To cite the regulations in this volume use title, part and section number. Thus, 12 CFR 303.0 refers to title 12, part 303, section 0.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16..............................................................as of January 1
- Title 17 through Title 27.................................................................as of April 1
- Title 28 through Title 41.................................................................as of July 1
- Title 42 through Title 50.............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, January 1, 2010), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 2001, consult either the List of CFR Sections Affected, 1949–1963, 1964–1972, 1973–1985, or 1986–2000, published in eleven separate volumes. For the period beginning January 1, 2001, a “List of CFR Sections Affected” is published at the end of each CFR volume.

INTEGRATION BY REFERENCE

*What is incorporation by reference?* Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (§ U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

*What is a proper incorporation by reference?* The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

*What if the material incorporated by reference cannot be found?* If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.
REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

(dd) Standard conditions means the conditions that the FDIC may impose as a routine matter when approving a filing, whether or not the applicant has agreed to their inclusion. The following conditions, or variations thereof, are standard conditions:

1. That the applicant has obtained all necessary and final approvals from the appropriate federal or state authority or other appropriate authority;
2. That if the transaction does not take effect within a specified time period, or unless, in the meantime, a request for an extension of time has been approved, the consent granted shall expire at the end of the specified time period;
3. That until the conditional commitment of the FDIC becomes effective, the FDIC retains the right to alter, suspend or withdraw its commitment should any interim development be deemed to warrant such action; and
4. In the case of a merger transaction (as defined in ¶ 303.61(a) of this part), including a corporate reorganization, that the proposed transaction not be consummated before the 30th calendar day (or shorter time period as may be prescribed by the FDIC with

the concurrence of the Attorney General after the date of the order approving the merger transaction.

(ee) Tier 1 capital shall have the same meaning as provided in ¶ 325.2(v) of this chapter (12 CFR 325.2(v)).

(ff) Total assets shall have the same meaning as provided in ¶ 325.2(x) of this chapter (12 CFR 325.2(x)).

§ 303.3 General filing procedures.

Unless stated otherwise, filings should be submitted to the appropriate FDIC office. Forms and instructions for submitting filings may be obtained from any FDIC regional director. If no form is prescribed, the filing should be in writing; be signed by the applicant or a duly authorized agent; and contain a concise statement of the action requested. For specific filing and content requirements, consult the appropriate subparts of this part. The FDIC may require the applicant to submit additional information.

§ 303.4 Computation of time.

For purposes of this part, and except as otherwise specifically provided, the FDIC begins computing the relevant period on the day after an event occurs (e.g., the day after a substantially complete filing is received by the FDIC or the day after publication begins) through the last day of the relevant period. When the last day is a Saturday, Sunday or federal holiday, the period runs until the end of the next business day.

§ 303.5 Effect of Community Reinvestment Act performance on filings.

Among other factors, the FDIC takes into account the record of performance under the Community Reinvestment Act (CRA) of each applicant in considering a filing for approval of:

(a) The establishment of a domestic branch;

(b) The relocation of the bank’s main office or a domestic branch;

(c) The relocation of an insured branch of a foreign bank;

(d) A transaction subject to the Bank Merger Act; and

(e) Deposit insurance.

§ 303.6 Investigations and examinations.

The FDIC may examine or investigate and evaluate facts related to any filing under this chapter to the extent necessary to reach an informed decision and take any action necessary or appropriate under the circumstances.

§ 303.7 Public notice requirements.

(a) General. The public must be provided with prior notice of a filing to establish a domestic branch, relocate a domestic branch or the main office, relocate an insured branch of a foreign bank, engage in a merger transaction, initiate a change of control transaction, or request deposit insurance. The public has the right to comment on, or to protest, these types of proposed transactions during the relevant comment period. In order to fully apprise the public of this right, an applicant shall publish a public notice of its filing in a newspaper of general circulation. For specific publication requirements, consult subparts B (Deposit Insurance), C (Branches and Relocations), D (Merger Transactions), E (Change in Bank Control), and J (International Banking) of this part.

(b) Confirmation of publication. The applicant shall mail or otherwise deliver a copy of the newspaper notice to the appropriate FDIC office as part of its filing, or, if a copy is not available at the time of filing, promptly after publication.

(c) Content of notice. (1) The public notice referred to in paragraph (a) of this section shall consist of the following:

(i) Name and address of the applicant(s). In the case of an application for deposit insurance for a de novo bank, include the names of all organizers or incorporators. In the case of an application to establish a branch, include the location of the proposed branch or, in the case of an application to relocate a branch or main office, include the current and proposed address of the office. In the case of a merger application, include the names of all parties to the transaction. In the case of a notice
of acquisition of control, include the name(s) of the acquiring parties. In the case of an application to relocate an insured branch of a foreign bank, include the current and proposed address of the branch.

(iii) Name of the depository institution(s) that is the subject matter of the filing;

(iv) That the public may submit comments to the appropriate FDIC regional director;

(v) The address of the appropriate FDIC office where comments may be sent (the same location where the filing will be made);

(vi) The closing date of the public comment period as specified in the appropriate subpart; and

(vii) That the nonconfidential portions of the application are on file in the appropriate FDIC office and are available for public inspection during regular business hours; photocopies of the nonconfidential portion of the application file will be made available upon request.

(2) The requirements of paragraphs (c)(1)(iv) through (vii) of this section may be satisfied through use of the following notice:

Any person wishing to comment on this application may file his or her comments in writing with the regional director of the Federal Deposit Insurance Corporation at the appropriate FDIC office [insert address of office] not later than [insert closing date of the public comment period specified in the appropriate subpart of part 303]. The nonconfidential portions of the application are on file in the appropriate FDIC office and are available for public inspection during regular business hours. Photocopies of the nonconfidential portion of the application file will be made available upon request.

(d) Multiple transactions. The FDIC may consider more than one transaction, or a series of transactions, to be a single filing for purposes of the publication requirements of this section. When publishing a single public notice for multiple transactions, the applicant shall explain in the public notice how the transactions are related. The closing date of the comment period shall be the closing date of the longest public comment period that applies to any of the related transactions.

(e) Joint public notices. For a transaction subject to public notice requirements by the FDIC and another federal or state banking authority, the FDIC will accept publication of a single joint notice containing all the information required by both the FDIC and the other federal agency or state banking authority, provided that the notice states that comments must be submitted to the appropriate FDIC office and, if applicable, the other federal or state banking authority.

(2) The requirements of paragraphs (c)(1)(iv) through (vii) of this section may be satisfied through use of the following notice:

Any person wishing to comment on this application may file his or her comments in writing with the regional director of the Federal Deposit Insurance Corporation at the appropriate FDIC office [insert address of office] not later than [insert closing date of the public comment period specified in the appropriate subpart of part 303]. The nonconfidential portions of the application are on file in the appropriate FDIC office and are available for public inspection during regular business hours. Photocopies of the nonconfidential portion of the application file will be made available upon request.

§ 303.8 Public access to filing.

(a) General. For filings subject to a public notice requirement, any person may inspect or request a copy of the non-confidential portions of a filing (the public file) until 180 days following final disposition of a filing. Following the 180-day period, non-confidential portions of an application file will be made available in accordance with § 303.8(c). The public file generally consists of portions of the filing, supporting data, supplementary information, and comments submitted by interested persons (if any) to the extent that the documents have not been afforded confidential treatment. To view or request photocopies of the public file, an oral or written request should be submitted to the appropriate FDIC office. The public file will be produced for review not more than one business day after receipt by the appropriate FDIC office of the request (either written or oral) to see the file. The FDIC may impose a fee for photocopying in accordance with § 309.5(f) of this chapter at the rates the FDIC publishes annually in the Federal Register.

(2) The requirements of paragraphs (c)(1)(iv) through (vii) of this section may be satisfied through use of the following notice:

Any person wishing to comment on this application may file his or her comments in writing with the regional director of the Federal Deposit Insurance Corporation at the appropriate FDIC office [insert address of office] not later than [insert closing date of the public comment period specified in the appropriate subpart of part 303]. The nonconfidential portions of the application are on file in the appropriate FDIC office and are available for public inspection during regular business hours. Photocopies of the nonconfidential portion of the application file will be made available upon request.

(d) Multiple transactions. The FDIC may consider more than one transaction, or a series of transactions, to be a single filing for purposes of the publication requirements of this section. When publishing a single public notice for multiple transactions, the applicant shall explain in the public notice how the transactions are related. The closing date of the comment period shall be the closing date of the longest public comment period that applies to any of the related transactions.

(e) Joint public notices. For a transaction subject to public notice requirements by the FDIC and another federal or state banking authority, the FDIC will accept publication of a single joint notice containing all the information required by both the FDIC and the other federal agency or state banking authority, provided that the notice states that comments must be submitted to the appropriate FDIC office and, if applicable, the other federal or state banking authority.

(2) The requirements of paragraphs (c)(1)(iv) through (vii) of this section may be satisfied through use of the following notice:

Any person wishing to comment on this application may file his or her comments in writing with the regional director of the Federal Deposit Insurance Corporation at the appropriate FDIC office [insert address of office] not later than [insert closing date of the public comment period specified in the appropriate subpart of part 303]. The nonconfidential portions of the application are on file in the appropriate FDIC office and are available for public inspection during regular business hours. Photocopies of the nonconfidential portion of the application file will be made available upon request.
(ii) Commercial or financial information, the disclosure of which could result in substantial competitive harm to the submitter; and

(iii) Information, the disclosure of which could seriously affect the financial condition of any depository institution.

(2) If an applicant requests confidential treatment for information that the FDIC does not consider to be confidential, the FDIC may include that information in the public file after notifying the applicant. On its own initiative, the FDIC may determine that certain information should be treated as confidential and withhold that information from the public file.

(c) FOIA requests. A written request for information withheld from the public file, or copies of the public file following closure of the file 180 days after final disposition, should be submitted pursuant to the Freedom of Information Act (5 U.S.C. 552) and part 309 of this chapter to the FDIC, Attn: FOIA/Privacy Group, Legal Division, 550 17th Street, NW., Washington, DC 20429.

§ 303.9 Comments.

(a) Submission of comments. For filings subject to a public notice requirement, any person may submit comments to the appropriate FDIC regional director during the comment period.

(b) Comment period—(1) General. Consult appropriate subparts of this part for the comment period applicable to a particular filing.

(2) Extension. The FDIC may extend or reopen the comment period if:

(i) The applicant fails to file all required information on a timely basis to permit review by the public or makes a request for confidential treatment not granted by the FDIC that delays the public availability of that information;

(ii) Any person requesting an extension of time satisfactorily demonstrates to the FDIC that additional time is necessary to develop factual information that the FDIC determines may materially affect the application; or

(iii) The FDIC determines that other good cause exists.

(3) Solicitation of comments. Whenever appropriate, the appropriate regional director may solicit comments from any person or institution which might have an interest in or be affected by the pending filing.

(4) Applicant response. The FDIC will provide copies of all comments received to the applicant and may give the applicant an opportunity to respond.

§ 303.10 Hearings and other meetings.

(a) Matters covered. This section covers hearings and other proceedings in connection with filings and determinations for or by:

(1) Deposit insurance by a proposed new depository institution or operating non-insured institution;

(2) An insured state nonmember bank to establish a domestic branch or to relocate a main office or domestic branch;

(3) Relocation of an insured branch of a foreign bank;

(4)(i) Merger transaction which requires the FDIC’s prior approval under the Bank Merger Act (12 U.S.C. 1828(c));

(ii) Except as otherwise expressly provided, the provisions of this § 303.10 shall not be applicable to any proposed merger transaction which the FDIC Board of Directors determines must be acted upon immediately to prevent the probable failure of one of the institutions involved, or must be handled with expeditious action due to an existing emergency condition, as permitted by the Bank Merger Act (12 U.S.C. 1828(c)(6));

(5) Nullification of a decision on a filing; and

(6) Any other purpose or matter which the FDIC Board of Directors in its sole discretion deems appropriate.

(b) Hearing requests. (1) Any person may submit a written request for a hearing on a filing:

(i) To the appropriate regional director before the end of the comment period; or

(ii) To the appropriate regional director, pursuant to a notice to nullify a decision on a filing issued pursuant to §303.11(g)(2)(i) or (ii).

(2) The request must describe the nature of the issues or facts to be presented and the reasons why written submissions would be insufficient to make an adequate presentation of those issues or facts to the FDIC. A
person requesting a hearing shall simultaneously submit a copy of the request to the applicant.

(c) Action on a hearing request. The appropriate regional director, after consultation with the Legal Division, may grant or deny a request for a hearing and may limit the issues that he or she deems relevant or material. The FDIC generally grants a hearing request only if it determines that written submissions would be insufficient or that a hearing otherwise would be in the public interest.

(d) Denial of a hearing request. If the appropriate regional director, after consultation with the Legal Division, denies a hearing request, he or she shall notify the person requesting the hearing of the reason for the denial. A decision to deny a hearing request shall be a final agency determination and is not appealable.

(e) FDIC procedures prior to the hearing—(1) Notice of hearing. The FDIC shall issue a notice of hearing if it grants a request for a hearing or orders a hearing because it is in the public interest. The notice of hearing shall state the subject and date of the filing, the time and place of the hearing, and the issues to be addressed. The FDIC shall send a copy of the notice of hearing to the applicant, to the person requesting the hearing, and to anyone else requesting a copy.

(2) The presiding officer shall be the regional director or designee or such other person as may be named by the Board or the Director. The presiding officer is responsible for conducting the hearing and determining all procedural questions not governed by this section.

(f) Participation in the hearing. Any person who wishes to appear (participant) shall notify the appropriate regional director of his or her intent to participate in the hearing no later than 10 days from the date that the FDIC issues the Notice of Hearing. At least 5 days before the hearing, each participant shall submit to the appropriate regional director, as well as to the applicant and any other person as required by the FDIC, the names of witnesses, a statement describing the proposed testimony of each witness, and one copy of each exhibit the participant intends to present.

(g) Transcripts. The FDIC shall arrange for a hearing transcript. The person requesting the hearing and the applicant each shall bear the cost of one copy of the transcript for his or her use unless such cost is waived by the presiding officer and incurred by the FDIC.

(h) Conduct of the hearing—(1) Presentations. Subject to the rulings of the presiding officer, the applicant and participants may make opening and closing statements and present and examine witnesses, material, and data.

(2) Information submitted. Any person presenting material shall furnish one copy to the FDIC, one copy to the applicant, and one copy to each participant.

(1) Closing the hearing record. At the applicant’s or any participant’s request, or at the FDIC’s discretion, the FDIC may keep the hearing record open for up to 10 days following the FDIC’s receipt of the transcript. The FDIC shall resume processing the filing after the record closes.

(i) Disposition and notice thereof. The presiding officer shall make a recommendation to the FDIC within 20 days following the date the hearing and record on the proceeding are closed. The FDIC shall notify the applicant and all participants of the final disposition of a filing and shall provide a statement of the reasons for the final disposition.

(k) Computation of time. In computing periods of time under this section, the provisions of §308.12 of the FDIC’s Rules of Practice and Procedure (12 CFR 308.12) shall apply.

(l) Informal proceedings. The FDIC may arrange for an informal proceeding with an applicant and other interested parties in connection with a filing, either upon receipt of a written request for such a meeting made during
Federal Deposit Insurance Corporation

§ 303.11

Decisions.

(a) General procedures. The FDIC may approve, conditionally approve, deny, or not object to a filing after appropriate review and consideration of the record. The FDIC will promptly notify the applicant and any person who makes a written request of the final disposition of a filing. If the FDIC denies a filing, the FDIC will immediately notify the applicant in writing of the reasons for the denial.

(b) Authority retained by FDIC Board of Directors to modify procedures. In acting on any filing under this part, the FDIC Board of Directors may by resolution adopt procedures which differ from those contained in this part when it deems it necessary or in the public interest to do so. The resolution shall be made available for public inspection and copying in the Office of the General Counsel, Executive Secretary Section under the Freedom of Information Act (5 U.S.C. 552(a)(2)).

(c) Expedited processing. (1) A filing submitted by an eligible depository institution as defined in §303.2(r) will receive expedited processing as specified in the appropriate subparts of this part unless the FDIC determines to remove the filing from expedited processing for any of the reasons set forth in paragraph (c)(2) of this section. Except for filings made pursuant to subpart J (International Banking), expedited processing will not be available for any filing that the appropriate regional director does not have delegated authority to approve.

(2) Removal of filing from expedited processing. The FDIC may remove a filing from expedited processing at any time prior to final disposition if:

(i) For filings subject to public notice under §303.7, an adverse comment is received that warrants additional investigation or review;

(ii) For filings subject to evaluation of CRA performance under §303.5, a CRA protest is received that warrants additional investigation or review, or the appropriate regional director determines that the filing presents a significant CRA or compliance concern;

(iii) For any filing, the appropriate regional director determines that the filing presents a significant supervisory concern, or raises a significant legal or policy issue; or

(iv) For any filing, the appropriate regional director determines that other good cause exists for removal.

(3) For purposes of this section, a significant CRA concern includes, but is not limited to, a determination by the appropriate regional director that, although a depository institution may have an institution-wide rating of satisfactory or better, a depository institution’s CRA rating is less than satisfactory in a state or multi-state metropolitan statistical area, or a depository institution’s CRA performance is less than satisfactory in a metropolitan statistical area as defined in 12 CFR 345.12 (MSA) or in the non-MSA portion of a state in which it seeks to expand through approval of an application for a deposit facility as defined in 12 U.S.C. 2902(3).

(4) If the FDIC determines that it is necessary to remove a filing from expedited processing pursuant to paragraph (c)(2) of this section, the FDIC promptly will provide the applicant with a written explanation.

(d) Multiple transactions. If the FDIC is considering related transactions,
some or all of which have been granted expedited processing, then the longest processing time for any of the related transactions shall govern for purposes of approval.

(e) Abandonment of filing. A filing must contain all information set forth in the applicable subpart of this part. To the extent necessary to evaluate a filing, the FDIC may require an applicant to provide additional information. If information requested by the FDIC is not provided within the time period specified by the agency, the FDIC may deem the filing abandoned and shall provide written notification to the applicant and any interested parties that submitted comments to the FDIC that the file has been closed.

(f) Appeals and requests for reconsideration—(1) General. Appeal procedures for a denial of a change in bank control (subpart E), change in senior executive officer or board of directors (subpart F) or denial of an application pursuant to section 19 of the FDI Act (subpart L) are contained in 12 CFR part 308, subparts D, L, and M, respectively. For all other filings covered by this chapter for which appeal procedures are not provided by regulation or other written guidance, the procedures specified in paragraphs (f) (2) and (3) of this section shall apply. A decision to deny a request for a hearing is a final agency determination and is not appealable.

(2) Filing procedures. Within 15 days of receipt of notice from the FDIC that its filing has been denied, any applicant may file a request for reconsideration with the appropriate regional director.

(3) Content of filing. A request for reconsideration must contain the following information:

(i) A resolution of the board of directors of the applicant authorizing filing of the request if the applicant is a corporation, or a letter signed by the individual(s) filing the request if the applicant is not a corporation;

(ii) Relevant, substantive information that for good cause was not previously set forth in the filing; and

(iii) Specific reasons why the FDIC should reconsider its prior decision.

(4)–(5) [Reserved]

(6) Processing. The FDIC will notify the applicant whether reconsideration will be granted or denied within 15 days of receipt of a request for reconsideration. If a request for reconsideration is granted pursuant to §303.11(f), the FDIC will notify the applicant of the final agency decision on such filing within 60 days of its receipt of the request for reconsideration.

(g) Nullification, withdrawal, revocation, amendment, and suspension of decisions on filings—(1) Grounds for action. Except as otherwise provided by law or regulation, the FDIC may nullify, withdraw, revoke, amend or suspend a decision on a filing if it becomes aware at anytime:

(i) Of any material misrepresentation or omission related to the filing or of any material change in circumstance that occurred prior to the consummation of the transaction or commencement of the activity authorized by the decision on the filing; or

(ii) That the decision on the filing is contrary to law or regulation or was granted due to clerical or administrative error.

(iii) Any person responsible for a material misrepresentation or omission in a filing or supporting materials may be subject to an enforcement action and other penalties, including criminal penalties provided in Title 18 of the United States Code.

(2) Notice of intent and temporary order. (i) Except as provided in §303.11(g)(2)(ii), before taking action under this §303.11(g), the FDIC shall issue and serve on an applicant written notice of its intent to take such action. A notice of intent to act on a filing shall include:

(A) The reasons for the proposed action; and

(B) The date by which the applicant may file a written response with the FDIC.

(ii) The FDIC may issue a temporary order on a decision on a filing without providing an applicant a prior notice of intent if the FDIC determines that:

(A) It is necessary to reevaluate the impact of a change in circumstance prior to the consummation of the transaction or commencement of the activity authorized by the decision on the filing; or
§ 303.14 Being “engaged in the business of receiving deposits other than trust funds.”

(a) Except as provided in paragraphs (b), (c), and (d) of this section, a depository institution shall be “engaged in the business of receiving deposits other than trust funds” only if it maintains one or more non-trust deposit accounts in the minimum aggregate amount of $500,000.

(b) An applicant for federal deposit insurance under section 5 of the FDI Act, 12 U.S.C. 1815(a), shall be deemed to be “engaged in the business of receiving deposits other than trust funds” from the date that the FDIC approves deposit insurance for the institution until one year after it opens for business.

(c) Any depository institution that fails to satisfy the minimum deposit standard specified in paragraph (a) of this section as of two consecutive call report dates (i.e., March 31st, June 30th, September 30th, and December 31st) shall be subject to a determination by the FDIC that the institution is not “engaged in the business of receiving deposits other than trust funds” and to termination of its insured status under section 8(p) of the FDI Act, 12 U.S.C. 1818(p). For purposes of this paragraph, the first three call report dates after the institution opens for business are excluded.

(d) Notwithstanding any failure by an insured depository institution to satisfy the minimum deposit standard in paragraph (a) of this section, the institution shall continue to be “engaged in the business of receiving deposits other than trust funds” for purposes of section 3 of the FDI Act until the institution’s insured status is terminated by the FDIC pursuant to a proceeding under section 8(a) or section 8(p) of the FDI Act, 12 U.S.C. 1818(a) or 1818(p).

§ 303.12 Waivers.

(a) The Board of Directors of the FDIC (Board) may, for good cause and to the extent permitted by statute, waive the applicability of any provision of this chapter.

(b) The provisions of this chapter may be suspended, revoked, amended or waived for good cause shown, in whole or in part, at any time by the Board, subject to the provisions of the Administrative Procedure Act and the provisions of this chapter. Any provision of the rules may be waived by the Board on its own motion or on petition if good cause thereof is shown.

§§ 303.16–303.19 [Reserved]

Subpart B—Deposit Insurance

§ 303.20 Scope.

This subpart sets forth the procedures for applying for deposit insurance for a proposed depository institution or an operating uninsured depository institution under section 5 of the FDI Act (12 U.S.C. 1815). It also sets forth the procedures for requesting continuation of deposit insurance for a state-chartered bank withdrawing from membership in the Federal Reserve System and for interim institutions chartered to facilitate a merger transaction. Each bank that results from the conversion of a Federal savings association into multiple banks pursuant to section 5(i)(5) of the Home Owners’ Loan Act, 12 U.S.C. 1464(i)(5), is treated as a proposed depository institution or a de novo institution, as appropriate, for purposes of this subpart.

§ 303.21 Filing procedures.

(a) Applications for deposit insurance shall be filed with the appropriate FDIC office. The relevant application forms and instructions for applying for deposit insurance for an existing or proposed depository institution may be obtained from any FDIC regional director.

(b) An application for deposit insurance for an interim depository institution shall be filed and processed in accordance with the procedures set forth in §303.24, subject to the provisions of §303.62(b)(2) regarding deposit insurance for interim institutions. An interim institution is defined as a state-
or federally-chartered depository institution that does not operate independently but exists solely as a vehicle to accomplish a merger transaction.

(c) A request for continuation of deposit insurance upon withdrawing from membership in the Federal Reserve System shall be in letter form and shall provide the information prescribed in §303.25.

§ 303.22 Processing.

(a) Expedited processing for proposed institutions. (1) An application for deposit insurance for a proposed institution which will be a subsidiary of an eligible depository institution as defined in §303.2(r) or an eligible holding company will be acknowledged in writing by the FDIC and will receive expedited processing unless the applicant is notified in writing to the contrary and provided with the basis for that decision. An eligible holding company is defined as a bank or thrift holding company that has consolidated assets of at least $150 million or more; a BOPEC rating of at least “2” for bank holding companies or an above average or “A” rating for thrift holding companies; and at least 75 percent of its consolidated depository institution assets comprised of eligible depository institutions. The FDIC may remove an application from expedited processing for any of the reasons set forth in §303.11(c)(2).

(2) Under expedited processing, the FDIC will take action on an application within 60 days of receipt of a substantially complete application or 5 days after the expiration of the comment period described in §303.23, whichever is later. Final action may be withheld until the FDIC has assurance that permission to organize the proposed institution will be granted by the chartering authority. Notwithstanding paragraph (a)(1) of this section, if the FDIC does not act within the expedited processing period, it does not constitute an automatic or default approval.

(b) Standard processing. For those applications that are not processed pursuant to the expedited procedures, the FDIC will provide the applicant with written notification of the final action when the decision is rendered.

§ 303.23 Public notice requirements.

(a) De novo institutions and operating noninsured institutions. The applicant shall publish a notice as prescribed in §303.7 in a newspaper of general circulation in the community in which the main office of the depository institution is or will be located. Notice shall be published as close as practicable to, but no sooner than five days before, the date the application is mailed or delivered to the appropriate FDIC office. Comments by interested parties must be received by the appropriate regional director within 30 days following the date of publication, unless the comment period has been extended or reopened in accordance with §303.9(b)(2).

(b) Exceptions to public notice requirements. No publication shall be required in connection with the granting of insurance to a new depository institution established pursuant to the resolution of a depository institution in default, or to an interim depository institution formed solely to facilitate a merger transaction, or for a request for continuation of federal deposit insurance by a state-chartered bank withdrawing from membership in the Federal Reserve System.

§ 303.24 Application for deposit insurance for an interim institution.

(a) Application required. Subject to §303.62(b)(2), a deposit insurance application is required for a state-chartered interim institution if the related merger transaction is subject to approval by a federal banking agency other than the FDIC. A separate application for deposit insurance for an interim institution is not required in connection with any merger requiring FDIC approval pursuant to subpart D of this part.

(b) Content of separate application. A letter application for deposit insurance for an interim institution, accompanied by a copy of the related merger

Subpart C—Establishment and Relocation of Domestic Branches and Offices

§ 303.40 Scope.

(a) General. This subpart sets forth the application requirements and procedures for insured state nonmember banks to establish a branch, relocate a branch or main office, and retain existing branches after the interstate relocation of the main office subject to the approval by the FDIC pursuant to sections 13(f), 13(k), 18(d) and 44 of the FDI Act.

(b) Merger transaction. Applications for approval of the acquisition and establishment of branches in connection with a merger transaction under section 18(c) of the FDI Act (12 U.S.C. 1828(c)), are processed in accordance with subpart D (Merger Transactions) of this part.

(d) Interstate acquisition of individual branch. Applications requesting approval of the interstate acquisition of an individual branch or branches located in a state other than the applicant’s home state without the acquisition of the whole bank are treated as
§ 303.42 Filing procedures.

(a) General. An applicant shall submit an application to the appropriate FDIC office on the date the notice required by §303.44 is published, or within 5 days after the date of the last required publication.

(b) Content of filing. A complete letter application shall include the following information:

(1) A statement of intent to establish a branch, or to relocate the main office or a branch;
(2) The exact location of the proposed site including the street address. With regard to messenger services, specify the geographic area in which the services will be available. With regard to a mobile branch specify the community or communities in which the vehicle will operate and the manner in which it will be used;

(c) Branch relocation means a move within the same immediate neighborhood of the existing branch that does not substantially affect the nature of the business of the branch or the customers of the branch. Moving a branch to a location outside its immediate neighborhood is considered the closing of an existing branch and the establishment of a new branch. Closing of a branch is covered in the FDIC Statement of Policy Concerning Branch Closing Notices and Policies. 1 FDIC Law, Regulations, Related Acts 5391; see §309.4 (a) and (b) of this chapter for availability.

§ 303.41 Definitions.

For purposes of this subpart:

(a) Branch, except as provided in this paragraph, includes any branch bank, branch office, additional office, or any branch place of business located in any State of the United States or in any territory of the United States, Puerto Rico, Guam, American Samoa, the Trust Territory of the Pacific Islands, the Virgin Islands, and the Northern Mariana Islands at which deposits are received or checks paid or money lent. A branch does not include an automated teller machine, an automated loan machine, a remote service unit, or a facility described in section 303.46. The term branch also includes the following:

(1) A messenger service that is operated by a bank or its affiliate that picks up and delivers items relating to transactions in which deposits are received or checks paid or money lent. A messenger service established and operated by a non-affiliated third party generally does not constitute a branch for purposes of this subpart. Banks contracting with third parties to provide messenger services should consult with the FDIC to determine if the messenger service constitutes a branch.

(2) A mobile branch, other than a messenger service, that does not have a single, permanent site and uses a vehicle that travels to various locations to enable the public to conduct banking business. A mobile branch may serve defined locations on a regular schedule or may serve a defined area at varying times and locations.

(3) A temporary branch that operates for a limited period of time not to exceed one year as a public service, such as during an emergency or disaster situation.

(4) A seasonal branch that operates at various periodically recurring intervals, such as during state and local fairs, college registration periods, and other similar occasions.

(b) Branch relocation means a move within the same immediate neighborhood of the existing branch that does not substantially affect the nature of the business of the branch or the customers of the branch. Moving a branch to a location outside its immediate neighborhood is considered the closing of an existing branch and the establishment of a new branch. Closing of a branch is covered in the FDIC Statement of Policy Concerning Branch Closing Notices and Policies. 1 FDIC Law, Regulations, Related Acts 5391; see §309.4 (a) and (b) of this chapter for availability.

(c) De novo branch means a branch of a bank which is established by the bank as a branch and does not become a branch of such bank as a result of:

(1) The acquisition by the bank of an insured depository institution or a branch of an insured depository institution; or
(2) The conversion, merger, or consolidation of any such institution or branch.

(d) Home state means the state by which the bank is chartered.

(e) Host state means a state, other than the home state of the bank, in which the bank maintains, or seeks to establish and maintain, a branch.
the bank as defined in §303.2(u), including any financial arrangements relating to fees, the acquisition of property, leasing of property, and construction contracts;

(4) A statement on the impact of the proposal on the human environment, including, information on compliance with local zoning laws and regulations and the effect on traffic patterns for purposes of complying with the applicable provisions of the NEPA and the FDIC Statement of Policy on NEPA (1 FDIC Law, Regulations, Related Acts 5185; see §309.4 (a) and (b) of this chapter for availability);

(5) A statement as to whether or not the site is eligible for inclusion in the National Register of Historic Places for purposes of complying with applicable provisions of the NHPA and the FDIC Statement of Policy on NHPA (1 FDIC Law, Regulations, Related Acts 5175; see §309.4 (a) and (b) of this chapter for availability) including documentation of consultation with the State Historic Preservation Officer, as appropriate;

(6) Comments on any changes in services to be offered, the community to be served, or any other effect the proposal may have on the applicant’s compliance with the CRA;

(7) A copy of each newspaper publication required by §303.44 of this subpart, the name and address of the newspaper, and date of the publication;

(8) When an application is submitted to relocate the main office of the applicant from one state to another, a statement of the applicant’s intent regarding retention of branches in the state where the main office exists prior to relocation.

(c) Undercapitalized institutions. Applications to establish a branch by applicants subject to section 38 of the FDI Act (12 U.S.C. 1831o) also should provide the information required by §303.204. Applications pursuant to sections 38 and 18(d) of the FDI Act (12 U.S.C. 1831o and 1828(d)) may be filed concurrently or as a single application.

(d) Additional information. The FDIC may request additional information to complete processing.

§ 303.43 Processing.

(a) Expedited processing for eligible depository institutions. An application filed under this subpart by an eligible depository institution as defined in §303.2(r) will be acknowledged in writing by the FDIC and will receive expedited processing, unless the applicant is notified in writing to the contrary and provided with the basis for that decision. The FDIC may remove an application from expedited processing for any of the reasons set forth in §303.11(c)(2). Absent such removal, an application processed under expedited processing will be deemed approved on the latest of the following:

(1) The 21st day after receipt by the FDIC of a substantially complete filing;

(2) The 5th day after expiration of the comment period described in §303.44; or

(3) In the case of an application to establish and operate a de novo branch in a state that is not the applicant’s home state and in which the applicant does not maintain a branch, the 5th day after the FDIC receives confirmation from the host state that the applicant has both complied with the filing requirements of the host state and submitted a copy of the application with the FDIC to the host state bank supervisor.

(b) Standard processing. For those applications which are not processed pursuant to the expedited procedures, the FDIC will provide the applicant with written notification of the final action when the decision is rendered.

§ 303.44 Public notice requirements.

(a) Newspaper publications. For applications to establish or relocate a branch, a notice as described in §303.7(c) shall be published once in a newspaper of general circulation. For applications to relocate a main office, notice shall be published at least once each week on the same day for two consecutive weeks. The required publication shall be made in the following communities:

(1) To establish a branch. In the community in which the main office is located and in the communities to be served by the branch (including messenger services and mobile branches).

(2) To relocate a main office. In the community in which the main office is
§ 303.45 Special provisions.

(a) Emergency or disaster events. (1) In the case of an emergency or disaster at a main office or a branch which requires that an office be immediately relocated to a temporary location, applicants shall notify the appropriate FDIC office within 3 days of such temporary relocation.

(2) Within 10 days of the temporary relocation resulting from an emergency or disaster, the bank shall submit a written application to the appropriate FDIC office, that identifies the nature of the emergency or disaster, specifies the location of the temporary branch, and provides an estimate of the duration the bank plans to operate the temporary branch.

(3) As part of the review process, the FDIC will determine on a case by case basis whether additional information is necessary and may waive public notice requirements.

(b) Redesignation of main office and existing branch. In cases where an applicant desires to redesignate its main office as a branch and redesignate an existing branch as the main office, a single application shall be submitted. The FDIC may waive the public notice requirements in instances where an application presents no significant or novel policy, supervisory, CRA, compliance or legal concerns. A waiver will be granted only to a redesignation within the applicant’s home state.

(c) Expiration of approval. Approval of an application expires if within 18 months after the approval date a branch has not commenced business or a relocation has not been completed.

§ 303.46 Financial education programs that include the provision of bank products and services.

No branch application or prior approval is required in order for a state nonmember bank to participate in one or more financial education programs that involve receiving deposits, paying withdrawals, or lending money if:

(a) Such service or services are provided on school premises, or a facility used by the school;

(b) Such service or services are provided at the discretion of the school;

(c) The principal purpose of each program is financial education. For example, the principal purpose of a program would be considered to be financial education if the program is designed to teach students the principles of personal financial management, banking operations, or the benefits of saving for the future, and is not designed for the purpose of profit-making; and

(d) Each program is conducted in a manner that is consistent with safe and sound banking practices and complies with applicable law.

Subpart D—Merger Transactions

§ 303.60 Scope.

This subpart sets forth the application requirements and procedures for transactions subject to FDIC approval under the Bank Merger Act, section 18(c) of the FDI Act (12 U.S.C. 1828(c)). Additional guidance is contained in the FDIC “Statement of Policy on Bank Merger Transactions” (1 FDIC Law, Regulations, Related Acts 5145; see §309.4(a) and (b) of this chapter for availability).

§ 303.61 Definitions.

For purposes of this subpart:

(a) Merger transaction includes any transaction:
§ 303.62 Transactions requiring prior approval.

(a) Merger transactions. The following merger transactions require the prior written approval of the FDIC under this subpart:

(1) Any merger transaction, including any corporate reorganization, interim merger transaction, or optional conversion, in which the resulting institution is to be an insured state nonmember bank; and

(2) Any merger transaction, including any corporate reorganization or interim merger transaction, that involves an uninsured bank or institution.

(b) Related provisions. Transactions covered by this subpart also may be subject to other provisions or application requirements, including the following:

(1) Interstate merger transactions. Merger transactions between insured banks that are chartered in different states are subject to the provisions of section 44 of the FDI Act (12 U.S.C. 1831l). In the case of a merger transaction that consists of the acquisition by an out of state bank of a branch without acquisition of the bank, the branch is treated for section 44 purposes as a bank whose home state is the state in which the branch is located.

(2) Deposit insurance. An application for deposit insurance will be required in connection with a merger transaction between a state-chartered interim institution and an insured depository institution if the related merger application is being acted upon by a federal banking agency other than the FDIC. If the FDIC is the federal banking agency responsible for acting on the related merger application, a separate application for deposit insurance is not necessary. Procedures for applying for deposit insurance are set forth in subpart B of this part. An application for deposit insurance will not be required in connection with a merger transaction (other than a purchase and assumption transaction) of a federally-chartered interim institution and an insured institution, even if the resulting institution is to operate under the charter of the federal interim institution.

(3) Branch closings. Branch closings in connection with a merger transaction are subject to the notice requirements of section 42 of the FDI Act (12 U.S.C. 1831r-1), including requirements for notice to customers. These requirements are addressed in the “Interagency Policy Statement Concerning Branch Closings Notices and Policies” (1 FDIC Law, Regulations, Related Acts (FDIC) 5391; see §309.4(a) and (b) of this chapter for availability.)

(4) Undercapitalized institutions. Applications for a merger transaction by applicants subject to section 38 of the FDI Act (12 U.S.C. 1831o) should also provide the information required by §303.204. Applications pursuant to sections 38 and 18(c) of the FDI Act (12
§ 303.64 Processing.

(a) Expedited processing for eligible depository institutions—(1) General. An application filed under this subpart by an eligible depository institution as defined in §303.2(r) and which meets the additional criteria in paragraph (a)(4) of this section will be acknowledged by the FDIC in writing and will receive expedited processing, unless the applicant is notified in writing to the contrary and provided with the basis for that decision. The FDIC may remove an application from expedited processing for any of the reasons set forth in §303.11(c)(2).

(2) Under expedited processing, the FDIC will take action on an application by the date that is the latest of:

(i) 45 days after the date of the FDIC’s receipt of a substantially complete merger application; or

(ii) 10 days after the date of the last notice publication required under §303.65 of this subpart; or

(iii) 5 days after receipt of the Attorney General’s report on the competitive factors involved in the proposed transaction; or

(iv) For an interstate merger transaction subject to the provisions of section 44 of the FDI Act (12 U.S.C. 1831u), 5 days after the FDIC receives confirmation from the host state (as defined in §303.41(e)) that the applicant has both complied with the filing requirements of the host state and submitted a copy of the FDIC merger application to the host state’s bank supervisor.

(3) Notwithstanding paragraph (a)(1) of this section, if the FDIC does not act within the expedited processing period, it does not constitute an automatic or default approval.

(4) Criteria. The FDIC will process an application using expedited procedures if:

(i) Immediately following the merger transaction, the resulting institution will be “well-capitalized” pursuant to subpart B of part 325 of this chapter (12 CFR part 325); and

(ii)(A) All parties to the merger transaction are eligible depository institutions as defined in §303.2(r); or

(B) The acquiring party is an eligible depository institution as defined in §303.2(r) and the amount of the total assets to be transferred does not exceed an amount equal to 10 percent of the acquiring institution’s total assets as reported in its report of condition for the quarter immediately preceding the filing of the merger application.

(b) Standard processing. For those applications not processed pursuant to the expedited procedures, the FDIC will provide the applicant with written notification of the final action taken by the FDIC on the application when the decision is rendered.
§ 303.65 Public notice requirements.

(a) General. Except as provided in paragraph (b) of this section, an applicant for approval of a merger transaction must publish notice of the proposed transaction on at least three occasions at approximately equal intervals in a newspaper of general circulation in the community or communities where the main offices of the merging institutions are located or, if there is no such newspaper in the community, then in the newspaper of general circulation published nearest thereto.

(b) Exceptions—(1) Emergency requiring expeditious action. If the FDIC determines that an emergency exists requiring expeditious action, notice shall be published twice. The first notice shall be published as soon as possible after the FDIC notifies the applicant of such determination. The second notice shall be published on the 7th day after the first publication or, if the newspaper does not publish on the 7th day, on the newspaper’s publication date that is closest to the 7th day.

(2) Probable failure. If the FDIC determines that it must act immediately to prevent the probable failure of one of the institutions involved in a proposed merger transaction, publication is not required.

(c) Content of notice—(1) General. The notice shall conform to the public notice requirements set forth in §303.7.

(2) Branches. If it is contemplated that the resulting institution will operate offices of the other institution(s) as branches, the following statement shall be included in the notice required in §303.7(b):

(3) Emergency requiring expeditious action. If the FDIC determines that an emergency exists requiring expeditious action, the notice shall specify as the closing date of the public comment period the date that is the 10th day after the date of the first publication.

(d) Public comments. Comments must be received by the appropriate FDIC office within 30 days after the first publication of the notice, unless the comment period has been extended or reopened in accordance with §303.9(b)(2). If the FDIC has determined that an emergency exists requiring expeditious action, comments must be received by the appropriate FDIC office within 10 days after the first publication.

§§ 303.66–303.79 [Reserved]

Subpart E—Change in Bank Control

§ 303.80 Scope.

This subpart sets forth the procedures for submitting a notice to acquire control of an insured state nonmember bank or a parent company of an insured state nonmember bank pursuant to the Change in Bank Control Act of 1978, section 7(j) of the FDI Act (12 U.S.C. 1817(j)).

[68 FR 50459, Aug. 21, 2003]

§ 303.81 Definitions.

For purposes of this subpart:

(a) Acquisition includes a purchase, assignment, transfer, pledge or other disposition of voting shares, or an increase in percentage ownership resulting from a redemption of voting shares of an insured state nonmember bank or a parent company, whether or not pursuant to an express agreement.

(b) Acting in concert means knowing participation in a joint activity or parallel action towards a common goal of acquiring control of an insured state nonmember bank or a parent company.

(c) Control means the power, directly or indirectly, to direct the management or policies of an insured bank or a parent company.
(d) Parent Company means any company that controls, directly or indirectly, an insured state nonmember bank.

(e) Person means an individual, corporation, partnership, trust, association, joint venture, pool, syndicate, sole proprietorship, unincorporated organization, and any other form of entity; and a voting trust, voting agreement, and any group of persons acting in concert.

§ 303.82 Transactions requiring prior notice.

(a) Prior notice requirement. Any person acting directly or indirectly, or through or in concert with one or more persons, shall give the FDIC 60 days prior written notice, as specified in §303.84, before acquiring control of an insured state nonmember bank or any parent company, unless the acquisition is exempt under §303.83.

(b) Acquisition requiring prior notice—
(1) Acquisition of control. The acquisition of control, unless exempted, requires prior notice to the FDIC.

(2) Rebuttable presumption of control. The FDIC presumes that an acquisition of voting shares of an insured state nonmember bank or a parent company constitutes the acquisition of the power to direct the management or policies of an insured bank or a parent company requiring prior notice to the FDIC, if, immediately after the transaction, the acquiring person (or persons acting in concert) will own, control, or hold with power to vote 10 percent or more of any class of voting shares of the institution, and if:

(i) The institution has registered shares under section 12 of the Securities Exchange Act of 1934 (15 U.S.C. 78l); or

(ii) No other person will own, control or hold the power to vote a greater percentage of that class of voting shares immediately after the transaction. If two or more persons, not acting in concert, each propose to acquire simultaneously equal percentages of 10 percent or more of a class of voting shares of an insured state nonmember bank or a parent company, each such person shall file prior notice with the FDIC.

(c) Acquisition of loans in default. The FDIC presumes an acquisition of a loan in default that is secured by voting shares of an insured state nonmember bank or a parent company to be an acquisition of the underlying shares for purposes of this section.

(d) Other transactions. Acquisitions other than those set forth in paragraph (b)(2) of this section resulting in a person’s control of less than 25 percent of a class of voting shares of an insured state nonmember bank or a parent company are not deemed by the FDIC to constitute control for purposes of the Change in Bank Control Act.

(e) Rebuttal of presumptions. Prior notice to the FDIC is not required for any acquisition of voting shares under the presumption of control set forth in this section, if the FDIC finds that the acquisition will not result in control. The FDIC will afford any person seeking to rebut a presumption in this section an opportunity to present views in writing or, if appropriate, orally before its designated representatives at an informal meeting.

§ 303.83 Transactions not requiring prior notice.

(a) Exempt transactions. The following transactions do not require notice to the FDIC under this subpart:

(1) The acquisition of additional voting shares of an insured state nonmember bank or a parent company by a person who:

(i) Held the power to vote 25 percent or more of any class of voting shares of the institution continuously since the later of March 9, 1979, or the date that the institution commenced business as an insured state nonmember bank or a parent company; or

(ii) Is presumed, under §303.82(b)(2), to have controlled the institution continuously since March 9, 1979, if the aggregate amount of voting shares held does not exceed 25 percent or more of any class of voting shares of the institution or, in other cases, where the FDIC determines that the person has controlled the institution continuously since March 9, 1979;

(2) The acquisition of additional shares of a class of voting shares of an
insured state nonmember bank or a parent company by any person (or persons acting in concert) who has lawfully acquired and maintained control of the institution (for purposes of §303.82) after complying with the procedures of the Change in Bank Control Act to acquire voting shares of the institution under this subpart:

(3) Acquisitions of voting shares subject to approval under section 3 of the Bank Holding Company Act (12 U.S.C. 1842(a)), section 18(c) of the FDI Act (12 U.S.C. 1828(c)), or section 10 of the Home Owners’ Loan Act (12 U.S.C. 1467a);

(4) Transactions exempt under the Bank Holding Company Act: foreclosures by institutional lenders, fiduciary acquisitions by banks, and increases of majority holdings by bank holding companies described in sections 2(a)(5), 3(a)(A), or 3(a)(B) respectively of the Bank Holding Company Act (12 U.S.C. 1841(a)(5), 1842(a)(A), and 1842(a)(B));

(5) A customary one-time proxy solicitation;

(6) The receipt of voting shares of an insured state nonmember bank or a parent company through a pro rata stock dividend;

(7) The acquisition of voting shares in a foreign bank, which has an insured branch or branches in the United States. (This exemption does not extend to the reports and information required under paragraphs 9, 10, and 12 of the Change in Bank Control Act of 1978 (12 U.S.C. 1817(j)(9), (10), and (12)) and;

(8) The acquisition of voting shares of a depository institution holding company that either the Board of Governors of the Federal Reserve System or the Office of Thrift Supervision reviews pursuant to the Change in Bank Control Act (12 U.S.C. 1817(j)).

(b) Prior notice exemption. (1) The following acquisitions of voting shares of an insured state nonmember bank or a parent company, which otherwise would require prior notice under this subpart, are not subject to the prior notice requirements if the acquiring person notifies the appropriate FDIC office within 90 calendar days after the acquisition and provides any relevant information requested by the FDIC:

(i) The acquisition of voting shares through inheritance;

(ii) The acquisition of voting shares as a bona fide gift; or

(iii) The acquisition of voting shares in satisfaction of a debt previously contracted in good faith, except that the acquirer of a defaulted loan secured by a controlling amount of a state nonmember bank’s voting securities or a parent company’s voting securities shall file a notice before the loan is acquired.

(2) The following acquisitions of voting shares of an insured state nonmember bank or a parent company, which otherwise would require prior notice under this subpart, are not subject to the prior notice requirements if the acquiring person notifies the appropriate FDIC office within 90 calendar days after receiving notice of the acquisition and provides any relevant information requested by the FDIC:

(i) A percentage increase in ownership of voting shares resulting from a redemption of voting shares by the issuing bank or a parent company; or

(ii) The sale of shares by any shareholder that is not within the control of a person resulting in that person becoming the largest shareholder.

(3) Nothing in paragraph (b)(1) of this section limits the authority of the FDIC to disapprove a notice pursuant to §303.85(c).

§ 303.83 Filing procedures.

(a) Filing notice. (1) A notice required under this subpart shall be filed with the appropriate FDIC office and shall contain all the information required by paragraph 6 of the Change in Bank Control Act, section 7 (j) of the FDI Act, (12 U.S.C. 1817(j)(6)), or prescribed in the designated interagency form which may be obtained from any FDIC regional director.

(b) Prior notice exemption. (1) The following acquisitions of voting shares of an insured state nonmember bank or a parent company, which otherwise would require prior notice under this subpart, are not subject to the prior notice requirements if the acquiring person notifies the appropriate FDIC office within 90 calendar days after the acquisition and provides any relevant information requested by the FDIC:

(i) The acquisition of voting shares through inheritance;

(ii) The acquisition of voting shares as a bona fide gift; or

(iii) The acquisition of voting shares in satisfaction of a debt previously contracted in good faith, except that the acquirer of a defaulted loan secured by a controlling amount of a state nonmember bank’s voting securities or a parent company’s voting securities shall file a notice before the loan is acquired.

(2) The following acquisitions of voting shares of an insured state nonmember bank or a parent company, which otherwise would require prior notice under this subpart, are not subject to the prior notice requirements if the acquiring person notifies the appropriate FDIC office within 90 calendar days after receiving notice of the acquisition and provides any relevant information requested by the FDIC:

(i) A percentage increase in ownership of voting shares resulting from a redemption of voting shares by the issuing bank or a parent company; or

(ii) The sale of shares by any shareholder that is not within the control of a person resulting in that person becoming the largest shareholder.

(3) Nothing in paragraph (b)(1) of this section limits the authority of the FDIC to disapprove a notice pursuant to §303.85(c).

§ 303.86 Public notice requirements.

(a) Publication—(1) Newspaper announcement. Any person(s) filing a notice under this subpart shall publish an announcement soliciting public comment on the proposed acquisition. The announcement shall be published in a newspaper of general circulation in the community in which the home office of the state nonmember bank to be acquired is located. The announcement shall be published as close as is practicable to the date the notice is filed with the appropriate FDIC office, but in no event more than 10 calendar days before or after the filing date.

(2) Contents of newspaper announcement. The newspaper announcement shall conform to the public notice requirements set forth in §303.7.

(b) Delay of publication. The FDIC may permit delay in the publication required by this section if the FDIC determines, for good cause, that it is in the public interest to grant such a delay. Requests for delay of publication may be submitted to the appropriate FDIC office.

(c) Shortening or waiving public comment period, waiving publications; acting before close of public comment period. The FDIC may shorten the public comment period to a period of not less than 10 days, or waive the public comment or newspaper publication requirements of paragraph (a) of this section, or act on a notice before the expiration of a public comment period, if it determines in writing either that an emergency exists or that disclosure of the notice, solicitation of public comment, or delay until expiration of the public comment period would seriously threaten the safety and soundness of the bank to be acquired.

(d) Consideration of public comments. In acting upon a notice filed under this subpart, the FDIC shall consider all public comments received in writing within 20 days following the required newspaper publication or, if the FDIC has shortened the public comment period pursuant to paragraph (c) of this section, within such shorter period.

(e) Publication if filing is subsequent to acquisition of control. (1) Whenever a notice of a proposed acquisition of control is not filed in accordance with the Change in Bank Control Act and these regulations, the acquiring person(s) shall, within 10 days of being so directed by the FDIC, publish an announcement of the acquisition of control in a newspaper of general circulation in the community in which the home office of the state nonmember bank to be acquired is located.

(2) The newspaper announcement shall contain the name(s) of the acquiror(s), the name of the depository institution involved, and the date of
the acquisition of the stock. The announcement shall also contain a statement indicating that the FDIC is currently reviewing the acquisition of control. The announcement also shall state that any person wishing to comment on the change in control may do so by submitting written comments to the appropriate regional director of the FDIC (give address of appropriate FDIC office) within 20 days following the required newspaper publication.

Subpart F—Change of Director or Senior Executive Officer

§ 303.100 Scope.

This subpart sets forth the circumstances under which an insured state nonmember bank must notify the FDIC of a change in any member of its board of directors or any senior executive officer and the procedures for filing such notice. This subpart implements section 32 of the FDI Act (12 U.S.C. 1831i).

§ 303.101 Definitions.

For purposes of this subpart:

(a) Director means a person who serves on the board of directors or board of trustees of an insured state nonmember bank, except that this term does not include an advisory director who:

1. Is not elected by the shareholders;
2. Is not authorized to vote on any matters before the board of directors or board of trustees or any committee thereof;
3. Solely provides general policy advice to the board of directors or board of trustees and any committee thereof; and
4. Has not been identified by the FDIC as a person who performs the functions of a director for purposes of this subpart.

(b) Senior executive officer means a person who holds the title of president, chief executive officer, chief operating officer, chief managing official (in an insured state branch of a foreign bank), chief financial officer, chief lending officer, or chief investment officer, or, without regard to title, salary, or compensation, performs the functions of one or more of these positions. Senior executive officer also includes any other person identified by the FDIC, whether or not hired as an employee, with significant influence over, or who participates in, major policymaking decisions of the insured state nonmember bank.

(c) Troubled condition means any insured state nonmember bank that:

1. Has a composite rating, as determined in its most recent report of examination, of 4 or 5 under the Uniform Financial Institutions Rating System (UFIRS), or in the case of an insured state branch of a foreign bank, an equivalent rating; or
2. Is subject to a proceeding initiated by the FDIC for termination or suspension of deposit insurance; or
3. Is subject to a cease-and-desist order or written agreement issued by either the FDIC or the appropriate state banking authority that requires action to improve the financial condition of the bank or is subject to a proceeding initiated by the FDIC or state authority which contemplates the issuance of an order that requires action to improve the financial condition of the bank, unless otherwise informed in writing by the FDIC; or
4. Is informed in writing by the FDIC that it is in troubled condition for purposes of the requirements of this subpart on the basis of the bank’s most recent report of condition or report of examination, or other information available to the FDIC.

§ 303.102 Filing procedures and waiver of prior notice.

(a) Insured state nonmember banks. An insured state nonmember bank shall give the FDIC written notice, as specified in paragraph (c)(1) of this section, at least 30 days prior to adding or replacing any member of its board of directors, employing any person as a senior executive officer of the bank, or changing the responsibilities of any senior executive officer so that the person would assume a different senior executive officer position, if:

1. The bank is not in compliance with all minimum capital requirements applicable to the bank as determined on the basis of the bank’s most...
recent report of condition or report of examination:

(2) The bank is in troubled condition;

(3) The FDIC determines, in connection with its review of a capital restoration plan required under section 38(e)(2) of the FDI Act (12 U.S.C. 1831o(e)(2)) or otherwise, that such notice is appropriate.

(b) Insured branches of foreign banks. In the case of the addition of a member of the board of directors or a change in senior executive officer in a foreign bank having an insured state branch, the notice requirement shall not apply to such additions and changes in the foreign bank parent, but only to changes in senior executive officers in the state branch.

(c) Waiver of prior notice—(1) Waiver requests. The FDIC may permit an individual, upon petition by the bank to the appropriate FDIC office, to serve as a senior executive officer or director before filing the notice required under this subpart if the FDIC finds that:

(i) Delay would threaten the safety or soundness of the bank;

(ii) Delay would not be in the public interest; or

(iii) Other extraordinary circumstances exist that justify waiver of prior notice.

(2) Automatic waiver. In the case of the election of a new director not proposed by management at a meeting of the shareholders of an insured state nonmember bank, the prior 30-day notice is automatically waived and the individual immediately may begin serving, provided that a complete notice is filed with the appropriate FDIC office within two business days after the individual's election.

(3) Effect on disapproval authority. A waiver shall not affect the authority of the FDIC to disapprove a notice within 30 days after a waiver is granted under paragraph (c)(1) of this section or the election of an individual who has filed a notice and is serving pursuant to an automatic waiver under paragraph (c)(2) of this section.

(d)(1) Content of filing. The notice required by paragraph (a) of this section shall be filed with the appropriate FDIC office and shall contain information pertaining to the competence, experience, character, or integrity of the individual with respect to whom the notice is submitted, as prescribed in the designated interagency form which is available from any FDIC regional director. The FDIC may require additional information.

(2) Modification. The FDIC may modify or accept other information in place of the requirements of paragraph (d)(1) of this section for a notice filed under this subpart.

§ 303.103 Processing.

(a) Processing. The 30-day notice period specified in §303.102(a) shall begin on the date substantially all information required to be submitted by the notificant pursuant to §303.102(c)(1) is received by the appropriate FDIC office. The FDIC shall notify the bank submitting the notice of the date on which the notice is accepted for processing and of the date on which the 30-day notice period will expire. If processing cannot be completed within 30 days, the notificant will be advised in writing, prior to expiration of the 30-day period, of the reason for the delay in processing and of the additional time period, not to exceed 60 days, in which processing will be completed.

(b) Commencement of service—(1) At expiration of period. A proposed director or senior executive officer may begin service after the end of the 30-day period or any other additional period as provided under paragraph (a) of this section, unless the FDIC disapproves the notice before the end of the period.

(2) Prior to expiration of period. A proposed director or senior executive officer may begin service before the end of the 30-day period or any additional time period as provided under paragraph (a) of this section, unless the FDIC disapproves the notice.

(c) Notice of disapproval. The FDIC may disapprove a notice filed under §303.102 if the FDIC finds that the competence, experience, character, or integrity of the individual with respect to whom the notice is submitted indicates that it would not be in the best interests of the depositors of the bank or in the best interests of the public to permit the individual to be employed

§ 303.161 Filing procedures.

(a) Prior notice required. In addition to complying with the substantive requirements in §333.4 of this chapter, an insured state-chartered mutually owned savings bank that proposes to convert from mutual to stock form shall file with the FDIC a notice of intent to convert to stock form.

(d) Additional information. The FDIC, in its discretion, may request any additional information it deems necessary to evaluate the proposed conversion. The institution proposing to convert from mutual to stock form shall promptly provide such information to the FDIC.

(e) Acceptance of notice. The 60-day notice period specified in § 303.163 shall commence on the date of receipt of a substantially complete notice. The FDIC shall notify the institution proposing to convert in writing of the date the notice is accepted.

(1) When compliance with any provision of this section or § 333.4 of this chapter would be inconsistent or in conflict with applicable state law, or

(2) For any other good cause shown.

(b) Content of filing. In making a request for waiver under paragraph (a) of this section, the institution shall demonstrate that the requested waiver, if granted, would not result in any effects that would be detrimental to the safety and soundness of the institution, entail a breach of fiduciary duty on part of the institution’s management or otherwise be detrimental or inequitable to the institution, its depositors, any other insured depository institution(s), the Deposit Insurance Fund, or to the public interest.

[67 FR 79247, Dec. 27, 2002, as amended at 71 FR 20526, Apr. 21, 2006]

§ 303.163 Processing.

(a) General considerations. The FDIC shall review the notice and other materials submitted by the institution proposing to convert from mutual to stock form, specifically considering the following factors:

(1) The proposed use of the proceeds from the sale of stock, as set forth in the business plan;

(2) The adequacy of the disclosure materials;

(3) The participation of depositors in approving the transaction;

(4) The form of the proxy statement required for the vote of the depositors/members on the conversion;

(5) Any proposed increased compensation and other remuneration (including stock grants, stock option rights and other similar benefits) to be granted to officers and directors/trustees of the bank in connection with the conversion;

(6) The adequacy and independence of the appraisal of the value of the mutual savings bank for purposes of determining the price of the shares of stock to be sold;

(7) The process by which the bank’s trustees approved the appraisal, the pricing of the stock, and the proposed compensation arrangements for insiders;

(8) The nature and apportionment of stock subscription rights; and

(9) The bank’s plans to fulfill its commitment to serving the convenience and needs of its community.

(b) Additional considerations. (1) In reviewing the notice and other materials submitted under this subpart, the FDIC will take into account the extent to which the proposed conversion transaction conforms with the various provisions of the mutual-to-stock conversion regulations of the Office of Thrift Supervision (OTS) (12 CFR part 563b), as currently in effect at the time the notice is submitted. Any non-conformity with those provisions will be closely reviewed.
(2) Conformity with the OTS requirements will not be sufficient for FDIC regulatory purposes if the FDIC determines that the proposed conversion transaction would pose a risk to the bank’s safety or soundness, violate any law or regulation, or present a breach of fiduciary duty.

(c) Notice period. (1) The period in which the FDIC may object to the proposed conversion transaction shall be the later of:
   (i) 60 days after receipt of a substantially complete notice of proposed conversion; or
   (ii) 20 days after the last applicable state or other federal regulator has approved the proposed conversion.

(2) The FDIC may, in its discretion, extend the initial 60-day period for up to an additional 60 days by providing written notice to the institution.

(d) Letter of non-objection. If the FDIC determines, in its discretion, that the proposed conversion transaction would not pose a risk to the institution’s safety or soundness, violate any law or regulation, or present a breach of fiduciary duty, then the FDIC shall issue to the institution proposing to convert a letter of non-objection to the proposed conversion.

(e) Letter of objection. If the FDIC determines, in its discretion, that the proposed conversion transaction poses a risk to the institution’s safety or soundness, violates any law or regulation, or presents a breach of fiduciary duty, then the FDIC shall issue a letter to the institution stating its objection(s) to the proposed conversion and advising the institution not to consummate the proposed conversion until the FDIC rescinds such letter.

The FDIC may remove an application from expedited processing for any of the reasons set forth in §303.11(c)(2) of this part. Absent such removal, an application processed under expedited processing will be deemed approved on the latest of the following:

The applicant shall publish a notice of its proposal to move from one location to another, as described in §303.7(b), in a newspaper of general circulation in the community in which the insured branch is located prior to its being moved and in the community to which it is to be moved. The notice shall include the insured branch’s current and proposed addresses.

   (2) Public comments. All public comments must be received by the appropriate regional director within 15 days after the date of the last newspaper publication required by paragraph (c)(1) of this section, unless the comment period has been extended or reopened in accordance with §303.9(b)(2).

beginning on the date of the publication required by paragraph (c)(1) of this section.

(v) No CRA protest as defined in §303.2(1) has been filed which remains unresolved or, where such a protest has been filed and remains unresolved, the Director or designee concurs that approval is consistent with the purposes of the CRA and the applicant agrees in writing to any conditions imposed regarding the CRA; and

(vi) The applicant agrees in writing to comply with any conditions imposed by the FDIC, other than the standard conditions defined in §303.2(dd) which may be imposed without the applicant’s written consent.

§§ 303.188–303.199 [Reserved]

Subpart K—Prompt Corrective Action

§ 303.200 Scope.

(a) General. (1) This subpart covers applications filed pursuant to section 38 of the FDI Act (12 U.S.C. 1831o), which requires insured depository institutions that are not adequately capitalized to receive approval prior to engaging in certain activities. Section 38 restricts or prohibits certain activities and requires an insured depository institution to submit a capital restoration plan when it becomes undercapitalized. The restrictions and prohibitions become more severe as an institution’s capital level declines.

(2) Definitions of the capital categories referenced in this Prompt Corrective Action subpart may be found in subpart B of part 325 of this chapter, §325.103(b) for state nonmember banks and §325.103(c) for insured branches of foreign banks.

(b) Institutions covered. Restrictions and prohibitions contained in subpart B of part 325 of this chapter apply primarily to insured state nonmember banks and insured branches of foreign banks, as well as to directors and senior executive officers of those institutions. Portions of subpart B of part 325 of this chapter also apply to all insured depository institutions that are deemed to be critically undercapitalized.

§ 303.201 Filing procedures.

Applications shall be filed with the appropriate FDIC office. The application shall contain the information specified in each respective section of this subpart, and shall be in letter form as prescribed in §303.3. Additional information may be requested by the FDIC. Such letter shall be signed by the president, senior officer or a duly authorized agent of the insured depository institution and be accompanied by a certified copy of a resolution adopted by the institution’s board of directors or trustees authorizing the application.

§ 303.202 Processing.

The FDIC will provide the applicant with a subsequent written notification of the final action taken as soon as the decision is rendered.

§ 303.203 Applications for capital distributions.

(a) Scope. An insured state nonmember bank and any insured branch of a foreign bank shall submit an application for capital distribution if, after having made a capital distribution, the institution would be undercapitalized, significantly undercapitalized, or critically undercapitalized.

(b) Content of filing. An application to repurchase, redeem, retire or otherwise acquire shares or ownership interests of the insured depository institution shall describe the proposal, the shares or obligations which are the subject thereof, and the additional shares or obligations of the institution which will be issued in at least an amount equivalent to the distribution. The application also shall explain how the proposal will reduce the institution’s financial obligations or otherwise improve its financial condition. If the proposed action also requires an application under section 18(i) of the FDI Act (12 U.S.C. 1828(i)) as implemented by §303.241 of this part regarding prior consent to retire capital, such application should be filed concurrently with, or made a part of, the application filed pursuant to section 38 of the FDI Act (12 U.S.C. 1831o).

§ 303.204 Applications for acquisitions, branching, and new lines of business.

(a) Scope. (1) Any insured state nonmember bank and any insured branch of a foreign bank which is undercapitalized or significantly undercapitalized, and any insured depository institution which is critically undercapitalized, shall submit an application to engage in acquisitions, branching or new lines of business.
(2) A new line of business will include any new activity exercised which, although it may be permissible, has not been exercised by the institution.

(b) Content of filing. Applications shall describe the proposal, state the date the institution’s capital restoration plan was accepted by its primary federal regulator, describe the institution’s status in implementing the plan, and explain how the proposed action is consistent with and will further the achievement of the plan or otherwise further the purposes of section 38 of the FDI Act. If the FDIC is not the applicant’s primary federal regulator, the application also should state whether approval has been requested from the applicant’s primary federal regulator, the date of such request and the disposition of the request, if any. If the proposed action also requires applications pursuant to section 18 (c) or (d) of the FDI Act (mergers and branches) (12 U.S.C. 1828 (c) or (d)), such applications should be filed concurrently with, or made a part of, the application filed pursuant to section 38 of the FDI Act (12 U.S.C. 1831o).

§ 303.205 Applications for bonuses and increased compensation for senior executive officers.

(a) Scope. Any insured state nonmember bank or insured branch of a foreign bank that is significantly or critically undercapitalized, or any insured state nonmember bank or any insured branch of a foreign bank that is undercapitalized and which has failed to submit or implement in any material respect an acceptable capital restoration plan, shall submit an application to pay a bonus or increase compensation for any senior executive officer.

(b) Content of filing. Applications shall list each proposed bonus or increase in compensation, and for the latter shall identify compensation for each of the twelve calendar months preceding the calendar month in which the institution became undercapitalized. Applications also shall state the date the institution’s capital restoration plan was accepted by the FDIC, and describe any progress made in implementing the plan.

§ 303.206 Application for payment of principal or interest on subordinated debt.

(a) Scope. Any critically undercapitalized insured depository institution shall submit an application to pay principal or interest on subordinated debt.

(b) Content of filing. Applications shall describe the proposed payment and provide an explanation of action taken under section 38(h)(3)(A)(ii) of the FDI Act (action other than receivership or conservatorship). The application also shall explain how such payments would further the purposes of section 38 of the FDI Act (12 U.S.C. 1831o). Existing approvals pursuant to requests filed under section 18(i)(1) of the FDI Act (12 U.S.C. 1828(i)(1)) (capital stock reductions or retirements) shall not be deemed to be the permission needed pursuant to section 38.

§ 303.207 Restricted activities for critically undercapitalized institutions.

(a) Scope. Any critically undercapitalized insured depository institution shall submit an application to engage in certain restricted activities.

(b) Content of filing. Applications to engage in any of the following activities, as set forth in sections 38(i)(2) (A) through (G) of the FDI Act, shall describe the proposed activity and explain how the activity would further the purposes of section 38 of the FDI Act (12 U.S.C. 1831o):

1. Enter into any material transaction other than in the usual course of business including any action with respect to which the institution is required to provide notice to the appropriate federal banking agency. Materiality will be determined on a case-by-case basis;

2. Extend credit for any highly leveraged transaction (as defined in part 325 of this chapter);

3. Amend the institution’s charter or bylaws, except to the extent necessary to carry out any other requirement of any law, regulation, or order;

4. Make any material change in accounting methods;

5. Engage in any covered transaction (as defined in section 23A(b) of the Federal Reserve Act (12 U.S.C. 371c(b)));
(6) Pay excessive compensation or bonuses. Part 364 of this chapter provides guidance for determining excessive compensation; or

(7) Pay interest on new or renewed liabilities at a rate that would increase the institution’s weighted average cost of funds to a level significantly exceeding the prevailing rates of interest on insured deposits in the institution’s normal market area. Section 337.6 of this chapter (Brokered deposits) provides guidance for defining the relevant terms of this provision; however this provision does not supersede the general prohibitions contained in §337.6.

§§ 303.208–303.219 [Reserved]

(a) Scope. This section contains the procedures to be followed by a state nonmember bank to seek the FDIC’s prior consent to exercise trust powers. The FDIC’s prior consent to exercise trust powers is not required in the following circumstances:

(1) Where a state nonmember bank received authority to exercise trust powers from its chartering authority prior to December 1, 1950; or

(2) Where an insured depository institution continues to conduct trust activities pursuant to authority granted by its chartering authority subsequent to a charter conversion or withdrawal from membership in the Federal Reserve System.

(e) Expedited processing for eligible depository institutions. An application filed under this section by an eligible depository institution as defined in §303.2(r) will be acknowledged in writing by the FDIC and will receive expedited processing, unless the applicant is notified in writing to the contrary and provided with the basis for that decision. The FDIC may remove an application from expedited processing for any of the reasons set forth in §303.11(c)(2). Absent such removal, an application processed under expedited processing will be deemed approved 20 days after the FDIC’s receipt of a substantially complete application.

§ 303.242 Exercise of trust powers.

(a) Scope. This section contains the procedures to be followed by a state nonmember bank to seek the FDIC’s prior consent to exercise trust powers. The FDIC’s prior consent to exercise trust powers is not required in the following circumstances:

§ 303.243  
Brokered deposit waivers.
(a) Scope. Pursuant to section 29 of the FDI Act (12 U.S.C. 1831f) and part 337 of this chapter, an adequately capitalized insured depository institution may not accept, renew or roll over any brokered deposits unless it has obtained a waiver from the FDIC. A well-capitalized insured depository institution may accept brokered deposits without a waiver, and an undercapitalized insured depository institution may not accept, renew or roll over any brokered deposits under any circumstances. This section contains the procedures to be followed to file with the FDIC for a brokered deposit waiver. The FDIC will provide notice to the depository institution’s appropriate federal banking agency and any state regulatory agency, as appropriate, that a request for a waiver has been filed and will consult with such agency or agencies, prior to taking action on the institution’s request for a waiver. Prior notice and/or consultation shall not be required in any particular case if the FDIC determines that the circumstances require it to take action without giving such notice and opportunity for consultation.
(b) Where to file. Applicants shall submit a letter application to the appropriate FDIC office.
(c) Content of filing. The application shall contain the following:
(1) The time period for which the waiver is requested;

(5) Procedures and practices used to solicit brokered deposits, including an identification of the principal sources of such deposits;
(6) Management systems overseeing the solicitation, acceptance and use of brokered deposits;
(7) A recent consolidated financial statement with balance sheet and income statements; and
(8) The reasons the institution believes its acceptance, renewal or rollover of brokered deposits would pose no undue risk.
(d) Additional information. The FDIC may request additional information at any time during processing of the application.
(e) Expedited processing for eligible depository institutions. An application filed under this section by an eligible depository institution as defined in this paragraph will be acknowledged in writing by the FDIC and will receive expedited processing, unless the applicant is notified in writing to the contrary and provided with the basis for that decision. For the purpose of this section, an applicant will be deemed an eligible depository institution if it satisfies all of the criteria contained in §303.2(r) except that the applicant may be adequately capitalized rather than well-capitalized. The FDIC may remove an application from expedited processing for any of the reasons set forth in §303.11(c)(2). Absent such removal, an application processed under expedited procedures will be deemed approved 21 days after the FDIC’s receipt of a substantially complete application.
(f) Standard processing. For those filings which are not processed pursuant to the expedited procedures, the FDIC will provide the applicant with written notification of the final action as soon as the decision is rendered.
(g) Conditions for approval. A waiver issued pursuant to this section shall:

This section contains the procedures to file for the FDIC’s consent when such consent is necessary under part 359 of this chapter.

(1) Golden parachute payments. A troubled insured depository institution or a troubled depository institution holding company is prohibited from making golden parachute payments (as defined in §359.1(f)(1) of this chapter) unless it obtains the consent of the appropriate federal banking agency and the written concurrence of the FDIC. Therefore, in the case of golden parachute payments, the procedures in this section apply to all troubled insured depository institutions and troubled depository institution holding companies.

(2) Excess nondiscriminatory severance plan payments. In the case of excess nondiscriminatory severance plan payments as provided by §359.1(f)(2)(v) of this chapter, the FDIC’s consent is necessary for state nonmember banks that meet the criteria set forth in §359.1(f)(1)(ii) of this chapter. In addition, the FDIC’s consent is required for all insured depository institutions or depository institution holding companies that meet the same criteria and seek to make payments in excess of the 12-month amount specified in §359.1(f)(2)(v).

(b) Where to file. Applicants shall submit a letter application to the appropriate FDIC regional director.

(d) Additional information. The FDIC may request additional information at any time during processing of the filing.

(e) Processing. The FDIC will provide the applicant with a subsequent written notification of the final action taken as soon as the decision is rendered.

§ 303.245 Waiver of liability for commonly controlled depository institutions.

(a) Scope. Section 5(e) of the FDI Act (12 U.S.C. 1815(e)) creates liability for commonly controlled insured depository institutions for losses incurred or anticipated to be incurred by the FDIC in connection with the default of a commonly controlled insured depository institution or any assistance provided by the FDIC to any commonly controlled insured depository institution in danger of default. In addition to certain statutory exceptions and exclusions contained in sections 5(e)(6), (7) and (8), the FDI Act also permits the FDIC, in its discretion, to exempt any insured depository institution from this liability if it determines that such exemption is in the best interests of the Deposit Insurance Fund. This section describes procedures to request a conditional waiver of liability pursuant to section 5 of the FDI Act (12 U.S.C. 1815(e)(5)(A)).

(b) Definition. Conditional waiver of liability means an exemption from liability pursuant to section 5(e) of the FDI Act (12 U.S.C. 1815(e)) subject to terms and conditions.

(c) Where to file. Applicants shall submit a letter application to the appropriate FDIC office.

(b) Where to file. Applicants shall submit a letter application to the appropriate FDIC office.

(c) Content of filing. The application shall contain the following information:
   (1) A description of the proposed transaction;
   (2) A schedule detailing the present and proposed capital structure; and
   (3) A copy of any documents submitted to the state chartering authority with respect to the charter conversion.

(d) Additional information. The FDIC may request additional information at any time during the processing.

(e) Processing. The FDIC will provide the applicant with written notification of the final action when the decision is rendered.

PART 304—FORMS, INSTRUCTIONS, AND REPORTS

Sec. 304.1 Purpose.
304.2 Where to obtain forms and instructions.
304.3 Reports.

SOURCE: 67 FR 18793, Apr. 17, 2002, unless otherwise noted.

§ 304.1 Purpose.

Part 304 informs the public where it may obtain forms and instructions for reports, applications, and other submittals used by the FDIC, and also describes certain forms that are not described elsewhere in FDIC regulations.

§ 304.2 Where to obtain forms and instructions.

Forms and instructions used in connection with applications, reports, and other submittals used by the FDIC can be obtained by contacting the FDIC Public Information Center (801 17th Street, NW., Washington, DC 20434; telephone: 800-276-6003 or 202–416–6940), except as noted below in §304.3. In addition, many forms and instructions can be obtained from FDIC regional offices. A list of FDIC regional offices can be obtained from the FDIC Public Information Center or found at the FDIC’s web site at http://www.fdic.gov, or in the directory of FDIC Law, Regulations and Related Acts published by the FDIC.

§ 304.3 Reports.

(a) Consolidated Reports of Condition and Income, Forms FFIEC 031 and 041. Pursuant to section 7(a) of the Federal Deposit Insurance Act (12 U.S.C. 1817(a)), every national bank, state member bank, and insured state non-member bank is required to file Consolidated Reports of Condition and Income (also known as the Call Report) in accordance with the instructions for these reports. All assets and liabilities, including contingent assets and liabilities, must be reported in, or otherwise taken into account in the preparation of, the Call Report. The FDIC uses Call Report data to calculate deposit insurance assessments and monitor the condition, performance, and risk profile of individual banks and the banking industry. Reporting banks must also submit annually such information on small business and small farm lending as the FDIC may need to assess the availability of credit to these sectors of the economy. The report forms and instructions can be obtained from the Division of Supervision and Consumer Protection (DSC), FDIC, Washington, DC 20429.

(Approved by the Office of Management and Budget under control number 3064–0052)

(b) Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks, Form FFIEC 002. Pursuant to section 7(a) of the Federal Deposit Insurance Act (12 U.S.C. 1817(a)), every insured U.S. branch of a foreign bank is
required to file a Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks in accordance with the instructions for the report. All assets and liabilities, including contingent assets and liabilities, must be reported in, or otherwise taken into account in the preparation of the report. The FDIC uses the reported data to calculate deposit insurance assessments and monitor the condition, performance, and risk profile of individual insured branches and the banking industry. Insured branches must also submit annually such information on small business and small farm lending as the FDIC may need to assess the availability of credit to these sectors of the economy. Because the Board of Governors of the Federal Reserve System collects and processes this report on behalf of the FDIC, the report forms and instructions can be obtained from Federal Reserve District Banks or through the web site of the Federal Financial Institutions Examination Council, http://www.ffiec.gov/.

(Approved by the Office of Management and Budget under control number 7100-0032)

(c) Summary of Deposits, Form FDIC 8020/05. Form 8020/05 is a report on the amount of deposits for each authorized office of an insured bank with branches; unit banks do not report. Reports as of June 30 of each year must be submitted no later than the immediately succeeding July 31. The report forms and the instructions for completing the reports will be furnished to all such banks by, or may be obtained upon request from, the Division of Supervision and Consumer Protection (DSC), FDIC, 550 17th Street, NW., Washington, DC 20429.

(Approved by the Office of Management and Budget under control number 3064-0061)

(d) Notification of Performance of Bank Services, Form FDIC 6120/06. Pursuant to Section 7 of the Bank Service Company Act (12 U.S.C. 1867), as amended, FDIC supervised banks must notify the agency about the existence of a service relationship within thirty days after the making of the contract by the performance of the service, whichever occurs first. Form FDIC 6120/06 may be used to satisfy the notice requirement. The form contains identification, location and contact information for the bank, the servicer, and a description of the services provided. In lieu of the form, notification may be provided by letter. Either the form or the letter containing the notice information must be submitted to the regional director—Division of Supervision and Consumer Protection (DSC) of the region in which the bank’s main office is located.

PARTS 305–306 [RESERVED]

PART 307—CERTIFICATION OF ASSUMPTION OF DEPOSITS AND NOTIFICATION OF CHANGES OF INSURED STATUS

§ 307.1 Scope and purpose.

(a) Scope. This Part applies to all insured depository institutions, as defined in section 3(c)(2) of the Federal Deposit Insurance Act (FDI Act) (12 U.S.C. 1818(c)(2)).

(b) Purpose. This Part sets forth the rules governing:

(1) The time and manner for providing certification to the FDIC regarding the assumption of all of the deposit liabilities of an insured depository institution by one or more insured depository institutions; and

(2) The notification that an insured depository institution shall provide its depositors when a depository institution’s insured status is being voluntarily terminated without its deposits being assumed by one or more insured depository institutions.
§ 307.2 Certification of assumption of deposit liabilities.

(a) When certification is required. Whenever all of the deposit liabilities of an insured depository institution are assumed by one or more insured depository institutions by merger, consolidation, other statutory assumption, or by contract, the transferring insured depository institution, or its legal successor, shall provide an accurate written certification to the FDIC that its deposit liabilities have been assumed. No certification shall be required when deposit liabilities are assumed by an operating insured depository institution from an insured depository institution in default, as defined in section 3(x)(1) of the FDI Act (12 U.S.C. 1813(x)(1)), and that has been placed under FDIC receivership.

(b) Certification requirements. The certification required by paragraph (a) of this section shall be provided on official letterhead of the transferring insured depository institution or its legal successor, signed by a duly authorized official, and state the date the assumption took effect. The certification shall indicate the date on which the transferring institution’s authority to engage in banking has terminated or will terminate as well as the method of termination (e.g., whether by the surrender of its charter, by the cancellation of its charter or license to conduct a banking business, or otherwise). The certification may follow the form contained in Appendix A of this part. In a merger or consolidation where there is only one surviving entity which is the legal successor to both the transferring and assuming institutions, the surviving entity shall provide any required certification.

(c) Filing. The certification required by paragraph (a) of this section shall be provided within 30 calendar days after the assumption takes effect, and shall be submitted to the appropriate Regional Director of the FDIC’s Division of Supervision and Consumer Protection, as defined in 12 CFR 303.2(g).

(d) Evidence of assumption. The receipt by the FDIC of an accurate certification for a total assumption as required by paragraphs (a), (b) and (c) of this section shall constitute satisfactory evidence of such deposit assumption, as required by section 8(q) of the FDI Act (12 U.S.C. 1818(q)), and the insured status of the transferring institution shall terminate on the date of the receipt of the certification. In appropriate circumstances, the FDIC, in its sole discretion, may require additional information, or may consider other evidence of a deposit assumption to constitute satisfactory evidence of such assumption for purposes of section 8(q).

(e) Issuance of an order. The Executive Secretary, upon request from the Director of the Division of Supervision and Consumer Protection and with the concurrence of the General Counsel, or their respective designees, shall issue an order terminating the insured status of the transferring insured depository institution as of the date of receipt by the FDIC of satisfactory evidence of such assumption, pursuant to section 8(q) of the FDI Act and this regulation. Generally, no order shall be issued, under this paragraph, and insured status shall be cancelled by operation of law:

(1) If the charter of the transferring institution has been cancelled, revoked, rescinded, or otherwise terminated by operation of applicable state or federal statutes or regulations, or by action of the chartering authority for the transferring institution essentially contemporaneously, that is, generally within five business days after all deposits have been assumed; or

(2) If the transferring institution is an insured depository institution in default and for which the FDIC has been appointed receiver.

§ 307.3 Notice to depositors when insured status is voluntarily terminated and deposits are not assumed.

(a) Notice required. An insured depository institution that has obtained authority from the FDIC to terminate its insured status under sections 8(a), 8(p) or 18(i)(3) of the FDI Act without its deposit liabilities being assumed by one or more insured depository institutions shall provide to each of its depositors, at the depositor’s last known address of record on the books of the institution, prior written notification of the date the institution’s insured status shall terminate.
(b) Prior approval of notice. The insured depository institution shall provide the appropriate Regional Director of the FDIC’s Division of Supervision and Consumer Protection, as defined in 12 CFR 303.2(g), a copy of the proposed notice for approval. After being approved, the notice shall be provided to depositors by the insured depository institution at the time and in the manner specified by the appropriate Regional Director.

(c) Form of notice. The notice to depositors required by paragraph (a) of this section shall be provided on the official letterhead of the insured depository institution, shall bear the signature of a duly authorized officer, and, unless otherwise specified by the appropriate Regional Director, may follow the form of the notice contained in Appendix B of this part.

(d) Other requirements possible. The FDIC may require the insured depository institution to take such other actions as the FDIC considers necessary and appropriate for the protection of depositors.

§ 308.6 Appearance and practice in adjudicatory proceedings.

(a) Appearance before the FDIC or an administrative law judge—

(1) By attorneys. Any member in good standing of the bar of the highest court of any state, commonwealth, possession, territory of the United States, or the District of Columbia may represent others before the FDIC if such attorney is not currently suspended or debarred from practice before the FDIC.

(2) By non-attorneys. An individual may appear on his or her own behalf; a member of a partnership may represent the partnership; a duly authorized officer, director, or employee of any government unit, agency, institution, corporation or authority may represent such unit, agency, institution, corporation or authority if such officer, director, or employee is not currently suspended or debarred from practice before the FDIC.

(b) Notice of appearance. Any individual acting as counsel on behalf of a party, including the FDIC, shall file a notice of appearance with OFIA at or before the time that individual submits papers or otherwise appears on behalf of a party in the adjudicatory proceeding. The notice of appearance must include a written declaration that the individual is currently qualified as provided in paragraph (a)(1) or (a)(2) of this section and is authorized to represent the particular party. By filing a notice of appearance on behalf of a party in an adjudicatory proceeding, the counsel agrees and represents that he or she is authorized to accept service on behalf of the represented party and that, in the event of withdrawal from representation, he or she will, if required by the administrative law judge, continue to accept service until new counsel has filed a notice of appearance or until the represented party indicates that he or she will proceed on a pro se basis.

§ 308.7 Good faith certification.

(a) General requirement. Every filing or submission of record following the issuance of a notice shall be signed by at least one counsel of record in his or her individual name and shall state that counsel’s address and telephone number. A party who acts as his or her own counsel shall sign his or her individual name and state his or her address and telephone number on every filing or submission of record.

(b) Effect of signature. (1) The signature of counsel or a party shall constitute a certification that: The counsel or party has read the filing or submission of record; to the best of his or her knowledge, information, and belief formed after reasonable inquiry, the filing or submission of record is well-grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; and the filing or submission of record is not made for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of litigation.
§ 308.8 Conflicts of interest.

(a) Conflict of interest in representation. No person shall appear as counsel for another person in an adjudicatory proceeding if it reasonably appears that such representation may be materially limited by that counsel’s responsibilities to a third person or by the counsel’s own interests. The administrative law judge may take corrective measures at any stage of a proceeding to cure a conflict of interest in representation, including the issuance of an order limiting the scope of representation or disqualifying an individual from appearing in a representative capacity for the duration of the proceeding.

(b) Certification and waiver. If any person appearing as counsel represents two or more parties to an adjudicatory proceeding or also represents a non-party on a matter relevant to an issue in the proceeding, counsel must certify in writing at the time of filing the notice of appearance required by §308.6(a): 

(1) That the counsel has personally and fully discussed the possibility of conflicts of interest with each such party and non-party; and

(2) That each such party and non-party waives any right it might otherwise have had to assert any known conflicts of interest or to assert any non-material conflicts of interest during the course of the proceeding.

§ 308.9 Ex parte communications.

(a) Definition—(1) Ex parte communication means any material oral or written communication relevant to the merits of an adjudicatory proceeding that was neither on the record nor on reasonable prior notice to all parties that takes place between:

(i) An interested person outside the FDIC (including such person’s counsel); and

(ii) The administrative law judge handling that proceeding, the Board of Directors, or a decisional employee.

(2) Exception. A request for status of the proceeding does not constitute an ex parte communication.

(b) Prohibition of ex parte communications. From the time the notice is issued by the FDIC until the date that the Board of Directors issues its final decision pursuant to §308.40(c):

(1) No interested person outside the FDIC shall make or knowingly cause to be made an ex parte communication to any member of the Board of Directors, the administrative law judge, or a decisional employee; and

(2) No member of the Board of Directors, no administrative law judge, or decisional employee shall make or knowingly cause to be made to any interested person outside the FDIC any ex parte communication.

(c) Procedure upon occurrence of ex parte communication. If an ex parte communication is received by the administrative law judge, any member of the Board of Directors or other person identified in paragraph (a) of this section, that person shall cause all such communications to be placed on the record of the proceeding and served on all parties. All other parties to the proceeding shall have an opportunity, within ten days of receipt of service of the ex parte communication, to file responses thereto and to recommend any sanctions that they believe to be appropriate under the circumstances. The administrative law judge or the Board
of Directors shall then determine whether any action should be taken concerning the ex parte communication in accordance with paragraph (d) of this section.

(d) Sanctions. Any party or his or her counsel who makes a prohibited ex parte communication, or who encourages or solicits another to make any such communication, may be subject to any appropriate sanction or sanctions imposed by the Board of Directors or the administrative law judge including, but not limited to, exclusion from the proceedings and an adverse ruling on the issue which is the subject of the prohibited communication.

(e) Separation of functions. Except to the extent required for the disposition of ex parte matters as authorized by law, the administrative law judge may not consult a person or party on any matter relevant to the merits of the adjudication, unless on notice and opportunity for all parties to participate. An employee or agent engaged in the performance of investigative or prosecuting functions for the FDIC in a case may not, in that or a factually related case, participate or advise in the decision, recommended decision, or agency review of the recommended decision under §308.40 except as witness or counsel in public proceedings.

§308.10 Filing of papers.

(a) Filing. Any papers required to be filed, excluding documents produced in response to a discovery request pursuant to §§308.25 and 308.26, shall be filed with the OFIA, except as otherwise provided.

(b) Manner of filing. Unless otherwise specified by the Board of Directors or the administrative law judge, filing may be accomplished by:

(1) Personal service;
(2) Delivering the papers to a reliable commercial courier service, overnight delivery service, or to the U.S. Post Office for Express Mail delivery;
(3) Mailing the papers by first class, registered, or certified mail; or
(4) Transmission by electronic media, only if expressly authorized, and upon any conditions specified, by the Board of Directors or the administrative law judge. All papers filed by electronic media shall also concurrently be filed in accordance with paragraph (c) of this section.

(c) Formal requirements as to papers filed—(1) Form. All papers filed must set forth the name, address, and telephone number of the counsel or party making the filing and must be accompanied by a certification setting forth when and how service has been made on all other parties. All papers filed must be double-spaced and printed or typewritten on 8 1/2 × 11 inch paper, and must be clear and legible.

(2) Signature. All papers must be dated and signed as provided in §308.7.

(3) Caption. All papers filed must include at the head thereof, or on a title page, the name of the FDIC and of the filing party, the title and docket number of the proceeding, and the subject of the particular paper.

(4) Number of copies. Unless otherwise specified by the Board of Directors, or the administrative law judge, an original and one copy of all documents and papers shall be filed, except that only one copy of transcripts of testimony and exhibits shall be filed.

§308.11 Service of papers.

(a) By the parties. Except as otherwise provided, a party filing papers shall serve a copy upon the counsel of record for all other parties to the proceeding so represented, and upon any party not so represented.

(b) Method of service. Except as provided in paragraphs (c)(2) and (d) of this section, a serving party shall use one or more of the following methods of service:

(1) Personal service;
(2) Delivering the papers to a reliable commercial courier service, overnight delivery service, or to the U.S. Post Office for Express Mail delivery;
(3) Mailing the papers by first class, registered, or certified mail; or
(4) Transmission by electronic media, only if the parties mutually agree. Any papers served by electronic media shall also concurrently be served in accordance with the requirements of §308.10(e).

(c) By the Board of Directors. (1) All papers required to be served by the
Board of Directors or the administrative law judge upon a party who has appeared in the proceeding in accordance with §308.6, shall be served by any means specified in paragraph (b) of this section.

(2) If a party has not appeared in the proceeding in accordance with §308.6, the Board of Directors or the administrative law judge shall make service by any of the following methods:
   (i) By personal service;
   (ii) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;
   (iii) If the person to be served is a corporation or other association, by delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party;
   (iv) By registered or certified mail addressed to the party’s last known address; or
   (v) By any other method reasonably calculated to give actual notice.

(d) Subpoenas. Service of a subpoena may be made:
   (1) By personal service;
   (2) If the person to be served is an individual, by delivery to a person of suitable age and discretion at the physical location where the individual resides or works;
   (3) By delivery to an agent which, in the case of a corporation or other association, is delivery to an officer, managing or general agent, or to any other agent authorized by appointment or by law to receive service and, if the agent is one authorized by statute to receive service and the statute so requires, by also mailing a copy to the party;
   (4) By registered or certified mail addressed to the person’s last known address; or
   (5) In such other manner as is reasonably calculated to give actual notice.

(e) Area of service. Service in any state, territory, possession of the United States, or the District of Columbia, on any person as otherwise provided by law, is effective without regard to the place where the hearing is held, provided that if service is made on a foreign bank in connection with an action or proceeding involving one or more of its branches or agencies located in any state, territory, possession of the United States, or the District of Columbia, service shall be made on at least one branch or agency so involved.

§308.12 Construction of time limits.

(a) General rule. In computing any period of time prescribed by this subpart, the date of the act or event that commences the designated period of time is not included. The last day so computed is included unless it is a Saturday, Sunday, or Federal holiday. When the last day is a Saturday, Sunday, or Federal holiday, the period runs until the end of the next day that is not a Saturday, Sunday, or Federal holiday. Intermediate Saturdays, Sundays, and Federal holidays are included in the computation of time. However, when the time period within which an act is to be performed is ten days or less, not including any additional time allowed for in paragraph (c) of this section, intermediate Saturdays, Sundays, and Federal holidays are not included.

(b) When papers are deemed to be filed or served. (1) Filing and service are deemed to be effective:
   (i) In the case of personal service or same day commercial courier delivery, upon actual service;
   (ii) In the case of overnight commercial delivery service, U.S. Express Mail delivery, or first class, registered, or certified mail, upon deposit in or delivery to an appropriate point of collection;
   (iii) In the case of transmission by electronic media, as specified by the authority receiving the filing, in the case of filing, and as agreed among the parties, in the case of service.

   (2) The effective filing and service dates specified in paragraph (b) (1) of this section may be modified by the Board of Directors or administrative law judge in the case of filing or by
agreement of the parties in the case of service.

(c) Calculation of time for service and filing of responsive papers. Whenever a time limit is measured by a prescribed period from the service of any notice or paper, the applicable time limits are calculated as follows:

(1) If service is made by first class, registered, or certified mail, add three calendar days to the prescribed period;

(2) If service is made by express mail or overnight delivery service, add one calendar day to the prescribed period; or

(3) If service is made by electronic media transmission, add one calendar day to the prescribed period, unless otherwise determined by the Board of Directors or the administrative law judge in the case of filing, or by agreement among the parties in the case of service.

§ 308.13 Change of time limits.

Except as otherwise provided by law, the administrative law judge may, for good cause shown, extend the time limits prescribed by the Uniform Rules or by any notice or order issued in the proceedings. After the referral of the case to the Board of Directors pursuant to §308.38, the Board of Directors may grant extensions of the time limits for good cause shown. Extensions may be granted at the motion of a party or of the Board of Directors after notice and opportunity to respond is afforded all non-moving parties, or on the administrative law judge’s own motion.

§ 308.14 Witness fees and expenses.

Witnesses subpoenaed for testimony or depositions shall be paid the same fees for attendance and mileage as are paid in the United States district courts in proceedings in which the United States is a party, provided that, in the case of a discovery subpoena addressed to a party, no witness fees or mileage need be paid. Fees for witnesses shall be tendered in advance by the party requesting the subpoena, except that fees and mileage need not be tendered in advance where the FDIC is the party requesting the subpoena. The FDIC shall not be required to pay any fees to, or expenses of, any witness not subpoenaed by the FDIC.

§ 308.15 Opportunity for informal settlement.

Any respondent may, at any time in the proceeding, unilaterally submit to Enforcement Counsel written offers or proposals for settlement of a proceeding, without prejudice to the rights of any of the parties. No such offer or proposal shall be made to any FDIC representative other than Enforcement Counsel. Submission of a written settlement offer does not provide a basis for adjourning or otherwise delaying all or any portion of a proceeding under this part. No settlement offer or proposal, or any subsequent negotiation or resolution, is admissible as evidence in any proceeding.

§ 308.16 FDIC’s right to conduct examination.

Nothing contained in this subpart limits in any manner the right of the FDIC to conduct any examination, inspection, or visitation of any institution or institution-affiliated party, or the right of the FDIC to conduct or continue any form of investigation authorized by law.

§ 308.17 Collateral attacks on adjudicatory proceeding.

If an interlocutory appeal or collateral attack is brought in any court concerning all or any part of an adjudicatory proceeding, the challenged adjudicatory proceeding shall continue without regard to the pendency of that court proceeding. No default or other failure to act as directed in the adjudicatory proceeding within the times prescribed in this subpart shall be excused based on the pendency before any court of any interlocutory appeal or collateral attack.

§ 308.18 Commencement of proceeding and contents of notice.

(a) Commencement of proceeding. (1)(i) Except for change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)), a proceeding governed by this subpart is commenced by issuance of a notice by the FDIC.
§ 308.19 Contents of notice. The notice must set forth:

(1) The legal authority for the proceeding and for the FDIC's jurisdiction over the proceeding;
(2) A statement of the matters of fact or law showing that the FDIC is entitled to relief;
(3) A proposed order or prayer for an order granting the requested relief;
(4) The time, place, and nature of the hearing as required by law or regulation;
(5) The time within which to file an answer as required by law or regulation;
(6) The time within which to request a hearing as required by law or regulation; and
(7) That the answer and/or request for a hearing shall be filed with OFIA.

§ 308.20 Amended pleadings.

(a) Amendments. The notice or answer may be amended or supplemented at any stage of the proceeding. The respondent must answer an amended notice within the time remaining for the respondent’s answer to the original notice, or within ten days after service of the amended notice, whichever period is longer, unless the Board of Directors or administrative law judge orders otherwise for good cause.

(b) Amendments to conform to the evidence. When issues not raised in the notice or answer are tried at the hearing by express or implied consent of the parties, they will be treated in all respects as if they had been raised in the notice or answer, and no formal amendments are required. If evidence is objected to at the hearing on the ground that it is not within the issues raised by the notice or answer, the administrative law judge may admit the evidence when admission is likely to assist in adjudicating the merits of the action and the objecting party fails to satisfy the administrative law judge.
that the admission of such evidence would unfairly prejudice that party’s action or defense upon the merits. The administrative law judge may grant a continuance to enable the objecting party to meet such evidence.  

§ 308.23 Motions. 

(a) In writing. (1) Except as otherwise provided herein, an application or request for an order or ruling must be made by written motion.  

(2) All written motions must state with particularity the relief sought and must be accompanied by a proposed order.  

(3) No oral argument may be held on written motions except as otherwise directed by the administrative law judge. Written memoranda, briefs, affidavits or other relevant material or documents may be filed in support of or in opposition to a motion.  

(b) Oral motions. A motion may be made orally on the record unless the administrative law judge directs that such motion be reduced to writing.  

(c) Filing of motions. Motions must be filed with the administrative law judge, except that following the filing of the recommended decision, motions must be filed with the Executive Secretary for disposition by the Board of Directors.  

(d) Responses. (1) Except as otherwise provided herein, within ten days after service of any written motion, or within such other period of time as may be established by the administrative law judge or the Executive Secretary, any party may file a written response to a motion. The administrative law judge shall not rule on any oral or written motion before each party has had an opportunity to file a response.  

(2) The failure of a party to oppose a written motion or an oral motion made on the record is deemed a consent by that party to the entry of an order substantially in the form of the order accompanying the motion.  

(e) Dilatory motions. Frivolous, dilatory or repetitive motions are prohibited. The filing of such motions may form the basis for sanctions.  

(f) Dispositive motions. Dispositive motions are governed by §§ 308.29 and 308.30.  

§ 308.24 Scope of document discovery. 

(a) Limits on discovery. (1) Subject to the limitations set out in paragraphs (b), (c), and (d) of this section, a party to a proceeding under this subpart may obtain document discovery by serving
§ 308.25 Request for document discovery from parties.

(a) General rule. Any party may serve on any other party a request to produce for inspection any discoverable documents that are in the possession, custody, or control of the party upon whom the request is served. The request must identify the documents to be produced either by individual item or by category, and must describe each item and category with reasonable particularity. Documents must be produced as they are kept in the usual course of business or must be organized to correspond with the categories in the request.

(b) Production or copying. The request must specify a reasonable time, place, and manner for production and performing any related acts. In lieu of inspecting the documents, the requesting party may specify that all or some of the responsive documents be copied and the copies delivered to the requesting party. If copying of fewer than 250 pages is requested, the party to whom the request is addressed shall bear the cost of copying and shipping charges. If a party requests 250 pages or more of copying, the requesting party shall pay for the copying and shipping charges. Copying charges are the current per-page copying rate imposed by 12 CFR part 310 implementing the Freedom of Information Act (5 U.S.C. 552). The party to whom the request is addressed may require payment in advance before producing the documents.

(c) Obligation to update responses. A party who has responded to a discovery request with a response that was complete when made is not required to supplement the response to include documents thereafter acquired, unless the responding party learns that:

(1) The response was materially incorrect when made; or

(2) The response, though correct when made, is no longer true and a failure to amend the response is, in substance, a knowing concealment.
(d) **Motions to limit discovery.** (1) Any party that objects to a discovery request may, within ten days of being served with such request, file a motion in accordance with the provisions of §308.23 to strike or otherwise limit the request. If an objection is made to only a portion of an item or category in a request, the portion objected to shall be specified. Any objections not made in accordance with this paragraph and §308.23 are waived.

(2) The party who served the request that is the subject of a motion to strike or limit may file a written response within five days of service of the motion. No other party may file a response.

(e) **Privilege.** At the time other documents are produced, the producing party must reasonably identify all documents withheld on the grounds of privilege and must produce a statement of the basis for the assertion of privilege. When similar documents that are protected by deliberative process, attorney-work-product, or attorney-client privilege are voluminous, these documents may be identified by category instead of by individual document. The administrative law judge retains discretion to determine when the identification by category is insufficient.

(f) **Motions to compel production.** (1) If a party withholds any documents as privileged or fails to comply fully with a discovery request, the requesting party may, within ten days of the assertion of privilege or of the time the failure to comply becomes known to the requesting party, file a motion in accordance with the provisions of §308.23 for the issuance of a subpoena compelling production.

(2) The party who asserted the privilege or failed to comply with the request may file a written response to a motion to compel within five days of service of the motion. No other party may file a response.

(g) **Ruling on motions.** After the time for filing responses pursuant to this section has expired, the administrative law judge shall rule promptly on all motions filed pursuant to this section. If the administrative law judge determines that a discovery request, or any of its terms, calls for irrelevant material, is unreasonable, oppressive, excessive in scope, unduly burdensome, or repetitive of previous requests, or seeks to obtain privileged documents, he or she may deny or modify the request, and may issue appropriate protective orders, upon such conditions as justice may require. The pendency of a motion to strike or limit discovery or to compel production is not a basis for staying or continuing the proceeding, unless otherwise ordered by the administrative law judge. Notwithstanding any other provision in this part, the administrative law judge may not release, or order a party to produce, documents withheld on grounds of privilege if the party has stated to the administrative law judge its intention to file a timely motion for interlocutory review of the administrative law judge’s order to produce the documents, and until the motion for interlocutory review has been decided.

(h) **Enforcing discovery subpoenas.** If the administrative law judge issues a subpoena compelling production of documents by a party, the subpoenaing party may, in the event of noncompliance and to the extent authorized by applicable law, apply to any appropriate United States district court for an order requiring compliance with the subpoena. A party’s right to seek court enforcement of a subpoena shall not in any manner limit the sanctions that may be imposed by the administrative law judge against a party who fails to produce subpoenaed documents.

§ 308.27 Deposition of witness unavailable for hearing.

(a) General rules. (1) If a witness will not be available for the hearing, a party desiring to preserve that witness’ testimony for the record may apply in accordance with the procedures set forth in paragraph (a)(2) of this section, to the administrative law judge for the issuance of a subpoena, including a subpoena duces tecum, requiring the attendance of the witness at a deposition. The administrative law judge may issue a deposition subpoena under this section upon showing that:

(i) The witness will be unable to attend or may be prevented from attending the hearing because of age, sickness or infirmity, or will otherwise be unavailable;

(ii) The witness’ unavailability was not procured or caused by the subpoenaing party;

(iii) The testimony is reasonably expected to be material; and

(iv) Taking the deposition will not result in any undue burden to any other party and will not cause undue delay of the proceeding.

(b) Motion to quash or modify. (1) Any person to whom a document subpoena is directed may file a motion to quash or modify such subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant shall serve the motion on all parties, and any party may respond to such motion within ten days of service of the motion.

(2) Any motion to quash or modify a document subpoena must be filed on the same basis, including the assertion of privilege, upon which a party could object to a discovery request under § 308.24(d), and during the same time limits during which such an objection could be filed.

(c) Enforcing document subpoenas. If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with so much of the document subpoena as the administrative law judge has not quashed or modified. A party’s right to seek court enforcement of a document subpoena shall in no way limit the sanctions that may be imposed by the administrative law judge on a party who induces a failure to comply with subpoenas issued under this section.
Federal Deposit Insurance Corporation § 308.28

(4) The party obtaining a deposition subpoena is responsible for serving it on the witness and for serving copies on all parties. Unless the administrative law judge orders otherwise, no deposition under this section shall be taken on fewer than ten days’ notice to the witness and all parties. Deposition subpoenas may be served in any state, territory, possession of the United States, or the District of Columbia, on any person or company doing business in any state, territory, possession of the United States, or the District of Columbia, or as otherwise permitted by law.

(b) Objections to deposition subpoenas. (1) The witness and any party who has not had an opportunity to oppose a deposition subpoena issued under this section may file a motion with the administrative law judge to quash or modify the subpoena prior to the time for compliance specified in the subpoena, but not more than ten days after service of the subpoena.

(2) A statement of the basis for the motion to quash or modify a subpoena issued under this section must accompany the motion. The motion must be served on all parties.

(c) Procedure upon deposition. (1) Each witness testifying pursuant to a deposition subpoena must be duly sworn, and each party shall have the right to examine the witness. Objections to questions or documents must be in short form, stating the grounds for the objection. Failure to object to questions or documents is not deemed a waiver except where the ground for the objection might have been avoided if the objection had been timely presented. All questions, answers, and objections must be recorded.

(2) Any party may move before the administrative law judge for an order compelling the witness to answer any questions the witness has refused to answer or submit any evidence the witness has refused to submit during the deposition.

(3) The deposition must be subscribed by the witness, unless the parties and the witness, by stipulation, have waived the signing, or the witness is ill, cannot be found, or has refused to sign. If the deposition is not subscribed by the witness, the court reporter taking the deposition shall certify that the transcript is a true and complete transcript of the deposition.

(d) Enforcing subpoenas. If a subpoenaed person fails to comply with any order of the administrative law judge which directs compliance with all or any portion of a deposition subpoena under paragraph (b) or (c)(3) of this section, the subpoenaing party or other aggrieved party may, to the extent authorized by applicable law, apply to an appropriate United States district court for an order requiring compliance with the portions of the subpoena that the administrative law judge has ordered enforced. A party’s right to seek court enforcement of a deposition subpoena in no way limits the sanctions that may be imposed by the administrative law judge on a party who fails to comply with, or procures a failure to comply with, a subpoena issued under this section.

§ 308.28 Interlocutory review.

(a) General rule. The Board of Directors may review a ruling of the administrative law judge prior to the certification of the record to the Board of Directors only in accordance with the procedures set forth in this section and §308.23.

(b) Scope of review. The Board of Directors may exercise interlocutory review of a ruling of, the administrative law judge if the Board of Directors finds that:

(1) The ruling involves a controlling question of law or policy as to which substantial grounds exist for a difference of opinion;

(2) Immediate review of the ruling may materially advance the ultimate termination of the proceeding;

(3) Subsequent modification of the ruling at the conclusion of the proceeding would be an inadequate remedy; or

(4) Subsequent modification of the ruling would cause unusual delay or expense.

(c) Procedure. Any request for interlocutory review shall be filed by a party with the administrative law judge within ten days of his or her ruling and shall otherwise comply with §308.23. Any party may file a response to a request for interlocutory review in
§ 308.29 Summary disposition.

(a) In general. The administrative law judge shall recommend that the Board of Directors issue a final order granting a motion for summary disposition if the undisputed pleaded facts, admissions, stipulations, documentary evidence, matters as to which official notice may be taken, and any other evidentiary materials properly submitted in connection with a motion for summary disposition show that:

(1) There is no genuine issue as to any material fact; and

(2) The moving party is entitled to a decision in its favor as a matter of law.

(b) Filing of motions and responses. (1) Any party who believes that there is no genuine issue of material fact to be determined and that he or she is entitled to a decision as a matter of law may file a statement setting forth those material facts as to which he or she contends a genuine dispute exists. Such opposition must be supported by evidence of the same type as that submitted with the motion for summary disposition and a brief containing the points and authorities in support of the contention that summary disposition would be inappropriate.

(c) Hearing on motion. At the request of any party or on his or her own motion, the administrative law judge may hear oral argument on the motion for summary disposition.

(d) Decision on motion. Following receipt of a motion for summary disposition and all responses thereto, the administrative law judge shall determine whether the moving party is entitled to summary disposition. If the administrative law judge determines that summary disposition is warranted, the administrative law judge shall submit a recommended decision to that effect to the Board of Directors. If the administrative law judge finds that no party is entitled to summary disposition, he or she shall make a ruling denying the motion.

§ 308.30 Partial summary disposition.

If the administrative law judge determines that a party is entitled to summary disposition as to certain claims only, he or she shall defer submitting a recommended decision as to those claims. A hearing on the remaining issues must be ordered. Those claims for which the administrative law judge has determined that summary disposition is warranted will be addressed in the recommended decision filed at the conclusion of the hearing.

§ 308.31 Scheduling and prehearing conferences.

(a) Scheduling conference. Within 30 days of service of the notice or order commencing a proceeding or such other time as parties may agree, the administrative law judge shall direct counsel for all parties to meet with him or her in person at a specified time and place prior to the hearing or to confer by telephone for the purpose of scheduling the course and conduct of the proceeding. This meeting or telephone

(3) List of the exhibits to be introduced at the hearing along with a copy of each exhibit; and
(4) Stipulations of fact, if any.
(b) Effect of failure to comply. No witness may testify and no exhibits may be introduced at the hearing if such witness or exhibit is not listed in the prehearing submissions pursuant to paragraph (a) of this section, except for good cause shown.

§ 308.33 Public hearings.

(a) General rule. All hearings shall be open to the public, unless the FDIC, in its discretion, determines that holding an open hearing would be contrary to the public interest. Within 20 days of service of the notice or, in the case of change-in-control proceedings under section 7(j)(4) of the FDIA (12 U.S.C. 1817(j)(4)), within 20 days from service of the hearing order, any respondent may file with the Executive Secretary a request for a private hearing, and any party may file a reply to such a request. A party must serve on the administrative law judge a copy of any request or reply the party files with the Executive Secretary. The form of, and procedure for, these requests and replies are governed by §308.23. A party’s failure to file a request or a reply constitutes a waiver of any objections regarding whether the hearing will be public or private.
(b) Filing document under seal. Enforcement Counsel, in his or her discretion, may file any document or part of a document under seal if disclosure of the document would be contrary to the public interest. The administrative law judge shall take all appropriate steps to preserve the confidentiality of such documents or parts thereof, including closing portions of the hearing to the public.

reasonableness of scope of the testimony or other evidence sought, the administrative law judge may issue a subpoena or a subpoena duces tecum requiring the attendance of a witness at the hearing or the production of documentary or physical evidence at the hearing. The application for a hearing subpoena must also contain a proposed subpoena specifying the attendance of a witness or the production of evidence from any state, territory, or possession of the United States, the District of Columbia, or as otherwise provided by law at any designated place where the hearing is being conducted. The party making the application shall serve a copy of the application and the proposed subpoena on every other party.

(2) A party may apply for a hearing subpoena at any time before the commencement of a hearing. During a hearing, a party may make an application for a subpoena orally on the record before the administrative law judge.

(3) The administrative law judge shall promptly issue any hearing subpoena requested pursuant to this section. If the administrative law judge determines that the application does not set forth a valid basis for the issuance of the subpoena, or that any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena or may issue it in a modified form upon any conditions consistent with this subpart. Upon issuance by the administrative law judge, the party making the application shall serve the subpoena on the person named in the subpoena and on each party.

(b) Motion to quash or modify. (1) Any person to whom a hearing subpoena is directed or any party may file a motion to quash or modify the subpoena, accompanied by a statement of the basis for quashing or modifying the subpoena. The movant must serve the motion on each party and on the person named in the subpoena. Any party may respond to the motion within ten days of service of the motion.

(2) Any motion to quash or modify a hearing subpoena must be filed prior to the time specified in the subpoena for compliance, but not more than ten days after the date of service of the subpoena upon the movant.

(c) Enforcing subpoenas. If a subpoenaed person fails to comply with any subpoena issued pursuant to this section or any order of the administrative law judge which directs compliance with all or any portion of a document subpoena, the subpoenaing party or any other aggrieved party may seek enforcement of the subpoena pursuant to §308.26(c).

§308.35 Conduct of hearings.

(a) General rules. (1) Hearings shall be conducted so as to provide a fair and expeditious presentation of the relevant disputed issues. Each party has the right to present its case or defense by oral and documentary evidence and to conduct such cross examination as may be required for full disclosure of the facts.

(2) Order of hearing. Enforcement Counsel shall present its case-in-chief first, unless otherwise ordered by the administrative law judge, or unless otherwise expressly specified by law or regulation. Enforcement Counsel shall be the first party to present an opening statement and a closing statement, and may make a rebuttal statement after the respondent’s closing statement. If there are multiple respondents, respondents may agree among themselves as to their order of presentation of their cases, but if they do not agree the administrative law judge shall fix the order.

(3) Examination of witnesses. Only one counsel for each party may conduct an examination of a witness, except that in the case of extensive direct examination, the administrative law judge may permit more than one counsel for the party presenting the witness to conduct the examination. A party may have one counsel conduct the direct examination and another counsel conduct re-direct examination of a witness, or may have one counsel conduct the cross examination of a witness and another counsel conduct the re-cross examination of a witness.

(4) Stipulations. Unless the administrative law judge directs otherwise, all stipulations of fact and law previously

70
agreed upon by the parties, and all documents, the admissibility of which have been previously stipulated, will be admitted into evidence upon commencement of the hearing.

(b) Transcript. The hearing must be recorded and transcribed. The reporter will record a transcript available to any party upon payment by that party to the reporter of the cost of the transcript. The administrative law judge may order the record corrected, either upon motion to correct, upon stipulation of the parties, or following notice to the parties upon the administrative law judge’s own motion.

§308.36 Evidence.

(a) Admissibility. (1) Except as is otherwise set forth in this section, relevant, material, and reliable evidence that is not unduly repetitive is admissible to the fullest extent authorized by the Administrative Procedure Act and other applicable law.

(2) Evidence that would be admissible under the Federal Rules of Evidence is admissible in a proceeding conducted pursuant to this subpart.

(3) Evidence that would be inadmissible under the Federal Rules of Evidence may not be deemed or ruled to be inadmissible in a proceeding conducted pursuant to this subpart if such evidence is relevant, material, reliable and not unduly repetitive.

(b) Official notice. (1) Official notice may be taken of any material fact which may be judicially noticed by a United States district court and any material information in the official public records of any Federal or state government agency.

(2) All matters officially noticed by the administrative law judge or Board of Directors shall appear on the record.

(3) If official notice is requested or taken of any material fact, the parties, upon timely request, shall be afforded an opportunity to object.

(c) Documents. (1) A duplicate copy of a document is admissible to the same extent as the original, unless a genuine issue is raised as to whether the copy is in some material respect not a true and legible copy of the original.

(2) Subject to the requirements of paragraph (a) of this section, any document, including a report of examination, supervisory activity, inspection or visitation, prepared by an appropriate Federal financial institution regulatory agency or state regulatory agency, is admissible either with or without a sponsoring witness.

(3) Witnesses may use existing or newly created charts, exhibits, calendars, calculations, outlines or other graphic material to summarize, illustrate, or simplify the presentation of testimony. Such materials may, subject to the administrative law judge’s discretion, be used with or without being admitted into evidence.

(d) Objections. (1) Objections to the admissibility of evidence must be timely made and rulings on all objections must appear on the record.

(2) When an objection to a question or line of questioning propounded to a witness is sustained, the examining counsel may make a specific proffer on the record of what he or she expected to prove by the expected testimony of the witness, either by representation of counsel or by direct interrogation of the witness.

(3) The administrative law judge shall retain rejected exhibits, adequately marked for identification, for the record, and transmit such exhibits to the Board of Directors.

(4) Failure to object to admission of evidence or to any ruling constitutes a waiver of the objection.

(e) Stipulations. The parties may stipulate as to any relevant matters of fact or the authentication of any relevant documents. Such stipulations must be received in evidence at a hearing, and are binding on the parties with respect to the matters therein stipulated.

(f) Depositions of unavailable witnesses. (1) If a witness is unavailable to testify at a hearing, and that witness has testified in a deposition to which all parties in a proceeding had notice and an opportunity to participate, a party may offer as evidence all or any part of the transcript of the deposition, including deposition exhibits, if any.

(2) Such deposition transcript is admissible to the same extent that testimony would have been admissible had that person testified at the hearing,
§ 308.37 Post-hearing filings.

(a) Proposed findings and conclusions and supporting briefs. (1) Using the same method of service for each party, the administrative law judge shall serve notice upon each party, that the certified transcript, together with all hearing exhibits and exhibits introduced but not admitted into evidence at the hearing, has been filed. Any party may file with the administrative law judge proposed findings of fact, proposed conclusions of law, and a proposed order within 30 days following service of this notice by the administrative law judge or within such longer period as may be ordered by the administrative law judge.

(2) Proposed findings and conclusions must be supported by citation to any relevant authorities and by page references to any relevant portions of the record. A post-hearing brief may be filed in support of proposed findings and conclusions, either as part of the same document or in a separate document. Any party who fails to file timely with the administrative law judge any proposed finding or conclusion is deemed to have waived the right to raise in any subsequent filing or submission any issue not addressed in such party's proposed finding or conclusion.

(b) Reply briefs. Reply briefs may be filed within 15 days after the date on which the parties' proposed findings, conclusions, and order are due. Reply briefs must be strictly limited to responding to new matters, issues, or arguments raised in another party's papers. A party who has not filed proposed findings of fact and conclusions of law or a post-hearing brief may not file a reply brief.

(c) Simultaneous filing required. The administrative law judge shall not order the filing by any party of any brief or reply brief in advance of the other party's filing of its brief.

§ 308.38 Recommended decision and filing of record.

(a) Filing of recommended decision and record. Within 45 days after expiration of the time allowed for filing reply briefs under §308.37(b), the administrative law judge shall file with and certify to the Executive Secretary, for decision, the record of the proceeding. The record must include the administrative law judge's recommended decision, recommended findings of fact, recommended conclusions of law, and proposed order; all prehearing and hearing transcripts, exhibits, and rulings; and the motions, briefs, memorandum, and other supporting papers filed in connection with the hearing. The administrative law judge shall serve upon each party the recommended decision, findings, conclusions, and proposed order.

(b) Filing of index. At the same time the administrative law judge files with and certifies to the Executive Secretary for final determination the record of the proceeding, the administrative law judge shall furnish to the Executive Secretary a certified index of the entire record of the proceeding. The certified index shall include, at a minimum, an entry for each paper, document or motion filed with the administrative law judge in the proceeding, the date of the filing, and the identity of the filer. The certified index shall also include an exhibit index containing, at a minimum, an entry for each paper, document or motion filed with the administrative law judge in the proceeding, a description of the exhibit or copy of the exhibit, the name of the party filing the exhibit, and the date of filing.

[61 FR 20350, May 6, 1996]
§ 308.39 Exceptions to recommended decision.

(a) Filing exceptions. Within 30 days after service of the recommended decision, findings, conclusions, and proposed order under § 308.38, a party may file with the Executive Secretary written exceptions to the administrative law judge’s recommended decision, findings, conclusions or proposed order, to the admission or exclusion of evidence, or to the failure of the administrative law judge to make a ruling proposed by a party. A supporting brief may be filed at the time the exceptions are filed, either as part of the same document or in a separate document.

(b) Effect of failure to file or raise exceptions.

(1) Failure of a party to file exceptions to those matters specified in paragraph (a) of this section within the time prescribed is deemed a waiver of objection thereto.

(2) No exception need be considered by the Board of Directors if the party taking exception had an opportunity to raise the same objection, issue, or argument before the administrative law judge and failed to do so.

(c) Contents. (1) All exceptions and briefs in support of such exceptions must be confined to the particular matters in, or omissions from, the administrative law judge’s recommendations to which that party takes exception.

