The Agricultural Conservation Program regulations referred to above shall mean the Agricultural Conservation Program regulations applicable to the year in which the contract is approved.

(g) Cost-share payments shall not be made under the program with respect to land owned by the Federal Government, a State, or a political subdivision thereof.

[30 FR 8669, July 9, 1965, as amended by Amdt. 1, 30 FR 9758, Aug. 5, 1965; Amdt. 4, 33 FR 16141, Nov. 5, 1968]

§ 755.8 Modification of contract.

(a) If the farm is reconstituted in accordance with the regulations governing Reconstitution of Farms, Allotments, and Bases, part 719 of this chapter, as amended, or if there is any change in the land covered by a contract entered into pursuant to § 755.20, because of purchase, sale, change of operation, or otherwise, the contract shall be modified. Such modified contract or contracts shall reflect the changes in the number of acres in any resulting farm, the acreage covered by the contract, interested persons, and practices called for under the original contract. If persons who were not signatories to the original contract are eligible and required to sign such modified contract or contracts but are not willing to become parties to the modified contract or for any other reason a modified contract is not entered into, cost-share payments for practices which have not been carried out shall be forfeited with respect to acreage not continued in the program. In addition, with respect to acreage not continued in the program, cost-share payments paid for practices (or components

thereof) which have been carried out shall be refunded by the owner of such acreage prior to reconstitution unless the county committee with the approval of the State committee determines that the failure to carry out all of the practices called for by the original contract will not impair the practices which have been carried out and the completed practices will provide conservation benefits consistent with the cost-shares which have been paid. Notwithstanding the foregoing, if control of land was lost through eminent domain proceedings or to an agency having the right of eminent domain, any cost-share payments paid under the contract with respect to such land are not required to be refunded.

(b) Except in cases covered by paragraph (a) of this section, if the ownership or operation of the farm or the land covered by the contract changes in such a manner that the contract no longer contains the signatures of persons required to sign the contract as provided in § 755.6, the contract shall be modified to reflect the new interested persons. If such persons are not willing to become parties to the modified contract, or for any other reason a modified contract is not entered into, cost-share payments shall be forfeited and refunded in accordance with the rules in paragraph (a) of this section.

(c) Upon request of the contract signers and approval of the county committee, a contract may be modified to change or add practices, or to make other changes which are consistent with this subpart, the State program, and the conservation and development plan.

(d) Upon request of the contract signers, a contract which would otherwise be in a noncompliance status at the end of the contract period under the provisions of § 755.10(a) of these regulations may be modified to extend the contract period not to exceed a total period of 10 years if the county committee determines that failure to establish the practices specified in the contract was not the result of the fault or negligence of the contract signers.
