(b)(i) DoD requires reimbursement, at a rate set by the Under Secretary of Defense (Comptroller/Chief Financial Officer), from non-DoD organizations, except for—

## 242.200-70

(A) Quality assurance, contract administration, and audit services provided under a no-charge reciprocal agreement;

(B) Services performed under subcontracts awarded by the Small Business Administration under FAR subpart 19.8; and

(C) Quality assurance and pricing services performed for the Supply and Services Canada.

(ii) Departments and agencies may request an exception from the reimbursement policy in paragraph (b)(i) of this section from the Under Secretary of Defense (Comptroller/Chief Financial Officer). A request must show that an exception is in the best interest of the Government.

(iii) Departments and agencies must pay for services performed by non-DoD activities, foreign governments, or international organizations, unless otherwise provided by reciprocal agreements.

(S-70)(i) Foreign governments and international organizations may request contract administration services on their direct purchases from U.S. producers. Direct purchase is the purchase of defense supplies in the United States through commercial channels for use by the foreign government or international organization.

(ii) Supply and Services Canada (SSC) is permitted to submit its requests for contract administration services directly to the cognizant contract administration office.

(iii) Other foreign governments (including Canadian government organizations other than SSC) and international organizations send their requests for contract administration services to the DoD Central Control Point (CCP) at the Headquarters, Defense Contract Management Agency, International and Federal Business Team. Contract administration offices provide services only upon request from the CCP. The CCP shall follow the procedures at PGI 242.002(S-70)(iii).

#### 242.1204 Agreement to recognize a successor in interest (novation agreement).

(i) When a novation agreement is required and the transferee intends to incur restructuring costs as defined at 213.205-70, the cognizant contracting officer shall include the following provision as paragraph (b)(7) of the novation agreement instead of the paragraph (b)(7) provided in the sample format at FAR 42.1204(i):

“(7)(i) Except as set forth in subparagraph (7)(ii) below, the Transferor and the Transferee agree that the Government is not obligated to pay or reimburse either of them for, or otherwise give effect to, any costs, taxes, or other expenses, or any related increases, directly or indirectly arising out of or resulting from the transfer or this Agreement, other than those that the Government in the absence of this transfer or Agreement would have been obligated to pay or reimburse under the terms of the contracts.

(ii) The Government recognizes that restructuring by the Transferee incidental to the acquisition/merger may be in the best interests of the Government. Restructuring costs that are allowable under Part 31 of the Federal Acquisition Regulation (FAR) or Part 231 of the Defense Federal Acquisition Regulation Supplement (DFARS) may be reimbursed under flexibly-priced novated contracts, provided the Transferee demonstrates that the restructuring will reduce overall costs to the Department of Defense (DoD) (and to the National Aeronautics and Space Administration (NASA), where there is a mix of DoD and NASA contracts), and the requirements included in DFARS 231.205-70 are met. Restructuring costs shall not be allowed on novated contracts unless there is

an audit of the restructuring proposal; a determination by the contracting officer of overall reduced costs to DoD/NASA; and an Advance Agreement setting forth a cumulative cost ceiling for restructuring projects and the period to which such costs shall be assigned.”

[60 FR 1749, Jan. 5, 1995, as amended at 61 FR 16882, Apr. 18, 1996; 65 FR 63805, Oct. 25, 2000]

(a)(2) In reporting planned and actual volume movements—

(A) The contracting officer—

(1) Provides production schedules and planned destinations to the servicing transportation office as soon as the information is available to permit the transportation office to determine if volume movements will occur. If a volume movement appears likely, the transportation office reports a planned volume movement in accordance with DoD 4500.9-R, Defense Transportation Regulation, Part II, Chapter 201.

(2) Sends a copy of the volume movement report to the contract administration office.

(B) The contract administration office submits a volume movement report when—

(1) Significant changes are made to the movement requirements; or

(2) The contracting office did not submit a report.

