

## Food and Nutrition Service, USDA

## § 240.4

*Tuition* means any educational expense required by the school as part of the students' educational program; not including transportation fees for commuting to and from school, and the cost of room and board. The following monies shall not be included when calculating a school's average yearly tuition per child:

(1) Academic scholarship aid from public or private organizations or entities given to students, or to schools for students, and (2) state, county or local funds provided to schools operating principally for the purpose of educating handicapped or other special needs children for whose education the State, county or local government is primarily or solely responsible. In a school which varies tuition, the average yearly tuition shall be calculated by dividing the total tuition receipts for the current school year by the total number of students enrolled for purposes of determining if the average yearly tuition exceeds \$1,500 per child.

### § 240.3 Cash in lieu of donated foods for program schools.

(a) Not later than June 1 of each school year, FNS shall make an estimate of the value of agricultural commodities and other foods that will be delivered to States during the school year under the food distribution regulations (7 CFR part 250) for use in program schools. If the estimated value is less than the total value of assistance authorized under section 6(e) of the Act for the National School Lunch Program, FNS shall determine the difference between the value of the foods then programmed for each State for the school year and the required value and shall pay the difference to each State agency not later than July 1 of that school year.

(b) Notwithstanding any other provision of this section, in any State in which FNS administers the National School Lunch Program in any of the schools of the State, FNS shall withhold from the funds payable to that State under this section an amount equal to the ratio of the number of lunches served in schools in which the program is administered by FNS to the

total number of lunches served in all program schools in the State.

[47 FR 15982, Apr. 13, 1982, as amended at 52 FR 7267, Mar. 10, 1987; 58 FR 39120, July 22, 1993]

### § 240.4 Cash in lieu of donated foods for nonresidential child and adult care institutions.

(a) For each school year any State agency may, upon application to FNS prior to the beginning of the school year, elect to receive cash in lieu of donated foods for use in nonresidential child care or adult care institutions participating in the Child and Adult Care Food Program. FNS shall pay each State agency making such election, at a minimum, an amount calculated by multiplying the number of lunches and suppers served in the State's nonresidential child and adult care institutions which meet the meal pattern requirements prescribed in the regulations for the Child and Adult Care Food Program under part 226 of this chapter by the national average value of donated food prescribed in section 6(e)(1) of the Act. However, if a State agency has elected to receive a combination of donated foods and cash, the required amount shall be reduced based upon the number of such lunches and suppers served for which the State receives donated foods.

(b) Notwithstanding any other provision of this section in any State in which FNS administers the Child Care Food Program in any nonresidential child care institution, FNS shall withhold from the funds payable to such State under this section an amount equal to the ratio of the number of lunches and suppers served in such institutions in which the program is administered by the FNS and for which cash payments are provided to the total number of lunches and suppers served in that program and for which cash in lieu of payments are received, in all nonresidential child care institutions in the State.
