right to enter an agricultural operation for the purpose of ascertaining the accuracy of any representations made in a contract or in anticipation of entering a contract, as to the performance of the terms and conditions of the contract. Access includes the right to provide technical assistance, inspect any work undertaken under the contract, and collect information necessary to evaluate the performance of conservation practices in the contract. The NRCS representative will make a reasonable effort to contact the participant prior to the exercise of this provision.

§ 1469.34 Performance based on advice or action of representatives of NRCS.

If a participant relied upon the advice or action of any authorized representative of CCC, and did not know or have reason to know that the action or advice was improper or erroneous, the State Conservationist may accept the advice or action as meeting the requirements of CSP. In addition, the State Conservationist may grant relief, to the extent it is deemed desirable by CCC, to provide a fair and equitable treatment because of the good faith reliance on the part of the participant.

§ 1469.35 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, NRCS will make any payment or portion thereof to any participant without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at 7 CFR part 1403 are applicable to contract payments.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing

§ 1469.36

assignment of payment found at 7 CFR part 1404.

§ 1469.36 Misrepresentation and scheme or device.

(a) If the Department determines that a participant erroneously represented any fact affecting a CSP determination made in accordance with this part, the participant's conservation stewardship contract will be terminated immediately in accordance with §1469.25(b). The participant will forfeit all rights for future contract payments, and must refund payments received, plus interest, and liquidated damages as described in §1469.25.

(b) A producer who is determined to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of CSP;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a CSP determination, must refund to NRCS all payments, plus interest, and liquidated damages as determined in accordance with §1469.25 received by such participant with respect to all contracts. In addition, NRCS will terminate the participant's interest in all conservation stewardship contracts.

(c) If the producer acquires land subsequent to enrollment in CSP, that land is not considered part of the agricultural operation; however, if the land was previously owned or controlled by them before the date of enrollment and after May 13, 2002, then NRCS will conduct an investigation into the activity to see if there was a scheme or device.

Subpart A—Apple Market Loss Payment Program

§ 1470.1 Applicability.

(a) The regulations in this subpart are applicable to producers of 1998 and 1999 crop of apple production. These regulations set forth the terms and conditions under which the Commodity Credit Corporation (CCC) shall provide payments to apple producers who have applied to participate in the Apple Market Loss Assistance Payment Program in accordance with section 811 of Public Law 106-387. Additional terms and conditions may be set forth in the payment application that must be executed by participants to receive a market loss payment for apples.

(b) Payments shall be available only for apples produced and harvested in the United States.

§ 1470.2 Administration

(a) The Apple Market Loss Payment Program shall be administered under the general supervision of the Executive Vice President, CCC, or a designee, and shall be carried out in the field by State and county Farm Service Agency committees (State and county committees) and FSA employees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State committee shall take any action required by the regulations of this subpart that has not been taken by the county committee. The State committee shall also:

(1) Correct, or require the county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this subpart; and

(2) Require a county committee to withhold taking any action that is not in accordance with the regulations of this subpart.

(d) No provision or delegation of this subpart to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements do not affect adversely the operation of the Apple Market Loss Assistance Payment program and does not violate statutory limitations on the program.

(f) Payment applications and related documents not executed in accordance with the terms and conditions determined and announced by CCC, including any purported execution outside of the dates authorized by CCC, shall be null and void unless the Executive Vice President, CCC, shall otherwise allow.

§ 1470.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering the Apple Market Loss Assistance Payment program established by this subpart.

Apple Operation means any person or group of persons who as a single unit as determined by CCC, produce and market apples in the United States and which has elected to participate in the program authorized by the part.

Application means Form CCC-891, the Apple Market Loss Assistance Payment Application.

Application period means March 5, 2001 through April 13, 2001.

Commodity Credit Corporation or CCC means the Commodity Credit Corporation.

County committee means the FSA county committee.

County office means the local FSA office.

Department or USDA means the United States Department of Agriculture.

Deputy Administrator means the Deputy Administrator for Farm Programs (DAFP), Farm Service Agency or a designee.

Farm Service Agency or FSA means the Farm Service Agency of the Department.

Eligible production means apples that had been produced in the United States anytime during the 1998 and or 1999 crop year, subject to a maximum of 1,600,000 pounds per apple operation.

§ 1470.4

Higher production year means the crop year, either 1998 or 1999, as selected by the apple operation, during which apples were produced.

Payment pounds means the pounds of apples for which an operation is eligible to be paid under this subpart.

Person means any individual, group of individuals, partnership, corporation, estate, trust association, cooperative, or other business enterprise or other legal entity who is, or whose members are, a citizen of, or legal resident alien or aliens in the United States.

United States means the 50 States of the United States of America, the District of Columbia, and the Commonwealth of Puerto Rico.

Verifiable production records means evidence that is used to substantiate the amount of production reported and that can be verified by CCC through an independent source.

§ 1470.4 Time and method of application.

(a) Apple producers may obtain an application, Form CCC-891 (Apple Market Loss Assistance Payment Application), in person, by mail, by telephone, or by facsimile from any county FSA office. In addition, applicants may download a copy of the CCC-891 at <http://www.sc.egov.usda.gov>.

(b) A request for benefits under this subpart must be submitted on a completed Form CCC-891. The Form CCC-891 should be submitted to the county FSA office serving the county where the apple operation is located but, in any case, must be received by the county FSA office by the close of business on April 13, 2001. Applications not received by the close of business on April 13, 2001, will be disapproved as not having been timely filed and the apple operation will not be eligible for benefits under this program.

(c) All persons who share in an apple operation's total production must certify on the same CCC-891 in order to obtain the maximum eligible quantity of the higher crop year of 1998 and 1999 of the apple operation before the application is complete.

(d) The apple operation requesting benefits under this subpart must certify with respect to the accuracy and

7 CFR Ch. XIV (1-1-06 Edition)

truthfulness of the information provided in their application for benefits. All information provided is subject to verification and spot checks by CCC. Refusal to allow CCC or any other agency of the Department of Agriculture to verify any information provided will result in a determination of ineligibility. Data furnished by the applicant will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, without it program benefits will not be approved. Providing a false certification to the Government is punishable by imprisonment, fines and other penalties.

§ 1470.5 Eligibility.

(a) To be eligible to receive cash payment under this subpart, an apple operation must:

(1) Have produced apples in the United States anytime during the 1998 and/or 1999 crop year;

(2) Not have been compensated for the same market loss by any other Federal programs, except an indemnity provided under a policy or plan or insurance offered under the Federal Crop Insurance Act (7 U.S.C. 1501).

(3) Apply for payments during the application period.

(b) Payments may be made for losses suffered by an eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer signs the application for payment. Proof of authority to sign for the deceased producer or dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment.

(c) An apple operation must submit a timely application and comply with all other terms and conditions of this subpart and instructions issued by CCC, as well as comply with those instructions that are otherwise contained in the application to be eligible for benefits under this subpart.

§ 1470.6 Proof of production.

(a) Apple operations selected for spot-checks by CCC must, in accordance with instructions issued by the Deputy Administrator, provide adequate proof of the apples produced during the 1998 and/or 1999 crop year to verify the higher year of production. The documentary evidence of apple production claimed for payment shall be reported to CCC together with any supporting documentation under paragraph (b) of this section. The pounds of 1998 or 1999 crop year production must be documented using actual records developed at the time of production.

(b) All persons involved in an apple operation producing apples during the 1998 or 1999 crop year shall provide any available supporting documents to assist the county FSA office in verifying the operation's apple production indicated on Form CCC-891. Examples of supporting documentation include, but are not limited to: picking, packout, and payroll records, RMA records, sales documents, copies of receipts, ledgers of income, or any other documents available to confirm the production and production history of the apple operation. In the event that supporting documentation is not presented to the county FSA office requesting the information, the apple operation will be determined ineligible for benefits.

§ 1470.7 Availability of funds.

The total available program funds shall be \$99.78 million as provided by Section 811 of Public Law 106-387 and amended by Section 1403 of Public Law 106-554.

§ 1470.8 Applicant payment quantity.

(a) The applicant's payment quantity of apples will be determined by the CCC, based on the higher production of 1998 or 1999 crop of apples that was produced by each operation, as selected by the apple operation.

(b) The maximum quantity of the 1998 or 1999 crop of apples for which producers are eligible for a payment for an operation under this subpart shall be 1,600,000 pounds.

§ 1470.9 Payment rate and apple operation payment.

(a) Payments under this subpart may be made to apple operations only up to 1,600,000 pounds of apples produced in the United States during the higher production year of 1998 or 1999. A payment rate will be determined after the conclusion of the application period, and shall be calculated by:

(1) Totaling the higher production of the eligible quantity (not to exceed 1,600,000 pounds) of apples produced from the 1998 or 1999 crop year from all approved applications; and

(2) Dividing the amount available for the Apple Market Loss Assistance Payment program by the total pounds of eligible production submitted and approved for payment (the quantity determined under paragraph (a)(1) of this section).

(b) Each apple operation payment will be calculated by multiplying the payment rate determined in paragraph (a) of this section by the apple operation's eligible production.

(c) In the event that approval of all eligible applications would result in expenditures in excess of the amount available, CCC shall reduce the payment rate in such manner as CCC, in its sole discretion, finds fair and reasonable.

§ 1470.10 Offsets.

(a) Any payment or portion thereof due any person under this part shall be allowed without regard to questions of title under State law, and without regard to any claim or lien against an operation, an operation's apple production, or proceeds thereof, in favor of the producer or any other creditors, including agencies of the U.S. Government.

(b) Payments received by an apple operation under this part are not subject to administrative offsets or withholdings, including administrative offset under chapter 37 of title 31, United States Code, as provided by Public Law 106-387.

Any producer who is dissatisfied with a determination made pursuant to this part may make a request for reconsideration or appeal of such determination in accordance with the appeal regulations set forth at 7 CFR parts 11 and 780.

§ 1470.12 Misrepresentation and scheme or device.

(a) An apple operation shall be ineligible to receive assistance under this program if it is determined by the State committee or the county committee to have knowingly:

(1) Adopted any scheme or device which tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a determination under this program. CCC will notify the appropriate investigating agencies of the United States and take steps deemed necessary to protect the interests of the government.

(2) Show that a guardian has been appointed to manage the minor's property and the applicable program documents are executed by the guardian; or

Apple operations making application for benefits under this program must maintain accurate records and accounts that will document that they meet all eligibility requirements specified herein, as may be requested by CCC. Such records and accounts must be retained for 3 years after the date of payment to the apple operation under this program. Such records shall be available at all reasonable times for an audit or inspection by authorized representatives of CCC, United States Department of Agriculture, or the Comptroller General of the United States. Failure to keep, or make available, such records may result in refund to CCC of all payments received plus interest thereon, as determined by CCC. Nothing in this section, shall, however, authorize the destruction of any records where there is an on-going dispute or where the party involved has reason to know that such records remain material to the operation of the program. Destruction of the records after such date shall be at the risk of the party undertaking the destruction.

§ 1470.16 Refunds; joint and several liability.

Such interest shall be charged at the rate of interest that the United States Treasury charges the CCC for funds, from the date CCC made such benefits available to the date of repayment or the date interest increases as determined in accordance with applicable regulations. CCC may waive the accrual of interest if CCC determines that the cause of the erroneous determination was not due to any action of the person.

(d) Interest determined in accordance with paragraph (c) of this section may be waived at the discretion of CCC alone for refunds resulting from those violations determined by CCC to have been beyond the control of the person committing the violation.

(e) Late payment interest shall be assessed on all refunds in accordance with the provisions of, and subject to the rates prescribed in, 7 CFR part 1403.

(f) Any excess payments made by CCC with respect to any application under this part must be refunded.

§ 1479.100 Applicability.

This part sets forth the terms and conditions for the 2003, 2004, and 2005-Crop Disaster Program (CDP). The CDP makes disaster assistance payments available to producers who have incurred losses in quantity or quality on eligible 2003, 2004, or 2005 crops due to disasters as determined by the Commodity Credit Corporation (CCC) under provisions of Division B of the Military Construction Appropriations and Emergency Hurricane Supplemental Appropriations Act, 2005 (Pub. L. 108-324). Provisions of previous crop disaster programs shall continue to be administered under regulations previously issued.

§ 1479.101 Administration.

(a) The program will be administered under the general supervision of the Executive Vice President, CCC, and shall be carried out in the field by the Farm Service Agency (FSA) State and county committees.

(b) State and county committees and representatives do not have the authority to modify or waive any of the provisions of this part.

(c) The State committee shall take any action required by this part that has not been taken by a county committee. The State committee shall also:

(1) Correct or require a county committee to correct any action taken by such FSA county committee that is not in accordance with this part; and

(2) Require a county committee to withhold taking or reverse any action that is not in accordance with this part.

(d) No delegation in this part to a State or county committee shall prevent the Deputy Administrator from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify non-statutory deadlines or other program requirements in cases where lateness or failure to meet such does not adversely affect the operation of the program.

§ 1479.102 Definitions.

The definitions in this section apply to all determinations made under this part. The terms defined in part 718 of this title and parts 1400 and 1437 of this chapter shall also be applicable, except where those definitions conflict with the definitions set forth in this section. The definitions follow:

Actual production means the total quantity of the crop appraised, harvested or that could have been harvested, as determined by the FSA State or county committee in accordance with instructions issued by the Deputy Administrator.

Additional coverage means a plan of insurance established by FCIC that provides coverage comparable to a level for a single crop that is equal to at least 65 percent of the approved yield indemnified at 100 percent of the expected market price.

Administrative fee means an amount the producer must pay for Noninsured Crop Disaster Assistance Program (NAP) enrollment for non-insurable crops.

Appraised production means production determined by FSA, or a company reinsured by the Federal Crop Insurance Corporation (FCIC), that was unharvested but that was determined to reflect the crop's yield potential at the time of appraisal.

Approved yield means the amount of production per acre, computed in accordance with FCIC's Actual Production History Program at 7 CFR part 400, subpart G or, for crops not included under 7 CFR part 400, subpart G, the yield used to determine the guarantee. For crops covered under NAP, the approved yield is established according to part 1437 of this chapter. Only the approved yields based on production evidence submitted to FSA prior to the enactment of Pub. L. 108-324 will be used for purposes of the 2003, 2004, or 2005 CDP. Other yields may be assigned when an eligible approved yield is not available.

Aquaculture means the reproduction and rearing of aquatic species in controlled or selected environments including, but not limited to, ocean ranching, except private ocean ranching of Pacific salmon for profit in those States where such ranching is prohibited by law.

Aquaculture facility means any land or structure including, but not limited to, a laboratory, hatchery, rearing pond, raceway, pen, incubator, or other equipment used in aquaculture.

Aquaculture species means any aquaculture species as defined in part 1437 of this chapter.

Average market price means the price or dollar equivalent on an appropriate basis for an eligible crop established by CCC for determining payment amounts. Such price will be based on the harvest basis without the inclusion of transportation, storage, processing, packing, marketing, or other post-harvesting expenses and will be based on historical data.

Catastrophic risk protection means the minimum level of coverage offered by FCIC.

CCC means the Commodity Credit Corporation.

Control county means, for a producer with farming interests in only one county, the FSA county office in which the producer's farm is administratively located or, for a producer with farming interests that are administratively located in more than one county, the FSA county office designated by FSA to control the payments received by the producer.

Disaster includes a related condition that occurs as a result of the damaging weather and exacerbates the condition of the crop, such as disease and insect infestation.

Eligible crop means a crop (except sugarcane) insured by FCIC as defined in part 400 of this title, or included under NAP as defined under part 1437 of this chapter. Losses of livestock and livestock related losses are not compensable under this part, but may be compensable under part 1439 of this chapter to the extent provided for in that part.

End use means the purpose for which the harvested crop is used, such as grain, hay, or seed.

Expected market price (price election) means the price per unit of production (or other basis as determined by FCIC) anticipated during the period the insured crop normally is marketed by producers. This price will be set by FCIC before the sales closing date for the crop. The expected market price may be less than the actual price paid by buyers if such price typically includes remuneration for significant amounts of post-production expenses such as conditioning, culling, sorting, packing, etc.

Expected production means, for an agricultural unit, the historic yield multiplied by the number of planted or prevented acres of the crop for the unit.

FCIC means the Federal Crop Insurance Corporation, a wholly owned Government Corporation within USDA.

Final planting date means the date established by the Risk Management Agency (RMA) for insured and uninsured crops by which the crop must be initially planted in order to be insured for the full production guarantee or amount of insurance per acre. Growing media means:

- (1) For aquacultural species, media that provides nutrients necessary for the production of the aquacultural species and protects the aquacultural species from harmful species or chemicals;
- (2) For nursery crops, media designed to prevent "root rot" and other media related problems through a well-drained media with a minimum 20 percent air pore space and pH adjustment for the type of plant produced.

Harvested means:

- (1) For insured and uninsured crops, *harvested* as defined according to the applicable crop insurance policy;
- (2) For non-insurable single harvest crops, that a crop has been removed from the field, either by hand or mechanically, or by grazing of livestock;
- (3) For non-insurable crops with potential multiple harvests in 1 year or

harvested over multiple years, that the producer has, by hand or mechanically, removed at least one mature crop from the field during the crop year:

(4) For mechanically-harvested non-insurable crops, that the crop has been removed from the field and placed in a truck or other conveyance, except hay is considered harvested when in the bale, whether removed from the field or not. Grazed land will not be considered harvested for the purpose of determining an unharvested or prevented planting payment factor.

Historic yield means, for a unit, the higher of the county average yield or the producer's approved yield.

(1) An insured participant's yield shall be the higher of the county average yield listed on the crop table or the approved federal crop insurance APH, for the disaster year.

(2) NAP participant's yield shall be the higher of the county average yield as listed on the crop table or approved NAP APH for the disaster year.

(3) Participants without federal crop insurance or NAP coverage for the disaster year shall be assigned the county average yield listed on the crop table.

Insurance is available means when crop information is contained in RMA's county actuarial documents for a particular crop and a policy can be obtained through the RMA system, except, if the Group Risk Plan or Adjusted Gross Revenue Plan of crop insurance was the only plan of insurance available for the crop in the county in the applicable crop year, insurance is considered not available for that crop.

Insured crops means those crops covered by crop insurance pursuant to Chapter IV of this title and for which the producer purchased either the catastrophic or buy-up level of crop insurance so available.

Limited coverage means plans of insurance established by FCIC that provides coverage comparable to a level for a single crop that is equal to or greater than 50 percent of the approved yield indemnified at 100 percent of the expected market price, but less than 65 percent of the approved yield indemnified at 100 percent of the expected market price.

Maximum loss level means the maximum level of crop loss to be applied to

a producer without acceptable production records. Loss levels are expressed in either a percent of loss or yield per acre, and should reflect the amount of production that a producer should have made considering the eligible disaster conditions in the area or county, as determined by the county committee in accordance with instructions issued by the Deputy Administrator.

Multi-use crop means a crop intended for more than one end use during the calendar year such as grass harvested for seed, hay, and grazing.

Multiple cropping means the planting of two or more different crops on the same acreage for harvest within the same crop year.

However, the determinations made in this part in accordance with 7 CFR part 1400, subpart B, Person Determinations, shall also take into account any affiliation with any entity in which an individual or entity has an interest, irrespective of whether or not such entities are considered to be engaged in farming.

Planted acreage means land in which seed, plants, or trees have been placed, appropriate for the crop and planting method, at a correct depth, into a seed bed that has been properly prepared for the planting method and production practice normal to the area as determined by the county committee.

Prevented planting means the inability to plant an eligible crop with proper equipment during the planting period as a result of an eligible cause of

loss, as determined by CCC, according to §1479.115.

Production means quantity of the crop or commodity produced expressed in a specific unit of measure such as bushels, pounds, etc.

Rate means price per unit of the crop or commodity.

Related condition means, with respect to a disaster, a condition that causes deterioration of a crop, such as insect infestation, plant disease, or aflatoxin, that is accelerated or exacerbated as a result of damaging weather, as determined in accordance with instructions issued by the Deputy Administrator.

Reliable production records means evidence provided by the producer that is used to substantiate the amount of production reported when verifiable records are not available, including copies of receipts, ledgers of income, income statements of deposit slips, register tapes, invoices for custom harvesting, and records to verify production costs, contemporaneous measurements, truck scale tickets, and contemporaneous diaries that are determined acceptable by the county committee.

(1) For all insured and uninsured crops, the FCIC-established unit of measure;

(2) For all non-insurable crops, the established unit of measure, if available, used for the 2003, 2004, or 2005 Noninsured Crop Assistance Program price and yield;

(3) For aquaculture species, a standard unit of measure such as gallons, pounds, inches or pieces, established by the State committee for all aquaculture species or varieties;

(4) For turf-grass sod, a square yard;

(5) For maple sap, a gallon; and

(6) For all other crops, the smallest unit of measure that lends itself to the greatest level of accuracy with minimal use of fractions, as determined by the State committee.

United States means all 50 States of the United States, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, and to the extent the Deputy Administrator determines it to be feasible and appropriate, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands and the former Trust Territory of the Pacific Islands, which include Palau, Federated States of Micronesia and the Marshall Islands.

§ 1479.103 Producer eligibility.

(a) Producers in the United States will be eligible to receive disaster benefits under this part only if they have suffered losses of eligible crops in 2003, 2004, or 2005, as further specified in this

§ 1479.104

7 CFR Ch. XIV (1-1-06 Edition)

part, as a result of a disaster or related condition. Producers may not receive benefits with respect to volunteer stands of crops.

(b) Payments may be made for losses suffered by an eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer signs the application for payment. Proof of authority to sign for the deceased producer or dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment.

(c) As a condition to receive benefits under this part, a producer must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR part 12 for the 2003, 2004, or 2005 crop year, as applicable, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law.

§ 1479.104 Time for filing application.

Applications for benefits under the 2003, 2004, or 2005 Crop Disaster Program must be filed in the FSA county office in the producer's control county before the close of business on August 1, 2005, or such other date that may be announced by the Deputy Administrator.

§ 1479.105 Limitations on payments and other benefits.

(a) Except with respect to certain claims in Virginia and North Carolina, as specified in §§ 1479.121 and 1479.122, a producer may receive disaster benefits for crop losses for only one of the 2003, 2004, or 2005 crop years as specified under this part.

(b) Payments will not be made under this part for grazing losses.

(c) CCC may divide and classify crops based on loss susceptibility, yield, and other factors.

(d) No person, as defined by part 1400 subpart B of this chapter, shall receive more than a total of \$80,000 in disaster benefits under this part, unless otherwise specified.

(e) No producer shall receive disaster benefits under this part in an amount that exceeds 95 percent of the value of the expected production for the relevant period as determined by CCC. The sum of the value of the crop not lost, if any; the disaster payment received under this part; and any crop insurance payment or payments received under the NAP for losses to the same crop, cannot exceed 95 percent of what the crop's value would have been if there had been no loss.

(f) An individual or entity whose adjusted gross income is in excess of \$2.5 million, as defined by and determined under part 1400 subpart G of this chapter, shall not be eligible to receive disaster benefits under this part.

(g) Any person who received any payments from Section 32 of the Act of August 25, 1935, with respect to any 2004 hurricane losses, is not eligible for any payments under this part.

§ 1479.106 Requirement to purchase crop insurance and non-insurable coverage.

(a) Except as provided further in this section, any producer who elected not to purchase crop insurance on an insurable 2003, 2004, or 2005 crop for which the producer receives crop loss assistance or, for non-insurable crops, elected not to participate in NAP for the year for which benefits are received must purchase:

(1) Crop insurance with additional coverage on that crop for each of the next 2 crop years, as applicable, for the insurable crops.

(2) NAP coverage by paying the administrative fee by the applicable State filing deadline and complete all required program requirements, including yearly acreage reports, for the non-insurable crop for each of the next 2 crop years, as applicable, for the non-insurable crops.

(b) If, at the time the producer applies for the CDP and benefits under §§ 1479.121 or 1479.122, the sales closing date for next year's insurable crops, or for the next year's non-insurable crops for which the producer sought benefits under this part has passed, the producer must purchase a crop insurance

Commodity Credit Corporation, USDA

§ 1479.108

policy or obtain NAP coverage, as applicable, for the next available 2 crop years.

(c) If any producer fails to purchase crop insurance or NAP, as required in paragraph (a) or (b) of this section, the producer shall reimburse CCC for the full amount of the assistance, plus interest, provided to the producer under this part.

§ 1479.107 Miscellaneous provisions.

(a) A person shall be ineligible to receive disaster assistance under this part if it is determined by the State or county committee or an official of FSA that such person has:

(1) Adopted any scheme or other device that tends to defeat the purpose of a program operated under this part;

(2) Made any fraudulent representation with respect to such program; or

(3) Misrepresented any fact affecting a program determination.

(b) All persons with a financial interest in the operation receiving benefits under this part shall be jointly and severally liable for any refund, including related charges, which is determined to be due CCC for any reason under this part.

(c) In the event that any request for assistance or payment under this part was established as a result of erroneous information or a miscalculation, the assistance or payment shall be recalculated and any excess refunded to CCC with applicable interest.

(d) The liability of any person for any penalty or sanction under or in connection with this part, or for any refund to CCC or related charge arising in connection therewith, shall be in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001 and 1014; 15 U.S.C. 714m; and 31 U.S.C. 3729.

(e) Any person who is dissatisfied with a determination made with respect to this part may make a request for reconsideration or appeal of such determination in accordance with the regulations set forth in parts 11 and 780 of this title.

(f) Any payment or portion thereof to any person shall be made without regard to questions of title under State

law and without regard to any claim or lien against the crop, or proceeds thereof.

(g) For the purposes of 28 U.S.C. 3201(e), CCC waives the restriction on receipt of funds or benefits under this program but only as to beneficiaries who as a condition of such waiver agree to apply the benefits received under this part to reduce the amount of the judgment lien.

§ 1479.108 Additional general provisions.

(a) For calculations of loss made with respect to insured crops, the producer's existing unit structure will be used as the basis for the calculation and may include optional units established in accordance with part 457 of this title. Insured crops may have basic units established if the existing unit structure is based on enterprise units or whole county units or written agreements. For uninsured and non-insurable crops, basic units will be established for these purposes.

(b) County average yield for loss calculations will be the average of the 1998 through 2002 official county yields established by CCC, excluding the years with the highest and lowest yields, respectively.

(c) County committees will assign production or reduce the historic yield when the county committee determines:

(1) An acceptable appraisal or record of harvested production does not exist;

(2) The loss is due to an ineligible cause of loss or practices, soil type, climate, or other environmental factors, that cause lower yields than those upon which the historic yield is based;

(3) The producer has a contract providing a guaranteed payment for all or a portion of the crop; or

(4) The crop is planted beyond the normal planting period for the crop.

(d) The county committee shall establish a maximum loss level that should reflect the amount of production producers should have produced considering the eligible disaster conditions in the area or county for the same crop. The maximum loss level for the county shall be expressed as either a percent of loss or yield per acre. The maximum loss level will apply when:

§ 1479.109

7 CFR Ch. XIV (1-1-06 Edition)

(1) Unharvested acreage has not been appraised by FSA, or a company reinsured by FCIC; or

(2) Acceptable production records for harvested acres are not available from any source.

(e) Assigned production or reduced yield for practices that result in lower yields than those for which the historic yield is based shall be established based on the acres found to have been subjected to those practices.

(f) Assigned production for crops planted beyond the normal planting period for the crop shall be calculated according to the lateness of planting the crop. With the exception of replanted crops, if the crop is planted after the final planting date by:

(1) Up to and including 10 calendar days, the assigned production reduction will be based on one percent of the payment yield for each day involved;

(2) Eleven (11) through 24 calendar days, the assigned production reduction will be based on 10 percent of the payment yield plus an additional two percent reduction of the payment yield for each day of days 11 through 24 that are involved; and

(3) Twenty-five (25) or more calendar days or a date from which the crop would not reasonably be expected to mature by harvest, the assigned production reduction will be based on 50 percent of the payment yield or such greater amount determined by the county committee to be appropriate.

(4) CCC may adjust items 1 through 3 to make a comparable assignment for short rotation crops such as vegetables that may have a 30-day growing period.

(g) Assigned production for producers with contracts to receive a guaranteed payment for production of an eligible crop will be established by the county committee by:

(1) Determining the total amount of guaranteed payment for the unit;

(2) Converting the guaranteed payment to guaranteed production by dividing the total amount of guaranteed payment by the approved county price for the crop or variety or such other factor deemed appropriate if otherwise the production would appear to be too high; and

(3) Establishing the production for the unit as the greater of the actual

net production for the unit or the guaranteed payment, or combination thereof if greater.

§ 1479.109 Eligible disaster conditions.

(a) Except as provided in paragraphs (b) and (c) of this section, this part applies to losses where the crop could not be planted or crop production, both in quantity and quality, was adversely affected by disasters as defined in §1479.102, or:

(1) Insect infestation as a related condition to damaging weather if documented by COC with published data;

(2) Disease as a related condition to damaging weather;

(3) Salt water intrusion of an irrigation supply;

(4) Irrigation water rationing if proof is provided that water was rationed by a Government entity or water district (unless the producer was compensated by the Government entity or water district for a disaster or conservation purpose);

(5) Lack of water supply due to drought conditions for irrigated crops;

(6) Other weather-related factors as determined by the Deputy Administrator.

(b) Qualifying crop losses for the 2005 crop are limited to only those losses caused by a hurricane or tropical storm of the 2004 hurricane season in counties declared disaster areas by the President.

(c) Disaster benefits will not be available under this part if the crop could not be planted or crop production, both in quantity and quality, was adversely affected by:

(1) Poor farming practices;

(2) Poor management decisions; or

(3) Drifting herbicides.

§ 1479.110 Qualifying 2003, 2004, or 2005-crop losses.

(a) To receive disaster benefits under this part, the county committee must determine that because of an eligible disaster condition, the producer with respect to the 2003, 2004, or 2005 crop year:

(1) Was prevented from planting a crop;

(2) Sustained a loss in excess of 35 percent of the expected production of a crop; or

Commodity Credit Corporation, USDA

§ 1479.111

(3) Sustained a loss in excess of 35 percent of the value for value loss crops.

(b) Calculation of benefits under this part shall not include losses:

(1) That are the result of poor management decisions, poor farming practices, or drifting herbicides as determined by the county committee on a case-by-case basis;

(2) That are the result of the failure of the producer to re-seed or replant to the same crop in the county where it is customary to re-seed or replant after a loss;

(3) That are not as a result of a damaging weather or a weather related condition;

(4) To crops not intended for harvest in crop year 2003, 2004, or 2005;

(5) To losses of by-products resulting from processing or harvesting a crop, such as cottonseed, peanut shells, wheat or oat straw;

(6) To home gardens;

(7) That are a result of water contained or released by any governmental, public, or private dam or reservoir project if an easement exists on the acreage affected for the containment or release of the water; or

(8) If losses could be attributed to conditions occurring outside of the applicable crop year growing season.

(c) Calculation of benefits under this part for ornamental nursery stock shall not include losses:

(1) Caused by a failure of power supply or brownouts;

(2) Caused by the inability to market nursery stock as a result of quarantine, boycott, or refusal of a buyer to accept production;

(3) Caused by fire;

(4) Affecting crops where weeds and other forms of undergrowth in the vicinity of the nursery stock that have not been controlled; or

(5) Caused by the collapse or failure of buildings or structures.

(d) Calculation of benefits under this part for honey where the honey production by colonies or bees was diminished shall not include losses:

(1) Where the inability to extract was due to the unavailability of equipment; the collapse or failure of equipment or apparatus used in the honey operation;

(2) Resulting from improper storage of honey;

(3) To honey production because of bee feeding;

(4) Caused by the application of chemicals;

(5) Caused by theft, fire, or vandalism;

(6) Caused by the movement of bees by the producer or any other person;

(7) Due to disease or pest infestation of the colonies; or

(e) Loss calculations shall take into account other conditions and adjustments provided for in this part.

§ 1479.111 Rates and yields; calculating payments.

(a)(1) Payments made under this part to a producer for a loss on a unit with respect to yield based crops are determined by multiplying the payment rate established for the crop by CCC, times the loss of production which exceeds 35 percent of the expected production, as determined by CCC, of the unit.

(2) Payments made under this part to a producer for a loss on a unit with respect to value-based crops are determined by multiplying the payment rate established for the crop by CCC times the loss of value that exceeds 35 percent of the expected production value, as determined by CCC, of the unit.

(3) Payments made under this part may be adjusted by CCC to reflect losses due to quality factors adversely affected by a disaster. For FSA price support loan commodities, production to count may be reduced using the schedule of premiums and discounts for FSA commodity loans. Additional quality loss adjustments may be made for single market crops, using a 20 percent quality loss threshold. The quality loss threshold may be determined by multiplying: 65 percent of the affected quantity, times 65 percent of the result of subtracting: the value of the crop due to the effects of the disaster, as determined by CCC, from the value of the crop if it had not been affected by the disaster, as determined by CCC. Quality adjustments for multiple market crops sold to a lower priced market

§ 1479.112

7 CFR Ch. XIV (1-1-06 Edition)

as a result of poor quality will be determined by using the difference between the average market price for the intended use and the average market price for the actual use, as determined by CCC.

(b) Payment rates for 2003, 2004, or 2005 year crop losses shall be:

(1) 65 percent of the maximum established RMA price for insured crops;

(2) 65 percent of the State average price for non-insurable crops; and

(3) 60 percent of the maximum established RMA price for uninsured crops.

(c) Except as provided elsewhere in this part, disaster benefits under this part for losses to crops shall be paid in an amount determined by multiplying the loss of production in excess of 35 percent of the expected production by the applicable payment rate established according to paragraph (a) of this section.

(d) Separate payment rates and yields for the same crop may be established by the county committee as authorized by the Deputy Administrator, when there is supporting data from NASS or other sources approved by CCC that show there is a significant difference in yield or value based on a distinct and separate end use of the crop. In spite of differences in yield or values, separate rates or yields shall not be established for crops with different cultural practices, such as organically or hydroponically grown.

(e) Production from all end uses of a multi-use crop or all secondary uses for multiple market crops will be calculated separately and summarized together.

(f) Each eligible producer's share of a disaster payment shall be based on the producer's share of the crop or crop proceeds, or, if no crop was produced, the share the producer would have received if the crop had been produced.

(g) When calculating a payment for a unit loss:

(1) An unharvested payment factor shall be applied to crop acreage planted but not harvested;

(2) A prevented planting factor shall be applied to any prevented planted acreage eligible for payment; and

(3) Unharvested payment factors may be adjusted if costs normally associ-

ated with growing the crop are not incurred.

§ 1479.112 Production losses, producer responsibility.

(a) Where available and determined accurate, RMA loss records will be used for insured crops.

(b) If RMA loss records are not available, or if the FSA county committee determines the RMA loss records are inaccurate or incomplete, or if the FSA county committee makes inquiry, producers are responsible for:

(1) Retaining or providing, when required, the best verifiable or reliable production records available for the crop;

(2) Summarizing all the production evidence;

(3) Accounting for the total amount of unit production for the crop, whether or not records reflect this production;

(4) Providing the information in a manner that can be easily understood by the county committee; and

(5) Providing supporting documentation if the county committee has reason to question the disaster event or that all production has been accounted for.

(c) In determining production under this section, the producer must supply verifiable or reliable production records to substantiate production to the county committee. If the eligible crop was sold or otherwise disposed of through commercial channels, production records include: Commercial receipts; settlement sheets; warehouse ledger sheets; or load summaries; appraisal information from a loss adjuster acceptable to CCC. If the eligible crop was farm-stored, sold, fed to livestock, or disposed of in means other than commercial channels, production records for these purposes include: Truck scale tickets; appraisal information from a loss adjuster acceptable to CCC; contemporaneous diaries; or other documentary evidence, such as contemporaneous measurements.

(d) Producers must provide all records for any production of a crop that is grown with an arrangement, agreement, or contract for guaranteed payment.

§ 1479.113 Determination of production.

(a) Production under this part shall include all harvested production, unharvested appraised production and assigned production for the total planted acreage of the crop on the unit.

(b) The harvested production of eligible crop acreage harvested more than once in a crop year shall include the total harvested production from all these harvests.

(c) If a crop is appraised and subsequently harvested as the intended use, the actual harvested production shall be used to determine benefits.

(d) For all crops eligible for loan deficiency payments or marketing assistance loans with an intended use of grain but harvested as silage, ensilage, cobbage, hay, cracked, rolled, or crimped, production will be adjusted based on a whole grain equivalent as established by CCC.

(e) For crops with an established yield and market price for multiple intended uses, a value will be calculated for each use with:

(1) The intended use or uses for disaster purposes based on historical production and acreage evidence provided by the producer; and

(2) The eligible acres for each use and the calculation of the disaster payment will be determined by the county committee according to instructions issued by the Deputy Administrator.

(f) For crops sold in a market that is not a recognized market for the crop with no established county average yield and market price, 60 percent of the salvage value received will be deducted from the disaster payment.

(g) If a producer does not receive compensation based upon the quantity of the commodity delivered to a purchaser, but has an agreement or contract for guaranteed payment for production, for purposes of determination the production shall be the greater of the actual production or the guaranteed payment converted to production as determined by CCC.

(h) Production that is commingled between units before it was a matter or combination of record and cannot be separated by using records or other means acceptable to CCC shall be prorated to each respective unit by CCC.

Commingled production may be attributed to the applicable unit, if the producer made the unit production of a commodity a matter of record before commingling and does any of the following, as applicable:

(1) Provides copies of verifiable documents showing that production of the commodity was purchased, acquired, or otherwise obtained from beyond the unit;

(2) Had the production measured in a manner acceptable to the county committee; or

(3) Had the current year's production appraised in a manner acceptable to the county committee.

(i) The county committee shall assign production for the unit when the county committee determines that:

(1) The producer has failed to provide adequate and acceptable production records;

(2) The loss to the crop is because of a disaster condition not covered by this part, or circumstances other than natural disaster, and there has not otherwise been an accounting of this ineligible cause of loss;

(3) The producer carries out a practice, such as multiple cropping, that generally results in lower yields than the established historic yields;

(4) The producer has a contract to receive a guaranteed payment for all or a portion of the crop.

(5) A crop was late-planted;

(6) Unharvested acreage was not timely appraised; or

(7) Other appropriate causes exist for such assignment as determined by the Deputy Administrator.

(j) For peanuts, the actual production shall be all peanuts harvested for nuts, regardless of their disposition or use, as adjusted for low quality.

(k) For tobacco, except flue-cured and burley, the actual production shall be the sum of the tobacco: marketed or available to be marketed; destroyed after harvest; and produced but unharvested, as determined by an appraisal. For flue-cured and burley tobacco, the actual production shall be the sum of the tobacco: marketed, regardless of whether the tobacco was produced in the current crop year or a prior crop year; on hand; destroyed after harvest; and produced but

§ 1479.114

7 CFR Ch. XIV (1-1-06 Edition)

unharvested, as determined by an appraisal.

§ 1479.114 Calculation of acreage for crop losses other than prevented planted.

(a) Acreage shall be calculated using the number of acres shown to have been planted to a crop.

(b) In cases where there is a repeat crop or a multiple planted crop in more than one planting period, or if there is multiple cropped acreage meeting criteria established in paragraph (c) or (d) of this section, each of these crops may be considered separate crops for 2003, 2004, or 2005 CDP if the county committee determines that all of the following conditions are met:

(1) Both the initial and subsequent planted crops were planted with the intent to harvest;

(2) Both the initial and subsequent planted crops were planted within the normal planting period for that crop;

(3) Both the initial and subsequent planted crops meet all other eligibility provisions of this part including good farming practices; and

(4) Each planting could reach maturity if each planting was harvested or would have been harvested.

(c) In cases where there is multiple-cropped acreage, each crop may be eligible for disaster assistance separately if both of the following conditions are met:

(1) The specific crops are approved by the State Committee as eligible multiple-cropping practices in accordance with procedures approved by the Deputy Administrator; and

(2) The farm containing the multiple-cropped acreage has a history of successful multiple cropping based on timely filed crop acreage reports.

(d) Producers with multiple-cropped acreage not meeting the criteria in paragraph (c) of this section may be eligible for disaster assistance on more than one crop if the producer has verifiable records establishing a history of carrying out a successful multiple-cropping practice on the specific crops for which assistance is requested. All required records acceptable to CCC as determined by the Deputy Administrator must be provided before payments are issued.

(e) Producers with multiple-cropped acreage not meeting the criteria in paragraphs (c) or (d) of this section must select the crop for which assistance will be requested. If more than one producer has an interest in the multiple cropped acreage, all producers must agree to the crop designated for payment by the end of the application period or no payment will be approved for any crop on the multiple-cropped acreage.

(f) Benefits under this part shall apply to irrigated crops where the acreage was affected by a lack of water or contamination by saltwater intrusion of an irrigation supply resulting from drought conditions.

§ 1479.115 Calculation of prevented planted acreage.

(a) When determining losses under this part, prevented-planted acreage will be considered separately from planted acreage of the same crop.

(b) Except as provided in paragraph (c) of this section, for insured crops, disaster payments under this part for prevented-planted acreage shall not be made unless RMA documentation indicates that the eligible producer received a prevented planting payment under the RMA-administered program.

(c) For insured crops, disaster payments under this part for prevented-planted acreage will be made available for the following crops for which prevented planting coverage was not available and for which the county committee will make an eligibility determination according to paragraph (d) of this section: peppers; sweet corn (fresh market); tomatoes (fresh market); tomatoes (processing).

(d) The producer must prove, to the satisfaction of the county committee, an intent to plant the crop and that such crop could not be planted because of an eligible disaster. The county committee must be able to determine the producer was prevented from planting the crop by an eligible disaster that:

(1) Prevented other producers from planting on acreage with similar characteristics in the surrounding area; and

(2) Occurred after the previous planting period for the crop.

(3) Unless otherwise approved by the Deputy Administrator, began no earlier than the planting season for that crop.

(e) Prevented planted disaster benefits under this part shall not apply to:

(1) Aquaculture, including ornamental fish; perennial forage crops grown for hay, seed, or grazing; honey; maple sap; millet; mint; nursery crops; cultivated wild rice; fresh market beans; cabbage, pumpkins, sweet potatoes; winter squash, tobacco, turf grass sod, and vine crops;

(2) Uninsured crop acreage that is unclassified for insurance purposes;

(3) Acreage that is used for conservation purposes or intended to be left unplanted under any CCC or USDA program;

(4) Any acreage on which a crop other than a cover crop was harvested, hayed, or grazed during the crop year;

(5) Any acreage for which a cash lease payment is received for the use of the acreage the same crop year unless the county committee determines the lease was for haying and grazing rights only and was not a lease for use of the land;

(6) Acreage for which planting history or conservation plans indicate that the acreage would have remained fallow for crop rotation purposes;

(7) Acreage for which the producer or any other person received a prevented planting payment for any crop for the same acreage, excluding share arrangements;

(8) Acreage for which the producer cannot provide proof to the county committee that inputs such as seed, chemicals, and fertilizer were available to plant and produce a crop with the expectation of producing at least a normal yield; and

(9) Any other acreage for which, for whatever reason, there is cause to question whether the crop could have been planted for a successful and timely harvest, or for which prevented planting credit is not allowed under the provisions of this part.

(f) Prevented planting payments are not provided on acreage that had either a previous or subsequent crop planted in the same crop year on the acreage, unless the county committee deter-

mines that all of the following conditions are met:

(1) There is an established practice of planting two or more crops for harvest on the same acreage in the same crop year;

(2) Both crops could have reached maturity if each planting was harvested or would have been harvested;

(3) Both the initial and subsequent planted crops were planted or prevented-planting within the normal planting period for that crop;

(4) Both the initial and subsequent planted crops meet all other eligibility provisions of this part including good farming practices; and

(5) The specific crops meet the eligibility criteria for a separate crop designation as a repeat or approved multiple cropping practice set out in §1479.114.

(g)(1) Disaster benefits under this part shall not apply to crops where the prevented-planted acreage was affected by a disaster that was caused by drought unless on the final planting date or the late planting period for non-irrigated acreage, the area that was prevented from being planted had insufficient soil moisture for germination of seed and progress toward crop maturity because of a prolonged period of dry weather;

(2) Verifiable information collected by sources whose business or purpose to record weather conditions, including but not limited to the local weather reporting stations of the U.S. National Weather Service.

(h) Prevented planting benefits under this part shall apply to irrigated crops where the acreage was prevented from being planted due to a lack of water resulting from drought conditions or contamination by saltwater intrusion of an irrigation supply resulting from drought conditions.

(i) For uninsured or non-insurable crops and the insured crops listed in paragraph (c) of this section, for prevented planting purposes:

(1) The maximum prevented-planted acreage for all crops cannot exceed the number of acres of cropland in the unit for the crop year and will be reduced by the number of acres planted in the unit;

(2) The maximum prevented planted acreage for a crop cannot exceed the number of acres planted by the producer, or that was prevented from being planted, to the crop in any 1 of the 4 crop years previous to the disaster year as determined by the county committee;

(3) For crops grown under a contract specifying the number of acres contracted, the prevented-planted acreage is limited to the result of the number of acres specified in the contract minus planted acreage;

(4) For each crop type or variety for which separate prices or yields are sought for prevented-planted acreage, the producer must provide evidence that the claimed prevented-planted acres were successfully planted in at least 1 of the most recent 4 crop years; and

(5) The prevented planted acreage must be at least 20 acres or 20 percent of the intended planted acreage in the unit, whichever is less.

(j) Notwithstanding the provisions of part 718 of this chapter, late-filed crop acreage reports for previous years shall not be accepted for CDP purposes.

§ 1479.116 Quantity adjustments for diminished quality for certain crops.

(a) For the crops identified in paragraph (b) of this section, subject to this part, the quantity of production of crops of the producer shall be adjusted to reflect diminished quality resulting from the disaster.

(b) Crops eligible for quality adjustments to production are limited to:

(1) Barley; canola; corn; cotton; crambe, flaxseed; grain sorghum; mustard seed; oats; peanuts; rapeseed; rice; safflower; soybeans; sugar beets; sunflower-oil; sunflower-seed; tobacco; wheat; and

(2) Crops with multiple market uses such as fresh, processed or juice, as supported by NASS data or other data as CCC determines acceptable.

(c) The producer must submit verifiable documentation for determining the grade and other discount factors that were applied to the crop.

(d) Quality adjustments will be applied to crops experiencing at least a 20 percent loss after production has been

adjusted to standard moisture, when applicable.

(e) For all crops listed in paragraph (b)(1) of this section, except for cotton, if a quality adjustment has been made for multi-peril crop insurance purposes, an additional adjustment will not be made.

(f) Quality adjustments for crops other than cotton, peanuts, sugar beets, and tobacco listed in paragraph (b)(1) of this section may be made by applying an adjustment factor based on dividing the CCC marketing assistance loan rate applicable to the crop and producer determined according to part 1421 of this chapter by the unadjusted county marketing assistance loan rate for the crop. For crops that receive a grade of "sample" and are marketed through normal channels, production will be adjusted as determined by CCC. County committees may, with state committee concurrence, establish county average quality adjustment factors.

(g) Quality adjustments for cotton shall be based on the difference between:

(1) The loan rate applicable to the crop and producer determined according to part 1427 of this chapter; and

(2) The adjusted county loan rate. The adjusted county rate is the county loan rate adjusted for the 5-year county average historical quality premium or discount, as determined by CCC.

(h) For 2003, 2004, and 2005 peanuts, quality adjustments shall be based on the difference between the actual sales price, or other proceeds, received and the price announced by CCC under section 1421.10 of part 1421 of this chapter, by type of peanut for the applicable crop year.

(i) Quality adjustments for crops with multiple market uses such as fresh, processed and juice, shall be applied based on the difference between the producer's historical marketing percentage of each market use compared to the actual percentage for the 2003, 2004, or 2005 crop year. These quality adjustments are built into the production loss determination. Production determinations from Federal crop insurance will not be used.

(j) Except as determined by the Deputy Administrator, quality adjustments for aflatoxin shall be based on the aflatoxin level. The producer must provide the county committee with proof of a price reduction because of aflatoxin. The aflatoxin level must be 20 parts per billion or more before a quality adjustment will be made. The quality adjustment factor applied to affected production is .50 if the production is marketable. If the production is unmarketable due to aflatoxin levels of at least 20 parts per billion, affected production will be adjusted to zero. Any value received will be considered salvage.

(k) Quality adjustments for sugar beets shall be based on sugar content. The actual production for the producer shall be adjusted upward or downward to account for sugar content as determined by CCC.

(l) Quality adjustments for tobacco in crops years 2003, 2004, or 2005 shall be based on the difference between the revenue received and the support price except that the market price may be used instead of the support price where there is no support price, or where market prices normally exceed the support price.

(m) Any quantity of the crop determined to be salvage will not be considered production. Salvage values shall be factored by 0.60 times the producer's share. This amount will be deducted from the disaster payment.

(n) Quantity adjustments for diminished quality under this section will not be applied to crops that are, under §1479.117, value loss crops.

(o) Quantity adjustments for diminished quality shall also not apply under this section to: honey, maple sap, turf-grass sod, crops marketed for a use other than an intended use for which there is not an established county price or yield, or any other crop that the Deputy Administrator deems it appropriate to exclude.

§ 1479.117 Value loss crops.

(a) Irrespective of any inconsistent provisions in other sections, this section shall apply to the following crops, which are considered "value loss crops": ornamental nursery; Christmas trees; vegetable and root stock includ-

ing ginseng root; aquaculture, including ornamental fish, and such other crops as may be determined appropriate for treatment as "value loss crops."

(b) For crops specified in paragraph (a) of this section, disaster benefits under this part are calculated based on the loss of value at the time of disaster, as determined by CCC.

(c) For aquaculture, disaster benefits under this part for aquacultural species are limited to those aquacultural species that were placed in the aquacultural facility by the producer. CDP benefits shall not be available for aquacultural species that are growing naturally in the aquaculture facility. Benefits under this part are limited to aquacultural species that were planted or seeded on property owned or leased by the producer where that land has readily identifiable boundaries, and over which the producer has total control of the waterbed and the ground under the waterbed. Producers who only have control of the waterbed or the ground under the waterbed but not both will not be eligible for disaster benefits under this part.

(d) For ornamental nursery crops, disaster benefits under this part are limited to ornamental nursery crops that were grown in a container or controlled environment for commercial sale on property owned or leased by the producer, and cared for and managed using good nursery growing practices. Indigenous crops are not eligible for benefits under this part.

(e) For vegetable and root stock, disaster benefits under this part are limited to plants grown in a container or controlled environment for use as transplants or root stock by the producer for commercial sale on property owned or leased by the producer and managed using good rootstock or fruit and vegetable plant growing practices.

(f) For ginseng, only ginseng that meets all the requirements of cultivated ginseng shall be considered as eligible for benefits under this part. Ginseng is defined as cultivated ginseng roots and seeds that meet the following requirements:

(1) Grown in raised beds above and away from wet and low areas, and protected from flood;

§ 1479.118

(2) Grown under man-made canopies that provide 75 to 80 percent shade coverage;

(3) Grown in well drained media with a pH adjustment of at least 5.5 and which protects plants from disease; and

(4) Grown with sufficient fertility and weed control to obtain expected production results of ginseng root and seed.

(g) Evidence of the above ginseng practice requirements must be provided by the producer if requested by the county committee. Any ginseng that is grown under cultivated practices or simulated wild or woodland conditions that do not meet these requirements is not eligible for disaster assistance under this part.

(h) Because ginseng is a perennial crop, the producer must provide annual crop history to establish when the loss occurred and the extent of such loss. If the producer does not or is unable to provide annual records to establish the beginning inventory, before the loss, and ending inventory, after the loss, production shall be assigned by the county committee.

(i) Aside from differences provided for in this section, all other conditions for eligibility contained in this part shall be applied to value loss crops.

§ 1479.118 Other provisions for specialty crops.

(a) For turf-grass sod, disaster benefits under this part are limited to turf grass sod that would have matured and been harvested during 2003, 2004, or 2005, when a disaster caused in excess of 35 percent of the expected production to die.

(b) For honey, disaster benefits under this part are limited to table and nontable honey produced commercially for human consumption. For calculating benefits, all honey is considered a single crop, regardless of type or variety of floral source or intended use.

(c) For maple sap, disaster benefits under this part are limited to maple sap produced on private property in a controlled environment by a commercial operator for sale as sap or syrup. The maple sap must be produced from trees that are: located on land the producer controls by ownership or lease; managed for production of maple sap;

7 CFR Ch. XIV (1-1-06 Edition)

and are at least 30 years old and 12 inches in diameter.

§ 1479.119 2005-crop losses only.

(a) Producers may be eligible for assistance under this part for 2005 crop losses in counties declared Presidential disaster areas due only to a hurricane or tropical storm that occurred during the 2004 hurricane season June 1 through November 30, 2004, as defined by the National Oceanic and Atmospheric Administration.

(b) All provisions of this part including linkage, AGI, conservation compliance, 95% payment cap and \$80,000 payment limitation are applicable to such 2005-crop claims.

(c) Persons that received assistance under section 32 of the Act of August 25, 1935 for losses due to Hurricanes Charley, Frances and/or Jeanne are not eligible for assistance under this provision.

§ 1479.120 Quality losses for 2003, 2004, and 2005 crops.

(a) Subject to other provisions of this part, CCC funds shall be made available for assistance to producers determined eligible under this section for crop quality losses greater than 20 percent of the value the affected production of the crop would have had if the crop had not suffered a quality loss. The per unit amount of a quality loss for a producer's crop shall be equal to the difference between:

(1) The unit market value of the units of the crop affected by the quality loss had the crop not suffered a quality loss; and

(2) The per-unit market value of the units of the crop affected by the quality loss.

(b) The amount of payment for a quality loss shall be equal to 65 percent of the quantity of the crop affected by the quality loss, multiplied by 65 percent of the per unit quality loss for the crop as determined by the Deputy Administrator.

(c) This section will apply to all crops eligible for 2003, 2004, and 2005 crop disaster assistance under this part, and will apply to crop production that has a reduced economic value due to the reduction in quality.

Commodity Credit Corporation, USDA

§ 1479.125

(d) Persons may not be compensated under this section to the extent that such producers have received assistance under § 1479.116 through § 1479.118, or other provisions of this part, attributable in whole or in part to diminished quality.

§ 1479.121 Virginia crop losses.

(a) In addition to CDP benefits for 2004, or 2005, producers with crop losses located in the Commonwealth of Virginia may be eligible for disaster assistance for crop losses that resulted from hurricanes, tropical storms, and other weather related disasters that occurred during the calendar year 2003 only.

(b) \$50 million will be available for such disaster assistance until expended.

(c) All provisions of this part limiting payments, including crop insurance and NAP purchase requirements, adjusted gross income provisions, conservation compliance, 95% payment cap related to expected revenue, and the \$80,000 per person per year payment limitation are applicable to assistance received under this section.

§ 1479.122 North Carolina fruit and vegetable crop losses.

(a) In addition to CDP benefits for 2004 or 2005, but not both, producers with fruit and vegetable losses located in the State of North Carolina may be eligible for disaster assistance for these crop losses that resulted from hurricanes, tropical storms, and other weather related disasters that occurred during the 2003 calendar year only.

(b) \$3 million will be available for such additional disaster assistance until expended.

(c) All provisions of this part limiting payments, including crop insurance and NAP purchase requirements, adjusted gross income provisions, conservation compliance, 95% payment cap related to expected revenue, and the \$80,000 per person payment limitation, are applicable to assistance received under this section.

§ 1479.123 Misrepresentation, and scheme or device.

(a) A producer who is determined to have erroneously represented any fact

affecting a program determination made in accordance with this part shall not be entitled to disaster payments and must refund all such payments received, plus interest as determined in accordance with part 1403 of this chapter.

(b) A producer shall refund to CCC all disaster payments, plus interest as determined in accordance with part 1403 of this chapter, received by such producer with respect to all applications under this part if the producer is determined to have knowingly done any of the following:

(1) Adopted any scheme or device that tends to defeat the purpose of the program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

§ 1479.124 Offsets, assignments, and debt settlement.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this chapter apply to any payments made under this part.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing the assignment of payments found at part 1404 of this chapter.

(c) A debt or claim may be settled according to part 1403 of this chapter.

§ 1479.125 Compliance with highly erodible land and wetland conservation provisions.

(a) The highly erodible land and wetland conservation provisions of part 12 of this title apply to the receipt of disaster assistance for 2003, 2004, and 2005 crop losses made available under this authority.

(b) All eligible producers must be in compliance with the highly erodible

land and wetland conservation compliance provisions for the year(s) for which disaster assistance is requested.

§ 1480.1 Applicability.

This part sets forth the terms and conditions of the 2001 and 2002-Crop Disaster Program (CDP). The CDP makes disaster payments to producers who have incurred losses in quantity or quality to eligible 2001 or 2002 crops due to disasters as determined by the Commodity Credit Corporation (CCC) under the Agricultural Assistance Act of 2003 (Pub. L. 108-007).

§ 1480.2 Administration.

(a) The program will be administered under the general supervision of the ex-

ecutive Vice President, CCC, and shall be carried out in the field by Farm Service Agency (FSA) State and county committees.

(b) State and county committees and representatives do not have the authority to modify or waive any of the provisions of this part.

(c) The State committee shall take any action required by this part that has not been taken by any county committee. The State committee shall also:

(1) Correct or require any county committee to correct any action taken by such FSA county committee that is not in accordance with this part; and

(2) Require any county committee to withhold taking or reverse any action that is not in accordance with this part.

(d) No delegation in this part to an State or county committee shall prevent the Deputy Administrator from determining any question arising under the program or from reversing or modifying any determination made by an State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify non-statutory deadlines or other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

§ 1480.3 Definitions.

The definitions in this section apply to all determinations made under this part. The terms defined in part 718 of this title and 1400 and 1437 of this chapter shall also be applicable, except where those definitions conflict with the definitions set forth in this section. The definitions follow:

Appraised production means production determined by FSA, or a company reinsured by the Federal Crop Insurance Corporation (FCIC), that was unharvested but which was determined to reflect the crop's yield potential at the time of appraisal.

Approved yield means the amount of production per acre, computed in accordance with FCIC's Actual Production History Program (7 CFR part 400, subpart G) or for crops not included under 7 CFR part 400, subpart G, the yield used to determine the guarantee. For crops covered under the Non-insured Crop Disaster Assistance program, the approved yield is established according to part 1437 of this chapter. Only the approved yields based on production evidence submitted to FSA prior to the 2003 Act will be used for purposes of the 2001 or 2002 CDP. Other yields may be assigned when an eligible approved yield is not available.

Aquaculture means the reproduction and rearing of aquatic species in controlled or selected environments, including, but not limited to, ocean ranching (except private ocean ranching of Pacific salmon for profit in those States where such ranching is prohibited by law).

Aquaculture facility means any land or structure including, but not limited to, a laboratory, hatchery, rearing pond, raceway, pen, incubator, or other equipment used in aquaculture.

Aquacultural species means any aquacultural species as defined in part 1437 of this chapter.

Average market price means the price or dollar equivalent on an appropriate basis for an eligible crop established by CCC for determining payment amounts. Such price will be based on the harvest basis without the inclusion of transportation, storage, processing, packing, marketing, or other post-harvesting expenses and will be based on historical data.

Catastrophic risk protection means the minimum level of coverage offered by FCIC.

CCC means the Commodity Credit Corporation.

Control county means for a producer with farming interests in only one county, the county FSA office in which the producer's farm(s) is administratively located; or for a producer with farming interests that are administratively located in more than one county FSA office, the county FSA office designated by FSA to control the payments received by the producer.

Losses of livestock and livestock related losses are not compensable under this part but may, depending on the circumstances, be compensable under part 1439 of this chapter.

End use means the purpose for which the harvested crop is used, such as grain, hay or seed.

Expected market price (price election) means the price per unit of production (or other basis as determined by FCIC) anticipated during the period the insured crop normally is marketed by producers. This price will be set by FCIC before the sales closing date for the crop. The expected market price may be less than the actual price paid by buyers if such price typically includes remuneration for significant amounts of post-production expenses such as conditioning, culling, sorting, packing, etc.

Expected production means, for an agricultural unit, the historic yield multiplied by the number of planted or prevented acres of the crop for the unit.

FCIC means the Federal Crop Insurance Corporation, a wholly owned Government Corporation within USDA.

Final planting date means the date established by RMA for insured and uninsured crops by which the crop must be initially planted in order to be insured for the full production guarantee or amount of insurance per acre. For non-insurable crops, the final planting date is the end of the planting period for the crop as determined by CCC.

Flood prevention means with respect to aquacultural species, placing the aquacultural facility in an area not prone to flood; in the case of raceways, providing devices or structures designed for the control of water level; and for nursery crops, placing containerized stock in a raised area above expected flood level and providing draining facilities, such as drainage ditches or tile, gravel, cinder or sand base.

Growing media means for aquacultural species, media that provides nutrients necessary for the production of the aquacultural species and protects the aquacultural species from harmful species or chemicals; and for nursery crops, media designed to prevent root rot and other media-related problems through a well-drained media with a minimum 20 percent air pore

space and pH adjustment for the type of plant produced

Harvested means:

(1) For insured and uninsured crops, harvested as defined according to the applicable crop insurance policy;

(2) For non-insurable single harvest crops, that a crop has been removed from the field, either by hand or mechanically, or by grazing of livestock;

(3) For non-insurable crops with potential multiple harvests in 1 year or harvested over multiple years, that the producer has, by hand or mechanically, removed at least one mature crop from the field during the crop year;

(4) For mechanically harvested non-insurable crops, that the crop has been removed from the field and placed in a truck or other conveyance, except hay is considered harvested when in the bale, whether removed from the field or not. Grazed land will not be considered harvested for the purpose of determining an unharvested or prevented planting payment factor.

Historic yield means, for a unit, the higher of the county average yield or the producer's approved yield. The COC may adjust the yield if the producer, practice, crop type or area is not capable of producing a crop at that level during the normal year. The yield may also be adjusted, or production assigned for ineligible causes of loss. The historic yield for:

(1) An insured participant shall be the higher of the county average yield listed on the crop table or the approved federal crop insurance APH, for the disaster year.

(2) NAP participants shall be the higher of the county average yield as listed on the crop table or approved NAP APH for the disaster year.

(3) Participants without federal crop insurance or NAP coverage for the disaster year shall be assigned the county average listed on the crop table.

Insurance is available means when crop information is contained in RMA's county actuarial documents for a particular crop and a policy can be obtained through the RMA system, except if the Group Risk Plan or Adjusted Gross Revenue Plan of crop insurance was the only plan of insurance available for the crop in the county in

the applicable crop year, insurance is considered not available for that crop.

Insured crops means those crops covered by crop insurance pursuant to 7 CFR chapter IV and for which the producer purchased either the catastrophic or buy-up level of crop insurance so available.

Limited coverage means plans of crop insurance offering coverage that is equal to or greater than 50 percent of the approved yield indemnified at 100 percent of the expected market price, or a comparable coverage as established by FCIC, but less than 65 percent of the approved yield indemnified at 100 percent of the expected market price, or a comparable coverage as established by FCIC.

Maximum loss level means the maximum level of crop loss to be applied to a producer without acceptable production records. Loss levels are expressed in either a percent of loss or yield per acre, and should reflect the amount of production that a producer should have made considering the eligible disaster conditions in the area or county, as determined by the county committee in accordance with instructions issued by the Deputy Administrator.

Multi-use crop means a crop intended for more than one end use during the calendar year such as grass harvested for seed, hay, and/or grazing.

Multiple cropping means the planting of two or more different crops on the same acreage for harvest within the same crop year.

signment business that is subsequently paid to the sellers or consignors, less a commission withheld by the auction house.

Person means person as defined in part 1400 of this chapter, and all rules with respect to the determination of a person found in that part shall be applicable to this part. However, the determinations made in this part in accordance with 7 CFR part 1400, subpart B, Person Determinations, shall also take into account any affiliation with any entity in which an individual or entity has an interest, irrespective of whether or not such entities are considered to be engaged in farming.

Planted acreage means land in which seed, plants, or trees have been placed, appropriate for the crop and planting method, at a correct depth, into a seed bed that has been properly prepared for the planting method and production practice normal to the area as determined by the county committee.

Prevented planting means the inability to plant an eligible crop with proper equipment during the planting period as a result of an eligible cause of loss, as determined by CCC. The eligible cause of loss must have:

- (1) Occurred after a previous planting period for the crop, and
- (2) Occurred before the final planting date for the crop in the applicable crop year or in the case of multiple plantings, the harvest date of the first planting in the applicable planting period, and
- (3) Generally affected other producers in the area, as determined by CCC.

Secondary use value means the value determined by multiplying the quantity of secondary use times the CCC-established price for this use.

State committee means the FSA State committee.

Uninsured crops means those crops for which Federal crop insurance was available, but the producer did not purchase insurance.

Unit means, unless otherwise determined by the Deputy Administrator, basic unit as described in part 457 of this title that, for ornamental nursery production, shall include all eligible plant species and sizes.

Unit of measure means:

(1) For all insured and uninsured crops, the FCIC-established unit of measure;

(2) For all non-insurable crops, if available, the established unit of measure used for the 2002 Noninsured Crop Assistance Program price and yield;

(3) For aquacultural species, a standard unit of measure such as gallons, pounds, inches or pieces, established by the State committee for all aquacultural species or varieties;

§ 1480.4 Producer eligibility.

