(a) The emergency services were provided in a hospital emergency department or a similar facility held out as providing emergency care to the public;

(b) The claim for payment or reimbursement for the initial evaluation and treatment is for a condition of such a nature that a prudent layperson would have reasonably expected that delay in seeking immediate medical attention would have been hazardous to life or health (this standard would be met if there were an emergency medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in placing the health of the individual in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part);

(c) A VA or other Federal facility/provider was not feasibly available and an attempt to use them beforehand would not have been considered reasonable by a prudent layperson (as an example, these conditions would be met by evidence establishing that a veteran was brought to a hospital in an ambulance and the ambulance personnel determined that the nearest available appropriate level of care was at a non-VA medical center);

(d) The claim for payment or reimbursement for any medical care beyond the initial emergency evaluation and treatment is for a continued medical emergency of such a nature that the veteran could not have been safely discharged or transferred to a VA or other Federal facility (the medical emergency lasts only until the time the veteran becomes stabilized);

(e) At the time the emergency treatment was furnished, the veteran was enrolled in the VA health care system and had received medical services under authority of 38 U.S.C. chapter 17 within the 24-month period preceding the furnishing of such emergency treatment;

(f) The veteran is financially liable to the provider of emergency treatment for that treatment;

(g) The veteran has no coverage under a health-plan contract for payment or reimbursement, in whole or in part, for the emergency treatment (this condition cannot be met if the veteran has coverage under a health-plan contract but payment is barred because of a failure by the veteran or the provider to comply with the provisions of that health-plan contract, e.g., failure to submit a bill or medical records within specified time limits, or failure to exhaust appeals of the denial of payment);

(h) If the condition for which the emergency treatment was furnished was caused by an accident or work-related injury, the claimant has exhausted without success all claims and remedies reasonably available to the veteran or provider against a third party for payment of such treatment; and the veteran has no contractual or legal recourse against a third party that could reasonably be pursued for the purpose of extinguishing, in whole or in part, the veteran’s liability to the provider; and

(i) The veteran is not eligible for reimbursement under 38 U.S.C. 1728 for the emergency treatment provided (38 U.S.C. 1728 authorizes VA payment or reimbursement for emergency treatment to a limited group of veterans, primarily those who receive emergency treatment for a service-connected disability).

(Authority: 38 U.S.C. 1725)

§ 17.1004 Filing claims.

(a) A claimant for payment or reimbursement under 38 U.S.C. 1725 must be the entity that furnished the treatment, the veteran who paid for the treatment, or the person or organization that paid for such treatment on behalf of the veteran.

(b) To obtain payment or reimbursement for emergency treatment under 38 U.S.C. 1725, a claimant must submit to the VA medical facility of jurisdiction a completed standard billing form (such as a UB-92 or a HCFA 1500). Where the form used does not contain a false claims notice, the completed form must also be accompanied by a signed, written statement declaring that “I hereby certify that this claim meets all of the conditions for payment by VA for emergency medical services under 38 CFR 17.1002 (except for paragraph (e)) and 17.1003. I am aware that 38 U.S.C. 6102(b) provides that one who obtains payment without being entitled to it and with intent to defraud the United States shall be fined in accordance with title 18, United States Code, or imprisoned not more than one year, or both.”

NOTE TO §17.1004(b): These regulations regarding payment or reimbursement for emergency services for nonservice-connected conditions in non-VA facilities also can be found on the internet at http://www.va.gov/health/elg.

(c) Notwithstanding the provisions of paragraph (b) of this section, no specific form is required for a claimant (or duly authorized representative) to claim payment or reimbursement for emergency transportation charges under 38 U.S.C. 1725. The claimant need only submit a signed and dated request for such payment or reimbursement to the VA medical facility of jurisdiction, together with a bill showing the services provided and charges for which the veteran is personally liable and a signed statement explaining who requested such transportation services and why they were necessary.

(d) To receive payment or reimbursement for emergency services, a claimant must file a claim within 90 days after the latest of the following:

(2) The date that the veteran was discharged from the facility that furnished the emergency treatment;
(3) The date of death, but only if the death occurred during transportation to a facility for emergency treatment or if the death occurred during the stay in the facility that included the provision of the emergency treatment; or
(4) The date the veteran finally exhausted, without success, action to obtain payment or reimbursement for the treatment from a third party.

(e) If after reviewing a claim the decisionmaker determines that additional information is needed to make a determination regarding the claim, such official will contact the claimant in writing and request additional information. The additional information must be submitted to the decisionmaker within 30 days of receipt of the request or the claim will be treated as abandoned, except that if the claimant within the 30-day period requests in writing additional time, the time period for submission of the information...
