To cite the regulations in this volume use title, part and section number. Thus, 46 CFR 501.1 refers to title 46, part 501, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16 ..............................................................as of January 1
- Title 17 through Title 27 .................................................................as of April 1
- Title 28 through Title 41 .................................................................as of July 1
- Title 42 through Title 50 .............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, October 1, 2009), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

**OBSELETE PROVISIONS**

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 2001, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, 1973–1985, or 1986–2000, published in eleven separate volumes. For the period beginning January 1, 2001, a "List of CFR Sections Affected" is published at the end of each CFR volume.

**INCORPORATION BY REFERENCE**

*What is incorporation by reference?* Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

*What is a proper incorporation by reference?* The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

*What if the material incorporated by reference cannot be found?* If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call 202-741-6010.

**CFR INDEXES AND TABULAR GUIDES**

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.
REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

They shall be construed to secure the just, speedy, and inexpensive determination of every proceeding. To this end, all persons involved in proceedings conducted under the rules of this part shall be required to consider at an early stage of the proceeding whether resort to alternative dispute resolution techniques would be appropriate or useful. [Rule 1.]

§ 502.2 Filing of documents; hours; mailing address.

(a) For purposes of filing of documents with the Commission, the hours of the Commission are from 8:30 a.m. to 5:00 p.m., Monday to Friday, inclusive.

All rules or orders issued by the Commission in any proceeding covered by this part shall, unless otherwise specifically provided, be signed and authenticated by seal by the Secretary of the Commission in the name of the Commission. [Rule 4.]

§§ 502.5–502.6 [Reserved]

§ 502.7 Documents in foreign languages.

Every document, exhibit, or other paper written in a language other than English and filed with the Commission or offered in evidence in any proceeding before the Commission under this part or in response to any rule or order of the Commission pursuant to this part, shall be filed or offered in the language in which it is written and shall be accompanied by an English translation thereof duly verified under oath to be an accurate translation. [Rule 7.]

§ 502.8 Denial of applications and notice thereof.

Except in affirming a prior denial or where the denial is self-explanatory, prompt written notice will be given of the denial in whole or in part of any written application, petition, or other request made in connection with any proceeding under this part, such notice to be accompanied by a simple statement of procedural or other grounds for the denial, and of any other or further administrative remedies or recourse applicant may have where the denial is based on procedural grounds. [Rule 8.]

§ 502.9 Suspension, amendment, etc., of rules in this part.

The rules in this part may, from time to time, be suspended, amended, or revoked, in whole or in part. Notice of any such action will be published in the FEDERAL REGISTER. [Rule 9.]

§ 502.10 Waiver of rules in this part.

Except to the extent that such waiver would be inconsistent with any statute, any of the rules in this part, except §§502.11 and 502.153, may be waived by the Commission or the presiding officer in any particular case to prevent undue hardship, manifest injustice, or if the expeditious conduct of business so requires. [Rule 10.]

§ 502.11 Ex parte communications.

(a) No person who is a party to or an agent of a party to any proceeding as defined in §502.61 or who directly participates in any such proceeding and no
interested person outside the Commission shall make or knowingly cause to be made to any Commission member, administrative law judge, or Commission employee who is or may reasonably be expected to be involved in the decisional process of any such proceeding, an ex parte communication relevant to the merits of the proceeding;

(b) No Commission member, administrative law judge, or Commission employee who is or may reasonably be expected to be involved in the decisional process of any agency proceeding, shall make or knowingly cause to be made to any interested persons outside the Commission or to any party to the proceeding or its agent or to any direct participant in a proceeding, an ex parte communication relevant to the merits of the proceeding. This prohibition shall not be construed to prevent any action authorized by paragraphs (e), (f) and (g) of this section;

(c) “Ex parte communication” means an oral or written communication not on the public record with respect to which reasonable prior notice to all parties is not given, but it shall not include requests for status reports or communications regarding purely procedural matters or matters which the Commission or member thereof, administrative law judge, or Commission employee is authorized by law or these rules to dispose of on an ex parte basis;

(d) Any Commission member, administrative law judge, or Commission employee who is or may reasonably be expected to be involved in the decisional process of any proceeding who receives, or who makes or knowingly causes to be made, an ex parte communication shall promptly transmit to the Secretary of the Commission:

1. All such written communications;
2. Memoranda stating the substance of all such oral communications; and
3. All written responses and memoranda stating the substance of all oral responses to the materials described in paragraphs (d)(1) and (d)(2) of this section;

(e) The Secretary shall place the materials described in paragraph (d) of this section in the correspondence part of the public docket of the proceeding and may take such other action as may be appropriate under the circumstances;

(f) Upon receipt of an ex parte communication knowingly made or knowingly caused to be made by a party to a proceeding, the Commission or the presiding officer may, to the extent consistent with the interests of justice and the policy of the statutes administered by the Commission, require the party to show cause why his or her claim or interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected on account of the making of such communication;

(g) An ex parte communication shall not constitute a part of the record for decision. The Commission or the presiding officer may, to the extent consistent with the interests of justice and the policy of the statutes administered by the Commission, consider a violation of paragraph (b) of this section sufficient grounds for a decision adverse to a party who has knowingly caused such violation to occur and may take such other action as may be appropriate under the circumstances.

[Rule 11.]

In proceedings under this part, for situations which are not covered by a specific Commission rule, the Federal Rules of Civil Procedure will be followed to the extent that they are consistent with sound administrative practice. [Rule 12.]

§ 502.21 Appearance.

(a) Parties. A party may appear in person or by an officer, partner, or regular employee of the party, or by or with counsel or other duly qualified representative, in any proceeding under the rules in this part. Any party

(c) Special appearance. An appearance may be either general, that is, without reservation, or it may be special, that is, confined to a particular issue or question. If a person desires to appear specially, he or she must expressly so state when entering the appearance and, at that time, shall also state the questions or issues to which he or she is confining the appearance; otherwise his or her appearance will be considered as general. [Rule 21.]

§ 502.22 Authority for representation.

Any individual acting in a representative capacity in any proceeding before the Commission may be required to show his or her authority to act in such capacity. [Rule 22.]

(a) Upon filing of a complaint instituting proceedings or filing of an answer to an order or complaint, the party filing shall notify the Commission of the name(s) and address(es) of the person or persons who will represent them in the pending proceeding. Each person who appears at a hearing shall deliver a written notice of appearance to the reporter, stating for whom the appearance is made. Such notice shall indicate whether the representative wishes to be notified of decisions by telephone, facsimile transmission, or electronic mail. All appearances shall be noted in the record. Petitions for leave to intervene shall indicate the name(s) and address(es) of the person or persons who will represent the intervenor in the pending proceeding if the petition is granted.

(b) A Notice of Appearance should follow the form set forth in Exhibit No. 1 to this subpart.

(c) If an attorney or other representative of record is superseded, there shall be filed a stipulation of substitution signed both by the attorney(s) or representative(s) and by the party, or a written notice from the party to the Commission.

(d) If an attorney wishes to withdraw from representing a party, such attorney shall file an appropriate motion seeking permission to withdraw and provide appropriate reasons for making the motion. Such motion will be decided in consideration of the factors and standards set forth in Rule 1.16 of the American Bar Association’s Model Rules of Professional Conduct and by the courts.

Federal Maritime Commission

§ 502.32

(a) Restrictions. (1) No former Commission employee may represent in any formal or informal appearance or make any oral or written communication with intent to influence a U.S. Government agency in a particular matter involving a specific party or parties in which the employee participated personally and substantially while with the Commission.

(2) No former Commission employee may, within two years of terminating Commission employment, act as a representative in the manner described in paragraph (a)(1) of this section, as to a particular matter which was actually pending under the employee’s official responsibility within one year prior to termination of the employment.

(3) Former senior Commission employees (defined as Commissioners and members of the Senior Executive Service as designated by the Office of Government Ethics under 18 U.S.C. 207(d)(1)) may not, for two years after terminating Commission employment, assist in representing a person by personal presence at an appearance before the Government on a matter in which the former employee had participated personally and substantially while at the Commission.

(4) Former senior Commission employees, as defined in paragraph (a)(3) of this section, are barred for one year from representing parties before the Commission or communicating with intent to influence the Commission, regardless of prior involvement in the particular proceeding.

(b) Prior consent for appearance. (1) Prior to making any appearance, representation or communication described in paragraph (a) of this section, and, in addition to other requirements of this subpart, every former employee must apply for and obtain prior written consent of the Commission for each proceeding or matter in which such appearance, representation, or communication is contemplated. Such consent will be given only if the Commission determines that the appearance, representation or communication is not prohibited by the Act, this section or other provisions of this chapter.

(2) To facilitate the Commission’s determination that the intended activity is not prohibited, applications for written consent shall:

(i) Be directed to the Commission, state the former connection of the applicant with the Commission and date of termination of employment, and identify the matter in which the applicant desires to appear; and

(ii) Be accompanied by an affidavit to the effect that the matter for which consent is requested is not a matter in which the applicant participated personally and substantially while at the Commission and, as made applicable by paragraph (a) of this section, that the particular matter as to which consent is requested was not pending under the applicant’s official responsibility within one year prior to termination of employment and that the matter was not one in which the former employee had participated personally and substantially while at the Commission.

(3) The applicant shall be promptly advised as to his or her privilege to appear, represent or communicate in the particular matter, and the application, affidavit and consent, or refusal to consent, shall be filed by the Commission in its records relative thereto.

(c) Basic procedures for possible violations. The following basic guidelines for administrative enforcement restrictions on post employment activities are designed to expedite consultation with the Director of the Office of Government Ethics as required pursuant to section 207(j) of Title 18, United States Code.

(1) Delegation. The Chairman may delegate his or her authority under this subpart.

(2) Initiation of administrative disciplinary hearing. (i) On receipt of information regarding a possible violation of 18 U.S.C. 207, and after determining that such information appears substantiated, the Chairman shall expeditiously provide such information, along with any comments or agency regulations, to the Director of the Office of Government Ethics and to the Criminal Division, Department of Justice.

The Commission shall coordinate any investigation or administrative action

with the Department of Justice to avoid prejudicing criminal proceedings, unless the Department of Justice communicates to the Commission that it does not intend to initiate criminal prosecution.

(ii) Whenever the Commission has determined after appropriate review that there is reasonable cause to believe that a former Commission employee has violated any provision of paragraph (a) of this section or 18 U.S.C. 207 (a), (b), or (c), it may initiate an administrative disciplinary proceeding by providing the former Commission employee with notice as defined in paragraph (c)(3) of this section.

(3) Adequate notice. (i) The Commission shall provide a former Commission employee with adequate notice of an intention to institute a proceeding and an opportunity for a hearing.

(ii) Notice to the former Commission employee must include:

(A) A statement of allegations (and the basis thereof) sufficiently detailed to enable the former Commission employee to prepare an adequate defense;

(B) Notification of the right to a hearing; and

(C) An explanation of the method by which a hearing may be requested.

(4) Presiding official. (i) The presiding official at a proceeding under this section shall be an individual to whom the Chairman has delegated authority to make an initial decision (hereinafter referred to as “examiner”).

(ii) The examiner must be a Commissioner (other than the Chairman), an administrative law judge, or an attorney employed by the Commission and shall be provided with appropriate administrative and secretarial support by the Commission.

(iii) The presiding official shall be impartial. No individual who has participated in any manner in the decision to initiate a proceeding may serve as an examiner in that proceeding.

(5) Time, date and place. (i) The hearing shall be conducted at a reasonable time, date and place.

(ii) In setting a hearing date, the presiding official shall give due regard to the former Commission employee’s need for:

(A) Adequate time to prepare a defense properly, and

(B) An expeditious resolution of allegations that may be damaging to his or her reputation.

(6) Hearing rights. A hearing shall include, at a minimum, the following rights:

(i) To represent oneself or to be represented by counsel;

(ii) To introduce and examine witnesses and to submit physical evidence;

(iii) To confront and cross-examine adverse witnesses;

(iv) To receive a transcript or recording of the proceedings, on request.

(7) Burden of proof. In any hearing under this subpart, the Commission has the burden of proof and must establish substantial evidence of a violation.

(8) Initial decision. (i) The examiner shall make a determination on matters exclusively of record in a proceeding, and shall set forth in the decision all findings of fact and conclusions of law relevant to the matters at issue.

(ii) Within a reasonable period of the date of an initial decision, as set by the Commission, either party may appeal the decision solely on the record to the Chairman. The Chairman shall base his or her decision solely on the record of the proceedings or those portions thereof cited by the parties to limit the issues.

(iii) If the Chairman modifies or reverses the initial decision, he or she shall specify such findings of facts and conclusions of law as are different from those of the examiner.

(9) Administrative sanctions. The Chairman may take appropriate action in the case of any individual who was found in violation of 18 U.S.C. 207 (a), (b), or (c) or the provisions of paragraph (a) of this section after a final administrative decision or who failed to request a hearing after receiving adequate notice by:

(i) Prohibiting the individual from making, on behalf of any other person except the United States, any formal or informal appearance before, or, with the intent to influence, any oral or written communication to, the Commission on any matter of business for a period not to exceed five (5) years, which may be accomplished by directing Commission employees to refuse to participate in any such appearance or to accept any such communication; or

A petition for exemption shall state the particular requirement of the Shipping Act of 1984 for which exemption is sought. The petition shall also include a statement of the reasons why constituting a filing within the applicable statutory period.

(d) A complaint is deemed filed on the date it is received by the Commission. [Rule 63.]

§ 502.64 Answer to complaint; counter-complaint.

(a) Respondent shall file with the Commission an answer to the complaint and shall serve it on complainant as provided in subpart H of this part within twenty (20) days after the date of service of the complaint by the Commission or within thirty (30) days if such respondent resides in Alaska or beyond the Continental United States, unless such periods have been extended under § 502.71 or § 502.102, or reduced under § 502.103, or unless motion is filed to withdraw or dismiss the complaint, in which latter case, answer shall be made within ten (10) days after service of an order denying such motion. Such answer shall give notice of issues controverted in fact or law. Recitals of material and relevant facts in a complaint, amended complaint, or bill of particulars, unless specifically denied in the answer thereto, shall be deemed admitted as true, but if request is seasonably made, a competent witness shall be made available for cross-examination on such evidence. An answer to the complaint must be verified.

(b) In the event that respondent should fail to file and serve the answer within the time provided, the presiding officer may enter such rule or order as may be just, or may require the person named therein to answer, and shall require such person to appear at a specified time and place and present evidence upon the matters specified. [Rule 66.]

§ 502.65 Replies to answers not permitted.

Replies to answers will not be permitted. New matters set forth in respondent’s answer will be deemed to be controverted. [Rule 65.]

§ 502.66 Order to show cause.

The Commission may institute a proceeding by order to show cause. The order shall be served upon all persons named therein, shall include the information specified in § 502.143, may require the person named therein to answer, and shall require such person to appear at a specified time and place and present evidence upon the matters specified. [Rule 66.]

§ 502.67 Exemption procedures—General.

(a) Authority. The Commission, upon application or on its own motion, may by order or rule exempt for the future any class of agreements between persons subject to the Shipping Act of 1984 or any specified activity of persons subject to the Shipping Act of 1984 from any requirement of the Shipping Act of 1984 if it finds that the exemption will not result in substantial reduction in competition or be detrimental to commerce. The Commission may attach conditions to any exemption and may, by order, revoke any exemption.

(b) Application for exemption. Any person may petition the Commission for an exemption or revocation of an exemption of any class of agreements or an individual agreement or any specified activity pursuant to section 16 of the Shipping Act of 1984 (46 U.S.C. 40103). A petition for exemption shall state the particular requirement of the Shipping Act of 1984 for which exemption is sought. The petition shall also include a statement of the reasons why
an exemption should be granted or revoked, shall provide information relevant to any finding required by the Shipping Act of 1984 and shall comply with §502.69. Where a petition for exemption of an individual agreement is made, the application shall include a copy of the agreement.

(c) Participation by interested persons. No order or rule of exemption or revocation of exemption may be issued unless opportunity for hearing has been afforded interested persons and departments and agencies of the United States.

(d) Federal Register notice. Notice of any proposed exemption or revocation of exemption, whether upon petition or upon the Commission’s own motion, shall be published in the Federal Register. The notice shall include when applicable:

(1) A short title for the proposed exemption or the title of the existing exemption;

(2) The identity of the party proposing the exemption or seeking revocation;

(3) A concise summary of the agreement or class of agreements or specified activity for which exemption is sought, or the exemption which is to be revoked;

(4) A statement that the petition and any accompanying information are available for inspection in the Commission’s offices in Washington, DC; and

(5) The final date for filing comments regarding the proposal. [Rule 67.]

§ 502.68 Declaratory orders and fee.

(a)(1) The Commission may, in its discretion, issue a declaratory order to terminate a controversy or to remove uncertainty.

(2) Petitions for the issuance thereof shall: state clearly and concisely the controversy or uncertainty; name the persons and cite the statutory authority involved; include a complete statement of the facts and grounds prompting the petition, together with full disclosure of petitioner’s interest; be served upon all parties named therein; and conform to the requirements of subpart H of this part.

(3) Petitions shall be accompanied by remittance of a $241 filing fee.

(b) Petitions under this section shall be limited to matters involving conduct or activity regulated by the Commission under statutes administered by the Commission. The procedures of this section shall be invoked solely for the purpose of obtaining declaratory rulings which will allow persons to act without peril upon their own view. Controversies involving an allegation of violation by another person of statutes administered by the Commission, for which coercive rulings such as payment of reparation or cease and desist orders are sought, are not proper subjects of petitions under this section. Such matters must be adjudicated either by filing of a complaint under section 11 of the Shipping Act of 1984 (46 U.S.C. 41301-41302, 41305-41307(a)) and §502.62, or by filing of a petition for investigation under §502.69.

(c) Petitions under this section shall be accompanied by the complete factual and legal presentation of petitioner as to the desired resolution of the controversy or uncertainty, or a detailed explanation why such can only be developed through discovery or evidentiary hearing.

(d) Replies to the petition shall contain the complete factual and legal presentation of the replying party as to the desired resolution, or a detailed explanation why such can only be developed through discovery or evidentiary hearing. Replies shall conform to the requirements of §502.74 and shall be served pursuant to subpart H of this part.

(e) No additional submissions will be permitted unless ordered or requested by the Commission or the presiding officer. If discovery or evidentiary hearing on the petition is deemed necessary by the parties, such must be requested in the petition or replies. Requests shall state in detail the facts to be developed, their relevance to the issues, and why discovery or hearing procedures are necessary to develop such facts.

(f)(1) A notice of filing of any petition which meets the requirements of this section shall be published in the Federal Register. The notice will indicate the time for filing of replies to
the petition. If the controversy or uncertainty is one of general public interest, and not limited to specifically named persons, opportunity for reply will be given to all interested persons including the Commission's Bureau of Enforcement.

(2) In the case of petitions involving a matter limited to specifically named persons, participation by persons not named therein will be permitted only upon grant of intervention by the Commission pursuant to §502.72.

(3) Petitions for leave to intervene shall be submitted on or before the reply date and shall be accompanied by intervenor’s complete reply including its factual and legal presentation in the matter.

(g) Petitions for declaratory order which conform to the requirements of this section will be referred to a formal docket. Referral to a formal docket is not to be construed as the exercise by the Commission of its discretion to issue an order on the merits of the petition. [Rule 68.]

§ 502.70 Amendments or supplements to pleadings.

(a) Amendments or supplements to any pleadings will be permitted or rejected, either in the discretion of the Commission if the case has not been assigned to a presiding officer for hearing, or otherwise, in the discretion of the officer designated to conduct the hearing, except that after a case is assigned for hearing, no amendment shall be allowed which would broaden the issues, without opportunity to reply to such amended pleading and to prepare for the broadened issues. The presiding officer may direct a party to state its case more fully and in more detail by way of amendment. (b) A response to an amended pleading must be filed and served in conformity with the requirements of subpart H of this part and §502.74, unless the Commission or the presiding officer directs otherwise. Amendments or supplements allowed prior to hearing will be served in the same manner as the original pleading, except that the presiding officer may authorize the service of amended complaints directly by the parties rather than by the Secretary of the Commission.

(c) Whenever by the rules in this part a pleading is required to be verified, the amendment or supplement shall also be verified. [Rule 70.]

§ 502.69 Petitions—General and fee.

(a) Except when submitted in connection with a formal proceeding, all claims for relief or other affirmative action by the Commission, including appeals from Commission staff action, except as otherwise provided in this part, shall be by written petition, which shall state clearly and concisely the petitioner’s grounds of interest in the subject matter, the facts relied upon and the relief sought, shall cite by appropriate reference the statutory provisions or other authority relied upon for relief, shall be served upon all parties named therein, and shall conform otherwise to the requirements of subpart H of this part. Replies thereto shall conform to the requirements of §502.74.

(b) Petitions shall be accompanied by remittance of a $241 filing fee. [Rule 69.]

§ 502.71 Motions for more definite statement.

If a pleading (including a complaint or counter-complaint filed pursuant to §502.62 or §502.64) to which a responsive pleading is permitted is so vague or ambiguous that a party cannot reasonably be required to frame a responsive pleading, the party may move for a more definite statement before interposing a responsive pleading. The motion shall be filed within 15 days of the pleading and shall point out the defects
§ 502.72 Petition for leave to intervene.

(a) A petition for leave to intervene may be filed in any proceeding and shall be served on existing parties by the petitioner pursuant to subpart H of this part. An additional fifteen (15) copies of the petition shall be filed with the Secretary for the use of the Commission. Upon request, the Commission will furnish a service list to any member of the public pursuant to part 503 of this chapter. The petition shall set forth the grounds for the proposed intervention and the interest and position of the petitioner in the proceeding and shall comply with the other applicable provisions of subpart H of this part, and if affirmative relief is sought, the basis for such relief. Such petition shall also indicate the nature and extent of the participation sought, e.g., the use of discovery, presentation of evidence and examination of witnesses.

(b)(1) Petitions for leave to intervene as a matter of right will only be granted upon a clear and convincing showing that:

(i) The petitioner has a substantial interest relating to the matter which is the subject of the proceeding warranting intervention; and

(ii) The proceeding may, as a practical matter, materially affect the petitioner’s interest; and

(iii) The interest is not adequately represented by existing parties to the proceeding.

(2) Petitions for intervention as a matter of Commission discretion may be granted only upon a showing that:

(i) A common issue of law or fact exists between the petitioner’s interests and the subject matter of the proceeding; and

(ii) Petitioner’s intervention will not unduly delay or broaden the scope of the proceeding, prejudice the adjudication of the rights of or be duplicative of positions of any existing party; and

(iii) The petitioner’s participation may reasonably be expected to assist in the development of a sound record.

(3) The timeliness of the petition will also be considered in determining whether a petition will be granted under paragraphs (b)(1) or (b)(2) of this section. If filed after hearings have been closed, a petition will not ordinarily be granted.

(c) In the interests of: (1) Restricting irrelevant, duplicative, or repetitive discovery, evidence or arguments; (2) having common interests represented by a spokesperson; and (3) retaining authority to determine priorities and control the course of the proceeding, the presiding officer, in his or her discretion, may impose reasonable limitations on an intervenor’s participation, e.g., the filing of briefs, presentation of evidence on selected factual issues, or oral argument on some or all of the issues.

(d) Absent good cause shown, any intervenor desiring to utilize the procedures provided by subpart L must commence doing so no later than fifteen (15) days after its petition for leave to intervene has been granted. If the petition is filed later than thirty (30) days after the date of publication in the FEDERAL REGISTER of the Commission’s Order instituting the proceeding or notice of complaint filed, petitioner will be deemed to have waived its right to utilize such procedures, unless good cause is shown for the failure to file the petition within the 30-day period. The use of subpart L procedures by an intervenor whose petition was filed beyond such 30-day period will in no event be allowed, if, in the opinion of the presiding officer, such use will result in delaying the proceeding unduly.

(e) If intervention is granted before or at a prehearing conference convened for the purpose of considering matters relating to discovery, the intervenor’s discovery matters may also be considered at that time, and may be limited
§ 502.75 Proceedings involving assessment agreements.

(a) In complaint proceedings involving assessment agreements filed under section 5(e) of the Shipping Act of 1984 (46 U.S.C. 40301(e), 40305), the Notice of Filing of Complaint and Assignment will specify a date before which the initial decision will be issued, which date will not be more than eight months from the date the complaint was filed.

(b) Any party to a proceeding conducted under this section who desires to utilize the prehearing discovery procedures provided by subpart L of this part shall commence doing so at the time it files its initial pleading, i.e., complaint, answer or petition for leave to intervene. Discovery matters accompanying complaints shall be filed with the Secretary of the Commission for service pursuant to §502.113. Answers or objections to discovery requests shall be subject to the normal provisions set forth in subpart L.

(c) Exceptions to the decision of the presiding officer, filed pursuant to §502.227, shall be filed and served no later than fifteen (15) days after the date of service of the initial decision. Replies specified in paragraph (b) of this section, any party may file and serve a reply to any written motion, pleading, petition, application, etc., permitted under this part within fifteen (15) days after the date of service thereof, unless a shorter period is fixed under §502.103.

§ 502.76 Motions.

(a) In any docketed proceeding, an application or request for an order or ruling not otherwise specifically provided for in this part shall be by motion. After the assignment of a presiding officer to a proceeding and before the issuance of his or her recommended or initial decision, all motions shall be addressed to and ruled upon by the presiding officer unless the subject matter of the motion is beyond his or her authority, in which event the matter shall be referred to the Commission. If the proceeding is not before the presiding officer, motions shall be designated as “petitions” and shall be addressed to and passed upon by the Commission.

(b) Motions shall be in writing, except that a motion made at a hearing shall be sufficient if stated orally upon the record, unless the presiding officer directs that it be reduced to writing.

(c) All written motions shall state clearly and concisely the purpose of and the relief sought by the motion, the statutory or principal authority relied upon, and the facts claimed to constitute the grounds requiring the relief requested; and shall conform with the requirements of subpart H of this part.

(d) Oral argument upon a written motion may be permitted at the discretion of the presiding officer or the Commission, as the case may be.

(e) A repetitious motion will not be entertained. [Rule 73.]
thereto shall be filed and served no later than fifteen (15) days after date of service of exceptions. In the absence of exceptions, the decision of the presiding officer shall be final within thirty (30) days from the date of service, unless within that period, a determination to review is made in accordance with the procedures outlined in §502.227. [Rule 75.]

§502.76 Brief of an amicus curiae.

(a) A brief of an amicus curiae may be filed only by leave of the Commission or the presiding officer granted on motion with notice to the parties, or at the request of the Commission or the presiding officer, except that leave shall not be required when the brief is presented by the United States or any agency or officer of the United States. The brief may be conditionally filed with the motion for leave. A brief of an amicus curiae shall be limited to questions of law or policy.

(b) A motion for leave to file an amicus brief shall identify the interest of the applicant and shall state the reasons why such a brief is desirable.

(c) Except as otherwise permitted by the Commission or the presiding officer, an amicus curiae shall file its brief within the time allowed the party whose position as to affirmance or reversal the amicus brief will support. The Commission or the presiding officer shall grant leave for a later filing only for cause shown, in which event the period within which an opposing party may answer shall be specified.

(d) A motion of an amicus curiae to participate in oral argument will be granted only in accordance with the requirements of §502.241. [Rule 76.]

Information To Assist in Filing Formal Complaint

General

Formal Docket Complaint procedures usually involve an evidentiary hearing on disputed facts. Where no evidentiary hearing on disputed facts is necessary and where all parties agree to the use of different procedures, a complaint may be processed under subpart K [Shortened Procedure] or subpart S [Informal Docket for a claim of $10,000 or less]. An application for refund or waiver of collection of freight charges due to tariff error should be filed pursuant to §502.92 and Exhibit No. 1 to subpart E. Consider also the feasibility of filing a Petition for Declaratory Order under §502.92.

Under the Shipping Act of 1984 [foreign commerce], the complaint must be filed within three (3) years from the time the cause of action accrues and may be brought against any person alleged to have violated the 1984 Act to the injury of complainant.

Because of the limitation periods, a complaint is deemed to be filed only when it is physically received at the Commission. [See §502.114]

The format of Exhibit No. 1 to subpart E must be followed and a verification must be included. [See §§502.21–502.32, 502.62 and 502.112.] The complaint must also fully describe the alleged violations of the specific section(s) of the shipping statute(s) involved and how complainant is or was directly injured as a result. An original and fifteen copies, plus a further number of copies sufficient for service upon each named respondent must be filed and the Commission will serve the other parties. [See §§502.113 and 502.118]

In addition to subpart E, some other important rules are: §502.2 (mailing address; hours); §502.7 (documents in foreign language); §502.23 (Notice of Appearance); §502.41 (parties; how designated); §502.44 (necessary and proper parties to certain complaint proceedings); and subpart H (form, execution and service of documents).

Checklist of Specific Information

The following checklist sets forth items of information which are pertinent in cases submitted to the Commission pursuant to the regulatory provisions of the shipping statutes. The list is not intended to be inclusive, nor does it indicate all of the essential allegations which may be material in specific cases.

1. Identity of complainant; if an individual, complainant’s residence; if a partnership, name of partners, business and principal place thereof; if a corporation, name, state of incorporation, and principal place of business. The same information with respect to respondents, intervenors, or others who become parties is necessary.

2. Description of commodity involved, with port of origin, destination port, weight, consignor and consignee of shipment(s), date shipped from loading port, and date received at discharge port.

3. Rate charged, with tariff authority for same, and any rule or regulation applicable thereto; the charges collected and from whom.

4. Route of shipment, including any trans-shipment; bill of lading reference.

5. Date of delivery or tender of delivery of each shipment.

6. Where the rate is challenged and comparisons are made with rates on other commodities, the form, packing, density, susceptibility to damage, tendency to contaminate other freight, value, volume of movement, competitive situation, and all matters relating to the cost of loading, unloading, and otherwise handling of respective commodities.

7. If comparisons are made between the challenged rates and rates on other routes, the allegation showing similarity of service should include at least respective distances, volumes of movement, cost of handling, and competitive conditions.

8. History of rate with reasons for previous increases or decreases of same.

9. When the complaint alleges undue prejudice or preference, the complaint should indicate what manner of undue prejudice or preference is involved, and whether to a particular person, locality, or description of traffic; how the preference or discrimination resulted and the manner in which the respondents are responsible for the same; and how complainant is damaged by the prejudice or preference, in loss of sales or otherwise.
10. Care should be exercised to differentiate between the measure of damages required in cases where prejudice or preference is charged, where the illegality of rates is charged and other situations.

11. Where a filed agreement or conduct under the agreement is challenged, all necessary provisions of the shipping statute involved must be specifically cited, showing in detail how a section was violated and how the conduct or agreement injures complainant. The complaint should be thorough and clear as to all relief complainant is requesting.

Federal Maritime Commission

§ 502.94

It appears that a particular procedure would be helpful.

(b) Where time, the nature of the proceeding, and the public interest permit, all interested parties shall have the opportunity for the submission and consideration of facts, argument, offers of settlement, or proposal of adjustment, without prejudice to the rights of the parties.

(c) No stipulation, offer, or proposal shall be admissible in evidence over the objection of any party in any hearing on the matter. [Rule 91.]

(d) As soon as practicable after the commencement of any proceeding, the presiding judge shall direct the parties or their representatives to consider the use of alternative dispute resolution, including but not limited to mediation, and may direct the parties or their representatives to consult with the Federal Maritime Commission Alternative Dispute Resolution Specialist about the feasibility of alternative dispute resolution.

(e) Any party may request that a mediator or other neutral be appointed to assist the parties in reaching a settlement. If such a request or suggestion is made and is not opposed, the presiding judge will appoint a mediator or other neutral who is acceptable to all parties, coordinating with the Federal Maritime Commission Alternative Dispute Resolution Specialist. The mediator or other neutral shall convene and conduct one or more mediation or other sessions with the parties and shall inform the presiding judge, within the time prescribed by the presiding judge, whether the dispute resolution proceeding resulted in a resolution or not, and may make recommendations as to future proceedings. If settlement is reached, it shall be submitted to the presiding judge who shall issue an appropriate decision or ruling. [Rule 91].

§ 502.92 [Reserved]

§ 502.94 Prehearing conference.

(a)(1) Prior to any hearing, the Commission or presiding officer may direct all interested parties, by written notice, to attend one or more prehearing conferences for the purpose of considering any settlement under § 502.91, formulating the issues in the proceeding and determining other matters to aid in its disposition. In addition to any offers of settlement or proposals of adjustment, there may be considered the following:

(i) Simplification of the issues;
(ii) The necessity or desirability of amendments to the pleadings;
(iii) The possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof;
(iv) Limitation on the number of witnesses;
(v) The procedure at the hearing;
(vi) The distribution to the parties prior to the hearing of written testimony and exhibits;
(vii) Consolidation of the examination of witnesses by counsel;
(viii) Such other matters as may aid in the disposition of the proceeding.

(2) The presiding officer may require, prior to the hearing, exchange of exhibits and any other material which may expedite the hearing. He or she shall assume the responsibility of accomplishing the purposes of the notice of prehearing conference so far as this may be possible without prejudice to the rights of any party.
(3) The presiding officer shall rule upon all matters presented for decision, orally upon the record when feasible, or by subsequent ruling in writing. If a party determines that a ruling made orally does not cover fully the issue presented, or is unclear, such party may petition for a further ruling thereon within ten (10) days after receipt of the transcript.

(b) In any proceeding under the rules in this part, the presiding officer may call the parties together for an informal conference prior to the taking of testimony, or may recess the hearing for such a conference, with a view to carrying out the purposes of this section. [Rule 94.]

(c) At any prehearing conference, consideration shall be given to whether the use of alternative dispute resolution would be appropriate or useful for the disposition of the proceeding whether or not there has been previous consideration of such use.

§ 502.95 Prehearing statements.

(a) Unless waiver is granted by the presiding officer, it shall be the duty of all parties to a proceeding to prepare a statement or statements at a time and in the manner to be established by the presiding officer provided that there has been reasonable opportunity for discovery. To the extent possible, joint statements should be prepared.

(b) A prehearing statement shall state the name of the party or parties on whose behalf it is presented and briefly set forth the following matters, unless otherwise ordered by the presiding officer:

(1) Issues involved in the proceeding.

(2) Facts stipulated pursuant to the procedures together with a statement that the party or parties have communicated or conferred in a good faith effort to reach stipulation to the fullest extent possible.

(3) Facts in dispute.

(4) Witnesses and exhibits by which disputed facts will be litigated.

(5) A brief statement of applicable law.

(6) The conclusion to be drawn.

(7) Suggested time and location of hearing and estimated time required for presentation of the party’s or parties’ case.

(8) Any appropriate comments, suggestions or information which might assist the parties in preparing for the hearing or otherwise aid in the disposition of the proceeding.

(c) The presiding officer may, for good cause shown, permit a party to introduce facts or argue points of law outside the scope of the facts and law outlined in the prehearing statement. Failure to file a prehearing statement, unless waiver has been granted by the presiding officer, may result in dismissal of a party from the proceeding, dismissal of a complaint, judgment against respondents, or imposition of such other sanctions as may be appropriate under the circumstances.

(d) Following the submission of prehearing statements, the presiding officer may, upon motion or otherwise, convene a prehearing conference for the purpose of further narrowing issues and limiting the scope of the hearing if, in his or her opinion, the prehearing statements indicate lack of dispute of material fact not previously acknowledged by the parties or lack of legitimate need for cross-examination and is authorized to issue appropriate orders consistent with the purposes stated in this section. [Rule 95.]

§ 502.101 Computation.

In computing any period of time under the rules in this part, the time begins with the day following the act, event, or default, and includes the last day of the period, unless it is a Saturday, Sunday, or national legal holiday, in which event the period runs until the end of the next day which is not a Saturday, Sunday, or national legal holiday. When the period of time prescribed or allowed is less than seven (7) days, intermediate Saturdays, Sundays, or national legal holidays shall be excluded from the computation. [Rule 101.]
§ 502.102 Enlargement of time to file documents.

(a) Motions for enlargement of time for the filing of any pleading or other document, or in connection with the procedures of subpart L of this part, shall set forth the reasons for the motion and be submitted at least five (5) days before the scheduled date for filing. Except for good cause shown, failure to meet this time requirement may result in summary rejection of the request. Replies to such motions shall conform to the requirements of §502.74. [Rule 102.]

(b) Such motions will be granted only under exceptional circumstances duly demonstrated in the request, and shall conform to the requirements of Subpart H of this part, except as to service if they show that the parties have received actual notice of the motion; and in relation to briefs, exceptions, and replies to exceptions, such motions shall conform to the further provisions of §§502.222 and 502.227.

(c) Upon motion made after the expiration of the scheduled date, the filing may be permitted where reasonable grounds are found for the failure to file.

(d) Replies to such motions for enlargement of time shall conform to the requirements of §502.74. [Rule 102.]

[64 FR 7808, Feb. 17, 1999]

§ 502.103 Reduction of time to file documents.

Except as otherwise provided by law and for good cause, the Commission, with respect to matters pending before it, and the presiding officer, with respect to matters pending before him or her, may reduce any time limit prescribed in the rules in this part. [Rule 103.]

[64 FR 7808, Feb. 17, 1999]

§ 502.104 Postponement of hearing.

Motions for postponement of any hearing date shall set forth the reasons for the motion, and shall conform to the requirements of subpart H of this part, except as to service if they show that parties have received such actual notice of motion. Such motions will be granted only if found necessary to prevent substantial delay, expense, detriment to the public interest or undue prejudice to a party. Such motions must be received, whether orally or in writing, at least five (5) days before the scheduled date for hearing. Except for good cause shown, failure to meet this requirement may result in summary rejection of the request. Replies to such motions shall conform to the requirements of §502.74. [Rule 104.]

§ 502.151 Exceptions to rulings of presiding officer unnecessary.

Formal exceptions to rulings of the presiding officer are unnecessary. It is sufficient that a party, at the time the ruling of the presiding officer is made or sought, makes known the action which it desires the presiding officer to take or its objection to an action taken, and its grounds therefor. [Rule 151.]

§ 502.152 Offer of proof.

[Rule 152.]

(a) Rulings of the presiding officer may not be appealed prior to or during the course of the hearing, or subsequent thereto, if the proceeding is still before him or her, except where the presiding officer shall find it necessary to allow an appeal to the Commission to prevent substantial delay, expense, or detriment to the public interest, or undue prejudice to a party.

(b) Any party seeking to appeal must file a motion for leave to appeal no later than fifteen (15) days after written notice of the ruling in question, unless the presiding officer, for good cause shown, enlarges or shortens the time. The presiding officer shall, however, have the right and duty to limit the introduction of evidence and the examination and cross-examination of witnesses when in his or her judgment, such evidence or examination is cumulative or is productive of undue delay in the conduct of the hearing. [Rule 154.]

Statistical exhibits shall contain a short commentary explaining the conclusions which the offeror draws from the data. Any portion of such testimony which is argumentative shall be excluded. Where written statements are used, copies of the statement and any rebuttal statement shall be furnished to all parties, as shall copies of exhibits. The presiding officer shall fix respective dates for the exchange of such written rebuttal statements and exhibits in advance of the hearing to enable study by the parties of such testimony. Thereafter, the parties shall endeavor to stipulate as many of the facts set forth in the written testimony as they may be able to agree upon. Oral examination of witnesses shall thereafter be confined to facts which remain in controversy, and a reading of the written statements at the hearing will be dispensed with unless the presiding officer otherwise directs.

(b) Where a formal hearing is held in a rulemaking proceeding, interested persons will be afforded an opportunity to participate through submission of relevant, material, reliable and probative written evidence properly verified, except that such evidence submitted by persons not present at the hearing will not be made a part of the record if objected to by any party on the ground that the person who submits the evidence is not present for cross-examination. [Rule 160]

[Rule 161]

(2) The Office of Management and Budget has interpreted this provision as being applicable to proceedings before the Commission and its administrative law judges. (Guidelines, 38 FR 12851, May 16, 1973.)

(3) The Commission interprets section 11 and the OMB guidelines as follows:

(i) Future contracts between the Commission and the successfully bidding recording firm will provide that any party to a Commission proceeding or other interested person (hereinafter included within the meaning of “party”) shall be able to obtain a copy of the transcript of the proceeding in which it is involved at the actual cost of duplication of the original transcript, which includes a reasonable amount for overhead and profit, except where it requests delivery of copies in a shorter period of time than is required for delivery by the Commission.

(ii) The Commission will bear the full expense of transcribing all of its administrative proceedings where it requests regular delivery service (as set forth in the Contract). In cases where the Commission requests daily delivery of transcript copies (as set forth in the Contract), any party may receive daily delivery service at the actual cost of duplication.

(iii)(A) Where the Commission does not request daily copy service, any party requesting such service must bear the incremental cost of transcription above the regular copy transcription cost borne by the Commission, in addition to the actual cost of duplication, except that where the party applies for and properly shows that the furnishing of daily copy is indispensable to the protection of a vital right or interest in achieving a fair hearing, the presiding officer in the proceeding in which the application is made shall order that daily copy service be provided the applying party at the actual cost of duplication, with the full cost of transcription being borne by the Commission.

(B) In the event a request for daily copy is denied by the presiding officer, the requesting party, in order to obtain daily copy, must pay the cost of transcription over and above that borne by the Commission, i.e., the incremental

Motions made after the hearing to correct the record shall be filed with the presiding officer within twenty-five (25) days after the last day of hearing or any session thereof, unless otherwise directed by the presiding officer, and shall be served on all parties. Such motions may be in the form of a letter. If no objections are received within ten (10) days after date of service, the transcript will, upon approval of the presiding officer, be changed to reflect such corrections. If objections are received, the motion will be acted upon with due consideration of the stenographic record of the hearing. [Rule 166.]

§ 502.167 Objection to public disclosure of information.

Upon objection to public disclosure of any information sought to be elicited during a hearing, the presiding officer may in his or her discretion order that the witness shall disclose such information only in the presence of those designated and sworn to secrecy by the presiding officer. The transcript of testimony shall be held confidential. Copies of said transcript need be served only upon the parties to whose representatives the information has been disclosed and upon such other parties as the presiding officer may designate. This rule is subject to the proviso that any information given pursuant thereto, may be used by the presiding officer or the Commission if deemed necessary to a correct decision in the proceeding. This will close the record for decision unless the presiding officer determines that the record is insufficient and orders the submission of additional evidentiary materials. [Rule 184.]

§ 502.185 Service of memoranda upon and by interveners.

Service of all memoranda shall be made upon any interveners. Interveners shall file and serve memorandum in conformity with the provisions relating to the parties on whose behalf they intervene. [Rule 185.]

§ 502.186 Contents of memoranda.

The memorandum should contain concise arguments and fact, the same as would be offered if a formal hearing were held and briefs filed. If reparation is sought, paid freight bills should accompany complainant's original memorandum. [Rule 186.]

