

Food and Nutrition Service, USDA

§ 220.11

State agency, or FNSRO where applicable, determines that the School Food Authority has failed to plan and prepare breakfasts with the objective of providing one breakfast per child per day. In no event shall the School Food Authority claim reimbursement for free and reduced price breakfasts in excess of the number of children approved for free and reduced price meals.

(b) The rates of reimbursement for breakfasts served to eligible children in schools not in severe need are the applicable national average payment factors for breakfasts. The maximum rates of reimbursement for breakfasts served to eligible children in schools determined to be in severe need are those prescribed by the Secretary. National average payment factors and maximum rates of reimbursement for the School Breakfast Program shall be prescribed annually by the Secretary in the FEDERAL REGISTER.

(c) The total reimbursement for breakfasts served to eligible children in schools not in severe need, and schools in severe need during the school year shall not exceed the sum of the products obtained by multiplying the total numbers of such free, reduced price and paid breakfasts, respectively, by the applicable rate of reimbursement for each type of breakfast as prescribed for the school year.

(d) The State agency, or FNSRO where applicable, shall determine whether a school is in severe need based on the following eligibility criteria:

(1) The school is participating in or desiring to initiate a breakfast program; and

(2) At least 40 percent of the lunches served to students at the school in the second preceding school year were served free or at a reduced price. Schools that did not serve lunches in the second preceding year and that would like to receive reimbursement at the severe need rate may apply to their administering State agency. The administering State agency shall approve or deny such requests in accordance with guidance, issued by the Secretary, that determines that the second pre-

ceding school year requirement would otherwise have been met.

§ 220.10 Effective date for reimbursement.

Reimbursement payments under the School Breakfast Program may be made only to School Food Authorities operating under an agreement with the State Agency or the Department, and may be made only after execution of the agreement. Such payments may include reimbursement in connection with breakfasts served in accordance with provisions of the program in the calendar month preceding the calendar month in which the agreement is executed.

§ 220.11 Reimbursement procedures.

(a) To be entitled to reimbursement under this part, each School Food Authority shall submit to the State agency, or FNSRO where applicable, a monthly Claim for Reimbursement.

(b) Claims for Reimbursement shall include data in sufficient detail to justify the reimbursement claimed and to enable the State agency to provide the Reports of School Program Operations required under § 220.13(b)(2). Unless otherwise approved by FNS, the Claim for Reimbursement for any month shall include only breakfasts served in that month except if the first or last month of Program operations for any year contains 10 operating days or less, such month may be added to the Claim for Reimbursement for the appropriate adjacent month; however, Claims for Reimbursement may not combine operations occurring in two fiscal years. If a single State agency administers any combination of the Child Nutrition

Programs, the SFA shall be able to use a common claim form with respect to claims for reimbursement for meals served under those programs. A final Claim for Reimbursement shall be postmarked and/or submitted to the State agency, or FNSRO where applicable, not later than 60 days following the last day of the full month covered by the claim. State agencies may establish shorter deadlines at their discretion. Claims not postmarked and/or submitted within 60 days shall not be paid with Program funds unless FNS determines that an exception should be granted. The State agency, or FNSRO where applicable, shall promptly take corrective action with respect to any Claim for Reimbursement as determined necessary through its claim review process or otherwise. In taking such corrective action, State agencies may make upward adjustments in Program funds claimed on claims filed within the 60 day deadline if such adjustments are completed within 90 days of the last day of the claim month and are reflected in the final Report of School Program Operations (FNS-10) for the claim month which is required under §220.13(b)(2). Upward adjustments in Program funds claimed which are not reflected in the final FNS-10 for the claim month shall not be made unless authorized by FNS. Downward adjustments in Program funds claimed shall always be made, without FNS authorization, regardless of when it is determined that such adjustments are necessary.

(c) Where a school participates in both the National School Lunch Program and the School Breakfast Program, the State agency or FNSRO, where applicable, may authorize the submission of one claim for reimbursement to cover both programs.

(d) [Reserved]

(e) Notwithstanding any other provision of this section, the State agency, or FNSRO where applicable, may advance funds available for the School Breakfast Program to a School Food Authority in an amount equal to the reimbursement estimated for the total number of breakfasts, including free and reduced price breakfasts, to be served to children for 1 month. The State agency, or FNSRO where applica-

ble, shall require School Food Authorities who receive advances of funds under the provisions of this paragraph to make timely submissions of claims for reimbursement on a monthly basis and shall suspend advances of funds in the absence of such timely submissions. Following the receipt of claims the State agency, or FNSRO where applicable, shall make such adjustments as are necessary in such advances of funds to insure that the total amount of reimbursement received by a School Food Authority for the fiscal year will not exceed an amount equal to the number of breakfasts, including free and reduced price breakfast, served to children times the respective rates of reimbursement assigned by the State agency, or FNSRO where applicable, in accordance with §220.9.

§ 220.12 Competitive food services.

(a) State agencies and School Food Authorities shall establish such rules or regulations as are necessary to control the sale of foods in competition with breakfasts served under the Program. Such rules or regulations shall prohibit the sale of foods of minimal nutritional value, as listed in appendix B of this part, in the food service areas during the breakfast periods. The sale of other competitive foods may, at the discretion of the State agency and the School Food Authority, be allowed in the food service area during the breakfast period only if all income from the sale of such foods accrues to the benefit of the nonprofit school food service or the school or student organizations approved by the school. State agencies and School Food Authorities may impose additional restrictions on the sale of and income from all foods sold at any time throughout schools participating in the School Breakfast Program.