(C) Include the destination country, freight forwarder, and, if known, port of embarkation on volume movement reports for foreign military sale shipments.

(ii) The term “commercial bills of lading” includes the use of any commercial form or procedure.

[56 FR 36437, July 31, 1991, as amended at 65 FR 50144, Aug. 17, 2000]

**242.1404 Shipments by parcel post or other classes of mail.**

**242.1404-2-70 Additional clause.**

Use the clause at 252.242-7003, Application for U.S. Government Shipping Documentation/Instructions, when using the clause at FAR 52.242-10, F.o.b. Origin—Government Bills of Lading or Prepaid Postage, or FAR 52.242-11, F.o.b. Origin—Government Bills of Lading or Indicia Mail.

[62 FR 34127, June 24, 1997]

**242.1405 Discrepancies incident to shipment of supplies.**

(a) See also DoD 4500.9-R, Defense Transportation Regulation, Part II, Chapter 210, for discrepancy procedures.

[65 FR 50144, Aug. 17, 2000]

**242.1470 Demurrage and detention charges.**

(a) Carrier demurrage rules usually allow for a “free time” for loading or unloading cars or for any other purpose, and impose charges for cars held beyond this period. If a contractor detains railroad cars beyond the “free time,” the contractor has to pay the carrier’s published tariff charges for demurrage.

(b) Detention results when a shipper or consignee holds motor carrier equipment beyond a reasonable period for loading, unloading, forwarding directions, or any other reason. Detention rules and charges are not uniform; they

### Subpart 242.72—Contractor Material Management and Accounting System

SOURCE: 65 FR 77833, Dec. 13, 2000, unless otherwise noted.

#### 242.7200 Scope of subpart.

(a) This subpart provides policies, procedures, and standards for use in the evaluation of a contractor's material management and accounting system (MMAS).

(b) The policies, procedures, and standards in this subpart—

(1) Apply only when the contractor has contracts exceeding the simplified acquisition threshold that are not for the acquisition of commercial items and are either—

(i) Cost-reimbursement contracts; or  
(ii) Fixed-price contracts with progress payments made on the basis of costs incurred by the contractor as work progresses under the contract; and

(2) Do not apply to small businesses, educational institutions, or nonprofit organizations.

#### 242.7201 Definitions.

*Material management and accounting system* and *valid time-phased requirements* are defined in the clause at 252.242-7004, Material Management and Accounting System.

## 48 CFR Ch. 2 (10-1-09 Edition)

#### 242.7202 Policy.

DoD policy is for its contractors to have an MMAS that conforms to the standards in paragraph (e) of the clause at 252.242-7004, so that the system—

(a) Reasonably forecasts material requirements;

(b) Ensures the costs of purchased and fabricated material charged or allocated to a contract are based on valid time-phased requirements; and

(c) Maintains a consistent, equitable, and unbiased logic for costing of material transactions.

#### 242.7203 Review procedures.

(a) *Criteria for conducting reviews.* Conduct an MMAS review when—

(1) A contractor has \$40 million of qualifying sales to the Government during the contractor's preceding fiscal year; and

(2) The administrative contracting officer (ACO), with advice from the auditor, determines an MMAS review is needed based on a risk assessment of the contractor's past experience and current vulnerability.

(b) *Qualifying sales.* Qualifying sales are sales for which cost or pricing data were required under 10 U.S.C. 2306a, as implemented in FAR 15.403, or that are contracts priced on other than a firm-fixed-price or fixed-price with economic price adjustment basis. Sales include prime contracts, subcontracts, and modifications to such contracts and subcontracts.

(c) *System evaluation.* Cognizant contract administration and audit activities must jointly establish and manage programs for evaluating the MMAS systems of contractors and must annually establish a schedule of contractors to be reviewed. In addition, they must—

(1) Conduct reviews as a team effort.

(i) the ACO—

(A) Appoints a team leader; and

(B) Ensures that the team includes appropriate functional specialists (*e.g.*, industrial specialist, engineer, property administrator, auditor).