§ 502.187 Procedure after filing of memoranda.

An initial, recommended, or tentative decision will be served upon the parties in the same manner as is provided under §502.225. Thereafter, the procedure will be the same as that in respect to proceedings after formal hearing. [Rule 187.]

§ 502.201 General provisions governing discovery.

(a) Applicability. The procedures described in this subpart are available in all adjudicatory proceedings under the Shipping Act of 1984. Unless otherwise ordered by the presiding officer, the copy requirements of §502.118(b)(2)(i) shall be observed.

(b) Schedule of use—(1) Complaint proceedings. Any party desiring to use the procedures provided in this subpart shall commence doing so at the time it files its initial pleading, e.g., complaint, answer or petition for leave to intervene. Discovery matters accompanying complaints shall be filed with the Secretary of the Commission for service pursuant to §502.113.

(2) Commission instituted proceedings. All parties desiring to use the procedures provided in this subpart shall commence to do so within 30 days of the service of the Commission's order initiating the proceeding.

(3) Commencement of discovery. The requirement to commence discovery under paragraphs (b)(1) and (b)(2) of this section shall be deemed satisfied when a party serves any discovery request under this subpart upon a party or person from whom a response is deemed necessary by the party commencing discovery. A schedule for further discovery pursuant to this subpart shall be established at the conference of the parties pursuant to paragraph (d) of this section.

(c) Completion of discovery. Discovery shall be completed within 120 days of the service of the complaint or the Commission's order initiating the proceeding.

(d) Duty of the parties to meet or confer. In all proceedings in which the procedures of this subpart are used, it shall be the duty of the parties to meet or confer within fifteen (15) days after service of the answer to a complaint or after service of the discovery requests in a Commission-instituted proceeding in order to: establish a schedule for the completion of discovery within the 120-day period prescribed in paragraph (c) of this section; resolve to the fullest
extent possible disputes relating to discovery matters; and expedite, limit, or eliminate discovery by use of admissions, stipulations and other techniques. The schedule shall be submitted to the presiding officer not later than five (5) days after the conference. Nothing in this rule should be construed to preclude the parties from meeting or conferring at an earlier date.

(e) Submission of status reports and requests to alter schedule. The parties shall submit a status report concerning their progress under the discovery schedule established pursuant to paragraph (d) of this section not later than thirty (30) days after submission of such schedule to the presiding officer and at 30-day intervals thereafter, concluding on the final day of the discovery schedule, unless the presiding officer otherwise directs. Requests to alter such schedule beyond the 120-day period shall set forth clearly and in detail the reasons why the schedule cannot be met. Such requests may be submitted with the status reports unless an event occurs which makes adherence to the schedule appear to be impossible, in which case the requests shall be submitted promptly after occurrence of such event.

(f) Conferences by order of the presiding officer. The presiding officer may at any time order the parties or their attorneys to participate in a conference at which the presiding officer may direct the proper use of the procedures of this subpart or make such orders as may be necessary to resolve disputes with respect to discovery and to prevent delay or undue inconvenience. When a reporter is not present and oral rulings are made at a conference held pursuant to this paragraph or paragraph (g) of this section, the parties shall submit to the presiding officer as soon as possible but within three (3) work days, unless the presiding officer grants additional time, a joint memorandum setting forth their mutual understanding as to each ruling on which they agree and, as to each ruling on which their understandings differ, the individual understandings of each party. Thereafter, the presiding officer shall issue a written order setting forth such rulings.

(g) Resolution of disputes. After making every reasonable effort to resolve discovery disputes, a party may request a conference or rulings from the presiding officer on such disputes. Such rulings shall be made orally upon the record when feasible and/or by subsequent ruling in writing. If necessary to prevent undue delay or otherwise facilitate conclusion of the proceeding, the presiding officer may order a hearing to commence before the completion of discovery.

(h) Scope of examination. Persons and parties may be examined regarding any matter, not privileged, which is relevant to the subject matter involved in the proceeding, whether it relates to the claim or defense of the examining party or to the claim or defense of any other party, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things, and the identity and location of persons having knowledge of relevant facts. It is not ground for objection that the testimony will be inadmissible at the hearing if the testimony sought appears reasonably calculated to lead to the discovery of admissible evidence.

(i) Protective orders. (1) Upon motion by a party or by the person from whom discovery is sought, and for good cause shown, the presiding officer may make any order which justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense including one or more of the following:

(i) That the discovery not be had;
(ii) That the discovery may be had only on specified terms and conditions including a designation of the time or place;
(iii) That the discovery may be had only by a method of discovery other than that selected by the party seeking discovery;
(iv) That certain matters not be inquired into, or that the scope of the discovery be limited to certain matters;
(v) That discovery may be conducted with no one present except persons designated by the presiding officer;
(vi) That a deposition after being sealed be opened only by order of the presiding officer;
(vii) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way;

(viii) That the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the presiding officer.

(2) If the motion for a protective order is denied in whole or in part, the presiding officer may, on such terms and conditions as are just, order that any party or person provide or permit discovery. Rulings under this paragraph shall be issued by the presiding officer at a discovery conference called under §502.201(f) or, if circumstances warrant, under such other procedure the presiding officer may establish.

(j) Supplementation of responses. A party who has responded to a request for discovery with a response that was complete when made is under no duty to supplement the party’s responses to include information thereafter acquired, except as follows:

(1) A party is under a duty seasonably to supplement responses with respect to any question directly addressed to (i) the identity and location of persons having knowledge of discoverable matters, and (ii) the identity of each person expected to be called as an expert witness at a hearing, the subject matter on which such person is expected to testify, and the substance of the testimony.

(2) A party is under a duty seasonably to amend a prior response if the party obtains information upon the basis of which (i) the party knows that the response was incorrect when made, or (ii) the party knows that the response though correct when made is no longer true and the circumstances are such that a failure to amend the response is in substance a knowing concealment.

(3) A duty to supplement responses may be imposed by order of the presiding officer or by agreement of the parties, subject to the time limitations set forth in paragraph (c) of this section or established under paragraph (e) of this section. [Rule 201.]

§ 502.202 Persons before whom depositions may be taken.

(a) Within the United States. Within the United States or within a territory or insular possession subject to the jurisdiction of the United States, depositions shall be taken before an officer authorized to administer oaths under the laws of the United States or of the place where the examination is held.

(b) In foreign countries. In a foreign country, depositions may be taken (1) on notice, before a person authorized to administer oaths in the place in which the examination is held, either under the law thereof or under the law of the United States, or (2) before a person commissioned by the Commission, and a person so commissioned shall have the power by virtue of his or her commission to administer any necessary oath and take testimony, or (3) pursuant to a letter rogatory. A commission or a letter rogatory shall be issued on application and notice and on terms that are just and appropriate. It is not requisite to the issuance of a commission or a letter rogatory that the taking of the deposition in any other manner is impracticable or inconvenient; and both a commission and a letter rogatory may be issued in proper cases. A notice or commission may designate the person before whom the deposition is to be taken either by name or descriptive title. A letter rogatory may be addressed “To the Appropriate Authority in [here name the country].” Evidence obtained in response to a letter rogatory need not be excluded merely for the reason that it is not a verbatim transcript or that the testimony was not taken under oath or for any similar departure from the requirements for depositions taken within the United States under the rules of this subpart. (See 22 CFR 92.49–92.66.)

(c) Disqualification for interest. No deposition shall be taken before a person who is a relative or employee or attorney or counsel of any of the parties, or is a relative or employee of such attorney or counsel, or is financially interested in the action.

(d) Waiver of objection. Objection to taking a deposition because of disqualification of the officer before whom it is to be taken is waived unless made before the deposition begins or as soon

§ 502.203 Depositions upon oral examination.

(a) Notice of examination. (1) A party desiring to take the deposition of any person upon oral examination shall give reasonable notice in writing to such person and to every other party to the action, pursuant to subpart H of this part. The notice shall state the time and place for taking the deposition and the name and address of each person to be examined, if known, and, if the name is not known, a general description sufficient to identify the person or the particular class or group to which the person belongs. The notice shall also contain a statement of the matters concerning which each witness will testify.

(2) The attendance of witnesses may be compelled by subpoena as provided in subpart I of this part. If a subpoena duces tecum is to be served on the person to be examined, the designation of the materials to be produced as set forth in the subpoena shall be attached to or included in the notice.

(3) All errors and irregularities in the notice or subpoena for taking of a deposition are waived unless written objection is promptly served upon the party giving the notice.

(4) Examination and cross-examination of deponents may proceed as permitted at the hearing under the provisions of §502.154.

(b) Record of examination; oath; objections. (1) The officer before whom the deposition is to be taken shall put the witness on oath and shall personally, or by someone acting under the direction and in his or her presence, record the testimony of the witness. The testimony shall be taken stenographically and transcribed unless the parties agree otherwise. All objections made at the time of the examination to the qualifications of the officer taking it, or to the evidence presented, or to the conduct of any party, and any other objection to the proceedings, shall be noted by the officer upon the deposition. Evidence objected to shall be taken subject to the objections. Objections shall be resolved at a discovery conference called under §502.201(f) or, if circumstances warrant, by such other procedure as the presiding officer may establish.

(2) In lieu of participating in the oral examination, parties served with notice of taking a deposition may transmit written interrogatories to the officer, who shall propound them to the witness and record the answers verbatim.

(3) The parties may stipulate or the presiding officer may upon motion order that a deposition be taken by telephone or other reliable device.

(c) Motion to terminate or limit examination. At any time during the taking of the deposition, on motion of any party or of the deponent and upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, the presiding officer may order the officer conducting the examination to cease forthwith from taking the deposition, or may limit the scope and manner of the taking of the deposition as provided in paragraph (b) of this section. If the order made terminates the examination, it shall be resumed thereafter only upon the order of the presiding officer. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time necessary to make a motion for an order. Rulings under this paragraph shall be issued by the presiding officer at a discovery conference called under §502.201(f) or, if circumstances warrant, by such other procedure as the presiding officer may establish.

(d) Submission to witness; changes; signing. When the testimony is fully transcribed, the deposition shall be submitted to the witness for examination and shall be read to or by the witness, unless such examination and reading are waived by the witness and by the parties. Any changes in form or substance which the witness desires to make shall be entered upon the deposition by the officer with a statement of
the reasons given by the witness for making them. The deposition shall then be signed by the witness unless the parties by stipulation waive the signing or the witness is ill or cannot be found or refuses to sign. If the deposition is not signed by the witness, the officer shall sign it and state on the record the fact of the waiver or of the illness or absence of the witness or the fact of the refusal to sign, together with the reason, if any, given therefor, and the deposition may then be used as fully as though signed, unless upon objection, the presiding officer holds that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

(e) Certification and filing by officer; copies, notice of filing. (1) The officer taking the deposition shall certify on the deposition that the witness was duly sworn by the officer and that the deposition is a true record of the testimony given by the witness. The officer shall then securely seal the deposition in an envelope endorsed with the title of the action and marked "Deposition of [here insert name of witness]" and shall promptly file it with the Secretary of the Commission by hand or registered or certified mail.

(2) Interested parties shall make their own arrangements with the officer taking the deposition for copies of the testimony and the exhibits.

(3) The party taking the deposition shall give prompt notice of its filing to all other parties.

(f) Effect of errors and irregularities. Errors and irregularities in the manner in which the testimony is transcribed or the deposition is prepared, signed, certified, sealed, endorsed, transmitted, filed, or otherwise dealt with by the officer under this section and §502.204 are waived unless a motion to suppress the deposition or some part thereof is made within ten (10) days of filing. [Rule 203.]
§ 502.206 Production of documents and things and entry upon land for inspection and other purposes.

(a) Scope. Any party may serve, pursuant to subpart H of this part, on any other party a request (1) to produce and permit the party making the request, or someone acting on its behalf, to inspect and copy any designated documents (including writings, drawings, graphs, charts, photographs, sound or video recordings, and other data compilations from which information can be obtained, translated, if necessary, by the respondent through detection devices into reasonably usable form), or to inspect and copy, test, or sample any tangible things which constitute or contain matters within the scope of § 502.203(a) and which are in the possession, custody or control of the party upon whom the request is served; or (2) to permit entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspection and measuring, surveying, photographing, testing, or sampling the property of any designated object or operation thereon, within the scope of § 502.203(a).

(b) Procedure. The request shall set forth the items to be inspected either by individual item or by category, and describe each item and category with reasonable particularity. The request shall specify a reasonable time, place, and manner of making the inspection and performing the related acts. Responses shall be served under the schedule established pursuant to § 502.201. The response shall state, with respect to each item or category, that inspection and related activities will be permitted as requested, unless the request is objected to, in which event
§ 502.207 Requests for admission.

(a)(1) A party may serve, pursuant to subpart H of this part, upon any other party a written request for the admission, for purposes of the pending action only, of the truth of any matters within the scope of §502.203(a) set forth in the request that relate to statements or opinions of fact or of the application of law to fact, including the genuineness of any documents described in the request. Copies of documents shall be served with the request unless they have been or are otherwise furnished or made available for inspection and copying. Any party desiring to serve a request as provided by this section must comply with the applicable provisions of §502.201.

(2)(i) Each matter of which an admission is requested shall be separately set forth.

(ii) The matter is admitted unless, within thirty (30) days after service of the request, or within such shorter or longer time as the presiding officer may allow pursuant to §502.201, the party to whom the request is directed serves upon the party requesting the admission a written answer or objection addressed to the matter, signed by the party or the party’s attorney. If objection is made, the reasons therefor shall be stated. The answer shall specifically deny the matter or set forth in detail the reasons why the answering party cannot truthfully admit or deny the matter. A denial shall fairly meet the substance of the requested admission, and when good faith requires that a party qualify the answer or deny only a part of the matter of which an admission is requested, the party shall specify so much of it as is true and qualify or deny the remainder.

(iii) An answering party may not give lack of information or knowledge as a reason for failure to admit or deny unless the party states that reasonable inquiry has been made and that the information known or readily obtainable is insufficient to enable the party to admit or deny. A party who considers that a matter of which an admission has been requested presents a genuine issue for trial may not, on that ground alone, object to the request; a party may, subject to the provisions of §502.207(c) deny the matter or set forth reasons why it cannot be admitted or denied.

(3) The party who has requested admissions may request rulings on the sufficiency of the answers or objections. Rulings on such requests shall be issued at a conference called under §502.201(f) or, if circumstances warrant, by such other procedure as the presiding officer may establish. Unless the presiding officer determines that an objection is justified, the presiding officer shall order that an answer be served. If the presiding officer determines that an answer does not comply with the requirements of this rule, the presiding officer may order either that the matter is admitted or that an amended answer be served. The presiding officer may, in lieu of these orders, determine that final disposition of the request be made at a prehearing conference or at a designated time prior to hearing.

(b) Effect of admission. Any matter admitted under this rule is conclusively established unless the presiding officer on motion permits withdrawal or amendment when the presentation of the merits of the action will be suberved thereby and the party who obtained the admission fails to satisfy the presiding officer that withdrawal or amendment will be prejudicial in maintaining the party's action or defense on the merits. Any admission made by a party under this rule is for the purpose of the pending proceeding only and is not an admission for any other purpose, nor may it be used against the party in any other proceeding.

(c) Expenses on failure to admit. If a party fails to admit the genuineness of
§ 502.209 Use of depositions at hearings.

(a) General. At the hearing, any part or all of a deposition, so far as admissible under the rules of evidence, may be used against any party who was present or represented at the taking of the deposition or who had due notice thereof in accordance with any one of the following provisions:

(1) Any deposition may be used by any party for the purpose of contradicting or impeaching the testimony of deponent as a witness.

(2) The deposition of a party or of anyone who at the time of taking the deposition was an officer, director, or duly authorized agent of a public or private corporation, partnership, or association which is a party, may be used by any other party for any purpose.

(3) The deposition of a witness, whether or not a party, may be used by any party for any purpose if the presiding officer finds:

(i) That the witness is dead; or

(ii) That the witness is out of the United States unless it appears that the absence of the witness was procured by the party offering the deposition; or

(iii) That the witness is unable to attend or testify because of age, sickness, infirmity, or imprisonment; or

(iv) That the party offering the deposition has been unable to procure the attendance of the witness by subpoena; or

(v) Upon application and notice, that such exceptional circumstances exist as to make it desirable, in the interest of justice and with due regard to the importance of presenting the testimony of witnesses orally in open hearing, to allow the deposition to be used.

(4) If only part of a deposition is offered in evidence by a party, any other party may require introduction of all verses, modifies, or stays such rulings within twenty (20) days of their issuance. Replies to appeals may be filed within ten (10) days. No motion for leave to appeal is necessary in such instances and no ruling of the presiding officer shall be effective until twenty (20) days from date of issuance unless the Commission otherwise directs. [Rule 208.]

§ 502.209 Use of depositions at hearings.

(a) General. At the hearing, any part or all of a deposition, so far as admissible under the rules of evidence, may be used against any party who was present or represented at the taking of the deposition or who had due notice thereof in accordance with any one of the following provisions:

(1) Any deposition may be used by any party for the purpose of contradicting or impeaching the testimony of deponent as a witness.

(2) The deposition of a party or of anyone who at the time of taking the deposition was an officer, director, or duly authorized agent of a public or private corporation, partnership, or association which is a party, may be used by any other party for any purpose.

(3) The deposition of a witness, whether or not a party, may be used by any party for any purpose if the presiding officer finds:

(i) That the witness is dead; or

(ii) That the witness is out of the United States unless it appears that the absence of the witness was procured by the party offering the deposition; or

(iii) That the witness is unable to attend or testify because of age, sickness, infirmity, or imprisonment; or

(iv) That the party offering the deposition has been unable to procure the attendance of the witness by subpoena; or

(v) Upon application and notice, that such exceptional circumstances exist as to make it desirable, in the interest of justice and with due regard to the importance of presenting the testimony of witnesses orally in open hearing, to allow the deposition to be used.

(4) If only part of a deposition is offered in evidence by a party, any other party may require introduction of all
§ 502.210

Refusal to comply with orders to answer or produce documents; sanctions; enforcement.

(a) Sanctions for failure to comply with order. If a party or an officer or duly authorized agent of a party refuses to obey an order requiring such party to answer designated questions or to produce any document or other thing for inspection, copying, or photographing or to permit it to be done, the presiding officer may make such orders in regard to the refusal as are just, and among others, the following:

(1) An order that the matters regarding which the order was made or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order;

(2) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting the disobedient party from introducing designated matters in evidence or an order that with respect to matters regarding which the order was made or any other designated fact, inferences will be drawn adverse to the person or party refusing to obey such order;

(3) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any party thereto, or rendering a judgment by default against the disobedient party.

(b) Enforcement of orders and subpoenas. In the event of refusal to obey an order or failure to comply with a subpoena, the Attorney General at the request of the Commission, or any party injured thereby may seek enforcement by a United States district court having jurisdiction over the parties. Any action with respect to enforcement of subpoenas or orders relating to depositions,
written interrogatories, or other discovery matters shall be taken within twenty (20) days of the date of refusal to obey or failure to comply. A private party shall advise the Commission five (5) days (excluding Saturdays, Sundays and legal holidays) before applying to the court of its intent to seek enforcement of such subpoena and discovery orders.

(c) Persons and documents located in a foreign country. Orders of the presiding officer directed to persons or documents located in a foreign country shall become final orders of the Commission unless an appeal to the Commission is filed within ten (10) days after date of issuance of such orders or unless the Commission on its own motion reverses, modifies, or stays such rulings within twenty (20) days of their issuance. Replies to appeals may be filed within ten (10) days. No motion for leave to appeal is necessary in such instances and no orders of the presiding officer shall be effective until twenty (20) days from date of issuance unless the Commission otherwise directs. [Rule 210.]

§ 502.221 Briefs; requests for findings.  
(a) The presiding officer shall fix the time and manner of filing briefs and any enlargement of time. The period of time allowed shall be the same for all parties unless the presiding officer, for good cause shown, directs otherwise.

(b) Briefs shall be served upon all parties pursuant to subpart H of this part.

(c) In investigations instituted on the Commission’s own motion, the presiding officer may require the Bureau of Enforcement to file a request for findings of fact and conclusions within a reasonable time prior to the filing of briefs. Service of the request shall be in accordance with the provisions of subpart H of this part.

(d) Unless otherwise ordered by the presiding officer, opening or initial briefs shall contain the following matters in separately captioned sections:

1. Introductory section describing the nature and background of the case,
2. Proposed findings of fact in serially numbered paragraphs with reference to exhibit numbers and pages of the transcript,
3. Argument based upon principles of law with appropriate citations of the authorities relied upon, and

(e) All briefs shall contain a subject index or table of contents with page references and a list of authorities cited.

(f) All briefs filed pursuant to this section shall ordinarily be limited to eighty (80) pages in length, exclusive of pages containing the table of contents, table of authorities, and certificate of service, unless the presiding officer allows the parties to exceed this limit for good cause shown and upon application filed not later than five (5) days before the time fixed for filing of such a brief or reply. [Rule 221.]

§ 502.222 Requests for enlargement of time for filing briefs.  
Requests for enlargement of time within which to file briefs shall conform to the requirements of §502.102. Except for good cause shown, such requests shall be filed and served pursuant to subpart H of this part not later than five (5) days before the expiration of the time fixed for the filing of the briefs. [Rule 222.]

§ 502.223 Decisions—Administrative law judges.  
To the administrative law judges is delegated the authority to make and serve initial or recommended decisions. All initial and recommended decisions will include a statement of findings and conclusions, as well as the reasons or basis therefor, upon all the material issues presented on the record, and the appropriate rule, order, sanction, relief, or denial thereof. Where appropriate, the statement of findings and conclusions should be numbered. Initial decisions should address only those issues necessary to a resolution of the material issues presented on the record. A copy of each decision when issued shall be served on the parties to
the proceeding. In proceedings involving overcharge claims, the presiding officer may, where appropriate, require that the carrier publish notice in its tariff of the substance of the decision. This provision shall also apply to decisions issued pursuant to subpart T of this part. [Rule 223.]

§ 502.224 Separation of functions.
The separation of functions as required by 5 U.S.C. 554(d) shall be observed in proceedings under subparts A to Q inclusive, of this part. [Rule 224.]

All final decisions will include a statement of findings and conclusions, as well as the reasons or basis therefor, upon all the material issues presented on the record, and the appropriate rule, order, sanction, relief, or denial thereof. A copy of each decision when issued shall be served on the parties to the proceeding. This provision shall also apply to decisions issued pursuant to subpart T of this part. [Rule 225.]

§ 502.226 Decision based on official notice; public documents.
(a) Official notice may be taken of such matters as might be judicially noticed by the courts, or of technical or scientific facts within the general knowledge of the Commission as an expert body, provided, that where a decision or part thereof rests on the official notice of a material fact not appearing in the evidence in the record, the fact of official notice shall be so stated in the decision, and any party, upon timely request, shall be afforded an opportunity to show the contrary.

(b) Whenever there is offered in evidence (in whole or in part) a public document, such as an official report, decision, opinion, or published scientific or economic statistical data issued by any of the executive departments (or their subdivisions), legislative agencies or committees, or administrative agencies of the Federal Government (including Government-owned corporations), or a similar document issued by a state or its agencies, and such document (or part thereof) has been shown by the offeror to be reasonably available to the public, such document need not be produced or marked for identification, but may be offered in evidence as a public document by specifying the document or relevant part thereof. [Rule 226.]

§ 502.227 Exceptions to decisions or orders of dismissal of administrative law judge; replies thereto; review of decisions or orders of dismissal by Commission; and judicial review.
(a)(1) Within twenty-two (22) days after date of service of the initial decision, unless a shorter period is fixed under §502.103, any party may file a memorandum excepting to any conclusions, findings, or statements contained in such decision, and a brief in support of such memorandum. Such exceptions and brief shall constitute one document, shall indicate with particularity alleged errors, shall indicate transcript page and exhibit number when referring to the record, and shall be served on all parties pursuant to subpart H of this part.

(2) Any adverse party may file and serve a reply to such exceptions within twenty-two (22) days after the date of service thereof, which shall contain appropriate transcript and exhibit references.

(3) Whenever the officer who presided at the reception of the evidence, or other qualified officer, makes an initial decision, such decision shall become the decision of the Commission thirty (30) days after date of service thereof (and the Secretary shall so notify the parties), unless within such 30-day period, or greater time as enlarged by the Commission for good cause shown, request for review is made in exceptions filed or a determination to review is made by the Commission on its own initiative.

(4) A decision or order of dismissal by an administrative law judge shall only be considered final for purposes of judicial review if the party has first sought review by the Commission pursuant to this section.

(5) Upon the filing of exceptions to, or review of, an initial decision, such decision shall become inoperative until the Commission determines the matter.
(6) Where exceptions are filed to, or the Commission reviews, an initial decision, the Commission, except as it may limit the issues upon notice or by rule, will have all the powers which it would have in making the initial decision. Whenever the Commission shall determine to review an initial decision on its own initiative, notice of such intention shall be served upon the parties.

(7) The time periods for filing exceptions and replies to exceptions, prescribed by this section, shall not apply to proceedings conducted under §502.75.

(b)(1) If an administrative law judge has granted a motion for dismissal of the proceeding in whole or in part, any party desiring to appeal must file such appeal no later than twenty-two (22) days after service of the ruling on the motion in question.

(2) Any adverse party may file and serve a reply to an appeal under this paragraph within twenty-two (22) days after the appeal is served.

(3) The denial of a petition to intervene or withdrawal of a grant of intervention shall be deemed to be a dismissal within the meaning of this paragraph.

(c) Whenever an administrative law judge orders dismissal of a proceeding in whole or in part, such order, in the absence of appeal, shall become the order of the Commission thirty (30) days after date of service of such order (and the Secretary shall so notify the parties), unless within such 30-day period the Commission decides to review such order on its own motion, in which case notice of such intention shall be served upon the parties.

(d) The Commission shall not, on its own initiative, review any initial decision or order of dismissal unless such review is requested by an individual Commissioner. Any such request must be transmitted to the Secretary within thirty (30) days after date of service of the decision or order. Such request shall be sufficient to bring the matter before the Commission for review.

(e) All briefs and replies filed pursuant to this section shall ordinarily be limited to fifty (50) pages in length, exclusive of pages containing the table of contents, table of authorities, and certificate of service, unless the Commission allows the parties to exceed this limit for good cause shown and upon application filed not later than five (5) days before the time fixed for filing of such a brief or reply. [Rule 227.]

§502.228 Request for enlargement of time for filing exceptions and replies thereto.

Requests for enlargement of time within which to file exceptions, and briefs in support thereof, or replies to exceptions shall conform to the applicable provisions of §502.102. Requests for extensions of these periods will be granted only under exceptional circumstances duly demonstrated in the request. Except for good cause shown, such requests shall be filed and served not later than five (5) days before the expiration of the time fixed for the filing of such documents. Any enlargement of time granted will automatically extend by the same period the date for the filing of notice or review by the Commission. [Rule 228.]

§502.229 Certification of record by presiding or other officer.

The presiding or other officer shall certify and transmit the entire record to the Commission when (a) exceptions are filed or the time therefor has expired, (b) notice is given by the Commission that the initial decision will be reviewed on its own initiative, or (c) the Commission requires the case to be certified to it for initial decision. [Rule 229.]

§502.230 Reopening by presiding officer or Commission.

(a) Motion to reopen. At any time after the conclusion of a hearing in a proceeding, but before issuance by the presiding officer of a recommended or initial decision, any party to the proceeding may file with the presiding officer a motion to reopen the proceeding for the purpose of receiving additional evidence. A motion to reopen shall be served in conformity with the requirements of subpart H and shall set forth the grounds requiring reopening of the proceeding, including material changes
§ 502.241 Oral argument.

(a) The Commission may hear oral argument either on its own motion or upon the written request of a party. If oral argument before the Commission is desired on exceptions to an initial or recommended decision, or on a motion, petition, or application, a request therefor shall be made in writing. Any party may make such a request irrespective of its filing exceptions under § 502.227. If a brief on exceptions is filed, the request for oral argument shall be incorporated in such brief. Requests for oral argument on any motion, petition, or application shall be made in the motion, petition, or application, or in the reply thereto. If the Commission determines to hear oral argument, a notice will be issued setting forth the order of presentation and the amount of time allotted to each party.

(b)(1) Requests for oral argument will be granted or denied in the discretion of the Commission.

(2) Parties requesting oral argument shall set forth the specific issues they propose to address at oral argument.

(c) Those who appear before the Commission for oral argument shall confine their argument to points of controlling importance raised on exceptions or replies thereto. Where the facts of a case are adequately and accurately dealt with in the initial or recommended decision, parties should, as far as possible, address themselves in argument to the conclusions.

(d) Effort should be made by parties taking the same position to agree in advance of the argument upon those persons who are to present their side of the case, and the names of such persons and the amount of time requested should be received by the Commission not later than ten (10) days before the date set for the argument. The fewer the number of persons making the argument the more effectively can the parties' interests be presented in the time allotted. [Rule 241.]

§ 502.242 Submission to Commission for final decision.

A proceeding will be deemed submitted to the Commission for final decision as follows: (a) If oral argument is had, the date of completion thereof, or if memoranda on points of law are permitted to be filed after argument, the last date of such filing; (b) if oral argument is not had, the last date when exceptions or replies thereto are filed, or if exceptions are not filed, the expiration date for such exceptions; (c) in the case of an initial decision, the date of notice of the Commission's intention to review the decision, if such notice is given. [Rule 242.]

§ 502.243 Participation of absent Commissioner.

Any Commissioner who is not present at oral argument and who is otherwise authorized to participate in a decision shall participate in making that decision after reading the transcript of oral argument unless he or
she files in writing an election not to participate. [Rule 243.]

Subpart O—Reparation

§ 502.251 Proof on award of reparation.

If many shipments or points of origin or destination are involved in a proceeding in which reparation is sought (See § 502.63), the Commission will determine in its decision the issues as to violations, injury to complainant, and right to reparation. If complainant is found entitled to reparation, the parties thereafter will be given an opportunity to agree or make proof respecting the shipments and pecuniary amount of reparation due before the order of the Commission awarding reparation is entered. In such cases, freight bills and other exhibits bearing on the details of all shipments, and the amount of reparation on each, need not be produced at the original hearing unless called for or needed to develop other pertinent facts. [Rule 251.]

§ 502.252 Reparation statements.

When the Commission finds that reparation is due, but that the amount cannot be ascertained upon the record before it, the complainant shall immediately prepare a statement in accordance with the approved reparation statement in Exhibit No. 1 to this subpart, showing details of the shipments on which reparation is claimed. This statement shall not include any shipments not covered by the findings of the Commission. Complainant shall forward the statement, together with the paid freight bills on the shipments, or true copies thereof, to the respondent or other person who collected the charges for checking and certification as to accuracy. Statements so prepared and certified shall be filed with the Commission for consideration in determining the amount of reparation due. Disputes concerning the accuracy of amounts may be assigned for conference by the Commission, or in its discretion referred for further hearing. [Rule 252.]

§ 502.253 Interest in reparation proceedings.

Except as to applications for refund or waiver of freight charges under § 502.271 and claims which are settled by agreement of the parties, and absent fraud or misconduct of a party, interest granted on awards of reparation in complaint proceedings instituted under the Shipping Act of 1984 will accrue from the date of injury to the date specified in the Commission order awarding reparation. Compounding will be daily from the date of injury to the date specified in the Commission order awarding reparation. Normally, the date specified within which payment must be made will be fifteen (15) days subsequent to the date of service of the Commission order. Interest shall be computed on the basis of the average monthly secondary market rate on six-month U.S. Treasury bills commencing with the rate for the month that the injury occurred and concluding with the latest available monthly U.S. Treasury bill rate at the date of the Commission order awarding reparation. The monthly secondary market rates on six-month U.S. Treasury bills for the reparation period will be summed up and divided by the number of months for which interest rates are available in the reparation period to determine the average interest rate applicable during the period. [Rule 253.]

§ 502.254 Attorney’s fees in reparation proceedings.

(a) Scope. The Commission shall, upon petition, award the complainant reasonable attorney’s fees directly related to obtaining a reparation award in any complaint proceeding under section 11 of the Shipping Act of 1984 (46 U.S.C. 41301–41302, 41305–41307(a)). For purposes of this section, “attorney’s fees” includes the fair market value of the services of any person permitted to appear and practice before the Commission in accordance with subpart B of this part, and may include compensation for services rendered the complainant in a related proceeding in
§ 502.254  

Federal court that is useful and necessary to the determination of a reparations award in the complaint proceeding.

(b) **Content of petitions.** Petitions for attorney’s fees under this section shall specify the number of hours claimed by each person representing the complainant at each identifiable stage of the proceeding, and shall be supported by evidence of the reasonableness of hours claimed and the customary fees charged by attorneys and associated legal representative in the community where the petitioner practices. Requests for additional compensation must be supported by evidence that the customary fees for the hours reasonably expended on the case would result in an unreasonable fee award.

(c) **Filing of petition.** (1) Petitions for attorney’s fees shall be filed within 30 days of a final reparation award:

(i) With the presiding officer where the presiding officer’s decision awarding reparations became administratively final pursuant to §502.227(a)(3) and §502.304(g); or

(ii) With the Commission, if exceptions were filed to, or the Commission reviewed, the presiding officer’s reparation award decision pursuant to §502.227 of this part.

(2) For purposes of this section, a reparation award shall be considered final after a decision disposing of the merits of a complaint is issued and the time for filing of court appeals has run or after a court appeal has terminated.

(d) ** Replies to petitions.** Within 20 days of filing of the petition, a reply to the petition may be filed by the respondent, addressing the reasonableness of any aspect of the petitioner’s claim. A respondent may also suggest adjustments to the claim under the criteria stated in paragraph (b) of this section.

(e) **Ruling on petitions.** Upon consideration of a petition and any reply thereto, the Commission or the presiding officer shall issue an order stating the total amount of attorney’s fees awarded. The order shall specify the hours and rate of compensation found awardable and shall explain the basis for any additional adjustments. An award order shall be served within 60 days of the date of the filing of the reply to the petition or expiration of the reply period; except that in cases involving a substantial dispute of facts critical to the award determination, the Commission or presiding officer may hold a hearing on such issues and extend the time for issuing a fee award order by an additional 30 days. The Commission or the presiding officer may adopt a stipulated settlement of attorney’s fees.

(f) In cases where the presiding officer issues an award order, appeal of that order and Commission review of that order in the absence of appeal shall be governed by the procedures of §502.227 of this part. [Rule 254.]

Formal proceedings as described in other rules of this part need not be conducted. The deciding official may, in his or her discretion, require the submission of additional information.

(g) The deciding official shall issue a decision which, pursuant to §501.21 of this chapter, shall become final ten (10) days after service of such decision, unless the Commission in its discretion chooses to review such decision within that time, or the applicant chooses to file exceptions to such decision within that time. § 502.281 Investigational policy.

The Commission has extensive regulatory duties under the various acts it is charged with administering. The conduct of investigations is essential to the proper exercise of the Commission's regulatory duties. It is the purpose of this subpart to establish procedures for the conduct of such investigations which will insure protection of the public interest in the proper and effective administration of the law. The Commission encourages voluntary cooperation in its investigations where such can be effected without delay or without prejudice to the public interest. The Commission may, in any matter under investigation, invoke any or all of the compulsory processes authorized by law. [Rule 281.]

§ 502.282 Initiation of investigations.

Commission inquiries and nonadjudicatory investigations are originated by the Commission upon its own motion when in its discretion the Commission determines that information is required for the purposes of rulemaking or is necessary or helpful in the determination of its policies or the carrying out of its duties, including whether to institute formal proceedings directed toward determining whether any of the laws which the Commission administers have been violated. [Rule 282.]

Subpart S—Informal Procedure for Adjudication of Small Claims

§ 502.301 Statement of policy.
(a) Section 11(a) of the Shipping Act of 1984 (46 U.S.C. 41301(a)) permits any person to file a complaint with the Commission claiming a violation occurring in connection with the foreign commerce of the United States and to seek reparation for any injury caused by that violation.
(b) With the consent of both parties, claims filed under this subpart in the amount of $50,000 or less will be decided by a Settlement Officer appointed by the Federal Maritime Commission Alternative Dispute Resolution Specialist, without the necessity of formal proceedings under the rules of this part. Authority to issue decisions under this subpart is delegated to the appointed Settlement Officer.
(c) Determination of claims under this subpart shall be administratively final and conclusive. [Rule 301.]

§ 502.302 Limitations of actions.
(a) Claims alleging violations of the Shipping Act of 1984 must be filed within three years from the time the cause of action accrues.
(b) A claim is deemed filed on the date it is received by the Commission. [Rule 302.]

[49 FR 44369, Nov. 6, 1984, as amended at 64 FR 7812, Feb. 17, 1999]

§ 502.304 Procedure and filing fee.

(a) A sworn claim under this subpart shall be filed in the form prescribed in Exhibit No. 1 to this subpart. Three (3) copies of this claim must be filed, together with the same number of copies of such supporting documents as may be deemed necessary to establish the claim. Copies of tariff pages need not be filed; reference to such tariffs or to pertinent parts thereof will be sufficient. Supporting documents may consist of affidavits, correspondence, bills of lading, paid freight bills, export declarations, dock or wharf receipts, or of such other documents as, in the judgment of the claimant, tend to establish the claim. The Settlement Officer may, if deemed necessary, request additional documents or information from claimants. Claimant may attach a memorandum, brief or other document containing discussion, argument, or legal authority in support of its claim. If a claim filed under this subpart involves any shipment which has been the subject of a previous claim filed with the Commission, full reference to such previous claim must be given.

(b) Claims under this subpart shall be addressed to the Office of the Secretary, Federal Maritime Commission, Washington, DC 20573. Such claims shall be accompanied by remittance of a $67 filing fee.

(c) Each claim under this subpart will be acknowledged with a reference to the Informal Docket Number assigned. The number shall consist of a numeral(s) followed by capital “I” in parentheses. All further correspondence pertaining to such claims must refer to the assigned Informal Docket Number. If the documents filed fail to establish a claim for which relief may be granted, the parties affected will be so notified in writing. The claimant may thereafter, but only if the period of limitation has not run, resubmit its claim with such additional proof as may be necessary to establish the claim. In the event a complaint has been amended because it failed to state a claim upon which relief may be granted, it will be considered as a new complaint.

(d) A copy of each claim filed under this subpart, with attachments, shall be served by the Settlement Officer on the respondent involved.

(e) Within twenty-five (25) days from the date of service of the claim, the respondent shall serve upon the claimant and file with the Commission its response to the claim, together with an indication, in the form prescribed in Exhibit No. 2 to this subpart, as to whether the informal procedure provided in this subpart is consented to. Failure of the respondent to indicate refusal or consent in its response will be conclusively deemed to indicate such consent. The response shall consist of documents, arguments, legal authorities, or precedents, or any other matters considered by the respondent to be a defense to the claim. The Settlement Officer may request the respondent to furnish such further documents or information as deemed necessary, or he or she may require the claimant to reply to the defenses raised by the respondent.

(f) If the respondent refuses to consent to the claim being informally adjudicated pursuant to this subpart, the claim will be considered a complaint under § 502.311 and will be adjudicated under subpart T of this part.

(g) Both parties shall promptly be served with the Settlement Officer’s decision which shall state the basis upon which the decision was made. Where appropriate, the Settlement Officer may require that the respondent publish notice in its tariff of the substance of the decision. This decision shall be final, unless, within thirty (30) days from the date of service of the decision, the Commission exercises its discretionary right to review the decision. The Commission shall not, on its own initiative, review any decision or order of dismissal unless such review is requested by an individual Commissioner. Any such request must be transmitted to the Secretary within thirty (30) days after date of service of the decision or order. Such request
shall be sufficient to bring the matter before the Commission for review.

(h) Within thirty (30) days after service of a final decision by a Settlement Officer, any party may file a petition for reconsideration. Such petition shall be directed to the Settlement Officer and shall act as a stay of the review period prescribed in paragraph (g) of this section. A petition will be subject to summary rejection unless it: (1) Specifies that there has been a change in material fact or in applicable law, which change has occurred after issuance of the decision or order; (2) identifies a substantive error in material fact contained in the decision or order; (3) addresses a material matter in the Settlement Officer’s decision upon which the petitioner has not previously had the opportunity to comment. Petitions which merely elaborate upon or repeat arguments made prior to the decision or order will not be received. Upon issuance of a decision or order, the review period prescribed in paragraph (g) of this section will recommence. [Rule 304.]

§ 502.305 Applicability of other rules of this part.

Except §§ 502.253 and 502.254 or as otherwise specifically provided in this subpart, the rules in subparts A through Q, inclusive, of this part do not apply to situations covered by this subpart. [Rule 305.]

The administrative law judge shall rule upon a request for oral hearing within ten (10) days of its receipt. In the event an oral hearing is ordered, it will be held in accordance with the rules applicable to other formal proceedings, as set forth in subparts A through Q of this part. [Rule 315.]

§ 502.317 Oral argument.

No oral argument will be held unless otherwise directed by the administrative law judge. [Rule 317.]

§ 502.318 Decision.

(a) The decision of the administrative law judge shall be final, unless, within twenty-two (22) days from the date of service of the decision, either party requests review of the decision by the Commission, asserting as grounds therefor that a material finding of fact or a necessary legal conclusion is erroneous or that prejudicial error has occurred, or unless, within thirty (30) days from the date of service of the decision, the Commission exercises its discretionary right to review the decision. The Commission shall not, on its own initiative, review any decision or order of dismissal unless such review is requested by an individual Commissioner. Any such request must be transmitted to the Secretary within thirty (30) days after date of service of the decision or order. Such request shall be sufficient to bring the matter before the Commission for review. [Rule 318.]

(b) If the complainant is awarded reparations pursuant to section 11 of the Shipping Act of 1984 (46 U.S.C. 41301–41302, 41305–41307(a)), attorney’s fees shall also be awarded in accordance with §502.254 of this part. [Rule 318.]

§ 502.319 Date of service and computation of time.

The date of service of documents served by the Commission shall be that which is shown in the service stamp thereon. When the period of time prescribed or allowed is ten (10) days or less, intermediate Saturdays, Sundays, and holidays shall be excluded from the computation. [Rule 319.]

§ 502.320 Service.

All claims, resubmitted claims, petitions to intervene and rulings thereon, notices of oral hearings, notices of oral arguments (if necessary), decisions of the administrative law judge, notices of review, and Commission decisions shall be served by the administrative law judge or the Commission. All other pleadings, documents and filings shall, when tendered to the Commission, evidence service upon all parties to the proceeding. Such certificate shall be in substantially the following form:

Subpart U—Alternative Dispute Resolution

Source: 66 FR 43513, Aug. 20, 2001, unless otherwise noted.

§ 502.401  Policy.