(a) Producers in the United States will be eligible to receive disaster benefits under this part only if they have suffered losses of eligible crops in 2001 or 2002 as a result of a disaster or related condition, or as further specified in this part. Producers may not receive benefits with respect to volunteer stands of crops.

(b) Payments may be made for losses suffered by an eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer signs the application for payment. Proof of authority to sign for the deceased producer or dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment.

Commodity Credit Corporation, USDA

§ 1480.8

(c) As a condition to receive benefits under this part, a producer must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR part 12, for the 2001 or 2002 crop year, as applicable, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law.

§ 1480.5 Time for filing application.

Applications for benefits under the 2001 or 2002–Crop Disaster Program must be filed in the county FSA office serving the county where the producer's farm is located for administrative purposes before the close of business on August 25, 2003, or such other later date that may be announced by the Deputy Administrator.

§ 1480.6 Limitations on payments and other benefits.

(a) A producer may receive disaster benefits on either 2001 or 2002 crop losses as specified under this part.

(b) Payments will not be made under this part for grazing losses.

(c) CCC may divide and classify crops based on loss susceptibility, yield, and other factors.

(d) No person shall receive more than a total of \$80,000 in disaster benefits under this part, unless otherwise specified.

(e) No person shall receive disaster benefits under this part in an amount that exceeds 95 percent of the value of the expected production for the relevant period as determined by CCC. The sum of the value of the crop not lost if any; the disaster payment; and the net crop insurance indemnity, cannot exceed 95 percent of what the crop's value would have been if there had been no loss.

(f) A person whose gross revenue is in excess of \$2.5 million for the preceding tax year shall not be eligible to receive disaster benefits under this part. Gross revenue includes the total income and total gross receipts of the person, before any reductions. Gross revenue shall not be adjusted, amended, discounted, netted or modified for any reason. No deductions for costs, expenses, or pass through funds will be deducted from any calculation of gross revenue. For purposes of making this

determination, gross revenue means the total gross receipts received from farming, ranching and forestry operations if the person receives more than 50 percent of such person's gross income from farming or ranching; or the total gross receipts received from all sources if the person receives 50 percent or less of such person's gross receipts from farming, ranching and forestry.

§ 1480.7 Requirement to purchase crop insurance and non-insurable coverage.

(a) Except as provided further in this section, any producer who elected not to purchase crop insurance on an insurable 2001 or 2002 crop for which the producer receives crop loss assistance or for non-insurable crops, elected not to participate in NAP for the year for which benefits are received must:

(1) Purchase crop insurance with additional coverage on that crop for the 2003 and 2004 crop years for the insurable crops.

(2) NAP coverage by paying the administrative fee by the applicable State filing deadline and complete all required program requirements including yearly acreage reports, for the non-insurable crop for both 2003 and 2004 crop years

(b) If, at the time the producer applies for the 2001 or 2002 CDP the sales closing date for 2003 insurable crops, or for 2003 non-insurable crops for which the producer sought benefits under the 2001 or 2002 CDP has passed, the producer must purchase crop insurance policy or obtain NAP coverage, as applicable, for the next available 2 crops years.

(c) If any producer fails to purchase crop insurance and/or NAP, as required in paragraph (a) or (b) of this section, the producer shall reimburse CCC for the full amount of the assistance, plus interest, provided to the producer under this part.

§ 1480.8 Miscellaneous provisions.

(a) A person shall be ineligible to receive disaster assistance under this part if it is determined by the State or county committee or an official of FSA that such person has:

§ 1480.9

7 CFR Ch. XIV (1-1-06 Edition)

(1) Adopted any scheme or other device that tends to defeat the purpose of a program operated under this part;

(2) Made any fraudulent representation with respect to such program; or

(3) Misrepresented any fact affecting a program determination.

(b) All persons with a financial interest in the operation receiving benefits under this part shall be jointly and severally liable for any refund, including related charges, which is determined to be due CCC for any reason under this part.

(c) In the event that any request for assistance or payment under this part was established as result of erroneous information or a miscalculation, the assistance or payment shall be recalculated and any excess refunded with applicable interest.

(d) The liability of any person for any penalty under this part or for any refund to CCC or related charge arising in connection therewith shall be in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001 and 1014; 15 U.S.C. 714m; and 31 U.S.C. 3729.

(e) Any person who is dissatisfied with a determination made with respect to this part may make a request for reconsideration or appeal of such determination in accordance with the regulations set forth in parts 11 and 780 of this title.

(f) Any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof.

(g) For the purposes of 28 U.S.C. 3201(e), CCC waives the restriction on receipt of funds or benefits under this program but only as to beneficiaries who as a condition of such waiver agree to apply the 2001 or 2002 CDP benefits to reduce the amount of the judgment lien.

§ 1480.9 Matters of general applicability.

(a) For calculations of loss made with respect to insured crops, the producer's existing unit structure will be used as the basis for the calculation and may

include optional units established in accordance with part 457 of this title. Insured crops may have basic units established if the existing unit structure is based on enterprise units or whole county units or written agreements. For uninsured and non-insurable crops, basic units will be established for these purposes.

(b) County average yield for loss calculations will be the average of the 1996 through 2000 official county yields established by CCC, excluding the years with the highest and lowest yields, respectively.

(c) County committees will assign production when the county committee determines:

(1) An acceptable appraisal or record of harvested production does not exist;

(2) The loss is due to an ineligible cause of loss or practices, soil type, climate, or other environmental factors, that cause lower yields than those upon which the historic yield is based;

(3) The producer has a contract providing a guaranteed payment for all or a portion of the crop; or

(4) The crop is planted beyond the normal planting period for the crop.

(d) The county committee shall establish a maximum loss level that should reflect the amount of production producers should have produced considering the eligible disaster conditions in the area or county for the same crop. The maximum loss level for the county shall be expressed as either a percent of loss or yield per acre. The maximum loss level will apply when:

(1) Unharvested acreage has not been appraised by FSA, or a company reinsured by FCIC; or

(2) Acceptable production records for harvested acres are not available from any source.

(e) Assigned production or reduced yield for practices that result in lower yields than those for which the historic yield is based shall be established based on the acres found to have been subjected to those practices.

(f) Assigned production for crops planted beyond the normal planting period for the crop shall be calculated according to the lateness of planting the crop. With the exception of replanted crops, if the crop is planted after the final planting date by:

Commodity Credit Corporation, USDA

§ 1480.11

(1) Through 10 calendar days, the assigned production reduction will be based on one percent of the payment yield for each day involved;

(2) Eleven (11) through 24 calendar days, the assigned production reduction will be based on 10 percent of the payment yield plus an additional two percent reduction of the payment yield for each day of days 11 through 24 that are involved; and

(3) Twenty-five (25) or more calendar days or a date from which the crop would not reasonably be expected to mature by harvest, the assigned production reduction will be based on 50 percent of the payment yield or such greater amount determined by the county committee to be appropriate.

(4) CCC may adjust items 1 through 3 to make a comparable assignment for short rotation crops such as vegetables which may have a 30-day growing period.

(g) Assigned production for producers with contracts to receive a guaranteed payment for production of an eligible crop will be established by the county committee by:

(1) Determining the total amount of guaranteed payment for the unit;

(2) Converting the guaranteed payment to guaranteed production by dividing the total amount of guaranteed payment by the approved county price for the crop or variety or such other factor deemed appropriate if otherwise the production would appear to be too high; and

(3) Establishing the production for the unit as the greater of the actual net production for the unit or the guaranteed payment, or combination thereof if greater.

§ 1480.10 Eligible disaster conditions.

(a) Except as provided in paragraph (b) of this section, this part applies to losses where the crop could not be planted or crop production, both in quantity and quality, was adversely affected by disasters as defined in 1480.3 or:

(1) Insect infestation as a related condition to damaging weather if documented by COC with published data;

(2) Disease as a related condition to damaging weather;

(3) Plum pox virus;

(4) Pierce's disease;

(5) Watermelon sudden wilt;

(6) Salt water intrusion of an irrigation supply;

(7) Mexican fruit fly quarantine in San Diego and San Bernardino counties in California;

(8) Irrigation water rationing if proof is provided that water was rationed by a Government entity or water district (unless the producer was compensated by the Government entity or water district);

(9) Grasshoppers;

(10) Lack of water supply due to drought conditions for irrigated crops;

(11) Mormon crickets; or

(12) Other causes or factors as determined by the Deputy Administrator.

(b) Disaster benefits will not be available under this part if the crop could not be planted or crop production, both in quantity and quality, was adversely affected by:

(1) Poor farming practices;

(2) Poor management decisions; or

(3) Drifting herbicides.

§ 1480.11 Qualifying 2001 or 2002-crop losses.

(a) To receive disaster benefits under this part, the county committee must determine that because of a disaster, the producer with respect to the 2001 or 2002 crop year:

(1) Was prevented from planting a crop;

(2) Sustained a loss in excess of 35 percent of the expected production of a crop; or

(3) Sustained a loss in excess of 35 percent of the value for value loss crops.

(b) Calculation of benefits under this part shall not include losses:

(1) That are the result of poor management decisions or poor farming practices as determined by the county committee on a case-by-case basis;

(2) That are the result of the failure of the producer to re-seed or replant to the same crop in the county where it is customary to re-seed or replant after a loss;

(3) That are not as a result of a natural disaster, unless otherwise specified in § 1480.10;

(4) To crops not intended for harvest in crop year 2002;

§ 1480.12

7 CFR Ch. XIV (1-1-06 Edition)

(5) To losses of by-products resulting from processing or harvesting a crop, such as cotton seed, peanut shells, wheat or oat straw;

(6) To home gardens;

(7) That are a result of water contained or released by any governmental, public, or private dam or reservoir project if an easement exists on the acreage affected for the containment or release of the water; or

(8) If losses could be attributed to conditions occurring outside of the applicable crop year growing season.

(c) Calculation of benefits under this part for ornamental nursery stock shall not include losses:

(1) Caused by a failure of power supply or brownouts;

(2) Caused by the inability to market nursery stock as a result of quarantine, boycott, or refusal of a buyer to accept production;

(3) Caused by fire;

(4) Affecting crops where weeds and other forms of undergrowth in the vicinity of the nursery stock that have not been controlled; or

(5) Caused by the collapse or failure of buildings or structures.

(d) Calculation of benefits under this part for honey where the honey production by colonies or bees was diminished, shall not include losses:

(1) Where the inability to extract was due to the unavailability of equipment; the collapse or failure of equipment or apparatus used in the honey operation;

(2) Resulting from improper storage of honey;

(3) To honey production because of bee feeding;

(4) Caused by the application of chemicals;

(5) Caused by theft, fire, or vandalism;

(6) Caused by the movement of bees by the producer or any other person;

(7) Due to disease or pest infestation of the colonies; or

(8) Loss calculations shall take into account other conditions and adjustments provided for in this part.

§ 1480.12 Rates and yields; calculating payments.

(a)(1) Payments made under this part to a producer for a loss on a unit with respect to yield based crops are deter-

mined by multiplying the payment rate established for the crop by CCC, times the loss of production which exceeds 35 percent of the expected production, as determined by CCC, of the unit.

(2) Payments made under this part to a producer for a loss on a unit with respect to value based crops are determined by multiplying: the payment rate established for the crop by CCC, times the loss of value which exceeds 35 percent of the expected production value, as determined by CCC, of the unit.

(3) Payments made under this part may be adjusted by CCC to reflect losses due to quality factors adversely affected by a disaster. For FSA loan commodities, production to count may be reduced using the schedule of premiums and discounts for FSA commodity loans. Additional quality loss adjustments may be made for single market crops, using a 20 percent quality loss threshold. The quality loss threshold may be determined by multiplying: 65 percent of the affected quantity, times 65 percent of the result of subtracting: the value of the crop due to the effects of the disaster, as determined by CCC, from the value of the crop if it had not been affected by the disaster, as determined by CCC. Quality adjustments for multiple market crops sold to a lower priced market as a result of poor quality will be determined by using the difference between the average market price for the intended use and the average market price for the actual use, as determined by CCC.

(b) Payment rates for 2001 or 2002 year crop losses shall be:

(1) 50 percent of the maximum established RMA price for insured crops;

(2) 50 percent of the State average price for non-insurable crops; and

(3) 45 percent of the maximum established RMA price for uninsured crops.

(c) Except as provided elsewhere in this part, disaster benefits under this part for losses to crops shall be paid in an amount determined by multiplying the loss of production in excess of 35 percent of the expected production by the applicable payment rate established according to paragraph (a) of this section.

Commodity Credit Corporation, USDA

§ 1480.14

(d) Up to three separate payment rates and yields for the same crop may be established by the county committee as authorized by the Deputy Administrator, when there is supporting data from NASS or other sources approved by CCC that show there is a significant difference in yield or value based on a distinct and separate end use of the crop. In spite of differences in yield or values, separate rates or yields shall not be established for crops with different cultural practices, such as organically or hydroponically grown.

(e) Production from all end uses of a multi-use crop or all secondary uses for multiple market crops will be calculated separately and summarized together.

(f) Each eligible producer's share of a disaster payment shall be based on the producer's share of the crop or crop proceeds, or, if no crop was produced, the share the producer would have received if the crop had been produced.

(g) When calculating a payment for a unit loss:

(1) An unharvested payment factor shall be applied to crop acreage planted but not harvested;

(2) A prevented planting factor shall be applied to any prevented planted acreage eligible for payment; and

(3) Unharvested payment factors may be adjusted if costs normally associated with growing the crop are not incurred.

§ 1480.13 Production losses, producer responsibility.

(a) Where available and determined accurate, RMA loss records will be used for insured crops.

(b) If RMA loss records are not available, or if the FSA county committee determines the RMA loss records are inaccurate or incomplete, or if the FSA county committee makes inquiry, producers are responsible for:

(1) Retaining or providing, when required, the best verifiable or reliable production records available for the crop;

(2) Summarizing all the production evidence;

(3) Accounting for the total amount of unit production for the crop, wheth-

er or not records reflect this production;

(4) Providing the information in a manner that can be easily understood by the county committee; and

(5) Providing supporting documentation if the county committee has reason to question the disaster event or that all production has been accounted for.

(c) In determining production under this section the producer must supply verifiable or reliable production records to substantiate production to the county committee. If the eligible crop was sold or otherwise disposed of through commercial channels, production records include: commercial receipts; settlement sheets; warehouse ledger sheets; or load summaries; appraisal information from a loss adjuster acceptable to CCC. If the eligible crop was farm-stored, sold, fed to livestock, or disposed of in means other than commercial channels, production records for these purposes include: truck scale tickets; appraisal information from a loss adjuster acceptable to CCC; contemporaneous diaries; or other documentary evidence, such as contemporaneous measurements.

(d) Producers must provide all records for any production of a crop that is grown with an arrangement, agreement, or contract for guaranteed payment.

§ 1480.14 Determination of production.

(a) Production under this part shall include all harvested production, unharvested appraised production and assigned production for the total planted acreage of the crop on the unit.

(b) The harvested production of eligible crop acreage harvested more than once in a crop year shall include the total harvested production from all these harvests.

(c) If a crop is appraised and subsequently harvested as the intended use, the actual harvested production shall be used to determine benefits.

(d) For all crops eligible for loan deficiency payments or marketing assistance loans with an intended use of grain but harvested as silage, ensilage, cobbage, hay, cracked, rolled, or crimped, production will be adjusted

§ 1480.15

7 CFR Ch. XIV (1-1-06 Edition)

based on a whole grain equivalent as established by CCC.

(e) For crops with an established yield and market price for multiple intended uses, a value will be calculated for each use with:

(1) The intended use or uses for disaster purposes based on historical production and acreage evidence provided by the producer; and

(2) The eligible acres for each use and the calculation of the disaster payment will be determined by the county committee according to instructions issued by the Deputy Administrator.

(f) For crops sold in a market that is not a recognized market for the crop with no established county average yield and market price, 45 percent of the salvage value received will be deducted from the disaster payment.

(g) If a producer does not receive compensation based upon the quantity of the commodity delivered to a purchaser, but has an agreement or contract for guaranteed payment for production, for purposes of determination the production shall be the greater of the actual production or the guaranteed payment converted to production as determined by CCC.

(h) Production that is commingled between units before it was a matter or combination of record and cannot be separated by using records or other means acceptable to CCC shall be prorated to each respective unit by CCC. Commingled production may be attributed to the applicable unit, if the producer made the unit production of a commodity a matter of record before commingling and does any of the following, as applicable:

(1) Provides copies of verifiable documents showing that production of the commodity was purchased, acquired, or otherwise obtained from beyond the unit;

(2) Had the production measured in a manner acceptable to the county committee; or

(3) Had the current year's production appraised in a manner acceptable to the county committee.

(i) The county committee shall assign production for the unit when the county committee determines that:

(1) The producer has failed to provide adequate and acceptable production records;

(2) The loss to the crop is because of a disaster condition not covered by this part, or circumstances other than natural disaster, and there has not otherwise been an accounting of this ineligible cause of loss;

(3) The producer carries out a practice, such as multiple cropping, that generally results in lower yields than the established historic yields;

(4) The producer has a contract to receive a guaranteed payment for all or a portion of the crop.

(5) A crop is late-planted;

(6) Unharvested acreage was not timely appraised; or

(7) Other appropriate causes exist for such assignment as determined by the Deputy Administrator.

(j) For peanuts, the actual production shall be all peanuts harvested for nuts regardless of their disposition or use as adjusted for low quality.

§1480.15 Calculation of acreage for crop losses other than prevented planted.

(a) Acreage shall be calculated using the number of acres shown to have been planted to a crop.

(b) In cases where there is a repeat crop or a multiple planted crop in more than one planting period, or if there is multiple cropped acreage meeting criteria established in paragraph (c) or (d) of this section, each of these crops may be considered separate crops for 2001 or 2002 CDP if the county committee determines that all of the following conditions are met:

(1) Both the initial and subsequent planted crops were planted with an intent to harvest;

(2) Both the initial and subsequent planted crops were planted within the normal planting period for that crop;

(3) Both the initial and subsequent planted crops meet all other eligibility provisions of this part including good farming practices; and

(4) Each planting could reach maturity if each planting was harvested or would have been harvested.

(c) In cases where there is multiple cropped acreage, each crop may be eligible for disaster assistance separately

if both of the following conditions are met:

(1) The specific crops are approved by the State Committee as eligible multiple-cropping practices in accordance with procedures approved by the Deputy Administrator; and

(2) The farm containing the multiple cropped acreage has a history of multiple cropping based on timely filed crop acreage reports.

(d) Producers with multiple cropped acreage not meeting the criteria in paragraph (c) of this section may be eligible for disaster assistance on more than one crop if the producer has verifiable records establishing a history of carrying out a successful multiple cropping practice on the specific crops for which assistance is requested. All required records acceptable to CCC as determined by the Deputy Administrator must be provided before payments are issued.

(e) Producers with multiple cropped acreage not meeting the criteria in paragraphs (c) or (d) of this section must select the crop for which assistance will be requested. If more than one producer has an interest in the multiple cropped acreage, all producers must agree to the crop designated for payment by the end of the application period or no payment will be approved for any crop on the multiple cropped acreage.

(f) Benefits under this part shall apply to irrigated crops where the acreage was affected by a lack of water or contamination by saltwater intrusion of an irrigation supply resulting from drought conditions.

§ 1480.16 Calculation of prevented planted acreage.

(a) When determining losses under this part, prevented-planted acreage will be considered separately from planted acreage of the same crop.

(b) Except as provided in paragraph (c) of this section, for insured crops, disaster payments under this part for prevented-planted acreage shall not be made unless RMA documentation indicates that the eligible producer received a prevented planting payment under the RMA-administered program.

(c) For insured crops, disaster payments under this part for prevented-

planted acreage will be made available for the following crops for which prevented planting coverage was not available and for which the county committee will make an eligibility determination according to paragraph (d) of this section: peppers; sweet corn (fresh market); tomatoes (fresh market); tomatoes (processing).

(d) The producer must prove, to the satisfaction of the county committee, an intent to plant the crop and that such crop could not be planted because of an eligible disaster. The county committee must be able to determine the producer was prevented from planting the crop by an eligible disaster that:

(1) Prevented other producers from planting on acreage with similar characteristics in the surrounding area; and

(2) Occurred after the previous planting period for the crop.

(3) Unless otherwise approved by the Deputy Administrator, began no earlier than the planting season for that crop.

(e) Prevented planted disaster benefits under this part shall not apply to:

(1) Aquaculture, including ornamental fish; perennial forage crops grown for hay, seed, or grazing; honey; maple sap; millet; mint; nursery crops; cultivated wild rice; fresh market beans; cabbage, pumpkins, sweet potatoes; winter squash, turfgrass sod, and vine crops;

(2) Uninsured crop acreage that is unclassified for insurance purposes;

(3) Acreage that is used for conservation purposes or intended to be left unplanted under any CCC or USDA program;

(4) Any acreage on which a crop other than a cover crop was harvested, hayed, or grazed during the crop year;

(5) Any acreage for which a cash lease payment is received for the use of the acreage the same crop year unless the county committee determines the lease was for haying and grazing rights only and was not a lease for use of the land;

(6) Acreage for which planting history or conservation plans indicate that the acreage would have remained fallow for crop rotation purposes;

(7) Acreage for which the producer or any other person received a prevented

§ 1480.17

7 CFR Ch. XIV (1-1-06 Edition)

planted payment for any crop for the same acreage, excluding share arrangements;

(8) Acreage for which the producer cannot provide proof to the county committee that inputs such as seed, chemicals, and fertilizer were available to plant and produce a crop with the expectation of at least producing a normal yield; and

(9) Any other acreage for which, for whatever reason, there is cause to question whether the crop could have been planted for a successful and timely harvest, or for which prevented planting credit is not allowed under the provisions of this part.

(f) Prevented planting payments are not provided on acreage that had either a previous or subsequent crop planted on the acreage, unless the county committee determines that all of the following conditions are met:

(1) There is an established practice of planting two or more crops for harvest on the same acreage in the same crop year;

(2) Both crops could have reached maturity if each planting was harvested or would have been harvested;

(3) Both the initial and subsequent planted crops were planted or prevented-planting within the normal planting period for that crop;

(4) Both the initial and subsequent planted crops meet all other eligibility provisions of this part including good farming practices; and

(5) The specific crops meet the eligibility criteria for a separate crop designation as a repeat or approved multiple cropping practice set out in §1480.15.

(g)(1) Disaster benefits under this part shall not apply to crops where the prevented-planted acreage was affected by a disaster that was caused by drought unless on the final planting date or the late planting period for non-irrigated acreage, the area that is prevented from being planted has insufficient soil moisture for germination of seed and progress toward crop maturity because of a prolonged period of dry weather;

(2) Prolonged precipitation deficiencies must be at the D2 level or higher as determined by using the U.S. Drought Monitor; and

(3) Verifiable information collected by sources whose business or purpose to record weather conditions, including but not limited to the local weather reporting stations of the U.S. National Weather Service.

(h) Prevented planting benefits under this part shall apply to irrigated crops where the acreage was prevented from being planted due to a lack of water resulting from drought conditions or contamination by saltwater intrusion of an irrigation supply resulting from drought conditions.

(i) For uninsured or non-insurable crops and the insured crops listed in paragraph (c) of this section, for prevented planting purposes:

(1) The maximum prevented-planted acreage for all crops cannot exceed the number of acres of cropland in the unit for the crop year and will be reduced by the number of acres planted in the unit;

(2) The maximum prevented planted acreage for a crop cannot exceed the number of acres planted by the producer, or that was prevented from being planted, to the crop in any 1 of the 4 crop years previous to the disaster year as determined by the county committee;

(3) For crops grown under a contract specifying the number of acres contracted, the prevented-planted acreage is limited to the result of the number of acres specified in the contract minus planted acreage;

(4) For each crop type or variety for which separate prices or yields are sought for prevented-planted acreage, the producer must provide evidence that the claimed prevented-planted acres were successfully planted in at least 1 of the most recent 4 crop years; and

(5) The prevented planted acreage must be at least 20 acres or 20 percent of the intended planted acreage in the unit, whichever is less.

(j) Notwithstanding the provisions of part 718 of this chapter, late-filed crop acreage reports for previous years shall not be accepted for CDP purposes.

§ 1480.17 Quantity adjustments for diminished quality for certain crops.

(a) For the crops identified in paragraph (b) of this section, subject to this

part, the quantity of production of crops of the producer shall be adjusted to reflect diminished quality resulting from the disaster.

(b) Crops eligible for quality adjustments to production are limited to:

(1) Barley; canola; corn; cotton; crambe, flaxseed; grain sorghum; mustard seed; oats; peanuts; rapeseed; rice; safflower; soybeans; sunflower-oil; sunflower-seed; wheat; and

(2) Crops with multiple market uses such as fresh, processed or juice, as supported by NASS data or other data as CCC determines acceptable.

(3) Single market crops if the COC determines there is sufficient data to establish 5 quality loss levels.

(c) The producer must submit documentation for determining the grade and other discount factors that were applied to the crop.

(d) Quality adjustments will be applied to crops experiencing at least a 20 percent loss after production has been adjusted to standard moisture, when applicable.

(e) For all crops listed in paragraph (b)(1) of this section, except for cotton, if a quality adjustment has been made for multi-peril crop insurance purposes, an additional adjustment will not be made.

(f) Quality adjustments for crops, other than cotton and peanuts listed in paragraph (b)(1) of this section may be made by applying an adjustment factor based on dividing the CCC marketing assistance loan rate applicable to the crop and producer determined according to part 1421 of this chapter by the unadjusted county marketing assistance loan rate for the crop. For crops that receive a grade of "sample" and are marketed through normal channels, production will be adjusted as determined by CCC. County committees may, with state committee concurrence, establish county average quality adjustment factors.

(g) Quality adjustments for cotton shall be based on the difference between:

(1) The loan rate applicable to the crop and producer determined according to part 1427 of this chapter; and

(2) The adjusted county loan rate. The adjusted county rate is the county loan rate adjusted for the 5-year coun-

ty average historical quality premium or discount, as determined by CCC.

(h) For 2001 quota and non-quota peanuts and 2002 peanuts, quality adjustments shall be based on the difference between the actual sales price, or other proceeds, received and the National average support price by type of peanut for the applicable crop year.

(i) Quality adjustments for crops with multiple market uses such as fresh, processed and juice, shall be applied based on the difference between the producer's historical marketing percentage of each market use compared to the actual percentage for the 2001 or 2002 crop year. These quality adjustments are built into the production loss determination. Production determinations from Federal crop insurance will not be used.

(j) Except as determined by the Deputy Administrator, quality adjustments for aflatoxin shall be based on the aflatoxin level. The producer must provide the county committee with proof of a price reduction because of aflatoxin. The aflatoxin level must be 20 parts per billion or more before a quality adjustment will be made. The quality adjustment factor applied to affected production is .50 if the production is marketable. If the production is unmarketable due to aflatoxin levels of at least 20 parts per billion, production will be adjusted to zero. Any value received will be considered salvage.

(k) Any quantity of the crop determined to be salvage will not be considered production. Salvage values shall be factored by 0.45 times the producer's share. This amount will be deducted from the disaster payment.

(l) Quantity adjustments for diminished quality under this section will not be applied to crops that are, under §1480.18, value loss crops.

(m) Quantity adjustments for diminished quality shall also not apply under this section to: honey, maple sap, turfgrass sod, crops marketed for a use other than an intended use for which there is not an established county price or yield, or any other crop that the Deputy Administrator deems it appropriate to exclude.

[68 FR 37943, June 26, 2003; 69 FR 250, Jan. 5, 2004]

§ 1480.18 Value loss crops.

(a) Irrespective of any inconsistent provisions in other sections, this section shall apply to the following crops, which are considered “value loss crops”: ornamental nursery; Christmas trees; vegetable and root stock including ginseng root; aquaculture, including ornamental fish, and such other crops as may be determined appropriate for treatment as “value loss crops”.

(b) For crops specified in paragraph (a) of this section, disaster benefits under this part are calculated based on the loss of value at the time of disaster, as determined by CCC.

(c) For aquaculture, disaster benefits under this part for aquacultural species are limited to those aquacultural species that were placed in the aquacultural facility by the producer. CDP benefits shall not be available for aquacultural species that are growing naturally in the aquaculture facility. Benefits under this part are limited to aquacultural species that were planted or seeded on property owned or leased by the producer where that land has readily identifiable boundaries, and over which the producer has total control of the waterbed and the ground under the waterbed. Producers who only have control of the waterbed or the ground under the waterbed but not both will not be eligible for disaster benefits under this part.

(d) For ornamental nursery crops, disaster benefits under this part are limited to ornamental nursery crops that were grown in a container or controlled environment for commercial sale on property owned or leased by the producer, and cared for and managed using good nursery growing practices. Indigenous crops are not eligible for benefits under this part. Producers who participated in the previous Florida Nursery Program are eligible for either of the following:

(1) 2001 losses that occurred between January 1, 2001 and September 30, 2001.

(2) 2002 losses that occurred between October 1, 2001 and September 30, 2002.

(e) For vegetable and root stock, disaster benefits under this part are limited to plants grown in a container or controlled environment for use as transplants or root stock by the pro-

ducer for commercial sale on property owned or leased by the producer and managed using good rootstock or fruit and vegetable plant growing practices.

(f) For ginseng, only ginseng that meets all the requirements of cultivated ginseng shall be considered as eligible for benefits under this part. Ginseng is defined as cultivated ginseng roots and seeds that meet the following requirements:

(1) Grown in raised beds above and away from wet and low areas protected from flood;

(2) Grown under man-made canopies that provide 75 to 80 percent shade coverage;

(3) Grown in well drained media with a pH adjustment of at least 5.5 and which protects plants from disease; and

(4) Grown with sufficient fertility and weed control to obtain expected production results of ginseng root and seed.

(g) Evidence of the above ginseng practice requirements must be provided by the producer if requested by the county committee. Any ginseng that is grown under cultivated practices or simulated wild or woodland conditions that do not meet these requirements are not eligible for disaster assistance under this part.

(h) Because ginseng is a perennial crop, the producer must provide annual crop history to establish when the loss occurred and the extent of such loss. If the producer does not or is unable to provide annual records to establish the beginning inventory, before the loss, and ending inventory, after the loss, production shall be assigned by the county committee.

(i) Aside from differences provided for in this section, all other conditions for eligibility contained in this part shall be applied to value loss crops.

§ 1480.19 Other provisions for specialty crops.

(a) For turfgrass sod, disaster benefits under this part are limited to turfgrass sod that would have matured and been harvested during 2001 or 2002, when a disaster caused in excess of 35 percent of the expected production to die.

(b) For honey, disaster benefits under this part are limited to table and non-

Commodity Credit Corporation, USDA

§ 1481.2

table honey produced commercially for human consumption. For calculating benefits, all honey is considered a single crop, regardless of type or variety of floral source or intended use.

(c) For maple sap, disaster benefits under this part are limited to maple sap produced on private property in a controlled environment by a commercial operator for sale as sap or syrup. The maple sap must be produced from trees that are: located on land the producer controls by ownership or lease; managed for production of maple sap; and are at least 30 years old and 12 inches in diameter.

§ 1480.20 Misrepresentation and scheme or device.

(a) A producer who is determined to have erroneously represented any fact affecting a program determination made in accordance with this part shall not be entitled to disaster payments and must refund all such payments received, plus interest as determined in accordance with part 1403 of this chapter.

(b) A producer shall refund to CCC all disaster payments, plus interest as determined in accordance with part 1403 of this chapter, received by such producer with respect to all contracts if the producer is determined to have knowingly done any of the following.

(1) Adopted any scheme or device that tends to defeat the purpose of the program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

§ 1480.21 Offsets, assignments and debt settlement.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this chapter apply to payments.

(b) Any producer entitled to any payment may assign any payments in ac-

cordance with regulations governing the assignment of payments found at part 1404 of this chapter.

(c) A debt or claim may be settled according to part 1403 of this chapter.

§ 1480.22 Compliance with highly erodible land and wetland conservation provisions.

§ 1481.1 Applicability.

(a) This part sets forth the terms and conditions applicable to the Sugar Beet Disaster Program.

(b) Producers who were prevented from planted sugar beets, or who suffered either quantity or quality losses in excess of 35 percent to sugar beets while in the field in 2001 or 2002 due to adverse weather will be considered eligible for benefits for either of those years, but not both.

§ 1481.2 Administration.

Where circumstances preclude compliance with §1481.4 due to circumstances beyond the applicant's control, the FSA county or State committee may request that relief be granted by the Deputy Administrator under this section. In such cases, except for statutory deadlines and other statutory requirements, the Deputy Administrator may, in order to more equitably accomplish the goals of this part, waive or modify deadlines and

§ 1481.3

other program requirements if the failure to meet such deadlines or other requirements does not adversely affect operation of the program and are not prohibited by statute.

§ 1481.3 Definitions.

The definitions in this section shall apply to this part.

Application means the Sugar Beet Disaster Program Application, as provided by and available in any FSA office.

CCC means the Commodity Credit Corporation.

CDP means the Crop Disaster Program authorized in 7 CFR part 1480.

Deputy Administrator means the Deputy Administrator of Farm Programs, Farm Service Agency, U.S. Department of Agriculture or a designee.

Eligible losses are any sugar beet losses in excess of 35 percent to either quantity or quality, that occur while the beets are still in the field and are due to adverse weather conditions.

FSA means Farm Service Agency.

NAP means the Noninsured Crop Disaster Assistance Program.

RMA means the Risk Management Agency.

§ 1481.4 Producer eligibility.

(a) Producers will be eligible under this part if they have suffered losses of more than 35 percent of sugar beets in 2001 or 2002 as a result of a weather related condition, or as further specified in this part.

(b) Payments may be made for losses suffered by an eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer signs the application for payment. Proof of authority to sign for the deceased producer or dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly authorized representatives must sign the application for payment.

(c) As a condition to receive benefits under this part, a producer must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR

7 CFR Ch. XIV (1-1-06 Edition)

part 12, for the 2001 or 2002 crop year, as applicable, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law.

§ 1481.5 Sign-up period.

A request for benefits under this part must be submitted to CCC at the FSA county office which serves the farm on which the affected sugar beets were planted or prevented from being planted. All applications must be filed in the FSA county office between September 15, 2003 and no later than the close of business on October 31, 2003, or another date determined and announced by the Deputy Administrator.

§ 1481.6 Proof of loss.

(a) Where available and determined accurate, RMA loss records will be used for insured sugar beets.

(b) For producers without crop insurance, the producer must provide documentation including the number of acres, yield, production, and sugar percent by unit for 2001 or 2002.

(c) Certifications by third parties or the owner and other such documentation will not be accepted.

(d) Producers shall certify to the accuracy of the information provided. All information provided is subject to verification and spot checks by CCC. Failure to provide information requested by the FSA county committee or by any agency official is cause for denial of any application filed under this part.

§ 1481.7 Indemnity benefits.

(a) Eligible producers with losses in excess of 35 percent in both 2001 and 2002 will have a choice of receiving payments of either 2001 or 2002 crop year, but not both.

(b) Eligible producers with losses in excess of 35 percent in one of either 2001 or 2002 may receive benefits for that year.

(c) Eligible producers will receive payments based on the higher of the following:

(1) For producers with crop insurance, 60 percent of their crop insurance indemnity.

(2) For any producer, with or without crop insurance, 65 percent of the higher of the producer's Actual Production

Commodity Credit Corporation, USDA

§ 1481.11

History (APH) or the county average yield, minus actual yield, times 55 percent of the following Multi-Peril Crop Insurance (MPCI) price elections:

- (i) For 2001 crop \$36 per ton.
- (ii) For 2002 crop \$33 per ton.
- (3) For any producer, with or without crop insurance, 100 percent of the higher of the producer's APH or the county average yield, minus the actual yield times \$12.50 per ton.

§ 1481.8 Availability of funds.

(a) In the event that the total amount of eligible claims submitted under this part exceeds \$60 million, then each payment shall be reduced by a uniform national percentage or other means of proration.

(b) Such payment reductions shall be applied after the imposition of applicable per-person payment limitation provisions.

§ 1481.9 Limitations on payments.

(a) The total amount of benefits that a person, as determined in accordance with part 1400 of this chapter, shall be entitled to receive under this part may not exceed \$80,000.

(b) A person, as defined in part 1400 of this chapter, who has annual gross revenue in excess of \$2.5 million shall not be eligible to receive assistance under this part. For the purpose of this determination, annual gross revenue means:

(1) With respect to a person who receives more than 50 percent of such person's gross income from farming and ranching, the total gross revenue received from such operations; and

(2) With respect to a person who receives 50 percent or less of such person's gross income from farming and ranching, the total gross revenue from all sources.

(c) Payments earned under other programs contained in this chapter shall not reduce the amount payable under this part.

(d) No person shall receive disaster benefits under this part in an amount that exceeds 100 percent of the value of the expected production for the relevant period as determined by CCC. Accordingly, as determined by CCC, the sum of the value of the crop not lost, if any, plus disaster payments, plus the net crop insurance indemnity, cannot

exceed 100 percent of what the crop's value would have been if there had been no loss.

(e) All payments are subject to offsets as provided in 7 CFR part 1403.

§ 1481.10 Crop insurance linkage.

(a) Except as provided further in this section, any producer who elected not to purchase crop insurance or NAP coverage as applicable on 2001 or 2002 sugar beet crops for which the producer receives crop loss assistance must:

(1) Purchase crop insurance with additional coverage on that crop for the 2003 and 2004 crop years for sugar beets.

(2) Or, when such insurance cannot be obtained because it is not available, purchase NAP coverage by paying the administrative fee by the applicable State filing deadline and complete all required program requirements including yearly acreage reports, for the otherwise non-insurable sugar beet crop for both 2003 and 2004 crop years.

(b) If, at the time the producer applies for the 2001 or 2002 CDP the sales closing date for 2003 insurable crops, or for 2003 non-insurable crops for which the producer sought benefits under the 2001 or 2002 CDP has passed, the producer must instead to meet the requirement of this section, purchase crop insurance policy or obtain NAP sugar beet coverage, as applicable, for the next available 2 crop years.

(c) If any producer fails to purchase crop insurance or NAP, as required in paragraphs (a) or (b) of this section, the producer shall reimburse CCC for the full amount of the assistance, plus interest, provided to the producer under this part.

§ 1481.11 Miscellaneous provisions.

(a) A person shall be ineligible to receive disaster assistance under this part if it is determined by the State or county committee or an official of FSA that such person has:

(1) Adopted any scheme or other device that tends to defeat the purpose of a program operated under this part;

(2) Made any fraudulent representation with respect to such program; or

(3) Misrepresented any fact affecting a program determination.

(b) All persons with a financial interest in the operation receiving benefits

under this part shall be jointly and severally liable for any refund, including related charges, which is determined to be due CCC for any reason under this part.

(c) In the event that any request for assistance or payment under this part was established as result of erroneous information or a miscalculation, the assistance or payment shall be recalculated and any excess refunded with applicable interest.

(d) The liability of any person for any penalty under this part or for any refund to CCC or related charge arising in connection therewith shall be in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001 and 1014; 15 U.S.C. 714m; and 31 U.S.C. 3729.

(e) Any person who is dissatisfied with a determination made with respect to this part may make a request for reconsideration or appeal of such determination in accordance with the regulations set forth in parts 11 and 780 of this title.

(f) Any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof.

(g) For the purposes of 28 U.S.C. 3201(e), CCC waives the restriction on receipt of funds or benefits under this program but only as to beneficiaries who as a condition of such waiver agree to apply the 2001 or 2002 sugar beet payments to reduce the amount of the judgment lien.

Subpart A—General Information

§ 1484.10 What is the effective date of this part?

This part applies to activities that are conducted in accordance with the Cooperators' FY 2000 and subsequent marketing plan years. The Cooperator Program is administered by personnel of the Foreign Agricultural Service.

[64 FR 52630, Sept. 30, 1999. Redesignated and amended at 65 FR 9995, Feb. 25, 2000]

§ 1484.11 Has the Office of Management and Budget reviewed the paperwork and record keeping requirements contained in this part?

The paperwork and record keeping requirements imposed by this part have been submitted to the Office of Management and Budget (OMB) for emergency review and reinstatement under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). OMB has previously assigned control number 0551-0026 for this information collection.

§ 1484.12 What is the Cooperator program?

(a) Under the Foreign Market Development Cooperator (Cooperator) Program, FAS enters into project agreements with eligible nonprofit U.S. trade organizations to share the costs of certain overseas marketing and promotion activities that are intended to create, expand, or maintain foreign markets for U.S. agricultural commodities and products. FAS does not provide brand promotion assistance to Cooperators under this program.

(b) FAS enters into project agreements with those eligible nonprofit U.S. trade organizations that have the broadest possible producer representation of the commodity being promoted and gives priority to those organizations that are nationwide in membership and scope. Project agreements involve the promotion of agricultural commodities on a generic basis. Project agreements do not involve activities targeted directly toward consumers purchasing as individuals. Activities must contribute to the maintenance or growth of demand for the agricultural commodities and generally address long-term foreign import constraints and export growth opportunities by focusing on matters such as reducing infra-structural or historical market impediments; improving processing capabilities; modifying codes and standards; and identifying new markets or new applications or uses for the agricultural commodity or product in the foreign market.

(c) The Cooperator program generally operates on a reimbursement basis.

(d) FAS policy is to ensure that benefits generated by Cooperator agreements are broadly available throughout the relevant agricultural sector and no one entity gains an undue advantage or sole benefit from program activities.

§ 1484.13 What special definitions apply to the Cooperator program?

For purposes of this part the following definitions apply:

Activity—a specific market development effort undertaken by a Cooperator to address a constraint or opportunity.

Attache/Counselor—the FAS employee representing USDA interests in the foreign country in which promotional activities are conducted.

Commodity Division—the office within the Foreign Agricultural Service responsible for the commodity covered by the project agreement.

Compliance Review Staff—the office within the Foreign Agricultural Service responsible for performing periodic reviews of Cooperators to ensure compliance with this part.

Constraint—a condition in a particular country or region which needs to be addressed in order to develop, expand, or maintain exports of a specific U.S. agricultural commodity.

Consumer promotion—activities that are designed to directly influence consumers by changing attitudes or purchasing behaviors towards U.S. agricultural products.

Contribution—the cost-share expenditure made by a Cooperator or the U.S. industry in support of an activity; e.g., money, personnel, materials, services, facilities, or supplies.

Cooperator or U.S. Cooperator—a nonprofit U.S. agricultural trade organization which has entered into a foreign market development agreement with FAS.

Cooperator Program—the Foreign Market Development Cooperator Program.

Deputy Administrator—the Deputy Administrator, Commodity and Marketing Programs, FAS, USDA, or designee.

Division Director—the director of a commodity division, Commodity and Marketing Programs, FAS, USDA.

Eligible commodity—an agricultural commodity that is comprised of at least 50 percent U.S. origin content by weight, exclusive of added water.

Eligible trade organization—a United States trade organization that promotes the exports of one or more United States agricultural commodities or products and does not have a business interest in or receive remuneration from specific sales of agricultural commodities or products.

Expenditure—transfer of funds.

FAS—Foreign Agricultural Service, USDA.

Foreign third party—a foreign entity that assists, in accordance with this part, in promoting the export of a U.S. agricultural commodity.

Generic promotion—a promotion that does not involve the exclusive or predominant use of a single company name or logo(s) or brand name(s) of a single company.

Market—a country or region in which an activity is conducted.

Marketing plan year—the program year beginning on October 1 and ending on September 30, during which Cooperators can undertake activities, consistent with this part and their agreements with FAS, and seek reimbursement. For example, marketing plan year 2000 begins on October 1, 1999, and ends on September 30, 2000.

Project agreement—a contract between FAS and a Cooperator in which the basic working relationship is described including the program and financial obligations of each.

Project funds—the funds made available to a Cooperator under a project agreement, and authorized for expenditure in accordance with this part.

Property—furniture or equipment having a useful life of over one year and an acquisition cost of \$500 or more.

STRE—sales and trade relations expenditures.

Trade team—a group of individuals engaged in an activity intended to promote the interests of an entire agricultural sector rather than to result in specific sales by any of its members.

USDA—the United States Department of Agriculture.

[64 FR 52630, Sept. 30, 1999. Redesignated and amended at 65 FR 9995, Feb. 25, 2000]

§ 1484.14 Is my organization eligible to participate in the Cooperator program?

(a) To participate in the Cooperator program, an entity must be a nonprofit U.S. agricultural trade organization and contribute at least 50 percent of the value of resources provided by FAS for activities conducted under the project agreement.

(b) FAS may require that a project agreement include a contribution level greater than that specified in paragraph (a) of this section. In requiring a higher contribution level, FAS will take into account such factors as past Cooperator contributions, previous Cooperator program funding levels, the length of time an entity participates in the program, and the entity's ability to increase its contribution.

(c) FAS will enter into Cooperator agreements only for the promotion of eligible commodities.

Subpart B—Application and Fund Allocation

§ 1484.20 How can my organization apply to the Cooperator program?

FAS will publish a Notice in the FEDERAL REGISTER that it is accepting applications for participation in the Cooperator program for a specified marketing plan year. Applications shall be submitted in accordance with the terms and requirements specified in the Notice. An application shall contain basic information about the applicant and the proposed program, a strategic plan, and performance measures. FAS may request any additional information which it deems necessary to evaluate a Cooperator program application.

(a) *Basic applicant and program information.* All Cooperator program applications shall contain:

(14) A certification statement, and, if requested by the Deputy Administrator, a written explanation supporting the certification, that any funds received will supplement, but not supplant, any private or industry funds or other contributions to program activities. The written explanation, if necessary, shall indicate why the Cooperator is unlikely to carry out the activities without Federal financial assistance. The certification shall also state that information contained in the application is true and accurate and that all records supporting the claim that project funds do not supplant other funds will be made available to authorized officials of the U.S. Government.

(b) *Strategic plan and performance measures.* All Cooperator program applications shall also contain:

(1) A description of the U.S. and world market situation for the eligible commodity;

(ii) The long-term strategy that will be used to counteract the constraints and achieve additional U.S. exports;

(iii) Previous activities, performance, and evaluation results;

(iv) Projected export goals and U.S. market share; and

(v) Performance indicators against which future success in addressing the constraint(s) or opportunities may be measured;

(7) A description of all proposed activities, including the requested FAS resources and the specific goals and benchmarks to be used to measure the effectiveness of each activity;

(8) A justification for any new overseas office, including a list of job titles, corresponding position descriptions, salary ranges, and any request for approval of salaries above the Foreign Service National (FSN) salary plan. To request approval of a salary above the FSN salary plan, the Cooperator shall include a detailed description of both the duties and responsibilities of the position, and of the qualifications and background of the individual concerned. The Cooperator shall also justify, based on a verifiable local salary survey or other documented local salary information, why the highest FSN salary level is inappropriate.

§ 1484.21 How does FAS determine which Cooperator program applications are approved?

(a) *General.* FAS allocates funds in a manner that effectively supports the strategic decision-making initiatives of the Government Performance and Results Act (GPRA) of 1993. In deciding whether a proposed project will contribute to the effective creation, expansion, or maintenance of foreign markets, FAS seeks to identify those projects that would demonstrate a clear, long-term agricultural trade strategy by market or product and a

§ 1484.22

program effectiveness time line against which results can be measured at specific intervals using quantifiable product or country or region goals. These performance indicators are part of FAS' resource allocation strategy to fund applicants which can demonstrate performance based on a long-term strategic plan and address the performance measurement objectives of the GPRA.

(b) *Approval criteria.* FAS will consider a number of factors when reviewing proposed projects, including:

(1) The ability of the organization to provide an experienced U.S.-based staff with technical and international trade expertise to ensure adequate development, supervision, and execution of the proposed project;

(2) The organization's willingness to contribute resources, including cash and goods and services of the U.S. industry and foreign third parties;

(3) The conditions or constraints affecting the level of U.S. exports and market share for the agricultural commodities and products;

(4) The degree to which the proposed project is likely to contribute to the creation, expansion, or maintenance of foreign markets;

(5) The degree to which the strategic plan is coordinated with other private or U.S. government-funded market development projects;

(6) Past program results and evaluations, if applicable; and

(7) Previous Cooperator program funding.

§ 1484.22 How are Cooperator program funds allocated?

After determining which applications to recommend for approval, the Commodity Divisions recommend funding levels for the approved applicants within their respective divisions. Applications then compete for funds on the basis of the following allocation criteria (the number in parentheses represents a percentage weight factor). Data used in the calculations for contribution levels, past export performance and past demand expansion performance will cover not more than a 6-year period, to the extent such data is available. The method for applying the following criteria will be described in

7 CFR Ch. XIV (1-1-06 Edition)

the Cooperator program announcement in the FEDERAL REGISTER:

(a) Contribution Level (40%).

(b) Past Export Performance (20%).

(c) Past Demand Expansion Performance (20%).

(d) Future Demand Expansion Goals (10%).

(e) Accuracy of Past Demand Expansion Projections (10%).

Subpart C—Program Operations

§ 1484.30 How does FAS formalize its working relationship with approved Cooperators?

FAS will notify each applicant in writing of the final disposition of its application. FAS will send a program agreement, allocation approval letter, and a signature card to each approved applicant. The allocation approval letter will specify any special terms and conditions applicable to a Cooperator's program, including the required level of Cooperator contribution. An applicant that accepts the terms and conditions contained in the program agreement and allocation approval letter should so indicate by having its Chief Executive Officer sign the program agreement and submit the signed agreement to the Director, Marketing Operations Staff, FAS, USDA. Final agreement shall occur when the Administrator signs the agreement on behalf of FAS. The application, the program agreement, the allocation approval letter, and this part shall establish the terms and conditions of a Cooperator agreement between FAS and the approved applicant.

§ 1484.31 Who acts on behalf of each Cooperator?

The Cooperator shall designate at least two individuals in its organization to sign program agreements, reimbursement claims, and requests. The Cooperator shall submit the signature card signed by those designated individuals and by the Cooperator's Chief Executive Officer to the Director, Marketing Operations Staff, FAS, USDA, prior to the start of the marketing plan year. The Cooperator shall immediately notify the Director of any changes in signatories (e.g., removal or addition of individuals, name changes,

Commodity Credit Corporation, USDA

§ 1484.34

etc.), and shall submit a revised signature card accordingly.

§ 1484.32 Must Cooperators follow specific employment practices?

(a) A Cooperator shall enter into written contracts with all overseas employees and shall ensure that all terms, conditions, and related formalities of such contracts conform to governing local law.

(b) A Cooperator shall, in its overseas offices, conform its office hours, work week, and holidays to local law and to the custom generally observed by U.S. commercial entities in the local business community.

(c) A Cooperator may pay salaries or fees in any currency (U.S. or foreign) in conformance with contract specifications. Cooperators are cautioned to consult local laws regarding currency restrictions.

§ 1484.33 Must Cooperators follow certain financial management guidelines?

(a) A Cooperator shall implement and maintain a financial management system that conforms to generally accepted accounting principles.

(b) A Cooperator shall institute internal controls and provide written guidance to commercial entities participating in its activities to ensure their compliance with these provisions. Each Cooperator shall maintain all original records and documents relating to program activities for 5 calendar years following the end of the applicable marketing plan year and shall make such records and documents available upon request to authorized officials of the U.S. Government. A Cooperator shall also maintain all documents related to employment, such as employment applications, contracts, position descriptions, leave records, and salary changes; and all records pertaining to contractors. A Cooperator shall also maintain adequate documentation related to the proper disposition of all property purchased by the Cooperator and for which the Cooperator is reimbursed with program funds.

(c) A Cooperator shall maintain its records of expenditures and contributions in a manner that allows it to pro-

vide information by marketing plan year, country or region, activity number, and cost category. Such records shall include:

(1) Receipts for all STRE (actual vendor invoices or restaurant checks, rather than credit card receipts);

(2) Original receipts for any other program related expenditure in excess of \$25.00;

(3) The exchange rate used to calculate the dollar equivalent of each expenditure made in a foreign currency and the basis for such calculation;

(4) Copies of reimbursement claims;

(5) An itemized list of claims charged to the Cooperator's FMD account;

(6) Documentation with accompanying English translation supporting each reimbursement claim, including original evidence to support the financial transactions, such as canceled checks, receipted paid bills, contracts or purchase orders, per diem calculations, and travel vouchers; and

(7) Documentation supporting contributions including: the date(s), purpose, and location(s) of each activity for which cash, goods, or services were claimed as a contribution; who conducted the activity; the participating groups or individuals; and the method of computing the claimed contributions. Cooperators must retain, and make available for audit, documentation related to claimed contributions.

(d) Upon request, a Cooperator shall provide to FAS the original documents which support the Cooperator's reimbursement claims. FAS may deny a claim for reimbursement if the claim is not supported by adequate documentation.

§ 1484.34 Must Cooperators adhere to specific standards of ethical conduct?

(a) A Cooperator shall conduct its business in accordance with the laws and regulations of the country(s) in which each activity is carried out.

(b) Neither a Cooperator nor its affiliates shall make export sales of agricultural commodities covered under the terms of a project agreement. Neither a Cooperator nor its affiliates

§ 1484.35

7 CFR Ch. XIV (1-1-06 Edition)

shall charge a fee for facilitating an export sale. For the purposes of this paragraph, "affiliate" means any partnership, association, company, corporation, trust, or any other such party in which the Cooperator has an investment, other than a mutual fund. A Cooperator may collect check-off funds and membership fees that are required for membership in the Cooperator's organization.

(c) The Cooperator shall not use program activities or program funds to promote private self interests or conduct private business, except as members of sales teams.

(d) A Cooperator shall select U.S. agricultural industry representatives to participate in activities such as trade teams or trade fairs based on criteria that ensure participation on an equitable basis by a broad cross section of the U.S. industry. If requested, a Cooperator shall submit such selection criteria to FAS for approval.

(e) All Cooperators should endeavor to ensure fair and accurate fact-based advertising. Deceptive or misleading promotions may result in cancellation or termination of a project agreement.

(f) The Cooperator must report any actions or circumstances that have a bearing on the propriety of program activities to the Attache/Counselor and the Cooperator's U.S. office shall report such actions in writing to the appropriate Division Director.

§ 1484.35 Must Cooperators follow specific contracting procedures?

(a) Cooperators have full and sole responsibility for the legal sufficiency of all contracts and assume financial liability for any costs or claims resulting from suits, challenges, or other disputes based on contracts entered into by the Cooperator. Neither FAS nor any other agency of the United States Government or any official or employee of FAS or the United States Government has any obligation or responsibility with respect to Cooperator contracts with third parties.

(b) Cooperators are responsible for ensuring to the extent possible that the terms, conditions, and costs of contracts constitute the most economical and effective use of project funds.

(c) All fees for professional and consulting services paid in any part with project funds must be covered by written contracts.

(d) A Cooperator shall:

(1) Ensure that all expenditures for goods and services in excess of \$25.00, which are reimbursed with project funds, are documented by a purchase order, invoice, or contract;

(2) Ensure that no employee or officer participates in the selection or award of a contract in which such employee or officer, or the employee's or officer's family or partners has a financial interest;

(3) Conduct all contracting in an open manner. Individuals who develop or draft specifications, requirements, statements of work, invitations for bids, or requests for proposals for procurement of any goods or services shall be excluded from competition for such procurement;

(4) Base each solicitation for professional or consulting services on a clear and accurate description of the requirements for the services to be procured;

(5) Perform some form of price or cost analysis, such as a comparison of price quotations to market prices or other price indicia, to determine the reasonableness of the offered prices; and

(6) Document the decision-making process.

Any income or refunds generated from an activity, i.e., participation fees, proceeds of sales, refunds of value added taxes (VAT), the expenditures for which have been wholly or partially reimbursed, shall be repaid by submitting a check payable to Commodity Credit Corporation or by offsetting the

§ 1484.56 How are Cooperators reimbursed?

(a) A format for reimbursement claims is available from the Director, Marketing Operations Staff, FAS, USDA. Claims for reimbursement shall contain at least the following information:

(1) Activity code;

(2) Country code;

(3) Cost category;

(4) Amount to be reimbursed or credited;

(5) If applicable, any reduction in the amount of reimbursement claimed to offset FAS demand for refund of amounts previously reimbursed, and reference to the relevant Compliance Report; and

(6) If applicable, any amount previously claimed that has not been reimbursed.

(b) All claims for reimbursement shall be submitted by the Cooperator's U.S. office to the Director, Marketing Operations Staff, FAS, USDA.

(c) FAS will not reimburse claims submitted later than 6 months after the end of a marketing plan year.

(d) If FAS overpays a reimbursement claim, the Cooperator shall repay FAS within 30 days the amount of the overpayment either by submitting a check payable to FAS or by offsetting its next reimbursement claim.

(e) If a Cooperator receives a reimbursement or offsets an advanced payment which is later disallowed, the Cooperator shall within 30 days of such disallowance repay FAS the amount owed either by submitting a check payable to FAS or by offsetting its next reimbursement claim.

(f) The Cooperator shall report any actions having a bearing on the propriety of any claims for reimbursement to the Attache/Counselor and its U.S. office shall report such actions in writing to the Division Director(s).

§ 1484.57 Will FAS make advance payments to a Cooperator?

(a) *Policy.* In general, FAS operates the Cooperator program on a reimbursable basis.

(b) *Exception.* Upon request, FAS may make two types of advance payments to a Cooperator. The first is a revolving fund operating advance provided by

§ 1484.70

FAS only to Cooperators with foreign offices supported with project funds. The second is a special advance payment used to pay an impending large cost item. FAS will provide this type of advance expense payment in lieu of direct payments by FAS to vendors or other third parties. All Cooperators, with or without project fund-supported foreign offices, are eligible to request special advance payments. Normally, special advance payments received from FAS must be liquidated by the Cooperator within 90 days from the date of receipt. Prior to making an advance, FAS may require the participant to submit security in a form and amount acceptable to FAS to protect FAS' financial interests. FAS will not make any special advance payment to a Cooperator where a special advance is outstanding from a prior marketing plan year. Cooperators shall deposit and maintain advances in insured, interest-bearing accounts, unless such accounts are prohibited by law or custom of a host country.

(c) *Refunds due FAS.* A participant shall return any unexpended portion of an advance, plus any interest earned, either by submitting a check payable to FAS or by offsetting its next reimbursement claim. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

Subpart E—Reporting, Evaluation, and Compliance

§ 1484.70 Must Cooperators report to FAS?

(a) *End-of-year contribution report.* Not later than January 31 of the year following the completion of the marketing plan year, a Cooperator shall submit two copies of a report which identifies contributions made by the Cooperator and the U.S. industry during that marketing plan year. A suggested format of a contribution report is available on the FAS home page (<http://www.fas.usda.gov/mos/programs/fnotice.html>) on the Internet or from the Director, Marketing Operations Staff, FAS, USDA.

(b) *Trip reports.* Not later than 45 days after completion of travel (other than local travel), a Cooperator shall submit a trip report. The report must include

7 CFR Ch. XIV (1–1–06 Edition)

the name(s) of the traveler(s), purpose of travel, itinerary, names and affiliations of contacts, and a brief summary of findings, conclusions, recommendations, or specific accomplishments.

(c) *Research reports.* Not later than 6 months after the end of its marketing plan year, a Cooperator shall submit a report on any research conducted in accordance with its application.

(d) *Submission of reports.* A Cooperator shall submit the reports required by this section to the appropriate Division Director. Trip reports and research reports shall also be submitted to the appropriate Attache/Counselor(s). All reports shall be in English and include the Cooperator's agreement number, the countries and period covered, and the date of the report.

(e) *Additional reports.* FAS may require the submission of additional reports.

§ 1484.71 Are Cooperator documents subject to the provisions of the Freedom of Information Act?

(a) Documents submitted to FAS by Cooperators are subject to the provisions of the Freedom of Information Act (FOIA), 5 U.S.C. 552, 7 CFR part 1, Subpart A—Official Records, and, specifically, 7 CFR 1.11—Handling Information from a Private Business.

(b) If requested by a person located in the United States, a Cooperator shall provide to such person a copy of any document in its possession or control containing market information developed and produced under the terms of its agreement. The Cooperator may charge a fee not to exceed the costs for assembling, duplicating, and distributing the materials.

(c) The results of any research conducted by a Cooperator under an agreement shall be the property of the U.S. Government.

§ 1484.72 How is program effectiveness measured?

(a) The Government Performance and Results Act (GPRA) of 1993 (5 U.S.C.

Commodity Credit Corporation, USDA

§ 1484.75

306; 31 U.S.C. 1105, 1115–1119, 3515, 9703–9704) requires performance measurement of Federal programs, including the Cooperator program. Evaluation of the Cooperator program's effectiveness will depend on a clear statement by each Cooperator of the constraints and opportunities facing U.S. exports, goals to be met within a specified time, a schedule of measurable milestones for gauging success, a plan for achievement, and reports of activity results.

(b) Evaluation is an integral element of program planning and implementation, providing the basis for the strategic plan. The evaluation results guide the development and scope of a Cooperator's program, contribute to program accountability, and provide evidence of program effectiveness.

(c) A Cooperator shall conduct periodic evaluations of its program and activities and may contract with an independent evaluator to satisfy this requirement. FAS reserves the right to have direct input and control over design, scope, and methodology of any such evaluation, including direct contact with and provision of guidance to the independent evaluator.

(d) A Cooperator shall complete at least one program evaluation each year. Actual scope and timing of the program evaluation shall be determined by the Cooperator and the Division Director and specified in the Cooperator's application approval letter. A program evaluation shall contain:

(1) The name of the party conducting the evaluation;

(2) The activities covered by the evaluation;

(3) A concise statement of the constraint(s) and opportunities and the goals specified in the application;

(4) A description of the evaluation methodology;

(5) A description of additional export sales achieved, including the ratio of additional export sales in relation to Cooperator program funding received;

(6) A summary of the findings, including an analysis of the strengths and weaknesses of the program(s); and

(7) Recommendations for future programs.

(e) A Cooperator shall submit, via a cover letter to the Division Director, an executive summary which assesses

the program evaluation's findings and recommendations and proposes changes in program strategy or design as a result of the evaluation.

§ 1484.73 Are Cooperators penalized for failing to make required contributions?

A Cooperator's contribution requirement is specified in the Cooperator program allocation letter. If a Cooperator fails to contribute the amount specified in its allocation approval letter, the Cooperator shall pay to Commodity Credit Corporation in U.S. dollars the difference between the amount it has contributed and the amount specified in the allocation approval letter. A Cooperator shall remit such payment by December 31 following the end of the marketing plan year.

[64 FR 52630, Sept. 30, 1999. Redesignated and amended at 65 FR 9995, 9996, Feb. 25, 2000]

§ 1484.74 How is Cooperator program compliance monitored?

(a) The Compliance Review Staff (CRS), FAS, performs periodic on-site reviews of Cooperators to ensure compliance with this part.

(b) In order to verify that federal funds received by a Cooperator do not supplant private or U.S. industry funds or contributions pursuant to §1550.20(a)(14), FAS will consider the Cooperator's overall marketing budget from year to year, variations in promotional strategies within a country or region, and new markets.

(c) The Director, CRS, will notify a Cooperator through a compliance report when it appears that Commodity Credit Corporation may be entitled to recover funds from that Cooperator. The compliance report will state the basis for this action.

[64 FR 52630, Sept. 30, 1999. Redesignated and amended at 65 FR 9995, 9996, Feb. 25, 2000]

§ 1484.75 How does a Cooperator respond to a compliance report?

(a) A Cooperator shall, within 60 days of the date of the compliance report, submit a written response to the Director, CRS. This response shall include any money owed to Commodity Credit Corporation if the Cooperator does not wish to contest the compliance report. The Director, CRS, at the Director's

§ 1484.76

discretion, may extend the period for response up to an additional 30 days. If the Cooperator does not respond to the compliance report within the required time period or, if after review of the Cooperator's response, the Director, CRS, determines that Commodity Credit Corporation may be entitled to recover funds from the Cooperator, the Director, CRS, will refer the compliance report to the Deputy Administrator.

(b) If, after review of the compliance report and response, the Deputy Administrator determines that the Cooperator owes money to FAS, the Deputy Administrator will so inform the Cooperator. The Deputy Administrator may initiate action to collect such amount pursuant to 7 CFR Part 1403, Debt Settlement Policies and Procedures. Determinations of the Deputy Administrator will be in writing and in sufficient detail to inform the Cooperator of the basis for the determination. The Cooperator has 30 days from the date of the Deputy Administrator's initial determination to submit any money owed to Commodity Credit Corporation or to request reconsideration.

[64 FR 52630, Sept. 30, 1999. Redesignated and amended at 65 FR 9995, 9996, Feb. 25, 2000]

§ 1484.76 Can a Cooperator appeal the determinations of the Deputy Administrator?

(a) The Cooperator may appeal the determinations of the Deputy Administrator to the Administrator. An appeal must be in writing and be submitted to the Office of the Administrator within 30 days following the date of the initial determination by the Deputy Administrator or the determination on reconsideration. The Cooperator may request a hearing.

(b) If the Cooperator submits its appeal and requests a hearing, the Administrator, or the Administrator's designee, will set a date and time, generally within 60 days. The hearing will be an informal proceeding. A transcript will not ordinarily be prepared unless the Cooperator bears the cost of a transcript; however, the Administrator may have a transcript prepared at FAS's expense.

(c) The Administrator will base the determination on appeal upon informa-

7 CFR Ch. XIV (1-1-06 Edition)

tion contained in the administrative record and will endeavor to make a determination within 60 days after submission of the appeal, hearing, or receipt of any transcript, whichever is later. The determination of the Administrator will be the final determination of FAS. The Cooperator must exhaust all administrative remedies contained in this section before pursuing judicial review of a determination by the Administrator.

