Cite this Code: CFR

To cite the regulations in this volume use title, part and section number. Thus, 7 CFR 1200.1 refers to title 7, part 1200, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16..............................................................as of January 1
- Title 17 through Title 27.................................................................as of April 1
- Title 28 through Title 41.................................................................as of July 1
- Title 42 through Title 50.............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2009), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949-1963, 1964-1972, or 1973-1985, published in seven separate volumes. For the period beginning January 1, 1986, a “List of CFR Sections Affected” is published at the end of each CFR volume.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.
REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

[67 F.R. 44350, July 2, 2002]
§ 1200.3 Proposals.

(a) An order may be proposed by any organization certified pursuant to the Act or any interested person affected by the Act, including the Secretary. Any person or organization other than the Secretary proposing an order shall file with the Administrator a written application, together with a copy of the proposal, requesting the Secretary to hold a hearing upon the proposal. Upon receipt of such proposal, the Administrator shall cause such investigation to be made and such consideration to be given as, in the Administrator's opinion, are warranted. If the investigation and consideration lead the Administrator to conclude that the proposed order will not tend to effectuate the declared policy of the Act, or that for other proper reasons a hearing should not be held on the proposal, the Administrator shall deny the application, and promptly notify the applicant of such denial, which notice shall be accompanied by a brief statement of the grounds for the denial.

(b) If the investigation and consideration lead the Administrator to conclude that the proposed order will tend to effectuate the declared policy of the Act, or if the Secretary desires to propose an order, the Administrator shall sign and cause to be served a notice of hearing, as provided herein.

§ 1200.4 Reimbursement of Secretary's expenses.

If provided for in the Act or any amendment thereto, expenses incurred by the Secretary in preparing or amending the order, administering the order, and conducting the referendum shall be reimbursed.

§ 1200.5 Institution of proceedings.

(a) Filing and contents of the notice of hearing. The proceeding shall be instituted by filing the notice of hearing with the hearing clerk. The notice of hearing shall contain a reference to the authority under which the order is proposed; shall define the scope of the hearing as specifically as may be practicable; shall contain either the terms or substance of the proposed order or a description of the subjects and issues involved; and shall state the time and place of such hearing, and the place where copies of such proposed order may be obtained or examined. The time of the hearing shall not be less than 15 days after the date of publication of the notice in the Federal Register, as provided herein, unless the Administrator shall determine that an emergency exists which requires a shorter period of notice, in which case the period of notice shall be that which the Administrator may determine to be reasonable in the circumstances: Except that in the case of hearings on amendments to an order, the time of the hearing may be less than 15 days but shall not be less than three days after the date of publication in the Federal Register.

(b) Giving notice of hearing and supplemental publicity. (1) The Administrator shall give or cause to be given notice of hearing in the following manner:

(i) By publication of the notice of hearing in the Federal Register;

(ii) By mailing a copy of the notice of hearing to each organization known by the Administrator to be interested therein;

(iii) By issuing a press release containing the complete text or a summary of the contents of the notice of hearing and making the same available to such newspapers as, in the Administrator’s discretion, are best calculated to bring the notice to the attention of the persons interested therein; and

(iv) By forwarding copies of the notice of hearing addressed to those Governors of the States and executive heads of territories and possessions of the United States and the mayor of the District of Columbia that are directly affected by such order.

(2) Legal notice of the hearing shall be deemed to be given if notice is given in the manner provided by paragraph (b)(1)(i) of this section; failure to give notice in the manner provided in paragraphs (b)(2)(ii), (iii), and (iv) of this section shall not affect the legality of the notice.

(c) Record of notice and supplemental publicity. There shall be filed with the hearing clerk or submitted to the judge at the hearing an affidavit or certificate of the person giving the notice provided in paragraphs (b)(1)(ii) and (iv) of this section. In regard to the
provisions relating to mailing in paragraph (b)(1)(ii) of this section, determination by the Administrator that such provisions have been complied with shall be filed with the hearing clerk or submitted to the judge at the hearing. In the alternative, if notice is not given in the manner provided in paragraphs (b)(1) (ii), (iii), and (iv) of this section there shall be filed with the hearing clerk or submitted to the judge at the hearing a determination by the Administrator that such notice is impracticable, unnecessary, or contrary to the public interest with a brief statement of the reasons for such determination. Determinations by the Administrator as herein provided shall be final.

§ 1200.6 Docket number.
Each proceeding, immediately following its institution, shall be assigned a docket number by the hearing clerk and thereafter the proceeding may be referred to by such number.

§ 1200.7 Judge.
(a) Assignment. No judge who has any pecuniary interest in the outcome of a proceeding shall serve as judge in such proceeding.

(b) Power of judge. Subject to review by the Secretary, as provided elsewhere in this subpart, the judge in any proceeding shall have power to:
   (1) Rule upon motions and requests;
   (2) Change the time and place of hearings, and adjourn the hearing from time to time or from place to place;
   (3) Administer oaths and affirmations and take affidavits;
   (4) Examine and cross-examine witnesses and receive evidence;
   (5) Admit or exclude evidence;
   (6) Hear oral argument on facts or law; and
   (7) Do all acts and take all measures necessary for the maintenance of order at the hearings and the efficient conduct of the proceeding.

(c) Who may act in absence of judge. In case of the absence of the judge or the judge's inability to act, the powers and duties to be performed by the judge under this part in connection with a proceeding may, without abatement of the proceeding unless otherwise ordered by the Secretary, be assigned to any other judge.

(d) Disqualification of judge. The judge may at any time withdraw as judge in a proceeding if such judge deems himself or herself to be disqualified. Upon the filing by an interested person in good faith of a timely and sufficient affidavit of personal bias or disqualification of a judge, the Secretary shall determine the matter as a part of the record and decision in the proceeding, after making such investigation or holding such hearings, or both, as the Secretary may deem appropriate in the circumstances.

§ 1200.8 Motions and requests.
(a) General. (1) All motions and requests shall be filed with the hearing clerk, except that those made during the course of the hearing may be filed with the judge or may be stated orally and made a part of the transcript.

(2) Except as provided in §1200.17(b) such motions and requests shall be addressed to, and ruled on by, the judge if made prior to certification of the transcript pursuant to §1200.11 or by the Secretary if made thereafter.

(b) Certification to Secretary. The judge may, in his or her discretion, submit or certify to the Secretary for decision any motion, request, objection, or other question addressed to the judge.

§ 1200.9 Conduct of the hearing.
(a) Time and place. The hearing shall be held at the time and place fixed in the notice of hearing, unless the judge shall have changed the time or place, in which event the judge shall file with the hearing clerk, a notice of such change, which notice shall be given in the same manner as provided in §1200.5 (relating to the giving of notice of the hearing): Except that if the change in time or place of hearing is made less than five days prior to the date previously fixed for the hearing, the judge either in addition to or in lieu of causing the notice of the change to be given, shall announce, or cause to be announced, the change at the time and place previously fixed for the hearing.

(b) Appearances—(1) Right to appear. At the hearing, any interested person
§ 1200.9 7 CFR Ch. XI (1–1–09 Edition)

shall be given an opportunity to appear, either in person or through authorized counsel or representative, and to be heard with respect to matters relevant and material to the proceeding. Any interested person who desires to be heard in person at any hearing under these rules shall, before proceeding to testify, state his or her name, address, and occupation. If any such person is appearing through a counsel or representative, such person or such counsel or representative shall, before proceeding to testify or otherwise to participate in the hearing, state for the record the authority to act as such counsel or representative, and the names, addresses, and occupations of such person and such counsel or representative. Any such person or such counsel or representative shall give such other information respecting such appearance as the judge may request.

(2) Debarment of counsel or representative.

(i) Whenever, while a proceeding is pending before the judge, such judge finds that a person, acting as counsel or representative for any person participating in the proceeding, is guilty of unethical or unprofessional conduct, the judge may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal. Except that the judge may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or representative.

(ii) In case the judge has ordered that a person be precluded from further action as counsel or representative in the proceeding, the judge within a reasonable time thereafter shall submit to the Secretary a report of the facts and circumstances surrounding such order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary as the Secretary finds to be appropriate.

(3) Failure to appear. If any interested person fails to appear at the hearing, that person shall be deemed to have waived the right to be heard in the proceeding.

(c) Order of procedure. (1) The judge shall, at the opening of the hearing prior to the taking of testimony, have noted as part of the record the notice of hearing as filed with the Office of the Federal Register and the affidavit or certificate of the giving of notice or the determination provided for in §1200.5(c).

(2) Evidence shall then be received with respect to the matters specified in the notice of the hearing in such order as the judge shall announce.

(d) Evidence—(1) General. The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

(i) Every witness shall, before proceeding to testify, be sworn or make affirmation. Cross-examination shall be permitted to the extent required for a full and true disclosure of the facts.

(ii) When necessary, in order to prevent undue prolongation of the hearing, the judge may limit the number of times any witness may testify to the same matter or the amount of corroborative or cumulative evidence.

(iii) The judge shall, insofar as practicable, exclude evidence which is material, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(ii) Objections. If a party objects to the admission or rejection of any evidence or to any other ruling of the judge during the hearing, such party shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the judge. The transcript shall not include argument or debate thereon except as ordered by the judge. The ruling of the judge on any objection shall be a part of the transcript. Only objections made before the judge may subsequently be relied upon in the proceeding.

(3) Proof and authentication of official records or documents. An official record or document, when admissible for any
§ 1200.10 Oral and written arguments.

(a) Oral argument before the judge. Oral argument before the judge shall be in the discretion of the judge. Such argument, when permitted, may be limited by the judge to any extent that the judge finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(b) Briefs, proposed findings, and conclusions. The judge shall announce at the hearing a reasonable period of time within which interested persons may file with the hearing clerk proposed findings and conclusions, and written arguments or briefs, based upon the evidence received at the hearing, citing, where practicable, the page or pages of the transcript of the testimony where such evidence appears. Factual material other than that adduced at the hearing or subject to official notice shall not be alluded to therein, and, in any case, shall not be considered in the formulation of the order. If the person filing a brief desires the Secretary to consider any objection made by such person to a ruling of the judge, as provided in §1200.9(d), that person shall include in the brief a
§ 1200.11 Certification of the transcript.

The judge shall notify the hearing clerk of the close of a hearing as soon as possible thereafter and of the time for filing written arguments, briefs, proposed findings, and proposed conclusions and shall furnish the hearing clerk with such other information as may be necessary. As soon as possible after the hearing, the judge shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. The judge shall attach to the original transcript of the testimony a certificate stating that, to the best of the judge’s knowledge and belief, the transcript is a true transcript of the testimony given at the hearing, except in such particulars as the judge shall specify, and that the exhibits transmitted are all the exhibits as introduced at the hearing with such exceptions as the judge shall specify. A copy of such certificate shall be attached to each of the copies of the transcript of testimony. In accordance with such certificate the hearing clerk shall note upon the official record copy, and cause to be noted on other copies of the transcript, each correction detailed therein by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate place any words necessary to make the same conform to the correct meaning, as certified by the judge. The hearing clerk shall obtain and file certifications to the effect that such corrections have been effectuated in copies other than the official record copy.

§ 1200.12 Copies of the transcript.

(a) During the period in which the proceeding has an active status in the Department, a copy of the transcript and exhibits shall be kept on file in the office of the hearing clerk where it shall be available for examination during official hours of business. Thereafter said transcript and exhibits shall be made available by the hearing clerk for examination during official hours of business after prior request and reasonable notice to the hearing clerk.

(b) Transcripts of hearings shall be made available to any person at actual cost of duplication.

§ 1200.13 Administrator’s recommended decision.

(a) Preparation. As soon as practicable following the termination of the period allowed for the filing of written arguments or briefs and proposed findings and conclusions the Administrator shall file with the hearing clerk a recommended decision.

(b) Contents. The Administrator’s recommended decision shall include: (1) a preliminary statement containing a description of the history of the proceedings, a brief explanation of the material issues of fact, law, or discretion presented on the record, and proposed findings and conclusions about such issues, including the reasons or basis for such proposed findings; (2) a ruling upon each proposed finding or conclusion submitted by interested persons; and (3) an appropriate proposed order effectuating the Administrator’s recommendations.

(c) Exceptions to recommended decision. Immediately following the filing of the recommended decision, the Administrator shall give notice thereof and opportunity to file exceptions thereto by publication in the Federal Register. Within a period of time specified in such notice any interested person may file with the hearing clerk exceptions to the Administrator’s proposed order and a brief in support of such exceptions. Such exceptions shall be in writing, shall refer, where practicable, to the related pages of the transcript, and may suggest appropriate changes in the proposed order.

(d) Omission of recommended decision. The procedure provided in this section may be omitted only if the Secretary finds on the basis of the record that due and timely execution of the Secretary’s functions imperatively and unavoidably requires such omission.
§ 1200.14 Submission to Secretary.
Upon the expiration of the period allowed for filing exceptions or upon request of the Secretary, the hearing clerk shall transmit to the Secretary the record of the proceeding. Such record shall include: All motions and requests filed with the hearing clerk and rulings thereon; the certified transcript; any proposed findings or conclusions or written arguments or briefs that may have been filed; the Administrator's recommended decision, if any; and such exceptions as may have been filed.

§ 1200.15 Decision by the Secretary.
After due consideration of the record, the Secretary shall render a decision. Such decision shall become a part of the record and shall include: (a) a statement of findings and conclusions, including the reasons or basis for such findings, upon all the material issues of fact, law, or discretion presented on the record, (b) a ruling upon each proposed finding and proposed conclusion not previously ruled upon in the record, (c) a ruling upon each exception filed by interested persons, and (d) either (1) denial of the proposal to issue an order, or (2) if the findings upon the record so warrant, an order, the provisions of which shall be set forth and such order shall be complete except for its effective date and any determinations to be made under § 1200.16. Except that such order shall not be executed, issued, or made effective until and unless the Secretary determines that the requirements of § 1200.16 have been met.

§ 1200.16 Execution of the order.
(a) Issuance of the order. The Secretary shall, if the Secretary finds that it will tend to effectuate the purposes of the Act, issue and make effective the order which was filed as part of the Secretary's decision pursuant to § 1200.15. Except that the issuance of such order shall have been approved or favored by eligible voters as required by the applicable Act.

Any documents or papers so required or authorized to be filed with the hearing clerk shall be filed with the judge during the course of an oral hearing.
(b) Extension of time. The time for filing of any document or paper required or authorized by the foregoing provisions to be filed may be extended by the judge (before the record is so certified by the judge) or by the Administrator (after the record is so certified by the judge but before it is transmitted to the secretary), or by the Secretary (after the record is transmitted to the secretary) upon request filed, and if, in the judgment of the judge, Administrator, or the Secretary, as the case may be, there is good reason for the extension. All rulings made pursuant to this paragraph shall be filed with the hearing clerk.
(c) Effective date of filing. Any document or paper required or authorized in this subpart to be filed shall be deemed to be filed at the time it is received by the Hearing Clerk.
(d) Computation of time. § 1200.18 Ex parte communications.

(a) At no stage of the proceeding following the issuance of a notice of hearing and prior to the issuance of the Secretary's decision thereon shall an employee of the Department who is or may reasonably be expected to be involved in the decision process of the proceeding discuss ex parte the merits of the proceeding with any person having an interest in the proceeding or with any representative of such person: Except that procedural matters and status reports shall not be included within the limitation: And except further that an employee of the Department who is or may reasonably be expected to be involved in the decisional process of the proceeding may discuss the merits of the proceeding with such a person if all parties known to be interested in the proceeding have been given notice and an opportunity to participate. A memorandum of any such discussion shall be included in the record of the proceeding.

(d) Upon receipt of a communication knowingly made or knowingly caused to be made by a party in violation of this section, the Department may, to the extent consistent with the interest of justice and the policy of the underlying statute, take whatever steps are deemed necessary to nullify the effect of such communication.

(e) For the purposes of this section, ex parte communication means any oral or written communication not on the public record with respect to which reasonable prior notice to all interested parties is not given, but which shall not include requests for status reports (including requests on procedural matters) on a proceeding.

§ 1200.19 Additional documents to be filed with hearing clerk.

In addition to the documents or papers required or authorized by the foregoing provisions of this subpart to be filed with the hearing clerk, the hearing clerk shall receive for filing and shall have custody of all papers, reports, records, orders, and other documents which relate to the administration of any order and which the Secretary is required to issue or to approve.

§ 1200.20 Hearing before Secretary.

The Secretary may act in the place and stead of a judge in any proceeding herein. When the Secretary so acts, the hearing clerk shall transmit the record to the Secretary at the expiration of the period provided for the filing of proposed findings of fact, conclusions, and orders, and the Secretary shall then, after due consideration of the record, issue the final decision in the proceeding: Except the Secretary may issue a tentative decision in which event the parties shall be afforded an opportunity to file exceptions before the issuance of the final decision.

within 12 months after the end of the sign-up period. Not more than 20 percent of the total requests counted toward the 10 percent figure may be from producers from any one state or from importers of cotton.

(b) If the Secretary determines that fewer than 10 percent (4,622) of the number of producers and importers who voted in the 1991 referendum do not favor a continuance referendum, no referendum will be held.

§ 1205.25 Supervision of sign-up period.

The Administrator shall be responsible for conducting the sign-up period in accordance with this subpart.

§ 1205.26 Eligibility.

Only persons who meet the eligibility requirements in this subpart may participate in the sign-up period. No person is entitled to sign up more than once.

(a) Except as set forth in paragraphs (b) and (c) of this section, the following persons are eligible to request the conduct of a continuance referendum:
(1) Any person who was engaged in the production of Upland cotton during calendar year 2006; and
(2) Any person who was an importer of Upland cotton and imported Upland cotton in excess of the value of $2.00 per line item entry during calendar year 2006.

(b) A general partnership is not eligible to request a continuance referendum, however, the individual partners of an eligible general partnership are each entitled to submit a request.

(c) Where a group of individuals is engaged in the production of Upland cotton under the same lease or cropping agreement, only the individual or individuals who signed or entered into the lease or cropping agreement are eligible to participate in the sign-up period. Individuals who are engaged in the production of Upland cotton as joint tenants, tenants in common, or owners of community property, are each entitled to submit a request if they share in the proceeds of the required crop as owners, cash tenants, share tenants, sharecroppers or landlords of a fixed rent, standing rent or share tenant.

(d) An officer or authorized representative of a qualified corporation, association, or limited partnership may submit a request on behalf of that corporation, association, or limited partnership.

(g) Participation in the sign-up by proxy or power of attorney is not authorized.

§ 1205.27 Participation in the sign-up period.

The sign-up period will be from September 4, 2007, through November 30, 2007. Those persons who favor the conduct of a continuance referendum and who wish to request that USDA conduct such a referendum may do so by submitting such request in accordance with this section. All requests must be received by the appropriate USDA office by November 30, 2007.

(a) Before the sign-up period begins, FSA shall establish a list of known, eligible, Upland cotton producers in the country that it serves during the representative period, and AMS shall also establish a list of known, eligible Upland cotton importers.

(b) Before the start of the sign-up period, AMS shall mail a request form to each known, eligible, cotton importer. Importers who wish to request a referendum and who do not receive a request form in the mail by September 4, 2007, may participate in the sign-up period by submitting a signed, written request for a continuance referendum, along with a copy of a U.S. Customs and Border Protection form 7501 showing payment of a cotton assessment for calendar year 2006. up period. Eligible producers must date and sign their name on the "County FSA Office Sign-up Sheet." A person whose name does not appear on the county FSA office list may participate in the sign-up period.

Such person must be identified on FSA–578 during the representative period or provide documentation that demonstrates that the person was a cotton producer during the representative period. Cotton producers not listed on the FSA–578 shall submit at least one sales receipt for cotton they planted during the representative period. It is not the responsibility of the county FSA office to obtain this information. In lieu of personally appearing at a county FSA office, eligible producers may request a sign-up form from the county FSA office where the producer's farm is located. If the producer's land is in more than one county, the producer shall make request at the county officer where FSA administratively maintains and processes the producer's farm records. It is not the responsibility of the county FSA office to determine eligibility. It is the responsibility of the person to provide the information need by the county FSA office to determine eligibility. If any person whose name does not appear on the county FSA office list fails to provide at least one sales receipt for cotton they produced during the representative period, the county FSA office shall determine that such person is ineligible to participate in the sign-up period, and shall note "ineligible" in the remarks section next to the person's name on the county FSA office sign-up sheet. In lieu of personally appearing at a county FSA office, eligible producers may request a sign-up form from the county FSA office where the producer's farm is located. If the producer's land is in more than one county, the producer shall make request for the sign-up form at the county office where the FSA administratively maintains and processes the producer's farm records. Such request must be accompanied by a copy of at least one sales receipt for cotton they produced during the representative period. The appropriate FSA office must receive all completed forms and supporting documentation by November 30, 2007.

§ 1205.28 Counting.
County FSA offices and FSA, Deputy Administrator for Field Operations (DAFO), shall begin counting requests no later than November 30, 2007. FSA shall determine the number of eligible persons who favor the conduct of a continuance referendum.

§ 1205.29 Reporting results.

§ 1205.341 Certification of cotton producer organization.
Any cotton producer organization within a cotton-producing State may request the Secretary for certification of eligibility to participate in nominating members and alternate members to represent such State on the Cotton Board. Such eligibility shall be based in addition to other available information upon a factual report submitted by the organization which shall contain information deemed relevant and specified by the Secretary for the making of such determination, including the following:

(a) Geographic territory within the State covered by the organization’s active membership;
(b) Nature and size of the organization’s active membership in the State, proportion of total of such active membership accounted for by farmers, a map showing the cotton-producing counties in such State in which the organization has members, the volume of cotton produced in each such county, and the size of the organization’s active cotton producer membership in each such county;

§ 1205.342 Certification of cotton importer organizations.

Any importer organization may request the Secretary for certification of eligibility to participate in nominating members and alternate members to represent cotton importers on the Cotton Board. (a) Nature and size of organization's active membership, proportion of total active membership accounted for by cotton importers and the total amount of cotton imported by the organization's cotton importer members;

(b) The extent to which the cotton importer membership of such organization is represented in setting the organization's policies;

Any importer organization found eligible by the Secretary under this § 1205.342 will be certified by the Secretary, and the Secretary's determination as to eligibility is final.

(b) The Secretary may conduct a referendum at any time, and shall hold a referendum on request of 10 percent or more of the number of cotton producers and importers (if subject to the Order) voting in the most recent referendum, to determine whether cotton producers and importers subject to the Order favor the suspension or termination of this subpart, except that in counting such request for a referendum, not more than 20 percent of such request may be from producers from any one state or importers of cotton (if subject to the Order). The Secretary shall suspend or terminate such subpart at the end of the marketing year whenever the Secretary determines that its suspension or termination is approved or favored by a majority of producers and importers subject to the Order voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the production or importation of cotton, and who produced and imported more than 50 percent of the volume of cotton produced and imported by those voting in the referendum.

[56 FR 64474, Dec. 10, 1991]
§ 1205.345 Proceedings after termination.

(c) Any person to whom funds, property or claims have been transferred or delivered pursuant to this §1205.345 shall be subject to the same obligation imposed upon the Cotton Board and upon the trustees.

(d) Any residual funds not required to defray the necessary expenses of liquidation shall be turned over to the Secretary to be disposed of, to the extent practicable, in the interest of continuing one or more of the cotton research or promotion programs hitherto authorized.

§ 1205.346 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant thereto, or the issuance of any amendment to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision of this subpart or any regulation issued thereunder, or (b) release or extinguish any violation of this subpart or any regulation issued thereunder, or (c) affect or impair any rights or remedies of the United States, or of the Secretary, or of any other person, with respect to any such violation.

§ 1205.347 Personal liability.

No member or alternate member of the Cotton Board shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member or alternate, except for acts of dishonesty or willful misconduct.

§ 1205.348 Separability.

If any provision of this subpart is declared invalid or the applicability thereof to any person or circumstances is held invalid, the validity of the remainder of this subpart or the applicability thereof to other persons or circumstances shall not be affected thereby.

(q) Cotton means:

(1) All Upland cotton harvested in the United States, and, except as used in section 7(e) of the Act, includes cottonseed of such cotton and the products derived from such cotton and its seed, and

(2) Imports of Upland cotton, including the Upland cotton content of the products derived thereof. The term cotton shall not, however, include:

(i) Any entry of imported cotton by an importer which has a value or weight less than a de minimis amount
§ 1205.505  
established in regulations issued by the Secretary and  
(ii) Industrial products as that term is defined by regulation.  

(r) Industrial products means cotton-containing products which are classified in the Harmonized Tariff Schedule of the United States under classifications other than textile classifications. Certain cotton-containing textile products under textile classifications shall also be considered to be industrial products, and are therefore not included in the table appearing in these regulations as products subject to assessment. Such products include, but are not limited to textile fabrics coated, impregnated, covered, or laminated, with other materials, textile piping and tubing, and belting materials.

ASSESSMENTS

§ 1205.510  Levy of assessments.

(a)  Producer assessments. An assessment of $1 per bale for cotton research and promotion is hereby levied on each bale of Upland cotton that is produced from cotton harvested and ginned except cotton consumed by any governmental agency from its own production. Such assessment shall be payable and collected only once on each bale.  

(1) A supplemental assessment for cotton research and promotion in addition to the $1 per bale assessment provided for in paragraph (a) of this section, is hereby levied on each bale of Upland cotton harvested and ginned except cotton consumed by any governmental agency from its own production. The supplemental assessment rate shall be levied at the rate of five-tenths of one percent of:  

(i) The current value of the cotton multiplied by the number of pounds of lint cotton or;  

(ii) The current value of the cotton converted to a fixed amount per bale as reflected in the following assessment chart:

*Assessment is calculated on 5/10 of 1 percent of the midpoint of each 10¢ increment, based on a 500 lb. bale and converted to a fixed amount per bale.

(2) Each marketing year the collecting handler must select one of the two options for collecting the supplemental assessment as provided in paragraph (a)(1) of this section. The handler shall notify the Cotton Board as to the method selected at the time the handler files the first handler report each marketing year.  

(b)  Importer assessment. An assessment for cotton research and promotion of $1 per bale is hereby levied on each bale of cotton, or the bale equivalent thereof for cotton in cotton-containing products identified in the HTS conversion factor table in paragraph (b)(3) of this section and imported into the United States on or after July 31, 1992. The $1 per bale assessment shall be converted to a fixed amount per kilogram to facilitate the U.S. Customs Service in collecting this assessment.

(1) A supplemental assessment for cotton research and promotion in addition to the $1 per bale assessment provided for in paragraph (b) of this section is hereby levied on each bale of cotton or bale equivalent of cotton in cotton-containing products, identified in this subpart, imported into the United States on or after July 31, 1992. The supplemental assessment rate shall be levied at the rate of five-tenths of one percent of:  

(i) The current value of the cotton multiplied by the number of pounds of lint cotton or;

United States on or after July 31, 1992. The supplemental assessment shall be levied at the rate of five-tenths of one percent of the historical value of cotton as determined by the Secretary and expressed in paragraph (b)(2) of this section. The rate of the supplemental assessment on imported cotton will be the same as that levied on cotton produced within the United States. The supplemental assessment will be calculated as a fixed amount per kilogram and added to the $1 per bale or bale equivalent assessment to facilitate the Customs Service in collecting assessments.

(2) The 12-month average of monthly weighted average prices received by U.S. farmers will be calculated annually. Such weighted average will be used as the value of imported cotton for the purpose of levying the supplemental assessment on imported cotton and will be expressed in kilograms. The value of imported cotton for the purpose of levying this supplemental assessment is $0.9874 cents per kilogram.

(3) The following table contains Harmonized Tariff Schedule (HTS) classification numbers and corresponding conversion factors and assessments. The left column of the following table indicates the HTS classifications of imported cotton and cotton-containing products subject to assessment. The center column indicates the conversion factor for determining the raw fiber content for each kilogram of the HTS. HTS numbers for raw cotton have no conversion factor in the table. The right column indicates the total assessment per kilogram of the article assessed.

(i) Any line item entry of cotton appearing on Customs entry documentation in which the value of the cotton contained therein results in the calculation of an assessment of two dollars ($2.00) or less will not be subject to assessments as described in this section.

(ii) In the event that any HTS number subject to assessment is changed and such change is merely a replacement of a previous number and has no impact on the physical properties, description, or cotton content of the product involved, assessments will continue to be collected based on the new number.

(b) To apply for an exemption under this section, an eligible cotton producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before the beginning of the crop year as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified in paragraph (a) of this section for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells cotton. The handler shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(f) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic cotton and 100 percent organic cotton products—on a form provided by the Board—at any time initially and annually thereafter as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic cotton and cotton products bearing this HTS classification assigned by the Board will not be subject to assessments.

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs,
and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(e) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic mangos—on a form provided by the Board—at any time initially and annually thereafter on or before the beginning of the fiscal period as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of first handlers in paragraph (c). If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer within the applicable timeframe. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic mangos bearing this HTS classification assigned by the Board will not be subject to assessments.

(f) The exemption will apply immediately following the issuance of the certificate of exemption.

(4) No assessments shall be levied on otherwise assessable potatoes which are contained in imported products wherein potatoes are not a principal ingredient.

(c) Potatoes and potato products used for nonhuman food purposes, other than seed, are exempt from assessment but are subject to the disposition of exempted potatoes provisions of §1207.515 of this subpart.

(d) No more than one such assessment shall be made on any potatoes or potato products.

§ 1207.511 Determination of assessable quantity.

The assessable quantity of potatoes in any lot shall be determined on the basis of utilization. Assessments shall be due on the entire lot handled for human consumption, seed, or unspecified purposes if there is no accounting made on the basis of the utilization of such lot. However, if the accounting identifies all or portions of such lot on the basis of utilization, assessments shall be due only on that portion utilized for human consumption and seed.

§ 1207.512 Designated handler.

The assessment on each lot of potatoes produced in the 50 States of the United States and handled shall be paid by the designated handler as hereafter set forth.

(a) Unless otherwise provided in paragraphs (a)(b), (b), and (c) of this section, the designated handler shall be the first handler of such potatoes. The first handler is the person who initially performs a handler function as heretofore defined. Such person may be a fresh shipper, processor, or other person who first places the potatoes in the channels of commerce. A producer who grades, packs, or otherwise performs handler functions thereby becomes a handler and as such assumes first handler responsibilities under this part. The following examples are provided to aid in identification of first handlers who are designated handlers:

(1) Producer delivers field-run potatoes of his own production to a handler for preparation for market. The handler in this instance is the designated handler, regardless of whether he subsequently handles such potatoes for his own account or for the account of the producer.

(2) Producer delivers field-run potatoes of his own production to a handler who takes title to such potatoes and places them in storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(3) Producer delivers field-run potatoes to a commercial storage facility for the purpose of holding such potatoes under his own account for later sale. There is no designated handler in this instance since such potatoes have not been handled as heretofore defined and no assessment is due. The designated handler of such potatoes would be identified on the basis of subsequent handling of such potatoes.

(4) Fresh shipper purchases a lot of potatoes from a producer, packs a portion of such potatoes for fresh market, and delivers the balance to a processor. The fresh shipper is the designated handler for all potatoes in the lot.

(5) Handler purchases potatoes from a producer’s field or storage for the purpose of preparing such potatoes for market or for transporting such potatoes to storage for subsequent handling. The handler who purchases such potatoes from the producer is the designated handler.

(6) Producer packs and sells potatoes of his own production from the field, roadside stand, or storage to a consumer, itinerant trucker, or other buyer. In performing such handler.
functions the producer assumes the responsibility of designated handler.

(7) Processor utilizes potatoes of his own production in the manufacture of potato chips, frozen, dehydrated, or canned products for human consumption. In so handling potatoes, the processor assumes the responsibility of designated handler.

(8) Producer utilizes potatoes of his own production for seed in planting his subsequent crop. Such seed potatoes do not enter the current of commerce; there is no designated handler in this instance since the potatoes have not been handled as heretofore defined and no assessment is due. However, seed potatoes sold or shipped to other producers for planting or to other persons for subsequent disposition enter the current of commerce and are subject to assessment. The producer of seed potatoes shall be the designated handler of such potatoes shipped to other producers for planting and the assessment is due when he first sells or otherwise handles such potatoes. The first person who acquires seed potatoes from the producer thereof for subsequent disposition other than planting by said person shall be the designated handler of such potatoes. However, the seed producer will be the designated handler responsible for filing reports and making payments, unless he can show that the first person who obtained the potatoes from him disposed of them other than by planting. To show this the seed producer must submit to the Potato Board the name and address of the first person who obtained the potatoes from him and an invoice of sale or settlement sheet on which it is indicated that such person will be the designated handler and therefore will be responsible for the payment of the assessments. Only by showing this is the seed producer no longer considered the designated handler and therefore not liable for the assessment.

(b) Any person who handles potatoes for a producer thereof under oral or written contract or agreement providing for the sale thereof shall be the designated handler for such potatoes, notwithstanding the fact that the processor may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes. Examples. A cooperative marketing association, or other person, who makes an accounting to the producer, or pay the proceeds of the sale to the producer would be the designated handler responsible for the assessment.

(c) Any processor who purchases potatoes from the producer thereof shall be the designated handler even though the producer may have graded, packed, or otherwise handled such potatoes and thereby became the first handler of such potatoes.
assessment per agreement between the Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessment directly to the Board of any assessment due but not collected by the Customs Service at the time of entry, or withdrawal, for consumption into the United States. An importer may apply to the Board for reimbursement of assessments paid on exempted products.

(c) Payment directly to the Board.

(1) Except as provided in paragraphs (b) and (d) of this section, each designated handler or importer shall remit assessments directly to the Board by check, draft, or money order payable to the National Potato Promotion Board, or NPPB, not later than 10 days after the end of the month such assessment is due together with a report (preferably on Board forms) thereon.

(2) All designated handlers, including a designated handler whose own production is handled and assessments to the Board paid by another designated handler, shall report to the Board:

(i) Date of report (which is also date of payment to the Board).

(ii) The name and address of the designated handler;

(iii) The period potatoes were handled;

(iv) The total quantity of potatoes determined to be assessable during the period potatoes were handled, pursuant to §1207.511.

(3) Designated handlers who collect assessments from producers or withhold assessments from their accounts or pay the assessment themselves shall also include a list of all such producers whose potatoes were handled during the period, their addresses and the total assessable quantities handled for each such producer.

(i) In lieu of such a list, the designated handler may substitute authentic copies of settlement sheets given to each producer provided such settlement sheets contain all the information listed above.

(ii) The words “final report” shall be shown on the last report at the close of his marketing season or at the end of each fiscal period if such handler markets potatoes on a year-round basis.

(4) Prepayment of assessment: (i) In lieu of the monthly assessment and reporting requirements of paragraph (b) of this section, the Board may permit designated handlers to make advance payments of their total estimated assessments for the season to the Board prior to their actual determination of assessable potatoes. Such procedure may be permitted when it is considered by the designated handler to be the more practical method of payment.

(ii) Persons using such procedure shall provide a final annual accounting of actual handling and assessments.

(iii) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board upon request.

(d) Payment through cooperating agency. The Board may authorize other organizations to collect assessments in its behalf. In any State or area in which the Board has negotiated an agreement to collect assessments with an agency such as a State Potato Commission or a Potato Association approved by the Secretary, the designated handler shall pay the assessment to such agency in the time and manner, and with such identifying information as specified in such agreement. Such an agreement shall not provide any cooperating agency with authority to collect confidential information from handlers; to qualify, the cooperating agency must on its own accord have access to all information required by the Board for collection purposes. If the Board requires further evidence of payment than provided, it may acquire such evidence from individual designated handlers.

(1) All such agreements are subject to the requirement of §1207.352 Confidential treatment, of the plan, the provisions of section 310(c) of the Act, and all applicable rules and regulations and financial safeguards in effect under the Act and the plan; and all affected persons shall agree to, and conduct their operations and activities in accordance with, such requirements.

(2) [Reserved]

§ 1207.514 Exemption for organic potatoes.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (h) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for an exemption under this section, the producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before July 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified in paragraph (a) of this section for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells potatoes. The handler shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(f) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic potatoes, potato products, and seed potatoes—on a form provided by the Board—at any time initially and annually thereafter on or before July 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic potatoes, potato products, and seed potatoes bearing this HTS classification assigned by the Board will not be subject to assessments.

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

§ 1207.515 Safeguards.

The Board may require reports by designated handlers and importers on the handling, importation, and disposition of exempted potatoes. Also, authorized employees of the Board or the
Agricultural Marketing Service, USDA

Secretary, may inspect such books and records as are appropriate and necessary to verify the reports on such disposition.

RECORDS

§ 1207.532 Retention period for records.

Each handler and importer required to make reports pursuant to this subpart shall maintain and retain such records for at least 2 years beyond the end of the marketing year of their applicability:

(a) One copy of each report made to the Board; and

(b) Such records as are necessary to verify such reports.

§ 1207.533 Availability of records.

(a) Each handler and importer required to make reports pursuant to this subpart shall make available for inspection by authorized employees of the Board or the Secretary during regular business hours, such records as are appropriate and necessary to verify reports required under this subpart.

(b) Importers shall also maintain for 2 years records on the total quantities of potatoes imported and on the total quantities of potato products imported, and a record of each importation of potatoes, potato products, and seed potatoes including quantity, date, and port of entry, and shall make such records available for inspection by authorized employees of the Board or the Secretary during regular business hours.

From the nominations made pursuant to §1209.31, the Secretary shall appoint the members of the Council on the basis of representation provided for in §1209.30, except that no more than one member may be appointed to the Council from nominations submitted by any one producer or importer.

§ 1209.34 Term of office.

(a) The members of the Council shall serve for terms of three years, except that the members appointed to the initial Council shall serve, proportionately, for terms of one, two, and three years.

(b) Members of the initial Council shall be designated for, and shall serve, terms as follows: One producer member each from regions 1, 2 and 3 shall be appointed for an initial term of one year; one producer member each from regions 1, 2, and 3 shall be appointed for an initial term of two years; and one producer member each from regions 2, 3, and 4 shall be appointed for an initial term of three years. Because current imports of fresh mushrooms are less than 35,000,000 pounds, the minimum established for representation on the Council, importers will not initially have a member appointed to the Council.

(c)(1) Except with respect to terms of office of the initial Council, the term of office for each member of the Council shall begin on January 1 or such other date that may be approved by the Secretary.

(2) The term of office for the initial Council shall begin immediately following appointment by the Secretary, except that time in the interim period from appointment until the following January 1, or such other date that is the generally applicable beginning date for terms under paragraph (c)(1) approved by the Secretary, shall not count toward the initial term of office.

(d) Council members shall serve during the term of office for which they are appointed and have qualified, and until their successors are appointed and have qualified.

(e)(1) No member shall serve more than two successive three-year terms, except as provided in paragraph (e)(2)(i).

(2)(i) Those members serving initial terms of two or three years may serve one successive three-year term.

(ii) Those members serving initial terms of one year may serve two successive three-year terms.

§ 1209.35 Vacancies.

(a) To fill any vacancy occasioned by the death, removal, resignation, or disqualification of any member of the Council, the Secretary may appoint a successor from the most recent nominations submitted for open positions on the Council assigned to the region that the vacant position represents, or the Secretary may obtain nominees to fill such vacancy in such manner as the Secretary, by regulation, deems appropriate. Each such successor appointment shall be for the remainder of the term vacated. A vacancy will not be required to be filled if the unexpired term is less than six months.

(b)(1) No successor appointed to a vacated term of office shall serve more than two successive three-year terms on the Council, except as provided in paragraph (b)(2)(ii).

(2)(i) Any successor serving longer than one year may serve one successive three-year term.

(ii) Any successor serving one year or less may serve two successive three-year terms.

(c) If a member of the Council consistently refuses to perform the duties of a member of the Council, or if a member of the Council is known to be engaged in acts of dishonesty or willful misconduct, the Council may recommend to the Secretary that the member be removed from office. If the Secretary finds the recommendation of the Council shows adequate cause, the Secretary shall remove such member from office. Further, without recommendation of the Council, a member may be removed by the Secretary upon showing of adequate cause, including the failure by a member to submit reports or remit assessments required under this part, if the Secretary determines that such member’s continued service would be detrimental to the achievement of the purposes of the Act.
§ 1209.36 Procedure.

(a) At a properly convened meeting of the Council, a majority of the members shall constitute a quorum.

(b) Each member of the Council will be entitled to one vote on any matter put to the Council, and the motion will carry if supported by a simple majority of those voting. At assembled meetings of the Council, all votes will be cast in person.

(c) In lieu of voting at a properly convened meeting and, when in the opinion of the chairperson of the Council such action is considered necessary, the Council may take action upon the concurring votes of a majority of its members by mail, telephone, telegraph, or any other means of communication, but any such action shall be confirmed promptly in writing. In that event, all members must be notified and provided the opportunity to vote. Any action so taken shall have the same force and effect as though such action had been taken at a properly convened meeting of the Council. All votes shall be recorded in Council minutes.

(d) Meetings of the Council may be conducted by electronic communications, provided that each member is given prior notice of the meeting and has an opportunity to be present either physically or by electronic connection.

(e) The organization of the Council and the procedures for conducting meetings of the Council shall be in accordance with its bylaws, which shall be established by the Council and approved by the Secretary.

§ 1209.37 Compensation and reimbursement.

The members of the Council shall serve without compensation but shall be reimbursed for necessary and reasonable expenses, including a reasonable per diem allowance, as approved by the Council and the Secretary, incurred by such members in the performance of their responsibilities under this subpart.

§ 1209.38 Powers.

The Council shall have the following powers:

(2) The establishment and conduct of research with respect to the sale, distribution, marketing, and use of mushrooms and mushroom products, and the creation of new products thereof, to the end that marketing and use of mushrooms may be encouraged, expanded, improved or made more acceptable. However, as prescribed by the Act, nothing in this subpart may be construed to authorize mandatory requirements for quality control, grade standards, supply management programs, or other programs that would control production or otherwise limit the right of individual producers to produce mushrooms.

(b) No program, plan, or project shall be implemented prior to its approval by the Secretary. Once a program, plan, or project is so approved, the Council shall take appropriate steps to implement it.

(c) Each program, plan, or project implemented under this subpart shall be reviewed or evaluated periodically by the Council to ensure that it contributes to an effective program of promotion, research, consumer information, or industry information. The Council may change such rate at any time, as provided in §1209.51(b)(5).

(2)(i) Subject to paragraph (a)(2)(ii), any amendment or addition to an approved budget must be approved by the Secretary, including shifting of funds from one program, plan, or project to another.

(a) Any first handler initially purchasing, or otherwise placing into the current of commerce, mushrooms produced in the United States shall, in the manner as prescribed by the Council and approved by the Secretary, collect an assessment based upon the number of pounds of mushrooms marketed in the United States for the account of the producer, and remit the assessment to the Council.

(b) The rate of assessment effective during any fiscal year shall be the rate specified in the budget for such fiscal year approved by the Secretary, except that:

1) The rate of assessment during the first year this subpart is in effect shall be one-quarter of one cent per pound of mushrooms marketed, or the equivalent thereof.

(c) Any person marketing mushrooms of that person's own production to consumers in the United States, either directly or through retail or wholesale outlets, shall be considered a first handler and shall remit to the Council an assessment on such mushrooms at the rate per-pound then in effect, and in such form and manner prescribed by the Council.

(d) Only one assessment shall be paid on each unit of mushrooms marketed.
§ 1209.52 Exemption from assessment.

(a) The following persons shall be exempt from assessments under this part:

No funds received by the Council under this subpart shall in any manner be used for the purpose of influencing legislation or governmental policy or action, except to develop and recommend to the Secretary amendments to this subpart, and to submit to the Secretary proposed voluntary grade and quality standards for mushrooms.

§ 1209.60 Reports.

(a) Each producer marketing mushrooms of that person's own production directly to consumers, and each first handler responsible for the collection of assessments under §1209.51(a) shall be required to report monthly to the Council, on a form provided by the Council, such information as may be required under this subpart or any rules and regulations issued thereunder. Such books and records shall be retained for at least two years beyond the fiscal year of their applicability.

All information obtained from books, records, or reports under the Act, this subpart, and the rules and regulations issued thereunder shall be kept confidential by all persons, including all employees and former employees of the Council, all officers and employees and former officers and employees of the Department, and all officers and employees of contracting and subcontracting agencies or agreeing parties having access to such information.
Such information shall not be available to Council members, producers, importers, or first handlers. Only those persons having a specific need for such information to effectively administer the provisions of this subpart shall have access to such information. Only such information so obtained as the Secretary deems relevant shall be disclosed by them, and then only in a suit or administrative hearing brought at the direction, or on the request, of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving this subpart. Upon termination of this subpart, §1209.72 shall apply to determine disposition of all such property.

§ 1209.76 Amendments.

Amendments to this subpart may be proposed, from time to time, by the Council or by any interested person affected by the provisions of the Act, including the Secretary.

(c) Each importer shall be responsible for remittance to the Council of any assessment amount not collected by the U.S. Customs Service at the time of entry or withdrawal for consumption into the United States. Any such assessment amount shall be remitted to the Council on a monthly basis not later than the fifteenth day of the month following the month of entry or withdrawal for consumption into the United States. Any person who imports mushrooms, as principal or as an agent, broker, or consignee for any person who produces mushrooms outside the United States for marketing in the United States shall be considered an importer.

§ 1209.252  Exemption procedures.

(a) Types of exemptions and requirements. (1) Any person who produces or imports, on average, 500,000 pounds or less of mushrooms annually and who desires to claim an exemption from assessments during a fiscal year shall apply to the Council, on a form provided by the Council, for a Certificate of Exemption. The producer or importer shall certify that the person’s production or importation of mushrooms shall not exceed 500,000 pounds, on average, for the fiscal year for which the exemption is claimed. An average shall be calculated by averaging a person’s estimated production or importation for the fiscal year for which an exemption is claimed with the person’s production or importation in the preceding fiscal year.

(2) To apply for an exemption for organic mushrooms:

(i) An eligible mushroom producer shall submit a request for exemption to the Council—on a form provided by the Council—at any time initially and annually thereafter on or before January...
§ 1209.260 Reports.

Each first handler shall be required to report monthly to the Council such

(ii) The request shall include the fol-

lowing: The producer's name and ad-

dress, a copy of the organic farm or or-

ganic handling operation certificate

provided by a USDA-accredited certi-

fying agent as defined in section 2103 of

the Organic Foods Production Act of

1990 (7 U.S.C. 6502), a signed certifi-

cation that the applicant meets all of

the requirements specified for an as-

sessment exemption, and such other in-

formation as may be required by the

Council and with the approval of the

Secretary.

(iii) If the producer complies with the

requirements of §1209.52 (a)(2), the

Council will grant the exemption and

issue a Certificate of Exemption to the

producer. For exemption requests re-

ceived on or before August 15, 2005, the

Council will have 60 days to approve

the exemption request; after August 15,

2005, the Council will have 30 days to

approve the exemption request. If the

application is disapproved, the Board

will notify the applicant of the rea-

son(s) for disapproval within the same

timeframe.

(iv) An eligible importer may submit

documentation to the Council and re-

quest an exemption from assessment

on 100 percent organic mushrooms—on

a form provided by the Council—at any

time initially and annually thereafter

on or before January 1 as long as the

importer continues to be eligible for

the exemption. This documentation

shall include the same information re-

under this section, except that pro-

ducers who produce both organic and

non-organic agricultural commodities

as a result of split operations shall not

qualify for exemption. Reasons for con-

ventional sales include lack of demand

for organic products, isolated use of

antibiotics for humane purposes, chem-

ical or pesticide use as the result of

State or emergency spray programs,

and crops from a buffer area as de-

scribed in 7 CFR part 205, provided all

other criteria are met.

(b) On receipt of an application, the

Council shall determine whether an ex-

emption may be granted. The Council

then will issue, if deemed appropriate,

a certificate of exemption to each per-

son that is eligible to receive one. Each

person who is exempt from assessment

must provide an exemption number to

the first handler in order not to be sub-

the Council, shall maintain records

showing the exemptee's name and ad-

assigned by the Council. Importers who

(f) Eligible producer means any person or entity defined as a producer who produces, on average, over 500,000 pounds annually of fresh mushrooms during the representative period and who:

(a) Each person who is an eligible producer or importer, as defined in this subpart, at the time of the referendum and during the representative period, shall be entitled to cast only one ballot in the referendum. (h) Prepare an announcement of the results for the public.
§ 1209.304 Subagents.

The referendum agent may appoint any individual or individuals deemed necessary or desirable to assist the agent in performing such agent’s functions hereunder. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1209.305 Ballots.

The referendum agent and subagents shall accept all ballots cast; but, should they, or any of them, deem that a ballot should be challenged for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such ballot was challenged, by whom challenged, the reasons therefore, the results of any investigations made with respect thereto, and the disposition thereof. Ballots invalid under this subpart shall not be counted.

§ 1209.306 Referendum report.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to analysis of the referendum and its results.

It shall be the objective of the Board to carry out programs and projects which will provide maximum benefit to the watermelon industry.

§ 1210.331 Programs and projects.

The Board shall develop and submit to the Secretary for approval any programs or projects authorized in this section. Such programs or projects shall provide for:

(a) The establishment, issuance, effectuation and administration of appropriate programs or projects for advertising and other sales promotion of watermelons designed to strengthen the position of the watermelon industry in the marketplace and to maintain, develop, and expand markets for watermelon;

(b) Establishing and carrying out research and development projects and studies to the end that the acquisition of knowledge pertaining to watermelons or their consumption and use may be encouraged or expanded, or to the end that the marketing and use of watermelons may be encouraged, expanded, improved, or made more efficient: Provided, That quality control, grade standards, supply management programs or other programs that would otherwise limit the right of the individual watermelon producer to produce watermelons shall not be conducted under, or as a part of, this Plan;

(c) The development and expansion of watermelon sales in foreign markets;

(d) A prohibition on advertising or other promotion programs that make any reference to private brand names or use false or unwarranted claims on behalf of watermelons or false or unwarranted statements with respect to the attributes or use of any competing product;

(e) Periodic evaluation by the Board of each program or project authorized under this Plan to insure that each program or project contributes to an effective and coordinated program of research and promotion and submission of such evaluation to the Secretary. If the Board or the Secretary finds that a program or project does not further the purposes of the Act, then the Board or the Secretary shall terminate such program or project; and

(f) The Board to enter into contracts or make agreements for the development and carrying out of research and promotion and pay for the costs of such contracts or agreements with funds collected pursuant to §1210.341.

§ 1210.340 Budget and expenses.

(a) Prior to the beginning of each fiscal period, or as may be necessary
thereafter, the Board shall prepare and recommend a budget on a fiscal period basis of its anticipated expenses and disbursements in the administration of this Plan, including probable costs of research, development, advertising, and promotion. The Board shall also recommend a rate of assessment calculated to provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in §1210.344.

(b) The Board is authorized to incur such expenses for research, development, advertising, or promotion of watermelons, such other expenses for the administration, maintenance, and functioning of the Board as may be authorized by the Secretary, and any referendum and administrative costs incurred by the Department of Agriculture. §1210.341 Assessments.

(a) During the effective period of this subpart, assessments shall be levied on all watermelons produced and first handled in the United States and all watermelons imported into the United States for consumption as human food. No more than one assessment on a producer, handler, or importer shall be made on any lot of watermelons. The handler shall be assessed an equal amount on a per unit basis as the producer. If a person performs both producing and handling functions on any same lot of watermelons, both assessments shall be paid by such person. In the case of an importer, the assessment shall be equal to the combined rate for domestic producers and handlers and shall be paid by the importer at the time of entry of the watermelons into the United States.

(b) Assessment rates shall be fixed by the Secretary in accordance with section 1647(f) of the Act. No assessments shall be levied on watermelons grown by producers of less than 10 acres of watermelons.

(c) Each handler, as defined, is responsible for payment to the Board of both the producer’s and the handler’s assessment pursuant to regulations issued hereunder. The handler may collect producer assessments from the producer or deduct such assessments from the proceeds paid to the producer on whose watermelons the assessments are made. The handler shall maintain separate records for each producer’s watermelons handled, including watermelons produced by said handler. In addition, the handler shall indicate the total quantity of watermelons handled by the handler, including those that are exempt under this Plan, and such other information as may be prescribed by the Board.

(d) Each importer shall be responsible for payment of the assessment to the Board on watermelons imported into the United States through the U.S. Customs Service or in such other manner as may be established by rules and regulations approved by the Secretary.

(e) Producer-handlers and handlers shall pay assessments to the Board at such time and in such manner as the Board, with the Secretary’s approval, directs, pursuant to regulations issued under this part. Such regulations may provide for different handlers or classes of handlers and different handler payment and reporting schedules to recognize differences in marketing practices or procedures used in any State or production area.

(f) There shall be a late payment charge imposed on any handler or importer who fails to remit to the Board the total amount for which any such handler or importer is liable on or before the payment due date established by the Board under paragraph (e) of this section. The amount of the late payment charge shall be set by the Board subject to approval by the Secretary.

(g) There shall also be imposed on any handler or importer subject to a late payment charge, an additional charge in the form of interest on the outstanding portion of any amount for which the handler or importer is liable. The rate of such interest shall be prescribed by the Board subject to approval by the Secretary.

(h) The Board is hereby authorized to accept advance payment of assessments by handlers and importers that shall be credited toward any amount
for which the handlers and importers may become liable. The Board shall not be obligated to pay interest on any advance payment.

(i) The Board is hereby authorized to borrow money for the payment of administrative expenses subject to the same fiscal, budget, and audit controls as other funds of the Board.

(j) The Board may authorize other organizations to collect assessments in its behalf with the approval of the Secretary. Any reimbursement by the Board for such services shall be based on reasonable charges for services rendered.

§ 1210.342 Exemption from assessment.

(a) The Board may exempt watermelons used for nonfood purposes from the provisions of this Plan and shall establish adequate safeguards against improper use of such exemptions.

(b) Importers of less than 150,000 pounds of watermelons per year shall be entitled to apply for a refund that is equal to the rate of assessment paid by domestic producers.

(c) The Secretary may adjust the quantity of the weight exemption specified in paragraph (b) of this section on the recommendation of the Board after an opportunity for public notice and comment to reflect significant changes in the 5-year average yield per acre of watermelons produced in the United States.

(d) The Board shall have the authority to establish rules, with the approval of the Secretary, for certifying whether a person meets the definition of a producer under section 1210.306.

§ 1210.344 Operating reserve.

The Board may establish an operating monetary reserve and may carry over to subsequent fiscal periods excess funds in a reserve so established; Provided, That funds in the reserve shall not exceed approximately two fiscal periods' expenses. Such reserve funds may be used to defray any expenses authorized under this subpart.

§ 1210.345 Reports, books, and records

(a) Each handler shall maintain a record with respect to each producer for whom watermelons were handled and for watermelons produced and handled by the handler. Handlers shall report to the Board at such times and in such manner as the Board may prescribe by regulations whatever information as may be necessary in order for the Board to perform its duties. Such reports may include, but shall not be limited to, the following information:

(1) Total quantity of watermelons handled for each producer and by the handler, including those which are exempt under this Plan;

(1) The total quantity of watermelons imported into the United States that are included under the terms of this Plan;

(2) The total quantity of watermelons that are exempt from the Plan; and

(3) Such other information as may be prescribed by the Board.

(c) Each importer shall report to the Board at such times and in such manner as it may prescribe such information as may be necessary for the Board to perform its duties under this part.

(b) The Secretary may conduct a referendum at any time and shall hold a referendum on request of the Board or at least 10 percent of the combined total of the watermelon producers, handlers, and importers to determine if watermelon producers, handlers, and importers favor termination or suspension of this Plan. The Secretary shall suspend or terminate this Plan at the end of the marketing year whenever the Secretary determines that the suspension or termination is favored by a majority of the watermelon producers, handlers, and importers voting in such referendum who, during a representative period determined by the Secretary, have been engaged in the production, handling, or importing of watermelons and who produced, handled, or imported more than 50 percent of the combined total of watermelons produced, handled, or imported by those producers, handlers, and importers voting in the referendum.

(2) The publication by direction of the Secretary of the name of any person violating this Plan together with a statement of the particular provisions of this Plan violated by such person.

(d) A reasonable effort shall be made by the Board or its trustees to return to producers, handlers and importers any residual funds not required to defray the necessary expenses of liquidation. **PRODUCER AND HANDLER MEMBERS**

§ 1210.400 Terms defined.

Unless otherwise defined in this subpart, definitions of terms used in this subpart shall have the same meaning as the definitions of such terms which appear in Subpart—Watermelon Research and Promotion Plan.

§ 1210.401 District conventions.

(a) Except for the initial district convention in each district, which will be called and opened by a representative of the Secretary, the Board shall call and open all district conventions.

(b) District conventions are to be held to nominate producers and handlers as candidates for membership on the National Watermelon Promotion Board. Each district, as defined in § 1210.501, is entitled to two producer and two handler members on the Board.

(c) There shall be two individuals nominated for each vacant position. In multi-State districts, no one State shall have nominees for more than three of the four district positions on the Board.

(d) All producers and handlers within each district may participate in their district convention: Provided, That they meet the eligibility provisions set forth in § 1210.402 of this subpart.

(e) The convention chairperson shall be elected as provided in § 1210.403(b) of this subpart.

(f) The Board member nomination process shall be conducted by the chairperson in conformance with the provisions of § 1210.321 of the Plan and § 1210.403 of this subpart. At the conclusion of the district convention for the initial term of office, the chairperson will provide the Secretary with:

(1) The identification of that district’s two nominees for each producer and handler position on the Board, and

(2) A typed copy of the district convention’s minutes.

This information must be provided by the chairperson to the Board staff in a manner that will ensure receipt, at the address specified in the call for the district convention, within 14 calendar days of the district convention’s completion, but not later than July 8 for appointments to become effective on the following January 1. The Board staff must forward such information to the Secretary, in a manner that will ensure receipt, within 21 calendar days of completion of the district convention, but not later than July 15 for appointments to become effective on the following January 1. Further, the chairperson will immediately arrange for completion of qualification statements and other specified information by each nominee, and each nominee shall qualify by forwarding such information to the Board’s office within 14 calendar days of completion of the district convention, but not later than July 8 for appointments to become effective on the following January 1. The Board staff must forward the completed qualification statements and other specified information to the Secretary, in a manner that will ensure receipt within 21 calendar days of completion of the district convention, but not later than July 15 for appointments to become effective on the following January 1.

§ 1210.402 Voter and board member nominee eligibility.

(a) All producers and handlers within a district may participate in their district convention for the purpose of nominating candidates for appointment to the Board: Provided, That a producer who both produces and handles watermelons may vote for handler member nominees and serve as a handler member nominee only if the producer purchased watermelons from other producers, in a combined total volume that is equal to 25 percent or more of the producer’s own production or the combined total volume of watermelons handled by the producer from...
§ 1210.403 Voting procedures.

(a) Proxy voting by producers and handlers for producer and handler nominees shall be permitted at all district conventions: Provided, That producers may cast proxy votes for producers only, and handlers may cast proxy votes for handlers only. In non-multi-State districts, proxy voting shall be permitted for all producers and handlers participating in a State's district convention to determine the State's nominees. No other proxy voting, such as for district convention chairperson, shall be allowed. Any person wanting to cast a proxy vote on behalf of another person shall be demonstrated through documentation containing:

1. The proxy voter's name, address, and telephone number;
2. Signature and date signed;
3. A certification identifying the proxy voter as a producer or a handler; and
4. A statement identifying the person being given authority by the proxy voter to cast the proxy vote.

(b) In non-multi-State districts, convention chairpersons shall be elected by a majority vote of the eligible voters in attendance. In multi-State districts, the election shall be by majority vote of all States present with each State's vote(s) determined by a majority vote of the eligible voters of that State in attendance. Each such State is entitled to one vote, plus one additional vote for each 500,000 hundred-weight volume of production in the State as determined by the three-year average annual crop production summary reports of the Department, or, if such reports are not published, then the three-year average of the Board's assessment reports: Provided, That for the first two conventions, the Department's Crop Production Annual Summary Reports for 1979, 1980, and 1981 will be controlling as to any additional production volume votes.

[54 FR 38205, Sept. 15, 1989, as amended at 60 FR 10799, Feb. 28, 1995]
(c) In multi-State districts 3, 4, 5 and 7, the convention chairperson will direct the eligible producer voters and handler voters from each State to caucus separately for the purpose of electing a State spokesperson for each group. Election of each State spokesperson shall be by simple majority of all individual voters in attendance. In lieu of written ballots, a State spokesperson may be elected by voice vote or a show of hands. The role of the State spokesperson is to coordinate State voting and to cast all State votes.

(d) Convention chairpersons will coordinate the entire producer and handler nomination process. In conducting the nomination process, each convention chairperson will ensure that:

1. Voting for producer nominees is limited to producers, and voting for handler nominees is limited to handlers; and

2. Producer candidates for nomination are producers, and handler candidates for nomination are handlers.

(e) Voting, for producer and handler nominees, in non-multi-State districts shall be on the basis of one vote per person, except that persons authorized to cast proxy votes shall be allowed to cast all proxy votes not disallowed by the Board or the Department. Election of nominees shall be on the basis of a simple majority of all eligible votes cast.

(f) Voting for producer and handler nominees in multi-State districts shall be on a State by State basis. Producers and handlers from each State shall caucus separately, at the district convention, for the purpose of determining which nominees shall receive their State's vote(s) for membership on the Board. Each State's vote(s) shall be based on a simple majority of all votes (including proxy votes) cast by producers or handlers voting in their State's caucus. Each State represented at a multi-State district convention shall have one vote for each producer position and one vote for each handler position from the district on the Board. Each State shall further have an additional vote toward each position for each 500,000 hundredweight volume of production in the State as determined by the three-year average annual crop production summary reports of the Department or, if such reports are not published, then the three-year average of the Board's assessment reports. Provided, That for the first two calls for nominees, the Department's Crop Production Annual Summary Reports for 1979, 1980, and 1981 will be controlling as to any additional production volume votes. Each State spokesperson will cast the State's vote(s) for each nominee position. Election of nominees shall be on the basis of a simple majority of all State votes cast.

(g) During the voting for convention chairperson, State spokesperson, and Board member nominee, should no candidate receive the required simple majority on the first ballot, the number of candidates may be reduced by dropping one or more of the lowest vote recipients from the list of candidates. The balloting will be repeated until the position is filled.

(h) Two nominees shall be elected for each of the producer and handler positions from each district on the Board. The two nominees for each position shall be elected simultaneously. The convention chairperson will open the floor to the nomination of candidates for possible election as a Board member nominee for each available position. Each position will be dealt with separately (i.e., candidates for one position will be nominated and then elected before the convention moves on to the next available position). Each eligible voter may vote for two of the nominees on one ballot. The two nominees receiving the greatest number of votes and at least a simple majority of the votes cast will be elected as the district's Board member nominees for the position. No individual elected as a nominee for Board membership may be a candidate on subsequent Board member nominee ballots (i.e., two different producer names and two different handler names must be submitted as nominees for each producer and handler position from each district to the Secretary of Agriculture). There shall be no designation of first and second choice nominees.

§ 1210.404 Importer member nomination and selection.

(a) The Board shall include one or more representatives of importers, who shall be appointed by the Secretary from nominations submitted by watermelon importers. Importers' representation on the Board shall be proportionate to the percentage of assessments paid by importers to the Board, except that at least one representative of importers shall serve on the Board if importers are subject to the Plan. Nominations for importer positions that become vacant shall be made by importers at nomination conventions or by mail ballot.

(b) The initial nomination of importer members shall be made not later than 90 days after the Plan is amended.

(c) There shall be two individuals nominated for each vacant position. The importer receiving the highest number of votes for a vacancy shall be the first choice nominee, and the importer receiving the second highest number of votes shall be the second choice nominee submitted to the Secretary.

(d) Any individual, group of individuals, partnership, corporation, association, cooperative or any other entity which is engaged in the production, first handling or importing of watermelons is considered a person and as such is entitled to only one vote, except that such person may cast proxy votes as provided in paragraph (e)(1) of this section.

(e) Nomination Conventions. If nominations are made by nomination conventions, the Board shall widely publicize such conventions and provide importers and the Secretary at least 10 days notice prior to each convention.

(i) Proxy voting by importers shall be permitted at all conventions. Any person wanting to cast proxy votes must demonstrate authorization to do so. Authority to cast a proxy vote on behalf of another person shall be demonstrated through documentation containing:

(i) The proxy voter’s name, address, and telephone number;

(ii) Signature and date signed;

(iii) A certification identifying the proxy voter as an importer; and

(iv) A statement identifying the person being given authority by the proxy voter to cast the proxy vote.

(2) The Board shall provide to the Secretary a typed copy of each convention’s minutes and shall arrange for completion of qualification statements and other specified information by each nominee and forward such to the Secretary within 14 calendar days of completion of a convention.

(f) Mail balloting. If nominations are conducted by mail ballot, the Board shall request importers to submit nominations of eligible importers. It is the importer’s responsibility to prove the individual’s eligibility. After the names of nominees are received, the Board shall print ballots and ask eligible importers to vote to nominate their candidates. After the vote is received, the Board shall tabulate the results and shall send to the Department the nominees in order of preference. The Board shall provide the Secretary with a report on the results, number of importers participating in the vote, and the volume of imports, and shall arrange for completion of qualification statements and other specified information by each nominee and forward such to the Secretary within 14 calendar days of receiving the ballots.

(g) Any individual who both imports and handles watermelons will be considered an importer if that person imports 50 percent or more of the combined total volume of watermelons handled and imported by that person.

[60 FR 10800, Feb. 28, 1995]

§ 1210.405 Public member nominations and selection.

(a) The public member shall be nominated by the other members of the Board. The public member shall have no direct financial interest in the commercial production or marketing of watermelons except as a consumer and shall not be a director, stockholder, officer or employee of any firm so engaged. The Board shall nominate two individuals for the public member position. Voting for public member nominees shall require a quorum of the
Agricultural Marketing Service, USDA

Board and shall be on the basis of one vote per Board member. Election of nominees shall be on the basis of a simple majority of those present and voting. Such election shall be held prior to August 1, 1990, and every third August first thereafter. The Board may prescribe such additional qualifications, administrative rules and procedures for selection and voting for public member nominees as it deems necessary and the Secretary approves.

(b) Each person nominated for the position of public member on the Board shall qualify by filing a written acceptance with the Secretary within 14 calendar days of completion of the Board meeting at which public member nominees were selected.

(c) Watermelons used for non-human food purposes are exempt from assessment requirements but are subject to the safeguard provisions of §1210.521.

§ 1210.516 Exemption for organic watermelons.

(a) A producer who produces only products that are eligible to be labeled as 100 percent organic under the National Organic Program (NOP) (7 CFR part 205), except as provided for in paragraph (h) of this section, or a handler who handles only products that are eligible to be labeled as 100 percent organic under the NOP, and who operates under an approved NOP system plan, and is not a split operation shall be exempt from the payment of assessments.

(b) To apply for this exemption, the producer or handler shall submit the request to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the producer or handler continues to be eligible for the exemption.

(c) The request shall include the following: The applicant’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer or handler complies with the requirements of this section, the Board will approve the exemption and issue a Certificate of Exemption to the producer or handler. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption.
(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells watermelons. The handler shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(f) An importer imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic watermelons. The importer may request the exemption—on a form provided by the Board—at any time initially and annually thereafter on or before January 1, as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers and handlers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic watermelons bearing this HTS classification assigned by the Board will not be subject to assessments.

(g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

[70 FR 2756, Jan. 14, 2005]

§ 1210.517 Determination of handler.

The producer and handler assessments on each lot of watermelons handled shall be paid by the handler. Unless otherwise provided in this section, the handler responsible for payment of assessments shall be the first handler of such watermelons. The first handler is the person who initially performs a handling function as heretofore defined. Such person may be a fresh shipper, processor, or other person who first places the watermelons in the current of commerce.

(a) The following examples are provided to aid in the identification of first handlers:

1. Producer grades, packs, and sells watermelons of own production to a handler. In this instance, it is the handler, not the producer, who places the watermelons in the current of commerce. The handler is responsible for payment of the assessments.

2. Producer packs and sells watermelons of that producer’s own production from the field, roadside stand, or storage to a consumer, trucker, retail or wholesales outlet, or other buyer who is not a handler of watermelons. The producer places the watermelons in the current of commerce and is the first handler.

3. Producer purchases watermelons from another producer. The producer purchasing the watermelons is the first handler.

4. Producer delivers field-run watermelons of own production to a handler for preparation for market and entry into the current of commerce. The handler, in this instance, is the first handler, regardless of whether the handler subsequently handles such watermelons for the account of the handler or for the account of the producer.

5. Producer delivers field-run watermelons of own production to a handler for preparation for market and return to the producer for sale. The producer
in this instance, is the first handler, except when the producer subsequently sells such watermelons to a handler.

(6) Producer delivers watermelons of own production to a handler who takes title to such watermelons. The handler who purchases such watermelons from the producer is the first handler.

(7) Producer supplies watermelons to a cooperative marketing association which sells or markets the watermelons and makes an accounting to the producer, or pays the proceeds of the sale to the producer. In this instance, the cooperative marketing association becomes the first handler upon physical delivery to such cooperative.

(8) Handler purchases watermelons from a producer’s field for the purpose of preparing such watermelons for market or for transporting such watermelons to storage for subsequent handling. The handler who purchases such watermelons from the producer is the first handler.

(9) Broker/Commission House receives watermelons from a producer and sells such watermelons in the Broker/Commission House’s name. In this instance, the Broker/Commission House is the first handler, regardless of whether the Broker/Commission House took title to such watermelons.

(10) Broker/Commission House, without taking title or possession of watermelons, sells such watermelons in the name of the producer. In this instance, the producer is the first handler.

(11) Processor utilizes watermelons of own production in the manufacture of rind pickles, frozen, dehydrated, extracted, or canned products for human consumption. In so handling watermelons the processor is the first handler.

(12) Processor purchases watermelons from the producer thereof. In this instance, the processor is the first handler even though the producer may have graded, packed, or otherwise handled such watermelons.

(b) In the event of a handler’s death, bankruptcy, receivership, or incapacity to act, the representative of the handler or the handler’s estate shall be considered the handler of the watermelons for the purpose of this subpart.

[55 FR 13256, Apr. 10, 1990, as amended at 58 FR 3356, Jan. 8, 1993]

§ 1210.518 Payment of assessments.

(a) Time of payment. The assessment on domestically produced watermelons shall become due at the time the first handler handles the watermelons for non-exempt purposes. The assessment on imported watermelons shall become due at the time of entry, or withdrawal, into the United States.

(b) Responsibility for payment. (1) The first handler is responsible for payment of both the producer’s and the handler’s assessment. The handler may collect the producer’s assessment from the producer or deduct such producer’s assessment from the proceeds paid to the producer on whose watermelons the producer assessment is made. Any such collection or deduction of producer assessment shall be made not later than the time when the first handler handles the watermelons.

(2) The U.S. Customs Service shall collect assessments on imported watermelons from importers and forward such assessments under an agreement between the U.S. Customs Service and the U.S. Department of Agriculture. Importers shall be responsible for payment of assessments directly to the Board of any assessments due but not collected by the U.S. Customs Service at the time of entry, or withdrawal, on watermelons imported into the United States for human consumption.

(c) Payment direct to the Board. (1) Except as provided in paragraph (b) and (e) of this section, each handler and importer shall remit the required producer and handler assessments, pursuant to §1210.341 of the Plan, directly to the Board not later than 30 days after the end of the month such assessments are due. Remittance shall be by check, draft, or money order payable to the National Watermelon Promotion Board, or NWPB, and shall be accompanied by a report, preferably on Board forms, pursuant to §1210.350. To avoid late payment charges, the assessments must be mailed to the Board and postmarked within 30 days after the end of the month such assessments are due.
(2) Pursuant to §1210.350 of the Plan, each handler shall file with the Board a report for each month that assessable watermelons were handled. All handler reports shall contain at least the following information:

(i) The handler’s name, address, and telephone number;

(ii) Date of report (which is also the date of payment to the Board);

(iii) Period covered by the report;

(iv) Total quantity of watermelons handled during the reporting period;

(v) Date of last report remitting assessments to the Board; and

(vi) Listing of all persons for whom the handler handled watermelons, their addresses, hundredweight handled, and total assessments remitted for each person. In lieu of such a list, the handler may substitute copies of settlement sheets given to each person or computer generated reports, provided such settlement sheets or computer reports contain all the information listed above.

(vii) Name, address, and hundredweight handled for each person claiming exemption for assessment.

(viii) If the handler handled watermelons for persons engaged in the growing of less than 10 acres of watermelons, the report shall indicate the name and address of such person and the quantity of watermelons handled for such person.

(3) The words “final report” shall be shown on the last report at the close of the handler’s marketing season or at the end of each fiscal period if such handler markets assessable watermelons on a year-round basis.

(4) Prepayment of assessments. (i) In lieu of the monthly assessment and reporting requirements of paragraph (b) of this section, the Board may permit handlers to make an advance payment of their total estimated assessments for the crop year to the Board prior to their actual determination of assessable watermelons. The Board shall not be obligated to pay interest on any advance payment.

(ii) Handlers using such procedures shall provide a final annual report of actual handling and remit any unpaid assessments not later than 30 days after the end of the last month of the designated handler’s marketing season or at the end of each fiscal period if such handler markets assessable watermelons on a year-round basis.

(iii) Handlers using such procedures shall, after filing a final annual report, receive a reimbursement of any overpayment of assessments.

(iv) Handlers using such procedures shall, at the request of the Board to verify a producer’s refund claim, provide the Board with a handling report on any and all producers for whom the handler has provided handling services but has not yet filed a handling report with the Board.

(v) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board on request.

(d) Late payment charges and interest.

(1) A late payment charge shall be imposed on any handler and importer who fails to make timely remittance to the Board of the total producer and handler and importer assessments for which any such handler and importer is liable. Such late payment shall be imposed on any assessments not received before the fortieth day after the end of the month such assessments are due. This one-time late payment charge shall be 10 percent of the assessments due before interest charges have accrued. The late payment charge will not be applied to any late payments postmarked within 30 days after the end of the month such assessments are due.

(2) In addition to the late payment charge, one and one-half percent per month interest on the outstanding balance, including the late payment charge and any accrued interest, will be added to any accounts for which payment has not been received by the last day of the second month following the month of handling: Provided, that, handlers paying their assessments in accordance with paragraph (c)(4)(ii), will not be subject to the one and one-half percent per month interest under this paragraph until the last day of the second month after such assessments are due under paragraph (c)(4)(ii). Such interest will continue monthly until the outstanding balance is paid to the Board.
§ 1210.519 Payment through cooperating agency. The Board may enter into agreements, subject to approval of the Secretary, authorizing other organizations, such as a regional watermelon association or State watermelon board, to collect assessments in its behalf. In any State or area in which the Board has entered into such an agreement, the designated handler shall pay the assessment to such agency in the time and manner, and with such identifying information as specified in such agreement. Such an agreement shall not provide any cooperating agency with authority to collect confidential information from handlers or producers. To qualify, the cooperating agency must on its own accord have access to all information required by the Board for collection purposes. If the Board requires further evidence of payment than provided by the cooperating agency, it may acquire such evidence from individual handlers. All such agreements are subject to the requirements of the Act, Plan, and all applicable rules and regulations under the Act and the Plan.

§ 1210.519 Failure to report and remit.

Any handler and importer who fails to submit reports and remittances according to the provisions of § 1210.518 shall be subject to appropriate action by the Board which may include one or more of the following actions:

(a) Audit of the handler’s and importer’s books and records to determine the amount owed the Board.

(b) Establishment of an escrow account for the deposit of assessments collected. Frequency and schedule of deposits and withdrawals from the escrow account shall be determined by the Board with the approval of the Secretary.

(c) Referral to the Secretary for appropriate enforcement action.

§ 1210.520 Refunds.

Each importer of less than 150,000 pounds of watermelons during any calendar year shall be entitled to apply for a refund of the assessments paid in an amount equal to the amount paid by domestic producers.

(a) Application form. The Board shall make available to all importers a refund application form.

(b) Submission of refund application to the Board. The refund application form shall be submitted to the Board within 90 days of the last day of the year the watermelons were actually imported. The refund application form shall contain the following information:

1. Importer’s name and address;
2. Number of hundredweight of watermelon on which refund is requested;
3. Total amount to be refunded;
4. Proof of payment as described below; and
5. Importer’s signature.

(c) Proof of payment of assessment. Evidence of payment of assessments satisfactory to the Board shall accompany the importer’s refund application. An importer must submit a copy of the importer’s report or a cancelled check. Evidence submitted with a refund application shall not be returned to the applicant.

(d) Payment of refund. Immediately after receiving the properly executed application for refund, the Board shall make remittance to the applicant.

§ 1210.521 Reports of disposition of exempted watermelons.

The Board may require reports by handlers or importers on the handling/importing and disposition of exempted watermelons and/or on the handling of watermelons for persons engaged in growing less than 10 acres of watermelons or in the case of importers, the importing of less than 150,000 pounds per year. Authorized employees of the Board or the Secretary may inspect such books and records as are appropriate and necessary to verify the reports on such disposition.
§ 1210.530 Retention period for records.

Each handler and importer required to make reports pursuant to this subpart shall maintain and retain for at least 2 years beyond the marketing year of their applicability:

(a) One copy of each report made to the Board; and

(b) Such records as are necessary to verify such reports.

§ 1210.532 Confidential books, records, and reports.

All information obtained from the books, records, and reports of handlers and importers and all information with respect to refunds of assessments made to importers shall be kept confidential in the manner and to the extent provided for in § 1210.352.

foodservice distributors, and foodservice operators are not handlers.  

(d) Eligible importer means any person who imports 150,000 pounds or more watermelons annually into the United States as principal or as an agent, broker, or consignee for any person who produces watermelons outside the United States for sale in the United States. An importer who imports less than 150,000 pounds of watermelons annually and did not apply for and receive reimbursement of assessments is also an eligible importer.  

(e) Eligible producer means any person who is engaged in the growing of 10 or more acres of watermelons, including any person who owns or shares the ownership and risk of loss of such watermelon crop. A person who shares the ownership and risk of loss includes a person who:

1. Owns and farms land, resulting in ownership, by said producer, of the watermelons produced thereon;  
2. Rents and farms land, resulting in ownership, by said producer, of all or a portion of the watermelons produced thereon; or  
3. Owns land which said producer does not farm and, as rental for such land, obtains the ownership of a portion of the watermelons produced thereon. Ownership of, or leasehold interest in land, and the acquisition, in any manner other than set forth in this subpart, of legal title to the watermelons grown on said land, shall not be deemed to result in such owners or lessees becoming producers. Persons who produce watermelons for non-food uses are not producers for the purposes of this subpart.  

(f) Person means any individual, group of individuals, partnership, corporation, association, cooperative, or any other entity. For the purpose of this definition, the term partnership includes, but is not limited to:  

1. A husband and wife who have title to, or leasehold interest in, land as tenants in common, joint tenants, tenants by the entirety, or, under community property laws, as community property, and  
2. So-called joint ventures wherein one or more parties to the agreement, informal or otherwise, contributed capital, labor, management, equipment, or other services, or any variation of such contributions by two or more parties, so that it results in the production, handling, or importation of watermelons for market and the authority to transfer title to the watermelons so produced, handled, or imported.  

(g) Referendum agent or agent means the individual or individuals designated by the Secretary to conduct the referendum.  

(h) Representative period means the period designated by the Secretary pursuant to the Act.  

§ 1210.602 Voting.  

(a) Each person who is an eligible producer, handler, or importer as defined in this subpart, at the time of the referendum and who also was a producer, handler, or importer during the representative period, shall be entitled to one vote in the referendum: Provided, That each producer in a landlord-tenant relationship or a divided ownership arrangement involving totally independent entities cooperating only to produce watermelons in which more than one of the parties is a producer, shall be entitled to one vote in the referendum covering only that producer's share of the ownership: Provided further, That the vote of a person who both produces and handles watermelons will be counted as a handler vote if the producer purchased watermelons from other producers, in a combined total volume that is equal to 25 percent or more of the producer's own production; or the combined total volume of watermelons handled by the producer from the producer's own production and purchased from other producer's production is more than 50 percent of the producer's own production: Provided further, That the vote of a person who both imports and handles watermelons will be counted as an importer vote if that person imports 50 percent or more of the combined total volume of watermelons handled and imported by that person.  

(b) Proxy voting is not authorized, but an officer or employee of a corporate producer, handler, or importer, or an administrator, executor, or trustee of a producing, handling, or importing entity may cast a ballot on behalf

Agricultural Marketing Service, USDA § 1210.607 of such entity. Any individual so vot-
ing in a referendum shall certify that the individual is an officer, employee of the producer, handler, or importer, or an administrator, executor, or trustee of a producing, handling, or importing entity and that the individual has the authority to take such action. Upon request of the referendum agent, the individual shall submit adequate evidence of such authority.

(c) Casting of ballots. All ballots are to be cast as instructed by the Secretary.

§ 1210.603 Instructions.

The referendum agent shall conduct the referendum, in the manner provided in this section, under the supervision of the Administrator. The Administrator may prescribe additional instructions, not inconsistent with the provisions in this section, to govern the procedure to be followed by the referendum agent. Such agent shall:

(a) Determine the period during which ballots may be cast.

(b) Provide ballots and related material to be used in the referendum. The ballot shall provide for recording essential information, including that needed for ascertaining whether the person voting, or on whose behalf the vote is cast, is an eligible voter.

(c) Give reasonable public notice of the referendum:

(1) By utilizing available media or public information sources, without incurring advertising expense, to publicize the voting period, method of voting, eligibility requirements, and other pertinent information. Such sources of publicity may include, but are not limited to, print and radio; and

(2) By such other means as said agent may deem advisable.

(d) Mail to eligible producers; importers; and in the case of an order assessing handlers, handlers whose names and addresses are known to the referendum agent; the instructions on voting; a ballot; and a summary of the terms and conditions to be voted upon. No person who claims to be eligible to vote shall be refused a ballot. However, such persons may be required to submit evidence of their eligibility.

(e) At the end of the voting period, collect, open, number, and review the ballots and tabulate the results in the presence of an agent of a third party authorized to monitor the referendum process.

(f) Prepare a report on the referendum.

(g) Announce the results to the public.

§ 1210.604 Subagents.

The referendum agent may appoint any individual or individuals necessary to assist the agent in performing such agent’s functions hereunder. Each individual so appointed may be authorized by the agent to perform any or all of the functions which, in the absence of such appointment, shall be performed by the agent.

§ 1210.605 Ballots.

The referendum agent and subagents shall accept all ballots cast. However, if an agent or subagent deems that a ballot should be questioned for any reason, the agent or subagent shall endorse above their signature, on the ballot, a statement to the effect that such ballot was questioned, by whom questioned, why the ballot was questioned, the results of any investigation made with respect to the questionable ballot, and the disposition of the questionable ballot. Ballots invalid under this subpart shall not be counted.

§ 1210.606 Referendum report.

Except as otherwise directed, the referendum agent shall prepare and submit to the Administrator a report on the results of the referendum, the manner in which it was conducted, the extent and kind of public notice given, and other information pertinent to analysis of the referendum and its results.

§ 1210.607 Confidential information.

All ballots cast and their contents and all other information or reports furnished to, compiled by, or in possession of, the referendum agent or subagents that reveal, or tend to reveal, the identity or vote of any producer, handler, or importer of watermelons shall be held strictly confidential and shall not be disclosed.

Expenses and Assessments

§ 1216.50 Budget and expenses.

(a) At least 60 days prior to the beginning of each fiscal year, and as may be necessary thereafter, the Board shall prepare and submit to the Secretary a budget for the fiscal year covering its anticipated expenses and disbursements in administering this subpart. Each such budget shall include:

(3) A summary of proposed expenditures for each program, plan, or project; and

(4) Staff and administrative expense breakdowns, with comparative data for
at least one preceding year (except for the initial budget).

(b) Each budget shall provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in this subpart.

(c) Subject to this section, any amendment or addition to an approved budget must be approved by the Secretary, including shifting funds from one program, plan, or project to another. Shifts of funds which do not cause an increase in the Board’s approved budget and which are consistent with governing bylaws need not have prior approval by the Secretary.

(d) The Board is authorized to incur such expenses, including provision for a reasonable reserve, as the Secretary finds are reasonable and likely to be incurred by the Board for its maintenance and functioning, and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. Such expenses shall be paid from funds received by the Board.

(e) With approval of the Secretary, the Board may borrow money for the payment of administrative expenses, subject to the same fiscal, budget, and audit controls as other funds of the Board. Any funds borrowed by the Board shall be expended only for start-up costs and capital outlays and are limited to the first year of operation of the Board.

(f) The Board may accept voluntary contributions, but these shall only be used to pay expenses incurred in the conduct of programs, plans, and projects. Such contributions shall be free from any encumbrance by the donor and the Board shall retain complete control of their use.

(g) The Board shall reimburse the Secretary for all expenses incurred by the Secretary in the implementation, administration, and supervision of the Order, including all referendum costs in connection with the Order.

(h) The Board may not expend for administration, maintenance, and functioning of the Board in any fiscal year an amount that exceeds 10 percent of the assessments and other income received by the Board for that fiscal year. Reimbursements to the Secretary required under paragraph (g) of this section are excluded from this limitation on spending.

(i) The Board shall allocate, to the extent practicable, no less than 80 percent of the assessments collected on all peanuts available for any fiscal year on national and regional promotion, research, and information activities. The Board shall allocate, to the extent practicable, no more than 20 percent of assessments collected on all peanuts available for any fiscal year for use in state or regional research programs. Specific percentages and amounts shall be determined annually by the Board, with the approval of the Secretary.

(j) Certified peanut producer organizations may submit requests for funding for research and/or generic promotion projects. Amounts approved for each state shall not exceed the pro rata Share of funds available for that State as determined by the Board and approved by the Secretary. Amounts allocated by the Board for state research or promotion activities will be based on requests submitted to the Board when it is determined that they meet the goals and objectives stated in the Order.

(k) Assessments collected, less pro rata administrative expenses, from the gross sales of contract export additional peanuts shall be allocated by the Board for the promotion and related research of export peanuts.

(l) The Board shall determine annually how total funds shall be allocated pursuant to paragraphs (i), (j), and (k) of this section, with the approval of the Secretary.

§ 1216.53

(c) Such assessments shall be levied at a rate of one (1%) percent of the price paid for all farmers' stock peanuts sold. Price paid is one (1%) percent of loan value.

(d) For peanuts placed under a marketing assistance loan with the Department’s Commodity Credit Corporation, the Commodity Credit Corporation, or any entity determined by the Commodity Credit Corporation shall deduct and remit to the Board, from the proceeds of the loan paid to the producer, one (1%) percent of the loan value of the peanuts as determined by the warehouse receipt accompanying such peanuts, no more than 60 days after the last day of the month in which the peanuts were placed under a marketing assistance loan.

(e) If a producer places peanuts under a marketing assistance loan and subsequently redeems and sells such peanuts at a price greater than the loan amount, the producer shall pay the difference between the sales price and the loan value of the peanuts multiplied by one (1%) percent to the Board within sixty (60) days after the final day of the loan availability period.

(f) All assessments collected under this section are to be used for expenses and expenditures pursuant to this Order and for the establishment of an operating reserve as prescribed in the Order.

(g) The Board shall impose a late payment charge on any person who fails to remit to the Board the total amount for which the person is liable on or before the payment due date established under this section. The late payment charge will be in the form of interest on the outstanding portion of any amount for which the person is liable. The rate of interest shall be prescribed in regulations issued by the Secretary.

(h) Persons failing to remit total assessments due in a timely manner may also be subject to actions under federal debt collection procedures.

(i) The Board may authorize other organizations to collect assessments on its behalf with the approval of the Secretary.

(1) The establishment, issuance, effectuation, and administration of appropriate programs for promotion, research, and information, including producer and consumer information, with respect to peanuts; and

(2) The establishment and conduct of research with respect to the use, nutritional value, sale, distribution, and marketing of peanuts and peanut products, and the creation of new products thereof, to the end that marketing and use of peanuts may be encouraged, expanded, improved, or made more acceptable and to advance the image, desirability, or quality of peanuts.

(b) No program, plan, or project shall be implemented prior to its approval by the Secretary. Once a program, plan, or project is so approved, the Board shall take appropriate steps to implement it.

(c) Each program, plan, or project implemented under this subpart shall be reviewed or evaluated periodically by the Board to ensure that it contributes to an effective program of promotion, research, or consumer information. If it is found by the Board that any such program, plan, or project does not contribute to an effective program of promotion, research, or consumer information, then the Board shall terminate such program, plan, or project.

(d) No program, plan, or project shall make any false claims on behalf of peanuts or use unfair or deceptive acts or practices with respect to the quality, value, or use of any competing product. Peanuts of all domestic origins shall be treated equally.

§ 1216.53 Independent evaluation.

The Board shall, not less often than every five years, authorize and fund, from funds otherwise available to the
§ 1216.54 Operating reserve.

The Board shall establish an operating monetary reserve and may carry over to subsequent fiscal years excess funds in a reserve so established; Provided, that funds in the reserve shall not exceed any fiscal year's anticipated expenses.

§ 1216.55 Investment of funds.

The Board may invest, pending disbursement, funds it receives under this subpart, only in obligations of the United States or any agency of the United States; general obligations of any state or any political subdivision of a state; interest bearing accounts or certificates of deposit of financial institutions that are members of the Federal Reserve system; or obligations that are fully guaranteed as to principal and interest by the United States.

§ 1216.56 Exemption for organic peanuts.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (g) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) In order to apply for this exemption, an eligible peanut producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before August 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: The producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of this section, the Board will approve the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for approval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells peanuts. The handler shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

(f) The exemption will apply at the first reporting period following the issuance of the Certificate of Exemption.

(g) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(c) Subject to this section, any amendment or addition to an approved budget must be approved by the Secretary, including shifting funds from one program, plan, or project to another. Shifts of funds which do not cause an increase in the Council’s approved budget and which are consistent with governing bylaws need not have prior approval by the Secretary.

(d) The Council is authorized to incur such expenses, including provision for a reasonable reserve, as the Secretary finds are reasonable and likely to be incurred by the Council for its maintenance and functioning, and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. (b) The collection of assessments on domestic blueberries will be the responsibility of the first handler receiving the blueberries. In the case of the producer acting as its own first handler, the producer will be required to collect and remit its individual assessments.

(c) Such assessments shall be levied at a rate of $12 per ton on all blueberries. The assessment rate will be reviewed, and may be modified with the approval of the Secretary, after the first referendum is conducted as stated in § 1218.71(b).

(d) Each importer of fresh and processed blueberries shall pay an assessment to the Council on blueberries imported for marketing in the United States, through the U.S. Customs Service.

(2) The import assessment shall be uniformly applied to imported fresh and frozen blueberries that are identified by the numbers 0810.40.0028 and 0811.90.2028, respectively, in the Harmonized Tariff Schedule of the United States or any other numbers used to identify fresh and frozen blueberries. (3) The assessments due on imported fresh and processed blueberries shall be paid when they enter or are withdrawn for consumption in the United States.

(e) All assessment payments and reports will be submitted to the office of the Council. All final payments for a crop year are to be received no later than November 30 of that year. A late payment charge shall be imposed on any handler who fails to remit to the Council, the total amount for which any such handler is liable on or before the due date established by the Council. In addition to the late payment charge, an interest charge shall be imposed on the outstanding amount for which the handler is liable. The rate of interest shall be prescribed in regulations issued by the Secretary.

Such producer shall certify that the producer’s production of blueberries shall be less than 2,000 pounds for the fiscal year for which the exemption is claimed.

(b) Any importer who imports less than 2,000 pounds of fresh and frozen blueberries annually shall be exempt from the payment of assessments. Such importer may apply to the Council—on a form provided by the Council—for a certificate of exemption. Such importer shall certify that the importer’s importation of fresh and frozen blueberries shall not exceed 2,000 pounds for the fiscal year for which the exemption is claimed.

(c) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (g) of this section; and is not a split operation shall be exempt from the payment of assessments:

(d) To apply for this exemption, a producer shall submit a request for exemption to the Council—on a form provided by the Council—at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption. The request shall include the following: The producer’s name and address, with a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 CFR part 205), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary. If a producer complies with the requirements in paragraph (c) of this section, the Council will grant an assessment exemption and issue a certification of exemption to the producer. For exemption requests received on or before August 15, 2005, the Council will have 60 days to approve the exemption request; after August 15, 2005, the Council will have 30 days to approve the exemption request. If the application is disapproved, the Council will notify the applicant of the reason(s) for disapproval within the same timeframe.

That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic fresh and frozen blueberries—on a form provided by the Council—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (d) of this section. If the importer complies with the requirements of this section, the Council will grant the exemption and issue a Certificate of Exemption to the importer. The Council will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic fresh and frozen blueberries bearing this HTS classification assigned by the Council will not be subject to assessments.

(f) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(g) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR parts 205, 201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities its behalf with the approval of the Secretary.

Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

(h) On receipt of an application, the Council shall determine whether an exemption may be granted. The Council then will issue, if deemed appropriate, a certificate of exemption to each person who is eligible to receive one. Each producer who is exempt from assessment must provide an exemption number to the first handler in order to be exempt from the collection of an assessment on blueberries. First handlers and importers, except as otherwise authorized by the Council, shall maintain records showing the exemptee’s name and address along with the exemption number assigned by the Council.

(i) Importers who are exempt from assessment shall be eligible for reimbursement of assessments collected by the U.S. Customs Service and shall apply to the Council for reimbursement of such assessments paid. No interest will be paid on assessments collected by the U.S. Customs Service. Requests for reimbursement shall be submitted to the Council within 90 days of the last day of the year the blueberries were actually imported.

(j) Any person who desires an exemption from assessments for a subsequent fiscal year shall reapply to the Council, on a form provided by the Council, for a certificate of exemption.

(d) No program, plan, or project including advertising shall be false or misleading or disparaging another agricultural commodity. Blueberries of all origins shall be treated equally.

§ 1219.201 Definitions.

(a) A producer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; only produces products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (h) of this section; and is not a split operation shall be exempt from the payment of assessments.

(b) To obtain this exemption, an eligible Hass avocado producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before November 1 as long as the producer continues to be eligible for the exemption.

(c) The request shall include the following: the producer's name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in the Organic Act, a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(d) If the producer complies with the requirements of paragraph (a) of this section, the Board will grant an assessment exemption and shall issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(e) The producer shall provide a copy of the Certificate of Exemption to each handler to whom the producer sells Hass avocados. The handler shall maintain records showing the exempt producer's name and address and the exemption number assigned by the Board.

That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic Hass avocados—on a form provided by the Board—at any time initially and annually thereafter on or before November 1 as long as the importer continues to be eligible for the exemption. (g) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(h) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. (b) The Board shall be composed of soybean producers appointed by the Secretary from nominations submitted pursuant to §1220.203. A soybean producer may only be nominated by the unit in which that soybean producer is a resident or producer.
(c) At the end of each three (3) year period, the Board shall review the geographic distribution of soybean production volume throughout the United States and may recommend to the Secretary a modification of paragraph (e) of this section, to best reflect the geographic distribution of soybean production volume in the United States. The Secretary may amend this subpart to make the changes recommended by the Board in levels of productions used to determine per unit representation. A unit may not, as a result of any modifications under this subsection, lose Board seats to which it is entitled at the time this subpart is initially issued unless its average annual production, as determined under paragraph (e)(6) of this section, declines below the levels required for representation, as specified in paragraphs (e)(1) through (5) of this section.

(d) At the end of each three (3) year period, the Secretary shall review the volume of production (minus the volume of production for which refunds have been paid) of each unit provided representation under paragraph (a) of this section, and shall adjust the boundaries of any unit and the number of Board members from each such unit to conform with the criteria set out in paragraphs (e)(1) through (5) of this section.

(e) The following formula will be used to determine the number of directors for each unit who shall serve on the Board:

\[
\text{Number of Directors} = \begin{cases} 
1 & \text{if the annual average soybean production is less than } 15,000,000 \\
2 & \text{if the annual average soybean production is } 15,000,000 \text{ to } 70,000,000 \\
3 & \text{if the annual average soybean production is } 70,000,000 \text{ to } 200,000,000 \\
4 & \text{if the annual average soybean production is } 200,000,000 \text{ or more}
\end{cases}
\]

(f) [Reserved]

§ 1220.202 Term of office.

(a) The members of the Board shall serve for terms of 3 years, except that the members appointed to the initial Board shall serve, proportionately, for terms of 1, 2, and 3 years.

(b) Each member shall continue to serve until a successor is appointed by the Secretary and has accepted the position.

(c) No member shall serve more than three consecutive 3-year terms in such capacity.

§ 1220.203 Nominations.

All nominations for appointments to the Board under §1220.204 shall be made in the following manner:

(a) After the issuance of this subpart by the Secretary, nominations shall be obtained by the Secretary as specified in paragraphs (a), (b), and (c) of this section from Qualified State Soybean Boards or for initial Board nominations, eligible organizations deemed qualified to nominate pursuant to
paragraph (f) of the section. A Qualified State Soybean Board, or for initial Board nominations, an eligible organization shall only submit nominations for positions on the Board representing the unit, as established under §1220.201, in which such Qualified State Soybean Board operates.

(b) If the Secretary determines that a unit is not represented by a Qualified State Soybean Board or for initial Board nominations, an eligible organization, then the Secretary may solicit nominations from organizations which represent producers in that unit and from producers residing in that unit. A caucus may be held in such units for the purpose of collectively submitting nominations to the Secretary.

(c) Where there is more than one State comprising a unit, the Secretary shall take into consideration the nominations submitted by Qualified State Soybean Boards or for initial Board nominations, eligible organizations, within the unit. A caucus may be held in such units for the purpose of collectively submitting nominations to the Secretary. The Secretary shall consider the proportional levels of production in each State comprising the unit when appointing members to the Board representing that unit.

(d) At least two nominations shall be submitted for each position to be filled.

(e) Nominations may be submitted in order of preference and for the initial Board, in order of preference for staggered terms. Should the Secretary reject any nomination submitted and there are insufficient nominations submitted from which appointments can be made, the Secretary may request additional nominations under paragraph (a) or (b) of this section, whichever provision is applicable for such unit.

(f) Any organization authorized pursuant to State law to collect assessments from producers may notify the Secretary of the organization’s intent to nominate members to the initial Board for the State or unit, as established under §1220.201, in which such organization operates and is authorized by State law. Such eligibility shall be based only upon the criteria established pursuant to §1220.228(a)(1). There shall only be one organization authorized per State pursuant to this section to submit nominations to the initial Board. If no such entity exists in a State, any organization meeting those requirements of §1220.228(a)(2) may request eligibility to submit nominations.

§ 1220.204 Appointment.

From the nominations made pursuant to §1220.203, the Secretary shall appoint the members of the Board on the basis of representation provided for in §1220.201.

§ 1220.205 Nominee’s agreement to serve.

Any producer nominated to serve on the Board shall file with the Secretary at the time of nomination a written agreement to:

(a) Serve on the Board if appointed; and

(b) Agree to disclose any relationship with any soybean promotion entity or with any organization that has or is being considered for a contractual relationship with the Board.

§ 1220.206 Vacancies.

To fill any vacancy occasioned by the death, removal, resignation, or disqualification of any member of the Board, the Secretary shall request nominations for a successor pursuant to §1220.203, and such successor shall be appointed pursuant to §1220.204.

§ 1220.207 Alternate members.

(a) The Secretary shall solicit, pursuant to the procedures of §1220.203, nominations for alternate members of the Board.

(b) The Secretary shall appoint one alternate member of the Board for each unit which has only one member pursuant to §1220.204 and §1220.205.

(c) Alternate members of the Board may attend meetings of the Board as a voting member upon the following circumstances:

(1) A member of the Board for the unit which the alternate member represents is absent; and

(2) Such member, or in the case of incapacitation or death of the member, a relative, has contacted the appropriate officer of the Board to inform such officer of such absence.
§ 1220.208  
(d) An alternate member of the Board, when attending Board meetings in an official capacity, shall have the rights, duties and obligations of a Board member.

§ 1220.208  Removal.  
If the Secretary determines that any person appointed under this part fails or refuses to perform his or her duties properly or engages in acts of dishonesty or willful misconduct, the Secretary shall remove the person from office. A person appointed or certified under this part or any employee of the Board or Committee may be removed by the Secretary if the Secretary determines that the person's continued service would be detrimental to the purposes of the Act.

§ 1220.209  Procedure.  
(a) At a properly convened meeting of the Board, a majority of the members shall constitute a quorum.  
(b)(1) Except for roll call votes, each member of the Board will be entitled to one vote on any matter put to the Board and the motion will carry if supported by a simple majority of those voting.  
(2)(i) If a member requests a roll call vote, except as provided in paragraph (b)(2)(ii) of this section, each unit as established under § 1220.201, shall cast one vote for each percent, or portion of a percent, of the average total amount of assessments remitted to the Board that was remitted from the unit (minus refunds) during each of the three previous fiscal years of the Board under § 1220.223.  
(ii)(A) During the first fiscal year of the Board, the percentage used to determine the votes given to a unit will be based on annual average soybean production of the three previous years. If a unit is represented by more than one member, each member representing the unit shall receive an equal percentage of the votes allocated to the unit.  
(B) During the second and third year this subpart is in effect, the percentage used to determine the votes given to a unit will be based upon averaging the unit’s percentage of annual assessments remitted to the Board (minus refunds).  
(iii) Should a member representing a unit not be present, then the other members representing such unit shall vote, on an equal basis if there is more than one member representing the unit present, the number of votes which the absent member would have been entitled to vote.  
(iv) A motion will carry on a roll call vote if approved by both a simple majority of all votes cast and a simple majority of all units voting (with the vote of each unit determined by a simple majority of all votes cast by members in that unit).  
(3) A member may not cast votes by proxy.  
(c) In lieu of a properly convened meeting and, when in the opinion of the chairperson of the Board such action is considered necessary, the Board may take action upon the concurring votes of a majority of its members, or if a roll call vote is requested, a simple majority of all votes cast and a simple majority of all units voting by mail, telephone, facsimile, or telegraph, but any such action by telephone shall be confirmed promptly in writing. In the event that such action is taken, all members must be notified and provided the opportunity to vote. Any action so taken shall have the same force and effect as though such action had been taken at a regular or special meeting of the Board.  
(d) On or after the end of the three-year period beginning on the effective date of this subpart, the Board may recommend to the Secretary changes in the voting procedures of the Board described in paragraph (b) of this section.

§ 1220.210  Compensation and reimbursement.  
The members of the Board shall serve without compensation but shall be reimbursed for necessary and reasonable expenses incurred by them in the performance of their responsibilities under this subpart.

(b) When in the opinion of the chairperson of the Committee emergency action must be taken before a meeting can be called, the Committee may take action upon the concurring votes of no less than twelve of its members by mail, telephone, facsimile, or telegraph. Action taken by this emergency procedure is valid only if all members are notified and provided the opportunity to vote and any telephone vote is confirmed promptly in writing. EXPENSES AND ASSESSMENTS

§1220.222 Expenses.

(a) The Board is authorized to incur such expenses (including provision for a reasonable reserve) as the Secretary finds are reasonable and likely to be incurred by the Board for its maintenance and functioning and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. However, during any fiscal year, expenses incurred by the Board for administrative staff costs and their benefits shall not exceed 1 percent of the projected level of assessments, net of projected refunds, of the Board for that fiscal year. Such expenses shall be paid from assessments received pursuant to §1220.223. The administrative expenses of the Board, including the cost of administrative staff, shall not exceed 5 percent of the projected level of assessments, net of projected refunds, of the Board for that fiscal year.
(b) The Board shall reimburse the Secretary, from assessments received pursuant to §1220.223, for administrative costs incurred after an Order has been submitted to the Department pursuant to section 1968(b) of the Act; Provided, that the Board shall only be required to reimburse the Secretary for one-half (50%) of the costs incurred by the Secretary to conduct the refund referendum relating to continuation of authority to pay refunds.

(c)(1) The Board may, with the approval of the Secretary, authorize a credit to Qualified State Soybean Boards of up to 5 percent of the amount to be remitted to the Board pursuant to §1220.223 and §1220.228 of this subpart to offset collection and compliance costs relating to such assessments and for fees paid to State governmental agencies or first purchasers for collection of the assessments where the payment of such fees by the Qualified State Soybean Board is required by State law enacted prior to November 28, 1990.

(2) The portion of the credit authorized in paragraph (c)(1) of this section which compensates Qualified State Soybean Boards for fees paid to State governmental agencies or first purchasers for collection of the assessments where the payment of such fees by the Qualified State Soybean Board is required by State law enacted prior to November 28, 1990:

(i) Shall not exceed one-half of such fees paid to State governmental agencies or first purchasers, and;

(ii) Shall not exceed 2.5 percent of the amount of assessments collected and remitted to the Board.

(3) Except for that portion of the credit issued pursuant to paragraph (c)(2) of this section, credits authorized by paragraph (c)(1) of this section will be included as part of the Board's administrative expenses.

§ 1220.223 Assessments.

(a)(1) Except as prescribed by regulations approved by the Secretary or as otherwise provided in this section, each first purchaser of soybeans shall collect an assessment from the producer, and each producer shall pay such assessment to the first purchaser, at the rate of one-half of one percent (0.5%) of the net market price of the soybeans purchased. Each first purchaser shall remit such assessment to the Board or to a Qualified State Soybean Board, as provided in paragraph (a)(5) of this section.

(2) Any producer marketing processed soybeans or soybean products of that producer's own production, shall remit to a Qualified State Soybean Board or to the Board, as provided in paragraph (a)(5) of this section, an assessment on such soybeans or soybean products at a rate of one-half of one percent (0.5%) of the net market price of the soybeans involved or the equivalent thereof.

(3) In determining the assessment due from each producer under paragraph (a)(1) or (a)(2) of this section, a producer who is contributing to a Qualified State Soybean Board shall receive a credit from the Board for contributions to such Qualified State Soybean Board on any soybeans assessed under this section in an amount not to exceed one-quarter of one percent of the net market price of the soybeans assessed.

(4) In order for a producer to receive the credit provided for in paragraph (a)(3) of this section, the Qualified State Soybean Board or the first purchaser must establish to the satisfaction of the Board that the producer has contributed to a Qualified State Soybean Board.

(5)(i) If the soybeans, for which an assessment is paid, were grown in a State other than the State which is the situs of the first purchaser, the first purchaser that collects the assessment shall remit the assessment and information as to the State of origin of the soybeans to the Qualified State Soybean Board operating in the State in which the first purchaser is located. The Qualified State Soybean Board operating in the State in which the first purchaser is located shall remit such assessments to the Qualified State Soybean Board operating in the State in which the soybeans were grown. If no such Qualified State Soybean Board exists in such State, then the assessments shall be remitted to the Board.

The Board, with the approval of the Secretary, may authorize Qualified
Agricultural Marketing Service, USDA § 1220.223

State Soybean Boards to propose modifications to the foregoing "State of Origin" rule to ensure effective coordination of assessment collections between Qualified State Soybean Boards.

(iii)(A) If a producer pledges soybeans grown by that producer as collateral for a loan issued by the Commodity Credit Corporation and if that producer forfeits said soybeans in lieu of loan repayment, the Commodity Credit Corporation shall at the time of the loan settlement, collect from the producer the assessments due based on 0.5 percent of the principal loan amount received by the producer and remit the assessment to the Qualified State Soybean Board in the State in which the soybeans were pledged, or if no Qualified State Soybean Board exists in such State, the Board.

(B) If a producer redeems and subsequently markets soybeans which have been pledged as collateral for a loan issued by the Commodity Credit Corporation, the first purchaser shall collect and remit the assessments due pursuant to paragraph (a)(1) of this section; or if a producer markets such soybeans as processed soybeans or as soybean products, the producer shall remit the assessment pursuant to paragraph (a)(2) of this section.

(iii) Qualified State Soybean Boards and the Board shall coordinate assessment collection procedures to ensure that producers marketing soybeans are required to pay only one assessment per bushel of soybeans and collections are adjusted among States on a mutually agreeable basis.

(b) The collection of assessments pursuant to paragraph (a) of this section, shall commence on and after the date assessments are required to be paid and shall continue until terminated by the Secretary. If the Board is not constituted on the date the first assessments are to be collected, the Secretary shall have the authority to receive the assessments on behalf of the Board, and to hold such assessments until the Board is constituted, then remit such assessments to the Board.

(c)(1) Each person responsible for the collection of assessments under paragraph (a) of this section, shall collect and remit the assessments to the Board or a Qualified State Soybean Board on a monthly basis or as required by State law, but no less than quarterly, unless the Board, with the approval of the Secretary, has specifically authorized otherwise.

(2) Any unpaid assessments due the Board or a Qualified State Soybean Board from a person responsible for remitting assessments to the Board or a Qualified State Soybean Board pursuant to paragraph (a) of this section, shall be increased two percent (2%) each month beginning with the day following the date such assessments were due under this subpart. Any remaining amount due shall be increased at the same rate on the corresponding day of each month thereafter until paid.

(3) The amounts payable pursuant to this section shall be computed monthly on unpaid assessments and shall include any unpaid late charges previously applied pursuant to this section.

(4) For the purpose of this section, any assessment that was determined at a date later than prescribed by this subpart because of a person's failure to submit a report to the Board or a Qualified State Soybean Board when due, shall be considered to have been payable by the date it would have been due if the report had been filed when due.

(d) Prior to the continuance referendum, the Board, pursuant to procedures approved by the Secretary, shall ensure that each Qualified State Soybean Board is provided credit in accordance with the provisions of section 1969(n)(1) and subject to section 1969(n)(3) of the Act.

(e) Following the continuance referendum, the Board, pursuant to procedures approved by the Secretary, shall ensure annually that each Qualified State Soybean Board is provided credit in accordance with the provisions of section 1969(n)(2) and subject to section 1969(n)(3) of the Act.

§ 1220.228 Qualified State Soybean Boards.

(a)(1) Any soybean promotion entity that is authorized by State statute to collect assessments required by State law from soybean producers may notify the Board of its election to be the Qualified State Soybean Board for the State in which it operates so that producers may receive credit pursuant to § 1220.223(a)(3) for contributions to such organization. Only one such entity may make such election or be qualified pursuant to paragraph (a)(2) of this section. Such entity, upon making such election, agrees to the following:

(i) To conduct activities as defined in § 1220.230 that are intended to strengthen the soybean industry's position in the marketplace;

(ii) Provide a report describing the manner in which assessments are collected and the procedure utilized to ensure that assessments due are paid;

(iii) Collect assessments paid on soybeans marketed within the State and establish procedures for ensuring compliance with this subpart with regard to the payment of such assessments;

(iv) Remit to the Board each assessment paid and remitted to it, minus authorized credits issued pursuant to § 1220.222(c) and credits issued to producers pursuant to § 1220.223(a)(3), and other required deductions by the last day of the month following the month in which the assessment was remitted to it unless the Board determines a different date for remittance of assessments;

(v) If the entity is authorized or required to pay refunds to producers, any requests from producers for refunds for contributions to it by the producer following the termination of authority to pay refunds, will be honored by forwarding to the Board that portion of such refunds equal to the amount of credit received by the producer for contributions to it pursuant to § 1220.223(a)(3);

(vi) [Reserved]

(vii) Furnish the Board with an annual report by a certified public accountant or an authorized State agency of all funds remitted to such Board pursuant to this subpart; and

(viii) Not use funds it collects pursuant to this subpart to fund plans or projects which make use of any unfair or deceptive acts or practices with respect to the quality, value or use of any product that competes with soybeans or soybean products; and

(iii)(A) Except as otherwise provided in paragraph (a)(2)(ix)(B) of this section, funds collected or received by the Qualified State Soybean Board under this subpart shall not be used in any manner for the purpose of influencing any action or policy of the United States Government, any foreign or State government, or any political subdivision thereof.

(B) The prohibition in paragraph (a)(2)(ix)(A) of this section, shall not apply to—

An opportunity to request a referendum shall be provided to U.S. soybean producers to determine whether eligible producers favor the conduct of a referendum and the Request for Referendum shall be carried out in accordance with this subpart.

(a) The opportunity to request a referendum shall be provided at the county FSA offices.

(b) If the Secretary determines, based on results of the Request for Referendum that no less than 10 percent (not in excess of one-fifth of which may be producers in any one State) of all producers have requested a referendum on the Order, a referendum will be held within 1 year of that determination.

(c) If the Secretary determines, based on the results of the Request for Referendum, that the requirements in paragraph (b) of this section are not met, a referendum will not be conducted.

(d) For purposes of paragraphs (b) and (c) of this section, the number of soybean producers in the United States is determined to be 663,880.

§ 1220.617 Supervision of the process for requesting a referendum.

The Administrator, AMS, shall be responsible for supervising the process of permitting producers to request a referendum in accordance with this subpart.

§ 1220.618 Eligibility.

(a) Eligible producers. Each person who was a producer and provides evidence that they or the producer entity they represent has paid an assessment on soybeans during the representative period is provided the opportunity to request a referendum. Each producer entity is entitled to only one request.

(b) Proxy Registration. Proxy registration is not authorized, except that an officer or employee of a corporate producer, or any guardian, administrator, executor, or trustee of a producer's estate, or an authorized representative of any eligible producer entity (other than an individual producer), such as a corporation or partnership, may request a referendum on behalf of that entity. Any individual who requests a referendum on behalf of any producer entity, shall certify that he or she is authorized by such entity to take such action.

(c) Joint and group interest. A group of individuals, such as members of a family, joint tenants, tenants in common, a partnership, owners of community property, or a corporation engaged in the production of soybeans as a producer entity shall be entitled to make only one request for a referendum; provided, however, that any individual member of a group who is an eligible producer separate from the group may request a referendum separately.

§ 1220.619 Time and Place for Requesting a Referendum.

(a) The opportunity to request a referendum shall be provided during a 4-week period beginning and ending on a date determined by the Secretary. Eligible persons shall have the opportunity to request a referendum by following the procedures in §1220.622 during the normal business hours of each county FSA office.

§ 1220.620 Facilities.

Each county FSA office will provide:

(a) A polling place that is well known and readily accessible to producers in the county and that is equipped and arranged so that each person can complete and submit their request in secret without coercion, duress, or interference of any sort whatsoever, and

(b) A holding container of sufficient size so arranged that no request can be read or removed without breaking seals on the container.

§ 1220.621 Certification and request form.

Form LS–51–1 shall be used to request a referendum and certify producer eligibility. The form does not require a “yes” or “no” vote. Individual producers and representatives of other producer entities should read the form carefully. By completing and signing the form, the individual simultaneously certifies eligibility and requests that a referendum be conducted.

§ 1220.622 Certification and request procedures.

(a) To request that a referendum be conducted, each eligible producer shall, during the Request for Referendum period, be provided the opportunity to request a referendum during a specified period announced by the Secretary.

(1) Each eligible producer shall be required to complete form LS–51–1 in its entirety and sign it. The producer must legibly print his/her name and, if applicable, the producer entity represented, address, county, and telephone number. The producer must read the certification statement on form LS–51–1 and sign it certifying that:

(i) The person or the producer entity they represent was a producer of soybeans during the representative period;

(ii) The individual requesting a referendum on behalf of a corporation or other entity is authorized to do so; and

(iii) The individual has submitted only one request for a referendum unless they are also an authorized representative for another eligible corporation or other entity.

(2) The producer, corporation, or other entity must also provide documentation, such as a sales receipt, showing that the producer, corporation, or other entity has paid an assessment on soybeans during the representative period.

(3) Only a completed and signed form LS–51–1 accompanied by documentation showing that soybean assessments were paid during the representative period shall be considered a valid request for a referendum.

(b) To request a referendum, eligible producers may obtain form LS–51–1 in person, by mail, or by facsimile during the request for referendum period from the county FSA office where FSA maintains and processes the producer’s, corporation’s, or other entity’s administrative farm records. For the producer, corporation, or other entity not participating in FSA programs, the opportunity to request a referendum would be provided at the county FSA office serving the county where the producer, corporation, or other entity owns or rents land. Eligible producers may also obtain form LS–51–1 via the Internet at www.ams.usda.gov/lsg/mpb/rp-soy.htm. For those persons who chose to obtain form LS–51–1 via the Internet, the completed form and required documentation must be submitted to the county FSA office where FSA maintains and processes the producer’s, corporation’s, or other entity’s administrative farm records. For producer, corporation, or other entity not
participating in FSA programs, the opportunity to request a referendum would be provided at the county FSA office serving the county where the producer, corporation, or other entity owns or rents land.

(c) Producers or producer entities may return form LS–51–1 and the accompanying documentation in person, by mail, or facsimile to the appropriate county FSA office. Form LS–51–1 returned in person or by facsimile, must be received in the appropriate county FSA office prior to the close of the work day on the final day of the Request for Referendum period to be considered a valid request. Form LS–51–1 and the accompanying documentation returned by mail must be postmarked no later than midnight of the final day of the Request for Referendum period and must be received in the county FSA office prior to the start of canvassing Form LS–51–1. 

(d) Producers who obtain form LS–51–1 in person at the appropriate FSA county office may complete and return the form the same day, accompanied by documentation, such as a sales receipt, showing that soybean assessments were paid during the representative period.

§ 1220.623 Canvassing requests.

(a) Canvassing of Form LS–51–1 shall take place at the opening of county FSA offices on the 5th business day following the Request for Referendum period. Such canvassing, acting on behalf of the Administrator, AMS, shall be in the presence of at least two members of the county committee. If two or more of the counties have been combined and are served by one county office, the canvassing of the requests shall be conducted by at least one member of the county committee from each county served by the county office. The FSA State committee or the State Executive Director if authorized by the State Committee, may designate the County Executive Director (CED) and a county or State FSA office employee to canvass the requests and report the results instead of two members of the county committee when it is determined that the number of eligible voters is so limited that having two members of the county committee present for this function is impractical, and designate the CED and/or another county or State FSA office employee to canvass requests in any emergency situation precluding at least two members of the county committee from being present to carry out the functions required in this section.

(b) The request for referendum should be canvassed as follows:

(1) Number of eligible requests for a referendum. Each person who was a producer during the representative period and provides documentation to prove that they paid an assessment will be considered eligible to request a referendum.

(2) Number of ineligible requests for a referendum. If FSA cannot determine that a producer is eligible based on the submitted documentation or if the producer fails to submit the required documentation, the producer shall be determined to be ineligible. FSA shall notify ineligible producers in writing as soon as practicable but no later than the 8th business day following the final day of the Request for Referendum period.

(c) Appeal. A person declared to be ineligible by FSA can appeal such decision and provide additional documentation to the FSA county office within 5 business days after the postmark date of the letter of notification of ineligibility. FSA will then make a final decision on the producer’s eligibility and notify the producer of the decision.

(d) Number of valid requests for referendum. A person has been declared eligible and has provided and completed all of the required information on form LS–51–1.

(b) Each budget shall provide adequate funds to defray its proposed expenditures and to provide for a reserve as set forth in this subpart.

(c) Subject to this section, any amendment or addition to an approved budget that increases the budget must be approved by the Secretary. Shifts of funds that do not result in an increase in the Board’s approved budget and that are consistent with this subpart and the Board’s governing bylaws need not have prior approval by the Secretary.

(d) The Board is authorized to incur such expenses, including provision for a reasonable reserve, as the Secretary finds are reasonable and likely to be incurred by the Board for its maintenance and functioning, and to enable it to exercise its powers and perform its duties in accordance with the provisions of this subpart. Such expenses shall be paid from funds received by the Board.

(e) With approval of the Secretary, the Board may borrow money for the payment of administrative expenses, subject to the same fiscal, budget, and audit controls as other funds of the Board. Any funds borrowed by the Board shall be expended only for start-up costs and capital outlays and are limited to the first fiscal period of operation of the Board.

(f) The Board may accept voluntary contributions, but these shall only be used to pay expenses incurred in the conduct of programs, plans, and projects in accordance with the Order. Such contributions shall be free from any encumbrance by the donor and the Board shall retain complete control of their use.

(g) In accordance with §1221.118(a), the Board shall deposit funds in a refund escrow account and refrain from allocating this amount for expenditure until the Order is approved by the required referendum except as provided for in §1221.118.

(h) The Board shall allocate an appropriate amount each year to allow for payment of future referendums.

(i) The Board shall reimburse the Secretary for all expenses incurred by the Secretary in the implementation, administration, and supervision of the Order, including all referendum costs in connection with the Order.
§ 1221.113 Financial statements.

(a) As requested by the Secretary, the Board shall prepare and submit financial statements to the Secretary on a monthly basis. Each such financial statement shall include, but not be limited to, a balance sheet, income statement, and expense budget. The expense budget shall show expenditures during the time period covered by the report, fiscal period-to-date expenditures, and the unexpended budget.

(b) Each financial statement shall be submitted to the Secretary within 30 days after the end of the time period to which it applies.

(c) The Board shall submit annually to the Secretary an annual financial statement within 90 days after the end of the fiscal period to which it applies.

§ 1221.114 Operating reserve.

The Board may establish an operating monetary reserve and may carry over to subsequent fiscal period excess funds in a reserve so established, provided that funds in the reserve shall not exceed one fiscal period’s anticipated expenses.

§ 1221.115 Investment of funds.

The Board may invest, pending disbursement, funds it receives under this subpart, only in obligations of the United States or any agency of the United States; general obligations of any State or any political subdivision of a State; interest bearing accounts or certificates of deposit of financial institutions that are members of the Federal Reserve system; or obligations that are fully guaranteed as to principal and interest by the United States.

§ 1221.116 Assessments.

(a) The funds to cover the Board’s expenses shall be paid from assessments on producers and importers, donations from any person not subject to assessments under this Order, and other funds available to the Board and subject to the limitations contained therein.

(b) First handlers of domestic sorghum shall be responsible for collecting assessments from producers on all domestically handled sorghum. This includes sorghum of the first handler’s
own production. Grain pledged as collateral for a Commodity Credit Corporation price support loan program shall be considered handled sorghum. A first handler shall not collect an assessment on sorghum from a producer when said producer presents documentation demonstrating that an assessment has previously been collected on said sorghum.

(c) The following assessment rates for sorghum shall apply:

(1) Grain sorghum shall be initially assessed at a rate of 0.6 percent of net market value received by the producer pursuant to paragraph (e) of this section; and

(2) Sorghum forage, sorghum hay, sorghum haylage, sorghum billets, and sorghum silage shall be initially assessed at a rate of 0.35 percent of net market value received by the producer pursuant to paragraph (e) of this section.

(d) Importers of sorghum shall pay an assessment to the Board through Customs on sorghum imported into the United States. The following apply to imported sorghum:

(1) The assessment rates for imported sorghum shall be the same or equivalent to the rates for sorghum produced in the United States.

(2) The import assessment shall be uniformly applied to imported sorghum that is identified by the numbers 1007.00.0020 and 1007.00.0040 in the Harmonized Tariff Schedule of the United States.

(3) The assessments due on imported sorghum shall be paid when the sorghum enters the United States.

(4) If Customs does not collect an assessment from an importer, the importer is responsible for paying the assessment to the Board.

(e) The Board will review the assessment rates and may make recommendations to modify the assessment rates to the Secretary. Assessment rates may be raised or lowered no more than 0.2 percent of net market value received by producers and importers in any one calendar year. The maximum assessment rate cannot exceed 1 percent of the net market value received by producers and importers.

(f) Each person responsible for collecting assessments under paragraph (b) of this section shall remit the amount due to the Board in such a manner as required by regulations recommended by the Board and prescribed by the Secretary.

(g) Any unpaid assessment due to the Board pursuant to this section shall be increased 2 percent each month beginning with the day following the date such assessments were due. Any remaining amount due, which shall include any unpaid charges previously made pursuant to this paragraph, shall be increased at the same rate on the corresponding day of each month thereafter until paid. For the purposes of this paragraph, any assessment determined at a later date than the date prescribed by this subpart because of a person's failure to timely submit a report to the Board shall be considered to have been payable by the date it would have been due if the report had been filed timely. The timeliness of a payment to the Board shall be based on the applicable postmark date or the date actually received by the Board.

(h) An additional charge shall be imposed on any person subject to a late payment charge in the form of interest on the outstanding portion of any amount for which the person is liable. The rate of interest shall be prescribed by the Secretary.

(i) Persons failing to remit total assessments due in a timely manner may also be subject to actions under Federal debt collection procedures.

(j) The Board may authorize other organizations to collect assessments on its behalf with the approval of the Secretary.

(k) The collection of assessments pursuant to this section shall begin with respect to sorghum handled on or after the effective date established by the Secretary and shall continue until terminated or suspended by the Secretary.

(l) If the Board is not in place by the date the first assessments are to be collected, the Secretary shall have the authority to receive assessments and invest them on behalf of the Board, and shall pay such assessments and any interest earned to the Board when it is formed. The Secretary shall have the authority to promulgate rules and regulations concerning assessments and
§ 1221.117 Exemptions.

(a) Any importer of less than and including 1,000 bushels of grain sorghum or 5,000 tons of sorghum forage, sorghum hay, sorghum haylage, sorghum billets, or sorghum silage per calendar year may claim an exemption from the assessment required under § 1221.116.

(b) An importer desiring an exemption shall apply to the Board, on a form provided by the Board, for a certificate of exemption. An importer shall certify that the importer will import less than and including 1,000 bushels of grain sorghum or 5,000 tons of sorghum forage, sorghum hay, sorghum haylage, sorghum billets, or sorghum silage.

(c) Upon receipt of an application, the Board shall determine whether an exemption may be granted. The Board then will issue, if deemed appropriate, a certificate of exemption to each person who is eligible to receive one. It is the responsibility of these persons to retain a copy of the certificate of exemption.

(d) Importers who receive a certificate of exemption shall be eligible for reimbursement of assessments collected by Customs. These importers shall apply to the Board for reimbursement of any assessments paid. No interest will be paid on the assessments collected by Customs. Requests for reimbursement shall be submitted to the Board within 90 days of the last day of the calendar year the sorghum was actually imported.

(e) Any person who desires an exemption from assessments for a subsequent calendar year shall reapply to the Board, on a form provided by the Board, for a certificate of exemption.

(f) The Board may require persons receiving an exemption from assessments to provide to the Board reports on the disposition of exempt sorghum and, in the case of importers, proof of payment of assessments.

(g) A producer or importer who operates under an approved National Organic Program (NOP) (7 CFR part 205) system plan; produces or imports only products that are eligible to be labeled as 100 percent organic under the NOP, except as provided for in paragraph (m) of this section; and is not, or does not import products from, a split operation shall be exempt from the payment of assessments.

(h) To apply for an exemption under this section, the applicant shall submit the request to the Board or other party as designated by the Board, on a form provided by the Board, at any time initially and annually thereafter on or before January 1 as long as the applicant continues to be eligible for the exemption.

(i) The request shall include the following: The applicant’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6502), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(j) If the applicant complies with the requirements of this section, the Board or designee will grant the exemption and issue a Certificate of Exemption to the applicant. The Board will have 30 days from the date of receiving the request to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(k) The producer or importer shall provide a copy of the Certificate of Exemption to each first handler. The first handler shall maintain records showing the name and address of the exempt producer or importer and the exemption number assigned by the Board.

(l) The exemption will apply at the first reporting period following the issuance of the exemption.

Agricultural Marketing Service, USDA § 1221.120

(m) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer or importer from exemption under this section, except that producers or importers who produce or import both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR Part 205, provided all other criteria are met.

§ 1221.118 Refund escrow accounts.

(a) The Board shall establish an interest bearing escrow account with a financial institution that is a member of the Federal Reserve System and will deposit into such account an amount equal to the product obtained by multiplying the total amount of assessments collected by the Board during the period beginning on the effective date of the Order and ending on the date the Secretary announces the results of the required referendum by ten percent (10 percent).

(b) Upon failure of the required referendum, the Board shall pay refunds of assessments to eligible persons requesting refunds during the period beginning on the effective date of the Order and ending on the date the Secretary announces the results of the required referendum in the manner specified in paragraph (c) of this section.

(c) If the amount deposited in the escrow account is less than the amount of refunds requested, the Board shall prorate the amount deposited in such account among all eligible persons who request a refund of assessments paid no later than 90 days after the required referendum results are announced by the Secretary.

(d) If the Order is approved by the required referendum conducted under § 1221.130 then:

(1) The escrow account shall be closed; and

(2) The funds shall be available to the Board for disbursement under § 1221.112.

§ 1221.119 Refunds.

Any producer or importer from whom an assessment is collected and remitted to the Board, or who pays an assessment directly to the Board, under authority of the Act and this subpart through the announcement of the results of the required referendum, upon failure of the required referendum shall have the right to receive from the Board a refund of such assessment, or a prorated share thereof, upon submission of proof satisfactory to the Board that the producer or importer paid the assessment for which refund is sought. Any such demand shall be made by such producer or importer in accordance with the provisions of this subpart and in a manner consistent with regulations recommended by the Board and prescribed by the Secretary.

§ 1221.120 Procedure for obtaining a refund.

Upon failure of the required referendum, each producer or importer who paid an assessment pursuant to this subpart during the period beginning on the effective date of the Order and ending on the date the required referendum results are announced may obtain a refund of such assessment only by following the procedures prescribed in this section and any regulations recommended by the Board and prescribed by the Secretary:

(a) A producer or importer shall obtain a Board-approved refund application form from the Board. Such forms may be obtained by written request to the Board and the request shall bear the producer's or importer's signature or properly witnessed mark.

(b) Any producer or importer requesting a refund shall submit an application on the prescribed form to the Board within 60 days from the date the assessments were paid by such producer or importer but no later than the date the results of the required referendum are announced by the Secretary. The refund application shall show:

(1) Producer's or importer's name and address;
§ 1221.121 Programs, plans, and projects.

(a) The Board shall receive and evaluate, or on its own initiative develop, and submit to the Secretary for approval any program, plan, or project authorized under this subpart. Such programs, plans, or projects shall provide for:

(1) The establishment, issuance, effectuation, and administration of appropriate programs or promotion, research, and information, including consumer and industry information, with respect to sorghum; and

(2) The establishment and conduct of research with respect, but not limited to, The yield, use, nutritional value and benefits, sales, distribution, and marketing of sorghum, and the creation of new products thereof, to the end that the marketing and use of sorghum may be encouraged, expanded, improved, or made more acceptable; and to advance the image, desirability, or quality of sorghum.

(b) No program, plan, or project shall be implemented prior to its approval by the Secretary. Once a program, plan, or project is so approved, the Board shall take appropriate steps to implement it.

(c) Each program, plan, or project implemented under this subpart shall be reviewed or evaluated periodically by the Board to ensure that it contributes to an effective program of promotion, research, or information. If it is found by the Board that any such program, plan, or project does not contribute to an effective program of promotion, research, or information, then the Board shall terminate such program, plan, or project.

(d) No program, plan, or project including advertising shall be false or misleading or disparaging to another agricultural commodity. Sorghum of all origins shall be treated equally.

§ 1221.122 Independent evaluation.

Pursuant to the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 7401), the Board shall, not less often than every five years, authorize and fund, from funds otherwise available to the Board, an independent evaluation of the effectiveness of the Order and other programs conducted by the Board pursuant to the Act. The Board shall submit to the Secretary, and make available to the public, the results of each periodic independent evaluation conducted under this paragraph.

§ 1221.123 Patents, copyrights, inventions, trademarks, information, publications, and product formulations.

(a) Any patents, copyrights, inventions, trademarks, information, publications, or product formulations developed through the use of funds collected by the Board under the provisions of this subpart shall be the property of the U.S. Government, as represented by the Board, and shall, along with any rents, royalties, residual payments, or other income from the rental, sales, leasing, franchising, or other uses of such patents, copyrights, inventions, trademarks, information, publications, or product formulations, inure to the benefit of the Board; shall be considered income subject to the same fiscal,
budget, and audit controls as other funds of the Board; and may be licensed subject to approval by the Secretary. Upon termination of this subpart, §1221.132 shall apply to determine disposition of all such property.

(b) Should patents, copyrights, inventions, trademarks, information, publications, or product formulations be developed through the use of funds collected by the Board under this subpart and funds contributed by another organization or person, ownership and related rights to such patents, copyrights, inventions, trademarks, information, publications, or product formulations shall be determined by agreement between the Board and the party contributing funds towards the development of such patents, copyrights, inventions, trademarks, information, publications, or product formulations in a manner consistent with paragraph (a) of this section.

(2) Number of bushels or tons of domestic sorghum within the State on which an assessment was paid;

(3) The amount of assessments remitted on sorghum within the State;

(5) The explanation, if necessary, to show why the remittance is less than the applicable assessment rate multiplied by the net market price multiplied by the number of bushels or tons within the State that were marketed to the first handler; and

(6) The first handler’s tax identification number.

(b) Each importer will be required to provide to the Board periodically such information as may be required by the Board, with the approval of the Secretary, which may include but not be limited to the following:

(1) Number of bushels or tons of sorghum imported;

(2) Number of bushels or tons of imported sorghum on which an assessment was paid;

(3) The amount of assessments remitted;

(4) Date that any assessments were paid;

(5) The explanation, if necessary, to show why the remittance is less than the applicable assessment rate multiplied by the net market value; and

(6) The importer’s tax identification number.

§1221.125 Books and records.

(a) Each first handler, producer, or importer subject to this subpart shall maintain and make available during normal business hours for inspection by employees or agents of the Board or the Secretary such books and records as are necessary to carry out the provisions of this part, including records necessary to verify any required reports. Such records shall be maintained for at least 2 years beyond the fiscal period of their applicability.

(b) Each first handler responsible for collecting assessments pursuant to this subpart is required to give the producer from whom the assessment was collected, written evidence of payment of the assessment paid pursuant to this subpart. Such written evidence serving as a receipt shall include, but not be limited to, the following information:

(1) Name and address of the first handler,

(2) Name of producer who paid the assessment,

(3) Total number of bushels or tons of sorghum on which the assessment was paid,

(4) Total assessment paid by the producer,

(5) Date on which assessments were paid, and

(6) Such other information as the Board, with the approval of the Secretary, may require.

§1221.126 Use of information.

Information from records or reports required pursuant to this subpart shall be made available to the Secretary as
is appropriate to the administration or enforcement of the Act, subpart, or any regulation issued under the Act. In addition, the Secretary may authorize the use, under this part, of information regarding producers, first handlers, or importers, that is accumulated under laws or regulations other than the Act or regulations issued under the Act.

§ 1221.127 Confidential treatment.

All information obtained from books, records, or reports under the Act and this part shall be kept confidential by all persons, including all employees and former employees of the Board, all officers and employees and former officers and employees of contracting and subcontracting agencies or agreeing parties having access to such information. Such information shall not be available to Board representatives, first handlers, producers, or importers. Only those persons having a specific need for such information to effectively administer the provisions of this subpart shall have access to such information. Only such information so obtained as the Secretary deems relevant shall be disclosed by them, and then only in a judicial proceeding or administrative hearing brought at the direction, or on the request, of the Secretary, or to which the Secretary or any officer of the United States is a party, and involving this subpart. Nothing in this section shall be deemed to prohibit:

(a) The issuance of general statements based upon the reports of the number of persons subject to this subpart or statistical data collected therefrom, which statements do not identify the information furnished by any person; and

(b) The publication, by direction of the Secretary, of the name of any person who has been adjudged to have violated this part, together with a statement of the particular provisions of this part violated by such person.

QUALIFICATION OF SORGHUM PRODUCER ORGANIZATIONS

§ 1221.128 Qualification.

(a) Organizations receiving qualification from the Secretary will be entitled to submit requests for funding to the Board pursuant to §1221.112(j). Only one sorghum producer organization per State may be qualified.

(b) State-legislated sorghum promotion, research, and information organizations may request qualification and will be considered first for qualification by the Secretary.

(c) If a State-legislated sorghum promotion, research, and information organization does not elect to seek qualification from the Secretary within a specified time period as determined by the Secretary, or does not meet eligibility requirements as specified by the Secretary, then any State sorghum producer organization whose primary purpose is to represent sorghum producers within a State, or any other State organization that has sorghum producers as part of its membership, may request qualification.

(d) Qualification shall be based, in addition to other available information, upon a factual report submitted by the organization that shall contain information deemed relevant and specified by the Secretary for the making of such determination, including the following:

(1) The geographic territory covered by the organization's active membership;

(2) The nature and size of the organization's active membership, proportion of active membership accounted for by producers, a map showing the sorghum-producing counties in which the organization has active members, the volume of sorghum produced in each such county, the number of sorghum producers in each such county, and the size of the organization's active sorghum producer membership in each such county;

(3) The extent to which the sorghum producer membership of such organization is represented in setting the organization's policies;

(4) Evidence of stability and permanency of the organization;

(5) Sources from which the organization's operating funds are derived;

(6) The functions of the organization; and

(7) The ability and willingness of the organization to further the purpose and objectives of the Act.
(e) The primary consideration in determining the eligibility of an organization shall be whether its sorghum producer membership consists of a sufficiently large number of sorghum producers who produce a relatively significant volume of sorghum to reasonably warrant its qualification to submit requests for funding to the Board. Any sorghum producer organization found eligible by the Secretary under this section will be qualified by the Secretary, and the Secretary’s determination as to eligibility shall be final.

**MISCELLANEOUS**

§ 1221.129 Right of the Secretary.

All fiscal matters, programs, plans, or projects, rules or regulations, reports, or other substantive actions proposed and prepared by the Board shall be submitted to the Secretary for approval.

§ 1221.130 Referenda.

(a) For the purpose of ascertaining whether the persons subject to this part favor the continuation, suspension, or termination of this part, the Secretary shall conduct a referendum among persons subject to assessments under § 1221.116 who, during a representative period determined by the Secretary, have engaged in the production or importation of sorghum.

(1) The referendum shall be conducted not later than 3 years after assessments first begin under this part.

(2) This part will be approved in a referendum if a majority of those persons voting vote for approval.

(c) The Secretary may conduct a referendum at any time to determine whether the continuation, suspension or termination of this part or a provision of this part is favored by sorghum producers and importers eligible to vote.

(d) The Board shall reimburse the Secretary for any expenses incurred by the Secretary to conduct referenda.

(e) A referendum conducted under this section with respect to this part shall be conducted in the manner determined by the Secretary to be appropriate.

§ 1221.131 Suspension or termination.

(a) The Secretary shall suspend or terminate this part or subpart or a provision thereof if the Secretary finds that the subpart or a provision thereof obstructs or does not tend to effectuate the purposes of the Act, or if the Secretary determines that this subpart or a provision thereof is not favored by persons voting in a referendum conducted pursuant to the Act.

(b) The Secretary shall suspend or terminate this subpart at the end of the fiscal period whenever the Secretary determines that its suspension or termination is approved or favored by a majority of the producers and importers voting who, during a representative period determined by the Secretary, have been engaged in the production or importation of sorghum.

(c) If, as a result of a referendum the Secretary determines that this subpart is not approved, the Secretary shall:

(1) No later than 180 days after making the determination, suspend or terminate, as the case may be, collection of assessments under this subpart; and

(2) As soon as practical, suspend or terminate, as the case may be, activities under this subpart in an orderly manner.

§ 1221.132 Proceedings after termination.

(a) Upon the termination of this subpart, the Board shall recommend not more than five of its representatives to the Secretary to serve as trustees for the purpose of liquidating the affairs of the Board. Such persons, upon designation by the Secretary, shall become trustees of all of the funds and property then in the possession or under control of the Board, including claims for any funds unpaid or property not delivered, or any other claim existing at the time of such termination.

(b) The said trustees shall:

(b) Release or extinguish any violation of this part; or

(c) Affect or impair any rights or remedies of the United States, or of the Secretary, or of any other persons with respect to any such violation.

§ 1221.134 Personal liability.

No representative or employee of the Board shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such representative or employee, except for acts of dishonesty or willful misconduct.

§ 1221.135 Separability.

If any provision of this subpart is declared invalid or the applicability thereof to any person or circumstances is held invalid, the validity of the remainder of this subpart or the applicability thereof to other persons or circumstances shall not be affected thereby.

Amendments to this subpart may be proposed from time to time by the Board or by any interested person affected by the provisions of the Act, including the Secretary.

§ 1221.137 Rules and regulations.

The Secretary may prescribe such rules and regulations as may be necessary to effectively carry out the provisions of this subpart.

(c) Any residual funds not required to defray the necessary expenses of liquidation shall be turned over to the Secretary to be used, to the extent practicable, in the interest of continuing one or more of the plans and projects authorized pursuant to this subpart.

§ 1230.86 Effect of termination or amendment.

Unless otherwise expressly provided by the Secretary, the termination of this subpart or of any regulation issued pursuant hereto, or the issuance of any amendment to either thereof, shall not:

(f) The person responsible for collecting and remitting the assessment to the Board shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(g) An importer who imports only products that are eligible to be labeled as 100 percent organic under the NOP (7 CFR part 205) and who is not a split operation shall be exempt from the payment of assessments. That importer may submit documentation to the Board and request an exemption from assessment on 100 percent organic porcine animals or pork and pork products—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers in paragraph (c) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic porcine animals or pork and pork products bearing this HTS classification assigned by the Board will not be subject to assessments.

(h) The exemption will apply immediately following the issuance of the Certificate of Exemption.

(i) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR 205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

Notwithstanding any provisions of the Order to the contrary, State associations that receive less than $30,000 in distributed assessments annually and submit unaudited annual financial statements to the Board shall be required to audit the unaudited financial statements every 5 years in lieu of the required financial statements.

A producer voting as an individual or as a representative of a corporation or other entity not participating in FSA programs, shall register and vote in the county FSA office where the individual producer or corporation or other entity owns hogs or pigs. An individual or an authorized representative of a corporation or other entity who owns hogs or pigs in more than one county shall register and vote in the county FSA office where the individual or corporation or other entity does most of their business. Producers shall be required to record on the In-Person Voter Registration List (Form LS–75) their name and address, and if applicable, the name and address of the corporation or other entity they represent before they can receive a registration form and

(2) Each eligible producer who has not voted by means of an absentee ballot may cast a ballot in-person at the location and time set forth in §1230.625 and on September 19, 20, 21, 2000. Eligible producers who record their names and addresses and, if applicable, the name and address of the corporation or other entity they are authorized to represent on the In-Person Voter Registration List (Form LS–75) will receive a combined registration and certification form printed on an envelope (Form LS–72–2) and a ballot (Form LS–72). Producers will enter the information requested on the combined registration and certification form/envelope (Form LS–72–2) as indicated above. Producers will then mark their ballots to indicate “yes” or “no.” Producers will place their completed ballots in an envelope marked “Pork Ballot” (Form LS–72–1), seal and place it in the completed and signed registration form/envelope marked “Pork Referendum” (Form LS–72–2), seal that envelope and personally place it in a box marked “Ballot Box” or other designated receptacle. Voting will be conducted on-site under the supervision of the county FSA County Executive Director (CED).

(b) Absentee voting. (1) Eligible producers who are unable to vote in-person may request an absentee voting package consisting of a combined registration and absentee ballot form (Form LS–73) and two envelopes—one marked “Pork Ballot” (Form LS–72–1) and the other marked “Pork Referendum” (Form LS–73–1) by mail, telephone, facsimile, or by picking up one in-person from the county FSA office where FSA maintains and processes the producer’s administrative farm records.

The ballots of producers voting in-person whose names are not on the In-Person Voter Registration List (Form LS–75) and the Absentee Voter Request List (Form LS–74) will be declared invalid. Likewise, the ballots of producers voting absentee whose names are not on the Absentee Voter Request List (Form LS–75), will be declared invalid. All ballots of challenged producer voters declared ineligible and invalid ballots will be kept separate from the other ballots and the envelopes containing these ballots will not be opened. The valid ballots will be counted on November 29, 2000, during regular business hours on the 46th business day after the last day of the in-person voting period. FSA county office employees will remove the sealed “Pork Ballot” envelopes (Form LS–72–1) from the registration form envelopes and “Pork Referendum” envelopes (absentee voting) envelopes of all eligible producer voters and all challenged producer voters determined to be eligible. After removing all “Pork Ballot” envelopes, FSA county employees will shuffle the sealed “Pork Ballot” envelopes or otherwise mix them up so that ballots cannot be matched with producers’ names. (iv) Number of challenged producer ballots deemed ineligible;
(v) Number of invalid ballots; and
(vi) Number of spoiled ballots.

Ballots will be declared invalid if a producer voting in person has failed to print his or her name and address on the In-Person Voter Registration List (Form LS–75) or if an absentee voter’s name and address is not recorded on the Absentee Voter Request List (Form LS–74), or the registration form or ballot was incomplete or incorrectly completed.

(3) Spoiled ballots. Ballots will be considered spoiled if they are mutilated or marked in such a way that it cannot be determined whether the voter is voting “yes” or “no.” Spoiled ballots shall not be considered as approving or disapproving the Pork Checkoff Program, or as a ballot cast in the referendum.

(4) Confidentiality. All ballots shall be confidential and the contents of the ballots not divulged except as the Secretary may direct. The public may witness the opening of the ballot box and the counting of the votes but may not interfere with the process.

(b) Importers—(1) Counting the ballots. FSA headquarters personnel, acting on behalf of the Administrator, AMS, will check the registration forms and ballots for all importer voters against the Importer Ballot Request List (Form LS–77) to determine properly registered voters. The ballots of importer voters whose names are not recorded on the Importer Ballot Request List (Form LS–77), will be declared invalid. All ballots of importer voters declared invalid will be kept separate from the other ballots and the envelopes containing these ballots will not be opened. The valid ballots will be counted on November 29, 2000, during regular office hours on the 46th business day after the date of the last day of the in-person voting period. FSA headquarters office employees will remove the sealed “Pork Ballot” envelope (Form LS–72–1) from the “Pork Referendum” envelopes (Form LS–73–1) of all eligible importer voters. After removing all “Pork Ballot” envelopes, FSA headquarters employees will shuffle the sealed “Pork Ballot” envelopes or otherwise mix them up so that ballots cannot be matched with importers’ names. After shuffling the “Pork Ballot” envelopes, FSA headquarters employees will open the envelopes and count the ballots. The ballots will be counted as follows:

(i) Number of eligible importers casting valid ballots;
(ii) Number of importers favoring continuation of the Pork Checkoff Program;
(iii) Number of importers favoring termination of the Pork Checkoff Program;
(iv) Number of importer ballots deemed invalid; and
(v) Number of spoiled ballots.

(2) Invalid ballots. Ballots will be declared invalid if an importer voter’s name was not recorded on the Importer Ballot Request List (Form LS–77), or the registration form or ballot was incomplete or incorrectly completed.

(3) Spoiled ballots. Ballots will be considered spoiled if they were mutilated or marked in such a way that it cannot be determined whether the voter is voting “yes” or “no.” Spoiled ballots shall not be considered as a ballot cast in the referendum.

(4) Confidentiality. All ballots shall be confidential and the contents of the ballots not divulged except as the Secretary may direct. The public can witness the opening of the ballot box and the counting of the votes but can not interfere with the process.

If no notice to the contrary is received from the Administrator, AMS, by the end of such time, the records shall be destroyed.

§ 1240.107 Policy and objective.
(a) It shall be the policy of the Board to carry out an effective and continuous coordinated program of marketing research, development, advertising, and promotion in order to help maintain and expand existing domestic and foreign markets for honey and to develop new or improved markets.
(b) It shall be the objective of the Board to carry out programs and projects which will provide maximum benefit to the honey industry and no undue preference shall be given to any of the various industry segments.

§ 1240.108 Contracts.
The Board, with the approval of the Secretary, may enter into contracts or make agreements with persons for the development and submission to it of plans or projects authorized by the Order and for carrying out of such plans or projects. Contractors shall agree to comply with the provisions of this part. Subcontractors who enter into contracts or agreements with a primary contractor and who receive or otherwise utilize funds allocated by the Board shall be subject to the provisions of this part. All records of contractors and subcontractors applicable to contracts entered into by the Board are subject to audit by the Secretary.

§ 1240.109 Procedure.
The Organization of the Board and the procedure for conducting meetings of the Board shall be in accordance with the By-Laws of the Board.

§ 1240.110 U.S. Department of Agriculture costs.
The Board shall reimburse the U.S. Department of Agriculture (USDA) from assessments for administrative costs incurred by USDA with respect to the Order after its promulgation and for any administrative expenses incurred by USDA for the conduct of referenda. The Board shall pay those administrative costs incurred by USDA for the conduct of its duties under the Order as determined periodically by the Secretary. USDA will bill the Board quarterly and payment shall be due promptly after the billing of such costs.

§ 1240.111 First handler and producer-packer.
Persons who are first handlers or producer-packers include but are not limited to the following:
(a) When a producer delivers honey from his or her own production to a packer or processor for processing in preparation for marketing and consumption, the packer or processor is the first handler, regardless of whether he or she handles the honey for his or her own account or for the account of the producer or the account of other persons.
(b) When a producer delivers honey to a handler who takes title to such honey and places it in storage, such handler is the first handler.
(c) When a producer delivers honey to a commercial storage facility for the purpose of holding such honey under his or her own account for later sale, the first handler of such honey would be identified on the basis of later handling of such honey.
(d) When a producer packages and sells honey of his or her own production at a roadside stand or other facility to consumers or sells to wholesale or retail outlets or other buyers, the producer is a producer-packer.
(e) When a producer sells unprocessed or processed honey from his or her own production directly to a commercial user or food processor who utilizes such honey as an ingredient in the manufacture of formulated products, the producer is a producer-packer.
(f) When a producer uses honey from his or her own production in the manufacture of formulated products for his or her own account and for the account of others, the producer is the producer-packer.
(g) When a producer delivers a lot of honey to a processor who processes and packages a portion of such lot of honey for his or her own account and sells the
balance of the lot, with or without further processing, to another processor or commercial user, the first processor is the first handler for all the honey.

(h) When a producer supplies honey to a cooperative marketing organization which sells or markets the honey, without further processing and packaging, the cooperative marketing organization becomes the first handler upon physical delivery to such cooperative.

(i) When a producer uses honey from his or her own production for feeding his or her own bees, such honey is not handled at that time. Honey in any form sold and shipped to any persons for the purpose of feeding bees is handled and is subject to assessment. The buyer of the honey for feeding bees is the first handler.

§ 1240.113 Importer.

Each lot of honey and honey products imported into the United States is subject to assessment under this part. Such assessment shall be paid by the importer of such honey and honey products at the time of entry or withdrawal for consumption into the United States. Any person who imports honey or honey products into the United States as principal, agent, broker, or consignee for honey produced outside the United States and imported into the United States shall be the importer.

§ 1240.114 Exemption procedures.

(a) To obtain a Certificate of Exemption for organic honey, an eligible producer shall submit a request for exemption to the Board—on a form provided by the Board—at any time initially and annually thereafter on or before January 1 as long as the producer continues to be eligible for the exemption. The request shall include the following: The producer’s name and address, a copy of the organic farm or organic handling operation certificate provided by a USDA-accredited certifying agent as defined in section 2103 of the Organic Foods Production Act of 1990 (7 U.S.C. 6602), a signed certification that the applicant meets all of the requirements specified for an assessment exemption, and such other information as may be required by the Board and with the approval of the Secretary.

(b) If the producer complies with the requirements of this section, the Board will approve the exemption and issue a Certificate of Exemption to the producer. For exemption requests received on or before August 15, 2005, the Board will have 60 days to approve the exemption request; after August 15, 2005, the Board will have 30 days to approve the exemption request. If the application is disapproved, the Board will notify the applicant of the reason(s) for disapproval within the same timeframe.

(c) A producer receiving an organic exemption shall provide a copy of the Certificate of Exemption to each first handler, producer-packer, importer, and exporter to whom the producer sells honey. The handler shall maintain records showing the exempt producer’s name and address and the exemption number assigned by the Board.

(d) An importer who is eligible to be exempt from the payment of assessments on imported organic honey and honey products may request an exemption from assessment on 100 percent organic honey and honey products—on a form provided by the Board—at any time initially and on or before January 1 as long as the importer continues to be eligible for the exemption. This documentation shall include the same information required of producers and producer-packers in paragraph (a) of this section. If the importer complies with the requirements of this section, the Board will grant the exemption and issue a Certificate of Exemption to the importer. The Board will also issue the importer a 9-digit alphanumeric Harmonized Tariff Schedule (HTS) classification valid for 1 year from the date of issue. This HTS classification should be entered by the importer on the Customs entry documentation. Any line item entry of 100 percent organic honey and honey products bearing this HTS classification assigned by the Board will not be subject to assessments.

(e) The exemption will apply immediately following issuance of the Certificate of Exemption.

(f) Agricultural commodities produced and marketed under an organic system plan, as described in 7 CFR
281

205.201, but not sold, labeled, or represented as organic, shall not disqualify a producer from exemption under this section, except that producers who produce both organic and non-organic agricultural commodities as a result of split operations shall not qualify for exemption. Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

§ 1240.115 Levy of assessments.

(a) Time of payment. The assessment shall become due at the time assessable honey is first handled or entered or withdrawn for consumption into the United States pursuant to this part.

(b) An assessment of one cent per pound is levied on honey produced in the United States, on imported honey entered or withdrawn for consumption into the United States, and on honey used in imported honey products entered or withdrawn for consumption into the United States except that assessments shall not be levied on the following:

(1) Any persons other than importers holding a valid exemption certificate pursuant to §1240.42 during the 12-month period ending on December 31;

(2) That portion of honey which does not enter the current of commerce which is utilized solely to sustain a producer’s or producer-packer’s own colonies of bees;

(3) That portion of otherwise assessable honey which is contained in imported products wherein honey is not a principal ingredient. Honey subject to assessment shall be assessed only once.

(c) The assessment on each lot of honey handled in the United States shall be paid by the first handler who handles, or by the producer-packer who produces and handles such honey.

(1) The first handler shall collect and pay assessments to the Board unless such handler has received documentation acceptable to the Board that the assessment has been previously paid.

(2) A producer-packer shall pay, or collect and pay, assessments to the Board unless—

(i) Such producer-packer has obtained an exemption from the Board applicable to the honey which that producer-packer produced or produced and handled; or

(ii) Has received documentation acceptable to the Board that the assessment has been previously paid.

(d) Assessments shall be levied with respect to honey pledged as collateral for a loan or loan deficiency payment under the Commodity Credit Corporation (CCC) Honey Price Support Program in accordance with an agreement entered into between the Honey Board and the CCC. The assessment will be deducted from the proceeds of the loan or loan deficiency payment by the CCC and forwarded to the Board, except that the assessment shall not be deducted in the case of a honey marketing cooperative that has already deducted the assessment or that portion of the assessment paid to a qualified State plan exempted by the Board. The Secretary, through the CCC, shall provide for the producer to receive a statement of the amount of the assessment deducted from the loan funds or loan deficiency payment promptly after each occasion when an assessment is deducted from any such loan funds or payment under this subsection.

(e) The U.S. Customs Service (USCS) will collect assessments on all honey or honey products where honey is the principal ingredient imported under its tariff schedule (HTS heading numbers 0409.00.00 and 2106.90.9988) at the time of entry or withdrawal for consumption and forward such assessment as per the agreement between the USCS and USDA. Any importer or agent who is exempt from payment of assessments pursuant to §1240.42 (a) and (b) of the Order may apply to the Board for reimbursement of such assessment paid.

(f) A late payment charge shall be imposed on any handler, producer-packer, or importer except as otherwise authorized by the Board, who fails to pay to the Board within the time prescribed in this subpart the total amount of assessment due for which any such handler, importer, or producer-packer is liable. (2) Persons using such procedure shall provide a monthly accounting of actual handling and assessments.

(3) Specific requirements, instructions, and forms for making such advance payments shall be provided by the Board upon request.

(a) All information obtained from such books, records, or reports shall be kept confidential by all officers and employees of the Department of Agriculture and the Board, and only such information so furnished or acquired as the Secretary deems relevant shall be disclosed by them, and then only in a suit or administrative hearing brought at the direction, or upon the request of the Secretary, or to which the Secretary or any officer of the United States is a party and involving this subpart. § 1250.356 Certification of organizations.

Any organization may request the Secretary for certification of eligibility to participate in nominating members and alternate members on the Board to represent the geographic area in which the organization represents egg producers. reasonably warrant its participation in
the nomination of members for the
Board or to request the issuance of an

may direct, and (4) upon the request of
the Secretary, execute such assign-
ments or other instruments necessary
or appropriate to vest in such person
full title and right to all of the funds,
property, and claims vested in the
Board or the trustees pursuant to this
subpart.
(c) Any person to whom funds, prop-
erty, or claims have been transferred
or delivered pursuant to this subpart
shall be subject to the same obligation
imposed upon the Board and upon the

promotion programs hitherto author-

§ 1250.359 Effect of termination or
amendment.
Unless otherwise expressly provided
by the Secretary, the termination of
this subpart or of any regulation issued
pursuant hereto, or the issuance of any
amendment to either thereof, shall not:
(a) Affect or waive any right, duty,
obligation, or liability which shall
have risen or which may hereafter
arise in connection with any provision
of this subpart or any regulation issued
thereunder;
(b) Release or extinguish any viola-
tion of this subpart or any regulation
issued hereunder; or
(c) Affect or impair any rights or
remedies of the United States, or of the
Secretary, or of any person, with re-

(3) Except as otherwise provided in paragraph (a)(4) of this section, a producer who grades, cartons, or breaks eggs of his own production shall be responsible for remitting the assessment to the Board on all eggs produced. This would include the eggs which he grades, cartons, or breaks as well as the nest run eggs which are graded, cartoned, or broken by another handler. Such a producer who remits the assessment on nest run eggs to the Board shall provide the handler specified in paragraph (a) (1) or (2) of this section with a written statement that the assessment has already been paid on the nest run eggs; or

(4) Upon approval of the Board, any person who handles eggs for a producer under a written contract that includes express provisions that said handler will remit the assessment on such eggs to the Board shall be the collecting handler notwithstanding the fact that the producer may have graded, cartoned, or otherwise processed the eggs.

Following are some examples to aid in identification of collecting handlers:

(i) Producer sells, assigns, consigns, or otherwise delivers nest run eggs of his own production to a shell egg packer or breaker for preparation for market—the shell egg packer or breaker is the collecting handler and is responsible for remitting to the Egg Board;

(ii) Producer grades, cartons, breaks, or otherwise prepares for marketing a portion of the eggs of his own production and delivers the remaining portion of his nest run eggs to a shell egg packer or breaker—the producer is the collecting handler and shall remit the assessment on his total production to the Board;

(iii) Producer sells all or a portion of his eggs in nest run form to a handler who is not a shell egg packer or breaker—the handler is responsible for collecting the assessment and remitting it to the Egg Board except for eggs covered by a statement indicating that an assessment has already been paid;

(iv) A shell egg packer or breaker who buys or receives nest run eggs from a handler who is not a shell egg packer or breaker—the handler is responsible for collecting the assessment and remitting it to the Egg Board except for eggs covered by a statement indicating that an assessment has already been paid.

§ 1250.515 Reporting period and payment.

(a) For the purpose of the payment of assessments, either a calendar month or a 4-week accounting period shall be considered the reporting period; however, other accounting periods may be used when approved by the Board on an individual basis. Each collecting handler shall register his reporting period with the Board. All changes in reporting periods shall be requested in writing and subject to approval by the Board.

(b) Each producer shall pay the required assessment on his commercial eggs pursuant to §1250.514 to the collecting handler designated in §1250.516 on or before the date of final settlement between the producer and the collecting handler for the eggs received by the collecting handler during each reporting period.

(v) A shell egg packer or egg breaker buys nest run or graded eggs including underage eggs from another shell egg packer or egg breaker—the first shell egg packer or breaker is the collecting handler and shall remit such assessments to the Board.

(b) In the event of a producer’s death, bankruptcy, receivership, or incapacity to act, the representative of the producer or his estate, or the person acting on behalf of creditors, shall be considered the producer of the eggs for the purpose of this subpart.

(c) The collecting handler may collect the assessment directly from the producer or deduct the assessment from the proceeds due or paid to the producer on whose eggs the assessment is made.

§ 1250.518 Receipts for payment of assessments.

(a) Each collecting handler shall give each producer whose eggs are subject to assessment a receipt for the commercial eggs handled by said collecting handler showing payment of the assessment. This receipt may be on a separate receipt form or included as part of the invoice or settlement sheet for the eggs, but in either event shall contain the following information:

(1) Name, address, and identification number of the collecting handler;

(2) Name and address of the producer who paid the assessment;

(3) Number of cases of eggs on which assessment was paid and the total amount of the assessment; and

(4) Date on which assessment was paid by producer.

(b) All eggs sold, consigned, or delivered from a collecting handler to another handler, excluding cartoned eggs and loose graded eggs sold to the bakeries, restaurants, and institutions, shall be accompanied with the collecting handler’s written statement that the assessment on the lot of eggs covered by the invoice has been paid or that lot of eggs or portion thereof is exempt from assessment under provisions of § 1250.514.

§ 1250.519 Late-payment charge.

