the applicant could result in the denial of its application, or if its score, while apparently sufficient to qualify for financial assistance, may be surpassed by the score awarded to a competing application after appeal, that applicant may appeal its numerical scoring. Any appeal must be based on inaccurate scoring of the application by RUS and no new information or data that was not included in the original application will be considered. The appeal must be made, in writing, within 10 days after the applicant is notified of the scoring results. Appeals shall be submitted to the Administrator, RUS, U.S. Department of Agriculture, 1400 Independence Ave., SW., STOP 1500, Washington, DC 20250–1590. Thereafter, the Administrator will review the original scoring to determine whether to sustain, reverse, or modify the original scoring determination. Final determinations will be made after consideration of all appeals. The Administrator’s determination will be final. A copy of the Administrator’s decision will be furnished promptly to the applicant.

Subpart F—Distance Learning and Telemedicine Combination Loan and Grant Program

SOURCE: 64 FR 14366, Mar. 25, 1999, unless otherwise noted.

§ 1703.130 Use of combination loan and grant.

(a) A combination loan and grant may be used by eligible organizations as defined in §1703.103 for distance learning and telemedicine projects to finance 100 percent of the cost of approved purposes contained in §1703.131 provided that no financial assistance may exceed the maximum amount for the year in which the combination loan and grant is made.

(b) Applicants must meet the minimum eligibility requirement for determining the extent to which the project serves rural areas as determined in §1703.126(b)(2) (the applicant must receive at least 20 points to be eligible to receive financial assistance under this subpart).

§ 1703.131 Approved purposes for a combination loan and grant.

The approved purposes for a combination loan and grant are:

(a) Acquiring, by lease or purchase, eligible equipment or facilities as defined in §1703.102;

(b) Acquiring instructional programming;

(c) Providing technical assistance and instruction for using eligible equipment, including any related software; developing instructional programming; providing engineering or environmental studies relating to the establishment or expansion of the phase of the project that is being financed with a combination loan and grant (this purpose shall not exceed 10 percent of the total requested financial assistance);

(d) Paying for medical or educational equipment and facilities that are shown to be necessary to implement the project, including vehicles utilizing distance learning and telemedicine technology to deliver educational and health care services. The applicant must demonstrate that such items are necessary to meet the purposes under this subpart and financial assistance for such equipment and facilities is not available from other sources at a cost which would not adversely affect the economic viability of the project;

(e) Providing links between teachers and students or medical professionals who are located at the same facility, provided that such facility receives or provides distance learning or telemedicine services as part of a distance learning or telemedicine network which meets the purposes of this subpart;

(f) Providing for site development and alteration of buildings in order to meet the purposes of this subpart. Financial assistance for this purpose must be necessary and incidental to the total amount of financial assistance requested;

(g) Purchasing of land, buildings, or building construction determined by RUS to be necessary and incidental to the project. The applicant must demonstrate that financial assistance funding from other sources is not available at a cost that does not adversely impact the economic viability of the
§ 1703.132 Nonapproved purposes for a combination loan and grant.

(a) Without limitation, a combination loan and grant made under this subpart shall not be expended:

(1) To pay salaries, wages, or employee benefits to medical or educational personnel;
(2) To pay for the salaries or administrative expenses of the applicant or the project;
(3) To purchase equipment that will be owned by the local exchange carrier or another telecommunications service provider, unless the applicant is the local exchange carrier or other telecommunications service provider;
(4) To duplicate facilities providing distance learning or telemedicine services in place or to reimburse the applicant or others for costs incurred prior to RUS' receipt of the completed application;
(5) For projects located in areas covered by the Coastal Barrier Resources Act (16 U.S.C. 3501 et seq.);
(6) For any purpose that the Administrator has not specifically approved;
(7) Except for leases (see §1703.131), to pay the cost of recurring or operating expenses for the project; or,
(8) For any other purposes not specifically outlined in §1703.131.

(b) Except as otherwise provided in §1703.112, funds shall not be used to finance a project, in part, when the success of the project is dependent upon the receipt of additional financial assistance under this subpart or is dependent upon the receipt of other funding that is not assured.

§ 1703.133 Maximum and minimum amounts.

Applications for a combination loan and grant under this subpart will be subject to limitations on the proposed amount of loans and grants. The Administrator will establish the maximum amount of loans and grants and the portion of grant funds as a percentage of total assistance for each project to be made available to an individual recipient for each fiscal year under this subpart, by publishing notice of the maximum amount in the FEDERAL REGISTER before the beginning of the fiscal year to carry out this subpart. The minimum amount of a combination loan and grant is $50,000.

§ 1703.134 Completed application.

