

§ 80.2

State or political subdivision of a State, and who is authorized by the State or political subdivision to perform tasks required by this part.

[65 FR 18878, Apr. 10, 2000, as amended at 69 FR 64650, Nov. 8, 2004]

§ 80.2 General restrictions.

Domestic animals that are positive to an official Johne's disease test may not be moved interstate except in compliance with this part.

§ 80.3 Movement of domestic animals that are positive to an official Johne's disease test.

(a) *Movement of domestic animals for slaughter.* Domestic animals that are positive to an official Johne's disease test may be moved interstate for slaughter if:

(1) The animals are moved directly to a recognized slaughtering establishment or to an approved livestock facility for sale to a recognized slaughtering establishment;

(2) An owner-shipper statement that identifies the animals as positive to an official Johne's disease test accompanies the animals during the movement and is delivered to the consignee;

(3) Each animal bears an official eartag; and

(4) The animals are moved to the destination in one continuous movement without unloading.

(b) *Other movements.* The Administrator may, upon request in specific cases, allow domestic animals that are positive to an official Johne's disease test to be moved interstate other than as provided in paragraph (a) of this section, under such conditions as the Administrator may prescribe in each case to prevent the spread of Johne's disease. The Administrator will promptly notify the State animal health officials of the States involved of any such action.

(c) *Cleaning and disinfecting.* Each means of conveyance used to transport the animals must be cleaned and disinfected in accordance with §71.6 of this chapter. The facilities in which the animals were maintained must be cleaned and disinfected in accordance with §71.7 of this chapter.

9 CFR Ch. I (1–1–06 Edition)

§ 80.4 Segregation of animals positive to an official Johne's disease test during interstate movement.

Animals that are positive to an official Johne's disease test may not be moved interstate in a railroad car, boat, truck, or other vehicle containing healthy animals susceptible to Johne's disease unless all of the animals are for immediate slaughter, or unless the positive animals are kept separate from the other animals by a partition that is securely affixed to the sides of the vehicle and prevents the transfer of fecal matter from the animals positive to an official Johne's disease test to the healthy animals in the vehicle.

PART 82—EXOTIC NEWCASTLE DISEASE (END) AND CHLAMYDIOSIS

Subpart A—Exotic Newcastle Disease (END)

Sec.

82.1 Definitions.

82.2 Criteria for determining birds or poultry to be infected with, exposed to, or free from END.