(2) All exceptions and briefs in support of exceptions must set forth page or paragraph references to the specific parts of the administrative law judge’s recommendations to which exception is taken, the page or paragraph references to those portions of the record relied upon to support each exception, and the legal authority relied upon to support each exception.

§ 308.40 Review by Board of Directors.

(a) Notice of submission to Board of Directors. When the Executive Secretary determines that the record in the proceeding is complete, the Executive Secretary shall serve notice upon the parties that the proceeding has been submitted to the Board of Directors for final decision.

(b) Oral argument before the Board of Directors. Upon the initiative of the Board of Directors or on the written request of any party filed with the Executive Secretary within the time for filing exceptions, the Board of Directors may order and hear oral argument on the recommended findings, conclusions, decision, and order of the administrative law judge. A written request by a party must show good cause for oral argument and state reasons why arguments cannot be presented adequately in writing. A denial of a request for oral argument may be set forth in the Board of Directors’ final decision. Oral argument before the Board of Directors must be on the record.

(c) Final decision. (1) Decisional employees may advise and assist the Board of Directors in the consideration and disposition of the case. The final decision of the Board of Directors will be based upon review of the entire record of the proceeding, except that the Board of Directors may limit the issues to be reviewed to those findings and conclusions to which opposing arguments or exceptions have been filed by the parties.

(2) The Board of Directors shall render a final decision within 90 days after notification of the parties that the case has been submitted for final decision, or 90 days after oral argument, whichever is later, unless the Board of Directors orders that the action or any aspect thereof be remanded to the administrative law judge for further proceedings. Copies of the final decision and order of the Board of Directors shall be served upon each party to the proceeding, upon other persons required by statute, and, if directed by the Board of Directors or required by statute, upon any appropriate state or Federal supervisory authority.

§ 308.41 Stays pending judicial review.

The commencement of proceedings for judicial review of a final decision and order of the FDIC may not, unless specifically ordered by the Board of Directors or a reviewing court, operate as a stay of any order issued by the FDIC. The Board of Directors may, in its discretion, and on such terms as it finds just, stay the effectiveness of all or any part of its order pending a final decision on a petition for review of that order.
Subpart B—General Rules of Procedure

§ 308.101 Scope of Local Rules.

(a) Subparts B and C of the Local Rules prescribe rules of practice and procedure to be followed in the administrative enforcement proceedings initiated by the FDIC as set forth in §308.01 of the Uniform Rules.

(2) Nothing contained in this part 308 shall be construed to limit the power of the Board of Directors granted by applicable statutes or regulations.

(b) The Executive Secretary. (1) When no administrative law judge has jurisdiction over a proceeding, the Executive Secretary may act in place of, and with the same authority as, an administrative law judge, except that the Executive Secretary may not hear a case on the merits or make a recommended decision on the merits to the Board of Directors.

(2) Pursuant to authority delegated by the Board of Directors, the Executive Secretary and Assistant Executive Secretary, upon the advice and recommendation of the Deputy General Counsel for Litigation or, in his absence, the Assistant General Counsel, Trial Litigation Section, may issue rulings in proceedings under sections 7(j), 8, 18(j), 19, 32 and 38 of the FDIA (12 U.S.C. 1817(j), 1818, 1828(j), 1829, 1831i and 1831o) concerning:

(2) OFIA shall advise the parties, in writing, that an administrative law judge has been appointed.

§ 308.104 Filings with the Board of Directors.

(a) General rule. All materials required to be filed with or referred to the Board of Directors in any proceedings under this part 308 shall be filed with the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

(b) Scope. Filings to be made with the Executive Secretary include pleadings and motions filed during the proceeding; the record filed by the administrative law judge following the issuance of a recommended decision; the recommended decision filed by the administrative law judge following a motion for summary disposition; referrals by the administrative law judge of motions for interlocutory review; motions and responses to motions filed by the
parties after the record has been certified to the Board of Directors; exceptions and requests for oral argument; and any other papers required to be filed with the Board of Directors under this part 308.

§ 308.105 Custodian of the record.

The Executive Secretary is the official custodian of the record when no administrative law judge has jurisdiction over the proceeding. As the official custodian, the Executive Secretary shall maintain the official record of all papers filed in each proceeding.

§ 308.106 Written testimony in lieu of oral hearing.

(a) General rule. (1) At any time more than fifteen days before the hearing is to commence, on the motion of any party or on his or her own motion, the administrative law judge may order that the parties present part or all of their case-in-chief and, if ordered, their rebuttal, in the form of exhibits and written statements sworn to by the witness offering such statements as evidence, provided that if any party objects, the administrative law judge shall not require such a format if that format would violate the objecting party’s right under the Administrative Procedure Act, or other applicable law, or would otherwise unfairly prejudice that party.

(2) Any such order shall provide that each party shall, upon request, have the same right of oral cross-examination (or redirect examination) as would exist had the witness testified orally rather than through a written statement. Such order shall also provide that any party has a right to call any hostile witness or adverse party to testify orally.

(b) Scheduling of submission of written testimony. (1) If written direct testimony and exhibits are ordered under paragraph (a) of this section, the administrative law judge shall require that it be filed within the time period for commencement of the hearing, and the hearing shall be deemed to have commenced on the day such testimony is due.

(2) Absent good cause shown, written rebuttal, if any, shall be submitted and the oral portion of the hearing begun within 30 days of the date set for filing written direct testimony.

(3) The administrative law judge shall direct, unless good cause requires otherwise, that—

(i) All parties shall simultaneously file any exhibits and written direct testimony required under paragraph (b)(1) of this section; and

(ii) All parties shall simultaneously file any exhibits and written rebuttal required under paragraph (b)(2) of this section.

(c) Failure to comply with order to file written testimony. (1) The failure of any party to comply with an order to file written testimony or exhibits at the time and in the manner required under this section shall be deemed a waiver of that party’s right to present any evidence, except testimony of a previously identified adverse party or hostile witness. Failure to file written testimony or exhibits is, however, not a waiver of that party’s right of cross-examination or a waiver of the right to present rebuttal evidence that was not required to be submitted in written form.

(2) Late filings of papers under this section may be allowed and accepted only upon good cause shown.

§ 308.107 Document discovery.

(a) Parties to proceedings set forth at §308.01 of the Uniform Rules and as provided in the Local Rules may obtain discovery only through the production of documents. No other form of discovery shall be allowed.

(b) Any questioning at a deposition of a person producing documents pursuant to a document subpoena shall be strictly limited to the identification of documents produced by that person and a reasonable examination to determine whether the subpoenaed person made an adequate search for, and has produced, all subpoenaed documents.

Subpart C—Rules of Practice Before the FDIC and Standards of Conduct

§ 308.108 Sanctions.

(a) General rule. Appropriate sanctions may be imposed when any counsel or party has acted, or failed to act, in a manner required by applicable
§ 308.109 Suspension and disbarment.

(a) Discretionary suspension and disbarment. (1) The Board of Directors may suspend or revoke the privilege of any counsel to appear or practice before the FDIC if, after notice of and opportunity for hearing in the matter, that counsel is found by the Board of Directors:

(i) Not to possess the requisite qualifications to represent others;

(ii) To be seriously lacking in character or integrity or to have engaged in material unethical or improper professional conduct;

(iii) To have engaged in, or aided and abetted, a material and knowing violation of the FDIA; or...

(d) Procedure for imposition of sanctions. (1) The administrative law judge, upon the request of any party, or on his or her own motion, may impose sanctions in accordance with this section, provided that the administrative law judge may only recommend to the Board of Directors the sanction of entering a final order determining the case on the merits.

(2) No sanction, other than refusing to accept late papers, authorized by this section shall be imposed without prior notice to all parties and an opportunity for any counsel or party against whom sanctions would be imposed to be heard. Such opportunity to be heard may be on such notice, and the response may be in such form, as the administrative law judge directs. The opportunity to be heard may be limited to an opportunity to respond orally immediately after the act or inaction covered by this section is noted by the administrative law judge.

(3) Requests for the imposition of sanctions by any party, and the imposition of sanctions, shall be treated for interlocutory review purposes in the same manner as any other ruling by the administrative law judge.

(4) Section not exclusive. Nothing in this section shall be read as precluding the administrative law judge or the Board of Directors from taking any other action, or imposing any restriction or sanction, authorized by applicable statute or regulation.
(iv) To have engaged in contumacious conduct before the FDIC. Suspension or revocation on the grounds set forth in paragraphs (a)(1) (ii), (iii), and (iv) of this section shall only be ordered upon a further finding that the counsel’s conduct or character was sufficiently egregious as to justify suspension or revocation.

(2) Unless otherwise ordered by the Board of Directors, an application for reinstatement by a person suspended or disbarred under paragraph (a)(1) of this section may be made in writing at any time more than three years after the effective date of the suspension or disbarment and, thereafter, at any time more than one year after the person’s most recent application for reinstatement. The suspension or disbarment shall continue until the applicant has been reinstated by the Board of Directors for good cause shown, provided that any person suspended or disbarred under paragraph (b)(1) of this section shall be automatically reinstated by the Executive Secretary, upon appropriate application, if all the grounds for suspension or disbarment under paragraph (b)(1) of this section are subsequently removed by a reversal of the conviction (or the passage of time since the conviction) or termination of the underlying suspension or disbarment. An application for reinstatement on any other grounds by any person suspended or disbarred under paragraph (b)(1) of this section may be filed no sooner than one year after the suspension or disbarment, and thereafter, a new request for reinstatement may be made no sooner than one year after the counsel’s most recent reinstatement application. The application must comply with the requirements of §303.3 of this chapter. An applicant for reinstatement under this provision may, in the Board of Directors’ sole discretion, be afforded a hearing.

(b) Mandatory suspension and disbarment. (1) Any counsel who has been and remains suspended or disbarred by a court of the United States or of any state, territory, district, commonwealth, or possession; or any person who has been and remains suspended or barred from practice before the OCC, Board of Governors, the OTS, the NCUA, the Securities and Exchange Commission, or the Commodity Futures Trading Commission; or any person who has been convicted of a felony, or of a misdemeanor involving moral turpitude, within the last ten years, shall be suspended automatically from appearing or practicing before the FDIC. A disbarment, suspension, or conviction within the meaning of this paragraph (b) shall be deemed to have occurred when the disbarred, suspending, or convicting agency or tribunal enters its judgment or order, regardless of whether an appeal is pending or could be taken, and includes a judgment or an order on a plea of nolo contendere or on consent, regardless of whether a violation is admitted in the consent.

(2) Any person appearing or practicing before the FDIC who is the subject of an order, judgment, decree, or finding of the types set forth in paragraph (b)(1) of this section shall promptly file with the Executive Secretary a copy thereof, together with any related opinion or statement of the agency or tribunal involved. Failure to file any such paper shall not impair the operation of any other provision of this section.

(3) A suspension or disbarment under paragraph (b)(1) of this section from practice before the FDIC shall continue until the applicant has been reinstated by the Board of Directors for good cause shown, provided that any person suspended or disbarred under paragraph (b)(1) of this section shall be automatically reinstated by the Executive Secretary, upon appropriate application, if all the grounds for suspension or disbarment under paragraph (b)(1) of this section are subsequently removed by a reversal of the conviction (or the passage of time since the conviction) or termination of the underlying suspension or disbarment. An application for reinstatement on any other grounds by any person suspended or disbarred under paragraph (b)(1) of this section may be filed no sooner than one year after the suspension or disbarment and, thereafter, a new request for reinstatement may be made no sooner than one year after the counsel’s most recent reinstatement application. The application must comply with the requirements of §303.3 of this chapter. An applicant for reinstatement under this provision may, in the Board of Directors’ sole discretion, be afforded a hearing.

(c) Hearings under this section. Hearings conducted under this section shall be conducted in substantially the same manner as other hearings under the Uniform Rules, provided that in proceedings to terminate an existing FDIC suspension or disbarment order, the person seeking the termination of the order shall bear the burden of proving that the failure to suspend or disbar caused harm to the public interest. Hearings shall be conducted before the Board of Directors, or its designee, and may be conducted by a hearing examiner. The Board of Directors, in its discretion, may delegate the hearing function to an administrative law judge. A person suspended or disbarred under paragraph (b)(1) of this section may, by filing a written request with the Board of Directors, have an opportunity to present evidence and argument before the Board of Directors or an administrative law judge. The Board of Directors, in its discretion, may direct the hearing to be limited to written submissions.
§ 308.110  
(d) Summary suspension for contemptuous conduct. A finding by the administrative law judge of contemptuous conduct during the course of any proceeding shall be grounds for summary suspension by the administrative law judge of a counsel or other representative from any further participation in that proceeding for the duration of that proceeding.

(e) Practice defined. Unless the Board of Directors orders otherwise, for the purposes of this section, practicing before the FDIC includes, but is not limited to, transacting any business with the FDIC as counsel or agent for any other person and the preparation of any statement, opinion, or other paper by a counsel, which statement, opinion, or paper is filed with the FDIC in any registration statement, notification, application, report, or other document, with the consent of such counsel.

Subpart D—Rules and Procedures Applicable to Proceedings Relating to Disapproval of Acquisition of Control

§ 308.110  Scope.  
Except as specifically indicated in this subpart, the rules and procedures in this subpart, subpart B of the Local Rules, and the Uniform Rules shall apply to proceedings in connection with the disapproval by the Board of Directors or its designee of a proposed acquisition of control of an insured nonmember bank.

§ 308.111  Grounds for disapproval.  
The following are grounds for disapproval of a proposed acquisition of control of an insured nonmember bank:

(a) The proposed acquisition of control would result in a monopoly or would in any other manner be in restraint of trade, and the anticompetitive effects of the proposed acquisition of control are not clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served;

(b) Either the financial condition of any acquiring person or the future prospects of the institution might jeopardize the financial stability of the bank or prejudice the interest of the depositors of the bank;

(c) The competence, experience, or integrity of any acquiring person or of any of the proposed management personnel indicates that it would not be in the interest of the depositors of the bank, or in the interest of the public, to permit such person to control the bank;

(d) Any acquiring person neglects, fails, or refuses to furnish to the FDIC all the information required by the FDIC; or

(e) The FDIC determines that the proposed acquisition would result in an adverse effect on the Deposit Insurance Fund.

§ 308.112  Notice of disapproval.  
(a) General rule. (1) Within three days of the decision by the Board of Directors or its designee to disapprove a proposed acquisition of control of an insured nonmember bank, a written notice of disapproval shall be mailed by first class mail to, or otherwise served upon, the party seeking acquire control.

(2) The notice of disapproval shall:

(i) Contain a statement of the basis for the disapproval; and

(ii) Indicate that a hearing may be requested by filing a written request with the Executive Secretary within ten days after service of the notice of disapproval; and if a hearing is requested, that an answer to the notice of disapproval, as required by §308.113, must be filed within 20 days after service of the notice of disapproval.

(b) Waiver of hearing. Failure to request a hearing pursuant to this section shall constitute a waiver of the
Federal Deposit Insurance Corporation

§ 308.116 Assessment of penalties.

(a) In general. The civil money penalty shall be assessed upon the service of a Notice of Assessment which shall become final and unappealable unless the respondent requests a hearing pursuant to §308.19(c)(2).

(b) Amount. (1) Any person who violates any provision of the Change in Bank Control Act or any rule, regulation, or order issued by the FDIC pursuant thereto, shall forfeit and pay a civil money penalty of not more than $5,000 for each day the violation continues.

(2) Any person who violates any provision of the Change in Bank Control Act or any rule, regulation, or order issued by the FDIC pursuant thereto; or recklessly engages in any unsafe or unsound practice in conducting the affairs of a depository institution; or breaches any fiduciary duty; which violation, practice or breach is part of a pattern of misconduct; or causes or is likely to cause more than a minimal loss to such institution; or results in pecuniary gain or other benefit to such person, shall forfeit and pay a civil money penalty of not more than $25,000 for each day such violation, practice or breach continues.

(3) Any person who knowingly violates any provision of the Change in Bank Control Act or any rule, regulation, or order issued by the FDIC pursuant thereto; or engages in any unsafe or unsound practice in conducting the affairs of a depository institution; or
breaches any fiduciary duty; and knowingly or recklessly causes a substantial loss to such institution or a substantial pecuniary gain or other benefit to such institution or a substantial pecuniary gain or other benefit to such person by reason of such violation, practice or breach, shall forfeit and pay a civil money penalty not to exceed:

(i) In the case of a person other than a depository institution—$1,000,000 per day for each day the violation, practice or breach continues; or

(ii) In the case of a depository institution—an amount not to exceed the lesser of $1,000,000 or one percent of the total assets of such institution for each day the violation, practice or breach continues.

(4) Adjustment of civil money penalties by the rate of inflation pursuant to section 31001(s) of the Debt Collection Improvement Act. After December 31, 2008:

(i) Any person who engages in a violation as set forth in paragraph (b)(1) of this section shall forfeit and pay a civil money penalty of not more than $7,500 for each day the violation continues.

(ii) Any person who engages in a violation, unsafe or unsound practice or breach of fiduciary duty, as set forth in paragraph (b)(2) of this section, shall forfeit and pay a civil money penalty of not more than $37,500 for each day such violation, practice or breach continues.

(iii) Any person who knowingly engages in a violation, unsafe or unsound practice or breach of fiduciary duty, as set forth in paragraph (b)(3) of this section, shall forfeit and pay a civil money penalty not to exceed:

(A) In the case of a person other than a depository institution—$1,375,000 per day for each day the violation, practice or breach continues; or

(B) In the case of a depository institution—an amount not to exceed the lesser of $1,375,000 or one percent of the total assets of such institution for each day the violation, practice or breach continues.

(c) Mitigating factors. In assessing the amount of the penalty, the Board of Directors or its designee shall consider the gravity of the violation, the history of previous violations, respondent’s financial resources, good faith, and any other matters as justice may require.

(d) Failure to answer. Failure of a respondent to file an answer required by this section within the time provided constitutes a waiver of his or her right to appear and contest the allegations in the notice of disapproval. If no timely answer is filed, Enforcement Counsel may file a motion for entry of an order of default. Upon a finding that no good cause has been shown for the failure to file a timely answer, the administrative law judge shall file a recommended decision containing the findings and relief sought in the notice. A final order issued by the Board of Directors based upon a respondent’s failure to answer is deemed to be an order issued upon consent.

§ 308.117 Effective date of, and payment under, an order to pay.

If the respondent both requests a hearing and serves an answer, civil penalties assessed pursuant to this subpart are due and payable 60 days after an order to pay, issued after the hearing or upon default, is served upon the respondent, unless the order provides for a different period of payment. Civil penalties assessed pursuant to an order to pay issued upon consent are due and payable within the time specified therein.

§ 308.118 Collection of penalties.

The FDIC may collect any civil penalty assessed pursuant to this subpart by agreement with the respondent, or the FDIC may bring an action against the respondent to recover the penalty amount in the appropriate United States district court. All penalties collected under this section shall be paid over to the Treasury of the United States.
§ 308.120 Grounds for termination of insurance.

(a) General rule. The following are grounds for involuntary termination of insurance pursuant to section 8(a) of the FDIA:

(1) An insured depository institution or its directors or trustees have engaged or are engaging in unsafe or unsound practices in conducting the business of such depository institution;

(3) An insured depository institution or its directors or trustees have violated an applicable law, rule, regulation, order, condition imposed in writing by the FDIC in connection with the granting of any application or other request by the insured depository institution or have violated any written agreement entered into between the insured depository institution and the FDIC.

(b) Extraterritorial acts of foreign banks. An act or practice committed outside the United States by a foreign bank or its directors or trustees which would otherwise be a ground for termination of insured status under this section shall be a ground for termination if the Board of Directors finds:

(1) The act or practice has been, is, or is likely to be a cause of, or carried on in connection with or in furtherance of, an act or practice committed within any state, territory, or possession of the United States or the District of Columbia that, in and of itself, would be an appropriate basis for action by the FDIC; or

(2) The act or practice committed outside the United States, if proven, would adversely affect the insurance risk of the FDIC.

(c) Failure of foreign bank to secure removal of personnel. The failure of a foreign bank to comply with any order of removal or prohibition issued by the Board of Directors or the failure of any person associated with a foreign bank to appear promptly as a party to a proceeding pursuant to section 8(e) of the FDIA (12 U.S.C. 1818(e)), shall be a ground for termination of insurance of deposits in any branch of the bank.

§ 308.121 Notification to primary regulator.

(a) Service of notification. (1) Upon a determination by the Board of Directors or its designee pursuant to §308.120 of an unsafe or unsound practice or condition or of a violation, a notification shall be served upon the appropriate Federal banking agency of the insured depository institution, or the State banking supervisor if the FDIC is the appropriate Federal banking agency.

(2) An insured depository institution or its directors or trustees have violated an applicable law, rule, regulation, order, condition imposed in writing by the FDIC in connection with the granting of any application or other request by the insured depository institution or have violated any written agreement entered into between the insured depository institution and the FDIC.

(b) Extraterritorial acts of foreign banks. An act or practice committed outside the United States by a foreign bank or its directors or trustees which would otherwise be a ground for termination of insured status under this section shall be a ground for termination if the Board of Directors finds:

(1) The act or practice has been, is, or is likely to be a cause of, or carried on in connection with or in furtherance of, an act or practice committed within any state, territory, or possession of the United States or the District of Columbia that, in and of itself, would be an appropriate basis for action by the FDIC; or

(2) The act or practice committed outside the United States, if proven, would adversely affect the insurance risk of the FDIC.

(c) Failure of foreign bank to secure removal of personnel. The failure of a foreign bank to comply with any order of removal or prohibition issued by the Board of Directors or the failure of any person associated with a foreign bank to appear promptly as a party to a proceeding pursuant to section 8(e) of the FDIA (12 U.S.C. 1818(e)), shall be a ground for termination of insurance of deposits in any branch of the bank.
§ 308.122 Notice of intent to terminate.

(a) If, after serving the notification under §308.121, the Board of Directors determines that any unsafe or unsound practices, condition, or violation, specified in the notification, requires the termination of the insured status of the insured depository institution, the Board of Directors or its designee, if it determines to proceed further, shall cause to be served upon the insured depository institution a notice of its intention to terminate insured status not less than 30 days after service of the notification, unless a shorter time period has been agreed upon by the appropriate Federal banking agency.

(b) The Board of Directors or its designee shall cause a copy of the notice to be sent to the appropriate Federal banking agency and to the appropriate state banking supervisor, if any.

§ 308.123 Notice to depositors.

If the Board of Directors enters an order terminating the insured status of an insured depository institution or branch, the insured depository institution shall, on the day that order becomes final, or on such other day as that order prescribes, mail a notification of termination of insured status to each depositor at the depositor’s last address of record on the books of the insured depository institution or branch. The insured depository institution shall also publish the notification in two issues of a local newspaper of general circulation and shall furnish the FDIC with proof of such publications. If the Board of Directors finds that a savings association is a special supervisory association under the provisions of section 8(a)(8)(B) of the FDIA (12 U.S.C. 1818(a)(8)(B)) for purposes of temporary suspension of insured status, the Board of Directors shall serve upon the association its findings with regard to the determination that the capital of the association, as computed using applicable accounting standards, has suffered a material decline; that such association or its directors or officers, is engaging in an unsafe or unsound practice in conducting the business of the association; that such association is in an unsafe or unsound condition to continue operating as an insured association; or that such association or its directors or officers, has violated any law, rule, regulation, order, condition imposed in writing by any Federal banking agency, or any written agreement, or that the association failed to enter into a capital improvement plan acceptable to the Corporation prior to January, 1990.

§ 308.127 Scope.

(a) Cease-and-desist proceedings under sections 8 and 50 of the FDIA. The rules and procedures of this subpart, subpart B of the Local Rules and the Uniform Rules shall apply to proceedings to order an insured nonmember bank or an institution-affiliated party to cease and desist from practices and violations described in section 8(b) of the FDIA, 12 U.S.C. 1818(b), and section 50 of the FDIA, 12 U.S.C. 1831aa.

(b) Proceedings under the Securities Exchange Act of 1934. (1) The rules and procedures of this subpart, subpart B of the Local Rules and the Uniform Rules shall apply to proceedings by the Board of Directors to order a municipal securities dealer to cease and desist from any violation of law or regulation specified in section 15B(c)(5) of the Securities Exchange Act, as amended (15 U.S.C. 78o–4(c)(5)) where the municipal securities dealer is an insured nonmember bank or a subsidiary thereof.

(2) The rules and procedures of this subpart, subpart B of the Local Rules and the Uniform Rules shall apply to proceedings by the Board of Directors to order a clearing agency or transfer agent to cease and desist from failure to comply with the applicable provisions of section 17, 17A and 19 of the Securities Exchange Act of 1934, as amended (15 U.S.C. 78q, 78q-l, 78s), and the applicable rules and regulations thereunder, where the clearing agency or transfer agent is an insured nonmember bank or a subsidiary thereof.

§ 308.128 Grounds for cease-and-desist orders.

(a) General rule. The Board of Directors or its designee may issue and have served upon any insured nonmember bank or an institution-affiliated party a notice, as set forth in §308.18 of the Uniform Rules for practices and violations as described in §308.127.
(b) Extraterritorial acts of foreign banks. An act, violation or practice committed outside the United States by a foreign bank or an institution-affiliated party that would otherwise be a ground for issuing a cease-and-desist order under paragraph (a) of this section or a temporary cease-and-desist order under §308.131 of this subpart, shall be a ground for an order if the Board of Directors or its designee finds that:

(1) The act, violation or practice has been, is, or is likely to be a cause of, or carried on in connection with or in furtherance of, an act, violation or practice committed within any state, territory, or possession of the United States or the District of Columbia which act, violation or practice, in and of itself, would be an appropriate basis for action by the FDIC; or

(2) The act, violation or practice, if proven, would adversely affect the insurance risk of the FDIC.

§ 308.129 Notice to state supervisory authority.

The Board of Directors or its designee shall give the appropriate state supervisory authority notification of its intent to institute a proceeding pursuant to subpart G of this part, and the grounds thereof. Any proceedings shall be conducted according to subpart G of this part, unless, within the time period specified in such notification, the state supervisory authority has effected satisfactory corrective action. No insured institution or other party who is the subject of any notice or order issued by the FDIC under this section shall have standing to raise the requirements of this subpart as grounds for attacking the validity of any such notice or order.

§ 308.130 Effective date of order and service on bank.

(a) Effective date. A cease-and-desist order issued by the Board of Directors after a hearing, and a cease-and-desist order issued based upon a default, shall become effective at the expiration of 30 days after the service of the order upon the bank or its official. A cease-and-desist order issued upon consent shall become effective at the time specified therein. All cease-and-desist orders shall remain effective and enforceable, except to the extent they are stayed, modified, terminated, or set aside by the Board of Directors or its designee or by a reviewing court.

(b) Service on banks. In cases where the bank is not the respondent, the cease-and-desist order shall also be served upon the bank.

§ 308.131 Temporary cease-and-desist order.

(a) Issuance. (1) When the Board of Directors or its designee determines that the violation, or the unsafe or unsound practice, as specified in the notice, or the continuation thereof, is likely to cause insolvency or significant dissipation of assets or earnings of the bank, or is likely to weaken the condition of the bank or otherwise prejudice the interests of its depositors prior to the completion of the proceedings under section 8(b) of the FDIA (12 U.S.C. 1818(b)) and §308.128 of this subpart, the Board of Directors or its designee may issue a temporary order requiring the bank or an institution-affiliated party to immediately cease and desist from any such violation, practice or to take affirmative action to prevent such insolvency, dissipation, condition or prejudice pending completion of the proceedings under section 8(b) of the FDIA (12 U.S.C. 1818(b)).

(2) When the Board of Directors or its designee issues a Notice of charges pursuant to 12 U.S.C. 1818(b)(1) which specifies on the basis of particular facts and circumstances that a bank’s books and records are so incomplete or inaccurate that the FDIC is unable, through the normal supervisory process, to determine the financial condition of the bank or the details or purpose of any transaction or transactions that may have a material effect on the financial condition of the bank, then the Board of Directors or its designee may issue a temporary order requiring:

(i) The cessation of any activity or practice which gave rise, whether in whole or in part, to the incomplete or inaccurate state of the books or records; or

(ii) Affirmative action to restore such books or records to a complete
and accurate state, until the completion of the proceedings under section 8(b) of the FDIA (12 U.S.C. 1818(b)).

(3) The temporary order shall be served upon the bank or the institution-affiliated party named therein and shall also be served upon the bank in the case where the temporary order applies only to an institution-affiliated party.

(b) Effective date. A temporary order shall become effective when served upon the bank or the institution-affiliated party. Unless the temporary order is set aside, limited, or suspended by a court in proceedings authorized under section 8(c)(2) of the FDIA (12 U.S.C. 1818(c)(2)), the temporary order shall remain effective and enforceable pending completion of administrative proceedings pursuant to section 8(b) of the FDIA (12 U.S.C. 1818(b)) and entry of an order which has become final, or with respect to paragraph (a)(2) of this section the FDIC determines by examination or otherwise that the bank’s books and records are accurate and reflect the financial condition of the bank.

(c) Uniform Rules do not apply. The Uniform Rules and subpart B of the Local Rules shall not apply to the issuance of temporary orders under this section.

§ 308.132 Assessment of penalties.

(a) Scope. The rules and procedures of this subpart, subpart B of the Local Rules, and the Uniform Rules shall apply to proceedings to assess and collect civil money penalties, including civil money penalties for violation of section 7(a) of the FDIA (12 U.S.C. 1817(a)).

(b) Relevant considerations. In determining the amount of the civil penalty to be assessed, the Board of Directors or its designee shall consider the financial resources and good faith of the bank or official, the gravity of the violation, the history of previous violations, and any such other matters as justice may require.

(c) Amount. (1) The Board of Directors or its designee may assess civil money penalties pursuant to section 8(i) of the FDIA (12 U.S.C. 1818(i)), and §308.01(e)(1) of the Uniform Rules.

(2) The Board of Directors or its designee may assess civil money penalties pursuant to section 7(a) of the FDIA (12 U.S.C. 1817(a)) as follows:

(i) Late filing—Tier One penalties. In cases in which a bank fails to make or publish its Report of Condition and Income (Call Report) within the appropriate time periods, a civil money penalty of not more than $2,200 per day may be assessed where the bank maintains procedures in place reasonably adapted to avoid inadvertent error and the late filing occurred unintentionally and as a result of such error; or the bank inadvertently transmitted a Call Report which is minimally late. Pursuant to the Debt Collection Improvement Act of 1996, for violations of paragraph (c)(2)(i) which occur after December 31, 2008, the following maximum Tier One penalty amounts contained in paragraphs (c)(2)(i)(A) and (B) of this section shall apply for each day that the violation continues.

Subpart P—Rules and Procedures Relating to the Recovery of Attorney Fees and Other Expenses

§ 308.169 Scope.

This subpart, and the Equal Access to Justice Act (5 U.S.C. 504), which it implements, apply to adversary adjudications before the FDIC. The types of adjudication covered by this subpart are those listed in §308.01 of the Uniform Rules. The Uniform Rules and subpart B of the Local Rules apply to any proceedings to recover fees and expenses under this subpart.

§ 308.170 Filing, content, and service of documents.

(a) Time to file. An application and any other pleading or document related to the application shall be filed with the Executive Secretary within 30 days after service of the final order of the Board of Directors in disposition of the proceeding whenever:

(1) The applicant seeks an award pursuant to 5 U.S.C. 504(a)(1) as the prevailing party in the adversary adjudication or in a discrete significant substantive portion of the proceeding; or

(2) The applicant, in an adversary adjudication arising from an action to enforce compliance with a statutory or regulatory requirement, asserts pursuant to 5 U.S.C. 504(a)(4) that the demand by the FDIC is substantially in excess of the decision of the administrative law judge and is unreasonable when compared with such decision under the facts and circumstances of the case.

(b) Content. The application and related documents shall conform to the requirements of §308.10(b) and (c) of the Uniform Rules.
§ 308.172 Eligibility of applicants.

(a) General rule. To be eligible for an award under this subpart, an applicant must have been named or admitted as a party to the proceeding. In addition, the applicant must show that it meets all other conditions of eligibility set out in paragraph (b) of this section.

(b) Types of eligible applicant. The types of eligible applicant are:

(1) An individual with a net worth of not more than $2,000,000 at the time the adversary adjudication was initiated; or

(2) Any owner of an unincorporated business, or any partnership, corporation, associations, unit of local government or organization, the net worth of which did not exceed $7,000,000 and which did not have more than 500 employees at the time the adversary adjudication was initiated.
§ 308.173 Prevailing party.

(a) General rule. An eligible applicant who, following an adversary adjudication has gained victory on the merits in the proceeding is a “prevailing party”. An eligible applicant may be a “prevailing party” if a settlement of the proceeding was effected on terms favorable to it or if the proceeding against it has been dismissed. In appropriate situations an applicant may also have prevailed if the outcome of the proceeding has substantially vindicated the applicant’s position on the significant substantive matters at issue, even though the applicant has not totally avoided adverse final action.

(b) Segregation of costs. When a proceeding has presented a number of discrete substantive issues, an applicant may have prevailed even though all the issues were not resolved in its favor. If such an applicant is deemed to have prevailed, any award shall be based on the fees and expenses incurred in connection with the discrete significant substantive issue or issues on which the applicant’s position has been upheld. If such segregation of costs is not practicable, the award may be based on a fair proration of those fees and expenses incurred in the entire proceeding which would be recoverable under §308.175 if proration were not performed, whether separate or pro-rated treatment is appropriate, and the appropriate proration percentage, shall be determined on the facts of the particular case. Attention shall be given to the significance and nature of the

§ 308.174 Standards for awards.

(a) For applications filed pursuant to 5 U.S.C. 504(a)(1), a prevailing applicant may receive an award for fees and expenses unless the position of the FDIC during the proceeding was substantially justified or special circumstances make the award unjust. An award will be reduced or denied if the applicant has unduly or unreasonably protracted the proceedings. Awards for fees and expenses incurred before the date on which the adversary adjudication was initiated are allowable if their incurrence was necessary to prepare for the proceeding.

(b) For applications filed pursuant to 5 U.S.C. 504(a)(4), an applicant may receive an award unless the demand by the FDIC is substantially in excess of the decision of the administrative law judge, the applicant has committed a willful violation of law or otherwise acted in bad faith, or special circumstances make an award unjust.

[64 FR 62102, Nov. 16, 1999]

§ 308.175 Measure of awards.

(a) General rule. Awards will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents, and expert witnesses, even if the services were made available without charge or at a reduced rate, provided that no award under this subpart for the fee of an attorney or agent may exceed $125 per hour. No award to compensate an expert witness may exceed the highest rate at which the FDIC pays expert witnesses. An award may include the reasonable expenses of the attorney, agent, or expert witness as a separate item, if the attorney, agent, or expert witness ordinarily charges clients separately for such expenses. Fees and expenses awarded under 5 U.S.C. 504(a)(4) related to defending against an excessive demand shall be paid only as a consequence of appropriations paid in advance.

(b) Determination of reasonableness of fees. In determining the reasonableness of the fee sought for an attorney, agent, or expert witness, the administrative law judge shall consider the following:

1. If the attorney, agent, or expert witness is in private practice, his or her customary fee for like services, or, if he or she is an employee of the applicant, the fully allocated cost of the services;
2. The prevailing rate for similar services in the community in which the attorney, agent, or expert witness ordinarily performs services;
3. The time actually spent in the representation of the applicant;
4. The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and
5. Such other factors as may bear on the value of the services provided.

(c) Awards for studies. The reasonable cost of any study, analysis, test, project, or similar matter prepared on behalf of an applicant may be awarded to the extent that the charge for the service does not exceed the prevailing rate payable for similar services, and the study or other matter was necessary for preparation of the applicant’s case and not otherwise required by law or sound business or financial practice.

[56 FR 37975, Aug. 9, 1991, as amended at 64 FR 62102, Nov. 16, 1999]

§ 308.176 Application for awards.

(a) Contents. An application for an award of fees and expenses under this subpart shall contain:

1. The name of the applicant and an identification of the proceeding;
2. For applications filed pursuant to 5 U.S.C. 504(a)(1), a showing that the applicant has prevailed, and an identification of each issue with regard to which the applicant believes that the position of the FDIC in the proceeding was not substantially justified;
3. For applications filed pursuant to 5 U.S.C. 504(a)(4), a showing that the demand by the FDIC is substantially in excess of the decision of the administrative law judge and is unreasonable when compared with such decision under the facts and circumstances of the case;
4. A statement of the amount of fees and expenses for which an award is sought;
§ 308.177 Statement of net worth.

(a) General rule. A statement of net worth must be filed with the application for an award of fees. The statement shall reflect the net worth of the applicant and all affiliates of the applicant.

(b) Contents. (1) The statement of net worth may be in any form convenient to the applicant which fully discloses all the assets and liabilities of the applicant and all the assets and liabilities of its affiliates, as of the time of the initiation of the adversary adjudication. Unaudited financial statements are acceptable unless the administrative law judge or the Board of Directors otherwise requires. Financial statements or reports to a Federal or state agency, prepared before the initiation of the adversary adjudication for other purposes, and accurate as of a date not more than three months prior to the initiation of the proceeding, are acceptable in establishing net worth as of the time of the initiation of the proceeding, unless the administrative law judge or the Board of Directors otherwise requires.

(2) In the case of applicants or affiliates that are not banks, net worth shall be considered for the purposes of this subpart to be the excess of total assets over total liabilities, as of the date the underlying proceeding was initiated, except as adjusted under §308.172(c)(2). Assets and liabilities of individuals shall include those beneficially owned within the meaning of the FDIC’s rules and regulations.

(3) If the applicant or any of its affiliates is a bank, the portion of the statement of net worth which relates to the bank shall consist of a copy of the bank’s last Consolidated Report of Condition and Income filed before the initiation of the adversary adjudication. In all cases the administrative law judge or the Board of Directors may call for additional information needed to establish the applicant’s net worth as of the initiation of the proceeding. Except as adjusted by additional information that was called for under the preceding sentence, net worth shall be considered for the purposes of this subpart to be the total equity capital (or, in the case of mutual savings banks, the total surplus accounts) as reported, in conformity with applicable instructions and guidelines, on the bank’s Consolidated Report of Condition and Income filed for the last reporting date before the initiation of the proceeding. Unless otherwise ordered by the Board of Directors or required by law, the statement of net worth shall be for the confidential use of counsel for the FDIC, the Board of Directors, and the administrative law judge.

§ 308.178 Statement of fees and expenses.

The application shall be accompanied by a statement fully documenting the fees and expenses for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application,
§ 308.183 Payment of awards.

An applicant seeking payment of an award made by the Board of Directors shall submit to the Executive Secretary a statement that the applicant showing the hours spent in work in connection with the proceeding by each individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by any other person or entity for the services performed. The administrative law judge or the Board of Directors may require the applicant to provide vouchers, receipts, or other substantiation for any expenses claimed.

§ 308.179 Settlement negotiations.

If counsel for the FDIC and the applicant believe that the issues in a fee application can be settled, they may jointly file with the Executive Secretary with a copy to the administrative law judge a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer under § 308.171 for an additional 30 days, and further extensions may be granted by the administrative law judge upon the joint request of counsel for the FDIC and the applicant.

[56 FR 37975, Aug. 9, 1991, as amended at 64 FR 62102, Nov. 16, 1999]

§ 308.180 Further proceedings.

(a) General rule. Ordinarily, the determination of a recommended award will be made by the administrative law judge on the basis of the written record. However, on request of either the applicant or the FDIC, or on his or her own initiative, the administrative law judge may order further proceedings such as an informal conference, oral argument, additional written submissions, or an evidentiary hearing. Such further proceedings will be held only when necessary for full and fair resolution of the issues arising from the application and will be conducted promptly and expeditiously.

(b) Request for further proceedings. A request for further proceedings under this section shall specifically identify the information sought or the issues in dispute and shall explain why additional proceedings are necessary.

(c) Hearing. Ordinarily, the administrative law judge shall hold an oral evidentiary hearing only on disputed issues of material fact which cannot be adequately resolved through written submissions.

§ 308.181 Recommended decision.

The administrative law judge shall file with the Executive Secretary a recommended decision on the fee application not later than 90 days after the filing of the application or 30 days after the conclusion of the hearing, whichever is later. The recommended decision shall include written findings and conclusions on the applicant’s eligibility and its status as a prevailing party and an explanation of the reasons for any difference between the amount requested and the amount of the recommended award. The recommended decision shall also include, if at issue, proposed findings on whether the FDIC’s position was substantially justified, whether the applicant unduly protracted the proceedings, or whether special circumstances make an award unjust. The administrative law judge shall file the record of the proceeding on the fee application and, at the same time, serve upon each party a copy of the recommended decision, findings, conclusions, and proposed order.

§ 308.182 Board of Directors action.

(a) Exceptions to recommended decision. Within 20 days after service of the recommended decision, findings, conclusions, and proposed order, the applicant or counsel for the FDIC may file with the Executive Secretary written exceptions thereto. A supporting brief may also be filed.

(b) Decision of Board of Directors. The Board of Directors shall render its decision within 60 days after the matter is submitted to it by the Executive Secretary. The Executive Secretary shall furnish copies of the decision and order of the Board of Directors to the parties. Judicial review of the decision and order may be obtained as provided in 5 U.S.C. 504(c)(2).

§ 308.183 Payment of awards.

An applicant seeking payment of an award made by the Board of Directors shall submit to the Executive Secretary a statement that the applicant
will not seek judicial review of the decision and order or that the time for seeking further review has passed and no further review has been sought. The FDIC will pay the amount awarded within 30 days after receiving the applicant's statement, unless judicial review of the award or of the underlying decision of the adversary adjudication has been sought by the applicant or any other party to the proceeding.

Subpart Q—Issuance and Review of Orders Pursuant to the Prompt Corrective Action Provisions of the Federal Deposit Insurance Act

§ 308.200 Scope.

The rules and procedures set forth in this subpart apply to banks, insured branches of foreign banks and senior executive officers and directors of banks that are subject to the provisions of section 38 of the Federal Deposit Insurance Act (section 38) (12 U.S.C. 1831o) and subpart B of part 325 of this chapter.

§ 308.201 Directives to take prompt corrective action.

(a) Notice of intent to issue directive—(1) In general. The FDIC shall provide an undercapitalized, significantly undercapitalized, or critically undercapitalized bank prior written notice of the FDIC's intention to issue a directive requiring such bank to take actions or to follow proscriptions described in section 38 that are within the FDIC's discretion to require or impose under section 38 of the FDI Act, including section 38 (e)(5), (f)(2), (f)(3), or (f)(5). A bank that is subject to such an immediately effective directive may submit a written appeal of the directive to the FDIC. Such an appeal must be received by the FDIC within 14 calendar days of the issuance of the directive, unless the FDIC permits a longer period. The FDIC shall consider any such appeal, if filed in a timely matter, within 60 days of receiving the appeal. During such period of review, the directive shall remain in effect unless the FDIC, in its sole discretion, stays the effectiveness of the directive.

(b) Contents of notice. A notice of intention to issue a directive shall include:

1. A statement of the bank's capital measures and capital levels;
2. A description of the restrictions, prohibitions or affirmative actions that the FDIC proposes to impose or require;
3. The proposed date when such restrictions or prohibitions would be effective or the proposed date for completion of such affirmative actions; and
4. The date by which the bank subject to the directive may file with the FDIC a written response to the notice.

(c) Response to notice—(1) Time for response. A bank may file a written response to a notice of intent to issue a directive within the time period set by the FDIC. The date shall be at least 14 calendar days from the date of the notice unless the FDIC determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.

(2) Content of response. The response should include:

(i) An explanation why the action proposed by the FDIC is not an appropriate exercise of discretion under section 38;
(ii) Any recommended modification of the proposed directive; and
(iii) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of
§ 308.202 Procedures for reclassifying a bank based on criteria other than capital.

(a) Reclassification based on unsafe or unsound condition or practice—(1) Issuance of notice of proposed reclassification—(i) Grounds for reclassification. (A) Pursuant to §325.103(d) of this chapter, the FDIC may reclassify a well capitalized bank as adequately capitalized or subject an adequately capitalized or undercapitalized institution to the supervisory actions applicable to the next lower capital category if:

(1) The FDIC determines that the bank is in unsafe or unsound condition; or

(2) The FDIC, pursuant to section 8(b)(8) of the FDI Act (12 U.S.C. 1818(b)(8)), deems the bank to be engaged in an unsafe or unsound practice and not to have corrected the deficiency.

(B) Any action pursuant to this paragraph (a)(1)(i) shall hereinafter be referred to as reclassification.

(ii) Prior notice to institution. Prior to taking action pursuant to §325.103(d) of this chapter, the FDIC shall issue and serve on the bank a written notice of the FDIC’s intention to reclassify the bank.

(2) Contents of notice. A notice of intention to reclassify a bank based on unsafe or unsound condition shall include:

(i) A statement of the bank’s capital measures and capital levels and the category to which the bank would be reclassified;

(ii) The reasons for reclassification of the bank;

(iii) The date by which the bank subject to the notice of reclassification may file with the FDIC a written appeal of the proposed reclassification and a request for a hearing, which shall be at least 14 calendar days from the date of service of the notice unless the FDIC determines that a shorter period is appropriate in light of the financial condition of the bank or other relevant circumstances.

(3) Response to notice of proposed reclassification. A bank may file a written response to a notice of proposed reclassification within the time period set by the FDIC. The response should include:

(i) An explanation of why the bank is not in an unsafe or unsound condition or otherwise should not be reclassified; and

(ii) Any other relevant information, mitigating circumstances, documentation, or other evidence in support of the position of the bank regarding the reclassification.

(4) Failure to file response. Failure by a bank to file, within the specified time period, a written response with the FDIC to a notice of proposed reclassification shall constitute a waiver of the opportunity to respond and shall constitute consent to the reclassification.

(5) Request for hearing and presentation of oral testimony or witnesses. The response may include a request for an informal hearing before the FDIC under this section. If the bank desires to present oral testimony or witnesses at the hearing, the bank shall include a request to do so with the request for an informal hearing. A request to present oral testimony or witnesses shall specify the names of the witnesses and the
§ 308.203 Order to dismiss a director or senior executive officer.

(a) Service of notice. When the FDIC issues and serves a directive on a bank pursuant to §308.201 of this part requiring the bank to dismiss from office any director or senior executive officer under §38(f)(2)(F)(ii) of the FDI Act, the FDIC shall also serve a copy of the directive, or the relevant portions of the directive where appropriate, upon the person to be dismissed.

(b) Response to directive—(1) Request for reinstatement. A director or senior executive officer who has been served with a directive under paragraph (a) of this section (Respondent) may file a written request for reinstatement. The request for reinstatement shall be filed within 10 calendar days of the receipt of the directive by the Respondent, unless further time is allowed by the FDIC at the request of the Respondent.

(2) Contents of request; informal hearing. The request for reinstatement shall include reasons why the Respondent should be reinstated, and may include a request for an informal hearing before the FDIC under this section. If the Respondent desires to present oral testimony or witnesses at the hearing, the Respondent shall include a request to do so with the request for an informal hearing. The request to present

(6) Order for informal hearing. Upon receipt of a timely written request that includes a request for a hearing, the FDIC shall issue an order directing an informal hearing to commence no later than 30 days after receipt of the request, unless the bank requests a later date. The hearing shall be held in Washington, DC or at such other place as may be designated by the FDIC, before a presiding officer(s) designated by the FDIC to conduct the hearing.

(7) Hearing procedures. (i) The bank shall have the right to introduce relevant written materials and to present oral argument at the hearing. The bank may introduce oral testimony and present witnesses only if expressly authorized by the FDIC or the presiding officer(s). Neither the provisions of the Administrative Procedure Act (5 U.S.C. 554–557) governing adjudications required by statute to be determined on the record nor the Uniform Rules of Practice and Procedure in this part apply to an informal hearing under this section unless the FDIC orders that such procedures shall apply.

(ii) The informal hearing shall be recorded, and a transcript shall be furnished to the bank upon request and payment of the cost thereof. Witnesses need not be sworn, unless specifically requested by a party or the presiding officer(s). The presiding officer(s) may ask questions of any witness.

(iii) The presiding officer(s) may order that the hearing be continued for a reasonable period (normally five business days) following completion of oral testimony or argument to allow additional written submissions to the hearing record.

(8) Recommendation of presiding officers. Within 20 calendar days following the date the hearing and the record on the proceeding are closed, the presiding officer(s) shall make a recommendation to the FDIC on the reclassification.

(9) Time for decision. Not later than 60 calendar days after the date the record is closed or the date of the response in a case where no hearing was requested, the FDIC will decide whether to reclassify the bank and notify the bank of the FDIC’s decision.

§ 308.203 General nature of their expected testimony. Failure to request a hearing shall constitute a waiver of any right to a hearing, and failure to request the opportunity to present oral testimony or witnesses shall constitute a waiver of any right to present oral testimony or witnesses.

§ 308.204 Enforcement of directives.

(a) Judicial remedies. Whenever a bank fails to comply with a directive issued under section 38, the FDIC may seek enforcement of the directive in the appropriate United States district court pursuant to section 8(i)(1) of the FDI Act (12 U.S.C. 1818(i)(1)).

(b) Administrative remedies—(1) Failure to comply with directive. Pursuant to section 8(i)(2)(A) of the FDI Act, the FDIC may assess a civil money penalty against any bank that violates or otherwise fails to comply with any final directive issued under section 38 and against any institution-affiliated party.
who participates in such violation or noncompliance.

(2) Failure to implement capital restoration plan. The failure of a bank to implement a capital restoration plan required under section 38, or subpart B of part 325 of this chapter, or the failure of a company having control of a bank to fulfill a guarantee of a capital restoration plan made pursuant to section 38(e)(2) of the FDI Act shall subject the bank to the assessment of civil money penalties pursuant to section 8(l)(2)(A) of the FDI Act.

(c) Other enforcement action. In addition to the actions described in paragraphs (a) and (b) of this section, the FDIC may seek enforcement of the provisions of section 38 or subpart B of part 325 of this chapter through any other judicial or administrative proceeding authorized by law.

Subpart R—Submission and Review of Safety and Soundness Compliance Plans and Issuance of Orders To Correct Safety and Soundness Deficiencies

§ 308.300 Scope.

The rules and procedures set forth in this subpart apply to insured state nonmember banks and to state-licensed insured branches of foreign banks, that are subject to the provisions of section 39 of the Federal Deposit Insurance Act (section 39) (12 U.S.C. 1831p–1).

§ 308.301 Purpose.

Section 39 of the FDI Act requires the FDIC to establish safety and soundness standards. Pursuant to section 39, a bank may be required to submit a compliance plan if it is not in compliance with a safety and soundness standard established by guideline under section 39(a) or (b). An enforceable order under section 8 of the FDI Act may be issued if, after being notified that it is in violation of a safety and soundness standard established under section 39, the bank fails to submit an acceptable compliance plan or fails in any material respect to implement an accepted plan. This subpart establishes procedures for requiring submission of a compliance plan and issuing an enforceable order pursuant to section 39.

§ 308.302 Determination and notification of failure to meet a safety and soundness standard and request for compliance plan.

(a) Determination. The FDIC may, based upon an examination, inspection or any other information that becomes available to the FDIC, determine that a bank has failed to satisfy the safety and soundness standards set out in part 364 of this chapter and in the Interagency Guidelines Establishing Standards for Safety and Soundness in appendix A and the Interagency Guidelines Establishing Standards for Safeguarding Customer Information in appendix B to part 364 of this chapter.

(b) Request for compliance plan. If the FDIC determines that a bank has failed a safety and soundness standard pursuant to paragraph (a) of this section, the FDIC may request, by letter or through a report of examination, the submission of a compliance plan and the bank shall be deemed to have notice of the request three days after mailing of the letter by the FDIC or delivery of the report of examination.

§ 308.303 Filing of safety and soundness compliance plan.

(a) Schedule for filing compliance plan—(1) In general. A bank shall file a written safety and soundness compliance plan with the FDIC within 30 days of receiving a request for a compliance plan pursuant to §308.302(b), unless the FDIC notifies the bank in writing that the plan is to be filed within a different period.

(2) Other plans. If a bank is obligated to file, or is currently operating under, a capital restoration plan submitted pursuant to section 38 of the FDI Act (12 U.S.C. 1831o), a cease-and-desist order entered into pursuant to section 8 of the FDI Act, a formal or informal agreement, or a response to a report of examination or report of inspection, it
may, with the permission of the FDIC, submit a compliance plan under this section as part of that plan, order, agreement, or response, subject to the deadline provided in paragraph (a)(1) of this section.

(b) Contents of plan. The compliance plan shall include a description of the steps the bank will take to correct the deficiency and the time within which those steps will be taken.

(c) Review of safety and soundness compliance plans. Within 30 days after receiving a safety and soundness compliance plan under this subpart, the FDIC shall provide written notice to the bank of whether the plan has been approved or seek additional information from the bank regarding the plan. The FDIC may extend the time within which notice regarding approval of a plan will be provided.

(d) Failure to submit or implement a compliance plan—(1) Supervisory actions. If a bank fails to submit an acceptable plan within the time specified by the FDIC or fails in any material respect to implement a compliance plan, then the FDIC shall, by order, require the bank to correct the deficiency and may take further actions provided in section 39(e)(2)(B). Pursuant to section 39(e)(3), the FDIC may be required to take certain actions if the bank commenced operations or experienced a change in control within the previous 24-month period, or the bank experienced extraordinary growth during the previous 18-month period.

(2) Extraordinary growth. For purposes of paragraph (d)(1) of this section, extraordinary growth means an increase in assets of more than 7.5 percent during any quarter within the 18-month period preceding the issuance of a request for submission of a compliance plan, by a bank that is not well capitalized for purposes of section 38 of the FDI Act. For purposes of calculating an increase in assets, assets acquired through merger or acquisition approved pursuant to the Bank Merger Act (12 U.S.C. 1828(c)) will be excluded.

(e) Amendment of compliance plan. A bank that has filed an approved compliance plan may, after prior written notice to and approval by the FDIC, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the bank shall implement the compliance plan as previously approved.

§ 308.304 Issuance of orders to correct deficiencies and to take or refrain from taking other actions.

(a) Notice of intent to issue order—(1) In general. The FDIC shall provide a bank prior written notice of the FDIC’s intention to issue an order requiring the bank to correct a safety and soundness deficiency or to take or refrain from taking other actions pursuant to section 39 of the FDI Act. The bank shall have such time to respond to a proposed order as provided by the FDIC under paragraph (c) of this section.

(2) Immediate issuance of final order. If the FDIC finds it necessary in order to carry out the purposes of section 39 of the FDI Act, the FDIC may, without providing the notice prescribed in paragraph (a)(1) of this section, issue an order requiring a bank immediately to take actions to correct a safety and soundness deficiency or take or refrain from taking other actions pursuant to section 39. A bank that is subject to such an immediately effective order may submit a written appeal of the order to the FDIC. Such an appeal must be received by the FDIC within 14 calendar days of the issuance of the order, unless the FDIC permits a longer period. The FDIC shall consider any such appeal, if filed in a timely matter, within 60 days of receiving the appeal. During such period of review, the order shall remain in effect unless the FDIC, in its sole discretion, stays the effectiveness of the order.

(b) Contents of notice. A notice of intent to issue an order shall include:

(1) A statement of the safety and soundness deficiency or deficiencies that have been identified at the bank;

(2) A description of any restrictions, prohibitions, or affirmative actions that the FDIC proposes to impose or require;

(3) The proposed date when such restrictions or prohibitions would be effective or the proposed date for completion of any required action; and

(4) The date by which the bank subject to the order may file with the FDIC a written response to the notice.
§ 308.305 Enforcement of orders.

(a) Judicial remedies. Whenever a bank fails to comply with an order issued under section 39, the FDIC may seek enforcement of the order in the appropriate United States district court pursuant to section 8(i)(1) of the FDI Act.

(b) Failure to comply with order. Pursuant to section 8(i)(2)(A) of the FDI Act, the FDIC may assess a civil money penalty against any bank that violates or otherwise fails to comply with any final order issued under section 39 and against any institution-affiliated party who participates in such violation or noncompliance.

(c) Other enforcement action. In addition to the actions described in paragraphs (a) and (b) of this section, the FDIC may seek enforcement of the provisions of section 39 or this part through any other judicial or administrative proceeding authorized by law.

§ 308.400 Scope.

This subpart is issued by the Corporation pursuant to sections 17A(b)(3)(g), 17A(b)(5)(C), 19 and 23 of the Securities Exchange Act of 1934 (Exchange Act), as amended (15 U.S.C. 78q–1 (b)(3)(g), (b)(5)(C), 78s, 78w). It applies to applications by banks insured by the Corporation (other than members of the Federal Reserve System) for a stay or review of certain actions by clearing agencies registered under the Exchange Act, for which the Securities and Exchange Commission (Commission) is not the appropriate regulatory agency under section 3(a)(34)(B) of the Exchange Act (bank clearing agencies).

§ 308.401 Applications for stays of disciplinary sanctions or summary suspensions by a bank clearing agency.

Applications to the Corporation for a stay of disciplinary action imposed by registered clearing agencies pursuant to section 17(b)(3)(G) of the Exchange Act, or summary suspension or limitation or prohibition of access under section 17(b)(5)(C) of the Exchange Act shall be made according to the rules adopted by the Commission (17 CFR 240.19d–2). References to the “Commission” in 17 CFR 240.19d–2 are deemed to refer to the “Corporation.”
§ 308.402 Applications for review of final disciplinary sanctions, denials of participation, or prohibitions or limitations of access to services imposed by bank clearing agencies.

Proceedings on an application to the Corporation under section 19(d)(2) of the Exchange Act for review of any final disciplinary sanctions, denials of participation, or prohibitions or limitations of access to services imposed by bank clearing agencies shall be conducted according to the procedures set forth in rules adopted by the Commission (17 CFR 240.19d–3). References to the “Commission” in 17 CFR 240.19d–3 are deemed to refer to the “Corporation.”

It does not apply to false claims or statements made in connection with programs (other than as set forth in the preceding sentence) related to the FDIC’s regulatory, supervision, enforcement, insurance, receivership or liquidation responsibilities. (b) If the investigating official concludes that an action under the PFCRA may be warranted, the investigating official will submit a report containing the findings and conclusions of such investigation to the reviewing official.

(c) Nothing in this section will preclude or limit an investigating official’s discretion to refer allegations directly to the United States Department of Justice (DOJ) for suit under the False Claims Act (31 U.S.C. 3729 et seq.) or other civil relief, or to preclude or limit the investigating official’s discretion to defer or postpone a report or referral to the reviewing official to avoid interference with a criminal investigation or prosecution.

(d) Nothing in this section modifies any responsibility of an investigating official to report violations of criminal law to the Attorney General.

§ 308.504 Review by the reviewing official.

(a) If, based on the report of the investigating official under § 308.503(b) of this subpart, the reviewing official determines that there is adequate evidence to believe that a person is liable under § 308.502 of this subpart, the reviewing official will transmit to the Attorney General a written notice of the reviewing official’s intention to issue a complaint under § 308.506 of this subpart.

(6) A statement that there is a reasonable prospect of collecting an appropriate amount of penalties and assessments. Such a statement may be based upon information then known, or upon an absence of any information indicating that the person may be unable to pay such amount.

§ 308.505 Prerequisites for issuing a complaint.

(a) The reviewing official may issue a complaint under § 308.506 of this subpart only if:

(1) The DOJ approves the issuance of a complaint in a written statement described in 31 U.S.C. 3803(b)(1); and

(2) In the case of allegations of liability under § 308.502(a) of this subpart with respect to a claim (or a group of related claims submitted at the same time as defined in paragraph (b) of this section) the reviewing official determines that the amount of money or the value of property or services demanded or requested does not exceed $150,000.
§ 308.508 Answer.

(a) The defendant may request a hearing by filing an answer with the reviewing official within 30 days of service of the complaint. An answer will be deemed to be a request for hearing;

(b) In the answer, the defendant:

(1) Must admit or deny each of the allegations of liability made in the complaint;

(2) Must state any defense on which the defendant intends to rely;

(3) May state any reasons why the defendant contends that the penalties and assessments should be less than the statutory maximum; and

(4) Must state the name, address, and telephone number of the person authorized by the defendant to act as defendant’s representative, if any.

(c) If the defendant is unable to file an answer meeting the requirements of paragraph (b) of this section within the time provided:

(1) The defendant may, before the expiration of 30 days from service of the complaint, file with the reviewing official a general answer denying liability and requesting a hearing, and a request for an extension of time within which to file an answer meeting the requirements of paragraph (b) of this section.

(2) The reviewing official will file promptly with the ALJ the complaint, the general answer denying liability, and the request for an extension of time as provided in §308.510 of this subpart.

(3) For good cause shown, the ALJ may grant the defendant up to 30 additional days within which to file an answer meeting the requirements of paragraph (b) of this section.
§ 308.509 Default upon failure to file an answer.

(a) If the defendant does not file an answer within the time prescribed in §308.508(a) of this subpart, the reviewing official may refer the complaint to the ALJ.

(b) Upon the referral of the complaint, the ALJ will promptly serve on defendant in the manner prescribed in §308.507 of this subpart, a notice that an initial decision will be issued under this section.

(c) If the defendant fails to answer, the ALJ will assume the facts alleged in the complaint to be true, and, if such facts establish liability under §308.502 of this subpart, the ALJ will issue an initial decision imposing the maximum amount of penalties and assessments allowed under the statute.

(d) Except as otherwise provided in this section, by failing to file a timely answer, the defendant waives any right to further review of the penalties and assessments imposed under paragraph (c) of this section, and the initial decision will become final and binding upon the parties 30 days after it is issued.

(e) If, before such an initial decision becomes final, the defendant files a motion with the ALJ seeking to reopen on the grounds that extraordinary circumstances prevented the defendant from filing an answer, the initial decision will be stayed pending the ALJ’s decision on the motion.

(f) If, in the motion to reopen under paragraph (e) of this section, the defendant can demonstrate extraordinary circumstances excusing the failure to file a timely answer, the ALJ will withdraw the initial decision in paragraph (c) of this section, if such a decision has been issued, and will grant the defendant an opportunity to answer the complaint.

(g) A decision of the ALJ denying a defendant’s motion to reopen under paragraph (e) of this section is not subject to reconsideration under §308.507 of this subpart.

(h) The decision denying the motion to reopen under paragraph (e) of this section may be appealed by the defendant to the Board by filing a notice of appeal with the Board within 15 days after the ALJ denies the motion. The timely filing of a notice of appeal will stay the initial decision until the Board decides the issue.

(i) If the defendant files a timely notice of appeal with the Board, the ALJ will forward the record of the proceeding to the Board.

(j) The Board will decide whether extraordinary circumstances excuse the defendant’s failure to file a timely answer based solely on the record before the ALJ.

(k) If the Board decides that extraordinary circumstances excuse the defendant’s failure to file a timely answer, the Board will remand the case to the ALJ with instructions to grant the defendant an opportunity to answer.

(l) If the Board decides that the defendant’s failure to file a timely answer is not excused, the Board will reinstate the initial decision of the ALJ, which will become final and binding upon the parties 30 days after the Board issues such decision.

§ 308.510 Referral of complaint and answer to the ALJ.

Upon receipt of an answer, the reviewing official will file the complaint and answer with the ALJ. The reviewing official will include the name, address, and telephone number of a representative of the Corporation.

§ 308.511 Notice of hearing.

(a) When the ALJ receives the complaint and answer, the ALJ will promptly serve a notice of hearing upon the defendant in the manner prescribed by §308.507 of this subpart. At the same time, the ALJ will send a copy of such notice to the representative of the Corporation.

(b) The notice will include:

(1) The tentative time, date, and place, and the nature of the hearing;

(2) The legal authority and jurisdiction under which the hearing is to be held;

(3) The matters of fact and law to be asserted;

(4) A description of the procedures for the conduct of the hearing;

(5) The name, address, and telephone number of the representative of the Corporation and of the defendant, if any; and
§ 308.512 Parties to the hearing.
(a) The parties to the hearing will be the defendant and the Corporation.

§ 308.513 Separation of functions.

(2) Participate or advise in the initial decision or the review of the initial decision by the Board, except as a witness or a representative in public proceedings; or
(3) Make the collection of penalties and assessments under 31 U.S.C. 3806.
(b) The ALJ will not be responsible to, or subject to the supervision or direction of, the investigating official or the reviewing official.
(c) Except as provided in paragraph (a) of this section, the representative for the FDIC will be an attorney employed in the FDIC’s Legal Division; however, the representative of the FDIC may not participate or advise in the review of the initial decision by the Board.

§ 308.514 Ex parte contacts.
No party or person (except employees of the ALJ’s office) will communicate in any way with the ALJ on any matter at issue in a case, unless on notice and opportunity for all parties to participate. This provision does not prohibit a person or party from inquiring about the status of a case or asking routine questions concerning administrative functions or procedures.

§ 308.515 Disqualification of reviewing official or ALJ.
(a) A reviewing official or ALJ in a particular case may disqualify himself or herself at any time.
(b) A party may file with the ALJ a motion for disqualification of a reviewing official or an ALJ. An affidavit alleging conflict of interest or other reason for disqualification must accompany the motion.
(c) Such motion and affidavit must be filed promptly upon the party’s discovery of reasons requiring disqualification, or such objections will be deemed waived.
(d) Such affidavit must state specific facts that support the party’s belief that personal bias or other reason for disqualification exists and the time and circumstances of the party’s discovery of such facts. The representative of record must certify that the affidavit is made in good faith and this certification must accompany the affidavit.
(e) Upon the filing of such a motion and affidavit, the ALJ will proceed no further in the case until he or she resolves the matter of disqualification in accordance with paragraph (f) of this section.
(f)(1) If the ALJ determines that a reviewing official is disqualified, the ALJ will dismiss the complaint without prejudice.
(2) If the ALJ disqualifies himself or herself, the case will be reassigned promptly to another ALJ.
(3) If the ALJ denies a motion to disqualify, the Board may determine the matter only as part of the Board’s review of the initial decision upon appeal, if any.

§ 308.517 Authority of the ALJ.

(a) The ALJ will conduct a fair and impartial hearing, avoid delay, maintain order, and assure that a record of the proceeding is made.

(b) The ALJ has the authority to:

(c) The ALJ does not have the authority to make any determinations regarding the validity of federal statutes or regulations or of directives, rules, resolutions, policies, orders or other such general pronouncements issued by the Corporation.

§ 308.518 Prehearing conferences.

(a) The ALJ may schedule prehearing conferences as appropriate.

(b) Upon the motion of any party, the ALJ will schedule at least one prehearing conference at a reasonable time in advance of the hearing.

(6) Limitation of the number of witnesses;

(7) Scheduling dates for the exchange of witness lists and of proposed exhibits;

(8) Discovery;

(9) The time, date, and place for the hearing; and

(10) Such other matters as may tend to expedite the fair and just disposition of the proceedings.

(d) The ALJ may issue an order containing all matters agreed upon by the parties or ordered by the ALJ at a prehearing conference.

§ 308.519 Disclosure of documents.

(a) Upon written request to the reviewing official, the defendant may review any relevant and material documents, transcripts, records, and other materials that relate to the allegations set out in the complaint and upon which the findings and conclusions of the investigating official under §308.503(b) of this subpart are based, unless such documents are subject to a privilege under federal law. Upon payment of fees for duplication, the defendant may obtain copies of such documents.

(b) Upon written request to the reviewing official, the defendant also may obtain a copy of all exculpatory information in the possession of the reviewing official or investigating official relating to the allegations in the complaint, even if it is contained in a

At the time such documents are exchanged, any party that intends to rely on the transcript of deposition testimony in lieu of live testimony at the hearing, if permitted by the ALJ, must provide each party with a copy of the specific pages of the transcript it intends to introduce into evidence.

(b) If a party objects, the ALJ will not admit into evidence the testimony of any witness whose name does not appear on the witness list or any exhibit.
§ 308.522 Subpoenas for attendance at hearing.

(a) A party wishing to procure the appearance and testimony of any individual at the hearing may request that the ALJ issue a subpoena.

(b) A subpoena requiring the attendance and testimony of an individual may also require the individual to produce documents at the hearing.

(c) A party seeking a subpoena must file a written request not less than 15 days before the date fixed for the hearing unless otherwise allowed by the ALJ for good cause shown. Such request must specify any documents to be produced and must designate the addresses and describe the location thereof with sufficient particularity to permit such witnesses to be found.

(d) The subpoena must specify the time, date, and place at which the witness is to appear and any documents the witness is to produce.

(e) The party seeking the subpoena must serve it in the manner prescribed in §308.507 of this subpart. A subpoena on a party or upon an individual under the control of a party may be served by first class mail.

(f) A party or the individual to whom the subpoena is directed may file with the ALJ a motion to quash the subpoena within 10 days after service or on or before the time specified in the subpoena for compliance if it is less than 10 days after service.

§ 308.523 Protective order.

(a) A party or a prospective witness or deponent may file a motion for a protective order with respect to discovery sought by an opposing party or with respect to the hearing, seeking to limit the availability or disclosure of evidence.

(b) In issuing a protective order, the ALJ may make any order which justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following:

(1) That the discovery will not be conducted;

(2) That the discovery will be conducted only on specified terms and conditions, including a designation of the time or place;

(9) That the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the ALJ.

§ 308.524 Witness fees.

The party requesting a subpoena must pay the cost of the fees and mileage of any witness subpoenaed in the amounts that would be payable to a witness in a proceeding in United States District Court. A check for witness fees and mileage must accompany the subpoena when served, except that when a subpoena is issued on behalf of the FDIC, a check for witness fees and mileage need not accompany the subpoena.

§ 308.525 Form, filing, and service of papers.

(a) Form. (1) Documents filed with the ALJ must include an original and two copies.
(2) Every pleading and paper filed in the proceeding must contain a caption setting forth the title of the action, the case number assigned by the ALJ, and a designation of the paper (e.g., motion to quash subpoena).

(3) Every pleading and paper must be signed by, and must contain the address and telephone number of the party or the person on whose behalf the paper was filed, or his or her representative.

(4) Papers are considered filed when they are mailed by certified or registered mail. Date of mailing may be established by a certificate from the party or its representative or by proof that the document was sent by certified or registered mail.

(b) Service. A party filing a document with the ALJ must, at the time of filing, serve a copy of such document on every other party. Service upon any party of any document other than those required to be served as prescribed in §308.507 of this subpart must be made by delivering a copy or by placing a copy of the document in the United States mail, postage prepaid, and addressed to the party’s last known address. When a party is represented by a representative, service must be made upon such representative in lieu of the actual party. The ALJ may authorize facsimile transmission as an acceptable form of service.

(c) Proof of service. A certificate by the individual serving the document by personal delivery or by mail, setting forth the manner of service, will be proof of service.

§ 308.526 Computation of time.

(a) In computing any period of time under this subpart or in an order issued thereunder, the time begins with the day following the act, event, or default, and includes the last day of the period, unless it is a Saturday, Sunday, or legal holiday observed by the federal government, in which event it includes the next business day.

(b) When the period of time allowed is less than 7 days, intermediate Saturdays, Sundays, and legal holidays observed by the federal government will be excluded from the computation.

(c) Where a document has been served or issued by placing it in the mail, an additional 5 days will be added to the time permitted for any response.

§ 308.527 Motions.

(a) Any application to the ALJ for an order or ruling must be by motion. Motions must state the relief sought, the authority relied upon, and the facts alleged, and must be filed with the ALJ and served on all other parties. Motions may include, without limitation, motions for summary judgment.

(b) Except for motions made during a prehearing conference or at the hearing, all motions must be in writing. The ALJ may require that oral motions be reduced to writing.

(c) Within 15 days after a written motion is served, or any other time as may be fixed by the ALJ, any party may file a response to such motion.

(d) The ALJ may not grant a written motion before the time for filing responses thereto has expired, except upon consent of the parties or following a hearing on the motion, but may overrule or deny such motion without awaiting a response.

(e) The ALJ will make a reasonable effort to dispose of all outstanding motions prior to the beginning of the hearing.

§ 308.528 Sanctions.

(a) The ALJ may sanction a person, including any party or representative for:

(1) Failing to comply with an order, rule, or procedure governing the proceeding;

(2) Failing to prosecute or defend an action; or

(3) Engaging in other misconduct that interferes with the speedy, orderly, or fair conduct of the hearing.

(b) Any such sanction, including but not limited to, those listed in paragraphs (c), (d), and (e) of this section, must reasonably relate to the severity and nature of the failure or misconduct.

(c) When a party fails to comply with an order, including an order for taking a deposition, the production of evidence within the party’s control, or a request for admission, the ALJ may:

(1) Draw an inference in favor of the requesting party with regard to the information sought;
(2) In the case of requests for admission, deem each matter of which an admission is requested to be admitted;
(3) Prohibit the party failing to comply with such order from introducing evidence concerning, or otherwise relying upon, testimony relating to the information sought; and
(4) Strike any part of the related pleading or other submissions of the party failing to comply with such request.
(d) If a party fails to prosecute or defend an action under this subpart commenced by service of a notice of hearing, the ALJ may dismiss the action or may issue an initial decision imposing penalties and assessments.
(e) The ALJ may refuse to consider any motion, request, response, brief, or other document which is not filed in a timely fashion.

§ 308.529 The hearing and burden of proof.
(a) The ALJ will conduct a hearing on the record in order to determine whether the defendant is liable for a civil penalty or assessment under § 308.502 of this subpart, and, if so, the appropriate amount of any such civil penalty or assessment considering any aggravating or mitigating factors.
(b) The FDIC must prove defendant’s liability and any aggravating factors by a preponderance of the evidence.
(c) The defendant must prove any affirmative defenses and any mitigating factors by a preponderance of the evidence.
(d) The hearing will be open to the public unless otherwise ordered by the ALJ for good cause shown.

§ 308.530 Determining the amount of penalties and assessments.
(a) In determining an appropriate amount of civil penalties and assessments, the ALJ and the Board, upon appeal, should evaluate any circumstances that mitigate or aggravate the violation and should articulate in their opinions the reasons that support the penalties and assessments they impose. Because of the intangible costs of fraud, the expense of investigating such conduct, and the need to deter others who might be similarly tempted, ordinarily double damages and a significant civil penalty should be imposed.
(b) Although not exhaustive, the following factors are among those that may influence the ALJ and the Board in determining the amount of penalties and assessments to impose with respect to the misconduct (i.e., the false, fictitious, or fraudulent claims or statement) charged in the complaint:
(1) The number of false, fictitious, or fraudulent claims or statements;
(2) The time period over which such claims or statements were made;
(3) The degree of the defendant’s culpability with respect to the misconduct;
(4) The amount of money or the value of the property, services, or benefit falsely claimed;
(5) The value of the government’s actual loss as a result of the misconduct, including foreseeable consequential damages and the costs of investigation;
(6) The relationship of the amount imposed as civil penalties to the amount of the government’s loss;
(7) The potential or actual impact of the misconduct upon national defense, public health or safety, or public confidence in the management of government programs and operations, including particularly the impact on the intended beneficiaries of such programs;
(8) Whether the defendant has engaged in a pattern of the same or similar misconduct;
(9) Whether the defendant attempted to conceal the misconduct;
(10) The degree to which the defendant has involved others in the misconduct or in concealing it;
(11) Where the misconduct of employees or agents is imputed to the defendant, the extent to which the defendant’s practices fostered or attempted to preclude such misconduct;
(12) Whether the defendant cooperated in or obstructed an investigation of the misconduct;
(13) Whether the defendant assisted in identifying and prosecuting other wrongdoers;
(14) The complexity of the program or transaction, and the degree of the defendant’s sophistication with respect to it, including the extent of the defendant’s prior participation in the program or in a similar transaction;
(15) Whether the defendant has been found, in any criminal, civil, or administrative proceeding to have engaged in similar misconduct or to have dealt dishonestly with the Government of the United States or of a state, directly or indirectly; and

(16) The need to deter the defendant and others from engaging in the same or similar misconduct.

(c) Nothing in this section will be construed to limit the ALJ or the Board from considering any other factors that in any given case may mitigate or aggravate the offense for which penalties and assessments are imposed.

(d) Civil money penalties that are assessed pursuant to this subpart are subject to adjustment on a four-year basis to account for inflation as required by section 4 of the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended (codified at 28 U.S.C. 2461, note) (see also 12 CFR 308.132(c)(3)(xv)).

§ 308.531 Location of hearing.

(a) The hearing may be held:

(1) In any judicial district of the United States in which the defendant resides or transacts business;

(2) In any judicial district of the United States in which the claim or statement at issue was made; or

(3) In such other place as may be agreed upon by the defendant and the ALJ.

(b) Each party will have the opportunity to present argument with respect to the location of the hearing.

(c) The hearing will be held at the place and at the time ordered by the ALJ.

§ 308.532 Witnesses.

(a) Except as provided in paragraph (b) of this section, testimony at the hearing will be given orally by witnesses under oath or affirmation.

(b) At the discretion of the ALJ, testimony may be admitted in the form of a written statement or deposition. The party offering a written statement must provide all other parties with a copy of the written statement along with the last known address of the witness. Sufficient time must be allowed for other parties to subpoena the witness for cross-examination at the hearing. Prior written statements and deposition transcripts of witnesses identified to testify at the hearing must be exchanged as provided in §306.521(a) of this subpart.

(c) The ALJ will exercise reasonable control over the mode and order of interrogating witnesses and presenting evidence so as to:

(1) Make the interrogation and presentation effective for the ascertainment of the truth;

(2) Avoid needless consumption of time; and

(3) Protect witnesses from harassment or undue embarrassment.

(d) The ALJ will permit the parties to conduct such cross-examination as may be required for a full and true disclosure of the facts.

(e) At the discretion of the ALJ, a witness may be cross-examined on matters relevant to the proceeding without regard to the scope of his or her direct examination. To the extent permitted by the ALJ, cross-examination on matters outside the scope of direct examination will be conducted in the manner of direct examination and may proceed by leading questions only if the witness is a hostile witness, an adverse party, or a witness identified with an adverse party.

(f) Upon motion of any party, the ALJ will order witnesses excluded so that they cannot hear the testimony of other witnesses. This rule does not authorize exclusion of:

(1) A party who is an individual;

(2) In the case of a party that is not an individual, an officer or employee of the party appearing for the entity pro se or designated by the party’s representative; or

(3) An individual whose presence is shown by a party to be essential to the presentation of its case, including an individual employed by the Corporation engaged in assisting the representative for the Corporation.

§ 308.533 Evidence.

(a) The ALJ will determine the admissibility of evidence.

(b) Except as provided in this subpart, the ALJ will not be bound by the Federal Rules of Evidence (28 U.S.C. App.). However, the ALJ may apply the
§ 308.534 The record.

(a) The hearing will be recorded by audio or videotape and transcribed. Transcripts may be obtained following the hearing from the ALJ at a cost not to exceed the actual cost of duplication.

(b) The transcript of testimony, exhibits, and other evidence admitted at the hearing, and all papers and requests filed in the proceeding constitute the record for the decision by the ALJ and the Board.

(c) The record may be inspected and copied (upon payment of a reasonable fee) by anyone, unless otherwise ordered by the ALJ pursuant to §308.523 of this subpart.

§ 308.535 Post-hearing briefs.

The ALJ may require the parties to file post-hearing briefs. In any event, any party may file a post-hearing brief. The ALJ will fix the time for filing such briefs, not to exceed 60 days from the date the parties receive the transcript of the hearing or, if applicable, the stipulated record. Such briefs may be accompanied by proposed findings of fact and conclusions of law. The ALJ may permit the parties to file reply briefs.

§ 308.536 Initial decision.

(a) The ALJ will issue an initial decision based only on the record, which will contain findings of fact, conclusions of law, and the amount of any penalties and assessments imposed.

(b) The findings of fact will include a finding on each of the following issues:

(1) Whether the claims or statements identified in the complaint, or any portions of such claims or statements, violate § 308.502 of this subpart; and

(2) If the person is liable for penalties or assessments, the appropriate amount of any such penalties or assessments considering any mitigating or aggravating factors that he or she finds in the case, such as those described in §308.530 of this subpart.

(c) The ALJ will promptly serve the initial decision on all parties within 90 days after the time for submission of post-hearing briefs and reply briefs (if permitted) has expired. The ALJ will at the same time serve all parties with a statement describing the right of any defendant determined to be liable for a civil penalty or assessment to file a motion for reconsideration with the ALJ or a notice of appeal with the Board. If the ALJ fails to meet the deadline contained in this paragraph, he or she will notify the parties of the reason for the delay and will set a new deadline.

(d) Unless the initial decision of the ALJ is timely appealed to the Board, or a motion for reconsideration of the initial decision is timely filed, the initial decision will constitute the final decision of the Board and will be final and binding on the parties 30 days after it is issued by the ALJ.

§ 308.537 Reconsideration of initial decision.

(a) Except as provided in paragraph (d) of this section, any party may file a motion for reconsideration of the initial decision within 20 days of receipt of the initial decision. If service is made by mail, receipt will be presumed to be 5 days from the date of mailing in the absence of proof to the contrary.

(b) Every motion for reconsideration must set forth the matters claimed to
§ 308.538 Appeal to the Board of Directors.

(a) Any defendant who has filed a timely answer and who is determined in an initial decision to be liable for a civil penalty or assessment may appeal such decision to the Board by filing a notice of appeal with the Board in accordance with this section.

(b)(1) No notice of appeal may be filed until the time period for filing a motion for reconsideration under §308.537 of this subpart has expired.

(2) If the ALJ denies a motion for reconsideration, the initial decision will constitute the final decision of the FDIC and will be final and binding on all parties 30 days after the ALJ denies the motion, unless the final decision is timely appealed to the Board in accordance with §308.538 of this subpart.

(g) If the ALJ issues a revised initial decision, that decision will constitute the final decision of the FDIC and will be final and binding on the parties 30 days after it is issued, unless it is timely appealed to the Board in accordance with §308.538 of this subpart.

§ 308.539 Stays ordered by the Department of Justice.

If at any time the Attorney General or an Assistant Attorney General designated by the Attorney General transmits to the Board a written finding that an appeal has been erroneously decided and the nature of the alleged errors. The motion must be accompanied by a supporting brief.

(c) Responses to the motions will be allowed only upon order of the ALJ.

(d) No party may file a motion for reconsideration of an initial decision that has been revised in response to a previous motion for reconsideration.

(e) The ALJ may dispose of a motion for reconsideration by denying it or by issuing a revised initial decision.

(f) If the ALJ denies a motion for reconsideration, the initial decision will constitute the final decision of the FDIC and will be final and binding on all parties 30 days after the ALJ denies the motion, unless the final decision is timely appealed to the Board in accordance with §308.538 of this subpart.

(g) If no motion for reconsideration is timely filed, a notice of appeal must be filed within 30 days after the ALJ issues the final decision or issues a revised initial decision, whichever applies.

(h) The Board may extend the initial 30-day period for an additional 30 days if the defendant files with the Board a request for an extension within the initial 30-day period and shows good cause.

(i) If the defendant files a timely notice of appeal with the Board, the ALJ will forward the record of the proceeding to the Board.

(j) A notice of appeal will be accompanied by a written brief specifying exceptions to the initial decision and reasons supporting the exceptions.

(l) There is no right to appear personally before the Board.

(m) There is no right to appeal any interlocutory ruling by the ALJ.

(n) In reviewing the initial decision, the Board will not consider any objection that was not raised before the ALJ unless a demonstration is made of extraordinary circumstances causing the failure to raise the objection.

(o) If any party demonstrates to the satisfaction of the Board that additional evidence not presented at such hearing is material and that there were reasonable grounds for the failure to present such evidence at such hearing, the Board will remand the matter to the ALJ for consideration of such additional evidence.

(p) The Board may affirm, reduce, reverse, compromise, remand, or settle any penalty or assessment determined by the ALJ in any initial decision.

(q) The Board will promptly serve each party to the appeal with a copy of the decision of the Board and a statement describing the right of any person determined to be liable for a penalty or an assessment to seek judicial review.

(r) Unless a petition for review is filed as provided in 31 U.S.C. 3805 after a defendant has exhausted all administrative remedies under this subpart and within 60 days after the date on which the Board serves the defendant with a copy of the Board’s decision, a determination that a defendant is liable under §308.502 of this subpart is final and is not subject to judicial review.

§ 308.544 Deposit in Treasury of United States.

All amounts collected pursuant to this subpart will be deposited as miscellaneous receipts in the Treasury of the United States, except as provided in 31 U.S.C. 3806(g).

Subpart U—Removal, Suspension, and Debarment of Accountants From Performing Audit Services

SOURCE: 68 FR 48270, Aug. 13, 2003, unless otherwise noted.

§ 308.600 Scope.

This subpart, which implements section 36(g)(4) of the FDIA (12 U.S.C. 1831m(g)(4)), provides rules and procedures for the removal, suspension, or debarment of independent public accountants and accounting firms from performing independent audit and attestation services required by section 36 of the FDIA (12 U.S.C. 1831m) for insured depository institutions for which the FDIC is the appropriate Federal banking agency.

§ 308.601 Definitions.

As used in this subpart, the following terms shall have the meaning given below unless the context requires otherwise:

(a) Accounting firm means a corporation, proprietorship, partnership, or other business firm providing audit services.

(b) Audit services means any service required to be performed by an independent public accountant by section 36 of the FDIA and 12 CFR part 363, including attestation services.

(c) Independent public accountant (accountant) means any individual who performs or participates in providing audit services.

§ 308.602 Removal, suspension, or debarment.

(a) Good cause for removal, suspension, or debarment—(1) Individuals. The Board of Directors may remove, suspend, or debar an independent public accountant under section 36 of the FDIA from performing audit services for insured depository institutions for which the FDIC is the appropriate Federal banking agency if, after service of a notice of intention and opportunity for hearing in the matter, the Board of Directors finds that the accountant:

(i) Lacks the requisite qualifications to perform audit services;

(ii) Has knowingly or recklessly engaged in conduct that results in a violation of applicable professional standards, including those standards and conflicts of interest provisions applicable to accountants through the Sarbanes-Oxley Act of 2002 (Pub. L. 107–204, 116 Stat. 745 (2002)) (Sarbanes-Oxley Act) and developed by the Public Company Accounting Oversight Board and the Securities and Exchange Commission;

(iii) Has engaged in negligent conduct in the form of:

(A) A single instance of highly unreasonable conduct that results in a violation of applicable professional standards in circumstances in which an accountant knows, or should know, that heightened scrutiny is warranted; or

(B) Repeated instances of unreasonable conduct, each resulting in a violation of applicable professional standards, that indicate a lack of competence to perform audit services;

(iv) Has knowingly or recklessly given false or misleading information, or knowingly or recklessly participated in any way in the giving of false or misleading information, to the FDIC or any officer or employee of the FDIC;

(v) Has engaged in, or aided and abetted, a material and knowing or reckless violation of any provision of the Federal banking or securities laws or the rules and regulations thereunder, or any other law;

(vi) Has been removed, suspended, or debarred from practice before any Federal or state agency regulating the banking, insurance, or securities industries, other than by an action listed in §308.603, on grounds relevant to the provision of audit services; or

(vii) Is suspended or debarred for cause from practice as an accountant by any duly constituted licensing authority of any state, possession, commonwealth, or the District of Columbia.

(2) Accounting firms. If the Board of Directors determines that there is good cause for the removal, suspension, or debarment of a member or employee of an accounting firm under paragraph (a)(1) of this section, the Board of Directors also may remove, suspend, or debar such firm or one or more offices of such firm. In considering whether to
remove, suspend, or debar an accounting firm or an office thereof, and the term of any sanction against an accounting firm under this section, the Board of Directors may consider, for example:

(i) The gravity, scope, or repetition of the act or failure to act that constitutes good cause for the removal, suspension, or debarment;

(ii) The adequacy of, and adherence to, applicable policies, practices, or procedures for the accounting firm’s conduct of its business and the performance of audit services;

(iii) The selection, training, supervision, and conduct of members or employees of the accounting firm involved in the performance of audit services;

(iv) The extent to which managing partners or senior officers of the accounting firm have participated, directly, or indirectly through oversight or review, in the act or failure to act; and

(v) The extent to which the accounting firm has, since the occurrence of the act or failure to act, implemented corrective internal controls to prevent its recurrence.

(3) Limited scope orders. An order of removal, suspension (including an immediate suspension), or debarment may, at the discretion of the Board of Directors, be made applicable to a limited number of insured depository institutions for which the FDIC is the appropriate Federal banking agency.

(4) Remedies not exclusive. The remedies provided in this subpart are in addition to any other remedies the FDIC may have under any other applicable provision of law, rule, or regulation.

(b) Proceedings to remove, suspend or debar—(1) Initiation of formal removal, suspension, or debarment proceedings. The Board of Directors may initiate a proceeding to remove, suspend, or debar an accountant or accounting firm from performing audit services by issuing a written notice of intention to take such action that names the individual or firm as a respondent and describes the nature of the conduct that constitutes good cause for such action.

(2) Hearings under paragraph (b) of this section. An accountant or firm named as a respondent in the notice issued under paragraph (b)(1) of this section may request a hearing on the allegations contained in the notice. Hearings conducted under this paragraph shall be conducted in the same manner as other hearings under the Uniform Rules of Practice and Procedure (12 CFR part 308, subpart A) (Uniform Rules).

(c) Immediate suspension from performing audit services—(1) In general. If the Board of Directors serves a written notice of intention to remove, suspend, or debar an accountant or accounting firm from performing audit services, the Board of Directors may, with due regard for the public interest and without a preliminary hearing, immediately suspend such accountant or firm from performing audit services for insured depository institutions for which the FDIC is the appropriate Federal banking agency if the Board of Directors:

(i) Has a reasonable basis to believe that the accountant or accounting firm has engaged in conduct (specified in the notice served upon the accountant or accounting firm under paragraph (b)(1) of this section) that would constitute grounds for removal, suspension, or debarment under paragraph (a) of this section;

(ii) Determines that immediate suspension is necessary to avoid immediate harm to an insured depository institution or its depositors or to the depository system as a whole; and

(iii) Serves such respondent with written notice of the immediate suspension.

(2) Procedures. An immediate suspension notice issued under this paragraph will become effective upon service. Such suspension will remain in effect until the date the Board of Directors dismisses the charges contained in the notice of intention, or the effective date of a final order of removal, suspension, or debarment issued by the Board of Directors to the respondent.

(3) Petition to stay. Any accountant or accounting firm immediately suspended from performing audit services in accordance with paragraph (c)(1) of this section may, within 10 calendar days after service of the notice of immediate suspension, file a petition with the Executive Secretary for a stay of
such immediate suspension. If no petition is filed within 10 calendar days, the immediate suspension shall remain in effect.

(4) Hearing on petition. Upon receipt of a stay petition, the Executive Secretary will designate a presiding officer who will fix a place and time (not more than 10 calendar days after receipt of the petition, unless extended at the request of petitioner) at which the immediately suspended party may appear, personally or through counsel, to submit written materials and oral argument. Any FDIC employee engaged in investigative or prosecuting functions for the FDIC in a case may not, in that or a factually related case, serve as a presiding officer or participate or advise in the decision of the presiding officer or of the FDIC, except as witness or counsel in the proceeding. In the sole discretion of the presiding officer, upon a specific showing of compelling need, oral testimony of witnesses also may be presented. Enforcement counsel may represent the agency at the hearing. In hearings held pursuant to this paragraph there shall be no discovery, and the provisions of §§ 308.6 through 308.12, § 308.16, and § 308.21 of the Uniform Rules will apply.

(5) Decision on petition. Within 30 calendar days after the hearing, the presiding officer will issue a decision. The presiding officer will grant a stay upon a demonstration that a substantial likelihood exists of the respondent’s success on the issues raised by the notice of intention and that, absent such relief, the respondent will suffer immediate and irreparable injury, loss, or damage. In the absence of such a demonstration, the presiding officer will notify the parties that the immediate suspension will be continued pending the completion of the administrative proceedings pursuant to the notice of intention. The presiding officer will serve a copy of the decision on, and simultaneously certify the record to, the Executive Secretary.

(6) Review of presiding officer’s decision. The parties may seek review of the presiding officer’s decision by filing a petition for review with the Executive Secretary within 10 calendar days after service of the decision. Replies must be filed within 10 calendar days after the petition filing date. Upon receipt of a petition for review and any reply, the Executive Secretary will promptly certify the entire record to the Board of Directors. Within 60 calendar days of the Executive Secretary’s certification, the Board of Directors will issue an order notifying the affected party whether or not the immediate suspension should be continued or reinstated. The order will state the basis of the Board’s decision.

§ 308.603 Automatic removal, suspension, and debarment.

(a) An independent public accountant or accounting firm may not perform audit services for insured depository institutions for which the FDIC is the appropriate Federal banking agency if the accountant or firm:

(1) Is subject to a final order of removal, suspension, or debarment (other than a limited scope order) issued by the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, or the Office of Thrift Supervision under section 36 of the FDIA;

(2) Is subject to a temporary suspension or permanent revocation of registration or a temporary or permanent suspension or bar from further association with any registered public accounting firm issued by the Public Company Accounting Oversight Board or the Securities and Exchange Commission under sections 105(c)(4)(A) or (B) of the Sarbanes-Oxley Act (15 U.S.C. 7215(c)(4)(A) or (B)); or

(3) Is subject to an order of suspension or denial of the privilege of appearing or practicing before the Securities and Exchange Commission.

(b) Upon written request, the FDIC, for good cause shown, may grant written permission to such accountant or firm to perform audit services for insured depository institutions for which the FDIC is the appropriate Federal banking agency. The written request must comply with the requirements of §303.3 of this chapter.

§ 308.604 Notice of removal, suspension, or debarment.

(a) Notice to the public. Upon the issuance of a final order for removal,
§ 308.605 Suspension, or debarment of an independent public accountant or accounting firm from providing audit services, the FDIC will make the order publicly available and provide notice of the order to the other Federal banking agencies.

(b) Notice to the FDIC by accountants and firms. An accountant or accounting firm that provides audit services to any insured depository institution for which the FDIC is the appropriate Federal banking agency must provide the FDIC with written notice of:

(1) any currently effective order or other action described in §§308.602(a)(1)(vi) through (a)(1)(vii) or §§308.603(a)(2) through (a)(3); and

(2) any currently effective action by the Public Company Accounting Oversight Board under sections 105(c)(4)(C) or (G) of the Sarbanes-Oxley Act (15 U.S.C. 7215(c)(4)(C) or (G)).

(c) Timing and place of notice. Written notice required by this paragraph shall be given no later than 15 calendar days following the effective date of an order or action, or 15 calendar days before an accountant or accounting firm accepts an engagement to provide audit services, whichever date is earlier. The written notice must be filed by the independent public accountant or accounting firm with the FDIC, Accounting and Securities Disclosure Section, 550 17th Street, NW., Washington, DC 20429.

(ii) To the extent permitted by law, the FDIC may delete identifying details when it makes available or publishes a final opinion, final order, statement of policy, interpretation or staff manual or instruction. If redaction is necessary, the FDIC will, to the extent technically feasible, indicate the amount of material deleted at the place in the record where such deletion is made unless that indication in and of itself will jeopardize the purpose for the redaction.

(b) Public Information Center. The FDIC maintains a Public Information Center or “PIC” that contains corporate records that the Freedom of Information Act requires be made available for regular inspection and copying, as well as any records or information the FDIC, in its discretion, has regularly made available to the public. (ii) Information on the FDIC’s World Wide Web page is available to the public without charge. [63 FR 16404, Apr. 3, 1998]

§ 309.5 Procedures for requesting records.

(a) Definitions. For purposes of this section:

(1) Commercial use request means a request from or on behalf of a requester who seeks records for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made. In determining whether a request falls within this category, the FDIC will determine the use to which a requester will put the records requested and seek additional information as it deems necessary.

(2) Direct costs means those expenditures the FDIC actually incurs in searching for, duplicating, and, in the case of commercial requesters, reviewing records in response to a request for records.

(3) Duplication means the process of making a copy of a record necessary to respond to a request for records or for
inspection of original records that contain exempt material or that cannot otherwise be directly inspected. Such copies can take the form of paper copy, microfilm, audiovisual records, or machine readable records (e.g., magnetic tape or computer disk).

(4) **Educational institution** means a preschool, a public or private elementary or secondary school, an institution of undergraduate or graduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research.

(5) **Noncommercial scientific institution** means an institution that is not operated on a commercial basis as that term is defined in paragraph (a)(1) of this section, and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(6) **Representative of the news media** means any person primarily engaged in gathering news for, or a free-lance journalist who can demonstrate a reasonable expectation of having his or her work product published or broadcast by, an entity that is organized and operated to publish or broadcast news to the public. The term news means information that is about current events or that would be of current interest to the general public.

(7) **Review** means the process of examining records located in response to a request for records to determine whether any portion of any record is permitted to be withheld as exempt information. It includes processing any record for disclosure, e.g., doing all that is necessary to excise them or otherwise prepare them for release.

(8) **Search** includes all time spent looking for material that is responsive to a request, including page-by-page or line-by-line identification of material within records. Searches may be done manually and/or by computer using existing programming.

(b) **Making a request for records.** (1) The request shall be submitted in writing to the Freedom of Information Act/Privacy Act Group ("FOIA/PA Group"), Legal Division:

(i) By completing the online request form located on the FDIC’s World Wide Web page, found at: http://www.fdic.gov;
(ii) By facsimile clearly marked Freedom of Information Act Request to the FOIA/PA Group: (202) 736-0547; or
(iii) By sending a letter to: Legal Division, FDIC, ATTN: FOIA/PA Group, 550 17th Street, NW., Washington, DC 20429.

(2) The request shall contain the following information:
(i) The name and address of the requester, an electronic mail address, if available, and the telephone number at which the requester may be reached during normal business hours;
(ii) Whether the requester is an educational institution, noncommercial scientific institution, or news media representative;
(iii) A statement agreeing to pay the applicable fees, or a statement identifying a maximum fee that is acceptable to the requester, or a request for a waiver or reduction of fees that satisfies paragraph (f)(1)(x) of this section; and
(iv) The preferred form and format of any responsive information requested, if other than paper copies.

(3) A request for identifiable records shall reasonably describe the records in a way that enables the FDIC’s staff to identify and produce the records with reasonable effort and without unduly burdening or significantly interfering with any of the FDIC’s operations.

(c) **Defective requests.** The FDIC need not accept or process a request that does not reasonably describe the records requested or that does not otherwise comply with the requirements of this part. The FDIC may return a defective request, specifying the deficiency. The requester may submit a corrected request, which will be treated as a new request.

(d) **Processing requests.** (1) **Receipt of requests.** Upon receipt of any request that satisfies paragraph (b) of this section, the FOIA/PA Group, Legal Division shall assign the request to the appropriate processing track pursuant to this section. The date of receipt for any request, including one that is addressed incorrectly or that is referred by another agency, is the date the FOIA/PA Group actually receives the request.
(2) **Multitrack processing.** (i) The FDIC provides different levels of processing for categories of requests under this part. Requests for records that are readily identifiable by the FOIA/PA Group, and that have already been cleared for public release may qualify for fast-track processing. All other requests shall be handled under normal processing procedures, unless expedited processing has been granted pursuant to paragraph (d)(3) of this section.

(ii) The FDIC will make the determination whether a request qualifies for fast-track processing. A requester may contact the FOIA/PA Group to learn whether a particular request has been assigned to fast-track processing. If the request has not qualified for fast-track processing, the requester will be given an opportunity to refine the request in order to qualify for fast-track processing. Changes made to requests to obtain faster processing must be in writing.

(3) **Expedited processing.** (i) Where a person requesting expedited access to records has demonstrated a compelling need for the records, or where the FDIC has determined to expedite the response, the FDIC shall process the request as soon as practicable. To show a compelling need for expedited processing, the requester shall provide a statement demonstrating that:

(A) The failure to obtain the records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual; or

(B) The requester can establish that they are primarily engaged in information dissemination as their main professional occupation or activity, and there is urgency to inform the public of the government activity involved in the request; and

(C) The requester's statement must be certified to be true and correct to the best of the person's knowledge and belief and explain in detail the basis for requesting expedited processing.

(ii) The formality of the certification required to obtain expedited treatment may be waived by the FDIC as a matter of administrative discretion.

(4) A requester seeking expedited processing will be notified whether expedited processing has been granted within ten (10) working days of the receipt of the request. If the request for expedited processing is denied, the requester may file an appeal pursuant to the procedures set forth in paragraph (h) of this section, and the FDIC shall respond to the appeal within ten (10) working days after receipt of the appeal.

(5) **Priority of responses.** Consistent with sound administrative process the FDIC processes requests in the order they are received in the separate processing tracks. However, in the agency's discretion, or upon a court order in a matter to which the FDIC is a party, a particular request may be processed out of turn.

(6) **Notification.** (i) The time for response to requests will be twenty (20) working days except:

(A) In the case of expedited treatment under paragraph (d)(3) of this section;

(B) Where the running of such time is suspended for the calculation of a cost estimate for the requester if the FDIC determines that the processing of the request may exceed the requester's maximum fee provision or if the charges are likely to exceed $250 as provided for in paragraph (f)(1)(v) of this section;

(C) Where the running of such time is suspended for the payment of fees pursuant to the paragraphs (d)(6)(i)(B) and (f)(1) of this section; or

(D) In unusual circumstances, as defined in 5 U.S.C. 552(a)(6)(B) and further described in paragraph (d)(6)(iii) of this section.

(ii) In unusual circumstances as referred to in paragraph (d)(6)(i)(D) of this section, the time limit may be extended for a period of:

(A) Ten (10) working days as provided by written notice to the requester, setting forth the reasons for the extension and the date on which a determination is expected to be dispatched; or

(B) Such alternative time period as agreed to by the requester or as reasonably determined by the FDIC when the FDIC notifies the requester that the request cannot be processed in the specified time limit.

(iii) Unusual circumstances may arise when:

§ 309.5

(A) The records are in facilities, such as field offices or storage centers, that are not located at the FDIC’s Washington office;

(B) The records requested are voluminous or are not in close proximity to one another; or

(C) There is a need to consult with another agency or among two or more components of the FDIC having a substantial interest in the determination.

(7) Response to request. In response to a request that satisfies the requirements of paragraph (b) of this section, a search shall be conducted of records maintained by the FDIC in existence on the date of receipt of the request, and a review made of any responsive information located. The FDIC shall notify the requester of:

(i) The FDIC’s determination of the request;

(ii) The reasons for the determination;

(iii) If the response is a denial of an initial request or if any information is withheld, the FDIC will advise the requester in writing:

(A) If the denial is in part or in whole;

(B) The name and title of each person responsible for the denial (when other than the person signing the notification);

(C) The exemptions relied on for the denial; and

(D) The right of the requester to appeal the denial to the FDIC’s General Counsel within 30 business days following receipt of the notification, as specified in paragraph (h) of this section.

(e) Providing responsive records.

(1) Copies of requested records shall be sent to the requester by regular U.S. mail to the address indicated in the request, unless the requester elects to take delivery of the documents at the FDIC or makes other acceptable arrangements, or the FDIC deems it appropriate to send the documents by another means.

(2) The FDIC shall provide a copy of the record in any form or format requested if the record is readily reproducible by the FDIC in that form or format, but the FDIC need not provide more than one copy of any record to a requester.

(3) By arrangement with the requester, the FDIC may elect to send the responsive records electronically if a substantial portion of the request is in electronic format. If the information requested is made pursuant to the Privacy Act of 1974, 5 U.S.C. 552a, it will not be sent by electronic means unless reasonable security measures can be provided.

(f) Fees—(1) General rules. (i) Persons requesting records of the FDIC shall be charged for the direct costs of search, duplication, and review as set forth in paragraphs (f)(2) and (f)(3) of this section, unless such costs are less than the FDIC’s cost of processing the requester’s remittance.

(ii) Requesters will be charged for search and review costs even if responsive records are not located or, if located, are determined to be exempt from disclosure.

(iii) Multiple requests seeking similar or related records from the same requester or group of requesters will be aggregated for the purposes of this section.

(iv) If the FDIC determines that the estimated costs of search, duplication, or review of requested records will exceed the dollar amount specified in the request, or if no dollar amount is specified, the FDIC will advise the requester of the estimated costs (if greater than the FDIC’s cost of processing the requester’s remittance). The requester must agree in writing to pay the costs of search, duplication, and review prior to the FDIC initiating any records search.

(v) If the FDIC estimates that its search, duplication, and review costs will exceed $250.00, the requester must pay an amount equal to 20 percent of the estimated costs prior to the FDIC initiating any records search.

(vi) The FDIC shall ordinarily collect all applicable fees under the final invoice before releasing copies of requested records to the requester.

(vii) The FDIC may require any requester who has previously failed to pay the charges under this section within 30 calendar days of mailing of the invoice to pay in advance the total estimated costs of search, duplication, and review. The FDIC may also require
§ 309.5  12 CFR Ch. III (1–1–10 Edition)

a requester who has any charges outstanding in excess of 30 calendar days following mailing of the invoice to pay the full amount due, or demonstrate that the fee has been paid in full, prior to the FDIC initiating any additional records search.

(viii) The FDIC may begin assessing interest charges on unpaid bills on the 31st day following the day on which the invoice was sent. Interest will be at the rate prescribed in section 3717 of title 31 of the United States Code and will accrue from the date of the invoice.

(ix) The time limit for the FDIC to respond to a request will not begin to run until the FDIC has received the requester’s written agreement under paragraph (f)(1)(iv) of this section, and advance payment under paragraph (f)(1)(v) or (vii) of this section, or payment of outstanding charges under paragraph (f)(1)(vii) or (viii) of this section.

(x) As part of the initial request, a requester may ask that the FDIC waive or reduce fees if disclosure of the records is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester. Determinations as to a waiver or reduction of fees will be made by the FOIA/PA Group, Legal Division (or designee) and the requester will be notified in writing of his/her determination. A determination not to grant a request for a waiver or reduction of fees under this paragraph may be appealed to the FDIC’s General Counsel (or designee) pursuant to the procedure set forth in paragraph (h) of this section.

(2) Chargeable fees by category of requester.

(i) Commercial use requesters shall be charged search, duplication and review costs.

(ii) Educational institutions, non-commercial scientific institutions and news media representatives shall be charged duplication costs, except for the first 100 pages.

(iii) Requesters not described in paragraph (f)(2)(i) or (ii) of this section shall be charged the full reasonable direct cost of search and duplication, except for the first two hours of search time and first 100 pages of duplication.

(3) Fee schedule. The dollar amount of fees which the FDIC may charge to records requesters will be established by the Chief Financial Officer of the FDIC (or designee). The FDIC may charge fees that recoup the full allowable direct costs it incurs. Fees are subject to change as costs change.

(i) Manual searches for records. The FDIC will charge for manual searches for records at the basic rate of pay of the employee making the search plus 16 percent to cover employee benefit costs. Where a single class of personnel (e.g., all clerical, all professional, or all executive) is used exclusively, the FDIC, at its discretion, may establish and charge an average rate for the range of grades typically involved.

(ii) Computer searches for records. The fee for searches of computerized records is the actual direct cost of the search, including computer time, computer runs, and the operator’s time apportioned to the search. The fee for a computer printout is the actual cost. The fees for computer supplies are the actual costs. The FDIC may, at its discretion, establish and charge a fee for computer searches based upon a reasonable FDIC-wide average rate for central processing unit operating costs and the operator’s basic rate of pay plus 16 percent to cover employee benefit costs.

(iii) Duplication of records. (A) The per-page fee for paper copy reproduction of documents is the average FDIC-wide cost based upon the reasonable direct costs of making such copies.

(B) For other methods of reproduction or duplication, the FDIC will charge the actual direct costs of reproducing or duplicating the documents.

(iv) Review of records. The FDIC will charge commercial use requesters for the review of records at the time of processing the initial request to determine whether they are exempt from mandatory disclosure at the basic rate of pay of the employee making the search plus 16 percent to cover employee benefit costs. Where a single class of personnel (e.g., all clerical, all professional, or all executive) is used exclusively, the FDIC, at its discretion, may establish and charge an average rate for the range of grades typically involved. The FDIC will not charge at

the administrative appeal level for review of an exemption already applied. When records or portions of records are withheld in full under an exemption which is subsequently determined not to apply, the FDIC may charge for a subsequent review to determine the applicability of other exemptions not previously considered.

(v) Other services. Complying with requests for special services, other than a readily produced electronic form or format, is at the FDIC’s discretion. The FDIC may recover the full costs of providing such services to the requester.

(4) Publication of fee schedule and effective date of changes. (i) The fee schedule is made available on the FDIC’s World Wide Web page, found at http://www.fdic.gov.

(ii) The fee schedule will be set forth in the “Notice of Federal Deposit Insurance Corporation Records Fees” issued in December of each year or in such “Interim Notice of Federal Deposit Insurance Corporation Records Fees” as may be issued. Copies of such notices may be obtained at no charge from the FOIA/PA Group, Legal Division, 550 17th Street NW., Washington, DC 20429, and are available on the FDIC’s World Wide Web page as noted in paragraph (f)(4)(i) of this section.

(iii) The fees implemented in the December or Interim Notice will be effective 30 days after issuance.

(5) Use of contractors. The FDIC may contract with independent contractors to locate, reproduce, and/or disseminate records; provided, however, that the FDIC has determined that the ultimate cost to the requester will be no greater than it would be if the FDIC performed these tasks itself. In no case will the FDIC contract out responsibilities which the Freedom of Information Act (FOIA) (5 U.S.C. 552) provides that the FDIC alone may discharge, such as determining the applicability of an exemption or whether to waive or reduce fees.

(g) Exempt information. A request for records may be denied if the requested record contains information which falls into one or more of the following categories. If the requested record contains both exempt and nonexempt information, the nonexempt portions which may reasonably be segregated from the exempt portions will be released to the requester. If redaction is necessary, the FDIC will, to the extent technically feasible, indicate the amount of material deleted at the place in the record where such deletion is made unless that indication in and of itself will jeopardize the purpose for the redaction. The categories of exempt records are as follows:

(1) Records that are specifically authorized under criteria established by an Executive Order to be kept secret in the interest of national defense or foreign policy and are in fact properly classified pursuant to such Executive Order;

(2) Records related solely to the internal personnel rules and practices of the FDIC;

(3) Records specifically exempted from disclosure by statute, provided that such statute:

(i) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue; or

(ii) Establishes particular criteria for withholding or refers to particular types of matters to be withheld;

(4) Trade secrets and commercial or financial information obtained from a person that is privileged or confidential;

(5) Interagency or intra-agency memoranda or letters that would not be available by law to a private party in litigation with the FDIC;

(6) Personnel, medical, and similar files (including financial files) the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

(7) Records compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records:

1Classification of a record as exempt from disclosure under the provisions of this paragraph (g) shall not be construed as authority to withhold the record if it is otherwise subject to disclosure under the Privacy Act of 1974 (5 U.S.C. 552a) or other federal statute, any applicable regulation of FDIC or any other federal agency having jurisdiction thereof, or any directive or order of any court of competent jurisdiction.
§ 309.6 Disclosure of exempt records.

(a) Disclosure prohibited. Except as provided in paragraph (b) of this section or by 12 CFR part 310, no person shall disclose or permit the disclosure of any exempt records, or information contained therein, to any persons other than those officers, directors, employees, or agents of the Corporation who have a need for such records in the performance of their official duties. In any instance in which any person has possession, custody or control of FDIC exempt records or information contained therein, all copies of such records shall remain the property of the Corporation and under no circumstances shall any person, entity or agency disclose or make public in any manner the exempt records or information without written permission.

(b) Appeals. (1) Appeals should be addressed to the FOIA/PA Group, Legal Division, FDIC, 550 17th Street, NW., Washington, DC 20429.

(2) A person whose initial request for records under this section, or whose request for a waiver of fees under paragraph (f)(1)(x) of this section, has been denied, either in part or in whole, has the right to appeal the denial to the FDIC’s General Counsel (or designee) within 30 business days after receipt of notification of the denial. Appeals of denials of initial requests or for a waiver of fees must be in writing and include any additional information relevant to consideration of the appeal.

(3) Except in the case of an appeal for expedited treatment under paragraph (d)(3) of this section, the FDIC will notify the appellant in writing within 20 business days after receipt of the appeal and will state:

(i) Whether it is granted or denied in whole or in part;
(ii) The name and title of each person responsible for the denial (if other than the person signing the notification);
(iii) The exemptions relied upon for the denial in the case of initial requests for records; and
(iv) The right to judicial review of the denial under the FOIA.

(4) If a requester is appealing for denial of expedited treatment, the FDIC will notify the appellant within 10 business days after receipt of the appeal of the FDIC’s disposition.

(5) Complete payment of any outstanding fee invoice will be required before an appeal is processed.

(6) Records of another agency. If a requested record is the property of another federal agency or department, and that agency or department, either in writing or by regulation, expressly retains ownership of such record, upon receipt of a request for the record the FDIC will promptly inform the requester of this ownership and immediately shall forward the request to the proprietary agency or department either for processing in accordance with the latter’s regulations or for guidance with respect to disposition.

authorization from the Director of the Corporation’s Division having primary authority over the records or information as provided in this section.

(b) Disclosure authorized. Exempt records or information of the Corporation may be disclosed only in accordance with the conditions and requirements set forth in this paragraph (b). Requests for discretionary disclosure of exempt records or information pursuant to this paragraph (b) may be submitted directly to the Division having primary authority over the exempt records or information or to the FOIA/PA Group for forwarding to the appropriate Division having primary authority over the records sought. Such administrative request must clearly state that it seeks discretionary disclosure of exempt records, clearly identify the records sought, provide sufficient information for the Corporation to evaluate whether there is good cause for disclosure, and meet all other conditions set forth in paragraph (b)(1) through (10) of this section. Information regarding the appropriate FDIC Division having primary authority over a particular record or records may be obtained from the FOIA/PA Group. Authority to disclose or authorize disclosure of exempt records of the Corporation is delegated as follows:

(1) Disclosure to depository institutions. The Director of the Corporation’s Division having primary authority over the exempt records, or designee, may disclose to any director or authorized officer, employee or agent of any depository institution, information contained in, or copies of, exempt records pertaining to that depository institution.

(3) Disclosure to federal financial institutions supervisory agencies and certain other agencies. The Director of the Corporation’s Division having primary authority over the exempt records, or designee, may in his or her discretion and for good cause, disclose to any authorized officer or employee of any federal financial institution supervisory agency including the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Office of Thrift Supervision, the Securities and Exchange Commission, the National Credit Union Administration, or any other agency included in section 1101(7) of the Right to Financial Privacy Act of 1978 (12 U.S.C. 3401 et. seq.) (RFPA), any exempt records for a legitimate depository institution supervisory or regulatory purpose. The Director, or designee, may in his or her discretion and for good cause, disclose exempt records, including customer financial records, to certain other federal agencies as referenced in section 1113 of the RFPA for the purposes and to the extent permitted therein, or to any foreign bank regulatory or supervisory authority as provided, and to the extent permitted, by section 206 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (12 U.S.C. 3109). Finally, the Director, or designee, may in his or her discretion and for good cause, disclose reports of examination or other confidential supervisory information concerning any depository institution or other entity to: any other Federal or State agency or authority with supervisory or regulatory authority over the depository institution or other entity; any officer, director, or receiver of such depository institution or entity; and any other person that the Corporation determines to be appropriate.

(4) Disclosure to prosecuting or investigatory agencies or authorities. (1) Reports of Apparent Crime pertaining to suspected violations of law, which may contain customer financial records, may be disclosed to federal or state prosecuting or investigatory authorities without giving notice to the customer, as permitted in the relevant exceptions of the RFPA.
(i) The Director of the Corporation's Division having primary authority over the exempt records, or designee, may disclose to the proper federal or state prosecuting or investigatory authorities, or to any authorized officer or employee of such authority, copies of exempt records pertaining to irregularities discovered in depository institutions which are believed to constitute violations of any federal or state civil or criminal law, or unsafe or unsound banking practices, provided that customer financial records may be disclosed without giving notice to the customer, only as permitted by the relevant exceptions of the RFPA. Unless such disclosure is initiated by the FDIC, customer financial records shall be disclosed only in response to a written request which:

(A) Is signed by an authorized official of the agency making the request;
(B) Identifies the record or records to which access is requested; and
(C) Gives the reasons for the request.

(iii) When notice to the customer is required to be given under the RFPA, the Director of the Corporation's Division having primary authority over the exempt records, or designee, may disclose customer financial records to any federal or state prosecuting or investigatory agency or authority, provided, that:

(A) The General Counsel, or designee, has determined that disclosure is authorized or required by law; or
(B) Disclosure is pursuant to a written request that indicates the information is relevant to a legitimate law enforcement inquiry within the jurisdiction of the requesting agency and:

(1) The Director of the Corporation's Division having primary authority over the exempt records, or designee, certifies pursuant to section 1112(a) of the RFPA that the records are believed relevant to a legitimate law enforcement inquiry within the jurisdiction of the receiving agency; and

(2) A copy of such certification and the notice required by section 1112(b) of the RFPA is sent within fourteen days of the disclosure to the customer whose records are disclosed.

(5) Disclosure to servicers and serviced institutions. The Director of the Corporation's Division having primary authority over the exempt records, or designee, may disclose copies of any exempt record related to a bank data center, a depository institution service corporation or any other data center that provides data processing or related services to an insured institution (hereinafter referred to as “data center”) to:

(i) The examined data center;
(ii) Any insured institution that receives data processing or related services from the examined data center;
(iii) Any state agency or authority which exercises general supervision over an institution serviced by the examined data center; and

The federal supervisory agency may disclose any such examination report received from the Corporation to an insured institution over which it exercises general supervision and which is serviced by the examined data center.

3The form of certification generally is as follows. Additional information may be added:

Pursuant to section 1112(a) of the Right to Financial Privacy Act of 1978 (12 U.S.C. 3412), I, [name and appropriate title] hereby certify that the financial records described below were transferred to (agency or department) in the belief that they were relevant to a legitimate law enforcement inquiry, within the jurisdiction of the receiving agency.
Disclosure to third parties. (i) Except as otherwise provided in paragraphs (c) (1) through (5) of this section, the Director of the Corporation’s Division having primary authority over the exempt records, or designee, may in his or her discretion and for good cause, disclose copies of any exempt records to any third party where requested to do so in writing. Any such written request shall:
(A) Specify, with reasonable particularity, the record or records to which access is requested; and
(B) Give the reasons for the request.
(ii) Either prior to or at the time of any disclosure, the Director or designee shall require such terms and conditions as he deems necessary to protect the confidential nature of the record, the financial integrity of any depository institution to which the record relates, and the legitimate privacy interests of any individual named in such records.

Authorization for disclosure by depository institutions or other third parties. (i) The Director of the Corporation’s Division having primary authority over the exempt records, or designee, may, in his or her discretion and for good cause, authorize any director, officer, employee, or agent of a depository institution to disclose copies of any exempt record in his custody to anyone who is not a director, officer or employee of the depository institution. Such authorization must be in response to a written request from the party seeking the record or from management of the depository institution to which the record relates. Any such request shall specify, with reasonable particularity, the record sought, the party’s interest therein, and the party’s relationship to the depository institution to which the record relates.

(ii) The Director of the Corporation’s Division having primary authority over the exempt records, or designee, may, in his or her discretion and for good cause, authorize any third party, including a federal or state agency, that has received a copy of a Corporation exempt record, to disclose such exempt record to another party or agency. Such authorization must be in response to a written request from the party that has custody of the copy of the exempt record. Any such request shall specify the record sought to be disclosed and the reasons why disclosure is necessary.