Any unpaid assessments due to the Board pursuant to § 1250.347 shall be increased by a late-payment charge of 1.5 percent each month beginning with the day following the date such assessments are 30 days past due. Any remaining amount due, which shall include any unpaid charges previously remitted to the Board, shall be increased by a late-payment charge of 1.5 percent each month beginning with the 15th day after the end of said reporting period together with a report pursuant to § 1250.529.
made pursuant to this section, shall be increased at the same rate on the corresponding day of each month thereafter until paid. Assessments that are not paid when due because of a person's failure to submit a handler report to the Board as required shall accrue late-payment charges from the time such assessments should have been remitted. The timeliness of a payment to the Board shall be based on the applicable postmark date or the date payment is actually received by the Board, whichever is earlier.

(b) The Board shall be composed of cattle producers and importers appointed by the Secretary from nominations submitted pursuant to the Act and regulations of this Part. A producer may only be nominated to represent the unit in which that producer is a resident.

(c) At least every three (3) years, and not more than every two (2) years, the Board shall review the geographic distribution of cattle inventories throughout the United States and the volume of imported cattle, beef, and beef products and, if warranted, shall reappoint units and/or modify the number of Board members from units in order to best reflect the geographic distribution of cattle production volume in the United States and the volume of imported cattle, beef, or beef products into the United States.

(d) The Board may recommend to the Secretary a modification in the number of cattle per unit necessary for representation on the Board.

(e) The following formula will be used to determine the number of Board members who shall serve on the Board for each unit:

1. Each geographic unit or State that includes a total cattle inventory equal to or greater than five hundred thousand (500,000) head of cattle shall be entitled to one representative on the Board.

2. States which do not have total cattle inventories equal to or greater than five hundred thousand (500,000) head of cattle shall be grouped, to the extent practicable, into geographically contiguous units each of which have a combined total inventory of not less than 500,000 head of cattle and such unit(s) shall be entitled to at least one representative on the Board.

3. Importers shall be represented by a single unit, with the number of Board members representing such unit based upon a conversion of the total volume of imported cattle, beef or beef products into live animal equivalencies.

4. Each unit shall be entitled to representation by an additional Board member for each one million (1,000,000) head of cattle within the unit which exceeds the initial five hundred thousand (500,000) head of cattle within the unit qualifying such unit for representation.

(f) In determining the volume of cattle within the units, the Board and the Secretary shall utilize the information received by the Board pursuant to §§1260.201 and 1260.202 industry data and data published by the Department.

§ 1260.142 Term of office.

(a) The members of the Board shall serve for terms of three (3) years, except that the members appointed to the initial Board shall serve, proportionately, for terms of 1, 2, and 3 years. To the extent practicable, the terms of Board members from the same unit shall be staggered for the initial Board.
§ 1260.143 Nominations.

All nominations authorized under this section shall be made in the following manner:

(a) Nominations shall be obtained by the Secretary from eligible organizations. Only an eligible organization shall submit nominations for positions on the Board representing units in which such eligible organization can establish that it is certified as an eligible organization to submit nominations for that unit. If the Secretary determines that a unit is not represented by an eligible organization, then the Secretary may solicit nominations from organizations, and producers residing in that unit.

(b) Nominations for representation of the importer unit may be submitted by—

(1) Organizations which represent importers of cattle, beef or beef products, as determined by the Secretary, or

(2) Individual importers of cattle, beef or beef products. Individual importers submitting nominations for representation of the importer unit must establish to the satisfaction of the Secretary that the persons submitting the nominations are importers of cattle, beef or beef products.

(c) After the establishment of the initial Board, the Department shall announce when a vacancy does or will exist. Nominations for subsequent Board members shall be submitted to the Secretary not less than sixty (60) days prior to the expiration of the terms of the members whose terms are expiring, in the manner as described in this section. In the case of vacancies due to reasons other than the expiration of a term of office, successor Board members shall be appointed pursuant to §1260.146.

(d) Where there is more than one eligible organization representing producers in a unit, they may caucus and jointly nominate two qualified persons for each position representing that unit on the Board for which a member is to be appointed. If joint agreement is not reached with respect to any such nominations, or if no caucus is held, each eligible organization may submit to the Secretary two nominees for each appointment to be made to represent that unit.

§ 1260.144 Nominee's agreement to serve.

Any producer or importer nominated to serve on the Board shall file with the Secretary at the time of the nomination a written agreement to:

(a) Serve on the Board if appointed; and

(b) Disclose any relationship with any beef promotion entity or with any organization that has or is being considered for a contractual relationship with the Board.

§ 1260.145 Appointment.

(a) From the nominations made pursuant to §1260.143, the Secretary shall appoint the members of the Board on the basis of representation provided for in §1260.141.

(b) Producers or importers serving on the Federation Board of Directors shall not be eligible for appointment to serve on the Board for a concurrent term.

§ 1260.146 Vacancies.

To fill any vacancy occasioned by the death, removal, resignation, or disqualification of any member of the Board, the Secretary shall request that nominations for a successor for the vacancy be submitted by the eligible organization(s) representing producers or importers of the unit represented by the vacancy. If no eligible organization represents producers or importers in such unit, then the Secretary shall determine the manner in which nominations for the vacancy are submitted.

§ 1260.147 Procedure.

(a) At a properly convened meeting of the Board, a majority of the members shall constitute a quorum, and any action of the Board at such a meeting shall require the concurring votes of at least a majority of those present at
such meeting. The Board shall establish rules concerning timely notice of meetings.

(b) When in the opinion of the chairperson of the Board emergency action is considered necessary, and in lieu of a properly convened meeting, the Board may take action upon the concurring votes of a majority of its members by mail, telephone, or telegraph, but any such action by telephone shall be confirmed promptly in writing. In the event that such action is taken, all members must be notified and provided the opportunity to vote. Any action so taken shall have the same force as though such action had been taken at a regular or special meeting of the Board.

§ 1260.148 Compensation and reimbursement.

The members of the Board shall serve without compensation, but shall be reimbursed for necessary and reasonable expenses incurred by them in the performance of their duties under this subpart.

§ 1260.149 Powers of the Board.

The Board shall have the following powers:

(a) To administer the provisions of this subpart in accordance with its terms and provisions;

(e) To recommend to the Secretary amendments to this subpart; and

(f) With the approval of the Secretary, to invest, pending disbursement pursuant to a plan or project, funds collected through assessments authorized under §1260.172, in, and only in, obligations of the United States or any agency thereof, in general obligations of any State or any political subdivision thereof, in any interest-bearing account or certificate of deposit of a bank that is a member of the Federal Reserve System, or in obligations fully guaranteed as to principal and interest by the United States.

§ 1260.150 Duties of the Board.

The Board shall have the following duties:

(a) To meet not less than annually, and to organize and select from among its members a chairperson, a vice-chairperson and a treasurer and such other officers as may be necessary;

(b) To elect from its members an Executive Committee of no more than 11 and no less than 9 members, whose membership shall, to the extent practicable, reflect the geographic distribution of cattle numbers or their equivalent. The vice-chairperson of the Board shall serve as chairperson of the Executive Committee and the chairperson and the treasurer of the Board shall serve as members of the Executive Committee;

ASSESSMENTS

§ 1260.172 Assessments.

(a) Domestic assessments. (1) Except as prescribed by regulations approved by the Secretary, each person making payment to a producer for cattle purchased from such producer shall be a collecting person and shall collect an assessment from the producer, and each producer shall pay such assessment to the collecting person, at the rate of one dollar ($1) per head of cattle purchased and such collecting person shall remit the assessment to the Board or to a qualified State beef council pursuant to § 1260.172(a)(5).

(2) Any producer marketing cattle of that producer’s own production in the form of beef or beef products to consumers, either directly or through retail or wholesale outlets, or for export purposes, shall remit to a qualified State beef council or to the Board an assessment on such cattle at the rate of one dollar ($1) per head of cattle or the equivalent thereof.

(3) In determining the assessment due from each producer pursuant to § 1260.172(a), a producer who is contributing to a qualified State beef council shall receive a credit from the Board for contributions to such Council, but not to exceed 50 cents per head of cattle assessed.

(4) In order for a producer described in § 1260.172(a) to receive the credit authorized in § 1260.172(a)(3), the qualified State beef council or the collecting person must establish to the satisfaction of the Board that the producer has contributed to a qualified State beef council.

(5) Each person responsible for the remittance of the assessment pursuant to § 1260.172 (a) (1) and (2) shall remit the assessment to the qualified State beef council in the State from which the cattle originated prior to sale, or if there is no qualified State beef council within such State, the assessment shall be remitted directly to the Board. However, the Board, with the approval of the Secretary, may authorize qualified State beef councils to propose modifications to the foregoing “State of origin” rule to ensure effective coordination of assessment collections between qualified State beef councils. Qualified State beef councils and the Board shall coordinate assessment collection procedures to ensure that producers selling or marketing cattle in interstate commerce are required to pay only one assessment per individual sale of cattle. For the purpose of this subpart, “State of origin” rule means the State where the cattle were located at time of sale, or the State in which the cattle were located prior to sale if such cattle were transported interstate for the sole purpose of sale. Assessments shall be remitted not later than the 15th day of the month following the month in which the cattle were purchased or marketed.

(6) If a State law or regulation promulgated pursuant to State law requires the payment and collection of a mandatory, nonrefundable assessment of more than fifty (50) cents per head on the sale and purchase of cattle, or the equivalent thereof for beef and beef products as described in § 1260.172 (a) (1) and (2) for use by a qualified State beef council to fund activities similar to those described in § 1260.169, and such State law or regulation authorizes the issuance of a credit of that amount of the assessment which exceeds fifty (50) cents to producers who waive any right to the refund of the assessment credited by the State due pursuant to this subpart, then any producer subject to such State law or regulation who pays only the amount due pursuant to such State law or regulation and this subpart, including any credits issued, shall thereby waive that producer’s right to
receipt from the Board of a refund of such assessment for that portion of such refund for which the producer received credit pursuant to such State law or regulation.

(b) Importer assessments. (1) Importers of cattle, beef, and beef products into the United States shall pay an assessment to the Board through the U.S. Customs Service, or in such other manner as may be established by regulations approved by the Secretary.

(2) The assessment rates for imported cattle, beef, and beef products are as follows:

(3) The Board may prescribe by regulation, with the approval of the Secretary, an increase or decrease in the level of assessments for imported beef and beef products based upon revised determinations of live animal equivalencies.

Reasons for conventional sales include lack of demand for organic products, isolated use of antibiotics for humane purposes, chemical or pesticide use as the result of State or emergency spray programs, and crops from a buffer area as described in 7 CFR part 205, provided all other criteria are met.

Such records will be placed in a secure location under the custody of FSA CED for a period of not less than 12 months after the date of notification by the Administrator, FSA, that the final results have been announced by the Secretary. If the county FSA office receives no notice to the contrary from the Administrator, FSA, by the end of the 12 month period as described above, the CED or designee shall destroy the records.

(d) AMS will monitor States, as it determines necessary, to assure that projects are completed in accordance with the approved State plan. (b) To be eligible for a grant, the project(s) must be completed within three calendar years after the grant agreement prescribed in §1291.8 of this part is signed. The grant period is established by the longest approved project submitted in the State plan. However, for cause, an extension of the grant period not to exceed three years may be granted by AMS on a case by case basis with a written request from the State.

(3) An increase through the acquisition of base acres not previously involved in the farming operation of at least 20 percent or more in the total base acres involved in the farming operation;

§ 1400.105 Attribution of payments.
(a) A payment made directly to a person or legal entity will be combined with the pro rata interest of the person or legal entity in payments received by a legal entity in which the person or legal entity has a direct or indirect ownership interest, unless the payments of the legal entity have been reduced by the pro rata share of the person or legal entity.
(b) A payment made to a legal entity will be attributed to those persons who have a direct and indirect ownership interest in the legal entity, unless the payment of the legal entity has been reduced by the pro rata share of the person.
(c) Attribution of payments made to legal entities will be tracked through four levels of ownership in legal entities as follows:
(1) First level of ownership—any payment made to a legal entity that is owned in whole or in part by a person will be attributed to the person in an amount that represents the direct ownership interest in the first-tier or payment legal entity;
(2)(i) Second level of ownership—any payment made to a first-tier legal entity that is owned in whole or in part by another legal entity (referred to as a second-tier legal entity) will be attributed to the second-tier legal entity in proportion to the ownership of the second-tier legal entity in the first-tier legal entity;
(ii) If the second-tier legal entity is owned in whole or in part by a person, the amount of the payment made to the first-tier legal entity will be attributed to the person in the amount that represents the indirect ownership in the first-tier legal entity by the person.
(3) Third and fourth levels—except as provided in paragraph (2)(ii) of this section, any payments made to a legal entity at the third and fourth tiers of ownership will be attributed in the same manner as specified in paragraph (2)(i) of this section.
(4) Fourth-tier ownership—if the fourth-tier of ownership is that of a legal entity and not that of a person, a reduction in payment will be applied to the first-tier or payment legal entity in the amount that represents the indirect ownership in the first-tier or payment legal entity by the fourth-tier legal entity.
(d) For purposes of administering direct attribution, and to determine a person's or legal entity's ownership interest in a legal entity that receives a payment subject to limitation; the ownership interest on June 1 of each year will be used.
(e) Direct attribution of payments is not applicable to a cooperative association of producers with respect to commodities produced by the members of the association that are marketed by the association on behalf of the members of the association. The payments will instead be attributed to the producers as persons.

§ 1400.106 Payment limits.

If the person dies or is incapacitated after being determined to be “actively engaged in farming,” the determining authority will allow such determination to be in effect for the program year. However, the following year such person or the person’s estate must meet all necessary requirements in order to be determined to be “actively engaged in farming” for that year.

§ 1400.211 Persons and legal entities not considered to be actively engaged in farming.

Any person or legal entity that does not satisfy all of the applicable provisions of §§ 1400.201 through 1400.210 and a landowner who rents land to a farming operation for cash, for a crop share guaranteed as to the amount of the commodity, or by any arrangement in which the tenant does not receive any payment with respect to such land unless the tenant independently makes a significant contribution to the farming operation of:
(1) Active personal labor or
(2) Significant contributions of both active personal management and equipment.

(b) If the equipment is leased by the tenant from:
(1) The landlord, then the lease must reflect the fair market value of the equipment leased with a payment schedule considered reasonable and customary for the area or
(2) The same person or legal entity that is providing hired labor to the farming operation, then the contracts for the lease of the equipment and for the hired labor must be two separate contracts.
(c) If the equipment is leased by the tenant from the landlord, or from the

§ 1400.213 Military personnel.

If a person is called to active duty in the military before a determination is made that the person is actively engaged in farming, the person may be considered to be actively engaged in farming if the determining authority determines that such person did make a conscious effort to, and would have been determined to be, actively engaged in farming if the person would not have been called to active duty. If the person is called to active duty after being determined to be actively engaged in farming, such determination will remain in effect for the program year.
same person or legal entity that is providing hired labor to the farming operation, then the tenant must exercise complete control over the leased equipment during the entire current crop year. Complete control is defined as exclusive access and use by the tenant.

(d) If the cash rent tenant is a joint operation, then each member must make a significant contribution of active personal labor or active personal management as specified in §1400.203(a)(i) to be considered eligible for the member’s share of the program payments received by the joint operation on the cash rented land.

(e) If the cash rent tenant is a legal entity, then a significant contribution of active personal labor or active personal management must be made to the legal entity as specified in §1400.204(a)(2) for the legal entity to be considered eligible for the program payments on the cash rented land.

Subpart E—Foreign Persons

§1400.401 Eligibility.

(a) Any person who is not a citizen of the United States or a lawful alien will be ineligible to receive payments, loans, and benefits, with respect to any commodity produced, or land set aside from production, on a farm that is owned or operated by such person unless such person is providing land, capital, and a substantial amount of active personal labor on such farm.

(b)(1) A corporation or other legal entity will be ineligible to receive payments, loans, and benefits if more than 10 percent of the ownership of the legal entity is held by persons who are not citizens of the United States or lawful aliens unless each foreign person who is a stockholder or other type of member provides a substantial amount of active personal labor in the production of crops on a farm owned or operated by such a legal entity. However, upon the written request of the legal entity, the Deputy Administrator may make payments in an amount determined by the Deputy Administrator to be representative of the percentage interest of the legal entity that is owned by citizens of the United States and lawful aliens or foreign stockholders or other type of member who provide a significant contribution of active personal labor in the production of crops on a farm owned or operated by such legal entity.

(2) In determining whether more than 10 percent of the ownership of a legal entity is held by persons who are not citizens of the United States or by lawful aliens, the ownership interest will be the higher of the amount of such interest on:

(i) The date the applicable program contract or agreement is executed by the legal entity or

(ii) Any other date prior to the final harvest date that is determined and announced by the Deputy Administrator to be normal in the area for the applicable program crop.

(3) A corporation or other legal entity must inform the county committee of any increase in such ownership that occurs after the applicable program contract or agreement is executed.

(4) In the event of an increase in such ownership after a payment, loan, or benefit has been made, the legal entity will refund such payment, loan, or benefit.

(5) Where there is only one class of stock or other similar unit of ownership, a person’s or legal entity’s percentage share of the limited partnership, corporation or other similar legal entity will be based upon the outstanding shares of stock or other similar unit of ownership held by the person or legal entity as compared to the total outstanding shares of stock or other similar unit of ownership. If the limited partnership, corporation, or other similar legal entity has more than one class of stock or other unit of ownership, the percentage share of the limited partnership, corporation or other similar legal entity owned by a person or legal entity will be determined by the Deputy Administrator on the basis of market quotations. If market quotations are unavailable or so infrequent that they do not represent fair market value, such percentage share will be determined by the Deputy Administrator on the basis of all relevant factors affecting the fair market value of such stock or other unit of ownership, including the various rights and privileges that are attributed to each such class.
(c) A citizen of the United States, lawful alien, or legal entity that is not subject to this part who is in lawful possession, through a lease or otherwise, of a farm owned by a person or legal entity who is subject to this part may receive a payment, loan, and benefit without regard to this part.

§ 1400.402 Notification.

(a) Any legal entity, whether foreign or domestic, that executes a program contract or agreement under which a payment, loan, or benefit may be available must provide written notification to the county committee in the county where the legal entity conducts its farming operation if:

(1) Any person, group of persons, legal entity, or group of legal entities holds more than a 10 percent interest in such legal entity; and

(2) Such person, group of persons, legal entity, or group of legal entities, in accordance with § 1400.401, are ineligible to receive a payment, loan, or benefit.

(b) Such written notification must include the name and social security number or taxpayer identification number of such a person or legal entity, if known, and of all persons and legal entities that hold an interest in the legal entity.

(c) The failure of the legal entity to provide this information will result in the ineligibility of the legal entity to receive any payment, loan, or benefit.

Subpart F—Average Adjusted Gross Income Limitation

§ 1400.500 Applicability.

(a) For the 2009 through 2012 crop, program, or fiscal years, a person or legal entity, other than a joint venture or general partnership, will not be eligible to receive, directly or indirectly, certain program payments or benefits described in § 1400.1 if the average adjusted gross income of the person or legal entity exceeds the amounts in paragraphs (b) through (d) of this section for the 3 taxable years preceding the most immediately preceding complete taxable year, as determined by the Deputy Administrator.

(b) For 2009 through 2012 commodity programs set forth in § 1400.1, a person or legal entity with an average adjusted gross nonfarm income as defined in § 1400.3 that exceeds $500,000 will not be eligible to receive program payments or benefits as identified in § 1400.1.

(c) For 2009 through 2012 commodity programs set forth in § 1400.1, a person or legal entity that has an average adjusted gross farm income as defined in § 1400.3 that exceeds $750,000 will not be eligible to receive a direct payment and other payments made applicable by statute or regulation.

(d) For 2009 through 2012 conservation programs set forth in § 1400.1, a person or legal entity that has an average adjusted gross nonfarm income as defined in § 1400.3 that exceeds $1,000,000 will not be eligible to receive payments or benefits under conservation and related programs, and other programs made applicable by statute or regulation, unless:

(1) Not less than 66.66 percent of the of the average adjusted gross income of the person or legal entity is average adjusted gross farm income or

(2) This limitation may be waived on a case-by-case basis by the Administrator or NRCS Chief for the protection of environmentally sensitive land of special significance. Such a written waiver request must document that land within or adjacent to the producer's agricultural operation contains critical resources such as, but not limited to, threatened, endangered, or at-risk species; historical or cultural resources; unique wetlands; or critical groundwater recharge areas. In addition, the waiver request must either:

(i) Show that use of conservation program funding by an individual producer is critical to the success of a project that benefits multiple producers in a community, watershed, or other geographic area or

(ii) Achieve enduring conservation treatment through use of a long-term agreement that is greater than 15 years in duration or through use of a deed restriction on the land.

(e) Determinations made under this subpart with regard to conservation programs will be based on the year for which the conservation program contract or agreement is approved and the determination will apply for the entire

375
term of the subject agreement or contract.

(f) Vendors that receive payment for technical services provided in conjunction with programs made subject to this subpart by regulation or statute, but who are not beneficiaries of the program, are not subject to this subpart for services that are of the type that are also performed by the Federal Government in connection with such programs.

(g) Payments to an escrow agent, or other legal entity of similar capacity in which the recipient is maintaining temporary custody of the funds for eventual disbursement to an eligible program participant, are not subject to this subpart so long as the party ultimately receiving the payment is eligible under this subpart.

(h) Payments to States, counties, political subdivisions and agencies thereof, and Indian tribes as defined in §1400.3 are not subject to this subpart.

§ 1400.501 Determination of average adjusted gross income.

(a) Except as otherwise provided in this subpart, average adjusted gross farm income of a person or legal entity includes income or benefits derived from or related to the following:

1. Production of crops, specialty crops, and unfinished raw forestry products;

2. The production of livestock, including but not limited to, cattle, elk, reindeer, bison, horses, deer, sheep, goats, swine, poultry, fish and other aquaculture products used for food, honeybees, and products produced by, or derived from, livestock;

3. The production of farm-based renewable energy;

4. The sale, including the sale of easements and development rights, of farm, ranch, forestry land, water or hunting rights, or environmental benefits;

5. The rental or lease of land or equipment, used for farming, ranching, or forestry operations, including water or hunting rights;

6. The processing, packing, storing, shedding, and transporting of farm, ranch, and forestry commodities, including renewable energy;

7. The feeding, rearing, or finishing of livestock;

8. The sale of land that has been used for agriculture;

9. Any payment or benefit, including benefits from risk management practices, crop insurance indemnities, and catastrophic risk protection plans;

10. Payments and benefits authorized under any program made applicable to this subpart by statute or regulation;

11. Any other activity related to farming, ranching, or forestry, as determined by the Deputy Administrator; and,

12. Any income reported on the Schedule F or other schedule used by the person or legal entity to report income from farming, ranching, or forestry operations to the Internal Revenue Service.

(b) For the specific purpose of determining the average adjusted gross farm income under §1400.500(d)(1), and in addition to §1400.501(a), the average adjusted gross farm income of a person or legal entity includes income or benefits derived from the following:

1. The sale of equipment to conduct farm, ranch, or forestry operations and

2. The provision of production inputs and services to farmers, ranchers, foresters, and farm operations.

(c) Except as otherwise provided in this subpart, adjusted gross income means:

1. For a person filing a separate tax return, the amount reported as “adjusted gross income” on the final federal income tax return for the year;

2. For a person filing a joint tax return, the amount reported as “adjusted gross income” on the final federal income tax return for the person for the applicable tax year;

3. For a corporation, including a subchapter S corporation, the total reported “taxable income” as reported to the Internal Revenue Service plus the
amount of the charitable contributions as reported on the final federal income tax return for the applicable tax year;

(4) For a tax exempt legal entity, the “unrelated business taxable income” of the legal entity as reported to the Internal Revenue Service on the final federal income tax return, less any other income CCC determines to be from non-commercial activities;

(5) For a limited liability company, limited partnership, limited liability partnership, or similar type of organization, the income from trade or business activities plus the amount of guaranteed payments to the members as reported to the Internal Revenue Service on the final federal income tax return for the applicable tax year; and

(6) For an estate or trust, the adjusted total income plus charitable deductions as reported to the Internal Revenue Service on the final federal income tax return for the applicable tax year, or the amount of net increase in the estate’s or trust’s value resulting from its business or investment interests.

(d) For purposes of applying this subpart and calculating the 3-year average referenced in §1400.500, that average will be for the adjusted gross income for the 3 taxable years preceding the most immediately preceding complete taxable year, as determined by CCC. For a legal entity that is not required to file a federal income tax return, or a person or legal entity that did not have taxable income in one or more tax years, the average will be the adjusted gross income, including losses, averaged for the 3 taxable years preceding the most immediately preceding complete taxable year, as determined by CCC. A new legal entity will have its adjusted gross income averaged only for those years of the base period for which it was in business; however, a new legal entity will not be considered “new” to the extent it takes over an existing operation and has any elements of common ownership or interests with the preceding legal entity, or with persons or legal entities with an interest in the “old” legal entity. When there is such commonality, income of the “old” legal entity will be averaged with that of the “new” legal entity for the base period.

§1400.502 Compliance and enforcement.

(a) To comply with the average adjusted gross income limitation, a person or legal entity, including all interest holders in a legal entity, general partnership, or joint venture, must provide annually the following as required by CCC:

(1) A certification in the manner prescribed by CCC from a certified public accountant or attorney that the average adjusted gross income of the person or legal entity does not exceed the applicable limitation;

(2) A certification from the person or legal entity that the average adjusted gross income of the person or legal entity does not exceed the applicable adjusted gross income limitations;

(3) The relevant Internal Revenue Service documents and supporting financial data as requested by CCC. Supporting financial data may include State income tax returns, financial statements, balance sheets, reports prepared for or provided to another Government agency, information prepared for a private lender, and other credible information relating to the amount and source of the person’s or legal entity’s income; or

(4) Authorization for CCC to obtain tax data from the Internal Revenue Service for purposes of verification of compliance with this subpart.

(b)(1) All persons and legal entities are subject to an audit by FSA of any information submitted in accordance with this subpart. As a part of this audit, income tax returns may be requested, and if requested, must be supplied by all related persons and legal entities.

(2) In addition to any other requirement under any Federal statute, relevant Federal income tax returns and documentation must be retained a minimum of two years after the end of the calendar year corresponding to the year for which payments or benefits are requested.

(c) Failure to provide necessary and accurate information to verify compliance, or failure to comply with this subpart’s requirements, will result in ineligibility for all program benefits subject to this subpart for the year or years subject to the request.
§ 1400.503 Commensurate reduction.  
(a) Any program payment or benefit subject to this subpart provided to a legal entity, general partnership, or joint venture will be reduced by an amount commensurate with the direct and indirect ownership interest in the legal entity, general partnership, or joint venture of each person or legal entity determined to have an average adjusted gross income in excess of the applicable limitation under the standards provided elsewhere in this subpart for the direct recipient of such payments.
(b) Ownership interest in a legal entity will be reviewed to the fourth level of ownership, as specified in § 1400.105, to determine whether a commensurate reduction is applicable and the extent of such reduction. If an ownership interest is not held by a person in the fourth level of ownership in a legal entity, no payment or benefit will be made with respect to such interest.

PART 1401—COMMODITY CERTIFICATES, IN KIND PAYMENTS, AND OTHER FORMS OF PAYMENT

§ 1401.1 Applicability.
This part shall be applicable to payments and loans made in accordance with the programs administered by the Commodity Credit Corporation (CCC) or the Farm Service Agency (FSA) as determined and announced by the Secretary of Agriculture or a designee of the Secretary. The definitions of the terms applicable to 7 CFR part 713 set forth at § 713.3 also shall be applicable to this part, except that the term “commodity” shall mean any agricultural commodity.

§ 1401.2 Payments in lieu of cash payments.
(a) CCC will, in accordance with applicable program provisions, make payments in a form other than in cash to persons who otherwise are eligible to receive a cash payment from CCC. Further, subject only to statutory prohibition and notwithstanding any provisions of the contract to participate in a program administered by CCC or FSA, CCC may: at its option, make payments in a form other than in cash.
(b) As determined by CCC, payments in a form other than in cash may be made in the following manner:
(1) By delivery of a commodity to a person at a warehouse or other similar facility;
(2) By transfer of negotiable warehouse receipts;
(3) By the issuance of certificates which CCC shall redeem in accordance with this part;
(4) By the acquisition and use of commodities pledged as collateral for CCC price support loans;
(5) By the use of commodities owned by CCC; and
(6) By such other methods as CCC determines appropriate, including methods to enable the producer to receive payments in order to assure that the producer receives the same total return as if the payments had been made in cash.
(c) The value of the payments made in any manner set forth in paragraph (b) shall be determined by CCC.
(d) Notwithstanding any other provision of this part, CCC may, with respect to producers who are members of a cooperative marketing association which has been determined in accordance with part 1425 of this title to be eligible to receive price support on behalf of its producer-members, enter into agreements with such producers and such cooperatives to facilitate the making of payments to such producers. Such agreements may include a provision which allows a producer to make available for the use of the cooperative the value of the non-cash payment which would otherwise be made to the producer.
§ 1401.3 Payments to persons with outstanding CCC loans.

(a) Persons with outstanding CCC loans who are eligible to receive payments from CCC, including a person authorized to receive a payment on behalf of another person, may be required to liquidate such loans in accordance with this section in order to be eligible to receive a payment authorized by § 1470.2.

(b) A person with an outstanding CCC loan must, unless otherwise agreed upon by the person and CCC, redeem and sell to CCC a quantity of the commodity pledged as collateral for a CCC loan, as determined by CCC, in an amount equal in value to the value of the payment which would otherwise be made to such person. If the person has more than one outstanding CCC loan, CCC may, by contract or otherwise, prescribe which loan collateral the person shall be required to redeem in order to receive payment. The purchase price shall be equal to the cost of liquidating the loan or the portion of the loan for which the quantity of the commodity sold to CCC is pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advance storage payments received with respect to the redeemed collateral. After redemption and the subsequent sale to CCC of the commodity pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advance storage payments received with respect to the redeemed collateral. After redemption and the subsequent sale to CCC of the commodity pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advance storage payments received with respect to the redeemed collateral.

§ 1401.4 Commodity certificates.

(a) General. CCC may issue commodity certificates as a form of payment. Commodity certificates will bear a dollar denomination. Such certificate may be transferred, exchanged for the inventory of CCC (including the receipt in accordance with paragraph (e) of this section of loan collateral by a person upon which a loan secured by such collateral is made): or exchanged for cash, as provided for in this section. Commodity certificates shall be subject to the provisions of this part, and to any terms, conditions and restrictions provided on the certificate, which are incorporated by reference herein.

(b) Liens, encumbrances, and State law. (1) The provisions of this section or the commodity certificates shall take precedence over any state statutory or regulatory provisions which are inconsistent with the provisions of this section or with the provisions of the commodity certificates.

(2) Commodity certificates shall not be subject to any lien, encumbrance, or other claim or security interest, except that of an agency of the United States Government arising specifically under Federal statute.

(3) The provisions of this paragraph (b) shall apply without regard to the identity of the holder of the certificate.

(c) Transferability. Any person may transfer a commodity certificate to any other person. However, any such transfer must be in the full amount of the certificate, and can be effected only by restrictive endorsement on the back of the certificate, showing the name of the transferee and the date of the transfer, and signed by the transferor. CCC will not honor any certificate bearing any endorsement to “bearer” or any other nonrestrictive endorsement, or otherwise transferred in a manner contrary to the regulations contained in this section. The person who submits a commodity certificate to CCC shall endorse the certificate to CCC.

(d) Exchange of commodity certificate for CCC-owned commodities—(1) General. Except as otherwise provided in this paragraph and in paragraphs (f) and (g) of this section, any holder of a commodity certificate may exchange such certificate, by itself or together with other commodity certificates, for such commodities as are made available by CCC by endorsing and submitting the certificate to CCC. If a person submits commodity certificates for exchange in order that the person would be eligible to receive a quantity of a commodity which includes less than an entire unit in which the commodity is stored (e.g., less than an entire bale of cotton or an entire barrel of honey): (i) Such person may forfeit the partial unit of the commodity or permit such person to purchase the remainder of
such unit at a price determined by CCC. A person may obtain information regarding commodities available for exchange and the procedure for exchange from Kansas City Commodity Office, FSA-USDA, Kansas City, MO 64141–0205.

(2) Minimum quantities. A holder of an amount of commodity certificates sufficient to acquire a carload lot, or other quantity as may be determined by CCC, may present such amount for exchange at any time on or before the expiration date of such certificates. A holder who is permitted to exchange the certificate for CCC-owned commodities but who does not possess commodity certificates in the amount specified in the preceding sentence may, not to exceed once during a calendar month, submit such certificates to CCC, at CCC’s option, pay such holder by check in the amount of the certificate or transfer to such holder title to commodities owned by CCC.

(3) CCC-owned commodities stored by a person who submits commodity certificates to CCC. CCC may require or permit holders of commodity certificates to exchange such certificates for commodities owned by CCC which are stored by such holder, without making such commodities or kinds of commodities available to other holders of commodity certificates.

(4) Valuation. Except as otherwise may be announced by CCC, CCC will determine the value of CCC-owned commodities made available to holders of commodity certificates.

(5) Transfer of title. Title to commodities owned by CCC which are transferred to a person who submits commodity certificates to CCC shall be transferred in store, except as may be determined and announced by CCC. The person who submits certificates to CCC shall be responsible for all costs incurred in transferring title to the commodity, except as specifically provided by CCC. The transfer of title to such commodities shall occur without regard to any State law or any claim of lien against the commodity or proceeds thereof which may be asserted by any creditor except agencies of the U.S. Government whose lien arises specifically under Federal statute.

(6) Expiration date. CCC may, at its option, discount or refuse to accept any commodity certificate presented for exchange after the expiration date stated on the certificate.

(e) Use of commodity certificates to receive loan collateral—(1) General. Except as otherwise provided in this paragraph and in paragraphs (f) and (g) of this section, any holder of a commodity certificate may use such certificate to receive commodities pledged as collateral for CCC loans made to such person, at any time on or before the expiration date stated on the certificate. A holder of a commodity certificate who wishes to receive a quantity of a commodity pledged by such person as collateral for a CCC loan in exchange for a certificate shall redeem and sell to CCC a quantity of the commodity equal in value to the dollar denomination of the certificate, as determined by CCC. The purchase price shall be equal to the cost of liquidating the loan or the portion of the loan for which the quantity of the commodity sold to CCC is pledged as collateral, except that, in the case of a special producer storage loan or a farmer-owned reserve loan, the purchase price will not include the amount of any unearned advanced storage payments received with respect to the redeemed loan collateral. Upon submission of the certificate, which is endorsed to CCC, to the county FSA office which issued the loan, the holder of a commodity certificate will receive the quantity of the commodity which has been sold to CCC. Except as otherwise determined by CCC, if the holder of such certificate does not have commodities pledged as collateral for CCC loans equal in value to the dollar denomination of the certificate, as determined by CCC, CCC will, at CCC’s option and after the producer has submitted the certificate, pay the difference to the person by check or in the form of a new commodity certificate.

(2) Ineligible commodities. No person may use a commodity certificate to receive a quantity of tobacco, peanuts, or extra long staple cotton pledged as collateral for a CCC loan. No person may, before August 1, 1986, use a commodity
Commodity Credit Corporation, USDA

§ 1401.5 In kind payments.

(a) Subject to the provisions of §§1470.2 and 1470.3, CCC may make payments in the form of commodities. Quantities of commodities made available as payment shall be based upon the value of the commodity, as determined by CCC. Such quantity may be adjusted by CCC to reflect the location, quality, and other similar factors which CCC determines to affect the value of the commodity.

(b) The transfer of title to commodities made available in accordance with paragraph (a) of this section shall be in store, except as determined by CCC, and shall be made without regard to any State law or any claim of lien.
§ 1401.6 Assignments.

Notwithstanding any other provision of this chapter, a payment made under this part may not be the subject of an assignment, except as determined and announced by CCC.

Certificates shall be considered to be submitted as of the date of the postmark on the envelope containing the certificate. All certificates submitted for payment must be submitted with, and in accordance with, Form CCC–8. All certificates submitted to CCC for payment shall be retained by CCC.

(2) Persons who submit to CCC, in accordance with this section, certificates with an expiration date of May 31, 1989 or later shall receive a payment equal to 50 percent of the certificate's face value if such certificate is submitted within the period which:

(1) No person, as defined in §719.2(r) of this title, shall receive a payment in excess of $1,000, except that any wholly-owned or wholly controlled entity, such as a corporation, shall be considered to be the same person as the person which owns or controls such entity. Any person who adopts or participates in adopting a scheme or device which is designed to evade this limitation or which has the effect of evading this limitation shall be ineligible to receive a payment under this section. Such acts include, but are not limited to: (i) Concealing information which affects the application of this section; (ii) Submitting false or erroneous information; (iii) Creating fictitious entities for the purpose of evading the application of this section.

The terms and conditions of sale with respect to commodities that are not sold through Internet-based marketing service are available online. Requests for terms and conditions may be addressed to the Director, Warehouse and Inventory Division, Stop 0553, 1400 Independence Avenue, SW., Washington, DC 20250-9860.

§ 1402.5 Late payments.

If a buyer fails to make arrangements for payment according to the provisions of the contract, CCC retains the right to terminate the sales contract. If CCC terminates the sales contract for default in whole or in part, CCC may offer the commodity for sale and the original party will be liable to CCC for any losses incurred and damages sustained as a result of the party's failure to timely remit payment for the commodity.

§ 1403.1 Applicability.

Except as may otherwise be provided by statute, this part sets forth the manner in which the Commodity Credit Corporation (CCC) will settle and collect debts by and against CCC.

§ 1403.2 Administration.

The regulations in this part will be administered under the general supervision and direction of the Executive Vice President, CCC and the Administrator, Farm Service Agency (FSA).

§ 1403.3 Definitions.

The following definitions shall be applicable to this part:

Administrative charges means the additional costs of processing delinquent debts against the debtor, to the extent such costs are attributable to the delinquency. Such costs include, but are not limited to, costs incurred in obtaining a credit report, costs of employing commercial firms to locate debtor, costs of employing contractors for collection services, costs of selling collateral or property to satisfy the debt.

Administrative offset means deducting money payable or held by the United States Government, or any agency thereof, to satisfy in whole or in part a
Commodity Credit Corporation, USDA

§ 1403.4 Demand for payment of debts.

(a) When a debt is due CCC, an initial written demand for payment of such amount shall be mailed or hand-delivered to the debtor. If the debt is not paid in full by the date specified in the initial demand letter, or if a repayment schedule acceptable to CCC has
§ 1403.5 Collection by payment in full.

Except as CCC may provide in accordance with §1403.6, CCC shall collect debts owed to the Government, including applicable interest, penalties, and administrative costs, in full, whenever feasible whether the debt is being collected by administrative offset or by another method, including voluntary payment. If a debt is paid in one lump sum after the due date, CCC will impose late payment interest, as provided in §1403.9, unless such interest is waived as provided in §1403.10.

§ 1403.6 Collection by installment payments.

(a) Payments in installments may be arranged, at CCC’s discretion, if a debtor furnishes satisfactory evidence of inability to pay a claim in full by the specified date. The size and frequency of installment payments shall:

(1) Bear a reasonable relation to the size of the debt and the debtor’s ability to pay; and

(6) The debtor’s right to a full explanation of the debt and to dispute any information in the records of CCC concerning the debt;

(7) That CCC maintains the right to initiate legal action to collect the amount of the debt;

(8) That if any portion of the debt remains unpaid or if a repayment schedule satisfactory to CCC has not been arranged 90 days after the due date, an additional interest rate shall be assessed on the unpaid balance of the debt as prescribed in §1403.9(e);

(9) CCC’s intent, if applicable, under §1403.16, to report any delinquent debt to a credit reporting agency no sooner than 60 days from the date of the letter;

(10) CCC’s intent, if applicable, under §1403.18, to refer any delinquent debt to the IRS, no sooner than 60 days from the date of the letter, to be considered for offset against any tax refund due or to become due the debtor.

(b) When CCC deems it necessary to protect the Government’s interest, written demand may be preceded by other appropriate actions.

(2) Normally be of sufficient size and frequency to liquidate the debt in not more than three years.
(b) Except as otherwise determined by CCC, no installment arrangement will be considered unless the debtor submits a certified financial statement which reflects the debtor's assets, liabilities, income, and expenses. The financial statement shall not be required to be submitted sooner than 15 business days following its request by CCC.
(c) All installment payment agreements shall be in writing and may require the payment of interest at the late payment interest rate in effect on the date such agreement is executed. The installment agreement shall specify all the terms of the arrangement and include provision for accelerating the debt in the event the debtor defaults. A confession of judgment provision may be included in the agreement.
(d) CCC may deem a repayment plan to be abrogated if the debtor fails to comply with its terms.
(e) If the debtor's financial statement or other information discloses the ownership of assets which are not encumbered, the debtor may be required to secure the payment of an installment note by executing a security agreement and financing agreement which provides CCC a security interest in the assets until the debt is paid in full.
(f) If the debtor owes more than one debt to CCC, CCC may allow the debtor to designate the manner in which a voluntary installment payment is to be applied. If the debtor does not designate the application of a voluntary installment or partial payment, the payment will be applied to such debts as determined by CCC.

§ 1403.7 Collection by administrative offset.
(a) The provisions of this section shall apply to all debts due CCC except as otherwise provided in this part and part 1404 of this Chapter. This section is not applicable to:
(1) CCC requests for administrative offset against money payable to a debtor from the Civil Service Retirement and Disability Fund and CCC requests for salary offset against a present or former employee of the Federal Government which shall be made in accordance with regulations at part 3 of this title;
(2) CCC requests for administrative offset against a Federal income tax refund payable to a debtor which shall be made in accordance with § 1403.18;
(3) Cases in which CCC must adjust, by increasing or decreasing, a payment which is to be paid under a contract in order to properly make other payments due by CCC;
(4) Any case in which collection of the type of debt involved by administrative offset is explicitly provided for or prohibited by statute; and
(5) IRS Notices of Levy which shall be honored in accordance with IRS statutes and regulations.
(b) Debts due CCC may be collected by administrative offset from amounts payable by CCC when:
(1) The debtor has been provided written notification of the basis and amount of the debt and has been given an opportunity to make payment. Such written notification and opportunity includes notice of the right to pursue an administrative appeal in accordance with part 780 of this Title or any other applicable appeal procedures, if not previously provided;
(2) The debtor has been provided an opportunity to request to inspect and copy the records of CCC related to the debt;
(3) The debtor has been notified in writing that the debt may be collected by administrative offset if not paid; and
(4) The debt has not been delinquent for more than ten years or legal action to enforce the debt has not been barred by an applicable period of limitation, whichever is later.
(c) Administrative offset shall also be effected against amounts payable by CCC:
(1) When requested or approved by the Department of Justice; or
(2) When a person is indebted under a judgment in favor of CCC.
(d) Debts due CCC from carriers for overcharges shall be offset against amounts due such carriers under freight bills involving shipments if:
(1) The carrier, without reasonable justification, has declined payment of the debt or has failed to pay the debt
§ 1403.7

after being given a reasonable opportunity to make payment; and

(2) The period of limitation prescribed at 49 U.S.C. 11706(f) has not expired.

(e) Debts due CCC from carriers for loss or damage shall be offset against amounts due such carriers under freight bills involving shipments if:

(1) Timely demand for payment was made on the carrier;

(2) The carrier has declined payment of the debt without reasonable justification or has ignored the claim; and

(3) The period of limitation prescribed at 49 U.S.C. 11707(e) has not expired.

(f) Any overcharge or loss or damage debt due CCC on which the applicable period of limitation has run may be offset against any amounts owing by CCC to the carrier which are subject to a defense of limitation.

(g) A payment due any person may be offset when there is a breach of a contract or a violation of CCC program requirements, and offset is considered necessary by CCC to protect the financial interests of the Government.

(h) In the case of any procurement contract with CCC which provides for invoicing at the time of shipment with delivery to be made at designated destination points when:

(1) Payment is made to the contractor prior to receipt of evidence of delivery, and

(2) CCC thereafter determines that the Contractor is indebted to CCC because of losses sustained from shortage, damage to or deterioration of the commodity while in transit and prior to delivery, CCC may offset such indebtedness against amounts due and payable to the Contractor under any other contract with CCC providing the Contractor has not assigned the proceeds of such contract in accordance with part 1404 of this chapter.

(i) CCC may effect administrative offset against a payment to be made to a debtor prior to completion of the procedures required by (b)(1–3) of this section if:

(1) Failure to take the offset would substantially prejudice CCC’s ability to collect the debt; and

(2) The time before the payment is to be made does not reasonably permit the completion of those procedures.

(j)(1) Debts due any agency other than CCC shall be offset against amounts payable by CCC to a debtor when an agency of the U.S. Government has submitted a written request for offset which is mailed or hand-delivered to the appropriate FSA State office, Kansas City Management Office or Kansas City Commodity Office. Such written request must:

(i) Bear the signature of an authorized representative of the requesting agency;

(ii) Include a certification that all requirements of the law and the regulations for collection of the debt and for requesting offset have been complied with;

(iii) State the name, address (including county), and, where legally available, the social security number or employer ID number of the debtor and a brief description of the basis of the debt, including identification of the judgment, if any.

(iv) State the amount of the debt separately as to principal, interest, penalties, and administrative costs. Interest, if any, shall be computed on a daily basis to a date shown in the request. The amount to be offset shall not exceed the principal sum owed by the debtor, plus interest computed in accordance with the request, and any late payment interest, penalties and administrative costs that have been assessed;

(v) Certify that the debtor has not filed for bankruptcy. If the debtor has filed for bankruptcy, a copy of the order of the bankruptcy court relieving the agency from the automatic stay must be included; and

(vi) State the name, address, and telephone number of a contact person within the agency and the address to which payment should be sent.

(2) Unless prohibited by law, the head of an agency, or a designee, may defer or subordinate in whole or in part the right of the agency to recover through offset all or part of any indebtedness to such agency, or may withdraw a request for offset. Notice of such action must be sent to the appropriate FSA office.
(k)(1) After CCC has complied with the provisions of this part, CCC may request other agencies of the Government to offset amounts payable by them to persons indebted to CCC.

(2) In the case of a request to IRS for a tax refund offset, the provisions at §1403.18 shall apply.

(l)(1) Debts shall be collected by offset in the following order of priority without regard to the date of the request for such collection:

(i) Debts to CCC.

(ii) Debts to other agencies of USDA as determined by CCC.

(iii) Debts to other government agencies as determined by CCC.

(2) In the case of multiple debts involving the same debtor, CCC may, at its discretion, deviate from the usual order of priority in applying recovered amounts to debts owed other agencies when considered to be in the Government’s best interest. Such decision shall be made by CCC based on the facts and circumstances of the particular case.

(m)(1) No amounts payable to a debtor or by CCC shall be paid to an assignee until there have been collected any amounts owed by the debtor except as provided in this subsection.

(2) A payment which is assigned in accordance with part 1404 of this Chapter by execution of Form CCC–36 shall be subject to offset for any debt owed to CCC or FSA without regard to the date notice of assignment was accepted by CCC or FSA.

(3) A payment which is assigned in accordance with part 1404 of this Chapter by execution of Form CCC–252 shall be offset:

(i) Against any debt of the assignor entered on the debt record of the applicable FSA office prior to the filing of such form with CCC or FSA, or

(ii) At anytime, regardless of the date of filing of such form with CCC or FSA, if the debt which is the basis for the offset arises under the same contract under which the payment is earned by the assignor.

(4) With respect to all other Federal agencies, offset shall be made of any amounts due any other Federal agency which are entered on the debt record of the appropriate FSA office prior to the date the notice of assignment was accepted by CCC or FSA.

(5) Any amount due and payable to the assignee which remains after deduction of amounts paid to the assignee shall be available for offset.

(n) Amounts recovered by offset for CCC and FSA debts but later found not to be owed to the Government shall be promptly refunded.

(o) The debtor shall be notified whenever any offset action has been taken.

(p) Offsets made pursuant to this section shall not deprive a debtor of any right he might otherwise have to contest the debt involved in the offset action either by administrative appeal or by legal action.

(q) Any action authorized by the provisions of this section may be taken:

(1) Against a debtor’s pro rata share of payments due any entity which the debtor participates in, either directly or indirectly, as determined by CCC.

(2) When CCC determines that the debtor has established an entity, or re-organized, transferred ownership of, or changed in some other manner, their operation, for the purpose of avoiding the payment of the claim or debt.

(r) The amount to be offset shall not exceed the actual or estimated amount of the debt, including interest, administrative charges, and penalties, unless the Department of Justice requests that a larger specified amount be offset.

(s) Offset action will not be taken against payments when:

1. The payment represents loan or purchase proceeds for a commodity which is subject to the rights of the holder of a prior valid enforceable lien. However, any amount that exceeds the amount of the prior lien shall be available for offset.

2. A debt has been discharged as provided in §1403.15.

3. The amount payable to the debtor is used to satisfy a prior lien on property pledged as collateral for a CCC loan or sold to CCC. However, any amount exceeding the amount of the prior lien shall be available for offset.

4. CCC determines such action will unduly interfere with the administration of a CCC or FSA program.

5. The debt has been delinquent for more than ten years or legal action to
enforce the debt due CCC is barred by an applicable period of limitation, whichever is later.

(t)(1) Notwithstanding the provisions of paragraph (b) of this section and §1403.4, with respect to debts which are based upon an unsettled CCC loan, offset action may be taken when the debtor has been:

(i) Provided written notification of the maturity date of the loan and the debtor has not repaid the loan by the maturity date or, in the case of a nonrecourse price support loan, has not repaid the loan or forfeited the loan collateral to CCC by the date specified by CCC;

(ii) Notified of CCC's intent to establish an account on a debt record 30 days after the maturity date, or other applicable period of time, if the loan is not settled in accordance with the loan agreement;

(iii) Notified of the right to pursue an administrative appeal in accordance with part 780 of this title if such an opportunity has not been previously provided;

(iv) Provided an opportunity to inspect and copy CCC records related to the debt; and

(v) Notified in writing that the debt may be collected by administrative offset if the loan is not repaid or, with respect to nonrecourse loans only, settled through forfeiture of the loan collateral.

(2) After a claim has been established by CCC with respect to a loan which has not been settled by the date specified in the loan agreement:

(i) In the event CCC takes possession of the collateral which is security for a nonrecourse of recourse loan made in accordance with parts 1421, 1427, or 1434 of this chapter, the value of such loan collateral shall be determined by CCC in accordance with the provisions of such parts which are used to determine the settlement value of the collateral. The value of such collateral shall be applied to the claim. Any amount remaining due on the claim must be paid by the debtor.

(ii) In the event CCC takes possession of the collateral which is the security for any other loan, the value of such collateral, as determined by CCC, less any costs incurred by CCC in taking possession and disposing of the collateral, shall be applied to the claim. Any amount remaining due on the claim must be paid by the debtor.

§1403.9 Late payment interest and administrative charges.

(a)(1) The provisions of this section are applicable to all persons whose debt to CCC becomes delinquent after January 1, 1990, unless the debtor and CCC agree otherwise.

(b) A payment may be withheld to protect the interests of CCC or the United States only if CCC determines that:

(1) There has been a serious breach of contract or violation of program requirements and the withholding action is considered necessary to protect the financial interests of CCC;

(2) There is substantial evidence of violations of criminal or civil frauds statutes and criminal prosecution or civil frauds action is of primary importance to program operations of CCC;

(3) Prior experience with the debtor indicates that collection will be difficult if amounts payable to the debtor are not withheld;

(4) There is doubt that the debtor will be financially able to pay a judgment on the claim of CCC;

(5) The facts available to CCC are insufficient to determine the amount to be offset or the proper payee;

(6) A judgment on a claim of CCC has been obtained; or

(7) Such action has been requested by the Department of Justice.

(c) Except for debts due CCC or FSA, withholding action by CCC on amounts payable to debtors of other Government agencies may not be made unless requested by the Department of Justice.

§1403.8 Withholding.

(a) Withholding of a payment prior to the completion of an applicable offset procedure may be made from amounts payable to a debtor by CCC to ensure that the interests of CCC and the United States will be protected as provided in this section.

(b) A payment may be withheld to protect the interests of CCC or the United States only if CCC determines that:

(1) There has been a serious breach of contract or violation of program requirements and the withholding action is considered necessary to protect the financial interests of CCC;

(2) There is substantial evidence of violations of criminal or civil frauds statutes and criminal prosecution or civil frauds action is of primary importance to program operations of CCC;

(3) Prior experience with the debtor indicates that collection will be difficult if amounts payable to the debtor are not withheld;

(4) There is doubt that the debtor will be financially able to pay a judgment on the claim of CCC;

(5) The facts available to CCC are insufficient to determine the amount to be offset or the proper payee;

(6) A judgment on a claim of CCC has been obtained; or

(7) Such action has been requested by the Department of Justice.
(2) Late payment interest provisions of this section shall not apply:

(i) To debts owed by Federal agencies and State and local governments. Interest on debts owed by such entities shall be charged in accordance with applicable statutes or, if none are applicable, at the rate of interest charged by the U.S. Treasury for funds borrowed by CCC on the day the debt became delinquent;

(ii) If an applicable statute, regulation, agreement or contract either prohibits the charging of such interest or specifies the interest or charges applicable to the debt involved;

(iii) If the late payment interest is waived by CCC.

(b) CCC will assess late payment interest on the full amount of delinquent debts. For purposes of this section, the term “full amount of the delinquent debt” means the sum of the principal, accrued regular loan interest or accrued program interest, and any other charges which are otherwise due and owing to CCC on the delinquent debt at the time the late payment interest is assessed, except as provided in paragraphs (a)(2) and (d)(3) of this section.

(c) The late payment interest shall be expressed as an annual rate of interest which CCC charges on delinquent debts. The late payment interest rate shall be equal to the higher of the Treasury Department’s current value of funds rate or the rate of interest assessed under the Prompt Payment Act, determined as of the date specified in paragraphs (d)(1) and (d)(2) of this section.

(d)(1) When a debt results from a statute, regulation, contract or other agreement with specific provisions for late payment interest and payment due date, late payment interest shall accrue on the amount of the debt from the first day the debt became delinquent, unless otherwise provided by statute.

(2) With respect to debts not resulting from a statute, regulation, contract or agreement containing specific provisions for late payment interest and payment due date, late payment interest shall begin to accrue from the date on which notice of the debt is first mailed or hand-delivered to the debtor, except that, with respect to debts resulting from price support loans, late payment interest shall begin to accrue from the date on which a claim is established.

(3) The rate of late payment interest initially assessed will be fixed for the duration of the indebtedness, except when a debtor has defaulted on a repayment agreement and seeks to enter into a new agreement. CCC may then set a new rate of interest which reflects the late payment interest rate in effect at the time the new agreement is executed. All charges which accrued, but which were not collected under the defaulted agreement, shall be added to the principal to be paid under a new repayment agreement.

(4) The late payment interest on delinquent debts will accrue on a daily basis.

(e)(1) Except as specified in paragraphs (a)(2) and (e)(2) of this section, an additional interest rate of three (3) percent per annum will be assessed on any portion of a debt which remains unpaid 90 days after the date described in paragraph (d)(1) or (d)(2) of this section, if no repayment schedule satisfactory to CCC has been agreed upon. Such rate will be assessed retroactively from the date late payment interest began to accrue and apply on a daily basis. Such rate shall continue to accrue until the delinquent debt has been paid.

(2) With respect to debts resulting from price support loans, an additional interest rate of three (3) percent per annum will be assessed on a portion of a debt which remains unpaid 60 days after the date on which a claim was established. Such rate will be assessed retroactively from the date of claim establishment and apply on a daily basis. Such rate shall continue to accrue until the delinquent debt has been paid.

(f) CCC shall assess as administrative charges the additional costs of processing delinquent debts against the debtor, to the extent such costs are attributable to the delinquency. Such costs include, but are not limited to, costs incurred in obtaining a credit report, costs of employing commercial firms to locate debtor, costs of employing contractors for collection services,
§ 1403.10  Waiver of late payment interest, additional interest and administrative charges.

(a) Except for debts resulting from price support loans, CCC shall waive the collection of late payment interest and administrative charges on a debt or any portion of a debt which is paid within 30 days after the date on which late payment interest began to accrue.

(b) CCC may waive the assessment and collection of all or a portion of the additional interest on debts which are appealed in accordance with 7 CFR part 780, or other applicable appeal procedures, from either the date of the appeal or the date of delinquency, as determined by CCC, until the date a final administrative determination is issued. However, with respect to CCC programs administered by the Foreign Agricultural Service, CCC shall waive the assessment and collection of additional interest on debts which are appealed in accordance with 7 CFR part 780, or other applicable appeal procedures, from the date of delinquency until 30 days after the date of the letter informing the appellant of the final administrative determination. The waiver provisions of the paragraph shall not apply during any period of delay due to:

1. The appellant’s request for a postponement of the scheduled hearing;
2. The appellant’s request for an additional time following the hearing to present additional information or a written closing statement; or
3. The appellant’s failure to timely present information to the reviewing authority.

(c) Assessment and collection of late payment interest, additional interest and administrative charges under this part may be waived by CCC in full, or in part, if it is determined that such action is in the best interest of CCC.

7 CFR Ch. XIV (1–1–09 Edition)

§ 1403.11  Administrative appeal.

If the opportunity to appeal the determination has not previously been provided under part 24 or 780 of this title or any other appeal procedure, a debtor may obtain an administrative review under part 780 of this title, or other applicable appeal procedures, of CCC's determination concerning the existence or amount of a debt, if a request is filed with the authority who made the determination within 15 days of the date of CCC's initial demand letter, unless a longer period is specified in the initial demand letter.

§ 1403.12  Additional administrative collection action.

Nothing contained in this part shall preclude the use of any other administrative or contractual remedy which may be available to CCC to collect debts owed to the Government.

§ 1403.13  Contact with debtor's employing agency.

When a debtor is employed by the Federal Government or is a member of the military establishment or the Coast Guard, and collection by offset cannot be accomplished in accordance with 5 U.S.C. 5514, CCC may contact the employing agency to arrange for payment of the debt by allotment or otherwise, in accordance with section 206 of Executive Order No. 11222, May 8, 1965, 30 FR 6469.

§ 1403.14  Prior provision of rights with respect to debt.

CCC will not provide an administrative appeal with respect to issues which were subject to administrative review at the debtor's request as provided under another statute or regulation before:

(a) Effecting administrative offset;
(b) Referring the debt to private collection or credit reporting agencies;
§ 1403.15 Discharge of debts.

(a) Except as required by other applicable regulation or statute, a debt or part thereof owed CCC shall be discharged and the records and accounts on that debt closed in the following situations:

(1) When an obligation or part thereof is discharged in bankruptcy;

(2) When an obligation or part thereof is the subject of a final judgment entered by a court of competent jurisdiction which is adverse to CCC;

(3) When a debt or part thereof is compromised and paid, the amount of such compromise;

(4) When collection of a debt by administrative offset is barred in accordance with §1403.7(s)(5).

(b) A debt or part thereof owed CCC may be discharged and the records and accounts on that debt closed when the Controller, CCC, has determined that such action is in the best interest of CCC.

(c) A claims official or claims officer may discharge a delinquent debt if such debt arises under the terms of the authority delegated to such official or officer in the following circumstances:

(1) The delinquent debt is owed by an entity which has been liquidated or dissolved and no legal remedy is feasible.

(2) The delinquent debt is owed by an individual who:

(i) Is declared legally insane or incompetent;

(ii) Possessed of no assets or other means of payment; and

(iii) Possessed of no reasonable prospects of being able to pay the debt in the future.

(3) The delinquent debt was incurred by an individual who is deceased, and from whose estate recovery cannot be made.

(d) Debts discharged in accordance with this section may be reported to the Internal Revenue Service pursuant to §1403.19.

§ 1403.16 Referral of delinquent debts to credit reporting agencies.

(a) This section specifies the procedures that will be followed by CCC and the rights that will be afforded to farm producers when CCC reports delinquent debts to credit reporting agencies.

(b) Before disclosing information to a credit reporting agency in accordance with this part, CCC shall review the claim and determine that it is valid and delinquent.

(c) Before a debt may be referred to a credit reporting agency, the debtor must be notified, pursuant to §1403.4, of CCC’s intent to make such a report. Such notification shall include:

(1) CCC’s intent to disclose to a credit reporting agency that the debtor is responsible for the debt, and that such disclosure will be made not less than 60 days after notification to such debtor.

(2) The information intended to be disclosed to the credit reporting agency under paragraph (g)(1) of this section.

(3) The debtor’s right to enter a repayment agreement on the debt, including, at the discretion of CCC, installment payments, and that if such an agreement is reached, the debt will not be referred to a credit reporting agency.

(4) The debtor’s right to review of this action in accordance with paragraph (i) of this section.

(d) The debtor shall be notified, in writing at the debtor’s last known address, when CCC has reported any delinquent debt to a credit reporting agency.

(e) CCC shall notify each credit reporting agency to which an original disclosure of delinquent debt information was made of any substantial change in the condition or amount of the claim.

(2) CCC shall promptly verify or correct, as appropriate, information about the debt on request of a credit reporting agency. The records of the debtor shall reflect any correction resulting from such request.

(f) Information reported to a credit reporting agency on delinquent debts shall be derived from the system of records maintained by CCC.
§ 1403.17 Referral of debts to Department of Justice.

Debts which cannot be collected in accordance with these regulations may be referred to the Department of Justice for collection action.

§ 1403.18 Referral of delinquent debts to IRS or tax refund offset.

CCC may refer legally enforceable delinquent debts to IRS to be offset against tax refunds due to debtors under 26 U.S.C. 6402, in accordance with the provisions of 31 U.S.C. 3720A and Treasury Department regulations.

§ 1403.19 Reporting discharged debts to IRS.

(a) In accordance with IRS regulations, CCC may report to IRS as discharged debts on IRS Form 1099-G only the amounts specified in paragraph (b) of this section.

(b) The following discharged debts may be reported to IRS:

(1) The amount of a debt discharged under a compromise agreement between CCC and the debtor, except for compromises made due to doubt about the Government’s ability to prove its case in court for the full amount of the debt.
(2) The amount of a debt discharged by the running of the statutory period of limitation for collecting the debt by administrative offset specified in 31 U.S.C. 3716.

(3) The amount of a debt discharged by CCC in accordance with §1403.15(b).

§ 1403.20 Referral of debts to private collection agencies.

If CCC's collection efforts have been unsuccessful after 90 days and the delinquent debt remains unpaid, CCC may refer the debt to a private collection agency for collection.

§ 1403.21 Collection of 1988 and 1989 advance deficiency overpayments.

(a) The provisions of this section set forth the policies and procedures for collection of 1988 and 1989 advance deficiency overpayments ("overpayments").

(b) The following definition shall be applicable to this section:

Financial hardship means that condition of a producer in which payment of the debt by lump sum would jeopardize the producer's ability to provide food, shelter, and medical care to his immediate family, or to continue the producer's farming operation, as determined by CCC.

(c) This section applies to collection of overpayments from those producers who are suffering financial hardship, as determined by CCC, and who also meet the following conditions, as determined by CCC:

(1) Who received an advance deficiency payment for the 1988 or 1989 crop of a commodity under part 1413 of this chapter;

(2) Who are required to provide a refund of at least $1,500 of such payment, as a result of the increase in market prices of the commodity;

(3) Interest shall accrue at the established regional annual interest rate for the region in which the debt arose, beginning November 28, 1990.

(e) CCC shall not offset, in each of the crop years 1990, 1991, and 1992, more than ¼ of the farm program payments otherwise due a producer, as a result of the producer's delinquency in repaying the overpayment.

(f) CCC shall permit producers to repay the overpayment in three equal installments during each of the crop years 1990, 1991, and 1992, if the producers document to CCC that they have entered into agreements to obtain multi peril crop insurance policies for the 1991 and 1992 crop years.

Such minutes shall fully and clearly describe all matters discussed and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll-call vote reflecting the vote of each member on the question. All documents considered in connection with any action will be identified in such minutes.
(b) The retention period for the records required by paragraph (a) of this section will be for a period of at least two years after the particular Board meeting, or until one year after the conclusion of any Board proceeding with respect to which the meeting or portion thereof was held, whichever occurs later.

(i) The new owner acquired such land by will or succession as a result of the death of the previous owner;

(ii) The only ownership change in the 12-month period occurred due to foreclosure on the land and the owner of the land, immediately before the foreclosure, exercises a timely right of redemption from the mortgage holder in accordance with State law; or

(iii) As determined by the Deputy Administrator, the circumstances of the acquisition are such that present adequate assurance that the new owner of such eligible land did not acquire such land for the purpose of placing it in the CRP; or

(3) If a tenant, the tenant is a participant with an eligible owner or operator.

(b) Notwithstanding paragraph (a) of this section, under continuous signup provisions authorized by §1410.30, an otherwise eligible person must have owned or operated, as appropriate, the eligible land for at least 12 months before submitting the offer.

§ 1410.6 Eligible land.

(a) In order to be eligible to be placed in the CRP, land must be one of the following:

(2) Marginal pasture land, as determined by the Deputy Administrator, that:

(i) Is enrolled in the crop year or has been enrolled during any of the 2 years preceding the crop year in the WBP; and

(iv) Be planted to an appropriate tree species according to the FOTG, unless tree planting is determined to be inappropriate by NRCS, in consultation with the Forest Service, in which case the eligible cropland shall be devoted to another acceptable permanent vegetative cover in accordance with the FOTG;

(3) Be cropland that would facilitate a net savings in groundwater or surface water of the agricultural operation of the producer as determined by CCC;

(4) Be cropland in a portion of a field not enrolled in the CRP, if more than 50 percent of the remainder of the field is enrolled as a buffer practice, if the portion of the field not enrolled in the CRP will be enrolled as part of the buffer practice, and if as determined by CCC:

(i) The remainder of the field is infeasible to farm; and

(ii) The remainder of the field is enrolled at an annual payment rate not to exceed the maximum annual calculated soil rental rate;

(5) Be contributing to the degradation of water quality or posing an on-site or off-site environmental threat to water quality if such land remains in production;

(6) Be devoted to certain covers, as determined by the Deputy Administrator, that are established and maintained according to the FOTG, provided such acreage is not required to be maintained as such under any life-span obligations, as determined by the Deputy Administrator;
(7) Be non-irrigated or irrigated cropland that produces or serves as the recharge area, as determined by the Deputy Administrator, for saline seeps, or acreage that is functionally related to such saline seeps, or where a rising water table contributes to increased levels of salinity at or near the ground surface;

(8) Have an EI of greater than or equal to 8 calculated by using the weighted average of the EI's of soil map units within the field;

(9) Be within a public wellhead protection area;

(10) Be within a designated conservation priority area;

(c) All contracts shall expire on September 30 of the appropriate year.

§ 1410.8 Conservation priority areas.

(a) CCC may designate National conservation priority areas according to paragraph (c) of this section.

(b) Subject to CCC review, State FSA committees, in consultation with NRCS and the State Technical Committee, may designate conservation priority areas within guidelines established by the Deputy Administrator. Such designation must clearly define conservation and environmental objectives and provide analysis of how CRP can cost-effectively address such objectives. Generally, the total acreage of all conservation priority areas, in aggregate, shall not total more than 33 percent of the cropland in a State unless there are identified and documented extraordinary environmental needs, as determined by the Deputy Administrator.

(c) As determined by the Deputy Administrator, a region shall be eligible for designation as a priority area only if the region has actual significant adverse water quality, air quality, wildlife habitat, or other natural resource impacts related to activities of agricultural production, or if the designation helps agricultural producers to comply with Federal and State environmental laws.

(d) Conservation priority area designations shall expire after 5 years unless re-designated, except they may be withdrawn:

(1) At the request of the appropriate State water quality agency; or

(2) By the Deputy Administrator.

(e) In those areas designated as conservation priority areas, under this

§ 1410.11 Farmable Wetlands Program.

(a) In addition to other allowable enrollments, land may be enrolled in this program through the Farmable Wetlands Program within the overall Conservation Reserve Program provided for in this part.

(b) As determined by the Deputy Administrator, owners and/or operators may enroll cropland that has been planted or considered planted to an agricultural commodity, as defined in §1410.2 in three of the ten most recent crop years, provided that the cropland:

(1) Is a wetland, including a converted wetland, as determined by CCC, that does not exceed the size limitations of this section; and

(2) Subject to other provisions of this section, is buffer acreage that provides protection for and is contiguous to the wetland.

(c) An owner or operator may not enroll in this program any wetland, or land in a flood plain, that:

(1) Is located adjacent to a perennial riverine system wetland as identified on the final national wetland inventory that was restored to wetlands while under such contract, may, if approved by CCC, subject to any restrictions as may be imposed by law, apply to transfer such eligible acres subject to such contract that are devoted to an approved cover from the CRP to the WRP. Transferred acreage shall be terminated from the CRP effective the day a WRP easement is filed. Participants will receive a prorated CRP annual payment for that part of the year the acreage was enrolled in the CRP according to §1410.42. Refunds of cost-share payments or applicable incentive payments need not be refunded unless specified by the Deputy Administrator.

§ 1410.9 Conversion to trees.

An owner or operator who has entered into a CRP contract prior to November 28, 1990, may elect to convert areas of highly erodible cropland, subject to such contract, that is devoted to permanent vegetative cover, from such cover to hardwood trees, (including alley cropping and riparian buffers of hardwood trees, where permitted by CCC), windbreaks, shelterbelts, or wildlife corridors.

(a) For any contract modified under this section, the participant may elect to extend such contract in accordance with the provisions of §1410.7(b).

(b) For any contract modified under this section in which such areas are converted to windbreaks, shelterbelts, or wildlife corridors, the owner must agree to maintain such plantings for a time period established by the Deputy Administrator at the time of the contract modification.

§ 1410.20 Obligations of participant.

(a) All participants subject to a CRP contract must agree to:

(1) Carry out the terms and conditions of such CRP contract;

(2) Implement the conservation plan, which is part of such contract, in accordance with the schedule of dates included in such conservation plan unless the Deputy Administrator determines that the participant cannot fully implement the conservation plan for reasons beyond the participant's control, and CCC agrees to a modified plan. However, a contract will not be terminated for failure to establish an approved vegetative or water cover on the land if, as determined by the Deputy Administrator:

(i) The failure to plant or establish such cover was due to excessive rainfall, flooding, or drought;

(ii) The land subject to the contract on which the participant could practically plant or establish to such cover is planted or established to such cover; and

(iii) The land on which the participant was unable to plant or establish such cover is planted or established to such cover after the wet or drought conditions that prevented the planting or establishment subsided;

(3) Establish temporary vegetative cover either when required by the conservation plan or, as determined by the Deputy Administrator, if the permanent vegetative cover cannot be timely established;

(4) Comply with part 12 of this title;

(5) Not allow grazing, harvesting, or other commercial use of any crop from the cropland subject to such contract except for those periods of time approved in accordance with instructions issued by the Deputy Administrator;

(6) Establish and maintain the required vegetative or water cover and the required practices on the land subject to such contract and take other actions that may be required by CCC to achieve the desired environmental benefits and to maintain the productive capability of the soil throughout the contract period;

(7) Comply with noxious weed laws of the applicable State or local jurisdiction on such land;

(8) Control on land subject to such contract all weeds, insects, pests and other undesirable species to the extent necessary to ensure that the establishment and maintenance of the approved cover as necessary or may be specified in the CRP conservation plan and to avoid an adverse impact on surrounding land, taking into consideration water quality, wildlife, and other

If the conservation district declines to review the CRP conservation plan, or disapproves the conservation plan, such approval may be waived by CCC.

(b) The practices included in the CRP conservation plan and agreed to by the participant must cost-effectively reduce erosion necessary to maintain the productive capability of the soil, improve water quality, protect wildlife or wetlands, protect a public well head, or achieve other environmental benefits as applicable.

(c) If applicable, a tree planting plan shall be developed and included in the CRP conservation plan. Such tree planting plan may allow up to 3 years to complete plantings if 10 or more acres of hardwood trees are to be established.

(d) If applicable, the CRP conservation plan shall address the goals included in the conservation priority area designation authorized under §1410.8.

(e) All CRP conservation plans and revisions of such plans shall be subject to the approval of CCC.

(f) Mid-cover management shall be conducted according to an approved conservation plan as part of the CRP contractual obligation such as light discing and burning as determined by the Deputy Administrator.

§ 1410.23 Eligible practices.

(a) Eligible practices are those practices specified in the conservation plan that meet all standards needed to cost-effectively:

(1) Establish permanent vegetative or water cover, including introduced or native species of grasses and legumes, forest trees, and permanent wildlife habitat;

(2) Meet other environmental benefits, as applicable, for the contract period; and

(3) Accomplish other purposes of the program.

(b) Water cover is eligible cover for purposes of paragraph (a) of this section only if approved by the Deputy Administrator for purposes such as the enhancement of wildlife or the improvement of water quality. Such water cover shall not include ponds for the purpose of watering livestock, irrigating crops, or raising aquiculture for commercial purposes.

§§ 1410.24–1410.29 [Reserved]

§ 1410.30 Signup.

Offers for contracts shall be submitted only during signup periods as announced periodically by the Deputy Administrator, except that CCC may hold a continuous signup for land to be devoted to particular uses, as CCC deems necessary. Generally, continuous signup is limited to those offers that would otherwise rank highly under §1410.31(b) and may include high priority practices such as filter strips, riparian buffers, shelterbelts, field windbreaks, and living snow fences, grass waterways, shallow water areas for wildlife, salt-tolerant vegetation,
and practices to benefit certain approved public wellhead protection areas.

§ 1410.31 Acceptability of offers.

(a) Except as provided in paragraph (c) of this section, producers may submit offers for the amounts they are willing to accept as rental payments to enroll their acreage in the CRP. The offers may, to the extent practicable, be evaluated on a competitive basis in which the offers selected will be those where the greatest environmental benefits relative to cost are generated, and provided that the offer is not in excess of the maximum acceptable payment rate established by the Deputy Administrator for the area offered. Acceptance or rejection of any offer, however, shall be in the sole discretion of the CCC and offers may be rejected for any reason as determined needed to accomplish the goals of the program.

(b) In evaluating contract offers, different factors, as determined by CCC, may be considered from time to time for priority purposes to accomplish the goals of the program. Such factors may include, but are not limited to:

(1) Soil erosion;
(2) Water quality (both surface and ground water);
(3) Wildlife benefits;
(4) Soil productivity;
(5) Likelihood that enrolled land will remain in non-agriculture use beyond the contract period, considering, for example, tree planting, permanent wildlife habitat, or commitments by a participant to a State or other entity to extend the conservation plan;
(6) Air quality; and
(7) Cost of enrolling acreage in the program.

(c) Acreage determined eligible for continuous signup, as provided in § 1410.30, may be automatically accepted in the program if the:

(1) Land is eligible under § 1410.6, as determined by the Deputy Administrator;
(2) A producer is eligible under § 1410.5; and
(3) A producer accepts either the maximum payment rate CCC is willing to offer to enroll the acreage in the program or a lesser rate.

§ 1410.32 CRP contract.

(a) In order to enroll land in the CRP, the participant must enter into a contract with CCC.

(b) The CRP contract is comprised of:

(1) The terms and conditions for participation in the CRP;
(2) The CRP conservation plan; and
(3) Any other materials or agreements determined necessary by CCC.

(c)(1) In order to enter into a CRP contract, the producer must submit an offer to participate as provided in § 1410.30;

(2) An offer to enroll land in the CRP shall be irrevocable for such period as is determined and announced by CCC. The producer shall be liable to CCC for liquidated damages if the applicant revokes an offer during the period in which the offer is irrevocable as determined by the Deputy Administrator. CCC may waive payment of such liquidated damages if CCC determines that the assessment of such damages, in a particular case, is not in the best interest of CCC and the program.

(d) The CRP contract must, within the dates established by CCC, be signed by:

(1) The producer; and
(2) The owners of the cropland to be placed in the CRP, and other eligible participants, if applicable.

(e) The Deputy Administrator is authorized to approve CRP contracts on behalf of CCC.

(f) CRP contracts may be terminated by CCC before the full term of the contract has expired if:

(1) The owner loses control of or transfers all or part of the acreage under contract and the new owner does not wish to continue the contract;
(2) The participant voluntarily requests in writing to terminate the contract and obtains the approval of CCC according to terms and conditions as determined by CCC;
(3) The participant is not in compliance with the terms and conditions of the contract;
(4) Acreage is enrolled in another Federal, State or local conservation program;
(5) The CRP practice fails or is not established after a certain time period, as determined by the Deputy Administrator, and the cost of restoring the
§ 1410.33 Contract modifications.

(a) As agreed between CCC and the participant, a CRP contract may be modified in order to:

(1) Decrease acreage in the CRP;

(2) Permit the production of an agricultural commodity under extraordinary circumstances during a crop year on all or part of the land subject to the CRP contract as determined by the Deputy Administrator;

(3) Facilitate the practical administration of the CRP;

(4) Accomplish the goals and objectives of the CRP, as determined by the Deputy Administrator.

(b) CCC may modify CRP contracts to add, delete, or substitute practices when, as determined by the Deputy Administrator:

(1) The installed practice failed to adequately provide for the desired environmental benefit through no fault of the participant;

(2) The installed measure deteriorated because of conditions beyond the control of the participant; and

(3) Another practice will achieve at least the same level of environmental benefit.

(c) Offers to extend contracts may be made as allowed by law.

(iv) Participants must meet conservation compliance requirements of part 12 of this title to the extent applicable to other land.

(h) Except as allowed and approved by CCC where the new owner of land enrolled in CRP is a Federal agency that agrees to abide by the terms and conditions of the terminated contract, the participant in a contract that has been terminated must refund all or part of the payments made with respect to the contract plus interest thereon, as determined by CCC, and shall pay liquidated damages as provided for in the contract. CCC may permit the amount to be repaired to be reduced to the extent that such a reduction will not impair the purposes of the program. Further, a refund of all payments need not be required from a participant who is otherwise in full compliance with the CRP contract when the land is purchased by or for the United States, as determined by CCC.

§ 1410.33 Contract modifications.

(a) As agreed between CCC and the participant, a CRP contract may be modified in order to:

(1) Decrease acreage in the CRP;

(2) Permit the production of an agricultural commodity under extraordinary circumstances during a crop year on all or part of the land subject to the CRP contract as determined by the Deputy Administrator;

(3) Facilitate the practical administration of the CRP;

(4) Accomplish the goals and objectives of the CRP, as determined by the Deputy Administrator.

(b) CCC may modify CRP contracts to add, delete, or substitute practices when, as determined by the Deputy Administrator:

(1) The installed practice failed to adequately provide for the desired environmental benefit through no fault of the participant;

(2) The installed measure deteriorated because of conditions beyond the control of the participant; and

(3) Another practice will achieve at least the same level of environmental benefit.

(c) Offers to extend contracts may be made as allowed by law.

(iv) Participants must meet conservation compliance requirements of part 12 of this title to the extent applicable to other land.

(h) Except as allowed and approved by CCC where the new owner of land enrolled in CRP is a Federal agency that agrees to abide by the terms and conditions of the terminated contract, the participant in a contract that has been terminated must refund all or part of the payments made with respect to the contract plus interest thereon, as determined by CCC, and shall pay liquidated damages as provided for in the contract. CCC may permit the amount to be repaired to be reduced to the extent that such a reduction will not impair the purposes of the program. Further, a refund of all payments need not be required from a participant who is otherwise in full compliance with the CRP contract when the land is purchased by or for the United States, as determined by CCC.

§ 1410.42 Annual rental payments.

(a) Subject to the availability of funds, annual rental payments shall be made in such amount and in accordance with such time schedule as may be agreed upon and specified in the CRP contract.

(b) Annual rental payments, except for land accepted that was formerly enrolled under the WBP, include a payment based on a weighted average soil rental rate or marginal pastureland rental rate, as appropriate, and an incentive payment as a portion of the annual payment of certain practices, as determined by the Deputy Administrator. Payments for land accepted that was formerly enrolled under the WBP are limited to annual rental payments received under the WBP.

§ 1410.41 Levels and rates for cost-share payments.

(a) As determined by the Deputy Administrator, CCC shall not pay more than 50 percent of the actual or average cost of establishing eligible practices specified in the conservation plan. CCC may allow cost-share payments for maintenance costs, consistent with the provisions of §1410.40 and CCC may determine the period and amount of such cost-share payments.

(b) The average cost of performing a practice may be determined by CCC based on recommendations from the State Technical Committee. Such cost may be the average cost in a State, a county, or a part of a State or county, as determined by the Deputy Administrator.

(c) Except as otherwise provided, a participant may, in addition to any payment under this part, receive cost-share assistance, rental payments, or tax benefits from a State or a private organization in return for enrolling lands in CRP. However, as provided under §1410.40(f), a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage, as determined by the Deputy Administrator. Further, under no circumstances may the cost-share payments received under this part, or otherwise, exceed the cost of the practice, as determined by CCC.

§ 1410.39 Cost-share payments.

(a) Cost-share payments shall be made available upon a determination by CCC that an eligible practice, or an identifiable unit thereof, has been established in compliance with the appropriate standards and specifications.

(b) Except as otherwise provided for in this part, cost-share payments may be made only for the cost-effective establishment or installation of an eligible practice, as determined by CCC.

(c) Except as provided in paragraph (d) of this section, cost-share payments shall not be made to the same owner or operator on the same acreage for any eligible practices that have been previously established, or for which such owner or operator has received cost-share assistance from any Federal agency.

(d) Except as provided for under §1410.9(c), cost-share payments may be authorized for the replacement or restoration of practices for which cost-share assistance has been previously allowed under the CRP, only if:

1. Replacement or restoration of the practice is needed to achieve adequate erosion control, enhance water quality, wildlife habitat, or increase protection of public wellheads; and

2. The failure of the original practice was due to reasons beyond the control of the participant.

(e) The cost-share payment made to a participant shall not exceed the participant’s actual contribution to the cost of establishing the practice and the amount of the cost-share may not be an amount that, when added to such assistance from other sources, exceeds the cost of the practices.

(f) CCC shall not make cost-share payments with respect to a CRP contract if any other Federal cost-share assistance has been, or is being, made with respect to the establishment of the cover crop on land subject to such contract.
§ 1410.43 Method of payment.

(c) The annual rental payment shall be divided among the participants on a single contract as agreed to in such contract.

(d) The maximum amount of rental payments that a person may receive under the CRP for any fiscal year shall not exceed $50,000. The regulations set forth at part 1400 of this chapter shall be applicable in making eligibility and “person” determinations as they apply to payment limitations under this part.

(e) In the case of a contract succession, annual rental payments shall be divided between the predecessor and the successor participants as agreed to among the participants and approved by CCC. If there is no agreement among the participants, annual rental payments shall be divided in such manner deemed appropriate by the Deputy Administrator and such distribution may be prorated based on the actual days of ownership of the property by each party.

(f) CCC shall, when appropriate, prepare a schedule for each county that shows the maximum soil rental rate CCC may pay which may be supplemented to reflect special contract requirements. As determined by the Deputy Administrator, such schedule will be calculated based on the relative productivity of soils within the county using NRCS data and local FSA average cash rental estimates. The schedule will be available in the local FSA office and, as determined by the Deputy Administrator, shall indicate, when appropriate, that:

(1) Offers of contracts by producers who request rental payments greater than the schedule for their soil(s) will be rejected;

(2) Offers of contracts submitted under continuous signup authorized at § 1410.30 may be accepted without further evaluation when the requested rental rate is less than or equal to the calculated weighted soil rental rate, based on the three predominant soils listed; and

(3) Otherwise qualifying offers shall be ranked competitively based on factors established under § 1410.31 of this part in order to provide the most cost-effective environmental benefits, as determined by the Deputy Administrator.

(g) Additional financial incentives may be provided to producers who offer contracts expected to provide especially high environmental benefits, as determined by the Deputy Administrator.

§ 1410.44 Adjusted Gross Income.

Benefits under this part shall not be available to persons whose adjusted gross income exceeds 2.5 million dollars annually as determined under the standards set out in part 1400 of this chapter which shall be applicable in making adjusted gross income determinations as they apply to the CRP.

§§ 1410.45–1410.49 [Reserved]

§ 1410.50 Enhancement programs.

(a) For contracts to which a State, political subdivision, or agency thereof, has succeeded in connection with an approved conservation reserve state enhancement program, payments shall be made in the form of cash only. The provisions that limit the amount of payments per year that a person may receive under this part shall not be applicable to payments received by such State, political subdivision, or agency thereof in connection with agreements entered into under such enhancement programs carried out by such State, political subdivision, or agency thereof that has been approved for that purpose by CCC.

(b) CCC may enter into other conservation reserve enhancement program agreements in accordance with terms deemed appropriate by CCC, with a State, political subdivision, or agency thereof, to use the CRP to cost-effectively further specific conservation and environmental objectives of that State and the nation.

§ 1410.51 Transfer of land.

(a)(1) If a new owner or operator purchased or obtains the right and interest in, or right to occupancy of, the land
subject to a CRP contract, as determined by the Deputy Administrator, such new owner or operator, upon the approval of CCC, may become a participant to a new CRP contract with CCC for the transferred land.

(2) For the transferred land, if the new owner or operator becomes a successor to the existing CRP contract, the new owner or operator shall assume all obligations of the CRP contract of the previous participant.

(3) If the new owner or operator is approved as a successor to a CRP contract with CCC, then, except as otherwise determined appropriate by the Deputy Administrator:

(i) Cost-share payments shall be made to the past or present participant who established the practice; and

(ii) Annual rental payments to be paid during the fiscal year when the land was transferred shall be divided between the new participant and the previous participant in the manner specified in §1410.42.

(b) If a participant transfers all or part of the right and interest in, or right to occupancy of, land subject to a CRP contract and the new owner or operator does not become a successor to such contract within 60 days, or such other time as the Deputy Administrator determines to be appropriate:

(1) Forfeits all rights to any future payments for that acreage;

(2) Shall refund all previous payments received under the contract by the participant or prior participants, plus interest, except as otherwise specified by the Deputy Administrator. The provisions of §1410.32(h) shall apply.

(c) Federal agencies acquiring property, by foreclosure or otherwise, that contains CRP contract acreage cannot be a party to the contract by succession. However, through an addendum to the CRP contract, if the current operator of the property is one of the contract participants, such operator may, as permitted by CCC, continue to receive payments under such contract if:

(1) The property is maintained in accordance with the terms of the contract;

(2) Such operator continues to be the operator of the property; and

(3) Ownership of the property remains with such federal agency.

§ 1410.52 Violations.

(a)(1) If a participant fails to carry out the terms and conditions of a CRP contract, CCC may terminate the CRP contract.

(2) If the CRP contract is terminated by CCC in accordance with this paragraph:

(i) The participant shall forfeit all rights to further payments under such contract and refund all payments previously received together, plus interest; and

(ii) Pay liquidated damages to CCC in an amount as specified in the contract.

(b) If the Deputy Administrator determines such failure does not warrant termination of such contract, the Deputy Administrator may authorize relief as the Deputy Administrator deems appropriate.

(c) CCC may reduce a demand for a refund under this section to the extent CCC determines that such relief would be appropriate and will not deter the accomplishment of the goals of the program.

(d) Crop insurance purchase requirements in part 1405 of this chapter apply to contracts executed in accordance with this part.

§ 1410.53 Executed CRP contract not in conformity with regulations.

If, after a CRP contract is approved by CCC, it is discovered that such CRP contract is not in conformity with this part, these regulations shall prevail, and CCC may, at its sole discretion, terminate or modify the CRP contract, effective immediately or at a later date as CCC determines appropriate.

§ 1410.54 Performance based upon advice or action of the Department.

The provisions of §718.8 of this chapter relating to performance based upon the advice or action of an authorized representative of the Department shall be applicable to this part, and may be considered as a basis to provide relief to persons subject to sanctions under
§ 1410.55 Access to land under contract.

(a) Any representative of the U.S. Department of Agriculture, or designee thereof, shall, for purposes related to this program, be provided by the offeror or participant as the case may be, with access to land that is:

(1) The subject of an application for a contract under this part; or
(2) Under contract or otherwise subject to this part.

(b) For land identified in paragraph (a) of this section, the participant or producer shall provide such representatives with access to examine records for the land to determine land classification, erosion rates, or other purposes and to determine whether it is in compliance with the terms and conditions of the CRP contract.

§ 1410.56 Division of payments and provisions about tenants and sharecroppers.

(a) Payments received under this part shall be divided as specified in the applicable contract and CCC shall ensure that producers who would have an interest in acreage being offered receive treatment that is equitable, as determined by the Deputy Administrator. CCC may refuse to enter into a contract when there is a disagreement among persons seeking enrollment as to a person's eligibility to participate in the contract as a tenant and there is insufficient evidence to indicate whether the person seeking participation as a tenant does or does not have an interest in the acreage offered for enrollment in the CRP.

(b) CCC may remove an operator or tenant from a CRP contract when:

(1) The operator or tenant requests in writing to be removed from the CRP contract;
(2) The operator or tenant files for bankruptcy and the trustee or debtor in possession fails to affirm the contract, to the extent permitted by applicable bankruptcy laws;
(3) The operator or tenant dies during the contract period and the Administrator of the estate fails to succeed to the contract within a period of time determined by the Deputy Administrator; or

(4) A court of competent jurisdiction orders the removal from the CRP contract of the operator or tenant and such order is received by FSA, as determined by the Deputy Administrator.

(c) In addition to paragraph (b) of this section, tenants shall maintain their tenancy throughout the contract period in order to remain on a contract. Tenants who fail to maintain tenancy on the acreage under contract, including failure to comply with applicable State law, may be removed from a contract by CCC. CCC shall assume the tenancy is being maintained unless notified otherwise by a party to contract.

§ 1410.57 Payments not subject to claims.

Subject to part 1403 of this chapter, any cost-share or annual payment or portion thereof due any person under this part shall be allowed without regard to questions of title under State law, and without regard to any claim or lien in favor of any creditor, except agencies of the United States Government.

§ 1410.58 Assignments.

Participants may assign the right to receive such cash payments, in whole or in part, as provided in part 1404 of this chapter.

§ 1410.59 Appeals.

(a) Except as provided in paragraph (b) of this section, a participant or person seeking participation may appeal or request reconsideration of an adverse determination in accordance with the administrative appeal regulations at parts 11 and 780 of this title.

(b) Determinations by NRCS assigned to make such determination for the Deputy Administrator may be appealed in accordance with procedures established under part 614 of this title or otherwise established by NRCS.

§ 1410.60 Scheme or device.

(a) If CCC determines that a person has employed a scheme or device to defeat the purposes of this part, or any part, of any program, payment otherwise due or paid such person during the
applicable period may be required to be refunded with interest thereon as determined appropriate by CCC.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of cost-share assistance or annual rental payments, or obtaining a payment that otherwise would not be payable.

(c) A new owner or operator or tenant of land subject to this part who succeeds to the contract responsibilities shall report in writing to CCC any interest of any kind in the land subject to this part that is retained by a previous participant. Such interest shall include a present, future, or conditional interest, reversionary interest, or any option, future or present, on such land, and any interest of any lender in such land where the lender has, will, or can legally obtain, a right of occupancy to such land or an interest in the equity in such land other than an interest in the appreciation in the value of such land occurring after the loan was made. Failure to fully disclose such interest shall be considered a scheme or device under this section.

§ 1410.61 Filing of false claims.

If CCC determines that any participant has knowingly supplied false information or has knowingly filed a false claim, such participant shall be ineligible for payments under this part with respect to the program year in which the false information or claim was filed and the contract may be terminated, in which case a full refund of all prior payments may be demanded. False information or false claims include, but are not limited to, claims for payment for practices that do not comply with the conservation plan. Any amounts paid under these circumstances shall be refunded, together plus with interest as determined by CCC, and any amounts otherwise due to the participant shall be withheld. The remedies provided for in this section shall be in addition to any and all other remedies, criminal and/or civil, that may apply.

§ 1410.62 Miscellaneous.

(a) Except as otherwise provided in this part, in the case of death, incompetency, or disappearance of any participant, any payments due under this part shall be paid to the participant's successor(s) under part 707 of this title. (b) Unless otherwise specified in this part, payments under this part shall be subject to the requirements of part 12 of this title concerning highly erodible land and wetland conservation and payments.

(c) Any remedies permitted CCC under this part shall be in addition to any other remedy, including, but not limited to, criminal remedies, civil actions for damages in favor of CCC, or the United States, as may be permitted by law; provided further the Deputy Administrator may add to the contract such additional terms as needed to enforce these regulations that shall be binding on the parties and may be enforced to the same degree as provisions of these regulations.

(d) Absent a scheme or device to defeat the purpose of the program, when an owner loses control of CRP acreage due to foreclosure and the new owner chooses not to continue the contract in accordance with § 1410.51, refunds shall not be required from any participant on the contract to the extent that the Deputy Administrator determines that forgiving such repayment is appropriate in order to provide fair and equitable treatment.

(e) Cropland enrolled in CRP shall be classified as cropland for the time period enrolled in CRP and, after the time period of enrollment, may be removed from such classification upon a determination by the county committee that such land no longer meets the definition in part 718 of this title.

(f) Research projects may be submitted by the State committee and authorized by the Deputy Administrator to further the purposes of CRP. The research projects must include objectives that are consistent with this part, provide economic and environmental information, not adversely affect local agricultural markets, and be conducted and monitored by a bona fide research entity, as determined by the Deputy Administrator.
kind are authorized on designated CRP acreage during the contract period.

(b) Commercial shooting preserves may be operated on CRP acreage provided:

(1) The commercial shooting preserve is licensed by a State agency such as the State fish and wildlife agency or State department of natural resources;

(2) The commercial shooting preserve is operated in a manner consistent with the applicable State agency rules governing commercial shooting preserves;

(3) CRP cover is maintained according to the conservation plan; and

(4) No barrier fencing or boundary limitations exist that prohibit wildlife access to or from the CRP acreage unless required by State law.

(c) The following activities may be permitted on CRP enrolled land insofar as they are consistent with the soil, water, and wildlife conservation purposes of the program:

(1) Managed haying and grazing, including the harvest of biomass:

(i) In exchange for a reduction of the annual payment in an amount determined by the Deputy Administrator;

(ii) Not to exceed once every three years after the CRP vegetative cover has been established; and

(iii) According to an approved CRP conservation plan in accordance with FOTG standards and ensuring that managed haying and grazing activities occur outside the official nesting and brood rearing season for those plans.

(2) Managed grazing that is incidental to the gleaning of crop residue, but only in exchange for a reduction in the annual rental payment, as determined appropriate by the Deputy Administrator.

(3) Wind turbines on CRP land installed in numbers and locations as determined appropriate by the Deputy Administrator considering the location, size, and other physical characteristics of the land, the extent to which the land contains wildlife, wildlife habitat, and the purposes of the CRP.

(4) Spot grazing, if necessary for control of weed infestation, not to exceed a 30-day period according to an approved conservation plan, but only in exchange for a payment reduction determined by the Deputy Administrator.

(5) Forestry maintenance such as pruning, thinning, and timber stand improvement on lands converted to forestry use only in accordance with a conservation plan and in exchange for an applicable reduction in the annual rental payment as determined by the Deputy Administrator.

(6) The sale of carbon, water quality, or other environmental credits, as determined by the Deputy Administrator.

Subpart A—General Provisions

$1412.1 Applicability, statutory changes, interest, and contract provisions.

This part governs: How base acres and farm program payment yields are established or adjusted for the purpose of calculating direct and counter-cyclical payments for wheat, corn, grain sorghum, barley, oats, upland cotton, rice, peanuts, soybeans, sunflower seed, rapeseed, canola, safflower, flaxseed, mustard seed, crambe, sesame seed, pulse crops, and other designated oilseeds as determined and announced by the Commodity Credit Corporation (CCC), for the years 2008 through 2012; the month when producers on a farm may enter into annual Direct and Counter-Cyclical Program (DCP) or Average Crop Revenue Election (ACRE) program contracts with CCC for each of the years 2008 through 2012, as applicable; and the peanut crop acreage bases and yields in order to receive 2008 through 2012 direct and counter-cyclical payments. Payments otherwise provided for in this part are subject to changes made by statute in rates, conditions, and eligibility notwithstanding any contract made under this part. However, any such modification may, as determined by the Deputy Administrator, allow producers the opportunity to withdraw from the contract. Also, if any refund comes due to CCC under this part, interest will be due from the date of the CCC disbursement except as determined by the Deputy Administrator. The provisions of this section will apply notwithstanding any other provision of this or any other part. In order to receive payment under this part a participant must comply with the regulations in this part and any additional requirements imposed by the program contract.
§ 1412.2 Administration.

(a) The program is administered under the general supervision of the Executive Vice-President, CCC, and will be carried out by Farm Service Agency (FSA) State and county committees (State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee may take any action required by the regulations of this part that the county committee has not taken. The State committee will also:

1. Correct, or require a county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this part; or

2. Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee will preclude the Executive Vice President, or the Deputy Administrator, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator has the authority in individual cases to authorize State and county committees to waive or modify deadlines (except statutory deadlines) and other non-statutory requirements, in cases where lateness or failure to meet such other requirements does not adversely affect operation of the program. Producers and participants have no right to seek an exception under this provision. The Deputy Administrator’s refusal to consider cases or circumstances or decisions not to exercise this discretionary authority under this provision will not be considered an adverse decision and is not appealable.

(f) A representative of CCC may execute the FSA forms entitled “Direct and Counter-Cyclical Program Contract” and “Average Crop Revenue Election Program Contract” only under the terms and conditions determined and announced by the Executive Vice President, CCC. Any contract that is not executed in accordance with such terms and conditions, including any purported execution prior to or after the dates authorized by the Executive Vice President, CCC, is null and void and will not be considered to be a contract between CCC and the operator or any other producer on the farm.

§ 1412.3 Definitions.

The definitions set forth in this section are applicable for all purposes of administering the DCP. The terms defined in part 718 of this title and part 1400 of this chapter are also applicable, except where those definitions conflict with the definitions set forth in this section.

Where there is a conflict or a difference in definitions specified in this part and those that apply to the Average Crop Revenue Election (ACRE) program specified in subpart G of this part, the regulations of subpart G of this part will apply to the ACRE program.

Average Crop Revenue Election (ACRE) means the program authorized by section 1105 of the Food, Conservation, and Energy Act of 2008 (7 U.S.C. 8715) according to subpart G of this part. Participation in the ACRE program requires a two-step process by the producer, specifically step 1 an election according to subpart G of this part followed by step 2 enrollment according to this part.

Base acres means the number of acres established with respect to a covered commodity and peanuts on a farm pursuant to sections 1101 and 1302 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 7911) as in effect on September 30, 2007, subject to any adjustment in accordance with subpart B of this part.

Commercial agricultural production means the propagation and raising of agricultural products for commercial sale or barter having gross receipts or sales annually in excess of $1,000. The term includes pastures and land devoted to approved conserving uses.

Considered planted means acreage approved as prevented planted in accordance with §718.103 of this title or the acreage considered planted to a covered commodity pursuant to §1412.48.
Commodity Credit Corporation, USDA § 1412.3

Contract means the CCC-approved standard, uniform forms and appendices specified by CCC that constitute the agreement for participation in the Direct and Counter-Cyclical Program or ACRE program, as applicable.

Contract year means the particular year of the particular contract based on the compliance period for the contract. The compliance year will run from October 1 to the following September 30 and will have the same name as the corresponding fiscal year. For example, the 2009 contract year will be October 1, 2008, through September 30, 2009, and that year will be considered, too, the 2009 crop year. The contract for the 2009 crop year will be considered the contract for the 2009 crop. The same references will apply to all other years.

Counter-cyclical payment means a payment made to eligible producers on a farm in accordance with subpart E of this part for covered commodities and peanuts.

Covered commodity means wheat, corn, grain sorghum, barley, oats, upland cotton, long grain rice, medium grain rice, soybeans, sunflower seed, rapeseed, canola, safflower, flaxseed, mustard seed, crambe, sesame seed, pulse crops, and other oilseeds as determined by the Secretary.

Crop year means the relevant contract year. For example, the 2009 crop year is the year that runs from October 1, 2008, through September 30, 2009, and references to payments for that year refer to payments made under contracts with the compliance year that runs during those dates.

DCP cropland means DCP cropland as defined in part 718 of this title.

Deputy Administrator means the Deputy Administrator for Farm Programs, FSA, or a designee.

Developed means:
(1) Land has been approved by the local government for uses other than commercial agricultural uses; and
(2) Construction activity has begun to install any aspect of the development, for example utilities or roadways.

Direct payment means a payment made to eligible producers on a farm for peanuts and covered commodities in accordance with subpart E of this part.

Dry peas means Austrian, wrinkled seed, yellow, Umatilla, and green, excluding peas grown for the fresh, canning, or frozen market.

Effective price means the price calculated by the Secretary in accordance with §1412.53 for covered commodities and peanuts to determine whether counter-cyclical payments are required to be made under that section for a crop year.

Excess base acres means the number of base acres of covered commodities and peanuts on the farm that exceed the farm’s total DCP cropland.

Fiscal year means the year running from October 1 to the following September 30 and will be designated by the same calendar year in which it ends. For example, the 2009 fiscal year ends September 30, 2009.

Harvested means the producer has removed the crop from the field by hand, mechanically, or by grazing of livestock. The crop is considered harvested once it is removed from the field and placed in or on a truck or other conveyance or is consumed by livestock through the act of grazing. Crops normally placed in a truck or other conveyance and taken off the crop acreage, such as hay, are considered harvested when in the bale, whether removed from the field or not.

Marketing year means the 12-month period beginning in the calendar year the crop is normally harvested as follows:
(1) Barley, oats, and wheat: June 1–May 31;
(2) Canola, flax and rapeseed, lentils, and dry edible peas: July 1–June 30;
(3) Upland cotton, peanuts, and rice: August 1–July 31; and
(4) Corn, grain sorghum, soybeans, sunflowers, safflower, mustard, crambe, sesame, and chickpeas: September 1–August 31.

Oilseeds means a crop of soybeans, sunflower seed, rapeseed, canola, crambe, safflower, flaxseed, mustard seed, sesame seed, or, if determined and announced by CCC, another oilseed.

Payment acres means:
(1) Except as provided for in paragraph (2) of this definition, 85 percent
§ 1412.4 Appeals.

A participant may obtain reconsideration and review of any adverse determination made under this part in accordance with the appeal regulations found at parts 11 and 780 of this title.

Subpart B—Establishment of Base Acres for a Farm for Covered Commodities

§ 1412.21 Election of base acres.

(a) Subject to adjustments in paragraph (b) of this section, base acres for covered commodities and peanuts are as defined in §1412.3.

(b) No later than April 1, 2009, owners on a farm may establish base acres for pulse crops.

(1) Subject to the limitations in accordance with paragraph (d) of this section and §1412.24, the base acres for pulse crops are equal to the sum of the following:

(i) The 4-year average of the acreage planted or prevented planted to the pulse crops during each of the 1998 through 2001 crop years for harvest, grazing, haying, silage, or other similar purposes, as determined by the Secretary, plus

(ii) The 4-year average of the acreage planted or prevented planted to the pulse crops during each of the 1998 through 2001 crop years for harvest, grazing, haying, silage, or other similar purposes, as determined by the Deputy Administrator.

(c) Subject to paragraph (d) of this section, the total acreage of a pulse crop on the farm calculated in accordance with paragraph (b) of this section must not exceed:

(1) The total acreage of cropland on the farm minus

(2) The total acreage for all covered commodities, peanut, and other pulse crops determined in accordance with paragraphs (a) and (b) of this section.

(d) If the calculation in paragraph (c) of this section results in a negative number, the pulse crop acreage on the farm for that crop year will be zero for
Commodity Credit Corporation, USDA

§ 1412.24 Limitation of total base acreage on a farm.

(a) The sum of the following must not exceed the total DCP cropland acreage on the farm, plus approved double-cropped acreage for the farm:

(1) The sum of all base acres established for the farm in accordance with this part, plus

(2) Any cropland acreage on the farm enrolled in a Conservation Reserve Program contract in accordance with part 1410 of this chapter, plus

(3) Any cropland acreage on the farm enrolled in a wetland reserve program contract in accordance with part 1467 of this chapter, plus

(4) Any other acreage on the farm enrolled in a Federal conservation program for which payments are made in exchange for not producing an agricultural commodity on the acreage.

(b) The Deputy Administrator will give the owner of the farm the opportunity to select the covered commodity base acres or peanut base acres, against which the reduction required in this section will be made.

(c) In applying paragraph (a) of this section, CCC will take into account the practice of double cropping on a farm, as determined by CCC.
§ 1412.31 Direct payment yields for covered commodities, except pulse crops.

(a) The direct payment yield for each covered commodity, except pulse crops, will be the payment yield established for the commodity for the farm in accordance with the regulations for covered commodities at part 1412 of this chapter in effect on January 1, 2008 (see 7 CFR part 1412, revised as of January 1, 2008).

(b) [Reserved]

§ 1412.32 Direct payment yield for designated oilseed and pulse crops.

(a) The direct payment yield for designated oilseeds for which a yield was not established by September 30, 2007, and pulse crops for the farm will be determined by multiplying the weighted average yield per planted acre for the crop on the farm, as determined in accordance with paragraph (b) of this section, times the ratio resulting from:

1. The national average yield for the crop for the 1981 through 1985 crop years, as determined by CCC, divided by

2. The national average yield for the crop for the 1998 through 2001 crop years, as determined by CCC.

(b)(1) The yield per planted acre for such designated oilseed for which a yield was not established by September 30, 2007, and for pulse crops on the farm, to be used for direct payment purposes, is calculated as follows:

(i) The sum of the production of the crop for the 1998 through 2001 crop years, as determined in accordance with paragraph (b)(2) of this section, divided by

(ii) The sum of the total planted acres of the crop for the 1998 through 2001 crop years.

(2) The production of the crop for each of the 1998 through 2001 crop years will be the higher of the following, except in a year in which the acreage planted to the crop was zero, in which case the production for the crop for such year will be zero:

(i) The total production for the applicable year based on the production evidence submitted in accordance with §1412.34; or

(ii) The amount equal to the product of:

(A) The total planted acres for the crop, times

(B) 75 percent of the harvested average county yield for that crop determined, where practicable, by calculating the weighted 4-year average of the National Agricultural Statistics Service (NASS) harvested acreage yields for the crop using the 1998 through 2001 crop years.

(3) The NASS harvested acreage yield to be used in paragraph (b)(2) of this section will be based on:

(i) NASS harvested irrigated yield for the crop, if available, for producers who irrigated the crop in the applicable years;

(ii) NASS harvested non-irrigated yield for the crop, if available, for producers who did not irrigate the crop in the applicable years; or

(iii) NASS harvested blended yield for all acreage, regardless of whether or not the acres were irrigated or non-irrigated, for all crops in all counties for which the yields in paragraphs (b)(3)(i) and (ii) of this section are unavailable.

(4) If NASS harvested acreage yield data is not available, the Deputy Administrator will assign a yield to be used in paragraph (b)(2)(ii)(B) of this section.

§ 1412.33 Payment yield for counter-cyclical payments for covered commodities.

The counter-cyclical payment yield for covered commodities on the farm will be equal to the counter-cyclical payment yield established for the covered commodity on the farm that was effective September 30, 2007. Counter cyclical payment yields for designated oilseeds or eligible pulse crops for which direct payment yields were not established as of September 30, 2007, will be equal to the direct payment yield established in accordance with §§ 1412.32 or 1412.34, as applicable.
§ 1412.34 Submitting production evidence for establishing direct payment yields for oilseeds and pulse crops.

(a)(1) Reports of production evidence must be submitted when the owner elects to establish a direct payment yield for designated oilseeds for which a yield was not established by September 30, 2007, and pulse crops for the farm in accordance with §1412.32.

(2) Producer or third-party certification will not be accepted as proof of production evidence.

(3) Reports of production evidence for designated oilseeds for which a yield was not established by September 30, 2007, and for pulse crops must be provided to the county committee of the county where the farm is administratively located, by farm and crop in such manner as required by CCC on a CCC-approved standard, uniform form designated by CCC.

(b)(1) When disposition of production has been through commercial channels, CCC may require the producer to furnish documentary evidence in order to verify the information provided on the report of production. Acceptable evidence may include, but is not limited to, such items as:

(i) Production approved by the county committee for Loan Deficiency Payments;

(ii) Commercial receipts;

(iii) Settlement sheets;

(iv) Warehouse ledger sheets;

(v) Elevator receipts or load summaries, supported by other evidence showing disposition, such as sales documents;

(vi) Evidence from harvested or appraised acreage, approved for FCIC or multi-peril crop insurance loss adjustment settlement; or

(vii) Other production evidence determined acceptable by the Deputy Administrator.

(2) Such production evidence must show:

(i) The producer’s name,

(ii) The commodity,

(iii) The buyer or name of storage facility,

(iv) The date of transaction or delivery, and

(v) The quantity.

(c) When production of a designated oilseed for which a yield was not established by September 30, 2007, and pulse crops has been disposed of through non-commercial channels, then 75 percent of the county average yield as determined in accordance with §1412.32(b)(4) will be used.

(d) CCC may verify the production evidence submitted with records on file at the warehouse, gin, or other entity which received or may have received the reported production.

§ 1412.35 Incorrect or false production evidence of oilseeds and pulse crops.

(a) If production evidence submitted in accordance with §1412.34 is false or incorrect, as determined by the county committee, the county committee will determine whether the owner or producer submitting the production evidence for a farm acted in good faith or took action to defeat the purpose of the program.

(b)(1) If the county committee determines the production evidence submitted is false, incorrect, or unacceptable, and the owner or producer who submitted the evidence did not act in good faith or took any action to defeat or undermine the purpose of the program, the county committee will:

(i) Require a refund of all direct and counter-cyclical payments earned for the farm for the first year such payments were made;

(ii) For designated oilseeds or pulse crops, reduce both the direct and counter-cyclical payment yields to 75 percent of the county average yield as determined in accordance with §1412.32(b)(4). That yield will then be reduced by the applicable direct payment yield factor in accordance with §1412.32(a)(1); and

(iii) Subject to paragraph (a)(2)(i) of this section, regarding the first year of payments, require a refund of an amount equal to the following for designated oilseeds or pulse crops for each year the false, incorrect, or unacceptable yield was used to make payments under the contract:

(A) The sum of the direct and counter-cyclical payments made using the false, incorrect or unacceptable evidence, minus
(B) The sum of the direct and counter-cyclical payments that would have been made based on the yields established in paragraph (b)(1)(ii) of this section.

(2) Notwithstanding paragraph (b)(1) of this section, if the county committee determines that the production evidence submitted is false, incorrect, or unacceptable and the owner or producer who submitted the evidence did not act in good faith or took action to defeat the purpose of the program, the Deputy Administrator may take further action, including but not limited to, any or all of the following:
   (i) Make a further yield reduction for part or all of the designated oilseeds or pulse crops on the farm;
   (ii) Make further payment reductions or refunds;
   (iii) Determine that the owner or producer who submitted the evidence is ineligible for participation in future contracts unless the Deputy Administrator determines otherwise; or
   (iv) Take other legal action.

(c) If the county committee determines the production evidence submitted is false, incorrect, or unacceptable, and the owner or producer who submitted the evidence acted in good faith and did not take action to defeat the purpose of the program, the county committee will:
   (1) Correct the counter-cyclical yield for the applicable covered commodity or peanuts to equal the yield that would have been calculated in accordance with §1412.33 based on accurate production evidence; and
   (2) Require a refund of an amount equal to the following for each covered commodity and peanuts for each year the false, incorrect, or unacceptable yield was used to make payments under the contract:
      (i) The sum of the direct and counter-cyclical payments made using the false, incorrect, or unacceptable evidence, minus
      (ii) The sum of the direct and counter-cyclical payments that would have been made based on the yields established in paragraph (c)(1) of this section.
(such as cash leases in lieu of signing for a zero share). A contract not having all requisite signatures of producers having more than a zero share of contract acreage on or before the enrollment deadline will not be considered submitted to CCC for any purpose and will not be acted on or approved. Those contracts enrolled by a producer on or before June 1 that were not signed by other producers according to this section will be deemed withdrawn and will not be approved. Producers on a farm are solely responsible for ensuring that enrollment occurs.

(4) Eligible producers who elect to enter into a contract with CCC must enroll all base acres on the farm. Enrollment of fewer than all base acres on the farm is not allowed.

(b) Eligible producers may withdraw from a contract at any time on or before June 1 of the year of the contract provided all signatories to the contract, including CCC, agree to the withdrawal in writing. DCP contracts enrolled prior to the decision of producers on a farm to elect the ACRE option for a fiscal year are considered withdrawn as specified in §1412.72. Producers electing the ACRE option according to §1412.72(d) must subsequently decide whether or not to enroll the farm in an ACRE program contract in accordance with the rules of this part.

(c) All contracts expire on September 30 of the fiscal year of the contract unless:

(1) Withdrawn in accordance with paragraph (b) of this section;

(2) Terminated in accordance with paragraphs (d) or (e) of this section; or

(3) Terminated at an earlier date by mutual consent of all parties, including CCC.

(d) A transfer or change in the interest of an owner or producer in the farm or in acreage on the farm subject to a contract will result in the termination of the contract and a refund of all direct and counter-cyclical and ACRE payments issued for the farm. The contract termination will be effective on the date of the transfer or change. Successors to the interest in the farm or crops on the farm subject to the contract may enroll the farm in a new contract and assume all obligations under the contract, only after all payments previously issued for the farm have been refunded to CCC.

(e) In the event a farm reconstitution is completed of a properly enrolled farm or farms in accordance with part 718 of this title, FSA will issue notices to the operator and owners of record on a farm that all producers with an interest in the base acres on the farm must sign a new DCP or ACRE program contract and provide supporting documentation such as leases and other contractual supportive documents not later than September 30 of the fiscal year direct and counter-cyclical or ACRE program payments are requested, after receiving written notification by the county committee indicating the reconstitution is completed. It is the responsibility of the operator and owners on a farm that producers with an interest in base acres are notified of the reconstitution and requirement for a new contract. If all producers have not signed the new contract by September 30, then no producers on the contract will be eligible for a direct or counter-cyclical payment or ACRE program payment for that farm for the year the contract was terminated.

§ 1412.42 Eligible producers.

(a) Producers eligible to enter into a contract are:

(1) An owner of a farm who assumes all or a part of the risk of producing a crop;

(2) A producer, other than an owner, on a farm with a share-rent lease for such farm, regardless of the length of the lease, if the owner of the farm enters into the same contract;

(3) A producer, other than an owner, on a farm who cash rents such farm under a lease expiring on or after September 30 of the year of the contract in which case the owner is not required to enter into the contract;

(4) A producer, other than an owner, on a farm who cash rents such farm under a lease expiring before September 30 of the year of the contract. The owner of such farm must also enter into the same contract; or

(5) An owner of an eligible farm who cash rents such farm and the lease term expires before September 30 of the
§ 1412.43 Reconstitutions.

Farms will only be reconstituted in accordance with part 718 of this title.

§ 1412.44 Notification of base acres.

The operator and owners of record of a farm will be notified in writing of the number of base acres eligible for enrollment in a contract, unless such operator or owners of record of a farm requests in writing not to be furnished with the notice. The operator and owners of record are responsible for notifying all other producers of a farm of the notice.

§ 1412.45 Reducing or terminating base acreage.

(a)(1) Subject to the limitation in paragraph (a)(2) of this section, a permanent reduction of all or a portion of a farm’s base acres will be allowed when all owners of the farm execute and submit a written request for such reduction on a CCC-approved standard, uniform form designated by CCC to the FSA county office where the records for the farm are administratively maintained.

(2) A permanent reduction of all or a portion of a farm’s base acres to negate or reduce a program violation is not allowed.

(b) When base acres on a farm are converted to a non-agricultural commercial or industrial use, the total base acres on the farm will be reduced accordingly regardless of the submission of a request for such reduction.

(c) The base acres of covered commodities and peanuts on a farm will be proportionately reduced when it is determined that the land has been subdivided and developed for multiple residential units or other nonfarming uses if, in the judgment of the county committee, the size of the tracts and the density of the subdivision is such that the land is unlikely to return to the previous agricultural use, unless either of the following applies:

(1) The producers on the farm demonstrate that the land remains devoted to commercial agricultural production or is likely to be returned to the previous agricultural use and such land has not been divided from the farm with a farm reconstitution performed according to part 718 of this title or

(2) A properly constituted or reconstituted farm contains sufficient land that has not yet been subdivided and developed for multiple residential units or other nonfarming uses, and the producers on the farm demonstrate that the land remains devoted to commercial agricultural production or is likely to be returned to the previous agricultural use.

(d)(1) Except as provided in paragraph (d)(2) of this section, for the 2009 and subsequent crop years, crop acreage bases will be not be established with respect to land owned by Federal agencies and any crop acreage base previously established with respect to such land will be terminated.

(2) Paragraph (d)(1) of this section will not apply to Federal-owned lands that was subject to a lease agreement entered into prior to December 23, 2008 during the length of the lease agreement. Upon termination of such agreement, all crop acreage bases established with respect to Federal-owned land will be terminated. To the extent a lease contains an option to extend the terms of the lease, crop acreage
bases will be terminated as of the date the original lease would expire without regard to any exercise of such an option.

(3) In the event a Federal agency transfers of ownership of land to another party, crop acreage bases will not be re-established with respect to such land.

§ 1412.46 Succession-in-interest.

(a) A succession in interest to a DCP or ACRE program contract is required if there has been a change in the operation of a farm, such as:

(1) A sale of land;
(2) A change of operator or producer, including a change in a partnership that increases or decreases the number of partners or changes who are partners;
(3) A foreclosure, bankruptcy, or involuntary loss of the farm;
(4) A change in producer shares to reflect changes in the producer's share of the crops that were originally approved on the contract; or
(5) Any other change determined by the Deputy Administrator to be a succession that will not adversely affect nor defeat the purpose of the program.

(b) A succession in interest to the contract is not permitted if CCC determines that the change:

(1) Results in a violation of the landlord-tenant provisions specified in §1412.55; or
(2) Adversely affects or otherwise defeats the purpose of the program.

(c) If a producer who is entitled to receive direct and counter-cyclical payments dies, becomes incompetent, or is otherwise unable to receive the payment, CCC will make the payment in accordance with part 707 of this title.

(d) A producer or owner of an enrolled farm must inform the county committee of changes in interest in base acres on the farm not later than:

(1) August 1 of the fiscal year in which the change occurs if the change requires a reconstitution be completed in accordance with part 718 of this title or
(2) September 30 of the fiscal year in which the change occurs if the change does not require a reconstitution be completed in accordance with part 718 of this title.

(e) In any case in which either a direct or counter-cyclical payment has previously been made to a predecessor, such payment will not be paid to the successor, unless such payment has been refunded in full by the predecessor, in accordance with §1412.44(d).

(f) The failure of the party eligible to succeed to the contract to do so will be considered a contract violation.

§ 1412.47 Planting flexibility.

(a) Any crop may be planted and harvested on base acreage on a farm, except as limited elsewhere in this section. Any crop may be planted on DCP cropland in excess of the base acreage on a farm.

(b) Base acreage may be hayed or grazed at any time.

(c) Planting perennial fruits, vegetables (except mung beans, and pulse crops), or wild rice, as determined by the Deputy Administrator, is prohibited on base acreage of a farm enrolled in a DCP or ACRE program contract. Harvesting non-perennial fruits, vegetables (except mung beans and pulse crops), or wild rice, as determined by the Deputy Administrator, is prohibited on base acreage of a farm enrolled in a DCP or ACRE program contract.

(d) Notwithstanding the provisions of paragraph (c) of this section, perennial fruits, vegetables, and wild rice may be planted on base acreage of a farm enrolled in a contract, and non-perennial fruits, vegetables, and wild rice may be harvested on base acreage of a farm enrolled in a contract if:

(1) A producer double-crops fruits, vegetables, or wild rice with a covered commodity or peanuts in any region described in paragraph (e) of this section, in which case direct and counter-cyclical payments will not be reduced for the planting or harvesting of the fruit, vegetable, or wild rice;
(2) The farm has a history of planting fruits, vegetables, or wild rice, as determined by CCC, in which case the payment acres for the farm will be reduced on an acre-for-acre basis; or
(3) The producer has a history of planting a specific fruit, specific vegetable, or wild rice, as determined by
§ 1412.47

CCC, the producer may plant and harvest the specific fruit, specific vegetable, or wild rice for which the producer has a planting history, subject to the following:

(i) The acreage harvested must not exceed the simple average of the sum of acreage of the specific fruit, specific vegetable, or wild rice planted for harvest by the producer during the crop years 1991 through 1995 or 1998 through 2001, as designated by the producer, excluding any year in which the specific fruit, specific vegetable, or wild rice was not planted; and

(ii) The payment acres for the farm will be reduced on an acre-for-acre basis.

(e) Double-cropping for purposes of this section means planting for harvest fruits, vegetables, or wild rice on the same acres in cycle with a covered commodity or peanuts planted and harvested for peanuts, grain, or lint in a 12-month period under normal growing conditions for the region and being able to repeat the same cycle in the following 12-month period. (f) Any acreage reduction required by paragraph (d) of this section will be applied beginning with the covered commodity or peanuts with lowest direct payment amount per acre until the acreage reduction amount is satisfied. Producers may agree to adjust the acre reduction between covered commodities and peanuts on the farm, only to the extent the total acre reduction amount does not change for the farm, and all producers affected by the adjustment agree to the adjustment in writing.

(g) For the purposes of this part, fruits, vegetables, and wild rice planted on base acreage of a farm under a DCP or ACRE program contract:

(1) Will be considered harvested at the time of planting, unless the producer pays a fee to cover the cost of a farm visit, in accordance with part 718 of this title, to verify that the fruit, vegetable, or wild rice has been destroyed before harvest, as determined by the Deputy Administrator, or

(2) Will not be considered as planted to a fruit, vegetable, or wild rice when reported by a producer on the farm with an intended use of green manure or forage, as determined by the Deputy Administrator, and a fee to cover the cost of a farm visit is paid by the producer, in accordance with part 718 of this title, to verify that the crop has not been harvested.

(h) Unless otherwise specifically included as a covered commodity in accordance with this part, fruits and vegetables include but are not limited to all nuts except peanuts, certain fruit-bearing trees and: Acerola (barbados cherry), antidesma, apples, apricots, aragula, artichokes, asparagus, atemoya (custard apple), avocados, babaco papayas, bananas, beans (except soybeans, mung, azuki, fava, and lupin), beets—other than sugar, blackberries, blackeye peas, blueberries, bok spare choy, boyesenberries, breadfruit, broccoli flower, broccoli-cavalo, broccoli, brussel sprouts, cabbage, caliang, calimbo, calabaza, carambola (star fruit), calaboose, carob, carrots, cascadeberries, cauliflower, celeriac, celery, chayote, cherimoyas (sugar apples), canary melon, cantaloupe, cardoon, casaba melon, cassava, cherries, chinese bitter melon, chicory, chinese cabbage, chinese mustard, chinese water chestnuts, chufes, citron, citron melon, coffee, collards, cowpeas, crabapples, cranberries, cressie greens, crenshaw melons, cucumbers, currants, cushion, daikon, dashen, dates, dry edible beans, dunga, eggplant, elderberries, elut, endive, escarole, etou, feijoa, figs, gai lien, galion, galanga, genip, gooseberries, grapefruit, grapes, guambana, guavas, guy choy, honeydew melon, huckleberries, jackfruit, jerusalem artichokes, jicama, jojoba, kale, kenya, kiwifruit, kohlrabi, kumquats, leeks, lemons, lettuce, limequats, limes, lobok, loganberries, longon, loquats, lotus root, lychee (litchi), mandarins, mangos, marionberries, mar bub, melongene, mesple, mizuna, mongosteen, moqua, mulberries, muscats, mushrooms, mustard greens, nectarines, ny Yu, okra, olallieberries, olives, onions, opo, oranges, papaya, paprika, parsnip, passion fruits, peaches, pears, peas, all peppers, persimmon, persian melon, pimentos, pineapple, pistachios, plantain, plums, plums, pomegranates, potatoes, prunes, pummelo, pumpskins, quinces, radiochio, radishes, raisins, raisins (distilling), rambutan, rape greens, rapini, raspberries, recao, rhubarb, rutabaga, santa claus melon, salvify, saodilla, sapote, savory, scallions, shallots, shiso, spinach, squash, strawberies, suk gat, swiss chard, sweet corn, sweet potatoes, tangelos, tangerines, tangos, tangors, taniers, taro root, tau chai, tef, tindora, tomatillos, tomatoes, turnips, turnip greens, watercress, watermelons, white sapote, yam, and yam yu choy.

§ 1412.48 Planting Transferability Pilot Project.

(a) Notwithstanding §1412.47, for each of the 2009 and subsequent crop years, the Planting Transferability Pilot Project (Project) will permit, in accordance with the limitations and provisions of this section only, the planting of certain crops in certain States on base acres without violating the DCP or ACRE contract. Base acres on
farms participating in the Project will be reduced an acre (or portion thereof) for every acre (or portion thereof) planted in the Project, for the year in which the farm is participating in the Project.

(b) Producers interested in participating in the Project must first be enrolled in either a DCP or ACRE program contract and submit an offer for participation in the Project accompanied by a copy of the contract mentioned in paragraph (f) of this section no later than March 1 of the fiscal year in which participation in the Project is desired. At the conclusion of the signup period, CCC will determine if it received more offers than the acreage limitation paragraph (e) of this section allows. If the offers exceed the acreage limitation in the State, CCC will conduct a lottery style selection process and approve offers for participation in the Project that will ensure that the number of base acres eligible for each year under the Project are not exceeded. In the event that CCC cannot approve an offer in its entirety, at CCC's discretion, CCC may give the producers the opportunity to enroll less acres in the Project. CCC will also notify producers of the results via administrative appeal. Producers in each of the States mentioned in this section can elect to participate in the Project with their offer as accepted by CCC, or, if CCC elects to offer approval of part of an offer, participate with their offer as reduced by CCC, or the producers can elect not to participate in the Project.

(c) Signup for the Project will be conducted as announced by the Deputy Administrator.

(d) Under the Project, crops permitted on DCP base acres are cucumbers, green peas, lima beans, pumpkins, sweet corn, and tomatoes. These crops eligible for participation in this Project must be grown for processing.

(e) The States and the number of base acres eligible during each crop year for the Project under paragraph (a) of this section are:

(i) 9,000 acres in Illinois,
(ii) 9,000 acres in Indiana,
(iii) 1,000 acres in Iowa,
(iv) 9,000 acres in Michigan,
(v) 34,000 acres in Minnesota,
(vi) 4,000 acres in Ohio, and
(vii) 9,000 acres in Wisconsin.

(f) To be eligible to participate in the Project, producers on a farm must do all of the following for the commodity specified in paragraph (d) of this section:

(i) Enter into a contract to produce the commodity for processing;
(ii) Agree to produce the crop as part of a program of crop rotation on the farm to achieve agronomic and pest and disease management benefits;
(iii) Report acreage and production of the crop according to §1412.66 and provide evidence of disposition of the crop; and
(iv) File a notice of loss according to §1412.67, if the crop is either prevented from being planted or is impacted by disaster after planting.

(g) If base acres are recalculated while a farm is participating in this Project, the planting and production of a crop of a commodity specified in paragraph (d) of this section on base acres for which a temporary reduction was made under this section will be considered to be the same as the planting and production of the covered commodity or peanuts that was reduced.

(h) Reports will be prepared for Congress to periodically evaluate the supply and price of fresh and processed fruits and vegetables and evaluate if producers of fresh fruits and vegetables are being negatively impacted or existing production capacities are being supplanted.

(i) If DCP payments were issued prior to enrollment in this Project, the participants acknowledge that for the particular year of participation in the Project according to this section, DCP payments will be based on temporarily reduced base acres.

(j) If an ACRE program contract was approved either before or after enrollment in this Project according to this section, the ACRE program contract participants acknowledge that for the particular year of participation in the Project according to this section, ACRE payments will be

§ 1412.49 Apportionment of long and medium grain rice.

(a) Rice base acres are established pursuant to section 1101 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 7911) in effect on September 30, 2007, specified in §1412.3.

(b) Owners will designate the rice base acres in paragraph (a) of this section into two categories:

(i) Long grain rice, and

(ii) Medium grain rice. Medium grain rice includes short grain rice.

(c) Owners on a farm will elect rice base acres according to paragraph (b) of this section, based on the 4-year average of the percentages of:

(i) Acreage planted on the farm to long grain rice and medium grain rice during the 2003 through 2006 crop years, plus

(ii) Any acreage on the farm that producers were prevented from planting to long grain and medium grain rice during the 2003 through 2006 crop years because of drought, flood, other natural disaster, or other condition beyond the control of the producers.

(d) If long grain or medium grain rice was not planted on the farm in one or more years during the 2003 through 2006 crop years, the percentages of acreage planted in the applicable State to long grain and medium grain rice will be substituted for the "not planted" years on the farm in paragraph (c) of this section.

(e) If an election is not made according to this section, the percentages of acreage planted in the applicable State to long grain and medium grain rice on the farm in paragraph (c) of this section.

(f) The purpose of this section is to determine long grain rice base and medium grain rice base on the farm. This section will not increase or decrease the:

(i) Number of base acres on the farm;

(ii) Number of payment acres on the farm; or

(iii) Payment yield on the farm from that for rice under sections 1101 and 1102 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 7911, 7912), as in effect on September 30, 2007, subject to any adjustment required in this part.

§ 1412.50 Matters of general applicability.

These regulations and CCC’s interpretation of the regulations and internal agency directives issued to State and county FSA offices are matters of general applicability and are not individually appealable in administrative appeals according to §§11.3 and 780.5 of this title. Additionally, these rules and any decisions of CCC and FSA that are not based on facts derived from an individual participant’s application, contract, or file, including but not limited to, decisions of whether or not to conduct a lottery, lottery selection process and results, signup deadlines, direct payment rates, counter-cyclical payment rates, or any other generally applicable payment rate or rates, national average market prices, determinations of production of crops produced in a State or States, actual State yields, benchmark State yields, program guarantee price or prices, or determinations of CCC regarding the percentage of acreage of a crop in States that is irrigated or non-irrigated, or any other similar determination that is made by CCC or FSA for use in all similarly situated applications, are not appealable under part 11 or part 780 of this title. The only extent by which the matters referenced in this section, and like similar generally applicable matters, are reviewable administratively in an appeal forum is whether FSA’s or CCC’s decision to apply the generally applicable matter is factually accurate and in conformance with the regulations in this part.

Subpart E—Financial Considerations Including Sharing Payments

§ 1412.51 Limitation of payments.

(a) The provisions of part 1400 of this chapter apply to this part. Payments under this part will not exceed the amounts specified in part 1400 of this chapter. As determined under that part, no person may receive more than $40,000 in direct payments or $65,000 in counter-cyclical payments with respect
to any contract or crop year. For ACRE participants, no person may receive more than in ACRE and counter-cyclical payments and direct payments combined, more than the sum of:

1. $65,000 and
2. The amount of the reduction in direct payments required by the ACRE contract.

(b) The amount of 2008 direct and counter-cyclical payments for a farm will not exceed the maximum amount that would have been paid based on the number of persons as determined in accordance with part 1400 of this chapter on the farm as of May 22, 2008.

(c) Except as provided in this section, notwithstanding any other provision of this part, for the 2009 and subsequent crops, a producer on a farm will not receive direct payments, counter-cyclical payments, or ACRE payments if the sum of the base acres of covered commodities and peanuts on the farm is 10 acres or less. The 10-acre limitation of this subsection will not apply to a farm that is wholly-owned by a socially disadvantaged farmer or rancher (as defined in section 355(e) of the Consolidated Farm and Rural Development Act (7 U.S.C. 2003(e))) or a limited resource farmer or rancher, as defined by the Secretary. If such farm is owned by a legal entity, such as a corporation, each individual or entity with any interest in the entity must be a socially disadvantaged or limited resource farmer or rancher.

§ 1412.52 Direct payment provisions.

(a) For 2008 through 2012 contracts, a final direct payment will be made to eligible producers on a farm enrolled in a contract with respect to covered commodities and peanuts for which payment yields and base acres are established on or after October 1 of the fiscal year following the fiscal year of the contract in which the direct payment was earned.

(b) For 2008 through 2011 contracts, at the option of the producer, 22 percent of the direct payment for the farm with respect to covered commodities and peanuts for which payment yields and base acres are established will be paid in any month from December through September of the fiscal year of the contract, as requested by the producer, as an advance direct payment. Advance direct payments are not available for the 2012 crop year. For any participant on the contract to receive an advance direct payment, all producers sharing in the direct payments for the farm must:

1. Be in compliance with all requirements of the contract and the requirements in this part at the time of the advance payment;
2. Sign the DCP or ACRE program contract designating payment shares and provide supporting and necessary contractual documentation. If all producers on the farm have not signed the contract designating payment shares in accordance with this paragraph, the contract will not be considered approved and no contract participant will be eligible for any payment for that farm for that contract. FSA has no obligation or responsibility to obtain signatures or requisite documents for DCP or ACRE program contract participants; and
3. Comply with the provisions of parts 12 and 1400 of this title.

(c) If a producer declines to accept, or is determined to be ineligible for all or any part of the producer’s share of the direct payment computed for the farm in accordance with the provisions of this section:

1. The payment or portions thereof will not become available to or for any other producer and
2. The producer must refund to CCC any amounts representing payments that exceed the payments determined by CCC to have been earned under the program authorized by this part. Part 1403 of this chapter is applicable to all unearned payments.

(d) The payment rates used to calculate direct payments with respect to covered commodities and peanuts on a farm enrolled in a contract are:

1. Wheat—$0.52/bu.
2. Corn—$0.28/bu.
3. Grain sorghum—$0.35/bu.
4. Barley—$0.24/bu.
5. Oats—$0.024/bu.
6. Upland cotton—$0.0667/lb.
7. Long grain rice—$2.35/cwt.
8. Medium grain rice—$2.35/cwt.
9. Soybeans—$0.44/bu.
10. Other oilseeds—$0.80/cwt.
11. Peanuts—$36.00/ton.
Commodity Credit Corporation, USDA § 1412.53

(e) For 2008 through 2012 contracts, subject to the limitations of §1412.51 and part 1400 of this chapter, the final direct payment amount to be paid to participants on a farm enrolled in a contract with respect to the covered commodities or peanuts for which payment yields and base acres are established is equal to the product of:

1. The payment rate specified in paragraph (d) of this section, multiplied by

2. The relevant payment acres of the covered commodity or peanuts on the farm enrolled in a contract, minus any acre reduction in accordance with §1412.76(g), multiplied by

3. The payment yield for the covered commodity or peanuts on the farm enrolled in a contract as determined in accordance with §§1412.31 and 1412.32, minus

4. Any reduction calculated in accordance with subpart F of this part, minus

5. Any advance payment received in accordance with paragraph (b) of this section.

(f)(1) The payment of any amount due any participant on a farm enrolled in a contract will be made only after all participants subject to the contract are determined to be in full compliance with the contract and the requirements of this part.

2. A producer on a farm enrolled in a contract may receive a payment amount due without respect to the payment eligibility of other producers on the farm if all the following apply:

(i) The contract participant is in compliance with all contractual provisions;

(ii) The participant is in full compliance with the contract and the requirements in this part;

(iii) The payment of such amount does not affect adversely nor defeat the purpose of the program, as determined by the Deputy Administrator; and

(iv) The payment is approved by the Deputy Administrator.

§ 1412.53 Counter-cyclical payment provisions.

(a) For the 2008 through 2012 contracts, except as provided in subpart G of this part, a counter-cyclical payment will be made to eligible participants on a farm enrolled in a DCP contract with respect to covered commodities and peanuts for which payment yield and base acres are established:

1. Only if the effective price for the covered commodity or peanuts, as determined in accordance with paragraph (b) of this section, is less than the target price of the covered commodity or peanuts, respectively, as determined in accordance with paragraph (c) of this section and

2. As soon as practical, as determined by the Deputy Administrator, after the end of the 12-month marketing year for the covered commodity or peanuts, as applicable.

(b) For the purposes of paragraphs (a) and (g) of this section, the effective price for a covered commodity or peanuts, respectively, is equal to the sum of the following:

1. The higher of:

   (i) The national average market price received by producers during the 12-month marketing year for the covered commodity or peanuts, as applicable, as determined by the Secretary, or

   (ii) For the 2008 crop year the following rates:

      (A) Wheat—$2.75/bu.

      (L) Peanuts—$355.00/ton.

2. The direct payment rate for the covered commodity as provided in §1412.52(d).

(c) For the purposes of paragraphs (a) and (g) of this section, the target prices are as follows:

1. For the 2008 and 2009 crop years (except as indicated):

   (i) Wheat—$3.92/bu.

   (ii) Corn—$2.63/bu.

   (iii) Grain sorghum—$2.57/bu.

   (iv) Barley—$2.24/bu.

   (v) Oats—$1.44/bu.

   (vi) Upland cotton—$0.7125/lb.

(xiii) Lentils—$12.81/cwt.
(xiv) Small chickpeas—$10.36/cwt.
(xv) Large chickpeas—$12.81/cwt.

(d) The payment rate used to calculate counter-cyclical payments with respect to covered commodities and peanuts for which payment yields and base acres are established on a farm enrolled in a contract is equal to the result of:

(1) The target price of the covered commodity or peanuts as determined in accordance with paragraph (c) of this section, minus

(2) The effective price of the covered commodity or peanuts as determined in accordance with paragraph (b) of this section.

(e) For 2008 through 2012 DCP contracts, when counter-cyclical payments are required in accordance with paragraph (a) of this section, subject to the limitation in accordance with §1412.51 and part 1400 of this chapter, the final counter-cyclical payment amount to be paid to producers on a farm enrolled in a contract with respect to the covered commodities or peanuts for which payment yields and base acres are established is equal to the product of:

(1) The payment rate determined in accordance with paragraph (d) of this section, multiplied by

(2) The relevant payment acres of the covered commodity or peanuts, as applicable, minus any acre reduction in accordance with §1412.47(g), multiplied by

(3) The payment yield for the covered commodity or peanuts on the farm enrolled in a contract as determined in accordance with §1412.33, minus

(5) Any partial payment received in accordance with paragraphs (f) or (g) of this section.

(f) For 2008 through 2012 DCP contracts, partial counter-cyclical payments will be paid, at the request of the producer, if the Secretary determines that a counter-cyclical payment for the covered commodity or peanuts, respectively, will be required in accordance with paragraph (a)(1) of this section. The first partial counter-cyclical payment will:

(1) Be calculated in accordance with paragraphs (e)(1) through (4) of this section;

(2) Be an amount determined by the Secretary not to exceed 40 percent of the projected counter-cyclical payment for the covered commodity or peanuts, respectively; and

(3) Be made after completion of the first 180 days of the marketing year for that crop;

(g) To the extent practicable, the final partial payment will be made beginning on October 1 of the fiscal year starting in the same calendar year as the end of the marketing year for that crop.

(1) If a producer declines to accept, or is determined to be ineligible for all or any part of the producer’s share of the counter-cyclical payment computed for the farm in accordance with the provisions of this section:

(i) The payment or portions thereof will not become available for any other producer and

(ii) The producer will refund to CCC any amounts representing payments that exceed the payments determined by CCC to have been earned under the program authorized by this part. Part

§ 1412.54 Sharing of contract payments.

(a) Each eligible producer on a farm will be given the opportunity to annually enroll in a DCP or ACRE program contract, as applicable, and receive payments determined to be fair and equitable as agreed to by all the producers on the farm and approved by the county committee.

(b) Each producer leasing a farm must provide a copy of their written lease to the county committee and, in the absence of a written lease, must provide to the county committee a complete written description of the terms and conditions of any oral agreement or lease. An owner's or landlord's signature, as applicable, affirming a zero share on a contract may be accepted as evidence of a cash lease between the owner or landlord and tenant, as applicable, as determined by CCC. Such signature or signatures, if entered on the contract to satisfy the requirement of furnishing a written lease, must be entered on the contract no later than as prescribed in §1412.41.

(c) When base acres are leased on a share basis, neither the landlord nor the tenant will receive 100 percent of the contract payment for the farm.

(d) CCC will approve a contract for enrollment and approve the division of payment when all of the following apply:

1. The landlords, tenants, and sharecroppers sign the contract and agree to the payment shares shown on the contract;
2. CCC determines that the interests of tenants and sharecroppers are being protected; and
3. CCC determines that the payment shares shown on the contract do not circumvent either the provisions of this part or the provisions of part 1400 of this chapter.

(e) For the 2008 crop year only:

1. A lease will be considered to be a cash lease if the lease provides for only a guaranteed cash payment for a specified amount or a fixed quantity of the crop (for example, cash, pounds, or bushels per acre).
2. If a lease contains provisions that require the payment of rent on the basis of the amount of crop produced or the proceeds derived from the crop, or the interest such producer would have had if the crop had been produced, or combination thereof, such agreement will be considered to be a share lease.
3. If a lease provides for the greater of a determinable guaranteed amount or determinable share of the crop or crop proceeds, such agreement will be considered a share lease.

(f) For the 2009 through 2012 crop years:

1. A lease will be considered to be a cash lease if the lease provides for only a guaranteed cash payment for a specified amount, or a fixed quantity of the crop (for example, cash, pounds, or bushels per acre).
2. If a lease contains provisions that require the payment of rent on the basis of the amount of crop produced or the proceeds derived from the crop, or
§ 1412.55 Provisions relating to tenants and sharecroppers.

(a) Neither direct nor counter-cyclical nor ACRE program payments will be made by CCC if:

(1) The landlord or operator has adopted a scheme or device for the purpose of depriving any tenant or sharecropper of the payments to which such person would otherwise be entitled under the program. If any of such conditions occur or are discovered after payments have been made, all or any such part of the payments as the State committee may determine must be refunded to CCC; or

(2) The landlord terminated a lease in violation of state law as determined by a state court.

(b) [Reserved]

Subpart F—Contract Violations and Reduction in Payments

§ 1412.61 Contract violations.

(a) Except as provided in paragraph (b) of this section, violations of contract requirements will result in the termination of the contract. Upon such termination, all producers subject to the contract forfeit all rights to receive direct, counter-cyclical, and ACRE program payments on the farm for the contract and must refund all payments received, plus interest, to run from the date of the CCC disbursement, as determined in accordance with part 1403 of this chapter.

(b)(1) If there is a violation of §1412.47 and CCC determines that a violation is not serious enough to warrant termination of the contract under paragraph (a) of this section, payments may be made to the producers specified on the contract, but in an amount that is reduced by an amount equal to the sum of:

(i) The per-acre market value of the fruits, vegetables, and wild rice, as determined by the State Committee, times the number of acres in violation, plus

(ii) The direct, counter-cyclical, and ACRE program payments for each such acre.

(2) Producers must protect land enrolled in DCP from weeds, including noxious weeds, and erosion, including providing sufficient cover if determined necessary by the county committee. The first violation of this provision will result in a reduction in the direct payments for the farm by an amount equal to three times the cost of maintenance of the acreage, but not to exceed 50 percent of the total direct payments for the farm. The second violation of this provision will result in a complete reduction of all payments under the DCP or ACRE program contract.

(3) If the lease is a cash lease, the landlord is not eligible for direct, counter-cyclical, or ACRE program payments. The leasing of grazing or haying privileges is not considered cash leasing.

§ 1412.62 Fruit, vegetable, and wild rice acreage reporting violations.

(a)(1) If an acreage report of fruits, vegetables, or wild rice planted on base acreage of a farm enrolled in DCP or the ACRE program is inaccurate but within tolerance as provided in paragraph (b) of this section and CCC determines the producer made a good faith effort to comply with the provisions of this section, the producers must accept a reduction in the direct, counter-cyclical, and ACRE program payments for each such acre.

(2) If an acreage report of fruits, vegetables, or wild rice planted on base acreage of a farm enrolled in DCP is inaccurate and exceeds the tolerance as provided in paragraph (b) of this section, the producers must accept a reduction in the direct, counter-cyclical, and ACRE program payments for each such acre.
§ 1412.66 Acreage and production reports.

(a) As a condition of eligibility for payments under this part, the operator or owner must accurately submit a report of all cropland acreage on the

Commodity Credit Corporation, USDA

the direct, counter-cyclical, and ACRE program payments for the farm in an amount equal to the sum of:

(i) The direct, counter-cyclical, and ACRE program payments in such year for each such acre, plus

(ii) Twice the average dollar value of the direct payment for the covered commodity and peanut base acres reduced because of the fruit, vegetable, and wild rice plantings on such acre, multiplied by the total number of acres in violation.

(3) The contract will be terminated if an acreage report of fruits, vegetables, or wild rice planted on base acres of a farm enrolled in DCP or ACRE program is inaccurate, and the county committee determines the producer did not make a good faith effort to comply with the provisions of this section. Upon such termination, producers subject to such contract must:

(i) Forfeit all rights to receive direct, counter-cyclical, and ACRE program payments for the farm;

(ii) Refund all direct, counter-cyclical, and ACRE program payments received for the farm under the contract, plus interest as determined in accordance with part 1403 of this chapter; and

(iii) Be determined to be ineligible for all program benefits according to part 718 of this title.

(b) For the purposes of this section, tolerance is the amount by which the determined acreage may differ from the reported acreage and still be considered in compliance with program requirements. Tolerance for fruits, vegetables, and wild rice plantings is 5 percent of the reported fruit, vegetable, and wild rice acreage, not to exceed 50 acres.

§ 1412.65 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person will be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at part 1403 of this chapter apply to contract payments.

(b) Any participant entitled to any payment may assign any payments in accordance with regulations governing the assignment of payments found at part 1404 of this chapter.

§ 1412.64 Inaccurate representation, misrepresentation, and scheme or device.

(a) Producers must report and certify program matters accurately. Errors in reporting may impact eligibility or extent of eligibility. Benefits under this part will be based on the most correct information available. Producers are responsible for refunding, with interest from the date of the CCC disbursement, any program benefits that were paid based on incorrect program information.

(b) For those cases in which FSA determines that an inaccurate representation or certification is a misrepresentation or scheme or device, such person will be ineligible to receive DCP or ACRE payments and will have the person's interest in all contracts terminated if it is determined that such person has done any of the following:

(1) Adopted any scheme or device that tends to defeat the purpose of this part;

(2) Made any fraudulent representation;

(3) Misrepresented any fact affecting a DCP, ACRE program, or determination made pursuant to part 1400 of this chapter; or

(4) Violated or been determined ineligible under §1400.5 of this chapter.

(c) Any remedies taken by FSA or CCC in accordance with this section will be in addition to any other civil or other remedies that may be available, including, but not limited to, those provided in part 1400 of this chapter.
farm in accordance with part 718 of this title.

(b) Producers enrolled in the Project according to §1412.48 and those seeking payments under subpart G of this part, must accurately submit a report of production, no later than the acreage reporting date for the crop in the year immediately following the crop year of the reported crop acreage, for each crop either enrolled in the Project according to §1412.48 or for each covered commodity or peanuts on a farm enrolled in an ACRE program contract for which an acreage report greater than zero acres was filed according to paragraph (a) of this section. The report of production must be accompanied by documentation acceptable to CCC. The report must include the date harvest was completed. Records of production acceptable to CCC may include those specified in:

(1) Commercial receipts, settlement sheets, warehouse ledger sheets, or load summaries of the crop that was sold or otherwise disposed of through commercial channels provided the records are reliable or verifiable as determined by CCC; and

(2) Such documentary evidence such as contemporaneous measurements, truck scale tickets, and contemporaneous diaries, as is necessary in order to verify the information provided if the crop has been fed to livestock or otherwise disposed of other than through commercial channels, provided the records are reliable or verifiable as determined by CCC. If the crop will be disposed of through retail sales, such as roadside stands, u-pick, etc. and the producer will not be able to certify acceptable records of production, the producer must request an appraisal of the crop acreage prior to harvest.

§ 1412.67 Notices of loss.

(a) Provided that a notice of loss pursuant to part 1437 of this chapter has not already been filed, at least one producer having a share of a crop planted either pursuant to §1412.48 or a producer with a share of crop of each covered commodity or peanuts on a farm enrolled in an ACRE program contract must provide a notice of loss to CCC in the administrative FSA office for the farm, within:

(1) For prevented planting claims, 15 calendar days after the final planting date,
(2) For low yield claims and allowable value loss, the earlier of:
   (i) 15 calendar days after the damaging weather or adverse natural occurrence or date loss of the crop or commodity becomes apparent for low yield claims or
   (ii) 15 calendar days after the normal harvest date.
(b) For each crop for which a notice of loss is filed, producers must provide the following information:
   (1) Crop by type or variety, as applicable;
   (2) The cause of the crop damage;
   (3) Date the loss occurred, as applicable;
   (4) Date the damage or loss became apparent;
   (5) The existence of a guaranteed payment through a contract or agreement for planted acreage as opposed to delivery of production, if one exists;
   (6) Type of crop loss occurred, for example, prevented planting or low yield;
   (7) Practices employed to grow the crop, for example, irrigated or non-irrigated;
   (8) For prevented planting:
      (i) Total acreage intended to be planted to the crop in the administrative county;
      (ii) Total acreage planted by the producer to the crop in the administrative county;
      (iii) Whether a purchase, delivery, or arrangement for purchase or delivery was made for seed, chemicals, fertilizer, etc.; and
      (iv) What and when land preparation measures, for example, cultivation, etc. were completed and indicate what has been done or will be done with the acreage, for example, abandoned, replanted, etc.
   (9) For low yield:
      (i) Total acreage planted by the producer to the crop in the administrative county;
      (ii) Total acreage of the crop in the administrative county affected;
      (iii) What and when land preparation measures and practices, for example, cultivation, planting, irrigated, etc. were completed before and after the loss; and
(iv) What will be done with the affected crop acreage, for example, harvested, destroyed and replanted to a different crop, abandoned, etc.

(10) Any such other information requested by CCC to establish the loss.

(c) A notice of loss provided beyond the time specified in paragraph (a) of this section may be considered timely filed if, at the discretion of CCC, provided at such time to permit an authorized CCC representative the opportunity to:

(1) Verify the information on the notice of loss by inspection of the specific acreage or crop involved; and

(2) Determine, based on information obtained by inspection of the specific acreage or crop involved, that an eligible cause of loss, as opposed to other circumstance, caused the claimed damage or loss.

(d) Crop acreage that will not be harvested, that is acreage that is to be abandoned or destroyed, must be left intact and producers must request, in the administrative FSA office for the acreage, a crop appraisal and release of crop acreage by a FCIC- or CCC-approved loss adjustor:

(1) Prior to destruction or abandonment of the crop acreage or

(2) No later than the normal harvest date, as determined by CCC.

§ 1412.68 Compliance with highly erodable land and wetland conservation provisions.

The provisions of part 12 of this title apply to this part.

§ 1412.69 Controlled substance violations.

The provisions of part 718 of this title apply to this part.

Subpart G—Average Crop Revenue Election (ACRE) Program

§ 1412.71 Administration.

(a) All of the provisions of this part apply to this subpart. To the extent that there is a conflict with the provisions of this part and subpart G of this part, the provisions of subpart G of this part apply.

(b) [Reserved]
§ 1412.72  

7 CFR Ch. XIV (1–1–09 Edition)  

circumstances will be construed to be an intent to enroll or an enrollment in the ACRE program.

(c) If a marketing assistance loan (including marketing assistance loans that have been repaid or immediately repaid) or loan deficiency payment has been computed prior to election of the ACRE option, the persons electing the ACRE option:

(1) Acknowledge that such marketing assistance loan (including any loan repayments) and loan deficiency payments will be recomputed based on reduced marketing assistance loan rates,

(2) Agree to immediately refund to CCC the difference in the amount of marketing assistance loan (including loan repayments) and loan deficiency payments as a result of the ACRE election.

(d) Eligible producers, including owners, on a farm electing ACRE participation by June 1 of:

(1) 2009, will be considered to have irrevocably elected the ACRE option for the 2009, 2010, 2011, and 2012 crop years and, if applicable, withdrew prior enrolled 2009 DCP contracts according to § 1412.41(b);

(2) 2010, or such earlier date determined and announced at the discretion of the Deputy Administrator, will be considered to have irrevocably elected the ACRE option for the 2010, 2011, and 2012 crop years and, if applicable, withdrew prior enrolled 2010 DCP contracts according to § 1412.41(b);

(3) 2011, or such earlier date determined and announced at the discretion of the Deputy Administrator, will be considered to have irrevocably elected the ACRE option for the 2011 and 2012 crop years and, if applicable, withdrew prior enrolled 2011 DCP contracts according to § 1412.41(b); or

(4) 2012, or such earlier date determined and announced at the discretion of the Deputy Administrator, will be considered to have irrevocably elected the ACRE option for the 2012 crop year and, if applicable, withdrew prior enrolled 2012 DCP contracts according to § 1412.41(b).

(e) If all of the producers on a farm fail to make an election under paragraphs (a) and (d), make different elections under paragraph (a), or fail to timely elect as required by paragraph (d), all of the producers on the farm will be deemed to have not made the ACRE election option and instead, provided DCP contract enrollment was previously made pursuant to this part, receive counter-cyclical payments under § 1412.53 for all covered commodities and peanuts on the farm, and to otherwise not have made the election described in paragraph (a), for the applicable crop years.

(f) Eligible producers on a farm who elect the ACRE option according to this section are making the irrevocable election for all of the farm as constituted on the date of election irrespective of whether the same producers are present on the farm in subsequent years and irrespective of whether there is a change of ownership. That is, the producer election is binding on the farm, not just the producers on the farm at the time of the election. An election is for the entire farm and not for part of a farm. If the total number of planted and considered planted acres to all covered commodities and peanuts of the producers on the farm exceeds the total base acreage of the farm that is enrolled pursuant to this part, the producers on the farm may choose which commodity or commodities the ACRE option will apply to under this section. Although the election according to paragraph (b) of this section is irrevocable, for a farm enrolled as specified in this part, each year following the election by the final acreage reporting date for the crop the producers on a farm already having the ACRE option elected may choose the commodity or commodities the ACRE option will apply to under this section.

(g) "Timely elected" under this section means all requisite signatures of eligible producers on a farm are entered on the election form and accompanied by supportive and necessary contractual documents according to § 1412.3.

(h) Unless an earlier date is determined and announced at the discretion of the Deputy Administrator, the election deadline for the ACRE option is June 1 as specified in § 1412.72(d) and there is no late file election period. The enrollment deadlines specified in this part and § 1412.41 apply to enrollments of farms under DCP contracts or
ACRE program contracts. For election of ACRE in a fiscal year, all requisite signatures and supportive documentary evidence must be furnished by June 1, or such earlier date determined and announced at the discretion of the Deputy Administrator. ACRE elections will not be construed to be ACRE contract enrollments. Participants must enroll in an ACRE contract to participate in ACRE following election.

(i) Under no circumstances will the ACRE election option be permitted except as provided in this section. ACRE elections will not be approved unless all producers, including owners, on a farm at time of election have signed the form electing the option. The ACRE election will not be approved before all producers, including owners, on a farm have signed the ACRE election form. A producer’s signature with other producers on a DCP contract enrolled prior to the submission of an election form will not be deemed evidence of the producer’s agreement with those other producers with regard to election. An election of the ACRE option not having all requisite signatures of producers on a farm by the election deadline of the year in which election is made will not be considered submitted to CCC for the purpose of election in that fiscal year and will not be acted on or approved. In all cases, it is the responsibility of the operator and owners of a farm to submit all requisite signatures of producers necessary for election.

(j) Except as provided in paragraph (k) of this section, electing the ACRE option is irrevocable. Eligible producers may not withdraw an ACRE election option at any time. The provisions of §1412.41(b) do not apply to ACRE elections.

(k) Any producer with an interest in a farm having made the ACRE election according to this section may unilaterally revoke the election for all of the farm if the election and revocation are both filed by the producer prior to the election deadline established for the initial year of election. The revocation must be submitted in writing to CCC no later than close of business on the date of the election deadline of the initial year of election. There are no late file provisions available for revocation of the ACRE election. No other revocations of the ACRE election will be permitted under this part in order to comply with the irrevocability mandated in law. Accordingly, relief provisions in part 718, subpart D, of this title are not applicable to revocation of the ACRE election.

(l) In the event an ACRE election is revoked according to paragraph (k) of this section, the ACRE program contract, if enrolled, will be considered likewise withdrawn according to §1412.41(b) and any and all payments issued under such contract must be refunded according to part 1403 of this chapter.

§1412.73 Sharing of ACRE payments.

(a) Each eligible producer on a farm will be given the opportunity to elect the ACRE option and receive payments determined to be fair and equitable as agreed to by all producers on the farm and approved by the county committee.

(b) The provisions of §1412.54(f) regarding the classification of leases apply to ACRE.

§1412.74 Prior enrollment in DCP.

(a) If a farm was enrolled in a DCP contract according to subpart D of this part in a crop year prior to the time in which the producer elected the ACRE option and receive payments determined to be fair and equitable as agreed to by all producers on the farm and approved by the county committee.

(b) [Reserved]

§1412.75 Notice of Election.

(a) CCC will provide notice to operators and owners of record regarding the opportunity to make each of the elections described in §1412.72. The notice will include information:
§ 1412.76 Payments.

In the case of producers on a farm who make an election to receive ACRE payments for any of the 2009 through 2012 crop years for all covered commodities and peanuts and where enrollment according to this part has subsequently occurred, and where all other eligibility provisions have been satisfied, CCC will make ACRE payments available to the producers on a farm in accordance with this subpart. For each of the 2009 through 2012 crop years, as applicable when enrollment has occurred following election, CCC will make ACRE payments beginning October 1, or as soon as practicable thereafter, after the end of the applicable marketing year for the covered commodity or peanuts.

(a) CCC will make ACRE payments available to the producers on a farm for each crop year if the farm was enrolled according to this part following the election and:

(1) The actual State revenue for the crop year for the covered commodity or peanuts in the State determined under paragraph (c) of this section is less than

(2) The ACRE program guarantee for the crop year for the covered commodity or peanuts in the State determined under paragraph (d) of this section.

(b) Provided that the farm is enrolled following election and all other eligibility provisions are met, CCC will make ACRE payments available to the producers on a farm in a State for a crop year only if (as determined by CCC):

(1) The actual farm revenue for the crop year for the covered commodity or peanuts, as determined under paragraph (h) of this section is less than

(2) The farm ACRE benchmark revenue for the crop year for the covered commodity or peanuts, as determined under paragraph (i) of this section.

(c) The amount of the actual State revenue for a crop year of a covered commodity or peanuts will equal the product obtained by multiplying the average actual State yield for each planted acre for the crop year for the covered commodity or peanuts determined under paragraph (c)(1) of this section and the national average market price for the crop year for the covered commodity or peanuts determined under paragraph (c)(2) of this section.

(d) The ACRE program guarantee for a crop year for a covered commodity or peanuts in a State will equal 90 percent of the product obtained by multiplying

(1) The average benchmark State yield for each planted acre for the crop year for the covered commodity or peanuts determined under paragraph (e) of this section and

(2) The ACRE program guarantee for the crop year for the covered commodity or peanuts determined under paragraph (f) of this section.

(e) The national average market price received by producers during the 12-month marketing year for the covered commodity or peanuts, as determined by the Secretary, or

(f) The established marketing assistance loan rate for the covered commodity or peanuts as reduced according to §1412.72.

(g) The ACRE program guarantee for a crop year for a covered commodity or peanuts in a State will equal 90 percent of the product obtained by multiplying the average benchmark State yield for each planted acre for the crop year for the covered commodity or peanuts in a State determined under paragraph (e) of this section and

(h) The ACRE program guarantee for the crop year for the covered commodity or peanuts determined under paragraph (f) of this section.

(i) The number of acres that are planted to the covered commodity or peanuts in the State during the crop year, divided by

(1) The quantity of the covered commodity or peanuts that is produced in the State during the crop year, divided by

(2) The number of acres that are planted to the covered commodity or peanuts in the State during the crop year and

(3) The number of acres that are planted to the covered commodity or peanuts in the State during the crop year.

(j) CCC will provide the notice mentioned in paragraph (a) of this section to the operator and owners of record. The operator and owners are responsible for notifying all producers on the farm of the information contained in the notice.
(i) In the case of each of the 2010 through 2012 crop years, the ACRE program guarantee for a crop year for a covered commodity or peanuts in paragraph (d) of this section will not decrease or increase more than 10 percent from the guarantee for the preceding crop year. The increase or decrease in the state revenue guarantee for a covered commodity or peanuts will be applicable to all ACRE program participants in a State, regardless of the year the participant first elected ACRE or enrolled.

(ii) [Reserved]

(e) The average benchmark State yield for each planted acre for a crop year for a covered commodity or peanuts in a State is equal to the average yield per planted acre for the covered commodity or peanuts in the State for the most recent 5 crop year yields, excluding each of the crop years with the highest and lowest yields, using National Agricultural Statistics Service data to the extent possible.

(1) If CCC cannot establish the average benchmark State yield for each planted acre for a crop year for a covered commodity or peanuts in a State in accordance with this paragraph or if the yield determined is an unrepresentative average yield for the State (as determined by the CCC), CCC will assign a benchmark State yield for each planted acre for the crop year for the covered commodity or peanuts in the State on the basis of:

(i) Previous average yields for a period of 5 crop years, excluding each of the crop years with the highest and lowest yields or

(ii) Average benchmark State yields for planted acres for the crop year for the covered commodity or peanuts in similar States.

