(c) The administration head or staff office director will be the highest level approving official for each procurement action which does not exceed \$500 in consulting fees (excluding travel, per diem and other travel-related costs) and which does not award more than an accumulated total of \$2,500 per year in consulting fees to any individual or firm. (Advisory and assistance services anticipated to exceed these dollar limitations will not be obtained through letters of agreement.)

(d) Justifications for letters of agreement will provide a statement of need and will certify that such services do not unnecessarily duplicate any previously performed work or services. The justification will also certify that the procurement action will not violate post-employment restrictions prescribed in the Ethics in Government Act and 803.101-3.

(e) Copies of all advisory and assistance services procurements accomplished through letters of agreement shall be provided to the local servicing purchase and contract office for entry into the Federal Procurement Data System.

837.7003 Funeral authorization.

(a) When a veteran dies while receiving care in a Department of Veterans Affairs health care facility or in a non-Department of Veterans Affairs institution at Department of Veterans Affairs expense, and the decedent's remains are unclaimed, the Chief, Medical Administration Service, or the person designated by the medical center to perform these functions, will forward to the head of the contracting activity, a properly executed VA Form 10-2065, Funeral Arrangements, requesting that funeral and burial services for the deceased be procured. Burial will be made in the nearest National Cemetery having available grave space.

(b) The contracting officer will enter into negotiations with local funeral directors to procure a complete funeral and burial service within the statutory allowance of \$300. - (2) Clothing.
- (3) Casket. (The casket, as a minimum, will be constructed from thick, strong particle board and must be of sufficient strength to support the weight of an adult human body. Cardboard or press paper or similar materials are not acceptable).
- (4) Securing all necessary permits.

(5) Ensuring that a United States Flag (provided the funeral director in accordance with Veterans Health Administration Manual M-1, Part I, paragraph 14.40) accompanies the casket to place of burial.

(c) An additional allowance for transportation of the body to the place of burial is provided in 38 U.S.C. 2303(a)(1)(B). This allowance will cover the transportation cost of shipment of the body by common carrier or by hearse from the VA facility to the funeral home and to the place of burial, any charges for an outside (shipment) box, and the charges for securing all necessary permits for removal or shipment of the body. These costs are not chargeable against the \$300 allowance.

(d) In accordance with Veterans Health Administration Manual M-1, Part I, paragraph 14.37, the contracting officer will designate the Chief, Medical Administration Service, or representative, or the person designated by the medical center director to perform these functions, to be responsible for the medical inspection of the mortuary services performed and inspection of the merchandise furnished. This designee will also be responsible for certifying receipt on the receiving report.

837.7004 Administrative necessity.

(a) When persons die under Department of Veterans Affairs care who are not legally entitled to such care at Department of Veterans Affairs expense, and no relatives or friends will claim the remains, and the municipal, county or State officials refuse to provide for final disposition, arrangements will be made and expenses assumed for burial locally under separate contractual agreement.

(b) When a full and complete funeral and burial service as prescribed in

Department of Veterans Affairs

837.7005

837.7003 cannot be obtained by the contracting officer within the statutory allowance, he/she will, prior to taking any further action, secure from the facility director a written determination that the disposition of the remains must be accomplished by the Department of Veterans Affairs as an administrative necessity. The facility director will also authorize in writing the expenditure of such additional funds as may be necessary for this purpose. The amount of these additional funds will be held to the minimum, keeping in mind, however, that the deceased must be given a proper and fitting interment.

(c) The determination and authorization by the facility director will be made a part of the contract file.