(ii) The team leader—

(A) Advises the ACO and the contractor of findings during the review and at the exit conference; and

(B) Makes every effort to resolve differences regarding questions of fact during the review.

(iii) The contract auditor—

(A) Participates as a member of the MMAS team or serves as the team leader (see paragraph (c)(1)(i) of this section); and

(B) Issues an audit report for incorporation into the MMAS report based on an analysis of the contractor's books, accounting records, and other related data.

(2) Tailor reviews to take full advantage of the day-to-day work done by both organizations.

(3) Prepare the MMAS report.

(d) *Disposition of evaluation team findings.* The team leader must document the evaluation team findings and recommendations in the MMAS report to the ACO. If there are any significant MMAS deficiencies, the report must provide an estimate of the adverse impact on the Government resulting from those deficiencies.

(1) *Initial notification to the contractor.* The ACO must provide a copy of the report to the contractor immediately upon receipt from the team leader.

(i) The ACO must notify the contractor in a timely manner if there are no deficiencies.

(ii) If there are any deficiencies, the ACO must request the contractor to provide a written response within 30 days (or such other date as may be mutually agreed to by the ACO and the contractor) from the date of initial notification.

(iii) If the contractor agrees with the report, the contractor has 60 days (or such other date as may be mutually agreed to by the ACO and the contractor) to correct any identified deficiencies or submit a corrective action plan showing milestones and actions to eliminate the deficiencies.

(iv) If the contractor disagrees with the report, the contractor must provide rationale in the written response.

(2) *Evaluation of the contractor's response.* The ACO, in consultation with the auditor, evaluates the contractor's response and determines whether—

(i) The MMAS contains any deficiencies and, if so, any corrective action is needed;

(ii) The deficiencies are significant enough to result in the reduction of progress payments or disallowance of costs on vouchers; and

(iii) Proposed corrective actions (if the contractor submitted them) are adequate to correct the deficiencies.

(3) *Notification of ACO determination.*

(i) The ACO must notify the contractor in writing (copy to auditor and functional specialists) of—

(A) Any deficiencies and the necessary corrective action;

(B) Acceptability of the contractor's corrective action plan (if one was submitted) or the need for a corrective action plan; and

(C) Any decision to reduce progress payments or disallow costs on vouchers.

(ii) The Government does not approve or disapprove the contractor's MMAS. ACO notifications should avoid any such implications.

(iii) From the time the ACO determines that there are any significant MMAS deficiencies until the time the deficiencies are corrected, all field pricing reports for that contractor must contain a recommendation relating to proposed adjustments necessary to protect the Government's interests.

(iv) The ACO should consider the effect of any significant MMAS deficiencies in reviews of the contractor's estimating system (see 215.407-5).

(4) *Reductions or disallowances.* (i) When the ACO determines the MMAS deficiencies have a material impact on Government contract costs, the ACO must reduce progress payments by an appropriate percentage based on affected costs (in accordance with FAR 32.503-6) and/or disallow costs on vouchers (in accordance with FAR 42.803). The reductions or disallowances must remain in effect until the ACO determines that—

(A) The deficiencies are corrected; or

(B) The amount of the impact is immaterial.

(ii) The maximum payment adjustment is the adverse material impact to the Government as specified in the MMAS report. The ACO should use the maximum adjustment when the contractor did not submit a corrective action plan with its response, or when the plan is unacceptable. In other cases,

## 242.7204

the ACO should consider the quality of the contractor's corrective action plan in determining the appropriate percentage.

(iii) As the contractor implements its accepted corrective action plan, the ACO should reinstate a portion of withheld amounts commensurate with the contractor's progress in making corrections. However, the ACO must not fully reinstate withheld amounts until the contractor corrects the deficiencies, or until the impact of the deficiencies become immaterial.