(2) [Reserved]

(f) The ACRE program guarantee price for a crop year for a covered commodity or peanuts in a State is the simple average of the national average market price received by producers of the covered commodity or peanuts for the most recent 2 crop years, as determined by CCC.

(g) In the case of a State in which at least 25 percent of the acreage planted to a covered commodity or peanuts in the State is irrigated and at least 25 percent of the acreage planted to the covered commodity or peanuts in the State is not irrigated, CCC will calculate a separate ACRE program guarantee for the irrigated and non-irrigated areas of the State for the covered commodity or peanuts.

(h) The amount of the actual farm revenue for a crop year for a covered commodity or peanuts will equal the amount determined by multiplying:

(1) The actual yield for the covered commodity or peanuts of the producers on the farm and

(2) The national average market price for the crop year for the covered commodity or peanuts.

(i) The farm ACRE benchmark revenue for the crop year for a covered commodity or peanuts will equal the sum obtained by adding:

(1) The amount determined by multiplying—

(i) The average yield per planted acre for the covered commodity or peanuts of the producers on the farm for the most recent 5 crop years, excluding each of the crop years with the highest and lowest yields or

(ii) The ACRE program guarantee price for the applicable crop year for the covered commodity or peanuts in a State and

(2) The amount of the per acre crop insurance premium required to be paid by the producers on the farm for the applicable crop year for the covered commodity or peanuts on the farm.

(j) If ACRE payments are required to be paid for any of the 2009 through 2012 crop years of a covered commodity or peanuts under this section, the amount of the ACRE payment to be paid to the producers on the farm for the crop year under this section will be equal to the product obtained by multiplying:

(1) The lesser of—

(i) The difference between—

(A) The ACRE program guarantee for the crop year for the covered commodity or peanuts in the State and

(B) The actual State revenue from the crop year for the covered commodity or peanuts in the State and

(ii) 25 percent of the ACRE program guarantee for the crop year for the covered commodity or peanuts in the State;
(2)(i) For each of the 2009 through 2011 crop years, 83.3 percent of the acreage planted or considered planted to the covered commodity or peanuts for harvest on the farm in the crop year and
(ii) For the 2012 crop year, 85 percent of the acreage planted or considered planted to the covered commodity or peanuts for harvest on the farm in the crop year; and
(3) The quotient obtained by dividing—
(i) The average yield per planted acre for the covered commodity or peanuts of the producers on the farm for the most recent 5 crop years, excluding each of the crop years with the highest and lowest yields, by
(ii) The benchmark State yield for the crop year.

§ 1412.77 Transfer of land and succession-in-interest.

(a) Land subject to an ACRE election will continue to be subject to the election even if there is a transfer of land or change in interest of any producer on the farm. If a new owner or operator or producer purchases or obtains the right and interest in, or right to occupancy of, the land subject to an ACRE election option, such new owner or operator or producer, upon the approval of CCC, may choose to become a participant to a new ACRE contract with CCC with respect to such transferred land in accordance with §1412.41.

(b) A succession in interest to an ACRE program contract may be permitted if there has been a change in the operation of a farm such as:
(1) A sale of land;
(2) A change of operator or producer, including a change in a partnership that increases or decreases the number or changes who are partners;
(3) A foreclosure, bankruptcy, or involuntary loss of the farm;
(4) A change in the producer shares to reflect changes in the producer’s share of the crop(s) that were originally approved on the contract; or
(5) Another change as otherwise determined by the Deputy Administrator by which the succession will not adversely affect nor defeat the purpose of the program.

(c) A succession in interest to an ACRE program contract is not permitted if CCC determines that the change:
(1) Is not for all the time remaining under the ACRE program contract;
(2) Results in a violation of the landlord-tenant provisions specified in §1412.55; or
(3) Adversely affects or otherwise defeats the purpose of the program.

(d) The provisions of §1412.46(c) and (d) apply to ACRE participation.

(e) In any case in which a payment or payments have previously been made to a predecessor, such payment will not be paid to the successor, unless such payment has been refunded in full by the predecessor, in accordance with §1412.41(d).

§ 1412.78 Violations.

(a)(1) If a participant fails to carry out the terms and conditions of an ACRE contract, CCC may terminate the ACRE contract.
(2) If the ACRE contract is terminated by CCC in accordance with this paragraph:
(i) The participant will forfeit all rights to further payments under such contract and refund all payments previously received together with interest;
(ii) Pay liquidated damages to CCC in such amount as specified in such contract.
(iii) The acreage is ineligible for further DCP and ACRE participation from the time of termination through 2012 regardless of the reason or reasons for such termination; and
(b) If the Deputy Administrator determines such failure does not warrant termination of such contract, the Deputy Administrator may authorize relief as the Deputy Administrator deems appropriate. Participants are not entitled to either relief or even the consideration of relief under this paragraph. Relief under this paragraph is solely discretionary by the Deputy Administrator.

(c) CCC may reduce a demand for a refund under this section to the extent CCC determines that such relief would be appropriate and will not deter the accomplishment of the goals of the program.
§ 1412.79 Executed ACRE contract not in conformity with regulations.

If, after an ACRE contract is approved by CCC, it is discovered that such ACRE contract is not in conformity with the provisions of this part, the provisions of this part will prevail.

§ 1412.80 Division of program payments and provisions relating to tenants and sharecroppers.

(a) Payments received under this subpart will be divided in the manner specified in the applicable contract or agreement and CCC will ensure that producers, who would have an interest in acreage being offered, receive treatment that CCC deems to be equitable, as determined by the Deputy Administrator. CCC may refuse to enter into a contract when there is a disagreement among persons seeking enrollment as to a person’s eligibility to participate in the contract as a tenant and there is insufficient evidence to indicate whether the person seeking participation as a tenant does or does not have an interest in the acreage offered for enrollment in ACRE.

(b) CCC may remove an operator or tenant from an ACRE contract when the operator or tenant:

(1) Requests, in writing to be removed from the ACRE contract;

(2) Files for bankruptcy and the trustee or debtor in possession fails to affirm the contract, to the extent permitted by the provisions of applicable bankruptcy laws;

(3) Dies during the contract period and the Administrator of the estate fails to succeed to the contract within a period of time determined by the Deputy Administrator; or

(4) Is the subject of an order of a court of competent jurisdiction requiring the removal from the ACRE contract of the operator or tenant and such order is received by FSA, as determined by the Deputy Administrator.

(c) In addition to the provisions in paragraph (b) of this section, tenants must maintain their tenancy throughout the contract period in order to remain on a contract. Tenants who fail to maintain tenancy on the acreage under contract, including failure to comply with provisions under applicable State law, may be removed from a contract by CCC. CCC will assume the tenancy is being maintained unless notified otherwise by a ACRE participant specified in the applicable contract.

PART 1415—GRASSLAND RESERVE PROGRAM

1415.1 Purpose.

(a) The purpose of the Grassland Reserve Program (GRP) is to assist landowners in protecting, conserving, and restoring grassland resources on private lands through short and long-term rental agreements and easements.

(b) The objectives of GRP are to:

(1) Emphasize preservation of native and naturalized grasslands and shrublands;

(2) Protect grasslands and shrublands from the threat of conversion;

(3) Support grazing operations; and

(4) Maintain and improve plant and animal biodiversity.

1415.2 Administration.

(a) The regulations in this part set forth policies, procedures, and requirements for program implementation of GRP, as administered by the Natural Resources Conservation Service.
(NRCS) and the Farm Service Agency (FSA). The regulations in this part are administered under the general supervision and direction of the NRCS Chief and the FSA Administrator. These two agency leaders:

1. Concur in the establishment of program policy and direction; development of the State allocation formula, and development of broad national ranking criteria.
2. Use a national allocation formula to provide GRP funds to USDA State offices that emphasizes support for biodiversity of plants and animals, grasslands under the greatest threat of conversion, and grazing operations. The national allocation formula may also include additional factors related to improving program implementation, as determined by the NRCS Chief and the FSA Administrator. The allocation formula may be modified periodically to change the emphasis of any factor(s) in order to address a particular natural resource concern, such as the precipitous decline of a population(s) of a grassland-dependent bird(s) or animal(s).
3. Ensure the National, State, and local level information regarding program implementation is made available to the public.
4. Consult with USDA leaders at the State level and other Federal agencies with the appropriate expertise and information when evaluating program policies and direction.
5. Authorize NRCS State Conservationists and FSA State Executive Directors to determine how funds will be used and how the program will be implemented at the State level.
6. At the State level, the NRCS State Conservationist and the FSA State Executive Director are jointly responsible for:
   1. Identifying State priorities for project selection, based on input from the State technical committee;
   2. Identifying USDA employees at the field level responsible for implementing the program by considering the nature and extent of natural resource concerns throughout the State and the availability of human resources to assist with activities related to program enrollment.
7. Developing program outreach materials at the State and local level to help ensure landowners, operators, and tenants of eligible land are aware and informed that they may be eligible for the program.
8. Approving conservation practices eligible for cost-share and cost-share rates.
10. Administering and enforcing the terms of easements and rental agreements unless this responsibility is transferred to a third party as provided in §1415.17.
11. With advice from the State technical committee, developing criteria for ranking eligible land, consistent with national criteria and program objectives and State priorities. USDA, at the State level, has the authority to accept or reject the State technical committee recommendations; however, USDA will give consideration to the State technical committee’s recommendations.
12. The funds, facilities, and authorities of the Commodity Credit Corporation are available to NRCS and FSA to implement GRP.
13. Subject to funding availability, the program may be implemented in any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, and the Commonwealth of the Northern Mariana Islands.
14. The Secretary may modify or waive a provision of this part if he or she deems the application of that provision to a particular limited situation to be inappropriate and inconsistent with the conservation purposes and sound administration of GRP. This authority cannot be further delegated. No provision of this part which is required by law may be waived.
15. No delegation in this part to lower organizational levels shall preclude the Chief, NRCS, or the Administrator, FSA, from determining any issue arising under this part or from reversing or modifying any determination arising from this part.
(g) The USDA Forest Service may hold GRP easements on properties adjacent to USDA Forest Service land, with the consent of the landowner.

(h) Program participation is voluntary.

(i) Applications for participation will be accepted on a continual basis at local USDA Service Centers. NRCS and FSA at the State level will establish cut-off periods to rank and select applications. These cut-off periods will be available in program outreach material provided by the local USDA Service Center. Once funding levels have been exhausted, unfunded, eligible applications will remain on file until additional funding becomes available or the applicant chooses to be removed from consideration.

(j) The services of other third parties as provided for in 7 CFR part 652 may be used to provide technical services to participants.

§ 1415.3 Definitions.

Administrator means the Administrator of the Farm Service Agency (FSA) or the person delegated authority to act for the Administrator.

Chief means the Chief of the Natural Resources Conservation Service (NRCS) or the person delegated authority to act for the Chief.

Commodity Credit Corporation (CCC) is a Government-owned and operated entity that was created to stabilize, support, and protect farm income and prices. CCC is managed by a Board of Directors, subject to the general supervision and direction of the Secretary of Agriculture, who is an ex-officio director and chairperson of the Board. The Chief and Administrator are Vice Presidents of CCC. CCC provides the funding for GRP, and FSA and NRCS administer the GRP on its behalf.

Common grazing practices means those grazing practices, including those related to forage and seed production common to the area of the subject ranching or farming operation, and the application of routine management activities necessary to maintain the viability of forage resources, that are common to the locale of the subject ranching or farming operation.

Conservation District means any district or unit of State, tribal, or local government formed under State, tribal, or territorial law for the express purpose of developing and carrying out a local soil and water conservation program. Such district or unit of government may be referred to as a “conservation district,” “soil conservation district,” “resource conservation district,” “land conservation committee,” or similar name.

Conservation plan means a record of the GRP participants’ decisions and supporting information for protection and treatment of a land unit or water body as a result of the planning process, that meets NRCS Field Office Technical Guide criteria for each natural resource concern (soil, water, air, plants, and animals) and takes into account economic and social considerations. The plan describes the conservation values of the grassland and schedule of operations and activities required to solve identified natural resource problems and take advantage of opportunities at a conservation management system level. The needs of the participant, the resources, Federal, State, and local requirements will be met by carrying out the plan.

Conservation practice means a specified treatment, such as a structural or land management practice, that is planned and applied according to NRCS standards and specifications.

Conservation values means those natural resource attributes identified by USDA as having significant importance to maintaining the natural functions and values of the grassland area, including but not limited to, habitat for declining species of grassland-dependent birds and animals.

Cultural practice means those practices such as the installation of fences, watering, feeding, and sheltering facilities necessary for the raising of livestock, including related forage and seed production.

Department means United States Department of Agriculture.

Easement means a conservation easement, which is an interest in land defined and delineated in a deed whereby the landowner conveys certain rights, title, and interests in a property to the United States for the purpose of protecting the grassland and other conservation values of the property. Under
GRP, the property rights are conveyed in a "conservation easement deed."

Easement area means the land encumbered by an easement.

Easement payment means the consideration paid to a landowner for an easement conveyed to the United States under GRP.

Enhancement means to increase or improve the viability of grassland resources, including habitat for declining species of grassland-dependent birds and animals.

Field Office Technical Guide means the official local NRCS source of resource information and interpretations of guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. It contains detailed information for the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared.

Forb means any herbaceous plant other than those in the grass family.

Grantor is the term used for the landowner who is transferring land rights to the United States through an easement.

Grassland means land on which the vegetation is dominated by grasses, grass-like plants, shrubs, and forbs. The definition of grassland as used in the context of this rule includes shrubland, land that contains forbs, pastureland, and rangeland.

Grazing value is a term used in the calculation of compensation for both rental agreements and easements. For easements, this value is determined through an appraisal process. For rental agreements, USDA determines the grazing value based upon an administrative process.

Improved grassland, pasture, or rangeland means grazing land permanently producing naturalized forage species that receives varying degrees of periodic cultural treatment to enhance forage quality and yields and is primarily harvested by grazing animals.

Landowner means a person or persons holding fee title to the land.

Native means a species that is a part of the original fauna or flora of the area.

Naturalized means an introduced, desirable forage species that is ecologically adapted to the site and can perpetuate itself in the community without cultural treatment. For the purposes of this regulation, the term "naturalized" does not include noxious weeds.

Participant means a landowner, operator, or tenant who is a party to a GRP agreement. The term "agreement" in this context refers to GRP rental agreements and option agreements to purchase easements. Landowners of land subject to a GRP easement are also considered participants regardless of whether such landowner conveyed the easement to the Federal Government.

Pastureland means a land cover/use category of land managed primarily for the production of desirable, introduced, perennial forage plants for grazing animals. Pastureland cover may consist of a single species in a pure stand, a grass mixture, or a grass-legume mixture. Management usually consists of cultural treatments: fertilization, weed control, renovation, and control of grazing.

Permanent easement means an easement that lasts in perpetuity.

Private land means land that is not owned by a governmental entity.

Rangeland means a land cover/use category on which the climax or potential plant cover is composed principally of native grasses, grass-like plants, forbs, or shrubs suitable for grazing and browsing, and introduced forage species that are managed like rangeland. Rangeland includes lands re-vegetated naturally or artificially when routine management of that vegetation is accomplished mainly through manipulation of grazing. This term would include areas where introduced hardy and persistent grasses, such as crested wheatgrass, are planted and such practices as deferred grazing, burning, chaining, and rotational grazing are used, with little or no chemicals or fertilizer being applied. Grasslands, savannas, many wetlands, some deserts, and tundra are considered to be rangeland. Certain communities of low forbs and shrubs, such as mesquite, chaparral, mountain shrub, and pinyon-juniper, are also included as rangeland.
Commodity Credit Corporation, USDA § 1415.4

Rental agreement means an agreement where the participant will be paid annual rental payments for the length of the agreement to maintain and/or restore grassland functions and values under the Grassland Reserve Program.

Restoration means implementing any conservation practice (vegetative, management, or structural) that restores functions and values of grassland and shrubland (native and naturalized plant communities).

Restoration agreement means an agreement between the program participant and the United States Department of Agriculture to restore or improve the functions and values of grassland and shrubland.

Restored grassland means land that is reestablished through vegetative, management, or structural practices, to grassland and shrubland, according to criteria in the NRCS Field Office Technical Guide.

Secretary means the Secretary of Agriculture.

Shrubland means land that the dominant plant species is shrubs, which are plants that are persistent, have woody stems, a relatively low growth habitat, and generally produces several basal shoots instead of a single bole.

Significant decline means a decrease of a species population to such an extent that it merits direct intervention to halt further decline, as determined by the NRCS State Conservationist in consultation with the State Technical Committee.

Similar function and value means plants that are alike in growth habitat, environmental requirements, and provide substantially the same ecological benefits.

State technical committee means a committee established by the Secretary of the United States Department of Agriculture in a State pursuant to 16 U.S.C. § 3861.

USDA means the Chief, NRCS, and the Administrator, FSA.

§ 1415.4 Program requirements.

(a) Only landowners may submit applications for easements. For rental agreements, the prospective participant must provide evidence of control of the property for the duration of the rental agreement.

(b) The easement and rental agreement will require that the area be maintained in accordance with GRP goals and objectives for the duration of the term of the easement or rental agreement, including the conservation, protection, enhancement, and, if necessary, restoration of the grassland functions and values.

(c) All participants in GRP are required to implement a conservation plan approved by USDA to conserve, protect, enhance, and, if necessary, restore the viability of the grassland enrolled into the program. The conservation plan documents the conservation values, characteristics, current and future use of the land, and practices that need to be applied along with a schedule for application.

(d) The easement and rental agreement must grant USDA or its representatives a right of ingress and egress to the easement and rental agreement area. For easements, this access is legally described by the conservation easement deed. Access to rental agreement areas is identified in the GRP conservation plan.

(e) Easement participants are required to convey title that is acceptable to the United States and provide consent or subordination agreements from each holder of a security or other interest in the land. The landowner must warrant that the easement granted the United States is superior to the rights of all others, except for exceptions to the title that are deemed acceptable by the USDA.

(f) Easement participants are required to use a standard GRP conservation easement deed developed by USDA. The easement grants development rights, title, and interest in the easement area in order to protect grassland and other conservation values.

(g) The program participant must comply with the terms of the easement or rental agreement and comply with all terms and conditions of the conservation plan and any associated restoration agreement.

(h) Easements and rental agreements allow the following activities:

(1) Common grazing practices, including maintenance and cultural practices on the land in a manner that is
consistent with maintaining the viability of native and naturalized grass and shrub species;

(2) Haying, mowing, or harvesting for seed production, except that such uses shall have certain restrictions as determined by the NRCS State Conservationist, in consultation with the State technical committee, in order to protect, during the nesting season, birds in the local area that are in significant decline or are conserved in accordance with Federal or State law; and

(3) Fire rehabilitation and construction of firebreaks, fences, corrals, watering facilities, seeded preparation and seeding, and any other related facilitating practices, as determined by USDA, needed to protect and restore the grassland functions and values.

(i) Any activity that would disturb the surface of the land covered by the easement is prohibited except for:

(1) Common grazing management practices which are carried out in a manner consistent with maintaining the functions and values of grassland common to the local area, including fire rehabilitation and construction of firebreaks, construction of fences, and restoration practices,

(2) Maintenance and necessary cultural practices associated with common grazing practices, and

(3) Other activities that result in only a temporary disturbance to the surface of the land where USDA determines that the manner, number, intensity, location, operation, and other features associated with the activity will not adversely affect the grassland resources protected under an easement or rental agreement. Such a temporary disturbance, being of a short duration and, not to exceed the extent of time ordinarily necessary for completing an activity, as determined by USDA.

(j) Rental agreement contracts may be terminated by USDA without penalty or refund if the original participant dies, becomes incompetent, or is otherwise unavailable during the contract period.

(k) Participants, with the agreement of USDA, may convert rental agreements to an easement, provided that the easement is for a longer duration than the rental agreement, funds are available, and the project meets conditions established by the USDA. Land cannot be enrolled in both a rental agreement option and an easement enrollment option at the same time. The rental agreement shall be deemed terminated the date the easement is recorded in the local land records office.

§ 1415.5 Land eligibility.

(a) GRP is available on privately owned lands, which include private and Tribal land. Publicly-owned land is not eligible.

(b) Land is eligible for funding consideration if the NRCS State Conservationist determines that the land is:

(1) Grassland, land that contains forbs, or shrubs (including native and naturalized rangeland and pastureland); or

(2) The land is located in an area that has been historically dominated by grassland, forbs, or shrubs, and the State Conservationist, with advice from the State technical committee, determines that it has potential to provide habitat for animal or plant populations of significant ecological value, if the land is—

(i) Retained in the current use of the land; or

(ii) Restored to a native or naturalized grassland conditions.

(c) Incidental lands, in conjunction with eligible land, may also be considered for enrollment to allow for the efficient administration of an easement or rental agreement.

(d) Forty contiguous acres is the minimum acreage eligible for enrollment in GRP. However, less than 40 acres may be accepted if the USDA, with advice from the State technical committee, determines that the enrollment of acreage meets the purposes of the program and grants a waiver. USDA, at the State level, may also establish a higher minimum acreage level. USDA will review any minimum acreage requirement other than the statutory baseline level of 40 acres to ensure, to the extent permitted by law, that this requirement does not unfairly discriminate against small farmers.

(e) Land will not be enrolled if the functions and values of the grassland are already protected under an existing contract or easement. This land becomes eligible for enrollment in GRP
Commodity Credit Corporation, USDA

when the existing contract expires or is terminated and the grassland values and functions are no longer protected.

(f) Land on which gas, oil, earth, or other mineral rights exploration has been leased or is owned by someone other than the prospective GRP participant may be offered for participation in the program. However, if an applicant submits an offer for an easement project, USDA will assess the potential impact that the third party rights may have upon the grassland resources. USDA reserves the right to deny funding for any application where there are exceptions to clear title on any property.

§ 1415.6 Participant eligibility.

To be eligible to participate in GRP an applicant:

(a) Must be a landowner for easement participation or be a landowner or have general control of the eligible acreage being offered for rental agreement participation;

(b) Agree to provide such information to USDA that the Department deems necessary or desirable to assist in its determination of eligibility for program benefits and for other program implementation purposes;

(c) Meet the Adjusted Gross Income requirements in 7 CFR part 1400; and

(d) Meet the conservation compliance requirements found in 7 CFR part 12.

§ 1415.7 Application procedures.

(a) Any owner or operator or tenant of eligible land that meets the criteria set forth in §1415.6 of this part may submit an application through a USDA Service Center for participation in the GRP. Applications are accepted throughout the year.

(b) By filing an Application for Participation, the applicant consents to a USDA representative entering upon the land offered for enrollment for purposes of assessing the grassland functions and values and for other activities that are necessary for the USDA to make an offer of enrollment. Generally, the applicant will be notified prior to a USDA representative entering upon their property.

(c) Applicants submit applications that identify the duration of the easement or rental agreement for which they seek to enroll their land. Rental agreements may be for 10-years, 15-years, 20-years, or 30-years; easements may be for 30-years, permanent, or for the maximum duration authorized by State law.

§ 1415.8 Establishing priority for enrollment of properties.

(a) USDA, at the national level, will provide to USDA offices at the State level, broad national guidelines for establishing State specific project selection criteria.

(b) USDA, at the State level, with advice from the State technical committee, establishes criteria to evaluate and rank applications for easement and rental agreement enrollment following the guidance established in paragraph (a) of this section.

(c) Ranking criteria will emphasize support for:

(1) Native and naturalized grassland;

(2) Protection of grassland from the threat of conversion;

(3) Support for grazing operations; and

(4) Maintenance and improvement of plant and animal biodiversity.

(d) When funding is available, USDA, at the State level, will periodically select for funding the highest ranked applications based on applicant and land eligibility and the State-developed ranking criteria.

(e) States may utilize one or more ranking pools, including a pool for special project consideration such as establishing a pool for projects that receive restoration funding from non-USDA sources.

(f) The USDA, with advice from the State technical committee, may emphasize enrollment of unique grasslands or specific geographic areas of the State.

(g) The FSA State Executive Director and NRCS State Conservationist, with advice from the State technical committee, will select applications for funding.

(h) If available funds are insufficient to accept the highest ranked application, and the applicant is not interested in reducing the acres offered to match available funding, USDA may select a lower ranked application that can be fully funded. Applicants may
choose to change the duration of the easement or agreement or reduce acreage amount offered if the application ranking score is not reduced below that of the score of the next available application on the ranking list.

§ 1415.9 Enrollment of easements and rental agreements.

(a) Based on the priority ranking, USDA will notify applicants in writing of their tentative acceptance into the program for either rental agreement or conservation easement options. The participant has 15 calendar days from the date of notification to sign and submit a letter of intent to continue. A letter of intent to continue from the applicant authorizes USDA to proceed with the enrollment process and evidences a good faith intent on the part of the participant to participate in the program.

(b) An offer of tentative acceptance into the program does not bind the USDA to acquire an easement or enter into a rental agreement, nor does it bind the participant to convey an easement, enter into a rental agreement, or agree to restoration activities.

(c) For easement projects, land is considered enrolled after the landowner signs the intent to continue. For rental agreements, land is considered enrolled after a GRP contract is approved by USDA and signed by the participant.

(d) USDA provides the applicant with a description of the easement or rental area; the easement terms or rental terms and conditions; and other terms and conditions for participation that may be required by CCC.

(e) For easements, after the land is enrolled, USDA will proceed with the development of the conservation plan and obtain an appraisal. If the landowner accepts the appraisal offer from USDA, the landowner signs an option agreement to purchase for the appraisal amount. USDA will then proceed with other easement acquisition activities, which include a survey of the easement, securing necessary subordination agreements, procuring title insurance, developing a baseline data report, and conducting other activities necessary to record the easement.

(f) Prior to execution by USDA and the participant of the rental agreement or easement, USDA may withdraw its offer anytime due to lack of available funds, title concerns for easements, or other reasons. For easements, the appraisal offer to the participant shall be void if the easement is not executed by the participant within the time specified in the option agreement to purchase.

§ 1415.10 Compensation for easements and rental agreements.

(a) Compensation for easements will be based upon:

(1) The fair market value of the land, less the grazing value encumbered by the easement as determined by an appraisal for permanent easements; and

(2) Thirty percent of the value determined in paragraph (a)(1) of this section for 30-year easements or for an easement for the maximum duration permitted under State law.

(b) For 10-, 15-, 20-, and 30-year rental agreements, the participant will receive not more than 75 percent of the grazing value in an annual payment for the length of the agreement, as determined by USDA. USDA may adjust rental agreement rates, not to exceed the statutory limits, based on duration of agreement, inflation, and other economic considerations associated with grazing lands.

(c) In order to provide for better uniformity among States, the FSA Administrator and the NRCS Chief may review and adjust, as appropriate, State or other geographically based payment rates for rental agreements.

(d) For easements, to minimize expenditures on individual appraisals and to expedite program implementation, USDA may complete a programmatic appraisal to establish regional average market values and grazing values if acceptable under federally recognized real property valuation standards.

(e) Easement or rental agreement payments received by participant shall be in addition to, and not affect, the total amount of payments that the participant is otherwise eligible to receive under other USDA programs.
§ 1415.11 Restoration agreements.

(a) Restoration agreements are only authorized to be used in conjunction with easements and rental agreements. NRCS, in consultation with the program participant, determines if the grassland resources are adequate to meet the participant’s objectives and the purposes of the program, or if a restoration agreement is needed. Such a determination is also subject to the availability of funding. USDA may condition participation in the program upon the execution of a restoration agreement depending on the condition of the grassland resources. When the functions and values of the grassland are determined adequate by NRCS, a restoration agreement is not required. However, if a restoration agreement is required, NRCS will set the terms of the restoration agreement. The restoration agreement identifies conservation practices and measures necessary to restore or improve the functions and values of the grassland. If the functions and values of the grassland decline while the land is subject to a GRP easement or rental agreement through no fault of the participant, the participant may enter into a restoration agreement at that time to improve the functions and values with USDA approval and when funds are available.

(b) Restoration practices are those land management, vegetative, and structural conservation practices and measures that will restore or improve the grassland ecological functions and values on native and naturalized plant communities. The NRCS State Conservationist, with advice from the State technical committee and in consultation with FSA, determines the conservation practices, measures, payment rates, and cost-share percentages, not to exceed statutory limits, available under GRP. A list of restoration practices approved for cost-share assistance under GRP restoration plans is available to the public through the local USDA Service Center. NRCS, working through the local conservation district with the program participant, determines the terms of the restoration agreement. The conservation district may assist NRCS with determining eligible restoration practices and approving restoration agreements. Restoration agreements do not extend past the date of a GRP rental agreement or easement.

(c) Only NRCS approved restoration practices and measures are eligible for cost sharing. Payments under GRP restoration agreements may be made to the participant of not more than 90 percent for the cost of carrying out conservation practices and measures on grassland and shrubland that has never been cultivated, and not more than 75 percent on restored grassland and shrubland on land that at one time was cultivated.

(d) Restoration plans are entered into for restoring either native or naturalized plant communities. When seeding is determined necessary for restoration, USDA gives priority to using native seed. However, when native seed is not available, or returning the land to native conditions is determined impractical by USDA, plant propagation using species that provide similar functions and values may be utilized.

(e) Cost shared practices must be maintained by the participant for the life of the practice, as identified in the restoration agreement. The life of the practice must be consistent with other USDA cost share or easement programs. Failure to maintain the practice is dealt with under the terms of the restoration agreement and may involve repayment of the Federal cost share plus interest.

(f) All conservation practices must be implemented in accordance with the NRCS Field Office Technical Guide.

(g) Technical assistance is provided by NRCS, or an approved third party.

(h) If the participant is receiving cost share for the same practice from State or local government, NRCS will adjust the GRP cost share rate so that the combined cost share received by the participant does not exceed 100 percent of the total actual cost of the restoration. In addition, the participant cannot receive cost-share from more than one USDA cost-share program for the same conservation practice.

(i) Cost share payments may be made only upon a determination by a qualified individual approved by the NRCS State Conservationist that an eligible
§ 1415.12 Modifications to easements and rental agreements.

(a) After an easement has been recorded, no modification will be made to the easement except by mutual agreement by the Chief, NRCS, and the landowner.

(b) Easement modifications may only be made by the Chief, NRCS, after consulting with the Office of the General Counsel. Minor modifications may be made by the NRCS State Conservationist in consultation with Office of the General Counsel. Minor modifications are those that do not affect the substance of the conservation easement deed. Such modifications include, typographical errors, minor changes in legal descriptions as a result of survey or mapping errors, and address changes.

(c) Approved modifications will be made only in an amendment to an easement which is duly prepared and recorded in conformity with standard real estate practices, including requirements for title approval, subordination of liens, and recordation.

(d) The Chief, NRCS, may approve modifications on easements to facilitate the practical administration and management of the enrolled area so long as the modification will not adversely affect the grassland functions and values for which the land was acquired or other terms of the easement.

(e) NRCS State Conservationists may approve modifications for restoration agreements and conservation plans as long as the modifications do not affect the provisions of the easement or rental agreement and meets GRP program objectives.

(f) USDA may approve modifications on rental agreements to facilitate the practical administration and management of the enrolled area so long as the modification will not adversely affect the grassland functions and values for which the land was enrolled.

§ 1415.13 Transfer of land.

(a) Any transfer of the property prior to the participant’s acceptance into the program shall void the offer of enrollment, unless at the option of USDA at the State level, an offer is extended to the new participant and the new participant agrees to the same easement or rental agreement terms and conditions.

(b) After acreage is accepted in the program, for easements with multiple payments, any remaining easement payments will be made to the original landowner unless USDA receives an assignment of proceeds.

(c) Future annual rental payments will be made to the successor participant.

(d) The new landowner or contract successor is responsible for complying with the terms of the recorded easement or rental agreement and for assuring completion of all measures and practices required by the associated restoration agreement. Eligible cost share payments will be made to the new participant upon presentation that the successor assumed the costs of establishing the practices.

(e) With respect to any and all payments owed to landowners, the United States bears no responsibility for any full payments or partial distributions of funds between the original landowner and the landowner’s successor. In the event of a dispute or claim on the distribution of cost share payments, USDA may withhold payments without the accrual of interest pending an agreement or adjudication on the rights to the funds.

(f) The rights granted to the United States in an easement shall apply to any of its agents or assigns. All obligations of the landowner under the GRP conservation easement deed also binds the landowner’s heirs, successors,
§ 1415.16 Assignments.

(a) Any person entitled to any cash payment under this program may assign the right to receive such cash payments, in whole or in part.

(b) If a participant that is entitled to a payment dies, becomes incompetent, or is otherwise unable to receive the payment, or is succeeded by another person who renders or completes the required performance, such a participant may be eligible to receive payment in such a manner as USDA determines is fair and reasonable in light of all the circumstances.
§ 1415.17  Easement transfer to third parties.

(a) USDA may transfer title of ownership to an easement to an approved private conservation or land trust organization or State agency with the consent or written request of the landowner and upon a determination by the Secretary, or his or her designee, that granting permission will promote protection of grassland. Such entities must be a qualified organization under 16 U.S.C. § 3838q that the Secretary determines has the appropriate authority, expertise, and resources necessary to assume title ownership of the easement. Rental agreements will not be transferred.

(b) USDA has the right to conduct periodic inspections and enforce the easement and associated restoration agreement for any easements transferred pursuant to this section.

(c) The private organization, State, or other Federal agency must assume the costs incurred in administering and enforcing the easement, including the costs of restoration or rehabilitation of the land to the extent that such restoration or rehabilitation is above and beyond that required by the GRP conservation plan and restoration agreement. Any additional restoration must be consistent with the purposes of the easement.

(d) A private organization or State agency that seeks to hold title to a GRP easement must apply to the NRCS State Conservationist for approval. The State Conservationist shall consult with FSA State Executive Director prior to rendering its determination.

(e) For a private organization to be qualified to be an easement holder, the private organization must be organized as required by 28 U.S.C. § 501(c)(3) of the Internal Revenue Code of 1986 or be controlled by an organization described in section 28 U.S.C. § 509(a)(2). In addition, the private organization must provide evidence to USDA that it has:

1. Relevant experience necessary to administer grassland and shrubland easements;
2. A charter that describes the commitment of the private organization to conserving ranchland, agricultural land, or grassland for grazing and conservation purposes;
3. The human and financial resources necessary, as determined by the Chief, NRCS, to effectuate the purposes of the charter; and
4. Sufficient financial resources to carry out easement administrative and enforcement activities.

(f) In the event that the easement holder fails to enforce the terms of the easement, as determined in the discretion of the Secretary, the Secretary, his or her successors and assigns, shall have the right to enforce the terms of this easement through any and all authorities available under Federal or State law or, at the option of the Secretary, to have all right, title, or interest in this easement revert to the United States of America. Further, in the event the easement holder dissolves or attempts to terminate the easement, then all right, title, and interest shall revert to the United States of America.

(g) Should this easement be transferred pursuant to this section, all warranties and indemnifications provided for in this Deed shall continue to apply to the United States. Subsequent to the transfer of this easement, the easement holder shall be responsible for conservation planning and implementation and will adhere to the NRCS Field Office Technical Guide for maintaining the viability of grassland and other conservation values.

(h) Due to the Federal interest in the GRP easement, the easement interest cannot be condemned.

§ 1415.18  Appeals.

(a) Applicants or participants may appeal decisions regarding this program in accordance with part 7 CFR part 614, 11, and 780 of this Title.

(b) Before a person may seek judicial review of any action taken under this part, the person must exhaust all administrative appeal procedures set forth in paragraph (a) of this section.

§ 1415.19  Scheme or device.

(a) If it is determined by the Department that a participant has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid
such participant during the applicable period may be withheld or be required to be refunded with interest thereon, as determined appropriate by the Department.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of payments for cost-share practices or easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

(c) A participant who succeeds to the responsibilities under this part shall report in writing to the Department any interest of any kind in enrolled land that is held by a predecessor or any lender. A failure of full disclosure will be considered a scheme or device under this section.

§ 1415.20 Confidentiality.
The release of appraisal information shall be disclosed at the discretion of USDA in accordance with applicable law.

7. 2005 Hurricane Tree Assistance Program (Hurricane TAP);
8. Catfish Grant Program (Catfish Grants).

(b) The amount that may be expended for payments under subparts B through I of this part shall not exceed the amounts authorized in Title III of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006.

(c) To be eligible for payments under these programs, producers must comply with all applicable provisions under subparts B through I of this part.

§ 1416.2 Eligible counties, hurricanes, and disaster periods.

(a) Except as provided in paragraph (c) of this section, the Commodity Credit Corporation (CCC) will provide assistance under the programs listed in §1416.1 to eligible producers who have suffered certain losses due to 2005 hurricanes Katrina, Ophelia, Rita, or Wilma, or a related condition, in the counties provided in paragraph (d) of this section. CCC funds for the programs in subparts B through I of this part are made available under the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006.

(b) The “Disaster Period” is the time period in which losses occurred that may be considered eligible for the programs under subparts B, C, H and I of this part.

(c) The Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006 provides that no producer receives duplicative payments under the programs in subparts B through I of this part and any other Federal program for the same loss. Under the regulations at 7 CFR part 760, Subpart E, eligible livestock owners and contract growers were provided benefits for certain livestock deaths that occurred as a result of 2005 hurricanes Dennis, Katrina, Ophelia, Rita, or Wilma in many of the same counties as provided in paragraph (d) of this section. The benefits provided under 7 CFR part 760, Subpart E, are significantly greater than the benefits to be provided under Subpart C of this part. Accordingly, to ensure the statutory requirement that no producer receives duplicative payments under the program in Subpart C of this part shall be limited to catfish and crawfish in any county listed in paragraph (d) of this section that was an eligible county under 7 CFR 760.101.

(d) Counties are eligible for emergency disaster assistance under this Act if they received a Presidential designation or Secretarial declaration or are counties contiguous to such counties. Accordingly, the following counties are eligible:

Citrus means eligible citrus types that are those listed within the Risk Management Agency (RMA) Florida Citrus Fruit Crop Provisions.
Grove means contiguous acreage of the same citrus crop.

§ 1416.302  Eligible crops and producers.
(a) A producer must be an owner, operator, landlord, tenant, or sharecropper who shares in the risk of producing the citrus crop and is entitled to share in the crop available for marketing from the farm or would have shared had the crop been produced. Producers that did not market citrus in both 2004 and 2005 are not eligible, except producers with groves that will be of fruit-bearing age for 2006, but were too immature to produce marketable fruit in 2004 or 2005.
(b)(1) Citrus producers will be reimbursed on a per-acre basis for each eligible grove. Payment will be based on the severity of destruction as determined by the paths of the storms and damage estimates by CCC considering levels of loss correlating to the severity of damage caused by maximum sustained winds of the hurricane. The levels of damage that will determine payment rates are as follows:
Tier I—75 percent or greater crop loss and associated tree damage.
Tier II—50 to 74 percent crop loss and associated tree damage/loss.
Tier III—35 to 49 percent crop loss and associated tree damage/loss.
Tier IV —15 percent and greater associated tree damage only.

(2) Citrus producers who suffered citrus crop production losses and associated fruit-bearing tree damage, including related cleanup and rehabilitation costs, must provide to CCC a certified statement on a CCC-approved form of the level of destruction, the number of acres in the disaster-affected grove, and the geographic location of the losses.

(c) If the actual level of loss is greater than the level of loss associated with the tier based on the location of the grove, the applicant may submit documentation to CCC to request the grove be placed in the next lower-numbered tier which represents a greater level of loss and a higher payment rate. Regardless of the level of loss incurred, the grove can only be placed in the next lower-numbered tier.

(d) If the actual level of loss is less than the tier associated with the location band for the grove, the producer shall certify to the lower loss level, which must be 15 percent or more, on the application and a lower payment rate will be used by CCC based upon the tier rate associated with the lower loss level.

§ 1416.303  Application process.
(a) Producers wishing to receive benefits must submit a completed application and report of acreage identifying the geographic location and number of acres in the disaster-affected area to their local FSA Service Center at the time an application for payment is being filed according to §1416.5.
(b)(1) Citrus producers will be reimbursed on a per-acre basis for each eligible grove. Payment will be based on the severity of destruction as determined by the paths of the storms and damage estimates by CCC considering levels of loss correlating to the severity of damage caused by maximum sustained winds of the hurricane. The levels of damage that will determine payment rates are as follows:
Tier I—75 percent or greater crop loss and associated tree damage.
Tier II—50 to 74 percent crop loss and associated tree damage/loss.
Tier III—35 to 49 percent crop loss and associated tree damage/loss.
Tier IV —15 percent and greater associated tree damage only.

(2) Citrus producers who suffered citrus crop production losses and associated fruit-bearing tree damage, including related cleanup and rehabilitation costs, must provide to CCC a certified statement on a CCC-approved form of the level of destruction, the number of acres in the disaster-affected grove, and the geographic location of the losses.

(c) If the actual level of loss is greater than the level of loss associated with the tier based on the location of the grove, the applicant may submit documentation to CCC to request the grove be placed in the next lower-numbered tier which represents a greater level of loss and a higher payment rate. Regardless of the level of loss incurred, the grove can only be placed in the next lower-numbered tier.

(d) If the actual level of loss is less than the tier associated with the location band for the grove, the producer shall certify to the lower loss level, which must be 15 percent or more, on the application and a lower payment rate will be used by CCC based upon the tier rate associated with the lower loss level.

§ 1416.303  Application process.
(a) Producers wishing to receive benefits must submit a completed application and report of acreage identifying the geographic location and number of acres in the disaster-affected area to their local FSA Service Center at the time an application for payment is being filed according to §1416.5.
(b) Applicants must certify and provide adequate proof that the losses and expenses incurred to eligible citrus crops were a direct result of the hurricane, in accordance with §1416.2.

§ 1416.304  Payment calculations.
(a) Payments will be calculated by multiplying the number of net acres in each tier times the applicable payment rate, as determined by CCC, times the producer’s share of the loss. The number of net acres is determined by subtracting drainage ditches, canals, and other such land uses from the citrus acres planted in the grove. The following table provides the applicable payment rates for producers with crop insurance or NAP coverage and those without coverage:
Commodity Credit Corporation, USDA

§ 1416.402 Eligible fruit and vegetable producers.

Producer must be an owner, operator, landlord, tenant, or sharecropper who shares in the risk of producing the crop and is entitled to share in the crop available for marketing from the farm or would have shared had the crop been produced. Payments will be made on a per-acre basis, and are based on tiers and the severity of destruction as specified for citrus crops and the type of production practice.

(b) Producers must have at least a 35 percent loss in production, or a 15 percent or more associated crop damage. Producers must also document that the necessary materials and procedures were followed to produce vegetables using plasticulture or other than plasticulture.

(c)(1) Fruit and vegetable producers will be reimbursed on a per-acre basis for eligible acreage. Payment will be based on the severity of destruction as determined by the paths of the storms and damage estimates developed by CCC. Estimates take into account levels of loss generally correlating to the severity of damage caused by maximum sustained winds of the applicable hurricanes. The levels of damage that will determine payment rates are as follows:

(1) Be physically located in an eligible county;

(2) Have been impacted during an eligible disaster as set forth in §1416.2; and

(3) Be grown for commercial use.
§ 1416.703 Application process.

(a) A complete application for 2005 Hurricane TAP benefits and related supporting documentation must be submitted to the county office prior to the deadline announced by the Deputy Administrator.
(b) A complete application includes all of the following:
   (1) A form CCC–896 provided by CCC;
   (2) Report of acreage identifying the geographic location and number of acres in the disaster-affected stand of claimed trees, bushes, and vines according to part 718 of this title;
   (3) A written estimate of the number of acres of trees, bushes or vines lost or damaged which is prepared by the owner or someone who is a qualified expert, as determined by the county committee;
   (4) Sufficient evidence of the loss to allow the county committee to calculate whether an eligible loss occurred.
(c) Before requests will be approved, the county committee:
   (1) Must verify actual qualifying losses and the number of acres involved by on-site visual inspection of the land and trees, bushes or vines.
   (2) May request additional information and may consider all relevant information in making their determination, including their members’ own knowledge about the applicant’s normal operations.

§ 1416.704 Payment calculation.

(a) An approved eligible producer shall be reimbursed in an amount not to exceed 75 percent of the eligible costs for the qualifying practice. The payment shall be the lesser of the 75% of actual costs for the practice or the amount calculated using rates established by the Deputy Administrator. The costs permitted shall only be approved for:
   (1) Seedlings or cuttings, for trees, bushes or vine replanting;
   (2) Site preparation and debris handling within normal cultural practices for the type of individual stand being re-established and necessary to ensure successful plant survival;
   (3) Chemicals and nutrients necessary for successful establishment;
   (4) Labor to plant seedlings or cuttings as determined reasonable by the county committee;
   (5) Replacement, rehabilitation, and pruning; and
   (6) Labor used to transplant existing seedlings established through natural regeneration into a productive tree stand.
(b) Costs for fencing, irrigation, irrigation equipment, protection of seedlings from wildlife, re-establishing structures, windbreaks and other costs as determined by the Deputy Administrator are not eligible for reimbursement benefits.
(c) When lost stands are replanted, the types planted may be different than those originally planted if the new types have the same general end use, as the county committee determines and approves. Payments will be based on the lesser of rates established to plant the types actually lost or the cost to establish the eligible alternative type used. If the species of plantings, seedlings or cuttings differs significantly from the species lost then, except as the county committee determines, the costs may not be reimbursed.
(d) Eligible producers may elect not to replant or rehabilitate the entire eligible stand. If so, the county committee shall calculate payment based on the number of qualifying trees, bushes or vines actually replanted or rehabilitated.
(e) In addition to the prohibition in §1416.6(g), and the payment limitation in §783.6(f) of this title, producers cannot receive duplicate benefits under this subpart and subpart D of this part, the Hurricane Citrus Disaster Program, for the same loss.

§ 1416.705 Obligations of a participant.

(a) Eligible producers must execute all required documents and complete the 2005 Hurricane TAP funded practice within 12 months of application approval.
(b) If a person was erroneously determined to be eligible or becomes ineligible for all or part of a 2005 Hurricane TAP benefit, the person and successor shall refund any payment paid under this part together with interest from
§ 1416.800

the date of disbursement at a rate in accordance with part 1403 of this chapter.

(c) Participants must allow representatives of FSA to visit the site for the purpose of certifying compliance with 2005 Hurricanes TAP requirements.

Subpart I—2005 Catfish Grant Program

§ 1416.800 General.

(a) CCC will administer a limited program to provide assistance to catfish producers in eligible counties. Under the Catfish Grant Program, CCC will provide grants to the State governments of States where eligible counties are located. The amount of each grant will be based on the total value of the catfish feed loss suffered in every eligible county in the subject state as determined by CCC. Available grant funds under this subpart and funds under subpart B of this part will be uniformly prorated to ensure that available funding is not exceeded. Catfish producers in eligible counties who suffered at least a 30-day catfish feed loss may be eligible for these funds.

Among other conditions of these grants, assistance provided by a State under such a grant to an applicant shall not exceed $80,000, except for general partnerships and joint ventures, in which case assistance shall not exceed $80,000 times the number of members that constitute the general partnership or joint venture.

(b) No producer may receive duplicate payments under this subpart and any other Federal programs for the same loss.
§ 1421.1 Applicability.
(a) The regulations of this subpart are applicable to the 2002 through 2007 crops of barley, small chickpeas, corn, grain sorghum, lentils, oats, dry peas, peanuts, rice, wheat, wool, mohair, oilseeds, and other crops designated by Commodity Credit Corporation (CCC). These regulations set forth the general provisions under which marketing assistance loans and loan deficiency payments (LDP) will be administered by the CCC. Additional terms and conditions are in the note and security agreement and the loan deficiency payment application that must be executed by a producer to receive marketing assistance loans and LDP's.

(b)(1) The basic loan rates, the schedule of premiums and discounts, and forms applicable to the marketing assistance and loan deficiency payment programs for the commodities specified in paragraph (a) of this section are available in Farm Service Agency (FSA) State and county offices. The forms for use in these programs will be prescribed by CCC.

(2) Loan deficiency payments shall be available for unshorn pelts, hay and silage.

(c) Marketing assistance loans and loan deficiency payments will not be available for any commodity produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

(d) Producers who produced eligible loan commodities are eligible for marketing assistance loans or loan deficiency payments.

(e) The information collection requirements contained in this regulation (7 CFR part 1421) have been approved by the Office of Management and Budget under provisions if 44 U.S.C. chapter 35 and have been assigned OMB Numbers 0560–0009 and 0560–0036.

§ 1421.2 Administration.
(a) The marketing assistance loan and loan deficiency payment program shall be administered under the general supervision of the Executive Vice President, CCC and shall be carried out in the field by FSA State and county committees, respectively.

(b) State and county committees, and representatives and employees thereof, cannot modify or waive any requirement of this part, except as provided in paragraph (e) of this section.

(c) The State committee shall take any required action not taken by the county committee. The State committee shall also:

(1) For the 2001 crop year only, allow producers who violated the terms and conditions of the note and security agreement and the loan deficiency payment application that must be executed by a producer to receive marketing assistance loans and LDP's.
agreement which resulted in the producer losing beneficial interest in the commodity before repaying the loan and the county committee determined the producer acted in good faith, to repay the loan at a rate that is the lesser of the loan plus interest; or the alternative repayment rate, as determined under §1421.10, in effect on the date the beneficial interest was lost. In cases, where a locked-in repayment rate under §1421.110 was applicable, the prescribed form is considered null and void.

(2) Correct or require correction of an action taken by a county committee that is not in compliance with this part; or

(3) Require a county committee to not take an action or implement a decision that is not under the regulations of this part.

(d) The Executive Vice President, CCC, or a designee, may determine any question arising under these programs, or reverse or modify a determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the marketing assistance loan and loan deficiency payment program.

(f) A representative of CCC may execute marketing assistance loan and loan deficiency payment applications and related documents only under the terms and conditions determined and announced by CCC. Any document not executed under such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.

§1421.3 Definitions.

The definitions in this section apply for all purposes of program administration. Terms defined in part 718 of this title and parts 1412 and 1425 of this chapter also apply, except where they conflict with the definitions in this section.

Basic loan rate means the loan rate established by CCC for a commodity before any adjustment for premiums and discounts.

Commodity certificate exchange means the exchange, as provided for in part 1401 of this chapter, of commodities pledged as collateral for a marketing assistance loan at a rate determined by CCC in the form of a commodity certificate bearing a dollar denomination. Such certificate may not be transferred or exchanged for the inventory of CCC.

Designated Marketing Association (DMA) means an entity, or a subsidiary thereof, that performs marketing functions for peanut producers and is designated to handle marketing assistance loans and loan deficiency payments for them. A DMA is eligible to perform those functions only if the DMA meets the eligibility criteria set out elsewhere in this part.

(1) Will lose beneficial interest immediately at harvest or;
(2) Immediately feed the commodity during harvest.

High moisture commodities means corn and grain sorghum normally harvested and intended to be stored or marketed in a high moisture condition.

§ 1421.4 Eligible producers.

(a) To be an eligible producer, the producer must:

(1) Be an individual, partnership, association, corporation, estate, trust, State or political subdivision or agency thereof, or other legal entity that produces an eligible commodity as a landowner, landlord, tenant, or sharecropper, or in the case of rice, furnishes land, labor, water, or equipment for a share of the rice crop. With respect to wool and mohair, the producer must own, other than through a security interest mortgage, or lien, the sheep and goats that produced the wool and mohair respectively for a period of not less than 30 days.

(2) Comply with all provision of this part and:

(i) 7 CFR part 12—Highly Erodible Land and Wetland Conservation;

(ii) 7 CFR part 718—Provisions Applicable to Multiple Programs;

(iii) 7 CFR part 1400—Payment Limitation & Payment Eligibility;

(iv) 7 CFR part 1403—Debt Settlement Policies and Procedures;

(v) 7 CFR part 1405—Loans, Purchases and Other Operations.

(3) Have made an acreage certification with respect to all the cropland on the farm.

(b) A receiver or trustee of an insolvent or bankrupt debtor’s estate, an executor or an administrator of a deceased person’s estate, a guardian of an estate of a ward or an incompetent person, and trustees of a trust shall be considered to represent the insolvent or bankrupt debtor, the deceased person, the ward or incompetent, and the beneficiaries of a trust, respectively.

§ 1421.5

The production of the receiver, executor, administrator, guardian, or trustee shall be considered to be the production of the person or estate represented by the receiver, executor, administrator, guardian, or trustee. Marketing assistance loans and loan deficiency payment documents executed by any such person will be accepted by CCC only if they are legally valid and such person has the authority to sign the applicable documents.

(c) A minor who is otherwise an eligible producer is eligible to receive marketing assistance loans or loan deficiency payments only if the minor meets one of the following requirements:

(1) The right of majority has been conferred on the minor by court proceedings or by statute;

(2) A guardian has been appointed to manage the minor’s property and the applicable marketing assistance loan or loan deficiency payment documents are signed by the guardian;

(3) Any note or loan deficiency payment program application signed by the minor is cosigned by a person determined by the county committee to be financially responsible; or

(4) A bond is furnished under which a surety guarantees to protect CCC from any loss incurred for which the minor would be liable had the minor been an adult.

(d) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the regulations in this part. Each such producer shall also remain liable for repayment of the entire marketing assistance loan amount until the loan is fully repaid without regard to such producer’s claimed share in the commodity pledged as collateral for the loan. In addition, such producer may not amend the note and security agreement with respect to the producer’s claimed share in such commodities, or loan proceeds, after execution of the note and security agreement by CCC.

(e)(1) The county committee may deny a producer a marketing assistance loan on farm-stored commodities if the producer has:

(i) Made a misrepresentation in connection with the marketing assistance loan or LDP program;

(ii) Previously not allowed a representative access to the site where commodities pledged as collateral for CCC loans were stored or otherwise failed to cooperate in the settlement of a marketing assistance loan; or

(iii) Failed to adequately protect the interests of CCC in the commodity pledged as collateral for a farm-stored loan.

(2) A producer who is denied a farm-stored loan will be eligible to pledge a commodity as collateral for a warehouse-stored loan or provide some other form of financial assurance to obtain a farm-stored loan.

(f) A CMA may obtain a marketing assistance loan and loan deficiency payment on eligible production of a loan commodity on behalf of its members who are eligible to receive marketing assistance loans or loan deficiency payments with respect to a crop of a commodity. For purposes of this subpart, the term “producer” includes a CMA.

(g) In case of the death, incompetency, or disappearance of any producer who is entitled to the payment of any sum in settlement of a marketing assistance loan or loan deficiency payment, payment shall, upon proper application to the FSA county service center that disbursed the marketing assistance loan or loan deficiency payment, be made to the persons who would be entitled to such producer’s payment under the regulations contained in part 707 of this title.

§ 1421.5 Eligible commodities.

(a) Commodities eligible to be pledged as collateral for a loan made under this part are:

(1) Barley, corn, grain sorghum, oats, canola, peanuts, soybeans, oilseeds, wheat, dry peas, lentils, small chickpeas, rice and other crops designated by CCC produced and mechanically harvested in the United States;

(2) Dual purpose sorghum varieties as determined by CCC; and

(3) Wool and mohair produced and shorn from live animals in the United States.
Commodity Credit Corporation, USDA
§ 1421.6

(b) A commodity produced on land owned or otherwise in the possession of the United States that is occupied without the consent of the United States is not an eligible commodity.

(c)(1) To be an eligible commodity, the commodity must be merchantable for food, feed, or other uses determined by CCC and must not contain mercurial compounds, toxin producing molds, or other substances poisonous to humans or animals. A commodity containing vomitoxin, aflatoxin or Aspergillus mold may not be pledged for a loan made under this part, except as provided by CCC in the marketing assistance loan note and security agreement.

(2) The determination of class, grade, grading factor, milling yields, and other quality factors, including the determination of type, quality, and quantity for peanuts:

(i) With respect to barley, canola, corn, flaxseed, grain sorghum, oats, rice, soybeans, sunflower seed for extraction of oil, wheat and other commodities designated by CCC, shall be based upon the Official United States Standards for Grain, United States Standards for Whole Dry Peas, Split Peas, and Lentils for dry peas and lentils, United States Standards for Beans for small chickpeas and the United States Standards for Rice as applied to rough rice whether or not such determinations are made on the basis of an official inspection.

(ii) With regard to mustard seed, rapeseed, safflower seed, flaxseed and sunflower seed used for a purpose other than to extract oil, shall be based on quality requirements established and announced by CCC, whether or not such determinations are made on the basis of an official inspection. The costs of an official quality determination may be paid by CCC. The quality requirements that are used in administering marketing assistance loans and loan deficiency payments for the oilseeds in this paragraph are available in USDA State and county FSA service centers.

(iii) With regard to farm-stored peanuts, shall be determined at the time of delivery to CCC by a Federal or State Inspector authorized or licensed by the Secretary.

(d) Eligible wool and mohair must:

(1) Have been produced and sheared from live sheep and goats, of domestic origin and located in the U.S. for a period of not less than 30 calendar days prior to shearing.

(2) Be of merchantable quality deemed by CCC to be suitable for loan and must have been shorn in the United States.

(e) When certifying acreage on farms in which an interest is held, the producer must provide acceptable evidence of the commodity from which the county committee may determine whether the eligible production claimed by the producer is reasonable for the production practices on such farm or similar farms in the same county; or have either the eligible or ineligible commodity measured by a representative of the county FSA service center at the producer’s expense, before commingling.

(f) A commodity that is purchased, substituted, or acquired by sale, gift, exchange of an existing harvested, sheared, or slaughtered commodity, or through any other transaction is ineligible to be pledged as collateral for a marketing assistance loan; in addition a loan deficiency payment shall not be made with respect to such commodities.

§ 1421.6 Beneficial interest.

(a) To be eligible to receive marketing assistance loans and loan deficiency payments, a producer must have beneficial interest in the commodity that is tendered to CCC for a marketing assistance loan or is requested for a loan deficiency payment. For the purposes of this part, the term “beneficial interest” refers to a determination by CCC that a person has the requisite title to and control of the commodity that is tendered to CCC as collateral for a marketing assistance loan or is the commodity that will be used to determine a loan deficiency payment. A determination of whether a person has beneficial interest in a commodity is made by CCC in accordance with this part and is not based upon a determination under any State law or any other regulation of a Federal agency.
§ 1421.6 7 CFR Ch. XIV (1–1–09 Edition)

(b) Except as provided in paragraph (e) of this section, when requesting a marketing assistance loan for a loan commodity, in order to have beneficial interest in the commodity tendered as collateral for the loan, a person must:

(1) Be the producer of the commodity as determined in accordance with §1421.4;

(2) Have had ownership of the commodity from the time it was planted (with respect to wool and mohair from time of shearing) through the earlier the date the loan was repaid or the maturity date of the loan;

(3) Have control of the commodity from the time it was planted (for wool and mohair from the time of shearing) through the maturity date of the loan. To have control of the commodity, such person must have complete decision-making authority regarding whether the commodity will be tendered as collateral for a loan, when the loan will be repaid, or if the collateral will be forfeited to CCC in satisfaction of the loan obligations of such person, and where the commodity will be maintained during the term of the loan;

(4) Not have received any payment from any party with respect to the commodity; and

(5) If the commodity has been physically delivered to a location other than a location owned or under the total control of the producer, have delivered the commodity to a warehouse approved in accordance with §1421.103(c). Delivery of the commodity to a location other than an approved warehouse will result in the loss of beneficial interest in the commodity on the date of physical delivery and the producer will be considered to have lost beneficial interest as of 11:59 p.m. of such day. Accordingly, delivery of a commodity to entities such as a dairy, feedlot, ethanol plant, wool pool, feed mill, or other facilities as determined by CCC will result in the loss of beneficial interest as of the date of delivery, regardless of any other action or agreement between such an entity and the producer unless such an entity has been approved by CCC under §1421.103(c).

(c) Except as provided in paragraph (e) of this section, when requesting a loan deficiency payment for a loan commodity, in order to have beneficial interest in the commodity a person must:

(1) Be the producer of the commodity as determined in accordance with §1421.4;

(2) Have had ownership of the commodity from the time it was planted, with respect to wool and mohair from the time of shearing, or from the time of slaughter for unshorn pelts, through the date the producer has elected to determine the loan deficiency payment rate;

(3) Have control of the commodity. For control such person must have complete decision-making authority regarding whether a loan deficiency payment will be requested with respect to the commodity; when the loan deficiency rate will be selected; and where the commodity will be maintained prior to the date on which the loan deficiency payment rate will be determined;

(4) Not have received any payment from any party with respect to the commodity; and

(5) If the commodity has been physically delivered to a location other than a location owned or under the total control of the producer, have delivered the commodity to a warehouse approved in accordance with §1421.103(c). Delivery of the commodity to a location other than an approved warehouse will result in the loss of beneficial interest in the commodity on the date of physical delivery and the producer will be considered to have lost beneficial interest as of 11:59 p.m. of such day. Accordingly, delivery of a commodity to entities such as a dairy, feedlot, ethanol plant, wool pool, feed mill, or unapproved storage facility, will result in the loss of beneficial interest as of the date of delivery, regardless of any other action or agreement between such an entity and the producer unless such an entity has been approved by CCC under §1421.103(c).

(d) Notwithstanding any provision of paragraphs (b) and (c) of this section and §1421.5(f), in order to facilitate handling situations involving the death of a producer, CCC will consider an estate, heirs of the deceased producer,
Commodity Credit Corporation, USDA § 1421.6

and a person to whom title to a commodity has passed by virtue of State law upon the death of the producer to have beneficial interest in a commodity produced by the producer under the same terms and conditions that would otherwise be applicable to such producer;

e) Notwithstanding any provision of paragraphs (b) and (c) of this section and § 1421.5(f), a person who purchases or otherwise acquires a commodity from a producer under any circumstances does not obtain beneficial interest to the commodity whether such purchase or acquisition is made prior to the harvest of the crop or after harvest; however, CCC will consider a person to have beneficial interest in a commodity if, prior to harvest, such person has obtained title to the growing commodity at the same time that such person obtained full title to the land on which such crop was growing;

(f) If marketing assistance loans and loan deficiency payments are made available to producers through an approved cooperative marketing association in accordance with part 1425 of this chapter, the beneficial interest in the commodity must always have been in the producer-member who delivered the commodity to the approved cooperative marketing association or its member-approved cooperative marketing association, except as otherwise provided in this section. If the producer-member who delivered the commodity does not retain the right to share in the proceeds from the marketing of the commodity as provided in part 1425 of this chapter, commodities delivered to an approved cooperative marketing association shall not be eligible to be pledged as collateral for a marketing assistance loan or be taken into consideration when a loan deficiency payment is made.

(g) A producer will lose beneficial interest in a commodity if the producer receives any payment from any person under any contractual arrangement with respect to a commodity if the person who is making the payment, or any person otherwise associated with the person making the payment, will at any time have title to the commodity or control of the commodity prior to or after harvest, shearing, or slaughter unless:

(1) Such payment is authorized in accordance with part 1425 of this chapter; or

(2) The payment is made as consideration for an option to purchase the commodity and such option contains the following language:

Notwithstanding any other provision of this option to purchase or any other contract, title and control of the commodity and beneficial interest in the commodity as specified in 7 CFR 1421.6 shall remain with the producer until the buyer exercises this option to purchase the commodity. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of:

(1) The maturity of any Commodity Credit Corporation (CCC) loan that is secured by such commodity;

(2) The date CCC claims title to such commodity; or

(3) Such other date as provided in this option.

(h) Inclusion in a contract of one or more of the following types of provisions will not result in the loss of beneficial interest in a commodity:

(i) Producers under a deferred-price, forward, or price later contract will lose beneficial interest in the commodity once the commodity is applied in fulfillment of such a contract.

(ii) Beneficial interest in the commodity is retained by the producer if the contract has no restrictive or contradictory clauses within the contract that may cause the producer to lose beneficial interest in the commodity.

(2) A provision between the producer and a warehouse approved in accordance with § 1421.103(c) for the storage of CCC loan collateral that provides the producer a period of time following the date of physical delivery of the commodity to elect whether the commodity is to be stored and receipted on
§ 1421.7 Requesting marketing assistance loans and loan deficiency payments.

(a) A producer must, unless authorized by CCC, request marketing assistance loans and loan deficiency payments at the county office that, under part 718 of this title, is responsible for administering programs for the farm on which the commodity was produced.

(b) A marketing assistance loan or loan deficiency payment may be requested in person, by mail or electronic format designated by CCC. Forms prescribed by CCC may be obtained from the USDA, Farm Service Agency Web site.

(c)(1) To receive marketing assistance loans or loan deficiency payments for a crop of a commodity, a producer must execute a note and security agreement or loan deficiency payment application on or before the applicable final loan availability date, as follows:

(1) March 31 of the year following the year in which the following crops are normally harvested: barley, canola, flaxseed, oats, rapeseed, and wheat.

(2) May 31 of the year following the year in which the following crops are normally harvested: corn, grain sorghum, mustard seed, rice, safflower, soybeans, sunflower seed, dry peas, lentils, and small chickpeas.

(3) January 31 of the year following the year in which peanuts are normally harvested or wool and mohair are normally sheared.

(d) With respect only to loan deficiency payments for eligible loan commodities produced in the 2001 crop year, whether or not produced on a farm covered by a production flexibility contract, the applicable final loan availability for such payment is November 12, 2002.

§ 1421.8 Eligible quantity.

(a) With respect to marketing assistance loans and loan deficiency payments for:

(1) Farm-stored commodities, all determinations of weight, and quality, except as otherwise agreed to or required by CCC, shall be determined at the time of delivery of the commodity to CCC or at the time the loan deficiency payment application is filed for measured requests, if applicable or selected for spot-check for certified requests.

(2) Warehouse-stored commodities, all determinations of grade, weight and quality, except as otherwise agreed to or required by CCC, shall be determined at the time the loan or LDP is requested when acceptable documentation, under § 1421.106, accompanies the loan or LDP request.

(b)(1) A producer may, before the final date for obtaining a marketing assistance loan for a commodity, repledge as collateral for securing a marketing assistance loan any commodity that had been previously pledged as collateral for a marketing assistance loan, except with respect to:

(i) Commodities that have been acquired with commodity certificate exchanges under part 1401 of this chapter;

(ii) Commodities that have been redeemed at the prevailing world market price for rice, or the alternative repayment rate for all other commodities, as determined by CCC.

(iii) Commodities on which a loan deficiency payment has been received.

(2) The commodity repledged as security for the subsequent loan shall have the same maturity date, under § 1421.101 as the original loan.

(c)(1) The marketing assistance loan documents shall not be presented for
Commodity Credit Corporation, USDA § 1421.10

disbursement unless the commodity subject to the note and security agreement is an eligible harvested commodity, is in existence, and is in approved farm or warehouse storage, as determined by CCC. If the commodity was not either an eligible commodity, in existence, or in approved storage at the time of disbursement, the total amount disbursed under the marketing assistance loan and charges plus interest shall be refunded promptly by the producer.

(2) Marketing assistance loans may be disbursed to eligible producers who store eligible commodities in unlicensed storage facilities only if the producer agrees to redeem the marketing assistance loan on the date in which the loan is disbursed with a commodity certificate exchange.

(3) CCC shall limit the total marketing assistance loan quantity for a loan disbursement, or loan deficiency payment quantity for a loan deficiency payment, based on a subsequent increase in the quantity of an eligible commodity by the final loan availability date to 100 percent of the outstanding quantity of such marketing assistance loan or loan deficiency payment application. A producer may obtain a separate marketing assistance loan or loan deficiency payment before the final loan availability date for the commodity for quantities in excess of 100 percent of such quantity if such quantities are an otherwise eligible commodity.

§ 1421.9 Basic loan rates.

(a) Basic marketing assistance loan rates for a commodity may be established on a State, regional, county basis or other basis and may be adjusted by CCC to reflect quality and location and other factors applicable to the commodity and as otherwise provided in this section.

(b) The basic marketing assistance loan rates for wheat, corn, barley, oats, grain sorghum, rice, peanuts, soybean, canola, flaxseed, mustard seed, rapeseed, safflower, sunflower seed, dry peas, lentils, small chickpeas, wool, mohair and other crops designated by CCC will be determined by CCC and made available at State and county offices.

(c)(1) For all commodities except rice, warehouse-stored loans shall be disbursed at levels based on the basic county marketing assistance loan rate for the county where the commodity is stored, adjusted for the schedule of premiums and discounts established for the commodity and marketing assistance loan rate factors set forth on warehouse receipts or supplemental certificates and for other quality factors, as determined and announced by CCC.

(2) For rice, warehouse-stored loans shall be disbursed at levels based on the milling yields times the whole and broken kernel marketing assistance loan rates, adjusted for the schedule of discounts on the basis of quality factors set forth on warehouse receipts or supplemental certificates and for other quality factors, as determined and announced by CCC.

§ 1421.10 Market rates.

(a)(1) For the 2002 through 2007 crops of barley, corn, grain sorghum, oats, wheat, dry peas, lentils, small chickpeas, oilseeds, and other crops as designated by CCC, a producer may repay a nonrecourse marketing assistance loan at a rate that is the lesser of:

(i) The marketing assistance loan rate and charges, plus interest determined for such crop; or

(ii) The alternative repayment rate for such crop.

To the extent practicable, CCC shall determine and announce the alternative repayment rate, based upon the market prices at appropriate U.S. markets as determined by CCC, to:

(i) Minimize loan forfeitures of such commodities; minimize the Federal Government-owned inventory of such commodities; minimize the storage costs incurred by the Federal Government; allow such commodities produced in the United States to be marketed freely and competitively domestically and internationally; and minimize discrepancies in marketing loan benefits across State boundaries and across county boundaries. The alternative repayment rate may be adjusted to reflect quality and location for each crop of a commodity as follows:

(i) On a weekly basis in each county for oilseeds, except soybeans;
(ii) On a daily basis in each county for barley, corn, grain sorghum, oats, soybeans, and wheat; and
(iii) On a weekly basis nationally for dry peas, lentils and small chickpeas.

(b)(1) For the 2002 through 2007 crops of peanuts, wool and mohair, a producer may repay a nonrecourse loan at a rate that is the lesser of:
(i) The loan rate and charges interest, plus interest determined for such crop; or
(ii) The alternative repayment rate for such crop.

(2) To the extent practicable, CCC shall determine and announce periodically an alternative repayment rate for peanuts, wool, and mohair to: minimize loan forfeitures of such commodities; minimize the Federal Government-owned inventory of such commodities; minimize the storage costs incurred by the Federal Government; allow such commodities produced in the United States to be marketed freely and competitively domestically and internationally; and minimize discrepancies in marketing loan benefits across State boundaries and across county boundaries.

(c)(1) The prevailing world market price for a class of rice shall be determined by CCC based upon a review of prices at which rice is being sold in world markets and a weighting of such prices through the use of information such as changes in supply and demand of rice, tender offers, credit concessions, barter sales, government-to-government sales, special processing costs for coatings or premixes, and other relevant price indicators, and shall be expressed in U.S. equivalent values F.O.B. vessel, U.S. port of export, per hundredweight as follows:

(i) U.S. grade No. 2, 4 percent broken kernels, long grain milled rice;
(ii) U.S. grade No. 2, 4 percent broken kernels, medium grain milled rice; and
(iii) U.S. grade No. 2, 4 percent broken kernels, short grain milled rice.

(2) Export transactions involving rice and all other related market information will be monitored on a continuous basis. Relevant information may be obtained for this purpose from USDA field reports, international organizations, public or private research entities, international rice brokers, and other sources of reliable information.

(3) The prevailing world market price for a class of rice adjusted to U.S. quality and location the adjusted world price (AWP), as determined under paragraph (c)(5) of this section, shall apply to this section.

(4) The adjusted world price for each class of rice shall equal the prevailing world market price for a class of rice (U.S. equivalent value) as determined under paragraphs (a)(2) and (3) of this section and adjusted to U.S. quality and location as follows:

(i) The prevailing world market price for a class of rice shall be adjusted to reflect an F.O.B. mill position by deducting from such calculated price an amount that is equal to the estimated national average costs associated with:
(A) The use of bags for the export of U.S. rice, and
(B) The transfer of such rice from a mill location to F.O.B. vessel at the U.S. port of export with such costs including, but not limited to, freight, unloading, wharfage, insurance, inspection, fumigation, stevedoring, interest, banking charges, storage, and administrative costs.

(ii) The price determined under paragraph (c)(4)(i) of this section shall be adjusted to reflect the market value of the total quantity of whole kernels contained in milled rice by deducting the world value of broken kernels it contains, with the value of the broken kernels determined by multiplying the quantity of broken kernels (4 percent per hundredweight) by the world market value of broken kernels. The world market value of broken kernels shall be based upon the relationship of whole and broken kernel world prices as estimated from observations of prices at which rice is being sold in world markets.

(iii) The price determined under paragraph (c)(4)(ii) of this section shall be adjusted to reflect the per-pound market value of whole kernels by dividing the price by the quantity of whole milled kernels contained in the milled rice (96 percent per hundredweight).

(iv) The price determined under paragraph (c)(4)(iii) of this section shall be adjusted to reflect the market value of
whole kernels contained in 100 pounds of rough rice by multiplying such price by the estimated national average quantity of whole kernel rice by class obtained from milling 100 pounds of rough rice.

(v) The price determined under paragraph (c)(4)(iv) of this section shall be adjusted to reflect the total market value of rough rice by:

(A) Adding to such price:

(1) The market value of bran contained in the rough rice, computed by multiplying the domestic unit market value of bran by the estimated national average quantity of bran produced in milling 100 pounds of rice; and

(2) The market value of broken kernels contained in the rough rice, computed by multiplying the estimated world market value of broken kernels by the estimated national average quantity of broken kernels produced in milling 100 pounds of rice;

(B) Deducting from such price:

(1) An estimated cost of milling rough rice; and

(2) An estimated cost of transporting rough rice from farm to mill locations.

(vi) The price determined under paragraph (c)(4)(v) of this section may be adjusted to a whole kernel loan rate basis by deducting the estimated world market value of the total quantity of broken kernels contained in such rice and dividing the resulting value by the estimated national average quantity of milled whole kernels produced in milling 100 pounds of rice.

(5) The adjusted world price for each class of rice, loan rate basis, shall be determined by CCC and announced, to the extent practicable, on or after 7 a.m. Eastern Standard Time each Wednesday or more frequently as determined necessary by CCC, continuing through the later of:

(i) The last Wednesday of July 2007; or

(ii) The last Wednesday of the latest month the 2007-crop rice loans mature, or

(iii) In the event that Wednesday is a non-workday, the determination will be made on the next work day, on or after 7 a.m. Eastern Standard Time.

§ 1421.11 Spot checks.

(a) CCC may inspect the collateral for marketing assistance loans, and producers with such loans shall allow CCC access to the farm and storage facility as necessary to conduct collateral inspections, or “spot checks’’ as they are called. Spot checks will verify that the quality and quantity of farm-stored commodities pledged as collateral for marketing assistance loans are maintained by the producer.

(b) Loan deficiency payments are selected for spot check to ensure that all eligibility requirements, as required by CCC, are met in order to receive such loan deficiency payment.

(c) Producers must present production evidence for commodities acceptable to CCC when a spot check is conducted.

§ 1421.12 Production evidence.

(a) Producers who redeem marketing assistance loan collateral at the prevailing world market price for rice, or the alternative repayment rate for all other commodities, as CCC determines or receives a loan deficiency payment may be required to provide CCC with:

(1) Evidence of production of the collateral such as:

(i) Evidence of sales,

(ii) Delivery evidence,

(iii) Load summaries from warehouse, processor, or buyer,

(iv) Warehouse receipts

(v) Paid measurement service

(vi) Spot check measurements with paid measurement service

(vii) Cleaning tickets for seed (viii) Scale tickets, if not issued by the producer for the producer’s own production

(ix) Core tests for wool and mohair

(x) Maximum eligible quantity as determined by CCC

(2) The storage location of the collateral that has not been otherwise disposed of and access to such collateral;

(3) Permission to inspect, examine, and make copies of the records and other written data as deemed necessary to verify the eligibility of the producer and commodity;

(4) In the case of wool and mohair, permission to examine and inspect the sheep herd; and
§ 1421.13  
(5) Any other evidence requested by the county FSA service center or the Deputy Administrator, FSA.
(b) A producer who fails to provide acceptable evidence of production shall be required to repay the market gain or loan deficiency payment and charges, plus interest, as determined by CCC.

§ 1421.13 Special marketing assistance loans and loan deficiency payments.
(a) Commodities stored in an unapproved storage facility may be pledged as collateral for a marketing assistance loan if the producer:
(1) Makes a request for the marketing assistance loan and obtains the commodity certificate to immediately exchange for the requested loan collateral at the same time at the county office that, under part 718 of this title, is responsible for administering the programs for the farm on which the commodity was produced.
(2) Submits the marketing assistance loan request and the commodity certificate exchange before or on the date of delivery to the unapproved facility.
(b)(1) Eligible producers of unshorn pelts produced from live sheep and hay and silage derived from an eligible loan commodity as provided in § 1421.5 are eligible to request unshorn pelt, hay, and silage quantities for a loan deficiency payment under subpart C of this part.
(2) Unshorn pelts, hay, and silage derived from an eligible loan commodity is not eligible to be pledged as collateral to obtain a marketing assistance loan under subpart B of this part.

§ 1421.14 Obtaining peanut loans.
(a) Peanuts loans to individual producers may be obtained through:
(1) County offices; or
(2) A designated Marketing Association or a CMA approved by CCC.

Subpart B—Marketing Assistance Loans

SOURCE: 67 FR 63511, Oct. 11, 2002, unless otherwise noted.

§ 1421.100 Applicability.
This subpart provides the terms and conditions for marketing assistance loans offered by CCC. Additional terms and conditions are also in the note and security agreement which the producer must sign to receive such marketing assistance loans.

§ 1421.101 Maturity dates.
(a)(1) All marketing assistance loans shall mature on demand by CCC and no later than the last day of the 9th calendar month following the month in which the note and security agreement is filed and approved except, for transferred marketing assistance loan collateral. The maturity date for transferred marketing assistance loan collateral will be the maturity date applicable to the original loan that was transferred.
(2) CCC may at any time call the marketing assistance loan by notifying the producer at least 30 days in advance of the accelerated maturity date.

§ 1421.102 Adjustment of basic loan rates.
(a) Basic loan rates are established under § 1421.9 and will be adjusted or not adjusted as follows:
(1) For farm-stored commodities, except for peanuts, that exceed acceptable levels of contamination, the loan rate will be discounted to 10 percent of the base county marketing assistance loan rate.
(2) For farm-stored commodities where the test weight discounts are on the:
(i) Crop year specific schedules of premiums and discounts, the loan rate shall be adjusted for the higher of the discount for test weight or grade based on test weight.
(ii) Additional schedule of discounts, the marketing assistance loan rate shall be reduced to 20 percent of the...
Commodity Credit Corporation, USDA § 1421.104

county average marketing assistance loan rate.
(3) With respect to commodities harvested, excluding silage or hay, as other than grain and pledged as collateral for a nonrecourse marketing assistance loan, the marketing assistance loan rate shall be discounted to 30 percent of the base county loan rate.
(4) With respect to farm-stored wheat, the basic county marketing assistance loan rate shall not be adjusted to reflect the protein content.
(5) With respect to Segregation 2 and 3 peanuts as determined by CCC, the marketing assistance loan rate shall be discounted to 35 percent of the applicable loan rate.

§ 1421.103 Approved storage.
(a) Approved farm storage is:
(1) A storage structure located on or off the farm, (excluding public warehouses that do not enter into an agreement with CCC), that CCC determines to be controlled by the producer which affords safe storage of collateral pledged for a marketing assistance loan;
(2) If determined and announced to be available in a State or county, on ground storage and other temporary storage structures approved by CCC.
(3) As determined by CCC, temporary approved storage may also include:
(i) On-ground storage or;
(ii) Other storage arrangements.

(b) CCC may reduce the quantity of a commodity pledged as collateral for a loan made available under paragraph (a)(2) of this section to not more than 75 percent of such otherwise eligible quantity in order to protect the interests of CCC. CCC may also limit the length of time the commodity may be stored on-ground or in temporary structures to not more than 90 days. A marketing assistance loan made with respect to such commodity which is not moved to a structure specified in (a)(2) within 90 days of the date the loan was disbursed may be called by CCC.

(c) Approved warehouse storage shall consist of a public warehouse for which a CCC storage agreement for the commodity is in effect that is approved by CCC for price support purposes. Such a warehouse is referred to in this by part as an approved warehouse. The names of approved warehouses may be obtained from the FSA, Kansas City Commodity Office, P.O. Box 419205, Kansas City, Missouri 64141–6205, from State and county offices, or at the FSA website on the Internet.

§ 1421.104 Marketing assistance loan making.
(a)(1) CCC will conduct lien searches with respect to all commodities pledged as collateral for marketing assistance loan disbursements in amounts greater than $25,000 and perfect its security interest in such commodity as provided for under State law. With respect to marketing assistance loan disbursements of $25,000 or less, CCC may conduct a lien search when it is determined that CCC's interest is at risk and perfect its security interest in such commodity as provided for under State law. In all instances, if a producer has violated the provisions of this part in the crop year preceding the crop year in which the marketing assistance loan is being requested, CCC will conduct a lien search with respect to all commodities pledged as collateral for a marketing assistance loan and perfect its security interest in such commodity as provided for under State law.

(2) The cost for terminating the financing statement for marketing assistance loans disbursed under paragraph (a)(1) of this section before the end of the term shall be paid by the producer.

(3) If there are any liens or encumbrances on the commodity pledged as collateral for a marketing assistance loan made under this part, waivers that fully protect CCC's interest must be obtained even though the liens or encumbrances are satisfied from loan proceeds disbursed under this part. No additional liens or encumbrances shall be placed on the commodity after such a loan is approved.

(b) Fees, charges, and interest must be paid by the producer to CCC at a rate CCC determines. Such fees, charges, and interest include:
(1) A non-refundable loan service fee;
(2) Interest that accrues on a loan under part 1405 of this chapter;
(3) For each soybean crop, the producer as defined in the Soybean Promotion, Research and Consumer Information Act (7 U.S.C. Chapter 6301), shall remit to CCC an assessment that CCC determines when it acquires the commodity and shall be equal to one-half of 1 percent of the amount determined under §1412.112.

(c) For peanuts, charges associated with warehouse stored loans including but not limited to storage and in charges, as determined by CCC are paid by CCC to the producer.

(d) The cost of terminating a financing statement shall be paid by the producer.

§ 1421.105 Farm-stored marketing assistance loans.

(a) The producer of a commodity pledged as security for a farm-storage loan shall:

(1) Certify the quantity of such commodity on the loan application, or;

(2) Have such quantity measured by CCC at the measurement service rate established by CCC.

(b) The State committee may establish a marketing assistance loan percentage not to exceed a percentage CCC establishes or it may apply quality discounts to the loan rate in each year for each commodity on a State-wide basis or for specified areas within the State. Before approving a county committee request to establish a different loan percentage, or to apply quality discounts, the State committee shall consider conditions in the State or areas within the State to determine if the marketing assistance loan percentage or the quality discounts should be reduced below the maximum marketing assistance loan percentage or the quality discounts should be applied to the basic county marketing assistance loan rate to provide CCC with adequate protection. Marketing assistance loans disbursed based upon loan percentages previously lowered and loan rates adjusted for quality shall not be altered if conditions within the State or areas within the State change to substantiate removing such reductions. Percentages established or loan rates adjusted for quality under this section shall apply only to new marketing assistance loans and not to outstanding marketing assistance loans. In determining loan percentages or the necessity to apply quality discounts, the State committee shall consider any factor at its discretion, including the following:

(1) General crop conditions;

(2) Factors affecting quality peculiar to an area within the State; and

(3) Climatic conditions affecting storability.

(c) An eligible quantity of a commodity that is commingled with an ineligible quantity of the commodity is not eligible to be collateral for a marketing assistance loan unless the producer, when requesting a marketing assistance loan designates all structures that may be used for storage of the marketing assistance loan collateral.

(1) In such cases, the producer is not required to obtain prior written approval from the county committee before moving marketing assistance loan collateral from one designated structure to another designated structure.

(2) In all other instances, if the producer intends to move marketing assistance loan collateral from a designated structure to another undesignated structure, the producer must request prior approval from the county committee. Such approval shall be written and the eligible or ineligible commodity must be measured by a representative of the county office, at the producer’s expense, before commingling. Prior to commingling, with respect to wool and mohair, a representative of the county committee may determine an average production of the wool and mohair in a manner approved by CCC.

(d) (1) Two or more producers may obtain:

(i) A single joint marketing assistance loan for commodities that are stored in the same farm storage facility; or

(ii) Individual marketing assistance loans for their share of the commodity that is commingled in a farm storage facility with commodities owned by other producers if such other producers execute an agreement that provides that such producers shall obtain the permission of a representative of the county committee before removal of
Commodity Credit Corporation, USDA

§ 1421.106 Warehouse-stored marketing assistance loan collateral.

(a) A commodity may be pledged as collateral for a warehouse-stored marketing assistance loan in the quantity delivered to CCC for storage at a warehouse that meets standards for approval at part 1423 of this chapter. Such quantity shall be the net weight specified on the warehouse receipt or supplemental certificate.

(b) Two or more producers may obtain a single joint marketing assistance loan for commodities stored in an approved warehouse if the warehouse receipt pledged as collateral is issued jointly to the producers.

(c) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and the regulations in this part. Each such producer shall also remain liable for repayment of the entire marketing assistance loan amount until the marketing assistance loan is fully repaid without regard to such producer’s claimed share in the commodity pledged as collateral for the marketing assistance loan. In addition, such producer may not amend the note and security agreement with respect to the producer’s claimed share in such commodities, or marketing assistance loan proceeds, after execution of the note and security agreement by CCC.

(d) Handling and storage rates that CCC has approved to be deducted from marketing assistance loan proceeds are available in USDA State and county FSA service centers. Deductions shall be based upon entries on the warehouse receipt or supplemental certificate, but the storage rate shall not exceed the storage rate CCC has approved. No storage deduction shall be made if written evidence acceptable to CCC is submitted indicating that:

1. Storage charges through the maturity date have been prepaid; or

2. The producer has arranged with the warehouse operator for the payment of storage charges through the maturity date and the warehouse operator enters an endorsement in substantially the following form on the warehouse receipt:

   Storage arrangements have been made by the depositor of the commodity covered by this receipt through (date through which storage has been provided). No lien will be asserted by the warehouse operator against CCC or any subsequent holder of the warehouse receipt for the storage charges that accrued before the specified date.
§ 1421.107 Warehouse receipts.

(a) Warehouse receipts tendered to CCC under §1421.3 for marketing assistance loans must meet the provisions of this section and all other provisions of this part, and CCC program documents.

(b) Warehouse receipts must be issued in the name of the eligible producer or CCC. If issued in the name of the eligible producer, the receipt must be properly endorsed on its reverse side certifying that the crop is free of encumbrances in order for title to vest in the holder. Receipts must be issued by an approved warehouse and must represent a commodity that is deemed to be stored commingled. The receipts must be negotiable and must represent a commodity that is the same quantity and quality as the eligible commodity actually in storage in the warehouse of the original deposit.

(c) If the receipt is issued for a commodity that is owned by the warehouse operator either solely, jointly, or in common with others, the fact of such ownership shall be stated on the receipt. In States where the pledge of warehouse receipts issued by a warehouse operator on the warehouse operator’s commodity is invalid, the warehouse operator may offer the commodity to CCC for a marketing assistance loan if such warehouse is licensed under the U.S. Warehouse Act.

(d) Each warehouse receipt or accompanying supplemental certificate representing a commodity stored in an approved warehouse that has a storage agreement with CCC shall indicate that the commodity is insured under such agreement. CCC shall not be responsible for the cost of such insurance.

(e) A separate warehouse receipt must be submitted for each grade and class of any commodity tendered to CCC and, for rice, such receipt must also state the milling yield of the rice, and for wool, such receipts must also state the yield and micron of the wool.

(f) With respect to peanuts, a warehouse receipt must be submitted exhibiting grade, type, and segregation for peanuts tendered to CCC.

(g)(1) Each warehouse receipt, or a supplemental certificate (in duplicate) that properly identifies the warehouse receipt, must be issued under the applicable CCC storage agreement or the U.S. Warehouse Act, as applicable, and must indicate:

(i) The name and location of the storing warehouse;

(ii) The warehouse code assigned by CCC;

(iii) The warehouse receipt number;

(iv) The date the receipt was issued;

(v) The type of commodity;

(vi) The date the commodity was deposited or received;

(vii) The date to which storage has been paid or the storage start date;

(viii) Whether the commodity was received by rail, truck or barge;
(ix) The amount per bushel, pound, or hundredweight of prepaid in or out charges;
(x) The signature of the warehouse operator or the authorized agent; and
(xi) For warehouses operating under a merged warehouse code agreement (KC–385), the location and county to which the producer delivered the commodity.

(2) In addition to the information specified in paragraph (f)(1) of this section, additional commodity specific requirements shall be determined by CCC and be available at State and county offices and the Kansas City Commodity Office.

(h) If a warehouse receipt indicates that the commodity tendered for loan grades “infested” or “contains excess moisture”, or both, the receipt must be accompanied by a supplemental certificate in order for the commodity to be eligible for a marketing assistance loan. The grade, grading factors, and quantity to be delivered must be shown on the certificate as follows:

(1) When the warehouse receipt shows “infested” and the commodity has been conditioned to correct the infested condition, the supplemental certificate must show the same grade without the “infested” designation and the same grading factors and quantity as shown on the warehouse receipt.

(2)(i) When the warehouse receipt shows that the commodity contained excess moisture and the commodity has been dried or blended, the supplemental certificate must show the grade, grading factors, and quantity after drying or blending of the commodity. Such entries shall reflect a drying or blending shrinkage as provided in paragraph (g)(2)(iv) of this section.

(ii) When a supplemental certificate is issued under paragraphs (g)(1) and (g)(2)(i) of this section, the grade, grading factors and the quantity shown on such certificate shall supersede the entries for such items on the warehouse receipt.

(iii) If the commodity has been dried or blended to reduce the moisture content, the quantity specified on the warehouse receipt or the supplemental certificate shall represent the quantity after drying or blending.

(iv) For commodities dried or blended under paragraph (g)(2)(iii) of this section, such quantity shall reflect a minimum shrinkage in the receiving weight excluding dockage:

(A) For the following commodities, 1.3 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

(1) Barley: 14.5 percent;
(2) Corn: 15.5 percent;
(3) Grain sorghum: 14.0 percent;
(4) Oats: 14.0 percent;
(5) Rice: 14.0 percent;
(6) Soybeans: 14.0 percent;
(7) Wheat: 13.5 percent; and

(8) Peanuts: 10.0 percent.

(B) For the following commodities, 1.1 times the percentage difference between the moisture content of the commodity received and the following percentages for the specified commodity:

(1) Canola: 10.0 percent;
(2) Flaxseed: 9.0 percent;
(3) Mustard Seed: 10.0 percent;
(4) Rapeseed: 10.0 percent;
(5) Safflower Seed: 10.0 percent;
(6) Sunflower Seed: 10.0 percent;
(7) Crambe: 10.0 percent; and

(8) Sesame Seed: 10.0 percent.

(i) If, under paragraph (g) of this section, a supplemental certificate is issued in connection with a warehouse receipt, such certificate must state that no lien for processing will be asserted by the warehouse operator against CCC or any subsequent holder of such receipt.

(2) Warehouse receipts and the commodities represented by such receipts that are stored in an approved warehouse that is operating under a CCC storage agreement may be subject to a lien for warehouse charges as specified in the applicable storage agreement. For all commodities except peanuts, the producer who pledged such a receipt as collateral for a loan under this part shall pay to CCC all costs incurred by CCC as result of the existence of the lien. In no event shall a warehouse operator be entitled to satisfy such a lien by sale of the commodities when CCC is the holder of such receipt.

(j) Warehouse receipts representing commodities that have been shipped by rail or by barge, must be accompanied...
§ 1421.108 Transfers and reconcentrations.

(a) Upon request by the producer before transfer, the county committee may approve the transfer of a quantity of a commodity that is pledged as collateral for a farm-stored loan to a warehouse-stored loan at any time during the loan period.

(1) Liquidation of the farm-stored loan or part thereof shall be made through the pledge of warehouse receipts for the commodity placed under warehouse-stored loan and the immediate payment by the producer of the amount by which the warehouse-stored loan is less than the farm-stored loan or part thereof and charges plus interest. The loan quantity for the warehouse-stored loan cannot exceed 110 percent of the loan quantity transferred from the farm-stored loan.

(2) Any amounts due the producer shall be disbursed by the FSA county service center.

(b) Upon request by the producer before the transfer, the county committee may approve the transfer of a warehouse-stored loan or part thereof to a farm-stored loan at any time during the marketing assistance loan period. Quantities pledged as collateral for a farm-stored loan shall be based on a measurement or a calculation of average production of wool and mohair, such measurement or calculation to be made by a representative of the county office before approving the farm-stored loan. The producer must immediately repay the amount by which the farm-stored loan is less than the warehouse-stored loan and charges plus interest on the shortage. The maturity date of the farm-stored loan shall be the maturity date applicable to the warehouse-stored loan that was transferred.

(c) Upon the filing of the Reconcentration Agreement and Trust Receipt by the producer and warehouse operator, CCC may, during the marketing assistance loan period, approve the reconcentration in another CCC-approved warehouse for all or part of a commodity that is pledged as collateral for a warehouse-stored loan. Any such approval shall be subject to the terms and conditions in the Reconcentration Agreement and Trust Receipt. A producer may, before the new warehouse receipt is delivered to CCC, pay to CCC:

(1) The principal amount of the marketing assistance loan and charges plus interest and applicable charges; or

(2) If CCC so announces, an amount less than the principal amount of the marketing assistance loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the commodity pledged as collateral for such marketing assistance loan.

§ 1421.109 Personal liability of the producer.

(a) When a producer obtains a commodity marketing assistance loan, the producer agrees, in writing, not to:

(1) Provide an incorrect certification of the quantity or make any fraudulent or erroneous representation for the marketing assistance loan; or

(2) Remove or dispose of a quantity of commodity that is collateral for a CCC farm-stored loan without prior written approval from CCC.

(3) The violation of the terms and conditions of the note and security agreement, will cause harm or damage to CCC in that funds may be disbursed to the producer for a quantity of a commodity that is not actually in existence or for a quantity on which the producer is not eligible.

(b) Such violations as are referred to in paragraph (a)(3) of this section may include:

(1) Incorrect certification;

(2) Unauthorized removal; and

(3) Unauthorized disposition.

(c) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC for such violations. Accordingly, if the county committee determines that the producer has committed such violations, liquidated damages shall be assessed on the quantity of the commodity that is involved in the violation.

(d) Liquidated damages assessed in accordance with this section will be determined by multiplying the quantity involved in the violation by 10 percent...
of the marketing assistance loan rate applicable to the loan note.

(e) When it has been determined that a violation of the terms and conditions of the note and security agreement has occurred as a result of unauthorized removal or disposition, CCC will determine the quantity of the commodity involved in the violation and require the repayment of that portion of the marketing assistance loan which is commensurate to such quantity of the commodity. In the case of these violations, if CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages shall be assessed according to paragraph (d) of this section and the commodity involved in the violation must be redeemed at the lesser of:

(i) The rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement; or

(ii) The alternative repayment rate in effect on the date of the determination is issued by CCC that a violation has occurred, plus 15 percent of the original loan rate as provided on the note and security agreement.

(2) Did not act in good faith about the violation, liquidated damages shall be assessed in accordance with paragraph (d) of this section and administrative actions shall be taken in accordance with paragraph (h) of this section. The loan must be redeemed at the rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement.

(f) When it has been determined that a violation of the terms and conditions of the note and security agreement has occurred as result of an incorrect certification, CCC will determine the quantity of the commodity involved with respect to such violation and require the repayment of that portion of the marketing assistance loan which is commensurate to such quantity of the commodity. In the case of an incorrect certification, if CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages shall be assessed according to paragraph (d) of this section, and the commodity involved in the violation must be redeemed at the rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement.

(2) Did not act in good faith about the violation, liquidated damages shall be assessed in accordance with paragraph (d) of this section and administrative actions shall be taken in accordance with paragraph (h) of this section. The loan must be redeemed at the rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement.

(g) If the producer fails to pay such amount within 30 days from the date of notification of violations as provided in paragraphs (e)(1) and (f)(1) of this section, the producer must immediately repay the marketing assistance loan at the rate at which the loan was disbursed, plus interest and any other charges assessed under the note and security agreement.

(h) For violations subject to paragraphs (e)(2) and (f)(2) of this section, the producer must immediately repay the marketing assistance loan at the rate at which the loan was disbursed, plus interest, and any other charges assessed under the note and security agreement. If the loan has already been repaid, any market gain previously realized on the loan, plus interest, must be refunded to CCC.

(i) If the county committee determines that the producer has committed a violation, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances that caused the violation, to the county committee; and

(2) Administrative actions will be taken.

(j) If the loan is accelerated, the producer may not repay the loan at the lower alternative loan repayment rate and may not utilize commodity certificate exchanges, unless authorized by CCC.

(k) Producers rejected for a farm-stored loan under this section may apply for a warehouse-stored loan.
§ 1421.110 Repayments.

(a) CCC may allow a producer to repay a nonrecourse marketing assistance loan at a rate that is the lesser of:

(1) The loan rate and charges, plus interest determined for a crop; or

(2) The prevailing world market price, as determined by CCC, for rice or the alternative repayment rate for all other commodities, as determined by CCC.

(b) (1) On a form prescribed by CCC, a producer may request to lock in the applicable repayment rate for a period of:

(i) 60 calendar days; or

(ii) not less than 14 calendar days before the maturity date of the loan, but not both.

(2) The request to lock in the applicable repayment rate must be received in the FSA county service center that disbursed the loan.

(c) The repayment rate that is locked in is the rate in effect when the request to lock in is approved.

(d) The repayment rate may be locked in on outstanding farm-stored or warehouse-stored loans.

(e) The repayment rate that is locked in will expire the earlier of:

(i) 60 calendar days from date of approval, or;

(ii) 14 calendar days before loan maturity.

(f) The requests can only be completed one time for a designated quantity.

(g) The requests can be made in person or by facsimile.

(h) The requests cannot be canceled, terminated, or changed after approval.

(i) The locked-in applicable repayment rate will not transfer to any loan disbursed outside of the originating county where the commodity was stored.

(j) Once a repayment rate is locked in it cannot be extended.

(k) If a producer fails to repay a marketing assistance loan within the time prescribed by CCC under the terms and conditions of the request to lock in a market loan repayment rate, the producer may repay the loan:

(i) On or before maturity, at the lesser of:

(1) Principal plus interest as determined by CCC;

(2) The repayment rate in effect on the day the repayment is received in the FSA county service center.

(ii) After maturity at principal plus interest.

(l) When the proceeds of the sale of the commodity are needed to repay all or a part of a farm-stored loan, the producer must request and obtain prior written approval on a CCC approved form and comply with the terms and conditions of such form, to remove a specified quantity of the commodity.

from storage. Approval does not constitute release of CCC’s security interest in the commodity or release of producer liability for amounts due CCC for the marketing assistance loan indebtedness if payment in full is not received by the county office. Failure to repay a marketing assistance loan within the time period prescribed by CCC in the case of a farm-stored loan and delivery of the pledged collateral to a buyer, is a violation of the agreement. In the case of such violation, the producer must repay the loan principal and interest or another amount as determined by the Deputy Administrator, FSA, under §1421.109.

(e) The producer may obtain county committee approval of a release of all or part of pledged collateral for a warehouse-stored loan at or before the maturity of such loan by paying to CCC:

(1) The principal amount of the marketing assistance loan and charges plus interest, or

(2) An amount less than the principal amount of the marketing assistance loan and charges plus interest under the terms and conditions specified by CCC at the time the producer redeems the collateral for such loan.

(f) A partial release of marketing assistance loan collateral must cover all of the commodity represented by one warehouse receipt. Warehouse receipts redeemed by repayment of the marketing assistance loan shall be released only to the producer. However, such receipt may be released to persons designated in a written authorization that is filed with the county office by the producer within 15 days before the date of repayment.

(g) The note and security agreement shall not be released until the marketing assistance loan has been satisfied in full.

(h)(1) If the commodity is moved from storage without obtaining prior approval to move such commodity, such removal shall constitute unauthorized removal or disposition, as applicable under §1421.109(b), unless the removal occurred on a non-workday and the producer notified the county office on the next workday of such removal.

(2) Any loan quantities involved in a violation of §1421.109 must be repaid under §1421.109(e).

§ 1421.111 Commodity certificate exchanges.

(a) For any outstanding marketing assistance loan, a producer may purchase a commodity certificate and exchange that commodity certificate for the marketing assistance loan collateral.

(b) The exchange rate is the lesser of:

(1) The loan rate and charges, plus interest applicable to the loan;

(2) The prevailing world market price, as determined by CCC, for rice or the alternative repayment rate for all other commodities, as determined by CCC.

(c) Commodity certificate exchanges may not be used when locking in a repayment rate under §1421.110.

(d) Producers must request a commodity certificate exchange in person at the FSA county service center that disbursed the marketing assistance loan by:

(1) Completing a written request as CCC determines.

(2) Purchasing a commodity certificate for the exact amount required to exchange the marketing assistance loan collateral.

(3) Immediately exchanging the purchased commodity certificate for the outstanding loan collateral.

§ 1421.112 Loan settlement.

(a) The value of the settlement of marketing assistance loan shall be made by CCC on the following basis:

(1) For nonrecourse marketing assistance loans, the schedule of premiums and discounts for the commodity provided that:

(i) If, the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If, the value of the collateral at settlement is greater than the amount due, such excess shall be retained by CCC and CCC shall have no obligation to pay such amount to any party.

(2) For recourse marketing assistance loans, the proceeds from the sale of the commodity provided that:
(i) If, the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or

(ii) If, the proceeds received from the sale of the commodity are greater than the sum of the amount due, plus any cost incurred by CCC in conducting the sale of the commodity, the amount of such excess shall be paid to the producer or, if applicable, to a secured creditor of the producer.

(3) If CCC sells the commodity described in paragraph (a)(1) and (a)(2) of this section in settlement of the marketing assistance loan, the sales proceeds shall be applied to the amount owed CCC by the producer. The producer shall be responsible for any costs incurred by CCC in completing the sale and CCC will deduct the amount of these costs from the sales proceeds. If CCC sells any commodity obtained by delivery or forfeiture under a non-recourse marketing assistance loan, CCC will, in all instances, retain all proceeds obtained from the sale of the commodity and will not make any payment of any amount of such proceeds to any party, including the producer who had satisfied their obligation under the loan through forfeiture of the commodity to CCC.

(b) Settlements made by CCC for eligible commodities that are acquired by CCC and that are stored in an approved warehouse shall be made on the basis of the entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents.

(c) Settlements made by CCC for peanuts acquired by CCC and stored in an approved warehouse shall be based on the settlement value at the time of the loan disbursement and the entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents subject to adjustments for changes in quality and other factors.

(1) All eligible commodities that are stored in other than approved warehouses shall be delivered to CCC as CCC instructs. Settlement shall be based on entries in the applicable warehouse receipt, supplemental certificate, and accompanying documents.

(2) For eligible loan commodities that are delivered from other than an approved warehouse, settlement shall be made by CCC on the basis of the basic marketing assistance loan rate that is in effect for the commodity at the producer’s customary delivery point, as determined by CCC.

(d) In all cases, settlements may be adjusted for changes in quality and other factors affecting the value of the commodity.

§ 1421.113 Foreclosure.

(a)(1) Upon maturity and nonpayment of a warehouse-stored loan, title to the unredeemed collateral securing the marketing assistance loan shall immediately vest in CCC.

(b) If the total amount due on a farm-stored loan (the unpaid amount of the note plus charges, and interest) is not satisfied upon maturity, CCC may remove the commodity from storage, and assign, transfer, and deliver the commodity or documents evidencing title thereto when, how, and upon terms as CCC determines. Disposition may also be effected without removing the commodity from storage. The commodity may be processed before sale and CCC may become the purchaser of the whole or any part of the commodity at either a public or private sale.

(1) The value of settlement for a farm-stored commodity removed by CCC from storage and shall be as provided in §1421.112.

(2) If a deficiency exists after the collateral is sold, a claim for such deficiency will be established in accordance with part 1403 of this title.
§ 1421.114 Recourse marketing assistance loans.

(a) CCC shall make recourse marketing assistance loans available to eligible producers of high moisture corn, high moisture grain sorghum and other eligible loan commodities as determined by the Deputy Administrator, Farm Programs.

(b) Repayment must be paid in full on or before the loan maturity date.

(c) Recourse marketing assistance loan collateral may not be delivered or forfeited to CCC in satisfaction of the loan indebtedness.

Subpart C—Loan Deficiency Payments

SOURCE: 67 FR 63511, Oct. 11, 2002, unless otherwise noted.

§ 1421.200 Applicability.

(a) During the loan availability period, loan deficiency payments will be made available to eligible producers when the alternative repayment rate is less than the applicable county loan rate.

(b) To be eligible to receive loan deficiency payments a producer must:

(1) Comply with all marketing assistance loan eligibility including beneficial interest requirements.

(2) Agree to forgo obtaining such loan, if applicable; and

(3) File in person, by mail or electronically a request for payment on a form prescribed by CCC; and

(4) Otherwise comply with all program requirements.

(c)(1) A producer must submit a completed request for a loan deficiency payment agreement and request form on or before the date beneficial interest is lost in the commodity and before the final loan availability date for the commodity. Producers must, on a form prescribed by CCC, indicate their intentions, in which the producer also agrees to the terms and conditions of the loan deficiency payment program, to receive a loan deficiency payment and submit the prescribed form to the FSA Service Center on or before beneficial interest is lost in such quantity.

A producer may not obtain loan deficiency payment benefits, if the applicable form is not received in the FSA Service Center on or before beneficial interest is lost in the requested commodity.

(2) With respect to a request for a loan deficiency payment for unshorn pelts, a completed request for such a payment must be submitted on or before the earlier of the date of slaughter of the lamb or the loss of beneficial interest in the lamb or the unshorn pelt produced from the lamb. In addition, the lamb must have been owned for not less than 30 days prior to the date such application is filed with CCC and must have been slaughtered for personal use, or sold for slaughter and slaughtered within 10 calendar days after the sale.

(d) For unshorn pelts, the lamb must be owned for a period of not less than 30 days in advance of the application and sold for immediate slaughter or slaughtered for personal use. Producers must submit acceptable production evidence to CCC under §1421.12 at the time of request. Producers who do not sell lambs for immediate slaughter are ineligible for a loan deficiency payment.

§ 1421.201 Loan deficiency payment rate.

(a) The loan deficiency payment rate for a crop shall be the amount by which the loan rate for the crop exceeds the rate at which CCC has announced that producers may repay their loans under §1421.10.

(b) The loan deficiency payment rate will be:

(1) For 2005 and preceding crop years, for loan deficiency payment other than field direct loan deficiency payments, the rate in effect in the county where the commodity is stored as of the day the producer submits to the FSA county service center a completed request for payments;

(2) For 2005 and preceding crop years, for field direct loan deficiency payments, the rate in effect for the county in which the farm is administratively located for CCC program purposes as of the date the commodity was delivered.
§ 1421.202 Loan deficiency payment quantity.

(a) A loan deficiency payment may be based on 100 percent of the net eligible quantity specified on acceptable evidence of production of the commodity certified as eligible for loan deficiency payment if such production evidence is provided for such commodity under § 1421.12.

(b) Two or more producers may obtain a single joint loan deficiency payment for commodities that are stored in the same storage facility. Two or more producers may obtain individual loan deficiency payments for their share of the commodity that is stored commingled in a farm storage facility with commodities for which a loan deficiency payment has been requested and shall be liable for any damage incurred by CCC for incorrect certification of such commodities under § 1421.203.

(c) Two or more producers may obtain a single joint loan deficiency payment for commodities that are stored in an approved or unapproved warehouse if the acceptable documentation representing an eligible commodity for which a loan deficiency payment is requested is completed jointly for such producers.

§ 1421.203 Personal liability of the producer.

(a) When a producer requests a loan deficiency payment, the producer agrees:

(1) When signing the Loan Deficiency Payment Agreement and Request, as applicable, that the producer will not provide an incorrect certification of the quantity or make any fraudulent representation, that CCC will rely upon in determining a loan deficiency payment; and

(2) That violation of the terms and conditions of the loan deficiency payment request, as applicable, will cause harm or damage to CCC in that funds may be disbursed to the producer for a quantity of a commodity that is not actually in existence or for a quantity on which the producer is not eligible, if CCC determines that the producer has violated the terms and conditions of the applicable forms prescribed by CCC, liquidated damages shall be assessed on the quantity of the commodity that is involved in the violation.

(b) Liquidated damages assessed in accordance with this section will be determined by multiplying the quantity involved in the violation by 10 percent of the loan deficiency payment.

(c) If CCC determines that the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed in accordance with paragraph (b) of this section and the producer must repay the loan deficiency payment applicable to the loan deficiency quantity involved in the violation by 10 percent of the loan deficiency payment.

(2) That violation of the terms and conditions of the loan deficiency payment request, as applicable, will cause harm or damage to CCC in that funds may be disbursed to the producer for a quantity of a commodity that is not actually in existence or for a quantity on which the producer is not eligible, if CCC determines that the producer has violated the terms and conditions of the applicable forms prescribed by CCC, liquidated damages shall be assessed on the quantity of the commodity that is involved in the violation.

(3) If the producer fails to pay such amount within 30 days from the date of notification the producer must repay the entire loan deficiency payment and charges plus interest.
(2) Did not act in good faith when the violation was committed, liquidated damages will be assessed in accordance with paragraph (b) of this section and the producer shall repay the entire loan deficiency payment and charges plus interest.

(d) CCC may waive the liquidated damages taken applicable to paragraph (b) of this section if the CCC determines that the violation occurred inadvertently, accidentally, or unintentionally.

(e) If, for any violation to which paragraph (b) of this section applies, the county committee determines that CCC’s interest is not or will not be protected, the county committee shall:

(1) Call the producer’s farm-stored loans;

(2) Deny future farm-stored loans for the current and 2 following crop years;

(3) Deny loan deficiency payments for the current and 2 following crop years unless production evidence is presented to CCC. Depending on the severity of the violation, the county committee may deny future farm-stored loan and loan deficiency payments without production evidence.

(f) If the county committee determines that the producer has committed a violation, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances that caused the violation, to the county committee; and

(2) Administrative action will be taken under this section.

(g) If the amount disbursed under loan deficiency payments exceeds the amount authorized by this part, the producer shall be liable for repayment of such excess and charges, plus interest.

(h) In the case of joint loan deficiency payments, the personal liability for the amounts specified in this section shall be joint and several on the part of each producer signing the loan deficiency payment application.

(i) Any or all of the liquidated damages assessed under the provisions of paragraph (b) of this section may be waived as determined by CCC.

Subpart D—Grazing Payments for 2002–2007 Crop of Wheat, Barley, Oats and Triticale

§ 1421.300 Applicability.

(a) The regulations in this subpart are applicable to the 2002–2007 crops of eligible acreage planted to wheat, barley, oats or triticale that is grazed by livestock and not harvested in any other manner. This subpart sets forth the terms and conditions under which a grazing payment in lieu of a loan deficiency payment will be made by CCC.

(b) The form that is used in administering these payments is available in State and county FSA offices and shall be prescribed by CCC.

§ 1421.301 Administration.

(a) This subpart shall be administered by the Farm Service Agency (FSA) under the general direction and supervision of the Executive Vice President, CCC or designee. The program shall be carried out in the field by State and county FSA employees under the general direction and supervision of the State and county FSA committees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations in this part, as amended or supplemented.

(c) The State committee shall take any action required by this part which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, any action taken by such county committee which is not in accordance with the regulations of this part; or
§ 1421.302 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration under this subpart:

COC means the FSA county office committee.

CCC means the Commodity Credit Corporation.

Department means the United States Department of Agriculture.

Deputy Administrator means the Deputy Administrator for Farm Programs, Farm Service Agency (FSA) or a designee of that person.

FSA means the Farm Service Agency of the Department.

Secretary means the Secretary of the United States Department of Agriculture, or the Secretary’s delegate.

STC means the FSA State committee.

§ 1421.303 Eligible producer and eligible land.

(a) To be an eligible producer for a payment under this subpart, the person must be a producer of wheat, barley, oats, or triticale in the 2002 through 2007 crop years. Also, to be an eligible producer, the person must meet all other qualifications for payment that are set out in this subpart, set out in parts 12, 718, 1400, and 1405 of this title. A person will not be considered the producer of the crop unless that person was responsible for the planting of the crop and had the risk of loss in the crop at all times, including, at the time of planting and the time of the request for a payment under, this subpart.

(b) A minor may participate in the program if the right of majority has been conferred on the minor by court order or by statute, or if the minor participates through a guardian authorized to act on the minor’s behalf in these matters. Alternatively, a minor may participate if the program documents are all signed by an acceptable (to CCC) guarantor or if bond, acceptable to CCC, is provided by a surety.

(c) For the crop to be eligible, the crop, in addition to other standards that may apply, must be grown on land that is classified as “cropland” in FSA farm records or on land that FSA determines has been cropped in the last 3 years except that the land may also qualify if the land is committed to a crop rotation, normal for the locality, that includes harvesting the subject crop for grain. These rules are designed to assure, to the extent practicable, the available payment did not produce plantings that otherwise would not have occurred and the CCC may deny payments in any instance in which there is reason to believe that the planting was done for that purpose. To that end, if the commodity involved has not been previously grown by the producer or is not one which is not predominately produced locally, the producer must submit evidence of seed purchases for planting the commodities and other evidence deemed needed or appropriate by the COC in order to assure that the program goals are made and that the land was not planted to an eligible commodity simply to obtain a payment. Also, the land to be eligible must, for the year involved, be grazed and cannot, during the crop year, be harvested at any time for any purpose, except as determined by the Deputy Administrator to accommodate producers with a history of double-cropping when the crop to be harvested is not the crop for which a payment is
Commodity Credit Corporation, USDA

§ 1421.305

Payment amount.

(a) The grazing payment rate shall be the loan deficiency payment in effect for the farm on the date which the producer submits a complete program application to CCC. For triticale, the loan deficiency payment rate will be equal to the rate for the predominant class of wheat in the county where the farm is located in effect as of the date of the application is filed.

(b) The payable units of production shall be computed by multiplying the eligible grazed acres by the applicable yield determined under paragraph (c) of this section.

(c) The payment yield shall be the yield in effect for the calculation of direct payments under part 1412 of this chapter. In a case of a farm for which a farm program payment yield is unavailable for a covered commodity, an appropriate payment yield for the covered commodity on the farm will be determined by CCC taking into consideration the farm program payment yields applicable to the commodity using three (3) similar farms. For triticale, the payment yield shall be the yield for wheat from three (3) similar farms in that county.

§ 1421.305

Payment amount.

(a) The grazing payment rate shall be the loan deficiency payment in effect for the farm on the date which the producer submits a complete program application to CCC. For triticale, the loan deficiency payment rate will be equal to the rate for the predominant class of wheat in the county where the farm is located in effect as of the date of the application is filed.

(b) The payable units of production shall be computed by multiplying the eligible grazed acres by the applicable yield determined under paragraph (c) of this section.

(c) The payment yield shall be the yield in effect for the calculation of direct payments under part 1412 of this chapter. In a case of a farm for which a farm program payment yield is unavailable for a covered commodity, an appropriate payment yield for the covered commodity on the farm will be determined by CCC taking into consideration the farm program payment yields applicable to the commodity using three (3) similar farms. For triticale, the payment yield shall be the yield for wheat from three (3) similar farms in that county.
§ 1421.306 Misrepresentation and scheme or device.

(a) A producer shall be ineligible to receive payments under this subpart if it is determined by DAFP, the State committee, or the county committee to have:

(1) Adopted any scheme or device which tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this subpart to a producer engaged in a misrepresentation, scheme, or device, or to any other person as a result of the producer’s actions, shall be refunded with interest together with such other sums as may become due. Any producer engaged in acts prohibited by this section and any person receiving payment under this subpart, as a result of such acts, shall be jointly and severally liable for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

§ 1421.307 Refunds; joint and several liability.

(a) In the event there is a failure to comply with any term, requirement, or condition for payment arising under this application, or this subpart, and if any refund of a payment to CCC shall become due for that or other reason in connection with the application, or this subpart, all payments made under this subpart to any producer shall be refunded to CCC together with interest as determined in accordance with paragraph (c) of this section and late-payments charges as provided for in part 1402 of this chapter.

(b) All persons listed on an application shall be jointly and severally liable for any refund due in connection with that application and for any related charges which may be determined to be due for any reason.

(c) Interest shall be applicable to refunds required of the producer. Such interest shall be charged at the rate of interest which the United States Treasury charges CCC for funds, as of the date CCC made such benefits available. Such interest shall accrue from the date such benefits were made available to the date of repayment but the interest rate shall increase to reflect any increase in the rate charged to CCC by Treasury for any percent of time for which the interest assessment is collected. CCC may waive the accrual of interest if CCC determines
that the cause of the erroneous determination was not due to any action of the producer.

(d) Late payment interest shall be assessed on refunds in accordance with the provisions of, and subject to the rates in 7 CFR part 1403.

(e) Producers must refund to CCC any excess payments made by CCC with respect to any application in which they have an interest. Such refund shall be subject to interest at the same rate that applies to other refunds.

Drawdown account is an account titled to the DMA at a financial institution and funded at the discretion of CCC for the purpose of allowing the DMA to advance funds to producers who have applied for MAL’s and LDP’s before a subsequent MAL or LDP is made to the DMA by an assigned FSA county office.

§ 1421.402 DMA responsibilities.

(a) DMA’s are eligible to process the marketing loans and loan deficiency payments provided for in this part only for peanut producers and only if the DMA and the producers and peanuts meet all eligibility criteria set out in this part, including, but not limited to, the DMA eligibility provisions of this subpart. In carrying out those functions, DMA’s must:

(1) Prepare and execute the appropriate CCC peanut MAL and LDP application documents;

(2) Determine whether producers and the commodity are eligible for MAL’s and LDP’s, including whether the otherwise eligible peanuts are free and clear of all liens which DMA’s shall determine by performing lien searches at DMA’s expense;

(3) Instruct the holder of EWR’s, if applicable, to notify the EWR provider to amend the EWR to show CCC is the holder;

(4) Receive MAL and LDP documents from a DMA Service County Office;

(5) Disburse peanut MAL’s and LDP proceeds to eligible producers;

(6) Prepare and execute documents for MAL repayments;

(7) Collect loan repayments from producers or buyers and transmitting these funds to CCC;

(8) Transmit documents to render forfeited collateral to CCC; and

(3) The DMA is not controlled directly or indirectly by a person or entity that acquires peanuts for processing or crushing through a business involved in buying and selling peanuts or peanut products;

(4) The DMA does not take title at any time to any peanuts for which it processes loans or loan deficiency payments, irrespective of whether such title is taken before or after those activities are performed. If such title or interest is taken, the DMA shall be responsible to return to CCC the full amount of the CCC proceeds disbursed with respect to the peanuts; and

(5) The DMA meets any additional requirements imposed by CCC or FSA.

(b) The DMA’s activities under this part shall be conducted only with respect to peanuts and only for producers and peanuts that meet all the eligibility requirements of this part. Such requirements include, but are not limited to, the requirement of § 1421.6 that the producer must have the beneficial interest in the peanuts while the peanuts are under loan or when the loan deficiency payment is received and must be the only person that has had such an interest in the peanuts prior to that time except as allowed by § 1421.6.

§ 1421.404 DMA approval.

(a) Entities wishing to apply to be a DMA enabled to perform loan and loan deficiency functions under this part for peanuts must submit an application for

§ 1421.406 Liability.

(a) DMA’s shall indemnify CCC against any claim or loss by CCC in connection with the processing of any MAL’s or LDP’s or other activity carried out by the DMA. If CCC pays any claim or suffers a loss as a result of the actions of DMA, or if a refund otherwise becomes due to CCC, payment in

(b) If a DMA becomes liable to CCC under paragraph (a) of this section or otherwise in connection with this subpart, such DMA shall not be eligible to process a LDP or MAL until the claim amount owed CCC is paid in full, and the full amount of financial security required by this subpart has been restored.

§ 1421.407 Reporting requirements.

1. A change in its articles of incorporation;

2. A resolution affecting loan or LDP operations.

(b) Other Information. The DMA shall supply such additional information as CCC may request related to the DMA’s continued approval by CCC to process loans and LDP’s under the authority provided in this subpart.

(c) CCC request for information. CCC may require a DMA to submit updated information, a new application, or a request for recertification whenever CCC becomes aware of any changes or has any reason to be uncertain that the DMA is operating in a manner that is consistent with the information already submitted, or consistent with this part.

(d) Annual recertification. Within 4 months after the end of the DMA’s fiscal year, a DMA must submit the following information to CCC:
§ 1421.408 Suspension and termination.

(a) Suspension. If CCC determines that a DMA is not in compliance with the DMA agreement CCC may suspend the DMA from making peanut MAL’s and LDP’s until the DMA corrects the violation, or longer.

(b) Termination. The DMA agreement may be terminated by the DMA upon 30-day’s written notice to CCC. CCC may cancel the agreement at any time. Upon termination DMA shall immediately cease processing MAL or LDP requests and documents except as needed to preserve CCC’s position with respect to existing loans or LDP’s.

§ 1421.409 Prohibited activity.

(a) DMA’s approved to handle loans under this subpart may not:

(1) Discriminate against or deny any producer from receiving MAL’s or LDP’s because of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, or marital or family status for which they would otherwise be eligible under the statutes regulating the MAL and LDP program.

(2) Pool peanuts for the purpose of obtaining peanut MAL’s or LDP’s from CCC.

(3) Pool the proceeds obtained from peanut MAL’s or LDP’s made by CCC.

(4) Process farm-stored certified or measured MAL’s or LDP’s unless authorized by CCC.

(5) Take title to any peanuts.

(6) Operate the DMA under the same entity and tax identification number of a CCC-approved CMA.

(7) Refuse services to producers because the DMA was not granted a power of attorney for purposes of executing MAL documents to obtain MAL’s for the producer, repaying the MAL for the producer, obtaining LDP’s for the producer, or marketing the producer’s peanuts.

(8) Adopt any scheme or device to circumvent the purpose of the peanuts MAL and LDP program regulations, the regulation governing DMA’s, or the DMA’s agreement with CCC.

(9) Process MAL’s or LDP’s for producers involved in a bankruptcy proceeding unless authorized by CCC.

(10) Process MAL’s or LDP’s on ineligible peanuts.

(b) If the prohibitions of this section are violated FSA or CCC may take one or more of the actions authorized in this part or otherwise authorized.

§ 1421.410 Monitoring payment limitations.

DMA’s shall monitor potential gains for producers and not disburse proceeds or permit loan repayments in lieu of forfeitures of the peanuts that would produce a gain over the per person per year limit allowed to the producer by this part and part 1400 of this chapter or which would otherwise be prohibited.

§ 1421.411 Recordkeeping requirements.

A DMA shall maintain producer MAL and LDP paper documents and electronic records for an indefinite period unless otherwise notified by CCC.

§ 1421.412 Forms.

For purposes of conducting business related to this part, a DMA shall use either current CCC forms or other forms approved by CCC. A DMA may perform functions under this part only when approval has been obtained by CCC.
Commodity Credit Corporation, USDA

§ 1421.413 Powers of attorney.

DMA's may hold a power of attorney from a producer allowing the DMA to sign MAL and LDP documents for the producer, but DMA's may obtain and hold such powers only in accordance with the requirements of CCC governing such powers.

§ 1421.414 Liens and waivers.

DMA's performing loan-related functions pursuant to the authority in this subpart shall determine, to the same extent as required for loans handled by FSA county offices, whether a lien on the peanuts exists by performing or obtaining a lien search for all peanuts to be pledged for each MAL, except that the cost associated with such lien search and any necessary lien waivers shall be borne by the DMA. If a lien exists, the DMA shall obtain, on an approved CCC form, a signed waiver from each lienholder with an interest in any such lien.

§ 1421.415 Producer request to a DMA for an MAL or LDP.

Peanut producers or their authorized agent may request that an MAL or LDP be processed by a DMA only if the DMA is approved under this subpart to process such a request and only if the producer supplies to the DMA:

(a) Beneficial interest information. Beneficial interest must be maintained by the producer according to §1421.6 for the peanuts to be eligible for MAL or LDP; accordingly, the producer must supply to the DMA such information as it needed to make that determination.

(b) Warehouse receipts and lien information. Producers must supply for all peanuts either individual paper warehouse receipts in the producer’s name or an electronic warehouse receipt (EWR) number and provider’s name. Producers must supply relevant lien information regarding the peanuts; however, the producer’s obligation in this regard does not relieve the DMA from making the appropriate lien search.

§ 1421.416 Processing marketing assistance loans.

DMA’s shall take the following actions in the following order when an application for an MAL is filed:

(a) Make all the determinations that are a precondition for a loan, including lien determinations and if requested by the producer, enter into a power of attorney agreement with the producer.

(b) If there is an EWR for the peanuts, instruct the current holder to notify the electronic warehouse receipt provider to amend the electronic warehouse receipt to show the DMA as holder. If a paper receipt is involved, the DMA must obtain the receipt (and later, at the appropriate time include the receipt in the documents delivered to the CCC).

(c) Complete all MAL forms.

(d) After the producer or the person holding the power of attorney for the producer signs MAL document, provide the signatory with copies of the documents.

(e) Where there is an EWR for the peanuts notify the EWR provider to make CCC the holder of the EWR and secure an affirmation verifying that CCC has been made the holder of the EWR.

§ 1421.417 Processing loan deficiency payments.

(a) DMA’s shall take the following actions in the following order when an application for an LDP is filed:

(1) In addition to other determinations as must be made, the DMA shall determined whether the producer has sufficient remaining eligibility under the applicable payment limit to allow the receipt of the LDP. If there is not sufficient eligibility, the DMA must refuse to process the request;

(2) IF EWR’s are applicable for the peanuts notify the EWR provider to amend the EWR to show that the peanuts were used to obtain an LDP;

(3) The DMA must insure that the producer or the person holding the power of attorney for the producer signs the LDP documents; and

(4) If the peanuts and the producer are eligible for the loan and all other conditions have been met, the DMA may disburse funds to the producer subject to the time limits set out elsewhere in this part.

(b) The LDP rate applicable to the LDP request will be the rate in effect

523
on the date the DMA receives the request except as may otherwise be provided for in this part.

§ 1421.418 Disbursing MAL and LDP proceeds.
(a) A DMA may request that CCC establish a drawdown account from which to disburse MAL and LDP amounts to producers, and designate the financial institution they wish to use.
(b) CCC will determine whether a drawdown account is justified and the amount of the account.
(c) If there is no drawdown account, MAL and LDP proceeds shall be distributed to the producer within 3 work days from the date the DMA receives MAL or LDP proceeds from CCC, after deduction of authorized charges or fees for services. If there is a drawdown account, the MAL and LDP proceeds shall be distributed to the producer within 3 days of the completion of the application.
(d) The DMA shall assess charges and fees at the same rate for each producer that it serves.
(e) If a drawdown account is used, CCC shall replenish the amount as necessary as it is drawn down.
(f) The DMA must notify CCC of the actual date on which the MAL is disbursed.

§ 1421.419 Date storage credit begins on DMA-handled loans.
Storage credit in favor of a producer with respect to peanuts on a DMA-handled loan will begin on the date on which DMA disburses the MAL to the producer and not before.

§ 1421.420 Submitting MAL and LDP documentation to FSA.
(a) Until such time as an alternative FSA loan or LDP making system is made available to DMA’s, within 3 business days of any DMA prepared disbursement, the DMA shall group separately and submit to FSA:
(1) MAL’s with the same disbursement date, peanut type, warehouse code, and State where peanuts were inspected; and
(2) LDP’s with the same LDP rate, approval date, and peanut type.
(b) Each of the groups identified in paragraph (a) of this section shall be submitted to FSA with the following documents:
(1) Individual paper warehouse receipts or EWR numbers, and the EWR provider’s name representing the bundled MAL’s or LDP’s.
(2) A form to itemize receipts, and other data, as required, or a pre-processed electronic file containing data required by FSA.
(c) FSA may process each DMA prepared MAL or LDP group for the volume of peanuts on multiple receipts as one MAL or LDP, waive the service fee to the DMA, and either hold MAL paper warehouse receipts, or verify that CCC is holder of the EWR’s as of the date of disbursement.
(d) In the case of an MAL, if CCC was not the holder of the EWR on or before the date the DMA prepared MAL was disbursed, the applicable receipts shall be rejected, and funds shall not be distributed to the DMA drawdown account until CCC becomes the holder of the EWR.
(e) If MAL and LDP documentation is acceptable, FSA will disburse MAL or LDP funds to the DMA, with appropriate supporting documentation.

§ 1421.421 MAL or LDP servicing.
(a) The DMA shall be responsible for servicing MAL’s and are required to take the following actions:
(1) Send the producer a maturity notice letter before MAL maturity.
(2) Maintain the MAL or LDP documents according to FSA requirements.
(3) Transmit the necessary funds to repay the MAL to FSA.
(b) FSA shall process the CCC release of paper receipts of EWR’s where such a release is appropriate.

§ 1421.422 Inspections and reviews.
The books, documents, papers, and records of the DMA and parent company shall be maintained for six years after the applicable crop year and shall be made available to CCC for inspection and examination at all reasonable times. At any time after an application is received, CCC shall have the right to examine all books, documents, papers, and determine whether the DMA is operating or has operated in accordance.
Commodity Credit Corporation, USDA

with the regulations in this part, any articles of incorporation, articles of association, partnership documents, agreements with producers, the representations made by the DMA in its application for approval, and, where applicable, its agreements with CCC. If the DMA is determined to be not complying with this part or any of its agreements, CCC will take appropriate action as provided in elsewhere in this subpart or other action CCC determines appropriate.

§ 1421.423 Appeals.

Parts 11 and 780 of this title apply to this subpart.

Subpart F—Standards for Approval of Warehouses for Grain, and Similarly Handled Commodities

§ 1421.5551 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the initial or continuing approval by the Commodity Credit Corporation (hereinafter referred to as “CCC”) of warehouse(s) for the storage and handling of:

1. Wheat, oats, corn, rye, barley, sorghums, flaxseed, soybeans, sunflower seed, canola, rapeseed, safflower, mustard, and such other oilseeds as the Secretary may determine under a Uniform Grain Storage Agreement (which commodities are hereinafter referred to as “grain”),

2. Rough rice under a Uniform Rice Storage Agreement,

3. Milled rice under a Milled Rice Storage Agreement,

4. Dry Edible Beans under a Bean Storage Agreement, and

5. Seed under a Seed Storage Agreement, which are owned by CCC or held by CCC as security for price support loans.

This subpart is not applicable to grain, rough and milled rice, dry edible beans, and seed purchased in store for prompt shipment or to handling operations of a temporary nature.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the “KCCO”).

(c) A warehouse must be approved by KCCO and a storage contract or agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage contract or agreement does not constitute a commitment that CCC will use the warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman, when applying for approval under this subpart, shall submit to CCC at KCCO:

1. A completed Form CCC-24, “Application for Approval of Warehouse for Grain, Rice, Dry Edible Beans, and Seed”, and a completed Form CCC-24-1, “Supplement to Application for Approval of Warehouse for Grain, Rice, Dry Edible Beans, and Seed”,

2. A current financial statement prepared in accordance with generally accepted accounting principles meeting the following requirements:

   (i) Each financial statement shall include, but not be limited to the following:

      (A) A balance sheet;

      (B) A statement of income (profit and loss);

      (C) Statement of retained earnings; and

      (D) A statement of changes in the financial position.

   (ii) Each financial statement shall be accompanied by one of the following:

      (A) A report of audit or review conducted by an independent CPA or an independent public accountant in accordance with standards established by the American Institute of Certified Public Accountants. The accountant’s report of audit or review shall include
§ 1421.5552 Basic standards.

Unless otherwise provided in this subpart, each warehouseman and each of the warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or handling of CCC owned or loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman, if a corporation, shall be authorized by its charter to engage in such business,

(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations,

(3) Have a net worth which is the greater of $50,000 or an amount which is computed by multiplying the maximum storage capacity of the warehouse (the total quantity of the commodity which the warehouseman desires to store and which the warehouse can accommodate when stored in the customary manner) under the approved contract with CCC times twenty-five (25) cents per bushel in the case of grain, fifty (50) cents per hundredweight in the case of seed, the warehouseman shall be at least equal to an amount which is computed by multiplying the estimated number of pounds of seed to be stored times seven (7) cents per pound. If this calculated net worth requirement exceeds $50,000, the warehouseman may satisfy any deficiency in net worth between the $50,000

(4) Be licensed by the appropriate licensing authority as required under §1421.5552(a)(2) and such other documents or information as CCC may require.

(b) The provisions of paragraph (d)(2) of this section shall also be applicable to warehousemen who have an existing storage contract with CCC. Such warehousemen, with existing storage contracts shall submit their financial statements to CCC in the manner prescribed reflecting their financial condition as of the close of the warehouseman’s fiscal or calendar year’s operation, whichever is applicable. The accountant’s certifications, assurances, opinions, comments, and notes with respect to such financial statement, or

(B) A compilation report of the financial statement which is prepared by a grain commission firm or a management firm if such firm has been authorized by the Deputy Vice President, CCC (Deputy Administrator, Commodity Operations, FSA) to provide a compilation report of financial statements of warehousemen.

(iii) All financial statements shall be accompanied by a certification by the chief executive officer of the warehouseman, under penalty of perjury, that the financial statement(s) accurately reflects the financial condition of the warehouseman for the period specified in such statement.

(iv) A current financial statement on Form WA–51–2, “Financial Statement”, supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA–51–2 with approval of the Director, KCCO, or the Director’s designee.

(v) Only one financial statement is required for a chain of warehouses owned or operated by a single business entity. If approved by the Director, KCCO, or the Director’s designee, the financial statement of a parent company, which includes the financial position of a wholly-owned subsidiary, may be used to meet the CCC standards for approval for the wholly-owned subsidiary.

(3) Evidence that the warehouseman is licensed by the appropriate licensing authority as required under §1421.5552(a)(2) and such other documentation or information as CCC may require.

(e) The provisions of paragraph (d)(2) of this section shall also be applicable to warehousemen who have an existing storage contract with CCC. Such warehousemen, with existing storage contracts shall submit their financial statements to CCC in the manner prescribed reflecting their financial condition as of the close of the warehouseman’s fiscal or calendar year’s operation, whichever is applicable.

The accountant’s certifications and the audit, review or compilation reports shall be furnished annually to reflect the warehouseman’s fiscal or calendar year’s operation, whichever is applicable, and at such other times as may be required by the AMS or CCC.

§ 1421.5553 Bonding requirements for net worth.

A bond furnished by a warehouseman under this subpart must meet the following requirements:

(a) Such bond shall be executed by a surety which:

(1) Has been approved by the U.S. Treasury Department, and

(2) Maintains an officer or representative authorized to accept service of legal process in the State where the warehouse is located.

(b) Such bond shall be on Form CCC-33, "Warehouseman's Bond", except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:

(1) CCC determines that such bond provides adequate protection to CCC,

(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and

(3) It is noncancellable for not less than ninety (90) days or includes a rider providing for not less than ninety (90) days' notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficient bond coverage on other warehouses.

(c) Cash and negotiable securities offered by a warehouseman may be accepted by CCC in lieu of the equivalent amount of required bond coverage. Any such cash or negotiable securities accepted by CCC will be returned to the

§ 1421.5554 Examination of warehouses.

Except as otherwise provided in this subpart, a warehouse must be examined by a person designated by CCC before it may be approved by CCC for the storage or handling of commodities and periodically thereafter to determine its compliance with CCC's standards and requirements.

§ 1421.5555 Exceptions.

Notwithstanding any other provisions of this subpart:

(a) The financial, bond, and original and periodic warehouse examination provisions of this subpart do not apply to any warehouseman approved or applying for approval for the storage and handling of commodities under CCC programs if the warehouse is licensed under the U.S. Warehouse Act for such commodities but a special examination shall be made of such warehouse whenever CCC determines such action is necessary.

(b) A warehouseman who has a net worth of at least $50,000 but who fails or whose warehouse fails to meet one or more of the other standards of this subpart may be approved if:

(1) CCC determines that the warehouse services are needed and the warehouse storage and handling conditions provide satisfactory protection for the commodity, and

(2) The warehouseman furnishes such additional bond coverage (or cash or acceptable negotiable securities or legal liability insurance policy) as may be prescribed by CCC.

§ 1421.5556 Approval of warehouses, requests for reconsideration.

(a) CCC will approve a warehouse if it determines that the warehouse meets the standards set forth in this subpart. CCC will send a notice of approval to the warehouseman. Approval under this subpart, however, does not relieve the warehouseman of the responsibility for performing the warehouseman's obligations under any agreement with CCC or any other agency of the United States.

(b) Except as otherwise provided in this subpart:

(1) CCC will not approve the warehouse if CCC determines that the warehouse does not meet the standards set forth in this subpart, and

(2) CCC will send any notice of rejection of approval to the warehouseman. The notice will state the cause(s) for such action. Unless the warehouseman or any officials or supervisory employees of the warehouseman are suspended or debarred, CCC will approve the warehouse if the warehouseman establishes that the causes for CCC's rejection of approval have been remedied.

(c) If rejection of approval by CCC is due to the warehouseman's failure to meet the standards set forth:

(1) In §1421.5552, other than the standard set forth in paragraph (c)(2) thereof, the warehouseman may, at any time after receiving notice of such action, request reconsideration of the action and present to the Director, KCCO, in writing, information in support of such request. The Director shall consider such information in making a
Commodity Credit Corporation, USDA § 1421.5559

(2) In § 1421.5552(c)(2), the warehouseman’s administrative appeal rights with respect to suspension and debarment shall be in accordance with applicable CCC regulations. After expiration of a period of suspension or debarment, a warehouseman may, at any time, apply for approval under this subpart.

§ 1421.5557 Exemption from requirements.

If warehousing services in any area cannot be secured under the provisions of the subpart and no reasonable and economic alternative is available for securing such services for commodities under CCC programs, the President or Executive Vice President, CCC, may temporarily exempt, in writing, applicants for storage agreements and warehousemen who are currently under contract with CCC in such area from one or more of the standards of this subpart and may establish such other standards as are considered necessary to satisfactorily safeguard the interests of CCC.

§ 1421.5558 Contract and application and inspection fees.

(a) Each warehouseman who has a non-federally licensed grain or rice warehouse in States that do not have a Cooperative Agreement with CCC for warehouse examinations must pay an annual contract fee to CCC for each such warehouse which is approved by CCC or for which CCC approval is sought as follows:

(1) A warehouseman who has an existing agreement with CCC for the storage or handling of CCC-owned commodities or commodities pledged to CCC as loan collateral must pay an annual contract fee for each warehouse approved under that agreement in advance of the renewal date of such agreement.

(2) All grain and rice warehousemen who do not have an existing agreement with CCC for the storage and handling of CCC-owned commodities or commodities pledged to CCC as loan collateral but who desire such an agreement must pay an application and inspection fee for each warehouse for which CCC approval is sought prior to CCC conducting the original warehouse examination. The annual contract fee must be paid by the warehouseman to CCC prior to the time that the agreement is entered into.

(3) The contract fee will be prorated based on the total number of months for which the contract is to be effective.

(b) Any subsequent changes in the contract and application fees shall be announced in the FEDERAL REGISTER.

§ 1421.5559 OMB control numbers assigned pursuant to Paperwork Reduction Act.

The information collection requirements contained in this regulation (7 CFR part 1421) have been approved by the Office of Management and Budget under provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Numbers 0560–0009 and 0560–0036.

§ 1423.1 Applicability.
(a) This part sets forth the terms and conditions for approval of a warehouse operator by the Commodity Credit Corporation (CCC) to store and handle CCC interest commodities, which are owned by CCC and, as may be required under parts 1421, 1427 and 1435 of this title, with respect to commodities pledged as security for a loan made by CCC. CCC may require that a warehouse enter into a storage agreement under this part to store such commodities. The execution of such a storage agreement by CCC does not constitute a commitment that CCC will use the warehouse.
(b) By entering into a storage agreement with CCC, the warehouse operator agrees to comply with the terms and conditions of the storage agreement.

§ 1423.2 Administration.
On behalf of CCC, the Farm Service Agency (FSA) will administer this part under the supervision of the Deputy Administrator for Commodity Operations (Deputy Administrator), FSA.

§ 1423.3 Definitions.
Agreement means agreements covering storage and handling of any such commodity CCC may determine appropriate for storage.
KCCO means the FSA, Kansas City Commodity Office.
Warehouse means a building, structure, or other protected enclosure, in good state of repair, and adequately equipped to receive, handle, store, preserve, and deliver the applicable commodity.
Warehouse operator means an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity.

§ 1423.4 General requirements.
(a) Unless otherwise provided in this part, approved warehouse operators must maintain a current and valid license for the kind of storage operation for which the warehouse operator seeks approval if such a license is required by State or local laws or regulations and maintain accurate and complete inventory and operating records.
(b) Approved warehouse operators may only use pre-numbered warehouse receipts, or pre-assigned ranges of numbers for electronic warehouse receipts as set forth in the agreement, and may only use pre-numbered scale tickets, if applicable, as CCC may approve.
(c) In addition, the warehouse operator must:
   (1) Be in compliance with state and local laws regarding fire safety;
   (2) Furnish a copy of any written lease agreement to CCC with the application. All leases are subject to CCC approval; and
   (3) Have sufficient employees and management with technical qualifications and skills in the warehousing business regarding the commodities subject to the agreement.
(d) Unless otherwise provided in this part, each approved warehouse shall:
   (1) Be maintained under the control of the warehouse operator;
   (2) Be maintained in a good state of repair; and
   (3) Maintain adequate equipment to receive, handle, store, preserve and deliver the applicable commodity.
§ 1423.5 Application requirements.

To apply for approval under this part, a warehouse operator shall submit to CCC the following:

(a) An application as prescribed by CCC for the applicable commodity storage agreement;

(b) Evidence of compliance with § 1423.4;

(c) Current financial information sufficient to meet the requirements of § 1423.6;

(d) For State licensed or non-licensed warehouse operators, a sample copy of the warehouse operator's warehouse receipts or electronic warehouse receipt record descriptor when applicable; and

(e) Such other documents or information as CCC may require to make a determination that the warehouse operator can comply with the provisions of this part.

§ 1423.6 Financial information documentation requirements.

To be approved under this part, a warehouse operator shall submit a current financial statement at the time of application, and annually thereafter, as provided for in the applicable storage agreement.

§ 1423.7 Net worth alternatives.

Warehouse operators with net worth equal to or greater than the minimum net worth required, but less than the total net worth for the commodity involved in the particular agreement, may satisfy the net worth deficiency by furnishing one of the following:

(a) A bond which:

(1) Is executed by a surety approved by the U.S. Department of the Treasury so long as the surety maintains someone authorized to accept service of legal process in the State where the warehouse is located.

(2) Is executed on either a bond form obtained from CCC, or which is furnished under State law or operational rules for non-governmental supervisory agencies, if approved by CCC, so long as CCC determines that such alternative bond:

(i) Provides adequate protection to CCC;

(ii) Has been executed by a surety approved by the U.S. Department of the Treasury or has an acceptable blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond; and

(iii) Is effective for at least 1 year and cannot be canceled without 120 days notice to CCC. Excess coverage on a bond for one warehouse will not be accepted by CCC against insufficient bond coverage on other warehouses;

(b) Cash and negotiable securities. Any such cash or negotiable securities accepted by CCC will be returned to the warehouse operator when the period for which coverage was required has ended and CCC determines there is no liability under the storage agreement;

(c) An irrevocable letter of credit meeting CCC requirements that is effective for at least 1 year and cannot be canceled without 120 days notice to CCC. The issuing bank must be a commercial bank insured by the Federal Deposit Insurance Corporation or a financial institution subject to the Farm Credit Act, or

(d) Other alternative instruments and forms of financial assurance as the Deputy Administrator determines appropriate to secure the warehouse operator's compliance with this section.

§ 1423.8 Approval or rejection.

(a) CCC will notify warehouse operators approved under this part in writing. Such approval does not relieve the warehouse operator of any obligation under any agreement to CCC or any other agency of the United States, and does not obligate CCC to use the warehouse.

(b) CCC will notify the warehouse operator of rejection under this part in writing. The notification will state the cause(s) for rejection. CCC will reconsider a warehouse for approval when the warehouse operator establishes that the reasons for rejection have been remedied or requests reconsideration of the action and presents to the Director, KCCO, in writing, information in support of such request. The warehouse operator may, if dissatisfied with the Director's determination, obtain a review of the determination and an informal hearing by submitting a
§ 1423.9 Examination of warehouses.

Before approval, and while a storage agreement is in effect, a warehouse must be examined by a person designated by CCC periodically to determine compliance with this part. CCC or any other agency of USDA shall, at any time, have the right to inspect the warehouse storage facilities and any applicable records. Inspection or examination by CCC does not absolve the warehouse operator of any failure to comply with this part that CCC does not discover. Failure to allow access to facilities as required under this paragraph will result in rejection or revocation of approval.

§ 1423.10 Exceptions for United States Warehouse Act licensed warehouses.

The financial requirements, net worth alternatives and examination provisions of this part do not apply if the warehouse operator is licensed under the U.S. Warehouse Act (USWA) for such commodities, but an examination under this part will be made of such a warehouse whenever CCC determines such action is necessary to protect its interests.

§ 1423.11 Delivery and shipping standards for cotton warehouses.

(a) Unless prevented from doing so by severe weather conditions, fire, explosion, flood, earthquake, insurrection, riot, strike, labor dispute, acts of civil or military authority, non-availability of transportation facilities or any cause beyond the control of the warehouse operator that renders performance impossible, the warehouse operator will:

1. Deliver stored cotton without unnecessary delay.

2. Be considered to have delivered cotton without unnecessary delay if, for the week in question, the warehouse operator has made available for shipment at least 4.5 percent of their applicable storage capacity in effect during the relevant week of shipment.

(b) The warehouse operator shall provide a written report to CCC on a weekly basis. The reporting week shall be the seven day period starting at midnight following the close of business on each Saturday and ending at midnight after close of business of the following Saturday. Before close of business of the first business day of the following week, the warehouse operator will provide following information to CCC:

1. Bales made available for shipment (BMAS) during such week. BMAS is defined as any cotton bales that:

   i. Have been delivered, or are scheduled and ready for delivery during such week; and

   ii. Were scheduled and ready for delivery in a previous week, but were not picked up by the shipper and remain available for immediate loading and another shipping date has not been established, or such bales are not subject to a restocking fee as provided in the warehouse operator's public tariff.

2. Active shipping orders, by week; and

3. Applicable storage capacity that is the higher of CCC approved capacity or the maximum number of bales stored at any time during the applicable crop year.

§ 1423.12 Application, inspection, and annual agreement fees.

Each warehouse operator not licensed under USWA shall pay to CCC a fee or fees, including an application fee, inspection fee, and an annual agreement fee for each warehouse approved by CCC or for which approval is sought. The terms and conditions of such fees will be set forth in the applicable agreement.
Commodity Credit Corporation, USDA

§ 1423.13 Appeals, suspensions, and debarment.

(a) After initial approval, warehouse operators may request that CCC reconsider adverse actions when the warehouse operator establishes that the reasons for the action have been remedied or requests reconsideration of the action and presents to the Director, KCCO, in writing, information in support of such request. The warehouse operator may, if dissatisfied with the Director's determination, obtain a review of the determination and an informal hearing by submitting a request to the Deputy Administrator. Appeals shall be as prescribed in part 780 of this title, and under such regulations the warehouse operator shall be considered as a "participant.

(b) Suspension and debarment actions taken under this part shall be conducted in accordance with part 1407 of this chapter. After expiration of the suspension or debarment period, a warehouse operator may, at any time, apply for approval under this part.

§ 1424.1 Applicability.

This part sets out regulations for the Bioenergy Program (program). It sets forth, subject to the availability of funds as provided herein, or as may be limited by law, the terms and conditions a bioenergy producer must meet to obtain payments under this program and part from the Commodity Credit Corporation (CCC) for eligible bioenergy production. Additional terms and conditions may be set forth in the document required to request program benefits and in the program contract or agreement prescribed by CCC. This program is effective October 1, 2002, through September 30, 2006.
§ 1424.4 General eligibility rules.

(a) An applicant must be determined eligible by KCCO and be assigned an agreement number.

(b) To be eligible for program payments, a producer must maintain records indicating for all relevant FY's and FY quarters:

(1) The use of eligible commodities in bioenergy production;

(2) The quantity of bioenergy produced from an eligible commodity by location;

(3) The quantity of eligible commodity used by location to produce the bioenergy referred to in paragraph (b)(2) of this section; and

(4) All other records, needed, or required by the agreement to establish program eligibility and compliance.

(c) A producer must allow verification by CCC of all information provided. Refusal to allow CCC or any other agency of USDA to verify any information provided will result in a producer being determined not eligible.

(d) For producers not purchasing raw commodity inputs, the production must equal or exceed that amount of production that would be calculated using the raw commodity inputs and its territories that meets the requirements of an appropriate American Society for Testing and Materials Standard.

Biodiesel producer means a producer that produces and sells biodiesel who is also registered and in compliance with section 211 (b) of the Environmental Protection Agency Clean Air Act Amendment of 1990.

Bioenergy means ethanol and biodiesel produced from eligible commodities.

Conversion factor means:

(1) For ethanol production, a factor that converts the number of ethanol gallons back to commodity units as determined in the manner announced by CCC;

(2) For biodiesel production, the factor that will treat 1.4 gallons of biodiesel produced as having involved the consumption of one bushel of soybeans in any case when the feedstock was an eligible commodity that has a corresponding oil or grease market price; if there is none, then the factor shall be as determined and announced by CCC.

Eligible commodity means barley; corn; grain sorghum; oats; rice; wheat; soybeans; cotton seed; sunflower seed; canola; crambe; rapeseed; safflower; sesame seed; flaxseed; mustard seed; cellulosic crops, such as switchgrass and hybrid poplars; fats, oils, and greases (including recycled fats, oils and greases) derived from an agricultural product; and any animal byproduct (in addition to oils, fats and greases) that may be used to produce bioenergy, as CCC determines, that is produced in the United States and its territories.

Eligible producer means a bioenergy producer who meets all requirements for program payments.

Ethanol means anhydrous ethyl alcohol manufactured in the United States and its territories and sold either:

(1) For fuel use, rendered unfit for beverage use, produced at a facility and in a manner approved by ATF for the production of ethanol for fuel; or

(2) As denatured ethanol used by blenders and refiners and rendered unfit for beverage use.

Ethanol producer means a person authorized by ATF to produce ethanol.

FSA means the Farm Service Agency, USDA.

FY means the fiscal year beginning each October 1 and ending September 30 of the following calendar year.

KCCO means the FSA, Kansas City Commodity Office.

Posted County Price means the same Posted County Price for different locations as is used under other CCC commodity programs for marketing loan gains and other matters.

Producer is a legal entity (individual, partnership, cooperative, or corporation, etc.) who is a commercial bioenergy producer making application or otherwise involved under this program.

Quarter means the respective time periods of October 1 through December 31, January 1 through March 31, April 1 through June 30, and July 1 through September 30 of each FY, as applicable.

Sign-up period means the time period announced by CCC during which CCC will accept program agreements.

USDA means the United States Department of Agriculture.
the conversion factor set out in §1424.3. A producer that purchases soy oil from a soybean crushing plant for further refinement into biodiesel must be able to prove to CCC’s satisfaction both soy oil purchases and biodiesel production for the applicable quarter. Any special conversion factors needed will be the province of CCC and CCC alone and CCC’s decision will be final.

(e) A producer must meet all other conditions set out in these regulations, in the agreement, or in other program documents.

§ 1424.5 Agreement process.

(a) To participate, an eligible producer must submit a signed agreement during the FY sign-up period. Agreements may be for single or multiple FY’s. However, multiple FY agreements require producers to submit annual production estimate reports during each applicable FY sign-up period. Such reports must comply with the terms of the agreement and this part. In all cases, the accounting for compliance will be made on a per FY basis.

(b) Sign-up each FY will be held for 30 calendar days beginning for:

(1) FY 2003 on the date of publication of this rule;

(2) FY 2004 and beyond on August 1 of the FY before the applicable FY.

(c) After agreements are submitted:

(1) If determined eligible by KCCO, an agreement number will be assigned, and a notification will be mailed to the producer;

(2) If additional information is needed for KCCO to determine eligibility, the producer will be contacted as soon as practicable and requested to provide additional supporting documentation;

(3) If determined ineligible by KCCO, producers will be notified in writing that their agreement was rejected and the reason for the determination.

§ 1424.6 Payment application process.

(a) To apply for payments under this program during an FY, an eligible producer must:

(1) Submit an application or eligibility report for each quarter. Submit the last quarterly application or report of the FY within 30 calendar days of the end of the FY for which payment is requested. If the actual deadline is a non-workday, the deadline will be the next business day;

(2) Certify with respect to the accuracy and truthfulness of the information provided;

(3) Furnish CCC such certification, and access to such records, as CCC considers necessary to verify compliance with program provisions; and

(4) Provide documentation as requested by CCC of both the producer’s net purchases of eligible commodities and net production of bioenergy compared to such production at all locations during the relevant periods. CCC may adjust the formulaic payments otherwise payable to the producer if there is a difference between the amount actually used and certified and the amount of increased commodity use calculated under the formula.

(b) After applications or reports are submitted, eligible producers:

(1) Shall submit such additional supporting documentation as requested by KCCO when additional information is needed to determine eligibility;

(2) Will be notified in writing of their ineligibility and reason for the determination, when the application is determined ineligible by KCCO; and

(3) Shall promptly refund payments when a refund to CCC is due. If a refund is not made promptly, CCC may establish a claim.

§ 1424.7 Gross payable units.

(a) For ethanol, producers will be eligible for payments on gross payable units for only their ethanol production from eligible inputs that exceeds, for the program year to date, their total comparable production at all locations as compared to the comparable portion of the previous year. Producers of ethanol are not eligible for base production payments. Producers shall not be paid twice for the same increase and any decline in relative production between quarters will require a comparable refund. For example, if at the end of the first quarter, a producer were to be paid for an increase of 500 gallons of ethanol, but at the end of the second quarter, that producer’s year-to-date production was down to a net increase for the year of 450 gallons, then a refund would be due for the loss of the corresponding 50 gallons of net
§ 1424.8 Payment amounts.

extra production. Repayment rates shall be based on previous payment rates. Unless otherwise determined by CCC, the extra ethanol production from eligible inputs will be converted to gross payable units by dividing the gallons of increased ethanol by the applicable conversion factor.

(b) Biodiesel producers will be eligible for payments on gross payable units for all biodiesel production from eligible inputs. For eligibility purposes there will be two kinds of payment: additional production payments (APP), and base production payments (BPP). Repayment rates shall be based on previous payment rates. Unless otherwise determined by CCC, gross payable units for biodiesel production from eligible inputs will be calculated as follows:

(1) For APP, by dividing the gallons of increased biodiesel by the biodiesel conversion factor of 1.4. APP payments will be made on increases as compared with the previous FY. Producers will not be paid twice for the same production. Failure to maintain year to date biodiesel production increases between quarters will require a comparable APP refund as specified below. That is, for example, if a producer were to be paid, at the end of the first quarter, for 500 gallons of increased biodiesel production, but by the end of the second quarter that producer’s production, for the year to date, was only 450 gallons, then a refund of the APP premium would be due for the loss of the corresponding 50 gallons of net production increase.

(2) For BPP, which will be made on production not eligible for the APP, by dividing the base production by the biodiesel conversion factor of 1.4 and multiplying the result by 0.5 in FY 2003, 0.3 in FY 2004, 0.15 in FY 2005, or 0.0 (zero) in FY 2006 to determine base biodiesel production gross payable units.

(3) Adding the APP and BPP to determine gross payable units.

(c) There shall only be one eligible producer per plant location.

(1) When producers move production from one plant to another between FY’s, the prior FY’s production for the producer for program payment calculations tied to increases in production shall be the greater of:

(i) The production at the plant operated by the producer in the prior FY, or

(ii) The production in the prior FY at the plant being taken over by the producer in the current FY.

(2) New producers who are taking over a plant with prior bioenergy production shall assume that production history for program purposes. For example: in FY 2002, Producer A produced 1,000 gallons of bioenergy in plant 1 and Producer B produced 500,000 of bioenergy in plant 2. In FY 2003, Producer A assumes operation of plant 2; Producer B moves to plant 3, which was not in the program in FY 2002, but with FY 2002 production of 400,000 gallons from eligible commodities; and Producer C assumes operations of plant 1. In FY 2003, for program purposes solely based on these respective plants, Producer A would have a prior FY production of 500,000 gallons; Producer B would have a prior FY production of 500,000 gallons; and Producer C would have a prior FY production of 1,000 gallons. These examples would apply when a producer moves its entire operation from one plant to another. Otherwise, for purposes of computing whether a producer has increased production in the current year from the previous year, the determination will be made by comparing for the current year the producer’s production figures from all locations in which the producer has an interest with, for the previous year, the sum of:

(i) Production at those locations by any person including, but not limited to, the producer, and

(ii) Additional production by the producer at any other location in that year.

(3) Also, as needed to avoid frustrating the goals of the program, the Executive Vice President of CCC may treat producers with common interests, common ownership, or common facilities or arrangements as the same producer.

§ 1424.8 Payment amounts.

(a) An eligible producer may be paid the amount specified in this section, subject to the availability of funds. Total available funds shall be as determined appropriate by CCC and shall
Commodity Credit Corporation, USDA

§ 1424.8

not exceed $150 million in any of FY's 2003 through 2006.

(b) For agreements submitted during an FY sign-up, applicants must project increases in production. Based on expected commodity prices, using the formula set out in this section, submissions will be assigned an expected payment value. When the payment value of all timely submitted and validly executed agreements exceed available funding, CCC may, at its discretion, prorate payments to be made under such agreements based on total available funding.

(c) When the payment value of all timely submitted applications exceed available funding, CCC will prorate payments based on total available funding.

(d) Subject to this section and conditions in the agreement, a producer's payment eligibility shall be adjusted at the end of each quarter, and calculated as follows:

(1) Gross payable units, calculated and determined in accordance with § 1424.7, shall be converted to net payable units for producers whose annual bioenergy production is:

(i) Less than 65 million gallons, by dividing by 2.5;

(ii) Equal to or more than 65 million gallons, by dividing by 3.5;

(2) Net payable units calculated under paragraph (d)(1) of this section shall then be converted to a gross payment by multiplying net payable units by the per-unit value of the commodity as of the 10th business day before the start of the production quarter, determined as follows:

(i) For ethanol:

(A) For those agricultural commodities with an established Posted County Price, CCC will use the Posted County Price that CCC announces daily for the county in which the plant is located, and applicable quality factors as CCC may establish.

(B) For agricultural commodities that CCC determines do not have Posted County Prices, CCC will use market data CCC determines to be appropriate for the applicable commodity.

(ii) For biodiesel made from:

(A) Soybeans or soy oil, CCC will use the Posted County Price for soybeans for the county where the plant is located.

(B) Eligible commodities other than soybeans or soy oil that have a corresponding oil or grease market price, CCC will first use the soybeans Posted County Price for Macon County, Illinois. Then, the applicable feedstock's oil or yellow grease (for animal fats and oils) market price, as determined by CCC, will be divided by the soy oil price published in the Agricultural Marketing Service's weekly "Soybean Crush Report" (Central Illinois (Decatur, Macon County, Illinois)) for the applicable date. The resulting percentage will be multiplied by the soybean gross payment to determine the producer's gross payment.

(C) Eligible commodities that do not have a corresponding oil or grease market price, in a manner as determined by CCC.

(3) The gross payment calculated under paragraph (d)(2) of this section shall be reduced to a net payment by multiplying the gross payment figure by the proration factor determined under paragraph (c) of this section.

(4) Subject to other provisions of this section, producers shall be paid the net current payment, if positive, determined for the quarter, subject to the requirements and refund provisions of this part.

(5) After the first quarter, adjustments shall be made based on changes in production. Refunds, when due, shall be due at the per unit values at which they were paid.

(6) For an FY, no producer may receive more than 5 percent of the available funding for this program.

(e) When the commodity's conversion factor has been established, that factor will, as practicable, be posted on the program's website.

(1) If the commodity's conversion factor is not determined when the sign-up is announced, the conversion factor will be provided in a letter to producers with accepted agreements to the extent practicable.

(2) After FY 2003, changes to established conversion factors shall be announced in a press release issued by CCC 90 calendar days before the applicable FY's sign-up, to the extent practicable.

537
§ 1424.9 Reports required.

Once an eligible producer has submitted a payment application, that producer shall file cumulative and per-plant information for each relevant bioenergy producing facility quarterly through the end of the applicable FY as specified by CCC or as otherwise needed to establish compliance with this part.