(iii) Any subsidiary depository institution of a bank holding company or a savings and loan holding company may reproduce and furnish a copy of any report of examination of the subsidiary depository institution to the parent holding company without prior approval of the Director of the Division having primary authority over the exempt records and any depository institution may reproduce and furnish a copy of any report of examination of the disclosing depository institution to a majority shareholder if the following conditions are met:
(A) The parent holding company or shareholder owns in excess of 50% of the voting stock of the depository institution or subsidiary depository institution;
(B) The board of directors of the depository institution or subsidiary depository institution at least annually by resolution authorizes the reproduction and furnishing of reports of examination (the resolution shall specifically name the shareholder or parent holding company, state the address to which the reports are to be sent, and indicate that all reports furnished pursuant to the resolution remain the property of the Federal Deposit Insurance Corporation and are not to be disclosed or made public in any manner without the prior written approval of the Director of the Corporation’s Division having primary authority over the exempt records as provided in paragraph (b) of this section;
(C) A copy of the resolution authorizing disclosure of the reports is sent to the shareholder or parent holding company; and
(D) The minutes of the board of directors of the depository institution or subsidiary depository institution for the meeting immediately following disclosure of a report state:
(1) That disclosure was made;
(2) The date of the report which was disclosed;
(3) To whom the report was sent; and
(4) The date the report was disclosed.
§ 309.6

(iv) With respect to any disclosure that is authorized under this paragraph (b)(7), the Director of the Corporation's Division having primary authority over the exempt records, or designee, shall only permit disclosure of records upon determining that good cause exists. If the exempt record contains information derived from depository institution customer financial records, disclosure is to be authorized only upon the condition that the requesting party and the party releasing the records comply with any applicable provision of the RFPA. Before authorizing the disclosure, the Director (or designee) may require that both the party having custody of a copy of a Corporation exempt record and the party seeking access to the record agree to such limitations as the Director (or designee) deems necessary to protect the confidential nature of the record, the financial integrity of any depository institution to which the record relates and the legitimate privacy interests of any persons named in such record.

(8) Disclosure by General Counsel. (i) The Corporation's General Counsel, or designee, may disclose or authorize the disclosure of any exempt record in response to a valid judicial subpoena, court order, or other legal process, and authorize any current or former officer, director, employee, agent of the Corporation, or third party, to appear and testify regarding an exempt record or any information obtained in the performance of such person's official duties, at any administrative or judicial hearing or proceeding where such person has been served with a valid subpoena, court order, or other legal process requiring him or her to testify. The General Counsel shall consider the relevancy of such exempt records or testimony to the litigation, and the interests of justice, in determining whether to disclose such records or testimony. Third parties seeking disclosure of exempt records or testimony in litigation to which the FDIC is not a party shall submit a request for discretionary disclosure directly to the General Counsel. Such request shall specify the information sought with reasonable particularity and shall be accompanied by a statement with supporting documentation showing in detail the relevance of such exempt information to the litigation, justifying good cause for disclosure, and a commitment to be bound by a protective order. Failure to exhaust such administrative request prior to service of a subpoena or other legal process may, in the General Counsel's discretion, serve as a basis for objection to such subpoena or legal process. Customer financial records may not be disclosed to any federal agency that is not a federal financial supervisory agency pursuant to this paragraph unless notice to the customer and certification as required by the RFPA have been given except where disclosure is subject to the relevant exceptions set forth in the RFPA.

(ii) The General Counsel, or designee, may in his or her discretion and for good cause, disclose or authorize disclosure of any exempt record or testimony by a current or former officer, director, employee, agent of the Corporation, or third party, sought in connection with any civil or criminal hearing, proceeding or investigation without the service of a judicial subpoena, or other legal process requiring such disclosure or testimony, if he or she determines that the records or testimony are relevant to the hearing, proceeding or investigation and that disclosure is in the best interests of justice and not otherwise prohibited by Federal statute. Customer financial records shall not be disclosed to any federal agency pursuant to this paragraph that is not a federal financial supervisory agency, unless the records are sought under the Federal Rules of Civil Procedure (28 U.S.C. appendix) or the Federal Rules of Criminal Procedure (18 U.S.C. appendix) or comparable rules of other courts and in connection with litigation to which the receiving federal legal process issued for records of depository institutions held by the FDIC as Receiver or Conservator. Subpoenas, court orders or other

6This administrative requirement does not apply to subpoenas, court orders or other
§ 309.7 Service of process.

(a) Service. Any subpoena or other legal process to obtain information maintained by the FDIC shall be duly issued by a court having jurisdiction over the FDIC, and served upon either the Executive Secretary (or designee), FDIC, 550 17th Street, NW., Washington, DC 20429, or the Regional Director or Regional Manager of the FDIC region where the legal action from which the subpoena or process was issued is pending. A list of the FDIC’s regional offices is available from the Office of Public Affairs, FDIC, 550 17th Street, NW., Washington, DC 20429 (telephone 202–898–6996). Where the FDIC is named as a party, service of process shall be made pursuant to the Federal Rules of Civil Procedure, and upon the Executive Secretary (or designee), FDIC, 550 17th Street NW., Washington, DC 20429, or upon the agent designated to receive service of process in the state, territory, or jurisdiction in which any insured depository institution is located. Identification of the designated agent in the state, territory, or jurisdiction may be obtained from the Executive Secretary or from the Office of the General Counsel, FDIC, 550 17th Street NW., Washington, DC 20429. The Executive Secretary (or designee), Regional Director or designated agent shall immediately forward any subpoena, court order or legal process to the General Counsel. The Corporation may require the payment of fees, in accordance with the fee schedule referred to in §309.5(c)(3), prior to the release of any records requested pursuant to any subpoena or other legal process.

(b) Notification by person served. If any current or former officer, director, employee or agent of the Corporation, or any other person who has custody of records belonging to the FDIC, is served with a subpoena, court order, or other process requiring that person’s
attendance as a witness concerning any matter related to official duties, or the production of any exempt record of the Corporation, such person shall promptly advise the General Counsel of such service, of the testimony and records described in the subpoena, and of all relevant facts which may be of assistance to the General Counsel in determining whether the individual in question should be authorized to testify or the records should be produced. Such person should also inform the court or tribunal which issued the process and the attorney for the party upon whose application the process was issued, if known, of the substance of this section.

(c) Appearance by person served. Absent the written authorization of the Corporation’s General Counsel, or designee, to disclose the requested information, any current or former officer, director, employee, or agent of the Corporation, and any other person having custody of records of the Corporation, who is required to respond to a subpoena or other legal process, shall attend at the time and place therein specified and respectfully decline to produce any such record or give any testimony with respect thereto, basing such refusal on this section.

(a) A system manager’s denial of an individual’s request for access to or amendment of a record pertaining to him/her may be appealed in writing to the Corporation’s General Counsel (or designee) within 30 business days following receipt of notification of the denial. Such an appeal should be addressed to the FOIA/PA Group, Legal Division, FDIC, 550 17th Street NW., Washington, DC 20429, and contain all the information specified for requests for access in § 310.3 or for initial requests to amend in § 310.7, as well as any other additional information the individual deems relevant for the consideration by the General Counsel (or designee) of the appeal.

The General Counsel (or designee) may, however, extend this 30-day time period for good cause. Where such an extension is required, the individual making the appeal will be notified of the reason for the extension and the expected date upon which a final decision will be given.

(c) If the General Counsel (or designee) affirms the initial denial of a request for access or to amend, he or she will inform the individual affected of the decision, the reason therefor, and the right of judicial review of the decision. In addition, as pertains to a request for amendment, the individual may at that point submit to the Corporation a concise statement setting forth his or her reasons for disagreeing with the Corporation’s refusal to amend.

The Corporation may in its discretion also include a copy of a concise statement of its reasons for not making the requested amendment.

(e) The General Counsel (or designee) may on his or her own motion refer an appeal to the Board of Directors for a determination, and the Board of Directors on its own motion may consider an appeal.

§ 310.10 Disclosure of record to person other than the individual to whom it pertains.

Provided, however, That if any individual is denied any right, privilege, or benefit to which he/she would otherwise be entitled under Federal law, or
for which he/she would otherwise be eligible, as a result of the maintenance of such material, such material shall be disclosed to such individual, except to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to September 27, 1975, under an implied promise that the identity of the source would be held in confidence:

30–64–0002—Financial institutions investigative and enforcement records system.
30–64–0010—Investigative files and records.

(b) Investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Corporation employment to the extent that disclosure of such material would reveal the identity of a source who furnished information to the Corporation under an express promise that the identity of the source would be held in confidence, or, prior to September 27, 1975, under an implied promise that the identity of the source would be held in confidence, in the following systems of records, is exempt from §§310.3 through 310.9 and §310.10(c)(2) of these rules:

(b) When meetings may be closed and announcements and disclosures withheld. Except where the Board finds that the public interest requires otherwise, a meeting or portion thereof may be closed, and announcements and disclosure thereof may be withheld when the Board determines that such meeting or portion of the meeting or the disclosure of such information is likely to:

(1) Disclose matters that are: (i) Specifically authorized under criteria established by an Executive order to be kept secret in the interests of national defense or foreign policy and (ii) in fact properly classified pursuant to such Executive order;

(2) Relate solely to the internal personnel rules and practices of the Corporation;

(3) Disclose matters specifically exempted from disclosure by statute (other than the Freedom of Information Act, 5 U.S.C. 552): Provided, That such statute: (i) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (ii) establishes particular types of matters to be withheld;

(4) Disclose trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(5) Involve accusing any person of a crime, or formally censuring any person;

(6) Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(7) Disclose investigatory records compiled for law enforcement purposes, or information which if written would be contained in such records, but only to the extent that the production of such records or information would: (i) Interfere with enforcement proceedings, (ii) deprive a person of a right to a fair trial or an impartial adjudication, (iii) constitute an unwarranted invasion of personal privacy, (iv) disclose the identity of a confidential source, (v) disclose investigative techniques and procedures, or (vi) endanger the life or physical safety of law enforcement personnel;

(8) Disclose information contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of the Corporation or any other agency responsible for the supervision of financial institutions;

(9) Disclose information the premature disclosure of which would be likely to:

(i) (A) Lead to significant financial speculation in currencies, securities, or commodities, or

(B) Significantly endanger the stability of any financial institution; or

(ii) Significantly frustrate implementation of a proposed Corporation action, except that this paragraph (b)(9)(ii) shall not apply in any instance where the Corporation has already disclosed to the public the content or nature of its proposed action, or where the Corporation is required by
Federal Deposit Insurance Corporation

§311.5

Regular procedure for closing meetings.

(a) Scope. Unless §311.6 is applicable, the procedures for closing meetings will be those set forth in this section.

(b) Procedure. (1) A decision to close a meeting or portion of a meeting will be taken only when a majority of the entire Board votes to take such action. In deciding whether to close a meeting or portion of a meeting, the Board will consider whether the public interest requires an open meeting. A separate vote of the Board will be taken with respect to each meeting which is proposed to be closed in whole or in part to the public. A single vote may be taken with respect to a series of meetings which are proposed to be closed in whole or in part to the public, or with respect to any information concerning such series of meetings, so long as each meeting in the series involves the same particular matters and is scheduled to be held no more than thirty days after the initial meeting in the series. The vote of each Board member will be recorded and no proxies will be allowed.

(2) Any individual whose interests may be directly affected may request that the Corporation close any portion of a meeting for any of the reasons referred to in paragraph (b) (5), (6), or
§311.6 Expedited procedure for announcing and closing certain meetings.

(a) Scope. Since a majority of its meetings may properly be closed pursuant to paragraph (b)(4), (8), (9)(i), or (b)(10) of §311.3, subsection (d)(4) of the Government in the Sunshine Act (5 U.S.C. 552b) allows the Corporation to use expedited procedures in closing meetings under these four subparagraphs. Absent a compelling public interest to the contrary, meetings or portions of meetings that can be expected to be closed using these procedures include, but are not limited to: Administrative enforcement proceedings under section 8 of the Federal Deposit Insurance Act (12 U.S.C. 1818); appointment of the Corporation as conservator of a depository institution, or as receiver, liquidator or liquidating agent of a closed depository institution or a depository institution in danger of closing; and certain management and liquidation activities pursuant to such appointments; possible financial assistance by the Corporation under section 13 of the Federal Deposit Insurance Act (12 U.S.C. 1823); certain depository institution applications including applications to establish or move branches, applications to merge, and applications for insurance; and investigatory activity under section 10(c) of the Federal Deposit Insurance Act (12 U.S.C. 1820(c)). In announcing and closing meetings or portions of meetings under this section, the following procedures will be observed.

(b) Announcement. Except to the extent that such information is exempt from disclosure under the provisions of §311.3(b) the Corporation will make public announcement of the time, place and subject matter of the meeting and of each portion thereof at the earliest practicable time. This announcement will be published in the FEDERAL REGISTER if publication can be effected at least 1 day prior to the scheduled date of the meeting.

(c) Procedure for closing. (1) The Corporation’s General Counsel will make the public certification required by §311.7.

(2) At the beginning of a meeting or portion of a meeting to be closed under this section, a recorded vote of the Board will be taken. The Board will determine by its vote whether to proceed with the closing. If a majority of the entire Board votes to close, the meeting will be closed to public observation. Even though a meeting or portion thereof could properly be closed under this section, a majority of the entire Board may find that the public interest requires an open session and vote, reflecting the vote of each Board member, will be made available to the public.
§ 311.7 General Counsel certification.

For every meeting or portion thereof closed under § 311.5 or § 311.6, the Corporation's General Counsel will publicly certify that, in the opinion of such General Counsel, the meeting may be closed to the public and will state each relevant exemptive provision. In the absence of the General Counsel, the next ranking official in the Legal Division may perform the certification. If the General Counsel and such next ranking official in the Legal Division are both absent, the official in the Legal Division who is then next in rank may provide the required certification. A copy of this certification, together with a statement from the presiding officer of the meeting setting forth the time and place of the meeting, and the persons present, will be retained in the Board's permanent files.

§ 311.8 Transcripts and minutes of meetings.

(a) When required. The Corporation will maintain a complete transcript, identifying each speaker, to record fully the proceedings of each meeting or portion of a meeting closed to the public, except that in the case of a meeting or portions of a meeting closed to the public pursuant to paragraph (b)(8), (9)(i), or (10) of § 311.3, the Corporation may, in lieu of a transcript, maintain a set of minutes.

(b) Content of minutes. If minutes are maintained, they will fully and clearly describe all matters discussed and will provide a full and accurate summary of any actions taken, and the reasons for taking such action. Minutes will also include a description of each of the views expressed by each person in attendance on any item and the record of any roll call vote, reflecting the vote of each member. All documents considered in connection with any action will be identified in the minutes.

(c) Available material. The Corporation will maintain a complete verbatim copy of the transcript or minutes of each meeting or portion of a meeting closed to the public for a period of at least 2 years after the meeting, or until 1 year after the conclusion of any proceeding with respect to which the meeting or portion was held, whichever occurs later. The Corporation will make promptly available to the public the transcript, identifying each speaker, or minutes of items on the agenda or testimony of any witness received at the closed meeting except that in cases where the Privacy Act of 1974 (5 U.S.C. 552a) does not apply, the Corporation may withhold information exempt from disclosure under § 311.3(b). For the convenience of members of the public who may be unable to attend open meetings of the Board, the Corporation will maintain for at least 2 years a set of minutes of each meeting of the Board or portion thereof open to public observation.

(d) Procedures for inspecting or copying available material. (1) An individual may inspect materials made available under paragraph (c) of this section at the offices of the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429, during normal business hours. If the individual desires a copy of such material, the Corporation will furnish copies at a cost of 10 cents per page. Whenever the Corporation determines that in the public interest a reduction or waiver is warranted, it may reduce or waive any fees imposed under this section.

(2) An individual may also submit a written request for transcripts or minutes, reasonably identifying the records sought, to the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

(e) Procedures for obtaining documents identified in minutes. Copies of documents identified in minutes or considered by the Board in connection with any action identified in the minutes may be made available to the public upon request, to the extent permitted by the Freedom of Information Act, under the provisions of 12 CFR part 309, Disclosure of Information.

Subpart A—Scope, Purpose, Definitions and Delegations of Authority

§ 313.1 Scope.

This part establishes FDIC procedures for the collection of certain debts owed to the United States.

(a) This part applies to collections by the FDIC from:

(1) Federal employees who are indebted to the FDIC;

(2) Employees of the FDIC who are indebted to other agencies; and

(3) Other persons, organizations, or entities that are indebted to the FDIC, except those excluded in paragraph (b)(3) of this section.

(b) This part does not apply:

(1) To debts or claims arising under the Internal Revenue Code of 1986 (Title 26, U.S. Code), the Social Security Act (42 U.S.C. 301 et seq.), or the tariff laws of the United States;

(2) To a situation to which the Contract Disputes Act (41 U.S.C. 601 et seq.) applies; or

(3) In any case where collection of a debt is explicitly provided for or prohibited by another statute.

(c) This part applies only to:

(1) Debts owed to and payments made by the FDIC acting in its corporate capacity, that is, in connection with employee matters such as travel-related claims and erroneous overpayments, contracting activities involving corporate operations, debts related to requests to the FDIC for documents under the Freedom of Information Act (FOIA), or where a request for an offset is received by the FDIC from another federal agency; and

(2) Criminal restitution debt owed to the FDIC in either its corporate capacity or its receivership capacity.

(3) With the exception of criminal restitution debt noted in paragraph (c)(2) of this section, this part does not apply to debts owed to or payments made by the FDIC in connection with the FDIC’s liquidation, supervision, enforcement, or insurance responsibilities, nor does it limit or affect the FDIC’s authority with respect to debts and/or claims pursuant to 12 U.S.C. 1819(a) and 1820(a).

(d) Nothing in this part 313 precludes the compromise, suspension, or termination of collection actions, where appropriate, under: standards implementing the Debt Collection Improvement Act (DCIA) (31 U.S.C. 3711 et seq.), the Federal Claims Collection Standards (FCCS) (31 CFR chapter IX and parts 900 through 904); or any other applicable law.

§ 313.2 Purpose.

(a) The purpose of this part is to implement federal statutes and regulatory standards authorizing the FDIC to collect debts owed to the United States. This part is consistent with the following federal statutes and regulations:

(1) DCIA at 31 U.S.C. 3711 (collection and compromise of claims); section 3716 (administrative offset), section 3717 (interest and penalty on claims), and section 3718 (contracts for collection services);

(2) 5 U.S.C. 5514 (salary offset);

(3) 5 U.S.C. 5584 (waiver of claims for overpayment);

(4) 31 CFR chapter IX and parts 900 through 904 (Federal Claims Collection Standards);

(5) 5 CFR part 550, subpart K (salary offset);

(6) 31 U.S.C. 3720D, 3 CFR 285.11 (administrative wage garnishment);

(7) 26 U.S.C. 6402(d), 31 U.S.C. 3720A and 31 CFR 285.2 (tax refund offset); and

(8) 5 CFR 831.1801 through 1808 (U. S. Office of Personnel Management (OPM) offset).

(b) Collectively, these statutes and regulations prescribe the manner in which federal agencies should proceed to establish the existence and validity of debts owed to the federal government and describe the remedies available to agencies to offset valid debts.

§ 313.3 Definitions.

Except where the context clearly indicates otherwise or where the term is defined elsewhere in this subpart, the following definitions shall apply to this subpart.

(a) Agency means a department, agency, court, court administrative office,
or instrumentality in the executive, judicial, or legislative branch of government, including government corporations.

(b) Board means the Board of Directors of the FDIC.

(c) Centralized administrative offset means the mandatory referral to the Secretary of the Treasury by a creditor agency of a past due debt which is more than 180 days delinquent, for the purpose of collection under the Treasury’s centralized offset program.

(d) Certification means a written statement transmitted from a creditor agency to a paying agency for purposes of administrative or salary offset, to FMS for offset or to the Secretary of the Treasury for centralized administrative offset. The certification confirms the existence and amount of the debt and verifies that required procedural protections have been afforded the debtor. Where the debtor requests a hearing on a claimed debt, the decision by a hearing official or administrative law judge constitutes a certification.

(e) Chairman means the Chairman of the FDIC.

(f) Compromise means the settlement or forgiveness of a debt under 31 U.S.C. 3711, in accordance with standards set forth in the FCCS and applicable federal law.

(g) Creditor agency means an agency of the federal government to which the debt is owed, or a debt collection center when acting on behalf of a creditor agency to collect a debt.

(h) Debt means an amount owed to the United States from loans insured or guaranteed by the United States and all other amounts due the United States from fees, leases, rents, royalties, services, sales of real or personal property, overpayments, penalties, damages, interest, restitution, fines and forfeitures, and all other similar sources. For purposes of this part, a debt owed to the FDIC constitutes a debt owed to the United States.

The FDIC shall allow the following deductions in determining the amount of disposable pay that is subject to salary offset:

1. Federal employment taxes;
2. Federal, state, or local income taxes to the extent authorized or required by law, but no greater than would be the case if the employee claimed all dependents to which he or she is entitled and such additional amounts for which the employee presents evidence of a tax obligation supporting the additional withholding;
3. Medicare deductions;
4. Health insurance premiums;
5. Normal retirement contributions, including employee contributions to the Thrift Savings Plan or the FDIC 401(k) Plan;
6. Normal life insurance premiums (e.g., Serviceman’s Group Life Insurance and “Basic Life” Federal Employee’s Group Life Insurance premiums), not including amounts deducted for supplementary coverage;

§ 313.20 Garnishment

(q) Hearing official means an administrative law judge or other individual authorized to conduct a hearing and issue a final decision in response to a debtor’s request for hearing. A hearing official may not be under the supervision or control of the Chairman or FDIC Board when the FDIC is the creditor agency.

(r) Notice of Intent to Offset or Notice of Intent means a written notice from a creditor agency to an employee, organization, entity, or restitution debtor that claims a debt and informs the debtor that the creditor agency intends to collect the debt by administrative offset. The notice also informs the debtor of certain procedural rights with respect to the claimed debt and offset.

(s) Notice of Salary Offset means a written notice from a paying agency to its employee informing the employee that salary offset to collect a debt due to the creditor agency will begin at the next officially established pay interval. The paying agency transmits this notice to its employee after receiving a certification from the creditor agency.

(t) Paying agency means the agency of the federal government that employs the individual who owes a debt to an agency of the federal government. The same agency may be both the creditor agency and the paying agency.

(a) Initiate and carry out the debt collection process on behalf of the FDIC, in accordance with the FCCS;

(b) Accept or reject compromise offers and suspend or terminate collection actions to the full extent of the FDIC’s legal authority under 12 U.S.C. 1819(a) and 1820(a), 31 U.S.C. 3711(a)(2), and any other applicable statute or regulation, provided, however, that no such claim shall be compromised or collection action terminated, except upon the concurrence of the FDIC General Counsel or his or her designee;

(c) Report to consumer reporting agencies certain data pertaining to delinquent debts, where appropriate;

(d) Use administrative offset procedures, including salary offset, to collect debts; and

(e) Take any other action necessary to promptly and effectively collect debts owed to the United States in accordance with the policies contained herein and as otherwise provided by law.

§§ 313.5–313.19 [Reserved]

Subpart B—Administrative Offset

§ 313.20 Applicability and scope

The provisions of this subpart apply to the collection of debts owed to the United States arising from transactions with the FDIC. Administrative offset is authorized under the DCIA.
§ 313.21 Definitions.

(a) Administrative offset means withholding funds payable by the United States to, or held by the United States for, a person to satisfy a debt.

(b) Person includes a natural person or persons, profit or nonprofit corporation, partnership, association, trust, estate, consortium, or other entity which is capable of owing a debt to the United States Government except that agencies of the United States, or any state or local government shall be excluded.

§ 313.22 Collection.

(a) The Director may collect a claim from a person by administrative offset of monies payable by the Government only after:

(1) Providing the debtor with due process required under this part; and

(2) Providing the paying agency with written certification that the debtor owes the debt in the amount stated and that the FDIC, as creditor agency, has complied with this part.

(b) Prior to initiating collection by administrative offset, the Director should determine that the proposed offset is within the scope of this remedy, as set forth in 31 CFR 901.3(a). Administrative offset under 31 U.S.C. 3716 may not be used to collect debts more than 10 years after the federal government’s right to collect the debt first accrued, except as otherwise provided by law. In addition, administrative offset may not be used when a statute explicitly prohibits its use to collect the claim or type of claim involved.

(c) Unless otherwise provided, debts or payments not subject to administrative offset under 31 U.S.C. 3716 may be collected by administrative offset under common law, or any other applicable statutory authority.

§ 313.23 Offset prior to completion of procedures.

The FDIC may collect a debt by administrative offset prior to the completion of the procedures described in § 313.25, if:

(a) Failure to offset a payment would substantially prejudice the FDIC’s ability to collect the debt; and

(b) The time before the payment is to be made does not reasonably permit completion of the procedures described in § 313.25. Such prior offsetting shall be followed promptly by the completion of the procedures described in § 313.25.

§ 313.24 Omission of procedures.

The FDIC shall not be required to follow the procedures described in § 313.25 where:

(a) The offset is in the nature of a recoupment (i.e., the FDIC may offset a payment due to the debtor when both the payment due to the debtor and the debt owed to the FDIC arose from the same transaction); or

(b) The debt arises under a contract as set forth in Cecile Industries, Inc. v. Cheney, 995 F.2d 1052 (Fed. Cir. 1993), which provides that procedural protections under administrative offset do not supplant or restrict established procedures for contractual offsets accommodated by the Contracts Disputes Act; or

(c) In the case of non-centralized administrative offsets, the FDIC first learns of the existence of a debt due when there would be insufficient time to afford the debtor due process under these procedures before the paying agency makes payment to the debtor; in such cases, the Director shall give the debtor notice and an opportunity for review as soon as practical and shall refund any money ultimately found not to be due to the U.S. Government.

§ 313.25 Debtor's rights.

Unless the procedures described in § 313.23 are used, prior to collecting any claim by administrative offset or referring such claim to another agency for collection through administrative offset, the Director shall provide the debtor with the following:

(a) Written notification of the nature and amount of the claim, the intention of the Director to collect the claim through administrative offset, and a statement of the rights of the debtor under this paragraph;
§ 313.30 Requests for offset from other federal agencies.

Any federal agency may request that funds due and payable to its debtor by the FDIC be administratively offset by the FDIC in order to collect a debt owed to such agency by the debtor. The FDIC shall initiate the requested offset only upon:

(a) Receipt of written certification from the creditor agency stating:

(1) That the debtor owes the debt;
(2) The amount and basis of the debt; and
(3) That the agency has complied with its own administrative offset regulations and with the applicable provisions of 31 CFR 901.3, including providing any required hearing or review.

(b) A determination by the creditor agency that collection by offset against funds payable by the FDIC would be in the best interest of the United States and that such offset would not otherwise be contrary to law.
§§ 313.31–313.39 [Reserved]

Subpart C—Salary Offset

§ 313.40 Scope.

These salary offset regulations are issued in compliance with 5 U.S.C. 5514 and 5 CFR part 550, subpart K, and apply to the collection of debts owed by employees of the FDIC or other federal agencies. These salary offset procedures do not apply where an employee consents to the recovery of a debt from his current pay account. These procedures do not apply to debts arising under the Internal Revenue Code, the tariff laws of the United States or to any case where collection of a debt by salary offset is explicitly provided for or prohibited by another statute (e.g., travel advances under 5 U.S.C. 5705 and employee training expenses under 5 U.S.C. 4108). These procedures do not preclude an employee from requesting waiver of an erroneous payment under 5 U.S.C. 5584, or in any way questioning the amount or validity of a debt, in the manner specified by law or these agency regulations. This section also does not preclude an employee from requesting waiver of the collection of a debt under any other applicable statutory authority. When possible, salary offset through centralized administrative offset procedures should be attempted before seeking salary offset from a paying agency different than the creditor agency.

§ 313.41 Notice requirement where FDIC is creditor agency.

Where the FDIC seeks salary offset under 5 U.S.C. 5514 as the creditor agency, the FDIC shall first provide the employee with a written Notice of Intent to Offset at least 30 calendar days before salary offset is to commence. The Notice of Intent to Offset shall include the following information and statements:

(a) That the Director has determined that a debt is owed to the FDIC and intends to collect the debt by means of deduction from the employee’s current disposable pay account until the debt and all accumulated interest is paid in full or otherwise resolved;

(b) The amount of the debt and the factual basis for the debt;

(c) A salary offset schedule stating the frequency and amount of each deduction, stated as a fixed dollar amount or percentage of disposable pay (not to exceed 15%);

(d) That in lieu of salary offset, the employee may propose a voluntary repayment plan to satisfy the debt on terms acceptable to the FDIC, which must be documented in writing, signed by the employee and the Director or the Director’s designee, and documented in the FDIC’s files;

(e) The FDIC’s policy concerning interest, penalties, and administrative costs, and a statement that such assessments must be made, unless excused in accordance with the FCCS;

(f) That the employee has the right to inspect and copy FDIC records not exempt from disclosure relating to the debt claimed, or to receive copies of such records if the employee or the employee’s representative is unable personally to inspect the records, due to geographical or other constraints:

(1) That such requests be made in writing, and identify by name and address the Director or other designated individual to whom the request should be sent; and

(2) That upon receipt of such a request, the Director or the Director’s designee shall notify the employee of the time and location where the records may be inspected and copied;

(g) That the employee has a right to request a hearing regarding the existence and amount of the debt claimed or the salary offset schedule proposed by the FDIC, provided that the employee files a request for such a hearing with the FDIC in accordance with §313.42 that such a hearing will be conducted by an impartial official who is an administrative law judge or other hearing official not under the supervision or control of the Board;

(h) The procedure and deadline for requesting a hearing, including the name, address, and telephone number of the Director or other designated individual to whom a request for hearing must be sent;

(i) That a request for hearing must be received by the FDIC on or before the 30th calendar day following receipt of the Notice of Intent, and that filing of
§ 313.44 Procedure for hearing.

(a) Obtaining the services of a hearing official. When the FDIC is the creditor agency and the debtor is an FDIC employee, the FDIC shall designate an administrative law judge or contact any agent of another agency designated in appendix A to 5 CFR part 581 to arrange for a hearing official. When the FDIC is the creditor agency and the debtor is not an FDIC employee (i.e., the debtor is employed by another federal agency, also known as the paying agency), and the FDIC cannot provide a prompt and appropriate hearing before an administrative law judge or a hearing official furnished pursuant to a lawful arrangement, the FDIC may contact an agent of the paying agency designated in appendix A to 5 CFR part 581 to arrange for a hearing official. The paying agency must cooperate with the FDIC to provide a hearing official, as required by the FCCS.

(b) Notice and format of hearing—(1) Notice. The hearing official shall determine whether the hearing shall be oral or documentary and shall notify the employee of the form of the hearing. If the hearing will be oral, the notice shall set forth the date, time, and location of the hearing, which must be held within 30 calendar days after the request is received, unless the employee requests that the hearing be delayed. If the hearing will be documentary, the

§ 313.42 Procedures to request a hearing.

(a) To request a hearing, an employee must send a written request to the Director. The request must be received by the Director within 30 calendar days after the employee’s receipt of the Notice of Intent.

(b) The request must be signed by the employee and must fully identify and explain with reasonable specificity all the facts, evidence, and witnesses, if any, that the employee believes support his or her position. The request for hearing must state whether the employee is requesting an oral or documentary hearing. If an oral hearing is requested, the request shall explain why the matter cannot be resolved by a review of documentary evidence alone.

§ 313.43 Failure to timely submit request for hearing.

If the Director does not receive an employee’s request for hearing within the 30-day period set forth in §313.42(a), the employee shall not be entitled to a hearing. However, the Director may accept an untimely request for hearing if the employee can show that the delay was the result of circumstances beyond his or her control or that he or she failed to receive actual notice of the filing deadline.
employee shall be notified to submit evidence and written arguments in support of his or her case to the hearing official within 30 calendar days.

(2) Oral hearing. The hearing official may grant a request for an oral hearing if he or she determines that the issues raised by the employee cannot be resolved by review of documentary evidence alone (e.g., where credibility or veracity are at issue). An oral hearing is not required to be an adversarial adjudication, and the hearing official is not required to apply rules of evidence. Witnesses who testify in oral hearings shall do so under oath or affirmation. Oral hearings may take the form of, but are not limited to:

(i) Informal conferences with the hearing official in which the employee and agency representative are given full opportunity to present evidence, witnesses, and argument;

(ii) Informal meetings in which the hearing examiner interviews the employee; or

(iii) Formal written submissions followed by an opportunity for oral presentation.

(3) Documentary hearing. If the hearing official determines that an oral hearing is not necessary, he or she shall decide the issues raised by the employee based upon a review of the written record.

(4) Record. The hearing official shall maintain a summary record of any hearing conducted under this section.

(c) Rescheduling of the hearing date. The hearing official shall reschedule a hearing if requested to do so by both parties, who shall be given reasonable notice of the time and place of this new hearing.

(d) Failure to appear. In the absence of good cause, an employee who fails to appear at a hearing shall be deemed, for the purpose of this subpart, to admit the existence and amount of the debt as described in the Notice of Intent. If the representative of the creditor agency fails to appear, the hearing official shall proceed with the hearing as scheduled, and issue a decision based upon the oral testimony presented and the documentation submitted by both parties.

(e) Date of decision. The hearing official shall issue a written decision based upon the evidence and information developed at the hearing, as soon as practicable after the hearing, but not later than 60 calendar days after the date on which the request for hearing was received by the FDIC, unless the hearing was delayed at the request of the employee. In the event of such a delay, the 60-day decision period shall be extended by the number of days by which the hearing was postponed. The decision of the hearing official shall be final.

(f) Content of decision. The written decision shall include:

1. A summary of the facts concerning the origin, nature, and amount of the debt;

2. The hearing official’s findings, analysis, and conclusions; and

3. The terms of the repayment schedule, if applicable.

(g) Official certification of debt. The hearing official’s decision shall constitute an official certification regarding the existence and amount of the debt for purposes of executing salary offset under 5 U.S.C. 5514. Where the FDIC is the creditor agency but not the current paying agency, the FDIC may make a certification regarding the existence and amount of the debt owed to the FDIC, based on the hearing official’s certification. The FDIC may make this certification to: the Secretary of the Treasury so that Treasury may offset the employee’s current pay account by means of centralized administrative offset (5 CFR 550.1108); or to the current paying agency (5 CFR 550.1109). If the hearing official determines that a debt may not be collected through salary offset but the FDIC as the creditor agency determines that the debt is still valid, the FDIC may seek collection of the debt through other means, including administrative offset of other federal payments or litigation.

§ 313.45 Certification of debt by FDIC as creditor agency.

The Director may also issue a certification of the debt where there has not been a hearing, if the employee has admitted the debt, or failed to contest the existence and amount of the debt in a timely manner (e.g., by failing to
§ 313.48 Special review of repayment agreement or salary offset due to changed circumstances.

(a) An employee subject to a voluntary repayment agreement or salary offset payable to the FDIC as creditor agency may request a special review by the Director of the amount of the salary offset or voluntary repayment, based on materially changed circumstances, including, but not limited to, catastrophic illness, divorce, death, or disability. A request for special review may be made at any time.
(b) In support of a request for special review, the employee shall submit to the Director a detailed statement and supporting documents for the employee, his or her spouse, and dependents indicating:
   (1) Income from all sources;
   (2) Assets;
   (3) Liabilities;
   (4) Number of dependents;
   (5) Monthly expenses for food, housing, clothing, and transportation;
   (6) Medical expenses; and
   (7) Exceptional expenses, if any.
§ 313.49 Coordinating salary offset with other agencies.

(a) Responsibility of the FDIC as the creditor agency. Upon completion of the procedures established in §313.40 through §313.45, the Director shall take the following actions:

(1) Submit a debt claim to the paying agency, containing the information described in paragraphs (a)(2) and (a)(3) of this section, together with the certification of debt or an installment agreement (or other instruction regarding the payment schedule, if applicable).

(2) If the collection must be made in installments, inform the paying agency of the amount or percentage of disposable pay to be collected in each installment. The Director may also inform the paying agency of the commencement date and number of installments to be paid, if a date other than the next officially established pay period is required.

(3) Unless the employee has consented to the salary offset in writing or has signed a statement acknowledging receipt of the required procedures and the written consent or statement is forwarded to the paying agency, the Director must also advise the paying agency of the actions the FDIC has taken under 5 U.S.C. 5514 and state the dates such action was taken.

(4) If the employee is in the process of separating from employment, the Director shall submit the debt claim to the employee’s paying agency for collection by lump-sum deduction from the employee’s final check. The paying agency shall certify the total amount of its collection and furnish a copy of the certification to the FDIC and to the employee.

(5) If the employee is already separated and all payments due from his or her former paying agency have been paid, the Director may, unless otherwise prohibited, request that money due and payable to the employee from the federal government, including payments from the Civil Service Retirement and Disability Fund (5 CFR 831.1801), be administratively offset to collect the debt.

(6) In the event an employee transfers to another paying agency, the Director shall not repeat the procedures described in §313.40 through §313.45 in order to resume collecting the debt. Instead, the FDIC shall review the debt upon receiving the former paying agency’s notice of the employee’s transfer and shall ensure that collection is resumed by the new paying agency. The FDIC must submit a properly certified claim to the new paying agency before collection can be resumed.

(b) Responsibility of the FDIC as the paying agency—(1) Complete claim. When the FDIC receives a properly certified claim from a creditor agency, the employee shall be given written notice of the certification, the date salary offset will begin, and the amount of the periodic deductions. The FDIC shall schedule deductions to begin at the next officially established pay interval or as otherwise provided for in the certification.

(2) Incomplete claim. When the FDIC receives an incomplete certification of debt from a creditor agency, the employee shall be given written notice of the certification, the date salary offset will begin, and the amount of the periodic deductions. The FDIC shall schedule deductions to begin at the next officially established pay interval or as otherwise provided for in the certification.
§ 313.54 Exception to due process procedures.

(a) The procedures set forth in this subpart shall not apply to routine intra-agency salary adjustments of pay, including the following:

(1) Any adjustment to pay arising out of an employee’s election of coverage or a change in coverage under a federal benefits program requiring periodic deductions from pay, if the amount to be recovered was accumulated over four pay periods or less;

(2) A routine adjustment of pay that is made to correct an overpayment attributable to clerical or administrative errors or delays in processing pay documents, if the overpayment occurred within the four pay periods preceding the adjustment and, at the time of such adjustment or as soon thereafter as is practical, the individual is provided written notice of the nature and amount of the adjustment and the point of contact for contesting such adjustment; or

(3) Any adjustment to collect a debt amount to $50 or less, if, at the time of such adjustment, or as soon thereafter as is practical, the individual is provided written notice of the nature and amount of the adjustment and the
§ 313.55 Salary adjustments.

Any negative adjustment to pay arising out of an employee’s election of coverage, or a change in coverage, under a federal benefits program requiring periodic deductions from pay shall not be considered collection of a “debt” for the purposes of this section if the amount to be recovered was accumulated over four pay periods or less. In such cases, the FDIC shall not apply this subpart C, but will provide a clear and concise statement in the employee’s earnings statement advising the employee of the previous overpayment at the time the adjustment is made.

§§ 313.56–313.79 [Reserved]

Subpart D—Administrative Wage Garnishment

§ 313.80 Scope and purpose.

(a) These administrative wage garnishment regulations are issued in compliance with 31 U.S.C. 3720D and 31 CFR 285.11(f). The subpart provides procedures for the FDIC to collect money from a debtor’s disposable pay by means of administrative wage garnishment. The receipt of payments pursuant to this subpart does not preclude the FDIC from pursuing other debt collection remedies, including the offset of federal payments. The FDIC may pursue such debt collection remedies separately or in conjunction with administrative wage garnishment. This subpart does not apply to the collection of delinquent debts from the wages of federal employees from their federal employment. Federal pay is subject to the federal salary offset procedures set forth in 5 U.S.C. 5514 and other applicable laws.

§ 313.81 Notice.

At least 30 days before the initiation of garnishment proceedings, the Director will send, by first class mail to the debtor’s last known address, a written notice informing the debtor of:

(a) The nature and amount of the debt;
(b) The FDIC’s intention to initiate proceedings to collect the debt through deductions from the debtor’s pay until the debt and all accumulated interest penalties and administrative costs are paid in full;
(c) An explanation of the debtor’s rights as set forth in §313.82(c); and
(d) The time frame within which the debtor may exercise these rights. The FDIC shall retain a stamped copy of the notice indicating the date the notice was mailed.

§ 313.82 Debtor’s rights.

The FDIC shall afford the debtor the opportunity:

(a) To inspect and copy records related to the debt;
(b) To enter into a written repayment agreement with the FDIC, under terms agreeable to the FDIC; and
(c) To the extent that a debt owed has not been established by judicial or administrative order, to request a hearing concerning the existence or amount of the debt or the terms of the repayment schedule. With respect to debts established by a judicial or administrative order, a debtor may request a hearing concerning the payment or other discharge of the debt. The debtor is not entitled to a hearing concerning the terms of the proposed repayment schedule if these terms have been established by written agreement.

§ 313.83 Form of hearing.

(a) If the debtor submits a timely written request for a hearing as provided in §313.82(c), the FDIC will afford the debtor a hearing, which at the FDIC’s option may be oral or written. The FDIC will provide the debtor with a reasonable opportunity for an oral hearing when the Director determines that the issues in dispute cannot be resolved by review of the documentary evidence, for example, when the validity of the claim turns on the issue of credibility or veracity.

(b) If the FDIC determines that an oral hearing is appropriate, the time and location of the hearing shall be established by the FDIC. An oral hearing may, at the debtor’s option, be conducted either in person or by telephone.
conference. All travel expenses incurred by the debtor in connection with an in-person hearing will be borne by the debtor. All telephonic charges incurred during the hearing will be the responsibility of the agency.

(c) In cases when it is determined that an oral hearing is not required by this section, the FDIC will accord the debtor a “paper hearing,” that is, the FDIC will decide the issues in dispute based upon a review of the written record.

§ 313.84 Effect of timely request.

If the FDIC receives a debtor’s written request for hearing within 15 business days of the date the FDIC mailed its notice of intent to seek garnishment, the FDIC shall not issue a withholding order until the debtor has been provided the requested hearing, and a decision in accordance with § 313.88 and § 313.89 has been rendered.

§ 313.85 Failure to timely request a hearing.

If the FDIC receives a debtor’s written request for hearing after 15 business days of the date the FDIC mailed its notice of intent to seek garnishment, the FDIC shall provide a hearing to the debtor. However, the FDIC will not delay issuance of a withholding order unless it determines that the untimely filing of the request was caused by factors over which the debtor had no control, or the FDIC receives information that the FDIC believes justifies a delay or cancellation of the withholding order.

§ 313.86 Hearing official.

A hearing official may be any qualified individual, as determined by the FDIC, including an administrative law judge.

§ 313.87 Procedure.

After the debtor requests a hearing, the hearing official shall notify the debtor of:

(a) The date and time of a telephonic hearing;

(b) The date, time, and location of an in-person oral hearing; or

(c) The deadline for the submission of evidence for a written hearing.

§ 313.88 Format of hearing.

The FDIC will have the burden of proof to establish the existence or amount of the debt. Thereafter, if the debtor disputes the existence or amount of the debt, the debtor must prove by a preponderance of the evidence that no debt exists, or that the amount of the debt is incorrect. In addition, the debtor may present evidence that the terms of the repayment schedule are unlawful, would cause a financial hardship to the debtor, or that collection of the debt may not be pursued due to operation of law. The hearing official shall maintain a record of any hearing held under this section. Hearings are not required to be formal, and evidence may be offered without regard to formal rules of evidence. Witnesses who testify in oral hearings shall do so under oath or affirmation.

§ 313.89 Date of decision.

The hearing official shall issue a written opinion stating his or her decision as soon as practicable, but not later than sixty (60) days after the date on which the request for such hearing was received by the FDIC. If the FDIC is unable to provide the debtor with a hearing and decision within sixty (60) days after the receipt of the request for such hearing:

(a) The FDIC may not issue a withholding order until the hearing is held and a decision rendered; or

(b) If the FDIC had previously issued a withholding order to the debtor’s employer, the withholding order will be suspended beginning on the 61st day after the date the FDIC received the hearing request and continuing until a hearing is held and a decision is rendered.

§ 313.90 Content of decision.

The written decision shall include:

(a) A summary of the facts presented;

(b) The hearing official’s findings, analysis and conclusions; and

(c) The terms of any repayment schedule, if applicable.

§ 313.91 Finality of agency action.

Unless the FDIC on its own initiative orders review of a decision by a hearing official pursuant to 17 CFR 201.431(c), a
§ 313.92 Failure to appear.
In the absence of good cause shown, a debtor who fails to appear at a scheduled hearing will be deemed as not having timely filed a request for a hearing.

§ 313.93 Wage garnishment order.
(a) Unless the FDIC receives information that it believes justifies a delay or cancellation of the withholding order, the FDIC will send by first class mail a withholding order to the debtor's employer within 30 days after the debtor fails to make a timely request for a hearing (i.e., within 15 business days after the mailing of the notice of the FDIC's intent to seek garnishment) or, if a timely request for a hearing is made by the debtor, within 30 days after a decision to issue a withholding order becomes final.
(b) The withholding order sent to the employer will be in the form prescribed by the Secretary of the Treasury, on the FDIC's letterhead, and signed by the head of the agency or delegate. The order will contain all information necessary for the employer to comply with the withholding order, including the debtor's name, address, and social security number, as well as instructions for withholding and information as to where payments should be sent.
(c) The FDIC will keep a stamped copy of the order indicating the date it was mailed.

§ 313.94 Certification by employer.
Along with the withholding order, the FDIC will send to the employer a certification in a form prescribed by the Secretary of the Treasury. § 313.101 Right of action.

The FDIC may sue any employer for any amount that the employer fails to withhold from wages owed and payable to its employee in accordance with this subpart. However, a suit will not be filed before the termination of the collection action involving a particular debtor, unless earlier filing is necessary to avoid expiration of any applicable statute of limitations. For purposes of this subpart, “termination of the collection action” occurs when the agency has terminated collection action in accordance with the FCCS (31 CFR 903.1 through 903.5) or other applicable standards. In any event, termination of the collection action will have been deemed to occur if the FDIC has not received any payments to satisfy the debt from the particular debtor.

(m) Leverage ratio means the ratio of Tier 1 capital to total assets, as calculated under this part.

(n) Management fee means any payment of money or provision of any other thing of value to a company or individual for the provision of management services or advice to the bank or related overhead expenses, including payments related to supervisory, executive, managerial, or policymaking functions, other than compensation to an individual in the individual’s capacity as an officer or employee of the bank.

(o) Minority interests in consolidated subsidiaries means minority interests in equity capital accounts of those subsidiaries that have been consolidated for the purpose of computing regulatory capital under this part, except that minority interests which fail to provide meaningful capital support are excluded from this definition.

(p) Mortgage servicing assets means those assets (net of any related valuation allowances) that result from contracts to service loans secured by real estate (that have been securitized or are owned by others) for which the benefits of servicing are expected to more than adequately compensate the servicer for performing the servicing. For purposes of determining regulatory capital under this part, mortgage servicing assets will be recognized only to the extent that the assets meet the conditions, limitations, and restrictions described in §325.5 (f).

(q) Noncumulative perpetual preferred stock means perpetual preferred stock (and related surplus) where the issuer has the option to waive payment of dividends and where the dividends so waived do not accumulate to future periods nor do they represent a contingent claim on the issuer. Preferred stock issues where the dividend is reset, periodically based, in whole or in part,
§ 325.2  12 CFR Ch. III (1–1–10 Edition)

Upon the bank’s current credit standing, including but not limited to, auction rate, money market and marketable preferred stock, are excluded from this definition of noncumulative perpetual preferred stock, regardless of whether the dividends are cumulative or noncumulative.

(r) Perpetual preferred stock means a preferred stock that does not have a maturity date, that cannot be redeemed at the option of the holder, and that has no other provisions that will require future redemption of the issue. It includes those issues of preferred stock that automatically convert into common stock at a stated date. It excludes those issues, the rate on which increases, or can increase, in such a manner that would effectively require the issuer to redeem the issue.

(s) Risk-weighted assets means total risk-weighted assets, as calculated in accordance with the FDIC’s Statement of Policy on Risk-Based Capital (appendix A to part 325).

(t) Savings association means any federally-chartered savings association, any state-chartered savings association, and any corporation (other than a bank) that the Board of Directors of the FDIC and the Director of the Office of Thrift Supervision jointly determine to be operating in substantially the same manner as a savings association.

(u) Tangible equity means the amount of core capital elements as defined in Section I.A.1. of the FDIC’s Statement of Policy on Risk-Based Capital (appendix A to this Part 325), plus the amount of outstanding cumulative perpetual preferred stock (including related surplus), minus all intangible assets except mortgage servicing assets to the extent that the FDIC determines pursuant to §325.5(f) of this part that mortgage servicing assets may be included in calculating the bank’s Tier 1 capital.

(v) Tier 1 capital or core capital means the sum of common stockholders’ equity, noncumulative perpetual preferred stock (including any related surplus), and minority interests in consolidated subsidiaries, minus all intangible assets (other than mortgage servicing assets, nonmortgage servicing assets, and purchased credit card relationships eligible for inclusion in core capital pursuant to §325.5(f)), minus credit-enhancing interest-only strips that are not eligible for inclusion in core capital pursuant to §325.5(f), minus deferred tax assets in excess of the limit set forth in §325.5(g), minus identified losses (to the extent that Tier 1 capital would have been reduced if the appropriate accounting entries to reflect the identified losses had been recorded on the insured depository institution’s books), minus investments in financial subsidiaries subject to 12 CFR part 362, subpart E, and minus the amount of the total adjusted carrying value of nonfinancial equity investments that is subject to a deduction from Tier 1 capital as set forth in section II.B.(6) of appendix A to this part.

(w) Tier 1 risk-based capital ratio means the ratio of Tier 1 capital to risk-weighted assets, as calculated in accordance with the FDIC’s Statement of Policy on Risk-Based Capital (appendix A to part 325).

(x) Total assets means the average of total assets required to be included in a banking institution’s “Reports of Condition and Income” (Call Report) or, for savings associations, the consolidated total assets required to be included in the “Thrift Financial Report,” as these reports may from time to time be revised, as of the most recent report date (and after making any necessary subsidiary adjustments for state nonmember banks as described in §§325.5(c) and 325.5(d) of this part), minus intangible assets (other than mortgage servicing assets, nonmortgage servicing assets, and purchased credit card relationships eligible for inclusion in core capital pursuant to §325.5(f)), minus credit-enhancing interest-only strips that are not eligible for inclusion in core capital pursuant to §325.5(f), minus deferred tax assets in excess of the limit set forth in §325.5(g), minus assets classified loss and any other assets that are deducted in determining Tier 1 capital, and minus the amount of the total adjusted carrying value of nonfinancial equity investments that is subject to a deduction from Tier 1 capital as set forth in section II.B.(6) of appendix A to this part. For banking institutions, the average of total assets is found in the

§ 325.3 Minimum leverage capital requirement.

(a) General. Banks must maintain at least the minimum leverage capital requirement set forth in this section. The capital standards in this part are the minimum acceptable for banks whose overall financial condition is fundamentally sound, which are well-managed and which have no material or significant financial weaknesses. Thus, the FDIC is not precluded from requiring an institution to maintain a higher capital level based on the institution's particular risk profile. Where the FDIC determines that the financial history or condition, managerial resources and/or the future earnings prospects of a bank are not adequate, or where a bank has sizable off-balance sheet or funding risks, significant risks from concentrations of credit or nontraditional activities, excessive interest rate risk exposure, or a significant volume of assets classified substandard, doubtful or loss or otherwise criticized, the FDIC will take these other factors into account in analyzing the bank's capital adequacy and may determine that the minimum amount of capital for that bank is greater than the minimum standards stated in this section. These same criteria will apply to any insured depository institution making an application to the FDIC that requires the FDIC to consider the adequacy of the institution's capital structure.

(b) Minimum leverage capital requirement. (1) The minimum leverage capital requirement for a bank (or an insured depository institution making application to the FDIC) shall consist of a ratio of Tier 1 capital to total assets of not less than 3 percent if the FDIC determines that the institution is not anticipating or experiencing significant growth and has well-diversified risk, including no undue interest rate risk exposure, excellent asset quality, high liquidity, good earnings and in general is considered a strong banking organization, rated composite 1 under the Uniform Financial Institutions Rating System (the CAMELS rating system) established by the Federal Financial Institutions Examination Council. (2) For all but the most highly-rated institutions meeting the conditions set forth in paragraph (b)(1) of this section, the minimum leverage capital requirement for a bank (or for an insured depository institution making an application to the FDIC) operating with less than the minimum leverage capital requirement does not have adequate capital and therefore has inadequate financial resources.

(c) Insured depository institutions with less than the minimum leverage capital requirement. (1) A bank (or an insured depository institution making an application to the FDIC) operating with less than the minimum leverage capital requirement does not have adequate capital and therefore has inadequate financial resources. (2) Any insured depository institution operating with an inadequate capital structure, and therefore inadequate financial resources, will not receive approval for an application requiring the FDIC to consider the adequacy of its capital structure or its financial resources. (3) As required under §325.104(a)(1) of this part, a bank must file a written capital restoration plan with the appropriate FDIC regional director within 45 days of the date that the bank receives notice or is deemed to have notice that the bank is undercapitalized, significantly undercapitalized or critically undercapitalized, unless the FDIC...
§ 325.4 Inadequate capital as an unsafe or unsound practice or condition.

(a) General. As a condition of federal deposit insurance, all insured depository institutions must remain in a safe and sound condition.

(b) Unsafe or unsound practice. Any bank which has less than its minimum leverage capital requirement is deemed to be engaged in an unsafe or unsound practice pursuant to section 8(b)(1) and/or 8(c) of the Federal Deposit Insurance Act (12 U.S.C. 1818(b)(1) and/or 1818(c)). Except that such a bank which has entered into and is in compliance with a written agreement with the FDIC or has submitted to the FDIC and is in compliance with a plan approved by the FDIC to increase its Tier 1 leverage capital ratio to such level as the FDIC deems appropriate and to take such other action as may be necessary for the bank to be operated so as not to be engaged in such an unsafe or unsound practice will not be deemed to be engaged in an unsafe or unsound practice pursuant to section 8(b)(1) and/or 8(c) of the Federal Deposit Insurance Act (12 U.S.C. 1818(b)(1) and/or 1818(c)) on account of its capital ratios. The FDIC is not precluded from taking section 8(b)(1), section 8(c) or any other enforcement action against a bank with capital above the minimum requirement if the specific circumstances deem such action to be appropriate.

(2) The FDIC, in its discretion, may approve an application pursuant to the Federal Deposit Insurance Act where it is required to consider the adequacy of capital if it finds that such approval must be taken to prevent the closing of a depository institution or to facilitate the acquisition of a closed depository institution, or, when severe financial conditions exist which threaten the stability of an insured depository institution or of a significant number of depository institutions insured by the FDIC or of insured depository institutions possessing significant financial resources, such action is taken to lessen the risk to the FDIC posed by an insured depository institution under such threat of instability.

(3) The FDIC, in its discretion, may approve an application pursuant to the Federal Deposit Insurance Act where it is required to consider the adequacy of capital if it finds that such approval is necessary to prevent the closing of a depository institution or to facilitate the acquisition of a closed depository institution, or, when severe financial conditions exist which threaten the stability of an insured depository institution or of a significant number of depository institutions insured by the FDIC or of insured depository institutions possessing significant financial resources, such action is taken to lessen the risk to the FDIC posed by an insured depository institution under such threat of instability.

(c) Unsafe or unsound condition. Any insured depository institution with a ratio of Tier 1 capital to total assets that is less than two percent is deemed to be operating in an unsafe or unsound condition pursuant to section 8(a) of the Federal Deposit Insurance Act (12 U.S.C. 1818(a)).

1. A bank with a ratio of Tier 1 capital to total assets of less than two percent which has entered into and is in compliance with a written agreement with the FDIC (or any other insured depository institution with a ratio of
Federal Deposit Insurance Corporation § 325.5

Tier 1 capital to total assets of less than two percent which has entered into and is in compliance with a written agreement with its primary federal regulator and to which agreement the FDIC is a party to increase its Tier 1 leverage capital ratio to such level as the FDIC deems appropriate and to take such other action as may be necessary for the insured depository institution to be operated in a safe and sound manner, will not be subject to a proceeding by the FDIC pursuant to 12 U.S.C. 1818(a) on account of its capital ratios.

(2) An insured depository institution with a ratio of Tier 1 capital to total assets that is equal to or greater than two percent may be operating in an unsafe or unsound condition. The FDIC is not precluded from bringing an action pursuant to 12 U.S.C. 1818(a) where an insured depository institution has a ratio of Tier 1 capital to total assets that is equal to or greater than two percent.

[56 FR 10162, Mar. 11, 1991]

§ 325.5 Miscellaneous.

(a) Intangible assets. Any intangible assets that were explicitly approved by the FDIC as part of the bank’s regulatory capital on a specific case basis will be included in capital under the terms and conditions that were approved by the FDIC, provided that the intangible asset is being amortized over a period not to exceed 15 years or its estimated useful life, whichever is shorter. However, pursuant to section 18(n) of the Federal Deposit Insurance Act (12 U.S.C. 1828(n)), an unidentifiable intangible asset such as goodwill, if acquired after April 12, 1989, cannot be included in calculating regulatory capital under this part.

(b) Reservation of authority. Notwithstanding the definition of Tier 1 capital in §325.2(t) of this subpart and the risk-based capital definitions of Tier 1 and Tier 2 capital in appendix A to this subpart, the Director of the Division of Supervision and Consumer Protection (DSC) may, if the Director finds that a particular Tier 1 or Tier 2 capital component or balance sheet entry or account has characteristics or terms that diminish its contribution to an insured depository institution’s ability to absorb losses, require the deduction of all or a portion of such component, entry, or account from Tier 1 or Tier 2 capital.

(c) Securities subsidiary. For purposes of this part, any securities subsidiary subject to 12 CFR 337.4 shall not be consolidated with its bank parent and any investment therein shall be deducted from the bank parent’s Tier 1 capital and total assets.

(d) Depository institution subsidiary. Any domestic depository institution subsidiary that is not consolidated in the “Reports of Condition and Income” (Call Report) of its insured parent bank shall be consolidated with the insured parent bank for purposes of this part. The financial statements of the subsidiary that are to be used for this consolidation must be prepared in the same manner as the “Reports of Condition and Income” (Call Report). A domestic depository institution subsidiary of a savings association shall be consolidated for purposes of this part if such consolidation also is required pursuant to the capital requirements of the association’s primary federal regulator.

(e) Restrictions relating to capital components. To qualify as Tier 1 capital under this part or Tier 1 or Tier 2 capital under appendix A to this part, a capital instrument must not contain or be subject to any conditions, covenants, terms, restrictions, or provisions that are inconsistent with safe and sound banking practices. A condition, covenant, term, restriction, or provision is inconsistent with safe and sound banking practices if it:

(1) Unduly interferes with the ability of the issuer to conduct normal banking operations;
§ 325.5 12 CFR Ch. III (1–1–10 Edition)

(2) Results in significantly higher dividends or interest payments in the event of deterioration in the financial condition of the issuer;
(3) Impairs the ability of the issuer to comply with statutory or regulatory requirements regarding the disposition of assets or incurrence of additional debt; or
(4) Limits the ability of the FDIC or a similar regulatory authority to take any necessary action to resolve a problem bank or failing bank situation.

Other conditions and covenants that are not expressly listed in paragraphs (e)(1) through (e)(4) of this section also may be inconsistent with safe and sound banking practices.

(f) Treatment of mortgage servicing assets, purchased credit card relationships, nonmortgage servicing assets, and credit-enhancing interest-only strips. For purposes of determining Tier 1 capital under this part, mortgage servicing assets, purchased credit card relationships, nonmortgage servicing assets, and credit-enhancing interest-only strips will be deducted from assets and from common stockholders’ equity to the extent that these items do not meet the conditions, limitations, and restrictions described in this section. Banks may elect to deduct disallowed servicing assets and disallowed credit-enhancing interest-only strips on a basis that is net of a proportional amount of any associated deferred tax liability recorded on the balance sheet. Any deferred tax liability netted in this manner cannot also be netted against deferred tax assets when determining the amount of deferred tax assets that are dependent upon future taxable income and calculating the maximum allowable amount of these assets under paragraph (g) of this section.

(1) Valuation. The fair value of mortgage servicing assets, purchased credit card relationships, nonmortgage servicing assets, and credit-enhancing interest-only strips shall be estimated at least quarterly. The quarterly fair value estimate shall include adjustments for any significant changes in the original valuation assumptions, including changes in prepayment estimates or attrition rates. The FDIC in its discretion may require independent fair value estimates on a case-by-case basis where it is deemed appropriate for safety and soundness purposes.

(2) Fair value limitation. For purposes of calculating Tier 1 capital under this part (but not for financial statement purposes), the balance sheet assets for mortgage servicing assets, purchased credit card relationships, and nonmortgage servicing assets will each be reduced to an amount equal to the lesser of:

(i) 90 percent of the fair value of these assets, determined in accordance with paragraph (f)(1) of this section; or
(ii) 100 percent of the remaining unamortized book value of these assets (net of any related valuation allowances), determined in accordance with the instructions for the preparation of the “Reports of Income and Condition” (Call Reports).

(3) Tier 1 capital limitations. (i) The maximum allowable amount of mortgage servicing assets, purchased credit card relationships, and nonmortgage servicing assets in the aggregate will be limited to the lesser of:

(A) 100 percent of the amount of Tier 1 capital that exists before the deduction of any disallowed mortgage servicing assets, any disallowed purchased credit card relationships, any disallowed nonmortgage servicing assets, any disallowed credit-enhancing interest-only strips, any disallowed deferred tax assets, and any nonfinancial equity investments; or
(B) The sum of the amounts of mortgage servicing assets, purchased credit card relationships, and nonmortgage servicing assets, determined in accordance with paragraph (f)(2) of this section.

(ii) The maximum allowable amount of credit-enhancing interest-only strips, whether purchased or retained, will be limited to the lesser of:

(A) 25 percent of the amount of Tier 1 capital that exists before the deduction of any disallowed mortgage servicing assets, any disallowed purchased credit card relationships, any disallowed nonmortgage servicing assets, any disallowed credit-enhancing interest-only strips, any disallowed deferred tax assets, and any nonfinancial equity investments; or
(B) The sum of the amounts of mortgage servicing assets, purchased credit card relationships, and nonmortgage servicing assets, determined in accordance with paragraph (f)(2) of this section.
§ 325.5

(B) The sum of the face amounts of all credit-enhancing interest-only strips.

(4) Tier 1 capital sublimit. In addition to the aggregate limitation on mortgage servicing assets, purchased credit card relationships, and nonmortgage servicing assets set forth in paragraph (f)(3) of this section, a sublimit will apply to purchased credit card relationships and nonmortgage servicing assets. The maximum allowable amount of the aggregate of purchased credit card relationships and nonmortgage servicing assets will be limited to the lesser of:

(i) 25 percent of the amount of Tier 1 capital that exists before the deduction of any disallowed mortgage servicing assets, any disallowed purchased credit card relationships, any disallowed nonmortgage servicing assets, any disallowed credit-enhancing interest-only strips, any disallowed deferred tax assets, and any nonfinancial equity investments; or

(ii) The sum of the amounts of purchased credit card relationships and nonmortgage servicing assets determined in accordance with paragraph (f)(2) of this section.

(g) Treatment of deferred tax assets. For purposes of calculating Tier 1 capital under this part (but not for financial statement purposes), deferred tax assets are subject to the conditions, limitations, and restrictions described in this section.

(1) Deferred tax assets that are dependent upon future taxable income. These assets are:

(i) Deferred tax assets arising from deductible temporary differences that exceed the amount of taxes previously paid that could be recovered through loss carrybacks if existing temporary differences (both deductible and taxable and regardless of where the related deferred tax effects are reported on the balance sheet) fully reverse at the calendar quarter-end date; and

(ii) Deferred tax assets arising from operating loss and tax credit carryforwards.

(2) Tier 1 capital limitations. (i) The maximum allowable amount of deferred tax assets that are dependent upon future taxable income, net of any valuation allowance for deferred tax assets, will be limited to the lesser of:

(A) The amount of deferred tax assets that are dependent upon future taxable income that is expected to be realized within one year of the calendar quarter-end date, based on projected future taxable income for that year; or

(B) 10 percent of the amount of Tier 1 capital that exists before the deduction of any disallowed mortgage servicing assets, any disallowed nonmortgage servicing assets, any disallowed purchased credit card relationships, any disallowed credit-enhancing interest-only strips, any disallowed deferred tax assets, and any nonfinancial equity investments.

(ii) For purposes of this limitation, all existing temporary differences should be assumed to fully reverse at the calendar quarter-end date. The recorded amount of deferred tax assets that are dependent upon future taxable income, net of any valuation allowance for deferred tax assets, in excess of this limitation will be deducted from assets and from equity capital for purposes of determining Tier 1 capital under this part. The amount of deferred tax assets that can be realized from taxes paid in prior carryback years and from the reversal of existing taxable temporary differences generally would not be deducted from assets and from equity capital. However, notwithstanding the first three sentences in this paragraph, the amount of carryback potential that may be considered in calculating the amount of deferred tax assets that a member of a consolidated group (for tax purposes) may include in Tier 1 capital may not exceed the amount which the member could reasonably expect to have refunded by its parent.

(3) Projected future taxable income. Projected future taxable income should not include net operating loss carryforwards to be used within one year of the most recent calendar quarter-end date or the amount of existing temporary differences expected to reverse within that year. Projected future taxable income should include the estimated effect of tax planning strategies that are expected to be implemented to realize tax carryforwards that will otherwise expire during that
§ 325.6 Issuance of directives.

(a) General. A directive is a final order issued to a bank that fails to maintain capital at or above the minimum leverage capital requirement as set forth in §§325.3 and 325.4. A directive issued pursuant to this section, including a plan submitted under a directive, is enforceable in the same manner and to the same extent as a final cease-and-desist order issued under 12 U.S.C. 1818(b).

(b) Issuance of directives. If a bank is operating with less than the minimum leverage capital requirement established by this regulation, the Board of Directors, or its designee(s), may issue and serve upon any insured state nonmember bank a directive requiring the bank to restore its capital to the minimum leverage capital requirement within a specified time period. The directive may require the bank to submit to the appropriate FDIC regional director, or other specified official, for review and approval, a plan describing the means and timing by which the bank shall achieve the minimum leverage capital requirement. After the FDIC has approved the plan, the bank may be required under the terms of the directive to adhere to and monitor compliance with the plan. The directive may be issued during the course of an examination of the bank, or at any other time that the FDIC deems appropriate, if the bank is found to be operating with less than the minimum leverage capital requirement.

(c) Notice and opportunity to respond to issuance of a directive. (1) If the FDIC makes an initial determination that a directive should be issued to a bank pursuant to paragraph (b) of this section, the FDIC, through the appropriate designated official(s), shall serve

(iv) Valuation. The FDIC in its discretion may require independent fair value estimates for goodwill and other intangible assets on a case-by-case basis where it is deemed appropriate for safety and soundness purposes.
written notification upon the bank of its intent to issue a directive. The notice shall include the current Tier 1 leverage capital ratio, the basis upon which said ratio was calculated, the proposed capital injection, the proposed date for achieving the minimum leverage capital requirement and any other relevant information concerning the decision to issue a directive. When deemed appropriate, specific requirements of a proposed plan for meeting the minimum leverage capital requirement may be included in the notice.

(2) Within 14 days of receipt of notification, the bank may file with the appropriate designated FDIC official(s) a written response, explaining why the directive should not be issued, seeking modification of its terms, or other appropriate relief. The bank’s response shall include any information, mitigating circumstances, documentation or other relevant evidence which supports its position, and may include a plan for attaining the minimum leverage capital requirement.

(3) After considering the bank’s response, the appropriate designated FDIC official(s) shall serve upon the bank a written determination addressing the bank’s response and setting forth the FDIC’s findings and conclusions in support of any decision to issue or not to issue a directive. The directive may be issued as originally proposed or in modified form. The directive may order the bank to:

(i) Achieve the minimum leverage capital requirement established by this regulation by a certain date;
(ii) Submit for approval and adhere to a plan for achieving the minimum leverage capital requirement;
(iii) Take other action as is necessary to achieve the minimum leverage capital requirement; or
(iv) A combination of the above actions.

If a directive is to be issued, it may be served upon the bank along with the final determination.

(4) Any bank, upon a change in circumstances, may request the FDIC to reconsider the terms of a directive and may propose changes in the plan under which it is operating to meet the minimum leverage capital requirement. The directive and plan continue in effect while such request is pending before the FDIC.

(5) All papers filed with the FDIC must be postmarked or received by the appropriate designated FDIC official(s) within the prescribed time limit for filing.

(6) Failure by the bank to file a written response to notification of intent to issue a directive within the specified time period shall constitute consent to the issuance of such directive.

(d) Enforcement of a directive. (1) Whenever a bank fails to follow the directive or to submit or adhere to its capital adequacy plan, the FDIC may seek enforcement of the directive in the appropriate United States district court, pursuant to 12 U.S.C. 3907(b)(2)(B)(ii), in the same manner and to the same extent as if the directive were a final cease-and-desist order. In addition to enforcement of the directive, the FDIC may seek assessment of civil money penalties for violation of the directive against any bank, any officer, director, employee, agent, or other person participating in the conduct of the affairs of the bank, pursuant to 12 U.S.C. 3909(d).

(2) The directive may be issued separately, in conjunction with, or in addition to, any other enforcement mechanisms available to the FDIC, including cease-and-desist orders, orders of correction, the approval or denial of applications, or any other actions authorized by law. In addition to addressing a bank’s minimum leverage capital requirement, the capital directive may also address minimum risk-based capital requirements that are to be maintained and calculated in accordance with appendix A to this part.

Subpart B—Prompt Corrective Action

SOURCE: 57 FR 44900, Sept. 29, 1992, unless otherwise noted.

§325.101 Authority, purpose, scope, other supervisory authority, and disclosure of capital categories.

(a) Authority. This subpart is issued by the FDIC pursuant to section 38

(b) Purpose. Section 38 of the FDI Act establishes a framework of supervisory actions for insured depository institutions that are not adequately capitalized. The principal purpose of this subpart is to define, for FDIC-insured state-chartered nonmember banks, the capital measures and capital levels, and for insured branches of foreign banks, comparable asset-based measures and levels, that are used for determining the supervisory actions authorized under section 38 of the FDI Act. This subpart also establishes procedures for submission and review of capital restoration plans and for issuance and review of directives and orders pursuant to section 38.

(c) Scope. This subpart implements the provisions of section 38 of the FDI Act as they apply to FDIC-insured state-chartered nonmember banks and insured branches of foreign banks for which the FDIC is the appropriate Federal banking agency. Certain of these provisions also apply to officers, directors and employees of those insured institutions. In addition, certain provisions of this subpart apply to all insured depository institutions that are deemed critically undercapitalized.

(d) Other supervisory authority. Neither section 38 nor this subpart in any way limits the authority of the FDIC under any other provision of law to take supervisory actions to address unsafe or unsound practices, deficient capital levels, violations of law, unsafe or unsound conditions, or other practices. Action under section 38 of the FDI Act and this subpart may be taken independently of, in conjunction with, or in addition to any other enforcement action available to the FDIC, including issuance of cease and desist orders, capital directives, approval or denial of applications or notices, assessment of civil money penalties, or any other actions authorized by law.

(e) Disclosure of capital categories. The assignment of a bank or insured branch under this subpart within a particular capital category is for purposes of implementing and applying the provisions of section 38. Unless permitted by the FDIC or otherwise required by law, no bank may state in any advertisement or promotional material its capital category under this subpart or that the FDIC or any other federal banking agency has assigned the bank to a particular capital category.

§ 325.102 Notice of capital category.

(a) Effective date of determination of capital category. A bank shall be deemed to be within a given capital category for purposes of section 38 of the FDI Act and this subpart as of the date the bank is notified of, or is deemed to have notice of, its capital category, pursuant to paragraph (b) of this section.

(b) Notice of capital category. A bank shall be deemed to have been notified of its capital levels and its capital category as of the most recent date:

(1) A Consolidated Report of Condition and Income (Call Report) is required to be filed with the FDIC;

(2) A final report of examination is delivered to the bank;

(3) Written notice is provided by the FDIC to the bank of its capital category for purposes of section 38 of the FDI Act and this subpart or that the bank’s capital category has changed as provided in § 325.103(d).

(c) Adjustments to reported capital levels and capital category—(1) Notice of adjustment by bank. A bank shall provide the appropriate FDIC regional director with written notice that an adjustment to the bank’s capital category may have occurred no later than 15 calendar days following the date that any material event has occurred that would cause the bank to be placed in a lower capital category from the category assigned to the bank for purposes of section 38 and this subpart on the basis of the bank’s most recent Call Report or report of examination.

(2) Determination by the FDIC to change capital category. After receiving notice pursuant to paragraph (c)(1) of this section, the FDIC shall determine whether to change the capital category of the bank and shall notify the bank of the FDIC’s determination.
§ 325.103 Capital measures and capital category definitions.

(a) Capital measures. For purposes of section 38 and this subpart, the relevant capital measures shall be:

(1) The total risk-based capital ratio;
(2) The Tier 1 risk-based capital ratio; and
(3) The leverage ratio.

(b) Capital categories. For purposes of section 38 and this subpart, a bank shall be deemed to be:

(1) Well capitalized if the bank:
   (i) Has a total risk-based capital ratio of 10.0 percent or greater; and
   (ii) Has a Tier 1 risk-based capital ratio of 6.0 percent or greater; and
   (iii) Has a leverage ratio of 5.0 percent or greater; and
   (iv) Is not subject to any written agreement, order, capital directive, or prompt corrective action directive issued by the FDIC pursuant to section 8 of the FDI Act (12 U.S.C. 1818), the International Lending Supervision Act of 1983 (12 U.S.C. 3907), or section 38 of the FDI Act (12 U.S.C. 1831o), or any regulation thereunder, to meet and maintain a specific capital level for any capital measure.

(2) Adequately capitalized if the bank:
   (i) Has a total risk-based capital ratio of 8.0 percent or greater; and
   (ii) Has a Tier 1 risk-based capital ratio of 6.0 percent or greater; and
   (iii) Has a leverage ratio of 5.0 percent or greater; and

(3) Undercapitalized if the bank:
   (i) Has a total risk-based capital ratio that is less than 8.0 percent; or
   (ii) Has a Tier 1 risk-based capital ratio that is less than 4.0 percent; or
   (iii)(A) Except as provided in paragraph (b)(3)(ii)(B) of this section, has a leverage ratio that is less than 4.0 percent; or

   (B) Has a leverage ratio that is less than 3.0 percent if the bank is rated composite 1 under the CAMELS rating system in the most recent examination of the bank and is not experiencing or anticipating significant growth.

(4) Significantly undercapitalized if the bank has:
   (i) A total risk-based capital ratio that is less than 6.0 percent; or
   (ii) A Tier 1 risk-based capital ratio that is less than 3.0 percent; or
   (iii) A leverage ratio that is less than 3.0 percent.

(5) Critically undercapitalized if the insured depository institution has a ratio of tangible equity to total assets that is equal to or less than 2.0 percent.

(c) Capital categories for insured branches of foreign banks. For purposes of the provisions of section 38 and this subpart, an insured branch of a foreign bank shall be deemed to be:

(1) Well capitalized if the insured branch:
   (i) Maintains the pledge of assets required under §347.209 of this chapter; and
   (ii) Maintains the eligible assets prescribed under §347.210 of this chapter at 108 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities; and
(2) Adequately capitalized if the insured branch:
   (i) Maintains the pledge of assets required under §347.209 of this chapter; and
   (ii) Maintains the eligible assets prescribed under §347.210 of this chapter at 106 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities; and
   (ii) Does not meet the definition of a well capitalized bank.
(3) Undercapitalized if the insured branch:
   (i) Maintains the pledge of assets required under §347.209 of this chapter; and
   (ii) Maintains the eligible assets prescribed under §347.210 of this chapter at 106 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities; and
   (i) Does not meet the definition of a well capitalized insured branch.
(i) Fails to maintain the pledge of assets required under §347.209 of this chapter; or

(ii) Fails to maintain the eligible assets prescribed under §347.210 of this chapter at 106 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities.

(4) Significantly undercapitalized if it fails to maintain the eligible assets prescribed under §347.210 of this chapter at 104 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities.

(5) Critically undercapitalized if it fails to maintain the eligible assets prescribed under §347.210 of this chapter at 102 percent or more of the preceding quarter’s average book value of the insured branch’s third-party liabilities.

(d) Reclassifications based on supervisory criteria other than capital. The FDIC may reclassify a well capitalized bank as adequately capitalized and may require an adequately capitalized bank or an undercapitalized bank to comply with certain mandatory or discretionary supervisory actions as if the bank were in the next lower capital category (except that the FDIC may not reclassify a significantly undercapitalized bank as critically undercapitalized) (each of these actions are hereinafter referred to generally as “reclassifications”) in the following circumstances:

(1) Unsafe or unsound condition. The FDIC has determined, after notice and opportunity for hearing pursuant to §308.202(a) of this chapter, that the bank is in unsafe or unsound condition; or

(2) Unsafe or unsound practice. The FDIC has determined, after notice and opportunity for hearing pursuant to §308.202(a) of this chapter, that, in the most recent examination of the bank, the bank received and has not corrected a less-than-satisfactory rating for any of the categories of asset quality, management, earnings, or liquidity.

§325.104 Capital restoration plans.

(a) Schedule for filing plan—(1) In general. A bank shall file a written capital restoration plan with the appropriate FDIC regional director within 45 days of the date that the bank receives notice or is deemed to have notice that the bank is undercapitalized, significantly undercapitalized, or critically undercapitalized, unless the FDIC notifies the bank in writing that the plan is to be filed within a different period. An adequately capitalized bank that has been required pursuant to §325.103(d) of this subpart to comply with supervisory actions as if the bank were undercapitalized is not required to submit a capital restoration plan solely by virtue of the reclassification.

(2) Additional capital restoration plans. Notwithstanding paragraph (a)(1) of this section, a bank that has already submitted and is operating under a capital restoration plan approved under section 38 and this subpart is not required to submit an additional capital restoration plan based on a revised calculation of its capital measures or a reclassification of the institution under §325.103 unless the FDIC notifies the bank that it must submit a new or revised capital plan. A bank that is notified that it must submit a new or revised capital restoration plan shall file the plan in writing with the appropriate FDIC regional director within 45 days of receiving such notice, unless the FDIC notifies the bank in writing that the plan must be filed within a different period.

(b) Contents of plan. All financial data submitted in connection with a capital restoration plan shall be prepared in accordance with the instructions provided on the Call Report, unless the FDIC instructs otherwise. The capital restoration plan shall include all of the information required to be filed under section 38(e)(2) of the FDI Act. A bank that is required to submit a capital restoration plan as a result of a reclassification of the bank pursuant to §325.103(d) of this subpart shall include a description of the steps the bank will take to correct the unsafe or unsound condition or practice. No plan shall be
accepted unless it includes any performance guarantee described in section 38(e)(2)(C) of the FDI Act by each company that controls the bank.

(c) Review of capital restoration plans. Within 60 days after receiving a capital restoration plan under this subpart, the FDIC shall provide written notice to the bank of whether the plan has been approved. The FDIC may extend the time within which notice regarding approval of a plan shall be provided.

(d) Disapproval of capital plan. If a capital restoration plan is not approved by the FDIC, the bank shall submit a revised capital restoration plan within the time specified by the FDIC. Upon receiving notice that its capital restoration plan has not been approved, any undercapitalized bank (as defined in §325.103(b) of this subpart) shall be subject to all of the provisions of section 38 and this subpart applicable to significantly undercapitalized institutions. These provisions shall be applicable until such time as a new or revised capital restoration plan submitted by the bank has been approved by the FDIC.

(e) Failure to submit capital restoration plan. A bank that is undercapitalized (as defined in §325.103(b) of this subpart) and that fails to submit a written capital restoration plan within the period provided in this section shall, upon the expiration of that period, be subject to all of the provisions of section 38 and this subpart applicable to significantly undercapitalized institutions.

(f) Failure to implement capital restoration plan. Any undercapitalized bank that fails in any material respect to implement a capital restoration plan shall be subject to all of the provisions of section 38 and this subpart applicable to significantly undercapitalized institutions.

(g) Amendment of capital restoration plan. A bank that has filed an approved capital restoration plan may, after prior written notice to and approval by the FDIC, amend the plan to reflect a change in circumstance. Until such time as a proposed amendment has been approved, the bank shall implement the capital restoration plan as approved prior to the proposed amendment.

(h) Performance guarantee by companies that control a bank—(1) Limitation on liability—(i) Amount limitation. The aggregate liability under the guarantee provided under section 38 and this subpart for all companies that control a specific bank that is required to submit a capital restoration plan under this subpart shall be limited to the lesser of:

(A) An amount equal to 5.0 percent of the bank’s total assets at the time the bank was notified or deemed to have notice that the bank was undercapitalized;

(B) The amount necessary to restore the relevant capital measures of the bank to the levels required for the bank to be classified as adequately capitalized, as those capital measures and levels are defined at the time that the bank initially fails to comply with a capital restoration plan under this subpart.

(ii) Limit on duration. The guarantee and limit of liability under section 38 and this subpart shall expire after the FDIC notifies the bank that it has remained adequately capitalized for each of four consecutive calendar quarters. The expiration or fulfillment by a company of a guarantee of a capital restoration plan shall not limit the liability of the company under any guarantee required or provided in connection with any capital restoration plan filed by the same bank after expiration of the first guarantee.

(iii) Collection on guarantee. Each company that controls a given bank shall be jointly and severally liable for the guarantee for such bank as required under section 38 and this subpart, and the FDIC may require and collect payment of the full amount of that guarantee from any or all of the companies issuing the guarantee.

(2) Failure to provide guarantee. In the event that a bank that is controlled by any company submits a capital restoration plan that does not contain the guarantee required under section 38(e)(2) of the FDI Act, the bank shall, upon submission of the plan, be subject to the provisions of section 38 and this subpart that are applicable to banks that have not submitted an acceptable capital restoration plan.
§ 325.105 Mandatory and discretionary supervisory actions under section 38.

(a) Mandatory supervisory actions—

(1) Provisions applicable to all banks. All banks are subject to the restrictions contained in section 38(d) of the FDI Act on payment of capital distributions and management fees.

(2) Provisions applicable to undercapitalized, significantly undercapitalized, and critically undercapitalized banks. Immediately upon receiving notice or being deemed to have notice, as provided in §325.102 of this subpart, that the bank is undercapitalized, significantly undercapitalized, or critically undercapitalized, the bank shall become subject to the provisions of section 38 of the FDI Act:

(i) Restricting payment of capital distributions and management fees (section 38(d));

(ii) Requiring that the FDIC monitor the condition of the bank (section 38(e)(1));

(iii) Requiring submission of a capital restoration plan within the schedule established in this subpart (section 38(e)(2));

(iv) Restricting the growth of the bank's assets (section 38(e)(3)); and

(v) Requiring prior approval of certain expansion proposals (section 38(e)(4)).

(3) Additional provisions applicable to significantly undercapitalized, and critically undercapitalized banks. In addition to the provisions of section 38 of the FDI Act described in paragraph (a)(2) of this section, immediately upon receiving notice or being deemed to have notice, as provided in §325.102 of this subpart, that the bank is significantly undercapitalized, or critically undercapitalized, or that the bank is subject to the provisions applicable to institutions that are significantly undercapitalized because the bank failed to submit or implement in any material respect an acceptable capital restoration plan, the bank shall become subject to the provisions of section 38 of the FDI Act that restrict compensation paid to senior executive officers of the institution (section 38(f)(4)).

(4) Additional provisions applicable to critically undercapitalized institutions. (i) In addition to the provisions of section 38 of the FDI Act described in paragraphs (a)(2) and (a)(3) of this section, immediately upon receiving notice or being deemed to have notice, as provided in §325.102 of this subpart, that the insured depository institution is critically undercapitalized, the institution is prohibited from doing any of the following without the FDIC’s prior written approval:

(A) Entering into any material transaction other than in the usual course of business, including any investment, expansion, acquisition, sale of assets, or other similar action with respect to which the depository institution is required to provide notice to the appropriate Federal banking agency;

(B) Extending credit for any highly leveraged transaction;

(C) Amending the institution’s charter or bylaws, except to the extent necessary to carry out any other requirement of any law, regulation, or order;

(D) Making any material change in accounting methods;

(E) Engaging in any covered transaction (as defined in section 23A(b) of the Federal Reserve Act (12 U.S.C. 371c(b));

(F) Paying excessive compensation or bonuses;

(G) Paying interest on new or renewed liabilities at a rate that would increase the institution’s weighted average cost of funds to a level significantly exceeding the prevailing rates of interest on insured deposits in the institution’s normal market areas; and

(H) Making any principal or interest payment on subordinated debt beginning 60 days after becoming critically undercapitalized except that this restriction shall not apply, until July 15, 1996, with respect to any subordinated debt outstanding on July 15, 1991, and
Federal Deposit Insurance Corporation

not extended or otherwise renegotiated

(ii) In addition, the FDIC may fur-
ther restrict the activities of any criti-
cally undercapitalized institution to
carry out the purposes of section 38 of
the FDI Act.

(5) Exception for certain savings asso-
ciations. The restrictions in paragraph
(a)(4) of this section shall not apply,
before July 1, 1994, to any insured sav-
ings association if:

(i) The savings association had sub-
mitted a plan meeting the require-
ments of section 5(b)(6)(A)(ii) of the
Home Owners’ Loan Act (12 U.S.C.
1464(t)(6)(A)(ii)) prior to December 19,
1991;

(ii) The Director of OTS had accepted
the plan prior to December 19, 1991; and

(iii) The savings association remains
in compliance with the plan or is oper-
ating under a written agreement with
the appropriate federal banking agen-
cy.

(b) Discretionary supervisory actions.
In taking any action under section 38
that is within the FDIC’s discretion to
take in connection with:

(1) An insured depository institution
that is deemed to be undercapitalized,
significantly undercapitalized, or criti-
cally undercapitalized, or has been re-
classified as undercapitalized, or sig-
nificantly undercapitalized; or

(2) An officer or director of such in-
stitution, the FDIC shall follow the
procedures for issuing directives under
§§ 308.201 and 308.203 of this chapter,
unless otherwise provided in section 38 or
this subpart.

APPENDIX A TO PART 325—STATEMENT
OF POLICY ON RISK-BASED CAPITAL

Capital adequacy is one of the critical fac-
tors that the FDIC is required to analyze
when taking action on various types of appli-
cations and when conducting supervisory ac-
tivities related to the safety and soundness
of individual banks and the banking system.
In view of this, the FDIC’s Board of Direc-
tors has adopted part 325 of its regulations,
which sets forth (1) minimum standards of
capital adequacy for insured state non-
member banks and (2) standards for deter-
mining when an insured bank is in an unsafe
or unsound condition by reason of the
amount of its capital.

This capital maintenance regulation was
designed to establish, in conjunction with
other Federal bank regulatory agencies, uni-
form capital standards for all federally-regu-
lated banking organizations, regardless of
size. The uniform capital standards were
based on ratios of capital to total assets.
While those leverage ratios have served as a
useful tool for assessing capital adequacy,
the FDIC believes there is a need for a cap-
ital measure that is more explicitly and sys-
tematically sensitive to the risk profiles of
individual banks. As a result, the FDIC’s
Board of Directors has adopted this State-
ment of Policy on Risk-Based Capital to sup-
plement the part 325 regulation. This state-
ment of policy does not replace or eliminate
the existing part 325 capital-to-total assets
leverage ratios.

The framework set forth in this statement
of policy consists of (1) a definition of capital
for risk-based capital purposes, and (2) a sys-
tem for calculating risk-weighted assets by
assigning assets and off balance sheet items
to broad risk categories. A bank’s risk-based
capital ratio is calculated by dividing its
qualifying total capital base (the numerator
of the ratio) by its risk-weighted assets (the
denominator).1 Table I outlines the defini-
tion of capital and provides a general expla-
nation of how the risk-based capital ratio is
calculated. Table II summarizes the risk
weights and risk categories, and Table III
sets forth the credit conversation factors for
off-balance sheet items. Additional expla-
nations of the capital definitions, the risk-
weighted asset calculations, and the min-
nimum risk-based capital ratio guidelines are
provided in Sections I, II and III of this
statement of policy.

In addition, when certain banks that en-
gage in trading activities calculate their
risk-based capital ratio under this appendix
A, they must also refer to appendix C of this
part, which incorporates capital charges for
certain market risks into the risk-based cap-
ital ratio. When calculating their risk-based
capital ratio under this appendix A, such
banks are required to refer to appendix C of
this part for supplemental rules to determine
qualifying and excess capital, calculate risk-
weighted assets, calculate market risk
equivalent assets and add them to risk-
weighted assets, and calculate risk-based
capital ratios as adjusted for market risk.

This statement of policy applies to all
FDIC-insured state-chartered banks (exclud-
ing insured branches of foreign banks) that are
not members of the Federal Reserve System,
hereafter referred to as state nonmember
banks, regardless of size, and to all cir-
cumstances in which the FDIC is required to

1Period-end amounts, rather than average
balances, normally will be used when calcu-
lating risk-based capital ratios. However, on
a case-by-case basis, ratios based on average
balances may also be required if supervisory
concerns render it appropriate.
evaluate the capital of a banking organization. Therefore, the risk-based capital framework set forth in this statement of policy will be used in the examination and supervisory process as well as in the analysis of applications that the FDIC is required to act upon.

The risk-based capital ratio focuses principally on broad categories of credit risk, however, the ratio does not take account of many other factors that can affect a bank’s financial condition. These factors include overall interest rate risk exposure, liquidity, funding and market risks; the quality and level of earnings; investment, loan portfolio, and other concentrations of credit risk, certain risks arising from nontraditional activities; the quality of loans and investments; the effectiveness of loan and investment policies; and management’s overall ability to monitor and control financial and operating risks, including the risk presented by concentrations of credit and nontraditional activities. In addition to evaluating capital ratios, an overall assessment of capital adequacy must take account of each of these other factors, including, in particular, the level and severity of problem and adversely classified assets as well as a bank’s interest rate risk as measured by the bank’s exposure to declines in the economic value of its capital due to changes in interest rates. For this reason, the final supervisory judgment on a bank’s capital adequacy may differ significantly from the conclusions that might be drawn solely from the absolute level of the bank’s risk-based capital ratio.

In light of these other considerations, banks generally are expected to operate above the minimum risk-based capital ratio. Banks contemplating significant expansion plans, as well as those institutions with high or inordinate levels of risk, should hold capital commensurate with the level and nature of the risks to which they are exposed.

I. DEFINITION OF CAPITAL FOR THE RISK-BASED CAPITAL RATIO

A bank’s qualifying total capital base consists of two types of capital elements: core capital elements (Tier 1) and supplementary capital elements (Tier 2). To qualify as an element of Tier 1 or Tier 2 capital, a capital instrument should not contain or be subject to any conditions, covenants, terms, restrictions, or provisions that are inconsistent with safe and sound banking practices.

A. The Components of Qualifying Capital (see Table I)

1. Core capital elements (Tier 1) consists of:
   i. Common stockholders’ equity capital (includes common stock and related surplus, undivided profits, disclosed capital reserves that represent a segregation of undivided profits, and foreign currency translation adjustments, less net unrealized holding losses on available-for-sale equity securities with readily determinable fair values);
   ii. Noncumulative perpetual preferred stock, as long as any related surplus and purchased credit card relationships eligible for inclusion in core capital pursuant to §325.5(f), minus credit-enhancing interest-only strips that are not eligible for inclusion in core capital pursuant to §325.5(f), minus any disallowed deferred tax assets, and minus any amount of nonfinancial equity investments required to be deducted pursuant to section II.B.(6) of this Appendix.
   iii. Minority interests in the equity capital accounts of consolidated subsidiaries.

(a) At least 50 percent of the qualifying total capital base should consist of Tier 1 capital. Core (Tier 1) capital is defined as the sum of core capital elements minus all intangible assets (other than mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships eligible for inclusion in core capital pursuant to §325.5(f)), minus credit-enhancing interest-only strips that are not eligible for inclusion in core capital pursuant to §325.5(f), minus any disallowed deferred tax assets, and minus any amount of nonfinancial equity investments required to be deducted pursuant to section II.B.(6) of this Appendix.

(b) Although nonvoting common stock, noncumulative perpetual preferred stock, and minority interests in the equity capital accounts of consolidated subsidiaries are normally included in Tier 1 capital, voting common stockholders’ equity generally will be expected to be the dominant form of Tier 1 capital. Thus, banks should avoid undue reliance on nonvoting equity, preferred stock and minority interests.

(c) Although minority interests in consolidated subsidiaries are generally included in regulatory capital, exceptions to this general rule will be made if the minority interests fail to provide meaningful capital support to the consolidated bank. Such a situation could arise if the minority interests are entitled to a preferred claim on essentially low risk assets of the subsidiary. Similarly, although credit-enhancing interest-only strips and intangible assets in the form of mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships are generally recognized for risk-based capital purposes, the deduction of part or all of the credit-enhancing interest-only strips, mortgage servicing assets, nonmortgage servicing assets and purchased credit card

1. Preferred stock issues where the dividend is reset periodically based, in whole or in part, upon the bank’s current credit standing, including but not limited to, auction rate, money market or remarketable preferred stock, are assigned to Tier 2 capital, regardless of whether the dividends are cumulative or noncumulative.

2. An exception is allowed for intangible assets that are explicitly approved by the FDIC as part of the bank’s regulatory capital on a specific case basis. These intangibles will be included in capital for risk-based capital purposes under the terms and conditions that are specifically approved by the FDIC.
Federal Deposit Insurance Corporation

relationships may be required if the carrying amounts of these assets are excessive in relation to their market value or the level of the bank’s capital accounts. Credit-enhancing instruments, such as interest-only strips, mortgage servicing assets, purchased credit card relationships and deferred tax assets that do not meet the conditions, limitations and restrictions described in §325.5(f) and (g) of this part will not be recognized for risk-based capital purposes.

(d) Minority interests in small business investment companies, investment funds that hold nonfinancial equity investments (as defined in section II.B.(b)(ii) of this appendix A), and subsidiaries that are engaged in nonfinancial activities are not included in the bank’s Tier 1 or total capital base if the bank’s interest in the company or fund is held under one of the legal authorities listed in section II.B.(b)(ii) of this appendix A. In addition, minority interests in consolidated asset-backed commercial paper programs (ABCP) that are sponsored by a bank are not to be included in the bank’s Tier 1 or total capital base if the bank excludes the consolidated assets of such programs from risk-weighted assets pursuant to section II.B.6. of this appendix.

2. Supplementary capital elements (Tier 2) consist of:
   i. Allowance for loan and lease losses, up to a maximum of 1.25 percent of risk-weighted assets;
   ii. Cumulative perpetual preferred stock, long-term preferred stock (original maturity of at least 20 years), and any related surplus;  
   iii. Perpetual preferred stock (and any related surplus) where the dividend is reset periodically based, in whole or in part, on the bank’s current credit standing, regardless of whether the dividends are cumulative or noncumulative;
   iv. Hybrid capital instruments, including mandatory convertible debt securities;
   v. Term subordinated debt and intermediate-term preferred stock (original average maturity of five years or more) and any related surplus; and
   vi. Net unrealized holding gains on equity securities (subject to the limitations discussed in paragraph I.A.2.(f) of this section).

The maximum amount of Tier 2 capital that may be recognized for risk-based capital purposes is limited to 100 percent of Tier 1 capital (after any deductions for disallowed intangibles and disallowed deferred tax assets). In addition, the combined amount of term subordinated debt and intermediate-term preferred stock that may be treated as part of Tier 2 capital for risk-based capital purposes is limited to 50 percent of Tier 1 capital. Amounts in excess of these limits may be issued but are not included in the calculation of the risk-based capital ratio.

(a) Allowance for loan and lease losses. Allowances for loan and lease losses are reserves that have been established through a charge against earnings to absorb future losses on loans or lease financing receivables. Allowances for loan and lease losses exclude allocated transfer risk reserves, and reserves created against identified losses.

This risk-based capital framework provides a phasedown during the transition period of the extent to which the allowance for loan and lease losses may be included in an institution’s capital base. By year-end 1990, the allowance for loan and lease losses, as an element of supplementary capital, may constitute no more than 1.5 percent of risk-weighted assets and, by year-end 1992, no more than 1.25 percent of risk-weighted assets.

(b) Preferred stock. Perpetual preferred stock is defined as preferred stock that does not have a maturity date, that cannot be redeemed at the option of the holder, and that has no other provisions that will require future redemption of the issue. Long-term preferred stock includes limited-life preferred stock with an original maturity of 20 years or more, provided that the stock cannot be redeemed at the option of the holder prior to maturity, except with the prior approval of the FDIC.

Cumulative perpetual preferred stock and long-term preferred stock qualify for inclusion in supplementary capital provided that the instruments can absorb losses while the issuer operates as a going concern (a fundamental characteristic of equity capital) and provided the issuer has the option to defer payment of dividends on these instruments. Given these conditions, and the perpetual or long-term nature of the instrument, there is no limit on the amount of these preferred stock instruments that may be included with Tier 2 capital.

Noncumulative perpetual preferred stock where the dividend is reset periodically based, in whole or in part, on the bank’s current credit standing, including auction rate, money market, or remarketable preferred

1 Allocated transfer risk reserves are reserves that have been established in accordance with section 905(a) of the International Lending Supervision Act of 1983 against certain assets whose value has been found by the U.S. supervisory authorities to have been significantly impaired by protracted transfer risk problems.

2 The amount of the allowance for loan and lease losses that may be included as a supplementary capital element is based on a percentage of gross risk-weighted assets. A bank may deduct reserves for loan and lease losses that are in excess of the amount permitted to be included in capital, as well as allocated transfer risk reserves, from gross risk-weighted assets when computing the denominator of the risk-based capital ratio.
Hybrid capital instruments. Hybrid capital instruments include instruments that have certain characteristics of both debt and equity. In order to be included as supplementary capital elements, these instruments should meet the following criteria:

(1) The instrument should be subordinated, unsecured, and have a maturity of at least five years to qualify as supplementary capital and should not be redeemed at the option of the holder prior to maturity, except with the prior approval of the FDIC. For state nonmember banks, a subordinated debt instrument that is exercisable by the issuing bank in less than five years will not be deemed to constitute a maturity of less than five years, provided that the obligation otherwise has a stated contractual maturity of at least five years; the following: This obligation is not a deposit and is not insured by the Federal Deposit Insurance Corporation;

(2) (i) Has a maturity of at least five years; or

(ii) In the case of an obligation or issue that provides for scheduled repayments of principal, has an average maturity of at least five years; provided that the Director of the Division of Supervision and Consumer Protection (DSC) may permit the issuance of an obligation or issue with a shorter maturity or average maturity if the Director has determined that exigent circumstances require the issuance of such obligation or issue; provided further that the provisions of this paragraph I.A.2.(d)(2) shall not apply to mandatory convertible debt obligations or issues;

(3) States expressly that the obligation:

(i) Is subordinated and junior in right of payment to the issuing bank’s obligations to its depositors and to the bank’s other obligations to its general and secured creditors; and

(ii) Is ineligible as collateral for a loan by the issuing bank;

(4) Is unsecured;

(5) States expressly that the issuing bank may not retire any part of its obligation without the prior written consent of the FDIC or other primary federal regulator; and

(6) Includes, if the obligation is issued to a depository institution, a specific waiver of the right of offset by the lending depository institution.

Hybrid capital instruments provided the maturity of these instruments is 12 years or less and the instruments meet the criteria set forth below for “term subordinated debt.”

There is no limit on the amount of hybrid capital instruments that may be included within Tier 2 capital.

Term subordinated debt and intermediate-term preferred stock. The aggregate amount of term subordinated debt (excluding mandatory convertible debt securities) and intermediate-term preferred stock (including any related surplus) that may be treated as Tier 2 capital for risk-based capital purposes is limited to 50 percent of Tier 1 capital. Term subordinated debt and intermediate-term preferred stock should have an original average maturity of at least five years to qualify as supplementary capital and should not be redeemable at the option of the holder prior to maturity, except with the prior approval of the FDIC. For state nonmember banks, a term subordinated debt instrument is an obligation other than a deposit obligation that:

(b) The issuer eliminates cash dividends on its common and preferred stock.

(c) Bears on its face, in boldface type, the following: This obligation is not a deposit and is not insured by the Federal Deposit Insurance Corporation;

(d) (i) Has a maturity of at least five years; or

(ii) In the case of an obligation or issue that provides for scheduled repayments of principal, has an average maturity of at least five years; provided that the Director of the Division of Supervision and Consumer Protection (DSC) may permit the issuance of an obligation or issue with a shorter maturity or average maturity if the Director has determined that exigent circumstances require the issuance of such obligation or issue; provided further that the provisions of this paragraph I.A.2.(d)(2) shall not apply to mandatory convertible debt obligations or issues;

(e) States expressly that the obligation:

(i) Is subordinated and junior in right of payment to the issuing bank’s obligations to its depositors and to the bank’s other obligations to its general and secured creditors; and

(ii) Is ineligible as collateral for a loan by the issuing bank;

(f) Is unsecured;

(g) States expressly that the issuing bank may not retire any part of its obligation without the prior written consent of the FDIC or other primary federal regulator; and

(h) Includes, if the obligation is issued to a depository institution, a specific waiver of the right of offset by the lending depository institution.

Subordinated debt obligations issued prior to December 2, 1987 that satisfied the definition of the term “subordinated note and debenture” that was in effect prior to that date also will be deemed to be term subordinated debt for risk-based capital purposes. An optional redemption (“call”) provision in a subordinated debt instrument that is exercisable by the issuing bank in less than five years will not be deemed to constitute a maturity of less than five years, provided that the obligation otherwise has a stated contractual maturity of at least five years; the call is exercisable solely at the discretion or option of the holder of the obligation, and the call is exercisable only with the express prior written consent of the FDIC under 12 U.S.C. 1828(i)(1) at the time early redemption or retirement is sought, and such consent has not been given in advance at the time of issuance of the obligation. Optional redemption provisions will be accorded similar treatment when determining the perpetual nature and/or maturity of preferred stock and other capital instruments.

Discount of limited-life supplementary capital instruments. As a limited-life capital
Federal Deposit Insurance Corporation

Pt. 325, App. A

instrument approaches maturity, the instrument begins to take on characteristics of a short-term obligation and becomes less like a component of capital. Therefore, for risk-based capital purposes, the outstanding amount of term subordinated debt and limited-life preferred stock eligible for inclusion in capital will be adjusted downward, or discounted, as the instruments approach maturity. Each limited-life capital instrument will be discounted by reducing the outstanding amount of the capital instrument eligible for inclusion as supplementary capital by a fifth of the original amount (less redemptions) each year during the instrument’s last five years before maturity. Such instruments, therefore, will have no capital value when they have a remaining maturity of less than a year.

b. Unrealized gains on equity securities and unrealized gains (losses) on other assets. Up to 45 percent of pretax net unrealized holding gains (that is, the excess, if any, of the fair value over historical cost) on available-for-sale equity securities with readily determinable fair values may be included in supplementary capital. However, the FDIC may exclude all or a portion of these unrealized gains from Tier 2 capital if the FDIC determines that the equity securities are not prudently valued. Unrealized gains (losses) on other types of assets, such as bank premises and available-for-sale debt securities, are not included in supplementary capital, but the FDIC may take these unrealized gains (losses) into account as additional factors when assessing a bank’s overall capital adequacy.

b. Deductions from Capital and Other Adjustments

Certain assets are deducted from a bank’s capital base for the purpose of calculating the numerator of the risk-based capital ratio. These assets include:

(1) All intangible assets other than mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships. In addition to mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships, certain other intangibles may be allowed if explicitly approved by the FDIC as part of the bank’s regulatory capital on a specific case basis. In evaluating whether other types of intangibles should be recognized for regulatory capital purposes on a specific case basis, the FDIC will accord special attention to the general characteristics of the intangibles, including: (1) The separability of the intangible asset and the ability to sell it separate and apart from the bank or the bulk of the bank’s assets, (2) the certainty that a readily identifiable stream of cash flows associated with the intangible asset can hold its value notwithstanding the future prospects of the bank, and (3) the existence of a market of sufficient depth to provide liquidity for the intangible asset.

b. For risk-based capital purposes, these subsidiaries are generally defined as any company that is primarily engaged in banking or finance and in which the bank, either directly or indirectly, owns more than 50 percent of the outstanding voting stock but does not consolidate the company for regulatory capital purposes. In addition to investments in unconsolidated banking and finance subsidiaries, the FDIC may, on a case-by-case basis, deduct investments in associated companies or joint ventures, which are generally defined as any companies in which the bank, either directly or indirectly, owns 20 to 50 percent of the outstanding voting stock. Alternatively, the FDIC may, in certain cases, apply an appropriate risk-weighted capital charge against a bank’s proportionate interest in the assets of associated companies and joint ventures. The definitions for subsidiaries, associated companies and joint ventures are contained in the instructions for the preparation of the Consolidated Reports of Condition and Income.

b. Consolidation requirements for regulatory capital purposes generally follow the consolidation requirements set forth in the instructions for preparation of the Consolidated Reports of Condition and Income. However, although investments in subsidiaries representing majority ownership in another Federally-insured depository institution are not consolidated for purposes of the Consolidated Reports of Condition and Income that are filed by the parent bank, they are generally consolidated for purposes of determining FDIC regulatory capital requirements. Therefore, investments in these depository institution subsidiaries generally will not be deducted for risk-based capital purposes; rather, assets and liabilities of such subsidiaries will be consolidated with those of the parent bank when calculating the risk-based capital ratio. In addition, although securities subsidiaries established pursuant to 12 CFR 337.4 are consolidated for

Continued
include equity and debt capital securities and any other instruments or commitments that are deemed to be capital of the subsidiary. These investments are deducted from the bank’s total (Tier 1 plus Tier 2) capital base.

(3) Investments in securities subsidiaries established pursuant to 12 CFR 337.4. The FDIC may also consider deducting investments in other subsidiaries, either on a case-by-case basis or, as with securities subsidiaries, based on the general characteristics or functional nature of the subsidiaries.

(4) Reciprocal holdings of capital instruments of banks that represent intentional cross-holdings by the banks. These holdings are deducted from the bank’s total capital base.

(5) Deferred tax assets in excess of the limit set forth in §325.5(g). These disallowed deferred tax assets are deducted from the core capital (Tier 1) elements.

On a case-by-case basis, and in conjunction with supervisory examinations, other deductions from capital may also be required, including any adjustments deemed appropriate for assets classified as loss.

II. PROCEDURES FOR COMPUTING RISK-WEIGHTED ASSETS

A. General Procedures

1. Under the risk-based capital framework, a bank’s balance sheet assets and credit equivalent amounts of off-balance sheet items are assigned to one of four broad risk categories according to the obligor or, if relevant, the guarantor or the nature of the collateral. The aggregate dollar amount in each category is then multiplied by the risk weight assigned to that category. The resulting weighted values from each of the four risk categories are added together and this sum is the risk-weighted assets total that, as adjusted, 10 comprises the denominator of the risk-based capital ratio.

2. The risk-weighted amounts for all off-balance sheet items are determined by a two-step process. First, the notional principal, or face value, amount of each off-balance sheet item generally is multiplied by a credit conversion factor to arrive at a balance sheet credit equivalent amount. Second, the credit equivalent amount generally is assigned to the appropriate risk category, like any balance sheet asset, according to the obligor or, if relevant, the guarantor or the nature of the collateral.

3. The Director of the Division of Supervision and Consumer Protection (DSC) may, on a case-by-case basis, determine the appropriate risk weight for any asset or credit equivalent amount that does not fit wholly within one of the risk categories set forth in this Appendix A or that imposes risks on a bank that are not commensurate with the risk weight otherwise specified in this Appendix A for the asset or credit equivalent amount. In addition, the Director of the Division of Supervision and Consumer Protection (DSC) may, on a case-by-case basis, determine the appropriate credit conversion factor for any off-balance sheet item that does not fit wholly within one of the credit conversion factors set forth in this Appendix A or that imposes risks on a bank that are not commensurate with the credit conversion factor otherwise specified in this Appendix A for the off-balance sheet item. In making such a determination, the Director of the Division of Supervision and Consumer Protection (DSC) will consider the similarity of the asset or off-balance sheet item to assets or off-balance sheet items explicitly treated in sections II.B and II.C of this appendix A, as well as other relevant factors.

B. Other Considerations

1. Indirect Holdings of Assets. Some of the assets on a bank’s balance sheet may represent an indirect holding of a pool of assets; for example, mutual funds. An investment in shares of a mutual fund whose portfolio consists solely of various securities or money market instruments that, if held separately, would be assigned to different risk categories, generally is assigned to the risk category appropriate to the highest risk-weighted asset that the fund is permitted to hold in accordance with the stated investment objectives set forth in its prospectus. The bank may, at its option, assign the investment on a pro rata basis to different risk categories according to the investment limits in the fund’s prospectus, but in no case will indirect holdings through shares in any mutual fund be assigned to a risk weight less than 20 percent. If the bank chooses to assign its investment on a pro rata basis, and the sum of the investment limits in the fund’s prospectus exceeds 100 percent, the bank must assign risk weights in descending order. If, in order to maintain a necessary degree of short-term liquidity, a fund is permitted to hold an insignificant amount of its assets in short-term, highly liquid securities of superior credit quality that do not qualify for a preferential risk weight, such securities will generally be disregarded in determining the risk category to which the bank’s holdings in the overall fund should be assigned. The

10 Any asset deducted from a bank’s capital accounts when computing the numerator of the risk-based capital ratio will also be excluded from risk-weighted assets when calculating the denominator for the ratio.
prudent use of hedging instruments by a mutual fund to reduce the risk of its assets will not increase the risk weighting of the mutual fund investment. For example, the use of hedging instruments by a mutual fund to reduce the interest rate risk of its government bond portfolio will not increase the risk weight of that fund above the 20 percent category. Nonetheless, if the fund engages in any activities that appear speculative in nature or has any other characteristics that are inconsistent with the preferential risk weighting assigned to the fund’s assets, holdings in the fund will be assigned to the 100 percent risk category.

2. Collateral. In determining risk weights of various assets, the only forms of collateral that are formally recognized by the risk-based capital framework are cash on deposit in the lending bank; securities issued or guaranteed by the central governments of the OECD-based group of countries, U.S. Government agencies, or U.S. Government-sponsored agencies; and securities issued or guaranteed by multilateral lending institutions or regional development banks. Claims fully secured by such collateral are assigned to the 20 percent risk category. The extent to which these securities are recognized as collateral for risk-based capital purposes is determined by their current market value. If a claim is partially secured, the portion of the claim that is not covered by the collateral is assigned to the risk category appropriate to the obligor or, if relevant, the guarantor.

3. Guarantees. Guarantees of the OECD and non-OECD central governments, U.S. Government agencies, U.S. Government-sponsored agencies, state and local governments of the OECD-based group of countries, multilateral lending institutions and regional development banks, U.S. depository institutions, foreign banks, and qualifying OECD-based securities firms are also recognized. If a claim is partially guaranteed, the portion of the claim that is not fully covered by the guarantee is assigned to the risk category appropriate to the obligor or, if relevant, the collateral.

4. Maturity. Maturity is generally not a factor in assigning items to risk categories with the exceptions of claims on non-OECD banks, commitments, and interest rate and foreign exchange rate related contracts. Except for commitments, short-term is defined as one year or less remaining maturity and long-term is defined as over one year remaining maturity. In the case of commitments, short-term is defined as one year or less original maturity and long-term is defined as over one year original maturity. The value of a credit derivative is dependent, at least in part, on the credit performance of the “reference asset.”

a. Definitions—(1) Credit derivative means a contract that allows one party (the “protection purchaser”) to transfer the credit risk of an asset or off-balance sheet credit exposure to another party (the “protection provider”). The value of a credit derivative is dependent, at least in part, on the credit performance of the “reference asset.”

(2) Credit-enhancing interest only strip is defined in §325.2(g).

(3) Credit-enhancing representations and warranties means representations and warranties that are made or assumed in connection with a transfer of assets (including loan servicing assets) and that obligate the bank to protect investors from losses arising from credit risk in the assets transferred or the loans serviced. Credit-enhancing representations and warranties include promises to protect a party from losses resulting from the default or nonperformance of another party or from an insufficiency in the value of the collateral. Credit-enhancing representations and warranties do not include:

(i) Early default clauses and similar warranties that permit the return of, or premium refund clauses covering, 1-4 family residential first mortgage loans that qualify through year-end 1992, remaining rather than original maturity may be used for determining term to maturity for commitments.
for a 50 percent risk weight for a period not to exceed 120 days from the date of transfer. These warranties may cover only those loans that were originated within 1 year of the date of transfer;

(ii) Premium refund clauses that cover assets guaranteed, in whole or in part, by the U.S. Government, a U.S. Government agency or a government-sponsored enterprise, provided the premium refund clauses are for a period not to exceed 120 days from the date of transfer; or

(iii) Warranties that permit the return of assets in instances of misrepresentation, fraud or incomplete documentation.

(4) Direct credit substitute means an arrangement in which a bank assumes, in form or in substance, credit risk associated with an on- or off-balance sheet credit exposure that was not previously owned by the bank (third-party asset) and the risk assumed by the bank exceeds the pro rata share of the bank’s interest in the third-party asset. If the bank has no claim on the third-party asset, then the bank’s assumption of any credit risk with respect to the third party asset is a direct credit substitute. Direct credit substitutes include, but are not limited to:

(i) Financial standby letters of credit, which includes any letter of credit or similar arrangement, however named or described, that support financial claims on a third party asset or exposure; and

(ii) Guarantee arrangements, credit derivatives, and similar instruments backing financial claims;

(iii) Purchased subordinated interests or securities that absorb more than their pro rata share of credit losses from the underlying assets;

(iv) Credit derivative contracts under which the bank assumes more than its pro rata share of credit risk on a third party asset or exposure;

(v) Loans or lines of credit that provide credit enhancement for the financial obligations of an account party;

(vi) Purchased loan servicing assets if the servicer:

(A) Is responsible for credit losses with the loans being serviced;

(B) Is responsible for making servicer cash advances (unless the advances are not direct credit substitutes because they meet the conditions specified in section II.B.5(a)(9) of this Appendix A), or

(C) Makes or assumes credit-enhancing representations and warranties with respect to the loans serviced;

(vii) Clean-up calls on third party assets. Clean-up calls are exercisable at the option of the bank (as servicer or as an affiliate of the servicer) when the pool balance is 10 percent or less of the original pool balance are not direct credit substitutes; and

(viii) Liquidity facilities that provide liquidity support to ABCP (other than eligible ABCP liquidity facilities).

(5) Eligible ABCP liquidity facility means a liquidity facility supporting ABCP, in form or in substance, that is subject to an asset quality test at the time of draw that precludes funding against assets that are 90 days or more past due or in default. In addition, if the assets that an eligible ABCP liquidity facility is required to fund against are externally rated assets or exposures at the inception of the facility, the facility can be used to fund only those assets or exposures that are externally rated investment grade at the time of funding. Notwithstanding the eligibility requirements set forth in the two preceding sentences, a liquidity facility will be considered an eligible ABCP liquidity facility if the assets that are funded under the liquidity facility and which do not meet the eligibility requirements are guaranteed, either conditionally or unconditionally, by the U.S. government or its agencies, or by the central government of an OECD country.

(6) Externally rated means that an instrument or obligation has received a credit rating from a nationally recognized statistical rating organization.

(7) Face amount means the notional principal, or face value, amount of an off-balance sheet item; the amortized cost of an asset not held for trading purposes; and the fair value of a trading asset.

(8) Financial asset means cash or other monetary instrument, evidence of debt, evidence of an ownership interest in an entity, or a contract that conveys a right to receive or exchange cash or another financial instrument from another party.

(9) Financial standby letter of credit means a letter of credit or similar arrangement that represents an irrevocable obligation to a third-party beneficiary:

(i) To receive money borrowed by, or advanced to, or for the account of, a second party (the account party), or

(ii) To make payment on behalf of the account party, in the event that the account party fails to fulfill its obligation to the beneficiary.

(10) Liquidity facility means a legally binding commitment to provide liquidity support to ABCP by lending to, or purchasing assets from, any structure, program, or conduit in the event that funds are required to repay maturing ABCP.

(11) Mortgage servicer cash advance means funds that a residential mortgage servicer advances to ensure an uninterrupted flow of payments, including advances made to cover foreclosure costs or other expenses to facilitate the timely collection of the loan. A mortgage servicer cash advance is not a recourse obligation or a direct credit substitute if.
Federal Deposit Insurance Corporation

(i) The mortgage servicer is entitled to full reimbursement and this right is not subordinated to other claims on the cash flows from the underlying asset pool; or

(ii) For any one loan, the servicer’s obligation to make nonreimbursable advances is contractually limited to an insignificant amount of the outstanding principal of that loan.

(12) Nationally recognized statistical rating organization (NRSRO) means an entity recognized by the Division of Market Regulation of the Securities and Exchange Commission (or any successor Division) (Commission) as a nationally recognized statistical rating organization for various purposes, including the Commission’s uniform net capital requirements for brokers and dealers (17 CFR 240.15c3-1).

(13) Recourse means an arrangement in which a bank retains, in form or in substance, of any credit risk directly or indirectly associated with an asset it has sold (in accordance with generally accepted accounting principles) that exceeds a pro rata share of the bank’s claim on the asset. If a bank has no claim on an asset it has sold, then the retention of any credit risk is recourse. A recourse obligation typically arises when an institution transfers assets in a sale and retains an obligation to repurchase the assets or absorb losses due to a default of principal or interest or any other deficiency in the performance of the underlying obligor or some other party. Recourse may exist implicitly where a bank provides credit enhancement beyond any contractual obligation to support assets it has sold. The following are examples of recourse arrangements:

(i) Credit-enhancing representations and warranties made on the transferred assets;

(ii) Loan servicing assets retained pursuant to an agreement under which the bank:

(A) Is responsible for losses associated with the loans being serviced, or

(B) Is responsible for making mortgage servicer cash advances (unless the advances are not a recourse obligation because they meet the conditions specified in section II.B.5(a)(11) of this Appendix A).

(iii) Retained subordinated interests that absorb more than their pro rata share of losses from the underlying assets;

(iv) Assets sold under an agreement to repurchase, if the assets are not already included on the balance sheet;

(v) Loan strips sold without contractual recourse where the maturity of the transferred portion of the loan is shorter than the maturity of the commitment under which the loan is drawn;

(vi) Credit derivative contracts under which the bank retains more than its pro rata share of credit risk on transferred assets;

(vii) Clean-up calls at inception that are greater than 10 percent of the balance of the original pool of transferred loans. Clean-up calls that are 10 percent or less of the original pool balance that are exercisable at the option of the bank are not recourse arrangements; and

(viii.) Liquidity facilities that provide liquidity support to ABCP (other than eligible ABCP liquidity facilities).

(14) Residual interest means any on-balance sheet asset that represents an interest (including a beneficial interest) created by a transfer that qualifies as a sale (in accordance with generally accepted accounting principles (GAAP)) of financial assets, whether through a securitization or otherwise, and that exposes a bank to credit risk directly or indirectly associated with the transferred assets that exceeds a pro rata share of the bank’s claim on the assets, whether through subordination provisions or other credit enhancement techniques. Residual interests generally include credit-enhancing I/Os, spread accounts, cash collateral accounts, retained subordinated interests, other forms of over-collateralization, and similar assets that function as a credit enhancement. Residual interests further include those exposures that, in substance, cause the bank to retain the credit risk of an asset or exposure that had qualified as a residual interest before it was sold. Residual interests generally do not include interests purchased from a third party, except that purchased credit-enhancing I/Os are residual interests for purposes of the risk-based capital treatment in this appendix.