The following items are required to be submitted to RUS in support of an application for a combination loan and grant:

(a) An application for federal assistance: A completed Standard Form 424.

(b) An executive summary of the project: The applicant must provide RUS with a general project overview that addresses each of the following 9 categories:

(1) A description of why the project is needed;
(2) An explanation of how the applicant will address the need cited in paragraph (b)(1) of this section, why the applicant requires financial assistance, the types of educational or medical services to be offered by the project, and the benefits to the rural residents;
(3) A description of the applicant, documenting eligibility in accordance with §1703.103;
(4) An explanation of the total project cost including a breakdown of the combination loan and grant required and the source of funding, if applicable, for the remainder of the project;
(5) A statement specifying whether the project provides predominantly distance learning or telemedicine services as defined in §1703.102. If the project provides both distance learning and telemedicine services, the applicant must identify the predominant use of the system;
§ 1703.134

(6) A general overview of the telecommunications system to be developed, including the types of equipment, technologies, and facilities used;

(7) A description of the participating hubs and end user sites and the number of rural residents that will be served by the project at each end user site;

(8) A certification by the applicant that facilities constructed with a combination loan and grant do not duplicate adequately established telemedicine or distance learning services;

(9) A listing of the location of each end user site (city, town, village, borough, or rural area plus the State).

(c) A scope of work. The scope of work must include, at a minimum:

(1) The specific activities to be performed under the project;

(2) Who will carry out the activities;

(3) The time-frames for accomplishing the project objectives and activities; and

(4) A budget for capital expenditures reflecting the line item costs for both the combination loan and grant and any other sources of funds for the project.

(d) Financial information. The applicant must show its financial ability to complete the project; show project feasibility; and provide evidence that it can execute a note for a loan with a maturity period greater than one year. For educational institutions participating in a project application (including all members of a consortium), the financial data must reflect revenue and expense reports and balance sheet reports, reflecting net worth, for the most recent annual reporting period preceding the date of the application. For medical institutions participating in a project application (including all members of a consortium), the financial data must include income statement and balance sheet reports, reflecting net worth, for the most recent completed fiscal year preceding the date of the application. When the applicant is a partnership, company, corporation, or other entity, current balance sheets, reflecting net worth, are needed from each of the entities that has at least a 20 percent interest in such partnership, company, corporation, or other entity. When the applicant is a consortium, a current balance sheet, reflecting net worth, is needed from each member of the consortium and from each of the entities that has at least a 20 percent interest in such member of the consortium.

(1) Applicants must include sufficient pro-forma financial data that adequately reflects the financial capability of project participants and the project as a whole to continue a sustainable project for a minimum of 10 years and repay the loan portion of the combination loan and grant. This documentation should include sources of sufficient income or revenues to pay operating expenses including telecommunications access and toll charges, system maintenance, salaries, training, and any other general operating expenses, provide for replacement of depreciable items, and show repayment of interest and principal for the loan portion of the combination loan and grant.

(2) A list of property which will be used as collateral to secure repayment of the loan. The applicant shall purchase and own collateral that secures the loan free from liens or security interests and take all actions necessary to perfect a security interest in the collateral that secures the loan. RUS considers as adequate security for a loan a guarantee by a RUS telecommunications or electric borrower or by another qualified party. Additional forms of security, including letters of credit, real estate, or any other items will be considered. RUS will determine the adequacy of the security offered.

(3) As applicable, a depreciation schedule covering all assets of the project. Those assets for which a combination loan and grant are being requested should be clearly indicated.

(4) For each hub and end user site, the applicant must identify and provide reasonable evidence of each source of revenue. If the projection relies on cost sharing arrangements among hub and end user sites, the applicant must provide evidence of agreements made among project participants.

(5) For applicants eligible under §1703.103(a)(3), an explanation of the economic analysis justifying the rate structure to ensure that the benefit, including cost saving, of the financial
assistance is passed through to the other persons receiving telemedicine or distance learning services.

(e) A statement of experience. The applicant must provide a written narrative (not exceeding three single spaced pages) describing its demonstrated capability and experience, if any, in operating an educational or health care endeavor similar to the project. Experience in a similar project is desirable but not required.

(f) A telecommunications system plan. A telecommunications system plan, consisting of the following (the items in paragraphs (f)(4) and (f)(5) of this section are required only when the applicant is requesting a combination loan and grant for telecommunications transmission facilities):

(1) The capabilities of the telecommunications terminal equipment, including a description of the specific equipment which will be used to deliver the proposed service. The applicant must document discussions with various technical sources which could include consultants, engineers, product vendors, or internal technical experts, provide detailed cost estimates for operating and maintaining the end user equipment and provide evidence that alternative equipment and technologies were evaluated.