§ 1424.10 Succession and control of facilities and production.

A person who obtains a facility that is under contract under this part may request permission to succeed to the program agreement and CCC may grant such request if it is determined that permitting such succession would serve the purposes of the program. If appropriate, CCC may require the consent of the original party to such succession. Also, CCC may terminate a contract and demand full refund of payments made if a contracting party loses control of a facility whose increased production is the basis of a program payment or otherwise fails to retain the ability to assure that all program obligations and requirements will be met.

§ 1424.11 Maintenance and inspection of records.

For the purpose of verifying compliance with the requirements of this part, each eligible producer shall make available at one place at all reasonable times for examination by representatives of USDA, all books, papers, records, contracts, scale tickets, settlement sheets, invoices, written price quotations, or other documents related to the program that is within the control of such entity for not less than three years from the payment date.

§ 1424.12 Appeals.

(a) A participant subject to an adverse determination under this part may appeal by submitting a written request to: Deputy Administrator, Commodity Operations, Farm Service Agency, United States Department of Agriculture, STOP 0550, 1400 Independence Avenue, SW., Washington, D.C. 20250-0550. The appeal must be delivered in writing to the Deputy Administrator or postmarked within 30 days after the date the Agency decision is mailed or otherwise provided to the participant. The Deputy Administrator may consider a late appeal if determined warranted by the circumstances.

(b) The regulations at 7 CFR part 11 apply to decisions made under this part.

(c) Producers who believe they have been adversely affected by a determination by the Agency must seek review with the Deputy Administrator before any other review may be requested within the Agency.

§ 1424.13 Misrepresentation and scheme or device.

(a) A producer shall be ineligible to receive payments under this program if CCC determines the producer:

(1) Adopted any scheme or device that tends to defeat the purpose of the program in this part;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to a producer engaged in a misrepresentation, scheme, or device, or to any other person as a result of the bioenergy producer's actions, shall be refunded with interest together with such other sums as may become due, plus damages as may be determined by CCC.

(c) Any producer or person engaged in an act prohibited by this section and any producer or person receiving payment under this part shall be jointly and severally liable for any refund due under this part and for related charges.

(d) The remedies provided in this part shall be in addition to other civil, criminal, or administrative remedies that may apply.

(e) Late payment interest shall be assessed on all refunds in accordance with the provisions and rates prescribed in part 1403 of this chapter.

§ 1424.14 Offsets, assignments, interest and waivers.

(a) Any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the bioenergy, or proceeds thereof, in favor of the owner or any other creditor except agencies of the
§ 1425.1 Applicability.

This part sets forth the terms and conditions an approved Cooperative Marketing Association (CMA) must meet to obtain commodity marketing assistance loans (loans) and loan deficiency payments (LDP’s) from CCC on behalf of its members. A CMA meeting these terms and conditions may obtain loans and LDP’s for any eligible commodity for which a loan and LDP program is in effect.

§ 1425.2 Administration.

On behalf of CCC, the Farm Service Agency will administer the provisions of this part under the general direction and supervision of the Deputy Administrator for Farm Programs. In the field, the provisions of this part will be administered by the State and county FSA committees.

§ 1425.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration. The terms defined in parts 718 of this title and parts 1421 and 1427 of this chapter shall also be applicable, except where those definitions conflict with the definitions in this section.

(4) Change in loan pool operations with an explanation and justification; and
(5) Additional information CCC may request related to the CMA's continued approval by CCC.
(d) CCC may require a CMA to submit a new initial application instead of a recertification application when it questions whether the CMA is operating according to documents previously submitted.

[63 FR 17312, Apr. 9, 1998, as amended at 67 FR 64458, Oct. 18, 2002]
§ 1425.5 Confidentiality.
Information submitted to CCC related to trade secrets, financial or commercial operations, or the financial condition of a CMA, whether for initial approval or continued approval, shall be kept confidential by the officers, agents, and employees of CCC and the Department of Agriculture except as required to be disclosed by law.

§ 1425.6 Approved CMA’s.
(a) CCC shall, in accordance with the provisions of this part, approve a CMA to obtain marketing assistance loans and LDP’s.
(b) CCC may approve a CMA to participate in a marketing assistance loan and Loan deficiency payment program for the 2002 through 2007 crops as:
(1) Unconditionally approved; or
(2) Conditionally approved.
(c) If CCC determines a CMA is in substantial but not total compliance with the requirements of this part, CCC may make the approval conditional on the CMA coming into full compliance within a reasonable period of time as specified in the notification of conditional approval.
(d) A CMA is approved to participate in a marketing assistance loan and LDP program until the CMA’s approval is suspended or terminated by CCC.

§ 1425.7 Suspension and termination of approval.
(a) CCC may suspend a CMA from obtaining loans and LDP’s when CCC determines the CMA has not:
(1) Operated according to the CMA’s application for approval or its last recertification submission;
(2) Complied with applicable regulations;
(3) Corrected deficiencies of the CMA’s operation as noted by CCC; or
(4) Violated any of its agreements with CCC.
(b) A suspension may be lifted when CCC determines the CMA has complied with all requirements for approval. When suspensions are not lifted within 1 year, or a shorter time period if so indicated in CCC’s suspension notification, the CMA’s approval automatically terminates.
(c) CCC may terminate a CMA’s approval by giving the CMA written notice of the termination.
(d) A CMA may, when it does not have any marketing assistance loans outstanding, through written notice to CCC, voluntarily terminate its participation in a loan and LDP program.
(e) CCC may, on demand, call all outstanding CCC loans made to a suspended or terminated CMA. When loans are called, CCC will provide at least 10 calendar days written notice to the CMA. Commodities pledged as collateral for loans must be repaid by the date specified by CCC. If redemption is not made by the date specified, title to the commodity shall vest in CCC and CCC shall have no obligation to pay the commodity’s market value above the principal amount of such loans.

(a) CMA’s must be owned and controlled by active members of the CMA.
(b) The CMA must provide evidence that:
(1) Active members own more than 50 percent of its allocated equity; and
(2) A majority of directors are active members of the CMA or authorized representatives of active members.
(c) An applicant cooperative or a CMA, not under the ownership or control, of its active members, may be approved by CCC if it is able to establish that, by retiring the equity of its inactive members or by obtaining new members, it can vest ownership and control in its active members, as required by this section, by a date specified by CCC.

§ 1425.9 Open membership.
(a) The CMA shall provide CCC documented proof that the CMA admits every membership applicant who is eligible under the statute regulating the CMA.
(b) Notwithstanding paragraph (a) of this section, a CMA may refuse membership to an applicant whose admission would prejudice, hinder, or otherwise obstruct the interests or purposes of the CMA.
§ 1425.10 Financial ratio requirement.
To be financially able to make advances to their members and to market their commodities, CMA's shall have a current ratio of at least 1 dollar of current assets for each 1 dollar of current liabilities (current ratio of 1:1 or better) on the balance sheet it submits to CCC with its initial application or annual recertification required in §1425.4.

§§ 1425.11–1425.12 [Reserved]

§ 1425.13 Uniform marketing agreement.
(a) A CMA must enter into a uniform marketing agreement with each member who delivers a commodity to a loan pool.
(b) The identification number used by the member to report acreage on applicable farms to FSA must appear on the marketing agreement.

§ 1425.14 Member business.
(a) At least 50 percent of a crop of an authorized commodity acquired by, or delivered to, a CMA for marketing must be produced by its members for the CMA to obtain a loan or LDP for such crop. CCC may, for a period not to exceed 2 years, waive this requirement if:
   (1) The CMA can establish to CCC that such authorization is necessary for the efficient operation of the CMA; and
   (2) The CMA's plan, approved by CCC, will bring the CMA into compliance with the provisions of this section.
(b) Commodities purchased or acquired from CCC and processed products acquired from other processors or merchandisers shall not be considered in determining the volume of member or nonmember business.

§ 1425.15 Vested authority.
The marketing agreement between the CMA and its members shall give the CMA the authority to pledge the commodity as collateral for a loan, to place a lien on such commodity, and to market the commodity on behalf of its members even though the individual members retain the right, in effect, to determine the price at which the commodity can be marketed by the CMA.

§ 1425.16 Payment limitation.
CMA's shall monitor market gains they receive from CCC on behalf of their members and not obtain market gains for a member above the member's payment limitation determined in accordance with part 1400 of this chapter.

§ 1425.17 Eligible commodity and pooling.
(a) A CMA may establish separate loan pools as needed for quantities of a commodity.
(b) Loans and, if applicable, LDP's will be available to CMA's for any eligible commodity in a loan pool as provided in paragraph (e) of this section and the beneficial interest provisions of parts 1421 and 1427 of this chapter.
(c) A pool shall be eligible for loans and LDP's if:
   (1) All of the commodity in the pool is eligible for loans or LDP's, except as provided in paragraphs (d) and (e) of this section;
   (2) The commodity was delivered by members to the CMA for their benefit;
   (3) The commodity was delivered and the members are eligible for loans and LDP's;
   (4) Members retain the right to share in marketing proceeds from the commodity in accordance with §1425.18; and
   (5) Members agreed to accept a payment of initial advances from the CMA in accordance with §1425.18(a).
(d) Ineligible commodities may be included in eligible pools when:
   (1) The CMA inadvertently included ineligible quantities based on grade, quality, bale weight or repacking in the case of cotton, or other factors; or
   (2) There are eligibility discrepancies within FSA records, the producer has certified to the CMA that the commodity is eligible for loan, and there is no market gain or LDP involved in the loan pool for the crop year.
(e) A CMA may, for a period of time as specified in Handbook 1-CMA, include a commodity that is ineligible based on FSA records when the producer has certified to the CMA that the commodity is eligible. In these instances, CCC specifies a time period during which CMA's may obtain loan or LDP's on the applicable quantity while the eligibility status is resolved.
If the final resolution is that the commodity was ineligible, the CMA must repay any loans outstanding with principal plus interest and any market gains obtained plus interest from the date of receiving the market gain through the repayment date.

(f) The CMA must have in inventory a quantity of commodity delivered by members of each class and grade at least equal to the quantity each class and grade pledged as loan collateral.

(g) Loans will be available to the CMA for the quantity of a farm-stored commodity that is, pursuant to such CMA marketing agreement with a member, part of the CMA’s loan pool.

(h) A CMA shall have identity-preserved loan pool commodities stored in approved warehouses while the commodities are pledged as collateral for loan.

(i) Loan eligibility for commingled commodities stored on a farm or in a warehouse may be transferred to an approved warehouse.

(j) Commodities pledged as collateral for CCC loans shall be free and clear of all liens and encumbrances based on a CMA’s financial agreements or the CMA shall obtain a completed form CCC–679, Lien Waiver. When liens are applicable based on CMA financial agreements, the CMA shall provide CCC the completed CCC–679. A CMA’s shall not take any action to cause a lien or encumbrance to be placed on a commodity after a loan is approved.

(k) If a loan or LDP is obtained for any quantity in a loan pool, allocations of costs and expenses among separate pools for the commodity in the pool shall be made according to generally accepted accounting principles.

(l) A CMA shall not apply marketing losses from a commodity not used to obtain a loan or LDP against the marketing proceeds of a commodity used to obtain a loan or LDP.

(m) CMA’s shall not carry forward losses from one loan pool and apply them against a subsequent loan pool without CCC’s authorization. CCC may grant authorization when it determines that carrying forward the loss complies with CCC’s loan and LDP program intent.

(n) The CMA is responsible to CCC for any loss related to commodities the CMA pledged as collateral for loan or used to obtain LDP related to:

(1) The CMA failing to comply with these regulations;

(2) Changes in quantity or quality of either warehouse or farm stored commodities;

(3) Liens based on either the CMA’s or its members’ financial agreements.

§ 1425.18 Distribution of proceeds.

(a)(1) If CCC makes loans or LDP’s for any quantity in a loan pool, the related proceeds shall be distributed or otherwise made available to the members account:

(i) Based on the quantity and quality of the commodity delivered by each member;

(ii) Less any authorized charges for services performed or paid by the CMA necessary to condition or otherwise make the commodity eligible for loans or LDP’s, according to the marketing agreement provided for in §1425.13;

(iii) Within 15 work days from the date the CMA receives loan or LDP proceeds from CCC, or held according to the terms of a deferred payment agreement if requested by the member.

(2) CMA’s may credit advances to its members made before loans and LDP’s are obtained against the distribution of loan and LDP proceeds requirement in paragraph (a)(1) of this section.

(b)(1) Except as provided in paragraph (b)(2) of this section, loan pool proceeds shall not be combined with non-loan pool proceeds and the CMA shall distribute loan pool proceeds according to the information it provided CCC in accordance with §1425.4(b)(7).

(2) Sales proceeds from a loan pool may be combined with sales proceeds from other pools if the proceeds from such pools are allocated among the pools according to the quantity and quality of the commodity included in the pools.

(3) Loan and LDP proceeds shall only be issued to members involved in pools used for loans or LDP’s.

(4) When notified by CCC that loan and LDP distributions to a member must be reduced for a program year, farm, or crop, a CMA shall not make subsequent pool distributions and shall
§ 1425.19

reimburse CCC for distributions previously issued, if applicable.

   (2) For commodities that are not processed, the pool’s inventory shall be allocated to the pool and the pool’s inventories adjusted when the commodity is shipped.

(2) Be in existence and good condition and be covered by fire insurance. Bales pledged as collateral for a CCC loan must be stored inside an approved storage warehouse unless, as determined under §1427.10, CCC has approved the warehouse to use outside storage for cotton loan collateral for the period of the loan. Bales submitted to CCC for a loan deficiency payment are not subject to the approved storage requirements contained in §1423.10.

(5) Have an extraneous matter within the limits specified in the schedule of discounts for extraneous matter for upland cotton; and
(6) Have a uniformity specified in the schedule of uniformity premiums and discounts for upland cotton.

(e) To be eligible to receive marketing assistance loans and loan deficiency payments, a producer must have beneficial interest in the cotton that is tendered to CCC for a marketing assistance loan or loan deficiency payment. For the purposes of this part, the term “beneficial interest” refers to a determination by CCC that a person has the requisite title to and control of cotton that is tendered to CCC as collateral for a marketing assistance loan or is the cotton that will be used to determine a loan deficiency payment. A determination of whether a person has beneficial interest in cotton is made by CCC in accordance with this part and is not based upon a determination under any State law or any other regulation of a Federal agency.

(f) Except as provided in paragraph (h) of this section, when requesting a marketing assistance loan, in order to have beneficial interest in the cotton tendered as collateral for the loan, a person must:

1. Be the producer of the cotton as determined in accordance with §1427.4;
2. Have had ownership of the cotton from the time it was planted through the earlier the date the loan was repaid or the maturity date of the loan;
3. Have control of the cotton from the time of planting through the maturity date of the loan. To have control of the cotton, such person must have complete decision making authority regarding whether the cotton will be tendered as collateral for a loan, when the loan will be repaid or if the collateral will be forfeited to CCC in satisfaction of the loan obligations of such person, and where the cotton will be maintained during the term of the loan; and
4. Except as provided in paragraph (h) of this section, when requesting a loan deficiency payment, in order to have beneficial interest in the cotton a person must:

1. Be the producer of the cotton as determined in accordance with §1427.4;
2. Have had ownership of the cotton from the time it was planted through the date the producer has elected to determine the loan deficiency payment rate;
3. Have control of the cotton from the time of planting through the date the producer has elected to determine the loan deficiency payment rate. To have control of the cotton, such person must have complete decision making authority regarding whether a loan deficiency payment will be requested with respect to the cotton; when the loan deficiency rate will be selected; and where the cotton will be maintained prior to the date on which the loan deficiency payment rate will be determined;
4. If the cotton has been physically delivered to a location other than a location owned or under the total control of the producer, have delivered the cotton to a warehouse approved in accordance with §1427.10. Delivery of the cotton to a location other than to such an approved warehouse will result in the loss of beneficial interest in the cotton on the date of physical delivery and the producer will be considered to have lost beneficial interest as of 11:59 p.m. of such day regardless of any other action or agreement between the entity where the cotton was delivered and the producer, unless such an entity has been approved by CCC under §1427.10.

(h) Notwithstanding paragraphs (f) and (g) of this section, in order to facilitate the handling of situations involving the death of a producer, CCC will consider an estate and a person to whom title to cotton has passed by virtue of State law upon the death of the producer to have beneficial interest in the cotton produced by the producer under the same terms and conditions that would otherwise be applicable to such producer;

(i) Notwithstanding paragraphs (f) and (g) of this section, a person who purchases or otherwise acquires cotton from a producer under any circumstances does not obtain beneficial interest to the cotton whether such purchase or acquisition is made prior to the harvest of the crop or after harvest except in one instance. CCC will
§ 1427.5  

consider a person to have beneficial interest in cotton if, prior to harvest, such person has obtained title to the growing cotton at the same time that such person obtained full title to the land on which such crop was growing;  

(j) A producer will lose beneficial interest in cotton if the producer receives any payment from any person under any contractual arrangement with respect to cotton if the person who is making the payment, or any person otherwise associated with the person making the payment, will at any time have title to the cotton or control of the cotton prior to or after harvest unless:  

(1) Such payment is authorized in accordance with part 1425 of this chapter; or  

(2) The payment is made as consideration for an option to purchase the cotton and such option contains the following provision:  

Notwithstanding any other provision of this option to purchase or any other contract, title and control of the cotton and beneficial interest in the cotton as specified in 7 CFR 1427.5 shall remain with the producer until the buyer exercises this option to purchase the cotton. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of:  

(1) The maturity of any Commodity Credit Corporation (CCC) loan that is secured by such cotton;  

(2) The date CCC claims title to such cotton;  

(3) Such other date as provided in this option.  

(k) Absent other provisions causing the producer to lose beneficial interest in the cotton, inclusion in a contract of a provision that allows the producer to select the sales price of the cotton at the time the contract is entered into or at a later date, a contract normally referred to as a deferred price contract or a price later contract, will not result in the loss of beneficial interest in the cotton.  

(l) Commodities produced under a contract in which the title to the seed remains with the entity providing the seed to the producer, including contracts for the production of hybrid seed, genetically modified commodities and other specialty seeds as approved in writing by CCC, are eligible to be pledged as collateral for a marketing assistance loan and a loan deficiency payment may be made with respect to such production if at the time of the request for such a loan or payment the producer has not:  

(1) Received a payment under the contract; or  

(2) Delivered the commodity to another person.  

(m) Each bale of upland cotton sampled by the warehouse operator upon initial receipt which has not been sampled by the ginner must not show more than one sample hole on each side of the bale. If more than one sample is desired when the bale is received by the warehouse operator, the sample shall be cut across the width of the bale, broken in half or split lengthwise, and otherwise drawn under Agricultural Marketing Service (AMS) dimension and weight requirements. This requirement will not prohibit sampling of the cotton at a later date if authorized by the producer.  

(n) Marketing assistance loans may be disbursed to eligible producers who store upland cotton in unapproved storage facilities only if the producer agrees to redeem the marketing assistance loan on the date on which the loan is disbursed with a commodity certificate exchange.  

(o) If marketing assistance loans or loan deficiency payments are made available to producers through a CMA under part 1425 of this chapter, the beneficial interest in the cotton must always have been held by the producer-member who delivered the cotton to the CMA or its member, except as otherwise provided in this section. Cotton delivered to such a CMA shall not be eligible to receive a marketing assistance loan or a loan deficiency payment if the producer-member who delivered the cotton does not retain the right to share in the proceeds from the marketing of the cotton as provided in part 1425 of this chapter.

(3) An approved cotton clerk who has entered into a written agreement with CCC on a form prescribed by CCC.
(b) Loan proceeds may be disbursed by CCC or a cotton commercial bank.
(c) The loan documents shall not be presented for disbursement unless the cotton covered by the mortgage or pledged as security is eligible under §1427.5. If the cotton was not eligible cotton at the time of disbursement, the total amount disbursed under the loan, and charges plus interest shall be re-funded promptly.

§ 1427.7 Maturity of loans.
(a)(1) Form A loans and Form G loans mature on demand by CCC and no later than the last day of the 9th calendar month following the month in which the note and security agreement is filed under §1427.5.
(2) CCC may at any time accelerate the loan maturity date by providing the producer notice of such acceleration at least 30 days in advance of the accelerated maturity date.
(b) If the loan is not repaid by the loan maturity date, title to the cotton shall vest in CCC the day after such maturity date and CCC shall have no obligation to pay for any market value which such cotton may have in excess of the amount of the loan, plus interest and charges.
(c) Following written notice by CCC to the producer and warehouse operator, CCC may advance the maturity date of cotton pledged as collateral for a marketing assistance loan if:
(1) CCC determines such loan cotton collateral is improperly warehoused and subject to damage,
(2) Any term of the producer’s loan agreement is violated, or
(3) Carrying charges are substantially in excess of the average of carrying charges available elsewhere and the storing warehouse, after notice, declines to reduce such charges.

§ 1427.8 Amount of loan.
(a) The loan rates for crops of upland cotton and ELS cotton will be determined and announced by CCC and made available at State and county offices.
(b) The quantity of cotton which may be pledged as collateral for a loan shall be the net weight of the eligible cotton as shown on the warehouse receipt issued by an approved warehouse, except that in the case of a bale which has a net weight of more than 600 pounds, the weight to be used in determining the amount of the loan on the bale shall be 600 pounds. Cotton pledged as collateral for loans on the basis of reweights will not be accepted by CCC.
(c) The amount of the loan for each bale will be determined by multiplying the net weight of the bale, as determined under paragraph (b) of this section, by the applicable loan rate.
(d) CCC will not increase the amount of the loan made for any bale of cotton as a result of a redetermination of the quantity or quality of the bale after it is tendered to CCC, except that if it is established to the satisfaction of CCC that a bona fide error was made for the weight of the bale or the classification for the bale, such error may be corrected.
(e) The loan rate as determined under paragraph (a) of this section adjusted for applicable premiums and discounts will be reduced by 30 percent during each of the 2009 through 2012 crop years for producers who make an irrevocable election to receive “Average Crop Revenue Election” program payments as provided in §1412 of this title or elsewhere in this title.

(c) An approved cotton storage warehouse may temporarily store cotton pledged as collateral for a CCC loan outside, subject to the following conditions:

1. The warehouse submits a request for approval of outside storage in a format prescribed by CCC.
2. The warehouse is located in a storage deficit area as determined by CCC.
3. The warehouse complies with all outside storage requirements established by CCC including but not limited to the duration of such outside storage as granted by CCC for the individual application, all-risk insurance for the loan value of the cotton with CCC as loss payee, and use of additional protective coverings and materials that elevate the entire bottom surface of the bale to protect such cotton from damage by water or airborne contaminants.
4. The electronic warehouse receipt for any bale or bales of cotton pledged as collateral for a CCC loan must include the dates that the bale was initially stored outside, and the date that outside storage stopped.
5. The warehouse operator provides CCC:
   (i) A weekly report in a format prescribed by CCC identifying individual bales of cotton pledged as collateral for a CCC loan that are stored outside, and
   (ii) Through their electronic warehouse receipt provider, on a current basis, location indicators and effective dates for any loan bale stored outside.

§ 1427.11 Warehouse receipts.

(a) Producers may obtain loans on eligible cotton represented by warehouse receipts only if the warehouse receipts meet the definition of a warehouse receipt and provide for delivery of the cotton to bearer or are properly assigned by endorsement in blank, so as to vest title in the holder of the receipt or are otherwise acceptable to CCC. The warehouse receipt must:

(1) Contain the gin bale number;
(2) Contain the warehouse receipt number;
(3) Be dated on or before the date the producer signs the note and security agreement.

(b) Warehouse receipts, under §1427.3, when issued as block warehouse receipts will be accepted when authorized by CCC only if the owner of the warehouse issuing the block warehouse receipt owns the cotton represented by the block warehouse receipt and the warehouse is not licensed under the U.S. Warehouse Act.

(c)(1) Each receipt must set out in its terms the tare and the net weight of the bale represented by the receipt. The net weight shown on the warehouse receipt must be the difference between the gross weight as determined by the warehouse at the warehouse site and the tare weight. The warehouse receipt may show the net weight established at a gin if gin weights are permitted by the licensing authority for the warehouse.

(2) The tare weight shown on the receipt must be the tare weight furnished to the warehouse by the ginner or entered by the ginner on the gin bale tag. A machine card type warehouse receipt reflecting an alteration in gross, tare, or net weight, duly executed by the warehouse or an authorized representative of the warehouse:

Corrected (gross, tare, or net) weight,
(Name of warehouse),
By (Signature or initials),

(f) The warehouse receipt must show the compression status of the bale; i.e., flat, modified flat, standard, gin standard, standard density (short), gin universal, universal density (short), or warehouse universal density. The receipt must show if the compression charge has been paid, or if the warehouse claims no lien for such compression.

§ 1427.12 Liens.

(a) Waivers that fully protect the interest of CCC must be obtained before loan disbursement, notwithstanding provisions in §1427.19(h), if there are any liens or encumbrances on the cotton tendered as collateral for a loan, even though the liens or encumbrances are satisfied from the loan proceeds, except that CCC may elect to waive such lien requirements for loans having a principal value of less than $50,000.

(b) CCC may elect to accept cotton as loan collateral that has warehouse receiving, compression, or other charges without a lien waiver if the producer at the time of loan application agrees to reimburse CCC for any such charges that CCC may pay on behalf of the producer or that reduce the value of the cotton delivered to CCC.
§ 1427.13 Fees, charges and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC or, if applicable, to a loan servicing agent, at a rate determined by CCC. Such fee shall be in addition to a cotton clerk fee paid under paragraph (b) of this section. The fee amounts are available in State and county offices and are shown on the note and security agreement. Fees shall be deducted from the loan proceeds.

(b) Cotton clerks may only charge fees for the preparation of loan or loan deficiency payment documents at the rate determined by CCC.

(1) Such fees may be deducted from the loan or loan deficiency payment proceeds instead of the fees being paid in cash.

(2) The amount of such fees is available from CCC and is shown on the note and security agreement.

(c) Interest which accrues for a loan shall be determined under part 1405 of this chapter. All or a portion of such interest may be waived for a quantity of upland cotton which has been redeemed under §1427.19 at a level which is less than the principal amount of the loan plus charges and interest.

(d) For each crop of upland cotton, the producer, as defined in the Cotton Research and Promotion Act (7 U.S.C. 2101), shall remit to CCC an assessment which shall be transmitted by CCC to the Cotton Board and shall be deducted from the:

(1) Loan proceeds for a crop of cotton and shall be at a rate equal to one dollar per bale plus up to one percent of the loan amount; and

(2) Loan deficiency payment proceeds for a crop of cotton and shall be at a rate equal to up to one percent of the loan deficiency payment amount.

(e) If the producers elects to forfeit the loan collateral to CCC, the producer shall pay to CCC, at the rates that are specified in the storage agreement between the warehouse and CCC, the following accrued warehouse charges:

(1) All warehouse storage charges associated with the forfeited cotton that accrued before the date that all required documents were provided to CCC; and

(2) Any accrued warehouse receiving charges associated with the forfeited cotton, including, if applicable, charges for new ties as specified in §1427.11.

(3) Any warehouse storage charges associated with the forfeited cotton that accrued during the period of the loan and paid by CCC to the warehouse that:

(i) Exceed CCC’s maximum storage credit rate for the warehouse established in §1427.19 and

(ii) Were paid by CCC for periods subject to denied storage credits due to the cotton being stored outside as specified in §1427.19(h)(2)(ii).

(4) Unpaid warehouse compression charges.

(a) This special procedure is provided to assist persons or firms which, in the course of their regular business of handling cotton for producers, have made advances to eligible producers on cotton eligible to be pledged as collateral for a marketing assistance loan or to receive a loan deficiency payment. A person, firm, or financial institution which has made advances to eligible producers on eligible cotton may also obtain reimbursement for the amounts advanced under this procedure.

(b) This special procedure shall apply only:

(1) If such person or firm is entitled to reimbursement from the proceeds of the marketing assistance loans or loan deficiency payments for the amounts advanced and has been authorized by the producer to deliver the loan or loan deficiency payment documents to a county office for disbursement of the loans or loan deficiency payments; and

(2) To marketing assistance loan or loan deficiency payment documents covering cotton on which a person or firm has advanced to the producers, including payments to prior lienholders and other creditors, the note amounts shown on the Form A loan documents, except for:

(i) Authorized cotton clerk fees;
(ii) The research and promotion fee to be collected for transmission to the Cotton Board by CCC; and
(iii) CCC loan service charges.

(c)(1) All marketing assistance loan or loan deficiency payment documents shall be mailed or delivered to the appropriate county office and shall show the entire proceeds of the marketing assistance loans or loan deficiency payments except for CCC loan service charges and research and promotion fees, for disbursement to:

(i) The financial institution which is to allow credit to the person or firm which made the loan or loan deficiency payment advances or to such financial institution and such person or firm as joint payees; or
(ii) The person, firm, or financial institution which made the marketing assistance loan or loan deficiency payment advance to the producers.

(2) The documents shall be accompanied by a Transmittal Schedule of Loan and Loan Deficiency Payment Documents (Transmittal) on a form prescribed by CCC, in original and two copies, numbered serially for each county office by the person, firm, or financial institution which made the marketing assistance loan or loan deficiency payment advance. The Transmittal shall show the amounts invested by the person, firm, or financial institution in the marketing assistance loan or loan deficiency payment advance. The Transmittal shall show the amounts invested by the person, firm, or financial institution in the marketing assistance loan or loan deficiency payments.

(3) Upon receipt of the marketing assistance loan or loan deficiency payment documents and Transmittal, the county office will stamp one copy of the Transmittal to indicate receipt of the documents and return this copy to the person, firm, or financial institution.

(d) The person, firm, or financial institution shall be deemed to have invested funds in the loans or loan deficiency payment of the date marketing assistance loan or loan deficiency payment documents acceptable to CCC were delivered to a county office or, if received by mail, the date of mailing as indicated by postmark or the date of receipt in a county office if no postmark date is shown. Patron postage meter date stamp will not be recognized as a postmark date.

(e) Interest will be computed on the total amount invested by the person, firm, or financial institution in the marketing assistance loan or loan deficiency payment represented by accepted documents from and including the date of investment of funds by the person, firm, or financial institution to, but not including, the date of disbursement by CCC.

(1) Interest will be paid at the rate in effect for CCC loans as provided in part 1405 of this chapter.

(2) Interest earned by the person, firm, or financial institution on the investment in loans disbursed during a month will be paid by CCC after the end of the month.

§1427.16 Movement and protection of warehouse-stored cotton.

(a) CCC may insure or reinsure stored cotton against any risk, or otherwise take an action it deems necessary to protect the interest therein of CCC.

(b) A producer may transfer cotton loan collateral subject to the following conditions:

(1) The cotton is represented by an electronic warehouse receipt;
(2) The request is submitted by a producer or a properly designated agent of the producer;
(3) The transfer is agreed to by the receiving warehouse operator;
(4) The CCC marketing assistance loan that is secured by such cotton matures at least 30 days after the date on which the request for the transfer is submitted to CCC; and
(5) Any charges, fees, costs, or expenses incident to the transfer of cotton loan collateral under this paragraph must be paid by the requestor of the transfer.

(c) CCC will exclude from the calculation of any storage credits payable under §1427.19 the following periods:

(1) The period during which the cotton is in transit between warehouses; and
(2) Any period beyond 75 days starting from the date of transfer from the shipping warehouse, unless the shipping warehouse is:

§ 1427.17 [Reserved]

§ 1427.18 Liability of the producer.

(a)(1) If a producer makes any fraudulent representation in obtaining a marketing assistance loan or loan deficiency payment or in maintaining or settling a loan, or disposes of or moves the loan collateral without the prior written approval of CCC, such loan or loan deficiency payment shall be payable upon demand by CCC. The producer shall be liable for:

(i) The amount of the marketing assistance loan or loan deficiency payment;

(ii) Any additional amounts paid by CCC for the loan or loan deficiency payment;

(iii) All other costs which CCC would not have incurred but for the fraudulent representation or the unauthorized disposition or movement of the loan collateral;

(iv) Applicable interest on such amounts;

(v) Liquidated damages under paragraph (e) of this section; and

(vi) About amounts due for a loan, the payment of such amounts may not be satisfied by the forfeiture of loan collateral to CCC of cotton with a settlement value that is less than the total of such amounts or by repayment of such loan at the lower loan repayment rate as prescribed in §1427.19.

(2) If a producer makes a fraudulent representation or if the producer has disposed of, or moved the loan collateral without prior written approval from CCC, the value of such collateral will be equal to its loan value, plus accrued interest, plus warehouse charges, and liquidated damages, as determined by CCC.

(b) If the amount disbursed under a marketing assistance loan, or in settlement thereof, or loan deficiency payment exceeds the amount authorized by this subpart, the producer shall be liable for repayment of such excess, plus interest. In addition, the commodity pledged as collateral for such loan shall not be released to the producer until such excess is repaid.

(c) If the amount collected from the producer in satisfaction of the marketing assistance loan or loan deficiency payment is less than the amount required under this subpart, the producer shall be personally liable for repayment of the amount of such deficiency plus applicable interest.

(d) If more than one producer executes a note and security agreement or loan deficiency payment application with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and security agreement or loan deficiency payment application and this subpart. Each producer shall also remain liable for repayment of the entire loan or loan deficiency payment amount until the loan is fully repaid without regard to their share in the cotton pledged as collateral for the loan or for which the loan deficiency payment was made. In addition, such producer may not amend the note and security agreement or loan deficiency payment application for the producer’s claimed share in such cotton after execution of the note and security agreement or loan deficiency payment application by CCC.

(e) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC if a producer makes any fraudulent representation in obtaining a loan or loan deficiency payment or in maintaining or settling a loan or disposing of or moving the loan collateral without the prior written approval of CCC. Accordingly, if CCC determines that the producer has violated the terms or conditions of their requests for a loan or any applicable form required by CCC, liquidated damages shall be assessed on the quantity involved in the violation. Liquidated damages assessed in accordance with this section will be determined by multiplying the quantity involved in the violation by 10 percent of the marketing assistance loan rate applicable to the loan note.

(f) When it has been determined that a violation of the terms and conditions of a loan deficiency application has occurred, CCC will determine the quantity of the cotton involved with respect
(g) For cases other than first or second offenses, or any offense for which CCC cannot determine good faith when the violation occurred, CCC shall:

1. Assess liquidated damages under paragraph (e) of this section; and
2. Call the applicable marketing assistance loan involved in the violation and require repayment of the loan deficiency payment, including interest and charges from the date the loan deficiency payment was made.

(h) If the county committee acting on behalf of CCC determines that the producer has committed a violation under paragraph (e) of this section, CCC shall notify the producer in writing:

1. The producer has 30 calendar days to provide evidence and information regarding the circumstances which caused the violation, to the county committee; and
2. Administrative actions will be taken under paragraph (f) or (g) of this section.

(i) If CCC accelerates the maturity date for a loan under this section, the producer must repay the loan at principal and charges, plus interest and may not repay the loan at the lower of the loan repayment rate under §1427.19 or utilize the provisions of part 1401 of this chapter for such loan.

(j) Any or all of the liquidated damages assessed under paragraph (e) of this section may be waived as determined by CCC.

(k)(1) Notwithstanding any other provision of this part, for ELS cotton stored as provided in §1427.10(f), the producer shall be liable for all costs associated with the storage of the cotton while it is stored outside. CCC shall make no storage payment or any other payment with respect to ELS cotton stored as provided in §1427.10(f).

(2) The producer of ELS cotton which is stored as provided in §1427.10(f) shall:

(i) Certify the quantity of such cotton on the loan application; certify the cotton is packaged in a hermetically sealed bag with an internal humidity level established by the gin as appropriate to safeguard the cotton; certify that packaging materials meet or exceed industry minimum standards; certify that the storage area is suitable for cotton storage and is in an area approved by CCC; certify that the storage area is constructed to prevent water accumulation under the cotton and is outside a 100-year floodplain; and certify that the storage area is serviced by bale handling and transport equipment that will not damage the sealed bag or degrade the storage area;

(ii) Be responsible for any loss in quantity or quality of such cotton;

(iii) If the loan is satisfied by forfeiting the cotton to CCC, be responsible for all costs associated with delivering such cotton to a warehouse designated by CCC, all costs associated with any re-classification and repackaging that may be required by CCC or the warehouse operator to whom the cotton is delivered, all charges by the receiving warehouse for receiving the cotton and issuing an electronic warehouse receipt for the cotton, and other charges as may be levied by the warehouse specific to outside-stored cotton; and

(iv) Not move such cotton after the loan application is submitted to CCC without prior written approval of the county committee. Failure of the producer to receive such permission shall subject the producer to administrative actions.

§1427.19

redeemed determined under this section. CCC, upon proper payment for the amount due, shall release the warehouse receipts applicable to such cotton.

(c) A producer or agent or subsequent agent authorized in writing in a manner prescribed by CCC may repay the loan amount for one or more bales of cotton pledged as collateral for a marketing assistance loan:

(1) For upland cotton, at a level that is the lesser of:

(i) The loan level and charges, plus interest determined for such bales; or

(ii) The adjusted world price, as determined by CCC under §1427.25, in effect on the day the repayment is received by the county office, loan servicing agent, or cotton commercial bank that disbursed the loan.

(2) For ELS cotton, by repaying the loan amount and charges, plus interest determined for such bales.

(d) CCC shall determine and publicly announce the adjusted world price for each crop of upland cotton on a weekly basis.

(e) The difference between the loan level, excluding charges and interest, and the loan repayment level is the market gain. The total amount of any market gain realized by a person is subject to part 1400 of this chapter.

(f) Repayment of loans will not be accepted after CCC acquires title to the cotton under §1427.7.

(g) In the event that Thursday is a non-workday, such loan repayments will not be accepted beginning at 7 a.m. Eastern Standard time the next workday until an announcement of the adjusted world price for the succeeding weekly period has been made under §1427.25(e).

(h) For purposes of calculating loan-period accrued storage charges that CCC may credit to the loan repayment amount under paragraph (i) of this section:

(1) The warehouse storage rates to be used for the 2008 through 2011 crops will be the lower of:

(i) The tariff storage rate for the warehouse for the 2005 crop or, for any warehouse not in existence in 2005, a CCC-assigned average 2005 crop tariff rate for the county or area; or

(ii) For warehouses located in Arizona and California $3.93 per bale per month and for warehouses located in all States other than Arizona and California $2.39 per bale per month.

(2) The warehouse storage rates to be used for the 2012 and subsequent crops will be the lower of:

(i) The tariff storage rate for the warehouse for the 2005 crop or, for any warehouse not in existence in 2005, a CCC-assigned average 2005 crop tariff rate for the county or area; or

(ii) For warehouses located in Arizona and California $3.50 per bale per month and for warehouses located in all States other than Arizona and California $2.13 per bale per month.

(3) CCC will not credit the loan repayment amount for a bale for any storage charges that accrued while the cotton was stored outside, except that storage may be credited for up to 15 days of outside storage beginning on the day the warehouse was notified that the bale is under loan if the bale was inside on the 15th day from the date of notification.

(4) The loan period will be determined by CCC to begin:

(i) For a loan disbursed by the Farm Service Agency, on the date all loan documents, as determined and announced by CCC, have been received or

(ii) For a loan disbursed by a Cooperative Marketing Association or an authorized loan servicing agent, on the date the loan was disbursed by CCC.

(i)(1) An upland cotton loan repayment rate will not exceed the loan principal plus accrued interest for the period provided in §1427.19(j).

(2) When the prevailing adjusted world price of upland cotton, as determined under §1427.25, is less than the combined value of the loan principal, accrued interest, and warehouse storage that accrued during the period of the loan, CCC will permit the loan to be repaid at the adjusted world price less the storage charges that accrued during the period of the loan.

(j) For purposes of calculating interest charges on upland and extra long staple cotton loan principal, the loan period will be the period starting the date after the disbursement of the loan amount to, and including, the loan repayment date, except that interest is

§ 1427.22 Commodity certificate exchanges.

(a) For any outstanding marketing assistance loan provided for upland cotton, a producer may purchase a commodity certificate and exchange that commodity certificate for the marketing assistance loan collateral. This provision terminates effective ending with the 2009 crop and will not be available for subsequent crops.

(b) The exchange rate is the lesser of:

(1) The loan rate and charges, plus interest applicable to the loan, or

(2) The adjusted world price for cotton as determined by CCC.

(c) Producers must request a commodity certificate exchange in person at the FSA county service center that disbursed the marketing assistance loan by:

(1) Completing a written request as CCC determines,

(2) Purchasing a commodity certificate for the exact amount required to

§ 1427.20 Handling payments and collections not exceeding $9.99.

Amounts of $9.99 or less will be paid to the producer only at their request. Deficiencies of $9.99 or less, including interest, may be disregarded unless CCC demands in writing that they be paid.

§ 1427.21 Settlement.

(a) The settlement of cotton loans will be made by CCC on the basis of the quality and quantity of the cotton delivered to CCC by the producer or acquired by CCC subject to the producer being responsible for, if applicable, warehouse receiving charges, new bale ties, unpaid warehouse compression, charges for and related to the certification of a bale and for any subsequent exchange of certificated receipts, storage charges for any period of yard storage, and storage charges in excess of any maximum storage credit rates as determined and announced by CCC.

(b) For purposes of settlements for cotton delivered to CCC in satisfaction of a loan obligation, CCC may elect to calculate such settlement values based on the net weight, condition, and classification as reflected on the warehouse receipt delivered to CCC, whether such receipt is the receipt issued by the original storing warehouse and presented for calculating the loan amount or a receipt issued by a subsequent warehouse due to the transfer of such bale while pledged as collateral for a CCC loan.

(c) If a producer does not pay CCC the amount due under a loan, CCC shall take title to the cotton as provided in §1427.7(b).

(d) With respect to ELS cotton which is stored as provided in §1427.10(f), settlement of loans shall be made based upon the determination of the quantity and quality made by CCC at the time of acceptance of the cotton by CCC at the warehouse designated by CCC as provided in §1427.18(k).

(e) If CCC sells the commodity described in paragraph (a) of this section in settlement of the recourse loan, the sales proceeds shall be applied to the amount owed CCC by the producer. The producer shall be responsible for any costs incurred by CCC in completing the sale and CCC will deduct the amount of these costs from the sales proceeds. When CCC sells any cotton obtained by forfeiture under a marketing assistance loan, CCC will, in all instances, retain all proceeds obtained from the sale of the cotton and will not make any payment of any amount of such proceeds to any party, including the producer who had satisfied their obligation under the loan through forfeiture of the cotton to CCC.

(f) CCC will pay to the warehouse any unpaid storage or receiving charges for forfeited loan collateral, not to exceed the amount that accrued from the date that all necessary documents were received by CCC to the loan maturity date, as soon as practicable after the cotton is forfeited.

§ 1427.22 Commodity certificate exchanges.

(a) For any outstanding marketing assistance loan provided for upland cotton, a producer may purchase a commodity certificate and exchange that commodity certificate for the marketing assistance loan collateral. This provision terminates effective ending with the 2009 crop and will not be available for subsequent crops.

(b) The exchange rate is the lesser of:

(1) The loan rate and charges, plus interest applicable to the loan, or

(2) The adjusted world price for cotton as determined by CCC.

(c) Producers must request a commodity certificate exchange in person at the FSA county service center that disbursed the marketing assistance loan by:

(1) Completing a written request as CCC determines,

(2) Purchasing a commodity certificate for the exact amount required to

§ 1427.20 Handling payments and collections not exceeding $9.99.

Amounts of $9.99 or less will be paid to the producer only at their request. Deficiencies of $9.99 or less, including interest, may be disregarded unless CCC demands in writing that they be paid.

§ 1427.21 Settlement.

(a) The settlement of cotton loans will be made by CCC on the basis of the quality and quantity of the cotton delivered to CCC by the producer or acquired by CCC subject to the producer being responsible for, if applicable, warehouse receiving charges, new bale ties, unpaid warehouse compression, charges for and related to the certification of a bale and for any subsequent exchange of certificated receipts, storage charges for any period of yard storage, and storage charges in excess of any maximum storage credit rates as determined and announced by CCC.

(b) For purposes of settlements for cotton delivered to CCC in satisfaction of a loan obligation, CCC may elect to calculate such settlement values based on the net weight, condition, and classification as reflected on the warehouse receipt delivered to CCC, whether such receipt is the receipt issued by the original storing warehouse and presented for calculating the loan amount or a receipt issued by a subsequent warehouse due to the transfer of such bale while pledged as collateral for a CCC loan.

(c) If a producer does not pay CCC the amount due under a loan, CCC shall take title to the cotton as provided in §1427.7(b).

(d) With respect to ELS cotton which is stored as provided in §1427.10(f), settlement of loans shall be made based upon the determination of the quantity and quality made by CCC at the time of acceptance of the cotton by CCC at the warehouse designated by CCC as provided in §1427.18(k).

(e) If CCC sells the commodity described in paragraph (a) of this section in settlement of the recourse loan, the sales proceeds shall be applied to the amount owed CCC by the producer. The producer shall be responsible for any costs incurred by CCC in completing the sale and CCC will deduct the amount of these costs from the sales proceeds. When CCC sells any cotton obtained by forfeiture under a marketing assistance loan, CCC will, in all instances, retain all proceeds obtained from the sale of the cotton and will not make any payment of any amount of such proceeds to any party, including the producer who had satisfied their obligation under the loan through forfeiture of the cotton to CCC.

(f) CCC will pay to the warehouse any unpaid storage or receiving charges for forfeited loan collateral, not to exceed the amount that accrued from the date that all necessary documents were received by CCC to the loan maturity date, as soon as practicable after the cotton is forfeited.

§ 1427.22 Commodity certificate exchanges.

(a) For any outstanding marketing assistance loan provided for upland cotton, a producer may purchase a commodity certificate and exchange that commodity certificate for the marketing assistance loan collateral. This provision terminates effective ending with the 2009 crop and will not be available for subsequent crops.

(b) The exchange rate is the lesser of:

(1) The loan rate and charges, plus interest applicable to the loan, or

(2) The adjusted world price for cotton as determined by CCC.

(c) Producers must request a commodity certificate exchange in person at the FSA county service center that disbursed the marketing assistance loan by:

(1) Completing a written request as CCC determines,

§ 1427.23 Cotton loan deficiency payments.

(a) In order to be eligible to receive such loan deficiency payments, the producer of the upland cotton must:

(1) Comply with all of the upland cotton marketing assistance loan eligibility requirements under this subpart;

(2) Agree to forgo obtaining such loans unless denied a loan deficiency payment due to payment limitation;

(3) Submit, on a form prescribed by CCC, to the FSA Service Center on or before beneficial interest is lost in such quantity and before the final loan availability date for the commodity:

(i) An indication of their intentions to receive a loan deficiency payment on the identified commodity or

(ii) A completed request for a loan deficiency payment for a quantity of eligible cotton under §1427.5(a).

(4) Provide warehouse receipts or, as determined by CCC, a list of gin bale numbers for such cotton showing, for each bale, the net weight established at the gin;

(5) For loan deficiency payments requested before ginning of the cotton based on a locked-in adjusted world price, provide identifying numbers for modules or other storage units that will correspond to the gin-assigned numbers of the bales produced from the unginned cotton; and

(6) Otherwise comply with all program requirements.

(b) The loan deficiency payment applicable to a crop of cotton shall be computed by multiplying the applicable loan deficiency payment rate, as determined under paragraph (c) of this section, by the quantity of the crop the producer is eligible to pledge as collateral for a loan, excluding any quantity for which the producer obtains a marketing assistance loan.

(c) The loan deficiency payment rate for a crop of upland cotton shall be the amount by which the loan rate determined for a bale of such crop exceeds the adjusted world price, as determined by CCC under §1427.25, in effect on the day the request is received by the county office, loan servicing agent, or cotton commercial bank. In no case shall the loan deficiency payment rate for a bale exceed the value of the bale had it been pledged as collateral for a marketing assistance loan.

(d) The total amount of any loan deficiency payments that a person may receive is subject to part 1400 of this chapter.

(e) If the producer enters into an agreement with CCC on or before the date of ginning a quantity of eligible upland cotton, and the producer has the beneficial interest in such quantity as specified under §1427.5(c) on the date the cotton was ginned, and the producer meets all the other requirements in paragraph (a) of this section on or before the final date to apply for a loan deficiency payment under §1427.5, the loan deficiency payment rate applicable to such cotton will be:

(1) Based on the date the cotton was ginned, which CCC will consider to be the date of the LDP request, if payment application is made in the manner prescribed by CCC for obtaining such rate;

(2) Based on the date of request for lock-in of the adjusted world price if payment application is made in the manner prescribed by CCC for obtaining such rate; or

(3) Based on the date a completed request including production evidence is submitted in the manner prescribed by CCC for obtaining such rate.

(f) In the event that Thursday is a non-workday, such applications for loan deficiency payments will not be accepted beginning at 7 a.m. Eastern time the next workday until an announcement of the adjusted world price for the succeeding weekly period has been made under §1427.25(e).

Commodity Credit Corporation, USDA

§ 1427.25 Determination of the prevailing world market price and the adjusted world price for upland cotton.

(a) CCC will determine the world market price for upland cotton as follows:

(1) During the period when only one daily price quotation is available for each growth quoted for Middling one and three-thirty-second inch (M 1⅜-inch) cotton, CFR (cost and freight) Far East, the prevailing world market price for upland cotton will be based on the average of the quotations for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M 1⅜-inch cotton, CFR Far East.

(2) During the period when both a price quotation for cotton for shipment no later than August/September of the current calendar year (current Far East shipment price) and a price quotation for cotton for shipment no earlier than October/November of the current calendar year (forward Far East shipment price) are available for growths quoted for M 1⅜-inch cotton, CFR Far East, the prevailing world market price for upland cotton will be based on the average of the current Far East shipment prices for the preceding Friday through Thursday for the 5 lowest-priced growths of the growths quoted for M 1⅜-inch cotton, CFR Far East.

(3) The upland cotton prevailing world market price determined as specified in paragraphs (a)(1) or (a)(2) of this section is referred to as the “Far East price” (FE).

(4) If quotes are not available for 1 or more days in the 5-day period, the available quotes during the period will be used. If no quotes are available during the Friday through Thursday period, the prevailing world market price will be based on the best available world price information, as CCC determines.

(b) The upland cotton prevailing world market price, adjusted as specified in paragraph (c) of this section (adjusted world price (AWP)), will apply to the 2008 through 2012 crops of upland cotton and to the 2007 crop to the extent provided in §1427.1.

(c) The upland cotton AWP will equal the FE determined as specified in paragraph (a) of this section, adjusted as follows:

(1) FE will be adjusted to U.S. location by deducting the average costs to market, including average transportation costs, as determined by the Secretary.

(2) The price determined as specified in paragraph (c)(1) of this section will be adjusted to reflect the price of base quality upland cotton by deducting the difference, as CCC announces, between the applicable loan rate for an upland cotton crop for M 1 3/32-inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 79.5 through 82.4 percent) cotton and the loan rate for base quality upland cotton.

(3) The prevailing world market price, adjusted as specified in paragraphs (c)(1) and (c)(2) of this section, may be further adjusted if it is determined that the adjustment is necessary to:

(i) Minimize potential loan forfeitures;
(ii) Minimize the accumulation of stocks of upland cotton by the Federal Government;
(iii) Ensure that upland cotton produced in the United States can be marketed freely and competitively, both domestically and internationally; and
(iv) Ensure an appropriate transition between current-crop and forward-crop price quotations, except that forward-crop price quotations may be used prior to July 31 of a marketing year only if there are insufficient current crop quotations and the forward-crop price quotation is the lowest such quotation available.

(d) The upland cotton AWP, determined as specified in paragraph (c) of this section, and the amount of the additional adjustment determined as specified in paragraphs (e) and (f) of this section, will be announced, to the extent practicable, at 4 p.m. eastern time each Thursday continuing through the last Thursday of March 2014 (March 27, 2014). In the event that
§ 1427.25

Thursday is a non-work day, the determination will be announced, to the extent practicable, at 8 a.m. eastern time the next work day.

(e)(1)(i) AWP, determined as specified in paragraph (c) of this section, will be subject to a further coarse count adjustment as provided in this section regarding all qualities of upland cotton eligible for loan except the following upland cotton grades with a staple length of 1 1/16-inch or longer:

(A) White Grades—Strict Middling and better, leaf 1 through leaf 6; Middling, leaf 1 through leaf 6; Strict Low Middling, leaf 1 through leaf 6; and Low Middling, leaf 1 through leaf 5;

(B) Light Spotted Grades—Strict Middling and better, leaf 1 through leaf 5; Middling, leaf 1 through leaf 5; and Strict Low Middling, leaf 1 through leaf 4; and

(C) Spotted Grades—Strict Middling and better, leaf 1 through leaf 2; and

(ii) Grade, leaf, and staple length must be determined as specified in § 1427.9. If no such official classification is presented, the coarse count adjustment will not be made.

(2) The adjustment for upland cotton specified in paragraph (e)(1) of this section will be determined by deducting from AWP:

(i) The difference between FE, and

(A) During the period when only one daily price quotation for each growth quoted for “coarse count” cotton, CFR Far East, is available, the average of the quotations for the corresponding Friday through Thursday for the three lowest-priced growths of the growths quoted for “coarse count” cotton, CFR Far East (Far East coarse count price) or

(B) During the period when both current Far East shipment prices and forward Far East shipment prices are available for the growths quoted for “coarse count” cotton, CFR Far East, the result calculated by the average of the current Far East shipment prices for the preceding Friday through Thursday for the three lowest-priced growths of the growths quoted for “coarse count” cotton, CFR Far East (Far East coarse count price) minus

(ii) The difference between the applicable loan rate for an upland cotton crop for M 1 1/16-inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton and the loan rate for an upland cotton crop for SLM 1 1/16-inch, leaf 4, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 79.5 through 82.4 percent) cotton.

(3) Regarding the determination of the Far East coarse count price specified in paragraph (e)(2)(i) of this section:

(i) If no quotes are available for one or more days of the 5-day period, the available quotes will be used;

(ii) If quotes for three growths are not available for any day in the 5-day period, that day will not be considered; and

(iii) If quotes for three growths are not available for at least 3 days in the 5-day period, that week will not be considered, in which case the adjustment determined as specified in paragraph (e)(2) of this section for the latest available week will continue to be applicable.

(f)(1)(i) AWP, determined as specified in paragraph (c) of this section, will be subject to a further fine count adjustment as provided in this section regarding all upland cotton having a loan schedule premium or discount exceeding that for Middling, leaf 3, staple length 1 1/16-inch upland cotton, and

(ii) Grade, staple length, and leaf must be determined as specified in § 1427.9. If no such official classification is presented, the fine count adjustment will not be made.

(2) The adjustment for upland cotton specified in paragraph (f)(1) of this section will be determined by deducting from AWP:

(i) The difference between FE, and

(A) During the period when only one daily price quotation for each growth quoted for “fine count” cotton, CFR Far East, is available, the average of the quotations for the corresponding Friday through Thursday for the three lowest-priced growths of the growths quoted for “fine count” cotton, CFR Far East (Far East fine count price) or

(B) During the period when both current Far East shipment prices and forward Far East shipment prices are available for the growths quoted for “fine count” cotton, CFR Far East, the result calculated by the average of the quotations for the corresponding Friday through Thursday for the three lowest-priced growths of the growths quoted for “fine count” cotton, CFR Far East (Far East fine count price) minus

(ii) The difference between the applicable loan rate for an upland cotton crop for M 1 1/16-inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 80 through 82 percent) cotton and the loan rate for an upland cotton crop for SLM 1 1/16-inch, leaf 4, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 79.5 through 82.4 percent) cotton.
available for the growths quoted for “fine count” cotton, CFR Far East, the result calculated by the average of the current Far East shipment prices for the preceding Friday through Thursday for the three lowest-priced growths of the growths quoted for “fine count” cotton, CFR Far East (Far East fine count price) minus
(ii) The difference between the applicable loan rate for an upland cotton crop for M 13\%/inch, leaf 3, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 79.5 through 82.4 percent) cotton and the loan rate for an upland cotton crop for SM 1\%/inch, leaf 2, (micronaire 3.5 through 3.6 and 4.3 through 4.9, strength 25.5 through 29.4 grams per tex, length uniformity 79.5 through 82.4 percent) cotton.
(iii) Regarding the determination of the Far East fine count price under paragraph (f)(2)(i) of this section:
(i) If no quotes are available for one or more days of the 5-day period, the available quotes will be used;
(ii) If quotes for three growths are not available for any day in the 5-day period, that day will not be considered; and
(iii) If quotes for three growths are not available for at least 3 days in the 5-day period, that week will not be considered, in which case the adjustment determined as specified in paragraph (f)(2) of this section for the latest available week will continue to be applicable.
(g) In the determination of FE as specified in paragraph (a)(2) of this section, the Far East coarse count price specified in paragraph (e)(2)(i)(B) of this section, and the Far East fine count price as specified in paragraph (f)(2)(i)(B) of this section, CCC will use either current Far East shipment prices, forward Far East shipment prices, or any combination thereof to determine FE or the Far East coarse count price or the Far East fine count price used in the determination of the adjustment for upland cotton specified in paragraphs (e)(1) and (f)(1) of this section and determined as specified in paragraphs (e)(2) and (f)(2) of this section to prevent distortions in such adjustment.
(h) For particular bales, the AWP determined as specified in paragraph (c) of this section, will be subject to further adjustments to a value no less than zero, as CCC determines, based on the Schedule of Premiums and Discounts as announced for the loan program for an upland cotton crop.

(b) CCC will prescribe forms used in administering Economic Adjustment Assistance to Users of Upland Cotton.

§ 1427.101 Eligible upland cotton.
(a) For purposes of this subpart, eligible upland cotton is baled upland cotton, regardless of origin, that is opened by an eligible domestic user on or after August 1, 2008, and is either:

(4) Re-ginned (processed) motes.
(b) Eligible upland cotton must not be
§ 1427.102 Eligible domestic users.
(a) For purposes of this subpart, a person regularly engaged in the business of opening bales of eligible upland cotton for the purpose of spinning, papermaking, or processing of non-woven cotton fabric in the United States, who has entered into an agreement with CCC to participate in the upland cotton user program, will be considered an eligible domestic user.

(a) Beginning August 1, 2008 and ending July 31, 2012, the payment rate for purposes of calculating payments as specified in this subpart will be 4 cents per pound.
(b) Beginning August 1, 2012, the payment rate for purposes of calculating payments as specified in this subpart will be 3 cents per pound.

§ 1427.105 Payment.
(a) Payments specified in this subpart will be determined by multiplying:
(1) The payment rate, determined as specified in §1427.104, by
(2) The net weight (gross weight minus the weight of bagging and ties), determined as specified in paragraph (b) of this section, of eligible upland cotton bales an eligible domestic user opens during the immediately preceding calendar month.
(b) For the purposes of this subpart, the net weight will be determined based on the net weight of the cotton used, but not to exceed the last available certified weight;

(e) All payments received by the agreement holder must be used for purposes as specified in section 1207 of the Food, Conservation, and Energy Act of 2008 (Pub. L. 110–246, referred to commonly as the 2008 Farm Bill). Authorized expenditures include acquisition, construction, installation, modernization, development, conversion, or expansion of land, plant, buildings, equipment, facilities, or machinery. Such capital expenditures must be directly attributable and certified as such by the user for the purpose of manufacturing upland cotton into eligible cotton products in the United States.

Subpart D—Recourse Seed Cotton Loans

SOURCE: 67 FR 64459, Oct. 18, 2002, unless otherwise noted.

§ 1427.160 Applicability.
(a) This subpart is applicable to the 2008 through 2012 crops of upland and extra long staple seed cotton. These regulations set forth the terms and conditions under which recourse seed
cotton loans shall be made available by CCC. Such loans will be available through March 31 of the year following the calendar year in which such crop is normally harvested. CCC may change the loan availability period to conform to State or locally imposed quarantines. Additional terms and conditions are in the note and security agreement which must be executed by a producer in order to receive such loans.

(b) Loan rates and the forms that are used in administering the recourse seed cotton loan program for a crop of cotton are available in FSA State and county offices. Loan rates will be based on the base quality loan rate for upland cotton and the national average loan rate for extra long staple cotton.

(c) A producer must, unless otherwise authorized by CCC, request the loan at the county office which, under part 718 of this title, is responsible for administering programs for the farm on which the cotton was produced. All note and security agreements and related documents necessary for the administration of the recourse seed cotton loan program shall be prescribed by CCC and shall be available at State and county offices.

(d) Loans shall not be available for seed cotton produced on land owned or otherwise in the possession of the United States if such land is occupied without the consent of the United States.

§ 1427.161 Administration.

(a) The recourse seed cotton loan program which is applicable to a crop of cotton shall be administered under the general supervision of the Executive Vice President, CCC, or a designee and shall be carried out in the field by State and county FSA committees (State and county committees, respectively).

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State committee shall take any action required by these regulations which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, an action taken by such county committee which is not under the regulations of this subpart; or

(2) Require a county committee to withhold taking any action which is not under the regulations of this subpart.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC (Administrator, FSA), or a designee from determining any question arising under the recourse seed cotton program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, FSA, may authorize waiver or modification of deadlines and other program requirements where lateness or failure to meet such other requirements does not adversely affect the operation of the recourse seed cotton loan program.

(f) A representative of CCC may execute loan applications and related documents only under the terms and conditions determined and announced by CCC. Any such document which is not executed under such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.

§ 1427.162 [Reserved]

§ 1427.163 Disbursement of loans.

(a) A producer or the producer’s agent shall request a loan at the county office for the county which, under part 718 of this title, is responsible for administering programs for the farm on which the cotton was produced and which will assist the producer in completing the loan documents, except that CMA’s designated by producers to obtain loans in their behalf may, unless otherwise authorized by CCC, obtain loans through a central county office designated by the State committee.

(b) Disbursement of each loan will be made by the county office of the county which is responsible for administering programs for the farm on which the cotton was produced, except
that CMA's designated by producers to obtain loans in their behalf may, unless otherwise authorized by CCC, obtain disbursement of loans at a central county office designated by the State committee. Service charges shall be deducted from the loan proceeds. The producer or the producer's agent shall not present the loan documents for disbursement unless the cotton is in existence and in good condition. If the cotton is not in existence and in good condition at the time of disbursement, the producer or the agent shall immediately return the check issued in payment of the loan or, if the check has been negotiated, the total amount disbursed under the loan, and charges plus interest shall be refunded promptly.

§ 1427.164 Eligible producer.

An eligible producer must meet the requirements of §1427.4.

§ 1427.165 Eligible seed cotton.

(a) Seed cotton pledged as collateral for a loan must be tendered to CCC by an eligible producer and must:
(1) Be in existence and in good condition at the time of disbursement of loan proceeds;
(2) Be stored in identity-preserved lots in approved storage meeting requirements of §1427.171;
(3) Be insured at the full loan value against loss or damage by fire;
(4) Not have been sold, nor any sales option on such cotton granted, to a buyer under a contract which provides that the buyer may direct the producer to pledge the seed cotton to CCC as collateral for a loan;
(5) Not have been previously sold and repurchased; or pledged as collateral for a CCC loan and redeemed;
(6) Be production from acreage that has been reported timely under part 718 of this title; and
(b) The quality of cotton which may be pledged as collateral for a loan shall be the estimated quality of lint cotton in each lot of seed cotton as determined by the county office, except that if a control sample of the lot of cotton is classed by an Agricultural Marketing Service (AMS) Cotton Classing Office or other entity approved by CCC, the quality for the lot shall be the quality shown on the applicable documentation issued for the control sample.
(c) To be eligible for loan, the beneficial interest in the seed cotton must be in the producer who is pledging the seed cotton as collateral for a loan as provided in §1427.5(c).

§ 1427.166 Insurance.

The seed cotton must be insured at the full loan value against loss or damage by fire.

§ 1427.167 Liens.

If there are any liens or encumbrances on the seed cotton tendered as collateral for a loan, waivers that fully protect the interest of CCC must be obtained even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the cotton after the loan is approved.

§ 1427.168 [Reserved]

§ 1427.169 Fees, charges, and interest.

(a) A producer shall pay a non-refundable loan service fee to CCC at a rate determined by CCC.
(b) Interest which accrues for a loan shall be determined under part 1405 of this chapter.

§ 1427.170 Quantity for loan.

(a) The quantity of lint cotton in each lot of seed cotton tendered for loan shall be determined by the county office by multiplying the weight or estimated weight of seed cotton by the lint turnout factor determined under paragraph (b) of this section.
(b) The lint turnout factor for any lot of seed cotton shall be the percentage determined by the county committee representative during the initial inspection of the lot. If a control portion of the lot is weighed and ginned, the lint turnout factor determined for the portion of cotton ginned will be used for the lot. If a control portion is not weighed and ginned, the lint turnout factor shall not exceed 32 percent for machine-picked cotton and 22 percent for machine-stripped cotton unless acceptable proof is furnished showing that the lint turnout factor is greater.
(c) Loans shall not be made on more than a percentage established by the
Commodity Credit Corporation, USDA  § 1427.172

county committee of the quantity of lint cotton determined as provided in this section. If the seed cotton is weighed, the percentage to be used shall not be more than 95 percent. If the quantity is determined by measurement, the percentage to be used shall not be more than 90 percent. The percentage to be used in determining the maximum quantity for any loan may be reduced below such percentages by the county committee when determined necessary to protect the interests of CCC on the basis of one or more of the following risk factors:

(1) Condition or suitability of the storage site or structure;
(2) Condition of the cotton;
(3) Location of the storage site or structure; and
(4) Other factors peculiar to individual farms or producers which related to the preservation or safety of the loan collateral. Loans may be made on a lower percentage basis at the producer's request.

§ 1427.171 Approved storage.

Approved storage shall consist of storage located on or off the producer's farm (excluding public warehouses) which is determined by a county committee representative to afford adequate protection against loss or damage and which is located within a reasonable distance, as determined by CCC, from an approved gin. If the cotton is not stored on the producer's farm, the producer must furnish satisfactory evidence that the producer and any person having an interest in the cotton including CCC, have the right to enter the premises to inspect and examine the cotton and shall permit a reasonable time to such persons to remove the cotton from the premises.

§ 1427.172 Settlement.

(a) A producer may, at any time before maturity of the loan, obtain release of all or any part of the loan seed cotton by paying to CCC the amount of the loan, plus interest and charges.

(b)(1) A producer or the producer's agent shall not remove from storage any cotton which is pledged as collateral for a loan until prior written approval has been received from CCC for removal of such cotton. If a producer or the producer's agent obtains such approval, they may remove such cotton from storage, sell the seed cotton, have it ginned, and sell the lint cotton and cottonseed obtained therefrom. The ginner shall inform the county office in writing immediately after the seed cotton removed from storage has been ginned and furnish the county office the loan number, producer's name, and applicable gin bale numbers. If the seed cotton is removed from storage, the loan principal plus interest and charges thereon must be satisfied not later than the earlier of:

(i) The date established by the county committee;
(ii) 5 days after the date of the producer received the AMS classification under §1427.9 (and the warehouse receipt, if the cotton is delivered to a warehouse), representing such cotton; or
(iii) The loan maturity date.

(2) If the seed cotton or lint cotton is sold, the loan principal, interest, and charges must be satisfied immediately.

(3) A producer, except a CMA, may obtain a nonrecourse loan or loan deficiency payment under subpart A of this part, on the lint cotton, but:

(i) The loan principal, interest, and charges on the seed cotton must be satisfied from the proceeds of the nonrecourse loan under subpart A of this part; or
(ii) The loan deficiency payment must be applied to the loan principal, interest, and charges on the outstanding seed cotton loan.

(4) A CMA must repay the seed cotton loan principal, interest, and charges before pledging the cotton for a nonrecourse loan or before a loan deficiency payment can be approved under subpart A of this part, on the lint cotton. If CMA's authorized by producers to obtain loans in their behalf remove seed cotton from storage before obtaining approval to move such cotton, such removal shall constitute conversion of such cotton unless the CMA:
§ 1427.173

(i) Notifies the county office in writing the following morning by mail or otherwise that such cotton has been moved and is on the gin yard;

(ii) Furnishes CCC an irrevocable letter of credit if requested; and

(iii) Repays the loan principal, plus interest and charges, within the time specified by the county committee.

(5) Any removal from storage shall not be deemed to constitute a release of CCC’s security interest in the seed cotton or to release the producer or CMA from liability for the loan principal, interest, and charges if full payment of such amount is not received by the county office.

(c) If, either before or after maturity, the producer discovers that the cotton is going out of condition or is in danger of going out of condition, the producer shall immediately notify the county office and confirm such notice in writing. If the county committee determines that the cotton is going out of condition, the county committee will call for repayment of the loan principal, plus interest and charges on or before a specified date. If the producer does not repay the loan or have the cotton ginned and obtain a nonrecourse loan under subpart A of this part on the lint cotton produced therefrom within the period as specified by the county committee, the cotton shall be considered abandoned.

(d) If the producer has control of the storage site and if the producer subsequently loses control of the storage site or there is danger of flood or damage to the seed cotton or storage structure making continued storage of the cotton unsafe, the producer shall immediately either repay the loan or move the seed cotton to the nearest approved gin for ginning and shall, at the same time, inform the county office. If the producer does not do so, the seed cotton shall be considered abandoned.

§ 1427.174 Maturity of seed cotton loans.

Seed cotton loans mature on demand by CCC but no later than May 31 following the calendar year in which such crop is normally harvested.

§ 1427.175 Liability of the producer.

(a)(1) If a producer makes any fraudulent representation in obtaining a loan, maintaining a loan, or settling a loan or if the producer disposes of or moves the loan collateral without the prior approval of CCC, such loan amount shall be refunded upon demand by CCC. The producer shall be liable for:

(i) The amount of the loan;

(ii) Any additional amounts paid by CCC for the loan;

(iii) All other costs which CCC would not have incurred but for the fraudulent representation or the unauthorized disposition or movement of the loan collateral;

(iv) Applicable interest on such amounts; and

(v) Liquidated damages under paragraph (e) of this section.

(2) Notwithstanding any provision of the note and security agreement, if a producer has made any such fraudulent representation or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC, the value of such collateral acquired by CCC shall be equal to the

§ 1427.173 Foreclosure.

Any seed cotton pledged as collateral for a loan which is abandoned or which has not been ginned and pledged as collateral for a nonrecourse loan under subpart A of this part by the seed cotton loan maturity date may be removed from storage by CCC and ginned and the resulting lint cotton warehoused for the account of CCC. The lint cotton and cottonseed may be sold, at such time, in such manner, and upon such terms as CCC may determine, at public or private sale. CCC may become the purchaser of the whole or any part of such cotton and cottonseed. If the proceeds received from the sales of the cotton are less than the amount due on the loan (including principal, interest, ginning charges, and any other charges incurred by CCC), the producer shall be liable for such difference. If the proceeds received from sale of the cotton are greater than the sum of the amount due plus any cost incurred by CCC in conducting the sale of the cotton, the amount of such excess shall be paid to the producer or, if applicable, to any secured creditor of the producer.

sales price of the cotton less any costs incurred by CCC in completing the sale.

(b) If the amount disbursed under a loan, or in settlement thereof, exceeds the amount authorized by this subpart, the producer shall be liable for repayment of such excess, plus interest. In addition, seed cotton pledged as collateral for such loan shall not be released to the producer until such excess is repaid.

c) If the amount collected from the producer in satisfaction of the loan is less than the amount required under this subpart, the producer shall be personally liable for repayment of the amount of such deficiency plus applicable interest.

(d) If more than one producer executes a note and security agreement with CCC, each such producer shall be jointly and severally liable for the violation of the terms and conditions of the note and security agreement and the regulations in this subpart. Each such producer shall also remain liable for repayment of the entire loan amount until the loan is fully repaid without regard to such producer’s claimed share in the seed cotton pledged as collateral for the loan. In addition, such producer may not amend the note and security agreement for the producer’s claimed share in such seed cotton, after execution of the note and security agreement by CCC.

(e) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC if a producer makes any fraudulent representation in obtaining a loan or in maintaining or settling a loan or disposing of or moving the collateral without the prior approval of CCC. Accordingly, if CCC or the county committee determines that the producer has violated the terms or conditions of the note and security agreement, liquidated damages shall be assessed on the quantity of the seed cotton which is involved in the violation. If CCC or the county committee determines the producer:

(i) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note for the first offense;
(ii) 25 percent of the loan rate applicable to the loan note for the second offense; or
(2) Did not act in good faith about the violation, or for cases other than first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note.

(f) For first and second offenses, if CCC or the county committee determines that a producer acted in good faith when the violation occurred, the county committee shall:

(1) Require repayment of the loan principal applicable to the loan quantity affected by the violation, and charges plus interest applicable to the amount repaid;
(2) Assess liquidated damages under paragraph (e) of this section; and
(3) If the producer fails to pay such amount within 30 calendar days from the date of notification, call the applicable loan involved in the violation.

(g) For cases other than first or second offenses, or any offense for which CCC or the county committee cannot determine good faith when the violation occurred, the county committee shall:

(1) Assess liquidated damages under paragraph (e) of this section;
(2) Call the applicable loan involved in the violation.

(h) If CCC or the county committee determines that the producer has committed a violation under paragraph (e) of this section, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information to the county committee regarding the circumstances which caused the violation, and
(2) Administrative actions will be taken under paragraphs (f) or (g) of this section.

(i) Any or all of the liquidated damages assessed under the provision of paragraph (e) of this section may be waived as determined by CCC.
§ 1427.1081 General statement and administration.

(a) This subpart prescribes the requirements which must be met and the procedures which must be followed by a warehouseman in the United States or Puerto Rico who desires the approval by the Commodity Credit Corporation (hereinafter referred to as "CCC") of warehouse(s) for the storage and handling of cotton and cotton linters, under a Cotton Storage Agreement, which are owned by CCC or held by CCC as security for price support loans. This subpart is not applicable to cotton or cotton linters purchased in storage for prompt shipment or to handling operations of a temporary nature.

(b) Copies of the CCC storage agreement and forms required for obtaining approval under this subpart may be obtained from the Kansas City Commodity Office, U.S. Department of Agriculture, P.O. Box 205, Kansas City, Missouri 64141 (hereinafter referred to as the "KCCO").

(c) A warehouse must be approved by the KCCO and a storage agreement must be in effect between CCC and the warehouseman before CCC will use such warehouse. The approval of a warehouse or the entering into of a storage agreement does not constitute a commitment that CCC will use the warehouse, and no official or employee of the U.S. Department of Agriculture is authorized to make any such commitment.

(d) A warehouseman, when applying for approval under this subpart shall submit to CCC at KCCO:

(1) A completed Form CCC–49, "Application for Approval of Warehouse for Storage of Cotton and/or Cotton Linters;"

(2) A current financial statement on Form WA–51, "Financial Statement," supported by such supplemental schedules as CCC may request. Financial statements may be submitted on forms other than Form WA–51 with approval of the Director, KCCO, or the Director's designee. Financial statements shall show the financial condition of the warehouseman as of a date no earlier than ninety (90) days prior to the date of the warehouseman's application, or such other date as CCC may prescribe. Additional financial statements shall be furnished annually and at such other times as CCC may require. CCC also may require that financial statements prepared by the warehouseman or by a public accountant be examined by an independent certified public accountant in accordance with generally accepted auditing standards. Only one financial statement is required for a chain of warehouses owned or operated by a single business entity. If approved by the Director, KCCO, or the Director's designee, the financial statement of a parent company, which includes the financial position of a wholly-owned subsidiary, may be used to meet the CCC standards for approval for the wholly-owned subsidiary.

(3) Evidence that the warehouseman is licensed by the appropriate licensing authority as required under §1427.1082(a)(2) and such other documents or information as CCC may require.

(4) For warehouseman not operating under the U.S. Warehouse Act, a sample copy of the warehouseman's receipts and bale tags, and

(5) Evidence of applicable fire insurance rates.

§ 1427.1082 Basic standards.

Unless otherwise provided in this subpart, each warehouseman and each of the warehouses owned or operated by such warehouseman for which CCC approval is sought for the storage or handling of CCC-owned or -loan commodities shall meet the following standards:

(a) The warehouseman shall:

(1) Be an individual, partnership, corporation, association, or other legal entity engaged in the business of storing or handling for hire, or both, the applicable commodity. The warehouseman,
Commodity Credit Corporation, USDA § 1427.1083

if a corporation, shall be authorized by its charter to engage in such business,
(2) Have a current and valid license for the kind of storage operation for which the warehouseman seeks approval if such a license is required by State or local laws or regulations,
(3) Have a net worth which is the greater of $25,000 or the amount which results from multiplying the maximum storage capacity of the warehouse (the total number of bales of cotton or cotton linters which the warehouse can accommodate when stored in the customary manner) times ten (10) dollars per bale. The net worth need not exceed $250,000. If the calculated net worth exceeds $25,000, the warehouseman may satisfy any deficiency in net worth between the $25,000 minimum requirement and such calculated net worth by furnishing bond (or acceptable substitute security) meeting the requirements of §1427.1083,
(4) Have available sufficient funds to meet ordinary operating expenses,
(5) Have satisfactorily corrected, upon request by CCC, any deficiencies in the performance of any storage agreement with CCC,
(6) Maintain accurate and complete inventory and operating records,
(7) Use only card type warehouse receipts which are pre-numbered and pre-punched or such other document as CCC may prescribe,
(8) Have available at the warehouse adequate and operable firefighting equipment for the type of warehouse and applicable stored commodity, and
(9) Have a work force and equipment available to provide adequate storage and handling service.
(b) The warehouseman, officials, or supervisory employees of the warehouseman in charge of the warehouse operation shall have the necessary experience, organization, technical qualifications, and skills in the warehousing business regarding the applicable commodities to enable them to provide proper storage and handling services.
(c) Warehouseman, officials and each of the supervisory employees of the warehouseman in charge of the warehouse operation shall:
(1) Have a satisfactory record of integrity, judgment, and performance, and
(2) Be neither suspended nor debarred under applicable CCC suspension and debarment regulations.
(d) The warehouse shall:
(1) Be of sound construction, in good state of repair, and adequately equipped to receive, handle, store, preserve, and deliver the applicable commodity,
(2) Be under the control of the contracting warehouseman at all times, and
(3) Not be subject to greater than normal risk of fire, flood, or other hazards.

§1427.1083 Bonding requirements for net worth.

A bond furnished by a warehouseman under this subpart must meet the following requirements:
(a) Such bond shall be executed by a surety which:
(1) Has been approved by the U.S. Treasury Department, and
(2) Maintains an officer or representative authorized to accept service of legal process and in the State where the warehouse is located.
(b) Such bond shall be on Form CCC–33, “Warehouseman’s Bond”, except that a bond furnished under State law (statutory bond) or under operational rules of nongovernmental supervisory agencies may be accepted in an equivalent amount as a substitute for a bond running directly to CCC if:
(1) CCC determines that such bond provides adequate protection to CCC,
(2) It has been executed by a surety specified in paragraph (a) of this section or has a blanket rider and endorsement executed by such a surety with the liability of the surety under such rider or endorsement being the same as that of the surety under the original bond, and
(3) It is noncancellable for not less than ninety (90) days or includes a rider providing for not less than ninety (90) days’ notice to CCC before cancellation. Excess coverage on a substitute bond for one warehouse will not be accepted or applied by CCC against insufficient bond coverage on other warehouses.
§ 1427.1084 Examination of warehouses.

Except as otherwise provided in this subpart, a warehouse must be examined by a person designated by CCC before it may be approved by CCC for the storage and handling of the commodity and periodically thereafter to determine its compliance with CCC's standards and requirements.

§ 1427.1085 Exceptions.

Notwithstanding any other provisions of this rule:

(a) The financial bond and original and periodic warehouse examination provisions of this subpart do not apply to any warehouseman approved or applying for approval for the storage and handling of cotton or cotton linters under CCC programs if the warehouse is licensed under the U.S. Warehouse Act for such commodity but a special examination shall be made of such warehouse whenever CCC determines such action is necessary.

(b) A warehouseman who has a net worth of at least $25,000 but who fails, or whose warehouse fails, to meet one or more of the other standards of this subpart may be approved if:

(1) CCC determines that the warehouse services are needed and the warehouse storage and handling conditions provide satisfactory protection for the commodity.

(2) The warehouseman furnishes such additional bond coverage (or cash or acceptable negotiable securities or legal liability insurance policy) as may be prescribed by CCC.

§ 1427.1086 Approval of warehouse, requests for reconsideration.

(a) CCC will approve a warehouse if it determines that the warehouse meets the standards set forth in this subpart. CCC will send a notice of approval to the warehouseman. Approval under this subpart, however, does not relieve the warehouseman of the responsibility for performing the warehouseman's obligations under any agreement with CCC or any other agency of the United States.

(b) Except as otherwise provided in this subpart:

(1) CCC will not approve the warehouse if CCC determines that the warehouse does not meet the standards set forth in this subpart, and

(2) CCC will send any notice of rejection of approval to the warehouseman. This notice may state the cause(s) for such action. Unless the warehouseman or any officials or supervisory employees of the warehouseman are suspended or debarred, CCC will approve the warehouse if the warehouseman establishes that the causes for CCC’s rejection of approval have been remedied.

When appealing under such regulations, the warehouseman shall be considered as a "participant"; and

(2) In §1427.1082(c)(2), the warehouseman's administrative appeal rights with respect to suspension and debarment shall be in accordance with applicable CCC regulations. After expiration of a period of suspension or debarment, a warehouseman may, at any time, apply for approval under this subpart.

(b) Warehousemen who are currently under contract with CCC will be required to meet the terms and conditions of these regulations at the time of renewal of their contract.

(a) This subpart governs the Milk Income Loss Contract Program. This program provides financial assistance to dairy operations in connection with milk production that is sold in the commercial market.  

§ 1430.201 Administration.  
(a) This program is administered under the general supervision of the Executive Vice President, CCC, or a designee, and shall be carried out by Farm Service Agency (FSA) State and county committees and employees.
(b) State and county committees, and their employees may not waive or modify any requirement of this subpart, except as provided in paragraph (e) of this section.
(c) The State committee shall take any action required when not taken by the county committee, require correction of actions not in compliance, or require the withholding of any action that is not in compliance with this subpart.
(d) The Executive Vice President, CCC, or a designee, may determine any question arising under the program or reverse or modify any decision of the State or county committee.
(e) The Deputy Administrator, Farm Programs, FSA, may waive or modify program requirements where failure to meet such requirements does not adversely affect the operation of the Milk Income Loss Contract Program.
(f) A representative of CCC may execute Milk Income Loss Contracts and related documents under the terms and conditions determined and announced by CCC. Any document not under such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void.  

§ 1430.202 Definitions.  
The definitions in this section shall be applicable for all purposes of administering the Milk Income Loss Contract (MILC) program established by this subpart.

In administering this program, for purposes of determining what is a “dairy operation” and its eligibility under this program, those determinations will be made in the same manner as was done for the Dairy Market Loss Assistance (DMLA) contracts in the State in which the dairy is located. New MILC operations, which is to say those operations that did not participate in the MILC program for marketings prior to FY 2008, must be unaffiliated with any other DMLA or MILC operations.
Deputy Administrator means the Deputy Administrator for Farm Programs (DAFP), FSA or a designee.
Eligible production means milk that was produced at a time relevant to this program by cows in the United States and marketed commercially by a producer in a participating State.

Farm Service Agency or FSA means the Farm Service Agency of the Department.

Federal Milk Marketing Order means an order issued under section 8c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937.

Fiscal Year or FY means the year beginning October 1 and ending the following September 30. Fiscal years will be designated for this part by year by reference to the calendar year in which it ends. For example, FY 2009 is from October 1, 2008, through September 30, 2009 (inclusive).

Hundredweight or cwt. means 100 pounds.

Marketed commercially means sold to the market to which the dairy operation normally delivers whole milk and receives a monetary amount.

MILC means the Milk Income Loss Contract program or the form upon which CCC and the producer agree to the terms of the payment to be made under the MILC program.

Milk handler means the marketing agency to or through which the producer commercially markets whole milk.

Milk marketing means a marketing of milk for which there is a verifiable sales or delivery record of milk marketed for commercial use.

Participating State means each of the 50 States in the United States of America, the District of Columbia, and the Commonwealth of Puerto Rico, or any other territory or possession of the United States.

Payment pounds means the pounds of milk production for which an operation is eligible to be paid under this subpart.

United States means the 50 States of the United States of America, the District of Columbia, and the Commonwealth of Puerto Rico, or any other territory or possession of the United States.

Verifiable production records means evidence that is used to substantiate the amount of production marketed and that can be verified by CCC through an independent source.

§ 1430.203 Eligibility.

To be eligible to receive payments under this subpart, a dairy operation must:

(a) Have produced milk in the United States and commercially marketed the milk produced anytime during the period of October 1, 2007, through September 30, 2012;

(b) Enter into a MILC during the contract application period;

(c) Agree to all terms and conditions in the MILC and those that are otherwise contained in this subpart and comply with instructions issued by CCC;

(d) Provide proof of monthly milk production commercially marketed by all persons in the dairy operation during the contract period, to determine the total pounds of milk that will be converted to hundredweight (cwt.) used for payment;

(e) Submit timely production evidence according to § 1430.209;

(f) Be actively engaged in the business of producing and marketing agricultural products anytime during the period of October 1, 2007, through September 30, 2012;

(g) Meet all adjusted gross income eligibility requirements of part 1400 of this chapter as regards any person or entity seeking to receive payment under this part. No person or entity
may, generally, receive any payment for FY 2009 marketings and subsequent marketings if their nonfarm yearly income for the relevant base period for the relevant marketings as determined under the adjusted gross income rules (as in effect when the payment is sought) is over $500,000 as determined under this subpart. Further, for entities an otherwise due payment will be reduced commensurately to the extent that any person with an interest in the entity, as determined under the adjusted gross income rules had such income over that limit for the relevant period;

(h) Have submitted a contract during the applicable contract period for FYs 2008 through 2012:

(1) Except for 2009, and subject to the start month provision of §1430.205, must have for any fiscal year or month for which payment is sought to be paid submitted the FY 2008 through 2012 contract before the end of that fiscal year or month;

(2) For FY 2008 payments, if payments are generated under this part for that fiscal year, must have submitted a contract for the FY 2008 through 2012 program by October 1, 2009 and for FY 2009 the contract must have been submitted by the month for which payment is first sought except to the extent that §1430.205 explicitly permits the operation to pick a start month in advance of the month in which the contract is submitted; and

(i) Must not, if it did not participate in the preceding MILC program for fiscal years prior to FY 2008, be affiliated with any other dairy operation.

§1430.204 Requesting benefits.

(a) A request for benefits or contract application, under this subpart must be submitted on a form as prescribed by the Agency. Contract applications shall be submitted to the FSA office serving the county where the dairy operation is located. Contract applications must be received by FSA by the close of business on the date established by the Deputy Administrator. Contract applications received after such date shall be disapproved.

(b) The dairy operation requesting MILC benefits must certify the accuracy and truthfulness of the information in their contract application. All information provided is subject to verification by CCC. Refusal to allow CCC or any other agency of the Department to verify any information provided will result in disapproval.

(c) Contract applications will be approved by execution by FSA and producer of a MILC. All persons who share in the risk of a dairy operation's total production must sign and certify the contract application.

§1430.205 Selection of starting month.

(a) A dairy operation that enters into a MILC contract with CCC must designate the starting month for each fiscal year for the calculation of payments and pound limits for the operation. Once a start month is chosen for a fiscal year the corresponding month will be the start month for each subsequent fiscal year unless changed by an affirmative request in writing on a form approved by CCC. The production start month must be selected on or before the 14th of the month before the month for which payment is sought. If such date falls on a weekend, the start month selection must be made on the last business day preceding the weekend. A dairy operation cannot select as the start month for payment a month which:

(1) Has already begun, except as provided in paragraph (c)(1) of this section;

(2) Has already passed; or

(3) During which no milk production was produced by the dairy operation.

(b) For FY 2009, if the operation signs its FY 2008 through 2012 MILC contract within 30 days of the beginning of the application period it can pick any preceding FY 2009 month as its start month for that period or can use the normal rule of paragraph (c) of this section to pick the start month.

(c) Except as provided in paragraph (b) of this section, the start month for a fiscal year may only be

(1) For the fiscal year in which the contract is submitted, the month the contract is submitted or

(2) For a fiscal year that has not yet begun, any month, provided that a
Commodity Credit Corporation, USDA

§ 1430.207 Dairy operation payment quantity.

(d) Dairy operations may change the production start month on or before the 14th day of the month previously selected.

(e) If a change of the production starting month is not made by the dates required by paragraph (d) of this section, the MILC production starting month cannot be changed until the next fiscal year. If the selected MILC production starting month is never modified, it will remain the same throughout the duration of the contract.

(f) MILC payments will be made consecutively to the dairy operation on a monthly basis after the production starting month has been designated until the earlier of the following:

1. Payment quantity is reached in accordance with §1430.207; or
2. The end of the applicable fiscal year.

(g)(1) MILC production start month selections made during the signup period designated by CCC may be made as provided in paragraph (b) of this section, otherwise MILC production start month selections must be made in accordance with paragraph (c) of this section. If a payment rate is not in effect during the production start month selected by the dairy operation, payments to the dairy operation will be issued based on the next consecutive month with a payment rate in effect following the MILC production start month selected by the dairy operation. Production in months in which the pay formula does not produce a payment will not count against the fiscal year's poundage limit for the operation.

(2) Dairy operations with MILC production start months that begin with the month a MILC contract is submitted to FSA or that begin with the first month of the fiscal year with an effective payment rate will receive payments made by CCC consecutively on a monthly basis, if otherwise provided for in this part, until the earlier of the following:

1. The maximum payment quantity for the fiscal year or month is reached as determined in accordance with §1430.207 or
2. The end of the applicable fiscal year.

(h) All producers involved in the dairy operation must agree to the month designated. The dairy operation assumes the risk of not reaching the maximum payment quantity based on the month selected by the dairy operation. Payments will not be issued for past months for the sole purpose of reaching the maximum payment quantity.

[71 FR 19622, Apr. 17, 2006, as amended at 73 FR 73766, Dec. 4, 2008]
§ 1430.208 Payment rate and dairy operation payment.

(a) Payments under this subpart may be made to dairy operations when the Boston Class I milk price under the applicable Federal milk marketing order is below $16.94 per cwt. No payments will be made to dairy operations for marketings during the months that the Boston Class I milk price under the applicable milk marketing order is equal to or exceeds $16.94.

(b) A per-hundredweight payment rate will be determined for the applicable month by:

(1) Subtracting from $16.94 the Class I milk price per cwt. in Boston;

(2) Multiplying the difference by 34 percent for marketings during the period beginning on October 1, 2007, and ending on September 30, 2008;

(3) Multiplying the difference by 45 percent for marketings during the period beginning on October 1, 2008, and ending on August 31, 2012; and

(4) Multiplying the difference by 34 percent for marketings in September 2012.

(c) The payment rate as calculated as specified in paragraph (b) of this section, will be adjusted to compensate for feed prices when the National Average Dairy Feed Ration Cost for a month is greater than the levels set in paragraphs (c)(1) and (c)(2) of this section. The National Average Dairy Feed Ration Cost per cwt. for each month will be calculated using the same procedures used to calculate the feed components of the estimated price of 16 percent Mixed Dairy Feed per pound noted on page 33 of the USDA monthly Agricultural Prices publication (including the data and factors noted in footnote 4). The payment rate adjustment for Entire Month feed prices will be determined by increasing $16.94 by the percentage that is 45 percent of the percentage by which the National Average Dairy Feed Ration Cost exceeds $7.35 per cwt. (except that $7.35 will be $9.50 for September 2012 marketings.)

(d) Each eligible dairy operation payment will be calculated, as determined by the Secretary, by:

(1) Converting whole pounds of milk to hundredweight and

(2) Multiplying the payment rate determined in paragraphs (b) and (c) of this section by the quantity of eligible production marketed by the operation during the applicable month as determined according to §1430.205 and other provisions of this subpart.

(3) Payments to dairy operations will be based on calculated payment rates rounded seven places to the right of the decimal.

(e) Payments under this subpart may be made to a dairy operation only up to the maximum production limitations set in §1430.207(b) of eligible production per applicable fiscal year.

(f) Dairy operations receiving benefits under this subpart, will receive earned payments on a monthly basis according to the MILC contract, to the extent practicable, not later than 60 days after the later of production evidence and all supporting documents for the applicable month are received by CCC or the entire month National Average Dairy Feed Ration Cost is made available by USDA, as applicable. Payments issued by CCC more than 60 days after the later of all production evidence and supporting documentation are received by CCC or the entire month National Average Dairy Feed Ration Cost is made available by USDA, whichever is later, will be subject to prompt payment interest as allowed by law. However, CCC will endeavor where possible to make payments within 60 days of the end of the marketing month.

§ 1430.209 Proof of market loss production.

(a) A dairy operation entering into a MILC must, based on instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation's eligible production during the months of each fiscal year designated in the MILC. The dairy operation must also provide proof that the eligible production was commercially marketed during the months beginning October 1, 2007, and ending September 30, 2012. Evidence of milk production claimed for payment shall be provided to CCC with supporting documentation under paragraph (b) of this section. All information provided is subject to
Commodity Credit Corporation, USDA

§ 1430.212 Verification, spot check and audit by FSA. Further verification information may be obtained from the dairy operation's milk handler or marketing cooperative if deemed necessary by CCC to verify provided information. Refusal to allow a representative of CCC or any other agency of the Department of Agriculture to verify any information provided will result in a determination of ineligibility for benefits under this subpart.

(b) Eligible dairy operations marketing milk during the period specified in the MILC shall provide any available supporting documents from all producers in the dairy operation to assist CCC in verifying that the dairy operation produced and marketed milk commercially from the designated starting month and thereafter. Examples of supporting documentation include, but are not limited to: milk marketing payment stubs, tank records, milk handler records, daily milk marketings, copies of any payments received as compensation from other sources, or any other documents available to confirm the production and production history of the dairy operation. Producers may also be required to allow CCC to examine the herd of cattle as production evidence.

If supporting documentation requested is not presented to CCC or FSA, the request for MILC benefits will be disapproved.

§ 1430.211 Duration of contracts.

(a) MILC benefits may be disbursed by a dairy marketing cooperative that serves special groups or communities, such as an Amish or Mennonite community. Producers in such groups in a dairy operation may authorize an agent of a dairy cooperative or milk handler affiliated with such cooperative to obtain and disburse MILC benefits to the dairy operation.

(b) The authorized MILC agent must on behalf of the dairy operation do the following:

1. Obtain an acceptable power of attorney or acceptable equivalent for the producers of the dairy operation that authorizes the agent to enter into an MILC contract;
2. Enter into a written agreement with CCC for approval to act as a MILC agent on a form prescribed by CCC;
3. Provide the dairy operation's monthly production evidence to the appropriate FSA office;
4. Disburse payment to the dairy operation in the producer's monthly milk check or in an otherwise approved manner.

§ 1430.212 Contract modifications and statutory changes in program.

(a) Producers in a dairy operation must notify FSA immediately of any changes that may affect their MILC. Changes include, but are not limited to changes to the starting month to receive payment for the next fiscal year, death of producer on the contract, new member joining the operation, member exiting the operation, transfer of shares by sale or other transfer action, or farm reconstitutions undertaken in accordance with § 1430.213.

(b) CCC may modify an MILC if such modifications are desirable to carry out purposes of the program or to facilitate the program's administration.

(c) Payments otherwise due under this subpart or the program will be adjusted or denied to the extent provided for by a statutory change in program eligibilities or requirements of any kind irrespective of whether the program contract preceded the statutory change. Operations will be given the

§ 1430.213 Reconstitutions.

(a) A dairy operation receiving MILC benefits may reorganize or restructure such that the constitution or makeup of its operation is reconstituted in another organizational framework. However, any operation that reorganizes or restructures after October 1, 2007, is subject to a review by FSA to determine if the operation was reorganized or restructured for the sole purpose of receiving multiple or additional MILC payments.

(b) A dairy operation that FSA determines has reorganized solely to receive additional MILC payments will be in violation of its contract and dealt with in accordance with §1430.214.

(c) If during the contract period a change in the dairy operation occurs, the modification to the MILC will not take effect until the first day of the fiscal year following the month FSA received notification of the changes. Changes include but are not limited to any producer affiliated with a dairy operation that has an approved MILC with CCC forming a new dairy operation that is not formed solely to receive additional MILC payments.

(d) Changes resulting in the following will take effect immediately upon notification to CCC, in accordance with §1430.212:

(1) Increases or reductions of shareholders or producers and their corresponding share amounts in the dairy operation; or

(2) Purchases of a new dairy operation by a producer or producers not affiliated with an existing dairy operation that has an approved MILC with CCC.

§ 1430.214 Violations.

(a) If producers in a dairy operation violates the MILC or the requirements of this subpart, CCC may:

(1) Terminate the MILC for the remainder of the fiscal year in which the violation occurs, and allow the producer to retain any payments received under the contract; or

(2) Allow the MILC to remain in effect and require the producer to repay a portion of the payments received commensurate with the violation's severity, as CCC determines.

(3) If the MILC is terminated under this section, the participant shall forfeit all rights to further MILC benefits and shall refund all or part of the payments received as CCC determines appropriate.

(4) A producer or operation with a violation, as determined by CCC, shall refund all MILC funds disbursed under this part. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

(b) A MILC is violated by the following actions:

(1) Failure to comply with the terms and conditions of the MILC and addendum;

(2) Reconstitutions of the dairy operation for the sole purpose of receiving multiple program benefits;

(3) Failure to comply with highly erodible land conservation and wetland provisions of this 7 CFR part 12 or their successor regulations;

(4) Failure to meet the definition of a dairy operation according to §1430.202;

(5) Any action that tends to defeat the purpose of the program, as CCC determines.

(c) The Deputy Administrator for Farm Programs (DAFP) of the Farm Service Agency may terminate any MILC by mutual agreement upon request of the participant if DAFP determines that termination is in the best interest of the public.

(d) The DAFP may determine that failure of the dairy operation to perform the MILC does not warrant termination and may require the participant to refund part of the payments received or accept adjustments in the payment as the DAFP determines to be appropriate.
§ 1430.215 [Reserved]

§ 1430.216 Contracts not in conformity with regulations.

If it is discovered that an MILC contract does not comply with this subpart as the result of a misunderstanding by someone who has signed the contract, the contract may be modified by mutual agreement. If the parties to the MILC cannot reach agreement for such modification, it shall be terminated and all payments paid or payable under the contract shall be forfeited or refunded to CCC, except as may otherwise be allowed under § 1430.214.

§ 1430.217 Offsets and withholdings.

CCC may offset or withhold any amount due CCC under this subpart under the provisions of part 1403 of this chapter or any successor regulations.

§ 1430.218 Assignments.

Any producer may assign a payment to be made under this part in accordance with part 1404 of this chapter or successor regulations as designated by the Department.

§ 1430.219 Appeals.

Any producer who is dissatisfied with a determination made pursuant to this subpart may request reconsideration or appeal of such determination under part 11 or 780 of this title.

§ 1430.220 Misrepresentation and scheme or device.

(a) A dairy operation shall be ineligible for the MILC program if FSA determines that it knowingly:

(1) Adopted a scheme or device that tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a determination under this program. CCC will take steps deemed necessary to protect the interests of the government.

(b) Any funds disbursed to a producer or operation engaged in a misrepresentation, scheme, or device, shall be refunded to CCC. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies which may apply.

§ 1430.221 Estates, trusts, and minors.

(a) Program documents executed by producers legally authorized to represent estates or trusts will be accepted only if such producers furnish evidence of the authority to execute such documents.

(b) A minor who is otherwise eligible for assistance under this part must also:

(1) Establish that the right of majority has been conferred on the minor by court proceedings or by statute;

(2) Show that a guardian has been appointed to manage the minor’s property and the applicable program documents are executed by the guardian; or

(3) Furnish a bond under which the surety guarantees any loss incurred for which the minor would be liable had the minor been an adult.

§ 1430.222 Death, incompetency, or disappearance.

In the case of death, incompetency, disappearance or dissolution of a producer that is eligible to receive benefits under this part, such persons as are specified in part 707 of this title may receive such benefits, as determined appropriate by FSA.

§ 1430.223 Maintenance and inspection of records.

(a) Producers approved for benefits under this program must maintain accurate records and accounts that will document that they meet all eligibility requirements specified herein, as may be requested by CCC or FSA. Such records and accounts must be retained for 3 years after the date of payment to the dairy operation under this program. Destruction of the records 3 years after the date of payment shall be the risk of the party undertaking the destruction.

(b) At all times during regular business hours, authorized representatives of CCC, the Department, or the Comptroller General of the United States shall have access to the premises of the dairy operation in order to inspect the herd of cattle, examine, and make copies of the books, records, and accounts,
§ 1430.224 Refunds; joint and several liability.
(a) In the event of an error on a MILC application, a failure to comply with any term, requirement, or condition for payment arising under the MILC application, or this subpart, all improper payments shall be refunded to CCC together with interest from the date payment was received through the date the refund is received by CCC.
(b) All producers signing a dairy operation's application for payment as having an interest in the operation shall be jointly and severally liable for any refund, including related charges, that is determined to be due for any reason under the terms and conditions of the contract application and addendum or this part for such operation.

§ 1430.225 Violations of highly erodible land and wetland conservation provisions.

Subpart C—2004 Dairy Disaster Assistance Payment Program

Source: 70 FR 56115, Sept. 26, 2005, unless otherwise noted.

§ 1430.300 Applicability.
(a) Subject to the availability of funds, this subpart sets forth the terms and conditions applicable to the 2004 Dairy Disaster Assistance Payment Program authorized by section 103 of Division B of Public Law 108–324. Benefits are available to eligible United States producers who have suffered dairy production losses and dairy spoilage losses in eligible counties as a result of a hurricane disaster in 2004.
(b) To be eligible for this program, a producer must have been a milk producer in 2004 in a county declared a disaster by the President of the United States due to a 2004 hurricane. Only losses occurring in those counties are eligible for payment in this program. Producers in contiguous counties that were not designated by the President as a disaster county due to a hurricane in 2004 are not eligible.
(c) Subject to the availability of funds, benefits shall be provided by the Commodity Credit Corporation (CCC) to eligible dairy producers. Additional terms and conditions may be set forth in the payment application that must be executed by participants to receive a disaster assistance payment for dairy production losses and dairy spoilage losses.
(d) To be eligible for payments, producers must comply with the provisions of, and their losses must meet the conditions of, this subpart and any other conditions imposed by CCC.

§ 1430.301 Administration.
(a) The 2004 Dairy Disaster Assistance Payment Program shall be administered under the general supervision of the Executive Vice President, CCC (Administrator, FSA), or a designee, and shall be carried out in the field by FSA State and county committees (State and county committees) and FSA employees.
(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.
(c) The State committee shall take any action required by the regulations of this subpart that has not been taken by the county committee. The State committee shall also:
(1) Correct, or require the county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this subpart; and
(2) Require a county committee to withhold taking any action that is not in accordance with the regulations of this subpart.
(d) No provision of delegation in this subpart to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines in cases where lateness or failure to meet such requirements do not adversely affect the operation of the 2004 Dairy Disaster Assistance Payment Program and does not violate statutory limitations on the program.

(f) Data furnished by the applicants is used to determine eligibility for program benefits. Although participation in the 2004 Dairy Disaster Assistance Payment Program is voluntary, program benefits are not to be provided unless the participant furnishes all requested data.

§ 1430.302 Definitions.

The definitions set forth in this section shall be applicable for all purposes of administering the 2004 Dairy Disaster Assistance Payment Program established by this subpart.

Application means the 2004 Dairy Disaster Assistance Payment Program Application.

Milk handler or cooperative means the marketing agency to, or through which, the producer commercially markets whole milk.

Milk marketings means a marketing of milk for which there is a verifiable sales or delivery record of milk marketed for commercial use. Producer means any individual, group of individuals, partnership, corporation, estate, trust association, cooperative, or other business enterprise or other legal entity who is, or whose members are, a citizen of, or legal resident alien in the United States, and who directly or indirectly, as determined by the Secretary, shares in the risk of producing milk, and makes contributions (including land, labor, management, equipment, or capital) to the dairy farming operation of the individual or entity of the proceeds of this operation.

Starting base production means actual commercial production marketed by the dairy operation during the month...
§ 1430.303 Time and method of application.

(b) A request for benefits under this subpart must be submitted on a completed Application as defined in § 1430.302. Applications and any other supporting documentation shall be submitted to the FSA county office serving the county where the dairy operation is located but, in any case, must be received by the FSA county office by the close of business on the date established by the Deputy Administrator. The closing date shall be no sooner than October 11, 2005. Applications not received by the close of business on such date will be disapproved as not having been timely filed and the dairy producer will not be eligible for benefits under this program.

(c) All persons who share in the risk of a dairy operation's total production must certify to the information on the Application before the Application is considered complete.

(d) Each dairy producer requesting benefits under this subpart must certify to the accuracy and truthfulness of the information provided in their application and any supporting documentation. All information provided is subject to verification by CCC. Refusal to allow CCC or any other agency of the Department of Agriculture to verify any information provided will result in a denial of eligibility. Furnishing the information is voluntary; however, without it program benefits will not be approved. Providing a false certification to the Government may be punishable by imprisonment, fines and other penalties or sanctions.

§ 1430.304 Eligibility.

(a) Producers in the United States are eligible to receive hurricane-related dairy disaster benefits under this part only if they have suffered dairy production or dairy spoilage losses in counties declared a disaster by the President due to any hurricane in 2004. To be eligible to receive payments under this subpart, producers in a dairy operation must:

(1) Have produced and commercially marketed milk in the United States and commercially marketed the milk produced during the 2004 calendar year;

(2) Be a producer on a dairy farm operation physically located in a disaster county where production and milk spoilage losses were incurred as a result of 2004 hurricanes, and limiting their claims to losses occurring in those counties;

(3) Provide proof of monthly milk production dumped and commercially marketed by all persons in the eligible dairy operation during the third quarter of the 2004 milk marketing year, or other period as determined by FSA, to determine the total pounds of eligible losses that will be used for payment; and

(4) Apply for payments during the application period established by the Deputy Administrator.

(b) Payments may be made for losses suffered by an otherwise eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer or the producer's estate signs the application for payment. Proof of authority to sign for the deceased producer's estate or a dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly-authorized representatives must sign the application for payment.

(c) Producers associated with a dairy operation must submit a timely application and comply with terms and conditions of this subpart, instructions issued by CCC and instructions contained in the Application to be eligible for benefits under this subpart.

(d) As a condition to receive benefits under this part, a producer must have...
been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR part 12 for the 2004 calendar year, as applicable, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law or regulation.

(e) Payments are limited to losses in eligible counties in eligible months.

(f) All payments under this part are subject to the availability of funds.

§ 1430.305 Proof of production.

(a) Evidence of production is required to establish the commercial marketing and production history of the dairy operation so that production and spoilage losses can be computed in accordance with §1430.306.

(b) A dairy producer must, based on the instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation’s commercial production, including any dumped production and dairy cow purchases, for each month of the period July 2004 through October 2004, and must specifically identify any dumped production for August through October 2004. If a month other than July 2004 is used for base creation purposes records for that month must be provided.

1. A producer must certify and provide such proof as requested that losses for which compensation is claimed were hurricane-related and occurred in an eligible county in an eligible month.

2. Additional supporting documentation may be requested by FSA as necessary to verify production or spoilage losses and dairy herd increases or decreases to the satisfaction of FSA.

(c) Adequate proof of production history of the dairy operation under paragraph (b) of this section must be based on milk marketing statements obtained from the dairy operation’s milk handler or marketing cooperative. Supporting documents may include, but are not limited to: tank records, milk handler records, daily milk marketings, copies of any payments received from other sources for production or spoilage losses, or any other documents available to confirm the production history and losses incurred by the dairy operation.

(d) Adequate proof of dairy cow additions to the milking herd during the eligible months can include, but are not limited to sales receipts, invoices, State health certificates, or any other documents available to confirm the cow purchases.

(e) All information provided to FSA by a producer is subject to verification, spot-check and audit by FSA. Also, FSA or another CCC representative may examine the dairy operation’s production or spoilage claims.

(f) If adequate proof of commercially-marketed production and supporting documentation is not presented to the satisfaction of CCC or FSA, the request for benefits will be rejected. In the case of a new producer that had no verifiable, actual, commercial production marketed by the dairy operation during the month of July 2004, but which suffered eligible losses, an alternate base period may be established by the Deputy Administrator.

§ 1430.306 Determination of losses incurred.

(a) Eligible payable losses are calculated on a dairy operation by dairy operation basis and are limited to those occurring in August through October 2004. Specifically, dairy production and spoilage losses incurred by producers under this subpart are determined on the established history of the dairy operation’s actual commercial production marketed from August through October 2004, and actual production dumped or otherwise not marketed from August through October 2004, as provided by the dairy operation consistent with §1430.305. Except as otherwise provided in these regulations, the starting base production, as defined in §1430.302, is adjusted downward by a percentage determined by CCC to determine the base production for the months of August through October 2004. These adjustments are made to account for the seasonal declines that can occur during those months. The base production for each of the months August through October 2004 is calculated by reducing the starting base production (July 2004, or alternate month approved by the Deputy Administrator for new producers) as follows:
§ 1430.306

(1) August 2004 base production is the starting base production reduced by 9 percent;
(2) September 2004 base production is the starting base production reduced by 15 percent;
(3) October 2004 base production is the starting base production reduced by 11 percent.

(b) The eligible dairy production losses for a dairy operation for each of the months of August through October 2004 will be:

(1) The new base production for the dairy operation calculated under paragraph (a) of this section less,
(2) For each such month for each dairy operation, the total of:
   (i) Actual commercially-marketed production (not counting dumped production counted under paragraph (b)(1)(ii) of this section); plus
   (ii) The pounds of milk production dumped (whether related to the hurricane or not), or otherwise not commercially marketed (whether related to the hurricane or not). For dumping losses to be eligible, they must, as with other program losses, be hurricane related, as described under paragraphs (c) and (d) of this section.

(c) Actual production losses may be adjusted to the extent the reduction in production is not certified by the producer to be the result of the hurricane or is determined by FSA not to be hurricane-related. Actual production, as adjusted, that exceeds the adjusted base production will mean that the dairy operation incurred no eligible production losses for the corresponding month as a result of the hurricane disaster, and that the production level for that month does not qualify for a payment under this program.

(d) Eligible dairy spoilage losses incurred by producers under this subpart for each of the months August through October 2004 will be determined based on actual milk produced in those months that was dumped on the farm as a result of the 2004 hurricanes. Proper documentation of milk dumped on the farm as a result of spoilage due to a hurricane must be provided to CCC as provided in §1430.305.

(e) Calculated production losses may be adjusted by FSA based on the monthly average of daily dairy cow adjustments or reductions to the milking herd during the period of July 1, 2004 through October 31, 2004, to account for production adjustments as a result of dairy cow purchases, sales, or death losses. Production adjustments can be calculated using the average number of dairy cows in a dairy operation’s milking herd and the average production per cow during each applicable month. Per-cow production averages during the months of August through October will be determined based on the actual per-cow production average during the month of July 2004 and reduced downward according to the seasonal decline percentages provided in paragraph (a) of this section, to determine the total production that may be credited back to the dairy operation’s total production losses. To qualify for the production adjustment:

(1) Producers in eligible dairy operations must report any increases or decreases to the dairy cow milking herd during the period of July 1, 2004 through October 31, 2004.
(2) Adequate supporting documentation according to §1430.305 must be provided to the satisfaction of the COC to verify any claims of herd increases or decreases during the eligible period.
(3) Any cows purchased during the eligible period that would increase the dairy cow milking herd must have been purchased to offset production losses as a result of the 2004 hurricanes.

(f) Eligible production and spoilage losses as otherwise determined under paragraphs (a) through (e) of this section are added together to determine total eligible losses incurred by the dairy operation subject to all other eligibility requirements as may be included in this part or elsewhere.

(g) Payment on eligible dairy operation losses is calculated using whole pounds of milk. No double counting is permitted, and only one payment will be made for each pound of milk calculated as an eligible loss after the distribution of the operation’s eligible production loss among the producers of the dairy operation according to §1420.307(b). Payments under this part will not be affected by any payments for dumped or spoiled milk that the dairy operation may have received from its milk handler, or marketing.

§ 1430.309 Appeals.

Any producer who is dissatisfied with a determination made pursuant to this subpart may request reconsideration or appeal of such determination in accordance with the appeal regulations set forth at 7 CFR parts 11 and 780. Appeals of determinations of ineligibility or payment amounts are subject to the limitations in §§ 1430.307 and 1430.308.
§ 1430.310 Misrepresentation and scheme or device.

(a) In addition to other penalties, sanctions or remedies as may apply, a dairy producer shall be ineligible to receive assistance under this program if the producer is determined by FSA or CCC to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this program;
(2) Made any fraudulent representation; or
(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to any person or operation engaged in a misrepresentation, scheme, or device, shall be refunded with interest together with such other sums as may become due. Any dairy operation or person engaged in acts prohibited by this section and any dairy operation or person receiving payment under this subpart shall be jointly and severally liable with other persons or operations involved in such claim for benefits for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies that may apply.

§ 1430.311 Death, incompetence, or disappearance.

In the case of death, incompetency, disappearance, or dissolution of a person that is eligible to receive benefits in accordance with this subpart, such alternate person or persons specified in 7 CFR part 707 may receive such benefits, as determined appropriate by FSA.

§ 1430.312 Maintaining records.

Persons applying for benefits under this program must maintain records and accounts to document all eligibility requirements specified herein. Such records and accounts must be retained for 3 years after the date of payment to the dairy operations under this program. Destruction of the records after such date shall be at the risk of the party undertaking the destruction.

§ 1430.313 Refunds; joint and several liability.

(a) Excess payments, payments provided as the result of erroneous information provided by any person, or payments resulting from a failure to comply with any requirement or condition for payment under the application or this subpart, must be refunded to CCC.

(b) A refund required under this section shall be due with interest determined in accordance with paragraph (d) of this section and late payment charges as provided in 7 CFR part 1403.

(c) Persons signing a dairy operation’s application as having an interest in the operation shall be jointly and severally liable for any refund and related charges found to be due under this section.

(d) Interest shall be applicable to any refunds required in accordance with 7 CFR parts 792 and 1403. Such interest shall be charged at the rate the United States Department of the Treasury charges CCC for funds, and shall accrue from the date FSA or CCC made the erroneous payment to the date of repayment.

(e) FSA may waive the accrual of interest if it determines that the cause of the erroneous determination was not due to any action of the person, or was beyond the control of the person committing the violation. Any waiver is at the discretion of FSA alone.

§ 1430.314 Miscellaneous provisions.

(a) Offset. CCC may offset or withhold any amount due CCC under this subpart in accordance with 7 CFR part 1403.

(b) Claims. Claims or debts are settled in accordance with 7 CFR part 1403.

(c) Other interests. Payments or any portion thereof due under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the livestock, or proceeds thereof, in favor of the owner or any other creditor except agencies and instrumentalities of the U.S. Government.

(d) Assignments. Any producer entitled to any payment under this part may assign any payments in accordance with the provisions of 7 CFR part 1404.
§ 1430.315 Termination of program.

This program ends after payment has been made to those applicants certified as eligible pursuant to the application period established in §1430.304. All eligibility determinations shall be final except as otherwise determined by the Deputy Administrator.

Subpart D—Dairy Market Loss Assistance Program

SOURCE: 64 FR 24934, May 10, 1999, unless otherwise noted.

§ 1430.500 Applicability.

This subpart establishes the Dairy Market Loss Assistance Program. The purpose of this program is to provide benefits to dairy operations under Public Law 105–277, 112 Stat. 2681; sections 805 and 825 of Public Law 106–78; and section 805 of Public Law 106–387 only, in order to provide financial assistance to dairy operations in connection with normal milk production that is sold on the commercial market.

§ 1430.501 Administration.

(a) The provisions of §§1430.351, 1430.352, 1430.354, 1430.355, and 1430.360 shall be applied to this subpart in the same manner as they are applied to the subpart in which they are located.

(b) The provisions of §§1430.1 through 1430.349, 1430.353, 1430.356 through 1430.399, 1430.361 through 1430.362, and 1430.400 through 1430.410 are not applicable to this subpart.

(c) This subpart shall be administered by the Farm Service Agency (FSA) under the general direction and supervision of the Executive Vice President, CCC or designee. The program shall be carried out in the field by State and county FSA committees under the general direction and supervision of the State and county FSA committees.

(2) Require a county committee to withhold taking any action which is not in accordance with the regulations of this subpart.

(f) No delegation in this subpart to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(g) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where timeliness or failure to meet such other requirements does not adversely affect the operation of the program.

§ 1430.503 Time and method for application.

(a) Dairy operations may obtain an application, Form CCC–1040 (Dairy Market Loss Assistance Program Payment Application), in person, by mail, by telephone, or by facsimile from any county FSA office. In addition, applicants may download a copy of the CCC–1040 at http://www.fsa.usda.gov/dafp/psd/.

(b) A request for benefits under this subpart must be submitted on a completed Form CCC–1040. The Form CCC–1040 should be submitted to the county FSA office serving the county where the dairy operation is located but, in any case, must be received by the county FSA office by the close of business on February 28, 2001. Applications not received by the close of business on February 28, 2001, will be disapproved as not having been timely filed and the dairy operation will not be eligible for benefits under this program.

(c) All persons who share in the milk production of a dairy operation that marketed milk during the fourth quarter of 1998 must certify on the same CCC–1040 in order to obtain the total milk production of the dairy operation before the application is complete.

(d) The dairy operation requesting benefits under this subpart must certify with respect to the accuracy and truthfulness of the information provided in their application for benefits. All information provided is subject to verification and spot checks by CCC. Refusal to allow CCC or any other agency of the Department of Agriculture to verify any information provided will result in a determination of ineligibility. Data furnished by the applicant will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, without it program benefits will not be approved. Providing a false certification to the Government is punishable by imprisonment, fines and other penalties.

§ 1430.504 Eligibility.

(a) To be eligible to receive cash payments under this subpart, a dairy operation must:

(1) Have produced and marketed milk commercially in the United States anytime during the fourth quarter of 1998;

(2) Indicate all milk commercially marketed by all persons in the dairy operation during calendar year 1997 and
Commodity Credit Corporation, USDA § 1430.507

1998 to establish the base period for determining the total pounds of milk that will be converted to hundredweight (cwt) used for payment; and

(3) Apply for payments during the application period.

(b) A dairy operation must submit a timely application and comply with all other terms and conditions of this subpart and those that are otherwise contained in the application to be eligible for benefits under this subpart.

§ 1430.505 Proof of production.

(a) Dairy operations selected for spotchecks by CCC must, in accordance with instructions issued by the Deputy Administrator, provide adequate proof that the dairy operation was commercially marketing milk anytime during the fourth quarter of 1998. The dairy operation must also provide proof of production for the 1997 or 1998 calendar year to verify the base period. The documentary evidence of milk production claimed for payment shall be reported to CCC together with any supporting documentation under paragraph (b) of this section. The pounds of 1997 or 1998 calendar year milk production must be documented using actual records.

(b) All persons involved in such dairy operation marketing milk during the fourth quarter of 1998 shall provide any available supporting documents to assist the county FSA office in verifying that the dairy operation produced and marketed milk commercially during the fourth quarter of 1998 and the base period milk marketings indicated on Form CCC-1040. Examples of supporting documentation include, but are not limited to: tank records, milk handler records, milk marketing payment stubs, daily milk marketings, copies of any payments received as compensation from other sources, or any other documents available to confirm the production and production history of the dairy operation. In the event that supporting documentation is not presented to the county FSA office requesting the information, dairy operations will be determined ineligible for benefits.

§ 1430.506 Payment rate and dairy operation payment.

(a) Payments under this subpart may be made to dairy operations only on the first 26,000 cwt of milk produced by them from cows in the United States actually marketed in the United States during the base period. A payment rate will be determined after the conclusion of the application period, and shall be calculated by:

(1) Converting whole pounds of milk to cwt;

(2) Totaling the eligible cwt (not to exceed 26,000 cwt) of milk marketed commercially during the base period from all approved applications; and

(3) Dividing the amount available for Dairy Market Loss Assistance Program by the total eligible cwt submitted and approved for payment.

(b) Each dairy operation payment will be calculated by multiplying the payment rate determined in paragraph (a) (3) of this section by the dairy operation's eligible production.

(c) In the event that approval of all eligible applications would result in expenditures in excess of the amount available, CCC shall reduce the payment rate in such manner as CCC, in its sole discretion, finds fair and reasonable.

§ 1430.507 Misrepresentation and scheme or device.

(a) A dairy operation shall be ineligible to receive assistance under this program if it is determined by the State committee or the county committee to have:

(1) Adopted any scheme or device which tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to a dairy operation engaged in a misrepresentation, scheme, or device, or to any other person as a result of the dairy operation’s actions, shall be refunded with interest together with such other sums as may become due. Any dairy operation or person engaged in acts prohibited by this section and any dairy operation or person receiving payment under this subpart shall be
§ 1430.508 Maintaining records.

Dairy operations making application for benefits under this program must maintain accurate records and accounts that will document that they meet all eligibility requirements specified in this subpart and the pounds of milk marketed commercially during the fourth quarter of 1998 and the base period. Such records and accounts must be retained for at least three years after the date of the cash payment to dairy operations under this program.

§ 1430.509 Refunds; joint and several liability.

(a) In the event there is a failure to comply with any term, requirement, or condition for payment arising under the application, or this subpart, and if any refund of a payment to CCC shall otherwise become due in connection with the application, or this subpart, all payments made under this subpart to any dairy operation shall be refunded to CCC together with interest as determined in accordance with paragraph (c) of this section and late-payment charges as provided for in part 1403 of this chapter.

(b) All persons listed on a dairy operation’s application shall be jointly and severally liable for any refund, including related charges, which is determined to be due for any reason under the terms and conditions of the application or this subpart.

(c) Interest shall be applicable to refunds required of the dairy operation if CCC determines that payments or other assistance were provided to the producer was not eligible for such assistance. Such interest shall be charged at the rate of interest which the United States Treasury charges CCC for funds, as of the date CCC made such benefits available. Such interest shall accrue from the date such benefits were made available to the date of repayment or the date interest increases as determined in accordance with applicable regulations. CCC may waive the accrual of interest if CCC determines that the cause of the erroneous determination was not due to any action of the dairy operation.

(d) Interest determined in accordance with paragraph (c) of this section may be waived by CCC with respect to refunds required of the dairy operation because of unintentional misaction on the part of the dairy operation, as determined by CCC.

(e) Late payment interest shall be assessed on all refunds in accordance with the provisions of, and subject to the rates prescribed in 7 CFR part 1403.

(f) Dairy operations must refund to CCC any excess payments made by CCC with respect to such application.

(g) In the event that a benefit under this subpart was provided as the result of erroneous information provided by any person, the benefit must be repaid with any applicable interest.

§ 1430.510 New producers.

Notwithstanding other provisions of this subpart, producers who were new producers in 1999 or 2000 and not affiliated with other eligible producers may receive payments from sums made available after October 27, 2000 based on their 1999 production levels or for 2000, on their production levels from October 1, 1999 through September 30, 2000.

[66 FR 15177, Mar. 15, 2001]

§ 1430.511 Supplemental payments.

(a) Supplemental payments under Public Law 106–387 will be made available to dairy operations in connection with normal milk production that is sold on the commercial market.

(b) For supplemental payments made under this section, the payment rate shall be $0.6468 per cwt.

(c) For dairy operations that received a payment under sections 805 and 825 of Public Law 106–78 on less than 12 months production, an annual production level will be calculated by subtracting from the dairy operation’s production level for the period of October 1, 1999 through September 30, 2000 the production level on which previous payments were received.

Subpart E—2005 Dairy Disaster Assistance Payment Program II (DDAP–II)

§ 1430.600 Applicability.

(a) Subject to the availability of funds, this subpart sets forth the terms and conditions applicable to DDAP–II authorized by section 3014 of Public Law 109–234. Benefits are available to eligible United States producers who have suffered in 2005 dairy production losses and dairy spoilage losses in eligible counties as a result of Hurricanes Katrina, Ophelia, Rita, and Wilma or conditions related to those hurricanes.

(b) To be eligible for this program, a producer must have been a milk producer in 2005 in a county declared a natural disaster by the Secretary of Agriculture or declared a major disaster or emergency designated by the President of the United States due to a 2005 hurricane or related condition thereof, or in a contiguous county to a county that is directly eligible by way of a natural disaster declaration. Only losses occurring in these counties are eligible for payment under this program.

(c) Subject to the availability of funds, benefits shall be provided by the Commodity Credit Corporation (CCC) to eligible dairy producers. Additional terms and conditions may be set forth in the payment application that must be executed by participants to receive a disaster assistance payment for dairy production losses and dairy spoilage losses.

(d) To be eligible for payments, producers must comply with the provisions of, and their losses must meet the conditions of, this subpart and any other conditions imposed by CCC.

§ 1430.601 Administration.

(a) DDAP–II shall be administered under the general supervision of the Executive Vice President, CCC, or a designee, and shall be carried out in the field by FSA State and county committees (State and county committees) and FSA employees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this subpart.

(c) The State committee shall take any action required by the regulations of this subpart that has not been taken by the county committee. The State committee shall also:

(1) Correct, or require the county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this subpart; and

(2) Require a county committee to withhold taking any action that is not in accordance with the regulations of this subpart.

(d) No provision of delegation in this subpart to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by the State or county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines in cases where lateness or failure to meet such requirements do not adversely affect the operation of the 2005 Dairy Disaster Assistance Payment Program II and does not violate statutory limitations on the program.

(f) Data furnished by the applicants is used to determine eligibility for program benefits. Although participation in DDAP–II is voluntary, program benefits are not provided unless the participant furnishes all requested data.

§ 1430.602 Definitions.

The definitions in 7 CFR part 718 shall apply to this subpart except to the extent they are inconsistent with the provisions of this subpart. In addition, for the purpose of this subpart, the following definitions shall apply:

Application means DDAP–II Application.

Claim period means as assigned in this subpart the qualifying months of calendar year 2005, following the base month, in which the loss occurred.

County committee means the FSA county committee.

County office means the FSA office responsible for administering FSA programs for farms located in a specific area in a State.

Dairy operation means any person or group of persons who, as a single unit, as determined by CCC, produces and markets milk commercially from cows and whose production facilities are located in the United States.

Milk marketing means a marketing of milk for which there is a verifiable sales or delivery record of milk marketed for commercial use. In counting milk by third production amounts, dumped milk will not be considered as marketed for commercial use. Such dumped milk shall be counted toward production but will be accounted for separately from milk that is marketed for normal commercial use as determined by the Deputy Administrator.

All production in the months for which loss coverage is available will be counted in making determinations under this part, as determined by the Deputy Administrator, with care to avoid double counting, and with care to avoid a calculated loss that overstates the actual losses. Adjustments may be made as appropriate to accomplish these objectives.

Natural disaster declaration means a natural disaster declaration issued by the Secretary of Agriculture during calendar year 2005 under section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 (a)), or a major disaster or emergency designation by the President of the United States during calendar year 2005 under the Robert T. Reliable production records means evidence provided by the producer that is used to substantiate the amount of production reported when verifiable records are not available, including copies of receipts, ledgers of income, income statements of deposit slips, register tapes, and records to verify production costs, contemporaneous measurements, and contemporaneous diaries that are determined acceptable by the county committee.

Starting base production means actual commercial production marketed by the dairy operation during the base month applicable to the 2005 hurricane.
disaster, or alternative period established by the Deputy Administrator.

Verifiable production records means evidence that is used to substantiate the amount of production including any part marketed normally, dumped, or otherwise disposed of, and that can be verified by CCC through an independent source.

§ 1430.603 Time and method of application.

(a) Dairy producers may obtain an Application, in person, by mail, by telephone, or by facsimile from any county FSA office. In addition, applicants may download a copy of the Application at http://www.sc.egov.usda.gov.

(b) A request for benefits under this subpart must be submitted on a completed Application as defined in §1430.602. Applications and any other supporting documentation shall be submitted to the FSA county office serving the county where the dairy operation is located but, in any case, must be received by the FSA county office by the close of business on the date established by the Deputy Administrator. The closing date shall be no sooner than November 30, 2006. Applications not received by the close of business on such date will be disapproved as not having been timely filed and the dairy producer will not be eligible for benefits under this program.

(c) All persons who share in the risk of a dairy operation’s total production must certify to the information on the Application before the Application is considered complete.

(d) Each dairy producer requesting benefits under this subpart must certify to the accuracy and truthfulness of the information provided in their application and any supporting documentation. All information provided is subject to verification by CCC. Refusal to allow CCC or any other agency of the Department of Agriculture to verify any information provided will result in a denial of eligibility. Furnishing the information is voluntary; however, without it program benefits will not be approved.

§ 1430.604 Eligibility.

(a) Producers in the United States are eligible to receive hurricane-related dairy disaster benefits under this part only if they have suffered dairy production or dairy spoilage losses in 2005 as a result of a hurricane disaster or related condition, in a hurricane-affected county. To be eligible to receive payments under this subpart, producers in a dairy operation must:

1. Have produced and commercially marketed milk in the United States and commercially marketed the milk produced during the 2005 calendar year;

2. Be a producer on a dairy farm operation physically located in an eligible county where dairy production and milk spoilage losses were incurred as a result of 2005 hurricanes, or a related condition, in and limiting their claims to losses occurring in those counties and contiguous counties;

3. Provide adequate proof, to the satisfaction of the County Committee, of monthly milk production dumped and marketed by all persons in the eligible dairy operation during the base month and claim period that corresponds with the applicable hurricane-related disaster during the 2005 milk marketing year, or other period as determined by CCC, to determine the total pounds of eligible losses that will be used for payment; and

4. Apply for payments during the application period established by the Deputy Administrator.

(b) Payments may be made for losses suffered by an otherwise eligible producer who is now deceased or is a dissolved entity if a representative who currently has authority to enter into a contract for the producer or the producer’s estate signs the application for payment. Proof of authority to sign for the deceased producer’s estate or a dissolved entity must be provided. If a producer is now a dissolved general partnership or joint venture, all members of the general partnership or joint venture at the time of dissolution or their duly-authorized representatives must sign the application for payment.

(c) Producers associated with a dairy operation must submit a timely application and comply with terms and conditions of this subpart, instructions issued by CCC and instructions contained in the Application to be eligible for benefits under this subpart.
(d) As a condition to receive benefits under this part, a producer must have been in compliance with the Highly Erodible Land Conservation and Wetland Conservation provisions of 7 CFR part 12 for the 2005 calendar year, as applicable, and must not otherwise be barred from receiving benefits under 7 CFR part 12 or any other law or regulation.

(e) Payments are limited to losses in eligible counties, in eligible months.

(f) All payments under this part are subject to the availability of funds.

(g) Eligible losses are determined from the applicable base month that corresponds to the hurricane disaster or related condition and must have occurred during the claim periods applicable to the disaster as follows:

(1) For Hurricane Katrina and Hurricane Rita the base month is July 2005 and the corresponding claim period are the 2005 calendar months of August through December; and

(2) For Hurricane Ophelia and Hurricane Wilma the base month is September 2005 and the corresponding claim period are the 2005 calendar months of October through December.

§ 1430.605 Proof of production.

(a) Evidence of production is required to establish the commercial marketing and production history of the dairy operation so that dairy production and spoilage losses can be computed in accordance with § 1430.606.

(b) A dairy producer must, based on the instructions issued by the Deputy Administrator, provide adequate proof of the dairy operation's commercial production, including any dumped production and dairy cow purchases, for each month of the applicable base month and claim period that corresponds with the applicable 2005 hurricane disaster or related condition, and must specifically identify any production during the applicable claim period that is dumped. If a month other than the applicable base month is used for base creation purposes, records for that month must be provided.

(1) A producer must certify and provide such proof as requested that losses for which compensation is claimed were hurricane-related and occurred in an eligible county in an eligible month.

(2) Additional supporting documentation may be requested by CCC as necessary to verify production or spoilage losses and dairy herd increases or decreases to the satisfaction of CCC.

(c) Adequate proof of production history of the dairy operation under paragraph (b) of this section must be based on milk marketing statements obtained from the dairy operation's milk handler or marketing cooperative. Supporting documents may include, but are not limited to: Tank records, milk handler records, daily milk marketings, copies of any payments received from other sources for production or spoilage losses, or any other documents available to confirm or adjust the production history and losses incurred by the dairy operation.

(d) Adequate proof of dairy cow additions to the milking herd during the eligible months can include, but is not limited to sales receipts, invoices, State health certificates, or any other documents available to confirm the cow purchases.

(e) If adequate proof of normally marketed production, dumped production, and any other production for relevant periods is not presented to the satisfaction of CCC, the request for benefits will be rejected. In the case of a new producer that had no verifiable, actual, commercial production marketed by the dairy operation during the applicable base month, but which suffered eligible losses, an alternate base period may be established by the Deputy Administrator.

§ 1430.606 Determination of losses incurred.

(a) Eligible payable losses are calculated on a dairy operation by dairy operation basis and are limited to those occurring during the applicable claim period, as provided by § 1430.604(g), that corresponds with the hurricane-related disaster. Specifically, dairy production and spoilage losses incurred by producers under this subpart are determined on the established history of the dairy operation's
actual commercial production marketed during the applicable claim period that corresponds with the hurricane-related disaster, and actual production dumped or otherwise not marketed during that same claim period, as provided by the dairy operation consistent with §1430.605. Except as otherwise provided in these regulations, the starting base production, as defined in §1430.602 and established in §1430.604(g), is adjusted downward by a percentage determined by CCC to determine the base production for the applicable claim period that corresponds to the hurricane-related disaster. These adjustments are made to account for the seasonal declines that can occur during the months within the claim period. The base production for each of the applicable claim period months is calculated by reducing the starting base production of the applicable base month, or alternate month approved by the Deputy Administrator for new producers, as follows:

(a) The eligible dairy production losses for a dairy operation for each of the claim period months of August through December 2005, as applicable, will be:

(1) The new base production for the dairy operation calculated under paragraph (a) of this section less,

(2) For each such month for each dairy operation, the total of:

(i) Actual commercially-marketed production (not counting dumped production counted under paragraph (b)(1)(iii) of this section); plus

(ii) The pounds of milk production dumped (whether related to the hurricane or not), or otherwise not commercially marketed (whether related to the hurricane or not). For dumping losses to be eligible for payment, however, they must, as with other program losses, be hurricane related, as described under paragraphs (c) and (d) of this section.

(c) Actual production losses may be adjusted to the extent the reduction in production is not certified by the producer to be the result of the hurricane or is determined by CCC not to be hurricane-related. Actual production, as adjusted, that exceeds the adjusted base production will mean that the dairy operation incurred no eligible production losses for the corresponding month as a result of the hurricane disaster, and that the production level for that month does not qualify for a production loss payment under this program.

(d) Eligible dairy spoilage losses incurred by producers under this subpart for each of the months August through December 2005, as applicable to the claim period that corresponds with the hurricane-related disaster, will be determined based on actual milk produced in those months that was dumped on the farm as a result of the 2005 hurricanes, or other related condition. Proper documentation of milk dumped on the farm as a result of spoilage due to a hurricane must be provided to CCC as provided in §1430.605.

(e) Calculated production losses may be adjusted by CCC based on the monthly average of daily dairy cow additions or reductions to the milking herd during the applicable claim period that corresponds with the hurricane-related disaster, to account for production adjustments as a result of dairy cow purchases, sales, or death losses. Production adjustments can be calculated using the average number of dairy cows in a dairy operation's milking herd and the average production per cow during each applicable month. Per-cow production averages during...
§ 1430.607  Payment rates and limitations on funding.

(a) Subject to the availability of funds, the payment rate for eligible production and spoilage losses determined according to §1430.606 is, depending on the State, the amount set forth below which is derived from the monthly Mailbox milk price for the Florida, the Southeast, Western Texas or the Appalachian States Marketing Orders as reported by the Agricultural Marketing Service. Maximum payment rates for eligible losses for dairy operations located in specific states are as follows:

(1) Florida—$18.19 per hundredweight ($0.1819 per pound), which is averaged to account for the mailbox price during the months of August 2005 and October 2005 when the hurricane disasters occurred.

(2) Louisiana—$16.47 per hundredweight ($0.1647 per pound), which is averaged to account for the mailbox price during the months of August 2005 and September 2005 when the hurricane disasters occurred.

(3) Alabama, Arkansas, Georgia and Mississippi—$16.49 per hundredweight ($0.1649 per pound).

(4) North Carolina—$15.39 per hundredweight ($0.1539 per pound).

(5) Texas—$14.19 per hundredweight ($0.1419 per pound).

(6) Tennessee—$15.38 per hundredweight ($0.1538 per pound).
(b) Subject to the availability of funds, each eligible dairy operation's payment is calculated by multiplying the applicable payment rate under paragraph (a) of this section by the operation's total eligible losses. Where there are multiple producers in the dairy operation, individual producers' payments are disbursed according to each producer's share of the dairy operation's production as specified in the Application.

(c) If the total value of losses claimed under paragraph (b) of this section exceeds the $17 million available for DDAP-II, less any reserve that may be created under paragraph (e) of this section, total eligible losses of individual dairy operations that, as calculated as an overall percentage for the full disaster claim period that corresponds with the applicable hurricane-related disaster (not a monthly average for any one month), are greater than 20 percent of the total base production for those applicable claim period months will be paid at the maximum rate under paragraph (a) of this section to the extent available funding allows. A loss of over 20 percent in only one or two of the eligible months does not itself qualify for the maximum per-pound payment. Total eligible losses for a producer, as calculated under §1430.606, of less than or equal to 20 percent during the eligible claim period will then be paid at a rate determined by dividing the eligible losses of less than 20 percent by the funds remaining after making payments for all eligible losses above the 20-percent threshold.

(d) In no event shall the payment exceed the value determined by multiplying the producer's total eligible loss times the average price received for commercial milk production in their area as defined in paragraph (a) of this section.

(e) A reserve may be created to handle pending or disputed claims, but claims shall not be payable once the available funding is expended.

§ 1430.608 Availability of funds.

The total available program funds shall be $17 million as provided by section 3014 of Title III of Public Law 109-234.

§ 1430.609 Appeals.

Any producer who is dissatisfied with a determination made pursuant to this subpart may request reconsideration or appeal of such determination in accordance with the appeal regulations set forth at 7 CFR parts 11 and 780. Appeals of determinations of ineligibility or payment amounts are subject to the limitations in §§1430.607 and 1430.608 and other limitations as may apply.

§ 1430.610 Misrepresentation and scheme or device.

(a) In addition to other penalties, sanctions or remedies as may apply, a dairy producer shall be ineligible to receive assistance under this program if the producer is determined by CCC to have:

(1) Adopted any scheme or device that tends to defeat the purpose of this program;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a program determination.

(b) Any funds disbursed pursuant to this part to any person or operation engaged in a misrepresentation, scheme, or device, must be refunded with interest together with such other sums as may become due. Any dairy operation or person engaged in acts prohibited by this section and any dairy operation or person receiving payment under this subpart shall be jointly and severally liable with other persons or operations involved in such claim for benefits for any refund due under this section and for related charges. The remedies provided in this subpart shall be in addition to other civil, criminal, or administrative remedies that may apply.

§ 1430.611 Death, incompetence, or disappearance.

In the case of death, incompetency, disappearance, or dissolution of a person that is eligible to receive benefits in accordance with this subpart, such alternate person or persons specified in 7 CFR part 707 may receive such benefits, as determined appropriate by CCC.

§ 1430.612 Maintaining records.

Persons applying for benefits under this program must maintain records
§ 1430.613 Refunds; joint and several liability.

(a) Excess payments, payments provided as the result of erroneous information provided by any person, or payments resulting from a failure to comply with any requirement or condition for payment under the application or this subpart, must be refunded to CCC.

(b) A refund required under this section shall be due with interest determined in accordance with paragraph (d) of this section and late payment charges as provided in 7 CFR part 1403.

(c) Persons signing a dairy operation’s application as having an interest in the operation shall be jointly and severally liable for any refund and related charges found to be due under this section.

(d) In accord with parts 792 and 1403 of this title, interest shall be applicable to any refunds required under this subpart. Such interest shall be charged at the rate the United States Department of the Treasury charges CCC for funds, and shall accrue from the date FSA or CCC made the erroneous payment to the date of repayment.

(e) CCC may waive the accrual of interest if it determines that the cause of the erroneous determination was not due to any action of the person, or was beyond the control of the person committing the violation. Any waiver is at the discretion of CCC alone.

§ 1430.614 Miscellaneous provisions.

(a) CCC may offset or withhold any amount due CCC under this subpart in accordance with 7 CFR part 1403.

(b) Payments or any portion thereof due under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the livestock or property of any kind, or proceeds thereof, in favor of the owner or any other creditor except agencies and instrumentalities of the U.S. Government.

(c) Any producer entitled to any payment under this part may assign any payments in accordance with the provisions of 7 CFR part 1404.

(b) State and county committees, representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by the regulations of this part that has not been taken by the county committee. The State committee shall also:

1. Correct, or require a county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this part; or

2. Require a county committee to withhold taking any action that is not in accordance with the regulations of this part.

(d) No provision or delegation herein to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs, FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where timeliness or failure to meet such other requirements does not affect adversely the operation of the program.

(f) An approving official of CCC may execute loans and related documents only under the terms and conditions determined and announced by CCC. Any such document that is not executed in accordance with such terms and conditions, including any purported execution before the date authorized by CCC, shall be null and void unless affirmed by the Executive Vice President, CCC.

§ 1434.3 Definitions.

The definitions set forth in this section shall be applicable for all purposes of program administration. The terms defined in part 718 of this title shall also be applicable except where those definitions are inconsistent with the definitions set forth in this section or for purpose of program instruments created under this part.

Appointing official is a representative of CCC who is authorized by the Executive Vice President, CCC, to approve loan documents prepared under this part.

§ 1434.5

(2) Be responsible for the risk of keeping the bees and producing honey;
(3) Have a continuous beneficial interest in the honey from the time the honey was extracted through date of repayment of the loan;
(4) Store the honey pledged as loan collateral in eligible storage and in eligible containers that meet the requirements of §1434.7 and §1434.8, respectively; and
(5) Adequately protect the interests of CCC by providing security for a loan in accordance with the requirements in §1434.8 and by maintaining in good condition the honey pledged as security for a loan.

(b) A person who complies with paragraph (a) of this section, who enters into a contract to sell the honey used as collateral for a loan but retains a beneficial interest in the honey and who does not receive an advance payment from the purchaser to enter into the contract unless the purchaser is a cooperative marketing association (CMA) that is eligible under paragraph (g) of this section, remains eligible for a loan.

(c) Two or more applicants may be eligible for a joint loan if:
(1) The conditions in paragraphs (a) and (b) of this section are met with respect to the commingled honey collateral stored in the same eligible containers they are tendering for a loan; and
(2) The commingled honey is not used as collateral for an individual loan that has not been repaid.

(d) Heirs who succeed to a beneficial interest in the honey are eligible for a loan if they:
(1) Assume the decedent's obligation under a loan if such loan has already been obtained; and
(2) Assure continued safe storage of the honey if such honey has been pledged as collateral for a loan.

(e) A representative may be eligible to receive a loan on behalf of a person or estate who or which meets the requirements in paragraphs (a), (b), (c), and (d) of this section and that the honey tendered as collateral by the representative, in the capacity of a representative, shall be considered as tendered by the person or estate being represented.

(g) A CMA that the Executive Vice President, CCC, determines meets the requirements for CMA's in part 1425 of this title may be eligible to obtain a loan on behalf of those members who themselves are eligible to obtain a loan provided that:
(1) The beneficial interest in the honey must always, until loan repayment or forfeiture, remain in the member who delivered the honey to the eligible CMA or its member CMA's, except as otherwise provided in this part; and
(2) The honey delivered to an eligible CMA shall not be eligible for a loan if the member who delivered the honey does not retain the right to share in the proceeds from the marketing of the honey as provided in part 1425 of this title.

§ 1434.5 Eligible honey.

To be eligible for a loan, the honey must:
(a) Have been produced by an eligible producer;
(b) Have been produced in the United States during the calendar year for which a loan is requested and extracted on or before December 31 of such calendar year;
(c) Be of merchantable quality deemed by CCC to be suitable for loan; that is, the honey:
(1) Is not adulterated;
(2) Has not been scorched, burned, or subjected to excessive heat resulting in
Commodity Credit Corporation, USDA  

§ 1434.6 Beneficial interest.  

(a) To be eligible to receive marketing assistance loans under this part a producer must have the beneficial interest in the honey that is tendered to CCC for a loan. The producer must always have had the beneficial interest in the honey unless, before the honey was extracted, the producer and a former producer whom the producer tendering the honey to CCC has succeeded had such an interest in the honey. Honey obtained by gift or purchase shall not be eligible to be tendered to CCC for loans. Heirs who succeed to the beneficial interest of a deceased producer or who assume the decedent’s obligations under an existing loan shall be eligible to receive loans whether succession to the honey occurs before or after extraction so long as the heir otherwise complies with the provisions of this part.

(b) For the 2002 crop of honey, in the case of producers that would be eligible for a loan deficiency payment under this section except for the fact that the producers lost beneficial interest in the crop before October 18, 2002, the producers shall be eligible for a loan deficiency payment as of the date producers marketed or otherwise lost beneficial interest in the honey, as determined by the Secretary.

(c) A producer shall not be considered to have divested the beneficial interest in the honey if the producer retains control, title, and risk of loss in the honey including the right to make all decisions regarding the tender of such honey to CCC for a loan, and the producer:

(1) Executes an option to purchase, whether or not a payment is made by the potential buyer for such option to purchase, with respect to such honey if all other eligibility requirements are met and the option to purchase contains the following provision:

   Notwithstanding any other provision of this option to purchase, title, risk of loss, and beneficial interest in the honey, as specified in 7 CFR part 1434, shall remain with the producer until the buyer exercises this option to purchase the honey. This option to purchase shall expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of: (1) The maturity of any CCC loan which is secured by such honey; (2) the date the CCC claims title to such honey; or (3) such other date as provided in this option.”

or:

(2) Enters into a contract to sell the honey if the producer retains title, risk of loss, and beneficial interest in the honey and the purchaser does not pay to the producer any advance payment amount or any incentive payment amount to enter into such contract except as provided in part 1425 of this chapter.

(d) If loans are made available to producers through an approved CMA in accordance with part 1425 of this chapter, the beneficial interest in the honey must always have been in the producer-member who delivered the honey to the CMA or its member CMA’s, except as otherwise provided in this section. Honey delivered to such a CMA shall not be eligible for loans if the producer-member who delivered the honey does not retain the right to share in the proceeds from the marketing of the honey as provided in part 1425 of this chapter.

(e) A producer may, before the final date for obtaining a loan for honey, re-offer as loan honey any honey that has been previously pledged if the loan was repaid with principal plus interest, the loan on such re-offered honey shall...
have the same maturity date as the original loan.

§ 1434.7 Approved storage.

(a) Loans will be made only on honey in approved storage, which shall consist of a storage structure located on or off the farm that is determined by CCC to be under the control of the producer and affords safe storage for honey pledged as collateral for a loan. If the honey located in a farm storage structure is pledged as collateral that secures more than one loan, the honey must be segregated so as to preserve the identity of the honey securing such loan. Honey securing a loan must also be segregated from any honey not pledged as collateral for a loan that is stored in the same structure.

(b) Producers may also obtain loans on honey packed in eligible containers and stored in facilities owned by third parties in which the honey of more than one person is stored if the honey that is to be pledged as collateral for a loan and that is stored identity preserved or is segregated from all other honey. Each container of the segregated quantity of honey shall be marked with the producer's name, loan number, and lot number so as to identify the honey from other honey stored in the structure.

§ 1434.8 Containers and drums.

(a)(1) To be eligible for assistance under this part, honey must be packed in:

(i) CCC-approved, 5-gallon plastic containers;

(ii) 5-gallon metal containers;

(iii) Steel drums with a capacity not less than 5 gallons nor greater than 70 gallons, or

(iv) Plastic Intermediate Bulk Containers (IBC’s).

(2) Honey stored in plastic containers must be determined safe and secure from all possibility of contamination.

(3) Honey storage containers used for these purposes must meet requirements of the Federal Food, Drug and Cosmetic Act, as amended and other specified requirements, as determined by CCC and must be generally fit for the purpose for which they are to be used.

(4) CCC-approved 5-gallon plastic containers must hold approximately 60 pounds of honey. The containers must be free and clear of leakage and punctures and of suitable purity for food contact use and meet food storage standards as provided by CCC. Plastic containers must be new or previously used only to store honey. Plastic containers previously used to store chemicals, pesticides, or any other product or substance other than honey are ineligible for honey storage. The handle of each container must be firm and strong enough to permit carrying the filled container. The cover opening must not be damaged in any way that will prevent a tight seal. Containers that have been punctured and resealed will not be acceptable;

(5) The 5-gallon metal containers must hold approximately 60 pounds of honey, and must be new, clean, sound, uncased, and free from appreciable dents and rusts. The handle of each container must be firm and strong enough to permit carrying the filled container. The cover and container opening must not be damaged in any way that will prevent a tight seal. Containers that are punctured or have been punctured and resealed by soldering will not be acceptable; and

(6) The steel drums must be an open type and filled no closer than 2 inches from the top of the drums. Drums must be new or must be used drums that have been reconditioned inside and outside. Drums must be clean, treated inside and outside to prevent rusting, fitted with gaskets that provide a tight seal and have an inside coating suitable for honey storage.

(7) IBC’s are bulk containers with a polyethylene inner bottle and a galvanized steel protective cage, a capacity of either 275 or 330 gallons, and are reusable. IBC’s must be clean, sound and provide a tight seal.

(b) Honey shall not be eligible to be pledged as collateral for loans if such honey is stored in:

(1) 55-gallon steel drums having a tare weight less than 38 pounds, 30-gallon steel drums having a tare weight less than 26 pounds, or drums having...
Commodity Credit Corporation, USDA  § 1434.11

removable liners of polyethylene or other materials;
(2) Bung-type drums;
(3) Bulk tanks;
(4) Containers that do not meet the specified requirements of paragraph (a) of this section or other CCC specifications or requirements.
(5) Steel drums that are severely dented as to cause damage to their lining, improper seal, or stacking capabilities; and
(6) Rusted drums with corroded areas.

§ 1434.10 Application, availability, disbursement, and maturity.

(a) A producer must, unless otherwise authorized by CCC, request loans and loan deficiency payments at the appropriate FSA county office responsible for administering the program as provided under part 718 of this title. To receive loans and loan deficiency payments for honey, a producer shall execute a note and security agreement or loan deficiency payment application on or before March 31 of the year following the year in which the honey was extracted.

(b) A producer must request a loan at the county office of the county where the honey is stored if the honey is stored at the producer’s farm. A producer who requests a loan on honey stored in eligible storage other than the producer’s farm, may request loans at either the county office of the county where the honey is stored if the honey is stored at the producer’s farm. A producer who requests a loan on honey stored in eligible storage other than the producer’s farm, may request loans at either the county office of the county where the storage facility is located or at the county office of the county where the producer’s main place of business is located. A CMA must request loans at the county office for the county in which the principal office of the CMA is located unless the State committee designates another county office. If the CMA has operations in two or more States, the CMA must file its loan applications at the county office for the county in which its principal office for each State is located.

(c) Loans will be made on the honey as declared and certified by the producer on Form CCC–633 (Honey), (Honey Loan Certification and Worksheet) at the time the honey is pledged as collateral for a loan. The producer is also required to declare and certify on Form CCC–633 (Honey) the class (table or nontable) and floral source of the honey at the time the honey is pledged as collateral for a loan.

(d) The request for a loan shall not be approved until all producers having an interest in the honey sign the note and security agreement and CCC approves such note and security agreement. The disbursement of loans will be made by county offices on behalf of CCC, for honey that:

(1) Has been extracted;
(2) Is in eligible storage; and
(3) Has not been blended or mixed with ineligible honey.

(e) Loans mature on demand but not later than the last day of the ninth calendar month following the month in which the note and security agreement was approved. When the final maturity date falls on a non-workday for county offices, CCC shall extend the final date to the next workday. Before the date determined in paragraph (a) of this section, a producer may re-offer as loan collateral any eligible honey that has been offered previously for a CCC loan and the loan has been repaid at principal plus interest only.

(f) If, after a loan is made, CCC determines that the producer or the honey collateral is not in compliance with any of the provisions of this part, the producer shall refund the total amount disbursed under loan and charges plus interest, including late payment interest as provided in part 1403 of this title.

§ 1434.11 Fees and interest.

(a) A producer shall pay a nonrefundable loan service fee to CCC. The loan
service fee shall be the smaller of one-half of 1 percent (.005) times the gross loan amount or $45 per loan plus $3 for each storage structure over one.

(b) Interest that accrues with respect to a loan shall be determined in accordance with part 1405 of this chapter.

§ 1434.12 Liens.

(a) CCC's security interest in the honey pledged as collateral is first and superior to all other security interests.

(b) The county office shall file or record, as required by State law, all financing statements needed to perfect a security interest in honey pledged as collateral for a loan. The cost of filing and recording shall be for the account of CCC.

(c) If there are any other security interests, liens, or encumbrances on the honey, CCC shall obtain waivers that fully protect the interest of CCC even though the security interests, liens, or encumbrances are satisfied from the loan proceeds. No additional security interests, liens, or encumbrances shall be placed on the honey after the loan is approved.

§ 1434.13 Transfer of producer's interest prohibited.

Absent written approval from CCC, the producer shall not transfer either the remaining interest in, or right to redeem, the honey pledged as collateral for a loan on honey nor shall anyone acquire such interest or right. Subject to the provisions of § 1434.17, a producer who wishes to liquidate all or part of a loan by contracting for the sale of the honey must obtain written approval from the county office on a form prescribed by CCC to remove a specified quantity of the honey from storage. Any such approval shall be subject to the terms and conditions set forth in the applicable form, copies of which may be obtained by producers at the county office.

§ 1434.14 Loss or damage.

The producer is responsible for any loss in quantity or quality of the honey pledged as collateral for a loan. CCC shall not assume any loss in quantity or quality of the loan collateral.

§ 1434.15 Personal liability of the producer.

(a) When applying for an individual or joint loan or loan deficiency payment, each producer agrees:

(1) When signing Form CCC-633 (Honey), Honey Loan Certification and Worksheet and Form CCC-677, Farm Storage Note and Security Agreement, that the producer will:

   (i) Provide correct, accurate, and truthful certifications and representations of the loan quantity and all other matters of fact and interest; and

   (ii) Not remove or dispose of any amount of the loan quantity without prior written approval from CCC in accordance with this section.

(2) That violation of the terms and conditions of this part and Form CCC-677 will cause harm or damage to CCC in that funds may be disbursed to the producer for a loan quantity that is not actually in existence or for a quantity for which the producer is not eligible.

(b) For the purposes of this section, violations include any failure to comply with this part or the loan agreement, including but not limited to any incorrect certification or:

(1) Unauthorized removal of honey, which shall include, but is not limited to, the movement of any loan quantity of honey from the storage structure in the commodity was stored when the loan was approved to any other storage structure whether or not such structure is located on the producer's farm without prior written authorization from the county committee in accordance with § 1434.14;

(2) Any unauthorized disposition, which shall include, but is not limited to, the conversion of any loan quantity pledged as collateral for a loan without prior written authorization from the county committee in accordance with this section.

(c) The producer and CCC agree that it will be difficult, if not impossible, to prove the amount of damages to CCC for conduct that is in violation of this section. Accordingly, if the county committee determines that the producer has engaged in any such violation, liquidated damages shall be assessed in addition to any loan refund and other charges that may be due. The amount of such damages shall be
computed using the quantity of honey that is involved in the violation and
the following formula. If CCC determines the producer:

(1) Acted in good faith when the violation occurred, liquidated damages will be assessed by multiplying the quantity involved in the violation by:

(i) 10 percent of the loan rate applicable to the loan note for the first offense; or

(ii) 25 percent of the loan rate applicable to the loan note for the second offense; or

(2) Did not act in good faith with regard to the violation, or for cases other than the first or second offense, liquidated damages will be assessed by multiplying the quantity involved in the violation by 25 percent of the loan rate applicable to the loan note.

(d) For liquidated damages assessed in accordance with paragraph (c)(1) of this section, the county committee shall:

(1) Require repayment of the loan principal applicable to the loan quantity involved in the violation plus charges and interest; and

(2) If the producer fails to pay such amount within 30 calendar days from the date of notification, call the applicable loan for all of the honey under loan, plus charges and interest.

(e) For liquidated damages assessed in accordance with paragraph (c)(2) of this section, the county committee shall call the loan involved in the violation, and charges plus interest.

(f) The county committee:

(1) May waive the administrative actions taken in accordance with paragraphs (c)(1) and (d) of this section if the county committee determines that:

(i) The violation occurred inadvertently, accidentally, or unintentionally; or

(ii) The producer acted to prevent spoilage of the commodity.

(2) Shall not consider the following acts as inadvertent, accidental, or unintentional:

(i) Movement of loan collateral off the farm;

(ii) Movement of loan collateral from one storage structure to another on the farm; and

(iii) Consumption of loan collateral.

(g) If there is any violation of the loan agreement or this part, the loan may be terminated in which case there must be a full refund of the loan plus interest and costs.

(h) If the county committee determines that the producer has violated this part or the loan agreement, the county committee shall notify the producer in writing that:

(1) The producer has 30 calendar days to provide evidence and information regarding the circumstances that caused the violation, to the county committee; and

(2) Administrative actions will be taken in accordance with paragraphs (d) or (e) of this section.

(i)(1) If a producer:

(i) Makes any fraudulent or misleading representation in obtaining a loan, maintaining, or settling a loan; or

(ii) Disposes or moves the loan collateral without the approval of CCC, such loan shall become payable upon demand by CCC. The producer shall be liable for:

(A) The amount of the loan;

(B) Any additional amounts paid by CCC with respect to the loan;

(C) All other costs that CCC would not have incurred but for the fraudulent representation, the unauthorized disposition or movement of the loan collateral;

(D) Interest on such amounts;

(E) Late payment interest as may be provided for in part 1403 of this title; and

(F) Liquidated damages assessed under paragraph (c) of this section; and

(2) Notwithstanding any provisions of the note and security agreement, if a producer has made any such fraudulent or misleading representation to CCC or if the producer has disposed of, or moved, the loan collateral without prior written approval from CCC in accordance with this section, the value of the settlement for such collateral removed by CCC shall be determined by CCC according to this section.

(j) A producer shall be personally liable for any damages resulting from honey removed by CCC, containing mercurial compounds or other substances poisonous to humans, animals,
or food commodities that are contaminated.

(k) If the amount disbursed under a loan or in settlement thereof exceeds the amount authorized under this part, the producer shall be personally liable for repayment of such excess and charges, plus interest, and for any other sanction as may be allowed by law.

(l) If the amount collected from the producer in satisfaction of the loan is less than the amount required in accordance with this part, the producer shall be personally liable for repayment of the amount of such deficiency and charges, plus interest.

(m) In the case of joint loans, the personal liability for the amounts specified in this section shall be joint and several on the part of each producer signing the loan note. Further, each producer who is a party to a joint loan will be jointly and severally liable for any violation of the terms and conditions of the note and security agreement, and the regulations set forth in this part. Each such producer shall also remain liable for repayment of the entire loan amount until the loan is fully repaid without regard to such producer's claimed share in the honey, or loan proceeds, after execution of the note and security agreement by CCC.

(n) Any or all of the liquidated damages assessed in accordance with the provisions of paragraph (c) of this section may be waived as determined by CCC.

(o) Remedies set out in this section are in addition to remedies the CCC will have through its security interest on honey that secures the repayment of the loan made on the honey.

(p) All remedies provided for in this section or part are in addition to any remedies as may otherwise be provided for in law.

§ 1434.16 Release of the honey pledged as collateral for a loan.

(a)(1) A producer shall not move or dispose of any honey pledged as collateral for a loan until prior written approval for such removal or disposition has been received from the county committee in accordance with this section.

(2) A producer may at any time obtain a release of all or part of the honey remaining as loan collateral by paying to CCC the amount of the loan and any charges that had been made by CCC to the producer with respect to the quantity of the honey released, plus interest.

(3) When the proceeds of a sale of honey are needed to repay all or part of a loan, the producer must request and obtain prior written approval of the county office on a form prescribed by CCC in order to remove a specified quantity of the honey from storage. Any such approval shall be subject to the terms and conditions set forth in the applicable form, copies of which may be obtained by producers at the county office. Any such approval shall not constitute a release of CCC's security interest in the commodity or release the producer from liability for any amounts due and owing to CCC with respect to any loan indebtedness if full payment of such amounts is not received by the county office.

(b) The note and security agreement shall not be released until all loan liability has been satisfied in full.

(c) After satisfaction of a loan, CCC shall release CCC's security interest in the honey at the producer's request. The producer shall be responsible for payment of any fee for such release if such fee can be determined.

§ 1434.17 Liquidation of loans.

(a) The producer is required to repay the loan on or before maturity by payment of the amount of loan, plus any charges, plus interest.