(15) Risk participation means a participation in which the originating party remains liable to the beneficiary for the full amount of an obligation (e.g., a direct credit substitute) notwithstanding that another party has acquired a participation in that obligation.

(16) Securitization means the pooling and repackaging by a special purpose entity of assets or other credit exposures into securities that can be sold to investors. Securitization includes transactions that create stratified credit risk positions whose performance is dependent upon an underlying pool of credit exposures, including loans and commitments.

(17) Sponsor means a bank that establishes an ABCP program; approves the sellers permitted to participate in the program; approves the asset pools to be purchased by the program; or administers the ABCP program by monitoring the assets, arranging for debt placement, compiling monthly reports, or ensuring compliance with the program documents and with the program’s credit and investment policy.

(18) Structured finance program means a program where receivable interests and asset-
credit substitute, Thus, a bank that extends a partial direct multiplied by a 100% conversion factor. indirectly retains or assumes credit risk enhanced assets for which the bank directly or substitute is the full amount of the credit-equivalent amount or direct credit substitution, where there is a reasonable expectation that, in the near future, the rating will be relied upon by unaffiliated investors to purchase the position; or an unaffiliated third party to enter into a transaction involving the position, such as a purchase, loan, or repurchase agreement.

(b) Credit equivalent amounts and risk weights of recourse obligations and direct credit substitutes—(1) General rule for determining the credit-equivalent amount. Except as otherwise provided, the credit-equivalent amount for a recourse obligation or direct credit substitute is the full amount of the credit-enhanced assets for which the bank directly or indirectly retains or assumes credit risk multiplied by a 100% conversion factor. Thus, a bank that extends a partial direct credit substitute, e.g., a financial standby letter of credit that absorbs the first 10 percent of loss on a transaction, must maintain capital against the full amount of the assets being supported.

(2) Risk-weight factor. To determine the bank’s risk-weighted assets for an off-balance sheet recourse obligation or a direct credit substitute, the credit equivalent amount is assigned to the risk category appropriate to the obligor in the underlying transaction, after considering any associated guarantees or collateral. For a direct credit substitute that is an on-balance sheet asset, e.g., a purchased subordinated security, a bank must calculate risk-weighted assets using the amount of the direct credit substitute and the full amount of the assets it supports, i.e., all the more senior positions in the structure. The treatment covered in this paragraph (b) is subject to the low-level exposure rule provided in section II.B.3(h)(1) of this appendix A.

(c) Credit equivalent amount and risk weight of participations in, and syndications of, direct credit substitutes. Subject to the low-level exposure rule provided in section II.B.3(h)(1) of this appendix A, the credit equivalent amount for a participation interest in, or syndication of, a direct credit substitute (excluding purchased credit-enhancing interest-only strips) is calculated and risk weighted as follows:

(1) Treatment for direct credit substitutes for which a bank has conveyed a risk participation. In the case of a direct credit substitute in which a bank has conveyed a risk participation, the full amount of the assets that are supported by the direct credit substitute is converted to a credit equivalent amount using a 100% conversion factor. However, the pro rata share of the credit equivalent amount that has been conveyed through a risk participation is then assigned to whichever risk-weight category is lower: the risk-weight category appropriate to the obligor in the underlying transaction, after considering any associated guarantees or collateral, or the risk-weight category appropriate to the party acquiring the participation. The pro rata share of the credit equivalent amount that has not been participated out is assigned to the risk-weight category appropriate to the obligor, guarantor, or collateral. For example, the pro rata share of the full amount of the assets supported, in whole or in part, by a direct credit substitute conveyed as a risk participation to a U.S. domestic depository institution or an OECD bank is assigned to the 20 percent risk category. 13

(2) Treatment for direct credit substitutes in which the bank has acquired a risk participation. In the case of a direct credit substitute in which the bank has acquired a risk participation, the acquiring bank’s pro rata share of the direct credit substitute is multiplied by the full amount of the assets that are supported by the direct credit substitute and converted using a 100% credit conversion factor. The resulting credit equivalent amount is then assigned to the risk-weight category appropriate to the obligor in the underlying transaction, after considering any associated guarantees or collateral.

3 A risk participation with a remaining maturity of one year or less that is conveyed to a non-OECD bank is also assigned to the 20 percent risk category.
is investment grade, the bank may multiply the face amount of the position by the appropriate risk weight, determined in accordance with Table A or B of this appendix A, as appropriate.\textsuperscript{14} If a traded position receives more than one external rating, the lowest rating will apply.

\textbf{(2) Non-traded positions.} A recourse obligation, direct credit substitute, residual interest (but not a credit-enhancing interest-only strip) or mortgage- or asset-backed security extended in connection with a securitization that is not a “traded position” may be assigned a risk weight in accordance with section II.B.5(d)(1) of this appendix A if:

(i) It has been externally rated by more than one NRSRO;

(ii) It has received an external rating on a long-term position that is one category below investment grade or better or a short-term position that is investment grade by all NRSROs providing a rating;

(iii) The ratings are publicly available; and

(iv) The ratings are based on the same criteria used to rate traded positions. If the ratings are different, the lowest rating will determine the risk category to which the recourse obligation, direct credit substitute, residual interest, or mortgage- or asset-backed security will be assigned.

\textbf{(e) Senior positions not externally rated.} For a recourse obligation, direct credit substitute, residual interest or mortgage- or asset-backed security that is not externally rated but is senior in all features to a traded position (including collateralization and maturity), a bank may apply a risk weight to the face amount of the senior position in accordance with section II.B.5(d)(1) of this appendix A, based upon the risk weight of the traded position, subject to any current or prospective supervisory guidance and the bank satisfying the FDIC that this treatment is appropriate. This section will apply only if the traded position provides substantial credit support for the entire life of the unrated position.

\textbf{(1) Residual interests—Concentration limit on credit-enhancing interest-only strips.} In addition to the capital requirement provided by section II.B.5(f)(2) of this appendix A, a bank must deduct from Tier 1 capital the face amount of all credit-enhancing interest-only strips in excess of 25 percent of Tier 1 capital in accordance with §325.5(f)(3).

\textbf{(2) Credit-enhancing interest-only strip capital requirement.} After applying the concentration limit to credit-enhancing interest-only strips in accordance with §325.5(f)(3), a bank must maintain risk-based capital for a credit-enhancing interest-only strip, equal to the remaining face amount of the credit-enhancing interest-only strip (net of the remaining proportional amount of any existing associated deferred tax liability recorded on the balance sheet), even if the amount of risk-based capital required to be maintained exceeds the full risk-based capital requirement for the assets transferred. Transactions that, in substance, result in the retention of credit risk associated with a transferred credit-enhancing interest-only strip will be treated as if the credit-enhancing interest-only strip was retained by the bank and not transferred.

\textbf{(3) Other residual interests capital requirement.} Except as otherwise provided in section II.B.5(d) or (e) of this appendix A, a bank must maintain risk-based capital for a residual interest (excluding a credit-enhancing interest-only strip) equal to the face amount of the residual interest (net of any existing associated deferred tax liability recorded on principal-only strips, must be assigned to the 100% risk category.

\textsuperscript{14} Stripped mortgage-backed securities and similar instruments, such as interest-only strips that are not credit-enhancing and.

Transactions that, in substance, result in the retention of credit risk associated with a transferred residual interest will be treated as if the residual interest was retained by the bank and not transferred.

(A) Residual interests and other recourse obligations. Where the aggregate capital requirement for residual interests (including credit-enhancing interest-only strips) and recourse obligations arising from the same transfer of assets exceed the full risk-based capital requirement for assets transferred, a bank must maintain risk-based capital equal to the greater of the risk-based capital requirement for the assets transferred, a bank obligation (but not a residual interest) in a securitization or structured finance program that is not rated by an NRSRO may be risk-weighted based on the bank’s determination of the credit rating of the position, as specified in Table C of this appendix A, multiplied by the face amount of the position. In order to qualify for pro-treatment, the bank’s system for determining the credit rating of the position must meet one of the three alternative standards set out in section II.B.5(g)(1) through (3) of this appendix A.

(1) Internal risk rating used for asset-backed programs. A bank extends a direct credit substitute (but not a purchased credit-enhancing interest-only strip) to an asset-backed commercial paper program sponsored by the bank and the bank is able to demonstrate to the satisfaction of the FDIC, prior to relying upon its use, that the bank’s internal credit risk rating system is adequate. Adequate internal credit risk rating systems usually contain the following criteria:15

(i) The internal credit risk rating system is an integral part of the bank’s risk management system that explicitly incorporates the full range of risks arising from a bank’s participation in securitization activities;

(ii) Internal credit ratings are linked to measurable outcomes, such as the probability that the position will experience any loss, the position’s expected loss given default, and the degree of variance in losses given default on that position;

(iii) The internal credit risk rating system must separately consider the risk associated with the underlying loans or borrowers, and the risk associated with the structure of a particular securitization transaction;

(iv) The internal credit risk rating system identifies gradations of risk among “pass” assets and other risk positions;

(v) The internal credit risk rating system must have clear, explicit criteria (including for subjective factors), that are used to classify assets into each internal risk grade;

(vi) The bank must have independent credit risk management or loan review personnel assigning or reviewing the credit risk ratings;

(vii) An internal audit procedure should periodically verify that internal risk ratings are assigned in accordance with the bank’s established criteria;

(viii) The bank must monitor the performance of the internal credit risk ratings assigned to nonrated, nontraded direct credit substitutes over time to determine the appropriateness of the initial credit risk rating assignment and adjust individual credit risk ratings, or the overall internal credit risk ratings system, as needed; and

(ix) The internal credit risk rating system must make credit risk rating assumptions that are consistent with, or more conservative than, the credit risk rating assumptions and methodologies of NRSROs.

(2) Program Ratings. A bank extends a direct credit substitute or retains a recourse obligation (but not a residual interest) in connection with a structured finance program and an NRSRO has reviewed the terms of the program and stated a rating for positions associated with the program. If the program has options for different combinations of assets, standards, internal credit enhancements and other relevant factors, and the NRSRO specifies ranges of rating categories to them, the bank may apply the rating category applicable to the option that corresponds to the bank’s position. In order to rely on a program rating, the bank must demonstrate to the FDIC’s satisfaction that

15 The adequacy of a bank’s use of its internal credit risk rating system must be demonstrated to the FDIC considering the criteria listed in this section and the size and complexity of the credit exposures assumed by the bank.
the credit risk rating assigned to the program meets the same standards generally used by NRSROs for rating traded positions. The bank must also demonstrate to the FDIC’s satisfaction that the criteria underlying the NRSRO’s assignment of ratings for the program are satisfied for the particular position issued by the bank. If a bank participates in a security or a participation certificate sponsored by another party, the FDIC may authorize the bank to use this approach based on a program rating obtained by the sponsor of the program.

(3) Computer Program. A bank is using an acceptable credit assessment computer program that has been developed by an NRSRO to determine the rating of a direct credit substitute or recourse obligation (but not a residual interest) extended in connection with a structured finance program. In order to rely on the rating determined by the computer program, the bank must demonstrate to the FDIC’s satisfaction that ratings under the program correspond credibly and reliably with the ratings of traded positions. The bank must also demonstrate to the FDIC’s satisfaction the reliability of the program in assessing credit risk, the applicability of the program to the bank’s position, and the proper implementation of the program.

(h) Limitations on risk-based capital requirements—(1) Low-level exposure rule. If the maximum exposure to loss retained or assumed by a bank in connection with a recourse obligation, a direct credit substitute, or a residual interest is less than the effective risk-based capital requirement for the credit-enhanced assets, the risk-based capital required under this appendix A is limited to the bank’s maximum contractual exposure, less any recourse liability account established in accordance with generally accepted accounting principles, and for which the bank establishes and maintains a non-capital reserve under generally accepted accounting principles, and for which the bank establishes and maintains a non-capital reserve under generally accepted accounting principles sufficient to meet the reasonable estimated liability of the bank under the recourse arrangement; a qualified bank may elect to include only the face amount of its recourse in its risk-weighted assets for purposes of calculating the bank’s risk-based capital ratio.

(2) Mortgage-related securities or participation certificates retained in a mortgage loan swap. If a bank holds a mortgage-related security or a participation certificate as a result of a mortgage loan swap with recourse, capital is required to support the recourse obligation plus the percentage of the mortgage-related security or participation certificate that is not covered by the recourse obligation. The total amount of capital required for the on-balance sheet asset and the recourse obligation, however, is limited to the capital requirement for the underlying loans, calculated as if the bank continued to hold these loans as an on-balance sheet asset.

(3) Related on-balance sheet assets. If a recourse obligation or direct credit substitute also appears as a balance sheet asset, the asset is risk-weighted only under this section II.B.5 of this appendix A, except in the case of loan servicing assets and similar arrangements with embedded recourse obligations or direct credit substitutes. In that case, the on-balance sheet servicing assets and the related recourse obligations or direct credit substitutes must both be separately risk weighted and incorporated into the risk-based capital calculation.

(i) Alternative Capital Calculation for Small Business Obligations—(1) Definitions. For purposes of this section II.B.5(i):

(A) Qualified bank means a bank that:

(1) Is well capitalized as defined in §325.103(b)(1) without applying the capital treatment described in this section II.B.5(i), or

(B) Is adequately capitalized as defined in §325.103(b)(2) without applying the capital treatment described in this section II.B.5(i) and has received written permission by order of the FDIC to apply the capital treatment described in this section II.B.5(i).

(ii) Small business means a business that meets the criteria for a small business concern established by the Small Business Administration in 13 CFR part 121 pursuant to 15 U.S.C. 632.

(2) Capital and reserve requirements. Notwithstanding the risk-based capital treatment outlined in any other paragraph (other than paragraph (i) of this section II.B.5), with respect to a transfer with recourse of a small business loan or a lease to a small business of personal property that is a sale under generally accepted accounting principles, and for which the bank establishes and maintains a non-capital reserve under generally accepted accounting principles sufficient to meet the reasonable estimated liability of the bank under the recourse arrangement; a qualified bank may elect to include only the face amount of its recourse in its risk-weighted assets for purposes of calculating the bank’s risk-based capital ratio.

(3) Limit on aggregate amount of recourse. The total outstanding amount of recourse retained by a qualified bank with respect to transfers of small business loans and leases to small businesses of personal property and included in the risk-weighted assets of the bank as described in section II.B.5(i)(2) of this appendix A may not exceed 15 percent of the bank’s total risk-based capital, unless the FDIC specifies a greater amount by order.

(iv) Bank that ceases to be qualified or that exceeds aggregate limit. If a bank ceases to be a qualified bank or exceeds the aggregate limit in section II.B.5(i)(3) of this appendix A, the bank may continue to apply the capital treatment described in section II.B.5(i)(2) of this appendix A to transfers of small business loans and leases to small businesses of personal property that occurred when the
bank was qualified and did not exceed the limit.

(5) Prompt correction action not affected. (i) A bank shall compute its capital without regard to this section II.B.5(i) for purposes of prompt corrective action (12 U.S.C. 1831o) unless the bank is a well capitalized bank (without applying the capital treatment described in this section II.B.5(i)) and, after applying the capital treatment described in this section II.B.5(i), the bank would be well capitalized.

(ii) A bank shall compute its capital without regard to this section II.B.5(i) for purposes of 12 U.S.C. 1831o(g) regardless of the bank's capital level.

(6) Nonfinancial equity investments. (i) General. A bank must deduct from its Tier 1 capital the sum of the appropriate percentage (as determined below) of the adjusted carrying value of all nonfinancial equity investments held by the bank or by its direct or indirect subsidiaries. For purposes of this section II.B.6, investments held by a bank include all investments held directly or indirectly by the bank or any of its subsidiaries.

(ii) Scope of nonfinancial equity investments. A nonfinancial equity investment means any equity investment held by the bank in a non-financial company: through a small business investment company (SBIC) under section 302(b) of the Small Business Investment Act of 1958 in a SBIC that is not consolidated with the bank; through investment in accordance with section 24(f) of the Small Business Investment Company Act (12 U.S.C. 1843(k)); or under section 302(b) of the Small Business Investment Act of 1958 in a SBIC that is not consolidated with the bank; through a mutual holding company; or by the Board of Directors of the FDIC, acting directly, may, in exceptional cases and after a review of the proposed activity, permit a lower capital deduction for investments approved by the Board of Directors under section 24 of the FDIC Act so long as the bank's investments under section 24 and SBIC investments represent, in the aggregate, less than 15 percent of the bank's Tier 1 capital. The FDIC reserves the authority to impose higher capital charges on any investment where appropriate.

1 For purposes of calculating the adjusted carrying value of nonfinancial equity investments as a percentage of Tier 1 capital, Tier 1 capital is defined as the sum of core capital elements net of goodwill and net of all identifiable intangible assets other than mortgage servicing assets and purchased credit card relationships, any disallowed credit-enhancing interest-only strips (both purchased and retained), any disallowed deferred tax assets, and any nonfinancial equity investments.

(B) These deductions are applied on a marginal basis to the portions of the adjusted carrying value of nonfinancial equity investments that fall within the specified ranges of the parent bank's Tier 1 capital. For example, if the adjusted carrying value of all nonfinancial equity investments held by a bank equals 20 percent of the Tier 1 capital of the bank, then the amount of the deduction would be 8 percent of the adjusted carrying value of all investments up to 15 percent of the bank's Tier 1 capital, and 12 percent of the adjusted carrying value of all investments in excess of 15 percent of the bank's Tier 1 capital.

(C) The total adjusted carrying value of any nonfinancial equity investment that is subject to deduction under this paragraph is excluded from the bank's risk-weighted assets for purposes of computing the denominator of the bank's risk-based capital ratio.
and from total assets for purposes of calculating the denominator of the leverage ratio.\footnote{18}

(D) This Appendix establishes minimum risk-based capital ratios and banks are at all times expected to maintain capital commensurate with the level and nature of the risks to which they are exposed. The risk to a bank from nonfinancial equity investments increases with its concentration in such investments and strong capital levels above the minimum requirements are particularly important when a bank has a high degree of concentration in nonfinancial equity investments (e.g., in excess of 50 percent of Tier 1 capital). The FDIC intends to monitor banks and apply heightened supervision to equity investment activities as appropriate, including where the bank has a high degree of concentration in nonfinancial equity investments, to ensure that each bank maintains capital levels that are appropriate in light of its equity investment activities. The FDIC also reserves authority to impose a higher capital charge in any case where the circumstances, such as the level of risk of the particular investment or portfolio of investments, the risk management systems of the bank, or other information, indicate that a higher minimum capital requirement is appropriate.

(iv) SBIC investments. (A) No deduction is required for nonfinancial equity investments that are held by a bank through one or more SBICs that are consolidated with the bank or in one or more SBICs that are not consolidated with the bank to the extent that all such investments, in the aggregate, do not exceed 15 percent of the bank’s Tier 1 capital. Any nonfinancial equity investment that is held through an SBIC or in an SBIC and that is not required to be deducted from Tier 1 capital under this section II.B.(6) will be assigned a 100 percent risk-weight and included in the bank’s consolidated risk-weighted assets.\footnote{19}

\footnote{18} For example, if 8 percent of the adjusted carrying value of a nonfinancial equity investment is deducted from Tier 1 capital, the entire adjusted carrying value of the investment will be excluded from both risk-weighted assets and total assets in calculating the respective denominators for the risk-based capital and leverage ratios.

\footnote{19} If a bank has an investment in a SBIC that is consolidated for accounting purposes but that is not wholly owned by the bank, the adjusted carrying value of the bank’s nonfinancial equity investments through the SBIC is equal to the bank’s proportionate share of the adjusted carrying value of the SBIC’s investments in nonfinancial companies. The remainder of the SBIC’s adjusted carrying value (i.e., the minority interest holders’ proportionate share) is excluded from the risk-weighted assets of the bank. If a bank has an investment in a SBIC that is not consolidated for accounting purposes and has current information that identifies the percentage of the SBIC’s assets that are equity investments in nonfinancial companies, the bank may reduce the adjusted carrying value of its investment in the SBIC proportionately to reflect the percentage of the adjusted carrying value of the SBIC’s assets that are not equity investments in nonfinancial companies. If a bank reduces the adjusted carrying value of its investment in a non-consolidated SBIC to reflect financial investments of the SBIC, the amount of the adjustment will be risk weighted at 100 percent and included in the bank’s risk-weighted assets.

\footnote{20} A “binding written commitment” means a legally binding written agreement that requires the bank to acquire shares or other equity of the company, or make a capital contribution to the company, under terms and conditions set forth in the agreement. Options, warrants, and other agreements that give a bank the right to acquire equity or make an investment, but do not require the bank to take such actions, are not considered a binding written commitment for purposes of this section II.B.(6)(v).
investment date. \(^{21}\) For purposes of this section II.B.(6)(v) a nonfinancial equity investment made prior to March 13, 2000, includes any shares or other interests received by the bank through a stock split or stock dividend on an investment made prior to March 13, 2000, provided the bank provides no consideration for the shares or interests received and the transaction does not materially increase the bank’s proportional interest in the company. The exercise on or after March 13, 2000, of options or warrants acquired prior to March 13, 2000, is not considered to be an investment made prior to March 13, 2000, if the bank provides any consideration for the shares or interests received upon exercise of the options or warrants. Any nonfinancial equity investment (or portion thereof) that is not required to be deducted from Tier 1 capital under this section II.B.(6)(v) must be included in determining the total amount of nonfinancial equity investments held by the bank in relation to its Tier 1 capital for purposes of the table in section II.B.(6)(i)(A). In addition, any nonfinancial equity investment (or portion thereof) that is not required to be deducted from Tier 1 capital under this section II.B.(6)(v) will be assigned a 100-percent risk weight and included in the bank’s consolidated risk-weighted assets.

(vi) Adjusted carrying value. (A) For purposes of this section II.B.(6), the “adjusted carrying value” of investments is the aggregate value at which the investments are carried on the balance sheet of the bank reduced by any unrealized gains on those investments that are reflected in such carrying value but excluded from the bank’s Tier 1 capital and associated deferred tax liabilities. For example, for equity investments held as available-for-sale (AFS), the adjusted carrying value of the investments would be the aggregate carrying value of those investments (as reflected on the consolidated balance sheet of the bank) less any unrealized gains on those investments that are included in other comprehensive income and not reflected in Tier 1 capital, and associated deferred tax liabilities. \(^{22}\)

(B) As discussed above with respect to consolidated SBICs, some equity investments may be in companies that are consolidated for accounting purposes. For investments in a nonfinancial company that is consolidated for accounting purposes under generally accepted accounting principles, the bank’s adjusted carrying value of the investment is determined under the equity method of accounting (net of any intangibles associated with the investment that are deducted from the bank’s core capital in accordance with section I.A.(1) of this appendix A). Even though the assets of the nonfinancial company are consolidated for accounting purposes, these assets (as well as the credit equivalent amounts of the company’s off-balance sheet items) should be excluded from the bank’s risk-weighted assets for regulatory capital purposes.

(vii) Equity investments. For purposes of this section II.B.(6), an equity investment means any equity instrument (including common stock, preferred stock, partnership interests, interests in limited liability companies, trust certificates and warrants and call options that give the holder the right to purchase an equity instrument), any equity feature of a debt instrument (such as a warrant or call option), and any debt instrument that is convertible into equity where the instrument or feature is held under one of the legal authorities listed in section II.B.(6)(ii) of this appendix A. An investment in any other instrument (including subordinated debt) may be treated as an equity investment if, in the judgment of the FDIC, the instrument is the functional equivalent of equity or exposes the bank to essentially the same risks as an equity instrument.

6. Asset-backed commercial paper programs. a. An asset-backed commercial paper (ABCP) program means a program that primarily issues externally rated commercial paper backed by assets or other exposures held in a bankruptcy-remote, special purpose entity.

b. A bank that qualifies as a primary beneficiary and must consolidate an ABCP’s program that is defined as a variable interest

\(^{21}\) For example, if a bank made an equity investment in 100 shares of a nonfinancial company prior to March 13, 2000, the adjusted carrying value of that investment would not be subject to a deduction under this section II.B.(6). However, if the bank made any additional equity investment in the company after March 13, 2000, such as by purchasing additional shares of the company (including through the exercise of options or warrants acquired before or after March 13, 2000) or by making a capital contribution to the company and such investment was not made pursuant to a binding written commitment entered into before March 13, 2000, the adjusted carrying value of the additional investment would be subject to a deduction under this section II.B.(6).

\(^{22}\) Unrealized gains on available-for-sale equity investments may be included in Tier 2 capital to the extent permitted under section I.A.(2)(f) of this appendix A. In addition, the net unrealized losses on available-for-sale equity investments are deducted from Tier 1 capital in accordance with section I.A.(1) of this appendix A.
Federal Deposit Insurance Corporation

entity under GAAP may exclude the consolidated ABCP program assets from risk-weighted assets provided that the bank is the sponsor of the ABCP program. If a bank excludes such consolidated ABCP program assets, the bank must assess the appropriate risk-based capital charge against any exposures of the bank arising in connection with such ABCP programs, including direct credit substitutes, recourse obligations, residual interests, liquidity facilities, and loans, in accordance with sections II.B.5., II.C. and II.D. of this appendix.

c. If a bank has multiple overlapping exposures (such as a program-wide credit enhancement and multiple pool-specific liquidity facilities) to an ABCP program that is not consolidated for risk-based capital purposes, the bank is not required to hold capital under duplicative risk-based capital requirements under this appendix against the overlapping position. Instead, the bank should apply to the overlapping position the applicable risk-based capital treatment that results in the highest capital charge.

C. Risk Weights for Balance Sheet Assets (see Table II)

The risk-based capital framework contains four risk weight categories—0 percent, 20 percent, 50 percent and 100 percent. In general, if a particular item can be placed in more than one risk category, it is assigned to the category that has the lowest risk weight. An explanation of the components of each category follows:

Category 1—Zero Percent Risk Weight. This category includes cash (domestic and foreign) owned and held in all offices of the bank or in transit; balances due from Federal Reserve Banks and central banks in other OECD countries; the portions of local currency claims on or unconditionally guaranteed by non-OECD central governments to the extent that the bank has liabilities booked in that currency; and gold bullion held in the bank’s own vaults or in another bank’s vaults on an allocated basis, to the extent it is offset by gold bullion liabilities.

b. The zero percent risk category also includes direct claims (including securities, loans, and leases) on, and the portions of claims that are unconditionally guaranteed by OECD central governments and U.S. Government agencies. Federal Reserve Bank stock also is included in this category.

c. This category also includes claims guaranteed by, qualifying securities firms incorporated in the United States or other members of the OECD-based group of countries that are collateralized by deposit in the lending bank or by securities issued or guaranteed by the United States or OECD central governments (including U.S. government agencies), provided that a positive margin of collateral is required to be maintained on such a claim on a daily basis, taking into account any change in a bank’s exposure to the obligor or counterparty under the claim in relation to the market value of the collateral held in support of the claim.

Category 2—20 Percent Risk Weight. This category includes short-term claims (including demand deposits) on, and portions of short-term claims that are guaranteed.

20 A central government is defined to include departments and ministries, including the central bank, of the central government. The U.S. central bank includes the 12 Federal Reserve Banks. The definition of central government does not include state, provincial or local governments or commercial enterprises owned by the central government. In addition, it does not include local government entities or commercial enterprises whose obligations are guaranteed by the central government. OECD central governments are defined as central governments of the OECD-based group of countries. Non-OECD central governments are defined as central governments of countries that do not belong to the OECD-based group of countries.

21 For risk-based capital purposes U.S. Government agency is defined as an instrumentality of the U.S. Government whose debt obligations are fully and explicitly guaranteed as to the timely payment of principal and interest by the full faith and credit of the U.S. Government. These agencies include the Government National Mortgage Association (GNMA), the Veterans Administration (VA), the Federal Housing Administration (FHA), the Export-Import Bank (Exim Bank), the Overseas Private Investment Corporation (OPIC), the Commodity Credit Corporation (CCC), and the Small Business Administration (SBA). U.S. Government agencies generally do not directly issue securities to the public; however, a number of U.S. Government agencies, such as GNMA, guarantee securities that are publicly held.

22 Claims guaranteed by U.S. depository institutions and foreign banks include risk participations in both bankers acceptances

Continued
U.S. depository institutions and foreign banks; portions of claims collateralized by cash held in a segregated deposit account of the lending bank; cash items in process of collection, both foreign and domestic; and long-term claims on, and portions of long-term claims guaranteed by, U.S. depository institutions and OECD banks. This category also includes a claim on, or guaranteed by, qualifying securities firms incorporated in the United States or other member of the OECD-based group of countries.

and standby letters of credit, as well as participations in commitments, that are conveyed to other U.S. depository institutions or foreign banks.

Foreign banks are distinguished as either OECD banks or non-OECD banks. OECD banks include banks and their branches (foreign and domestic) organized under the laws of countries (other than the U.S.) that belong to the OECD-based group of countries. Non-OECD banks include banks and their branches (foreign and domestic) organized under the laws of countries that do not belong to the OECD-based group of countries. For risk-based capital purposes, a bank is defined as an institution that engages in the business of banking; is recognized as a bank by the bank supervisory or monetary authorities of the country of its organization or principal banking operations; receives deposits to a substantial extent in the regular course of business; and has the power to accept demand deposits.

Long-term claims on, or guaranteed by, non-OECD banks and all claims on bank holding companies are assigned to the 100 percent risk weight category, as are holdings of bank-issued securities that qualify as capital of the issuing banks for risk-based capital purposes.

Claims on a qualifying securities firm that are instruments the firm, or its parent company, uses to satisfy its applicable capital requirements are not eligible for this risk weight.

With regard to securities firms incorporated in the United States, qualifying securities firms are those securities firms that are broker-dealers registered with the Securities and Exchange Commission (SEC) and are in compliance with the SEC’s net capital rule, 17 CFR 240.15c-1. With regard to securities firms incorporated in any other country in the OECD-based group of countries, qualifying securities firms are those securities firms that a bank is able to demonstrate are subject to consolidated supervision and regulation (covering their direct and indirect subsidiaries, but not necessarily their parent organizations) comparable to that imposed on banks in OECD countries. Such regulation must include risk-based capital requirements comparable to those applied to banks under the Accord on International Convergence of Capital Measurement and Capital Standards (1988, as amended in 1996) (Basel Accord). Claims on a qualifying securities firm that are instruments the firm, or its parent company, uses to satisfy its applicable capital requirements are not eligible for this risk weight and are generally assigned to at least a 100 percent risk weight. In addition, certain claims on qualifying securities firms are eligible for a zero percent risk weight if the claims are collateralized by cash on deposit in the lending bank or by securities issued or guaranteed by the United States or OECD central governments (including U.S. government agencies), provided that a positive margin of collateral is required to be maintained on such a claim on a daily basis, taking into account any change in a bank’s exposure to the obligor or counterparty under the claim in relation to the market value of the collateral held in support of the claim.

(4) Is subject to a daily margin maintenance requirement under the standardized documentation; and

(5) Can be liquidated, terminated, or accelerated immediately in bankruptcy or similar proceeding, and the security or collateral agreement will not be stayed or avoided, under applicable law of the relevant jurisdiction.

b. This category also includes claims on, or portions of claims guaranteed by, U.S. Government-sponsored agencies, and portions of claims guaranteed by OECD central governments, U.S. Government agencies, or U.S. Government-sponsored agencies. Also included in the 20 percent risk category are portions of claims that are conditionally guaranteed by OECD central governments and U.S. Government agencies, as well as portions of local currency claims that are conditionally guaranteed by non-OECD central governments to the extent that the bank has liabilities booked in that currency.

c. General obligation claims on, or portions of claims guaranteed by, the full faith and credit of states or other political subdivisions of the United States or other countries of the OECD-based group are also assigned to this 20 percent risk category. In addition, this category includes claims on the International Bank for Reconstruction and Development (World Bank), International Finance Corporation (IFC), the Asian Development Bank, the African Development Bank, the European Investment Bank, the European Bank for Reconstruction and Development, the Nordic Investment Bank, and other multilateral lending institutions or regional development institutions in which the U.S. Government is a shareholder or contributing member, as well as portions of claims guaranteed by such organizations or collateralized by their securities.

d. This category also includes recourse obligations, direct credit substitutes, residual interests (other than a credit-enhancing interest-only strip) and asset- or mortgage-backed securities rated in the highest or second highest investment grade category, e.g., AAA, AA, in the case of long-term ratings, or the highest rating category, e.g., A-1, P-1, in the case of short-term ratings.

a. Category 3—50 Percent Risk Weight. This category includes loans fully secured by first liens on one-to-four family residential properties, provided that such loans have been approved in accordance with prudent underwriting standards, including standards relating to the loan amount as a percent of the appraised value of the property, and provided that the loans are not past due 90 days or more or carried in nonaccrual status.

Claims on, or guaranteed by, states or other political subdivisions of countries that do not belong to the OECD-based group of countries are to be placed in the 100 percent risk weight category.

If a bank holds the first and junior lien(s) on a residential property and no other party holds an intervening lien, the transactions are treated as a single loan secured by a first lien for purposes of determining the loan-to-value ratio and assigning a risk weight.

For risk-based capital purposes, the loan-to-value ratio generally is based upon the most current appraised value of the property. The appraisal should be performed in a manner consistent with the Federal banking agencies' real estate appraisal guidelines and with the bank's own appraisal guidelines.

This category would also include a first-lien residential mortgage loan on a one-to-four family property that was appropriately

Continued
The types of loans that qualify as loans secured by one-to-four family residential properties are listed in the instructions for preparation of the Consolidated Reports of Condition and Income. These properties may be either owner-occupied or rented. In addition, for risk-based capital purposes, loans secured by one-to-four family residential properties include loans to builders with substantial project equity for the construction of one-to-four family residences that have been presold under firm contracts to purchasers who have obtained firm commitments for permanent qualifying mortgage loans and have made substantial earnest money deposits. Such loans to builders will be considered prudently underwritten only if the bank has obtained sufficient documentation that the buyer of the home intends to purchase the home (i.e., has a legally binding written sales contract) and has the ability to obtain a mortgage loan sufficient to purchase the home (i.e., has a firm written commitment for permanent financing of the home upon completion), provided the following criteria are met:

By order of the Board of Directors.

(1) The purchaser is an individual(s) who intends to occupy the residence and is not a partnership, joint venture, trust, corporation, or any other entity (including an entity acting as a sole proprietorship) that is purchasing one or more of the homes for speculative purposes;

(2) The builder must incur at least the first ten percent of the direct costs (i.e., actual costs of the land, labor, and material) before any drawdown is made under the construction loan and the construction loan may not exceed 80 percent of the sales price of the presold home;

(3) The purchaser has made a substantial “earnest money deposit” of no less than three percent of the sales price of the home and the deposit must be subject to forfeiture if the purchaser terminates the sales contract; and

(4) The earnest money deposit must be held in escrow by the bank financing the builder or by an independent party in a fiduciary capacity and the escrow agreement must provide that, in the event of default arising from the cancellation of the sales contract by the buyer, the escrow funds must first be used to defray any costs incurred by the bank.

b. This category also includes loans fully secured by first liens on multifamily residential properties, provided that:

(1) The loan amount does not exceed 80 percent of the value of the property securing the loan as determined by the most current appraisal or evaluation, whichever may be appropriate (75 percent if the interest rate on the loan changes over the term of the loan);

(2) For the property’s most recent fiscal year, the ratio of annual net operating income generated by the property (before payment of any debt service on the loan) to annual debt service on the loan is not less than 120 percent (115 percent if the interest rate on the loan changes over the term of the loan) or, in the case of a property owned by a cooperative housing corporation or non-profit organization, the property generates sufficient cash flow to provide comparable protection to the bank;

(3) Amortization of principal and interest on the loan occurs over a period of not more than 30 years;

(4) The minimum original maturity for repayment of principal on the loan is not less than seven years;

(5) All principal and interest payments have been made on a timely basis in accordance with the terms of the loan for at least one year before the loan is placed in this category.

40 The types of loans that qualify as loans secured by multifamily residential properties are listed in the instructions for preparation of the Consolidated Reports of Condition and Income. In addition, from the standpoint of the selling bank, when a multifamily residential property loan is sold subject to a pro rata loss sharing arrangement which provides for the purchaser of the loan to share in any loss incurred on the loan on a pro rata basis with the selling bank, that portion of the loan is not subject to the risk-based capital standards. In connection with sales of multifamily residential property loans in which the purchaser of the loan shares in any loss incurred on the loan with the selling bank on other than a pro rata basis, the selling bank must treat these other loss sharing arrangements in accordance with section II.B.5 of this appendix A.

41 At the origination of a loan to purchase an existing property, the term “value” means the lesser of the actual acquisition cost or the estimate of value set forth in an appraisal or evaluation, whichever may be appropriate.

42 In the case where the existing owner of a multifamily residential property refinances...

(6) The loan is not 90 days or more past due or carried in nonaccrual status; and

(7) The loan has been made in accordance with prudent underwriting standards.

c. This category also includes revenue (non-general obligation) bonds or similar obligations, including loans and leases, that are obligations of states or political subdivisions of the United States or other OECD countries, but for which the government entity is committed to repay the debt with revenues from the specific projects financed, rather than from general tax funds (e.g., municipal revenue bonds). In addition, the credit equivalent amount of derivative contracts that do not qualify for a lower risk weight are assigned to this 100 percent risk category.

d. This category also includes recourse obligations, direct credit substitutes, residual interests (other than a credit-enhancing interest-only strip) and asset- or mortgage-backed securities rated in the third highest investment grade category, e.g., A, in the case of long-term ratings, or the second highest rating category, e.g., A-2, P-2, in the case of short-term ratings.

Category 4—100 Percent Risk Weight. (a) All assets not included in the categories above in section II.C of this appendix A, except the assets specifically included in the 200 percent category below in section II.C of this appendix A and assets that are otherwise risk weighted in accordance with section II.B.5 of this appendix A, are assigned to this category, which comprises standard risk assets.

The bulk of the assets typically found in a loan portfolio would be assigned to the 100 percent category.

(b) This category includes:

(1) Long-term claims on, and the portions of long-term claims that are guaranteed by, non-OECD banks, and all claims on non-OECD central governments that entail some degree of transfer risk; 43

(2) All claims on foreign and domestic private-sector obligors not included in the categories above in section II.C of this appendix A (including loans to nondepository financial institutions and bank holding companies); 1

(3) Claims on commercial firms owned by the public sector;

(4) Customer liabilities to the bank on acceptances outstanding involving standard risk claims; 44

(5) Investments in fixed assets, premises, and other real estate owned;

(6) Common and preferred stock of corporations, including stock acquired for debts previously contracted;

(7) Commercial and consumer loans (except those assigned to lower risk categories due to recognized guarantees or collateral and loans secured by residential property that qualify for a lower risk weight);

(8) Recourse obligations, direct credit substitutes, residual interests (other than a credit-enhancing interest-only strip) and asset- or mortgage-backed securities rated in the lowest investment grade category, e.g., BBB, as well as certain positions (but not residual interests) which the bank rates pursuant to section section II.B.5(g) of this appendix A;

(9) Industrial-development bonds and similar obligations issued under the auspices of states or political subdivisions of the OECD-based group of countries for the benefit of a private party or enterprise where that party or enterprise, not the government entity, is obligated to pay the principal and interest;

(10) All obligations of states or political subdivisions of countries that do not belong to the OECD-based group; and

(11) Stripped mortgage-backed securities and similar instruments, such as interest-only strips that are not credit-enhancing and principal-only strips.

(12) Claims representing capital of a qualifying securities firm.

c. The following assets also are assigned a risk weight of 100 percent if they have not already been deducted from capital: investment in unconsolidated companies, joint ventures, or associated companies; instruments that qualify as capital issued by other banks; deferred tax assets; and mortgage servicing assets, nonmortgage servicing assets, and purchased credit card relationships.

Category 5—200 Percent Risk Weight. This category includes:

(a) Externally rated recourse obligations, direct credit substitutes, residual interests (other than a credit-enhancing interest-only

43Such assets include all non-local currency claims on, and the portions of claims that are guaranteed by, non-OECD central governments and those portions of local currency claims on, or guaranteed by, non-OECD central governments that exceed the local currency liabilities held by the bank.

44Customer liabilities on acceptances outstanding involving nonstandard risk claims, such as claims on U.S. depository institutions, are assigned to the risk category appropriate to the identity of the obligor or, if relevant, the nature of the collateral or guarantees backing the claims. Portions of acceptances conveyed as risk participations to U.S. depository institutions or foreign banks are assigned to the 20 percent risk category appropriate to short-term claims guaranteed by U.S. depository institutions and foreign banks.
D. Conversion Factors for Off-Balance Sheet Items (see Table III)

The face amount of an off-balance sheet item is generally incorporated into the risk-weighted assets in two steps. The face amount is first multiplied by a credit conversion factor, except as otherwise specified in section II.B.5 of this appendix A for direct credit substitutes and recourse obligations. The resultant credit equivalent amount is assigned to the appropriate risk category according to the obligor or, if relevant, the guarantor, the nature of any collateral, or external credit ratings.

1. Items With a 100 Percent Conversion Factor. (a) Except as otherwise provided in section II.B.5 of this appendix A, the full amount of an asset or transaction supported, in whole or in part, by a direct credit substitute or a recourse obligation. Direct credit substitutes and recourse obligations are defined in section II.B.5 of this appendix A.

(b) Sale and repurchase agreements, if not already included on the balance sheet, and forward agreements. Forward agreements are legally binding contractual obligations to purchase assets with drawdown which is certain at a specified future date. Such obligations include forward purchases, forward forward deposits placed, and partly-paid shares and securities; they do not include commitments to make residential mortgage loans or forward foreign exchange contracts.

(c) Securities lent by a bank are treated in one of two ways, depending upon whether the lender is exposed to risk of loss. If a bank, as agent for a customer, lends the customer's securities and does not indemnify the customer against loss, then the securities transaction is excluded from the risk-based capital calculation. On the other hand, if a bank lends its own securities or, acting as agent for a customer, lends the customer's securities and indemnifies the customer against loss, the transaction is converted at 100 percent and assigned to the risk weight category appropriate to the obligor or, if applicable, to the collateral delivered to the lending bank or the independent custodian acting on the lending bank's behalf.

2. Items With a 50 Percent Conversion Factor. a. Transaction-related contingencies are to be converted at 50 percent. Such contingencies include bid bonds, performance bonds, warranties, and performance standby letters of credit related to particular transactions, as well as acquisitions of risk participations in performance standby letters of credits. Performance standby letters of credit (performance bonds) are irrevocable obligations of the bank to pay a third-party beneficiary when a customer (account party) fails to perform on some contractual non-financial obligation. Thus, performance standby letters of credit represent obligations backing the performance of non-financial or commercial contracts or undertakings. To the extent permitted by law or regulation, performance standby letters of credit include arrangements backing, among other things, subcontractors' and suppliers' performance, labor and materials contracts, and construction bids.

b. The unused portion of commitments with an original maturity exceeding one year, including underwriting commitments and commercial and consumer credit commitments, also are to be converted at 50 percent. Original maturity is defined as the length of time between the date the commitment is issued and the earliest date on which: (1) The bank can at its option, unconditionally (without cause) cancel the commitment, and (2) the bank is scheduled to (and as a normal practice actually does) review the facility to determine whether or not it should be extended and, on at least an annual basis, continues to regularly review the facility. Facilities that are unconditionally cancelable (without cause) at any time by the bank are not deemed to be commitments, provided the bank makes a separate credit decision before each drawing under the facility.

\footnote{The sufficiency of collateral and guarantees for off-balance-sheet items is determined by the market value of the collateral or the amount of the guarantee in relation to the face amount of the item, except for derivative contracts, for which this determination is generally made in relation to the credit equivalent amount. Collateral and guarantees are subject to the same provisions noted under section II.B of this appendix A.}

\footnote{In the case of home equity or mortgage lines of credit secured by liens on one-to-four family residential properties, a bank is deemed able to unconditionally cancel the commitment if, at its option, it can prohibit additional extensions of credit, reduce the credit line, and terminate the commitment to the full extent permitted by relevant Federal law.}
Federal Deposit Insurance Corporation

Pt. 325, App. A

c.i. Commitments are defined as any legally binding arrangements that obligate a bank to extend credit in the form of loans or lease financing receivables; to purchase loans or lease financing receivables; to participate in loans and leases. Commitments also include overdraft facilities, revolving credit, home equity and mortgage lines of credit, ABCP liquidity facilities, and similar transactions. Normally, commitments involve a written contract or agreement and a commitment fee, or some other form of consideration. Commitments are included in weighted-risk assets regardless of whether they contain material adverse change clauses or other provisions that are intended to relieve the issuer of its funding obligation under certain conditions. In the case of commitments structured as syndications, where the bank is obligated solely for its pro rata share, only the bank’s proportional share of the syndicated commitment is taken into account in calculating the risk-based capital ratio.

ii. Banks that are subject to the market risk rules in appendix C to part 325 are required to convert the notional amount of eligible ABCP liquidity facilities, in form or in substance, with an original maturity of over one year that are carried in the trading account at 50 percent to determine the appropriate credit equivalent amount even though those facilities are structured or characterized as derivatives or other trading book assets. Liquidity facilities that support ABCP, in form or in substance, (including those positions to which the market risk rules may not be applied as set forth in section 2(a) of appendix C of this part) that are not eligible ABCP liquidity facilities are to be considered recourse obligations or direct credit substitutes, and assessed the appropriate risk-based capital treatment in accordance with section II.B.5. of this appendix.

iii. in the case of commitments structured as syndications where the bank is obligated only for its pro rata share, the risk-based capital framework includes only the bank’s proportional share of such commitments. Thus, after a commitment has been converted at 50 percent, portions of commitments that have been conveyed to other U.S. depository institutions or OECD banks, but for which the originating bank retains the full obligation to the borrower if the participating bank fails to pay when the commitment is drawn upon, will be assigned to the 20 percent risk category. The acquisition of such a participation in a commitment would be converted at 50 percent and the credit equivalent amount would be assigned to the risk category that is appropriate for the account party obligor or, if relevant, to the nature of the collateral or guarantees.

e. Revolving underwriting facilities (RUFs), note issuance facilities (NIFs), and other similar arrangements also are converted at 50 percent. These are facilities under which a borrower can issue on a revolving basis short-term notes in its own name, but for which the underwriting banks have a legally binding obligation to purchase any notes the borrower is unable to sell by the rollover date or to advance funds to the borrower.

3. Items With a 20 Percent Conversion Factor. Short-term, self-liquidating, trade-related contingencies which arise from the movement of goods are converted at 20 percent. Such contingencies include commercial letters of credit and other documentary letters of credit collateralized by the underlying shipments.

4. Items With a 10 Percent Conversion Factor. a. Unused portions of eligible ABCP liquidity facilities with an original maturity of one year or less that provide liquidity support to ABCP also are converted at 10 percent.

b. Banks that are subject to the market risk rules in appendix C to part 325 are required to convert the notional amount of eligible ABCP liquidity facilities, in form or in substance, with an original maturity of one year or less that are carried in the trading account at 10 percent to determine the appropriate credit equivalent amount even though those facilities are structured or characterized as derivatives or other trading book assets. Liquidity facilities that provide liquidity support to ABCP, in form or in substance, (including those positions to which the market risk rules may not be applied as set forth in section 2(a) of appendix C of this part) that are not eligible ABCP liquidity facilities are to be considered recourse obligations or direct credit substitutes, and assessed the appropriate risk-based capital requirement in accordance with section II.B.5. of this appendix.

5. Items With a Zero Percent Conversion Factor. These include unused portions of commitments, with the exception of eligible ABCP liquidity facilities, with an original maturity of one year or less, or which are unconditionally cancelable at any time, provided a separate credit decision is made before each drawing under the facility. Unused portions of retail credit card lines and related plans are deemed to be short-term commitments if the bank, in accordance with applicable law, has the unconditional option to cancel the credit line at any time.

E. Derivative Contracts (Interest Rate, Exchange Rate, Commodity (including precious metal) and Equity Derivative Contracts)

1. Credit equivalent amounts are computed for each of the following off-balance-sheet derivative contracts:

   a. Interest Rate Contracts
      (i) Single currency interest rate swaps.
      (ii) Basis swaps.
      (iii) Forward rate agreements.
      (iv) Interest rate options purchased (including caps, collars, and floors purchased).
(v) Any other instrument linked to interest rates that gives rise to similar credit risks (including when-issued securities and forward deposits accepted).
(b) Exchange Rate Contracts
(i) Cross-currency interest rate swaps.
(ii) Forward foreign exchange contracts.
(iii) Currency options purchased.
(iv) Any other instrument linked to exchange rates that gives rise to similar credit risks.
(c) Commodity (including precious metal) or Equity Derivative Contracts
(i) Commodity- or equity-linked swaps.
(ii) Commodity- or equity-linked options purchased.
(iii) Forward commodity- or equity-linked contracts.
(iv) Any other instrument linked to commodities or equities that gives rise to similar credit risks.

2. Exchange rate contracts with an original maturity of 14 calendar days or less and derivative contracts traded on exchanges that require daily receipt and payment of cash variation margin may be excluded from the risk-based ratio calculation. Gold contracts are accorded the same treatment as exchange rate contracts except gold contracts with an original maturity of 14 calendar days or less are included in the risk-based calculation. Over-the-counter options purchased are included and treated in the same way as other derivative contracts.

3. Credit Equivalent Amounts for Derivative Contracts. (a) The credit equivalent amount of a derivative contract that is not subject to a qualifying bilateral netting contract in accordance with section II.E.5. of this appendix A is equal to the sum of:
(i) The current exposure (which is equal to the mark-to-market value, if positive, and is sometimes referred to as the replacement cost) of the contract; and
(ii) An estimate of the potential future credit exposure.

(b) The current exposure is determined by the mark-to-market value of the contract. If the mark-to-market value is positive, then the current exposure is equal to that mark-to-market value. If the mark-to-market value is zero or negative, then the current exposure is zero.

(c) The potential future credit exposure of a contract, including a contract with a negative mark-to-market value, is estimated by multiplying the notional principal amount of the contract by a credit conversion factor. Banks should, subject to examiner review, use the effective rather than the apparent or stated notional amount in this calculation. The credit conversion factors are:

(d) For contracts that are structured to settle outstanding exposure on specified dates and where the terms are reset such that the market value of the contract is zero on these specified dates, the remaining maturity is equal to the time until the next reset date. For interest rate contracts with remaining maturities of more than one year and that meet these criteria, the conversion factor is subject to a minimum value of 0.5 percent.

(e) For contracts with multiple exchanges of principal, the conversion factors are to be multiplied by the number of remaining payments in the contract. Derivative contracts not explicitly covered by any of the columns of the conversion factor matrix are to be treated as "other commodities."

(f) No potential future credit exposure is calculated for single currency interest rate swaps in which payments are made based upon two floating rate indices (so called floating-floating or basis swaps); the credit exposure on these contracts is evaluated solely on the basis of their mark-to-market values.

4. Risk Weights and Avoidance of Double Counting. (a) Once the credit equivalent amount for a derivative contract, or a group of derivative contracts subject to a qualifying bilateral netting agreement, has been determined, that amount is assigned to the risk category appropriate to the counterparty, or, if relevant, the guarantor or the nature of any collateral. However, the maximum weight that will be applied to the credit equivalent amount of such contracts is 50 percent.

(b) In certain cases, credit exposures arising from the derivative contracts covered by

---

**Mark-to-market values are measured in dollars, regardless of the currency or currencies specified in the contract and should reflect changes in both underlying rates, prices and indices, and counterparty credit quality.**
these guidelines may already be reflected, in part, on the balance sheet. To avoid double counting such exposures in the assessment of capital adequacy and, perhaps, assigning inappropriate risk weights, counterparty credit exposures arising from the types of instruments covered by these guidelines may need to be excluded from balance sheet assets in calculating a bank’s risk-based capital ratio.

(c) The FDIC notes that the conversion factors set forth in section II.E.3. of appendix A, which are based on observed volatilities of the particular types of instruments, are subject to review and modification in light of changing volatilities or market conditions.

(d) Examples of the calculation of credit equivalent amounts for these types of contracts are contained in Table IV of this appendix A.

5. Netting. (a) For purposes of this appendix A, netting refers to the offsetting of positive and negative mark-to-market values when determining a current exposure to be used in the calculation of a credit equivalent amount. Any legally enforceable form of bilateral netting (that is, netting with a single counterparty) of derivative contracts is recognized for purposes of calculating the credit equivalent amount provided that:

(i) The netting is accomplished under a written netting contract that creates a single legal obligation, covering all included individual contracts, with the effect that the bank would have a claim or obligation to receive or pay, respectively, only the net amount of the sum of the positive and negative mark-to-market values on included individual contracts in the event that a counterparty, or a counterparty to whom the contract has been validly assigned, fails to perform due to default, bankruptcy, liquidation, or similar circumstances;

(ii) The bank obtains a written and reasoned legal opinion(s) representing that in the event of a legal challenge, including one resulting from default, insolvency, bankruptcy or similar circumstances, the relevant court and administrative authorities would find the bank’s exposure to be such a net amount under:

(I) The law of the jurisdiction in which the counterparty is chartered or the equivalent location in the case of noncorporate entities and, if a branch of the counterparty is involved, then also under the law of the jurisdiction in which the branch is located;

(2) The law that governs the individual contracts covered by the netting contract; and

(3) The law that governs the netting contract.

(iii) The bank establishes and maintains procedures to ensure that the legal characteristics of netting contracts are kept under review in the light of possible changes in relevant law; and

(iv) The bank maintains in its file documentation adequate to support the netting of derivative contracts, including a copy of the bilateral netting contract and necessary legal opinions.

(b) A contract containing a walkaway clause is not eligible for netting for purposes of calculating the credit equivalent amount. 49

(c) By netting individual contracts for the purpose of calculating its credit equivalent amount, a bank represents that it has met the requirements of this appendix A and all the appropriate documents are in the bank’s files and available for inspection by the FDIC. Upon determination by the FDIC that a bank’s files are inadequate or that a netting contract may not be legally enforceable under any one of the bodies of law described in paragraphs (ii)(1) through (3) of section II.E.3.(a) of this appendix A, underlying individual contracts may be treated as though they were not subject to the netting contract.

(d) The credit equivalent amount of derivative contracts that are subject to a qualifying bilateral netting contract is calculated by adding:

(i) The net current exposure of the netting contract; and

(ii) The sum of the estimates of potential future exposure for all individual contracts subject to the netting contract, adjusted to take into account the effects of the netting contract. 50

(e) The net current exposure is the sum of all positive and negative mark-to-market values of the individual contracts subject to the netting contract. If the net sum of the mark-to-market values is positive, then the net current exposure is equal to that sum. If the net sum of the mark-to-market values is zero or negative, then the net current exposure is zero.

(f) The effects of the bilateral netting contract on the gross potential future exposure are recognized through application of a formula, resulting in an adjusted add-on amount (\(A_{add}\)). The formula, which employs

\[
\text{credit equivalent amount} = \text{netting contract amount} - A_{add}
\]

49 For purposes of this section, a walkaway clause means a provision in a netting contract that permits a non-defaulting counterparty to make lower payments than it would make otherwise under the contract, or no payment at all, to a defaulter or to the estate of a defaulter, even if a defaulter or the estate of a defaulter is a net creditor under the contract.

50 For purposes of calculating potential future credit exposure for foreign exchange contracts and other similar contracts in which notional principal is equivalent to cash flows, total notional principal is defined as the net receipts to each party falling due on each value date in each currency.
the ratio of net current exposure to gross current exposure (NGR) is expressed as:

\[ \text{NGR} = (0.4 \times A_{\text{gross}}) + 0.6(\text{NGR} \times A_{\text{gross}}) \]

The effect of this formula is that A\text{gross} is the weighted average of A\text{gross} and NGR adjusted by the NGR.

(g) The NGR may be calculated in either one of two ways—referred to as the counterparty-by-counterparty approach and the aggregate approach.

(i) Under the counterparty-by-counterparty approach, the NGR is the ratio of the net current exposure of the netting contract to the gross current exposure of the netting contract. The gross current exposure is the sum of the current exposures of all individual contracts subject to the netting contract calculated in accordance with section II.E. of this appendix A.

(ii) Under the aggregate approach, the NGR is the ratio of the sum of all of the net current exposures for qualifying bilateral netting contracts to the sum of all of the gross current exposures for those netting contracts (each gross current exposure is calculated in the same manner as in section II.E.5.(g)(1) of this appendix A). Net negative mark-to-market values to individual counterparties cannot be used to offset net positive current exposures to other counterparties.

(iii) A bank must use consistently either the counterparty-by-counterparty approach or the aggregate approach to calculate the NGR. Regardless of the approach used, the NGR should be applied individually to each qualifying bilateral netting contract to determine the adjusted add-on for that netting contract.

III. MINIMUM RISK-BASED CAPITAL RATIO

Subject to section II.B.5. of this appendix A, banks generally will be expected to meet a minimum ratio of qualifying total capital to risk-weighted assets of 8 percent, of which at least 4 percentage points should be in the form of core capital (Tier 1). Any bank that does not meet the minimum risk-based capital ratio, or whose capital is otherwise considered inadequate, generally will be expected to develop and implement a capital plan for achieving an adequate level of capital, consistent with the provisions of this risk-based capital framework and §325.104, the specific circumstances affecting the individual bank, and the requirements of any related agreements between the bank and the FDIC.

1No express limits are placed on the amounts of nonvoting common, noncumulative perpetual preferred stock, and minority interests that may be recognized as part of Tier 1 capital. However, voting common stockholders' equity capital generally will be expected to be the dominant form of Tier 1 capital and banks should avoid undue reliance on other Tier 1 capital elements.
CALCULATION OF THE RISK-BASED CAPITAL RATIO

When calculating the risk-based capital ratio under the framework set forth in this statement of policy, qualifying total capital (the numerator) is divided by risk-weighted assets (the denominator). The process of determining the numerator for the ratio is summarized in Table I. The calculation of the denominator is based on the risk weights and conversion factors that are summarized in Tables II and III.

When determining the amount of risk-weighted assets, balance sheet assets are assigned an appropriate risk weight (see Table II) and off-balance sheet items are first converted to a credit equivalent amount (see Table III) and then assigned to one of the risk weight categories set forth in Table II.

The balance sheet assets and the credit equivalent amount of off-balance sheet items are then multiplied by the appropriate risk weight percentages and the sum of these risk-weighted amounts is the gross risk-weighted asset figure used in determining the denominator of the risk-based capital ratio. Any items deducted from capital when computing the amount of qualifying capital may also be excluded from risk-weighted assets when calculating the denominator for the risk-based capital ratio.

TABLE II—SUMMARY OF RISK WEIGHTS AND RISK CATEGORIES

Category 1—Zero Percent Risk Weight

(1) Cash items in the process of collection.

(2) Balances due from Federal Reserve Banks and central banks in other OECD countries.

(3) Direct claims on, and portions of claims unconditionally guaranteed by, the U.S. Treasury, U.S. Government agencies,1 or central governments in other OECD countries.

(4) Portions of local currency claims on, or unconditionally guaranteed by, non-OECD central governments (including non-OECD central banks), to the extent the bank has liabilities booked in that currency.

(5) Gold bullion held in the bank’s own vaults or in another bank’s vaults on an allocated basis, to the extent that it is offset by gold bullion liabilities.

(6) Federal Reserve Bank stock.

(7) Claims on, or guaranteed by, qualifying securities firms incorporated in the United States or other members of the OECD-based group of countries that are collateralized by cash on deposit in the lending bank or by securities issued or guaranteed by the United States or OECD central governments (including U.S. government agencies), provided that a positive margin of collateral is required to be maintained on such a claim on a daily basis, taking into account any change in a bank’s exposure to the obligor or counterparty under the claim in relation to the market value of the collateral held in support of the claim.

Category 2—20 Percent Risk Weight

(1) Cash items in the process of collection.

(2) All claims (long- and short-term) on, and portions of claims (long- and short-term) guaranteed by, U.S. depository institutions and OECD banks.

(3) Short-term (remaining maturity of one year or less) claims on, and portions of short-term claims guaranteed by, non-OECD banks.

(4) Portions of loans and other claims conditionally guaranteed by the U.S. Treasury, U.S. Government agencies, 1 or central governments in other OECD countries and portions of local currency claims conditionally guaranteed by non-OECD central governments to the extent that the bank has liabilities booked in that currency.

(5) Securities and other claims on, and portions of claims guaranteed by, U.S. Government-sponsored agencies.

(6) Portions of loans and other claims (including repurchase agreements).

1For the purpose of calculating the risk-based capital ratio, a U.S. Government agency is defined as an instrumentality of the U.S. Government whose obligations are fully and explicitly guaranteed as to the timely repayment of principal and interest by the full faith and credit of the U.S. Government.

2For the purpose of calculating the risk-based capital ratio, a U.S. Government-sponsored agency is defined as an agency originally established or chartered to serve public purposes specified by the U.S. Congress but whose obligations are not explicitly guaranteed by the full faith and credit of the U.S. Government.
collateralized\(^3\) by securities issued or guaranteed by the U.S. Treasury, U.S. Government agencies, U.S. Government-sponsored agencies or central governments in other OECD countries.

(9) Claims on, and portions of claims guaranteed by, official multilateral lending institutions, or regional development institutions in which the U.S. Government is a shareholder or a contributing member.

(10) Portions of claims collateralized\(^3\) by securities issued by official multilateral lending institutions or regional development institutions in which the U.S. Government is a shareholder or contributing member.

(11) Investments in shares of mutual funds whose portfolios are permitted to hold only assets that qualify for the zero or 20 percent risk categories.

(12) Recourse obligations, direct credit substitutes, residual interests (other than credit-enhancing interest-only strips) and asset- or mortgage-backed securities rated in either of the two highest investment grade categories, e.g., AAA or AA, in the case of long-term ratings, or the highest rating category, e.g., A–1, P–1, in the case of short-term ratings.

(13) Claims on, and claims guaranteed by, qualifying securities firms incorporated in the United States or other member of the OECD-based group of countries provided that:

\(b\) The claim is guaranteed by a qualifying securities firm’s parent company with such a rating.

(14) Certain collateralized claims on qualifying securities firms in the United States or other member of the OECD-based group of countries, without regard to satisfaction of the rating standard, provided that the claim arises under a contract that:

\(a\) Is a reverse repurchase/repurchase agreement or securities lending/borrowing transaction executed under standard industry documentation;

\(b\) Is collateralized by liquid and readily marketable debt or equity securities;

\(c\) Is marked to market daily;

\(d\) Is subject to a daily margin maintenance requirement under the standard documentation; and

apply to institutions with inadequate levels

capital.

I. ENFORCEMENT OF MINIMUM CAPITAL

REQUIREMENTS

Section 325.3(b)(1) specifies that FDIC-su-

ervised, state-chartered nonmember com-

mercial and savings banks (or other insured

depository institutions making applications

to the FDIC that require the FDIC to con-

sider the adequacy of the institutions’ cap-

ital structure) must maintain a minimum le-

verage ratio of Tier 1 (or core) capital to total

assets of at least 3 percent; however, this mini-

mum only applies to the most highly-

rated banks (i.e., those with a composite

CAMELS rating of 1 under the Uniform Fi-

nancial Institutions Rating System estab-

lished by the Federal Financial Institutions

Examination Council) that are not antici-

pating or experiencing any significant growth. All other state nonmember banks

would need to meet a minimum leverage

ratio that is at least 100 to 200 basis points

above this minimum. That is, in accordance

with §325.3(b)(2), an absolute minimum lever-

age ratio of not less than 4 percent must be

maintained by those banks that are not

highly-rated or that are anticipating or ex-

periencing significant growth.

In addition to the minimum leverage cap-

ital standards, section III of appendix A to

part 325 indicates that state nonmember

banks generally are expected to maintain a

minimum risk-based capital ratio of quali-

fying total capital to risk-weighted assets of

8 percent, with at least one-half of that total

capital amount consisting of Tier 1 capital.

State nonmember banks (hereinafter re-

ferred to as “banks”) operating with lever-

age capital ratios below the minimums set

forth in part 325 will be deemed to have inad-

equate capital and will be in violation of the

part 325 regulation. Furthermore, banks op-

erating with risk-based capital ratios below

the minimums set forth in appendix A to

part 325 generally will be deemed to have in-

adequate capital. Banks failing to meet the

minimum leverage and/or risk-based capital

ratios normally can expect to have any ap-

plication submitted to the FDIC denied (if

such application requires the FDIC to eval-

uate the adequacy of the institution’s capital

structure) and also can expect to be subject

4In general, for each off-balance sheet

item, a conversion factor (see Table III)

must be applied to determine the “credit

equivalent amount” prior to assigning the

off-balance sheet item to a risk weight cat-

egory.
to the use of capital directives or other formal enforcement action by the FDIC to increase capital.

Capital adequacy in banks which have capital ratios at or above the minimums will be assessed and enforced based on the following factors (these same criteria will apply to any insured depository institutions making applications to the FDIC and to any other circumstances in which the FDIC is requested or required to evaluate the adequacy of a depository institution’s capital structure):

A. Banks Which Are Fundamentally Sound and Well-Managed

The minimum leverage capital ratios set forth in §325.3(b)(2) and the minimum risk-based capital ratios set forth in section III of appendix A to part 325 generally will be viewed as the minimum acceptable capital standards for banks whose overall financial condition is fundamentally sound, which are well-managed and which have no material or significant financial weaknesses. While the FDIC will make this determination in each case, the agency will generally apply to those banks evidencing a level of risk which is no greater than that normally associated with a Composite rating of 3, 4, or 5 under the Uniform Financial Institutions Rating System. Banks meeting this definition which are in compliance with the minimum leverage and risk-based capital ratio standards will not generally be required by the FDIC to raise new capital from external sources.

The FDIC does, however, encourage such banks to maintain capital well above the minimums, particularly those institutions that are anticipating or experiencing significant growth, and will carefully evaluate their earnings and growth trends, dividend policies, capital planning procedures and other factors important to the continuous maintenance of adequate capital. Adverse trends or deficiencies in these areas will be subject to criticism at regular examinations and may be an important factor in the FDIC’s action on applications submitted by such banks. In addition, the FDIC’s consideration of capital adequacy in banks making applications to the FDIC will also fully examine the expected impact of those applications on the bank’s ability to maintain its capital adequacy. In all cases, banks should maintain capital commensurate with the level and nature of risks, including the volume and severity of adversely classified assets, to which they are exposed.

B. All Other Banks

Banks not meeting the definition set forth in I.A. of this appendix, that is, banks evidencing a level of risk which is at least as great as that normally associated with a Composite rating of 3, 4, or 5 under the Uniform Financial Institutions Rating System, will be required to maintain capital higher than the minimum regulatory requirement and at a level deemed appropriate in relation to the degree of risk within the institution. These higher capital levels will normally be addressed through memorandums of understanding between the FDIC and the banks, in cases of more pronounced risk, through the use of formal enforcement actions under section 8 of the Federal Deposit Insurance Act (12 U.S.C. 1818).

C. Capital Requirements of Primary Regulator

Notwithstanding I.A. and B. of this appendix, all banks (or other depository institutions making applications to the FDIC that require the FDIC to consider the adequacy of the institutions’ capital structure) will be expected to meet any capital requirements established by their primary state or federal regulator which exceed the minimum capital requirement set forth in the FDIC’s part 325 regulation. In addition, the FDIC will, when establishing capital requirements higher than the minimum set forth in the regulation, consult with an institution’s primary state or federal regulator.

II. CAPITAL PLANS

Section 325.4(b) specifies that any bank which has less than its minimum leverage capital requirement is deemed to be engaging in an unsafe or unsound banking practice unless it has submitted, and is in compliance with, a plan approved by the FDIC to increase its Tier 1 leverage capital ratio to such level as the FDIC deems appropriate. As required under §325.104(a)(1) of this part, a bank must file a written capital restoration plan with the appropriate FDIC regional director within 45 days of the date that the bank receives notice or is deemed to have notice that the bank is undercapitalized, significantly undercapitalized or critically undercapitalized, unless the FDIC notifies the bank in writing that the plan is to be filed within a different period. The amount of time allowed to achieve the minimum level of capital will be required to maintain capital higher than the minimum set forth in the plan approved by the FDIC on a case-by-case basis and will depend on a number of factors, including the viability of the bank and whether it is fundamentally sound and well-managed.

Banks evidencing more than normal levels of risk will normally have their minimum capital requirements established in a formal or informal enforcement proceeding. The time frames for meeting these requirements will be set forth in such actions and will generally require some immediate action on the bank’s part to meet its minimum capital requirement. The reasonableness of capital plans submitted by depository institutions in connection with applications as provided
for in §325.3(d)(2) will be determined in conjunction with the FDIC’s consideration of the application.

III. WRITTEN AGREEMENTS

Section 325.4(c) provides that any insured depository institution with a Tier 1 capital to total assets (leverage) ratio of less than 2 percent must enter into and be in compliance with a written agreement with the FDIC (or with its primary federal regulator with FDIC as a party to the agreement) to increase its Tier 1 capital ratio to such level as the FDIC deems appropriate or may be subject to a section 8(a) termination of insurance action by the FDIC. Except in the very rarest of circumstances, the FDIC will require that such agreements contemplate immediate efforts by the depository institution to acquire the required capital.

The guidance in this section III is not intended to preclude the FDIC from taking section 8(a) or other enforcement action against any institution, regardless of its capital level, if the specific circumstances deem such action to be appropriate.

IV. CAPITAL COMPONENTS

Section 325.2 sets forth the definition of Tier 1 capital for the leverage standard as well as the definitions for the various instruments and accounts which are included therein. Although nonvoting common stock, noncumulative perpetual preferred stock, and minority interests in consolidated subsidiaries are normally included in Tier 1 capital, voting common stockholders’ equity generally will be expected to be the dominant form of Tier 1 capital. Thus, banks should avoid undue reliance on nonvoting equity, preferred stock and minority interests.

The following provides some additional guidance with respect to some of the items that affect the calculation of Tier 1 capital.

A. Intangible Assets

The FDIC permits state nonmember banks to report intangible assets on their books and to report the value of such assets in the Consolidated Reports of Condition and Income (“Call Report”). As noted in the instructions for preparation of the Consolidated Reports of Condition and Income (published by the Federal Financial Institutions Examination Council), intangible assets may arise from business combinations accounted for under the purchase method and acquisitions of portions or segments of another institution’s business, such as branch offices, mortgage servicing portfolios, and credit card portfolios.

Notwithstanding the authority to report all intangible assets in the Consolidated Reports of Condition and Income, §325.2(r) of the regulation specifies that mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships are generally recognized for regulatory capital purposes, the deduction of part or all of the mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships may be required if the carrying amounts of these rights are excessive in relation to their market value or the level of the bank’s capital accounts. In this regard, mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships will be recognized for regulatory capital purposes only to the extent the rights meet the conditions, limitations and restrictions described in §325.5(f).

1 Although intangible assets in the form of mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships are generally recognized for regulatory capital purposes, the portion of equity capital represented by other types of intangible assets will be deducted from equity capital and assets in the computation of a bank’s Tier 1 capital. Certain of these intangible assets may, however, be recognized for regulatory capital purposes if explicitly approved by the Director of the Division of Supervision and Consumer Protection (DSC) as part of the bank’s regulatory capital on a specific case basis. These intangibles will be included in regulatory capital under the terms and conditions that are specifically approved by the FDIC.1

In certain instances banks may have investments in unconsolidated subsidiaries or joint ventures that have large volumes of intangible assets. In such instances the bank’s consolidated statements will reflect an investment in a tangible asset even though such investment will, in fact, be represented by a large volume of intangible assets. In any such situation where this is material,

2This specific approval must be received in accordance with §325.5(b). In evaluating whether other types of intangibles should be recognized for regulatory capital purposes, the FDIC will accord special attention to the general characteristics of the intangibles, including: (1) The separability of the intangible asset and the ability to sell it separate and apart from the bank or the bulk of the bank’s assets, (2) the certainty that a readily identifiable stream of cash flows associated with the intangible asset can hold its value notwithstanding the future prospects of the bank, and (3) the existence of a market of sufficient depth to provide liquidity for the intangible asset. However, pursuant to section 18(n) of the Federal Deposit Insurance Act (12 U.S.C. 1828(n)), specific approval cannot be given for an unidentified intangible asset, such as goodwill, if acquired after April 12, 1989.
the bank’s investment in the unconsolidated subsidiary will be divided into a tangible and an intangible portion based on the percentage of intangible assets to total assets in the subsidiary. The intangible portion of the investment will be treated as if it were an intangible asset on the bank’s books in the calculation of Tier 1 capital. However, intangible assets in the form of mortgage servicing assets, nonmortgage servicing assets and purchased credit card relationships, including servicing intangibles held by mortgage banking subsidiaries, are subject to the specific criteria set forth in §325.5(e).

B. Perpetual Preferred Stock

Perpetual preferred stock is defined as preferred stock that does not have a maturity date, that cannot be redeemed at the option of the holder, and that has no other provisions that will require future redemption of the issue. Also, pursuant to section 18(i)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1328(i)(1)), a state nonmember bank cannot, without the prior consent of the FDIC, reduce the amount or retire any part of its preferred stock. (This prior consent is also required for the reduction or retirement of any part of a state nonmember bank’s common stock or capital notes and debentures.)

Noncumulative perpetual preferred stock is generally included in Tier 1 capital. Nevertheless, it is possible for banks to issue preferred stock with a dividend rate which escalates to such a high rate that the terms become so onerous as to effectively force the bank to call the issue (for example, an issue with a low initial rate that is scheduled to escalate to much higher rates in subsequent periods). Preferred stock issues with such onerous terms have much the same characteristics as limited life preferred stock in that the bank would be effectively forced to redeem the issue to avoid performance of the onerous terms. Such instruments may be disallowed as Tier 1 capital and, for risk-based capital purposes, would be included in Tier 2 capital only to the extent that the instruments fall within the limitations applicable to intermediate-term preferred stock. Banks which are contemplating issues bearing terms which may be so characterized are encouraged to submit them to the appropriate FDIC regional office for review prior to issuance. Nothing herein shall prohibit banks from issuing floating rate preferred stock issues where the rate is constant in relation to some outside market or index rate. However, noncumulative floating rate instruments where the rate paid is based on some part on the current credit standing of the bank, and all cumulative preferred stock instruments, are excluded from Tier 1 capital. These instruments are included in Tier 2 capital for risk-based capital purposes in accordance with the limitations set forth in appendix A to part 32.

The FDIC will also require that issues of perpetual preferred stock be consistent with safe and sound banking practices. Issues which would unduly enrich insiders or which contain dividend rates or other terms which are inconsistent with safe and sound banking practices will likely be the subject of appropriate supervisory response from the FDIC.

C. Other Instruments or Transactions Which Fail To Provide Capital Support

Section 325.5(b) specifies that any capital component or balance sheet entry or account which has characteristics or terms that diminish its contribution to an insured depository institution’s ability to absorb losses shall be deducted from capital. An example involves certain types of minority interests in consolidated subsidiaries. Minority interests in consolidated subsidiaries have been included in capital based on the fact that they provide capital support to the risk in the consolidated subsidiaries. Certain transactions have been structured where a bank forms a subsidiary by transferring essentially risk-free or low-risk assets to the subsidiary in exchange for common stock of the subsidiary. The subsidiary then sells preferred stock to third parties. The preferred stock becomes a minority interest in a consolidated subsidiary but, in effect, represents an essentially risk-free or low-risk investment for the preferred stockholders. This type of minority interest fails to provide any meaningful capital support to the consolidated entity inasmuch as it has a preferred claim on the essentially risk-free or low-risk assets of the subsidiary. In addition, certain minority interests are not substantially equivalent to permanent equity in that the interests must be paid off on specified future dates, or at the option of the holders of the minority interests, or contain other provisions or features that limit the ability of the minority interests to effectively absorb losses. Capital instruments or transactions of this nature which fail to absorb losses or provide meaningful capital support will be deducted from Tier 1 capital.

D. Mandatory Convertible Debt

Mandatory convertible debt securities are subordinated debt instruments that require
the issuer to convert such instruments into common or perpetual preferred stock by a date at or before the maturity of the debt instruments. The maturity of these instruments must be 12 years or less and the instruments must also meet the other criteria set forth in appendix A to part 325. Mandatory convertible debt is excluded from Tier 1 capital but, for risk-based capital purposes, is included in Tier 2 capital as a “hybrid capital instrument.”

So-called “equity commitment notes,” which merely require a bank to sell common or perpetual preferred stock during the life of the subordinated debt obligation, are specifically excluded from the definition of mandatory convertible debt securities and are only included in Tier 2 capital under the risk-based capital framework to the extent that they satisfy the requirements and limitations for “term subordinated debt” set forth in appendix A to part 325.

V. ANALYSIS OF CONSOLIDATED COMPANIES

In determining a bank’s compliance with its minimum capital requirements the FDIC will, with two exceptions, generally utilize the bank’s consolidated statements as defined in the instructions for the preparation of Consolidated Reports of Condition and Income.

The first exception relates to securities subsidiaries of state nonmember banks which are subject to §337.4 of the FDIC’s rules and regulations (12 CFR 337.4). Any subsidiary subject to this section must be a bona fide subsidiary which is adequately capitalized. In addition, §337.4(b)(3) requires that any insured state nonmember bank’s investment in such a subsidiary shall not be counted towards the bank’s capital. In those instances where the securities subsidiary is consolidated in the bank’s Consolidated Report of Condition it will be necessary, for the purpose of calculating the bank’s Tier 1 capital, to adjust the Consolidated Report of Condition in such a manner as to reflect the bank’s investment in the securities subsidiary on the equity method. In this case, and in those cases where the securities subsidiary has not been consolidated, the investment in the subsidiary will then be deducted from the bank’s capital and assets prior to calculation of the bank’s Tier 1 capital ratio. (Where deemed appropriate, the FDIC may also consider deducting investments in other subsidiaries, either on a case-by-case basis or, as with securities subsidiaries, based on the general characteristics or functional nature of the subsidiaries.)

The second exception relates to the treatment of subsidiaries of insured banks that are domestic depository institutions such as commercial banks, savings banks, or savings associations. These subsidiaries are not consolidated on a line-by-line basis with the insured bank parent in the bank parent’s Consolidated Reports of Condition and Income. Rather, the instructions for these reports provide that bank investments in such depository institution subsidiaries are to be reported on an unconsolidated basis in accordance with the equity method. Since the FDIC believes that the minimum capital requirements should apply to a bank’s depository activities in their entirety, regardless of the form that the organization’s corporate structure takes, it will be necessary, for the purpose of calculating the bank’s Tier 1 leverage and total risk-based capital ratios, to adjust a bank parent’s Consolidated Report of Condition to consolidate its domestic depository institution subsidiaries on a line-by-line basis. The financial statements of the subsidiary that are used for this consolidation must be prepared in the same manner as the Consolidated Report of Condition.

The FDIC will, in determining the capital adequacy of a bank which is a member of a bank holding company or chain banking group, consider the degree of leverage and risks undertaken by the parent company or other affiliates. Where the level of risk in a holding company system is no more than normal and the consolidated company is adequately capitalized at all appropriate levels, the FDIC generally will not require additional capital in subsidiary banks under its supervision over and above that which would be required for the subsidiary bank on its own merit. In cases where a holding company or other affiliated banks (or other companies) evidence more than a normal degree of risk (either by virtue of the quality of their assets, the nature of the activities conducted, or other factors) or where the affiliated organizations are inadequately capitalized, the FDIC will consider the potential impact of the additional risk or excess leverage upon an individual bank to determine if such factors will likely result in excessive requirements for dividends, management fees, or other support to the holding company or affiliated organizations which would be detrimental to the bank. Where the excessive risk or leverage in such organizations is determined to be potentially detrimental to the bank’s condition or its ability to maintain adequate capital, the FDIC may initiate appropriate supervisory action to limit the bank’s ability to support its weaker affiliates and/or require higher than minimum capital ratios in the bank.

VI. APPLICABILITY OF PART 325 TO SAVINGS ASSOCIATIONS

Section 325.3(c) indicates that, where the FDIC is required to evaluate the adequacy of any depository institution’s (including any savings association’s) capital structure in conjunction with an application filed by the institution, the FDIC will not approve the application if the depository institution does
not meet the minimum leverage capital requirement set forth in §325.3(b).

Also, §325.4(b) states that, under certain conditions specified in section 8(a) of the Federal Deposit Insurance Act, the FDIC may take section 8(b)(1) and/or 8(c) enforcement action against a savings association that is deemed to be engaged in an unsafe or unsound practice on account of its inadequate capital structure. Section 325.4(c) further specifies that any insured depository institution with a Tier 1 leverage ratio (as defined in part 325) of less than 2 percent is deemed to be operating in an unsafe or unsound condition pursuant to section 8(a) of the Federal Deposit Insurance Act.

In addition, the Office of Thrift Supervision (OTS), as the primary federal regulator of savings associations, has established minimum core capital leverage, tangible capital and risk-based capital requirements for savings associations (12 CFR part 576). In this regard, certain differences exist between the methods used by the OTS to calculate a savings association’s capital and the methods set forth by the FDIC in part 325. These differences include, among others, the core capital treatment for investments in subsidiaries and for certain intangible assets.

In determining whether a savings association’s application should be approved pursuant to §325.3(c), or whether an unsafe or unsound practice or condition exists pursuant to §§325.4(b) and 325.4(c), the FDIC will consider the extent of the savings association’s capital as determined in accordance with part 325. However, the FDIC will also consider the extent to which a savings association is in compliance with (a) the minimum capital requirements set forth by the OTS, (b) any related capital plans for meeting the minimum capital requirements approved by the OTS, and/or (c) any other criteria deemed by the FDIC as appropriate based on the association’s specific circumstances.

For purposes of this appendix, the following definitions apply:

(a) Covered positions means all positions in a bank’s trading account, and all foreign exchange and commodity positions, whether or not in the trading account.

(b) Trading activity means the gross sum of trading assets and liabilities as reported in the bank’s most recent quarterly Consolidated Report of Condition and Income (Call Report).

(c) Total assets means quarter-end total assets as reported in the bank’s most recent Call Report.

1This appendix is based on a framework developed jointly by supervisory authorities from the countries represented on the Basle Committee on Banking Supervision and endorsed by the Group of Ten Central Bank Governors. The framework is described in a Basle Committee paper entitled “Amendment to the Capital Accord to Incorporate Market Risks,” January 1996. Also see modifications issued in September 1997.

2Trading activity means the gross sum of trading assets and liabilities as reported in the bank’s most recent quarterly Consolidated Report of Condition and Income (Call Report).

3Total assets means quarter-end total assets as reported in the bank’s most recent Call Report.

4A bank that voluntarily complies with the final rule prior to January 1, 1998, must comply with all of its provisions.

5The term trading account is defined in the instructions to the Call Report.

APPENDIX C TO PART 325—RISK-BASED CAPITAL FOR STATE NON-MEMBER BANKS: MARKET RISK

Section 1. Purpose, Applicability, Scope, and Effective Date

(a) Purpose. The purpose of this appendix is to ensure that banks with significant exposure to market risk maintain adequate capital to support that exposure. This appendix
and off-balance-sheet items. Securities subject to repurchase and lending agreements are included as if they are still owned by the lender. Covered positions exclude all positions in a bank’s trading account that, in form or in substance, act as liquidity facilities that provide liquidity support to asset-backed commercial paper. Such excluded positions are subject to the risk-based capital requirements set forth in appendix A of this part.

(b) Market risk means the risk of loss resulting from movements in market prices. Market risk consists of general market risk and specific risk components.

(i) General market risk means changes in the market value of covered positions resulting from broad market movements, such as changes in the general level of interest rates, equity prices, foreign exchange rates, or commodity prices.

(ii) Specific risk means changes in the market value of specific positions due to factors other than broad market movements and includes event and default risk as well as idiosyncratic variations.

(c) Tier 1 and Tier 2 capital are defined in appendix A of this part.

(d) Tier 3 capital is subordinated debt that is unsecured; is fully paid up; has an original maturity of at least two years; is not redeemable before maturity without prior approval by the FDIC; includes a lock-in clause precluding payment of either interest or principal (even at maturity) if the payment would cause the issuing bank’s risk-based capital ratio to fall or remain below the minimum required under appendix A of this part; and does not contain and is not covered by any covenants, terms, or restrictions that are inconsistent with safe and sound banking practices.

(e) Value-at-risk (VAR) means the estimate of the maximum amount that the value of covered positions could decline during a fixed holding period within a stated confidence level, measured in accordance with section 4 of this appendix.

Section 3. Adjustments to the Risk-Based Capital Ratio Calculations.

(a) Risk-based capital ratio denominator. A bank subject to this appendix shall calculate its risk-based capital ratio denominator as follows:

(i) Adjusted risk-weighted assets. Calculate adjusted risk-weighted assets, which equals risk-weighted assets (as determined in accordance with appendix A of this part), excluding the risk-weighted amounts of all covered positions (except foreign exchange positions outside the trading account and over-the-counter derivative positions) and receivables arising from the posting of cash collateral that is associated with securities borrowing transactions to the extent the receivables are collateralized by the market value of the borrowed securities, provided that the following conditions are met:

(1) The transaction is based on securities includable in the trading book that are liquid and readily marketable.

(ii) The transaction is marked to market daily.

(iii) The transaction is subject to daily margin maintenance requirements.

(iv) The transaction is a securities contract for the purposes of section 556 of the Bankruptcy Code (11 U.S.C. 556), a qualified financial contract for the purposes of section 11(e)(8) of the Federal Deposit Insurance Act (12 U.S.C. 1821(e)(8)), or a netting contract between or among financial institutions for the purposes of sections 401–407 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (12 U.S.C. 4401–4407), or the Board’s Regulation EE (12 CFR Part 231); or

(b) Market risk. Calculate the

\footnote{Foreign-exchange positions outside the trading account and all over-the-counter derivative positions, whether or not in the trading account, must be included in adjusted risk-weighted assets as determined in appendix A of this part.}
sum of the VAR-based capital charge, the specific risk add-on (if any), and the capital charge for de minimis exposures (if any).

(i) VAR-based capital charge. The VAR-based capital charge equals the higher of:

(A) The previous day’s VAR measure; or

(B) The average of the daily VAR measures for each of the preceding 60 business days multiplied by three, except as provided in section 4(e) of this appendix;

(ii) Specific risk add-on. The specific risk add-on is calculated in accordance with section 5 of this appendix; and

(iii) Capital charge for de minimis exposure. The capital charge for de minimis exposure is calculated in accordance with section 4(a) of this appendix.

(3) Market risk equivalent assets. Calculate market risk equivalent assets by multiplying the measure for market risk (as calculated in paragraph (a)(2) of this section) by 12.5.

(4) Denominator calculation. Add market risk equivalent assets (as calculated in paragraph (a)(3) of this section) to adjusted risk-weighted assets (as calculated in paragraph (a)(1) of this section). The resulting sum is the bank’s risk-based capital ratio denominator.

(b) Risk-based capital ratio numerator. A bank subject to this appendix shall calculate its risk-based capital ratio numerator by allocating capital as follows:

(1) Credit risk allocation. Allocate Tier 1 and Tier 2 capital equal to 6.0 percent of adjusted risk-weighted assets (as calculated in paragraph (a)(1) of this section).9

(2) Market risk allocation. Allocate Tier 1, Tier 2, and Tier 3 capital equal to the measure for market risk as calculated in paragraph (a)(2) of this section. The sum of Tier 2 and Tier 3 capital allocated for market risk must not exceed 250 percent of Tier 1 capital allocated for market risk. (This requirement means that Tier 1 capital allocated in this paragraph (b)(2) must equal at least 28.6 percent of the measure for market risk.)

(3) Restrictions. (i) The sum of Tier 2 capital (both allocated and excess) and Tier 3 capital (allocated in paragraph (b)(2) of this section) may not exceed 100 percent of Tier 1 capital (both allocated and excess).9

(ii) Term subordinated debt (and intermediate-term preferred stock and related surplus) included in Tier 2 capital (both allocated and excess) may not exceed 50 percent of Tier 1 capital (both allocated and excess).

(iii) Numerator calculation. Add Tier 1 capital (both allocated and excess), Tier 2 capital (both allocated and excess), and Tier 3 capital (allocated under paragraph (b)(2) of this section). The resulting sum is the bank’s risk-based capital ratio numerator.

Section 4. Internal Models

(a) General. For risk-based capital purposes, a bank subject to this appendix must use its internal model to measure its daily VAR, in accordance with the requirements of this section.10 The FDIC may permit a bank to use alternative techniques to measure the market risk of de minimis exposures so long as the techniques adequately measure associated market risk.

(b) Qualitative requirements. A bank subject to this appendix must have a risk management system that meets the following minimum qualitative requirements:

(1) The bank must have a risk control unit that reports directly to senior management and is independent from business trading units.

(2) The bank’s internal risk measurement model must be integrated into the daily management process.

(3) The bank’s policies and procedures must identify, and the bank must conduct, appropriate stress tests and backtests.11 The bank’s policies and procedures must identify the procedures to follow in response to the results of such tests.

(4) The bank must conduct independent reviews of its risk measurement and risk management systems at least annually.

(c) Market risk factors. The bank’s internal model must use risk factors sufficient to measure the market risk inherent in all covered positions. The risk factors must address

9 A bank may not allocate Tier 3 capital to support credit risk (as calculated under appendix A of this part).

9 Excess Tier 1 capital means Tier 1 capital that has not been allocated in paragraphs (b)(1) and (b)(2) of this section. Excess Tier 2 capital means Tier 2 capital that has not been allocated in paragraph (b)(1) and (b)(2) of this section, subject to the restrictions in paragraph (b)(3) of this section.

10 A bank’s internal model may use any generally accepted measurement techniques, such as variance-covariance models, historical simulations, or Monte Carlo simulations. However, the level of sophistication and accuracy of a bank’s internal model must be commensurate with the nature and size of its covered positions. A bank that modifies its existing modeling procedures to comply with the requirements of this appendix for risk-based capital purposes should, nonetheless, continue to use the internal model it considers most appropriate in evaluating risks for other purposes.

11 Stress tests provide information about the impact of adverse market events on a bank’s covered positions. Backtests provide information about the accuracy of an internal model by comparing a bank’s daily VAR measures to its corresponding daily trading profits and losses.
Federal Deposit Insurance Corporation

Section 5. Specific Risk

(a) Modeled specific risk. A bank may use its internal model to measure specific risk. If the bank has demonstrated to the FDIC that its internal model measures the specific risk, including event and default risk as well as idiosyncratic variation, of covered debt and equity positions and includes the specific risk measure in the VAR-based capital charge in section 3(a)(2)(i) of this appendix, then the bank has no specific risk add-on for purposes of section 3(a)(2)(ii) of this appendix. The model should explain the historical price variation in the trading portfolio and capture concentration, both magnitude and changes in composition. The model should also be robust to an adverse environment and have been validated through backtesting which assesses whether specific risk is being accurately captured.

(b) Add-on charge for modeled specific risk. A bank that incorporates specific risk in its internal model but fails to demonstrate to the FDIC that its internal model adequately measures all aspects of specific risk for covered debt and equity positions, including event and default risk, as provided by section 5(a) of this appendix, must calculate the bank’s specific risk add-on for purposes of section 3(a)(2)(ii) of this appendix as follows:

(1) If the model is capable of valid separation of the VAR measure into a specific risk portion and a general market risk portion, then the specific risk add-on is equal to the previous day’s specific risk portion.

For material exposures in the major currencies and markets, modeling techniques must capture spread risk and must incorporate enough segments of the yield curve—at least six—to capture differences in volatility and less than perfect correlation of rates along the yield curve. Actual net trading profits and losses typically include such things as realized and unrealized gains and losses on portfolio positions as well as fee income and commissions associated with trading activities.

10 or more ........................................................... 4.00

(e) Backtesting. (1) Beginning one year after a bank starts to comply with this appendix, a bank must conduct backtesting by comparing each of its most recent 250 business days’ actual net trading profit or loss with the corresponding daily VAR measures generated for internal risk measurement purposes and calibrated to a one-day holding period and a 99 percent, one-tailed confidence level.

(2) Once each quarter, the bank must identify the number of exceptions, that is, the number of business days for which the magnitude of the actual daily net trading loss, if any, exceeds the corresponding daily VAR measure.

(3) A bank must use the multiplication factor indicated in Table 1 of this appendix in determining its capital charge for market risk under section 3(a)(2)(i)(B) of this appendix until it obtains the next quarter’s backtesting results, unless the FDIC determines that a different adjustment or other action is appropriate.

(d) Quantitative requirements. For regulatory capital purposes, VAR measures must meet the following quantitative requirements:

(1) The VAR measures must be calculated on a daily basis using a 99 percent, one-tailed confidence level with a price shock equivalent to a ten-business day movement in rates and prices. In order to calculate VAR measures based on a ten-day price shock, the bank may either calculate ten-day figures directly or convert VAR figures based on holding periods other than ten days to the equivalent of a ten-day holding period (for instance, by multiplying a one-day VAR measure by the square root of ten).

(2) The VAR measures must be based on an historical observation period (or effective observation period for a bank using a weighting scheme or other similar method) of at least one year. The bank must update data sets at least once every three months or more frequently as market conditions warrant.

(3) The VAR measures must include the risks arising from the non-linear price characteristics of options positions and the sensitivity of the market value of the positions to changes in the volatility of the underlying rates or prices. A bank with a large or complex options portfolio must measure the volatility of options positions by different maturities.

(4) The VAR measures may incorporate empirical correlations within and across risk categories, provided that the bank’s process for measuring correlations is sound. In the event that the VAR measures do not incorporate empirical correlations across risk categories, then the bank must add the separate VAR measures for the four major risk categories to determine its aggregate VAR measure.

(5) The VAR measures must be calculated on a daily basis using a 99 percent, one-tailed confidence level with a price shock equivalent to a ten-business day movement in rates and prices. In order to calculate VAR measures based on a ten-day price shock, the bank may either calculate ten-day figures directly or convert VAR figures based on holding periods other than ten days to the equivalent of a ten-day holding period (for instance, by multiplying a one-day VAR measure by the square root of ten).

(6) The bank must conduct backtesting by comparing each of its most recent 250 business days’ actual net trading profit or loss with the corresponding daily VAR measures generated for internal risk measurement purposes and calibrated to a one-day holding period and a 99 percent, one-tailed confidence level.

Section 5. Specific Risk

(a) Modeled specific risk. A bank may use its internal model to measure specific risk. If the bank has demonstrated to the FDIC that its internal model measures the specific risk, including event and default risk as well as idiosyncratic variation, of covered debt and equity positions and includes the specific risk measure in the VAR-based capital charge in section 3(a)(2)(i) of this appendix, then the bank has no specific risk add-on for purposes of section 3(a)(2)(ii) of this appendix. The model should explain the historical price variation in the trading portfolio and capture concentration, both magnitude and changes in composition. The model should also be robust to an adverse environment and have been validated through backtesting which assesses whether specific risk is being accurately captured.

(b) Add-on charge for modeled specific risk. A bank that incorporates specific risk in its internal model but fails to demonstrate to the FDIC that its internal model adequately measures all aspects of specific risk for covered debt and equity positions, including event and default risk, as provided by section 5(a) of this appendix, must calculate the bank’s specific risk add-on for purposes of section 3(a)(2)(ii) of this appendix as follows:

(1) If the model is capable of valid separation of the VAR measure into a specific risk portion and a general market risk portion, then the specific risk add-on is equal to the previous day’s specific risk portion.

Section 5. Specific Risk

(a) Modeled specific risk. A bank may use its internal model to measure specific risk. If the bank has demonstrated to the FDIC that its internal model measures the specific risk, including event and default risk as well as idiosyncratic variation, of covered debt and equity positions and includes the specific risk measure in the VAR-based capital charge in section 3(a)(2)(i) of this appendix, then the bank has no specific risk add-on for purposes of section 3(a)(2)(ii) of this appendix. The model should explain the historical price variation in the trading portfolio and capture concentration, both magnitude and changes in composition. The model should also be robust to an adverse environment and have been validated through backtesting which assesses whether specific risk is being accurately captured.

(b) Add-on charge for modeled specific risk. A bank that incorporates specific risk in its internal model but fails to demonstrate to the FDIC that its internal model adequately measures all aspects of specific risk for covered debt and equity positions, including event and default risk, as provided by section 5(a) of this appendix, must calculate the bank’s specific risk add-on for purposes of section 3(a)(2)(ii) of this appendix as follows:

(1) If the model is capable of valid separation of the VAR measure into a specific risk portion and a general market risk portion, then the specific risk add-on is equal to the previous day’s specific risk portion.

(2) If the model does not separate the VAR measure into a specific risk portion and a general market risk portion, then the specific risk add-on is the sum of the previous day’s VAR measures for subportfolios of covered debt and equity positions.

(c) Add-on charge if specific risk is not modeled. If a bank does not model specific risk in accordance with paragraph (a) or (b) of this section, the bank’s specific risk add-on charge for purposes of section 3(a)(2)(i) of this appendix equals the sum of the components for covered debt and equity positions. If a bank models, in accordance with paragraph (a) or (b) of this section, the specific risk of covered debt positions but not covered equity positions (or vice versa), then the bank’s specific risk add-on charge for the positions not modeled is the component for covered debt or equity positions as appropriate:

(1) Covered debt positions. (i) For purposes of this section 5, covered debt positions means fixed-rate or floating-rate debt instruments located in the trading account and instruments located in the trading account with values that react primarily to changes in interest rates, including certain non-convertible preferred stock, convertible bonds, and instruments subject to repurchase and lending agreements. Also included are derivatives (including written and purchased options) for which the underlying instrument is a covered debt instrument that is subject to a non-zero specific risk capital charge.

(A) For covered debt positions that are derivatives, a bank must risk-weight (as described in paragraph (c)(1)(iii) of this section) the market value of the effective notional amount of the underlying debt instrument or index portfolio. Swaps must be included as the notional position in the underlying debt instrument or index portfolio, with a receiving side treated as a long position and a paying side treated as a short position; and

(B) For covered debt positions that are options, whether long or short, a bank must risk-weight (as described in paragraph (c)(1)(iii) of this section) the market value of the effective notional amount of the underlying debt instrument or index multiplied by the option’s delta.

(ii) A bank may net long and short covered debt positions (including derivatives) in identical debt issues or indices.

(iii) A bank must multiply the absolute value of the current market value of each net long or short covered debt position by the appropriate specific risk weighting factor indicated in Table 2 of this appendix. The specific risk capital charge component for covered debt positions is the sum of the weighted values.

(A) The government category includes all debt instruments of central governments of OECD-based countries\(^\text{14}\) including bonds, Treasury bills, and other short-term instruments, as well as local currency instruments of non-OECD central governments to the extent the bank has liabilities booked in that currency.

(B) The qualifying category includes debt instruments of U.S. government-sponsored agencies, general obligation debt instruments issued by states and other political subdivisions of OECD-based countries, multilateral development banks, and debt instruments issued by U.S. depository institutions or OECD-banks that do not qualify as capital of the issuing institution.\(^\text{15}\) This category also includes other debt instruments, including corporate debt and revenue instruments issued by states and other political subdivisions of OECD countries, that are:

(1) Rated investment-grade by at least two nationally recognized credit rating services;

(2) Rated investment-grade by one nationally recognized credit rating agency and not rated less than investment-grade by any other credit rating agency; or

(3) Unrated, but deemed to be of comparable investment quality by the reporting bank and the issuer has instruments listed on a recognized stock exchange, subject to review by the FDIC.

(C) The other category includes debt instruments that are not included in the government or qualifying categories.

(2) Covered equity positions. (i) For purposes of this section 5, covered equity positions means equity instruments located in the trading account and instruments located in the trading account with values that react primarily to changes in equity prices, including voting or non-voting common stock, certain convertible bonds, and commitments to buy or sell equity instruments. Also included are derivatives (including written and purchased options) for which the underlying is a covered equity position.

\(^{14}\)Organization for Economic Cooperation and Development (OECD)-based countries is defined in appendix A of this part.

\(^{15}\)U.S. government-sponsored agencies, multilateral development banks, and OECD banks are defined in appendix A of this part.
A bank may also net positions in derivative receipts against an opposite position in the underlying equity or identical equity in different markets, provided that the bank includes the costs of conversion.

A portfolio is liquid and well-diversified if: (1) it is characterized by a limited sensitivity to price changes of any single equity issue or closely related group of equity issues held in the portfolio; (2) the volatility of the portfolio’s value is not dominated by the volatility of any individual equity issue or by equity issues from any single industry or economic sector; (3) it contains a large number of individual equity positions, with no single position representing a substantial portion of the portfolio’s total market value; and (4) it consists mainly of issues traded on organized exchanges or in well-established over-the-counter markets.

(A) For covered equity positions that are derivatives, a bank must risk weight (as described in paragraph (c)(2)(ii) of this section) the market value of the effective notional amount of the underlying equity instrument or equity portfolio. Swaps must be included as the notional position in the underlying equity instrument or index portfolio, with a receiving side treated as a long position and a paying side treated as a short position; and

(B) For covered equity positions that are options, whether long or short, a bank must risk weight (as described in paragraph (c)(2)(ii) of this section) the market value of the effective notional amount of the underlying equity instrument or index multiplied by the option’s delta.

(ii) A bank may net long and short covered equity positions (including derivatives) in identical equity issues or equity indices in the same market.

(ii)(A) A bank must multiply the absolute value of the current market value of each net long or short covered equity position by a risk weighting factor of 8.0 percent, or by 4.0 percent if the equity is held in a portfolio that is both liquid and well-diversified. A bank may apply a 2.0 percent risk weighting factor to the futures and stock indices that are matched by offsetting positions at the same date in different but similar indices.

(ii)(B) For covered equity positions that are contracts at the same date in different but similar indices.

(ii)(C) For futures contracts on broadly-based indices that are matched by offsetting positions in a basket of stocks comprising the index, a bank may apply a 2.0 percent risk weighting factor to the futures and stock basket positions (long and short), provided that such trades are deliberately entered into and separately controlled, and that the basket of stocks comprises at least 90 percent of the capitalization of the index.

(ii)(D) The specific risk capital charge component for covered equity positions is the sum of the weighted values.

PART I. GENERAL PROVISIONS

Section 1. Purpose, Applicability, Reservation of Authority, and Principle of Conservatism

(a) Purpose. This appendix establishes:

(1) Minimum qualifying criteria for banks using bank-specific internal risk measurement and management processes for calculating risk-based capital requirements;

(2) Methodologies for such banks to calculate their risk-based capital requirements; and

(3) Public disclosure requirements for such banks.

(b) Applicability. (1) This appendix applies to a bank that:

(i) Has consolidated assets, as reported on the most recent year-end Consolidated Report of Condition and Income (Call Report) equal to $250 billion or more;

(ii) Has consolidated total on-balance sheet foreign exposure at the most recent year-end equal to $10 billion or more (where total on-balance sheet foreign exposure equals total cross-border claims less claims with head office or guarantor located in another country plus redistributed guaranteed amounts to the country of head office or guarantor plus local country claims on local residents plus revaluation gains on foreign exchange and derivative products, calculated in accordance with the Federal Financial Institutions Examination Council (FFIEC) 009 Country Exposure Report);

(iii) Is a subsidiary of a depository institution that uses 12 CFR part 3, appendix C, 12 CFR part 208, appendix F, 12 CFR part 325, appendix D, or 12 CFR part 587, appendix C, to calculate its risk-based capital requirements; or

(iv) Is a subsidiary of a bank holding company that uses 12 CFR part 225, appendix G, to calculate its risk-based capital requirements.

(2) Any bank may elect to use this appendix to calculate its risk-based capital requirements.

(3) A bank that is subject to this appendix must use this appendix unless the FDIC determines in writing that application of this appendix is not appropriate in light of the bank’s asset size, level of complexity, risk profile, or scope of operations. In making a determination under this paragraph, the FDIC will apply notice and response procedures in the same manner and to the same extent as the notice and response procedures in 12 CFR 325.6(c).

(c) Reservation of authority—(1) Additional capital in the aggregate. The FDIC may require a bank to hold an amount of capital greater than otherwise required under this appendix if the FDIC determines that the bank’s risk-based capital requirement under this appendix is not commensurate with the bank’s credit, market, operational, or other risks. In making a determination under this paragraph, the FDIC will apply notice and response procedures in the same manner and to the same extent as the notice and response procedures in 12 CFR 325.6(c).

(2) Specific risk-weighted asset amounts. (i) If the FDIC determines that the risk-weighted asset amount calculated under this appendix by the bank for one or more exposures is not commensurate with the risks associated with those exposures, the FDIC may require the bank to assign a different risk-weighted asset amount to the exposures, to assign different risk parameters to the exposures (if the exposures are wholesale or retail exposures), or to use different model assumptions for the exposures (if relevant), all as specified by the FDIC.

(ii) If the FDIC determines that the risk-weighted asset amount for operational risk produced by the bank under this appendix is not commensurate with the operational risks of the bank, the FDIC may require the bank to assign a different risk-weighted asset amount for operational risk, to change elements of its operational risk analytical framework, including distributional and dependence assumptions, or to make other changes to the bank’s operational risk management processes, data and assessment systems, or quantification systems, all as specified by the FDIC.

(3) Other supervisory authority. Nothing in this appendix limits the authority of the FDIC under any other provision of law or regulation to take supervisory or enforcement action, including action to address unsafe or unsound practices or conditions, deficient capital levels, or violations of law.
Federal Deposit Insurance Corporation

Pt. 325, App. D

(d) Principle of conservatism. Notwithstanding the requirements of this appendix, a bank may choose not to apply a provision of this appendix to one or more exposures, provided that:

(1) The bank can demonstrate on an ongoing basis to the satisfaction of the FDIC that not applying the provision would, in all circumstances, unambiguously generate a risk-based capital requirement for each such exposure greater than that which would otherwise be required under this appendix; and

(2) The bank appropriately manages the risk of each such exposure;

(3) The bank notifies the FDIC in writing prior to applying this principle to each such exposure; and

(4) The exposures to which the bank applies this principle are not, in the aggregate, material to the bank.

Section 2. Definitions

Advanced internal ratings-based (IRB) systems means a bank's advanced internal risk rating and segmentation system; risk parameter quantification system; data management and maintenance system; and control, oversight, and validation system for credit risk of wholesale and retail exposures.

Advanced systems means a bank's advanced IRB systems, operational risk management processes, operational risk data and assessment systems, operational risk quantification systems, and, to the extent the bank uses the following systems, the internal models methodology, double default excessive correlation detection process, IMA for equity exposures, and IAA for securitization exposures to ABCP programs.

Affiliate with respect to a company means any company that controls, is controlled by, or is under common control with, the company.

Applicable external rating means:

(1) With respect to an exposure that has multiple inferred ratings, the lowest inferred external rating assigned to the exposure by any NRSRO; and

(2) With respect to an exposure that has a single external rating assigned by an NRSRO, the external rating assigned to the exposure by the NRSRO.

Applicable inferred rating means:

(1) Has an external rating; and

(2) Is backed by underlying exposures held in a bankruptcy-remote SPE.

Asset-backed commercial paper (ABCP) program means a program that primarily issues commercial paper that:

(1) Establishes an ABCP program;

(2) Approves the sellers permitted to participate in an ABCP program;

(3) Approves the exposures to be purchased by an ABCP program; or

(4) Administers the ABCP program by monitoring the underlying exposures, underwriting or otherwise arranging for the placement of debt or other obligations issued by the program, compiling monthly reports, or ensuring compliance with the program documents and with the program’s credit and investment policy.

Backtesting means the comparison of a bank’s internal estimates with actual outcomes during a sample period not used in model development. In this context, backtesting is one form of out-of-sample testing.

Bank holding company is defined in section 2 of the Bank Holding Company Act (12 U.S.C. 1841).

Benchmarking means the comparison of a bank’s internal estimates with relevant internal and external data or with estimates based on other estimation techniques.

Business environment and internal control factors means the indicators of a bank’s operational risk profile that reflect a current and forward-looking assessment of the bank’s underlying business risk factors and internal control environment.

Carrying value means, with respect to an asset, the value of the asset on the balance sheet of the bank, determined in accordance with GAAP.

Clean-up call means a contractual provision that permits an originating bank or servicer to call securitization exposures before their stated maturity or call date. See also eligible clean-up call.

Commodity derivative contract means a commodity-linked swap, purchased commodity-linked option, forward commodity-linked contract, or any other instrument linked to commodities that gives rise to similar counterparty credit risks.

Company means a corporation, partnership, limited liability company, depository institution, business trust, special purpose entity, association, or similar organization.

Control. A person or company controls a company if it:

(1) Owns, controls, or holds with power to vote 25 percent or more of a class of voting securities of the company; or

(2) Consolidates the company for financial reporting purposes.

Controlled early amortization provision means an early amortization provision that meets all the following conditions:

(1) The originating bank has appropriate policies and procedures to ensure that it has sufficient capital and liquidity available in the event of an early amortization;
(2) Throughout the duration of the securitization (including the early amortization period), there is the same pro rata sharing of interest, principal, expenses, losses, fees, recoveries, and other cash flows from the underlying exposures based on the originating bank’s and the investors’ relative shares of the underlying exposures outstanding measured on a consistent monthly basis;

(3) The amortization period is sufficient for at least 90 percent of the total underlying exposures outstanding at the beginning of the early amortization period to be repaid or recognized as in default; and

(4) The schedule for repayment of investor principal is not more rapid than would be allowed by straight-line amortization over an 18-month period.

Credit derivative means a financial contract executed under standard industry credit derivative documentation that allows one party (the protection purchaser) to transfer the credit risk of one or more exposures (reference exposure) to another party (the protection provider). See also eligible credit derivative.

Credit-enhancing interest-only strip (CEIO) means an on-balance sheet asset that, in form or in substance:

(1) Represents a contractual right to receive some or all of the interest and no more than a minimal amount of principal due on the underlying exposures of a securitization; and

(2) Exposes the holder to credit risk directly or indirectly associated with the underlying exposures that exceed a pro rata share of the holder’s claim on the underlying exposures, whether through subordination provisions or other credit-enhancement techniques.

Credit-enhancing representations and warranties means representations and warranties that are made or assumed in connection with a transfer of underlying exposures (including loan servicing assets) and that obligate a bank to protect another party from losses arising from the credit risk of the underlying exposures. Credit-enhancing representations and warranties include provisions to protect a party from losses resulting from the default or nonperformance of the obligor of the underlying exposures or from an insufficiency in the value of the collateral backing the underlying exposures. Credit-enhancing representations and warranties do not include:

(1) Early default clauses and similar warranties that permit the return of, or premium refund clauses that cover, first-lien residential mortgage exposures for a period not to exceed 120 days from the date of transfer, provided that the date of transfer is within one year of origination of the residential mortgage exposure;

(2) Premium refund clauses that cover underlying exposures guaranteed, in whole or in part, by the U.S. government, a U.S. government agency, or a U.S. government sponsored enterprise, provided that the clauses are for a period not to exceed 120 days from the date of transfer; or

(3) Warranties that permit the return of underlying exposures in instances of misrepresentation, fraud, or incomplete documentation.

Credit risk mitigant means collateral, a credit derivative, or a guarantee.

Credit-risk-weighted assets means 1.06 multiplied by the sum of:

(1) Total wholesale and retail risk-weighted assets;

(2) Risk-weighted assets for securitization exposures; and

(3) Risk-weighted assets for equity exposures.

Current exposure means, with respect to a netting set, the larger of zero or the market value of a transaction or portfolio of transactions within the netting set that would be lost upon default of the counterparty, assuming no recovery on the value of the transactions. Current exposure is also called replacement cost.

Default—for Retail. (1) A retail exposure of a bank is in default if:

(A) The exposure is 180 days past due, in the case of a residential mortgage exposure or revolving exposure;

(B) The exposure is 120 days past due, in the case of all other retail exposures; or

(C) The bank has taken a full or partial charge-off, write-down of principal, or material negative fair value adjustment of principal on the exposure for credit-related reasons.

(ii) Notwithstanding paragraph (1)(i) of this definition, for a retail exposure held by a non-U.S. subsidiary of the bank that is subject to an internal ratings-based approach to capital adequacy consistent with the Basel Committee on Banking Supervision’s “International Convergence of Capital Measurement and Capital Standards: A Revised Framework” in a non-U.S. jurisdiction, the bank may elect to use the definition of default that is used in that jurisdiction, provided that the bank has obtained prior approval from the FDIC to use the definition of default in that jurisdiction.

(iii) A retail exposure in default remains in default until the bank has reasonable assurance of repayment and performance for all contractual principal and interest payments on the exposure.

(2) Wholesale. (1) A bank’s wholesale obligor is in default if:

(A) The bank determines that the obligor is unlikely to pay its credit obligations to the bank in full, without recourse by the bank to actions such as realizing collateral (if held); or
(B) The obligor is past due more than 90 days on any material credit obligation(s) to the bank.1

(ii) An obligor in default remains in default until the bank has reasonable assurance of repayment and performance for all contractual principal and interest payments on all exposures of the bank to the obligor (other than exposures that have been fully written-down or charged-off).

Dependence means a measure of the association among operational losses across and within units of measure.

Depository institution is defined in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813).

Derivative contract means a financial contract whose value is derived from the values of one or more underlying assets, reference rates, or indices of asset values or reference rates. Derivative contracts include interest rate derivative contracts, exchange rate derivative contracts, equity derivative contracts, commodity derivative contracts, credit derivative, and any other instrument that poses similar counterparty credit risks. Derivative contracts also include unsettled securities, commodities, and foreign exchange transactions with a contractual settlement or delivery lag that is longer than the lesser of the market standard for the particular instrument or five business days.

Early amortization provision means a provision in the documentation governing a securitization that, when triggered, causes investors in the securitization exposures to be repaid before the original stated maturity of the securitization exposures, unless the provision:

(1) Is triggered solely by events not directly related to the performance of the underlying exposures or the originating bank (such as material changes in tax laws or regulations); or

(2) Leaves investors fully exposed to future draws by obligors on the underlying exposures even after the provision is triggered.

Economic downturn conditions means, with respect to an exposure held by the bank, those conditions in which the aggregate default rates for that exposure’s wholesale or retail exposure subcategory (or subdivision of such subcategory selected by the bank) in the exposure’s national jurisdiction (or subdivision of such jurisdiction selected by the bank) are significantly higher than average.

Effective maturity (M) of a wholesale exposure means:

(1) For wholesale exposures other than repo-style transactions, eligible margin loans, and OTC derivative contracts described in paragraph (2) or (3) of this definition:

(i) The weighted-average remaining maturity (measured in years, whole or fractional) of the expected contractual cash flows from the exposure, using the undiscounted amounts of the cash flows as weights; or

(ii) The nominal remaining maturity (measured in years, whole or fractional) of the exposure.

(2) For repo-style transactions, eligible margin loans, and OTC derivative contracts subject to a qualifying master netting agreement for which the bank does not apply the internal models approach in paragraph (d) of section 32 of this appendix, the weighted-average remaining maturity (measured in years, whole or fractional) of the individual transactions subject to the qualifying master netting agreement, with the weight of each individual transaction set equal to the notional amount of the transaction.

(3) For repo-style transactions, eligible margin loans, and OTC derivative contracts for which the bank applies the internal models approach in paragraph (d) of section 32 of this appendix, the value determined in paragraph (d)(4) of section 32 of this appendix.

Effective notional amount means, for an eligible guarantee or eligible credit derivative, the lesser of the contractual notional amount of the credit risk mitigant and the EAD of the hedged exposure, multiplied by the percentage coverage of the credit risk mitigant. For example, the effective notional amount of an eligible guarantee that covers, on a pro rata basis, 40 percent of any losses on a $100 bond would be $40.

Eligible clean-up call means a clean-up call that:

(1) Is exercisable solely at the discretion of the originating bank or servicer;

(2) Is not structured to avoid allocating losses to securitization exposures held by investors or otherwise structured to provide credit enhancement to the securitization; and

(3)(i) For a traditional securitization, is only exercisable when 10 percent or less of the principal amount of the underlying exposures or securitization exposures (determined as of the inception of the securitization) is outstanding; or

(ii) For a synthetic securitization, is only exercisable when 10 percent or less of the principal amount of the reference portfolio of underlying exposures (determined as of the inception of the securitization) is outstanding.

Eligible credit derivative means a credit derivative in the form of a credit default swap, n-th-to-default swap, total return swap, or any other form of credit derivative approved by the FDIC, provided that:

by the protection purchaser and the protection provider;

(2) Any assignment of the contract has been confirmed by all relevant parties;

(3) If the credit derivative is a credit default swap or nth-to-default swap, the contract includes the following credit events:
   (i) Failure to pay any amount due under the credit derivative contract for a reference exposure, subject to any applicable minimal payment threshold that is consistent with standard market practice and with a grace period that is closely in line with the grace period of the reference exposure; and
   (ii) Bankruptcy, insolvency, or inability of the obligor on the reference exposure to pay its debts after its failure or admission in writing of its inability generally to pay its debts as they become due, and similar events;

(4) The terms and conditions dictating the manner in which the contract is to be settled are incorporated into the contract;

(5) If the contract allows for cash settlement, the contract incorporates a robust valuation process to estimate loss reliably and specifies a reasonable period for obtaining post-credit event valuations of the reference exposure;

(6) If the contract requires the protection purchaser to transfer an exposure to the protection provider at settlement, the terms of at least one of the exposures that is permitted to be transferred under the contract provides that any required consent to transfer may not be unreasonably withheld;

(7) If the credit derivative is a credit default swap or nth-to-default swap, the contract clearly identifies the parties responsible for determining whether a credit event has occurred, specifies that this determination is not the sole responsibility of the protection provider, and gives the protection purchaser the right to notify the protection provider of the occurrence of a credit event; and

(8) If the credit derivative is a total return swap and the bank records net payments received on the swap as net income, the bank records offsetting deterioration in the value of the hedged exposure (other than re-distributions in fair value or by an addition to reserves).

Eligible credit reserves means all general allowances that have been established through a charge against earnings to absorb credit losses associated with on- or off-balance sheet wholesale and retail exposures, including the allowance for loan and lease losses (ALLL) associated with such exposures but excluding allocated transfer risk reserves established pursuant to 12 U.S.C. 3904 and other specific reserves created against recognized losses.

   (i) At the time the guarantor issued the guarantee or credit derivative or at any time thereafter, the bank assigned a PD to the guarantor’s rating grade that was equal to or lower than the PD associated with a long-term external rating in the third-highest investment-grade rating category; and
   (ii) The bank currently assigns a PD to the guarantor’s rating grade that is equal to or lower than the PD associated with a long-term external rating in the lowest investment-grade rating category; or

   (i) The bank demonstrates that the guarantor is subject to consolidated supervision and regulation comparable to that imposed on U.S. depository institutions, securities broker-dealers, or insurance companies (as the case may be), or has issued and outstanding an unsecured long-term debt security without credit enhancement that has a long-term applicable external rating of at least investment grade;
   (ii) At the time the guarantor issued the guarantee or credit derivative or at any time thereafter, the bank assigned a PD to the guarantor’s rating grade that was equal to or lower than the PD associated with a long-term external rating in the third-highest investment-grade rating category; and
   (iii) The bank currently assigns a PD to the guarantor’s rating grade that is equal to or lower than the PD associated with a long-term external rating in the lowest investment-grade rating category.