It is the policy of the Federal Maritime Commission to use alternative means of dispute resolution to the fullest extent compatible with the law and the agency’s mission and resources. The Commission will consider using ADR in all areas including workplace issues, formal and informal adjudication, issuance of regulations, enforcement and compliance, issuing and revoking licenses and permits, contract award and administration, litigation brought by or against the Commission, and other interactions with the public and the regulated community. The Commission will provide learning and development opportunities for its employees to develop their ability to use conflict resolution skills, instill knowledge of the theory and practice of ADR, and to facilitate appropriate use of ADR. To this end, all parties to matters under this part are required to consider use of a wide range of alternative means to resolve disputes at an early stage. Parties are encouraged to pursue use of alternative means through the Commission’s Office of Consumer Affairs and Dispute Resolution Services in lieu of or prior to initiating a Commission proceeding. All employees and persons who interact with the Commission are encouraged to identify opportunities for collaborative, consensual approaches to dispute resolution or rulemaking.

§ 502.402  Definitions.

(a) Alternative means of dispute resolution means any procedure that is used to resolve issues in controversy, including, but not limited to, conciliation, facilitation, mediation, factfinding, minitrials, arbitration, and use of ombuds, or any combination thereof;

(b) Award means any decision by an arbitrator resolving the issues in controversy;

(c) Dispute resolution communication means any oral or written communication prepared for the purposes of a dispute resolution proceeding, including any memoranda, notes or work product of the neutral, parties or nonparty participant; except that a written agreement to enter into a dispute resolution proceeding, or final written agreement or arbitral award reached as a result of a dispute resolution proceeding, is not a dispute resolution communication;

(d) Dispute resolution proceeding means any process in which an alternative means of dispute resolution is used to resolve an issue in controversy in which a neutral is appointed and specified parties participate;

(e) In confidence means, with respect to information, that the information is provided—

(1) With the expressed intent of the source that it not be disclosed; or

(2) Under circumstances that would create the reasonable expectation on behalf of the source that the information will not be disclosed;

(f) Issue in controversy means an issue which is material to a decision concerning a program of the Commission, and with which there is disagreement—

(1) Between the Commission and persons who would be substantially affected by the decision; or
(2) Between persons who would be substantially affected by the decision;

(g) Neutral means an individual who, with respect to an issue in controversy, functions specifically to aid the parties in resolving the controversy; and

(h) Person has the same meaning as in 5 U.S.C. 551(2).

§ 502.403 General authority.

(a) The Commission intends to consider using a dispute resolution proceeding for the resolution of an issue in controversy, if the parties agree to a dispute resolution proceeding.

(b) The Commission will consider not using a dispute resolution proceeding if—

(1) A definitive or authoritative resolution of the matter is required for precedential value, and such a proceeding is not likely to be accepted generally as an authoritative precedent;

(2) The matter involves or may bear upon significant questions of Government policy that require additional procedures before a final resolution may be made, and such a proceeding would not likely serve to develop a recommended policy for the agency;

(3) Maintaining established policies is of special importance, so that variations among individual decisions are not increased and such a proceeding would not likely reach consistent results among individual decisions;

(4) The matter significantly affects persons or organizations who are not parties to the proceeding;

(5) A full public record of the proceeding is important, and a dispute resolution proceeding cannot provide such a record; and

(6) The Commission must maintain continuing jurisdiction over the matter with authority to alter the disposition of the matter in the light of changed circumstances, and a dispute resolution proceeding would interfere with the Commission’s fulfilling that requirement.

(c) Alternative means of dispute resolution authorized under this subpart are voluntary procedures which supplement rather than limit other available agency dispute resolution techniques.

§ 502.404 Neutrals.

(a) A neutral may be a permanent or temporary officer or employee of the Federal Government or any other individual who is acceptable to the parties to a dispute resolution proceeding. A neutral shall have no official, financial, or personal conflict of interest with respect to the issues in controversy, unless such interest is fully disclosed in writing to all parties and all parties agree that the neutral may serve.

(b) A neutral who serves as a conciliator, facilitator, or mediator serves at the will of the parties.

(c) With consent of the parties, the Federal Maritime Commission Dispute Resolution Specialist will seek to provide a neutral in dispute resolution proceedings through Commission staff, arrangements with other agencies, or on a contractual basis.

(d) Fees. Should the parties choose a neutral other than an official or employee of the Commission, fees and expenses shall be borne by the parties as the parties shall agree.

§ 502.405 Confidentiality.

(a) Except as provided in paragraphs (d) and (e) of this section, a neutral in a dispute resolution proceeding shall not voluntarily disclose or through discovery or compulsory process be required to disclose any dispute resolution communication or any communication provided in confidence to the neutral, unless—

(1) All parties to the dispute resolution proceeding and the neutral consent in writing, and, if the dispute resolution communication was provided by a nonparty participant, that participant also consents in writing;

(2) The dispute resolution communication has already been made public;

(3) The dispute resolution communication is required by statute to be made public; or

(4) A court determines that such testimony or disclosure is necessary to—

(i) Prevent a manifest injustice;

(ii) Help establish a violation of law; or
(iii) Prevent harm to the public health or safety, of sufficient magnitude in the particular case to outweigh the integrity of dispute resolution proceedings in general by reducing the confidence of parties in future cases that their communications will remain confidential.

(b) A party to a dispute resolution proceeding shall not voluntarily disclose or through discovery or compulsory process be required to disclose any dispute resolution communication, unless—

(1) The communication was prepared by the party seeking disclosure;

(2) All parties to the dispute resolution proceeding consent in writing;

(3) The dispute resolution communication has already been made public;

(4) The dispute resolution communication is required by statute to be made public;

(5) A court determines that such testimony or disclosure is necessary to—

(i) Prevent a manifest injustice;

(ii) Help establish a violation of law;

or

(iii) Prevent harm to the public health and safety, of sufficient magnitude in the particular case to outweigh the integrity of dispute resolution proceedings in general by reducing the confidence of parties in future cases that their communications will remain confidential;

(6) The dispute resolution communication is relevant to determining the existence or meaning of an agreement or award that resulted from the dispute resolution proceeding or to the enforcement of such an agreement or award; or

(7) Except for dispute resolution communications generated by the neutral, the dispute resolution communication was provided to or was available to all parties to the dispute resolution proceeding.

(c) Any dispute resolution communication that is disclosed in violation of paragraph (a) or (b) of this section shall not be admissible in any proceeding relating to the issues in controversy with respect to which the communication was made.

(d) (1) The parties may agree between or amongst themselves to alternative confidential procedures for disclosures by a neutral, and shall inform the neutral before commencement of the dispute resolution proceeding of any modifications to the provisions of paragraph (a) of this section that will govern the confidentiality of the dispute resolution proceeding, in accordance with the guidance on confidentiality in federal proceedings published by the Interagency ADR Working Group and adopted by the ADR Council (http://www.financenet.gov/financenet/adr/ iadrwg/confid.pdf). If the parties do not so inform the neutral, paragraph (a) of this section shall apply.

(2) To qualify for the exemption under paragraph (j) of this section, an alternative confidential procedure under this subsection may not provide for less disclosure than the confidential procedures otherwise provided under this section.

(e) If a demand for disclosure, by way of discovery request or other legal process, is made upon a neutral regarding a dispute resolution communication, the neutral shall make reasonable efforts to notify the parties and any affected nonparty participants of the demand. Any party or affected nonparty participant who receives such notice and within 15 calendar days does not offer to defend a refusal of the neutral to disclose the requested information shall have waived any objection to such disclosure.

(f) Nothing in this section shall prevent the discovery or admissibility of any evidence that is otherwise discoverable, merely because the evidence was presented in the course of a dispute resolution proceeding.

(g) Paragraphs (a) and (b) of this section shall have no effect on the information and data that are necessary in document an agreement reached or order issued pursuant to a dispute resolution proceeding.

(h) Paragraphs (a) and (b) of this section shall not prevent the gathering of information for research or educational purposes, in cooperation with other agencies, governmental entities, or dispute resolution programs, so long as the parties and the specific issues in controversy are not identifiable.

(i) Paragraphs (a) and (b) of this section shall not prevent use of a dispute resolution communication to resolve a
dispute between the neutral in a dispute resolution proceeding and a party to or participant in such proceeding, so long as such dispute resolution communication is disclosed only to the extent necessary to resolve such dispute.

(j) A dispute resolution communication which is between a neutral and a party and which may not be disclosed under this section shall also be exempt from disclosure under 5 U.S.C. 552(b)(3).

(a)(1) Arbitration may be used as an alternative means of dispute resolution whenever all parties consent, except that arbitration may not be used when the Commission or one of its components is a party. Consent may be obtained either before or after an issue in controversy has arisen. A party may agree to—

(i) Submit only certain issues in controversy to arbitration; or

(ii) Arbitration on the condition that the award must be within a range of possible outcomes.

(2) The arbitration agreement that sets forth the subject matter submitted to the arbitrator shall be in writing. Each such arbitration agreement shall specify a maximum award that may be issued by the arbitrator and may specify other conditions limiting the range of possible outcomes.

(b) With the concurrence of the Federal Maritime Commission Dispute Resolution Specialist, binding arbitration may be used to resolve any and all disputes that could be the subject of a Commission administrative proceeding before an Administrative Law Judge. The Federal Maritime Commission Dispute Resolution Specialist may withhold such concurrence after considering the factors specified in §502.403, should the Commission’s General Counsel object to use of binding arbitration.

(c)(1) The Federal Maritime Commission Dispute Resolution Specialist will appoint an arbitrator of the parties’ choosing for an arbitration proceeding.

(2) A Commission officer or employee selected as an arbitrator by the parties and appointed by the Federal Maritime Commission Dispute Resolution Specialist shall have authority to settle an issue in controversy through binding arbitration pursuant to the arbitration agreement; provided, however, that decisions by arbitrators shall not have precedential value with respect to decisions by Administrative Law Judges or the Commission. Administrative Law Judges may be appointed as arbitrators with the concurrence of the Chief Administrative Law Judge.

(d) The arbitrator shall be a neutral who meets the criteria of 5 U.S.C. 573.

§ 502.407 Authority of the arbitrator.

An arbitrator to whom a dispute is referred may—

(a) Regulate the course of and conduct arbitral hearings;

(b) Administer oaths and affirmations;

(c) Compel the attendance of witnesses and production of evidence at the hearing under the provisions of 9 U.S.C. 7 only to the extent the Commission is otherwise authorized by law to do so; and

(d) Make awards.

§ 502.408 Conduct of arbitration proceedings.

(a) The arbitrator shall set a time and place for the hearing on the dispute and shall notify the parties not less than five days before the hearing.

(b) Any party wishing a record of the hearing shall—

(1) Be responsible for the preparation of such record;

(2) Notify the other parties and the arbitrator of the preparation of such record;

(3) Furnish copies to all identified parties and the arbitrator; and

(4) Pay all costs for such record, unless the parties agree otherwise or the arbitrator determines that the costs should be apportioned.

(c)(1) The parties to the arbitration are entitled to be heard, to present evidence material to the controversy, and to cross-examine witnesses appearing at the hearing.

(2) The arbitrator may, with the consent of the parties, conduct all or part of the hearing by telephone, television, computer, or other electronic means, if each party has an opportunity to participate.

(3) The hearing shall be conducted expeditiously and in an informal manner.
(4) The arbitrator may receive any oral or documentary evidence, except that irrelevant, immaterial, unduly repetitious, or privileged evidence may be excluded by the arbitrator.

(5) The arbitrator shall interpret and apply relevant statutory and regulatory requirements, legal precedents, and policy directives.

(d) The provisions of §502.11 regarding ex parte communications apply to all arbitration proceedings. No interested person shall make or knowingly cause to be made to the arbitrator an unauthorized ex parte communication relevant to the merits of the proceeding, unless the parties agree otherwise. If a communication is made in violation of this subsection, the arbitrator shall ensure that a memorandum of the communication is prepared and made a part of the record, and that an opportunity for rebuttal is allowed. Upon receipt of a communication made in violation of this subsection, the arbitrator may, to the extent consistent with the interests of justice and the policies underlying this subchapter, require the offending party to show cause why the claim of such party should not be resolved against such party as a result of the improper conduct.

(e) The arbitrator shall make an award within 30 days after the close of the hearing, or the date of the filing of any briefs authorized by the arbitrator, whichever date is later; unless the parties agree to some other time limit.

§ 502.409 Arbitration awards.

(a)(1) The award in an arbitration proceeding under this subchapter shall include a brief, informal discussion of the factual and legal basis for the award, but formal findings of fact or conclusions of law shall not be required.

(2) Exceptions to or an appeal of an arbitrator’s decision may not be filed with the Commission.

(b) An award entered in an arbitration proceeding may not serve as an estoppel in any other proceeding for any issue that was resolved in the proceeding. Such an award also may not be used as precedent or otherwise be considered in any factually unrelated proceeding.

§ 502.410 Representation of parties.

(a) The provisions of §502.21 apply to the representation of parties in dispute resolution proceedings, as do the provisions of §502.27 regarding the representation of parties by nonattorneys.

(b) A neutral in a dispute resolution proceeding may require participants to demonstrate authority to enter into a binding agreement reached by means of a dispute resolution proceeding.

§ 502.411 Mediation and other alternative means of dispute resolution.

(a) Parties are encouraged to utilize mediation or other forms of alternative dispute resolution in all formal proceedings. The Commission also encourages those with disputes to pursue mediation in lieu of, or prior to, the initiation of a Commission proceeding.

(b) Any party may request, at any time, that a mediator or other neutral be appointed to assist the parties in reaching a settlement. If such a request is made in a proceeding assigned to an Administrative Law Judge, the provisions of §502.91 apply. For all other matters, alternative dispute resolution services may be requested directly from the Federal Maritime Commission Alternative Dispute Resolution Specialist, who may serve as the neutral if the parties agree or who will arrange for the appointment of a neutral acceptable to all parties.

(c) The neutral shall convene and conduct mediation or other appropriate dispute resolution proceedings with the parties.

(d) Ex parte Communications. Except with respect to arbitration, the provisions of §502.11 do not apply to dispute resolution proceedings, and mediators are expressly authorized to conduct private sessions with parties.

§ 502.501 General provisions.

(a) Purpose. The Equal Access to Justice Act, 5 U.S.C. 504 (“EAJA”), provides for the award of attorney fees and
Federal Maritime Commission § 502.501

other expenses to eligible individuals and entities who are parties to certain administrative proceedings (called “adversary adjudications”) before the Federal Maritime Commission (“the Commission”). An eligible party may receive an award when it prevails over an agency, unless the agency’s position was substantially justified or special circumstances make an award unjust. The rules in this subpart describe the parties eligible for awards and the proceedings that are covered. They also explain how to apply for awards, and the procedures and standards that the Commission will use to make them.

(b) When EAJA applies. EAJA applies to any adversary adjudication:

(1) Pending or commenced before the Commission on or after August 5, 1985;
(2) Commenced on or after October 1, 1984, and finally disposed of before August 5, 1985, provided that an application for fees and expenses, as described in §502.502 of this subpart, has been filed with the Commission within 30 days after August 5, 1985; or
(3) Pending on or commenced on or after October 1, 1981, in which an application for fees and other expenses was timely filed and was dismissed for lack of jurisdiction.

(c) Proceedings covered. EAJA applies to adversary adjudications conducted by the Commission under this part. These are adjudications under 5 U.S.C. 554 in which the position of this or any other agency of the United States, or any component of any agency, is presented by an attorney or other representative who enters an appearance and participates in the proceeding.

(ii) Any proceeding in which the Commission may prescribe a lawful present or future rate is not covered by the Act.

(iii) Proceedings to grant or renew licenses are also excluded, but proceedings to modify, suspend, or revoke licenses are covered if they are otherwise “adversary adjudications.”

(2) The Commission’s failure to identify a type of proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes the proceeding is covered by the EAJA; whether the proceeding is covered will then be an issue for resolution in proceedings on the application.

(3) If a proceeding includes both matters covered by EAJA and matters specifically excluded from coverage, any award made will include only fees and expenses related to covered issues.

(d) Eligibility of applicants. (1) To be eligible for an award of attorney fees and other expenses under EAJA, the applicant must be a party to the adversary adjudication for which it seeks an award. The term “party” is defined in 5 U.S.C. 551(3). The applicant must show that it meets all conditions of eligibility set out in this section and §502.502.

(2) The types of eligible applicants are:

(i) An individual with a net worth of not more than $2 million;
(ii) The sole owner of an unincorporated business who has a net worth of not more than $7 million, including both personal and business interests, and not more than 500 employees;
(iii) A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with not more than 500 employees;
(iv) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with not more than 500 employees; and
(v) Any other partnership, corporation, association, unit of local government, or organization with a net worth of not more than $7 million and not more than 500 employees.

(vi) For purposes of paragraph (e)(3) of this section, a small entity as defined in 5 U.S.C. 601.

(3) For the purpose of eligibility, the net worth and number of employees of an applicant shall be determined as of the date the proceeding was initiated.

(4) An applicant who owns an unincorporated business will be considered as an “individual” rather than a “sole owner of an unincorporated business” if the issues on which the applicant prevails are related primarily to personal interests rather than to business interests.

(5) The employees of an applicant include all persons who regularly perform services for remuneration for the
applicant, under the applicant’s direction and control. Part-time employees shall be included on a proportional basis.

(6) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility. Any individual corporation or other entity that directly or indirectly controls or owns a majority of the voting shares or other interests of the applicant, or any corporation or other entity of which the applicant directly or indirectly owns or controls a majority of the voting shares or other interests, will be considered an affiliate for purposes of this subpart, unless the adjudicative officer determines that such treatment would be unjust and contrary to the purposes of EAJA in light of the actual relationship between the affiliated entities. In addition, the adjudicative officer may determine that financial relationships of the applicant other than those described in this paragraph constitute special circumstances that would make an award unjust.

(7) An applicant that participates in a proceeding primarily on behalf of one or more other persons or entities that would be ineligible is not itself eligible for an award.

(e) Standards for awards. (1) A prevailing applicant may receive an award for fees and expenses incurred in connection with a proceeding or in a significant and discrete substantive portion of the proceeding, unless the position of the agency over which the applicant has prevailed was substantially justified. The position of the agency includes, in addition to the position taken by the agency in the adversary adjudication, the action or failure to act by the agency upon which the adversary adjudication is based. The burden of proof that an award should not be made to an eligible prevailing applicant is on agency counsel.

(2) An award will be reduced or denied if the applicant has unduly or unreasonably protracted the proceeding or if special circumstances make the award sought unjust.

(3) In an adversary adjudication arising from a Commission action to enforce a party’s compliance with a statutory or regulatory requirement, if the demand by the Commission is substantially in excess of the decision of the presiding officer and is unreasonable under the facts and circumstances of the case, the presiding officer shall award to the party fees and other expenses related to defending against the excessive demand, unless the party has committed a willful violation of law or otherwise acted in bad faith, or special circumstances make an award unjust.

(f) Allowable fees and expenses. (1) Awards will be based on rates customarily charged by the persons engaged in the business of acting as attorneys, agents and expert witnesses, even if the services were made available without charge or at a reduced rate to the applicant.

(2) No award for the fee of an attorney or agent under this subpart may exceed $125 per hour. No award to compensate an expert witness may exceed the highest rate at which the Commission pays expert witnesses. However, an award may also include the reasonable expenses of the attorney, agent, or witness as a separate item, if the attorney, agent or witness ordinarily charges clients separately for such expenses.

(3) In determining the reasonableness of the fee sought for an attorney, agent or expert witness, the adjudicative officer shall consider the following:

(i) If the attorney, agent or witness is in private practice, his or her customary fees for similar services, or, if an employee of the applicant, the fully allocated costs of the services;

(ii) The prevailing rate for similar services in the community in which the attorney, agent or witness ordinarily performs services;

(iii) The time actually spent in the representation of the applicant;

(iv) The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and

(v) Such other factors as may bear on the value of the services provided.

(4) The reasonable cost of any study, analysis, engineering report, test project or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the services does not exceed the prevailing rate for similar services, and the study or
Federal Maritime Commission

other matter was necessary for preparation of applicant’s case.

(g) Awards against other agencies. If an applicant is entitled to an award because it prevails over another agency of the United States that participates in a proceeding before the Commission and takes a position that is not substantially justified, the award or an appropriate portion of the award shall be made against that agency. [Rule 501.]

§ 502.502 Information required from applicants.

(a) Contents of petition. (1) An application for an award of fees and expenses under EAJA shall be by petition under § 502.69 of this part, shall clearly indicate that the application is made under EAJA, and shall identify the applicant and the proceeding (including docket number) for which an award is sought. The application shall show that the applicant has prevailed and identify the position of an agency or agencies that the applicant alleges was not substantially justified. Unless the applicant is an individual, the application shall also state the number of employees of the applicant and describe briefly the type and purpose of its organization or business.

(2) The petition shall also include a statement that the applicant’s net worth does not exceed $2 million (if an individual) or $7 million (for all other applicants, including their affiliates). However, an applicant may omit this statement if:

(i) It attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) or, in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the applicant’s belief that it qualifies under such section; or

(ii) It states that it is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141(a)).

(3) The petition shall state the amount of fees and expenses for which an award is sought.

(4) The petition may also include any other matters that the applicant wishes the Commission to consider in determining whether and in what amount an award should be made.

(5) The petition shall be signed by the applicant or an authorized officer or attorney of the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application is true and correct.

(b) Net worth exhibit. (1) Each applicant except a qualified tax-exempt organization or cooperative association must provide with its petition a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in §502.501(d)(6) of this subpart) when the proceeding was initiated. The exhibit may be in any form convenient to the applicant that provides full disclosure of the applicant’s and its affiliates’ assets and liabilities and is sufficient to determine whether the applicant qualifies under the standards in this subpart. The adjudicative officer may require an applicant to file additional information to determine its eligibility for an award.

(2) Ordinarily, the net worth exhibit will be included in the public record of the proceeding. However, an applicant that objects to public disclosure of information in any portion of the exhibit and believes there are legal grounds for withholding it from disclosure may submit that portion of the exhibit directly to the adjudicative officer in a sealed envelope labeled “Confidential Financial Information,” accompanied by a motion to withhold the information from public disclosure. The motion shall describe the information sought to be withheld and explain, in detail, why it falls within one or more of the specific exemptions from mandatory disclosure under the Freedom of Information Act, 5 U.S.C. 552(b)(1)–(9), why public disclosure of the information would adversely affect the applicant, and why disclosure is not required in the public interest. The material in question shall be served on counsel representing the agency against which the applicant seeks an award, but need not be served on any other party to the proceeding. If the
§ 502.503 Procedures for considering petitions.

(a) Filing and service of documents. (1) Any petition for an award or other pleading or document related to a petition shall be filed and served on all parties to the proceeding in the same manner as other pleadings in the proceeding, except as provided in §502.502(b)(2) (confidential financial information).

(2) The petition and all other pleadings or documents related to the petition will be referred to an Administrative Law Judge to initially decide the matter as adjudicative officer.

(b) Reply to petition. (1) Within 30 days after service of a petition, counsel representing the agency against which an award is sought may file a reply to the petition. Unless counsel requests an extension of time for filing or files a statement of intent to negotiate under paragraph (b)(2) of this section, failure to file a reply within the 30-day period may be treated as a consent to the award requested.

(2) If agency counsel and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing a reply for an additional 30 days, and further extension may be granted by the adjudicative officer upon request by agency counsel and the applicant.

(3) The reply shall explain in detail any objections to the award requested and identify the facts relied on in support of counsel’s position. If the reply is based on any alleged facts not already in the record of the proceeding, agency counsel shall include with the reply either supporting affidavits or a
§ 502.503

request for further proceedings under paragraph (f) of this section.

(c) Response to reply. Within 15 days after service of a reply, the applicant may file a response. If the response is based on any alleged facts not already in the record of the proceeding, the applicant shall include with the response either supporting affidavits or a request for further proceedings under paragraph (f) of this section.

(d) Comments by other parties. Any party to a proceeding other than the applicant and agency counsel may file comments on an application within 30 days after it is served, or on a reply, within 15 days after it is served. A commenting party may not participate further in proceedings on the application unless the adjudicative officer determines that the public interest requires such participation in order to permit full exploration of matters raised in the comments.

(e) Settlement. The applicant and agency counsel may agree on a proposed settlement of the award before final action on the application, either in connection with a settlement of the underlying proceeding, or after the underlying proceeding has been concluded in accordance with the rules of this subpart pertaining to settlement. If a prevailing party and agency counsel agree on a proposed settlement of an award before a petition is filed, the petition shall be filed with the proposed settlement.

(f) Further proceedings. (1) Ordinarily, the determination of an award will be made on the basis of the written record. However, on request of either the applicant or agency counsel, or on his or her own initiative, the adjudicative officer may order further proceedings, such as an informal conference, oral argument, additional written submissions or, as to issues other than substantial justification (such as the applicant’s eligibility or substantiation of fees and expenses), pertinent discovery or an evidentiary hearing. Such further proceedings shall be held only when necessary for full and fair resolution of the issues arising from the application, and shall be conducted as promptly as possible. Whether or not the position of the agency was substantially justified shall be determined on the basis of the administrative record, as a whole, which is made in the adversary adjudication for which fees and other expenses are sought.

(2) A request that the adjudicative officer order further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why the additional proceedings are necessary to resolve the issues.

(g) Decision. The adjudicative officer shall serve an initial decision on the application within 60 days after completion of proceedings on the application. The decision shall include written findings and conclusions on the applicant’s eligibility and status as a prevailing party, and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the agency’s position was substantially justified, whether the applicant unduly protracted the proceedings, or whether special circumstances make an award unjust. If the applicant has sought an award against more than one agency, the decision shall allocate responsibility for payment of any award made among the agencies, and shall explain the reason for the allocation made.

(h) Commission review. Either the applicant or agency counsel may seek review of the initial decision on the fee application, or the Commission may decide to review the decision on its own initiative, in accordance with §502.227 of this part. If neither the applicant nor agency counsel seeks review and the Commission does not take review on its own initiative, the initial decision on the application shall become a final decision of the Commission 30 days after it is issued. Whether to review a decision is a matter within the discretion of the Commission. If review is taken, the Commission will issue a final decision on the application or remand the application to the adjudicative officer for further proceedings.

(i) Judicial review. Judicial review of final Commission decisions on awards may be sought as provided in 5 U.S.C. 504(c)(2).
46 CFR Ch. IV (10–1–09 Edition)

§ 502.601 Purpose and scope.

The purpose of this subpart is to implement the statutory provisions of section 19 of the Merchant Marine Act, 1920 (46 U.S.C. 42101–42109), section 13 of the Shipping Act of 1984 (46 U.S.C. 41107–41109), and sections 2(c) and 3(c) of Pub. L. 89–777 (46 U.S.C. 44104) by establishing rules and regulations governing the compromise, assessment, settlement and collection of civil penalties arising under certain designated provisions of the Merchant Marine Act, 1920, the Shipping Act of 1984, Public Law 89–777, and/or any order, rule, or regulation (except for procedural rules and regulations contained in this part) issued or made by the Commission in the exercise of its powers, duties and functions under the Merchant Marine Act, 1920, the Shipping Act of 1984, or Pub. L. 89–777.

(1) Words in the plural form shall include the singular and vice versa; and words importing the masculine gender shall include the feminine and vice versa. The terms “includes” and “including” do not exclude matters not listed but which are in the same general class. The word “and” includes “or”, except where specifically stated or where the context requires otherwise. [Rule 601.]
§ 502.603 Assessment of civil penalties: Procedure; criteria for determining amount; limitations; relation to compromise.

(a) Procedure for assessment of penalty. The Commission may assess a civil penalty only after notice and opportunity for hearing. Civil penalty assessment proceedings, including settlement negotiations, shall be governed by the Commission's Rules of Practice and Procedure in this part. All settlements must be approved by the Presiding Officer. The full text of any settlement must be included in the final order of the Commission.

(b) Criteria for determining amount of penalty. In determining the amount of any penalties assessed, the Commission shall take into account the nature, circumstances, extent and gravity of the violation committed and the policies for deterrence and future compliance with the Commission's rules and regulations and the applicable statutes. The Commission shall also consider the respondent's degree of culpability, history of prior offenses, ability to pay and such other matters as justice requires.

(c) Limitations; relation to compromise. When the Commission, in its discretion, determines that policy, justice or other circumstances warrant, a civil penalty assessment proceeding may be instituted at any time for any violation which occurred within five years prior to the issuance of the order of investigation. Such proceeding may also be instituted at any time after the initiation of informal compromise procedures, except where a compromise agreement for the same violations under the compromise procedures has become effective under §502.604(e).

§ 502.604 Compromise of penalties: Relation to assessment proceedings.

(a) Scope. Except in pending civil penalty assessment proceedings provided for in §502.603, the Commission, when it has reason to believe a violation has occurred, may invite the informal compromise procedures of this section.

(b) Notice. When the Commission considers it appropriate to afford an opportunity for the compromise of a civil penalty, it will, except when otherwise authorized by the Commission, or where circumstances render it unnecessary, send a Notice and Demand Letter ("NDL") to the respondent, by registered or certified mail, or by other means reasonably calculated to give notice. The NDL will describe specific violation(s) on which the claim is based, including the particular facts, dates and other elements necessary for the respondent to identify the specific conduct constituting the alleged violation; the amount of the penalty demanded; and the names of Commission personnel with whom the demand may be discussed, if the person desires to compromise the penalty. The NDL also will state the deadlines for the institution and completion of compromise negotiations and the consequences of failure to compromise.

(c) Request for compromise. Any person receiving a NDL provided for in paragraph (b) of this section may, within the time specified, deny the violation, or submit matters explaining, mitigating or showing extenuating circumstances, as well as make voluntary disclosures of information and documents.

(d) Criteria for compromise. In addition to the factors set forth in §502.603(b), in compromising a penalty claim, the Commission may consider litigative probabilities, the cost of collecting the claim and enforcement policy.

(e) Disposition of claims in compromise procedures. (1) When a penalty is compromised and the respondent agrees to settle for that amount, a compromise agreement shall be executed. (One example of such compromise agreement is set forth as appendix A to this subpart.) This agreement, after reciting the nature of the claim, will include a statement evidencing the respondent's agreement to the compromise of the Commission’s penalty claim for the amount set forth in the agreement and will also embody an approval and acceptance provision which is to be signed by the appropriate Commission official. Upon compromise of the penalty in the agreed amount, a duplicate
original of the executed agreement shall be furnished to the respondent.

(2) Upon completion of the compromise, the Commission may issue a public notice thereof, the terms and language of which are not subject to negotiation.

(f) Relation to assessment proceedings. Except by order of the Commission, no compromise procedure shall be initiated or continued after institution of a Commission assessment proceeding directed to the same violations. Any offer of compromise submitted by the respondent pursuant to this section shall be deemed to have been furnished by the respondent without prejudice and shall not be used against the respondent in any proceeding.

(g) Delegation of compromise authority. The compromise authority set forth in this subpart is delegated to the Director, Bureau of Enforcement. [Rule 604.]

§ 502.605 Payment of penalty: Method; default.

(a) Method. Payment of penalties by the respondent is to be made by bank cashier’s check or other instrument acceptable to the Commission.

(b) All checks or other instruments submitted in payment of claims shall be made payable to the Federal Maritime Commission.

(c) Default in payment. Where a respondent fails or refuses to pay a penalty properly assessed under §502.603, or compromised and agreed to under §502.604, appropriate collection efforts will be made by the Commission, including, but not limited to referral to the Department of Justice for collection. Where such defaulting respondent is a licensed freight forwarder, such default also may be grounds for revocation or suspension of the respondent’s license, after notice and opportunity for hearing, unless such notice and hearing have been waived by the respondent in writing. [Rule 605.]

§ 503.21 Mandatory public records.

(a) The Commission, as required by the Freedom of Information Act, 5 U.S.C. 552, shall make the following materials available for public inspection and copying:

Subpart D—Requests for Records Under the Freedom of Information

SOURCE: 63 FR 53310, Oct. 5, 1998, unless otherwise noted.
§ 503.31 Records available upon written request under the Freedom of Information Act.

(a) A member of the public may request permission to inspect, copy or be provided with any Commission records not described in subpart C of this part. Such a request must:

(1) Reasonably describe the record or records sought;

(2) Be submitted in writing to the Secretary, Federal Maritime Commission, Washington, DC 20573; and

(3) Be clearly marked on the exterior with the letters “FOIA”.

(b) The Secretary shall evaluate each request in conjunction with the official having responsibility for the subject matter area and the General Counsel, and the Secretary shall determine whether or not to grant the request in accordance with the provisions of this subpart.

(c) In making any record available to a person under this subpart, the Secretary shall provide the record in any form or format requested by the person if the record is readily reproducible by the Secretary in that form or format.

(d) Certain fees may be assessed for processing of requests under this subpart as prescribed in subpart E of this part.

§ 503.32 Procedures for responding to requests made under the Freedom of Information Act.

(a) Determination to grant or deny request. Upon request by any member of the public for documents, made in accordance with the rules of this part, the Commission’s Secretary or his or her delegate in his or her absence, shall determine whether or not such request shall be granted.

(1) Such determination shall be made by the Secretary within twenty (20) days (excluding Saturdays, Sundays and legal public holidays) after receipt of such request, except as provided in paragraph (c) of this section.

(2) Upon granting a request the Secretary shall promptly make records available to the requestor. Upon denial of such a request the Secretary shall promptly notify the requestor of the determination, explain the reason for denial, give an estimate of the volume of matter denied, set forth the names and titles or positions of each person responsible for the denial of the request, and notify the party of its right to appeal that determination to the Chairman.

(iii) If, on appeal, the denial is upheld, either in whole or in part, the Chairman shall so notify the party submitting the appeal and shall notify such person of the provisions of 5 U.S.C. 552(a)(4) regarding judicial review of such determination upholding the denial. Notification shall also include the statement that the determination is that of the Chairman of the Federal Maritime Commission and the name of the Chairman.

(b) Extension of time limits. (1) In unusual circumstances, as defined in paragraph (b)(2) of this section, the time limits prescribed with respect to initial actions in response to a FOIA request or actions on appeal may be extended by written notice from the Secretary of the Commission to the person making such request, setting forth the reasons for such extension and the date on which a determination is expected to be dispatched. No such notice shall specify a date that would result in an extension for more than ten (10) working days, except as provided in paragraph (b)(3) of this section.

(2) As used in this paragraph, unusual circumstances means, but only to the extent reasonably necessary to the proper processing of the particular request:
§ 503.33 Exceptions to availability of records.

(a) Except as provided in paragraph (b) of this section, the following records may be withheld from disclosure:

(1) Records specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and which are in fact properly classified pursuant to such Executive order. Records to which this provision applies shall be deemed by the Commission to have been properly classified. This exception may apply to records in the custody of the Commission which have been transmitted to the Commission by another agency which has designated the record as nonpublic under an Executive order.

(2) Records related solely to the internal personnel rules and practices of the Commission.

(3) Records specifically exempted from disclosure by statute, provided that such statute:

(i) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request;

(ii) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request; or

(iii) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components of the agency having substantial subject matter interest therein.

(3) If the time limit is extended as prescribed under this section, and the request cannot be processed within the extended time limit, the Secretary shall notify the requestor, and either provide the requestor with an opportunity to limit the scope of the request so that it may be processed within the time limit, or provide the requestor an opportunity to arrange with the Secretary an alternative time frame for processing the request or a modified request.

(c) Aggregation of requests. Certain requests by the same requestor, or by a group of requestors acting in concert, may be aggregated:

(1) Upon the Secretary’s reasonable belief that such requests actually constitute a single request, which if not aggregated would satisfy the unusual circumstances specified in paragraph (b)(2) of this section; and

(2) If the requests involve clearly related matters.

(d) Multitrack processing of requests. The Secretary may provide for multitrack processing of requests based on the amount of time or work involved in processing requests.

(e) Expedited processing of requests. (1) The Secretary will provide for expedited processing of requests for records when:

(i) The person requesting the records can demonstrate a compelling need; or

(ii) In other cases, in the Secretary’s discretion.

(2) The term compelling need means:

(i) A failure to obtain requested records on an expedited basis under this paragraph could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; or

(ii) With respect to a request made by a person primarily engaged in disseminating information, urgency to inform the public concerning actual or alleged Federal Government activity.

(3) A demonstration of compelling need by a person making a request for expedited processing must be made in the form of a statement describing the circumstances and certified by such person to be true and correct to the best of such person’s knowledge and belief.

(4) The Secretary shall determine whether to provide expedited processing, and provide notice of the determination to the person making the request, within ten (10) working days after the date of the request.

(5) Appeal of the determination not to provide expedited processing should be sought in accordance with the provisions of paragraph (a)(3)(i) of § 503.32, and will be considered expeditiously.

(6) Any request granted expedited processing shall be processed as soon as practicable.
Federal Maritime Commission

§ 503.34

(i) Requires that the matter be withheld from the public in such a manner as to leave no discretion on the issue, or

(ii) Establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(4) Trade secrets and commercial financial information obtained from a person and privileged or confidential.

(5) Inter-agency or intra-agency memoranda or letters which would not be available by law to a party other than an agency in litigation with the Commission.

(6) Personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

(7) Records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information:

(i) Could reasonably be expected to interfere with enforcement proceedings;

(ii) Would deprive a person of a right to a fair trial or an impartial adjudication;

(iii) Could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(iv) Could reasonably be expected to disclose the identity of a confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security, intelligence investigation, information furnished by a confidential source;

(v) Would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or

(vi) Could reasonably be expected to endanger the life or physical safety of any individual.

(b) Nothing in this section authorizes withholding of information or limiting the availability of records to the public except as specifically stated in this part, nor shall this part be authority to withhold information from Congress.

(c) Any reasonably segregable portion of a record shall be provided to any person requesting such record after deletion of the portions which are exempt under this part. The amount of information deleted shall be indicated on the released portion of the record, unless including that indication would harm an interest protected by the exemption in this section under which the deletion is made. If technically feasible, the amount of the information deleted shall be indicated at the place in the record where such deletion is made.

(d) Whenever a request is made which involves access to records described in paragraph (a)(7)(i) of this section and the investigation or proceeding involves a possible violation of criminal law, and there is reason to believe that the subject of the investigation or proceeding is not aware of its pendency, and disclosure of the existence of the records could reasonably be expected to interfere with enforcement proceedings, the Commission may, during only such time as that circumstance continues, treat the records as not subject to the requirements of 5 U.S.C. 552 and this subpart.

§ 503.34 Annual report of public information request activity.

(a) On or before February 1 of each year, the Commission shall submit to the Attorney General of the United States, as required by the Attorney General, a report which shall cover the preceding fiscal year and which shall include:

(1) The number of determinations made not to comply with requests for records made to the Commission under this Subpart and the reasons for each such determination:

(2)(i) The number of appeals made by persons under §503.32, the result of such appeals, and the reason for the action upon each appeal that results in a denial of information; and

(ii) A complete list of all statutes relied upon to authorize withholding of information under §503.33(a)(3), a description of whether a court has upheld
the Commission’s decision to withhold information under each such statute, and a concise description of the scope of any information withheld;

(3) The number of requests for records pending before the Commission as of September 30 of the preceding year, and the median number of days that such requests had been pending as of that date;

(4) The number of requests for records received by the Commission and the number of requests which the Commission processed;

(5) The median number of days taken to process different types of requests;

(6) The total amount of fees collected for processing requests; and

(7) The number of full-time staff devoted to processing requests under this section, and total amount expended for processing such requests.

(b) Each such report shall be made available to the public at the Office of the Secretary, Federal Maritime Commission, Washington, D.C. 20573 and on the Commission’s web site (www.fmc.gov).

Subpart E—Fees

§ 503.41 Policy and services available.

Pursuant to policies established by Congress, the Government’s costs for services provided to identifiable persons are to be recovered by the payment of fees (Independent Offices Appropriations Act, 31 U.S.C. 9701 and Freedom of Information Reform Act of 1986, October 27, 1986, 5 U.S.C. 552). Except as otherwise noted, it is the general policy of the Commission not to waive or reduce service and filing fees contained in this chapter. In extraordinary situations, the Commission will accept requests for waivers or fee reductions. Such requests are to be made to the Secretary of the Commission at the time of the information request or the filing of documents and must demonstrate that the waiver or reduction of a fee is in the best interest of the public, or that payment of a fee would impose an undue hardship. The Secretary will notify the requestor of the decision to grant or deny the request for waiver or reduction.

(a) Upon request, the following services are available upon the payment of the fees hereinafter prescribed: except that no fees shall be assessed for search, duplication or review in connection with requests for single copies of materials described in §§ 503.11 and 503.21:

(1) Records/documents search.

(2) Duplication of records/documents.

(3) Review of records/documents.

(4) Certification of copies of records/documents.

(b) Fees shall also be assessed for the following services provided by the Commission:

(1) Placing one’s name, as an interested party, on the mailing list of a docketed proceeding.

(2) Processing nonattorney applications to practice before the Commission.

§ 503.42 Payment of fees and charges.

The fees charged for special services may be paid through the mail by check, draft, or postal money order, payable to the Federal Maritime Commission, except for charges for transcripts of hearings. Transcripts of hearings, testimony and oral argument are furnished by a nongovernmental contractor, and may be purchased directly from the reporting firm.

§ 503.43 Fees for services.

(a) Definitions. The following definitions apply to the terms when used in this subpart:

(1) Search means all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within documents. Search for material will be done in the most efficient and least expensive manner so as to minimize costs for both the agency and the requester. Search is distinguished, moreover, from review of material in order to determine whether the material is exempt from disclosure. Searches may be done manually or by computer using existing programming.

(2) Duplication means the process of making a copy of a document necessary to respond to a Freedom of Information Act or other request. Such copies can take the form of paper or
Federal Maritime Commission § 503.43

machine readable documentation (e.g., magnetic tape or disk), among others.

(3) Review means the process of examining documents located in response to a commercial use request to determine whether any portion of any document located is permitted to be withheld. It also includes processing any documents for disclosure, e.g., doing all that is necessary to excise them and otherwise prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(4) Commercial use request means a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made. In determining whether a requester properly belongs in this category, the agency must determine the use to which a requester will put the documents requested. Where the agency has reasonable cause to doubt the use to which a requester will put the records sought, or where that use is not clear from the request itself, the agency will seek additional clarification before assigning the request to a specific category.

(5) Educational institution means a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research.

(6) Non-commercial scientific institution means an institution that is not operated on a commercial basis as that term is referenced in paragraph (a)(4) of this section, and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(7) Representative of the news media means any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term news means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when they can qualify as disseminators of news) who make their products available for purchase or subscription by the general public. These examples are not intended to be all-inclusive. As traditional methods of news delivery evolve (e.g., electronic dissemination of newspapers through telecommunications services), such alternative media would be included in this category. Freelance journalists, may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization, even though not actually employed by it. A publication contract would be the clearest proof, but the agency may also look to the past publication record of a requester in making this determination.

