Federal Reserve System

Pt. 230, App. B

APY Earned = \left( \frac{1 + \frac{4.1}{1,000}}{30} \right) \frac{365}{365} \times \frac{1}{100}

APY Earned = 5.00%

Limitations on Rate Changes

The interest rate for your account will never change by more than ___% each (time period).

The interest rate will never be [less/more] than ___%.

or

The interest rate will never [exceed ___% above/drop more than ___% below] the interest rate initially disclosed to you.

(iii) Stepped-rate accounts

The initial interest rate for your account is ___%. You will be paid this rate for (time period) until (date). After that time, the interest rate for your account will be ___%, and you will be paid this rate for (time period) until (date). The annual percentage yield for your account is ___%.

(iv) Tiered-rate accounts

Tiering Method A

- If your [daily balance/average daily balance] is $___ or more, the interest rate paid on the entire balance in your account will be ___% with an annual percentage yield of ___%.
- If your [daily balance/average daily balance] is more than $___, but less than $___, the interest rate paid on the entire balance in your account will be ___% with an annual percentage yield of ___%.
- If your [daily balance/average daily balance] is $___ or less, the interest rate paid on the entire balance will be ___% with an annual percentage yield of ___%.

Tiering Method B

- An interest rate of ___% will be paid only for that portion of your [daily balance/average daily balance] that is greater than $___, but less than $___. The annual percentage yield for this tier will range from ___% to ___%, depending on the balance in the account.
- An interest rate of ___% will be paid only for that portion of your [daily balance/average daily balance] that is greater than $___, but less than $___. The annual percentage yield for this tier will range from ___% to ___%, depending on the balance in the account.
- If your [daily balance/average daily balance] is $___ or less, the interest rate paid on the entire balance will be ___% with an annual percentage yield of ___%.

(b) Compounding and crediting
Interest will be compounded [on a basis/sleeve every (time period)]. Interest will be credited to your account [on a basis/sleeve every (time period)].

(ii) Effect of closing an account
If you close your account before interest is credited, you will not receive the accrued interest.

(c) Minimum balance requirements
(i) To open the account
You must deposit $____ to open this account.

(ii) To avoid imposition of fees
A minimum balance fee of $____ will be imposed every (time period) if the balance in the account falls below $____ any day of the (time period).

A minimum balance fee of $____ will be imposed every (time period) if the average daily balance for the (time period) falls below $____. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

(iii) To obtain the annual percentage yield disclosed
You must maintain a minimum balance of $____ in the account each day to obtain the disclosed annual percentage yield.

You must maintain a minimum average daily balance of $____ to obtain the disclosed annual percentage yield. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

(d) Balance computation method
(i) Daily balance method
We use the daily balance method to calculate interest on your account. This method applies a daily periodic rate to the principal in the account each day.

(ii) Average daily balance method
We use the average daily balance method to calculate interest on your account. This method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

(e) Accrual of interest on noncash deposits
Interest begins to accrue no later than the business day we receive credit for the deposit of noncash items (for example, checks).

Interest begins to accrue on the business day you deposit noncash items (for example, checks).

(f) Fees
The following fees may be assessed against your account:

$____

$____
To earn the bonus, [$____/your entire principal] must remain on deposit [for (time period)/until (date) ____].

B-2—MODEL CLAUSES FOR CHANGE IN TERMS

On (date), the cost of (type of fee) will increase to $____.

On (date), the interest rate on your account will decrease to ____% with an annual percentage yield of ____%.

On (date), the minimum [daily balance/average daily balance] required to avoid imposition of a fee will increase to $____.

B-3—MODEL CLAUSES FOR PRE-MATURITY NOTICES FOR TIME ACCOUNTS

(a) Automatically renewable time accounts with maturities of one year or less but longer than one month

Your account will mature on (date). If the account renews, the new maturity date will be (date).

The interest rate for the renewed account will be ____% with an annual percentage yield of ____%.

or

The interest rate and annual percentage yield have not yet been determined. They will be available on (date). Please call (phone number) to learn the interest rate and annual percentage yield for your new account.

(b) Non-automatically renewable time accounts with maturities longer than one year

Your account will mature on (date). If you do not renew the account, interest [will/will not] be paid after maturity.

DISCLOSURE OF ACCOUNT TERMS

This disclosure contains information about your:

X NOW Account

- Your interest rate and annual percentage yield may change. At our discretion, we may change the interest rate on your account daily. The interest rate for your account will never be less than 2.00%.
- Interest begins to accrue on the business day you deposit noncash items (for example, checks).
- Interest is compounded daily and credited on the last day of each month. If you close your account before interest is credited, you will not receive the accrued interest.
- We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Passbook Savings Account

- The interest rate on your account will be paid for at least 30 days.
- Interest begins to accrue on the business day you deposit noncash items (for example, checks).
- Interest is compounded daily and credited on the last day of each month. If you close your account before interest is credited, you will not receive the accrued interest.
- We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Additional disclosures for your account are included on the attached sheets.
—— Money Market Account

- Your interest rate and annual percentage yield may change. At our discretion, we may change the interest rate on your account daily. The interest rate on your account will never be less than 3.00%.
- You may make six (6) transfers from your account, but only three (3) may be payments by check to third parties.
- Interest begins to accrue on the business day you deposit noncash items (for example, checks).
- Interest is compounded daily and credited on the last day of each month. If you close your account before interest is credited, you will not receive the accrued interest.
- We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

—— Certificates of Deposit

- The interest rate for your account will be paid until the maturity date of your certificate (_____________).
- Interest is compounded daily and will be credited to your account monthly.
- Interest begins to accrue on the business day you deposit noncash items (for example, checks).
- This account will automatically renew at maturity. You will have ten (10) calendar days from the maturity date to withdraw your funds without being charged a penalty.
- After the account is opened, you may not make deposits into or withdrawals from this account until the maturity date.
- We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.
- If any of the deposit is withdrawn before the maturity date, a penalty as shown below will be imposed:

B-7 -- SAMPLE FORM (CERTIFICATE OF DEPOSIT)

XYZ SAVINGS BANK
1 YEAR CERTIFICATE OF DEPOSIT

Rate Information

The interest rate for your account is 5.20% with an annual percentage yield of 5.34%. You will be paid this rate until the maturity date of the certificate. Your certificate will mature on September 30, 1993. The annual percentage yield assumes interest remains on deposit until maturity. A withdrawal will reduce earnings.

Interest for your account will be compounded daily and credited to your account on the last day of each month.

Interest begins to accrue on the business day you deposit any noncash item (for example, checks).

Minimum balance requirements

You must deposit $1,000 to open this account.

You must maintain a minimum balance of $1,000 in your account every day to obtain the annual percentage yield listed above.

Balance computation method

We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Transaction limitations

After the account is opened, you may not make deposits into or withdrawals from the account until the maturity date.

Early withdrawal penalty

If you withdraw any principal before the maturity date, a penalty equal to three months interest will be charged to your account.

Renewal policy

This account will be automatically renewed at maturity. You have a grace period of ten (10) calendar days after the maturity date to withdraw the funds without being charged a penalty.