(5) *Monitoring contractor's corrective action.* The ACO and the auditor must monitor the contractor's progress in correcting deficiencies. When the ACO determines the deficiencies have been corrected, the ACO must notify the contractor in writing. If the contractor fails to make adequate progress, the ACO must take further action. The ACO may—

- (i) Elevate the issue to higher level management;
- (ii) Further reduce progress payments and/or disallow costs on vouchers;
- (iii) Notify the contractor of the inadequacy of the contractor's cost estimating system and/or cost accounting system; and
- (iv) Issue cautions to contracting activities regarding the award of future contracts.

### 242.7204 Contract clause.

Use the clause at 252.242-7004, Material Management and Accounting System, in all solicitations and contracts exceeding the simplified acquisition threshold that are not for the acquisition of commercial items and—

- (a) Are not awarded to small businesses, educational institutions, or nonprofit organizations; and
- (b) Are either—
  - (1) Cost-reimbursement contracts; or
  - (2) Fixed-price contracts with progress payments made on the basis of costs incurred by the contractor as work progresses under the contract.

### Subpart 242.73—Contractor Insurance/Pension Review

#### 242.7301 General.

(a) The administrative contracting officer (ACO) is responsible for determining the allowability of insurance/pension costs in Government contracts and for determining the need for a Contractor/Insurance Pension Review (CIPR). Defense Contract Management Agency (DCMA) insurance/pension specialists and Defense Contract Audit Agency (DCAA) auditors assist ACOs in making these determinations, conduct CIPRs when needed, and perform other routine audits as authorized under FAR 42.705 and 52.215-2. A CIPR is a DCMA/DCAA joint review that—

(1) Provides an in-depth evaluation of a contractor's—

- (i) Insurance programs;
- (ii) Pension plans;
- (iii) Other deferred compensation plans; and
- (iv) Related policies, procedures, practices, and costs; or

(2) Concentrates on specific areas of the contractor's insurance programs, pension plans, or other deferred compensation plans.

(b) DCMA is the DoD Executive Agency for the performance of all CIPRs.

(c) DCAA is the DoD agency designated for the performance of contract audit responsibilities related to Cost Accounting Standards administration as described in FAR Subparts 30.2 and 30.6 as they relate to a contractor's insurance programs, pension plans, and other deferred compensation plans.

**Subpart 242.74—Technical Representation at Contractor Facilities**

**242.7400 General.**

(a) Program managers may conclude that they need technical representation in contractor facilities to perform non-contract administration service (CAS) technical duties and to provide liaison, guidance, and assistance on systems and programs. In these cases, the program manager may assign technical representatives under the procedures in 242.7401.

(b) A technical representative is a representative of a DoD program, project, or system office performing non-CAS technical duties at or near a contractor facility. A technical representative is not—

**242.7501 Policy.**

Contractors receiving cost-reimbursement or incentive type contracts, or contracts which provide for progress payments based on costs or on a percentage or stage of completion, shall maintain an accounting system and related internal controls throughout contract performance which provide reasonable assurance that—

(b) The accounting system and cost data are reliable;

(c) Risk of misallocations and mischarges are minimized; and

(d) Contract allocations and charges are consistent with invoice procedures.

**242.7502 Procedures.**

(a) Upon receipt of an audit report identifying significant accounting system or related internal control deficiencies, the ACO will—

(1) Provide a copy of the report to the contractor and allow 30 days, or a reasonable extension, for the contractor to respond;

(2) If the contractor agrees with the report, the contractor has 60 days from the date of initial notification to correct any identified deficiencies or submit a corrective action plan showing milestones and actions to eliminate the deficiencies.

(3) If the contractor disagrees, the contractor should provide rationale in its written response.

(4) The ACO will consider whether it is appropriate to suspend a percentage of progress payments or reimbursement of costs proportionate to the estimated cost risk to the Government, considering audit reports or other relevant input, until the contractor submits a corrective action plan acceptable to the ACO and corrects the deficiencies. (See FAR 32.503-6 (a) and (b) and FAR 42.302(a)(7)).