Eligible guarantee means a guarantee that:

(2) Covers all or a pro rata portion of all contractual payments of the obligor on the reference exposure;

(3) Gives the beneficiary a direct claim against the protection provider;

(4) Is not unilaterally cancelable by the protection provider for reasons other than the breach of the contract by the beneficiary;

(5) Is legally enforceable against the protection provider in a jurisdiction where the
Federal Deposit Insurance Corporation

Protection provider has sufficient assets against which a judgment may be attached and enforced;
(6) Requires the protection provider to make payment to the beneficiary on the occurrence of a default (as defined in the guarantee) of the obligor on the reference exposure in a timely manner without the beneficiary first having to take legal actions to pursue the obligor for payment;
(7) Does not increase the beneficiary’s cost of credit protection on the guarantee in response to deterioration in the credit quality of the reference exposure; and
(8) Is not provided by an affiliate of the bank, unless the affiliate is an insured depository institution, bank, securities broker or dealer, or insurance company that:
(i) Does not control the bank; and

Eligible margin loan means an extension of credit where:
(1) The extension of credit is collateralized exclusively by liquid and readily marketable debt or equity securities, gold, or conforming residential mortgages;
(2) The collateral is marked to market daily, and the transaction is subject to daily margin maintenance requirements;
(3) The extension of credit is conducted under an agreement that provides the bank the right to accelerate and terminate the extension of credit and to liquidate or set off collateral promptly upon an event of default (including upon an event of bankruptcy, insolvency, or similar proceeding) of the counterparty, provided that, in any such case, any exercise of rights under the agreement will not be stayed or avoided under applicable law in the relevant jurisdictions; and
(4) The bank has conducted sufficient legal review to conclude with a well-founded basis (and maintains sufficient written documentation of that legal review) that the agreement meets the requirements of paragraph (3) of this definition and is legal, valid, binding, and enforceable under applicable law in the relevant jurisdictions.
Eligible operational risk offsets means amounts, not to exceed expected operational loss, that:
(1) Are generated by internal business practices to absorb highly predictable and reasonably stable operational losses, including reserves calculated consistent with GAAP; and
(2) Are available to cover expected operational losses with a high degree of certainty over a one-year horizon.
Eligible purchased wholesale exposure means a purchased wholesale exposure that:
(1) The bank or securitization SPE purchased from an unaffiliated seller and did not directly or indirectly originate;
(2) Was generated on an arm’s-length basis between the seller and the obligor (intercompany accounts receivable and receivables subject to contra-accounts between firms that buy and sell to each other do not satisfy this criterion);
(3) Provides the bank or securitization SPE with a claim on all proceeds from the exposure or a pro rata interest in the proceeds from the exposure;
(4) Has an M of less than one year; and
(5) When consolidated by obligor, does not represent a concentrated exposure relative to the portfolio of purchased wholesale exposures.

(2) Any other entity (other than a securitization SPE) that has a PD of less than one year.
Eligible servicer cash advance facility means a servicer cash advance facility in which:
(1) The servicer is entitled to full reimbursement of advances, except that a
Excluded mortgage exposure means any one- to four-family residential pre-sold construction loan for a residence for which the purchase contract is cancelled that would receive a 100 percent risk weight under section 618(a)(2) of the Resolution Trust Corporation Refinancing, Restructuring, and Improvement Act and under 12 CFR part 325, appendix A, section II.C.

Expected credit loss (ECL) means:

(1) For a wholesale exposure to a non-defaulted obligor or segment of non-defaulted retail exposures that is carried at fair value with gains and losses flowing through earnings or that is classified as held-for-sale and is carried at the lower of cost or fair value with losses flowing through earnings, zero.

(2) For all other wholesale exposures to non-defaulted obligors or segments of non-defaulted retail exposures, the product of PD times LGD times EAD for the exposure or segment.

(3) For a wholesale exposure to a defaulted obligor or segment of defaulted retail exposures, the bank’s impairment estimate for allowance purposes for the exposure or segment.

(4) Total ECL is the sum of expected credit losses for all wholesale and retail exposures other than exposures for which the bank has applied the double default treatment in section 34 of this appendix.

Expected exposure (EE) means the expected value of the probability distribution of non-negative credit risk exposures to a counterparty at any specified future date before the maturity date of the longest term transaction in the netting set. Any negative market values in the probability distribution of market values to a counterparty at a specified future date are set to zero to convert the probability distribution of market values to the probability distribution of credit risk exposures.

Expected operational loss (EOL) means the expected value of credit risk exposures to a counterparty where the weights are the proportion of the time interval that an individual expected exposure represents. When calculating risk-based capital requirements, the average is taken over a one-year horizon.

Expected positive exposure (EPE) means the weighted average over time of expected (non-negative) exposures to a counterparty where

Exposure at default (EAD). (1) For the on-balance sheet component of a wholesale exposure or segment of retail exposures (other than an OTC derivative contract, or a repurchase or margin loan for which the bank determines EAD under section 32 of this appendix), EAD means:

(1) If the exposure or segment is a security classified as available-for-sale, the bank’s carrying value (including net accrued but
unpaid interest and fees) for the exposure or segment less any allocated transfer risk reserve for the exposure or segment, less any unrealized gains on the exposure or segment, and plus any unrealized losses on the exposure or segment; or

(ii) If the exposure or segment is not a security classified as available-for-sale, the bank's carrying value (including net accrued but unpaid interest and fees) for the exposure or segment less any allocated transfer risk reserve for the exposure or segment.

(2) For the off-balance sheet component of a wholesale exposure or segment of retail exposures (other than an OTC derivative contract, a repo-style transaction or eligible margin loan for which the bank determines EAD under section 32 of this appendix) in the form of a loan commitment, line of credit, trade-related letter of credit, or transaction-related contingency, EAD means the bank's best estimate of net additions to the outstanding amount owed the bank, including estimated future additional draws of principal and accrued but unpaid interest and fees, that are likely to occur over a one-year horizon assuming the wholesale exposure or the retail exposures in the segment were to go into default. This estimate of net additions must reflect what would be expected during economic downturn conditions.

Trade-related letters of credit are short-term, self-liquidating instruments that are used to finance the movement of goods and are collateralized by the underlying goods. Transaction-related contingencies relate to a particular transaction and include, among other things, performance bonds and performance-based letters of credit.

(3) For the off-balance sheet component of a wholesale exposure or segment of retail exposures (other than an OTC derivative contract, a repo-style transaction or eligible margin loan for which the bank determines EAD under section 32 of this appendix) in the form of anything other than a loan commitment, line of credit, trade-related letter of credit, or transaction-related contingency, EAD means the notional amount of the exposure or segment.

(4) EAD for OTC derivative contracts is calculated as described in section 32 of this appendix. A bank also may determine EAD for repo-style transactions and eligible margin loans as described in section 32 of this appendix.

(5) For wholesale or retail exposures in which only the drawn balance has been securitized, the bank must reflect its share of the exposures' undrawn balances in EAD. Undrawn balances of revolving exposures for which the drawn balances have been securitized must be allocated between the seller's and investors' interests on a pro rata basis, based on the proportions of the seller's and investors' shares of the securitized drawn balances.

Exposure category means any of the wholesale, retail, securitization, or equity exposure categories.

External operational loss event data means, with respect to a bank, gross operational loss amounts, dates, recoveries, and relevant causal information for operational loss events occurring at organizations other than the bank.

External rating means a credit rating that is assigned by an NRSRO to an exposure, provided:

(1) The credit rating fully reflects the entire amount of credit risk with regard to all payments owed to the holder of the exposure. If a holder is owed principal and interest on an exposure, the credit rating must fully reflect the credit risk associated with timely repayment of principal and interest. If a holder is owed only principal on an exposure, the credit rating must fully reflect only the credit risk associated with timely repayment of principal; and

(2) The credit rating is published in an accessible form and is or will be included in the transition matrices made publicly available by the NRSRO that summarize the historical performance of positions rated by the NRSRO.

Financial collateral means collateral:

(1) In the form of:

(i) Cash on deposit with the bank (including cash held for the bank by a third-party custodian or trustee);

GAAP means generally accepted accounting principles as used in the United States.

Gain-on-sale means an increase in the equity capital (as reported on Schedule RC of the Call Report) of a bank that results from a securitization (other than an increase in equity capital that results from the bank's receipt of cash in connection with the securitization).
Guarantee means a financial guarantee, letter of credit, insurance, or other similar financial instrument (other than a credit derivative) that allows one party (beneficiary) to transfer the credit risk of one or more specific exposures (reference exposure) to another party (protection provider). See also eligible guarantee.

High volatility commercial real estate (HVCRE) exposure means a credit facility that finances or has financed the acquisition, development, or construction (ADC) of real property, unless the facility finances:

(1) One- to four-family residential properties; or
(2) Commercial real estate projects in which:

(i) The loan-to-value ratio is less than or equal to the applicable maximum supervisory loan-to-value ratio in the FDIC’s real estate lending standards at 12 CFR part 365, appendix A.

(ii) The borrower has contributed capital to the project in the form of cash or unencumbered readily marketable assets (or has paid development expenses out-of-pocket) of at least 15 percent of the real estate’s appraised “as completed” value; and

(iii) The borrower contributed the amount of capital required by paragraph (2)(ii) of this definition before the bank advances funds under the credit facility, and the capital contributed by the borrower, or internally generated by the project, is contractually required to remain in the project throughout the life of the project. The life of a project concludes only when the credit facility is converted to permanent financing or is sold or paid in full. Permanent financing may be provided by the bank that provided the ADC facility as long as the permanent financing is subject to the bank’s underwriting criteria for long-term mortgage loans.

Inferred rating. A securitization exposure has an inferred rating equal to the external rating referenced in paragraph (2)(i) of this definition if:

(1) The securitization exposure does not have an external rating; and
(2) Another securitization exposure issued by the same issuer and secured by the same underlying exposures:

(i) Has an external rating;

Investing bank means, with respect to a securitization, a bank that assumes the credit risk of a securitization exposure (other than an originating bank of the securitization). In the typical synthetic securitization, the investing bank sells credit protection on a pool of underlying exposures to the originating bank.

Investment fund means a company:

(1) All or substantially all of the assets of which are financial assets; and

(2) That has no material liabilities.

Investors’ interest EAD means, with respect to a securitization, the EAD of the underlying exposures multiplied by the ratio of:

(1) The total amount of securitization exposures issued by the securitization SPE to investors; divided by

(2) The outstanding principal amount of underlying exposures.

Loss given default (LGD) means:

(1) For a wholesale exposure, the greatest of:

(i) Zero;

(ii) The bank’s empirically based best estimate of the long-run default-weighted average economic loss, per dollar of EAD, the bank would expect to incur if the obligor (or a typical obligor in the loss severity grade assigned by the bank to the exposure) were to default within a one-year horizon over a mix of economic conditions, including economic downturn conditions; or

(iii) The bank’s empirically based best estimate of the economic loss, per dollar of EAD, the bank would expect to incur if the obligor (or a typical obligor in the loss severity grade assigned by the bank to the exposure) were to default within a one-year horizon during economic downturn conditions.

(2) For a segment of retail exposures, the greatest of:

(i) Zero;

(ii) The bank’s empirically based best estimate of the long-run default-weighted average economic loss, per dollar of EAD, the bank would expect to incur if the exposure in the segment were to default within a one-year horizon over a mix of economic conditions, including economic downturn conditions; or

(iii) The bank’s empirically based best estimate of the economic loss, per dollar of EAD, the bank would expect to incur if the exposure in the segment were to default within a one-year horizon during economic downturn conditions.

(3) The economic loss on an exposure in the event of default is all material credit-related losses on the exposure (including accrued but
unpaid interest or fees, losses on the sale of collateral, direct workout costs, and an appropriate allocation of indirect workout costs. Where positive or negative cash flows on a wholesale exposure to a defaulted obligor or a defaulted retail exposure (including proceeds from the sale of collateral, workout costs, additional extensions of credit to facilitate repayment of the exposure, and draw-downs of unused credit lines) occur after the date of default, the economic loss must reflect the net present value of cash flows as of the default date using a discount rate appropriate to the risk of the defaulted exposure.

Main index means the Standard & Poor’s 500 Index, the FTSE All-World Index, and any other index for which the bank can demonstrate to the satisfaction of the FDIC that the equities represented in the index have comparable liquidity, depth of market, and size of bid-ask spreads as equities in the Standard & Poor’s 500 Index and FTSE All-World Index.

Multilateral development bank means the International Bank for Reconstruction and Development, the International Finance Corporation, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, the European Bank for Reconstruction and Development, the European Investment Bank, the European Investment Fund, the Nordic Investment Bank, the Caribbean Development Bank, the Islamic Development Bank, the Council of Europe Development Bank, and any other multilateral lending institution or regional development bank in which the U.S. government is a shareholder or contributing member or which the FDIC determines poses comparable credit risk.

Netting set means a group of transactions with a single counterparty that are subject to a qualifying master netting agreement or qualifying cross-product master netting agreement. For purposes of the internal models methodology in paragraph (d) of section 32 of this appendix, each transaction that is not subject to such a master netting agreement is its own netting set.

Nth-to-default credit derivative means a credit derivative that provides credit protection only for the nth-defaulting reference exposure in a group of reference exposures.

Obligor means the legal entity or natural person contractually obligated on a wholesale exposure, except that a bank may treat the following exposures as having separate obligors:

(1) Exposures to the same legal entity or natural person denominated in different currencies;

(2)(i) An income-producing real estate exposure for which all or substantially all of the repayment of the exposure is reliant on the cash flows of the real estate serving as collateral for the exposure; the bank, in economic substance, does not have recourse to the borrower beyond the real estate collateral; and no cross-default or cross-acceleration clauses are in place other than clauses obtained solely out of an abundance of caution; and

(ii) Other credit exposures to the same legal entity or natural person; and

(3)(i) A wholesale exposure authorized under section 364 of the U.S. Bankruptcy Code (11 U.S.C. 364) to a legal entity or natural person who is a debtor-in-possession for purposes of Chapter 11 of the Bankruptcy Code; and

(ii) Other credit exposures to the same legal entity or natural person.

Operational loss means a loss (excluding insurance or tax effects) resulting from an operational loss event. Operational loss includes all expenses associated with an operational loss event except for opportunity costs, forgone revenue, and costs related to risk management and control enhancements implemented to prevent future operational losses.

Operational loss event means an event that results in loss and is associated with any of the following seven operational loss event type categories:

(1) Internal fraud, which means the operational loss event type category that comprises operational losses resulting from an act involving at least one internal party of a type intended to defraud, misappropriate property, or circumvent regulations, the law, or company policy, excluding diversity- and discrimination-type events.

(2) External fraud, which means the operational loss event type category that comprises operational losses resulting from an act by a third party of a type intended to defraud, misappropriate property, or circumvent the law. Retail credit card losses arising from non-contractual, third-party initiated fraud (for example, identity theft) are external fraud operational losses. All other third-party initiated credit losses are to be treated as credit risk losses.

(3) Employment practices and workplace safety, which means the operational loss event type category that comprises operational losses resulting from an act inconsistent with employment, health, or safety laws or agreements, payment of personal injury claims, or payment arising from diversity- and discrimination-type events.

(4) Clients, products, and business practices, which means the operational loss...
event type category that comprises operational losses resulting from the nature or design of a product or from an unintentional or negligent failure to meet a professional obligation to its clients (including fiduciary and suitability requirements).

**Operational risk** means the risk of loss resulting from inadequate or failed internal processes, people, and systems or from external events (including legal risk but excluding strategic and reputational risk).

**Operational risk exposure** means the 99.9th percentile of the distribution of potential aggregate operational losses, as generated by the bank’s operational risk quantification system over a one-year horizon (and not incorporating eligible operational risk offsets or qualifying operational risk mitigants).

**Originating bank**, with respect to a securitization, means a bank that:

(1) An exposure to an individual for non-business purposes; or

(2) An exposure to an individual or company for business purposes if the bank’s consolidated business credit exposure to the individual or company is $1 million or less.

**Over-the-counter (OTC) derivative contract** means a derivative contract that is not traded on an exchange that requires the daily receipt and payment of cash-variation margin.

**Probability of default (PD)** means:

(1) For a wholesale exposure to a non-defaulted obligor, the bank’s empirically based best estimate of the long-run average one-year default rate for the rating grade assigned by the bank to the obligor, capturing the average default experience for obligors in the rating grade over a mix of economic conditions (including economic downturn conditions) sufficient to provide a reasonable estimate of the average one-year default rate over the economic cycle for the rating grade.

(2) For a segment of non-defaulted retail exposures, the bank’s empirically based best estimate of the long-run average one-year default rate for the exposures in the segment, capturing the average default experience for exposures in the segment over a mix of economic conditions (including economic downturn conditions) sufficient to provide a reasonable estimate of the average one-year default rate over the economic cycle for the segment and adjusted upward as appropriate for segments for which seasoning effects are material. For purposes of this definition, a segment for which seasoning effects are material is a segment where there is a material relationship between the time since origination of exposures within the segment and the bank’s best estimate of the long-run average one-year default rate for the exposures in the segment.

(3) For a wholesale exposure to a defaulted obligor or segment of defaulted retail exposures, 100 percent.

**Protection amount (P)** means, with respect to an exposure hedged by an eligible guarantee or eligible credit derivative, the effective notional amount of the guarantee or credit derivative, reduced to reflect any currency mismatch, maturity mismatch, or lack of restructuring coverage (as provided in section 33 of this appendix).

(i) Is registered with, or approved by, a national securities regulatory authority; and

(ii) Provides a liquid, two-way market for the instrument in question, meaning that there are enough independent bona fide offers to buy and sell so that a sales price reasonably related to the last sales price or current bona fide competitive bid and offer quotations can be determined promptly and a trade can be settled at such a price within five business days.

**Qualifying central counterparty** means a counterparty (for example, a clearinghouse) that:

(1) Facilitates trades between counterparties in one or more financial markets by either guaranteeing trades or novating contracts;

(2) Requires all participants in its arrangements to be fully collateralized on a daily basis; and
Qualifying netting agreement means a netting agreement that provides for termination and close-out netting across multiple types of financial transactions or qualifying master netting agreements in the event of a counterparty’s default, provided that:

1. The agreement creates a single legal obligation for all individual transactions covered by the agreement upon an event of default, including bankruptcy, insolvency, or similar proceeding, of the counterparty;
2. The agreement provides the bank the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set off collateral promptly upon an event of default, including upon an event of bankruptcy, insolvency, or similar proceeding, of the counterparty;
3. The bank has conducted sufficient legal review to conclude with a well-founded basis (and maintains sufficient written documentation of that legal review) that:
   1. The agreement meets the requirements of paragraph (2) of this definition; and
   2. In the event of a legal challenge (including one resulting from default or from bankruptcy, insolvency, or similar proceeding) the relevant court and administrative authorities would find the agreement to be legal, valid, binding, and enforceable under the law of the relevant jurisdictions;
   3. The bank establishes and maintains procedures to monitor possible changes in relevant law and to ensure that the agreement continues to satisfy the requirements of this definition; and
   4. The agreement does not contain a walkaway clause (that is, a provision that permits a non-defaulting counterparty to make a lower payment than it would make otherwise under the agreement, or no payment at all, to a defaulter or the estate of a defaulter, even if the defaulter or the estate of the defaulter is a net creditor under the agreement).

Qualifying revolving exposure (QRE) means an exposure (other than a securitization exposure or equity exposure) to an individual that is managed as part of a segment of exposures with homogeneous risk characteristics, not on an individual-exposure basis, and:

1. Is revolving (that is, the amount outstanding fluctuates, determined largely by the borrower’s decision to borrow and repay, up to a pre-established maximum amount);
2. Is unsecured and unconditionally cancelable by the bank to the fullest extent permitted by Federal law; and
3. Has a maximum exposure amount (drawn plus undrawn) of up to $100,000.

2. The transaction is marked-to-market daily and subject to daily margin maintenance requirements;
3. Has a maximum exposure amount (drawn plus undrawn) of up to $100,000.

2. The transaction is marked-to-market daily and subject to daily margin maintenance requirements;
3. Has a maximum exposure amount (drawn plus undrawn) of up to $100,000.
(and maintains sufficient written documentation of that legal review) that the agreement meets the requirements of paragraph (3) of this definition and is legal, valid, binding, and enforceable under applicable law in the relevant jurisdictions.

Residential mortgage exposure means an exposure (other than a securitization exposure, equity securities, or excluded mortgage exposure) that is managed as part of a segment of exposures with homogeneous risk characteristics, not on an individual-exposure basis, and is:

(1) An exposure that is primarily secured by a first or subsequent lien on one- to four-family residential property; or

Retail exposure means a residential mortgage exposure, a qualifying revolving exposure, or an other retail exposure.

Retail exposure subcategory means the residential mortgage exposure, qualifying revolving exposure, or other retail exposure subcategory.

Risk parameter means a variable used in determining risk-based capital requirements for wholesale and retail exposures, specifically probability of default (PD), loss given default (LGD), exposure at default (EAD), or effective maturity (M).

Scenario analysis means a systematic process of obtaining expert opinions from business managers and risk management experts to derive reasoned assessments of the likelihood and loss impact of plausible high-severity operational losses. Scenario analysis may include the well-reasoned evaluation and use of external operational loss event data, adjusted as appropriate to ensure relevance to a bank’s operational risk profile and control structure.

SEC means the U.S. Securities and Exchange Commission.

Securitization means a traditional securitization or a synthetic securitization.

Securitization exposure means an on-balance sheet or off-balance sheet credit exposure that arises from a traditional or synthetic securitization (including credit-enhancing representations and warranties).

Securitization special purpose entity (securitization SPE) means a corporation, trust, or other entity organized for the specific purpose of holding underlying exposures of a securitization, the activities of which are limited to those appropriate to accomplish this purpose, and the structure of which is intended to isolate the underlying exposures held by the entity from the credit risk of the seller of the underlying exposures to the entity.

Senior securitization exposure means a securitization exposure that has a first priority claim on the cash flows from the underlying exposures. When determining whether a securitization exposure has a first priority claim on the cash flows from the underlying exposures, a bank is not required to consider amounts due under interest rate or currency derivative contracts, fees due, or other similar payments. Both the most senior commercial paper issued by an ABCP program and a liquidity facility that supports the ABCP program may be senior securitization exposures if the liquidity facility provider’s right to reimbursement of the drawn amounts is senior to all claims on the cash flows from the underlying exposures except amounts due under interest rate or currency derivative contracts, fees due, or other similar payments.

Servicer cash advance facility means a facility under which the servicer of the underlying exposures of a securitization may advance cash to ensure an uninterrupted flow of payments to investors in the securitization, including advances made to cover foreclosure costs or other expenses to facilitate the timely collection of the underlying exposures. See also eligible servicer cash advance facility.

Sovereign entity means a central government (including the U.S. government) or an agency, department, ministry, or central bank of a central government.

Sovereign exposure means:

(1) A direct exposure to a sovereign entity; or

(2) An exposure directly and unconditionally backed by the full faith and credit of a sovereign entity.

Subsidiary means, with respect to a company, a company controlled by that company.

Synthetic securitization means a transaction in which:

(1) All or a portion of the credit risk of one or more underlying exposures is transferred to one or more third parties through the use of one or more credit derivatives or guarantors (other than a guarantee that transfers only the credit risk of an individual retail exposure);

(2) The credit risk associated with the underlying exposures has been separated into at least two tranches reflecting different levels of seniority;

(3) Performance of the securitization exposures depends upon the performance of the underlying exposures; and

(4) All or substantially all of the underlying exposures are financial exposures (such as loans, commitments, credit derivatives, guarantees, receivables, asset-backed securitization programs, mortgage-backed securities, other debt securities, or equity securities).

Tier 1 capital is defined in 12 CFR part 325, appendix A, as modified in part II of this appendix.
Tier 2 capital is defined in 12 CFR part 325, appendix A, as modified in part II of this appendix.

Total qualifying capital means the sum of tier 1 capital and tier 2 capital, after all deductions required in this appendix.

Total risk-weighted assets means:

1. The sum of:
   (i) Credit risk-weighted assets; and
   (ii) Risk-weighted assets for operational risk; minus

2. Excess eligible credit reserves not included in tier 2 capital.

Total wholesale and retail risk-weighted assets means the sum of risk-weighted assets for wholesale exposures to non-defaulted obligors and segments of non-defaulted retail exposures; risk-weighted assets for wholesale exposures to defaulted obligors and segments of defaulted retail exposures; risk-weighted assets for assets not defined by an exposure category; and risk-weighted assets for non-material portfolios of exposures (all as determined in section 31 of this appendix) and risk-weighted assets for unsettled transactions (as determined in section 35 of this appendix) minus the amounts deducted from capital pursuant to 12 CFR part 325, appendix A (excluding those deductions reversed in section 12 of this appendix).

Traditional securitization means a transaction in which:

1. All or a portion of the credit risk of one or more underlying exposures is transferred to one or more third parties other than through the use of credit derivatives or guarantees;

2. The credit risk associated with the underlying exposures has been separated into at least two tranches reflecting different levels of seniority;

3. Performance of the securitization exposures depends upon the performance of the underlying exposures;

4. All or substantially all of the underlying exposures are financial exposures (such as loans, commitments, credit derivatives, guarantees, receivables, asset-backed securities, mortgage-backed securities, other debt securities, or equity securities);

5. The underlying exposures are not owned by an operating company;

6. The underlying exposures are not owned by a small business investment company described in section 362 of the Small Business Investment Act of 1958 (15 U.S.C. 682); and

7. The underlying exposures are not owned by a firm in an investment in which qualifies as a community development investment under 12 U.S.C. 24(Eleventh).

8. The FDIC may determine that a transaction in which the underlying exposures are owned by an investment firm that exercises substantially unfettered control over the size and composition of its assets, liabilities, and off-balance sheet exposures is not a traditional securitization based on the transaction’s leverage, risk profile, or economic substance.

9. The FDIC may deem a transaction that meets the definition of a traditional securitization, notwithstanding paragraph (5), (6), or (7) of this definition, to be a traditional securitization based on the transaction’s leverage, risk profile, or economic substance.

Tranche means all securitization exposures associated with a securitization that have the same seniority level.

Underlying exposures means one or more exposures that have been securitized in a securitization transaction.

Unexpected operational loss (UOL) means the difference between the bank’s operational risk exposure and the bank’s expected operational loss.

Unit of measure means the level (for example, organizational unit or operational loss event type) at which the bank’s operational risk quantification system generates a separate distribution of potential operational losses.

Value-at-Risk (VaR) means the estimate of the maximum amount that the value of one or more exposures could decline due to market price or rate movements during a fixed holding period within a stated confidence interval.

Wholesale exposure means a credit exposure to a company, natural person, sovereign entity, or governmental entity (other than a holding company) and includes mortgage exposure, or equity exposure. Examples of a wholesale exposure include:

1. A non-tranched guarantee issued by a bank on behalf of a company;

2. A repo-style transaction entered into by a bank with a company and any other transaction in which a bank posts collateral to a company and faces counterparty credit risk;

3. An exposure that a bank treats as a covered position under 12 CFR part 325, appendix C for which there is a counterparty credit risk capital requirement;

4. A sale of corporate loans by a bank to a third party in which the bank retains full recourse;

5. An OTC derivative contract entered into by a bank with a company;

6. An exposure to an individual that is not managed by a bank as part of a segment of exposures with homogeneous risk characteristics; and

7. A commercial lease.

Wholesale exposure subcategory means the HVCRE or non-HVCRE wholesale exposure subcategory.

Section 3. Minimum Risk-Based Capital Requirements

(a) Except as modified by paragraph (c) of this section or by section 23 of this appendix, each bank must meet a minimum ratio of:

Federal Deposit Insurance Corporation
Pt. 325, App. D
Pt. 325, App. D

(1) Total qualifying capital to total risk-weighted assets of 8.0 percent; and
(2) Tier 1 capital to total risk-weighted assets of 4.0 percent.

(b) Each bank must hold capital commensurate with the level and nature of all risks to which the bank is exposed.

(c) When a bank subject to 12 CFR part 325, appendix D calculates its risk-based capital requirements under this appendix, the bank must also refer to 12 CFR part 325, appendix C for supplemental rules to calculate risk-based capital requirements adjusted for market risk.

PART II. QUALIFYING CAPITAL

Section 11. Additional Deductions

(a) General. A bank that uses this appendix must make the same deductions from its tier 1 capital and tier 2 capital required in 12 CFR part 325, appendix A, except that:

(1) A bank is not required to deduct certain equity investments and CEIOs (as provided in section 12 of this appendix) and

(2) A bank also must make the deductions from capital required by paragraphs (b) and (c) of this section.

(b) Deductions from tier 1 capital. A bank must deduct from tier 1 capital any gain-on-sale associated with a securitization exposure as provided in paragraph (a) of section 41 and paragraphs (a)(1), (c), (g)(1), and (h)(1) of section 42 of this appendix.

(c) Deductions from tier 1 and tier 2 capital. A bank must deduct the exposures specified in paragraphs (c)(1) through (c)(7) in this section any eligible credit reserves exceed the bank’s actual tier 2 capital, however, the bank must deduct the excess from tier 1 capital.

(1) Credit-enhancing interest-only strips (CEIOs). In accordance with paragraphs (a)(1) and (c) of section 42 of this appendix, any CEIO that does not constitute gain-on-sale.

(2) Non-qualifying securitization exposures. In accordance with paragraphs (a)(4) and (c) of section 42 of this appendix, any securitization exposure that does not qualify for the Ratings-Based Approach, the Internal Assessment Approach, or the Supervisory Formula Approach under sections 43, 44, and 45 of this appendix, respectively.

(3) Securitizations of non-IRB exposures. In accordance with paragraphs (c) and (g)(4) of section 42 of this appendix, certain exposures to a securitization any underlying exposure of which is not a wholesale exposure, retail exposure, securitization exposure, or equity exposure.

(4) Low-rated securitization exposures. In accordance with section 43 and paragraph (c) of section 42 of this appendix, any securitization exposure that qualifies for and must be deducted under the Ratings-Based Approach.

(5) High-risk securitization exposures subject to the Supervisory Formula Approach. In accordance with paragraphs (b) and (c) of section 45 of this appendix and paragraph (c) of section 42 of this appendix, certain high-risk securitization exposures (or portions thereof) that qualify for the Supervisory Formula Approach.

(d) Bank subject to 12 CFR part 325, appendix C.

(1) High-risk securitization exposures subject to the Supervisory Formula Approach. In accordance with paragraphs (a)(4) and (g)(4) of section 45 of this appendix, certain high-risk securitization exposures (or portions thereof) that qualify for the Supervisory Formula Approach.

(3) High-risk securitization exposures subject to the Supervisory Formula Approach. In accordance with paragraphs (b) and (c) of section 45 of this appendix and paragraph (d) of section 42 of this appendix, certain high-risk securitization exposures (or portions thereof) that qualify for the Supervisory Formula Approach.

(4) Bank subject to 12 CFR part 325, appendix C.

(iii) Certain failed capital markets transactions. In accordance with paragraph (e)(3) of section 35 of this appendix, the bank’s exposure on certain failed capital markets transactions.

Section 12. Deductions and Limitations Not Required

(a) Deduction of CEIOs. A bank is not required to make the deductions from capital for CEIOs in 12 CFR part 325, appendix A, section II.B.5.

(b) Deduction for certain equity investments. A bank is not required to make the deductions from capital for nonfinancial equity investments in 12 CFR part 325, appendix A, section II.B.

Section 13. Eligible Credit Reserves

(a) Comparison of eligible credit reserves to expected credit losses—(1) Shortfall of eligible credit reserves. If a bank’s eligible credit reserves are less than the bank’s total expected credit losses, the bank must deduct the shortfall amount 50 percent from tier 1 capital and 50 percent from tier 2 capital. If the amount deductible from tier 2 capital exceeds the bank’s actual tier 2 capital, the bank must deduct the excess amount from tier 1 capital.

(2) Excess eligible credit reserves. If a bank’s eligible credit reserves exceed the bank’s total expected credit losses, the bank may include the excess amount in tier 2 capital to the extent that the excess amount does not exceed 0.5 percent of the bank’s credit-risk-weighted assets.

(b) Treatment of allowance for loan and lease losses. Regardless of any provision in 12 CFR part 325, appendix A, the ALLL is included in tier 2 capital only to the extent provided in paragraph (a)(2) of this section and in section 24 of this appendix.

PART III. QUALIFICATION

Section 21. Qualification Process

(a) Timing. (1) A bank that is described in paragraph (b)(1) of section 1 of this appendix must adopt a written implementation plan no later than six months after the later of April 1, 2008, or the date the bank meets a
criterion in that section. The implementation plan must incorporate an explicit first floor period start date no later than 36 months after the later of April 1, 2008, or the date the bank meets at least one criterion under paragraph (b)(1) of section 1 of this appendix. The FDIC may extend the first floor period start date.

(b) A bank that elects to be subject to this appendix under paragraph (b)(2) of section 1 of this appendix must adopt a written implementation plan.

(b) Implementation plan. (1) The bank’s implementation plan must address in detail how the bank complies, or plans to comply, with the qualification requirements in section 22 of this appendix. The bank also must maintain a comprehensive and sound planning and governance process to oversee the implementation efforts described in the plan. At a minimum, the plan must:

(i) Comprehensively address the qualification requirements in section 22 of this appendix for the bank and each consolidated subsidiary (U.S. and foreign-based) of the bank with respect to all portfolios and exposures of the bank and each of its consolidated subsidiaries;

(ii) Justify and support any proposed temporary or permanent exclusion of business lines, portfolios, or exposures from application of the advanced approaches in this appendix (which business lines, portfolios, and exposures must be, in the aggregate, immaterial to the bank);

(iii) Include the bank’s self-assessment of:

(A) The bank’s current status in meeting the qualification requirements in section 22 of this appendix; and

(B) The consistency of the bank’s current practices with the FDIC’s supervisory guidance on the qualification requirements;

(iv) Based on the bank’s self-assessment, identify and describe the areas in which the bank proposes to undertake additional work to comply with the qualification requirements in section 22 of this appendix or to improve the consistency of the bank’s current practices with the FDIC’s supervisory guidance on the qualification requirements (gap analysis);

(v) Describe what specific actions the bank will take to address the areas identified in the gap analysis required by paragraph (b)(1)(iv) of this section;

(vi) Identify objective, measurable milestones, including delivery dates and a date when the bank’s implementation of the methodologies described in this appendix will be fully operational;

(vii) Describe resources that have been budgeted and are available to implement the plan; and

(viii) Receive approval of the bank’s board of directors.

(2) The bank must submit the implementation plan, together with a copy of the minutes of the board of directors’ approval, to the FDIC at least 60 days before the bank proposes to begin its parallel run, unless the FDIC waives prior notice.

(c) Parallel run. Before determining its risk-based capital requirements under this appendix and following adoption of the implementation plan, the bank must conduct a satisfactory parallel run. A satisfactory parallel run is a period of no less than four consecutive calendar quarters during which the bank complies with the qualification requirements in section 22 of this appendix to the satisfaction of the FDIC. During the parallel run, the bank must report to the FDIC on a calendar quarterly basis its risk-based capital ratios using 12 CFR part 325, appendix A and the risk-based capital requirements described in this appendix. During this period, the bank is subject to 12 CFR part 325, appendix A.

(d) Approval to calculate risk-based capital requirements under this appendix. The FDIC will notify the bank of the date that the bank may begin its first floor period if the FDIC determines that:

(1) The bank fully complies with all the qualification requirements in section 22 of this appendix;

(2) The bank has conducted a satisfactory parallel run under paragraph (c) of this section; and

(3) The bank has an adequate process to ensure ongoing compliance with the qualification requirements in section 22 of this appendix.

(e) Transitional floor periods. Following a satisfactory parallel run, a bank is subject to three transitional floor periods.

(1) Risk-based capital ratios during the transitional floor periods—(i) Tier 1 risk-based capital ratio. During a bank’s transitional floor periods, the bank’s tier 1 risk-based capital ratio is equal to the lower of:

(A) The bank’s floor-adjusted tier 1 risk-based capital ratio; or

(B) The bank’s advanced approaches tier 1 risk-based capital ratio.

(ii) Total risk-based capital ratio. During a bank’s transitional floor periods, the bank’s total risk-based capital ratio is equal to the lower of:

(A) The bank’s floor-adjusted total risk-based capital ratio; or

(B) The bank’s advanced approaches total risk-based capital ratio.

(2) Floor-adjusted risk-based capital ratios. (i) A bank’s floor-adjusted tier 1 risk-based capital ratio during a transitional floor period is equal to the bank’s tier 1 capital as calculated under 12 CFR part 325, appendix A, divided by the product of:

(A) The bank’s total risk-weighted assets as calculated under 12 CFR part 325, appendix A; and

(B) The appropriate transitional floor percentage in Table 1.
A bank’s floor-adjusted total risk-based capital ratio during a transitional floor period is equal to the sum of the bank’s tier 1 and tier 2 capital as calculated under 12 CFR part 325, appendix A, divided by the product of:

(A) The bank’s total risk-weighted assets as calculated under 12 CFR part 325, appendix A; and

(B) The appropriate transitional floor percentage in Table 1.

A bank that meets the criteria in paragraph (b)(1) or (b)(2) of section 1 of this appendix as of April 1, 2008, must use 12 CFR part 325, appendix A during the parallel run and as the basis for its transitional floors.

Advanced approaches risk-based capital ratios. (i) A bank’s advanced approaches tier 1 risk-based capital ratio equals the bank’s tier 1 risk-based capital ratio as calculated under this appendix (other than this section on transitional floor periods).

(ii) A bank’s advanced approaches total risk-based capital ratio equals the bank’s total risk-based capital ratio as calculated under this appendix (other than this section on transitional floor periods).

Reporting. During the transitional floor periods, a bank must report to the FDIC on a calendar quarterly basis both floor-adjusted total risk-based capital ratios and both advanced approaches risk-based capital ratios.

Exiting a transitional floor period. A bank may not exit a transitional floor period until the bank has spent a minimum of four consecutive calendar quarters in the period and the FDIC has determined that the bank may exit the floor period. The FDIC’s determination will be based on an assessment of the bank’s ongoing compliance with the qualification requirements of this section and is appropriate given the bank’s size and complexity. Regardless of whether the systems and models that generate the risk parameters necessary for calculating a bank’s risk-based capital requirements are located at any affiliate of the bank, the bank itself must ensure that the risk parameters and reference data used to determine its risk-based capital requirements are representative of its own credit risk and operational risk exposures.

For wholesale exposures:

(i) A bank must have an internal risk rating system that accurately and reliably assigns each obligor to a single rating grade if a guarantee can no longer be recognized under this appendix. The bank’s wholesale obligor rating system must have at least seven discrete rating grades for non-defaulted obligors and at least one rating grade for defaulted obligors.

(ii) Unless the bank has chosen to directly assign LGD estimates to each wholesale exposure, the bank must have an internal risk rating system that accurately and reliably assigns each wholesale exposure to a loss severity rating grade (reflecting the bank’s estimate of the LGD of the exposure). A bank
employing loss severity rating grades must have a sufficiently granular loss severity grading system to avoid grouping together exposures with widely ranging LGDs.

(4) The bank's internal risk rating policy for wholesale exposures must describe the bank's rating philosophy (that is, must describe how wholesale obligor rating assignments are affected by the bank’s choice of the range of economic, business, and industry conditions that are considered in the obligor rating process).

(5) The bank's internal risk rating system for wholesale exposures must provide for the review and update (as appropriate) of assignments of retail exposures to subcategories whenever the bank receives new material information, but no less frequently than annually. The bank's retail exposure segmentation system must provide for the review and update (as appropriate) of assignments of retail exposures to segments whenever the bank receives new material information, but generally no less frequently than quarterly.

(c) Quantification of risk parameters for wholesale and retail exposures. (1) The bank must have a comprehensive risk parameter quantification process that produces accurate, timely, and reliable estimates of the risk parameters for the bank’s wholesale and retail exposures.

(2) Data used to estimate the risk parameters must be relevant to the bank's actual wholesale and retail exposures, and of sufficient quality to support the determination of risk-based capital requirements for the exposures.

(3) The bank’s risk parameter quantification process must produce appropriately conservative risk parameter estimates where the bank has limited relevant data, and any adjustments that are part of the quantification process must not result in a pattern of bias toward lower risk parameter estimates.

(4) The bank's risk parameter estimation process should not rely on the possibility of U.S. government financial assistance, except for the financial assistance that the U.S. government has a legally binding commitment to provide.

(5) Where the bank’s quantifications of LGD directly or indirectly incorporate estimates of the effectiveness of its credit risk management practices in reducing its exposure to troubled obligors prior to default, the bank must support such estimates with empirical analysis showing that the estimates are consistent with its historical experience in dealing with such exposures during economic downturn conditions.

(6) The bank must review and update (as appropriate) its risk parameters and its risk parameter quantification process at least annually.

(7) The bank must at least annually conduct a comprehensive review and analysis of reference data to determine relevance of reference data to the bank’s exposures, quality of reference data to support PD, LGD, and EAD estimates, and consistency of reference data to the definition of default contained in this appendix.

(d) Counterparty credit risk model. A bank must obtain the prior written approval of the FDIC under section 32 of this appendix to use the internal models methodology for counterparty credit risk.

(e) Double default treatment. A bank must obtain the prior written approval of the FDIC under section 34 of this appendix to use the double default treatment.

(f) Securitization exposures. A bank must obtain the prior written approval of the FDIC under section 44 of this appendix to use the Internal Assessment Approach for securitization exposures to ABCP programs.

(g) Equity exposures model. A bank must obtain the prior written approval of the FDIC under section 43 of this appendix to use the Internal Models Approach for equity exposures.

(h) Operational risk—(1) Operational risk management processes. A bank must:

(i) Have an operational risk management function that:

(A) Is independent of business line management; and
(B) Is responsible for designing, implementing, and overseeing the bank’s operational risk data and assessment systems, operational risk quantification systems, and related processes;

(ii) Have and document a process (which must capture business environment and internal control factors affecting the bank’s operational risk profile) to identify, measure, monitor, and control operational risk in bank products, activities, processes, and systems; and

(ii) Report operational risk exposures, operational loss events, and other relevant operational risk information to business unit management, senior management, and the board of directors (or a designated committee of the board).

(2) Operational risk data and assessment systems. A bank must have operational risk data and assessment systems that capture operational risks to which the bank is exposed. The bank’s operational risk data and assessment systems must:

(i) Be structured in a manner consistent with the bank’s current business activities, risk profile, technological processes, and risk management processes; and

(ii) Include credible, transparent, systematic, and verifiable processes that incorporate the following elements on an ongoing basis:

(A) Internal operational loss event data. The bank must have a systematic process for capturing and using internal operational loss event data in its operational risk data and assessment systems.

(i) The bank’s operational risk data and assessment systems must include a historical observation period of at least five years for internal operational loss event data (or such shorter period approved by the FDIC to address transitional situations, such as integrating a new business line).

(ii) The bank must be able to map its internal operational loss event data into the seven operational loss event type categories.

(iii) The bank may refrain from collecting internal operational loss event data for individual operational losses below established dollar threshold amounts if the bank can demonstrate to the satisfaction of the FDIC that the thresholds are reasonable, do not exclude important internal operational loss event data, and permit the bank to capture substantially all the dollar value of the bank’s operational losses.

(B) External operational loss event data. The bank must have a systematic process for determining its methodologies for incorporating external operational loss event data into its operational risk data and assessment systems.

(C) Scenario analysis. The bank must have a systematic process for determining its methodologies for incorporating scenario analysis into its operational risk data and assessment systems.

(D) Business environment and internal control factors. The bank must incorporate business environment and internal control factors into its operational risk data and assessment systems. The bank must also periodically compare the results of its prior business environment and internal control factor assessments against its actual operational losses incurred in the intervening period.

(3) Operational risk quantification systems. (i) The bank’s operational risk quantification systems:

(A) Must generate estimates of the bank’s operational risk exposure using its operational risk data and assessment systems;

(B) Must employ a unit of measure that is appropriate for the bank’s range of business activities and the variety of operational loss events to which it is exposed, and that does not combine business activities or operational loss events with demonstrably different risk profiles within the same loss distribution;

(C) Must include a credible, transparent, systematic, and verifiable approach for weighting each of the four elements, described in paragraph (h)(2)(ii) of this section, that a bank is required to incorporate into its operational risk data and assessment systems;

(D) May use internal estimates of dependence among operational losses across and within units of measure if the bank can demonstrate to the satisfaction of the FDIC that its process for estimating dependence is sound, robust to a variety of scenarios, and implemented with integrity, and allows for the uncertainty surrounding the estimates. If the bank has not made such a demonstration, it must sum operational risk exposure estimates across units of measure to calculate its total operational risk exposure; and

(E) Must be reviewed and updated (as appropriate) whenever the bank becomes aware of information that may have a material effect on the bank’s estimate of operational risk exposure, but the review and update must occur no less frequently than annually.

(ii) With the prior written approval of the FDIC, a bank may generate an estimate of its operational risk exposure using an alternative approach to that specified in paragraph (h)(3)(i) of this section. A bank proposing to use such an alternative operational risk quantification system must submit a proposal to the FDIC. In determining whether to approve a bank’s proposal to use an alternative operational risk quantification system, the FDIC will consider the following principles:

(A) Use of the alternative operational risk quantification system will be allowed only on an exception basis, considering the size, complexity, and risk profile of the bank;
Federal Deposit Insurance Corporation

(B) The bank must demonstrate that its estimate of its operational risk exposure generated under the alternative operational risk quantification system is appropriate and can be supported empirically; and

(C) A bank must not use an allocation of operational risk capital requirements that includes entities other than depository institutions or the benefits of diversification across entities.

(i) Data management and maintenance. (A) A bank must have data management and maintenance systems that adequately support all aspects of its advanced systems and the timely and accurate reporting of risk-based capital requirements.

(ii) An ongoing monitoring process that includes back-testing.

(iii) An ongoing monitoring process that includes verification of processes and refinement of its advanced systems.

(iv) Includes back-testing.

(v) The bank must have an internal audit function independent of business-line management that at least annually assesses the effectiveness of the controls supporting the bank’s advanced systems and reports its findings to the bank’s board of directors (or a committee thereof).

(vi) The bank must periodically stress test its advanced systems. The stress testing must include a consideration of how economic cycles, especially downturns, affect risk-based capital requirements (including migration across rating grades and segments and the credit risk mitigation benefits of double default treatment).

(vii) Documentation. The bank must adequately document all material aspects of its advanced systems.

Section 23. Ongoing Qualification

(a) Changes to advanced systems. A bank must meet all the qualification requirements in section 22 of this appendix on an ongoing basis. A bank must notify the FDIC when the bank makes any change to an advanced system that would result in a material change in the bank’s risk-weighted asset amount for an exposure type, or when the bank makes any significant change to its modeling assumptions.

(b) Failure to comply with qualification requirements. (1) If the FDIC determines that a bank that uses this appendix and has conducted a satisfactory parallel run fails to comply with the qualification requirements in section 22 of this appendix, the FDIC will notify the bank in writing of the bank’s failure to comply.

(2) The bank must establish and submit a plan satisfactory to the FDIC to return to compliance with the qualification requirements.

(3) In addition, if the FDIC determines that the bank’s risk-based capital requirements are not commensurate with the bank’s credit, market, operational, or other risks, the FDIC may require such a bank to calculate its risk-based capital requirements:

(i) Under 12 CFR part 325, appendix A; or

(ii) Under this appendix with any modifications provided by the FDIC.

Section 24. Merger and Acquisition Transitional Arrangements

(a) Mergers and acquisitions of companies without advanced systems. If a bank merges with or acquires a company that does not calculate its risk-based capital requirements using advanced systems, the bank may use 12 CFR part 325, appendix A to determine the risk-weighted asset amounts for, and deductions from capital associated with, the merged or acquired company’s exposures for up to 24 months after the calendar quarter during which the merger or acquisition consummates. The FDIC may extend this transition period for up to an additional 12 months. Within 90 days of consummating the merger or acquisition, the bank must submit to the FDIC an implementation plan for using its advanced systems for the acquired company. During the period when 12 CFR part 325, appendix A apply to the merged or
acquired company, any ALLL net of allocated transfer risk reserves established pursuant to 12 U.S.C. 3904, associated with the merged or acquired company’s exposures may be included in the acquiring bank’s tier 2 capital up to 1.25 percent of the acquired company’s risk-weighted assets. All general allowances of the merged or acquired company must be excluded from the bank’s eligible credit reserves. In addition, the risk-weighted assets of the merged or acquired company are not included in the bank’s credit-risk-weighted assets but are included in total risk-weighted assets. If a bank relies on this paragraph, the bank must disclose publicly the amounts of risk-weighted assets and qualifying capital calculated under this appendix for the acquiring bank and under 12 CFR part 325, appendix A for the acquired company.

(b) Mergers and acquisitions of companies with advanced systems—(1) If a bank merges with or acquires a company that calculates its risk-based capital requirements using advanced systems, the bank may use the acquired company’s advanced systems to determine the risk-weighted asset amounts for, and deductions from capital associated with, the merged or acquired company’s exposures for up to 24 months after the calendar quarter during which the acquisition or merger consummates. The FDIC may extend this transition period for up to an additional 12 months. Within 90 days of consummating the merger or acquisition, the bank must submit to the FDIC an implementation plan for using its advanced systems for the merged or acquired company.

(2) If the acquiring bank is not subject to the advanced approaches in this appendix at the time of acquisition or merger, during the period when 12 CFR part 325, appendix A applies to the acquiring bank, the ALLL associated with the exposures of the merged or acquired company may not be directly included in tier 2 capital. Rather, any excess eligible credit reserves associated with the merged or acquired company’s exposures may be included in the bank’s tier 2 capital up to 0.6 percent of the credit-risk-weighted assets associated with those exposures.

PART IV. RISK-WEIGHTED ASSETS FOR GENERAL CREDIT RISK

Section 31. Mechanics for Calculating Total Wholesale and Retail Risk-Weighted Assets

(a) Overview. A bank must calculate its total wholesale and retail risk-weighted asset amount in four distinct phases:

(1) Phase 1—categorization of exposures;

(2) Phase 2—assignment of wholesale obligors and exposures to rating grades and segmentation of retail exposures;

(3) Phase 3—assignment of risk parameters to wholesale exposures and segments of retail exposures; and

(4) Phase 4—calculation of risk-weighted asset amounts.

(b) Phase 1—Categorization. The bank must determine which of its exposures are wholesale exposures, retail exposures, securitization exposures, or equity exposures. The bank must categorize each retail exposure as a residential mortgage exposure, a QRE, or an other retail exposure. The bank must identify which wholesale exposures are HVCRE exposures, sovereign exposures, OTC derivative contracts, repo-style transactions, eligible margin loans, eligible purchased wholesale exposures, unsettled transactions to which section 35 of this appendix applies, and eligible guarantees or eligible credit derivatives that are used as credit risk mitigants. The bank must identify any on-balance sheet asset that does not meet the definition of a wholesale, retail, equity, or securitization exposure, as well as any non-material portfolio of exposures described in paragraph (c)(4) of this section.

(c) Phase 2—Assignment of wholesale obligors and exposures to rating grades and retail exposures to segments—(1) Assignment of wholesale obligors and exposures to rating grades. (i) The bank must assign each retail exposure to a single obligor rating grade and must assign each wholesale exposure to which it does not directly assign an LGD estimate to a loss severity rating grade.

(ii) The bank must identify which of its wholesale obligors are in default.

(2) Segmentation of retail exposures. (1) The bank must group the retail exposures in each retail subcategory into segments that have homogeneous risk characteristics.

(ii) The bank must identify which of its retail exposures are in default. The bank must segment defaulted retail exposures separately from non-defaulted retail exposures.

(iii) If the bank determines the EAD for eligible margin loans using the approach in paragraph (b) of section 32 of this appendix, the bank must identify which of its retail exposures are eligible margin loans for which the bank uses this EAD approach and must segment such eligible margin loans separately from other retail exposures.

(3) Eligible purchased wholesale exposures. A bank may group its eligible purchased wholesale exposures into segments that have homogeneous risk characteristics. A bank must use the wholesale exposure formula in Table 2 in this section to determine the risk-based capital requirement for each segment of eligible purchased wholesale exposures.

(d) Phase 3—Assignment of risk parameters to wholesale exposures and segments of retail exposures—(1) Quantification process. Subject to the limitations in this paragraph (d), the bank must:

(i) Associate a PD with each wholesale obligor rating grade;

256
(ii) Associate an LGD with each wholesale loss severity rating grade or assign an LGD to each wholesale exposure;

(iii) Assign an EAD and M to each wholesale exposure;

(iv) Assign a PD, LGD, and EAD to each segment of retail exposures.

(2) Floor on PD assignment. The PD for each wholesale obligor or retail segment may not be less than 0.03 percent, except for exposures to or directly and unconditionally guaranteed by a sovereign entity, the Bank for International Settlements, the International Monetary Fund, the European Commission, the European Central Bank, or a multilateral development bank, to which the bank assigns a rating grade associated with a PD of less than 0.03 percent.

(3) Floor on LGD estimation. The LGD for each segment of residential mortgage exposures (other than segments of residential mortgage exposures for which all or substantially all of the principal of each exposure is directly and unconditionally guaranteed by the full faith and credit of a sovereign entity) may not be less than 10 percent.

(4) Eligible purchased wholesale exposures. A bank must assign a PD, LGD, EAD, and M to each segment of eligible purchased wholesale exposures. If the bank can estimate ECL (but not PD or LGD) for a segment of eligible purchased wholesale exposures, the bank must assume that the LGD of the segment equals 100 percent and that the PD of the segment equals ECL divided by EAD. The estimated ECL must be calculated for the exposures without regard to any assumption of recourse or guarantees from the seller or other parties.

(5) Credit risk mitigation—credit derivatives, guarantees, and collateral. (i) A bank may take into account the risk reducing effects of eligible guarantees and eligible credit derivatives in support of a wholesale exposure by applying the PD substitution or LGD adjustment treatment to the exposure as provided in section 33 of this appendix or, if applicable, applying double default treatment to the exposure as provided in section 34 of this appendix. A bank may decide separately for each wholesale exposure that qualifies for the double default treatment under section 34 of this appendix whether to apply the double default treatment or to use the PD substitution or LGD adjustment treatment without recognizing double default effects.

(ii) A bank may take into account the risk reducing effects of guarantees and credit derivatives in support of retail exposures in a segment when quantifying the PD and LGD of the segment.

(iii) Except as provided in paragraph (d)(6) of this section, a bank may take into account the risk reducing effects of collateral in support of a wholesale exposure when quantifying the PD and LGD of the exposure and may take into account the risk reducing effects of collateral in support of retail exposures when quantifying the PD and LGD of the segment.

(6) EAD for OTC derivative contracts, repo-style transactions, and eligible margin loans. (i) A bank must calculate its EAD for an OTC derivative contract as provided in paragraphs (c) and (d) of section 32 of this appendix. A bank may take into account the risk reducing effects of financial collateral in support of a repo-style transaction or eligible margin loan and of any collateral in support of a repo-style transaction that is included in the bank’s VaR-based measure.

(ii) A bank may attribute an EAD of zero to:

(A) Derivative contracts that are publicly traded on an exchange that requires the daily receipt and payment of cash-variation margin;

(B) Derivative contracts and repo-style transactions that are outstanding with a qualifying central counterparty (but not for those transactions that a qualifying central counterparty has rejected); and

(C) Credit risk exposures to a qualifying central counterparty in the form of clearing deposits and posted collateral that arise from transactions described in paragraph (d)(6)(ii)(B) of this section.

(7) Effective maturity. An exposure’s M must be no greater than five years and no less than one year, except that an exposure’s M must be no less than one day if the exposure has an original maturity of less than one year and is not part of a bank’s ongoing financing of the obligor. An exposure is not part of a bank’s ongoing financing of the obligor if the bank:

(i) Has a legal and practical ability not to renew or roll over the exposure in the event of credit deterioration of the obligor;

(ii) Makes an independent credit decision at the inception of the exposure and at every renewal or roll over; and

(iii) Has no substantial commercial incentive to continue its credit relationship with the obligor in the event of credit deterioration of the obligor.

(e) Phase 4—Calculation of risk-weighted assets—(1) Non-defaulted exposures. (i) A bank must calculate the dollar risk-based capital requirement for each of its wholesale exposures to a non-defaulted obligor (except eligible guarantees and eligible credit derivatives that hedge another wholesale exposure and exposures to which the bank applies the double default treatment in section 34 of this appendix) and segments of non-defaulted retail exposures by inserting the assigned risk
parameters for the wholesale obligor and exposure or retail segment into the appropriate risk-based capital formula specified in Table 2 and multiplying the output of the formula (K) by the EAD of the exposure or segment. Alternatively, a bank may apply a 300 percent risk weight to the EAD of an eligible margin loan if the bank is not able to meet the agencies’ requirements for estimation of PD and LGD for the margin loan.

Table 2—IRB Risk-Based Capital Formulas for Wholesale Exposures to Non-Defaulted Obligors and Segments of Non-Defaulted Retail Exposures

| Capital Requirement (K) | Correlation Factor (R) | For residential mortgage exposures: $R = 0.15$
|---|---|---
| For qualifying revolving exposures: $R = 0.04$
| For other retail exposures: $R = 0.03 + 0.13 \times e^{-0.5PD}$
| Retail | Non-Defaulted Exposures | $K = LGD \times N\left(\frac{N^{-1}(PD) + \sqrt{R} \times N^{-1}(0.999)}{\sqrt{1-R}}\right) - \left(LGD \times PD\right)$
| Wholesale | Non-Defaulted Exposures | For HVCRE exposures:
| | | $R = 0.12 \times e^{0.5PD}$
| | | For wholesale exposures other than HVCRE exposures:
| | | $R = 0.12 + 0.12 \times e^{0.5PD}$
| | Maturity Adjustment ($b$) | $b = (0.11852 - 0.05478 \times \ln(PD))^2$

1$N(.)$ means the cumulative distribution function for a standard normal random variable. $N^{-1}(.)$ means the inverse cumulative distribution function for a standard normal random variable. The symbol $e$ refers to the base of the natural logarithms, and the function $\ln(.)$ refers to the natural logarithm of the expression within parentheses. The formulas apply when PD is greater than zero. If PD equals zero, the capital requirement $K$ is set equal to zero.

(ii) The sum of all the dollar risk-based capital requirements for each wholesale exposure to a non-defaulted obligor and segment of non-defaulted retail exposures calculated in paragraph (e)(1)(i) of this section and in paragraph (e) of section 34 of this appendix equals the total dollar risk-based capital requirement for those exposures and segments.

(iii) The aggregate risk-weighted asset amount for wholesale exposures to non-defaulted obligors and segments of non-defaulted retail exposures equals the total dollar risk-based capital requirement calculated in paragraph (e)(1)(ii) of this section multiplied by 12.5.

2 Wholesale exposures to defaulted obligors and segments of defaulted retail exposures. (1) The dollar risk-based capital requirement for
each wholesale exposure to a defaulted obligor equals 0.08 multiplied by the EAD of the exposure.

(ii) The dollar risk-based capital requirements for a segment of defaulted retail exposures equals 0.08 multiplied by the EAD of the segment.

(iii) The sum of all the dollar risk-based capital requirements for each wholesale exposure to a defaulted obligor calculated in paragraph (e)(2)(i) of this section plus the dollar risk-based capital requirements for each segment of defaulted retail exposures calculated in paragraph (e)(2)(ii) of this section equals the total dollar risk-based capital requirement for those exposures and segments.

(iv) The aggregate risk-weighted asset amount for wholesale exposures to defaulted obligors and segments of defaulted retail exposures equals the total dollar risk-based capital requirement calculated in paragraph (e)(2)(iii) of this section multiplied by 12.5.

(b) Assets not included in a defined exposure category. (1) A bank may assign a risk-weighted asset amount of zero to cash owned and held in all offices of the bank or in transit and for gold bullion held in the bank’s own vaults, or held in another bank’s vaults on an allocated basis, to the extent the gold bullion assets are offset by gold bullion liabilities.

(ii) The risk-weighted asset amount for the residual value of a retail lease exposure equals such residual value.

(iii) The risk-weighted asset amount for any other off-balance-sheet asset that does not meet the definition of a wholesale, retail, securitization, or equity exposure equals the carrying value of the asset.

(4) Non-material portfolios of exposures. The risk-weighted asset amount of a portfolio of exposures for which the bank has demonstrated to the FDIC’s satisfaction that the portfolio (when combined with all other portfolios of exposures that the bank seeks to treat under this paragraph) is not material to the bank is the sum of the carrying values of on-balance sheet exposures plus the notional amounts of off-balance sheet exposures in the portfolio. For purposes of this paragraph (e)(4), the notional amount of an OTC derivative contract that is not a credit derivative is the EAD of the derivative as calculated in section 32 of this appendix.

Section 32. Counterparty Credit Risk of Repo-Style Transactions, Eligible Margin Loans, and OTC Derivative Contracts

(a) In General. (1) This section describes two methodologies—a collateral haircut approach and an internal models methodology—that a bank may use instead of an LGD estimation methodology to recognize the benefits of financial collateral in mitigating the counterparty credit risk of repo-style transactions, eligible margin loans, collateralized OTC derivative contracts, and single product netting sets of such transactions and to recognize the benefits of any collateral in mitigating the counterparty credit risk of repo-style transactions that are included in a bank’s VaR-based measure under 12 CFR part 325, appendix C. A third methodology, the simple VaR methodology, is available for single product netting sets of repo-style transactions and eligible margin loans.

(ii) This section also describes the methodology for calculating EAD for an OTC derivative contract or a set of OTC derivative contracts subject to a qualifying master netting agreement. A bank also may use the internal models methodology to estimate EAD for qualifying cross-product master netting agreements.

(iii) A bank may only use the standard supervisory haircut approach with a minimum 10-business-day holding period to recognize in EAD the benefits of conforming residential mortgage collateral that secures repo-style transactions (other than repo-style transactions included in the bank’s VaR-based measure under 12 CFR part 325, appendix C), eligible margin loans, and OTC derivative contracts.

(iv) A bank may use any combination of the three methodologies for collateral recognition; however, it must use the same methodology for similar exposures.

(b) EAD for eligible margin loans and repo-style transactions—(1) General. A bank may recognize the credit risk mitigation benefits of financial collateral that secures an eligible margin loan, repo-style transaction, or single-product netting set of such transactions by factoring the collateral into its LGD estimates for the exposure. Alternatively, a bank may estimate an unsecured LGD for the exposure, as well as for any repo-style transaction that is included in the bank’s VaR-based measure under 12 CFR part 325, appendix C, and determine the EAD of the exposure using:

(i) The collateral haircut approach described in paragraph (b)(2) of this section; or

(ii) For netting sets only, the simple VaR methodology described in paragraph (b)(3) of this section; or

(iii) The internal models methodology described in paragraph (d) of this section.

(ii) Collateral haircut approach—(i) EAD equation. A bank may determine EAD for an eligible margin loan, repo-style transaction, or netting set by setting EAD equal to max {0, [(\sum \varepsilon - \Sigma C) + \sum (Es \times Hs) + \sum (Efx \times Hfx)],}

where:

(A) \varepsilon equals the value of the exposure (the sum of the current market values of all instruments, gold, and cash the bank has lent, sold subject to repurchase, or posted as collateral to the counterparty under the transaction (or netting set));
(B) \( \Sigma C \) equals the value of the collateral (the sum of the current market values of all instruments, gold, and cash the bank has borrowed, purchased subject to resale, or taken as collateral from the counterparty under the transaction (or netting set));

(C) \( E_s \) equals the absolute value of the net position in a given instrument or in gold (where the net position in a given instrument or in gold equals the sum of the current market values of the instrument or gold the bank has lent, sold subject to repurchase, or posted as collateral to the counterparty minus the sum of the current market values of any instruments or cash in the currency the bank has borrowed, purchased subject to resale, or taken as collateral from the counterparty);

(D) \( H_s \) equals the market price volatility haircut appropriate to the instrument or gold referenced in \( E_s \);

(E) \( E_{fx} \) equals the absolute value of the net position of instruments and cash in a currency that is different from the settlement currency (where the net position in a given currency equals the sum of the current market values of any instruments or cash in the currency the bank has lent, sold subject to repurchase, or posted as collateral to the counterparty minus the sum of the current market values of any instruments or cash in the currency the bank has borrowed, purchased subject to resale, or taken as collateral from the counterparty); and

(F) \( H_{fx} \) equals the haircut appropriate to the mismatch between the currency referenced in \( E_{fx} \) and the settlement currency.

(ii) Standard supervisory haircuts. (A) Under the standard supervisory haircuts approach:

(I) A bank must use the haircuts for market price volatility (\( H_s \)) in Table 3, as adjusted in certain circumstances as provided in paragraph (b)(2)(ii)(A)(3) and (4) of this section:

1 The market price volatility haircuts in Table 3 are based on a ten-business-day holding period.

(2) For currency mismatches, a bank must use a haircut for foreign exchange rate volatility (\( H_{fx} \)) of 8 percent, as adjusted in certain circumstances as provided in paragraph (b)(2)(ii)(A)(3) and (4) of this section.

(3) For repo-style transactions, a bank may multiply the supervisory haircuts provided in paragraphs (b)(2)(ii)(A)(1) and (2) of this section by the square root of \( 1/2 \) (which equals 0.707107).

(4) A bank must adjust the supervisory haircuts upward on the basis of a holding period longer than ten business days (for eligible margin loans) or five business days (for repo-style transactions) where and as appropriate to take into account the illiquidity of an instrument.

(iii) Own internal estimates for haircuts. With the prior written approval of the FDIC, a bank may calculate haircuts (\( H_s \) and \( H_{fx} \)) using its own internal estimates of the volatilities of market prices and foreign exchange rates.

(A) To receive FDIC approval to use its own internal estimates, a bank must satisfy the following minimum quantitative standards:

(I) A bank must use a 99th percentile one-tailed confidence interval.

(2) The minimum holding period for a repo-style transaction is five business days and for an eligible margin loan is ten business days. When a bank calculates an own-estimates haircut on a \( T_N \)-day holding period, which is different from the minimum holding...
Counterparty credit risk for credit derivatives. Notwithstanding the above, (1) A bank that purchases a credit derivative that is recognized under section 33 or 34 of this appendix as a credit risk mitigant for an exposure that is not a covered position under 12 CPR part 225, appendix C need not compute a separate counterparty credit risk capital requirement under this section so long as the bank does so consistently for all such credit derivatives and either includes all or excludes all such credit derivatives that are subject to a master netting agreement from any measure used to determine counterparty credit risk exposure to all relevant counterparties for risk-based capital purposes.
(ii) A bank that is the protection provider in a credit derivative must treat the credit derivative as a wholesale exposure to the reference obligor and need not compute a counterparty credit risk capital requirement for the credit derivative under this section, so long as it does so consistently for all such credit derivatives and either includes all or excludes all such credit derivatives that are subject to a master netting agreement from any measure used to determine counterparty credit risk exposure to all relevant counterparties for risk-based capital purposes (unless the bank is treating the credit derivative as a covered position by 12 CFR part 325, appendix C, in which case the bank must compute a supplemental counterparty credit risk capital requirement under this section).

(4) Counterparty credit risk for equity derivatives. A bank must treat an equity derivative contract as an equity exposure and compute a risk-weighted asset amount for the equity derivative contract under part VI (unless the bank is treating the contract as a covered position under 12 CFR part 325, appendix C). In addition, if the bank is treating the contract as a covered position under 12 CFR part 325, appendix C and in certain other cases described in section 55 of this appendix, the bank must also calculate a risk-based capital requirement for the counterparty credit risk of an equity derivative contract under this part.

(5) Single OTC derivative contract. Except as modified by paragraph (c)(7) of this section, the EAD for a single OTC derivative contract that is not subject to a qualifying master netting agreement is equal to the sum of the bank’s current credit exposure and potential future credit exposure (PFE) on the derivative contract.

(i) Current credit exposure. The current credit exposure for a single OTC derivative contract is the greater of the mark-to-market value of the derivative contract or zero.

(ii) PFE. The PFE for a single OTC derivative contract, including an OTC derivative contract with a negative mark-to-market value, is calculated by multiplying the notional principal amount of the derivative contract by the appropriate conversion factor in Table 4. For purposes of calculating either the PFE under this paragraph or the gross PFE under paragraph (c)(6) of this section for exchange rate contracts and other similar contracts in which the notional principal amount is equivalent to the cash flows, notional principal amount is the net receipts to each party falling due on each value date in each currency. For any OTC derivative contract that does not fall within one of the specified categories in Table 4, the PFE must be calculated using the “other” conversion factors. A bank must use an OTC derivative contract’s effective notional principal amount (that is, its apparent or stated notional principal amount multiplied by any multiplier in the OTC derivative contract) rather than its apparent or stated notional principal amount in calculating PFE. PFE of the protection provider of a credit derivative is capped at the net present value of the amount of unpaid premiums.

1. For an OTC derivative contract with multiple exchanges of principal, the conversion factor is multiplied by the number of remaining payments in the derivative contract.

2. For an OTC derivative contract that is structured such that on specified dates any outstanding exposure is settled and the terms are reset so that the market value of the contract is zero, the remaining maturity equals the time until the next reset date. For an interest rate derivative contract with a remaining maturity of greater than one year that meets these criteria, the minimum conversion factor is 0.005.

3. A bank must use the column labeled “Credit (investment-grade reference obligor)” for a credit derivative whose reference obligor has an outstanding unsecured long-term debt security without credit enhancement that has a long-term applicable external rating of at least investment grade. A bank must use the column labeled “Credit (non-investment-grade reference obligor)” for all other credit derivatives.
Multiple OTC derivative contracts subject to a qualifying master netting agreement. Except as modified by paragraph (c)(7) of this section, the EAD for multiple OTC derivative contracts subject to a qualifying master netting agreement is equal to the sum of the net current credit exposure and the adjusted sum of the PFE exposure for all OTC derivative contracts subject to the qualifying master netting agreement.

(1) Net current credit exposure. The net current credit exposure is the greater of:

(A) The net sum of all positive and negative mark-to-market values of the individual OTC derivative contracts subject to the qualifying master netting agreement; or

(B) zero.

(ii) Adjusted sum of the PFE. The adjusted sum of the PFE, Anet, is calculated as Anet = (Agross × NGR) + (0.6 × NGR × Agross), where:

(A) Agross = the gross PFE (that is, the sum of the PFE amounts (as determined under paragraph (c)(5)(i) of this section) for each individual OTC derivative contract subject to the qualifying master netting agreement); and

(B) NGR = the net to gross ratio (that is, the ratio of the net current credit exposure to the gross current credit exposure). In calculating the NGR, the gross current credit exposure equals the sum of the positive current credit exposures (as determined under paragraph (c)(5) or (c)(6) of this section) of all individual OTC derivative contracts subject to the qualifying master netting agreement.

(7) Collateralized OTC derivative contracts. A bank may recognize the credit risk mitigation benefits of financial collateral that secures an OTC derivative contract or single-product netting set of OTC derivatives by factoring the collateral into its LGD estimates for the contract or netting set. Alternatively, a bank may recognize the credit risk mitigation benefits of financial collateral (but may not include other forms of collateral) when calculating EE.

(a) Effective EPE = \[\sum_{k=1}^{n} \text{Effective EE}_t \times \Delta_t \]

(that is, effective EPE is the time-weighted average of effective EE where the weights are the proportion that an individual effective EE represents in a one-year time interval where:

(1) Effective EE_t = max (Effective EE_{t-1}, EE_0) (that is, for a specific date, effective EE is the greater of EE at that date or the effective EE at the previous date); and

(2) \(\Delta_t\) represents the kth future time period in the model and there are n time periods represented in the model over the first year; and

(B) \(\alpha = 1.4\) except as provided in paragraph (d)(6), or when the FDIC has determined that the bank must use a higher material change to the bank's specific characteristics of counterparty credit risk.

(iii) A bank may include financial collateral currently posted by the counterparty as collateral (but may not include other forms of collateral) when calculating EE.
(iv) If a bank hedges some or all of the counterparty credit risk associated with a netting set using an eligible credit derivative, the bank may take the reduction in exposure to the counterparty into account when estimating EE. If the bank recognizes this reduction in exposure to the counterparty in its estimate of EE, it must also use its internal model to estimate a separate EAD for the bank’s exposure to the protection provider of the credit derivative.

(3) To obtain FDIC approval to calculate the distributions of exposures upon which the EAD calculation is based, the bank must demonstrate to the satisfaction of the FDIC that it has been using for at least one year an internal model that broadly meets the following minimum standards, with which the bank must maintain compliance:

(i) The model must have the systems capability to estimate the expected exposure to the counterparty on a daily basis (but is not expected to estimate or report expected exposure on a daily basis).

(ii) The model must estimate expected exposure at enough future dates to reflect accurately all the future cash flows of contracts in the netting set.

(iii) The model must account for the possible non-normality of the exposure distribution, where appropriate.

(iv) The bank must measure, monitor, and control current counterparty exposure and the exposure to the counterparty over the whole life of all contracts in the netting set.

(v) The bank must be able to measure and manage current exposures gross and net of collateral held, where appropriate. The bank must estimate expected exposures for OTC derivative contracts both with and without the effect of collateral agreements.

(vi) The bank must have procedures to identify, monitor, and control specific wrong-way risk throughout the life of an exposure. Wrong-way risk in this context is the risk that future exposure to a counterparty will be high when the counterparty’s probability of default is also high.

(vii) The model must use current market data to compute current exposures. When estimating model parameters based on historical data, at least three years of historical data that cover a wide range of economic conditions must be used and must be updated quarterly or more frequently if market conditions warrant. The bank should consider using model parameters based on forward-looking measures, where appropriate.

(viii) A bank must subject its internal model to an initial validation and annual model review process. The model review should consider whether the inputs and risk factors, as well as the model outputs, are appropriate.

4) Maturity. (i) If the remaining maturity of the exposure or the longest-dated contract in the netting set is greater than one year, the bank must set M for the exposure or netting set equal to the lower of five years or M(EPE),\(^3\) where:

\[
(A) \quad M(EPE) = 1 + \frac{\sum_{t_k > 1 \text{ year}} EE_k \times \Delta t_k \times df_k}{\sum_{t_k \leq 1 \text{ year}} \text{effective } EE_k \times \Delta t_k \times df_k}
\]

(B) df\(_k\) is the risk-free discount factor for future time period \(t_k\); and

(C) \(\Delta t = t_k - t_{k-1}\).

(ii) If the remaining maturity of the exposure or the longest-dated contract in the netting set is one year or less, the bank must set M for the exposure or netting set equal to one year, except as provided in paragraph (d)(7) of section 31 of this appendix.

5) Collateral agreements. A bank may capture the effect on EAD of a collateral agreement that requires receipt of collateral when exposure to the counterparty increases but may not capture the effect on EAD of a collateral agreement that requires receipt of collateral when counterparty credit quality deteriorates. For this purpose, a collateral agreement means a legal contract that specifies the time when, and circumstances under which, the counterparty is required to pledge collateral to the bank for a single financial contract or for all financial contracts in a netting set and confers upon the bank a perfected, first priority security interest (notwithstanding the prior security interest of any custodial agent), or the legal equivalent thereof, in the collateral posted by the

\(^3\) Alternatively, a bank that uses an internal model to calculate a one-sided credit valuation adjustment may use the effective credit duration estimated by the model as M(EPE) in place of the formula in paragraph (d)(4).
counterparty under the agreement. This security interest must provide the bank with a right to close out the financial positions and liquidate the collateral upon an event of default of, or to perform by, the counterparty under the collateral agreement. A contract would not satisfy this requirement if the bank’s exercise of rights under the agreement may be stayed, suspended, or void under applicable law in the relevant jurisdictions. Two methods are available to capture the effect of a collateral agreement:

(i) With prior written approval from the FDIC, a bank may include the effect of a collateral agreement within its internal model used to calculate EAD. The bank may set EAD equal to the expected exposure at the end of the margin period of risk. The margin period of risk means, with respect to a netting set subject to a collateral agreement, the time period from the most recent exchange of collateral with a counterparty until the next required exchange of collateral plus the period of time required to sell and realize the proceeds of the least liquid collateral that can be delivered under the terms of the collateral agreement and, where applicable, the period of time required to re-hedge the resulting market risk, upon the default of the counterparty. The minimum margin period of risk is five business days for repo-style transactions and ten business days for other transactions when liquid financial collateral is posted under a daily margin maintenance requirement. This period should be extended to cover any additional time between margin calls; any potential closeout difficulties; any delays in selling collateral, particularly if the collateral is illiquid; and any impediments to prompt re-hedging of any market risk.

(ii) A bank that can model EPE without collateral agreements can set effective EPE for a collateralized netting set equal to the lesser of:

(A) The threshold, defined as the exposure amount at which the counterparty is required to post collateral under the collateral agreement, if the threshold is positive, plus an add-on that reflects the potential increase in exposure of the netting set over the margin period of risk. The add-on is computed as the expected increase in the netting set’s exposure beginning from current exposure of zero over the margin period of risk. The margin period of risk must be at least five business days for netting sets consisting only of repo-style transactions subject to daily re-margining and daily marking-to-market, and ten business days for all other netting sets; or

(B) Effective EPE without a collateral agreement.

(C) The granularity of exposures (that is, the effect of a concentration in the proportion of each counterparty’s exposure that is driven by a particular risk factor).

(ii) The bank must assess the potential model uncertainty in its estimates of alpha.

(iii) The bank must calculate the numerator and denominator of alpha on at least a quarterly basis and more frequently when the composition of the portfolio varies over time.

(iv) The bank must review and adjust as appropriate its estimates of the numerator and denominator of alpha on at least a quarterly basis and more frequently when the composition of the portfolio varies over time.

(7) Other measures of counterparty exposure. With prior written approval of the FDIC, a bank may set EAD equal to a measure of counterparty credit risk exposure, such as peak EAD, that is more conservative than an alpha of 1.4 (or higher under the terms of paragraph (d)(2)(ii)(B) of this section) times EPE for every counterparty whose EAD will be measured under the alternative measure of counterparty exposure. The bank must demonstrate the conservatism of the measure of counterparty credit risk exposure used for EAD. For material portfolios of new OTC derivative products, the bank may assume that the current exposure methodology in paragraphs (c)(5) and (c)(6) of this section meets the conservatism requirement of this paragraph for a period not to exceed 180 days. For immaterial portfolios of OTC derivative contracts, the bank generally may assume that the current exposure methodology in paragraphs (c)(5) and (c)(6) of this section meets the conservatism requirement of this paragraph.
Section 33. Guarantees and Credit Derivatives: PD Substitution and LGD Adjustment Approaches

(a) Scope. (1) This section applies to wholesale exposures for which:

(i) Credit risk is fully covered by an eligible guarantee or eligible credit derivative; or

(ii) Credit risk is covered on a pro rata basis (that is, on a basis in which the bank and the protection provider share losses proportionately) by an eligible guarantee or eligible credit derivative.

(2) Wholesale exposures on which there is a triggering of credit risk (reflecting at least two different levels of seniority) are securitization exposures subject to the securitization framework in part V.

(3) A bank may elect to recognize the credit risk mitigation benefits of an eligible guarantee or eligible credit derivative covering an exposure described in paragraph (a)(1) of this section by using the PD substitution approach or the LGD adjustment approach in paragraph (c) of this section or, if the transaction qualifies, using the double default approach in Paragraph 34 of this appendix. A bank’s PD and LGD for the hedged exposure may not be lower than the PD and LGD floors described in paragraphs (d)(2) and (d)(3) of section 31 of this appendix.

(4) If multiple eligible guarantees or eligible credit derivatives cover a single exposure described in paragraph (a)(1) of this section, a bank may treat the hedged exposure as multiple separate exposures each covered by a single eligible guarantee or eligible credit derivative and may calculate a separate risk-based capital requirement for each separate exposure as described in paragraph (a)(3) of this section.

(i) If a single eligible guarantee or eligible credit derivative covers multiple hedged wholesale exposures described in paragraph (a)(1) of this section, a bank must treat each hedged exposure as covered by a separate eligible guarantee or eligible credit derivative and must calculate a separate risk-based capital requirement for each exposure as described in paragraph (a)(3) of this section.

(b) Rules of recognition. (1) A bank may only recognize the credit risk mitigation benefits of eligible guarantees and eligible credit derivatives.

(2) A bank may only recognize the credit risk mitigation benefits of an eligible credit derivative to hedge an exposure that is different from the credit derivative’s reference exposure used for determining the derivative’s cash settlement value, deliverable obligation, or occurrence of a credit event if:

(i) The reference exposure ranks pari passu (that is, equally) with or is junior to the hedged exposure; and

(ii) The reference exposure and the hedged exposure are exposures to the same legal entity, and legally enforceable cross-default or cross-acceleration clauses are in place to assure payments under the credit derivative are triggered when the obligor fails to pay under the terms of the hedged exposure.

(c) Risk parameters for hedged exposures. (1) PD substitution approach. If an eligible guarantee or eligible credit derivative meets the conditions in paragraphs (a) and (b) of this section and the protection amount (P) of the guarantee or credit derivative is greater than or equal to the EAD of the hedged exposure, a bank may recognize the guarantee or credit derivative in determining the bank’s risk-based capital requirement for the hedged exposure by substituting the PD associated with the rating grade of the protection provider for the PD associated with the rating grade of the obligor in the risk-based capital formula applicable to the guarantee or credit derivative in Table 2 and using the appropriate LGD as described in paragraph (c)(1)(iii) of this section.

If the bank determines that full substitution of the protection provider’s PD leads to an inappropriate degree of risk mitigation, the bank may substitute a higher PD than that of the protection provider.

(ii) Partial coverage. If an eligible guarantee or eligible credit derivative meets the conditions in paragraphs (a) and (b) of this section and the protection amount (P) of the guarantee or credit derivative is less than the EAD of the hedged exposure, the bank must treat the hedged exposure as two separate exposures (protected and unprotected) in order to recognize the credit risk mitigation benefit of the guarantee or credit derivative.

(A) The bank must calculate its risk-based capital requirement for the protected exposure under section 31 of this appendix, where PD is the protection provider’s PD, LGD is determined under paragraph (c)(1)(iii) of this section, and EAD is P. If the bank determines that full substitution leads to an inappropriate degree of risk mitigation, the bank may use a higher PD than that of the protection provider.

(B) The bank must calculate its risk-based capital requirement for the unprotected exposure under section 31 of this appendix, where PD is the obligor’s PD, LGD is the hedged exposure’s LGD (not adjusted to reflect the guarantee or credit derivative), and EAD is the EAD of the original hedged exposure minus P.

(C) The treatment in this paragraph (c)(1)(ii) is applicable when the credit risk of a wholesale exposure is covered on a partial pro rata basis or when an adjustment is made to the effective notional amount of the
guarantee or credit derivative under paragraphs (d), (e), or (f) of this section.

(iii) LGD of hedged exposures. The LGD of a hedged exposure under the PD substitution approach is equal to:

(A) The lower of the LGD of the hedged exposure (not adjusted to reflect the guarantee or credit derivative) and the LGD of the guarantee or credit derivative, if the guarantee or credit derivative provides the bank with the option to receive immediate payout upon triggering the protection; or

(B) The LGD of the guarantee or credit derivative, if the guarantee or credit derivative does not provide the bank with the option to receive immediate payout upon triggering the protection.

(2) LGD adjustment approach—Full coverage. If an eligible guarantee or eligible credit derivative meets the conditions in paragraphs (a) and (b) of this section and the protection amount (P) of the guarantee or credit derivative is greater than or equal to the EAD of the hedged exposure, the bank’s risk-based capital requirement for the hedged exposure is the greater of:

(A) The risk-based capital requirement for the exposure as calculated under section 31 of this appendix, with the LGD of the exposure adjusted to reflect the guarantee or credit derivative; or

(B) The risk-based capital requirement for a direct exposure to the protection provider as calculated under section 31 of this appendix, using the PD for the protection provider, the LGD for the guarantee or credit derivative, and an EAD equal to the EAD of the hedged exposure.

(ii) Partial coverage. If an eligible guarantee or eligible credit derivative meets the conditions in paragraphs (a) and (b) of this section and the protection amount (P) of the guarantee or credit derivative is less than the EAD of the hedged exposure, the bank must treat the hedged exposure as two separate exposures (protected and unprotected) in order to recognize the credit risk mitigation benefit of the guarantee or credit derivative.

(A) The bank’s risk-based capital requirement for the protected exposure would be the greater of:

(1) The risk-based capital requirement for the protected exposure as calculated under section 31 of this appendix, with the LGD of the exposure adjusted to reflect the guarantee or credit derivative and EAD set equal to P; or

(2) The risk-based capital requirement for a direct exposure to the guarantor as calculated under section 31 of this appendix, using the PD for the protection provider, the LGD for the guarantee or credit derivative, and an EAD set equal to P.

(B) The bank must calculate its risk-based capital requirement for the unprotected exposure under section 31 of this appendix, where PD is the obligor’s PD, LGD is the hedged exposure’s LGD (not adjusted to reflect the guarantee or credit derivative), and EAD is the EAD of the original hedged exposure minus P.

(3) M of hedged exposures. The M of the hedged exposure is the same as the M of the exposure if it were unhedged.

(d) Maturity mismatch. (1) A bank that recognizes an eligible guarantee or eligible credit derivative in determining its risk-based capital requirement for a hedged exposure must adjust the effective notional amount of the credit risk mitigant to reflect any maturity mismatch between the hedged exposure and the credit risk mitigant.

(2) A maturity mismatch occurs when the residual maturity of a credit risk mitigant is less than that of the hedged exposure(s).

(3) The residual maturity of a hedged exposure is the longest possible remaining time before the obligor is scheduled to fulfill its obligation on the exposure. If a credit risk mitigant has embedded options that may reduce its term, the bank (protection purchaser) must use the shortest possible residual maturity for the credit risk mitigant. If a call is at the discretion of the protection provider, the residual maturity of the credit risk mitigant is at the first call date. If the call is at the discretion of the bank (protection purchaser), but the terms of the arrangement at origination of the credit risk mitigant contain a positive incentive for the bank to call the transaction before contractual maturity, the remaining time to the first call date is the residual maturity of the credit risk mitigant. For example, where there is a step-up in cost in conjunction with a call feature or where the effective cost of protection increases over time even if credit quality remains the same or improves, the residual maturity of the credit risk mitigant will be the remaining time to the first call.

(4) A credit risk mitigant with a maturity mismatch may be recognized only if its original maturity is greater than or equal to one year and its residual maturity is greater than three months.

(5) When a maturity mismatch exists, the bank must apply the following adjustment to the effective notional amount of the credit risk mitigant: 

\[ P_m = E \times \frac{(t - 0.25)}{(T - 0.25)} \]

where:

(i) \( P_m \) = effective notional amount of the credit risk mitigant, adjusted for maturity mismatch;

(ii) \( E \) = effective notional amount of the credit risk mitigant;

(iii) \( t \) = the lesser of T or the residual maturity of the credit risk mitigant, expressed in years; and

(iv) \( T \) = the lesser of five or the residual maturity of the hedged exposure, expressed in years.

(e) Credit derivatives without restructuring as a credit event. If a bank recognizes an eligible credit derivative that does not include a
credit event a restructuring of the hedged exposure involving forgiveness or postponement of principal, interest, or fees that results in a credit loss event that is, a charge-off, settlement of a provision, or other similar debit to the profit and loss account, the bank must apply the following adjustment to the effective notional amount of the credit derivative: $Pr = Pm \times 0.60$, where:

1. $Pr$ = effective notional amount of the credit risk mitigant, adjusted for lack of restructuring event (and maturity mismatch, if applicable); and
2. $Pm$ = effective notional amount of the credit risk mitigant adjusted for restructuring event.

(i) **Currency mismatch.** (1) If a bank recognizes an eligible guarantee or eligible credit derivative that is denominated in a currency different from that in which the hedged exposure is denominated, the bank must apply the following formula to the effective notional amount of the guarantee or credit derivative: $Pc = Pr \times (1 - H_M)$, where:
   
   (i) $Pc$ = effective notional amount of the credit risk mitigant, adjusted for currency mismatch (and maturity mismatch and lack of restructuring event, if applicable);
   
   (ii) $Pr$ = effective notional amount of the credit risk mitigant (adjusted for maturity mismatch and lack of restructuring event, if applicable); and
   
   (iii) $H_M$ = haircut appropriate for the currency mismatch between the credit risk mitigant and the hedged exposure.

(2) A bank must set $H_M$ equal to 8 percent unless it qualifies for the use of and uses its own internal estimates of foreign exchange volatility based on a ten-business-day holding period and daily marking-to-market and remargining. A bank qualifies for the use of its own internal estimates of foreign exchange volatility if it qualifies for:

   (i) The own-estimates haircuts in paragraph (b)(2)(iii) of section 32 of this appendix; and
   
   (ii) An affiliate of the guarantor.

(b) Partial coverage. If the transaction meets the criteria in paragraph (a) of this section and the protection amount ($P$) of the guarantee or credit derivative is less than the EAD of the hedged exposure, the bank may determine its risk-weighted asset amount for the hedged exposure under paragraph (e) of this section.

(c) Partial coverage. If the transaction meets the criteria in paragraph (a) of this section and the protection amount ($P$) of the guarantee or credit derivative is less than the EAD of the hedged exposure, the bank must treat the hedged exposure as two separate exposures (protected and unprotected) in order to recognize double default treatment on the protected portion of the exposure.

   (1) For the protected exposure, the bank must set $EAD = P$ and calculate its risk-weighted asset amount as provided in paragraph (e) of this section.

   (2) For the unprotected exposure, the bank must set $EAD = EAD_{orig}$ and calculate its risk-weighted asset amount as provided in section 31 of this appendix.

---

**Section 34. Guarantees and Credit Derivatives: Double Default Treatment**

(a) **Eligibility and operational criteria for double default treatment.** A bank may recognize the credit risk mitigation benefits of a guarantee or credit derivative covering an exposure described in paragraph (a)(1) of section 33 of this appendix by applying the double default treatment in this section if all the following criteria are satisfied.

1. The hedged exposure is fully covered or covered on a pro rata basis by:
   
   (i) An eligible guarantee issued by an eligible double default guarantor; or
   
   (ii) An eligible credit derivative that meets the requirements of paragraph (b)(2) of section 33 of this appendix and is issued by an eligible double default guarantor.

2. The guarantee or credit derivative is:

   (i) An uncollateralized guarantee or uncollateralized credit derivative (for example, a credit default swap) that provides protection with respect to a single reference obligor; or

   (ii) An nth-to-default credit derivative (subject to the requirements of paragraph (m) of section 42 of this appendix).

3. The hedged exposure is a wholesale exposure (other than a sovereign exposure).

4. The obligor of the hedged exposure is not:

   (i) An eligible double default guarantor or an affiliate of an eligible double default guarantor; or

   (ii) An affiliate of the guarantor.

5. The bank does not recognize any credit risk mitigation benefits of the guarantee or credit derivative for the hedged exposure other than through application of the double default treatment as provided in this section.

6. The bank has implemented a process (which has received the prior, written approval of the FDIC) to detect excessive correlation between the creditworthiness of the obligor of the hedged exposure and the protection provider. If excessive correlation is present, the bank may not use the double default treatment for the hedged exposure.

(b) **Full coverage.** If the transaction meets the criteria in paragraph (a) of this section and the protection amount ($P$) of the guarantee or credit derivative is at least equal to the EAD of the hedged exposure, the bank may determine its risk-weighted asset amount for the hedged exposure under paragraph (e) of this section.

(c) Partial coverage. If the transaction meets the criteria in paragraph (a) of this section and the protection amount ($P$) of the guarantee or credit derivative is less than the EAD of the hedged exposure, the bank must treat the hedged exposure as two separate exposures (protected and unprotected) in order to recognize double default treatment on the protected portion of the exposure.

1. For the protected exposure, the bank must set $EAD = P$ and calculate its risk-weighted asset amount as provided in paragraph (e) of this section.

2. For the unprotected exposure, the bank must set $EAD = EAD_{orig} - P$ and then calculate its risk-weighted asset amount as provided in section 31 of this appendix.
Section 35. Risk-Based Capital Requirement for Unsettled Transactions

(a) Definitions. For purposes of this section:

(1) **Delivery-versus-payment (DvP) transaction** means a securities or commodities transaction in which the buyer is obligated to make payment only if the seller has made delivery of the securities or commodities and the seller is obligated to deliver the securities or commodities only if the buyer has made payment.

(2) **Payment-versus-payment (PvP) transaction** means a foreign exchange transaction in which each counterparty is obligated to make a final transfer of one or more currencies only if the other counterparty has made a final transfer of one or more currencies.

(b) Scope. This section applies to all transactions involving securities, foreign exchange instruments, and commodities that have a risk of delayed settlement or delivery. This section does not apply to:

(1) Transactions accepted by a qualifying central counterparty that are subject to daily marking-to-market and daily receipt and payment of variation margin;

(2) Repo-style transactions, including unsettled repo-style transactions (which are addressed in sections 31 and 32 of this appendix);

(3) One-way cash payments on OTC derivative contracts (which are addressed in sections 31 and 32 of this appendix);

(4) Transactions with a contractual settlement period that is longer than the normal settlement period (which are treated as OTC derivative contracts and addressed in sections 31 and 32 of this appendix).

(e) Non-DvP/non-PvP (non-delivery-versus-payment/non-payment-versus-payment) transactions. (1) A bank must hold risk-based capital against any non-DvP/non-PvP transaction with a normal settlement period if the bank has delivered cash, securities, commodities, or currencies to its counterparty but has not received its corresponding deliverables by the end of the same business day. The bank must continue to hold risk-based capital against the transaction until the bank has received its corresponding deliverables.

(2) From the business day after the bank has made its delivery until five business days after the counterparty delivery is due, the bank must calculate its risk-based capital requirement for the transaction by treating the current market value of the deliverables owed to the bank as a wholesale exposure.

(i) A bank may assign an obligor rating to a counterparty for which it is not otherwise required under this appendix to assign an obligor rating on the basis of the applicable external rating of any outstanding unsecured long-term debt security without credit enhancement issued by the counterparty.

(ii) A bank may use a 45 percent LGD for the transaction rather than estimating LGD for the transaction provided the bank uses the 45 percent LGD for all transactions described in paragraphs (e)(1) and (e)(2) of this section.

(iii) A bank may use a 100 percent risk weight for the transaction provided the bank uses this risk weight for all transactions described in paragraphs (e)(1) and (e)(2) of this section.

(3) If the bank has not received its deliverables by the fifth business day after the counterparty delivery was due, the bank must deduct the current market value of the deliverables owed to the bank 50 percent from tier 1 capital and 50 percent from tier 2 capital.

(f) Total risk-weighted assets for unsettled transactions. Total risk-weighted assets for unsettled transactions is the sum of the risk-weighted asset amounts of all DvP, PvP, and non-DvP/non-PvP transactions.
by the bank after the inception of the securitization;
(3) The bank obtains a well-reasoned opinion from legal counsel that confirms the enforceability of the credit risk mitigant in all relevant jurisdictions; and
(4) Any clean-up calls relating to the securitization are eligible clean-up calls.

Section 42. Risk-Based Capital Requirement for Securitization Exposures

(a) Hierarchy of approaches. Except as provided elsewhere in this section:
(1) A bank must deduct from tier 1 capital any after-tax gain-on-sale resulting from a securitization and must deduct from total capital in accordance with paragraph (c) of this section the portion of any CEIO that does not constitute gain-on-sale.
(2) If a securitization exposure does not require deduction under paragraph (a)(1) of this section and qualifies for the Ratings-Based Approach in section 43 of this appendix, a bank must apply the Ratings-Based Approach to the exposure.
(3) If a securitization exposure does not require deduction under paragraph (a)(1) of this section and does not qualify for the Ratings-Based Approach, the bank may either apply the Internal Assessment Approach in section 44 of this appendix to the exposure (if the bank, the exposure, and the relevant ABCP program qualify for the Internal Assessment Approach) or the Supervisory Formula Approach in section 45 of this appendix, and the Supervisory Formula Approach to the exposure.
(4) If a securitization exposure does not require deduction under paragraph (a)(1) of this section and does not qualify for the Ratings-Based Approach, the bank must deduct from total capital in accordance with paragraph (c) of this section the portion of any CEIO that does not constitute gain-on-sale.
(5) If a securitization exposure is an OTC derivative contract (other than a credit derivative) that has a first priority claim on the cash flows from the underlying exposures (notwithstanding amounts due under interest rate or currency derivative contracts, fees due, or other similar payments), with approval of the FDIC, a bank may choose to set the risk-weighted asset amount of the exposure equal to the amount of the exposure as determined in paragraph (c) of this section rather than apply the hierarchy of approaches described in paragraphs (a)(1) through (4) of this section.
(b) Total risk-weighted assets for securitization exposures. A bank’s total risk-weighted assets for securitization exposures is equal to the sum of its risk-weighted assets calculated using the Ratings-Based Approach in section 43 of this appendix, the Internal Assessment Approach in section 44 of this appendix, and the Supervisory Formula Approach in section 45 of this appendix, and its risk-weighted assets amount for early amortization provisions calculated in section 47 of this appendix.
(c) Deductions. (1) If a bank must deduct a securitization exposure from total capital, the bank must take the deduction 50 percent from tier 1 capital and 50 percent from tier 2 capital. If the amount deductible from tier 2 capital exceeds the bank’s tier 2 capital, the bank must deduct the excess from tier 1 capital.
(2) A bank may calculate any deduction from tier 1 capital and tier 2 capital for a securitization exposure net of any deferred tax liabilities associated with the securitization exposure.
(d) Maximum risk-based capital requirement. Regardless of any other provisions of this part, unless one or more underlying exposures does not meet the definition of a wholesale, retail, securitization, or equity exposure, the total risk-based capital requirement for all securitization exposures held by a single bank associated with a single securitization (including any risk-based capital requirements that relate to an early amortization provision of the securitization but excluding any risk-based capital requirements that relate to the bank’s gain-on-sale or CEIOs associated with the securitization) may not exceed the sum of:
(1) The bank’s total risk-based capital requirement for the underlying exposures as if the bank directly held the underlying exposures; and
(2) The total ECL of the underlying exposures.
(e) Amount of a securitization exposure. (1) The amount of an on-balance sheet securitization exposure that is not a repo-style transaction, eligible margin loan, or OTC derivative contract (other than a credit derivative) is:
(i) The bank’s carrying value minus any unrealized gains and plus any unrealized losses on the exposure, if the exposure is a security classified as available-for-sale; or
(ii) The bank’s carrying value, if the exposure is not a security classified as available-for-sale.
(2) The amount of an off-balance sheet securitization exposure that is not an OTC derivative contract (other than a credit derivative) is the notional amount of the exposure. For an off-balance-sheet securitization exposure to an ABCP program, such as a liquidity facility, the notional amount may be reduced to the maximum potential amount that the bank could be required to fund given the ABCP program’s current underlying assets (calculated without regard to the current credit quality of those assets).
(3) The amount of a securitization exposure that is a repo-style transaction, eligible margin loan, or OTC derivative contract is:

272
(other than a credit derivative) is the EAD of the exposure as calculated in section 32 of this appendix.

1. Overlapping exposures. If a bank has multiple securitization exposures that provide duplicative coverage of the underlying exposures of a securitization (such as when a bank provides a program-wide credit enhancement and multiple pool-specific liquidity facilities to an ABCP program), the bank is not required to hold duplicative risk-based capital against the overlapping position. Instead, the bank may apply to the overlapping position the applicable risk-based capital treatment that results in the highest risk-based capital requirement.

2. Securitizations of non-IRB exposures. If a bank has a securitization exposure where any underlying exposure is not a wholesale exposure, retail exposure, securitization exposure, or equity exposure, the bank must:
   (i) If the bank is an originating bank, deduct from tier 1 capital any after-tax gain-on-sale resulting from the securitization and deduct from total capital in accordance with paragraph (c) of this section the portion of any CEIO that does not constitute gain-on-sale;
   (ii) The regulatory capital impact to the bank's total capital from the securitization as if the exposure were securitized and did not exceed the capital limit.
   (iii) Reconsolidated ABCP programs.

3. Implicit support. If a bank provides support to a securitization in excess of the bank's contractual obligation to provide credit support to the securitization (implicit support):
   (a) The bank must hold regulatory capital against all of the underlying exposures associated with the securitization as if the exposures had not been securitized and must deduct from tier 1 capital any after-tax gain-on-sale resulting from the securitization; and
   (b) The bank must disclose publicly:
      (i) That it has provided implicit support to the securitization; and
      (ii) The regulatory capital impact to the bank of providing such implicit support.

4. Eligible servicer cash advance facilities. Regardless of any other provisions of this part, the risk weight for a non-credit-enhancing interest-only mortgage-backed security may not be less than 100 percent.

5. Interest-only mortgage-backed securities. Regardless of any other provisions of this part, the risk weight for a non-credit-enhancing interest-only mortgage-backed security may not be less than 100 percent.

6. Small-business loans and leases on personal property transferred with recourse. (1) Regardless of any other provisions of this appendix, a bank that has transferred small-business loans and leases on personal property (small-business obligations) with recourse must include in risk-weighted assets only the contractual amount of retained recourse if all the following conditions are met:
   (i) The transaction is a sale under GAAP.
   (ii) The bank establishes and maintains, pursuant to GAAP, a non-capital reserve sufficient to meet the bank's reasonably estimated liability under the recourse arrangement.
   (iii) The loans and leases are to businesses that meet the criteria for a small-business concern established by the Small Business Administration under section 3(a) of the Small Business Act (15 U.S.C. 632).

7. The bank is well capitalized, as defined in the FDIC's prompt corrective action regulation at 12 CFR part 325, subpart B. For purposes of determining whether a bank is well capitalized for purposes of this paragraph, the bank's capital ratios must be calculated without regard to the capital treatment for transfers of small-business obligations with recourse specified in paragraph (k)(1) of this section. For purposes of determining whether a bank is well capitalized for purposes of this paragraph, the bank's capital ratios must be calculated without regard to the capital treatment for transfers of small-business obligations with recourse specified in paragraph (k)(1) of this section. The total outstanding amount of recourse retained by a bank on transfers of small-business obligations receiving the capital treatment specified in paragraph (k)(1) of this section cannot exceed 15 percent of the bank's total qualifying capital.

8. The bank ceases to be well capitalized or exceeds the 15 percent capital limitation, the preferential capital treatment specified in paragraph (k)(1) of this section will continue to apply to any transfers of small-business obligations with recourse that occurred during the time that the bank was well capitalized and did not exceed the capital limit.

9. The risk-based capital ratios of the bank must be calculated without regard to the capital treatment for transfers of small-business obligations with recourse specified in paragraph (k)(1) of this section as provided in 12 CFR part 325, appendix A.
from risk-weighted assets if the bank is the sponsor of the ABCP program. If a bank excludes such consolidated ABCP program assets from risk-weighted assets, the bank must determine its risk-based capital against any securitization exposures of the bank to the ABCP program in accordance with this part.

(d) If a bank either is not permitted, or elects, to exclude consolidated ABCP program assets from its risk-weighted assets, the bank must hold risk-based capital against the consolidated ABCP program assets in accordance with this appendix but is not required to hold risk-based capital against any securitization exposures of the bank to the ABCP program.

(m) Nth-to-default credit derivatives—(1) First-to-default credit derivatives—(i) Protection purchaser. A bank that obtains credit protection on a group of underlying exposures through a first-to-default credit derivative must determine its risk-based capital requirement for the underlying exposures as if the bank synthetically securitized the underlying exposure with the lowest risk-based capital requirement and had obtained no credit risk mitigant on the other underlying exposures.

(ii) Protection provider. A bank that provides credit protection on a group of underlying exposures through a first-to-default credit derivative must determine its risk-based capital requirement for the underlying exposures if the bank synthetically securitized the underlying exposure with the lowest risk-based capital requirement and had obtained no credit risk mitigant on the other underlying exposures.

(ii) Protection provider. A bank that provides credit protection on a group of underlying exposures through a first-to-default credit derivative must determine its risk-based capital requirement for the underlying exposures if the bank synthetically securitized the underlying exposure with the lowest risk-based capital requirement and had obtained no credit risk mitigant on the other underlying exposures.

(iii) if N is six or more unless the bank knows or has reason to know that N is less than six; and

(iii) if N is six or more unless the bank knows or has reason to know that N is less than six; and

(ii) Protection provider. A bank that provides credit protection on a group of underlying exposures through a first-to-default credit derivative must determine its risk-based capital requirement for the underlying exposures if the bank synthetically securitized the underlying exposure with the lowest risk-based capital requirement and had obtained no credit risk mitigant on the other underlying exposures.
The securitization exposure is a senior securitization exposure.

(ii) A bank must apply the risk weights in column 3 of Table 6 or Table 7 to the securitization exposure if \( N \) is less than six, regardless of the seniority of the securitization exposure.

(iii) Otherwise, a bank must apply the risk weights in column 2 of Table 6 or Table 7.

### Section 44. Internal Assessment Approach (IAA)

(a) Eligibility requirements. A bank may apply the IAA to calculate the risk-weighted asset amount for a securitization exposure that the bank has to an ABCP program (such as a liquidity facility or credit enhancement) if the bank, the ABCP program, and the exposure qualify for use of the IAA.

(1) Bank qualification criteria. A bank qualifies for use of the IAA if the bank has received the prior written approval of the FDIC. To receive such approval, the bank must demonstrate to the FDIC's satisfaction that the bank's internal assessment process meets the following criteria:

(i) The bank's internal credit assessments of securitization exposures must be based on publicly available rating criteria used by an NRSRO.

(ii) The bank's internal credit assessments of securitization exposures used for risk-based capital purposes must be consistent with those used in the bank's internal risk management process, management information reporting systems, and capital adequacy assessment process.

(iii) The bank's internal credit assessment process must have sufficient granularity to identify gradations of risk. Each of the bank's internal credit assessment categories must correspond to an external rating of an NRSRO.

(iv) The bank's internal credit assessment process, particularly the stress test factors for determining credit enhancement requirements, must be at least as conservative as the most conservative of the publicly available rating criteria of the NRSROs that have
provided external ratings to the commercial paper issued by the ABCP program.

(A) Where the commercial paper issued by an ABCP program has an external rating from two or more NRSROs and the different NRSROs’ benchmark stress factors require different levels of credit enhancement to achieve the same external rating equivalent, the bank must apply the NRSRO stress factor that requires the highest level of credit enhancement.

(B) If any NRSRO that provides an external rating to the ABCP program’s commercial paper changes its methodology (including stress factors), the bank must evaluate whether to revise its internal assessment process.

(v) The bank must have an effective system of controls and oversight that ensures compliance with these operational requirements and maintains the integrity and accuracy of the internal credit assessments. The bank must have an internal audit function independent from the ABCP program business line and internal credit assessment process that assesses at least annually whether the controls over the internal credit assessment process function as intended.

(vi) The bank must review and update each internal credit assessment whenever new material information is available, but no less frequently than annually.

(vii) The bank must validate its internal credit assessment process on an ongoing basis and at least annually.

(2) ABCP-program qualification criteria. An ABCP program qualifies for use of the IAA if all commercial paper issued by the ABCP program has an external rating.

(3) Exposure qualification criteria. A securitization exposure qualifies for use of the IAA if the exposure meets the following criteria:

(i) The bank initially rated the exposure at least the equivalent of investment grade.

(ii) The ABCP program has robust credit and investment guidelines (that is, underwriting standards) for the exposures underlying the securitization exposure.

(iii) The ABCP program performs a detailed credit analysis of the sellers of the exposures underlying the securitization exposure.

(iv) The ABCP program’s underwriting policy for the exposures underlying the securitization exposure establishes minimum asset eligibility criteria that include the prohibition of the purchase of assets that are significantly past due or of assets that are defaulted (that is, assets that have been charged off or written down by the seller prior to securitization in the ABCP program or assets that would be charged off or written down under the program’s governing contracts), as well as limitations on concentration to individual obligors or geographic areas and the tenor of the assets to be purchased.

(v) The aggregate estimate of loss on the exposures underlying the securitization exposure considers all sources of potential risk, such as credit and dilution risk.

(vi) Where relevant, the ABCP program incorporates structural features into each purchase of exposures underlying the securitization exposure to mitigate potential credit deterioration of the underlying exposures. Such features may include wind-down triggers specific to a pool of underlying exposures.

(b) Mechanics. A bank that elects to use the IAA to calculate the risk-based capital requirement for any securitization exposure must use the IAA to calculate the risk-based capital requirements for all securitization exposures that qualify for the IAA approach. Under the IAA, a bank must map its internal assessment of such a securitization exposure to an equivalent external rating from an NRSRO. Under the IAA, a bank must determine the risk-weighted asset amount for such a securitization exposure by multiplying the amount of the exposure (as defined in paragraph (e) of section 42 of this appendix) by the appropriate risk weight in Table 6 and Table 7 in paragraph (b) of section 43 of this appendix.

Section 45. Supervisory Formula Approach (SFA)

(a) Eligibility requirements. A bank may use the SFA to determine its risk-based capital requirement for a securitization exposure only if the bank can calculate on an ongoing basis each of the SFA parameters in paragraph (e) of this section.

(b) Mechanics. Under the SFA, a securitization exposure incurs a deduction from total capital (as described in paragraph (c) of section 42 of this appendix) and/or an SFA risk-based capital requirement, as determined in paragraph (c) of this section. The risk-weighted asset amount for the securitization exposure equals the SFA risk-based capital requirement for the exposure multiplied by 12.5.

(c) The SFA risk-based capital requirement.

(1) If $K_{SFA}$ is greater than or equal to $L + T$, the entire exposure must be deducted from total capital.

(2) If $K_{SFA}$ is less than or equal to $L$, the exposure’s SFA risk-based capital requirement is $UE$ multiplied by $TP$ multiplied by the greater of:

   (i) $0.0056 \times T$; or
   

(3) If $K_{SFA}$ is greater than $L$ and less than $L + T$, the bank must deduct from total capital an amount equal to $UE \times TP \times (K_{SFA} - L)$, and the exposure’s SFA risk-based capital requirement is $UE$ multiplied by $TP$ multiplied by the greater of:

   (i) $0.0056 \times (T - (K_{SFA} - L))$; or

The supervisory formula:

\[(1) \quad S[Y] = \begin{cases} 
Y & \text{when } Y \leq K_{IRB} \\
K_{IRB} + K[Y] - K[K_{IRB}] + \frac{d \cdot K_{IRB}}{20} \left( 1 - e^{-\frac{20(K_{IRB} - Y)}{K_{IRB}}} \right) & \text{when } Y > K_{IRB}
\end{cases} \]

\[(2) \quad K[Y] = (1 - h) \cdot \left[ (1 - \beta[Y; a, b]) \cdot Y + \beta[Y; a + 1, b] \cdot c \right] \]

\[(3) \quad h = \left( 1 - \frac{K_{IRB}}{EWALGD} \right)^N \]

\[(4) \quad a = g \cdot c \]

\[(5) \quad b = g \cdot (1 - c) \]

\[(6) \quad c = \frac{K_{IRB}}{1 - h} \]

\[(7) \quad g = \frac{(1 - c) \cdot c}{f} - 1 \]

\[(8) \quad f = \frac{v + K_{IRB}^2}{1 - h} - c^2 + \frac{(1 - K_{IRB}) \cdot K_{IRB} - v}{(1 - h) \cdot 1000} \]

\[(9) \quad v = K_{IRB} \cdot \left( \frac{EWALGD - K_{IRB}}{N} \right) + .25 \cdot (1 - EWALGD) \]

\[(10) \quad d = 1 - (1 - h) \cdot (1 - \beta[K_{IRB}; a, b]) \cdot .25 \cdot (1 - EWALGD) \]
any funded spread accounts, cash collateral accounts, and other similar funded credit enhancements) plus the amount of any underlying exposures that are securitization exposures (as defined in paragraph (e) of section 42 of this appendix) plus the adjusted carrying value of any underlying exposures that are equity exposures (as defined in paragraph (b) of section 51 of this appendix).

(2) **Tranche percentage (TP).** TP is the ratio of the amount of the tranche that contains the securitization exposure to the amount of the tranche that contains the securitization exposure.

(3) **Capital requirement on underlying exposures (KIRB).** (i) $K_{IRB}$ is the ratio of:

(A) The sum of the risk-based capital requirements for the underlying exposures plus the expected credit losses of the underlying exposures (as determined under this appendix as if the underlying exposures were directly held by the bank); to

(B) UE.

(ii) The calculation of $K_{IRB}$ must reflect the effects of any credit risk mitigant applied to the underlying exposures (either to an individual underlying exposure, to a group of underlying exposures, or to the entire pool of underlying exposures).

(iii) All assets related to the securitization are treated as underlying exposures, including assets in a reserve account (such as a cash collateral account).

(4) **Credit enhancement level (L).** (i) $L$ is the ratio of:

(A) The amount of all securitization exposures subordinated to the tranche that contains the bank’s securitization exposure; to

(B) UE.

(ii) A bank must determine $L$ before considering the effects of any tranche-specific credit enhancements.

(iii) Any gain-on-sale or CEIO associated with the securitization may not be included in $L$.

(iv) Any reserve account funded by accumulated cash flows from the underlying exposures that is subordinated to the tranche that contains the bank’s securitization exposure may be included in the numerator and denominator of $L$ to the extent cash has accumulated in the account. Unfunded reserve accounts (that is, reserve accounts that are to be funded from future cash flows from the underlying exposures) may not be included in the calculation of $L$.

(v) In some cases, the purchase price of receivables will reflect a discount that provides credit enhancement (for example, first-loss protection) for all or certain tranches of the securitization. When this arises, $L$ should be calculated inclusive of this discount if the discount provides credit enhancement for the securitization exposure.

(5) **Thickness of tranche (T).** $T$ is the ratio of:

(i) The amount of the tranche that contains the bank’s securitization exposure; to

(ii) UE.

(6) **Effective number of exposures (N).** (i) Unless the bank elects to use the formula provided in paragraph (f) of this section,

$$N = \frac{\left( \sum_{i} EAD_{i} \right)^{2}}{\sum_{i} EAD_{i}^{2}}$$

where $EAD_{i}$ represents the EAD associated with the $i$th instrument in the pool of underlying exposures.

(ii) Multiple exposures to one obligor must be treated as a single underlying exposure.

(iii) In the case of a re-securitization (that is, a securitization in which some or all of the underlying exposures are themselves securitization exposures), the bank must treat each underlying exposure as a single underlying exposure and must not look through to the originally securitized underlying exposures.

(7) **Exposure-weighted average loss given default (EWALGD).** EWALGD is calculated as:

$$EWALGD = \frac{\sum_{i} LGD_{i} \cdot EAD_{i}}{\sum_{i} EAD_{i}}$$

where $LGD_{i}$ represents the average LGD associated with all exposures to the $i$th obligor. In the case of a re-securitization, an LGD of 100 percent must be assumed for the underlying exposures that are themselves securitization exposures.

(1) **Simplified method for computing N and EWALGD.** (1) If all underlying exposures of a securitization are retail exposures, a bank may apply the SFA using the following simplifications:

(i) $h = 0$; and

(ii) $v = 0$.

(2) Under the conditions in paragraphs (f)(3) and (f)(4) of this section, a bank may employ a simplified method for calculating N and EWALGD.

(3) If $C_{1}$ is no more than 0.03, a bank may set $EWALGD = 0.50$ if none of the underlying exposures is a securitization exposure or $EWALGD = 1$ if one or more of the underlying exposures is a securitization exposure, and may set $N$ equal to the following amount:
Section 46. Recognition of Credit Risk Mitigants for Securitization Exposures

(a) General. An originating bank that has obtained a credit risk mitigant to hedge its securitization exposure to a synthetic or traditional securitization that satisfies the operational criteria in section 41 of this appendix may recognize the credit risk mitigant, but only as provided in this section. An investing bank that has obtained a credit risk mitigant to hedge a securitization exposure may recognize the credit risk mitigant, but only as provided in this section. A bank that has used the RBA in section 43 of this appendix or the IAA in section 44 of this appendix to calculate its risk-based capital requirement for the securitization exposure as calculated under paragraph (e) of section 42 of this appendix; (iii) C = the current market value of the collateral; (iv) Ha = the haircut applicable to the collateral type; and (v) Hix = the haircut appropriate for any currency mismatch between the collateral and the exposure.

(2) Mixed collateral. Where the collateral is a basket of different asset types or a basket of assets denominated in different currencies, the haircut on the basket will be:

\[ H = \sum a_i H_i, \]

where \( a_i \) is the current market value of the asset in the basket divided by the current market value of all assets in the basket and \( H_i \) is the haircut applicable to that asset.

(3) Standard supervisory haircuts. Unless a bank qualifies for use of and uses own-estimates haircuts in paragraph (b)(4) of this section:

(i) A bank must use the collateral type haircut \( (H_s) \) in Table 3;
(ii) A bank must use a currency mismatch haircut \( (H_{fx}) \) of 8 percent if the exposure and the collateral are denominated in different currencies;
(iii) A bank must multiply the supervisory haircuts obtained in paragraphs (b)(3)(i) and (ii) by the square root of 6.5 (which equals 2.549510); and
(iv) A bank must adjust the supervisory haircuts upward on the basis of a holding period longer than 65 business days where and as appropriate to take into account the illiquidity of the collateral.

(4) Own estimates for haircuts. With the prior written approval of the FDIC, a bank may calculate haircuts using its own internal estimates of market price volatility and foreign exchange volatility, subject to paragraph (b)(2)(iii) of section 32 of this appendix. The minimum holding period (TM) for securitization exposures is 65 business days.

(c) Guarantees and credit derivatives—(1) Limitations on recognition. A bank may only recognize an eligible guarantee or eligible credit derivative provided by an eligible securitization guarantor in determining the

\[ N = \frac{1}{C_1 C_m + \left( \frac{C_m - C_1}{m - 1} \right) \max(1 - mC_1, 0)} \]

where:

(i) \( C_m \) is the ratio of the sum of the amounts of the ‘m’ largest underlying exposures to UE; and
(ii) The level of \( m \) is to be selected by the bank.

(4) Alternatively, if only \( C_1 \), is available and \( C_1 \) is no more than 0.03, the bank may set \( EWALGD = 0.50 \) if none of the underlying exposures is a securitization exposure or \( EWALGD = 1 \) if one or more of the underlying exposures is a securitization exposure and may set \( N = 1/C_1 \).

The bank’s risk-based capital requirement for the collateralized securitization exposure is equal to the risk-based capital requirement for the securitization exposure as calculated under the RBA in section 43 of this appendix or under the SFA in section 46 of this appendix multiplied by the ratio of adjusted exposure amount \( (SE^*) \) to original exposure amount \( (SE) \), where:

(i) \( SE^* = \max(0, (SE - C \times (1 - H_s - H_{fx}))) \);
(ii) \( SE = \) the amount of the securitization exposure calculated under paragraph (e) of section 42 of this appendix;
(iii) \( C = \) the current market value of the collateral;
(iv) \( H_s = \) the haircut appropriate to the collateral type; and
(v) \( H_{fx} = \) the haircut appropriate for any currency mismatch between the collateral and the exposure.
bank’s risk-based capital requirement for a securitization exposure.

(2) ECL for securitization exposures. When a bank recognizes an eligible guarantee or eligible credit derivative provided by an eligible securitization guarantor in determining the bank’s risk-based capital requirement for a securitization exposure, the bank must also:

(i) Calculate ECL for the protected portion of the exposure using the same risk parameters that it uses for calculating the risk-weighted asset amount of the exposure as described in paragraph (c)(3) of this section; and

(ii) Add the exposure’s ECL to the bank’s total ECL.

(3) Rules of recognition. A bank may recognize an eligible guarantee or eligible credit derivative provided by an eligible securitization guarantor in determining the bank’s risk-based capital requirement for the securitization exposure as follows:

(i) Full coverage. If the protection amount of the eligible guarantee or eligible credit derivative equals or exceeds the amount of the securitization exposure, the bank may set the risk-weighted asset amount for the securitization exposure equal to the risk-weighted asset amount for a direct exposure to the eligible securitization guarantor (as determined in the wholesale risk weight function described in section 31 of this appendix), using the bank’s PD for the guarantor, the bank’s LGD for the guarantee or credit derivative, and an EAD equal to the amount of the securitization exposure (as determined in paragraph (e) of section 42 of this appendix).