Subpart B—Market Access Program

§ 1485.10 General purpose and scope.

(a) This subpart sets forth the policies underlying the Commodity Credit Corporation's (CCC) operation of the Market Access Program (MAP), and a

subcomponent of that program, the Export Incentive Program/Market Access Program (EIP/MAP). It also establishes the general terms and conditions applicable to MAP and EIP/MAP agreements.

(b) Under the MAP, CCC enters into agreements with nonprofit trade organizations to share the costs of certain overseas marketing and promotion activities that are intended to develop, maintain or expand commercial export markets for U.S. agricultural commodities and products. MAP participants may receive assistance for either generic or brand promotion activities. EIP/MAP participants are U.S. commercial entities that receive assistance for brand promotion activities.

(c) The MAP and EIP/MAP generally operate on a reimbursement basis, and CCC may, at its option, provide such reimbursement either in cash or in CCC commodity certificates.

(d) CCC's policy is to ensure that benefits generated by MAP and EIP/MAP agreements are broadly available throughout the relevant agricultural sector and no one entity gains an undue advantage. The MAP and EIP/MAP are administered by personnel of the Foreign Agricultural Service.

§ 1485.11 Definitions.

For purposes of this subpart the following definitions apply:

Activity—a specific market development effort undertaken by a participant.

Activity plan—a document which details a participant's proposed activities and budget. (*Activity plan* is used in lieu of the term *Marketing plan* to avoid administrative confusion with plans submitted under the Cooperator Foreign Market Development Program.)

Agricultural commodity—an agricultural commodity, food, feed, fiber, wood, livestock or insect, and any product thereof; and fish harvested from a U.S. aquaculture farm, or harvested by a vessel as defined in title 46, United States Code, in waters that are not waters (including the territorial sea) of a foreign country.

APAR—activity plan amendment request.

Attache/Counselor—the FAS employee representing USDA interests in the foreign country in which promotional activities are conducted.

[60 FR 6363, Feb. 1, 1995, as amended at 61 FR 32644, June 25, 1996; 63 FR 29940, June 2, 1998]

§ 1485.14 Application approval and formation of agreements.

(a) *General.* CCC will, consistent with available resources, approve those applications which it considers to present the best opportunity for developing, maintaining or expanding export markets for U.S. agricultural commodities. The selection process, by its nature, involves the exercise of judgment. CCC's choice of participants and proposed promotion projects requires that it consider and weigh a number of factors that cannot be mathematically measured—i.e., market opportunity, market strategy and management capability.

(b) *Approval criteria.* In assessing the applications it receives and determining which it will approve, CCC considers the following criteria:

(1) The effectiveness of program management;

(2) Soundness of accounting procedures;

(3) The nature of the applicant organization, with greater weight given to those organizations with the broadest base of producer representation;

(4) Prior export promotion or direct export experience;

(5) Previous MAP funding;

(6) Adequacy of the applicant's strategic plan in the following categories:

(i) Description of market conditions;

(ii) Description of, and plan for addressing, market constraints;

(iii) Reasonable likelihood of plan success;

(iv) Export volume and value and market share goals in each country;

(v) Description of evaluation plan and suitability of the plan for performance measurement; and

(vi) Past program results and evaluations, if applicable.

(c) *Allocation factors.* After determining which applications to approve, CCC determines how it will allocate resources among participants based on the following factors, in addition to those in paragraph (b) of this section:

(1) Size of the budget request in relation to projected value of exports;

§ 1485.15

7 CFR Ch. XIV (1-1-06 Edition)

(2) Where applicable, size of the budget request in relation to actual value of exports in prior years;

(3) Where applicable, participant's past projections of exports compared with actual exports;

(4) Level of participant's, State's, and industry's contributions;

(5) Market share goals in target country(ies);

(6) The degree to which the product to be exported consists of U.S. grown agricultural commodities;

(7) The degree of value-added processing in the U.S.; and

(8) General administrative and overhead costs compared to direct promotional costs.

(9) In the case of a brand promotion program, the percentage of the budget that will be made available to small-sized entities as a means of providing priority assistance to such entities.

(d) *Approval decision.* (1) CCC will approve those applications which it determines best satisfy the criteria and factors specified above. In addition, CCC will only approve applications for EIP/MAP when there is sufficient U.S. industry need for a brand promotion and there is no eligible MAP participant interested in or capable of undertaking the brand promotion.

(2) CCC will not provide assistance to a single company for brand promotion in a single country for more than five years. This five year period shall not begin prior to the 1994 program or the participant's first activity plan year, whichever is later. In limited circumstances, the five year limitation may be waived if the Deputy Administrator determines that further assistance is necessary in order to meet the objectives of the program.

(e) *Formation of agreements.* CCC will notify each applicant in writing of the final disposition of its application. CCC will send a program agreement, allocation approval letter and a signature card to each approved applicant. The allocation approval letter will specify any special terms and conditions applicable to a participant's program, including the required level of participant contribution. An applicant that decides to accept the terms and conditions contained in the program agreement and allocation approval letter

should so indicate by having its Chief Executive Officer sign the program agreement and by submitting the signed agreement to the Director, Marketing Operations Staff, FAS, USDA. Final agreement shall occur when the Administrator signs the agreement on behalf of CCC. The application, the program agreement, the allocation approval letter and these regulations shall establish the terms and conditions of an MAP or EIP/MAP agreement between CCC and the approved applicant.

(f) *Signature cards.* The participant shall designate at least two individuals in its organization to sign program agreements, reimbursement claims and advance requests. The participant shall submit the signature card signed by those designated individuals and by the participant's Chief Executive Officer to the Director, Marketing Operations Staff, FAS, USDA, and shall immediately notify the Director of any changes in signatories and shall submit a revised signature card accordingly.

[60 FR 6363, Feb. 1, 1995, as amended at 61 FR 32644, June 25, 1996; 63 FR 29940, June 2, 1998]

§ 1485.15 Activity plan.

(a) *General.* A participant shall develop a specific activity plan(s) based on its strategic plan and the allocation approval letter and shall submit an activity plan for each year in which it engages in program activities. An activity plan handbook, available from the Division Director, provides suggested formats and codes for activity plans and amendments.

(b) An activity plan shall contain:

(1) A written presentation of all proposed activities including:

(i) A short description of the relevant constraint;

(ii) A description of any changes in strategy from the strategic plan;

(iii) A budget for each proposed activity, identifying the source of funds;

(iv) Specific goals and benchmarks to be used to measure the effectiveness of each activity. This will assist CCC in carrying out its responsibilities under the Government Performance and Results Act of 1993 that requires performance measurement of Federal programs, including the MAP. Evaluation of MAP's effectiveness will depend on a

clear statement by participants of goals, method of achievement, and results of activities at regular intervals. The overall goal of the MAP and of individual participants' activities is to achieve additional exports of U.S. agricultural products, that is, sales that would not have occurred in the absence of MAP funding.

(2) A staffing plan for any overseas office, including a listing of job titles, position descriptions, salary ranges and any request for approval of supergrade salaries; and

(3) An itemized administrative budget for any overseas office.

(c) Activity plans for small-sized entities operating through an SRTG shall contain a certification that it is a small-sized entity within the standards established by 13 CFR part 121.

(d) *Requests for approval of "supergrades"*. (1) Ordinarily, CCC will not reimburse any portion of a non-U.S. citizen employee compensation that exceeds the highest salary level in the Foreign Service National (FSN) salary plan applicable to the country in which the employee works. However, a participant may seek a higher level of reimbursement for a non-U.S. citizen who will be employed as a country director or regional director by requesting that CCC approve that employee as a "supergrade".

(2) To request approval of a "supergrade", the participant shall include in its activity plan a detailed description of both the duties and responsibilities of the position, and of the qualifications and background of the employee concerned. The participant shall also justify why the highest FSN salary level is insufficient.

(3) Where a non-U.S. citizen will be employed as a country director, the MAP participant may request approval for a "Supergrade I" salary level, equivalent to a grade increase over the existing top grade of the FSN salary plan. The "supergrade" and its step increases are calculated as the percentage difference between the second highest and the highest grade in the FSN salary plan with that percentage applied to each of the steps in the top grade. Where the non-U.S. citizen will be employed as a regional director, with responsibility for activities and/or

offices in more than one country, the MAP participant may request approval for a "Supergrade II" salary level which is calculated relative to a "Supergrade I" in the same way the latter is calculated relative to the highest grade in the FSN salary plan.

(e) *Submission of the activity plan*. A participant shall submit three copies of an activity plan to the Division Director and a copy of the relevant country section(s) to the Attaché/Counselor(s) concerned.

(f) *Activity plan approval*. CCC shall indicate in an activity plan approval letter which activities and budgets are approved or disapproved, and shall indicate any special terms and conditions that apply to the participant including any requirements with respect to contributions and program evaluations. A participant may undertake promotional activities directly or through a foreign third party; however, the participant shall be responsible and accountable to CCC for all such promotional activities and related expenditures.

(g) *Activity plan changes*. (1) A participant may request changes to an activity plan by submitting one copy of an APAR to each of the Division Director and the Attaché/Counselor(s) concerned.

(2) An APAR for a new activity shall contain the information required in paragraph (b) of this section. All other APAR's shall contain the activity description, the proposed budget and a justification for transfer of funds, if applicable.

§ 1485.16 Reimbursement rules.

(a) A participant may seek reimbursement for an expenditure if:

(1) The expenditure was made in furtherance of an approved activity; and

(2) The participant has not been or will not be reimbursed for such expenditure by any other source.

(b) Subject to paragraph (a) of this section, CCC will reimburse, in whole or in part, the cost of:

(1) Production and placement of advertising in print or electronic media or on billboards or posters;

(11) The design and production of packaging, labeling or origin identification, to be used during the activity plan year in which the expenditure is made, if such packaging, labeling or origin identification are necessary to meet the importing requirements in a foreign country.

(c) Subject to paragraph (a) of this section, but for generic promotion activities only, CCC will also reimburse, in whole or in part, the cost of:

(1) Compensation and allowances for housing, educational tuition, and cost of living adjustments paid to a U.S. citizen employee or a U.S. citizen contractor stationed overseas subject to

the limitation that CCC shall not reimburse that portion of:

(i) The total of compensation and allowances that exceed 125 percent of the level of a GS-15 Step 10 salary for U.S. Government employees, and

(ii) Allowances that exceed the rate authorized for U.S. Embassy personnel;

(2) Approved "supergrade" salaries for non-U.S. citizens and non-U.S. contractors;

(f) For a generic promotion activity involving the use of company names, logos or brand names, the MAP participant must ensure that all companies seeking to promote U.S. agricultural commodities have an equal opportunity to participate in the activity.

(g) For a brand promotion activity, CCC will reimburse at a rate equal to the percentage of U.S. origin content of the promoted agricultural commodity or at a rate of 50 percent, whichever is the lesser, except that CCC may reimburse for a higher rate if:

(1) There has been an affirmative action by the U.S. Trade Representative under Section 301 of the Trade Act of 1974 with respect to the unfair trade practice cited and there has been no final resolution of the case; and

(2) The participant shows, in comparison to the year such Section 301 case was initiated, that U.S. market share of the agricultural commodity concerned has decreased; and

(3) In such case, CCC shall determine the appropriate rate of reimbursement.

(h) CCC will reimburse for expenditures made after the conclusion of participant's activity plan year provided:

(1) The activity was approved prior to the end of the activity plan year;

(2) The activity was completed within 30 calendar days following the end of the activity plan year; and

(3) All expenditures were made for the activity within 6 months following the end of the activity plan year.

(2) Activity number;

(3) Commodity aggregate code;

(6) Amount to be reimbursed;

(7) If applicable, any reduction in the amount of reimbursement claimed to offset CCC demand for refund of amounts previously reimbursed, and reference to the relevant Compliance Report; and

(8) If applicable, any amount previously claimed that has not been reimbursed.

(b) All claims for reimbursement shall be submitted by the participant's U.S. office to the Director, Marketing Operations Staff, FAS, USDA.

§ 1485.20

(g) If a participant receives a reimbursement or offsets an advanced payment which is later disallowed, the participant shall within 30 days of such disallowance repay CCC the amount owed either by submitting a check payable to CCC or by offsetting its next reimbursement claim.

(h) The participant shall report any actions having a bearing on the propriety of any claims for reimbursement to the Attache/Counselor and its U.S. office shall report such actions in writing to the Division Director(s).

§ 1485.18 Advances.

(a) *Policy.* In general, CCC operates MAP and EIP/MAP on a reimbursable basis. CCC will not advance funds to an EIP/MAP participant or to an MAP participant for brand promotion activities.

(b) *Exception.* Upon request, CCC may advance payments to an MAP participant for generic promotion activities. Prior to making an advance, CCC may require the participant to submit security in a form and amount acceptable to CCC to protect CCC's financial interests. Total payments advanced shall not exceed 40 percent of a participant's approved annual generic activity budget. However, CCC will not make any advance to an MAP participant where an advance is outstanding from a prior activity plan year.

(c) *Refunds due CCC.* A participant shall expend the advance on approved generic promotion activities within 90 calendar days after the date of disbursement by CCC. A participant shall return any unexpended portion of the advance, plus a prorated share of all proceeds generated (i.e., premiums generated from certificate sales and interest earned), either by submitting a check payable to CCC or by offsetting its next reimbursement claim. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

§ 1485.19 Employment practices.

(a) An MAP participant shall enter into written contracts with all employees and shall ensure that all terms, conditions, and related formalities of such contracts conform to governing local law.

(b) An MAP participant shall, in its overseas office, conform its office hours, work week and holidays to local law and to the custom generally observed by U.S. commercial entities in the local business community.

(c) An MAP participant may pay salaries or fees in any currency (U.S. or foreign) if approved by the Attache/Counselor. However, participants are cautioned to consult local laws regarding currency restrictions.

§ 1485.20 Financial management, reports, evaluations and appeals.

(a) *Financial management.* (1) An MAP participant shall implement and maintain a financial management system that conforms to generally accepted accounting principles.

(2) An MAP participant shall institute internal controls and provide written guidance to commercial entities participating in its activities to ensure their compliance with these provisions. Each participant shall maintain all original records and documents relating to program activities for five calendar years following the end of the applicable activity plan year and shall make such records and documents available upon request to authorized officials of the U.S. Government. An MAP participant shall also maintain all documents related to employment such as employment applications, contracts, position descriptions, leave records and salary changes, and all records pertaining to contractors.

(3) A participant shall maintain its records of expenditures and contributions in a manner that allows it to provide information by activity plan, country, activity number and cost category. Such records shall include:

(i) Receipts for all STRE (actual vendor invoices or restaurant checks, rather than credit card receipts);

(ii) Original receipts for any other program related expenditure in excess of \$25.00;

(iii) The exchange rate used to calculate the dollar equivalent of expenditures made in a foreign currency and the basis for such calculation;

(iv) Copies of reimbursement claims;

(v) An itemized list of claims charged to each of the participant's CCC resources accounts;

(vi) Documentation with accompanying English translation supporting each reimbursement claim, including original evidence to support the financial transactions such as canceled checks, receipted paid bills, contracts or purchase orders, per diem calculations, travel vouchers, and credit memos; and

(vii) Documentation supporting contributions must include: the dates, purpose and location of the activity for which the cash or in-kind items were claimed as a contribution; who conducted the activity; the participating groups or individuals; and, the method of computing the claimed contributions. MAP participants must retain and make available for audit documentation related to claimed contributions.

(4) Upon request, a participant shall provide to CCC originals of documents supporting reimbursement claims.

(b) *Reports.* (1) *End-of-Year Contribution Report.* Not later than 6 months after the end of its activity plan year, a participant shall submit two copies of a report which identifies, by activity and cost category and in U.S. dollar equivalent, contributions made by the participant, the U.S. industry and foreign third parties during that activity plan year. A suggested format of a contribution report is available from the Division Director.

(2) *Trip reports.* Not later than 45 days after completion of travel (other than local travel), an MAP participant shall submit a trip report. The report must include the name(s) of the traveler(s), purpose of travel, itinerary, names and affiliations of contacts, and a brief summary of findings, conclusions, recommendations or specific accomplishments.

(3) *Research reports.* Not later than 6 months after the end of its activity plan year, an MAP participant shall submit a report on any research conducted in accordance with the activity plan.

(4) A participant shall submit the reports required by this subsection to the appropriate Division Director. Trip reports and research reports shall also be submitted to the Attache/Counselor concerned. All reports shall be in English and include the participant's

agreement number, the countries covered, date of the report and the period covered in the report.

(5) CCC may require the submission of additional reports.

(6) A participant shall provide to the FAS Compliance Review Staff upon request any audit reports by independent public accountants.

(c) *Evaluation—(1) Policy.* (i) The Government Performance and Results Act (GPRA) of 1993 (5 U.S.C. 306; 31 U.S.C. 1105, 1115-1119, 3515, 9703-9704) requires performance measurement of Federal programs, including MAP. Evaluation of MAP's effectiveness will depend on a clear statement by participants of goals to be met within a specified time, schedule of measurable milestones for gauging success, plan for achievement, and results of activities at regular intervals. The overall goal of the MAP and of individual participants' activities is to achieve additional exports of U.S. agricultural products, that is, sales that would not have occurred in the absence of MAP funding. A participant that can demonstrate additional sales compared to a representative base period, taking into account extenuating factors beyond the participant's control, will have met the overall objective of the GPRA and the need for evaluation.

(ii) Evaluation is an integral element of program planning and implementation, providing the basis for the strategic plan and activity plan. The evaluation results guide the development and scope of a participant's program, contributing to program accountability and providing evidence of program effectiveness.

(iii) An MAP participant shall conduct periodic evaluations of its program and activities and may contract with an independent evaluator to satisfy this requirement. CCC reserves the right to have direct input and control over design, scope and methodology of any such evaluation, including direct contact with and provision of guidance to the independent evaluator.

(2) *Types of evaluation.* (i) An activity evaluation is a review of an activity to determine whether such activity achieved the goals specified in the activity plan. Unless specifically exempted in the activity plan, all activity

evaluations shall be completed within 90 days following the end of the MAP participant's activity plan year.

(ii) A brand promotion evaluation is a review of the U.S. and foreign commercial entities' export sales to determine whether the activity achieved the goals specified in the activity plan. These evaluations shall be completed within 90 days following the end of the participant's activity plan year.

(iii) A program evaluation is a review of the MAP participant's entire program or any appropriate portion of the program to determine the effectiveness of the participant's strategy in meeting specified goals. An MAP participant shall complete at least one program evaluation each year. Actual scope and timing of the program evaluation shall be determined by the MAP participant and the Division Director and specified in the MAP participant's activity plan approval letter.

(3) *Contents of program evaluation.* A program evaluation shall contain:

(i) The name of the party conducting the evaluation;

(ii) The activities covered by the evaluation (including the activity numbers);

(iii) A concise statement of the constraint(s) and the goals specified in the activity plan;

(iv) A description of the evaluation methodology;

(v) A description of additional export sales achieved, including the ratio of additional export sales in relation to MAP funding received;

(vi) A summary of the findings, including an analysis of the strengths and weaknesses of the program(s); and

(vii) Recommendations for future programs.

(4) An MAP participant shall submit via a cover letter to the Division Director, an executive summary which provides assessment of the program evaluation's findings and recommendations and proposed changes in program strategy or design as a result of the evaluation.

(5) If as a result of an evaluation or audit of activities of a participant under the program, CCC determines that further review is needed in order to ensure compliance with the requirements of the program, CCC may re-

quire the participant to contract for an independent audit of the program activities,

(d) *Appeals.* (1) The Director, Compliance Review Staff (Director, CRS) will notify a participant through a compliance report when it appears that CCC may be entitled to recover funds from that participant. The compliance report will state the basis for this action.

(2) A participant may, within 60 days of the date of the compliance report, submit a response to the Director, CRS. The Director, CRS, at the Director's discretion, may extend the period for response up to an additional 30 days. If the participant does not respond to the compliance report within the required time period or, if after review of the participant's response, the Director, CRS, determines that CCC may be entitled to recover funds from the participant, the Director, CRS, will refer the compliance report to the Deputy Administrator.

(3) If after review of the compliance report and response, the Deputy Administrator determines that the participant owes any money to CCC he will so inform the participant and provide the basis for the decision. The Deputy Administrator may initiate action to collect such amount pursuant to 7 C.F.R. Part 1403, Debt Settlement Policies and Procedures. Determinations of the Deputy Administrator will be in writing and in sufficient detail to inform the participant of the basis for the determination. The participant may request reconsideration within 30 days of the date of the Deputy Administrator's initial determination.

(4) The Participant may appeal determinations of the Deputy Administrator to the Administrator. An appeal must be in writing and be submitted to the office of the Deputy Administrator within 30 days following the date of the initial determination by the Deputy Administrator or the determination on reconsideration. The participant may request a hearing.

(5) If the participant submits its appeal and requests a hearing, the Administrator, or the Administrator's designee, will set a date and time, generally within 60 days. The hearing will be an informal proceeding. A transcript will not ordinarily be prepared unless

§ 1485.21

the participant bears the cost of a transcript; however, the Administrator may have a transcript prepared at CCC's expense.

(6) The Administrator will base the determination on appeal upon information contained in the administrative record and will endeavor to make a determination within 60 days after submission of the appeal, hearing or receipt of any transcript, whichever is later. The determination of the Administrator will be the final determination of CCC. The participant must exhaust all administrative remedies contained in this subsection before pursuing judicial review of a determination by the Administrator.

§ 1485.21 Failure to make required contribution.

An MAP participant's contribution requirement will be specified in the MAP allocation letter and the activity plan approval letter. The amount specified will be the amount of contribution to be furnished by the applicant and other sources as indicated in the participant's application. The MAP participant shall pay to CCC in dollars the difference between the amount actually contributed and the amount specified in the allocation approval letter. An MAP participant shall remit such payment within 90 days after the end of its activity plan year.

§ 1485.22 Submissions.

The participant may make any submissions required by this regulation either by hand delivery to the Director, Marketing Operations Staff, FAS, USDA or by commercial service delivery or U.S. mail. If delivery occurs by commercial "next-day" mail service or U.S. regular mail, first class prepaid, the material shall be deemed submitted as of the date of the commercial service or U.S. registered mail receipt. For all other permissible methods of delivery, the material shall be deemed submitted as of the date received by the Director, Marketing Operations Staff, FAS, USDA.

7 CFR Ch. XIV (1-1-06 Edition)

(2) If requested by a person located in the United States, a participant shall provide a copy of any document in its possession or control containing market information developed and produced under the terms of its agreement. (2) Neither an MAP participant nor its affiliates shall make export sales of agricultural commodities and products covered under the terms of the agreement. Neither an MAP participant nor its affiliates shall charge a fee for facilitating an export sale. A participant may, however, collect check-off funds and membership fees that are required for membership in the participating organization. For the purposes of this paragraph, "affiliate" means any partnership, association, company, corporation, trust, or any other such party in which the participant has an investment other than in a mutual fund.

(3) An MAP participant shall not limit participation to members of its organization. The MAP participant shall publicize its program and make participation possible for commercial entities throughout the participant's industry or, in the case of SRTGs, throughout the corresponding region.

(4) A participant shall select U.S. agricultural industry representatives to participate in activities such as trade teams, sales teams, and trade fairs based on criteria that ensure participation on an equitable basis by a broad

Commodity Credit Corporation, USDA

§ 1485.23

cross section of the U.S. industry. If requested, a participant shall submit such selection criteria to CCC for approval.

(5) All participants should endeavor to ensure fair and accurate fact-based advertising. Deceptive or misleading promotions may result in cancellation or termination of an agreement.

(6) The participant must report any actions or circumstances that have a bearing on the propriety of the program to the Attaché/Counselor and its U.S. office shall report such actions in writing to the Division Director.

(c) *Contracting procedures.* (1) Neither the Commodity Credit Corporation (CCC) nor any other agency of the United States Government or any official or employee of the CCC or the United States Government has any obligation or responsibility with respect to participant contracts with third parties.

(2) A participant shall:

(i) Ensure that all expenditures for goods and services reimbursed, in excess of \$25.00, by CCC are documented by a purchase order, invoice, or contract and that such documentation demonstrates competition in acquiring the goods or services;

(ii) Ensure that no employee or officer participates in the selection or award of a contract in which such employee or official, or the employee's or officer's family or partners has a financial interest;

(d) *Disposable capital goods.* (1) Capital goods purchased by the MAP participant and reimbursed by CCC that are

unusable, unserviceable, or no longer needed for project purposes shall be disposed of in one of the following ways:

(i) The participant may exchange or sell the goods provided that it applies any exchange allowance, insurance proceeds or sales proceeds toward the purchase of other property needed in the project;

(ii) The participant may, with CCC approval, transfer the goods to other MAP participants and activities, or to a foreign third party; or

(iii) The participant may, upon Attaché/Counselor approval, donate the goods to a local charity, or convey the goods to the Attaché/Counselor, along with an itemized inventory list and any documents of title.

(2) A participant shall maintain an inventory of all capital goods with a value of \$100 acquired in furtherance of program activities. The inventory shall list and number each item and include the date of purchase or acquisition, cost of purchase, replacement value, serial number, make, model, and electrical requirements.

(e) *Contracts between MAP participants and brand participants.* Where CCC approves an application for brand promotion, the MAP participant shall enter into an agreement with each approved brand participant which shall:

(1) Specify a time period for such brand promotion, and require that all brand promotion expenditures be made within the MAP participant's approved activity plan period;

(2) Make no allowance for extension or renewal;

(3) Limit reimbursable expenditures to those made in countries and for activities approved in the activity plan;

(4) Specify the percentage of promotion expenditures that will be reimbursed, reimbursement procedures and documentation requirements;

A participant may request an exemption from this requirement. All such requests shall be in writing and include justification satisfactory to the Deputy Administrator that this labelling requirement would hinder a participant’s promotional efforts. The Deputy Administrator will determine, on a case by case basis, whether sufficient justification exists to grant an exemption from the labelling requirement;

(7) Specify documentation requirements for a U.S. brand applicant seeking priority consideration for assistance based on eligibility as a small-sized entity;

U.S.”, “Grown in the U.S.A.”, “Made in America” or other U.S. regional designation if approved in advance by CCC; such origin identification is conspicuously displayed in a manner that is easily observed, and that, to the fullest extent possible, the origin identification conforms to the U.S. standard of 1/6” (.42 centimeters) in height based on the lower case letter “o”. An EIP/MAP participant may request an exemption from this requirement. (g) Travel shall conform to U.S. Federal Travel Regulations (41 CFR parts 301 through 304) and air travel shall conform to the requirements of the “Fly America Act (49 U.S.C. 1517).” The MAP participant shall notify the Attaché/Counselor in the destination countries in writing in advance of any proposed travel.

Subpart A—General Information

§ 1486.100 What is the Emerging Markets Program?

(a) The principal purpose of the EMP is to assist U.S. entities in developing, maintaining, or expanding the exports of U.S. agricultural commodities and products by providing partial funding for technical assistance activities that promote U.S. agricultural exports to emerging markets, a consistent with U.S. foreign policy interests. The Program is intended primarily to support export market development efforts of the private sector, but the Program's resources may also be used to assist

public agricultural organizations as well. Technical assistance may include activities such as feasibility studies, market research, sector assessments, orientation visits, specialized training, business workshops, and similar undertakings.

(b) The EMP may be used to support exports of U.S. agricultural commodities and products only through generic activities.

(c) Only initiatives that support the export of U.S. agricultural commodities and products are eligible for assistance from the program. The program's resources may not be used to support the export of another country's products to the United States, or to promote the development of a foreign economy as a primary objective.

(d) The program is administered by personnel of USDA's Foreign Agricultural Service.

§ 1486.101 What special definitions apply to this program?

§ 1486.102 Is there a list of eligible emerging market countries?

The World Bank periodically redefines the income limits on upper middle-income economies. Consequently, an absolute list of “emerging market” countries has not been established. However, CCC will provide general guidance on country eligibility in each program announcement.

§ 1486.103 Are regional projects possible under the program?

Projects that focus on regions, such as the Caribbean Basin, rather than individual countries, are eligible for consideration provided such projects target qualifying emerging markets in the specified region. CCC may consider activities which target qualified emerging markets in a specific region, but are conducted in a non-emerging market because of its importance as a central location and ease of access to that region.

Subpart B—Eligibility, Applications, and Funding

§ 1486.200 What entities are eligible to participate in the program?

To participate in the EMP, U.S. private or government entities must demonstrate a role or interest in the exports of U.S. agricultural commodities or products. Government organizations consist of federal, state, and local agencies. Private entities include non-profit trade associations, universities, agricultural cooperatives, state regional trade groups, and profit-making entities and consulting businesses.

§ 1486.201 Under what conditions may research and consultant organizations, individuals, or any other for-profit entity apply to the program?

(a) Proposals from research and consulting entities will be considered for funding assistance only with evidence of substantial participation in and financial support by U.S. industry to a proposed project. Such support most credibly is provided in the form of actual monetary contributions to the cost of a project.

(b) For-profit entities shall not use program funds to conduct private business or to promote private self-interests. For-profit entities may not use program funds to supplement the costs of normal day-to-day operations or to promote their own products or services beyond specific uses approved in a given project.

§ 1486.202 Are there any ineligible entities?

Foreign organizations, whether government or private, may participate as third parties in activities carried out by U.S. entities, but are not eligible for funding assistance from the program.

§ 1486.203 Which commodities/products are eligible for consideration under the program?

All U.S. agricultural commodities/products except tobacco are eligible for consideration. Agricultural product(s) should be comprised of at least 50 percent U.S. origin content by weight, exclusive of added water, to be eligible for funding. Projects which seek support for multiple commodities are also eligible.

§ 1486.204 Are multi-year proposals eligible for funding?

Proposals for projects exceeding 1 year in duration may be considered. If approved, funding for multi-year projects is normally provided 1 year at a time, with commitments beyond the first year subject to interim evaluations intended to assess the progress of the project toward meeting its intended objectives.

§ 1486.205 What types of funding are available under the program?

CCC has established three pools of funding within the EMP—the Central Fund, the Quick Response Marketing Fund, and the Technical Issues Resolution Fund. Each year CCC will inform the public of the process by which interested eligible entities may submit proposals for funding under the Central Fund. Because of the time sensitive nature of issues intended to be addressed, the Quick Response Marketing Fund and the Technical Issues Resolution Fund will be available continuously with no application deadline.

§ 1486.206 What is the Quick Response Marketing Fund?

(a) This fund was established to address priority constraints to market access that arise because of unforeseen events; market conditions in emerging markets are often less predictable than in more developed countries. It allows responsiveness to time-sensitive marketing problems or opportunities, such as a change in an import regime or the removal of a trade embargo; an unexpected or unusual change in the political or financial situation in a country; or a significant change in crop conditions—any of which may have an immediate impact on the access of particular commodities or products to specific markets.

(b) Proposals for the Quick Response Marketing Fund must identify specific market access issues that also face time constraints. Application content, evaluation, and reporting requirements are the same as for the Central Fund.

§ 1486.207 What is the Technical Issues Resolution Fund?

(a) This fund was established to address technical barriers to trade in emerging markets worldwide by providing technical assistance, training, and exchange of expertise. These include plant quarantine, animal health, food safety, and other technical barriers to U.S. exports based on unsound or incomplete scientific information.

(b) Funding priorities are principally those issues that are time sensitive and are strategic areas of longer term interest. Funding decisions are determined primarily through a review proc-

ess that includes FAS and relevant regulatory agencies. The review is based upon the following criteria:

(1) The activity occurs in an eligible country or region of market priority;

(2) The trade constraint warrants intervention;

(3) The proposed activity is likely to achieve an impact in the short-or long-term;

(4) The Recipient is qualified to undertake the proposed activity;

(5) The budget requested is reasonable and includes leveraged resources;

(6) If applicable, a U.S. domestic constraint or trade issue can be resolved in support of a proposed activity; and

(7) The activity has support from USDA field offices.

(c) Because of the time sensitive nature of the issues intended to be addressed by these funds, proposals, whether private or government, may be submitted at any time during the year. Reviews of proposals are scheduled on a monthly basis. An expedited review may be requested but must be justified.

(d) Application content, evaluation, and reporting requirements are the same as for the Central Fund.

§ 1486.208 How does an entity apply to the program?

CCC will periodically announce that it is accepting proposals for participation in the EMP. All relevant information, including application deadlines (for the Central Fund) and proposal content, will be noted in the announcement, and proposals must be submitted in accordance with the terms and requirements specified in the announcement. CCC may request any additional information it deems necessary from any applicant in order to evaluate properly any proposal.

§ 1486.209 How are program applications evaluated and approved?

(a) *General.* Proposals received by the application deadline stated in the announcement for the Central Fund undergo a multi-phase review by FAS staff and the EMP Advisory Committee to determine qualifications, quality and appropriateness of projects, and reasonableness of project budgets.

(b) *Evaluation criteria.* FAS will consider a number of factors when reviewing proposals, including:

(1) The ability of the entity to provide an experienced U.S.-based staff with knowledge and expertise to ensure adequate development, supervision, and execution of the proposed project;

(2) The entity's willingness to contribute resources, including cash and goods and services of the U.S. industry, with greater weight given to cash contributions (for private sector proposals only);

(3) The conditions or constraints affecting the level of U.S. exports and market share for the agricultural commodity/product;

(4) The degree to which the proposed project is likely to contribute to the development, maintenance, or expansion of U.S. agricultural exports to emerging markets;

(5) Demonstration of how a proposed project will benefit a particular industry as a whole; and

(6) Past program results and evaluations, if applicable.

(7) The following priority technical assistance activities:

(i) Projects and activities which use technical assistance designed specifically to improve market access in emerging markets such as activities intended to mitigate the impact of sudden political events or economic and currency crises in order to maintain U.S. market share;

(ii) Marketing and distribution of value-added products, including new products or new uses. Examples include food service development, market research on potential for consumer-ready foods or new uses of a product, and export feasibility studies.

(iii) Studies of food distribution channels in emerging markets, including infrastructural impediments to U.S. exports; such studies may include cross-commodity activities which focus on problems which affect more than one industry, *e.g.*, grain storage handling and inventory systems development;

(iv) Projects that specifically address various constraints to U.S. exports, including sanitary and phytosanitary issues and other non-tariff barriers;

(v) Assessments and follow-up activities designed to improve country-wide food and business systems, to reduce trade barriers, to increase prospects for U.S. trade and investment in emerging markets, or to determine the potential use for general export credit guarantees;

(vi) Projects that help foreign governments collect and use market information and develop free trade policies that benefit American exporters as well as the target country or countries; and

(vii) Short-term training in agriculture and agribusiness trade that will benefit U.S. exporters, including seminars and training at trade shows designed to expand the potential for U.S. agricultural exports by focusing on the trading system.

(c) *Approval decision.* CCC will approve those applications that it determines best satisfy the criteria and factors specified in paragraph (b) of this section. All decisions regarding the disposition of an application are final.

§ 1486.210 Are there any limits on the funding of proposals?

(a) The EMP is a relatively small program intended primarily to promote access to qualified emerging markets. Its funds are intended for focused projects with specific activities, rather than expansive concept papers which contain only broad ideas. Large, overly expensive projects (*e.g.*, in excess of approximately \$500,000) are rarely appropriate for the program.

(b) CCC will not reimburse 100 percent of the cost of any project undertaken by the private sector. The program is intended to provide appropriate assistance to projects which also have a significant amount of financial contributions from other sources, especially U.S. private industry.

(c) Funding for continuing and substantially similar projects is generally limited to 3 years. After that time, the project is assumed to have proven its viability and, if necessary, should be continued by the Recipient with its own or with alternative sources of funding.

Subpart C—Program Operations

§ 1486.300 How are applicants notified of decisions on their applications?

FAS will notify each applicant in writing of the final decision on its application. For approvals, letters will contain the notice of approval and any required qualifications or adjustments to the original proposal. For rejections, letters will explain reasons why the proposals were not approved for funding.

§ 1486.301 How is the working relationship established between CCC and the Recipient of program funding?

(a) FAS will send an approval letter followed by a project agreement to each approved applicant. The approval letter and agreement will specify the terms and conditions applicable to the project, including the levels of EMP funding and cost-share contribution requirements. The applicant is authorized to begin implementation of the project as of the date of the approval letter, unless otherwise indicated.

(b) An applicant who accepts the terms and conditions contained in the agreement should so indicate by having the appropriate authorizing official sign the agreement and submit it to the Director, Marketing Operations Staff, FAS, USDA. The applicant may not be reimbursed for approved project expenses until the Recipient's authorizing official and CCC have signed the agreement.

§ 1486.302 Can changes be made to a project once it has been approved?

(a) Approved projects may be modified if circumstances change in such a way that they would likely affect the progress and ultimate success of a project. All requests for project modifications must be made in writing to FAS and must include:

- (1) A justification as to why changes to the project as originally designed are needed;
- (2) An explanation of the necessary adjustments in approach or strategy;
- (3) A description of necessary changes in the project's time line(s); and

(4) Necessary changes to the project's budget (*e.g.*, shifting of budgetary resources from one line item to another in order to accommodate the changes).

(b) Extensions of project time lines must be approved and made by FAS.

§ 1486.303 What specific contracting procedures must be adhered to?

(a) The Recipient has full and sole responsibility for the legal sufficiency of all contracts it may enter into with one or more third parties in order to carry out an approved project and shall assume financial liability for any costs or claims resulting from suits, challenges, or other disputes based on contracts entered into by the Recipient. Neither CCC nor any other agency of the United States Government or any official or employee of CCC or the United States Government has any obligation or responsibility with respect to Recipient contracts with third parties.

(b) Recipients are responsible for ensuring to the extent possible that the terms, conditions, and costs of contracts constitute the most economical and effective use of project funds.

(c) All fees for professional and consulting services paid to third parties in any part with project funds must be covered by written contracts.

(d) A Recipient shall:

(1) Ensure that all expenditures for goods and services in excess of \$25 reimbursed by CCC are documented by a purchase order, invoice, or contract;

(2) Ensure that no employee or officer participates in the selection or award of a contract in which such employee or officer, or the employee's or officer's family or partners has a financial interest or gains a financial benefit;

(3) Conduct all contracting in an open manner. Individuals who develop or draft specifications, requirements, statements of work, invitations for bids, or requests for proposals for procurement of any goods or services shall be excluded from competition for such procurement;

(4) Base each solicitation for professional or consulting services on a clear and accurate description of the requirements for the services to be procured;

(5) Perform some form of fee, price, or cost analysis, such as a comparison of price quotations to market prices or other price indicia, to determine the reasonableness of the offered fees or prices; and

(6) Document the decision-making process.

Subpart D—Contributions and Reimbursements

§ 1486.400 What are the rules on cost sharing?

(a) The EMP is intended to complement, not supplant, the efforts of the U.S. private sector. Therefore, no private sector proposal will be considered without the element of cost-share from the participant and/or U.S. partners.

(b) There is no minimum or maximum amount of cost share. The degree of commitment to a proposed project represented by the amount and type of private funding are both used in determining which proposals will be approved. The type of cost share is also not specified, though some contributions are ineligible (§ 1486.402 below). Cost-share may be actual cash invested or professional time of staff assigned to the project. Proposals in which the private sector is willing to commit funds, rather than in-kind items such as staff resources, and those with higher amounts of cost-share, will be given priority consideration.

(c) Cost-sharing is not required for proposals from federal, state, or local government agencies. It is mandatory from all other eligible entities, even when they are party to a joint proposal with a government agency.

(d) Contributions from federal, state, or local government agencies or programs may not be counted toward the cost share requirement. Similarly, contributions from foreign (non-U.S.) organizations may not be counted toward the cost share requirement, but may be included in the total cost of the project.

(e) An activity that is initiated by FAS, and undertaken by an entity at the request of FAS, may be exempted from the contribution requirement. This determination is made at the discretion of FAS.

§ 1486.401 What cost share contributions are eligible?

(a) Eligible contributions are those expenses that:

(1) Have not been or will not be reimbursed by any other source outside of the Recipient or other participating U.S. entity;

(2) Are incurred during the period covered by the project agreement;

(3) Are directly related to activities necessary to implement an approved project; and

(4) Are not proscribed under § 1486.402.

(b) Contributions must be included in a project's line item budget.

§ 1486.402 What are ineligible contributions?

(a) The following are not eligible as contributions:

(1) Normal operating expenses and other costs not directly related to the project;

(2) Any portion of salary or compensation of an individual who is the focus of a promotional activity;

(3) Depreciation, *e.g.*, office equipment;

(4) The cost of insuring articles owned by private individuals;

(5) The cost of product development or product modifications;

(6) Slotting fees or similar sales expenditures;

(7) Funds, services, capital goods, or personnel provided by any U.S. government agency;

(8) Capital investments made by a third party, such as permanent structures, real estate, and the purchase of office equipment and furniture;

(9) The value of any services generated by a third party which involve no expenditure by the Recipient or third party, *e.g.*, free publicity;

(10) The cost of developing any application/proposal for EMP funding;

(11) Costs included as contributions for any other federally-assisted project or program;

(12) Membership fees in clubs and social or professional organizations; and

(13) Any expenditure made prior to approval of an EMP-funded project.

(b) The Deputy Administrator shall determine, at his or her discretion, whether any cost not expressly listed

in this section may be included as an eligible contribution.

§ 1486.403 What expenditures may CCC reimburse under the program?

(a) A Recipient may seek reimbursement for an expenditure if:

(1) The expenditure is reasonable and is specified in the project budget in furtherance of an approved activity; and

(2) The Recipient has not been or will not be reimbursed for such expenditure by any other source.

(b) Subject to paragraph (a) of this section, CCC will reimburse, in whole or in part, the cost of:

(1) Salaries and benefits of the Recipient's existing personnel or any other participating entity that are assigned to EMP-funded projects; however, reimbursement is limited to:

(i) The actual daily rate paid by the Recipient for the employee's salary or the daily rate of a General Schedule U.S. Government employee, GS-15/Step 10 in effect during the calendar year in which the project or activity is approved for funding, whichever is less;

(ii) The actual assigned time of the employee to the project; and

(iii) Benefits at a maximum rate of 30 percent of the existing salary of the employee, prorated to the time assigned to the project. In addition, reimbursement for an employee's time spent on an EMP-funded project must be in lieu of compensation from the Recipient or any other participating entity.

(2) Consulting fees for professional services; however, reimbursement for consulting fees is limited to the daily rate of a General Schedule U.S. Government employee, GS-15/Step 10 in effect during the calendar year in which the project or activity is approved for funding. Reimbursement is authorized only for actual days worked and is not authorized for travel and rest days. Benefits are not reimbursable.

(3) STRE, including breakfast, lunch, dinner, and refreshments when part of an approved overseas trade activity; miscellaneous courtesies such as checkroom fees, taxi fares, and tips; and representation expenses such as the costs of social events or receptions that are primarily attended by foreign officials, and which are held at foreign

venues. Such expenses must conform to the American Embassy representational funding guidelines as the standard for judging the appropriateness of STRE event costs. STRE incurred in the United States is not authorized for reimbursement, but may be counted as a cost-share contribution to the project.

(4) Travel expenses, subject to the following:

(i) Air travel, limited to the full-fare economy class rate and must comply with the Fly America Act, 49 U.S.C. App. 1517. The CCC will not reimburse any portion of air travel in excess of the full fare economy rate or when the participant fails to notify the Counselor/Attache in the destination country in advance of the travel unless the Deputy Administrator determines it was impractical to provide such notification.

(ii) Per diem, limited to the allowable rate for each domestic or foreign locale (41 CFR Chapter 301). Expenses in excess of the authorized per diem rates may be allowed in special or unusual circumstances (41 CFR Chapter 301, subpart D), and must be approved in advance.

(iii) All other expenses while in travel status must conform to U.S. Federal Travel Regulations (41 CFR Chapters 301 and 304).

(5) Direct administrative costs.

(6) Indirect costs not identified as direct costs but which are necessary to the implementation of a project. Indirect costs must be specified to be eligible for reimbursement. Indirect costs incurred by private entities (other than those identified below) may be reimbursed up to a maximum of 10 percent of the EMP funded portion of the project budget, excluding indirect costs. Market development cooperators, state regional trade groups, for-profit entities, and government Recipients (excluding FAS) may not be reimbursed for indirect costs. Indirect costs are not reimbursable for any project funded under the Technical Issues Resolution Fund or the Quick Response Marketing Fund.

(7) Rental costs for equipment necessary to carry out approved projects. Equipment rentals must be returned by

Commodity Credit Corporation, USDA

§ 1486.406

the Recipient to the supplier in accordance with the lease agreements, but in no case later than 90 calendar days from the completion date of the project.

(8) Procuring samples of specific commodities or agricultural products, which are appropriate and necessary to the success of a technical assistance activity.

§ 1486.404 What expenditures are not eligible for program funding?

(a) CCC will not reimburse expenditures made prior to approval of a Recipient's proposal, unreasonable expenditures, or any cost of:

(1) Branded product promotions—in-store, restaurant advertising, labeling, etc.;

(2) Administrative and operational expenses for trade shows;

(3) Advertising;

(4) Preparation and printing of magazines, brochures, flyers, posters, etc., except in connection with specific approved activities such as training;

(5) Design, development, and maintenance of Internet Web sites;

(6) Purchase and depreciation of equipment, *e.g.* office equipment or other fixed assets;

(7) Subsidizing or otherwise providing funds for graduate programs at colleges and/or universities (salaries or fees for individual students who are directly assigned to specific project activities appropriate to their backgrounds may be covered on a pro-rated basis);

(8) Subsidizing normal, day-to-day operating costs of an entity; exception: indirect costs incurred during implementation of an approved project;

(9) Honoraria for speakers;

(10) Costs of product research or new product development;

(11) Costs of developing technical assistance proposals submitted to the program;

(12) Refundable deposits or advances;

(13) STRE expenses within the United States;

(14) All costs related to the shipping, over land and sea, of commodity samples;

(15) Expenses, fees, fines, settlements, or claims resulting from suits, challenges, or disputes emanating from

contractual terms, conditions, provisions, and related formalities;

(16) Legal fees, including fees and costs associated with trade disputes;

(17) Real estate costs other than allowable costs for office space whose use is assigned specifically to a project funded by the EMP; and

(18) Any expenditure that has been or will be reimbursed by any other source.

(b) The Deputy Administrator may determine whether any cost not expressly listed in this section will be reimbursed.

§ 1486.405 How are Recipients reimbursed for project expenditures?

(a) After implementation of an EMP project for which CCC has agreed to provide funding, Recipients may submit claims for reimbursement of the expenses incurred to the extent CCC has agreed to pay for such costs. Reimbursement for approved project expenses is limited to 85 percent of the amount specified in the project agreement. The Recipient may be reimbursed for the remaining 15 percent of the funds after the final performance report containing the information required by the agreement is submitted to and approved by FAS.

(b) A format for reimbursement claims is available from the Marketing Operations Staff, FAS, USDA.

(c) Final reimbursement claims must be made no later than 90 days after the completion date of the project, and are subject to a complete final performance report acceptable to FAS.

(d) Any duplicate payment or overpayment made by CCC shall be returned by the Recipient promptly after discovery of the overpayment by the Recipient or within 30 days after notification by FAS, either by submitting a check made payable to the Commodity Credit Corporation and referencing the applicable project, or by offsetting as a credit on the next reimbursement claim. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

§ 1486.406 Will CCC make advance payments to Recipients?

(a) *Policy.* In general, CCC operates the EMP on a cost reimbursable basis.

§ 1486.500

(b) *Exception.* Upon request, CCC may make advance payments to a Recipient against an approved project budget. Up to 40 percent of the approved project budget may be provided as an advance, either at one time or in incremental payments. Advances should be limited to the minimum amounts needed and requested as close as is administratively feasible to the actual time of disbursement by the Recipient. Reimbursement claims will be used to offset advances. Recipients shall deposit and maintain advances in insured, interest-bearing accounts.

(c) *Refunds due CCC.* A Recipient shall expend all advances within 90 calendar days after the date of disbursement by CCC. A Recipient shall return all interest earned by advances plus any unexpended portion of the advance within 90 calendar days after the date of disbursement by CCC by submitting a check payable to CCC. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

Subpart E—Reporting, Evaluation, and Compliance

§ 1486.500 What are the reporting requirements of the program?

(a) *Performance Reports.* (1) Recipients are required to submit regular progress reports in accordance with the project agreement. Quarterly progress reports are required for all projects with a duration of 1 year or longer. Projects of less than 1 year in duration generally require a mid-term report.

(2) Final performance reports must be submitted no later than 90 days after completion of the project, both electronically (preferably in PDF format) and in hard copy.

(3) Reporting requirements and formats for both quarterly progress reports and final performance reports are specified in the project agreement between CCC and the Recipient entity.

(4) All final performance reports will be made available to the public.

(b) *Financial Reports.* Final financial reports must be submitted no later than 90 days after completion of the project. Such reports must provide a final accounting of all project expenditures by cost category, and include the accounting of actual contributions

7 CFR Ch. XIV (1–1–06 Edition)

made to the project by the Recipient and all other participating entity or entities.

§ 1486.501 What is the rule on notifying field offices of international travel?

The Recipient must advise the Agricultural Counselor(s) or Attache(s) in the country or countries of any planned visits by the Recipient or its consultants or other participants to such country or countries under terms of its agreement. Failure to notify the Counselor/Attache may result in disallowance of the travel expenditures.

§ 1486.502 How is project effectiveness measured?

Project evaluations may be carried out by FAS at its option with or without Recipients. FAS may also seek outside expertise to conduct or participate in evaluations.

§ 1486.503 How is program compliance monitored?

(a) The CRS, FAS, performs periodic on-site reviews of Recipients to ensure compliance with this part, applicable federal regulations, and the terms of the project agreements. Program funds spent inappropriately or on unapproved activities must be returned to CCC. The CRS will review contributions from Recipients for compliance with project budgets as approved and specified in the agreements.

(b) The Director, CRS, will notify a Recipient through a compliance report when, in the opinion of the Director, CRS, it appears that CCC is entitled to recover funds from that Recipient. The report will state the basis for this action.

§ 1486.504 How does a Recipient respond to a compliance report?

(a) A Recipient shall, within 60 days of the date of the compliance report, submit a written response to the Director, CRS. The Director, CRS, at his or her discretion, may extend the period for response up to an additional 30 days. The response shall include:

(1) Repayment of any funds determined to be due to CCC;

Commodity Credit Corporation, USDA

§ 1486.509

(2) Submission of documentation or evidence of any other required action; or

(3) A request for reconsideration of any finding and the supporting justification.

(b) If after review of the compliance report and response, the Director, CRS determines that the Recipient owes money to CCC, the Director, CRS, will so inform the Recipient and provide a detailed basis for the decision. The Recipient has 30 days from the date of the Director's, CRS, determination to submit any money owed to CCC or to request reconsideration.

(c) If the Recipient does not respond to the compliance report within the required time period, the Director, CRS, may initiate action to collect any amount owed to CCC pursuant to 7 CFR Part 1403, Debt Settlement Policies.

§ 1486.505 Can a Recipient appeal the determinations of the Director, CRS?

(a) A Recipient may appeal the determinations of the Director, CRS, to the Deputy Administrator, CMP. The request must be in writing and be submitted to the Office of the Deputy Administrator, CMP, within 30 days following the date of the original determination. The Recipient may request a hearing.

(b) If the Recipient submits its appeal and requests a hearing, the Deputy Administrator, or the Deputy Administrator's designee, will set a date and time, generally within 60 days. The hearing will be an informal proceeding. A transcript will not ordinarily be prepared unless the Recipient bears the cost of the transcript; however, the Deputy Administrator or designee may have a transcript prepared at FAS's expense.

(c) The Deputy Administrator or the Deputy Administrator's designee will base the determination on appeal upon information contained in the administrative record and will endeavor to make a determination within 60 days after submission of the appeal, hearing, or receipt of any transcript, whichever is later. The determination of the Deputy Administrator will be the final determination of FAS. The Recipient must exhaust all administrative rem-

edies contained in this section before pursuing judicial review of a determination by the Deputy Administrator.

§ 1486.506 When will a project be reviewed?

Any project or activity funded under the program is subject to review or audit at any time during the course of implementation or after the completion of the project.

§ 1486.507 What is the effect of failing to make required contributions?

A Recipient's contribution requirement is specified in the project agreement. If a Recipient fails to contribute the total specified in the agreement, the difference between the amount contributed and the total must be repaid to the CCC in U.S. dollars. If a Recipient is reimbursed by CCC for less than the amount of funds approved in the agreement, then the final cost share shall equal, on a percentage basis, the original ratio of private contributions to the authorized EMP funding level.

§ 1486.508 How long must Recipients maintain original project records?

Each Recipient shall maintain all original records and documents relating to the project for 3 calendar years following the end of the project's completion. All documents and records related to the project, including records pertaining to contractors, shall be made available upon request.

§ 1486.509 Are Recipients allowed to charge fees for specific activities in approved projects?

Reasonable activity fees or registration fees, if identified as such in a project budget, may be charged for projects approved for program funding. Income or refunds generated from an activity, however, for which the expenditures have been wholly or partially reimbursed, shall be repaid by submitting a check payable to CCC or offsetting the Recipient's reimbursement claim. Any activity fees charged must be used to offset activity expenses. Such fees may not be used as profit or counted as cost-share. The intent to charge a fee must be part of the

§ 1486.510

original proposal, along with an explanation of how such fees are to be used.

§ 1486.510 What is the policy regarding disclosure of program information?

(a) Documents submitted to CCC by Recipients are subject to the provisions of the Freedom of Information Act (FOIA), 5 U.S.C. 552, 7 CFR Part 1, Subpart A—Official Records, and specifically 7 CFR 1.11, Handling Information from a Private Business.

(b) Progress reports, final performance reports, and the results of any research or other activity conducted by a Recipient under an agreement, shall be the property of the U.S. Government.

§ 1486.511 What is the general policy regarding ethical conduct?

(a) The Recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent and any member of his or her immediate family, his or her partner, or an entity which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the Recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to sub-agreements. However, Recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the Recipient.

(b) A Recipient shall conduct its business in accordance with the laws and regulations of the country in which an activity is carried out.

[67 FR 57327, Sept. 10, 2002, as amended at 68 FR 42564, July 18, 2003]

§ 1487.2 What is the TASC program?

Under the TASC program, CCC, an agency and instrumentality of the United States within the Department of Agriculture, provides funds to eligible organizations, on a grant basis, to implement activities that are intended to address a sanitary, phytosanitary, or related technical barrier that prohibit or threaten the export of U.S. specialty crops that are currently available on a commercial basis. The TASC program is intended to benefit the represented industry rather than a specific company or brand. This program is administered by FAS.

§ 1487.3 What activities are eligible?

(a) *General.* In order to be eligible for funding under the TASC program, activities must address sanitary, phytosanitary, or technical barriers to export of specialty crops. Examples of expenses that CCC may agree to cover under the TASC program include, but are not limited to: initial pre-clearance programs, export protocol and work plan support, seminars and workshops, study tours, field surveys, development of pest lists, pest and disease research, database development, reasonable logistical and administrative support, and travel and per diem expenses.

(b) *Location of activities.* Eligible projects may take place in the United States or abroad.

§ 1487.4 Are there any limits on the scope of proposals?

(a) *Funding cap.* TASC proposals which request more than \$250,000 of CCC funding in a given year will not be considered.

(b) *Length of activities.* TASC proposals to fund activities that exceed three years will not be considered.

(c) *Target countries.* Proposals may target all export markets, including single countries or reasonable regional groupings of countries.

(d) *Multiple proposals.* Applicants may submit multiple proposals, but no TASC participant may have more than

three approved projects underway at any given time.

§ 1487.5 What is the process for submitting proposals?

(a) *General.* Periodically the CCC will inform the public of the process by which interested eligible organizations may submit proposals for TASC program funding. This announcement will, among other things, include information on any deadlines for submitting proposals and the address of the office to which the proposals should be sent. The CCC also may announce the availability of a Quick Response Fund within the TASC program. Proposals submitted under any form of quick response process may be submitted at any time during the year but must meet the basic requirements of the program and any specific requirements of that particular process. Organizations interested in participating in the TASC program may submit their proposals electronically or in paper copy. Although no specific format is required, a sample format for proposals is available from the address provided in this rule.

(b) *Contents of proposals.* TASC proposals must contain complete information about the proposed projects, including, at a minimum, the following:

(1) Organizational information, including:

(i) Organization's name, address, Chief Executive Officer (or designee), and Federal Tax Identification Number (TIN);

(ii) Type of organization;

(iii) Name, telephone number, fax number, and e-mail address of the primary contact person;

(iv) A description of the organization and its membership; and

(v) A description of the organization's experience in technical assistance projects, including activities involved and project results.

(2) Project information, including:

(i) A brief project title;

(ii) The amount of funding requested and a justification for why federal funding is needed;

(iii) Beginning and ending dates for the proposed project;

§ 1487.6

(iv) A market assessment, including a brief description of the specific export barrier to be addressed by the project;

(v) The goals of the project, and the expected benefits to the represented industry;

(vi) A description of the activities planned to address the export barrier;

(vii) An itemized list of all estimated costs associated with the project for which reimbursement will be sought; and

(viii) Information indicating all financial and in-kind support to the proposed project, and the resources to be contributed by each entity that will contribute to the project's implementation. This may include the organization that submitted the proposal, private industry entities, host governments, foreign third parties, CCC, FAS, or other Federal agencies. Support may include cash, goods, and services. Although highly encouraged, financial support from the participant is not required.

(3) Export information, including:

(i) Performance measures for three years, beginning with the year that the project would begin, which will be used to measure the effectiveness of the project;

(ii) A benchmark performance measure for the year prior to the year that the project would begin; and

(iii) The viability of long-term sales to this market.

[67 FR 57327, Sept. 10, 2002, as amended at 68 FR 44564, July 18, 2003]

§ 1487.6 What are the criteria for evaluating proposals?

(a) *Evaluation criteria.* FAS will use the following criteria in evaluating proposals:

(1) The nature of the specific export barrier and the extent to which the proposal is likely to successfully remove, resolve, or mitigate that barrier;

(2) The potential trade impact of the proposed project on market retention, market access, and market expansion, including the potential for expanding commercial sales in the targeted market;

(3) The completeness and viability of the proposal;

7 CFR Ch. XIV (1-1-06 Edition)

(4) The ability of the organization to provide an experienced staff with the requisite technical and trade experience to execute the proposal;

(5) The extent to which the proposal is targeted to a market in which the United States is generally competitive;

(6) The cost of the project and the amount of other resources dedicated to the project, including cash and goods and services of the U.S. industry and foreign third parties;

(7) The degree to which time is essential to addressing specific export barriers;

(8) In cases where the CCC receives multiple proposals from different applicants which address essentially the same barrier, the nature of the applicant organization will be taken into consideration, with a greater weight given to those organizations with the broadest base of producer representation.

(b) *Evaluation process.* FAS will review proposals for eligibility and will evaluate each proposal against the factors described in paragraph (a) of this section. The purpose of this review is to identify meritorious proposals, recommend an appropriate funding level for each proposal based upon these factors, and submit the proposals and funding recommendations to the Deputy Administrator, Commodity and Marketing Programs. FAS may, when appropriate to the subject matter of the proposal, request the assistance of other U.S. government experts in evaluating the merits of a proposal.

[67 FR 57327, Sept. 10, 2002, as amended at 68 FR 42564, July 18, 2003]

§ 1487.7 How are agreements formalized?

Following the approval of a proposal, the CCC will enter into a written agreement with the organization that submitted the proposal. This program agreement will incorporate the proposal as approved by the FAS, include a maximum dollar amount that may be reimbursed (the funding level), and identify terms and conditions under which the CCC will reimburse certain costs of the project. Program agreements also will outline any specific responsibilities of the participant, including, but not limited to, the timely

and effective implementation of program activities and the submission of a written report(s), on no less than an annual basis, which evaluates the TASC project using the performance measures presented in the approved proposal.

[68 FR 42564, July 18, 2003]

§ 1487.8 How are payments made?

(a) *Reimbursement.* (1) Following the implementation of a project for which the CCC has agreed to provide funding, a participant may submit claims for reimbursement of eligible expenses to the extent that the CCC has agreed to pay such expenses. Any changes to approved activities must be approved in writing by the FAS before any reimbursable expenses associated with the change can be incurred. A participant will be reimbursed after the CCC reviews the claim and determines that it is complete.

(2) All claims for reimbursement must be received no later than 90 calendar days following the expiration or termination date of the program agreement. For program agreements which extend beyond twelve months, all claims for reimbursement must be received no later than 90 calendar days following the next anniversary of the effective date of the agreement.

(3) Participants shall maintain complete records of all program expenditures, identified by TASC agreement number, program year, country or region, activity number and cost category. Such records shall be accompanied by original documentation which supports the expenditure and shall be made available to the FAS upon request.

(4) Participants shall maintain all records and documents relating to TASC projects, including the original documentation which supports reimbursement claims, for a period of three calendar years following the expiration or termination date of the program agreement. Such records and documents will be subject to verification by the FAS Compliance Review Staff and shall be made available upon request to authorized officials of the U.S. Government. The FAS may deny a claim for reimbursement if the claim is not supported by acceptable documentation.

(5) In the event that a reimbursement claim is overpaid or is disallowed after payment already has been made, the participant shall return the overpayment amount or the disallowed amount to the CCC within 30 days after realizing the overpayment or receiving notification of the overpayment or disallowed amount.

(b) *Advances.* Participants may request advances of funds, not to exceed 85 percent of the funding approved in any given program year. All advanced funds must be either fully expended or the balance returned by check made payable to the CCC no later than the 90th calendar day following the date of disbursement of the advance to the participant. Upon the expenditure of advance funds, participants must submit reimbursement claims to offset the advance charged to them.

(c) *Interest.* Participants shall deposit and maintain advanced funds in insured, interest-bearing accounts. Interest earned on outstanding advances must be returned by check made payable to the CCC at the time the advance is either fully expended or itself returned.

(d) The regulations contained in this subpart A may be supplemented by such additional terms and conditions, applicable to specified agricultural commodities, and, to the extent that they may be in conflict or inconsistent with any other provisions of this subpart A, such additional terms and conditions shall prevail.

§ 1488.2 Definition of terms.

As used in this subpart A and in the forms and documents related thereto, the following terms shall have the meanings assigned to them in this section:

(a) *Account receivable* means the contractual obligation of the foreign importer to the exporter for the port value of the commodity delivered for which the exporter is extending credit to the importer. The account receivable shall be evidenced by documents, in form and substance satisfactory to CCC, establishing the contractual obligation between the U.S. exporter and the foreign importer. The account receivable shall provide for (1) payment of principal and interest in U.S. dollars in the United States, (2) interest in accordance with §1488.14, and (3) acceleration of payment thereunder in accordance with these regulations.

(k) *Eligible commodities* means agricultural commodities, including eligible cotton, produced in the United States and designated as eligible for export under CCC's Export Credit Sales Program in a USDA announcement. Commodities which have been purchased from CCC are eligible for export as private stocks. Exports of commodities pursuant to any CCC barter contract, Pub. L. 480 or AID agreement, or direct loan by the Export-Import Bank are not eligible for financing under this program. § 1488.5

FINANCING EXPORT SALES

§ 1488.3 General.

When considering the extension of CCC credit for the purpose of financing agricultural commodities, CCC will take into account the extent to which CCC credit financing will:

- (a) Permit U.S. exporters to meet competition from other countries.
- (b) Prevent a decline in U.S. commercial export sales.
- (c) Substitute commercial dollar sales for sales made pursuant to Pub. L. 480 or other concessional programs.
- (d) Result in a new use of the agricultural commodity in the importing country.
- (e) Permit expanded consumption of agricultural commodities in the importing country and thereby increase total commercial sales of agricultural commodities to the importing country.

§ 1488.4 Submission of requests for sale registrations.

- (a) An eligible exporter shall submit a request for a sale registration for financing to the office specified in § 1488.22.
- (b) Requests for sale registrations shall be in writing. If such a request is made by telephone, it must be confirmed by letter or wire.
- (c) The total amount requested to be registered under a sale shall not exceed the sale contract value, including the upward tolerance, if any.
- (d) Requests for sale registration shall incorporate by reference all terms and conditions of GSM-5. The following information shall also be included in the exporter's request for a sale registration:
 - (1) The name, class, grade, or quality, as applicable, and quantity of the commodity to be exported.
 - (2) The country of destination.
 - (3) The port value of the commodity to be exported and the sale contract tolerance, if applicable.
 - (4) The date of sale and exporter's sale number.
 - (5) The date of delivery or the period for delivery and the month in which application for payment will be submitted.
 - (6) The financing period.

(7) Whether the bank obligation assuring payment of the account receivable will be issued by a U.S. bank, branch bank, or foreign bank. If it will be issued by a foreign bank, its name and address, and the name of the confirming U.S. bank, branch bank, or agency bank (if approved as provided in § 1488.12b), and the percentage of confirmation.

(8) The name and address of the foreign importer.

(9) If delivery of the commodity to be exported is before export in a warehouse, the name and address of the warehouse to which delivery is to be made.

(10) If the commodity will be sold through an intervening purchaser, the name and address of the intervening purchaser, and a statement that the sale of the commodity is or will be conditioned on its resale by the intervening purchaser and that the commodity will be shipped directly to the foreign importer in the destination country specified in paragraph (d)(2) of this section pursuant to a contract in which the foreign importer agrees to pay the U.S. exporter the amount to be financed in accordance with the terms of GSM-5 financing agreement.