(8) Direct costs means those expenditures which the agency actually incurs in searching for and duplicating (and in the case of commercial requester, reviewing) documents to respond to a Freedom of Information Act (“FOIA”) request. Direct costs include, for example, the salary of the employee performing the work (the basic rate of pay for the employee plus 17.5 percent of that rate to cover benefits) and the cost of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space, and heating or lighting the facility in which the records are stored.

(b) General. (1) The basic fees set forth in paragraph (c) of this section provide for documents to be mailed with postage prepaid. If copy is to be transmitted by registered, certified, air, or special delivery mail, postage therefor will be added to the basic fee. Also, if special handling or packaging is required, costs thereof will be added to the basic fee.

(2) The fees for search, duplication and review set forth in paragraph (c) of this section reflect the full allowable direct costs expected to be incurred by the agency for the service. Costs of search and review may be assessed even if it is determined that disclosure of the records is to be withheld. Cost of search may be assessed even if the
agency fails to locate the records. Requesters much reasonably describe the records sought. The following restrictions, limitations and guidelines apply to the assessment of such fees:

(i) For commercial use requesters, charges recovering full direct costs for search, review and duplication of records will be assessed.

(ii) For educational and non-commercial scientific institution requesters, no charge will be assessed for search or review of records. Charges recovering full direct costs for duplication of records will be assessed, excluding charges for the first 100 pages. To be eligible for inclusion in this category, requesters must show that the request is being made under the auspices of a qualifying institution and that the records are not sought for a commercial use, but are sought in furtherance of scholarly (if the request is from an educational institution) or scientific (if the request is from a non-commercial scientific institution) research.

(iii) For representative of the news media requesters, no charge will be assessed for search or review of records. Charges recovering full direct costs for duplication of records will be assessed, excluding charges for the first 100 pages.

(iv) For all other requesters, no charge will be assessed for review of records. Charges recovering full direct costs for search and duplication of records will be assessed excluding charges for the first 100 pages of duplication and the first two hours of search time. Requests from individuals for records about themselves, filed in a Commission system of records, will be treated under the fee provisions of the Privacy Act of 1974 which permit fees only for duplication.

(v) No fee may be charged for search, review or duplication if the costs of routine collection and processing of the fee are likely to exceed the amount of the fee.

(vi) Documents shall be furnished without any charge or at a reduced charge if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester. In determining whether a waiver or reduction of charges is appropriate the following factors will be taken into consideration:

(A) The subject of the request: Whether the subject of the requested records concerns the operations or activities of the government;

(B) The informative value of the information to be disclosed: Whether the disclosure is likely to contribute to an understanding of government operations or activities;

(C) The contribution to an understanding of the subject by the general public likely to result from disclosure: Whether disclosure of the requested information will contribute to public understanding;

(D) The significance of the contribution to public understanding: Whether the disclosure is likely to contribute significantly to public understanding of government operations or activities;

(E) The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure; and, if so

(F) The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is primarily in the commercial interest of the requester.

(vii) Whenever it is anticipated that fees chargeable under this section will exceed $25.00 and the requester has not indicated in advance a willingness to pay fees as high as anticipated, the requester will be notified of the amount of the anticipated fee. In such cases the requester will be given an opportunity to confer with Commission personnel with the object of reformulating the request to meet the needs of the requester at a lower cost.

(viii) Interest may be charged record requesters who fail to pay fees assessed. Assessment of interest may begin on the amount billed starting on the 31st day following the day on which the billing was sent. Interest will be at the rate prescribed in section 3717 of title 31 U.S.C., and will accrue from the date of the billings. Receipt of payment
by the agency will stay the accrual of interest.

(ix) Whenever it reasonably appears that a requester of records or a group of requesters is attempting to break a request down into a series of requests for the purpose of evading the assessment of fees, such requests will be aggregated and fees assessed accordingly. Multiple requests on unrelated subjects will not be aggregated.

(x) The agency may require a requester to make advance payment only when:

(A) A requester has previously failed to pay a fee charged in a timely fashion (i.e., within 30 days of the date of the billing), in which case the requester will be required to pay the full amount owed plus any applicable interest as provided above, and to make an advance payment of the full amount of the estimated fee before the agency begins to process a new request or a pending request from that requester; or

(B) The agency estimates or determines that allowable charges that a requester may be required to pay are likely to exceed $250, in which case, the agency will notify the requester of the likely cost and obtain satisfactory assurance of full payment where the requester has a history of prompt payment of FOIA fees, or will require an advance payment of an amount up to the full estimated charges in the case of requesters with no history of payment.

(xi) Unless applicable fees are paid, the agency may use the authorities of the Debt Collection Act (Pub. L. 97–365), including disclosure to consumer reporting agencies and use of collection agencies where appropriate to encourage payment.

(xii) Whenever action is taken under paragraphs (b)(2)(viii) and (b)(2)(ix) of this section, the administrative time limits prescribed in subsection (a)(6) of 5 U.S.C. 552 (i.e., 10 working days from receipt of initial requests and 20 working days from receipt of appeals from initial denial, plus permissible extensions of these time limits will begin only after the Commission has received fee payments described above.

(c) Charges for search, review, duplication and certification. (1) Records search will be performed by Commission personnel at the following rates:

(i) Search will be performed by clerical/administrative personnel at a rate of $19 per hour and by professional/executive personnel at a rate of $48 per hour.

(ii) Minimum charge for search is $19.

(2) Charges for review of records to determine whether they are exempt from disclosure under §503.33 shall be assessed to recover full costs at the rate of $79 per hour. Charges for review will be assessed only for initial review to determine the applicability of a specific exemptions to a particular record. No charge will be assessed for review at the administrative appeal level.

(3) Charges for duplication of records and documents will be assessed as follows, limited to size 8½"×14" or smaller:

(i) If performed by requesting party, at the rate of five cents per page (one side).

(ii) By Commission personnel, at the rate of five cents per page (one side) plus $19 per hour.

(iii) Minimum charge for copying is $4.75.

(iv) No charge will be made by the Commission for notices, decisions, orders, etc., required by law to be served on a party to any proceeding or matter before the Commission. No charge will be made for single copies of such Commission issuances individually requested in person or by mail.

(4) The certification and validation (with Federal Maritime Commission seal) of documents filed with or issued by the Commission will be available at $94 for each certification.

(d) To have one’s name and address placed on the mailing list of a specific docket as an interested party to receive all issuances pertaining to that docket: $9 per proceeding.

This document shall include the environmental assessment or a summary of it, and shall briefly present the reasons why the potential or proposed action, not otherwise excluded under §504.4, will not have a significant effect on the human environment and why, therefore, an environmental impact statement (EIS) will not be prepared.

(b) Petitions for review of a finding of no significant impact must be received by the Commission within ten (10) days from the date of publication of the notice of its availability in the FEDERAL REGISTER. The Commission shall review the petitions and either deny them or order prepared an EIS pursuant to §504.7. The Commission shall, within ten (10) days of receipt of the petition, serve copies of its order upon all parties who filed comments concerning the potential or proposed action or who filed petitions for review.

[64 FR 23549, May 3, 1999]

§ 504.7 Environmental impact statements.

(a) General. (1) An environmental impact statement (EIS) shall be prepared when the environmental assessment indicates that a potential or proposed action may have a significant impact upon the environment of the United States or the global commons.

(2) The EIS process will commence:
   (i) For adjudicatory proceedings, when the Commission issues an order of investigation or a complaint is filed;
   (ii) For rulemaking or legislative proposals, upon issuance of the proposal by the Commission; and
   (iii) For other actions, the time the action is noticed in the FEDERAL REGISTER.

(3) The major decision points in the EIS process are:
   (i) The issuance of an initial decision in those cases assigned to be heard by an Administrative Law Judge (ALJ); and
   (ii) The issuance of the Commission’s final decision or report on the action.

(4) The EIS shall consider potentially significant impacts upon the quality of the human environment of the United States and, in appropriate cases, upon the environment of the global commons outside the jurisdiction of any nation.
(b) Draft environmental impact statements. (1) A draft environmental impact statement (DEIS) will initially be prepared in accordance with 40 CFR part 1502.

(2) The DEIS shall be distributed to every party to a Commission proceeding for which it was prepared. There will be no fee charged to such parties. One copy per person will also be provided to interested persons at their request. The fee charged such persons shall be that provided in §503.43 of this chapter.

(3) Comments on the DEIS must be received by the Commission within ten (10) days of the date the Environmental Protection Agency (EPA) publishes in the FEDERAL REGISTER notice that the DEIS was filed with it. Sixteen copies shall be submitted as provided in §504.3(a). Comments shall be as specific as possible and may address the adequacy of the DEIS or the merits of the alternatives discussed in it. All comments received will be made available to the public. Extensions of time for commenting on the DEIS may be granted by the Commission for up to ten (10) days if good cause is shown.

(c) Final environmental impact statements. (1) After receipt of comments on the DEIS, a final environmental impact statement (FEIS) will be prepared pursuant to 40 CFR part 1502, which shall include a discussion of the possible alternative actions to a potential or proposed action. The FEIS will be distributed in the same manner as specified in paragraph (b)(2) of this section.

(2) The FEIS shall be prepared prior to the Commission’s final decision and shall be filed with the Secretary, Federal Maritime Commission. Upon filing, it shall become part of the administrative record.

(3) For any Commission action which has been assigned to an ALJ for evidentiary hearing:

(i) The FEIS shall be submitted prior to the close of the record, and

(ii) The ALJ shall consider the environmental impacts and alternatives contained in the FEIS in preparing the initial decision.

(4)(i) For all proposed Commission actions, any party may, by petition to the Commission within ten (10) days following EPA’s notice in the FEDERAL REGISTER, assert that the FEIS contains a substantial and material error of fact which can only be properly resolved by conducting an evidentiary hearing, and expressly request that such a hearing be held. Other parties may submit replies to the petition within ten (10) days of its receipt.

(ii) The Commission may delineate the issue(s) and refer them to an ALJ for expedited resolution or may elect to refer the petition to an ALJ for consideration.

(iii) The ALJ shall make findings of fact on the issue(s) and shall certify such findings to the Commission as a supplement to the FEIS. To the extent that such findings differ from the FEIS, it shall be modified by the supplement.

(iv) Discovery may be granted by the ALJ on a showing of good cause and, if granted, shall proceed on an expedited basis.

§ 504.8 Record of decision.

The Commission shall consider each alternative described in the FEIS in its decisionmaking and review process. At the time of its final report or order, the Commission shall prepare a record of decision pursuant to 40 CFR 1505.2.

§ 504.9 Information required by the Commission.

(a) Upon request, a person filing a complaint, protest, petition or agreement requesting Commission action shall submit, no later than ten (10) days from the date of the request, a statement setting forth, in detail, the impact of the requested Commission action on the quality of the human environment, if such requested action will:

(1) Alter cargo routing patterns between ports or change modes of transportation;

(2) Change rates or services for recyclables;

(3) Change the type, capacity or number of vessels employed in a specific trade; or

(4) Alter terminal or port facilities.

(b) The statement submitted shall, to the fullest extent possible, include:
§ 504.10 Time constraints on final administrative actions.

No decision on a proposed action shall be made or recorded by the Commission until the later of the following dates unless reduced pursuant to 40 CFR 1506.10(d), or unless required by a statutorily-prescribed deadline on the Commission action:

(a) Forty (40) days after EPA’s publication of the notice described in § 504.7(b) for a DEIS; or

(b) Ten (10) days after publication of EPA’s notice for an FEIS.

Sec. 505.1 Scope of regulations.

505.2 Definitions.

505.3 General.

505.4 Notification procedures.

505.5 Agency review.

505.6 Written agreement for repayment.

505.7 Administrative offset.

505.8 Jeopardy procedure.

SOURCE: 61 FR 50444, Sept. 26, 1996, unless otherwise noted.

§ 505.1 Scope of regulations.

These regulations apply to the collection of debts owed to the United States arising from transactions with the Commission, or where a request for an offset is received by the Commission from another agency. These regulations are consistent with the Federal Claims Collection Standards on administrative offset issued jointly by the Department of Justice and the General Accounting Office as set forth in 4 CFR 102.3.

§ 505.2 Definitions.

(a) Administrative offset, as defined in 31 U.S.C. 3701(a)(1), means withholding money payable by the United States
Government to, or held by the Government for, a person to satisfy a debt the person owes the Government.

(b) Person includes a natural person or persons, profit or non-profit corporation, partnership, association, trust, estate, consortium, or other entity which is capable of owing a debt to the United States Government except that agencies of the United States, or of any State or local government shall be excluded.

§ 505.3 General.

(a) The Chairman or his or her designee, after attempting to collect a debt from a person under section 3(a) of the Federal Claims Collection Act of 1966, as assembled (31 U.S.C. 3711(a)), may collect the debt by administrative offset subject to the following:

(1) The debt is certain in amount; and
(2) It is in the best interests of the United States to collect the debt by administrative offset because of the decreased costs of collection and the acceleration in the payment of the debt.

(b) The Chairman, or his or her designee, may initiate administrative offset with regard to debts owed by a person to another agency of the United States Government, upon receipt of a request from the head of another agency or his or her designee, and a certification that the debt exists and that the person has been afforded the necessary due process rights.

(c) The Chairman, or his or her designee, may request another agency that holds funds payable to a Commission debtor to offset the debt against the funds held and will provide certification that:

(1) The debt exists; and
(2) The person has been afforded the necessary due process rights.

(d) If the six-year period for bringing action on a debt provided in 28 U.S.C. 2415 has expired, then administrative offset may be used to collect the debt only if the costs of bringing such action are likely to be less than the amount of the debt.

(e) No collection by administrative offset shall be made on any debt that has been outstanding for more than 10 years unless facts material to the Government’s right to collect the debt were not known, and reasonably could not have been known, by the official or officials responsible for discovering and collecting such debt.

(f) These regulations do not apply to:

(1) A case in which administrative offset of the type of debt involved is explicitly provided for or prohibited by another statute; or
(2) Debts owed by other agencies of the United States or by any State or local government.

§ 505.4 Notification procedures.

Before collecting any debt through administrative offset, a notice of intent to offset shall be sent to the debtor or by certified mail, return receipt requested, at the most current address that is available to the Commission. The notice shall provide:

(a) A description of the nature and amount of the debt and the intention of the Commission to collect the debt through administrative offset;

(b) An opportunity to inspect and copy the records of the Commission with respect to the debt;

(c) An opportunity for review within the Commission of the determination of the Commission with respect to the debt; and

(d) An opportunity to enter into a written agreement for the repayment of the amount of the debt.

§ 505.5 Agency review.

(a) A debtor may dispute the existence of the debt, the amount of debt, or the terms of repayment. A request to review a disputed debt must be submitted to the Commission official who provided notification within 30 calendar days of the receipt of the written notice described in §505.4.

(b) If the debtor requests an opportunity to inspect or copy the Commission’s records concerning the disputed claim, 10 business days will be granted for the review. The time period will be measured from the time the request for inspection is granted or from the time the copy of the records is received by the debtor.

(c) Pending the resolution of a dispute by the debtor, transactions in any of the debtor’s account(s) maintained in the Commission may be temporarily suspended. Depending on the type of
§ 505.6 Written agreement for repayment.
A debtor who admits liability but elects not to have the debt collected by administrative offset will be afforded an opportunity to negotiate a written agreement for the repayment of the debt. If the financial condition of the debtor does not support the ability to pay in one lump-sum, reasonable installment payments may be considered. No installment arrangement will be considered unless the debtor submits a financial statement, executed under penalty of perjury, reflecting the debtor’s assets, liabilities, income, and expenses. The financial statement must be submitted within 10 business days of the Commission’s request for the statement. At the Commission’s option, a confess-judgment note or bond of indemnity with surety may be required for installment agreements. Notwithstanding the provisions of this section, any reduction or compromise of a claim will be governed by 4 CFR part 103.

§ 505.7 Administrative offset.
(a) If the debtor does not exercise the right to request a review within the time specified in §505.5 or if as a result of the review, it is determined that the debt is due and no written agreement is executed, then administrative offset shall be ordered in accordance with these regulations without further notice.
(b) Requests for offset to other Federal agencies. The Chairman or his or her designee may request that funds due and payable to a debtor by another Federal agency be administratively offset in order to collect a debt owed to the Commission by that debtor. In requesting administrative offset, the Commission, as creditor, will certify in writing to the Federal agency holding funds of the debtor:
   (1) That the debtor owes the debt;
   (2) The amount and basis of the debt; and
   (3) That the agency has complied with the requirements of 31 U.S.C. 3716, its own administrative offset regulations and the applicable provisions of 4 CFR part 102 with respect to providing the debtor with due process.
(c) Requests for offset from other Federal agencies. Any Federal agency may request that funds due and payable to its debtor by the Commission be administratively offset in order to collect a debt owed to such Federal agency by the debtor. The Commission shall initiate the requested offset only upon:
   (1) Receipt of written certification from the creditor agency:
      (i) That the debtor owes the debt;
      (ii) The amount and basis of the debt;
      (iii) That the agency has prescribed regulations for the exercise of administrative offset; and
      (iv) That the agency has complied with its own administrative offset regulations and with the applicable provisions of 4 CFR part 102, including providing any required hearing or review.
   (2) A determination by the Commission that collection by offset against funds payable by the Commission would be in the best interest of the United States as determined by the facts and circumstances of the particular case, and that such offset would not otherwise be contrary to law.

§ 505.8 Jeopardy procedure.
The Commission may effect an administrative offset against a payment to be made to the debtor prior to the completion of the procedures required by §§505.4 and 505.5 of this part if failure to take the offset would substantially jeopardize the Commission’s ability to collect the debt, and the time before the payment is to be made does not reasonably permit the completion of those procedures. Such prior offset shall be promptly followed by the completion of those procedures. Amounts recovered by offset but later found not to be owed to the Commission shall be promptly refunded.
§ 506.1 Scope and purpose.
The purpose of this Part is to establish a mechanism for the regular adjustment for inflation of civil monetary penalties and to adjust such penalties in conformity with the Federal Civil Penalties Inflation Adjustment Act of 1990 (28 U.S.C. 2461 note), as amended by the Debt Collection Improvement Act of 1996, Public Law 104–134, April 26, 1996, in order to maintain the deterrent effect of civil monetary penalties and to promote compliance with the law.

§ 506.2 Definitions.
(a) Commission means the Federal Maritime Commission.
(b) Civil Monetary Penalty means any penalty, fine, or other sanction that:
  (1)(i) Is for a specific monetary amount as provided by Federal law; or
  (ii) Has a maximum amount provided by Federal law;
  (2) Is assessed or enforced by the Commission pursuant to Federal law; and
  (3) Is assessed or enforced pursuant to an administrative proceeding or a civil action in the Federal Courts.
(c) Consumer Price Index means the Consumer Price Index for all urban consumers published by the Department of Labor.

§ 506.3 Civil monetary penalty inflation adjustment.
The Commission shall, not later than October 23, 1996, and at least once every 4 years thereafter—
(a) By regulation adjust each civil monetary penalty provided by law within the jurisdiction of the Commission by the inflation adjustment described in §506.4; and
(b) Publish each such regulation in the Federal Register.

§ 506.4 Cost of living adjustments of civil monetary penalties.
(a) The inflation adjustment under §506.3 shall be determined by increasing the maximum civil monetary penalty for each civil monetary penalty by the cost-of-living adjustment. Any increase determined under this subsection shall be rounded to the nearest:
  (1) Multiple of $10 in the case of penalties less than or equal to $100;
  (2) Multiple of $100 in the case of penalties greater than $100 but less than or equal to $1,000;
  (3) Multiple of $1,000 in the case of penalties greater than $1,000 but less than or equal to $10,000;
  (4) Multiple of $5,000 in the case of penalties greater than $10,000 but less than or equal to $100,000;
  (5) Multiple of $10,000 in the case of penalties greater than $100,000 but less than or equal to $200,000; and
  (6) Multiple of $25,000 in the case of penalties greater than $200,000.
(b) For purposes of paragraph (a) of this section, the term ‘cost-of-living adjustment’ means the percentage (if any) for each civil monetary penalty by which the Consumer Price Index for the month of June of the calendar year preceding the adjustment, exceeds the Consumer Price Index for the month of June of the calendar year in which the amount of such civil monetary penalty was last set or adjusted pursuant to law.
(c) Limitation on initial adjustment. The first adjustment of civil monetary penalty pursuant to §506.3 may not exceed 10 percent of such penalty.
(d) Inflation adjustment. Maximum Civil Monetary Penalties within the jurisdiction of the Federal Maritime Commission are adjusted for inflation as follows:

It shall be signed by the complainant or by someone authorized to do so on his or her behalf. Complaints filed on behalf of classes or third parties shall describe or identify (by name, if possible) the alleged victims of discrimination.

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

(b) The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the self-evaluation process by submitting comments (both oral and written).

(c) The agency shall, until three years following the completion of the self-evaluation, maintain on file and make available for public inspection:

The agency shall make available to employees, applicants, participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the programs or activities conducted by the agency, and make such information available to them in such manner as the head of the agency finds necessary to apprise such persons of the protections against discrimination assured them by section 504 and this regulation.

§§ 507.112–507.129 [Reserved]

§ 507.130 General prohibitions against discrimination.

(a) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

(b) (1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards;

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or
opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified handicapped persons to discrimination on the basis of handicap.

§ 507.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in §507.150, no qualified handicapped person shall, because the agency's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 507.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in
§ 507.150

the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 507.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods—(1) General. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(2) Historic preservation programs. In meeting the requirements of § 507.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to handicapped persons. In cases where a physical alteration to an historic property is not required because of § 507.150(a)(2) or (a)(3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide handicapped persons into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by October 21, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by August 22, 1989, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by February 23, 1987, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency’s facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will...

§ 507.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1614 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

§ 507.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf person (TDD's) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 507.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

Maritime Commission, 800 North Capitol Street, N.W., Washington, DC 20573.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

1. Findings of fact and conclusions of law;
2. A description of a remedy for each violation found; and
3. A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §507.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

(2) It has obtained and filed with the Commission a valid bond, proof of insurance, or other surety in conformance with §516.21.
(3) An NVOCC with a tariff and proof of financial responsibility in effect as of April 30, 1999, may continue to operate as an NVOCC without the requisite three years’ experience and necessary character to render ocean transportation intermediary services and will be provisionally licensed while the Commission reviews its application. Such person designated as the qualifying individual for a provisionally licensed NVOCC may not act as a qualifying individual for another ocean transportation intermediary until it has obtained the necessary three years’ experience in ocean transportation intermediary services.
(b) Qualifying individual. The following individuals must qualify the applicant for a license:
(1) Sole proprietorship. The applicant sole proprietor.
(2) Partnership. At least one of the active managing partners, but all partners must execute the application.

§ 515.12 Application for license.

(a) Application and forms. (1) Any person who wishes to obtain a license to operate as an ocean transportation intermediary shall submit, in duplicate, to the Director of the Commission’s Bureau of Certification and Licensing, a completed application Form FMC–18 Rev. (“Application for a License as an Ocean Transportation Intermediary”) accompanied by the fee required under §515.5(b). All applicants will be assigned an application number, and each applicant will be notified of the number assigned to its application. Notice of filing of such application shall be published in the FEDERAL REGISTER and shall state the name and address of the applicant and the name and address of the qualifying individual. If the applicant is a corporation or partnership, the names of the officers or partners thereof shall be published.

(2) An individual who is applying for a license in his or her own name must complete the following certification:

I, ______ (Name), _______ certify under penalty of perjury under the laws of the United States, that I have not been convicted, after September 1, 1989, of any Federal or state offense involving the distribution or possession of a controlled substance, or that if I have been so convicted, I am not ineligible to receive Federal benefits, either by court order or operation of law, pursuant to 21 U.S.C. 862.

(b) Rejection. Any application which appears upon its face to be incomplete or to indicate that the applicant fails to meet the licensing requirements of the Act, or the Commission’s regulations, shall be returned by certified U.S. mail or other method reasonably calculated to provide actual notice to the applicant without further processing, together with an explanation of the reason(s) for rejection, and the application fee shall be refunded in full. Persons who have had their applications returned may reapply for a license at any time thereafter by submitting a new application, together with the full application fee.

(c) Investigation. Each applicant shall be investigated in accordance with §515.13.

(d) Changes in fact. Each applicant and each licensee shall submit to the Commission, in duplicate, an amended Form FMC–18 Rev. advising of any changes in the facts submitted in the original application, within thirty (30) days after such change(s) occur. In the case of an application for a license, any unreported change may delay the processing and investigation of the application and may result in rejection or denial of the application. No fee is required when reporting changes to an application for initial license under this section.

(e) Optional method of filing Form FMC–18. In lieu of completing and filing Form FMC–18 in paper format, applications and amendments thereto may be completed and submitted to the Bureau of Certification and Licensing by using the automated FMC–18 filing system in accordance with the instructions found on the Commission’s home page, http://www.fmc.gov. A $250 fee for filing a new application and a $125 fee for filing an amended application will be assessed for filers using the automated FMC–18 filing system instead of the fees listed at §515.5(b)(1), (2).

§ 515.18
Changes in organization.

(a) The following changes in an existing licensee’s organization require prior approval of the Commission, and application for such status change or license transfer shall be made on Form FMC-18 Rev., filed in duplicate with the Commission’s Bureau of Certification and Licensing, and accompanied by the fee required under §515.5(b)(2):

(1) Transfer of a corporate license to another person;
(2) Change in ownership of a sole proprietorship;
(3) Addition of one or more partners to a licensed partnership;

(b) To whom issued. The Commission will issue a license only in the name of the applicant, whether the applicant is a sole proprietorship, a partnership, or a corporation. A license issued to a sole proprietor doing business under a trade name shall be in the name of the sole proprietor, indicating the trade name under which the licensee will be conducting business. Only one license shall be issued to any applicant regardless of the number of names under which such applicant may be doing business, and except as otherwise provided in this part, such license is limited exclusively to use by the named licensee and shall not be transferred without prior Commission approval to another person.

§ 515.15 Denial of license.

If the Commission determines, as a result of its investigation, that the applicant:

(a) Does not possess the necessary experience or character to render intermediary services;
(b) Has failed to respond to any lawful inquiry of the Commission; or
(c) Has made any materially false or misleading statement to the Commission in connection with its application; then, a letter of intent to deny the application shall be sent to the applicant by certified U.S. mail or other method reasonably calculated to provide actual notice, stating the reason(s) why the Commission intends to deny the application. If the applicant submits a written request for hearing on the proposed denial within twenty (20) days after receipt of notification, such hearing shall be granted by the Commission pursuant to its Rules of Practice and Procedure contained in part 502 of this chapter. Otherwise, denial of the application will become effective and the applicant shall be so notified by certified U.S. mail or other method reasonably calculated to provide actual notice.

§ 515.16 Revocation or suspension of license.

(a) Grounds for revocation. Except for the automatic revocation for termination of proof of financial responsibility under §515.26, or as provided in §515.25(b), a license may be revoked or suspended after notice and an opportunity for a hearing for any of the following reasons:

(1) Violation of any provision of the Act, or any other statute or Commission order or regulation related to carrying on the business of an ocean transportation intermediary;
(2) Failure to respond to any lawful order or inquiry by the Commission;
(3) Making a materially false or misleading statement to the Commission in connection with an application for a license or an amendment to an existing license;
(4) Where the Commission determines that the licensee is not qualified to render intermediary services; or
(5) Failure to honor the licensee’s financial obligations to the Commission.

(b) Notice of revocation. The Commission shall publish in the Federal Register a notice of each revocation.

§ 515.17 Application after revocation or denial.

Whenever a license has been revoked or an application has been denied because the Commission has found the licensee or applicant to be not qualified to render ocean transportation intermediary services, any further application within 3 years of the Commission’s notice of revocation or denial, made by such former licensee or applicant or by another applicant employing the same qualifying individual or controlled by persons on whose conduct the Commission based its determination for revocation or denial, shall be reviewed directly by the Commission.
§ 515.18

(4) Any change in the business structure of a licensee from or to a sole proprietorship, partnership, or corporation, whether or not such change involves a change in ownership;

(5) Any change in a licensee’s name; or

(6) Change in the identity or status of the designated qualifying individual, except as described in paragraphs (b) and (c) of this section.

(b) Operation after death of sole proprietor. In the event the owner of a licensed sole proprietorship dies, the licensee’s executor, administrator, heir(s), or assign(s) may continue operation of such proprietorship solely with respect to shipments for which the deceased sole proprietor had undertaken to act as an ocean transportation intermediary pursuant to the existing license, if the death is reported within 30 days to the Commission and to all principals and shippers for whom services on such shipments are to be rendered. The acceptance or solicitation of any other shipments is expressly prohibited until a new license has been issued. Applications for a new license by the executor, administrator, heir(s), or assign(s) shall be made on Form FMC–18 Rev., and shall be accompanied by the transfer fee required under §515.5(b)(2).

(c) Operation after retirement, resignation, or death of qualifying individual. When a partnership or corporation has been licensed on the basis of the qualifications of one or more of the partners or officers thereof, and such qualifying individual(s) no longer serve in a full-time, active capacity with the firm, the licensee shall report such change to the Commission within 30 days. Within the same 30-day period, the licensee shall furnish to the Commission the name(s) and detailed intermediary experience of any other active managing partner(s) or officer(s) who may qualify the licensee. Such qualifying individual(s) must meet the applicable requirements set forth in §515.11(a). The licensee may continue to operate as an ocean transportation intermediary while the Commission investigates the qualifications of the newly designated partner or officer.

(d) Incorporation of branch office. In the event a licensee’s validly operating branch office becomes incorporated as a separate entity, the licensee may continue to operate such office pending receipt of a separate license, provided that:

(1) The separately incorporated entity applies to the Commission for its own license within ten (10) days after incorporation, and

(2) While the application is pending, the continued operation of the office is carried on as a bona fide branch office of the licensee, under its full control and responsibility, and not as an operation of the separately incorporated entity.

(e) Acquisition of one or more additional licensees. In the event a licensee acquires one or more additional licensees, for the purpose of merger, consolidation, or control, the acquiring licensee shall advise the Commission of such change within 30 days after such change occurs by submitting in duplicate, an amended Form FMC–18, Rev. No application fee is required when reporting this change.

(f) Optional method of filing Form FMC–18. In lieu of completing and filing Form FMC–18 in paper format, applications for approval of changes in organization, transfer of license, or changes in the identity or status of the designated qualifying individual required under this section may be completed and submitted to the Bureau of Certification and Licensing by using the automated FMC–18 filing system in accordance with the instructions found on the Commission’s home page, http://www.fmc.gov. A $250 fee for filing a new application and a $125 fee for filing an amended application will be assessed for filers using the automated FMC–18 filing system instead of the fees listed at §515.5(b)(1), (2).

In such cases a group or association must establish financial responsibility in an amount equal to the lesser of the amount required by paragraph (a) of this section for each member or $3,000,000 in aggregate. A group or association of ocean transportation intermediaries may also file an optional bond rider as provided for by § 515.25(c).

When a claimant seeks payment under this section, it simultaneously shall notify both the financial responsibility provider and the ocean transportation intermediary of the claim by certified mail, return receipt requested. The bond, insurance, or other surety may be available to pay such claim if:

(i) The ocean transportation intermediary consents to payment, subject to review by the financial responsibility provider; or

(c) Information provided to the principal. No licensed freight forwarder shall withhold any information concerning a forwarding transaction from its principal, and each licensed freight forwarder shall comply with the laws of the United States and shall exercise due diligence to assure that all information provided to its principal or provided in any export declaration, bill of lading, affidavit, or other document which the licensed freight forwarder executes in connection with a shipment is accurate.

Subpart E—Freight Forwarding Fees and Compensation

§ 515.41 Forwarder and principal; fees.

(a) Compensation or fee sharing. No licensed freight forwarder shall share, directly or indirectly, any compensation or freight forwarding fee with a shipper, consignee, seller, or purchaser, or an agent, affiliate, or employee thereof; nor with any person advancing the purchase price of the property or guaranteeing payment therefor; nor with any person having a beneficial interest in the shipment.

(b) Receipt for cargo. Each receipt for cargo issued by a licensed freight forwarder shall be clearly identified as “Receipt for Cargo” and be readily distinguishable from a bill of lading.

(c) Special contracts. To the extent that special arrangements or contracts are entered into by a licensed freight forwarder, the forwarder shall not deny equal terms to other shippers similarly situated.

(d) Reduced forwarding fees. No licensed freight forwarder shall render, or offer to render, any freight forwarding service free of charge or at a reduced fee in consideration of receiving compensation from a common carrier or for any other reason. Exception: A licensed freight forwarder may perform freight forwarding services for recognized relief agencies or charitable organizations, which are designated as such in the tariff of the common carrier, free of charge or at reduced fees.

(e) In-plant arrangements. A licensed freight forwarder may place an employee or employees on the premises of its principal as part of the services rendered to such principal, provided:

1. The in-plant forwarder arrangement is reduced to writing in the manner of a special contract under §515.33(d), which shall identify all services provided by either party (whether or not constituting a freight forwarding service); state the amount of compensation to be received by either party for such services; set forth all details concerning the procurement, maintenance or sharing of office facilities, personnel, furnishings, equipment and supplies; describe all powers of supervision or oversight of the licensee’s employee(s) to be exercised by the principal; and detail all procedures for the administration or management of in-plant arrangements between the parties; and

2. The arrangement is not an artifice for a payment or other unlawful benefit to the principal.

§ 515.42 Forwarder and carrier; compensation.

(a) Disclosure of principal. The identity of the shipper must always be disclosed in the shipper identification box on the bill of lading. The licensed freight forwarder’s name may appear with the name of the shipper, but the forwarder must be identified as the shipper’s agent.

(b) Certification required for compensation. A common carrier may pay compensation to a licensed freight forwarder only pursuant to such common carrier’s tariff provisions. Where a common carrier’s tariff provides for the payment of compensation, such compensation shall be paid on any shipment forwarded on behalf of others where the forwarder has provided a written certification as prescribed in paragraph (c) of this section and the shipper has been disclosed on the bill of lading as provided for in paragraph (a) of this section. The common carrier shall be entitled to rely on such certification unless it knows that the certification is incorrect. The common carrier shall retain such certifications for a period of five (5) years.

(c) Form of certification. Where a licensed freight forwarder is entitled to
The undersigned hereby certifies that neither it nor any holding company, subsidiary, affiliate, officer, director, agent or executive of the undersigned has a beneficial interest in this shipment; that it is the holder of valid FMC License No., issued by the Federal Maritime Commission and has performed the following services:

1. Engaged, booked, secured, reserved, or contracted directly with the carrier or its agent for space aboard a vessel or confirmed the availability of that space; and
2. Prepared and processed the ocean bill of lading, dock receipt, or other similar document with respect to the shipment.

(d) Compensation pursuant to tariff provisions. No licensed freight forwarder, or employee thereof, shall accept compensation from a common carrier which is different from that specifically provided for in the carrier’s effective tariff(s). No conference or group of common carriers shall deny in the export commerce of the United States compensation to an ocean freight forwarder or limit that compensation, as provided for by section 19(e)(4) of the Act (46 U.S.C. 40904(d)) and 46 CFR part 535.

(e) Electronic data interchange. A licensed freight forwarder may own, operate, or otherwise maintain or supervise an electronic data interchange-based computer system in its forwarding business; however, the forwarder must directly perform value-added services as described in paragraph (c) of this section in order to be entitled to carrier compensation.

(f) Compensation; services performed by underlying carrier; exceptions. No licensed freight forwarder shall charge or collect compensation in the event the underlying common carrier, or its agent, has, at the request of such forwarder, performed any of the forwarding services set forth in §515.2(1), unless such carrier or agent is also a licensed freight forwarder, or unless no other licensed freight forwarder is willing and able to perform such services.

(g) Duplicative compensation. A common carrier shall not pay compensation for the services described in paragraph (c) of this section more than once on the same shipment.

(h) Non-vessel-operating common carriers; compensation. (1) A licensee operating as an NVOCC and a freight forwarder, or a person related thereto, may collect compensation when, and only when, the following certification is made together with the certification required under paragraph (c) of this section:

The undersigned certifies that neither it nor any related person has issued a bill of lading or otherwise undertaken common carrier responsibility as a non-vessel-operating common carrier for the ocean transportation of the shipment covered by this bill of lading.

(2) Whenever a person acts in the capacity of an NVOCC as to any shipment, such person shall not collect compensation, nor shall any underlying ocean common carrier pay compensation to such person, for such shipment.

(i) Compensation; beneficial interest. A licensed freight forwarder may not receive compensation from a common carrier with respect to any shipment in which the forwarder has a beneficial interest or with respect to any shipment in which any holding company, subsidiary, affiliate, officer, director, agent, or executive of such forwarder has a beneficial interest.

PART 520—CARRIER AUTOMATED TARIFFS

§ 520.1 Scope and purpose.

(a) Scope. The regulations of this part govern the publication of tariffs in automated systems by common carriers and conferences in the waterborne foreign commerce of the United States. They cover the transportation of property by such carriers, including through transportation with inland carriers. They implement the tariff publication requirements of section 8 of the Shipping Act of 1984 (“the Act”) (46 U.S.C. 40501–40503), as modified by the Ocean Shipping Reform Act of 1998 and section 424 of Public Law 105–258.

(b) Purpose. The requirements of this part are intended to permit:

(2) Carriers and conferences to meet their publication requirements pursuant to section 8 of the Act (46 U.S.C. 40501–40503);

(3) The Commission to ensure that carrier tariff publications are accurate and accessible and to protect the public from violations by carriers of section 10 of the Act (46 U.S.C. 41101–41106); and

(4) The Commission to review and monitor the activities of controlled carriers pursuant to section 9 of the Act (46 U.S.C. 40701–40706).

(2) That government has the right to appoint or disapprove the appointment of a majority of the directors, the chief operating officer or the chief executive officer of the common carrier.

Harmonized System means the Harmonized Tariff Schedule of the United States ("U.S. HTS"), based on the international Harmonized System, administered by the U.S. Customs Service for the U.S. International Trade
Commission, and Schedule B, administered by the U.S. Census Bureau.

_Inland point_ means any city and associated state/province, country, U.S. ZIP code, or U.S. ZIP code range, which lies beyond port terminal areas. (A city may share the name of a port: the immediate ship-side and terminal area is the port, but the rest of the city is considered an inland point.)

_Inland rate_ means a rate specified from/to an ocean port to/from an inland point, for specified modes of overland transportation.

_Inland rate table_ means a structured matrix of geographic inland locations (points, postal codes/postal code ranges, etc.) on one axis and transportation modes (truck, rail, etc.) on the other axis, with the inland rates specified at the matrix row and column intersections.

_Intermodal transportation_ means continuous through transportation involving more than one mode of service (e.g., ship, rail, motor, air), for pickup and/or delivery at a point beyond the area of the port at which the vessel calls. The term “intermodal transportation” can apply to “through transportation (at through rates)” or transportation on through routes using combination rates.

_Joint rates_ means rates or charges established by two or more common carriers for ocean transportation over the combined routes of such common carriers.

_Local rates_ means rates or charges for transportation over the route of a single common carrier (or any one common carrier participating in a conference tariff), the application of which is not contingent upon a prior or subsequent movement.

_Location group_ means a logical collection of geographic points, ports, states/provinces, countries, or combinations thereof, which is primarily used to identify, by location group name, a group that may represent tariff origin and/or destination scope and TRI origin and/or destination.

_Loyalty contract_ means a contract with an ocean common carrier or agreement by which a shipper obtains lower rates by committing all or a fixed portion of its cargo to that carrier or agreement and the contract provides for a deferred rebate arrangement.

_Motor vehicle_ means a wheeled vehicle whose primary purpose is ordinarily the non-commercial transportation of passengers, including an automobile, pickup truck, minivan, or sport utility vehicle.

_Ocean common carrier_ means a common carrier that operates, for all or part of its common carrier service, a vessel on the high seas or the Great Lakes between a port in the United States and a port in a foreign country, except that the term does not include a common carrier engaged in ocean transportation by ferry boat, ocean tramp, or chemical parcel-tanker.

_Ocean transportation intermediary_ means an ocean freight forwarder or a non-vessel-operating common carrier. For purposes of this part,

(1) **Ocean freight forwarder** means a person that—

   (i) In the United States, dispatches shipments from the United States via a common carrier and books or otherwise arranges space for those shipments on behalf of shippers; and

   (ii) Processes the documentation or performs related activities incident to those shipments; and

(2) **Non-vessel-operating common carrier** (“NVOCC”) means a common carrier that does not operate the vessels by which the ocean transportation is provided, and is a shipper in its relationship with an ocean common carrier.

Port means a place at which a common carrier originates or terminates (by transshipment or otherwise) its actual ocean carriage of cargo or passengers as to any particular transportation movement.

Project rates means rates applicable to the transportation of materials and equipment to be employed in the construction or development of a named facility used for a major governmental, charitable, manufacturing, resource exploitation and public utility or public service purpose, including disaster relief projects.

Proportional rates means rates or charges assessed by a common carrier for transportation services, the application of which is conditioned upon a prior or subsequent movement.

Shippers' association means a group of shippers that consolidates or distributes freight on a nonprofit basis for the members of the group in order to secure carload, truckload, or other volume rates or service contracts.

Special permission means permission, authorized by the Commission, for certain tariff publications that do not conform with applicable regulations, usually involving effectiveness on less than statutory notice.

Tariff means a publication containing the actual rates, charges, classifications, rules, regulations and practices of a common carrier or a conference of common carriers. The term “practices” refers to those usages, customs or modes of operation which in any way affect, determine or change the transportation rates, charges or services provided by a common carrier or conference and, in the case of conferences, must be restricted to activities authorized by the basic conference agreement.

Tariff number means a unique 3-digit number assigned by the publisher to distinguish it from other tariffs. Tariffs may be identified by the 6-digit organization number plus the user-assigned tariff number (e.g., 999999–001) or a Standard Carrier Alpha Code (“SCAC”) plus the user-assigned tariff number.

Tariff rate item (“TRI”) means a single freight rate, in effect on and after a specific date or for a specific time period, for the transportation of a stated cargo quantity, which may move from origin to destination under a single specified set of transportation conditions, such as container size or temperature.
§ 520.3

Through rate means the single amount charged by a common carrier in connection with through transportation.

Through transportation means continuous transportation between points of origin and destination, either or both of which lie beyond port terminal areas, for which a through rate is assessed and which is offered or performed by one or more carriers, at least one of which is a common carrier, between a United States point or port and a foreign point or port.

Transshipment means the physical transfer of cargo from a vessel of one carrier to a vessel of another in the course of all-water or through transportation, where at least one of the exchanging carriers is an ocean common carrier subject to the Commission's jurisdiction.