(ii) Partial coverage. If the protection amount of the eligible guarantee or eligible credit derivative is less than the amount of the securitization exposure, the bank may set the risk-weighted asset amount for the securitization exposure equal to the sum of:

(A) **Covered portion.** The risk-weighted asset amount for a direct exposure to the eligible securitization guarantor (as determined in the wholesale risk weight function described in section 31 of this appendix), using the bank’s PD for the guarantor, the bank’s LGD for the guarantee or credit derivative, and an EAD equal to the protection amount of the credit risk mitigant; and

(B) **Uncovered portion.** (1) 1.0 minus the ratio of the protection amount of the eligible guarantee or eligible credit derivative to the amount of the securitization exposure; multiplied by

(2) The risk-weighted asset amount for the securitization exposure without the credit risk mitigant (as determined in sections 42–45 of this appendix).

(4) **Mismatch.** The bank must make applicable adjustments to the protection amount as required in paragraphs (d), (e), and (f) of section 33 of this appendix for any hedged securitization exposure and any more senior securitization exposure that benefits from the hedge. In the context of a synthetic securitization, when an eligible guarantee or eligible credit derivative covers multiple hedged exposures that have different residual maturities, the bank must use the longest residual maturity of any of the hedged exposures as the residual maturity of all the hedged exposures.

Section 47. Risk-Based Capital Requirement for Early Amortization Provisions

(a) General. (1) An originating bank must hold risk-based capital against the sum of the originating bank’s interest and the investors’ interest in a securitization that:

(i) Includes one or more underlying exposures in which the borrower is permitted to vary the drawn amount within an agreed limit under a line of credit; and

(ii) Contains an early amortization provision.

(2) For securitizations described in paragraph (a)(1) of this section, an originating bank must calculate the risk-based capital requirement for the originating bank’s interest under sections 42–45 of this appendix, and the risk-based capital requirement for the investors’ interest under paragraph (b) of this section.

(b) Risk-weighted asset amount for investors’ interest. The originating bank’s risk-weighted asset amount for the investors’ interest in the securitization is equal to the product of the following 5 quantities:

(1) The investors’ interest EAD;

(2) The appropriate conversion factor in paragraph (c) of this section;

(3) \( K_{IRR} \) (as defined in paragraph (e)(3) of section 45 of this appendix);

(4) 12.5; and

(5) The proportion of the underlying exposures in which the borrower is permitted to vary the drawn amount within an agreed limit under a line of credit.

(c) Conversion factor. (1)(i) Except as provided in paragraph (c)(2) of this section, to calculate the appropriate conversion factor, a bank must use Table 8 for a securitization that contains a controlled early amortization provision and must use Table 9 for a securitization that contains a non-controlled early amortization provision. In circumstances where a securitization contains a mix of retail and nonretail exposures or a mix of committed and uncommitted exposures, a bank may take a pro rata approach to determining the conversion factor for the securitization’s early amortization provision. If a pro rata approach is not feasible, a bank must treat the mixed securitization as a securitization of nonretail exposures if a single underlying exposure is a nonretail exposure and must treat the mixed...
(ii) To find the appropriate conversion factor in the tables, a bank must divide the three-month average annualized excess spread of the securitization by the excess spread trapping point in the securitization structure. In securitizations that do not require excess spread to be trapped, or that specify trapping points based primarily on performance measures other than the three-month average annualized excess spread, the excess spread trapping point is 4.5 percent.

(2) For a securitization for which all or substantially all of the underlying exposures are residential mortgage exposures, a bank may calculate the appropriate conversion factor using paragraph (c)(1) of this section or may use a conversion factor of 10 percent. If the bank chooses to use a conversion factor of 10 percent, it must use that conversion factor for all securitizations for which all or substantially all of the underlying exposures are residential mortgage exposures.

**PART VI. RISK-WEIGHTED ASSETS FOR EQUITY EXPOSURES**

**Section 51. Introduction and Exposure Measurement**

(a) General. To calculate its risk-weighted asset amounts for equity exposures that are not equity exposures to investment funds, a bank may apply either the Simple Risk Weight Approach (SRWA) in section 52 of this appendix or, if it qualifies to do so, the Internal Models Approach (IMA) in section 53 of this appendix. A bank must use the look-through approaches in section 54 of this appendix to calculate its risk-weighted asset amounts for equity exposures to investment funds.

(b) Adjusted carrying value. For purposes of this part, the adjusted carrying value of an equity exposure is:

(1) For the on-balance sheet component of an equity exposure, the bank’s carrying value of the exposure reduced by any unrealized gains on the exposure that are reflected in such carrying value but excluded from the bank’s tier 1 and tier 2 capital; and

(2) For the off-balance sheet component of an equity exposure, the effective notional principal amount of the exposure, the size of which is equivalent to a hypothetical on-balance sheet position in the underlying equity instrument that would evidence the same change in fair value (measured in dollars) for a given small change in the price of the underlying equity instrument, minus the adjusted carrying value of the on-balance sheet component of the exposure as calculated in paragraph (b)(1) of this section. For unfunded equity commitments that are unconditional, the effective notional principal amount is the notional amount of the commitment. For unfunded equity commitments that are conditional, the effective notional principal amount is the bank’s best estimate of the amount that would be funded under economic downturn conditions.

**Section 52. Simple Risk Weight Approach (SRWA)**

(a) General. Under the SRWA, a bank’s aggregate risk-weighted asset amount for its equity exposures is equal to the sum of the
risk-weighted asset amounts for each of the bank’s individual equity exposures (other than equity exposures to an investment fund) as determined in this section and the risk-weighted asset amounts for each of the bank’s individual equity exposures to an investment fund as determined in section 54 of this appendix.

(b) SRWA computation for individual equity exposures. A bank must determine the risk-weighted asset amount for an individual equity exposure (other than an equity exposure to an investment fund) by multiplying the adjusted carrying value of the equity exposure or the effective portion and ineffective portion of a hedge pair (as defined in paragraph (c) of this section) by the lowest applicable risk weight in this paragraph (b).

(1) 6 percent risk weight equity exposures. An equity exposure to an entity whose credit exposures are exempt from the 0.03 percent PD floor in paragraph (d)(2) of section 31 of this appendix is assigned a 0 percent risk weight.

(2) 20 percent risk weight equity exposures. An equity exposure to a Federal Home Loan Bank or Farmer Mac is assigned a 20 percent risk weight.

(3) 100 percent risk weight equity exposures. The following equity exposures are assigned a 100 percent risk weight:

(i) Community development equity exposures. An equity exposure that qualifies as a community development investment under 12 U.S.C. 24 (Eleventh), excluding equity exposures to an unconsolidated small business investment company and equity exposures held through a consolidated small business investment company described in section 302 of the Small Business Investment Act of 1958 (15 U.S.C. 682), then must include publicly traded equity exposures (including those held indirectly through investment funds), and then must include non-publicly traded equity exposures (including those held indirectly through investment funds).

(ii) 300 percent risk weight equity exposures. A publicly traded equity exposure (other than an equity exposure described in paragraph (b)(6) of this section and including the ineffective portion of a hedge pair) is assigned a 300 percent risk weight.

(iii) 400 percent risk weight equity exposures. An equity exposure (other than an equity exposure described in paragraph (b)(6) of this section) that is not publicly traded is assigned a 400 percent risk weight.

(c) Hedge transactions—(1) Hedge pair. A hedge pair is two equity exposures that form an effective hedge so long as each equity exposure is publicly traded or has a return that is primarily based on a publicly traded equity exposure.

(2) Effective hedge. Two equity exposures form an effective hedge if the exposures either have the same remaining maturity or each has a remaining maturity of at least three months; the hedge relationship is formally documented in a prospective manner (that is, before the bank acquires at least one of the equity exposures); the documentation specifies the measure of effectiveness (E) the bank will use for the hedge relationship throughout the life of the transaction; and the hedge relationship has an E greater than or equal to 0.8. A bank must measure E at least quarterly and must use one of three alternative measures of E:
(i) Under the dollar-offset method of measuring effectiveness, the bank must determine the ratio of value change (RVC). The RVC is the ratio of the cumulative sum of the periodic changes in value of one equity exposure to the cumulative sum of the periodic changes in the value of the other equity exposure. If RVC is positive, the hedge is not effective and E equals 0. If RVC is negative and greater than or equal to $-1$ (that is, between zero and $-1$), then E equals the absolute value of RVC. If RVC is negative and less than $-1$, then E equals $2 + \text{RVC}$.

(ii) Under the variability-reduction method of measuring effectiveness:

(A) $X_t = A_t - B_t$;
(B) $A_t$ is the value at time $t$ of one exposure in a hedge pair; and
(C) $B_t$ is the value at time $t$ of the other exposure in a hedge pair.

(iii) Under the regression method of measuring effectiveness, $E$ equals the coefficient of determination of a regression in which the change in value of one exposure in a hedge pair is the dependent variable and the change in value of the other exposure in a hedge pair is the independent variable. However, if the estimated regression coefficient is positive, then the value of $E$ is zero.

(3) The effective portion of a hedge pair is $E$ multiplied by the greater of the adjusted carrying values of the equity exposures forming a hedge pair.

(4) The ineffective portion of a hedge pair is $(1-E)$ multiplied by the greater of the adjusted carrying values of the equity exposures forming a hedge pair.

Section 53. Internal Models Approach (IMA)

(a) General. A bank may calculate its risk-weighted asset amount for equity exposures using the IMA by modeling publicly traded and non-publicly traded equity exposures (in accordance with paragraph (c) of this section) or by modeling only publicly traded equity exposures (in accordance with paragraph (d) of this section).

(b) Qualifying criteria. To qualify to use the IMA to calculate risk-based capital requirements for equity exposures, a bank must receive prior written approval from the FDIC. To receive such approval, the bank must demonstrate to the FDIC’s satisfaction that the bank meets the following criteria:

1. The bank must have one or more models that:
   (i) Assess the potential decline in value of its modeled equity exposures;

2. (i) Are commensurate with the size, complexity, and composition of the bank’s modeled equity exposures; and

   (ii) Adequately capture both general market risk and idiosyncratic risk.

(2) The bank’s model must produce an estimate of potential losses for its modeled equity exposures that is no less than the estimate of potential losses produced by a VaR methodology employing a 99.0 percent, one-tailed confidence interval of the distribution of quarterly returns for a benchmark portfolio of equity exposures comparable to the bank’s modeled equity exposures using a long-term sample period.

(3) The number of risk factors and exposures in the sample and the data period used for quantification in the bank’s model and benchmarking exercise must be sufficient to provide confidence in the accuracy and robustness of the bank’s estimates.

(4) The bank’s model and benchmarking process must incorporate data that are relevant in representing the risk profile of the bank’s modeled equity exposures, and must include data from at least one equity market cycle containing adverse market movements relevant to the risk profile of the bank’s modeled equity exposures. In addition, the bank’s benchmarking exercise must be based on daily market prices for the benchmark portfolio. If the bank’s model uses a scenario methodology, the bank must demonstrate that the model produces a conservative estimate of potential losses on the bank’s modeled equity exposures over a relevant long-term market cycle. If the bank employs risk factor models, the bank must demonstrate through empirical analysis the appropriateness of the risk factors used.

(5) The bank must be able to demonstrate, using theoretical arguments and empirical evidence, that any proxies used in the modeling process are comparable to the bank’s modeled equity exposures and that the bank
has made appropriate adjustments for differences. The bank must derive any proxies for its modeled equity exposures and benchmark portfolio using historical market data that are relevant to the bank’s modeled equity exposures and benchmark portfolio (or, where not, must use appropriately adjusted data), and such proxies must be robust estimates of the risk of the bank’s modeled equity exposures.

(c) Risk-weighted assets calculation for a bank modeling publicly traded and non-publicly traded equity exposures. If a bank models publicly traded and non-publicly traded equity exposures, the bank’s aggregate risk-weighted asset amount for its equity exposures is equal to the sum of:

(i) The risk-weighted asset amount of each equity exposure that qualifies for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 (as determined under section 52 of this appendix) and each equity exposure to an investment fund (as determined under section 54 of this appendix); and

(ii) The sum of:

(A) 200 percent multiplied by the aggregate adjusted carrying value of the bank’s publicly traded equity exposures that do not belong to a hedge pair, do not qualify for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 of this appendix, and are not equity exposures to an investment fund;

(B) 200 percent multiplied by the aggregate ineffective portion of all hedge pairs; and

(C) 300 percent multiplied by the aggregate adjusted carrying value of the bank’s equity exposures that are not publicly traded, do not qualify for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 of this appendix, and are not equity exposures to an investment fund.

(d) Risk-weighted assets calculation for a bank using the IMA only for publicly traded equity exposures. If a bank models only publicly traded equity exposures, the bank’s aggregate risk-weighted asset amount for its equity exposures is equal to the sum of:

(i) The risk-weighted asset amount of each equity exposure that qualifies for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 (as determined under section 52 of this appendix), each equity exposure to an investment fund (as determined under section 54 of this appendix); and

(ii) The sum of:

(A) 200 percent multiplied by the aggregate adjusted carrying value of the bank’s publicly traded equity exposures that do not belong to a hedge pair, do not qualify for a 0 percent, 20 percent, or 100 percent risk weight under paragraphs (b)(1) through (b)(3)(i) of section 52 of this appendix, and are not equity exposures to an investment fund; and

(B) 200 percent multiplied by the aggregate ineffective portion of all hedge pairs.

Section 54. Equity Exposures to Investment Funds

(a) Available approaches. (1) Unless the exposure meets the requirements for a community development equity exposure in paragraph (b)(3)(i) of section 52 of this appendix, a bank must determine the risk-weighted asset amount of an equity exposure to an investment fund under the Full Look-Through Approach in paragraph (b) of this section, the Simple Modified Look-Through Approach in paragraph (c) of this section, the Alternative Modified Look-Through Approach in paragraph (d) of this section, or, if the investment fund qualifies for the Money Market Fund Approach, the Money Market Fund Approach in paragraph (e) of this section.

(2) The risk-weighted asset amount of an equity exposure to an investment fund that meets the requirements for a community development equity exposure in paragraph (b)(3)(i) of section 52 of this appendix is its adjusted carrying value.

(3) If an equity exposure to an investment fund is part of a hedge pair and the bank does not use the Full Look-Through Approach, the bank may use the ineffective portion of the hedge pair as determined under paragraph (e) of section 52 of this appendix as the adjusted carrying value for the equity exposure to the investment fund. The risk-weighted asset amount of the effective portion of the hedge pair is equal to its adjusted carrying value.

(b) Full Look-Through Approach. A bank that is able to calculate a risk-weighted asset amount for its proportional ownership share of each exposure held by the investment fund (as calculated under this appendix as if the proportional ownership share of each exposure were held directly by the bank) may either:
Section 55. Equity Derivative Contracts

Under the IMA, in addition to holding risk-based capital against an equity derivative contract under this part, a bank must hold risk-based capital against the counterparty credit risk in the equity derivative contract by also treating the equity derivative contract as a wholesale exposure and computing a supplemental risk-weighted asset amount for the contract under part IV. Under the SRWA, a bank may choose not to hold risk-based capital against the counterparty credit risk of equity derivative contracts, as long as it does so for all such contracts. Where

(d) *Alternative Modified Look-Through Approach.* Under this approach, a bank may assign the adjusted carrying value of an equity exposure to an investment fund on a pro rata basis to different risk weight categories in Table 10 based on the investment limits in the fund’s prospectus, partnership agreement, or similar contract that defines the fund’s permissible investments. The risk-weighted asset amount for the bank’s equity exposure to the investment fund equals the sum of each portion of the adjusted carrying value assigned to an exposure class multiplied by the applicable risk weight. If the sum of the investment limits for exposure classes within the fund exceeds 100 percent, the bank must assume that the fund invests to the maximum extent permitted under its investment limits in the exposure class with the highest risk weight under Table 10, and continues to make investments in order of the exposure class with the next highest risk weight under Table 10 until the maximum total investment level is reached. If more than one exposure class applies to an exposure, the bank must use the highest applicable risk weight. A bank may exclude derivative contracts held by the fund that are used for hedging rather than for speculative purposes and do not constitute a material portion of the fund’s exposures.

(e) *Money Market Fund Approach.* The risk-weighted asset amount for a bank’s equity exposure to an investment fund that is a money market fund subject to 17 CFR 270.2a–7 and that has an applicable external rating in the highest investment-grade rating category equals the adjusted carrying value of the equity exposure multiplied by 7 percent.
the equity derivative contracts are subject to a qualified master netting agreement, a bank using the SRWA must either include all or exclude all of the contracts from any measure used to determine counterparty credit risk exposure.

PART VII. RISK-WEIGHTED ASSETS FOR OPERATIONAL RISK

Section 61. Qualification Requirements for Incorporation of Operational Risk Mitigants

(a) Qualification to use operational risk mitigants. A bank may adjust its estimate of operational risk exposure to reflect qualifying operational risk mitigants if:

(1) The bank’s operational risk quantification system is able to generate an estimate of the bank’s operational risk exposure (which does not incorporate qualifying operational risk mitigants) and an estimate of the bank’s operational risk exposure adjusted to incorporate qualifying operational risk mitigants; and

(2) The bank’s methodology for incorporating the effects of insurance, if the bank uses insurance as an operational risk mitigant, captures through appropriate discounts to the amount of risk mitigation:

(i) The residual term of the policy, where less than one year;

(ii) The cancellation terms of the policy, where less than one year;

(iii) The policy’s timeliness of payment;

(iv) The uncertainty of payment by the provider of the policy; and

(v) Mismatches in coverage between the policy and the hedged operational loss event.

(b) Qualifying operational risk mitigants. Qualifying operational risk mitigants are:

(1) Insurance that:

(i) Is provided by an unaffiliated company that has a claims payment ability that is rated in one of the three highest rating categories by a NRSRO;

(ii) Has an initial term of at least one year and a residual term of more than 90 days;

(iii) Has a minimum notice period for cancellation by the provider of 90 days;

(iv) Has no exclusions or limitations based upon regulatory action or for the receiver or liquidator of a failed depository institution; and

(v) Is explicitly mapped to a potential operational loss event; and

(2) Operational risk mitigants other than insurance for which the FDIC has given prior written approval. In evaluating an operational risk mitigant other than insurance, the FDIC will consider whether the operational risk mitigant covers potential operational losses in a manner equivalent to holding regulatory capital.

Section 62. Mechanics of Risk-Weighted Asset Calculation

(a) If a bank does not qualify to use or does not have qualifying operational risk mitigants, the bank’s dollar risk-based capital requirement for operational risk is its operational risk exposure minus eligible operational risk offsets (if any).

(b) If a bank qualifies to use operational risk mitigants and has qualifying operational risk mitigants, the bank’s dollar risk-based capital requirement for operational risk is the greater of:

(1) The bank’s operational risk exposure adjusted for qualifying operational risk mitigants minus eligible operational risk offsets (if any); or

(2) 0.8 multiplied by the difference between:

(i) The bank’s operational risk exposure; and

(ii) Eligible operational risk offsets (if any).

(c) The bank’s risk-weighted asset amount for operational risk equals the bank’s dollar risk-based capital requirement for operational risk determined under paragraph (a) or (b) of this section multiplied by 12.5.

PART VIII. DISCLOSURE

Section 71. Disclosure Requirements

(a) Each bank must publicly disclose each quarter its total and tier 1 risk-based capital ratios and their components (that is, tier 1 capital, tier 2 capital, total qualifying capital, and total risk-weighted assets). 1

(b) A bank must comply with paragraph (b) of section 71 of appendix G to the Federal Reserve Board’s Regulation Y (12 CFR part 225, appendix G) unless it is a consolidated subsidiary of a bank holding company or depository institution that is subject to these requirements.

PART 326—MINIMUM SECURITY DEVICES AND PROCEDURES AND BANK SECRECY ACT 1 COMPLIANCE

Subpart B—Procedures for Monitoring Bank Secrecy Act Compliance

§ 326.8 Bank Secrecy Act compliance.

(a) Purpose. This subpart is issued to assure that all insured nonmember banks as defined in §326.1 establish and maintain procedures reasonably designed to assure and monitor their compliance with the requirements of subchapter II of chapter 53 of title 31, United States Code, and the implementing regulations promulgated thereunder by the Department of Treasury at 31 CFR part 103.

The compliance program shall be written, approved by the bank’s board of directors, and noted in the minutes.

(2) Customer identification program. Each bank is subject to the requirements of 31 U.S.C. 5318(l) and the implementing regulation jointly promulgated by the FDIC and the Department of the Treasury at 31 CFR 103.121, which require a customer identification program to be implemented as part of the Bank Secrecy Act compliance program required under this section.

(c) Contents of compliance program. The compliance program shall, at a minimum:

In regard to foreign banks, the programs and procedures required by §326.8 need be instituted only at an insured branch as defined in §347.202 of this chapter which is a State branch as defined in §347.202 of this chapter.
(1) Provide for a system of internal controls to assure ongoing compliance;
(2) Provide for independent testing for compliance to be conducted by bank personnel or by an outside party;
(3) Designate an individual or individuals responsible for coordinating and monitoring day-to-day compliance; and

(2) Insured depository institutions shall access their quarterly certified statement invoices via FDICconnect, unless the FDIC provides notice to insured depository institutions of a successor system. In the event of a contingency, the FDIC may employ an alternative means of delivering the quarterly certified statement invoices. A quarterly certified statement invoice delivered by any alternative means will be treated as if it had been downloaded from FDICconnect.

(3) Institutions that do not have Internet access may request a renewable one-year exemption from the requirement that quarterly certified statement invoices be accessed through FDICconnect. Any exemption request must be submitted in writing to the Manager of the Assessments Section.

(4) Each assessment period, the FDIC will provide courtesy e-mail notification to insured depository institutions indicating that new quarterly certified statement invoices are available and may be accessed on FDICconnect. E-mail notification will be sent to all individuals with FDICconnect access to quarterly certified statement invoices.

(5) E-mail notification may be used by the FDIC to communicate with insured depository institutions regarding quarterly certified statement invoices and other assessment-related matters.

(c) Review by institution. The president of each insured depository institution, or such other officer as the institution’s president or board of directors or trustees may designate, shall review the information shown on each quarterly certified statement invoice.

(d) Retention by institution. If the appropriate officer of the insured depository institution agrees that, to the best of his or her knowledge and belief, the information shown on the quarterly certified statement invoice is true, correct, and complete and in accordance with the Federal Deposit Insurance Act and the regulations issued under it, the institution shall pay the amount specified on the quarterly certified statement invoice, and shall:

(1) Amend its report of condition, or other similar report, to correct any data believed to be inaccurate on the quarterly certified statement invoice; amendments to such reports timely filed under section 7(g) of the Federal Deposit Insurance Act but not permitted to be made by an institution’s primary federal regulator may be filed with the FDIC for consideration in determining deposit insurance assessments; or

(2) Amend and sign its quarterly certified statement invoice to correct a calculation believed to be inaccurate and return it to the FDIC by the applicable payment date specified in §327.3(b)(2).

(e) Amendment by institution. If the appropriate officer of the insured depository institution determines that, to the best of his or her knowledge and belief, the information shown on the quarterly certified statement invoice is not true, correct, and complete and in accordance with the Federal Deposit Insurance Act and the regulations issued under it, the institution shall pay the amount specified on the quarterly certified statement invoice, and may:

(1) Amend its report of condition, or other similar report, to correct any data believed to be inaccurate on the quarterly certified statement invoice; amendments to such reports timely filed under section 7(g) of the Federal Deposit Insurance Act but not permitted to be made by an institution’s primary federal regulator may be filed with the FDIC for consideration in determining deposit insurance assessments; or

(2) Amend and sign its quarterly certified statement invoice to correct a calculation believed to be inaccurate and return it to the FDIC by the applicable payment date specified in §327.3(b)(2).

(f) Certification. Data used by the Corporation to complete the quarterly certified statement invoice has been previously attested to by the institution in its reports of condition, or other similar reports, filed with the institution’s primary federal regulator. When an insured institution pays the amount shown on the quarterly certified statement invoice and does not correct that invoice as provided in paragraph (e) of this section, the information on that invoice shall be deemed true, correct, complete, and certified for purposes of paragraph (a) of this section and section 7(c) of the Federal Deposit Insurance Act.

(g) Requests for revision of assessment computation. (1) The timely filing of an amended report of condition or other similar report under paragraph (e)(1) of this section, or the timely filing of an amended quarterly certified statement invoice under paragraph (e)(2), that will result in a change to deposit insurance assessments owed or paid by an insured depository institution, shall be
treated as a timely filed request for revisi-
on of computation of quarterly assessment payment under § 327.3(f).

(2) The assessment rate on the quarterly certified statement invoice shall be amended only if it is inconsistent with the assessment risk assignment(s) provided to the institution by the Corporation for the assessment period in question pursuant to §327.4(a). Agreement with the assessment rate shall not be deemed to constitute agreement with the assessment risk assignment. An institution may request review of an assessment risk assignment it believes to be incorrect pursuant to §327.4(c).

§ 327.3 Payment of assessments.

(a) Required—(1) In general. Each insured depository institution shall pay to the Corporation for each assessment period an assessment determined in accordance with this part 327.

(2) Notice of designated deposit account. For the purpose of making such payments, each insured depository institution shall designate a deposit account for direct debit by the Corporation. No later than 30 days prior to the next payment date specified in paragraph (b)(2) of this section, each institution shall provide notice to the Corporation via FDICconnect of the account designated, including all information and authorizations needed by the Corporation for direct debit of the account. After the initial notice of the designated account, no further notice is required unless the institution designates a different account for assessment debit by the Corporation, in which case the requirements of the preceding sentence apply.

(3) Transition Rule for Financing Corporation (FICO) Payments. Quarterly FICO payments shall be collected by the FDIC without interruption during the assessment system transitional period in 2007. All insured depository institutions shall make scheduled quarterly FICO payments on January 2, 2007 (unless prepaid on December 30, 2006), and March 30, 2007, based upon, respectively, their September 30, 2006, and December 31, 2006 reported assessment bases, which shall be the final assessment bases calculated pursuant to 12 CFR §327.5(a) and §327.5(b) (2006). Simultaneous collection of deposit insurance assessments and FICO assessments will resume in June of 2007, based on the March 31, 2007 reported assessment base.

(b) Assessment payment—(1) Quarterly certified statement invoice. Starting with the first assessment period of 2007, no later than 15 days prior to the payment date specified in paragraph (b)(2) of this section, the Corporation will provide to each insured depository institution a quarterly certified statement invoice showing the amount of the assessment payment due from the institution for the prior quarter (net of credits or dividends, if any), and the computation of that amount. Subject to paragraph (e) of this section, the invoiced amount on the quarterly certified statement invoice shall be the product of the following: the assessment base of the institution for the prior quarter computed in accordance with §327.5 multiplied by the institution’s rate for that prior quarter as assigned to the institution pursuant to §§327.4(a) and 327.9.

(2) Quarterly payment date and manner. The Corporation will cause the amount stated in the applicable quarterly certified statement invoice to be directly debited on the appropriate payment date from the deposit account designated by the insured depository institution for that purpose, as follows:

(i) In the case of the assessment payment for the quarter that begins on January 1, the payment date is the following June 30;

(ii) In the case of the assessment payment for the quarter that begins on April 1, the payment date is the following September 30;

(iii) In the case of the assessment payment for the quarter that begins on July 1, the payment date is the following December 30; and

(iv) In the case of the assessment payment for the quarter that begins on October 1, the payment date is the following March 30.

(c) Necessary action, sufficient funding by institution. Each insured depository institution shall take all actions necessary to allow the Corporation to debit assessments from the insured depository institution’s designated deposit account. Each insured depository
§ 327.4 12 CFR Ch. III (1–1–10 Edition)

institution shall, prior to each payment date indicated in paragraph (b)(2) of this section, ensure that funds in an amount at least equal to the amount on the quarterly certified statement invoice are available in the designated account for direct debit by the Corporation. Failure to take any such action or to provide such funding of the account shall be deemed to constitute nonpayment of the assessment. Penalties for failure to timely pay assessments are provided for at 12 CFR 308.132(c)(3)(v).

(d) **Business days.** If a payment date specified in paragraph (b)(2) falls on a date that is not a business day, the applicable date shall be the previous business day.

(e) **Payment adjustments in succeeding quarters.** Quarterly certified statement invoices provided by the Corporation may reflect adjustments, initiated by the Corporation or an institution, resulting from such factors as amendments to prior quarterly reports of condition, retroactive revision of the institution’s assessment risk assignment, and revision of the Corporation’s assessment computations for prior quarters.

(f) **Request for revision of computation of quarterly assessment payment—(1) In general.** An institution may submit a written request for revision of the computation of the institution’s quarterly assessment payment as shown on the quarterly certified statement invoice in the following circumstances:

(i) The institution disagrees with the computation of the assessment base as stated on the quarterly certified statement invoice;

(ii) The institution determines that the rate applied by the Corporation is inconsistent with the assessment risk assignment(s) provided to the institution in writing by the Corporation for the assessment period for which the payment is due; or

(iii) The institution believes that the quarterly certified statement invoice does not fully or accurately reflect adjustments provided for in paragraph (e) of this section.

(2) **Inapplicability.** This paragraph (f) is not applicable to requests for review of an institution’s assessment risk assignment, which are covered by §327.4(c) of this part.

(3) **Requirements.** Any such request for revision must be submitted within 90 days from the date the computation being challenged appears on the institution’s quarterly certified statement invoice. The request for revision shall be submitted to the Manager of the Assessments Section and shall provide documentation sufficient to support the change sought by the institution. If additional information is requested by the Corporation, such information shall be provided by the institution within 21 days of the date of the request for additional information. Any institution submitting a timely request for revision will receive written notice from the Corporation regarding the outcome of its request. Upon completion of a review, the DOF Director (or designee) shall promptly notify the institution in writing of his or her determination of whether revision is warranted. If the institution requesting revision disagrees with that determination, it may appeal to the FDIC’s Assessment Appeals Committee. Notice of the procedures applicable to appeals will be included with the written determination.

(g) **Quarterly certified statement invoice unavailable.** Any institution whose quarterly certified statement invoice is unavailable on FDIC Connect by the fifteenth day of the month in which the payment is due shall promptly notify the Corporation. Failure to provide prompt notice to the Corporation shall not affect the institution’s obligation to make full and timely assessment payment. Unless otherwise directed by the Corporation, the institution shall preliminarily pay the amount shown on its quarterly certified statement invoice for the preceding assessment period, subject to subsequent correction.
risk assignment will be provided to the institution with each quarterly certified statement invoice. Adjusted assessment risk assignments for prior periods may also be provided by the Corporation. Notice of the procedures applicable to reviews will be included with the notice of assessment risk assignment provided pursuant to paragraph (a) of this section.

(b) Payment of assessment at rate assigned. Institutions shall make timely payment of assessments based on the assessment risk assignment in the notice provided to the institution pursuant to paragraph (a) of this section. Timely payment is required notwithstanding any request for review filed pursuant to paragraph (c) of this section. Assessment risk assignments remain in effect for future assessment periods until changed. If the risk assignment in the notice is subsequently changed, any excess assessment paid by the institution will be credited by the Corporation, with interest, and any additional assessment owed shall be paid by the institution, with interest, in the next assessment payment after such subsequent assignment or change. Interest payable under this paragraph shall be determined in accordance with §327.7.

(c) Requests for review. An institution that believes any assessment risk assignment provided by the Corporation pursuant to paragraph (a) of this section is incorrect and seeks to change it must submit a written request for review of that risk assignment. An institution cannot request review through this process of the CAMELS ratings assigned by its primary federal regulator; each federal regulator has established procedures for that purpose. An institution may also request review of a determination by the FDIC to assess the institution as a large or a small institution (12 CFR 327.9(d)(6)) or a determination by the FDIC that the institution is a new institution (12 CFR 327.9(d)(7)). Any request for review must be submitted within 90 days from the date the assessment risk assignment being challenged pursuant to paragraph (a) of this section appears on the institution’s quarterly certified statement invoice. The request shall be submitted to the Corporation’s Director of the Division of Insurance and Research in Washington, DC, and shall include documentation sufficient to support the change sought by the institution. If additional information is requested by the Corporation, such information shall be provided by the institution within 21 days of the date of the request for additional information. Any institution submitting a timely request for review will receive written notice from the Corporation regarding the outcome of its request. Upon completion of a review, the Director of the Division of Insurance and Research (or designee) or the Director of the Division of Supervision and Consumer Protection (or designee), as appropriate, shall promptly notify the institution in writing of his or her determination of whether a change is warranted. If the institution requesting review disagrees with that determination, it may appeal to the FDIC’s Assessment Appeals Committee. Notice of the procedures applicable to appeals will be included with the written determination.

(d) Disclosure restrictions. The portion of an assessment risk assignment provided to an institution by the Corporation pursuant to paragraph (a) of this section that reflects any supervisory evaluation or confidential information is deemed to be exempt information within the scope of §309.5(g)(8) of this chapter and, accordingly, is governed by the disclosure restrictions set out at §309.6 of this chapter.

(e) Limited use of assessment risk assignment. Any assessment risk assignment provided to a depository institution under this part 327 is for purposes of implementing and operating the FDIC’s risk-based assessment system. Unless permitted by the Corporation or otherwise required by law, no institution may state in any advertisement or promotional material, or in any other public place or manner, the assessment risk assignment provided to it pursuant to this part.

(f) Effective date for changes to risk assignment. (1) Changes to an insured institution’s risk assignment resulting from a supervisory ratings change become effective as of the date of written notification to the institution by its primary federal regulator or state authority of its supervisory rating (even
when the CAMELS component ratings have not been disclosed to the institution), if the FDIC, after taking into account other information that could affect the rating, agrees with the rating. If the FDIC does not agree, changes to an insured institution’s risk assignment become effective as of the date that the FDIC determines that a change in the supervisory rating is warranted.

(2) Changes to an insured institution’s risk assignment resulting from a change in a long-term debt issuer rating become effective as of the date the change is announced by the rating agency.

(g) Designated reserve ratio. The designated reserve ratio for the Deposit Insurance Fund is 1.25 percent.

§ 327.5 Assessment base.

(a) Quarter-end balances and average daily balances. An insured depository institution shall determine its assessment base using quarter-end balances until changes in the quarterly report of condition allow it to report average daily deposit balances on the quarterly report of condition, after which—

(1) An institution that becomes newly insured after the first report of condition allowing for average daily balances shall have its assessment base determined using average daily balances;

(2) An insured depository institution (other than one covered in paragraph (a)(1) of this section) reporting assets of $1 billion or more on the first report of condition allowing for average daily balances, shall within one year after so reporting set its assessment base determined using average daily balances;

(3) An insured depository institution (other than one covered in paragraph (a)(1) of this section) that was insured prior to the first report of condition allowing for average daily balances, reporting less than $1 billion in assets on the first report of condition allowing for average daily balances—

(i) May continue to have its assessment base determined using quarter-end balances; or

(ii) May opt permanently to have its assessment base determined using average daily balances after notice to the Corporation, but

(iii) Shall have its assessment rate determined using average daily balances for any quarter beginning six months after the institution reported that its assets equaled or exceeded $1 billion for two consecutive quarters and thereafter; and

(4) In any event, an insured depository institution that files its report of condition on a consolidated basis by including a subsidiary bank(s) or savings association(s) shall report its assessment base on an unconsolidated basis.

(b) Computation of assessment base. Whether computed on a quarter-end balance or an average daily balance, the assessment base for any insured institution that is required to file a quarterly report of condition shall be computed by:

(1) Adding all deposit liabilities as defined in section 3(l) of the Federal Deposit Insurance Act, to include deposits that are held in any insured branches of the institution that are located in the territories and possessions of the United States, but does not include unposted credits and is not reduced by unposted debits; and

(2) Subtracting the following allowable exclusions, in the case of any institution that maintains such records as will readily permit verification of the correctness of its assessment base—

(i) Any demand deposit balance due from or cash item in the process of collection due from any depository institution (not including a private depository institution, a foreign depository institution, a foreign office of another U.S. depository institution, or a U.S. branch of a foreign depository institution) up to the total of the amount of deposit balances due to and cash items in the process of collection due to such depository institution that are included in paragraph (b)(1) of this section;

(ii) Any outstanding drafts (including advices and authorization to charge depository institution’s balance in another bank) drawn in the regular course of business;

(iii) Any pass-through reserve balances;
(iv) Liabilities arising from a depository institution investment contract that are not treated as insured deposits under section 11(a)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1821(a)(5)); and

(v) Deposits accumulated for the payment of personal loans, which represent actual loan payments received by the depository institution from borrowers and accumulated by the depository institution in hypothecated deposit accounts for payment of the loans at maturity. Time and savings deposits that are pledged as collateral to secure loans are not “deposits accumulated for the payment of personal loans.”

(c) Newly insured institutions. A newly insured institution shall pay an assessment for the assessment period during which it became an insured institution.

§ 327.6 Terminating transfers; other terminations of insurance

(a) Terminating institution’s final two quarterly certified statement invoices. If a terminating institution does not file a report of condition for the quarter prior to the quarter in which the terminating transfer occurs, its assessment base for the quarterly certified statement invoice or invoices for which it failed to file a report of condition shall be deemed to be its assessment base for the last quarter for which the institution filed a report of condition. The acquiring institution in a terminating transfer is liable for paying the final invoices of the terminating institution. The terminating institution’s assessment for the quarter prior to the quarter in which the terminating transfer occurs shall be calculated at the terminating institution’s rate.

(b) Assessment for quarter in which the terminating transfer occurs—(1) Acquirer using Average Daily Balances. If an acquiring institution’s assessment base is computed using average daily balances pursuant to §327.5, the terminating institution’s assessment for the quarter in which the terminating transfer occurs shall be reduced by the percentage of the quarter remaining after the terminating transfer and calculated at the acquiring institution’s rate and using the assessment base reported in the terminating institution’s quarterly report of condition for that quarter.

(2) Acquirer using Quarter-end Balances. If an acquiring institution’s assessment base is computed as a quarter-end balance pursuant to §327.5, its assessment for the quarter in which the terminating transfer occurs shall be the acquiring institution’s quarter-end balance calculated at the acquiring institution’s assessment rate, and the terminating institution shall not be assessed separately for that quarter.

(c) Other terminations. When the insured status of an institution is terminated, and the deposit liabilities of such institution are not assumed by another insured depository institution—

(1) Payment of assessments; quarterly certified statement invoices. The terminating depository institution shall continue to file and certify its quarterly certified statement invoice and pay assessments for the assessment period its deposits are insured. Such terminating institution shall not be required to certify its quarterly certified statement invoice and pay further assessments after it has paid in full its deposit liabilities and the assessment to the Corporation required to be paid for the assessment period in which its deposit liabilities are paid in full, and after it, under applicable law, goes out of business or transfers all or substantially all of its assets and liabilities to other institutions or otherwise ceases to be obliged to pay subsequent assessments.

(2) Payment of deposits; certification to Corporation. When the deposit liabilities of the depository institution have been paid in full, the depository institution shall certify to the Corporation that the deposit liabilities have been paid in full and give the date of the final payment. When the depository institution has unclaimed deposits, the certification shall further state the amount of the unclaimed deposits and the disposition made of the funds to be held to meet the claims. For assessment purposes, the following will be considered as payment of the unclaimed deposits:

(i) The transfer of cash funds in an amount sufficient to pay the unclaimed and unpaid deposits to the public official authorized by law to receive the same; or
§ 327.7 Payment of interest on assessment underpayments and overpayments.

(a) Payment of interest—(1) Payment by institutions. Each insured depository institution shall pay interest to the Corporation on any underpayment of its assessment.

(2) Payment by Corporation. The Corporation will pay interest on any overpayment by the institution of its assessment.

(3) Accumulation of interest. (i) Interest on an amount owed to or by the Corporation for the underpayment or overpayment of an assessment shall accrue interest at the relevant interest rate.

(ii) Interest on an amount specified in paragraph (a)(3)(i) of this section shall begin to accrue on the day following the regular payment date, as provided for in §327.3(b)(2), for the amount so overpaid or underpaid, provided, however, that interest shall not begin to accrue on any overpayment until the day following the date such overpayment was received by the Corporation. Interest shall continue to accrue through the date on which the overpayment or underpayment (together with any interest thereon) is discharged.

(iii) The relevant interest rate shall be determined for each quarterly assessment interval. A quarterly assessment interval begins on the day following the regular payment date, as specified in §327.3(b)(2), and ends on the immediately following regular payment date.

(b) Interest rates. (1) The relevant interest rate for a quarterly assessment interval that includes the month of January, April, July, and October, respectively, is the coupon equivalent yield of the average discount rate set...
on the 3-month Treasury bill at the
last auction held by the United States
Treasury Department during the pre-
ceding December, March, June, and
September, respectively.

(2) The relevant interest rate for a
quarterly assessment interval will
apply to any amounts overpaid or un-
derpaid on the payment date imme-
diately prior to the beginning of the
quarterly assessment interval. The re-
levant interest rate will also apply to
any amounts owed for previous over-
payments or underpayments (including
any interest thereon) that remain out-
standing, after any adjustments to
such overpayments or underpayments
have been made thereon, at the end of
the regular payment date immediately
prior to the beginning of the quarterly
assessment interval. Interest will be
compounded daily.

§ 327.8 Definitions.

For the purpose of this part 327:
(a) Deposits. The term deposit has the
meaning specified in section 3(l) of the
Federal Deposit Insurance Act.
(b) Quarterly report of condition. The
term quarterly report of condition means
a report required to be filed pursuant
to section 7(a)(3) of the Federal Deposit
Insurance Act.
(c) Assessment period—In general. The
term assessment period means a period
beginning on January 1 of any calendar
year and ending on March 31 of the
same year, or a period beginning on
April 1 of any calendar year and ending
on June 30 of the same year; or a period
beginning on July 1 of any calendar
year and ending on September 30 of the
same year; or a period beginning on Oc-
tober 1 of any calendar year and ending
on December 31 of the same year.
(d) Acquiring institution. The term ac-
quiring institution means an insured de-
pository institution that assumes some
or all of the deposits of another insured
depository institution in a terminating
transfer.
(e) Terminating institution. The term ter-
ninating institution means an insured
depository institution some or all of
the deposits of which are assumed by
another insured depository institution
in a terminating transfer.
(f) Terminating transfer. The term ter-
nminating transfer means the assumption
by one insured depository institution
of another insured depository institu-
tion’s liability for deposits, whether by
way of merger, consolidation, or other
statutory assumption, or pursuant to
contract, when the terminating insti-
tution goes out of business or transfers
all or substantially all its assets and li-
abilities to other institutions or other-
wise ceases to be obliged to pay subse-
quient assessments by or at the end of
the assessment period during which
such assumption of liability for depos-
its occurs. The term terminating trans-
fer does not refer to the assumption of
liability for deposits from the estate of
a failed institution, or to a transaction
in which the FDIC contributes its own
resources in order to induce a surviving
institutions to assume liabilities of a
terminating institution.

(g) Small institution. An insured de-
pository institution with assets of less
than $10 billion as of December 31, 2006
(other than an insured branch of a for-
eign bank or an institution classified
as large for purposes of §327.9(d)(8))
shall be classified as a small institu-
tion. If, after December 31, 2006, an in-
stitution classified as large under para-
graph (h) of this section (other than an
institution classified as large for pur-
poses of §327.9(d)(8)) reports assets of
less than $10 billion in its quarterly re-
ports of condition for four consecutive
quarters, the FDIC will reclassify the
institution as small beginning the fol-
lowing quarter.

(h) Large institution. An institution
classified as large for purposes of
§327.9(d)(8) or an insured depository in-
stitution with assets of $10 billion or
more as of December 31, 2006 (other
than an insured branch of a foreign
bank) shall be classified as a large in-
stitution. If, after December 31, 2006, an
institution classified as large under para-
graph (g) of this section reports as-
sets of $10 billion or more in its quar-
terly reports of condition for four con-
secutive quarters, the FDIC will reclas-
sify the institution as large beginning
the following quarter.

(i) Long-term debt issuer rating. A
long-term debt issuer rating shall mean a rating of an insured depository
institutions' long-term debt obliga-
tions by Moody's Investor Services,
Standard & Poor's, or Fitch Ratings
that has not been withdrawn before the end of the quarter being assessed. A withdrawn rating shall mean one that has been withdrawn by the rating agency and not replaced with another rating by the same agency. A long-term debt issuer rating does not include a rating of a company that controls an insured depository institution, or an affiliate or subsidiary of the institution.

(j) CAMELS composite and CAMELS component ratings. The terms CAMELS composite ratings and CAMELS component ratings shall have the same meaning as in the Uniform Financial Institutions Rating System as published by the Federal Financial Institutions Examination Council.

(k) ROCA supervisory ratings. ROCA supervisory ratings rate risk management, operational controls, compliance, and asset quality.

(l) New depository institution. A new insured depository institution is a bank or savings association that has been federally insured for less than five years as of the last day of any quarter for which it is being assessed.

(m) Established depository institution. An established insured depository institution is a bank or savings association that has been federally insured for at least five years as of the last day of any quarter for which it is being assessed.

(1) Merger or consolidation involving new and established institution(s). Subject to paragraphs (m)(2), (3), (4), and (5) of this section and §327.9(d)(10)(ii), (iii), when an established institution merges into or consolidates with a new institution, the resulting institution is a new institution unless:

(i) The assets of the established institution, as reported in its report of condition for the quarter ending immediately before the merger, exceeded the assets of the new institution, as reported in its report of condition for the quarter ending immediately before the merger; and

(ii) Substantially all of the management of the established institution continued as management of the resulting or surviving institution.

(2) Consolidation involving established institutions. When established institutions consolidate, the resulting institution is an established institution.

(3) Grandfather exception. If a new institution merges into an established institution, and the merger agreement was entered into on or before July 11, 2006, the resulting institution shall be deemed to be an established institution for purposes of this part.

(4) Subsidiary exception. Subject to paragraph (m)(5) of this section, a new institution will be considered established if it is a wholly owned subsidiary of:

(i) A company that is a bank holding company under the Bank Holding Company Act of 1956 or a savings and loan holding company under the Home Owners’ Loan Act, and:

(A) At least one eligible depository institution (as defined in 12 CFR 303.2(r)) that is owned by the holding company has been chartered as a bank or savings association for at least five years as of the date that the otherwise new institution was established; and

(B) The holding company has a composite rating of at least “2” for bank holding companies or an above average or “A” rating for savings and loan holding companies and at least 75 percent of its insured depository institution assets are assets of eligible depository institutions, as defined in 12 CFR 303.2(r); or

(ii) An eligible depository institution, as defined in 12 CFR 303.2(r), that has been chartered as a bank or savings association for at least five years as of the date that the otherwise new institution was established.

(5) Effect of credit union conversion. In determining whether an insured depository institution is new or established, the FDIC will include any period of time that the institution was a federally insured credit union.

(n) Risk assignment. An institution’s risk assignment includes assignment to Risk Category I, II, III, or IV, and, within Risk Category I, assignment to an assessment rate or rates.

(o) Unsecured debt—For purposes of the unsecured debt adjustment as set forth in §327.9(d)(5), unsecured debt shall include senior unsecured liabilities and subordinated debt.

(p) Senior unsecured liability—For purposes of the unsecured debt adjustment
Federal Deposit Insurance Corporation

§ 327.9 Assessment risk categories and pricing methods.

(a) Risk Categories.—Each insured depository institution shall be assigned to one of the following four Risk Categories based upon the institution’s capital evaluation and supervisory evaluation as defined in this section.

(1) Risk Category I. All institutions in Supervisory Group A that are Well Capitalized;

(2) Risk Category II. All institutions in Supervisory Group A that are Adequately Capitalized, and all institutions in Supervisory Group B that are either Well Capitalized or Adequately Capitalized;

(3) Risk Category III. All institutions in Supervisory Groups A and B that are Undercapitalized, and all institutions in Supervisory Group C that are Well Capitalized or Adequately Capitalized; and

(4) Risk Category IV. All institutions in Supervisory Group C that are Undercapitalized.

(b) Capital evaluations. An institution will receive one of the following three capital evaluations on the basis of data reported in the institution’s Consolidated Reports of Condition and Income, Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks, or Thrift Financial Report dated as of March 31 for the assessment period beginning the preceding January 1; dated as of June 30 for the assessment period beginning the preceding April 1; dated as of September 30 for the assessment period beginning the preceding July 1; and dated as of December 31 for the assessment period beginning the preceding October 1.

(1) Well Capitalized. (i) Except as provided in paragraph (b)(1)(ii) of this section, a Well Capitalized institution is one that satisfies each of the following capital ratio standards: Total risk-based ratio, 10.0 percent or greater; Tier 1 risk-based ratio, 6.0 percent or greater; and Tier 1 leverage ratio, 5.0 percent or greater.

(ii) For purposes of this section, an insured branch of a foreign bank will be deemed to be Well Capitalized if the insured branch:

(A) Maintains the pledge of assets required under §347.209 of this chapter; and

(B) Maintains the eligible assets prescribed under §347.210 of this chapter at 108 percent or more of the average book value of the insured branch’s third-party liabilities for the quarter ending on the report date specified in paragraph (b) of this section.

(2) Adequately Capitalized. (i) Except as provided in paragraph (b)(2)(ii) of this section, an Adequately Capitalized institution is one that does not satisfy the standards of Well Capitalized under this paragraph but satisfies each of the following capital ratio standards: Total risk-based ratio, 8.0 percent or greater; Tier 1 risk-based ratio, 4.0 percent or greater; and Tier 1 leverage ratio, 4.0 percent or greater.

(2) Adequately Capitalized. (i) Except as provided in paragraph (b)(2)(ii) of this section, an Adequately Capitalized institution is one that does not satisfy the standards of Well Capitalized under this paragraph but satisfies each of the following capital ratio standards: Total risk-based ratio, 8.0 percent or greater; Tier 1 risk-based ratio, 4.0 percent or greater; and Tier 1 leverage ratio, 4.0 percent or greater.

(ii) For purposes of this section, an insured branch of a foreign bank will be deemed to be Adequately Capitalized if the insured branch:

(A) Maintains the pledge of assets required under §347.209 of this chapter; and

(B) Maintains the eligible assets prescribed under §347.210 of this chapter at 106 percent or more of the average book value of the insured branch’s third-party liabilities for the quarter ending on the report date specified in paragraph (b) of this section; and

(C) Does not meet the definition of a Well Capitalized insured branch of a foreign bank.

(3) Undercapitalized. An undercapitalized institution is one that does not qualify as either Well Capitalized or Adequately Capitalized under paragraphs (b)(1) and (b)(2) of this section.

(c) Supervisory evaluations. Each institution will be assigned to one of three Supervisory Groups based on the Corporation’s consideration of supervisory evaluations provided by the institution’s primary federal regulator. The supervisory evaluations include the results of examination findings by the primary federal regulator, as well as other information that the primary federal regulator determines to be relevant. In addition, the Corporation will take into consideration such other information (such as state examination findings, as appropriate) as it determines to be relevant to the institution’s financial condition and the risk posed to the Deposit Insurance Fund. The three Supervisory Groups are:

(1) Supervisory Group “A.” This Supervisory Group consists of financially sound institutions with only a few minor weaknesses;

(2) Supervisory Group “B.” This Supervisory Group consists of institutions that demonstrate weaknesses which, if not corrected, could result in significant deterioration of the institution and increased risk of loss to the Deposit Insurance Fund; and

(3) Supervisory Group “C.” This Supervisory Group consists of institutions that pose a substantial probability of loss to the Deposit Insurance Fund unless effective corrective action is taken.

(d) Determining Initial Base Assessment Rates for Risk Category I Institutions. Subject to paragraphs (d)(2), (4), (5), (6), (8), (9) and (10) of this section, an insured depository institution in Risk Category I, except for a large institution that has at least one long-term debt issuer rating, as defined in §327.8(i), shall have its initial base assessment rate determined using the financial ratios method set forth in paragraph (d)(1) of this section. A large insured depository institution in Risk Category I that has at least one long-term debt issuer rating shall have its initial base assessment rate determined using the large bank method set forth in paragraph (d)(2) of this section (subject to paragraphs (d)(2), (4), (5), (6), (8), (9) and (10) of this section). The initial base assessment rate for a large institution whose assessment rate in the prior quarter was determined using the large bank method, but which no longer has a long-term debt issuer rating, shall be determined using the financial ratios method.

(1) Financial ratios method. Under the financial ratios method for Risk Category I institutions, each of six financial ratios and a weighted average of CAMELS component ratings will be multiplied by a corresponding pricing multiplier. The sum of these products will be added to or subtracted from a uniform amount. The resulting sum shall equal the institution’s initial base assessment rate; provided, however, that no institution’s initial base assessment rate shall be less than the minimum initial base assessment rate in effect for Risk Category I institutions for that quarter nor greater than the maximum initial base assessment rate in effect for Risk Category I institutions for that quarter. An institution’s initial base assessment rate, subject to adjustment pursuant to paragraphs (d)(4), (5) and (6) of this section, as appropriate (which will produce the total base assessment rate), and adjusted for the actual assessment rates set by the Board under §327.10(c), will equal an institution’s assessment rate. The six financial ratios are: Tier 1 Leverage Ratio; Loans past due 30–89 days/gross assets; Nonperforming assets/gross assets; Net loan charge-offs/gross assets; Net income before taxes/
risk-weighted assets; and the Adjusted brokered deposit ratio. The ratios are defined in Table A.1 of Appendix A to this subpart. The ratios will be determined for an assessment period based upon information contained in an institution’s report of condition filed as of the last day of the assessment period as set out in §327.9(b). The weighted average of CAMELS component ratings is created by multiplying each component by the following percentages and adding the products: Capital adequacy—25%, Asset quality—20%, Management—25%, Earnings—10%, Liquidity—10%, and Sensitivity to market risk—10%. The following table sets forth the initial values of the pricing multipliers:

* Ratios are expressed as percentages.
** Multipliers are rounded to three decimal places.

The six financial ratios and the weighted average CAMELS component rating will be multiplied by the respective pricing multiplier, and the products will be summed. To this result will be added the uniform amount of 11.861. The resulting sum shall equal the institution’s initial base assessment rate; provided, however, that no institution’s initial base assessment rate shall be less than the minimum initial base assessment rate in effect for Risk Category I institutions for that quarter nor greater than the maximum initial base assessment rate in effect for Risk Category I institutions for that quarter. Appendix A to this subpart describes the derivation of the pricing multipliers and uniform amount and explains how they will be periodically updated.

(i) Publication and uniform amount and pricing multipliers. The FDIC will publish notice in the Federal Register whenever a change is made to the uniform amount or the pricing multipliers for the financial ratios method.

(ii) Implementation of CAMELS rating changes—(A) Changes between risk categories. If, during a quarter, a CAMELS composite rating change occurs that results in an institution whose Risk Category I assessment rate is determined using the financial ratios method moving from Risk Category II, III or IV to Risk Category I, and its initial base assessment rate would be determined using the supervisory ratings in effect before the change and the financial ratios as of the end of the quarter, subject to adjustment pursuant to paragraphs (d)(4), (5), and (6) of this section, as appropriate, and adjusted for the actual assessment rates set by the Board under §327.10(c). For the portion of the quarter that the institution was in Risk Category I, the institution’s initial base assessment rate, which shall be subject to adjustment pursuant to paragraphs (d)(5), (6) and (7), shall be determined under the assessment schedule for the appropriate Risk Category. If, during a quarter, a CAMELS composite rating change occurs that results in an institution moving from Risk Category II, III or IV to Risk Category I, and its initial base assessment rate would be determined using the financial ratios method, then that method shall apply for the portion of the quarter that it was in Risk Category I, subject to adjustment pursuant to paragraphs (d)(4), (5), and (6) of this section, as appropriate, and adjusted for the actual assessment rates set by the Board under §327.10(c). For the portion of the quarter that the institution was not in Risk Category I, the institution’s initial base assessment rate, which shall be subject to adjustment pursuant to paragraphs (d)(5), (6) and
§ 327.9 12 CFR Ch. III (1–1–10 Edition)

(7), shall be determined under the assessment schedule for the appropriate Risk Category.

(B) Changes within Risk Category I. If, during a quarter, an institution’s CAMELS component ratings change in a way that would change the institution’s initial base assessment rate within Risk Category I, the initial base assessment rate for the period before the change shall be determined under the financial ratios method using the CAMELS component ratings in effect before the change, subject to adjustment pursuant to paragraphs (d)(4), (5), and (6) of this section, as appropriate. Beginning on the date of the CAMELS component ratings change, the initial base assessment rate for the remainder of the quarter shall be determined using the CAMELS component ratings in effect after the change, again subject to adjustment pursuant to paragraphs (d)(4), (5), and (6) of this section, as appropriate.

(2) Large bank method. A large insured depository institution in Risk Category I that has at least one long-term debt issuer rating, as defined in § 327.8(i), shall have its initial base assessment rate determined using the large bank method. The initial base assessment rate under the large bank method shall be derived from three components, each given a 33⅓ percent weight: a component derived using the financial ratios method, a component derived using long-term debt issuer ratings, and a component derived using CAMELS component ratings. The institution’s assessment rate computed using the financial ratios method shall be converted to a financial ratios score by first subtracting 10 from the financial ratios method assessment rate and then multiplying the result by ⅔. The result will equal an institution’s financial ratios score. Its CAMELS component ratings will be weighted to derive a weighted average CAMELS rating using the same weights applied in the financial ratios method as set forth under paragraph (d)(1) of this section. Long-term debt issuer ratings will be converted to numerical values between 1 and 3 as provided in Appendix B to this subpart and the converted values will be averaged. The financial ratios score, the weighted average CAMELS rating and the average of converted long-term debt issuer ratings each will be multiplied by 1.692 (which shall be the pricing multiplier), and the products will be summed. To this result will be added 3.673 (which shall be a uniform amount for all institutions subject to the large bank method). The resulting sum shall equal the institution’s initial base assessment rate; provided, however, that no institution’s initial base assessment rate shall be less than the minimum initial base assessment rate in effect for Risk Category I institutions for that quarter nor greater than the maximum initial base assessment rate in effect for Risk Category I institutions for that quarter. An institution’s initial base assessment rate, subject to adjustment pursuant to paragraphs (d)(4), (5), and (6) of this section, as appropriate (which will produce the total base assessment rate), and adjusted for the actual assessment rates set by the Board pursuant to § 327.10(c), will equal an institution’s assessment rate.

(i) Implementation of Large Bank Method Changes between Risk Categories. If, during a quarter, a CAMELS or ROCA rating change occurs that results in an institution whose Risk Category I initial base assessment rate is determined using the large bank method or an insured branch of a foreign bank moving from Risk Category I to Risk Category II, III or IV, the institution’s initial base assessment rate for the portion of the quarter that it was in Risk Category I shall be determined as for any other institution in Risk Category I whose initial base assessment rate is determined using the large bank method, subject to adjustments pursuant to paragraphs (d)(4), (5), and (6) of this section, as appropriate or, if the institution is an insured branch of a foreign bank, using the weighted average ROCA component rating, subject to adjustment pursuant to paragraph (d)(4). For the portion of the quarter that the institution was not in Risk Category I, the institution’s initial base assessment rate, which, unless the institution is an insured branch of a foreign bank, shall be subject to adjustment pursuant to paragraphs (d)(5), (6) and (7), shall be determined under the assessment schedule for the appropriate
Federal Deposit Insurance Corporation § 327.9

Risk Category. If, during a quarter, a CAMELS or ROCA rating change occurs that results in a large institution with a long-term debt issuer rating or an insured branch of a foreign bank moving from Risk Category II, III or IV to Risk Category I, the institution’s assessment rate for the portion of the quarter that it was in Risk Category I shall equal the rate determined under paragraphs (d)(2) (and (d)(4), (5), and (6)) or (d)(3) (and (d)(4), (5), and (6)) of this section, as appropriate. For the portion of the quarter that the institution was not in Risk Category I, the institution’s initial base assessment rate, which shall be subject to adjustment pursuant to paragraphs (d)(5), (6) and (7), shall be determined under the assessment schedule for the appropriate Risk Category.

(ii) Implementation of Large Bank Method Changes within Risk Category I. If, during a quarter, an institution whose Risk Category I initial base assessment rate is determined using the large bank method remains in Risk Category I, but the financial ratios score, a CAMELS component or a long-term debt issuer rating changes that would affect the institution’s initial base assessment rate, or if, during a quarter, an insured branch of a foreign bank remains in Risk Category I, but a ROCA component rating changes that would affect the institution’s initial base assessment rate, separate assessment rates for the portion(s) of the quarter before and after the change(s) shall be determined under paragraphs (d)(2) (and (d)(4), (5), and (6)) or (d)(3) (and (d)(4)) of this section, as appropriate.

(3) Assessment rate for insured branches of foreign banks in Risk Category I. Insured branches of foreign banks in Risk Category I shall be assessed using the weighted average ROCA component rating, as determined under paragraph (d)(3)(ii) of this section.

(i) Weighted average ROCA component rating. The weighted average ROCA component rating shall equal the sum of the products that result from multiplying ROCA component ratings by the following percentages: Risk Management—35%, Operational Controls—25%, Compliance—25%, and Asset Quality—15%. The weighted average ROCA rating will be multiplied by 5.076 (which shall be the pricing multiplier). To this result will be added 3.873 (which shall be a uniform amount for all insured branches of foreign banks). The resulting sum—the initial base assessment rate—subject to adjustments pursuant to paragraph (d)(4) of this section will equal an institution’s total base assessment rate; provided, however, that no institution’s total base assessment rate will be less than the minimum total base assessment rate in effect for Risk Category I institutions for that quarter nor greater than the maximum total base assessment rate in effect for Risk Category I institutions for that quarter.

(ii) No insured branch of a foreign bank in any risk category shall be subject to the unsecured debt adjustment, the secured liability adjustment, or the brokered deposit adjustment.

(4) Adjustment for large banks or insured branches of foreign banks—(i) Basis for and size of adjustment. Within Risk Category I, large institutions and insured branches of foreign banks except new institutions as provided under paragraph (d)(9)(i)(A) of this section, are subject to adjustment of their initial base assessment rate. Any such large bank adjustment shall be limited to a change in the initial base assessment rate of up to one basis point higher or lower than the rate determined using the financial ratios method, the large bank method, or the weighted average ROCA component rating method, whichever is applicable. In determining whether to make this initial base assessment rate adjustment for a large institution or an insured branch of a foreign bank, the FDIC may consider other relevant information in addition to the factors used to derive the risk assignment under paragraphs (d)(1), (2), or (3) of this section. Relevant information includes financial performance and condition information, other market or supervisory information, potential loss severity, and stress considerations, as described in Appendix C to this subpart.

(ii) Adjustment subject to maximum and minimum rates. No adjustment to the initial base assessment rate for large banks shall decrease any rate so that
(iii) Prior notice of adjustments—(A) Prior notice of upward adjustment. Prior to making any upward large bank adjustment to an institution's initial base assessment rate because of considerations of additional risk information, the FDIC will formally notify the institution and its primary federal regulator and provide an opportunity to respond. This notification will include the reasons for the adjustment and when the adjustment will take effect.

(B) Prior notice of downward adjustment. Prior to making any downward large bank adjustment to an institution's initial base assessment rate because of considerations of additional risk information, the FDIC will formally notify the institution's primary federal regulator and provide an opportunity to respond.

(iv) Determination whether to adjust upward; effective period of adjustment. After considering an institution's and the primary federal regulator's responses to the notice, the FDIC will determine whether the large bank adjustment to an institution's initial base assessment rate because of any revisions to weighted average CAMEL component ratings, long-term debt issuer ratings, and financial ratios, as well as any actions taken by the FDIC in response to the notice, the FDIC will formally notify the institution and its primary federal regulator and provide an opportunity to respond.

(v) Determination whether to adjust downward; effective period of adjustment. After considering the primary federal regulator's responses to the notice, the FDIC will determine whether the large bank adjustment to an institution's initial base assessment rate is warranted, taking into account any revisions to weighted average CAMEL component ratings, long-term debt issuer ratings, and financial ratios, as well as any actions taken by the institution to address the FDIC's concerns described in the notice. Any downward adjustment in an institution's initial base assessment rate will remain in effect for subsequent assessment periods until the FDIC determines that an adjustment is no longer warranted. Downward adjustments will be made without notification to the institution.

(vi) Adjustment without notice. Notwithstanding the notice provisions set forth above, the FDIC may change an institution's initial base assessment rate without notice under this paragraph, if the institution's supervisory or agency ratings or the financial ratios set forth in Appendix A to this subpart deteriorate.

(5) Unsecured debt adjustment to initial base assessment rate for all institutions. All institutions within all risk categories, except new institutions as provided under paragraph (d)(9)(i)(C) of this section and insured branches of foreign banks as provided under paragraph (d)(3)(iii) of this section, are subject to downward adjustment of assessment rates for unsecured debt, based on the ratio of long-term unsecured debt (and, for small institutions as defined in paragraph (ii) below, specified amounts of Tier 1 capital) to domestic deposits. Any unsecured debt adjustment shall be made after any adjustment under paragraph (d)(4) of this section.

(i) Large institutions—The unsecured debt adjustment for large institutions shall be determined by multiplying the institution's ratio of long-term unsecured debt to domestic deposits by 40 basis points.

(ii) Small institutions—The unsecured debt adjustment for small institutions will factor in an amount of Tier 1 capital (qualified Tier 1 capital) in addition to any long-term unsecured debt; the amount of qualified Tier 1 capital will be the sum of the amounts set forth below:

For institutions that file Thrift Financial Reports, adjusted total assets will be used in place of adjusted average assets in the preceding table. The sum of qualified Tier 1 capital and long-term unsecured debt as a percentage of domestic deposits will be multiplied by 40 basis points to produce the unsecured debt adjustment for small institutions.

(iii) Limitation—No unsecured debt adjustment for any institution shall exceed five basis points.

(iv) Applicable quarterly reports of condition—Ratios for any given quarter shall be calculated from quarterly reports of condition (Call Reports and Thrift Financial Reports) filed by each institution as of the last day of the quarter. Until institutions separately report long-term senior unsecured liabilities and long-term subordinated debt in their quarterly reports of condition, the FDIC will use subordinated debt included in Tier 2 capital and will not include any amount of senior unsecured liabilities in calculating the unsecured debt adjustment.

(6) Secured liability adjustment for all institutions. All institutions within all risk categories, except insured branches of foreign banks as provided under paragraph (d)(3)(iii) of this section, are subject to upward adjustment of their assessment rate based upon the ratio of their secured liabilities to domestic deposits. Any such adjustment shall be made after any applicable large bank adjustment or unsecured debt adjustment.

(i) Secured liabilities for banks—Secured liabilities for banks include Federal Home Loan Bank advances, securities sold under repurchase agreements, secured Federal funds purchased and other borrowings that are secured as reported in banks’ quarterly Call Reports.

(ii) Secured liabilities for savings associations—Secured liabilities for savings associations include Federal Home Loan Bank advances as reported in quarterly Thrift Financial Reports (“TFRs”). Secured liabilities for savings associations also include securities sold under repurchase agreements, secured Federal funds purchased or other borrowings that are secured. Any of these secured amounts not reported separately from unsecured or other liabilities in the TFR will be imputed based on simple averages for Call Report filers as of June 30, 2008. As of that date, on average, 63.0 percent of the sum of Federal funds purchased and securities sold under repurchase agreements reported by Call Report filers were secured, and 49.4 percent of other borrowings were secured.

(iii) Calculation—An institution’s ratio of secured liabilities to domestic deposits will, if greater than 25 percent, increase its assessment rate, but any such increase shall not exceed 50 percent of its assessment rate before the secured liabilities adjustment. For an institution that has a ratio of secured liabilities (as defined in paragraph (ii) above) to domestic deposits of greater than 25 percent, the institution’s assessment rate (after taking into account any adjustment under paragraphs (d)(5) or (6) of this section) will be multiplied by the following amount: The ratio of the institution’s secured liabilities to domestic deposits minus 0.25. Ratios of secured liabilities to domestic deposits shall be calculated from the report of condition, or similar report, filed by each institution.

(7) Brokered Deposit Adjustment for Risk Categories II, III, and IV. All institutions in Risk Categories II, III, and IV, except insured branches of foreign banks as provided under paragraph (d)(3)(iii) of this section, shall be subject to an assessment rate adjustment for brokered deposits. Any such brokered deposit adjustment shall be made after any adjustment under paragraph (d)(5) or (6). The brokered deposit adjustment includes all brokered deposits as defined in Section 29 of the
§ 327.9  [Reserved]

Federal Deposit Insurance Act (12 U.S.C. 1831f), and 12 CFR 337.6, including reciprocal deposits as defined in § 327.8(r), and brokered deposits that consist of balances swept into an insured institution by another institution. The adjustment under this paragraph is limited to those institutions whose ratio of brokered deposits to domestic deposits is greater than 10 percent; asset growth rates do not affect the adjustment. The adjustment is determined by multiplying by 25 basis points the difference between an institution’s ratio of brokered deposits to domestic deposits and 0.10. The maximum brokered deposit adjustment will be 10 basis points. Brokered deposit ratios for any given quarter are calculated from the quarterly reports of condition filed by each institution as of the last day of the quarter.

(8) Request to be treated as a large institution—(i) Procedure. Any institution in Risk Category I with assets of between $5 billion and $10 billion may request that the FDIC determine its initial base assessment rate as a large institution. The FDIC will grant such a request if it determines that it has sufficient information to do so. The absence of long-term debt issuer ratings alone will not preclude the FDIC from granting a request. The initial base assessment rate for an institution without a long-term debt issuer rating will be derived using the financial ratios method, but will be subject to adjustment as a large institution under paragraph (d)(4) of this section. Any such request must be made to the FDIC’s Division of Insurance and Research. Any approved change will become effective within one year from the date of the request. If an institution whose request has been granted subsequently reports assets of less than $5 billion in its report of condition for four consecutive quarters, the FDIC will consider such institution to be a small institution subject to the financial ratios method.

(ii) Time limit on subsequent request for alternate method. An institution whose request to be assessed as a large institution is granted by the FDIC shall not be eligible to request that it be assessed as a small institution for a period of three years from the first quarter in which its approved request to be assessed as a large bank became effective. Any request to be assessed as a small institution must be made to the FDIC’s Division of Insurance and Research.

(iii) An institution that disagrees with the FDIC’s determination that it is a large or small institution may request review of that determination pursuant to § 327.4(c).

(9) New and established institutions and exceptions—(A) Rule as of January 1, 2010. Effective for assessment periods beginning on or after January 1, 2010, a new institution that is well capitalized shall be assessed the Risk Category I maximum initial base assessment rate for the relevant assessment period, except as provided in § 327.8(m)(1), (2), (3), (4), (5) and paragraphs (ii) and (iii) below. No new institution in Risk Category I shall be subject to the large bank adjustment as determined under paragraph (d)(4) of this section.

(B) Rule prior to January 1, 2010. Prior to January 1, 2010, a new institution’s initial base assessment rate shall be determined under paragraph (d)(1) or (2) of this section, as appropriate. Prior to January 1, 2010, a Risk Category I institution that is well capitalized and has no CAMELS component ratings shall be assessed at two basis points above the minimum initial base assessment rate applicable to Risk Category I institutions until it receives CAMELS component ratings. The initial base assessment rate will be determined by annualizing, where appropriate, financial ratios obtained from the quarterly reports of condition that have been filed, until the institution files four such reports. Prior to January 1, 2010, assessment rates for new institutions in Risk Category I shall be subject to the large bank adjustment as determined under paragraph (d)(4) of this section.

(C) Applicability of adjustments to new institutions prior to and as of January 1, 2010. No new institution in any risk category shall be subject to the unsecured debt adjustment as determined under paragraph (d)(5) of this section. All new institutions in any Risk Category shall be subject to the secured liability adjustment as determined under paragraph (d)(6) of this section.
All new institutions in Risk Categories II, III, and IV shall be subject to the brokered deposit adjustment as determined under paragraph (d)(7) of this section.

(ii) CAMELS ratings for the surviving institution in a merger or consolidation. When an established institution merges with or consolidates into a new institution, if the FDIC determines the resulting institution to be an established institution under §327.8(m)(1), its CAMELS ratings for assessment purposes will be based upon the established institution’s ratings prior to the merger or consolidation until new ratings become available.

(iii) Rate applicable to institutions subject to subsidiary or credit union exception. If an institution is considered established under §327.8(m)(4) and (5), but does not have CAMELS component ratings, it shall be assessed at two basis points above the minimum initial base assessment rate applicable to Risk Category I institutions until it receives CAMELS component ratings. Thereafter, the assessment rate will be determined by annualizing, where appropriate, financial ratios obtained from all quarterly reports of condition that have been filed, until the institution files four quarterly reports of condition or it receives a long-term debt issuer rating and it is a large institution.

(iv) Request for review. An institution that disagrees with the FDIC’s determination that it is a new institution may request review of that determination pursuant to §327.4(c).

(10) Assessment rates for bridge depository institutions and conservatorships. Institutions that are bridge depository institutions under 12 U.S.C. 1821(n) and institutions for which the Corporation has been appointed or serves as conservator shall, in all cases, be assessed at the Risk Category I minimum initial base assessment rate, which shall not be subject to adjustment under paragraphs (d)(4), (5), (6) or (7) of this section.

§ 327.10 Assessment rate schedules.

(a) Initial Base Assessment Rate Schedule. The initial base assessment rate for an insured depository institution shall be the rate prescribed in the following schedule:

*All amounts for all risk categories are in basis points annually. Total base rates that are not the minimum or maximum rate will vary between these rates.*

(1) **Risk Category I Total Base Assessment Rate Schedule.** The annual total base assessment rates for all institutions in Risk Category I shall range from 7 to 24 basis points.

(2) **Risk Category II Total Base Assessment Rate Schedule.** The annual total base assessment rates for Risk Category II shall range from 17 to 43 basis points.

(3) **Risk Category III Total Base Assessment Rate Schedule.** The annual total base assessment rates for Risk Category III shall range from 27 to 58 basis points.

(4) **Risk Category IV Total Base Assessment Rate Schedule.** The annual total base assessment rates for Risk Category IV shall range from 40 to 77.5 basis points.

(c) **Total Base Assessment Rate Schedule adjustments and procedures—(1) Board Rate Adjustments.** The Board may increase or decrease the total base assessment rate schedule up to a maximum increase of 3 basis points or a fraction thereof or a maximum decrease of 3 basis points or a fraction thereof (after aggregating increases and decreases), as the Board deems necessary. Any such adjustment shall apply uniformly to each rate in the total base assessment rate schedule. In no case may such Board rate adjustments result in a total base assessment rate that is mathematically less than zero or in a total base assessment rate schedule that, at any time, is more than 3 basis points above or below the total base assessment schedule for the Deposit Insurance Fund, nor may any one such Board adjustment constitute an increase or decrease of more than 3 basis points.

(2) **Amount of revenue.** In setting assessment rates, the Board shall take into consideration the following:

(i) Estimated operating expenses of the Deposit Insurance Fund;

(ii) Case resolution expenditures and income of the Deposit Insurance Fund;

(iii) The projected effects of assessments on the capital and earnings of the institutions paying assessments to the Deposit Insurance Fund;

(iv) The risk factors and other factors taken into account pursuant to 12 U.S.C. 1817(b)(1); and

(v) Any other factors the Board may deem appropriate.

(3) **Adjustment procedure.** Any adjustment adopted by the Board pursuant to this paragraph will be adopted by rulemaking, except that the Corporation may set assessment rates as necessary to manage the reserve ratio, within set parameters not exceeding cumulatively 3 basis points, pursuant to paragraph (c)(3) of this section, without further rulemaking.

(4) **Announcement.** The Board shall announce the assessment schedules and the amount and basis for any adjustment thereto not later than 30 days before the quarterly certified statement invoice date specified in §327.3(b) of this part for the first assessment period for which the adjustment shall be effective. Once set, rates will remain in effect until changed by the Board.

[74 FR 9556, Mar. 4, 2009]

§ 327.11 Special assessments.

(a) **Special assessment imposed on June 30, 2009.** On June 30, 2009, the FDIC shall impose a special assessment on each insured depository institution of 5 basis points based on the institution’s total assets less Tier 1 capital as reported on the report of condition for the second assessment period of 2009. The special assessment paid by any institution shall not exceed 10 basis points times the institution’s assessment base for the second quarter 2009 risk-based assessment.
§ 327.12 Prepayment of quarterly risk-based assessments.

(a) Requirement to prepay assessment. On December 30, 2009, each insured depository institution shall pay to the Corporation an estimated quarterly risk-based assessment for each quarter of the prepayment period.

(b) Calculation of prepaid assessment.

(1) Prepaid assessment. For each quarter of the prepayment period, an institution's prepaid assessment shall equal its estimated quarterly risk-based assessments aggregated for the quarter in which the special assessment was imposed.

(2) Prepaid assessment rate. Each insured depository institution shall pay to the Corporation any special assessment imposed under paragraph (a) or (b) of this section in compliance with and subject to the provisions of §§ 327.3, 327.6 and 327.7 of subpart A, and the provisions of subpart B. The payment date for any special assessment shall be the date provided in § 327.3(b)(2) for the institution's quarterly certified statement invoice for the calendar quarter in which the special assessment was imposed.

[74 FR 25644, May 29, 2009]
shall equal the total base assessment rate that the institution would have paid for the third quarter of 2009 had the institution’s CAMELS ratings in effect on September 30, 2009, and, where applicable, long-term debt issuer ratings in effect on September 30, 2009, been in effect for the entire third quarter of 2009.

(3) Prepaid assessment base. For each quarter of the prepayment period, an institution’s prepaid assessment base shall be calculated by increasing its third quarter 2009 assessment base at an annual rate of 5 percent.

(4) Finality of prepaid assessment. The prepaid assessment rate and prepaid assessment base defined in paragraphs (b)(2) and (3) of this section shall be determined based upon data in the FDIC’s computer systems as of December 24, 2009. Changes to data underlying an institution’s adjusted total base assessment rate or assessment base, whether by amendment to a report of condition or otherwise, received by the FDIC after December 24, 2009, shall not affect an institution’s prepaid assessment.

(5) Prepaid assessment rates for mergers and consolidations. For mergers and consolidations recorded in the FDIC’s computer systems no later than December 24, 2009, the acquired institution’s prepaid assessment rate under paragraph (b)(2) of this section shall be the prepaid assessment rate of the acquiring institution.

(c) Invoicing of prepaid assessment. The FDIC shall advise each insured depository institution of the amount and calculation of its prepaid assessment at the same time the FDIC provides the institution’s quarterly certified statement invoice for the third quarter of 2009. The FDIC will re-invoice through FDICconnect based upon any data changes as provided in paragraph (b)(4) of this section.

(d) Payment of prepaid assessment. Each insured depository institution shall pay to the Corporation the amount of its prepaid assessment as required under paragraph (a) of this section in compliance with and subject to the provisions of §§ 327.3 and 327.7 of subpart A.

(e) Use of prepaid assessments. Prepaid assessments shall only be used to offset regular quarterly risk-based deposit insurance assessments payable under this subpart A. The FDIC will begin offsetting regular quarterly risk-based deposit insurance assessments against prepaid assessments on March 30, 2010. The FDIC will continue to make such offsets until the earlier of the exhaustion of the institution’s prepaid assessment or June 30, 2013. Any prepaid assessment remaining after collection of the amount due on June 30, 2013, shall be returned to the institution. If the FDIC, in its discretion, determines that its liquidity needs allow, it may return any remaining prepaid assessment to the institution prior to June 30, 2013.

(f) Transfers. An insured depository institution may enter into an agreement to transfer, but not pledge, any portion of that institution’s prepaid assessment to another insured depository institution, provided that the parties to the agreement notify the FDIC’s Division of Finance and submit a written agreement, signed by legal representatives of both institutions. The parties must include documentation stating that each representative has the legal authority to bind the institution. The institution transferring its prepaid assessment shall submit the required notice and documentation through FDICconnect. That information will be presented by the FDIC through FDICconnect to the institution acquiring the prepaid assessments for its acceptance. The adjustment to the amount of the prepaid assessment for
each institution involved in the transfer will be made in the next assessment invoice that is sent at least 10 days after the FDIC’s receipt of acceptance by the institution acquiring the prepaid assessments.

(g) Prepaid assessments following a merger. In the event that an insured depository institution merges with, or consolidates into, another insured depository institution, the surviving or resulting institution will be entitled to use any unused portion of the acquired institution’s prepaid assessment not otherwise transferred pursuant to paragraph (f) of this section.

(h) Disposition in the event of failure or termination of insured status. In the event of failure of an insured depository institution, any amount of its prepaid assessment remaining (other than any amounts needed to satisfy its assessment obligations not yet offset against the prepaid amount) will be refunded to the institution’s receiver. In the event that an insured depository institution’s insured status terminates, any amount of its prepaid assessment remaining (other than any amounts needed to satisfy its assessment obligations not yet offset against the prepaid amount) will be refunded to the institution, subject to the provisions of §327.6 of subpart A.

(i) Exemptions. (1) Exemption without application. The FDIC, after consultation with an institution’s primary federal regulator, will exercise its discretion as supervisor and insurer to exempt an institution from the prepayment requirement under paragraph (a) of this section if the FDIC determines that the prepayment would adversely affect the safety and soundness of that institution. No application is required for this review and the FDIC will notify any affected institution of its exemption by November 23, 2009.

(2) Application for exemption. An institution may also apply to the FDIC for an exemption from the prepayment requirement under paragraph (a) of this section if the prepayment would significantly impair the institution’s liquidity, or would otherwise create extraordinary hardship. Written applications for exemption from the prepayment obligation must be submitted to the Director of the Division of Supervision and Consumer Protection on or before December 1, 2009, by electronic mail (prepaidassessment@fdic.gov) or fax (202–898–6676). The application must contain a full explanation of the need for the exemption and provide supporting documentation, including current financial statements, cash flow projections, and any other relevant information, including any information the FDIC may request. The FDIC will exercise its discretion in deciding whether to exempt an institution that files an application for exemption. An application shall be deemed denied unless the FDIC notifies an applying institution by December 15, 2009, either that the institution is exempt from the prepaid assessment or the FDIC has postponed determination under paragraph (i)(4) of this section. The FDIC’s denial of applications for exemption will be final and not subject to further agency review.

(3) Application for Withdrawal of Exemption. An institution that has received an exemption under paragraph (i)(1) of this section may request that the FDIC withdraw the exemption. Written applications for withdrawal of exemption must be submitted to the Director of the Division of Supervision and Consumer Protection on or before December 1, 2009, by electronic mail (prepaidassessment@fdic.gov) or fax (202–898–6676). The application must contain a full explanation of the reasons the exemption is not needed and provide supporting documentation, including current financial statements, cash flow projections, and any other relevant information, including any information the FDIC may request. The FDIC, after consultation with the institution’s primary Federal regulator, will exercise its discretion in deciding whether to withdraw the exemption. The FDIC will notify an institution of its decision to withdraw the exemption by December 15, 2009; that determination will be final and not subject to further agency review. An application shall be deemed denied unless the FDIC notifies an applying institution by December 15, 2009, that the exemption is withdrawn.
§ 327.15 Emergency special assessments.

(a) Emergency special assessment imposed on June 30, 2009. On June 30, 2009, the FDIC shall impose an emergency special assessment of 20 basis points on each insured depository institution based on the institution’s assessment base calculated pursuant to §327.5 for the second assessment period of 2009.

(b) Emergency special assessments after June 30, 2009. After June 30, 2009, if the reserve ratio of the Deposit Insurance Fund is estimated to fall to a level that the Board believes would adversely affect public confidence or to a level which shall be close to zero or negative at the end of a calendar quarter, an emergency special assessment of up to 10 basis points may be imposed by a vote of the Board on all insured depository institutions based on each institution’s assessment base calculated pursuant to §327.5 for the corresponding assessment period.

(1) Estimation process. For purposes of any emergency special assessment under this paragraph (b), the FDIC shall estimate the reserve ratio of the Deposit Insurance Fund for the applicable calendar quarter end from available data on, or estimates of, insurance fund assessment income, investment income, operating expenses, other revenue and expenses, and loss provisions, including provisions for anticipated failures. The FDIC will assume that estimated insured deposits will increase during the quarter at the average quarterly rate over the previous four quarters.

(2) Imposition and announcement of emergency special assessments. Any emergency special assessment under this paragraph (b) shall be on the last day of a calendar quarter and shall be announced by the end of such quarter. As soon as practicable after announcement, the FDIC will have a notice published in the Federal Register of the emergency special assessment.

(c) Invoicing of any emergency special assessments. The FDIC shall advise each insured depository institution of the amount and calculation of any emergency special assessment imposed under paragraph (a) or (b) of this section. This information shall be provided at the same time as the institution’s quarterly certified statement invoice for the assessment period in which the emergency special assessment was imposed.

(d) Payment of any emergency special assessment. Each insured depository institution shall pay to the Corporation any emergency special assessment imposed under paragraph (a) or (b) of this section in compliance with and subject to the provisions of §§327.3, 327.6 and 327.7 of subpart A, and the provisions of subpart B. The payment date for any emergency special assessment shall be the date provided in §327.3(b)(2) for the institution’s quarterly certified statement invoice for the calendar quarter in which the emergency special assessment was imposed.

A model (the Statistical Model) that estimates the probability that a Risk Category I institution will be downgraded to a composite CAMELS rating of 3 or worse within one year:

- Minimum and maximum downgrade probability cut-off values, based on data from June 30, 2008, that will determine which small institutions will be charged the minimum and maximum initial base assessment rates applicable to Risk Category I:
  - The minimum initial base assessment rate for Risk Category I, which is four basis points higher than the minimum rate.
  - The maximum initial base assessment rate for Risk Category I, equal to 12 basis points higher than the minimum rate.

**II. THE STATISTICAL MODEL**

The Statistical Model is defined in equations 1 and 2 below.

\[ \text{Equation 1} \]

\[
\text{Downgrade}(0,1)_{it} = \beta_0 + \beta_1 \left( \text{Tier 1 Leverage Ratio}_{it} \right) + \beta_2 \left( \text{Loans past due 30 to 89 days ratio}_{it} \right) + \beta_3 \left( \text{Nonperforming asset ratio}_{it} \right) + \beta_4 \left( \text{Net loan charge-off ratio}_{it} \right) + \beta_5 \left( \text{Net income before taxes ratio}_{it} \right) + \beta_6 \left( \text{Adjusted brokered deposit ratio}_{it} \right) + \beta_7 \left( \text{Weighted average CAMELS component rating}_{it} \right) \text{ where}
\]

\[
\text{Downgrade}(0,1)_{it} \text{ (the dependent variable—the event being explained) is the incidence of downgrade from a composite rating of 1 or 2 to a rating of 3 or worse during an on-site examination for an institution i between 3 and 12 months after time t. Time t is the end of a year within the multi-year period over which the model was estimated (as explained below). The dependent variable takes a value of 1 if a downgrade occurs and 0 if it does not.}
\]

The explanatory variables (regressors) in the model are six financial ratios and a weighted average of the “C,” “A,” “M,” “E” and “L” component ratings. The six financial ratios included in the model are:

- Tier 1 leverage ratio
- Loans past due 30-89 days/Gross assets
- Nonperforming assets/Gross assets
- Net loan charge-offs/Gross assets
- Net income before taxes/Risk-weighted assets
- Brokered deposits/domestic deposits above the 10 percent threshold, adjusted for the asset growth rate factor

Table A.1 defines these six ratios along with the weighted average of CAMELS component ratings. The adjusted brokered deposit ratio \( R_{it} \) is calculated by multiplying the ratio of brokered deposits to domestic deposits above the 10 percent threshold by an asset growth rate factor that ranges from 0 to 1 as shown in Equation 2 below. The asset growth rate factor \( (A_f) \) is calculated by subtracting 0.4 from the four-year cumulative gross asset growth rate (expressed as a number rather than as a percentage), adjusted for mergers and acquisitions, and multiplying the remainder by 3⁄5. The factor cannot be less than 0 or greater than 1.

\[ \text{Equation 2} \]

\[
R_{it} = \frac{\text{Brokered Deposits}_{it}}{\text{Domestic Deposits}_{it}} - 0.10 \text{ } A_f
\]

where

\[
A_f = \left( \frac{\text{GrossAssets}_{it} - \text{GrossAssets}_{it-4}}{\text{GrossAssets}_{it-4}} \right) - 0.4 \text{ } \frac{10}{3}, \text{ subject to } 0 \leq A_f \leq 1 \text{ and } R_{it} \geq 0.
\]

The component rating for sensitivity to market risk (the “S” component) is not available for years prior to 1997. As a result, and as described in Table A.1, the Statistical Model is estimated using a weighted average of five component ratings excluding the “S” component. Delinquency and non-accrual data on government guaranteed loans are not available before 1993 for Call Report filers and before the third quarter of 2003 for TFR filers. As a result, and as described in Table A.1, the Statistical Model is estimated without deducting delinquent or past-due government guaranteed loans from either the loans past due 30-89 days or gross assets ratio or the nonperforming assets to gross assets ratio. Reciprocal deposits are not presently reported in the Call Report or TFR. As a result, and as also described in Table A.1, the Statistical Model is estimated without deducting reciprocal deposits from brokered deposits in determining the adjusted brokered deposit ratio.

The financial variable regressors used to estimate the downgrade probabilities are obtained from quarterly reports of condition (Reports of Condition and Income and Thrift Financial Reports). The weighted average of the “C,” “A,” “M,” “E” and “L” CAMELS component ratings regressor is based on component ratings obtained from the most recent bank examination conducted within 24 months before the date of the report of condition.

The Statistical Model uses ordinary least squares (OLS) regression to estimate downgrade probabilities. The model is estimated with data from a multi-year period (as explained below) for all institutions in Risk Category I, except for institutions established within five years before the date of the report of condition.

The OLS regression estimates coefficients, $\beta_j$ for a given regressor $j$ and a constant amount, $\beta_0$, as specified in equation 1. As shown in equation 3 below, these coefficients are multiplied by values of risk measures at time $T$, which is the date of the report of condition corresponding to the end of the quarter for which the assessment rate is computed. The sum of the products is then added to the constant amount to produce an estimated probability, $d_{iT}$, that an institution will be downgraded to 3 or worse within 3 to 12 months from time $T$.

The risk measures are financial ratios as defined in Table A.1, except that: (1) The loans past due 30 to 89 days ratio and the nonperforming asset ratio are adjusted to exclude the maximum amount recoverable from the U.S. Government, its agencies or government-sponsored agencies, under guarantees or insurance provisions; (2) the weighted sum of six CAMELS component ratings is used, with weights of 25 percent each for the “C,” “M” components, 20 percent for the “A” component, and 10 percent each for the “E,” “L,” and “S” components; and (3) reciprocal deposits are deducted from brokered deposits in determining the adjusted brokered deposit ratio.

Equation 3

$$d_{iT} = \beta_0 + \sum_j \beta_j (R_j^T)$$

where $R_j^T$ is the risk measure for regressor $j$ at time $T$. The minimum downgrade probability cutoff value will be the maximum downgrade probability among the twenty-five percent of all small insured institutions in Risk Category I (excluding new institutions) with the lowest estimated downgrade probabilities, computed using values of the risk measures as of June 30, 2006. The minimum downgrade probability cutoff value is 0.0182. The maximum downgrade probability cutoff value will be the minimum downgrade probability among the fifteen percent of all institutions that have no brokered deposits.
small insured institutions in Risk Category I (excluding new institutions) with the highest estimated downgrade probabilities, computed using values of the risk measures as of June 30, 2008. The maximum downgrade probability cutoff value is 0.1506.

IV. DERIVATION OF UNIFORM AMOUNT AND PRICING MULTIPLIERS

The uniform amount and pricing multipliers used to compute the annual base assessment rate in basis points, P_{iT}, for any such institution i at a given time T will be determined from the Statistical Model, the minimum and maximum downgrade probability cutoff values, and minimum and maximum initial base assessment rates in Risk Category I as follows:

Equation 4
\[ P_{iT} = a_0 + a_1 \cdot d_{iT} \text{ subject to } Min \leq P_{iT} \leq Min + 4 \]

where (Min + 4) equals the date of the report of condition corresponding to the end of the quarter for which the assessment rate is computed.

\[ \alpha_0 = Min - \frac{4 \cdot 0.0182}{(0.1506 - 0.0182)} = Min - 0.550 \]

and Equation 6
\[ \alpha_1 = \frac{4}{(0.1506 - 0.0182)} = 30.211 \]

Substituting equations 3, 5 and 6 into equation 4 produces an annual initial base assessment rate for institution i at time T, P_{iT}, in terms of the uniform amount, the pricing multipliers and the ratios and weighted average CAMELS component rating referred to in 12 CFR 327.9(d)(2)(i):

Equation 7
\[ P_{iT} = [(Min - 0.550) + 30.211 \cdot \beta_0] + 30.211 \cdot \beta_1 (\text{Tier 1 Leverage Ratio}_t) + 30.211 \cdot \beta_2 (\text{Loans past due 30 to 89 days ratio}_t) + 30.211 \cdot \beta_3 (\text{Nonperforming asset ratio}_t) + 30.211 \cdot \beta_4 (\text{Net loan charge-off ratio}_t) + 30.211 \cdot \beta_5 (\text{Net income before taxes ratio}_t) + 30.211 \cdot \beta_6 (\text{Weighted average CAMELS component rating}_t) \]

again subject to Min \leq P_{iT} \leq Min + 4

where (Min - 0.550) + 30.211 \cdot \beta_0 equals the uniform amount, 30.211 \cdot \beta_1 is a pricing multiplier for the associated risk measure j, and T is the date of the report of condition corresponding to the end of the quarter for which the assessment rate is computed.

where \( \alpha_0 \) and \( \alpha_1 \) are a constant term and a scale factor used to convert \( d_{iT} \) (the estimated downgrade probability for institution i at a given time T from the Statistical Model) to an assessment rate, respectively, and \( Min \) is the minimum initial base assessment rate expressed in basis points. \( P_{iT} \) is expressed as an annual rate, but the actual rate applied in any quarter will be \( P_{iT}/4 \). The maximum initial base assessment rate is 4 basis points above the minimum (\( Min + 4 \)).

Solving equation 4 for minimum and maximum initial base assessment rates simultaneously,
\[ Min = \alpha_0 + \alpha_1 \cdot 0.0182 \text{ and } Min + 4 = \alpha_0 + \alpha_1 \cdot 0.1506 \]

where 0.0182 is the minimum downgrade probability cutoff value and 0.1506 is the maximum downgrade probability cutoff value, results in values for the constant amount, \( \alpha_0 \) and the scale factor, \( \alpha_1 \):

Equation 5
\[ \alpha_0 = Min - 4 \cdot 0.0182 \]

V. UPDATING THE STATISTICAL MODEL, UNIFORM AMOUNT, AND PRICING MULTIPLIERS

The initial Statistical Model is estimated using year-end financial ratios and the weighted average of the “C,” “A,” “M,” “E,” and “L” component ratings over the 1988 to 2006 period and downgrade data from the 1989 to 2007 period. The FDIC may, from time to time, re-estimate the Statistical Model with updated data and publish a new formula for determining initial base assessment rates—equation 7—based on updated uniform amounts and pricing multipliers. However, the minimum and maximum downgrade probability cutoff values will not change without additional notice-and-comment rulemaking. The period covered by the analysis will be lengthened by one year each year; however, from time to time, the FDIC may drop some earlier years from its analysis.

### Subpart B—Implementation of One-Time Assessment Credit

**Authority:** 12 U.S.C. 1817(e)(3).  
**Source:** 71 FR 61383, Oct. 18, 2006, unless otherwise noted.

**§ 327.30 Purpose and scope.**

(a) **Scope.** This subpart B of part 327 implements the one-time assessment credit required by section 7(e)(3) of the Federal Deposit Insurance Act, 12 U.S.C. 1817(e)(3) and applies to insured depository institutions.

(b) **Purpose.** This subpart B of part 327 sets forth the rules for:

1. Determination of the aggregate amount of the one-time credit;
2. Identification of eligible insured depository institutions;
3. Determination of the amount of each eligible institution's December 31, 1996 assessment base ratio and one-time credit;
4. Transferability of credit amounts among insured depository institutions;
5. Application of such credit amounts against assessments; and
6. An institution's request for review of the FDIC's determination of a credit amount.

**§ 327.31 Definitions.**

For purposes of this subpart and subpart C:

(a) The average assessment rate for any assessment period means the aggregate assessment charged all insured depository institutions for that period divided by the aggregate assessment base for that period.

(b) **Board** means the Board of Directors of the FDIC.

(c) **De facto rule** means any transaction in which an insured depository institution assumes substantially all of the deposit liabilities and acquires substantially all of the assets of any other insured depository institution at the time of the transaction.

(d) **An eligible insured depository institution:**

1. Means an insured depository institution that:
   (i) Was in existence on December 31, 1996, and paid a deposit insurance assessment before December 31, 1996; or
   (ii) Is a successor to an insured depository institution referred to in paragraph (d)(1)(i) of this section; and

2. **Does not include an institution if its insured status has terminated as of or after the effective date of this regulation.**

(e) **Merger** means any transaction in which an insured depository institution merges or consolidates with any other insured depository institution. Notwithstanding part 303, subpart D, for purposes of this subpart B and subpart C of this part, **merger** does not include transactions in which an insured depository institution either directly or indirectly acquires the assets of, or assumes liability to pay any deposits made in, any other insured depository institution.
(f) Resulting institution refers to the acquiring, assuming, or resulting institution in a merger.

(g) Successor means a resulting institution or an insured depository institution that acquired part of another insured depository institution’s 1996 assessment base ratio under paragraph 327.33(c) of this subpart under the de facto rule.

§ 327.32 Determination of aggregate credit amount.

The aggregate amount of the one-time credit shall equal $4,707,580,238.19.

§ 327.33 Determination of eligible institution’s credit amount.

(a) Subject to paragraph (c) of this section, allocation of the one-time credit shall be based on each eligible insured depository institution’s 1996 assessment base ratio.

(b) Subject to paragraph (c) of this section, an eligible insured depository institution’s 1996 assessment base ratio shall consist of:

(1) Its assessment base as of December 31, 1996 (adjusted as appropriate to reflect the assessment base of December 31, 1996, of all institutions for which it is the successor), as the numerator; and

(2) The combined aggregate assessment bases of all eligible insured depository institutions, including any successor institutions, as of December 31, 1996, as the denominator.

(c) If an insured depository institution is a successor to an eligible insured depository institution under the de facto rule, as defined in paragraph 327.31(c) of this subpart, the successor and the eligible insured depository institution will divide the eligible insured depository institution’s 1996 assessment base ratio pro rata, based on the deposit liabilities assumed in the transaction. In any subsequent transaction involving an insured depository institution that previously engaged in a transaction to which the de facto rule applied, the insured depository institution may not be deemed to have transferred more than its remaining 1996 assessment base ratio.

§ 327.34 Transferability of credits.

(a) Any remaining amount of the one-time assessment credit and the associated 1996 assessment base ratio shall transfer to a successor of an eligible insured depository institution.

(b) Prior to the final determination of its 1996 assessment base and one-time assessment credit amount by the FDIC, an eligible insured depository institution may enter into an agreement to transfer any portion of such institution’s one-time credit amount and 1996 assessment base ratio to another insured depository institution. The parties to the agreement shall notify the FDIC’s Division of Finance and submit a written agreement, signed by legal representatives of both institutions. The parties must include documentation stating that each representative has the legal authority to bind the institution. The adjustment to credit amount and the associated 1996 assessment base ratio shall be made in the next assessment invoice that is sent at least 10 days after the FDIC’s receipt of the written agreement.

(c) An eligible insured depository institution may enter into an agreement after the final determination of its 1996 assessment base ratio and one-time credit amount by the FDIC to transfer any portion of such institution’s one-time credit amount to another insured depository institution. The parties to the agreement shall notify the FDIC’s Division of Finance and submit a written agreement, signed by legal representatives of both institutions. The parties must include documentation stating that each representative has the legal authority to bind the institution. The adjustment to the credit amount shall be made in the next assessment invoice that is sent at least 10 days after the FDIC’s receipt of the written agreement.

§ 327.35 Application of credits.

(a) Subject to the limitations in paragraph (b) of this section, the amount of an eligible insured depository institution’s one-time credit shall...
be applied to the maximum extent allowable by law against that institution’s quarterly assessment payment under subpart A of this part, until the institution’s credit is exhausted.

(b) The following limitations shall apply to the application of the credit against assessment payments.

(1) For assessments that become due for assessment periods beginning in calendar years 2008, 2009, and 2010, the credit may not be applied to more than 90 percent of the quarterly assessment.

(2) For an insured depository institution that exhibits financial, operational, or compliance weaknesses ranging from moderately severe to unsatisfactory, or is not at least adequately capitalized (as defined pursuant to section 38 of the Federal Deposit Insurance Act) at the beginning of an assessment period, the amount of the credit that may be applied against the institution’s quarterly assessment for that period shall not exceed the amount that the institution would have been assessed if it had been assessed at the average assessment rate for all insured institutions for that period. The FDIC shall determine the average assessment rate for an assessment period based upon its best estimate of the average rate for the period. The estimate shall be made using the best information available, but shall be made no earlier than 30 days and no later than 20 days prior to the payment due date for the period.

(3) If the FDIC has established a restoration plan pursuant to section 7(b)(3)(E) of the Federal Deposit Insurance Act, the FDIC may elect to restrict the application of credit amounts, in any assessment period, up to the lesser of:

(i) The amount of an insured depository institution’s assessment for that period; or

(ii) The amount equal to 3 basis points of the institution’s assessment base.

§ 327.36 Requests for review of credit amount.

(a)(1) As soon as practicable after the publication date of this rule, the FDIC shall notify each insured depository institution by FDICconnect or mail of its 1996 assessment base ratio and credit amount in a Statement of One-Time Credit (“Statement”), if any. An insured depository institution may submit a request for review of the FDIC’s determination of the institution’s 1996 assessment base ratio or credit amount as shown on the Statement within 30 days after the effective date of this rule. Such review may be requested if:

(i) The institution disagrees with a determination as to eligibility for the credit that relates to that institution’s credit amount;

(ii) The institution disagrees with the calculation of the credit as stated on the Statement; or

(iii) The institution believes that the 1996 assessment base ratio attributed to the institution on the Statement does not fully or accurately reflect its own 1996 assessment base or appropriate adjustments for successors.

(2) If an institution does not submit a timely request for review, that institution is barred from subsequently requesting review of its credit amount, subject to paragraph (e) of this section.

(b)(1) An insured depository institution may submit a request for review of the FDIC’s adjustment to the credit amount in a quarterly invoice within 30 days of the date on which the FDIC provides the invoice. Such review may be requested if:

(i) The institution disagrees with the calculation of the credit as stated on the invoice; or

(ii) The institution believes that the 1996 assessment base ratio attributed to the institution due to the adjustment to the invoice does not fully or accurately reflect appropriate adjustments for successors since the last quarterly invoice.

(2) If an institution does not submit a timely request for review, that institution is barred from subsequently requesting review of its credit amount, subject to paragraph (e) of this section.

(c) The request for review shall be submitted to the Division of Finance and shall provide documentation sufficient to support the change sought by the institution. At the time of filing with the FDIC, the requesting institution shall notify, to the extent practicable, any other insured depository institution that would be directly and
§ 327.50 Purpose and scope.

(a) Scope. This subpart C of part 327 implements the dividend provisions of section 7(e)(2) of the Federal Deposit Insurance Act, 12 U.S.C. 1817(e)(2), and applies to insured depository institutions.

(b) Purpose. This subpart C of part 327 provides the rules for:

(1) The FDIC’s annual determination of whether to declare a dividend and the aggregate amount of any dividend;
(2) The FDIC’s determination of the amount of each insured depository institution’s share of any declared dividend;
(3) The time and manner for the FDIC’s payments of dividends; and
(4) An institution’s appeal of the FDIC’s determination of its dividend amount.

§ 327.51 Definitions.

For purposes of this subpart:
(a) Assessment base share means an insured depository institution’s 1996 assessment base ratio divided by the total of all existing, eligible insured depository institution’s shares of the 1996 assessment base (rounded to 14 decimal places).
(b) Board has the same meaning as under subpart B of this part.
(c) DIF means the Deposit Insurance Fund.
(d)(1) An eligible premium means an assessment paid by an insured depository institution (or its predecessor) that did not exceed, for the applicable assessment period, the maximum assessment applicable in that assessment period to a Risk Category 1 institution under subpart A of this part.
(d)(2) An eligible premium does not include any assessments or fees paid by insured depository institutions for the Temporary Liquidity Guarantee Program. An eligible premium also does not include any emergency special assessments paid by insured depository institutions pursuant to section 13(c)(4)(G) of the Federal Deposit Insurance Act, 12 U.S.C. 1823(c)(4)(G), whether to repay any loss to the FDIC as a consequence of the Temporary Liquidity Guarantee Program or for any other reason.
(e) An insured depository institution’s eligible premium share means that institution’s cumulative eligible premiums over the previous five years (ending on December 31st of the year prior to the year in which the dividend is declared) divided by the cumulative total of all eligible premiums paid by all existing insured depository institutions or their predecessors over that five-year period (rounded to 14 decimal places).
(f) An insured depository institution’s 1996 assessment base ratio means an institution’s 1996 assessment base ratio, as determined pursuant to §327.33 of this part, adjusted as necessary to reflect subsequent transactions in which the institution succeeds to another institution’s assessment base ratio, or a transfer of the assessment base ratio pursuant to §327.34. The 1996 assessment base ratio shall be rounded to seven decimal places.
(g) Predecessor, when used in the context of insured depository institutions, refers to the institution merged with or into a resulting institution or acquired by an institution under §327.33(c) under the de facto rule, consistent with the definition of successor in §327.31.

§ 327.52 Annual dividend determination.

(a) If the DIF reserve ratio as of December 31st of 2008 or any later year equals or exceeds 1.35 percent, then on or before May 10th of the following year, the Board shall determine whether to declare a dividend based upon the reserve ratio of the DIF as of December 31st of the preceding year, and the amount of the dividend, if any.
(b) Except as provided in paragraph (d) of this section, if the reserve ratio of the DIF equals or exceeds 1.35 percent of estimated insured deposits and does not exceed 1.50 percent, the Board shall declare the amount that is equal to one-half of the amount in excess of the amount required to maintain the reserve ratio at 1.35 percent as the aggregate dividend to be paid to insured depository institutions.
(c) Except as provided in paragraph (d) of this section, if the reserve ratio of the DIF exceeds 1.50 percent of estimated insured deposits, the Board shall declare the amount in excess of the amount required to maintain the reserve ratio at 1.35 percent as the aggregate dividend to be paid to insured depository institutions.
(d)(1) The Board may suspend or limit a dividend otherwise required to be paid if the Board determines that:
(i) A significant risk of losses to the DIF exists over the next one-year period; and
§ 327.53 Allocation and payment of dividends.

(a)(1) The allocation of any dividend among insured depository institutions shall be based on the institution’s 1996 assessment base share and the institution’s eligible premium share.

(2) As set forth in the following table, the part of a dividend allocated based upon an institution’s 1996 assessment base share shall decline steadily from 100 percent to zero over fifteen years, and the part of a dividend allocated based upon an institution’s eligible premium share shall increase steadily over the same fifteen-year period from zero to 100 percent. The 15-year period shall begin as if it had applied to a dividend based upon the reserve ratio at the end of 2006 and shall end with respect to any dividend based upon the reserve ratio at the end of 2021. Dividends based upon the reserve ratio as of December 31, 2021, and thereafter shall be allocated among insured depository institutions based solely on eligible premium shares.

(b) The FDIC shall notify each insured depository institution of the amount of such institution’s dividend payment based on its share as determined pursuant to paragraph (a) of this section. Notice shall be given as soon as practicable after the Board’s declaration of a dividend through a special notice of dividend.

(c) The FDIC shall pay individual dividend amounts, unless they are the subject of a request for review under §327.54, to insured depository institutions on June 30 of the year the dividend is declared. The FDIC shall notify institutions whether dividends will offset the next collection of assessments at the time of the invoice. An institution’s dividend amount will be settled with that institution’s assessment. Any excess dividend amount will be a
net credit to the institution and will be deposited into the deposit account designated by the institution for assessment payment purposes pursuant to subpart A of this part. If the dividend amount is less than the amount of assessment due, then the institution's account will be directly debited by the FDIC to reflect the net amount owed to the FDIC as an assessment.

(d) If an insured depository institution's dividend amount is subject to review under §327.54, and that request is not finally resolved prior to the dividend payment date, the FDIC shall withhold the payment of the disputed portion of the dividend amount involved in the request for review. Adjustments to an individual institution's dividend amount based on the final determination of a request for review will be handled in the same manner as assessment underpayments and overpayments.

(e) An institution may sell, assign, or otherwise transfer its right to a current or future dividend. However, the FDIC will pay dividend amounts to insured institutions without regard to any such sale, assignment or transfer, regardless of whether the FDIC has received notice of the sale, assignment or transfer.

§327.54 Requests for review.

(a) An insured depository institution may submit a request for review of the FDIC's determination of the institution's 1996 assessment base share and/or its eligible premium share as shown on the institution's quarterly assessment invoice. Such requests shall be subject to the provisions of §327.3(f)(3) of this part, except for the invoice provided by the FDIC in March of any calendar year in which the FDIC declares a dividend. If the FDIC declares a dividend, any request for review of an institution's 1996 assessment base share and/or its eligible premium share as shown on the institution's March quarterly assessment invoice must be filed within 30 days of the date that the FDIC notifies the institution of its dividend amount. If an institution does not submit a timely request for review for the first invoice in which the dividend-related information that forms the basis for the request appears, the institution shall be barred from subsequently requesting review of that information.

(b) An insured depository institution may submit a request for review of the FDIC's determination of the institution's dividend amount as shown on the special notice of dividend. Such review may be requested if:

1. The institution disagrees with the calculation of the dividend as stated on the special notice of dividend; or

2. The institution believes that the 1996 assessment base ratio attributed to the institution is inaccurate or has not been adjusted to include the 1996 assessment base ratio of an institution acquired by merger or transfer pursuant to §§327.33 and 327.34 of this part and §327.51(g), and the institution has not had a prior opportunity to request review or appeal under subpart B of this part or paragraph (a) of this section; or

3. The institution believes that the special notice does not fully or accurately reflect its eligible premiums or those of any of its predecessors and the institution has not had a prior opportunity to request review or appeal under subpart B of this part or paragraph (a) of this section.

(c) Any such request for review under paragraph (b) of this section must be submitted within 30 days of the date of the special notice of dividend for which a change is requested. The request for review shall be submitted to the Division of Finance and shall provide documentation sufficient to support the change sought by the institution. If an institution does not submit a timely request for review, that institution may not subsequently request review of its dividend amount, subject to paragraph (d) of this section. At the time of filing with the FDIC, the requesting institution shall notify, to the extent practicable, any other insured depository institution that would be directly and materially affected by granting the request for review and provide such institution with copies of the request for review, the supporting documentation, and the FDIC's procedures for requests under this subpart. The FDIC shall make reasonable efforts, based on its
official systems of records, to determine that such institutions have been identified and notified.

(d) During the FDIC’s consideration of a request for review, the amount of dividend in dispute will not be paid.

(e) Within 30 days of receiving notice of the request for review under paragraph (b) of this section, those institutions identified as potentially affected by the request for review may submit a response to such request, along with any supporting documentation, to the Division of Finance, and shall provide copies to the requesting institution. If an institution that was notified under paragraph (c) of this section does not submit a response to the request for review, that institution may not subsequently:

(1) Dispute the information submitted by any other institution on the transaction(s) at issue in that review process; or

(2) Appeal the decision by the Director of the Division of Finance.

(f) If additional information is requested of the requesting or affected institutions by the FDIC, such information shall be provided by the institution within 21 days of the date of the FDIC’s request for additional information.

(g) Any institution submitting a timely request for review under paragraph (b) of this section will receive a written response from the FDIC’s Director of the Division of Finance (‘‘Director’’), or his or her designee, notifying the affected institutions of the determination of the Director as to whether the requested change is warranted, whenever feasible:

(1) Within 60 days of receipt by the FDIC of the request for review;

(2) If additional institutions have been notified by the requesting institution or the FDIC, within 60 days of the date of the last response to the notification; or

(3) If additional information has been requested by the FDIC, within 60 days of receipt of the additional information, whichever is later. Notice of the procedures applicable to appeals under paragraph (g) of this section will be included with the Director’s written determination.

(h) An insured depository institution may appeal the determination of the Director to the FDIC’s Assessment Appeals Committee on the same grounds as set forth under paragraph (b) of this section. Any such appeal must be submitted within 30 calendar days from the date of the Director’s written determination. The decision of the Assessment Appeals Committee shall be the final determination of the FDIC.

PART 328—ADVERTISEMENT OF MEMBERSHIP

Sec. 328.0 Scope.

328.1 Official sign.

328.2 Display and procurement of official sign.

328.3 Official advertising statement requirements.

328.4 Prohibition against receiving deposits at same teller station or window as non-insured institution.

Authority: 12 U.S.C. 1818(a), 1819 (Tenth), 1828(a).

Source: 72 FR 66102, Nov. 13, 2006, unless otherwise noted.

§ 328.0 Scope.

Part 328 describes the official sign of the FDIC and prescribes its use by insured depository institutions. It also prescribes the official advertising statement insured depository institutions must include in their advertisements. For purposes of part 328, the term “insured depository institution” includes insured branches of a foreign depository institution. Part 328 does not apply to non-insured offices or branches of insured depository institutions located in foreign countries.

§ 328.1 Official sign.

(a) The official sign referred to in this part shall be 7” by 3” in size, with black lettering and gold background, and of the following design:
(b) The "symbol" of the Corporation, as used in this part, shall be that portion of the official sign consisting of "FDIC" and the two lines of smaller type above and below "FDIC."

§ 328.2 Display and procurement of official sign.

(a) Display of official sign. Each insured depository institution shall continuously display the official sign at each station or window where insured deposits are usually and normally received in the depository institution's principal place of business and in all its branches.

(1) Other locations—

(i) Within the institution. In addition to locations where display of the official sign is required under this §328.2(a), an insured depository institution may display the official sign in other locations at the institution.

(ii) Other facilities. An insured depository institution may display the official sign on or at Remote Service Facilities. If an insured depository institution displays the official sign at a Remote Service Facility, and if there are any noninsured institutions that share in the Remote Service Facility, any insured depository institution that displays the official sign must clearly show that the sign refers only to a designated insured depository institution(s). As used in this part, the term "Remote Service Facility" includes any automated teller machine, cash dispensing machine, point-of-sale terminal, or other remote electronic facility where deposits are received.

(2) Varied signs. Instead of displaying the official sign, an insured depository institution may display signs that vary from the official sign in size, color, or material at any location where display of the official sign is required or permitted under this §328.2(a). However, any such varied sign that is displayed in locations where display of the official sign is required under this §328.2(a) must not be smaller in size than the official sign and must have the same color for the text and symbols.

(3) Newly insured institutions. A depository institution shall display the official sign no later than its twenty-first day of operation as an insured depository institution, unless the institution promptly requested the official sign from the Corporation, but did not receive it before that date.

(b) Procuring official sign. An insured depository institution may procure the official sign from the Corporation for official use at no charge. Information on obtaining the official sign is posted on the FDIC's internet Web site, http://www.fdic.gov. Alternatively, insured depository institutions may, at their expense, procure from commercial suppliers signs that vary from the official sign in size, color, or material. Any insured depository institution which has promptly submitted a written request for an official sign to the Corporation shall not be deemed to have violated this §328.2 by failing to display the official sign, unless the insured depository
§ 328.3 Official advertising statement requirements.

(a) Advertisement defined. The term "advertisement," as used in this part, shall mean a commercial message, in any medium, that is designed to attract public attention or patronage to a product or business.

(b) Official advertising statement. The official advertising statement shall be in substance as follows: "Member of the Federal Deposit Insurance Corporation."

(1) Optional short title and symbol. The short title "Member of FDIC" or "Member FDIC," or a reproduction of the symbol of the Corporation (as described in §328.1(b)), may be used by insured depository institutions at their option as the official advertising statement.

(2) Size and print. The official advertising statement shall be of such size and print to be clearly legible. If the symbol of the Corporation is used as the official advertising statement, and the symbol must be reduced to such proportions that the two lines of smaller type above and below "FDIC" are indistinct and illegible, those lines of smaller type may be blocked out or dropped.

(c) Use of official advertising statement in advertisements—(1) General requirement. Except as provided in §328.3(d), each insured depository institution shall include the official advertising statement prescribed in §328.3(b) in all advertisements that either promote deposit products and services or promote non-specific banking products and services offered by the institution. For purposes of this §328.3, an advertisement promotes non-specific banking products and services if it includes the name of the insured depository institution but does not list or describe particular products or services offered by the institution. An example of such an advertisement would be, "Anytown Bank, offering a full range of banking services."

(2) Foreign depository institutions. When a foreign depository institution has both insured and uninsured U.S. branches, the depository institution must also identify which branches are insured and which branches are uninsured in all of its advertisements requiring use of the official advertising statement.

(3) Newly insured institutions. A depository institution shall include the official advertising statement in its advertisements no later than its twenty-first day of operation as an insured depository institution.

(d) Types of advertisements which do not require the official advertising statement. The following types of advertisements do not require use of the official advertising statement:

(1) Statements of condition and reports of condition of an insured depository institution which are required to be published by State or Federal law;

(2) Insured depository institution supplies such as stationery (except when used for circular letters), envelopes, deposit slips, checks, drafts, signature cards, deposit passbooks, certificates of deposit, etc.;

(3) Signs or plates in the insured depository institution offices or attached to the building or buildings in which such offices are located;

(4) Listings in directories;

(5) Advertisements not setting forth the name of the insured depository institution;

(6) Entries in a depository institution directory, provided the name of the insured depository institution is listed on any page in the directory with a symbol or other descriptive matter indicating it is a member of the Federal Deposit Insurance Corporation;

(7) Joint or group advertisements of depository institution services where the names of insured depository institutions and uninsured institutions are listed and form a part of such advertisements;

(8) Advertisements by radio or television, other than display advertisements, which do not exceed thirty (30) seconds in time;
Federal Deposit Insurance Corporation

§ 329.0

(9) Advertisements which are of the type or character that make it impractical to include the official advertising statement, including, but not limited to, promotional items such as calendars, matchbooks, pens, pencils, and key chains; and

(10) Advertisements which contain a statement to the effect that the depository institution is a member of the Federal Deposit Insurance Corporation, or that the depository institution is insured by the Federal Deposit Insurance Corporation, or that its deposits or depositors are insured by the Federal Deposit Insurance Corporation to at least $100,000 for each depositor.

(e) Restrictions on using the official advertising statement when advertising non-deposit products—

(1) Definitions—

(i) Non-deposit product. As used in this part, the term "non-deposit product" shall include, but is not limited to, insurance products, annuities, mutual funds, and securities. For purposes of this definition, a credit product is not a non-deposit product.

(ii) Hybrid product. As used in this part, the term "hybrid product" shall mean a product or service that has both deposit product features and non-deposit product features. A sweep account is an example of a hybrid product.

(2) Non-deposit product advertisements. Except as provided in §328.3(e)(4), an insured depository institution shall not include the official advertising statement or any statement or symbol which implies or suggests the existence of federal deposit insurance, in any advertisement relating solely to non-deposit products.

(3) Hybrid product advertisements. Except as provided in §328.3(e)(4), an insured depository institution shall not include the official advertising statement, or any other statement or symbol which implies or suggests the existence of federal deposit insurance, in any advertisement relating solely to hybrid products.

(4) Mixed advertisements. In advertisements containing information about both insured deposit products and non-deposit products or hybrid products, an insured depository institution shall clearly segregate the official advertising statement or any similar statement from that portion of the advertisement that relates to the non-deposit products.

(f) Official advertising statement in non-English language. The non-English equivalent of the official advertising statement may be used in any advertisement, provided that the translation has had the prior written approval of the Corporation.

§ 328.4 Prohibition against receiving deposits at same teller station or window as noninsured institution.