(11) Any additional information as determined by CCC.

[42 FR 10999, Feb. 25, 1977, as amended by Amdt. 5, 43 FR 25992, June 16, 1978]

§ 1488.5 Acceptance of sale registrations.

(a) Upon receiving a request for a sale registration complying with the applicable provisions of this subpart, the Assistant Sales Manager may approve the registration of the sale. If approved, the exporter will be notified in writing of the financing agreement number which will constitute notice that the sale is registered and eligible for financing.

(b) [Reserved]

(c) CCC reserves the right to reject any and all requests for sale registration.

(d) The registration of a sale shall create a financing agreement between the exporter and CCC which shall consist of the exporter's request for a sale registration, CCC's acceptance of the sale registration, the applicable terms

§ 1488.6

and conditions of this subpart, including amendments and supplemental announcements hereunder which are in effect on the date of approval.

(e) The financing agreement may contain such terms and conditions, not inconsistent with GSM-5, as are deemed necessary in the interest of CCC.

(f) An exporter shall promptly notify the Assistant Sales Manager when he is unable to fulfill his obligations under any sale registered with CCC.

[42 FR 10999, Feb. 25, 1977, as amended by Amdt. 6, 43 FR 29933, July 12, 1978]

§ 1488.6 Amendments to financing agreement.

The financing agreement may be amended provided such amendment is in conformity with GSM-5 at the time of amendment and is determined to be in the interest of CCC. Amendments may include extension of the period for delivery or the period for export, and change in the interest rate. After the commodity has been delivered, CCC will consider requests to increase the amount of the sale registration value for any quantity within the tolerance in the sales contract and for carrying charges provided such requests relate to the same sale as originally registered with CCC.

§ 1488.7 Expiration of period(s) for delivery and/or export.

(a) Unless delivery by the exporter to the importer is made within such period as may be provided in the financing agreement or any amendment thereof, or under paragraph (b) of this section, the financing agreement will no longer be valid.

(b) If the Assistant Sales Manager determines that delay in delivery was due solely to causes without the fault or negligence of the exporter, the period for delivery may be extended by CCC by the period of such delay.

(c) If delivery is made before export under the terms of the financing agreement, failure to export within the period specified therefor in the financing agreement shall constitute a breach of the financing agreement. In such case, if full payment under the bank obligation or account receivable has not been received, the account receivable and

7 CFR Ch. XIV (1-1-06 Edition)

the bank obligation shall, at the option of the Assistant Sales Manager, become immediately due and payable, and liquidated damages shall be payable in accordance with § 1488.11.

(f) On receipt of the documents described in paragraphs (b) through (e) of this section and any documentation and certifications required by any supplements to these regulations, the Treasurer, CCC will pay promptly to the exporter the amount of the account receivable or the dollar amount of

sales registered in accordance with §1488.5, whichever is the lesser.

(g) If an acceptable application for disbursement and the supporting documents described in paragraphs (b) through (e) of this section have not been received by CCC within 45 days from the date of the delivery, or any extension thereof by the Treasurer or Assistant Treasurer, CCC, the financing agreement shall be void.

(h) [Reserved]

(i) If for any reason a draft drawn under a foreign bank obligation is dishonored or if the issuing bank is insolvent, in bankruptcy, in receivership, or in liquidation, or has made an assignment for the benefit of creditors, or for any other reason discontinues or suspends payments to depositors or creditors, or otherwise ceases to operate on an unrestricted basis, any balance due on the account receivable assured by the obligation issued by such bank shall, at the option of CCC, become immediately due and payable. CCC may permit the substitution of another acceptable foreign bank obligation covering such balance due if confirmed in accordance with §1488.12.

§ 1488.9 Evidence of export.

(a) If the commodity is exported by rail or truck, the exporter shall furnish to the Treasurer, CCC, one copy of the bill of lading covering the commodity exported, certified by the exporter as being a true copy, and an authenticated landing certificate or similar document issued by an official of the government of the country to which the commodity is exported, showing the quantity, the gross landed weight of the commodity, the place and date of entry, and the name and address of both the exporter and the importer.

(b) If the commodity is exported by ocean carrier, the exporter shall furnish to the Treasurer, CCC, one non-negotiable copy or photo copy or other type of copy of either (1) an on-board ocean bill of lading or (2) an ocean bill of lading with an onboard endorsement, dated and signed or initialed on behalf of the carrier. The bill of lading must be certified by the exporter as being a

true copy and must show the quantity, the date and place of loading the commodity, the name of the vessel, the destination of the commodity and the name and address of both the exporter and the importer.

(c) If the commodity is exported by aircraft, the exporter shall furnish to the Treasurer, CCC, one non-negotiable copy of an airway bill, dated and signed or initialed on behalf of the carrier. The airway bill must be certified by the exporter as being a true copy and must show the date and place of loading the commodity, the name of the airline, the destination of the commodity, and the name and address of both the exporter and the importer.

(d) If the exporter is unable to supply documentary evidence of export as specified in this section, he shall submit such other documentary evidence as may be acceptable to CCC.

(e) For commodities transshipped through Canada via the Great Lakes or the St. Lawrence River, the exporter shall certify that the commodity transshipped was produced in the United States.

§ 1488.9a Evidence of export for commodities delivered before export.

For commodities delivered before export under a financing agreement for which the financial period is 12 months or less, the exporter shall furnish a certification to the Treasurer, CCC, within 60 days from the date of delivery or such extension of time as may be granted by the Treasurer or Assistant Treasurer, CCC, certifying that the commodities have been exported. The certification must include the name of the ocean carrier, the date the commodities were loaded aboard the ocean carrier and the financing agreement number.

DOCUMENTS REQUIRED AFTER FINANCING

§ 1488.10 Evidence of entry into country of destination.

(a) Commodities exported under a financing agreement must enter the destination country specified in the financing agreement.

(b) For a financing agreement under which the financing period is in excess

of 12 months, within 90 days, or such extension of time as may be granted in writing by the Assistant Sales Manager, following shipment from the United States of any agricultural commodity exported under the financing agreement, the exporter shall furnish to the office specified in § 1488.22, documentary evidence verifying entry of the commodity into the country of destination specified in the financing agreement. The documentary evidence must:

(1) Identify the agricultural commodity (or permit identification through supplementary documents also furnished) as that exported under the financing agreement,

(2) State the quantity and date of entry of the commodity into the destination country, and

(3) Be signed by (i) a customs official of the destination country, or (ii) the importer, or (iii) a representative of an independent superintending or controlling firm.

(c) When the commodity enters the country of destination in bond, a statement by the importer will be acceptable which:

(1) Identifies the commodity as that exported under the financing agreement,

(2) States the quantity of the commodity entered under bond and date of entry into the destination country, and

(3) Certifies that the commodity will be withdrawn from bonded storage at a later date for consumption in the destination country.

(d) If the evidence of entry is in other than the English language, the exporter shall also provide an English translation thereof.

(e) Failure to furnish, within the time specified, evidence of entry of the commodity into the country of destination shall constitute prima facie evidence of failure to enter or to cause the entry of the commodity into such country as required. In such case, the financing agreement may be terminated by the Assistant Sales Manager, and if full payment under the bank obligation or account receivable has not yet been received, the bank obligation and the account receivable shall at the option of CCC, become due and payable

Commodity Credit Corporation, USDA

§ 1488.12

and liquidated damages shall be payable in accordance with §1488.11. The remedy herein provided shall not be exclusive of other rights available to the Federal government if the commodity enters a country other than that specified in the financing agreement.

DELIVERY REQUIREMENTS

§ 1488.11 Liquidated damages.

Failure of the exporter to export or cause to be exported, within the period provided therefor, any agricultural commodity financed, when delivery is made before export under the terms of the financing agreement, or failure of the exporter to enter or cause the entry of, such commodity into the country of destination, shall constitute a breach of the financing agreement which will result in serious and substantial damage to CCC and to its program. Since it will be difficult, if not impossible, to prove the exact amount of such damage, the exporter shall pay to CCC promptly on demand, as reasonable compensation and not as a penalty, liquidated damages in lieu of probable actual damages, as follows:

(a) For each day of delay in exportation after the final date for exportation, when delivery is made before export under the terms of the financing agreement, .15 percent of the amount financed under the financing agreement for the commodity not exported; (b) for failure to export or cause exportation, when delivery is made before export under the terms of the financing agreement, 5 percent of the amount financed under the financing agreement for the commodity not exported; (c) for failure, after exportation, to enter or cause the entry of the commodity into the country of destination, at the rate of 5 percent a year of the amount financed under the financing agreement for such commodity from the start of the financing period until payment to CCC of the amount financed; *Provided however*, That the aggregate of all amounts assessed under this §1488.11 with respect to the same commodity shall not exceed 5 percent of the amount financed for such commodity. Liquidated damages shall not be assessed: Under paragraph (a) of this section if the Assistant Sales manager de-

termines that the delay was due to such causes as acts of God or government or public enemy, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or unusually severe weather; under paragraph (b) of this section if the Assistant Sales Manager determines that failure to export was due to loss, damage, destruction or deterioration of the commodity or act of God or government or public enemy; and under paragraph (c) of this section if the Assistant Sales Manager determines that failure to enter or cause the entry of the commodity into the country of destination was due to loss, damage, destruction or deterioration of the commodity or act of God or government or public enemy.

BANK OBLIGATIONS AND REPAYMENT

§ 1488.12 Coverage of bank obligations.

(a) U.S. banks and branch banks shall be liable without regard to risk (1) for payment of bank obligations issued by them or (2) for payment of bank obligations confirmed by them without regard to risk if a requirement for such confirmation is included in the financing agreement or (3) as provided in paragraphs (c) and (d) of this section.

(b) An obligation issued by a foreign bank must be confirmed and advised, as provided in paragraphs (a), (c), (d), (e), and (f) of this section, by a U.S. bank or a branch bank, or may be confirmed by an agency bank when determined by the President or Vice President, CCC after consultation with the Controller, CCC, to be in the interest of CCC.

(c) A U.S. bank must confirm the full amount of an obligation issued by its foreign branch. CCC will hold the U.S. bank liable for payment without regard to risks.

(d) If a branch bank confirms an obligation issued by its home office, or by another branch of its home office, it must confirm the full amount thereof. CCC will hold the branch bank liable for payment without regard to risks.

(e) If CCC accepts an agency bank confirmation of a foreign bank obligation, it must be for the full amount thereof without regard to risks and

§ 1488.13

7 CFR Ch. XIV (1-1-06 Edition)

will be subject to such terms and conditions as may be contained in the financing agreement. CCC will not accept an agency bank confirmation of an obligation issued by its home office, or by a branch of its home office.

(f) Except as provided in paragraphs (a), (c), and (d) of this section, if a U.S. bank or a branch bank confirms an obligation issued by a foreign bank, it must confirm at least 10 percent pro rata and must advise the remainder of the foreign bank obligation. The percentage of confirmation shall be the same for both the account receivable and the interest portions of the obligation. For the confirmed amount, except as provided in paragraph (a)(2) of this section, CCC will hold the U.S. bank or branch bank liable for commercial risks but not for non-commercial risks. For the advised amount, CCC will not hold the U.S. bank or branch bank liable for commercial or non-commercial risks. CCC will hold the foreign bank liable without regard to risks for all amounts not recovered from the U.S. or branch bank.

(g) Under special circumstances, on application in writing, the Vice President, CCC, may reduce or waive requirements for 10 percent confirmation by a U.S. or branch bank, but a bank will not be relieved of any obligation it undertakes.

(h) Any bank obligation which provides for a bank acceptance of a time draft by CCC (banker's acceptance) shall not be acceptable to CCC.

(i) CCC will consent to cancellation or reduction of a bank obligation to the extent of any payment it receives from other sources or amounts otherwise payable under such bank obligation.

(j) Collection of accounts receivable purchased under GSM-5 will be effected through the issuance by CCC of sight drafts against the bank obligations, but this method of collection shall not be exclusive of any other collection procedures or rights available to CCC.

[42 FR 10999, Feb. 25, 1977, as amended at 42 FR 27569, May 31, 1977; 42 FR 30833, June 17, 1977; 43 FR 45551, Oct. 3, 1978; 44 FR 51187, Aug. 31, 1979]

§ 1488.13 CCC drafts.

CCC will draw one draft for each payment due under bank obligations. If any portion of a CCC draft is dishonored, the U.S. bank or branch bank shall return the dishonored draft together with its statement of the reason for nonpayment. If a draft which is drawn under a partially confirmed bank obligation is dishonored, CCC will replace the draft with separate drafts for the confirmed and unconfirmed portions at the request of the confirming bank. Such replacement shall not alter the confirming bank's obligation for timely payment to CCC of the confirmed portion of the credit. For confirmed amounts, except as provided in §1488.12(a), (c) and (d), a U.S. or branch bank may request refund from CCC of the amount paid if it certifies to CCC that it is unable to recover funds from the foreign bank due to a stipulated non-commercial risk which existed on the date payment was made to CCC under the draft. If CCC finds that inability to recover funds was due to such a non-commercial risk, the refund shall be promptly made together with interest at the Federal Reserve Bank of New York discount rate from and including the date payment was originally made to CCC but not include the date of refund by CCC. For unconfirmed amounts, remittance to CCC shall be considered final, and the U.S. bank or branch bank shall not thereafter have recourse to CCC.

[42 FR 10999, Feb. 25, 1977, as amended at 42 FR 27569, May 21, 1977; 42 FR 30833, June 17, 1977]

§ 1488.14 Interest charges.

The account receivable assigned to CCC and the related bank obligation(s) shall bear interest as specified in this section. Rates of interest applicable to financing agreements shall be published in USDA announcement. The interest rate applicable to that portion of an account receivable for which payment is assured by a bank obligation issued or confirmed for all risks according to §1488.12(a)(ii) or pro rata confirmed by a U.S. bank shall be lower than the interest rate applicable for the remainder of the account receivable. The interest rate applicable

to that portion of an account receivable the payment of which is assured by a bank obligation issued or pro rata confirmed by a branch bank shall, when determined by the President or Vice President, CCC after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rates applicable to accounts receivable the payment of which is assured by an agency bank confirmation may, when determined by the President or Vice President, CCC, after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rate applicable will be the rate in effect on the date CCC receives the sale registration request under § 1488.4. Interest shall accrue on the account receivable from the date of delivery or the weighted average delivery date of the agricultural commodities delivered under the financing agreement to the date of payment, or to the date of expiration of the financing period, or to the date of expiration of the bank obligation, whichever occurs first, and shall be payable as specified in the financing agreement. Thereafter, interest shall accrue on any unpaid part of both the principal and interest due as of such expiration date.

[42 FR 10999, Feb. 25, 1977, as amended at 42 FR 27569, May 31, 1977]

§ 1488.15 Advance payment.

If, before expiration of the financing period, the exporter or the U.S. bank or the agency or branch bank accepts payment from or on behalf of the foreign importer of any part of the account receivable, it shall be remitted promptly to CCC. Such prepayment shall be applied first to interest on the unpaid balance of the account receivable to the date CCC receives such prepayment and then to the principal.

§ 1488.16 Liability for payment.

If delivery is made within the coverage of the bank obligation(s) submitted in accordance with § 1488.8, CCC will look to the obligating bank or banks and the foreign importer, rather than to the exporter or intervening

purchaser, for payment of all amounts due at maturity of the account receivable and of the bank obligation(s), but the exporter and the intervening purchaser shall remain liable for any loss arising from breach of any contractual obligation, certification or warranty made by them pursuant to the financing agreement, and the exporter shall remain liable for any amounts not covered by the bank obligation which are owing to CCC, and any remittance or refund required by § 1488.15 and § 1488.18, together with interest thereon at the rate specified in the documents evidencing the account receivable, as well as for any liquidated damages provided for in § 1488.11. The liability of the bank and the importer under their respective obligations shall be several.

MISCELLANEOUS PROVISIONS

§ 1488.17 Assignment.

The exporter shall not assign any claim or rights or any amounts payable under the financing agreement, in whole or in part, without written approval of the Vice President, CCC, or the Controller, CCC.

§ 1488.18 Covenant against contingent fees.

The exporter warrants that no person or selling agency has been employed or retained to solicit or secure the financing agreement on an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business. For breach or violation of this warranty, CCC shall have the right, without limitation on any other rights it may have, to annul the financing agreement without liability to CCC. Should the financing agreement be annulled, CCC will promptly consent to the reduction or cancellation or related bank obligations except for amounts outstanding under a financing agreement. Such amounts shall, on demand, be refunded to CCC by the exporter.

(4) Determine land and entity eligibility;

(5) Ensure a conservation plan is developed in accordance with 7 CFR part 12;

(6) Make funding decisions and determine allocations of program funds;

(8) Sign and monitor cooperative agreements for the CCC with the selected entity;

(9) Monitor and ensure conservation plan compliance with highly erodible land and wetland provisions in accordance with 7 CFR part 12; and

(10) Provide leadership for establishing, implementing, and overseeing administrative processes for easements, easement payments, and administrative and financial performance reporting.

(c) NRCS may enter into cooperative agreements with eligible entities to assist NRCS with implementation of this part.

§ 1491.3 Definitions.

The following definitions may be applicable to this part:

Agricultural uses are defined by the State's Purchase of Development Rights (PDR) program, or where no PDR program exists, agricultural uses should be defined by the State agricultural use assessment program. (If the Agency finds that a State definition of agriculture is so broad that an included use could lead to the degradation of soils, NRCS reserves the right to impose greater deed restrictions on the property than allowable under that State definition of agriculture in order to protect topsoil.)

Chief means the Chief of NRCS, USDA.

Commodity Credit Corporation (CCC) is a Government-owned and operated entity that was created to stabilize, support, and protect farm income and prices. CCC is managed by a Board of Directors, subject to the general supervision and direction of the Secretary of Agriculture, who is an ex-officio director and chairperson of the Board. CCC

provides the funding for FRPP, and NRCS administers FRPP on its behalf.

Conservation Easement means a voluntary, legally recorded restriction, in the form of a deed, on the use of property, in order to protect resources such as agricultural lands, historic structures, open space, and wildlife habitat.

Conservation Plan is the document that—

(1) Applies to highly erodible cropland;

(2) Describes the conservation system applicable to the highly erodible cropland and describes the decisions of the person with respect to location, land use, tillage systems, and conservation treatment measures and schedules;

(3) Is approved by the local soil conservation district in consultation with the local committees established under Section 8(b)(5) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 5909h(b)(5)) and the Secretary, or by the Secretary.

Contingent right is an interest in land held by the United States, which the United States may exercise under specific circumstances in order to enforce the terms of the conservation easement or hold title to the easement.

Eligible entities means Federally recognized Indian Tribes, States, units of local government, and certain non-governmental organizations, which have a farmland protection program that purchases agricultural conservation easements for the purpose of protecting topsoil by limiting conversion to non-agricultural uses of the land.

Additionally, to be eligible for FRPP, the entity must have pending offers, for acquiring conservation easements for the purpose of protecting agricultural land from conversion to non-agricultural uses.

Eligible land is privately owned land on a farm or ranch that has prime, unique, Statewide, or locally important soil, or contains historical or archaeological resources, and is subject to a pending offer by an eligible entity. Eligible land includes cropland, rangeland, grassland, and pasture land, as well as forest land that is an incidental part of an agricultural operation. Other incidental land that would not otherwise be eligible, but when considered as part of a pending offer, may be

considered eligible, if inclusion of such land would significantly augment protection of the associated farm or ranch land.

Fair market value is ascertained through standard real property appraisal methods. Fair market value is the amount in cash, for which in all probability the property would have sold on the effective date of the appraisal, after a reasonable exposure of time on the open competitive market, from a willing and reasonably knowledgeable seller to a willing and reasonably knowledgeable buyer. Neither the seller nor the buyer act under any compulsion to buy or sell, giving due consideration to all available economic uses of the property at the time of the appraisal. In valuing conservation easements, the appraiser estimates both the fair market value of the whole property before the easement acquisition and the fair market value of the remainder property after the conservation easement has been imposed. The difference between these two values is deemed the value of the conservation easement.

Farm or Ranch Succession Plan is a general plan to address the continuation of some type of agricultural business on the conserved land; the farm or ranch succession plan may include specific intra-family succession agreements or strategies to address business asset transfer planning to create opportunities for beginning farmers and ranchers.

Field Office Technical Guide (FOTG) is the official document for NRCS guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. The FOTG contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared.

Historical and archaeological resources must be:

(1) Listed in the National Register of Historic Places (established under the National Historic Preservation Act (NHPA), 16 U.S.C. 470, *et seq.*), or

(2) Formally determined eligible for listing in the National Register of Historic Places (by the State Historic Preservation Officer (SHPO) or Tribal

Historic Preservation Officer (THPO) and the Keeper of the National Register in accordance with section 106 of the NHPA), or

(3) Formally listed in the State or Tribal Register of Historic Places of the SHPO (designated under section 101 (b)(1)(B) of the NHPA) or the THPO (designated under section 101(d)(1)(C) of the NHPA).

Land Evaluation and Site Assessment System (LESA) is the land evaluation system approved by the NRCS State Conservationist used to rank land for farm and ranch land protection purposes, based on soil potential for agriculture, as well as social and economic factors, such as location, access to markets, and adjacent land use. (For additional information see the Farm-land Protection Policy Act rule at 7 CFR part 658.)

Landowner means a person, persons, estate, corporation, or other business or nonprofit entity having fee title ownership of farm or ranch land.

Natural Resources Conservation Service is an agency of the U.S. Department of Agriculture.

Non-governmental organization is defined as any organization that:

(1) Is organized for, and at all times since the formation of the organization, has been operated principally for one or more of the conservation purposes specified in clause (i), (ii), (iii), or (iv) of section 170(h)(4)(A) of the Internal Revenue Code of 1986;

(2) Is an organization described in section 501(c)(3) of that Code that is exempt from taxation under 501(a) of that Code;

(3) Is described in section 509(a)(2) of that Code; or

(4) Is described in section 509(a)(3) of that Code and is controlled by an organization described in section 509(a)(2) of that Code.

Other interests in land include any right in real property recognized by State law, including fee title. FRPP funds will only be used to purchase other interests in land with prior approval from the Chief.

Other productive soils are soils that are contained on farm or ranch land that is identified as farmland of State-wide or local importance and is used for the production of food, feed, fiber,

Commodity Credit Corporation, USDA

§ 1491.4

forage, or oilseed crops. The appropriate State or local government agency determines Statewide or locally important farmland with concurrence from the State Conservationist. Generally, these farmlands produce high yields of crops when treated and managed according to acceptable farming methods. In some States and localities, farmlands of Statewide and local importance may include tracts of land that have been designated for agriculture by State law or local ordinance. 7 CFR part 657 sets forth the process for designating soils as Statewide or locally important.

Pending offer is a written bid, contract, or option extended to a landowner by an eligible entity to acquire a conservation easement before the legal title to these rights has been conveyed for the purpose of limiting non-agricultural uses of the land.

Prime and unique farmland are defined separately, as follows:

(1) Prime farmland is land that has the best combination of physical and chemical characteristics for producing food, feed, fiber, forage, oilseed, and other agricultural crops with minimum inputs of fuel, fertilizer, pesticides, and labor, without intolerable soil erosion, as determined by the Secretary.

(2) Unique farmland is land other than prime farmland that is used for the production of specific high-value food and fiber crops, as determined by the Secretary. It has the special combination of soil quality, location, growing season, and moisture supply needed to economically produce sustained high quality or high yields of specific crops when treated and managed according to acceptable farming methods. Examples of such crops include citrus, tree nuts, olives, cranberries, fruits, and vegetables. Additional information on the definition of prime, unique, or other productive soil can be found in 7 CFR part 657 and 7 CFR part 658.

Secretary is the Secretary of the U.S. Department of Agriculture.

State Technical Committee means a committee established by the Secretary of the U.S. Department of Agriculture in a State pursuant to 16 U.S.C. 3861 and 7 CFR part 610, subpart C.

State Conservationist means the NRCS employee authorized to direct and supervise NRCS activities in a State, the Caribbean Area (Puerto Rico and the Virgin Islands), or the Pacific Basin Area (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands).

§ 1491.4 Program requirements.

(a) Under the FRPP, the Secretary, on behalf of CCC, shall purchase conservation easements, in partnership with eligible entities, from landowners who voluntarily wish to protect their farm and ranch lands from conversion to nonagricultural uses. Eligible entities submit applications to NRCS State Offices to partner with NRCS to acquire conservation easements on farm and ranch land. NRCS enters into cooperative agreements with selected entities and provides funds for up to 50 percent of the appraised market value for the easement purchase. In return, the entity agrees to acquire, hold, manage, and enforce the easement. A Federal contingent right interest in the property must be included in each easement deed for the protection of the Federal investment.

(b) The term of all easements will be in perpetuity unless prohibited by State law.

(c) To be eligible to receive FRPP funding, an entity must meet the definition of "eligible entity" as listed in § 1491.3. In addition, eligible entities wishing to receive FRPP funds must also demonstrate:

(1) A commitment to long-term conservation of agricultural lands;

(2) A capability to acquire, manage, and enforce easements;

(3) Sufficient number of staff dedicated to monitoring and easement stewardship; and

(4) The availability of funds.

(d) Eligible land must meet the definition of "eligible land" as provided in § 1491.3. In addition:

(1) Entire farms or ranches may be enrolled in FRPP.

(2) Farms must contain at least 50 percent of prime, unique, Statewide, or locally important soil, unless otherwise determined by the State Conservationist, or contain historical or archaeological resources.

§ 1491.5

(3) Eligible lands are farm and ranch lands subject to a pending offer, as defined in §1491.3, for purchase of a conservation easement.

(4) Eligible land must be privately owned. NRCS will not enroll land in FRPP that is owned in fee title by an agency of the United States or State or local government, or land that is already subject to an easement or deed restriction that limits the conversion of the land to nonagricultural use, unless otherwise determined by the Secretary.

(5) Eligible land must be owned by landowners who certify that they do not exceed the adjusted gross income limitation eligibility requirements set forth in Section 1604 of the Farm Security and Rural Investment Act of 2002.

(e) Prior to FRPP fund disbursement, the value of the conservation easement must be appraised. Appraisals shall be completed and signed by a State-certified or licensed general appraiser and shall contain a disclosure statement by the appraiser. The appraisal shall conform to either the Uniform Standards of Professional Appraisal Practices or the Uniform Appraisal Standards for Federal Land Acquisitions.

(f) At the discretion of the Chief, a standard easement or equivalent legal form, which meets the intent of the 2002 Act, will be required as a condition for program participation.

(g) The landowner shall be responsible for complying with the Highly Erodible Land and Wetland Conservation provisions of the Food Security Act of 1985, as amended, and 7 CFR part 12.

§ 1491.5 Application procedures.

(a) When funds are available, NRCS publishes a Request for Proposals in the FEDERAL REGISTER or, at the discretion of the Chief, uses another process to solicit applications from eligible entities to cooperate in the acquisition of conservation easements on farms and ranches. Information required in the application will be set forth in the Request for Proposals.

(b) To participate, an eligible entity submits a proposal to NRCS for the acquisition of conservation easements on eligible farm or ranch land, on which the entity already has pending offers.

7 CFR Ch. XIV (1-1-06 Edition)

An entity's application contains a request to fund one or more parcels. All applications must be submitted to the appropriate NRCS State Conservationist by the specified date, as indicated in the Request for Proposals.

§ 1491.6 Ranking considerations and proposal selection.

(a) Once the NRCS State Conservationist has assessed entity eligibility and land eligibility, the State Conservationist shall use National and State criteria to evaluate the land and rank parcels. Entities and parcels will be selected for participation based on the entities' responses to the Request for Proposals. Selection will be based on national ranking criteria set forth by the Chief in the Request for Proposals and State criteria as determined by the State Conservationist, with advice from the State Technical Committee.

(1) Examples of national criteria may include:

(i) Acreage of prime, unique, and important farm and ranch land to be protected;

(ii) Total acres of land to be protected with the requested award;

(iii) Acreage of prime, unique, and important farm and ranch land identified in the National Resources Inventory as converted to nonagricultural uses;

(iv) Total acres needing protection;

(v) Number or acreage of historical and archaeological resources to be protected on farm or ranch lands;

(vi) Anticipated average FRPP cost per acre;

(vii) Rate of land conversion (*e.g.*, local land use conversion rates);

(viii) Amount of the Federal share to be contributed to the acquisition of the conservation easement, as guaranteed by the eligible entity;

(ix) History of eligible entity's commitment to conservation planning and conservation practice implementation;

(x) History of an eligible entity's commitment to assisting beginning farmers and ranchers, to promoting opportunities in farming and ranching, and to farm and ranch succession transfer;

Commodity Credit Corporation, USDA

§ 1491.7

(xi) Eligible entity's history of acquiring, managing, holding, and enforcing conservation easements. This could include annual farmland protection expenditures, monetary donations received, accomplishments, and staffing levels;

(xii) A description of the eligible entity's farmland protection strategy and how the FRPP application submitted by the entity corresponds to the entity's strategic plan; and

(xiii) Eligible entity's estimated acres of unfunded proposed conservation easements on prime, unique, and important farm and ranch land.

(2) Examples of State or local criteria, as determined by the State Conservationist may include:

(i) Proximity of parcel to other protected clusters;

(ii) Proximity of parcel to other agricultural operations and infrastructure;

(iii) Parcel size;

(iv) Type of land use;

(v) Maximum FRPP cost expended per acre;

(vi) Amount of the Federal share to be contributed to the acquisition of the conservation easement, as guaranteed by the eligible entity;

(vii) History of an eligible entity's commitment to assisting beginning farmers and ranchers, to promoting opportunities in farming and ranching, and to farm and ranch succession transfer;

(viii) Existence of a parcel in an agriculturally zoned area.

(b) State ranking criteria will be developed on a State-by-State basis. Prior to proposal submission, interested entities should contact the State Conservationist located in their State for a full listing of applicable National and State ranking criteria.

(c) The NRCS State Conservationist may seek advice from the State Technical Committee (established pursuant to 16 U.S.C. 3861) in evaluating the merits of the applications.

§ 1491.7 Funding priorities.

(a) NRCS will only consider funding the acquisition of eligible land in the Program if the agricultural viability of the land can be demonstrated. For example, the land must be of sufficient size and have boundaries that allow for

efficient management of the area. The land must also have access to markets for its products and a support infrastructure appropriate for agricultural production.

(b) NRCS may not fund the acquisition of eligible lands if NRCS determines that the protection provided by the FRPP would not be effective because of on-site or off-site conditions.

(c) NRCS will place a higher priority on easements acquired by entities that have extensive experience in managing and enforcing easements.

(d) During the application period, pending offers having appraisals completed and signed by State-certified general appraisers within the preceding one year shall receive higher funding priority by the NRCS State Conservationist. Before funding is released for easement acquisition, the cooperating entity must provide NRCS with a copy of the certified appraisal.

(e) NRCS may place a higher priority on lands and locations that help create a large tract of protected area for viable agricultural production and that are under increasing urban development pressure(s).

(f) NRCS may place a higher priority on lands and locations that link to other Federal, Tribal, or State governments or non-governmental organization efforts with complementary farmland protection objectives (*e.g.* open space, watershed and wildlife habitat protection).

(g) NRCS may place a higher priority on lands that provide multifunctional benefits including social, economic, historical and archaeological, and environmental benefits.

(h) NRCS may place a higher priority on certain geographic regions where the enrollment of particular lands may help achieve National, State, and regional goals and objectives, or enhance existing government or private conservation projects.

(i) NRCS may place a higher priority on farms or ranches that have or will have a greater variety of natural resources protected.

(j) NRCS may place a higher priority on farms or ranches that have a farm succession plan or similar plan established to encourage farm viability for future generations.

(k) NRCS may place a higher priority on the national ranking criteria listed in §1491.6(a)(1) than State criteria, if the NRCS Chief deems appropriate.

Subpart B—Cooperative Agreements and Conservation Easement Deeds

§ 1491.20 Cooperative agreements.

(a) NRCS, on behalf of CCC, enters into a cooperative agreement with those entities selected for funding awards. Once a proposal is selected by the State Conservationist, the entity must work with the appropriate State Conservationist to finalize and sign the cooperative agreement incorporating all necessary FRPP requirements. The cooperative agreement addresses:

(1) The interests in land to be acquired, including the form of the easements to be used and terms and conditions;

(2) The management and enforcement of the rights acquired;

(3) The role of NRCS;

(4) The responsibilities of the easement manager on lands acquired with the assistance of FRPP; and

(5) Other requirements deemed necessary by NRCS to protect the interests of the United States.

(b) The cooperative agreement will also include an attachment listing the parcels accepted by the State Conservationist, landowners' names, addresses, location map(s), and other relevant information. An example of a cooperative agreement may be obtained from the State Conservationist.

§ 1491.21 Funding.

(a) The State Conservationist, in coordination with the cooperating entity, shall determine the NRCS share of the cost of purchasing a conservation easement.

(b) Under the FRPP, NRCS may provide up to 50 percent of the appraised fair market value of the conservation easement. Entities are required to supplement the NRCS share of the cost of the conservation easement.

(c) Landowner donations up to 25 percent of the appraised fair market value of the conservation easement may be considered part of the entity's matching offer.

(d) For the entity, two cost-share options are available when providing its matching offer.

(1) The entity may provide in cash at least 25 percent of the appraised fair market value of the conservation easement, or

(2) The entity may provide at least 50 percent of the purchase price in cash, of the conservation easement. This second option may be preferable to an entity in the case of a large bargain sale by the landowner. If this option is selected, the NRCS share cannot exceed the entity's contribution.

(e) FRPP funds may not be used for expenditures such as appraisals, surveys, title insurance, legal fees, costs of easement monitoring, and other related administrative and transaction costs incurred by the entity.

(f) If the State Conservationist determines that the purchase of two or more conservation easements are comparable in achieving FRPP goals, the State Conservationist shall not assign a higher priority to any one of these conservation easements based on lesser cost to FRPP.

§ 1491.22 Conservation easement deeds.

(a) Under FRPP, a landowner grants an easement to an eligible entity with which NRCS has entered into an FRPP cooperative agreement. The easement shall require that the easement area be maintained in accordance with FRPP goals and objectives for the term of the easement.

(b) Pending offers by an eligible entity must be for acquiring an easement in perpetuity, except where State law prohibits a permanent easement.

(c) The conveyance document or conservation easement deed used by the eligible entity may be reviewed and approved by the NRCS National Office and Office of the General Counsel (OGC) before being recorded.

(d) Since title to the easement is held by an entity other than the United States, the conveyance document must contain a "contingent right" clause that provides that all rights conveyed by the landowner under the document will become vested in the United States should the eligible entity (*i.e.*, the grantee[s]) abandon or attempt to

terminate the conservation easement. In addition, the contingent right also provides, in part, that the Secretary takes title to the easement, if the eligible entity fails to uphold the easement or attempts to transfer the easement without first securing the consent of the Secretary.

(e) As a condition for participation, a conservation plan will be developed by NRCS in consultation with the landowner and implemented according to the NRCS Field Office Technical Guide and approved by the local conservation district. The conservation plan will be developed and managed in accordance with the Food Security Act of 1985, as amended, 7 CFR part 12 or subsequent regulations, and other requirements as determined by the State Conservationist. To ensure compliance with this conservation plan, the easement will grant to the United States, through NRCS, its successors or assigns, a right of access to the easement area.

(f) The cooperating entity shall acquire, hold, manage and enforce the easement. The cooperating entity may have the option to enter into an agreement with governmental or private organizations to carry out easement stewardship responsibilities if approved by NRCS.

(g) Prior to fund disbursement, NRCS must sign the conservation easement, concurring with the terms of the conservation easement and accepting its interest in the conservation easement deed.

(h) All conservation easement deeds acquired with FRPP funds must be recorded. Proof of recordation shall be provided to NRCS by the cooperating entity.

§ 1491.23 Easement modifications.

(a) After an easement has been recorded, no amendments to the easement will be made without prior approval by NRCS State Conservationist and the USDA Office of General Counsel.

(b) Easement modifications will be approved only when easement is duly prepared and recorded in conformity with standard real estate practices, including requirements for title approval, subordination of liens, and recordation, and when the amendment is

consistent with the purposes of the conservation easement.

Subpart C—General Administration

§ 1491.30 Violations and remedies.

(a) In the event of a violation of the terms of the easement, the cooperating entity shall notify the landowner. The landowner may be given reasonable notice and, where appropriate, an opportunity to voluntarily correct the violation in accordance with the terms of the conservation easement.

(b) In the event that the cooperating entity fails to enforce any of the terms of the easement as determined in the sole discretion of the Secretary, the Secretary and his or her successors and assigns shall have the right to enforce the terms of the easement through any and all authorities available under Federal or State law. In the event that the cooperating entity attempts to terminate, transfer, or otherwise divest itself of any rights, title, or interests of the easement or extinguish the easement or without the prior consent of the Secretary and payment of consideration to the United States, then, at the option of the Secretary, all right, title, and interest in the conservation easement shall become vested in the United States of America.

(c) Notwithstanding paragraph (a) of this section, NRCS, upon notification to the landowner, reserves the right to enter upon the easement area at any time to monitor conservation plan implementation or remedy deficiencies or easement violations, as it relates to the conservation plan. The entry may be made at the discretion of NRCS when the actions are deemed necessary to protect highly erodible soils and wetland resources. The landowner will be liable for any costs incurred by the United States as a result of the landowner's negligence or failure to comply with the easement requirements as it relates to conservation plan violations.

(d) The United States shall be entitled to recover any and all administrative and legal costs, including attorney's fees or expenses, associated with any enforcement or remedial action as it relates to the enforcement of the FRPP easement.

§ 1491.31

(e) The conservation easement shall include an indemnification clause requiring landowners to indemnify, defend, and hold harmless the United States from any liability resulting from the negligent acts of the landowner.

(f) In instances where an easement is terminated or extinguished, NRCS will collect CCC's share of the conservation easement based on the appraised fair market value of the conservation easement at the time the easement is extinguished or terminated. CCC's share shall be in proportion to its percentage of original investment.

§ 1491.31 Appeals.

(a) A person or cooperating entity which has submitted an FRPP proposal and is therefore participating in FRPP may obtain a review of any administrative determination concerning eligibility for participation utilizing the administrative appeal regulations provided in 7 CFR part 614.

(b) Before a person may seek judicial review of any action taken under this part, the person must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for the purposes of judicial review, no decision shall be a final agency action except a decision of the U. S. Department of Agriculture under these provisions.

§ 1491.32 Scheme or device.

(a) If it is determined by the Secretary that a cooperating entity has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid such a cooperating entity during the applicable period may be withheld or be required to be refunded with interest thereon, as determined appropriate by CCC.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person or entity of payments for easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

Subpart A—Restrictions and Criteria for Export Credit Guarantee Programs

§ 1493.1 General statement.

This subpart sets forth the restrictions which apply to the use of credit guarantees under the Commodity Credit Corporation (CCC) Export Credit Guarantee Program (GSM-102) and the Intermediate Credit Guarantee Program (GSM-103) and the criteria considered by CCC in determining the annual allocations of credit guarantees to be made available with respect to each participating country. This subpart also sets forth the criteria considered by CCC in the review and approval of proposed allocation levels for GSM-102 and/or GSM-103 credit guarantees which may be made available in connection with export sales of specific U.S. agricultural commodities to these countries. These restrictions and criteria are interrelated and will be applied and considered together in the process of determining which sales opportunities under GSM-102 or GSM-103 will best meet the purposes of the programs.

§ 1493.2 Purposes of programs.

CCC may use export credit guarantees:

- (a) To increase exports of U.S. agricultural commodities;
- (b) To compete against foreign agricultural exports;
- (c) To assist countries, particularly developing countries, in meeting their food and fiber needs; and
- (d) For such other purposes as the Secretary of Agriculture determines appropriate, consistent with the provisions of § 1493.6.

§ 1493.3 Restrictions on programs and cargo preference statement.

(a) *Restrictions on use of credit guarantees.* (1) Export credit guarantees authorized under these regulations shall not be used for foreign aid, foreign policy, or debt rescheduling purposes.

(2) CCC shall not make credit guarantees available in connection with sales of agricultural commodities to any country that the Secretary determines cannot adequately service the debt associated with such sales.

(b) *Cargo preference laws.* The provisions of the cargo preference laws shall not apply to export sales with respect to which credit is guaranteed under these programs.

§ 1493.4 Criteria for country allocations.

The criteria considered by CCC in reviewing proposals for country allocations under the GSM-102 or GSM-103 programs, will include, but not be limited to, the following:

(a) Potential benefits that the extension of export credit guarantees would provide for the development, expansion or maintenance of the market for particular U.S. agricultural commodities in the importing country;

(b) Financial and economic ability of the importing country to adequately service CCC guaranteed debt;

(c) Financial status of participating banks in the importing country as it would affect their ability to adequately service CCC guaranteed debt;

(d) Political stability of the importing country as it would affect its ability to adequately service CCC guaranteed debt; and

(e) Current status of debt either owed by the importing country to CCC or to lenders protected by CCC's guarantees.

§ 1493.5

7 CFR Ch. XIV (1-1-06 Edition)

§ 1493.5 Criteria for agricultural commodity allocations.

The criteria considered by CCC in reviewing proposals for specific U.S. commodity allocations within a specific country allocation will include, but not be limited to, the following:

(a) Potential benefits that the extension of export credit guarantees would provide for the development, expansion or maintenance of the market in the importing country for the particular U.S. agricultural commodity under consideration;

(b) The best use to be made of the export credit guarantees in assisting the importing country in meeting its particular needs for food and fiber, as may be determined through consultations with private buyers and/or representatives of the government of the importing country;

(c) Evaluation, in terms of program purposes, of the relative benefits of providing payment guarantee coverage for sales of the U.S. agricultural commodity under consideration compared to providing coverage for sales of other U.S. agricultural commodities; and

(d) Evaluation of the near and long term potential for sales on a cash basis of the U.S. commodity under consideration.

§ 1493.6 Additional required determinations for GSM-103.

Notwithstanding any other provision under this part, CCC shall not guarantee under the GSM-103 program the repayment of credit made available to finance an export sale unless the Secretary of Agriculture determines that such sale will:

(a) Develop, expand or maintain the importing country as a foreign market, on a long-term basis, for the commercial sale and export of U.S. agricultural commodities, without displacing normal commercial sales;

(b) Improve the capability of the importing country to purchase or use, on a long-term basis, U.S. agricultural commodities; or

(c) Otherwise promote the export of U.S. agricultural commodities.

Subpart B—CCC Export Credit Guarantee Program (GSM-102) and CCC Intermediate Export Credit Guarantee Program (GSM-103) Operations

§ 1493.10 General statement.

(a) *Overview.* (1) This subpart contains the regulations governing the operations of the Export Credit Guarantee Program (GSM-102) and the Intermediate Credit Guarantee Program (GSM-103). The GSM-102 and GSM-103 programs of the Commodity Credit Corporation (CCC) were developed to expand U.S. agricultural exports by making available export credit guarantees to encourage U.S. private sector financing of foreign purchases of U.S. agricultural commodities on credit terms. Under GSM-102, credit guarantees are issued for terms of up to three years. Under GSM-103, credit guarantees are issued for terms of from three to ten years.

(2) The programs operate in cases where credit is necessary to increase or maintain U.S. exports to a foreign market and where private U.S. financial institutions would be unwilling to provide financing without CCC's guarantee. The programs are operated in a manner intended not to interfere with markets for cash sales. The programs are targeted toward those countries where the guarantees are necessary to secure financing of the exports but which have sufficient financial strength so that foreign exchange will be available for scheduled payments. In providing this credit guarantee facility, CCC seeks to expand market opportunities for U.S. agricultural exporters and assist long-term market development for U.S. agricultural commodities.

(3) The credit facility created by these programs is the CCC payment guarantee. The payment guarantee is an agreement by CCC to pay the exporter, or the U.S. financial institution that may take assignment of the exporter's right to proceeds, specified amounts of principal and interest due from, but not paid by, the foreign bank issuing an irrevocable letter of credit in connection with the export sale to

which CCC's guarantee coverage pertains. By approving an exporter's application for a payment guarantee, CCC encourages private sector, rather than governmental, financing and incurs a substantial portion of the risk of default by the foreign bank. CCC assumes this risk, in order to be able to operate the programs for the purposes specified in §1493.2.

(b) *Credit facility mechanism.* Typically, in export sales of U.S. agricultural commodities, payment by the importer is made under an irrevocable letter of credit. For the purpose of the GSM-102 and GSM-103 programs, CCC will consider applications for payment guarantees only in connection with export sales of U.S. agricultural commodities where the payment for the agricultural commodities will be made in one of the two following ways:

(1) An irrevocable foreign bank letter of credit, issued in favor of the exporter, specifically stating the deferred payment terms under which the foreign bank is obligated to make payments in U.S. dollars as such payments become due; or

(2) An irrevocable foreign bank letter of credit, issued in favor of the exporter, that is supported by a related obligation specifically stating the deferred payment terms under which the foreign bank is obligated to make payment to the exporter, or the exporter's assignee, in U.S. dollars as such payments become due. The exporter may assign the right to proceeds under the letter of credit or related obligation to a U.S. bank or other financial institution so that the exporter may realize the proceeds of the sale prior to the deferred payment date(s) as set forth in the irrevocable foreign bank letter of credit or its related obligation. The GSM-102 and GSM-103 programs are designed to protect the exporter or the exporter's assignee against those losses specified in the payment guarantee resulting from defaults, whether for commercial or noncommercial reasons, by the foreign bank obligated under the letter of credit or related obligation.

(c) *Program administration.* The GSM-102 and GSM-103 programs will be administered pursuant to this part and any Program Announcements and Notices to Participants issued by CCC

pursuant to, and not inconsistent with, this part. These programs are under the general administrative responsibility of the General Sales Manager (GSM), Foreign Agricultural Service (FAS/USDA). The review and payment of claims for loss will be administered by the Office of the Controller, CCC. Information regarding specific points of contact for the public, including names, addresses, and telephone and facsimile numbers of particular USDA or CCC offices, will be announced by a public press release (see §1493.20(c), "Contacts P/R").

(d) *Country allocations and program announcements.* From time to time, CCC will issue a Program Announcement to announce a GSM-102 and/or GSM-103 program allocation for a specific country. The Program Announcement for a country allocation will designate specific allocations for U.S. agricultural commodities or products thereof. Exporters may negotiate export sales to buyers in that country for one of the commodities specified in the Program Announcement and seek payment guarantee coverage within the dollar amounts of specified coverage for that commodity. The Program Announcement will contain a requirement that the exporter's sales contract contain a shipping deadline within the applicable program year. The final date for a contractual shipping deadline will be stated in the Program Announcement. Program Announcements may also contain a specified "undesignated" or "unallocated" dollar amount for the purpose that if dollar amounts specified for a specific commodity for a country become fully used, an additional allocation from the "unallocated" or "undesignated" portion of the total country allocation may then be designated for a specific commodity. Program Announcements that include an "allocated" or "undesignated" dollar amount will contain further information on the "unallocated" or "undesignated" portion of the country allocation.

§ 1493.20 Definition of terms.

Terms set forth in this part, in CCC Program Announcements and Notices to Participants, and in any CCC-originated documents pertaining to the

GSM-102 and GSM-103 programs will have the following meanings:

(a) *Assignee*. A financial institution in the United States which, for adequate consideration given, has obtained the legal rights to receive the payment of proceeds under the payment guarantee.

(b) *CCC*. The Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture, authorized pursuant to the Commodity Credit Corporation Charter Act of 1948 (15 U.S.C. 714 *et seq.*), and subject to the general supervision and direction of the Secretary of Agriculture.

(c) *Contacts P/R*. A notice issued by FAS/USDA by public press release which contains specific names, addresses, and telephone and facsimile numbers of contacts within FAS/USDA and CCC for use by persons interested in obtaining information concerning the operations of the GSM-102 or GSM-103 program. The Contacts P/R also contains details about where to submit information required to qualify for program participation, to apply for payment guarantees, to request amendments of payment guarantees, to submit evidence of export reports, and to give notices of default and file claims for loss.

(d) *Date of export*. One of the following dates, depending upon the method of shipment: the on-board date of an ocean bill of lading or the on-board ocean carrier date of an intermodal bill of lading; the on-board date of an airway bill; or, if exported by rail or truck, the date of entry shown on an entry certificate or similar document issued and signed by an official of the Government of the importing country.

(e) *Date of sale*. The earliest date on which a contractual obligation exists between the exporter, or an intervening purchaser, if applicable, and the importer under which a firm dollar-and-cent price for the sale of agricultural commodities to the importer has been established or a mechanism to establish such price has been agreed upon.

(f) *Discounts and allowances*. Any consideration provided directly or indirectly, by or on behalf of the exporter or an intervening purchaser, to the im-

porter in connection with a sale of an agricultural commodity, above and beyond the commodity's value, stated on the appropriate FOB, FAS, CFR or CIF basis. Discounts and allowances include, but are not limited to, the provision of additional goods, services or benefits; the promise to provide additional goods, services or benefits in the future; financial rebates; the assumption of any financial or contractual obligations; the whole or partial release of the importer from any financial or contractual obligations; or settlements made in favor of the importer for quality or weight.

(g) *Eligible interest*. The maximum amount of interest, based on the interest rate indicated in CCC's payment guarantee or any amendments to such payment guarantee, which CCC agrees to pay the exporter or the exporter's assignee in the event that CCC pays a claim for loss. The maximum interest rate stated in the payment guarantee, when determined or adjusted by CCC, will not exceed the average investment rate of the most recent Treasury 52-week bill auction in effect at that time.

(h) *Exported value*. (1) Where CCC announces coverage on a FAS or FOB basis and:

(i) Where the commodity is sold on a FAS or FOB basis, the value, FAS or FOB basis, U.S. point of export, of the export sale, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, is measured by the CFR or CIF value of the agricultural commodity less the cost of ocean freight, as determined at the time of application and, in the case of CIF sales, less the cost of marine and war risk insurance, as determined at the time of application, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or

(2) Where CCC announces coverage on a CFR or CIF basis, and where the commodity is sold on a CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of

entry, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo) which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the exported value.

(i) *Exporter*. A seller of U.S. agricultural commodities or products thereof that has qualified in accordance with the provisions of §1493.30.

(j) *FAS/USDA*. The Foreign Agricultural Service, U.S. Department of Agriculture.

(k) *Foreign bank letter of credit*. An irrevocable commercial letter of credit, subject to the current revision of the Uniform Customs and Practices for Documentary Credits (International Chamber of Commerce Publication No. 500, or latest revision), providing for payment in U.S. dollars against stipulated documents and issued in favor of the exporter by a CCC-approved foreign banking institution.

(l) *GSM*. The General Sales Manager, FAS/USDA, acting in his capacity as Vice President, CCC, or his designee.

(m) *GSM-102*. A CCC program, also referred to as the "Export Credit Guarantee Program," under which payment guarantees are approved for a credit period not exceeding 3 years from the date(s) of export or from the date interest begins to accrue, whichever is earlier.

(n) *GSM-103*. A CCC program, also referred to as the "Intermediate Export Credit Guarantee Program," under which payment guarantees are approved for a credit period no less than 3 years but not exceeding 10 years from the date(s) of export or from the date interest begins to accrue, whichever is earlier.

dicated on the face of the payment guarantee.

(p) *Importer*. A foreign buyer that enters into a contract with an exporter, or with an intervening purchaser, for an export sale of agricultural commodities to be shipped from the U.S. to the foreign buyer.

(q) *Incoterms*. The following customary terms, as defined by the International Chamber of Commerce, Incoterms (current revision):

(1) Free Alongside Ship (FAS),

(2) Free on Board (FOB),

(3) Cost and Freight (CFR, or alternatively, C&F, C and F, or CNF), and

(r) *Intervening purchaser*. A party that agrees to purchase U.S. agricultural commodities from an exporter and sell the same agricultural commodities to an importer.

(s) *Late interest*. Interest, in addition to the interest due under the payment guarantee, which CCC agrees to pay in connection with a claim for loss, accruing during the period beginning on the first day after receipt of a claim which CCC has determined to be in good order and ending on the day on which payment is made on such claim for loss.

(t) *Payment guarantee*. An agreement under which CCC, in consideration of a fee paid, and in reliance upon the statements and declarations of the exporter, subject to the terms set forth in the written guarantee, this subpart, and any applicable Program Announcements or Notices to Participants, agrees to pay the exporter or the exporter's assignee in the event of a default by a foreign bank on its payment obligation under the foreign bank letter of credit issued in connection with a guaranteed sale or under the foreign bank's related obligation.

(u) *Notice to participants*. A notice issued by CCC by public press release which serves one or more of the following functions: to remind participants of the requirements of the program; to clarify the program requirements contained in these regulations in a manner which is not inconsistent with the regulations; to instruct exporters to provide additional information in applications for payment guarantees under specific country and/or

§ 1493.30

7 CFR Ch. XIV (1-1-06 Edition)

commodity allocations; and to supplement the provisions of a payment guarantee, in a manner not inconsistent with these regulations, before the exporter's application for such payment guarantee is approved.

(v) *Port value.* (1) Where CCC announces coverage on a FAS or FOB basis and:

(i) Where the commodity is sold on a FAS or FOB basis, U.S. point of export, the value, FAS or FOB basis, U.S. point of export, of the export sale, including the upward tolerance, if any, as provided by the export sales contract, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, including the upward tolerance, if any, as provided by the export sales contract, is measured by the CFR or CIF value of the agricultural commodity less the value of ocean freight and, in the case of CIF sales, less the value of marine and war risk insurance, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or

(2) Where CCC announces coverage on a CFR or CIF basis and where the commodity was sold on CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, including the upward tolerance, if any, as provided by the export sales contract, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo), which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the port value.

(w) *Program announcement.* An announcement issued by CCC which provides information on specific country and commodity allocations and may

identify eligible agricultural commodities and countries, length of credit periods which may be covered, specify dollar limitations for CCC exposure in particular countries, and include other information and requirements.

(x) *Related obligation.* A contractual commitment by the foreign bank issuing the letter of credit in connection with an export sale to make payment(s) on principal amount(s), plus any contractual interest, in U.S. dollars, to a financial institution in the United States on deferred payment terms consistent with those permitted under CCC's credit guarantee programs. The U.S. financial institution is entitled to such payments because it has financed the obligation arising under such letter of credit.

§ 1493.30 Information required for program participation.

Before CCC will accept an application for a payment guarantee under either the GSM-102 program or the GSM-103 program, the applicant must qualify for participation in these programs. Based upon the information submitted by the applicant and other publicly available sources, CCC will determine

Commodity Credit Corporation, USDA

§ 1493.40

whether the applicant is eligible for participation in the programs.

(a) *Submission of documentation.* In order to qualify for participation in the GSM-102 and GSM-103 programs, an applicant must submit to CCC, at the address specified in the Contacts P/R, the following information:

(1) The address of the applicant's headquarters office and the name and address of an agent in the U.S. for the service of process;

(2) The legal form of doing business of the applicant, e.g., sole proprietorship, partnership, corporation, etc.

(3) The place of incorporation of the applicant, if the applicant is a corporation;

(4) The name and U.S. address of the office(s) of the applicant, and statement indicating whether the applicant is a U.S. domestic corporation, a foreign corporation or another foreign entity. (5) A certified statement describing the applicant's participation, if any, during the past three years in U.S. Government programs, contracts or agreements; and

["Principals," for the purpose of this certification, means officers; directors; owners of five percent or more of stock; partners; and persons having primary management or supervisory responsibility within a business entity (e.g., general manager, plant manager, head of a subsidiary division, or business segment, and similar positions).] I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future, [name of applicant] will immediately notify CCC."

(b) *Previous qualification.* Any exporter that has previously qualified under this section may submit applications for GSM-102 or GSM-103 payment

guarantees. Each application must include the statement required by §1493.40(a)(18) incorporating the certifications of §1493.50, including the certification in §1493.50(e) that the information previously provided pursuant to paragraph (a) of this section has not changed. If the exporter is unable to provide such certification, such exporter must update the information required by paragraph (a) of this section which has changed and certify that the remainder of the information previously provided has not changed.

(c) *Additional submissions.* CCC will promptly notify applicants that have submitted information required by this section whether they have qualified to participate in the program. Any applicant failing to qualify will be given an opportunity to provide additional information for consideration by CCC.

(d) *Ineligibility for program participation.* An applicant may be ineligible to participate in the GSM-102 or GSM-103 programs if:

(1) Such applicant is currently debarred, suspended, or proposed for debarment from contracting with or participating in any program administered by a U.S. Government agency; or

(2) Such applicant is controlled or can be controlled, in whole or in part, by any individuals or entities currently debarred, suspended or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency.

§ 1493.40 Application for payment guarantee.

(a) A firm export sale must exist before an exporter may submit an application for a payment guarantee. An application for a payment guarantee may be submitted in writing or may be made by telephone, but, if made by telephone, it must be confirmed in writing to the office specified in the Contacts P/R. An application must identify the name and address of the exporter and include the following information:

(1) Name of the destination country.

(2) Name and address of the importer.

(3) Name and address of the intervening purchaser, if any, and a statement that the commodity will be

§ 1493.50

7 CFR Ch. XIV (1-1-06 Edition)

shipped directly to the importer in the destination country.

- (4) Date of sale.
- (5) Exporter's sale number.
- (6) Delivery period as agreed between the exporter and the importer.
- (7) A full description of the commodity (including packaging, if any).
- (8) Mean quantity, contract loading tolerance and, if necessary, a request for CCC to reserve coverage up to the maximum quantity permitted by the contract loading tolerance.
- (9) Unit sales price of the commodity, or a mechanism to establish the price, as agreed between the exporter and the importer. If the commodity was sold on the basis of CFR or CIF, the actual (if known at the time of application) or estimated value of freight and, in the case of sales made on a CIF basis, the actual (if known at the time of application) or estimated value of marine and war risk insurance, must be specified.
- (10) Description and value of discounts and allowances, if any.
- (11) Port value (includes upward loading tolerance, if any).
- (12) Guaranteed value.
- (13) Guarantee fee.
- (14) Name and location of the foreign bank issuing the letter of credit.
- (15) The term length for the credit being extended and the intervals between principal payments for each shipment to be made under the export sale.
- (16) A statement indicating whether any portion of the export sale for which the exporter is applying for a payment guarantee is also being used as the basis for an application for participation in any of the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program. The number of the Agreement assigned by USDA under one of these programs should be included, as applicable.
- (17) Other information as specified in Notices to Participants, as applicable.
- (18) The exporter's statement, "All Section 1493.50 Certifications Are Being Made In This Application" which, when included in the application by the exporter, will constitute a certification

that it is in compliance with all the requirements set forth in §1493.50.

(b) An application for a payment guarantee may be approved as submitted, approved with modifications agreed to by the exporter, or rejected by the GSM. In the event that the application is approved, the GSM will cause a payment guarantee to be issued in favor of the exporter. Such payment guarantee will become effective at the time specified in §1493.60(b). If, based upon a price review, the unit sales price of the commodity does not fall within the prevailing commercial market level ranges, as determined by CCC, the application will not be approved.

§ 1493.50 Certification requirements for obtaining payment guarantee.

By providing the statement in §1493.40(a)(18), the exporter is certifying that the information provided in the application is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to applications that do not include this statement. The exporter, in submitting an application for a payment guarantee and providing the statement set forth in §1493.40(a)(18), certifies that:

- (a) The agricultural commodity or product to be exported under the payment guarantee is a U.S. agricultural commodity as defined by §1493.20(z).
- (b) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law;
- (c) If the agricultural commodity is vegetable oil or a vegetable oil product, that none of the agricultural commodity or product has been or will be used as a basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930, 19 U.S.C. 1313, of any duty, tax or fee imposed under Federal law on an imported commodity or product;
- (d) No person or selling agency has been employed or retained to solicit or secure the payment guarantee, and

that there is no agreement or understanding for a commission, percentage, brokerage, or contingent fee, except in the case of bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business; and

(e) The information provided pursuant to § 1493.30 has not changed, the exporter still meets all of the qualification requirements of § 1493.30, and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements. If the exporter breaches or violates these certifications with respect to a GSM-102 or GSM-103 payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter.

[59 FR 52876, Oct. 19, 1994, as amended at 62 FR 24561, May 6, 1997]

§ 1493.60 Payment guarantee.

(a) *CCC's obligation.* The payment guarantee will provide that CCC agrees to pay the exporter or the exporter's assignee an amount not to exceed the guaranteed value, plus eligible interest, in the event that the foreign bank fails to pay under the foreign bank letter of credit or the related obligation. Payment by CCC will be in U.S. dollars.

(b) *Period of guarantee coverage.* The payment guarantee will apply to the period beginning either on the date(s) of export(s) or on the date when interest begins to accrue, whichever is earlier, and will continue during the credit term specified in the payment guarantee or amendments thereto. However, the payment guarantee becomes effective on the date(s) of export(s) of the agricultural commodities or products thereof specified in the exporter's application for a payment guarantee.

(c) *Terms of the CCC payment guarantee.* The terms of CCC's coverage will be set forth in the payment guarantee, as approved by CCC, and will include the provisions of this subpart, which may be supplemented by any Program Announcements and/or Notices to Par-

ticipants in effect at the time the payment guarantee is approved by CCC.

(d) *Final date to export.* The final date to export shown on the payment guarantee will be one month, as determined by CCC, after the contractual deadline for shipping.

(e) *Reserve coverage for loading tolerances.* The exporter may apply for a payment guarantee and, if coverage is available, pay the guarantee fee, based at least on, the amount of the lower loading tolerance of the export sales contract; however, the exporter may also request that CCC reserve additional guarantee coverage to accommodate up to the amount of the upward loading tolerance specified in the export sales contract. If such additional guarantee coverage is available at the time of application and CCC determines to make such reservation, it will so indicate to the exporter. In the event that the exporter ships a quantity greater than the amount on which the guarantee fee was paid (i.e., lower loading tolerance), it may obtain the additional coverage from CCC, up to the amount of the upward loading tolerance, by filing for an amendment to the payment guarantee, and by paying the additional amount of fee applicable. If such amendment to the payment guarantee is not filed with CCC by the exporter within 30 days after the date of the last export against the sales contract, CCC may determine not to reserve the coverage originally set aside for the exporter.

(f) *Ineligible exports.* Commodities with a date of export prior to the date of receipt by CCC of the exporter's telephonic or written application for a payment guarantee, or with a date of export made after the final date for export shown on the payment guarantee or any amendments thereof, are ineligible for GSM-102 or GSM-103 guarantee coverage, except where it is determined by the GSM to be in the best interests of CCC to provide guarantee coverage on such commodities.

(g) *Foreign agricultural component.* CCC may approve payment guarantees under this subpart only in connection with sales of United States agricultural commodities as defined in § 1493.20(z). CCC may not provide guarantee coverage under this subpart on

§ 1493.70

7 CFR Ch. XIV (1-1-06 Edition)

credit extended for the value of any foreign agricultural component.

(h) *Additional requirements.* The payment guarantee may contain such additional terms, conditions, and limitations as deemed necessary or desirable by the GSM. Such additional terms, conditions or qualifications, as stated in the payment guarantee are binding on the exporter or the exporter's assignee.

(i) *Amendments.* A request for an amendment of a payment guarantee may be submitted only by the exporter (with the concurrence of the assignee, if any). CCC will consider such a request only if the amendment sought is consistent with this subpart and any applicable Program Announcements and Notices to Participants. Amendments may include, but will not be limited to, a change in the credit period and an extension of time to export. Any amendment to the payment guarantee, particularly those that result in an increase in CCC's liability under the payment guarantee, may result in an increase in the guarantee fee. (Technical corrections or corrections of a clerical error which may be submitted by the exporter or the exporter's assignee are not viewed as amendments.)

§ 1493.70 Guarantee rates and fees.

(a) *Guarantee fee rates.* The payment guarantee fee rates will be based upon the length of the payment terms provided for in the export sale contract, the degree of risk that CCC assumes, as determined by CCC, and any other factors which CCC determines appropriate for consideration. A current schedule of the guarantee fee rates charged by CCC under GSM-102 and GSM-103 will be available upon request from the FAS/USDA office specified in the Contacts P/R.

(b) *Calculation of fee.* The guarantee fee will be computed by multiplying the guaranteed value by the guarantee fee rate.

(c) *Payment of fee.* The exporter shall remit, with his written application, the full amount of the guarantee fee. Applications will not be approved until the guarantee fee has been received by CCC. The exporter's check for the guarantee fee shall be made payable to CCC

and mailed or delivered by courier to the office specified in the Contacts P/R.

(d) *Refunds of fee.* Guarantee fees paid in connection with approved applications will ordinarily not be refundable. CCC's approval of the application will be final and refund of the guarantee fee will not be made after approval unless the GSM determines that such refund will be in the best interest of CCC. If the application for a payment guarantee is not approved or is approved only for a part of the guarantee coverage requested, a full or pro rata refund of the fee remittance will be made.

§ 1493.80 Evidence of export.

(a) *Report of export.* The exporter is required to provide CCC an evidence of export report for each shipment made under the payment guarantee. This report must include the following:

- (1) Payment guarantee number
- (2) Date of export
- (3) Exporter's sale number
- (4) Exported value
- (5) Quantity
- (6) A full description of the commodity exported
- (7) Unit sales price received for the commodity exported and the basis (e.g., FOB, CFR, CIF). Where the unit sales price at export differs from the unit sales price indicated in the exporter's application for a payment guarantee, the exporter is also required to submit a statement explaining the reason for the difference.
- (8) Description and value of discounts and allowances, if any.
- (9) Number of the Agreement assigned by USDA under another program if any portion of the export sale was also approved for participation in the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program.
- (10) The exporter's statement, "All §1493.90 Certifications Are Being Made In This Evidence Of Export" which, when included in the evidence of export by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in §1493.90.