(2) A listing of the proposed purchases or leases of telecommunications terminal equipment, telecommunications transmission facilities, data terminal equipment, interactive video equipment, computer hardware and software systems, and components that process data for transmission via telecommunications, computer network components, communication satellite ground station equipment, or any other elements of the telecommunications system designed to further the purposes of this subpart, that the applicant intends to build or fund using a combination loan and grant.

(3) A description of the consultations with the appropriate telecommunication carriers (including other interexchange carriers, cable television operators, enhanced service providers, providers of satellite services, and telecommunications equipment manufacturers and distributors) and the anticipated role of such providers in the proposed telecommunications system.

(4) Results of discussions with local exchange carriers serving the project area addressing the concerns contained in §1703.131(h).

(5) The capabilities of the telecommunications transmission facilities, including bandwidth, networking topology, switching, multiplexing, standards, and protocols for intra-networking and open systems architecture (the ability to effectively communicate with other networks). In addition, the applicant must explain the manner in which the transmission facilities will deliver the proposed services. For example, for medical diagnostics, the applicant might indicate whether or not a guest or other diagnosticians can join the network from locations off the network. For educational services, indicate whether or not all hub and end-user sites are able to simultaneously hear in real-time and see each other or the instructional material in real-time. The applicant must include detailed cost estimates for operating and maintaining the network, and include evidence that alternative delivery methods and systems were evaluated.

(g) Compliance with other Federal statutes. The applicant must provide evidence of compliance with other Federal statutes and regulations including, but not limited to the following:

(1) E.O. 11246, Equal Employment Opportunity, as amended by E.O. 11375 and as supplemented by regulations contained in 41 CFR part 60;

(2) Architectural barriers;

(3) Flood hazard area precautions;

(4) Assistance and Real Property Acquisition Policies Act of 1970;

(5) Drug-Free Workplace Act of 1998 (41 U.S.C. 701);

(6) E.O.s 12349 and 12689, Debarment and Suspension;

(b) Environmental impact and historic preservation. (1) The applicant must provide details of the project’s impact on the environment and historic preservation. Loans and grants made under this part are subject to 7 CFR part 1794 which contains RUS’ policies and procedures for implementing a variety of
§ 1703.135 Application selection provisions.

(a) A combination loan and grant will be approved based on availability of funds, the financial feasibility of the project in accordance with § 1703.134(d), the services to be provided which demonstrate that the project meets the general requirements of this subpart, the design of the project; costs; location; and other characteristics of the application.

(b) RUS will determine, from the information submitted with each application for a combination loan and grant, whether the application achieves sufficient priority, based on the criteria set forth in the 1996 Act, to receive a combination loan and grant from funds available for the fiscal year. If such priority is achieved, RUS will process the combination loan and grant application on a first-in, first-out basis, provided that the total amount of applications on-hand for combination loans and grants, if such applications were approved, exceeds 90 percent of amount of combination loan and grant funding available for the fiscal year. At such time as the total amount of applications eligible for combination loans and grants, if such applications were approved, exceeds 90 percent of amount of combination loan and grant funding available, RUS will process the remaining applications using the evaluation criteria set forth in §1703.126.

(c) RUS will not approve a combination loan and grant if RUS determines that:

1. The applicant’s proposal does not indicate financial feasibility, or will not be adequately secured in accordance with the requirements contained in §1703.134(d);

2. The applicant’s proposal indicates technical flaws, which, in the opinion of RUS, would prevent successful implementation, or operation of the project; or

3. Any other aspect of the applicant’s proposal fails to adequately address any requirements of this subpart or contains inadequacies which would, in the opinion of the Administrator, undermine the ability of the project to meet the general purpose of this subpart or comply with policies of the DLT program contained in §1703.101.

(d) RUS will provide the applicant with a statement of any determinations made with regard to paragraphs (c)(1) through (c)(3) of this section. The applicant will be provided 15 days from the date of RUS’ letter to respond, provide clarification, or make any adjustments or corrections to the project. If, in the opinion of the Administrator, the applicant fails to adequately respond to any determinations or other findings made by the Administrator, the project will not be funded, and the applicant will be notified of this determination. If the applicant does not agree with this finding, an appeal may be filed in accordance with §1703.137.
§ 1703.136 Submission of applications.

(a) RUS will accept applications for a combination loan and grant submitted by RUS telecommunications General Field representatives (GFRs), by Rural Development State Directors, or by applicants themselves. Applications for a combination loan and grant under this subpart may be filed at any time and will be evaluated as received.