(a) Prohibition. An insured depository institution may not receive deposits at any teller station or window where any noninsured institution receives deposits or similar liabilities.

(b) Exception. This §328.4 does not apply to deposits received at a Remote Service Facility.

SOURCE: 51 FR 10808, Mar. 31, 1986, unless otherwise noted.

§ 329.0 Scope.

This part applies to any deposit which is payable by a bank within the States of the United States or the District of Columbia, or which is directly or indirectly accessible by check, draft, or order payable within the States of the United States or the District of Columbia, which check, draft or order is drawn on an account maintained at a bank office located within the States of the United States or the District of Columbia. An international banking facility time deposit, as defined by the Board of Governors of the Federal Reserve System in §204.8(a)(2) of this title, is not a deposit within the meaning of this part.
§ 329.1 Definitions.

(a) The term bank includes:

(1) Any State bank, as defined in section 3(a) of the Federal Deposit Insurance Act, 12 U.S.C. 1813(a), the deposits in which are insured by the Corporation, and which is not a member of the Federal Reserve System;

(2) Any State branch of a foreign bank, the deposit obligations in which branch are insured by the Corporation; and

(3) Any noninsured bank in a State if the total amount of time and savings deposits held in all such banks in the State, plus the total amount of deposits, shares, and withdrawable accounts held in all building and loan, savings and loan, and homestead associations (including cooperative banks) in the State which are not members of a Federal home loan bank, is more than 20 per centum of the total amount of such deposits, shares, and withdrawable accounts held in all banks and building and loan, savings and loan, and homestead associations (including cooperative banks) in the State.

(b) The term demand deposit includes:

(1) Any deposit that has a maturity or required-notification period of less than seven days;

(2) Any deposit regarding which the bank does not reserve the right to require at least seven days' written notice prior to withdrawal or transfer of any funds from the account; or

(3) Any other deposit from which, under the terms of the deposit contract, the depositor is authorized to make, during any month or statement cycle of at least four weeks, more than six transfers by means of a preauthorized or automatic transfer or telephonic (including data transmission) agreement, order or instruction, which transfers are made to another account of the depositor at the same bank, to the bank itself, or to a third party, provided that no deposit specified in this paragraph (3) will be deemed to be a demand deposit if the entire beneficial interest of the deposit is held by a depositor identified in paragraph (2) of section 2(a) of Public Law 93–100 (12 U.S.C. 1832(a)(2)).

§ 329.2 Payment of interest.

No bank shall, directly or indirectly, by any device whatsoever, pay interest on any demand deposit.

§ 329.3 Exception to prohibition on payment of interest.

Section 329.2 shall not apply to the payment of interest or other remuneration on any deposit which, if held by a member bank, would be allowable under 12 U.S.C. 371a and 461, or by regulation of the Board of Governors of the Federal Reserve System.

§ 329.101 Transfers not included within the six transfers allowed for non-demand deposits pursuant to § 329.1(b)(3).

This interpretive rule describes certain transfers that are not included as any of the six transfers allowed pursuant to § 329.1(b)(3).

Withdrawals from interest-bearing deposits by negotiable or transferable instruments for the purpose of making transfers to third parties—i.e., to hold deposits commonly called NOW accounts.

Paragraph (2) of 12 U.S.C. 1832(a) provides: "Paragraph (1) shall apply only with respect to deposits or accounts which consist solely of funds in which the entire beneficial interest is held by one or more individuals or by an organization which is operated primarily for religious, philanthropic, charitable, educational, political, or other similar purposes and which is not operated for profit, and with respect to deposits of public funds by an officer, employee, or agent of the United States, any State, county, municipality, or political subdivision thereof, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, Guam, any territory or possession of the United States, or any political subdivision thereof."
(a) Transfers from a deposit described in §329.1(b)(3) that are made to the bank are not deemed to be included within the six transfers permitted for a nondemand deposit by that paragraph (3) when the transfers are made for the purpose of repaying loans and associated expenses at the bank (as originator or servicer). This exemption does not apply to transfers to the bank that are made for the purpose of repaying loans that are made by the bank to the depositor’s demand account for the purpose of covering overdrafts.

(b) Transfers from a deposit described in §329.1(b)(3) that are made to another account of the same depositor at the bank are not deemed to be included within the six transfers permitted for a nondemand deposit by that paragraph (3) when the transfers are made by mail, messenger, automated teller machine or in person.

(c) Withdrawals from a deposit described in §329.1(b)(3) are not deemed to be included within the six transfers permitted for a nondemand deposit by that paragraph (3) when the withdrawals are made by mail, messenger, telephone (via check mailed to the depositor), automated teller machine, or in person.

§ 329.102 Deposits described in §329.1(b)(3).

This interpretive rule explains the proviso of §329.1(b)(3).

(a) No deposit described in §329.1(b)(3) that is held by an organization that is not organized for profit and that is described in paragraphs 501(c) (3) through (19) and section 528 of the Internal Revenue Code of 1954 (26 U.S.C. 501(c) (3) through (19), and 528) is deemed to be a demand deposit. Actual Internal Revenue Service documentation of the organization’s tax-exempt status is not required; it is merely an aid in making the determination.

(b) No deposit described in §329.1(b)(3) that is held by a depositor identified in section 2(a)(2) of Pub. L. 93-100 (12 U.S.C. 1832(a)(2))—whether the deposit is used for business purposes or otherwise—is deemed to be a demand deposit.

(c) No deposit described in §329.1(b)(3) that represents funds held in a fiduciary capacity (whether the fiduciary is a natural person or otherwise) is deemed to be a demand deposit if all the beneficiaries of the account are natural persons.

[51 FR 10808, Mar. 31, 1986, as amended at 74 FR 47052, Sept. 15, 2009]

§ 329.103 Premiums.

This interpretive rule describes certain payments that are not deemed to be interest as defined in §329.1(c).

(a) Premiums, whether in the form of merchandise, credit, or cash, given by a bank to the holder of a deposit will not be regarded as interest as defined in §329.1(c) if:

(1) The premium is given to the depositor only at the time of the opening of a new account or an addition to an existing account;

(2) No more than two premiums per deposit are given in any twelve-month interval; and

(3) The value of the premium (in the case of merchandise, the total cost to the bank, including shipping, warehousing, packaging, and handling costs) does not exceed $10 for a deposit of less than $5,000 or $20 for a deposit of $5,000 or more.

(b) The costs of premiums may not be averaged.

(c) A bank may not solicit funds for deposit on the basis that the bank will divide the funds into several accounts for the purpose of enabling the bank to pay the depositor more than two premiums within a twelve-month interval on the solicited funds.

(d) The bank must retain sufficient information for examiners to determine that the requirements of this section have been satisfied.

(e) Notwithstanding paragraph (a) of this section, any premium that is not, directly or indirectly, related to or dependent on the balance in a demand deposit account and the duration of the account balance shall not be considered the payment of interest on a demand deposit account and shall not be subject to the limitations in paragraph (a) of this section.

§ 329.104 Ten-day grace period.

This interpretive rule provides for 10-day grace periods during which interest
may be paid on a deposit without violating §329.2.

(a) During the ten calendar days following the maturity of a time deposit, the bank may continue to pay interest on the matured deposit at the contract rate of the deposit, or at any lesser rate, if the deposit contract provides for such post-maturity interest. The payment of such post-maturity interest will not be regarded as the payment of interest on a demand deposit.

(b) If a time deposit is renewed within ten calendar days after maturity, the renewed deposit may be dated back to the maturity date of the matured deposit and may draw interest from that date. The payment of such additional interest will not be regarded as the payment of interest on a demand deposit.

(c) If a time or savings deposit is renewed within ten days after expiration of the period of notice given with respect to its repayment, the renewed deposit may draw interest from the date such notice period expired. The payment of such additional interest will not be regarded as the payment of interest on a demand deposit.

All examples in this part use $250,000 as the SMDIA.

(o) **Trust estate** means the determinable and beneficial interest of a beneficiary or principal in trust funds but does not include the beneficial interest of an heir or devisee in a decedent’s estate.

(p) **Trust funds** means funds held by an insured depository institution as trustee pursuant to any irrevocable trust established pursuant to any statute or written trust agreement.

(q) **Trust interest** means the interest of a beneficiary in an irrevocable express trust (other than an employee benefit plan) created either by written trust instrument or by statute, but does not include any interest retained by the settlor.

§ 330.2 Purpose.

The purpose of this part is to clarify the rules and define the terms necessary to afford deposit insurance coverage under the Act and provide rules for the recognition of deposit ownership in various circumstances.

§ 330.3 General principles.

(a) **Ownership rights and capacities.** The insurance coverage provided by the Act and this part is based upon the ownership rights and capacities in which deposit accounts are maintained at insured depository institutions. All deposits in an insured depository institution which are maintained in the same right and capacity (by or for the benefit of a particular depositor or depositors) shall be added together and insured in accordance with this part. Deposits maintained in different rights and capacities, as recognized under this part, shall be insured separately from each other. (Example: Single ownership accounts and joint ownership accounts are insured separately from each other.)

(b) **Deposits maintained in separate insured depository institutions or in separate branches of the same insured depository institution.** Any deposit accounts maintained by a depositor at one insured depository institution are insured separately from, and without regard to, any deposit accounts that the same depositor maintains at any other separately chartered and insured depository institution, even if two or more separately chartered and insured depository institutions are affiliated through common ownership. (Example: Deposits held by the same individual at two different banks owned by the same bank holding company would be insured separately, per bank.)

The deposit accounts of a depositor maintained in the same right and capacity at different branches or offices of the same insured depository institution are not separately insured; rather they shall be added together and insured in accordance with this part.

(c) **Deposits maintained by foreigners and deposits denominated in foreign currency.** The availability of deposit insurance is not limited to citizens and residents of the United States. Any person or entity that maintains deposits in an insured depository institution is entitled to the deposit insurance provided by the Act and this part. In addition, deposits denominated in a foreign currency shall be insured in accordance with this part. Deposit insurance for such deposits shall be determined and paid in the amount of United States dollars that is equivalent in value to the amount of the deposit denominated in the foreign currency as of close of business on the date of default of the insured depository institution. The exchange rates to be used for such conversions are the 12 PM rates (the “noon buying rates for cable transfers”) quoted for major currencies by the Federal Reserve Bank of New York on the date of default of the insured depository institution, unless the deposit...
agreement specifies that some other widely recognized exchange rates are to be used for all purposes under that agreement, in which case, the rates so specified shall be used for such conversions.

(d) Deposits in insured branches of foreign banks. Deposits in an insured branch of a foreign bank which are payable by contract in the United States shall be insured in accordance with this part, except that any deposits to the credit of the foreign bank, or any office, branch, agency or any wholly owned subsidiary of the foreign bank, shall not be insured. All deposits held by a depositor in the same right and capacity in more than one insured branch of the same foreign bank shall be added together for the purpose of determining the amount of deposit insurance.

(e) Deposits payable solely outside of the United States and certain other locations. Any obligation of an insured depository institution which is payable solely at an office of such institution located outside the States of the United States, the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands, is not a deposit for the purposes of this part.

(f) International banking facility deposits. An “international banking facility time deposit,” as defined by the Board of Governors of the Federal Reserve System in Regulation D (12 CFR 204.8(a)(2)), or in any successor regulation, is not a deposit for the purposes of this part.

(g) Bank investment contracts. As required by section 11(a)(8) of the Act (12 U.S.C. 1821(a)(8)), any liability arising under any investment contract between any insured depository institution and any employee benefit plan which expressly permits “benefit responsive withdrawals or transfers” (as defined in section 11(a)(8) of the Act) are not insured deposits for purposes of this part. The term “substantial penalty or adjustment” used in section 11(a)(8) of the Act means, in the case of a deposit having an original term which exceeds one year, all interest earned on the amount withdrawn from the date of deposit or for six months, whichever is less; or, in the case of a deposit having an original term of one year or less, all interest earned on the amount withdrawn from the date of deposit or three months, whichever is less.

(b) Application of state or local law to deposit insurance determinations. In general, deposit insurance is for the benefit of the owner or owners of funds on deposit. However, while ownership under state law of deposited funds is a necessary condition for deposit insurance, ownership under state law is not sufficient for, or decisive in, determining deposit insurance coverage. Deposit insurance coverage is also a function of the deposit account records of the insured depository institution and of the provisions of this part, which, in the interest of uniform national rules for deposit insurance coverage, are controlling for purposes of determining deposit insurance coverage.

(i) Determination of the amount of a deposit—(1) General rule. The amount of a deposit is the balance of principal and interest unconditionally credited to the deposit account as of the date of default of the insured depository institution, plus the ascertainable amount of interest to that date, accrued at the contract rate (or the anticipated or announced interest or dividend rate), which the insured depository institution in default would have paid if the deposit had matured on that date and the insured depository institution had not failed. In the absence of any such announced or anticipated interest or dividend rate, the rate for this purpose shall be whatever rate was paid in the immediately preceding payment period.

(2) Discounted certificates of deposit. The amount of a certificate of deposit sold by an insured depository institution at a discount from its face value is its original purchase price plus the amount of accrued earnings calculated by compounding interest annually at the rate necessary to increase the original purchase price to the maturity value over the life of the certificate.

(3) Waiver of minimum requirements. In the case of a deposit with a fixed payment date, fixed or minimum term, or a qualifying or notice period that has
§ 330.5 Recognition of deposit ownership and fiduciary relationships.

(a) Recognition of deposit ownership—

(1) Evidence of deposit ownership. Except as indicated in this paragraph (a)(1) or as provided in §330.3(j), in determining the amount of insurance available to each depositor, the FDIC shall presume that deposited funds are actually owned in the manner indicated on the deposit account records of the insured depository institution. If the FDIC, in its sole discretion, determines that the deposit account records of the insured depository institution are clear and unambiguous, those records shall be considered binding on the depositor, and the FDIC may, in its sole discretion, consider evidence other than the deposit account records of the insured depository institution for the purpose of establishing the manner in which the funds are owned. If the deposit account records are ambiguous or unclear on the manner in which the funds are owned, the FDIC may, in its sole discretion, consider evidence other than the deposit account records of the insured depository institution for the purpose of establishing the manner in which the funds are owned. If the deposit account records are ambiguous or unclear on the manner in which the funds are owned, then the FDIC may, in its sole discretion, consider evidence other than the deposit account records of the insured depository institution for the purpose of establishing the manner in which the funds are owned. Despite the general requirements of this paragraph (a)(1), if the FDIC has reason to believe that the insured depository institution’s deposit account records misrepresent the actual ownership of deposited funds and such misrepresentation would increase deposit insurance coverage, the FDIC may consider all available evidence and pay claims for insured deposits on the basis of the actual rather than the misrepresented ownership.

(2) Recognition of deposit ownership in custodial accounts. In the case of custodial deposits, the interest of each beneficial owner may be determined on a fractional or percentage basis. This may be accomplished in any manner which indicates that where the funds of an owner are commingled with other funds held in a custodial capacity and a portion thereof is placed on deposit in one or more insured depository institutions without allocation, the owner’s insured interest in the deposit in any one insured depository institution...
would represent, at any given time, the same fractional share as his or her share of the total commingled funds.

(b) **Fiduciary relationships**—(1) **Recognition.** The FDIC will recognize a claim for insurance coverage based on a fiduciary relationship only if the relationship is expressly disclosed, by way of specific references, in the “deposit account records” (as defined in §330.1(e)) of the insured depository institution. Such relationships include, but are not limited to, relationships involving a trustee, agent, nominee, guardian, executor or custodian pursuant to which funds are deposited. The express indication that the account is held in a fiduciary capacity will not be necessary, however, in instances where the FDIC determines, in its sole discretion, that the titling of the deposit account and the underlying deposit account records sufficiently indicate the existence of a fiduciary relationship. This exception may apply, for example, where the deposit account title or records indicate that the account is held by an escrow agent, title company or a company whose business is to hold deposits and securities for others.

(2) **Details of fiduciary relationships.** If the deposit account records of an insured depository institution disclose the existence of a relationship which might provide a basis for additional insurance (including the exception provided for in paragraph (b)(1) of this section), the details of the relationship and the interests of other parties in the account must be ascertainable either from the deposit account records of the insured depository institution or from records maintained, in good faith and in the regular course of business, by persons or entities that has undertaken to maintain such records for the depositor.

(3) **Multi-tiered fiduciary relationships.** In deposit accounts where there are multiple levels of fiduciary relationships, there are two methods of satisfying paragraphs (b)(1) and (b)(2) of this section to obtain insurance coverage for the interests of the true beneficial owners of a deposit account.

(i) One method is to:

(A) Expressly indicate, on the deposit account records of the insured depository institution, the existence of each and every level of fiduciary relationships; and
(B) Disclose, at each level, the name(s) and interest(s) of the person(s) on whose behalf the party at that level is acting.

(ii) An alternative method is to:

(A) Expressly indicate, on the deposit account records of the insured depository institution, that there are multiple levels of fiduciary relationships;
(B) Disclose the existence of additional levels of fiduciary relationships in records, maintained in good faith and in the regular course of business, by parties at subsequent levels; and
(C) Disclose, at each of the levels, the name(s) and interest(s) of the person(s) on whose behalf the party at that level is acting. No person or entity in the chain of parties will be permitted to claim that they are acting in a fiduciary capacity for others unless the possible existence of such a relationship is revealed at some previous level in the chain.

(4) **Exceptions**—(i) **Deposits evidenced by negotiable instruments.** If any deposit obligation of an insured depository institution is evidenced by a negotiable certificate of deposit, negotiable draft, negotiable cashier’s or officer’s check, negotiable certified check, negotiable traveler’s check, letter of credit or other negotiable instrument, the FDIC will recognize the owner of such deposit obligation for all purposes of claim for insured deposits to the same extent as if his or her name and interest were disclosed on the records of the insured depository institution; provided, that the instrument was in fact negotiated to such owner prior to the date of default of the insured depository institution. The owner must provide affirmative proof of such negotiation, in a form satisfactory to the FDIC, to substantiate his or her claim. Receipt of a negotiable instrument directly from the insured depository institution in default shall, in no event, be considered a negotiation of said instrument for purposes of this provision.

(ii) **Deposit obligations for payment of items forwarded for collection by depository institution acting as agent.** Where an insured depository institution in default has become obligated for the payment of items forwarded for collection
§ 330.7 Accounts held by an agent, nominee, guardian, custodian or conservator.

(a) Agency or nominee accounts. Funds owned by a principal or principals and deposited into one or more deposit accounts in the name of an agent, custodian or nominee, shall be insured to the same extent as if deposited in the name of the principal(s). When such funds are deposited by an insured depository institution acting as a trustee of an irrevocable trust, the insurance coverage shall be governed by the provisions of §330.13.

(b) Guardian, custodian or conservator accounts. Funds held by a guardian, custodian, or conservator for the benefit of his or her ward, or for the benefit of a minor under the Uniform Gifts to Minors Act, and deposited into one or more accounts in the name of the guardian, custodian or conservator shall, for purposes of this part, be deemed to be agency or nominee accounts and shall be insured in accordance with paragraph (a) of this section.
(c) Accounts held by fiduciaries on behalf of two or more persons. Funds held by an agent, nominee, guardian, custodian, conservator or loan servicer, on behalf of two or more persons jointly, shall be treated as a joint ownership account and shall be insured in accordance with the provisions of §330.9.

(d) Mortgage servicing accounts. Accounts maintained by a mortgage servicer, in a custodial or other fiduciary capacity, which are comprised of payments by mortgagors of principal and interest, shall be insured for the cumulative balance paid into the account by the mortgagors, up to the limit of the SMDIA per mortgagor. Accounts maintained by a mortgage servicer, in a custodial or other fiduciary capacity, which are comprised of payments by mortgagors of taxes and insurance premiums shall be added together and insured in accordance with paragraph (a) of this section for the ownership interest of each mortgagor in such accounts. This provision is effective as of October 10, 2008, for all existing and future mortgage servicing accounts.

(e) Custodian accounts for American Indians. Paragraph (a) of this section shall not apply to any interest an individual American Indian may have in funds deposited by the Bureau of Indian Affairs of the United States Department of the Interior (the “BIA”) on behalf of that person pursuant to 25 U.S.C. 162(a), or by any other disbursing agent of the United States on behalf of that person pursuant to similar authority, in an insured depository institution. The interest of each American Indian in all such accounts maintained at the same insured depository institution shall be added together and insured, up to the SMDIA, separately from any other accounts maintained by that person in the same insured depository institution.

§ 330.9 Joint ownership accounts.

(a) Separate insurance coverage. Qualifying joint accounts, whether owned as joint tenants with the right of survivorship, as tenants in common or as tenants by the entirety, shall be insured separately from any individually owned (single ownership) deposit accounts maintained by the co-owners. (Example: If A has a single ownership account and also is a joint owner of a qualifying joint account, A’s interest in the joint account would be insured separately from his or her interest in the individual account.) Qualifying joint accounts in the names of both husband and wife which are comprised of community property funds shall be added together and insured up to twice the SMDIA, separately from any funds deposited into accounts bearing their individual names.

(b) Determination of insurance coverage. The interests of each co-owner in all qualifying joint accounts shall be added together and the total shall be insured up to the SMDIA. (Example: “A&B” have a qualifying joint account with a balance of $150,000; “A&C” have a qualifying joint account with a balance of $200,000; and “A&B&C” have a qualifying joint account with a balance of $375,000. A’s combined ownership interest in all qualifying joint accounts would be $300,000 ($75,000 plus $100,000 plus $125,000); therefore, A’s interest would be insured in the amount of $375,000.)
§ 330.10 Revocable trust accounts.

(a) General rule. Except as provided in paragraph (e) of this section, the funds owned by an individual and deposited into one or more accounts with respect to which the owner evidences an intention that upon his or her death the funds shall belong to one or more beneficiaries shall be separately insured (from other types of accounts the owner has at the same insured depository institution) in an amount equal to the total number of different beneficiaries named in the account(s) multiplied by the SMDIA. This section applies to all accounts held in connection with informal and formal testamentary revocable trusts. Such informal trusts are commonly referred to as payable-on-death accounts, in-trust-for accounts or Totten Trust accounts, and such formal trusts are commonly referred to as living trusts or family trusts.
trusts. (Example 1: Account Owner “A” has a living trust account with four different beneficiaries named in the trust. A has no other revocable trust accounts at the same FDIC-insured institution. The maximum insurance coverage would be $1,000,000, determined by multiplying 4 times $250,000 (the number of beneficiaries times the SMDIA). (Example 2: Account Owner “A” has a payable-on-death account naming his niece and cousin as beneficiaries, and A also has, at the same FDIC-insured institution, another payable-on-death account naming the same niece and a friend as beneficiaries. The maximum coverage available to the account owner would be $750,000. This is because the account owner has named only three different beneficiaries in the revocable trust accounts—his niece and cousin in the first, and the same niece and a friend in the second. The naming of the same beneficiary in more than one revocable trust account, whether it be a payable-on-death account or living trust account, does not increase the total coverage amount.) (Example 3: Account Owner “A” establishes a living trust account, with a balance of $300,000, naming his two children “B” and “C” as beneficiaries. A also establishes, at the same FDIC-insured institution, a payable-on-death account naming the same niece and a friend as beneficiaries. The maximum coverage available to A is $500,000, determined by multiplying 2 times $250,000 (the number of different beneficiaries times the SMDIA). A is uninsured in the amount of $100,000. This is because all funds that a depositor holds in both living trust accounts and payable-on-death accounts, at the same FDIC-insured institution and naming the same beneficiaries, are aggregated for insurance purposes and insured up to the applicable coverage limits.)

(b) Required intention and naming of beneficiaries. (1) The required intention in paragraph (a) of this section that upon the owner’s death the funds shall belong to one or more beneficiaries must be manifested in the “title” of the account using commonly accepted terms such as, but not limited to, “in trust for,” “as trustee for,” “payable-on-death to,” or any acronym therefor. For purposes of this requirement, “title” includes the electronic deposit account records of the institution. (For example, the FDIC would recognize an account as a revocable trust account even if the title of the account signature card does not designate the account as a revocable trust account as long as the institution’s electronic deposit account records identify (through a code or otherwise) the account as a revocable trust account.) The settlor of a revocable trust shall be presumed to own the funds deposited into the account.

(2) For informal revocable trust accounts, the beneficiaries must be specifically named in the deposit account records of the insured depository institution.

(c) Definition of beneficiary. For purposes of this section, a beneficiary includes a natural person as well as a charitable organization and other nonprofit entity recognized as such under the Internal Revenue Code of 1986, as amended.

(d) Interests of beneficiaries outside the definition of beneficiary in this section. If a beneficiary named in a trust covered by this section does not meet the definition of beneficiary in paragraph (c) of this section, the funds corresponding to that beneficiary shall be treated as the individually owned (single ownership) funds of the owner(s). As such, they shall be aggregated with any other single ownership accounts of such owner(s) and insured up to the SMDIA per owner. (Example: Account Owner “A” establishes a payable-on-death account naming a pet as beneficiary with a balance of $100,000. A also has an individual account at the same FDIC-insured institution with a balance of $175,000. Because the pet is not a “beneficiary,” the two accounts are aggregated and treated as a single ownership account. As a result, A is insured in the amount of $250,000, but is uninsured for the remaining $25,000.)

(e) Revocable trust accounts with aggregate balances exceeding five times the SMDIA and naming more than five different beneficiaries. Notwithstanding the general coverage provisions in paragraph (a) of this section, for funds owned by an individual in one or more
revocable trust accounts naming more than five different beneficiaries and whose aggregate balance is more than five times the SMDIA, the maximum revocable trust account coverage for the account owner shall be the greater of either: five times the SMDIA or the aggregate amount of the interests of each different beneficiary named in the trusts, to a limit of the SMDIA per different beneficiary. (Example 1: Account Owner “A” has a living trust with a balance of $1 million and names two friends, “B” and “C” as beneficiaries. At the same FDIC-insured institution, A establishes a payable-on-death account, with a balance of $1 million naming his two cousins, “D” and “E” as beneficiaries. Coverage is determined under the general coverage provisions in paragraph (a) of this section, and not this paragraph (e). This is because all funds that A holds in both living trust accounts and payable-on-death accounts, at the same FDIC-insured institution, are aggregated for insurance purposes. Although A’s aggregated balance of $2 million is more than five times the SMDIA, A names only four different beneficiaries, and coverage under this paragraph (e) applies only if there are more than five different beneficiaries. A is insured in the amount of $1 million (4 beneficiaries times the SMDIA), and uninsured for the remaining $1 million. (Example 2: Account Owner “A” has a living trust account with a balance of $1,500,000. Under the terms of the trust, upon A’s death, A’s three children are each entitled to $125,000, A’s friend is entitled to $15,000, and a designated charity is entitled to $175,000. The trust also provides that the remainder of the trust assets shall belong to A’s spouse. In this case, because the balance of the account exceeds $1,250,000 (5 times the SMDIA) and there are more than five different beneficiaries named in the trust, the maximum coverage available to A would be the greater of: $1,250,000 or the aggregate of each different beneficiary’s interest to a limit of $250,000 per beneficiary. The beneficial interests in the trust for purposes of determining coverage are: $125,000 for each of the children (totaling $375,000), $15,000 for the friend, $175,000 for the charity, and $250,000 for the spouse (because the spouse’s $935,000 is subject to the $250,000 per-beneficiary limitation). The aggregate beneficial interests total $815,000. Thus, the maximum coverage afforded to the account owner would be $1,250,000, the greater of $1,250,000 or $815,000.)

(f) Co-owned revocable trust accounts. (1) Where an account described in paragraph (a) of this section is established by more than one owner, the respective interest of each account owner (which shall be deemed equal) shall be insured separately, per different beneficiary, up to the SMDIA, subject to the limitation imposed in paragraph (e) of this section. (Example 1: A and B, two individuals, establish a payable-on-death account naming their three nieces as beneficiaries. Neither A nor B has any other revocable trust accounts at the same FDIC-insured institution. The maximum coverage afforded to A and B would be $1,500,000, determined by multiplying the number of owners (2) times the SMDIA ($250,000) times the number of different beneficiaries (3). In this example, A would be entitled to revocable trust coverage of $750,000 and B would be entitled to revocable trust coverage of $750,000. (Example 2: A and B, two individuals, establish a payable-on-death account naming their two children, two cousins, and a charity as beneficiaries. The balance in the account is $1,750,000. Neither A nor B has any other revocable trust accounts at the same FDIC-insured institution. The maximum coverage would be determined (under paragraph (a) of this section) by multiplying the number of account owners (2) times the number of different beneficiaries (5) times $250,000, totaling $2,500,000. Because the account balance ($1,750,000) is less than the maximum coverage amount ($2,500,000), the account would be fully insured. (Example 3: A and B, two individuals, establish a living trust account with a balance of $3,750,000. Under the terms of the trust, upon the death of both A and B, each of their three children is entitled to $600,000, B’s cousin is entitled to $380,000, A’s friend is entitled to $70,000, and the remaining amount ($1,500,000) goes to a charity. Under paragraph (e) of this section, the maximum coverage, as to each co-owned account owner, would be

the greater of $1,250,000 or the aggregate amount (as to each co-owner) of the interest of each different beneficiary named in the trust, to a limit of $250,000 per account owner per beneficiary. The beneficial interests in the trust considered for purposes of determining coverage for account owner A are: $750,000 for the children (each child’s interest attributable to A, $300,000, is subject to the $250,000-per-beneficiary limitation), $190,000 for the cousin, $35,000 for the friend, and $250,000 for the charity (the charity’s interest attributable to A, $750,000, is subject to the $250,000 per-beneficiary limitation). As to A, the aggregate amount of the beneficial interests eligible for deposit insurance coverage totals $1,225,000. Thus, the maximum coverage afforded to account co-owner A would be $1,250,000, which is the greater of $1,250,000 or the aggregate of all the beneficial interests attributable to A (limited to $250,000 per beneficiary), which totaled slightly less at $1,225,000. Because B has equal ownership interest in the trust, the same analysis and coverage determination also would apply to B. Thus, of the total account balance of $3.75 million, $2.5 million would be insured and $1.25 million would be uninsured.

(2) Notwithstanding paragraph (f)(1) of this section, where the owners of a co-owned revocable trust account are themselves the sole beneficiaries of the corresponding trust, the account shall be insured as a joint account under § 330.9 and shall not be insured under the provisions of this section. (Example: Account Owner “A” has a living trust account with a balance of $1,500,000. Under the terms of the trust, A provides a life estate interest for his spouse. Moreover, A’s three children are each entitled to $275,000, and a designated charity is entitled to $175,000. The trust also provides that the remainder of the trust assets shall belong to A’s granddaughter. In this case, because the balance of the account exceeds $1,250,000 ((5) five times the SMDIA) and there are more than five different beneficiaries named in the trust, the maximum coverage available to A would be the greater of: $1,250,000 or the aggregate of each different beneficiary’s interest to a limit of $250,000 per beneficiary. The beneficial interests in the trust considered for purposes of determining coverage are: $250,000 for the spouse’s life estate, $750,000 for the children (because each child’s $275,000 is subject to the $250,000 per-beneficiary limitation), $15,000 for the friend, $175,000 for the charity, and $250,000 for the granddaughter (because the granddaughter’s $310,000 remainder is limited by the $250,000 per-beneficiary limitation). The aggregate beneficial interests total $1,440,000. Thus, the maximum coverage afforded to the account owner would be $1,440,000, the greater of $1,250,000 or $1,440,000.)

(h) Revocable trusts that become irrevocable trusts. Notwithstanding the provisions in section 330.13 on the insurance coverage of irrevocable trust accounts, if a revocable trust account converts in part or entirely to an irrevocable trust upon the death of one or more of the trust’s owners, the trust account shall continue to be insured under the provisions of this section. (Example: Assume A and B have a trust account in connection with a living trust, of which they are joint grantors. If upon the death of either A or B the trust transforms into an irrevocable trust as to the deceased grantor’s ownership in the trust, the account will continue to be insured under the provisions of this section.)
Federal Deposit Insurance Corporation

§ 330.12

This section shall apply to all existing and future revocable trust accounts and all existing and future irrevocable trust accounts resulting from formal revocable trust accounts.

[74 FR 47716, Sept. 17, 2009]

§ 330.11 Accounts of a corporation, partnership or unincorporated association.

(a) Corporate accounts. (1) The deposit accounts of a corporation engaged in any “independent activity” (as defined in §330.1(g)) shall be added together and insured up to the SMDIA in the aggregate. If a corporation has divisions or units which are not separately incorporated, the deposit accounts of those divisions or units shall be added to any other deposit accounts of the corporation. If a corporation maintains deposit accounts in a representative or fiduciary capacity, such accounts shall not be treated as the deposit accounts of the corporation but shall be treated as fiduciary accounts and insured in accordance with the provisions of §330.7.

(2) Notwithstanding any other provision of this part, any trust or other business arrangement which has filed or is required to file a registration statement with the Securities and Exchange Commission pursuant to section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8) or that would be required so to register but for the fact it is not created under the laws of the United States or a state or but for sections 2(b), 3(c)(1), or 6(a)(1) of that act shall be deemed to be a corporation for purposes of determining deposit insurance coverage. An exception to this paragraph (a)(2) shall exist for any trust or other business arrangement established by a state or that is a state agency or state public instrumentality as part of a qualified tuition savings program under section 529 of the Internal Revenue Code (26 U.S.C. 529). A deposit account of such a trust or business arrangement shall not be deemed to be owned by the person or persons owning the corporation or comprising the partnership or unincorporated association, and, for deposit insurance purposes, the interest of each person in such a deposit account shall be added to any other deposit accounts individually owned by that person and insured up to the SMDIA in the aggregate.

§ 330.12 Accounts held by a depository institution as the trustee of an irrevocable trust.

(a) Separate insurance coverage. "Trust funds" (as defined in §330.1(p)) held by an insured depository institution in its capacity as trustee of an irrevocable trust, whether held in its trust department, held or deposited in any other department of the fiduciary
§ 330.13 Irrevocable trust accounts.

(a) General rule. Funds representing the “non-contingent trust interest(s)” (as defined in §330.1(l)) of a beneficiary deposited into one or more deposit accounts established pursuant to one or more irrevocable trust agreements created by the same settlor(s) (grantor(s)) shall be added together and insured up to the SMDIA in the aggregate. Such insurance coverage shall be separate from the coverage provided for other accounts maintained by the settlor(s), trustee(s) or beneficiary(ies) of the irrevocable trust(s) at the same insured depository institution. Each “trust interest” (as defined in §330.1(q)) in any irrevocable trust established by two or more settlors shall be deemed to be derived from each settlor pro rata to his or her contribution to the trust.

(b) Determination of interests. The insurance for funds held by an insured depository institution in its capacity as trustee of an irrevocable trust shall be determined in accordance with the following provisions:

(1) Allocated funds of a trust estate. If trust funds of a particular “trust estate” (as defined in §330.1(o)) are allocated by the fiduciary and deposited, the insurance with respect to such trust estate shall be determined by ascertaining the amount of its funds allocated, deposited and remaining to the credit of the claimant as fiduciary at the insured depository institution in default.

(2) Interest of a trust estate in unallocated trust funds. If funds of a particular trust estate are commingled with funds of other trust estates and deposited by the fiduciary institution in one or more insured depository institutions to the credit of the depository institution as fiduciary, without allocation of specific amounts from a particular trust estate to an account in such institution(s), the percentage interest of that trust estate in the unallocated deposits in any institution in default is the same as that trust estate’s percentage interest in the entire commingled investment pool.

(c) Limitation on applicability. This section shall not apply to deposits of trust funds belonging to a trust which is classified as a corporation under §330.11(a)(2).

§ 330.14 Retirement and other employee benefit plan accounts.

(a) “Pass-through” insurance. Any deposits of an employee benefit plan in an insured depository institution shall be insured on a “pass-through” basis, in the amount of up to the SMDIA for the non-contingent interest of each plan participant, provided the rules in §330.5 are satisfied. Deposits eligible for coverage under paragraph (b)(2) of this section that also are deposits of a employee benefit plan or deposits of a deferred compensation plan described in section 457 of the Internal Revenue Code of 1986 (26 U.S.C. 457) in an insured depository institution shall be insured on a “pass-through” basis in the amount of $250,000 for the non-contingent interest of each plan participant.
Federal Deposit Insurance Corporation § 330.14

provided the rules in §330.5 are satisfied.

(b) Aggregation—(1) Multiple plans. Funds representing the non-contingent interests of a beneficiary in an employee benefit plan, or eligible deferred compensation plan described in section 457 of the Internal Revenue Code of 1986 (26 U.S.C. 457), which are deposited in one or more deposit accounts shall be aggregated with any other deposited funds representing such interests of the same beneficiary in other employee benefit plans, or eligible deferred compensation plans described in section 457 of the Internal Revenue Code of 1986, established by the same employer or employee organization.

(2) Certain retirement accounts. Deposits in an insured depository institution made in connection with the following types of retirement plans shall be aggregated and insured in the amount of up to $250,000 per participant:

(i) Any individual retirement account described in section 408(a) of the Internal Revenue Code of 1986 (26 U.S.C. 408(a));

(ii) Any eligible deferred compensation plan described in section 457 of the Internal Revenue Code of 1986 (26 U.S.C. 457); and

(iii) Any individual account plan defined in section 3(34) of the Employee Retirement Income Security Act (ERISA) (29 U.S.C. 1002) and any plan described in section 401(d) of the Internal Revenue Code of 1986 (26 U.S.C. 401(d)), to the extent that participants and beneficiaries under such plans have the right to direct the investment of assets held in individual accounts maintained on their behalf by the plans.

(c) Determination of interests—(1) Defined contribution plans. The value of an employee’s non-contingent interest in a defined contribution plan shall be deemed to be the present value of the employee’s interest in the plan, evaluated in accordance with the method of calculation ordinarily used under such plan, as of the date of default of the insured depository institution.

(2) Defined benefit plans. The value of an employee’s non-contingent interest in a defined benefit plan shall be deemed to be the present value of the employee’s interest in the plan, evaluated in accordance with the method of calculation ordinarily used under such plan, as of the date of default of the insured depository institution.

(d) Treatment of contingent interests. In the event that employees’ interests in an employee benefit plan are not capable of evaluation in accordance with the provisions of this section, or an account established for any such plan includes amounts for future participants in the plan, payment by the FDIC with respect to all such interests shall not exceed the SMDIA in the aggregate.

(e) Overfunded pension plan deposits. Any portion of an employee benefit plan’s deposits which is not attributable to the interests of the beneficiaries under the plan shall be deemed attributable to the overfunded portion of the plan’s assets and shall be aggregated and insured up to the SMDIA, separately from any other deposits.

(f) Definitions of “depositor”, “employee benefit plan”, “employee organization” and “non-contingent interest”. Except as otherwise indicated in this section, for purposes of this section:

(1) The term depositor means the person(s) administering or managing an employee benefit plan.

(4) The term non-contingent interest means an interest capable of determination without evaluation of contingencies except for those covered by the present worth tables and rules of calculation for their use set forth in §20.2031-7 of the Federal Estate Tax Regulations (26 CFR 20.2031-7) or any similar present worth or life expectancy tables as may be published by the Internal Revenue Service.

(4) Accounts of the Commonwealth of Puerto Rico and other government possessions and territories. (i) Each official custodian of funds of the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, Guam, or The Commonwealth of the Northern Mariana Islands, or of any county, municipality, or political subdivision thereof lawfully depositing such funds in an insured depository institution in Puerto Rico, the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, Guam, or The Commonwealth of the Northern Mariana Islands, respectively, shall be separately insured in the amount of:

In order to qualify as an “official custodian” for the purposes of paragraph (a) of this section, such custodian must have plenary authority, including control, over funds owned by the public unit which the custodian is appointed or elected to serve. Control of public funds includes possession, as well as the authority to establish accounts for such funds in insured depository institutions and to make deposits, withdrawals, and disbursements of such funds.

(2) Official custodian of the funds of more than one public unit. For the purposes of paragraph (a) of this section, if the same person is an official custodian of the funds of more than one public unit, he or she shall be separately insured with respect to the funds held by him or her for each such public unit, but shall not be separately insured by virtue of holding different offices in such public unit or, except as provided in paragraph (c) of this section, holding such funds for different purposes.

(3) Split of authority or control over public unit funds. If the exercise of authority or control over the funds of a public unit requires action by, or the consent of, two or more officers, employees, or agents of such public unit, then they will be treated as one “official custodian” for the purposes of this section.

(c) Public bond issues. Where an officer, agent or employee of a public unit has custody of certain funds which by law or under a bond indenture are required to be set aside to discharge a debt owed to the holders of notes or bonds issued by the public unit, any deposit of such funds in an insured depository institution shall be deemed to be a deposit by a trustee of trust funds of which the noteholders or bondholders are pro rata beneficiaries, and the beneficial interest of each noteholder or bondholder in the deposit shall be separately insured up to the SMDIA.

(F) Avoid explanations that are imprecise and readily subject to different interpretations.

(ii) Designed to call attention. You design your notice to call attention to the nature and significance of the information in it if you:

(A) Use a plain-language heading to call attention to the notice;

(B) Use a typeface and type size that are easy to read;

(C) Provide wide margins and ample line spacing;

(D) Use boldface or italics for key words; and

(E) In a form that combines your notice with other information, use distinctive type size, style, and graphic devices, such as shading or sidebars, when you combine your notice with other information.

(iii) Notices on web sites. If you provide a notice on a web page, you design your notice to call attention to the nature and significance of the information in it if you use text or visual cues to encourage scrolling down the page if necessary to view the entire notice and ensure that other elements on the web site (such as text, graphics, hyperlinks, or sound) do not distract attention from the notice, and you either:

(A) Place the notice on a screen that consumers frequently access, such as a page on which transactions are conducted; or

(B) Place a link on a screen that consumers frequently access, such as a page on which transactions are conducted, that connects directly to the notice and is labeled appropriately to convey the importance, nature, and relevance of the notice.

An individual who has a loan in which you have ownership or servicing rights is your consumer, even if you, or another institution with those rights, hire an agent to collect on the loan.

(v) An individual who is a consumer of another financial institution is not your consumer solely because you act as agent for, or provide processing or other services to, that financial institution.

(vi) An individual is not your consumer solely because he or she has designated you as trustee for a trust.

(i)(1) Customer relationship means a continuing relationship between a consumer and you under which you provide one or more financial products or services to the consumer that are to be used primarily for personal, family, or household purposes.

(2) Examples—(i) Continuing relationship. A consumer has a continuing relationship with you if the consumer:

(A) Has a deposit or investment account with you;

(B) Obtains a loan from you;

(iii) Institutions chartered by Congress specifically to engage in securitizations, secondary market sales (including sales of servicing rights), or similar transactions related to a transaction of a consumer, as long as such institutions do not sell or transfer nonpublic personal information to a nonaffiliated third party.

(l)(1) Financial product or service means any product or service that a financial holding company could offer by engaging in an activity that is financial in nature or incidental to such financial activity under section 4(k) of the Bank Holding Company Act of 1956 (12 U.S.C. 1843(k)).

§ 332.4 Initial privacy notice to consumers required.

(a) Initial notice requirement. You must provide a clear and conspicuous notice that accurately reflects your privacy policies and practices to:

(1) Customer. An individual who becomes your customer, not later than when you establish a customer relationship, except as provided in paragraph (e) of this section; and

(2) Consumer. A consumer, before you disclose any nonpublic personal information about the consumer to any nonaffiliated third party, if you make such a disclosure other than as authorized by §§332.14 and 332.15.

(b) When initial notice to a consumer is not required. You are not required to provide an initial notice to a consumer under paragraph (a) of this section if:

(1) You do not disclose any nonpublic personal information about the consumer to any nonaffiliated third party, other than as authorized by §§332.14 and 332.15; and

(2) You do not have a customer relationship with the consumer.
§ 332.4

(c) When you establish a customer relationship—(1) General rule. You establish a customer relationship when you and the consumer enter into a continuing relationship.

(2) Special rule for loans. You establish a customer relationship with a consumer when you originate a loan to the consumer for personal, family, or household purposes. If you subsequently transfer the servicing rights to that loan to another financial institution, the customer relationship transfers with the servicing rights.

(3)(i) Examples of establishing customer relationship. You establish a customer relationship when the consumer:
   (A) Opens a credit card account with you;
   (B) executes the contract to open a deposit account with you, obtains credit from you, or purchases insurance from you;
   (C) agrees to obtain financial, economic, or investment advisory services from you for a fee; or
   (D) becomes your client for the purpose of your providing credit counseling or tax preparation services.

(ii) Examples of loan rule. You establish a customer relationship with a consumer who obtains a loan for personal, family, or household purposes when you:
   (A) originate the loan to the consumer; or
   (B) purchase the servicing rights to the consumer’s loan.

(d) Existing customers. When an existing customer obtains a new financial product or service from you that is to be used primarily for personal, family, or household purposes, you satisfy the initial notice requirements of paragraph (a) of this section as follows:

(1) You may provide a revised privacy notice, under §332.8, that covers the customer’s new financial product or service; or

(2) If the initial, revised, or annual notice that you most recently provided to that customer was accurate with respect to the new financial product or service, you do not need to provide a new privacy notice under paragraph (a) of this section.

(e) Exceptions to allow subsequent delivery of notice. (1) You may provide the initial notice required by paragraph (a)(1) of this section within a reasonable time after you establish a customer relationship if:
   (i) Establishing the customer relationship is not at the customer’s election; or
   (ii) Providing notice not later than when you establish a customer relationship would substantially delay the customer’s transaction and the customer agrees to receive the notice at a later time.

(2) Examples of exceptions—(i) Not at customer’s election. Establishing a customer relationship is not at the customer’s election if you acquire a customer’s deposit liability or the servicing rights to a customer’s loan from another financial institution and the customer does not have a choice about your acquisition.

   (ii) Substantial delay of customer’s transaction. Providing notice not later than when you establish a customer relationship would substantially delay the customer’s transaction when:
   (A) You and the individual agree over the telephone to enter into a customer relationship involving prompt delivery of the financial product or service; or
   (B) You establish a customer relationship with an individual under a program authorized by Title IV of the Higher Education Act of 1965 (20 U.S.C. 1070 et seq.) or similar student loan programs where loan proceeds are disbursed promptly without prior communication between you and the customer.

   (iii) No substantial delay of customer’s transaction. Providing notice not later than when you establish a customer relationship would not substantially delay the customer’s transaction when the relationship is initiated in person at your office or through other means by which the customer may view the notice, such as on a web site.

(f) Delivery. When you are required to deliver an initial privacy notice by this section, you must deliver it according to §332.9. If you use a short-form initial notice for non-customers according to §332.6(d), you may deliver your privacy notice according to §332.6(d)(3).
§ 332.5 Annual privacy notice to customers required.

(a)(1) General rule. You must provide a clear and conspicuous notice to customers that accurately reflects your privacy policies and practices not less than annually during the continuation of the customer relationship. Annually means at least once in any period of 12 consecutive months during which that relationship exists. You may define the 12-consecutive-month period, but you must apply it to the customer on a consistent basis.

(2) Example. You provide a notice annually if you define the 12-consecutive-month period as a calendar year and provide the annual notice to the customer once in each calendar year following the calendar year in which you provided the initial notice. For example, if a customer opens an account on any day of year 1, you must provide an annual notice to that customer by December 31 of year 2.

(b)(1) Termination of customer relationship. You are not required to provide an annual notice to a former customer.

(2) Examples. Your customer becomes a former customer when:

(i) In the case of a deposit account, the account is inactive under your policies;

(ii) In the case of a closed-end loan, the customer pays the loan in full, you charge off the loan, or you sell the loan without retaining servicing rights;

(iii) In the case of a credit card relationship or other open-end credit relationship, you no longer provide any statements or notices to the customer concerning that relationship or you sell the credit card receivables without retaining servicing rights; or

(iv) You have not communicated with the customer about the relationship for a period of 12 consecutive months, other than to provide annual privacy notices or promotional material.

(c) Special rule for loans. If you do not have a customer relationship with a consumer under the special rule for loans in §332.4(c)(2), then you need not provide an annual notice to that consumer under this section.

(d) Delivery. When you are required to deliver an annual privacy notice by this section, you must deliver it according to §332.9.

§ 332.6 Information to be included in privacy notices.

(a) General rule. The initial, annual and revised privacy notices that you provide under §§332.4, 332.5, and 332.8 must include each of the following items of information, in addition to any other information you wish to provide, that applies to you and to the consumers to whom you send your privacy notice:

(1) The categories of nonpublic personal information that you collect;

(2) The categories of nonpublic personal information that you disclose;

(3) The categories of affiliates and nonaffiliated third parties to whom you disclose nonpublic personal information, other than those parties to whom you disclose information under §§332.14 and 332.15;

(4) The categories of nonpublic personal information about your former customers that you disclose and the categories of affiliates and nonaffiliated third parties to whom you disclose nonpublic personal information about your former customers, other than those parties to whom you disclose information under §§332.14 and 332.15;

(5) If you disclose nonpublic personal information to a nonaffiliated third party under §332.13 (and no other exception in §332.14 or 332.15 applies to that disclosure), a separate statement of the categories of information you disclose and the categories of third parties with whom you have contracted;

(6) An explanation of the consumer’s right under §332.10(a) to opt out of the disclosure of nonpublic personal information to nonaffiliated third parties, including the method(s) by which the consumer may exercise that right at that time;

(7) Any disclosures that you make under section 603(d)(2)(A)(iii) of the Fair Credit Reporting Act (15 U.S.C. 1681a(d)(2)(A)(iii)) (that is, notices regarding the ability to opt out of disclosures of information among affiliates);

(8) Your policies and practices with respect to protecting the confidentiality and security of nonpublic personal information; and

(9) Any disclosure that you make under paragraph (b) of this section.
(b) **Description of nonaffiliated third parties subject to exceptions.** If you disclose nonpublic personal information to third parties as authorized under §§332.14 and 332.15, you are not required to list those exceptions in the initial or annual privacy notices required by §§332.4 and 332.5. When describing the categories with respect to those parties, it is sufficient to state that you make disclosures to other nonaffiliated companies:

(1) For your everyday business purposes, such as [include all that apply] to process transactions, maintain account(s), respond to court orders and legal investigations, or report to credit bureaus; or

(2) As permitted by law.

(c) **Examples—**

(1) **Categories of nonpublic personal information that you collect.** You satisfy the requirement to categorize the nonpublic personal information that you collect if you list the following categories, as applicable:

- (i) Information from the consumer;
- (ii) Information about the consumer’s transactions with you or your affiliates;
- (iii) Information about the consumer’s transactions with nonaffiliated third parties; and
- (iv) Information from a consumer reporting agency.

(2) **Categories of nonpublic personal information you disclose—**

(i) You satisfy the requirement to categorize the nonpublic personal information that you disclose if you list the categories described in paragraph (c)(1) of this section, as applicable, and a few examples to illustrate the types of information in each category.

(ii) If you reserve the right to disclose all of the nonpublic personal information about consumers that you collect, you may simply state that fact without describing the categories or examples of the nonpublic personal information you disclose.

(3) **Categories of affiliates and nonaffiliated third parties to whom you disclose.** You satisfy the requirement to categorize the affiliates and nonaffiliated third parties to whom you disclose nonpublic personal information if you list the following categories, as applicable, and a few examples to illustrate the types of third parties in each category.

- (i) Financial service providers;
- (ii) Non-financial companies; and
- (iii) Others.

(4) **Disclosures under exception for service providers and joint marketers.** If you disclose nonpublic personal information under the exception in §332.13 to a nonaffiliated third party to market products or services that you offer alone or jointly with another financial institution, you satisfy the disclosure requirement of paragraph (a)(5) of this section if you:

- (i) List the categories of nonpublic personal information you disclose, using the same categories and examples you used to meet the requirements of paragraph (a)(2) of this section, as applicable; and
- (ii) State whether the third party is:
  - (A) A service provider that performs marketing services on your behalf or on behalf of you and another financial institution; or
  - (B) A financial institution with whom you have a joint marketing agreement.

(5) **Simplified notices.** If you do not disclose, and do not wish to reserve the right to disclose, nonpublic personal information about customers or former customers to affiliates or nonaffiliated third parties except as authorized under §§332.14 and 332.15, you may simply state that fact in addition to the information you must provide under paragraphs (a)(1), (a)(8), (a)(9), and (b) of this section.

(d) **Confidentiality and security.** You describe your policies and practices with respect to protecting the confidentiality and security of nonpublic personal information if you do both of the following:

- (i) Describe in general terms who is authorized to have access to the information; and
- (ii) State whether you have security practices and procedures in place to ensure the confidentiality of the information in accordance with your policy. You are not required to describe technical information about the safeguards you use.

(6) **Short-form initial notice with opt out notice for non-customers—**
§ 332.7 Form of opt out notice to consumers; opt out methods.

(a) (1) Form of opt out notice. If you are required to provide an opt out notice under §332.10(a), you must provide a clear and conspicuous notice to each of your consumers that accurately explains the right to opt out under that section. The notice must state:
   (i) That you disclose or reserve the right to disclose nonpublic personal information about a consumer to a nonaffiliated third party;
   (ii) That the consumer has the right to opt out of that disclosure; and
   (iii) A reasonable means by which the consumer may exercise the opt out right.

(2) Examples—(i) Adequate opt out notice. You provide adequate notice that the consumer can opt out of the disclosure of nonpublic personal information to a nonaffiliated third party if you:
   (A) Identify all of the categories of nonpublic personal information that you disclose or reserve the right to disclose, and all of the categories of nonaffiliated third parties to which you disclose the information, as described in §332.6(a)(2) and (3), and state that the consumer can opt out of the disclosure of that information; and
   (B) Identify the financial products or services that the consumer obtains from you, either singly or jointly, to which the opt out direction would apply.

   (ii) Reasonable opt out means. You provide a reasonable means to exercise an opt out right if you:
   (A) Designate check-off boxes in a prominent position on the relevant forms with the opt out notice;
   (B) Include a reply form together with the opt out notice;
   (C) Provide an electronic means to opt out, such as a form that can be sent via electronic mail or a process at your website, if the consumer agrees to the electronic delivery of information; or

   (d) Model privacy form. Pursuant to §332.2(a) of this part, a model privacy form that meets the notice content requirements of this section is included in Appendix A of this part.

   (g) Sample clauses. Sample clauses illustrating some of the notice content required by this section are included in Appendix B of this part.

   (h) Sample clause. A sample clause in a privacy notice provided on or before December 31, 2010, to the extent applicable, constitutes compliance with this part.

[65 FR 35216, June 1, 2000, as amended at 74 FR 62935, Dec. 1, 2009]

EFFECTIVE DATE NOTE: At 74 FR 62935, Dec. 1, 2009, §332.6 was amended by removing paragraph (g), effective January 1, 2012.
(D) Provide a toll-free telephone number that consumers may call to opt out.

(iii) Unreasonable opt out means. You do not provide a reasonable means of opting out if:

(A) The only means of opting out is for the consumer to write his or her own letter to exercise that opt out right; or

(B) The only means of opting out as described in any notice subsequent to the initial notice is to use a check-off box that you provide with the initial notice but did not include with the subsequent notice.

(iv) Specific opt out means. You may require each consumer to opt out through a specific means, as long as that means is reasonable for that consumer.

(b) Same form as initial notice permitted. You may provide the opt out notice together with or on the same written or electronic form as the initial notice you provide in accordance with §332.4.

(c) Initial notice required when opt out notice delivered subsequent to initial notice. If you provide the opt out notice later than required for the initial notice in accordance with §332.4, you must also include a copy of the initial notice with the opt out notice in writing or, if the consumer agrees, electronically.

(d) Joint relationships—(1) If two or more consumers jointly obtain a financial product or service from you, you may provide a single opt out notice. Your opt out notice must explain how you will treat an opt out direction by a joint consumer (as explained in paragraph (d)(5) of this section).

(2) Any of the joint consumers may exercise the right to opt out. You may either:

(i) Treat an opt out direction by a joint consumer as applying to all of the associated joint consumers; or

(ii) Permit each joint consumer to opt out separately.

(3) If you permit each joint consumer to opt out separately, you must permit one of the joint consumers to opt out on behalf of all of the joint consumers.

(4) You may not require all joint consumers to opt out before you implement any opt out direction.

(5) Example. If John and Mary have a joint checking account with you and arrange for you to send statements to John’s address, you may do any of the following, but you must explain in your opt out notice which opt out policy you will follow:

(i) Send a single opt out notice to John’s address, but you must accept an opt out direction from either John or Mary.

(ii) Treat an opt out direction by either John or Mary as applying to the entire account. If you do so, and John opts out, you may not require Mary to opt out as well before implementing John’s opt out direction.

(iii) Permit John and Mary to make different opt out directions. If you do so:

(A) You must permit John and Mary to opt out for each other;

(B) If both opt out, you must permit both to notify you in a single response (such as on a form or through a telephone call); and

(C) If John opts out and Mary does not, you may only disclose nonpublic personal information about Mary, but not about John and not about John and Mary jointly.

(e) Time to comply with opt out. You must comply with a consumer’s opt out direction as soon as reasonably practicable after you receive it.

(f) Continuing right to opt out. A consumer may exercise the right to opt out at any time.

(g) Duration of consumer’s opt out direction—(1) A consumer’s direction to opt out under this section is effective until the consumer revokes it in writing or, if the consumer agrees, electronically.

(2) When a customer relationship terminates, the customer’s opt out direction continues to apply to the nonpublic personal information that you collected during or related to that relationship. If the individual subsequently establishes a new customer relationship with you, the opt out direction that applied to the former relationship does not apply to the new relationship.

(h) Delivery. When you are required to deliver an opt out notice by this section, you must deliver it according to §332.9.
§ 332.8 Revised privacy notices.

(a) General rule. Except as otherwise authorized in this part, you must not, directly or through any affiliate, disclose any nonpublic personal information about a consumer to a nonaffiliated third party other than as described in the initial notice that you provided to that consumer under §332.4, unless:

(1) You have provided to the consumer a clear and conspicuous revised notice that accurately describes your policies and practices;

(2) You have provided to the consumer a new opt out notice;

(3) You have given the consumer a reasonable opportunity, before you disclose the information to the nonaffiliated third party, to opt out of the disclosure; and

(4) The consumer does not opt out.

(b) Examples—(1) Except as otherwise permitted by §§332.13, 332.14, and 332.15, you must provide a revised notice before you:

(i) Disclose a new category of nonpublic personal information to any nonaffiliated third party;

(ii) Disclose nonpublic personal information to a new category of nonaffiliated third party; or

(iii) Disclose nonpublic personal information about a former customer to a nonaffiliated third party, if that former customer has not had the opportunity to exercise an opt out right regarding that disclosure.

(2) A revised notice is not required if you disclose nonpublic personal information to a new nonaffiliated third party that you adequately described in your prior notice.

(c) Delivery. When you are required to deliver a revised privacy notice by this section, you must deliver it according to §332.9.

§ 332.9 Delivering privacy and opt out notices.

(a) How to provide notices. You must provide any privacy notices and opt out notices, including short-form initial notices, that this part requires so that each consumer can reasonably be expected to receive actual notice in writing or, if the consumer agrees, electronically.

(b) (1) Examples of reasonable expectation of actual notice. You may reasonably expect that a consumer will receive actual notice if you:

(i) Hand-deliver a printed copy of the notice to the consumer;

(ii) Mail a printed copy of the notice to the last known address of the consumer;

(iii) For the consumer who conducts transactions electronically, post the notice on the electronic site and require the consumer to acknowledge receipt of the notice as a necessary step to obtaining a particular financial product or service; or

(iv) For an isolated transaction with the consumer, such as an ATM transaction, post the notice on the ATM screen and require the consumer to acknowledge receipt of the notice as a necessary step to obtaining the particular financial product or service.

(2) Examples of unreasonable expectation of actual notice. You may not, however, reasonably expect that a consumer will receive actual notice of your privacy policies and practices if you:

(i) Only post a sign in your branch or office or generally publish advertisements of your privacy policies and practices; or

(ii) Send the notice via electronic mail to a consumer who does not obtain a financial product or service from you electronically.

(c) Annual notices only. You may reasonably expect that a customer will receive actual notice of your annual privacy notice if:

(1) The customer uses your web site to access financial products and services electronically and agrees to receive notices at the web site, and you post your current privacy notice continuously in a clear and conspicuous manner on the web site; or
(2) The customer has requested that you refrain from sending any information regarding the customer relationship, and your current privacy notice remains available to the customer upon request.

(d) Oral description of notice insufficient. You may not provide any notice required by this part solely by orally explaining the notice, either in person or over the telephone.

(e) Retention or accessibility of notices for customers—(1) For customers only, you must provide the initial notice required by §332.4(a)(1), the annual notice required by §332.5(a), and the revised notice required by §332.8 so that the customer can retain them or obtain them later in writing or, if the customer agrees, electronically.

(2) Examples of retention or accessibility. You provide a privacy notice to the customer so that the customer can retain it or obtain it later if you:

(i) Hand-deliver a printed copy of the notice to the customer;

(ii) Mail a printed copy of the notice to the last known address of the customer; or

(iii) Make your current privacy notice available on a web site (or a link to another web site) for the customer who obtains a financial product or service electronically and agrees to receive the notice at the web site.

(f) Joint notice with other financial institutions. You may provide a joint notice from you and one or more of your affiliates or other financial institutions, as identified in the notice, as long as the notice is accurate with respect to you and the other institutions.

(g) Joint relationships. If two or more consumers jointly obtain a financial product or service from you, you may satisfy the initial, annual, and revised notice requirements of §§332.4(a), 332.5(a), and 332.8(a), respectively, by providing one notice to those consumers jointly.

Subpart B—Limits on Disclosures

§332.10 Limits on disclosure of nonpublic personal information to nonaffiliated third parties.

(a) (1) Conditions for disclosure. Except as otherwise authorized in this part, you may not, directly or through any affiliate, disclose any nonpublic personal information about a consumer to a nonaffiliated third party unless:

(i) You have provided to the consumer an initial notice as required under §332.4;

(ii) You have provided to the consumer an opt out notice as required in §332.7;

(iii) You have given the consumer a reasonable opportunity, before you disclose the information to the nonaffiliated third party, to opt out of the disclosure; and

(iv) The consumer does not opt out.

(2) Opt out definition. Opt out means a direction by the consumer that you not disclose nonpublic personal information about that consumer to a nonaffiliated third party, other than as permitted by §§332.13, 332.14, and 332.15.

(3) Examples of reasonable opportunity to opt out. You provide a consumer with a reasonable opportunity to opt out if:

(i) By mail. You mail the notices required in paragraph (a)(1) of this section to the consumer and allow the consumer to opt out by mailing a form, calling a toll-free telephone number, or any other reasonable means within 30 days from the date you mailed the notices.

(ii) By electronic means. A customer opens an on-line account with you and agrees to receive the notices required in paragraph (a)(1) of this section electronically, and you allow the customer to opt out by any reasonable means within 30 days after the date that the customer acknowledges receipt of the notices in conjunction with opening the account.

(iii) Isolated transaction with consumer. For an isolated transaction, such as the purchase of a cashier’s check by a consumer, you provide the consumer with a reasonable opportunity to opt out if you provide the notices required in paragraph (a)(1) of this section at the time of the transaction and request that the consumer decide, as a necessary part of the transaction, whether to opt out before completing the transaction.

(b) Application of opt out to all consumers and all nonpublic personal information—(1) You must comply with this section, regardless of whether you and
§ 332.11 Limits on redisclosure and reuse of information.

(a)(1) Information you receive under an exception. If you receive nonpublic personal information from a nonaffiliated financial institution under an exception in §332.14 or 332.15 of this part, your disclosure and use of that information is limited as follows:

(i) You may disclose the information to the affiliates of the financial institution from which you received the information;

(ii) You may disclose the information to your affiliates, but your affiliates may, in turn, disclose the information only to the extent that you may disclose and use the information; and

(iii) You may disclose and use the information pursuant to an exception in §332.14 or 332.15 in the ordinary course of business to carry out the activity covered by the exception under which you received the information.

(2) Example. If you receive a customer list from a nonaffiliated financial institution in order to provide account processing services under the exception in §332.14(a), you may disclose that information under any exception in §332.14 or 332.15 of this part, the third party may disclose and use that information only as follows:

(1) The third party may disclose the information to your affiliates;

(2) The third party may disclose the information to its affiliates, but its affiliates may, in turn, disclose the information only to the extent that the third party may disclose and use the information; and

(3) The third party may disclose and use the information pursuant to an exception in §332.14 or 332.15 in the ordinary course of business to carry out the activity covered by the exception.
§ 332.12 Limits on sharing account number information for marketing purposes.

(a) General prohibition on disclosure of account numbers. You must not, directly or through an affiliate, disclose, other than to a consumer reporting agency, an account number or similar form of access number or access code for a consumer’s credit card account, deposit account, or transaction account to any nonaffiliated third party for use in telemarketing, direct mail marketing, or other marketing through electronic mail to the consumer.

(b) Exceptions. Paragraph (a) of this section does not apply if you disclose an account number or similar form of access number or access code:

(1) To your agent or service provider solely in order to perform marketing for your own products or services, as long as the agent or service provider is not authorized to directly initiate charges to the account; or

(2) To a participant in a private label credit card program or an affinity or similar program where the participants in the program are identified to the customer when the customer enters into the program.

(c) Examples—(1) Account number. An account number, or similar form of access number or access code, does not include a number or code in an encrypted form, as long as you do not provide the recipient with a means to decode the number or code.

(2) Transaction account. A transaction account is an account other than a deposit account or a credit card account. A transaction account does not include an account to which third parties cannot initiate charges.

Subpart C—Exceptions

§ 332.13 Exception to opt out requirements for service providers and joint marketing.

(a) General rule. (1) The opt out requirements in §§332.7 and 332.10 do not apply when you provide nonpublic personal information to a nonaffiliated third party to perform services for you or functions on your behalf, if you:

(i) Provide the initial notice in accordance with §332.4; and

(ii) Enter into a contractual agreement with the third party that prohibits the third party from disclosing or using the information other than to carry out the purposes for which you disclosed the information, including use under an exception in §332.14 or 332.15 in the ordinary course of business to carry out those purposes.

(2) Example. If you disclose nonpublic personal information under this section to a financial institution with which you perform joint marketing, your contractual agreement with that institution meets the requirements of paragraph (a)(1)(ii) of this section if it prohibits the institution from disclosing or using the nonpublic personal information except as necessary to carry out the joint marketing or under an exception in §332.14 or 332.15 in the ordinary course of business to carry out that joint marketing.

(b) Service may include joint marketing. The services a nonaffiliated third party performs for you under paragraph (a) of this section may include marketing of your own products or services or marketing of financial products or services offered pursuant to joint agreements between you and one or more financial institutions.

(c) Definition of joint agreement. For purposes of this section, joint agreement means a written contract pursuant to which you and one or more financial institutions jointly offer, endorse, or sponsor a financial product or service.
§ 332.14 Exceptions to notice and opt out requirements for processing and servicing transactions.

(a) Exceptions for processing transactions at consumer’s request. The requirements for initial notice in § 332.4(a)(2), for the opt out in §§ 332.7 and 332.10 and for service providers and joint marketing in § 332.13 do not apply if you disclose nonpublic personal information as necessary to effect, administer, or enforce a transaction that a consumer requests or authorizes, or in connection with:

(1) Servicing or processing a financial product or service that a consumer requests or authorizes;

(2) Maintaining or servicing the consumer’s account with you, or with another entity as part of a private label credit card program or other extension of credit on behalf of such entity; or

(3) A proposed or actual securitization, secondary market sale (including sales of servicing rights), or similar transaction related to a transaction of the consumer.

(b) Necessary to effect, administer, or enforce a transaction means that the disclosure is:

(1) Required, or is one of the lawful or appropriate methods, to enforce your rights or the rights of other persons engaged in carrying out the financial transaction or providing the product or service; or

(2) Required, or is a usual, appropriate or acceptable method:

(i) To carry out the transaction or the product or service business of which the transaction is a part, and record, service, or maintain the consumer’s account in the ordinary course of providing the financial service or financial product;

(ii) To administer or service benefits or claims relating to the transaction or the product or service business of which it is a part;

(iii) To provide a confirmation, statement, or other record of the transaction, or information on the status or value of the financial service or financial product to the consumer or the consumer’s agent or broker;

(iv) To accrue or recognize incentives or bonuses associated with the transaction that are provided by you or any other party;

(v) To underwrite insurance at the consumer’s request or for reinsurance purposes, or for any of the following purposes as they relate to a consumer’s insurance: account administration, reporting, investigating, or preventing fraud or material misrepresentation, processing premium payments, processing insurance claims, administering insurance benefits (including utilization review activities), participating in research projects, or as otherwise required or specifically permitted by Federal or State law; or

(vi) In connection with:

(A) The authorization, settlement, billing, processing, clearing, transferring, reconciling or collection of amounts charged, debited, or otherwise paid using a debit, credit, or other payment card, check, or account number, or by other payment means;

(B) The transfer of receivables, accounts, or interests therein; or

(C) The audit of debit, credit, or other payment information.

§ 332.15 Other exceptions to notice and opt out requirements.

(a) Exceptions to opt out requirements. The requirements for initial notice in § 332.4(a)(2), for the opt out in §§ 332.7 and 332.10, and for service providers and joint marketing in § 332.13 do not apply when you disclose nonpublic personal information:

(1) With the consent or at the direction of the consumer, provided that the consumer has not revoked the consent or direction;

(2) (i) To protect the confidentiality or security of your records pertaining to the consumer, service, product, or transaction;

(ii) To prevent actual or potential fraud, unauthorized transactions, claims, or other liability;

(iii) For required institutional risk control or for resolving consumer disputes or inquiries;

(iv) To persons holding a legal or beneficial interest relating to the consumer; or

(v) To persons acting in a fiduciary or representative capacity on behalf of the consumer;

(3) To provide information to insurance rate advisory organizations, guaranty funds or agencies, agencies that
are rating you, persons that are assessing your compliance with industry standards, and your attorneys, accountants, and auditors;

(4) To the extent specifically permitted or required under other provisions of law and in accordance with the Right to Financial Privacy Act of 1978 (12 U.S.C. 3401 et seq.), to law enforcement agencies (including a federal functional regulator, the Secretary of the Treasury, with respect to 31 U.S.C. Chapter 53, Subchapter II (Records and Reports on Monetary Instruments and Transactions) and 12 U.S.C. Chapter 21 (Financial Recordkeeping), a State insurance authority, with respect to any person domiciled in that insurance authority’s State that is engaged in providing insurance, and the Federal Trade Commission), self-regulatory organizations, or for an investigation on a matter related to public safety;

(5) (i) To a consumer reporting agency in accordance with the Fair Credit Reporting Act (15 U.S.C. 1681 et seq.), or
(ii) From a consumer report reported by a consumer reporting agency;

(6) In connection with a proposed or actual sale, merger, transfer, or exchange of all or a portion of a business or operating unit if the disclosure of nonpublic personal information concerns solely consumers of such business or unit; or

(7) (i) To comply with Federal, State, or local laws, rules and other applicable legal requirements;
(ii) To comply with a properly authorized civil, criminal, or regulatory investigation, or subpoena or summons by Federal, State, or local authorities; or
(iii) To respond to judicial process or government regulatory authorities having jurisdiction over you for examination, compliance, or other purposes as authorized by law.

(b) Examples of consent and revocation of consent. (1) A consumer may specifically consent to your disclosure to a nonaffiliated insurance company of the fact that the consumer has applied to you for a mortgage so that the insurance company can offer homeowner’s insurance to the consumer.

(2) A consumer may revoke consent by subsequently exercising the right to opt out of future disclosures of non-public personal information as permitted under §332.7(f).

§ 332.18 Effective date; transition rule.

(a) Effective date. This part is effective November 13, 2000. In order to provide sufficient time for you to establish policies and systems to comply with the requirements of this part, the FDIC has extended the time for compliance with this part until July 1, 2001.

(b)(1) Notice requirement for consumers who are your customers on the compliance date. By July 1, 2001, you must have provided an initial notice, as required by §332.4, to consumers who are your customers on July 1, 2001.
(2) Example. You provide an initial notice to consumers who are your customers on July 1, 2001, if, by that date, you have established a system for providing an initial notice to all new customers and have mailed the initial notice to all your existing customers.

(c) Two-year grandfathering of service agreements. Until July 1, 2002, a contract that you have entered into with a nonaffiliated third party to perform services for you or functions on your behalf satisfies the provisions of §332.13(a)(1)(ii) of this part, even if the contract does not include a requirement that the third party maintain the confidentiality of nonpublic personal information, as long as you entered into the contract on or before July 1, 2000.

B. General Instructions

1. How the Model Privacy Form Is Used
   (a) The model form may be used, at the option of a financial institution, including a group of financial institutions that use a common privacy notice, to meet the content requirements of the privacy notice and opt-out notice set forth in §§ 332.6 and 332.7 of this part.
   (b) The model form is a standardized form, including page layout, content, format, style, pagination, and shading. Institutions seeking to obtain the safe harbor through use of the model form may modify it only as described in these Instructions.
   (c) Note that disclosure of certain information, such as assets, income, and information from a consumer reporting agency, may give rise to obligations under the Fair Credit Reporting Act [15 U.S.C. 1681–1681x] (FCRA), such as a requirement to permit a consumer to opt out of disclosures to affiliates or designation as a consumer reporting agency if disclosures are made to nonaffiliated third parties.
   (d) The word “customer” may be replaced by the word “member” whenever it appears in the model form, as appropriate.

2. The Contents of the Model Privacy Form
   The model form consists of two pages, which may be printed on both sides of a single sheet of paper, or may appear on two separate pages. Where an institution provides a long list of institutions at the end of the model form in accordance with Instruction C.3(a)(1), or provides additional information in accordance with Instruction C.3(c), and such list or additional information exceeds the space available on page two of the model form, such list or additional information may extend to a third page.
   (a) Page One. The first page consists of the following components:
      (1) Date last revised (upper right-hand corner).
      (2) Title.
      (3) Key frame (Why?, What?, How?).
      (4) Disclosure table (“Reasons we can share your personal information”).
      (5) “To limit our sharing” box, as needed, for the financial institution’s opt-out information.
      (6) “Questions” box, for customer service contact information.
      (7) Mail-in opt-out form, as needed.
   (b) Page Two. The second page consists of the following components:
      (1) Heading (Page 2).
      (2) Frequently Asked Questions (“Who we are” and “What we do”).
      (3) Definitions.
      (4) “Other important information” box, as needed.

3. The Format of the Model Privacy Form
   The format of the model form may be modified only as described below.
   (a) Easily readable type font. Financial institutions that use the model form must use an easily readable type font. While a number of factors together produce easily readable type font, institutions are required to use a minimum of 10-point font (unless otherwise expressly permitted in these Instructions) and sufficient spacing between the lines of type.
   (b) Logo. A financial institution may include a corporate logo on any page of the notice, so long as it does not interfere with the
readability of the model form or the space constraints of each page.

c. **Page size and orientation.** Each page of the model form must be printed on paper in portrait orientation, the size of which must be sufficient to meet the layout and minimum font size requirements, with sufficient white space on the top, bottom, and sides of the content.

(d) **Color.** The model form must be printed on white or light color paper (such as cream) with black or other contrasting ink color. Spot color may be used to achieve visual interest, so long as the color contrast is distinctive and the color does not detract from the readability of the model form. Logos may also be printed in color.

(e) **Languages.** The model form may be translated into languages other than English.

C. **Information Required in the Model Privacy Form**

The information in the model form may be modified only as described below:

1. **Name of the Institution or Group of Affiliated Institutions Providing the Notice**

Insert the name of the financial institution providing the notice or a common identity of affiliated institutions jointly providing the notice on the form wherever [name of financial institution] appears.

2. **Page One**

   (a) **Last revised date.** The financial institution must insert in the upper right-hand corner the date on which the notice was last revised. The information shall appear in minimum 8-point font as “rev. [month/year]” using either the name or number of the month, such as “rev. July 2009” or “rev. 7/09”.

   (b) **General instructions for the “What?” box.**

   (i) The bulleted list identifies the types of personal information that the institution collects and shares. All institutions must use the term “Social Security number” in the first bullet.

   (ii) Institutions must use five (5) of the following terms to complete the bulleted list: income; account balances; payment history; transaction history; transaction or loss history; credit history; credit scores; assets; investment experience; credit-based insurance scores; insurance claim history; medical information; overdrawn account history; purchase history; account transactions; risk tolerance; medical-related debts; credit card or other debt; mortgage rates and payments; retirement assets; checking account information; employment information; wire transfer instructions.

   (c) **General instructions for the disclosure table.** The left column lists reasons for sharing or using personal information. Each reason correlates to a specific legal provision described in paragraph C.2(d) of this Instruction. In the middle column, each institution must provide a “Yes” or “No” response that accurately reflects its information sharing policies and practices with respect to the reason listed on the left. In the right column, each institution must provide in each box one of the following three (3) responses, as applicable, that reflects whether a consumer can limit such sharing: “Yes” if it is required to or voluntarily provides an opt-out; “No” if it does not provide an opt-out; or “We don’t share” if it answers “No” in the middle column. Only the sixth row (“For our affiliates to market to you”) may be omitted at the option of the institution. See paragraph C.2(d)(6) of this Instruction.

   (d) **Specific disclosures and corresponding legal provisions.**

   (1) **For our everyday business purposes.** This reason incorporates sharing information under §§332.14 and 332.15 and with service providers pursuant to §332.13 of this part other than the purposes specified in paragraphs C.2(d)(2) or C.2(d)(3) of these Instructions.

   (2) **For our marketing purposes.** This reason incorporates sharing information with service providers by an institution for its own marketing pursuant to §332.13 of this part. An institution that shares for this reason may choose to provide an opt-out.

   (3) **For joint marketing with other financial companies.** This reason incorporates sharing information under joint marketing agreements between two or more financial institutions and with any service provider used in connection with such agreements pursuant to §332.13 of this part. An institution that shares for this reason may choose to provide an opt-out.

   (4) **For our affiliates’ everyday business purposes—information about transactions and experiences.** This reason incorporates sharing information specified in sections 603(d)(2)(A)(i) and (ii) of the FCRA. An institution that shares for this reason may choose to provide an opt-out.

   (5) **For our affiliates’ everyday business purposes—information about creditworthiness.** This reason incorporates sharing information pursuant to section 603(d)(2)(A)(iii) of the FCRA. An institution that shares for this reason must provide an opt-out.

   (6) **For our affiliates to market to you.** This reason incorporates sharing information specified in section 621 of the FCRA. This reason may be omitted from the disclosure table when: The institution does not have affiliates (or does not disclose personal information to its affiliates); the institution’s affiliates do not use personal information in a manner that requires an opt-out; or the institution provides the affiliate marketing notice separately. Institutions that include
this reason must provide an opt-out of indefinite duration. An institution that is required to provide an affiliate marketing opt-out, but does not include that opt-out in the model form, must comply with section 624 of the FCRA and 12 CFR part 334, subpart C, with respect to the initial notice and opt-out and any subsequent renewal notice and opt-out. An institution not required to provide an opt-out under this subparagraph may elect to include this reason in the model form.

(7) For nonaffiliates to market to you. This reason incorporates sharing described in §§332.7 and 332.10(a) of this part. An institution that shares personal information for this reason must provide an opt-out.

(e) To limit our sharing: A financial institution must include this section of the model form only if it provides an opt-out. The word “choice” may be written in either the singular or plural, as appropriate. Institutions must select one or more of the applicable opt-out methods described: Telephone, such as by a toll-free number; a Web site; or use of a mail-in opt-out form. Institutions may include the words “toll-free” before telephone, as appropriate. An institution that allows consumers to opt out online must provide either a specific Web address that takes consumers directly to the opt-out page or a general Web address that provides a clear and conspicuous direct link to the opt-out page. The opt-out choices made available to the consumer who contacts the institution through these methods must correspond accurately to the “Yes” responses in the third column of the disclosure table. In the part titled “Please note” Institutions may insert a number that is 30 or greater in the space marked “[30].” Instructions on voluntary or state privacy law opt-out information are in paragraph C.2(g)(5) of these Instructions.

(f) Questions box. Customer service contact information must be inserted as appropriate, where [phone number] or [Web site] appear. Institutions may elect to provide either a phone number, such as a toll-free number, or a Web address, or both. Institutions may include the words “toll-free” before the telephone number, as appropriate.

(g) Mail-in opt-out form. Financial institutions must include this mail-in form only if they state in the “To limit our sharing” box that consumers can opt out by mail. The mail-in form must provide opt-out options that correspond accurately to the “Yes” responses in the third column in the disclosure table. Institutions that require customers to provide only name and address may omit the section identified as “[account #].” Institutions that require additional or different information, such as a random opt-out number or a truncated account number, to implement an opt-out election should modify the “[account #]” reference accordingly. This includes institutions that require customers with multiple accounts to identify each account to which the opt-out should apply. An institution must enter its opt-out mailing address: In the far right of this form (see version 3); or below the form (see version 4). The reverse side of the mail-in opt-out form must not include any content of the model form.

(1) Joint accountholder. Only institutions that provide their joint accountholders the choice to opt out for only one accountholder, in accordance with paragraph C.3(a)(5) of these Instructions, must include in the far left column of the mail-in form the following statement: “If you have a joint account, your choice(s) will apply to everyone on your account unless you mark below.” If you have a single account, the word “choice(s)” may be written in either the singular or plural, as appropriate. Financial institutions that provide insurance products or services, provide this option, and elect to use the model form may substitute the word “policy” for “account” in this statement. Institutions that do not provide this option may eliminate this left column from the mail-in form.

(2) FCRA Section 603(d)(2)(A)(iii) opt-out. If the institution shares personal information pursuant to section 603(d)(2)(A)(iii) of the FCRA, it must include in the mail-in opt-out form the following statement: “☐ Do not allow your affiliates to use my personal information to market to me.”

(3) FCRA Section 624 opt-out. If the institution incorporates section 624 of the FCRA in accord with paragraph C.2(d)(6) of these Instructions, it must include in the mail-in opt-out form the following statement: “☐ Do not allow your affiliates to use my personal information to market to me.”

(4) Nonaffiliate opt-out. If the financial institution shares personal information pursuant to §332.10(a) of this part, it must include in the mail-in opt-out form the following statement: “☐ Do not share my personal information with nonaffiliates to market their products and services to me.”

(5) Additional opt-outs. Financial institutions that use the disclosure table to provide opt-out options beyond those required by Federal law must provide those opt-outs in this section of the model form. A financial institution that chooses to offer an opt-out for its own marketing in the mail-in opt-out form must include one of the two following statements: “☐ Do not share my personal information to market to me.” or “☐ Do not use my personal information to market to me.” A financial institution that chooses to offer an opt-out for joint marketing must include the following statement: “☐ Do not share my personal information with other financial institutions to jointly market to me.”
(b) Barcodes. A financial institution may elect to include a barcode and/or “tagline” (an internal identifier) in 6-point font at the bottom of page one, as needed for information internal to the institution, so long as these do not interfere with the clarity or text of the form.

3. Page Two

(a) General Instructions for the Questions. Certain of the Questions may be customized as follows:

(1) “Who is providing this notice?” This question may be omitted where only one financial institution provides the model form and that institution is clearly identified in the title on page one. Two or more financial institutions that jointly provide the model form must use this question to identify themselves as required by §332.9(f) of this part. When the list of institutions exceeds four (4) lines, the institution must describe in the response to this question the general types of institutions jointly providing the notice and must separately identify those institutions, in minimum 8-point font, directly following the “Other important information” box, or, if that box is not included in the institution’s form, directly following the “Definitions.” The list may appear in a multi-column format.

(b) “How does [name of financial institution] protect my personal information?” The financial institution may only provide additional information pertaining to its safeguards practices following the designated response to this question. Such information may include information about the institution’s use of cookies or other measures it uses to safeguard personal information. Institutions are limited to a maximum of 30 additional words.

(c) “How does [name of financial institution] collect my personal information?” Institutions must use five (5) of the following terms to complete the bulleted list for this question: Open an account; deposit money; pay your bills; apply for a loan; use your credit or debit card; seek financial or tax advice; apply for insurance; pay insurance premiums; file an insurance claim; seek advice about your investments; buy securities from us; sell securities to us; direct us to buy securities; make deposits or withdrawals from your account; enter into an investment advisory contract; give us your income information; provide employment information; give us your employment history; tell us about your investment or retirement portfolio; tell us about your investment or retirement earnings; apply for financing; apply for a lease; provide consumer information; give us your contact information; pay us by check; give us your wage statements; provide your mortgage information; make a wire transfer; tell us who receives the money; tell us where to send the money; show your government-issued ID; show your driver’s license; order a commodity futures or option trade. Institutions that collect personal information from their affiliates and/or credit bureaus must include after the bulleted list the following statement: “We also collect your personal information from others, such as credit bureaus, affiliates, or other companies.” Institutions that do not collect personal information from their affiliates or credit bureaus but do collect information from other companies must include the following statement instead: “We also collect your personal information from other companies.” Only institutions that do not collect any personal information from affiliates, credit bureaus, or other companies can omit both statements.

(d) “Why can’t I limit all sharing?” Institutions that describe state privacy law provisions in the “Other important information” box must use the bracketed sentence: “See below for more on your rights under state law.” Other institutions must omit this sentence.

(e) “What happens when I limit sharing for an account I hold jointly with someone else?” Only financial institutions that provide opt-out options must use this question. Other institutions must omit this question. Institutions must choose one of the following two statements to respond to this question: “Your choices will apply to everyone on your account,” or “Your choices will apply to everyone on your account—unless you tell us otherwise.” Financial institutions that provide insurance products or services and elect to use the model form may substitute the word “policy” for “account” in these statements.

(b) General Instructions for the Definitions.

The financial institution must customize the space below the responses to the three definitions in this section. This specific information must be in italicized lettering to set off the information from the standardized definitions.

(1) Affiliates. As required by §332.6(a)(3) of this part, where [affiliate information] appears, the financial institution must:

(i) If it has no affiliates, state: “[name of financial institution] has no affiliates”;

(ii) If it has affiliates but does not share personal information, state: “[name of financial institution] does not share with our affiliates”; or

(iii) If it shares with its affiliates, state, as applicable: “Our affiliates include companies with a [common corporate identity of financial institution] name; financial companies such as [insert illustrative list of companies]; non-financial companies, such as [insert illustrative list of companies]; and others, such as [insert illustrative list].”

(2) Nonaffiliates. As required by §332.6(c)(3) of this part, where [nonaffiliate information] appears, the financial institution must:

Regulations

Sec.
333.1 Classification of general character of business.
333.2 Change in general character of business.
333.4 Conversions from mutual to stock form.

Interpretations

333.101 Prior consent not required.

Authority: 12 U.S.C. 1816, 1818, 1819 (“Seventh”, “Eighth” and “Tenth”), 1828, 1828(m), 1831p–1(c).
§ 333.1 Classification of general character of business.

State nonmember insured banks are divided into five categories for the purpose of classifying their general character or type of business, viz: commercial banks, banks and trust companies, savings banks (including mutual and stock), industrial banks, and cash depositories.

[15 FR 8644, Dec. 6, 1950]

§ 333.2 Change in general character of business.

No State nonmember insured bank (except a District bank) or branch thereof shall hereafter cause or permit any change to be made in the general character or type of business exercised by it after the effective date of this part without the prior written consent of the Corporation.

[15 FR 8644, Dec. 6, 1950]

§ 333.4 Conversions from mutual to stock form.

(a) Scope. This section applies to the conversion of insured mutual state savings banks to the stock form of ownership. It supplements the procedural and other requirements for such conversions in subpart I of part 303 of this chapter. This section also applies, to the extent appropriate, to the reorganization of insured mutual state savings banks to the mutual holding company form of ownership. As determined by the Board of Directors of the FDIC on a case-by-case basis, the requirements of paragraphs (d), (e), and (f) of this section do not apply to mutual-to-stock conversions of insured mutual state savings banks whose capital category under §325.103 of this chapter is "undercapitalized", "significantly undercapitalized" or "critically undercapitalized". As provided in §303.162 of this chapter, the Board of Directors of the FDIC may grant a waiver in writing from any requirement of this section for good cause shown.

(b) Definition of Eligible Depositor. For purposes of this section, eligible depositors are depositors holding qualifying deposits at the bank as of a date designated in the bank's plan of conversion that is not less than one year prior to the date of adoption of the plan of conversion by the converting bank's board of directors/trustees.

(c) Requirements. In addition to other requirements that may be imposed by the applicable state statutes and regulations and other federal statutes and regulations, including subpart I of part 303 of this chapter, an insured mutual state savings bank shall not convert to the stock form of ownership unless the following requirements are satisfied:

(1) Eligible depositors shall have higher subscription rights than employee stock ownership plans;

(2) The proposed conversion shall be approved by a vote of at least a majority of the bank's depositors and, as reasonably determined by the bank's directors or trustees, other stakeholders of the bank who are entitled to vote on the conversion, unless the applicable state law requires a higher percentage, in which case the higher percentage shall be used. Voting may be in person or by proxy; and

(3) Management shall not use proxies executed outside the context of the proposed conversion to satisfy the voting requirement imposed in the previous paragraph.

(d) Restriction on repurchase of stock. An insured mutual state savings bank that has converted from the mutual to stock form of ownership may not repurchase its capital stock within one year following the date of its conversion to stock form, except that stock repurchases of no greater than 5% of the bank's outstanding capital stock may be repurchased during this one-year period where compelling and valid business reasons are established, to the satisfaction of the FDIC. Any stock repurchases shall be subject to the requirements of section 18(i)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1828(i)(1)).

(e) Stock benefit plan limitations. The FDIC will presume that a stock option plan or management or employee stock benefit plan that does not conform with the applicable percentage limitations of the regulations issued by the Office of Thrift Supervision constitutes
excessive insider benefits and thereby evidences a breach of the board of directors’ or trustees’ fiduciary responsibility. In addition, no converted insured mutual state savings bank shall, for one year from the date of the conversion, implement a stock option plan or management or employee stock benefit plan, other than a tax-qualified employee stock ownership plan, unless each of the following requirements is met:

(1) Each of the plans was fully disclosed in the proxy solicitation and conversion stock offering materials;

(2) All such plans are approved by a majority of the bank’s stockholders, or in the case of a recently formed holding company, its stockholders, prior to implementation at a duly called meeting of shareholders, either annual or special, to be held no sooner than six months after the completion of the conversion;

(3) In the case of a savings bank subsidiary of a mutual holding company, all such plans are approved by a majority of stockholders other than its parent mutual holding company prior to implementation at a duly called meeting of shareholders, either annual or special, to be held no sooner than six months following the stock issuance;

(4) For stock option plans, stock options are granted at no lower than the market price at which the stock is trading at the time of grant; and

(5) For management or employee stock benefit plans, no conversion stock is used to fund the plans.

INTERPRETATIONS

§ 333.101 Prior consent not required.

(a) The extension by any State nonmember insured bank of its business to include personal, character or installment loans, or the extension by an industrial bank of its business to include the business of a commercial bank, is not a change in the general character or type of business requiring the prior written consent of the Corporation.

(b) An insured State nonmember bank not exercising trust powers, may act as trustee or custodian of Individual Retirement Accounts established pursuant to the Employee Retirement Income Security Act of 1974 (26 U.S.C. 401), Self-Employed Retirement Plans established pursuant to the Self-Employed Individuals Retirement Act of 1962 (26 U.S.C. 401), Roth Individual Retirement Accounts and Coverdell Education Savings Accounts established pursuant to the Taxpayer Relief Act of 1997 (26 U.S.C. 408A and 530 respectively), Health Savings Accounts established pursuant to the Medicare Prescription Drug Improvement, and Modernization Act of 2003 (26 U.S.C. 223), and other similar accounts without the prior written consent of the Corporation provided:

(1) The bank’s duties as trustee or custodian are essentially custodial or ministerial in nature,

(2) The bank is required to invest the funds from such plans only

(i) In its own time or savings deposits, or

(ii) In any other assets at the direction of the customer, provided the bank does not exercise any investment discretion or provide any investment advice with respect to such account assets, and

(3) The bank’s acceptance of such accounts without trust powers is not contrary to applicable State law.

§ 334.20 Coverage and definitions.

(a) Coverage. Subpart C of this part applies to insured state nonmember banks, insured state licensed branches of foreign banks, and subsidiaries of such entities (except brokers, dealers, persons providing insurance, investment companies, and investment advisers).

(b) Definitions. For purposes of this subpart:

(1) **Clear and conspicuous.** The term “clear and conspicuous” means reasonably understandable and designed to call attention to the nature and significance of the information presented.

(2) **Concise.** (i) **In general.** The term “concise” means a reasonably brief expression or statement.

(ii) **Combination with other required disclosures.** A notice required by this subpart may be concise even if it is combined with other disclosures required or authorized by federal or state law.

(3) **Eligibility information.** The term “eligibility information” means any information the communication of which would be a consumer report if the exclusions from the definition of “consumer report” in section 603(d)(2)(A) of the Act did not apply. Eligibility information does not include aggregate or blind data that does not contain personal identifiers such as account numbers, names, or addresses.

(4) **Pre-existing business relationship.** (i) **In general.** The term “pre-existing business relationship” means a relationship between a person, or a person’s licensed agent, and a consumer based on—

(A) A financial contract between the person and the consumer which is in force on the date on which the consumer is sent a solicitation covered by this subpart;

(B) The purchase, rental, or lease by the consumer of the person’s goods or services, or a financial transaction (including holding an active account or a policy in force or having another continuing relationship) between the consumer and the person, during the 18-
§ 334.20

month period immediately preceding

(C) An inquiry or application by the consumer regarding a product or service offered by that person during the three-month period immediately preceding the date on which the consumer is sent a solicitation covered by this subpart;

or

(ii) Examples of pre-existing business relationships. (A) If a consumer has a time deposit account, such as a certificate of deposit, at a depository institution that is currently in force, the depository institution has a pre-existing business relationship with the consumer and can use eligibility information it receives from its affiliates to make solicitations to the consumer about its products or services.

(B) If a consumer obtained a certificate of deposit from a depository institution, but did not renew the certificate at maturity, the depository institution has a pre-existing business relationship with the consumer and can use eligibility information it receives from its affiliates to make solicitations to the consumer about its products or services for 18 months after the date of maturity of the certificate of deposit.

(C) If a consumer obtains a mortgage, the mortgage lender has a pre-existing business relationship with the consumer. If the mortgage lender sells the consumer’s entire loan to an investor, the mortgage lender has a pre-existing business relationship with the consumer and can therefore use eligibility information it receives from an affiliate to make solicitations to the consumer about its products or services. If the mortgage lender sells ownership of the servicing rights to the consumer’s loan, the mortgage lender continues to have a pre-existing business relationship with the consumer. The purchaser of the servicing rights also has a pre-existing business relationship with the consumer as of the date it purchases ownership of the servicing rights, but only if it collects payments from or otherwise deals directly with the consumer on a continuing basis.

(D) If a consumer applies to a depository institution for a product or service that it offers, but does not obtain a product or service from or enter into a financial contract or transaction with the institution, the depository institution has a pre-existing business relationship with the consumer and can therefore use eligibility information it receives from an affiliate to make solicitations to the consumer about its products or services for three months after the date of the application.

(E) If a consumer makes a telephone inquiry to a depository institution about its products or services and provides contact information to the institution, but does not obtain a product or service from or enter into a financial contract or transaction with the institution, the depository institution has a pre-existing business relationship with the consumer and can therefore use eligibility information it receives from an affiliate to make solicitations to the consumer about its products or services for three months after the date of the inquiry.

(F) If a consumer makes an inquiry to a depository institution by e-mail about its products or services, but does not obtain a product or service from or enter into a financial contract or transaction with the institution, the depository institution has a pre-existing business relationship with the consumer and can therefore use eligibility information it receives from an affiliate to make solicitations to the consumer about its products or services for three months after the date of the inquiry.

(G) If a consumer has an existing relationship with a depository institution that is part of a group of affiliated companies, makes a telephone call to the centralized call center for the
§ 334.21 Affiliate marketing opt-out and exceptions.

(a) Initial notice and opt-out requirement—(1) In general. You may not use eligibility information about a consumer that you receive from an affiliate to make a solicitation for marketing purposes to the consumer, unless—

(i) It is clearly and conspicuously disclosed to the consumer in writing or, if the consumer agrees, electronically, in a concise notice that you may use eligibility information about that consumer to make solicitations for marketing purposes to the consumer;

(ii) The consumer is provided a reasonable opportunity and a reasonable and simple method to “opt out,” or prohibit you from using eligibility information to make solicitations for marketing purposes to the consumer; and
(iii) The consumer has not opted out.

(2) Example. A consumer has a homeowner’s insurance policy with an insurance company. The insurance company furnishes eligibility information about the consumer to its affiliated depository institution. Based on that eligibility information, the depository institution wants to make a solicitation to the consumer about its home equity loan products. The depository institution does not have a pre-existing business relationship with the consumer and none of the other exceptions apply. The depository institution is prohibited from using eligibility information received from its insurance affiliate to make solicitations to the consumer about its home equity loan products unless the consumer is given a notice and opportunity to opt out and the consumer does not opt out.

(3) Affiliates who may provide the notice. The notice required by this paragraph must be provided:

(i) By an affiliate that has or has previously had a pre-existing business relationship with the consumer; or

(ii) As part of a joint notice from two or more members of an affiliated group of companies, provided that at least one of the affiliates on the joint notice has or has previously had a pre-existing business relationship with the consumer.

(b) Making solicitations—(1) In general. For purposes of this subpart, you make a solicitation for marketing purposes if—

(i) You receive eligibility information from an affiliate;

(ii) You use that eligibility information to do one or more of the following:

(A) Identify the consumer or type of consumer to receive a solicitation;

(B) Establish criteria used to select the consumer to receive a solicitation; or

(C) Decide which of your products or services to market to the consumer or tailor your solicitation to that consumer; and

(iii) As a result of your use of the eligibility information, the consumer is provided a solicitation.

(2) Receiving eligibility information from an affiliate, including through a common database. You may receive eligibility information from an affiliate in various ways, including when the affiliate places that information into a common database that you may access.

(3) Receipt or use of eligibility information by your service provider. Except as provided in paragraph (b)(5) of this section, you receive or use an affiliate’s eligibility information if a service provider acting on your behalf (whether an affiliate or a nonaffiliated third party) receives or uses that information in the manner described in paragraphs (b)(1)(i) or (b)(1)(ii) of this section. All relevant facts and circumstances will determine whether a person is acting as your service provider when it receives or uses an affiliate’s eligibility information in connection with marketing your products and services.

(4) Use by an affiliate of its own eligibility information. Unless you have used eligibility information that you receive from an affiliate in the manner described in paragraph (b)(1)(ii) of this section, you do not make a solicitation subject to this subpart if your affiliate:

(i) Uses its own eligibility information that it obtained in connection with a pre-existing business relationship it has or had with the consumer to market your products or services to the consumer; or

(ii) Directs its service provider to use the affiliate’s own eligibility information that it obtained in connection with a pre-existing business relationship it has or had with the consumer to market your products or services to the consumer, and you do not communicate directly with the service provider regarding that use.

(5) Use of eligibility information by a service provider—(i) In general. You do not make a solicitation subject to Subpart C of this part if a service provider (including an affiliated or third-party service provider that maintains or accesses a common database that you may access) receives eligibility information from your affiliate that your affiliate obtained in connection with a pre-existing business relationship it has or had with the consumer and uses that eligibility information to market your products or services to the consumer, so long as—

(A) Your affiliate controls access to and use of its eligibility information by the service provider (including the
right to establish the specific terms and conditions under which the service provider may use such information to market your products or services;

(B) Your affiliate establishes specific terms and conditions under which the service provider may access and use the affiliate’s eligibility information to market your products and services (or those of affiliates generally) to the consumer, such as the identity of the affiliated companies whose products or services may be marketed to the consumer by the service provider, the types of products or services of affiliated companies that may be marketed, and the number of times the consumer may receive marketing materials, and periodically evaluates the service provider’s compliance with those terms and conditions;

(C) Your affiliate requires the service provider to implement reasonable policies and procedures designed to ensure that the service provider uses the affiliate’s eligibility information in accordance with the terms and conditions established by the affiliate relating to the marketing of your products or services;

(D) Your affiliate is identified on or with the marketing materials provided to the consumer; and

(E) You do not directly use your affiliate’s eligibility information in the manner described in paragraph (b)(1)(ii) of this section.

(ii) Writing requirements. (A) The requirements of paragraphs (b)(5)(i)(A) and (C) of this section must be set forth in a written agreement between your affiliate and the service provider; and

(B) The specific terms and conditions established by your affiliate as provided in paragraph (b)(5)(i)(B) of this section must be set forth in writing.

(6) Examples of making solicitations. (i) A consumer has a deposit account with a depository institution, which is affiliated with an insurance company. The insurance company receives eligibility information about the consumer from the depository institution. The insurance company uses that eligibility information to identify the consumer to receive a solicitation about insurance products, and, as a result, the insurance company provides a solicitation to the consumer about its insurance products. Pursuant to paragraph (b)(1) of this section, the insurance company has made a solicitation to the consumer.

(ii) The same facts as in the example in paragraph (b)(6)(i) of this section, except that after using the eligibility information to identify the consumer to receive a solicitation about insurance products, the insurance company asks the depository institution to send the solicitation to the consumer and the depository institution does so. Pursuant to paragraph (b)(1) of this section, the insurance company has made a solicitation to the consumer because it used eligibility information about the consumer that it received from an affiliate to identify the consumer to receive a solicitation about its products or services, and, as a result, a solicitation was provided to the consumer about the insurance company’s products.

(iii) The same facts as in the example in paragraph (b)(6)(i) of this section, except that eligibility information about consumers that have deposit accounts with the depository institution is placed into a common database that all members of the affiliated group of companies may independently access and use. Without using the depository institution’s eligibility information, the insurance company develops selection criteria and provides those criteria, marketing materials, and related instructions to the depository institution. The depository institution reviews eligibility information about its own consumers using the selection criteria provided by the insurance company to determine which consumers should receive the insurance company’s marketing materials and sends marketing materials about the insurance company’s products to those consumers. Even though the insurance company has received eligibility information through the common database as provided in paragraph (b)(2) of this section, it did not use that information to identify consumers or establish selection criteria; instead, the depository institution used its own eligibility information. Therefore, pursuant to paragraph (b)(4)(i) of this section, the
insurance company has not made a solicitation to the consumer.

(iv) The same facts as in the example in paragraph (b)(6)(iii) of this section, except that the depository institution provides the insurance company's criteria to the depository institution's service provider and directs the service provider to use the depository institution's eligibility information to identify depository institution consumers who meet the criteria and to send the insurance company's marketing materials to those consumers. The insurance company does not communicate directly with the service provider regarding the use of the depository institution's information to market its products to the depository institution's consumers. Pursuant to paragraph (b)(4)(ii) of this section, the insurance company has not made a solicitation to the consumer.

(v) An affiliated group of companies includes a depository institution, an insurance company, and a service provider. Each affiliate in the group places information about its consumers into a common database. The service provider has access to all information in the common database. The depository institution controls access to and use of its eligibility information by the service provider. This control is set forth in a written agreement between the depository institution and the service provider. The written agreement also requires the service provider to establish reasonable policies and procedures designed to ensure that the service provider uses the depository institution's eligibility information in accordance with specific terms and conditions established by the depository institution relating to the marketing of the products and services of all affiliates, including the insurance company. In a separate written communication, the depository institution specifies the terms and conditions under which the service provider may use the depository institution's eligibility information to market the insurance company's products and services to the depository institution's consumers. The terms and conditions of the written agreement include:

- A list of affiliated companies (including the insurance company) whose products or services may be marketed to the depository institution's consumers by the service provider: the specific products or types of products that may be marketed to the depository institution's consumers by the service provider; the categories of eligibility information that may be used by the service provider in marketing products or services to the depository institution's consumers; the types or categories of the depository institution’s consumers to whom the service provider may market products or services of depository institution affiliates; the number and/or types of marketing communications that the service provider may send to the depository institution’s consumers; and the length of time during which the service provider may market the products or services of the depository institution’s affiliates to its consumers.

The depository institution periodically evaluates the service provider's compliance with these terms and conditions. The insurance company asks the service provider to market insurance products to certain consumers who have deposit accounts with the depository institution. Without using the depository institution’s eligibility information, the insurance company develops selection criteria and provides those criteria, marketing materials, and related instructions to the service provider. The service provider uses the depository institution’s eligibility information from the common database to identify the depository institution’s consumers to whom insurance products will be marketed. When the insurance company’s marketing materials are provided to the identified consumers, the name of the depository institution is displayed on the insurance marketing materials, an introductory letter that accompanies the marketing materials, an account statement that accompanies the marketing materials, or the envelope containing the marketing materials. The requirements of paragraph (b)(5) of this section have been satisfied, and the insurance company has not made a solicitation to the consumer.

(vi) The same facts as in the example in paragraph (b)(6)(v) of this section, except that the terms and conditions permit the service provider to use the
depository institution’s eligibility information to market the products and services of other affiliates to the depository institution’s consumers whenever the service provider deems it appropriate to do so. The service provider uses the depository institution’s eligibility information in accordance with the discretion afforded to it by the terms and conditions. Because the terms and conditions are not specific, the requirements of paragraph (b)(5) of this section have not been satisfied.

(c) Exceptions. The provisions of this subpart do not apply to you if you use eligibility information that you receive from an affiliate:

(1) To make a solicitation for marketing purposes to a consumer with whom you have a pre-existing business relationship;

(2) To facilitate communications to an individual for whose benefit you provide employee benefit or other services pursuant to a contract with an employer related to and arising out of the current employment relationship or status of the individual as a participant or beneficiary of an employee benefit plan;

(3) To perform services on behalf of an affiliate, except that this subparagraph shall not be construed as permitting you to send solicitations on behalf of an affiliate if the affiliate would not be permitted to send the solicitation as a result of the election of the consumer to opt out under this subpart;

(4) In response to a communication about your products or services initiated by the consumer;

(5) In response to an authorization or request by the consumer to receive solicitations; or

(6) If your compliance with this subpart would prevent you from complying with any provision of State insurance laws pertaining to unfair discrimination in any State in which you are lawfully doing business.

(d) Examples of exceptions—(1) Example of the pre-existing business relationship exception. A consumer has a deposit account with a depository institution. The consumer also has a relationship with the depository institution’s securities affiliate for management of the consumer’s securities portfolio. The depository institution receives eligibility information about the consumer from its securities affiliate and uses that information to make a solicitation to the consumer about the depository institution’s wealth management services. The depository institution may make this solicitation even if the consumer has not been given a notice and opportunity to opt out because the depository institution has a pre-existing business relationship with the consumer.

(2) Examples of service provider exception. (i) A consumer has an insurance policy issued by an insurance company. The insurance company furnishes eligibility information about the consumer to its affiliated depository institution. Based on that eligibility information, the depository institution wants to make a solicitation to the consumer about its deposit products. The depository institution does not have a pre-existing business relationship with the consumer and none of the other exceptions in paragraph (c) of this section apply. The consumer has been given an opt-out notice and has elected to opt out of receiving such solicitations. The depository institution asks a service provider to send the solicitation to the consumer on its behalf. The service provider may not send the solicitation on behalf of the depository institution because, as a result of the consumer’s opt-out election, the depository institution is not permitted to make the solicitation.

(ii) The same facts as in paragraph (d)(2)(i) of this section, except the consumer has been given an opt-out notice, but has not elected to opt out. The depository institution asks a service provider to send the solicitation to the consumer on its behalf. The service provider may send the solicitation on behalf of the depository institution because, as a result of the consumer’s not opting out, the depository institution is permitted to make the solicitation.

(3) Examples of consumer-initiated communications. (i) A consumer who has a deposit account with a depository institution initiates a communication with the depository institution’s credit card affiliate to request information about a credit card. The credit card affiliate may use eligibility information about the consumer it obtains from the
depository institution or any other affiliate to make solicitations regarding credit card products in response to the consumer-initiated communication.

(ii) A consumer who has a deposit account with a depository institution contacts the institution to request information about how to save and invest for a child’s college education without specifying the type of product in which the consumer may be interested. Information about a range of different products or services offered by the depository institution and one or more affiliates of the institution may be responsive to that communication. Such products or services may include the following: Mutual funds offered by the institution’s mutual fund affiliate; section 529 plans offered by the institution, its mutual fund affiliate, or another securities affiliate; or trust services offered by a different financial institution in the affiliated group. Any affiliate offering investment products or services that would be responsive to the consumer’s request for information about saving and investing for a child’s college education may use eligibility information to make solicitations to the consumer in response to this communication.

(iii) A credit card issuer makes a marketing call to the consumer without using eligibility information received from an affiliate would not be responsive to the communication and the exception does not apply.

(v) A consumer calls a depository institution to ask about retail locations and hours. The customer service representative asks the consumer if there is a particular product or service about which the consumer is seeking information. The consumer responds that the consumer wants to stop in and find out about certificates of deposit. The customer service representative offers to provide that information by telephone and mail additional information and application materials to the consumer. The consumer agrees and provides or confirms contact information for receipt of the materials to be mailed. The depository institution may use eligibility information it receives from an affiliate to make solicitations to the consumer about certificates of deposit because such solicitations would respond to the consumer-initiated communication about products or services.

(4) Examples of consumer authorization or request for solicitations. (i) A consumer who obtains a mortgage from a mortgage lender authorizes or requests information about homeowner’s insurance offered by the mortgage lender’s insurance affiliate. Such authorization or request, whether given to the mortgage lender or to the insurance affiliate, would permit the insurance affiliate to use eligibility information about the consumer it obtains from the mortgage lender or any other affiliate to make solicitations to the consumer about homeowner’s insurance.

(ii) A consumer completes an online application to apply for a credit card from a credit card issuer. The issuer’s online application contains a blank check box that the consumer may check to authorize or request information from the credit card issuer’s affiliates. The consumer checks the box. The consumer has authorized or requested solicitations from the card issuer’s affiliates.

(iii) A consumer completes an online application to apply for a credit card from a credit card issuer. The issuer’s online application contains a pre-selected check box indicating that the
§ 334.22 Scope and duration of opt-out.

(a) Scope of opt-out—(1) In general. Except as otherwise provided in this section, the consumer’s election to opt out prohibits any affiliate covered by the opt-out notice from using eligibility information received from another affiliate as described in the notice to make solicitations to the consumer.

(2) Continuing relationship—(i) In general. If the consumer establishes a continuing relationship with you or your affiliate, an opt-out notice may apply to eligibility information obtained in connection with—

(A) A single continuing relationship or multiple continuing relationships that the consumer establishes with you or your affiliates, including continuing relationships established subsequent to delivery of the opt-out notice, so long as the notice adequately describes the continuing relationships covered by the opt-out; or

(B) Any other transaction between the consumer and you or your affiliates as described in the notice.

(ii) Examples of continuing relationships. A consumer has a continuing relationship with you or your affiliate if the consumer—

(A) Opens a deposit or investment account with you or your affiliate;

(B) Obtains a loan for which you or your affiliate owns the servicing rights;

(C) Purchases an insurance product from you or your affiliate;

(D) Holds an investment product through you or your affiliate, such as when you act or your affiliate acts as a custodian for securities or for assets in an individual retirement arrangement;

(E) Enters into an agreement or understanding with you or your affiliate whereby you or your affiliate undertakes to arrange or broker a home mortgage loan for the consumer;

(F) Enters into a lease of personal property with you or your affiliate; or

(G) Obtains financial, investment, or economic advisory services from you or your affiliate for a fee.

(3) No continuing relationship—(i) In general. If there is no continuing relationship between a consumer and you or your affiliate, and you or your affiliate obtain eligibility information about a consumer in connection with a transaction with the consumer, such as an isolated transaction or a credit application that is denied, an opt-out notice provided to the consumer only applies to eligibility information obtained in connection with that transaction.

(ii) Examples of isolated transactions. An isolated transaction occurs if—

(A) The consumer uses your or your affiliate’s ATM to withdraw cash from an account at another financial institution; or

(B) You or your affiliate sells the consumer a cashier’s check or money order, airline tickets, travel insurance, or traveler’s checks in isolated transactions.

(4) Menu of alternatives. A consumer may be given the opportunity to choose from a menu of alternatives when electing to prohibit solicitations, such as by electing to prohibit solicitations from certain types of affiliates covered by the opt-out notice but not other types of affiliates covered by the notice, electing to prohibit solicitations based on certain types of eligibility information but not other types of eligibility information, or electing to prohibit solicitations by certain methods of delivery but not other methods of delivery. However, one of
the alternatives must allow the consumer to prohibit all solicitations from all of the affiliates that are covered by the notice.

(5) **Special rule for a notice following termination of all continuing relationships**—(i) **In general.** A consumer must be given a new opt-out notice if, after all continuing relationships with you or your affiliate(s) are terminated, the consumer subsequently establishes another continuing relationship with you or your affiliate(s) and the consumer's eligibility information is to be used to make a solicitation. The new opt-out notice must apply, at a minimum, to eligibility information obtained in connection with the new continuing relationship. Consistent with paragraph (b) of this section, the consumer’s decision not to opt out after receiving the new opt-out notice would not override a prior opt-out election by the consumer that applies to eligibility information obtained in connection with a terminated relationship, regardless of whether the new opt-out notice applies to eligibility information obtained in connection with the terminated relationship.

(ii) **Example.** A consumer has a checking account with a depository institution that is part of an affiliated group. The consumer closes the checking account. One year after closing the checking account, the consumer opens a savings account with the same depository institution. The consumer must be given a new notice and opportunity to opt out before the depository institution’s affiliates may make solicitations to the consumer using eligibility information obtained by the depository institution in connection with the new savings account relationship, regardless of whether the consumer opted out in connection with the checking account.

(b) **Duration of opt-out.** The election of a consumer to opt out must be effective for a period of at least five years (the “opt-out period”) beginning when the consumer’s opt-out election is received and implemented, unless the consumer subsequently revokes the opt-out in writing or, if the consumer agrees, electronically. An opt-out period of more than five years may be established, including an opt-out period that does not expire unless revoked by the consumer.

(c) **Time of opt-out.** A consumer may opt out at any time.

§ 334.23 **Contents of opt-out notice; consolidated and equivalent notices.**

(a) **Contents of opt-out notice.** (1) **In general.** A notice must be clear, conspicuous, and concise, and must accurately disclose:

(i) The name of the affiliate(s) providing the notice. If the notice is provided jointly by multiple affiliates and each affiliate shares a common name, such as “ABC,” then the notice may indicate that it is being provided by multiple companies with the ABC name or multiple companies in the ABC group or family of companies, for example, by stating that the notice is provided by “all of the ABC companies,” “the ABC banking, credit card, insurance, and securities companies,” or by listing the name of each affiliate providing the notice. But if the affiliates providing the joint notice do not all share a common name, then the notice must either separately identify each affiliate by name or identify each of the common names used by those affiliates, for example, by stating that the notice is provided by “all of the ABC and XYZ companies” or by “the ABC banking and credit card companies and the XYZ insurance companies”;

(ii) A list of the affiliates or types of affiliates whose use of eligibility information is covered by the notice, which may include companies that become affiliates after the notice is provided to the consumer. If each affiliate covered by the notice shares a common name, such as “ABC,” then the notice may indicate that it applies to multiple companies with the ABC name or multiple companies in the ABC group or family of companies, for example, by stating that the notice is provided by “all of the ABC companies,” “the ABC banking, credit card, insurance, and securities companies,” or by listing the name of each affiliate providing the notice. But if the affiliates covered by the notice do not all share a common name, then the notice must either separately identify each covered affiliate.
§ 334.24 Reasonable opportunity to opt out.

(a) In general. You must not use eligibility information about a consumer that you receive from an affiliate to make a solicitation to the consumer about your products or services, unless the consumer is provided a reasonable opportunity to opt out, as required by §334.21(a)(1)(ii) of this part.

(b) Examples of a reasonable opportunity to opt out. The consumer is given a reasonable opportunity to opt out if:

(1) By mail. The opt-out notice is mailed to the consumer. The consumer is given 30 days from the date the notice is mailed to elect to opt out by any reasonable means.

(2) By electronic means. (i) The opt-out notice is provided electronically to the consumer, such as by posting the notice at an Internet Web site at which the consumer has obtained a product or service. The consumer acknowledges receipt of the electronic notice. The consumer is given 30 days after the date the consumer acknowledges receipt to elect to opt out by any reasonable means.

(ii) The opt-out notice is provided to the consumer by e-mail where the consumer has agreed to receive disclosures by e-mail from the person sending the notice. The consumer is given 30 days by providing the consumer with a clear, conspicuous, and concise notice that accurately discloses the consumer's opt-out rights.

(3) Alternative contents. If the consumer is afforded a broader right to opt out of receiving marketing than is required by this subpart, the requirements of this section may be satisfied by name or identify each of the common names used by those affiliates, for example, by stating that the notice applies to “all of the ABC and XYZ companies” or to “the ABC banking and credit card companies and the XYZ insurance companies”;

(iii) A general description of the types of eligibility information that may be used to make solicitations to the consumer;

(iv) That the consumer may elect to limit the use of eligibility information to make solicitations to the consumer;

(v) That the consumer’s election will apply for the specified period of time stated in the notice and, if applicable, that the consumer will be allowed to renew the election once that period expires;

(vi) If the notice is provided to consumers who may have previously opted out, such as if a notice is provided to consumers annually, that the consumer who has chosen to limit solicitations does not need to act again until the consumer receives a renewal notice; and

(vii) A reasonable and simple method for the consumer to opt out.

(2) Joint relationships. (i) If two or more consumers jointly obtain a product or service, a single opt-out notice may be provided to the joint consumers. Any of the joint consumers may exercise the right to opt out.

(ii) The opt-out notice must explain how an opt-out direction by a joint consumer will be treated. An opt-out direction by a joint consumer may be treated as applying to all of the associated joint consumers, or each joint consumer may be permitted to opt-out separately. If each joint consumer is permitted to opt out separately, one of the joint consumers must be permitted to opt out on behalf of all of the joint consumers and the joint consumers must be permitted to exercise their separate rights to opt out in a single response.

(iii) It is impermissible to require all joint consumers to opt out before implementing any opt-out direction.

(3) Alternative contents. If the consumer is afforded a broader right to opt out of receiving marketing than is required by this subpart, the requirements of this section may be satisfied by providing the consumer with a clear, conspicuous, and concise notice that accurately discloses the consumer's opt-out rights.
after the e-mail is sent to elect to opt out by any reasonable means.

(3) At the time of an electronic transaction. The opt-out notice is provided to the consumer at the time of an electronic transaction, such as a transaction conducted on an Internet Web site. The consumer is required to decide, as a necessary part of proceeding with the transaction, whether to opt out before completing the transaction. There is a simple process that the consumer may use to opt out at that time using the same mechanism through which the transaction is conducted.

(4) At the time of an in-person transaction. The opt-out notice is provided to the consumer in writing at the time of an in-person transaction. The consumer is required to decide, as a necessary part of proceeding with the transaction, whether to opt out before completing the transaction, and is not permitted to complete the transaction without making a choice. There is a simple process that the consumer may use during the course of the in-person transaction to opt out, such as completing a form that requires consumers to write a “yes” or “no” to indicate their opt-out preference or that requires the consumer to check one of two blank check boxes—one that allows consumers to indicate that they want to opt out and one that allows consumers to indicate that they do not want to opt out.

(5) By including in a privacy notice. The opt-out notice is included in a Gramm-Leach-Bliley Act privacy notice. The consumer is allowed to exercise the opt-out within a reasonable period of time and in the same manner as the opt-out under that privacy notice.

§ 334.25 Reasonable and simple methods of opting out.

(a) In general. You must not use eligibility information about a consumer that you receive from an affiliate to make a solicitation to the consumer about your products or services, unless the consumer is provided a reasonable and simple method to opt out, as required by §334.21(a)(1)(ii) of this part.