Commodity Credit Corporation, USDA

§ 1493.100

(b) *Time limit for submission of evidence of export.* The exporter must provide a written report to the office specified in the Contacts P/R within 60 calendar days if the export was by rail or truck; or 30 calendar days if the export was by any other carrier. The time period for filing a report of export will commence upon each date of export of the commodity covered under a payment guarantee. If the evidence of export report is not received by CCC within the time period for filing, the payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would be likely to result, in:

(1) Significant financial harm to CCC;

(2) The undermining of an essential regulatory purpose of the program;

(3) Obstruction of the fair administration of the program; or

(4) A threat to the integrity of the program. The time limit for submission of an evidence of export report may be extended if such extension is determined by the GSM to be in the best interests of CCC.

(c) *Export sales reporting.* Exporters may have a mandatory reporting responsibility under Section 602 of the Agricultural Trade Act of 1978 (7 U.S.C. 5712), as amended by Section 1531 of the Food, Agriculture, Conservation, and Trade Act of 1990 for exports of wheat and wheat flour, feed grains, oilseeds, cotton, and other agricultural commodities and products thereof.

§ 1493.90 Certification requirements for the evidence of export.

By providing the statement contained in §1493.80(a)(10), the exporter is certifying that the information provided in the evidence of export report is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to reports that do not include this statement. If the exporter breaches or violates these certifications with respect to a GSM-102 or GSM-103 payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for

any commodities not yet exported and/or to proceed against the exporter. The exporter, in submitting the evidence of export and providing the statement set forth in §1493.80(a)(10), certifies that:

(a) The agricultural commodity or product exported under the payment guarantee is a U.S. agricultural commodity as defined by §1493.20(z).

(b) Agricultural commodities of the grade, quality and quantity called for in the exporter's sales contract with the importer have been exported to the country specified in the payment guarantee;

(c) A letter of credit has been opened in favor of the exporter by the foreign bank shown in the payment guarantee to cover the port value of the commodity exported;

(d) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law; and

(e) The information provided pursuant to §1493.30 has not changed, the exporter still meets all of the qualification requirements of §1493.30 and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements.

[59 FR 52876, Oct. 19, 1994, as amended at 62 FR 24561, May 6, 1997]

§ 1493.100 Proof of entry.

(a) *Diversion.* The diversion of commodities covered by a GSM-102 or GSM-103 payment guarantee to a country other than that shown on the payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) *Records of proof of entry.* Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the agricultural commodities exported in connection with the GSM-102 or GSM-103 programs in the country that was the intended country of destination of such commodities. Records demonstrating proof

§ 1493.110

7 CFR Ch. XIV (1-1-06 Edition)

of entry must be in English or be accompanied by a certified or other translation acceptable to CCC. Records acceptable to meet this requirement include an original certification of entry signed by a duly authorized customs or port official of the importing country, by the importer, by an agent or representative of the vessel or shipline which delivered the agricultural commodity to the importing country, or by a private surveyor in the importing country, or other documentation deemed acceptable by the GSM showing:

- (1) That the agricultural commodity entered the importing country;
- (2) The identification of the export carrier;
- (3) The quantity of the agricultural commodity;
- (4) The kind, type, grade and/or class of the agricultural commodity; and
- (5) The date(s) and place(s) of unloading of the agricultural commodity in the importing country. [Records of proof of entry need not be submitted with a claim for loss, except as may be provided in §1493.110(b)(4)(ii).]

§ 1493.110 Notice of default and claims for loss.

(a) *Notice of default.* If the foreign bank issuing the letter of credit fails to make payment pursuant to the terms of the foreign bank letter of credit or related obligation, the exporter or the exporter's assignee must submit a notice of default to CCC as soon as possible, but not later than 10 calendar days after the date that payment was due from the foreign bank (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter's assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if such extension is determined by the Controller, CCC, to be in the best interests of CCC. The notice of default must include:

- (1) Payment guarantee number;
- (2) Name of the country;

- (3) Name of the defaulting bank;
- (4) Due date;
- (5) Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;
- (6) Date of foreign bank's refusal to pay, if applicable; and
- (7) Reason for foreign bank's refusal to pay, if known.

(b) *Filing a claim for loss.* A claim for a loss by the exporter or the exporter's assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. The claim for loss must include the following information and documents:

- (1) Payment guarantee number;
- (2) A certification that the scheduled payment has not been received;
- (3) A certification of the amount of accrued interest in default, the date interest began to accrue, and the interest rate on the foreign bank obligation applicable to the claim;
- (4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter's assignee that each page of each document is a true and correct copy:

(i)(A) The foreign bank letter of credit securing the export sale; and

(B) If applicable, the document(s) evidencing the related obligation owed by the foreign bank to the assignee financial institution which is related to the foreign bank's letter of credit issued in favor of the exporter. Such related obligation must be demonstrated in one of the following ways:

(1) The related obligation, including a specific promise to pay on deferred payment terms, may be contained in the letter of credit as a special instruction from the issuing bank directly to the U.S. financial institution to refinance the amounts paid by the U.S. financial institution for obligations financed according to the tenor of the letter of credit; or

(2) The related obligation may be memorialized in a separate document(s) specifically identified and referred to in the letter of credit as the agreement under which the foreign bank is obliged

to repay the U.S. financial institution on deferred payment terms; or

(3) The letter of credit payment obligations may be specifically identified in a separate document(s) setting forth the related obligation, or in a duly executed amendment thereto, as having been financed by the U.S. financial institution pursuant to, and subject to repayment in accordance with the terms of, such related obligation; or

(4) The related obligation may be memorialized in the form of a promissory note executed by the foreign bank issuing the letter of credit in favor of the U.S. financial institution submitting the claim;

(ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the on-board ocean carrier date for each shipment, the airway bill, or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the importing country;

(iii)(A) The exporter's invoice showing, as applicable, the FAS, FOB, CFR or CIF values; or

(B) If there was an intervening purchaser, both the exporter's invoice to the intervening purchaser and the intervening purchaser's invoice to the importer;

(iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter's assignee, if applicable, to the amount of payment in default under the applicable export sale. The instrument must reference the applicable foreign bank letter of credit and the related obligation, if applicable; and

(v) A copy of the report(s) of export previously submitted by the exporter to CCC pursuant to § 1493.80(a).

(c) *Subsequent claims for defaults on installments.* If the initial claim is found in good order, the exporter or an exporter's assignee need only provide all of the required claims documents with the initial claim relating to a covered transaction. For subsequent claims relating to failure of the foreign bank to make scheduled installments on the same export shipment, the exporter or the exporter's assignee need only submit to CCC a notice of such failure con-

taining the information stated in paragraph (b)(1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and including the date the original claim was filed with CCC.

§ 1493.120 Payment for loss.

(a) *Determination of CCC's liability.* Upon receipt in good order of the information and documents required under § 1493.110, CCC will determine whether or not a loss has occurred for which CCC is liable under the applicable payment guarantee, this subpart and any applicable supplemental Program Announcements and Notices to Participants. If CCC determines that it is liable to the exporter and/or the exporter's assignee, CCC will pay the exporter or the exporter's assignee in accordance with paragraphs (b) and (c) of this section.

(b) *Amount of CCC's liability.* CCC's maximum liability for any claims for loss submitted with respect to any payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

(1) The guaranteed value as stated in the payment guarantee, plus eligible interest; or

(2) The guaranteed percentage (as indicated in the payment guarantee) of the exported value indicated in the evidence of export, plus eligible interest.

(c) *Late interest payment.* If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter's assignee beginning with the first day after the day of receipt of a claim found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) *Accelerated payments.* CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay

claims for amounts due under an accelerated payment clause in the export sales contract, the foreign bank's letter of credit, or any obligation owed by the foreign bank to the assignee U.S. financial institution which is related to the foreign bank's letter of credit issued in favor of the exporter, unless it is determined to be in the best interests of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter's assignee in addition to such other claimed amount as may be due from CCC.

(e) *Action against the assignee.* Notwithstanding any other provision in this subpart to the contrary, with regard to commodities covered by a payment guarantee, CCC will not hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission, or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under §1493.80 and §1493.90, excluding post-export adjustments (i.e., corrections to evidence of export reports); and

(2) The exporter or the exporter's assignee furnishes the statements and documents specified in §1493.110.

§ 1493.130 Recovery of losses.

(a) *Notification.* Upon payment of loss to the exporter or the exporter's assignee, CCC will notify the foreign bank of CCC's rights under the subrogation agreement to recover all monies in default.

(b) *Receipt of monies.* (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter's assignee from the importer, the foreign bank, or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 business days from the date of recovery by the exporter or the exporter's assignee, the exporter or the exporter's assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest

will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter's assignee to CCC. Such interest will be charged only on CCC's share of the recovery.

(2) If CCC recovers monies that should be applied to a payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 business days from the date of recovery or 15 business days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and such interest will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the payment guarantee.

(c) *Allocation of recoveries.* Recoveries made by CCC from the importer or the foreign bank, and recoveries received by CCC from the exporter, the exporter's assignee, or any other source whatsoever, will be allocated by CCC to the exporter or the exporter's assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of principal and interest in default. Once CCC has paid out a particular claim under a GSM-102 or GSM-103 payment guarantee, CCC prorates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix A to §1493.130—Illustration of Pro Rata Allocation of Recoveries—provides an example of the methodology used by CCC in applying this paragraph (c).

(d) *Liabilities to CCC.* Notwithstanding any other terms of the payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter has engaged in fraud, or has been or is in material breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the payment guarantee or for fulfilling obligations under GSM-102 or GSM-103. Further, the exporter's assignee may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter's assignee has engaged in fraud or otherwise violated program requirements.

(e) *Good faith.* The violation by an exporter of the certifications in §1493.50(b) and §1493.90(d) or the failure of an exporter to comply with the provisions of §1493.100 or §1493.140(e) will not affect the validity of any payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the payment guarantee or at the time of assignment of the payment guarantee.

(f) *Cooperation in recoveries.* Upon payment by CCC of a claim to the exporter or the exporter's assignee, the exporter or the exporter's assignee will cooperate with CCC to effect recoveries from the foreign bank and/or the importer.

APPENDIX A TO §1493.130—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC's policy, as set forth in §1493.130(c), regarding pro rata sharing of recoveries made for claims filed under the GSM-102 and GSM-103 programs. A typical case might be as follows:

1. The U.S. bank enters into a \$300,000 three-year credit arrangement with the foreign bank calling for equal annual payments of principal and annual payments of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum on overdue amounts until the overdue amount is paid.

2. The foreign bank fails to make the final principal payment of \$100,000 and an interest payment of \$10,000, both due on January 31.

3. On February 10, the U.S. bank files a claim in good order with CCC.

4. CCC's guarantee states that CCC's maximum liability is limited to 98 percent of the principal amount due (\$98,000) and interest at

a rate of 8 percent per annum (basis 365 days) on 98 percent of the principal (\$7,840).

5. CCC pays the claim on February 22.

6. The latest bond equivalent rate of the 52-week Treasury bill auction average which has been published by the Department of Treasury in effect on the date of nonpayment (January 31) is 9 percent. The latest investment rate of the 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of nonpayment by CCC (February 11) is 7 percent.

COMPUTATION OF OBLIGATIONS

Using the above case, CCC's payment to the holder of the payment guarantee would be computed as follows:

1. CCC's Obligation under the Payment Guarantee:

(a)	Principal coverage—	\$98,000.00
	(98% × \$100,000).	
(b)	Interest coverage—	\$7,840.00
	(8% × \$98,000).	
.....		\$105,840.00
(c)	Late interest due	\$223.28
	from CCC (7% per	
	annum for 11 days ×	
	\$105,840).	
(d)	Amount paid by CCC	\$106,063.28
	on February 22.	

2. Foreign Bank's Obligation under the Letter of Credit or the Related Obligation:

(a)	Principal due January	\$100,000.00
	31.	
.....	Interest due January	\$10,000.00
	31 (10% × \$100,000).	
.....	Amount owed by for-	\$110,000.00
	foreign bank as of Jan-	
	uary 31.	
(b)	Penalty interest due	\$795.62
	(12% per annum for	
	22 days × \$100,000).	
(c)	Amount owed by for-	\$110,795.62
	foreign bank as of Feb-	
	ruary 22.	

3. Amount of Foreign Bank's Obligation Not Covered by CCC's Payment Guarantee: \$4,668.55

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party's respective interest in any recovery of losses, the total amount due under the foreign bank obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by

§ 1493.140

the foreign bank is \$110,000, CCC would be entitled to 95.75 percent (\$106,063.07 divided by \$110,765.62) and the holder of the payment guarantee would be entitled to 4.21 percent (\$4,668.55 divided by \$110,795.62) of any recoveries of losses after settlement of the claim. Since in this example, the losses were recovered after the claim has been paid by CCC, § 1493.130(b) would apply.

§ 1493.140 Miscellaneous provisions.

(a) *Assignment.* (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be:

(i) Made to one party acting for two or more parties or

(ii) Subject to further assignment.

(2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof, to the financial institution and to the exporter issued the payment guarantee, in lieu of an acknowledgment of assignment.

(4) The name and address of the assignee must be included on the written notice of assignment.

(b) *Ineligibility of financial institutions to receive an assignment.* A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a payment guarantee if, at the time of assignment, such financial institution:

(1) Is not in sound financial condition, as determined by the Treasurer of CCC; or

(2) Is the financial institution issuing the letter of credit or branch, agency, or subsidiary of such institution; or

7 CFR Ch. XIV (1-1-06 Edition)

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(c) *Ineligibility of financial institutions to receive proceeds.* A financial institution will be ineligible to receive proceeds payable under a payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Is the financial institution issuing the letter of credit or a branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(d) *Alternative satisfaction of payment guarantees.* CCC may, with the agreement of the exporter (or if the right to proceeds payable under the payment guarantee has been assigned, with the agreement of the exporter's assignee), establish procedures, terms and/or conditions for the satisfaction of CCC's obligations under a payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms, and/or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the payment guarantee and would not result in CCC paying more than the amount of CCC's obligation.

(e) *Maintenance of records and access to premises.* (1) For a period of five years after the date of expiration of the coverage of a payment guarantee, the exporter or the exporter's assignee, as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for agricultural commodities exported in connection with a GSM-102 or GSM-103 payment guarantee, including those records generated and maintained by agents, intervening purchasers, and related companies involved in special arrangements with

the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter's assignee, as applicable, during regular business hours from the effective date of the payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter's, exporter's assignee's, agent's, intervening purchaser's or related company's books, records and accounts concerning transactions relating to the payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. During such period, the exporter or the exporter's assignee may be required to make available to the Secretary of Agriculture or the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions undertaken by the exporter in connection with the payment guarantee.

(2) The exporter must maintain the proof of entry required by §1493.100(b), and must provide access to such documentation if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) *Responsibility of program participants.* It is the responsibility of all program participants to review, and fully acquaint themselves with, all regulations, Program Announcements, and Notices to Participants relating to the GSM-102 or GSM-103 program, as applicable. Applicants for payment guarantees under these programs are hereby on notice that they will be bound by any terms contained in applicable Program Announcements or Notices to Participants issued prior to the date of approval of a payment guarantee.

(g) *Submission of documents by principal officers.* All required submissions, including certifications, applications, reports, or requests (i.e., requests for

amendments), by exporters or exporters' assignees under this subpart must be signed by a principal or officer of the exporter or exporter's assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by: wording indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and the name and title of the authorized person or officer. Further, the exporter or exporter's assignee must ensure that all information/reports required under these regulations are submitted within the required time limits. If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter's assignee. If acknowledgment of receipt is requested, the exporter or exporter's assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter's assignee must also submit a self-addressed courier service order which includes the recipient's billing code for such service.

(h) *Officials not to benefit.* No member of or delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of the payment guarantee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the payment guarantee if made with a corporation for its general benefit.

(i) *OMB control number assigned pursuant to the Paperwork Reduction Act.* The information collection requirements contained in this part (7 CFR part 1493) have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Control Number 0551-0004.

CCC will issue facility payment guarantees for project applications meeting the terms and conditions of the Facility Guarantee Program (FGP) and where private sector financing is otherwise not available. This subpart describes the criteria and procedures for applying for a facility payment guarantee, and contains the general terms and conditions of such a guarantee. These general terms and conditions may be supplemented by special terms and conditions specified in program announcements or notices to participants published prior to the issuance of a facility payment guarantee and, if so, will be incorporated by reference on the face of the facility payment guarantee issued by CCC.

§ 1493.230 Eligible transactions.

(a) *Program announcements.* From time to time CCC will issue program announcements indicating the availability of facility payment guarantees in connection with sales of goods or services to emerging markets. The announcements will specify the emerging markets, the maximum amount, in U.S. dollars, of guarantee exposure that CCC will undertake, and may specify special terms or conditions that will be applicable.

(b) *Sale requirements.* CCC will issue facility payment guarantees only in connection with projects that CCC determines will benefit primarily exports of U.S. agricultural commodities and products, and only where there is a firm contract for the sale of goods or services for the establishment or improvement of an agriculture-related facility. The contract may be contingent, however, on the issuance of a CCC facility payment guarantee.

(c) *Initial payment requirement.* The contract for sale of goods or services between the exporter and the importer shall oblige the importer to make an initial payment(s) to the exporter of at least 15 percent of the net contract value in §1493.260(b)(1). Such initial payment(s) shall be in U.S. dollars or instruments having a definite value in U.S. dollars, and shall be made prior to the export of the goods or services.

(d) *Required method of payment.* CCC will issue a facility payment guarantee only in connection with a sale in which payment will be made under either:

(1) An irrevocable foreign bank letter of credit specifically stating the deferred payment terms under which the foreign bank is obligated to make payments in U.S. dollars as payments become due; or

(2) An irrevocable foreign bank letter of credit supported by a related obligation specifically stating the deferred payment terms under which the foreign bank is obligated to make payment in U.S. dollars as such payments become due.

(e) *Form of letter of credit.* The foreign bank letter of credit referred to in paragraph (d) of this section shall be an irrevocable commercial letter of credit, subject to the revision of the International Chamber of Commerce Uniform Customs and Practices for Documentary Credits[©] in effect when the letter of credit is issued, providing for payment in U.S. dollars against stipulated documents and issued in favor of the exporter by a CCC-approved foreign banking institution.

(f) *Form of related obligation.* The related obligation referred to in paragraph (d) of this section shall be in one of the following forms:

(1) A letter of credit including a specific promise to pay on deferred payment terms as a special instruction from the issuing bank directly to the U.S. financial institution to refinance the amounts paid by the U.S. financial institution for obligations financed according to the tenor of the letter of credit;

(2) A separate document specifically identified and referred to in the letter of credit as the agreement under which the foreign bank is obligated to repay the U.S. financial institution on deferred payment terms;

(3) A separate document setting forth the related obligation, or in a duly executed amendment thereto, as having been financed by a U.S. financial institution pursuant to, and subject to, repayment in accordance with the terms of such related obligation; or

(4) A promissory note executed by a foreign bank issuing the letter of credit in favor of the financial institution.

(ii) Financial institution in the U.S. indicating an interest in financing the export sales of goods or services under the facility payment guarantee for an amount at least equal to the net contract value listed in paragraph (a)(14) of this section less the initial payment requirement listed in paragraph (a)(15) of this section. (15) The amount to be paid in accordance with the initial payment requirement (§1493.230(c));

(16) The description and dollar amount of discounts and allowances provided in connection with the sale of goods or services covered by the facility payment guarantee;

(17) The facility base value in §1493.260(b)(2) obtained by subtracting paragraphs (a)(15) and (a)(16) of this section from paragraph (a)(14) of this section;

handled, marketed, processed, stored, or distributed, by the proposed project after completion, provide:

(i) A list or table identifying such principal inputs;

(ii) The likely countries of origin for each input;

(iii) Estimated annual quantities, in metric tons, of each input listed in paragraph (a)(20)(i) of this section to be used by the project for five years from the final date of export or until the expiration of the facility payment guarantee, whichever comes first; and

(iv) An analysis, including price, cost, and other assumptions (the reasons why U.S. agricultural commodities or products will be more competitive inputs than commodities or products from other sources, and whether the projected use of U.S. agricultural commodities or products depends on the availability of U.S. export bonus or credit guarantee programs), of which inputs listed in paragraph (a)(20)(i) of this section will represent increased imports of U.S. agricultural commodities or products:

(A) To a greater degree than imports of agricultural commodities or products from other countries;

(B) To or at levels significantly above those expected in the absence of the project; and

(C) For a period of five years from the final date of export or until expiration of the facility payment guarantee, whichever comes first.

(21) If applicable, a list of agricultural outputs or final products of the proposed project and:

(i) Projected annual quantities (for five years or until the expiration of the facility payment guarantee, whichever comes first), in metric tons, of each output to be marketed;

(A) Within the emerging market; and

(B) In any other country;

(ii) Quantities, by country of origin, of products imported into the emerging market during the past year which would compete with such outputs; and

(iii) An analysis of whether products of the project will significantly displace U.S. exports of similar agricultural commodities or products in any market;

(22) If applicable, a description of any arrangements or understandings with

other U.S. or foreign government agencies, or with financial institutions or entities, private or public, providing financing to the exporter in connection with this export sale, and copies of any documents relating to such arrangements;

(23) A description of the exporter's experience selling goods or providing services similar to those for which the exporter seeks to obtain facility payment guarantee coverage;

(24) A statement of how this project may encourage privatization of the agricultural sector, or benefit private farms or cooperatives, in the emerging market. Include in the statement the share of private sector ownership of the project;

(25) The exporter's signature.

(b) *Application fee.* The exporter shall pay the application fee specified in the program announcement at the time the application is submitted. An application will not be considered without payment of the specified fee. The application fee is nonrefundable.

(c) *Letter of preliminary commitment.* CCC will determine whether, in its judgment, the project in connection with which the exporter seeks a facility payment guarantee is likely to increase exports of U.S. agricultural commodities or products to an emerging market; and whether the project is likely to benefit primarily U.S. agricultural commodities or products as opposed to commodities or products originating in other countries. If necessary, CCC may seek additional information from an applicant prior to making its determination. If CCC determines that an application meets these standards and appears to represent, in CCC's judgment, the best use of available resources, CCC will respond to the applicant with a letter of preliminary commitment indicating CCC's interest in issuing a facility payment guarantee conditioned on its approval of the exporter's final application.

§ 1493.250 Final application and issuance of a facility payment guarantee.

(a) *Final application.* An exporter who has received a letter of preliminary commitment may, within six months

§ 1493.260

7 CFR Ch. XIV (1-1-06 Edition)

of the date of such letter, submit a final application to CCC for a facility payment guarantee which shall include the following information:

(1) A cover sheet with the title: "Application for a Facility Payment Guarantee—Final Commitment."

(2) A letterhead statement from the importer's bank or other documentation confirming the importer has the financial ability to comply with the initial payment requirement in §1493.230(c);

(3) Written evidence of a firm sale signed by the exporter and the importer, specifying at minimum, the following information: Goods or services to be exported, quantities of such items, delivery terms (e.g., FOB, CFR, CIF), delivery period(s), contract value, payment terms, and date of sale. A sales contract may be contingent upon obtaining a facility payment guarantee;

(4) A description of any changes in the information submitted in the preliminary application; and

(5) The exporter's signature;

(b) *Additional information.* CCC shall have the right to request the exporter to furnish any other information and documentation it deems pertinent to the evaluation of the exporter's final application for a final commitment. CCC may request from the exporter an independent engineering study or economic feasibility study relating to the project.

(c) *Final commitment letter.* After making a favorable determination on the exporter's submissions, CCC will issue a final commitment letter indicating the applicable exposure fee rate and stating that CCC is prepared to issue a facility payment guarantee upon receiving full payment of the exposure fee within an allotted time. The letter will also indicate the key terms and coverage of the guarantee to be issued. CCC will also inform exporters in writing when it denies their request for a facility payment guarantee.

(d) *Exposure fee.* The exposure fee is calculated by multiplying the requested guaranteed value (up to the maximum established by CCC's final commitment letter) by the exposure fee rate. Once the facility payment guarantee is issued to the exporter,

CCC will ordinarily not refund the exposure fee. If CCC does not issue a facility payment guarantee, or issues a guarantee for only part of the coverage requested, CCC will make a full or *pro rata* refund of the exposure fee, as appropriate.

(e) *Issuance of the facility payment guarantee.* Upon receipt of the exposure fee, CCC will issue a facility payment guarantee.

§ 1493.260 Facility payment guarantee.

(a) *CCC's maximum obligation.* CCC will agree to pay the exporter or the exporter's assignee an amount not to exceed the guaranteed value stipulated on the face of the facility payment guarantee, plus eligible interest, in the event that the foreign bank fails to pay under the foreign bank letter of credit or related obligation. The exact amount of CCC's liability in the event of default will be determined in accordance with §1493.310(b).

(b) *Calculation of maximum guarantee coverage.* CCC will determine the maximum amount of its obligation under a facility payment guarantee by calculating a:

(1) Net contract value equal to the contract value minus:

(i) The value of goods that are not U.S. goods; and

(ii) The cost of services that are not U.S. services (except those services the exporter requests CCC to determine are vital to the success of the project and approved to be included in the net contract value);

(2) Facility base value equal to net contract value minus:

(i) The amount to be paid in accordance with the initial payment requirement in §1493.230(c); and

(ii) The amount of discounts and allowances; and

(3) Maximum guaranteed value equal to:

(i) A principal amount determined by multiplying the facility base value (as determined in §1493.260(b)(2)) by the guaranteed percentage specified in the program announcement; and

(ii) Interest on such principal amount at the rate specified in the applicable program announcement, not to exceed the investment rate of the most recent

Treasury 52-week bill auction in effect at that time.

(c) *Value and cost.* For the purposes of this section:

(1) *Value* means declared customs value of the goods; or, in the absence of specific information regarding declared customs value, the fair market wholesale value of the imported goods in the United States at the time they were acquired by the participant; and

(2) *Cost* means actual amount paid by the exporter for the services in an arms-length transaction; or in the absence of an arms-length transaction, the fair market value of the services at the time the services were provided.

(d) *U.S. content test.* (1) CCC will issue a guarantee only if the following items collectively represent less than 50 percent of the net contract value in § 1493.260(b)(1):

(i) The value of imported components (except for raw materials) that are assembled, processed, or manufactured into U.S. goods included in the net contract value;

(ii) The cost of services that are not U.S. services (including freight on foreign flag carriers and transportation insurance registered with foreign agents) that, at the request of the exporter, CCC determines are vital to the success of the project and approves their inclusion in the net contract value;

(2) For purpose of this subsection, minor or cosmetic procedures (e.g., affixing labels, cleaning, painting, polishing) do not qualify as assembling, processing or manufacturing;

(3) For purpose of this subsection, local services which involve costs for hotels, meals, transportation, and other similar services incurred in the emerging market are not U.S. services.

(e) *Period of guarantee coverage.* The payment guarantee will apply to the period beginning on the date(s) of export(s) and will continue during the credit term specified in the facility payment guarantee. For goods, the period of coverage will also apply from the date on which interest begins to accrue, if earlier than the date of export. The final payments of principal and interest by the foreign bank must come due within the period of guarantee coverage.

(f) *Terms of the CCC facility payment guarantee.* The terms of CCC's coverage will be set forth in the facility payment guarantee and will include the provisions of this subpart, which may be supplemented by any program announcement(s) or notice(s) to participants in effect at the time the facility payment guarantee is approved by CCC.

(g) *Final date to export.* The final date to export will be stated in the facility payment guarantee.

(h) *Ineligible exports.* Goods or services with a date of export prior to the date CCC issues the facility payment guarantee are ineligible for coverage unless approved by the GSM.

(i) *Additional requirements.* The facility payment guarantee may contain such additional terms, conditions, and limitations as are deemed necessary or desirable by the GSM. Such additional terms, conditions or qualifications, as stated in the facility payment guarantee, are binding on the exporter or the exporter's assignee.

(j) *Amendments.* Exporters must notify CCC of any amendments concerning contracts covered by a facility payment guarantee. CCC will determine if the contract amendments will require amendments to the facility payment guarantee. Amending the facility payment guarantee may result in an increase to the exposure fee. Requests made by the exporter to amend the facility payment guarantee so as to change the guaranteed value must have the concurrence of the assignee when an assignment has been made.

(k) *Effective date.* The facility payment guarantee shall become effective on the date of export of the goods or services.

APPENDIX TO § 1493.260—ILLUSTRATION OF FGP COVERAGE OF IMPORTED RAW MATERIALS, COMPONENTS, AND SERVICES THAT ARE NOT U.S. SERVICES

The following example illustrates CCC's regulations and policy options with regard to issuing a payment guarantee for a project which includes imported raw materials, imported components, and services that are not U.S. services:

1. Ten grain trucks and one truck scale are to be exported from the U.S. to an emerging market. The trucks will provide the ability to purchase larger quantities of grain from

§ 1493.270

7 CFR Ch. XIV (1-1-06 Edition)

the U.S. The contract value totals \$2,025,000, cost, insurance and freight (CIF) basis.

2. The fenders, hoods and doors of the trucks have been manufactured and assembled in the U.S. and contain some imported raw materials (sheet metal).

3. Imported components consist of starters and alternators, with a U.S. customs valuation of \$149,000. These items are installed into the trucks in the U.S.

4. The truck scale was imported from Canada into the U.S. with a U.S. customs valuation of \$20,000.

5. A U.S. citizen, will travel on a foreign airline carrier to the emerging market (airfare is \$1,000) to instruct mechanics in repair and maintenance of the trucks. He will be paid a salary for this service and, in addition, will be reimbursed separately for local costs in the emerging market (e.g., hotel, meals, transportation) which are estimated to be \$5,000.

6. The trucks are to be shipped on foreign flag vessels, and the marine insurance is to be placed with a foreign agent. The combined cost of these services that are not U.S. services for which the exporter seeks coverage is estimated to be \$500,000.

CCC'S APPROVAL OF SERVICES THAT ARE NOT U.S. SERVICES

CCC agrees to include in the net contract value the foreign flag freight and marine insurance (\$500,000) and the airfare (\$1,000) of the U.S. instructor (§1493.260(b)(1)).

CALCULATION OF NET CONTRACT VALUE

CCC will calculate the net contract value by subtracting from the contract value (\$2,025,000) the U.S. customs value of the truck scale (\$20,000) in accordance with §1493.260(b)(1)(I) and the local costs to be incurred by the U.S. instructor (\$5,000) in accordance with §1493.260(b)(1)(ii) to equal \$2,000,000.

CCC'S DETERMINATION OF U.S. CONTENT ELIGIBILITY

The imported components and services that are not U.S. services approved for coverage total \$650,000 (i.e., \$149,000 for starters and alternators, \$1,000 for airfare, \$500,000 for freight and insurance; or 32.5 percent of the net contract value of \$2,000,000 (§1493.260(b)(1)). Since this is less than 50 percent of the net contract value the transaction meets the U.S. content test (§1493.260(d)).

§ 1493.270 Certifications.

(a) *Exporter's signature.* The exporter's signature on documentation submitted to CCC under this subpart, is the exporter's certification that:

(1) There have not been and are no arrangements for any payments in violation of the Foreign Corrupt Practices Act of 1977, as amended, or other U.S. Laws;

(2) All information submitted to CCC is true and correct; and

(3) The exporter is in compliance with this subpart.

(b) *False certification.* False certifications under this subpart may result in the termination of the facility payment guarantee, suspension or debarment, or civil or criminal action.

§ 1493.280 Evidence of export report.

(a) *Report of export.* The exporter is required to provide CCC an evidence of export report for each shipment of goods or provision of services covered under the facility payment guarantee. Each report must be numbered in chronological order and contain the following information in the order prescribed below:

(1) The facility payment guarantee number;

(2) The date goods or services were exported or provided;

(3) The exporter's sale number, bill of lading numbers, or identification of other documents that may be submitted to establish the contract value of the goods or services exported or provided;

(4) The net contract value of the exported goods or services as determined in accordance with §1493.260(b)(1);

(5) The amount paid in accordance with the initial payment requirement (§1493.230 (c));

(6) A description and dollar value of discounts and allowances, if any;

(7) The exported value of the shipment which is the net contract value of the goods or services exported in paragraph (a)(4) of this section minus:

(i) The initial payment requirement listed in paragraph (a)(5) of this section; and

(ii) The dollar amount of any discounts and allowances listed in paragraph (a)(6) of this section;

(8) The name of the carrier and, if applicable, the name of the vessel;

(9) The final payment schedule showing the payment due dates and amounts of principal, and payment due

Commodity Credit Corporation, USDA

§ 1493.300

dates for interest accrual. If the payment schedule is unknown, the exporter must indicate in writing that: "The payment schedule will be provided in an amendment to the evidence of export report when the payment schedule has been determined;"

(10) Written statements that:

(i) The goods exported or services provided were included in the final application for a final commitment as approved by CCC for coverage under the facility payment guarantee and this subpart;

(ii) The specifications and quantity of goods or services exported conform to the information contained in the exporter's application documents for a facility payment guarantee, or if different, that CCC has approved of such changes;

(iii) A letter of credit has been opened in favor of the exporter by the foreign bank shown on the facility payment guarantee to cover the dollar amount of the sale of goods or services exported less the amount paid in accordance with the initial payment requirement and less discounts and allowances; and

(11) The exporter's signature.

(b) *Final report of export.* The final evidence of export report submitted under a facility payment guarantee must contain:

(1) A written statement that exports under the facility payment guarantee have been completed;

(2) The information requested in §1493.280(a) for the shipment(s) included in the final report; and

(3) The combined total of all dollar amounts reported under §1493.280 (a) and (b) for all reports.

(c) *Time limit for submission of evidence of export report.* Unless extended by CCC for good cause, the exporter must submit to CCC an evidence of export report:

(1) Within 60 days of the date goods are exported by rail or truck;

(2) Within 30 days of the date goods are exported by any other carrier; or

(3) Within 30 days of the date of export of services.

(d) *Late reports.* If the evidence of export report is not received by CCC within the time period for filing, the facility payment guarantee will be-

come null and void only if and only to the extent that failure to make timely filing resulted, or would likely result, in:

(1) Significant financial harm to CCC;

(2) The undermining of an essential regulatory purpose of the FGP;

(3) The obstruction of the fair administration of the FGP; or

(4) A threat to the integrity of the FGP.

§ 1493.290 Proof of entry.

(a) *Diversion.* The diversion of goods covered by a facility payment guarantee to a country other than that shown on the facility payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) *Records of proof of entry.* Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the goods authorized by the facility payment guarantee. Records demonstrating proof of entry must be in English or be accompanied by a certified or other translation acceptable to CCC. Records acceptable to meet this requirement include:

(1) For goods: An original certificate, signed by a duly authorized customs or port official of the emerging market, by the importer, by an agent or representative of the vessel or ship line which delivered the goods to the emerging market, or by a private surveyor in the emerging market, or other documentation deemed acceptable by CCC:

(i) Showing that the goods entered the emerging market;

(ii) Identifying the export carrier;

(iii) Describing the goods; and

(iv) Indicating date and place the goods were unloaded in the emerging market.

(2) [Reserved]

§ 1493.300 Notice of default and claims for loss.

(a) *Notice of default.* If the foreign bank issuing the letter of credit fails to make payment pursuant to the terms of the foreign bank letter of credit or

§ 1493.310

7 CFR Ch. XIV (1-1-06 Edition)

related obligation, the exporter or the exporter's assignee must submit a notice of default to CCC as soon as possible, but not later than ten days after the date that payment was due from the foreign bank (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter's assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the facility payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if approved by the Controller, CCC. The notice of default must include:

- (1) Facility payment guarantee number;
- (2) Name of the emerging market;
- (3) Name of the defaulting bank;
- (4) Payment due date;
- (5) Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;
- (6) Date of foreign bank's refusal to pay, if applicable; and
- (7) Reason for the foreign bank's refusal to pay, if known.

(b) *Filing a claim for loss.* A claim for a loss by the exporter or the exporter's assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. The claim for loss must include the following information and documents:

- (1) Facility payment guarantee number;
- (2) A certification that the scheduled payment has not been received;
- (3) A certification of the amount of accrued interest in default, the date interest began to accrue and the interest rate on the foreign bank obligation applicable to the claim; and
- (4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter's assignee that each page of each document is a true and correct copy:
 - (i)(A) The foreign bank's letter of credit securing the export sale, and;

(B) If applicable, the document(s) evidencing the related obligation owed by the foreign bank to the assignee financial institution which is related to the foreign bank's letter of credit issued in favor of the exporter.

(ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the on-board ocean carrier date for each shipment, the airway bill; or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the emerging market;

(iii) The exporter's sales invoice(s) showing the value and basis of sale (e.g., FOB, CFR, or CIF) or, if services are billed separately, documents that the exporter or its assignee relied upon in extending the credit to the issuing foreign bank;

(iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter's assignee, if applicable, to the amount of payment in default. The instrument must reference the applicable foreign bank letter of credit and the related obligation, if applicable; and

(v) A copy of the evidence of export report(s) previously submitted by the exporter to CCC pursuant to §1493.280.

(c) *Subsequent claims for defaults on installments.* The exporter or an exporter's assignee need only provide one claim which meets full documentation requirements relating to a covered transaction. For subsequent claims relating to such failures of the foreign bank to make scheduled installments on the same export, the exporter or the exporter's assignee need only submit to CCC a notice of such failure containing the information stated in paragraphs (b) (1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and the date the original claim was filed with CCC.

§ 1493.310 Payment for loss.

(a) *Determination of CCC's liability.* Upon receipt in good order of the information and documents required under §1493.300, CCC will determine whether or not a loss has occurred for which

CCC is liable under the facility payment guarantee, this subpart, program announcement(s) and notice(s) to participants. If CCC determines that it is liable to the exporter or the exporter's assignee, CCC will pay the exporter or the exporter's assignee in accordance with paragraphs (b) and (c) of this section.

(b) *Amount of CCC's liability.* CCC's maximum liability for any claims for loss submitted with respect to any facility payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

(1) The guaranteed value as stated in the facility payment guarantee, plus eligible interest; or

(2) The guaranteed percentage (as indicated in the facility payment guarantee) of the exported value indicated in the evidence of export report (§1493.280(a)(7)), plus eligible interest.

(c) *Late interest payment.* If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter's assignee beginning with the first day after the claim was found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) *Accelerated payments.* CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract, the foreign bank's letter of credit, or any obligation owed by the foreign bank to the assignee U.S. financial institution which is related to the foreign bank's letter of credit issued in favor of the exporter, unless it is determined to be in the best interest of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to

the exporter or the exporter's assignee in addition to such other claimed amount as may be due from CCC.

(e) *Action against the assignee.* Notwithstanding any other provision in this subpart to the contrary, with regard to the value of goods or services covered by a facility payment guarantee, CCC will not hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under §1493.270 and §1493.280 excluding post-export adjustments (i.e., corrections of evidence of export reports); and

(2) The exporter or the exporter's assignee furnishes the statements and documents specified in §1493.300.

§ 1493.320 Recovery of losses.

(a) *Notification.* Upon payment of loss to the exporter or the exporter's assignee, CCC will notify the foreign bank of CCC's rights under the subrogation agreement to recover all monies in default.

(b) *Receipt of monies.* (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter's assignee from the importer, the foreign bank or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 days from the date of recovery by the exporter or the exporter's assignee, the exporter or the exporter's assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter's assignee to CCC. Such interest will be charged only on CCC's share of the recovery.

(2) If CCC recovers monies that should be applied to a facility payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the facility payment guarantee its pro

rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 days from the date of recovery or 15 days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the facility payment guarantee.

(c) *Allocation of recoveries.* Recoveries made by CCC from the importer or the foreign bank, and recoveries received by CCC from the exporter, the exporter's assignee or any other source whatsoever, will be allocated by CCC to the exporter or the exporter's assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of principal and interest in default. Once CCC has paid out a particular claim under a facility payment guarantee, CCC prorates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix to §1493.320 provides an example of the methodology used by CCC in applying this paragraph (c).

(d) *Liabilities to CCC.* Notwithstanding any other terms of the facility payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the facility payment guarantee when and if it is determined by CCC that the exporter engaged in fraud, or has been or is in breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the facility payment guarantee or for fulfilling obligations under the FGP. Further, the exporter's assignee may be liable to CCC for any amounts paid by CCC under the facility payment guarantee when and if

it is determined by CCC that the exporter's assignee engaged in fraud or otherwise violated program requirements.

(e) *Good faith.* The violation by an exporter of the certifications in §1493.270 or the failure of an exporter to comply with the provisions of §1493.290 or §1493.330(e) will not affect the validity of any facility payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the facility payment guarantee or at the time of assignment of the facility payment guarantee.

(f) *Cooperation in recoveries.* Upon payment by CCC of a claim to the exporter or the exporter's assignee, the exporter or the exporter's assignee will cooperate with CCC to effect recoveries from the foreign bank or the importer.

APPENDIX TO §1493.320—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC's policy, as set forth in §1493.320, regarding pro rata sharing of recoveries made for claims filed under the FGP. For the purpose of this example only, even though CCC interest coverage is on a floating rate basis, a constant rate of interest is assumed. A typical case might be as follows:

1. The U.S. bank enters into a \$300,000 three-year credit arrangement for the export sale of goods and services with the foreign bank calling for equal semi-annual payments of principal and semi-annual payment of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum on overdue amounts until the overdue amount is paid.
2. Exported value reported to CCC equals \$300,000.
3. The foreign bank fails to make the final principal payment of \$50,000 and an interest payment of \$2,493.15, both due on January 31.
4. On February 10, the U.S. bank files a notice of default and claim in good order with CCC.
5. CCC's guarantee states that CCC's maximum liability is limited to 95 percent of the principal amount due (\$47,500) and interest at a rate of 8 percent per annum (basis 365 days) on 95 percent of the principal (\$1,894.80).
6. CCC pays the claim on February 22.
7. The latest investment rate of the 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of nonpayment by CCC (February 11) is 7 percent.

Commodity Credit Corporation, USDA

§ 1493.330

COMPUTATION OF OBLIGATIONS

Using the above case, CCC's payment to the holder of the facility payment guarantee would be computed as follows:

1. CCC's Obligation under the Facility Payment Guarantee:	
(a) Principal coverage—(95% × \$50,000)	\$47,500.00
(b) Interest coverage—(8% × \$47,500 × 182/365)	1,894.80
Total	49,394.80
(c) Late interest due from CCC (7% per annum for 11 days × \$49,394.80)	104.20
(d) Amount paid by CCC on February 22	49,499.00
2. Foreign Bank's Obligation under the Letter of Credit or the Related Obligation:	
(a) Principal due January 31	50,000.00
Interest due January 31 (10% × \$ 50,000 × 182/365)	2,493.15
Amount owed by foreign bank as of January 31 ...	52,493.15
(b) Penalty interest due (12% per annum for 22 days × \$ 50,000)	361.64
(c) Amount owed by foreign bank as of February 22	52,854.79
3. Amount of Foreign Bank's Obligation Not Covered by CCC's Payment Guarantee:	3,355.79

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party's respective interest in any recovery of losses, the total amount due under the foreign bank obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the foreign bank is \$52,854.79, CCC would be entitled to 93.65 percent (\$49,499.00 divided by \$52,854.79) and the holder of the facility payment guarantee would be entitled to 6.35 percent (\$3,355.79 divided by \$52,854.79) of any recoveries of losses after settlement of the claim. Since in this example, the losses were recovered after the claim had been paid by CCC, §1493.320(b) would apply.

§ 1493.330 Miscellaneous provisions.

(a) *Assignment.* (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a facility payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the facility payment guarantee not al-

ready paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be subject to further assignment. Any assignment may be made to one party as agent or trustee for two or more parties participating in the assignment.

(2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof to such financial institution and to the exporter issued the facility payment guarantee in lieu of an acknowledgment of assignment.

(4) The name and address of the assignee must be included on the written notice of assignment.

(b) *Ineligibility of financial institutions to receive an assignment.* A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a facility payment guarantee if, at the time of assignment, such financial institution:

(1) Is not in sound financial condition, as determined by the Treasurer of CCC; or

(2) Is the financial institution issuing the letter of credit or a branch, agency or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(c) *Ineligibility of financial institutions to receive proceeds.* A financial institution will be ineligible to receive proceeds payable under a facility payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a facility payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Is the financial institution issuing the letter of credit or a branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(d) *Alternative satisfaction of facility payment guarantees.* CCC may, with the agreement of the exporter (or if the right to proceeds payable under the facility payment guarantee has been assigned, with the agreement of the exporter's assignee), establish procedures, terms or conditions for the satisfaction of CCC's obligations under a facility payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the facility payment guarantee and would not result in CCC paying more than the amount of CCC's obligation.

(e) *Maintenance of records and access to premises.* (1) For a period of five years after the date of expiration of the coverage of a facility payment guarantee, the exporter or the exporter's assignee, as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for goods or services exported in connection with a facility payment guarantee, including those records generated and maintained by agents, and related companies involved in special arrangements with the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter's assignee, as applicable, during regular business hours from the effective date of the facility payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter's, exporter's assignee's, or a related company's books, records, and accounts concerning transactions relating to the facility payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, manufac-

turing, processing, and administrative and incidental costs, both normal and unforeseen.

(2) The exporter must maintain the proof of entry required by §1493.290(b), and must provide access to such document if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) *Responsibility of program participants.* It is the responsibility of all program participants to review, and fully acquaint themselves with, this subpart, program announcement(s), and notice(s) to participants relating to the FGP, as applicable. Applicants for facility payment guarantees under this program are hereby on notice that they will be bound by any terms contained in applicable program announcement(s) or notice(s) to participants issued prior to the date of approval of a facility payment guarantee.

(g) *Submission of documents by principal officers.* All required submissions, including certifications, applications, reports, or requests (i.e., requests for amendments), by exporters or exporters' assignees under this subpart must be signed by a principal or officer of the exporter or exporter's assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by:

(1) Wording indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and

(2) The name and title of the authorized person or officer. Further, the exporter or exporter's assignee must ensure that all information/reports required under this subpart are submitted within the required time limits. If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter's assignee. If acknowledgment of receipt is requested, the exporter or exporter's assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter's assignee must also submit a self-addressed courier service order

which includes the recipient's billing code for such service.

(h) *Officials not to benefit.* No member of or delegate to Congress, or resident Commissioner, shall be admitted to any share or part of the facility payment guarantee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the facility payment guarantee if made with a corporation for its general benefit.

(i) *Deadlines.* (1) Where a deadline is fixed in terms of days, it means business days and excludes Saturdays, Sundays and federal holidays.

(2) Where a deadline is fixed in terms of months, the deadline falls on the same day of the month as the day triggering the deadline period, or if there is no same day, the last day of the month; and

(3) Where a deadline would otherwise fall on a Saturday, Sunday or federal holiday, the deadline shall be the next business day.

Subpart D—CCC Supplier Credit Guarantee Program Operations

SOURCE: 61 FR 33831, July 1, 1996, unless otherwise noted.

§ 1493.400 General statement.

(a) *Overview.* (1) This subpart contains the regulations governing the operations of the Supplier Credit Guarantee Program (SCGP). The restrictions and criteria set forth at subpart A for the Commodity Credit Corporation (CCC) Export Credit Guarantee Program (GSM-102) and the Intermediate Credit Guarantee Program (GSM-103) will apply to this subpart. The SCGP was developed to expand U.S. agricultural exports by making available payment guarantees to encourage U.S. exporters to extend financing on credit terms of not more than 180 days to importers of U.S. agricultural commodities.

(2) The SCGP operates in cases where credit is necessary to increase or maintain U.S. exports to a foreign market and where private U.S. exporters would be unwilling to provide financing without CCC's guarantee. The program is operated in a manner intended not to interfere with markets for cash sales.

The program is targeted toward those countries where the guarantees are necessary to secure financing of the exports but which have sufficient financial strength so that foreign exchange will be available for scheduled payments. In providing this credit guarantee facility, CCC seeks to expand market opportunities for U.S. agricultural exporters and assist long-term market development for U.S. agricultural commodities.

(3) The credit facility created by this program is the SCGP payment guarantee (payment guarantee). The payment guarantee is an agreement by CCC to pay the exporter, or the U.S. financial institution that may take assignment of the exporter's right to proceeds, specified amounts of principal and, where applicable, interest due from, but not paid by, the importer incurring the obligation in connection with the export sale to which CCC's guarantee coverage pertains. By approving an exporter's application for a payment guarantee, CCC encourages private sector, rather than government, financing and incurs a substantial portion of the risk of default by the importer. CCC assumes this risk, in order to be able to operate the program for the purposes specified in § 1493.2.

(b) *Credit facility mechanism.* (1) For the purpose of the SCGP, CCC will consider applications for payment guarantees only in connection with export sales of U.S. agricultural commodities where the payment for the agricultural commodities will be made under an unconditional and irrevocable importer obligation to a U.S. exporter payable in U.S. dollars, as defined in § 1493.410(n).

(2) The exporter may assign the right to proceeds under the importer obligation to a U.S. bank or other financial institution so that the exporter may realize the proceeds of the sale prior to the deferred payment date(s) as set forth in the importer obligation.

(3) The SCGP payment guarantee is designed to protect the exporter or the exporter's assignee against those losses specified in the payment guarantee resulting from defaults, whether for commercial or noncommercial reasons, by the importer under the importer's obligation.

(c) *Program administration.* The SCGP will be administered pursuant to subpart A and this subpart and any Program Announcements and Notices to Participants issued by CCC pursuant to, and not inconsistent with, this subpart. This program is under the general administrative responsibility of the General Sales Manager (GSM), Foreign Agricultural Service (FAS/USDA). The review and payment of claims for loss will be administered by the Office of the Controller, CCC. Information regarding specific points of contact for the public, including names, addresses, and telephone and facsimile numbers of particular USDA or CCC offices, will be announced by a public press release (see § 1493.410(c), "Contacts P/R").

(d) *Country allocations and program announcements.* From time to time, CCC will issue a Program Announcement to announce a SCGP allocation for a specific country. The Program Announcement for a country allocation will designate specific allocations for U.S. agricultural commodities or products thereof, will indicate the form of promissory note required by CCC, and will provide other pertinent information. Exporters may negotiate export sales to importers in that country for one of the commodities specified in the Program Announcement and seek payment guarantee coverage within the dollar amounts of specified coverage for that commodity. The Program Announcement will contain a requirement that the exporter's sales contract contain a shipping deadline within the applicable program year. The final date for a contractual shipping deadline will be stated in the Program Announcement. Program Announcements may also contain a specified "undesignated" or "unallocated" dollar amount for the purpose that if dollar amounts specified for a specific commodity for a country become fully used, an additional allocation from the "unallocated" or "undesignated" portion of the total country allocation may then be designated for a specific commodity. Program Announcements that include an "unallocated" or "undesignated" dollar amount will contain further information on the "unallocated" or "undesignated" portion of the country allocation.

§ 1493.410 Definition of terms.

Terms set forth in this subpart and in CCC Program Announcements, Notices to Participants, and any other CCC-originated documents pertaining to the SCGP will have the following meanings:

(a) *Assignee.* A financial institution in the United States which, for adequate consideration given, has obtained the legal rights to receive the payment of proceeds under the payment guarantee.

(b) *CCC.* The Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture, authorized pursuant to the Commodity Credit Corporation Charter Act of 1948 (15 U.S.C. 714 *et seq.*), and subject to the general supervision and direction of the Secretary of Agriculture.

(c) *Contacts P/R.* A notice issued by FAS/USDA by public press release which contains specific names, addresses, and telephone and facsimile numbers of contacts within FAS/USDA and CCC for use by persons interested in obtaining information concerning the operations of the SCGP. The Contacts P/R also contains details about where to submit information required to qualify for program participation, to apply for payment guarantees, to request amendments of payment guarantees, to submit evidence of export reports, and to give notices of default and file claims for loss.

(d) *Date of export.* One of the following dates, depending upon the method of shipment: the on-board date of an ocean bill of lading or the on-board ocean carrier date of an intermodal bill of lading; the on-board date of an airway bill; or, if exported by rail or truck, the date of entry shown on an entry certificate or similar document issued and signed by an official of the Government of the importing country.

(e) *Date of sale.* The earliest date on which a contractual obligation exists between the exporter, or an intervening purchaser, if applicable, and the importer under which a firm dollar-and-cent price for the sale of agricultural commodities to the importer has been established or a mechanism to establish such price has been agreed upon.

(f) *Discounts and allowances.* Any consideration provided directly or indirectly, by or on behalf of the exporter, or an intervening purchaser, to the importer in connection with a sale of an agricultural commodity, above and beyond the commodity's value, stated on the appropriate FOB, FAS, CFR or CIF basis. Discounts and allowances include, but are not limited to, the provision of additional goods, services or benefits; the promise to provide additional goods, services or benefits in the future; financial rebates; the assumption of any financial or contractual obligations; the whole or partial release of the importer from any financial or contractual obligations; or settlements made in favor of the importer for quality or weight.

(g) *Eligible interest.* The maximum amount of interest, based on the interest rate indicated in CCC's payment guarantee or any amendments to such payment guarantee, which CCC agrees to pay the exporter or the exporter's assignee in the event that CCC pays a claim for loss. The maximum interest rate stated in the payment guarantee, when determined or adjusted by CCC, will not exceed the average investment rate of the most recent Treasury 52-week bill auction in effect at that time.

(h) *Exported value.* (1) Where CCC announces coverage on a FAS or FOB basis and:

(i) Where the commodity is sold on a FAS or FOB basis, the value, FAS or FOB basis, U.S. point of export, of the export sale, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, is measured by the CFR or CIF value of the agricultural commodity less the cost of ocean freight, as determined at the time of application and, in the case of CIF sales, less the cost of marine and war risk insurance, as determined at the time of application, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or

(2) Where CCC announces coverage on a CFR or CIF basis, and where the commodity is sold on a CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo) which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the exported value.

(i) *Exporter.* A seller of U.S. agricultural commodities or products thereof that has qualified in accordance with the provisions of §1493.420.

(j) *FAS/USDA.* The Foreign Agricultural Service, U.S. Department of Agriculture.

(q) *Late interest.* Interest, in addition to the interest due under the payment guarantee, which CCC agrees to pay in connection with a claim for loss, accruing during the period beginning on the first day after receipt of a claim which CCC has determined to be in good order and ending on the day on which payment is made on such claim for loss.

(r) *Notice to participants.* A notice issued by CCC by public press release which serves one or more of the following functions: to remind participants of the requirements of the program; to clarify the program requirements contained in these regulations in a manner which is not inconsistent with the regulations; to instruct exporters to provide additional information in applications for payment guarantees under specific country and/or commodity allocations; and to supplement the provisions of a payment guarantee, in a manner not inconsistent with these regulations, before the exporter's application for such payment guarantee is approved.

(s) *Payment guarantee.* An agreement under which CCC, in consideration of a fee paid, and in reliance upon the statements and declarations of the exporter, subject to the terms set forth in the written guarantee (including the required form of promissory note), this subpart, and any applicable Program Announcements or Notices to Participants, agrees to pay the exporter or the exporter's assignee in the event of a default by an importer under the importer obligation.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo), which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the port value.

(u) *Program announcement.* An announcement issued by CCC which provides information on specific country and commodity allocations and may identify eligible agricultural commodities and countries, length of credit periods which may be covered, specify dollar limitations for CCC exposure in particular countries, the form of promissory note required for a particular country or region, and include other information and requirements.

§ 1493.420 Information required for program participation.

Before CCC will accept an application for a payment guarantee under the SCGP, the applicant must qualify for participation in this program. Based upon the information submitted by the applicant and other publicly available sources, CCC will determine whether the applicant is eligible for participation in the program.

(a) *Submission of documentation*. In order to qualify for participation in the SCGP, an applicant must submit to CCC, at the address specified in the Contacts P/R, the following information:

(1) The address of the applicant's headquarters office and the name and address of an agent in the U.S. for the service of process;

(2) The legal form of doing business of the applicant, e.g., sole proprietorship, partnership, corporation, etc.;

["Principals," for the purpose of this certification, means officers; directors; owners of five percent or more of stock; partners; and persons having primary management or supervisory responsibility within a business entity (e.g., general manager, plant manager, head of a subsidiary division, or business segment, and similar positions).] I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future, [name of applicant] will immediately notify CCC."

(b) *Previous qualification*. Any exporter that is qualified under subpart B, §1493.30 is qualified under this section to submit applications for a SCGP payment guarantee, and the information provided by the exporter pursuant to §1493.30 will be deemed to also have been provided under this section. Each application must include the statement required by §1493.430(a)(17) incorporating the certifications of §1493.440, including the certification in §1493.440(e) that the information previously provided pursuant to §1493.420 has not changed. If the exporter is unable to provide such certification, such exporter must update the information required by paragraph (a) of this section which has changed and certify that the remainder of the information previously provided has not changed.

(c) *Additional submissions*. CCC will promptly notify applicants that have submitted information required by this section whether they have qualified to participate in the program. Any applicant failing to qualify will be given an opportunity to provide additional information for consideration by CCC.

(d) *Ineligibility for program participation*. An applicant may be ineligible to participate in the SCGP if:

(1) Such applicant is currently debarred, suspended, or proposed for debarment from contracting with or

§ 1493.430

7 CFR Ch. XIV (1-1-06 Edition)

participating in any program administered by a U.S. Government agency; or

(2) Such applicant is controlled or can be controlled, in whole or in part, by any individuals or entities currently debarred, suspended or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency.

§ 1493.430 Application for a payment guarantee.

(a) A firm export sale must exist before an exporter may submit an application for a payment guarantee. An application for a payment guarantee may be submitted in writing or may be made by telephone, but, if made by telephone, it must be confirmed in writing to the office specified in the Contacts P/R. An application must identify the name and address of the exporter and include the following information:

- (1) Name of the destination country;
- (2) Name and address of the importer;
- (3) Name and address of the intervening purchaser, if any, and a statement that the commodity will be shipped directly to the importer in the destination country;
- (4) Date of sale;
- (5) Exporter's sale number;
- (6) Delivery period as agreed between the exporter and the importer;
- (7) A full description of the commodity (including packaging, if any);
- (8) Mean quantity, contract loading tolerance and, if the exporter chooses, a request for CCC to reserve coverage up to the maximum quantity permitted by the contract loading tolerance;
- (9) Unit sales price of the commodity, or a mechanism to establish the price, as agreed between the exporter and the importer. If the commodity was sold on the basis of CFR or CIF, the actual (if known at the time of application) or estimated value of freight and, in the case of sales made on a CIF basis, the actual (if known at the time of application) or estimated value of marine and war risk insurance, must be specified;
- (10) Description and value of discounts and allowances, if any;
- (11) Port value (includes upward loading tolerance, if any);
- (12) Guaranteed value;
- (13) Guarantee fee;

(14) The term length for the credit being extended and the intervals between principal payments for each shipment to be made under the export sale;

(15) A statement indicating whether any portion of the export sale for which the exporter is applying for a payment guarantee is also being used as the basis for an application for participation in any of the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program. The number of the Agreement assigned by USDA under one of these programs should be included, as applicable;

(16) Other information as requested by CCC or specified in Program Announcements and Notices to Participants, as applicable; and

(17) The exporter's statement, "ALL SECTION 1493.440 CERTIFICATIONS ARE BEING MADE IN THIS APPLICATION" which, when included in the application by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in § 1493.440.

(b) An application for a payment guarantee may be approved as submitted, approved with modifications agreed to by the exporter, or rejected by the GSM. In the event that the application is approved, the GSM will cause a payment guarantee to be issued in favor of the exporter. Such payment guarantee will become effective at the time specified in § 1493.450(b). If, based upon a price review, the unit sales price of the commodity does not fall within the prevailing commercial market level ranges, as determined by CCC, the application will not be approved.

(c) Ineligible exporter. An exporter will be ineligible to obtain a payment guarantee if such exporter:

- (1) Directly or indirectly owns or controls the importer;
- (2) Is directly or indirectly owned or controlled by the importer; or
- (3) Is directly or indirectly owned or controlled by a person(s) or entity(ies) which also owns or controls the importer.

§ 1493.440 Certification requirements for payment guarantee.

By providing the statement in § 1493.430(a)(17), the exporter is certifying that the information provided in the application is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to applications that do not include this statement. The exporter, in submitting an application for a payment guarantee and providing the statement set forth in § 1493.430(a)(17), certifies that:

(a) The agricultural commodity or product to be exported under the payment guarantee is a U.S. agricultural commodity as defined by § 1493.410(x).

(b) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law;

(c) If the agricultural commodity is vegetable oil or a vegetable oil product, that none of the agricultural commodity or product has been or will be used as a basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930, 19 U.S.C. 1313, of any duty, tax or fee imposed under Federal law on an imported commodity or product;

(d) No person or selling agency has been employed or retained to solicit or secure the payment guarantee, and that there is no agreement or understanding for a commission, percentage, brokerage, or contingent fee, except in the case of bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business; and

(e) The information provided pursuant to § 1493.420 has not changed, the exporter still meets all of the qualification requirements of § 1493.420, and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements. If the exporter breaches or violates these certifications with respect to a SCGP pay-

ment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter.

[61 FR 33831, July 1, 1996, as amended at 62 FR 24561, May 6, 1997]

§ 1493.450 Payment guarantee.

(a) *CCC's obligation.* The payment guarantee will provide that CCC agrees to pay the exporter or the exporter's assignee an amount not to exceed the guaranteed value, plus eligible interest, in the event that the importer fails to pay under the importer obligation, unless CCC determines with respect to the particular transaction and claim that the guaranteed portion of the port value exceeded the prevailing U.S. market value for the same, or same type of agricultural commodity or product. In making this determination, CCC will adjust the prevailing U.S. market value for estimated freight and/or insurance costs if the export sale was made on a CFR or CIF basis. Payment by CCC will be in U.S. dollars.

(b) *Period of guarantee coverage.* The payment guarantee will apply to a credit period not exceeding 180 days beginning either on the date(s) of export(s) or from the date when interest begins to accrue whichever is earlier, and will continue during the credit term specified in the payment guarantee or amendments thereto. However, the payment guarantee becomes effective on the date(s) of export(s) of the agricultural commodities or products thereof specified in the exporter's application for a payment guarantee.

(c) *Terms of the CCC payment guarantee.* The terms of CCC's coverage will be set forth in the payment guarantee, as approved by CCC, and will include the provisions of this subpart, which may be supplemented by any Program Announcements and/or Notices to Participants in effect at the time the payment guarantee is approved by CCC.

(d) *Final date to export.* The final date to export shown on the payment guarantee will be one month, as determined by CCC, after the contractual deadline for shipping.

(e) *Reserve coverage for loading tolerances.* The exporter may apply for a

payment guarantee and, if coverage is available, pay the guarantee fee, based at least on, the amount of the lower loading tolerance of the export sales contract; however, the exporter may also request that CCC reserve additional guarantee coverage to accommodate up to the amount of the upward loading tolerance specified in the export sales contract. If such additional guarantee coverage is available at the time of application and CCC determines to make such reservation, it will so indicate to the exporter. In the event that the exporter ships a quantity greater than the amount on which the guarantee fee was paid (i.e., lower loading tolerance), it may obtain the additional coverage from CCC, up to the amount of the upward loading tolerance, by filing for an amendment to the payment guarantee, and by paying the additional amount of fee applicable. If such amendment to the payment guarantee is not filed with CCC by the exporter within 30 days after the date of the last export against the sales contract, CCC may determine not to reserve the coverage originally set aside for the exporter.

(f) *Ineligible exports.* Commodities with a date of export prior to the date of receipt by CCC of the exporter's telephonic or written application for a payment guarantee, or with a date of export made after the final date for export shown on the payment guarantee or any amendments thereof, are ineligible for guarantee coverage under this subpart, except where it is determined by the GSM to be in the best interests of CCC to provide guarantee coverage on such commodities.

(g) *Foreign agricultural component.* CCC may approve payment guarantees under this subpart only in connection with sales of United States agricultural commodities as defined in § 1493.410(x). CCC may not provide guarantee coverage under this subpart on credit extended for the value of any foreign agricultural component.

(h) *Additional requirements.* The payment guarantee may contain such additional terms, conditions, and limitations as deemed necessary or desirable by the GSM. Such additional terms, conditions or qualifications, as stated in the payment guarantee are binding

on the exporter or the exporter's assignee.

(i) *Amendments.* A request for an amendment of a payment guarantee may be submitted only by the exporter (with the concurrence of the assignee, if any). CCC will consider such a request only if the amendment sought is consistent with this subpart and any applicable Program Announcements and Notices to Participants. Amendments may include, but will not be limited to, a change in the credit period and an extension of time to export. Any amendment to the payment guarantee, particularly those that result in an increase in CCC's liability under the payment guarantee, may result in an increase in the guarantee fee. (Technical corrections or corrections of a clerical error which may be submitted by the exporter or the exporter's assignee are not viewed as amendments.)

§ 1493.460 Guarantee rates and fees.

(a) *Guarantee fee rates.* The current payment guarantee fee rate(s) will be available by Program Announcement.

(b) *Calculation of fee.* The guarantee fee will be computed by multiplying the guaranteed value by the guarantee fee rate.