§ 520.4 Tariff contents.

(a) General. Tariffs published pursuant to this part shall:

(1) State the places between which cargo will be carried;

(2) List each classification of cargo in use;

(3) State the level of ocean transportation intermediary, as defined by section 3(17)(A) of the Act (46 U.S.C. 40102(18)), compensation, if any, to be paid by a carrier or conference;

(4) State separately each terminal or other charge, privilege, or facility under the control of the carrier or conference and any rules or regulations

(b) Conferences. Conferences shall publish, in their automated tariff systems, rates offered pursuant to independent action by their members and may publish any open rates offered by their members. Alternatively, open rates may be published in individual tariffs of conference members.

(c) Agents. Common carriers or conferences may use agents to meet their publication requirements under this part.

(d) Notification. Each common carrier and conference shall notify BTA, prior to the commencement of common carrier service pursuant to a published tariff, of its organization name, organization number, home office address, name and telephone number of firm’s representative, the location of its tariffs, and the publisher, if any, used to maintain its tariffs, by electronically submitting Form FMC-1 via the Commission’s website at www.fmc.gov. Any changes to the above information shall be immediately transmitted to BTA.

§ 520.3 Publication responsibilities.

(a) General. Unless otherwise exempted by §520.13, all common carriers and conferences shall keep open for public inspection, in automated tariff systems, tariffs showing all rates, charges, classifications, rules, and practices between all points or ports on their own routes and on any through transportation route that has been established.
Federal Maritime Commission § 520.4

(3) Tariff title;

(4) Tariff type (e.g., commodity, rules, equipment interchange, or bill of lading);

(5) Contact person and address;

(6) Default measurement and currency units;

(7) Origination and destination scope; and

(8) A statement certifying that all information contained in the tariff is true and accurate and no unlawful alterations will be permitted.

(d) Tariff rules. Carriers and conferences shall publish in their tariffs any rule that affects the application of the tariff.

(e) Commodity descriptions. (1) For each separate commodity in a tariff, a distinct numeric code may be used. Tariff publishers are not required to use any numeric code to identify commodities, but should they choose to do so, they are encouraged to use the U.S. Harmonized Tariff Schedule ("U.S. HTS") for both the commodity coding and associated terminology (definitions).

(2) If a tariff publisher uses a numeric code to identify commodities, the following commodity types shall be preceded by their associated 2-digit prefixes, with the remaining digits at the publisher’s option:

(i) Mixed commodities—“99”;

(ii) Projects—“98”;

(iii) non-commodities. e.g., “cargo, n.o.s.”, “general cargo,” or “freight-all kinds”—“00”.

(3) Commodity index. (i) Each commodity description created under this section shall have at least one similar index entry which will logically represent the commodity within the alphabetical index. Publishers are encouraged, however, to create multiple entries in the index for articles with equally valid common use names, such as, “Sodium Chloride,” “Salt, common,” etc.

(ii) If a commodity description includes two or more commodities, each included commodity shall be shown in the index.

(iii) Items, such as “mixed commodities,” “projects” or “project rates,” “n.o.s.” descriptions, and “FAK,” shall be included in the commodity index.

(f) Tariff rate items. A tariff rate item ("TRI") is the single freight rate in effect for the transportation of cargo under a specified set of transportation conditions. TRIs must contain the following:

(1) Brief commodity description;

(2) TRI number (optional);

(3) Publication date;

(4) Effective date;

(5) Origin and destination locations or location groups;

(6) Rate and rate basis; and

(7) Service code.

(g) Location groups. In the primary tariff, or in a governing tariff, a publisher may define and create groups of cities, states, provinces and countries (e.g., location groups) or groups of ports (e.g., port groups), which may be used in the construction of TRIs and
other tariff objects, in lieu of specifying particular place names in each tariff item, or creating multiple tariff items which are identical in all ways except for place names.

(h) Inland rate tables. If a carrier or conference desires to provide intermodal transportation to or from named points/postal regions at combination rates, it shall clearly and accurately set forth the applicable charges in an “Inland Rate Tables” section. An inland rate table may be constructed to provide an inland distance which is applied to a per mile rate to calculate the inland rate.

(i) Shipper requests. Conference tariffs shall contain clear and complete instructions, in accordance with the agreement’s provisions, stating where and by what method shippers may file requests and complaints and how they may engage in consultation pursuant to section 5(b)(6) of the Act (46 U.S.C. 40303(b)(6)), together with a sample rate request form or a description of the information necessary for processing the request or complaint.

(j) Inland divisions. Common carriers are not required to state separately or otherwise reveal in tariffs the inland division of a through rate.

[64 FR 11225, Mar. 8, 1999, as amended at 74 FR 50722, Oct. 1, 2009]

§ 520.5 Standard tariff terminology.

(a) Approved codes. The Standard Terminology Appendix contains codes for rate bases, container sizes, service, etc., and units for weight, measure and distance. They are intended to provide a standard terminology baseline for tariffs to facilitate retriever efficiency. Tariff publishers may use additional codes, if they are clearly defined in their tariffs.

(b) Geographic names. Tariffs should employ locations (points) that are published in the National Imagery and Mapping Agency (“NIMA”) gazetteer or the Geographic Names Information System (“GNIS”) developed by the U.S. Geological Survey. Ports published or approved for publication in the World Port Index (Pub. No. 150) should also be used in tariffs. Tariff publishers may use geographic names that are currently in use and have not yet been included in these publications.

§ 520.6 Retrieval of information.

(a) General. Tariffs systems shall present retrievers with the ability to:

(1) Search for commonly understood tariff objects (e.g., commodities, origins, destinations, etc.) without restricting such search to a specific tariff;

(2) Search a tariff for a rate on the basis of origin, destination and commodity;

(3) Employ a tariff selection option; or

(4) Select an object group (e.g., rules, locations, groups, etc.) within a particular tariff.

(b) Search capability. Tariffs shall provide the capability to search for tariff matter by non-case sensitive text search. Text search matches for commodity descriptions should result in a commodity or commodity index list.

(c) Commodities and TRIs. Retriever selection of a specific commodity from a commodity index list shall display the commodity description and provide an option for searching for a rate (e.g., on the basis of origin/destination) or a TRI list, if multiple TRIs are in effect for the commodity.

(d) Object groups. Retriever selection of a specific object group shall result in a list of the objects within the group or present a text search mechanism to allow location of an object within the group. For example, selection of the rules object group would present a list of the rules or a text search mechanism for locating specific terms or phrases within the rules.

(e) Basic ocean freight. The minimum rate display for tariffs shall consist of the basic ocean freight rate and a list of all assessorial charges that apply for the retriever-entered shipment parameters. If other rules or charges may be applicable to a shipment under certain circumstances, the tariff shall so indicate.

(f) Displays. All displays of individual tariff matter shall include the publication date, effective date, amendment code (as contained in appendix A of this part) and object name or number. When applicable, a thru date or expiration date shall also be displayed. Use of “S” as an amendment code shall be accompanied by a Commission issued special use number.
Federal Maritime Commission

§ 520.7 Tariff limitations.

(a) General. Tariffs published pursuant to this part shall:

(1) Be clear and definite;
(2) Use English as the primary textual language;
(3) Not contain cross-references to any other rate tariffs, except:
   (i) A tariff of general applicability maintained by that same carrier or conference,
   (ii) The individual tariffs of members of a non-conference agreement to enter into time/volume rates may cross-reference their own multiple conference tariffs for purposes of said time/volume rates, and
   (iii) Multiple common tariffs of a conference agreement to enter into time/volume rates may cross-reference said time/volume rates; and

(4) Not duplicate or conflict with any other tariff publication.

(b) Notice of cancellation. Carriers and conferences shall inform BTA, in writing, whenever a tariff is canceled and the effective date of that cancellation.

(c) Applicable rates. The rates, charges, and rules applicable to any given shipment shall be those in effect on the date the cargo is received by the common carrier or its agent including originating carriers in the case of rates for through transportation.

(d) Minimum quantity rates. When two or more TRIs are stated for the same commodity over the same route and under similar conditions, and the application is dependent upon the quantity of the commodity shipped, the total freight charges assessed against the shipment may not exceed the total charges computed for a larger quantity, if the TRI specifying a required minimum quantity (either weight or measurement; per container or in containers) will be applicable to the contents of the container(s), and if the minimum set forth is met or exceeded. At the shipper's option, a quantity less than the minimum level may be freighted at the lower TRI if the weight or measurement declared for rating purposes is increased to the minimum level.

(e) Green salted hides. The shipping weight for green salted hides shall be either a scale weight or a scale weight minus a deduction, which amount and method of computation are specified in the commodity description. The shipper must furnish the carrier a weight certificate or dock receipt from an inland common carrier for each shipment at or before the time the shipment is tendered for ocean transportation.

(f) Conference situations. (1) New members of a conference shall cancel any independent tariffs applicable to the trades served by the conference, within ninety (90) days of membership in the conference. Individual conference members may publish their own separate open rate tariffs. Admission to the conference may be effective on the date notice is published in the conference tariff.

(2) New conference agreements have ninety (90) days within which to publish a new tariff.

(g) Overcharge claims. (1) No tariff may limit the filing of overcharge claims with a common carrier to a period of less than three (3) years from the accrual of the cause of action.

(2) The acceptance of any overcharge claim may not be conditioned upon the payment of a fee or charge.

(3) No tariff may require that overcharge claims based on alleged errors in weight, measurement or description of cargo be filed before the cargo has left the custody of the common carrier.

(h) Returned cargo. When a carrier or conference offers the return shipment of refused, damaged or rejected shipments, or exhibits at trade fairs, shows or expositions, to port of origin at the TRI assessed on the original movement, and such TRI is lower than the prevailing TRI:

(1) The return shipment must occur within one (1) year;

(2) The return movement must be made over the line of the same common carrier performing the original movement, except in the use of a conference tariff, where return may be made by any member line when the original shipment was carried under the conference tariff; and

(3) A copy of the original bill of lading showing the rate assessed must be presented to the return common carrier.

[64 FR 11225, Mar. 8, 1999, as amended at 67 FR 39860, June 11, 2002]
§ 520.8 Effective dates.

(a) General. (1) No new or initial rate, charge, or change in an existing rate, that results in an increased cost to a shipper may become effective earlier than thirty (30) calendar days after publication.

(2) An amendment which deletes a specific commodity and applicable rate from a tariff, thereby resulting in a higher “cargo n.o.s.” or similar general cargo rate, is a rate increase requiring a 30-day notice period.

(3) Rates for the transportation of cargo for the U.S. Department of Defense may be effective upon publication.

(4) Changes in rates, charges, rules, regulations or other tariff provisions resulting in a decrease in cost to a shipper may become effective upon publication.

(b) Amendments. The following amendments may take effect upon publication:

(1) Those resulting in no change in cost to a shipper;

(2) The canceling of a tariff due to cessation of all service by the carrier between the ports or points covered by the tariff;

(3) The addition of a port or point to a previously existing origin or destination grouping; or

(4) Changes in charges for terminal services, canal tolls, additional charges, or other provisions not under the control of the common carriers or conferences, which merely acts as a collection agent for such charges and the agency making such changes does so without notifying the tariff owner.

(c) Controlled carriers. Published rates by or for controlled carriers shall be governed by the procedures set forth in part 565 of this chapter.

§ 520.9 Access to tariffs.

(a) Methods to access. Carriers and conferences shall provide access to their published tariffs, via a personal computer (“PC”), by:

(1) Dial-up connection via public switched telephone networks (“PSTN”); or

(2) The Internet (Web) by:

(i) Web browser; or

(ii) Telnet session.

(b) Dial-up connection via PSTN. (1) This connection option requires that tariffs provide:

(i) A minimum of a 14.4Kbps modem capable of receiving incoming calls;

(ii) Smart terminal capability for VT-100 terminal or terminal emulation access; and

(iii) Telephone line quality for data transmission.

(2) The modem may be included in a collection (bank) of modems as long as all modems in the bank meet the minimum speed.

(c) Internet connection. (1) This connection option requires that systems provide:

(i) A universal resource locator (“URL”) Internet address (e.g., http://www.tariffsrus.com or http://1.2.3.4); and/or

(ii) A URL Internet address (e.g., telnet://tariffsrus or telnet://1.2.3.4), for Telnet session access over the Internet.

(2) Carriers or conferences shall ensure that their Internet service providers provide static Internet addresses.

(d) Commission access. Commission telecommunications access to systems must include connectivity via a dial-up connection over PSTNs or a connection over the Internet. Connectivity will be provided at the expense of the publishers. Any recurring connection fees, hardware rental fees, usage fees or any other charges associated with the availability of the system are the responsibility of the publisher. The Commission shall only be responsible for the long-haul charges for PSTN calls to a tariff initiated by the FMC.

(e) Limitations. (1) Tariffs must be made available to any person without time, quantity, or other limitations.

(2) Carriers are not required to provide remote terminals for access under this section.

(3) Carriers and conferences may assess a reasonable fee for access to their tariff publication systems and such fees shall not be discriminatory.

(4) Tariff publication systems shall provide user instructions for access to tariff information.

(f) Federal agencies. Carriers and conferences may not assess any access charges against the Commission or any other Federal agency.
(g) User identifications. Carriers and conferences shall provide the Commission with the documentation it requires and the number of user identifications and passwords it requests to facilitate the Commission's access to their systems, if they require such identifications and passwords.

§ 520.10 Integrity of tariffs.

(a) Historical data. Carriers and conferences shall maintain the data that appeared in their tariff publication systems for a period of five (5) years from the date such information is superseded, canceled or withdrawn, and shall provide on-line access to such data for two (2) years. After two (2) years, such data may be retained on-line or in other electronic form, and shall be made available to any person or the Commission upon request in a reasonable period of time. Carriers and conferences may charge a reasonable fee for the provision of historical data, not to exceed the fees for obtaining such data on-line. No fee shall apply to federal agencies.

(b) Access date capability. Each tariff shall provide the capability for a retriever to enter an access date, i.e., a specific date for the retrieval of tariff data, so that only data in effect on that date would be directly retrievable. This capability would also align any rate adjustments and assessorial charges that were effective on the access date for rate calculations and designation of applicable surcharges. The access date shall also apply to the alignment of tariff objects for any governing tariffs.

(c) Periodic review. The Commission will periodically review published tariff systems and will prohibit the use of any system that fails to meet the requirements of this part.

(d) Access to systems. Carriers and conferences shall provide the Commission reasonable access to their automated systems and records in order to conduct reviews.

§ 520.11 Non-vessel-operating common carriers.

(a) Financial responsibility. An ocean transportation intermediary that operates as a non-vessel-operating common carrier shall state in its tariff publication:

1. That it has furnished the Commission proof of its financial responsibility in the manner and amount required by part 515 of this chapter;

2. The manner of its financial responsibility;

3. Whether it is relying on coverage provided by a group or association to which it is a member;

4. The name and address of the surety company, insurance company or guarantor issuing the bond, insurance policy, or guaranty;

5. The number of the bond, insurance policy or guaranty; and

6. Where applicable, the name and address of the group or association providing coverage.

(b) Agent for service. Every NVOCC not in the United States shall state the name and address of the person in the United States designated under part 515 of this chapter as its legal agent for service of process, including subpoenas. The NVOCC shall further state that in any instance in which the designated legal agent cannot be served because of death, disability or unavailability, the Commission's Secretary will be deemed to be its legal agent for service of process.

(c) Co-Loading. (1) NVOCCs shall address the following situations in their tariffs:

1. If an NVOCC does not tender cargo for co-loading, this shall be noted in its tariff.

2. If two or more NVOCCs enter into an agreement which establishes a carrier-to-carrier relationship for the co-loading of cargo, then the existence of such agreement shall be noted in the tariff.

3. If two NVOCCs enter into a co-loading arrangement which results in a shipper-to-carrier relationship, the tendering NVOCC shall describe its co-loading practices and specify its responsibility to pay any charges for the transportation of the cargo. A shipper-to-carrier relationship shall be presumed to exist where the receiving NVOCC issues a bill of lading to the tendering NVOCC for carriage of the co-loaded cargo.

(2) Documentation requirements. An NVOCC which tenders cargo to another
NVOCC for co-loading, whether under a shipper-to-carrier or carrier-to-carrier relationship, shall annotate each applicable bill of lading with the identity of any other NVOCC to which the shipment has been tendered for co-loading. Such annotation shall be shown on the face of the bill of lading in a clear and legible manner.

(3) Co-loading rates. No NVOCC may offer special co-loading rates for the exclusive use of other NVOCCs. If cargo is accepted by an NVOCC from another NVOCC which tenders that cargo in the capacity of a shipper, it must be rated and carried under tariff provisions which are available to all shippers.

§ 520.12 Time/Volume rates.

(a) General. Common carriers or conferences may publish in their tariffs rates which are conditioned upon the receipt of a specified aggregate volume of cargo or aggregate freight revenue over a specified period of time.

(b) Publication requirements. (1) All rates, charges, classifications rules and practices concerning time/volume rates must be set forth in the carrier’s or conference’s tariff.

(2) The tariff shall identify:

(i) The shipment records that will be maintained to support the rate; and

(ii) The method to be used by shippers giving notice of their intention to use a time/volume rate prior to tendering any shipments under the time/volume arrangement.

(c) Accepted rates. Once a time/volume rate is accepted by one shipper, it shall remain in effect for the time specified, without amendment. If no shipper gives notice within 30 days of publication, the time/volume rate may be canceled.

(d) Records. Shipper notices and shipment records supporting a time/volume rate shall be maintained by the offering carrier or conference for at least 5 years after a shipper’s use of a time/volume rate has ended.

(e) Liquidated damages. Time/volume rates may not impose or attempt to impose liquidated damages on any shipper that moves cargo under the rate. Carriers and agreements shall rerate cargo moved at the applicable tariff rate, if a shipper fails to meet the requirements of the time/volume offer.

§ 520.13 Exemptions and exceptions.

(a) General. Exemptions from the requirements of this part are governed by section 16 of the Act (46 U.S.C. 40103) and Rule 67 of the Commission’s Rules of Practice and Procedure, §502.67 of this chapter.

(b) Services. The following services are exempt from the requirements of this part:

(1) Equipment interchange agreements. Equipment-interchange agreements between common carriers subject to this part and inland carriers, where such agreements are not referred to in the carriers’ tariffs and do not affect the tariff rates, charges or practices of the carriers.

(2) Controlled carriers in foreign commerce. A controlled common carrier shall be exempt from the provisions of this part exclusively applicable to controlled carriers when:

(i) The vessels of the controlling state are entitled by a treaty of the United States to receive national or most-favored-nation treatment; or

(ii) The controlled carrier operates in a trade served exclusively by controlled carriers.

(3) Terminal barge operators in Pacific Slope states. Transportation provided by terminal barge operators in Pacific Slope states barging containers and containerized cargo by barge between points in the United States are exempt from the tariff publication requirements of Act and the rules of this part, where:

(i) The cargo is moving between a point in a foreign country or a noncontiguous State, territory, or possession and a point in the United States;

(ii) The transportation by barge between points in the United States is furnished by a terminal operator as a service substitute in lieu of a direct vessel call by the common carrier by water transporting the containers or containerized cargo under a through bill of lading; and

(iii) Such terminal operator is a Pacific Slope state, municipality, or other public body or agency subject to the jurisdiction of the Commission, and the only one furnishing the particular circumscribed barge service in question as of January 2, 1975.
(c) Cargo types. The following cargo types are not subject to the requirements of this part:

1. Bulk cargo, forest products, etc. This part does not apply to bulk cargo, forest products, recycled metal scrap, new assembled motor vehicles, waste paper and paper waste. Carriers or conferences which voluntarily publish tariff provisions covering otherwise exempt transportation thereby subject themselves to the requirements of this part, including the requirement to adhere to the tariff provisions.

2. Mail in foreign commerce. Transportation of mail between the United States and foreign countries.

3. Used military household goods. Transportation of used military household goods and personal effects by ocean transportation intermediaries.

4. Department of Defense cargo. Transportation of U.S. Department of Defense cargo moving in foreign commerce under terms and conditions negotiated and approved by the Military Transportation Management Command ("MTMC") and published in a universal service contract. An exact copy of the universal service contract, including any amendments thereto, shall be filed in paper format with the Commission as soon as it becomes available.

5. Used household goods—General Services Administration. Transportation of used household goods and personal effects by ocean transportation intermediaries.

(d) Services involving foreign countries. The following transportation services involving foreign countries are not subject to the requirements of this part:

1. Between foreign countries. This part does not apply to transportation of cargo between foreign countries, including that which is transshipped from one ocean common carrier to another (or between vessels of the same common carrier) at a U.S. port or transferred between an ocean common carrier and another transportation mode at a U.S. port for overland carriage through the United States, where the ocean common carrier accepts custody of the cargo in a foreign country and issues a through bill of lading covering its transportation to a foreign point of destination.

2. Between Canada and U.S. The following services are exempt from the filing requirements of the Act and the rules of this part:

(a) Prince Rupert and Alaska. Vehicle. Transportation by vessels operated by the State of Alaska between Prince Rupert, Canada and ports in southeastern Alaska, if all the following conditions are met:

1. Carriage of property is limited to vehicles;
2. Tolls levied for vehicles are based solely on space utilized rather than the weight or contents of the vehicle and are the same whether the vehicle is loaded or empty;
3. The vessel operator does not move the vehicles on or off the ship; and
4. The common carrier does not participate in any joint rate establishing through routes or in any other type of agreement with any other common carrier.

(b) Passengers. Transportation of passengers, commercial buses carrying passengers, personal vehicles and personal effects by vessels operated by the State of Alaska between Seattle, Washington and Prince Rupert, Canada, only if such vehicles and personal effects are the accompanying personal property of the passengers and are not transported for the purpose of sale.

(ii) British Columbia and Puget Sound Ports; rail cars—(A) Through rates. Transportation by water of cargo moving in rail cars between British Columbia, Canada and United States ports on Puget Sound, and between British Columbia, Canada and ports or points in Alaska, only if the cargo does not originate in or is not destined to foreign countries other than Canada, but only if:

1. The through rates are filed with the Surface Transportation Board and/or the Canadian Transport Commission; and
2. Certified copies of the rate divisions and of all agreements, arrangements or concurrences, entered into in connection with the transportation of such cargo, are filed with the Commission within 30 days of the effectiveness.
\section*{§ 520.14 Special permission.}

\textbf{(a) General.} Section 8(d) of the Act (46 U.S.C. 40501(e)) authorizes the Commission, in its discretion and for good cause shown, to permit increases or decreases in rates, or the issuance of new or initial rates, on less than the statutory notice. Section 9(c) of the Act (46 U.S.C. 40703, 40704(a)) authorizes the Commission to permit a controlled carrier's rates, charges, classifications, rules or regulations to become effective on less than 30 days' notice. The Commission may also in its discretion and for good cause shown, permit departures from the requirements of this part.

\textbf{(b) Clerical errors.} Typographical and/or clerical errors constitute good cause for the exercise of special permission authority but every application based thereon must plainly specify the error and present clear evidence of its existence, together with a full statement of the attending circumstances, and shall be submitted with reasonable promptness after publishing the defective tariff material.

\textbf{(c) Application.} (1) Applications for special permission to establish rate increases or decreases on less than statutory notice or for waiver of the provisions of this part, shall be made by the common carrier, conference or agent for publishing. Every such application shall be submitted to the Bureau of Trade Analysis and be accompanied by a filing fee of $195.

(2) Applications for special permission shall be made only by letter, except that in emergency situations, application may be made by telephone or facsimile if the communication is promptly followed by a letter and the filing fee.

(3) Applications for special permission shall contain the following information:

(i) Organization name, number and trade name of the conference or carrier;

(ii) Tariff number and title; and

(iii) The rate, commodity, or rules related to the application, and the special circumstances which the applicant believes constitute good cause to depart from the requirements of this part or to warrant a tariff change upon less than the statutory notice period.

\textbf{(d) Implementation.} The authority granted by the Commission shall be used in its entirety, including the prompt publishing of the material for which permission was requested. Applicants shall use the special case number assigned by the Commission with the symbol “S”.

§ 525.1 Purpose and scope.

(a) Purpose. This part implements the Shipping Act of 1984, as amended by the Ocean Shipping Reform Act of 1998 and the Coast Guard Authorization Act of 1998. The form and manner requirements of this part are necessary to enable the Commission to meet its responsibilities with regard to identifying and preventing unreasonable preference or prejudice and unjust discrimination pursuant to section 10 of the Act (46 U.S.C. 41101–41106).

(b) Scope. This part sets forth the regulations for the publication of terminal schedules by marine terminal operators. Information made available under this part may be used to determine marine terminal operators’ compliance with shipping statutes and regulations.

(c) Definitions. The following definitions apply to the regulations of this part:

2. Bulk cargo means cargo that is loaded and carried in bulk without mark or count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and is, therefore, subject to the requirements of this part.

3. Checking means the service of counting and checking cargo against appropriate documents for the account of the cargo or the vessel, or other person requesting same.

5. Dockage means the charge assessed against a vessel for berthing at a wharf, pier, bulkhead structure, or bank or for mooring to a vessel so berthed.

6. Effective date means the date a schedule or an element of a schedule becomes effective. Where there are multiple publications on the same day, the last schedule or element of a schedule published with the same effective date is the one effective for that day.

7. Expiration date means the last day, after which the entire schedule or a single element of the schedule, is no longer in effect.

8. Forest products means forest products including, but not limited to, lumber in bundles, rough timber, ties, poles, piling, laminated beams, bundled siding, bundled plywood, bundled core stock or veneers, bundled particle or fiber boards, bundled hardwood, wood pulp in rolls, wood pulp in unitized bales, paper and paper board in rolls or in pallet or skid-sized sheets, liquid or granular by-products derived from pulping and papermaking, and engineering wood products.

9. Free time means the period specified in the terminal schedule during which cargo may occupy space assigned to it on terminal property, including off-dock facilities, free of wharf demurrage or terminal storage charges immediately prior to the loading or subsequent to the discharge of such cargo on or off the vessel.
(10) **Handling** means the service of physically moving cargo between point of rest and any place on the terminal facility, other than the end of ship’s tackle.

(11) **Heavy lift** means the service of providing heavy lift cranes and equipment for lifting cargo.

(12) **Loading and unloading** means the service of loading or unloading cargo between any place on the terminal and railroad cars, trucks, lighters or barges or any other means of conveyance to or from the terminal facility.

(13) **Marine terminal operator** means a person engaged in the United States or a commonwealth, territory, or possession thereof, in the business of furnishing wharfage, dock, warehouse or other terminal facilities in connection with a common carrier, or in connection with a common carrier and a water carrier subject to Subchapter II of Chapter 135 of Title 49, United States Code. A marine terminal operator includes, but is not limited to, terminals owned or operated by states and their political subdivisions; railroads who perform port terminal services not covered by their line haul rates; common carriers who perform port terminal services; and warehousemen who operate port terminal facilities. For the purposes of this part, marine terminal operator includes conferences of marine terminal operators.

(14) **Organization name** means an entity’s name on file with the Commission and for which the Commission assigns an organizational number.

(15) **Person** includes individuals, firms, partnerships, associations, companies, corporations, joint stock associations, trustees, receivers, agents, assignees and personal representatives.

(16) **Rate** means a price quoted in a schedule for providing a specified level of marine terminal service or facility for a stated cargo quantity, on and after a stated effective date or within a defined time frame.

(17) **Schedule** means a publication containing the actual rates, charges, classifications, regulations and practices of a marine terminal operator. The term “practices” refers to those usages, customs or modes of operation which in any way affect, determine or change the rates, charges or services provided by a marine terminal operator.

(18) **Terminal facilities** means one or more structures comprising a terminal unit, which include, but are not limited to, wharves, warehouses, covered and/or open storage spaces, cold storage plants, cranes, grain elevators and/or bulk cargo loading and/or unloading structures, landings, and receiving stations, used for the transmission, care and convenience of cargo and/or passengers in the interchange of same between land and water carriers or between two water carriers.

(19) **Terminal services** includes checking, dockage, free time, handling, heavy lift, loading and unloading, terminal storage, usage, wharfage, and wharf demurrage, as defined in this section. The definitions of terminal services set forth in this section shall be set forth in terminal schedules, except that other definitions of terminal services may be used if they are correlated by footnote, or other appropriate method, to the definitions set forth herein. Any additional services which are offered shall be listed and charges therefor shall be shown in the terminal schedule.

(20) **Terminal storage** means the service of providing warehouse or other terminal facilities for the storage of inbound or outbound cargo after the expiration of free time, including wharf storage, shipside storage, closed or covered storage, open or ground storage, bonded storage and refrigerated storage.

(21) **Usage** means the use of a terminal facility by any rail carrier, lighter operator, trucker, shipper or consignee, its agents, servants, and/or employees, when it performs its own car, lighter or truck loading or unloading, or the use of said facilities for any other gainful purpose for which a charge is not otherwise specified.

(22) **Wharf demurrage** means a charge assessed against cargo remaining in or on terminal facilities after the expiration of free time, including wharf storage, shipside storage, closed or covered storage, open or ground storage, bonded storage and refrigerated storage.

(23) **Wharfage** means a charge assessed against the cargo or vessel on all cargo passing or conveyed over, onto, or under wharves or between vessels (to or from barge, lighter,
water), when berthed at wharf or when moored in slip adjacent to a wharf. Wharfage is solely the charge for use of a wharf and does not include charges for any other service.

§ 525.2 Terminal schedules.

(a) Marine terminal operator schedules. A marine terminal operator, at its discretion, may make available to the public, subject to section 10(d) of the Act (46 U.S.C. 41102(c), 41103, 41106), a schedule of its rates, regulations, and practices.

(1) Limitations of liability. Any limitations of liability for cargo loss or damage pertaining to receiving, delivering, handling, or storing property at the marine terminal contained in a terminal schedule must be consistent with domestic law and international conventions and agreements adopted by the United States; such terminal schedules cannot contain provisions that exculpate or relieve marine terminal operators from liability for their own negligence, or that impose upon others the obligation to indemnify or hold-harmless the terminals from liability for their own negligence.

(2) Enforcement of terminal schedules. Any schedule that is made available to the public by the marine terminal operator shall be enforceable by an appropriate court as an implied contract between the marine terminal operator and the party receiving the services rendered by the marine terminal operator, without proof that such party has actual knowledge of the provisions of the applicable terminal schedule.

(c) Marine terminal operator agreements. The regulations relating to agreements to which a marine terminal operator is a party are located at part 535 of this chapter.

§ 525.3 Availability of marine terminal operator schedules.

(a) Availability of terminal schedules—

(1) Availability to the Commission. A complete and current set of terminal schedules used by a marine terminal operator, or to which it is a party, shall be maintained in its office(s) for a period of five (5) years, whether or not made available to the public, and shall promptly be made available to the Commission upon request.

(b) Access to electronically published schedules. Marine terminal operators shall provide access to their terminal schedules via a personal computer (PC) by:

(1) Dial-up connection via public switched telephone networks (PSTN); or

(2) The Internet (Web) by:

(i) Web browser; or

(ii) Telnet session.

(c) Dial-up connection via PSTN. (1) This connection option requires that terminal schedules provide:

(i) A minimum of a 14.4Kbps modem capable of receiving incoming calls,

(ii) Smart terminal capability for VT-100 terminal or terminal emulation access, and

(iii) Telephone line(s) quality for data transmission.

(2) The modem may be included in a collection (bank) of modems as long as
all modems in the bank meet the minimum speed. Smart terminal emulation provides for features such as bold, blinking, underlining and positioning to specific locations on the display screen.

(d) Internet connection. (1) This connection option requires that systems provide:

(i) A universal resource locator (URL) Internet address (e.g., http://www.tariffsrus.com or http://1.2.3.4), and/or

(ii) A universal resource locator (URL) Internet address (e.g., telnet://tariffsrus or telnet://1.2.3.4), for Telnet session access over the Internet.

(2) Marine terminal operators shall ensure that their Internet service providers shall provide static Internet addresses.

(e) Commission access. Commission telecommunications access to systems must include connectivity via a dial-up connection over public switched telephone networks (PSTN) or a connection over the Internet. Connectivity will be provided at the expense of the publishers. Any recurring connection fees, hardware rental fees, usage fees or any other charges associated with the availability of the system are the responsibility of the publisher. The Commission shall only be responsible for the long-haul charges for PSTN calls to a terminal schedule initiated by the Commission.

(f) Notification. Each marine terminal operator shall notify the Commission’s Bureau of Tariffs, Certification and Licensing (“BTCL”), prior to the commencement of marine terminal operations, of its organization name, organization number, home office address, name and telephone number of firm’s representative, the location of its terminal schedule(s), and the publisher, if any, used to maintain its terminal schedule, by electronically submitting Form FMC–1 via the Commission’s website at www.fmc.gov. Any changes to the above information shall be immediately transmitted to BTCL. The Commission will publish a list on its website of the location of any terminal schedule made available to the public.

(g) Form and manner. Each terminal schedule made available by a marine terminal operator shall contain an individual identification number, effective date, expiration date, if any, and the complete terminal schedule in full text and/or data format showing all its rates, charges, and regulations relating to or connected with the receiving, handling, storing, and/or delivering of property at its terminal facilities.

§ 525.4 OMB control number assigned pursuant to the Paperwork Reduction Act.

The Commission has received Office of Management and Budget approval for this collection of information pursuant to the Paperwork Reduction Act of 1995, as amended. In accordance with that Act, agencies are required to display a currently valid control number. In this regard, the valid control number for this collection of information is 3072–0061.

The purpose of this part is to facilitate the filing of service contracts and the publication of certain essential terms of those service contracts as required by section 8(c) of the Shipping Act of 1984 ("the Act") (46 U.S.C. 40502). This part enables the Commission to review service contracts to ensure that these contracts and the parties to them comport with the requirements of the Act. This part also implements electronic filing provisions for service contracts to facilitate compliance and minimize the filing burdens on the oceanborne commerce of the United States.

§ 530.2 Scope and applicability.

An individual ocean common carrier or an agreement between or among ocean common carriers may enter into a service contract with one or more shippers subject to the requirements of the Act.

§ 530.3 Definitions.

When used in this part:

(a) Act means the Shipping Act of 1984 as amended by the Ocean Shipping Reform Act of 1998.

(b) Agreement means an understanding, arrangement, or association (written or oral) and any modification or cancellation thereof which has been filed and effective under part 535 of this chapter with the Commission. The term does not include a maritime labor agreement.

(c) Authorized person means a carrier or a duly appointed agent who is authorized to file service contracts on behalf of the carrier party to a service contract and to publish the corresponding statement of essential terms and is registered by the Commission to file under §530.5(d) and appendix A to this part.

(d) BTCL means the Commission's Bureau of Tariffs, Certification and Licensing or its successor bureau.

(e) Commission means the Federal Maritime Commission.

(f) Common carrier means a person holding itself out to the general public to provide transportation by water of passengers or cargo between the United States and a foreign country for compensation that:

(1) Assumes responsibility for the transportation from the port or point of receipt to the port or point of destination; and

(2) Utilizes, for all or part of that transportation, a vessel operating on the high seas or the Great Lakes between a port in the United States and a port in a foreign country, except that the term does not include a common carrier engaged in ocean transportation by ferry boat, ocean tramp, or chemical parcel tanker, or by a vessel when primarily engaged in the carriage of perishable agricultural commodities:

(i) If the common carrier and the owner of those commodities are wholly owned, directly or indirectly, by a person primarily engaged in the marketing and distribution of those commodities and

(ii) Only with respect to those commodities.

(g) Conference means an agreement between or among two or more ocean common carriers which provides for the fixing of and adherence to uniform rates, charges, practices and conditions of service relating to the receipt, carriage, handling and/or delivery of passengers or cargo for all members. The term does not include joint service, pooling, sailing, space charter, or transshipment agreements.

(h) Controlled carrier means an ocean common carrier that is, or whose operating assets are, directly or indirectly owned or controlled by a government. Ownership or control by a government shall be deemed to exist with respect to any ocean common carrier if:

(1) A majority portion of the interest in the carrier is owned or controlled in any manner by that government, by any agency thereof, or by any public or private person controlled by that government; or
§ 530.4 Confidentiality.

All service contracts and amendments to service contracts filed with the Commission shall, to the full extent permitted by law, be held in confidence. Nothing contained in this part shall preclude the Commission from providing certain information from or access to service contracts to another agency of the Federal government of the United States.

(o) OIRM means the Commission’s Office of Information and Resources Management.

(p) Non-vessel-operating common carrier (‘‘NVOCC’’) means an ocean transportation intermediary as defined by section 3(17)(B) of the Act (46 U.S.C. 40102(16)).

(q) Service contract means a written contract, other than a bill of lading or receipt, between one or more shippers and an individual ocean common carrier or an agreement between or among ocean common carriers in which the shipper makes a commitment to provide a certain minimum quantity or portion of its cargo or freight revenue over a fixed time period, and the individual ocean common carrier or the agreement commits to a certain rate or rate schedule and a defined service level, such as, assured space, transit time, port rotation, or similar service features. The contract may also specify provisions in the event of nonperformance on the part of any party.

(r) Shipper means a cargo owner; the person for whose account the ocean transportation is provided; the person to whom delivery is to be made; a shippers’ association; or an NVOCC that accepts responsibility for payment of all applicable charges under the service contract.

(s) Statement of essential terms means a concise statement of the essential terms of a service contract required to be published under § 530.12 of this part.

§ 530.5 Duty to file.

(a) The duty under this part to file service contracts, amendments and notices, and to publish statements of essential terms shall be upon the individual carrier party or parties participating or eligible to participate in the service contract.

(b) Filing may be accomplished by any duly agreed-upon agent, as the parties to the service contract may designate, and subject to conditions as the parties may agree.

(c) Registration—(1) Application. Authority to file or delegate the authority to file must be requested by a responsible official of the service contract carrier in writing by submitting to BTCL the Registration Form (FMC–83) in Exhibit 1 to this part.

(2) Approved registrations. OIRM shall provide approved Registrants a log-on ID and password for filing and amending service contracts and so notify Registrants via U.S. mail.

[64 FR 11206, Mar. 8, 1999, as amended at 64 FR 41042, July 29, 1999]

§ 530.6 Certification of shipper status.

(a) Certification. The shipper contract party shall sign and certify on the signature page of the service contract its shipper status (e.g., owner of the cargo, shippers’ association, NVOC, or specified other designation), and the status of every affiliate of such contract party or member of a shippers’ association entitled to receive service under the contract.

(b) Proof of tariff and financial responsibility. If the certification completed by the contract party under paragraph (a) of this section identifies the contract party or an affiliate or member of a shippers’ association as an NVOC, the ocean common carrier, conference or agreement shall obtain proof that such NVOC has a published tariff and proof of financial responsibility as required under sections 8 (46 U.S.C. 40501–40503) and 19 (46 U.S.C. 40901–40904) of the Act before signing the service contract. An ocean common carrier, conference or agreement can obtain such proof by the same methods prescribed in §515.27 of this chapter.

(c) Joining shippers’ association during term of contract. If an NVOC joins a shippers’ association during the term of a service contract and is thereby entitled to receive service under the contract, the NVOC shall provide to the ocean common carrier, conference or agreement the proof of compliance required by paragraph (b) of this section prior to making any shipments under the contract.

(d) Reliance on NVOC proof; independent knowledge. An ocean common carrier, conference or agreement executing a service contract shall be deemed to have complied with section 10(b)(12) of the Act (46 U.S.C. 41104(12)) upon meeting the requirements of paragraphs (a) and (b) of this section, unless the carrier party had reason to know such certification or documentation of NVOC tariff and bonding was false.

[64 FR 11206, Mar. 8, 1999, as amended at 74 FR 50723, Oct. 1, 2009]

§ 530.7 Duty to labor organizations.

(a) Terms. When used in this section, the following terms will have these meanings:

(1) Dock area and within the port area shall have the same meaning and scope as defined in the applicable collective bargaining agreement.

(2) Reasonable period of time ordinarily means:

(i) If the cargo in question is due to arrive in less than five (5) days from the date of receipt of the request as defined in paragraph (b) of this section, two (2) days from the date of receipt of the request; but

(ii) If cargo in question is due to arrive in more than five (5) days from the date of receipt of the request as defined in paragraph (b) of this section, four (4) days from the date of receipt of the request.

(3) Movement includes, but is not necessarily limited to, the normal and usual aspects of the loading and discharging of cargo in containers; placement, positioning and re-positioning of cargo or of containers; the insertion and removal of cargo into and from containers; and the storage and warehousing of cargo.

(4) Assignment includes, but is not limited to, the carrier’s direct or indirect control over the parties which, the manner by which, or the means by
which the shipper’s cargo is moved, regardless of whether such movement is completed within or outside of containers.

(5) Transmit means communication by first-class mail, facsimile, telegram, hand-delivery, or electronic mail (“e-mail”).

(b) Procedure. In response to a written request transmitted from a labor organization with which it is a party or is subject to the provisions of a collective bargaining agreement with a labor organization, an ocean common carrier shall state, within a reasonable period of time, whether it is responsible for the following work at dock areas and within port areas in the United States with respect to cargo transported under a service contract:

(1) The movement of the shipper’s cargo on a dock area or within the port area or to or from railroad cars on a dock area or within a port area;

(2) The assignment of intraport carriage of the shipper’s cargo between areas on a dock or within the port area;

(3) The assignment of the carriage of the shipper’s cargo between a container yard on a dock area or within the port area and a rail yard adjacent to such container yard; or

(4) The assignment of container freight station work and maintenance and repair work performed at a dock area or within the port area.

(c) Applicability. This section requires the disclosure of information by an ocean common carrier only if there exists an applicable and otherwise lawful collective bargaining agreement which pertains to that carrier.

(d) Disclosure not deemed admission or agreement. No disclosure made by an ocean common carrier shall be deemed to be an admission or agreement that any work is covered by a collective bargaining agreement.

(e) Dispute resolution. Any dispute regarding whether any work is covered by a collective bargaining agreement and the responsibility of the ocean common carrier under such agreement shall be resolved solely in accordance with the dispute resolution procedures contained in the collective bargaining agreement and the National Labor Relations Act, and without reference to this section.

(1) Jurisdiction and lawfulness. Nothing in this section has any effect on the lawfulness or unlawfulness under the Shipping Act of 1984, the National Labor Relations Act, the Taft-Hartley Act, the Federal Trade Commission Act, the antitrust laws, or any other federal or state law, or any revisions or amendments thereto, of any collective bargaining agreement or element thereof, including any element that constitutes an essential term of a service contract under section 8(c) of the Act (46 U.S.C. 40502).

[64 FR 11206, Mar. 8, 1999, as amended at 74 FR 50723, Oct. 1, 2009]

Subpart B—Filing Requirements

§ 530.8 Service Contracts.

(a) Authorized persons shall file with BTCL, in the manner set forth in appendix A of this part, a true and complete copy of every service contract or amendment to a filed service contract before any cargo moves pursuant to that service contract or amendment.