(b) If a producer fails to settle the loan in accordance with paragraph (a) of this section within 30 calendar days from the maturity date of such loan, or other reasonable time period as established by CCC, a claim for the loan amount, plus charges, plus interest shall be established. CCC shall inform the producer before the maturity date of the loan of the date by which the loan must be settled or a claim will be established in accordance with part 1403 of this title.
§ 1434.18 Loan repayments.
(a) A honey producer may repay a nonrecourse marketing assistance loan at a rate that is the lesser of:
   (1) The principal, plus interest; or
   (2) The alternative repayment rate for honey as determined by the Secretary.
(b) To the extent practicable, CCC shall determine and announce the alternative repayment rate, based upon the prevailing domestic market price for honey, on a monthly basis.

§ 1434.19 Settlement.
The value of the settlement of loans shall be made by CCC on the following basis:
(a) With respect to nonrecourse loans, the schedule of premiums and discounts for the commodity:
   (1) If the value of the collateral at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency; or
   (2) If the value of the collateral at settlement is greater than the amount due, such excess shall be retained by CCC and CCC shall have no obligation to pay such amount to any party.
(b) With respect to honey that is delivered from other than an approved warehouse, settlement shall be made by CCC on the basis of the basic loan rate that is in effect for the commodity at the producer’s customary delivery point, as determined by CCC.

§ 1434.20 Foreclosure.
(a) Upon maturity and nonpayment of the loan, title to the unredeemed honey securing the loan shall vest in CCC.
(b) If the total amount due on a loan or the unpaid amount of the note and charges, plus interest is not satisfied upon maturity, CCC may remove the honey from storage and assign, transfer, and deliver the honey or documents evidencing title thereto at such time, in such manner, and upon such terms as CCC may determine at public or private sale. Any such disposition may also be effected without removing the honey from storage. The honey may be processed before sale and CCC may become the purchaser of the whole or any part of the honey at either a public or private sale.
   (1) If the value of the collateral computed at settlement is less than the amount due, the producer shall pay to CCC the amount of such deficiency and charges, plus interest on such deficiency and CCC may take any action against the producer to recover the deficiency; or
   (2) If the proceeds received from the sale of the honey so computed are greater than the sum of the amount due plus any cost incurred by CCC in conducting the sale of the honey, such excess shall be paid to the producer or, if applicable, to any secured creditor of the producer.

§ 1434.21 Loan deficiency payments.
(a) Loan deficiency payments shall be available for 2002–2007 crop honey.
(b) In order to be eligible to receive loan deficiency payment for a crop of honey, the producer must:
   (1) Comply with all of the program requirements to be eligible to obtain loan in accordance with this part;
   (2) Agree to forego obtaining such loans;
   (3) Submitted a request for a honey loan deficiency payment on the form as CCC prescribes.
   (4) Comply with §§1434.7 and 1434.8 or provide evidence of production as determined by CCC for such quantity; and
   (5) Otherwise comply with all program requirements.
(c) The loan deficiency payment rate for a crop shall be the amount by which the marketing assistance loan rate exceeds the rate at which CCC has announced that producers may repay their marketing assistance loan in accordance with §1434.18.
(d) The loan deficiency payment applicable to a crop of honey shall be computed by multiplying the loan deficiency payment rate, as determined in accordance with paragraph (e) of this section, by the quantity of honey the producer is eligible to pledge as collateral for a price support loan for which a loan deficiency payment is required.
(e) Notwithstanding any provisions in this section, loan deficiency payments may be based on 100 percent of the net quantity specified on acceptable evidence of disposition of the honey certified as eligible for a loan deficiency payment if CCC determines that such quantity represented the quantity for the number of containers of honey initially certified for the loan deficiency payment when the payment was made.

(f) When applying for an individual loan deficiency payment, each producer agrees:

1. The producer will provide correct, accurate, and truthful certifications and representations of the loan quantity and all other matters of fact and interest when submitting a request for a honey loan deficiency payment; and

2. That violation of the terms and conditions of this part will cause harm or damage to CCC in that funds may be disbursed to the producer for a LDP quantity that is not actually in existence or for a quantity for which the producer is not eligible.

(g) For the purposes of this section, violations include any failure to comply with this part or the loan agreement, including but not limited to any incorrect certification.

§ 1434.22 Handling payments and collections not exceeding $9.99.

In order to avoid administrative costs of making small payments and handling small accounts, amounts of $9.99 or less that are due the producer will be paid only upon the producer’s request. Deficiencies of $9.99 or less, including interest, may be disregarded unless demand for payment is made by CCC.

§ 1434.23 Death, incompetency, or disappearance; appeals; other loan provisions.

(a) In the case of death, incompetency, or disappearance of any producer who is entitled to the payment of any sum in settlement of a loan, payment shall, upon proper application to the county office that made the loan, be made to the persons who would be entitled to such producer’s share under the regulations contained in part 707 of this title. Applications for loans may be made upon application of a representative of the producer as allowed under standard practice for farm programs.

(b) Appeals of adverse decisions made under this part shall be subject to the provisions of 7 CFR parts 11 and 780.

The definitions set forth in this section are applicable for all purposes of program administration. Terms defined in part 718 of this title are also applicable.

Ability to market means, for purposes of determining the State cane sugar allotments and sugarcane processor allocations for Hawaii and Puerto Rico, the estimated quantity of sugar, raw value, as CCC determines, that will be produced in the cane State or by the sugarcane processor, as appropriate, during the applicable crop year; for determining the remaining State cane sugar allotments, the highest single year of sugar production for the State during the 1999 through 2003 crop years; for determining the sugarcane processor allocations for mainland cane States other than Louisiana, the highest single year of sugar production for the processor during the 1999 through 2003 crop years; and, for determining the sugarcane processor allocations for Louisiana, the simple average of two amounts for each processor, including:

(1) The production of sugar for the processor, stated in short tons, raw value, during Crop Year 2003, as determined by CCC; and
(2) The simple average of 3 years of the processor’s production of sugar, stated in short tons, raw value, from among the 1999 through 2003 crop years, excluding the year in which the production was the highest and the year in which the production was the lowest. With respect to the 2003 crop year, each processor’s production shall be the same as determined under paragraph (1).

Beet sugar means sugar that is processed directly or indirectly from sugar beets or sugar beet molasses.

Beet sugar allotment means that portion of the overall allotment quantity allocated to sugar beet processors.

Cane sugar means sugar derived directly or indirectly from sugarcane produced in the United States, including sugar produced from sugarcane molasses.

Cane sugar allotment means that portion of the overall allotment quantity allocated to sugarcane processors.

Cane sugar refiner means a person who processes raw sugar into refined crystalline sugar or liquid sugar.

Crop year means the period from October 1 through September 30, inclusive, and is identified by the year in
which the crop year begins. For example, the 2002 crop year begins on October 1, 2002. The 2002 crop of sugar beets or sugar cane means domestically grown sugar beets or sugar cane processed during the 2002 crop year. The 2002 crop of sugar means sugar processed from domestically-grown sugar beets or sugarcane during the 2002 crop year. Sugar from de-sugaring molasses is considered to be from the crop year the de-sugaring occurred.

Deputy Administrator means the Deputy Administrator, Farm Programs, FSA, or designee.

Deficit means the quantity of sugar covered by an allocation of an allotment that CCC estimates a sugar beet processor or sugarcane processor will be unable to market during the crop year in which marketing allotments are in effect.

Edible molasses means molasses that is not to be further refined or improved in quality and that is to be distributed for human consumption, either directly or in molasses-containing products.

Edible syrups means syrups that are not to be further refined or improved in quality and that are to be distributed for human consumption, either directly or in syrup-containing products.

Executive Vice President, CCC, means the Executive Vice President, CCC, or designee.

FSA means Farm Service Agency.

Imports means sugar originating in foreign countries or areas and entered, or to be entered, into the United States customs territory.

In-process sugar means the intermediate sugar containing products, as CCC determines, produced in the processing of domestic sugar beets and sugarcane. It does not include raw sugar, liquid sugar, invert sugar, invert syrup, or other finished products that are otherwise eligible for a loan.

Market or marketing means the transfer of title associated with the sale or other disposition of sugar in United States commerce, including the forfeiture of sugar loan collateral under Subpart B, and for any integrated processor and refiner, the movement of raw cane sugar into the refining process.

Overall allotment quantity means, on a national basis, the total quantity of sugar, raw value, processed from domestically produced sugarcane or domestically produced sugar from sugar beets, and the raw value equivalent of sugar in sugar products, that is permitted to be marketed by processors, during a crop year or other period in which marketing allotments are in effect.

Past marketings means, for purposes of determining State cane sugar allotments and sugarcane processor allocations for States other than Louisiana, the average of the 2 highest years of sugar production during the 1996 through 2000 crop years; for Louisiana sugarcane processor allocations, the average of the 2 highest years of sugar production during the 1997 through 2001 crop years.

Past processing means, for determining Hawaii and Puerto Rico's allotments, the 3-year average of the 1996 through 2000 crop years; and for determining the remaining cane State allotments, the 3 crop years with the greatest production (in the States collectively) during the 1991 through 2000 crop years. Past processing, for determining the sugarcane processor allocation for States other than Louisiana, means the average of the 3 highest years of production during the 1996 through 2000 crop years; and, for determining sugarcane processor allocations in Louisiana, the average of the 2 highest years of sugar production during the 1997 through 2001 crop years.

Raw sugar means any sugar that is to be further refined or improved in quality other than in-process sugar.

Raw value of any quantity of sugar means its equivalent in terms of raw sugar testing 96 sugar degrees, as determined by a polarimetric test performed under procedures recognized by the International Commission for Uniform Methods of Sugar Analysis (ICUMSA). Direct-consumption sugar derived from sugar beets and testing 92 or more sugar degrees by the polariscope shall be translated into terms of raw value by multiplying the actual number of pounds of such sugar by 1.07. Sugar derived from sugarcane and testing 92 sugar degrees or more by the polariscope shall be translated into terms of raw value in the following manner: raw value = [(actual degree of polarization – 92) × 0.0175] + 0.93 × actual weight. For sugar testing less than 92 sugar degrees by the polariscope, derive raw value by dividing the number of pounds of the “total sugar content” (i.e., the sum of the sucrose and invert sugars) thereof by 0.972.

Reasonable carryover stocks means desirable inventories of sugar owned by sugar beet processors, sugarcane processors, cane sugar refiners, and CCC and on hand in the United States at the end of the fiscal year, as CCC determines.

(1) Be requested by the processor during the following October;

(2) Be made at the loan rate in effect at the time the supplemental loan is made; and

(3) Mature in 9 months minus the number of whole months that the initial loan was in effect.

§ 1435.104 Loan maintenance.

(a) All processors receiving loans shall:

(1) Abide by the terms and conditions of the loan application, note and security agreement and storage agreement;

(2) Pay interest on the principal at a rate determined in part 1405 of this chapter;

(b) The security interests CCC obtains as a result of the execution of security agreements by sugarcane and sugar beet processors shall be superior to all statutory and common law liens on raw cane sugar, refined beet sugar, and in-process sugar for the producers of sugarcane and sugar beets and all prior recorded and unrecorded liens on the crops of sugarcane and sugar beets from which the sugar was derived.

(c) A processor receiving a loan under this section is not eligible to obtain a loan under this section solely because of the failure of the processor to provide the appropriate minimum payment established under this subsection if the failure:

(i) Occurred during a crop year before the date of enactment of the Farm Security and Rural Investment Act of 2002; and

(ii) Was related, at least in part, to the effects of a natural disaster, including freeze damage.

(d) CCC will annually determine and announce the annual grower minimum payment.

(4) Processors are ineligible for loans for the crop year following their failure to meet the required minimum grower payment.

(d)(1) A processor shall maintain eligible sugar or in-process sugar of sufficient quality and quantity as collateral to satisfy the processor’s loan indebtedness to CCC. CCC shall not assume any loss in quantity or quality of the loan collateral.

(2) The processor is responsible for storage costs through the loan maturity date or title transfer to CCC, whichever occurs later.

(f) Processors receiving loans in July, August, or September may repledge the sugar as collateral for a supplemental loan. Such supplemental loan shall:

(1) Be requested by the processor during the following October;

(2) Be made at the loan rate in effect at the time the supplemental loan is made; and

(3) Mature in 9 months minus the number of whole months that the initial loan was in effect.
or part of a sugar loan, the processor may request and obtain prior written approval from the loan making office by executing a loan collateral release request, as prescribed by CCC, to remove a specified quantity of the loan collateral from storage for the purpose of delivering it to a buyer before loan repayment. Any such approval shall be subject to the terms and conditions set forth in the applicable form. The loan making office shall not approve such a request unless the buyer of the sugar agrees to pay CCC an amount necessary to satisfy the processor’s loan indebtedness regarding collateral being sold. Any such approval shall not:

(i) Constitute a release of CCC’s security interest in the loan collateral; or

(ii) Relieve the processor of liability for the full amount of the loan indebtedness, including interest.

§ 1435.105 Loan settlement and foreclosure.

(a) A processor may, any time before loan maturity, redeem all or any part of the loan collateral by paying CCC the applicable principal and interest.

(b) Forfeiture of sugar loan collateral will be accepted as payment in full of the principal and interest due under a nonrecourse loan, applicable to the quality and quantity of sugar delivered, subject to applicable premiums and discounts.

(c)(1) Forfeiture of in-process sugar serving as loan collateral will be accepted as payment in full of principal and interest if the processor converts the in-process sugar into raw cane sugar or refined beet sugar of acceptable grade and quality for sugar eligible for loans within 1 month of loan maturity.

(2) The in-process sugar must be fully processed into raw cane sugar or refined beet sugar, the processor shall transfer the sugar to CCC.

(3) On transfer of the sugar, CCC shall make a payment to the processor in an amount equal to the amount obtained by multiplying the difference between the loan rate for raw cane sugar or refined beet sugar, as appropriate, and the in-process loan rate the processor received by the quantity of sugar transferred to CCC. The loan agreement shall specify the quantity of sugar that can be forfeited to CCC.

(d) If the processor does not forfeit the collateral, but instead further processes the in-process sugar into raw cane sugar or refined beet sugar and repays the loan on the in-process sugar:

(1) the processor may obtain a loan for the raw cane sugar or refined beet sugar, as appropriate, and

(2) the term of a loan made under this subsection for a quantity of in-process sugar, when combined with the term of a loan made for the raw cane sugar or refined beet sugar derived from the in-process sugar, may not exceed 9 months.

(e) CCC shall not accept delivery of sugar in settlement of a nonrecourse loan in excess of the quantity of sugar that is shown on the note and security agreement minus any quantity that was redeemed or released for removal under this section.

(f) If the processor does not redeem any of the nonrecourse loan collateral, title to the unredeemed nonrecourse loan collateral as described in the note and security agreement will, without further CCC or processor action transfer to CCC in-store at the CCC-approved warehouse at 12 a.m. the day following the maturity date of the loan. Title, all rights, and interest to such sugar shall immediately vest in CCC.

(g) The value of the settlement of loans shall be made by CCC according to the CCC schedule of premiums and discounts.

(h) CCC may, at any time, accelerate the date for loan repayment including interest. CCC will give the processor notice of such acceleration at least 15 days in advance of the accelerated loan maturity date.

(i) If a processor’s nonrecourse loan indebtedness is not satisfied under the provisions of this section or if forfeited in-process sugar is not converted to raw or refined sugar within the prescribed time:

(1) Interest on the processor’s indebtedness shall accrue as specified in part 1403 of this title and shall accrue until the debt is paid;

(2) CCC may, upon notice, with or without removing the collateral from
§1435.106 Miscellaneous provisions.

(a) The regulations governing setoffs and withholding set forth at parts 3 and 1403 of this title are applicable to the program set forth in this subpart.

(b) A producer or processor may obtain reconsideration and review of determinations made under this subpart under the regulations at parts 11 and 780 of this title.

(c) Any false certification, including those made for the purpose of enabling a processor to obtain a loan to which it is not entitled, will subject the person making such certification to liability under applicable Federal civil and criminal statutes.

Subpart C—Information Reporting and Recordkeeping Requirements

§1435.200 Information reporting.

(a) Every sugar beet processor, sugarcane processor, cane sugar refiner, and importer of sugar, syrup, and molasses shall report, by the 20th of each month, on CCC-required forms, its imports and receipts, processing inputs, production, distribution, stocks, and other information necessary to administer the sugar programs. If the 20th of the month falls on a weekend or a Federal holiday, the report shall be made by the next business day.

(b) Any processor must, upon CCC's request, provide such information as CCC deems appropriate for determining regional loan rates.

(c) Any processor must, upon CCC's request, provide such information as CCC deems appropriate for determining whether processors of sugarcane or sugar beets will be able to market their respective sugar allocations.

(d) Each sugarcane producer located in Louisiana shall report, in the manner CCC prescribes, sugarcane yields and sugarcane planted acres.

(e) Importers of sugars, syrups, or molasses to be used for domestic human consumption or to be used for the extraction of sugar for domestic human consumption shall report, in the manner CCC prescribes, the quantities of the products imported and the sugar content or equivalent of the products. This requirement shall not apply to sugars, syrups, or molasses within the quantities of tariff-rate quotas subject to the lower rate of duties.

(f) Based on the information received under this subsection, the Secretary shall publish on a monthly basis composite data on sugar production, imports, distribution, and stock levels.

(g) By November 20 of each year, each sugar beet processor, sugarcane processor, sugarcane refiner, and importer of sugars, syrups, and molasses will submit to CCC a report, as specified by CCC, from an independent Certified Public Accountant that reviews its information submitted to CCC during the previous October 1 through September 30 period.

(h) The sugar information reporting and recordkeeping requirements of this subpart are administered under the general supervision of the Executive Vice President, CCC.

§1435.201 Civil penalties.

(a) Any processor, refiner, or importer of sugar, syrup, and molasses who willfully fails or refuses to furnish the information, or who willfully furnishes false data required under §1435.200, is subject to a civil penalty of no more than $10,000 for each such violation.

(b) The Controller, CCC, shall assess civil penalties and interest.

(c) Affected processors, refiners, and importers of sugar, syrup, and molasses may request reconsideration of civil penalties by filing a request, within 30 days of receipt of certified written notification from the Controller, CCC, of such assessment of civil penalties, with the Executive Vice President, CCC.
Stop 0501, 1400 Independence Ave. SW., Washington, DC 20250–0501.

(d) After reconsideration, affected processors, refiners, or importers of sugar, syrup, and molasses may appeal civil penalties by filing a notice of appeal, within 30 calendar days of receipt of certified written notification from the Executive Vice President, CCC, of an affirmation of the assessment of civil penalties, with the National Appeals Division under part 780 of this title.

Subpart D—Flexible Marketing Allotments For Sugar

§ 1435.300 Applicability.
(a) This subpart applies to the establishment and allocation of marketing allotments for:
(1) Processor marketings of sugar domestically processed from sugar beets,
(2) Processor marketings of sugar processed from domestically produced sugarcane,
(3) Distribution of a processor’s allocation to producers in proportionate share States, and
(4) Harvesting sugarcane by producers subject to proportionate shares.
(b) This subpart does not apply to:
(1) Marketing sugar for nondomestic or nonhuman consumption,
(2) Marketing imported raw or refined sugar,
(3) Exportation of sugar from the United States customs territory.
(c) This subpart applies throughout the United States and Puerto Rico.

§ 1435.301 Annual estimates and quarterly re-estimates.
(a) Not later than August 1 before the beginning of the crop year, CCC will estimate, and make re-estimates as necessary but not later than the beginning of each quarter of such crop year, the:
(1) Quantity of sugar that will be consumed in the United States (other than sugar imported for the production of polyhydric alcohol or to be refined and re-exported in refined form or in sugar-containing products);
(2) Quantity of sugar that will provide for reasonable carryover stocks;
(3) Quantity of sugar that will be available for consumption from carry-in stocks;
(4) Quantity of sugar that will be available for consumption from domestic processing of sugarcane and sugar beets; and
(5) Quantity of sugars, syrups, and molasses that will be imported for human consumption or for the extraction of sugar for human consumption in the United States and Puerto Rico (other than sugar imported for the production of polyhydric alcohol or to be refined and re-exported in refined form or in sugar-containing products), whether such articles are included in a tariff-rate quota or not.
(b) Calculation of all allotments, allocations, estimates, and re-estimates in this subpart will use available USDA statistics and estimates of production, consumption, and stocks, taking into account, where appropriate, data supplied in reports submitted pursuant to the reporting requirements set forth in §1435.200.

§ 1435.302 Establishment and suspension of allotments.
(a) By the beginning of the crop year, CCC will establish the overall allotment quantity, beet sugar and cane sugar allotments, State cane sugar allotments, and allocations for processors marketing sugar domestically processed from sugar beets and domestically produced sugarcane at a level estimated to result in no sugar loan collateral forfeitures to CCC.
(b) Marketing allotments will be suspended whenever CCC determines that imports of sugars, syrups, and molasses for domestic human consumption or to be used for the extraction of sugar for domestic human consumption, whether under a tariff-rate quota or not, will exceed 1,532,000 short tons, raw value, excluding any imports attributable to a reassignment of allotments, and that the imports would lead to a reduction in the overall allotment quantity. The suspension of marketing allotments will be lifted if CCC subsequently determines that imports are estimated to be no higher than 1,532,000 short tons, raw value.
(c) Each determination under this section to establish or suspend marketing allotments will be published in
§ 1435.303 Overall allotment quantity.

The overall allotment quantity for the crop year will be calculated by deducting from the sum of estimated sugar consumption and reasonable carryover stocks:

(a) 1,532,000 short tons, raw value; and

(b) Carry-in stocks.

§ 1435.304 Adjustment of the overall allotment quantity.

(a) The overall allotment quantity will be adjusted, as CCC determines appropriate,

(1) To avoid forfeiture of sugar loan collateral to CCC, and

(2) To reflect changes in estimated consumption, stocks, production, or imports based on re-estimates under § 1435.301.

(b) Each determination to adjust the overall allotment quantity will be published in the FEDERAL REGISTER and accompanied by a statement of the reasons for the determination.

(c) The beet sugar allotment, cane sugar allotment, State cane sugar allotments, proportionate shares, and allocations to each sugar beet processor and sugarcane processor will be increased or decreased, as appropriate, to reflect an overall allotment quantity adjustment.

(d) If the overall allotment quantity is reduced under paragraph (a) of this section and the quantity of sugar and sugar products any individual processor marketed by the time of the reduction exceeds the processor's reduced allocation, the quantity of excess sugar or sugar products marketed will be deducted from the processor's allocation under an allotment next established.

§ 1435.305 Beet and cane sugar allotments.

(a) The allotment for beet sugar will be 54.35 percent of the overall allotment quantity.

(b) The allotment for cane sugar will be 45.65 percent of the overall allotment quantity.

(c) A sugar beet processor allocated a share of the beet sugar allotment may use only beet sugar to fill such allocation. A sugarcane processor allocated a share of the cane sugar allotment may use only cane sugar to fill such allocation.

§ 1435.306 State cane sugar allotments.

(a) Hawaii and Puerto Rico will be allotted a total of 325,000 short tons, raw value, of the cane sugar allotment.

(b) A new entrant cane State will receive an allotment to accommodate a new processor's allocation under 1435.308(f).

(c) Subject to paragraphs (a) and (b) of this section, the remaining cane States will be allotted, in aggregate, the remaining cane sugar allotment.

(d) The individual cane State allotments, other than a new entrant cane State, will be based on:

(1) Past marketings of cane sugar,

(2) Past processing of cane sugar, and

(3) The ability to market the sugar covered under the allotment assigned to the State.

(e) Past marketings and past processings will each be weighted by 0.25 and the ability to market will be weighted by 0.50 in determining the States' respective cane sugar allotments. The weights may be adjusted, as CCC deems appropriate, for the crop year.

(f) Except when deficits are reassigned as provided in § 1435.309, a processor may fill an allocation of a cane sugar allotment only with sugar processed from sugarcane grown in the State for which the allotment was established.

§ 1435.307 Allocation of marketing allotments to processors.

(a) Each sugar beet processor's allocation of the beet allotment will be calculated as the beet processor's share times the beet sector allotment:

(1) A beet processor's share is calculated as the beet processor's adjusted weighted average sugar production divided by the sum of all beet processors' adjusted weighted average sugar production.

(2) A beet processor's weighted average sugar production equals 0.25 times its 1998-crop sugar production as well as 0.35 times its 1999-crop sugar production.
Commodity Credit Corporation, USDA

§ 1435.308

Transfer of allocation, new entrants.

(a) If a sugar beet or sugarcane processing facility is closed, and the growers that delivered their crops to the closed facility elect to deliver their crops to another processor, the growers may petition the Executive Vice President, CCC, to transfer their share of the allocation from the processor that closed the facility to their new processor. If CCC approves transfer of the allocations, it will distribute the closed mill’s allocation based on the contribution of the growers’ production history to the closed mill’s allocation.
§ 1435.309  Reassignment of deficits.

(1) CCC may grant the allocation transfer upon:
   (1) Written request by a grower to transfer allocation,
   (2) Written approval of the processing company that will accept the additional deliveries, and
   (3) Evidence satisfactory to CCC that the new processor has the capacity to accommodate the production of petitioning growers.

(b) Subject to a transfer of allocation, if any, described in paragraph (a) of this section being completed, CCC will permanently eliminate the processor’s remaining allocation and distribute it to all other processors on a pro-rata basis when the processor:
   (1) Has been dissolved,
   (2) Has been liquidated in a bankruptcy proceeding, or
   (3) Has permanently terminated operations by:
      (i) Not processing sugarcane or sugar beets for 2 consecutive years, or
      (ii) Notifying CCC that the processor has permanently terminated operations.

(c) If a purchaser purchasing the assets of another processor is a new entrant or is a processor purchasing all the assets of the selling processor, then CCC shall immediately transfer allocation commensurate with the purchased factories’ production history.

(d) If a processor does not purchase all of the assets of another processor, then the purchased factories must operate for the remainder of the initial season and the following crop year for the purchasing processor to permanently obtain the allocation. If the purchased factories do not operate for this required time period, CCC shall reassign the allocation to the other processors on a pro rata basis.

(e) Allocations, equal to the number of acres of proportionate shares being transferred times the State’s per-acre yield goal, will be transferred between mills in proportionate share States, if the transfers are based on:
   (1) Written consent of the crop-share owners, or their representatives,
   (2) Written consent of the processing company holding the allocation for the subject proportionate shares,
   (3) Written consent of the processing company that will accept the additional sugarcane deliveries, and
   (4) Evidence, satisfactory to CCC, that the additional sugarcane deliveries will not exceed the processing capacity of the receiving company.

(f) New entrants, not acquiring existing facilities with production history in the base period, may apply to the Executive Vice President, CCC, for an allocation.

   (1) Applicants must demonstrate their ability to process, produce, and market sugar for the applicable crop year.

   (2) CCC will consider adverse effects of the allocation upon existing processors and producers.

   (3) New entrant cane processors are limited to 50,000 short tons, raw value, the first crop year.

   (4) New entrant cane processors will be provided, as determined by CCC:
      (i) A share of their State’s cane allotment if the processor is located in Hawaii, Puerto Rico, Florida, Louisiana, or Texas, or
      (ii) A share of the overall cane allotment if the processor is located in any state not listed in paragraph (f)(4)(i) of this section.

   (5) CCC will conduct a hearing on a new entrant application if an interested processor or grower requests a hearing.

   (6) If a new entrant acquires and reopens a factory that previously produced beet sugar from sugar beets and sugar beet molasses, but the factory last operated during the 1997 crop year, CCC will:
      (i) Assign an allocation to the new entrant not less than the greater of 1.67 percent of the adjusted weighted average quantities of beet sugar produced by all processors during the 1998 through 2000 crop years, as determined under §1435.307, or 1,500,000 hundredweight.
      (ii) Reduce all other beet processor allocations on a pro rata basis.

processors will be unable to market their allocations.

(b) Sugar beet and sugar cane processors will report to CCC current inventories, estimated production, expected marketings, and any other pertinent factors CCC deems appropriate to determine a processor's ability to market their allocation.

(c) If CCC determines a sugarcane processor will be unable to market its full allocation for the crop year in which an allotment is in effect, the deficit will be reassigned as follows:

1. First, to allocations of other sugarcane processors within that State based on each processor's initial allocation share of the State's allotment, but no processor may receive reassigned allocation such that its allocation exceeds its estimated total sugar supply.

2. If the deficit cannot be eliminated after reassignment within the same State, be reassigned to the other cane States based on each State's initial share of the cane sugar allotment, but no State may receive reassigned State allotment such that its allocation exceeds its estimated total sugar supply, with the reassigned quantity to each State being allocated according to paragraph (c)(1) of this section.

3. If the deficit cannot be eliminated by paragraphs (c)(1) and (c)(2) of this section, be reassigned to CCC. CCC shall sell such quantity from inventory unless CCC determines such sales would have a significant effect on the sugar price.

4. If any portion of the deficit remains after paragraphs (e)(1) and (e)(2) of this section have been implemented, be reassigned to imports.

(f) The crop year allocation of each sugar beet or sugarcane processor who receives a reassignment will be increased accordingly for that year.

§1435.310 Sharing processors' allocations with producers.

(a) Every sugar beet and sugarcane processor must provide CCC a certification that:

1. The processor intends to share its allocation among its producers fairly and equitably, and in a manner adequately reflecting each producer's production history, and

2. The processor has, in the previous allotment year, shared its allocation among producers fairly and equitably, reflecting each producer's production history. If a processor is unable to provide such certification, CCC may reduce or eliminate its marketing allocation.

(b) CCC will determine that a processor in a proportionate share state has met the conditions of paragraph (a) of this section if the processor establishes a grower payment plan that incorporates the following provisions:

1. Pays growers for sugar from their delivered sugarcane in the following priority:

i. Sugar production from proportionate share acreage; as established under §1435.311, for producers determined by CCC, who;

A. Delivered to the mill in at least one of the crop years 1999, 2000, or 2001;

B. Obtained an allocation transfer from a predecessor mill, or
§ 1435.311 Proportionate shares for sugarcane producers.

(a) Proportionate shares and the provisions of this section and §§1435.312 through 1435.316 apply only to Louisiana sugarcane farms.

(b) CCC will determine whether Louisiana sugar production, in the absence of proportionate shares, will exceed the quantity needed to enable processors to fill the State cane sugar allotment and provide a normal carryover inventory. If the determination is made that the quantity of sugar produced in Louisiana, plus a normal carryover inventory, will exceed the State's allotment, CCC will establish for each sugarcane producing farm a proportionate share that limits the sugarcane acreage that may be harvested on the farm for sugar or seed.

(c) For purposes of determining proportionate shares CCC will:

(1) Establish the State's per-acre yield goal at a level not less than the average per-acre yield in the State for the 2 highest years from among the 1999 through 2001 crop years;

(2) Adjust the per-acre yield goal by the State average recovery rate;

(3) Convert the State cane sugar allotment into a State acreage allotment by dividing the State allotment by the adjusted per-acre yield goal;

(4) Establish a uniform reduction percentage for the crop by dividing the State acreage allotment by the sum of all adjusted acreage bases in the State as determined under §1435.312; and

(5) Apply the uniform reduction percentage to the acreage base established for each sugarcane producing farm in the State to determine the farm's proportionate share of sugarcane acreage that may be harvested for sugar or seed.

§ 1435.312 Establishment of acreage bases under proportionate shares.

(a) CCC will establish a sugarcane crop acreage base for each farm subject to proportionate shares as the simple average of the acreage planted and considered planted for harvest for sugar or seed on the farm in the 2 highest of the 1999 through 2001 crop years. Acreage considered planted shall be determined under §1435.315.
Commodity Credit Corporation, USDA

§ 1435.316 Acreage reports for purposes of proportionate shares.

(a) A report of planted and failed acreage shall be required on farms that produce sugarcane for sugar or seed. Such report shall also specify the total acreage intended for harvest for sugar and seed.

(b) The reports required under paragraph (a) of this section shall be on forms prescribed by CCC and shall be filed annually with the county FSA committee by the applicable final reporting date CCC establishes. The farm operator or farm owner shall file such reports.

(c) Acreage reports will be used to determine compliance with proportionate share requirements.

§ 1435.313 Permanent transfer of acreage base histories under proportionate shares.

(a) A sugarcane producer on a farm may transfer all or a portion of the producer's acreage base history of land owned, operated, or controlled to any other farm in the State that the producer owns, operates, or controls under the Deputy Administrator-issued instructions. The transfer will reduce permanently the transferring farm's sugarcane acreage base history and increase the receiving farm's crop acreage base.

(b) All farm owners must agree in writing to the transfer.

(c) Producers may transfer sugarcane acreage base histories under this section by the date the State FSA committee establishes annually.

§ 1435.314 Temporary transfer of proportionate share due to disasters.

(a) If, for reasons beyond the control of a producer on a farm, such producer is unable to harvest sugarcane acreage relative to all or a portion of the proportionate share established for the farm, the Secretary may preserve, on producer application and written consent of all owners of the farm, for a period of not more than 5 consecutive years, the acreage base history of the farm to the extent of the proportionate share involved.

(b) Such proportionate share may be transferred, with the written consent of all owners of the farm, for 1 crop year to other farm owners or operators subject to the following conditions:

1. The acreage base history of the transferring farm will be preserved for a period from 1 to 5 years; and

2. Acreage base history will not be increased on the receiving farm.

(c) Producers who transfer a proportionate share under this section will be required to:

1. Initiate the transfer in the county FSA office where the proportionate shares are established; and

2. Obtain approval from the transferring county FSA committee.

(d) All transfers made under this section must be completed by the date the State FSA committee establishes.

§ 1435.315 Adjustments to proportionate shares.

Whenever CCC determines that, because of a natural disaster or other condition beyond the control of producers adversely affecting a sugarcane crop, the amount of sugarcane produced by producers subject to proportionate shares will not be sufficient to enable state processors to produce sufficient sugar to meet the State's cane sugar allotment and provide a normal carryover of sugar, CCC may uniformly allow producers to harvest sugarcane in excess of their proportionate shares, or suspend proportionate shares entirely.

§ 1435.316 Acreage reports for purposes of proportionate shares.

(a) A report of planted and failed acreage shall be required on farms that produce sugarcane for sugar or seed. Such report shall also specify the total acreage intended for harvest for sugar and seed.

(b) The reports required under paragraph (a) of this section shall be on forms prescribed by CCC and shall be filed annually with the county FSA committee by the applicable final reporting date CCC establishes. The farm operator or farm owner shall file such reports.

(c) Acreage reports will be used to determine compliance with proportionate share requirements.
shares and acreage bases for future proportionate shares.

(d) An acreage report may be accepted after the established date for reporting if physical evidence is still available for inspection that may be used to make a determination relative to:

(1) Existence of the crop;
(2) Use made of the crop;
(3) Lack of crop; or
(4) Disaster condition affecting the crop.

(e) The farm operator shall pay the cost of a farm visit by an authorized FSA employee unless the county FSA committee has determined that failure to report in a timely manner was beyond the producer's control.

(f) The farm operator may revise an acreage report. Revised reports shall be filed in accordance with CCC instructions and shall be accepted at any time if:

(1) Evidence exists for inspection and determination of:
   (i) Existence of the crop;
   (ii) Use made of the crop;
   (iii) Lack of crop; or
   (iv) Disaster condition affecting the crops.
(2) The farm has not already been inspected and the acreage already determined or harvested of sugarcane already begun.

(g) Provisions of part 718 of this chapter will apply for field inspections, tolerance, and variance. Assessments for false acreage reporting will be applied under §1435.318.

§ 1435.317 Revisions of allocations and proportionate shares.

The Executive Vice President, CCC, may modify any processor's allocation or any producer's proportionate share on the same basis as the initial allocation or proportionate share was required to be established.

§ 1435.318 Penalties and assessments.

(a) Under §359b(c)(3) of the Agricultural Adjustment Act of 1938, as amended, any sugar beet or sugarcane processor who knowingly markets sugar or sugar products in excess of the processor's allocation in violation of §1435.307 shall be liable to CCC for a civil penalty in an amount equal to 3 times the U.S. market value, at the time the violation was committed, of that quantity of sugar involved in the violation.

(b) Under §359f(c)(5) of the Agricultural Adjustment Act of 1938, as amended, any producer of sugarcane whose farm has a proportionate share, and who knowingly harvests or allows to be harvested an acreage of sugarcane for sugar or seed in excess of the farm's proportionate share shall pay to CCC a civil penalty in an amount equal to 1.5 times the U.S. market value of the quantity of sugar that is marketed by the processor of such sugarcane in excess of the allocation of such processor, for the year in which the violation was committed. However, civil penalties will not be assessed when the producer harvests acreage for sugar or seed in excess of the farm's proportionate share, if the excess sugarcane harvested is:

(1) Processed by a sugarcane processor that does not exceed its marketing allocation; or
(2) Diverted to a use other than sugar or seed if:
   (i) The sugarcane producer requests and pays for a CCC field inspection, and
   (ii) CCC verifies the disposition of the excess harvest is not for sugar or seed.

(c) Any penalty assessed under paragraph (b) of this section shall be prorated among the producers of all sugarcane acquired by the processor from excess acres.

(d) Any person filing a false acreage report that exceeds tolerance will be subject to an assessment not to exceed $10,000. Whenever the failure of a producer to comply fully with the terms and conditions applicable to proportionate shares would result in an assessment, the Deputy Administrator may authorize the waiver or reduction of the assessment in such amounts as determined to be equitable about the seriousness of the failure, the producer's good-faith effort to comply fully with such terms and conditions, and the producer's substantial performance.

(e) Any person who knowingly violates any provision of this subpart other than paragraph (d) of this section is subject to the assessment of a civil penalty by CCC of not more than $5,000 for each violation.
§ 1435.319 Appeals and arbitration.

(a) A person adversely affected by any determination made under this subpart may request reconsideration of such determination by filing a written request with the Executive Vice President, CCC, detailing the basis of the request within 10 days of such determination. Such a request must be submitted at: Executive Vice President, CCC, Stop 0501, 1400 Independence Ave., SW, Washington, DC 20250–0501.

(b) For issues arising under section 359d establishing allocations for marketing allotments, and sections 359f(b) and (c), and section 359 of the Agricultural Adjustment Act of 1938, as amended, after completion of the process provided in paragraph (a) of this section, a person adversely affected by a reconsidered determination may appeal such determination by filing a written notice of appeal within 20 days of the issuance of the reconsidered determination with the Hearing Clerk, USDA, Room 1081, South Building, 1400 Independence Ave., SW., Washington, DC 20250–9200. Any hearing conducted under this paragraph shall be in accordance with instructions issued by USDA’s Judicial Officer.

(c) For issues arising under §§ 359a–359c, 359e, and 359g of the Agricultural Adjustment Act of 1938, as amended, after completion of the process provided in paragraph (a) of this section, a person adversely affected by the reconsidered determination may appeal such determination by filing a written notice of appeal with the Director, National Appeals Division, USDA, as provided in part 11 of this title. For issues arising under § 359f(a) of the Agricultural Adjustment Act of 1938, as amended, such disputes shall be resolved through arbitration under the direction of the Executive Vice President, CCC. A request for arbitration must be filed in writing at the address specified in paragraph (a) of this section.

§ 1435.400 General statement.

This subpart shall be applicable to sugar beet and sugarcane processors throughout the United States who, acting in conjunction with the producers of the sugarcane or sugar beets processed by the processors, reduce sugar production in return for a payment of sugar from CCC when CCC determines that such action will reduce forfeitures of sugar pledged as collateral for a CCC loan.

§ 1435.401 Bid submission procedures.

(a) After announcement by CCC that a program authorized by this subpart is in effect, processors who desire to participate in the program must submit a bid to CCC, on a form prescribed by CCC, that specifies:

1. For a program involving acreage diversion, the amount of acreage to be reduced by producers who have contracts for delivery of sugar beets or sugar cane to the processor and contains the information CCC determines necessary to conduct the program and includes but is not limited to:
   (i) The number of acres that the processor, acting in conjunction with the producers, will divert;
   (ii) The previous consecutive 3-year simple average sugar beet or sugarcane yield on that acreage while under contract (years with no production contracted with a producer will not be considered (for first-time producers, however, the previous consecutive 3-year simple average sugar beet or sugarcane yield for all the producers under contract who delivered to the applicable factory will be used);
   (iii) The processor’s previous 3-year simple average recovery rate (for processors that have not been fully operational during the last 3 years, the simple average for those years that they were fully operational);
   (iv) The value of CCC sugar to be received as payment; and

(vi) Other information CCC deems necessary for program administration; or
(2) The sugar production capacity to be removed from production by the processor.

(b) The following acreage is ineligible for enrollment in the PIK program:
(1) If planted, acreage not currently under contract for delivery of sugar beets to a sugar beet processor or sugarcane to a sugarcane processor for sugar production.
(2) If planted, acreage that is not harvestable,
(3) Acreage devoted to roads or other non-producing areas, or
(4) If planted, acreage on which a crop insurance indemnity or replant payment was received for the current crop or for which a claim has been, or will be, filed to receive a crop insurance indemnity or replant payment for the current crop, except for replant payments for acreage actually replanted before the end of the normal planting period.
(c) If planted, the diverted acres cannot be grazed until after the sugar beets or sugarcane are destroyed by disk, plow, or other means of mechanical destruction. In addition, the sugar beets or sugarcane on the diverted acres may not be used for any commercial purpose.
(d) The acreage offered must meet the following requirements:
(1) If less than or equal to 15 acres, then the acreage bid must consist of one of the following:
   (i) One contiguous area of land,
   (ii) One or more entire permanent fields, or
   (iii) One or more entire permanent fields and one contiguous area of land to complete the balance;
(2) If more than 15 acres, then the acreage bid must consist of one of the following:
   (i) One or more areas of land of at least 15 contiguous acres each with one remaining area of land of less than 15 contiguous acres to complete the balance.
   (ii) One or more entire permanent fields, or
   (iii) One or more entire permanent fields and one area of contiguous land to complete the balance.
(3) Contiguous areas of land must have a minimum width of 3 chains (198 feet).
(e) For a program involving desugaring capacity, or other measures of sugar production, not involving acreage diversion, the bid must contain the information CCC determine necessary to conduct the program.

§ 1435.402 Bid selection procedures.
(a) For bids in which the processor offers to remove acreage of sugar beets or sugarcane from production, CCC will rank bids on the basis of the bid amount as a percentage of the expected sugar produced from the retired acreage. Bids with the lowest of such percentages will be selected first. In the case of identical bids, selection may be based on random selection or pro rata shares, as CCC deems appropriate.
(b) CCC will reject bids for which the bid amounts exceed the expected sugar produced from the retired acreage.
(c) For bids in which the processor offers to remove sugar production capacity from production, CCC will rank the bids on the basis of the capacity to be removed from production.
(d) All acceptable bids specified in paragraphs (a) and (c) of this section will be further reviewed by CCC and ranked in order of the greatest reduction in sugar program that can be achieved at the lowest cost to CCC.

§ 1435.403 In-kind payments.
(a) CCC will, through such methods as CCC deems appropriate, make payments in the form of sugar held in CCC inventory.
(b) To the maximum extent practicable, CCC will use its inventory in making an in-kind payment based on the following priority:
(1) CCC-owned sugar held in storage by the processor;
(2) CCC-owned sugar held in storage by any other processor in the same region as the producer;
(3) CCC-owned sugar held in storage by any other processor that is not in the same region as the producer; and
(4) CCC-owned sugar held in storage anywhere in the United States, if CCC determines that such sugar is eligible to be used for in-kind payments.
(c) The value of CCC-owned inventory is dependent upon the storage location of the sugar and the type of sugar (raw or refined). CCC will announce the value of its inventory before bid solicitation. Accordingly, the quantity of sugar CCC will provide in terms of an in-kind payment to a processor will be determined by dividing:

1. The total of the processor’s bid amount that CCC accepts, by
2. The value of CCC’s inventory at the storage location at which title will transfer from CCC to the processor.

§ 1435.404 Timing of distribution of CCC-owned sugar.

Distribution of sugar from CCC inventory will occur in such manner as CCC determines appropriate.

§ 1435.405 Miscellaneous provisions.

(a) CCC may permit processors to bid, in lieu of acreage, desugarizing capacity or other measures of sugar production as CCC determines.

(b) The contract shall provide for the payment of liquidated damages if a processor fails to comply with the obligations specified in the CCC production diversion contract.

(c) CCC will transfer title of the sugar to the processor by notifying the processor or assignee that the sugar is available. CCC will stop storage payments on this sugar on the date of transfer.

§ 1436.1 Applicability.

The regulations of this part provide the terms and conditions under which CCC may provide low-cost financing for producers to build or upgrade on-farm storage and handling facilities. Because liens and security interests related to this activity may be governed by state law, CCC may adapt certain procedures relating to those issues that may vary between States.

§ 1436.2 Administration.

(a) The Farm Storage Facility Loan Program shall be administered under the general supervision of the Executive Vice President, CCC or designee and shall be carried out in the field by FSA State committees, FSA county committees and FSA employees.

(b) FSA State committees, FSA county committees and FSA employees, do not have the authority to modify or waive any of the provisions of the regulations of this part.

(c) The FSA State committee shall take any action required by these regulations that has not been taken by the county committee. The FSA State committee shall also:

1. Correct, or require the FSA county committee to correct, any action taken by such FSA county committee that is not in accordance with the regulations of this part; and

2. Require the FSA county committee to withhold taking any action that is not in accordance with the regulations of this part.

(d) No provision or delegation herein to a State or FSA county committee shall preclude the Executive Vice President, CCC, or a designee, or the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or
modifying any determination made by the State or FSA county committee.

(e) The Deputy Administrator, Farm Programs, FSA, may authorize State and FSA county committees to waive or modify deadlines and other program requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the Farm Storage Facility Loan Program.

(f) A representative of CCC may execute Farm Storage Facility Loan Program applications and related documents only under the terms and conditions determined and announced by CCC. Any such document that is not executed in accordance with such terms and conditions, including any purported execution prior to the date authorized by CCC, shall be void.

(g) The Deputy Administrator may suspend this program at any time when it appears that there is no shortage of storage that needs to be addressed or where some other reason shall arise for which it appears that the program goals can be achieved more efficiently in a manner different from that provided for in this rule.

§ 1436.3 Definitions.

The following definitions shall be applicable to the program authorized by this part and will be used in all aspects of administering this program:

Aggregate outstanding balance means the sum of the outstanding balances of all loans disbursed under this part to each borrower signing the note and security agreement.

Assumption means the act or agreement by which one borrower takes over or assumes the debt of another borrower.

Collateral means the storage structure, drying equipment or handling equipment securing the loan.

Crop of economic significance means any insurable facility loan commodity that contributes 10 percent or more of the total expected value of all crops grown by the loan applicant except if the expected liability under the catastrophic level of crop insurance for a crop is equal to or less than the administrative fee for the crop, that crop shall not be economically significant.

Facility loan commodity means wheat, rice, raw or refined sugar, soybeans, sunflower seed, canola, rapeseed, safflower, flaxseed, mustard seed, other oilseeds as determined and announced by CCC, dry peas, lentils, small chick peas, harvested as whole grain and including peanuts, except that corn, grain sorghum, oats, wheat, or barley shall be included whether harvested as whole grain or other than whole grain.

Financing statement means the appropriate document that gives legal notice of a security interest in personal property when properly filed or recorded.

Non-movable or non-salable collateral means either collateral the county committee determines cannot be sold and moved to a new location because of the type of construction involved or because the collateral has deteriorated to the point that it has no sale recovery value.

Person means any individual, group of individuals, partnership, corporation, estate, trust, association, cooperative, tribal venture, or other business enterprise, or other legal entity who is, or whose members are, a citizen or citizens of the United States, or a legal resident alien.

Satisfactory credit history means a history of repaying debts as they came due unless the failure to repay or tardiness in payment was due to circumstance beyond the applicant’s control as determined by CCC upon proof submitted by the applicant.

Severance agreement means an agreement under which a party may consent to the security interest of another in property thereby allowing the severance of a fixture from the real estate.

Storage need requirement means:

1. The average of the most recent 3 years available, the applicant’s share of the acres farmed for each facility loan commodity requiring storage at the proposed facility multiplied by a yield determined reasonable by the county committee, multiplied by two, less existing storage capacity. If acreage data is not available, including prevented planted acres, or the data is not applicable to the storage need, a reasonable acreage projection may be made for newly acquired farms, changes in cropping operations, or for
facility loan commodity crops being grown for the first time.

(2) For sugar-related loans, a projection from the processor of the processing volume, available storage capacity, volume not to be marketed due to marketing allotments, and other factors affecting the processor’s storage need, as appropriate. CCC shall determine if the storage need is reasonable using data such as past processing volume and marketing allotments.

Subordination agreement means any agreement under which a party may subordinate a security interest in property to the interest of another party.

Uniform Commercial Code means the laws generally known by that name covering commercial transactions such as sales, negotiable instruments, and secured transactions.

§ 1436.4 Availability of loans.

(a) An application for a loan shall be submitted to the administrative county office that maintains the records of the farm or farms to which the application applies. With State office approval, loans may be made or serviced by a county office other than the administrative county office. Upon request, the applicant shall furnish information and documents as the State or county committee deems reasonably necessary to support the application. This may include financial statements, receipted bills, invoices, purchase orders, specifications, drawings, plats, or written authorization of access.

(b) Borrowers who authorize delivery, site preparation, or construction actions without an approved loan, do so at their own risk and without creating any liability on behalf of CCC.

(c) For sugar-related loans, a loan application shall be submitted to the county FSA office that maintains the applicant’s records. If no such records exist, loan applications shall be submitted to the county office serving the headquarters’ location of the sugar processor.

§ 1436.5 Eligible borrowers.

(a) Borrower means a person who, as landowner, landlord, operator, producer, tenant, leaseholder, sharecropper, or processor of domestically produced sugarcane or sugar beets:

(1) Has a satisfactory credit history according to the definition in §1436.3 and as recommended to the approving committee by a FSA employee with FSA loan approval authority;

(2) Demonstrates an ability to repay the debt arising under this program using a financial statement acceptable to CCC prepared within 90 days of the date of application, as recommended to the approving committee by a FSA employee with FSA loan approval authority;

(3) Has no disqualifying delinquent Federal debt under the Debt Collection Improvement Act of 1996;

(4) Is a producer of a facility loan commodity by CCC;

(5) Demonstrates a need for increased storage capacity as determined by CCC if the applicant is applying for a loan for a storage structure;

(6) Provides proof of crop insurance offered under the Federal Crop Insurance Program for insurable crops of economic significance on all farms operated by the borrower in the county where the storage facility is located;

(7) Is in compliance with USDA provisions for highly erodible land and wetlands conservation provisions according to 7 CFR part 12;

(8) Demonstrates compliance with any applicable local zoning, land use, and building codes for the applicable farm storage facility structures;

(9) Annually provides proof of flood insurance if CCC determines such insurance is necessary to protect the interests of CCC, and annually provides proof that the structures for which the loan is made has all peril structural insurance;

(10) Demonstrates compliance with the National Environmental Policy Act regulations at 40 CFR parts 1500-1508; and

(11) Has not been convicted under Federal or State law of a disqualifying controlled substance violation under 7 CFR part 718.

(b) For sugar related facility loans:
§ 1436.6 Eligible storage or handling equipment.

(a) Loans may be made only for the purchase and installation of eligible storage facilities and permanently affixed drying and handling equipment, for the remodeling of existing storage facilities, or for permanently affixed drying and handling equipment as provided in this section. Eligible storage and handling facilities shall include the following:

(1) New conventional-type cribs or bins designed and engineered for whole grain storage and having a useful life of at least 10 years;

(2) New oxygen-limiting storage structures or remanufactured oxygen-limiting storage structures built to the original manufacturer’s design specifications using original manufacturer’s rebuild kits, and other upright silo-type structures designed for whole grain storage or other than whole grain storage and having a useful life of at least 10 years; and

(3) New flat-type storage structures including a permanent concrete floor, designed for and primarily used to store facility loan commodities for the term of the loan and having a useful life of at least 10 years; and

(4) New structures that are bunker-type, horizontal, or open silo structures designed for whole grain storage or other than whole grain storage and having a useful life of at least 10 years.

(b) The calculation of the loan amount may include costs associated with building, improving, or renovating an eligible storage or handling facility, including:

(1) Permanently affixed grain handling equipment and grain drying equipment, including perforated floors determined by the approving committee to be needed and essential to the proper functioning of the grain storage system;

(2) Safety equipment as required by CCC and meeting OSHA requirements such as lighting, and inside and outside ladders;

(3) Equipment to improve, maintain, or monitor the quality of stored grain, such as cleaners, moisture testers, and heat detectors;

(4) Electrical equipment, including labor and materials for installation, such as lighting, motors, and wiring integral to the proper operation of the grain storage and handling equipment; and

(5) Concrete foundations, aprons, pits, and pads (including site preparation, labor and materials) essential to the proper operation of the grain storage and handling equipment.

(c) Storage and handling equipment with respect to which no loans for installation or related costs shall be disbursed under this part include:

(1) Portable grain drying equipment, portable handling equipment and portable augers;

(2) Structures of a temporary nature that require the weight or bulk of the stored commodity to maintain its shape (such as fences or bags);

(3) Used structures or handling equipment;

(4) Structures that are not suitable for storing the facility loan commodities for which a need is determined;

(5) Storage structures to be used for commercial purposes. Commercial purpose is defined as the storage and handling of grain, whether paid or unpaid, for persons other than the loan applicant, except for family members as defined in 7 CFR Part 718, and tenants or landlords sharing in the crop requiring storage. Any facility that is in working proximity to any commercial storage operation shall be considered to be part of a commercial storage operation; and

(6) Portable or permanent weigh scales.

(d) Loans may be approved for financing additions to or modifications of an existing storage facility with an expected useful life of at least 10 years if the county committee determines there is a need for the capacity of the structure, but not for the sole replacement of worn out items such as motors, fans, or wiring.
(e) Loans may be approved for new storage and handling components of a pre-owned structure provided the completed facility has a useful life of at least 10 years. The pre-owned structure must be purchased and moved to a new storage location. Eligible items for such a loan include costs such as new bin rings or roof panels needed to make a purchased pre-owned structure usable, new aeration systems, site preparation, construction off-farm paid labor cost, foundation material and off-farm paid labor. Ineligible items for such a loan include the cost of purchasing and moving the used structure.

(f)(1) Paragraphs (a) and (b) of this section shall not apply to sugar-related loans made under this part.

(2) For sugar-related loans, the loan amount may include costs associated with the purchase, installation, building, improving, remodeling or renovating an eligible storage or handling facility. Eligible facilities include the following:

(i) New conventional-type bins or silos designed for and used to store raw or refined sugar, having a useful life of at least 15 years;

(ii) New flat-type storage structures including a permanent concrete floor, designed for and used to store raw or refined sugar, having a useful life of at least 15 years;

(iii) New storage structures designed for and used to store in-process sugar, having a useful life of at least 15 years;

(iv) Permanently affixed sugar handling equipment determined by the CCC to be needed and essential to the proper functioning of the sugar storage system;

(v) Safety equipment CCC requires such as lighting, and inside and outside ladders;

(vi) Equipment to improve, maintain, or monitor the quality of stored sugar, such as moisture testers, and heat detectors;

(vii) Electrical equipment, including labor and materials for installation, such as lighting, motors, and wiring integral to the proper operation of the sugar storage and handling equipment; and

(viii) Concrete foundations, aprons, pits, and pads (including site preparation, labor and materials) essential to the proper operation of the sugar storage and handling equipment.

(3) For sugar-related loans, storage and handling equipment that is not eligible for loans, includes:

(i) Portable handling equipment and portable augers;

(ii) Structures of a temporary nature that require the weight or bulk of the stored commodity to maintain its shape (such as fences or bags);

(iii) Used or pre-owned structures or handling equipment;

(iv) Structures that are not suitable for storing raw or refined sugar;

(v) Weigh scales.

(4) For sugar-related loans, loans may be approved for financing additions to or modifications of an existing storage facility with an expected useful life of at least 15 years if CCC determines there is a need for the capacity of the structure.

§ 1436.7 Loan term.

The maximum term of the loan shall be 7 years from the date a promissory note and security agreement are executed, except in the case of a sugar-related loan in which case CCC, at its discretion, may authorize a loan of 15 years. The minimum term of a sugar-related loan is 7 years. No extensions of the loan term will be granted. The loan balance and all related costs are due 7 years from the date of the execution of the promissory note and security agreement, except in the case of a sugar-related loan, in which case such balance and costs are due 15 years from the date of the promissory note and security agreement are executed.

[67 FR 54939, Aug. 26, 2002]

§ 1436.8 Security for loan.

(a) Except as agreed to by CCC, all loans shall be secured by a promissory note and security agreement covering the farm storage facility. The promissory note and security agreement shall grant CCC a security interest in the collateral and shall be perfected in the manner specified in the laws of the state where the collateral is located. CCC's security interest in the collateral shall constitute the sole security.
§ 1436.9 Loan amount and loan application approvals.

(a) The cost on which the loan shall be based is the net cost of the eligible facility, accessories, and services to the applicant after discounts and rebates, not to exceed a maximum per-
Commodity Credit Corporation, USDA

§ 1436.11 Bushel cost established by the FSA State committee.

(b) The net cost for storage facilities and handling equipment may include the following: all real estate lien related fees paid by the borrower, including attorney fees, except for filing fees, environmental and historic review fees including archaeological study fees, the facility purchase price, sales tax, shipping, delivery charges, site preparation costs, installation cost, material and labor for concrete pads and foundations, materials and labor for electrical wiring, electrical motors, off-farm paid labor, on farm site preparation and construction equipment costs not to exceed commercial rates approved by the county committee, and new on-farm material approved by the county committee. The net cost shall not include secondhand material or any other item that is determined by the approving authority to be ineligible for loan.

(c) The maximum principal amount of any farm storage facility loan shall be 85 percent of the net cost of the applicant’s needed storage or handling equipment not to exceed $100,000 for each borrower signing the note and security agreement. Unless otherwise approved by CCC, borrowers shall be considered to be separate persons or borrowers for purposes of applying the preceding sentence only to the extent that they would normally be considered a separate person under the rules set out in 7 CFR part 1400.

(d) The aggregate outstanding balance of all facility loans for any one borrower signing the note and security agreement may not exceed $100,000.

(e) When a storage structure has a larger capacity than the applicant’s needed capacity, as determined by CCC, the net cost eligible for a loan shall be prorated. Only costs associated with the applicant’s needed storage capacity will be considered eligible for loan under this part.

(f) When a flat storage structure has space that is not used primarily for facility loan commodity storage, such as office space, the loan amount shall be adjusted for the ineligible space as determined by CCC.

(g) The FSA county committee may approve applications, if loan funds are available, up to the maximum approval amount unless the FSA State committee establishes a lower limit for county committee approval authority.

(h) Farm storage facility loan approvals will expire in 4 months after the date of approval unless extended in writing for an additional 4 months by the FSA State Committee. Sugar storage facility loan approvals will expire in 8 months after the date of approval unless extended in writing for an additional 4 months by the FSA State Committee.

(i) CCC may at any time refuse to make new loans.

(j) For sugar-related facility loans, paragraphs (c) and (d) and (g) do not apply.

(k) For sugar-related facility loans, the Agency approval officials may only approve loans, subject to available funds.

§ 1436.10 Down payment.

(a) A minimum down payment representing the difference between the net cost of the storage facility and the amount of the loan determined in accordance with § 1436.9 shall be made by the loan applicant to the supplier or contractor before the loan is disbursed.

(b) The down payment shall be in cash unless some other form of payment is approved by CCC. The down payment may be obtained by the borrower from another lending source.

(c) The down payment may not include any trade-in, discount, rebate, credit, deferred payment, post-dated check, or promissory note to the supplier or contractor.

§ 1436.11 Disbursement and assignments.

(a) Disbursement of the loan by CCC will be made after the farm storage facility has been delivered, erected, constructed, assembled, or installed and a CCC representative has inspected and approved such facility.

(b) Disbursement will be made only if the borrower furnishes satisfactory evidence of the total cost of the facility and payment of all debts on the facility in excess of the amount of the loan.
(c) Disbursement may be made jointly to the borrower and the contractor or supplier, except disbursement may be made to the borrower only if CCC determines the borrower has paid the contractor or supplier all amounts that are due and owing with respect to the facility and that all applicable liens, security interests, or other encumbrances have been released.

(d) A release of liability will be required from contractors and suppliers providing goods and services to the loan applicant.

(e) Loan proceeds cannot be assigned.

§ 1436.12 Interest and fees.

(a) Loans shall bear interest at the rate equivalent, as determined by CCC, to the rate of interest charged on Treasury securities of comparable maturity on the date the loan is approved.

(b) The interest rate for each loan will remain in effect for the term of the loan.

(c) The loan applicant shall pay a non-refundable application fee in such amount determined appropriate by CCC, which fee may not in any case be less than $45.

(d) For sugar-related facility loans, paragraph (c) does not apply.

§ 1436.13 Loan installments, delinquency, and acceleration of maturity date.

(a) Equal installments of principal plus interest will be amortized over the loan term for purposes of setting a payment schedule. Installments are due and payable not later than the last day of each 12-month period of the loan, until the principal plus interest has been paid in full.

(b) Each installment may be paid in cash, money order, wire transfer, or by personal, certified, or cashier’s check. Repayment shall be applied first to accrued interest and then to principal.

(c) The following actions will be taken when installments are not paid on the due date: A demand for payment shall be mailed to the debtor after the due date has passed. If the installment is not paid within 30 days of the due date or if a new due date acceptable to CCC has not been established based on a financial plan submitted by the debtor, the initial demand may be followed by two subsequent written demands at approximately 30-day intervals unless other action is needed to protect the interests of CCC. If the debtor files an appeal according to §1436.18 of this part, collection action shall cease until the appeal process is complete, however, any payments due the debtor may be withheld and, depending on the outcome of the appeal, may later be offset and applied to reduce the indebtedness. In lieu of a foreclosure on the collateral in the case of a delinquency, CCC may permit a rescheduling of the debt or other measures consistent with the collection of other debts under the provisions of Part 1403. Alternately, CCC may implement such other collection procedures as it deems appropriate.

(d) A claim shall be established against a borrower for any amounts remaining due after liquidation of the loan.

(e) CCC may declare the entire indebtedness immediately due and payable if the borrower violates any of the terms and conditions of this part, fails to pay any installment on time, or breaches any of the terms and conditions of any of the instruments executed in connection with the loan, or if, during the life of the loan, the collateral is used in connection with or by any unauthorized commercial operation including, but not limited to, elevators, warehouses, dryers or processing plants.

(f) Any action authorized by the provisions of this section may be taken:

1. Against a debtor’s pro rata share of payments due any entity that the borrower participates in, either directly or indirectly, as determined by CCC.

2. Against related persons or entities, irrespective of the debtors share, when CCC determines that the debtor has established an entity, or reorganized, transferred ownership of, or changed in some other manner, their operation, for the purpose of avoiding the payment of the debt.

(g) The loan may be paid in full or in part without penalty at any time before maturity.
Commodity Credit Corporation, USDA

(h) Upon payment of a loan, CCC shall release CCC’s security interest in the collateral.

§ 1436.14 Taxes.

The borrower must pay, when due, all real and personal property taxes that may affect CCC’s security interest in all collateral securing the note evidencing the loan. To protect its interests, CCC may pay any unpaid taxes with respect to the collateral securing a loan made in accordance with this part, and if CCC does so, the borrower shall reimburse CCC for such payment, and if unpaid by the borrower, such debt shall become due immediately.

§ 1436.15 Maintenance, liability, insurance, and inspections.

(a) The borrower must maintain the loan collateral in a condition suitable for the storage of one or more of the facility loan commodities. For purpose of this section the term “loan collateral” shall mean any property of any kind that was built or improved, or acquired using a loan made under this part.

(b) Until the loan has been repaid, the borrower shall be liable for all damages to or destruction of the loan collateral. CCC shall not assume any loss of the loan collateral.

(c) CCC may conduct annual collateral inspections to insure compliance with this part. The borrower must consent to such inspection as a term of the loan and failure to supply such access shall put the borrower into default.

(d) Structures must be insured against all perils in all cases and must also be insured against flooding if the structure is located in a flood plain, as determined by CCC. Proof of flood insurance, if required, and proof of all peril structural insurance, must be provided to CCC annually. CCC must be listed as a loss payee on all peril and flood insurance policies.

(e) CCC shall have rights of ingress and egress where the facility is located. Failure of the borrower to secure such access will render a borrower ineligible for the loan and, if a loan has already been made shall constitute a loan default for which the remaining balance of the loan shall become immediately due and payable.

(f) For sugar-related loans, in addition to the requirements of paragraph (d) of this section, sugar processors shall also insure the contents of storage structures used as collateral for a sugar-related facility loan against all perils.

§ 1436.16 Foreclosure, liquidation, assumptions, sale or conveyance, bankruptcy.

(a) The collateral or land securing a loan may be sold by CCC whenever CCC has declared the entire indebtedness immediately due and payable under this part as follows:

(1) If a demand for payment is not received by the due date acceptable to CCC, CCC may call the loan and initiate foreclosure proceedings by issuing a liquidation letter to the borrower.

(2) The debtor may voluntarily agree to allow removal of the collateral to facilitate sale by signing an agreement for sale. If the debtor objects to removal of collateral, the law of the state where the collateral exists will be used to foreclose on the property.

(3) For loans with movable collateral and no real estate lien, CCC may sell the collateral for the best price obtainable. Sales proceeds shall be distributed in the following order:

(i) To CCC to satisfy the debtor’s indebtedness including all costs associated with selling the collateral.

(ii) Payment to junior lien holders if approved by USDA’s Office of the General Counsel and then to the borrower or other persons as determined appropriate by that office.

(4) For loans with nonmovable collateral, as determined by CCC, and no real estate lien, CCC may establish a claim according to 7 CFR part 1403.

(5) For loans secured with a real estate lien, CCC may obtain an appraisal of the property. Sales proceeds shall be distributed in the following order:

(i) To CCC to satisfy the debtor’s indebtedness including all costs associated with selling the collateral and the appraisal.

(ii) To junior lien holders if approved by USDA’s Office of the General Counsel; or
§ 1436.17 Environmental compliance.

(a) Except as otherwise specified in this section, prior to approval of any farm storage facility loan, an environmental evaluation will be completed to determine if the proposed action will have any adverse impacts on the environment and cultural resources.

(b) If it is determined that a proposed action or group of proposed actions will not result in any adverse impact, the action will be considered as being categorically excluded for the purpose of compliance with the National Environmental Policy Act (NEPA), 40 CFR parts 1500-1508.

(c)(1) If adverse environmental impacts (either direct or indirect) are identified, an environmental assessment will be completed in accordance with the Council on Environmental Quality’s Regulations for Implementing the Procedural Provisions of NEPA.

(2) The environmental assessment will be used to develop an action that results in no significant environmental impact on the human environment or cultural resources.

(3) No action will be approved that has been determined to have significant impacts on the human environment or cultural resources.

(d)(1) In order to minimize the exposure to environmental liabilities from the presence of contamination on real estate collateral, an evaluation will be made of the economic and environmental risks to the real estate collateral posed by the presence of hazardous substances and petroleum products.

(2) If the evaluation made under paragraph (d)(1) of this section reveals that the collateral is or may be contaminated, then the applicant will be notified and given an option of offering as collateral other real estate that is free from contamination or remediating the contamination on the original site offered as collateral.

§ 1436.18 Appeals.

The appeal, reconsideration, or review of all determinations made under this part, except for provisions for which there are no appeal rights because they are determined rules of general applicability, must be in accordance with parts 11 and 780 of this title.

§ 1436.19 Equal Opportunity and Non-Discrimination Requirements.

(a) No recipient of a Storage Facility loan shall directly, or through contractual or other arrangement, subject any person or cause any person to be subjected to discrimination on the basis of
race, religion, color, national origin, gender, or other prohibited basis. Borrowers must comply with all applicable Federal laws and regulations regarding equal opportunity in hiring, procurement, and related matters.

(b) With respect to any aspect of a credit transaction, CCC will not discriminate against any applicant on the basis of race, color, religion, national origin, sex, marital status, or age, provided the applicant can execute a legal contract. Nor will CCC discriminate on the basis of whether all or a part of the applicant’s income derives from any public assistance program, or whether the applicant in good faith, exercises any rights under the Consumer Protection Act.

Subpart A—General Provisions

§ 1437.1 Applicability.

(a) The Noninsured Crop Disaster Assistance Program (NAP) is intended to provide eligible producers of eligible crops coverage equivalent to the catastrophic risk protection level of crop insurance. NAP is designed to help reduce production risks faced by producers of commercial crops or other
agricultural commodities. NAP will reduce financial losses that occur when natural disasters cause a catastrophic loss of production or where producers are prevented from planting an eligible crop.

(b) The provisions contained in this part are applicable to eligible producers and eligible crops for which catastrophic coverage under section 508(b) the Federal Crop Insurance Act (7 U.S.C. 1508(b)), as amended, or its successors, is not available.

(c) The regulations of this part are applicable to the 2001 and subsequent crop years.

§ 1437.2 Administration.

(a) NAP is administered under the general supervision of the Executive Vice-President, CCC (who also serves as Administrator, Farm Service Agency), and shall be carried out by State and county FSA committees (State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by the regulations of this part that the county committee has not taken. The State committee shall also:

(1) Correct, or require a county committee to correct, any action taken by such county committee that is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(d) No provision or delegation to a State or county committee shall preclude the Executive Vice-President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator may authorize State and county committees to waive or modify deadlines (except statutory deadlines) in cases where lateness to file does not adversely affect operation of the program.

(f) Items including, but not limited to, application periods, coverage periods, application deadlines, fees, prices, yields, and payment factors established for NAP in accordance with this part that are used for similarly situated participants and eligible crops are not to be construed to be individual program eligibility determinations or extent of eligibility determinations and are, therefore, not subject to administrative review.

§ 1437.3 Definitions.

The definitions and program parameters set out in this section shall be applicable for all purposes of administering the Noninsured Crop Disaster Assistance Program provided for in this part. Although the terms defined in part 718 of this title and part 1400 of this chapter shall also be applicable, the definitions set forth in this section shall govern for all purposes of administering the Program.

Administrative county office means the county FSA office designated to make determinations, handle official records, and issue payments for the producer in accordance with 7 CFR part 718.

Animal Unit Days (AUD) means an expression of expected or actual stocking rate for pasture or forage.

Application Closing Date means the last date, as determined by CCC, producers can submit an application for coverage for noninsured crops for the specified crop year.

Catastrophic coverage means a catastrophic risk protection (CAT) level of crop insurance available in accordance with section 508(b) of the Federal Crop Insurance Act, as amended.

Controlled environment means, with respect to those crops for which a controlled environment is expected to be provided, including but not limited to ornamental nursery, aquaculture (including ornamental fish), and floriculture, an environment in which everything that can practically be controlled with structures, facilities, growing media (including but not limited to water, soil, or nutrients) by the producer, is in fact controlled by the producer.
Commodity Credit Corporation, USDA

§ 1437.4 Eligibility.

(a) Noninsured crop disaster assistance is available for loss of production or prevented planting of eligible commercial crops or other agricultural commodities:

(1) Planted during the planting period, which means the time during which a majority of the crop is normally planted in the area, as determined by CCC, and is considered timely-planted for NAP purposes;

(2) Prevented from being planted during the planting period;

(3) Planted during the late planting period, which means the time after the planting period, during which certain crops, as determined by CCC, may be
§ 1437.5 Coverage period.

(a) The coverage period is the time during which coverage is available against loss of production of the eligible crop as a result of natural disaster.

(b) The coverage period for annual crops, including annual forage crops, begins the later of 30 calendar days after the date the application for coverage is filed; or the date the crop is planted, not to exceed the late planting period; and ends on the earlier of the date harvest is complete; the normal harvest date of the crop in the area; the date the crop is abandoned; or the date the crop is destroyed.

(c) Except as otherwise specified in this part, the coverage period for biennial and perennial crops begins 30 calendar days after the application closing date; and ends as determined by CCC.

(d) Except as otherwise specified in this part, the coverage period for value loss crops, including ornamental nursery, aquaculture, Christmas tree crops, ginseng, and turfgrass sod; and other eligible crops, including floriculture and mushrooms begins 30 calendar days after the application closing date; and ends the last day of the crop year, as determined by CCC.

(e) The coverage period for honey begins 30 calendar days after the application closing date and ends the last day of the crop year, as determined by CCC.

(f) The coverage period for maple sap begins 30 calendar days after the application closing date and ends on the earlier of the date harvest is complete; or the normal harvest date.

(g) For biennial and perennial forage crops the coverage period begins the later of 30 calendar days after the application closing date; for first year seedings, the date the crop was planted; or the date following the normal harvest date. The coverage ends on the normal harvest date of the subsequent year.

§ 1437.6 Application for coverage and service fee.

(a) With respect to each crop, commodity, or acreage, producers must file an application for coverage under this part in the administrative county FSA office no later than the application closing date.

(b) The service fee must be paid at the time of the application. The service fee is $100 per crop per administrative county, up to $300 per producer per administrative county, but not to exceed $900 per producer.

(c) The service fee will be applied per administrative county by crop definition and planting period, as determined by CCC.

(d) Limited resource farmers may request that the service fee be waived and must request such a waiver prior to, or at the same time the application
for coverage is filed. For this purpose, a “limited resource farmer” shall be given the meaning assigned by 7 CFR 457.8.

§ 1437.7 Records.

(a) Producers must maintain records of crop acreage, acreage yields, and production for the crop for which an application for coverage is filed in accordance with §1437.5. For those crops or commodities for which it is impractical, as determined by CCC, to maintain crop acreage, yields or production, producers must maintain records, in addition to the available records required by this section, as may be required in subparts C, D and E, of this part. Producers may be selected on a random or targeted basis and be required to provide records acceptable to CCC to support the certification provided. For each harvested crop for which producers file an application for payment in accordance with §1437.10, producers must provide documentary evidence acceptable to CCC of production and the date harvest was completed, including production of crops planted after the planting period or late planting period. Such documentary evidence must be provided no later than the acreage reporting date for the crop in the subsequent crop year. Records of a previous crop year’s production for inclusion in the actual production history database used to calculate an approved yield for the current crop year must be certified by the producer no later than the acreage reporting date for the crop in the current crop year. Production data provided after the acreage reporting date in the current crop year for the crop may be included in the actual production history data base for the calculation of subsequent approved yield calculations if accompanied by acceptable records of production as determined by CCC. Records of production acceptable to CCC may include:

(1) Commercial receipts, settlement sheets, warehouse ledger sheets, or load summaries if the eligible crop was sold or otherwise disposed of through commercial channels provided the records are reliable or verifiable as determined by CCC; and

(2) Such documentary evidence such as contemporaneous measurements, truck scale tickets, and contemporaneous diaries, as is necessary in order to verify the information provided if the eligible crop has been fed to livestock, or otherwise disposed of other than through commercial channels, provided the records are reliable or verifiable as determined by CCC.

(b) During any crop year that a notice of loss is filed according to this part:

(1) Producers of hand-harvested crops shall, in addition to providing acceptable production records according to this part, notify the administrative county office that harvest is complete. This notification must be made before deterioration or destruction of the crop residue and within 15 days after harvest is completed. If an appraisal of the crop acreage is determined necessary by CCC, the producer shall not destroy the crop residue until the crop acreage is released by an FCIC- or CCC-qualified loss adjustor. Producers may, at their expense, request that an appraisal by certified FCIC or CCC loss adjusters of hand-harvested crop acreage be completed during non-loss crop years in order to maintain accurate actual production history.

(2) Producers shall not allow the gathering (gleaning) of any produce left in the field following normal harvest of the crop acreage until the crop acreage is released by a qualified CCC or FCIC loss adjustor, as determined by CCC. Except, crop acreage may be released by an authorized CCC representative for acceptable glean operations, as determined by CCC, when producers and gleaners agree to provide acceptable records, as determined by CCC, of the quantity of the crop gleaned.

(c) Producers must provide verifiable evidence, as determined by CCC, of:

(1) An interest in the commodity produced or control of the crop acreage on
which the commodity was grown at the time of disaster; and
(2) The authority of the applicable individual to execute program documents.

d) Reports of acreage planted or intended but prevented from being planted must be provided to CCC at the administrative FSA office for the acreage no later than the date specified by CCC for each crop and location. Reports of acreage filed beyond the date specified by CCC for the crop and location may, however, be considered timely filed if all the provisions of 7 CFR 718.103 are met. In the case of a crop-share arrangement, all producers will be bound by the acreage report filed by the landowner or operator unless the producer files a separate acreage report prior to the date specified by CCC for the crop and location. Reports of acreage planted or intended and prevented from being planted must include all of the following information:
(1) Number of acres of the eligible crop in the administrative county (for each planting in the event of multiple planting) in which the producer has a share;
(2) Zero acres planted when the producer’s crop for which an application for coverage was filed, is not planted;
(3) The producer’s share of the eligible crop at the time an application for coverage was filed;
(4) The FSA farm serial number;
(5) The identity of the crop, practices, intended uses, and for forage crops, the predominant species or type and variety of the vegetation;
(6) The identity of all producers sharing in the crop;
(7) The date the crop was planted or planting was completed, including the age of the perennial crops; and
(8) The acreage intended but prevented from being planted.

e) Producers receiving a guaranteed payment for planted acreage, as opposed to receiving a payment only upon delivery of the production must provide documentation of any written or verbal contract or arrangement with the buyer to CCC. Net production, as determined by CCC, may be adjusted upward by the amount of production corresponding to the amount of the contract payment received.

(f) Producers must provide documentation of any salvage value received by or made available for the quantity of the crop or commodity that cannot be marketed or sold in any market, as determined by CCC and any value received by or made available for a secondary use of the crop or commodity.

g) Producers requesting payment under this part must maintain records which substantiate gross revenue for the tax year preceding the crop year for which coverage is requested.

(h) Producers requesting a waiver of service fees as a limited resource producer must maintain records which substantiate annual gross income for the two tax years preceding the crop year for which coverage is requested.

§ 1437.8 Unit definition.

(a) The unit identifies the interest of the producer in the administrative county on the basis of the unique relationship of the owner to one or more operators. The unit is the foundation for all determinations of acreage, production, value, AUD, approved yields, requisite losses, payments, and other program requirements.

(b) Separate and distinct units are:
(1) One-hundred percent interest as owner/operator;
(2) Less than one-hundred percent interest as owner or operator; or
(3) Less than one-hundred percent interest, as owner or operator in an inverse relationship.

§ 1437.9 Causes of loss.

(a) To be eligible for benefits under this part, an eligible cause of loss must result in:
(1) A loss of production greater than 50 percent of the approved yield in accordance with subpart B of this part;
(2) Prevented planting of greater than 35 percent of the intended crop acreage according to subpart C of this part;
(3) A value loss of greater than 50 percent of the pre-disaster value according to subpart D of this part, or
An AUD loss of greater than 50 percent of the expected AUD according to subpart E of this part.

(b) The quantity of the crop or commodity will not be reduced for any quality consideration unless a zero value is established.

(c) Eligible causes of loss include:

(1) Damaging weather occurring before or during harvest, including but not limited to drought, hail, excessive moisture, freeze, tornado, hurricane, excessive wind, or any combination thereof;

(2) Adverse natural occurrence before or during harvest, such as earthquake, flood, or volcanic eruption; and

(3) A related condition, including but not limited to heat, insect infestation, or disease, which occurs as a result of an adverse natural occurrence or damaging weather occurring before or during harvest that directly causes, accelerates, or exacerbates the destruction or deterioration of an eligible crop, as determined by CCC.

(d) Due to the unique requirements, such as controlled environments, necessary for successful production of some crops and commodities; not all eligible causes of loss will apply to all crops and commodities.

(e) Ineligible causes of loss include but are not limited to:

(1) Negligence or malfeasance of the producer;

(2) Failure of the producer to reseed to the same crop during the same planting period in those areas and under such circumstances where it is customary;

(3) Failure of the producer to follow good farming practices, as determined by CCC;

(4) Water contained or released by any governmental, public, or private dam or reservoir project, if an easement exists on the acreage affected for the containment or release of the water;

(5) Failure or breakdown of irrigation equipment or facilities;

(6) Except for tree crops and perennials and as provided for in §1437.201, inadequate irrigation resources at the beginning of the crop year;

(7) A loss of inventory or yield of aquaculture (including ornamental fish), floriculture or ornamental nursery stemming from drought or any failure to provide water, soil, or growing media to such crop for any reason; or

(8) Any failure to provide a controlled environment or exercise good nursery practices when such controlled environment or practices are a condition of eligibility under this part.

[71 FR 13743, Mar. 17, 2006]

§1437.10 Notice of loss, appraisal requirements, and application for payment.

(a) When an eligible crop is damaged by an eligible cause of loss, at least one producer having a share in the unit must provide a notice of loss to CCC in the administrative FSA county office for the unit, within:

(1) For prevented planting claims, 15 calendar days after the final planting date,

(2) For low yield claims and allowable value loss, the earlier of:

(i) 15 calendar days after the damaging weather or adverse natural occurrence, or date loss of the crop or commodity becomes apparent for low yield claims; and

(ii) 15 calendar days after the normal harvest date.

(b) For each crop for which a notice of loss is filed, producers must provide the following information:

(1) Crop by type or variety, as applicable;

(2) The cause of the crop damage;

(3) Date the loss occurred, as applicable;

(4) Date the damage or loss became apparent;

(5) The existence of a guaranteed payment through a contract or agreement for planted acreage as opposed to delivery of production, if one exists;

(6) Type of crop loss occurred, e.g. prevented planting or low yield;

(7) Practices employed to grow the crop, e.g. irrigated or non-irrigated;

(8) For prevented planting:

(i) Total acreage intended to be planted to the crop in the administrative county;

(ii) Total acreage planted by the producer to the crop in the administrative county;

(iii) Whether a purchase, delivery, or arrangement for purchase or delivery
was made for seed, chemicals, fertilizer, etc.; and
(iv) What and when land preparation measures, e.g. cultivation, etc. were completed and indicate what has been done or will be done with the acreage, e.g. abandoned, replanted, etc.

(9) For low yield:
(i) Total acreage planted by the producer to the crop in the administrative county;
(ii) Total acreage of the crop in the administrative county affected;
(iii) What and when land preparation measures and practices, e.g. cultivation, planting, irrigated, etc. were completed before and after the loss; and
(iv) What will be done with the affected crop acreage, e.g. harvested, destroyed and replanted to a different crop, abandoned, etc.

(10) Any such other information requested by CCC to establish the loss.

(c) A notice of loss provided beyond the time specified in paragraph (a) of this section may be considered timely filed if, at the discretion of CCC, provided at such time to permit an authorized CCC representative the opportunity to:

(1) Verify the information on the notice of loss by inspection of the specific acreage or crop involved; and
(2) Determine, based on information obtained by inspection of the specific acreage or crop involved, that an eligible cause of loss, as opposed to other circumstance, caused the claimed damage or loss.

(d) Producers who file a notice of loss, using the appropriate CCC form, for crop acreage that will not be harvested as intended, such as abandoned, put to another use, replaced to the same or a different crop, or in the case of forage, acreage intended to be mechanically harvested and grazed of the crop acreage:

(i) No less than 15 calendar days before replanting or in the case of forage intended to be mechanically harvested, grazing of the crop acreage.
(ii) Within 15 calendar days after the acreage is abandoned, for example, discontinued care for the crop or provided care so insignificant as to provide no benefit to the crop, as determined by CCC.
(iii) No later than the normal harvest date of the crop, as determined by CCC.

(3) Request the loss adjustor on the day the initial appraisal is completed, or request in any manner of written correspondence received in the FSA administrative county office no later than 15 calendar days after the request for initial appraisal is submitted, that the appraisal be deferred until the end of the growing season, the producer be permitted to establish representative sample areas according to paragraph (d)(4) of this section, and that the acreage be released immediately when:

(i) Time is critical for replanting, or other urgent reasons; and
(ii) Producers and loss adjustors cannot resolve disagreement with the initial appraisal of the acreage to be released.

(4) Establish representative sample areas of the acreage according to the loss adjustor’s instructions received on the day the initial appraisal is completed or, if the loss adjustor is not available, according to the FCIC Loss Adjustment Manual (LAM) and applicable FCIC crop handbooks. Report the size, number, and location of the areas in any manner of written correspondence received in the FSA administrative county office, no later than 15 calendar days after requesting a deferred appraisal and before the acreage is put to another use or replanted. Representative sample areas must be of adequate construction and numbers to provide acceptable sampling results and maintained in sound condition, as determined by CCC, until released by CCC.

(5) If possible, be present for the appraisal involving un-harvested crop acreage and accept or contest the results of the loss adjustor’s appraisal. Producers unable to be present for the appraisal may contest the results of the appraisal in the FSA administrative county office.
(e) For the 2005 and subsequent crop years, crop acreage for which an application for coverage has been filed, that is intended for production of forage seed and for which a notice of loss is filed indicating the crop acreage will not be harvested as seed, will be appraised for potential production of seed when producers provide CCC acceptable evidence of a contract to produce seed for the current crop year or acceptable records of acreage and seed production for three or more of the last 5 consecutive crop years, as determined by CCC. 

(f) Forage acreage for which a notice of loss is filed that was intended to be mechanically harvested but will be grazed and not mechanically harvested, or that was intended to be grazed but will be mechanically harvested and not grazed, does not require an appraisal or release of crop acreage.

(g) Producers must apply for payments prior to the earlier of the:
   (1) Date an application for coverage is filed for the crop for the subsequent crop year; or
   (2) Application closing date for the crop for the subsequent crop year.

§ 1437.11 Average market price and payment factors.

(a) An average market price will be used to calculate assistance under this part and will be:
   (1) A dollar value per the applicable unit of measure of the eligible crop;
   (2) Determined on a harvested basis without the inclusion of transportation, storage, processing, marketing, or other post-harvest expenses, as determined by CCC;
   (3) Comparable with established FCIC prices; and
   (4) Determined, as practicable, for each intended use of a crop type within a State, as determined by CCC, for a crop year.

(b) For these purposes, where needed, an Animal-unit-days (AUD) value will be based on the national average price of corn and the daily requirement of 13.6 megacalories of net energy for maintenance of 1 animal unit.

(c) Payment factors will be used to calculate assistance for crops produced with significant and variable harvesting expenses that are not incurred because the crop acreage was prevented planted or planted but not harvested, as determined by CCC.

(d) An adjusted market price will be calculated based on the provisions in this section and others as may apply. A final payment price will be determined by multiplying, as appropriate, the average market price by the applicable payment factor (i.e. harvested, unharvested, or prevented planting) by 55 percent or, by multiplying the applicable AUD (as adjusted, if adjusted) by 55 percent.

§ 1437.12 Crop definition.

(a) For the purpose of providing benefits under this part, CCC will, at its discretion, define crops as specified in this section.

(b) CCC may separate or combine types and varieties as a crop when specific credible information as determined by CCC is provided showing the crop of a specific type or variety has a significantly different or similar value when compared to other types or varieties, as determined by CCC.

(c) CCC may recognize two or more different crops planted on the same acreage intended for harvest during the same crop year as two or more separate crops. The crop acreage may include a crop intended for harvest before planting of a succeeding crop or a succeeding crop interseeded with the preceding crop prior to intended harvest of the preceding crop. The acreage must be in an area where the practice is recognized as a good farming practice, as determined by CCC.

(d) CCC may consider crop acreage that is harvested more than once during the same crop year from the same plant as a single crop. The acreage must be in an area where the practice is recognized as a good farming practice, as determined by CCC.

(e) CCC may consider each planting period of multiple planted acreage as a separate crop. The acreage must be in...
§ 1437.13 Multiple benefits.

(a) If a producer is eligible to receive payments under this part and benefits under any other program administered by the Secretary for the same crop loss, the producer must choose whether to receive the other program benefits or payments under this part, but shall not be eligible for both. The limitation on multiple benefits prohibits a producer from being compensated more than once for the same loss.

(b) The limitation on multiple benefits in paragraph (a) of this section shall not apply in any respect to Emergency Loans under subtitle C of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 et seq).

(c) The restriction on multiple benefits does not relieve the producer from the requirements of making a production and acreage report.

(d) If the other USDA program benefits are not available until after an application for benefits has been filed under this part, the producer may, to avoid this restriction on such other benefits, refund the total amount of the payment to the administrative FSA office from which the payment was received.

§ 1437.14 Payment and income limitations.

(a) NAP payments shall not be made in excess of $100,000 per person per crop year under this part.

(b) NAP payments shall not be made to a person who has qualifying gross revenues in excess of $2 million for the most recent tax year preceding the year for which assistance is requested. Qualifying gross revenue means:

(1) With respect to a person who receives more than 50 percent of such person's gross income from farming, ranching, and forestry operations, the annual gross income for the taxable year from such operations; and

(2) With respect to a person who receives 50 percent or less of such person's gross income from farming, ranching, and forestry operations, the person's total gross income for the taxable year from all sources.

(c) CCC will pay, for up to one year, simple interest on payments to producers which are delayed. Interest will be paid on the net amount ultimately found to be due, and will begin accruing on the 31st day after the date the producer signs, dates, and submits a properly completed application for payment on the designated form, or the 31st day after a disputed application is adjudicated. Interest will be paid unless the reason for failure to timely pay is due to the producer's failure to provide information or other material necessary for the computation of payment, or there was a genuine dispute concerning eligibility for payment.

(d) Rules set out in 7 CFR part 1400 shall apply in implementing the restrictions of this section.
§ 1437.15 Miscellaneous provisions.

(a) To be eligible for benefits under this part, producers must be in compliance with the highly erodible land and wetlands provisions of part 12 of this title.

(b) The provisions of § 718.11 of this title, providing for ineligibility for benefits for offenses involving controlled substances, shall apply.

(c) A person shall be ineligible to receive assistance under this part for the crop year plus two subsequent crop years if it is determined by the State or county committee or an official of FSA that such person has:

   (1) Adopted any scheme or other device that tends to defeat the purpose of a program operated under this part;
   
   (2) Made any fraudulent representation with respect to such program; or
   
   (3) Misrepresented any fact affecting a program determination.

(d) All amounts paid by CCC to any such producer, applicable to the crop year in which a violation of this part occurs, must be refunded to CCC together with interest and other amounts as determined appropriate to the circumstances by CCC.

(e) All persons with a financial interest in the operation receiving benefits under this part shall be jointly and severally liable for any refund, including related charges, which is determined to be due CCC for any reason under this part.

(f) In the event that any request for assistance or payments under this part was established as result of erroneous information or a miscalculation, the assistance or payment shall be recalculated and any excess refunded with applicable interest.

(g) The liability of any person for any penalty under this part or for any refund to CCC or related charge arising in connection therewith shall be in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001 and 1014; 15 U.S.C. 714m; and 31 U. Subpart B—Determining Yield Coverage Using Actual Production History

§ 1437.101 Actual production history.

Actual production history (APH) is the unit's record of crop yield by crop year for the APH base period. The APH base period consists of ten crop years of actual yield, T-yield, assigned yield, and zero credited yield, immediately preceding the crop year for which an approved yield is calculated in accordance with this part. APH will be used, except as otherwise indicated in this part, as the basis for providing non-insured crop disaster assistance.

[71 FR 13744, Mar. 17, 2006]

§ 1437.102 Yield determinations.

(a) An actual yield is the total amount of harvested and appraised production from unit acreage for the crop year on a per-acre, or other basis, as applicable.

(b) A T-yield (county expected yield):

   (1) Is the Olympic average (disregarding the high and low yields) of historical yields of the crop in the county for the five consecutive crop years immediately preceding the previous crop year. For example, for the 2005 crop year, the five consecutive crop years immediately preceding the previous crop year would be 1999 through 2003.
§ 1437.102

(2) Will be the same as the FCIC transitional yield if crop insurance is available for the crop, but not necessarily for the cause of loss if excluded by policy provisions, in the administrative county.

(3) Will be calculated so as to be comparable to the FCIC transitional yield most reasonable to the area if crop insurance was available for the crop (but not necessarily for the cause of loss) in contiguous counties, but not in the immediate county.

(4) Will be based on the most representative available historical information, as determined by CCC, from such sources as, but not limited to, actual acreage and production data of participating producers in the county; or in similar areas; National Agricultural Statistics Service data; Cooperative State Research, Education, and Extension Service records, Federal Crop Insurance data, and credible non-government studies. Such data is based on the acreage intended for harvest.

(5) May be adjusted on an administrative county-wide basis for:
   (i) Yield variations due to different farming practices in the administrative county such as irrigated, non-irrigated, and organic practices; and
   (ii) Cultural practices when such practices in the administrative county are different from those used on acreage to establish the yield.

(6) Will, for all land for those producers who have land physically located in multiple counties and administered in one county office, be based on the administrative county's expected yield for the crop.

(7) May be reduced, on a specific APH basis, when, as determined by CCC, it does not accurately reflect the productive capability of specific crop acreage.

(8) Will be used in the actual production history base period when less than four consecutive crop years of actual, assigned, or zero-credited yields, as applicable, are available.

(c) An assigned yield is:
   (1) Equal to 75 percent of the approved yield calculated for the most recent crop year for which the producer did not certify a report of production.
   (2) Used, after the first crop year an approved yield for the crop is calculated, in the actual production history base period when the producer reports acreage for the crop but fails to certify a report of production. Producers may have only one assigned yield in the actual production history base period.

(3) May be replaced with an actual yield when the producers provide a certification of production and acceptable production records for the applicable crop year in accordance with §1437.7.

(4) May not be used if the acreage of a crop in the administrative county in which the unit is located for the crop year increases by more than 100 percent over any year in the preceding seven crop years, or significantly from the previous crop years, as determined by CCC, unless producers provide:
   (i) Detailed documentation of production costs, acres planted, and yield for the crop year for which the producer is requesting assistance, or
   (ii) If CCC determines the documentation is inadequate, proof that the eligible crop, had it been harvested, could have been marketed at a reasonable price.

(5) May be used, notwithstanding paragraph (c)(4) of this section, if:
   (i) The planted acreage for the crop has been inspected by a third party acceptable to CCC, or
   (ii) The FSA county executive director, with the concurrence of the FSA state executive director, makes a recommendation for an exemption from the requirements and CCC approves such recommendation.

(d) A zero-credited yield:
   (1) Will be used in the applicable crop year of the actual production history base period for each crop year following the crop year containing an assigned yield, for which producers do not certify a report of acreage or production, as determined by CCC.
   (2) May be replaced with an actual yield when the producer provides a certification of production and acceptable production records for the applicable crop year in accordance with §1437.7.

(e) An approved yield:
   (1) Is used in the calculation of the requisite loss and payment.
   (2) Is a simple average of a minimum of four base period crop years, i.e., actual yield, T-yield, assigned yield, or zero-credited yield. The base
Commodity Credit Corporation, USDA

§ 1437.102

period is 10 crop years, except 5 crop years for apples and peaches, immediately preceding the crop year for which an approved yield is calculated, not including any crop year the crop was out of rotation, not planted, or prevented from being planted.

(3) Shall be calculated according to the following criteria when the producer does not have at least four consecutive crop years of actual, assigned, or zero credited yields beginning with the most recent crop year.

(i) If there are no certified acceptable production records of actual production for the most recent crop year, or zero credited or assigned yields in the producer’s APH base period, and no formula provided for the producer under paragraphs (e)(3)(ii) through (iv) of this section, then the approved yield for the current crop year will be calculated on the simple average of 65 percent of the applicable T-yield for each of the minimum four APH crop years.

(ii) If certified acceptable production records of actual production are available for only the most recent crop year and there are no zero credited or assigned yields in the producer’s APH base period, the approved yield for the current crop year will be calculated on the simple average of the one actual yield plus 80 percent of the applicable T-yield for the remaining three of the minimum four APH crop years.

(iii) If certified acceptable production records of actual production are available for only the two most recent crop years and there are no zero credited or assigned yields in the producer’s APH base period, the approved yield for the current crop year will be calculated on the simple average of the two actual yields plus 90 percent of the applicable T-yield for the remaining two of the minimum four APH crop years.

(iv) If certified acceptable production records of actual production are available for only the three most recent crop years and there are no zero credited or assigned yields in the producer’s APH base period, the approved yield for the current crop year will be calculated on the simple average of the three actual yields plus 100 percent of the applicable T-yield for the remaining crop year of the minimum four APH crop years.

(f) If, for one or more actual production history crop years used to establish the approved yield, the actual or appraised yield is less than 65 percent of the current crop year T-yield due to losses incurred in a disaster year, as determined by CCC, producers may request CCC replace the applicable yield with a yield equal to 65 percent of the current crop year T-yield.

(g) If approved yields were calculated for any of the 1995 through 2000 crop years, and subsequently in that period production was not certified, producers may request CCC replace the missing yields for such years with yields equal to the higher of 65 percent of the current crop year T-yield or the missing crop year actual yield.

(h) If producers add land in the farming operation and do not have available production records for the added land CCC will calculate an approved yield for the new unit by utilizing the actual production history yields for the existing unit. In the event the crop suffers a loss greater than 50 percent of the initial approved yield for the crop year and unit acreage has increased by more than 75 percent of the historical average acreage, CCC may adjust the approved yield, as determined by CCC.

(i) If a producer is a new producer, the approved yield may be based on unadjusted T-Yields or a combination of actual yields and unadjusted T-Yields. A new producer is a person who has not been actively engaged in farming for a share of the production of the eligible crop in the administrative county for more than two APH crop years. Formation or dissolution of an entity which includes individuals with more than two APH crop years of production history during the base period does not qualify the new entity as a new producer for APH determination purposes.

(j) A producer who has not shared in the risk of the production of the crop for more than two crop years during the base period, as determined by CCC, will have an approved yield calculated based on a combination of 100 percent of the applicable T-yield and any actual yield for the minimum crop years of the producer’s APH base period. Producers who have produced the crop for one or two crop years must provide
§ 1437.103 Late-planted acreage.

(a) Producers planting crop acreage after the final planting date and during the late planting period, as determined by CCC, may be eligible for reduced coverage.

(b) Multiple-planted crops, crops with a growing period of 60 calendar days or less, value-loss crops, and fall season small grain crops intended only for grain are not eligible for reduced coverage under late planting provisions.

(c) For crops with a growing period of:

(1) 61 to 120 calendar days and planted:

(i) One to five calendar days after the final planting date, production will be assigned equal to 5 percent of expected production of the applicable late-planted crop acreage regardless of the day planted.

(ii) Six to twenty calendar days after the final planting date, production will be assigned equal to 5 percent of expected production of the applicable late-planted crop acreage plus an additional one percent of the expected production of the applicable late-planted crop acreage for each day beyond five days.

(iii) 21 or more calendar days after the final planting date, production will be assigned equal to 50 percent of the producer’s expected production of the applicable late-planted crop acreage.

(2) 121 days and up and planted:

(i) One to five calendar days after the final planting date, production will be assigned equal to 5 percent of expected production of the applicable late-planted crop acreage regardless of the day planted.

(ii) Six to 25 days after the final planting date, production will be assigned equal to 5 percent of expected production of the applicable late-planted crop acreage plus an additional one percent of the expected production of the applicable late-planted crop acreage for each day beyond five days.

(iii) 26 or more calendar days after the final planting date, production will be assigned equal to 50 percent of the producer’s expected production of the applicable late-planted crop acreage.

§ 1437.104 Assigned production.

(a) When determining losses under this section, assigned production will be used to offset the loss of production when, as determined by CCC, any of the following has occurred:

(1) The loss is a result of an ineligible cause of loss and the loss has not been otherwise accounted for.

(2) The unit acreage was destroyed without consent notwithstanding §1437.10(d).

(3) The producer has a contract to receive a guaranteed payment for all or a portion of the production, as opposed to or regardless of delivery of such production.

(4) The crop is planted after the STC-established final planting date according to §1437.103.

(5) Irrigation equipment is not capable of supplying adequate water to sustain the expected production of a normal irrigated crop.

(6) For normal irrigated annual, biennial, and perennial crops, the irrigation practice is not used.

(7) For normal irrigated annual and biennial crops, the supply of available water at the beginning of the crop year is not adequate.

(8) For normal irrigated perennial crops, the supply of available water at the beginning of the crop year is not adequate as a result of an ineligible cause of loss.

§ 1437.105 Determining payments for low yield.

(a) Except to the extent that the loss calculation provisions of other subparts apply, and subject to limitations set out elsewhere in this part and in this title and to the availability of funds, payments under this part shall...
be made on eligible crops with eligible losses by:
(1) Multiplying the total eligible acreage planted to the eligible crop by the producers share, and subject to provisions for specific crops provided elsewhere in this part;
(2) Multiplying the product of paragraph (a)(1) of this section by 50 percent of the approved yield per acre for the commodity for the producer;
(3) Multiplying the net production of the total eligible acreage by the producer's share;
(4) Subtracting the product of paragraph (a)(3) of this section from the product of paragraph (a)(2) of this section;
(5) Multiplying the difference calculated under paragraph (a)(4) of this section by the final payment price calculated under §1437.11; and
(6) Multiplying the value of salvage and secondary use by the producer's share and subtracting the result from the result of paragraph (a)(5) of this section.

(b) Further adjustments may be made as needed to accomplish the purposes and goals of the program.

§1437.106 Honey.

(a) Honey production eligible for benefits under this part includes table and non-table honey produced commercially.

(b) All of a producer's honey will be considered a single crop, regardless of type or variety of floral source or intended use.

(c) The crop year for honey production is the calendar year, January 1 through December 31.

(d) In addition to filing a report of acreage in accordance with §1437.7, honey producers must provide a record of colonies to CCC. The report of colonies must be filed before the crop year for which producers seek to maintain coverage. The report of colonies shall include:
(1) The address of the producer's headquarters and FSA farm serial number, if available;
(2) Names and shares of each person sharing in the honey produced from the unit;
(3) The number of all colonies of bees belonging to the unit;

(5) A certification of the number of colonies reported including all colonies from which production is expected.

(e) The honey unit shall consist of all the producer's bee colonies, regardless of location.

(f) Producers must designate a FSA office as the control office for the honey operation. Producers must complete the following actions only in the control office:
(1) File an application for coverage;
(2) File a report of colonies;
(3) Report total unit production; and
(4) Request to change a unit's control office.

(h) Producers must notify the control office designated in accordance with paragraph (f) of this section within 30 calendar days of the date of:
(1) Any changes in the total number of colonies; and
(2) The movement of any colonies into any additional counties.

(i) Payments will be based on the amount of losses for this community in excess of a 50 percent loss level at a rate determined in accord with this part and the authorizing legislation.

§1437.107 Maple sap.

(a) NAP assistance for maple sap is limited to maple sap produced on private property for sale as sap or syrup. Eligible maple sap must be produced from trees that:
(1) Are located on land the producer controls by ownership or lease;
(2) Are managed for production of maple sap;
(3) Are at least 30 years old and 12 inches in diameter; and
(4) Have a maximum of 4 taps per tree according to the tree's diameter.
(b) The crop year for maple sap production is the calendar year, January 1 through December 31.

(c) If producers file an application for coverage in accordance with §1437.6, tree acreage containing trees from which maple sap is produced or is to be produced must be reported to CCC no later than the beginning of the crop year.

(d) In addition to the applicable records required under §1437.7, producers must report the:
   (1) Total number of eligible trees on the unit;
   (2) Average size and age of producing trees; and
   (3) Total number of taps placed or anticipated for the tapping season.

(e) A maximum county-expected-yield for maple sap shall be 10 gallons of sap per tap per crop year unless acceptable documentary evidence, as determined by CCC, is available to CCC to support a higher county-expected-yield.

(f) The average market price for maple sap must be established for the value of the sap before processing into syrup. If price data is available only for maple syrup, this data must be converted to a maple sap basis. The wholesale price for a gallon of maple syrup shall be multiplied by 0.00936 to arrive at the average market price of a gallon of maple sap.

(g) The actual production history for maple sap shall be recorded on the basis of gallons of sap per tap.

(h) The unit’s expected production is determined by:
   (1) Multiplying the number of taps placed in eligible trees by
   (2) The approved per tap yield as determined in accordance with §1437.102.

(i) Payments will be based on the amount of losses for this community in excess of a 50 percent loss level at a rate determined in accord with this part and the authorizing legislation.

Commodity Credit Corporation, USDA § 1437.303

for prevented planting will be determined by:
(1) Adding the total planted and prevented-planted acres;
(2) Multiplying the sum of paragraph (a)(1) of this section by .35;

(a) Yields for purposes of paragraph (a) of this section shall be calculated in the same manner as for low-yield claims.

§§ 1437.203–1437.300 [Reserved]

Subpart D—Determining Coverage Using Value

§ 1437.301 Value loss.
(a) Special provisions are required to assess losses and calculate assistance for a few crops and commodities which do not lend themselves to yield loss situations. Assistance for these commodities is calculated based on the loss of value at the time of disaster. The agency shall determine which crops shall be treated as value-loss crops, but unless otherwise announced, such crops shall be limited to those identified in §§1437.303 through 1437.309 as value loss crops. Lost productions of value loss crops shall be compensable only under this subpart.
(b) The crop year for all value loss crops is October 1 through September 30.

(2) Maintain a verifiable inventory of the eligible crop throughout the crop year; and
(3) Provide an accurate accounting of the inventory, as required by CCC.

§ 1437.302 Determining payments.
Subject to all restrictions and the availability of funds, value loss payments for qualifying losses will be determined by:
(a) Multiplying the field market value of the crop before the disaster by 50 percent;
(b) Subtracting the sum of the field market value after the disaster and value of ineligible causes of loss from the result from paragraph (a)(1) of this section;
(c) Multiplying the result from paragraph (a)(2) of this section by the producer’s share;
(d) Multiplying the result from paragraph (a)(3) of this section by 55 percent plus whatever factor deemed appropriate to reflect savings from non-harvesting of the damaged crop or other factors as appropriate;
(e) Multiplying the salvage value by the producer’s share;
(f) Subtracting the result from paragraph (a)(5) of this section from the result from paragraph (a)(4) of this section.

§ 1437.401

Forage.

(a) Forage eligible for benefits under this part is limited to mature vegetation, as determined by CCC, produced in a commercial operation in three or more of the last five crop years, except producers who have not produced forage for the minimum period in order to preserve vegetation and prevent erosion, or otherwise mitigate the impact of disaster conditions, as determined by CCC, shall not be penalized. Benefits are not available for first-year seeding of alfalfa and similar vegetation when production is not produced in the seeding year, as determined by CCC. The commercial operation must use acceptable farming, pasture and range management practices for the location necessary to sustain sufficient quality and quantity of the vegetation so as to be suitable for grazing livestock or mechanical harvest as hay or seed. Forage to be mechanically harvested shall be treated under the rules for low-yield crops as calculated under § 1437.103, except claims on forage for grazing benefits will be determined according to paragraph (f) of this section. The provisions in this subpart, however, shall govern for all claims including forage for mechanical harvest.

(b) Producers of forage must, in addition to the records required in § 1437.7, specify the intended method of harvest of all acreage intended as forage for livestock consumption as either mechanically or grazed.

(c) Producers must, in the administrative FSA office for the unit, request an appraisal prior to the onset of grazing of any intended mechanically harvested forage acreage that will be both mechanically harvested and grazed.

(d) Forage acreage reported to CCC as intended to be mechanically harvested, but which is, instead, subsequently grazed, will be considered, for crop definition purposes, as mechanically harvested. Expected production of the specific acreage will be calculated on the basis of carrying capacity. The loss of such grazed forage shall be determined according to paragraph (f) of this section. Except, beginning with the 2005 crop year, for acreage intended to be mechanically harvested which is instead, subsequently grazed, the loss of intended mechanically harvested forage may alternatively be determined based on a review of acceptable production evidence or appraisal of the specific crop acreage. As part of the payment computation for this loss, intended mechanically harvested forage crop acreage that is not mechanically harvested, but instead grazed, shall be deemed to be un-harvested for the purposes of determining a payment factor.

(e) Small grain forage is the specific acreage of wheat, barley, oats, triticale, or rye intended for use as forage. Small grain forage shall be considered separate crops and distinct from any other forage commodities and other intended uses of the small grain commodity. In addition to other eligibility requirements, CCC will consider other factors, such as, water sources and available fencing, and adequate fertilization to determine small grain forage eligibility, yields, and production.

(f) CCC will establish forage losses of acreage intended to be grazed including, in some cases, acreage intended to be mechanically harvested but instead subsequently grazed, on the basis of:

(1) The percentages of loss of similar mechanically-harvested forage acreage on the farm, or on similar farms in the area when approved yields have been calculated to determine loss, or

(2) Where there is no similar mechanically-harvested forage acreage on the farm or similar farms in the area,
§ 1437.402 Carrying capacity.

(a) CCC will establish a carrying capacity for all grazed forage present in the county for purposes of administering this program and to that end:

(1) Multiple carrying capacities may be determined for a specific vegetation if factors, such as soil type, elevation, and topography, result in a significant difference of carrying capacity within the county.

(2) CCC may establish separate carrying capacities for irrigated and non-irrigated forage acreage when acreage of traditionally irrigated forage (forage actually irrigated 3 of the last 5 crop years) is present in the county.

(b) Producers may provide evidence that unit forage management and maintenance practices are improvements over those practices generally associated with the established carrying capacity. Based on this evidence, CCC may adjust the expected AUD for the specific forage acreage upward for the crop year NAP assistance is requested by:

(1) Three percent when at least 1 practice was completed at least 1 time in the previous 5 crop years and such practice can be expected to have a positive impact on the forage's carrying capacity in the crop year NAP assistance is requested; and

(3) Greater than 5 percent when producers provide acceptable records, as determined by CCC, of higher forage production or an increase in animal units supported on the specific forage acreage in 3 of the 5 crop years immediately before the crop year NAP assistance is requested.

§ 1437.403 Determining payments.

Subject to payment limits, availability of funds, and other limits as may apply, payments for losses of forage reported to FSA as intended to be grazed will be determined by:

(a) Multiplying the eligible acreage by the producer's share;

(b) Dividing the result from paragraph (a) of this section by the carrying capacity or adjusted per day carrying capacity established for the specific acreage, as determined by CCC;

(c) Multiplying the result from paragraph (b) of this section by the number of days established as the grazing period;

(d) Adding adjustments of AUD for practices and production to the product of paragraph (c) of this section;

(e) Multiplying the result from paragraph (d) of this section by the applicable percentage of loss established by CCC;

(f) Multiplying the amount of assigned AUD, as determined by CCC, by the producer's share;

(g) Subtracting the result from paragraph (f) of this section from the result from paragraph (e) of this section;

(h) Multiplying the result from paragraph (d) of this section by 0.50;

(i) Subtracting the result from paragraph (h) of this section from the result from paragraph (g) of this section; and

(j) Multiplying the result from paragraph (i) of this section by the final payment price established in accordance with § 1437.11.

Subpart F—Determining Coverage in the Tropical Region

SOURCE: 71 FR 52739, Sept. 7, 2006, unless otherwise noted.

§ 1437.501 Applicability; definition of "tropical region" and additional definitions.

(a) This subpart shall only apply to covered tropical crops in the tropical region for the 2006 and subsequent crops years, as those terms are defined in this subpart. Benefits under this part may be extended to those crops only to the extent that they are otherwise eligible for assistance under this part. Covered crops shall not apply to "value loss" crops, as defined elsewhere in this part. For those crops that are covered by this subpart, loss and payment determinations for the program covered in this part shall be determined by the rules that otherwise apply to the program subject to the modifications provided by this subpart. The rules that otherwise apply include, but are not limited to, limitations on payments that appear elsewhere in this part.

(b) For purposes of this subpart:

(1) Tropical region includes, as may be further limited by the Deputy Administrator: Hawaii, American Samoa, Guam, the U.S. Virgin Islands, Puerto Rico, and the former Trust Territory of the Pacific Islands (the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau).

(2) 2006 and subsequent crops means those crops in the ground on or after January 1, 2006.

(3) Covered tropical crops means those crops and commodities in the tropical region governed by this subpart, those being all crops and commodities in the tropical region that are otherwise eligible for generating a benefit claim under this part, except for value-loss crops as defined elsewhere in this part.

(c) The Deputy Administrator may adjust requirements for assistance so as to provide a fair transition from previous rules for crop covered by this subpart to those provisions which are provided for in this subpart.

§ 1437.502 Coverage periods and fees for covered tropical crops.

(a) The crop year for all covered tropical crops is the calendar year (January 1 through December 31 beginning in 2006 through subsequent years).

(b) The application closing date for all covered tropical crops is December 1 of the calendar year before the applicable crop year.

(c) For covered tropical crops, per county per crop year, a maximum service fee of $100.00 is required of the producer for coverage of:

(1) With respect to annual and biennial crops, all plantings of the same crop planted during the crop year, as determined by CCC.

(2) With respect to perennial crops, all acreage of the crop existing during the crop year, as determined by CCC.

(d)(1) Multiple planting periods and final planting dates are not applicable for covered tropical crops. However, nothing in this section shall prohibit assigning different production expectations to different fields.

(2) The coverage period for perennial and other crops covered by this subpart begins on January 1 of the relevant crop year and ends on December 31 of that year.

§ 1437.503 Covered losses and record-keeping requirements for covered tropical crops.

(a) Prevented planting coverage is not available for covered tropical crops, other than in Hawaii and Puerto Rico, except as approved by the Deputy Administrator in special cases.

(b) Except in Hawaii and Puerto Rico, or as otherwise approved by the Deputy Administrator in individual cases, eligible causes of loss for covered
§ 1437.504 Notice of loss for covered tropical crops.

(a) The provisions of §1437.10(c) regarding late filed notice of loss do not apply to covered tropical crops.

(b) Where a notice of loss for covered tropical crops is provided according to §1437.10, producers must provide records maintained according to §1437.503(c) of the:

(1) Number of acres or other basis of measurement, as applicable, of the crop from which production could be achieved existing on the day the eligible natural disaster occurred or, for prolonged natural disasters, such as a drought and similar damage where applicable, existing on the day the notice of loss is filed.

(2) Amount, including zero, as applicable, of production harvested, before or after the disaster, from those crop plantings (damaged or undamaged) which were in existence on the farm at the time of the disaster including production from the covered plantings (in existence at the time of the loss event) that may occur after the loss event even when, to the extent provided for in paragraph (c) of this section, the harvest occurs after the end of the crop year. Crop acreage of the covered crop that is in existence at the time of the loss event that can be harvested after the eligible natural disaster must be harvested, or continue to be harvested, and the harvested acres and production reported to FSA according to this subpart, except that for perennial crops the requirement ends with the end of the crop year. For non-perennial crops the obligation to harvest ends with the end of the life-cycle for the plantings that were in existence at the time of the loss event. In this regard:

(i) Except as otherwise determined by FSA, such production, before or after the loss event, will be taken into account in computing eligibilities.

(ii) Production that must be reported under paragraph (b)(2)(i) of this section includes, except in the case of perennial plants, all production irrespective of whether the production occurs in the same crop year.

(iii) For perennial plants, only production in the same crop year must be reported.

(iv) All production that must be reported for covered tropical crops will, except as specified by the Deputy Administrator, be taken into account in the loss determinations made under this part. The producer is obligated to maximize that production. That is, harvesting and other production activities for the plants in the ground at the time of the disaster must be undertaken or continue to be undertaken, to the maximum extent possible, for the full reporting period, that being the period for which production could count against a loss as indicated in this subpart.

(3) Failure to keep sufficient records to allow the computations provided for in this subpart is grounds for denial of the claim.

(c) Producers with coverage of a covered tropical crop for a crop year must, by the earlier of 90 calendar days after the crop year ends or the date a notice of loss is filed, file a certified report setting out the:

(1) Collective acres of the crop acreage planted or in the ground during the crop year.

(2) Total production harvested from the crop acreage for the full crop year in the case of a perennial plant and for the full life of the plants for other crops.

(d) With respect to the report required in paragraph (c) of this section:
Commodity Credit Corporation, USDA  Pt. 1439

(1) If a report is filed before the end of the crop year, an updated crop report must be filed within 90 calendar days from the end of the crop year to supplement the original report;

(2) If the report is for any annual or biennial crops where production continued or could have continued beyond the period covered in the reports otherwise filed under this section, an additional report of production must be filed within 30 days of the end of the last countable production for the covered crop or 30 days after the last date on which such production could have been obtained, whichever is later.

(3) A failure to file an adequate report where a report is required by this section may result in the producer being treated as having a zero yield capability for the crop year involved for purposes of constructing a crop history. Alternatively, the Deputy Administrator may assign another sanction for that failure. In addition to other sanctions as may apply, a failure to file such reports may be grounds for denial of a claim. The Deputy Administrator may adjust crop histories as determined appropriate to create, to the extent practicable, an appropriate crop history for loss computation purposes.

(4) Such reports as are provided for in this subsection must be filed for every crop year for which there is coverage, irrespective of whether a claim is filed for that year.

(e) Unless otherwise specified by the Deputy Administrator, appraisals are not required of crop acreage for covered tropical crops on Guam, Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau.

(f) All crop acreage for covered tropical crops for which a notice of loss is filed must not be destroyed until authorized by CCC.

§ 1437.505 Application for payment for the tropical region.

(a) For producers of covered tropical crops in Guam, Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau, an application for payment must be filed at the same time as the filing of the notice of loss required under §§ 1437.10 and 1437.504.

(b) For producers in Puerto Rico and Hawaii, an application for payment for such crops must be filed by the later of:

(1) The date on which the notice of loss is filed in accordance with §§ 1437.10 and 1437.502(i), and

(2) The date of the completion of harvest for the specific crop acreage that existed at the time of loss for which the notice of loss was filed.

Subpart A—General Provisions

§ 1439.1 Applicability and general statement.

(a) The regulations in this part set forth the terms and conditions applicable to programs that may be made available to livestock producers under various statutory provisions. Unless otherwise specified, the regulations in this subpart shall apply to all programs operated under this part.

(b) The regulations in this part 1439 in effect prior to March 17, 1999, (see 7 CFR Parts 1200 to 1599, revised as of January 1, 1999) are applicable with respect to any emergency livestock assistance program that existed prior to March 17, 1999. The part 1439 regulations in effect on January 1, 2000 (see 7 CFR Parts 1200 to 1599, revised as of January 1, 2000) for the Flood Compensation Program shall continue to apply to all pending or new matters under that program.

§ 1439.2 Administration.

(a) This part shall be administered by CCC through, and as delegated to the Deputy Administrator for Farm Programs under the general direction and supervision of the Executive Vice President, CCC. The Deputy Administrator may waive or modify deadlines or other program requirements of this part to the extent that such a waiver or modification is otherwise permitted by law and is determined to be appropriate, serves the goals of the program, and does not adversely affect the operation of the program.

(f) Individuals or entities who are a party to any program operated under this part must refund to CCC any excess payments made by CCC with respect to such program.

Also, the Deputy Administrator may take such action as needed, whether or not specifically provided for, to avoid a duplication of benefits under the several programs provided for in this part and may impose such cross-program payment limitations as may be consistent with the intent of this section and this part.

§ 1439.11 Gross revenue limitation.
A person, as defined in part 1400 of this chapter, who has annual gross revenue in excess of $2.5 million shall not be eligible to receive assistance under this part. For the purpose of this determination, annual gross revenue means:

(b) With respect to a person who receives 50 percent or less of such person’s gross income from farming and ranching, the total gross revenue from all sources.

§ 1439.12 Maintenance of books and records.
Livestock producers or any other individual or entity seeking or receiving assistance under this part shall maintain and retain financial books and records that will permit verification of all transactions with respect to the provisions of this part for at least 3 years following the end of the calendar year in which assistance was provided, or for such additional period as CCC may request. Destruction of records after that date shall be at the risk of the producer or other person receiving assistance. An examination of such books and records by a duly authorized representative of the United States Government shall be permitted at any time during business hours.

Subpart B—2003–2004 Livestock Assistance Program

SOURCE: 70 FR 16394, Mar. 31, 2005, unless otherwise noted.

§ 1439.100 Administration.
(a) The regulations in this subpart provide for what will be referred to as the 2003/2004 Livestock Assistance Program (LAP) which will be administered under the general supervision and direction of the Executive Vice President, Commodity Credit Corporation (CCC), and the Deputy Administrator for Farm Programs, Farm Service Agency (FSA). In the field, the regulations in this part will be administered by FSA State and county committees.

(b) The FSA State executive directors, county executive directors, and State and county committees do not have the authority to modify or waive any of the provisions in this part unless specifically authorized by the Deputy Administrator.

(c) The FSA State committee may take any action authorized or required by this part to be taken by the FSA county committee that has not been taken by such committee, such as:

(1) Correct or require a FSA county committee to correct any action taken by such committee that is not in accordance with this part; or

(2) Require an FSA county committee to withhold taking any action that is not in accordance with this part.

(d) No delegation herein to an FSA State or county committee shall preclude the Executive Vice President, CCC, or a designee, or the Deputy Administrator from determining any question arising under this part or from reversing or modifying any determination made by an FSA State or county committee.

(e) Data furnished by the applicants will be used to determine eligibility for program benefits. Although participation in the 2003/2004 LAP is voluntary, program benefits will not be provided unless the participant furnishes all requested data.
§ 1439.101 Applicability.
(a) Subject to the availability of funds, this subpart sets forth the terms and conditions applicable to the 2003/2004 LAP authorized by Public Law 108-324. Program regulations for prior livestock assistance programs can be found at 7 CFR 1439 as it was published on January 1, 2001, January 1, 2002, and January 1, 2004. Benefits will be provided to eligible livestock producers in the United States under this subpart in declared disaster counties that were subsequently approved for relief under this part by the Deputy Administrator.
(b) Unless otherwise determined by the Deputy Administrator, a livestock producer is not eligible to receive payments for the same loss under both this subpart and another Federal program.

§ 1439.102 Definitions.
The definitions set forth in this section shall be applicable for all purposes of administering this subpart. The definitions in §1439.3 shall also be applicable, except where those definitions conflict with the definitions set forth in this subpart, in which case the definitions in this section will apply.

Application means the Livestock Assistance Program Application. The Application is available at FSA county offices.

Disaster county means a county included in the geographic area covered by a qualifying natural disaster declaration approved in calendar year 2003 or calendar year 2004, with respect to losses which occurred no earlier than January 1, 2003, and no later than December 31, 2004. The eligible disaster county is only the primary county where the disaster occurred and does not include a contiguous county which is not itself a disaster county.

Eligible livestock means only those animals produced specifically for food for human consumption, or used directly for the production of food for human consumption, or for the production of fiber, as determined by the Deputy Administrator, and includes beef and dairy cattle, buffalo, and beefalo, maintained on the same basis as beef cattle, equine animals, sheep, goats, swine, elk, and reindeer. Animals maintained for recreational purposes, hunting, or for show, are not eligible under any circumstances.

Qualifying natural disaster declaration means:
(1) A natural disaster declared by the Secretary under section 321(a) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961(a)); or
(2) A major disaster or emergency designated by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.).

§ 1439.103 Eligible loss.
(a) To be eligible for 2003/2004 LAP, for losses during the 2003 or 2004 calendar years, a producer must have owned or leased grazing land within the physical boundary of a disaster county that was approved as a primary county under a Secretarial disaster designation or Presidential disaster declaration in 2003 or 2004, or approved as a primary county after December 31, 2004, for qualifying losses that occurred prior to January 1, 2005 (That is, losses in 2003 and 2004).
(b) To be eligible for benefits under this subpart, a livestock producer in an eligible county must have suffered a loss of grazing production in an eligible county equivalent to at least a 40-percent loss of normal carrying capacity for a minimum of 3 consecutive months during the 2003 or 2004 production year as defined in §1439.102.
(c)(1) Producers in counties contiguous to an eligible county that were not designated as a disaster county in their own right will not receive benefits under this subpart.
(2) Grazing losses must have occurred on native and improved pasture with permanent vegetative cover and other crops planted specifically for the sole purpose of providing grazing for livestock, but such losses do not include losses on, or with respect to, land seeded to small grain forage crops.
(d) The percentage of loss eligible for compensation shall not exceed the maximum percentage of grazing loss for the county as determined by the FSA county committee and not be greater than 80 percent; and
Commodity Credit Corporation, USDA

§ 1439.105

(e) The FSA county committee shall determine the producer’s grazing loss and shall consider the amount of available grazing production during the LAP normal grazing period, whether more than the normal acreage of grazing land was required to support livestock during the LAP normal grazing period, and whether supplemental feeding of livestock began earlier or later than normal. The FSA county committee shall request the producer to provide proof of loss of grazing production if the FSA county committee determines the producer’s certified loss exceeds other similarly situated livestock producers.

(f) The percentage of loss claimed by a livestock producer shall not exceed the maximum allowable percentage of grazing loss for the county as determined by the FSA county committee in accordance with § 1439.105(a). Livestock producers will not receive benefits under this subpart for any portion of their loss that exceeds 80 percent of normal carrying capacity.

§ 1439.104 Application process.

(a) Livestock producers must submit a completed application prior to the close of business on the date established and announced by the Deputy Administrator. The application and any other supporting documentation shall be submitted to the FSA county office with administrative authority over a producer’s eligible grazing land or to the FSA county office that maintains the farm records for the livestock producer. A producer may submit an application for both 2003 and 2004 losses, as applicable; however, LAP assistance to the producer under this subpart shall be provided only for one of the years 2003 or 2004.

(b) A producer shall specify each type of pasture and percentage of loss suffered by each type within the approved county on the application. In establishing the percentage of grazing loss, producers shall consider the amount of available grazing production during the LAP normal grazing period, whether more than the normal acreage of grazing land was required to support livestock during the LAP normal grazing period, and whether supplemental feeding of livestock began earlier or later than normal.

(c) Livestock producers shall certify as to the accuracy of all the information contained in the application, and provide any other information that CCC determines to be necessary to determine the livestock producer’s eligibility.

§ 1439.105 County committee determinations of general applicability.

(a) FSA county committees shall determine whether due to natural disasters their county has suffered a 40-percent loss affecting pasture and normal grazing crops for at least 3 consecutive months during LAP crop year during calendar year 2003 for 2003 eligibility and during calendar year 2004 for 2004 eligibility. In making this determination, FSA county committees, using the best information available from sources including but not limited to: The Extension Service, the Natural Resources Conservation Service; the Drought Monitor; the Palmer Drought Index; and general knowledge of local rainfall data, pasture losses, grazing livestock movement out of county, abnormal supplemental feeding practices for livestock on pasture and liquidation of grazing livestock, shall determine the percentage of grazing losses for pastures on a county-wide basis. The FSA county committee shall submit rainfall data, percentage of grazing losses for each general type of pasture, and the weighted average percentage of grazing loss for the county, to the FSA State committee for concurrence. The maximum grazing losses the FSA county committees shall submit is 80 percent. These determinations shall be subject to review by the Deputy Administrator. For purposes of this subpart, such counties are called “eligible counties.”

(b) In each eligible county, the FSA county committee shall determine a LAP normal grazing period. The LAP normal grazing period shall be that period of time in a calendar year that begins with the date grazing of new growth pasture normally begins and ends on the date grazing without supplemental feeding normally ends in the county.
§ 1439.106 Livestock producer eligibility.
(a) Only one livestock producer will be eligible for benefits under this subpart with respect to an individual animal.
(b) Only owners, cash or share lessees, or contractors of livestock who themselves provide the pasture or grazing land, including cash-leased pasture or grazing land, for the livestock may be considered as livestock producers eligible to apply for benefits under this subpart.
(c) An owner, or cash or share lessee, or contractor of livestock who uses another person to provide pasture or grazing land on a rate-of-gain basis is not considered to be a livestock producer eligible to apply for benefits under this subpart.
(d) An owner who pledges livestock as security for a loan shall be considered as the person eligible to apply for benefits under this subpart if all other requirements of this part are met. Livestock leased or being purchased under a contractual agreement that has been in effect at least 3 months and establishes an interest for the lessee in such livestock shall be considered as being owned by the lessee.
(e) Livestock must have been owned or leased by the producer for at least 3 months before becoming eligible for generating a payment.
(f) The following entities are not eligible for benefits under this subpart:
(1) State or local governments or subdivisions thereof; or
(2) Any individual or entity who is a foreign person as determined in accordance with the provisions of §§1400.501 and 1400.502 of this chapter.
(g) Livestock sold due to disaster conditions by an eligible producer shall be considered as eligible to generate assistance and may be included in making the calculations in §1439.107(a).

§ 1439.107 Calculation of assistance.
(a) The gross value of LAP assistance determined with respect to a livestock producer for each type and weight class of livestock owned, leased, contracted, or sold according to §1439.106 by such producer shall be the lesser of the amount calculated under paragraph (b) of this section (the total value of lost feed needs for eligible livestock) or calculated under paragraph (c) of this section (the total value of lost eligible pasture).
(b) The total value of lost feed needs shall be the amount obtained by multiplying:
(1) The number of days in the payment period the livestock are owned or, in the case of purchased livestock, meet the 3-month ownership requirement; by
(2) The number of pounds of corn-equivalent per day, as established by CCC, that is determined necessary to provide the energy requirements established for the weight class and type of livestock; by
(3) The 5-year national average market price for corn, ($0.0369642 per pound for 2003, or $0.0344642 for 2004); by
(4) The number of eligible animals of each type and weight range of livestock owned or leased by the person; by
(5) The percent of the producer's grazing loss during the relevant period.

§1439.111 Refunds to CCC; joint and several liability.

(a) In the event there is a failure to comply with any term, requirement, or condition for payment or assistance arising under this part, and if any refund of a payment to CCC shall otherwise become due in connection with this part, all payments made in regard to such matter shall be refunded to CCC, together with interest as determined in accordance with paragraph (b) of this section and late-payment charges as provided for in part 1403 of this chapter.

(b) All signatories on a LAP application with a financial interest in the operation or in an application for payment shall be jointly and severally liable for any refund including related charges that is determined to be due CCC for any reason under this part.

(1) Interest shall be applicable to refunds required of the livestock owner or other party receiving assistance or a payment if CCC determines that payments or other assistance were provided to the owner and the owner was not eligible for such assistance. Such interest shall be charged at the rate of interest that the United States Treasury charges CCC for funds, as of the

§ 1439.112 Miscellaneous.

(a) Any remedies permitted CCC under this part shall be in addition to any other remedy, including, but not limited to criminal remedies, or actions for damages in favor of CCC, or the United States, as may be permitted by law.

(b) Absent a scheme or device to defeat the purpose of the program, CCC may waive a demand that could otherwise be made for refunds.

(c) Payments under this subpart are subject to provisions contained in Subpart A of this part including, but not limited to, provisions concerning misrepresentations, payment limitations, and refunds to CCC, liens, assignment of payments, and appeals, and maintenance of books and records. In addition, other parts of this chapter and of chapter VII of this title relating to payments in event of death, the handling of claims, and other matters may apply, as may other provisions of law and regulation.

(d) Any payments not earned that have been paid must be returned with interest subject to such other remedies as may be allowed by law.

(e) Nothing in this subpart shall require a commitment of funds in excess of that determined to be appropriate by the Deputy Administrator or CCC.

(f) Payments under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the livestock, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government.

(g) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

(h) In those instances in which, prior to the issuance of this regulation, a producer has signed a power of attorney for a person or entity indicating that such power shall extend to "all above programs", without limitation, such power will be considered to extend to this program unless by April 14, 2005, the person granting the power notifies the local FSA office for the control county that the grantee of the power is not authorized to handle transactions for this program for the grantor.

(i) Livestock producers or any other individual or entity seeking or receiving assistance under this part shall maintain and retain records that will permit verification of livestock and grazing for at least 3 years following the end of the calendar year in which payment was made, or for such additional period as CCC may require. An examination of such records by a duly authorized representative of the United States Government shall be permitted at any time during business hours.

(j) A person shall be ineligible to receive assistance under 2003/2004 LAP and be subject to such other remedies as may be allowed by law, if, with respect to the 2003/2004 LAP, it is determined by the FSA State or county committee or an official of FSA that such person has:

Under the PRP, the CCC will enter into contracts with eligible producers to provide payments to assist producers to reestablish the damaged or destroyed pasture land to an approved forage crop upon a promise and obligation to maintain the new crop for 3 full years after the calendar year of installation.

§ 1439.304 Eligible persons.

In order to be eligible to enter into a PRP contract in accordance with this part, a person must be an owner or operator of eligible pasture land that was damaged or destroyed by natural disaster during calendar year 2000 and:

(a) Must normally graze livestock on such pasture land; and

(b) If an operator of eligible land that the operator does not own, must provide satisfactory evidence that such operator will be in control of such eligible pasture land for the full term of the PRP contract period.

§ 1439.305 Eligible land.

(a) Except as otherwise provided in this section, land in the PRP must be pastureland that:

(1) As determined by CCC, is located within a county that was approved for assistance under the Emergency Conservation Program provided for in 7 CFR part 701 because of a 2000 natural disaster, or was later approved for such participation based upon an application filed by such date as is determined and announced by the Deputy Administrator and based upon natural disaster damage suffered in 2000.

(2) Has been established pasture land on which livestock is normally grazed or on which the forage crop was so damaged or destroyed by natural disaster in calendar year 2000 that the forage crop will not return in the 2001 grazing year, and seeding is required to reestablish the forage crop, as determined by CCC.

(b) Notwithstanding paragraph (a) of this section, land, as determined by CCC, shall be ineligible for enrollment if the pasture land is:

(1) Federal-operated land;
(2) State-operated land;
(3) Hayland; or
(4) Rangeland, as determined by the CCC.

(b) With respect to a person who receives 50 percent or less of such person’s gross income from farming and ranching, the total gross revenue from all sources.

(1) The owner loses control of, or transfers, all or part of the acreage under contract and the new owner does not wish to continue the contract;

(2) The participant voluntarily requests in writing to terminate the contract and obtains the approval of CCC subject to such conditions on approval as may be determined by CCC;

(c) Interest shall be applicable to refunds required of the livestock owner or other party receiving assistance or a payment if CCC determines that payments or other assistance were provided to the owner and the owner was not eligible for such assistance. Such interest shall be charged at the rate of interest that the United States Treasury charges CCC for funds, as of the date CCC made such benefits. Such interest that is determined to be due CCC shall accrue from the date such benefits were made available by CCC to the date of repayment or the date interest increases in accordance with part 1403 of this chapter. CCC may waive the accrual of interest if CCC determines that the cause of the erroneous determination was not due to any action of the livestock owner or other individual or entity receiving benefits.

(d) Interest otherwise determined due in accordance with paragraph (c) of this section may be waived with respect to refunds required of the owner or other program recipient because of unintentional misaction on the part of the owner or other individual or entity, as determined by CCC.

(e) Late payment interest shall be assessed on all refunds in accordance with the provisions of, and subject to the rates prescribed in part 1403 of this chapter.

(f) Individuals or entities who are a party to any program operated under this part must refund to CCC any excess payments made by CCC with respect to such program.

(g) In the event that any request for assistance or payment under this part was established as a result of erroneous information or a miscalculation, the assistance or payment shall be recomputed and any excess refunded with applicable interest.

§ 1439.357 Miscellaneous.

(a) Any remedies permitted CCC under this part shall be in addition to any other remedy, including, but not
limited to criminal remedies, or actions for damages in favor of CCC, or the United States, as may be permitted by law.

(b) Absent a scheme or device to defeat the purpose of the program, when an owner loses control of PRP acreage due to foreclosure, CCC may waive the demand that could otherwise be made for refunds.

(c) Payments under this subpart are subject to provisions contained in Subpart A of this part including, but not limited to provisions concerning misrepresentations, payment limitations, limitations on eligibility tied to the person’s gross income, and refunds to CCC, liens, assignment of payments, and appeals, and maintenance of books and records. In addition, other parts of this chapter and of chapter VII of this title relating to payments in event of death, the handling of claims, and other matters may apply, as may other provisions of law and regulation.

(d) Any payments not earned that have been paid must be returned with interest subject to such other remedies as may be allowed by law.

(e) No interest will be paid or accrue on benefits under this subpart that are delayed or otherwise not timely issued unless otherwise mandated by law.

(f) Nothing in this subpart shall require a commitment of funds to this subpart in excess of that determined to be appropriate by the Deputy Administrator and/or CCC.

(g) Any payment otherwise due under this subpart will be reduced to the extent that it is determined that such payment produces a duplicate benefit under another program operated by the Department of Agriculture and that to make such duplicate payment would be contrary to the purposes of the program.

(h) In no instance may the amount expended under this subpart exceed $39,912 million.

(i) Payments under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the United States Government. The regulations governing offsets and withholdings found at part 1403 of this chapter shall be applicable to PRP contract payments.

(j) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

(k) In those instances in which, prior to the March 14, 2001 effective date of this subpart, a producer has signed a power of attorney on an approved FSA-211 for a person or entity indicating that such power shall extend to “all above programs”, without limitation, such power will be considered to extend to this program unless by April 2, 2001, the person granting the power notifies the local FSA office for the control county that the grantee of the power is not authorized to handle transactions for this program for the grantor.

(l) Livestock producers or any other individual or entity seeking or receiving assistance under this part shall maintain and retain records that will permit verification of PRP practice completion for at least 3 years following the end of the calendar year in which payment was made, or for such additional period as CCC may request. An examination of such records by a duly authorized representative of the United States Government shall be permitted at any time during business hours.

(m) A person shall be ineligible to receive assistance under PRP and be subject to such other remedies as may be allowed by law, if, with respect to the PRP, it is determined by the State committee or the county committee or an official of FSA that such person has:

(1) Adopted any scheme or other device that tends to defeat the purpose of a program operated under this part;

(2) Made any fraudulent representation with respect to such program; or

(3) Misrepresented any fact affecting a program determination.

(iv) Is located in a county in which producers were eligible for assistance under the 1998 Flood Compensation Program;
(v) Was not planted during FY 2000; and
(vi) Meets all other conditions of eligibility.

(2) The term “covered land” excludes any land with respect to which a producer is insured, enrolled, or assisted during the 2000 crop year under:
(i) A policy or plan of insurance authorized under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.);
(ii) The noninsured crop assistance program operated under section 196 of the Agricultural Market Transition Act (7 U.S.C. 7333);

§ 1439.504 Application process.
(a) Producers must submit a completed application prior to the close of business on December 15, 2000, or other such later date as established and announced by the Deputy Administrator. The application and any supporting documentation shall be submitted to the FSA county office with administrative authority over a producer's eligible flooded land or to the FSA county office that maintains the farm records for the producer.

(b) Producers shall certify as to the accuracy of all the information contained in the application, and provide any other information to CCC that the FSA county office or FSA Committee deems necessary to determine the producer's eligibility.

§ 1439.505 County committee determinations of general applicability.
(a) FSA county committees shall determine whether that county was determined eligible under the 1998 FCP, and whether the land has been unusable from October 1, 1999 through September 30, 2000 due to continuing flooding. In making this determination, the FSA county committee shall use what
it considers to be the best information available including but not limited to: Cooperative State Research, Education, and Extension Service; Natural Resources Conservation Service; aerial photography; rainfall data; and general knowledge of losses due to flooding.

(b) With respect to each eligible county, the FSA county committee for that county shall establish a separate payment rate for crop-land and pasture-land. These rates shall be reviewed by the FSA state committee and shall be equal to the average rental rate for the years 1996 through 2000 for all such land of each type in the county. Where these rates cannot be set in the manner provided for in paragraph (c) of this section, the FSA state committee may take into account rates established for the Conservation Reserve Program operated under 7 CFR part 1410 and ensure, subject to paragraph (c) of this section, that the rates are comparable. The Deputy Administrator shall review and may adjust the rates for reasonableness and consistency.

(c) Except as provided by the Deputy Administrator, rental rates shall be equal to the applicable county average for the kind of land involved using established NASS data in all locations where NASS has established rental rates on a county-by-county basis for 2000.

§ 1439.506 Eligible land and loss criteria.

(a) The flooded land for which a producer requests benefits must be within the physical boundary of an eligible county. Producers in unapproved counties contiguous to an eligible county will not receive benefits under this subpart.

(b) To be eligible for benefits under this subpart, a producer in an eligible county must have land in a county which is eligible for payment. Such land, to be eligible for payment must meet all of the following criteria:

1. The land is cropland or pasture land used for the production of feed for livestock (haying, grazing, or feed grain production) or other agricultural use in one or more years during the period beginning October 1, 1991, through September 30, 1999;

2. The land is inaccessible or unable to be used for crop production, grazing, or haying because of flooding or excess moisture during all of the period beginning October 1, 1999, through September 30, 2000 unless some other period is established as the 2000-crop year for the commodity by the Deputy Administrator;

3. The land was not used for planting during October 1, 1999, through September 30, 2000;

4. The land has been owned, leased or under a binding cash lease by the producer continuously since October 1, 1999;

5. The land is a contiguous parcel of land with an area equal to one acre or more;

6. The land was not, except as determined by the Deputy Administrator, the subject of, nor will be the subject of, any other federal payment for activities or lack of activity during the period October 1, 1999, through September 30, 2000, whether or not disaster-related, with the exception of the production flexibility contract (PFC) program payments received under 7 CFR part 1412. This prohibition includes but is not limited to other payments under this part, or payments under the Conservation Reserve Program (7 CFR part 1410), the Wetlands Reserve Program (7 CFR part 1467), any Emergency Watershed Protection Program, or Federal Easement Program.

(c) On Form CCC–454 producers shall be required to certify by tract on each farm the number of flooded cropland and non-cropland acres for the farm in 2000 and the number of flooded cropland and non-cropland acres in 1992. To establish the acreage eligible for payment, flooded land certified for 1992 for each type shall be subtracted from the flooded land certified for 2000 for the applicable type. The difference will be the acreages of cropland and non-cropland subject to flooding and eligible for FCP payment, except that the difference may be adjusted as needed to ensure, to the extent practicable, an accurate estimate of the net increased flooding on the farm after October 1, 1993.

(d) All determinations as to the amount of land eligible for enrollment and compensation under this subpart
are subject to approval by the county committee.

(e) The FSA county committee may use any available documentation to make the determinations under paragraphs (b) and (c) of this section, including but not limited to: maps, acreage reports, slides, precipitation data, water table levels and disaster reports.

§ 1439.507 Producer eligibility.

(a) Payments under this subpart shall be subject to the provisions of §1439.11 through §1439.12, except as otherwise provided in this subpart.

(b) No person (as defined and determined under 7 CFR part 1400) may receive more than $40,000 under this subpart.

(c) No person (as defined and determined under 7 CFR part 1400) will be eligible for payment under this subpart if that person’s annual gross receipts for calendar year 1999 were in excess of $2.5 million. That determination shall be made in the manner provided for in §1439.11.

(d) The following entities are not eligible for benefits under this subpart:

(1) State or local governments or subdivisions thereof; or

(2) Any individual or entity who is a foreign person as determined in accordance with the provisions of 7 CFR 1400.501 and 1400.502.

§ 1439.508 Calculation of assistance.

(a) The unadjusted value of FCP assistance determined with respect to the flooded land in an eligible county for each producer shall not exceed the amount obtained by adding the amounts in paragraphs (b) and (c) of this section.

(b) For each eligible producer with respect to the applicable qualifying cropland which is determined, consistent with this subpart, to be eligible land for the payment purposes, the established local payment rate for cropland will be multiplied by the number of acres determined to be qualifying acres, as determined by the County Committee in accordance with instructions of the Deputy Administrator.

(c) For each eligible producer with respect to the applicable qualifying non-cropland acres consistent with this subpart, as determined by the county committee in accordance with instructions of the Deputy Administrator, the acres will be multiplied by the established payment rate for non-cropland acres.

(d) Payments will be adjusted as determined necessary to comply with other provisions of this subpart such as those set in §1439.509.

§ 1439.509 Availability of funds.

In the event that the total amount of claims submitted under this subpart exceeds the $24 million authorized for FCP by Public Law 106-224, each payment to a producer shall be reduced by a uniform national percentage. Such payment reductions shall be after the imposition of applicable payment limitation provisions.

Subpart I—American Indian Livestock Feed Program

SOURCE: 70 FR 29922, May 25, 2005, unless otherwise noted.

§ 1439.900 [Reserved]

§ 1439.901 Applicability.

This subpart sets forth, subject to the availability of funds, the terms and conditions of a government-to-government program titled the American Indian Livestock Feed Program (AILFP). Assistance will be available in those regions that Commodity Credit Corporation (CCC) determines have been affected by natural disaster and are located in a primary county or counties that have received a Presidential declaration or Secretarial emergency designation issued on or after January 1, 2003, for eligible losses in 2003 or 2004. Eligible producers may receive benefits for 2003 losses, or 2004 losses, but not both. Eligible areas will only include those where a determination is made by the Deputy Administrator for Farm Programs, Farm Service Agency (FSA) (Deputy Administrator) that a livestock feed emergency exists on tribal-governed land. Contiguous counties that were not designated as a primary disaster county in their own right will not be eligible for participation for 2003
or 2004 losses under this subpart. Payments may become available as contracts with tribal governments are approved. Unless otherwise specified or determined by the Deputy Administrator, a livestock producer is not eligible to receive payments for the same loss under both this subpart and another Federal program. Payments will terminate when the specified deadline has been reached, when a tribal government requests termination, or when there is a program violation or a violation of a contract related to the program irrespective of whether the violation involves the current operation of the program for other periods of time.

§ 1439.902 Administration.

(a) This subpart will be administered by CCC under the general supervision of the Deputy Administrator for Farm Programs. This program shall be carried out in the field as prescribed in these regulations and as directed in the contract executed between the applicable tribal government and CCC, except that in the event any contract provision conflicts with these regulations, the regulations shall apply.

(b) Tribal governments, their representatives, and employees do not have authority to modify or waive any provisions of the regulations of this subpart.

(c) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any provisions of regulations of this subpart.

(d) The Deputy Administrator may authorize State and county committees to waive or modify deadlines and other program requirements in cases where the applicant or tribe, as applicable, shows that circumstances beyond the applicant's or tribe's control precluded compliance with the deadline and where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

(e) The tribal government will, in accordance with this part and in coordination with the U.S. Department of the Interior, Bureau of Indian Affairs (BIA), and FSA State and county committees, recommend the geographical size and shape of the region which will be considered to be eligible to be considered the region where the natural disaster has occurred and where all eligibility conditions are met. Such region must consist solely of tribal-governed land and be located in a primary county or counties named in a Presidential declaration or Secretarial emergency designation. Regional eligibility will be effective only upon the Deputy Administrator's approval in writing and continued approval thereafter.

(f) The Deputy Administrator will determine all prices with respect to implementing the AILFP.

(g) Subject to review by the Deputy Administrator, the FSA State committee will determine crop yields and livestock carrying capacity with respect to implementing the AILFP.

(h) Participation in the AILFP by a tribal government for either the tribal government’s benefits or for the benefit of any eligible owner is voluntary and is with the understanding that CCC will not reimburse the tribal government or its members for any administrative costs associated with the administration or implementation of the program.

(i) Except as otherwise declared by the Deputy Administrator, Subpart A shall not apply to this subpart, except §§ 1439.3 through 1439.10, and 1439.12.

(j) No delegation herein to a State or county committee or a commodity office shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under this part or from reversing or modifying any determination made by a State or county committee or employee of the Department of Agriculture.

§ 1439.903 Definitions.

(a) Be located in a primary county or counties named in a Presidential declaration or Secretarial emergency designation; (b) Be tribal-governed land physically located within the primary disaster designated county; and (c) Have suffered a livestock feed emergency as defined in §1439.903.

§ 1439.905 Responsibilities.

(a) During the operation of this program, CCC shall:

(1) Provide weather data, crop yields and carrying capacities to tribes requesting such information;

(2) Review contracts submitted by tribal governments requesting disaster regions; and

(3) Act as an agent for disbursing payments to eligible livestock owners in approved disaster regions.

(b) Tribal governments shall be responsible for:

(1) Submitting a contract to participate in the ALFP based on the tribes’ voluntary decisions that participation will benefit all livestock owners using tribal governed land;

(2) Gathering, organizing, and reporting accurate information regarding disaster conditions and region;

(3) Advising livestock owners in an approved region that they may be eligible for payments, in addition to the method and requirements for filing applications;

(4) Determining that the information provided by individual livestock owners on payment applications is accurate and complete and that the owner is eligible for payments under this program;

(5) Submitting only accurate and complete payment applications to the designated FSA office acting as an agent for disbursing payments to eligible livestock owners.

(c) The owner or authorized representative shall:

(1) Furnish all the information specified on the payment application, as requested by CCC;

(2) Provide any other information that the tribal government deems necessary to determine the owner’s eligibility; and

§ 1439.906 Program availability.

(a) When a tribal government determines that a livestock feed emergency existed in calendar year 2003 or 2004 on tribal governed land due to a natural disaster, the tribal government may contact the applicable State FSA office to determine if their tribal governed land is located in a primary county or counties named in a Presidential declaration or Secretarial emergency designation made after January 1, 2003, with respect to losses in 2003 or 2004. After a Presidential or Secretarial emergency designation has been confirmed, the tribal government may submit a properly completed contract requesting approval of a region. All contracts requesting region approval must be submitted by the later of July 25, 2005, or 60 days after the end of the disaster period, whichever is later, as specified on the contract.

(b) Properly completed contracts shall consist of:

(1) A completed Contract to Participate form; and

(2) A completed Region Designation and Feed Loss Assessment form; and

(3) Supportive documentation as determined by CCC including, but not limited to:

(i) A map of the region delineated in accordance with §1439.904;

(ii) Historical production data and estimated or actual production data for the disaster year; and

(iii) Climatological data provided by the State FSA office.

(c) The Deputy Administrator shall make a determination as to whether a livestock feed emergency existed not later than 30 days after receipt of a properly completed contract made in accordance with this subpart and shall notify the tribal government and FSA State office of such determination as applicable. Approvals will be made on the basis of a Presidential or Secretarial emergency designation for the primary county or counties named in the contract, and whether the requisite 35 percent loss on tribal governed land in that county or counties can be substantiated by supporting documentation, and other conditions as required by this subpart, other regulations, the Deputy Administrator, or CCC.

(d) The feeding period provided in the approved contract will be for a term not to exceed 90 days, except as provided in paragraph (e) of this section. The feeding period shall not be extended if the livestock feed emergency ceased to exist.

(e) The tribal government may request multiple feeding periods for up to three additional 90-day periods in a livestock feed crop year if disaster conditions did not diminish significantly and a livestock feed emergency continued and other conditions for payment are met.

(f) Tribal governments shall submit separate contracts for disasters occurring in both 2003 and 2004 calendar years; however, livestock owners shall elect only one of those years to receive benefits.

§ 1439.907 Eligibility.

(a) An eligible owner must own or jointly own the eligible livestock for which payments under this subpart are requested. Notwithstanding any other provision of this subpart, livestock leased under a contractual agreement that has been in effect at least 6 months prior to the beginning of the feeding period made under this subpart shall be considered as being owned by the lessee for that part of the feeding period in which the lease was in effect but only if the lease:

(1) Required the lessee for the full lease period to furnish the feed for such livestock; and

(2) Provided for a substantial interest, as determined by the Deputy Administrator, in such livestock in the lessee, such as the right to market a substantial share of the increase in weight of livestock.

(b) A State or non-tribal local government or subdivision thereof, or any individual or entity determined to be ineligible in accordance with §1400.501 of this chapter are not eligible for benefits under this subpart.

(c) Any eligible owner of livestock, including the tribe, may file a CCC-approved AILFP payment application. When such a payment application is
§ 1439.908 Payment application.

(a) Except as provided in paragraph (d) of this section, payment applications from interested eligible owners must be:

(1) Submitted to the FSA county office where the tribal-governed land is administered, or to the tribal government, by the owner no later than a date announced by the tribe, such date being no later than the applicable date established in §1439.907(c);

(2) Submitted by the tribal government to the office designated by CCC no later than a date announced by CCC;

(3) Accompanied by valid receipts substantiating purchase of eligible feed for assistance. Valid receipts must also be accompanied by the certification referenced in the AILFP Payment Application, (Form CCC–644 or any replacement form) and shall contain:

(i) The date of feed purchase, which must fall within the eligible feeding period as approved on the contract;

(ii) The names and addresses of the buyer and the vendor;

(iii) The type of feed purchased;

(iv) The quantity of the feed purchased;

(v) The cost of the feed; and

(vi) The vendor’s signature if the vendor is not licensed to conduct this type of business transaction.

(b) The tribal government shall review each payment application, as specified by CCC, for completeness and accuracy. Except as provided in paragraphs (c) and (d) of this section, the tribal government shall approve those eligible owners and applications meeting the requirements of this subpart.

(c) No approving tribal government member shall review and approve a payment application for any operation for which such member has a direct or indirect interest. Such payment application may be reviewed for approval by a member of the tribal government who is not related to the applicant by blood or marriage.

(d) Tribal governments do not have the authority to approve a payment application for any operation for which the tribe has a direct or indirect interest. Payment applications for tribal-owned livestock shall contain an original signature of a member of the tribal government, signing as representing all owners of the tribal-owned livestock, who possesses the authority to sign documents on behalf of the tribe and shall be submitted to an office designated by the Secretary for approval.

(e) No payment application shall be approved unless the owner meets all eligibility requirements. Information submitted by the owner and any other information, including knowledge of the tribal government concerning the owner’s normal operations, shall be taken into consideration in making recommendations and approvals. If either the payment application is incomplete or information furnished by the owner is incomplete or ambiguous and sufficient information is not otherwise available with respect to the owner’s farming operation in order to make a determination as to the owner’s eligibility, the owner’s payment application, as specified by CCC, shall be denied. The tribal government shall be responsible for notifying the owner of the reason for the denial and shall provide the owner an opportunity to submit additional information as requested.

(f) All payment applications, as specified by CCC, approved by the tribal government will be submitted to a designated FSA office for calculation of payment.

§ 1439.909 Payments.

(a) Provided all other eligibility requirements of this subpart are met, all
eligible payment applications submitted to the designated FSA office shall have payments issued to the applicant by CCC.

(b) If any term, condition, or requirement of these regulations or contract are not met, payments and benefits previously provided by CCC that were not earned under the provisions of the application shall be refunded.

(c) Each owner’s share of the total payment shall be indicated on the application, and each owner shall receive benefits or final payment from CCC according to benefits or payments earned under the provisions of the application and this part.

(d) Owners may file applications for more than one feeding period relating to losses occurring within the same year, either 2003 or 2004, but those years only, and in no case may a person receive payment for losses under this subpart for both 2003 and 2004. That is, eligible persons may receive benefits for one of those livestock feed crop years, but not both. CCC shall provide assistance equal to the amount of benefits determined for the owner for the feeding periods that the owner is eligible to receive benefits.

(e) The failure of any contact person to file the necessary receipts or sales documents showing that the terms and conditions of this part and the contract have been met shall render all of the persons ineligible for any payments and benefits under the contract including any payments previously made. Payments shall be refunded to CCC with interest, if applicable, as determined under §1439.8.

(f) If the livestock owner is eligible for the AILFP and the Livestock Assistance Program (LAP), the livestock owner must elect to receive payment for the same year for all farms for both programs, either 2003 or 2004.

(g) Persons that received payments from Section 32 of the Act of August 24, 1935, with respect to 2004 hurricane losses are not eligible for payments under this subpart.

(h) Subject to such other limitations as may apply including those in §1439.908(i), the amount of assistance provided to the owner shall not exceed the smaller of either:

1) The dollar amount of eligible livestock feed purchased during the relevant eligible feeding period for the days for which such assistance is allowed (as documented by acceptable purchase receipts), less the dollar amount of any sale of livestock feed (whether purchased or produced) by the owner during the eligible feeding period; or

2) Subject to adjustments, conditions, and deductions as otherwise may be provided for in this part, including, but not limited to those in paragraph (i) of this section, 30 percent of the amount computed by multiplying:

§ 1463.1 General.

The Commodity Credit Corporation (CCC) will levy assessments from January 1, 2005 through September 30, 2014 on certain domestic manufacturers and importers of tobacco products as provided for in this subpart in order to fund the issuance of payments made under subpart B of this part and to fund other activities authorized by Title VI of the American Jobs Creation Act of 2004. The total amount of assessments that may be collected under this part shall not exceed $10.140 billion.

§ 1463.2 Administration.

The provisions of this subpart will be administered under the general supervision of the Executive Vice President, CCC.

§ 1463.3 Definitions.

The definitions in this section shall apply for all purposes of administering the provisions of this subpart:

Act means Title VI of the American Jobs Creation Act of 2004 (Public Law 108-357).

Adjusted market share means the market share of a manufacturer of tobacco products or an importer of tobacco products adjusted to reflect such entity’s share of a class of tobacco during the immediately preceding calendar year quarter. With respect to the 39th and 40th quarterly payments due on September 30, 2014, the adjusted market share will be the entity’s share of a class of tobacco during the April 1–June 30, 2014 quarter.

Base period means the period July 1 through June 30 immediately preceding the beginning of a fiscal year.

CCC’s point of contact means, for items physically sent to CCC, “Fibers, Peanuts, and Tobacco Analysis Group, Economic and Policy Analysis Staff, Farm Service Agency, United States Department of Agriculture (USDA), STOP 0515, Room 3720-S, 1400 Independence Avenue, SW., Washington, DC 20250-0515” unless otherwise specified by CCC through actual notice.

Calendar year means the period January 1 through December 31.

Class of tobacco means each of the following types of tobacco and tobacco products for which taxes are required to be paid for the removal of such into domestic commerce: cigarettes; cigars; snuff; roll-your-own tobacco; chewing tobacco; and pipe tobacco.

Domestic manufacturer of tobacco products means an entity that is required to obtain a permit from the Alcohol and Tobacco Tax and Trade Bureau of the Department of the Treasury with respect to the production of tobacco products under title 27 of the Code of Federal Regulations.

Fiscal year means the period October 1 through September 30.

Gross domestic volume means the volume of tobacco products removed, as defined by section 5702 of the Revenue Code, and not exempt from tax under chapter 52 of such code at the time of their removal under that chapter or the Harmonized Tariff Schedule of the United States.

Importer of tobacco products means an entity that is required to obtain a permit from the Alcohol and Tobacco Tax and Trade Bureau of the Department of the Treasury with respect to the importation of tobacco products under title 27 of the Code of Federal Regulations.

Market share means the share of each domestic manufacturer and importer of a class of tobacco product, to the fourth decimal place, of the total volume of domestic sales of the class of tobacco product in the base period. Such sales shall be determined by CCC by using the total volume of such class of tobacco product that is removed into domestic commerce in the base period.
§ 1463.4 National assessment.

Annually, CCC will make a determination of a national assessment in as far in advance of when the first assessment is due as CCC determines to be practicable. Based upon the amount of assessments received and expenditures incurred in a calendar year quarter, CCC may adjust the national assessment for one or more classes of tobacco established for a particular year with respect to succeeding calendar year quarters.

§ 1463.5 Division of national assessment among classes of tobacco.

(a) Except as provided in paragraph (b) of this section, the national assessment will be divided by CCC among each class of tobacco based upon CCC’s determination of each class’s share of the excise taxes paid. The value of the excise taxes paid for each class of tobacco will be based upon the reports filed by domestic manufacturers and importers of tobacco products with the Department of the Treasury and the Department of Homeland Security:

(b) For fiscal year 2005, the national assessment will be divided as follows:

(1) Cigarettes, 96.331 percent;
(2) Cigars, 2.783 percent;
(3) Snuff, 0.539 percent;
(4) Roll-your-own tobacco products, 0.171 percent;
(5) Chewing tobacco, 0.111 percent; and

(c) For fiscal years 2006 through 2014, the division of the national assessment for each class of tobacco will be adjusted annually.
was required to be submitted to the United States Department of the Treasury or to the Department of Homeland Security.

§ 1463.7 Division of class assessment to individual entities.

(a) In order to determine the assessment owed by an entity, that portion of the national assessment assigned to each class of tobacco will be further divided at the entity level. The amount of the assessment for each class of tobacco to be paid by each domestic manufacturer and importer of tobacco products will be determined by multiplying:

(1) With respect to each class of tobacco, the adjusted market share of such manufacturer or importer; by

(2) The total amount of the assessment for that class of tobacco for the calendar year quarter.

(b) For purposes of determining the volume of domestic sales of each class of tobacco products and for each entity, such sales shall be based upon the reports filed by domestic manufacturers and importers of tobacco with the Department of Treasury and the Department of Homeland Security and shall correspond to the quantity of the tobacco product that is removed into domestic commerce by each such entity:

(1) For cigarettes and cigars, on the number of cigarettes and cigars reported on such reports;

(2) For all other classes of tobacco, on the number of pounds of those products.

(c) In determining the adjusted market share of each manufacturer or importer of a class of tobacco products, except for cigars, CCC will determine to the fourth decimal place an entity’s share of excise taxes paid of that class of tobacco product during the immediately prior calendar year quarter. With respect to cigars, CCC will determine the adjusted market share for each manufacturer or importer of a class of tobacco products based on the number of such products removed into domestic commerce.