(b) Applications submitted to the State Director, Rural Development, in the State serving the headquarters of the project will be evaluated as they are submitted. All applicants must submit an original and two copies of a completed application. The applicant must also submit a copy of the application to the State government point of contact, if one has been designated for the State, at the same time it submits an application to the State Director. The State Director will:

(1) Review each application for completeness in accordance with §1703.134, and notify the applicant, within 15 working days of receiving the application, of the results of this review, acknowledging a complete application, or citing any information that is incomplete. To be considered for a combination loan and grant, the applicant must submit any additional information requested to complete the application within 15 working days of the date of the State Director’s written response. If the applicant fails to submit such information, the application will be returned to the applicant.

(2) Within 30 days of the determination of a completed application in accordance with paragraph (b)(1) of this section, review the application to determine suitability for financial assistance in accordance with §1703.135, and other requirements of this subpart. Based on its review, the State Director will work with the applicant to resolve any questions or obtain any additional information. The applicant will be notified, in writing, of any additional information required to allow a financial assistance recommendation and will be provided a reasonable period of time to furnish the additional information.

(3) Based on the review in accordance with §1703.135 and other requirements of this subpart, make a preliminary determination of suitability for financial assistance. A combination loan and grant recommendation will be prepared by the State Director with concurrence of the RUS telecommunications GFR that addresses the provisions of sections §1703.134 and §1703.135 and other applicable requirements of this subpart.

(4) If the application is determined suitable for further consideration by RUS, forward an original and one copy of the application with a financial assistance recommendation, signed jointly, to the Assistant Administrator, Telecommunications Program, Rural Utilities Service, Washington, DC. The applicant will be notified by letter of this action. Upon receipt of the application from the State Director, RUS will conduct a review of the application and the financial assistance recommendation. A final determination will be made within 15 days. If the Administrator determines that a combination loan and grant can be approved, the State Director will be notified and the State Director will notify the applicant. A combination loan and grant will be processed, approved, and serviced in accordance with §§1703.105 through 1703.112 of subpart D.

(5) If the State Director determines that the application is not suitable for further consideration by RUS, notify the applicant with the reasons for this determination. The applicant may appeal this determination pursuant to section §1703.137 of this subpart.

(c) Applications submitted by RUS telecommunications GFRs or directly by applicants will be evaluated as they are submitted. All applicants must submit an original and two copies of a completed application. The applicant must also submit a copy of the application to the State government point of contact, if one has been designated for the State, at the same time it submits an application to RUS. RUS will:

(1) Review each application for completeness in accordance with §1703.134, and notify the applicant, within 15 working days of receiving the application, of the results of this review, acknowledging a complete application, or
§ 1703.137 Appeals.

Any appeal must be made, in writing, within 10 days after the applicant is notified of the determination to deny the application. Appeals shall be submitted to the Administrator, RUS, U.S. Department of Agriculture, 1400 Independence Ave., SW., STOP 1590, Washington, DC 20250–1590. Thereafter, the Administrator will review the appeal to determine whether to sustain, reverse, or modify the original determination. Final determinations will be made after consideration of all appeals. The Administrator’s determination will be final. A copy of the Administrator’s decision will be furnished promptly to the applicant.

§§ 1703.138-1703.139 [Reserved]

Subpart G—Distance Learning and Telemedicine Loan Program

SOURCE: 64 FR 14369, Mar. 25, 1999, unless otherwise noted.

§ 1703.140 Use of loan funds.

A loan may be used by eligible organizations as defined in §1703.103 for distance learning and telemedicine projects to finance 100 percent of the cost of approved purposes contained in §1703.141 provided that no financial assistance may exceed the maximum amount for the year in which the loan is made. Entities seeking a loan must be able to provide security and execute a note with a maturity period greater than one year. The following entities are eligible for loans under this subpart:

(a) Organizations as defined in §1703.103. If a RUS telecommunications borrower is seeking a loan, the borrower does not need to submit all of the financial security information required by §1703.144(d). The borrower’s latest financial report (Form 479) filed with RUS and any additional information relevant to the project, as determined by RUS, will suffice;

(b) Any non-profit or for-profit entity, public or private entity, urban or rural institution, or rural educational broadcaster, which proposes to provide and receive distance learning and telemedicine services to carry out the purposes of this subpart; or

(c) Any entity that contracts with an eligible organization in paragraphs (a) or (b) of this section for constructing distance learning or telemedicine facilities for the purposes contained in §1703.141, except for those purposes in §1703.141(h).

(d) Applicants must meet the minimum eligibility requirement for determining the extent to which the project serves rural areas as contained in §1703.126(b)(2) (the applicant must receive at least 20 points to be eligible to