(b) Every service contract filed with the Commission shall include the complete terms of the service contract including, but not limited to, the following:

(1) The origin port ranges in the case of port-to-port movements and geographic areas in the case of through intermodal movements;

(2) The destination port ranges in the case of port-to-port movements and geographic areas in the case of through intermodal movements;

(3) The commodity or commodities involved;

(4) The minimum volume or portion;

(5) The service commitments;

(6) The line-haul rate;

(7) Liquidated damages for non-performance (if any);

(8) Duration, including the

(i) Effective date; and

(ii) Expiration date;

(9) The legal names and business addresses of the contract parties; the legal names of affiliates entitled to access the contract; the names, titles and addresses of the representatives signing the contract for the parties; and
§ 530.9 Notices.

Within thirty (30) days of the occurrence of any event listed below, there shall be filed with the Commission, pursuant to the same procedures as those followed for the filing of an amendment pursuant to §530.10 and appendix A to this part, a detailed notice of:

(a) Correction (clerical or administrative errors);
(b) Cancellation (as defined in §530.10(a)(3));
(c) Adjustment of accounts, by re-rating, liquidated damages, or otherwise;
(d) Final settlement of any account adjusted as described in paragraph (c) of this section; and
(e) Any change to:
(1) The name of a basic contract party; or
(2) The date upon which the service contract was signed, except that in the case of a contract entered under the authority of an agreement or by a shippers' association, individual members need not be named unless the contract includes or excludes specific members.

Subsequent references in the contract to the contract parties shall be consistent with the first reference (e.g., (exact name), “carrier,” “shipper,” or “association,” etc.). Carrier parties which enter into contracts that include affiliates must either:

(i) List the affiliates’ business addresses; or

(ii) Certify that this information will be provided to the Commission upon request within ten (10) business days of such request. However, the requirements of this section do not apply to amendments to contracts that have been filed in accordance with the requirements of this section unless the amendment adds new parties or affiliates;

(c) Certainty of terms. The terms described in paragraph (b) of this section may not:

§ 530.10 Amendment, correction, cancellation, and electronic transmission errors.

(a) Terms. When used in this section, the following terms will have these meanings:

(1) Amendment means any change to a service contract which has prospective effect and which is mutually agreed upon by the service contract parties.

(2) Correction means any change to a service contract which has retroactive effect.

(3) Cancellation means an event which is unanticipated by the service contract, in liquidated damages or otherwise, and is due to the failure of the shipper party to tender minimum cargo as set forth in the contract, unless such tender was made impossible by an action of the carrier party.

(b) Amendment. Service contracts may be amended by mutual agreement of the parties to the contract. Amendments shall be filed electronically with the Commission in the manner set forth in § 530.8 and appendix A to this part.

(1) Where feasible, service contracts should be amended by amending only the affected specific term(s) or subterms.

(2) Each time any part of a service contract is amended, the filer shall assign a consecutive amendment number (up to three digits), beginning with the number “1.”

(3) Each time any part of the service contract is amended, the “Filing Date” will be the date of filing of the amendment.

(c) Corrections. Requests shall be filed, in duplicate, with the Commission’s Office of the Secretary within forty-five (45) days of the contract’s filing with the Commission, accompanied by remittance of a $315 service fee, and shall include:

(1) A letter of transmittal explaining the purpose of the submission, and providing specific information to identify the initial or amended service contract to be corrected;

(2) A paper copy of the proposed correct terms. Corrections shall be indicated as follows:

(i) Matter being deleted shall be struck through; and

(ii) Matter to be added shall immediately follow the language being deleted and be underscored;

(3) An affidavit from the filing party attesting with specificity to the factual circumstances surrounding the clerical or administrative error, with reference to any supporting documentation;

(4) Documents supporting the clerical or administrative error; and

(5) A brief statement from the other party to the contract concurring in the request for correction.

(6) If the request for correction is granted, the carrier, agreement or conference shall file the corrected contract provisions using a special case number as described in appendix A to this part.

(d) Electronic transmission errors. An authorized person who experiences a purely technical electronic transmission error or a data conversion error in transmitting a service contract filing or an amendment thereto is permitted to file a Corrected Transmission (“CT”) of that filing within 48 hours of the date and time of receipt recorded in SERVCON (excluding Saturdays, Sundays and legal public holidays). This time-limited permission to correct an initial defective service contract filing is not to be used to make changes in the original service contract rates, terms or conditions that are otherwise provided for in paragraphs 530.10(b) and (c) of this section. The CT tab box in SERVCON must be checked at the time of resubmitting a previously filed service contract, and a description of the corrections made must be stated at the beginning of the corrected service contract in a comment box. Failure to check the CT box and enter a description of the correction will result in the rejection of a file with the same name, since documents with duplicate file names or service contract and amendment numbers are not accepted by SERVCON.
§ 530.12 

(e) Cancellation. (1) An account may be adjusted for events and damages covered by the service contract. This shall include adjustment necessitated by either liability for liquidated damages appearing in the service contract as filed with the Commission under §530.8(b)(7), or the occurrence of an event described below in paragraph (d)(2) of this section.

(2) In the event of cancellation as defined in §530.10(a)(3):

(i) Further or continued implementation of the service contract is prohibited; and

(ii) The cargo previously carried under the contract shall be re-rated according to the otherwise applicable tariff provisions.

(f) If the amendment, correction or cancellation affects an essential term required to be published under §530.12 of this part, the statement of essential terms shall be changed as soon as possible after the filing of the amendment to accurately reflect the change to the contract terms.

(i) There is a tariff of general applicability for the transportation, which contains a specific commodity rate for the commodity or service in question; or

§ 530.15 Recordkeeping and audit.

(a) Records retention for five years. Every common carrier, conference or agreement shall maintain original signed service contracts, amendments, and their associated records in an organized, readily accessible or retrievable manner for a period of five (5) years from the termination of each contract.

(b) Where maintained. (1) Service contract records shall be maintained in the United States, except that service contract records may be maintained outside the United States if the Chairman or Secretary of an agreement or President or Chief Executive Officer of the carrier certifies annually by January 1, on a form to be supplied by the Commission, that service contract records will be made available as provided in paragraph (c) of this section.

(2) Penalty. If service contract records are not made available to the Commission as provided in paragraph (c) of this section, the Commission may cancel any carrier’s or agreement’s right to maintain records outside the United States pursuant to the certification procedure of paragraph (b) of this section.

(c) Production for audit within 30 days of request. Every carrier or agreement shall, upon written request of the FMC’s Director, Bureau of Enforcement, any Area Representative or the Director, Bureau of Economics and Agreements Analysis, submit copies of requested original service contracts or their associated records within thirty (30) days of the date of the request.

§ 530.91 OMB control numbers assigned pursuant to the Paperwork Reduction Act.

The Commission has received OMB approval for this collection of information pursuant to the Paperwork Reduction Act of 1995, as amended. In accordance with that Act, agencies are required to display a currently valid control number. The valid control number for this collection of information is 3072–0065.

APPENDIX A TO PART 530—INSTRUCTIONS FOR THE FILING OF SERVICE CONTRACTS

Service contracts shall be filed in accordance with the instructions found on the Commission’s home page, http://www.fmc.gov.

A. Registration, Log-on ID and Password

To register for filing, a carrier, conference, agreement or publisher must submit the Service Contract Registration Form (Form FMC–83) to BTCL. A separate Service Contract Registration Form is required for each individual that will file service contracts. BTCL will direct OIRM to provide approved filers with a log-on ID and password. Filers who wish a third party (publisher) to file their service contracts must so indicate on Form FMC–83. Authority for organizational filing can be transferred by submitting an amended registration form requesting the assignment of a new log-on ID and password. The original log-on ID will be canceled when a replacement log-on ID is issued. Log-on IDs and passwords may not be shared with, loaned to or used by any individual other than the individual registrant. The Commission reserves the right to disable any log-on ID that is shared with, loaned to or used by parties other than the registrant.

B. Filing

After receiving a log-on ID and a password, a filer may log-on to the service contract filing area on the Commission’s home page and file service contracts. The filing screen will request such information as: filer name, Registered Persons Index (“RPI”) number and carrier RPI number (if different); Service Contract and amendment number; and effective date. The filer will attach the entire service contract file and submit it into the system. When the service contract has been submitted for filing, the system will assign a filing date and an FMC control number, both of which will be included in the acknowledgment/confirmation message.

Line 4. Billing Address if Different. This should be completed if the billing address differs from the home office address. Show the firm name (if different from the registrant), street address and post office box (if applicable).

Line 5. Organization Number. Complete if known. (Regulated Persons Index or “RPI” number.)

Line 6. Registrant Type. Indicate the type of organization. A registrant cannot be more than one type. This data cannot be changed by the registrant after registration without submission of an amended registration form.

Line 7. Permissions Requested and Person Granted These Permissions. Delegation of the authority to file should be noted here.

After certification, the registrant can submit an amended registration form to request permission for a person in their organization to perform the batch filing. If the person already has an existing log-on, the log-on (not the password) should be listed on the registration form. Also, the certification date received from the FMC should be listed on the registration form.

§ 531.1 Purpose.

This part exempts NVOCCs from certain provisions of the Shipping Act. The purpose of this part is to facilitate the filing of NVOCC Service Arrangements (“NSAs”) and the publication of certain essential terms of those NSAs as they are exempt from the otherwise applicable provisions of the Shipping Act of 1984 (“the Act”). This part enables the Commission to review NSAs to ensure that they and the parties to them comport with the conditions of the exemption as set forth below.

§ 531.2 Scope and applicability.

Only individual NVOCCs compliant with the requirements of section 19 of the Act (46 U.S.C. 40901–40904) and the Commission’s regulations at 46 CFR part 515 may enter into an NSA with one or more NSA shippers subject to the requirements of these rules. Any NVOCC who has failed to maintain its bond or license or had its tariff suspended or cancelled by the Commission is ineligible to offer and file NSAs.

§ 531.3 Definitions.

(i) Common carrier means a person holding itself out to the general public to provide transportation by water of passengers or cargo between the United States and a foreign country for compensation that:

(1) Assumes responsibility for the transportation from the port or point of receipt to the port or point of destination; and

(2) Utilizes, for all or part of that transportation, a vessel operating on the high seas or the Great Lakes between a port in the United States and a port in a foreign country, except that the term does not include a common carrier engaged in ocean transportation by ferry boat, ocean tramp, or chemical parcel tanker, or by a vessel when primarily engaged in the carriage of perishable agricultural commodities:

(i) If the common carrier and the owner of those commodities are wholly owned, directly or indirectly, by a person primarily engaged in the marketing and distribution of those commodities and

§ 531.5 Duty to file.

(a) The duty under this part to file NSAs, amendments and notices, and to publish statements of essential terms, shall be upon the NVOCC acting as carrier party to the NSA.

(b) The Commission shall not order any person to pay the difference between the amount billed and agreed upon in writing with a common carrier or its agent and the amount set forth in an NSA by that common carrier for the transportation service provided.

(c) Filing may be accomplished by any duly agreed-upon agent, as the parties to the NSA may designate, and subject to conditions as the parties may agree.

(d) Registration—(1) Application. Authority to file or delegate the authority to file must be requested by a responsible official of the NVOCC in writing by submitting to BTA, either by mail to 800 N. Capitol Street, NW., Washington, DC 20573, or by facsimile to (202) 523–5867, a completed NSA Registration Form (FMC–78)(Exhibit 1 to this part).

(2) Approved registrations. OIT shall provide approved Registrants a log-on identification number (“I.D.”) and password for filing and amending NSAs, and notify Registrants of such approval via U.S. mail.

§531.6  46 CFR Ch. IV (10–1–09 Edition)

(9) The legal names and business addresses of the NSA parties; the legal names of all affiliates of the NSA shipper entitled to access the NSA; the names, titles and addresses of the representatives signing the NSA for the parties, except that in the case of an NSA entered into by a shippers’ association, individual members need not be named unless the contract includes or excludes specific members; and the date upon which the NSA was signed. Subsequent references in the NSA to the signatory parties shall be consistent with the first reference. An NVOCC party which enters into an NSA that includes affiliates must either:

(i) list the affiliates’ business addresses; or

(ii) certify that this information will be provided to the Commission upon request within ten (10) business days of such request.

(10) A description of the shipment records which will be maintained to support the NSA and the address, telephone number, and title of the person who will respond to a request by making shipment records available to the Commission for inspection under §531.12 of this part; and

(11) All other provisions of the NSA.

(c) Certainty of terms. The terms described in paragraph (b) of this section may not:

(1) Be uncertain, vague or ambiguous; or

(2) Make reference to terms not explicitly contained in the NSA itself unless those terms are contained in a publication widely available to the public and well known within the industry. Reference may not be made to a tariff of a common carrier other than the NVOCC acting as carrier party to the NSA.

(d) Other requirements. (1) For service pursuant to an NSA, no NVOCC may, either alone or in conjunction with any other person, directly or indirectly, provide service in the liner trade that is not in accordance with the rates, charges, classifications, rules and practices contained in a filed NSA.

(2) For service pursuant to an NSA, no NVOCC, may, either alone or in conjunction with any other person, directly or indirectly, engage in any unfair or unjustly discriminatory practice in the matter of rates or charges with respect to any port; and

(3) For service under an NSA, no NVOCC may, either alone or in conjunction with any other person, directly or indirectly, give any undue or unreasonable preference or advantage or impose any undue or unreasonable prejudice or disadvantage with respect to any port.

(4) No NVOCC may knowingly and willfully enter into an NSA with an ocean transportation intermediary that does not have a tariff and a bond, insurance, or other surety as required by sections 8 (46 U.S.C. 40501–40503) and 19 (46 U.S.C. 40901–40904) of the Act.

(e) Format requirements. Every NSA filed with BTA shall include, as set forth in Appendix A to this part:

(1) A unique NSA number of more than one (1) but less than ten (10) alphanumeric characters in length (“NSA Number”); and

(2) A consecutively numbered amendment number no more than three digits in length, with initial NSAs using “0” (“Amendment number”); and

(3) An indication of the method by which the statement of essential terms will be published.

(f) Exception in case of malfunction of Commission electronic filing system. (1) In the event that the Commission’s electronic filing system is not functioning and cannot receive NSAs filings for twenty-four (24) continuous hours or more, affected parties will not be subject to the requirements of paragraph (a) of this section and §531.11 that an NSA be filed before cargo is shipped under it.

(2) However, NSAs which go into effect before they are filed due to a malfunction of the Commission’s electronic filing system pursuant to paragraph (f)(1) of this section, must be filed within twenty-four (24) hours of the Commission’s electronic filing system’s return to service.

(3) For an NSA that is effective without filing due to a malfunction of the Commission’s filing system, failure to file that NSA within twenty-four (24) hours of the Commission’s electronic filing system’s return to service will be considered a violation of these regulations.
§ 531.8 Amendment, correction, cancellation, and electronic transmission errors.

(a) Amendment. (1) NSAs may be amended by mutual agreement of the parties. Amendments shall be filed electronically with the Commission in the manner set forth in §531.5 and Appendix A to this part.

(i) Where feasible, NSAs should be amended by amending only the affected specific term(s) or subterms.

(ii) Each time any part of an NSA is amended, the filer shall assign a consecutive amendment number (up to three digits), beginning with the number “1.”

(iii) Each time any part of a filed NSA is amended, the “Filing Date” will be the date of filing of the amendment.

(2) [Reserved]

(b) Correction. (1) Requests shall be filed, in duplicate, with the Commission’s Office of the Secretary within forty-five (45) days of the NSA’s filing with the Commission, accompanied by remittance of a $276 service fee.

(2) Requests shall include:

(i) A letter of transmittal explaining the purpose of the submission, and providing specific information to identify the initial or amended NSA to be corrected;

(ii) A paper copy of the proposed correct terms. Matter to be deleted shall be struck through and matter to be added shall immediately follow the language being deleted and underscored;

(iii) An affidavit from the filing party attesting with specificity to the factual circumstances surrounding the clerical or administrative error, with reference to any supporting documentation;

(iv) Documents supporting the clerical or administrative error; and

(v) A brief statement from the other party to the NSA concurring in the request for correction.

(3) If the request for correction is granted, the carrier party shall file the corrected provisions using a special case number as described in Appendix A to this part.

(c) Electronic transmission errors. (1) An authorized person who experiences a purely technical electronic transmission error or a data conversion error in transmitting an NSA filing or an amendment thereto is permitted to file a Corrected Transmission (“CT”) of that filing within 48 hours of the date and time of receipt recorded in the Commission’s electronic filing system (excluding Saturdays, Sundays and legal public holidays). This time-limited permission to correct an initial defective NSA filing is not to be used to make changes in the original NSA rates, terms or conditions that are otherwise provided for in §531.6(b). The CT tab box in the Commission’s electronic filing system must be checked at the time of resubmitting a previously filed NSA, and a description of the corrections made must be stated at the beginning of the corrected NSA in a comment box. Failure to check the CT box and enter a description of the correction will result in the rejection of a file with the same name, as documents with duplicate file names or NSA and amendment numbers are not accepted by the FMC’s electronic filing system.

(2) [Reserved]
§ 531.9

(d) Cancellation. (1) An account may be adjusted for events and damages covered by the NSA. This shall include adjustment necessitated by either liability for liquidated damages appearing in the NSA as filed with the Commission under § 531.6(b)(7), or the occurrence of an event described below in paragraph (d)(2) of this section.

(2) In the event of cancellation as defined in § 531.3(g):
   (i) Further or continued implementation of the NSA is prohibited; and
   (ii) The cargo previously carried under the NSA shall be re-rated according to the otherwise applicable tariff provisions.

(e) If the amendment, correction or cancellation affects an essential term required to be published under § 531.9, the statement of essential terms shall be changed as soon as possible after the filing of the amendment to accurately reflect the change to the NSA terms.

Subpart C—Publication of Essential Terms

§ 531.9 Publication.

(a) Contents. All authorized persons who choose to file NSAs under this part are also required to make available to the public, contemporaneously with the filing of each NSA with the Commission, and in tariff format, a concise statement of the following essential terms:

(1) The port ranges:
   (i) origin; and
   (ii) destination;

(2) The commodity or commodities involved;

(3) The minimum volume or portion; and

(4) The duration.

(b) Certainty of terms. The terms described in paragraph (a) of this section may not:

(1) Be uncertain, vague or ambiguous; or

(2) Make reference to terms not explicitly detailed in the statement of essential terms, unless those terms are contained in a publication widely available to the public and well known within the industry. Reference may not be made to a tariff of a common carrier other than the NVOCC party to the NSA.

(c) Location. The statement of essential terms shall be published as a separate part of the individual NVOCC’s automated tariff system.

(d) References. The statement of essential terms shall contain a reference to the “NSA Number” as described in § 531.6(e)(1).

(e) Terms. (1) The publication of the statement of essential terms shall accurately reflect the terms as filed with the Commission.

(2) If any of the published essential terms include information not required to be filed with the Commission but filed voluntarily, the statement of essential terms shall so note.

(f) Commission listing. The Commission will publish on its website, www.fmc.gov, a listing of the locations of all NSA essential terms publications.

(g) Updating statements of essential terms. To ensure that the information contained in a published statement of essential terms is current and accurate, the statement of essential terms publication shall include a prominent notice indicating the date of its most recent publication or revision. When the published statement of essential terms is affected by filed amendments, corrections, or cancellations, the current terms shall be changed and published as soon as possible in the relevant statement of essential terms.

Subpart D—Exceptions and Implementation

§ 531.10 Excepted and exempted commodities.

(a) Statutory exceptions. NSAs for the movement of the following, as defined in section 3 of the Act (46 U.S.C. 40102) and § 530.3 or § 520.2 of this chapter, are not subject to the conditions of this exemption:

(1) Bulk cargo;

(2) Forest products;

(3) Recycled metal scrap;

(4) New assembled motor vehicles; and

(5) Waste paper or paper waste.

(b) Commission exemptions. The following commodities and/or services are not subject to the conditions of this exemption:
Federal Maritime Commission

(1) Mail in foreign commerce. Transportation of mail between the United States and foreign countries.

(2) Department of Defense cargo. Transportation of U.S. Department of Defense cargo moving in foreign commerce under terms and conditions approved by the Military Transportation Management Command and published in a universal service contract. An exact copy of the universal service contract, including any amendments thereto, shall be filed with the Commission as soon as it becomes available.

(c) Inclusion of excepted or exempted matter. (1) The Commission will not accept for filing NSAs which exclusively concern the commodities or services listed in paragraph (a) or (b) of this section.

(2) NSAs filed with the Commission may include the commodities or services listed in paragraph (a) or (b) of this section only if:

(i) There is a tariff of general applicability for the transportation, which contains a specific commodity rate for the commodity or service in question; or

(ii) The NSA itself sets forth a rate or charge which will be applied if the NSA is canceled, as defined in §531.3(e) and §531.8(d).

(d) Waiver. Upon filing an NSA pursuant to paragraph (c) of this section, the NSA shall be subject to the same requirements as those for NSAs generally.

APPENDIX A TO PART 531—INSTRUCTIONS FOR THE FILING OF NSAS

NSAs shall be filed in accordance with the instructions found on the Commission’s home page, http://www.fmc.gov.

A. REGISTRATION, LOG-ON I.D. AND PASSWORD

To register for filing, an NVOCC or authorized agent must submit the NSA Registration Form (Form FMC–78) to BTA. A separate NSA Registration Form is required for each individual that will file NSAs. BTA will direct OIT to provide approved filers with a log-on identification number ("I.D.") and password. Filers who would like a third party (agent/publisher) to file their NSAs must so indicate on Form FMC–78. Authority for filing can be transferred by submitting an amended registration form requesting the assignment of a new log-on I.D. and password. The original log-on I.D. will be canceled when a replacement log-on I.D. is issued. Log-on I.D.s and passwords may not be shared with, loaned to or used by any individual other than the individual registrant. The Commission reserves the right to disable
any log-on I.D. that is shared with, loaned to or used by parties other than the registrant.

B. FILING

After receiving a log-on I.D. and a password, a filer may log-on to the NSA filing area on the Commission’s home page and file NSAs. The filing screen will request such information as: filer name, organization number ("Registered Persons Index" or "RPI" number); NSA and amendment number; effective date and file name. The filer will attach the entire NSA file and submit it into the system. When the NSA has been submitted for filing, the system will assign a filing date and an FMC control number, both of which will be included in the acknowledgment/confirmation message.

Instructions for Form FMC-78

Completed Form FMC-78 should be sent by mail or facsimile to:

Federal Maritime Commission
Bureau of Trade Analysis
800 N. Capitol Street, NW
Washington, DC 20573-0001

Line 1. Organization Number. This is the same as the Regulated Persons Index ("RPI") Number.

Line 2. Registrant. Provide the full name of the firm or individual registering for the automated NSA filing system and any trade names. The Registrant's name should match the corporate charter or business license, etc. The Registrant's name cannot be changed without submission of an amended registration form.

SOURCE: 69 FR 64114, Nov. 4, 2004, unless otherwise noted.

Subpart A—General Provisions

§ 535.101 Authority.

The rules in this part are issued pursuant to the authority of section 4 of the Administrative Procedure Act (5 U.S.C. 553), sections 2, 3, 4, 5, 6, 7, 8, 10, 11, 13, 15, 16, 17, and 19 of the Shipping Act of 1984 ("the Act") (46 U.S.C. 305, 40101–40104, 40301–40307, 40501–40503, 40901–40904, 41101–41109, 41301–41302, and
§ 535.102 Purpose.

This part implements those provisions of the Act that govern agreements by or among ocean common carriers and agreements among marine terminal operators and among one or more marine terminal operators and one or more ocean common carriers. This part also sets forth more specifically certain procedures provided for in the Act.

§ 535.103 Policies.

(a) The Act requires that agreements be processed and reviewed, upon their initial filing, according to strict statutory deadlines. This part is intended to establish procedures for the orderly and expeditious review of filed agreements in accordance with the statutory requirements.

(b) The Act requires that agreements be reviewed, upon their initial filing, to ensure compliance with all applicable provisions of the Act and empowers the Commission to obtain information to conduct that review. This part identifies those types of agreements that must be accompanied by information submissions when they are first filed, and sets forth the kind of information for certain agreements that the Commission believes relevant to that review. Only information that is relevant to such a review is requested. It is the policy of the Commission to keep the costs of regulation to a minimum and at the same time obtain information needed to fulfill its statutory responsibility.

(c) To further the goal of expedited processing and review of agreements upon their initial filing, agreements are required to meet certain minimum requirements as to form. These requirements are intended to ensure expedited review and should assist parties in preparing agreements. These requirements as to form do not affect the substance of an agreement and are intended to allow parties the freedom to develop innovative commercial relationships and provide efficient and economic transportation systems.

(d) The Act itself excludes certain agreements from the filing requirements and authorizes the Commission to exempt other classes of agreements from any requirement of the Act or this part. To minimize delay in the implementation of routine agreements and to avoid the private and public cost of unnecessary regulation, certain classes of agreements are exempt from the filing requirements of this part.

(e) Under the regulatory framework established by the Act, the role of the Commission as a monitoring agency has been enhanced. The Act favors greater freedom in allowing parties to form their commercial arrangements. This, however, requires greater monitoring of agreements after they have become effective to assure their continued compliance with all applicable provisions of the Act. The Act empowers the Commission to impose certain recordkeeping and reporting requirements. This part identifies those agreements that require specific record retention and reporting to the Commission and prescribes the applicable period of record retention, the form and content of such reporting, and the applicable time periods for filing with the Commission. Only information that is necessary to assure that the Commission’s monitoring responsibilities will be fulfilled is requested.

(f) The Act requires that conference agreements contain certain mandatory provisions. Each conference agreement must:

1. State its purpose;
2. Provide reasonable and equal terms and conditions for admission and readmission to membership;
3. Allow for withdrawal from membership upon reasonable notice without penalty;
4. Require an independent neutral body to police the conference, if requested by a member;
5. Prohibit conduct specified in sections 10(c)(1) or 10(c)(3) of the Act (46 U.S.C. 41105(1) or 41105(3));
6. Provide for a consultation process;
7. Establish procedures for considering shippers’ requests and complaints; and
(8) Provide for independent action.
(g) To promote competitive and efficient transportation and a greater reliance on the marketplace, the Act places limits on carriers’ agreements regarding service contracts. Carriers may not enter into an agreement to prohibit or restrict members from engaging in contract negotiations, may not require members to disclose service contract negotiations or terms and conditions (other than those required to be published), and may not adopt mandatory rules or requirements affecting the right of an agreement member or agreement members to negotiate and enter into contracts. However, agreement members may adopt voluntary guidelines covering the terms and procedures of members’ contracts.

§ 535.104 Definitions.

When used in this part:

(a) Agreement means an understanding, arrangement, or association, written or oral (including any modification, cancellation or appendix) entered into by or among ocean common carriers and/or marine terminal operators, but does not include a maritime labor agreement.

(c) Appendix means a document containing additional material of limited application and appended to an agreement, distinctly differentiated from the main body of the basic agreement.

(d) Assessment agreement means an agreement, whether part of a collective bargaining agreement or negotiated separately, that provides for collectively bargained fringe benefit obligations on other than a uniform man-hour basis regardless of the cargo handled or type of vessel or equipment utilized.

(e) Capacity rationalization means a concerted reduction, stabilization, withholding, or other limitation in any manner whatsoever by ocean common carriers on the size or number of vessels or available space offered collectively or individually to shippers in any trade or service.

(f) Common carrier means a person holding itself out to the general public to provide transportation by water of passengers or cargo between the United States and a foreign country for compensation that:

(1) Assumes responsibility for the transportation from the port or point of receipt to the port or point of destination; and

(2) Utilizes, for all or part of that transportation, a vessel operating on the high seas or the Great Lakes between a port in the United States and a port in a foreign country, except that the term does not include a common carrier engaged in ocean transportation by ferry boat, ocean tramp, or chemical parcel tanker, or by a vessel when primarily engaged in the carriage of perishable agricultural commodities:

(i) If the common carrier and the owner of those commodities are wholly owned, directly or indirectly, by a person primarily engaged in the marketing and distribution of those commodities; and

(ii) Only with respect to those commodities.

(g) Conference agreement means an agreement between or among two or more ocean common carriers that provides for the fixing of and adherence to uniform tariff rates, charges, practices, and conditions of service relating to the receipt, carriage, handling and/or delivery of passengers or cargo for all members. The term does not include joint service, pooling, sailing, space charter, or transshipment agreements.

(h) Consultation means a process whereby a conference and a shipper confer for the purpose of promoting the commercial resolution of disputes and/or the prevention and elimination of the occurrence of malpractices.

(i) Cooperative working agreement means an agreement that establishes
exclusive, preferential, or cooperative working relationships that are subject to the Act, but that do not fall precisely within the parameters of any specifically defined agreement.

(j) **Effective agreement** means an agreement effective under the Act.

(a) All agreements identified in §535.201(a), except for low market share agreements identified in §535.311;

(b) Modifications to an agreement that add any of the following authorities:

1. The discussion of, or agreement upon, whether on a binding basis under a common tariff or a non-binding basis, any kind of rate or charge;

2. The discussion of, or agreement on, capacity rationalization;

3. The establishment of a joint service;

4. The pooling or division of cargo traffic, earnings, or revenues and/or losses; or

5. The discussion of, or agreement on, any service contract matter; and

(c) Modifications that expand the geographic scope of an agreement containing any authority identified in §535.502(b).

§ 535.503 Information Form.

(a) The Information Form, with instructions, for agreements and modifications to agreements subject to this subpart, are set forth in sections I through V of appendix A of this part. The instructions should be read in conjunction with the Act and this part.

(b) The Information Form shall apply as follows:

1. Sections I and V shall be completed by parties to all agreements identified in §535.502;

2. Section II shall be completed by parties to agreements identified in §535.502(a) that contain any of the following authorities: the charter or use of vessel space in exchange for compensation or services; or the rationalization of sailings or services relating to a schedule of ports, the frequency of vessel calls at ports, or the size and capacity of vessels for deployment. Such authorities do not include the establishment of a joint service, nor capacity rationalization;

3. Section III shall be completed by parties to agreements identified in §535.502 that contain the authority to discuss or agree on capacity rationalization; and

4. Section IV shall be completed by parties to agreements identified in §535.502 that contain any of the following authorities:

(i) The discussion of, or agreement upon, whether on a binding basis under a common tariff or a non-binding basis, any kind of rate or charge;

(ii) The establishment of a joint service;

(iii) The pooling or division of cargo traffic, earnings, or revenues and/or losses; or

(iv) The discussion of, or agreement on, any service contract matter.

§ 535.504 Application for waiver.

(a) Upon a showing of good cause, the Commission may waive any part of the Information Form requirements in this subpart.

(b) A request for such a waiver must be submitted and approved by the Commission in advance of the filing of the Information Form to which the requested waiver would apply. Requests for a waiver shall be submitted in writing to the Director, Bureau of Trade
§ 535.601 Preliminary review—rejection of agreements.

(a) The Commission shall make a preliminary review of each filed agreement to determine whether the agreement is in compliance with the requirements of the Act and this part and, where applicable, whether the accompanying Information Form is complete or, where not complete, whether the deficiency is adequately explained or is excused by a waiver granted by the Commission under §535.504.

(b)(1) The Commission shall reject any agreement that fails to comply substantially with the filing and Information Form of the Act and this part. The Commission shall notify the filing party in writing of the reason for rejection of the agreement. The original filing, along with any supplemental information or documents submitted, shall be returned to the filing party.

(2) Should a rejected agreement be resubmitted, the full 45-day waiting period will apply to the resubmitted agreement.

§ 535.602 Federal Register notice.

(a) A notice of any filed agreement will be transmitted to the FEDERAL REGISTER within seven days of the date of filing.

(b) The notice will include:

(1) A short title for the agreement;

(2) The identity of the parties to the agreement and the filing party;

(3) The Federal Maritime Commission agreement number;

(4) A concise summary of the agreement’s contents;

(5) A statement that the agreement is available for inspection at the Commission’s offices; and

(6) The final date for filing comments regarding the agreement.

§ 535.603 Comment.

(a) Persons may file with the Secretary written comments regarding a filed agreement. Such comments will be submitted in an original and ten (10) copies and are not subject to any limitations except the time limits provided in the FEDERAL REGISTER notice. Late-filed comments will be received only by leave of the Commission and only upon a showing of good cause. If requested, comments and any accompanying material shall be accorded confidential treatment to the fullest extent permitted by law. Such requests must include a statement of legal basis for confidential treatment including the citation of appropriate statutory authority. Where a determination is made to disclose all or a portion of a comment, notwithstanding a request for confidentiality, the party requesting confidentiality will be notified prior to disclosure.

(b) The filing of a comment does not entitle a person to:

(1) A reply to the comment by the Commission;

(2) The institution of any Commission or court proceeding;

(3) Discussion of the comment in any Commission or court proceeding concerning the filed agreement; or

(4) Participation in any proceeding that may be instituted.

§ 535.604 Waiting period.

(a) The waiting period before an agreement becomes effective shall commence on the date that an agreement is filed with the Commission.

(b) Unless suspended by a request for additional information or extended by...
§ 535.605 Requests for expedited review.

(a) Upon written request of the filing party, the Commission may shorten the waiting period. In support of a request, the filing party should provide a full explanation, with reference to specific facts and circumstances, of the necessity for a shortened waiting period. In reviewing requests, the Commission will consider the parties' needs and the Commission's ability to complete its review of the agreement's potential impact. In no event, however, may the period be shortened to less than fourteen (14) days after the publication of the notice of the filing of the agreement in the FEDERAL REGISTER.

When a request for expedited review is denied, the normal 45-day waiting period will apply. Requests for expedited review will not be granted routinely and will be granted only on a showing of good cause. Good cause would include, but is not limited to, the impending expiration of the agreement; an operational urgency; Federal or State imposed time limitations; or other reasons that, in the Commission's discretion, constitute grounds for granting the request.

(b) A request for expedited review will be considered for an agreement whose 45-day waiting period has begun anew after being stopped by a request for additional information.

§ 535.606 Requests for additional information.

(a) The Commission may request from the filing party any additional information and documents necessary to complete the statutory review required by the Act. The request shall be made prior to the expiration of the 45-day waiting period. All responses to a request for additional information shall be submitted to the Director, Bureau of Trade Analysis, Federal Maritime Commission, Washington, DC 20573.

(b) Where the Commission has made a request for additional information, the agreement's effective date will be 45 days after receipt of the complete response to the request for additional information. If all questions are not fully answered or requested documents are not supplied, the parties must include a statement of reasons why questions were not fully answered or documents supplied. In the event all material is not submitted, the agreement's effective date will be 45 days after receipt of both the documents and information which are submitted, if any, and the statement indicating the reasons for noncompliance. The Commission may, upon notice to the Attorney General, and pursuant to sections 6(i) and 6(k) of the Act (46 U.S.C. 41307(c) and 41307(d)), request the United States District Court for the District of Columbia to further extend the agreement's effective date until there has been substantial compliance.

(c) A request for additional information may be made orally or in writing. In the case of an oral request, a written confirmation of the request shall be mailed to the filing party within seven days of the oral request.

(d) The Commission will publish a notice in the FEDERAL REGISTER that it has requested additional information and serve that notice on any commenting parties. The notice will indicate only that a request was made and will not specify what information is being sought. Interested parties will have fifteen (15) days after publication.
§ 535.607 Failure to comply with requests for additional information.

(a) A failure to comply with a request for additional information results when a person filing an agreement, or an officer, director, partner, agent, or employee thereof fails to substantially respond to the request or does not file a satisfactory statement of reasons for noncompliance. An adequate response is one which directly addresses the Commission’s request. When a response is not received by the Commission within a specified time, failure to comply will have occurred.

(b) The Commission may, pursuant to section 6(i) of the Act (46 U.S.C. 41307(c)), request relief from the United States District Court for the District of Columbia when it considers that there has been a failure to substantially comply with a request for additional information. The Commission may request that the court:

(1) Order compliance with the request;
(2) Extend the review period until there has been substantial compliance; or
(3) Grant other equitable relief that under the circumstances seems necessary or appropriate.

(c) Where there has been a failure to substantially comply, section 6(i)(2) of the Act (46 U.S.C. 41307(c)(2)) provides that the court shall extend the review period until there has been substantial compliance.

§ 535.608 Confidentiality of submitted material.

(a) Except for an agreement filed under section 5 of the Act (46 U.S.C. 40301(d)–(e), 40302–40303, 40305), all information submitted to the Commission by the filing party will be exempt from disclosure under 5 U.S.C. 552. Included in this disclosure exemption is information provided in the Information Form, voluntary submission of additional information, reasons for non-compliance, and replies to requests for additional information.

(b) Information that is confidential pursuant to paragraph (a) of this section may be disclosed, however, to the extent:

(1) It is relevant to an administrative or judicial action or proceeding; or
(2) It is disclosed to either body of Congress or to a duly authorized committee or subcommittee of Congress.

(c) Parties may voluntarily disclose or make information publicly available. If parties elect to disclose information they shall promptly inform the Commission.

§ 535.609 Negotiations.

At any time after the filing of an agreement and prior to the conclusion of judicial injunctive proceedings, the filing party or an authorized representative may submit additional factual or legal support for an agreement or may propose modifications of an agreement. Such negotiations between Commission personnel and filing parties may continue during the pendency of injunctive proceedings. Shippers, other government departments or agencies, and other third parties may not participate in these negotiations.

Subpart G—Reporting Requirements

§ 535.701 General requirements.

(a) Parties to agreements identified in §535.702(a) shall submit quarterly Monitoring Reports on an ongoing basis for as long as the agreement remains in effect, containing information and data on the agreement and the parties’ authority under the agreement.

(b) If a joint service is a party to an agreement that is subject to the requirements of this subpart, the joint service shall be treated as one member of that agreement for purposes of that agreement’s Monitoring Reports.

(c) Monitoring Reports and minutes required to be filed by this subpart...
should be submitted to: Director, Bureau of Trade Analysis, Federal Maritime Commission, Washington, DC 20573–0001. A copy of the Monitoring Report form in Microsoft Word and Excel format may be downloaded from the Commission’s home page at http://www.fmc.gov, or a paper copy may be obtained from the Bureau of Trade Analysis. In lieu of submitting paper copies, parties may complete and submit their Monitoring Reports in the Commission’s prescribed electronic format, either on diskette or CD-ROM.

(e)(1) The regulations in this paragraph (e) are stayed until further notice.

(2) Reports and minutes required to be filed by this subpart may be filed by direct electronic transmission in lieu of hard copy. Detailed information on electronic transmission is available from the Commission’s Bureau of Trade Analysis. Certification and signature requirements of this subpart can be met on electronic transmissions through use of a pre-assigned Personal Identification Number (PIN) obtained from the Commission. PINs can be obtained by submission by an official of the filing party of a statement to the Commission agreeing that inclusion of the PIN in the transmission constitutes the signature of the official. Only one PIN will be issued for each agreement. Where a filing party has more than one official authorized to file minutes or reports, each additional official must submit such a statement countersigned by the principal official of the filing party. Each filing official will be issued a unique password. A PIN or designation of authorized filing officials may be canceled or changed at any time upon the written request of the principal official of the filing party. Direct electronic transmission filings may be made at any time except between the hours of 8:30 a.m. and 2 p.m. Eastern time on Commission business days.

(f) Time for filing. Except as otherwise instructed, Monitoring Reports shall be filed within 75 days of the end of each calendar quarter. Minutes of meetings shall be filed within 21 days after the meeting. Other documents shall be filed within 15 days of the receipt of a request for documents.

(g) A complete response in accordance with the instructions on the Monitoring Report shall be supplied to each item. If a party to an agreement is unable to supply a complete response, that party shall provide either estimated data (with an explanation of why precise data are not available) or a detailed statement of reasons for noncompliance and the efforts made to obtain the required information.

(h) A Monitoring Report for a particular agreement may be supplemented with any other relevant information or documentary material.

(i) Confidentiality. (1) The Monitoring Reports, minutes, and any other additional information submitted by a particular agreement will be exempt from disclosure under 5 U.S.C. 552, except to the extent:

(i) It is relevant to an administrative or judicial action or proceeding; or

(ii) It is disclosed to either body of Congress or to a duly authorized committee or subcommittee of Congress.

(2) Parties may voluntarily disclose or make Monitoring Reports, minutes or any other additional information publicly available. The Commission must be promptly informed of any such voluntary disclosure.

(j) Monitoring Report or alternative periodic reporting requirements in this subpart shall not be construed to authorize the exchange or use by or among agreement members of information required to be submitted.

EFFECTIVE DATE NOTE: At 69 FR 64414, Nov. 4, 2004, paragraph (e) of §535.701 was stayed indefinitely.

§535.702 Agreements subject to Monitoring Report and alternative periodic reporting requirements.

(a) Agreements subject to the Monitoring Report requirements of this subpart are:

(1) An agreement that contains the authority to discuss or agree on capacity rationalization; or

(2) Where the parties to an agreement hold a combined market share, based on cargo volume, of 35 percent or more in the entire U.S. inbound or outbound geographic scope of the agreement and the agreement contains any of the following authorities:
(i) The discussion of, or agreement upon, whether on a binding basis under a common tariff or a non-binding basis, any kind of rate or charge;
(ii) The establishment of a joint service;
(iii) The pooling or division of cargo traffic, earnings, or revenues and/or losses; or
(iv) The discussion of, or agreement on, any service contract matter.
(b) The determination of an agreement’s reporting obligation under §535.702(a)(2) in the first instance shall be based on the market share data reported on the agreement’s Information Form pursuant to §535.503. Thereafter, at the beginning of each calendar year, the Bureau of Trade Analysis will notify the agreement parties of any changes in its reporting requirements based on market share data reported on the agreement’s quarterly Monitoring Report for the previous second quarter (April-June).
(c) The Commission may require, as necessary, that the parties to an agreement with market share below the 35 percent threshold, as identified and defined in §535.702(a)(2), submit Monitoring Reports pursuant to §535.703.
(d) In addition to or instead of the Monitoring Report in §535.703, the Commission may prescribe, as necessary, alternative periodic reporting requirements for parties to any agreement identified in §535.201.
§535.703 Monitoring Report form.
(a) For agreements subject to the Monitoring Report requirements in §535.702(a), the Monitoring Report form, with instructions, is set forth in sections I through III of appendix B of this part. The instructions should be read in conjunction with the Act and this part.
(b) The Monitoring Report shall apply as follows:
(1) Section I shall be completed by parties to agreements identified in §535.702(a)(1);
(2) Section II shall be completed by parties to agreements identified in §535.702(a)(2); and
(3) Section III shall be completed by parties to all agreements identified in §535.702(a).
(c) In accordance with the requirements and instructions in appendix B of this part, parties to an agreement subject to part 2(C) of section I of the Monitoring Report shall submit a narrative statement on any significant reductions in vessel capacity that the parties will implement under the agreement. The term “a significant reduction” is defined in appendix B. The narrative statement shall be submitted to the Director, Bureau of Trade Analysis, no later than 15 days after a significant reduction in vessel capacity has been agreed upon by the parties but prior to the implementation of the actual reduction under the agreement.
(d) The Commission may require, in its discretion, that the information on the top agreement commodities in part 4 of section II of the Monitoring Report be reported on a sub-trade basis, as defined in appendix B of this part, rather than on an agreement-wide basis. When commodity sub-trade information is required under this section, the Commission shall notify the parties to the agreement.
(2) For purposes of §535.703(d)(1), the top agreement commodities shall mean the top 10 liner commodities (including commodities not subject to tariff publication) carried by all the agreement parties in each sub-trade within the geographic scope of the agreement during the calendar quarter. Where the agreement covers both U.S. inbound and outbound liner movements, inbound and outbound sub-trades shall be stated separately. All other instructions, definitions, and terms shall apply as specified and required in appendix B of this part.
§535.704 Filing of minutes.
(a) Agreements required to file minutes.
(1) This section applies to agreements authorized to engage in any of the following activities: discussion or establishment of any type of rates or charges, whether in tariffs or service contracts; pooling or apportionment of cargo traffic; discussion of revenues, losses, or earnings; or discussion or agreement on service contract matters, including the establishment of voluntary service contract guidelines.