(c) *Payment of fee.* The exporter shall remit, with his written application, the full amount of the guarantee fee. Applications will not be approved until the guarantee fee has been received by CCC. The exporter's check for the guarantee fee shall be made payable to CCC and mailed or delivered by courier to the office specified in the Contacts P/R.

(d) *Refunds of fee.* Guarantee fees paid in connection with approved applications will ordinarily not be refundable. CCC's approval of the application will be final and refund of the guarantee fee will not be made after approval unless the GSM determines that such refund will be in the best interest of CCC. If the application for a payment guarantee is not approved or is approved only for a part of the guarantee coverage requested, a full or pro rata refund of the fee remittance will be made.

§ 1493.470 Evidence of export.

(a) *Report of export.* The exporter is required to provide CCC an evidence of

export report for each shipment made under the payment guarantee. This report must include the following:

- (1) Payment guarantee number;
- (2) Date of export;
- (3) Exporter's sale number;
- (4) Exported value;
- (5) Quantity;
- (6) A full description of the commodity exported;
- (7) Unit sales price received for the commodity exported and the basis (e.g., FOB, CFR, CIF). Where the unit sales price at export differs from the unit sales price indicated in the exporter's application for a payment guarantee, the exporter is also required to submit a statement explaining the reason for the difference;
- (8) Description and value of discounts and allowances, if any;
- (9) Number of the Agreement assigned by USDA under any other program if any portion of the export sale was also approved for participation in any of the following CCC or USDA export program: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program; and

(10) The exporter's statement, "ALL SECTION 1493.480 CERTIFICATIONS ARE BEING MADE IN THIS EVIDENCE OF EXPORT" which, when included in the evidence of export by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in §1493.480.

(b) *Time limit for submission of evidence of export.* The exporter must provide a written report to the office specified in the Contacts P/R within 60 calendar days if the export was by rail or truck; or 30 calendar days if the export was by any other carrier. The time period for filing a report of export will commence upon each date of export of the commodity covered under a payment guarantee. If the evidence of export report is not received by CCC within the time period for filing, the payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would be likely to result, in:

- (1) Significant financial harm to CCC;

(2) The undermining of an essential regulatory purpose of the program;

(3) Obstruction of the fair administration of the program; or

(4) A threat to the integrity of the program. The time limit for submission of an evidence of export report may be extended if such extension is determined by the GSM to be in the best interests of CCC.

(c) *Export sales reporting.* Exporters may have a mandatory reporting responsibility under section 602 of the Agricultural Trade Act of 1978, as amended (7 U.S.C. 5712) for exports of wheat and wheat flour, feed grains, oilseeds, cotton, and other agricultural commodities and products thereof.

§ 1493.480 Certification requirements for the evidence of export.

By providing the statement contained in §1493.470(a)(10), the exporter is certifying that the information provided in the evidence of export report is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to reports that do not include this statement. If the exporter breaches or violates these certifications with respect to a SCGP payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter. The exporter, in submitting the evidence of export and providing the statement set forth in §1493.470(a)(10), certifies that:

(a) The agricultural commodity or product exported under the payment guarantee is a U.S. agricultural commodity as defined by §1493.410(x).

(b) Agricultural commodities of the grade, quality and quantity called for in the exporter's sales contract with the importer have been exported to the country specified in the payment guarantee;

(c) There is an importer obligation as defined in §1493.410(n) to cover the exported value of the commodity exported;

(d) There have not been and will not be any corrupt payments or extra sales

§ 1493.490

services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law; and

(e) The information provided pursuant to § 1493.420 has not changed, the exporter still meets all of the qualification requirements of § 1493.420 and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements.

[61 FR 33831, July 1, 1996, as amended at 62 FR 24561, May 6, 1997]

§ 1493.490 Proof of entry.

(a) *Diversion.* The diversion of commodities covered by a SCGP payment guarantee to a country other than that shown on the payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) *Records of proof of entry.* Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the agricultural commodities exported in connection with the SCGP in the country that was the intended country of destination of such commodities. Records demonstrating proof of entry must be in English or be accompanied by a certified or other translation acceptable to CCC. Records acceptable to meet this requirement include an original certification of entry signed by a duly authorized customs or port official of the importing country, by the importer, by an agent or representative of the vessel or shipline which delivered the agricultural commodity to the importing country, or by a private surveyor in the importing country, or other documentation deemed acceptable by the GSM showing:

- (1) That the agricultural commodity entered the importing country;
- (2) The identification of the export carrier;
- (3) The quantity of the agricultural commodity;
- (4) The kind, type, grade and/or class of the agricultural commodity; and

7 CFR Ch. XIV (1-1-06 Edition)

(5) The date(s) and place(s) of unloading of the agricultural commodity in the importing country. (Records of proof of entry need not be submitted with a claim for loss, except as may be provided in § 1493.500(b)(4)(ii).)

§ 1493.500 Notice of default and claims for loss.

(a) *Notice of default.* If the importer fails to make payment pursuant to the terms of the importer obligation, the exporter or the exporter's assignee must submit a notice of default to CCC as soon as possible, but not later than 10 calendar days after the date that payment was due from the importer (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter's assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if such extension is determined by the Controller, CCC, to be in the best interests of CCC. The notice of default must include:

- (1) Payment guarantee number;
- (2) Name of the country;
- (3) Name of the defaulting importer;
- (4) Due date;
- (5) Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;
- (6) Date of importer's refusal to pay, if applicable; and
- (7) Reason for importer's refusal to pay, if known.

(b) *Filing a claim for loss.* A claim for a loss by the exporter or the exporter's assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. The claim for loss must include the following information and documents:

- (1) Payment guarantee number;
- (2) A certification that the scheduled payment has not been received;

(3) A certification of the amount of accrued interest in default, the date interest began to accrue, and the interest rate on the importer obligation applicable to the claim;

(4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter's assignee that each page of each document is a true and correct copy:

(i) The importer obligation;

(ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the on-board ocean carrier date for each shipment, the airway bill, or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the importing country;

(iii)(A) The exporter's invoice showing, as applicable, the FAS, FOB, CFR or CIF values; or

(B) If there was an intervening purchaser, both the exporter's invoice to the intervening purchaser and the intervening purchaser's invoice to the importer;

(iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter's assignee, if applicable, to the amount of payment in default under the applicable export sale. The instrument must reference the applicable importer obligation; and

(v) A copy of the report(s) of export previously submitted by the exporter to CCC pursuant to § 1493.470(a).

(c) *Subsequent claims for defaults on installments.* If the initial claim is found in good order, the exporter or an exporter's assignee need only provide all of the required claims documents with the initial claim relating to a covered transaction. For subsequent claims relating to failure of the importer to make scheduled installments on the same export shipment, the exporter or the exporter's assignee need only submit to CCC a notice of such failure containing the information stated in paragraph (b) (1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and including the date the original claim was filed with CCC.

§ 1493.510 Payment for loss.

(a) *Determination of CCC's liability.* Upon receipt in good order of the information and documents required under § 1493.500, CCC will determine whether or not a loss has occurred for which CCC is liable under the applicable payment guarantee, this subpart and any applicable supplemental Program Announcements and Notices to Participants. If CCC determines that it is liable to the exporter and/or the exporter's assignee, CCC will pay the exporter or the exporter's assignee in accordance with paragraphs (b) and (c) of this section.

(b) *Amount of CCC's liability.* Subject to a determination by CCC with respect to prevailing U.S. market value pursuant to § 1493.450(a) of this part, CCC's maximum liability for any claims for loss submitted with respect to any payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

(1) The guaranteed value as stated in the payment guarantee, plus eligible interest; or

(2) The guaranteed percentage (as indicated in the payment guarantee) of the exported value indicated in the evidence of export, plus eligible interest.

(c) *Late interest payment.* If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter's assignee beginning with the first day after the day of receipt of a claim found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) *Accelerated payments.* CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract or the importer obligation unless it is determined to be in the best interests of CCC by the Controller,

CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter's assignee in addition to such other claimed amount as may be due from CCC.

(e) *Action against the assignee.* Notwithstanding any other provision in this subpart to the contrary, with regard to commodities covered by a payment guarantee, CCC will not, except pursuant to a determination under §1493.450(a) of this part, hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission, or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under §§1493.470 and 1493.480, excluding post-export adjustments (i.e., corrections to evidence of export reports); and

(2) The exporter or the exporter's assignee furnishes the statements and documents specified in §1493.500.

§ 1493.520 Recovery of losses.

(a) *Notification.* Upon payment of loss to the exporter or the exporter's assignee, CCC will notify the importer of CCC's rights under the subrogation agreement to recover all moneys in default.

(b) *Receipt of monies.* (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter's assignee from the importer or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 business days from the date of recovery by the exporter or the exporter's assignee, the exporter or the exporter's assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter's assignee to

CCC. Such interest will be charged only on CCC's share of the recovery.

(2) If CCC recovers monies that should be applied to a payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 business days from the date of recovery or 15 business days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and such interest will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the payment guarantee.

(c) *Allocation of recoveries.* Recoveries made by CCC from the importer, and recoveries received by CCC from the exporter, the exporter's assignee, or any other source whatsoever, will be allocated by CCC to the exporter or the exporter's assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of principal and interest in default. Once CCC has paid out a particular claim under a payment guarantee, CCC pro rates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix A to §1493.520—Illustration of Pro Rata Allocation of Recoveries—provides an example of the methodology used by CCC in applying this paragraph (c).

(d) *Liabilities to CCC.* Notwithstanding any other terms of the payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter has engaged in fraud, or has been or is in material breach of

any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the payment guarantee or for fulfilling obligations under SCGP. Further, the exporter's assignee may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter's assignee has engaged in fraud or otherwise violated program requirements.

(e) *Good faith.* The violation by an exporter of the certifications in §§1493.440(b) and 1493.480(d) or the failure of an exporter to comply with the provisions of §§1493.490 or 1493.530(e) will not affect the validity of any payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the payment guarantee or at the time of assignment of the payment guarantee.

(f) *Cooperation in recoveries.* Upon payment by CCC of a claim to the exporter or the exporter's assignee, the exporter or the exporter's assignee will cooperate with CCC to effect recoveries from the importer.

APPENDIX A TO §1493.520—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC's policy, as set forth in §1493.520(c), regarding pro rata sharing of recoveries made for claims filed under the SCGP. A typical case might be as follows:

1. The U.S. exporter enters into a \$200,000, 180 day credit arrangement with the importer calling for two equal payments of principal and two equal payments of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum (basis 360 days) on overdue amounts until the overdue amount is paid. (Basis for interest calculation may be 360 or 365 days.)

2. The importer fails to make the final principal payment of \$100,000 and an interest payment of \$2,500.00 (10% per annum for 90 days on \$100,000), both due on January 31.

3. On February 10, the U.S. exporter files a claim in good order with CCC.

4. CCC's guarantee states that CCC's maximum liability is limited to 60 percent of the principal amount due (\$60,000) and interest at a rate of 8 percent per annum (basis 365 days) on 60 percent of the principal outstanding (\$1,183.56) (8% per annum for 90 days on \$60,000). (CCC's basis for interest calculation is 365 days.)

5. CCC pays the claim on February 22.

6. The average investment rate of the most recent 91-day Treasury Bill auction average

which has been published by the Department of Treasury in effect on the date of non-payment by CCC (January 31) is 7 percent. (CCC's late interest rate.)

COMPUTATION OF OBLIGATIONS

Using the above case, CCC's payment to the holder of the payment guarantee would be computed as follows:

1. CCC's Obligation under the Payment Guarantee:	
(a) Principal coverage—(60% \$100,000)	\$60,000.00
(b) Interest coverage—(8% per annum for 90 days on \$60,000, basis 365 days)	1,183.56
	<hr/>
	\$61,183.56
(c) Late interest due from CCC (7% per annum for 11 days on \$61,183.56, basis 365 days)	129.07
	<hr/>
(d) Amount paid by CCC on February 22	\$61,312.63
	<hr/>
2. Importer's obligation under the importer obligation:	
(a) Principal due January 31	\$100,000.00
Interest due January 31 (10% per annum for 90 days on \$100,000, basis 360 days)	2,500.00
	<hr/>
Amount owed by importer as of January 31	\$102,500.00
(b) Penalty interest due (12% per annum for 22 days on \$102,500.00, basis 360 days)	751.67
	<hr/>
(c) Amount owed by importer as of February 22	\$103,251.67
3. Amount of importer's obligation not covered by CCC's payment guarantee: \$41,939.04 (\$103,251.67-\$61,312.63)..	

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party's respective interest in any recovery of losses, the total amount due under the importer obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the importer is \$103,251.67, CCC would be entitled to 59.38 percent (\$61,312.63 divided by

\$103,251.67) and the holder of the payment guarantee would be entitled to 40.62 percent (\$41,939.04 divided by \$103,251.67) of any recoveries of losses after settlement of the claim. Since in this example, the losses were recovered after the claim has been paid by CCC, § 1493.520(b) would apply.

§ 1493.530 Miscellaneous provisions.

(a) *Assignment.* (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be:

(i) Made to one party acting for two or more parties; or

(ii) Subject to further assignment.

(2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof, to the financial institution and to the exporter issued the payment guarantee, in lieu of an acknowledgment of assignment.

(4) The name and address of the assignee must be included on the written notice of assignment.

(b) *Ineligibility of financial institutions to receive an assignment.* A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a payment guarantee if, at the time of assignment, such financial institution:

(1) Is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Owns or controls the entity issuing the importer obligation; or

(3) Is owned or controlled by an entity that owns or controls the entity issuing the importer obligation.

(c) *Ineligibility of financial institutions to receive proceeds.* A financial institution will be ineligible to receive proceeds payable under a payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Owns or controls the entity issuing the importer obligation; or

(3) Is owned or controlled by an entity that owns or controls the entity issuing the importer obligation.

(d) *Alternative satisfaction of payment guarantees.* CCC may, with the agreement of the exporter (or if the right to proceeds payable under the payment guarantee has been assigned, with the agreement of the exporter's assignee), establish procedures, terms and/or conditions for the satisfaction of CCC's obligations under a payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms, and/or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the payment guarantee and would not result in CCC paying more than the amount of CCC's obligation.

(e) *Maintenance of records and access to premises.* (1) For a period of five years after the date of expiration of the coverage of a payment guarantee, the exporter or the exporter's assignee, as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for agricultural commodities exported in connection with a payment guarantee, including those records generated and maintained by agents, intervening purchasers, and related companies involved in special arrangements with the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter's assignee, as applicable, during regular business hours from the effective date of the payment guarantee until the expiration of such five-year period to inspect, examine, audit,

and make copies of the exporter's, exporter's assignee's, agent's, intervening purchaser's, or related company's books, records and accounts concerning transactions relating to the payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. During such period, the exporter or the exporter's assignee may be required to make available to the Secretary of Agriculture or the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions undertaken by the exporter in connection with the payment guarantee.

(2) The exporter must maintain the proof of entry required by §1493.490(b), and must provide access to such documentation if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) *Responsibility of program participants.* It is the responsibility of all program participants to review, and fully acquaint themselves with, all regulations, Program Announcements, and Notices to Participants issued pursuant to this subpart. Applicants for payment guarantees are hereby on notice that they will be bound by any terms contained in applicable Program Announcements or Notices to Participants issued prior to the date of approval of a payment guarantee.

(g) *Submission of documents by principal officers.* All required submissions, including certifications, applications, reports, or requests (i.e., requests for amendments), by exporters or exporters' assignees under this subpart must be signed by a principal or officer of the exporter or exporter's assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by: Word-ing indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and the name and title of the author-

ized person or officer. Further, the exporter or exporter's assignee must ensure that all information/reports required under these regulations are submitted within the required time limits. If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter's assignee. If acknowledgment of receipt is requested, the exporter or exporter's assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter's assignee must also submit a self-addressed courier service order which includes the recipient's billing code for such service.

(h) *Officials not to benefit.* No member of or delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of the payment guarantee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the payment guarantee if made with a corporation for its general benefit.

(i) *OMB control number assigned pursuant to the Paperwork Reduction Act.* The information requirements contained in this part (7 CFR part 1493, subpart D) have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Control Number 0551-0037.

SOURCE: 56 FR 26324, June 7, 1991, unless otherwise noted.

§ 1494.10 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Commodity Credit Corporation's (CCC) Export Enhancement Program (EEP). These criteria are interrelated and will be considered together in order to select eligible commodities and eligible countries for EEP initiatives which will best meet the program's objectives. The objectives of the program are to discourage unfair trade practices by other countries, to increase U.S. agricultural commodity exports, and to encourage other countries exporting agricultural commodities to undertake serious negotiations on agricultural trade problems. Under the EEP, bonuses are made available by CCC to enable exporters to meet prevailing world prices for targeted commodities in targeted destinations. In the operation of the EEP, CCC will make reasonable efforts to avoid the displacement of usual marketings of U.S. agricultural commodities.

§ 1494.20 Criteria.

The criteria considered by CCC in reviewing proposals for initiatives will include, but not be limited to, the following:

7 CFR Ch. XIV (1-1-06 Edition)

(a) The expected contribution of proposed initiatives in furthering trade policy negotiations and, in particular, in furthering the U.S. trade policy negotiating strategy of countering competitors' subsidies and other unfair trade practices by displacing such countries' subsidized exports in targeted countries;

(b) The contribution which initiatives will make toward realizing U.S. agricultural export goals and, in particular, in developing, expanding, or maintaining markets for U.S. agricultural commodities;

(c) The effect that sales facilitated by initiatives would have on non-subsidizing exporters of agricultural products; and

(d) The subsidy requirements of proposed initiatives compared to the expected benefits.

Subpart B—Export Enhancement Program Operations

AUTHORITY: 15 U.S.C. 714c; 7 U.S.C. 5602, 5651, 5661, 5662, 5676.

§ 1494.101 General statement.

This subpart contains the regulations governing the operation of the Export Enhancement Program (EEP) of the Commodity Credit Corporation (CCC). CCC will, from time to time, announce, through public press release, initiatives to facilitate the export of U.S. agricultural commodities to targeted markets. The public press release, which will contain the name of a person for interested parties to contact, will be followed by the issuance of an Invitation for Offers (Invitation). Invitations will be issued pursuant to this subpart by the General Sales Manager (GSM) and will specify the eligible country(ies) (the targeted market), the unit of measure, the eligible commodity, the maximum quantity of the eligible commodity eligible for a CCC bonus, the quality specifications of the eligible commodity (including possible restrictions on type, kind, grade and/or class or other quality specifications), the eligible buyer(s), the method and

rate for determining liquidated damages and performance security requirements, and any other terms and conditions peculiar to that Invitation. Invitations may be one of the following two types: Those inviting exporters which have a sales contract with an eligible buyer to submit a competitive offer for a CCC Bonus; and those inviting exporters which have a sales contract with an eligible buyer to apply for an Announced CCC Bonus. After an interested person has qualified to submit an offer for an eligible commodity, the eligible exporter may submit an offer to CCC in response to an Invitation. Such offer must contain the information required by this subpart and any additional information required by the applicable Invitation. The exporter's offer will include either the Announced CCC Bonus, if applicable, or an amount in dollars and cents for a bonus deemed necessary by the exporter to make a commercial sale of the eligible commodity for export to the eligible country competitive with export sales of the commodity by other exporting countries to buyers in the eligible country. If the exporter has furnished the required performance security and the offer is acceptable to CCC, then CCC will notify the exporter that its offer has been accepted. CCC and the exporter will enter into an Agreement in which CCC will agree to pay the bonus to the exporter in return for the exporter's submission of proof that the eligible commodity has been exported from the United States and entered into the eligible country, in accordance with the terms and conditions of the Agreement.

§ 1494.201 Definitions of terms.

Terms used in this subpart, Invitations issued pursuant to this subpart, and any documents pertaining to the EEP shall have the following meaning, unless otherwise specified in such Invitations or documents:

(a) *Agreement or EEP Agreement*—The Agreement entered into between CCC and the exporter consisting of:

- (1) The terms and conditions of this subpart;
- (2) The terms and conditions of the applicable Invitation;
- (3) The exporter's offer;

(4) CCC's acceptance of the exporter's offer; and

(5) The public press release for the Announced CCC Bonus in effect at the time of the offer, if applicable.

(b) *Announced CCC bonus*—A CCC bonus announced by CCC by public press release in connection with an Invitation which specifies that the CCC bonus amount will be pre-determined and announced by CCC.

(c) *FSA*—The Farm Service Agency, U.S. Department of Agriculture.

(d) *Bonus value*—The CCC bonus multiplied by the quantity of the eligible commodity exported pursuant to an Agreement, provided that the eligible commodity enters into the eligible country. (The bonus value is paid to the exporter in CCC certificates or other form of payment.)

(e) *Business day*—Days during which employees of the U.S. Department of Agriculture in Washington, DC or in Kansas City, Missouri, as applicable depending upon the office to which a submission is to be made, are on official duty during normal business hours.

§ 1494.301 Information required for program participation.

Before CCC will consider an offer from an interested person, such person must qualify for participation in the program. Based upon information submitted by the interested person and available from public sources, CCC will determine whether the interested person is eligible for participation in the program.

(a) *Submission of documentation*. An interested person that wishes to qualify as an eligible exporter must furnish the following information or documentation to CCC at the address referenced in the Notice to Exporters—EEP Contacts:

(1) The address of the interested person's office and the name and address of an agent in the U.S. for the service of process;

(2) The legal form of doing business of the interested person, e.g., sole proprietorship, partnership, corporation, etc.;

(3) The place of incorporation of the interested person, if the interested person is a corporation;

(4) The name and address of an office(s) of the interested person within the U.S., if the interested person is a foreign corporation or other foreign entity; and

(5) A certified statement describing the interested person's participation, if any, during the past three years in U.S. Government programs, contracts or agreements.

(6) The following certification: "I certify, to the best of my knowledge and belief, that neither [name of interested person] nor any of its principals has been debarred, suspended, or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency. ["Principals," for the purpose of this certification, means officers; directors; owners of five percent or more of stock; partners; and persons having primary management or supervisory responsibility within a business entity (e.g., general manager, plant manager, head of a subsidiary division or business segment, and similar positions).] I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future, [name of interested person] will immediately notify CCC."

(b) *Necessity to qualify.* An interested person may not submit an offer, and CCC will not consider any such offer, until CCC has notified the interested person that such person has qualified as an eligible exporter.

(c) *Additional submissions.* CCC will promptly notify interested persons that have submitted information required by this section whether they have qualified to have their offers considered. Any person failing to qualify will be notified of the basis of CCC's decision and will be given an opportunity to provide additional information for consideration by CCC.

(d) *Previous performance.* CCC may request additional information with respect to the interested person's performance under any U.S. Government

programs or in connection with any contracts or agreements with the U.S. Government during the past three years.

(e) *Ineligibility for program participation.* A person may be ineligible to participate in the EEP if such person:

(1) Is currently debarred, suspended or proposed for debarment from contracting with or participating in any program administered by a U.S. Government agency; or

(2) Is controlled or can be controlled, in whole or in part, by any individuals or entities currently debarred, suspended or proposed for debarment from contracting with or participating in programs administered by a U.S. Government agency.

(f) *Duty to update information provided to CCC.* An eligible exporter is under a continuing obligation to inform CCC of any changes in the information or documentation submitted to CCC pursuant to paragraph (a) of this section and to provide current and accurate information to CCC.

(g) *Payment of bonus to exporters without proven EEP participation.* An eligible exporter that has not yet demonstrated its ability to participate successfully in the EEP will be eligible to receive a bonus payment(s) only after the eligible commodity specified in an EEP Agreement has entered into the eligible country. Such an exporter must furnish performance security under "Option B" of the applicable Invitation and follow the procedure specified in §1494.701(d) to request the payment of the bonus. An eligible exporter may demonstrate its ability to participate successfully in the EEP by entering or causing to be entered into the eligible country at least 95% of the quantity of the eligible commodity specified in any one EEP Agreement. CCC will consider that an exporter has proven its ability to participate successfully in the EEP as of the date on which CCC pays to the exporter a bonus for entry of a quantity that brings the total entered quantity for any one EEP Agreement to at least 95%. For all EEP Agreements that such exporter enters into with CCC subsequent to that date, the exporter may furnish performance security under "Option A" of the applicable Invitation and will be eligible to

[56 FR 25011, June 3, 1991, as amended at 60 FR 21039, May 1, 1995]

§ 1494.401 Performance security.

(a) *Requirement to establish performance security.* Prior to the submission of an offer to CCC in response to an Invitation, an eligible exporter must establish performance security, in a form which is acceptable to CCC, in order to guarantee the eligible exporter's faithful performance of the Agreement. If CCC enters into an Agreement with the eligible exporter, this performance security must remain in effect until its cancellation or reduction is authorized by CCC pursuant to paragraph (f) of this section. An offer made by an eligible exporter will not be considered if proof of the establishment of the performance security is not made available to CCC by 3 p.m. on the date for which the offer is submitted for consideration.

(b) *Form of performance security.* The performance security must be acceptable to CCC and may be an irrevocable standby letter of credit, a bond, or a certified or cashier's check. If a standby letter of credit is furnished as performance security, the opening bank may be a U.S. bank or a foreign bank. If the standby letter of credit is opened by a foreign bank, it must be 100 percent confirmed by a U.S. bank. If a bond is furnished as performance security, the surety(ies) must be among those appearing on the list of approved sureties maintained by the U.S. Department of the Treasury. If a cashier's or certified check is furnished as performance security, the bank issuing the cashier's or certified check must be a U.S. bank.

(c) *Amount of performance security.* The amount of the performance security to be furnished to CCC in response to a particular Invitation will depend upon whether the eligible exporter intends to select "Option A" or "Option B" for the timing of the bonus payment. If the eligible exporter furnishes performance security under "Option A" of the applicable Invitation, the eligible exporter may request payment of the bonus after export of the eligible commodity but before entry of the

commodity into the eligible country. If the eligible exporter furnishes performance security under "Option B" of the applicable Invitation, the eligible exporter may request payment of the bonus only after the exported eligible commodity has entered into the eligible country. The applicable Invitation will specify the exact amount of performance security for the eligible commodity required under either "Option A" or "Option B" and the method and rate for determining liquidated damages. After the exporter and CCC enter into an Agreement, the exporter may request CCC to change the performance security option for an entire Agreement from "Option B" to "Option A" and, if CCC agrees to this change, the exporter will increase the performance security amount to the level required by the applicable Invitation for "Option A".

(d) *Additional security.* The exporter shall promptly furnish such additional security as CCC may determine is necessary to protect CCC under an Agreement if the surety(ies) or obligating bank:

(1) Becomes unacceptable to the U.S. Government or CCC; and/or

(2) Fails to furnish reports on its financial condition as required by the U.S. Government or CCC.

(e) *Right to funds under the performance security.* If CCC enters into an Agreement with an exporter under the EEP, CCC will have the right to funds from the performance security established by the exporter for such Agreement to recover:

(1) The amount of any bonus paid to the exporter under the Agreement if the exporter fails to perform in accordance with such Agreement;

(2) Any funds owed by the exporter to CCC related to the specific EEP Agreement for which the performance security was established, including those for liquidated damages, discounts for late performance, overpayments made by CCC, storage charges, or other damages or charges as determined by CCC; and/or

(3) Any amounts or funds that could be owed by the exporter to CCC in accordance with subparagraphs (e) (1) and

§ 1494.501

7 CFR Ch. XIV (1-1-06 Edition)

(2) of this section for unfulfilled obligations under the Agreement if the performance security should expire prior to the exporter's fulfillment of these obligations. Should the exporter fulfill these obligations, in accordance with the Agreement, after CCC has drawn upon the performance security, CCC will return the funds drawn to the exporter or other appropriate party, as determined by CCC. CCC may return the performance security if it determines that the exporter is not liable for any damages incurred by CCC as a result of the exporter's failure to fulfill its obligations under the Agreement and that the exporter will not retain any bonus payment which was not earned.

(f) *Cancellation or reduction of performance security.* (1) CCC will agree, upon request by the exporter, to a cancellation of the performance security established for an Agreement when CCC determines, on the basis of evidence provided by the exporter or other evidence available to CCC, that:

(i) The exporter has fully performed under the Agreement;

(ii) The exporter has fully compensated CCC for all costs incurred or damages suffered by CCC, unless CCC has determined to hold the exporter harmless for such damages pursuant to §1494.801(d) as a result of the exporter's nonperformance of the Agreement; or

(iii) It is no longer in the best interest of the EEP to require the exporter to maintain the performance security, and the exporter submits to CCC a written statement agreeing that all other terms and conditions of the Agreement will remain unchanged pending final resolution of the exporter's liabilities to CCC.

(2) To support a request for the cancellation of performance security furnished in connection with an Agreement, the exporter must provide to CCC evidence of the export of the eligible commodity as provided by §1494.701(c), and the entry of the eligible commodity into the eligible country or countries. The entry certification must be in English or accompanied by a certified or other translation acceptable to CCC. To show entry of the eligible commodity into the eligible country, the exporter must

furnish to CCC an original certification signed by a duly authorized customs or port official of the eligible country, by the eligible buyer, by an agent or representative of the vessel or shipline which delivered the eligible commodity to the eligible country, or by a private surveyor in the target country or other documentation deemed acceptable by the GSM showing:

(i) That the eligible commodity entered the eligible country;

(ii) The identification of the export carrier;

(iii) The quantity of the eligible commodity unloaded;

(iv) The kind, type, grade and/or class of the eligible commodity; and

(v) The date(s) and place(s) of unloading of the eligible commodity in the eligible country.

(3) If the exporter makes multiple shipments against a sales contract with an eligible buyer, CCC may agree to a proportional reduction in the amount of the required performance security when the exporter has furnished evidence that the exporter has performed under the Agreement with respect to a particular shipment.

(4) Upon the payment of liquidated damages by an exporter to CCC under a specific Agreement or the determination by CCC, pursuant to §1494.801(d), to hold the exporter harmless for the payment of liquidated damages owed to CCC under a specific Agreement, CCC will allow the exporter to cancel or reassign that portion of the performance security opened for such specific Agreement that would relate to the value of the liquidated damages.

§ 1494.501 Submission of offers to CCC.

(a) *Consideration of offers.* Unless otherwise specified in the Invitation, CCC will consider offers on a daily basis from the date of issuance of the Invitation until such time that CCC announces that offers will no longer be accepted under the Invitation, the total quantity of the eligible commodity announced in the Invitation has been awarded, or the Invitation has expired as indicated by the expiration date shown in the Invitation.

(1) Prior to the submission of an offer to CCC, the eligible exporter must have

entered into a sales contract, as defined in §1494.201(bb), with an eligible buyer for the export sale and the delivery of the eligible commodity to the eligible country.

(2) The date of sale of the eligible exporter's sales contract with an eligible buyer must be after the issuance date of the applicable Invitation.

(3) The sales contract between the eligible exporter and an eligible buyer may be conditioned upon the eligible exporter's entering into an Agreement with CCC under the EEP for the payment of a bonus.

(4) CCC will not be responsible to any person for any loss caused by the failure of the eligible exporter to obtain a CCC bonus.

(5) The eligible exporter must promptly notify CCC in writing of any amendment to the sales contract with an eligible buyer.

(b) *Submission of offers.* Eligible exporters must submit offers, or modifications or withdrawals thereof, to the address, telephone, telex or facsimile numbers specified in the Notice to Exporters—Contacts for EEP. Telephonic offers must be confirmed in writing immediately thereafter by telex or facsimile. If a telephonic offer is not confirmed in writing by 9 a.m. on the next business day, the offer will not be considered. The date and time affixed to submissions will be as determined by CCC.

(c) *Content of offers.* Offers to CCC for a CCC bonus under the EEP must contain the information shown below in the same numerical order as shown below. CCC reserves the right to reject any offer that so materially departs from this prescribed format that its consideration would hinder the offer review process. The applicable Invitation may require the submission of further information necessary for the consideration of an offer.

(1) The use of the numerical designation assigned to the applicable Invitation, which shall signify that the offer is submitted subject to all the terms and conditions of this subpart and the Invitation in response to which the offer is being submitted for consideration by CCC.

(2) The date and time for which the offer is submitted for consideration.

The time shall be stated as "after 3 p.m." For example, the information required by paragraphs (c)(1) and (c)(2) of this section could be stated as follows: "Invitation No. GSM-500-1, Revision No. X, For Consideration After 3 p.m. on August 1, 1991."

(3) The full business name and address of the eligible exporter making the offer.

(4) The name and title of the individual signing the offer.

(5) The telephone number and telex or facsimile number of the eligible exporter submitting the offer.

(6) The CCC bonus in dollar and cents requested by the eligible exporter for each unit of measure of the eligible commodity to be exported to the eligible country. The offer shall contain only one CCC bonus. In offers submitted in response to an Invitation in which CCC has announced the bonus amount, the eligible exporter shall state the dollar and cents amount of the Announced CCC Bonus.

(7) The quantity, on a net weight basis, (less any dockage, if applicable) of the eligible commodity for which the eligible exporter wishes to receive a CCC bonus pursuant to an EEP Agreement. This quantity shall be exclusive of tolerances and expressed in the unit of measure specified in the applicable Invitation. This quantity may be less than the sales contract quantity.

(8) The U.S. coast of export. The Invitation may require the eligible exporter to indicate: The coasts of export if more than one coast of export is allowed for an offer; the Canadian port if the eligible commodity is to be transhipped through a Canadian port on the St. Lawrence River; or the U.S. city and state from which the shipments will cross the border into the eligible country if the eligible commodity is to be shipped by rail or truck.

(9) The quality of the eligible commodity to be exported to the eligible buyer, if required by the applicable Invitation, including any additional quality specifications not found in the Invitation but included in the tender specifications by the eligible buyer or the sales contract with the eligible buyer. The Invitation may limit an offer to

one or more quality designations for the eligible commodity.

(10) The names of the eligible buyer and the eligible country. Unless otherwise provided for in the applicable Invitation, an offer shall contain only one eligible buyer and one eligible country. The Invitation may also provide that the eligible buyer need not necessarily be located in the eligible country.

(11) The date of sale of the sales contract with the eligible buyer.

(12) The number assigned by the eligible exporter to the sales contract.

(13) The quantity of the eligible commodity specified in the sales contract, expressed in the unit of measure specified in the applicable Invitation.

The possible credit payment terms referenced in an offer are for CCC's information only and are not to be construed as a contingency for consideration or acceptance. The eligible exporter is fully responsible for the arrangement of such payment terms independently from the EEP offer and CCC bears no responsibility if such credit payment terms cannot be secured.

(16) The delivery period specified in the sales contract expressed on the basis of either shipment from the United States or the Canadian transshipment port or arrival in the eligible country. If an arrival period is shown, the offer must also indicate an anticipated shipment period. If a multiple month delivery schedule is agreed upon in the sales contract the offer must specify the quantity of the eligible commodity to be delivered each month or at other specified intervals.

(17) Any options which may be exercised by the eligible buyer under the sales contract. If the offer is accepted by CCC, the exporter must immediately inform CCC if any such options are exercised by the buyer.

(18) The name and address of the sales agent, if any, for the sales contract.

(19) The designation of bonus payment under "Option A" or "Option B," as described in §1494.401(c).

(20) The words "ALL ITEM 20 CERTIFICATIONS ARE BEING MADE IN THIS OFFER" which, when included in the offer by the eligible exporter, will indicate that the eligible exporter is certifying that:

(i) The information furnished to CCC with respect to the sales contract is correct;

(ii) The date of sale with an eligible buyer was after the issuance date of the applicable Invitation;

(iii) The sale does not replace any sale made to the eligible buyer by the eligible exporter, or any affiliate or subsidiary of the eligible exporter, prior to the issuance date of the applicable Invitation;

(iv) There are no other arrangements or understandings between the eligible exporter and any other person that would alter the information provided under paragraph (c) of this section;

(v) There were and will be no corrupt payments or extra sales services, or other items extraneous to the export sale provided in connection with the export sale, and the transaction complied with applicable U.S. law;

(vi) The CCC bonus requested in the offer has been arrived at independently, without any consultation, communication, or agreement with any other eligible exporter or competitor relating to:

(A) The amount of the CCC bonus;

(B) The intention to submit an offer;

or
(C) The methods or factors used to calculate the CCC bonus requested;

(vii) The CCC bonus requested in the offer has not been and will not knowingly be disclosed by the eligible exporter, directly or indirectly, to any other eligible exporter or competitor

before the time the offer is to be considered by CCC, unless otherwise required by law;

(viii) No attempt has been made, or will be made, by the eligible exporter to induce any other concern to submit, or not to submit, an offer for the purpose of restricting competition;

(ix) The signatory of the offer:

(A) Is the person in the eligible exporter's organization responsible for determining the CCC bonus being requested and has not participated and will not participate in any action contrary to subparagraphs (c)(20) (vi), (vii), and (viii) of this section; or

(B) Has been authorized in writing to act as agent for the eligible exporter for the purposes of paragraphs (b) and (c) of this section and certifies that the eligible exporter named in the offer and the signatory have not participated and will not participate in any action contrary to subparagraphs (c)(20) (vi), (vii), and (viii) of this section;

(x) If the eligible commodity is vegetable oil or a vegetable oil product, that none of the eligible commodity has been or will be used as the basis of a claim of a refund, as drawback, pursuant to Section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) of any duty, tax or fee imposed under Federal law on an imported commodity or product;

(xi) The agricultural commodity or product to be exported under an EEP Agreement is a U.S. agricultural commodity as defined by § 1494.201(gg).

(xii) The eligible exporter is providing the assurances required by §§ 15.4 and 15b.5 of this title (7 CFR part 15 relates to various non-discrimination provisions);

(xiii) The eligible exporter still meets all of the qualification and program eligibility requirements of § 1494.301 and will immediately notify CCC if there is a change of circumstances which should cause it to fail to meet such requirements; and

(xiv) The eligible exporter is providing any other certification required by the applicable Invitation.

Any eligible exporter which is unable to make the certifications specified in this subparagraph (c)(20) must provide a written statement to that effect to CCC and may include any explanation

or any additional information for the consideration of CCC. CCC will reject an offer if the eligible exporter states that it is unable to provide the required certifications, unless CCC determines that acceptance of the offer would be in the best interests of the EEP.

(d) *Conditional offers.* Any qualification or condition in, or added to, the offer and not expressly authorized by this subpart or the applicable Invitation may make such offer ineligible for consideration by CCC.

(e) *CCC's right to additional information.* CCC may require the individual who signed the offer to provide documentary evidence of such individual's authority to execute an Agreement with CCC on behalf of the eligible exporter making the offer. CCC may require the eligible exporter to submit any other information which CCC deems necessary for consideration of the eligible exporter's offer. The exporter must furnish a copy of the sales contract to CCC upon request.

(f) *Considerations in making an offer.* In making an offer, the eligible exporter should take into consideration that the exchange of CCC Certificates which may be issued as a bonus will be governed by the terms and conditions stated on the certificates and by any applicable regulations or procedures issued by or on behalf of CCC.

[56 FR 25011, June 3, 1991, as amended at 62 FR 24561, May 6, 1997]

§ 1494.601 Acceptance of offers by CCC.

(a) *Establishment of acceptable sales prices and CCC bonuses.* For each Invitation, CCC will establish sales prices for the eligible commodity and CCC bonus amounts which would be acceptable to CCC in terms of furthering the objectives of the EEP.

(1) In establishing acceptable sales prices for the eligible commodity, CCC will consider available relevant market data.

(2) In determining acceptable CCC bonus amounts, CCC may take into consideration factors such as, but not limited to, the following: The prevailing domestic market price of the eligible commodity; the price of the same agricultural commodity exported

by other exporting countries to the eligible country; ocean freight rates for the export of the eligible commodity from the U.S. and other exporting countries to the eligible country; the particular preferences or purchasing practices of buyers in the eligible country which would customarily affect the acceptability of the eligible commodity relative to that of competing exports of the same agricultural commodity to the eligible country from other exporting countries; and the cost effectiveness of the payment of a CCC bonus amount in view of CCC's obligation to maximize the use of resources available for the operation of the EEP.

(3) The acceptable sales prices and bonus amounts will be modified by CCC as necessary to take advantage of updated information that becomes available to CCC.

(b) *Acceptance of offers for a CCC bonus on a competitive basis.* An offer from an eligible exporter for a CCC bonus on a competitive basis that meets all of the requirements of this subpart will first be reviewed to determine if the offer contains an acceptable sales price. If the sales price contained in the offer is found to be acceptable, then the CCC bonus contained in the offer will be reviewed to determine if the CCC bonus requested is found to be acceptable. Offers with acceptable sales prices and acceptable CCC bonuses will be accepted under each Invitation beginning with the offer having the lowest CCC bonus amount, subject to the limitations in paragraphs (f) and (h) of this section.

(c) *Acceptance of offers for an announced CCC bonus.* Offers from eligible exporters for an Announced CCC Bonus that meet all of the requirements of this subpart and which contain an acceptable sales price will be accepted under each Invitation on a first-come, first-served basis according to the time of receipt of the offer, as determined by CCC, subject to the limitations in paragraphs (f) and (h) of this section.

(d) *Notification of acceptance of offers.* CCC will notify an eligible exporter by telephone of the acceptance or rejection of its offer as soon as possible after review of the exporter's offer by CCC but not later than 10 a.m. of the next business day after the date the

offer was submitted for consideration. If an offer is rejected, CCC will notify the eligible exporter of the basis for the rejection. Acceptance of offers will be confirmed in writing. The date of the telephonic notification of acceptance by CCC of the eligible exporter's offer will be the effective date of the exporter's Agreement with CCC.

(e) *Announcement of acceptance of offers.* CCC will generally announce the acceptance of offers by public press release as soon as possible after the notification to the exporter. The announcement will generally include the eligible commodity, the eligible country, the exporter, the delivery period, the CCC bonus, and, if applicable, the class of the eligible commodity.

(f) *Limitation on acceptance of offers.* The total quantity of the eligible commodity, exclusive of tolerances, to be exported under all offers that are accepted by CCC pursuant to a particular Invitation will not be greater than the total quantity of the eligible commodity stated in such Invitation. CCC may refuse to accept further offers under an applicable Invitation if the quantity of the eligible commodity, exclusive of tolerances, already accepted totals the quantity, exclusive of tolerances, that is being tendered for by the eligible buyer, even though such quantity may be less than the total quantity available under that Invitation.

(g) *Rejection of offers.* Any offer or part of an offer submitted for consideration that is not accepted by CCC by 10 a.m. of the next business day after the date for which the offer was submitted for consideration will be deemed to have been rejected.

(h) *CCC's right of rejection.* Notwithstanding any other provisions of this subpart, CCC reserves the right to reject any or all offers submitted for consideration on a particular day, including those offers that have acceptable sales prices and CCC bonus amounts.

§ 1494.701 Payment of bonus.

(a) *Forms of bonus.* The bonus may be paid to the exporter in CCC Certificates or in any other form specified in the applicable Invitation which CCC determines to be appropriate.

(b) *Quantity on which bonus is paid.* The quantity of the eligible commodity

exported from the U.S. which is eligible for the payment of a CCC bonus is the net weight (less any dockage, if applicable) or count which is established by the Official Inspection Certificate, the Official Weight Certificate or the export bill of lading, whichever is less. If the exporter has furnished performance security under "Option A" of the applicable Invitation and wishes the bonus to be paid prior to the entry of the eligible commodity into the eligible country, this quantity will be used in calculating the bonus value for the purposes of making payment to the exporter. If the exporter is not paid the bonus until the commodity enters into the eligible country, then this quantity will also be used in calculating the bonus value for the purposes of making payment to the exporter, unless in the determination of CCC, there is evidence to suggest that there was destruction, diversion or loss of the eligible commodity prior to entry into the eligible country. The payment of a bonus value to an exporter does not indicate that the bonus has been earned by the exporter under the Agreement; pursuant to §1494.801(a)(3), the bonus is not earned by the exporter until the eligible commodity enters into the eligible country in accordance with the Agreement and the exporter submits proof of such entry to CCC.

(c) *Request for bonus payment under "Option A."* If the exporter has furnished performance security under "Option A" of the applicable Invitation and wishes the bonus to be paid after export of the eligible commodity, the exporter must, within 30 calendar days after the date of export of the eligible commodity, furnish to the Director, at the address referenced in the Notice to Exporters—Contacts for EEP, a written request for payment of the bonus. All documents submitted to support such a request must be acceptable to the Director.

(1) To support each bonus payment request, the exporter must furnish to the Director the following:

(i) The original or an original copy of the on-board bill of lading issued for the export carrier and signed by an agent of the export carrier. The bill of lading must show:

(A) The identification of the export carrier;

(B) The date and place of issuance;

(C) The quantity of the eligible commodity;

(D) An on-board date; and

(E) That the eligible commodity is destined for the eligible country.

(ii) The original or an original copy of the Official Weight Certificate, as required in the applicable Invitation. The certificate must show:

(A) The identification of the export carrier, if known at the time of issuance;

(B) The date and place of issuance; and

(C) The weight or count of the eligible commodity.

(iii) The original or an original copy of the Official Inspection Certificate, as required in the applicable Invitation. The certificate must show:

(A) The identification of the export carrier, if known at the time of issuance;

(B) The date and place of issuance;

(C) The quantity of the eligible commodity to which the certificate relates; and

(D) The quality description of the eligible commodity.

(iv) If the documents submitted under paragraphs (c)(1)(ii) and (iii) of this section do not specify the export carrier, the exporter must also submit a signed certification that the commodity represented by the Official Inspection and/or the Official Weight certificates is the identical eligible commodity represented on the export bill of lading.

(2) If the export of the eligible commodity was by lash barge, the exporter must furnish, in addition to the documents required by paragraph (c)(1) of this section, a statement from the vessel's agent showing that the lash barge was loaded to the lash vessel named in the on-board lash bill of lading and that the eligible commodity is destined for the eligible country.

(3) If the export of the eligible commodity was from a Canadian transshipment port on the St. Lawrence River, the exporter must furnish to the Director the following, in addition to the documents required by paragraph (c)(1) of this section:

§ 1494.801

7 CFR Ch. XIV (1-1-06 Edition)

(i) Documentary evidence covering the movement of the eligible commodity from the United States to the export carrier described in the on-board bill of lading issued at the Canadian transshipment port and showing the information provided in paragraphs (c)(1) and, if applicable, (c)(2) of this section; and

(ii) A certification that the eligible commodity exported is the identical eligible commodity that was shipped from the United States.

(4) If the export of the eligible commodity was by railcar or truck, the exporter must furnish to the Director the following, in addition to the documents required by paragraphs (c)(1)(ii) and (iii) of this section:

(i) The authenticated landing certificate or similar document issued by the government of the eligible country; and

(ii) The original or an original copy of the bill of lading issued at the point of loading the railcar or truck. The bill of lading must show:

(A) The identification of the export carrier;

(B) The date and place of issuance;

(C) The quantity of the eligible commodity;

(D) The date that the railcar or truck was loaded; and

(E) That the eligible commodity is destined for the eligible country.

(d) *Request for bonus payment under "Option B."* If the exporter has furnished performance security under "Option B" of the applicable Invitation and wishes the bonus to be paid after the entry of the exported eligible commodity into the eligible country, the exporter must, within 60 calendar days after the date of entry of the eligible commodity into the eligible country, furnish to the Director at the address referenced in the Notice to Exporters—Contracts for EEP, a written request for payment of the bonus. To support each request, the exporter must furnish to the Director, in a form acceptable to the Director, the documents specified in paragraph (c) of this section, as applicable, along with the certification of entry specified in § 1494.401(f)(2).

(e) *Time frame for payment of a bonus.* CCC will endeavor to pay the bonus to the exporter within 10 business days

after CCC determines that the documents supporting the bonus request are acceptable.

(f) *Certificate amount.* If CCC decides to pay the bonus in the form of a CCC Certificate(s), the dollar value of the certificate(s) issued to the exporter will be determined by multiplying the CCC bonus specified in the Agreement by the net quantity of the eligible commodity on which the bonus is to be paid, as specified in paragraph (b) of this section, less any dockage if applicable.

(g) *Late requests for bonus payment.* If CCC decides to pay the bonus in the form of a CCC Certificate(s) and the exporter fails to request issuance of the certificate(s) within 30 calendar days after the date of export of the eligible commodity, if the exporter has chosen performance security "Option A," or within 60 days after the entry of the eligible commodity into the eligible country, if the exporter has chosen performance security "Option B", CCC may, upon issuing the certificate(s), discount the certificate(s) in an amount determined appropriate by CCC to compensate it for costs which may be incurred by CCC as a result of the exporter's delay.

§ 1494.801 Enforcement and termination of agreements with CCC.

(a) *Performance in accordance with an Agreement with CCC.* (1) An exporter which enters into an Agreement with CCC must ensure that the eligible commodity is exported from the U.S. and enters the eligible country in accordance with the terms and conditions of the Agreement.

(2) The diversion of the eligible commodity to a country other than the eligible country is prohibited. Transshipments of the eligible commodity are permitted only if specifically allowed in the applicable Invitation or for shipment through a Canadian transshipment port on the St. Lawrence River if the eligible commodity had been shipped from the United States via the Great Lakes coastal range and its identity had been preserved until shipped from Canada.

(3) Regardless of whether or not a bonus has been paid by CCC to the exporter pursuant to § 1494.701, the bonus

is not earned by the exporter until the eligible commodity enters into the eligible country in accordance with the Agreement. In order to retain a bonus or request payment of a bonus, depending upon the option chosen for furnishing performance security, and to request cancellation of the performance security, the exporter must provide evidence to CCC, as specified in §1494.401(f)(2), that the eligible commodity entered into the eligible country. If, on the basis of evidence available to it, CCC determines that there was destruction, diversion or loss of the eligible commodity prior to entry into the eligible country, CCC will not release the amount of performance security corresponding to the amount of eligible commodity for which insufficient evidence of entry into the eligible country was presented to CCC until:

(i) CCC recovers from the exporter the amount of the bonus corresponding to such amount of the eligible commodity, if the exporter has already been paid the bonus under performance security "Option A"; and

(ii) The requirements of either §1494.401(f)(1)(ii) or §1494.401(f)(1)(iii) have been met.

(4) The failure of an exporter to perform in full and to fulfill all of its obligations under the Agreement will constitute a breach of the Agreement. An exporter which breaches the Agreement may be required to forfeit its right to receive or retain part or all of the bonus authorized or paid under the Agreement and may also be liable to CCC for damages. Examples of an exporter's failure to perform under the Agreement include, but are not limited to, the following:

(i) The exporter does not ship all of the required amount of the eligible commodity in accordance with the delivery period stated in the Agreement;

(ii) The exporter exports an amount of the eligible commodity that is inconsistent with the quality specifications in the Agreement;

(iii) The exporter is unable to provide a certification that all of the eligible commodity exported pursuant to the Agreement was entered into the eligible country;

(iv) The eligible commodity is trans- shipped through any country, other

than Canada, unless specifically allowed in the applicable Invitation; or

(v) The eligible commodity is trans- shipped through Canada without hav- ing its identity preserved.

(5) If the eligible commodity is to be delivered to the eligible buyer in mul- tiple shipments, CCC may decide to consider the shipments separately in determining whether the exporter has failed to perform under the Agreement.

(b) *Return of bonus.* An exporter that fails to fulfill all of its obligations under the Agreement shall be in de- fault. If an exporter that has already been paid the bonus value defaults, CCC shall have the right to recover the bonus value paid for the quantity of the eligible commodity with respect to which the exporter failed to perform under the Agreement.

(1) If CCC has paid this bonus value in the form of a CCC Certificate(s), the exporter shall pay to CCC the higher of:

(i) The dollar value of the CCC Cer- tificate(s);

(ii) The dollar amount received for the CCC Certificate(s) if the CCC Cer- tificate(s) was transferred to another party; or

(iii) The dollar amount of the pro- ceeds from the sale of the CCC-owned commodities exchanged for the CCC Certificate(s) if the commodities were sold to another party.

(2) If CCC has paid this bonus value in some other form, as specified in the applicable Invitation, the exporter shall pay to CCC the dollar and cents amount or equivalent of the bonus value paid to the exporter.

(c) *Liability for liquidated damages.* The exporter's failure to perform under the Agreement will cause serious and substantial losses to CCC, such as dam- ages to the EEP and CCC's domestic price support program, storage charges, and administrative and other costs incurred. If the exporter breaches the Agreement, the exporter will be liable to pay to CCC as liquidated dam- ages an amount obtained by applying the method or rate for determining damages specified in the applicable In- vitation to the quantity of the eligible commodity with respect to which the exporter failed to perform under such Agreement. In submitting an offer in

response to an Invitation issued under this subpart, the exporter agrees that such liquidated damages are reasonable estimates of the probable actual damages which may be incurred by CCC.

(d) *Decision to hold the exporter harmless for liquidated damages.* CCC will hold an exporter harmless for the payment of liquidated damages if:

(1) The exporter's failure to perform under the Agreement was due to causes solely without the exporter's fault or negligence and the exporter had taken the necessary action to enable it to export the required quantity of the eligible commodity and enter it into the eligible country; or

(2) The eligible commodity was lost or destroyed after it had been placed aboard the export carrier.

In making the decision whether to hold an exporter harmless pursuant to this paragraph, CCC may consider any information available to CCC, including any information provided to it by the exporter.

(e) *Fraud, scheme or device.* Notwithstanding any other provision of law, CCC may take action to recover any bonus paid or to hold the exporter liable for the payment of damages caused to CCC if the exporter engages in fraud with respect to the EEP, or adopts or participates in adopting a scheme or device which is designed to evade this subpart or which has the effect of evading this subpart. Such acts shall include, but are not limited to:

(1) Concealing information which is required by this subpart; or

(2) Submitting information which is known by the exporter to be false or erroneous.

(f) *CCC's right to recover amounts due CCC by exporters.* If the exporter breaches its obligations under the Agreement and becomes liable to CCC for repayment of the bonus value or for liquidated or other damages, CCC reserves the right to recover such amounts due CCC by making a claim against the performance security furnished to CCC, as described under §1494.401, or by taking any other measures available to CCC as a result of this subpart or any laws or regulations, including debt settlement regulations, applicable to CCC.

(g) *Shipping tolerances.* If the exporter exports and enters into the eligible country, in accordance with the requirements of the Agreement, a quantity of the eligible commodity which is less than the quantity specified in §1494.501(c)(7) but not less than such quantity minus 5 percent, the exporter shall not be required to pay liquidated damages for failure to perform under the Agreement for the quantity which failed to be exported and entered into the eligible country. If an exporter exports and enters into the eligible country, in accordance with the requirements of the Agreement, a quantity of the eligible commodity which is greater than the quantity specified in §1494.501(c)(7), the exporter may request payment of the bonus value based upon the actual quantity, on a net weight basis, exported and entered into the eligible country, but not greater than the quantity specified in §1494.501(c)(7), plus 5 percent.

(h) *Termination of agreements.* (1) CCC may, by written notice to the exporter, terminate an Agreement, in whole or in part, as a result of:

(i) the failure of the exporter to carry out any provisions of the Agreement;

(ii) the failure of the exporter to maintain a business office in the U.S.;

(iii) the failure of the exporter to maintain an agent in the U.S. for service of process; or

(iv) the suspension or debarment of the exporter from participation in CCC or other U.S. Government programs.

If an Agreement is terminated by CCC pursuant to this subparagraph, CCC will not compensate the exporter for any costs incurred by the exporter. The exporter will be liable to CCC for any funds owed to CCC for the repayment of any bonus already paid and may be liable to CCC for liquidated or other damages suffered by CCC. If CCC intends to hold the exporter liable for liquidated damages, and it has not already so notified the exporter prior to the termination of the Agreement, CCC will generally do so at the time that it notifies the exporter of the termination of the Agreement.

(2) CCC may, by written notice to the exporter, terminate an Agreement, in whole or in part, if CCC determines it to be in the best interest of CCC. If an

agreement is so terminated, the exporter will be compensated for reasonable losses, as determined by CCC, resulting from such termination. These losses will not include lost profits and will not exceed the bonus value under the Agreement.

(i) *Amendment of agreements.* (1) CCC will have the authority to amend an Agreement, either before or after such Agreement has been breached by the exporter, if the exporter requests that the Agreement be amended and CCC determines that such amendment would serve the best interests of the EEP. The exporter may be required to submit documentary evidence to CCC to demonstrate that it is making progress toward fulfilling the Agreement before CCC will consider amending the Agreement. All requests for amendments submitted by exporters, and all amendments made by CCC to an Agreement, under this subpart shall be in writing.

(2) Prior to amending an Agreement with the exporter, CCC will consider whether the amendment to the Agreement should include a reduction in the CCC bonus or a modification of the sales price. If CCC determines that the CCC bonus and the sales price are still acceptable, it may amend the Agreement to incorporate the exporter's requested change, while maintaining the current CCC bonus and sales price, provided that the amendment would otherwise serve the best interests of the EEP. If CCC determines that the CCC bonus and/or the sales price are no longer acceptable, due to changes in market or other conditions, it will so inform the exporter. If the exporter still requests that the Agreement be amended, CCC and the exporter will enter into discussions in an attempt to arrive at a new CCC bonus and/or sales price which would be acceptable to CCC. If these discussions are successful, then CCC may amend the Agreement to incorporate the exporter's requested change as well as the new CCC bonus and/or sales price, provided that the amendment would otherwise serve the best interests of the EEP. If these discussions are unsuccessful, then the Agreement will not be amended and the exporter will be considered to be in breach of the Agreement if it fails to

perform under the terms of the Agreement.

(j) *Amendments to sales contracts.* In the event of an amendment to the sales contract between the exporter and the eligible buyer or a change in the delivery schedule, CCC will determine whether the amendment or change would constitute a breach of the Agreement. If CCC determines that the amendment or change would constitute a breach of the Agreement, CCC may terminate the Agreement. In the alternative, if CCC determines that a continuation of the Agreement would serve the best interests of the EEP, and if the exporter requests an amendment, CCC may amend the Agreement to take into account the amendment to the sales contract or change in delivery schedule. An amendment to an Agreement will be in accordance with paragraph (i)(1) of this section. CCC will promptly advise the exporter of its determination in writing by letter, facsimile, or telex.

§ 1494.901 Dispute resolution and appeals.

(a) *Dispute resolution.* (1) The Director of the CCC Operations Division (Director, CCCOD) and the exporter will attempt to resolve any disputes, including any adverse determinations made by CCC, arising under the EEP, this subpart, the applicable Invitation, or the Agreement.

(2) The exporter may seek reconsideration of a determination by the Director, CCCOD relating to the Agreement by submitting a letter requesting reconsideration to the Director, CCCOD, within 30 days of the date of the determination. For the purposes of this section, the date of a determination will be the date of the letter or other means of notification to the exporter of the determination. The exporter may include with the letter requesting reconsideration any additional information which it wishes the Director, CCCOD, to consider in reviewing its request. The Director, CCCOD, will respond to the request for reconsideration within

30 days of the date on which the request or the final documentary evidence submitted by the exporter is received by him, whichever is later, unless the GSM extends the time permitted for response. If the exporter fails to request reconsideration of a determination by the Director, CCCOD, that the exporter owes any funds to CCC under the Agreement, then such funds will become a debt of the exporter to CCC at the expiration of the 30-day period for submitting such a request.

(3) If the exporter requested a reconsideration of a determination by the Director, CCCOD, pursuant to subparagraph (a)(2) of this section, and the Director, CCCOD, upheld the original determination, then the exporter may appeal the determination to the GSM in accordance with the procedures set forth in paragraph (b) of this section. If the exporter fails to appeal the determination to the GSM, then any funds owed to CCC will become a debt of the exporter to CCC at the expiration of the 30-day period for submitting an appeal to the GSM.

(b) *Appeal procedures.* (1) An exporter which has exhausted the procedures set forth in paragraph (a) of this section may appeal to the GSM a determination of the Director, CCCOD, relating to the Agreement between the exporter and CCC. An appeal to the GSM must be in writing and filed with the office of the GSM no later than 30 days following the date of the final determination by the Director, CCCOD. In this appeal to the GSM, the exporter shall be entitled to an administrative hearing before the GSM, if the exporter indicates in its appeal letter that it desires such a hearing.

(2) If the exporter does not desire an administrative hearing, the exporter may submit any additional written information or documentation which it desires the GSM to consider in acting upon its appeal. This information or documentation may be submitted to the GSM up until the time that a decision is made by the GSM. The GSM will base the determination upon information contained in the administrative record. The GSM will endeavor to make a decision on an appeal not involving a hearing within 60 days of the

date on which the GSM receives the appeal or the date that final documentary evidence is submitted by the exporter to the GSM, whichever is later.

(3) If the exporter has indicated that it desires an administrative hearing, the GSM will set a date and time for the hearing which is mutually convenient for the GSM and the exporter. This date will ordinarily be within 60 days of the date on which the GSM receives the request for hearing. The hearing will be an informal procedure. The exporter and/or its counsel may present any administrative or documentary evidence to the GSM which it desires to have the GSM consider in making a determination. A transcript of the hearing will not ordinarily be prepared unless the exporter bears the costs involved in preparing the transcript, although the GSM may arrange to have a transcript prepared at the expense of the Government if it is determined to be appropriate. The exporter may provide additional written information to the GSM up until the time that the GSM makes a determination. The GSM will base the determination upon the information contained in the administrative record and will endeavor to make a decision within 60 days of the date of the hearing or the date of receipt of the transcript, if one is to be prepared, whichever is later.

(4) The decision of the GSM will be the final determination of CCC and the exporter will be entitled to no further administrative appellate rights.

(5) If the GSM upholds a determination of the Director, CCCOD, that the exporter owes any funds to CCC under the Agreement, then such funds will become a debt of the exporter to CCC.

(c) *Failure to comply with determination.* If, for any reason, the exporter has failed to pay funds to CCC which have been determined to be owed to CCC under the Agreement and the exporter has exhausted its rights under this section or has failed to exercise such rights, then CCC will have the right to withdraw funds from the performance security established by the exporter or to take any other measures available to CCC as result of this subpart or any laws or regulations, including debt settlement regulations, applicable to CCC.

Commodity Credit Corporation, USDA

§ 1494.1100

(d) *Exporter's obligation to perform.* The exporter will continue to have an obligation to perform under the Agreement pending the conclusion of all procedures under this section.

§ 1494.1001 Miscellaneous provisions.

(a) *Assignments.* The exporter may not assign the Agreement or any rights thereunder, including the right to receive a bonus under the Agreement.

(b) *Maintenance of records and access to premises.* (1) For a period of five years after CCC agrees to the cancellation of an exporter's performance security for an Agreement, the exporter must maintain accurate records showing sales and deliveries of the eligible commodity exported in connection with the Agreement. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, will have full and complete access to the premises of the exporter during regular business hours from the effective date of the Agreement until the expiration of such five-year period to inspect, examine, audit and make copies of the exporter's books, records and accounts concerning transactions relating to the Agreement, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. From the effective date of the Agreement and until the expiration of such five-year period, the exporter may be required to make available to the Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions undertaken by the exporter in connection with the performance of an EEP Agreement.

(2) The exporter must maintain the certification of entry specified in § 1494.401(f)(2), and must provide access to such document if requested by the Secretary of Agriculture or an authorized representative, for the five-year period specified in subparagraph (b)(1) of this section.

(c) *Arrival verification reviews.* CCC will review, on an annual basis, a sufficient number of exports made in connection with EEP Agreements to ensure that the eligible commodity which was exported pursuant to each such Agreement arrived in the eligible country specified in the Agreement.

(d) *Signatory on certifications.* Any certification required from a person pursuant to this subpart or an Invitation must be signed by the person, if an individual, or by a partner or officer of the person, if the person is a partnership or a corporation, respectively.

(e) *Officials not to benefit.* No member of or Delegate to Congress, or Resident Commissioner, will participate or share in any of the benefits of any Agreement entered into pursuant to the EEP, but this provision may not be construed to extend to an Agreement made by CCC with a corporation for its general benefit.

(f) *Paperwork Reduction Act.* The information collection requirements contained in this subpart have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. chapter 35 and have been assigned OMB control number 0551-0028.

(g) *Waiver of irregularities.* CCC reserves the right to waive any informality or minor irregularity with respect to any aspect of the operation of the EEP or any Agreement executed thereunder in order to best accomplish the purposes of the program.

Subpart C—Dairy Export Incentive Program Criteria

AUTHORITY: 7 U.S.C. 5663.

SOURCE: 56 FR 26324, June 7, 1991, unless otherwise noted.

§ 1494.1100 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Commodity Credit Corporation's (CCC) Dairy Export Incentive Program (DEIP). These criteria are interrelated and will be considered together in order to select eligible commodities and eligible countries for DEIP initiatives which will

§ 1494.1101

best meet the program's objectives. The objectives of the program are to increase U.S. agricultural commodity exports and to encourage other countries exporting agricultural commodities to undertake serious negotiations on agricultural trade problems. Under the DEIP, bonuses are made available by CCC to enable exporters to meet prevailing world prices for targeted dairy products in targeted destinations. In the operation of the DEIP, CCC will make reasonable efforts to avoid the displacement of commercial export sales of U.S. dairy products and to ensure that sales facilitated by the DEIP are in addition to, and not in place of, any export sales of dairy products that the exporter would have otherwise made in the absence of the program.

§ 1494.1101 Criteria.

The criteria considered in evaluating and approving proposals for the DEIP are those set forth in §1494.20 of this part.

§ 1494.1200 Program operations.