(d) The amount of a quarterly assessment owed by a domestic manufacturer or importer of tobacco products that must be remitted to CCC by the end of a calendar year quarter is based upon the application of the manufacturer’s or importer’s adjusted market share to the amount of the national assessment that has been allocated to one of the six specified tobacco product sectors under §1463.5. As provided in §1463.3, this adjusted market share is determined by the actions of such manufacturer or importer in a prior calendar year quarter. Accordingly, this amount must be remitted to CCC whether or not the manufacturer or importer is engaged in the removal of tobacco or tobacco products into commerce in the calendar year quarter in which it receives notification of the amount of assessment owed to CCC.

[70 FR 7011, Feb. 10, 2005, as amended at 70 FR 17158, Apr. 4, 2005]

§ 1463.8 Notification of assessments.

(a) Once CCC has determined a national assessment, CCC will collect that amount on a quarterly basis from all domestic manufacturers and importers of tobacco products subject to §1463.5.

(b) 30 calendar days prior to the end of each calendar year quarter domestic manufacturers and importers of tobacco products will receive notification of:

(1) The national assessment;

(2) The percentage of the national assessment that has been allocated to each class of tobacco product and the total amount of assessments due from each such class;

(3) Any adjustments that have been from the prior fiscal year with respect to the allocation of the gross domestic volume determined for use in a fiscal year among the classes of tobacco products;

(4) An adjustment in the national assessment if CCC determines that the assessments imposed will result in insufficient funds due to changes in the amount of expenditures that CCC has determined will be made in a calendar year;

(5) The volume of gross sales of each class of tobacco that CCC has allocated to the domestic manufacturer or importer of tobacco products for the purposes of determining such entity’s adjusted market share. The volume of
§ 1463.9 Payment of assessments.

Except as provided in paragraph (c) of this section, payment of such assessments are due to CCC no later than the end of each calendar year quarter. If prior to 30 calendar days before the end of a calendar year quarter CCC has not notified an entity of the amount that is required to be remitted in that quarter, no interest will be assessed by CCC under paragraph (d) of this section until 30 calendar days have elapsed from the date CCC provided notification of the amount owed.

(b) Payments due under this subpart must be submitted to CCC by electronic fund transfer unless prior written approval has been obtained from CCC.

(c) The final two calendar year quarterly payments due to CCC under this part shall be due to CCC on September 30, 2014.

(d) Notwithstanding any other provision of this chapter, if CCC has not received payment of assessments determined to be owed at the end of a calendar year quarter, CCC will assess interest on such unpaid amount beginning on the first day of the following quarter immediately following the end of such prior quarter. Such interest will be at the rate CCC assesses on delinquent debts in accordance with part 1403 of this title.

(e) With respect to funds placed in escrow that are refunded to the domestic manufacturer or importer of tobacco products due to the resolution of an appeal, interest will be paid on such amount from the date of receipt by CCC until the date of the refund. Such interest rate will be at the rate charged by the U.S. Treasury for CCC's borrowing that is in effect on the date of receipt by CCC of such funds.

(b) In addition to an action that may be taken under paragraph (a) of this section, with respect to any person who knowingly fails to provide information required to be filed under this subpart, or that provides false information under this subpart, a person may be subject to assessment of a civil penalty by CCC. Such civil penalty will be imposed by CCC taking into account the severity of the action; whether the action is of a repetitive nature; and the
disruption the action has caused with respect to other parties subject to this subpart. Any such civil penalty will not exceed two percent of the value of the kind of tobacco products manufactured or imported by such entity in the fiscal year in which the violation occurred.

§ 1463.11 Appeals and judicial review.

(a) An entity may appeal any adverse determination made under this subpart, including with respect to the amount of the assessment, by submitting a written statement that sets forth the basis of the dispute by submitting such a request to the Executive Vice President, CCC, at 1400 Independence Avenue, SW., Room 4080–5, Washington DC 20250–0514, within 30 business days of the date of receipt of the notification by CCC of its determination.

(b) The Executive Vice President shall assign a person to act as the hearing officer on behalf of CCC. The duty of the hearing officer will be to develop an administrative record that will provide the Executive Vice President, or a designee, with sufficient information to render a final determination on the matter in dispute. The hearing to be conducted by the hearing officer will be an informal hearing at which the appellant may present oral and written evidence in support of the appellant’s position. A copy of the rules of conduct that will be applicable to the proceeding will be provided to the appellant upon receipt of the appeal by CCC.

(c) With respect to any appeal filed under this section regarding an assessment imposed on a domestic manufacturer or importer of tobacco products, the rules of conduct will provide that within 30 calendar days of receiving the final submission of material by the appellant, CCC will render a final administrative decision. In the event CCC has not rendered a decision by such date, all administrative remedies available to the appellant shall be deemed to be exhausted.

(d) Any domestic manufacturer or importer of tobacco products aggrieved by a determination made by CCC under this subpart may seek review of the determination upon the exhaustion of the administrative remedies provided by this part in the United States District Court for the District of Columbia, or for the district in which such importer or manufacturer has its principal place of business.

(c) For flue-cured tobacco quota holders the BQL is established according to the following table, except as adjusted under paragraph (e) of this section:

(1) Farm BQL. The 2004 basic quota, multiplied by the BQL adjustment factor 1.23457. (Note: The factor adjusts the 2004 basic quota to the 2002 level.)

(v) Cigar Filler/Binder (types 42–44, 54, 55)—2230 lbs.

(e)(1) CCC will divide the BQL for the farm between the parties to the agreement as CCC determines to be fair and equitable, taking into consideration the proportionate amounts of cropland sold, if:

(iii) The parties to the agreement are unable to agree to the disposition of the contract payment to be made with respect to the farm.

(2) If, on or before October 22, 2004, the owner of a farm had entered into an agreement for the permanent transfer of all or a portion of a tobacco marketing quota and the transfer had not been completed by such date, the owner of the farm to which such quota was to be transferred shall be considered to be the owner of the marketing quota for the purposes of this subpart. The BQL’s for the transferring farm and the receiving farm will be adjusted to reflect this transfer.

(f) Any tobacco marketing quota preserved under part 1410 of this chapter as the result of the enrollment of a farm in the Conservation Reserve Program shall be included in the determination of the BQL of the farm.
(iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.12486 has been applied to the overmarketed pounds.

(2) The 2003-crop year BQL for burley producers is the 2003 effective quota pounds actually marketed, adjusted for disaster lease and transfer and considered-planted undermarketings and overmarketings, as follows:
   (i) Disaster leases are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm.
   (ii) Considered-planted pounds are added to the farm's actual marketings, and includes only undermarketings that were not part of the farm's 2003 effective quota.
   (iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.071295 has been applied to the overmarketed pounds.
   (iv) After these adjustments the BQL is calculated as follows:

<table>

<tr>
<th>Step</th>
<th>Calculation</th>
</tr>

<tbody>
<tr>
<td>1</td>
<td>Subtract all 2002 undermarketings from the 2003 marketings, including undermarketings from the parent farm in any special tobacco combinations. (c) The BQL for producers of flue-cured tobacco is established by year, as follows:

(1) The 2002-crop year BQL for flue-cured producers is the effective 2002 quota actually marketed, adjusted for disaster lease and transfer and considered-planted undermarketings and overmarketings. The BQL is then multiplied by the producer's share in the 2002 crop to determine the producer's 2002 BQL. Adjustments for disaster lease and transfer and considered-planted undermarketings and overmarketings are calculated as follows:
   (i) Disaster-leased pounds are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm;
   (ii) Considered-planted pounds are added to the farm's actual marketings, and include only undermarketings that were not part of the farm's 2003 effective quota.
   (iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.10497 has been applied to the overmarketed pounds.

(2) The 2003-crop year BQL for flue-cured producers is the 2003 effective quota actually marketed, adjusted for disaster lease and transfer and considered-planted undermarketings and overmarketings, as follows:
   (i) Disaster leases are added to the marketings of the transferring farm and deducted from the marketings of the receiving farm;
   (ii) Considered-planted pounds are added to the farm's actual marketings,
Commodity Credit Corporation, USDA  § 1463.106

and includes only undermarketings that were not part of the farm’s 2004 effective quota.

(iii) Pounds actually marketed as overmarketings and sold penalty-free are added to the farm BQL after the BQL adjustment factor of 1.23457 has been applied to the overmarketed pounds.

$1463.108 Payment to eligible tobacco producers.

(a) Subject to paragraph (b) of this section, the total amount of contract payments that may be made to an eligible tobacco producer shall be the product obtained by multiplying:

$3.00 per pound \times \text{the BQL for the producer determined under } § 1463.106 \text{ for each kind of tobacco}

(b) Payments to an eligible producer shall be equal to:

(1) For an eligible producer that produced tobacco that was marketed or considered by CCC as planted under a marketing quota in all of the 2002, 2003, and 2004 marketing years, 100 percent of the rate specified in paragraph (a) of this section;

(2) For an eligible producer that produced tobacco that was marketed or considered by CCC as planted under a marketing quota in any two of the 2002, 2003, and 2004 marketing years, 2/3 of the rate specified in paragraph (a) of this section; and

(3) For an eligible producer that produced tobacco that was marketed, or considered by CCC as planted under a marketing quota in any one of the 2002, 2003, and 2004 marketing years, 1/3 of the rate specified in paragraph (a) of this section.

(c) During each of the fiscal years 2005 through 2014, CCC will make a payment to each eligible producer in an amount equal to 10 percent of the total amount due under a contract entered into under this subpart except that in the case an application was filed after June 17, 2005, the applicant will receive only the TTPP payments that have not been made as of the date the contract is approved. However, in order for the contract participant to receive the 2005 TTPP payment an application to enter into a TTPP contract must be filed no later than June 17, 2005. CCC may, in its discretion, extend any deadline set forth in this paragraph. However, CCC will make the FY 2005 payment between June and September of 2005, and subsequent payments will be made in January, to the extent practicable, of each FY.

§ 1463.107 Payment to eligible quota holders.

(a) The total amount of contract payments that may be made to an eligible quota holder shall be the product obtained by multiplying:

$7.00 per pound \times \text{the BQL for the quota holder as determined under } § 1463.105 \text{ for each kind of tobacco}

(b) During each of the fiscal years 2005 through 2014, CCC will make a payment to each eligible quota holder in an amount equal to 10 percent of the total amount due under a contract entered into under this subpart, except that in the case an application was filed after June 17, 2005, the applicant will receive only the TTPP payments that have not been made as of the date the contract is approved. its discretion, extend any deadline set forth in this paragraph. However, CCC will make the FY 2005 payment between June and September of 2005, and subsequent payments will be made in January, to the extent practical, of each FY.

§ 1463.109 Contracts.

(a) CCC will enter into a contract with eligible tobacco quota holders and producers. To the extent a person has filed such a contract with CCC, but a final administrative decision has not been made with respect to such person's status as an eligible quota holder or tobacco producer prior to the final enrollment date, CCC will enter into such a contract only upon the issuance of a final determination of eligibility and the passing of any deadline for any administrative appeal under parts 780 and 11 of this title.

(b)(1) If contracts or other written claims are provided to CCC by June 3, 2005, by two or more persons with respect to the same tobacco BQL used to calculate a program payment, CCC will not issue such payment until CCC has determined the eligibility status of each claimant.

(2) If CCC has made a payment to a person after June 3, 2005, a person who is not an eligible holder or producer, as identified on FSA records, for such farm, or claims to be an eligible tobacco holder or producer and submits a contract or other written claim with CCC for the same quota used to issue the initial payment, CCC will issue no further payments for such farm until CCC has determined the eligibility status of each person who has submitted a contract or other written claim for such farm and the occurrence of the repayment of the initial payment made by CCC.

§ 1463.110 Misrepresentation and scheme or device.

A person must refund all payments received on all contracts entered into under this subpart, plus interest as determined in accordance with part 1403 of this chapter, and pay to CCC liquidated damages as specified in the contract, if CCC determines the person has:

(a) Erroneously represented any fact affecting a program determination made in accordance with this subpart;

(b) Adopted any scheme or device that tends to defeat the purpose of the program; or

(c) Made any fraudulent representation affecting a program determination made in accordance with this subpart.

§ 1463.111 Offsets and assignments.

(a) TTPP payments made to any person under this subpart shall be made without regard to questions of title under State law and without regard to any claim or lien against the tobacco quota, tobacco marketing allotment, or the farm for which a tobacco quota had been established under part 723 of this title by any creditor or any other person.

(b) The provisions of part 1404 of this title shall not apply to this part.

(c) A quota holder or tobacco producer who is eligible to receive a payment under this subpart may assign a payment, or a portion thereof, to be made under this subpart to another person using the correct CCC form. Such an assignment will become effective upon approval by CCC. In order to provide for the orderly issuance of payments under this part, CCC may limit, in its sole discretion, the number of assignments that may be made with respect to a contract.

(d)(1) CCC will establish, after consultation with the Department of the Treasury, a discount rate that reflects the value of any remaining payments due under this part if such payments were to be made as a lump sum payment in the current year. Unless there is consideration for such contract in an amount equal to or greater than the discounted value of the payments, subject to the assignment, based on the discount rate established for such payments by CCC, CCC will not approve any assignment other than to:

(i) A family member; or

(ii) A party who had purchased a tobacco marketing quota prior to October 22, 2004 and had placed the quota on a farm with the owner's consent prior to that date in the manner that had been prescribed by FSA under part 723 of this chapter.
(2) The discount rate established by CCC will be determined by adding 200 basis points to the prime lending rate, as determined by CCC. If this sum is a fraction of a number, CCC will round the discount rate to the nearest whole number. Rounding of a half percent will be to the next higher whole number.

(e) CCC will issue a payment to an assignee only to the extent and amount of payment that CCC would otherwise have issued to the quota holder or producer in the absence of the assignment. In accordance with part 1403 of this title, any claim owed by the assignor to the United States will be deducted from any payment made under this part prior to the issuance of the payment to the assignee.

(f) CCC will report to the Internal Revenue Service any payment assigned under this section as income earned by the assignor.

§ 1463.112 Successor in interest contracts.

(a) A quota holder or tobacco producer who is eligible to receive a payment under this part, and for whom a claim has not been established by the United States, may enter into a successor in interest contract with another party using the correct CCC form. Such successor in interest contract will become effective upon approval by CCC, and will not include the 2005 payment. Only one such successor in interest contract may be entered into by a quota holder or tobacco producer with respect to a farm for each kind of tobacco.

(b) Annually, CCC will establish, after consultation with the Department of the Treasury, a discount rate that reflects the value of any remaining payments due under this part if such payments were to be made as a lump sum payment in the current year. This discount rate will be determined as provided in §1463.111(d)(2). Unless there is consideration for such contract in an amount equal to or greater than the discounted value of the payments, subject to the successor in interest or contract, based on the discount rate established for such payments by CCC, CCC will not approve any succession in interest contract other than to:

(1) A family member; or
(2) A party who had purchased a tobacco marketing quota prior to October 22, 2004 and had placed the quota on a farm with the owner’s consent prior to that date in the manner that had been prescribed by FSA under part 723 of this chapter.

(c) CCC will issue a payment, except the 2005 payment, to a successor party only if such party is otherwise in compliance with all other applicable regulations, which includes for successors to producer contracts only the wetlands and highly erodible land provisions of part 12 of this chapter. In accordance with part 1403 of this title, any claim owed by the successor party to the United States will be deducted from any payment made under this part prior to the issuance of the payment to the successor party.

(d) CCC will report to the Internal Revenue Service any payment made under a successor in interest contract as income earned by the successor party.

§ 1463.113 Issuance of payments in event of death.

If a quota holder or tobacco producer who is eligible to receive a payment under this subpart dies, the right to receive payments shall be transferred to the estate of the quota holder or tobacco producer unless such person is survived by a spouse or one or more dependents, in which case the right to receive the payments shall be transferred to the surviving spouse.

§ 1463.114 Appeals.

A person may obtain reconsideration and review of any adverse determination made under this subpart in accordance with the appeal regulations found at parts 11 and 780 of this title.
the provisions of 7 CFR 1464.105 that were in effect prior to March 30, 2005, so long as such request for refunds are filed in accordance with such part no later than:

(a) August 1, 2005 for flue-cured tobacco; and

(b) November 1, 2005 for burley tobacco.

Accordingly, where NRCS is mentioned in this Part, it also refers to the CCC’s funds, facilities, and authorities, where applicable.

(b) NRCS will:

(1) Provide overall management and implementation leadership for AMA;

(2) Establish policies, procedures, priorities, and guidance for implementation;

(3) Establish payment limits;

(4) Determine eligible practices;

(5) Develop and approve AMA plans of operation and contracts with selected participants;

(6) Provide technical leadership for implementation, quality assurance, and evaluation of performance;

(7) Make funding decisions and determine allocations of AMA funds; and

(8) Issue payments for conservation practices completed.

(c) No delegation in this part to lower organizational levels shall preclude the Chief of NRCS from reversing or modifying any determination made under this Part.

§ 1465.3 Definitions.

The following definitions apply to this part and all documents used in accordance with this part, unless specified otherwise:

Agricultural land means cropland, grassland, rangeland, pasture, and
other agricultural land on which agricultural or forest-related products or livestock are produced. Other agricultural lands may include cropped woodland, marshes, incidental areas included in the agricultural operation, and other types of agricultural land used for production of livestock.

Agricultural operation means a parcel or parcels of land whether contiguous or noncontiguous, which the producer is listed as the operator or owner/operator in the Farm Service Agency (FSA) record system, which is under the effective control of the producer at the time the producer applies for a contract, and which is operated by the producer with equipment, labor, management, and production, forestry, or cultivation practices that are substantially separate from other operations.

AMA plan of operations (APO) means the document that identifies the location and timing of conservation practices that the participant agrees to implement on eligible land in order to address the resource concerns and program purposes. The APO is part of the AMA contract.

Applicant means a person, legal entity, or joint operation that has an interest in an agricultural operation, as defined in 7 CFR 1400, who has requested in writing to participate in AMA.

Beginning farmer or rancher means a person or legal entity who:
(1) Has not operated a farm or ranch, or who has operated a farm or ranch for not more than 10 consecutive years. This requirement applies to all members of an entity who will materially and substantially participate in the operation of the farm or ranch.

(2) In the case of a contract with an individual, individually or with the immediate family, material and substantial participation requires that the individual provide substantial day-to-day labor and management of the farm or ranch, consistent with the practices in the county or State where the farm or ranch is located.

(3) In the case of a contract with an entity or joint operation, all members must materially and substantially participate in the operation of the farm or ranch. Material and substantial participation requires that each of the members provide some amount of the management, or labor and management necessary for day-to-day activities, such that if each of the members did not provide these inputs, operation of the farm or ranch would be seriously impaired.

Chief means the Chief of NRCS, United States Department of Agriculture (USDA), or designee.

Conservation district means any district or unit of State, Tribal, or local government formed under State, Tribal, or territorial law for the express purpose of developing and carrying out a local soil and water conservation program. State Conservationist means the NRCS employee authorized to direct and supervise NRCS activities in a State, the Caribbean Area, or the Pacific Island Area.

Structural practice means a conservation practice, including a vegetative practice, that involves establishing, constructing, or installing a site-specific measure to conserve and protect a resource from degradation, or improve soil, water, air, or related natural resources in the most cost-effective manner. Examples include, but are not limited to, animal waste management facilities, terraces, grassed waterways, tailwater pits, livestock water developments, contour grass strips, filter strips, critical area plantings, tree plantings, establishment or improvement of wildlife habitat, and capping of abandoned wells.

(c) NRCS may periodically inspect the conservation practice(s) during the contract duration to ensure that operation and maintenance requirements are being carried out, and that the conservation practice is fulfilling its intended objectives.

(b) The APO includes the schedule of operations, activities, and payment rates of the practices needed to solve identified natural resource concerns.

Subpart B—Contracts

§ 1465.20 Applications for participation and selecting applications for contracting.

(a) Any producer who has eligible land may submit an application for participation in AMA at a USDA service center. Producers who are members of a joint operation shall file a single application for the joint operation.

(b) NRCS will accept applications throughout the year. The State Conservationist will distribute information on the availability of assistance, national priorities, and the State-specific goals. Information will be provided that explains the process to request assistance.

§ 1465.21 Contract requirements.

(a) In order for a participant to receive payments, the participant shall enter into a contract agreeing to implement one or more eligible conservation practices. Costs for technical services may be included in the contract.

(b) An AMA contract will:

1. Incorporate by reference all portions of an agricultural operation receiving AMA assistance;

2. Be for a minimum duration of one year after completion of the last practice, but not more than 10 years;

3. Incorporate all provisions as required by law or statute, including participant requirements to:

   i. Not conduct any practices on the agricultural operation that would tend to defeat the purposes of the contract according to §1465.25;

   ii. Refund any AMA payments received with interest, and forfeit any future payments under AMA, on the violation of a term or condition of the contract, consistent with the provisions of §1465.25;

   iii. Refund all AMA payments received on the transfer of the right and interest of the producer in land subject to the contract, unless the transferee of the right and interest agrees to assume all obligations, including operation and maintenance of the AMA contract's conservation practices, consistent with the provisions of §1465.24; and

   iv. Supply information as required by NRCS to determine compliance with the contract and requirements of AMA.

   (4) Specify the participant’s requirements for operation and maintenance of the applied conservation practices consistent with the provisions of §1465.22; and

   (5) Specify any other provision determined necessary or appropriate by NRCS.

(c) The participant must apply the practice(s) according to the schedule set out in the APO.

§ 1465.22 Conservation practice operation and maintenance.

(a) The contract will incorporate the O&M agreement that describes the lifespan and operation and maintenance of the conservation practices applied under the contract.

(b) The O&M agreement incorporates the Agency expectation that the participant will operate and maintain the conservation practice(s) installed under the contract for its intended purpose for the lifespan of the conservation practice, as specified in the O&M agreement.

(c) NRCS may periodically inspect the conservation practice(s) during the contract duration to ensure that operation and maintenance requirements are being carried out, and that the conservation practice is fulfilling its intended objectives.
(d) Conservation practices installed before the contract execution, but included in the contract to obtain the environmental benefits agreed upon, must be operated and maintained as specified in the contract and O&M agreement.

§ 1465.23 Payments.

(a) The Federal share of payments to a participant will be:

(1) Up to 75 percent of the estimated incurred cost or 100 percent of the estimated income foregone of an eligible practice, except as provided in paragraph (a)(2) of this section.

(2) In the case of historically underserved producers, the payment rate will be the applicable rate and an additional rate that is not less than 25 percent above the applicable rate, provided that this increase does not exceed 90 percent of the estimated incurred costs or estimated income foregone.

(3) In no instance shall the total financial contributions for an eligible practice from other sources exceed 100 percent of the estimated incurred cost of the practice.

(b) Participants may contribute their portion of the estimated costs of practices through in-kind contributions, including labor and materials, providing the materials contributed meet the NRCS standard and specifications for the practice being installed.

(c) Payments for practices applied prior to application or contract approval—

(1) Payments will not be made to a participant for a conservation practice that was applied prior to application for the program.

(2) Payments will not be made to a participant for a conservation practice that was initiated or implemented prior to contract approval, unless the participant obtained a waiver from the State Conservationist or designated conservationist prior to practice implementation.

(d) The total amount of payments paid to a participant under this Part may not exceed $50,000 for any fiscal year.

(e) For purposes of applying the payment limitations provided for in this section, NRCS will use the provisions in 7 CFR part 1400, Payment Limitation and Payment Eligibility.

(f) A participant will not be eligible for payments for conservation practices on eligible land if the participant receives payments or other benefits for the same practice on the same land under any other conservation program administered by USDA.

(g) The participant and NRCS must certify that a conservation practice is completed in accordance with the contract before NRCS will approve any Payment.

(h) Subject to fund availability, the payment rates for conservation practices scheduled after the year of contract obligation may be adjusted to reflect increased costs.

§ 1465.24 Contract modifications, extensions, and transfers of land.

(a) The participant and NRCS may modify a contract if both parties agree to the contract modification, the APO is revised in accordance with NRCS requirements, and the designated conservationist approves the modified contract.

(b) It is the participant’s responsibility to notify NRCS when he/she either anticipates the voluntary or involuntary loss of control of the land.

(c) The participant and NRCS may mutually agree to transfer a contract to another party.

(1) To receive an AMA payment, the transferee must be determined by NRCS to be eligible to participate in AMA and shall assume full responsibility under the contract, including the O&M agreement for those conservation practices already installed and those conservation practices to be installed as a condition of the contract.

(2) With respect to any and all payments owed to participants who wish to transfer ownership or control of land subject to a contract, the division of payment shall be determined by the original party and the party’s successor. In the event of a dispute or claim on the distribution of payments, NRCS may withhold payments without the accrual of interest pending a settlement or adjudication on the rights to the funds.
Commodity Credit Corporation, USDA

§ 1465.30

(d) NRCS may require a participant to refund all or a portion of any assistance earned under AMA if the participant sells or loses control of the land under an AMA contract and the successor in interest is not eligible or refuses to accept future payments to participate in the AMA or refuses to assume responsibility under the contract.

(e) The participants to the contract shall be jointly and severally responsible for refunding the payments with applicable interest pursuant to paragraph (d) of this section.

(f) In the event a conservation practice fails through no fault of the participant, the State Conservationist may issue payments to re-establish the conservation practice, at the rates established with §1465.23, provided such payments do not exceed the payment limitation requirements as set forth in §1465.23.

§ 1465.25 Contract violations and termination.

(a) If NRCS determines that a participant is in violation of the terms of a contract, O&M agreement, or documents incorporated by reference into the contract, NRCS shall give the participant notice and 60 days, unless otherwise determined by the State Conservationist, to correct the violation and comply with the terms of the contract and attachments thereto. If a participant continues in violation, the State Conservationist may terminate the AMA contract.

(b) Notwithstanding the provisions of paragraph (a) of this section, a contract termination shall be effective immediately upon a determination by the State Conservationist that the participant has submitted false information or filed a false claim, or engaged in any act, scheme, or device for which a finding of ineligibility for payments is permitted under the provisions of §1465.35, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(c) If NRCS terminates a contract, the participant shall forfeit all rights to future payments under the contract and refund all or part of the payments received, plus interest. Participants violating AMA contracts may be determined ineligible for future NRCS-administered conservation program funding.

(1) The State Conservationist may require only a partial refund of the payments received if the State Conservationist determines that a previously installed conservation practice can function independently, is not affected by the violation or the absence of other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(2) If NRCS terminates a contract due to breach of contract or the participant voluntarily terminates the contract before any contractual payments have been made, the participant shall forfeit all rights for further payments under the contract and shall pay such liquidated damages as prescribed in the contract. The State Conservationist will have the option to waive the liquidated damages depending upon the circumstances of the case.

(i) When making all contract termination decisions, NRCS may reduce the amount of money owed by the participant by a proportion that reflects the good faith effort of the participant to comply with the contract or the existence of hardships beyond the participant’s control that have prevented compliance with the contract. If the participant claims hardship, that claim must be well documented and cannot have existed when the applicant applied for participation in the program.

(ii) The participant may voluntarily terminate a contract if NRCS agrees based on NRCS’s determination that termination is in the public interest.

(iii) In carrying out NRCS’s role in this section, NRCS may consult with the local conservation district.

Subpart C—General Administration

§ 1465.30 Appeals.

(a) A participant may obtain administrative review of an adverse decision under AMA in accordance with 7 CFR parts 11 and 614, except as provided in paragraph (b) of this section.
§ 1465.31 Compliance with regulatory measures.

Participants who carry out conservation practices shall be responsible for obtaining the authorities, rights, easements, permits, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants shall be responsible for compliance with all laws and for all effects or actions resulting from the participant's performance under the contract.

§ 1465.32 Access to operating unit.

Any authorized NRCS representative shall have the right to enter an operating unit or tract for the purpose of determining eligibility and for ascertaining the accuracy of any representations related to contracts and performance. Access shall include the right to provide technical assistance; determine eligibility; inspect any work undertaken under the contracts, including the APO and O&M agreement; and collect information necessary to evaluate the conservation practice performance as specified in the contracts. The NRCS representative shall make an effort to contact the participant prior to exercising this provision.

§ 1465.33 Equitable relief.

(a) If a participant relied upon the advice or action of any authorized NRCS representative and did not know, or have reason to know, that the action or advice was improper or erroneous, the State Conservationist may grant relief to the extent it is deemed appropriate by NRCS. Where a participant believes that detrimental reliance on the advice or action of a NRCS representative resulted in an ineligibility or program violation, the participant may request equitable relief under 7 CFR part 635.

(b) The financial or technical liability for any action by a participant that was taken based on the advice of an NRCS certified non-USDA TSP is the responsibility of the certified TSP and will not be assumed by NRCS when NRCS authorizes payment.

(c) If, during the term of an AMA contract, a participant has been found in violation of a provision of the contract, the O&M agreement, or any document incorporated by reference through failure to fully comply with that provision, the participant may be eligible for equitable relief under 7 CFR part 635.

§ 1465.34 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any participant shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the United States Government. The regulations governing offsets and withholdings found at 7 CFR part 1403 shall be applicable to contract payments.

(b) AMA participants may assign any payments in accordance with 7 CFR part 1404.

§ 1465.35 Misrepresentation and scheme or device.

(a) A participant who is determined to have erroneously represented any fact affecting an AMA determination made in accordance with this part shall not be entitled to contract payments and must refund to NRCS all payments plus interest, as determined in accordance with 7 CFR part 1403.

(b) A participant shall refund to NRCS all payments, plus interest, as determined by NRCS, with respect to all NRCS contracts to which they are a party if they are determined to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of AMA;
Commodity Credit Corporation, USDA

(2) Made any fraudulent representation;
(3) Adopted any scheme or device for the purpose of depriving any tenant or sharecropper of the payments to which such person would otherwise be entitled under the program; or
(4) Misrepresented any fact affecting an AMA determination.

(c) Where paragraph (a) or paragraph (b) of this section apply, the participant's interest in all contracts shall be terminated. In accordance with §1465.25(c), NRCS may determine the producer ineligible for future funding from any NRCS conservation programs.

§ 1465.36 Environmental Services Credits for Conservation Improvements.

USDA recognizes that environmental benefits will be achieved by implementing conservation practices funded through AMA, and that environmental credits may be gained as a result of implementing activities compatible with the purposes of an AMA contract. NRCS asserts no direct or indirect interest on these credits. However, NRCS retains the authority to ensure that the requirements for AMA funded improvements are met and maintained consistent with §1465.22. Where activities required under an environmental credit agreement may affect land covered under an AMA contract, participants are highly encouraged to request a compatibility assessment from NRCS prior to entering into such agreements.

§ 1466.3 Definitions.

The following definitions will apply to this part and all documents issued in accordance with this Part, unless specified otherwise:

Agricultural land means cropland, rangeland, pasture, private non-industrial forest land, and other land on which crops or livestock are produced.

Agricultural operation means a parcel or parcels of land whether contiguous or noncontiguous, constituting a cohesive management unit for agricultural purposes. An agricultural operation shall be regarded as located in the county in which the principle dwelling is situated, or if there is no dwelling thereon, it shall be regarded to be in the county in which the major portion of the land is located.

Animal waste management facility means a structural conservation practice used for storing or treating animal waste. Applicant means an individual, entity or joint operation who has an interest in a farming operation, as defined in 7 CFR 1400.3, who has requested in writing to participate in EQIP.

At-risk species means any plant or animal species as determined by the State Technical Committee to need direct intervention to halt its population decline.

Beginning Farmer or Rancher means an individual or entity who:

(1) Has not operated a farm or ranch, or who has operated a farm or ranch for not more than 10 consecutive years. This requirement applies to all members of an entity, and

(2) Will materially and substantially participate in the operation of the farm or ranch.

(i) In the case of a contract with an individual, individually or with the immediate family, material and substantial participation requires that the individual provide substantial day-to-day labor and management of the farm or ranch, consistent with the practices in the county or State where the farm is located.

(ii) In the case of a contract with an entity or joint operation, all members must materially and substantially participate in the operation of the farm or ranch. Material and substantial participation requires that each of the members provide some amount of the management, or labor and management necessary for day-to-day activities, such that if each of the members did not provide these inputs, operation of the farm or ranch would be seriously impaired.

Chief means the Chief of NRCS, USDA, or designee.

Comprehensive Nutrient Management Plan (CNMP) means a conservation system that is unique to an animal feeding operation (AFO). A CNMP is a grouping of conservation practices and management activities which, when implemented as part of a conservation system, will help to ensure that both production and natural resource protection goals are achieved. A CNMP incorporates practices to use animal manure and organic by-products as a beneficial resource. A CNMP addresses natural resource concerns dealing with soil erosion, manure, and organic by-

products and their potential impacts on all natural resources including water and air quality, which may derive from an AFO. A CNMP is developed to assist an AFO owner/operator in meeting all applicable local, Tribal, State, and Federal water quality goals or regulations. For nutrient impaired stream segments or water bodies, additional management activities or conservation practices may be required by local, Tribal, State, or Federal water quality goals or regulations.

Conservation district means any district or unit of State, tribal, or local government formed under State, tribal, or territorial law for the express purpose of developing and carrying out a local soil and water conservation program. Such district or unit of government may be referred to as a “conservation district,” “soil conservation district,” “soil and water conservation district,” “resource conservation district,” “land conservation committee,” or similar name.

Conservation Innovation Grants means competitive grants made under EQIP to individuals, governmental and nongovernmental organizations to stimulate innovative methods to leverage Federal funds to implement EQIP to enhance and protect the environment in conjunction with agricultural production.

Conservation practice means a specified treatment, such as a structural or land management practice, that is planned and applied according to NRCS standards and specifications.

Contract means a legal document that specifies the rights and obligations of any individual or entity who has been accepted to participate in the program. An EQIP contract is a binding agreement for the transfer of assistance from USDA to the participant to share the cost of applying conservation practices as opposed to procurement contract.

Cost-share payment means the financial assistance from NRCS to the participant to share the cost of installing a structural conservation practice.

Cost-effectiveness refers to the least-cost practices or system that achieves the stated conservation objectives.

Designated Conservationist means a NRCS employee whom the State Conservationist has designated as responsible for administration of EQIP in a specific area.

Entity means those organizations as defined in 7 CFR 1400.3.

EQIP plan of operations means the identification, location and timing of conservation practices, both structural and land management, that the producer proposes to implement on eligible land in order to address the priority natural resource concerns and optimize environmental benefits.

Field office technical guide means the official local NRCS source of resource information and interpretations of guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. It contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared.

Operation and maintenance means work performed by the participant to keep the applied conservation practice functioning for the intended purpose during its life span. Operation includes the administration, management, and performance of non-maintenance actions needed to keep the completed practice safe and functioning as intended. Maintenance includes work to prevent deterioration of the practice, repairing damage, or replacement of the practice to its original condition if one or more components fail.

Participant means a producer who is a party to an EQIP contract.

§ 1466.5 National Allocation and Man-
agement.

The Chief allocates EQIP funds to the
State Conservationists to implement
EQIP at the state and local level. In
order to optimize the overall environ-
mental benefits over the duration of
the program, the Chief of NRCS will:
(a) Use an EQIP fund allocation for-
mula that reflects National priorities
and measures and that uses available
natural resource and resource concerns
data to distribute funds to the state
level. This procedure will be updated
periodically to reflect adjustments to
National priorities and information
about resource concerns and program

§ 1466.4 National Priorities.

(a) The following National priorities
will be used in the implementation of
EQIP:

(1) Reductions of nonpoint source
pollution, such as nutrients, sediment,
pesticides, or excess salinity in im-
paired watersheds consistent with
TMDLs where available as well as the
reduction of groundwater contamination
and the conservation of ground
and surface water resources;

(2) Reduction of emissions, such as
particulate matter, nitrogen oxides
(NOx), volatile organic compounds, and
ozone precursors and depleters that
contribute to air quality impairment
violations of National Ambient Air
Quality Standards;

(3) Reduction in soil erosion and sedi-
mentation from unacceptable levels on
agricultural land; and

(4) Promotion of at-risk species habi-
tat conservation.

(b) With the advice of other Federal
agencies, NRCS will undertake periodic
reviews of the National priorities and
the effects of program delivery at the
state and local level. The Chief intends
to annually review the National prior-
ities to adapt the program to address
emerging resource issues. NRCS will:
(1) Use the National priorities to
guide the allocation of EQIP funds to
the State NRCS offices,

(2) Use the National priorities in con-
junction with state and local priorities
to assist with prioritization and selec-
tion of EQIP applications, and

(3) Periodically review and update
the National priorities utilizing input
from the public and affected stake-
holders to ensure that the program
continues to address national resource
needs.
§ 1466.6

The data used in the allocation formula will be updated as it becomes available.

(b) Provide a performance incentive to NRCS in States that demonstrate a high level of program performance in implementing EQIP. Performance incentives shall consider factors such as strategically planning EQIP implementation, effectively addressing National priorities and measures and state and local resource concerns, the effectiveness of program delivery, the use of Technical Service Providers, and the number of contracts with Limited Resource Producers and Beginning Farmers. These funds will be made available annually from a reserve established at the National level when funds become available.

(c) Use NRCS’s accountability system to establish state level EQIP performance goals and treatment objectives.

(d) Ensure that National, state and local level information regarding program implementation such as resource priorities, eligible practices, ranking processes, allocation of base and reserve funds, and program achievements is made available to the public.

(e) Consult with State Conservationists and other Federal agencies with the appropriate expertise and information when evaluating the considerations described in this section.

(f) Authorize the State Conservationist, with advice from the State Technical Committee and Local Work Groups, to determine how funds will be used and how the program will be administered to achieve National priorities and measures in each state.

(g) Move towards assessment, evaluation and accountability based on actual natural resource and environmental outcomes and results.

§ 1466.6 State Allocation and Management.

The State Conservationist will:

(a) Identify State priority natural resource concerns with the advice of the State Technical Committee that directly contribute towards meeting National priorities and measures and will use NRCS’s accountability system to establish local level EQIP performance goals and treatment objectives;

(b) Identify, as appropriate and necessary, Designated Conservationists who are NRCS employees that are assigned the responsibility to administer EQIP in specific areas, and

(c) Use the following to determine how to manage the EQIP program and how to allocate funds within a state:

(1) The nature and extent of priority natural resource concerns at the state and local level;

(2) The availability of human resources, incentive programs, education programs, and on-farm research programs from Federal, State, Indian Tribe, and local levels, both public and private, to address the priority natural resource concerns;

(3) The existence of multi-county or multi-state collaborative efforts to address regional priority natural resource concerns;

(4) Ways and means to measure performance and success; and

(5) The degree of difficulty that producers face in complying with environmental laws.

§ 1466.7 Outreach Activities.

NRCS will establish program outreach activities at the National, State, and local levels in order to ensure that producers whose land has environmental problems and priority natural resource concerns are aware, informed, and know that they may be eligible to apply for program assistance. Special outreach will be made to eligible producers with historically low participation rates, including but not restricted to limited resource producers, small-scale producers, Indian Tribes, Alaska Natives, and Pacific Islanders.

§ 1466.8 Program requirements.

(a) Program participation is voluntary. The applicant develops an EQIP plan of operations for the agricultural land to be treated that serves as the basis for the EQIP contract. NRCS provides participants with technical assistance, cost-share and/or incentive payments to apply needed conservation practices and land-use adjustments.

(b) To be eligible to participate in EQIP, an applicant must:
(1) Be in compliance with the highly erodible land and wetland conservation provisions found at 7 CFR part 12.
(2) Have an interest in the farming operation as defined in 7 CFR 1400.3.
(3) Have control of the land for the life of the proposed contract period.
   (i) An exception may be made by the Chief of NRCS in the case of land allotted by the Bureau of Indian Affairs (BIA), Tribal land, or other instances in which the Chief determines that there is sufficient assurance of control;
   (ii) If the applicant is a tenant of the land involved in agricultural production, the applicant shall provide the Chief of NRCS with the written concurrence of the landowner in order to apply a structural conservation practice.
(4) Submit an EQIP plan of operations that is acceptable to NRCS as being in compliance with the terms and conditions of the program; and
(5) Supply information, as required by NRCS, to determine eligibility for the program; including but not limited to information to verify the applicant's status as a limited resource farmer or rancher or beginning farmer or rancher and eligibility as per Adjusted Gross Income, 7 CFR 1400 subpart G.

(c) Land used as cropland, rangeland, pasture, private non-industrial forest land, and other land on which crops or livestock are produced, including agricultural land that NRCS determines poses a threat to soil, water, air, or related natural resources, may be eligible for enrollment in EQIP. However, land may be considered for enrollment in EQIP only if NRCS determines that the land is:
   (1) Privately owned land;
   (2) Publicly owned land where:
      (i) The land is under private control for the contract period and is included in the participant's operating unit; and
      (ii) The conservation practices will contribute to an improvement in the identified natural resource concern; or
   (3) Tribal, allotted, or Indian trust land.

(d) Sixty percent of available EQIP financial assistance will be targeted to conservation practices related to livestock production, as measured at the National level.

§ 1466.10 Conservation practices.
(a) NRCS will determine which structural and land management practices are eligible for program payments. A list of eligible practices will be available to the public.
(b) Cost-share and incentive payments will not be made to a participant for a conservation practice that

§ 1466.9 EQIP plan of operations.
(a) All conservation practices in the EQIP plan of operations must be carried out in accordance with the applicable NRCS field office technical guide.
(b) The EQIP plan of operations must include:
   (1) A description of the participant's specific conservation and environmental objectives to be achieved;
   (2) To the extent practicable, the quantitative or qualitative goals for achieving the participant's conservation and environmental objectives;
   (3) A description of one or more conservation practices in the conservation management system to be implemented to achieve the conservation and environmental objectives;
   (4) A description of the schedule for implementing the conservation practices, including timing and sequence; and
   (5) Information that will enable evaluation of the effectiveness of the plan in achieving the environmental objectives.
(c) If an EQIP plan of operations includes an animal waste storage or treatment facility, the participant must provide for the development and implementation of a comprehensive nutrient management plan.
(d) Participants are responsible for implementing the EQIP plan of operations.
(e) A participant may receive assistance to implement an EQIP plan of operations for water conservation with funds authorized by section 1240I of the 1985 Act, 16 U.S.C. 3839aa-9, only if the assistance will facilitate a net savings in ground or surface water resources in the agricultural operation of the producer.

§ 1466.10 Conservation practices.
(a) NRCS will determine which structural and land management practices are eligible for program payments. A list of eligible practices will be available to the public.
(b) Cost-share and incentive payments will not be made to a participant for a conservation practice that

725
§ 1466.11 Technical and other assistance provided by qualified personnel not affiliated with USDA.

(a) NRCS may use the services of qualified Technical Service Providers in performing its responsibilities for technical assistance.

(b) Participants may use technical and other assistance from qualified personnel of other Federal, State, and local agencies, Indian Tribes, or individuals who are certified as Technical Service Providers by NRCS.

(c) Technical and other assistance provided by qualified personnel not affiliated with USDA may include, but is not limited to: conservation practice survey, layout, design, installation, and certification; information, education, and training for producers; and training, certification, and quality assurance for professional conservationists. Payments to certified Technical Service Providers will be made only for an application that has been approved for payments.

(d) NRCS retains approval authority over certification of work done by non-NRCS personnel for the purpose of approving EQIP payments.

Subpart B—Contracts and Payments

§ 1466.20 Application for contracts and selecting offers from producers.

(a) Any producer who has eligible land may submit an application for participation in the EQIP. Applications are accepted throughout the year. Producers who are members of a joint operation may file a single application for the joint operation.

(b) The State Conservationist or Designated Conservationist with advice from the State Technical Committee or Local Work Groups will develop a ranking process to prioritize applications for funding which address priority natural resource concerns. The State Conservationist or Designated Conservationist will periodically select for funding the highest ranked applications based on applicant eligibility and the NRCS ranking process. The State Conservationist or Designated Conservationist will rank all applications according to the following factors:

(1) The degree of cost-effectiveness of the proposed conservation practices,

(2) The magnitude of the environmental benefits resulting from the treatment of National priorities and the priority natural resource concerns reflecting the level of performance of a conservation practice,

(3) Treatment of multiple resource concerns,

(4) Use of conservation practices that provide environmental enhancements for a longer period of time,

(5) Compliance with Federal, state, local or tribal regulatory requirements concerning soil, water and air quality; wildlife habitat; and ground and surface water conservation, and

(6) Other locally defined pertinent factors, such as the location of the conservation practice, the extent of natural resource degradation, and the degree of cooperation by local producers to achieve environmental improvements.

(c) If the State Conservationist determines that the environmental values of two or more applications for cost-share payments or incentive payments are
comparable, the State Conservationist will not assign a higher priority to the application solely because it would present the least cost to the program.

(d) The ranking will not give preferential treatment to applications based on size of the operation.

(e) The ranking will determine which applications will be awarded contracts. The approving authority for EQIP contracts will be the State Conservationist or designee except the approving authority for any EQIP contract greater than $100,000 is the NRCS Regional Conservationist.

(f) The State Conservationist will make all information regarding priority resources concerns, how the EQIP program is implemented in the state, and the cost-list of eligible practices available to the public.

§ 1466.21 Contract requirements.

(a) In order for a participant to receive cost-share or incentive payments, the participant must enter into a contract agreeing to implement one or more conservation practices. Cost-share payments and incentive payments as well as reimbursement for Technical Service Provider technical assistance may be included in a contract.

(b) An EQIP contract will:

(1) Identify all conservation practices to be implemented, the timing of practice installation, the operation and maintenance requirements for the practices, and applicable cost-shares and incentive payments allocated to the practices under the contract;

(2) Be for a minimum duration of one year after completion of the last practice, but not more than 10 years;

(3) Incorporate all provisions as required by law or statute, including requirements that the participant will:

(i) Not implement any practices on the farm or ranch unit under the contract, or agricultural operation of the producer for ground and surface water conservation contracts, that would tend to defeat the purposes of the program;

(ii) Refund any program payments received with interest, and forfeit any future payments under the program, on the violation of a term or condition of the contract, consistent with the provisions of §1466.26;

(iii) Refund all program payments received on the transfer of the right and interest of the producer in land subject to the contract, unless the transferee of the right and interest agrees to assume all obligations of the contract, consistent with the provisions of §1466.25;

(iv) Implement a comprehensive nutrient management plan when the EQIP contract includes a waste storage or waste treatment facility; and

(v) Supply information as may be required by NRCS to determine compliance with the contract and requirements of the program.

(4) Specify the participant's requirements for operation and maintenance of the applied conservation practices consistent with the provisions of §1466.22; and

(5) Specify any other provision determined necessary or appropriate by NRCS.

(c) The participant must start at least one financially assisted practice within the first 12 months of signing a contract. If a participant, for reasons beyond their control, is unable to start a practice within the first year of the contract, they can request a waiver from the State Conservationist.

(d) Each contract will be limited to no more than $450,000.

§ 1466.22 Conservation practice operation and maintenance.

The contract will incorporate the operation and maintenance of conservation practices applied under the contract. The participant must operate and maintain each conservation practice installed under the contract for its intended purpose for the life span of the conservation practice as determined by NRCS. Conservation practices installed before the execution of a contract, but needed in the contract to obtain the environmental benefits agreed upon must be operated and maintained as specified in the contract. NRCS may periodically inspect a conservation practice during the life span of the practice as specified in the contract to ensure that operation and maintenance are occurring. When NRCS finds that a participant is not
operating and maintaining practices in an appropriate manner, NRCS will request a refund of cost-share or incentive payments made for that practice under the contract.

§ 1466.23 Cost-share rates and incentive payment levels.

(a) Determining Cost-share payment rates.

(1) The maximum cost-share payments made to a participant under the program will not be more than 75 percent of the actual cost of a structural practice, as determined by the State Conservationist or Designated Conservationist, except that for a Limited Resource Farmer or Rancher or Beginning Farmer and Rancher cost-share payments may be up to 90 percent, as determined by the State Conservationist or Designated Conservationist.

(2) The cost-share payments to a participant under the program will be reduced proportionately below the rate established by the State Conservationist or Designated Conservationist, or the cost-share limit as set in paragraph (c) of this section, to the extent that total financial contributions for a structural practice from all public and private sources exceed 100 percent of the actual cost of the practice.

(b) Determining Incentive Payment levels. NRCS may provide incentive payments to participants for performing a land management practice or to develop a comprehensive nutrient management plan in an amount and at a rate necessary to encourage a participant to perform the practice that would not otherwise be initiated without government assistance. NRCS may consider establishing limits on the extent of land management practices that may be included in a contract.

(c) Cost-share rates and incentive payment levels for conservation practices will be established by the State Conservationist or Designated Conservationist with advice from the State Technical Committee and Local Work Groups. The State Conservationist or Designated Conservationist will develop a list of eligible conservation practices with varied cost-share rates and incentive payment levels that considers:

1. The conservation practice cost-effectiveness and innovation,
2. The degree of treatment of priority natural resource concerns,
3. The number of resource concerns the practice will address,
4. The longevity of the practice's environmental benefits, and
5. Other pertinent local considerations.

(d) Practice cost lists that include any structural practice with greater than 50 percent cost share rate are to be approved by the State Conservationist with concurrence of the Regional Conservationist.

§ 1466.24 EQIP payments.

(a) Except as provided in paragraph (b) of this section, the total amount of cost-share and incentive payments paid to an individual or entity under this part may not exceed an aggregate of $450,000, directly or indirectly, for all contracts entered into during FYs 2002 through 2007.

(b) To determine eligibility for payments, NRCS will use the following criteria:

1. The provisions in 7 CFR part 1400, Payment Limitation and Payment Eligibility, subparts A and G.
2. States, political subdivisions, and entities thereof will not be considered to be individuals or entities eligible for payment.
3. To be eligible to participate in EQIP, all individuals applying, either alone or as part of a joint operation, must provide a social security number. Where applicable, American Indians, Alaska Natives, and Pacific Islanders may use another unique identification number for each individual eligible for payment.
4. To be eligible to participate in EQIP, any entity, as identified in 7 CFR part 1400, must provide a list of all members of the entity and embedded entities along with the members’ social security numbers and percentage interest in the entity.
5. With regard to contracts on Indian Land, payments exceeding the payment limitation may be made to the Tribal venture if an official of BIA
or a Tribal official certifies in writing that no one individual directly or indirectly will receive more than the limitation. The Tribal entity must also provide, annually, listing of individuals and payments made, by social security number or other unique identification number, during the previous year for calculation of overall payment limitations. The Tribal entity must also produce, at the request of NRCS, proof of payments made to the individuals that incurred the costs for installation of the practices.

6 Any cooperative association of producers that markets commodities for producers will not be considered to be a person eligible for payment.

7 Eligibility for payments in accordance with 7 CFR part 1400, subpart G, average adjusted gross income limitation, will be determined at the time of contract approval.

8 Eligibility for higher cost-share payments in accordance with paragraph (a) of this section will be determined at the time of approval of the contract.

9 Any participant that utilizes a unique identification number as an alternative to a social security number will utilize only that identifier for any and all other EQIP contracts that the participant is party to. Violators will be considered to have provided fraudulent representation and be subject to full penalties of section 1466.35.

10 A participant will not be eligible for cost-share or incentive payments for conservation practices on eligible land if the participant receives cost-share payments or other benefits for the same practice on same land under any other conservation program administered by NRCS.

11 Before NRCS will approve and issue any cost-share or incentive payment, the participant must certify that the conservation practice has been completed in accordance with the contract, and NRCS or other approved Technical Service Provider certifies that the practice has been carried out in accordance with the conservation practice standards of the applicable NRCS field office technical guide.

12 The provisions of 7 CFR 1412.505 except that refunds will be determined by the State Conservationist.

§1466.25 Contract modifications and transfers of land.

(a) The participant and NRCS may modify a contract if the participant and NRCS agree to the contract modification and the EQIP plan of operations is revised in accordance with NRCS requirements and is approved by the Designated Conservationist.

(b) The participant and NRCS may agree to transfer a contract to another producer. The transferee must be determined by NRCS to be eligible to participate in EQIP and must assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract.

(c) NRCS may require a participant to refund all or a portion of any financial assistance earned under EQIP if the participant sells or loses control of the land under an EQIP contract and the new owner or controller is not eligible to participate in the program or refuses to assume responsibility under the contract.

§1466.26 Contract violations and termination.

(a)(1) If NRCS determines that a participant is in violation of the terms of a contract or documents incorporated by reference into the contract, NRCS shall give the participant a reasonable time, as determined by NRCS, to correct the violation and comply with the terms of the contract and attachments thereto. If a participant continues in violation, NRCS may terminate the EQIP contract.

(b)(1) If NRCS terminates a contract, the participant will forfeit all rights for future payments under the contract.
and shall refund all or part of the payments received, plus interest determined in accordance with 7 CFR part 1403. NRCS may exercise the option of requiring only partial refund of the payments received if a previously installed conservation practice can function independently, is not adversely affected by the violation or the absence of other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the lifespan of the practice.

(2) If NRCS terminates a contract due to breach of contract or the participant voluntarily terminates the contract, the participant will forfeit all rights for further payments under the contract and shall pay such liquidated damages as are prescribed in the contract. NRCS will have the option to waive the liquidated damages, depending upon the circumstances of the case.

(3) When making contract termination decisions, NRCS may reduce the amount of money owed by the participant by a proportion that reflects the good faith effort of the participant to comply with the contract or the hardships beyond the participant’s control that have prevented compliance with the contract.

(4) The participant may voluntarily terminate a contract if NRCS determines that termination is in the public interest.

(5) In carrying out its role in this section, NRCS may consult with the local conservation district.

§ 1466.27 Conservation Innovation Grants (CIG).

(a) Definitions. In addition to the terms defined in §1466.3 of this part, the following definitions shall be applicable to this section:

(1) EQIP eligible means any farming entity, land, and practice that meets the definitions of EQIP as defined in 7 CFR 1466.

(2) Grant agreement means a document describing a relationship between NRCS and a State or local government, or other recipient whenever the principal purpose of the relationship is the transfer of a thing of value to a recipient in order to accomplish a public purpose of support or stimulation authorized by Federal law, and substantial Federal involvement is not anticipated.

(3) Grant Review Board consists of the NRCS Deputy Chief for Programs, Deputy Chief for Science and Technology, Deputy Chief for Soil Survey and Resource Assessment, one Regional Assistant Chief, and one State Conservationist. The Review Board makes recommendations for grant awards to the Chief.

(4) Peer Review Panel means a panel consisting of Federal and non-Federal technical advisors who possess expertise in a discipline or disciplines deemed important to provide a technical evaluation of project proposals submitted under this notice.

(5) Project means the activities as defined within the scope of the grant agreement.

(6) Project Director means the individual responsible for the technical direction and management of the project as designated in the application.

(b) Purpose and scope—(1) Purpose. The purpose of CIG is to stimulate the development and adoption of innovative conservation approaches and technologies while leveraging Federal investment in environmental enhancement and protection, in conjunction with agricultural production. Notwithstanding any limitation of this part, NRCS will administer CIG in accordance with this section. Unless otherwise provided for in this section, the provisions of 7 CFR 3015 and related Departmental regulations will be used to administer grants under CIG.

(2) Geographic scope. Applications for CIG are accepted from the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(3) Program scope. Grants will be awarded using a two-tiered process. A nationwide grants competition will be announced in the Federal Register. In addition, at the Chief’s discretion, each State Conservationist may implement a separate State-level component of CIG.
(4) Program focus. Applications for CIG should demonstrate the use of innovative approaches and technologies to leverage Federal investment in environmental enhancement and protection, in conjunction with agricultural production. CIG will fund projects that promote innovative on-the-ground conservation, including pilot projects and field demonstrations of promising approaches or technologies. CIG projects are expected to lead to the transfer of conservation technologies, management systems, and innovative approaches (such as market-based systems) into NRCS technical manuals and guides, or to the private sector.

Technologies and approaches eligible for funding in a project’s geographic area through EQIP are not eligible for CIG funding except where the use of those technologies and approaches demonstrates clear innovation. The burden falls on the applicant to sufficiently describe the innovative features of the proposed technology or approach.

(5) Innovative conservation projects or activities. For the purposes of CIG, the proposed innovative project or activity must encompass the development and field testing, evaluation, and implementation of:

(i) Conservation adoption incentive systems, including market-based systems; or,

(ii) Promising conservation technologies, practices, systems, procedures, and approaches.

To be given priority consideration, the innovative project or activity:

(iii) Will have been studied sufficiently to indicate a good probability for success;

(iv) Demonstrates, tests, evaluates, or verifies environmental (soil, water, air, plants, and animal) effectiveness, utility, affordability, and usability in the field;

(v) Adapts conservation technologies, practices, systems, procedures, approaches, and incentive systems to improve performance, and encourage adoption;

(vi) Introduces conservation systems, approaches, and procedures from another geographic area or agricultural sector; and

(vii) Adapts conservation technology, management, or incentive systems to improve performance.

(c) Availability of funding. (1) CIG funding will be available for single- or multi-year projects. Funding for CIG will be announced in the Federal Register through a Request for Proposals (RFP). The Chief will determine the funding level for CIG on an annual basis. Funds for CIG are derived from funds made available for EQIP. The Chief may establish funding limits for individual grants.

(2) Selected applicants may receive grants of up to 50 percent of the total project cost. Applicants must provide non-Federal funding for at least 50 percent of the project cost, of which up to one-half (25 percent of total project cost) may be from in-kind contributions. An exception regarding matching funds may be made for grants that are awarded to either a Beginning or Limited Resource Farmer or Rancher, or Indian Tribe, or a community-based organization comprised of or representing these entities. Up to 75 percent of the required matching funds for these projects may derive from in-kind contributions.

(3) CIG is designed to provide financial assistance to grantees. Procurement of any technical assistance required to carry out a project is the responsibility of the grantee. Technical oversight for grant projects will be provided by a Federal grant representative, who will be designated by NRCS.

(4) There are some costs that grantees may not cover using CIG funds, such as costs incurred prior to the effective date of the grant, entertainment costs, or renovation or refurbishment of buildings or facilities. A detailed list of costs not allowed will be published in the RFP.

(d) Natural resource conservation concerns. CIG applications must describe the use of innovative approaches or technologies to address a natural resource conservation concern or concerns. The natural resource concerns for CIG will be identified by the Chief, and may change each year. The natural resource concerns will be published in the RFP.
(e) Eligibility information—(1) Organization or individual eligibility. To be eligible, CIG applicants must be an Indian Tribe; State or local unit of government; non-governmental organization; or individual.

(2) Project eligibility. To be eligible, projects must involve landowners who meet the eligibility requirements of §1466.8(b)(1) through (3) of this part. Further, all agricultural producers receiving a direct or indirect payment through participation in a CIG project must meet those eligibility requirements.

(3) Beginning and Limited Resource Farmers and Ranchers, and Indian Tribes. Up to 10 percent of the total funds available for CIG may be set-aside for applications from either a Beginning or Limited Resource Farmer or Rancher, or Indian Tribe, or a community-based organization comprised of or representing these entities. Funds not awarded from the set-aside pool will revert back into the general CIG funding pool.

(f) Application and submission information. The CIG RFP will contain guidance on how to apply for the grants competition. CIG will be advertised through the FEDERAL REGISTER, the NRCS Web site, and grants.gov. Grant applications will be available on the NRCS Web site, or by contacting NRCS at the address provided in the RFP. CIG grant applications will consist of standard cover sheet and budget forms, in addition to a narrative project description and required legal declarations and certifications.

(g) Application review and grant awards. Complete applications will be evaluated by a peer review panel and scored based on the Criteria for Proposal Evaluation identified in the RFP. Scored applications will be forwarded to a Grant Review Board. The Grant Review Board will make recommendations for awards to the Chief. Final award selections will be made by the Chief. Grant awards will be made by the NRCS National Office after selection of the grantees is made and after the grantee agrees to the terms and conditions of the NRCS Grant document.

(h) State component. (1) At the discretion of the Chief, each State Conservationist has the option of implementing a State-level CIG component. A State program will follow the requirements of this section, except for those features described in this paragraph (h).

(2) Funding availability, application, and submission information for State competitions will be announced through public notices (and on the State NRCS Web site), separately from the national program. The State component will emphasize projects that cover limited geographic areas, including individual farms, multi-county areas, or small watersheds.

(3) The State Conservationist will determine the funding level for the grants competition, with individual grants not to exceed $75,000.

(4) The State Conservationist may choose to adhere to the CIG national natural resource concerns, or may select a subset of those concerns that more closely match the natural resource concerns in his or her State.

(5) Applications will be scored by the State Technical Committee, or a subcommittee thereof, based on the national Criteria for Proposal Evaluation published in the CIG RFP. Scored applications will be forwarded to the State Conservationist, who will make the award selections.

(6) In addition to abiding by the in-kind contribution exception for Limited Resource and Beginning Farmers and Ranchers, and Indian Tribes in paragraph (c)(2) of this section, the State Conservationist in each participating State will determine if and how to provide additional special consideration to underserved groups.

(i) Grant agreement. The CCC, through NRCS, will use a grant agreement with selected grantees to document participation in CIG.

(j) Patents and inventions. Allocation of rights to patents and inventions shall be in accordance with USDA regulation 7 CFR 3019.36. This regulation provides that small businesses normally may retain the principal worldwide patent rights to any invention developed with USDA support. In accordance with 7 CFR 3019.2, this provision will also apply to commercial organizations for the purposes of CIG. USDA receives a royalty-free license for Federal Government use, reserves the
right to require the patentee to license others in certain circumstances, and requires that anyone exclusively licensed to sell the invention in the United States must normally manufacture it domestically.

(k) Violations. A person found in violation of this section is subject to the provisions contained in 7 CFR part 3015 and related Departmental regulations.

The financial or technical liability for any action by a participant that was taken based on the advice of a NRCS certified non-USDA Technical Service Provider will remain with the certified Technical Service Provider and will not be assumed by NRCS when NRCS authorizes payment.

§ 1466.34 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any person shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at 7 CFR part 1403 shall be applicable to contract payments.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at 7 CFR part 1404.

§ 1466.35 Misrepresentation and scheme or device.

(b) A producer who is determined to have knowingly:
   (1) Adopted any scheme or device that tends to defeat the purpose of the program;
   (2) Made any fraudulent representation; or
   (3) Misrepresented any fact affecting a program determination, shall refund to NRCS all payments, plus interest determined in accordance with 7 CFR part 1403, received by such producer with respect to all contracts. The producer's interest in all contracts shall be terminated.

SOURCE: 60 FR 28514, June 1, 1995, unless otherwise noted. Redesignated and amended at 61 FR 42141, 42143, Aug. 14, 1996.

§ 1467.1 Applicability.

(a) The regulations in this part set forth the policies, procedures, and requirements for the Wetlands Reserve Program (WRP) as administered by the Natural Resources Conservation Service (Department) for program implementation and processing outstanding and new applications for enrollment during calendar year 1995 and thereafter.

(b) The Chief, Department, may implement WRP in any of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, and the Trust Territories of the Pacific Islands.

§ 1467.2 Administration.

(a) The regulations in this part will be administered under the general supervision and direction of the Chief.

(b) The Chief is authorized to modify or waive a provision of this part if the Chief deems the application of that provision to a particular limited situation to be inappropriate and inconsistent with the environmental and cost-efficiency goals of the WRP. This authority cannot be further delegated. The Chief may not modify or waive any provision of this part which is required by applicable law.

(c) As determined by the Chief and the Administrator of the Farm Service Agency, the Department and the Farm Service Agency will seek agreement in establishing policies, priorities, and guidelines related to the implementation of this part.

(d) The State Conservationist will consult with the State Technical Committee on the development of the rates of compensation for an easement, a priority ranking process, and related policy matters.

(e) The Department may delegate at any time easement management, monitoring, and enforcement responsibilities to other Federal or State agencies.

(f) The Department may enter into cooperative agreements with Federal or State agencies, conservation districts, and private conservation organizations to assist the Department with educational efforts, easement management and monitoring, outreach efforts, and program implementation assistance.

(g) The Department shall consult with the U.S. Fish and Wildlife Service in the implementation of the program and in establishing program policies. The Department may consult with the Forest Service, other Federal or State agencies, conservation districts or other organizations in program administration. No determination by the U.S. Fish and Wildlife Service, the Forest
Commodity Credit Corporation, USDA

Service, Federal or State agency, conservation district, or other organization shall compel the Department to take any action with the Department determines will not serve the purposes of the program established by this part.

(h) The Chief may allocate funds for such purposes related to: special pilot programs for wetland management and monitoring; acquisition of wetland easements with emergency funding; cooperative agreements with other Federal or State agencies for program implementation; coordination of easement enrollment across State boundaries; coordination of the development of conservation plans; or, for other goals of the WRP found in this part. The Department may designate areas as conservation priority areas where environmental concerns are especially pronounced and to assist landowners in meeting nonpoint source pollution requirements and other conservation needs.

§ 1467.3 Definitions.

The following definitions shall be applicable to this part:

Agricultural commodity means any crop planted and produced by annual tilling of the soil or on an annual basis by one trip planters, or alfalfa and other multi-year grasses and legumes in rotation as approved by the Secretary. Land shall be considered planted to an agricultural commodity during a crop year if, as determined by the Department, an action of the Secretary prevented land from being planted to the commodity during the crop year.

Chief means the Chief of the Natural Resources Conservation Service or the person delegated authority to act for the Chief.

Commenced conversion wetland means a wetland or converted wetland for which the Farm Service Agency has determined that the wetland manipulation was contracted for, started, or for which financial obligation was incurred before December 23, 1985.

Conservation District is a subdivision of a State government organized pursuant to applicable State law to promote and undertake actions for the conservation of soil, water, and other natural resources.

Conservation Reserve Program (CRP) means the program administered by the Commodity Credit Corporation pursuant to 16 U.S.C. 3831-3896.

Contract means the document that specifies the obligations and rights of any person who has been accepted for participation in the program.

Converted wetland means a wetland that has been drained, dredged, filled, leveled, or otherwise manipulated (including the removal of woody vegetation, or any activity that results in impairing or reducing the flow, circulation, or reach of water) for the purpose, or that has the effect, of making the production of an agricultural commodity possible if such production would not have been possible but for such action.

Cost-share payment means the payment made by the Department to achieve the restoration of the wetland functions and values of the easement area in accordance with the WRPO.

Department means the United States Department of Agriculture (USDA) and includes the Commodity Credit Corporation or any USDA agency or instrumentality delegated program responsibility by the Secretary of Agriculture.

Easement means a reserved interest easement which is an interest in land defined and delineated in a deed whereby the landowner conveys all rights, title, and interests in a property to the grantee, but the landowner retains those rights, title, and interests in the property which are specifically reserved to the landowner in the easement deed.

Easement area means the land encumbered by an easement.

Easement payment means the consideration paid to a landowner for an easement conveyed to the United States under the WRP.

Farm Service Agency (FSA) is an agency of the United States Department of Agriculture.

Forest Service is an agency of the United States Department of Agriculture.
Landowner means a person or persons having legal ownership of farmland, including those who may be buying farmland under a purchase agreement. Landowner may include all forms of collective ownership including joint tenants, tenants in common, and life tenants and remaindermen in a farm property.

Lands substantially altered by flooding means areas where flooding has created wetland hydrologic conditions which, with a high degree of certainty, will develop wetland soil and vegetation characteristics over time.

Natural Resources Conservation Service (Department) is an agency of the United States Department of Agriculture, formerly called the Soil Conservation Service.

Permanent easement means an easement that lasts in perpetuity.

Person means an individual, partnership, association, corporation, estate or trust, or other business enterprise or other legal entity and, whenever applicable, a State, a political subdivision of a State, or any agency thereof.

Practice means a restoration measure necessary or desirable to accomplish the desired program objectives.

Riparian areas means areas of land that occur along streams, channels, rivers, and other water bodies. These areas are normally distinctly different from the surrounding lands because of unique soil and vegetation characteristics, may be identified by distinctive vegetative communities which are reflective of soil conditions normally wetter than adjacent soils, and generally provide a corridor for the movement of wildlife.

State Technical Committee means a committee established by the Secretary of the U.S. Department of Agriculture in a State pursuant to 16 U.S.C. 3861. For the purposes of the WRP, the State Conservationist will be the chairperson of the State Technical Committee.

U.S. Fish and Wildlife Service is an agency of the United States Department of the Interior.

Wetland means land that:
(1) Has a predominance of hydric soils;
(2) Is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and
(3) Does support a prevalence of such vegetation under normal circumstances. For purposes of WRP, wetland shall also refer to adjacent lands that contribute to wetland functions and values.

Wetland functions and values means the hydrological and biological characteristics of wetlands and the socioeconomic value placed upon these characteristics, including:
(1) Habitat for migratory birds and other wildlife, in particular at risk species;
(2) Protection and improvement of water quality;
(3) Attenuation of water flows due to flood;
(4) The recharge of ground water;
(5) Protection and enhancement of open space and aesthetic quality;
(6) Protection of flora and fauna which contributes to the Nation’s natural heritage; and
(7) Contribution to educational and scientific scholarship.

Wetland restoration means the rehabilitation of degraded or lost habitat in a manner such that:
(1) The original vegetation community and hydrology are, to the extent practical, re-established; or
(2) A community different from what likely existed prior to degradation of the site is established. The hydrology and native self-sustaining vegetation being established will substantially replace original habitat functions and values but does not involve more than 30 percent of the wetland restoration area.

WRP means the Wetlands Reserve Program.

WRPO means the Wetlands Reserve Plan of Operations.

Commodity Credit Corporation, USDA § 1467.4

Easements from, or enter into restoration cost-share agreements with, eligible landowners who voluntarily cooperate in the restoration and protection of wetlands and associated lands. To participate in WRP, a landowner will agree to the implementation of a Wetlands Reserve Plan of Operations (WRPO), the effect of which is to restore, protect, enhance, maintain, and manage the hydrologic conditions of inundation or saturation of the soil, native vegetation, and natural topography of eligible lands. The Department may provide cost-share assistance for the activities that promote the restoration, protection, enhancement, maintenance, and management of wetland functions and values. Specific restoration, protection, enhancement, maintenance, and management actions may be undertaken by the landowner or other Department designee.

(b) Acreage limitations. (1) Except for areas devoted to windbreaks or shelterbelts after November 28, 1990, no more than 25 percent of the total cropland in any county, as determined by the Farm Service Agency, may be enrolled in the CRP and the WRP, and no more than 10 percent of the total cropland in the county may be subject to an easement acquired under the CRP and the WRP.

(2) The Department and the Farm Service Agency shall concur before a waiver of either the 25 percent limit or the 10 percent limit of this subsection can be approved for an easement proposed for enrollment in the WRP. Such a waiver will only be approved if it will not adversely affect the local economy, and operators in the county are having difficulties complying with the conservation plans implemented under 16 U.S.C. 3812.

(c) Landowner eligibility. The Department may determine that a person is not eligible to participate in the WRP or receive any WRP payment because the person did not comply with the provisions of 7 CFR part 12. To be eligible to enroll an easement in the WRP, a person must:

(1) Be the landowner of eligible land for which enrollment is sought;

(2) Have been the landowner of such land for the 12 months prior to the time the intention to participate is declared unless it is determined by the State Conservationist that the land was acquired by will or success as a result of the death of the previous landowner, the ownership change occurred due to foreclosure on the land and the owner of the land immediately before the foreclosure exercises a right of redemption from the mortgage holder in accordance with State law, or that adequate assurances have been presented to the State Conservationist that the new landowner of such land did not acquire such land for the purpose of placing it in the WRP; and

(3) Agree to provide such information to the Department as the agency deems necessary or desirable to assist in its determination of eligibility for program benefits and for other program implementation purposes.

(d) Eligible land. (1) The Department shall determine whether land is eligible for enrollment and whether, once found eligible, the lands may be included in the program based on the likelihood of successful restoration of wetland functions and values when considering the cost of acquiring the easement and restoration, protection, enhancement, maintenance, and management costs.

(2) Land shall only be considered eligible for enrollment in the WRP if the Department determines, in consultation with the U.S. Fish and Wildlife Service, that:

(i) Such land maximizes wildlife benefits and wetland values and functions;

(ii) The likelihood of the successful restoration of such land and the resultant wetland values merit inclusion of such land in the program, taking into consideration the cost of such restoration; and

(iii) Such land meets the criteria of paragraph (d)(3) of this section.

(3) The following land may be eligible for enrollment in the WRP, which land may be identified by the Department pursuant to regulations and implementing policies pertaining to wetland conservation found at 7 CFR part 12, as:

737
(i) Wetlands farmed under natural conditions, farmed wetlands, prior converted cropland, commencing conversion wetlands, farmed wetland pastures, and lands substantially altered by flooding so as to develop wetland functions and values;

(ii) Former or degraded wetlands that occur on lands that have been used or are currently being used for the production of food and fiber, including rangeland and forest production lands, where the hydrology has been significantly degraded or modified and will be substantially restored;

(iii) Riparian areas along streams or other waterways that link or, after restoring the riparian area, will link wetlands which are protected by an easement or other device or circumstance that achieves the same objectives as an easement;

(iv) Land adjacent to the restored wetland which would contribute significantly to wetland functions and values including buffer areas, wetland creations, and non-cropped natural wetlands, but not more than the State Conservationist, in consultation with the State Technical Committee, determines is necessary for such contribution;

(v) Other wetlands that would not otherwise be eligible but would significantly add to the wetland functions and values; and

(vi) Wetlands that have been restored under a private, State, or Federal restoration program with an easement or deed restriction with a duration of less than 30 years.

(4) To be enrolled in the program, eligible land must be configured in a size and with boundaries that allow for the efficient management of the area for easement purposes and otherwise promote and enhance program objectives.

(e) Ineligible land. The following land is not eligible for enrollment in the WRP:

(1) Converted wetlands if the conversion was commenced after December 23, 1985;

(2) Land that contains timber stands established under a CRP contract or pasture land established to trees under a CRP contract.

(3) Lands owned by an agency of the United States;

(4) Land subject to an easement or deed restriction with a duration of 30 years or more prohibiting the production of agricultural commodities; and,

(5) Lands where implementation of restoration practices would be futile due to on-site or off-site conditions.

(f) Enrollment of CRP lands. Land subject to an existing CRP contract may be enrolled into the WRP only if the land and landowner meet the requirements of this part, and the enrollment is requested by the landowner and agreed to by the Department. To enroll in WRP, the CRP contract for the property shall be terminated or otherwise modified subject to such terms and conditions as are mutually agreed upon by the Farm Service Agency and the landowner.

§ 1467.5 Application procedures.

(a) Application for participation. To apply for enrollment, a landowner must submit an Application for Participation in the WRP. The application must be submitted during an announced period for such submissions.

(b) Preliminary agency actions. By filing an Application for Participation, the landowner consents to a Department representative entering upon the land for purposes of assessing the wetland functions and values, and for other activities such as the development of the preliminary WRPO that are necessary or desirable for the Department to make offers of enrollment. The landowner is entitled to accompany a Department representative on any site visits.

(c) Voluntary reduction in compensation. In order to enhance the probability of enrollment in WRP, a landowner may voluntarily offer to accept a lesser payment than is being offered by the Department.

§ 1467.6 Establishing priority for enrollment of properties in WRP.

(a) The Department shall place priority on the enrollment of those lands that will maximize wildlife values (especially related to enhancing habitat.
Commodity Credit Corporation, USDA

§ 1467.8 Compensation for easements.

(a) Establishment of rates. (1) The State Conservationist, in consultation with the State Technical Committee, shall determine easement payment rates to be applied to specific geographic areas within the State or to individual easement areas.

(2) In order to provide for better uniformity among States, the Regional Conservationist and Chief may review and adjust, as appropriate, State or other geographically based easement payment rates.

(b) Determination of easement payment rates. (1) Easement payment rates will be based upon analyses of the values of the lands when used for agricultural purposes. The landowner will receive the lesser of the following:
(i) the geographic area rate;
(ii) the value based on a market appraisal analysis/assessment; or
(iii) the landowner offer.

(2) Each State Conservationist will determine the easement payment rates using the best information which is readily available in that State for assessing the values of land for agricultural purposes. Such information may include: soil types, type(s) of crops capable of being grown, production history, location, real estate market values, appraisals and market analyses, and tax rates and assessments. The State Conservationist may consult with other Federal agencies, real estate market experts, appraisers, local tax authorities, and other entities or persons which may provide information on productivity and market conditions.

(3) Easement payments for non-permanent easements will be less than those for permanent easements because the quality and duration of the ecological benefits derived from a non-permanent easement are significantly less than those derived from a permanent easement on the same land. Additionally, the economic value of the easement interests being acquired is less for a non-permanent easement than that associated with a permanent easement. An easement payment for the short-term 30-year easement shall not be less than 50 percent nor more than 75 percent of that which would have been paid for a permanent easement.

(c) Maximum payments. In order to ensure that limited program funds are expended to maximize program benefits, the State Conservationist, in consultation with the State Technical Committee, may establish maximum easement payment for any one easement within a State or for geographic areas within a State.

(d) Preliminary estimates of easement payments. Upon request of the landowner prior to filing an application for enrollment, a landowner may be appraised of the maximum easement payment rates.

(e) Acceptance of offered easement compensation. (1) The Department will not acquire any easement unless the landowner accepts the amount of the easement payment which is offered by the Department. The easement payment may or may not equal the fair market value of the interests and rights to be conveyed by the landowner under the easement. By voluntarily participating in the program, a landowner waives any claim to additional compensation based on fair market value.

(2) Annual easement payments may be made in no less than 5 annual payments and no more than 30 annual payments of equal or unequal size.

(f) Reimbursement of a landowner’s expenses. For completed easement conveyances, the Department will reimburse landowners for their fair and reasonable expenses, if any, incurred for surveying and related costs, as determined by the Department. The State Conservationist, in consultation with the State Technical Committee, may establish maximum payments to reimburse landowners for reasonable expenses.

(g) Tax implications of easement conveyances. Subject to applicable regulations of the Internal Revenue Service, a landowner may be eligible for a bargain sale tax deduction which is the difference between the fair market value of the easement conveyed to the United States and the easement payment made to the landowner. The Department disclaims any representations concerning the tax implications of any easement or cost-share transaction.

(h) Payment limitation on non-permanent easements. With respect to non-permanent easements, the annual amount of easement payments to any person may not exceed $50,000 except for:

(1) Payments made pursuant to projects involving partnership funding or participation; or

(2) Payment received by a State, political subdivision, or agency thereof in connection with agreements entered into under a special wetland and environmental enhancement program carried out by that entity that has been approved by Department.

(i) If easement payments are calculated on a per acre basis, adjustment to stated easement payment will be made based on final determination of acreage.

§ 1467.9 Cost-share payments.

(a) The Department may share the cost with landowners of restoring the enrolled land as provided in the WRPO. The amount and terms and conditions of the cost-share assistance shall be subject to the following restrictions on the costs of establishing or installing practices specified in the WRPO:

(1) On enrolled land subject to a permanent easement, the Department shall offer to pay not less than 75 percent nor more than 100 percent of such costs; and

(2) On enrolled land subject to a non-permanent easement or restoration cost-share agreement, the Department shall offer to pay not less than 50 percent nor more than 75 percent of such costs. Restoration cost-share payments offered by Department for the short-term, 30-year easements shall be 50 to 75 percent.

(b) Cost-share payments may be made only upon a determination by the Department that an eligible practice or an identifiable unit of the practice has been established in compliance with appropriate standards and specifications. Identified practices may be implemented by the landowner or other designee.

(c) Cost-share payments may be made for the establishment and installation of additional eligible practices, or the maintenance or replacement of an eligible practice, but only if Department determines the practice is needed to meet the objectives of the easement, and the failure of the original practices was due to reasons beyond the control of the landowner.

(d) A landowner may seek additional cost-share assistance from other public or private organizations as long as the activities funded are in compliance with this part. In no event shall the landowner receive an amount which exceeds 100 percent of the total actual cost of the restoration.

§ 1467.10 Easement participation requirements.

(a) To enroll land in WRP, a landowner shall grant an easement to the United States. The easement shall require that the easement area be maintained in accordance with WRP goals and objectives for the duration of the term of the easement, including the restoration, protection, enhancement, maintenance, and management of wetland and other land functions and values.

(b) For the duration of its term, the easement shall require, at a minimum, that the landowner, and the landowner's heirs, successors and assigns, shall cooperate in the restoration, protection, enhancement, maintenance, and management of the land in accordance with the easement and with the terms of the WRPO. In addition, the easement shall grant to the United States, through the Department:

(1) A right of access to the easement area;

(2) The right to permit compatible uses of the easement area, including such activities as hunting and fishing, managed timber harvest, or periodic haying or grazing, if such use is consistent with the long-term protection and enhancement of the wetland resources for which the easement was established;

(3) All rights, title and interest in the easement area subject to compatible uses reserved to the landowner; and,

(4) The right to perform restoration, protection, enhancement, maintenance, and management activities on the easement area.

(c) The landowner shall convey title to the easement which is acceptable to the Department. The landowner shall warrant that the easement granted to the United States is superior to the rights of all others, except for exceptions to the title which are deemed acceptable by the Department.

(d) The landowner shall:

(1) Comply with the terms of the easement;

(2) Comply with all terms and conditions of any associated contract;

(3) Agree to the permanent retirement of any existing cropland base and allotment history for the easement area under any program administered by the Secretary, as determined by the Farm Service Agency;
§ 1467.11 The WRPO development.

(a) The development of the WRPO shall be made through the local Department representative, in consultation with the State Technical Committee, and with consideration of site specific technical input from the U.S. Fish and Wildlife Service and the Conservation District.

(b) The WRPO shall specify the manner in which the enrolled land shall be restored, protected, enhanced, maintained, and managed to accomplish the goals of the program. The WRPO shall be developed to ensure that cost-effective restoration and maximization of wildlife benefits and wetland functions and values will result.

§ 1467.12 Modifications.

(a) Easements. (1) After an easement has been recorded, no modification will be made in the easement except by mutual agreement with the Chief and the landowner. The Chief will consult with the U.S. Fish and Wildlife Service and the Conservation District prior to making any modifications to easements.

(2) Approved modifications will be made only in an amended easement which is duly prepared and recorded in conformity with standard real estate practices, including requirements for title approval, subordination of liens, and recordation.

(3) The Chief may approve modifications to facilitate the practical administration and management of the easement area or the program so long as the modification will not adversely affect the wetland functions and values for which the easement was acquired.

(4) Modifications must result in equal or greater environmental and economic values to the United States.

(b) WRPO. Insofar as is consistent with the easement and applicable law, the State Conservationist may approve modifications to the WRPO that do not affect provisions of the easement in consultation with the landowner and the State Technical Committee and following consideration of site specific technical input from the U.S. Fish and Wildlife Service and the Conservation District. Any WRPO modification must meet WRP program objectives, and result in equal or greater wildlife benefits, wetland functions and values, ecological and economic values to the United States. Modifications to the WRPO which are substantial and affect provisions of the easement will require agreement from the landowner and require execution of an amended easement.

§ 1467.13 Transfer of land.

(a) Offers voided. Any transfer of the property prior to the landowner acceptance into the program shall void the offer of enrollment. At the option of the State Conservationist, an offer can be extended to the new landowner if the new landowner agrees to the same or more restrictive easement and contract terms and conditions.

(b) Payments to landowners. (1) For easements with multiple annual payments, any remaining easement payments will be made to the original landowner unless the Department receives an assignment of proceeds.

(2) The new landowner or purchaser shall be held responsible for assuring completion of all measures and practices required by the contract. Eligible cost-share payments shall be made to the new landowner upon presentation
of an assignment of rights or other evidence that title had passed.

(c) Claims to payments. With respect to any and all payments owed to landowners, the United States shall bear no responsibility for any full payments or partial distributions of funds between the original landowner and the landowner’s successor. In the event of a dispute or claim on the distribution of cost-share payments, the Department may withhold payments without the accrual of interest pending an agreement or adjudication on the rights to the funds.

§ 1467.14 Violations and remedies.

(a) In the event of a violation of the easement or any contract directly involving the landowner, the landowner shall be given reasonable notice and an opportunity to voluntarily correct the violation within 30 days of the date of the notice, or such additional time as the State Conservationist may allow.

(b) Notwithstanding paragraph (a) of this section, the Department reserves the right to enter upon the easement area at any time to remedy deficiencies or easement violations. Such entry may be made at the discretion of the Department when such actions are deemed necessary to protect important wetland functions and values or others rights of the United States under the easement. The landowner shall be liable for any costs incurred by the United States as a result of the landowner’s negligence or failure to comply with easement or contractual obligations.

(c) In addition to any and all legal and equitable remedies as may be available to the United States under applicable law, the Department may withhold any easement and cost-share payments owing to landowners at any time there is a material breach of the easement covenants or any contract. Such withheld funds may be used to offset costs incurred by the United States in any remedial actions or retained as damages pursuant to court order or settlement agreement.

(d) The United States shall be entitled to recover any and all administrative and legal costs, including attorney’s fees or expenses, associated with any enforcement or remedial action.

§ 1467.15 Payments not subject to claims.

Any cost-share or easement payment or portion thereof due any person under this part shall be allowed without regard to any claim or lien in favor of any creditor, except agencies of the United States Government.

§ 1467.16 Assignments.

Any person entitled to any cash payment under this program may assign the right to receive such cash payments, in whole or in part.

§ 1467.17 Appeals.

(a) A person participating in the WRP may obtain a review of any administrative determination concerning eligibility for participation utilizing the administrative appeal regulations provided in 7 CFR part 614.

(b) Before a person may seek judicial review of any action taken under this part, the person must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for purposes of judicial review, no decision shall be a final agency action except a decision of the Chief of Department under these procedures.

(c) Any appraisals, market analysis, or supporting documentation that may be used by the Department in determining property value are considered confidential information, and shall only be disclosed as determined at the sole discretion of the Department in accordance with applicable law.

§ 1467.18 Scheme and device.

(a) If it is determined by the Department that a landowner has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid such landowner during the applicable period may be withheld or be required to be
refunded with interest thereon, as determined appropriate by the Department.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of payments for cost-share practices or easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

(c) A landowner who succeeds to the responsibilities under this part shall report in writing to the Department any interest of any kind in enrolled land that is held by a predecessor or any lender. A failure of full disclosure will be considered a scheme or device under this section.

PART 1468—CONSERVATION FARM OPTION

Subpart A—General Provisions

§ 1468.1 Purpose.

(a) Through the Conservation Farm Option (CFO), the Commodity Credit Corporation (CCC) provides financial assistance to eligible farmers and ranchers to address soil, water, and related natural resource concerns, water quality protection or improvement; wetland restoration and protection; wildlife habitat development and protection; and other similar conservation purposes on their lands in an environmentally beneficial and cost-effective manner. The Natural Resources Conservation Service (NRCS) may provide technical assistance, upon request by the producer or landowner.

(b) The CCC provides a single contract and annual payments for implementation of innovative and environmentally-sound methods for addressing natural resource concerns for producers of wheat, feed grains, cotton, and rice, resulting in consolidation of payments that would have been available under the Conservation Reserve Program (CRP), the Wetlands Reserve Program cost-share agreements (WRP), and the Environmental Quality Incentives Program (EQIP). CFO participation is determined through two step process: first, the Chief, with FSA concurrence, selects CFO pilot project areas based on proposals submitted by the public; then CCC accepts applications from eligible producers or owners within the selected pilot project area.

§ 1468.2 Administration.

(a) CFO is carried out using Commodity Credit Corporation funds and will be administered on behalf of CCC by the Natural Resources Conservation Service (NRCS) and the Farm Service Agency (FSA) as set forth below.

(b) NRCS will:

(1) Provide overall program management and implementation for CFO;

(2) Establish policies, procedures, priorities, and guidance for program implementation, including determination of pilot project areas;
§ 1468.3 Definitions.

The following definitions apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Applicant means a producer or owner in an approved pilot project area who has requested in writing to participate in CFO.

Conservation farm plan means a record of a participant’s decisions, and supporting information for treatment of a unit of land or water as a result of the planning process, that meets the local NRCS Field Office Technical Guide (FOTG) criteria for each natural resource and takes into account economic and social considerations. The plan describes the schedule of operations and activities needed to solve identified natural resource problems, and take advantage of opportunities, at a conservation management system level. In the conservation farm plan, the needs of the client, the resources, and Federal, state, Tribal, and local requirements will be met.

Conservation practice means a specified treatment, such as structural, vegetative, or a land management practice, which is planned and applied according to NRCS standards and specifications.

Field office technical guide means the official NRCS guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. The guide contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared. A copy of the guide for that area is available at the appropriate NRCS field office.

Indian tribe means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims
Settlement Act (43 U.S.C. 1601 et seq.) which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.

Innovative technology means the use of new management techniques, specific treatments, or procedures such as structural or vegetative measures used in field trials or as interim conservation practice standards that have the purpose of solving or reducing the severity of natural resource use problems or that take advantage of resource opportunities. Innovative technologies used by program participants must be able to achieve the required level of resource protection.

Land management practice means conservation practices that primarily require site-specific management techniques and methods to conserve, protect from degradation, or improve soil, water, or related natural resources in the most cost-effective manner. Land management practices include, but are not limited to nutrient management, manure management, integrated pest management, integrated crop management, irrigation water management, tillage or residue management, stripcropping, contour farming, grazing management, wildlife management, resource conserving crop rotations, cover crop management, and organic matter and carbon sink management.

Liquidated damages means a sum of money stipulated in the contract which the participant agrees to pay, in addition to refunds and other charges, if the participant breaches the contract, and represents an estimate of the anticipated or actual harm caused by the breach, and reflects the difficulties of proof of loss and the inconvenience or nonfeasibility of otherwise obtaining an adequate remedy.

Local work group means representatives of FSA, the Cooperative State Research, Education, and Extension Service (CSREES), the conservation district, and other Federal, State, and local government agencies, including Tribes and Resource Conservation and Development councils, with expertise in natural resources who consult with NRCS on decisions related to CFO implementation.

Operation includes the administration, management, and performance of non-maintenance actions needed to keep the completed practice safe and functioning as intended. Maintenance includes work to prevent deterioration of the practice, repairing damage, or replacement of the practice to its original condition if one or more components fail.

Participant means an applicant who is a party to a CFO contract.

Secretary means the Secretary of the United States Department of Agriculture.

State conservationist means the NRCS employee authorized to direct and supervise NRCS activities in a State, the Caribbean Area, or the Pacific Basin Area.

Technical assistance means the personnel and support resources needed to conduct conservation planning; conservation practice survey, layout, design, installation, and certification; training, certification, and quality assurance for professional conservationists; and evaluation and assessment of the program.

Unit of concern means a parcel of agricultural land that has natural resource conditions that are of concern to the participant.

§ 1468.4 Establishing Conservation Farm Option (CFO) pilot project areas.

(a) CCC may periodically solicit proposals from the public to establish pilot project areas in the Federal Register.

(b) Pilot projects may involve one or more participants. Each owner or producer within an approved pilot project area must submit an application in order to be considered for enrollment in the CFO. This pilot project area may be a watershed, a subwatershed, an area, or an individual farm that can be

globally described and has specific environmental sensitivities or significant soil, water, and related natural resource concerns. The pilot project area must have acreage enrolled in a production flexibility contract, which is authorized by the Agricultural Marketing and Transition Act of 1996. After these pilot project area proposals are received, the Chief, with FSA concurrence, will select proposals for funding.

(c) CCC will select pilot project areas based on the extent the individual proposal:

(1) Demonstrates innovative approaches to conservation program delivery and administration;

(2) Proposes innovative conservation technologies and system;

(3) Provides assurances that the greatest amount of environmental benefits will be delivered in a cost effective manner;

(4) Ensures effective monitoring and evaluation of the pilot effort;

(5) Considers multiple stakeholder participation (partnerships) within the pilot area;

(6) Provides additional non-Federal funding; and

(7) Addresses the following:

(i) Conservation of soil, water, and related natural resources,

(ii) Water quality protection or improvement,

(iii) Wetland restoration and protection, and

(iv) Wildlife habitat development and protection,

(v) Or other similar conservation purposes.

§ 1468.6 Practice eligibility provisions.

(a) Practices may be eligible for payment under CFO if the conservation practice specified in the conservation farm plan is determined to be an eligible practice, as determined by the Chief, in accordance with:

(1) 7 CFR part 1410 for land retirement rental payments and practices that are eligible under CRP;

(2) 7 CFR part 1467 for wetland restoration or protection practices that are eligible under WRP; or

(3) 7 CFR part 1466 for conservation practices that are eligible under EQIP.

(b) For practices that are installed on retired land, the CRP cost-share rate for practices must be utilized.

§ 1468.7 Participant eligibility provisions.

Participants in the CFO must at the time of enrollment:

(a) Have a production flexibility contract in accordance with part 1412 of this chapter on the farm enrolling in CFO.

(b) Agree to forgo earning future payments under the Conservation Reserve Program authorized by part 1410 of this chapter, the Wetlands Reserve Program cost-share payments authorized by part 1467 of this chapter, and Environmental Quality Incentives Program authorized by part 1466 of this chapter,
§ 1468.8 Land eligibility provisions.

Land may be eligible for enrollment in the CFo if CCC determines that the farm or ranch is enrolled in a production flexibility contract, authorized by the Agricultural Marketing Transition Act of 1996 and if the land upon which the CFo conservation practice, will be applied is determined to be eligible land as determined by the Chief, in accordance with:

(a) 7 CFR part 1410, if the practice was determined an eligible land retirement rental payment and cost-share practice similar to CRP in accordance with §1468.6(a);

(b) 7 CFR part 1467, if the practice was determined an eligible wetland restoration or protection practice similar to WRP in accordance with §1468.6(b);

(c) 7 CFR part 1466, if the practice was determined an eligible conservation practice similar to EQIP in accordance with §1468.6(c).

§ 1468.9 Conservation farm plan.

(a) The conservation farm plan forms the basis of the CFo contract. Prior to contract approval, a conservation farm plan must be written and approved. In deciding whether to approve a conservation farm plan, CCC may consider whether:

(1) The participant will use conservation practices to solve the natural resource concerns that will maximize environmental benefits per dollar expended, and

(2) The conservation practice would have been eligible for enrollment in the CRP, EQIP, or under the WRP cost-share agreements.

(b) The conservation farm plan for the farm or ranch unit of concern shall:

(1) Describe any resource conserving crop rotation, and all other conservation practices, to be implemented and maintained on the acreage that is subject to contract during the contract period;

(2) Address the resource concerns identified in the CFo pilot project area proposal;

(3) Contain a schedule for the implementation and maintenance of the practices described in the conservation farm plan;

(4) Ensure that net environmental benefits under a CRP contract are maintained or exceeded for the whole period.
Commodity Credit Corporation, USDA

§ 1468.20 Application for CFO program participation.

(a) Any eligible owner or producer within an approved pilot project area may submit an application for participation in the CFO to a service center or other USDA county or field office(s) of FSA or NRCS, where the pilot project area is located.

(b) CCC will accept applications throughout the fiscal year. CCC will rank and select the offers of applicants periodically, as determined appropriate by the State Conservationist. The application period will begin after a pilot project area has been approved.

(c) The designated conservationist, in consultation with the local work group, will develop ranking criteria to prioritize applications within a pilot project area which consists of more than one owner or producer. NRCS will prioritize applications from the same pilot project area using the criteria specific to the area. The FSA county committee, with the assistance of the designated conservationist and designated FSA official, will approve for funding the application in a pilot project area based on eligibility factors of the applicant and the NRCS ranking.

(d) The designated conservationist will work with the applicant to collect the information necessary to evaluate the application using the ranking criteria. An applicant has the option of offering and accepting less than the maximum program payments allowed, offering to apply more conservation...
practices to the land in order to increase the likelihood of being enrolled. In evaluating the applications, the designated conservationist will take into consideration the following factors:

(1) Soil erosion;
(2) Water quality;
(3) Wildlife benefits;
(4) Soil productivity;
(5) Conservation compliance considerations;
(6) Likelihood to remain in conserving uses beyond the contract period, including tree planting and permanent wildlife habitat;
(7) State water quality priority areas;
(8) The environmental benefits per dollar expended; and
(9) The degree to which application is consistent with the pilot project proposal.

(e) If two or more applications have an equal rank, the application that will result in the least cost to the program will be given greater consideration.

§ 1468.21 Contract requirements.

(a) In order for an applicant to receive annual payments, the applicant must enter into a contract agreeing to implement a conservation farm plan. The FSA county committee, with NRCS concurrence, will use the NRCS ranking consistent with the provisions of §1468.20 and grant final approval of the contract.

(b) A CFO contract will:

(1) Incorporate by reference all portions of a conservation farm plan applicable to CFO;

(2) Be for a duration of 10 years, and may be renewed, subject to the availability of funds, for a period not to exceed 5 years upon mutual agreement of CCC and the participant;

(3) Provide that the participant will:

(i) Not conduct any practices on the farm or ranch unit of concern consistent with the goals of the contract that would tend to defeat the purposes of the contract, or reduce net environmental and societal benefits;

(ii) Refund with interest any program payments received and forfeit any future payments under the program, on the violation of a term or condition of the contract, in accordance with the provisions of §1468.25 of this part;

(iii) Refund all program payments received on the transfer of the right and interest of the producer in land subject to the contract, unless the transferee of the right and interest agrees to assume all obligations of the contract, in accordance with the provisions of §1468.24 of this part;

(iv) Agree to forego participation in CRP, EQIP, and the cost-share agreements under WRP, along with future payments associated with these programs, with regard to the land under the CFO contract;

(v) Supply information as required by CCC to determine compliance with the contract and requirements of the program;

(4) Specify the participant’s requirements for operation and maintenance of the applied conservation practices in accordance with the provisions of §1468.22 of this part, and

(5) Include any other provision determined necessary or appropriate by CCC.

(c) There is a limit of one CFO contract at any one time for each farm, as constituted by FSA.

(d) The contract will incorporate the operation and maintenance of conservation practices applied under the contract, including those practices transferred from terminated CRP and EQIP contracts and WRP cost-share agreements. For persons wishing to transfer from CRP, EQIP, or WRP to CFO, practices included in CRP or EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate, unless otherwise stated in the conservation farm plan.

(e) Acreage that is subject to a WRP easement will not be included in the CFO contract.

(f) Upon completion, the participant must certify that a conservation practice is completed in accordance with the conservation farm plan to establish compliance with the contract.

§ 1468.22 Conservation practice operation and maintenance.

(a) The participant will operate and maintain the conservation practice for its intended purpose for the life span of the conservation practice, as identified
in the conservation farm plan. Conservation practices installed before the execution of a CFO contract, but needed in the contract to obtain the environmental benefits agreed upon, are to be operated and maintained as specified in the contract. NRCS may periodically inspect the conservation practice during the lifespan of the practice as specified in the contract to ensure that the operation and maintenance is occurring. 

(b) For those persons who are signatories to existing CRP or EQIP contracts, or WRP cost-share agreements, practices will be transferred from EQIP and CRP contracts or WRP cost-share agreements, as agreed upon in the CFO conservation farm plan and CFO contract. Remaining rights and obligations under CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP or EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate. Participants in CFO with CRP, EQIP, or WRP practices incorporated into CFO contracts are responsible for operating and maintaining these practices for the balance of the period specified in the original program contract, unless otherwise stated in the conservation farm plan and CFO contract.

§ 1468.23 Annual payments.

(a) CCC will determine annual payments, subject to the availability of funds, based on the value of the expected payments that would have been paid to the participant for that practice as specified in:

(1) Part 1410 of this chapter, if the practice is a land retirement rental payment or cost-share practice which would have qualified for payment under CRP in accordance with §1468.6(a);

(2) Part 1467 of this chapter, if the practice is a wetland restoration or protection practice which would have qualified for payment under WRP which was determined eligible in accordance with §1468.6(b);

(3) Part 1466 of this chapter, if the practice was a conservation practice which would have qualified for payment under EQIP which was determined eligible in accordance with §1468.6(c);

(b) The maximum amount of annual payments which a person may receive under the CFO for any fiscal year shall not exceed the total of the amounts calculated in accordance with paragraph (a) of this section after being limited as follows:

(1) The payment calculated in accordance with paragraph (a)(1) of this section is limited in accordance with CRP payment limitation provisions set forth in part 1410 of this chapter.

(2) The payment calculated in accordance with §1467.9(a)(2) of this chapter is not limited.

(3) The payment calculated in accordance with §1466.23(a)(3) of this chapter is limited in accordance with EQIP payment limitation provisions in §1466.23(b) of this chapter.

(c) The regulations set forth at part 1400 of this chapter will be applicable in making payment eligibility determinations for CFO and in making person determination as they apply to the limitation of payments determined in accordance with paragraph (b) of this section.

(d) The CCC cost-share payments to a participant shall be reduced so that total financial contributions for a structural or vegetative practice from all public and private entity sources do not exceed the cost of the practice.

(e) A landowner or producer that enrolls in CFO and terminates a CRP or EQIP contract or WRP cost-share agreement will be eligible to receive payments for practices which have been determined, established, or completed by the technical agency under those contracts or agreements. Once the CFO contract is effective, all payments for practices, including any practice transferred from the terminated contract agreement will be made under the CFO contract, except for payments already earned under prior contracts or cost-share agreements.

(f) Payments will not be made to a participant who has applied or initiated the application of a conservation practice for the purposes of CFO prior to approval of the CFO contract.
§ 1468.24 Contract modifications and transfers of land.

(a) The participant and CCC may modify a contract if the participant and CCC agree to the contract modification and the conservation farm plan is revised in accordance with CCC requirements and is approved by the conservation district.

(b) The participant may agree to transfer a contract to another eligible owner or operator with the agreement of CCC. The transferee shall assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract. By agreeing to participate in CFO, CCC may require operation and maintenance of those conservation practices installed under CRP, EQIP, or WRP.

(c) CCC may require a participant to refund all or a portion of any assistance earned under a CRP or EQIP contract, or WRP cost-share agreement that was terminated as a condition of participation in CFO, if the participant sells or loses control of the land under a CFO contract and the new owner or controller does not assume responsibility under the contract.

§ 1468.25 Contract violations and termination.

(a)(1) If it is determined that a participant is in violation of the provisions of this part, or the terms of the contract including portions of the contract that incorporate transferred obligations from CRP or EQIP contracts, or WRP cost-share agreements, CCC will give the participant written notice of a reasonable time to correct the violation and comply with the terms of the contract and attachments thereto, as determined by the FSA county committee, in consultation with NRCS. If a participant continues in violation after the time to comply has elapsed, the FSA county committee may, in consultation with NRCS, terminate the CFO contract.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, a contract termination shall be effective immediately upon a determination by the FSA county committee, in consultation with NRCS, that the participant has submitted false information, filed a false claim, or engaged in any act for which a finding of ineligibility for payments is permitted under the provisions of § 1468.35 of this part, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(b)(1) If CCC terminates a contract, the participant shall forfeit all rights for future payments under the contract and shall refund all or part of the payments received, plus interest, determined in accordance with part 1403 of this chapter. CCC has the option of requiring only partial refund of the payments received if a previously installed conservation practice can function independently, is not affected by the violation or other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(2) If CCC terminates a contract for any reason stated above, before any contractual payments have been made, the participant shall forfeit all rights for further payments under the contract and shall pay such liquidated damages as are prescribed in the contract.

(3) When making all contract termination decisions, CCC may reduce the amount of money owed by the participant by a proportion which reflects the good-faith effort of the participant to comply with the contract, or the hardships beyond the participant’s control.
that have prevented compliance with the contract.

(4) The participant may voluntarily terminate a contract without penalty, if CCC determines that such termination would be in the public interest.

Subpart C—General Administration

§ 1468.30 Appeals.

(a) An applicant or participant may obtain administrative review of an adverse decision made with respect to this part and the CFOP contract in accordance with parts 11 and 614 of this title, except as provided in paragraph (b) of this section.

(b) The following decisions are not appealable:

(1) CCC funding allocations;
(2) Eligible conservation practices;
(3) Payment rates, and cost-share percentages;
(4) Science-based formulas and factor values;
(5) Soils mapping and information; and
(6) Other matters of general applicability.

§ 1468.31 Compliance with regulatory measures.

Participants who carry out conservation practices shall be responsible for obtaining the authorities, rights, easements, permits, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants shall be responsible for compliance with all laws and for all effects or actions resulting from the participant’s performance under the contract.

§ 1468.32 Access to operating unit.

Any authorized CCC representative shall have the right to enter an operating unit or tract for the purpose of ascertaining the accuracy of any representations made in a contract or in anticipation of entering a contract, or as to the performance of the terms and conditions of the contract. Access shall include the right to provide technical assistance and inspect any work undertaken under the contract. The CCC representative shall make a reasonable effort to contact the participant prior to the exercise of this right to access.

§ 1468.33 Performance based upon advice or action of representatives of CCC.

If a participant relied upon the advice or action of any authorized representative of CCC, and did not know or have reason to know that the action or advice was improper or erroneous, the FSA county committee, in consultation with NRCS, may accept the advice or action as meeting the requirements of the program and may grant relief, to the extent it is deemed desirable, to provide a fair and equitable treatment because of the good-faith reliance on the part of the participant.

§ 1468.34 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, any payment or portion thereof to any participant shall be made without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the United States. The regulations governing offsets and withholdings found at part 1403 of this chapter shall apply to contract payments.

(b) Any participant entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at part 1404 of this chapter.

§ 1468.35 Misrepresentation and scheme or device.

(a) A participant who is determined to have erroneously represented any fact affecting a program determination made in accordance with this part shall not be entitled to contract payments and must refund to CCC all payments, plus interest determined in accordance with part 1403 of this chapter.

(b) An applicant or participant who is determined to have knowingly adopted any scheme or device that tends to defeat the purpose of the program; made any fraudulent representation; or misrepresented any fact affecting a program determination, shall refund to

(c) The Commodity Credit Corporation (CCC), by and through the NRCS, provides financial assistance and technical assistance to participants for the conservation, protection, and improvement of soil, water, and other related resources, and for any similar conservation purpose as determined by the Secretary.

§ 1469.2 Administration.
(a) The regulations in this part will be administered under the general supervision and direction of the Chief, Natural Resources Conservation Service (NRCS), who is a Vice President of the CCC.
(b) The Chief may modify or waive a provision of this part if the Chief determines that the application of such provision to a particular limited situation is inappropriate and inconsistent with the goals of the program.
(c) The Chief determines fund availability to provide financial and technical assistance to participants according to the purpose and projected cost of contracts in a fiscal year. The Chief allocates the funds available to carry out CSP to the NRCS State Conservationist. Contract obligations will not exceed the funding available to the Agency.
(d) The State Conservationist may obtain advice from the State Technical Committee and local workgroups on the development of State program technical policies, payment related matters, outreach efforts, and other program issues.
(e) NRCS may enter into agreements with Federal agencies, State and local agencies, conservation districts, Indian Tribes, private entities, and individuals to assist NRCS with educational efforts, outreach efforts, and program implementation assistance.
(f) For lands under the jurisdiction of an Indian Tribe or Tribal Nation, certain items identified in paragraph (d) of this section may be determined by
Commodity Credit Corporation, USDA § 1469.3

the Indian Tribe or Tribal Nation and the NRCS Chief.

§ 1469.3 Definitions.

The following definitions apply to this part and all documents issued in accordance with this part, unless specified otherwise:

Areas used for strip-cropping or alley-cropping and silvopasture practices will be included as agricultural land. This includes land of varying cover types, primarily managed through a low input system, for the production of food, fiber or other agricultural products.

Agricultural operation means all agricultural land and other lands determined by the Chief, whether contiguous or noncontiguous, under the control of the applicant and constituting a cohesive management unit, that is operated with equipment, labor, accounting system, and management that is substantially separate from any other. Also included is land bearing evidence of natural regeneration of tree cover (cut over forest or abandoned farmland) that is not currently developed for non-forest use. Ten percent stocked, when viewed from a vertical direction,
equates to an aerial canopy cover of leaves and branches of 25 percent or greater. The minimum area for classification as forest land is 1 acre, and the area must be at least 100 feet wide. Exceptions may be made by the Chief for land primarily managed through a low-input system for food, fiber or other agricultural products.

This term would include areas where introduced hardy and persistent grasses are planted and such practices as deferred grazing, burning, chaining, and rotational grazing are used, with little or no chemicals or fertilizer being applied. Grasslands, savannas, prairie, many wetlands, some deserts, tundra, coastal marshes and wet meadows are considered to be rangeland. (1) Be in compliance with the highly erodible land and wetland conservation provisions found in 7 CFR Part 12;

(2) Have control of the land for the life of the proposed contract period.

(i) The Chief may make an exception for land allotted by the Bureau of Indian Affairs (BIA), Tribal land, or other instances in which the Chief determines that there is sufficient assurance of control; and

(ii) If the applicant is a tenant, the applicant must provide NRCS with the written evidence or assurance of control from the landowner;

(3) Share in risk of producing any crop or livestock and be entitled to share in the crop or livestock available for marketing from the agricultural operation (landlords and owners are ineligible to submit an application for exclusively cash rented agricultural operations);

(4) Delineation of the agricultural operation.

(i) The applicant will delineate the agricultural operation to include all agricultural lands, other incidental parcels identified in paragraph (d)(1)(iv) of this section, and other lands, identified in paragraph (d)(1)(v) of this section under the control of the applicant and constituting a cohesive management unit, and is operated with equipment, labor, accounting system, and management that is substantially separate from any other land.

(ii) In delineating the agricultural operation, USDA farm boundaries may be used. If farm boundaries are used in the application, the entire farm area must be included within the delineation. An applicant may offer one farm or aggregate farms into one agricultural operation and any other additional eligible land not within a farm boundary.

(e) Conservation standards—(1) Minimum tier eligibility requirements:

(i) An applicant is eligible to participate in CSP Tier I only if the benchmark condition inventory demonstrates to the satisfaction of NRCS that the applicant has addressed the nationally significant resource concerns of Water Quality and Soil Quality to the minimum level of treatment as specified in paragraphs (e)(2) and (3) of this section on part of the eligible land uses within the agricultural operation. Only the acreage meeting such requirements is eligible for stewardship and existing practice payments in CSP.

(ii) An applicant is eligible to participate in CSP Tier II only if the benchmark condition inventory demonstrates to the satisfaction of NRCS that the applicant has addressed the nationally significant resource concerns of water quality and soil quality to the minimum level of treatment as specified in paragraphs (e)(2) and (3) of this section for all eligible land uses on the entire agricultural operation. Under Tier II, the entire agricultural operation must be enrolled in CSP.

(iii) An applicant is eligible to participate in CSP Tier III only if the benchmark condition inventory demonstrates to the satisfaction of NRCS that the applicant has addressed all of the applicable resource concerns to the minimum level of treatment as specified in paragraph (e)(4) of this section for all eligible land uses on the entire agricultural operation. Practices or activities shall not be required for participation in the program unless they would have an ultimate conservation benefit as demonstrated by the Conservation Practice Physical Effects matrix in the FOTG. Under Tier III, the entire agricultural operation is enrolled in CSP including other land as defined in §1469.5(d)(3)(v).

(2) The minimum level of treatment on cropland for Tier I and Tier II:

(i) The minimum level of treatment for soil quality on cropland is considered achieved when the Soil Conditioning Index value is positive.

(ii) The minimum level of treatment for water quality on cropland is considered achieved if the benchmark inventory indicates that the current level of
treatment addresses the risks that nutrients, pesticides, sediment, and salinity present to water quality by meeting or exceeding the quality criteria for the specific resource concerns of nutrients, pesticides, sediment and salinity for surface water and nutrients, pesticides and salinity for ground water.

(iii) The Chief may make minor exceptions to criteria for areas, such as tropical and tundra regions, where technology tools are being refined or testing is needed to review performance data.

(3) The minimum level of treatment on pastureland and rangelands for Tier I and Tier II is vegetation and animal management accomplished by following a grazing management plan that provides for:

   (i) A forage-animal balance;
   (ii) Proper livestock distribution;
   (iii) Timing of use; and
   (iv) Managing livestock access to water courses.

(4) The minimum level of treatment for Tier III:

   (i) The minimum level of treatment for Tier III is having a fully implemented resource management system that meets the quality criteria for the local NRCS FOTG for all applicable resource concerns and considerations with the following exceptions:

   (A) The minimum requirement for soil quality on cropland is considered achieved when the Soil Conditioning Index value is positive;
   (B) The minimum requirement for water quantity—irrigation water management on cropland or pastureland is considered achieved when the current level of treatment and management for the system results in a water use index value of at least 50; and
   (C) The minimum requirement for wildlife is considered achieved when the current level of treatment and management for the system results in an index value of at least 0.5 using a general or species specific habitat assessment guide; and

   (ii) All riparian corridors, including streams and natural drainages, within the agricultural operation are buffered to restore, protect, or enhance riparian resources. Riparian corridors, as appropriate, will be managed or designed to intercept sediment, nutrients, pesticides, and other materials in surface runoff; reduce nutrients and other pollutants in shallow subsurface water flow; lower water temperature; and provide litter fall or structural components for habitat complexity or to slow out-of-bank floods.

(5) In the instance of a significant natural event, such as drought, wildfire, pestilence, or flooding which would prevent the participant or applicant from achieving the minimum requirements, those requirements will be considered met so long as the participant or applicant can provide documentation of their stewardship prior to such an event.

§ 1469.6 Enrollment criteria and selection process.

(a) Selection and funding of priority watersheds. (1) NRCS will prioritize watersheds based on a nationally consistent process using existing natural resource, environmental quality, and agricultural activity data along with other information that may be necessary to efficiently operate the program. The watershed prioritization and identification process will consider several factors, including but not limited to:

   (i) Potential of surface and ground water quality to degradation;
   (ii) Potential of soil to degradation;
   (iii) Potential of grazing land to degradation;
   (iv) State or national conservation and environmental issues e.g. location of air non-attainment zones or important wildlife/fisheries habitat; and
   (v) Local availability of management tools needed to more efficiently operate the program, such as digital soils information.

(2) Priority watersheds selected, in which producers would be potentially eligible for enrollment, will be announced in the sign-up notice.

(b) Enrollment categories. The Chief may limit new program enrollments in any fiscal year to enrollment categories designed to focus on priority conservation concerns and enhancement measures. NRCS will utilize enrollment categories to determine which contracts will be funded in a given sign-up.

762
Commodity Credit Corporation, USDA § 1469.7

(1) Enrollment categories may be defined by criteria related to resource concerns and levels of historic conservation treatment, including the producer’s willingness to achieve additional environmental performance or conduct enhancement activities.

(2) All applications which meet the sign-up criteria within the priority watersheds will be placed in an enrollment category regardless of available funding.

(3) NRCS will develop subcategories within each enrollment category and include them in the sign-up notice. The development of subcategories may consider several factors, including:

(i) Willingness of the applicant to participate in local conservation enhancement activities;

(ii) Targeting program participation for Limited Resource Producers;

(iii) Targeting program participation to water quality priority areas for nutrient or pest management;

(iv) Targeting program participation for locally important wildlife/fisheries habitat creation and protection; and

(v) Other priorities as determined by the Secretary.

(4) At the beginning of each sign-up, the Chief will announce the order in which categories and subcategories are eligible to be funded.

(5) All eligible applications will be placed in the highest priority enrollment category and subcategory for which the application qualifies.

(6) Enrollment categories and subcategories will be funded in priority order until the available funding specified in the CSP sign-up notice are exhausted. NRCS will determine the number of categories that can be funded in accordance with the sign-up notice, and will inform the applicant of its determinations.

(2) NRCS will develop a conservation stewardship contract for the selected applications. If the contract falls within the enrollment categories and subcategories funded in the given sign-up, NRCS will make payments as described in the contract in return for the implementation and/or maintenance of a specified level of conservation treatment on all or part of the agricultural operation.

Among other provisions, the participant agrees to maintain at least the level of stewardship identified in the benchmark inventory for the portion of land being enrolled for the entire contract period, as appropriate, and implement and maintain any new practices or activities required in the contract.

(b) Program participants will only receive payments from one conservation stewardship contract.

(c) NRCS retains approval authority over the certification of technical assistance done by non-NRCS personnel.

(d) NRCS retains approval authority of the conservation stewardship contracts and contract payments.

(e) Conservation stewardship plans will be developed by NRCS certified conservation planners.

Subpart B—Contracts and Payments

§ 1469.20 Application for contracts.

(a) Applications must include:
(1) A completed self-assessment workbook;
(2) Benchmark condition inventory and conservation stewardship plan in accordance with §1469.7 for the eligible land uses on the entire operation or, if Tier I, for the portion being enrolled;
(3) Any other requirements specified in the sign-up notice;
(4) For Tier I, clear indication of which acres the applicant wishes to enroll in the CSP; and,

(b) Producers who are members of a joint operation, trust, estate, association, partnership or similar organization must file a single application for the joint operation or organization.

(c) Producers can submit only one application per sign-up.

(d) Participants can only have one active contract at any one time.

§ 1469.21 Contract requirements.

(a) To receive payments, each participant must enter into a conservation stewardship contract and comply with its provisions. Among other provisions, the participant agrees to maintain at least the level of stewardship identified in the benchmark inventory for the portion of land being enrolled for the entire contract period, as appropriate, and implement and maintain any new practices or activities required in the contract.

(b) Program participants will only receive payments from one conservation stewardship contract.
(c) CSP participants must address the following requirements or additional resource concerns to the minimum level of treatment by the end of their conservation stewardship contract:

(1) Tier I contract requirement: additional practices and activities as included by the applicant in the conservation stewardship plan and approved by NRCS, over the part of the agricultural operation enrolled in CSP.

(2) Tier II contract requirements:

(i) Address an additional locally significant resource concern, as described in section III of the NRCS FOTG over the entire agricultural operation. Applicants may satisfy this requirement by demonstrating that the locally significant resource concern is not applicable to their operation or that they have already addressed it in accordance with NRCS’ quality criteria; and

(ii) Additional practices and activities as included by the applicant in the conservation stewardship plan and approved by NRCS, over the entire agricultural operation, where applicable.

(3) Tier III contract requirement: additional practices and activities as included by the applicant in the conservation stewardship plan and approved by NRCS, over the entire agricultural operation, where applicable.

(d) Transition to a higher tier of participation. (1) Upon agreement by NRCS and the participant, a conservation stewardship contract may include provisions that lead to a higher tier of participation during the contract period. Such a transition does not require a contract modification if that transition is laid out in the schedule of contract activities. In the event that such a transition begins with Tier I, only the land area in the agricultural operation that meets the requirements for enrollment in Tier I can be enrolled in the contract until the transition occurs. Upon transition from Tier I to a higher tier of participation, the entire agricultural operation must be incorporated into the contract. All requirements applicable to the higher tier of participation would then apply. NRCS will calculate all stewardship, existing practice, new practice payments, and enhancement payments using the applicable enrolled acreage at the time of the payment.

(2) A contract which transitions to higher tier(s) of participation must include:

(i) A schedule for the activities associated with the transition(s);

(ii) A date certain by which time the transition(s) must occur; and,

(iii) A specification that the CSP payment will be based on the current Tier of participation, which may change over the life of the contract.

(3) A contract which transitions to a higher tier will be modified to receive the higher payments once the required level of treatment has been achieved and field verified by NRCS.

(4) A contract which includes a transition from Tier I to Tier II or III may be adjusted in length up to 10 years beginning from the original contract date.

(e) A conservation stewardship contract must:

(1) Incorporate by reference the conservation stewardship plan;

(2) Be for 5 years for Tier I, and 5 to 10 years for Tier II or Tier III;

(3) Incorporate all provisions as required by law or statute, including participant requirements to—

(i) Implement and maintain the practices as identified and scheduled in the conservation stewardship plan, including those needed to be eligible for the specified tier of participation and comply with any additional sign-up requirements,

(ii) Not conduct any practices on the farm or ranch that tend to defeat the purposes of the contract,

(iii) Comply with the terms of the contract, or documents incorporated by reference into the contract. NRCS will give the participant a reasonable time, as determined by the State Conservationist, to correct any violation and comply with the terms of the contract and attachments thereto. If a violation continues, the State Conservationist may terminate the conservation stewardship contract, and

(iv) Supply records and information as required by CCC to determine compliance with the contract and requirements of CSP;
Commodity Credit Corporation, USDA

§ 1469.23

(4) Specify the requirements for operation and maintenance of the applied conservation practices;

(5) Specify the schedule of payments under the life of the contract, including how those payments—

(i) Relate to the schedule for implementing additional conservation measures as described in the conservation stewardship plan,

(ii) Relate to the actual implementation of additional conservation measures as described in the conservation stewardship plan, and

(iii) May be adjusted by NRCS if the participant’s management decisions change the appropriate set or schedule of conservation measures on the operation; and,

(6) Incorporate any other provisions determined necessary or appropriate by NRCS, or included as a requirement for the sign-up.

(f) Practices scheduled in contracts must be applied and maintained within the timelines specified in the contract.

(g) Contracts expire on September 30 in the last year of the contract.

(h) Participants must:

(1) Implement the conservation stewardship contract approved by NRCS;

(2) Make available to NRCS, appropriate records showing the timely implementation of the contract;

(3) Comply with the regulations of this part; and

(4) Not engage in any activity that interferes with the purposes of the program, as determined by NRCS.

(i) NRCS will determine the payments under the contract as described in § 1469.23.

(j) For contracts encompassing the entire agricultural operation, the geographic boundaries of the acreage enrolled in the contract must include all fields and facilities under the participant’s direct control, as determined by NRCS.

§ 1469.22 Conservation practice operation and maintenance.

(a) The contract will incorporate the operation and maintenance of the conservation practice(s) applied under the contract.

(b) The participant must operate and maintain any new conservation practice(s) for which a payment was received to ensure that the new practice or enhancement achieves its intended purpose for the life span of the conservation treatment, as identified in the contract or conservation stewardship plan, as determined by NRCS.

(c) Conservation practices that are installed before the execution of a contract, but are needed in the contract to obtain the intended environmental benefits, must be operated and maintained as specified in the contract whether or not an existing practice payment is made.

(d) NRCS may periodically inspect the conservation practices during the practice lifespan as specified in the contract to ensure that operation and maintenance are being carried out, and that the practice is fulfilling its intended objectives. When NRCS finds that a participant is not operating and maintaining practices installed through the CSP in an appropriate manner, NRCS will initiate contract violation procedures as specified in § 1469.25. If an existing practice is part of a system that meets the quality criteria, but does not technically meet NRCS minimum practice standards, the practice must be modified or updated to meet the standard according the FOTG as specified in § 1469.22(a) of this part.

§ 1469.23 Program payments.

(a) Stewardship component of CSP payments. (1) The conservation stewardship plan, as applicable, divides the land area to be enrolled in the CSP into land use categories, such as irrigated and non-irrigated cropland, irrigated and non-irrigated pasture, pastured cropland and range land, among other categories.

(2) NRCS will determine an appropriate stewardship payment rate for each land use category using the following methodology:

(i) NRCS will initially calculate the average 2001 rates using the Agriculture Foreign Investment Disclosure Act (AFIDA) Land Value Survey, the National Agriculture Statistics Service (NASS) land rental data, and Conservation Reserve Program (CRP) rental rates.

(ii) Where typical rental rates for a given land use vary widely within a
State or between adjacent States, NRCS will adjust the county-level rates to ensure local and regional consistency and equity.

(iii) The State Conservationists can also contribute additional local data, with advice from the State Technical Committee.

(iv) The final stewardship payment rate will be the adjusted regional rates described in paragraph (a)(2)(i) through (iii) of this section multiplied by a reduction factor of 0.25 for Tier I, 0.50 for Tier II, and 0.75 for Tier III.

(v) Pastured cropland will receive the same stewardship payment as cropland.

(3) NRCS will compute the stewardship component of the CSP payment as the product of: the number of acres in each land use category (not including “other” or land not in the applicant’s control); the corresponding stewardship payment rate for the applicable acreage; and a tier-specific percentage. The tier-specific percentage is 5 percent for Tier I payments, 10 percent for Tier II payments, and 15 percent for Tier III payments.

(4) Other incidental parcels as defined in §1469.5(d)(1)(iv) may be given a stewardship rate as though they were the land use to which they are contiguous if they are serving a conservation purpose, such as wildlife habitat. Payment is limited to not more than ten percent of the contract acres. Minimum treatment requirements for the contract tier apply.

(5) Other land, as defined in §1469.5(d)(1)(v), is not included in the stewardship payment computation.

(6) NRCS will publish the stewardship payment rates at the announcement of each program sign-up.

(b) Existing practice component of CSP payments. (1) The Chief will determine and announce which practices will be eligible for existing practice payments in accordance with §1469.8(a).

(2) If the conservation stewardship contract requires the implementation of a new structural or land management practice, NRCS may pay a percentage of the cost of installing the new practice. NRCS will provide the list of approved practices and the percentage cost-share rate for each practice at the time of each CSP sign-up notice.

(3) Participants may contribute to their share of the cost of installing a new practice through in-kind sources, such as personal labor, use of personal equipment, or donated materials. Contributions for a participant’s share of the practice may also be provided from non-Federal sources, as determined by the Chief.

(4) Cost-share payments may be provided by other programs; except that payments may not be provided through CSP and another program for the same practice on the same land area.
(5) If additional practices are installed or implemented to advance a contract from one tier of participation to a higher tier, the practice must be certified as meeting FOTG practice standards by NRCS.

(6) In no instance will the total financial contributions for installing a practice from all public and private entity sources exceed 100 percent of the actual cost of installing the practice.

(7) NRCS will not pay a new practice payment for any practice that is required to meet the conservation compliance plan requirements found in 7 CFR Part 12.

(8) The Chief may reduce the rates in any given sign-up notice.

(d) Enhancement component of CSP payments. (1) The Chief will establish a list of conservation practices and activities that are eligible for enhancement payments for a given sign-up. State Conservationists, with advice from the State Technical Committees, will tailor the list to meet the needs of the selected watersheds and submit to the Chief for concurrence.

(2) NRCS may pay an enhancement component of a CSP payment if a conservation stewardship plan demonstrates to the satisfaction of NRCS that the plan's activities will increase conservation performance including activities related to energy management as a result of additional effort by the participant and result in:

(i) The improvement of a resource concern by implementing or maintaining multiple conservation practices or measures that exceed the minimum eligibility requirements for the contract's Tier of participation as outlined in the sign-up notice and as described in 7 CFR 1469.5(e) and the contract requirements in 7 CFR 1469.21; or

(ii) An improvement in a local resource concern based on local priorities and in addition to the national significant resource concerns, as determined by NRCS.

(3) NRCS may also pay an enhancement component of a CSP payment if a participant:

(i) Participates in an on-farm conservation research, demonstration, or pilot project as outlined in the sign-up notice; or

(ii) Cooperates with other producers to implement watershed or regional resource conservation plans that involve at least 75 percent of the producers in the targeted area; or

(iii) Carries out assessment and evaluation activities relating to practices included in the conservation stewardship plan as outlined in the sign-up notice.

(4) NRCS will not pay the enhancement component of a CSP payment for any practice that is required to meet the conservation compliance plan requirements found in 7 CFR Part 12.

(5) Eligible enhancement payments. (i) State Conservationists, with advice from the State Technical Committees, will develop proposed enhancement payment amounts for each practice and activity.

(ii) An enhancement payment will be made to encourage a producer to perform or continue a management practice or activity, resource assessment and evaluation project, or field-test a research, demonstration, or pilot project that produces enhanced environmental performance and benefits or produces information and data to improve a resource concern or update the NRCS technical guides. Enhancement payments will be:

(A) For activities where NRCS can demonstrate the economic value of the environmental benefits, based on a given activity's expected environmental benefit value. The payment may not exceed the activity's expected economic value; or

(B) For activities where NRCS cannot demonstrate the economic value of the environmental benefits, a rate that will not exceed a producer's cost to implement a given activity.

(iii) NRCS will post the list of approved enhancement activities and payment amounts for each activity concurrent with the CSP sign-up notice.

(6) The Chief may set a not-to-exceed limit or variable payment rate for the enhancement payment in any given sign-up notice.

(7) Enhancements above the minimum criteria for the resource concern that are included in the benchmark inventory may be included in the first CSP payment.
§ 1469.24 Contract modifications and transfers of land.

(a) Contracts may be modified:

(1) At the request of the participant, if the modification is consistent with the purposes of the conservation security program, or;

(2) As required by the State Conservationist due to changes to the type, size, management, or other aspect of the agricultural operation that would interfere with achieving the purposes of the program.

(b) Participants may request a modification to their contract to change their tier of participation under a conservation stewardship contract once the measures determined necessary by NRCS to meet the next tier level have been established.

(c) Contract transfers are permitted when there is agreement among all parties to the contract and the contract area remains intact.

(1) NRCS must be notified within 60 days of the transfer of interest and the transferee's acceptance of the contract terms and conditions, or the contract will be terminated.

(2) The transferee must be determined by NRCS to be eligible and must assume full responsibility under the contract, including operation and maintenance of those conservation practices and activities already undertaken and to be undertaken as a condition of the contract.

§ 1469.25 Contract violations and termination.

(a) If the NRCS determines that a participant is in violation of the terms of a contract, or documents incorporated by reference into the contract, NRCS will give the participant a reasonable time, as determined by the Chief, to correct the violation and comply with the terms of the contract and attachments thereto. If the violation continues, the State Conservationist may terminate the conservation stewardship contract.
Commodity Credit Corporation, USDA

§ 1469.32 Compliance with regulatory measures.

(b) Notwithstanding the provisions of paragraph (a) of this section, a contract termination is effective immediately upon a determination by the State Conservationist that the participant has: submitted false information; filed a false claim; engaged in any act for which a finding of ineligibility for payments is permitted under this part; or taken actions NRCS deems to be sufficiently purposeful or negligent to warrant a termination without delay.

(c) If NRCS terminates a contract due to breach of contract, the participant will forfeit all rights for future payments under the contract, and must refund all or part of the payments received, plus interest, and liquidated damages as determined in accordance with part 1403 of this chapter. The State Conservationist may require only partial refund of the payments received if a previously installed conservation practice can function independently, is not affected by the violation or other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(d) If NRCS terminates a contract due to breach of contract, or the participant voluntarily terminates the contract before any contractual payments have been made, the participant will forfeit all rights for further payments under the contract, and must pay such liquidated damages as are prescribed in the contract. The State Conservationist has the option to waive the liquidated damages, depending upon the circumstances of the case.

(e) When making any contract termination decisions, the State Conservationist may reduce the amount of money owed by the participant by a proportion which reflects the good faith effort of the participant to comply with the contract, or the hardships beyond the participant’s control that have prevented compliance with the contract including natural disasters or events.

(f) The participant may voluntarily terminate a contract, without penalty or repayment, if the State Conservationist determines that the contract terms and conditions have been fully complied with before termination of the contract.

(g) In carrying out this section, the State Conservationist may consult with the local conservation district.

Subpart C—General Administration

§ 1469.30 Fair treatment of tenants and sharecroppers.

Payments received under this part must be divided in the manner specified in the applicable contract or agreement, and NRCS will ensure that potential participants who would have an interest in acreage being offered receive treatment which NRCS deems to be equitable, as determined by the Chief. NRCS may refuse to enter into a contract when there is a disagreement among multiple applicants seeking enrollment as to an applicant’s eligibility to participate in the contract as a tenant.

§ 1469.31 Appeals.

(a) An applicant or a participant may obtain administrative review of an adverse decision under CSP in accordance with parts 11 and 614, Subparts A and C, of this title, except as provided in paragraph (b) of this section.

(b) Participants cannot appeal the following decisions:

1. Payment rates, payment limits, and cost-share percentages;

2. Eligible conservation practices; and,

3. Other matters of general applicability.

(c) Before a participant can seek judicial review of any action taken under this part, the participant must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for purposes of judicial review, no decision will be a final agency action except a decision of the Chief under these procedures.

§ 1469.32 Compliance with regulatory measures.

Participants who carry out conservation practices are responsible for obtaining the authorities, permits, easements, or other approvals necessary for the implementation, operation, and
§ 1469.33 Access to agricultural operation.

Any authorized NRCS representative has the right to enter an agricultural operation for the purpose of ascertaining the accuracy of any representations made in a contract or in anticipation of entering a contract, as to the performance of the terms and conditions of the contract. Access includes the right to provide technical assistance, inspect any work undertaken under the contract, and collect information necessary to evaluate the performance of conservation practices in the contract. The NRCS representative will make a reasonable effort to contact the participant prior to the exercise of this provision.

§ 1469.34 Performance based on advice or action of representatives of NRCS.

If a participant relied upon the advice or action of any authorized representative of CCC, and did not know or have reason to know that the advice or action was improper or erroneous, the State Conservationist may accept the advice or action as meeting the requirements of CSP. In addition, the State Conservationist may grant relief, to the extent it is deemed desirable by CCC, to provide a fair and equitable treatment because of the good faith reliance on the part of the participant.

§ 1469.35 Offsets and assignments.

(a) Except as provided in paragraph (b) of this section, NRCS will make any payment or portion thereof to any participant without regard to questions of title under State law and without regard to any claim or lien against the crop, or proceeds thereof, in favor of the owner or any other creditor except agencies of the U.S. Government. The regulations governing offsets and withholdings found at 7 CFR part 1403 are applicable to contract payments.

(b) Any producer entitled to any payment may assign any payments in accordance with regulations governing assignment of payment found at 7 CFR part 1404.

§ 1469.36 Misrepresentation and scheme or device.

(a) If the Department determines that a participant erroneously represented any fact affecting a CSP determination made in accordance with this part, the participant’s conservation stewardship contract will be terminated immediately in accordance with § 1469.25(b). The participant will forfeit all rights for future contract payments, and must refund payments received, plus interest, and liquidated damages as described in § 1469.25.

(b) A producer who is determined to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of CSP;

(2) Made any fraudulent representation; or

(3) Misrepresented any fact affecting a CSP determination, must refund to NRCS all payments, plus interest, and liquidated damages as determined in accordance with § 1469.25 received by such participant with respect to all contracts. In addition, NRCS will terminate the participant’s interest in all conservation stewardship contracts.

(c) If the producer acquires land subsequent to enrollment in CSP, that land is not considered part of the agricultural operation; however, if the land was previously owned or controlled by them before the date of enrollment and after May 13, 2002, then NRCS will conduct an investigation into the activity to see if there was a scheme or device.

(a) To participate in the Cooperator program, an entity must be a nonprofit U.S. agricultural trade organization and contribute at least 50 percent of the value of resources provided by FAS for activities conducted under the project agreement.
(b) FAS may require that a project agreement include a contribution level greater than that specified in paragraph (a) of this section. In requiring a higher contribution level, FAS will take into account such factors as past Cooperator contributions, previous Cooperator program funding levels, the length of time an entity participates in the program, and the entity’s ability to increase its contribution.
(c) FAS will enter into Cooperator agreements only for the promotion of eligible commodities.

Subpart B—Application and Fund Allocation

§ 1484.20 How can my organization apply to the Cooperator program?
FAS will publish a Notice in the Federal Register that it is accepting applications for participation in the Cooperator program for a specified marketing plan year. Applications shall be submitted in accordance with the terms and requirements specified in the Notice. An application shall contain basic information about the applicant and the proposed program, a strategic plan, and performance measures. FAS may request any additional information which it deems necessary to evaluate a Cooperator program application.
(a) Basic applicant and program information. All Cooperator program applications shall contain:
(1) The name and address of the applicant;
(2) The name of the Chief Executive Officer (or designee);
(3) The name and telephone number of the applicant’s primary contact person;
(4) A description of management and administrative capability;
(5) The name(s) of the person(s) responsible for managing the program;
(6) A description of prior export promotion experience;
(7) A description of the organization, its membership, and membership criteria;
(8) A list of affiliated organizations;
(9) The applicant’s Federal Tax Identification Number;
(10) The dollar amount of FAS resources requested under the Cooperator program;
(11) The value of the applicant’s contribution, stated in dollars or as a percentage of paragraph (a)(10) of this section;
(12) The value of contributions from other sources, stated in dollars or as a percentage of paragraph (a)(10) of this section;
(13) A description of the eligible commodity(s); the associated commodity aggregate code(s), obtained from FAS; and the percentage of U.S. origin content by weight, exclusive of added water; and
(14) A certification statement, and, if requested by the Deputy Administrator, a written explanation supporting the certification, that any funds received will supplement, but not supplant, any private or industry funds or other contributions to program activities. The written explanation, if necessary, shall indicate why the Cooperator is unlikely to carry out the activities without Federal financial assistance. The certification shall also state that information contained in the application is true and accurate and that all records supporting the claim that project funds do not supplant other funds will be made available to authorized officials of the U.S. Government.

(b) Strategic plan and performance measures. All Cooperator program applications shall also contain:

(1) A description of the U.S. and world market situation for the eligible commodity;
(2) Data summarizing historical and projected U.S. production, U.S. exports to the world, world trade, and U.S. market share;
(3) A summary of proposed activity budgets by country or region;
(4) A summary of proposed administrative budgets by country or region;
(5) A list of all countries that define any designated region;
(6) For each country or region for which activities are proposed:

   (ii) The long-term strategy that will be used to counteract the constraints and achieve additional U.S. exports;
   (iii) Previous activities, performance, and evaluation results;
   (iv) Projected export goals and U.S. market share; and

To request approval of a salary above the FSN salary plan, the Cooperator shall include a detailed description of both the duties and responsibilities of the position, and of the qualifications and background of the individual concerned. The Cooperator shall also justify, based on a verifiable local salary survey or other documented local salary information, why the highest FSN salary level is inappropriate.

§ 1484.21 How does FAS determine which Cooperator program applications are approved?

(a) General. FAS allocates funds in a manner that effectively supports the strategic decision-making initiatives of the Government Performance and Results Act (GPRA) of 1993. In deciding whether a proposed project will contribute to the effective creation, expansion, or maintenance of foreign markets, FAS seeks to identify those projects that would demonstrate a clear, long-term agricultural trade strategy by market or product and a program effectiveness timeline against which results can be measured at specific intervals using quantifiable product or country or region goals. These performance indicators are part of FAS' resource allocation strategy to fund applicants which can demonstrate performance based on a long-term strategic plan and address the performance measurement objectives of the GPRA.

(b) Approval criteria. FAS will consider a number of factors when reviewing proposed projects, including:

(1) The ability of the organization to provide an experienced U.S.-based staff with technical and international trade expertise to ensure adequate development, supervision, and execution of the proposed project;
(2) The organization's willingness to contribute resources, including cash and goods and services of the U.S. industry and foreign third parties;
(3) The conditions or constraints affecting the level of U.S. exports and
Commodity Credit Corporation, USDA

market share for the agricultural commodities and products;
(4) The degree to which the proposed project is likely to contribute to the creation, expansion, or maintenance of foreign markets;
(5) The degree to which the strategic plan is coordinated with other private or U.S. government-funded market development projects;
(6) Past program results and evaluations, if applicable; and
(7) Previous Cooperator program funding.

§ 1484.22 How are Cooperator program funds allocated?

After determining which applications to recommend for approval, the Commodity Divisions recommend funding levels for the approved applicants within their respective divisions. Applications then compete for funds on the basis of the following allocation criteria (the number in parentheses represents a percentage weight factor). Data used in the calculations for contribution levels, past export performance and past demand expansion performance will cover not more than a 6-year period, to the extent such data is available. The method for applying the following criteria will be described in the Cooperator program announcement in the FEDERAL REGISTER:

(a) Contribution Level (40%).
(b) Past Export Performance (20%).
(c) Past Demand Expansion Performance (20%).
(d) Future Demand Expansion Goals (10%).
(e) Accuracy of Past Demand Expansion Projections (10%).

Subpart C—Program Operations

§ 1484.30 How does FAS formalize its working relationship with approved Cooperators?

FAS will notify each applicant in writing of the final disposition of its application. FAS will send a program agreement, allocation approval letter, and a signature card to each approved applicant. The allocation approval letter will specify any special terms and conditions applicable to a Cooperator’s program, including the required level of Cooperator contribution. An applicant that accepts the terms and conditions contained in the program agreement and allocation approval letter should so indicate by having its Chief Executive Officer sign the program agreement and submit the signed agreement to the Director, Marketing Operations Staff, FAS, USDA. Final agreement shall occur when the Administrator signs the agreement on behalf of FAS. The application, the program agreement, the allocation approval letter, and this part shall establish the terms and conditions of a Cooperator agreement between FAS and the approved applicant.

§ 1484.31 Who acts on behalf of each Cooperator?

The Cooperator shall designate at least two individuals in its organization to sign program agreements, reimbursement claims, and requests. The Cooperator shall submit the signature card signed by those designated individuals and by the Cooperator’s Chief Executive Officer to the Director, Marketing Operations Staff, FAS, USDA, prior to the start of the marketing plan year. The Cooperator shall immediately notify the Director of any changes in signatories (e.g., removal or addition of individuals, name changes, etc.), and shall submit a revised signature card accordingly.

§ 1484.32 Must Cooperators follow specific employment practices?

(a) A Cooperator shall enter into written contracts with all overseas employees and shall ensure that all terms, conditions, and related formalities of such contracts conform to governing local law.

(b) A Cooperator shall, in its overseas offices, conform its office hours, work week, and holidays to local law and to the custom generally observed by U.S. commercial entities in the local business community.

(c) A Cooperator may pay salaries or fees in any currency (U.S. or foreign) in conformance with contract specifications. Cooperators are cautioned to consult local laws regarding currency restrictions.
§ 1484.33 Must Cooperators follow certain financial management guidelines?

(a) A Cooperator shall implement and maintain a financial management system that conforms to generally accepted accounting principles.

(b) A Cooperator shall institute internal controls and provide written guidance to commercial entities participating in its activities to ensure their compliance with these provisions. Each Cooperator shall maintain all original records and documents relating to program activities for 5 calendar years following the end of the applicable marketing plan year and shall make such records and documents available upon request to authorized officials of the U.S. Government. A Cooperator shall also maintain all documents related to employment, such as employment applications, contracts, position descriptions, leave records, and salary changes; and all records pertaining to contractors. A Cooperator shall also maintain adequate documentation related to the proper disposition of all property purchased by the Cooperator and for which the Cooperator is reimbursed with program funds.

(c) A Cooperator shall maintain its records of expenditures and contributions in a manner that allows it to provide information by marketing plan year, country or region, activity number, and cost category. Such records shall include:

(1) Receipts for all STRE (actual vendor invoices or restaurant checks, rather than credit card receipts);
(2) Original receipts for any other program related expenditure in excess of $25.00;
(3) The exchange rate used to calculate the dollar equivalent of each expenditure made in a foreign currency and the basis for such calculation;
(4) Copies of reimbursement claims;
(5) An itemized list of claims charged to the Cooperator’s FMD account;
(6) Documentation with accompanying English translation supporting each reimbursement claim, including original evidence to support the financial transactions, such as canceled checks, receipted paid bills, contracts or purchase orders, per diem calculations, and travel vouchers; and
(7) Documentation supporting contributions including: the date(s), purpose, and location(s) of each activity for which cash, goods, or services were claimed as a contribution; who conducted the activity; the participating groups or individuals; and the method of computing the claimed contributions. Cooperators must retain, and make available for audit, documentation related to claimed contributions.

(d) Upon request, a Cooperator shall provide to FAS the original documents which support the Cooperator’s reimbursement claims. FAS may deny a claim for reimbursement if the claim is not supported by adequate documentation.

§ 1484.34 Must Cooperators adhere to specific standards of ethical conduct?

(a) A Cooperator shall conduct its business in accordance with the laws and regulations of the country(ies) in which each activity is carried out.

(b) Neither a Cooperator nor its affiliates shall make export sales of agricultural commodities covered under the terms of a project agreement. Neither a Cooperator nor its affiliates shall charge a fee for facilitating an export sale. For the purposes of this paragraph, “affiliate” means any partnership, association, company, corporation, trust, or any other such party in which the Cooperator has an investment, other than a mutual fund. A Cooperator may collect check-off funds and membership fees that are required for membership in the Cooperator’s organization.

(c) The Cooperator shall not use program activities or program funds to promote private self interests or conduct private business, except as members of sales teams.

(d) A Cooperator shall select U.S. agricultural industry representatives to participate in activities such as trade teams or trade fairs based on criteria that ensure participation on an equitable basis by a broad cross section of the U.S. industry. If requested, a Cooperator shall submit such selection criteria to FAS for approval.
(e) All Cooperators should endeavor to ensure fair and accurate fact-based advertising. Deceptive or misleading promotions may result in cancellation or termination of a project agreement.

(f) The Cooperator must report any actions or circumstances that have a bearing on the propriety of program activities to the Attache/Counselor and the Cooperator's U.S. office shall report such actions in writing to the appropriate Division Director.

§ 1484.35 Must Cooperators follow specific contracting procedures?

(a) Cooperators have full and sole responsibility for the legal sufficiency of all contracts and assume financial liability for any costs or claims resulting from suits, challenges, or other disputes based on contracts entered into by the Cooperator. Neither FAS nor any other agency of the United States Government or any official or employee of FAS or the United States Government has any obligation or responsibility with respect to Cooperator contracts with third parties.

(b) Cooperators are responsible for ensuring to the extent possible that the terms, conditions, and costs of contracts constitute the most economical and effective use of project funds.

(c) All fees for professional and consulting services paid in any part with project funds must be covered by written contracts.

(d) A Cooperator shall:

1. Ensure that all expenditures for goods and services in excess of $25.00, which are reimbursed with project funds, are documented by a purchase order, invoice, or contract;

2. Ensure that no employee or officer participates in the selection or award of a contract in which such employee or officer, or the employee's or officer's family or partners has a financial interest;

3. Conduct all contracting in an open manner. Individuals who develop or draft specifications, requirements, statements of work, invitations for bids, or requests for proposals for procurement of any goods or services shall be excluded from competition for such procurement;

4. Base each solicitation for professional or consulting services on a clear and accurate description of the requirements for the services to be procured;

5. Perform some form of price or cost analysis, such as a comparison of price quotations to market prices or other price indicia, to determine the reasonableness of the offered prices; and

6. Document the decision-making process.

§ 1484.36 How do Cooperators dispose of disposable property?

(a) Property purchased by the Cooperator, and for which the Cooperator is reimbursed with project funds, that is unusable, unserviceable, or no longer needed for project purposes shall be disposed of in one of the following ways. The Cooperator may:

1. Exchange or sell the property, provided that it applies any exchange allowance, insurance proceeds, or sales proceeds toward the purchase of other property needed in the project;

2. With FAS approval, transfer the goods to other Cooperators for their activities, or to a foreign third party; or

3. Upon Attache/Counselor approval, donate the goods to a local charity, or convey the goods to the Attache/Counselor, along with an itemized inventory list and any documents of title.

(b) A Cooperator shall maintain an inventory of all property valued at $500 or more which was acquired in furtherance of program activities. The inventory shall list and number each item and include the date of purchase or acquisition, cost of purchase, replacement value, serial number, make, model, and electrical requirements.

(c) The Cooperator shall insure all property which was acquired with program funds and safeguard such property against theft, damage, and unauthorized use. The Cooperator shall promptly report any loss, theft, or damage of such property to the insurance company.

(d) The Cooperator is responsible for reimbursing FAS for the value of any uninsured property at the time of the loss or theft of the property.

§ 1484.37 Must Cooperators adhere to Federal Travel Regulations?

Travel shall conform to the U.S. Federal Travel Regulation (41 CFR Chapters 300 through 304) and air travel shall conform to the requirements of the “Fly America Act” (49 U.S.C. 1517). The Cooperator shall notify the Attache/Counselor in the destination countries in writing in advance of any proposed travel. The timing of such notice should be far enough in advance to enable the Attache/Counselor to schedule appointments, make preparations, or otherwise provide any assistance being requested. Failure to provide advance notification of travel may result in disallowance of the expenses related to the travel.

§ 1484.38 Can a Cooperator keep proceeds generated from an activity?

Any income or refunds generated from an activity, i.e., participation fees, proceeds of sales, refunds of value added taxes (VAT), the expenditures for which have been wholly or partially reimbursed, shall be repaid by submitting a check payable to Commodity Credit Corporation or by offsetting the Cooperator’s next reimbursement claim.

(6) If applicable, any amount previously claimed that has not been reimbursed.

(b) All claims for reimbursement shall be submitted by the Cooperator's U.S. office to the Director, Marketing Operations Staff, FAS, USDA.

(c) FAS will not reimburse claims submitted later than 6 months after the end of a marketing plan year.

(d) If FAS overpays a reimbursement claim, the Cooperator shall repay FAS within 30 days the amount of the overpayment either by submitting a check payable to FAS or by offsetting its next reimbursement claim.

§ 1484.57 Will FAS make advance payments to a Cooperator?

(a) Policy. In general, FAS operates the Cooperator program on a reimbursable basis.

(b) Exception. Upon request, FAS may make two types of advance payments to a Cooperator. The first is a revolving fund operating advance provided by FAS only to Cooperators with foreign offices supported by project funds. The second is a special advance payment used to pay an impending large cost item. FAS will provide this type of advance expense payment in lieu of direct payments by FAS to vendors or other third parties. All Cooperators, with or without project fund-supported foreign offices, are eligible to request special advance payments. Normally, special advance payments received from FAS must be liquidated by the Cooperator within 90 days from the date of receipt. Prior to making an advance, FAS may require the participant to submit security in a form and amount acceptable to FAS to protect FAS' financial interests. FAS will not make any special advance payment to a Cooperator where a special advance is outstanding from a prior marketing plan year. Cooperators shall deposit and maintain advances in insured, interest-bearing accounts, unless such

§ 1484.72 How is program effectiveness measured?

(b) Evaluation is an integral element of program planning and implementation, providing the basis for the strategic plan. The evaluation results guide the development and scope of a Cooperator’s program, contribute to program accountability, and provide evidence of program effectiveness.
§ 1484.73 Are Cooperators penalized for failing to make required contributions?

A Cooperator’s contribution requirement is specified in the Cooperator program allocation letter. If a Cooperator fails to contribute the amount specified in its allocation approval letter, the Cooperator shall pay to Commodity Credit Corporation in U.S. dollars the difference between the amount it has contributed and the amount specified in the allocation approval letter. A Cooperator shall remit such payment by December 31 following the end of the marketing plan year.

§ 1484.74 How is Cooperator program compliance monitored?

(a) The Compliance Review Staff (CRS), FAS, performs periodic on-site reviews of Cooperators to ensure compliance with this part.

(b) In order to verify that federal funds received by a Cooperator do not supplant private or U.S. industry funds or contributions pursuant to §1550.20(a)(14), FAS will consider the Cooperator’s overall marketing budget from year to year, variations in promotional strategies within a country or region, and new markets.

(c) The Director, CRS, will notify a Cooperator through a compliance report when it appears that Commodity Credit Corporation may be entitled to recover funds from that Cooperator. The compliance report will state the basis for this action.

§ 1484.75 How does a Cooperator respond to a compliance report?

(a) A Cooperator shall, within 60 days of the date of the compliance report, submit a written response to the Director, CRS. This response shall include any money owed to Commodity Credit Corporation if the Cooperator does not wish to contest the compliance report. The Director, CRS, at the Director’s discretion, may extend the period for response up to an additional 30 days. If the Cooperator does not respond to the compliance report within the required time period or, if after review of the Cooperator’s response, the Director, CRS, determines that Commodity Credit Corporation may be entitled to recover funds from the Cooperator, the Director, CRS, will refer the compliance report to the Deputy Administrator.

(b) If, after review of the compliance report and response, the Deputy Administrator determines that the Cooperator owes money to FAS, the Deputy Administrator will so inform the Cooperator. The Deputy Administrator may initiate action to collect such amount...

§ 1485.14 Application approval and formation of agreements.

(a) General. CCC will, consistent with available resources, approve those applications which it considers to present the best opportunity for developing, maintaining or expanding export markets for U.S. agricultural commodities. The selection process, by its nature, involves the exercise of judgment. CCC's choice of participants and proposed promotion projects requires that it consider and weigh a number of factors that cannot be mathematically measured—i.e., market opportunity, market strategy and management capability.

(b) Approval criteria. In assessing the applications it receives and determining which it will approve, CCC considers the following criteria:

1. The effectiveness of program management;
2. Soundness of accounting procedures;
3. The nature of the applicant organization, with greater weight given to those organizations with the broadest base of producer representation;
4. Prior export promotion or direct export experience;
5. Previous MAP funding;
6. Adequacy of the applicant's strategic plan in the following categories:
   (i) Description of market conditions;
   (ii) Description of, and plan for addressing, market constraints;
   (iii) Reasonable likelihood of plan success;
7. Export volume and value and market share goals in each country;
8. Description of evaluation plan and suitability of the plan for performance measurement; and
9. Past program results and evaluations, if applicable.

(c) Allocation factors. After determining which applications to approve, CCC determines how it will allocate resources among participants based on the following factors, in addition to those in paragraph (b) of this section:

1. Size of the budget request in relation to projected value of exports;
2. Where applicable, size of the budget request in relation to actual value of exports in prior years;
3. Where applicable, participant's past projections of exports compared with actual exports;
4. Level of participant's, State's, and industry's contributions;
5. Market share goals in target country(ies);
6. The degree to which the product to be exported consists of U.S. grown agricultural commodities;
7. The degree of value-added processing in the U.S.; and

§ 1485.15

(a) General. A participant shall develop a specific activity plan(s) based on its strategic plan and the allocation approval letter and shall submit an activity plan for each year in which it engages in program activities. An activity plan handbook, available from the Division Director, provides suggested formats and codes for activity plans and amendments.

(b) An activity plan shall contain:

(1) A written presentation of all proposed activities including:

(i) A short description of the relevant constraint;

(ii) A description of any changes in strategy from the strategic plan;

(iii) A budget for each proposed activity, identifying the source of funds;

(iv) Specific goals and benchmarks to be used to measure the effectiveness of each activity. This will assist CCC in carrying out its responsibilities under the Government Performance and Results Act of 1993 that requires performance measurement of Federal programs, including the MAP. Evaluation of MAP’s effectiveness will depend on a clear statement by participants of goals, method of achievement, and results of activities at regular intervals. The overall goal of the MAP and of individual participants’ activities is to achieve additional exports of U.S. agricultural products, that is, sales that would not have occurred in the absence of MAP funding.

(2) A staffing plan for any overseas office, including a listing of job titles, position descriptions, salary ranges and any request for approval of supergrade salaries; and

(f) Signature cards. The participant shall designate at least two individuals in its organization to sign program agreements, reimbursement claims and advance requests. The participant shall submit the signature card signed by those designated individuals and by the participant’s Chief Executive Officer to the Director, Marketing Operations Staff, FAS, USDA, and shall immediately notify the Director of any changes in signatories and shall submit a revised signature card accordingly.

§ 1485.16  Reimbursement rules.

(1) The expenditure was made in furtherance of an approved activity; and

(2) The participant has not been or will not be reimbursed for such expenditure by any other source.

(b) Subject to paragraph (a) of this section, CCC will reimburse, in whole or in part, the cost of:

(2) To request approval of a “supergrade”, the participant shall include in its activity plan a detailed description of both the duties and responsibilities of the position, and of the qualifications and background of the employee concerned. The participant shall also justify why the highest FSN salary level is insufficient.

(3) Where a non-U.S. citizen will be employed as a country director, the MAP participant may request approval for a “Supergrade I” salary level, equivalent to a grade increase over the existing top grade of the FSN salary plan. The “supergrade” and its step increases are calculated as the percentage difference between the second highest and the highest grade in the FSN salary plan with that percentage applied to each of the steps in the top grade. Where the non-U.S. citizen will be employed as a regional director, with responsibility for activities and/or offices in more than one country, the MAP participant may request approval for a “Supergrade II” salary level which is calculated relative to a “Supergrade I” in the same way the latter is calculated relative to the highest grade in the FSN salary plan.

(e) Submission of the activity plan. A participant shall submit three copies of an activity plan to the Division Director and a copy of the relevant country section(s) to the Attaché/Counselor(s) concerned.

(f) Activity plan approval. CCC shall indicate in an activity plan approval letter which activities and budgets are approved or disapproved, and shall indicate any special terms and conditions that apply to the participant including any requirements with respect to contributions and program evaluations. A participant may undertake promotional activities directly or through a foreign third party; however, the participant shall be responsible and accountable to CCC for all such promotional activities and related expenditures.

§ 1485.18 Advances.

(b) Exception. Upon request, CCC may advance payments to an MAP participant for generic promotion activities. Prior to making an advance, CCC may require the participant to submit security in a form and amount acceptable to CCC to protect CCC’s financial interests. Total payments advanced shall not exceed 40 percent of a participant’s approved annual generic activity budget. However, CCC will not make any advance to an MAP participant where an advance is outstanding from a prior activity plan year.

(c) Refunds due CCC. A participant shall expend the advance on approved generic promotion activities within 90 calendar days after the date of disbursement by CCC. A participant shall return any unexpended portion of the advance, plus a prorated share of all proceeds generated (i.e., premiums generated from certificate sales and interest earned), either by submitting a check payable to CCC or by offsetting its next reimbursement claim. Evaluation of MAP’s effectiveness will depend on a clear statement by participants of goals to be met within a specified time, schedule of measurable milestones for gauging success, plan for achievement, and results of activities at regular intervals. The overall goal of the MAP and of individual participants’ activities is to achieve additional exports of U.S. agricultural products, that is, sales that would not have occurred in the absence of MAP funding. A participant that can demonstrate additional sales compared to a representative base period, taking into account extenuating factors beyond the participant’s control, will have met the overall objective of the GPRA and the need for evaluation.

(ii) Evaluation is an integral element of program planning and implementation, providing the basis for the strategic plan and activity plan. The evaluation results guide the development and scope of a participant’s program, contributing to program accountability and providing evidence of program effectiveness.

(iii) An MAP participant shall conduct periodic evaluations of its program and activities and may contract with an independent evaluator to satisfy this requirement. CCC reserves the right to have direct input and control over design, scope and methodology of any such evaluation, including direct contact with and provision of guidance to the independent evaluator.

(2) Types of evaluation. (i) An activity evaluation is a review of an activity to determine whether such activity achieved the goals specified in the activity plan. Unless specifically exempted in the activity plan, all activity evaluations shall be completed within 90 days following the end of the MAP participant’s activity plan year.

(ii) A brand promotion evaluation is a review of the U.S. and foreign commercial entities’ export sales to determine whether the activity achieved the goals specified in the activity plan. These evaluations shall be completed within 90 days following the end of the participant’s activity plan year.
(iii) A program evaluation is a review of the MAP participant’s entire program or any appropriate portion of the program to determine the effectiveness of the participant’s strategy in meeting specified goals. An MAP participant shall complete at least one program evaluation each year. Actual scope and timing of the program evaluation shall be determined by the MAP participant and the Division Director and specified in the MAP participant’s activity plan approval letter.

(3) Contents of program evaluation. A program evaluation shall contain:

(i) The name of the party conducting the evaluation;
(ii) The activities covered by the evaluation (including the activity numbers);
(iii) A concise statement of the constraint(s) and the goals specified in the activity plan;
(iv) A description of the evaluation methodology;
(v) A description of additional export sales achieved, including the ratio of additional export sales in relation to MAP funding received;
(vi) A summary of the findings, including an analysis of the strengths and weaknesses of the program(s); and
(vii) Recommendations for future programs.

(4) An MAP participant shall submit via a cover letter to the Division Director, an executive summary which provides assessment of the program evaluation’s findings and recommendations and proposed changes in program strategy or design as a result of the evaluation.

(5) If as a result of an evaluation or audit of activities of a participant under the program, CCC determines that further review is needed in order to ensure compliance with the requirements of the program, CCC may require the participant to contract for an independent audit of the program activities.

(d) Appeals. (1) The Director, Compliance Review Staff (Director, CRS) will notify a participant through a compliance report when it appears that CCC may be entitled to recover funds from that participant. The compliance report will state the basis for this action.

(2) A participant may, within 60 days of the date of the compliance report, submit a response to the Director, CRS. The Director, CRS, at the Director’s discretion, may extend the period for response up to an additional 30 days. If the participant does not respond to the compliance report within the required time period or, if after review of the participant’s response, the Director, CRS, determines that CCC may be entitled to recover funds from the participant, the Director, CRS, will refer the compliance report to the Deputy Administrator.

(3) If after review of the compliance report and response, the Deputy Administrator determines that the participant owes any money to CCC he will so inform the participant and provide the basis for the decision. The Deputy Administrator may initiate action to collect such amount pursuant to 7 C.F.R. Part 1403, Debt Settlement Policies and Procedures. Determinations of the Deputy Administrator will be in writing and in sufficient detail to inform the participant of the basis for the determination. The participant may request reconsideration within 30 days of the date of the Deputy Administrator’s initial determination.

(4) The Participant may appeal determinations of the Deputy Administrator to the Administrator. An appeal must be in writing and be submitted to the office of the Deputy Administrator within 30 days following the date of the initial determination by the Deputy Administrator or the determination on reconsideration. The participant may request a hearing.

(5) If the participant submits its appeal and requests a hearing, the Administrator, or the Administrator’s designee, will set a date and time, generally within 60 days. The hearing will be an informal proceeding. A transcript will not ordinarily be prepared unless the participant bears the cost of a transcript; however, the Administrator may have a transcript prepared at CCC’s expense.

(6) The Administrator will base the determination on appeal upon information contained in the administrative

§ 1485.21 Failure to make required contribution.

An MAP participant’s contribution requirement will be specified in the MAP allocation letter and the activity plan approval letter. The amount specified will be the amount of contribution to be furnished by the applicant and other sources as indicated in the participant’s application. The MAP participant shall pay to CCC in dollars the difference between the amount actually contributed and the amount specified in the allocation approval letter. An MAP participant shall remit such payment within 90 days after the end of its activity plan year.