220
(2) Each agreement to which this section applies shall file with the Commission, through a designated official, minutes of all meetings defined in paragraph (b) of this section, except as provided in paragraph (d) of this section.

(b) Meetings. For purposes of this subpart, the term meeting shall include all discussions at which any agreement is reached among any number of the parties to an agreement relating to the business of the agreement, and all other discussions among three or more members of the agreement (or all members if fewer than three) relating to the business of the agreement. This includes, but is not limited to, meetings of the members’ agents, principals, owners, officers, employees, representatives, committees, or subcommittees, and communications among members facilitated by agreement officials. Discussions conducted by telephone, electronic device, or other means are included.

(c) Content of minutes. Minutes shall include the following:

(1) The date, time, and place of the meeting;

(2) A list of participants and companies represented;

(3) A description of discussions detailed enough so that a non-participant reading the minutes could reasonably gain a clear understanding of the nature and extent of the discussions and, where applicable, any decisions reached. Such description need not disclose the identity of the parties that participated in the discussion or the votes taken; and

(4) Any report, circular, notice, statistical compilation, analytical study, survey, or other work distributed, discussed, or exchanged at the meeting, whether presented by oral, written, electronic, or other means. Where the aforementioned materials are reasonably available to the public, a citation to the work or relevant part thereof is acceptable in lieu of the actual work. Any documents submitted to the Commission pursuant to this section need not disclose the identity of the party or parties that circulated the document at the meeting.

(d) Exemption. For parties to agreements subject to this section, the following exemptions shall apply:

(1) Minutes of meetings between parties are not required to reflect discussions of matters set forth in §535.408(b)(2), (b)(3), (b)(4)(iii), (b)(4)(iv), (b)(4)(v), and (b)(4)(vi);

(2) Minutes of meetings between parties are not required to reflect discussion of matters set forth in §535.408(b)(5) to the extent that such discussions involve minor operational matters that have little or no impact on the frequency of vessel calls at ports or the amount of vessel capacity offered by the parties in the geographic scope of the agreement; and

(3) Minutes of meetings between parties are not required to reflect discussions of or actions taken with regard to rates that, if adopted, would be required to be published in an appropriate tariff. This exemption does not apply to discussions concerning general rate policy, general rate changes, the opening or closing of rates, service contracts, or time/volume rates.

(e) Serial numbers. Each set of minutes filed with the Commission shall include the agreement name and FMC number and a unique identification number indicating the sequence in which the meeting took place during the calendar year.

§ 535.705  Application for waiver.

(a) Upon a showing of good cause, the Commission may waive any requirement of this subpart.

(b) A request for such a waiver must be submitted and approved by the Commission in advance of the filing of the Monitoring Report or minutes to which the requested waiver would apply. Requests for a waiver shall be submitted in writing to the Director, Bureau of Trade Analysis, Federal Maritime Commission, Washington, DC 20573–0001, and shall state and provide the following:

(1) The specific requirements from which relief is sought;

(2) The special circumstances requiring the requested relief;

(3) Relevant trade and industry data and information to substantiate and
(a) Each conference agreement shall specify the independent action ("IA") procedures of the conference, which shall provide that any conference member may take independent action on any rate or service item upon not more than 5 calendar days' notice to the conference and shall otherwise be in conformance with section 5(b)(8) of the Act (46 U.S.C. 40303(b)(8)).

(b)(1) Each conference agreement that provides for a period of notice for independent action shall establish a fixed or maximum period of notice to the conference. A conference agreement shall not require or permit a conference member to give more than 5 calendar days' notice to the conference, except that in the case of a new or increased rate the notice period shall conform to the tariff publication requirements of this chapter.

(2) A conference agreement shall not prescribe notice periods for adopting, withdrawing, postponing, canceling, or taking other similar actions on independent actions.

(c) Each conference agreement shall indicate the conference official, single designated representative, or conference office to which notice of independent action is to be provided. A conference agreement shall not require notice of independent action to be given by the proposing member to the other parties to the agreement.

(d) A conference agreement shall not require a member who proposes independent action to attend a conference meeting, to submit any further information other than that necessary to accomplish the publication of the independent tariff item, or to comply with any other procedure for the purpose of explaining, justifying, or compromising the proposed independent action.

(e) A conference agreement shall specify that any new rate or service item proposed by a member under independent action (except for exempt commodities not published in the conference tariff) shall be included by the conference in its tariff for use by that member effective no later than 5 calendar days after receipt of the notice and by any other member that notifies the conference that it elects to adopt the independent rate or service item on or after its effective date.

(f)(1) As it pertains to this part, "adopt" means the assumption in identical form of an originating member's independent action rate or service item, or a particular portion of such a rate or service item. If a carrier adopts an IA at a lower rate than the conference rate when there is less than 30 days remaining on the original IA, the adopted IA should be made to expire 30 days after its effectiveness to comply with the statutory 30-day notice requirement. In the case of an independent action time/volume rate ("IA TVR"), the dates of the adopting IA may vary from the dates of the original IA, so long as the duration of the adopting IA is the same as that of the originating IA. Furthermore, no term other than "adopt" (e.g., "follow," "match") can be used to describe the action of assuming as one's own an initiating carrier's IA. Additionally, if a party to an agreement chooses to take on an IA of another party, but alters it, such action is considered a new IA and must be published pursuant to the IA publication and notice provisions of the applicable agreement.

(2) An IA TVR published by a member of a ratemaking agreement may be adopted by another member of the agreement, provided that the adopting member takes on the original IA TVR in its entirety without change to any aspect of the original rate offering (except beginning and ending dates in the time period) (i.e., a separate TVR with a separate volume of cargo but for the same duration). Any subsequent IA TVR offering that results in a change...
in any aspect of the original IA TVR, other than the name of the offering carrier or the beginning date of the adopting IA TVR, is a new independent action and shall be processed in accordance with the provisions of the applicable agreement. The adoption procedures discussed above do not authorize the participation by an adopting carrier in the cargo volume of the originating carrier’s IA TVR. Member lines may publish and participate in joint IA TVRs if permitted to do so under the terms of their agreement; however, no carrier may participate in an IA TVR already published by another carrier.

(g) A conference agreement shall not require or permit individual member lines to be assessed on a per carrier usage basis the costs and/or administrative expenses incurred by the agreement in processing independent action filings.

(h) A conference agreement may not require that the agreement members determine the expiration date for an independent action taken by a member line. The right to determine the duration of an IA remains with the member line, and a member line must be given the opportunity to designate whatever duration it chooses for its IA, regardless if the duration is for a specified period or open ended. Only in instances where a member line gives its consent to the conference, or where a member line elects not to provide for the duration of its IA after having been given the opportunity, can the conference designate an expiration date for the member line’s IA.

(i) Any new conference agreement or any modification to an existing conference agreement that does not comply with the requirements of this section shall be rejected pursuant to §535.601 of this part.

(j) If ratemaking is by sections within a conference, then any notice to the conference required by §535.801 may be made to the particular ratemaking section.

§ 535.803 Ocean freight forwarder compensation.

No conference or group of two or more ocean common carriers may:

(a) Deny to any member of such conference or group the right, upon notice of not more than 5 calendar days, to take independent action on any level of compensation paid to an ocean freight forwarder; or

(b) Agree to limit the payment of compensation to an ocean freight forwarder to less than 1.25 percent of the aggregate of all rates and charges applicable under the tariff assessed against the cargo on which the forwarding services are provided.

Subpart I—Penalties

§ 535.901 Failure to file.

Any person operating under an agreement, involving activities subject to the Act pursuant to sections 4 and 5(a) of the Act (46 U.S.C. 40301(a)–(c) and 40302) and this part and not exempted pursuant to section 16 of the Act (46 U.S.C. 40103) or excluded from filing by the Act, that has not been filed and that has not become effective pursuant to the Act and this part is in violation of the Act and this part and is subject to the civil penalties set forth in section 13(a) of the Act (46 U.S.C. 41107).

§ 535.902 Falsification of reports.

Knowing falsification of any report required by the Act or this part, including knowing falsification of any item in any applicable agreement information and/or reporting requirements pursuant to subparts E and G of this part, is a violation of the rules of this part and is subject to the civil penalties set forth in section 13(a) of the Act (46 U.S.C. 41107) and may be subject to the criminal penalties provided for in 18 U.S.C. 1001.

Subpart J—Paperwork Reduction

§ 535.991 OMB control numbers assigned pursuant to the Paperwork Reduction Act.

This section displays the control number assigned to information collection requirements of the Commission in this part by the Office of Management and Budget pursuant to the Paperwork Reduction Act of 1995, Pub. L. 104–13. The Commission intends that this section comply with the requirements of section 3507(a)(3) of the Paperwork Reduction Act, which requires that agencies display a current control number assigned by the Director of the Office of Management and Budget (OMB) for each agency information collection requirement in the following table:

APPENDIX A TO PART 535—INFORMATION FORM AND INSTRUCTIONS

INFORMATION FORM INSTRUCTIONS

1. All agreements and modifications to agreements between or among ocean common carriers identified in 46 CFR 535.502 must be accompanied by a completed Information Form to the full extent required in sections I through V of this Form. Sections I and V must be completed by all such agreements. In addition, sections II, III and IV must be completed, as applicable, in accordance with the authority contained in each agreement. Where an agreement containing multiple authorities is subject to duplicate reporting requirements in the various sections of this Form, the parties may provide only one response so long as the reporting requirements within each section are fully addressed. The Information Form specifies the data and information which must be reported for each section and the format in which it must be provided. If a party to an agreement is unable to supply a complete response to any item of this Form, that party shall provide either estimated data (with an explanation of why precise data are not available) or a detailed statement of reasons for noncompliance and the efforts made to obtain the required information. For purposes of this Form, if one of the agreement signatories is a joint service operating under an agreement, that signatory shall respond to the Form as a single agreement party.

2. For clarification of the agreement terminology used in this Form, the parties may refer to the definitions provided in 46 CFR 535.104. In addition, the following definitions shall apply for purposes of this Form: liner movement means the carriage of liner cargo by liner operators; liner cargo means cargo carried on liner vessels in a liner service; liner operator means a vessel-operating common carrier engaged in liner service; liner vessel means a vessel used in a liner service; liner service means a definite, advertised schedule of sailings at regular intervals; and TEU means a unit of measurement equivalent to one 20-foot shipping container. Further, when used in this Form, the terms “entire geographic scope of the agreement” or “agreement-wide” refer to the combined U.S. inbound trade and/or the combined U.S. outbound trade as such trades apply to the geographic scope of the agreement, as opposed to the term “sub-trade,” which is defined for reporting purposes as the scope of all liner movements between each U.S. port range and each foreign country within the...
Federal Maritime Commission

Part 535, App. A

scope of the agreement. Whether required on a combined trade basis or a sub-trade basis, the U.S. inbound trade (or sub-trades) and the U.S. outbound trade (or sub-trades) shall always be stated separately.

SECTION I

Section I applies to all agreements identified in 46 CFR 535.502. Parties to such agreements must complete parts 1 through 4 of this section. The authorities listed in part 4 of this section do not necessarily include all of the authorities that must be set forth in an agreement filed under the Act. The specific authorities between the parties to an agreement, however, must be set forth, clearly and completely, in a filed agreement in accordance with 46 CFR 535.402.

Part 1

State the full name of the agreement.

Part 2

Provide a narrative statement describing the specific purpose(s) of the agreement pertaining to the parties' business activities as ocean common carriers in the foreign commerce of the United States, and the commercial or other relevant circumstances within the geographic scope of the agreement that led the parties to enter into the agreement.

Part 3

List all effective agreements that cover all or part of the geographic scope of this agreement, and whose parties include one or more of the parties to this agreement.

Part 4

Identify whether the agreement authorizes the parties to discuss, or agree upon, whether on a binding basis under a common tariff or a non-binding basis, any kind of rate or charge.

Part 4(A)

Identify whether the agreement authorizes the parties to establish a joint service.

Part 4(B)

Identify whether the agreement authorizes the parties to pool cargo traffic or revenues.

Part 4(C)

Identify whether the agreement authorizes the parties to discuss, or agree on, any service contract matter.

Part 4(D)

Identify whether the agreement authorizes the parties to discuss or agree on capacity rationalization as defined in 46 CFR 535.104(e).

Part 4(E)

Identify whether the agreement contains provisions that place conditions or restrictions on the parties' agreement participation, and/or use or offering of competing services within the geographic scope of the agreement.

Part 4(F)

Identify whether the agreement authorizes the parties to charter or use vessel space in exchange for compensation or services. This authority does not include capacity rationalization as referred to in part 4(E) of this section.

Part 4(G)

Identify whether the agreement authorizes the parties to rationalize sailings or services relating to a schedule of ports, the frequency of vessel calls at ports, or the size and capacity of vessels for deployment. This authority does not include the establishment of a joint service or capacity rationalization as referred to in parts 4(B) and 4(E) of this section.

Part 4(H)

Identify whether the agreement authorizes the parties to charter or use vessel space in exchange for compensation or services; or b) the rationalization of sailings or services relating to a schedule of ports, the frequency of vessel calls at ports, or the size and capacity of vessels for deployment. Such authorities do not include the establishment of a "joint service," nor "capacity rationalization" as these terms are defined in 46 CFR 535.104(o) and (e). Parties to agreements identified in this section must complete all items in part 1.

Part 1(A)

For the most recent 12-month period for which complete data are available, provide the number of vessel calls each party made at each port for its liner services that would be covered by the agreement within the entire geographic scope of the agreement.

Part 1(B)

Provide a narrative statement on any significant changes, anticipated or planned to be implemented when the agreement goes into effect, in the number of vessel calls at a port for the parties' liner services that would be covered by the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of the significant change and its effect on the frequency of vessel calls at the port for the liner service that would be subject to the change. For
Part 1(A)

1. For the most recent calendar quarter for which complete data are available, provide the amount of vessel capacity for each party for each of its liner services that would be covered by the agreement within the entire geographic scope of the agreement, stated separately for the U.S. inbound and outbound trades as applicable to the geographic scope of the agreement. For purposes of this Form, the percentage of vessel capacity utilization means a party’s total volume of liner cargo, for each of its liner services that would be covered by the agreement, carried on any vessel space counted under part 1(A) of this section, divided by its total vessel capacity as defined and derived in part 1(A) of this section, which quotient is multiplied by 100.

Part 1(C)

Provide a narrative statement on any significant changes, anticipated or planned to be implemented when the agreement goes into effect, in the amounts of vessel capacity for the parties’ liner services that would be covered by the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of and the reasons for the significant change and its effects on the liner service and the total amount of vessel capacity for such service that would be subject to the change. For purposes of this part, a significant change refers to the removal from or addition to a liner service of vessels or vessel space for a fixed, seasonally planned, or indefinite period of time. A significant change excludes instances when vessels may be temporarily repositioned or shifted from one service to another, or when vessel space may be temporarily altered, or when vessels are removed from a liner service and vessels of similar capacity are substituted. It also excludes operational changes in vessels or vessel space that would have little or no impact on the amount of vessel capacity offered in a liner service or a trade. If no significant change is anticipated or planned, it shall be noted with the term “none” in response to part 1(C) of this section.

Part 2(A)

For the most recent 12-month period for which complete data are available, provide the number of vessel calls each party made at each port for its liner services that would be covered by the agreement within the entire geographic scope of the agreement.

Part 2(B)

Provide a narrative statement on any significant changes, anticipated or planned to be implemented when the agreement goes into effect, in the number of vessel calls at a port for the parties’ liner services that would be covered by the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of the significant change and its effect on the frequency of vessel calls at the port for the liner service that would be subject to the change. For purposes of this part, a significant change refers to an increase or a decrease in the number of vessel calls at a port for a fixed, seasonally planned, or indefinite period of time.
A significant change excludes an incidental or temporary alteration in the number of vessel calls at a port, or an operational change in vessel calls that would have little or no impact on the number of vessel calls at a port. If no significant change is anticipated or planned, it shall be noted with the term "none" in response to part 2(b) of this section.

SECTION IV

Section IV applies to agreements identified in 46 CFR §535.502 that contain any of the following authorities: a) the discussion of, or agreement upon, whether on a binding basis or in any kind of rate or charge, b) the establishment of a joint service; c) the pooling or division of cargo traffic, earnings, or revenues and/or losses; or d) the discussion of, or agreement upon, any service contract matter.

Part 1

1. For the most recent calendar quarter for which complete data are available, provide the market shares of all liner operators for the entire geographic scope of the agreement and in each sub-trade within the scope of the agreement. A joint service shall be treated as a single liner operator, whether it is an agreement line or a non-agreement line. Sub-trade is defined as the scope of all liner movements between each U.S. port range within the scope of the agreement and each foreign country within the scope of the agreement. Where the agreement covers both U.S. inbound and outbound liner movements, inbound and outbound market shares shall be shown separately.

2. U.S. port ranges are defined as follows: a) Atlantic and Gulf—Includes ports along the eastern seaboard and the Gulf of Mexico from the northern boundary of Maine to Brownsville, Texas. Also includes all ports bordering upon the Great Lakes and their connecting waterways, all ports in the State of New York on the St. Lawrence River, and all ports in Puerto Rico and the U.S. Virgin Islands.

   b) Pacific—Includes all ports in the States of Alaska, Hawaii, California, Oregon, and Washington. Also includes all ports in Guam, American Samoa, Northern Mariana Islands, Johnston Island, Midway Island, and Wake Island.

3. An application may be filed for a waiver of the definition of "sub-trade" under the procedures described in 46 CFR §355.504. In any such application, the burden shall be on the parties to show that their marketing and pricing practices have been done by ascertainable multi-country regions rather than by individual countries or, in the case of the United States, by broader areas than the port ranges defined herein. The parties must further show that, though operating individually, they were nevertheless applying essentially similar regional practices.

4. The formula for calculating market share in the entire agreement scope or in a sub-trade is as follows: The total amount of liner cargo carried on each liner operator's liner vessels in the entire agreement scope or in the sub-trade during the most recent calendar quarter for which complete data are available, divided by the total liner movements in the entire agreement scope or in the sub-trade during the same calendar quarter, which quotient is multiplied by 100. The calendar quarter used must be clearly identified. The market shares held by non-agreement lines as well as by agreement lines must be provided, stated separately in the format indicated.

5. If 50 percent or more of the total liner cargo carried by the parties in the agreement scope during the calendar quarter was containerized, only containerized liner movements (measured in TEUs) must be used for determining market share. If 50 percent or more of the total liner cargo carried by the parties was non-containerized, only non-containerized liner movements must be used for determining market share. The unit of measurement used in calculating amounts of non-containerized cargo must be specified clearly and applied consistently.

Part 2

1. For each party that served all or any part of the geographic scope of the agreement during all or any part of the most recent 12-month period for which complete data are available, provide each party's total liner revenues within the geographic scope, total liner cargo carried within the geographic scope, and average revenue. For purposes of this Form, total liner revenues means the total revenues, in U.S. dollars, of each party corresponding to its total cargo carried for its liner services that would fall under the agreement, inclusive of all ocean freight charges, whether assessed on a port-to-port basis or a through intermodal basis; accessorial charges; surcharges; and charges for inland cargo carriage. Average revenue shall be calculated as the quotient of each party's total liner revenues within the geographic scope divided by its total cargo carried within the geographic scope.

2. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the 12-month period was containerized, each party shall report only its total carryings of containerized liner cargo (measured in TEUs) within the geographic scope, total revenues generated by its carriage of containerized liner cargo, and average revenue per TEU. When 50 percent or more of the total liner cargo carried by all the parties in
the geographic scope of the agreement during the 12-month period was non-containerized, each party shall report only its total carrying of non-containerized liner cargo (specifying the unit of measurement used), total revenues generated by its carriage of non-containerized liner cargo, and average revenue per unit of measurement. When the agreement covers both U.S. inbound and outbound liner movements, inbound and outbound data shall be stated separately.

Part 3(A)
For the same 12-month period used in part 2 of this section, provide a list, for the entire geographic scope of the agreement, of the top 10 liner commodities (including commodities not subject to tariff publication) carried by all the parties for their liner services that would fall under the agreement. For purposes of this Form, commodities shall be identified at the 4-digit level of customarily used commodity coding schedules. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the 12-month period was containerized, this list shall include only containerized commodities. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the 12-month period was non-containerized, this list shall include only non-containerized commodities. When the agreement covers both U.S. inbound and outbound liner movements, inbound and outbound data shall be stated separately.

Part 3(B)
Provide the cargo volume and revenue results for each party for each of the major commodities listed in part 3(A) of this section, corresponding to the same 12-month period and unit of measurement used. For purposes of this Form, revenue results means the revenue, in U.S. dollars, earned by each party on the cargo volume of each major commodity listed in part 3(A) of this section, inclusive of all ocean freight charges, whether assessed on a port-to-port basis or a through intermodal basis; accessorial charges; surcharges; and charges for inland cargo carriage. If a party has no cargo volume and revenue results for a commodity listed in part 3(A) of this section, it shall be noted by using a zero for that party in response to part 3(B) of this section.

Part 4(A)
For the same calendar quarter used in part 1 of this section, provide the amount of vessel capacity for each of its liner services that would fall under the agreement within the entire geographic scope of the agreement, stated separately for the U.S. inbound and outbound trades as applicable to the geographic scope of the agreement. For purposes of this Form, vessel capacity means a party's total commercial liner space on line-haul vessels, whether operated by it or other parties from whom space is obtained, sailing to and/or from the continent of North America for each of its liner services that would fall under the agreement. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was containerized, the amount(s) of vessel capacity for each party shall be reported in TEUs. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was non-containerized, the amount(s) of vessel capacity for each party shall be reported in non-containerized units of measurement. The unit of measurement used in calculating the amounts of non-containerized vessel capacity must be specified clearly and consistently applied.

Part 4(B)
Provide the percentage of vessel capacity utilization for each party for each of its liner services that would fall under the agreement within the entire geographic scope of the agreement, corresponding to the figures and time period used in part 4(A) of this section, stated separately for the U.S. inbound and outbound trades as applicable to the geographic scope of the agreement. For purposes of this Form, the percentage of vessel capacity utilization means a party's total volume of liner cargo, for each of its liner services that would fall under the agreement, carried on any vessel space counted under part 4(A) of this section, divided by its total vessel capacity as defined and derived in part 4(A) of this section, which quotient is multiplied by 100.

Part 4(C)
Provide a narrative statement on any significant changes, anticipated or planned for when the agreement goes into effect, in the amounts of vessel capacity for the parties' liner services that would fall under the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of and reasons for the significant change and its effects on the liner service and the total amount of vessel capacity for such service that would be subject to the change. For purposes of this part, a significant change refers to the removal from or addition to a liner service of vessels or vessel space for a fixed, seasonally planned, or indefinite period of time. A significant change excludes instances when vessels may be temporarily repositioned or shifted from one service to another, or when vessel space may be temporarily altered, or when vessels are
removed from a liner service and vessels of similar capacity are substituted. It also excludes operational changes in vessels or vessel space that would have little or no impact on the amount of vessel capacity offered in a liner service or a trade. If no significant change is anticipated or planned, it shall be noted with the term “none” in response to part 4(C) of this section.

Part 5(A)

For the same 12-month period used in parts 2 and 3 of this section, provide the number of vessel calls each party made at each port for its liner services that would fall under the agreement within the entire geographic scope of the agreement.

Part 5(B)

Provide a narrative statement on any significant changes, anticipated or planned for when the agreement goes into effect, in the number of vessel calls at a port for the parties’ liner services that would fall under the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of the significant change and its effect on the frequency of vessel calls at the port for the liner service that would be subject to the change. For purposes of this part, a significant change refers to an increase or decrease in the number of vessel calls at a port for a fixed, seasonally planned, or indefinite period of time. A significant change excludes an incidental or temporary alteration in vessel calls at a port, or an operational change in vessel calls that would have little or no impact on the number of vessel calls at a port. If no significant change is anticipated or planned, it shall be noted with the term “none” in response to part 5(B) of this section.

SECTION V

Section V applies to all agreements identified in 46 CFR 535.502. Parties to such agreements must complete all items in part 1 of this section.

Part 1(A)

State the name, title, address, telephone and fax numbers, and electronic mail address of a person the Commission may contact regarding the Information Form and any information provided therein.

Part 1(B)

State the name, title, address, telephone and fax numbers, and electronic mail address of a person the Commission may contact regarding a request for additional information or documents.

Part 1(C)

A representative of the parties shall sign the Information Form and certify that the information in the Form and all attachments and appendices are, to the best of his or her knowledge, true, correct and complete. The representative also shall indicate his or her relationship with the parties to the agreement.

Pt. 535, App. B

46 CFR Ch. IV (10–1–09 Edition)

APPENDIX B TO PART 535—MONITORING REPORT AND INSTRUCTIONS

MONITORING REPORT INSTRUCTIONS

1. All agreements between or among ocean common carriers identified in 46 CFR 535.702(a) must submit completed Monitoring Reports to the full extent required in sections I through III of this Report. Sections I and II must be completed, as applicable, in accordance with the authority contained in each agreement. Section III must be completed by all agreements subject to Monitoring Report requirements.

2. Where an agreement containing multiple authorities is subject to duplicate reporting requirements in the various sections of this Report, the parties may provide only one response so long as the reporting requirements within each section are fully addressed. The Monitoring Report specifies the data and information which must be reported for each section and the format in which it must be provided. If a party to an agreement is unable to supply a complete response to any item of this Report, that party shall provide either estimated data (with an explanation of why precise data are not available) or a detailed statement of reasons for noncompliance and the efforts made to obtain the required information. For purposes of this Report, if one of the agreement signatories is a joint service operating under an effective agreement, that signatory shall respond to the Report as a single agreement party.

3. For clarification of the agreement terminology used in this Report, the parties may refer to the definitions provided in 46 CFR 535.606. In addition, the following definitions shall apply for purposes of this Report: "liner movement" means the carriage of liner cargo by liner operators; "liner cargo" means the carriage of liner cargo carried on liner vessels in a liner service; "liner vessel" means a vessel used in a liner service; "liner service" means a definite, advertised schedule of sailings at regular intervals; and "TEU" means a unit of measurement equivalent to one 20-foot shipping container. Further, when used in this Report, the terms "entire geographic scope of the agreement," "agreement-wide," or "agreement-wide" refer to the combined U.S. inbound trade and/or the combined U.S. outbound trade as such trades apply to the geographic scope of the agreement, as opposed to the term "sub-trade," which is defined for reporting purposes as the scope of all liner movements between each U.S. port range and each foreign country within the scope of the agreement. Whether required on a combined trade basis or a sub-trade basis, the U.S. inbound trade (or sub-trades) and the U.S. outbound trade (or sub-trades) shall always be stated separately.
Section I

Section I applies to agreements, identified in 46 CFR 535.702(a)(1), that contain the authority to discuss or agree on capacity rationalization as defined in 46 CFR 535.104(e). Parties to such agreements must complete parts 1 through 3 of this section.

Part 1

State the full name of the agreement and the agreement number assigned by the FMC.

Part 2(A)

1. For the preceding calendar quarter, provide the amount of vessel capacity for each party for each of its liner services that is covered by the agreement within the entire geographic scope of the agreement, stated separately for the U.S. inbound and outbound trades as applicable to the geographic scope of the agreement. For purposes of this Report, vessel capacity means a party’s total commercial liner space on line-haul vessels, whether operated by it or other parties from whom space is obtained, sailing to and/or from the continent of North America for each of its liner services that is covered by the agreement.

2. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was containerized, the amount(s) of vessel capacity for each party shall be reported in TEUs. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was non-containerized, the amount(s) of vessel capacity for each party shall be reported in non-containerized units of measurement. The unit of measurement used in calculating the amounts of non-containerized vessel capacity must be specified clearly and consistently applied.

Part 2(B)

For the preceding calendar quarter, provide the percentage of vessel capacity utilization for each party for each of its liner services that is covered by the agreement within the entire geographic scope of the agreement, corresponding to the figures used in part 2(A) of this section, stated separately for the U.S. inbound and outbound trades as applicable to the geographic scope of the agreement. For purposes of this Report, the percentage of vessel capacity utilization means a party’s total volume of liner cargo, for each of its liner services that is covered by the agreement, carried on any vessel space counted under part 2(A) of this section, divided by its total vessel capacity as defined and derived in part 2(A) of this section, which quotient is multiplied by 100.

Part 2(C)

Provide a narrative statement on any significant reductions, to be implemented under the agreement, in the amounts of vessel capacity for the parties’ liner services that are covered by the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of and the reasons for the significant reduction and its effects on the liner service and the total amount of vessel capacity for such service that would be subject to the reduction. The narrative statement for part 2(C) of this section shall be submitted to the Director, Bureau of Trade Analysis, no later than 15 days after a significant reduction in the amount of vessel capacity has been agreed upon by the parties but prior to the implementation of the actual reduction under the agreement. For purposes of this part, a significant reduction refers to the removal from a liner service of vessels or vessel space for a fixed, seasonally planned, or indefinite period of time. A significant reduction excludes instances when vessels may be temporarily repositioned or shifted from one service to another, or when vessel space may be temporarily altered, or when vessels are removed from a liner service and vessels of similar or greater capacity are substituted. It also excludes operational changes in vessels or vessel space that would have little or no impact on the amount of vessel capacity offered in a liner service or a trade.

Part 2(D)

Excluding those changes already reported in part 2(C) of this section, provide a narrative statement on any other significant changes, implemented under the agreement during the preceding calendar quarter, in the amounts of vessel capacity for the parties’ liner services that are covered by the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of and the reasons for the significant change and its effects on the liner service and the total amount of vessel capacity for such service that was subject to the change. For purposes of this part, a significant change refers to the addition to a liner service of vessels or vessel space for a fixed, seasonally planned, or indefinite period of time. A significant change excludes instances when vessels were temporarily repositioned or shifted from one service to another, or when vessels were removed from a liner service and vessels of similar capacity were substituted. It also excludes operational changes in vessels or vessel space that had little or no impact on the amount of vessel capacity offered in a liner service or a trade. If no significant change was implemented, it shall be noted with the term “none” in response to part 2(D) of this section.
Part 3

Provide a narrative statement on any significant changes, implemented under the agreement during the calendar quarter, in the number of vessel calls at a port for the parties' liner services that are covered by the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of the significant change and its effect on the frequency of vessel calls at the port for the liner service that was subject to the change. For purposes of this part, a significant change refers to an increase or a decrease in the number of vessel calls at a port for a fixed, seasonally planned, or indefinite period of time. A significant change excludes an incidental or temporary alteration in the number of vessel calls at a port, or an operational change in vessel calls that had little or no impact on the number of vessel calls at a port. If no significant change was implemented, it shall be noted with the term “none” in response to part 3 of this section.

Section II

Section II applies to agreements, identified in 46 CFR 535.702(a)(2), where the parties to the agreement hold a combined market share, based on cargo volume, of 35 percent or more in the entire U.S. inbound or outbound geographic scope of the agreement and the agreement contains any of the following authorities: a) the discussion of, or agreement upon, whether on a binding basis under a common tariff or a non-binding basis, any kind of rate or charge; b) the establishment of a joint service; c) the pooling or division of cargo traffic, earnings, or revenues and/or losses; or d) the discussion of, or agreement on, any service contract matter. Parties to such agreements must complete parts 1 through 6 of this section.

Part 1

State the full name of the agreement and the agreement number assigned by the FMC.

Part 2

1. For the preceding calendar quarter, provide the market shares of all liner operators for the entire geographic scope of the agreement and in each sub-trade within the scope of the agreement. A joint service shall be treated as a single liner operator, whether it is an agreement line or a non-agreement line. Sub-trade is defined as the scope of all liner movements between each U.S. port range within the scope of the agreement and each foreign country within the scope of the agreement. Where the agreement covers both U.S. inbound and outbound liner movements, inbound and outbound market shares shall be shown separately.

2. U.S. port ranges are defined as follows:
   a. Atlantic and Gulf—Includes ports along the eastern seaboard and the Gulf of Mexico from the northern boundary of Maine to Brownsville, Texas. Also includes all ports bordering upon the Great Lakes and their connecting waterways, all ports in the State of New York on the St. Lawrence River and all ports in Puerto Rico and the U.S. Virgin Islands.
   b. Pacific—Includes all ports in the States of Alaska, Hawaii, California, Oregon, and Washington. Also includes all ports in Guam, American Samoa, Northern Marianas, Johnston Island, Midway Island, and Wake Island.

3. An application may be filed for a waiver of the definition of “sub-trade” under the procedures described in 46 CFR 535.705. In any such application, the burden shall be on the parties to show that their marketing and pricing practices have been done by ascertainable multi-country regions rather than by individual countries or, in the case of the United States, by broader areas than the port ranges defined herein. The Commission will also consider whether the alternative definition of “sub-trade” requested by the waiver application is reasonably consistent with the definition of “sub-trade” applied in the original Information Form for the agreement.

4. The formula for calculating market share in the entire agreement scope or in a sub-trade is as follows: The total amount of liner cargo carried on each liner operator's liner vessels in the entire agreement scope or in the sub-trade during the most recent calendar quarter for which complete data are available, divided by the total liner movements in the entire agreement scope or in the sub-trade during the same calendar quarter, which quotient is multiplied by 100. The market shares held by non-agreement lines as well as by agreement lines must be provided, stated separately in the format indicated.

5. If 50 percent or more of the total liner cargo carried by the parties in the entire agreement scope during the calendar quarter was containerized, only containerized liner movements (measured in TEUs) must be used for determining market share. If 50 percent or more of the total liner cargo carried by the parties was non-containerized, only non-containerized liner movements must be used for determining market share. The unit of measurement used in calculating amounts of non-containerized cargo must be specified clearly and applied consistently.

Part 3

1. For the preceding calendar quarter, provide each party's total liner revenues in the entire geographic scope of the agreement, total liner cargo carried in the entire geographic scope of the agreement, and average revenue. For purposes of this Report, total liner revenues means the total revenues, in U.S. dollars, of each party corresponding to its total cargo carried for its liner services
that fall under the agreement, inclusive of all ocean freight charges, whether assessed on a port-to-port basis or a through intermodal basis; accessorial charges; surcharges; and charges for inland cargo carriage. Average revenue shall be calculated as the quotient of each party’s total liner revenues in the entire geographic scope divided by its total cargo carried in the entire geographic scope.

2. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was containerized, each party shall report only its total carryings of containerized liner cargo (measured in TEUs) during the calendar quarter, total revenues generated by its carriage of containerized liner cargo, and average revenue per TEU. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was non-containerized, each party shall report only its total carryings of non-containerized liner cargo during the calendar quarter (specifying the unit of measurement used), total revenues generated by its carriage of non-containerized liner cargo, and average revenue per unit of measurement. When the agreement covers both U.S. inbound and outbound liner movements, inbound and outbound data shall be stated separately.

Part 4(A)

For the preceding calendar quarter, provide a list, for the entire geographic scope of the agreement, of the top 10 liner commodities (including commodities not subject to tariff publication) carried by all the parties for their liner services that fall under the agreement. For purposes of this Report, commodities shall be identified at the 4-digit level of commonly used commodity coding schedules. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was containerized, this list shall include only containerized commodities. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was non-containerized, this list shall include only non-containerized commodities. When the agreement covers both U.S. inbound and outbound liner movements, inbound and outbound data shall be stated separately.

Part 4(B)

For the preceding calendar quarter, provide the cargo volume and revenue results for each party for each of the major commodities listed in Part 4(A) of this section, corresponding to the same unit of measurement used. For purposes of this Report, revenue results means the revenues, in U.S. dollars, earned by each party on the cargo volume of each major commodity listed in Part 4(A) of this section, inclusive of all ocean freight charges, whether assessed on a port-to-port basis or a through intermodal basis; accessorial charges; surcharges; and charges for inland cargo carriage. If a party has no cargo volume and revenue results for a commodity listed in Part 4(A) of this section, it shall be noted by using a zero for that party in response to Part 4(B) of this section.

Part 5(A)

For the preceding calendar quarter, provide the amount of vessel capacity for each party for each of its liner services that falls under the agreement within the entire geographic scope of the agreement, stated separately for the U.S. inbound and outbound trades as applicable to the geographic scope of the agreement. For purposes of this Report, vessel capacity means a party’s total commercial liner space on line-haul vessels, whether operated by it or other parties from whom space is obtained, sailing to and/or from the continent of North America for each of its liner services that falls under the agreement. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was containerized, the amount(s) of vessel capacity for each party shall be reported in TEUs. When 50 percent or more of the total liner cargo carried by all the parties in the geographic scope of the agreement during the calendar quarter was non-containerized, the amount(s) of vessel capacity for each party shall be reported in non-containerized units of measurement. The unit of measurement used in calculating the amounts of non-containerized vessel capacity must be specified clearly and consistently applied.

Part 5(B)

For the preceding calendar quarter, provide the percentage of vessel capacity utilization for each party for each of its liner services that falls under the agreement within the entire geographic scope of the agreement, corresponding to the figures used in Part 5(A) of this section, stated separately for the U.S. inbound and outbound trades as applicable to the geographic scope of the agreement. For purposes of this Report, the percentage of vessel capacity utilization means a party’s total volume of liner cargo, for each of its liner services that falls under the agreement, carried on any vessel space counted under Part 5(A) of this section, divided by its total vessel capacity as defined and derived in Part 5(A) of this section, which quotient is multiplied by 100.
Part 5(C)

Provide a narrative statement on any significant changes in the amount of vessel capacity that occurred during the preceding calendar quarter for the parties’ liner services that fall under the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of and the reasons for the significant change and its effects on the liner service and the total amount of vessel capacity for such service that was subject to the change. For purposes of this part, a significant change refers to the removal from or addition to a liner service of vessels or vessel space for a fixed, seasonally planned, or indefinite period of time. A significant change would exclude instances when vessels were temporarily repositioned or shifted from one service to another, or when vessel space was temporarily altered, or when vessels were removed from a liner service and vessels of similar capacity were substituted. It also excludes operational changes in vessels and vessel space that had little or no impact on the amount of vessel capacity offered in a liner service or a trade. If no significant change occurred during the calendar quarter, it shall be noted with the term “none” in response to part 5(C) of this section.

Part 6

Provide a narrative statement on any significant changes in the number of vessel calls at a port that occurred during the preceding calendar quarter for the parties’ liner services that fall under the agreement within the entire geographic scope of the agreement. Specifically, explain the nature of the significant change and its effect on the frequency of vessel calls at the port for the liner service that was subject to the change. For purposes of this part, a significant change refers to an increase or a decrease in the number of vessel calls at a port for a fixed, seasonally planned, or indefinite period of time. A significant change excludes an incidental or temporary alteration in the number of vessel calls at a port, or an operational change in vessel calls that had little or no impact on the number of vessel calls at a port. If no significant change occurred during the calendar quarter, it shall be noted with the term “none” in response to part 6 of this section.

SECTION III

Section III applies to all agreements identified in 46 CFR 535.702(a). Parties to such agreements must complete all items in part 1 of this section.

PART 540—PASSENGER VESSEL
FINANCIAL RESPONSIBILITY

§ 540.1 Scope.
(a) The regulations contained in this subpart set forth the procedures whereby persons in the United States who arrange, offer, advertise or provide passage on a vessel having berth or stateroom accommodations for 50 or more passengers and embarking passengers at U.S. ports shall establish their financial responsibility or, in lieu thereof, file a bond or other security for obligations under the terms of ticket contracts to indemnify passengers for nonperformance of transportation to which they would be entitled. Included also are the qualifications required by the Commission for issuance of a Certificate (Performance) and the basis for the denial, revocation, modification, or suspension of such Certificates.
(b) Failure to comply with this part may result in denial of an application for a certificate. Vessels operating without the proper certificate may be denied clearance and their owners may also be subject to a civil penalty of not more than $5,000 in addition to a civil penalty of $200 for each passage sold, such penalties to be assessed by the Federal Maritime Commission (46 U.S.C. 44101-44106, 60105).

§ 540.2 Definitions.
(a) Person includes individuals, corporations, partnerships, associations, and other legal entities existing under or authorized by the laws of the United States or any State thereof or the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands or any territory or possession of the United States, or the laws of any foreign country.
(b) Vessel means any commercial vessel having berth or stateroom accommodations for 50 or more passengers.
§ 540.3 Proof of financial responsibility, when required.

No person in the United States may arrange, offer, advertise or provide passage on a vessel unless a Certificate (Performance) has been issued to or covers such person.

§ 540.4 Procedure for establishing financial responsibility.

(a) In order to comply with section 3 of Public Law 89–777 (46 U.S.C. 44101–44102, 44104–44106) enacted November 6, 1966, there must be filed an application on Form FMC–131 for a Certificate of Financial Responsibility for Indemnification of Passengers for Nonperformance of Transportation issued pursuant to this subpart.

(b) An application for a Certificate (Performance) shall be filed in duplicate with the Secretary, Federal Maritime Commission, by the vessel owner or charterer at least 60 days in advance of the arranging, offering, advertising, or providing of any water transportation or tickets in connection therewith except that any person other than the owner or charterer who arranges, offers, advertises, or provides passage on a vessel may apply for a Certificate (Performance). Late filing of the application will be permitted only for good cause shown. All applications and evidence required to be filed with the Commission shall be in English, and any monetary terms shall be expressed in terms of U.S. currency. The Commission shall have the privilege of verifying any statements made or any evidence submitted under the rules of this subpart. An application for a Certificate (Performance), excluding an application for the addition or substitution of a vessel to the applicant’s fleet, shall be accompanied by a filing fee remittance of $2,767. An application for a Certificate (Performance) for the addition or substitution of a vessel to the applicant’s fleet shall be accompanied by a filing fee remittance of $1,382.