This subpart contains the regulations governing the operation of the Dairy Export Incentive Program (DEIP) of the Commodity Credit Corporation (CCC). Under the DEIP, CCC facilitates the export of U.S. dairy products by paying bonuses to exporters which export U.S. dairy products to targeted markets in accordance with the terms and conditions of an Agreement entered into between the exporter and CCC. Except as otherwise provided in this subpart, the program operations provisions of subpart B of this part, relating to the Export Enhancement Program, will also apply to the DEIP. Any terms or conditions applicable to a particular Invitation for Offers (Invitation) under the DEIP, beyond those terms or conditions set forth in this subpart or subpart B of this part, will

7 CFR Ch. XIV (1-1-06 Edition)

be specifically provided for in such Invitation.

§ 1494.1201 Paperwork Reduction Act.

The information collection requirements contained in this subpart have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. chapter 35 and have been assigned OMB control No. 0551-0029.

§ 1496.1 General statement.

This subpart sets forth the policies, procedures and requirements governing procurement, including allocation to U.S. ports, of processed agricultural commodities for donation under Title II, Pub. L. 480.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5728, Feb. 25, 1987]

§ 1496.2 Administration.

(a) The program will be carried out by the Farm Service Agency (referred to in this subpart as "FSA") under the general supervision and direction of the Executive Vice President of CCC. The program will be administered through the Office of the Deputy Administrator, Commodity Operations, FSA, Washington, DC and the Kansas City Commodity Office (KCCO), FSA, Kansas City, Missouri. Procurement will be in accordance with USDA-1, "General Terms and Conditions for the

Commodity Credit Corporation, USDA

(b) Purchases are made to fulfill commodity requests received in KCCO from AID.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5728, Feb. 25, 1987]

§ 1496.3 Definitions.

As used in the regulations in this subpart and in the forms and documents related thereto, the following terms shall have the meaning assigned to them in this section.

(a) *AID* means the Agency for International Development, an agency within the United States Department of State.

(b) *FSA* means the Farm Service Agency, an agency within the United States Department of Agriculture.

(c) *DACO* means the Deputy Administrator, Commodity Operations, FSA.

(d) *CCC* means Commodity Credit Corporation, a corporate agency within the United States Department of Agriculture.

[44 FR 27407, May 10, 1979, as amended at 52 FR 5728, Feb. 25, 1987]

§ 1496.4 Issuance of invitations.

From time to time, CCC will issue invitations to purchase or process agricultural products for utilization in the Title II, Pub. L. 480 program. The invitations will specify the contract terms; the closing date for acceptance of bids; the date contracts will be awarded; and other pertinent information. Invitations will be issued at least 10 days prior to the deadline for submission of bids. The bid submission deadlines and contract awards will be timed so not more than one market day elapses be-

tween bid opening (bid submission deadline) and contract awards.

§ 1496.5 Consideration of bids.

(a)(1) *Lowest landed cost*. The general principle of awarding contracts that will result in the lowest landed cost will prevail. Lowest landed cost will be calculated on the basis of U.S. flag rates and service for that portion of the commodities being purchased that CCC determines is necessary and practicable to meet cargo preference requirements and on an overall (foreign and U.S. flag) basis for the remaining portion of the commodities being purchased. However, the additional factors set forth in this section will be considered in awarding contracts.

(b)(1) *Availability of ocean service*. Prior to receipt of offers from commodity suppliers, CCC will review ocean freight information from available sources including, but not limited to, trade journal newspapers, port publications, and steamship publications to determine the availability of appropriate ocean service.

(2) Additional information will be gathered, if necessary by direct contact with the steamship company involved, regarding such factors as the minimum tonnage and/or revenue required to perform the service needed.

(3) Special emphasis will be placed on assuring that under normal conditions the vessels will be calling at U.S. ports to coordinate loading with cargo arrival from suppliers.

(4) Freight rates will be obtained from published ocean tariffs to make cost comparisons between various steamship companies and coastal ranges.

(5) Available service will be analyzed to ensure that the port or coastal range selected for exportation has available ocean transportation service that will provide maximum compliance with the stated policy of AID with regard to the utilization of U.S. and other flag vessels to carry commodities shipped under Title II, Pub. L. 480.

(c) *Adequacy of service*. (1) Prior to the selection of a coastal range or U.S. port from which commodities will be shipped, the ocean transportation service available may be examined to determine adequacy of service. The data

§ 1496.6

7 CFR Ch. XIV (1-1-06 Edition)

utilized may include, but not necessarily be limited to, the past performance of a particular vessel or steamship line in terms of loss and/or damage to cargo when received at destination port; past performance in meeting established delivery schedules, etc. CCC may eliminate from consideration ports or coastal ranges where ocean transportation service is considered inadequate by CCC. When clearly superior service is available at another port or coastal range it may be selected over other service.

(d) *Port performance.* (1) Each port will be contacted prior to bid evaluation to determine their cargo handling capabilities for Title II, Pub. L. 480, commodities when it is reasonably expected that quantities of 1,000 tons or more may be shipped. Allocations to that port will be governed by the minimum or maximum quantities indicated.

(2) Limits of quantities purchased for delivery to a port or coastal range may also be imposed by the amount of vessel space available during the expected delivery and loading period.

(3) Prior to the final selection of a U.S. port from which commodities will be shipped, the adequacy of the port to receive, accumulate, warehouse, handle, store, and protect the cargo will be considered.

(4) Factors which will be considered in this determination will include, but are not necessarily limited to, the adequacy of building structures, proper ventilation, freedom from insects and rodents, cleanliness, and overall good housekeeping and warehousing practices.

(5) When it is determined that the U.S. port is congested, facilities are overloaded, and a vessel would not be able to dock and load cargo without delay, or when labor disputes or lack of labor will prohibit the loading of the cargo onboard a vessel in a timely manner, another coastal range or port will be considered.

(e) *Transit time.* CCC will consider total transit time, as it relates to a final delivery date, in order to satisfy program requirements.

(f) *Great Lakes ports.* (1) Commodities offered for delivery "free alongside ship" (f.a.s.) Great Lakes port range or

intermodal bridge-port Great Lakes port range that represent the overall (foreign and U.S. flag) lowest landed cost will be awarded on that basis. Such offers will not be reevaluated on a lowest landed cost U.S.-flag basis unless CCC determines that 25 percent of the total annual tonnage of bagged, processed or fortified commodities furnished under Title II of Public Law 480 has been, or will be, transported from the Great Lakes port range during that fiscal year.

(2) CCC will consider commodity offers as offers for delivery "intermodal bridge-port Great Lakes port range" only if:

(i) The offer specifies delivery at a marine cargo-handling facility that is capable of loading ocean going vessels at a Great Lakes port, as well as loading ocean going conveyances such as barges and container vans, and

(ii) The commodities will be moved from one transportation conveyance to another at such a facility.

§ 1496.6 Data to be used.

(a) CCC will use all available historical and current data as a basis for procurement considerations, including evaluations and decisions regarding the physical facilities and performance of ports. Heavy reliance will be placed upon current port conditions as determined from first hand observations and reports from USDA and other reliable sources.

(b) The primary source of historical data will be documents used in the normal course of conducting business. Sources include contract documents, ocean bills of lading, survey and/or outturn reports made by commercial cargo surveyors, claim settlement agreements, claim payment documents, etc. CCC will utilize only such data and make only those analyses that it believes will provide a valid measure of program performance.

§ 1499.1

§ 1496.7 Final contract determinations.

The KCCO shall be responsible for making lowest landed cost determinations. KCCO shall provide that information to an Ad Hoc Committee designated by the Administrator, FSA, to review the lowest landed cost determinations as a result of any or all of the factors referred to herein. If, after the committee makes its review and it is recommended that contracts should be awarded based on the additional factors which would override lowest landed cost determinations, these recommendations will be presented to the Contracting Officer for a final decision. These decisions will be fully documented and explained as to the reasons the lowest landed cost was not selected.

§ 1499.2 General purpose and scope.

This part establishes the general terms and conditions governing CCC's donation of commodities to Cooperating Sponsors under the section 416(b) and Food for Progress programs. This does not apply to donations to intergovernmental agencies or organizations (such as the World Food Program) unless CCC and such intergovernmental agency or organization enters into an agreement incorporating this part.

§ 1499.3 Eligibility requirements for Cooperating Sponsor.

A Cooperating Sponsor may be either:

- (a) A foreign government;
- (b) An entity registered with the Agency for International Development (AID) in accordance with AID regulations; or

(1) Organizational experience and resources available to implement and manage the type of program proposed, *i.e.*, targeted food assistance or sale of commodities for economic development activities;

(2) Experience working in the targeted country; and

7 CFR Ch. XIV (1-1-06 Edition)

§ 1499.4 Availability of commodities from CCC inventory.

CCC will periodically announce the types and quantities of agricultural commodities available for donation from CCC inventory for the section 416(b) program.

§ 1499.5 Program Agreements and Plans of Operation.

(a) *Plan of Operation.* (1) Prior to entering into a section 416(b) Program Agreement, a Cooperating Sponsor shall submit a Plan of Operation to the Director, PDD and to the Agricultural Counselor or Attache, if an Agricultural Counselor or Attache is resident in the country where activities are to be implemented. After approval by CCC, the Plan of Operation will be incorporated into the section 416(b) Program Agreement as "Attachment A."

(2) CCC may require Cooperating Sponsors to submit a Plan of Operation in connection with the Food for Progress program.

(3) A Plan of Operation shall be in the following format and provide the following information:

1. Name and Address of Applicant;
2. Country of Donation;
3. Kind and Quantity of Commodities Requested;

5. Program Description:

Provide the following information:

(a) Activity objectives, including a description of any problems anticipated in achieving the activities' objectives;

(b) Method for choosing beneficiaries of activities;

(g) Method of educating consumers as to the source of the provided commodities and, where appropriate, preparation and use of the commodity; and

(h) Criteria for measuring progress towards achieving the objectives of activities and evaluating program outcome.

6. Use of Funds or Goods and Services Generated:

When the activity involves the use of sale proceeds, the receipt of goods or services from the barter of commodities, or the use of program income, the following information must be provided:

(a) the quantity and type of commodities to be sold or bartered;

(b) extent to which any sale or barter of the agricultural commodities provided would displace or interfere with any sales that may otherwise be made;

(c) the amount of sale proceeds anticipated to be generated from the sale, the value of the goods or services anticipated to be generated from the barter of the agricultural commodities provided, or the amount of program income expected to be generated;

(d) the steps taken to use, to the extent possible, the private sector in the process of selling commodities;

(e) the specific uses of sale proceeds or program income and a timetable for their expenditure; and

9. Economic Impact:

Information indicating that the commodities can be imported and distributed without a disruptive impact upon production, prices and marketing of the same or like products within the importing country.

(b) *Agreements.* CCC and the Cooperating Sponsor will enter into a written Program Agreement which will incorporate the terms and conditions set forth in this part. The commodities provided by CCC, and any packaging, will meet the specifications set forth in such Program Agreement. A Program Agreement may contain special terms or conditions, in addition to or in lieu of, the terms and conditions set forth in the regulations in this part when CCC determines that such special terms or conditions are necessary to effectively carry out the particular Program Agreement.

§ 1499.6 Usual marketing requirements.

(a) A foreign government Cooperating Sponsor shall provide to the Director, PDD, data showing commercial and non-commercial imports of the types of agricultural commodities requested during the prior five years, by country of origin, and an estimate of imports of such commodities during the current year.

(b) CCC may require that a Program Agreement with a foreign government include a "usual marketing requirement" that establishes a specific level of imports for a specified period. The Program Agreement may also include a prohibition on the export of provided commodities, as well as of other similar commodities specified in the Program Agreement.

§ 1499.7 Apportionment of costs and advances.

(a) CCC will bear the costs of processing, packaging, transportation, handling and other incidental charges incurred in delivering commodities to Cooperating Sponsors. CCC will deliver bulk grain shipments f.o.b. vessel, and shipments of all other commodities f.a.s. vessel or intermodal points. CCC will choose the point of delivery based on lowest cost to CCC.

(b) When the General Sales Manager approves in advance and in writing,

§ 1499.8

7 CFR Ch. XIV (1-1-06 Edition)

CCC may agree to bear all or a portion of reasonable costs associated with:

(1) Transportation from U.S. ports to designated ports or points of entry abroad, maritime survey costs, and in cases of urgent and extraordinary relief requirements, transportation from designated ports or points of entry abroad to designated storage and distribution sites;

(2) In cases of urgent and extraordinary relief requirements, reasonable storage and distribution costs; and

(3) Under the Food for Progress Program, administration or monitoring of food assistance programs, or technical assistance regarding sales of commodities provided by CCC.

(c) CCC will not pay any costs incurred by the Cooperating Sponsor prior to the date of the Program Agreement.

(d) Except as provided in paragraph (b) of this section, the Cooperating Sponsor shall ordinarily bear all costs incurred subsequent to CCC's delivery of commodities at U.S. ports or intermodal points.

(e) A Cooperating Sponsor seeking agreement by CCC to bear the costs identified in paragraphs (b)(2) or (b)(3) of this section shall submit to the Director, PDD, a Program Operation Budget detailing such costs. If approved, the Program Operation Budget shall become part of the Program Agreement. The non-government Cooperating Sponsor may make adjustments between line items of an approved Program Operations Budget up to 20 percent of the total amount approved or \$5,000, whichever is less without any further approval. Adjustments beyond these limits must be specifically approved by the Director, PDD.

(f) The Cooperating Sponsor may request advance of up to 85 percent of the amount of an approved Program Operating Budget. However, CCC will not approve any request for an advance received earlier than 60 days after the date of a previous advance made in connection with the same Program Agreement.

(g) Funds advanced shall be deposited in an interest bearing account until expended. Interest earned may be used only for the purposes for which the funds were advanced.

(h) The Cooperating Sponsor shall return to CCC any funds not obligated as of the 180th day after being advanced, together with any interest earned on such unexpended funds. Funds and interest shall be returned within 30 days of such date.

(i) The Cooperating Sponsor shall, not later than 10 days after the end of each calendar quarter, submit a financial statement to the Director, PDD, accounting for all funds advanced and all interest earned.

(j) CCC will pay all other costs for which it is obligated under the Program Agreement by reimbursement. However, CCC will not pay any cost incurred after the final date specified in the Program Agreement.

[61 FR 60515, Nov. 29, 1996, as amended at 63 FR 59877, Nov. 6, 1998]

§ 1499.8 Ocean transportation.

(a) *Cargo preference.* Shipments of commodities provided under either the section 416(b) or Food for Progress programs are subject to the requirements of sections 901(b) and 901b of the Merchant Marine Act, 1936, regarding carriage on U.S.-flag vessels. CCC will endeavor to meet these requirements separately for each program for each 12-month compliance period. A Cooperating Sponsor shall comply with the instructions of CCC regarding the quantity of commodities that must be carried on U.S. flag vessels.

(b) *Freight procurement requirements.* When CCC is financing any portion of the ocean freight, whether on U.S.-flag or non-U.S. flag vessels, and the Cooperating Sponsor arranges ocean transportation:

(1) The Cooperating Sponsor shall arrange ocean transportation through competitive bidding and shall obtain approval of all invitations for bids from the offices specified in the Program Agreement prior to issuance.

(2) Invitations for bids shall be issued through the Transportation News Ticker (TNT), New York, and at least one other comparable means of trade communication.

(3) Freight invitations for bids shall include specified procedures for payment of freight, including the party responsible for the freight payments, and expressly require that:

(i) Offers include a contract canceling date no later than the last contract layday specified in the invitation for bids;

(ii) Offered rates be quoted in U.S. dollars per metric ton;

(iii) If destination bagging or transportation to a point beyond the discharge port is required, the offer separately state the total rate and the portion thereof attributable to the ocean segment of the movement;

(iv) Any non-liner U.S. flag vessel 15 years or older offer, in addition to any other offered rate, a one-way rate applicable in the event the vessel is scrapped or transferred to foreign flag registry prior to the end of the return voyage to the United States;

(v) In the case of packaged commodities, U.S. flag carriers specify whether delivery will be direct breakbulk shipment, container shipment, or breakbulk transshipment and identify whether transshipment (including container relays) will be via U.S. or foreign flag vessel;

(vi) Vessels offered subject to Maritime Administration approval will not be accepted; and

(vii) Offers be received by a specified closing time, which must be the same for both U.S. and non-U.S. flag vessels.

(4) In the case of shipments of bulk commodities and non-liner shipments of packaged commodities, the Cooperating Sponsor shall open offers in public in the United States at the time and place specified in the invitation for bids and consider only offers that are responsive to the invitation for bids without negotiation. Late offers shall not be considered or accepted.

(5) All responsive offers received for both U.S. flag and foreign flag service shall be presented to KCCO which will determine the extent to which U.S.-flag vessels will be used.

(6) The Cooperating Sponsor shall promptly furnish the Director, Public Law 480-OD, or other official specified in the Program Agreement, copies of all offers received with the time of receipt indicated thereon. The Director, Public Law 480-OD, or other official specified in the Program Agreement, will approve all vessel fixtures. The Cooperating Sponsor may fix vessels subject to the required approval; however,

the Cooperating Sponsor shall not confirm a vessel fixture until advised of the required approval and the results of the Maritime Administration's guideline rate review. The Cooperating Sponsor shall not request guideline rate advice from the Maritime Administration. The Cooperating Sponsor will, promptly after receipt of vessel approval, issue a public notice of the fixture details on the TNT or other means of communication approved by the Director, Public Law 480-OD.

(7) Non-Vessel Operating Common Carriers may not be employed to carry shipments on either U.S. or foreign-flag vessels.

(8) The Cooperating Sponsor shall promptly furnish the Director Public Law 480-OD, a copy of the signed laytime statement and statement of facts at the discharge port.

(c) *Shipping agents.* (1) The Cooperating Sponsor may appoint a shipping agent to assist in the procurement of ocean transportation. The Cooperating Sponsor shall nominate the shipping agent in writing to the Deputy Administrator, Room 4077-S, Foreign Agricultural Service, U.S. Department of Agriculture, Washington, DC 20250-1031, and include a copy of the proposed agency agreement. The Cooperating Sponsor shall specify the time period of the nomination.

(2) The shipping agent so nominated shall submit the information and certifications required by 7 CFR 17.4 to the Deputy Administrator.

(3) A person may not act as a shipping agent for a Cooperating Sponsor unless the Deputy Administrator has notified the Cooperating Sponsor in writing that the nomination is accepted.

(d) *Commissions.* (1) When any portion of the ocean freight is paid by CCC, total commissions earned on U.S. and foreign flag bookings by all parties arranging vessel fixtures, shall not exceed 2½ percent of the total freight costs.

(2) Address commissions are prohibited.

(e) *Contract terms.* When CCC is paying any portion of the ocean freight, charter parties and liner booking contracts must conform to the following requirements, as applicable:

(1) Packaged commodities on liner vessels shall be shipped on the basis of full berth terms with no demurrage or despatch;

(2) Shipments of bulk liquid commodities may be contracted in accordance with trade custom. Other bulk commodities, including shipments that require bagging or stacking for the account of the vessel, shall be shipped on the basis of vessel load, free out, with demurrage and despatch applicable at load and discharge ports; except that, if bulk commodities require further inland distribution, they shall be shipped on the basis of vessel load with demurrage and despatch at load and berth terms discharge, *i.e.*, no demurrage, despatch, or detention at discharge. Demurrage and despatch shall be settled between the ocean carrier and commodity suppliers at load port and between the ocean carrier and charterers at discharge ports. CCC is not responsible for resolving disputes involving the calculation of laytime or the payment of demurrage or despatch.

(3) If the Program Agreement requires the Cooperating Sponsor to arrange an irrevocable letter of credit for ocean freight, the Cooperating Sponsor shall be liable for detention of the vessel for loading delays attributable solely to the decision of the ocean carrier not to commence loading because of the failure of the Cooperating Sponsor to establish such letter of credit. Charter parties and liner booking contracts may not contain a specified detention rate. The ocean carrier shall be entitled to reimbursement, as damages for detention for all time so lost, for each calendar day or any part of the calendar day, including Saturdays, Sundays and holidays. The period of such delay shall not commence earlier than upon presentation of the vessel at the designated loading port within the laydays specified in the charter party or liner booking contract, and upon notification of the vessel's readiness to load in accordance with the terms of the applicable charter party or liner booking contract. The period of such delay shall end at the time that operable irrevocable letters of credit have been established for ocean freight or the time the vessel begins loading, whichever is earlier. Time calculated

as detention shall not count as laytime. Reimbursement for such detention shall be payable no later than upon the vessel's arrival at the first port of discharge.

(4) Charges including, but not limited to charges for inspection, fumigation, and carrying charges, attributable to the failure of the vessel to present before the canceling date will be for the account of the ocean carrier.

(5) Ocean freight is earned under a charter party when the vessel and cargo arrive at the first port of discharge, *Provided*, That if a *force majeure* prevents the vessel's arrival at the first port of discharge, 100% of the ocean freight is payable or, if the charter party provides for completing additional requirements after discharge such as bagging, stacking, or inland transportation, not more than 85% of the ocean freight is payable, at the time the General Sales Manager determines that such *force majeure* was the cause of nonarrival; and

(6) When the ocean carrier offers delivery to destination ports on U.S.-flag vessels, but foreign-flag vessels are used for any part of the voyage to the destination port without first obtaining the approval of the Cooperating Sponsor, KCCO, and any other approval that may be required by the Program Agreement, the ocean freight rate will be reduced to the lowest responsive foreign-flag vessel rate offered in response to the same invitation for bids and the carrier agrees to pay CCC the difference between the contracted ocean freight rate and the freight rate offered by such foreign-flag vessel.

(f) *Coordination between CCC and the Cooperating Sponsor.* When a Program Agreement specifies that the Cooperating Sponsor will arrange ocean transportation:

(1) KCCO will furnish the Cooperating Sponsor, or its agent, with a Notice of Commodity Availability (Form CCC-512) which will specify the receiving country, commodity, quantity, and date at U.S. port or intermodal delivery point.

(2) The Cooperating Sponsor shall complete the Form CCC-512 indicating name of steamship company, vessel name, vessel flag and estimated time of arrival at U.S. port; and shall sign and

return the completed form to KCCO, with a copy to the Director, P.L. 480-OD. If CCC agrees to pay any part of the ocean transportation for liner cargoes, the Cooperating Sponsor shall also indicate on the Form CCC-512 the applicable Federal Maritime Commission tariff rate, and tariff identification.

(3) KCCO will issue instructions to have the commodity delivered f.a.s. or f.o.b. vessel, U.S. port of export or intermodal delivery point, consigned to the Cooperating Sponsor.

(g) *Documents required for payment of freight*—(1) *General rule.* To receive payment for ocean freight, the following documents shall be submitted to the Director, CCCPSD:

(i) One signed copy of completed Form CCC-512;

(ii) Four copies of the original on-board bills of lading indicating the freight rate and signed by the originating carrier;

(iii) For all non-containerized grain cargoes,

(A) One signed copy of the Federal Grain Inspection Service (FGIS) Official Stowage Examination Certificate (Vessel Hold Certificate);

(B) One signed copy of the National Cargo Bureau Certificate of Readiness (Vessel Hold Inspection Certificate); and

(C) One signed copy of the National Cargo Bureau Certificate of Loading;

(iv) For all containerized grain and grain product cargoes, one signed copy of the FGIS Container Condition Inspection Certificate;

(v) One signed copy of liner booking note or charter party covering ocean transportation of cargo;

(vi) For charter shipments, a signed notice of arrival at first discharge port submitted by the Cooperating Sponsor;

(vii) For all liner cargoes, a copy of the tariff page.

(viii) Four copies of either:

(A) A request by the Cooperating Sponsor for reimbursement of ocean freight or ocean freight differential indicating the amount due, and accompanied by a certification from the ocean carrier that payment has been received from the Cooperating Sponsor; or

(B) A request for direct payment to the ocean carrier, indicating amount due; or

(C) A request for direct payment of ocean freight differential to the ocean carrier accompanied by a certification from the carrier that payment of the Cooperating Sponsor's portion of the ocean freight has been received.

(ix) Each request to CCC for payment must provide a document, on letterhead and signed by an official or agent of the requester, the name of the entity to receive payment, the bank ABA number to which payment is to be made; the account number for the deposit at the bank; the requester's taxpayer identification number; and the type of the account into which funds will be deposited.

(2) *In cases of force majeure.* To receive payment in cases where the General Sales Manager determines that circumstances of *force majeure* have prevented the vessel's arrival at the first port of discharge, the Cooperating Sponsor shall submit all documents required by paragraph (g)(1) of this section except for the notice of arrival required by paragraph (g)(1)(vi) of this section.

(h) *CCC payment of ocean freight or ocean freight differential*—(1) *General rule.* CCC will pay, not later than 30 days after receipt in good order of the required documentation, 100 percent of either the ocean freight or the ocean freight differential, whichever is specified in the Program Agreement.

(2) *Additional requirements after discharge.* Where the charter party or liner booking note provide for the completion of additional services after discharge, such as bagging, stacking or inland transportation, CCC will pay, not later than 30 days after receipt in good order of the required documentation, either not more than 85 percent of the total freight charges or 100 percent of the ocean freight differential, whichever is specified in the Program Agreement. CCC will pay the remaining balance, if any, of the freight charges not later than 30 days after receipt of notification from the Cooperating Sponsor that such additional services have been provided; except that CCC will not pay any remaining balance where the GSM determines that the vessel's arrival at

§ 1499.9

first port of discharge was prevented by *force majeure*.

(3) *No demurrage*. CCC will not pay demurrage.

§ 1499.9 Arrangements for entry and handling in the foreign country.

(a) The Cooperating Sponsor shall make all necessary arrangements for receiving the commodities in the recipient country, including obtaining appropriate approvals for entry and transit. The Cooperating Sponsor shall store and maintain the commodities from time of delivery at port of entry or point of receipt from originating carrier in good condition until their distribution, sale or barter.

(b) When CCC has agreed to pay costs of transporting, storing, and distributing commodities from designated points of entry or ports of entry, the Cooperating Sponsor shall arrange for such services, by through bill of lading, or by contracting directly with suppliers of services, as CCC may approve. If the Cooperating Sponsor contracts directly with the suppliers of such services, the Cooperating Sponsor may seek reimbursement by submitting documentation to CCC indicating actual costs incurred. All supporting documentation must be sent to the Director, CCCPSD. CCC, at its option, will reimburse the Cooperating Sponsor for the cost of such services in U.S. dollars at the exchange rate in effect on the date of payment by CCC, or in foreign currency.

§ 1499.10 Restrictions on commodity use and distribution.

(a) The Cooperating Sponsor may use the commodities provided only in accordance with the terms of the Program Agreement.

(b) Commodities shall not be distributed within the importing country on the basis of political affiliation, geographic location, or the ethnic, tribal or religious identity or affiliations of the potential consumers or recipients.

(c) Commodities shall not be distributed, handled or allocated by military

forces without specific CCC authorization.

(d) In the event that its participation in the program terminates, the non-government cooperating sponsor will safeguard any undistributed commodities and sales proceeds and dispose of such commodities and proceeds as directed by CCC.

§ 1499.11 Agreement between Cooperating Sponsor and recipient agencies.

(a) The Cooperating Sponsor shall enter into a written agreement with a recipient agency prior to the transfer of any commodities, sale proceeds or program income to the recipient agency. Copies of such agreements shall be provided to the Agricultural Counselor or Attache, and the Director, PDD. Such agreements shall require the recipient agency to pay the Cooperating Sponsor the value of any commodities, sale proceeds or program income that are used for purposes not expressly permitted under the Program Agreement, or that are lost, damaged, or misused as result of the recipient agency's failure to exercise reasonable care;

(b) CCC may waive the requirements of paragraph (a) of this section where it determines that such an agreement is not feasible or appropriate.

§ 1499.12 Sales and barter of commodities provided and use of proceeds.

(a) Commodities may be sold or bartered without the prior approval of CCC where damage has rendered the commodities unfit for intended program purposes and sale or barter is necessary to mitigate loss of value.

(b) A Cooperating Sponsor may, but is not required to, negotiate an agreement with the host government under which the commodities imported for a sale or barter may be imported, sold, or bartered without assessment of duties or taxes. In such cases and where the commodities are sold, they shall be sold at prices reflecting prevailing local market value.

(c) The Cooperating Sponsor shall deposit all sale proceeds into an interest-bearing account unless prohibited by the laws or customs of the importing

Commodity Credit Corporation, USDA

§ 1499.13

country or CCC determines that to do so would constitute an undue burden. Interest earned on such deposits shall only be used for approved activities.

(d) Except as otherwise provided in this part, the Cooperating Sponsor may use sale proceeds and resulting interest only for those purposes approved in the applicable Plan of Operation.

(e) CCC will approve the use of sale proceeds and interest to purchase real and personal property where local law permits the Cooperating Sponsor to retain title to such property, but will not approve the use of sale proceeds or interest to pay for the acquisition, development, construction, alteration or upgrade of real property that is:

(1) Owned or managed by a church or other organization engaged exclusively in religious activity, or

(2) Used in whole or in part for sectarian purposes; *except that*, a Cooperating Sponsor may use such sale proceeds or interest to pay for repairs or rehabilitation of a structure located on such real property to the extent necessary to avoid spoilage or loss of provided commodities but only if such structure is not used in whole or in part for any religious or sectarian purposes while the provided commodities are stored in such structure. When not approved in the Plan of Operation, such use may be approved by the Agricultural Counsellor or Attache.

(f) The Cooperating Sponsor shall follow commercially reasonable practices in procuring goods and services and when engaging in construction activity in accordance with the approved Plan of Operation. Such practices shall include procedures to prevent fraud, self-dealing and conflicts of interest, and shall foster free and open competition to the maximum extent practicable.

(g) To the extent required by the Program Agreement, the Cooperating Sponsor shall submit to the Controller, CCC, and to the Director, PDD, an inventory of all assets acquired with sale proceeds or interest or program income. In the event that its participation in the program terminates, the Cooperating Sponsor shall dispose, at the direction of the Director, PDD, of

any property, real or personal, so acquired.

§ 1499.13 Processing, packaging and labeling of section 416(b) commodities in the foreign country.

(a) Cooperating Sponsors may arrange for the processing of commodities provided under a section 416(b) Program Agreement, or for packaging or repackaging prior to distribution. When a third party provides such processing, packaging or repackaging, the Cooperating Sponsor shall enter into a written agreement requiring that the provider of such services maintain adequate records to account for all commodities delivered and submit periodic reports to the Cooperating Sponsor. The Cooperating Sponsor shall submit a copy of the executed agreement to the Agricultural Counsellor or Attache.

(b) If, prior to distribution, the Cooperating Sponsor arranges for packaging or repackaging commodities provided under section 416(b), the packaging shall be plainly labeled in the language of the country in which the commodities are to be distributed with the name of the commodity and, except where the commodities are to be sold or bartered after processing, packaging or repackaging, to indicate that the commodity is furnished by the people of the United States of America and not to be sold or exchanged. If the commodities are not packaged, the Cooperating Sponsor shall, to the extent practicable, display banners, posters or other media containing the information prescribed in this paragraph.

(c) CCC will reimburse Cooperating Sponsors that are nonprofit private voluntary organizations or cooperatives for expenses incurred for repackaging if the packages of commodities provided under section 416(b) are discharged from the vessel in damaged condition, and are repackaged to ensure that the commodities arrive at the distribution point in wholesome condition. No prior approval is required for such expenses equaling \$500 or less. If such expense is estimated to exceed \$500, the authority to repackage and incur such expense must be approved

by the Agricultural Counselor or Attache in advance of repackaging.

§ 1499.14 Disposition of commodities unfit for authorized use.

(a) *Prior to delivery to Cooperating Sponsor at discharge port or point of entry.* If the commodity is damaged prior to delivery to a governmental Cooperating Sponsor at discharge port or point of entry overseas, the Agricultural Counselor or Attache will immediately arrange for inspection by a public health official or other competent authority. If the commodity is damaged prior to delivery to a nongovernmental Cooperating Sponsor at the discharge port or point of entry, the nongovernmental Cooperating Sponsor shall arrange for such inspection. If inspection discloses the commodity to be unfit for the use authorized in the Program Agreement, the Agricultural Counselor or Attache or the nongovernmental Cooperating Sponsor shall dispose of the commodities in accordance with the priority set forth in paragraph (b) of this section. Expenses incidental to the handling and disposition of the damaged commodity will be paid by CCC from the sale proceeds or from an appropriate CCC account designated by CCC. The net proceeds of sales shall be deposited with the U.S. Disbursing Officer, American Embassy, for the credit of CCC in an appropriate CCC account designated by CCC; however, if the commodities are provided for a sales program, the net sale proceeds, net of expenses incidental to handling and disposition of the damaged commodity, shall be deposited to the special account established for sale proceeds. The Cooperating Sponsor shall consult with CCC regarding the inspection and disposition of commodities and accounting for sale proceeds in the event the Cooperating Sponsor executed a sales agreement under which title passed to the purchaser prior to delivery to the Cooperating Sponsor.

(b) *After delivery to Cooperating Sponsor.* (1) If after arrival in a foreign country and after delivery to a Cooperating Sponsor, it appears that the commodity, or any part thereof, may be unfit for the use authorized in the Program Agreement, the Cooperating

Sponsor shall immediately arrange for inspection of the commodity by a public health official or other competent authority approved by the Agricultural Counselor or Attache. If no competent local authority is available, the Agricultural Counselor or Attache may determine whether the commodities are unfit for the use authorized in the Program Agreement and, if so, may direct disposal in accordance with this paragraph (b) of this section. The Cooperating Sponsor shall arrange for the recovery of that portion of the commodities designated during the inspection as suitable for authorized use. If, upon inspection, the commodity (or any part thereof) is determined to be unfit for the authorized use, the Cooperating Sponsor shall notify the Agricultural Counselor or Attache of the circumstances pertaining to the loss or damage. With the concurrence of the Agricultural Counselor or Attache, the commodity determined to be unfit for authorized use shall be disposed of in the following order of priority:

(i) By transfer to an approved section 416(b) program for use as livestock feed. CCC shall be advised promptly of any such transfer so that shipments from the United States to the livestock feeding program can be reduced by an equivalent amount;

(ii) Sale for the most appropriate use, i.e., animal feed, fertilizer, or industrial use, at the highest obtainable price. When the commodity is sold, all U.S. Government markings shall be obliterated or removed;

(iii) By donation to a governmental or charitable organization for use as animal feed or for other non-food use; or

(iv) If the commodity is unfit for any use or if disposal in accordance with paragraph (b)(1) (i), (ii) or (iii) of this section is not possible, the commodity shall be destroyed under the observation of a representative of the Agricultural Counselor or Attache, if practicable, in such manner as to prevent its use for any purpose.

(2) Actual expenses incurred, including third party costs, in effecting any sale may be deducted from the sale proceeds and, if the commodities were intended for direct distribution, the Cooperating Sponsor shall deposit the net

proceeds with the U.S. Disbursing Officer, American Embassy, with instructions to credit the deposit to an appropriate CCC account as designated by CCC. If the commodities were intended to be sold, the Cooperating Sponsor shall deposit the gross proceeds into the special interest bearing account and, after approved costs related to the handling and disposition of damaged commodities are paid, shall use the remaining funds for purposes of the approved program. The Cooperating Sponsor shall promptly furnish to the Agricultural Counselor or Attache a written report of all circumstances relating to the loss and damage on any commodity loss in excess of \$5,000; quarterly reports shall be made on all other losses. If the commodity was inspected by a public health official or other competent authority, the report and any supplemental report shall include a certification by such public health official or other competent authority as to the condition of the commodity and the exact quantity of the damaged commodity disposed. Such certification shall be obtained as soon as possible after the discharge of the cargo. A report must also be provided to the Chief, Debt Management Division, KCMO/DMD, of action taken to dispose of commodities unfit for authorized use.

[61 FR 60515, Nov. 29, 1996, as amended at 63 FR 59877, Nov. 6, 1998]

§ 1499.15 Liability for loss, damage, or improper distribution of commodities—claims and procedures.

(a) *Fault of Cooperating Sponsor prior to loading on ocean vessel.* The Cooperating Sponsor shall immediately notify KCCO, Chief, Export Operations Division if the Cooperating Sponsor will not have a vessel for loading at the U.S. port of export in accordance with the agreed shipping schedule. CCC will determine whether the commodity will be: moved to another available outlet; stored at the port for delivery to the Cooperating Sponsor when a vessel is available for loading; or disposed of as CCC may deem proper. The Cooperating Sponsor shall take such action as directed by CCC and shall reimburse CCC for expenses incurred if CCC determines that the expenses were incurred

because of the fault or negligence of the Cooperating Sponsor.

(b) *Fault of others prior to loading on ocean vessel.* The Cooperating Sponsor shall immediately notify the Chief, Debt Management Office, KCMO/DMD, when any damage or loss to the commodity occurs that is attributable to a warehouseman, carrier, or other person between the time title is transferred to a Cooperating Sponsor and the time the commodity is loaded on board vessel at the designated port of export. The Cooperating Sponsor shall promptly assign to CCC any rights to claims which may arise as a result of such loss or damage and shall promptly forward to CCC all documents pertaining thereto. CCC shall have the right to initiate claims, and retain the proceeds of all claims, for such loss or damage.

(c) *Survey and outturn reports related to claims against ocean carriers.* (1) If the Program Agreement provides that CCC will arrange for an independent cargo surveyor to attend the discharge of the cargo, CCC will require the surveyor to provide a copy of the report to the Cooperating Sponsor.

(2)(i) If the Cooperating Sponsor arranges for an independent cargo surveyor, the Cooperating Sponsor shall forward to the Chief, Debt Management Office, KCMO/DMD, any narrative chronology or other commentary it can provide to assist in the adjudication of ocean transportation claims and shall prepare such a narrative in any case where the loss is estimated to be in excess of \$5,000.00. The Cooperating Sponsor may, at its option, also engage the independent surveyor to supervise clearance and delivery of the cargo from customs or port areas to the Cooperating Sponsor or its agent and to issue delivery survey reports thereon.

(ii) In the event of cargo loss and damage, the Cooperating Sponsor shall provide to the Chief, Debt Management Office, KCMO/DMD, the names and addresses of individuals who were present at the time of discharge and during survey and who can verify the quantity lost or damaged. For bulk grain shipments, in those cases where the Cooperating Sponsor is responsible for survey and outturn reports, the Cooperating Sponsor shall obtain the services of an independent surveyor to:

§ 1499.15

7 CFR Ch. XIV (1-1-06 Edition)

(A) Observe the discharge of the cargo;

(B) Report on discharging methods including scale type, calibrations and any other factor which may affect the accuracy of scale weights, and, if scales are not used, state the reason therefore and describe the actual method used to determine weights;

(C) Estimate the quantity of cargo, if any, lost during discharge through carrier negligence;

(D) Advise on the quality of sweepings;

(E) Obtain copies of port or vessel records, if possible, showing quantity discharged;

(F) Provide immediate notification to the Cooperating Sponsor if additional services are necessary to protect cargo interests or if the surveyor has reason to believe that the correct quantity was not discharged; and

(G) In the case of shipments arriving in container vans, list the container van numbers and seal numbers shown on the container vans, and indicate whether the seals were intact at the time the container vans were opened, and whether the container vans were in any way damaged. To the extent possible, the independent surveyor should observe discharge of container vans from the vessel to ascertain whether any damage to the container van occurred and arrange for surveying as container vans are opened.

(iii) Cooperating Sponsors shall send copies to KCMO/DMD, Chief, Debt Management Office of all reports and documents pertaining to the discharge of commodities.

(iv) CCC will reimburse the Cooperating Sponsor for costs incurred upon receipt of the survey report and the surveyor's invoice or other documents that establish the survey cost. CCC will not reimburse a Cooperating Sponsor for the costs of a delivery survey unless the surveyor also prepares a discharge survey, or for any other survey not taken contemporaneously with the discharge of the vessel, unless CCC determines that such action was justified in the circumstances.

(3) Survey contracts shall be let on a competitive bid basis unless CCC determines that the use of competitive bids would not be practicable. CCC may pre-

clude the use of certain surveyors because of conflicts of interest or lack of demonstrated capability to properly carry out surveying responsibilities.

(4) If practicable, all surveys shall be conducted jointly by the surveyor, the consignee, and the ocean carrier, and the survey report shall be signed by all parties.

(d) *Ocean carrier loss and damage.* (1) Notwithstanding transfer of title, CCC shall have the right to file, pursue, and retain the proceeds of collection from claims arising from ocean transportation cargo loss and damage arising out of shipments of commodities provided to governmental Cooperating Sponsors; however, when the Cooperating Sponsor pays the ocean freight or a portion thereof, it shall be entitled to pro rata reimbursement received from any claims related to ocean freight charged. CCC will pay general average contributions for all valid general average incidents which may arise from the movement of commodity to the destination ports. CCC shall receive and retain all allowances in general average.

(2) Nongovernmental Cooperating Sponsors shall: file notice with the ocean carrier immediately upon discovery of any cargo loss or damage; promptly initiate claims against the ocean carriers for such loss and damage; take all necessary action to obtain restitution for losses, and (iv) provide CCC copies of all such claims. Notwithstanding the preceding sentence the nongovernmental Cooperating Sponsor need not file a claim when the cargo loss is less than \$100, or in any case when the loss is between \$100 and \$300 and the nongovernmental Cooperating Sponsor determines that the cost of filing and collecting the claim will exceed the amount of the claim. The nongovernmental Cooperating Sponsor shall transmit to KCMO/DMD, Chief, Debt Management Office information and documentation on such lost or damaged shipments when no claim is to be filed. In the event of a declaration General Average:

(i) The Cooperating Sponsor shall assign all claim rights to CCC and shall provide CCC all documentation relating to the claim, if applicable;

(ii) CCC will be responsible for settling general average and marine salvage claims;

(iii) CCC has sole authority to authorize any disposition of commodities which have not commenced ocean transit or of which the ocean transit is interrupted;

(iv) CCC will receive and retain any monetary proceeds resulting from such disposition;

(v) CCC will initiate, prosecute, and retain all proceeds of cargo loss and damage against ocean carriers and any allowance in general average; and

(vi) CCC will pay any general average or marine salvage claims determined to be due.

(3) Amounts collected by nongovernmental Cooperating Sponsors on claims against ocean carriers which are less than \$200 may be retained by the nongovernmental Cooperating Sponsor. On claims involving loss or damage of \$200 or more, nongovernmental Cooperating Sponsors may retain from collections received by them, either \$200 plus 10 percent of the difference between \$200 and the total amount collected on the claim, up to a maximum of \$500; or the actual administrative expenses incurred in collection of the claim, provided retention of such administrative expenses is approved by CCC. Allowable collection costs shall not include attorneys fees, fees of collection agencies, and similar costs. In no event will CCC pay collection costs in excess of the amount collected on the claim.

(4) A nongovernmental Cooperating Sponsor also may retain from claim recoveries remaining after allowable deductions for administrative expenses of collection, the amount of any special charges, such as handling and packing costs, which the nongovernmental Cooperating Sponsor has incurred on the lost or damaged commodity and which are included in the claims and paid by the liable party.

(5) A nongovernmental Cooperating Sponsor may redetermine claims on the basis of additional documentation or information not considered when the claims were originally filed when such documentation or information clearly changes the ocean carrier's liability. Approval of such changes by CCC is not required regardless of amount. How-

ever, copies of redetermined claims and supporting documentation or information shall be furnished to CCC.

(6) A nongovernmental Cooperating Sponsor may negotiate compromise settlements of claims of any amount, provided that proposed compromise settlements of claims having a value of \$5,000 or more shall require prior approval in writing by CCC. When a claim is compromised, a nongovernmental Cooperating Sponsor may retain from the amount collected, the amounts authorized in paragraph (d)(3) of this section, and in addition, an amount representing such percentage of the special charges described in paragraph (d)(4) of this section as compromised amount is to the full amount of the claim. When a claim is less than \$600, a nongovernmental Cooperating Sponsor may terminate collection activity when it is determined that pursuit of such claims will not be economically sound. Approval for such termination by CCC is not required; however, the nongovernmental Cooperating Sponsor shall notify KCMO/DMD, Chief, Debt Management Division when collection activity on a claim is terminated.

(7) All amounts collected in excess of the amounts authorized in this section to be retained shall be remitted to CCC. For the purpose of determining the amount to be retained by a nongovernmental Cooperating Sponsor from the proceeds of claims filed against ocean carriers, the word "claim" shall refer to the loss and damage to commodities which are shipped on the same voyage of the same vessel to the same port destination, irrespective of the kinds of commodities shipped or the number of different bills of lading issued by the carrier.

(8) If a nongovernmental Cooperating Sponsor is unable to effect collection of a claim or negotiate an acceptable compromise settlement within the applicable period of limitation or any extension thereof granted in writing by the party alleged responsible for the damage, the nongovernmental Cooperating Sponsor shall assign its rights to the claim to CCC in sufficient time to permit the filing of legal action prior

to the expiration of the period of limitation or any extension thereof. Generally, a nongovernmental Cooperating Sponsor should assign claim rights to CCC no later than 60 days prior to the expiration of the period of limitation or any extension thereof. In all cases, a nongovernmental Cooperating Sponsor shall keep CCC informed of the progress of its collection efforts and shall promptly assign their claim rights to CCC upon request. Subsequently, if CCC collects on or settles the claim, CCC shall, except as indicated in this paragraph pay to a nongovernmental Cooperating Sponsor the amount to which it would have been entitled had it collected on the claim. The additional 10 percent on amounts collected in excess of \$200 will be payable, however, only if CCC determines that reasonable efforts were made to collect the claim prior to the assignment, or if payment is determined to be commensurate with the extra efforts exerted in further documenting the claim. If documentation requirements have not been fulfilled and the lack of such documentation has not been justified to the satisfaction of CCC, CCC will deny payment of all allowances to the nongovernmental Cooperating Sponsor.

(9) When a nongovernmental Cooperating Sponsor permits a claim to become time-barred, or fails to take timely actions to insure the right of CCC to assert such claims, and CCC determines that the nongovernmental Cooperating Sponsor failed to properly exercise its responsibilities under the Agreement, the nongovernmental Cooperating Sponsor shall be liable to the United States for the cost and freight value of the commodities lost to the program.

(e) *Fault of Cooperating Sponsor in country of distribution.* If a commodity, sale proceeds or program income is used for a purpose not permitted by the Program Agreement, or if a Cooperating Sponsor causes loss or damage to a commodity, sale proceeds, or program income through any act or omission or failure to provide proper storage, care and handling, the cooperating sponsor shall pay to the United States the value of the commodities, sale proceeds or program income lost, damaged

or misused. CCC will consider normal commercial practices in the country of distribution in determining whether there was a proper exercise of the Cooperating Sponsor's responsibility. Payment by the Cooperating Sponsor shall be made in accordance with paragraph (g) of this section.

(f) *Fault of others in country of distribution and in intermediate country.* (1) In addition to survey or outturn reports to determine ocean carrier loss and damage, the Cooperating Sponsor shall, in the case of landlocked countries, arrange for an independent survey at the point of entry into the recipient country and make a report as set forth in paragraph (c)(1) of this section. CCC will reimburse the Cooperating Sponsor for the costs of survey as set forth in paragraph (c)(2)(iv) of this section.

(2) Where any damage to or loss of the commodity or any loss of sale proceeds or program income is attributable to a warehouseman, carrier or other person, the Cooperating Sponsor shall make every reasonable effort to pursue collection of claims for such loss or damage. The Cooperating Sponsor shall furnish a copy of the claim and related documents to the Agricultural Counselor or Attache. Cooperating Sponsors who fail to file or pursue such claims shall be liable to CCC for the value of the commodities or sale proceeds or program income lost, damaged, or misused: *Provided*, however, that the Cooperating Sponsor may elect not to file a claim if the loss is less than \$500. The Cooperating Sponsor may retain \$150 of any amount collected on an individual claim. In addition, Cooperating Sponsors may, with the written approval of the Agricultural Counselor or Attache, retain amounts to cover special costs of collection such as legal fees, or pay such collection costs with sale proceeds or program income. Any proposed settlement for less than the full amount of the claim requires prior approval by the Agricultural Counselor or Attache. When the Cooperating Sponsor has exhausted all reasonable attempts to collect a claim, it shall request the Agricultural Counselor or Attache to provide further instructions.

(3) The Cooperating Sponsor shall pursue any claim by initial billings and at least three subsequent demands at not more than 30 day intervals. If these efforts fail to elicit a satisfactory response, the Cooperating Sponsor shall pursue legal action in the judicial system of country unless otherwise agreed by the Agricultural Counselor or Attache. The Cooperating Sponsors must inform the Agricultural Counselor or Attache in writing of the reasons for not pursuing legal action; and the Agricultural Counselor or Attache may require the Cooperating Sponsor to obtain the opinion of competent legal counsel to support its decision prior to granting approval. If the Agricultural Counselor or Attache approves a Cooperating Sponsor's decision not to take further action on the claim, the Cooperating Sponsor shall assign the claim to CCC and shall forward all documentation relating to the claim to KCMO/DMD.

(4) As an alternative to legal action in the judicial system of the country with regard to claims against a public entity of the government of the cooperating country, the Cooperating Sponsor and the cooperating country may agree in writing to settle disputed claims by an appropriate administrative procedure or arbitration.

(g) *Determination of value.* The Cooperating Sponsor shall determine the value of commodities misused, lost or damaged on the basis of the domestic market price at the time and place the misuse, loss or damage occurred. When it is not feasible to determine such market price, the value shall be the f.o.b. or f.a.s. commercial export price of the commodity at the time and place of export, plus ocean freight charges and other costs incurred by the U.S. Government in making delivery to the Cooperating Sponsor. When the value is determined on a cost basis, the Cooperating Sponsor may add to the value any provable costs it has incurred prior to delivery by the ocean carrier. In preparing the claim statement, these costs shall be clearly segregated from costs incurred by the Government of the United States. With respect to claims other than ocean carrier loss or damage claims, the Cooperating Sponsor may request the Agricul-

tural Counselor or Attache to approve a commercially reasonable alternative basis to value the claim.

(h) *Reporting losses to the Agricultural Counselor or Attache or CCC designated representative.* (1) The Cooperating Sponsor shall promptly notify the Agricultural Counselor or Attache or CCC designated representative, in writing, of the circumstances pertaining to any loss, damage, or misuse of commodities valued at \$500 or more occurring within the country of distribution or intermediate country. The report shall be made as soon as the Cooperating Sponsor has adequately investigated the circumstances, but in no event more than ninety days from the date the loss became known to the Cooperating Sponsor. The report shall identify the party in possession of the commodities and the party responsible for the loss, damage or misuse; the kind and quantities of commodities; the size and type of containers; the time and place of misuse, loss, or damage; the current location of the commodity; the Program Agreement number, the CCC contract numbers, or if unknown, other identifying numbers printed on the commodity containers; the action taken by the Cooperating Sponsor with respect to recovery or disposal; and the estimated value of the commodity. The report shall explain why any of the information required by this paragraph cannot be provided. The Cooperating Sponsor shall also report the details regarding any loss or misuse of sale proceeds or program income.

(2) The Cooperating Sponsor shall report quarterly to the Agricultural Counselor or Attache any loss, damage to or misuse of commodities resulting in loss of less than \$500. The Cooperating Sponsor shall inform the Agricultural Counselor or Attache or CCC designated representative if it has reason to believe there is a pattern or trend in the loss, damage, or misuse of such commodities and submit a report as described in paragraph (h)(1) of this section, together with any other relevant information the Cooperating Sponsor has available to it. The Agricultural Counselor or Attache may require additional information about any commodities lost, damaged or misused.

(i) *Handling claims proceeds.* Claims against ocean carriers shall be collected in U.S. dollars (or in the currency in which freight is paid) and shall be remitted (less amounts authorized to be retained) by Cooperating Sponsors to CCC. Claims against Cooperating Sponsors shall be paid to CCC in U.S. dollars. With respect to commodities lost, damaged or misused, amounts paid by Cooperating Sponsors and third parties in the country of distribution shall be deposited with the U.S. Disbursing Officer, American Embassy, preferably in U.S. dollars with instructions to credit the deposit to an appropriate CCC account as determined by CCC, or in local currency at the highest rate of exchange legally obtainable on the date of deposit with instructions to credit the deposit to an appropriate CCC account as determined by CCC. With respect to sale proceeds and program income, amounts recovered may be deposited in the same account as the sale proceeds and may be used for purposes of the program.

§ 1499.16 Records and reporting requirements.

(a) *Records and reports—general requirements.* The Cooperating Sponsor shall maintain records for a period of three (3) years from the date of export of the commodities that accurately reflect the receipt and use of the commodities and any proceeds realized from the sale of commodities. The Government of the Exporting Country may, at reasonable times, inspect the Cooperating Sponsor's records pertaining to the receipt and use of the commodities and proceeds realized from the sale of the commodities, and have access to the Cooperating Sponsor's commodity storage and distribution sites and to locations of activities supported with proceeds realized from the sale of the commodities.

(b) *Evidence of export.* The Cooperating Sponsor's freight forwarder shall, within thirty (30) days after export, submit evidence of export of the agricultural commodities to the Chief, Export Operations Division, KCCO. If export is by sea or air, the Cooperating Sponsor's freight forwarder shall sub-

mit five copies of the carrier's on board bill of lading or consignee's receipt authenticated by a representative of the U.S. Customs Service. The evidence of export must show the kind and quantity of agricultural commodities exported, the date of export, and the destination country.

(c) *Reports.* (1) The Cooperating Sponsor shall submit a semiannual logistics report to the Agricultural Counselor or Attache and to the Director, CCC Program Support Division, FAS/USDA, Washington, DC 20250-1031, covering the receipt of commodities. Cooperating sponsors must submit reports on Form CCC-620 and submit the first report by May 16 for agreements signed during the period, October 1 through March 31, or by November 16 for agreements signed during the period, April 1 through September 30. The first report must cover the time period from the date of signing and subsequent reports must be provided at six months intervals covering the period from the due date of the last report until all commodities have been distributed or sold and such distribution or sale reported to CCC. The report must contain the following data:

(i) Receipts of agricultural commodities including the name of each vessel, discharge port(s) or point(s) of entry, the date discharge was completed, the condition of the commodities on arrival, any significant loss or damage in transit; advice of any claim for, or recovery of, or reduction of freight charges due to loss or damage in transit on U.S. flag vessels;

(ii) Estimated commodity inventory at the end of the reporting period;

(iii) Quantity of commodity on order during the reporting period;

(iv) Status of claims for commodity losses both resolved and unresolved during the reporting period;

(v) Quantity of commodity damaged or declared unfit during the reporting period; and

(vi) Quantity and type of the commodity that has been directly distributed by the Cooperating Sponsor, distribution date, region of distribution, and estimated number of individuals benefiting from the distribution.

(2) If the Program Agreement authorizes the sale or barter of commodities

by the Cooperating Sponsor, the Cooperating Sponsor shall also submit a semiannual monetization report to the Agricultural Counselor or Attache and to the Director, CCC Program Support Division, FAS/USDA, Washington, DC 20250-1031, a monetization report covering the deposits into and disbursements from the special account for the purposes specified in the Program Agreement. Cooperating Sponsors must submit reports on Form CCC-621 and submit the first report by May 16 for agreements signed during the period, October 1 through March 31, or by November 16 for agreements signed during the period, April 1 through September 30. The first report must cover the time period from the date of signing and subsequent reports must be provided at six months intervals covering the period from the due date of the last report until all funds generated from commodity sales have been distributed and such distribution reported to CCC. The report must contain the following information and include both local currency amounts and U.S. dollar equivalents:

- (i) Quantity and type of commodities sold;
- (ii) Proceeds generated from the sale;
- (iii) Proceeds deposited to the special account including the date of deposit;
- (iv) Interest earned on the special account;
- (v) Disbursements from the special account, including date, amount and purpose of the disbursement;
- (vi) Any balance carried forward in the special account from the previous reporting period; and
- (vii) In connection with a section 416(b) Program Agreement only, a description of the effectiveness of sales and barter provisions in facilitating the distribution of commodities and products to targeted recipients, and a description of the extent, if any, that sales, barter or use of commodities:
 - (A) Affected the usual marketings of the United States;
 - (B) Displaced or interfered with commercial sales of the United States;
 - (C) Disrupted world commodity prices or normal patterns of trade with friendly countries;

(D) Discouraged local production and marketing of commodities in the recipient country;

(E) Achieved the objectives of the Program Agreement; and

(F) Could be improved in future agreements.

(3) The Cooperating Sponsor shall furnish the Government of the Exporting Country such additional information and reports relating to the agreement as the Government of the Exporting Country may reasonably request.

§ 1499.17 Audits.

Nongovernmental Cooperating Sponsors shall assure that audits are performed to assure compliance with Program Agreements and the provisions of this part. An audit undertaken in accordance with OMB Circular A-133, shall fulfill the audit requirements of this section. Audits shall be performed at least annually until all commodities have been distributed and sale proceeds expended. Both the auditor and the auditing standards to be used by the Cooperating Sponsor must be acceptable to CCC. The Cooperating Sponsor is also responsible for auditing the activities of recipient agencies that receive more than \$25,000 of provided commodities or sale proceeds. This responsibility may be satisfied by relying upon independent audits of the recipient agency or upon a review conducted by the Cooperating Sponsor.

§ 1499.18 Suspension of the program.

All or any part of the assistance provided under a Program Agreement, including commodities in transit, may be suspended by CCC if:

(a) The Cooperating Sponsor fails to comply with the provisions of the Program Agreement or this part;

(b) CCC determines that the continuation of such assistance is no longer necessary or desirable; or

(c) CCC determines that storage facilities are inadequate to prevent spoilage or waste, or that distribution of commodities will result in substantial disincentive to, or interference with, domestic production or marketing in the recipient country.

§ 1499.19

7 CFR Ch. XIV (1-1-06 Edition)

§ 1499.19 Sample documents and guidelines for developing proposals and reports.

CCC has developed guidelines to assist the Cooperating Sponsors in developing proposals and reporting on program logistics and commodity sales. Cooperating Sponsors may obtain these guidelines from the Director, PDD.

§ 1499.20 Paperwork reduction requirement.

§ 1530.100 General statement.

This part provides regulations for the Refined Sugar Re-Export Program, the Sugar Containing Products Re-Export Program, and the Polyhydric Alcohol Program. Under these provisions, refiners may enter raw sugar unrestricted by the quantitative limit established for the raw sugar tariff-rate quota or the requirements of certificates of quota eligibility provided for in 15 CFR part 2011, as long as licensees under the programs export an equivalent quantity of refined sugar, either as refined sugar or as an ingredient in sugar containing products, or use the refined sugar in the production of certain polyhydric alcohols.

§ 1530.101 Definitions.

Unique number means a tracking number established by a licensee for a transaction (entry, transfer, export, or use). A unique number is established for a transaction to or from a specific country or licensee. The unique number is also assigned by the licensee to a file that contains all of the supporting documentation for the transaction for which it was established. The unique number is the means by which program transactions will be tracked.

§ 1530.102 Nature of the license.

(a) A person who wishes to participate in the Refined Sugar Re-export Program, the Sugar Containing Products Re-export Program, or the Polyhydric Alcohol Program must first obtain a license from the USDA, through the Licensing Authority.

(b) A license under the Refined Sugar Re-export Program permits a refiner to enter raw cane sugar under subheading 1701.11.20 of the HTS, and export an equivalent quantity of refined sugar onto the world market or transfer an equivalent quantity of refined sugar to licensees under the Sugar Containing

Products Re-export Program or the Polyhydric Alcohol Program.

(c) A license under the Sugar Containing Products Re-export Program or Polyhydric Alcohol Program permits licensees to receive transfers and export an equivalent quantity of sugar as an ingredient in sugar containing products, or use an equivalent quantity of sugar in the production of certain polyhydric alcohols.

(d) All refining, manufacturing, and production shall be accomplished in the U.S. Customs Territory, and within time-frames and quantity limitations prescribed in this part. Program sugar and non-program sugar are substitutable.

(e) A licensee must establish a bond or a letter of credit in favor of the U.S. Department of Agriculture to charge program sugar in anticipation of the export or transfer of refined sugar, the export of sugar in sugar containing products, or the production of certain polyhydric alcohols.

§ 1530.103 License eligibility.

(a) A raw cane sugar refiner, a manufacturer of sugar containing products, or a producer of certain polyhydric alcohols, that owns and operates a facility within the U.S. Customs Territory, is eligible for a license to participate in the Refined Sugar Re-export Program, the Sugar Containing Products Re-export Program, or the Polyhydric Alcohol Program, respectively.

(b) No person may apply for or hold more than one license, including a license held by an affiliated person.

(c) Notwithstanding paragraph (b) of this section, a person who owns one or more wholly-owned subsidiary corporations manufacturing sugar containing products or producing certain polyhydric alcohols, which would otherwise qualify for an individual license, is eligible for a consolidated license to cover the program transactions and other program activities of both the parent corporation and the subsidiary corporation(s). The program transactions and other program activities of the subsidiary corporation(s) covered by a consolidated license shall be treated as the activities of the corporation holding the consolidated license.

(d) Notwithstanding paragraph (c) of this section, each wholly-owned subsidiary manufacturing sugar containing products or producing certain polyhydric alcohols may establish a license for program activities instead of the parent corporation establishing a consolidated license. The sum total of license limits for the parent corporation and its wholly-owned subsidiary corporation(s) shall not exceed the quantitative limits established in § 1530.105 of this part.

§ 1530.104 Application for a license.

(a) A person seeking a license shall apply in writing to the Licensing Authority and shall submit the following information:

(1) The name and address of the applicant;

(2) The address at which the applicant will maintain the records required under § 1530.110;

(3) The address(es) of the applicant's processing plant(s), including any wholly-owned subsidiary(s) and plant(s) in the case of a consolidated license, and including those of any co-packer(s);

(4) In the case of a refined sugar product, the polarity of the product and the formula proposed by the refiner for calculating the refined sugar in the product;

(5) In the case of a sugar containing product, the percentage of refined sugar (100 degree polarity), on a dry weight basis, contained in such product(s);

(6) In the case of polyhydric alcohol, the quantity of refined sugar used producing certain polyhydric alcohols; and

(7) A certification explaining that the applicant is not affiliated with any other licensee, or explaining any affiliations, should they exist.

(b) A documentation agreement must be concluded with the Licensing Authority.

(c) If any of the information required by paragraph (a) of this section changes, the licensee shall promptly apply to the Licensing Authority to amend the application to include such changes.

§ 1530.105 Terms and conditions.

(a) A licensed refiner (refiner) shall, not later than 90 days after entering a quantity of raw cane sugar under subheading 1701.11.20 of the HTS, export or transfer an equivalent quantity of refined sugar if the entry results in a positive license balance.

(b) A licensed sugar containing products manufacturer (manufacturer) or a licensed polyhydric alcohol producer (producer) shall, not later than 18 months from the date of transfer of a quantity of refined sugar from a refiner, export an equivalent quantity of refined sugar as an ingredient in a sugar containing product if the transfer results in a positive license balance, or use an equivalent quantity of refined sugar in the production of certain polyhydric alcohols if the transfer results in a positive license balance, respectively.

(c) Notwithstanding paragraphs (a) and (b) of this section, licensees may receive credit for the exportation or transfer of refined sugar, the exportation of a sugar containing product, or the production of certain polyhydric alcohols prior to the corresponding date of entry of raw cane sugar the date of transfer of refined sugar.

(d) Licensees are encouraged to submit monthly program transaction reports, but shall report no later than 90 days from the date of entry, transfer, export, or use.

(e) A refiner may enter raw sugar, or a manufacturer or producer may receive a transfer of refined sugar, in anticipation of the transfer or export of refined sugar (refiner), the export of sugar in sugar containing products (manufacturer) or the production of a polyhydric alcohol (producer) not to exceed the value of a bond or letter of credit, which must be established pursuant to § 1530.107 of this part. The value of a bond or letter of credit shall not exceed the license limits established in this section.

(f) A refiner shall not exceed a license balance of 50,000 metric tons, raw value for the sum of all charges and credits.

(g) A refiner may enter raw sugar from Mexico and re-export, within 30 days of entry, refined sugar to Mexico without a charge against the refiner's

license balance. If the refined sugar is not re-exported to Mexico within 30 days of entry, the license shall be charged the quantity that has not been re-exported.

(h) A manufacturer or a producer shall not exceed a license balance of 10,000 short tons, refined value for the sum of all charges and credits.

(i) A manufacturer's or a producer's consolidated license balance, or the sum of a parent company and wholly-owned subsidiary license balances if held separately, shall not exceed a license balance of 25,000 short tons, refined value for the sum of all charges and credits.

(j) For the purposes of the programs governed by this part, sugar is fully substitutable. The refined sugar transferred, exported, or used does not need to be the same sugar produced by refining raw sugar entered under sub-heading 1701.11.20 of the HTS.

(k) A licensee may use an agent to carry out the requirements of participation in the program. The licensee must retain ownership of and responsibility for the product until exported from the U.S. Customs Territory, to a restricted foreign trade zone, or used in the production of certain polyhydric alcohols, and must establish and maintain sufficient documentation, as agreed in the documentation agreement pursuant to §1530.110, to substantiate export of the product or the production of certain polyhydric alcohols.

(l) A license may be assigned only with the written permission of the Licensing Authority and subject to such terms and conditions as the Licensing Authority may impose.

(m) The Licensing Authority may impose such conditions, limitations or restrictions in connection with the use of a license at such time and in such manner as the Licensing Authority, at his or her discretion, determines to be necessary or appropriate to achieve the purposes of the relevant program.