§ 1485.22 Submissions.

The participant may make any submissions required by this regulation either by hand delivery to the Director, Marketing Operations Staff, FAS, USDA or by commercial service delivery or U.S. mail. If delivery occurs by commercial “next-day” mail service or U.S. regular mail, first class prepaid, the material shall be deemed submitted as of the date of the commercial service or U.S. registered mail receipt. For all other permissible methods of delivery, the material shall be deemed submitted as of the date received by the Director, Marketing Operations Staff, FAS, USDA.

§ 1485.23 Miscellaneous provisions.

(a) Disclosure of program information. (1) Documents submitted to CCC by participants are subject to the provisions of the Freedom of Information Act (FOIA), 5 U.S.C. 552, 7 CFR part 1, Subpart A—Official Records, and specifically 7 C.F.R. 1.11, Handling Information from a Private Business.

(2) If requested by a person located in the United States, a participant shall provide a copy of any document in its possession or control containing market information developed and produced under the terms of its agreement. The participant may charge a fee not to exceed the costs for assembling, duplicating and distributing the materials.

(3) The results of any research conducted by a participant under an agreement, shall be the property of the U.S. Government.

(b) Ethical conduct. (1) A participant shall conduct its business in accordance with the laws and regulations of the country in which an activity is carried out.

(2) Neither an MAP participant nor its affiliates shall make export sales of agricultural commodities and products covered under the terms of the agreement. Neither an MAP participant nor its affiliates shall charge a fee for facilitating an export sale. A participant may, however, collect check-off funds and membership fees that are required for membership in the participating organization. For the purposes of this paragraph, “affiliate” means any partnership, association, company, corporation, trust, or any other such party in which the participant has an investment other than in a mutual fund.

(3) An MAP participant shall not limit participation to members of its organization. The MAP participant shall publicize its program and make participation possible for commercial entities throughout the participant’s industry or, in the case of SRTGs, throughout the corresponding region.

(4) A participant shall select U.S. agricultural industry representatives to participate in activities such as trade teams, sales teams, and trade fairs based on criteria that ensure participation on an equitable basis by a broad cross section of the U.S. industry. If requested, a participant shall submit such selection criteria to CCC for approval.

(5) All participants should endeavor to ensure fair and accurate fact-based
advertising. Deceptive or misleading promotions may result in cancellation or termination of an agreement.

(6) The participant must report any actions or circumstances that have a bearing on the propriety of the program to the Attache/Counselor and its U.S. office shall report such actions in writing to the Division Director.

(c) Contracting procedures. (1) Neither the Commodity Credit Corporation (CCC) nor any other agency of the United States Government or any official or employee of the CCC or the United States Government has any obligation or responsibility with respect to participant contracts with third parties.

(2) A participant shall:
(i) Ensure that all expenditures for goods and services reimbursed, in excess of $25.00, by CCC are documented by a purchase order, invoice, or contract and that such documentation demonstrates competition in acquiring the goods or services;
(ii) Ensure that no employee or officer participates in the selection or award of a contract in which such employee or official, or the employee’s or officer’s family or partners has a financial interest;
(iii) Conduct all contracting in an openly competitive manner. Individuals who develop or draft specifications, requirements, statements of work, invitations for bids and requests for proposals for procurement of any goods or services shall be excluded from competition for such procurement;
(iv) Base solicitations for professional and technical services on a clear and accurate description of the requirements for the services to be procured;
(v) Perform some form of price or cost analysis such as a comparison of price quotations to market prices or other price indicia, to determine the reasonableness of the offered prices.

(d) Disposable capital goods. (1) Capital goods purchased by the MAP participant and reimbursed by CCC that are unusable, unserviceable, or no longer needed for project purposes shall be disposed of in one of the following ways:
(i) The participant may exchange or sell the goods provided that it applies any exchange allowance, insurance proceeds or sales proceeds toward the purchase of other property needed in the project;
(ii) The participant may, with CCC approval, transfer the goods to other MAP participants and activities, or to a foreign third party; or
(iii) The participant may, upon Attache/Counselor approval, donate the goods to a local charity, or convey the goods to the Attache/Counselor, along with an itemized inventory list and any documents of title.

(2) A participant shall maintain an inventory of all capital goods with a value of $100 acquired in furtherance of program activities. The inventory shall list and number each item and include the date of purchase or acquisition, cost of purchase, replacement value, serial number, make, model, and electrical requirements.

(3) The participant shall insure all capital goods acquired in furtherance of program activities and safeguard such goods against theft, damage and unauthorized use. The participant shall promptly report any loss, theft, or damage of property to the insurance company.

(e) Contracts between MAP participants and brand participants. Where CCC approves an application for brand promotion, the MAP participant shall enter into an agreement with each approved brand participant which shall:
(1) Specify a time period for such brand promotion, and require that all brand promotion expenditures be made within the MAP participant’s approved activity plan period;
(2) Make no allowance for extension or renewal;
(3) Limit reimbursable expenditures to those made in countries and for activities approved in the activity plan;
(4) Specify the percentage of promotion expenditures that will be reimbursed, reimbursement procedures and documentation requirements;
(5) Include a written certification that the brand participant either owns the brand of the product it will promote or has exclusive rights to promote the brand in each of the countries in which promotion activities will occur;
§ 1485.25

(6) Require that all product labels, promotional material and advertising will identify the origin of the agricultural commodity as “Product of the U.S.”, “Product of the U.S.A.”, “Grown in the U.S.”, “Grown in the U.S.A.”, “Made in America” or other U.S. regional designation if approved in advance by CCC; that such origin identification will be conspicuously displayed, in a manner that is easily observed; and that such origin identification will conform, to the extent possible, to the U.S. standard of 1/6″ (.42 centimeters) in height based on the lower case letter “o”. A participant may request an exemption from this requirement. All such requests shall be in writing and include justification satisfactory to the Deputy Administrator that this labeling requirement would hinder a participant’s promotional efforts. The Deputy Administrator will determine, on a case by case basis, whether sufficient justification exists to grant an exemption from the labeling requirement;

(7) Specify documentation requirements for a U.S. brand applicant seeking priority consideration for assistance based on eligibility as a small-sized entity;

(8) Require that the U.S. brand participant submit to the MAP participant a statement certifying that any Federal funds received will supplement, but not supplant, any private or third party funds or other contributions to program activities; and

(9) The participant shall require the brand participant to maintain all original records and documents relating to program activities for five calendar years following the end of the applicable activity plan year and shall make such records and documents available upon request to authorized officials of the U.S. Government.

(f) EIP/MAP participants shall ensure that all product labels, promotional material and advertising will identify the origin of the agricultural commodity as “Product of the U.S.”, “Product of the U.S.A.”, “Grown in the U.S.”, “Grown in the U.S.A.”, “Made in America” or other U.S. regional designation if approved in advance by CCC; such origin identification is conspicuously displayed in a manner that is easily observed, and that, to the fullest extent possible, the origin identification conforms to the U.S. standard of 1/6″ (.42 centimeters) in height based on the lower case letter “o”. An EIP/MAP participant may request an exemption from this requirement. All such requests shall be in writing and include justification satisfactory to the Deputy Administrator that this labeling requirement would hinder a participant’s promotional efforts. The Deputy Administrator will determine, on a case by case basis, whether sufficient justification exists to grant an exemption from the labeling requirement;

(g) Travel shall conform to U.S. Federal Travel Regulations (41 CFR parts 301 through 304) and air travel shall conform to the requirements of the “Fly America Act (49 U.S.C. 1517).” The MAP participant shall notify the Attache/Counselor in the destination countries in writing in advance of any proposed travel.

(h) Proceeds. Any income or refunds generated from an activity, i.e., participation fees, proceeds of sales, refunds of value added taxes (VAT), the expenditures for which have been wholly or partially reimbursed, shall be repaid by submitting a check payable to CCC or offsetting the participant’s next reimbursement claim. However, where CCC reimburses a participant with CCC commodity certificates, such participant may retain any income generated by the sale of such certificates.

§ 1485.24 Applicability date.

This Subpart applies to activities that are approved in accordance with the participant’s 1995 program and corresponding activity plan year.

§ 1485.25 Paperwork reduction requirements.

The paperwork and record keeping requirements imposed by this final rule have been submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act of 1980. OMB has assigned control number 05510027 for this information collection.
PART 1486—EMERGING MARKETS PROGRAM

Subpart A—General Information

§1486.100 What is the Emerging Markets Program?

(a) The principal purpose of the EMP is to assist U.S. entities in developing, maintaining, or expanding the exports of U.S. agricultural commodities and products by providing partial funding for technical assistance activities that promote U.S. agricultural exports to emerging markets, a consistent with U.S. foreign policy interests. The Program is intended primarily to support export market development efforts of the private sector, but the Program’s resources may also be used to assist public agricultural organizations as well. Technical assistance may include activities such as feasibility studies, market research, sector assessments, orientation visits, specialized training, etc.

...
Commodity Credit Corporation, USDA

§ 1486.101 What special definitions apply to this program?

For purposes of this subpart, the following definitions apply:

Activities—components of a project which, when implemented collectively, are intended to achieve a specific market development objective.

Administrator—the Administrator of FAS, or designee.

UES—Unified Export Strategy.
USDA—United States Department of Agriculture.

§ 1486.102 Is there a list of eligible emerging market countries?
The World Bank periodically redefines the income limits on upper middle-income economies. Consequently, an absolute list of “emerging market” countries has not been established. However, CCC will provide general guidance on country eligibility in each program announcement.

§ 1486.103 Are regional projects possible under the program?
Projects that focus on regions, such as the Caribbean Basin, rather than individual countries, are eligible for consideration provided such projects target qualifying emerging markets in the specified region. CCC may consider activities which target qualified emerging markets in a specific region, but are conducted in a non-emerging market because of its importance as a central location and ease of access to that region.

Subpart B—Eligibility, Applications, and Funding

§ 1486.200 What entities are eligible to participate in the program?
To participate in the EMP, U.S. private or government entities must demonstrate a role or interest in the exports of U.S. agricultural commodities or products. Government organizations consist of federal, state, and local agencies. Private entities include non-profit trade associations, universities, agricultural cooperatives, state regional trade groups, and profit-making entities and consulting businesses.

§ 1486.201 Under what conditions may research and consultant organizations, individuals, or any other for-profit entity apply to the program?
(a) Proposals from research and consulting entities will be considered for funding assistance only with evidence of substantial participation in and financial support by U.S. industry to a proposed project. Such support most credibly is provided in the form of actual monetary contributions to the cost of a project.
(b) For-profit entities shall not use program funds to conduct private business or to promote private self-interests. For-profit entities may not use program funds to supplement the costs of normal day-to-day operations or to promote their own products or services beyond specific uses approved in a given project.

§ 1486.202 Are there any ineligible entities?
Foreign organizations, whether government or private, may participate as third parties in activities carried out by U.S. entities, but are not eligible for funding assistance from the program.

§ 1486.203 Which commodities/products are eligible for consideration under the program?
All U.S. agricultural commodities/products except tobacco are eligible for consideration. Agricultural product(s) should be comprised of at least 50 percent U.S. origin content by weight, exclusive of added water, to be eligible for funding. Projects which seek support for multiple commodities are also eligible.

§ 1486.204 Are multi-year proposals eligible for funding?
Proposals for projects exceeding 1 year in duration may be considered. If approved, funding for multi-year projects is normally provided 1 year at a time, with commitments beyond the first year subject to interim evaluations intended to assess the progress of the project toward meeting its intended objectives.

§ 1486.205 What types of funding are available under the program?
CCC has established three pools of funding within the EMP—the Central Fund, the Quick Response Marketing Fund, and the Technical Issues Resolution Fund. Each year CCC will inform the public of the process by which interested eligible entities may submit proposals for funding under the Central Fund. Because of the time sensitive nature of issues intended to be addressed, the Quick Response Marketing Fund and the Technical Issues Resolution
Commodity Credit Corporation, USDA § 1486.209

Fund will be available continuously with no application deadline.

§ 1486.206 What is the Quick Response Marketing Fund?
(a) This fund was established to address priority constraints to market access that arise because of unforeseen events; market conditions in emerging markets are often less predictable than in more developed countries. It allows responsiveness to time-sensitive marketing problems or opportunities, such as a change in an import regime or the removal of a trade embargo; an unexpected or unusual change in the political or financial situation in a country; or a significant change in crop conditions—any of which may have an immediate impact on the access of particular commodities or products to specific markets.
(b) Proposals for the Quick Response Marketing Fund must identify specific market access issues that also face time constraints. Application content, evaluation, and reporting requirements are the same as for the Central Fund.

§ 1486.207 What is the Technical Issues Resolution Fund?
(a) This fund was established to address technical barriers to trade in emerging markets worldwide by providing technical assistance, training, and exchange of expertise. These include plant quarantine, animal health, food safety, and other technical barriers to U.S. exports based on unsound or incomplete scientific information.
(b) Funding priorities are principally those issues that are time sensitive and are strategic areas of longer term interest. Funding decisions are determined primarily through a review process that includes FAS and relevant regulatory agencies. The review is based upon the following criteria:
   (1) The activity occurs in an eligible country or region of market priority;
   (2) The trade constraint warrants intervention;
   (3) The proposed activity is likely to achieve an impact in the short- or long-term;
   (4) The Recipient is qualified to undertake the proposed activity;
   (5) The budget requested is reasonable and includes leveraged resources;
   (6) If applicable, a U.S. domestic constraint or trade issue can be resolved in support of a proposed activity; and
   (7) The activity has support from USDA field offices.
(c) Because of the time sensitive nature of the issues intended to be addressed by these funds, proposals, whether private or government, may be submitted at any time during the year. Reviews of proposals are scheduled on a monthly basis. An expedited review may be requested but must be justified.
(d) Application content, evaluation, and reporting requirements are the same as for the Central Fund.

§ 1486.208 How does an entity apply to the program?
CCC will periodically announce that it is accepting proposals for participation in the EMP. All relevant information, including application deadlines (for the Central Fund) and proposal content, will be noted in the announcement, and proposals must be submitted in accordance with the terms and requirements specified in the announcement. CCC may request any additional information it deems necessary from any applicant in order to evaluate properly any proposal.

§ 1486.209 How are program applications evaluated and approved?
(a) General. Proposals received by the application deadline stated in the announcement for the Central Fund undergo a multi-phase review by FAS staff and the EMP Advisory Committee to determine qualifications, quality and appropriateness of projects, and reasonableness of project budgets.
(b) Evaluation criteria. FAS will consider a number of factors when reviewing proposals, including:
   (1) The ability of the entity to provide an experienced U.S.-based staff with knowledge and expertise to ensure adequate development, supervision, and execution of the proposed project;
   (2) The entity’s willingness to contribute resources, including cash and goods and services of the U.S. industry, with greater weight given to cash contributions (for private sector proposals only);
   (3) The conditions or constraints affecting the level of U.S. exports and
market share for the agricultural commodity/product;
(4) The degree to which the proposed project is likely to contribute to the development, maintenance, or expansion of U.S. agricultural exports to emerging markets;
(5) Demonstration of how a proposed project will benefit a particular industry as a whole; and
(6) Past program results and evaluations, if applicable.

(7) The following priority technical assistance activities:
(i) Projects and activities which use technical assistance designed specifically to improve market access in emerging markets such as activities intended to mitigate the impact of sudden political events or economic and currency crises in order to maintain U.S. market share;
(ii) Marketing and distribution of value-added products, including new products or new uses. Examples include food service development, market research on potential for consumer-ready foods or new uses of a product, and export feasibility studies.
(iii) Studies of food distribution channels in emerging markets, including infrastructural impediments to U.S. exports; such studies may include cross-commodity activities which focus on problems which affect more than one industry, e.g., grain storage handling and inventory systems development;
(iv) Projects that specifically address various constraints to U.S. exports, including sanitary and phytosanitary issues and other non-tariff barriers;
(v) Assessments and follow-up activities designed to improve country-wide food and business systems, to reduce trade barriers, to increase prospects for U.S. trade and investment in emerging markets, or to determine the potential use for general export credit guarantees;
(vi) Projects that help foreign governments collect and use market information and develop free trade policies that benefit American exporters as well as the target country or countries; and
(vii) Short-term training in agriculture and agribusiness trade that will benefit U.S. exporters, including seminars and training at trade shows designed to expand the potential for U.S. agricultural exports by focusing on the trading system.

(c) Approval decision. CCC will approve those applications that it determines best satisfy the criteria and factors specified in paragraph (b) of this section. All decisions regarding the disposition of an application are final.

§ 1486.210 Are there any limits on the funding of proposals?

(a) The EMP is a relatively small program intended primarily to promote access to qualified emerging markets. Its funds are intended for focused projects with specific activities, rather than expansive concept papers which contain only broad ideas. Large, overly expensive projects (e.g., in excess of approximately $500,000) are rarely appropriate for the program.

(b) CCC will not reimburse 100 percent of the cost of any project undertaken by the private sector. The program is intended to provide appropriate assistance to projects which also have a significant amount of financial contributions from other sources, especially U.S. private industry.

(c) Funding for continuing and substantially similar projects is generally limited to 3 years. After that time, the project is assumed to have proven its viability and, if necessary, should be continued by the Recipient with its own or with alternative sources of funding.

Subpart C—Program Operations

§ 1486.300 How are applicants notified of decisions on their applications?

FAS will notify each applicant in writing of the final decision on its application. For approvals, letters will contain the notice of approval and any required qualifications or adjustments to the original proposal. For rejections, letters will explain reasons why the proposals were not approved for funding.
§ 1486.301 How is the working relationship established between CCC and the Recipient of program funding?

(a) FAS will send an approval letter followed by a project agreement to each approved applicant. The approval letter and agreement will specify the terms and conditions applicable to the project, including the levels of EMP funding and cost-share contribution requirements. The applicant is authorized to begin implementation of the project as of the date of the approval letter, unless otherwise indicated.

(b) An applicant who accepts the terms and conditions contained in the agreement should so indicate by having the appropriate authorizing official sign the agreement and submit it to the Director, Marketing Operations Staff, FAS, USDA. The applicant may not be reimbursed for approved project expenses until the Recipient’s authorizing official and CCC have signed the agreement.

§ 1486.302 Can changes be made to a project once it has been approved?

(a) Approved projects may be modified if circumstances change in such a way that they would likely affect the progress and ultimate success of a project. All requests for project modifications must be made in writing to FAS and must include:

(1) A justification as to why changes to the project as originally designed are needed;

(2) An explanation of the necessary adjustments in approach or strategy;

(3) A description of necessary changes in the project’s time line(s); and

(4) Necessary changes to the project’s budget (e.g., shifting of budgetary resources from one line item to another in order to accommodate the changes).

(b) Extensions of project time lines must be approved and made by FAS.

§ 1486.303 What specific contracting procedures must be adhered to?

(a) The Recipient has full and sole responsibility for the legal sufficiency of all contracts it may enter into with one or more third parties in order to carry out an approved project and shall assume financial liability for any costs or claims resulting from suits, challenges, or other disputes based on contracts entered into by the Recipient. Neither CCC nor any other agency of the United States Government or any official or employee of CCC or the United States Government has any obligation or responsibility with respect to Recipient contracts with third parties.

(b) Recipients are responsible for ensuring to the extent possible that the terms, conditions, and costs of contracts constitute the most economical and effective use of project funds.

(c) All fees for professional and consulting services paid to third parties in any part with project funds must be covered by written contracts.

(d) A Recipient shall:

(1) Ensure that all expenditures for goods and services in excess of $25 reimbursed by CCC are documented by a purchase order, invoice, or contract;

(2) Ensure that no employee or officer participates in the selection or award of a contract in which such employee or officer, or the employee’s or officer’s family or partners has a financial interest or gains a financial benefit;

(3) Conduct all contracting in an open manner. Individuals who develop or draft specifications, requirements, statements of work, invitations for bids, or requests for proposals for procurement of any goods or services shall be excluded from competition for such procurement;

(4) Base each solicitation for professional or consulting services on a clear and accurate description of the requirements for the services to be procured;

(5) Perform some form of fee, price, or cost analysis, such as a comparison of price quotations to market prices or other price indicia, to determine the reasonableness of the offered fees or prices; and

(6) Document the decision-making process.

Subpart D—Contributions and Reimbursements

§ 1486.400 What are the rules on cost sharing?

(a) The EMP is intended to complement, not supplant, the efforts of
§ 1486.401 What cost share contributions are eligible?

(a) Eligible contributions are those expenses that:

1. Have not been or will not be reimbursed by any other source outside of the Recipient or other participating U.S. entity;

2. Are incurred during the period covered by the project agreement;

3. Are directly related to activities necessary to implement an approved project; and

4. Are not proscribed under §1486.402.

(b) Contributions must be included in a project's line item budget.

§ 1486.402 What are ineligible contributions?

(a) The following are not eligible as contributions:

1. Normal operating expenses and other costs not directly related to the project;

2. Any portion of salary or compensation of an individual who is the focus of a promotional activity;

3. Depreciation, e.g., office equipment;

4. The cost of insuring articles owned by private individuals;

5. The cost of product development or product modifications;

6. Slotting fees or similar sales expenditures;

7. Funds, services, capital goods, or personnel provided by any U.S. government agency;

8. Capital investments made by a third party, such as permanent structures, real estate, and the purchase of office equipment and furniture;

9. The value of any services generated by a third party which involve no expenditure by the Recipient or third party, e.g., free publicity;

10. The cost of developing any application/proposal for EMP funding;

11. Costs included as contributions for any other federally-assisted project or program;

12. Membership fees in clubs and social or professional organizations; and

13. Any expenditure made prior to approval of an EMP-funded project.

(b) The Deputy Administrator shall determine, at his or her discretion, whether any cost not expressly listed in this section may be included as an eligible contribution.

§ 1486.403 What expenditures may CCC reimburse under the program?

(a) A Recipient may seek reimbursement for an expenditure if:

1. The expenditure is reasonable and is specified in the project budget in furtherance of an approved activity; and

2. The Recipient has not been or will not be reimbursed for such expenditure by any other source.
(b) Subject to paragraph (a) of this section, CCC will reimburse, in whole or in part, the cost of:

(1) Salaries and benefits of the Recipient’s existing personnel or any other participating entity that are assigned to EMP-funded projects; however, reimbursement is limited to:

(i) The actual daily rate paid by the Recipient for the employee’s salary or the daily rate of a General Schedule U.S. Government employee, GS–15/Step 10 in effect during the calendar year in which the project or activity is approved for funding, whichever is less;

(ii) The actual assigned time of the employee to the project; and

(iii) Benefits at a maximum rate of 30 percent of the existing salary of the employee, prorated to the time assigned to the project. In addition, reimbursement for an employee’s time spent on an EMP-funded project must be in lieu of compensation from the Recipient or any other participating entity.

(2) Consulting fees for professional services; however, reimbursement for consulting fees is limited to the daily rate of a General Schedule U.S. Government employee, GS–15/Step 10 in effect during the calendar year in which the project or activity is approved for funding. Reimbursement is authorized only for actual days worked and is not authorized for travel and rest days. Benefits are not reimbursable.

(3) STRE, including breakfast, lunch, dinner, and refreshments when part of an approved overseas trade activity; miscellaneous courtesies such as checkroom fees, taxi fares, and tips; and representation expenses such as the costs of social events or receptions that are primarily attended by foreign officials, and which are held at foreign venues. Such expenses must conform to the American Embassy representative funding guidelines as the standard for judging the appropriateness of STRE event costs. STRE incurred in the United States is not authorized for reimbursement, but may be counted as a cost-share contribution to the project.

(4) Travel expenses, subject to the following:

(i) Air travel, limited to the full-fare economy class rate and must comply with the Fly America Act, 49 U.S.C. App. 1517. The CCC will not reimburse any portion of air travel in excess of the full fare economy rate or when the participant fails to notify the Counselor/Attache in the destination country in advance of the travel unless the Deputy Administrator determines it was impractical to provide such notification.

(ii) Per diem, limited to the allowable rate for each domestic or foreign locale (41 CFR Chapter 301). Expenses in excess of the authorized per diem rates may be allowed in special or unusual circumstances (41 CFR Chapter 301, subpart D), and must be approved in advance.

(iii) All other expenses while in travel status must conform to U.S. Federal Travel Regulations (41 CFR Chapters 301 and 304).

(5) Direct administrative costs.

(6) Indirect costs not identified as direct costs but which are necessary to the implementation of a project. Indirect costs must be specified to be eligible for reimbursement. Indirect costs incurred by private entities (other than those identified below) may be reimbursed up to a maximum of 10 percent of the EMP funded portion of the project budget, excluding indirect costs. Market development cooperators, state regional trade groups, for-profit entities, and government Recipients (excluding FAS) may not be reimbursed for indirect costs. Indirect costs are not reimbursable for any project funded under the Technical Issues Resolution Fund or the Quick Response Marketing Fund.

(7) Rental costs for equipment necessary to carry out approved projects. Equipment rentals must be returned by the Recipient to the supplier in accordance with the lease agreements, but in no case later than 90 calendar days from the completion date of the project.

(8) Procuring samples of specific commodities or agricultural products, which are appropriate and necessary to the success of a technical assistance activity.
§ 1486.404 What expenditures are not eligible for program funding?

(a) CCC will not reimburse expenditures made prior to approval of a Recipient's proposal, unreasonable expenditures, or any cost of:

(1) Branded product promotions—store, restaurant advertising, labeling, etc.;

(16) Legal fees, including fees and costs associated with trade disputes;
(17) Real estate costs other than allowable costs for office space whose use is assigned specifically to a project funded by the EMP; and
(18) Any expenditure that has been or will be reimbursed by any other source.

(b) The Deputy Administrator may determine whether any cost not expressly listed in this section will be reimbursed.

§ 1486.405 How are Recipients reimbursed for project expenditures?

(a) After implementation of an EMP project for which CCC has agreed to provide funding, Recipients may submit claims for reimbursement of the expenses incurred to the extent CCC has agreed to pay for such costs. Reimbursement for approved project expenses is limited to 85 percent of the amount specified in the project agreement. The Recipient may be reimbursed for the remaining 15 percent of the funds after the final performance report containing the information required by the agreement is submitted to and approved by FAS.

(b) A format for reimbursement claims is available from the Marketing Operations Staff, FAS, USDA.

(c) Final reimbursement claims must be made no later than 90 days after the completion date of the project, and are subject to a complete final performance report acceptable to FAS.

(d) Any duplicate payment or overpayment made by CCC shall be returned by the Recipient promptly after discovery of the overpayment by the Recipient or within 30 days after notification by FAS, either by submitting a check made payable to the Commodity Credit Corporation and referencing the applicable project, or by offsetting as a credit on the next reimbursement claim. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

§ 1486.406 Will CCC make advance payments to Recipients?

(a) Policy. In general, CCC operates the EMP on a cost reimbursable basis.

(b) Exception. Upon request, CCC may make advance payments to a Recipient against an approved project budget. Up to 40 percent of the approved project budget may be provided as an advance, either at one time or in incremental payments. Advances should be limited to the minimum amounts needed and requested as close as administratively feasible to the actual time of disbursement by the Recipient. Reimbursement claims will be used to offset advances. Recipients shall deposit and
Commodity Credit Corporation, USDA § 1486.504

maintain advances in insured, interest-bearing accounts.

(c) Refunds due CCC. A Recipient shall expend all advances within 90 calendar days after the date of disbursement by CCC. A Recipient shall return all interest earned by advances plus any unexpended portion of the advance within 90 calendar days after the date of disbursement by CCC by submitting a check payable to CCC. All checks shall be mailed to the Director, Marketing Operations Staff, FAS, USDA.

Subpart E—Reporting, Evaluation, and Compliance

§ 1486.500 What are the reporting requirements of the program?

(a) Performance Reports. (1) Recipients are required to submit regular progress reports in accordance with the project agreement. Quarterly progress reports are required for all projects with a duration of 1 year or longer. Projects of less than 1 year in duration generally require a mid-term report.

(2) Final performance reports must be submitted no later than 90 days after completion of the project, both electronically (preferably in PDF format) and in hard copy.

(3) Reporting requirements and formats for both quarterly progress reports and final performance reports are specified in the project agreement between CCC and the Recipient entity.

(4) All final performance reports will be made available to the public.

(b) Financial Reports. Final financial reports must be submitted no later than 90 days after completion of the project. Such reports must provide a final accounting of all project expenditures by cost category, and include the accounting of actual contributions made to the project by the Recipient and all other participating entity or entities.

§ 1486.501 What is the rule on notifying field offices of international travel?

The Recipient must advise the Agricultural Counselor(s) or Attache(s) in the country or countries of any planned visits by the Recipient or its consultants or other participants to such country or countries under terms of its agreement. Failure to notify the Counselor/Attache may result in disallowance of the travel expenditures.

§ 1486.502 How is project effectiveness measured?

Project evaluations may be carried out by FAS at its option with or without Recipients. FAS may also seek outside expertise to conduct or participate in evaluations.

§ 1486.503 How is program compliance monitored?

(a) The CRS, FAS, performs periodic on-site reviews of Recipients to ensure compliance with this part, applicable federal regulations, and the terms of the project agreements. Program funds spent inappropriately or on unapproved activities must be returned to CCC. The CRS will review contributions from Recipients for compliance with project budgets as approved and specified in the agreements.

(b) The Director, CRS, will notify a Recipient through a compliance report when, in the opinion of the Director, CRS, it appears that CCC is entitled to recover funds from that Recipient. The report will state the basis for this action.

§ 1486.504 How does a Recipient respond to a compliance report?

(a) A Recipient shall, within 60 days of the date of the compliance report, submit a written response to the Director, CRS. The Director, CRS, at his or her discretion, may extend the period for response up to an additional 30 days. The response shall include:

(1) Repayment of any funds determined to be due to CCC;

(2) Submission of documentation or evidence of any other required action; or

(3) A request for reconsideration of any finding and the supporting justification.

(b) If, after review of the compliance report and response, the Director, CRS determines that the Recipient owes money to CCC, the Director, CRS, will so inform the Recipient and provide a detailed basis for the decision. The Recipient has 30 days from the date of the
§ 1486.505 Can a Recipient appeal the determinations of the Director, CRS?

(a) A Recipient may appeal the determinations of the Director, CRS, to the Deputy Administrator, CMP. The request must be in writing and be submitted to the Office of the Deputy Administrator, CMP, within 30 days following the date of the original determination. The Recipient may request a hearing.

(b) If the Recipient submits its appeal and requests a hearing, the Deputy Administrator, or the Deputy Administrator’s designee, will set a date and time, generally within 60 days. The hearing will be an informal proceeding. A transcript will not ordinarily be prepared unless the Recipient bears the cost of the transcript; however, the Deputy Administrator or designee may have a transcript prepared at FAS’s expense.

(c) The Deputy Administrator or the Deputy Administrator’s designee will base the determination on appeal upon information contained in the administrative record and will endeavor to make a determination within 60 days after submission of the appeal, hearing, or receipt of any transcript, whichever is later. The determination of the Deputy Administrator will be the final determination of FAS. The Recipient must exhaust all administrative remedies contained in this section before pursuing judicial review of a determination by the Deputy Administrator.

§ 1486.506 When will a project be reviewed?

Any project or activity funded under the program is subject to review or audit at any time during the course of implementation or after the completion of the project.

§ 1486.507 What is the effect of failing to make required contributions?

A Recipient’s contribution requirement is specified in the project agreement. If a Recipient fails to contribute the total specified in the agreement, the difference between the amount contributed and the total must be repaid to the CCC in U.S. dollars. If a Recipient is reimbursed by CCC for less than the amount of funds approved in the agreement, then the final cost share shall equal, on a percentage basis, the original ratio of private contributions to the authorized EMP funding level.

§ 1486.508 How long must Recipients maintain original project records?

Each Recipient shall maintain all original records and documents relating to the project for 3 calendar years following the end of the project’s completion. All documents and records related to the project, including records pertaining to contractors, shall be made available upon request.

§ 1486.509 Are Recipients allowed to charge fees for specific activities in approved projects?

Reasonable activity fees or registration fees, if identified as such in a project budget, may be charged for projects approved for program funding. Income or refunds generated from an activity, however, for which the expenditures have been wholly or partially reimbursed, shall be repaid by submitting a check payable to CCC or offsetting the Recipient’s reimbursement claim. Any activity fees charged must be used to offset activity expenses. Such fees may not be used as profit or counted as cost-share. The intent to charge a fee must be part of the original proposal, along with an explanation of how such fees are to be used.

§ 1486.510 What is the policy regarding disclosure of program information?

Commodity Credit Corporation, USDA

§1487.2  What is the TASC program?

Under the TASC program, CCC, an agency and instrumentality of the United States within the Department of Agriculture, provides funds to eligible organizations, on a grant basis, to implement activities that are intended to address a sanitary, phytosanitary,
or related technical barrier that prohibit or threaten the export of U.S. specialty crops that are currently available on a commercial basis. The TASC program is intended to benefit the represented industry rather than a specific company or brand. This program is administered by FAS.

§ 1487.3 What activities are eligible?

(a) General. In order to be eligible for funding under the TASC program, activities must address sanitary, phytosanitary, or technical barriers to export of specialty crops. Examples of expenses that CCC may agree to cover under the TASC program include, but are not limited to: initial pre-clearance programs, export protocol and work plan support, seminars and workshops, study tours, field surveys, development of pest lists, pest and disease research, database development, reasonable logistical and administrative support, and travel and per diem expenses.

(b) Location of activities. Eligible projects may take place in the United States or abroad.

§ 1487.4 Are there any limits on the scope of proposals?

(a) Funding cap. TASC proposals which request more than $250,000 of CCC funding in a given year will not be considered.

(b) Length of activities. TASC proposals to fund activities that exceed three years will not be considered.

(c) Target countries. Proposals may target all export markets, including single countries or reasonable regional groupings of countries.

(d) Multiple proposals. Applicants may submit multiple proposals, but no TASC participant may have more than three approved projects underway at any given time.

§ 1487.5 What is the process for submitting proposals?

(a) General. Periodically the CCC will inform the public of the process by which interested eligible organizations may submit proposals for TASC program funding. This announcement will, among other things, include information on any deadlines for submitting proposals and the address of the office to which the proposals should be sent.

(b) Contents of proposals. TASC proposals must contain complete information about the proposed projects, including, at a minimum, the following:

(i) Organizational information, including:

(ii) Type of organization;

(iii) Name, telephone number, fax number, and e-mail address of the primary contact person;

(iv) A description of the organization's name, address, Chief Executive Officer (or designee), and Federal Tax Identification Number (TIN);

(v) A description of the organization's experience in technical assistance projects, including activities involved and project results.

(ii) Project information, including:

(i) A brief project title;

(ii) The amount of funding requested and a justification for why federal funding is needed;

(iii) Beginning and ending dates for the proposed project;

(iv) A market assessment, including a brief description of the specific export barrier to be addressed by the project;

(v) The goals of the project, and the expected benefits to the represented industry;

(vi) A description of the activities planned to address the export barrier;

(vii) An itemized list of all estimated costs associated with the project for which reimbursement will be sought; and

(viii) Information indicating all financial and in-kind support to the proposed project, and the resources to be

contributed by each entity that will contribute to the project’s implementation. This may include the organization that submitted the proposal, private industry entities, host governments, foreign third parties, CCC, FAS, or other Federal agencies. Support may include cash, goods, and services. Although highly encouraged, financial support from the participant is not required.

(3) Export information, including:
   (i) Performance measures for three years, beginning with the year that the project would begin, which will be used to measure the effectiveness of the project;
   (ii) A benchmark performance measure for the year prior to the year that the project would begin; and
   (iii) The viability of long-term sales to this market.

§ 1487.6 What are the criteria for evaluating proposals?

(a) Evaluation criteria. FAS will use the following criteria in evaluating proposals:
   (1) The nature of the specific export barrier and the extent to which the proposal is likely to successfully remove, resolve, or mitigate that barrier;
   (2) The potential trade impact of the proposed project on market retention, market access, and market expansion, including the potential for expanding commercial sales in the targeted market;
   (3) The completeness and viability of the proposal;
   (4) The ability of the organization to provide an experienced staff with the requisite technical and trade experience to execute the proposal;
   (5) The extent to which the proposal is targeted to a market in which the United States is generally competitive;
   (6) The cost of the project and the amount of other resources dedicated to the project, including cash and goods and services of the U.S. industry and foreign third parties;
   (7) The degree to which time is essential to addressing specific export barriers;
   (8) In cases where the CCC receives multiple proposals from different applicants which address essentially the same barrier, the nature of the applicant organization will be taken into consideration, with a greater weight given to those organizations with the broadest base of producer representation.

(b) Evaluation process. FAS will review proposals for eligibility and will evaluate each proposal against the factors described in paragraph (a) of this section. The purpose of this review is to identify meritorious proposals, recommend an appropriate funding level for each proposal based upon these factors, and submit the proposals and funding recommendations to the Deputy Administrator, Commodity and Marketing Programs. FAS may, when appropriate to the subject matter of the proposal, request the assistance of other U.S. government experts in evaluating the merits of a proposal.

§ 1487.7 How are agreements formalized?

Following the approval of a proposal, the CCC will enter into a written agreement with the organization that submitted the proposal. This program agreement will incorporate the proposal as approved by the FAS, include a maximum dollar amount that may be reimbursed (the funding level), and identify terms and conditions under which the CCC will reimburse certain costs of the project. Program agreements also will outline any specific responsibilities of the participant, including, but not limited to, the timely and effective implementation of program activities and the submission of a written report(s), on no less than an annual basis, which evaluates the TASC project using the performance measures presented in the approved proposal.

[68 FR 42564, July 18, 2003]

§ 1487.8 How are payments made?

(a) Reimbursement. (1) Following the implementation of a project for which the CCC has agreed to provide funding, a participant may submit claims for reimbursement of eligible expenses to the extent that the CCC has agreed to
pay such expenses. Any changes to approved activities must be approved in writing by the FAS before any reimbursable expenses associated with the change can be incurred. A participant will be reimbursed after the CCC reviews the claim and determines that it is complete.

(2) All claims for reimbursement must be received no later than 90 calendar days following the expiration or termination date of the program agreement. For program agreements which extend beyond twelve months, all claims for reimbursement must be received no later than 90 calendar days following the next anniversary of the effective date of the agreement.

(3) Participants shall maintain complete records of all program expenditures, identified by TASC agreement number, program year, country or region, activity number and cost category. Such records shall be accompanied by original documentation which supports the expenditure and shall be made available to the FAS upon request.

(4) Participants shall maintain all records and documents relating to TASC projects, including the original documentation which supports reimbursement claims, for a period of three calendar years following the expiration or termination date of the program agreement. Such records and documents will be subject to verification by the FAS Compliance Review Staff and shall be made available upon request to authorized officials of the U.S. Government. The FAS may deny a claim for reimbursement if the claim is not supported by acceptable documentation.

(5) In the event that a reimbursement claim is overpaid or is disallowed after payment already has been made, the participant shall return the overpayment amount or the disallowed amount to the CCC within 30 days after realizing the overpayment or receiving notification of the overpayment or disallowed amount.

(b) Advances. Participants may request advances of funds, not to exceed 85 percent of the funding approved in any given program year. All advanced funds must be either fully expended or the balance returned by check made payable to the CCC no later than the 90th calendar day following the date of disbursement of the advance to the participant. Upon the expenditure of advance funds, participants must submit reimbursement claims to offset the advance charged to them.

(c) Interest. Participants shall deposit and maintain advanced funds in insured, interest-bearing accounts. Interest earned on outstanding advances must be returned by check made payable to the CCC at the time the advance is either fully expended or itself returned.

Source: 42 FR 10999, Feb. 25, 1977, unless otherwise noted.

General

§ 1488.1 General statement.

(a) Except as otherwise provided in this paragraph (a), the regulations and the supplements thereto contained in this subpart A supersede the regulations and supplements revised April 1975, and set forth the terms and conditions governing the CCC Export Credit Sales Program (GSM–5). The maximum financing period shall be three years. The regulations and supplements as revised in April 1971 and April 1975, shall remain in effect for all transactions under financing approvals issued thereunder.

(b) Subject to the terms and conditions set forth in this subpart A, CCC will purchase for cash, after delivery, the exporter’s account receivable arising from the export sale.

(c) The provisions of Pub. L. 83-664 are not applicable to shipments under this program.

(d) The regulations contained in this subpart A may be supplemented by such additional terms and conditions, applicable to specified agricultural commodities, and, to the extent that they may be in conflict or inconsistent with any other provisions of this subpart A, such additional terms and conditions shall prevail.

§ 1488.2 Definition of terms.

As used in this subpart A and in the forms and documents related thereto, the following terms shall have the meanings assigned to them in this section:

(a) Account receivable means the contractual obligation of the foreign importer to the exporter for the port value of the commodity delivered for which the exporter is extending credit to the importer. The account receivable shall be evidenced by documents, in form and substance satisfactory to CCC, establishing the contractual obligation between the U.S. exporter and the foreign importer. The account receivable shall provide for (1) payment of principal and interest in U.S. dollars in the United States, (2) interest in accordance with § 1488.14, and (3) acceleration of payment thereunder in accordance with these regulations.

(b) Agency or branch bank means an agency or branch of a foreign bank, supervised by New York State banking authorities or the banking authorities of any other State providing similar supervision, and approved by the Controller, CCC.

(c) Assistant Sales Manager means the Assistant Sales Manager, Commercial Export Programs, Office of the General Sales Manager.

(d) Bank obligation means an obligation, acceptable to CCC, of a U.S. bank, a foreign bank, an agency or branch bank, to pay to CCC in U.S. dollars the amount of the account receivable, plus interest in accordance with § 1488.14. The bank obligation shall be in the form of an irrevocable letter of credit issued by a U.S. bank or a branch bank, or confirmed or advised by a U.S. bank or any agency or branch bank in accordance with § 1488.12. The bank obligation shall provide for payment under the terms and conditions of the financing agreement and shall be payable not later than the date of expiration of the financing period or of the bank obligation, whichever occurs first, if payment is not received from other sources.

(e) CCC means the Commodity Credit Corporation, U.S. Department of Agriculture.

(h) Date of delivery means the on-board date of the ocean bill of lading, or the date of an airway bill, or, if exported by rail or truck, the date of entry shown on an authenticated landing certificate or similar document issued by an official of the government of the importing country. If delivery is before export, the date of delivery means (1) the date(s) of the warehouse receipt(s), or other evidence acceptable to CCC, covering the commodity in a warehouse acceptable to CCC, or (2) the onboard carrier (truck, rail car or lash or seabee barge) date of a through bill of lading covering commodities in a container or a lash or seabee barge at a U.S. inland or coastal point.

(i) Date of sale means the earliest date the exporter has knowledge that a contractual obligation exists with the foreign buyer under which a firm dollar and cent price has been established or a mechanism to establish the price has been agreed upon.

(j) Delivery means the delivery required by the export sale contract to transfer to the importer full or conditional title to the agricultural commodity. Delivery before export may be (1) in a warehouse in the United States acceptable to CCC by issuance or transfer of the warehouse receipt to the importer, or (2) f.a.s. or f.o.b. U.S. inland or coastal loading point, if the commodity is loaded in a container on a truck or rail car, or in a lash or seabee barge for shipment to a point of export under a through bill of lading. Delivery at point of export shall be f.a.s. or f.o.b. at U.S. ports, at U.S. border points of exit or, if transshipped through Canada, at ports on the Great Lakes or the St. Lawrence River.

(k) Eligible commodities means agricultural commodities, including eligible cotton, produced in the United States and designated as eligible for export under CCC's Export Credit Sales Program in a USDA announcement. Commodities which have been purchased from CCC are eligible for export as private stocks. Exports of commodities pursuant to any CCC barter contract, Pub. L. 480 or AID agreement, or direct loan by the Export-Import Bank are not eligible for financing under this program. Commodities delivered prior to CCC receiving the sale registration request in accordance with §1488.4 are not eligible for financing under this program unless such financing is determined by the Vice President, CCC, or the Assistant Sales Manager, to be in the interest of CCC.

(l) Eligible cotton means Upland and Extra Long staple cotton grown in the United States: Provided, however, that reginned or repacked cotton, as defined in regulations of the U.S. Department of Agriculture under the U.S. Cotton Standards Act (7 CFR 28.40), by-products of cotton such as cotton mill waste, motes, and linters, and any cotton that contains any by-products of cotton are not eligible for export financing hereunder. (m) Eligible destination means the country which is named in the financing agreement and which meets the licensing requirements of the U.S. Department of Commerce.

(n) Eligible exporter or exporter means a person (1) who is engaged in the business of buying or selling commodities and for this purpose maintains a bona fide business office in the United States, its territories or possessions, and has someone on whom service of judicial process may be had within the United States, (2) who is financially responsible, and (3) who is not suspended or debarred from contracting with or participating in any program financed by CCC on the date of issuance of the financing approval.

(p) Financing agreement means the exporter's request for a sale registration as approved by the Assistant Sales Manager, including the terms and conditions of the regulations in effect on the date of approval.

agreement, and shall expire on the expiration of the bank obligation or the specified period over which repayment is to be made, whichever occurs first.

(r) Foreign bank means a bank which is not a U.S. bank or an agency or branch bank, and includes a foreign branch of a U.S. bank.

(s) Foreign importer or importer means the foreign buyer who purchases the commodities to be exported under a financing agreement and executes the documents evidencing the account receivable assigned to CCC.

(t) GSM–5 means the regulations contained in this subpart A, and supplements thereto, setting forth the terms and conditions governing the CCC Export Credit Sales Program.

(u) Noncommercial risk means risk of loss due to (1) inability of the foreign bank through no fault of its own to convert foreign currency to dollars, or (2) non-delivery into the eligible destination of the commodity covered by a financing agreement through no fault of the foreign bank or importer or exporter because of the cancellation by the government of the eligible destination of previously issued valid authority to import such shipment into the eligible destination or because of the imposition of any law or of any order, decree, or regulation having the force of law, which prevents the import of such shipment into the eligible destination, or (3) inability of the foreign bank to make payment due to war, hostilities, civil war, rebellion, revolution, insurrection, civil commotion, or other like disturbance occurring in the eligible destination, expropriation, or confiscation, or other like action by the government of the eligible destination country, or (4) failure of the foreign bank to make payment for any reason if it is an instrumentality of or is wholly owned by the foreign government.

(v) Port value means the net amount of the exporter’s sales price of the commodity to be exported under the financing agreement, (1) basis f.a.s. or f.o.b. export carrier at U.S. ports, at U.S. border points of exit, at U.S. airports if shipped by air, or, if transshipped through Canada at ports on the Great Lakes, or on the St. Lawrence River, or (2) basis U.S. warehouse for commodities delivered to such warehouse before export, or (3) basis f.a.s. or f.o.b. The port value shall not include ocean freight for a c. & f. sale or ocean freight and marine and war risk insurance for a c.i.f. sale but may include carrying charges as provided for in the sales contract. The net amount of the exporter’s sales price means the exporter’s contract price for the commodities, on the basis stated above, less any payments made to the exporter and less any discounts, credits, or allowances by the exporter.

(w) Sale means a contract to sell on credit U.S. agricultural commodities to be financed under GSM–5.

FINANCING EXPORT SALES

§ 1488.3 General.

When considering the extension of CCC credit for the purpose of financing agricultural commodities, CCC will take into account the extent to which CCC credit financing will:

(a) Permit U.S. exporters to meet competition from other countries.

(b) Prevent a decline in U.S. commercial export sales.

(c) Substitute commercial dollar sales for sales made pursuant to Pub. L. 480 or other concessional programs.

(d) Result in a new use of the agricultural commodity in the importing country.
§ 1488.4 Submission of requests for sale registrations.

(a) An eligible exporter shall submit a request for a sale registration for financing to the office specified in § 1488.22. If such a request is made by telephone, it must be confirmed by letter or wire.

(b) Requests for sale registrations shall be in writing. The total amount requested to be registered under a sale shall not exceed the sale contract value, including the upward tolerance, if any.

(c) Requests for sale registration shall incorporate by reference all terms and conditions of GSM-5. The following information shall also be included in the exporter’s request for a sale registration:

1. The name, class, grade, or quality, as applicable, and quantity of the commodity to be exported.
2. The country of destination.
3. The port value of the commodity to be exported and the sale contract tolerance, if applicable.
4. The date of sale and exporter’s sale number.
5. The date of delivery or the period for delivery and the month in which application for payment will be submitted.
6. The financing period.
7. Whether the bank obligation assuring payment of the account receivable will be issued by a U.S. bank, branch bank, or foreign bank. If it will be issued by a foreign bank, its name and address, and the name of the confirming U.S. bank, branch bank, or agency bank (if approved as provided in § 1488.12b), and the percentage of confirmation.
8. The name and address of the foreign importer.
9. If delivery of the commodity to be exported is before export in a warehouse, the name and address of the warehouse to which delivery is to be made.
10. If the commodity will be sold through an intervening purchaser, the name and address of the intervening purchaser, and a statement that the sale of the commodity is or will be conditioned on its resale by the intervening purchaser and that the commodity will be shipped directly to the foreign importer in the destination country specified in paragraph (d)(2) of this section pursuant to a contract in which the foreign importer agrees to pay the U.S. exporter the amount to be financed in accordance with the terms of GSM-5 financing agreement.

(c) CCC reserves the right to reject any and all requests for sale registration.

(d) The registration of a sale shall create a financing agreement between the exporter and CCC which shall consist of the exporter’s request for a sale registration, CCC’s acceptance of the sale registration, the applicable terms and conditions of this subpart, including amendments and supplemental announcements hereunder which are in effect on the date of approval.

(e) The financing agreement may contain such terms and conditions, not inconsistent with GSM-5, as are deemed necessary in the interest of CCC.

(f) An exporter shall promptly notify the Assistant Sales Manager when he is unable to fulfill his obligations under any sale registered with CCC.

[42 FR 10999, Feb. 25, 1977, as amended by Amdt. 6, 43 FR 29933, July 12, 1978]
§ 1488.6 Amendments to financing agreement.

The financing agreement may be amended provided such amendment is in conformity with GSM–5 at the time of amendment and is determined to be in the interest of CCC. Amendments may include extension of the period for delivery or the period for export, and change in the interest rate. After the commodity has been delivered, CCC will consider requests to increase the amount of the sale registration value for any quantity within the tolerance in the sales contract and for carrying charges provided such requests relate to the same sale as originally registered with CCC.

§ 1488.7 Expiration of period(s) for delivery and/or export.

(a) Unless delivery by the exporter to the importer is made within such period as may be provided in the financing agreement or any amendment thereof, or under paragraph (b) of this section, the financing agreement will no longer be valid.

(b) If the Assistant Sales Manager determines that delay in delivery was due solely to causes without the fault or negligence of the exporter, the period for delivery may be extended by CCC by the period of such delay.

(c) If delivery is made before export under the terms of the financing agreement, failure to export within the period specified therefor in the financing agreement shall constitute a breach of the financing agreement. In such case, if full payment under the bank obligation or account receivable has not been received, the account receivable and the bank obligation shall, at the option of the Assistant Sales Manager, become immediately due and payable, and liquidated damages shall be payable in accordance with §1488.11.

§ 1488.8 Documents required after delivery.

(a) CCC will purchase an exporter’s account receivable only if the Treasurer, Commodity Credit Corporation, United States Department of Agriculture, Washington, DC 20250, receives the documents specified in paragraphs (b) through (e) of this section and any documentation and certifications required by any supplements to these regulations within forty-five days, or any extension thereof by the Treasurer or Assistant Treasurer, CCC, after date of delivery of commodities exported or to be exported under the financing agreement.

(b) The exporter shall submit a “Combined Application for Disbursement, Assignment of Account Receivable and Certification” which shall include:

(1) A written application for disbursement, showing the financing agreement number and the port value of the commodity delivered.

(2) An assignment of the account receivable arising from the export sale, in form and substance acceptable to CCC.

(3) The exporter’s certification (i) that he has entered into a contract to sell an eligible commodity; (ii) of the date of sale, the grade, quality, quantity, agreed upon price for the commodity and payment terms and interest in accordance with the financing agreement; (iii) that he has in his files documents evidencing the export sale contract and the obligation of the importer to him for the financed portion of the export sale and will retain and furnish them to CCC on demand until 3 years after the end of the financing period; (iv) that agricultural commodities of the grade, quality, and quantity called for in the exporter’s sale as registered with CCC have been delivered to the foreign importer; and (v) that he knows of no defenses to the account receivable assigned to CCC.

(c) A copy of the sales invoice to the foreign importer, or, if the commodity has been sold through an intervening purchaser, a copy of the exporter’s sales invoice to the intervening purchaser and of the intervening purchaser’s sales invoice to the foreign importer.

(d) A copy of the document evidencing export provided for in §1488.9 and, if the consignee is other than the foreign importer named in the financing agreement, such additional information as CCC may request to show that export
§ 1488.9 Evidence of export.

(a) If the commodity is exported by rail or truck, the exporter shall furnish to the Treasurer, CCC, one copy of the bill of lading covering the commodity exported, certified by the exporter as being a true copy, and an authenticated landing certificate or similar document issued by an official of the government of the country to which the commodity is exported, showing the quantity, the gross landed weight of the commodity, the place and date of entry, and the name and address of both the exporter and the importer.

(b) If the commodity is exported by ocean carrier, the exporter shall furnish to the Treasurer, CCC, one non-negotiable copy or photo copy or other type of copy of either (1) an onboard ocean bill of lading or (2) an ocean bill of lading with an onboard endorsement, dated and signed or initialed on behalf of the carrier. The bill of lading must be certified by the exporter as being a true copy and must show the quantity, the date and place of loading the commodity, the name of the vessel, the destination of the commodity and the name and address of both the exporter and the importer.

(c) If the commodity is exported by aircraft, the exporter shall furnish to the Treasurer, CCC, one non-negotiable copy of an airway bill, dated and signed or initialed on behalf of the carrier. The airway bill must be certified by the exporter as being a true copy and must show the date and place of loading the commodity, the name of the...

§ 1488.12 Coverage of bank obligations.

(a) U.S. banks and branch banks shall be liable without regard to risk (1) for payment of bank obligations issued by them or (2) for payment of bank obligations confirmed by them without regard to risk if a requirement for such confirmation is included in the financing agreement or (3) as provided in paragraphs (c) and (d) of this section.

(b) An obligation issued by a foreign bank must be confirmed and advised, as provided in paragraphs (a), (c), (d), (e), and (f) of this section, by a U.S. bank or a branch bank, or may be confirmed by an agency bank when determined by the President or Vice President, CCC, after consultation with the Controller, CCC, to be in the interest of CCC.

(c) A U.S. bank must confirm the full amount of an obligation issued by its foreign branch. CCC will hold the U.S. bank liable for payment without regard to risks.

(d) If a branch bank confirms an obligation issued by its home office, or by another branch of its home office, it must confirm the full amount thereof. CCC will hold the branch bank liable for payment without regard to risks.

(e) If CCC accepts an agency bank confirmation of a foreign bank obligation, it must be for the full amount thereof without regard to risks and will be subject to such terms and conditions as may be contained in the financing agreement. CCC will not accept an agency bank confirmation of an obligation issued by its home office, or by a branch of its home office.

(f) Except as provided in paragraphs (a), (c), and (d) of this section, if a U.S. bank or a branch bank confirms an obligation issued by a foreign bank, it must confirm at least 10 percent pro rata and must advise the remainder of the foreign bank obligation. The percentage of confirmation shall be the same for both the account receivable and the interest portions of the obligation. For the confirmed amount, except as provided in paragraph (a)(2) of this
Commodity Credit Corporation, USDA

§ 1488.14 Interest charges.

The account receivable assigned to CCC and the related bank obligation(s) shall bear interest as specified in this section. Rates of interest applicable to financing agreements shall be published in USDA announcement. The interest rate applicable to that portion of an account receivable for which payment is assured by a bank obligation issued or confirmed for all risks according to §1488.12(a)(ii) or pro rata confirmed by a U.S. bank shall be lower than the interest rate applicable for the remainder of the account receivable. The interest rate applicable to that portion of an account receivable the payment of which is assured by a bank obligation issued or pro rata confirmed by a branch bank shall, when determined by the President or Vice President, CCC after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rates applicable to accounts receivable the payment of which is assured by an agency bank confirmation may, when determined by the President or Vice President, CCC, after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rates applicable to accounts receivable the payment of which is assured by a bank obligation issued or pro rata confirmed by a U.S. or branch bank shall not thereafter have recourse to CCC.

§ 1488.13 CCC drafts.

CCC will draw one draft for each payment due under bank obligations. If any portion of a CCC draft is dishonored, the U.S. bank or branch bank shall return the dishonored draft together with its statement of the reason for nonpayment. CCC will replace the draft with separate drafts for the confirmed and unconfirmed portions at the request of the confirming bank. Such replacement shall not alter the confirming bank’s obligation for timely payment to CCC of the confirmed portion of the credit. For confirmed amounts, except as provided in §1488.12(a)(ii), a U.S. or branch bank may request refund from CCC of the amount paid if it certifies to CCC that it is unable to recover funds from the foreign bank due to a stipulated non-commercial risk which existed on the date payment was made to CCC under the draft. If CCC finds that inability to recover funds was due to such a non-commercial risk, the refund shall be promptly made together with interest at the Federal Reserve Bank of New York discount rate from and including the date payment was originally made to CCC but not include the date of refund by CCC. For unconfirmed amounts, remittance to CCC shall be considered final, and the U.S. bank or branch bank shall not thereafter have recourse to CCC.

§ 1488.15 Advance payment.

If, before expiration of the financing period, the exporter or the U.S. bank or the agency or branch bank accepts payment from or on behalf of the foreign importer of any part of the account receivable, it shall be remitted promptly to CCC. Such prepayment shall be applied first to interest on the unpaid balance of the account receivable to the date CCC receives such prepayment and then to the principal.

§ 1488.16 Liability for payment.

If delivery is made within the coverage of the bank obligation(s) submitted in accordance with §1488.8, CCC will look to the obligating bank or banks and the foreign importer, rather than to the exporter or intervening purchaser, for payment of all amounts due at maturity of the account receivable and of the bank obligation(s), but the exporter and the intervening purchaser shall remain liable for any loss arising from breach of any contractual obligation, certification or warranty made by them pursuant to the financing agreement, and the exporter shall remain liable for any amounts not covered by the bank obligation which are owing to CCC, and any remittance or refund required by §1488.15 and §1488.18, together with interest thereon at the rate specified in the documents evidencing the account receivable, as well as for any liquidated damages provided for in §1488.11. The liability of the bank and the importer under their respective obligations shall be several.

§ 1488.17 Assignment.

The exporter shall not assign any claim or rights or any amounts payable under the financing agreement, in whole or in part, without written approval of the Vice President, CCC, or the Controller, CCC.

§ 1488.18 Covenant against contingent fees.

The exporter warrants that no person or selling agency has been employed or retained to solicit or secure the financing agreement on an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business. For breach or violation of this warranty, CCC shall have the right, without limitation on any other rights it may have, to annul the financing agreement without liability to CCC. Should the financing agreement be annulled, CCC will promptly consent to the reduction or cancellation or related bank obligations except for amounts outstanding under a financing agreement. Such amounts shall, on demand, be refunded to CCC by the exporter.

§ 1488.19 [Reserved]

§ 1488.20 Officials not to benefit.

No member of or delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of the financing agreement or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the financing agreement if made with a corporation for its general benefit.

§ 1488.21 Exporter's records and accounts.

CCC shall have access to and the right to examine any directly pertinent books, documents, papers and records of the exporter involving transactions related to the financed export credit sale until the expiration of three years after the end of the financing period.
§ 1488.22 Communications.

(a) Unless otherwise provided, written requests, notifications, or communications by the applicant pertaining to the financing agreement shall be addressed to the Assistant Sales Manager, Commercial Export Programs, Office of the General Sales Manager, U.S. Department of Agriculture, Washington, DC 20250.

(b) [Reserved]

§ 1488.23 OMB Control Numbers assigned pursuant to the Paperwork Reduction Act.

The information collection requirements contained in these regulations (7 CFR part 1488) have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. Chapter 35 and have been assigned OMB Control Number 0551–0021.

§ 1491.3

(10) Provide leadership for establishing, implementing, and overseeing administrative processes for easements, easement payments, and administrative and financial performance reporting.

(c) NRCS may enter into cooperative agreements with eligible entities to assist NRCS with implementation of this part.

§ 1491.3 Definitions.

The following definitions may be applicable to this part:

Agricultural uses are defined by the State’s Purchase of Development Rights (PDR) program, or where no PDR program exists, agricultural uses should be defined by the State agricultural use assessment program. (If the Agency finds that a State definition of agriculture is so broad that an included use could lead to the degradation of soils, NRCS reserves the right to impose greater deed restrictions on the property than allowable under that State definition of agriculture in order to protect topsoil.)

Chief means the Chief of NRCS, USDA.

Commodity Credit Corporation (CCC) is a Government-owned and operated entity that was created to stabilize, support, and protect farm income and prices. CCC is managed by a Board of Directors, subject to the general supervision and direction of the Secretary of Agriculture, who is an ex-officio director and chairperson of the Board. CCC provides the funding for FRPP, and NRCS administers FRPP on its behalf.

Conservation Easement means a voluntary, legally recorded restriction, in the form of a deed, on the use of property, in order to protect resources such as agricultural lands, historic structures, open space, and wildlife habitat.

Conservation Plan is the document that—

(1) Applies to highly erodible cropland;

(2) Describes the conservation system applicable to the highly erodible cropland and describes the decisions of the person with respect to location, land use, tillage systems, and conservation treatment measures and schedules;

(3) Is approved by the local soil conservation district in consultation with the local committees established under Section 8(b)(5) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590(h)b(5)) and the Secretary, or by the Secretary.

Eligible entities means Federally recognized Indian Tribes, States, units of local government, and certain non-governmental organizations, which have a farmland protection program that purchases agricultural conservation easements for the purpose of protecting topsoil by limiting conversion to non-agricultural uses of the land.

Additionally, to be eligible for FRPP, the entity must have pending offers, for acquiring conservation easements for the purpose of protecting agricultural land from conversion to non-agricultural uses.

Eligible land is privately owned land on a farm or ranch that has prime, unique, Statewide, or locally important soil, or contains historical or archaeological resources, and is subject to a pending offer by an eligible entity. Eligible land includes cropland, rangeland, grassland, and pasture land, as well as forest land that is an incidental part of an agricultural operation.

Other incidental land that would not otherwise be eligible, but when considered as part of a pending offer, may be considered eligible, if inclusion of such land would significantly augment protection of the associated farm or ranch land.

Fair market value is ascertained through standard real property appraisal methods. Fair market value is the amount in cash, or in terms reasonably equivalent to cash, for which in all probability the property would have sold on the effective date of the appraisal, after a reasonable exposure of time on the open competitive market, from a willing and reasonably knowledgeable seller, to a willing and reasonably knowledgeable buyer with neither acting under any compulsion to buy or sell, giving due consideration to all available economic uses of the property at the time of the appraisal. Easement price will be determined by completing an appraisal for market value of the whole property (larger parcel) before the easement (before value) and an appraisal for market value of the whole property (larger parcel) after the
Commodity Credit Corporation, USDA § 1491.3

...easement (after value) is placed. The difference between the before value and the after value is deemed the value of the conservation easement.

Farm or Ranch Succession Plan is a general plan to address the continuation of some type of agricultural business on the conserved land; the farm or ranch succession plan may include specific intra-family succession agreements or strategies to address business asset transfer planning to create opportunities for beginning farmers and ranchers.

Field Office Technical Guide (FOTG) is the official document for NRCS guidelines, criteria, and standards for planning and applying conservation treatments and conservation management systems. The FOTG contains detailed information on the conservation of soil, water, air, plant, and animal resources applicable to the local area for which it is prepared.

Forest land means a land cover/use category that is at least 10 percent stocked by single-stemmed woody species of any size that will be at least 4 meters (13 feet) tall at maturity. Also included is land bearing evidence of natural regeneration of tree cover (cut over forest or abandoned farmland) that is not currently developed for nonforest use. Ten percent stocked, when viewed from a vertical direction, equates to an aerial canopy cover of leaves and branches of 25 percent or greater. The minimum area for classification as forest land is 1 acre, and the area must be at least 100 feet wide. Exceptions may be made by the Chief for land primarily managed through a low-input system for food, fiber, or other agricultural products.

Historical and archaeological resources must be:

1. Listed in the National Register of Historic Places (established under the National Historic Preservation Act [NHPA], 16 U.S.C. 470, et seq.), or
2. Formally determined eligible for listing in the National Register of Historic Places (by the State Historic Preservation Officer [SHP O] or Tribal Historic Preservation Officer [THPO] and the Keeper of the National Register in accordance with section 106 of the NHPA), or
3. Formally listed in the State or Tribal Register of Historic Places of the SHPO (designated under section 101 (b)(1)(B) of the NHPA) or the THPO (designated under section 101(d)(1)(C) of the NHPA).

Imminent harm means those easement violations or threatened violations that, in the opinion of the Agency, would likely cause immediate and significant degradation to the conservation values; for example, those violations which would adversely impact soil structure or result in the erosion of topsoil beyond acceptable levels as established by NRCS.

Land Evaluation and Site Assessment System (LESA) is the land evaluation system approved by the NRCS State Conservationist used to rank land for farm and ranch land protection purposes, based on soil potential for agriculture, as well as social and economic factors, such as location, access to markets, and adjacent land use. (For additional information see the Farmland Protection Policy Act rule at 7 CFR part 658.)

Landowner means a person, persons, estate, corporation, or other business or nonprofit entity having fee title ownership of farm or ranch land.

Natural Resources Conservation Service is an agency of the U.S. Department of Agriculture.

Non-governmental organization is defined as any organization that:

1. Is organized for, and at all times since the formation of the organization, has been operated principally for one or more of the conservation purposes specified in clause (i), (ii), (iii), or (iv) of section 170(h)(4)(A) of the Internal Revenue Code of 1986;
2. Is an organization described in section 501(c)(3) of that Code that is exempt from taxation under section 501(a) of that Code;
3. Is described in section 509(a)(2) of that Code; or
4. Is described in section 509(a)(3) of that Code and is controlled by an organization described in section 509(a)(2) of that Code.

Other interests in land include any right in real property recognized by State law, including fee title. FRPP funds will only be used to purchase...
other interests in land with prior approval from the Chief.

Other productive soils are soils that are contained on farm or ranch land that is identified as farmland of Statewide or local importance and is used for the production of food, feed, fiber, forage, or oilseed crops. The appropriate State or local government agency determines Statewide or locally important farmland with concurrence from the State Conservationist. Generally, these farmlands produce high yields of crops when treated and managed according to acceptable farming methods. In some States and localities, farmlands of Statewide and local importance may include tracts of land that have been designated for agriculture by State law or local ordinance. 7 CFR part 657 sets forth the process for designating soils as Statewide or locally important.

Pending offer is a written bid, contract, or option extended to a landowner by an eligible entity to acquire a conservation easement before the legal title to these rights has been conveyed for the purpose of limiting non-agricultural uses of the land.

Prime and unique farmland are defined separately, as follows:

1. Prime farmland is land that has the best combination of physical and chemical characteristics for producing food, feed, fiber, forage, oilseed, and other agricultural crops with minimum inputs of fuel, fertilizer, pesticides, and labor, without intolerable soil erosion, as determined by the Secretary.

2. Unique farmland is land other than prime farmland that is used for the production of specific high-value food and fiber crops, as determined by the Secretary. It has the special combination of soil quality, location, growing season, and moisture supply needed to economically produce sustained high quality or high yields of specific crops when treated and managed according to acceptable farming methods. Examples of such crops include citrus, tree nuts, olives, cranberries, fruits, and vegetables. Additional information on the definition of prime, unique, or other productive soil can be found in 7 CFR part 657 and 7 CFR part 658.

Secretary is the Secretary of the U.S. Department of Agriculture.

State Technical Committee means a committee established by the Secretary of the U.S. Department of Agriculture in a State pursuant to 16 U.S.C. 3861 and 7 CFR part 610, subpart C.

State Conservationist means the NRCS employee authorized to direct and supervise NRCS activities in a State, the Caribbean Area (Puerto Rico and the Virgin Islands), or the Pacific Basin Area (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands).

United States' rights means rights in real property including the right to enforce the terms of the conservation easement deed and take sole title to the conservation easement deed.

§ 1491.4 Other productive soils.

(a) Under FRPP, the Secretary, on behalf of CCC, shall purchase conservation easements, in partnership with eligible entities, from landowners who voluntarily wish to protect their farm and ranch lands from conversion to nonagricultural uses. Eligible entities submit applications to NRCS State Offices to partner with NRCS to acquire conservation easements on farm and ranch land. NRCS enters into cooperative agreements with selected entities and provides funds for up to 50 percent of the appraised market value for the easement purchase. In return, the entity agrees to acquire, hold, manage, and enforce the easement. A United States' rights clause must also be included in each FRPP funded easement deed for the protection of the Federal investment, and the United States must be named as a grantee on each FRPP funded easement deed.

(b) The term of all easements will be in perpetuity unless prohibited by State law.

(c) To be eligible to receive FRPP funding, an entity must meet the definition of "eligible entity" as listed in §1491.3. In addition, eligible entities wishing to receive FRPP funds must also demonstrate:

1. A commitment to long-term conservation of agricultural lands;
Commodity Credit Corporation, USDA

§ 1491.6

(2) A capability to acquire, manage, and enforce easements;

(3) Sufficient number of staff dedicated to monitoring and easement stewardship; and

(4) The availability of funds.

(d) Eligible land must meet the definition of "eligible land" as provided in §1491.3. In addition:

(1) Entire farms or ranches may be enrolled in FRPP.

(2) Farms must contain at least 50 percent of prime, unique, Statewide, or locally important soil, unless otherwise determined by the State Conservationist, or contain historical or archaeological resources.

(3) Eligible lands are farm and ranch lands subject to a pending offer, as defined in §1491.3, for purchase of a conservation easement.

(4) For a farm to be considered eligible, the forest land of a farm cannot exceed two-thirds of the easement area.

(5) Eligible land must be privately owned. NRCS will not enroll land in FRPP that is owned in fee title by an agency of the United States or State or local government, or land that is already subject to an easement or deed restriction that limits the conversion of the land to nonagricultural use, unless otherwise determined by the Secretary.

(6) Eligible land must be owned by landowners who certify that they do not exceed the adjusted gross income limitation eligibility requirements set forth in Section 1604 of the Farm Security and Rural Investment Act of 2002.

(e) Prior to FRPP fund disbursement, the value of the conservation easement must be appraised. Appraisals must be completed and signed by a State-certified general appraiser and must contain a disclosure statement by the appraiser. The appraisal must conform to the Uniform Standards of Professional Appraisal Practices and the Uniform Appraisal Standards for Federal Land Acquisitions. In addition, NRCS may require an eligible entity to obtain an appraisal using NRCS appraisal instructions in order to ensure the accuracy of the conservation easement appraisal upon which the NRCS contribution towards fair market value is based.

(f) At the discretion of the Chief, a standard easement or equivalent legal form, which meets the intent of the 2002 Act, will be required as a condition for program participation.

(g) The landowner shall be responsible for complying with the Highly Erodible Land and Wetland Conservation provisions of the Food Security Act of 1985, as amended, and 7 CFR part 12.

§ 1491.5 Application procedures.

(a) When funds are available, NRCS publishes a Request for Proposals in the Federal Register or, at the discretion of the Chief, uses another process to solicit applications from eligible entities to cooperate in the acquisition of conservation easements on farms and ranches. Information required in the application will be set forth in the Request for Proposals.

(b) To participate, an eligible entity submits a proposal to NRCS for the acquisition of conservation easements on eligible farm or ranch land, on which the entity already has pending offers. An entity’s application contains a request to fund one or more parcels. All applications must be submitted to the appropriate NRCS State Conservationist by the specified date, as indicated in the Request for Proposals.

§ 1491.6 Ranking considerations and proposal selection.

(a) Once the NRCS State Conservationist has assessed entity eligibility and land eligibility, the State Conservationist shall use National and State criteria to evaluate the land and rank parcels. Entities and parcels will be selected for participation based on the entities’ responses to the Request for Proposals. Selection will be based on national ranking criteria set forth by the Chief in the Request for Proposals and State criteria as determined by the State Conservationist, with advice from the State Technical Committee.

(1) Examples of national criteria may include:

(i) Acreage of prime, unique, and important farm and ranch land to be protected;
§ 1491.7 Funding priorities.

(a) NRCS will only consider funding the acquisition of eligible land in the Program if the agricultural viability of the land can be demonstrated. For example, the land must be of sufficient size and have boundaries that allow for efficient management of the area. The land must also have access to markets for its products and a support infrastructure appropriate for agricultural production.

(b) NRCS may not fund the acquisition of eligible lands if NRCS determines that the protection provided by the FRPP would not be effective because of on-site or off-site conditions.

(c) NRCS will place a higher priority on easements acquired by entities that have extensive experience in managing and enforcing easements.

(d) During the application period, pending offers having appraisals completed and signed by State-certified general appraisers within the preceding one year shall receive higher funding priority by the NRCS State Conservationist. Before funding is released for easement acquisition, the cooperating entity must provide NRCS with a copy of the certified appraisal.

(e) NRCS may place a higher priority on lands and locations that help create a large tract of protected area for viable agricultural production and that are under increasing urban development pressure(s).
Commodity Credit Corporation, USDA

§ 1491.21

(f) NRCS may place a higher priority on lands and locations that link to other Federal, Tribal, or State governments or non-governmental organization efforts with complementary farmland protection objectives (e.g., open space, watershed and wildlife habitat protection).

(g) NRCS may place a higher priority on lands that provide multifunctional benefits including social, economic, historical and archaeological, and environmental benefits.

(h) NRCS may place a higher priority on certain geographic regions where the enrollment of particular lands may help achieve National, State, and regional goals and objectives, or enhance existing government or private conservation projects.

(i) NRCS may place a higher priority on farms or ranches that have or will have a greater variety of natural resources protected.

(j) NRCS may place a higher priority on farms or ranches that have a farm succession plan or similar plan established to encourage farm viability for future generations.

(k) NRCS may place a higher priority on the national ranking criteria listed in § 1491.6(a)(1) than State criteria, if the NRCS Chief deems appropriate.

Subpart B—Cooperative Agreements and Conservation Easement Deeds

§ 1491.20 Cooperative agreements.

(a) NRCS, on behalf of CCC, enters into a cooperative agreement with those entities selected for funding awards. Once a proposal is selected by the State Conservationist, the entity must work with the appropriate State Conservationist to finalize and sign the cooperative agreement incorporating all necessary FRPP requirements. The cooperative agreement addresses:

1. The interests in land to be acquired, including the form of the easements to be used and terms and conditions;
2. The management and enforcement of the rights acquired;
3. The role of NRCS;
4. The responsibilities of the easement manager on lands acquired with the assistance of FRPP; and
5. Other requirements deemed necessary by NRCS to protect the interests of the United States.

(b) The cooperative agreement will also include an attachment listing the parcels accepted by the State Conservationist, landowners' names, addresses, location map(s), and other relevant information. An example of a cooperative agreement may be obtained from the State Conservationist.

§ 1491.21 Funding.

(a) The State Conservationist, in coordination with the cooperating entity, shall determine the NRCS share of the cost of purchasing a conservation easement.

(b) Under the FRPP, NRCS may provide up to 50 percent of the appraised fair market value of the conservation easement. Entities are required to supplement the NRCS share of the cost of the conservation easement.

(c) Landowner donations up to 25 percent of the appraised fair market value of the conservation easement may be considered part of the entity's matching offer.

(d) For the entity, two cost-share options are available when providing its matching offer:

1. The entity may provide in cash at least 25 percent of the appraised fair market value of the conservation easement, or
2. The entity may provide at least 50 percent of the purchase price in cash of the conservation easement. This second option may be preferable to an entity in the case of a large bargain sale by the landowner. If this option is selected, the NRCS share cannot exceed the entity's contribution.

(e) FRPP funds may not be used for expenditures such as appraisals, surveys, title insurance, legal fees, costs of easement monitoring, and other related administrative and transaction costs incurred by the entity.

(f) If the State Conservationist determines that the purchase of two or more conservation easements are comparable in achieving FRPP goals, the State Conservationist shall not assign a higher priority to any one of these conservation easements based on lesser cost to FRPP.
§ 1491.22 Conservation easement deeds.
(a) Under FRPP, a landowner grants an easement to an eligible entity with which NRCS has entered into a FRPP cooperative agreement. The easement shall require that the easement area be maintained in accordance with FRPP goals and objectives for the term of the easement.
(b) Pending offers by an eligible entity must be for acquiring an easement in perpetuity, except where State law prohibits a permanent easement.
(c) The conveyance document or conservation easement deed used by the eligible entity may be reviewed and approved by the NRCS National Office and Office of the General Counsel (OGC) before being recorded.
(d) The conservation easement deed must identify the United States as a grantee with rights as set forth in the deed. Among the rights that the United States acquires in each conservation easement is the right to enforce the terms of the easement under specified conditions and the right to assume sole title to the conservation easement should the grantee abandon or attempt to terminate the conservation easement.
(e) As a condition for participation, a conservation plan will be developed by NRCS in consultation with the landowner and implemented according to the NRCS Field Office Technical Guide and approved by the local conservation district. The conservation plan will be developed and managed in accordance with the Food Security Act of 1985, as amended, 7 CFR part 12 or subsequent regulations, and other requirements as determined by the State Conservationist. To ensure compliance with this conservation plan, the easement will grant to the United States, through NRCS, its successors or assigns, a right of access to the easement area.
(f) The cooperating entity shall acquire, hold, manage and enforce the easement. The cooperating entity may have the option to enter into an agreement with governmental or private organizations to carry out easement stewardship responsibilities if approved by NRCS.
(g) Prior to fund disbursement, NRCS must sign the conservation easement, concurring with the terms of the conservation easement and accepting its interest in the conservation easement deed.
(h) All conservation easement deeds acquired with FRPP funds must be recorded. Proof of recordation shall be provided to NRCS by the cooperating entity.
(i) Impervious surfaces shall not exceed 2 percent of the FRPP easement area, excluding NRCS-approved conservation practices. However, the NRCS State Conservationist may waive the 2 percent impervious surface limitation on a parcel-by-parcel basis, provided no more than six percent of the easement area is covered by impervious surfaces. The NRCS State Conservationist must consider, at a minimum, population density, the ratio of open prime and important soil versus impervious surfaces on the easement area, and parcel size when deciding whether to waive the two percent limitation. All FRPP easements must include language limiting the amount of impervious surfaces within the easement area.

§ 1491.23 Easement modifications.
(a) After an easement has been recorded, no amendments to the easement will be made without prior approval by NRCS State Conservationist and the USDA Office of General Counsel.
(b) Easement modifications will be approved only when easement is duly prepared and recorded in conformity with standard real estate practices, including requirements for title approval, subordination of liens, and recordation, and when the amendment is consistent with the purposes of the conservation easement.

§ 1491.30 Violations and remedies.
(a) In the event of a violation of the terms of the easement, the cooperating entity shall notify the landowner. The
Commodity Credit Corporation, USDA

§ 1491.32

(a) In the event that the grantee/partner fails to enforce any of the terms of the conservation easement, as determined in the sole discretion of the Secretary of the United States Department of Agriculture, the Secretary and his or her successors or assigns may exercise the United States' rights to enforce the terms of the conservation easement through any and all authorities available under Federal or State law. In the event that the grantee/partner attempts to terminate, transfer, or otherwise divest itself of any rights, title, or interests in the conservation easement without the prior consent of the Secretary and, if applicable, payment of consideration to the United States, then, at the option of the Secretary, all right, title, and interest in the conservation easement shall become vested solely in the United States of America.

(c) Notwithstanding paragraph (a) of this section, NRCS, upon notification to the landowner, reserves the right to enter upon the easement area at any time to monitor conservation plan implementation or remedy deficiencies or easement violations, as it relates to the conservation plan. The entry may be made at the discretion of NRCS when the actions are deemed necessary to protect highly erodible soils and wetland resources. The landowner will be liable for any costs incurred by the United States as a result of the landowner's negligence or failure to comply with the easement requirements as it relates to conservation plan violations.

(d) The United States shall be entitled to recover any and all administrative and legal costs, including attorney's fees or expenses, associated with any enforcement or remedial action as it relates to the enforcement of the FRPP easement.

(e) The conservation easement deed must include an indemnification clause requiring the landowner (grantor) to indemnify and hold harmless the United States from any liability arising from or related to the property enrolled in FRPP.

(f) In instances where an easement is terminated or extinguished, NRCS will collect CCC's share of the conservation easement based on the appraised fair market value of the conservation easement at the time the easement is extinguished or terminated. CCC's share shall be in proportion to its percentage of original investment.

(g) In the event NRCS determines it must exercise the United States' right to enforce the terms of or take title to the conservation easement, NRCS will provide written notice by certified mail to the grantee at the grantee's last known address. The notice will set forth the nature of the noncompliance by the grantee and a 60-day period to cure. If the grantee fails to cure within the 60-day period, the United States will take the action specified under the notice. The United States reserves the right to decline to provide a period to cure if NRCS determines that imminent harm may result to the conservation easement deed or the conservation values it seeks to protect.

§ 1491.31

(a) A person or cooperating entity which has submitted an FRPP proposal and is therefore participating in FRPP may obtain a review of any administrative determination concerning eligibility for participation utilizing the administrative appeal regulations provided in 7 CFR part 614.

(b) Before a person may seek judicial review of any action taken under this part, the person must exhaust all administrative appeal procedures set forth in paragraph (a) of this section, and for the purposes of judicial review, no decision shall be a final agency action except a decision of the U. S. Department of Agriculture under these provisions.

§ 1491.32

(a) If it is determined by the Secretary that a cooperating entity has employed a scheme or device to defeat the purposes of this part, any part of any program payment otherwise due or paid such a cooperating entity during the applicable period may be withheld.
or be required to be refunded with interest thereon, as determined appropriate by CCC.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person or entity of payments for easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

countries. These restrictions and criteria are interrelated and will be applied and considered together in the process of determining which sales opportunities under GSM–102 or GSM–103 will best meet the purposes of the programs.

§ 1493.2 Purposes of programs.

CCC may use export credit guarantees:
(a) To increase exports of U.S. agricultural commodities;
(b) To compete against foreign agricultural exports;
(c) To assist countries, particularly developing countries, in meeting their food and fiber needs; and
(d) For such other purposes as the Secretary of Agriculture determines appropriate, consistent with the provisions of §1493.6.

§ 1493.3 Restrictions on programs and cargo preference statement.

(a) Restrictions on use of credit guarantees. (1) Export credit guarantees authorized under these regulations shall not be used for foreign aid, foreign policy, or debt rescheduling purposes.
   (2) CCC shall not make credit guarantees available in connection with sales of agricultural commodities to any country that the Secretary determines cannot adequately service the debt associated with such sales.
   (b) Cargo preference laws. The provisions of the cargo preference laws shall not apply to export sales with respect to which credit is guaranteed under these programs.

§ 1493.4 Criteria for country allocations.

The criteria considered by CCC in reviewing proposals for country allocations under the GSM–102 or GSM–103 programs, will include, but not be limited to, the following:
(a) Potential benefits that the extension of export credit guarantees would provide for the development, expansion or maintenance of the market for particular U.S. agricultural commodities in the importing country;
(b) Financial and economic ability of the importing country to adequately service CCC guaranteed debt;
(c) Financial status of participating banks in the importing country as it would affect their ability to adequately service CCC guaranteed debt;
(d) Political stability of the importing country as it would affect its ability to adequately service CCC guaranteed debt; and
(e) Current status of debt either owed by the importing country to CCC or to lenders protected by CCC’s guarantees.

§ 1493.5 Criteria for agricultural commodity allocations.

The criteria considered by CCC in reviewing proposals for specific U.S. commodity allocations within a specific country allocation will include, but not be limited to, the following:
(a) Potential benefits that the extension of export credit guarantees would provide for the development, expansion or maintenance of the market in the importing country for the particular U.S. agricultural commodity under consideration;
(b) The best use to be made of the export credit guarantees in assisting the importing country in meeting its particular needs for food and fiber, as may be determined through consultations with private buyers and/or representatives of the government of the importing country;
(c) Evaluation, in terms of program purposes, of the relative benefits of providing payment guarantee coverage for sales of the U.S. agricultural commodity under consideration compared to providing coverage for sales of other U.S. agricultural commodities; and
(d) Evaluation of the near and long term potential for sales on a cash basis of the U.S. commodity under consideration.

§ 1493.6 Additional required determinations for GSM–103.

Notwithstanding any other provision under this part, CCC shall not guarantee under the GSM–103 program the repayment of credit made available to finance an export sale unless the Secretary of Agriculture determines that such sale will:
(a) Develop, expand or maintain the importing country as a foreign market, on a long-term basis, for the commercial sale and export of U.S. agricultural
§ 1493.10 General statement.

(a) Overview. (1) This subpart contains the regulations governing the operations of the Export Credit Guarantee Program (GSM–102) and the Intermediate Credit Guarantee Program (GSM–103). The GSM–102 and GSM–103 programs of the Commodity Credit Corporation (CCC) were developed to expand U.S. agricultural exports by making available export credit guarantees to encourage U.S. private sector financing of foreign purchases of U.S. agricultural commodities on credit terms. Under GSM–102, credit guarantees are issued for terms of up to three years. Under GSM–103, credit guarantees are issued for terms of from three to ten years.

(2) The programs operate in cases where credit is necessary to increase or maintain U.S. exports to a foreign market and where private U.S. financial institutions would be unwilling to provide financing without CCC's guarantee. The programs are operated in a manner intended not to interfere with markets for cash sales. The programs are targeted toward those countries where the guarantees are necessary to secure financing of the exports but which have sufficient financial strength so that foreign exchange will be available for scheduled payments. In providing this credit guarantee facility, CCC seeks to expand market opportunities for U.S. agricultural exporters and assist long-term market development for U.S. agricultural commodities.

(3) The credit facility created by these programs is the CCC payment guarantee. The payment guarantee is an agreement by CCC to pay the exporter, or the U.S. financial institution that may take assignment of the exporter's right to proceeds, specified amounts of principal and interest due from, but not paid by, the foreign bank issuing an irrevocable letter of credit in connection with the export sale to which CCC's guarantee coverage pertains. By approving an exporter's application for a payment guarantee, CCC encourages private sector, rather than governmental, financing and incurs a substantial portion of the risk of default by the foreign bank. CCC assumes this risk, in order to be able to operate the programs for the purposes specified in §1493.2.

(b) Credit facility mechanism. Typically, in export sales of U.S. agricultural commodities, payment by the importer is made under an irrevocable letter of credit. For the purpose of the GSM–102 and GSM–103 programs, CCC will consider applications for payment guarantees only in connection with export sales of U.S. agricultural commodities where the payment for the agricultural commodities will be made in one of the two following ways:

(1) An irrevocable foreign bank letter of credit, issued in favor of the exporter, specifically stating the deferred payment terms under which the foreign bank is obligated to make payments in U.S. dollars as such payments become due; or

(2) An irrevocable foreign bank letter of credit, issued in favor of the exporter, that is supported by a related obligation specifically stating the deferred payment terms under which the foreign bank is obligated to make payment to the exporter, or the exporter's assignee, in U.S. dollars as such payments become due. The exporter may assign the right to proceeds under the letter of credit or related obligation to a U.S. bank or other financial institution so that the exporter may realize the proceeds of the sale prior to the deferred payment date(s) as set forth in the irrevocable foreign bank letter of credit or its related obligation. The GSM–102 and GSM–103 programs are designed to protect the exporter or the exporter's assignee against those losses.
specified in the payment guarantee resulting from defaults, whether for commercial or noncommercial reasons, by the foreign bank obligated under the letter of credit or related obligation.

(c) Program administration. The GSM–102 and GSM–103 programs will be administered pursuant to this part and any Program Announcements and Notices to Participants issued by CCC pursuant to, and not inconsistent with, this part. These programs are under the general administrative responsibility of the General Sales Manager (GSM), Foreign Agricultural Service (FAS/USDA). The review and payment of claims for loss will be administered by the Office of the Controller, CCC. Information regarding specific points of contact for the public, including names, addresses, and telephone and facsimile numbers of particular USDA or CCC offices, will be announced by a public press release (see §1493.20(c), “Contacts P/R”).

(d) Country allocations and program announcements. From time to time, CCC will issue a Program Announcement to announce a GSM–102 and/or GSM–103 program allocation for a specific country. The Program Announcement for a country allocation will designate specific allocations for U.S. agricultural commodities or products thereof. Exporters may negotiate export sales to buyers in that country for one of the commodities specified in the Program Announcement and seek payment guarantee coverage within the dollar amounts of specified coverage for that commodity. The Program Announcement will contain a requirement that the exporter’s sales contract contain a shipping deadline within the applicable program year. The final date for a contractual shipping deadline will be stated in the Program Announcement. Program Announcements may also contain a specified “undesignated” or “unallocated” dollar amount for the purpose that if dollar amounts specified for a specific commodity for a country become fully used, an additional allocation from the “unallocated” or “undesignated” portion of the total country allocation may then be designated for a specific commodity. Program Announcements that include an “allocated” or “undesignated” dollar amount will contain further information on the “unallocated” or “undesignated” portion of the country allocation.

§ 1493.20 Definition of terms.

Terms set forth in this part, in CCC Program Announcements and Notices to Participants, and in any CCC-originated documents pertaining to the GSM–102 and GSM–103 programs will have the following meanings:

(a) Assignee. A financial institution in the United States which, for adequate consideration given, has obtained the legal rights to receive the payment of proceeds under the payment guarantee.

(b) CCC. The Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture, authorized pursuant to the Commodity Credit Corporation Charter Act of 1948 (15 U.S.C. 714 et seq.), and subject to the general supervision and direction of the Secretary of Agriculture.

(c) Contacts P/R. A notice issued by FAS/USDA by public press release which contains specific names, addresses, and telephone and facsimile numbers of contacts within FAS/USDA and CCC for use by persons interested in obtaining information concerning the operations of the GSM–102 or GSM–103 program. The Contacts P/R also contains details about where to submit information required to qualify for program participation, to apply for payment guarantees, to request amendments of payment guarantees, to submit evidence of export reports, and to give notices of default and file claims for loss.

(d) Date of export. One of the following dates, depending upon the method of shipment: the on-board date of an ocean bill of lading or the on-board ocean carrier date of an intermodal bill of lading; the on-board date of an airway bill; or, if exported by rail or truck, the date of entry shown on an entry certificate or similar document issued and signed by an official of the Government of the importing country.

importer under which a firm dollar- and-cent price for the sale of agricultural commodities to the importer has been established or a mechanism to establish such price has been agreed upon.

(f) Discounts and allowances. Any consideration provided directly or indirectly, by or on behalf of the exporter or an intervening purchaser, to the importer in connection with a sale of an agricultural commodity, above and beyond the commodity’s value, stated on the appropriate FOB, FAS, CFR or CIF basis. Discounts and allowances include, but are not limited to, the provision of additional goods, services or benefits; the promise to provide additional goods, services or benefits in the future; financial rebates; the assumption of any financial or contractual obligations; the whole or partial release of the importer from any financial or contractual obligations; or settlements made in favor of the importer for quality or weight.

(g) Eligible interest. The maximum amount of interest, based on the interest rate indicated in CCC’s payment guarantee or any amendments to such payment guarantee, which CCC agrees to pay the exporter or the exporter’s assignee in the event that CCC pays a claim for loss. (h) Exported value. (1) Where CCC announces coverage on a FAS or FOB basis and:

(i) Where the commodity is sold on a FAS or FOB basis, the value, FAS or FOB basis, U.S. point of export, of the export sale, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the value of the export sale, FAS or FOB, point of export, is measured by the CFR or CIF value of the agricultural commodity less the cost of ocean freight, as determined at the time of application and, in the case of CIF sales, less the cost of marine and war risk insurance, as determined at the time of application, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or

(2) Where CCC announces coverage on a CFR or CIF basis, and where the commodity is sold on a CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo) which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the exported value.

(i) Exporter. A seller of U.S. agricultural commodities or products thereof that has qualified in accordance with the provisions of §1493.30.

(j) FAS/USDA. The Foreign Agricultural Service, U.S. Department of Agriculture.

An irrevocable commercial letter of credit, subject to the current revision of the Uniform Customs and Practices for Documentary Credits (International Chamber of Commerce Publication No. 500, or latest revision), providing for payment in U.S. dollars against stipulated documents and issued in favor of the exporter by a CCC-approved foreign banking institution.

(l) GSM. The General Sales Manager, FAS/USDA, acting in his capacity as Vice President, CCC, or his designee.

(s) Late interest. Interest, in addition to the interest due under the payment guarantee, which CCC agrees to pay in connection with a claim for loss, accruing during the period beginning on the first day after receipt of a claim which CCC has determined to be in good order and ending on the day on which payment is made on such claim for loss.

(t) Payment guarantee. An agreement under which CCC, in consideration of a fee paid, and in reliance upon the statements and declarations of the exporter, subject to the terms set forth in the written guarantee, this subpart, and any applicable Program Announcements or Notices to Participants, agrees to pay the exporter or the exporter’s assignee in the event of a default by a foreign bank on its payment obligation under the foreign bank’s letter of credit issued in connection with a guaranteed sale or under the foreign bank’s related obligation.

(u) Notice to participants. A notice issued by CCC by public press release which serves one or more of the following functions: to remind participants of the requirements of the program; to clarify the program requirements contained in these regulations in a manner which is not inconsistent with the regulations; to instruct exporters to provide additional information in applications for payment guarantees under specific country and/or commodity allocations; and to supplement the provisions of a payment guarantee, in a manner not inconsistent with these regulations, before the exporter’s application for such payment guarantee is approved.

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the total value of the export sale, FAS or FOB, point of export, including the upward tolerance, if any, as provided by the export sales contract, is measured by the CFR or CIF value of the agricultural commodity less the value of ocean freight and, in the case of CIF sales, less the value of marine and war risk insurance, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or

(2) Where CCC announces coverage on a CFR or CIF basis and where the commodity was sold on CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, including the upward tolerance, if any, as provided by the export sales contract, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(1) The address of the applicant’s headquarters office and the name and address of an agent in the U.S. for the service of process;
(2) The legal form of doing business of the applicant, e.g., sole proprietorship, partnership, corporation, etc.
(3) The place of incorporation of the applicant, if the applicant is a corporation;
(4) The name and U.S. address of the office(s) of the applicant, and statement indicating whether the applicant is a U.S. domestic corporation, a foreign corporation or another foreign entity. If the applicant has multiple offices, the address included in the information should be that which is pertinent to the particular GSM–102 or GSM–103 export sale contemplated by the applicant;
(5) A certified statement describing the applicant’s participation, if any, during the past three years in U.S. Government programs, contracts or agreements; and

plant manager, head of a subsidiary division, or business segment, and similar positions.) I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future, [name of applicant] will immediately notify CCC.

(b) Previous qualification. Any exporter that has previously qualified under this section may submit applications for GSM–102 or GSM–103 payment guarantees. Each application must include the statement required by §1493.40(a)(18) incorporating the certifications of §1493.50, including the certification in §1493.50(e) that the information previously provided pursuant to paragraph (a) of this section has not changed. If the exporter is unable to provide such certification, such exporter must update the information required by paragraph (a) of this section which has changed and certify that the remainder of the information previously provided has not changed.

(c) Additional submissions. CCC will promptly notify applicants that have submitted information required by this section whether they have qualified to participate in the program. Any applicant failing to qualify will be given an opportunity to provide additional information for consideration by CCC.

(d) Ineligibility for program participation. An applicant may be ineligible to participate in the GSM–102 or GSM–103 programs if:

(2) Such applicant is controlled or can be controlled, in whole or in part, by any individuals or entities currently debarred, suspended or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency.

§ 1493.40 Application for payment guarantee.

(a) A firm export sale must exist before an exporter may submit an application for a payment guarantee. An application for a payment guarantee may be submitted in writing or may be made by telephone; but, if made by telephone, it must be confirmed in writing to the office specified in the Contacts P/R. An application must identify the name and address of the exporter and include the following information:

(1) Name of the destination country.

(2) Name and address of the importer.

(3) Name and address of the intervening purchaser, if any, and a statement that the commodity will be shipped directly to the importer in the destination country.

(4) Date of sale.

(5) Exporter's sale number.

(6) Delivery period as agreed between the exporter and the importer.

(7) A full description of the commodity (including packaging, if any).

(8) Mean quantity, contract loading tolerance and, if necessary, a request for CCC to reserve coverage up to the maximum quantity permitted by the contract loading tolerance.

(9) Unit sales price of the commodity, or a mechanism to establish the price, as agreed between the exporter and the importer. If the commodity was sold on the basis of CFR or CIF, the actual (if known at the time of application) or estimated value of freight and, in the case of sales made on a CIF basis, the actual (if known at the time of application) or estimated value of marine and war risk insurance, must be specified.

(10) Description and value of discounts and allowances, if any.

(11) Port value (includes upward loading tolerance, if any).

(12) Guaranteed value.

(13) Guarantee fee.

(14) Name and location of the foreign bank issuing the letter of credit.

(15) The term length for the credit being extended and the intervals between principal payments for each shipment to be made under the export sale.

(16) A statement indicating whether any portion of the export sale for which the exporter is applying for a payment guarantee is also being used as the basis for an application for participation in any of the following CCC or USDA export programs: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program. The number of the Agreement assigned by USDA.
under one of these programs should be included, as applicable.
(17) Other information as specified in Notices to Participants, as applicable.
(18) The exporter’s statement, “All Section 1493.50 Certifications Are Being Made In This Application” which, when included in the application by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in §1493.50.
(b) An application for a payment guarantee may be approved as submitted, approved with modifications agreed to by the exporter, or rejected by the GSM. In the event that the application is approved, the GSM will cause a payment guarantee to be issued in favor of the exporter. Such payment guarantee will become effective at the time specified in §1493.60(b). If, based upon a price review, the unit sales price of the commodity does not fall within the prevailing commercial market level ranges, as determined by CCC, the application will not be approved.

§ 1493.50 Certification requirements for obtaining payment guarantee.
By providing the statement in §1493.40(a)(18), the exporter is certifying that the information provided in the application is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to applications that do not include this statement. The exporter, in submitting an application for a payment guarantee and providing the statement set forth in §1493.40(a)(18), certifies that:
(a) The agricultural commodity or product to be exported under the payment guarantee is a U.S. agricultural commodity as defined by §1493.202.
(b) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law;
(c) If the agricultural commodity is vegetable oil or a vegetable oil product, that none of the agricultural commodity or product has been or will be used as a basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930, 19 U.S.C. 1313, of any duty, tax or fee imposed under Federal law on an imported commodity or product;
(d) No person or selling agency has been employed or retained to solicit or secure the payment guarantee, and that there is no agreement or understanding for a commission, percentage, brokerage, or contingent fee, except in the case of bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business; and
(e) The information provided pursuant to §1493.30 has not changed, the exporter still meets all of the qualification requirements of §1493.30, and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements. If the exporter breaches or violates these certifications with respect to a GSM–102 or GSM–103 payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter.

§ 1493.60 Payment guarantee.
(a) CCC’s obligation. The payment guarantee will provide that CCC agrees to pay the exporter or the exporter’s assignee an amount not to exceed the guaranteed value, plus eligible interest, in the event that the foreign bank fails to pay under the foreign bank letter of credit or the related obligation. Payment by CCC will be in U.S. dollars.
(b) Period of guarantee coverage. The payment guarantee will apply to the period beginning either on the date(s) of export(s) or on the date when interest begins to accrue, whichever is earlier, and will continue during the credit term specified in the payment guarantee or amendments thereto. However, the payment guarantee becomes effective on the date(s) of export(s) of
§ 1493.70 Guarantee rates and fees.

(a) Guarantee fee rates. The payment guarantee fee rates will be based upon the length of the payment terms provided for in the export sale contract, the degree of risk that CCC assumes, as determined by the GSM to be in the best interests of CCC to provide guarantee coverage on such commodities.

(b) Calculation of fee. The guarantee fee will be computed by multiplying the agricultural commodities or products thereof specified in the exporter's application for a payment guarantee.

(c) Terms of the CCC payment guarantee. The terms of CCC's coverage will be set forth in the payment guarantee, as approved by CCC, and will include the provisions of this subpart, which may be supplemented by any Program Announcements and/or Notices to Participants in effect at the time the payment guarantee is approved by CCC.

(d) Final date to export. The final date to export shown on the payment guarantee will be one month, as determined by CCC, after the contractual deadline for shipping.

(e) Reserve coverage for loading tolerances. The exporter may apply for a payment guarantee and, if coverage is available, pay the guarantee fee, based at least on, the amount of the lower loading tolerance of the export sales contract; however, the exporter may also request that CCC reserve additional guarantee coverage to accommodate up to the amount of the upward loading tolerance specified in the export sales contract. If such additional guarantee coverage is available at the time of application and CCC determines to make such reservation, it will so indicate to the exporter. In the event that the exporter ships a quantity greater than the amount on which the guarantee fee was paid (i.e., lower loading tolerance), it may obtain the additional coverage from CCC, up to the amount of the upward loading tolerance, by filing for an amendment to the payment guarantee, and by paying the additional amount of fee applicable. If such amendment to the payment guarantee is not filed with CCC by the exporter within 30 days after the date of the last export against the sales contract, CCC may determine not to reserve the coverage originally set aside for the exporter.

(f) Ineligible exports. Commodities with a date of export prior to the date of receipt by CCC of the exporter's telephonic or written application for a payment guarantee, or with a date of export made after the final date for export shown on the payment guarantee or any amendments thereof, are ineligible for GSM–102 or GSM–103 guarantee coverage, except where it is determined by the GSM to be in the best interests of CCC to provide guarantee coverage under this subpart on credit extended for the value of any foreign agricultural component.

(g) Foreign agricultural component. CCC may approve payment guarantees under this subpart only in connection with sales of United States agricultural commodities as defined in §1493.20(z). CCC may not provide guarantee coverage under this subpart on credit extended for the value of any foreign agricultural component.

(h) Additional requirements. The payment guarantee may contain such additional terms, conditions, and limitations as deemed necessary or desirable by the GSM. Such additional terms, conditions or qualifications, as stated in the payment guarantee are binding on the exporter or the exporter's assignee.

(i) Amendments. A request for an amendment of a payment guarantee may be submitted only by the exporter (with the concurrence of the assignee, if any). CCC will consider such a request only if the amendment sought is consistent with this subpart and any applicable Program Announcements and Notices to Participants. Amendments may include, but will not be limited to, a change in the credit period and an extension of time to export. Any amendment to the payment guarantee, particularly those that result in an increase in CCC's liability under the payment guarantee, may result in an increase in the guarantee fee. (Technical corrections or corrections of a clerical error which may be submitted by the exporter or the exporter's assignee are not viewed as amendments.)
the guaranteed value by the guarantee fee rate.

(c) Payment of fee. The exporter shall remit, with his written application, the full amount of the guarantee fee. Applications will not be approved until the guarantee fee has been received by CCC. The exporter’s check for the guarantee fee shall be made payable to CCC and mailed or delivered by courier to the office specified in the Contacts P/R.

(d) Refunds of fee. Guarantee fees paid in connection with approved applications will ordinarily not be refundable. CCC’s approval of the application will be final and refund of the guarantee fee will not be made after approval unless the GSM determines that such refund will be in the best interest of CCC. If the application for a payment guarantee is not approved or is approved only for a part of the guarantee coverage requested, a full or pro rata refund of the fee remittance will be made.

§ 1493.80 Evidence of export.

(a) Report of export. The exporter is required to provide CCC an evidence of export report for each shipment made under the payment guarantee. This report must include the following:

(1) Payment guarantee number
(2) Date of export
(3) Exporter’s sale number
(4) Exported value
(5) Quantity
(6) A full description of the commodity exported
(7) Unit sales price received for the commodity exported and the basis (e.g., FOB, CFR, CIF). Where the unit sales price at export differs from the unit sales price indicated in the exporter’s application for a payment guarantee, the exporter is also required to submit a statement explaining the reason for the difference.

(8) Description and value of discounts and allowances, if any.

(b) Time limit for submission of evidence of export. The exporter must provide a written report to the office specified in the Contacts P/R within 60 calendar days if the export was by rail or truck; or 30 calendar days if the export was by any other carrier. The time period for filing a report of export will commence upon each date of export of the commodity covered under a payment guarantee. If the evidence of export report is not received by CCC within the time period for filing, the payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would be likely to result, in:

(1) Significant financial harm to CCC;
(2) The undermining of an essential regulatory purpose of the program;
(3) Obstruction of the fair administration of the program; or
(4) A threat to the integrity of the program. The time limit for submission of an evidence of export report may be extended if such extension is determined by the GSM to be in the best interests of CCC.

(c) Export sales reporting. Exporters may have a mandatory reporting responsibility under Section 602 of the Agricultural Trade Act of 1978 (7 U.S.C. 5712), as amended by Section 1531 of the Food, Agriculture, Conservation, and Trade Act of 1990 for exports of wheat and wheat flour, feed grains, oilseeds, cotton, and other agricultural commodities and products thereof.

§ 1493.90 Certification requirements for the evidence of export.

By providing the statement contained in § 1493.80(a)(10), the exporter is certifying that the information provided in the evidence of export report is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation...
with regard to reports that do not include this statement. If the exporter breaches or violates these certifications with respect to a GSM–102 or GSM–103 payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter. The exporter, in submitting the evidence of export and providing the statement set forth in §1493.80(a)(10), certifies that:

(a) The agricultural commodity or product exported under the payment guarantee is a U.S. agricultural commodity as defined by §1493.20(z).

(b) Agricultural commodities of the grade, quality and quantity called for in the exporter’s sales contract with the importer have been exported to the country specified in the payment guarantee;

(c) A letter of credit has been opened in favor of the exporter by the foreign bank shown in the payment guarantee to cover the port value of the commodity exported;

(d) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law; and

(e) The information provided pursuant to §1493.30 has not changed, the exporter still meets all of the qualification requirements of §1493.30 and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements.

§1493.110 Notice of default and claims for loss.

(a) Notice of default. If the foreign bank issuing the letter of credit fails to make payment pursuant to the terms of the foreign bank letter of credit or related obligation, the exporter or the exporter’s assignee must submit a notice of default to CCC as soon as possible, but not later than 10 calendar days after the date that payment was due from the foreign bank (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter’s assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be
§ 1493.110 Extended only under extraordinary circumstances and if such extension is determined by the Controller, CCC, to be in the best interests of CCC. The notice of default must include:

(1) Payment guarantee number;
(2) Name of the country;
(3) Name of the defaulting bank;
(4) Due date;
(5) Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;
(6) Date of foreign bank’s refusal to pay, if applicable; and
(7) Reason for foreign bank’s refusal to pay, if known.

(b) Filing a claim for loss. A claim for a loss by the exporter or the exporter’s assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. The claim for loss must include the following information and documents:

(1) Payment guarantee number;
(2) A certification that the scheduled payment has not been received;
(3) A certification of the amount of accrued interest in default, the date interest began to accrue, and the interest rate on the foreign bank obligation applicable to the claim;
(4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter’s assignee that each page of each document is a true and correct copy:
   (i)(A) The foreign bank letter of credit securing the export sale; and
   (B) If applicable, the document(s) evidencing the related obligation owed by the foreign bank to the assignee financial institution which is related to the foreign bank’s letter of credit issued in favor of the exporter. Such related obligation must be demonstrated in one of the following ways:
      (1) The related obligation, including a specific promise to pay on deferred payment terms, may be contained in the letter of credit as a special instruction from the issuing bank directly to the U.S. financial institution to refinance the amounts paid by the U.S. financial institution for obligations financed according to the tenor of the letter of credit; or
      (2) The related obligation may be memorialized in a separate document(s) specifically identified and referred to in the letter of credit as the agreement under which the foreign bank is obliged to repay the U.S. financial institution on deferred payment terms; or
      (3) The letter of credit payment obligations may be specifically identified in a separate document(s) setting forth the related obligation, or in a duly executed amendment thereto, as having been financed by the U.S. financial institution pursuant to, and subject to repayment in accordance with the terms of, such related obligation; or
   (ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the onboard ocean carrier date for each shipment, the airway bill, or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the importing country;
      (iii)(A) The exporter’s invoice showing, as applicable, the FAS, FOB, CFR or CIF values; or
      (B) If there was an intervening purchaser, both the exporter’s invoice to the intervening purchaser and the intervening purchaser’s invoice to the importer;
   (iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter’s assignee, if applicable, to the amount of payment in default under the applicable export sale. The instrument must reference the applicable foreign bank letter of credit and the related obligation, if applicable; and
   (v) A copy of the report(s) of export previously submitted by the exporter to CCC pursuant to §1493.80(a).

(c) Subsequent claims for defaults on installments. If the initial claim is found in good order, the exporter or an exporter’s assignee need only provide all of the required claims documents with
the initial claim relating to a covered transaction. For subsequent claims relating to failure of the foreign bank to make scheduled installments on the same export shipment, the exporter or the exporter’s assignee need only submit to CCC a notice of such failure containing the information stated in paragraph (b)(1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and including the date the original claim was filed with CCC.

§ 1493.120 Payment for loss.

(a) Determination of CCC’s liability. Upon receipt in good order of the information and documents required under §1493.110, CCC will determine whether or not a loss has occurred for which CCC is liable under the applicable payment guarantee, this subpart and any applicable supplemental Program Announcements and Notices to Participants. If CCC determines that it is liable to the exporter and/or the exporter’s assignee, CCC will pay the exporter or the exporter’s assignee in accordance with paragraphs (b) and (c) of this section.

(b) Amount of CCC’s liability. CCC’s maximum liability for any claims for loss submitted with respect to any payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

(1) The guaranteed value as stated in the payment guarantee, plus eligible interest; or

(2) The guaranteed percentage (as indicated in the payment guarantee) of the exported value indicated in the evidence of export, plus eligible interest.

(c) Late interest payment. If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter’s assignee beginning with the first day after the day of receipt of a claim found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) Accelerated payments. CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract, the foreign bank’s letter of credit, or any obligation owed by the foreign bank to the assignee U.S. financial institution which is related to the foreign bank’s letter of credit issued in favor of the exporter, unless it is determined to be in the best interests of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter’s assignee in addition to such other claimed amount as may be due from CCC.

(e) Action against the assignee. Notwithstanding any other provision in this subpart to the contrary, with regard to commodities covered by a payment guarantee, CCC will not hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission, or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under §1493.80 and §1493.90, excluding post-export adjustments (i.e., corrections to evidence of export reports); and

(2) The exporter or the exporter’s assignee furnishes the statements and documents specified in §1493.110.

§ 1493.130 Recovery of losses.

(a) Notification. Upon payment of loss to the exporter or the exporter’s assignee, CCC will notify the foreign bank of CCC’s rights under the subrogation agreement to recover all monies in default.

(b) Receipt of monies. (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter’s assignee from the importer, the foreign bank, or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC
§ 1493.130

within 15 business days from the date of recovery by the exporter or the exporter’s assignee. The exporter or the exporter’s assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter’s assignee to CCC. Such interest will be charged only on CCC’s share of the recovery.

(2) If CCC recovers monies that should be applied to a payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 business days from the date of recovery or 15 business days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and such interest will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the payment guarantee.

(c) Allocation of recoveries. Recoveries made by CCC from the importer or the foreign bank, and recoveries received by CCC from the exporter, the exporter’s assignee, or any other source whatsoever, will be allocated by CCC to the exporter or the exporter’s assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of principal and interest in default. Once CCC has paid out a particular claim under a GSM–102 or GSM–103 payment guarantee, CCC prorates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix A to §1493.130—Illustration of Pro Rata Allocation of Recoveries—provides an example of the methodology used by CCC in applying this paragraph (c).

(d) Liabilities to CCC. Notwithstanding any other terms of the payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter has engaged in fraud, or has been or is in material breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the payment guarantee or for fulfilling obligations under GSM–102 or GSM–103. Further, the exporter’s assignee may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter’s assignee has engaged in fraud or otherwise violated program requirements.

(e) Good faith. The violation by an exporter of the certifications in §1493.50(b) and §1493.90(d) or the failure of an exporter to comply with the provisions of §1493.100 or §1493.140(e) will not affect the validity of any payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the payment guarantee or at the time of assignment of the payment guarantee.

(f) Cooperation in recoveries. Upon payment by CCC of a claim to the exporter or the exporter’s assignee, the exporter or the exporter’s assignee will cooperate with CCC to effect recoveries from the foreign bank and/or the importer.

APPENDIX A TO §1493.130—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC’s policy, as set forth in §1493.130(c), regarding pro rata sharing of recoveries made for claims filed under the GSM–102 and GSM–103 programs. A typical case might be as follows:

1. The U.S. bank enters into a $300,000 three-year credit arrangement with the foreign bank calling for equal annual payments of principal and annual payments of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum on overdue amounts until the overdue amount is paid.

APPENDIX A TO §1493.130—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC’s policy, as set forth in §1493.130(c), regarding pro rata sharing of recoveries made for claims filed under the GSM–102 and GSM–103 programs. A typical case might be as follows:

1. The U.S. bank enters into a $300,000 three-year credit arrangement with the foreign bank calling for equal annual payments of principal and annual payments of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum on overdue amounts until the overdue amount is paid.
Commodity Credit Corporation, USDA

2. The foreign bank fails to make the final principal payment of $100,000 and an interest payment of $10,000, both due on January 31.

3. On February 10, the U.S. bank files a claim in good order with CCC.

4. CCC’s guarantee states that CCC’s maximum liability is limited to 98 percent of the principal amount due ($98,000) and interest at a rate of 8 percent per annum (basis 365 days) on 98 percent of the principal ($7,840).

5. CCC pays the claim on February 22.

6. The latest bond equivalent rate of the 52-week Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of non-payment (January 31) is 9 percent. The latest investment rate of the 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of nonpayment by CCC (February 11) is 7 percent.

### COMPUTATION OF OBLIGATIONS

Using the above case, CCC’s payment to the holder of the payment guarantee would be computed as follows:

1. **CCC’s Obligation under the Payment Guarantee:**
   - (a) Principal coverage— $98,000.00
     \[ (98\% \times \$100,000) \]
   - (b) Interest coverage— $7,840.00
     \[ (8\% \times \$98,000) \]

     **$105,840.00**

   - (c) Late interest due from CCC (7% per annum for 11 days × $105,840).
     \[ \text{Amount paid by CCC on February 22.} \]
     \[ \$106,063.28 \]

2. **Foreign Bank’s Obligation under the Letter of Credit or the Related Obligation:**
   - (a) Principal due January 31. $100,000.00
   - (b) Interest due January 31 (10% × $100,000).
     \[ \$10,000.00 \]

     **$110,000.00**

   - (c) Amount owed by foreign bank as of January 31.
     \[ \$110,795.62 \]

   - (d) Penalty interest due (12% per annum for 22 days × $100,000).
     \[ \$795.62 \]

   - (e) Amount owed by foreign bank as of February 22.
     \[ \$110,795.62 \]

   - (f) Amount of Foreign Bank’s Obligation Not Covered by CCC’s Payment Guarantee: $4,668.55

### COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party’s respective interest in any recovery of losses, the total amount due under the foreign bank obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the foreign bank is $110,795.62, CCC would be entitled to $106,063.07 (divided by $110,795.62) and the holder of the payment guarantee would be entitled to 4.21 percent ($4,668.55 divided by $110,795.62) of any recoveries of losses after settlement of the claim.

Since in this example, the losses were recovered after the claim has been paid by CCC, § 1493.130(b) would apply.

### § 1493.140 Miscellaneous provisions.

(a) **Assignment.** (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be:
   - (i) Made to one party acting for two or more parties or
   - (ii) Subject to further assignment.

   (2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.

   (3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof. To the financial institution and to the exporter issued the payment guarantee, in lieu of an acknowledgment of assignment.

   (4) The name and address of the assignee must be included on the written notice of assignment.

   (b) **Ineligibility of financial institutions to receive an assignment.** A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a payment guarantee if, at the time of assignment, such financial institution:
§ 1493.140

(1) Is not in sound financial condition, as determined by the Treasurer of CCC; or

(2) Is the financial institution issuing the letter of credit or branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(c) Ineligibility of financial institutions to receive proceeds.

A financial institution will be ineligible to receive proceeds payable under a payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Is the financial institution issuing the letter of credit or a branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(d) Alternative satisfaction of payment guarantees.

CCC may, with the agreement of the exporter (or if the right to proceeds payable under a payment guarantee has been assigned, with the agreement of the exporter’s assignee), establish procedures, terms and/or conditions for the satisfaction of CCC’s obligations under a payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms, and/or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the payment guarantee and would not result in CCC paying more than the amount of CCC’s obligation.

(e) Maintenance of records and access to premises.

(1) For a period of five years after the date of expiration of the coverage of a payment guarantee, the exporter or the exporter’s assignee, as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for agricultural commodities exported in connection with a GSM–102 or GSM–103 payment guarantee, including those records generated and maintained by agents, intervening purchasers, and related companies involved in special arrangements with the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter’s assignee, as applicable, during regular business hours from the effective date of the payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter’s, exporter’s assignee’s, agent’s, intervening purchaser’s or related company’s books, records and accounts concerning transactions relating to the payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. During such period, the exporter or the exporter’s assignee may be required to make available to the Secretary of Agriculture or the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions undertaken by the exporter in connection with the payment guarantee.

(2) The exporter must maintain the proof of entry required by §1493.100(b), and must provide access to such documentation if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) Responsibility of program participants.

It is the responsibility of all program participants to review, and fully acquaint themselves with, all regulations, Program Announcements, and Notices to Participants relating to the GSM–102 or GSM–103 program, as applicable. Applicants for payment guarantees under these programs are hereby on notice that they will be bound by any terms contained in applicable Program Announcements or Notices to
Subpart C—CCC Facility Guarantee Program (FGP) Operations

SOURCE: 62 FR 42656, Aug. 8, 1997, unless otherwise noted.

§ 1493.200 General statement.
This subpart governs the Commodity Credit Corporation’s (CCC) Facility Guarantee Program (FGP). CCC will issue facility payment guarantees for project applications meeting the terms and conditions of the Facility Guarantee Program (FGP) and where private sector financing is otherwise not available. This subpart describes the criteria and procedures for applying for a facility payment guarantee, and contains the general terms and conditions of such a guarantee. These general terms and conditions may be supplemented by special terms and conditions specified in program announcements or notices to participants published prior to the issuance of a facility payment guarantee and, if so, will be incorporated by reference on the face of the facility payment guarantee issued by CCC.

(c) Letter of preliminary commitment. If necessary, CCC may seek additional information from an applicant prior to making its determination. If CCC determines that an application meets these standards and appears to represent, in CCC’s judgment, the best use of available resources, CCC will respond to the applicant with a letter of preliminary commitment indicating CCC’s interest in issuing a facility payment guarantee conditioned on its approval of the exporter’s final application.

§ 1493.250 Final application and issuance of a facility payment guarantee.

(a) Final application. An exporter who has received a letter of preliminary commitment may, within six months of the date of such letter, submit a final application to CCC for a facility payment guarantee which shall include the following information:

(1) A cover sheet with the title: “Application for a Facility Payment Guarantee—Final Commitment.”

A sales contract may be contingent upon obtaining a facility payment guarantee;

(4) A description of any changes in the information submitted in the preliminary application; and

(5) The exporter’s signature;

(b) Additional information. CCC shall have the right to request the exporter to furnish any other information and documentation it deems pertinent to the evaluation of the exporter’s final application for a final commitment. CCC may request from the exporter an independent engineering study or economic feasibility study relating to the project.

(c) Final commitment letter. After making a favorable determination on the exporter’s submissions, CCC will issue a final commitment letter indicating the applicable exposure fee rate and stating that CCC is prepared to issue a facility payment guarantee upon receiving full payment of the exposure fee within an allotted time. The letter will also indicate the key terms and
coverage of the guarantee to be issued. CCC will also inform exporters in writing when it denies their request for a facility payment guarantee.

(d) Exposure fee. The exposure fee is calculated by multiplying the requested guaranteed value (up to the maximum established by CCC's final commitment letter) by the exposure fee rate. Once the facility payment guarantee is issued to the exporter, CCC will ordinarily not refund the exposure fee. If CCC does not issue a facility payment guarantee, or issues a guarantee for only part of the coverage requested, CCC will make a full or pro rata refund of the exposure fee, as appropriate.

(e) Issuance of the facility payment guarantee. Upon receipt of the exposure fee, CCC will issue a facility payment guarantee.

§ 1493.260 Facility payment guarantee.

(a) CCC's maximum obligation. CCC will agree to pay the exporter or the exporter's assignee an amount not to exceed the guaranteed value stipulated on the face of the facility payment guarantee, plus eligible interest, in the event that the foreign bank fails to pay under the foreign bank letter of credit or related obligation. The exact amount of CCC's liability in the event of default will be determined in accordance with §1493.310(b).

(b) Calculation of maximum guarantee coverage. CCC will determine the maximum amount of its obligation under a facility payment guarantee by calculating:

(1) Net contract value equal to the contract value minus:

(i) The value of goods that are not U.S. goods; and

(ii) The cost of services that are not U.S. services (including freight on foreign flag carriers and transportation insurance registered with foreign agents) that, at the request of the exporter, CCC determines are vital to the success of the project and approves their inclusion in the net contract value;

(2) Facility base value equal to net contract value minus:

(i) The amount to be paid in accordance with the initial payment requirement in §1493.230(c); and

(ii) The amount of discounts and allowances; and

(3) Maximum guaranteed value equal to:

(i) A principal amount determined by multiplying the facility base value (as determined in §1493.260(b)(2)) by the guaranteed percentage specified in the program announcement; and

(ii) Interest on such principal amount at the rate specified in the applicable program announcement, not to exceed the investment rate of the most recent Treasury 52-week bill auction in effect at that time.

(c) Value and cost. For the purposes of this section:

(1) Value means declared customs value of the goods; or, in the absence of specific information regarding declared customs value, the fair market wholesale value of the imported goods in the United States at the time they were acquired by the participant; and

(2) Cost means actual amount paid by the exporter for the services in an arms-length transaction; or in the absence of an arms-length transaction, the fair market value of the services at the time the services were provided.

(d) U.S. content test. (1) CCC will issue a guarantee only if the following items collectively represent less than 50 percent of the net contract value in §1493.260(b)(1):

(i) The value of imported components (except for raw materials) that are assembled, processed, or manufactured into U.S. goods included in the net contract value;

(ii) The cost of services that are not U.S. services (including freight on foreign flag carriers and transportation insurance registered with foreign agents) that, at the request of the exporter, CCC determines are vital to the success of the project and approves their inclusion in the net contract value;

(2) For purpose of this subsection, minor or cosmetic procedures (e.g., affixing labels, cleaning, painting, polishing) do not qualify as assembling, processing or manufacturing;

(3) For purpose of this subsection, local services which involve costs for hotels, meals, transportation, and other similar services incurred in the emerging market are not U.S. services.

(e) Period of guarantee coverage. The payment guarantee will apply to the
Commodity Credit Corporation, USDA

§ 1493.260

period beginning on the date(s) of export(s) and will continue during the credit term specified in the facility payment guarantee. For goods, the period of coverage will also apply from the date on which interest begins to accrue, if earlier than the date of export. The final payments of principal and interest by the foreign bank must come due within the period of guarantee coverage.

(f) Terms of the CCC facility payment guarantee. The terms of CCC’s coverage will be set forth in the facility payment guarantee and will include the provisions of this subpart, which may be supplemented by any program announcement(s) or notice(s) to participants in effect at the time the facility payment guarantee is approved by CCC.

(g) Final date to export. The final date to export will be stated in the facility payment guarantee.

(h) Ineligible exports. Goods or services with a date of export prior to the date CCC issues the facility payment guarantee are ineligible for coverage unless approved by the GSM.

(i) Additional requirements. The facility payment guarantee may contain such additional terms, conditions, and limitations as are deemed necessary or desirable by the GSM. Such additional terms, conditions or qualifications, as stated in the facility payment guarantee, are binding on the exporter or the exporter’s assignee.

(j) Amendments. Exporters must notify CCC of any amendments concerning contracts covered by a facility payment guarantee. CCC will determine if the contract amendments will require amendments to the facility payment guarantee. Amending the facility payment guarantee may result in an increase to the exposure fee. Requests made by the exporter to amend the facility payment guarantee so as to change the guaranteed value must have the concurrence of the assignee when an assignment has been made.

(k) Effective date. The facility payment guarantee shall become effective on the date of export of the goods or services.

APPENDIX TO § 1493.260—ILLUSTRATION OF FGP COVERAGE OF IMPORTED RAW MATERIALS, COMPONENTS, AND SERVICES THAT ARE NOT U.S. SERVICES

The following example illustrates CCC’s regulations and policy options with regard to issuing a payment guarantee for a project which includes imported raw materials, imported components, and services that are not U.S. services:

1. Ten grain trucks and one truck scale are to be exported from the U.S. to an emerging market. The trucks will provide the ability to purchase larger quantities of grain from the U.S. The contract value totals $2,025,000, cost, insurance and freight (CIF) basis.

2. The fenders, hoods and doors of the trucks have been manufactured and assembled in the U.S. and contain some imported raw materials (sheet metal).

3. Imported components consist of starters and alternators, with a U.S. customs valuation of $149,000. These items are installed into the trucks in the U.S.

4. The truck scale was imported from Canada into the U.S. with a U.S. customs valuation of $20,000.

5. A U.S. citizen, will travel on a foreign airline carrier to the emerging market (airfare is $1,000) to instruct mechanics in repair and maintenance of the trucks. He will be paid a salary for this service and, in addition, will be reimbursed separately for local costs in the emerging market (e.g., hotel, meals, transportation) which are estimated to be $5,000.

6. The trucks are to be shipped on foreign flag vessels, and the marine insurance is to be placed with a foreign agent. The combined cost of these services that are not U.S. services for which the exporter seeks coverage is estimated to be $500,000.

CCC’S APPROVAL OF SERVICES THAT ARE NOT U.S. SERVICES

CCC agrees to include in the net contract value the foreign flag freight and marine insurance ($500,000) and the airfare ($1,000) of the U.S. instructor ($149,200(b)(1)(i)).

CALCULATION OF NET CONTRACT VALUE

CCC will calculate the net contract value by subtracting from the contract value ($2,025,000) the U.S. customs value of the truck scale ($20,000) in accordance with §1493.260(b)(1)(i) and the local costs to be incurred by the U.S. instructor ($5,000) in accordance with §1493.260(b)(1)(ii) to equal $2,000,000.

CCC’S DETERMINATION OF U.S. CONTENT ELIGIBILITY

The imported components and services that are not U.S. services approved for coverage total $650,000 (i.e., $149,000 for starters and alternators, $1,000 for airfare, $500,000 for

(2) All information submitted to CCC is true and correct; and

(3) The exporter is in compliance with this subpart.

(b) False certification. False certifications under this subpart may result in the termination of the facility payment guarantee, suspension or debarment, or civil or criminal action.

§ 1493.300 Notice of default and claims for loss.

(a) Notice of default. If the foreign bank issuing the letter of credit fails to make payment pursuant to the terms of the foreign bank letter of credit or related obligation, the exporter or the exporter’s assignee must submit a notice of default to CCC as soon as possible, but not later than ten days after the date that payment was due from the foreign bank (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter’s assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the facility payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if approved by the Controller, CCC. The notice of default must include:

(1) Facility payment guarantee number;
(2) Name of the emerging market;
(3) Name of the defaulting bank;
(4) Payment due date;
(5) Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;

(7) Reason for the foreign bank’s refusal to pay, if known.

(b) Filing a claim for loss. A claim for a loss by the exporter or the exporter’s assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. The claim for loss must include the following information and documents:

(1) Facility payment guarantee number;

(4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter’s assignee that each page of each document is a true and correct copy:
   (i)(A) The foreign bank’s letter of credit securing the export sale, and;

For subsequent claims relating to such failures of the foreign bank to make scheduled installments on the same export, the exporter or the exporter’s assignee need only submit to CCC a notice of such failure containing the information stated in paragraphs (b)(1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and the date the original claim was filed with CCC.

§ 1493.310 Payment for loss.

(a) Determination of CCC’s liability. Upon receipt in good order of the information and documents required under §1493.300, CCC will determine whether or not a loss has occurred for which CCC is liable under the facility payment guarantee, this subpart, program announcement(s) and notice(s) to participants. If CCC determines that it is liable to the exporter or the exporter’s assignee, CCC will pay the exporter or the exporter’s assignee in accordance with paragraphs (b) and (c) of this section.

(b) Amount of CCC’s liability. CCC’s maximum liability for any claims for loss submitted with respect to any facility payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:
   (1) The guaranteed value as stated in the facility payment guarantee, plus eligible interest; or
   (2) The guaranteed percentage (as indicated in the facility payment guarantee) of the exported value indicated in the evidence of export report (§1493.280(a)(7)), plus eligible interest.

(c) Late interest payment. If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter’s assignee beginning with the first day after the claim was found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) Accelerated payments. CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export

sales contract, the foreign bank's letter of credit, or any obligation owed by the foreign bank to the assignee U.S. financial institution which is related to the foreign bank's letter of credit issued in favor of the exporter, unless it is determined to be in the best interest of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter's assignee in addition to such other claimed amount as may be due from CCC.

(e) Action against the assignee. Notwithstanding any other provision in this subpart to the contrary, with regard to the value of goods or services covered by a facility payment guarantee, CCC will not hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under §1493.270 and §1493.280 excluding post-export adjustments (i.e., corrections of evidence of export reports); and

(2) The exporter or the exporter's assignee furnishes the statements and documents specified in §1493.300.

§ 1493.320 Recovery of losses.

(a) Notification. Upon payment of loss to the exporter or the exporter's assignee, CCC will notify the foreign bank of CCC's rights under the subrogation agreement to recover all monies in default.

(b) Receipt of monies. (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter's assignee from the importer, the foreign bank or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 days from the date of recovery by the exporter or the exporter's assignee, the exporter or the exporter's assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery, and will accrue from such date to the date of payment by the exporter or the exporter's assignee to CCC. Such interest will be charged only on CCC's share of the recovery.

(2) If CCC recovers monies that should be applied to a facility payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the facility payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 days from the date of recovery or 15 days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the facility payment guarantee.

(c) Allocation of recoveries. Recoveries made by CCC from the importer or the foreign bank, and recoveries received by CCC from the exporter, the exporter's assignee or any other source whatsoever, will be allocated by CCC to the exporter or the exporter's assignee and CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of principal and interest in default. Once CCC has paid out a particular claim under a facility payment guarantee, CCC prorates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix to §1493.320 provides an example of the methodology used by CCC in applying this paragraph (c).

(d) Liabilities to CCC. Notwithstanding any other terms of the facility payment guarantee, the exporter may be liable to CCC for any amounts
§ 1493.320

paid by CCC under the facility payment guarantee when and if it is determined by CCC that the exporter engaged in fraud, or has been or is in breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the facility payment guarantee or for fulfilling obligations under the FGP. Further, the exporter’s assignee may be liable to CCC for any amounts paid by CCC under the facility payment guarantee when and if it is determined by CCC that the exporter’s assignee engaged in fraud or otherwise violated program requirements.

(e) Good faith. The violation by an exporter of the certifications in §1493.270 or the failure of an exporter to comply with the provisions of §1493.290 or §1493.330(e) will not affect the validity of any facility payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the facility payment guarantee or at the time of assignment of the facility payment guarantee.

(f) Cooperation in recoveries. Upon payment by CCC of a claim to the exporter or the exporter’s assignee, the exporter or the exporter’s assignee will cooperate with CCC to effect recoveries from the foreign bank or the importer.

APPENDIX TO §1493.320—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC’s policy, as set forth in §1493.320, regarding pro rata sharing of recoveries made for claims filed under the FGP. For the purpose of this example only, even though CCC interest coverage is on a floating rate basis, a constant rate of interest is assumed. A typical case might be as follows:

1. The U.S. bank enters into a $300,000 three-year credit arrangement for the export sale of goods and services with the foreign bank calling for equal semi-annual payments of principal and semi-annual payment of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum on overdue amounts until the overdue amount is paid.

2. Exported value reported to CCC equals $300,000.

3. The foreign bank fails to make the final principal payment of $50,000 and an interest payment of $2,493.15, both due on January 31.

4. On February 10, the U.S. bank files a notice of default and claim in good order with CCC.

5. CCC’s guarantee states that CCC’s maximum liability is limited to 95 percent of the principal amount due ($47,500) and interest at a rate of 8 percent per annum (basis 365 days) of 95 percent of the principal ($1,894.80).

6. CCC pays the claim on February 22.

7. The interest rate at the time of payment was 7.7 percent. The penalty interest rate was 12 percent on the overdue amount.

COMPUTATION OF OBLIGATIONS

Using the above case, CCC’s payment to the holder of the facility payment guarantee would be computed as follows:

1. CCC’s Obligation under the Facility Payment Guarantee:

(a) Principal coverage—(95% × $50,000) ..................... $47,500.00

(b) Interest coverage—(8% × $47,500 × 182/365) ................ 1,894.80

Total .................................. 49,394.80

(c) Late interest due from CCC (7% per annum for 11 days × $49,394.80) .................. 104.20

(d) Amount paid by CCC on February 22 ...................... 49,499.00

2. Foreign Bank’s Obligation under the Letter of Credit or the Related Obligation:

(a) Principal due January 31 ............................ 50,000.00

(b) Interest due January 31 (10% × $50,000 × 182/365) ................. 2,493.15

Amount owed by foreign bank as of January 31 .......... 52,493.15

(c) Penalty interest due (12% per annum for 22 days × $50,000) ................. 361.64

Amount owed by foreign bank as of February 22 ...... 52,854.79

3. Amount of Foreign Bank’s Obligation Not Covered by CCC’s Payment Guarantee: .......... 3,355.79

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party’s respective interest in any recovery of losses, the total amount due under the foreign bank obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the foreign bank is $52,854.79, CCC would be entitled to 93.65 percent ($49,499.00 divided by $52,854.79) and the holder of the facility payment guarantee would be entitled to 6.35 percent ($3,355.79 divided by $52,854.79) of any recoveries of losses after settlement of the claim. Since in this example, the losses were

§ 1493.330 Miscellaneous provisions.

(a) Assignment. (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a facility payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the facility payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be subject to further assignment. Any assignment may be made to one party as agent or trustee for two or more parties participating in the assignment.

(2) An original and two copies of the written notice of assignment signed by the parties thereto must be filed by the assignee with the Treasurer, CCC, at the address specified in the Contacts P/R.

(3) Receipt of the notice of assignment will ordinarily be acknowledged to the exporter and its assignee in writing by an officer of CCC. In cases where a financial institution is determined to be ineligible to receive an assignment, in accordance with paragraph (b) of this section, CCC will provide notice thereof to such financial institution and to the exporter issued the facility payment guarantee in lieu of an acknowledgment of assignment.

(b) The name and address of the assignee must be included on the written notice of assignment.

(b) Ineligibility of financial institutions to receive an assignment. A financial institution will be ineligible to receive an assignment of proceeds which may become payable under a facility payment guarantee if, at the time of assignment, such financial institution:

(1) Is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Is the financial institution issuing the letter of credit or a branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(c) Ineligibility of financial institutions to receive proceeds. A financial institution will be ineligible to receive proceeds payable under a facility payment guarantee approved by CCC if such financial institution:

(1) At the time of assignment of a facility payment guarantee, is not in sound financial condition, as determined by the Treasurer of CCC;

(2) Is the financial institution issuing the letter of credit or a branch, agency, or subsidiary of such institution; or

(3) Is owned or controlled by an entity that owns or controls the financial institution issuing the letter of credit; or

(4) Is the U.S. parent of the foreign bank issuing the letter of credit.

(d) Alternative satisfaction of facility payment guarantees. CCC may, with the agreement of the exporter (or if the right to proceeds payable under the facility payment guarantee has been assigned, with the agreement of the exporter’s assignee), establish procedures, terms or conditions for the satisfaction of CCC’s obligations under a facility payment guarantee other than those provided for in this subpart if CCC determines that those alternative procedures, terms or conditions are appropriate in rescheduling the debts arising out of any transaction covered by the facility payment guarantee and would not result in CCC paying more than the amount of CCC’s obligation.

(e) Maintenance of records and access to premises. (1) For a period of five years after the date of expiration of the coverage of a facility payment guarantee, the exporter or the exporter’s assignee, as applicable, must maintain and make available all records pertaining to sales and deliveries of and extension of credit for goods or services exported in connection with a facility payment guarantee, including those records generated and maintained by agents, and related companies involved in special arrangements with the exporter. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, must be given full and complete access to the premises of the exporter or the exporter’s assignee, as applicable, during regular business
hours from the effective date of the facility payment guarantee until the expiration of such five-year period to inspect, examine, audit, and make copies of the exporter's, exporter's assignee's, or a related company's books, records, and accounts concerning transactions relating to the facility payment guarantee, including, but not limited to, financial records and accounts pertaining to sales, inventory, manufacturing, processing, and administrative and incidental costs, both normal and unforeseen.

(2) The exporter must maintain the proof of entry required by § 1493.290(b), and must provide access to such document if requested by the Secretary of Agriculture or his authorized representative for the five-year period specified in paragraph (e)(1) of this section.

(f) Responsibility of program participants. It is the responsibility of all program participants to review, and fully acquaint themselves with, this subpart, program announcement(s), and notice(s) to participants relating to the FGP, as applicable. Applicants for facility payment guarantees under this program are hereby on notice that they will be bound by any terms contained in applicable program announcement(s) or notice(s) to participants issued prior to the date of approval of a facility payment guarantee.

(g) Submission of documents by principal officers. All required submissions, including certifications, applications, reports, or requests (i.e., requests for amendments), by exporters or exporters' assignees under this subpart must be signed by a principal or officer of the exporter or exporter's assignee or their authorized designee(s). In cases where the designee is acting on behalf of the principal or the officer, the signature must be accompanied by:

(1) Wording indicating the delegation of authority or, in the alternative, by a certified copy of the delegation of authority; and

(2) The name and title of the authorized person or officer. Further, the exporter or exporter's assignee must ensure that all information/reports required under this subpart are submitted within the required time limits. If requested in writing, CCC will acknowledge receipt of a submission by the exporter or the exporter's assignee. If acknowledgment of receipt is requested, the exporter or exporter's assignee must submit an extra copy of each document and a stamped self-addressed envelope for return by U.S. mail. If courier services are desired for the return receipt, the exporter or exporter's assignee must also submit a self-addressed courier service order which includes the recipient's billing code for such service.

(h) Officials not to benefit. No member of or delegate to Congress, or resident Commissioner, shall be admitted to any share or part of the facility payment guarantee or to any benefit that may arise therefrom, but this provision shall not be construed to extend to the facility payment guarantee if made with a corporation for its general benefit.

(i) Deadlines. (1) Where a deadline is fixed in terms of days, it means business days and excludes Saturdays, Sundays and federal holidays.

(2) Where a deadline is fixed in terms of months, the deadline falls on the same day of the month as the day triggering the deadline period, or if there is no same day, the last day of the month; and

(3) Where a deadline would otherwise fall on a Saturday, Sunday or federal holiday, the deadline shall be the next business day.

Subpart D—CCC Supplier Credit Guarantee Program Operations

SOURCE: 61 FR 33831, July 1, 1996, unless otherwise noted.

§ 1493.400 General statement.

(a) Overview. (1) This subpart contains the regulations governing the operations of the Supplier Credit Guarantee Program (SCGP). The restrictions and criteria set forth at subpart A for the Commodity Credit Corporation (CCC) Export Credit Guarantee Program (GSM–102) and the Intermediate Credit Guarantee Program (GSM–103) will apply to this subpart. The SCGP was developed to expand U.S. agricultural exports by making
available payment guarantees to encourage U.S. exporters to extend financing on credit terms of not more than 180 days to importers of U.S. agricultural commodities.

(2) The SCGP operates in cases where credit is necessary to increase or maintain U.S. exports to a foreign market and where private U.S. exporters would be unwilling to provide financing without CCC’s guarantee. The program is operated in a manner intended not to interfere with markets for cash sales. The program is targeted toward those countries where the guarantees are necessary to secure financing of the exports but which have sufficient financial strength so that foreign exchange will be available for scheduled payments. In providing this credit guarantee facility, CCC seeks to expand market opportunities for U.S. agricultural exporters and assist long-term market development for U.S. agricultural commodities.

(3) The credit facility created by this program is the SCGP payment guarantee (payment guarantee). The payment guarantee is an agreement by CCC to pay the exporter, or the U.S. financial institution that may take assignment of the exporter’s right to proceeds, specified amounts of principal and, where applicable, interest due from, but not paid by, the importer incurring the obligation in connection with the export sale to which CCC’s guarantee coverage pertains. By approving an exporter’s application for a payment guarantee, CCC encourages private sector, rather than government, financing and incurs a substantial portion of the risk of default by the importer. CCC assumes this risk, in order to be able to operate the program for the purposes specified in §1493.2.

(b) Credit facility mechanism. (1) For the purpose of the SCGP, CCC will consider applications for payment guarantees only in connection with export sales of U.S. agricultural commodities where the payment for the agricultural commodities will be made under an unconditional and irrevocable importer obligation to a U.S. exporter payable in U.S. dollars, as defined in §1493.410(n).

(2) The exporter may assign the right to proceeds under the importer obligation to a U.S. bank or other financial institution so that the exporter may realize the proceeds of the sale prior to the deferred payment date(s) as set forth in the importer obligation.

(3) The SCGP payment guarantee is designed to protect the exporter or the exporter’s assignee against those losses specified in the payment guarantee resulting from defaults, whether for commercial or noncommercial reasons, by the importer under the importer’s obligation.

(c) Program administration. The SCGP will be administered pursuant to subpart A and this subpart and any Program Announcements and Notices to Participants issued by CCC pursuant to, and not inconsistent with, this subpart. This program is under the general administrative responsibility of the General Sales Manager (GSM), Foreign Agricultural Service (FAS/USDA). The review and payment of claims for loss will be administered by the Office of the Controller, CCC. Information regarding specific points of contact for the public, including names, addresses, and telephone and facsimile numbers of particular USDA or CCC offices, will be announced by a public press release (see §1493.410(c), “Contacts P/R”).

(d) Country allocations and program announcements. From time to time, CCC will issue a Program Announcement to announce a SCGP allocation for a specific country. The Program Announcement for a country allocation will designate specific allocations for U.S. agricultural commodities or products thereof, will indicate the form of promissory note required by CCC, and will provide other pertinent information. Exporters may negotiate export sales to importers in that country for one of the commodities specified in the Program Announcement and seek payment guarantee coverage within the dollar amounts of specified coverage for that commodity. The Program Announcement will contain a requirement that the exporter’s sales contract contain a shipping deadline within the applicable program year. The final date for a contractual shipping deadline will be stated in the Program Announcement. Program Announcements may also contain a specified “undesignated” or “unallocated” dollar amount for the purpose that if dollar amounts
specified for a specific commodity for a country become fully used, an additional allocation from the "unallocated" or "undesignated" portion of the total country allocation may then be designated for a specific commodity. Program Announcements that include an "unallocated" or "undesignated" dollar amount will contain further information on the "unallocated" or "undesignated" portion of the country allocation.

§ 1493.410 Definition of terms.

Terms set forth in this subpart and in CCC Program Announcements, Notices to Participants, and any other CCC-originated documents pertaining to the SCGP will have the following meanings:

(a) Assignee. A financial institution in the United States which, for adequate consideration given, has obtained the legal rights to receive the payment of proceeds under the payment guarantee.

(b) CCC. The Commodity Credit Corporation, an agency and instrumentality of the United States within the Department of Agriculture, authorized pursuant to the Commodity Credit Corporation Charter Act of 1948 (15 U.S.C. 714 et seq.), and subject to the general supervision and direction of the Secretary of Agriculture.

(c) Contacts P/R. A notice issued by FAS/USDA by public press release which contains specific names, addresses, and telephone and facsimile numbers of contacts within FAS/USDA and CCC for use by persons interested in obtaining information concerning the operations of the SCGP. The Contacts P/R also contains details about where to submit information required to qualify for program participation, to apply for payment guarantees, to request amendments of payment guarantees, to submit evidence of export reports, and to give notices of default and file claims for loss.

(d) Date of export. One of the following dates, depending upon the method of shipment: the on-board date of an ocean bill of lading or the on-board ocean carrier date of an intermodal bill of lading; the on-board date of an airway bill; or, if exported by rail or truck, the date of entry shown on an entry certificate or similar document issued and signed by an official of the Government of the importing country.

(e) Date of sale. The earliest date on which a contractual obligation exists between the exporter, or an intervening purchaser, if applicable, and the importer under which a firm dollar-and-cent price for the sale of agricultural commodities to the importer has been established or a mechanism to establish such price has been agreed upon.

(f) Discounts and allowances. Any consideration provided directly or indirectly, by or on behalf of the exporter, or an intervening purchaser, to the importer in connection with a sale of an agricultural commodity, above and beyond the commodity's value, stated on the appropriate FOB, FAS, CFR or CIF basis. Discounts and allowances include, but are not limited to, the provision of additional goods, services or benefits; the promise to provide additional goods, services or benefits in the future; financial rebates; the assumption of any financial or contractual obligations; the whole or partial release of the importer from any financial or contractual obligations; or settlements made in favor of the importer for quality or weight.

(g) Eligible interest. The maximum amount of interest, based on the interest rate indicated in CCC's payment guarantee or any amendments to such payment guarantee, which CCC agrees to pay the exporter or the exporter's assignee in the event that CCC pays a claim for loss. The maximum interest rate stated in the payment guarantee, when determined or adjusted by CCC, will not exceed the average investment rate of the most recent Treasury 52-week bill auction in effect at that time.

(h) Exported value. (1) Where CCC announces coverage on a FAS or FOB basis and:

(i) Where the commodity is sold on a FAS or FOB basis, the value, FAS or FOB basis, U.S. point of export, of the export sale, reduced by the value of any discounts or allowances granted to the importer in connection with such sale; or

(ii) Where the commodity was sold on a CFR or CIF basis, point of entry, the
value of the export sale, FAS or FOB, point of export, is measured by the CFR or CIF value of the agricultural commodity less the cost of ocean freight, as determined at the time of application and, in the case of CIF sales, less the cost of marine and war risk insurance, as determined at the time of application, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity; or

(2) Where CCC announces coverage on a CFR or CIF basis, and where the commodity is sold on a CFR or CIF basis, point of entry, the total value of the export sale, CFR or CIF basis, point of entry, reduced by the value of any discounts or allowances granted to the importer in connection with the sale of the commodity.

(3) When a CFR or CIF commodity export sale involves the performance of non-freight services to be performed outside the United States (e.g., services such as bagging bulk cargo) which are not normally included in ocean freight contracts, the value of such services and any related materials not exported from the U.S. with the commodity must also be deducted from the CFR or CIF sales price in determining the exported value.

(i) Exporter. A seller of U.S. agricultural commodities or products thereof that has qualified in accordance with the provisions of §1493.420.

(j) FAS/USDA. The Foreign Agricultural Service, U.S. Department of Agriculture.

(k) GSM. The General Sales Manager, FAS/USDA, acting in his capacity as Vice President, CCC, or his designee.

(l) Guaranteed value. The maximum amount, exclusive of interest, that CCC agrees to pay the exporter or assignee under CCC’s payment guarantee, as indicated on the face of the payment guarantee.

(m) Importer. A foreign buyer that enters into a contract with an exporter, or with an intervening purchaser, for an export sale of agricultural commodities to be shipped from the U.S. to the foreign buyer.

(n) Importer obligation. A promissory note or notes that conform(s) with the requirements for such note(s) specified in the applicable country or regional Program Announcement(s).

(o) Incoterms. The following customary terms, as defined by the International Chamber of Commerce, Incoterms® current revision:

(1) Free Alongside Ship (FAS);
(2) Free on Board (FOB);
(3) Cost and Freight (CFR, or alternatively, C&F, C and F, or CNF); and

(4) Cost Insurance and Freight (CIF).

(p) Intervening purchaser. A party that agrees to purchase U.S. agricultural commodities from an exporter and sell the same agricultural commodities to an importer.

(q) Late interest. Interest, in addition to the interest due under the payment guarantee, which CCC agrees to pay in connection with a claim for loss, accruing during the period beginning on the first day after receipt of a claim which CCC has determined to be in good order and ending on the day on which payment is made on such claim for loss.

(r) Notice to participants. A notice issued by CCC by public press release which serves one or more of the following functions: to remind participants of the requirements of the program; to clarify the program requirements contained in these regulations in a manner which is not inconsistent with the regulations; to instruct exporters to provide additional information in applications for payment guarantees under specific country and/or commodity allocations; and to supplement the provisions of a payment guarantee, in a manner not inconsistent with these regulations, before the exporter’s application for such payment guarantee is approved.

(s) Payment guarantee. An agreement under which CCC, in consideration of a fee paid, and in reliance upon the statements and declarations of the exporter, subject to the terms set forth in the written guarantee (including the required form of promissory note), this subpart, and any applicable Program Announcements or Notices to Participants, agrees to pay the exporter or the exporter’s assignee in the event of a default by an importer under the importer obligation.

(t) Port value. (1) Where CCC announces coverage on a FAS or FOB basis and:
§ 1493.420

Before CCC will accept an application for a payment guarantee under the SCGP, the applicant must qualify for participation in this program. Based upon the information submitted by the applicant and other publicly available sources, CCC will determine whether the applicant is eligible for participation in the program.

(a) Submission of documentation. In order to qualify for participation in the SCGP, an applicant must submit to CCC, at the address specified in the Contacts P/R, the following information:

(1) The address of the applicant's headquarters office and the name and address of an agent in the U.S. for the service of process;

§ 1493.430 Application for a payment guarantee.

(a) A firm export sale must exist before an exporter may submit an application for a payment guarantee. An application for a payment guarantee may be submitted in writing or may be made by telephone, but, if made by telephone, it must be confirmed in writing to the office specified in the Contacts P/R. An application must identify the name and address of the exporter and include the following information:

1. Name of the destination country;
2. Name and address of the importer;
3. Name and address of the intervening purchaser, if any, and a statement that the commodity will be shipped directly to the importer in the destination country;
4. Date of sale;
5. Exporter's sale number;
6. Delivery period as agreed between the exporter and the importer;
7. A full description of the commodity (including packaging, if any);
8. Mean quantity, contract loading tolerance and, if the exporter chooses, a request for CCC to reserve coverage up to the maximum quantity permitted by the contract loading tolerance;
9. Unit sales price of the commodity, or a mechanism to establish the price, as agreed between the exporter and the importer;
10. The name and U.S. address of the office(s) of the applicant, and statement indicating whether the applicant is a U.S. domestic corporation, a foreign corporation or another foreign entity. If the applicant has multiple offices, the address included in the information should be that which is pertinent to the particular export sale contemplated by the applicant under this subpart;
11. A certified statement describing the applicant's participation, if any, during the past three years in U.S. Government programs, contracts or agreements; and
12. A certification that: "I certify, to the best of my knowledge and belief, that neither [name of applicant] nor any of its principals has been debarred, suspended, or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency. [''Principals,' for the purpose of this certification, means officers; directors; owners of five percent or more of stock; partners; and persons having primary management or supervisory responsibility within a business entity (e.g., general manager, plant manager, head of a subsidiary division, or business segment, and similar positions).] I further agree that, should any such debarment, suspension, or notice of proposed debarment occur in the future, [name of applicant] will immediately notify CCC.''

(b) Previous qualification. Any exporter that is qualified under subpart B, §1493.30 is qualified under this section to submit applications for a SCGP payment guarantee, and the information provided by the exporter pursuant to §1493.30 will be deemed to also have been provided under this section. Each application must include the statement required by §1493.430(a)(17) incorporating the certifications of §1493.440, including the certification in §1493.440(e) that the information previously provided pursuant to §1493.420 has not changed. If the exporter is unable to provide such certification, such exporter must update the information required by paragraph (a) of this section which has changed and certify that the remainder of the information previously provided has not changed.

(c) Additional submissions. CCC will promptly notify applicants that have submitted information required by this section whether they have qualified to participate in the program. Any applicant failing to qualify will be given an opportunity to provide additional information for consideration by CCC.

(d) Ineligibility for program participation. An applicant may be ineligible to participate in the SCGP if:

1. Such applicant is currently debarred, suspended, or proposed for debarment from contracting with or participating in any program administered by a U.S. Government agency; or
2. Such applicant is controlled or can be controlled, in whole or in part, by any individuals or entities currently debarred, suspended or proposed for debarment from contracting with or participating in programs administered by any U.S. Government agency.
§ 1493.440 Certification requirements for payment guarantee.

By providing the statement in §1493.430(a)(17), the exporter is certifying that the information provided in the application is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to applications that do not include this statement. The exporter, in submitting an application for a payment guarantee and providing the statement set forth in §1493.430(a)(17), certifies that:

(a) The agricultural commodity or product to be exported under the payment guarantee is a U.S. agricultural commodity as defined by §1493.410(x).

(b) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law;

(c) If the agricultural commodity is vegetable oil or a vegetable oil product, that none of the agricultural commodity or product has been or will be used as a basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930, 19 U.S.C. 1313, of any duty, tax or fee imposed under Federal law on an imported commodity or product;

(d) No person or selling agency has been employed or retained to solicit or secure the payment guarantee, and that there is no agreement or understanding for a commission, percentage, brokerage, or contingent fee, except in the case of bona fide employees or bona
fide established commercial or selling agencies maintained by the exporter for the purpose of securing business; and

(e) The information provided pursuant to §1493.420 has not changed, the exporter still meets all of the qualification requirements of §1493.420, and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements. If the exporter breaches or violates these certifications with respect to a SCGP payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter.

§1493.450 Payment guarantee.

(a) CCC's obligation. The payment guarantee will provide that CCC agrees to pay the exporter or the exporter's assignee an amount not to exceed the guaranteed value, plus eligible interest, in the event that the importer fails to pay under the importer obligation. Unless CCC determines with respect to the particular transaction and claim that the guaranteed portion of the port value exceeded the prevailing U.S. market value for the same, or same type of agricultural commodity or product. In making this determination, CCC will adjust the prevailing U.S. market value for estimated freight and/or insurance costs if the export sale was made on a CFR or CIF basis. Payment by CCC will be in U.S. dollars.

(b) Period of guarantee coverage. The payment guarantee will apply to a credit period not exceeding 180 days beginning either on the date(s) of export(s) or from the date when interest begins to accrue whichever is earlier, and will continue during the credit term specified in the payment guarantee or amendments thereto. However, the payment guarantee becomes effective on the date(s) of export(s) of the agricultural commodities or products thereof specified in the exporter’s application for a payment guarantee.

(c) Terms of the CCC payment guarantee. The terms of CCC’s coverage will be set forth in the payment guarantee, as approved by CCC, and will include the provisions of this subpart, which may be supplemented by any Program Announcements and/or Notices to Participants in effect at the time the payment guarantee is approved by CCC.

(d) Final date to export. The final date to export shown on the payment guarantee will be one month, as determined by CCC, after the contractual deadline for shipping.

(e) Reserve coverage for loading tolerances. The exporter may apply for a payment guarantee and, if coverage is available, pay the guarantee fee, based at least on, the amount of the lower loading tolerance of the export sales contract; however, the exporter may also request that CCC reserve additional guarantee coverage to accommodate up to the amount of the upward loading tolerance specified in the export sales contract. If such additional guarantee coverage is available at the time of application and CCC determines to make such reservation, it will so indicate to the exporter. In the event that the exporter ships a quantity greater than the amount on which the guarantee fee was paid (i.e., lower loading tolerance), it may obtain the additional coverage from CCC, up to the amount of the upward loading tolerance, by filing for an amendment to the payment guarantee, and by paying the additional amount of fee applicable. If such amendment to the payment guarantee is not filed with CCC by the exporter within 30 days after the date of the last export against the sales contract, CCC may determine not to reserve the coverage originally set aside for the exporter.

(f) Ineligible exports. Commodities with a date of export prior to the date of receipt by CCC of the exporter’s telephonic or written application for a payment guarantee, or with a date of export made after the final date for export shown on the payment guarantee or any amendments thereof, are ineligible for guarantee coverage under this subpart, except where it is determined by the GSM to be in the best interests of CCC to provide guarantee coverage on such commodities.

(g) Foreign agricultural component. CCC may approve payment guarantees
§ 1493.460 Guarantee rates and fees.

(a) Guarantee fee rates. The current payment guarantee fee rate(s) will be available by Program Announcement.

(b) Calculation of fee. The guarantee fee will be computed by multiplying the guaranteed value by the guarantee fee rate.

(c) Payment of fee. The exporter shall remit, with his written application, the full amount of the guarantee fee. Applications will not be approved until the guarantee fee has been received by CCC. The exporter’s check for the guarantee fee shall be made payable to CCC and mailed or delivered by courier to the office specified in the Contacts P/R.

(d) Refunds of fee. Guarantee fees paid in connection with approved applications will ordinarily not be refundable. CCC’s approval of the application will be final and refund of the guarantee fee will not be made after approval unless the GSM determines that such refund will be in the best interest of CCC. If the application for a payment guarantee is not approved or is approved only for a part of the guarantee coverage requested, a full or pro rata refund of the fee remittance will be made.

§ 1493.470 Evidence of export.

(a) Report of export. The exporter is required to provide CCC an evidence of export report for each shipment made under the payment guarantee. This report must include the following:

(1) Payment guarantee number;
(2) Date of export;
(3) Exporter’s sale number;
(4) Exported value;
(5) Quantity;
(6) A full description of the commodity exported;
(7) Unit sales price received for the commodity exported and the basis (e.g., FOB, CFR, CIF). Where the unit sales price at export differs from the unit sales price indicated in the exporter’s application for a payment guarantee, the exporter is also required to submit a statement explaining the reason for the difference;
(8) Description and value of discounts and allowances, if any;
(9) Number of the Agreement assigned by USDA under any other program if any portion of the export sale was also approved for participation in any of the following CCC or USDA export program: Export Enhancement Program, Dairy Export Incentive Program, Sunflowerseed Oil Assistance Program, or Cottonseed Oil Assistance Program; and
(10) The exporter’s statement, “ALL SECTION 1493.480 CERTIFICATIONS ARE BEING MADE IN THIS EVIDENCE OF EXPORT” which, when included in the evidence of export by the exporter, will constitute a certification that it is in compliance with all the requirements set forth in § 1493.480.

(b) Time limit for submission of evidence of export. The exporter must provide a written report to the office specified in the Contacts P/R within 60 calendar days if the export was by rail or truck; or 30 calendar days if the export was by
any other carrier. The time period for filing a report of export will commence upon each date of export of the commodity covered under a payment guarantee. If the evidence of export report is not received by CCC within the time period for filing, the payment guarantee will become null and void only if and only to the extent that failure to make timely filing resulted, or would be likely to result, in:

1. Significant financial harm to CCC;
2. The undermining of an essential regulatory purpose of the program;
3. Obstruction of the fair administration of the program; or
4. A threat to the integrity of the program. The time limit for submission of an evidence of export report may be extended if such extension is determined by the GSM to be in the best interests of CCC.

(c) Export sales reporting. Exporters may have a mandatory reporting responsibility under section 602 of the Agricultural Trade Act of 1978, as amended (7 U.S.C. 5712) for exports of wheat and wheat flour, feed grains, oilseeds, cotton, and other agricultural commodities and products thereof.

§ 1493.480 Certification requirements for the evidence of export.

By providing the statement contained in §1493.470(a)(10), the exporter is certifying that the information provided in the evidence of export report is true and correct and, further, that all requirements set forth in this section have been or will be met. The exporter will be required to provide further explanation or documentation with regard to reports that do not include this statement. If the exporter breaches or violates these certifications with respect to a SCGP payment guarantee, CCC will have the right, notwithstanding any other rights provided under this subpart, to annul guarantee coverage for any commodities not yet exported and/or to proceed against the exporter. The exporter, in submitting the evidence of export and providing the statement set forth in §1493.470(a)(10), certifies that:

(a) The agricultural commodity or product exported under the payment guarantee is a U.S. agricultural commodity as defined by §1493.410(x).

(b) Agricultural commodities of the grade, quality and quantity called for in the exporter's sales contract with the importer have been exported to the country specified in the payment guarantee;

(c) There is an importer obligation as defined in §1493.410(n) to cover the exported value of the commodity exported;

(d) There have not been and will not be any corrupt payments or extra sales services or other items extraneous to the transaction provided, financed, or guaranteed in connection with the transaction, and that the transaction complies with applicable United States law; and

(e) The information provided pursuant to §1493.420 has not changed, the exporter still meets all of the qualification requirements of §1493.420 and the exporter will immediately notify CCC if there is a change of circumstances which would cause it to fail to meet such requirements.

§ 1493.490 Proof of entry.

(a) Diversion. The diversion of commodities covered by a SCGP payment guarantee to a country other than that shown on the payment guarantee is prohibited, unless expressly authorized by the GSM.