(c) The application shall be signed by a duly authorized officer or representative of the applicant with a copy of evidence of his or her authority. In the event of any material change in the

and embarking passengers at U.S. ports.

(c) Commission means the Federal Maritime Commission.

(d) United States includes the Commonwealth of Puerto Rico, the Virgin Islands or any territory or possession of the United States.

(e) Berth or stateroom accommodation or passenger accommodations includes all temporary and all permanent passenger sleeping facilities.

(f) Certificate (Performance) means a Certificate of Financial Responsibility for Indemnification of Passengers for Nonperformance of Transportation issued pursuant to this subpart.

(g) Passenger means any person who is to embark on a vessel at any U.S. port and who has paid any amount for a ticket contract entitling him to water transportation.

(h) Passenger revenue means those monies wherever paid by passengers who are to embark at any U.S. port for water transportation and all other accommodations, services and facilities relating thereto.

(i) Unearned passenger revenue means that passenger revenue received for water transportation and all other accommodations, services, and facilities relating thereto not yet performed.

(j) Insurer means any insurance company, underwriter, corporation, or association or underwriters, ship owners’ protection and indemnity association, or other insurer acceptable to the Commission.

(k) Evidence of insurance means a policy, certificate of insurance, cover note, or other evidence of coverage acceptable to the Commission.

(l) Whole-ship charter means an arrangement between a passenger vessel operator and a corporate or institutional entity:

(1) Which provides for the purchase of all the passenger accommodations on a vessel for a particular voyage or series of voyages; and

(2) Whereby the involved corporate or institutional entity provides such accommodations to the ultimate passengers free of charge and such accommodations are not resold to the public.

facts as reflected in the application, an amendment to the application shall be filed no later than five (5) days following such change. For the purpose of this subpart, a material change shall be one which: (1) Results in a decrease in the amount submitted to establish financial responsibility to a level below that required to be maintained under the rules of this subpart, or (2) requires that the amount to be maintained be increased above the amount submitted to establish financial responsibility. Notice of the application for, issuance, denial, revocation, suspension, or modification of any such Certificate shall be published in the Federal Register.

§ 540.5 Insurance, guaranties, and escrow accounts.

Except as provided in §540.9(j), the amount of coverage required under this section and §540.6(b) shall be in an amount determined by the Commission to be no less than 110 percent of the unearned passenger revenue of the applicant on the date within the two fiscal years immediately prior to the filing of the application which reflects the greatest amount of unearned passenger revenue. The Commission, for good cause shown, may consider a time period other than the previous two-fiscal-year requirement in this section or other methods acceptable to the Commission to determine the amount of coverage required. Evidence of adequate financial responsibility for the purposes of this subpart may be established by one or a combination (including §540.6 Surety Bonds) of the following methods:

(a) Filing with the Commission evidence of insurance, issued by an insurer, providing coverage for indemnification of passengers in the event of nonperformance of water transportation.

(1) Termination or cancellation of the evidence of insurance, whether by the assured or by the insurer, and whether for nonpayment of premiums, calls or assessments or for other cause, shall not be effected: (i) Until notice in writing has been given to the assured or to the insurer and to the Secretary of the Commission at its office, in Washington, DC 20573, by certified mail, and (ii) until after 30 days expire from the date notice is actually received by the Commission, or until after the Commission revokes the Certificate (Performance), whichever occurs first. Notice of termination or cancellation to the assured or insurer shall be simultaneous to such notice given to the Commission. The insurer shall remain liable for claims covered by said evidence of insurance arising by virtue of an event which had occurred prior to the effective date of said termination or cancellation. No such termination or cancellation shall become effective while a voyage is in progress.

(2) The insolvency or bankruptcy of the assured shall not constitute a defense to the insurer as to claims included in said evidence of insurance and in the event of said insolvency or bankruptcy, the insurer agrees to pay any unsatisfied final judgments obtained on such claims.

(3) No insurance shall be acceptable under these rules which restricts the liability of the insurer where privity of the owner or charterer has been shown to exist.

(4) Paragraphs (a)(1) through (a)(3) of this section shall apply to the guaranty as specified in paragraph (c) of this section.

(b) Filing with the Commission evidence of an escrow account, acceptable to the Commission, for indemnification of passengers in the event of nonperformance of water transportation. Parties filing escrow agreements for Commission approval may execute such agreements in the form set forth in appendix A of subpart A of this part.

(c) Filing with the Commission a guaranty on Form FMC–133A, by a Protection and Indemnity Association with established assets, reserves and reinsurance acceptable to the Commission, for indemnification of passengers in the event of nonperformance of water transportation. The requirements of Form FMC–133A, however, may be amended by the Commission in a particular case for good cause.
§ 540.6

(d) Revenues derived from whole-ship charters, as defined in §540.2(l), may be exempted from consideration as unearned passenger revenues, on condition that, in the case of a new operator or within 30 days of the execution of the whole-ship charter if the operator has a Performance Certificate for the vessel in question: (1) A certified true copy of the contract or charter is furnished with the application; (2) The chartering party attests that it will redistribute the vessel’s passenger accommodations without charge; and (3) A document executed by the chartering party’s Chief Executive Officer or other responsible corporate officer is submitted by which the chartering party specifically acknowledges that its rights to indemnification under section 3 of Public Law 89–777 (46 U.S.C. 44101–44102, 44104–44106) may be affected by the reduction in section 3, Public Law 89–777, financial responsibility coverage attributable to the exclusion of such funds from the operator’s UPR.

§ 540.7 Evidence of financial responsibility.

Where satisfactory proof of financial responsibility has been given or a satisfactory bond has been provided, a Certificate (Performance) covering specified vessels shall be issued evidencing the Commission’s finding of adequate financial responsibility to indemnify passengers for nonperformance of water transportation. The period covered by the Certificate (Performance) shall be indeterminate, unless a termination date has been specified thereon.

§ 540.8 Denial, revocation, suspension, or modification.

(a) Prior to the denial, revocation, suspension, or modification of a Certificate (Performance), the Commission shall advise the applicant of its intention to deny, revoke, suspend, or modify and shall state the reasons therefor. If the applicant, within 20 days after the receipt of such advice, requests a hearing to show that the evidence of financial responsibility filed with the Commission does meet the rules of this subpart, such hearing shall be granted by the Commission, except that a Certificate (Performance) shall become null and void upon cancellation or termination of the surety bond, evidence of insurance, guaranty, or escrow account.

(b) A Certificate (Performance) may be denied, revoked, suspended, or modified for any of the following reasons:

(1) Making any willfully false statement to the Commission in connection with an application for a Certificate (Performance);

(2) Circumstances whereby the party does not qualify as financially responsible in accordance with the requirements of the Commission;

(3) Failure to comply with or respond to lawful inquiries, rules, regulations or orders of the Commission pursuant to the rules of this subpart.

(c) If the applicant, within 20 days after notice of the proposed denial, revocation, suspension, or modification

paid by any such passenger, except that, no such bond shall be terminated while a voyage is in progress.

under paragraph (b) of this section, requests a hearing to show that such denial, revocation, suspension, or modification should not take place, such hearing shall be granted by the Commission.

§ 540.9 Miscellaneous.

(a) If any evidence filed with the application does not comply with the requirements of this subpart, or for any reason fails to provide adequate or satisfactory protection to the public, the Commission will notify the applicant stating the deficiencies thereof.

(b) Any financial evidence submitted to the Commission under the rules of this subpart shall be written in the full and correct name of the person to whom the Certificate (Performance) is to be issued, and in case of a partnership, all partners shall be named.

(c) The Commission’s bond (Form FMC–132A), guaranty (Form FMC–133A), and application (Form FMC–131) forms are hereby incorporated as a part of the rules of this subpart. Any such forms filed with the Commission under this subpart must be in duplicate.

(d) Any securities or assets accepted by the Commission (from applicants, insurers, guarantors, escrow agents, or others) under the rules of this subpart must be physically located in the United States.

(e) Each applicant, insurer, escrow agent and guarantor shall furnish a written designation of a person in the United States as legal agent for service of process for the purposes of the rules of this subpart. Such designation must be acknowledged, in writing, by the designee. In any instance in which the designated agent cannot be served because of its death, disability, or unavailability, the Secretary, Federal Maritime Commission, will be deemed to be the agent for service of process. A party serving the Secretary in accordance with the above provision must also serve the Certificant, insurer, escrow agent, or guarantor, as the case may be, by registered mail at its last known address on file with the Commission.

(f) [Reserved]

(g) Financial data filed in connection with the rules of this subpart shall be confidential except in instances where information becomes relevant in connection with hearings which may be requested by applicant pursuant to § 540.8 (a) or (b).

(h) Every person who has been issued a Certificate (Performance) must submit to the Commission a semiannual statement of any changes that have taken place with respect to the information contained in the application or documents submitted in support thereof. Negative statements are required to indicate no change. Such statements must cover every 6-month period of the fiscal year immediately subsequent to the date of the issuance of the Certificate (Performance), and include a statement of the highest unearned passenger vessel revenue accrued for each month in the 6-month reporting period. In addition, the statements will be due within 30 days after the close of every such 6-month period.

(i) [Reserved]

(j) The amount of: (1) Insurance as specified in § 540.5(a), (2) the escrow account as specified in § 540.5(b), (3) the guaranty as specified in § 540.5(c), or (4) the surety bond as specified in § 540.6, shall not be required to exceed 15 million dollars (U.S.).

(k) Every person in whose name a Certificate (Performance) has been issued shall be deemed to be responsible for any unearned passage money or deposits in the hands of its agents or of any other person or organization authorized by the certificant to sell the certificant’s tickets. Certificants shall promptly notify the Commission of any arrangements, including charters and subcharters, made by it or its agent with any person pursuant to which the certificant does not assume responsibility for all passenger fares and deposits collected by such person or organization and held by such person or organization as deposits or payment for services to be performed by the certificant. If responsibility is not assumed by the certificant, the certificant also must inform such person or organization of the certification requirements of Public Law 89–777 and not permit use of its name or tickets in any manner unless and until such person or organization has obtained the

Evidence of adequate financial responsibility for the purposes of this
subpart may be established by one of the following methods:

 Fifteen thousand dollars for each additional passenger accommodation between 501 and 1,000; plus
 Ten thousand dollars for each additional passenger accommodation between 1,001 and 1,500; plus
 Five thousand dollars for each passenger accommodation in excess of 1,500;

Except that, if the applicant is operating more than one vessel subject to this subpart, the amount prescribed by this paragraph shall be based upon the number of passenger accommodations on the vessel being so operated which has the largest number of passenger accommodations.

(1) Termination or cancellation of the evidence of insurance, whether by the assured or by the insurer, and whether for nonpayment of premiums, calls or assessments, or for other cause, shall not be effected: (i) Until notice in writing has been given to the assured or to the insurer and to the Secretary of the Commission at its office in Washington, DC 20573, by certified mail, and (ii) until after 30 days expire from the date notice is actually received by the Commissioner, or until the Commission revokes the Certificate (Casualty), whichever occurs first. Notice of termination or cancellation to the assured or insurer shall be simultaneous to such notice given to the Commission. The insurer shall remain liable for claims covered by said evidence of insurance arising by virtue of an event which had occurred prior to the effective date of said termination or cancellation. No such termination or cancellation shall become effective while a voyage is in progress.

(2) The insolvency or bankruptcy of the assured shall not constitute a defense to the insurer as to claims included in said evidence of insurance and in the event of said insolvency or bankruptcy, the insurer agrees to pay any unsatisfied final judgments obtained on such claims.

(3) No insurance shall be acceptable under these rules which restricts the liability of the insurer where privity of the owner or charterer has been shown to exist.

The requirements of Form FMC–132B, however, may be amended by the Commission in a particular case for good cause.

In addition, applicant must demonstrate financial responsibility by maintenance of working capital and net worth, each in an amount calculated as in paragraph (a) of this section. The Commission will take into consideration all current contractual requirements with respect to the maintenance of working capital and/or net worth to which the applicant is bound. Where satisfactory proof of financial responsibility has been established, a Certificate (Casualty) covering specified vessels shall be issued evidencing the Commission’s finding of adequate financial responsibility to meet any liability which may be incurred for death or injury to passengers or other persons on voyages. The period covered by the certificate shall be indeterminate unless a termination date has been specified therein.

§ 540.26 Denial, revocation, suspension, or modification.

(a) Prior to the denial, revocation, suspension, or modification of a Certificate (Casualty), the Commission shall advise the applicant of its intention to deny, revoke, suspend, or modify, and shall state the reasons therefor. If the applicant, within 20 days after the receipt of such advice, requests a hearing to show that the evidence of financial responsibility filed with the Commission does meet the rules of this subpart, such hearing shall be granted by the Commission, except that a Certificate (Casualty) shall become null and void upon cancellation or termination of evidence of insurance, surety bond, guaranty, or escrow account.

(b) Any financial evidence submitted to the Commission under the rules of this subpart shall be written in the full and correct name of the person to whom the Certificate (Casualty) is to be issued, and in case of a partnership, all partners shall be named.

(c) The Commission’s bond (Form FMC–132B), guaranty (Form FMC–133B), and application (Form FMC–131 as set forth in subpart A of this part) forms are hereby incorporated as a part of the rules of this subpart. Any such forms filed with the Commission under this subpart must be in duplicate.

(e) Each applicant, insurer, escrow agent, and guarantor shall furnish a written designation of a person in the United States as legal agent for service of process for the purposes of the rules of this subpart. Such designation must be acknowledged, in writing, by the designee. In any instance in which the designated agent cannot be served because of death, disability, or unavailability, the Secretary, Federal Maritime Commission, will be deemed to be the agent for service of process. Such statements must cover every such 6-month period commencing with the first 6-month period of the fiscal year immediately subsequent to the date of the issuance of the Certificate (Casualty). In addition, the statements will be due within 30 days after the close of every 6-month period.

Federal Maritime Commission

§ 540.91

of competent jurisdiction, or has become entitled to payment of a specified sum by virtue of a compromise settlement agreement made with the Applicant, with the approval of the Guarantor, whereby, upon payment of the agreed sum, the Applicant is to be fully, irrevocably and unconditionally discharged from all further liability to such passenger or to any other person, or to such personal representative, with respect to such claim.

2. The Guarantor's liability under this Guaranty shall in no event exceed the amount of the Applicant's legal liability under any such judgment or settlement agreement, except that, if the aggregate amount of such judgments and settlements exceeds an amount computed in accordance with the formula contained in section 2(a) of the Act (46 U.S.C. 44103(b)), then the Guarantor's total liability under this Guaranty shall be limited to an amount computed in accordance with such formula.

3. The Guarantor's liability under this Guaranty shall attach only in respect of events giving rise to causes of action against the Applicant in respect of any of the Vessels for damages for death or injury within the meaning of section 2 of the Act, occurring after the Certificate has been granted to the Applicant and before the expiration date of this Guaranty, which shall be the earlier of the following dates:

(a) The date whereon the Certificate is withdrawn, or for any reason becomes invalid or ineffective; or

(b) The date 30 days after the date of receipt by FMC of notice in writing (including telex or cable) that the Guarantor has elected to terminate this Guaranty, except that if, on the date which would otherwise have been the expiration date of this Guaranty under the foregoing provisions of this Clause 3, any of the Vessels is on a voyage in respect of which such Vessel would not have received clearance in accordance with section 2(e) of the Act (46 U.S.C. 44105) without the Certificate, then the expiration date of this Guaranty shall, in respect of such Vessel, be postponed to the date on which the last passenger on such voyage shall have fully disembarked.

4. If, during the currency of this Guaranty, the Applicant requests that a vessel owned or operated by the Applicant, and not specified in the annexed Schedule, should become subject to this Guaranty, and if the Guarantor accedes to such request and so notifies FMC in writing (including telex or cable), then provided that, within 30 days of receipt of such notice FMC shall have granted a Certificate, such vessel shall thereupon be deemed to be one of the Vessels included in the said Schedule and subject to this Guaranty.

5. The Guarantor hereby designates , with offices at , as the Guarantor's legal agent for Service of
§ 545.1 Interpretation of Shipping Act of 1984—Refusal to negotiate with shippers’ associations.

(a) 8(c) of the Shipping Act of 1984 ("the Act") (46 U.S.C. 40502) authorizes ocean common carriers and agreements between or among ocean common carriers to enter into a service contract with a shippers’ association, subject to the requirements of the Act. Section 10(b)(10) of the Act (46 U.S.C. 41104(10)) prohibits carriers from unreasonably refusing to deal or negotiate. Section 7(a)(2) of the Act (46 U.S.C. 40307(a)(3)) exempts from the antitrust laws any activity within the scope of that Act, undertaken with a reasonable basis to conclude that it is pursuant to a filed and effective agreement.

(b) The Federal Maritime Commission interprets these provisions to establish that a common carrier or conference may not require a shippers’ association to obtain or apply for a Business Review Letter from the Department of Justice prior to or as part of a service contract negotiation process.

§ 545.2 Interpretation of Shipping Act of 1984—Unpaid ocean freight charges.

Section 10(a)(1) of the Shipping Act of 1984 (46 U.S.C. 41102(a)) states that it is unlawful for any person to obtain or attempt to obtain transportation for property at less than the properly applicable rates, by any “unjust or unfair device or means.” An essential element of the offense is use of an “unjust or unfair device or means.” In the absence of evidence of bad faith or deceit, the Federal Maritime Commission will not infer an “unjust or unfair device or means” from the failure of a shipper to pay ocean freight. An “unjust or unfair device or means” could be inferred where a shipper, in bad faith, induced the carrier to relinquish its possessory lien on the cargo and to transport the cargo without prepayment by the shipper of the applicable freight charges.

§ 545.3 Interpretation of § 515.23(b) of this chapter—Payment pursuant to a claim against an ocean transportation intermediary.

A claimant seeking to settle a claim in accordance with §515.23(b)(1) of this chapter should promptly provide to the financial responsibility provider all documents and information relating to and supporting its claim for the purpose of evaluating the validity and subject matter of the claim.

Subpart A—General Provisions

§ 550.101 Purpose.

It is the purpose of the regulations of this part to declare certain conditions resulting from governmental actions by foreign nations or from the competitive methods or practices of owners, operators, agents, or masters of vessels of a foreign country unfavorable to shipping in the foreign trade of the United States and to establish procedures by which persons who are or can reasonably expect to be adversely affected by such conditions may petition the Federal Maritime Commission for the issuance of regulations under the authority of section 19 of the Merchant Marine Act of 1920 (46 U.S.C. 42101–42109). It is the further purpose of the regulations of this part to afford notice of the general circumstances under which the authority granted to the Commission under section 19 may be invoked and the nature of the regulatory actions contemplated.

Regulatory actions may be taken when the Commission finds, on its own motion or upon petition, that a foreign government has promulgated and enforced or intends to enforce laws, decrees, regulations or the like, or has engaged in or intends to engage in

Subpart C—Conditions Unfavorable to Shipping

§ 550.301 Findings.
For the purposes of this part, conditions created by foreign governmental action or competitive methods, pricing practices or other practices of owners, operators, agents or masters of foreign vessels are found unfavorable to shipping in the foreign trade of the United States, if such conditions:

Such statistics shall include figures which permit comparison or computation of the proportional effect of the harm alleged. For example, when the harm alleged is loss of cargo, supporting evidence shall include the total cargo carried or projected in the trade for the period;

(2) Statistics or other evidence for the representative period showing increased costs, inferior services or other harm to cargo or other non-vessel interest if injury is claimed on that basis; and

§ 550.503 Subpoenas.

Such actions will not become effective nor requests made if, within 10 days of receipt of the Commission's determination and proposal, the President disapproves it in writing, setting forth the reasons for the disapproval, if the President finds that disapproval is required for reasons of the national defense or the foreign policy of the United States.

NOTE: In accordance with 44 U.S.C. 3518(c)(1)(B), and except for investigations undertaken with reference to a category of individuals or entities (e.g., an entire industry), any information request or requirement
Federal Maritime Commission § 560.2

in this part is not subject to the requirements of section 3507(f) of the Paperwork Reduction Act because such collection of information is pursuant to a civil, administrative action or investigation by an agency of the United States against specific individuals or entities.

§ 560.1 Purpose; general provisions.

(a)(1) It is the purpose of this part to enumerate certain conditions resulting from the action of a common carrier, acting alone or in concert with any person, or a foreign government, which unduly impair the access of a vessel documented under the laws of the United States whether liner, bulk, tramp or other vessel, (hereinafter “U.S. flag vessel”) to ocean trade between foreign ports, which includes intermodal movements, and to establish procedures by which the owner or operator of a U.S. flag vessel (hereinafter “U.S. flag carrier”) may petition the Federal Maritime Commission for relief under the authority of section 13(b)(6) of the Shipping Act of 1984 (“the Act”) (46 U.S.C. 41108(d)).

(2) It is the further purpose of this part to indicate the general circumstances under which the authority granted to the Commission under section 13(b)(6) (46 U.S.C. 41108(d)) may be invoked, and the nature of the subsequent actions contemplated by the Commission.

(3) This part also furthers the goals of the Act with respect to encouraging the development of an economically sound and efficient U.S. flag liner fleet as stated in section 2 of the Act (46 U.S.C. 40101).

(b)(1) This part implements the statutory notice and hearing requirement and ensures that due process is afforded to all affected parties. At the same time, it allows for flexibility in structuring proceedings so that the Commission may act expeditiously whenever harm to a U.S. flag carrier resulting from impaired access to cross trades has been demonstrated or is imminent.

(2) The provisions of part 502 of this chapter (Rules of Practice and Procedure) shall not apply to this part except for those provisions governing ex parte communications (§502.11 of this chapter) and service of documents and copies of documents (§§502.114(b) and 502.118 of this chapter), and except as the Commission may otherwise determine by order.

(c) The condition of unduly impaired access will be found only where a U.S. flag carrier is commercially able to enter a trade in which its access is being unduly impaired, or is reasonably expected to be impaired, or where actual participation in a trade by a U.S. flag carrier is being restricted for reasons other than its commercial ability or competitiveness.

(d) In examining conditions in a trade between foreign ports, and in considering appropriate action, the Commission will give due regard to U.S. maritime policy and U.S. Government shipping arrangements with other nations, as well as the degree of reciprocal access afforded in U.S. foreign trades to the carriers of the countries against whom Commission action is contemplated.

§ 560.2 Factors indicating conditions unduly impairing access.

For the purpose of this part, factors which would indicate the existence of conditions created by foreign government action or action of a common carrier acting alone or in concert with any person, which unduly impair access of a U.S. flag vessel engaged in or seeking access to ocean trade between foreign ports, include, but are not limited to:

(a) Imposition upon U.S. flag vessels or upon shippers or consignees using such vessels, of fees, charges, requirements, or restrictions different from those imposed on national-flag or other vessels, or which preclude or tend to preclude U.S. flag vessels from competing in the trade on the same basis as any other vessel.

(b) Reservation of a substantial portion of the total cargo in the trade to national-flag or other vessels which results in failure to provide reasonable competitive access to cargoes by U.S. flag vessels.

(c) Use of predatory practices, possibly including but not limited to the use of a vessel or vessels in a particular
trade for the purpose of excluding, preventing, or reducing competition by driving another ocean common carrier out of that trade, and closed conferences employing deferred rebates, which unduly impair access of a U.S. flag vessel to the trade.

(d) Any government or commercial practice that results in, or may result in, unequal and unfair opportunity for U.S. flag vessel access to port or intermodal facilities or services related to the carriage of cargo inland to or from ports in the trade.

(e) Any other practice which unduly impairs access of a U.S. flag vessel to trade between foreign ports.

§ 560.3 Petitions for relief.

(a) Filing. (1) Any owner or operator of a liner, bulk, tramp or other vessel documented under the laws of the United States who believes that its access to ocean trade between foreign ports has been, or will be, unduly impaired may file a written petition for relief under the provisions of this part.

(2) An original and fifteen copies of such a petition including any supporting documents shall be filed with the Secretary, Federal Maritime Commission, Washington, DC 20573. The petition shall be accompanied by remittance of a $241 filing fee.

(b) Contents. Petitions for relief shall include the following and shall also include an affidavit attesting to the truth and accuracy of the information submitted:

(1) The name and address of the petitioner;

(2) The name and address of each party (foreign government, agency or instrumentality thereof, carrier, or other person) against whom the petition is made and a statement as to whether the party is a foreign government, agency or instrumentality thereof;

(3) A concise description and citation of the foreign law, rule or government or commercial practice complained of;

(4) A certified copy of any law, rule, regulation or other document concerned, when available and, if not in English, a certified English translation thereof;

(5) Any other information relating to any law, rule or regulation, or indicating the existence of any government or commercial practice;

(6) A description of the service offered or proposed, as a result of which petitioner is alleging harm, including information which indicates the ability of the petitioner to otherwise participate in the trade:

(7) A clear description, in detail, of the harm already caused, or which may reasonably be expected to be caused, to the petitioner for a representative period, including:

(i) Statistics documenting present or prospective cargo loss due to discriminatory government or commercial practices if harm is alleged on that basis; such statistics shall include figures for the total cargo carried or projected to be carried by petitioner in the trade for the period, and the sources of the statistics;

(ii) Information documenting how the petitioner is being prevented from entering a trade, if injury is claimed on that basis;

(iii) Statistics or other information documenting the impact of discriminatory government or commercial practices resulting in an increase in costs, service restrictions, or other harm on the basis of which injury is claimed, and the sources of the statistics; and

(iv) A statement as to why the period is representative.

(8) A separate memorandum of law or a discussion of the relevant legal issues.

(9) A recommended action, rule or regulation, the result of which will, in the view of the petitioner, address the alleged conditions unduly impairing the access of petitioner to the affected trade.

(c) Deficient petition. A petition which substantially fails to comply with the requirements of paragraph (b) of this section shall be rejected and the person filing the petition shall be notified of the reasons for such rejection. Rejection is without prejudice to filing of an amended petition.

§ 560.4 Proceeding.

(a) Upon the Commission's own motion or upon the filing of a petition which meets the requirements of §560.3, when there are indications that conditions unduly impairing the access of a U.S. flag vessel to trade between foreign ports may exist, the Commission will institute a proceeding pursuant to this part.

(b)(1) Notice of the institution of any such proceeding will be published in the Federal Register, and that notice and petition, if any, will be served on the parties.

(2) Interested or adversely affected persons will be allowed a period of time to reply to the petition by the submission of written data, views or legal arguments pursuant to §560.5 of this part. Factual submissions shall be in affidavit form.

(3) An original and 15 copies of such submissions will be filed with the Secretary, Federal Maritime Commission, Washington, DC 20573.

(c) Following the close of the initial response period, the Commission may issue a decision or order further hearings if warranted. If further hearings are ordered, they will be conducted pursuant to procedures to be outlined by the Commission in its order.

§ 560.5 Receipt of relevant information.

(a) In making its decision on matters arising under section 13(b)(6) of the Act (46 U.S.C. 41108(d)), the Commission may receive and consider relevant information from any owner, operator, or conference in an affected trade, or from any foreign government, either directly or through the Department of State or from any other reliable source. All such submissions should be supported by affidavits of fact and memorandum of law. Relevant information may include, but is not limited to:

(1) Statistics, with sources, or, if unavailable, the best estimates pertaining to:

(i) The total cargo carried in the affected liner or bulk trade by type, source, value, tonnage and direction.

(ii) Cargo carried in the affected trade on vessels owned or operated by any person or conference, by type, source, value, tonnage and direction.

(iii) The percentage such cargo carried is of the total affected liner or bulk trade, on a tonnage and value basis.

(iv) The amount of cargo reserved by a foreign government for national-flag or other vessels in the affected trade, on a tonnage and value basis, and a listing of the types of cargo and specific commodities which are reserved for national-flag or other vessels.

(2) Information on the operations of vessels of any party serving the affected trade, including sailings to and from ports in the trade, taxes or other charges paid to foreign authorities, and subsidies or other payments received from foreign authorities.

(3) Information clarifying the meaning of the foreign law, rule, regulation or practice complained of, and a description of its implementation.

(4) Complete copies of all conference and other agreements, including amendments and related documents, which apply in the trade.

(b) Once introduced or adduced, information of the character described in paragraph (a) of this section, and petitions and responses thereto, shall be made part of the record for decision and may provide the basis for Commission findings of fact and conclusions of law, and for the imposition of sanctions under the Act and this part.

§ 560.6 Notification to Secretary of State.

When there are indications that conditions unduly impairing the access of a U.S. flag vessel to trade between foreign ports may exist, the Commission shall so notify the Secretary of State and may request that the Secretary of State seek resolution of the matter through diplomatic channels. If request is made, the Commission will give every assistance in such efforts, and the Commission may request the Secretary to report the results of such efforts within a specified time period.
§ 560.7 Decision; sanctions; effective date.

(a) Upon completion of any proceeding conducted under this part, the Commission will issue and serve a decision on all parties.

(b) If the Commission finds that conditions unduly impairing access of a U.S. flag vessel to ocean trade between foreign ports exist, any of the following actions may be taken:

(1) Imposition of equalizing fees or charges applied in the foreign trade of the United States;

(2) Limitations on sailings to and from United States ports or on the amount or type of cargo carried;

(3)(i) Suspension, in whole or in part, of any or all tariffs or service contracts for carriage to or from United States ports for any period the Commission specifies, or until such time as unimpaired access is secured for U.S. flag carriers in the affected trade.

(ii) Acceptance or handling of cargo for carriage under a tariff that has been suspended, or after a common carrier's right to utilize that tariff has been suspended pursuant to this part, will subject a carrier to the imposition of a civil penalty as provided under the Act (46 U.S.C. 41108(b)) of not more than $50,000 per shipment; and

(4) Suspension, in whole or in part, of the right of an ocean common carrier to operate under any agreement filed with the Commission, including agreements authorizing preferential treatment at terminals, preferential terminal leases, space chartering, or pooling of cargo or revenues with other ocean common carriers;

(5) Imposition of a charge not to exceed $1,000,000 per inbound or outbound movement between a foreign country and the United States by a vessel engaged in the United States oceanborne trade;

(6) A request to the collector of customs at any port or place of destination in the United States to refuse the clearance required by section 4197 of the Revised Statutes (46 U.S.C. 60105), to any vessel of a foreign carrier which is or whose government is identified as contributing to the conditions described in §587.2 of this part to any port or place in the United States or the navigable waters of the United States, or to detain any such vessel at the port or place in the United States from which it is about to depart for any other port or place in the United States; and

(8) Any other action the Commission finds necessary and appropriate to address conditions unduly impairing access of a U.S.-flag vessel to trade between foreign ports.

(c) If the Commission finds that conditions impairing access of a U.S. flag vessel to ocean trade between foreign ports has not yet occurred, and punitive sanctions are warranted, such sanctions will be imposed to become effective simultaneously with the implementation of the action that would unduly impair the access of a U.S. flag vessel.

(d)(1) All decisions will be published in the FEDERAL REGISTER.

(2) Decisions imposing sanctions, except where conditions warrant and for good cause, will become effective 30 days after the date of publication.

(e) Any party may file a petition to reconsider any decision under this part. Such a petition shall be served on all other parties to the proceeding and shall not, in and of itself, stay the effective date of the Commission action.

§ 560.8 Submission of decision to the President.

Concurrently with the submission of any decision imposing sanctions to the FEDERAL REGISTER pursuant to §560.7(d)(1), the Commission shall transmit that decision to the President of the United States who may, within ten days after receiving the decision, disapprove it if the President finds that disapproval is required for reasons of the national defense or the foreign policy of the United States.
§ 560.9 Postponement, discontinuance, or suspension of action.

(a) The Commission may, on its own motion or upon a petition, postpone, discontinue, or suspend any action taken by it under the provisions of this part. Such a petition will be served on all other parties and will not, in and of itself, stay the effective date of Commission action.

(b) The Commission shall postpone, discontinue or suspend any action provided for in its final decision if so directed by the President for reasons of national defense or foreign policy of the United States as provided in § 560.8.

PART 565—CONTROLLED CARRIERS

§ 565.1 Purpose and scope.

(a) Purpose. The regulations of this part are intended to carry out the Commission’s mandate under section 9 of the Shipping Act of 1984 (46 U.S.C. 40701–40706), as amended by the Ocean Shipping Reform Act of 1998, to monitor the practices of controlled carriers and ensure that they do not:

(1) Maintain rates or charges in their tariffs and service contracts that are below a level that is just and reasonable; nor

(2) Establish, maintain or enforce unjust or unreasonable classifications, rules or regulations in those tariffs or service contracts which result or are likely to result in the carriage or handling of cargo at rates or charges that are below a just and reasonable level.

(b) Scope. The regulations contained in this part set forth the special procedures whereby controlled carriers’ tariffs and service contracts become effective and are reviewed by the Commission. These regulations in no way exempt controlled carriers from other Commission regulations or statutory authority to which they may otherwise be subject as ocean common carriers. These regulations apply to all controlled carriers operating in the foreign commerce of the United States unless excepted under section 9(f) of the Shipping Act of 1984 (46 U.S.C. 40706), as reflected by §565.5.

§ 565.2 Definitions.

(a) Controlled carrier means an ocean common carrier that is, or whose operating assets are, directly or indirectly owned or controlled by a government. Ownership or control by a government shall be deemed to exist with respect to any ocean common carrier if:

(1) A majority portion of the interest in the carrier is owned or controlled in any manner by that government, by any agency thereof, or by any public or private person controlled by that government; or

(2) That government has the right to appoint or disapprove the appointment of a majority of the directors, the chief operating officer or the chief executive officer of the carrier.

(b) Effective date has the same meaning it has in 46 CFR part 520.

§ 565.3 Classification as controlled carrier.

(a) Controlled carrier means an ocean common carrier that is, or whose operating assets are, directly or indirectly owned or controlled by a government. Ownership or control by a government shall be deemed to exist with respect to any ocean common carrier if:

(1) A majority portion of the interest in the carrier is owned or controlled in any manner by that government, by any agency thereof, or by any public or private person controlled by that government; or

(2) That government has the right to appoint or disapprove the appointment of a majority of the directors, the chief operating officer or the chief executive officer of the carrier.

(b) Rebuttal of classification. (1) Any ocean common carrier contesting such
§ 565.4 Notification to Commission of change in control.

Whenever the operation, control or ownership of an ocean common carrier is transferred resulting in a majority portion of the interest of that ocean common carrier being owned or controlled in any manner by a government, the ocean common carrier shall immediately send written notification of the details of the change to the Secretary of the Commission. If a carrier is newly commencing ocean common carrier operations in a United States trade, and if a majority portion of the carrier is owned or controlled by a government, or if a government may approve or disapprove the majority of directors or the chief executive or operating officer of the carrier, the carrier shall immediately send written notification to the Secretary of the details of such ownership or control.

§ 565.5 Exceptions.

All controlled carriers shall be subject to provisions of this part and section 9 of the Shipping Act of 1984 (46 U.S.C. 40701–40706) except those which meet the following exceptions:

(a) When the vessels of the controlling state are entitled by a treaty of the United States to receive national or most-favored-nation treatment; or
(b) When the controlled carrier operates in a trade served exclusively by controlled carriers.

§ 565.6 Level of rates and charges generally.

No controlled carrier may maintain or enforce rates or charges in its tariffs or service contracts that are below a level that is just and reasonable. No controlled carrier may establish or maintain unjust or unreasonable classifications, rules, or regulations in its tariffs or service contracts. An unjust or unreasonable classification, rule or regulation means one that results or is likely to result in the carriage or handling of cargo at rates or charges that are below a just and reasonable level. See §565.9(a)(2) (Rate standards).

§ 565.7 Effective dates.

(a) Generally. Except for service contracts, the rates, charges, classifications, rules or regulations of controlled carriers may not, unless the Commission has granted special permission, become effective sooner than the 30th day after the date of publication.

(b) Open rates—(1) Generally. Controlled carriers that are members of conference agreements publishing rates for commodities designated as open by the conference are subject to the 30-day controlled carrier notice requirement, except when special permission is granted by the Commission under §565.8.

(2) Conference publication of reduced open rates. Notwithstanding paragraph (b)(1) of this section, a conference may, on less than 30 days' notice, publish reduced rates on behalf of controlled carrier members for open-rated commodities:

(i) At or above the minimum level set by the conference; or
(ii) At or above the level set by a member of the conference that has not been determined by the Commission.

(c) Independent action rates of controlled carriers. Conferences may publish on behalf of their controlled carrier members lower independent action rates on less than 30 days' notice, subject to the requirements of their basic agreements and subject to such rates being published at or above the level set by a member of the conference that has not been determined by the Commission.

§ 565.8 Special permission.

Section 8(d) of the Shipping Act of 1984 (46 U.S.C. 40501(e)) authorizes the Commission, in its discretion and for good cause shown, to permit increases or decreases in rates, or the issuance of
new or initial rates, on less than statutory notice under §565.7. Section 9(c) of the Shipping Act of 1984 (46 U.S.C. 40703, 40704(a)) authorizes the Commission to permit a controlled carrier’s rates, charges, classifications, rules or regulations to become effective on less than 30 days’ notice. The Commission may also in its discretion and for good cause shown, permit departures from the requirements of this part. The Commission will consider such requests for special permission by controlled carriers pursuant to its procedures set forth at 46 CFR part 520.

§ 565.9 Commission review, suspension and prohibition of rates, charges, classifications, rules or regulations.

(a)(1) Request for justification. Within 20 days of a request (with respect to its existing or proposed rates, charges, classifications, rules or regulations) from the Commission, each controlled carrier shall file a statement of justification that sufficiently details the controlled carrier’s need and purpose for such rates, charges, classifications, rules or regulations upon which the Commission may reasonably base its determination of the lawfulness thereof.

(2) Rate standards. (i) In determining whether rates, charges, classifications, rules or regulations by a controlled carrier are just and reasonable, the Commission shall take into account whether the rates or charges which have been published or assessed or which would result from the pertinent rates, charges, classifications, rules or regulations are below a level which is fully compensatory to the controlled carrier based upon that carrier’s actual or constructive costs.

(ii) For the purposes of paragraph (a)(2)(i) of this section, constructive costs means the costs of another carrier, other than a controlled carrier, operating similar vessels and equipment in the same or a similar trade.

(iii) The Commission may also take into account other appropriate factors, including, but not limited to, whether:

(A) The rates, charges, classifications, rules or regulations are the same as or similar to those published or assessed by other carriers in the same trade;

(B) The rates, charges, classifications, rules or regulations are required to assure movement of particular cargo in the trade; or

(C) The rates, charges, classifications, rules or regulations are required to maintain acceptable continuity, level or quality of common carrier service to or from affected ports.

(3) Time for determination. The Commission shall determine within 120 days of the receipt of information requested by the Commission under this section, whether the rates, charges, classifications, rules or regulations of a controlled carrier may be unjust and unreasonable. Whenever the Commission is of the opinion that the rates, charges, classifications, rules or regulations published or assessed by a controlled carrier may be unjust and unreasonable, the Commission shall issue an order to the controlled carrier to show cause why those rates, charges, classifications, rules or regulations should not be prohibited.

(b) Suspension. Pending a decision on whether to prohibit the rates, charges, classifications, rules or regulations of a controlled carrier, the Commission may suspend the rates, charges, classifications, rules or regulations. See §565.10.

(c) Prohibition. The Commission shall prohibit the use of any rates, charges, classifications, rules or regulations that the controlled carrier has failed to demonstrate to be just and reasonable. In a proceeding under this paragraph, the burden of proof is on the controlled carrier to demonstrate that its rates, charges, classifications, rules or regulations are just and reasonable. The use of rates, charges, classifications, rules or regulations published or assessed by a controlled carrier that have been suspended or prohibited by the Commission is unlawful.

(d) Publication. All final orders of prohibition shall be published in the Federal Register.

§ 565.10 Suspension procedures, period of suspension, and replacement rates.

(a)(1) Suspension prior to effective date. Pending a determination as to their
lawfulness in a prohibition proceeding as described in §565.9, the Commission may suspend the rates, charges, classifications, rules or regulations at any time before their effective date.

(2) Suspension after effective date. In the case of rates, charges, classifications, rules or regulations that have already become effective, the Commission may, upon the issuance of an order to show cause, suspend those rates, charges, classifications, rules or regulations on not less than 30 days’ notice to the controlled carrier.

(b) Period of suspension. In any case, no period of suspension may be greater than 180 days.

(c) Implementation. (1) Upon issuance of an order suspending a rate, charge, classification, rule or regulation in whole or in part, the Commission shall direct the controlled carrier to remove the suspended material from its tariff publication; or

(2) if the matter subject to the suspension order is not covered by paragraph (c)(1) of this section, the Commission shall set forth procedures in the order for implementing the suspension.

(3) Publication. All orders of suspension shall be published in the Federal Register.

(d) Replacement rates. Controlled carriers may publish in tariffs or file in service contracts rates, charges, classifications, rules or regulations in lieu of the suspended matter (“replacement rates”).

(1) Effective date. In the case of replacement rates which are published in tariffs and which are scheduled to become effective during a suspension period, may become effective immediately upon either their publication in tariffs or upon the effective date of the suspension, whichever is later.

(2) Rejection of replacement rates. The Commission may reject the replacement rates, charges, classifications, rules or regulations published in tariffs or filed in service contracts to take effect during the suspension period if they are unjust and unreasonable. In determining whether to reject replacement rates, charges, classifications, rules or regulations, the Commission will consider whether they would result in total charges (i.e., rate plus applicable surcharges) that are lower than the lowest comparable charges effective for a common carrier, other than a controlled carrier, serving the same trade.

(3) At the same time it announces replacement rates, the controlled carrier shall submit to the Secretary of the Commission, a letter identifying the specific competing common carrier’s rates, charges, classification or rules resulting in total charges which are equal to or lower than its own.

§ 565.11 Presidential review.

The Commission shall transmit all orders of suspension or final orders of prohibition to the President of the United States concurrently with the submission of such orders to the Federal Register pursuant to §565.9(d) or §565.10(c)(3). The President may, within 10 days of either the receipt or effective date of the order, request in writing that the Commission stay the effect of the order for reasons of national defense or foreign policy.

§ 565.12 Stay, postponement, discontinuance or suspension of action.

The Commission may, on its own motion or upon petition, postpone, discontinue, or suspend any and all actions taken by it under the provisions of this part. The Commission shall immediately stay the effect of any order issued under this part as requested by the President pursuant to §565.11.

§ 565.13 OMB control number assigned pursuant to the Paperwork Reduction Act

The Commission has received OMB approval for this collection of information pursuant to the Paperwork Reduction Act of 1995, as amended. In accordance with that Act, agencies are required to display a currently valid control number. The valid control number for this collection of information is 3072–0060.