§ 1530.106 License charges and credits.

(a) A license shall be charged or credited for the quantity of sugar entered, transferred, exported, or used, adjusted to a dry weight basis. Refiner quantities shall be adjusted to raw value, using the formulas set forth in para-

graphs (a) (1), (2), and (3) of this section. Manufacturer and producer quantities shall be adjusted to 100 degrees polarity on a dry weight basis.

(1) To adjust the raw value for sugar with a polarization of less than 92 degrees, divide the total sugar content by 0.972 (polarization × outturn weight/.972).

(2) To adjust the raw value for sugar with polarization of 92 degrees or above, multiply the polarization times 0.0175, subtract 0.68, and multiply the difference by the outturn weight ((polarization × 0.0175)–0.68) × outturn weight).

(3) To determine the quantity of refined sugar that must be transferred or exported to equal a corresponding quantity of entered raw sugar charged to a license, divide the quantity of entered raw sugar by 1.07 (raw quantity/1.07).

(b) [Reserved]

§ 1530.107 Bond or letter of credit requirements

(a) The licensee may charge program sugar in anticipation of the transfer or export of refined sugar, the export of sugar in sugar containing products, or the production of certain polyhydric alcohols, if the licensee establishes a performance bond or a letter of credit with the U.S. Department of Agriculture, which meets the criteria set forth in this section.

(b) The bond or letter of credit may cover entries made either during the period of time specified in the bond (a term bond) or for a specified entry (a single entry bond).

(c) Only the licensee who will refine the sugar, manufacture the sugar containing product, or produce certain polyhydric alcohols may be the principal on the bond or letter of credit covering such sugar to be re-exported or used in the production of certain polyhydric alcohols. The surety or sureties shall be among those listed by the Secretary of the Treasury as acceptable on Federal bonds.

(d) The obligation under the bond or letter of credit shall be made effective no later than the date of entry of the

§ 1530.108

sugar for refiners or the date of transfer of the corresponding sugar for manufacture into a sugar containing product or certain polyhydric alcohols.

(e) The amount of the bond or letter of credit shall be equal to 20 cents per pound of sugar to be entered under the license.

(f) If a licensee fails to qualify for credit to a license within the specified time period of the date of export or use of corresponding sugar in an amount sufficient to offset the charge to the license for that corresponding sugar, payment shall be made to the U.S. Treasury. The payment shall be equal to the difference between the Number 11 contract price and the Number 14 contract price (New York Coffee, Sugar and Cocoa Exchange) in effect on the last market day before the date of entry of the sugar or the last market day before the end of the period during which export or use was required, whichever difference is greater. The difference shall be multiplied by the quantity of refined sugar, converted to raw value, that should have been exported in compliance with this part. If there was not a Number 11, or a Number 14 contract price for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.

§ 1530.108 Revocation or surrender of licenses.

(a) A license may be revoked upon written notice by the Licensing Authority.

(b) A licensee may surrender a license when the sum of all credits is equal to or greater than the sum of all charges.

§ 1530.109 Reporting.

(a) A licensee may submit as often as monthly for charges and credits against a license balance, but must submit at least a quarterly report to the Licensing Authority not later than 90 days after the earliest transaction in the report for which credits or charges are being submitted. The licensee need not report when there have not been transactions during the reporting period.

(b) Reports may be submitted by e-mail, U.S. mail, private courier, or in

7 CFR Ch. XV (1-1-06 Edition)

person, but must be in an integrated database format acceptable to the Licensing Authority. A copy of this format may be obtained from the Licensing Authority. Applicants unable to submit a report in the specified electronic format may seek a temporary waiver to permit them to submit the report on paper.

(c) The reports must include the following for all program transactions:

(1) A unique number associated with the transaction;

(2) The date of the entry, transfer (only a refiner shall report transfers to the Licensing Authority), export, or use;

(3) The quantity of program sugar entered, transferred, exported as refined sugar, or used in the production of certain polyhydric alcohols;

(4) The licensee's license number, or if a transfer is being reported, the licensee's license number as well as the transfer recipient's license number;

(5) The country of origin (entry of raw sugar) or final destination (refined exports), using the exact country code designated in the HTS; and

(6) The initial and final polarization, and final weight (when available) for entries of raw sugar.

(d) Licensees have an affirmative and continuing duty to maintain the accuracy of the information contained in previously submitted reports.

(1) The licensee shall immediately notify the Licensing Authority and promptly request that previously claimed credits be charged back upon discovery that previously claimed exports of refined sugar, refined sugar in sugar containing products, or refined sugar used in the production of polyhydric alcohol were re-entered into the U.S. Customs Territory without substantial transformation, not used in the production of certain polyhydric alcohols, made under a false underlying proof of export, or made but previously submitted exports do not otherwise satisfy the requirements of regulations or the documentation agreement.

(2) Charge backs shall be as of the date of the erroneously claimed credit.

Foreign Agricultural Service, USDA

§ 1530.112

§ 1530.110 Records, certification, and documentation.

(a) A licensee shall establish a documentation agreement with the Licensing Authority before submitting for credit against a license. The licensee shall propose to the Licensing Authority a list of documents to substantiate entries, transfers, exports, or use as appropriate. The Licensing Authority shall consider the licensee's proposal to assure that it provides that a program transaction is fully substantiated, and shall then respond in writing to the licensee in a timely fashion outlining any deficiencies. Once agreed, the licensee shall submit a notarized letter specifying the documents to be maintained on file and certifying that the charges and credits made pursuant to § 1530.106 will be kept on file, identifiable by a unique number, and available for inspection pursuant to § 1530.110.

(b) For all transactions, the documentation shall:

(1) Substantiate the information required in § 1530.109 (c), and the completion of the reported transaction;

(2) Establish the buyer and seller specifications for a transaction;

(3) Include all U.S. Customs forms submitted in the entry or export process;

(4) Provide the correct telephone numbers and addresses of any agents, consignees, foreign purchasers, and non-vessel operating common carriers used in completing the transaction;

(5) Indicate the port of entry or export for the program transaction;

(6) Provide the percentage of sugar in a sugar containing product or certain polyhydric alcohols; and

(7) Provide the name of export carrier, vessel name, and container number.

(c) The licensee shall maintain the documentation established in the documentation agreement for 5 years from the date of such program transaction.

(d) Upon request, the licensee shall make the records, outlined by the documentation agreement and identified (associated) by the unique number assigned by the licensee to the program transaction as reported to the Licensing Authority for posting against a license balance, available for inspection and copying by the Licensing Author-

ity, the Compliance Review Staff of the Foreign Agricultural Service, and/or the Office of the Inspector General, USDA, the U.S. Department of Justice, or any U.S. Government regulatory or investigative office.

§ 1530.111 Enforcement and penalties.

(a) The Licensing Authority may revoke credits granted on a license if the credits granted do not meet the requirements set forth in the regulations of this part, or if the licensee does not voluntarily charge back credits erroneously claimed in accordance with these regulations. The Licensing Authority may also recommend revocation of a license, if the licensee has been in violation of § 1530.109 (c) of this part.

(b) The Administrator of the Foreign Agricultural Service, USDA, may suspend or revoke a license upon recommendation of the Licensing Authority. Suspension of a license will be governed by 7 CFR part 3017, subpart D and debarment will be governed by 7 CFR part 3017, subpart C.

§ 1530.112 Administrative appeals.

(a) The licensee may appeal the Licensing Authority's determination by filing a written notice of appeal, signed by the licensee or the licensee's agent, with the Director, Import Policies and Programs Division, Foreign Agricultural Service (Director), or his or her designee. The decision on such an appeal shall be made by the Director, and will be governed by § 3017.515 of this title. The appeal must be filed not later than 30 days after the date of the Licensing Authority's determination, and shall contain the licensee's written argument.

(b) The licensee may request an informal hearing. The Director shall arrange a place and time for the hearing, except that it shall be held within 30 days of the filing date of the notice of appeal if the licensee so requests.

(c) The licensee may be represented by counsel, and shall have full opportunity to present any relevant evidence, documentary or testimonial. The Director may permit other individuals to present evidence at the hearing and the licensee shall have an opportunity to question those witnesses.

§ 1530.113

(d) The licensee may request a verbatim transcript of the hearing, and shall be responsible for arranging for a professional reporter and shall pay all attendant expenses.

(e) The Director shall make the determination on appeal, and may affirm, reverse, modify or remand the Licensing Authority's determination. The Director shall notify the licensee in writing of the determination on appeal and of the basis thereof. The determination on appeal exhausts the licensee's administrative remedies.

§ 1530.113 Waivers.

Upon written application of the licensee or at the discretion of the Licensing Authority, and for good cause, the Licensing Authority may extend the period for transfer, export, or production, and/or may temporarily increase a maximum license limit, may extend the period for submitting regularly scheduled reports, or may temporarily waive or modify any other requirement imposed by this part if the Licensing Authority determines that such a waiver will not undermine the purpose of the relevant program or adversely affect domestic sugar policy objectives. The Licensing Authority may specify additional requirements or procedures in place of the requirements or procedures waived or modified.

§ 1530.114 Implementation.

Current program participants may qualify under this rule upon concluding a documentation agreement with the Licensing Authority, but must conclude a documentation agreement within 24 months of the effective date of this rule. Participant license balances, as of the effective date of this rule, shall continue under this rule.

Subpart A—Sunflowerseed Oil Assistance Program and Cottonseed Oil Assistance Program Criteria

- Sec.
- 1570.10 General statement.
- 1570.20 Criteria.

Subpart B—SOAP and COAP Drawback Certification

- 1570.1100 Drawback certification.

SOURCE: 56 FR 42223, Aug. 27, 1991, unless otherwise noted.

Subpart A—Sunflowerseed Oil Assistance Program and Cottonseed Oil Assistance Program Criteria

AUTHORITY: 7 U.S.C. 5663.

§ 1570.10 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Sunflowerseed Oil Assistance Program (SOAP) and Cottonseed Oil Assistance Program (COAP) administered by the Foreign Agricultural Service (FAS). These criteria are interrelated and will be considered together in order to select eligible countries for SOAP and COAP initiatives which will best meet the programs' objective. The objective of the programs is to encourage the sale of additional quantities of sunflowerseed oil and cottonseed oil in world markets at competitive prices. Under the SOAP and the COAP, bonuses are made available by FAS to enable exporters to meet prevailing world prices for sunflowerseed oil and cottonseed oil in targeted destinations. In the operation of the SOAP and the COAP, FAS will make reasonable efforts to avoid the displacement of usual marketings of U.S. agricultural commodities.

§ 1570.20 Criteria.

The criteria considered by FAS in reviewing proposals for SOAP and COAP initiatives will include, but not be limited to, the following:

(a) The expected contribution which initiatives will make toward realizing U.S. agricultural export goals and, in particular, in developing, expanding, or maintaining markets for U.S. sunflowerseed and/or cottonseed oil;

(b) The subsidy requirements of proposed initiatives in relation to the sums made available to operate the programs in any given fiscal year; and

(c) The likelihood that sales facilitated by initiatives would have the unintended effect of displacing normal commercial sales of sunflowerseed and/or cottonseed oil.

Subpart B—SOAP and COAP Drawback Certification

AUTHORITY: 7 U.S.C. 5676.

§ 1570.1100 Drawback certification.

An offer submitted by an exporter to FAS for an export bonus under the SOAP or the COAP must contain, in addition to any other information required by FAS, a certification stating the following: "None of the eligible commodity (sunflowerseed oil and/or cottonseed oil) has been or will be used as the basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) of any duty, tax, or fee imposed under Federal law on an imported commodity or product." This certification must be signed by the exporter, if the exporter is an individual, or by a partner or officer of the exporter, if the exporter is a partnership or a corporation, respectively. FAS will reject any offer that does not contain the prescribed certification.

§ 1580.101 General statement.

If the Administrator determines that the national average price for a commodity is less than 80 percent of the preceding 5-year average and that an increase in imports has contributed importantly to the decline in commodity prices, the producers may apply for technical assistance and cash benefits under the program.

§ 1580.201 Petitions for trade adjustment assistance.

(a) A group of agricultural commodity producers or qualified fishermen in the United States or their authorized representative may file a petition for trade adjustment assistance.

(b) Filings may be written or electronic, as provided for by the Administrator, and submitted to FAS from August 15 through January 31. Petitions received after January 31 will be returned to the sender. If January 31 falls on a weekend, the petition will be accepted the next business day.

(c) Petitions shall include the following information.

(1) Name, business address, phone number, and email address (if available) of each producer in the group, or their authorized representative. A petition filed by a group shall identify a contact person for the group.

(2) The agricultural commodity and its Harmonized Tariff Schedule of the United States (HTS) number.

(3) The production area represented by the group or its authorized representative. The petitioners shall indicate if they are filing on behalf of all producers in the United States, or if they are filing solely on behalf of all producers in a specifically identified impacted area. In the latter case, at least one member of the group must reside in each State within the impacted area, or the authorized representative must have members residing in each State within the impacted area.

(4) The beginning and ending dates for the marketing year during which domestic prices were affected by imports. A petition may be filed for only the most recent marketing year for which national average prices are available.

(5) A justification statement explaining why the petitioners should be considered eligible for adjustment assistance.

(6) Price data supporting the petition.

(i) If the petition is filed on behalf of all producers of the agricultural commodity in the United States, the Administrator shall use national average prices compiled by the National Agricultural Statistics Service (NASS), whenever possible. If NASS has not compiled price data for the commodity, the petitioners shall provide national average prices for the marketing year under review and for the previous five marketing years, and identify the source of the price series.

(ii) If the petition is filed on behalf of producers in a specifically identified impacted area, the petitioners shall provide national average prices for the impacted area for the marketing year under review and for the previous five marketing years, and identify the source of the price series.

(iii) The Administrator may request petitioners to provide records to support their national average price data.

(d) Once the petition is received, the Administrator shall determine if it meets the requirements of § 1580.201(c), and if so, publish notice in the FEDERAL REGISTER that a petition has been filed and that an investigation has

§ 1580.202

7 CFR Ch. XV (1-1-06 Edition)

begun. The notice shall identify the agricultural commodity, including any like or directly competitive commodities, the marketing year being investigated, the price series being used, and the production area covered by the petition. The notice may also announce the scheduling of a public hearing, if requested by the petitioners. If the petition does not meet the requirements of §1580.201(c), the Administrator shall notify as soon as possible the contact person for the group or the authorized representative of the deficiencies.

§ 1580.202 Hearings, petition reviews, and amendments.

(a) If the petitioner, or any other person(s) found by the Administrator to have a substantial interest in the proceedings, submits not later than 10 days after the filing date a request in writing for a hearing, the Administrator shall provide for a public hearing and afford such interested person an opportunity to be present, to produce evidence, and to be heard.

(b) If the petitioner, or any other person(s) having an interest in the proceedings takes issue with any of the information published in the FEDERAL REGISTER concerning the petition, they may submit to the Administrator their comments in writing or electronically for consideration by the Administrator not later than 10 days after the filing date.

(c) A producer residing outside the impacted area identified in a petition may file to become a party to the petition by fulfilling the requirements of §1580.201(c) within 10 days of the filing date. The Administrator may amend the original petition to expand the impacted area and include the additional filer, or consider it a separate filing.

(d) The Administrator shall publish in the FEDERAL REGISTER as soon as possible any changes to the original notice resulting from any actions taken under this section.

§ 1580.203 Determination of eligibility and certification by the Administrator.

(a) As soon as practicable after the filing date, but in any event not later than 40 days after that date, the Administrator shall determine whether

the petitioners satisfy the following conditions for adjustment assistance.

(1) The national average price for the agricultural commodity for the marketing year under review is less than 80 percent of the average of the national average prices for the 5 marketing years preceding the most recent marketing year, and

(2) Increases in imports of articles like or directly competitive with the agricultural commodity contributed importantly to the decline in price described in paragraph (a)(1) of this section.

(b) If the Administrator determines that the above conditions have been satisfied, the producers covered by the petition shall be certified as eligible for adjustment assistance.

(c) Upon making a determination, whether affirmative or negative, the Administrator shall promptly publish in the FEDERAL REGISTER a summary of the determination, together with the reasons for making the determination.

(d) In addition, the Administrator shall notify producers covered by a certification how to apply for adjustment assistance. Notification methods may include direct mailings to known producers, messages to directly affected producer groups and organizations, electronic communications, internet web site notices, and use of broadcast and print media.

(e) Whenever a group of agricultural producers is certified as eligible for assistance, the Administrator shall use the occasion to notify and inform other producers about the Trade Adjustment Assistance Program and how they may petition for adjustment assistance.

(vii) Method of educating consumers as to the source of the provided commodities and, where appropriate, preparation and use of the commodity; and

(viii) Criteria for measuring progress towards achieving the objectives of activities and evaluating program outcome, including health, nutrition and education.

(5) Use of funds or goods and services generated: If the activity involves the use of sale proceeds, the receipt of goods or services from the barter of commodities, or the use of program income, the cooperating sponsor shall provide the following information:

(i) The quantity and type of commodities to be sold or bartered;

(ii) Extent to which any sale or barter of the agricultural commodities provided would displace or interfere with any sales that may otherwise be made;

(iii) The amount of sale proceeds anticipated to be generated from the sale, the value of the goods or services anticipated to be generated from the barter of the agricultural commodities provided, or the amount of program income expected to be generated;

(iv) The steps taken to use, to the extent possible, the private sector in the process of selling commodities;

(v) The specific uses of sale proceeds or program income and a timetable for their expenditure; and

(vi) Procedures for assuring the receipt and deposit of sale proceeds and program income into a separate special account and procedures for the disbursement of the proceeds and program income from such special account.

(6) Distribution methods: (i) A description of the transportation and storage system which will be used to

move the agricultural commodities from the receiving port to the point at which distribution is made to the recipient;

(ii) A description of any reprocessing or repackaging of the commodities that will take place; and

(iii) A logistics plan that demonstrates the adequacy of port, transportation, storage, and warehouse facilities to handle the flow of commodities to recipients without undue spoilage or waste.

(7) Duty free entry: Documentation indicating that any commodities to be distributed to recipients, rather than sold, will be imported and distributed free from all customs, duties, tolls, and taxes.

(8) Economic impact: Information indicating that the commodities can be imported and distributed without a disruptive impact upon production, prices and marketing of the same or like products within the importing country.

(d) Budget proposals shall include funds requested, from either cash or monetization resources, to fund administrative, ITSH, technical and financial assistance costs. Budget proposals shall be submitted in a spreadsheet format.

(e) After submission and approval by FAS, a Program Agreement will be developed. The Program Agreement, which will incorporate the terms and conditions set forth in this part, the commodities provided by FAS, and any packaging, will meet the specifications set forth in such Program Agreement. A Program Agreement may contain special terms or conditions, in addition to or in lieu of, the terms and conditions set forth in the regulations in this part when FAS determines that such special terms or conditions are necessary to effectively carry out the particular Program Agreement. The Plan of Operation, Budget Proposal, and Commodity specifications will be incorporated into the Program Agreement as Attachments.

§ 1599.5 When is a usual marketing requirement included?

(a) A foreign government Cooperating Sponsor shall provide to the Director, PPDED, data showing commercial and non-commercial imports of the

Foreign Agricultural Service, USDA

§ 1599.6

types of agricultural commodities requested during the prior five years, by country of origin, and an estimate of imports of such commodities during the current year.

(b) FAS may require that a Program Agreement with a foreign government include a "usual marketing requirement" that establishes a specific level of imports for a specified period. The Program Agreement may also include a prohibition on the export of provided commodities, as well as of other similar commodities specified in the Program Agreement.

§ 1599.6 How are costs and advances apportioned?

(a) FAS will bear the costs of the packaging, enrichment, preservation, and fortification of agricultural commodities, and the processing, transportation, handling and other incidental charges incurred in delivering commodities to Cooperating Sponsors. FAS will deliver bulk grain shipments f.o.b. vessel, and shipments of all other commodities f.a.s. vessel or intermodal points. FAS will choose the point of delivery based on lowest cost to FAS.

(b) When the Associate Administrator approves in advance and in writing, FAS may agree to bear all or a portion of reasonable costs associated with:

(1) Transportation from U.S. ports to designated ports or points of entry abroad;

(2) Maritime survey costs;

(3) Transportation from designated ports or points of entry abroad to designated storage and distribution sites, and reasonable storage and distribution costs if the recipient country is a low income, net food-importing country that:

(i) Meets the poverty criteria established by the International Bank for Reconstruction and Development for Civil Works Preference; and

(ii) Has a national government that is committed to or is working toward, through a national action plan, the goals of the World Declaration on Education for All and the Dakar Framework for Action of the World Education Forum; and

(4) The costs of a nongovernmental Cooperating Sponsor:

(i) In the recipient country that enhance the effectiveness of the activities including packaging, enrichment, preservation and fortification of agricultural commodities; and

(ii) For administrative or monitoring expenses specified in the program agreement.

(5) The administrative expenses of any Federal agency implementing or assisting in the implementation of the McGovern-Dole International Food for Education and Child Nutrition Program, including the administrative costs of the Food and Nutrition Service to provide technical advice on the establishment and implementation of programs, including providing field expertise in recipient countries.

(c) FAS will not pay any costs incurred by the Cooperating Sponsor prior to the date of the Program Agreement.

(d) Except as provided in paragraph (b) of this section, the Cooperating Sponsor shall ordinarily bear all costs incurred subsequent to FAS' delivery of commodities at U.S. ports or intermodal points.

(e) A Cooperating Sponsor seeking agreement by FAS to bear the storage and distribution costs identified in paragraph (b)(3) of this section or the costs identified in paragraph (b)(4) of this section shall submit to the Director, PPDED, a Program Operation Budget detailing such costs. If approved, the Program Operation Budget shall become part of the Program Agreement. The non-governmental Cooperating Sponsor may make adjustments between line items of an approved Program Operation Budget up to 10 percent of the total amount of the budget as last approved without any further approval. Adjustments beyond these limits must be specifically approved by the Director, PPDED.

(f) The Cooperating Sponsor may request advance of up to 100 percent of the amount of an approved Program Operating Budget if FAS determines that the Cooperating Sponsor's financial management system meets the requirements of 7 CFR 3019.21. However, FAS will not approve any request for an advance received earlier than 60

§ 1599.7

7 CFR Ch. XV (1-1-06 Edition)

days after the date of a previous advance made in connection with the same Program Agreement.

(g) Funds advanced shall be deposited in an interest bearing account until expended. Interest earned on advance of funds must be returned to FAS.

(h) The Cooperating Sponsor shall return to FAS any funds not obligated as of the 180th day after being advanced, together with interest earned on such unexpended funds. Funds and interest shall be returned within 30 days of such date.

(i) The Cooperating Sponsor shall, not later than 10 days after the end of each calendar quarter, submit a financial statement to the Director, PPDED, accounting for all funds advanced and all interest earned.

(j) FAS will pay all other costs for which it is obligated under the Program Agreement by reimbursement. However, FAS will not pay any cost incurred after the final date specified in the Program Agreement.

(k) Program income may be used to further eligible activity objectives.

§ 1599.7 What procedures apply to procuring ocean transportation?

(a) *Cargo preference.* Shipments of commodities are subject to the requirements of sections 901(b) and 901b of the Merchant Marine Act, 1936, regarding carriage on U.S.-flag vessels. A Cooperating Sponsor shall comply with the instructions of FAS regarding the quantity of commodities that must be carried on U.S. flag vessels.

(b) *Freight procurement requirements.* When FAS is financing any portion of the ocean freight, whether on U.S. flag or non-U.S. flag vessels, and the Cooperating Sponsor arranges ocean transportation:

(1) The Cooperating Sponsor shall arrange ocean transportation through competitive bidding and shall obtain approval of all invitations for bids from the Director, CCC-OD.

(2) Invitations for bids shall be posted on FAS' Web site and a commercially available news wire service.

(3) Freight invitations for bids shall include specified procedures for payment of freight, including the party responsible for the freight payments, and expressly require that:

(i) Offers include a contract canceling date no later than the last contract layday specified in the invitation for bids;

(ii) Offered rates be quoted in U.S. dollars per metric ton;

(iii) If destination bagging or transportation to a point beyond the discharge port is required, the offer separately state the total rate and the portion thereof attributable to the ocean segment of the movement;

(iv) Any non-liner U.S. flag vessel 15 years or older offer, in addition to any other offered rate, a one-way rate applicable in the event the vessel is scrapped or transferred to foreign flag registry prior to the end of the return voyage to the United States;

(v) In the case of packaged commodities, U.S. flag carriers specify whether delivery will be direct breakbulk shipment, container shipment, or breakbulk transshipment and identify whether transshipment (including container relays) will be via U.S. or foreign flag vessel;

(vi) Vessels offered subject to Maritime Administration approval will not be accepted; and

(vii) Offers be received by a specified closing time, which must be the same for both U.S. and non-U.S. flag vessels.

(4) In the case of shipments of bulk commodities and non-liner shipments of packaged commodities, the Cooperating Sponsor shall open offers in public in the United States at the time and place specified in the invitation for bids and consider only offers that are responsive to the invitation for bids without negotiation. Late offers shall not be considered or accepted.

(5) All responsive offers received for both U.S. flag and foreign flag service shall be presented to KCCO which will determine the extent to which U.S.-flag vessels will be used.

(6) The Cooperating Sponsor shall promptly furnish the Director, CCC-OD, or other official specified in the Program Agreement, copies of all offers received with the time of receipt indicated thereon. The Director, CCC-OD, or other official specified in the Program Agreement, will approve all

vessel fixtures. The Cooperating Sponsor may fix vessels subject to the required approval; however, the Cooperating Sponsor shall not confirm a vessel fixture until advised of the required approval and the results of the Maritime Administration's guideline rate review. The Cooperating Sponsor shall not request guideline rate advice from the Maritime Administration.

(7) Non-Vessel Operating Common Carriers may not be employed to carry shipments on either U.S. or foreign-flag vessels.

(8) The Cooperating Sponsor shall promptly furnish the Director CCC-OD, a copy of the signed laytime statement and statement of facts at the discharge port.

(c) *Shipping agents.* (1) The Cooperating Sponsor may appoint a shipping agent to assist in the procurement of ocean transportation. The Cooperating Sponsor shall nominate the shipping agent in writing to the Deputy Administrator, Room 4077-S, Foreign Agricultural Service, U.S. Department of Agriculture, Washington, DC 20250-1031, and include a copy of the proposed agency agreement. The Cooperating Sponsor shall specify the time period of the nomination.

(2) The shipping agent so nominated shall submit the information and certifications required by 7 CFR 17.4 to the Deputy Administrator.

(3) A person may not act as a shipping agent for a Cooperating Sponsor unless the Deputy Administrator has notified the Cooperating Sponsor in writing that the nomination is accepted.

(d) *Commissions.* (1) When any portion of the ocean freight is paid by FAS, total commissions earned on U.S. and foreign flag bookings by all parties arranging vessel fixtures, shall not exceed 2½ percent of the total freight costs.

(2) Address commissions are prohibited.

(e) *Contract terms.* When FAS is paying any portion of the ocean freight, charter parties and liner booking contracts must conform to the following requirements, as applicable:

(1) Packaged commodities on liner vessels shall be shipped on the basis of

full berth terms with no demurrage or despatch;

(2) Shipments of bulk liquid commodities may be contracted in accordance with trade custom. Other bulk commodities, including shipments that require bagging or stacking for the account of the vessel, shall be shipped on the basis of vessel load, free out, with demurrage and despatch applicable at load and discharge ports; except that, if bulk commodities require further inland distribution, they shall be shipped on the basis of vessel load with demurrage and despatch at load and berth terms discharge, *i.e.*, no demurrage, despatch, or detention at discharge. Demurrage and despatch shall be settled between the ocean carrier and commodity suppliers at load port and between the ocean carrier and charterers at discharge ports. FAS is not responsible for resolving disputes involving the calculation of laytime or the payment of demurrage or despatch.

(3) If the Program Agreement requires the Cooperating Sponsor to arrange an irrevocable letter of credit for ocean freight, the Cooperating Sponsor shall be liable for detention of the vessel for loading delays attributable solely to the decision of the ocean carrier not to commence loading because of the failure of the Cooperating Sponsor to establish such letter of credit. Charter parties and liner booking contracts may not contain a specified detention rate. The ocean carrier shall be entitled to reimbursement, as damages for detention for all time so lost, for each calendar day or any part of the calendar day, including Saturdays, Sundays and holidays. The period of such delay shall not commence earlier than upon presentation of the vessel at the designated loading port within the laydays specified in the charter party or liner booking contract, and upon notification of the vessel's readiness to load in accordance with the terms of the applicable charter party or liner booking contract. The period of such delay shall end at the time that operable irrevocable letters of credit have been established for ocean freight or the time the vessel begins loading, whichever is earlier. Time calculated as detention shall not count as

laytime. Reimbursement for such detention shall be payable no later than upon the vessel's arrival at the first port of discharge.

(4) Charges including, but not limited to charges for inspection, fumigation, and carrying charges, attributable to the failure of the vessel to present before the canceling date will be for the account of the ocean carrier.

(5) 100% of ocean freight is earned and payable under a charter party when the vessel and cargo arrive at the first port of discharge. Provided, That if a force majeure prevents the vessel's arrival at the first port of discharge, 100% of the ocean freight is payable, and provided further, that if the charter party provides for completing additional requirements after discharge such as bagging, stacking, or inland transportation, not more than 85% of the ocean freight is earned and payable at the time the Associate Administrator determines that such force majeure was the cause of nonarrival; and

(6) When the ocean carrier offers delivery to destination ports on U.S.-flag vessels, but foreign-flag vessels are used for any part of the voyage to the destination port without first obtaining the approval of the Cooperating Sponsor, KCCO, and any other approval that may be required by the Program Agreement, the ocean freight rate will be reduced to the lowest responsive foreign-flag vessel rate offered in response to the same invitation for bids and the carrier agrees to pay FAS the difference between the contracted ocean freight rate and the freight rate offered by such foreign-flag vessel.

(f) *Coordination between FAS and the Cooperating Sponsor.* When a Program Agreement specifies that the Cooperating Sponsor will arrange ocean transportation:

(1) FAS will provide that KCCO furnishes the Cooperating Sponsor, or its agent, a Notice of Commodity Availability (Form FAS-512) which will specify the receiving country, commodity, quantity, and date at U.S. port or intermodal delivery point.

(2) The Cooperating Sponsor shall complete the Form FAS-512 indicating name of steamship company, vessel name, vessel flag and estimated time of

arrival at U.S. port; and shall sign and return the completed form to KCCO, with a copy to the Director, CCC-OD. If FAS agrees to pay any part of the ocean transportation for liner cargoes, the Cooperating Sponsor shall also indicate on the Form FAS-512 the applicable Federal Maritime Commission tariff rate, and tariff identification.

(3) FAS will arrange for KCCO to issue instructions to have the commodity delivered f.a.s. or f.o.b. vessel, U.S. port of export or intermodal delivery point, consigned to the Cooperating Sponsor.

(g) *Documents required for payment of freight—(1) General rule.* To receive payment for ocean freight, the Cooperating Sponsor shall submit the following documents to the Director, CCC-OD:

(i) One signed copy of completed Form FAS-512;

(ii) Four copies of the original on-board bills of lading indicating the freight rate and signed by the originating carrier;

(iii) For all non-containerized grain cargoes,

(A) One signed copy of the Federal Grain Inspection Service (FGIS) Official Stowage Examination Certificate (Vessel Hold Certificate);

(B) One signed copy of the National Cargo Bureau Certificate of Readiness (Vessel Hold Inspection Certificate); and

(C) One signed copy of the National Cargo Bureau Certificate of Loading;

(iv) For all containerized grain and grain product cargoes, one copy of the FGIS Container Condition Inspection Certificate;

(v) One signed copy of liner booking note or charter party covering ocean transportation of cargo;

(vi) For charter shipments, a signed notice of arrival at first discharge port submitted by the Cooperating Sponsor;

(vii) For all liner cargoes, a copy of the tariff page;

(viii) Four copies of either:

(A) A request by the Cooperating Sponsor for reimbursement of ocean freight or ocean freight differential indicating the amount due, and accompanied by a certification from the ocean carrier that payment has been

Foreign Agricultural Service, USDA

§ 1599.9

received from the Cooperating Sponsor; or

(B) A request for direct payment to the ocean carrier, indicating amount due; or

(C) A request for direct payment of ocean freight differential to the ocean carrier accompanied by a certification from the carrier that payment of the Cooperating Sponsor's portion of the ocean freight has been received.

(ix) Each request to FAS for payment must provide a document, on letterhead and signed by an official or agent of the requester, the name of the entity to receive payment, the bank ABA number to which payment is to be made; the account number for the deposit at the bank; the requester's taxpayer identification number; and the type of the account into which funds will be deposited.

(2) *In cases of force majeure.* To receive payment in cases where the Associate Administrator determines that circumstances of force majeure have prevented the vessel's arrival at the first port of discharge, the Cooperating Sponsor shall submit all documents required by paragraph (g)(1) of this section except for the notice of arrival required by paragraph (g)(1)(vi) of this section.

(h) *FAS payment of ocean freight or ocean freight differential—(1) General rule.* FAS will pay, not later than 30 days after receipt in good order of the required documentation, 100 percent of either the ocean freight or the ocean freight differential, whichever is specified in the Program Agreement.

(2) *Additional requirements after discharge.* Where the charter party or liner booking note provide for the completion of additional services after discharge, such as bagging, stacking or inland transportation, FAS will pay, not later than 30 days after receipt in good order of the required documentation, either not more than 85 percent of the total freight charges or 100 percent of the ocean freight differential, whichever is specified in the Program Agreement. FAS will pay the remaining balance, if any, of the freight charges not later than 30 days after receipt of notification from the Cooperating Sponsor that such additional services have been provided; except that FAS will not pay

any remaining balance where the Associate Administrator determines that the vessel's arrival at first port of discharge was prevented by force majeure.

(3) *No demurrage.* FAS will not pay demurrage.

§ 1599.8 Who arranges for entry and handling in the foreign country?

(a) The Cooperating Sponsor shall make all necessary arrangements for receiving the commodities in the recipient country, including obtaining appropriate approvals for entry and transit. The Cooperating Sponsor shall store and maintain the commodities from time of delivery at port of entry or point of receipt from originating carrier in good condition until their distribution, sale or barter.

(b) When FAS has agreed to pay costs of transporting, storing, and distributing commodities from designated points of entry or ports of entry, the Cooperating Sponsor shall arrange for such services, by through bill of lading, or by contracting directly with suppliers of services, as FAS may approve. If the Cooperating Sponsor contracts directly with the suppliers of such services, the Cooperating Sponsor may seek reimbursement by submitting documentation to FAS indicating actual costs incurred. All supporting documentation must be sent to the Director, CCC-OD. FAS, at its option, will reimburse the Cooperating Sponsor for the cost of such services in U.S. dollars at the exchange rate in effect on the date of payment by FAS, or in foreign currency.

§ 1599.9 What are the restrictions on commodity use and distribution?

(a) The Cooperating Sponsor may use the commodities provided only in accordance with the terms of the Program Agreement.

(b) In the event that its participation in the program terminates, the non-governmental Cooperating Sponsor will safeguard any undistributed commodities and sales proceeds and dispose of such commodities and proceeds as directed by FAS.

§ 1599.10 Are there special requirements for agreements between Cooperating Sponsor and Recipient Agencies?

(a) The Cooperating Sponsor shall enter into a written agreement with a recipient agency prior to the transfer of any commodities, sale proceeds or program income to the recipient agency. Copies of such agreements shall be provided to the Agricultural Counselor or Attache, and the Director, PPDED. Such agreements shall require the recipient agency to pay the Cooperating Sponsor the value of any commodities, sale proceeds or program income that are used for purposes not expressly permitted under the Program Agreement, or that are lost, damaged, or misused as a result of the recipient agency's failure to exercise reasonable care;

(b) FAS may waive the requirements of paragraph (a) of this section where it determines that such an agreement is not feasible or appropriate.

§ 1599.11 What procedures apply to sales and barter of commodities provided and the use of proceeds?

(a) Commodities may be sold or bartered without the prior approval of FAS where damage has rendered the commodities unfit for intended program purposes and sale or barter is necessary to mitigate loss of value.

(b) A Cooperating Sponsor may, but is not required to, negotiate an agreement with the host government under which the commodities imported for a sale or barter may be imported, sold, or bartered without assessment of duties or taxes. In such cases and where the commodities are sold, they shall be sold at prices reflecting prevailing local market value.

(c) The Cooperating Sponsor shall deposit all sale proceeds into an interest-bearing account unless prohibited by the laws or customs of the importing country or FAS determines that to do so would constitute an undue burden. Interest earned on such deposits shall only be used for approved activities.

(d) Except as otherwise provided in this part, the Cooperating Sponsor may use sale proceeds and resulting interest only for those purposes approved in the applicable Plan of Operation.

(e) FAS will approve the use of sale proceeds and interest to purchase real and personal property where local law permits the Cooperating Sponsor to retain title to such property, but will not approve the use of sale proceeds or interest to pay for the acquisition, development, construction, alteration or upgrade of real property that is:

(1) Owned or managed by a church or other organization engaged exclusively in religious activity, or

(2) Used in whole or in part for sectarian purposes; except that, a Cooperating Sponsor may use such sale proceeds or interest to pay for repairs or rehabilitation of a structure located on such real property to the extent necessary to avoid spoilage or loss of provided commodities but only if such structure is not used in whole or in part for any religious or sectarian purposes while the provided commodities are stored in such structure. When not approved in the Plan of Operation, such use may be approved by the Agricultural Counselor or Attache.

(f) The Cooperating Sponsor shall follow commercially reasonable practices in procuring goods and services and when engaging in construction activity in accordance with the approved Plan of Operation. Such practices shall include procedures to prevent fraud, self-dealing and conflicts of interest, and shall foster free and open competition to the maximum extent practicable.

(g) To the extent required by the Program Agreement, the Cooperating Sponsor shall submit to the Director, PPDED, an inventory of all assets acquired with sale proceeds or interest or program income. In the event that its participation in the program terminates, the Cooperating Sponsor shall dispose, at the direction of the Director, PPDED, of any property, real or personal, so acquired.

§ 1599.12 What procedures apply to the processing, packaging and labeling of commodities in the foreign country?

(a) Cooperating Sponsors may arrange for the processing of commodities provided under the Program Agreement, or for packaging or repackaging prior to distribution. When a third party provides such processing,

packaging or repackaging, the Cooperating Sponsor shall enter into a written agreement requiring that the provider of such services maintain adequate records to account for all commodities delivered and submit periodic reports to the Cooperating Sponsor. The Cooperating Sponsor shall submit a copy of the executed agreement to the Agricultural Counselor or Attache.

(b) If, prior to distribution, the Cooperating Sponsor arranges for packaging or repackaging commodities, the packaging shall be plainly labeled in the language of the country in which the commodities are to be distributed with the name of the commodity and, except where the commodities are to be sold or bartered after processing, packaging or repackaging, to indicate that the commodity is furnished by the people of the United States of America and not to be sold or exchanged. If the commodities are not packaged, the Cooperating Sponsor shall, to the extent practicable, display banners, posters or other media containing the information prescribed in this paragraph.

(c) FAS will reimburse Cooperating Sponsors that are nonprofit private voluntary organizations or cooperatives for expenses incurred for repackaging if the packages of commodities are discharged from the vessel in damaged condition, and are repackaged to ensure that the commodities arrive at the distribution point in wholesome condition. No prior approval is required for such expenses equaling \$500 or less. If such expense is estimated to exceed \$500, the authority to repackage and incur such expense must be approved by the Agricultural Counselor or Attache in advance of repackaging.

§1599.13 How does the Cooperating Sponsor dispose of commodities unfit for authorized use?

(a) *Prior to delivery to Cooperating Sponsor at discharge port or point of entry.* If the commodity is damaged prior to delivery to a governmental Cooperating Sponsor at discharge port or point of entry overseas, the Agricultural Counselor or Attache will immediately arrange for inspection by a public health official or other competent authority. If the commodity is damaged prior to delivery to a nongovern-

mental Cooperating Sponsor at the discharge port or point of entry, the nongovernmental Cooperating Sponsor shall arrange for such inspection. If inspection discloses the commodity to be unfit for the use authorized in the Program Agreement, the Agricultural Counselor or Attache or the nongovernmental Cooperating Sponsor shall dispose of the commodities in accordance with the priority set forth in paragraph (b) of this section. Expenses incidental to the handling and disposition of the damaged commodity will be paid by FAS from the sale proceeds or from an appropriate FAS account designated by FAS. The net proceeds of sales shall be deposited with the U.S. Disbursing Officer, American Embassy, in an account designated by FAS; however, if the commodities are provided for a sales program, the net sale proceeds, net of expenses incidental to handling and disposition of the damaged commodity, shall be deposited to the special account established for sale proceeds. The Cooperating Sponsor shall consult with FAS regarding the inspection and disposition of commodities and accounting for sale proceeds in the event the Cooperating Sponsor executed a sales agreement under which title passed to the purchaser prior to delivery to the Cooperating Sponsor.

(b) *After delivery to Cooperating Sponsor.* (1) If after arrival in a foreign country and after delivery to a Cooperating Sponsor, it appears that the commodity, or any part thereof, may be unfit for the use authorized in the Program Agreement, the Cooperating Sponsor shall immediately arrange for inspection of the commodity by a public health official or other competent authority approved by the Agricultural Counselor or Attache. If no competent local authority is available, the Agricultural Counselor or Attache may determine whether the commodities are unfit for the use authorized in the Program Agreement and, if so, may direct disposal in accordance with this paragraph. The Cooperating Sponsor shall arrange for the recovery of that portion of the commodities designated during the inspection as suitable for authorized use. If, upon inspection, the

commodity (or any part thereof) is determined to be unfit for the authorized use, the Cooperating Sponsor shall notify the Agricultural Counselor or Attache of the circumstances pertaining to the loss or damage. With the concurrence of the Agricultural Counselor or Attache, the commodity determined to be unfit for authorized use shall be disposed of in the following order of priority:

(i) By transfer to an approved USDA sponsored program for use as livestock feed. FAS shall be advised promptly of any such transfer so that shipments from the United States to the livestock feeding program can be reduced by an equivalent amount;

(ii) Sale for the most appropriate use, *i.e.*, animal feed, fertilizer, or industrial use, at the highest obtainable price. When the commodity is sold, all U.S. Government markings shall be obliterated or removed;

(iii) By donation to a governmental or charitable organization for use as animal feed or for other non-food use; or

(iv) If the commodity is unfit for any use or if disposal in accordance with paragraph (b)(1)(i), (ii) or (iii) of this section is not possible, the commodity shall be destroyed under the observation of a representative of the Agricultural Counselor or Attache, if practicable, in such manner as to prevent its use for any purpose.

(2) Actual expenses incurred, including third party costs, in effecting any sale may be deducted from the sale proceeds and, if the commodities were intended for direct distribution, the Cooperating Sponsor shall deposit the net proceeds with the U.S. Disbursing Officer, American Embassy, with instructions to credit the deposit to an account as designated by FAS. If the commodities were intended to be sold, the Cooperating Sponsor shall deposit the gross proceeds into the special interest bearing account and, after approved costs related to the handling and disposition of damaged commodities are paid, shall use the remaining funds for purposes of the approved program. The Cooperating Sponsor shall promptly furnish to the Agricultural Counselor or Attache a written report of all circumstances relating to the

loss and damage on any commodity loss in excess of \$5,000; quarterly reports shall be made on all other losses. If the commodity was inspected by a public health official or other competent authority, the report and any supplemental report shall include a certification by such public health official or other competent authority as to the condition of the commodity and the exact quantity of the damaged commodity disposed. Such certification shall be obtained as soon as possible after the discharge of the cargo. A report must also be provided to the Chief, Debt Management Division, KCMO/DMD, of action taken to dispose of commodities unfit for authorized use.

§ 1599.14 How is liability established for loss, damage, or improper distribution of commodities?

(a) *Fault of Cooperating Sponsor prior to loading on ocean vessel.* The Cooperating Sponsor shall immediately notify KCCO, Chief, Export Operations Division if the Cooperating Sponsor will not have a vessel for loading at the U.S. port of export in accordance with the agreed shipping schedule. FAS will determine whether the commodity will be: Moved to another available outlet; stored at the port for delivery to the Cooperating Sponsor when a vessel is available for loading; or disposed of as FAS may deem proper. The Cooperating Sponsor shall take such action as directed by FAS and shall reimburse FAS for expenses incurred if FAS determines that the expenses were incurred because of the fault or negligence of the Cooperating Sponsor.

(b) *Fault of others prior to loading on ocean vessel.* The Cooperating Sponsor shall immediately notify the Chief, Debt Management Office, KCMO/DMD, when any damage or loss to the commodity occurs that is attributable to a warehouseman, carrier, or other person between the time title is transferred to a Cooperating Sponsor and the time the commodity is loaded on board vessel at the designated port of export. The Cooperating Sponsor shall promptly assign to CCC any rights to claims which may arise as a result of such loss or damage and shall promptly forward

to CCC all documents pertaining thereto. CCC shall have the right to initiate claims, and retain the proceeds of all claims, for such loss or damage.

(c) *Survey and outturn reports related to claims against ocean carriers.* (1) If the Program Agreement provides that CCC will arrange for an independent cargo surveyor to attend the discharge of the cargo, CCC will require the surveyor to provide a copy of the report to the Cooperating Sponsor.

(2)(i) If the Cooperating Sponsor arranges for an independent cargo surveyor, the Cooperating Sponsor shall forward to the Chief, Debt Management Office, KCMO/DMD, any narrative chronology or other commentary it can provide to assist in the adjudication of ocean transportation claims and shall prepare such a narrative in any case where the loss is estimated to be in excess of \$5,000.00. The Cooperating Sponsor may, at its option, also engage the independent surveyor to supervise clearance and delivery of the cargo from customs or port areas to the Cooperating Sponsor or its agent and to issue delivery survey reports thereon.

(ii) In the event of cargo loss and damage, the Cooperating Sponsor shall provide to the Chief, Debt Management Office, KCMO/DMD, the names and addresses of individuals who were present at the time of discharge and during survey and who can verify the quantity lost or damaged. For bulk grain shipments, in those cases where the Cooperating Sponsor is responsible for survey and outturn reports, the Cooperating Sponsor shall obtain the services of an independent surveyor to:

(A) Observe the discharge of the cargo;

(B) Report on discharging methods including scale type, calibrations and any other factor which may affect the accuracy of scale weights, and, if scales are not used, state the reason therefore and describe the actual method used to determine weights;

(C) Estimate the quantity of cargo, if any, lost during discharge through carrier negligence;

(D) Advise on the quality of sweepings;

(E) Obtain copies of port or vessel records, if possible, showing quantity discharged;

(F) Provide immediate notification to the Cooperating Sponsor if additional services are necessary to protect cargo interests or if the surveyor has reason to believe that the correct quantity was not discharged; and

(G) In the case of shipments arriving in container vans, list the container van numbers and seal numbers shown on the container vans, and indicate whether the seals were intact at the time the container vans were opened, and whether the container vans were in any way damaged. To the extent possible, the independent surveyor should observe discharge of container vans from the vessel to ascertain whether any damage to the container van occurred and arrange for surveying as container vans are opened.

(iii) Cooperating Sponsors shall send copies to KCMO/DMD, Chief, Debt Management Office of all reports and documents pertaining to the discharge of commodities.

(iv) FAS will reimburse the Cooperating Sponsor for costs incurred upon receipt of the survey report and the surveyor's invoice or other documents that establish the survey cost. FAS will not reimburse a Cooperating Sponsor for the costs of a delivery survey unless the surveyor also prepares a discharge survey, or for any other survey not taken contemporaneously with the discharge of the vessel, unless FAS determines that such action was justified in the circumstances.

(3) Survey contracts shall be let on a competitive bid basis unless FAS determines that the use of competitive bids would not be practicable. FAS may preclude the use of certain surveyors because of conflicts of interest or lack of demonstrated capability to properly carry out surveying responsibilities.

(4) If practicable, all surveys shall be conducted jointly by the surveyor, the consignee, and the ocean carrier, and the survey report shall be signed by all parties.

(d) Ocean carrier loss and damage. (1) Notwithstanding transfer of title, CCC shall have the right to file, pursue, and retain the proceeds of collection from claims arising from ocean transportation cargo loss and damage arising

out of shipments of commodities provided to governmental Cooperating Sponsors; however, when the Cooperating Sponsor pays the ocean freight or a portion thereof, it shall be entitled to pro rata reimbursement received from any claims related to ocean freight charged. FAS will pay general average contributions for all valid general average incidents which may arise from the movement of commodity to the destination ports. CCC shall receive and retain all allowances in general average.

(2) Nongovernmental Cooperating Sponsors shall: File notice with the ocean carrier immediately upon discovery of any cargo loss or damage, promptly initiate claims against the ocean carriers for such loss and damage, take all necessary action to obtain restitution for losses, and provide CCC copies of all such claims. Notwithstanding the preceding sentence, the nongovernmental Cooperating Sponsor need not file a claim when the cargo loss is less than \$100, or in any case when the loss is between \$100 and \$300 and the nongovernmental Cooperating Sponsor determines that the cost of filing and collecting the claim will exceed the amount of the claim. The nongovernmental Cooperating Sponsor shall transmit to KCMO/DMD, Chief, Debt Management Office information and documentation on such lost or damaged shipments when no claim is to be filed. In the event of a declaration of General Average:

(i) The Cooperating sponsor shall assign all claim rights to CCC and shall provide CCC all documentation relating to the claim, if applicable;

(ii) CCC shall be responsible for settling general average and marine salvage claims;

(iii) FAS has sole authority to authorize any dispositions of commodities which have not commenced ocean transit or of which the ocean transit is interrupted;

(iv) FAS will receive and retain any monetary proceeds resulting from such disposition;

(v) CCC will initiate, prosecute, and retain all proceeds of cargo loss and damage against ocean carriers and any allowance in general average; and

(vi) FAS will pay any general average or marine salvage claims determined to be due.

(3) Amounts collected by nongovernmental Cooperating Sponsors on claims against ocean carriers which are less than \$200 may be retained by the nongovernmental Cooperating Sponsor. On claims involving loss or damage of \$200 or more, nongovernmental Cooperating Sponsors may retain from collections received by them, either \$200 plus 10 percent of the difference between \$200 and the total amount collected on the claim, up to a maximum of \$500; or the actual administrative expenses incurred in collection of the claim, provided retention of such administrative expenses is approved by CCC. Allowable collection costs shall not include attorneys fees, fees of collection agencies, and similar costs. In no event will FAS pay collection costs in excess of the amount collected on the claim.

(4) A nongovernmental Cooperating Sponsor also may retain from claim recoveries remaining after allowable deductions for administrative expenses of collection, the amount of any special charges, such as handling and packing costs, which the nongovernmental Cooperating Sponsor has incurred on the lost or damaged commodity and which are included in the claims and paid by the liable party.

(5) A nongovernmental Cooperating Sponsor may redetermine claims on the basis of additional documentation or information not considered when the claims were originally filed when such documentation or information clearly changes the ocean carrier's liability. Approval of such changes by FAS is not required regardless of amount. However, copies of redetermined claims and supporting documentation or information shall be furnished to FAS.

(6) A nongovernmental Cooperating Sponsor may negotiate compromise settlements of claims of any amount, provided that proposed compromise settlements of claims having a value of \$5,000 or more shall require prior approval in writing by FAS. When a claim is compromised, a nongovernmental Cooperating Sponsor may retain from the amount collected, the amounts authorized in paragraph (d)(3) of this section, and in addition, an

amount representing such percentage of the special charges described in paragraph (d)(4) of this section as compromised amount is to the full amount of the claim. When a claim is less than \$600, a nongovernmental Cooperating Sponsor may terminate collection activity when it is determined that pursuit of such claims will not be economically sound. Approval for such termination by FAS is not required; however, the nongovernmental Cooperating Sponsor shall notify KCMO/DMD, Chief, Debt Management Division when collection activity on a claim is terminated.

(7) All amounts collected in excess of the amounts authorized in this section to be retained shall be remitted to CCC. For the purpose of determining the amount to be retained by a nongovernmental Cooperating Sponsor from the proceeds of claims filed against ocean carriers, the word "claim" shall refer to the loss and damage to commodities which are shipped on the same voyage of the same vessel to the same port destination, irrespective of the kinds of commodities shipped or the number of different bills of lading issued by the carrier.

(8) If a nongovernmental Cooperating Sponsor is unable to effect collection of a claim or negotiate an acceptable compromise settlement within the applicable period of limitation or any extension thereof granted in writing by the party alleged responsible for the damage, the nongovernmental Cooperating Sponsor shall assign its rights to the claim to CCC in sufficient time to permit the filing of legal action prior to the expiration of the period of limitation or any extension thereof. Generally, a nongovernmental Cooperating Sponsor should assign claim rights to CCC no later than 60 days prior to the expiration of the period of limitation or any extension thereof. In all cases, a nongovernmental Cooperating Sponsor shall keep CCC informed of the progress of its collection efforts and shall promptly assign their claim rights to CCC upon request. Subsequently, if CCC collects on or settles the claim, CCC shall, except as indicated in this paragraph, pay to a nongovernmental Cooperating Sponsor the

amount to which it would have been entitled had it collected on the claim. The additional 10 percent on amounts collected in excess of \$200 will be payable, however, only if CCC determines that reasonable efforts were made to collect the claim prior to the assignment, or if payment is determined to be commensurate with the extra efforts exerted in further documenting the claim. If documentation requirements have not been fulfilled and the lack of such documentation has not been justified to the satisfaction of CCC, CCC will deny payment of all allowances to the nongovernmental Cooperating Sponsor.

(9) When a nongovernmental Cooperating Sponsor permits a claim to become time-barred, or fails to take timely actions to insure the right of CCC to assert such claims, and CCC determines that the nongovernmental Cooperating Sponsor failed to properly exercise its responsibilities under the Agreement, the nongovernmental Cooperating Sponsor shall be liable to the United States for the cost and freight value of the commodities lost to the program.

(e) *Fault of Cooperating Sponsor in country of distribution.* If a commodity, sale proceeds or program income is used for a purpose not permitted by the Program Agreement, or if a Cooperating Sponsor causes loss or damage to a commodity, sale proceeds, or program income through any act or omission or failure to provide proper storage, care and handling, FAS may require the Cooperating Sponsor to pay to the United States the value of the commodities, sale proceeds or program income lost, damaged or misused, or undertake other remedies FAS deems appropriate. FAS will consider normal commercial practices in the country of distribution in determining whether there was a proper exercise of the Cooperating Sponsor's responsibility. Payment by the Cooperating Sponsor shall be made in accordance with paragraph (g) of this section.

(f) *Fault of others in country of distribution and in intermediate country.* (1) In addition to survey or outturn reports to determine ocean carrier loss and damage, the Cooperating Sponsor

shall, in the case of landlocked countries, arrange for an independent survey at the point of entry into the recipient country and make a report as set forth in paragraph (c)(1) of this section. FAS will reimburse the Cooperating Sponsor for the costs of survey as set forth in paragraph (c)(2)(iv) of this section.

(2) Where any damage to or loss of the commodity or any loss of sale proceeds or program income is attributable to a warehouseman, carrier or other person, the Cooperating Sponsor shall make every reasonable effort to pursue collection of claims for such loss or damage. The Cooperating Sponsor shall furnish a copy of the claim and related documents to the Agricultural Counselor or Attache. Cooperating Sponsors who fail to file or pursue such claims shall be liable to FAS for the value of the commodities or sale proceeds or program income lost, damaged, or misused: Provided, however, that the Cooperating Sponsor may elect not to file a claim if the loss is less than \$500. The Cooperating Sponsor may retain \$150 of any amount collected on an individual claim. In addition, Cooperating Sponsors may, with the written approval of the Agricultural Counselor or Attache, retain amounts to cover special costs of collection such as legal fees, or pay such collection costs with sale proceeds or program income. Any proposed settlement for less than the full amount of the claim requires prior approval by the Agricultural Counselor or Attache. When the Cooperating Sponsor has exhausted all reasonable attempts to collect a claim, it shall request the Agricultural Counselor or Attache to provide further instructions.

(3) The Cooperating Sponsor shall pursue any claim by initial billings and at least three subsequent demands at not more than 30 day intervals. If these efforts fail to elicit a satisfactory response, the cooperating sponsor shall pursue legal action in the judicial system of country unless otherwise agreed by the Agricultural Counselor or Attache. The Cooperating Sponsors must inform the Agricultural Counselor or Attache in writing of the reasons for not pursuing legal action; and the Agricultural Counselor or Attache may

require the Cooperating Sponsor to obtain the opinion of competent legal counsel to support its decision prior to granting approval. If the Agricultural Counselor or Attache approves a Cooperating Sponsor's decision not to take further action on the claim, the Cooperating Sponsor shall assign the claim to CCC and shall forward all documentation relating to the claim to CCC.

(4) As an alternative to legal action in the judicial system of the country with regard to claims against a public entity of the government of the cooperating country, the Cooperating Sponsor and the cooperating country may agree in writing to settle disputed claims by an appropriate administrative procedure or arbitration.

(g) *Determination of value.* The Cooperating Sponsor shall determine the value of commodities misused, lost or damaged on the basis of the domestic market price at the time and place the misuse, loss or damage occurred. When it is not feasible to determine such market price, the value shall be the f.o.b. or f.a.s. commercial export price of the commodity at the time and place of export, plus ocean freight charges and other costs incurred by the U.S. Government in making delivery to the Cooperating Sponsor. When the value is determined on a cost basis, the Cooperating Sponsor may add to the value any provable costs it has incurred prior to delivery by the ocean carrier. In preparing the claim statement, these costs shall be clearly segregated from costs incurred by the Government of the United States. With respect to claims other than ocean carrier loss or damage claims, the Cooperating Sponsor may request the Agricultural Counselor or Attache to approve a commercially reasonable alternative basis to value the claim.

(h) *Reporting losses to the Agricultural Counselor or Attache or FAS designated representative.* (1) The Cooperating Sponsor shall promptly notify the Agricultural Counselor or Attache or FAS designated representative, in writing, of the circumstances pertaining to any loss, damage, or misuse of commodities valued at \$500 or more occurring within the country of distribution or intermediate country. The report shall be

made as soon as the Cooperating Sponsor has adequately investigated the circumstances, but in no event more than ninety days from the date the loss became known to the Cooperating Sponsor. The report shall identify the party in possession of the commodities and the party responsible for the loss, damage or misuse; the kind and quantities of commodities; the size and type of containers; the time and place of misuse, loss, or damage; the current location of the commodity; the Program Agreement number, the procurement contract numbers, or if unknown, other identifying numbers printed on the commodity containers; the action taken by the Cooperating Sponsor with respect to recovery or disposal; and the estimated value of the commodity. The report shall explain why any of the above-required information can not be provided. The Cooperating Sponsor shall also report the details regarding any loss or misuse of sale proceeds or program income.

(2) The Cooperating Sponsor shall report quarterly to the Agricultural Counselor or Attache any loss, damage to or misuse of commodities resulting in loss of less than \$500. The Cooperating Sponsor shall inform the Agricultural Counselor or Attache or FAS designated representative if it has reason to believe there is a pattern or trend in the loss, damage, or misuse of such commodities and submit a report as described in paragraph (h)(1) of this section, together with any other relevant information the Cooperating Sponsor has available to it. The Agricultural Counselor or Attache may require additional information about any commodities lost, damaged or misused.

(i) *Handling claims proceeds.* Claims against ocean carriers shall be collected in U.S. dollars (or in the currency in which freight is paid) and shall be remitted (less amounts authorized to be retained) by Cooperating Sponsors to CCC. Claims against Cooperating Sponsors shall be paid to CCC in U.S. dollars. With respect to commodities lost, damaged or misused, amounts paid by Cooperating Sponsors and third parties in the country of distribution shall be deposited with the U.S. Disbursing Officer, American Embassy, preferably in U.S. dollars with

instructions to credit the deposit to an account as determined by FAS, or in local currency at the highest rate of exchange legally obtainable on the date of deposit with instructions to credit the deposit to an FAS account as determined by FAS. With respect to sale proceeds and program income, amounts recovered may be deposited in the same account as the sale proceeds and may be used for purposes of the program.

§ 1599.15 Are there special record keeping and reporting requirements?

(a) *Records and reports—general requirements.* The Cooperating Sponsor shall maintain records for a period of three (3) years from the final date specified in the program agreement. FAS may, at reasonable times, inspect the Cooperating Sponsor's records pertaining to the receipt and use of the commodities and proceeds realized from the sale of the commodities, and have access to the Cooperating Sponsor's commodity storage and distribution sites and to locations of activities supported with proceeds realized from the sale of the commodities.

(b) *Evidence of export.* The Cooperating Sponsor's freight forwarder shall, within thirty (30) days after export, submit evidence of export of the agricultural commodities to the Chief, Export Operations Division, KCCO. If export is by sea or air, the Cooperating Sponsor's freight forwarder shall submit five copies of the carrier's on board bill of lading or consignee's receipt authenticated by a representative of the U.S. Customs Service. The evidence of export must show the kind and quantity of agricultural commodities exported, the date of export, and the destination country.

(c) *Reports.* (1) The Cooperating Sponsor shall submit a semiannual logistics report to the Agricultural Counselor or Attache and to the Director, PPDED, FAS/USDA, Washington, DC 20250-1034, covering the receipt of commodities. Cooperating sponsors must submit reports on Form CCC-620 and submit the first report by May 16 for agreements signed during the period, October 1 through March 31, or by November 16

for agreements signed during the period, April 1 through September 30. The first report must cover the time period from the date of signing and subsequent reports must be provided at six months intervals covering the period from the due date of the last report until all commodities have been distributed or sold and such distribution or sale reported to FAS. The report must contain the following data:

(i) Receipts of agricultural commodities including the name of each vessel, discharge port(s) or point(s) of entry, the date discharge was completed, the condition of the commodities on arrival, any significant loss or damage in transit; advice of any claim for, or recovery of, or reduction of freight charges due to loss or damage in transit on vessels;

(ii) Estimated commodity inventory at the end of the reporting period;

(iii) Quantity of commodity on order during the reporting period;

(iv) Status of claims for commodity losses both resolved and unresolved during the reporting period;

(v) Quantity of commodity damaged or declared unfit during the reporting period; and

(vi) Quantity and type of the commodity that has been directly distributed by the Cooperating Sponsor, distribution date, region of distribution, and estimated number of individuals benefitting from the distribution.

(2) Program Agreements will require Cooperating Sponsors to report periodically, against collected, established baseline indicators, on the number of meals served, enrollment levels, total attendance numbers, including female attendance levels, learning developments, nutrition and health progress of mothers and children, and progress towards sustaining the feeding program.

(3) If the Program Agreement authorizes the sale or barter of commodities by the Cooperating Sponsor, the Cooperating Sponsor shall also submit a semiannual monetization report to the Agricultural Counselor or Attache and to the Director, PPDED, FAS/USDA, Washington, DC 20250-1034, covering the deposits into and disbursements from the special account for the purposes specified in the Program Agreement. Cooperating Sponsors must sub-

mit reports on Form CCC-621 and submit the first report by May 16 for agreements signed during the period, October 1 through March 31, or by November 16 for agreements signed during the period, April 1 through September 30. The first report must cover the time period from the date of signing and subsequent reports must be provided at six months intervals covering the period from the due date of the last report until all funds generated from commodity sales have been distributed and such distribution reported to FAS. The report must contain the following information and include both local currency amounts and U.S. dollar equivalents:

(i) Quantity and type of commodities sold;

(ii) Proceeds generated from the sale;

(iii) Proceeds deposited to the special account including the date of deposit;

(iv) Interest earned on the special account;

(v) Disbursements from the special account, including date, amount and purpose of the disbursement; and

(vi) Any balance carried forward in the special account from the previous reporting period.

(4) The Cooperating Sponsor shall furnish FAS such additional information and reports relating to this agreement as FAS may reasonably request.

§ 1599.16 What are the Cooperating Sponsor's audit requirements?

Non-governmental Cooperating Sponsors are subject to the audit requirements of OMB Circular A-133 as implemented in USDA by 7 CFR part 3052, "Audits of States, Local Governments, and Non-Profit Organizations." The Cooperating Sponsor is also responsible for auditing the activities of recipient agencies that receive more than \$25,000 of provided commodities or sale proceeds. This responsibility may be satisfied by relying upon independent audits of the recipient agency or upon a review conducted by the Cooperating Sponsor.

Foreign Agricultural Service, USDA

§ 1599.19

§ 1599.17 When may FAS suspend a program?

All or any part of the assistance provided under a Program Agreement, including commodities in transit, may be suspended by FAS if:

(a) The Cooperating Sponsor fails to comply with the provisions of the Program Agreement or this part;

(b) FAS determines that the continuation of such assistance is no longer necessary or desirable; or

(c) FAS determines that storage facilities are inadequate to prevent spoilage or waste, or that distribution of commodities will result in substantial disincentive to, or interference with, domestic production or marketing in the recipient country.

§ 1599.18 Are there sample documents and guidelines available for developing proposals and reports?

FAS has developed guidelines to assist the Cooperating Sponsors with effective reporting on program logistics and commodity sales. Cooperating Sponsors may obtain these guidelines from the Director, PPDED.

§ 1599.19 Has the Office of Management and Budget reviewed the paperwork and record keeping requirements contained in this part?

The paperwork and record keeping requirements imposed by this part have been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et. seq.*). OMB has assigned control number 0051-0039 for this information collection.