(b) Records of proof of entry. Exporters must obtain and maintain records of an official or customary commercial nature and grant authorized USDA officials access to such documents or records as may be necessary to demonstrate the arrival of the agricultural commodities exported in connection with the SCGP in the country that was the intended country of destination of such commodities. Records demonstrating proof of entry must be in English or be accompanied by a certified or other translation acceptable to CCC. Records acceptable to meet this requirement include an original certification of entry signed by a duly authorized customs or port official of the importing country, by the importer, by an agent or representative of the vessel or shipline which delivered

877
§ 1493.500
the agricultural commodity to the importing country, or by a private surveyor in the importing country, or other documentation deemed acceptable by the GSM showing:

(1) That the agricultural commodity entered the importing country;
(2) The identification of the exporter carrier;
(3) The quantity of the agricultural commodity;
(4) The kind, type, grade and/or class of the agricultural commodity; and
(5) The date(s) and place(s) of unloading of the agricultural commodity in the importing country. (Records of proof of entry need not be submitted with a claim for loss, except as may be provided in §1493.500(b)(4)(ii).)

§ 1493.500 Notice of default and claims for loss.

(a) Notice of default. If the importer fails to make payment pursuant to the terms of the importer obligation, the exporter or the exporter’s assignee must submit a notice of default to CCC as soon as possible, but not later than 10 calendar days after the date that payment was due from the importer (the due date). A notice of default must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. If the exporter or the exporter’s assignee fails to promptly notify CCC of defaults in accordance with this paragraph, CCC may make the payment guarantee null and void with respect to any payment(s) applicable to such default. This time limit may be extended only under extraordinary circumstances and if such extension is determined by the Controller, CCC, to be in the best interests of CCC. The notice of default must include:

(1) Payment guarantee number;
(2) Name of the country;
(3) Name of the defaulting importer;
(4) Due date;
(5) Total amount of the defaulted payment due, indicating separately the amounts for principal and interest;
(6) Date of importer’s refusal to pay, if applicable; and
(7) Reason for importer’s refusal to pay, if known.

(b) Filing a claim for loss. A claim for a loss by the exporter or the exporter’s assignee will not be paid if it is made later than six months from the due date of the defaulted payment. A claim for loss must be submitted in writing to the Treasurer, CCC, at the address specified in the Contacts P/R. The claim for loss must include the following information and documents:

(1) Payment guarantee number;
(2) A certification that the scheduled payment has not been received;
(3) A certification of the amount of accrued interest in default, the date interest began to accrue, and the interest rate on the importer obligation applicable to the claim;
(4) A copy of each of the following documents, with a cover document containing a signed certification by the exporter or the exporter’s assignee that each page of each document is a true and correct copy:

(i) The importer obligation;
(ii) Depending upon the method of shipment, the negotiable ocean carrier or intermodal bill(s) of lading signed by the shipping company with the on-board ocean carrier date for each shipment, the airway bill, or, if shipped by rail or truck, the entry certificate or similar document signed by an official of the importing country;

(iii)(A) The exporter’s invoice showing, as applicable, the FAS, FOB, CFR or CIF values; or
(B) If there was an intervening purchaser, both the exporter’s invoice to the intervening purchaser and the intervening purchaser’s invoice to the importer;

(iv) An instrument, in form and substance satisfactory to CCC, subrogating to CCC the respective rights of the exporter and the exporter’s assignee, if applicable, to the amount of payment in default under the applicable export sale. The instrument must reference the applicable importer obligation; and

(v) A copy of the report(s) of export previously submitted by the exporter to CCC pursuant to §1493.470(a).

(c) Subsequent claims for defaults on installments. If the initial claim is found in good order, the exporter or an exporter’s assignee need only provide all of the required claims documents with the initial claim relating to a covered
transaction. For subsequent claims relating to failure of the importer to make scheduled installments on the same export shipment, the exporter or the exporter's assignee need only submit to CCC a notice of such failure containing the information stated in paragraph (b), (1), (2), and (3) of this section; an instrument of subrogation as per paragraph (b)(4)(iv) of this section, and including the date the original claim was filed with CCC.

§ 1493.510 Payment for loss.

(a) Determination of CCC's liability. Upon receipt in good order of the information and documents required under §1493.500, CCC will determine whether or not a loss has occurred for which CCC is liable under the applicable payment guarantee, this subpart and any applicable supplemental Program Announcements and Notices to Participants. If CCC determines that it is liable to the exporter and/or the exporter's assignee, CCC will pay the exporter or the exporter's assignee in accordance with paragraphs (b) and (c) of this section.

(b) Amount of CCC's liability. Subject to a determination by CCC with respect to prevailing U.S. market value pursuant to §1493.450(a) of this part, CCC's maximum liability for any claims for loss submitted with respect to any payment guarantee, not including any late interest payments due in accordance with paragraph (c) of this section, will be limited to the lesser of:

(1) The guaranteed value as stated in the payment guarantee, plus eligible interest; or

(2) The guaranteed percentage (as indicated in the payment guarantee) of the exported value indicated in the evidence of export, plus eligible interest.

(c) Late interest payment. If a claim is not paid within one day of receipt of a claim which CCC has determined to be in good order, late interest will accrue in favor of the exporter or the exporter's assignee beginning with the first day after the day of receipt of a claim found by CCC to be in good order and continuing until and including the date that payment is made by CCC. Late interest will be paid on the guaranteed amount, as determined by paragraphs (b)(1) and (2) of this section, and will be calculated based on the average investment rate of the most recent Treasury 91-day bill auction as announced by the Department of Treasury as of the due date.

(d) Accelerated payments. CCC will pay claims only for losses on amounts not paid as scheduled. CCC will not pay claims for amounts due under an accelerated payment clause in the export sales contract or the importer obligation unless it is determined to be in the best interests of CCC by the Controller, CCC. Notwithstanding the foregoing, CCC at its option may declare the entire amount of the unpaid balance, plus accrued interest, in default and make payment to the exporter or the exporter's assignee in addition to such other claimed amount as may be due from CCC.

(e) Action against the assignee. Notwithstanding any other provision in this subpart to the contrary, with regard to commodities covered by a payment guarantee, CCC will not, except pursuant to a determination under §1493.450(a) of this part, hold the assignee responsible or take any action or raise any defense against the assignee for any action, omission, or statement by the exporter of which the assignee has no knowledge, provided that:

(1) The exporter complies with the reporting requirements under §§1493.470 and 1493.480, excluding post-export adjustments (i.e., corrections to evidence of export reports); and

(2) The exporter or the exporter's assignee furnishes the statements and documents specified in §1493.500.

§ 1493.520 Recovery of losses.

(a) Notification. Upon payment of loss to the exporter or the exporter's assignee, CCC will notify the importer of CCC's rights under the subrogation agreement to recover all monies in default.

(b) Receipt of monies. (1) In the event that monies for a defaulted payment are recovered by the exporter or the exporter's assignee from the importer or any other source whatsoever, such monies shall be immediately paid to the Treasurer, CCC. If such monies are not received by CCC within 15 business days from the date of recovery by the
§ 1493.520

exporter or the exporter’s assignee, the exporter or the exporter’s assignee will owe to CCC interest from the date of recovery to the date of receipt by CCC. This interest will be calculated based on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and will accrue from such date to the date of payment by the exporter or the exporter’s assignee to CCC. Such interest will be charged only on CCC’s share of the recovery.

(2) If CCC recovers monies that should be applied to a payment guarantee for which a claim has been paid by CCC, CCC will pay the holder of the payment guarantee its pro rata share immediately, provided that the required information necessary for determining pro rata distribution has been furnished. If payment is not made by CCC within 15 business days from the date of recovery or 15 business days from receiving the required information for determining pro rata distribution, whichever is later, CCC will pay interest calculated on the latest average investment rate of the most recent Treasury 91-day bill auction, as announced by the Department of Treasury, in effect on the date of recovery and such interest will accrue from such date to the date of payment by CCC. The interest will apply only to the portion of the recovery payable to the holder of the payment guarantee.

(c) Allocation of recoveries. Recoveries made by CCC from the importer, and recoveries received by CCC from the exporter, the exporter’s assignee, or any other source whatsoever, will be allocated by CCC to the exporter or the exporter’s assignee and to CCC on a pro rata basis determined by their respective interests in such recoveries. The respective interest of each party will be determined on a pro rata basis, based on the combined amount of principal and interest in default. Once CCC has paid out a particular claim under a payment guarantee, CCC pro rates any collections it receives and shares these collections proportionately with the holder of the guarantee until both CCC and the holder of the guarantee have been reimbursed in full. Appendix A to § 1493.520—Illustration of Pro Rata Allocation of Recoveries—provides an example of the methodology used by CCC in applying this paragraph (c).

(d) Liabilities to CCC. Notwithstanding any other terms of the payment guarantee, the exporter may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter has engaged in fraud, or has been or is in material breach of any contractual obligation, certification or warranty made by the exporter for the purpose of obtaining the payment guarantee or for fulfilling obligations under SCGP. Further, the exporter’s assignee may be liable to CCC for any amounts paid by CCC under the payment guarantee when and if it is determined by CCC that the exporter’s assignee has engaged in fraud or otherwise violated program requirements.

(e) Good faith. The violation by an exporter of the certifications in §§ 1493.440(b) and 1493.480(d) or the failure of an exporter to comply with the provisions of §§ 1493.490 or 1493.530(e) will not affect the validity of any payment guarantee with respect to an assignee which had no knowledge of such violation or failure to comply at the time such exporter applied for the payment guarantee or at the time of assignment of the payment guarantee.

(f) Cooperation in recoveries. Upon payment by CCC of a claim to the exporter or the exporter’s assignee, the exporter or the exporter’s assignee will cooperate with CCC to effect recoveries from the importer.

APPENDIX A TO § 1493.520—ILLUSTRATION OF PRO RATA ALLOCATION OF RECOVERIES

The following example illustrates CCC’s policy, as set forth in § 1493.530(c), regarding pro rata sharing of recoveries made for claims filed under the SCGP. A typical case might be as follows:

1. The U.S. exporter enters into a $200,000, 180 day credit arrangement with the importer calling for two equal payments of principal and two equal payments of interest at a rate of 10 percent per annum and a penalty interest rate of 12 percent per annum (basis 360 days) on overdue amounts until the overdue amount is paid. (Basis for interest calculation may be 360 or 365 days.)

2. The importer fails to make the final principal payment of $100,000 and an interest payment of $2,500.00 (10% per annum for 90 days on $100,000), both due on January 31.
3. On February 10, the U.S. exporter files a claim in good order with CCC.

4. CCC’s guarantee states that CCC’s maximum liability is limited to 60 percent of the principal amount due ($60,000) and interest at a rate of 8 percent per annum (basis 365 days) on 60 percent of the principal outstanding ($1,183.56) (8% per annum for 90 days on $60,000). (CCC’s basis for interest calculation is 365 days.)

5. CCC pays the claim on February 22.

6. The average investment rate of the most recent 91-day Treasury Bill auction average which has been published by the Department of Treasury in effect on the date of non-payment by CCC (January 31) is 7 percent. (CCC’s late interest rate.)

COMPUTATION OF OBLIGATIONS

Using the above case, CCC’s payment to the holder of the payment guarantee would be computed as follows:

1. CCC’s Obligation under the Payment Guarantee:
   (a) Principal coverage—
       (60% $100,000) ................. $60,000.00
   (b) Interest coverage—
       (8% per annum for 90 days on $60,000, basis 365 days) ................. 1,183.56
       ........................................ $61,183.56
   (c) Late interest due from CCC (7% per annum for 11 days on $61,183.56, basis 365 days) ................. 129.07
   (d) Amount paid by CCC on February 22 ........ $61,312.63

2. Importer’s obligation under the importer obligation:
   (a) Principal due January 31 ...................... $100,000.00
   (b) Interest due January 31 (10% per annum for 90 days on $100,000, basis 360 days) .................. 2,500.00
       Amount owed by importer as of January 31 .......... $102,500.00
   (b) Penalty interest due (12% per annum for 22 days on $102,500.00, basis 360 days) .................. 751.67
       (c) Amount owed by importer as of February 22 ........ $103,251.67

3. Amount of importer’s obligation not covered by CCC’s payment guarantee:
   $41,939.04 ($103,251.67 – $61,312.63).

COMPUTATION OF PRO RATA SHARING IN RECOVERY OF LOSSES

In establishing each party’s respective interest in any recovery of losses, the total amount due under the importer obligation would be determined as of the date the claim is paid by CCC (February 22). Using the above example in which the amount owed by the importer is $103,251.67, CCC would be entitled to 59.38 percent ($61,312.63 divided by $103,251.67) and the holder of the payment guarantee would be entitled to 40.62 percent ($41,939.04 divided by $103,251.67) of any recoveries of losses after settlement of the claim. Since in this example, the losses were recovered after the claim has been paid by CCC, §1493.520(b) would apply.

§1493.530 Miscellaneous provisions.

(a) Assignment. (1) The exporter may assign the proceeds which are, or may become, payable by CCC under a payment guarantee or the right to such proceeds only to a financial institution in the U.S. The assignment must cover all amounts payable under the payment guarantee not already paid, may not be made to more than one party, and may not, unless approved in advance by CCC, be:

§ 1494.10 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Commodity Credit Corporation's (CCC) Export Enhancement Program (EEP). These criteria are interrelated and will be considered together in order to select eligible commodities and eligible countries for EEP initiatives which will best meet the program's objectives. The objectives of the program are to discourage unfair trade practices by
other countries, to increase U.S. agricultural commodity exports, and to encourage other countries exporting agricultural commodities to undertake serious negotiations on agricultural trade problems. Under the EEP, bonuses are made available by CCC to enable exporters to meet prevailing world prices for targeted commodities in targeted destinations. In the operation of the EEP, CCC will make reasonable efforts to avoid the displacement of usual marketings of U.S. agricultural commodities.

§ 1494.20 Criteria.

The criteria considered by CCC in reviewing proposals for initiatives will include, but not be limited to, the following:

(a) The expected contribution of proposed initiatives in furthering trade policy negotiations and, in particular, in furthering the U.S. trade policy negotiating strategy of countering competitors' subsidies and other unfair trade practices by displacing such countries' subsidized exports in targeted countries;

(b) The contribution which initiatives will make toward realizing U.S. agricultural export goals and, in particular, in developing, expanding, or maintaining markets for U.S. agricultural commodities;

(c) The effect that sales facilitated by initiatives would have on non-subsidizing exporters of agricultural products; and

(d) The subsidy requirements of proposed initiatives compared to the expected benefits.

Subpart B—Export Enhancement Program Operations

§ 1494.101 General statement.

This subpart contains the regulations governing the operation of the Export Enhancement Program (EEP) of the Commodity Credit Corporation (CCC). CCC will, from time to time, announce, through public press release, initiatives to facilitate the export of U.S. agricultural commodities to targeted markets. The public press release, which will contain the name of a person for interested parties to contact, will be followed by the issuance of an Invitation for Offers (Invitation). Invitations will be issued pursuant to this subpart by the General Sales Manager (GSM) and will specify the eligible country(ies) (the targeted market), the unit of measure, the eligible commodity, the maximum quantity of the eligible commodity eligible for a CCC bonus, the quality specifications of the eligible commodity (including possible restrictions on type, kind, grade and/or class or other quality specifications), the eligible buyer(s), the method and rate for determining liquidated damages and performance security requirements, and any other terms and conditions peculiar to that Invitation. Invitations may be one of the following two types: Those inviting exporters which have a sales contract with an eligible buyer to submit a competitive offer for a CCC Bonus; and those inviting exporters which have a sales contract with an eligible buyer to apply for an Announced CCC Bonus. After an interested person has qualified to submit an offer for an eligible commodity, the eligible exporter may submit an offer to CCC in response to an Invitation. Such offer must contain the information required by this subpart and any additional information required by the applicable Invitation. The exporter's offer will include either the Announced CCC Bonus, if applicable, or an amount in dollars and cents for a bonus deemed necessary by the exporter to make a commercial sale of the eligible commodity for export to the eligible country competitive with export sales of the commodity by other exporting countries to buyers in the eligible country. If the exporter has furnished the required performance security and the offer is acceptable to CCC, then CCC will notify the exporter that its offer has been accepted. CCC and the exporter will enter into an Agreement in which CCC will agree to pay the bonus to the exporter in return for the exporter's submission of proof that the eligible commodity has been exported from the United States and entered into the eligible country, in accordance with the terms and conditions of the Agreement.

§ 1494.301 Information required for program participation.

Before CCC will consider an offer from an interested person, such person must qualify for participation in the program. Based upon information submitted by the interested person and available from public sources, CCC will determine whether the interested person is eligible for participation in the program.

(a) Submission of documentation. An interested person that wishes to qualify as an eligible exporter must furnish the following information or documentation to CCC at the address referenced in the Notice to Exporters—EEP Contacts:

1. The address of the interested person’s office and the name and address of an agent in the U.S. for the service of process;
2. The legal form of doing business of the interested person, e.g., sole proprietorship, partnership, corporation, etc.;
3. The place of incorporation of the interested person, if the interested person is a corporation;
4. The name and address of an office(s) of the interested person within the U.S., if the interested person is a foreign corporation or other foreign entity; and
5. A certified statement describing the interested person’s participation, if any, during the past three years in U.S. Government programs, contracts or agreements.

(b) Necessity to qualify. An interested person may not submit an offer, and CCC will not consider any such offer, until CCC has notified the interested person that such person has qualified as an eligible exporter.

(c) Additional submissions. CCC will promptly notify interested persons that have submitted information required by this section whether they
have qualified to have their offers considered. Any person failing to qualify will be notified of the basis of CCC’s decision and will be given an opportunity to provide additional information for consideration by CCC.

(d) Previous performance. CCC may request additional information with respect to the interested person’s performance under any U.S. Government programs or in connection with any contracts or agreements with the U.S. Government during the past three years.

(e) Ineligibility for program participation. A person may be ineligible to participate in the EEP if such person:

(g) Payment of bonus to exporters without proven EEP participation. An eligible exporter that has not yet demonstrated its ability to participate successfully in the EEP will be eligible to receive a bonus payment(s) only after the eligible commodity specified in an EEP Agreement has entered into the eligible country. Such an exporter must furnish performance security under “Option B” of the applicable Invitation and follow the procedure specified in §1494.701(d) to request the payment of the bonus. An eligible exporter may demonstrate its ability to participate successfully in the EEP by entering or causing to be entered into the eligible country at least 95% of the quantity of the eligible commodity specified in any one EEP Agreement. CCC will consider that an exporter has proven its ability to participate successfully in the EEP as of the date on which CCC pays to the exporter a bonus for entry of a quantity that brings the total entered quantity for any one EEP Agreement to at least 95%. For all EEP Agreements that such exporter enters into with CCC subsequent to that date, the exporter may furnish performance security under “Option A” of the applicable Invitation and will be eligible to receive bonus payments in accordance with §1494.701(c).

[56 FR 25011, June 3, 1991, as amended at 60 FR 21039, May 1, 1995]

§1494.401 Performance security.

(a) Requirement to establish performance security. Prior to the submission of an offer to CCC in response to an Invitation, an eligible exporter must establish performance security, in a form which is acceptable to CCC, in order to guarantee the eligible exporter’s faithful performance of the Agreement. If CCC enters into an Agreement with the eligible exporter, this performance security must remain in effect until its cancellation or reduction is authorized by CCC pursuant to paragraph (f) of this section. An offer made by an eligible exporter will not be considered if proof of the establishment of the performance security is not made available to CCC by 3 p.m. on the date for which the offer is submitted for consideration.

(b) Form of performance security. The performance security must be acceptable to CCC and may be an irrevocable standby letter of credit, a bond, or a certified or cashier’s check. If a standby letter of credit is furnished as performance security, the opening bank may be a U.S. bank or a foreign bank. If the standby letter of credit is opened by a foreign bank, it must be 100 percent confirmed by a U.S. bank. If a bond is furnished as performance security, the surety(ies) must be among those appearing on the list of approved sureties maintained by the U.S. Department of the Treasury. If a cashier’s or certified check is furnished as performance security, the bank issuing the cashier’s or certified check must be a U.S. bank.

(c) Amount of performance security. The amount of the performance security to be furnished to CCC in response
to a particular Invitation will depend upon whether the eligible exporter intends to select “Option A” or “Option B” for the timing of the bonus payment. If the eligible exporter furnishes performance security under “Option A” of the applicable Invitation, the eligible exporter may request payment of the bonus after export of the eligible commodity but before entry of the commodity into the eligible country. If the eligible exporter furnishes performance security under “Option B” of the applicable Invitation, the eligible exporter may request payment of the bonus only after the exported eligible commodity has entered into the eligible country. If the eligible exporter furnishes performance security under “Option A” or “Option B” and the method and rate for determining liquidated damages. After the exporter and CCC enter into an Agreement, the exporter may request CCC to change the performance security option for an entire Agreement from “Option B” to “Option A” and, if CCC agrees to this change, the exporter will increase the performance security amount to the level required by the applicable Invitation for “Option A.”

(d) Additional security. The exporter shall promptly furnish such additional security as CCC may determine is necessary to protect CCC under an Agreement if the surety(ies) or obligating bank:

(1) Becomes unacceptable to the U.S. Government or CCC; and/or
(2) Fails to furnish reports on its financial condition as required by the U.S. Government or CCC.

(e) Right to funds under the performance security. If CCC enters into an Agreement with an exporter under the EEP, CCC will have the right to funds from the performance security established by the exporter for such Agreement to recover:

(1) The amount of any bonus paid to the exporter under the Agreement if the exporter fails to perform in accordance with such Agreement;
(2) Any funds owed by the exporter to CCC related to the specific EEP Agreement for which the performance security was established, including those for liquidated damages, discounts for late performance, overpayments made by CCC, storage charges, or other damages or charges as determined by CCC; and/or
(3) Any amounts or funds that could be owed by the exporter to CCC in accordance with subparagraphs (e) (1) and (2) of this section for unfulfilled obligations under the Agreement if the performance security should expire prior to the exporter’s fulfillment of these obligations. Should the exporter fulfill these obligations, in accordance with the Agreement, after CCC has drawn upon the performance security, CCC will return the funds drawn to the exporter or other appropriate party, as determined by CCC. CCC may return the performance security if it determines that the exporter is not liable for any damages incurred by CCC as a result of the exporter’s failure to fulfill its obligations under the Agreement and that the exporter will not retain any bonus payment which was not earned.

(f) Cancellation or reduction of performance security. (1) CCC will agree, upon request by the exporter, to a cancellation of the performance security established for an Agreement when CCC determines, on the basis of evidence provided by the exporter or other evidence available to CCC, that:

(i) The exporter has fully performed under the Agreement;
(ii) The exporter has fully compensated CCC for all costs incurred or damages suffered by CCC, unless CCC has determined to hold the exporter harmless for such damages pursuant to §1494.801(d) as a result of the exporter’s nonperformance of the Agreement; or
(iii) It is no longer in the best interest of the EEP to require the exporter to maintain the performance security, and the exporter submits to CCC a written statement agreeing that all other terms and conditions of the Agreement will remain unchanged pending final resolution of the exporter’s liabilities to CCC.

(2) To support a request for the cancellation of performance security furnished in connection with an Agreement, the exporter must provide to CCC evidence of the export of the eligible commodity as provided by

§ 1494.501 Submission of offers to CCC.

(c) Content of offers. Offers to CCC for a CCC bonus under the EEP must contain the information shown below in the same numerical order as shown below. The possible credit payment terms referenced in an offer are for CCC’s information only and are not to be construed as a contingency for consideration or acceptance. In making an offer, the eligible exporter should take into consideration that the exchange of CCC Certificates which may be issued as a bonus will be governed by the terms and conditions stated on the certificates and by any applicable regulations or procedures issued by or on behalf of CCC.

§ 1494.601 Acceptance of offers by CCC.

(a) Establishment of acceptable sales prices and CCC bonuses. For each Invitation, CCC will establish sales prices for the eligible commodity and CCC bonus amounts which would be acceptable to CCC in terms of furthering the objectives of the EEP.

(1) In establishing acceptable sales prices for the eligible commodity, CCC will consider available relevant market data.

(2) In determining acceptable CCC bonus amounts, CCC may take into consideration factors such as, but not limited to, the following: The prevailing domestic market price of the eligible commodity; the price of the same agricultural commodity exported by other exporting countries to the eligible country; ocean freight rates for the export of the eligible commodity from the U.S. and other exporting countries to the eligible country; the particular preferences or purchasing practices of buyers in the eligible country which would customarily affect the acceptability of the eligible commodity relative to that of competing exports of the same agricultural commodity to the eligible country from other exporting countries; and the cost effectiveness of the payment of a CCC bonus amount in view of CCC's obligation to maximize the use of resources available for the operation of the EEP.

(3) The acceptable sales prices and bonus amounts will be modified by CCC as necessary to take advantage of updated information that becomes available to CCC.

(b) Acceptance of offers for a CCC bonus on a competitive basis. An offer from an eligible exporter for a CCC bonus on a competitive bonus that meets all of the requirements of this subpart will first be reviewed to determine if the offer contains an acceptable sales price. If the sales price contained in the offer is found to be acceptable, then the CCC bonus contained in the offer will be reviewed to determine if the CCC bonus requested is found to be acceptable. Offers with acceptable sales prices and acceptable CCC bonuses will be accepted under each Invitation beginning with the offer having the lowest CCC bonus amount, subject to the limitations in paragraphs (f) and (h) of this section.

(c) Acceptance of offers for an announced CCC bonus. Offers from eligible exporters for an Announced CCC Bonus that meet all of the requirements of this subpart and which contain an acceptable sales price will be accepted under each Invitation on a first-come, first-served basis according to the time of receipt of the offer, as determined by CCC, subject to the limitations in paragraphs (f) and (h) of this section.

(d) Notification of acceptance of offers. CCC will notify an eligible exporter by telephone of the acceptance or rejection of its offer as soon as possible.
§ 1494.701 Payment of bonus.

(a) Forms of bonus. The bonus may be paid to the exporter in CCC Certificates or in any other form specified in the applicable Invitation which CCC determines to be appropriate.

(b) Quantity on which bonus is paid. The quantity of the eligible commodity exported from the U.S. which is eligible for the payment of a CCC bonus is the net weight (less any dockage, if applicable) or count which is established by the Official Inspection Certificate, the Official Weight Certificate or the export bill of lading, whichever is less. If the exporter has furnished performance security under “Option A” of the applicable Invitation and wishes the bonus to be paid prior to the entry of the eligible commodity into the eligible country, this quantity will be used in calculating the bonus value for the purposes of making payment to the exporter. If the exporter is not paid the bonus until the commodity enters into the eligible country, then this quantity will also be used in calculating the bonus value for the purposes of making payment to the exporter, unless in the determination of CCC, there is evidence to suggest that there was destruction, diversion or loss of the eligible commodity prior to entry into the eligible country. The payment of a bonus value to an exporter does not indicate that the bonus has been earned by the exporter under the Agreement; pursuant to §1494.801(a)(3), the bonus is not earned by the exporter until the eligible commodity enters into the eligible country in accordance with the Agreement and the exporter submits proof of such entry to CCC.

(c) Request for bonus payment under “Option A.” If the exporter has furnished performance security under “Option A” of the applicable Invitation and wishes the bonus to be paid after export from the eligible commodity, the exporter must, within 30 calendar days after the date of export of the eligible commodity, furnish to the Director, at the address referenced in the Notice to Exporters—Contacts for EEP, a written request for payment of the bonus. All documents submitted to support such a request must be acceptable to the Director.

(i) To support each bonus payment request, the exporter must furnish to the Director the following:

(1) The original or an original copy of the on-board bill of lading issued for
Commodity Credit Corporation, USDA § 1494.701

the export carrier and signed by an agent of the export carrier. The bill of lading must show:
(A) The identification of the export carrier;
(B) The date and place of issuance;
(C) The quantity of the eligible commodity;
(D) An on-board date; and
(E) That the eligible commodity is destined for the eligible country.
(ii) The original or an original copy of the Official Weight Certificate, as required in the applicable Invitation. The certificate must show:
(A) The identification of the export carrier, if known at the time of issuance;
(B) The date and place of issuance;
(C) The weight or count of the eligible commodity.
(iii) The original or an original copy of the Official Inspection Certificate, as required in the applicable Invitation. The certificate must show:
(A) The identification of the export carrier, if known at the time of issuance;
(B) The date and place of issuance;
(C) The quantity of the eligible commodity to which the certificate relates; and
(D) The quality description of the eligible commodity.
(iv) If the documents submitted under paragraphs (c)(1)(ii) and (iii) of this section do not specify the export carrier, the exporter must also submit a signed certification that the commodity represented by the Official Inspection and/or the Official Weight certificates is the identical eligible commodity represented on the export bill of lading.
(2) If the export of the eligible commodity was by lash barge, the exporter must furnish, in addition to the documents required by paragraph (c)(1) of this section:
(i) Documentary evidence covering the movement of the eligible commodity from the United States to the export carrier described in the on-board bill of lading issued at the Canadian transshipment port and showing the information provided in paragraphs (c)(1) and, if applicable, (c)(2) of this section; and
(ii) A certification that the eligible commodity exported is the identical eligible commodity that was shipped from the United States.
(3) If the export of the eligible commodity was by railcar or truck, the exporter must furnish to the Director the following, in addition to the documents required by paragraphs (c)(1)(ii) and (iii) of this section:
(i) The authenticated landing certificate or similar document issued by the government of the eligible country; and
(ii) The original or an original copy of the bill of lading issued at the point of loading the railcar or truck. The bill of lading must show:
(A) The identification of the export carrier;
(B) The date and place of issuance;
(C) The quantity of the eligible commodity;
(D) The date that the railcar or truck was loaded; and
(E) That the eligible commodity is destined for the eligible country.
(d) Request for bonus payment under “Option B.”
If the exporter has furnished performance security under “Option B” of the applicable Invitation and wishes the bonus to be paid after the entry of the exported eligible commodity into the eligible country, the exporter must, within 60 calendar days after the date of entry of the eligible commodity into the eligible country, furnish to the Director at the address referenced in the Notice to Exporters—Contracts for EEP, a written request for payment of the bonus. To support each request, the exporter must furnish to the Director, in a form acceptable to the Director, the documents specified in paragraph (c) of this section, as applicable, along with the certification of entry specified in §1494.401(f)(2).
(e) Time frame for payment of a bonus. CCC will endeavor to pay the bonus to the exporter within 10 business days after CCC determines that the documents supporting the bonus request are acceptable.

(f) Certificate amount. If CCC decides to pay the bonus in the form of a CCC Certificate(s), the dollar value of the certificate(s) issued to the exporter will be determined by multiplying the CCC bonus specified in the Agreement by the net quantity of the eligible commodity on which the bonus is to be paid, as specified in paragraph (b) of this section, less any dockage if applicable.

(g) Late requests for bonus payment. If CCC decides to pay the bonus in the form of a CCC Certificate(s) and the exporter fails to request issuance of the certificate(s) within 30 calendar days after the date of export of the eligible commodity, if the exporter has chosen performance security “Option A,” or within 60 days after the entry of the eligible commodity into the eligible country, if the exporter has chosen performance security “Option B,” CCC may, upon issuing the certificate(s), discount the certificate(s) in an amount determined appropriate by CCC to compensate it for costs which may be incurred by CCC as a result of the exporter's delay.

§ 1494.801 Enforcement and termination of agreements with CCC.

(a) Performance in accordance with an Agreement with CCC. (1) An exporter which enters into an Agreement with CCC must ensure that the eligible commodity is exported from the U.S. and enters the eligible country in accordance with the terms and conditions of the Agreement.

(2) The diversion of the eligible commodity to a country other than the eligible country is prohibited. Transshipments of the eligible commodity are permitted only if specifically allowed in the applicable Invitation or for shipment through a Canadian transshipment port on the St. Lawrence River if the eligible commodity had been shipped from the United States via the Great Lakes coastal range and its identity had been preserved until shipped from Canada.

(3) Regardless of whether or not a bonus has been paid by CCC to the exporter pursuant to §1494.701, the bonus is not earned by the exporter until the eligible commodity enters into the eligible country in accordance with the Agreement. In order to retain a bonus or request payment of a bonus, depending upon the option chosen for furnishing performance security, and to request cancellation of the performance security, the exporter must provide evidence to CCC, as specified in §1494.401(f)(2), that the eligible commodity entered into the eligible country. If, on the basis of evidence available to it, CCC determines that there was destruction, diversion or loss of the eligible commodity prior to entry into the eligible country, CCC will not release the amount of performance security corresponding to the amount of eligible commodity for which insufficient evidence of entry into the eligible country was presented to CCC until:

(i) CCC recovers from the exporter the amount of the bonus corresponding to such amount of the eligible commodity, if the exporter has already been paid the bonus under performance security “Option A”; and

(ii) The requirements of either §1494.401(f)(3)(ii) or §1494.401(f)(3)(iii) have been met.

(4) The failure of an exporter to perform in full and to fulfill all of its obligations under the Agreement will constitute a breach of the Agreement. An exporter which breaches the Agreement may be required to forfeit its right to receive or retain part or all of the bonus authorized or paid under the Agreement and may also be liable to CCC for damages. Examples of an exporter's failure to perform under the Agreement include, but are not limited to, the following:

(i) The exporter does not ship all of the required amount of the eligible commodity in accordance with the delivery period stated in the Agreement;

(ii) The exporter exports an amount of the eligible commodity that is inconsistent with the quality specifications in the Agreement;

(iii) The exporter is unable to provide a certification that all of the eligible commodity exported pursuant to the
Commodity Credit Corporation, USDA

§ 1494.801

Agreement was entered into the eligible country:

(iv) The eligible commodity is transshipped through any country, other than Canada, unless specifically allowed in the applicable Invitation; or

(v) The eligible commodity is transshipped through Canada without having its identity preserved.

(5) If the eligible commodity is to be delivered to the eligible buyer in multiple shipments, CCC may decide to consider the shipments separately in determining whether the exporter has failed to perform under the Agreement.

(b) Return of bonus. An exporter that fails to fulfill all of its obligations under the Agreement shall be in default. If an exporter that has already been paid the bonus value defaults, CCC shall have the right to recover the bonus value paid for the quantity of the eligible commodity with respect to which the exporter failed to perform under the Agreement.

(1) If CCC has paid this bonus value in the form of a CCC Certificate(s), the exporter shall pay to CCC the higher of:

(i) The dollar value of the CCC Certificate(s);

(ii) The dollar amount received for the CCC Certificate(s) if the CCC Certificate(s) was transferred to another party; or

(iii) The dollar amount of the proceeds from the sale of the CCC-owned commodities exchanged for the CCC Certificate(s) if the commodities were sold to another party.

(2) If CCC has paid this bonus value in some other form, as specified in the applicable Invitation, the exporter shall pay to CCC the dollar and cents amount or equivalent of the bonus value paid to the exporter.

(c) Liability for liquidated damages. The exporter’s failure to perform under the Agreement will cause serious and substantial losses to CCC, such as damages to the EEP and CCC’s domestic price support program, storage charges, and administrative and other costs incurred. If the exporter breaches the Agreement, the exporter will be liable to pay to CCC as liquidated damages an amount obtained by applying the method or rate for determining damages specified in the applicable Invitation to the quantity of the eligible commodity with respect to which the exporter failed to perform under such Agreement. In submitting an offer in response to an Invitation issued under this subpart, the exporter agrees that such liquidated damages are reasonable estimates of the probable actual damages which may be incurred by CCC.

(d) Decision to hold the exporter harmless for liquidated damages. CCC will hold an exporter harmless for the payment of liquidated damages if:

(1) The exporter’s failure to perform under the Agreement was due to causes solely without the exporter’s fault or negligence and the exporter had taken the necessary action to enable it to export the required quantity of the eligible commodity and enter it into the eligible country; or

(2) The eligible commodity was lost or destroyed after it had been placed aboard the export carrier.

In making the decision whether to hold an exporter harmless pursuant to this paragraph, CCC may consider any information available to CCC, including any information provided to it by the exporter.

(e) Fraud, scheme or device. Notwithstanding any other provision of law, CCC may take action to recover any bonus paid or to hold the exporter liable for the payment of damages caused to CCC if the exporter engages in fraud with respect to the EEP, or adopts or participates in adopting a scheme or device which is designed to evade this subpart or which has the effect of evading this subpart. Such acts shall include, but are not limited to:

(1) Concealing information which is required by this subpart; or

(2) Submitting information which is known by the exporter to be false or erroneous.

(f) CCC’s right to recover amounts due CCC by exporters. If the exporter breaches its obligations under the Agreement and becomes liable to CCC for repayment of the bonus value or for liquidated or other damages, CCC reserves the right to recover such amounts due CCC by making a claim against the performance security furnished to CCC, as described under §1494.401, or by taking any other measures available to CCC as a result of this.
subpart or any laws or regulations, including debt settlement regulations, applicable to CCC.

(g) Shipping tolerances. If the exporter exports and enters into the eligible country, in accordance with the requirements of the Agreement, a quantity of the eligible commodity which is less than the quantity specified in §1494.501(c)(7) but not less than such quantity minus 5 percent, the exporter shall not be required to pay liquidated damages for failure to perform under the Agreement for the quantity which failed to be exported and entered into the eligible country. If an exporter exports and enters into the eligible country, in accordance with the requirements of the Agreement, a quantity of the eligible commodity which is greater than the quantity specified in §1494.501(c)(7), the exporter may request payment of the bonus value based upon the actual quantity, on a net weight basis, exported and entered into the eligible country, but not greater than the quantity specified in §1494.501(c)(7), plus 5 percent.

(h) Termination of agreements. (1) CCC may, by written notice to the exporter, terminate an Agreement, in whole or in part, as a result of:
   (i) the failure of the exporter to carry out any provisions of the Agreement;
   (ii) the failure of the exporter to maintain a business office in the U.S.;
   (iii) the failure of the exporter to maintain an agent in the U.S. for service of process; or
   (iv) the suspension or debarment of the exporter from participation in CCC or other U.S. Government programs.

   If an Agreement is terminated by CCC pursuant to this subparagraph, CCC will not compensate the exporter for any costs incurred by the exporter. The exporter will be liable to CCC for any funds owed to CCC for the repayment of any bonus already paid and may be liable to CCC for liquidated or other damages suffered by CCC. If CCC intends to hold the exporter liable for liquidated damages, and it has not already so notified the exporter prior to the termination of the Agreement, CCC will generally do so at the time that it notifies the exporter of the termination of the Agreement.

   (2) CCC may, by written notice to the exporter, terminate an Agreement, in whole or in part, if CCC determines it to be in the best interest of CCC. If an agreement is so terminated, the exporter will be compensated for reasonable losses, as determined by CCC, resulting from such termination. These losses will not include lost profits and will not exceed the bonus value under the Agreement.

   (i) Amendment of agreements. (1) CCC may have the authority to amend an Agreement, either before or after such Agreement has been breached by the exporter, if the exporter requests that the Agreement be amended and CCC determines that such amendment would serve the best interests of the EEP. The exporter may be required to submit documentary evidence to CCC to demonstrate that it is making progress toward fulfilling the Agreement before CCC will consider amending the Agreement. All requests for amendments submitted by exporters, and all amendments made by CCC to an Agreement, under this subpart shall be in writing.

   (2) Prior to amending an Agreement with the exporter, CCC will consider whether the amendment to the Agreement should include a reduction in the CCC bonus or a modification of the sales price. If CCC determines that the CCC bonus and the sales price are still acceptable, it may amend the Agreement to incorporate the exporter’s requested change, while maintaining the current CCC bonus and sales price, provided that the amendment would otherwise serve the best interests of the EEP. If CCC determines that the CCC bonus and/or the sales price are no longer acceptable, due to changes in market or other conditions, it will so inform the exporter. If the exporter still requests that the Agreement be amended, CCC and the exporter will enter into discussions in an attempt to arrive at a new CCC bonus and/or sales price which would be acceptable to CCC. If these discussions are successful, then CCC may amend the Agreement to incorporate the exporter’s requested change as well as the new CCC bonus and/or sales price, provided that the amendment would otherwise serve the best interests of the EEP. If these discussions are unsuccessful, then the
Agreement will not be amended and the exporter will be considered to be in breach of the Agreement if it fails to perform under the terms of the Agreement.

(j) Amendments to sales contracts. In the event of an amendment to the sales contract between the exporter and the eligible buyer or a change in the delivery schedule, CCC will determine whether the amendment or change would constitute a breach of the Agreement. If CCC determines that the amendment or change would constitute a breach of the Agreement, CCC may terminate the Agreement. In the alternative, if CCC determines that a continuation of the Agreement would serve the best interests of the EEP, and if the exporter requests an amendment, CCC may amend the Agreement to take into account the amendment to the sales contract or change in delivery schedule. An amendment to an Agreement will be in accordance with paragraph (i)(1) of this section. CCC will promptly advise the exporter of its determination in writing by letter, facsimile, or telex.

§ 1494.901 Dispute resolution and appeals.

(a) Dispute resolution. (1) The Director of the CCC Operations Division (Director, CCCOD) and the exporter will attempt to resolve any disputes, including any adverse determinations made by CCC, arising under the EEP, this subpart, the applicable Invitation, or the Agreement.

(2) The exporter may seek reconsideration of a determination by the Director, CCCOD relating to the Agreement between the exporter and CCC. An appeal to the GSM must be in writing and filed with the office of the GSM no later than 30 days following the date of the final determination by the Director, CCCOD. In this appeal to the GSM, the exporter shall be entitled to an administrative hearing before the GSM, if the exporter indicates in its appeal letter that it desires such a hearing.

(2) If the exporter does not desire an administrative hearing, the exporter may submit any additional written information or documentation which it desires the GSM to consider in acting upon its appeal. This information or documentation may be submitted to the GSM up until the time that a decision is made by the GSM. The GSM will base the determination upon information contained in the administrative record. The GSM will endeavor to make a decision on an appeal not involving a hearing within 60 days of the
date on which the GSM receives the appeal or the date that final documentary evidence is submitted by the exporter to the GSM, whichever is later.

(3) If the exporter has indicated that it desires an administrative hearing, the GSM will set a date and time for the hearing which is mutually convenient for the GSM and the exporter. This date will ordinarily be within 60 days of the date on which the GSM receives the request for hearing. The hearing will be an informal procedure. The exporter and/or its counsel may present any administrative or documentary evidence to the GSM which it desires to have the GSM consider in making a determination. A transcript of the hearing will not ordinarily be prepared unless the exporter bears the costs involved in preparing the transcript, although the GSM may arrange to have a transcript prepared at the expense of the Government if it is determined to be appropriate. The exporter may provide additional written information to the GSM up until the time that the GSM makes a determination. The GSM will base the determination upon the information contained in the administrative record and will endeavor to make a decision within 60 days of the date of the hearing or the date of receipt of the transcript, if one is to be prepared, whichever is later.

(4) The decision of the GSM will be the final determination of CCC and the exporter will be entitled to no further administrative appellate rights.

(5) If the GSM upholds a determination of the Director, CCCOD, that the exporter owes any funds to CCC under the Agreement, then such funds will become a debt of the exporter to CCC.

(d) Exporter’s obligation to perform. The exporter will continue to have an obligation to perform under the Agreement pending the conclusion of all procedures under this section.

§1494.1001 Miscellaneous provisions.

(a)Assignments. The exporter may not assign the Agreement or any rights thereunder, including the right to receive a bonus under the Agreement.

(b)Maintenance of records and access to premises. (1) For a period of five years after CCC agrees to the cancellation of an exporter’s performance security for an Agreement, the exporter must maintain accurate records showing sales and deliveries of the eligible commodity exported in connection with the Agreement. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, will have full and complete access to the premises of the exporter during regular business hours from the effective date of the Agreement until the expiration of such five-year period to inspect, examine, audit and make copies of the exporter’s books, records and accounts concerning transactions relating to the Agreement, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. From the effective date of the Agreement and until the expiration of such five-year period, the exporter may be required to make available to the Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions undertaken by the exporter in connection with the performance of an EEP Agreement.

(2) The exporter must maintain the certification of entry specified in §1494.401(f)(2), and must provide access to such document if requested by the Secretary of Agriculture or an authorized representative, for the five-year period specified in subparagraph (b)(1) of this section.

§1494.1001 Miscellaneous provisions.

(a) Assignments. The exporter may not assign the Agreement or any rights thereunder, including the right to receive a bonus under the Agreement.

(b) Maintenance of records and access to premises. (1) For a period of five years after CCC agrees to the cancellation of an exporter’s performance security for an Agreement, the exporter must maintain accurate records showing sales and deliveries of the eligible commodity exported in connection with the Agreement. The Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, will have full and complete access to the premises of the exporter during regular business hours from the effective date of the Agreement until the expiration of such five-year period to inspect, examine, audit and make copies of the exporter’s books, records and accounts concerning transactions relating to the Agreement, including, but not limited to, financial records and accounts pertaining to sales, inventory, processing, and administrative and incidental costs, both normal and unforeseen. From the effective date of the Agreement and until the expiration of such five-year period, the exporter may be required to make available to the Secretary of Agriculture and the Comptroller General of the United States, through their authorized representatives, records that pertain to transactions conducted outside the program, if, in the opinion of the GSM, such records would pertain directly to the review of transactions undertaken by the exporter in connection with the performance of an EEP Agreement.

(2) The exporter must maintain the certification of entry specified in §1494.401(f)(2), and must provide access to such document if requested by the Secretary of Agriculture or an authorized representative, for the five-year period specified in subparagraph (b)(1) of this section.
(c) Arrival verification reviews. CCC will review, on an annual basis, a sufficient number of exports made in connection with EEP Agreements to ensure that the eligible commodity which was exported pursuant to each such Agreement arrived in the eligible country specified in the Agreement.

(d) Signatory on certifications. Any certification required from a person pursuant to this subpart or an Invitation must be signed by the person, if an individual, or by a partner or officer of the person, if the person is a partnership or a corporation, respectively.

(e) Officials not to benefit. No member of or Delegate to Congress, or Resident Commissioner, will participate or share in any of the benefits of any Agreement entered into pursuant to the EEP, but this provision may not be construed to extend to an Agreement made by CCC with a corporation for its general benefit.

(f) Paperwork Reduction Act. The information collection requirements contained in this subpart have been approved by the Office of Management and Budget (OMB) in accordance with the provisions of 44 U.S.C. chapter 35 and have been assigned OMB control number 0551–0028.

(g) Waiver of irregularities. CCC reserves the right to waive any infirmity or minor irregularity with respect to any aspect of the operation of the EEP or any Agreement executed thereunder in order to best accomplish the purposes of the program.

§ 1496.1 General statement.
This subpart sets forth the policies, procedures and requirements governing the procurement of agricultural commodities by CCC to be donated for assistance overseas under Title II of the Agricultural Trade Development and Assistance Act of 1954 (Pub. L. 480); the Food for Progress Act of 1985; the McGovern-Dole International Food for Education and Child Nutrition Program; and any other program under which CCC is authorized to provide agricultural commodities for assistance overseas.

[72 FR 6455, Feb. 12, 2007]

§ 1496.2 Administration.
(a) The program will be carried out by the Farm Service Agency (referred to in this subpart as "FSA") under the general supervision and direction of the Executive Vice President of CCC. The program will be administered through the Office of the Deputy Administrator, Commodity Operations, FSA, Washington, DC and the Kansas City Commodity Office (KCCO), FSA, Kansas City, Missouri.

(b) Purchases are made to fulfill commodity requests received from AID in the administration of Public Law 480 and from a grantee organization receiving commodities under the other authorities set forth in §1496.1 of this part.

§ 1496.3 Definitions.
As used in the regulations in this subpart and in the forms and documents related thereto, the following terms shall have the meaning assigned to them in this section.

(a) AID means the Agency for International Development, an agency within the United States Department of State.

(b) FSA means the Farm Service Agency, an agency within the United States Department of Agriculture.

(c) DACO means the Deputy Administrator, Commodity Operations, FSA.

(d) CCC means Commodity Credit Corporation, a corporate agency within the United States Department of Agriculture.

(e) Commodity Office means the Kansas City Commodity Office, within FSA, which is responsible for assigned inventory management, acquisition, disposition and related program activities of CCC.

(f) Lowest landed cost means the lowest combined total cost of the commodity plus transportation charges to the port of discharge.

§ 1496.4 Issuance of invitations.
From time to time, CCC will issue invitations to purchase or process agricultural products for utilization in the foreign assistance programs enumerated in §1496.1 of this part. The invitations will specify the contract terms; the closing date for acceptance of bids; the date contracts will be awarded; and other pertinent information. Invitations will be issued at least 10 days prior to the deadline for submission of
Commodity Credit Corporation, USDA

§ 1496.5

Consideration of bids.

(a)(1) Lowest landed cost. The general principle of awarding contracts that will result in the lowest landed cost will prevail. Lowest landed cost will be calculated on the basis of U.S. flag rates and voyage for that portion of the commodities being purchased that CCC determines is necessary and practicable to meet cargo preference requirements and on an overall (foreign and U.S. flag) basis for the remaining portion of the commodities being purchased. However, the additional factors set forth in this section will be considered in awarding contracts.

(b) Availability of ocean service. (1) In determining lowest-landed cost as specified in paragraph (a) of this section, CCC will use vessel rates offered in response to invitations issued by AID or grantee organizations receiving commodities under the authorities set forth in § 1496.1 of this part. If CCC or AID, in the case of Title II, Public Law 480, determines that it is not practicable to evaluate lowest-landed cost on the basis of a competitive ocean freight bid process, CCC may use other methods of soliciting freight rates that USDA or AID may approve for the foreign assistance programs that they respectively administer.

(2) In order to be considered in lowest-landed cost commodity bid evaluations, ocean freight rates must be submitted to grantee organizations receiving commodities under the authorities set forth in § 1496.1 of this part. If CCC or AID, in the case of Title II, Public Law 480, determines that it is not practicable to evaluate lowest-landed cost on the basis of a competitive ocean freight bid process, CCC may use other methods of soliciting freight rates that USDA or AID may approve for the foreign assistance programs that they respectively administer.

(c) [Reserved]

(d) Port performance. (1) CCC may contact any port prior to bid evaluation to determine the port's cargo handling capabilities, including the adequacy of the port to receive, accumulate, handle, store, and protect the cargo. Factors which will be considered in this determination will include, but not be limited to, the adequacy of building structures, proper ventilation, freedom from insects and rodents, cleanliness, and overall good housekeeping and warehousing practices. CCC will require that capacity information be submitted electronically by the port and or the terminal prior to bid evaluation.

(2) If CCC determines that: A port is congested; facilities are overloaded; a vessel would not be able to dock and load cargo without delay; labor disputes or lack of labor may prohibit the loading of the cargo onboard a vessel in a timely manner; or other similar situation exists that may adversely affect the ability of CCC to have the commodity delivered in a timely manner, CCC may consider the use of another coastal range or port. In considering...
another combination of commodity offers and vessel rate offers, CCC will adhere as closely as possible to the principal of lowest-landed cost.

(e) Transit time. CCC will consider total transit time, as it relates to a final delivery date, in order to satisfy program requirements.

(f) Great Lakes ports. (1) Commodities offered for delivery "free alongside ship" (f.a.s.) Great Lakes port range or intermodal bridge-port Great Lakes port range that represent the overall (foreign and U.S. flag) lowest landed cost will be awarded on that basis. Such offers will not be reevaluated on a lowest landed cost U.S.-flag basis unless CCC determines that 25 percent of the total annual tonnage of bagged, processed or fortified commodities furnished under Title II of Public Law 480 has been, or will be, transported from the Great Lakes port range during that fiscal year.

(2) CCC will consider commodity offers as offers for delivery "intermodal bridge-port Great Lakes port range" only if:

(i) The offer specifies delivery at a marine cargo-handling facility that is capable of loading ocean going vessels at a Great Lakes port, as well as loading ocean going conveyances such as barges and container vans, and

(ii) The commodities will be moved from one transportation conveyance to another at such a facility.

§ 1496.6 Data to be used.

(a) CCC will use all available historical and current data as a basis for procurement considerations, including evaluations and decisions regarding the physical facilities and performance of ports. Heavy reliance will be placed upon current port conditions as determined from first hand observations and reports from USDA and other reliable sources.

(b) The primary source of historical data will be documents used in the normal course of conducting business. Sources include contract documents, ocean bills of lading, survey and/or outturn reports made by commercial cargo surveyors, claim settlement agreements, claim payment documents, etc. CCC will utilize only such data and make only those analyses that it believes will provide a valid measure of program performance.

§ 1496.7 Final contract determinations.

(a) Commodity awards. (1) Invitations for the procurement of commodities and the evaluation of bids submitted in response to such invitations shall be performed as provided in the Federal Acquisition Regulations (FAR) and Department of Agriculture’s procurement regulations set forth in chapter 4 of title 48 of the Code of Federal Regulations (the AGAR).

(2) If more than one bid for the sale of commodities is received and more than one delivery point has been designated in such bids, in order to achieve a combination of a freight rate and commodity award that produces the lowest-landed cost for the delivery of the commodity to the foreign destination, CCC may evaluate bids submitted for the sale of commodities on a delivery point-by-delivery point basis. In such cases, all bids submitted with respect to a specific delivery point will be evaluated under the provisions of the FAR, AGAR, and the solicitation, and CCC will determine the lowest bid for each delivery point.

(b) Combination of bids. CCC will determine which combination of commodity bids and bids for ocean freight rates result in the lowest-landed cost of delivery of the commodity to the foreign destination. CCC will award the contract for the purchase of the commodity that results in the lowest-landed cost and would be transported in compliance with cargo preference requirements under regulations prescribed by the Secretary of Transportation. The Contracting Officer may determine that extenuating circumstances preclude awards on the basis of lowest-landed cost, or efficiency and cost-savings justify use of types of ocean service that would not involve an analysis of freight bids for each of CCC’s commodity purchases; however, in all such cases, commodities would be transported in compliance with cargo preference requirements under regulations prescribed by

7 CFR Ch. XIV (1–1–09 Edition)
§ 1499.6 Usual marketing requirements.

(a) A foreign government Cooperating Sponsor shall provide to the Director, PDD, data showing commercial and non-commercial imports of the types of agricultural commodities requested during the prior five years, by country of origin, and an estimate of imports of such commodities during the current year.

(b) CCC may require that a Program Agreement with a foreign government include a “usual marketing requirement” that establishes a specific level of imports for a specified period. The Program Agreement may also include a prohibition on the export of provided commodities, as well as of other similar commodities specified in the Program Agreement.
§ 1499.7 Apportionment of costs and advances.

(a) CCC will bear the costs of processing, packaging, transportation, handling and other incidental charges incurred in delivering commodities to Cooperating Sponsors. CCC will deliver bulk grain shipments f.o.b. vessel, and shipments of all other commodities f.a.s. vessel or intermodal points. CCC will choose the point of delivery based on lowest cost to CCC.

(b) When the General Sales Manager approves in advance and in writing, CCC may agree to bear all or a portion of reasonable costs associated with:
   (1) Transportation from U.S. ports to designated ports or points of entry abroad, maritime survey costs, and in cases of urgent and extraordinary relief requirements, transportation from designated ports or points of entry abroad to designated storage and distribution sites;
   (2) In cases of urgent and extraordinary relief requirements, reasonable storage and distribution costs; and

(e) A Cooperating Sponsor seeking agreement by CCC to bear the costs identified in paragraphs (b)(2) or (b)(3) of this section shall submit to the Director, PDD, a Program Operation Budget detailing such costs. If approved, the Program Operation Budget shall become part of the Program Agreement. The non-government Cooperating Sponsor may make adjustments between line items of an approved Program Operations Budget up to 20 percent of the total amount approved or $5,000, whichever is less without any further approval. Adjustments beyond these limits must be specifically approved by the Director, PDD.

(f) The Cooperating Sponsor may request advance of up to 85 percent of the amount of an approved Program Operating Budget. However, CCC will not approve any request for an advance received earlier than 60 days after the date of a previous advance made in connection with the same Program Agreement.

(g) Funds advanced shall be deposited in an interest-bearing account until expended. Interest earned may be used only for the purposes for which the funds were advanced.

(h) The Cooperating Sponsor shall return to CCC any funds not obligated as of the 180th day after being advanced, together with any interest earned on such unexpended funds. Funds and interest shall be returned within 30 days of such date.

(i) The Cooperating Sponsor shall, not later than 10 days after the end of each calendar quarter, submit a financial statement to the Director, PDD, accounting for all funds advanced and all interest earned.

§ 1499.8 Ocean transportation.

(a) Cargo preference. Shipments of commodities provided under either the section 416(b) or Food for Progress programs are subject to the requirements of sections 901(b) and 901b of the Merchant Marine Act, 1936, regarding carriage on U.S.-flag vessels. CCC will endeavor to meet these requirements separately for each program for each 12-month compliance period. A Cooperating Sponsor shall comply with the instructions of CCC regarding the quantity of commodities that must be carried on U.S.-flag vessels.

(b) Freight procurement requirements. When CCC is financing any portion of the ocean freight, whether on U.S.-flag or non-U.S.-flag vessels, and the Cooperating Sponsor arranges ocean transportation:
   (1) The Cooperating Sponsor shall arrange ocean transportation through
competitive bidding and shall obtain approval of all invitations for bids from the offices specified in the Program Agreement prior to issuance.

(2) Invitations for bids shall be issued through the Transportation News Ticker (TNT), New York, and at least one other comparable means of trade communication.

(3) Freight invitations for bids shall include specified procedures for payment of freight, including the party responsible for the freight payments, and expressly require that:

(i) Offers include a contract canceling date no later than the last contract layday specified in the invitation for bids;

(ii) Offered rates be quoted in U.S. dollars per metric ton;

(iii) If destination bagging or transportation to a point beyond the discharge port is required, the offer separately state the total rate and the portion thereof attributable to the ocean segment of the movement;

(iv) Any non-liner U.S. flag vessel 15 years or older, in addition to any other offered rate, a one-way rate applicable in the event the vessel is scrapped or transferred to foreign flag registry prior to the end of the return voyage to the United States;

(v) In the case of packaged commodities, U.S. flag carriers specify whether delivery will be direct breakbulk shipment, container shipment, or breakbulk transshipment and identify whether transshipment (including container relays) will be via U.S. or foreign flag vessel;

(vi) Vessels offered subject to Maritime Administration approval will not be accepted; and

(2) Offers be received by a specified closing time, which must be the same for both U.S. and non-U.S. flag vessels.

(4) In the case of shipments of bulk commodities and non-liner shipments of packaged commodities, the Cooperating Sponsor shall open offers in public in the United States at the time and place specified in the invitation for bids and consider only offers that are responsive to the invitation for bids without negotiation. Late offers shall not be considered or accepted.

(5) All responsive offers received for both U.S. flag and foreign flag service shall be presented to KCCO which will determine the extent to which U.S.-flag vessels will be used.

(6) The Cooperating Sponsor shall promptly furnish the Director, Public Law 480-OD, or other official specified in the Program Agreement, copies of all offers received with the time of receipt indicated thereon. The Director, Public Law 480-OD, or other official specified in the Program Agreement, will approve all vessel fixtures. The Cooperating Sponsor may fix vessels subject to the required approval; however, the Cooperating Sponsor shall not confirm a vessel fixture until advised of the required approval and the results of the Maritime Administration's guideline rate review. The Cooperating Sponsor shall not request guideline rate advice from the Maritime Administration. The Cooperating Sponsor will, promptly after receipt of vessel approval, issue a public notice of the fixture details on the TNT or other means of communication approved by the Director, Public Law 480-OD.

(7) Non-Vessel Operating Common Carriers may not be employed to carry shipments on either U.S. or foreign-flag vessels.

(8) The Cooperating Sponsor shall promptly furnish the Director Public Law 480-OD, a copy of the signed laytime statement and statement of facts at the discharge port.

(c) Shipping agents. (1) The Cooperating Sponsor may appoint a shipping agent to assist in the procurement of ocean transportation. The Cooperating Sponsor shall nominate the shipping agent in writing to the Deputy Administrator, Room 4077-S, Foreign Agricultural Service, U.S. Department of Agriculture, Washington, DC 20250-1031, and include a copy of the proposed agency agreement. The Cooperating Sponsor shall specify the time period of the nomination.

(2) The shipping agent so nominated shall submit the information and certifications required by 7 CFR 17.4 to the Deputy Administrator.

(3) A person may not act as a shipping agent for a Cooperating Sponsor unless the Deputy Administrator has notified the Cooperating Sponsor in writing that the nomination is accepted.
(d) Commissions. (1) When any portion of the ocean freight is paid by CCC, total commissions earned on U.S. and foreign flag bookings by all parties arranging vessel fixtures, shall not exceed 2½ percent of the total freight costs.

(2) Address commissions are prohibited.

(e) Contract terms. When CCC is paying any portion of the ocean freight, charter parties and liner booking contracts must conform to the following requirements, as applicable:

(1) Packaged commodities on liner vessels shall be shipped on the basis of full berth terms with no demurrage or despatch;

(2) Shipments of bulk liquid commodities may be contracted in accordance with trade custom. Other bulk commodities, including shipments that require bagging or stacking for the account of the vessel, shall be shipped on the basis of vessel load, free out, with demurrage and despatch applicable at load and discharge ports; except that, if bulk commodities require further inland distribution, they shall be shipped on the basis of vessel load with demurrage and despatch at load and berth terms discharge, i.e., no demurrage, despatch, or detention at discharge. Demurrage and despatch shall be settled between the ocean carrier and commodity suppliers at load port and between the ocean carrier and charterers at discharge ports. CCC is not responsible for resolving disputes involving the calculation of laytime or the payment of demurrage or despatch.

(3) If the Program Agreement requires the Cooperating Sponsor to arrange an irrevocable letter of credit for ocean freight, the Cooperating Sponsor shall be liable for detention of the vessel for loading delays attributable solely to the decision of the ocean carrier not to commence loading because of the failure of the Cooperating Sponsor to establish such letter of credit. Charter parties and liner booking contracts may not contain a specified detention rate. The ocean carrier shall be entitled to reimbursement, as damages for detention for all time so lost, for each calendar day or any part of the calendar day, including Saturdays, Sundays and holidays. The period of such delay shall not commence earlier than upon presentation of the vessel at the designated loading port within the laydays specified in the charter party or liner booking contract, and upon notification of the vessel’s readiness to load in accordance with the terms of the applicable charter party or liner booking contract. The period of such delay shall end at the time that operable irrevocable letters of credit have been established for ocean freight or the time the vessel begins loading, whichever is earlier. Time calculated as detention shall not count as laytime. Reimbursement for such detention shall be payable no later than upon the vessel’s arrival at the first port of discharge.

(4) Charges including, but not limited to charges for inspection, fumigation, and carrying charges, attributable to the failure of the vessel to present before the canceling date will be for the account of the ocean carrier.

(5) Ocean freight is earned under a charter party when the vessel and cargo arrive at the first port of discharge. Provided, That if a force majeure prevents the vessel’s arrival at the first port of discharge, 100% of the ocean freight is payable or, if the charter party provides for completing additional requirements after discharge such as bagging, stacking, or inland transportation, not more than 85% of the ocean freight is payable, at the time the General Sales Manager determines that such force majeure was the cause of nonarrival; and

(6) When the ocean carrier offers delivery to destination ports on U.S.-flag vessels, but foreign-flag vessels are used for any part of the voyage to the destination port without first obtaining the approval of the Cooperating Sponsor, KCCO, and any other approval that may be required by the Program Agreement, the ocean freight rate will be reduced to the lowest responsive foreign-flag vessel rate offered in response to the same invitation for bids and the carrier agrees to pay CCC the difference between the contracted ocean freight rate and the freight rate offered by such foreign-flag vessel.

(f) Coordination between CCC and the Cooperating Sponsor. When a Program
Commodity Credit Corporation, USDA § 1499.8

Agreement specifies that the Cooperating Sponsor will arrange ocean transportation:

(1) KCCO will furnish the Cooperating Sponsor, or its agent, with a Notice of Commodity Availability (Form CCC-512) which will specify the receiving country, commodity, quantity, and date at U.S. port or intermodal delivery point.

(2) The Cooperating Sponsor shall complete the Form CCC-512 indicating name of steamship company, vessel name, vessel flag and estimated time of arrival at U.S. port; and shall sign and return the completed form to KCCO, with a copy to the Director, P.L. 480-OD. If CCC agrees to pay any part of the ocean transportation for liner cargo, the Cooperating Sponsor shall also indicate on the Form CCC-512 the applicable Federal Maritime Commission tariff rate, and tariff identification.

(3) KCCO will issue instructions to have the commodity delivered f.a.s. or f.o.b. vessel, U.S. port of export or intermodal delivery point, consigned to the Cooperating Sponsor.

(g) Documents required for payment of freight—(1) General rule. To receive payment for ocean freight, the following documents shall be submitted to the Director, CCCPSD:
   (i) One signed copy of completed Form CCC-512;
   (ii) Four copies of the original on-board bills of lading indicating the freight rate and signed by the originating carrier;
   (iii) For all non-containerized grain cargoes,
      (A) One signed copy of the Federal Grain Inspection Service (FGIS) Official Stowage Examination Certificate (Vessel Hold Certificate);
      (B) One signed copy of the National Cargo Bureau Certificate of Readiness (Vessel Hold Inspection Certificate); and
      (C) One signed copy of the National Cargo Bureau Certificate of Loading;
   (iv) For all containerized grain and grain product cargoes, one signed copy of the FGIS Container Condition Inspection Certificate;
   (v) One signed copy of liner booking note or charter party covering ocean transportation of cargo;
   (vi) For charter shipments, a signed notice of arrival at first discharge port submitted by the Cooperating Sponsor;
   (vii) For all liner cargoes, a copy of the tariff page.
   (viii) Four copies of either:
      (A) A request by the Cooperating Sponsor for reimbursement of ocean freight or ocean freight differential indicating the amount due, and accompanied by a certification from the ocean carrier that payment has been received from the Cooperating Sponsor; or
      (B) A request for direct payment to the ocean carrier, indicating amount due; or
      (C) A request for direct payment of ocean freight differential to the ocean carrier accompanied by a certification from the carrier that payment of the Cooperating Sponsor's portion of the ocean freight has been received.
   (ix) Each request to CCC for payment must provide a document, on letterhead and signed by an official or agent of the requester, the name of the entity to receive payment, the bank ABA number to which payment is to be made; the account number for the deposit at the bank; the requester's taxpayer identification number; and the type of the account into which funds will be deposited.

(2) In cases of force majeure. To receive payment in cases where the General Sales Manager determines that circumstances of force majeure have prevented the vessel's arrival at the first port of discharge, the Cooperating Sponsor shall submit all documents required by paragraph (g)(1) of this section except for the notice of arrival required by paragraph (g)(1)(vi) of this section.

(h) CCC payment of ocean freight or ocean freight differential—(1) General rule. CCC will pay, not later than 30 days after receipt in good order of the required documentation, 100 percent of either the ocean freight or the ocean freight differential, whichever is specified in the Program Agreement.

(2) Additional requirements after discharge. Where the charter party or liner booking note provide for the completion of additional services after discharge, such as bagging, stacking or inland transportation, CCC will pay, not
1499.9 Arrangements for entry and handling in the foreign country.

(a) The Cooperating Sponsor shall make all necessary arrangements for receiving the commodities in the recipient country, including obtaining appropriate approvals for entry and transit. The Cooperating Sponsor shall store and maintain the commodities from time of delivery at port of entry or point of receipt from originating carrier in good condition until their distribution, sale or barter.

(b) When CCC has agreed to pay costs of transporting, storing, and distributing commodities from designated points of entry or ports of entry, the Cooperating Sponsor shall arrange for such services, by through bill of lading, or by contracting directly with suppliers of services, as CCC may approve. If the Cooperating Sponsor contracts directly with the suppliers of such services, the Cooperating Sponsor may seek reimbursement by submitting documentation to CCC indicating actual costs incurred. All supporting documentation must be sent to the Director, CCCPSD. CCC, at its option, will reimburse the Cooperating Sponsor for the cost of such services in U.S. dollars at the exchange rate in effect on the date of payment by CCC, or in foreign currency.

1499.10 Restrictions on commodity use and distribution.

(a) The Cooperating Sponsor may use the commodities provided only in accordance with the terms of the Program Agreement.

(b) Commodities shall not be distributed within the importing country on the basis of political affiliation, geographic location, or the ethnic, tribal or religious identity or affiliations of the potential consumers or recipients.

(c) Commodities shall not be distributed, handled or allocated by military forces without specific CCC authorization.

(d) In the event that its participation in the program terminates, the non-government cooperating sponsor will safeguard any undistributed commodities and sales proceeds and dispose of such commodities and proceeds as directed by CCC.

1499.11 Agreement between Cooperating Sponsor and recipient agency.

(a) The Cooperating Sponsor shall enter into a written agreement with a recipient agency prior to the transfer of any commodities, sale proceeds or program income to the recipient agency. Copies of such agreements shall be provided to the Agricultural Counselor or Attache, and the Director, PDD. Such agreements shall require the recipient agency to pay the Cooperating Sponsor the value of any commodities, sale proceeds or program income that are used for purposes not expressly permitted under the Program Agreement, or that are lost, damaged, or misused as result of the recipient agency’s failure to exercise reasonable care.

(b) CCC may waive the requirements of paragraph (a) of this section where it determines that such an agreement is not feasible or appropriate.

1499.12 Sales and barter of commodities provided and use of proceeds.

(a) Commodities may be sold or bartered without the prior approval of CCC where damage has rendered the commodities unfit for intended program purposes and sale or barter is necessary to mitigate loss of value.
Commodity Credit Corporation, USDA § 1499.13

(b) A Cooperating Sponsor may, but is not required to, negotiate an agreement with the host government under which the commodities imported for a sale or barter may be imported, sold, or bartered without assessment of duties or taxes. In such cases and where the commodities are sold, they shall be sold at prices reflecting prevailing local market value.

(c) The Cooperating Sponsor shall deposit all sale proceeds into an interest-bearing account unless prohibited by the laws or customs of the importing country or CCC determines that to do so would constitute an undue burden. Interest earned on such deposits shall only be used for approved activities.

(d) Except as otherwise provided in this part, the Cooperating Sponsor may use sale proceeds and resulting interest only for those purposes approved in the applicable Plan of Operation.

(e) CCC will approve the use of sale proceeds and interest to purchase real and personal property where local law permits the Cooperating Sponsor to retain title to such property, but will not approve the use of sale proceeds or interest to pay for the acquisition, development, construction, alteration or upgrade of real property that is;

(1) Owned or managed by a church or other organization engaged exclusively in religious activity, or

(2) Used in whole or in part for sectarian purposes; except that, a Cooperating Sponsor may use such sale proceeds or interest to pay for repairs or rehabilitation of a structure located on such real property to the extent necessary to avoid spoilage or loss of provided commodities but only if such structure is not used in whole or in part for any religious or sectarian purposes while the provided commodities are stored in such structure. When not approved in the Plan of Operation, such use may be approved by the Agricultural Counselor or Attache.

(f) The Cooperating Sponsor shall follow commercially reasonable practices in procuring goods and services and when engaging in construction activity in accordance with the approved Plan of Operation. Such practices shall include procedures to prevent fraud, self-dealing and conflicts of interest, and shall foster free and open competition to the maximum extent practicable.

(g) To the extent required by the Program Agreement, the Cooperating Sponsor shall submit to the Controller, CCC, and to the Director, PDD, an inventory of all assets acquired with sale proceeds or interest or program income. In the event that its participation in the program terminates, the Cooperating Sponsor shall dispose, at the direction of the Director, PDD, of any property, real or personal, so acquired.

§ 1499.13 Processing, packaging and labeling of section 416(b) commodities in the foreign country.

(a) Cooperating Sponsors may arrange for the processing of commodities provided under a section 416(b) Program Agreement, or for packaging or repackaging prior to distribution. When a third party provides such processing, packaging or repackaging, the Cooperating Sponsor shall enter into a written agreement requiring that the provider of such services maintain adequate records to account for all commodities delivered and submit periodic reports to the Cooperating Sponsor. The Cooperating Sponsor shall submit a copy of the executed agreement to the Agricultural Counselor or Attache.

(b) If, prior to distribution, the Cooperating Sponsor arranges for packaging or repackaging commodities provided under section 416(b), the packaging shall be plainly labeled in the language of the country in which the commodities are to be distributed with the name of the commodity and, except where the commodities are to be sold or bartered after processing, packaging or repackaging, to indicate that the commodity is furnished by the people of the United States of America and not to be sold or exchanged. If the commodities are not packaged, the Cooperating Sponsor shall, to the extent practicable, display banners, posters or other media containing the information prescribed in this paragraph.

(c) CCC will reimburse Cooperating Sponsors that are nonprofit private
§ 1499.14 Disposition of commodities unfit for authorized use.

(a) Prior to delivery to Cooperating Sponsor at discharge port or point of entry. If the commodity is damaged prior to delivery to a governmental Cooperating Sponsor at discharge port or point of entry overseas, the Agricultural Counselor or Attache will immediately arrange for inspection by a public health official or other competent authority. If the commodity is damaged prior to delivery to a nongovernmental Cooperating Sponsor at the discharge port or point of entry, the nongovernmental Cooperating Sponsor shall arrange for such inspection. If inspection discloses the commodity to be unfit for the use authorized in the Program Agreement, the Agricultural Counselor or Attache shall determine whether the commodities are unfit for the use authorized in the Program Agreement and, if so, may direct disposal in accordance with paragraph (b) of this section. The Cooperating Sponsor shall arrange for the recovery of that portion of the commodities designated during the inspection as suitable for authorized use. If, upon inspection, the commodity (or any part thereof) is determined to be unfit for the authorized use, the Cooperating Sponsor shall notify the Agricultural Counselor or Attache of the circumstances pertaining to the loss or damage. With the concurrence of the Agricultural Counselor or Attache, the commodity determined to be unfit for authorized use shall be disposed of in the following order of priority:

(i) By transfer to an approved section 416(b) program for use as livestock feed. CCC shall be advised promptly of any such transfer so that shipments from the United States to the livestock feeding program can be reduced by an equivalent amount;

(ii) Sale for the most appropriate use, i.e., animal feed, fertilizer, or industrial use, at the highest obtainable price. When the commodity is sold, all U.S. Government markings shall be obliterated or removed;

(iii) By donation to a governmental or charitable organization for use as animal feed or for other non-food use; or

(iv) If the commodity is unfit for any use or if disposal in accordance with
Commodity Credit Corporation, USDA

§ 1499.15 Liability for loss, damage, or improper distribution of commodities—claims and procedures.

(a) Fault of Cooperating Sponsor prior to loading on ocean vessel. The Cooperating Sponsor shall immediately notify the Chief, Debt Management Office, KCMO/DMD, of action taken to dispose of commodities unfit for authorized use.

(b)(1) Fault of others prior to loading on ocean vessel. The Cooperating Sponsor shall immediately notify the Chief, Debt Management Office, KCMO/DMD, when any damage or loss to the commodity occurs that is attributable to a warehouseman, carrier, or other person between the time title is transferred to a Cooperating Sponsor and the time the commodity is loaded on board vessel at the designated port of export. The Cooperating Sponsor shall promptly assign to CCC any rights to claims which may arise as a result of such loss or damage and shall promptly forward to CCC all documents pertaining thereto. CCC shall have the right to initiate claims, and retain the proceeds of all claims, for such loss or damage.

(c) Survey and outturn reports related to claims against ocean carriers. (1) If the Program Agreement provides that CCC will arrange for an independent cargo surveyor to attend the discharge of the cargo, CCC will require the surveyor to provide a copy of the report to the Cooperating Sponsor.

(2) If the Cooperating Sponsor arranges for an independent cargo surveyor, the Cooperating Sponsor shall forward to the Chief, Debt Management Office, KCMO/DMD, any narrative chronology or other commentary it can provide to assist in the adjudication of ocean transportation claims and shall prepare such a narrative in any case where the loss is estimated to be in excess of $5,000.00. The Cooperating Sponsor may, at its option, also engage the independent surveyor to supervise clearance and delivery of the cargo from customs or port areas to the Cooperating Sponsor or its agent and to issue delivery survey reports thereon.

[61 FR 60515, Nov. 29, 1996, as amended at 63 FR 59877, Nov. 6, 1998]
(ii) In the event of cargo loss and damage, the Cooperating Sponsor shall provide to the Chief, Debt Management Office, KCMO/DMD, the names and addresses of individuals who were present at the time of discharge and during survey and who can verify the quantity lost or damaged. For bulk grain shipments, in those cases where the Cooperating Sponsor is responsible for survey and outturn reports, the Cooperating Sponsor shall obtain the services of an independent surveyor to:

(A) Observe the discharge of the cargo;
(B) Report on discharging methods including scale type, calibrations and any other factor which may affect the accuracy of scale weights, and, if scales are not used, state the reason therefore and describe the actual method used to determine weights;
(C) Estimate the quantity of cargo, if any, lost during discharge through carrier negligence;
(D) Advise on the quality of sweepings;
(E) Obtain copies of port or vessel records, if possible, showing quantity discharged;
(F) Provide immediate notification to the Cooperating Sponsor if additional services are necessary to protect cargo interests or if the surveyor has reason to believe that the correct quantity was not discharged; and
(G) In the case of shipments arriving in container vans, list the container van numbers and seal numbers shown on the container vans, and indicate whether the seals were intact at the time the container vans were opened, and whether the container vans were in any way damaged. To the extent possible, the independent surveyor should observe discharge of container vans from the vessel to ascertain whether any damage to the container van occurred and arrange for surveying as container vans are opened.

(iii) Cooperating Sponsors shall send copies to KCMO/DMD, Chief, Debt Management Office of all reports and documents pertaining to the discharge of commodities.

(iv) CCC will reimburse the Cooperating Sponsor for costs incurred upon receipt of the survey report and the surveyor's invoice or other documents that establish the survey cost. CCC will not reimburse a Cooperating Sponsor for the costs of a delivery survey unless the surveyor also prepares a discharge survey, or for any other survey not taken contemporaneously with the discharge of the vessel, unless CCC determines that such action was justified in the circumstances.

(3) Survey contracts shall be let on a competitive bid basis unless CCC determines that the use of competitive bids would not be practicable. CCC may preclude the use of certain surveyors because of conflicts of interest or lack of demonstrated capability to properly carry out surveying responsibilities.

(4) If practicable, all surveys shall be conducted jointly by the surveyor, the consignee, and the ocean carrier, and the survey report shall be signed by all parties.

(d) Ocean carrier loss and damage. (1) Notwithstanding transfer of title, CCC shall have the right to file, pursue, and retain the proceeds of collection from claims arising from ocean transportation cargo loss and damage arising out of shipments of commodities provided to governmental Cooperating Sponsors; however, when the Cooperating Sponsor pays the ocean freight or a portion thereof, it shall be entitled to pro rata reimbursement received from any claims related to ocean freight charged. CCC will pay general average contributions for all valid general average incidents which may arise from the movement of commodity to the destination ports. CCC shall receive and retain all allowances in general average.

(2) Nongovernmental Cooperating Sponsors shall: file notice with the ocean carrier immediately upon discovery of any cargo loss or damage; promptly initiate claims against the ocean carriers for such loss and damage; take all necessary action to obtain restitution for losses, and (iv) provide CCC copies of all such claims. Notwithstanding the preceding sentence the nongovernmental Cooperating Sponsor need not file a claim when the cargo loss is less than $100, or in any case when the loss is between $100 and $300 and the nongovernmental Cooperating
Commodity Credit Corporation, USDA § 1499.15

Sponsor determines that the cost of filing and collecting the claim will exceed the amount of the claim. The nongovernmental Cooperating Sponsor shall transmit to KCMO/DMD, Chief, Debt Management Office information and documentation on such lost or damaged shipments when no claim is to be filed. In the event of a declaration General Average:

(i) The Cooperating Sponsor shall assign all claim rights to CCC and shall provide CCC all documentation relating to the claim, if applicable;

(ii) CCC will be responsible for settling general average and marine salvage claims;

(iii) CCC has sole authority to authorize any disposition of commodities which have not commenced ocean transit or of which the ocean transit is interrupted;

(iv) CCC will receive and retain any monetary proceeds resulting from such disposition;

(v) CCC will initiate, prosecute, and retain all proceeds of cargo loss and damage against ocean carriers and any allowance in general average; and

(vi) CCC will pay any general average or marine salvage claims determined to be due.

(3) Amounts collected by nongovernmental Cooperating Sponsors on claims against ocean carriers which are less than $200 may be retained by the nongovernmental Cooperating Sponsor. On claims involving loss or damage of $200 or more, nongovernmental Cooperating Sponsors may retain from collections received by them, either $200 plus 10 percent of the difference between $200 and the total amount collected on the claim, up to a maximum of $500; or the actual administrative expenses incurred in collection of the claim, provided retention of such administrative expenses is approved by CCC. Allowable collection costs shall not include attorneys fees, fees of collection agencies, and similar costs. In no event will CCC pay collection costs in excess of the amount collected on the claim.

(4) A nongovernmental Cooperating Sponsor also may retain from claim recoveries remaining after allowable deductions for administrative expenses of collection, the amount of any special charges, such as handling and packing costs, which the nongovernmental Cooperating Sponsor has incurred on the lost or damaged commodity and which are included in the claims and paid by the liable party.

(5) A nongovernmental Cooperating Sponsor may redetermine claims on the basis of additional documentation or information not considered when the claims were originally filed when such documentation or information clearly changes the ocean carrier’s liability. Approval of such changes by CCC is not required regardless of amount. However, copies of redetermined claims and supporting documentation or information shall be furnished to CCC.

(6) A nongovernmental Cooperating Sponsor may negotiate compromise settlements of claims of any amount, provided that proposed compromise settlements of claims having a value of $5,000 or more shall require prior approval in writing by CCC. When a claim is compromised, a nongovernmental Cooperating Sponsor may retain from the amount collected, the amounts authorized in paragraph (d)(3) of this section, and in addition, an amount representing such percentage of the special charges described in paragraph (d)(4) of this section as compromised amount is to the full amount of the claim. When a claim is less than $600, a nongovernmental Cooperating Sponsor may terminate collection activity when it is determined that pursuit of such claims will not be economically sound. Approval for such termination by CCC is not required; however, the nongovernmental Cooperating Sponsor shall notify KCMO/DMD, Chief, Debt Management Division when collection activity on a claim is terminated.

(7) All amounts collected in excess of the amounts authorized in this section to be retained shall be remitted to CCC. For the purpose of determining the amount to be retained by a nongovernmental Cooperating Sponsor from the proceeds of claims filed against ocean carriers, the word “claim” shall refer to the loss and damage to commodities which are shipped on the same voyage of the
same vessel to the same port destination, irrespective of the kinds of commodities shipped or the number of different bills of lading issued by the carrier.

(8) If a nongovernmental Cooperating Sponsor is unable to effect collection of a claim or negotiate an acceptable compromise settlement within the applicable period of limitation or any extension thereof granted in writing by the party alleged responsible for the damage, the nongovernmental Cooperating Sponsor shall assign its rights to the claim to CCC in sufficient time to permit the filing of legal action prior to the expiration of the period of limitation or any extension thereof. Generally, a nongovernmental Cooperating Sponsor should assign claim rights to CCC no later than 60 days prior to the expiration of the period of limitation or any extension thereof. In all cases, a nongovernmental Cooperating Sponsor shall keep CCC informed of the progress of its collection efforts and shall promptly assign their claim rights to CCC upon request. Subsequently, if CCC collects on or settles the claim, CCC shall, except as indicated in this paragraph pay to a nongovernmental Cooperating Sponsor the amount to which it would have been entitled had it collected on the claim. The additional 10 percent on amounts collected in excess of $200 will be payable, however, only if CCC determines that reasonable efforts were made to collect the claim prior to the assignment, or if payment is determined to be commensurate with the extra efforts exerted in further documenting the claim. If documentation requirements have not been fulfilled and the lack of such documentation has not been justified to the satisfaction of CCC, CCC will deny payment of all allowances to the nongovernmental Cooperating Sponsor.

(9) When a nongovernmental Cooperating Sponsor permits a claim to become time-barred, or fails to take timely actions to insure the right of CCC to assert such claims, and CCC determines that the nongovernmental Cooperating Sponsor failed to properly exercise its responsibilities under the Agreement, the nongovernmental Cooperating Sponsor shall be liable to the United States for the cost and freight value of the commodities lost to the program.

(e) Fault of Cooperating Sponsor in country of distribution. If a commodity, sale proceeds or program income is used for a purpose not permitted by the Program Agreement, or if a Cooperating Sponsor causes loss or damage to a commodity, sale proceeds, or program income through any act or omission or failure to provide proper storage, care and handling, the cooperating sponsor shall pay to the United States the value of the commodities, sale proceeds or program income lost, damaged or misused. CCC will consider normal commercial practices in the country of distribution in determining whether there was a proper exercise of the Cooperating Sponsor's responsibility.

Payment by the Cooperating Sponsor shall be made in accordance with paragraph (g) of this section.

(f) Fault of others in country of distribution and in intermediate country. (1) In addition to survey or outturn reports to determine ocean carrier loss and damage, the Cooperating Sponsor shall, in the case of landlocked countries, arrange for an independent survey at the point of entry into the recipient country and make a report as set forth in paragraph (c)(1) of this section. CCC will reimburse the Cooperating Sponsor for the costs of survey as set forth in paragraph (c)(2)(iv) of this section.

(2) Where any damage to or loss of the commodity or any loss of sale proceeds or program income is attributable to a warehouseman, carrier or other person, the Cooperating Sponsor shall make every reasonable effort to pursue collection of claims for such loss or damage. The Cooperating Sponsor shall furnish a copy of the claim and related documents to the Agricultural Counselor or Attache. Cooperating Sponsors who fail to file or pursue such claims shall be liable to CCC for the value of the commodities or sale proceeds or program income lost, damaged, or misused: Provided, however, that the Cooperating Sponsor may elect not to file a claim if the loss is less than $500. The Cooperating Sponsor may retain $150 of any amount
collected on an individual claim. In addition, Cooperating Sponsors may, with the written approval of the Agricultural Counselor or Attache, retain amounts to cover special costs of collection such as legal fees, or pay such collection costs with sale proceeds or program income. Any proposed settlement for less than the full amount of the claim requires prior approval by the Agricultural Counselor or Attache. When the Cooperating Sponsor has exhausted all reasonable attempts to collect a claim, it shall request the Agricultural Counselor or Attache to provide further instructions.

(3) The Cooperating Sponsor shall pursue any claim by initial billings and at least three subsequent demands at not more than 30 day intervals. If these efforts fail to elicit a satisfactory response, the Cooperating Sponsor shall pursue legal action in the judicial system of country unless otherwise agreed by the Agricultural Counselor or Attache. The Cooperating Sponsors must inform the Agricultural Counselor or Attache in writing of the reasons for not pursuing legal action; and the Agricultural Counselor or Attache may require the Cooperating Sponsor to obtain the opinion of competent legal counsel to support its decision prior to granting approval. If the Agricultural Counselor or Attache approves a Cooperating Sponsor’s decision not to take further action on the claim, the Cooperating Sponsor shall assign the claim to CCC and shall forward all documentation relating to the claim to KCMO/DMD.

(4) As an alternative to legal action in the judicial system of the country with regard to claims against a public entity of the government of the cooperating country, the Cooperating Sponsor and the cooperating country may agree in writing to settle disputed claims by an appropriate administrative procedure or arbitration.

(g) Determination of value. The Cooperating Sponsor shall determine the value of commodities misused, lost or damaged on the basis of the domestic market price at the time and place the misuse, loss or damage occurred. When it is not feasible to determine such market price, the value shall be the f.o.b. or f.a.s. commercial export price of the commodity at the time and place of export, plus ocean freight charges and other costs incurred by the U.S. Government in making delivery to the Cooperating Sponsor. When the value is determined on a cost basis, the Cooperating Sponsor may add to the value any provable costs it has incurred prior to delivery by the ocean carrier. In preparing the claim statement, these costs shall be clearly segregated from costs incurred by the Government of the United States. With respect to claims other than ocean carrier loss or damage claims, the Cooperating Sponsor may request the Agricultural Counselor or Attache to approve a commercially reasonable alternative basis to value the claim.

(h) Reporting losses to the Agricultural Counselor or Attache or CCC designated representative. (1) The Cooperating Sponsor shall promptly notify the Agricultural Counselor or Attache or CCC designated representative, in writing, of the circumstances pertaining to any loss, damage, or misuse of commodities valued at $500 or more occurring within the country of distribution or intermediate country. The report shall be made as soon as the Cooperating Sponsor has adequately investigated the circumstances, but in no event more than ninety days from the date the loss became known to the Cooperating Sponsor. The report shall identify the party in possession of the commodities and the party responsible for the loss, damage or misuse; the kind and quantities of commodities; the size and type of containers; the time and place of misuse, loss, or damage; the current location of the commodity; the Program Agreement number, the CCC contract numbers, or if unknown, other identifying numbers printed on the commodity containers; the action taken by the Cooperating Sponsor with respect to recovery or disposal; and the estimated value of the commodity. The report shall explain why any of the information required by this paragraph cannot be provided. The Cooperating Sponsor shall also report the details regarding any loss or misuse of sale proceeds or program income.

(2) The Cooperating Sponsor shall report quarterly to the Agricultural Counselor or Attache any loss, damage
§ 1499.16 Records and reporting requirements.

(a) Records and reports—general requirements. The Cooperating Sponsor shall maintain records for a period of three (3) years from the date of export of the commodities that accurately reflect the receipt and use of the commodities and any proceeds realized from the sale of the commodities. The Government of the Exporting Country may, at reasonable times, inspect the Cooperating Sponsor’s records pertaining to the receipt and use of the commodities and proceeds realized from the sale of the commodities, and have access to the Cooperating Sponsor’s commodity storage and distribution sites and to locations of activities supported with proceeds realized from the sale of the commodities.

(b) Evidence of export. The Cooperating Sponsor’s freight forwarder shall, within thirty (30) days after export, submit evidence of export of the agricultural commodities to the Chief, Export Operations Division, KCCO. If export is by sea or air, the Cooperating Sponsor’s freight forwarder shall submit five copies of the carrier’s on board bill of lading or consignee’s receipt authenticated by a representative of the U.S. Customs Service. The evidence of export must show the kind and quantity of agricultural commodities exported, the date of export, and the destination country.

(c) Reports. (1) The Cooperating Sponsor shall submit a semiannual logistics report to the Agricultural Counselor or Attache and to the Director, CCC Program Support Division, FAS/USDA, Washington, DC 20250–1031, covering the receipt of commodities. Cooperating sponsors must submit reports on Form CCC–620 and submit the first report by May 16 for agreements signed during the period, October 1 through March 31, or by November 16 for agreements signed during the period, April 1 through September 30. The first report must cover the time period from the date of signing and subsequent reports must be provided at six months intervals covering the period from the due date of the last report until all commodities have been distributed or sold and such distribution or sale reported to CCC. The report must contain the following data:

(i) Receipts of agricultural commodities including the name of each vessel, discharge port(s) or point(s) of entry, the date discharge was completed, the condition of the commodities on arrival, any significant loss or damage in transit; advice of any claim for, or recovery of, or reduction of freight charges due to loss or damage in transit on U.S. flag vessels;

(ii) Estimated commodity inventory at the end of the reporting period;
(iii) Quantity of commodity on order during the reporting period;
(iv) Status of claims for commodity losses both resolved and unresolved during the reporting period;
(v) Quantity of commodity damaged or declared unfit during the reporting period; and
(vi) Quantity and type of the commodity that has been directly distributed by the Cooperating Sponsor, distribution date, region of distribution, and estimated number of individuals benefiting from the distribution.

(2) If the Program Agreement authorizes the sale or barter of commodities by the Cooperating Sponsor, the Cooperating Sponsor shall also submit a semiannual monetization report to the Agricultural Counselor or Attaché and to the Director, CCC Program Support Division, FAS/USDA, Washington, DC 20250–1031, a monetization report covering the deposits into and disbursements from the special account for the purposes specified in the Program Agreement. Cooperating Sponsors must submit reports on Form CCC–621 and submit the first report by May 16 for agreements signed during the period, October 1 through March 31, or by November 16 for agreements signed during the period, April 1 through September 30. The first report must cover the time period from the date of signing and subsequent reports must be provided at six months intervals covering the period from the due date of the last report until all funds generated from commodity sales have been distributed and such distribution reported to CCC. The report must contain the following information and include both local currency amounts and U.S. dollar equivalents:

(i) Quantity and type of commodities sold;
(ii) Proceeds generated from the sale;
(iii) Proceeds deposited to the special account including the date of deposit;
(iv) Interest earned on the special account;
(v) Disbursements from the special account, including date, amount and purpose of the disbursement;
(vi) Any balance carried forward in the special account from the previous reporting period; and
(vii) In connection with a section 416(b) Program Agreement only, a description of the effectiveness of sales and barter provisions in facilitating the distribution of commodities and products to targeted recipients, and a description of the extent, if any, that sales, barter or use of commodities:
(A) Affected the usual marketings of the United States;
(B) Displaced or interfered with commercial sales of the United States;
(C) Disrupted world commodity prices or normal patterns of trade with friendly countries;
(D) Discouraged local production and marketing of commodities in the recipient country;
(E) Achieved the objectives of the Program Agreement; and
(F) Could be improved in future agreements.

(3) The Cooperating Sponsor shall furnish the Government of the Exporting Country such additional information and reports relating to the agreement as the Government of the Exporting Country may reasonably request.

§ 1499.17 Audits.

Nongovernmental Cooperating Sponsors shall assure that audits are performed to assure compliance with Program Agreements and the provisions of this part. An audit undertaken in accordance with OMB Circular A–133, shall fulfill the audit requirements of this section. Audits shall be performed at least annually until all commodities have been distributed and sale proceeds expended. Both the auditor and the auditing standards to be used by the Cooperating Sponsor must be acceptable to CCC. The Cooperating Sponsor is also responsible for auditing the activities of recipient agencies that receive more than $25,000 of provided commodities or sale proceeds. This responsibility may be satisfied by relying upon independent audits of the recipient agency or upon a review conducted by the Cooperating Sponsor.
§ 1499.18 Suspension of the program.

All or any part of the assistance provided under a Program Agreement, including commodities in transit, may be suspended by CCC if:

(a) The Cooperating Sponsor fails to comply with the provisions of the Program Agreement or this part;

(b) CCC determines that the continuation of such assistance is no longer necessary or desirable; or

(c) CCC determines that storage facilities are inadequate to prevent spoilage or waste, or that distribution of commodities will result in substantial disincentive to, or interference with, domestic production or marketing in the recipient country.

§ 1499.19 Sample documents and guidelines for developing proposals and reports.

CCC has developed guidelines to assist the Cooperating Sponsors in developing proposals and reporting on program logistics and commodity sales. Cooperating Sponsors may obtain these guidelines from the Director, PDD.

§ 1499.20 Paperwork reduction requirement.

The paperwork and record keeping requirements imposed by this part have been previously submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act of 1995. OMB has assigned control number 0551–0035 for this information collection.

Under these provisions, refiners may enter raw sugar unrestricted by the quantitative limit established for the raw sugar tariff-rate quota or the requirements of certificates of quota eligibility provided for in 15 CFR part 2011, as long as licensees under the programs export an equivalent quantity of refined sugar, either as refined sugar or as an ingredient in sugar containing products, or use the refined sugar in the production of certain polyhydric alcohols.

§ 1530.101 Definitions.

Affiliated persons means two or more persons where one or more of said persons directly or indirectly controls or has the power to control the other(s), or, a third person controls or has the power to control the others. Indications of control include, but are not limited to: interlocking management or ownership, identity of interests among family members, shared facilities and equipment, and common use of employees.

Agent means a person who represents the licensee in any program transaction. An agent shall not, at any time, own any of the product produced by the program licensee. Agents may include brokers, shippers, freight forwarders, expediters, and co-packers.

Refined sugar means any product that is produced by a refiner by refining raw cane sugar and that can be marketed as commercial, industrial or retail sugar.

Refiner means any person in the U.S. Customs Territory that refines raw cane sugar through affination or defecation, clarification, and further purification by absorption or crystallization.

A unique number is established for a transaction to or from a specific country or licensee. The unique number is also assigned by the licensee to a file that contains all of the supporting documentation for the transaction for which it was established. The unique number is the means by which program transactions will be tracked.

§ 1530.102 Nature of the license.

(a) A person who wishes to participate in the Refined Sugar Re-export Program, the Sugar Containing Products Re-export Program, or the Polyhydric Alcohol Program must first obtain a license from the USDA, through the Licensing Authority.

(b) A license under the Refined Sugar Re-export Program permits a refiner to enter raw cane sugar under subheading 1701.11.20 of the HTS, and export an equivalent quantity of refined sugar onto the world market or transfer an equivalent quantity of refined sugar to licensees under the Sugar Containing Products Re-export Program or the Polyhydric Alcohol Program.

(c) A license under the Sugar Containing Products Re-export Program or Polyhydric Alcohol Program permits licensees to receive transfers and export an equivalent quantity of sugar as an ingredient in sugar containing products, or use an equivalent quantity of sugar in the production of certain polyhydric alcohols.

(d) All refining, manufacturing, and production shall be accomplished in the U.S. Customs Territory, and within time-frames and quantity limitations prescribed in this part. Program sugar and non-program sugar are substitutable.

(e) A licensee must establish a bond or a letter of credit in favor of the U.S. Department of Agriculture to charge program sugar in anticipation of the export or transfer of refined sugar, the export of sugar in sugar containing products, or the production of certain polyhydric alcohols.

§ 1530.103 License eligibility.

(a) A raw cane sugar refiner, a manufacturer of sugar containing products, or a producer of certain polyhydric alcohols, that owns and operates a facility within the U.S. Customs Territory, is eligible for a license to participate in the Refined Sugar Re-export Program, the Sugar Containing Products Re-export Program, or the Polyhydric Alcohol Program, respectively.

(b) No person may apply for or hold more than one license, including a license held by an affiliated person.

(c) Notwithstanding paragraph (b) of this section, a person who owns one or more wholly-owned subsidiary corporations manufacturing sugar containing products or producing certain polyhydric alcohols, which otherwise qualify for an individual license, is eligible for a consolidated license to cover the program transactions and other program activities of both the parent corporation and the subsidiary corporation(s). The program transactions and other program activities of the subsidiary corporation(s) covered by a consolidated license shall be treated as the activities of the corporation holding the consolidated license.
(d) Notwithstanding paragraph (c) of this section, each wholly-owned subsidiary manufacturing sugar containing products or producing certain polyhydric alcohols may establish a license for program activities instead of the parent corporation establishing a consolidated license. The sum total of license limits for the parent corporation and its wholly-owned subsidiary corporation(s) shall not exceed the quantitative limits established in §1530.105 of this part.

§1530.104 Application for a license.

(a) A person seeking a license shall apply in writing to the Licensing Authority and shall submit the following information:

(1) The name and address of the applicant;

(4) In the case of a refined sugar product, the polarity of the product and the formula proposed by the refiner for calculating the refined sugar in the product;
(5) In the case of a sugar containing product, the percentage of refined sugar (100 degree polarity), on a dry weight basis, contained in such product(s);
(6) In the case of polyhydric alcohol, the quantity of refined sugar used producing certain polyhydric alcohols; and
(7) A certification explaining that the applicant is not affiliated with any other licensee, or explaining any affiliations, should they exist.

(b) A documentation agreement must be concluded with the Licensing Authority.

(c) Notwithstanding paragraphs (a) and (b) of this section, licensees may receive credit for the exportation or transfer of refined sugar, the exportation of a sugar containing product, or the production of certain polyhydric alcohols prior to the corresponding date of entry of raw cane sugar or the date of transfer of refined sugar.

(d) Licensees are encouraged to submit monthly program transaction reports, but shall report no later than 90 days from the date of entry, transfer, export, or use.

(e) A refiner may enter raw sugar, or a manufacturer or producer may receive a transfer of refined sugar, in anticipation of the transfer or export of refined sugar (refiner), the export of sugar in sugar containing products (manufacturer) or the production of a polyhydric alcohol (producer) not to exceed the value of a bond or letter of credit, which must be established pursuant to §1530.107 of this part. The value of a bond or letter of credit shall not exceed the license limits established in this section.

(f) A refiner shall not exceed a license balance of 50,000 metric tons, raw value for the sum of all charges and credits.

(g) A refiner may enter raw sugar from Mexico and re-export, within 30 days of entry, refined sugar to Mexico without a charge against the refiner's
license balance. If the refined sugar is not re-exported to Mexico within 30 days of entry, the license shall be charged the quantity that has not been re-exported.

(h) A manufacturer or a producer shall not exceed a license balance of 10,000 short tons, refined value for the sum of all charges and credits.

(i) A manufacturer's or a producer's consolidated license balance, or the sum of a parent company and wholly-owned subsidiary license balances if held separately, shall not exceed a license balance of 25,000 short tons, refined value for the sum of all charges and credits.

(j) For the purposes of the programs governed by this part, sugar is fully substitutable. The refined sugar transferred, exported, or used does not need to be the same sugar produced by refining raw sugar entered under subheading 1701.11.20 of the HTS.

(k) A licensee may use an agent to carry out the requirements of participation in the program. The licensee must retain ownership of and responsibility for the product until exported from the U.S. Customs Territory, to a restricted foreign trade zone, or used in the production of certain polyhydric alcohols, and must establish and maintain sufficient documentation, as agreed in the documentation agreement pursuant to §1530.110, to substantiate export of the product or the production of certain polyhydric alcohols.

(l) A license may be assigned only with the written permission of the Licensing Authority and subject to such terms and conditions as the Licensing Authority may impose.

§ 1530.107 Bond or letter of credit requirements

(a) The licensee may charge program sugar in anticipation of the transfer or export of refined sugar, the export of sugar in sugar containing products, or the production of certain polyhydric alcohols, if the licensee establishes a performance bond or a letter of credit with the U.S. Department of Agriculture, which meets the criteria set forth in this section.

(b) The bond or letter of credit may cover entries made during the period of time specified in the bond (a term bond) or for a specified entry (a single entry bond).

(c) Only the licensee who will refine the sugar, manufacture the sugar containing product, or produce certain polyhydric alcohols may be the principal on the bond or letter of credit covering such sugar to be re-exported or used in the production of certain polyhydric alcohols. The surety or sureties shall be among those listed by the Secretary of the Treasury as acceptable on Federal bonds.

(d) The obligation under the bond or letter of credit shall be made effective no later than the date of entry of the...
§ 1530.108 Revocation or surrender of licenses.

(a) A license may be revoked upon written notice by the Licensing Authority.

(b) A licensee may surrender a license when the sum of all credits is equal to or greater than the sum of all charges.

§ 1530.109 Reporting.

(a) A licensee may submit as often as monthly for charges and credits against a license balance, but must submit at least a quarterly report to the Licensing Authority not later than 90 days after the earliest transaction in the report for which credits or charges are being submitted. The licensee need not report when there have not been transactions during the reporting period.

(b) Reports may be submitted by e-mail, U.S. mail, private courier, or in person, but must be in an integrated database format acceptable to the Licensing Authority. A copy of this format may be obtained from the Licensing Authority. Applicants unable to submit a report in the specified electronic format may seek a temporary waiver to permit them to submit the report on paper.

(c) The reports must include the following for all program transactions:

1. A unique number associated with the transaction;
2. The date of the entry, transfer (only a refiner shall report transfers to the Licensing Authority), export, or use;
3. The quantity of program sugar entered, transferred, exported as refined sugar, or used in the production of certain polyhydric alcohols;
4. The licensee’s license number, or if a transfer is being reported, the licensee’s license number as well as the transfer recipient’s license number;
5. The country of origin (entry of raw sugar) or final destination (refined sugar exports), using the exact country code designated in the HTS; and
6. The initial and final polarization, and final weight (when available) for entries of raw sugar.

(d) Licensees have an affirmative and continuing duty to maintain the accuracy of the information contained in previously submitted reports.

1. The licensee shall immediately notify the Licensing Authority and promptly request that previously claimed credits be charged back upon discovery that previously claimed exports of refined sugar, refined sugar in sugar containing products, or refined sugar used in the production of polyhydric alcohol were re-entered into the U.S. Customs Territory without substantial transformation, not used in the production of certain polyhydric alcohols, made under a false underlying proof of export, or made but previously submitted exports do not otherwise satisfy the requirements of regulations or the documentation agreement.

2. Charge backs shall be as of the date of the erroneously claimed credit.

§ 1530.108 Sugar for refiners or the date of transfer of the corresponding sugar for manufacture into a sugar containing product or certain polyhydric alcohols.

(e) The amount of the bond or letter of credit shall be equal to 20 cents per pound of sugar to be entered under the license.

(f) If a licensee fails to qualify for credit to a license within the specified time period of the date of export or use of corresponding sugar in an amount sufficient to offset the charge to the licensee for that corresponding sugar, payment shall be made to the U.S. Treasury. The payment shall be equal to the difference between the Number 11 contract price and the Number 14 contract price (New York Coffee, Sugar and Cocoa Exchange) in effect on the last market day before the date of entry of the sugar or the last market day before the end of the period during which export or use was required, whichever difference is greater. The difference shall be multiplied by the quantity of refined sugar, converted to raw value, that should have been exported in compliance with this part. If there was not a Number 11, or a Number 14 contract price for the relevant market day, the Licensing Authority may estimate such price as he or she deems appropriate.
§ 1530.110 Records, certification, and documentation.

(a) A licensee shall establish a documentation agreement with the Licensing Authority before submitting for credit against a license. The licensee shall propose to the Licensing Authority a list of documents to substantiate entries, transfers, exports, or use as appropriate. The Licensing Authority shall consider the licensee's proposal to assure that it provides that a program transaction is fully substantiated, and shall then respond in writing to the licensee in a timely fashion outlining any deficiencies. Once agreed, the licensee shall submit a notarized letter specifying the documents to be maintained on file and certifying that the charges and credits made pursuant to §1530.106 will be kept on file, identifiable by a unique number, and available for inspection pursuant to §1530.110.

(b) For all transactions, the documentation shall:

(1) Substantiate the information required in §1530.109 (c), and the completion of the reported transaction;

(2) Establish the buyer and seller specifications for a transaction;

(3) Include all U.S. Customs forms submitted in the entry or export process;

(4) Provide the correct telephone numbers and addresses of any agents, consignees, foreign purchasers, and non-vessel operating common carriers used in completing the transaction;

(5) Indicate the port of entry or export for the program transaction;

(6) Provide the percentage of sugar in a sugar containing product or certain polyhydric alcohols; and

(7) Provide the name of export carrier, vessel name, and container number.

(c) The licensee shall maintain the documentation established in the documentation agreement for 5 years from the date of such program transaction.

(d) Upon request, the licensee shall make the records outlined by the documentation agreement and identified (associated) by the unique number assigned by the licensee to the program transaction as reported to the Licensing Authority for posting against a license balance, available for inspection and copying by the Licensing Authority, the Compliance Review Staff of the Foreign Agricultural Service, and/or the Office of the Inspector General, USDA, the U.S. Department of Justice, or any U.S. Government regulatory or investigative office.

§ 1530.111 Enforcement and penalties.

(a) The Licensing Authority may revoke credits granted on a license if the credits granted do not meet the requirements set forth in the regulations of this part, or if the licensee does not voluntarily charge back credits erroneously claimed in accordance with these regulations. The Licensing Authority may also recommend revocation of a license, if the licensee has been in violation of § 1530.109 (c) of this part.

(b) The Administrator of the Foreign Agricultural Service, USDA, may suspend or revoke a license upon recommendation of the Licensing Authority. Suspension of a license will be governed by 7 CFR part 3017, subpart D and debarment will be governed by 7 CFR part 3017, subpart C.

§ 1530.112 Administrative appeals.

(a) The licensee may appeal the Licensing Authority's determination by filing a written notice of appeal, signed by the licensee or the licensee's agent, with the Director, Import Policies and Programs Division, Foreign Agricultural Service (Director), or his or her designee. The decision on such an appeal shall be made by the Director, and will be governed by §3017.515 of this title. The appeal must be filed not later than 30 days after the date of the Licensing Authority's determination, and shall contain the licensee's written argument.

(b) The licensee may request an informal hearing. The Director shall arrange a place and time for the hearing, except that it shall be held within 30 days of the filing date of the notice of appeal if the licensee so requests.

(c) The licensee may be represented by counsel, and shall have full opportunity to present any relevant evidence, documentary or testimonial. The Director may permit other individuals to present evidence at the hearing and the licensee shall have an opportunity to question those witnesses.

§ 1530.113

(d) The licensee may request a verbatim transcript of the hearing, and shall be responsible for arranging for a professional reporter and shall pay all attendant expenses.

(e) The Director shall make the determination on appeal, and may affirm, reverse, modify or remand the Licensing Authority's determination. The Director shall notify the licensee in writing of the determination on appeal and of the basis thereof. The determination on appeal exhausts the licensee's administrative remedies.

§ 1530.113 Waivers.

Upon written application of the licensee or at the discretion of the Licensing Authority, and for good cause, the Licensing Authority may extend the period for transfer, export, or production, and/or may temporarily increase a maximum license limit, may extend the period for submitting regularly scheduled reports, or may temporarily waive or modify any other requirement imposed by this part if the Licensing Authority determines that such a waiver will not undermine the purpose of the relevant program or adversely affect domestic sugar policy objectives. The Licensing Authority may specify additional requirements or procedures in place of the requirements or procedures waived or modified.

§ 1530.114 Implementation.

Current program participants may qualify under this rule upon concluding a documentation agreement with the Licensing Authority, but must conclude a documentation agreement within 24 months of the effective date of this rule. Participant license balances, as of the effective date of this rule, shall continue under this rule.

PART 1570—EXPORT BONUS PROGRAMS

Subpart A—Sunflowerseed Oil Assistance Program and Cottonseed Oil Assistance Program Criteria

Sec.
1570.10 General statement.
1570.20 Criteria.

Subpart B—SOAP and COAP Drawback Certification

1570.1100 Drawback certification.

Source: 56 FR 42223, Aug. 27, 1991, unless otherwise noted.
§ 1570.10 General statement.

This subpart sets forth the criteria to be considered in evaluating and approving proposals for initiatives to facilitate export sales under the Sunflowerseed Oil Assistance Program (SOAP) and Cottonseed Oil Assistance Program (COAP) administered by the Foreign Agricultural Service (FAS). These criteria are interrelated and will be considered together in order to select eligible countries for SOAP and COAP initiatives which will best meet the programs' objective. The objective of the programs is to encourage the sale of additional quantities of sunflowerseed oil and cottonseed oil in world markets at competitive prices. Under the SOAP and the COAP, bonuses are made available by FAS to enable exporters to meet prevailing world prices for sunflowerseed oil and cottonseed oil in targeted destinations. In the operation of the SOAP and the COAP, FAS will make reasonable efforts to avoid the displacement of usual marketings of U.S. agricultural commodities.

§ 1570.20 Criteria.

The criteria considered by FAS in reviewing proposals for SOAP and COAP initiatives will include, but not be limited to, the following:

(a) The expected contribution which initiatives will make toward realizing U.S. agricultural export goals and, in particular, in developing, expanding, or maintaining markets for U.S. sunflowerseed and/or cottonseed oil;

(b) The subsidy requirements of proposed initiatives in relation to the sums made available to operate the programs in any given fiscal year; and

(c) The likelihood that sales facilitated by initiatives would have the unintended effect of displacing normal commercial sales of sunflowerseed and/or cottonseed oil.

§ 1570.1100 Drawback certification.

An offer submitted by an exporter to FAS for an export bonus under the SOAP or the COAP must contain, in addition to any other information required by FAS, a certification stating the following: "None of the eligible commodity (sunflowerseed oil and/or cottonseed oil) has been or will be used as the basis for a claim of a refund, as drawback, pursuant to section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) of any duty, tax, or fee imposed under Federal law on an imported commodity or product." § 1580.101 General statement.

This part provides regulations for the Trade Adjustment Assistance for Farmers program. Under these provisions, producers of agricultural commodities may petition the Department of Agriculture for eligibility to apply for trade adjustment assistance based on criteria set forth in the Trade Act of 1974, as amended by the Trade Act of 2002 (19 U.S.C. 2251, et seq.). If the Administrator determines that the national average price for a commodity is less than 80 percent of the preceding 5-year average and that an increase in imports has contributed importantly to the decline in commodity prices, the producers may apply for technical assistance and cash benefits under the program.

§ 1580.102 Definitions.

As used in the part, the following terms mean:

Adjusted gross income means income as defined in 7 CFR 1400.601.

Administrator means the Administrator of the Foreign Agricultural Service (FAS).

Aquaculture means the propagation and rearing of aquatic organisms in a controlled aquatic environment for the purpose of human consumption.

Articles like or directly competitive generally means products falling under the same HTS number used to identify the agricultural commodity in the petition. A “like” product means substantially identical in inherent or intrinsic characteristics, and the term “directly competitive” means those articles which are substantially equivalent for commercial purposes, that is, are adapted to the same uses and are essentially interchangeable therefore.

Authorized representative means an association of agricultural commodity producers.

Certification date means the effective date on which the Administrator announces in the Federal Register or by Department news release a certification of eligibility to apply for adjustment assistance.

Contributed importantly means a cause which is important, but not necessarily more important than any other cause.

Department means the U.S. Department of Agriculture.

Extension Service means the Cooperative State Research, Education, and Extension Service of the U.S. Department of Agriculture.

Net farm income means net farm profit or loss, excluding payments under this part, reported to the Internal Revenue Service for the tax year that most closely corresponds with the marketing year under consideration.

Net fishing income means net profit or loss, excluding payments under this part, reported to the Internal Revenue Service.
§ 1580.201 Petitions for trade adjustment assistance.

(a) A group of agricultural commodity producers or qualified fishermen in the United States or their authorized representative may file a petition for trade adjustment assistance.

(b) Filings may be written or electronic, as provided for by the Administrator, and submitted to FAS from August 15 through January 31. Petitions received after January 31 will be returned to the sender. If January 31 falls on a weekend, the petition will be accepted the next business day.

(c) Petitions shall include the following information.

(1) Name, business address, phone number, and email address (if available) of each producer in the group, or their authorized representative. A petition filed by a group shall identify a contact person for the group.

(2) The agricultural commodity and its Harmonized Tariff Schedule of the United States (HTS) number.

(3) The production area represented by the group or its authorized representative. The petitioners shall indicate if they are filing on behalf of all producers in the United States, or if they are filing solely on behalf of all producers in a specifically identified impacted area. In the latter case, at least one member of the group must reside in each State within the impacted area, or the authorized representative must have members residing in each State within the impacted area.

(4) The beginning and ending dates for the marketing year during which domestic prices were affected by imports. A petition may be filed for only the most recent marketing year for which national average prices are available.

(5) A justification statement explaining why the petitioners should be considered eligible for adjustment assistance.

(6) Price data supporting the petition.

(i) If the petition is filed on behalf of all producers of the agricultural commodity in the United States, the Administrator shall use national average prices compiled by the National Agricultural Statistics Service (NASS), whenever possible. If NASS has not compiled price data for the commodity, the petitioners shall provide national average prices for the marketing year under review and for the previous five marketing years, and identify the source of the price series.

(ii) If the petition is filed on behalf of producers in a specifically identified impacted area, the petitioners shall provide national average prices for the impacted area for the marketing year under review and for the previous five marketing years, and identify the source of the price series.

(iii) The Administrator may request petitioners to provide records to support their national average price data.

(d) Once the petition is received, the Administrator shall determine if it meets the requirements of §1580.201(c), and if so, publish notice in the Federal Register that a petition has been filed and that an investigation has...
begun. The notice shall identify the agricultural commodity, including any like or directly competitive commodities, the marketing year being investigated, the price series being used, and the production area covered by the petition. The notice may also announce the scheduling of a public hearing, if requested by the petitioners. If the petition does not meet the requirements of §1580.201(c), the Administrator shall notify as soon as possible the contact person for the group or the authorized representative of the deficiencies.

§ 1580.202 Hearings, petition reviews, and amendments.

(a) If the petitioner, or any other person(s) found by the Administrator to have a substantial interest in the proceedings, submits not later than 10 days after the filing date a request in writing for a hearing, the Administrator shall provide for a public hearing and afford such interested person an opportunity to be present, to produce evidence, and to be heard.

(b) If the petitioner, or any other person(s) having an interest in the proceedings takes issue with any of the information published in the FEDERAL REGISTER concerning the petition, they may submit to the Administrator their comments in writing or electronically for consideration by the Administrator not later than 10 days after the filing date.

(c) A producer residing outside the impacted area identified in a petition may file to become a party to the petition by fulfilling the requirements of §1580.201(c) within 10 days of the filing date. The Administrator may amend the original petition to expand the impacted area and include the additional filer, or consider it a separate filing.

(d) The Administrator shall publish in the FEDERAL REGISTER as soon as possible any changes to the original notice resulting from any actions taken under this section.

§ 1580.203 Determination of eligibility and certification by the Administrator.

(a) As soon as practicable after the filing date, but in any event not later than 40 days after that date, the Administrator shall determine whether the petitioners satisfy the following conditions for adjustment assistance.

2. Increases in imports of articles like or directly competitive with the agricultural commodity contributed importantly to the decline in price described in paragraph (a)(1) of this section.

(b) If the Administrator determines that the above conditions have been satisfied, the producers covered by the petition shall be certified as eligible for adjustment assistance.

(c) Upon making a determination, whether affirmative or negative, the Administrator shall promptly publish in the FEDERAL REGISTER a summary of the determination, together with the reasons for making the determination.

(d) In addition, the Administrator shall notify producers covered by a certification how to apply for adjustment assistance. Notification methods may include direct mailings to known producers, messages to directly affected producer groups and organizations, electronic communications, internet web site notices, and use of broadcast and print media.

(e) Whenever a group of agricultural producers is certified as eligible for assistance, the Administrator shall use the occasion to notify and inform other producers about the Trade Adjustment Assistance Program and how they may petition for adjustment assistance.

§ 1580.301 Application for trade adjustment assistance.

(a) Only producers covered by a certification of eligibility may apply for adjustment assistance. Producers may request advice from FSA regarding the preparation and submission of their applications.

(b) An eligible producer may submit an application for adjustment assistance by submitting to FSA a designated application form at any time after the certification date but not...

The Extension Service shall provide to producers written confirmation of all technical assistance meetings. Producers shall also have access to technical information provided in writing and electronically.

(d) Producers shall also be provided information concerning procedures for applying for and receiving other Federal assistance and services available to workers facing economic distress.

(e) Producers that furnish all certifications required under § 1580.301(e) shall be entitled to employment services and training benefits under trade adjustment assistance for workers managed by the Department of Labor.

(2) The national average price of the agricultural commodity for the most recent marketing year.

(c) The maximum amount of payments under this part that a person may receive during the Federal fiscal year shall not exceed $10,000.

(g) If the Administrator, FAS, determines in September that program funds may be insufficient to meet the requirements for adjustment assistance payments under this part during the coming fiscal year, FSA may delay making adjustment payments in order to prorate amounts owed producers.

(h) FSA shall not make adjustment assistance payments to producers who have not met at least once with an Extension Service employee to receive technical assistance.

§ 1580.401 Subsequent qualifying year eligibility.

(a) Prior to the anniversary of a certification date,

(1) groups and authorized representatives that provided national average prices to justify their initial certifications shall provide the Administrator national average prices for the most recent marketing year, and

(2) the Administrator shall determine whether or not—

(i) The national average price for the agricultural commodity produced by the group for the most recent marketing year is equal to or less than 80 percent of the average of national average prices for the 5 marketing years used to make the first certification under §1580.203(a)(1), and

(d) To qualify for assistance in subsequent qualifying years, producers shall—

(1) Submit an application pursuant to §1580.301, and

(2) Contact the Extension Service for technical adjustment assistance.

(e) The amount of an adjustment assistance payment during a qualifying year shall be determined in the same manner as in the originating year, except that the average national price shall be determined by using the 5-marketing-year period used to determine the amount of cash benefits for the first certification.

(f) An eligible producer who did not apply for adjustment assistance in the initial year may apply pursuant to §1580.301.

§ 1580.501 Administration.

(a) The application process shall be carried out in the field by FSA county committees.

(b) FSA county committees and representatives do not have the authority to modify or waive any of the provisions of this part.

(c) Audits of certifications of average adjusted gross income may be conducted as necessary to determine compliance with the requirements of this subpart. As a part of this audit, income tax forms may be requested and if requested, must be supplied. If a producer has submitted information to FSA, including a certification from a certified public accountant or attorney, that relied upon information from a form previously filed with the Internal Revenue Service, such producer shall provide FSA a copy of any amended form filed with the Internal Revenue Service with 30 days of the filing.

(i) In the recipient country that enhance the effectiveness of the activities including packaging, enrichment, preservation and fortification of agricultural commodities; and
(ii) For administrative or monitoring expenses specified in the program agreement.

(c) FAS will not pay any costs incurred by the Cooperating Sponsor prior to the date of the Program Agreement.

(d) Except as provided in paragraph (b) of this section, the Cooperating Sponsor shall ordinarily bear all costs incurred subsequent to FAS' delivery of commodities at U.S. ports or intermodal points.

(e) A Cooperating Sponsor seeking agreement by FAS to bear the storage and distribution costs identified in paragraph (b)(3) of this section or the costs identified in paragraph (b)(4) of this section shall submit to the Director, PPDED, a Program Operation Budget detailing such costs. If approved, the Program Operation Budget shall become part of the Program Agreement. The non-governmental Cooperating Sponsor may make adjustments between line items of an approved Program Operation Budget up to 10 percent of the total amount of the budget as last approved without any further approval. Adjustments beyond these limits must be specifically approved by the Director, PPDED.

(f) The Cooperating Sponsor may request advance of up to 100 percent of the amount of an approved Program Operating Budget if FAS determines that the Cooperating Sponsor's financial management system meets the requirements of 7 CFR 3019.21. However, FAS will not approve any request for an advance received earlier than 60 days.
§ 1599.7 What procedures apply to procuring ocean transportation?

(a) Cargo preference. Shipments of commodities are subject to the requirements of sections 901(b) and 901b of the Merchant Marine Act, 1936, regarding carriage on U.S.-flag vessels. A Cooperating Sponsor shall comply with the instructions of FAS regarding the quantity of commodities that must be carried on U.S.-flag vessels.

(b) Freight procurement requirements. When FAS is financing any portion of the ocean freight, whether on U.S. flag or non-U.S. flag vessels, and the Cooperating Sponsor arranges ocean transportation:

1. The Cooperating Sponsor shall arrange ocean transportation through competitive bidding and shall obtain approval of all invitations for bids from the Director, CCC-OD.

2. Invitations for bids shall be posted on FAS' Web site and a commercially available news wire service.

3. Freight invitations for bids shall include specified procedures for payment of freight, including the party responsible for the freight payments, and expressly require that:
   (i) Offers include a contract canceling date no later than the last contract layday specified in the invitation for bids;
   (ii) Offered rates be quoted in U.S. dollars per metric ton;
   (iii) If destination bagging or transportation to a point beyond the discharge port is required, the offer separately state the total rate and the portion thereof attributable to the ocean segment of the movement;
   (iv) Any non-liner U.S. flag vessel 15 years or older offer, in addition to any other offered rate, a one-way rate applicable in the event the vessel is scrapped or transferred to foreign flag registry prior to the end of the return voyage to the United States;
   (v) In the case of packaged commodities, uniform, U.S. flag carriers specify whether delivery will be direct breakbulk shipment, container shipment, or breakbulk transshipment and identify whether transshipment (including container relays) will be via U.S. or foreign flag vessel;
   (vi) Vessels offered subject to Maritime Administration approval will not be accepted; and
   (vii) Offers be received by a specified closing time, which must be the same for both U.S. and non-U.S. flag vessels.

4. In the case of shipments of bulk commodities and non-liner shipments of packaged commodities, the Cooperating Sponsor shall open offers in public in the United States at the time and place specified in the invitation for bids and consider only offers that are responsive to the invitation for bids without negotiation. Late offers shall not be considered or accepted.

5. All responsive offers received for both U.S. flag and foreign flag service shall be presented to KCCO which will determine the extent to which U.S.-flag vessels will be used.

6. The Cooperating Sponsor shall promptly furnish the Director, CCC-OD, or other official specified in the Program Agreement, copies of all offers received with the time of receipt indicated thereon. The Director, CCC-OD, or other official specified in the Program Agreement, will approve all

(g) Funds advanced shall be deposited in an interest bearing account until expended. Interest earned on advance of funds must be returned to FAS.

(h) The Cooperating Sponsor shall return to FAS any funds not obligated as of the 180th day after being advanced, together with interest earned on such unexpended funds. Funds and interest shall be returned within 30 days of such date.

(i) The Cooperating Sponsor shall, not later than 10 days after the end of each calendar quarter, submit a financial statement to the Director, PPDED, accounting for all funds advanced and all interest earned.

(j) FAS will pay all other costs for which it is obligated under the Program Agreement by reimbursement. However, FAS will not pay any cost incurred after the final date specified in the Program Agreement.

(k) Program income may be used to further eligible activity objectives.
vessel fixtures. The Cooperating Sponsor may fix vessels subject to the required approval; however, the Cooperating Sponsor shall not confirm a vessel fixture until advised of the required approval and the results of the Maritime Administration’s guideline rate review. The Cooperating Sponsor shall not request guideline rate advice from the Maritime Administration.

(7) Non-Vessel Operating Common Carriers may not be employed to carry shipments on either U.S. or foreign-flag vessels.

(8) The Cooperating Sponsor shall promptly furnish the Director CCC-OD, a copy of the signed laytime statement and statement of facts at the discharge port.

(c) Shipping agents. (1) The Cooperating Sponsor may appoint a shipping agent to assist in the procurement of ocean transportation. The Cooperating Sponsor shall nominate the shipping agent in writing to the Deputy Administrator, Room 4077–S, Foreign Agricultural Service, U.S. Department of Agriculture, Washington, DC 20250–1031, and include a copy of the proposed agency agreement. The Cooperating Sponsor shall specify the time period of the nomination.

(2) The shipping agent so nominated shall submit the information and certifications required by 7 CFR 17.4 to the Deputy Administrator.

(3) A person may not act as a shipping agent for a Cooperating Sponsor unless the Deputy Administrator has notified the Cooperating Sponsor in writing that the nomination is accepted.

(d) Commissions. (1) When any portion of the ocean freight is paid by FAS, total commissions earned on U.S. and foreign flag bookings by all parties arranging vessel fixtures, shall not exceed 2½ percent of the total freight costs.

(2) Address commissions are prohibited.

(e) Contract terms. When FAS is paying any portion of the ocean freight, charter parties and liner booking contracts must conform to the following requirements, as applicable:

(1) Packaged commodities on liner vessels shall be shipped on the basis of full berth terms with no demurrage or despatch;

(2) Shipments of bulk liquid commodities may be contracted in accordance with trade custom. Other bulk commodities, including shipments that require bagging or stacking for the account of the vessel, shall be shipped on the basis of vessel load, free out, with demurrage and despatch applicable at load and discharge ports; except that, if bulk commodities require further inland distribution, they shall be shipped on the basis of vessel load with demurrage and despatch at load and berth terms discharge, i.e., no demurrage, despatch, or detention at discharge. Demurrage and despatch shall be settled between the ocean carrier and commodity suppliers at load port and between the ocean carrier and charterers at discharge ports. FAS is not responsible for resolving disputes involving the calculation of laytime or the payment of demurrage or despatch.

(3) If the Program Agreement requires the Cooperating Sponsor to arrange an irrevocable letter of credit for ocean freight, the Cooperating Sponsor shall be liable for detention of the vessel for loading delays attributable solely to the decision of the ocean carrier not to commence loading because of the failure of the Cooperating Sponsor to establish such letter of credit. Charter parties and liner booking contracts may not contain a specified detention rate. The ocean carrier shall be entitled to reimbursement, as damages for detention for all time so lost, for each calendar day or any part of the calendar day, including Saturdays, Sundays and holidays. The period of such delay shall not commence earlier than upon presentation of the vessel at the designated loading port within the laydays specified in the charter party or liner booking contract, and upon notification of the vessel’s readiness to load in accordance with the terms of the applicable charter party or liner booking contract. The period of such delay shall end at the time that operable irrevocable letters of credit have been established for ocean freight or the time the vessel begins loading, whichever is earlier. Time calculated as detention shall not count as
§ 1599.7

laytime. Reimbursement for such detention shall be payable no later than upon the vessel's arrival at the first port of discharge.

(4) Charges including, but not limited to charges for inspection, fumigation, and carrying charges, attributable to the failure of the vessel to present before the canceling date will be for the account of the ocean carrier.

(5) 100% of ocean freight is earned and payable under a charter party when the vessel and cargo arrive at the first port of discharge. Provided, that if a force majeure prevents the vessel's arrival at the first port of discharge, 100% of the ocean freight is payable, and provided further, that if the charter party provides for completing additional requirements after discharge such as bagging, stacking, or inland transportation, not more than 85% of the ocean freight is earned and payable at the time the Associate Administrator determines that such force majeure was the cause of nonarrival; and

(6) When the ocean carrier offers delivery to destination ports on U.S.-flag vessels, but foreign-flag vessels are used for any part of the voyage to the destination port without first obtaining the approval of the Cooperating Sponsor, KCCO, and any other approval that may be required by the Program Agreement, the ocean freight rate will be reduced to the lowest responsive foreign-flag vessel rate offered in response to the same invitation for bids and the carrier agrees to pay FAS the difference between the contracted ocean freight rate and the freight rate offered by such foreign-flag vessel.

(f) Coordination between FAS and the Cooperating Sponsor. When a Program Agreement specifies that the Cooperating Sponsor will arrange ocean transportation:

(1) FAS will provide that KCCO furnishes the Cooperating Sponsor, or its agent, a Notice of Commodity Availability (Form FAS–512) which will specify the receiving country, commodity, quantity, and date at U.S. port or intermodal delivery point.

(2) The Cooperating Sponsor shall complete the Form FAS–512 indicating name of steamship company, vessel name, vessel flag and estimated time of arrival at U.S. port; and shall sign and return the completed form to KCCO, with a copy to the Director, CCC-OD. If FAS agrees to pay any part of the ocean transportation for liner cargoes, the Cooperating Sponsor shall also indicate on the Form FAS–512 the applicable Federal Maritime Commission tariff rate, and tariff identification.

(3) FAS will arrange for KCCO to issue instructions to have the commodity delivered f.a.s. or f.o.b. vessel, U.S. port of export or intermodal delivery point, consigned to the Cooperating Sponsor.

(g) Documents required for payment of freight—(1) General rule. To receive payment for ocean freight, the Cooperating Sponsor shall submit the following documents to the Director, CCC-OD:

(i) One signed copy of completed Form FAS–512;

(ii) Four copies of the original onboard bills of lading indicating the freight rate and signed by the originating carrier;

(iii) For all non-containerized grain cargoes:

(A) One signed copy of the Federal Grain Inspection Service (FGIS) Official Stowage Examination Certificate (Vessel Hold Certificate);

(B) One signed copy of the National Cargo Bureau Certificate of Readiness (Vessel Hold Inspection Certificate); and

(C) One signed copy of the National Cargo Bureau Certificate of Loading;

(iv) For all containerized grain and grain product cargoes, one copy of the FGIS Container Condition Inspection Certificate;

(v) One signed copy of liner booking note or charter party covering ocean transportation of cargo;

(vi) For charter shipments, a signed notice of arrival at first discharge port submitted by the Cooperating Sponsor;

(vii) For all liner cargoes, a copy of the tariff page;

(viii) Four copies of either:

(A) A request by the Cooperating Sponsor for reimbursement of ocean freight or ocean freight differential indicating the amount due, and accompanied by a certification from the ocean carrier that payment has been
received from the Cooperating Sponsor; or
(B) A request for direct payment to
the ocean carrier, indicating amount
due; or
(C) A request for direct payment of
ocean freight differential to the ocean
carrier accompanied by a certification
from the carrier that payment of the
Cooperating Sponsor’s portion of the
ocean freight has been received.
(ix) Each request to FAS for payment
must provide a document, on letter-
head and signed by an official or agent
of the requester, the name of the entity
to receive payment, the bank ABA
number to which payment is to be
made; the account number for the de-
posit at the bank; the requester’s tax-
payer identification number; and the
type of the account into which funds
will be deposited.
(2) In cases of force majeure. To receive
payment in cases where the Associate
Administrator determines that cir-
cumstances of force majeure have pre-
vented the vessel’s arrival at the first
port of discharge, the Cooperating
Sponsor shall submit all documents re-
quired by paragraph (g)(1) of this sec-
tion except for the notice of arrival re-
quired by paragraph (g)(1)(vi) of this
section.
(h) FAS payment of ocean freight or
ocean freight differential—(1) General
rule. FAS will pay, not later than 30
days after receipt in good order of the
required documentation, 100 percent of
either the ocean freight or the ocean
freight differential, whichever is speci-
fied in the Program Agreement.
(2) Additional requirements after dis-
charge. Where the charter party or
liner booking note provide for the com-
pletion of additional services after dis-
charge, such as bagging, stacking or in-
land transportation, FAS will pay, not
later than 30 days after receipt in good
order of the required documentation,
either not more than 85 percent of the
total freight charges or 100 percent of
the ocean freight differential, whichever
is specified in the Program Agree-
ment. FAS will pay the remaining bal-
ance, if any, of the freight charges not
later than 30 days after receipt of noti-
fication from the Cooperating Sponsor
that such additional services have been
provided; except that FAS will not pay
any remaining balance where the Asso-
ciate Administrator determines that
the vessel’s arrival at first port of dis-
charge was prevented by force majeure.
(3) No demurrage. FAS will not pay
demurrage.
§ 1599.8 Who arranges for entry and
handling in the foreign country?
(a) The Cooperating Sponsor shall
make all necessary arrangements for
receiving the commodities in the re-
cipient country, including obtaining
appropriate approvals for entry and
transit. The Cooperating Sponsor shall
store and maintain the commodities
from time of delivery at port of entry
or point of receipt from originating
carrier in good condition until their
distribution, sale or barter.
(b) When FAS has agreed to pay costs
of transporting, storing, and distrib-
uting commodities from designated
points of entry or ports of entry, the
Cooperating Sponsor shall arrange for
such services, by through bill of lading,
or by contracting directly with sup-
pliers of services, as FAS may approve.
If the Cooperating Sponsor contracts
directly with the suppliers of such
services, the Cooperating Sponsor may
seek reimbursement by submitting
documentation to FAS indicating ac-
tual costs incurred. All supporting doc-
umentation must be sent to the Direc-
tor, CCC-OD. FAS, at its option, will
reimburse the Cooperating Sponsor for
the cost of such services in U.S. dollars
at the exchange rate in effect on the
date of payment by FAS, or in foreign
currency.
§ 1599.9 What are the restrictions on
commodity use and distribution?
(a) The Cooperating Sponsor may use
the commodities provided only in ac-
cordance with the terms of the Pro-
gram Agreement.
(b) In the event that its participation
in the program terminates, the non-
governmental Cooperating Sponsor
will safeguard any undistributed com-
modities and sales proceeds and dispose
of such commodities and proceeds as
directed by FAS.
§ 1599.10 Are there special requirements for agreements between Cooperating Sponsor and Recipient Agencies?

(a) The Cooperating Sponsor shall enter into a written agreement with a recipient agency prior to the transfer of any commodities, sale proceeds or program income to the recipient agency. Copies of such agreements shall be provided to the Agricultural Counselor or Attache, and the Director, PPDED. Such agreements shall require the recipient agency to pay the Cooperating Sponsor the value of any commodities, sale proceeds or program income that are used for purposes not expressly permitted under the Program Agreement, or that are lost, damaged, or misused as a result of the recipient agency's failure to exercise reasonable care;

(b) FAS may waive the requirements of paragraph (a) of this section where it determines that such an agreement is not feasible or appropriate.

§ 1599.11 What procedures apply to sales and barter of commodities provided and the use of proceeds?

(a) Commodities may be sold or bartered without the prior approval of FAS where damage has rendered the commodities unfit for intended program purposes and sale or barter is necessary to mitigate loss of value.

(b) A Cooperating Sponsor may, but is not required to, negotiate an agreement with the host government under which the commodities imported for a sale or barter may be imported, sold, or bartered without assessment of duties or taxes. In such cases and where the commodities are sold, they shall be sold at prices reflecting prevailing local market value.

(c) The Cooperating Sponsor shall deposit all sale proceeds into an interest-bearing account unless prohibited by the laws or customs of the importing country or FAS determines that to do so would constitute an undue burden. Interest earned on such deposits shall only be used for approved activities.

(d) Except as otherwise provided in this part, the Cooperating Sponsor may use sale proceeds and resulting interest only for those purposes approved in the applicable Plan of Operation.

(e) FAS will approve the use of sale proceeds and interest to purchase real and personal property where local law permits the Cooperating Sponsor to retain title to such property, but will not approve the use of sale proceeds or interest to pay for the acquisition, development, construction, alteration or upgrade of real property that is:

(1) Owned or managed by a church or other organization engaged exclusively in religious activity, or

(2) Used in whole or in part for sectarian purposes; except that, a Cooperating Sponsor may use such sale proceeds or interest to pay for repairs or rehabilitation of a structure located on such real property to the extent necessary to avoid spoilage or loss of provided commodities but only if such structure is not used in whole or in part for any religious or sectarian purposes while the provided commodities are stored in such structure. When not approved in the Plan of Operation, such use may be approved by the Agricultural Counselor or Attache.

(f) The Cooperating Sponsor shall follow commercially reasonable practices in procuring goods and services and when engaging in construction activity in accordance with the approved Plan of Operation. Such practices shall include procedures to prevent fraud, self-dealing and conflicts of interest, and shall foster free and open competition to the maximum extent practicable.

(g) To the extent required by the Program Agreement, the Cooperating Sponsor shall submit to the Director, PPDED, an inventory of all assets acquired with sale proceeds or interest or program income. In the event that its participation in the program terminates, the Cooperating Sponsor shall dispose, at the direction of the Director, PPDED, of any property, real or personal, so acquired.

§ 1599.12 What procedures apply to the processing, packaging and labeling of commodities in the foreign country?

(a) Cooperating Sponsors may arrange for the processing of commodities provided under the Program Agreement, or for packaging or repackaging prior to distribution. When a third party provides such processing,
packaging or repackaging, the Cooperating Sponsor shall enter into a written agreement requiring that the provider of such services maintain adequate records to account for all commodities delivered and submit periodic reports to the Cooperating Sponsor. The Cooperating Sponsor shall submit a copy of the executed agreement to the Agricultural Counselor or Attache.

(b) If, prior to distribution, the Cooperating Sponsor arranges for packaging or repackaging commodities, the packaging shall be plainly labeled in the language of the country in which the commodities are to be distributed with the name of the commodity and, except where the commodities are to be sold or bartered after processing, to indicate that the commodity is furnished by the people of the United States of America and not to be sold or exchanged. If the commodities are not packaged, the Cooperating Sponsor shall, to the extent practicable, display banners, posters or other media containing the information prescribed in this paragraph.

(c) FAS will reimburse Cooperating Sponsors that are nonprofit private voluntary organizations or cooperatives for expenses incurred for repackaging if the packages of commodities are discharged from the vessel in damaged condition, and are repackaged to ensure that the commodities arrive at the distribution point in wholesome condition. No prior approval is required for such expenses equaling $500 or less. If such expense is estimated to exceed $500, the authority to repack and incur such expense must be approved by the Agricultural Counselor or Attache in advance of repackaging.

§ 1599.13 How does the Cooperating Sponsor dispose of commodities unfit for authorized use?

(a) Prior to delivery to Cooperating Sponsor at discharge port or point of entry, if the commodity is damaged prior to delivery to a governmental Cooperating Sponsor at discharge port or point of entry overseas, the Agricultural Counselor or Attache will immediately arrange for inspection by a public health official or other competent authority. If the commodity is damaged prior to delivery to a nongovernmental Cooperating Sponsor at the discharge port or point of entry, the nongovernmental Cooperating Sponsor shall arrange for such inspection. If inspection discloses the commodity to be unfit for the use authorized in the Program Agreement, the Agricultural Counselor or Attache or the nongovernmental Cooperating Sponsor shall dispose of the commodities in accordance with the priority set forth in paragraph (b) of this section. Expenses incidental to the handling and disposition of the damaged commodity will be paid by FAS from the sale proceeds or from an appropriate FAS account designated by FAS. The net proceeds of sales shall be deposited with the U.S. Disbursing Officer, American Embassy, in an account designated by FAS; however, if the commodities are provided for a sales program, the net sale proceeds, net of expenses incidental to handling and disposition of the damaged commodity, shall be deposited to the special account established for sale proceeds. The Cooperating Sponsor shall consult with FAS regarding the inspection and disposition of commodities and accounting for sale proceeds in the event the Cooperating Sponsor executed a sales agreement under which title passed to the purchaser prior to delivery to the Cooperating Sponsor.

(b) After delivery to Cooperating Sponsor.

(1) If after arrival in a foreign country and after delivery to a Cooperating Sponsor, it appears that the commodity, or any part thereof, may be unfit for the use authorized in the Program Agreement, the Cooperating Sponsor shall immediately arrange for inspection of the commodity by a public health official or other competent authority approved by the Agricultural Counselor or Attache. If no competent local authority is available, the Agricultural Counselor or Attache may determine whether the commodities are unfit for the use authorized in the Program Agreement and, if so, may direct disposal in accordance with this paragraph. The Cooperating Sponsor shall arrange for the recovery of that portion of the commodities designated during the inspection as suitable for authorized use. If, upon inspection, the
§ 1599.14 How is liability established for loss, damage, or improper distribution of commodities?

(a) Fault of Cooperating Sponsor prior to loading on ocean vessel. The Cooperating Sponsor shall immediately notify KCCO, Chief, Export Operations Division if the Cooperating Sponsor will not have a vessel for loading at the U.S. port of export in accordance with the agreed shipping schedule. FAS will determine whether the commodity will be: Moved to another available outlet; stored at the port for delivery to the Cooperating Sponsor when a vessel is available for loading; or disposed of as FAS may deem proper. The Cooperating Sponsor shall take such action as directed by FAS and shall reimburse FAS for expenses incurred if FAS determines that the expenses were incurred because of the fault or negligence of the Cooperating Sponsor.

(b) Fault of others prior to loading on ocean vessel. The Cooperating Sponsor shall immediately notify the Chief, Debt Management Office, KCMO/DMD, when any damage or loss to the commodity occurs that is attributable to a warehouseman, carrier, or other person between the time title is transferred to a Cooperating Sponsor and the time the commodity is loaded on board vessel at the designated port of export. The Cooperating Sponsor shall promptly assign to CCC any rights to claims which may arise as a result of such loss or damage and shall promptly forward
Foreign Agricultural Service, USDA

§ 1599.14

to CCC all documents pertaining there- 
to. CCC shall have the right to initiate 
claims, and retain the proceeds of all 
claims, for such loss or damage.

c) Survey and outturn reports related 
to claims against ocean carriers. (1) If the 
Program Agreement provides that CCC 
will arrange for an independent cargo 
surveyor to attend the discharge of the 
cargo, CCC will require the surveyor to 
provide a copy of the report to the Co- 
operating Sponsor.

(2)(i) If the Cooperating Sponsor ar- 
ranges for an independent cargo sur- 
veyor, the Cooperating Sponsor shall 
forward to the Chief, Debt Management 
Office, KCMO/DMD, any narrative 
chronology or other commentary it can 
provide to assist in the adjudication of 
ocean transportation claims and shall 
prepare such a narrative in any case 
where the loss is estimated to be in ex- 
cess of $5,000.00. The Cooperating Spon- 
or may, at its option, also engage the 
independent surveyor to supervise 
clearance and delivery of the cargo 
from customs or port areas to the Co- 
operating Sponsor or its agent and to 
issue delivery survey reports thereon.

(ii) In the event of cargo loss and 
damage, the Cooperating Sponsor shall 
provide to the Chief, Debt Management 
Office, KCMO/DMD, the names and ad- 
dresses of individuals who were present 
at the time of discharge and during 
survey and who can verify the quantity 
lost or damaged. For bulk grain ship- 
ments, in those cases where the Co- 
operating Sponsor is responsible for 
survey and outturn reports, the Co- 
operating Sponsor shall obtain the 
services of an independent surveyor to:

(A) Observe the discharge of the 
cargo;

(B) Report on discharging methods 
including scale type, calibrations and 
any other factor which may affect the 
accuracy of scale weights, and, if scales 
are not used, state the reason therefore 
and describe the actual method used to 
determine weights;

(C) Estimate the quantity of cargo, if 
any, lost during discharge through car- 
rrier negligence;

(D) Advise on the quality of 
sweepings;

(E) Obtain copies of port or vessel 
records, if possible, showing quantity 
discharged;

(F) Provide immediate notification 
to the Cooperating Sponsor if addi- 
tional services are necessary to protect 
cargo interests or if the surveyor has 
reason to believe that the correct 
quantity was not discharged; and

(G) In the case of shipments arriving 
in container vans, list the container 
van numbers and seal numbers shown 
on the container vans, and indicate 
whether the seals were intact at the 
time the container vans were opened, 
and whether the container vans were in 
any way damaged. To the extent pos- 
sible, the independent surveyor should 
observe discharge of container vans 
from the vessel to ascertain whether 
any damage to the container van oc- 
curred and arrange for surveying as 
container vans are opened.

(iii) Cooperating Sponsors shall send 
copies to KCMO/DMD, Chief, Debt Man-
agement Office of all reports and docu-
ments pertaining to the discharge of 
commodities.

(iv) FAS will reimburse the Cooper-
ating Sponsor for costs incurred upon 
receipt of the survey report and the 
surveyor’s invoice or other documents 
that establish the survey cost. FAS 
will not reimburse a Cooperating Spon-
or for the costs of a delivery survey 
unless the surveyor also prepares a dis-
charge survey, or for any other survey 
otaken contemporaneously with the 
discharge of the vessel, unless FAS de-
termines that such action was justified 
in the circumstances.

(3) Survey contracts shall be let on a 
competitive bid basis unless FAS de-
termines that the use of competitive 
bids would not be practicable. FAS 
may preclude the use of certain sur-
veyors because of conflicts of interest 
or lack of demonstrated capability to 
properly carry out surveying respon-
sibilities.

(4) If practicable, all surveys shall be 
conducted jointly by the surveyor, the 
consignee, and the ocean carrier, and 
the survey report shall be signed by all 
parties.

(d) Ocean carrier loss and damage. (1) 
Notwithstanding transfer of title, CCC 
shall have the right to file, pursue, and 
retain the proceeds of collection from 
claims arising from ocean transpor-
tation cargo loss and damage arising
out of shipments of commodities provided to governmental Cooperating Sponsors; however, when the Cooperating Sponsor pays the ocean freight or a portion thereof, it shall be entitled to pro rata reimbursement received from any claims related to ocean freight charged. FAS will pay general average contributions for all valid general average incidents which may arise from the movement of commodity to the destination ports. CCC shall receive and retain all allowances in general average.

(2) Nongovernmental Cooperating Sponsors shall: File notice with the ocean carrier immediately upon discovery of any cargo loss or damage, promptly initiate claims against the ocean carriers for such loss and damage, take all necessary action to obtain restitution for losses, and provide CCC copies of all such claims. Notwithstanding the preceding sentence, the nongovernmental Cooperating Sponsor need not file a claim when the cargo loss is less than $100, or in any case when the loss is between $100 and $300 and the nongovernmental Cooperating Sponsor determines that the cost of filing and collecting the claim will exceed the amount of the claim. The nongovernmental Cooperating Sponsor shall transmit to KCMO/DMD, Chief, Debt Management Office information and documentation on such lost or damaged shipments when no claim is to be filed. In the event of a declaration of General Average:

(i) The Cooperating sponsor shall assign all claim rights to CCC and shall provide CCC all documentation relating to the claim, if applicable;

(ii) CCC shall be responsible for settling general average and marine salvage claims;

(iii) FAS has sole authority to authorize any dispositions of commodities which have not commenced ocean transit or of which the ocean transit is interrupted;

(iv) FAS will receive and retain any monetary proceeds resulting from such disposition;

(v) CCC will initiate, prosecute, and retain all proceeds of cargo loss and damage against ocean carriers and any allowance in general average; and

(vi) FAS will pay any general average or marine salvage claims determined to be due.

(3) Amounts collected by nongovernmental Cooperating Sponsors on claims against ocean carriers which are less than $200 may be retained by the nongovernmental Cooperating Sponsor. On claims involving loss or damage of $200 or more, nongovernmental Cooperating Sponsors may retain from collections received by them, either $200 plus 10 percent of the difference between $200 and the total amount collected on the claim, up to a maximum of $500, or the actual administrative expenses incurred in collection of the claim, provided retention of such administrative expenses is approved by CCC. Allowable collection costs shall not include attorneys fees, fees of collection agencies, and similar costs. In no event will FAS pay collection costs in excess of the amount collected on the claim.

(4) A nongovernmental Cooperating Sponsor also may retain from claim recoveries remaining after allowable deductions for administrative expenses of collection, the amount of any special charges, such as handling and packing costs, which the nongovernmental Cooperating Sponsor has incurred on the lost or damaged commodity and which are included in the claims and paid by the liable party.

(5) A nongovernmental Cooperating Sponsor may redetermine claims on the basis of additional documentation or information not considered when the claims were originally filed when such documentation or information clearly changes the ocean carrier’s liability. Approval of such changes by FAS is not required regardless of amount. However, copies of redetermined claims and supporting documentation or information shall be furnished to FAS.

(6) A nongovernmental Cooperating Sponsor may negotiate compromise settlements of claims of any amount, provided that proposed compromise settlements of claims having a value of $5,000 or more shall require prior approval in writing by FAS. When a claim is compromised, a nongovernmental Cooperating Sponsor may retain from the amount collected, the amounts authorized in paragraph (d)(3) of this section, and in addition, an
amount representing such percentage of the special charges described in paragraph (d)(4) of this section as compromised amount is to the full amount of the claim. When a claim is less than $600, a nongovernmental Cooperating Sponsor may terminate collection activity when it is determined that pursuit of such claims will not be economically sound. Approval for such termination by FAS is not required; however, the nongovernmental Cooperating Sponsor shall notify KCMO/DMD, Chief, Debt Management Division when collection activity on a claim is terminated.

(7) All amounts collected in excess of the amounts authorized in this section to be retained shall be remitted to CCC. For the purpose of determining the amount to be retained by a nongovernmental Cooperating Sponsor from the proceeds of claims filed against ocean carriers, the word “claim” shall refer to the loss and damage to commodities which are shipped on the same voyage of the same vessel to the same port destination, irrespective of the kinds of commodities shipped or the number of different bills of lading issued by the carrier.

(8) If a nongovernmental Cooperating Sponsor is unable to effect collection of a claim or negotiate an acceptable compromise settlement within the applicable period of limitation or any extension thereof granted in writing by the party alleged responsible for the damage, the nongovernmental Cooperating Sponsor shall assign its rights to the claim to CCC in sufficient time to permit the filing of legal action prior to the expiration of the period of limitation or any extension thereof. Generally, a nongovernmental Cooperating Sponsor should assign claim rights to CCC no later than 60 days prior to the expiration of the period of limitation or any extension thereof. In all cases, a nongovernmental Cooperating Sponsor shall keep CCC informed of the progress of its collection efforts and shall promptly assign their claim rights to CCC upon request. Subsequently, if CCC collects on or settles the claim, CCC shall, except as indicated in this paragraph, pay to a nongovernmental Cooperating Sponsor the amount to which it would have been entitled had it collected on the claim. The additional 10 percent on amounts collected in excess of $200 will be payable, however, only if CCC determines that reasonable efforts were made to collect the claim prior to the assignment, or if payment is determined to be commensurate with the extra efforts exerted in further documenting the claim. If documentation requirements have not been fulfilled and the lack of such documentation has not been justified to the satisfaction of CCC, CCC will deny payment of all allowances to the nongovernmental Cooperating Sponsor.

(9) When a nongovernmental Cooperating Sponsor permits a claim to become time-barred, or fails to take timely actions to insure the right of CCC to assert such claims, and CCC determines that the nongovernmental Cooperating Sponsor failed to properly exercise its responsibilities under the Agreement, the nongovernmental Cooperating Sponsor shall be liable to the United States for the cost and freight value of the commodities lost to the program.

(e) Fault of Cooperating Sponsor in country of distribution. If a commodity, sale proceeds or program income is used for a purpose not permitted by the Program Agreement, or if a Cooperating Sponsor causes loss or damage to a commodity, sale proceeds, or program income through any act or omission or failure to provide proper storage, care and handling, FAS may require the Cooperating Sponsor to pay to the United States the value of the commodities, sale proceeds or program income lost, damaged or misused, or undertake other remedies FAS deems appropriate. FAS will consider normal commercial practices in the country of distribution in determining whether there was a proper exercise of the Cooperating Sponsor's responsibility. Payment by the Cooperating Sponsor shall be made in accordance with paragraph (g) of this section.

(f) Fault of others in country of distribution and in intermediate country. (1) In addition to survey or outturn reports to determine ocean carrier loss and damage, the Cooperating Sponsor
§ 1599.14  7 CFR Ch. XV (1–1–09 Edition)

shall, in the case of landlocked countries, arrange for an independent survey at the point of entry into the recipient country and make a report as set forth in paragraph (c)(1) of this section. FAS will reimburse the Cooperating Sponsor for the costs of survey as set forth in paragraph (c)(2)(iv) of this section.

(2) Where any damage to or loss of the commodity or any loss of sale proceeds or program income is attributable to a warehouseman, carrier or other person, the Cooperating Sponsor shall make every reasonable effort to pursue collection of claims for such loss or damage. The Cooperating Sponsor shall furnish a copy of the claim and related documents to the Agricultural Counselor or Attache. Cooperating Sponsors who fail to file or pursue such claims shall be liable to FAS for the value of the commodities or sale proceeds or program income lost, damaged, or misused: Provided, however, that the Cooperating Sponsor may elect not to file a claim if the loss is less than $500. The Cooperating Sponsor may retain $150 of any amount collected on an individual claim. In addition, Cooperating Sponsors may, with the written approval of the Agricultural Counselor or Attache, retain amounts to cover special costs of collection such as legal fees, or pay such collection costs with sale proceeds or program income. Any proposed settlement for less than the full amount of the claim requires prior approval by the Agricultural Counselor or Attache. When the Cooperating Sponsor has exhausted all reasonable attempts to collect a claim, it shall request the Agricultural Counselor or Attache to provide further instructions.

(3) The Cooperating Sponsor shall pursue any claim by initial billings and at least three subsequent demands at not more than 30 day intervals. If these efforts fail to elicit a satisfactory response, the cooperating sponsor shall pursue legal action in the judicial system of the country unless otherwise agreed by the Agricultural Counselor or Attache. The Cooperating Sponsors must inform the Agricultural Counselor or Attache in writing of the reasons for not pursuing legal action; and the Agricultural Counselor or Attache may require the Cooperating Sponsor to obtain the opinion of competent legal counsel to support its decision prior to granting approval. If the Agricultural Counselor or Attache approves a Cooperating Sponsor’s decision not to take further action on the claim, the Cooperating Sponsor shall assign the claim to CCC and shall forward all documentation relating to the claim to CCC.

(4) As an alternative to legal action in the judicial system of the country with regard to claims against a public entity of the government of the cooperating country, the Cooperating Sponsor and the cooperating country may agree in writing to settle disputed claims by an appropriate administrative procedure or arbitration.

(g) Determination of value. The Cooperating Sponsor shall determine the value of commodities misused, lost or damaged on the basis of the domestic market price at the time and place the misuse, loss or damage occurred. When it is not feasible to determine such market price, the value shall be the f.o.b. or f.a.s. commercial export price of the commodity at the time and place of export, plus ocean freight charges and other costs incurred by the U.S. Government in making delivery to the Cooperating Sponsor. When the value is determined on a cost basis, the Cooperating Sponsor may add to the value any provable costs it has incurred prior to delivery by the ocean carrier. In preparing the claim statement, these costs shall be clearly segregated from costs incurred by the Government of the United States. With respect to claims other than ocean carrier loss or damage claims, the Cooperating Sponsor may request the Agricultural Counselor or Attache to approve a commercially reasonable alternative basis to value the claim.

(h) Reporting losses to the Agricultural Counselor or Attache or FAS designated representative. (1) The Cooperating Sponsor shall promptly notify the Agricultural Counselor or Attache or FAS designated representative, in writing, of the circumstances pertaining to any loss, damage, or misuse of commodities valued at $500 or more occurring within the country of distribution or intermediate country. The report shall be
made as soon as the Cooperating Sponsor has adequately investigated the circumstances, but in no event more than ninety days from the date the loss became known to the Cooperating Sponsor. The report shall identify the party in possession of the commodities and the party responsible for the loss, damage or misuse; the kind and quantities of commodities; the size and type of containers; the time and place of misuse, loss, or damage; the current location of the commodity; the Program Agreement number, the procurement contract numbers, or if unknown, other identifying numbers printed on the commodity containers; the action taken by the Cooperating Sponsor with respect to recovery or disposal; and the estimated value of the commodity. The report shall explain why any of the above-required information can not be provided. The Cooperating Sponsor shall also report the details regarding any loss or misuse of sale proceeds or program income.

(2) The Cooperating Sponsor shall report quarterly to the Agricultural Counselor or Attache any loss, damage to or misuse of commodities resulting in loss of less than $500. The Cooperating Sponsor shall inform the Agricultural Counselor or Attache or FAS designated representative if it has reason to believe there is a pattern or trend in the loss, damage, or misuse of such commodities and submit a report as described in paragraph (h)(1) of this section, together with any other relevant information the Cooperating Sponsor has available to it. The Agricultural Counselor or Attache may require additional information about any commodities lost, damaged or misused.

(i) Handling claims proceeds. Claims against ocean carriers shall be collected in U.S. dollars (or in the currency in which freight is paid) and shall be remitted (less amounts authorized to be retained) by Cooperating Sponsors to CCC. Claims against Cooperating Sponsors shall be paid to CCC in U.S. dollars. With respect to commodities lost, damaged or misused, amounts paid by Cooperating Sponsors and third parties in the country of distribution shall be deposited with the U.S. Disbursing Officer, American Embassy, preferably in U.S. dollars with instructions to credit the deposit to an account as determined by FAS, or in local currency at the highest rate of exchange legally obtainable on the date of deposit with instructions to credit the deposit to an FAS account as determined by FAS. With respect to sale proceeds and program income, amounts recovered may be deposited in the same account as the sale proceeds and may be used for purposes of the program.

§ 1599.15 Are there special record keeping and reporting requirements?

(a) Records and reports—general requirements. The Cooperating Sponsor shall maintain records for a period of three (3) years from the final date specified in the program agreement. FAS may, at reasonable times, inspect the Cooperating Sponsor's records pertaining to the receipt and use of the commodities and proceeds realized from the sale of the commodities, and have access to the Cooperating Sponsor's commodity storage and distribution sites and to locations of activities supported with proceeds realized from the sale of the commodities.

(b) Evidence of export. The Cooperating Sponsor's freight forwarder shall, within thirty (30) days after export, submit evidence of export of the agricultural commodities to the Chief, Export Operations Division, KCCO. If export is by sea or air, the Cooperating Sponsor's freight forwarder shall submit five copies of the carrier's on board bill of lading or consignee's receipt authenticated by a representative of the U.S. Customs Service. The evidence of export must show the kind and quantity of agricultural commodities exported, the date of export, and the destination country.

(c) Reports. (1) The Cooperating Sponsor shall submit a semiannual logistics report to the Agricultural Counselor or Attache and to the Director, PPDED, FAS/USDA, Washington, DC 20250-1034, covering the receipt of commodities. Cooperating sponsors must submit reports on Form CCC–620 and submit the first report by May 16 for agreements signed during the period, October 1 through March 31, or by November 16
§ 1599.16 What are the Cooperating Sponsor's audit requirements?

Non-governmental Cooperating Sponsors are subject to the audit requirements of OMB Circular A–133 as implemented in USDA by 7 CFR part 3052, “Audits of States, Local Governments, and Non-Profit Organizations.” The Cooperating Sponsor is also responsible for auditing the activities of recipient agencies that receive more than $25,000 of provided commodities or sale proceeds. This responsibility may be satisfied by relying upon independent audits of the recipient agency or upon a review conducted by the Cooperating Sponsor.
§ 1599.17 When may FAS suspend a program?

All or any part of the assistance provided under a Program Agreement, including commodities in transit, may be suspended by FAS if:

(a) The Cooperating Sponsor fails to comply with the provisions of the Program Agreement or this part;

(b) FAS determines that the continuation of such assistance is no longer necessary or desirable; or

(c) FAS determines that storage facilities are inadequate to prevent spoilage or waste, or that distribution of commodities will result in substantial disincentive to, or interference with, domestic production or marketing in the recipient country.

§ 1599.18 Are there sample documents and guidelines available for developing proposals and reports?

FAS has developed guidelines to assist the Cooperating Sponsors with effective reporting on program logistics and commodity sales. Cooperating Sponsors may obtain these guidelines from the Director, PPDED.

§ 1599.19 Has the Office of Management and Budget reviewed the paperwork and record keeping requirements contained in this part?

The paperwork and record keeping requirements imposed by this part have been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et. seq.). OMB has assigned control number 0051–0039 for this information collection.