(b) Examples. (1) Reasonable and simple opt-out methods. Reasonable and simple methods for exercising the opt-out right include—

(i) Designating a check-off box in a prominent position on the opt-out form;

(ii) Including a reply form and a self-addressed envelope together with the opt-out notice;

(iii) Providing an electronic means to opt out, such as a form that can be electronically mailed or processed at an Internet Web site, if the consumer agrees to the electronic delivery of information;

(iv) Providing a toll-free telephone number that consumers may call to opt out; or

(v) Allowing consumers to exercise all of their opt-out rights described in a consolidated opt-out notice that includes the privacy opt-out under the Gramm-Leach-Bliley Act, 15 U.S.C. 6801 et seq., the affiliate sharing opt-out under the Act, and the affiliate marketing opt-out under the Act, by a single method, such as by calling a single toll-free telephone number.

(2) Opt-out methods that are not reasonable and simple. Reasonable and simple methods for exercising an opt-out right do not include—

(i) Requiring the consumer to write his or her own letter;

(ii) Requiring the consumer to call or write to obtain a form for opting out, rather than including the form with the opt-out notice;

(iii) Requiring the consumer who receives the opt-out notice in electronic form only, such as through posting at an Internet Web site, to opt out solely by paper mail or by visiting a different Web site without providing a link to that site.

(c) Specific opt-out means. Each consumer may be required to opt out through a specific means, as long as that means is reasonable and simple for that consumer.

§ 334.26 Delivery of opt-out notices.

(a) In general. The opt-out notice must be provided so that each consumer can reasonably be expected to receive actual notice. For opt-out notices provided electronically, the notice may be provided in compliance with either the electronic disclosure provisions in this subpart or the provisions in section 101 of the Electronic

§ 334.27 Renewal of opt-out.

(a) Renewal notice and opt-out requirement—(1) In general. After the opt-out period expires, you may not make solicitations based on eligibility information you receive from an affiliate to a consumer who previously opted out, unless:

(i) The consumer has been given a renewal notice that complies with the requirements of this section and §§334.24 through 334.26 of this part, and a reasonable opportunity and a reasonable and simple method to renew the opt-out, and the consumer does not renew the opt-out; or

(ii) An exception in §334.21(c) of this part applies.

(2) Renewal period. Each opt-out renewal must be effective for a period of at least five years as provided in §334.22(b) of this part.

(b) Affiliates who may provide the notice. The notice required by this paragraph must be provided:

(i) By the affiliate that provided the previous opt-out notice, or its successor; or

(ii) As part of a joint renewal notice from two or more members of an affiliated group of companies, or their successors, that jointly provided the previous opt-out notice.

(b) Contents of renewal notice. The renewal notice must be clear, conspicuous, and concise, and must accurately disclose:

(1) The name of the affiliate(s) providing the notice. If the notice is provided jointly by multiple affiliates and each affiliate shares a common name, such as “ABC,” then the notice may indicate that it is being provided by multiple companies with the ABC name or multiple companies in the ABC group or family of companies, for example, by stating that the notice is provided by “all of the ABC companies,” “the ABC banking, credit card, insurance, and securities companies,” or by listing the name of each affiliate providing the notice.

(2) A list of the affiliates or types of affiliates whose use of eligibility information is covered by the notice, which may include companies that become affiliates after the notice is provided to the consumer. If each affiliate covered by the notice shares a common name, such as “ABC,” then the notice may indicate that it applies to multiple companies with the ABC name or multiple companies in the ABC group or family of companies, for example, by stating that the notice is provided by “all of the ABC and XYZ companies” or by “the ABC banking and credit card companies and the XYZ insurance companies.”
name of each affiliate providing the notice. But if the affiliates covered by the notice do not all share a common name, then the notice must either separately identify each covered affiliate by name or identify each of the common names used by those affiliates, for example, by stating that the notice applies to “all of the ABC and XYZ companies” or to “the ABC banking and credit card companies and the XYZ insurance companies.”

(3) A general description of the types of eligibility information that may be used to make solicitations to the consumer;

(4) That the consumer previously elected to limit the use of certain information to make solicitations to the consumer;

(5) That the consumer’s election has expired or is about to expire;

(6) That the consumer may elect to renew the consumer’s previous election;

(7) If applicable, that the consumer’s election to renew will apply for the specified period of time stated in the notice and that the consumer will be allowed to renew the election once that period expires; and

(8) A reasonable and simple method for the consumer to opt out.

§ 334.30 Obtaining or using medical information in connection with a determination of eligibility for credit.

(a) Scope. This section applies to:

(1) Any of the following that participates as a creditor in a transaction:

(i) A State bank insured by the FDIC (other than members of the Federal Reserve System);

(ii) An insured State branch of a foreign bank;

(2) Any other person that participates as a creditor in a transaction involving a person described in paragraph (a)(1) of this section.

(b) General prohibition on obtaining or using medical information—(1) In general. A creditor may not obtain or use medical information pertaining to a consumer in connection with any determination of the consumer’s eligibility, or continued eligibility, for credit, except as provided in this section.

(2) Definitions. (i) Credit has the same meaning as in section 702 of the Equal Credit Opportunity Act, 15 U.S.C. 1691a.

(ii) Creditor has the same meaning as in section 702 of the Equal Credit Opportunity Act, 15 U.S.C. 1691a.

(iii) Eligibility, or continued eligibility, for credit means the consumer’s qualification or fitness to receive, or continue to receive, credit, including the terms on which credit is offered. The term does not include:

Subpart D—Medical Information

§ 334.30 Obtaining or using medical information in connection with a determination of eligibility for credit.
§ 334.30

(A) Any determination of the consumer’s qualification or fitness for employment, insurance (other than a credit insurance product), or other non-credit products or services;

(B) Authorizing, processing, or documenting a payment or transaction on behalf of the consumer in a manner that does not involve a determination of the consumer’s eligibility, or continued eligibility, for credit; or

(C) Maintaining or servicing the consumer’s account in a manner that does not involve a determination of the consumer’s eligibility, or continued eligibility, for credit.

(c) Rule of construction for obtaining and using unsolicited medical information. (1) In general. A creditor does not obtain medical information in violation of the prohibition if it receives medical information pertaining to a consumer in connection with any determination of the consumer’s eligibility, or continued eligibility, for credit without specifically requesting medical information.

(2) Use of unsolicited medical information. A creditor that receives unsolicited medical information in the manner described in paragraph (c)(1) of this section may use that information in connection with any determination of the consumer’s eligibility, or continued eligibility, for credit without specifically requesting medical information.

(d) Financial information exception for obtaining and using medical information—(1) In general. A creditor may obtain and use medical information pertaining to a consumer in connection with any determination of the consumer’s eligibility, or continued eligibility, for credit so long as:

(i) The information is the type of information routinely used in making credit eligibility determinations, such as information relating to debts, expenses, income, benefits, assets, collateral, or the purpose of the loan, including the use of proceeds;

(ii) The creditor uses the medical information in a manner and to an extent that is no less favorable than it would use comparable information that is not medical information in a credit transaction; and

(iii) The creditor does not take the consumer’s physical, mental, or behavioral health, condition or history, type of treatment, or prognosis into account as part of any such determination.

(2) Examples. (i) Examples of the types of information routinely used in making credit eligibility determinations. Paragraph (d)(1)(i) of this section permits a creditor, for example, to obtain and use information about:

(A) The dollar amount, repayment terms, repayment history, and similar information regarding medical debts to calculate, measure, or verify the repayment ability of the consumer, the use of proceeds, or the terms for granting credit;

(B) The value, condition, and lien status of a medical device that may serve as collateral to secure a loan;

(C) The dollar amount and continued eligibility for disability income, workers’ compensation income, or other benefits related to health or a medical condition that is relied on as a source of repayment; or

(D) The identity of creditors to whom outstanding medical debts are owed in connection with an application for credit, including but not limited to, a transaction involving the consolidation of medical debts.

(ii) Examples of uses of medical information consistent with the exception. (A) A consumer includes on an application for credit information about two $20,000 debts. One debt is to a hospital; the
other debt is to a retailer. The creditor contacts the hospital and the retailer to verify the amount and payment status of the debts. The creditor learns that both debts are more than 90 days past due. Any two debts of this size that are more than 90 days past due would disqualify the consumer under the creditor’s established underwriting criteria. The creditor denies the application on the basis that the consumer has a poor repayment history on outstanding debts. The creditor has used medical information in a manner and to an extent no less favorable than it would use comparable non-medical information.

(B) A consumer indicates on an application for a $200,000 mortgage loan that she receives $15,000 in long-term disability income each year from her former employer and has no other income. Annual income of $15,000, regardless of source, would not be sufficient to support the requested amount of credit. The creditor denies the application on the basis that the projected debt-to-income ratio of the consumer does not meet the creditor’s underwriting criteria. The creditor has used medical information in a manner and to an extent that is no less favorable than it would use comparable non-medical information.

(C) A consumer includes on an application for a $10,000 home equity loan that he has a $50,000 debt to a medical facility that specializes in treating a potentially terminal disease. The creditor contacts the medical facility to verify the debt and obtain the repayment history and current status of the loan. The creditor learns that the debt is current. The applicant meets the income and other requirements of the creditor’s underwriting guidelines. The creditor grants the application. The creditor has used medical information in accordance with the exception.

(iii) Examples of uses of medical information inconsistent with the exception.

(A) A consumer applies for $25,000 of credit and includes on the application information about a $50,000 debt to a hospital. The creditor contacts the hospital to verify the amount and payment status of the debt, and learns that the debt is current and that the consumer has no delinquencies in her repayment history. If the existing debt were instead owed to a retail department store, the creditor would approve the application and extend credit based on the amount and repayment history of the outstanding debt. The creditor, however, denies the application because the consumer is indebted to a hospital. The creditor has used medical information, here the identity of the medical creditor, in a manner and to an extent that is less favorable than it would use comparable non-medical information.

(B) A consumer meets with a loan officer of a creditor to apply for a mortgage loan. While filling out the loan application, the consumer informs the loan officer orally that she has a potentially terminal disease. The consumer meets the creditor’s established requirements for the requested mortgage loan. The loan officer recommends to the credit committee that the consumer be denied credit because the consumer has that disease. The credit committee follows the loan officer’s recommendation and denies the application because the consumer has a potentially terminal disease. The creditor has used medical information in a manner inconsistent with the exception by taking into account the consumer’s physical, mental, or behavioral health, condition, or history, type of treatment, or prognosis as part of a determination of eligibility or continued eligibility for credit.

(C) A consumer who has an apparent medical condition, such as a consumer who uses a wheelchair or an oxygen tank, meets with a loan officer to apply for a home equity loan. The consumer meets the creditor’s established requirements for the requested home equity loan and the creditor typically does not require consumers to obtain a debt cancellation contract, debt suspension agreement, or credit insurance product in connection with such loans. However, based on the consumer’s apparent medical condition, the loan officer recommends to the credit committee that credit be extended to the consumer only if the consumer obtains a debt cancellation contract, debt suspension agreement, or credit insurance product from a nonaffiliated third party. The credit committee agrees
with the loan officer’s recommenda-
tion. The loan officer informs the con-
sumer that the consumer must obtain
a debt cancellation contract, debt sus-
pension agreement, or credit insurance
product from a nonaffiliated third
party to qualify for the loan. The con-
sumer obtains one of these products
and the creditor approves the loan. The
creditor has used medical information
in a manner inconsistent with the ex-
ception by taking into account the con-
sumer’s physical, mental, or behav-
ioral health, condition, or history, type
of treatment, or prognosis in setting
conditions on the consumer’s eligi-
bility for credit.

(e) Specific exceptions for obtaining and
using medical information—(1) In general.
A creditor may obtain and use medical
information pertaining to a consumer
in connection with any determination
of the consumer’s eligibility, or contin-
ued eligibility, for credit:

(i) To determine whether the use of a
power of attorney or legal representa-
tive that is triggered by a medical con-
dition or event is necessary and appro-
priate or whether the consumer has the
legal capacity to contract when a per-
son seeks to exercise a power of attor-
ney or act as legal representative for a
consumer based on an asserted medical
condition or event;

(ii) To comply with applicable re-
quirements of local, state, or Federal
laws;

(iii) To determine, at the consumer’s
request, whether the consumer quali-
ifies for a legally permissible special
credit program or credit-related assist-
ance program that is:

(A) Designed to meet the special
needs of consumers with medical condi-
tions; and

(B) Established and administered
pursuant to a written plan that:

(1) Identifies the class of persons that
the program is designed to benefit; and

(2) Sets forth the procedures and
standards for extending credit or pro-
viding other credit-related assistance
under the program;

(iv) To the extent necessary for pur-
poses of fraud prevention or detection;

(v) In the case of credit for the pur-
pose of financing medical products or
services, to determine and verify the
medical purpose of a loan and the use
of proceeds;

(vi) Consistent with safe and sound
practices, if the consumer or the con-
sumer’s legal representative specifi-
cally requests that the creditor use
medical information in determining
the consumer’s eligibility, or contin-
ued eligibility, for credit, to accommo-
date the consumer’s particular cir-
cumstances, and such request is docu-
mented by the creditor;

(vii) Consistent with safe and sound
practices, to determine whether the
provisions of a forbearance practice or
program that is triggered by a medical
condition or event apply to a con-
sumer;

(viii) To determine the consumer’s eli-
gibility for, the triggering of, or the
reactivation of a debt cancellation con-
tact or debt suspension agreement if a
medical condition or event is a trig-
gering event for the provision of bene-
fits under the contract or agreement;
or

(ix) To determine the consumer’s eli-
gibility for, the triggering of, or the re-
activation of a credit insurance prod-
uct if a medical condition or event is a
triggering event for the provision of
benefits under the product.

(2) Example of determining eligibility for
a special credit program or credit assist-
ance program. A not-for-profit organiza-
tion establishes a credit assistance pro-
gram pursuant to a written plan that is
designed to assist disabled veterans in
purchasing homes by subsidizing the
down payment for the home purchase
mortgage loans of qualifying veterans.
The organization works through mort-
gage lenders and requires mortgage
lenders to obtain medical information
about the disability of any consumer
that seeks to qualify for the program,
use that information to verify the con-
sumer’s eligibility for the program, and
forward that information to the orga-
nization. A consumer who is a veteran
applies to a creditor for a home pur-
chase mortgage loan. The creditor in-
forms the consumer about the credit
assistance program for disabled vet-
erans and the consumer seeks to qual-
ify for the program. Assuming that the
program complies with all applicable
law, including applicable fair lending
laws, the creditor may obtain and use
medical information about the medical condition and disability, if any, of the consumer to determine whether the consumer qualifies for the credit assistance program.

(3) Examples of verifying the medical purpose of the loan or the use of proceeds.

(i) If a consumer applies for $10,000 of credit for the purpose of financing vision correction surgery, the creditor may verify with the surgeon that the procedure will be performed. If the surgeon reports that surgery will not be performed on the consumer, the creditor may use that medical information to deny the consumer's application for credit, because the loan would not be used for the stated purpose.

(ii) If a consumer applies for $10,000 of credit for the purpose of financing cosmetic surgery, the creditor may confirm the cost of the procedure with the surgeon. If the surgeon reports that the cost of the procedure is $5,000, the creditor may use that medical information to offer the consumer only $5,000 of credit.

(iii) A creditor has an established medical loan program for financing particular elective surgical procedures. The creditor receives a loan application from a consumer requesting $10,000 of credit under the established loan program for an elective surgical procedure. The consumer indicates on the application that the purpose of the loan is to finance an elective surgical procedure not eligible for funding under the guidelines of the established loan program. The creditor may deny the consumer’s application because the purpose of the loan is not for a particular procedure funded by the established loan program.

(4) Examples of obtaining and using medical information at the request of the consumer.

(i) If a consumer applies for a loan and specifically requests that the creditor consider the consumer’s medical disability at the relevant time as an explanation for adverse payment history information in his credit report, the creditor may consider such medical information in evaluating the consumer’s willingness and ability to repay the requested loan to accommodate the consumer’s particular circumstances, consistent with safe and sound practices. The creditor may also decline to consider such medical information to accommodate the consumer, but may evaluate the consumer’s application in accordance with its otherwise applicable underwriting criteria. The creditor may not deny the consumer’s application or otherwise treat the consumer less favorably because the consumer specifically requested a medical accommodation, if the creditor would have extended the credit or treated the consumer more favorably under the creditor’s otherwise applicable underwriting criteria.

(ii) If a consumer applies for a loan by telephone and explains that his income has been and will continue to be interrupted on account of a medical condition and that he expects to repay the loan by liquidating assets, the creditor may, but is not required to, evaluate the application using the sale of assets as the primary source of repayment, consistent with safe and sound practices, provided that the creditor documents the consumer’s request by recording the oral conversation or making a notation of the request in the consumer’s file.

(iii) If a consumer applies for a loan and the application form provides a space where the consumer may provide any other information or special circumstances, whether medical or non-medical, that the consumer would like the creditor to consider in evaluating the consumer’s application, the creditor may use medical information provided by the consumer in that space on that application to accommodate the consumer’s application for credit, consistent with safe and sound practices, or may disregard that information.

(iv) If a consumer specifically requests that the creditor use medical information in determining the consumer’s eligibility, or continued eligibility, for credit and provides the creditor with medical information for that purpose, and the creditor determines that it needs additional information regarding the consumer’s circumstances, the creditor may request, obtain, and use additional medical information about the consumer as necessary to verify the information provided by the consumer or to determine whether to make an accommodation for the consumer. The consumer may decline to

(b) Limits on redisclosure. If a person described in paragraph (a) of this section receives medical information about a consumer from a consumer reporting agency or its affiliate, the person must not disclose that information to any other person, except as necessary to carry out the purpose for which the information was initially disclosed, or as otherwise permitted by statute, regulation, or order.

Subpart E—Duties of Furnishers of Information

SOURCE: 74 FR 31517, July 1, 2009, unless otherwise noted.

EFFECTIVE DATE NOTE: At 74 FR 31517, July 1, 2009, subpart E was added, effective July 1, 2010.

§ 334.40 Scope.

This subpart applies to a financial institution or creditor that is an insured state nonmember bank, insured state licensed branch of a foreign bank, or a subsidiary of such entities (except dealers, persons providing insurance, investment companies, and investment advisers).

§ 334.41 Definitions.

For purposes of this subpart and Appendix E of this part, the following definitions apply:

(a) Accuracy means that information that a furnisher provides to a consumer reporting agency about an account or other relationship with the consumer correctly:

(1) Reflects the terms of and liability for the account or other relationship;

(2) Reflects the consumer’s performance and other conduct with respect to the account or other relationship; and

(3) Identifies the appropriate consumer.

(b) Direct dispute means a dispute submitted directly to a furnisher (including a furnisher that is a debt collector) by a consumer concerning the accuracy of any information contained in a consumer report and pertaining to an account or other relationship that the furnisher has or had with the consumer.

(c) Furnisher means an entity that furnishes information relating to consumers to one or more consumer reporting agencies for inclusion in a consumer report. An entity is not a furnisher when it:

(1) Provides information to a consumer reporting agency solely to obtain a consumer report in accordance with sections 604(a) and (f) of the Fair Credit Reporting Act;

(2) Is acting as a “consumer reporting agency” as defined in section 603(f) of the Fair Credit Reporting Act;

(3) Is a consumer to whom the furnished information pertains; or

(4) Is a neighbor, friend, or associate of the consumer, or another individual with whom the consumer is acquainted or who may have knowledge about the consumer, and who provides information about the consumer’s character, general reputation, personal characteristics, or mode of living in response to a specific request from a consumer reporting agency.

(d) Identity theft has the same meaning as in 16 CFR 603.2(a).

(e) Integrity means that information that a furnisher provides to a consumer reporting agency about an account or other relationship with the consumer:

(1) Is substantiated by the furnisher’s records at the time it is furnished;

(2) Is furnished in a form and manner that is designed to minimize the likelihood that the information may be incorrectly reflected in a consumer report; and

(3) Includes the information in the furnisher’s possession about the account or other relationship that the FDIC has:

(i) Determined that the absence of which would likely be materially misleading in evaluating a consumer’s creditworthiness, credit standing, credit capacity, character, general reputation, personal characteristics, or mode of living; and

(ii) Listed in section I.(b)(2)(ii) of Appendix E of this part.
§ 334.42 Reasonable policies and procedures concerning the accuracy and integrity of furnished information.

(a) Policies and procedures. Each furnisher must establish and implement reasonable written policies and procedures regarding the accuracy and integrity of the information relating to consumers that it furnishes to a consumer reporting agency. The policies and procedures must be appropriate to the nature, size, complexity, and scope of each furnisher’s activities.

(b) Guidelines. Each furnisher must consider the guidelines in Appendix E of this part in developing its policies and procedures required by this section, and incorporate those guidelines that are appropriate.

(c) Reviewing and updating policies and procedures. Each furnisher must review its policies and procedures required by this section periodically and update them as necessary to ensure their continued effectiveness.

§ 334.43 Direct disputes.

(a) General rule. Except as otherwise provided in this section, a furnisher must conduct a reasonable investigation of a direct dispute if it relates to:

1. The consumer’s liability for a credit account or other debt with the furnisher, such as direct disputes relating to whether there is or has been identity theft or fraud against the consumer, whether there is individual or joint liability on an account, or whether the consumer is an authorized user of a credit account;

2. The terms of a credit account or other debt with the furnisher, such as direct disputes relating to the type of account, principal balance, scheduled payment amount on an account, or the amount of the credit limit on an open-end account;

3. The consumer’s performance or other conduct concerning an account or other relationship with the furnisher, such as direct disputes relating to the current payment status, high balance, date a payment was made, the amount of a payment made, or the date an account was opened or closed; or

4. Any other information contained in a consumer report regarding an account or other relationship with the furnisher that bears on the consumer’s creditworthiness, credit standing, credit capacity, character, general reputation, personal characteristics, or mode of living.

(b) Exceptions. The requirements of paragraph (a) of this section do not apply to a furnisher if:

1. The direct dispute relates to:
   (i) The consumer’s identifying information (other than a direct dispute relating to a consumer’s liability for a credit account or other debt with the furnisher, as provided in paragraph (a)(1) of this section) such as name(s), date of birth, Social Security number, telephone number(s), or address(es);
   (ii) The identity of past or present employers;
   (iii) Inquiries or requests for a consumer report;
   (iv) Information derived from public records, such as judgments, bankruptcies, liens, and other legal matters (unless provided by a furnisher with an account or other relationship with the consumer);
   (v) Information related to fraud alerts or active duty alerts; or
   (vi) Information provided to a consumer reporting agency by another furnisher;

2. The furnisher has a reasonable belief that the direct dispute is submitted by, is prepared on behalf of the consumer by, or is submitted on a form supplied to the consumer by, a credit repair organization, as defined in 15 U.S.C. 1679a(3), or an entity that would be a credit repair organization, but for 15 U.S.C. 1679a(3)(B)(i).

(c) Direct dispute address. A furnisher is required to investigate a direct dispute only if a consumer submits a dispute notice to the furnisher at:

1. The address of a furnisher provided by a furnisher and set forth on a consumer report relating to the consumer;

2. An address clearly and conspicuously specified by the furnisher for submitting direct disputes that is provided to the consumer in writing or electronically (if the consumer has agreed to the electronic delivery of information from the furnisher); or
(3) Any business address of the furnisher if the furnisher has not so specified and provided an address for submitting direct disputes under paragraphs (c)(1) or (2) of this section.

(d) Direct dispute notice contents. A dispute notice must include:

(1) Sufficient information to identify the account or other relationship that is in dispute, such as an account number and the name, address, and telephone number of the consumer, if applicable;

(2) The specific information that the consumer is disputing and an explanation of the basis for the dispute; and

(3) All supporting documentation or other information reasonably required by the furnisher to substantiate the basis of the dispute.

(e) Duty of furnisher after receiving a direct dispute notice. After receiving a dispute notice from a consumer pursuant to paragraphs (c) and (d) of this section, the furnisher must:

(1) Conduct a reasonable investigation with respect to the disputed information;

(2) Review all relevant information provided by the consumer with the dispute notice;

(3) Complete its investigation of the dispute and report the results of the investigation to the consumer before the expiration of the period under section 611(a)(1) of the Fair Credit Reporting Act (15 U.S.C. 1681i(a)(1)) within which a consumer reporting agency would be required to complete its action if the consumer had elected to dispute the information under that section; and

(4) If the investigation finds that the information reported was inaccurate, promptly notify each consumer reporting agency to which the furnisher provided inaccurate information of that determination and provide to the consumer reporting agency any correction to that information that is necessary to make the information provided by the furnisher accurate.

(f) Frivolous or irrelevant disputes. (1) A furnisher is not required to investigate a direct dispute if the furnisher has reasonably determined that the dispute is frivolous or irrelevant. A dispute qualifies as frivolous or irrelevant if:

(i) The consumer did not provide sufficient information to investigate the disputed information as required by paragraph (d) of this section;

(ii) The direct dispute is substantially the same as a dispute previously submitted by or on behalf of the consumer, either directly to the furnisher or through a consumer reporting agency, with respect to which the furnisher has already satisfied the applicable requirements of the Act or this section; provided, however, that a direct dispute is not substantially the same as a dispute previously submitted if the dispute includes information listed in paragraph (d) of this section that had not previously been provided to the furnisher; or

(iii) The furnisher is not required to investigate the direct dispute because one or more of the exceptions listed in paragraph (b) of this section applies.

(2) Notice of determination. Upon making a determination that a dispute is frivolous or irrelevant, the furnisher must notify the consumer of the determination not later than five business days after making the determination, by mail or, if authorized by the consumer for that purpose, by any other means available to the furnisher.

(3) Contents of notice of determination that a dispute is frivolous or irrelevant. A notice of determination that a dispute is frivolous or irrelevant must include the reasons for such determination and identify any information required to investigate the disputed information, which notice may consist of a standardized form describing the general nature of such information.

Subparts F–H [Reserved]
§ 334.82 Duties of users regarding address discrepancies.

(a) Scope. This section applies to a user of consumer reports (user) that receives a notice of address discrepancy from a consumer reporting agency described in 15 U.S.C. 1681a(p) and that is an insured state nonmember bank, insured state licensed branch of a foreign bank, or a subsidiary of such entities (except brokers, dealers, persons providing insurance, investment companies, and investment advisers).

(b) Definition. For purposes of this section, a notice of address discrepancy means a notice sent to a user by a consumer reporting agency described in 15 U.S.C. 1681a(p) pursuant to 15 U.S.C. 1681c(h)(1), that informs the user of a substantial difference between the address for the consumer that the user provided to request the consumer report and the address(es) in the agency's file for the consumer.

(c) Reasonable belief. (1) Requirement to form a reasonable belief. A user must develop and implement reasonable policies and procedures designed to enable the user to form a reasonable belief that a consumer report relates to the consumer about whom it has requested the report, when the user receives a notice of address discrepancy.

(2) Examples of reasonable policies and procedures. (i) Comparing the information in the consumer report provided by the consumer reporting agency with information the user:

(A) Obtains and uses to verify the consumer's identity in accordance with the requirements of the Customer Identification Program (CIP) rules implementing 31 U.S.C. 5318(l) (31 CFR 103.121);

(B) Maintains in its own records, such as applications, change of address notifications, other customer account records, or retained CIP documentation; or

(C) Obtains from third-party sources;

(ii) Verifying the information in the consumer report provided by the consumer reporting agency with the consumer.

(d) Consumer's address. (1) Requirement to furnish consumer's address to a consumer reporting agency. A user must develop and implement reasonable policies and procedures for furnishing an address for the consumer that the user has reasonably confirmed is accurate to the consumer reporting agency described in 15 U.S.C. 1681a(p) from whom it received the notice of address discrepancy when the user:

(i) Can form a reasonable belief that the consumer report relates to the consumer about whom the user requested the report;

(ii) Establishes a continuing relationship with the consumer; and

(iii) Regularly and in the ordinary course of business furnishes information to the consumer reporting agency from which the notice of address discrepancy relating to the consumer was obtained.

(2) Examples of confirmation methods. The user may reasonably confirm an address is accurate by:

(1) Verifying the address with the consumer about whom it has requested the report;

(2) Reviewing its own records to verify the address of the consumer;

(3) Verifying the address through third-party sources; or

(4) Using other reasonable means.

(3) Timing. The policies and procedures developed in accordance with paragraph (d)(1) of this section must provide that the user will furnish the consumer's address that the user has reasonably confirmed is accurate to the consumer reporting agency described in 15 U.S.C. 1681a(p) as part of the information it regularly furnishes for the reporting period in which it establishes a relationship with the consumer.

(a) Scope. This section applies to a financial institution or creditor that is an insured state nonmember bank, insured state licensed branch of a foreign bank, or a subsidiary of such entities (except brokers, dealers, persons providing insurance, investment companies, and investment advisers).

(b) Definitions. For purposes of this section and Appendix J, the following definitions apply:
(1) Account means a continuing relationship established by a person with a financial institution or creditor to obtain a product or service for personal, family, household or business purposes. Account includes:
(i) An extension of credit, such as the purchase of property or services involving a deferred payment; and

(3) Covered account means:
(i) An account that a financial institution or creditor offers or maintains, primarily for personal, family, or household purposes, that involves or is designed to permit multiple payments or transactions, such as a credit card account, mortgage loan, automobile loan, margin account, cell phone account, utility account, checking account, or savings account; and
(ii) Any other account that the financial institution or creditor offers or maintains for which there is a reasonably foreseeable risk to customers or to the safety and soundness of the financial institution or creditor from identity theft, including financial, operational, compliance, reputation, or litigation risks.
(4) Credit has the same meaning as in 15 U.S.C. 1681a(r)(5).

As a part of this determination, a financial institution or creditor must conduct a risk assessment to determine whether it offers or maintains covered accounts described in paragraph (b)(3)(ii) of this section, taking into consideration:
(1) The methods it provides to open its accounts;
(2) The methods it provides to access its accounts; and
(3) Its previous experiences with identity theft.
§ 334.91  Duties of card issuers regarding changes of address.

(a) Scope. (c) Address validation requirements. A card issuer must establish and implement reasonable policies and procedures to assess the validity of a change of address if it receives notification of a change of address for a consumer’s debit or credit card account and, within a short period of time afterwards (during at least the first 30 days after it receives such notification), the card issuer receives a request for an additional or replacement card for the same account. Under these circumstances, the card issuer may not issue an additional or replacement card, until, in accordance with its reasonable policies and procedures and for the purpose of assessing the validity of the change of address, the card issuer:

APPENDIX D TO PART 334 [RESERVED]

APPENDIX E TO PART 334—INTERAGENCY GUIDELINES CONCERNING THE ACCURACY AND INTEGRITY OF INFORMATION FURNISHED TO CONSUMER REPORTING AGENCIES

The FDIC encourages voluntary furnishing of information to consumer reporting agencies, Section 334.42 of this part requires each furnisher to establish and implement reasonable written policies and procedures concerning the accuracy and integrity of the information it furnishes to consumer reporting agencies. Under §334.42(b), a furnisher must consider the guidelines set forth below in developing its policies and procedures. In establishing these policies and procedures, a furnisher may include any of its existing policies and procedures that are relevant and appropriate. Section 334.42(c) requires each furnisher to review its policies and procedures periodically and update them as necessary to ensure their continued effectiveness.

I. Nature, Scope, and Objectives of Policies and Procedures

(a) Nature and Scope. Section 334.42(a) of this part requires that a furnisher’s policies and procedures be appropriate to the nature, size, complexity, and scope of the furnisher’s activities. In developing its policies and procedures, a furnisher should consider, for example:

(1) The types of business activities in which the furnisher engages;
(2) The nature and frequency of the information the furnisher provides to consumer reporting agencies; and
(3) The technology used by the furnisher to furnish information to consumer reporting agencies.

(b) Objectives. A furnisher’s policies and procedures should be reasonably designed to promote the following objectives:

(1) To furnish information about accounts or other relationships with a consumer that is accurate, such that the furnished information:
   (i) Identifies the appropriate consumer;
   (ii) Reflects the terms of and liability for those accounts or other relationships; and
   (iii) Reflects the consumer’s performance and other conduct with respect to the account or other relationship;

(2) To furnish information about accounts or other relationships with a consumer that has integrity, such that the furnished information:
   (i) Is substantiated by the furnisher’s records at the time it is furnished;
   (ii) Is furnished in a form and manner that is designed to minimize the likelihood that the information may be incorrectly reflected in a consumer report; thus, the furnished information should:
      (A) Include appropriate identifying information about the consumer to whom it pertains; and
      (B) Be furnished in a standardized and clearly understandable form and manner and with a date specifying the time period to which the information pertains; and
   (iii) Includes the credit limit, if applicable and in the furnisher’s possession;

(3) To conduct reasonable investigations of consumer disputes and take appropriate actions based on the outcome of such investigations; and

(4) To update the information it furnishes as necessary to reflect the current status of the consumer’s account or other relationship, including, for example:
   (i) Any transfer of an account (e.g., by sale or assignment for collection) to a third party; and
   (ii) Any cure of the consumer’s failure to abide by the terms of the account or other relationship.

II. Establishing and Implementing Policies and Procedures

In establishing and implementing its policies and procedures, a furnisher should:

(a) Identify practices or activities of the furnisher that can compromise the accuracy or integrity of information furnished to consumer reporting agencies, such as by:
   (1) Reviewing its existing practices and activities, including the technological means and other methods it uses to furnish information to consumer reporting agencies and the frequency and timing of its furnishing of information;
   (2) Reviewing its historical records relating to accuracy or integrity or to disputes; reviewing other information relating to the accuracy or integrity of information provided by the furnisher to consumer reporting agencies; and considering the types of errors, omissions, or other problems that may have
affected the accuracy or integrity of information it has furnished about consumers to consumer reporting agencies;
(3) Considering any feedback received from consumer reporting agencies, consumers, or other appropriate parties;
(4) Obtaining feedback from the furnisher's staff; and
(5) Considering the potential impact of the furnisher's policies and procedures on consumers.

(b) Evaluate the effectiveness of existing policies and procedures of the furnisher regarding the accuracy and integrity of information furnished to consumer reporting agencies; consider whether new, additional, or different policies and procedures are necessary; and consider whether implementation of existing policies and procedures should be modified to enhance the accuracy and integrity of information about consumers furnished to consumer reporting agencies.

(c) Evaluate the effectiveness of specific methods (including technological means) the furnisher uses to provide information to consumer reporting agencies; how those methods may affect the accuracy and integrity of the information it provides to consumer reporting agencies; and whether new, additional, or different methods (including technological means) should be used to provide information to consumer reporting agencies to enhance the accuracy and integrity of that information.

III. SPECIFIC COMPONENTS OF POLICIES AND PROCEDURES

In developing its policies and procedures, a furnisher should address the following, as appropriate:
(a) Establishing and implementing a system for furnishing information about consumers to consumer reporting agencies that is appropriate to the nature, size, complexity, and scope of the furnisher's business operations.

(b) Using standard data reporting formats and standard procedures for compiling and furnishing data, where feasible, such as the electronic transmission of information about consumers to consumer reporting agencies.

(c) Maintaining records for a reasonable period of time, not less than any applicable recordkeeping requirement, in order to substantiate the accuracy of any information about consumers it furnishes that is subject to a direct dispute.

(d) Establishing and implementing appropriate internal controls regarding the accuracy and integrity of information about consumers furnished to consumer reporting agencies, such as by implementing standard procedures and verifying random samples of information provided to consumer reporting agencies.

(e) Training staff that participates in activities related to the furnishing of information about consumers to consumer reporting agencies to implement the policies and procedures.

(f) Providing for appropriate and effective oversight of relevant service providers whose activities may affect the accuracy or integrity of information about consumers furnished to consumer reporting agencies to ensure compliance with the policies and procedures.

(g) Furnishing information about consumers to consumer reporting agencies following mergers, portfolio acquisitions or sales, or other acquisitions or transfers of accounts or other obligations in a manner that prevents re-aging of information, duplicative reporting, or other problems that may similarly affect the accuracy or integrity of the information furnished.

(h) Deleting, updating, and correcting information in the furnisher's records, as appropriate, to avoid furnishing inaccurate information.

(i) Conducting reasonable investigations of disputes.

(j) Designing technological and other means of communication with consumer reporting agencies to prevent duplicative reporting of accounts, erroneous association of information with the wrong consumer(s), and other occurrences that may compromise the accuracy or integrity of information provided to consumer reporting agencies.

(k) Providing consumer reporting agencies with sufficient identifying information in the furnisher's possession about each consumer about whom information is furnished to enable the consumer reporting agency properly to identify the consumer.

(l) Conducting a periodic evaluation of its own practices, consumer reporting agency practices of which the furnisher is aware, investigations of disputed information, corrections of inaccurate information, means of communication, and other factors that may affect the accuracy or integrity of information furnished to consumer reporting agencies.

(m) Complying with applicable requirements under the Fair Credit Reporting Act and its implementing regulations.

EFFECTIVE DATE NOTE: At 74 FR 31518, July 1, 2009, appendix E to part 334 was added, effective July 1, 2010.
APPENDIX J TO PART 334—INTERAGENCY GUIDELINES ON IDENTITY THEFT DETECTION, PREVENTION, AND MITIGATION

Section 334.90 of this part requires each financial institution and creditor that offers or maintains one or more covered accounts, as defined in §334.90(b)(3) of this part, to develop and provide for the continued administration of a written Program to detect, prevent, and mitigate identity theft in connection with the opening of a covered account or any existing covered account. These guidelines are intended to assist financial institutions and creditors in the formulation and maintenance of a Program that satisfies the requirements of §334.90 of this part.

I. The Program

In designing its Program, a financial institution or creditor may incorporate, as appropriate, its existing policies, procedures, and other arrangements that control reasonably foreseeable risks to customers or to the safety and soundness of the financial institution or creditor from identity theft.

II. Identifying Relevant Red Flags

(a) Risk Factors. A financial institution or creditor should consider the following factors in identifying relevant Red Flags for covered accounts, as appropriate:

(1) The types of covered accounts it offers or maintains;
(2) The methods it provides to open its covered accounts;
(3) The methods it provides to access its covered accounts; and
(4) Its previous experiences with identity theft.

(b) Sources of Red Flags. Financial institutions and creditors should incorporate relevant Red Flags from sources such as:

(1) Incidents of identity theft that the financial institution or creditor has experienced;
(2) Methods of identity theft that the financial institution or creditor has identified that reflect changes in identity theft risks; and
(3) Applicable supervisory guidance.

(c) Categories of Red Flags. The Program should include relevant Red Flags from the following categories, as appropriate. Examples of Red Flags from each of these categories are appended as Supplement A to this Appendix J.

(1) Alerts, notifications, or other warnings received from consumer reporting agencies or service providers, such as fraud detection services;
(2) The presentation of suspicious documents;
(3) The presentation of suspicious personal identifying information, such as a suspicious address change;
(4) The unusual use of, or other suspicious activity related to, a covered account; and
(5) Notice from customers, victims of identity theft, law enforcement authorities, or other persons regarding possible identity theft in connection with covered accounts held by the financial institution or creditor.

III. Detecting Red Flags

The Program’s policies and procedures should address the detection of Red Flags in connection with the opening of covered accounts and existing covered accounts, such as by:

(a) Obtaining identifying information about, and verifying the identity of, a person opening a covered account, for example, using the policies and procedures regarding identification and verification set forth in the Customer Identification Program rules implementing 31 U.S.C. 5318(l)(31 CFR 103.121); and
(b) Authenticating customers, monitoring transactions, and verifying the validity of change of address requests, in the case of existing covered accounts.

IV. Preventing and Mitigating Identity Theft

The Program’s policies and procedures should provide for appropriate responses to the Red Flags the financial institution or creditor has detected that are commensurate with the degree of risk posed. In determining an appropriate response, a financial institution or creditor should consider aggravating factors that may heighten the risk of identity theft, such as a data security incident that results in unauthorized access to a customer’s account records held by the financial institution, creditor, or third party, or notice that a customer has provided information related to a covered account held by the financial institution or creditor to someone fraudulently claiming to represent the financial institution or creditor or to a fraudulent Web site. Appropriate responses may include the following:

(a) Monitoring a covered account for evidence of identity theft;
(b) Contacting the customer;
(c) Changing any passwords, security codes, or other security devices that permit access to a covered account;
(d) Reopening a covered account with a new account number;
(e) Not opening a new covered account;
(f) Closing an existing covered account;
(g) Not attempting to collect on a covered account or not selling a covered account to a debt collector;
(h) Notifying law enforcement; or
Financial institutions and creditors should update the Program (including the Red Flags determined to be relevant) periodically, to reflect changes in risks to customers or to the safety and soundness of the financial institution or creditor from identity theft, based on factors such as:
(a) The experiences of the financial institution or creditor with identity theft;
(b) Changes in methods of identity theft;
(c) Changes in methods to detect, prevent, and mitigate identity theft;
(d) Changes in the types of accounts that the financial institution or creditor offers or maintains; and
(e) Changes in the business arrangements of the financial institution or creditor, including mergers, acquisitions, alliances, joint ventures, and service provider arrangements.

VI. Methods for Administering the Program

(a) Oversight of Program. Oversight by the board of directors, an appropriate committee of the board, or a designated employee at the level of senior management should include:
(1) Assigning specific responsibility for the Program’s implementation;
(2) Reviewing reports prepared by staff regarding compliance by the financial institution or creditor with §334.90 of this part; and
(3) Approving material changes to the Program as necessary to address changing identity theft risks.
(b) Reports. (1) In general. Staff of the financial institution or creditor responsible for development, implementation, and administration of the Program should report to the board of directors, an appropriate committee of the board, or a designated employee at the level of senior management, at least annually, on compliance by the financial institution or creditor with §334.90 of this part.
(2) Contents of report. The report should address material matters related to the Program and evaluate issues such as: the effectiveness of the policies and procedures of the financial institution or creditor in addressing the risk of identity theft in connection with the opening of covered accounts and with respect to existing covered accounts; service provider arrangements; significant incidents involving identity theft and management’s response; and recommendations for material changes to the Program.
(c) Oversight of service provider arrangements. Whenever a financial institution or creditor engages a service provider to perform an activity in connection with one or more covered accounts the financial institution or creditor should take steps to ensure that the activity of the service provider is conducted in accordance with reasonable policies and procedures designed to detect, prevent, and mitigate the risk of identity theft. For example, a financial institution or creditor could require the service provider by contract to have policies and procedures to detect relevant Red Flags that may arise in the performance of the service provider’s activities, and either report the Red Flags to the financial institution or creditor, or to take appropriate steps to prevent or mitigate identity theft.

VII. Other Applicable Legal Requirements

Financial institutions and creditors should be mindful of other related legal requirements that may be applicable, such as:
(a) For financial institutions and creditors that are subject to 31 U.S.C. 5318(g), filing a Suspicious Activity Report in accordance with applicable law and regulation;
(b) Implementing any requirements under 15 U.S.C. 1681c–1(h) regarding the circumstances under which credit may be extended when the financial institution or creditor detects a fraud or active duty alert; and
(c) Implementing any requirements for furnishers of information to consumer reporting agencies under 15 U.S.C. 1681s–2, for example, to correct or update inaccurate or incomplete information, and to not report information that the furnisher has reasonable cause to believe is inaccurate; and
(d) Complying with the prohibitions in 15 U.S.C. 1681m on the sale, transfer, and placement for collection of certain debts resulting from identity theft.

In addition to incorporating Red Flags from the sources recommended in section II.b. of the Guidelines in Appendix J of this part, each financial institution or creditor may consider incorporating into its Program, whether singly or in combination, Red Flags from the following illustrative examples in connection with covered accounts:

Alerts, Notifications or Warnings from a Consumer Reporting Agency

1. A fraud or active duty alert is included with a consumer report.
2. A consumer reporting agency provides a notice of credit freeze in response to a request for a consumer report.
3. A consumer reporting agency provides a notice of address discrepancy, as defined in §334.82(b) of this part.
4. A consumer report indicates a pattern of activity that is inconsistent with the history and usual pattern of activity of an applicant or customer, such as:

7. Other information on the identification is not consistent with information provided by the person opening a new covered account or customer presenting the identification.
8. Other information on the identification is not consistent with readily accessible information that is on file with the financial institution or creditor, such as a signature card or a recent check.
9. An application appears to have been altered or forged, or gives the appearance of having been destroyed and reassembled.

Suspicious Personal Identifying Information

10. Personal identifying information provided is inconsistent when compared against external information sources used by the financial institution or creditor. For example:
a. The address does not match any address in the consumer report; or
b. The Social Security Number (SSN) has not been issued, or is listed on the Social Security Administration’s Death Master File.
11. Personal identifying information provided by the customer is not consistent with other personal identifying information provided by the customer. For example, there is a lack of correlation between the SSN range and date of birth.
12. Personal identifying information provided is associated with known fraudulent activity as indicated by internal or third-party sources used by the financial institution or creditor. For example:
a. The address on an application is the same as the address provided on a fraudulent application; or

17. Personal identifying information provided is not consistent with personal identifying information that is on file with the financial institution or creditor.
18. For financial institutions and creditors that use challenge questions, the person opening the covered account or the customer cannot provide authenticating information beyond that which generally would be available from a wallet or consumer report.

Unusual Use of, or Suspicious Activity Related to, the Covered Account

19. Shortly following the notice of a change of address for a covered account, the institution or creditor receives a request for a new, additional, or replacement card or a cell phone, or for the addition of authorized users on the account.
20. A new revolving credit account is used in a manner commonly associated with known patterns of fraud. For example:
a. The majority of available credit is used for cash advances or merchandise that is easily convertible to cash (e.g., electronics equipment or jewelry); or
b. The customer fails to make the first payment or makes an initial payment but no subsequent payments.
21. A covered account is used in a manner that is not consistent with established patterns of activity on the account. There is, for example:
a. Nonpayment when there is no history of late or missed payments;
b. A material increase in the use of available credit;
c. A material change in purchasing or spending patterns;
d. A material change in electronic fund transfer patterns in connection with a deposit account; or
e. A material change in telephone call patterns in connection with a cellular phone account.
22. A covered account that has been inactive for a reasonably lengthy period of time is used (taking into consideration the type of account, the expected pattern of usage and other relevant factors).
23. Mail sent to the customer is returned repeatedly as undeliverable although transactions continue to be conducted in connection with the customer’s covered account.
24. The financial institution or creditor is notified that the customer is not receiving paper account statements.

(b) Electronic filings. (1) The FDIC does not participate in the SEC’s EDGAR (Electronic Data Gathering Analysis and Retrieval) electronic filing program (17 CFR part 232). The FDIC does not permit electronically transmitted filings or submissions of materials in electronic format to the FDIC, with the exception of beneficial ownership report filings on FDIC Forms 3, 4 and 5.

(2) All reporting persons must file beneficial ownership report Forms 3, 4 and 5, including amendments and exhibits thereto, in electronic format using the Internet based, interagency Beneficial Ownership Filings system, which is accessible through the FDICconnect Business Center, except that a reporting person that has obtained a continuing hardship exemption under these rules may file the forms with the FDIC in paper format. For information and answers to questions regarding beneficial ownership and the completion and filing of the forms, please contact the FDIC Accounting and Securities Disclosure Section in Washington DC. For information and answers to technical questions or problems relating to the use of FDICconnect, contact the FDICconnect Project Team toll-free at 877-275-3342 or by mail at 3501 North Fairfax Drive, Arlington, VA 22226.

(3) Electronic filings of FDIC beneficial ownership report Forms 3, 4, and 5 must be submitted to the FDIC through the interagency Beneficial Ownership Filings system. Beneficial ownership reports and any amendments are deemed filed with the FDIC upon electronic receipt on business days from 8 a.m. through 10 p.m., Eastern Standard Time or Eastern Daylight Saving Time, whichever is currently in effect (Eastern Time). Business days include each day, except Saturdays, Sundays and Federal holidays. All filings submitted electronically to the FDIC commencing after 10 p.m. Eastern Time on business days shall be deemed filed as of 8 a.m. on the following business day. All filings submitted electronically to the FDIC on non-business days shall be deemed filed as of 8 a.m. on the following business day.

(4) Adjustment of the filing date. If an electronic filer in good faith attempts to file a beneficial ownership report with the FDIC in a timely manner but the filing is delayed due to technical difficulties beyond the electronic filer’s control, the electronic filer may request an adjustment of the filing date of such submission. The FDIC may grant the request if it appears that such adjustment is appropriate and consistent with the public interest and the protection of investors.

(5) Exhibits. (i) Exhibits to an electronic filing that have not previously been filed with the FDIC shall be filed in electronic format, absent a hardship exemption.

(ii) Previously filed exhibits, whether in paper or electronic format, may be incorporated by reference into an electronic filing to the extent permitted by applicable SEC rules under the Exchange Act. An electronic filer may, at its option, restate in electronic format an exhibit incorporated by reference that originally was filed in paper format.

(iii) Any document filed in paper format in violation of mandated electronic filing requirements shall not be incorporated by reference into an electronic filing.

(6) Continuing Hardship Exemption. The FDIC will not accept in paper format any beneficial ownership report filing required to be submitted electronically under this part unless the filer satisfies the requirements for a continuing hardship exemption:

(i) A filer may apply in writing for a continuing hardship exemption if all or part of a filing or group of filings otherwise to be filed in electronic format...
cannot be so filed without undue burden or expense. Such written application shall be made at least ten business days prior to the required due date of the filing(s) or the proposed filing date, as appropriate, or within such shorter period as may be permitted. The written application shall be sent to the Accounting and Securities Disclosure Section, Division of Supervision and Consumer Protection, Federal Deposit Insurance Corporation, 550 17th Street NW., Washington, DC 20429, and shall contain the information set forth in paragraph (b)(6)(ii) of this section.

(A) The application shall not be deemed granted until the applicant is notified by the FDIC.

(B) If the FDIC denies the application for a continuing hardship exemption, the filer shall file the required document in electronic format on the required due date or the proposed filing date or such other date as may be permitted.

(C) If the FDIC determines that the grant of the exemption is appropriate and consistent with the public interest and the protection of investors and so notifies the applicant, the filer shall follow the procedures set forth in paragraph (b)(6)(iii) of this section.

(ii) The request for a continuing hardship exemption shall include, but not be limited to, the following:

(A) The reason(s) that the necessary hardware and software are not available without unreasonable burden and expense;

(B) The burden and expense involved to employ alternative means to make the electronic submission; and/or

(C) The reasons for not submitting electronically the document or group of documents, as well as justification for the requested time period for the exemption.

(iii) If the request for a continuing hardship exemption is granted, the electronic filer shall submit the document or group of documents for which the exemption is granted in paper format on the required due date specified in the applicable form, rule or regulation, or the proposed filing date, as appropriate. The paper format document(s) shall have placed at the top of page 1, or at the top of an attached cover page, a legend in capital letters:

IN ACCORDANCE WITH 12 CFR 335.801(b), THIS (SPECIFY DOCUMENT) IS BEING FILED IN PAPER PURSUANT TO A CONTINUING HARDSHIP EXEMPTION.

(iv) Where a continuing hardship exemption is granted with respect to an exhibit only, the paper format exhibit shall be filed with the FDIC under cover of SEC Form SE (17 CFR 249.444). Form SE shall be filed as a paper cover sheet to all exhibits to beneficial ownership reports submitted to the FDIC in paper form pursuant to a hardship exemption.

(v) Form SE shall be submitted along with all exhibits filed in paper form pursuant to a hardship exemption. Form SE may be filed up to six business days prior to, or on the date of filing of, the electronic form to which it relates but shall not be filed after such filing date. If a paper exhibit is submitted in this manner, requirements that the exhibit be filed with, provided with, or accompany the electronic filing shall be satisfied. Any requirements as to delivery or furnishing the information to persons other than the FDIC shall not be affected by this section.

(7) Signatures. (i) Required signatures to, or within, any electronic submission must be in typed form. When used in connection with an electronic filing, the term “signature” means an electronic entry or other form of computer data compilation of any letters or series of letters or characters comprising a name, executed, adopted or authorized as a signature.

(ii) Each signatory to an electronic filing shall manually sign a signature page or other document authenticating, acknowledging or otherwise adopting his or her signature that appears in typed form within the electronic filing. Such document shall be executed before or at the time the electronic filing is made and shall be retained by the filer for a period of five years. Upon request, an electronic filer shall furnish to the FDIC a copy of any or all documents retained pursuant to this section.

The disclosure of this material indebtedness shall include the largest aggregate amount of indebtedness (in dollar amounts, and as a percentage of total equity capital accounts at the time), including extensions of credit or overdrafts, endorsements and guarantees outstanding at any time since the beginning of the bank's last fiscal year, and as of the latest practicable date.

(1) If aggregate extensions of credit to all specified persons as a group exceeded 20 percent of the equity capital accounts of the bank at any time since the beginning of the last fiscal year, the aggregate amount of such extensions of credit shall also be disclosed.

(2) Other loans are deemed material and shall be disclosed where:

(i) The extension(s) of credit was not made on substantially the same terms, including interest rates, collateral and repayment terms as those prevailing at the time for comparable transactions with other than the specified persons;

(ii) The extension(s) of credit was not made in the ordinary course of business; or

(iii) The extension(s) of credit has involved or presently involves more than a normal risk of collectibility or other unfavorable features including the restructuring of an extension of credit, or a delinquency as to payment of interest or principal.

(e) Proxy material required to be filed. (1) Three preliminary copies of each information statement, proxy statement, form of proxy, and other item of soliciting material to be furnished to security holders concurrently therewith, shall be filed with the FDIC by the bank or any other person making a solicitation subject to 12 CFR 335.401 at least ten calendar days (or 15 calendar days in the case of other than routine meetings, as defined in paragraph (e)(2) of this section) prior to the date such item is first sent or given to any security holders, or such shorter date as may be authorized.

(2) For the purposes of this paragraph (e), a routine meeting means:

(3) Where preliminary copies of material are filed with the FDIC under this section, the printing of definitive copies for distribution to security holders should be deferred until the comments of the FDIC's staff have been received and considered.

(f) Additional information; filing of other statements in certain cases. (1) In addition to the information expressly required to be included in a statement, form, schedule or report, there shall be added such further material information, if any, as may be necessary to make the required statements, in light of the circumstances under which they are made, not misleading.
(2) The FDIC may, upon the written request of the bank, and where consistent with the protection of investors, permit the omission of one or more of the statements or disclosures herein required, or the filing in substitution therefor of appropriate statements or disclosures of comparable character.

(3) The FDIC may also require the filing of other statements or disclosures in addition to, or in substitution for those herein required in any case where such statements are necessary or appropriate for an adequate presentation of the financial condition of any person whose financial statements are required, or disclosure about which is otherwise necessary for the protection of investors.

§ 337.1 Scope.

The provisions of this part apply to certain banking practices which are likely to have adverse effects on the safety and soundness of insured State nonmember banks or which are likely to result in violations of law, rule, or regulation.

§ 337.2 Standby letters of credit.

(a) Definition. As used in this section, the term standby letter of credit means any letter of credit, or similar arrangement however named or described, which represents an obligation to the beneficiary on the part of the issuer: (1) To repay money borrowed by or advanced to or for the account of the account party, or (2) to make payment on account of any indebtedness undertaken by the account party, or (3) to make payment on account of any default (including any statement of default) by the account party in the performance of an obligation. 1 The term similar arrangement includes the creation of an acceptance or similar undertaking.

(b) Restriction. A standby letter of credit issued by an insured State nonmember bank shall be combined with all other standby letters of credit and all loans for purposes of applying any

---

1As defined in this paragraph (a), the term standby letter of credit would not include commercial letters of credit and similar instruments where the issuing bank expects the beneficiary to draw upon the issuer, which do not “guaranty” payment of a money obligation of the account party and which do not provide that payment is occasioned by default on the part of the account party.
§ 337.3 Limits on extensions of credit to executive officers, directors, and principal shareholders of insured nonmember banks.

(a) With the exception of 12 CFR 215.5(b), 215.5(c)(3), 215.5(c)(4), and 215.11, insured nonmember banks are subject to the restrictions contained in subpart A of Federal Reserve Board Regulation O (12 CFR part 215, subpart A) to the same extent and to the same manner as though they were member banks.

(b) For the purposes of compliance with §215.4(b) of Federal Reserve Board Regulation O, no insured nonmember bank may extend credit or grant a line of credit to any of its executive officers, directors, or principal shareholders or to any related interest of any such person in an amount that, when aggregated with the amount of all other extensions of credit and lines of credit by the bank to that person and to all related interests of that person, exceeds the greater of $25,000 or five percent of the bank’s capital and unimpaired surplus, or $500,000 unless (1) the extension of credit or line of credit has been approved in advance by a majority of the entire board of directors of that bank and (2) the interested party has abstained from participating directly or indirectly in the voting.

(c)(1) No insured nonmember bank may extend credit in an aggregate amount greater than the amount permitted in paragraph (c)(2) of this section to a partnership in which one or more of the bank’s executive officers are partners and, either individually or together, hold a majority interest. For the purposes of paragraph (c)(2) of this section, the total amount of credit extended by an insured nonmember bank to such partnership is considered to be extended to each executive officer of the insured nonmember bank who is a member of the partnership.

(2) An insured nonmember bank is authorized to extend credit to any executive officer of the bank for any other purpose not specified in §215.5(c)(1) and (2) of Federal Reserve Board Regulation O (12 CFR 215.5(c)(1) and (2)) if the aggregate amount of such other extensions of credit does not exceed at any one time the higher of 2.5 percent of the bank’s capital and unimpaired surplus or $25,000 but in no event more than $100,000, provided, however, that no such extension of credit shall be subject to this limit if the extension of credit is secured by:

(i) A perfected security interest in bonds, notes, certificates of indebtedness, or Treasury bills of the United States; or

(ii) That if such standby letter of credit is subject to separate limitation under applicable State or federal law, then the separate limitation shall apply in lieu of the loan limitation.2

(c) Exceptions. All standby letters of credit shall be subject to the provisions of paragraph (b) of this section except where:

(1) Prior to or at the time of issuance, the issuing bank is paid an amount equal to the bank’s maximum liability under the standby letter of credit; or,

(2) Prior to or at the time of issuance, the issuing bank has set aside sufficient funds in a segregated deposit account, clearly earmarked for that purpose, to cover the bank’s maximum liability under the standby letter of credit.

(d) Disclosure. Each insured State nonmember bank must maintain adequate control and subsidiary records of its standby letters of credit comparable to the records maintained in connection with the bank’s direct loans so that at all times the bank’s potential liability thereunder and the bank’s compliance with this section may be readily determined. In addition, all such standby letters of credit must be adequately reflected on the bank’s published financial statements.

2Where the standby letter of credit is subject to a non-recourse participation agreement with another bank or other banks, this section shall apply to the issuer and each participant in the same manner as in the case of a participated loan.

3For the purposes of §337.3, an insured nonmember bank’s capital and unimpaired surplus shall have the same meaning as found in §215.2(f) of Federal Reserve Board Regulation O (12 CFR 215.2(f)).
§ 337.6 Brokered deposits.

(a) Definitions. For the purposes of this § 337.6, the following definitions apply:

(1) Appropriate Federal banking agency has the same meaning as provided under section 3(q) of the Federal Deposit Insurance Act (12 U.S.C. 1813(q)).

(2) Brokered deposit means any deposit that is obtained, directly or indirectly, from or through the mediation or assistance of a deposit broker.

(3) Capital categories. (1) For purposes of section 29 of the Federal Deposit Insurance Act and this § 337.6, the terms well capitalized, adequately capitalized, and undercapitalized,11 shall have the

11The term undercapitalized includes any institution that is significantly undercapitalized or critically undercapitalized under regulations implementing section 38 of the Federal Deposit Insurance Act and issued by the

(ii) If the appropriate federal banking agency reclassifies a well capitalized insured depository institution as adequately capitalized pursuant to section 38 of the Federal Deposit Insurance Act, the institution so reclassified shall be subject to the provisions applicable to such lower capital category under this \(\S\) 337.6.

(iii) An insured depository institution shall be deemed to be within a given capital category for purposes of this \(\S\) 337.6 as of the date the institution is notified of, or is deemed to have notice of, its capital category, under regulations implementing section 38 of the Federal Deposit Insurance Act issued by the appropriate federal banking agency for that institution.\(^{13}\)

(4) Deposit has the same meaning as provided under section 3(l) of the Federal Deposit Insurance Act (12 U.S.C. 1813(l)).

(5) Deposit broker. (i) The term deposit broker means:

(A) Any person engaged in the business of placing deposits, or facilitating the placement of deposits, of third parties with insured depository institutions, or the business of placing deposits with insured depository institutions for the purpose of selling interests in those deposits to third parties; and

(B) An agent or trustee who establishes a deposit account to facilitate a business arrangement with an insured depository institution to use the proceeds of the account to fund a prearranged loan.

(ii) The term deposit broker does not include:

(A) An insured depository institution, with respect to funds placed with that depository institution;

(B) An employee of an insured depository institution, with respect to funds placed with the employing depository institution;

(C) A trust department of an insured depository institution, if the trust or other fiduciary relationship in question has not been established for the primary purpose of placing funds with insured depository institutions;

(D) The trustee of a pension or other employee benefit plan, with respect to funds of the plan;

(E) A person acting as a plan administrator or an investment adviser in connection with a pension plan or other employee benefit plan provided that person is performing managerial functions with respect to the plan;

(F) The trustee of a testamentary account;

(G) The trustee of an irrevocable trust (other than one described in paragraph (a)(5)(i)(B) of this section), as long as the trust in question has not been established for the primary purpose of placing funds with insured depository institutions;

(H) A trustee or custodian of a pension or profit-sharing plan qualified under section 401(d) or 403(a) of the Internal Revenue Code of 1986 (26 U.S.C. 401(d) or 403(a));

(i) An agent or nominee whose primary purpose is not the placement of funds with depository institutions; or
Federal Deposit Insurance Corporation § 337.6

(J) An insured depository institution acting as an intermediary or agent of a U.S. government department or agency for a government sponsored minority or women-owned depository institution deposit program.

(iii) Notwithstanding paragraph (a)(5)(ii) of this section, the term deposit broker includes any insured depository institution that is not well-capitalized, and any employee of any such insured depository institution, which engages, directly or indirectly, in the solicitation of deposits by offering rates of interest (with respect to such deposits) which are significantly higher than the prevailing rates of interest on deposits offered by other insured depository institutions in such depository institution’s normal market area.

(6) Employee means any employee: (i) Who is employed exclusively by the insured depository institution; (ii) Whose compensation is primarily in the form of a salary; (iii) Who does not share such employee’s compensation with a deposit broker; and (iv) Whose office space or place of business is used exclusively for the benefit of the insured depository institution which employs such individual.

(7) FDIC means the Federal Deposit Insurance Corporation.

(8) Insured depository institution means any bank, savings association, or branch of a foreign bank insured under the provisions of the Federal Deposit Insurance Act (12 U.S.C. 1811 et seq.).

(b) Solicitation and acceptance of brokered deposits by insured depository institutions. (1) A well capitalized insured depository institution may solicit and accept, renew or roll over any brokered deposit without restriction by this section.

(2)(i) An adequately capitalized insured depository institution may not accept, renew or roll over any brokered deposit which, at the time that such deposit is accepted, renewed or rolled over, exceeds by more than 75 basis points:

(A) The effective yield paid on deposits of comparable size and maturity in such institution’s normal market area for deposits accepted from within its normal market area; or

(B) The national rate paid on deposits of comparable size and maturity for deposits accepted outside the institution’s normal market area. For purposes of this paragraph (b)(2)(ii)(B), the national rate shall be a simple average of rates paid by all insured depository institutions and branches for which data are available. This rate shall be determined by the FDIC.

(3)(i) An undercapitalized insured depository institution may not accept, renew or roll over any brokered deposit.

(ii) An undercapitalized insured depository institution may not solicit deposits by offering an effective yield that exceeds by more than 75 basis points the prevailing effective yields on insured deposits of comparable maturity in such institution’s normal market area or in the market area in which such deposits are being solicited.

(c) Waiver. The FDIC may, on a case-by-case basis and upon application by an adequately capitalized insured depository institution, waive the prohibition on the acceptance, renewal or roll over of brokered deposits upon a finding that such acceptance, renewal or rollover does not constitute an unsafe or unsound practice with respect to such institution. The FDIC may conclude that it is not unsafe or unsound and may grant a waiver when the acceptance, renewal or rollover of brokered deposits is determined to pose no undue risk to the institution. Any waiver granted may be revoked at any time by written notice to the institution. For filing requirements, consult 12 CFR 303.243.

(d) Exclusion for institutions in FDIC conservatorship. No insured depository institution for which the FDIC has been appointed conservator shall be subject to the prohibition on the acceptance, renewal or rollover of brokered deposits contained in this §337.6
or section 29 of the Federal Deposit Insurance Act for 90 days after the date on which the institution was placed in conservatorship. During this 90-day period, the institution shall, nevertheless, be subject to the restriction on the payment of interest contained in paragraph (b)(2)(ii) of the section. After such 90-day period, the institution may not accept, renew or roll over any brokered deposit.

(e) A market is any readily defined geographical area in which the rates offered by any one insured depository institution soliciting deposits in that area may affect the rates offered by other insured depository institutions operating in the same area. The effective yield on a deposit with an odd maturity shall be determined by interpolating between the yields offered by other insured depository institutions on deposits of the next longer and shorter maturities offered in the market. For purposes of this §337.6, a presumption shall exist that the prevailing rate or effective yield in the relevant market is the national rate as defined in paragraph (b)(2)(ii)(B) of this section unless the FDIC determines, in its sole discretion based on available evidence, that the effective yield in that market differs from the national rate. Evidence of the effective yield in a particular market may include (but is not limited to) the following:

1. Evidence as to the rates paid by other insured depository institutions in the same State, county or metropolitan statistical area (though the FDIC shall not be obligated to recognize each State, county or metropolitan statistical area as a separate market area);
2. Evidence as to the rates paid by credit unions in the same market area if the FDIC determines that the insured depository institution competes directly with these credit unions; and
3. Evidence as to the different rates paid on different deposit products in the same market area (though the FDIC shall not be obligated to recognize all alleged distinctions among various deposit products). (Example: For a particular market, evidence exists that the rates on money market deposit accounts (MMDAs) differ from the rates on negotiable order of withdrawal (NOW) accounts. MMDAs are distinguishable from NOW accounts in that the two types of accounts are subject to different legal requirements. Under these circumstances, for this market, the FDIC could recognize that the prevailing rate on MMDAs is different than the prevailing rate on NOW accounts.)

§§ 337.7–337.9 [Reserved]

§ 337.10 Waiver.

An insured State nonmember bank has the right to petition the Board of Directors of the Corporation for a waiver of this part or any subpart thereof with respect to any particular transaction or series of similar transactions. A waiver may be granted at the discretion of the Board upon a showing of good cause. All such petitions should be filed with the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

§ 337.11 Effect on other banking practices.

Nothing in this part shall be construed as restricting in any manner the Corporation’s authority to deal with any banking practice which is deemed to be unsafe or unsound or otherwise not in accordance with law, rule, or regulation; or which violates any condition imposed in writing by the Corporation in connection with the granting of any application or other request by an insured State nonmember bank, or any written agreement entered into by such bank with the Corporation. Compliance with the provisions of this part shall not relieve an insured State nonmember bank from its duty to conduct its operations in a safe and sound manner nor prevent the Corporation from taking whatever action it deems necessary and desirable to deal with
Federal Deposit Insurance Corporation

§ 338.2
specific acts or practices which, although they do not violate the provisions of this part, are considered detrimental to the safety and sound operation of the bank engaged therein.

§ 337.12 Frequency of examination.
(a) General. The Federal Deposit Insurance Corporation examines insured state nonmember banks pursuant to authority conferred by section 10 of the Federal Deposit Insurance Act (12 U.S.C. 1820). The FDIC is required to conduct a full-scope, on-site examination of every insured state nonmember bank at least once during each 12-month period.

(b) 18-month rule for certain small institutions. The FDIC may conduct a full-scope, on-site examination of an insured state nonmember bank at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the following conditions are satisfied:
(1) The bank has total assets of less than $500 million;
(2) The bank is well capitalized as defined in § 325.103(b)(1) of this chapter;
(3) At the most recent FDIC or applicable State banking agency examination, the FDIC—
   (i) Assigned the bank a rating of 1 or 2 for management as part of the bank’s composite rating under the Uniform Financial Institutions Rating System (commonly referred to as CAMELS); and
   (ii) Assigned the bank a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System (copies of which are available at the addresses specified in § 309.4 of this chapter);
(4) The bank currently is not subject to a formal enforcement proceeding or order by the FDIC, OCC or the Federal Reserve and
(5) No person acquired control of the bank during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.
(c) Authority to conduct more frequent examinations. This section does not limit the authority of the FDIC to examine any insured state nonmember bank as frequently as the agency deems necessary.

PART 338—FAIR HOUSING

Subpart A—Advertising

§ 338.1 Purpose.
The purpose of this subpart A is to prohibit insured state nonmember banks from engaging in discriminatory advertising with regard to residential real estate-related transactions. This subpart A also requires insured state nonmember banks to publicly display either the Equal Housing Lender poster set forth in § 338.4(b) of the FDIC’s regulations or the Equal Housing Opportunity poster prescribed by part 110 of the regulations of the United States Department of Housing and Urban Development (24 CFR part 110). (1) With respect to oral advertisements, this requirement may be satisfied by a statement, in the spoken text of the advertisement, that the bank is an “Equal Housing Lender” or an “Equal Opportunity Lender.”

(2) When an oral advertisement is used in conjunction with a written or visual advertisement, the use of either of the methods specified in paragraphs (a) (1) and (2) of this section will satisfy the requirements of this paragraph (a).

(b) No advertisement shall contain any words, symbols, models or other forms of communication which express, imply, or suggest a discriminatory preference or policy of exclusion in violation of the provisions of the Fair Housing Act or the Equal Credit Opportunity Act.

§ 338.4 Fair housing poster.

(a) Each bank engaged in extending loans for the purpose of purchasing, constructing, improving, repairing, or maintaining a dwelling or any loan secured by a dwelling shall conspicuously display either the Equal Housing Lender poster set forth in paragraph (b) of this section or the Equal Housing Opportunity poster prescribed by §110.25(a) of the United States Department of Housing and Urban Development’s regulations (24 CFR 110.25(a)), in a central location within the bank where deposits are received or where such loans are made in a manner clearly visible to the general public entering the area, where the poster is displayed.

§ 338.5 Purpose.

The purpose of this subpart B is two-fold. First, this subpart B notifies all insured state nonmember banks of their duty to collect and retain certain information about a home loan applicant’s personal characteristics in accordance with Regulation B of the Board of Governors of the Federal Reserve System (12 CFR part 202) in order to monitor an institution’s compliance with the Equal Credit Opportunity Act of 1974 (15 U.S.C. 1691 et seq.). Second, this subpart B notifies certain insured state nonmember banks of their duty to maintain, update and report a register of home loan applications in accordance with Regulation C of the Board of Governors of the Federal Reserve System (12 CFR part 203), which implements the Home Mortgage Disclosure Act (12 U.S.C. 2801 et seq.).

§ 338.6 Definitions applicable to this subpart B.

For purposes of this subpart B—
(a) Bank means an insured state nonmember bank as defined in section 3 of the Federal Deposit Insurance Act.
(b) Controlled entity means a corporation, partnership, association, or other business entity with respect to which a bank possesses, directly or indirectly, the power to direct or cause the direction of management and policies, whether through the ownership of voting securities, by contract, or otherwise.

§ 338.7 Recordkeeping requirements.

All banks that receive an application for credit primarily for the purchase or refinancing of a dwelling occupied or to be occupied by the applicant as a principal residence where the extension of credit will be secured by the dwelling shall request and retain the monitoring information required by Regulation B of the Board of Governors of the Federal Reserve System (12 CFR part 202).

§ 338.8 Compilation of loan data in register format.

The written agreement shall provide that the entity shall:
(a) Comply with the requirements of §§338.3, 338.4 and 338.7, and, if otherwise subject to Regulation C of the Board of Governors of the Federal Reserve System (12 CFR part 203), §338.8;
(b) Open its books and records to examination by the Federal Deposit Insurance Corporation; and
(c) Comply with all instructions and orders issued by the Federal Deposit Insurance Corporation with respect to its home loan practices.

(f) Director of FEMA means the Director of the Federal Emergency Management Agency.

(g) Mobile home means a structure, transportable in one or more sections, that is built on a permanent chassis and designed for use with or without a permanent foundation when attached to the required utilities. The term mobile home does not include a recreational vehicle. For purposes of this part, the term mobile home means a mobile home on a permanent foundation. The term mobile home includes a manufactured home as that term is used in the NFIP.

amount of insurance must be at least equal to the lesser of the outstanding principal balance of the designated loan or the maximum limit of coverage available for the particular type of property under the Act. Flood insurance coverage under the Act is limited to the overall value of the property securing the designated loan minus the value of the land on which the property is located.

(b) Table funded loans. A bank that acquires a loan from a mortgage broker or other entity through table funding shall be considered to be making a loan for the purposes of this part.

§ 339.4 Exemptions.

The flood insurance requirement prescribed by §339.3 does not apply with respect to:

(a) Any State-owned property covered under a policy of self-insurance satisfactory to the Director of FEMA, who publishes and periodically revises the list of States falling within this exemption; or

(b) Property securing any loan with an original principal balance of $5,000 or less and a repayment term of one year or less.

§ 339.5 Escrow requirement.

If a bank requires the escrow of taxes, insurance premiums, fees, or any other charges for a loan secured by residential improved real estate or a mobile home that is made, increased, extended, or renewed on or after October 1, 1996, the bank shall also require the escrow of all premiums and fees for any flood insurance required under §339.3. The bank, or a servicer acting on behalf of the bank, shall deposit the flood insurance premiums on behalf of the borrower in an escrow account. This escrow account will be subject to escrow requirements adopted pursuant to section 10 of the Real Estate Settlement Procedures Act of 1974 (12 U.S.C. 2609) (RESPA), which generally limits the amount that may be maintained in escrow accounts for certain types of loans and requires escrow account statements for those accounts, only if the loan is otherwise subject to RESPA. Following receipt of a notice from the Director of FEMA or other provider of flood insurance that premiums are due, the bank, or a servicer acting on behalf of the bank, shall pay the amount owed to the insurance provider from the escrow account by the date when such premiums are due.

§ 339.6 Required use of standard flood hazard determination form.

(a) Use of form. A bank shall use the standard flood hazard determination form developed by the Director of FEMA when determining whether the building or mobile home offered as collateral security for a loan is or will be located in a special flood hazard area in which flood insurance is available under the Act. The standard flood hazard determination form may be used in a printed, computerized, or electronic manner. A non-member bank may obtain the standard flood hazard determination form by written request to FEMA, P.O. Box 2012, Jessup, MD 20794-2012.

(b) Retention of form. A bank shall retain a copy of the completed standard flood hazard determination form, in either hard copy or electronic form, for the period of time the bank owns the loan.

§ 339.7 Forced placement of flood insurance.

If a bank, or a servicer acting on behalf of the bank, determines, at any time during the term of a designated loan, that the building or mobile home and any personal property securing the designated loan is not covered by flood insurance or is covered by flood insurance in an amount less than the amount required under §339.3, then the bank or its servicer shall notify the borrower that the borrower should obtain flood insurance, at the borrower’s expense, in an amount at least equal to the amount required under §339.3, for the remaining term of the loan. If the borrower fails to obtain flood insurance within 45 days after notification, then the bank or its servicer shall purchase insurance on the borrower’s behalf. The bank or its servicer may charge the borrower for the cost of premiums and fees incurred in purchasing the insurance.
§ 339.9 Notice of special flood hazards and availability of Federal disaster relief assistance.

(a) Notice requirement. When a bank makes, increases, extends, or renews a loan secured by a building or a mobile home located or to be located in a special flood hazard area, the bank shall mail or deliver a written notice to the borrower and to the servicer in all cases whether or not flood insurance is available under the Act for the collateral securing the loan.

(b) Contents of notice. The written notice must include the following information:

(1) A warning, in a form approved by the Director of FEMA, that the building or the mobile home is or will be located in a special flood hazard area;

(2) A description of the flood insurance purchase requirements set forth in section 102(b) of the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4012a(b));

(3) A statement, where applicable, that flood insurance coverage is available under the NFIP and may also be available from private insurers; and

(4) A statement whether Federal disaster relief assistance may be available in the event of damage to the building or mobile home caused by flooding in a Federally-declared disaster.

(c) Timing of notice. The bank shall provide the notice required by paragraph (a) of this section to the borrower within a reasonable time before the completion of the transaction, and to the servicer as promptly as practicable after the bank provides notice to the borrower and in any event no later than the time the bank provides other similar notices to the servicer concerning hazard insurance and taxes. Notice to the servicer may be made electronically or may take the form of a copy of the notice to the borrower.

(d) Record of receipt. The bank shall retain a record of the receipt of the notices by the borrower and the servicer for the period of time the bank owns the loan.

(e) Alternate method of notice. Instead of providing the notice to the borrower required by paragraph (a) of this section, a bank may obtain satisfactory written assurance from a seller or lessor that, within a reasonable time before the completion of the sale or lease transaction, the seller or lessor has provided such notice to the purchaser or lessee. The bank shall retain a record of the written assurance from the seller or lessor for the period of time the bank owns the loan.

(f) Use of prescribed form of notice. A bank will be considered to be in compliance with the requirement for notice to the borrower of this section by providing written notice to the borrower containing the language presented in
§ 339.10 Notice of servicer’s identity.

(a) Notice requirement. When a bank makes, increases, extends, renews, sells, or transfers a loan secured by a building or mobile home located or to be located in a special flood hazard area, the bank shall notify the Director of FEMA (or the Director of FEMA’s designee) in writing of the identity of the servicer of the loan. The Director of FEMA has designated the insurance provider to receive the bank’s notice of the servicer’s identity. This notice may be provided electronically if electronic transmission is satisfactory to the Director of FEMA’s designee.

(b) Transfer of servicing rights. The bank shall notify the Director of FEMA (or the Director of FEMA’s designee) of any change in the servicer of a loan described in paragraph (a) of this section within 60 days after the effective date of the change. APPENDIX A TO PART 339—SAMPLE FORM OF NOTICE OF SPECIAL FLOOD HAZARDS AND AVAILABILITY OF FEDERAL DISASTER RELIEF ASSISTANCE

We are giving you this notice to inform you that:

The building or mobile home securing the loan for which you have applied is or will be located in an area with special flood hazards.

The area has been identified by the Director of the Federal Emergency Management Agency (FEMA) as a special flood hazard area using FEMA’s Flood Insurance Rate Map or the Flood Hazard Boundary Map for the following community: . This area has at least a one percent (1%) chance of a flood equal to or exceeding the base flood elevation (a 100-year flood) in any given year. During the life of a 30-year mortgage loan, the risk of a 100-year flood in a special flood hazard area is 26 percent (26%).

Federal law allows a lender and borrower jointly to request the Director of FEMA to review the determination of whether the property securing the loan is located in a special flood hazard area. If you would like to make such a request, please contact us for further information.

The community in which the property securing the loan is located participates in the National Flood Insurance Program (NFIP). Federal law will not allow us to make you the loan that you have applied for if you do not purchase flood insurance. The flood insurance must be maintained for the life of the loan. If you fail to purchase or renew flood insurance on the property, Federal law authorizes and requires us to purchase the flood insurance for you at your expense.

• Flood insurance coverage under the NFIP may be purchased through an insurance agent who will obtain the policy either directly through the NFIP or through an insurance company that participates in the NFIP. Flood insurance also may be available from private insurers that do not participate in the NFIP.

• At a minimum, flood insurance purchased must cover the lesser of:

1. the outstanding principal balance of the loan; or
2. the maximum amount of coverage allowed for the type of property under the NFIP.

Flood insurance coverage under the NFIP is limited to the overall value of the property securing the loan minus the value of the land on which the property is located.

• Federal disaster relief assistance (usually in the form of a low-interest loan) may be available for damages incurred in excess of your flood insurance if your community’s participation in the NFIP is in accordance with NFIP requirements.

Flood insurance coverage under the NFIP is not available for the property securing the loan because the community in which the property is located does not participate in the NFIP. In addition, if the non-participating community has been identified for at least one year as containing a special flood hazard area, properties located in the community will not be eligible for Federal disaster relief assistance in the event of a Federally-declared flood disaster.
§ 340.1 What is the statutory authority for the regulation, what is its purpose and scope, and can the FDIC have other policies on related topics?

(a) Authority. The statutory authority for adopting this part is section 11(p) of the Federal Deposit Insurance Act (FDI Act), 12 U.S.C. 1821(p). Section 11(p) was added to the FDI Act by section 20 of the Resolution Trust Corporation Completion Act (Pub. L. 103–204, 107 Stat. 2369 (1993)).

(b) Purpose. The purpose of this part is to prohibit individuals or entities who profited or engaged in wrongdoing at the expense of an insured institution, or seriously mismanaged an insured institution, from buying assets of failed financial institutions from the FDIC.

(c) Scope. The restrictions of this part generally apply to assets of failed institutions owned or controlled by the FDIC in any capacity, even though the assets are not owned by the insured institution that the prospective purchaser injured. Unless we determine otherwise, this part does not apply to the sale of securities in connection with the investment of corporate and receivership funds pursuant to the Investment Policy for Liquidation Funds managed by the FDIC as it is in effect from time to time. In the case of a sale of securities backed by a pool of assets that may include assets of failed institutions by a trust or other entity, this part applies only to the sale of assets by the FDIC to an underwriter in an initial offering, and not to any other purchaser of the securities.

(d) The FDIC retains the authority to establish other policies restricting asset sales. Neither section 11(p) of the FDI Act nor this part in any way limits the authority of the FDIC to establish policies prohibiting the sale of assets to prospective purchasers who have injured any failed financial institution, or to other prospective purchasers, such as certain employees or contractors of the FDIC, or individuals who are not in compliance with the terms of any debt or duty owed to the FDIC. Any such policies may be independent of, in conjunction with, or in addition to the restrictions set forth in this part.

(3) With respect to any entity, an individual or entity who, acting individually or in concert with one or more individuals or entities, owns or controls 25 percent or more of the entity.

(b) Default means any failure to comply with the terms of an obligation to such an extent that:

(c) FDIC means the Federal Deposit Insurance Corporation.

§ 340.3 What are the restrictions on the sale of assets by the FDIC if the buyer wants to finance the purchase with a loan from the FDIC?

A person may not borrow money or accept credit from the FDIC in connection with the purchase of any assets from the FDIC or any failed institution if:

(a) There has been a default with respect to one or more obligations totaling in excess of $1,000,000 owed by that person or its associated person; and
(b) The person or its associated person made any fraudulent misrepresentations in connection with any such obligation(s).
§ 341.1 Scope.

This part is issued by the Federal Deposit Insurance Corporation (the FDIC) under sections 2, 3(a)(34)(B), 17, 17A and 23(a) of the Securities Exchange Act of 1934 (the Act), as amended (15 U.S.C. 78b, 78c(a)(34)(B), 78q, 78q–1 and 78w(a)) and applies to all insured nonmember banks, or subsidiaries of such banks, that act as transfer agents for securities registered under section 12 of the Act (15 U.S.C. 78l), or for securities exempt from registration under subsections (g)(2)(B) or (g)(2)(G) of section 12 (15 U.S.C. 78f(g)(2)(B) and (G)) (securities of investment companies, including mutual funds, and insurance companies). Such securities are qualifying securities for purposes of this part.

§ 340.1 Scope.

This part is issued by the Federal Deposit Insurance Corporation (the FDIC) under sections 2, 3(a)(34)(B), 17, 17A and 23(a) of the Securities Exchange Act of 1934 (the Act), as amended (15 U.S.C. 78b, 78c(a)(34)(B), 78q, 78q–1 and 78w(a)) and applies to all insured nonmember banks, or subsidiaries of such banks, that act as transfer agents for securities registered under section 12 of the Act (15 U.S.C. 78l), or for securities exempt from registration under subsections (g)(2)(B) or (g)(2)(G) of section 12 (15 U.S.C. 78f(g)(2)(B) and (G)) (securities of investment companies, including mutual funds, and insurance companies). Such securities are qualifying securities for purposes of this part.

§ 340.2 Definitions.

For purposes of paragraph (a) of this section, a person or its associated person has demonstrated a "pattern or practice of defalcation" regarding obligations to a failed institution if the person or associated person has:

1. Engaged in more than one transaction that created an obligation on the part of such person or its associated person with intent to cause a loss to any financial institution insured by the FDIC or with reckless disregard for whether such transactions would cause a loss to any such insured financial institution; and

2. The transactions, in the aggregate, caused a substantial loss to one or more failed institution(s).

§ 340.3 Can the FDIC deny a loan to a buyer who is not disqualified from purchasing assets using seller-financing under this regulation?

The FDIC still has the right to make an independent determination, based upon all relevant facts of a person’s financial condition and history, of that person’s eligibility to receive any loan or extension of credit from the FDIC, even if the person is not in any way disqualified from purchasing assets from the FDIC under the restrictions set forth in this part.

§ 340.4 What is the effect of this part on transactions that were entered into before its effective date?

This part does not affect the enforceability of a contract of sale and/or agreement for seller financing in effect prior to July 1, 2000.

§ 340.5 When is a certification required, and who does not have to provide a certification?

(a) Before any person may purchase any asset from the FDIC that person must certify, under penalty of perjury, that none of the restrictions contained in this part applies to the purchase. The FDIC may establish the form of the certification and may change the form from time to time.

(b) Notwithstanding paragraph (a) of this section, a state or political subdivision of a state, a federal agency or instrumentality such as the Government National Mortgage Association, or a federally-regulated, government-sponsored enterprise such as Fannie Mae or Freddie Mac does not have to give a certification before it can purchase assets from the FDIC, unless the Director of the FDIC's Division of Resolutions and Receiverships, or his designee, in his discretion, requires a certification of any such entity.

§ 340.8 Does this part apply in the case of a workout, resolution, or settlement of obligations?

The restrictions of §§340.3 and 340.4 do not apply if the sale or transfer of an asset resolves or settles, or is part of the resolution or settlement of, one or more obligations, regardless of the amount of such obligations.

(iii) Documents evidencing the sale, solicitation, advertising, or offer of an insurance product or annuity identify or refer to the bank.

§ 343.30 Prohibited practices.

(a) Anticoercion and antitying rules. You may not engage in any practice that would lead a consumer to believe that an extension of credit, in violation of section 106(b) of the Bank Holding Company Act Amendments of 1970 (12 U.S.C. 1972), is conditional upon either:

(1) The purchase of an insurance product or annuity from the bank or any of its affiliates; or

(2) An agreement by the consumer not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(b) Prohibition on misrepresentations generally. You may not engage in any practice or use any advertisement at any office of, or on behalf of, the bank or a subsidiary of the bank that could mislead any person or otherwise cause a reasonable person to reach an erroneous belief with respect to:

(ii) The consumer is free to purchase the insurance product or annuity from another source.

(c) Prohibition on domestic violence discrimination. You may not sell or offer for sale, as principal, agent, or broker, any life or health insurance product if the status of the applicant or insured as a victim of domestic violence or as a provider of services to victims of domestic violence is considered as a criterion in any decision with regard to insurance underwriting, pricing, renewal, or scope of coverage of such product, or with regard to the payment of insurance claims on such product, except as required or expressly permitted under State law.

§ 343.40 What you must disclose.

(a) Insurance disclosures. In connection with the initial purchase of an insurance product or annuity by a consumer from you, you must disclose to the consumer, except to the extent the disclosure would not be accurate, that:

(1) The insurance product or annuity is not a deposit or other obligation of, or guaranteed by, the bank or an affiliate of the bank;

(2) The insurance product or annuity is not insured by the Federal Deposit Insurance Corporation (FDIC) or any other agency of the United States, the bank, or (if applicable) an affiliate of the bank; and

(3) In the case of an insurance product or annuity that involves investment risk, there is investment risk associated with the product, including the possible loss of value.

(b) Credit disclosure. In the case of an application for credit in connection with which an insurance product or annuity is solicited, offered, or sold, you must disclose that the bank may not condition an extension of credit on either:

(1) The consumer’s purchase of an insurance product or annuity from the bank or any of its affiliates; or

(2) The consumer’s agreement not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(c) Timing and method of disclosures—

(1) In general. The disclosures required by paragraph (a) of this section must be provided orally and in writing before the completion of the initial sale of an
insurance product or annuity to a consumer. The disclosure required by paragraph (b) of this section must be made orally and in writing at the time the consumer applies for an extension of credit in connection with which an insurance product or annuity is solicited, offered, or sold.

(2) Exception for transactions by mail. If a sale of an insurance product or annuity is conducted by mail, you are not required to make the oral disclosures required by paragraph (a) of this section. If you take an application for credit by mail, you are not required to make the oral disclosure required by paragraph (b).

(3) Exception for transactions by telephone. If a sale of an insurance product or annuity is conducted by telephone, you may provide the written disclosures required by paragraph (a) of this section by mail within 3 business days beginning on the first business day after the sale, excluding Sundays and the legal public holidays specified in 5 U.S.C. 6103(a). If you take an application for credit by telephone, you may provide the written disclosure required by paragraph (b) of this section by mail, provided you mail it to the consumer within three days beginning the first business day after the application is taken, excluding Sundays and the legal public holidays specified in 5 U.S.C. 6103(a).

(4) Electronic form of disclosures. (i) Subject to the requirements of section 101(c) of the Electronic Signatures in Global and National Commerce Act (12 U.S.C. 7001(c)), you may provide the written disclosures required by paragraph (a) and (b) of this section through electronic media instead of on paper, if the consumer affirmatively consents to receiving the disclosures electronically and if the disclosures are provided in a format that the consumer may retain or obtain later, for example, by printing or storing electronically (such as by downloading).

(ii) Any disclosure required by paragraphs (a) or (b) of this section that is provided by electronic media is not required to be provided orally.

(5) Disclosures must be readily understandable. The disclosures provided shall be conspicuous, simple, direct, readily understandable, and designed to call attention to the nature and significance of the information provided. For instance, you may use the following disclosures in visual media, such as television broadcasting, ATM screens, billboards, signs, posters and written advertisements and promotional materials, as appropriate and consistent with paragraphs (a) and (b) of this section:

- NOT A DEPOSIT
- NOT FDIC-INSURED
- NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY
- NOT GUARANTEED BY THE BANK
- MAY GO DOWN IN VALUE

(6) Disclosures must be meaningful. (i) You must provide the disclosures required by paragraphs (a) and (b) of this section in a meaningful form. Examples of the types of methods that could call attention to the nature and significance of the information provided include:

- A plain-language heading to call attention to the disclosures;
- A typeface and type size that are easy to read;
- Wide margins and ample line spacing;
- Boldface or italics for key words; and
- Distinctive type size, style, and graphic devices, such as shading or sidebars, when the disclosures are combined with other information.

(ii) You have not provided the disclosures in a meaningful form if you merely state to the consumer that the required disclosures are available in printed material, but do not provide the printed material when required and do not orally disclose the information to the consumer when required.

(iii) With respect to those disclosures made through electronic media for which paper or oral disclosures are not required, the disclosures are not meaningfully provided if the consumer may bypass the visual text of the disclosures before purchasing an insurance product or annuity.

(7) Consumer acknowledgment. You must obtain from the consumer, at the time a consumer receives the disclosures required under paragraphs (a) or (b) of this section, or at the time of the initial purchase by the consumer of an
insurance product or annuity, a written acknowledgment by the consumer that the consumer received the disclosures. You may permit a consumer to acknowledge receipt of the disclosures electronically or in paper form. If the disclosures required under paragraphs (a) or (b) of this section are provided in connection with a transaction that is conducted by telephone, you must:

(i) Obtain an oral acknowledgment of receipt of the disclosures and maintain sufficient documentation to show that the acknowledgment was given; and

(ii) Make reasonable efforts to obtain a written acknowledgment from the consumer.

(d) Advertisements and other promotional material for insurance products or annuities. The disclosures described in paragraph (a) of this section are required in advertisements and promotional material for insurance products or annuities unless the advertisements and promotional materials are of a general nature describing or listing the services or products offered by the bank.

§ 343.50 Where insurance activities may take place.

(a) General rule. A bank must, to the extent practicable, keep the area where the bank conducts transactions involving insurance products or annuities physically segregated from areas where retail deposits are routinely accepted from the general public, identify the areas where insurance product or annuity sales activities occur, and clearly delineate and distinguish those areas from the areas where the bank's retail deposit-taking activities occur.

(b) Referrals. Any person who accepts deposits from the public in an area where such transactions are routinely conducted in the bank may refer a consumer who seeks to purchase an insurance product or annuity to a qualified person who sells that product only if the person making the referral receives no more than a one-time, nominal fee of a fixed dollar amount for each referral that does not depend on whether the referral results in a transaction.

§ 343.60 Qualification and licensing requirements for insurance sales personnel.

A bank may not permit any person to sell or offer for sale any insurance product or annuity in any part of its office or on its behalf, unless the person is at all times appropriately qualified and licensed under applicable State insurance licensing standards with regard to the specific products being sold or recommended.

APPENDIX A TO PART 343—CONSUMER GRIEVANCE PROCESS

Any consumer who believes that any bank or any other person selling, soliciting, advertising, or offering insurance products or annuities to the consumer at an office of the bank or on behalf of the bank has violated the requirements of this part should contact the Division of Supervision and Consumer Protection (DSC), Federal Deposit Insurance Corporation, at the following address: 550 17th Street, NW., Washington, DC 20429, or telephone 202-942-3100 or 800-934-3342, or e-mail dcainternet@fdic.gov.

§ 344.2 Exceptions.

(a) A bank effecting securities transactions for customers is not subject to all or part of this part to the extent that they qualify for one or more of the following exceptions:

(1) Small number of transactions. The requirements of §§344.4(a) (2) through (4) and 344.8(a) (1) through (3) do not apply to a bank effecting an average of fewer than 200 securities transactions per year for customers over the prior three calendar year period. The calculation of this average does not include transactions in government securities.

(4) Foreign branches. Activities of foreign branches of a bank shall not be subject to the requirements of this part.

(5) Transactions effected by registered broker/dealers. (i) This part does not apply to transactions in government securities effected for a bank customer by a registered broker/dealer if:

(A) The broker/dealer is fully disclosed to the bank customer; and

(B) The bank customer has a direct contractual agreement with the broker/dealer.

(ii) This exemption extends to bank arrangements with broker/dealers which involve bank employees when acting as employees of, and subject to the supervision of, the registered broker/dealer when soliciting, recommending, or effecting securities transactions.

(b) Safe and sound operations. Notwithstanding this section, every bank effecting securities transactions for customers shall maintain, directly or indirectly, effective systems of records and controls regarding their customer securities transactions to ensure safe and sound operations. The records and systems maintained must clearly and accurately reflect the information required under this part and provide an adequate basis for an audit.

This part is intended to carry out the purposes of the CRA by:

Subpart B—Standards for Assessing Performance

Source: 60 FR 22201, May 4, 1995, unless otherwise noted.

§ 345.21 Performance tests, standards, and ratings, in general.

(a) Performance tests and standards. The FDIC assesses the CRA performance of a bank in an examination as follows:

(1) Lending, investment, and service tests. The FDIC applies the lending, investment, and service tests, as provided in §§345.22 through 345.24, in evaluating the performance of a bank, except as provided in paragraphs (a)(2), (a)(3), and (a)(4) of this section.

(2) Community development test for wholesale or limited purpose banks. The FDIC applies the community development test for a wholesale or limited purpose bank, as provided in §345.25, except as provided in paragraph (a)(4) of this section.

(3) Small bank performance standards. The FDIC applies the small bank performance standards as provided in §345.26 in evaluating the performance of a small bank or a bank that was a small bank during the prior calendar year, unless the bank elects to be assessed as provided in paragraphs (a)(1), (a)(2), or (a)(4) of this section. The bank may elect to be assessed as provided in paragraph (a)(1) of this section only if it collects and reports the data required for other banks under §345.42.

(4) Strategic plan. The FDIC evaluates the performance of a bank under a strategic plan if the bank submits, and the FDIC approves, a strategic plan as provided in §345.27.

(b) Performance context. The FDIC applies the tests and standards in paragraph (a) of this section and also considers whether to approve a proposed strategic plan in the context of:

(1) Demographic data on median income levels, distribution of household income, nature of housing stock, housing costs, and other relevant data pertaining to a bank’s assessment area(s);

(2) Any information about lending, investment, and service opportunities in the bank’s assessment area(s) maintained by the bank or obtained from community organizations, state, local, and tribal governments, economic development agencies, or other sources;

(3) The bank’s product offerings and business strategy as determined from data provided by the bank;

(4) Institutional capacity and constraints, including the size and financial condition of the bank, the economic climate (national, regional, and
local), safety and soundness limitations, and any other factors that significantly affect the bank’s ability to provide lending, investments, or services in its assessment area(s);

(5) The bank’s past performance and the performance of similarly situated lenders;

(6) The bank’s public file, as described in §345.43, and any written comments about the bank’s CRA performance submitted to the bank or the FDIC; and

(7) Any other information deemed relevant by the FDIC.

(c) Assigned ratings. The FDIC assigns to a bank one of the following four ratings pursuant to §345.28 and Appendix A of this part: “outstanding”; “satisfactory”; “needs to improve”; or “substantial noncompliance” as provided in 12 U.S.C. 2906(b)(2). The rating assigned by the FDIC reflects the bank’s record of helping to meet the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with the safe and sound operation of the bank.

(d) Safe and sound operations. This part and the CRA do not require a bank to make loans or investments or to provide services that are inconsistent with safe and sound operations. To the contrary, the FDIC anticipates banks can meet the standards of this part with safe and sound loans, investments, and services on which the banks expect to make a profit. Banks are permitted and encouraged to develop and apply flexible underwriting standards for loans that benefit low- or moderate-income geographies or individuals, only if consistent with safe and sound operations.

§ 345.22 Lending test.

(a) Scope of test. (1) The lending test evaluates a bank’s record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank’s home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank’s business, the FDIC will evaluate the bank’s consumer lending in one or more of the following categories: motor vehicle, credit card, home equity, other secured, and other unsecured loans. In addition, at a bank’s option, the FDIC will evaluate one or more categories of consumer lending, if the bank has collected and maintained, as required in §345.42(c)(1), the data for each category that the bank elects to have the FDIC evaluate.

(2) The FDIC considers originations and purchases of loans. The FDIC will also consider any other loan data the bank may choose to provide, including data on loans outstanding, commitments and letters of credit.

(3) A bank may ask the FDIC to consider loans originated or purchased by consortia in which the bank participates or by third parties in which the bank has invested only if the loans meet the definition of community development loans and only in accordance with paragraph (d) of this section. The FDIC will not consider these loans under any criterion of the lending test except the community development lending criterion.

(b) Performance criteria. The FDIC evaluates a bank’s lending performance pursuant to the following criteria:

(1) Lending activity. The number and amount of the bank’s home mortgage, small business, small farm, and consumer loans, if applicable, in the bank’s assessment area(s);

(2) Geographic distribution. The geographic distribution of the bank’s home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:

(i) The proportion of the bank’s lending in the bank’s assessment area(s);

(ii) The dispersion of lending in the bank’s assessment area(s); and

(iii) The number and amount of loans in low-, moderate-, middle-, and upper-income geographies in the bank’s assessment area(s);

(3) Borrower characteristics. The distribution, particularly in the bank’s assessment area(s), of the bank’s home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:

(i) Home mortgage loans to low-, moderate-, middle-, and upper-income individuals;
(i) Small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;

(ii) Small business and small farm loans by loan amount at origination; and

(iv) Consumer loans, if applicable, to low-, moderate-, middle-, and upper-income individuals;

(4) Community development lending. The bank’s community development lending, including the number and amount of community development loans, and their complexity and innovativeness; and

(5) Innovative or flexible lending practices. The bank’s use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies.

(c) Affiliate lending. (1) At a bank’s option, the FDIC will consider loans by an affiliate of the bank, if the bank provides data on the affiliate’s loans pursuant to §345.42.

(2) The FDIC considers affiliate lending subject to the following constraints:

(i) No affiliate may claim a loan origination or loan purchase if another institution claims the same loan origination or purchase; and

(ii) If a bank elects to have the FDIC consider loans within a particular lending category made by one or more of the bank’s affiliates in a particular assessment area, the bank shall elect to have the FDIC consider, in accordance with paragraph (c)(1) of this section, all the loans within that lending category in that particular assessment area made by all of the bank’s affiliates.

(3) The FDIC does not consider affiliate lending in assessing a bank’s performance under paragraph (b)(2)(i) of this section.

(d) Lending by a consortium or a third party. Community development loans originated or purchased by a consortium in which the bank participates or by a third party in which the bank has invested:

(1) Will be considered, at the bank’s option, if the bank reports the data pertaining to these loans under §345.42(b)(2); and

(2) May be allocated among participants or investors, as they choose, for purposes of the lending test, except that no participant or investor:

(i) May claim a loan origination or loan purchase if another participant or investor claims the same loan origination or purchase; or

(ii) May claim loans accounting for more than its percentage share (based on the level of its participation or investment) of the total loans originated by the consortium or third party.

(e) Lending performance rating. The FDIC rates a bank’s lending performance as provided in Appendix A of this part.

§345.23 Investment test.

(a) Scope of test. The investment test evaluates a bank’s record of helping to meet the credit needs of its assessment area(s) through qualified investments that benefit its assessment area(s) or a broader statewide or regional area that includes the bank’s assessment area(s).

(b) Exclusion. Activities considered under the lending or service tests may not be considered under the investment test.

(c) Affiliate investment. At a bank’s option, the FDIC will consider, in its assessment of a bank’s investment performance, a qualified investment made by an affiliate of the bank, if the qualified investment is not claimed by any other institution.

(d) Disposition of branch premises. Donating, selling on favorable terms, or making available on a rent-free basis a branch of the bank that is located in a predominantly minority neighborhood to a minority depository institution or women’s depository institution (as these terms are defined in 12 U.S.C. 2907(b)) will be considered as a qualified investment.

(e) Performance criteria. The FDIC evaluates the investment performance of a bank pursuant to the following criteria:

(1) The dollar amount of qualified investments;

(2) The innovativeness or complexity of qualified investments;

(3) The responsiveness of qualified investments to credit and community development needs; and
§ 345.25 Community development test for wholesale or limited purpose banks.

(a) Scope of test. The FDIC assesses a wholesale or limited purpose bank’s record of helping to meet the credit needs of its assessment area(s) under the community development test through its community development lending, qualified investments, or community development services.

(b) Designation as a wholesale or limited purpose bank. In order to receive a designation as a wholesale or limited purpose bank, a bank shall file a request, in writing, with the FDIC, at least three months prior to the proposed effective date of the designation. If the FDIC approves the designation, it remains in effect until the bank requests revocation of the designation or until one year after the FDIC notifies the bank that the FDIC has revoked the designation on its own initiative.

(c) Performance criteria. The FDIC evaluates the community development performance of a wholesale or limited purpose bank pursuant to the following criteria:

(1) The number and amount of community development loans (including originations and purchases of loans and other community development loan data provided by the bank, such as data on loans outstanding, commitments, and letters of credit), qualified investments, or community development services;
§ 345.26 Small bank performance standards.

(a) Performance criteria—(1) Small banks that are not intermediate small banks. The FDIC evaluates the record of a small bank that is not, or that was not during the prior calendar year, an intermediate small bank, of helping to meet the credit needs of its assessment area(s) pursuant to the criteria set forth in paragraph (b) of this section.

(b) Lending test. A small bank’s lending performance is evaluated pursuant to the following criteria:

(1) The bank’s loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;

(2) The percentage of loans and, as appropriate, other lending-related activities located in the bank’s assessment area(s);

(3) The bank’s record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes;

(4) The geographic distribution of the bank’s loans; and

(5) The bank’s record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

(c) Community development test. An intermediate small bank’s community development performance also is evaluated pursuant to the following criteria:

(1) The number and amount of community development loans;

(2) The number and amount of qualified investments;

(3) The extent to which the bank provides community development services; and

(4) The bank’s responsiveness through such activities to community development lending, investment, and services needs.

(d) Small bank performance rating. The FDIC rates the performance of a bank evaluated under this section as provided in Appendix A of this part.

§ 345.27 Strategic plan.

(a) Alternative election. The FDIC will assess a bank’s record of helping to meet the credit needs of its assessment area(s) under a strategic plan if:
(1) The bank has submitted the plan to the FDIC as provided for in this section;
(2) The FDIC has approved the plan;
(3) The plan is in effect; and
(4) The bank has been operating under an approved plan for at least one year.

(b) Data reporting. The FDIC’s approval of a plan does not affect the bank’s obligation, if any, to report data as required by §345.42.

(c) Plans in general—(1) Term. A plan may have a term of no more than five years, and any multi-year plan must include annual interim measurable goals under which the FDIC will evaluate the bank’s performance.

(2) Multiple assessment areas. A bank with more than one assessment area may prepare a single plan for all of its assessment areas or one or more plans for one or more of its assessment areas.

(3) Treatment of affiliates. Affiliated institutions may prepare a joint plan if the plan provides measurable goals for each institution. Activities may be allocated among institutions at the institutions’ option, provided that the same activities are not considered for more than one institution.

(d) Public participation in plan development. Before submitting a plan to the FDIC for approval, a bank shall:

(1) Informally seek suggestions from members of the public in its assessment area(s) covered by the plan while developing the plan;
(2) Once the bank has developed a plan, formally solicit public comment on the plan for at least 30 days by publishing notice in at least one newspaper of general circulation in each assessment area covered by the plan; and
(3) During the period of formal public comment, make copies of the plan available for review by the public at no cost at all offices of the bank in any assessment area covered by the plan and provide copies of the plan upon request for a reasonable fee to cover copying and mailing, if applicable.

(e) Submission of plan. The bank shall submit its plan to the FDIC at least three months prior to the proposed effective date of the plan. The bank shall also submit with its plan a description of its informal efforts to seek suggestions from members of the public, any written public comment received, and, if the plan was revised in light of the comment received, the initial plan as released for public comment.

(f) Plan content—(1) Measurable goals. (i) A bank shall specify in its plan measurable goals for helping to meet the credit needs of each assessment area covered by the plan, particularly the needs of low- and moderate-income geographies and low- and moderate-income individuals, through lending, investment, and services, as appropriate.

(ii) A bank shall address in its plan all three performance categories and, unless the bank has been designated as a wholesale or limited purpose bank, shall emphasize lending and lending-related activities. Nevertheless, a different emphasis, including a focus on one or more performance categories, may be appropriate if responsive to the characteristics and credit needs of its assessment area(s), considering public comment and the bank’s capacity and constraints, product offerings, and business strategy.

(2) Confidential information. A bank may submit additional information to the FDIC on a confidential basis, but the goals stated in the plan must be sufficiently specific to enable the public and the FDIC to judge the merits of the plan.

(3) Satisfactory and outstanding goals. A bank shall specify in its plan measurable goals that constitute “satisfactory” performance. A plan may specify measurable goals that constitute “outstanding” performance. If a bank submits, and the FDIC approves, both “satisfactory” and “outstanding” performance goals, the FDIC will consider the bank eligible for an “outstanding” performance rating.

(4) Election if satisfactory goals not substantially met. A bank may elect in its plan that, if the bank fails to meet substantially its plan goals for a satisfactory rating, the FDIC will evaluate the bank’s performance under the lending, investment, and service tests, the community development test, or the small bank performance standards, as appropriate.

(g) Plan approval—(1) Timing. The FDIC will act upon a plan within 60 calendar days after the FDIC receives the complete plan and other material
required under paragraph (e) of this section. If the FDIC fails to act within this time period, the plan shall be deemed approved unless the FDIC extends the review period for good cause.

(2) Public participation. In evaluating the plan’s goals, the FDIC considers the public’s involvement in formulating the plan, written public comment on the plan, and any response by the bank to public comment on the plan.

(3) Criteria for evaluating plan. The FDIC evaluates a plan’s measurable goals using the following criteria, as appropriate:

(i) The extent and breadth of lending or lending-related activities, including, as appropriate, the distribution of loans among different geographies, businesses and farms of different sizes, and individuals of different income levels, the extent of community development lending, and the use of innovative or flexible lending practices to address credit needs;

(ii) The amount and innovativeness, complexity, and responsiveness of the bank’s qualified investments; and

(iii) The availability and effectiveness of the bank’s systems for delivering retail banking services and the extent and innovativeness of the bank’s community development services.

(h) Plan amendment. During the term of a plan, a bank may request the FDIC to approve an amendment to the plan on grounds that there has been a material change in circumstances. The bank shall develop an amendment to a previously approved plan in accordance with the public participation requirements of paragraph (d) of this section.

(i) Plan assessment. The FDIC approves the goals and assesses performance under a plan as provided for in Appendix A of this part.

§ 345.28 Assigned ratings.

(a) Ratings in general. Subject to paragraphs (b) and (c) of this section, the FDIC assigns to a bank a rating of “outstanding,” “satisfactory,” “needs to improve,” or “substantial non-compliance” based on the bank’s performance under the lending, investment and service tests, the community development test, the small bank performance standards, or an approved strategic plan, as applicable.

(b) Lending, investment, and service tests. The FDIC assigns a rating for a bank assessed under the lending, investment, and service tests in accordance with the following principles:

(1) A bank that receives an “outstanding” rating on the lending test receives an assigned rating of at least “satisfactory”;

(2) A bank that receives an “outstanding” rating on both the service test and the investment test and a rating of at least “high satisfactory” on the lending test receives an assigned rating of “outstanding”; and

(3) No bank may receive an assigned rating of “satisfactory” or higher unless it receives a rating of at least “low satisfactory” on the lending test.

(c) Effect of evidence of discriminatory or other illegal credit practices. (1) The FDIC’s evaluation of a bank’s CRA performance is adversely affected by evidence of discriminatory or other illegal credit practices in any geography by the bank or in any assessment area by any affiliate whose loans have been considered as part of the bank’s lending performance. In connection with any type of lending activity described in §345.22(a), evidence of discriminatory or other credit practices that violate an applicable law, rule, or regulation includes, but is not limited to:

(i) Discrimination against applicants on a prohibited basis in violation, for example, of the Equal Credit Opportunity Act or the Fair Housing Act;

(ii) Violations of the Home Ownership and Equity Protection Act;

(iii) Violations of section 5 of the Federal Trade Commission Act;

(iv) Violations of section 8 of the Real Estate Settlement Procedures Act; and

(v) Violations of the Truth in Lending Act provisions regarding a consumer’s right of rescission.

(2) In determining the effect of evidence of practices described in paragraph (c)(1) of this section on the bank’s assigned rating, the FDIC considers the nature, extent, and strength of the evidence of the practices; the
policies and procedures that the bank (or affiliate, as applicable) has in place to prevent the practices; any corrective action that the bank (or affiliate, as applicable) has taken or has committed to take, including voluntary corrective action resulting from self-assessment; and any other relevant information.

§ 345.29 Effect of CRA performance on applications.

(a) CRA performance. Among other factors, the FDIC takes into account the record of performance under the CRA of each applicant bank in considering an application for approval of:

(1) The establishment of a domestic branch or other facility with the ability to accept deposits;

(2) The relocation of the bank’s main office or a branch;

(3) The merger, consolidation, acquisition of assets, or assumption of liabilities; and

(4) Deposit insurance for a newly chartered financial institution.

(b) New financial institutions. A newly chartered financial institution shall submit with its application for deposit insurance a description of how it will meet its CRA objectives. The FDIC takes the description into account in considering the application and may deny or condition approval on that basis.

(c) Interested parties. The FDIC takes into account any views expressed by interested parties that are submitted in accordance with the FDIC’s procedures set forth in part 303 of this chapter in considering CRA performance in an application listed in paragraphs (a) and (b) of this section.

(d) Denial or conditional approval of application. A bank’s record of performance may be the basis for denying or conditioning approval of an application listed in paragraph (a) of this section.

appropriate in the case of an assessment area that otherwise would be extremely large, of unusual configuration, or divided by significant geographic barriers.

(e) Limitations on the delineation of an assessment area. Each bank’s assessment area(s):

1. Must consist only of whole geographies;
2. May not reflect illegal discrimination;
3. May not arbitrarily exclude low- or moderate-income geographies, taking into account the bank’s size and financial condition; and
4. May not extend substantially beyond an MSA boundary or beyond a state boundary unless the assessment area is located in a multistate MSA. If a bank serves a geographic area that extends substantially beyond a state boundary, the bank shall delineate separate assessment areas for the areas in each state. If a bank serves a geographic area that extends substantially beyond an MSA boundary, the bank shall delineate separate assessment areas for the areas inside and outside the MSA.

(f) Banks serving military personnel. Notwithstanding the requirements of this section, a bank whose business predominantly consists of serving the needs of military personnel or their dependents who are not located within a defined geographic area may delineate its entire deposit customer base as its assessment area.

(g) Use of assessment area(s). The FDIC uses the assessment area(s) delineated by a bank in its evaluation of the bank’s CRA performance unless the FDIC determines that the assessment area(s) do not comply with the requirements of this section.

§ 345.42 Data collection, reporting, and disclosure.

(a) Loan information required to be collected and maintained. A bank, except a small bank, shall collect, and maintain in machine readable form (as prescribed by the FDIC) until the completion of its next CRA examination, the following data for each small business or small farm loan originated or purchased by the bank:

1. A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;
2. The loan amount at origination;
3. The loan location; and
4. An indicator whether the loan was to a business or farm with gross annual revenues of $1 million or less.

(b) Loan information required to be reported. A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall report annually by March 1 to the FDIC in machine readable form (as prescribed by the FDIC) the following data for the prior calendar year:

1. Small business and small farm loan data. For each geography in which the bank originated or purchased a small business or small farm loan, the aggregate number and amount of loans:
   (i) With an amount at origination of $100,000 or less;
   (ii) With an amount at origination of more than $100,000 but less than or equal to $250,000;
   (iii) With an amount at origination of more than $250,000; and
   (iv) To businesses and farms with gross annual revenues of $1 million or less (using the revenues that the bank considered in making its credit decision);
2. Community development loan data. The aggregate number and aggregate amount of community development loans originated or purchased; and
3. Home mortgage loans. If the bank is subject to reporting under part 203 of this title, the location of each home mortgage loan application, origination, or purchase outside the MSAs in which the bank has a home or branch office (or outside any MSA) in accordance with the requirements of part 203 of this title.

(c) Optional data collection and maintenance—(1) Consumer loans. A bank may collect and maintain in machine readable form (as prescribed by the FDIC) data for consumer loans originated or purchased by the bank for consideration under the lending test. A bank may maintain data for one or more of the following categories of consumer loans: motor vehicle, credit card, home
equity, other secured, and other unsecured. If the bank maintains data for loans in a certain category, it shall maintain data for all loans originated or purchased within that category. The bank shall maintain data separately for each category, including for each loan:

(i) A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;

(ii) The loan amount at origination or purchase;

(iii) The loan location; and

(iv) The gross annual income of the borrower that the bank considered in making its credit decision.

(2) Other loan data. At its option, a bank may provide other information concerning its lending performance, including additional loan distribution data.

(d) Data on affiliate lending. A bank that elects to have the FDIC consider loans by an affiliate, for purposes of the lending or community development test or an approved strategic plan, shall collect, maintain, and report for those loans the data that the bank would have collected, maintained, and reported pursuant to paragraphs (a), (b), and (c) of this section had the loans been originated or purchased by the bank. For home mortgage loans, the bank shall also be prepared to identify the home mortgage loans reported under part 203 of this title by the affiliate.

(e) Data on lending by a consortium or a third party. A bank that elects to have the FDIC consider community development loans by a consortium or third party, for purposes of the lending or community development tests or an approved strategic plan, shall report for those loans the data that the bank would have reported under paragraph (b)(2) of this section had the loans been originated or purchased by the bank.

(f) Small banks electing evaluation under the lending, investment, and service tests. A bank that qualifies for evaluation under the small bank performance standards but elects evaluation under the lending, investment, and service tests shall collect, maintain, and report the data required for other banks pursuant to paragraphs (a) and (b) of this section.

(g) Assessment area data. A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall collect and report to the FDIC by March 1 of each year a list for each assessment area showing the geographies within the area.

(b) CRA Disclosure Statement. The FDIC prepares annually for each bank that reports data pursuant to this section a CRA Disclosure Statement that contains, on a state-by-state basis:

(1) For each county (and for each assessment area smaller than a county) with a population of 500,000 persons or fewer in which the bank reported a small business or small farm loan:

(i) The number and amount of small business and small farm loans reported as originated or purchased located in low-, moderate-, middle-, and upper-income geographies;

(ii) A list grouping each geography according to whether the geography is low-, moderate-, middle-, or upper-income;

(iii) A list showing each geography in which the bank reported a small business or small farm loan;

(iv) The number and amount of small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;

(2) For each county (and for each assessment area smaller than a county) with a population in excess of 500,000 persons in which the bank reported a small business or small farm loan:

(i) The number and amount of small business and small farm loans reported as originated or purchased located in geographies with median income relative to the area median income of less than 10 percent, 10 or more but less than 20 percent, 20 or more but less than 30 percent, 30 or more but less than 40 percent, 40 or more but less than 50 percent, 50 or more but less than 60 percent, 60 or more but less than 70 percent, 70 or more but less than 80 percent, 80 or more but less than 90 percent, 90 or more but less than 100 percent, 100 or more but less than 110 percent, 110 or more but less than 120 percent, and 120 percent or more;

(ii) A list grouping each geography in the county or assessment area according to whether the median income in
the geography relative to the area median income is less than 10 percent, 10 or more but less than 20 percent, 20 or more but less than 30 percent, 30 or more but less than 40 percent, 40 or more but less than 50 percent, 50 or more but less than 60 percent, 60 or more but less than 70 percent, 70 or more but less than 80 percent, 80 or more but less than 90 percent, 90 or more but less than 100 percent, 100 or more but less than 110 percent, 110 or more but less than 120 percent, and 120 percent or more;

(4) The number and amount of community development loans reported as originated or purchased.

(i) Aggregate disclosure statements. The FDIC, in conjunction with the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, and the Office of Thrift Supervision, prepares annually, for each MSA or metropolitan division (including an MSA or metropolitan division that crosses a state boundary) and the nonmetropolitan portion of each state, an aggregate disclosure statement of small business and small farm lending by all institutions subject to reporting under this part or parts 25, 228, or 563e of this title. These disclosure statements indicate, for each geography, the number and amount of all small business and small farm loans originated or purchased by reporting institutions, except that the FDIC may adjust the form of the disclosure if necessary, because of special circumstances, to protect the privacy of a borrower or the competitive position of an institution.

(j) Central data depositories. The FDIC makes the aggregate disclosure statements, described in paragraph (i) of this section, and the individual bank CRA Disclosure Statements, described in paragraph (h) of this section, available to the public at central data depositories. The FDIC publishes a list of the depositories at which the statements are available.

§ 345.43 Content and availability of public file.

(a) Information available to the public. A bank shall maintain a public file that includes the following information:

(1) All written comments received from the public for the current year and each of the prior two calendar years that specifically relate to the bank’s performance in helping to meet community credit needs, and any response to the comments by the bank, if neither the comments nor the responses contain statements that reflect adversely on the good name or reputation of any persons other than the bank or publication of which would violate specific provisions of law;

At its option, a bank may include information regarding the availability of alternative systems for delivering retail banking services (e.g., RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs);
(6) A map of each assessment area showing the boundaries of the area and identifying the geographies contained within the area, either on the map or in a separate list; and

(7) Any other information the bank chooses.

(b) Additional information available to the public—

(1) Banks other than small banks. A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall include in its public file the following information pertaining to the bank and its affiliates, if applicable, for each of the prior two calendar years:

(i) If the bank has elected to have one or more categories of its consumer loans considered under the lending test, for each of these categories, the number and amount of loans:

A bank required to report home mortgage loan data pursuant to part 203 of this title shall include in its public file a copy of the HMDA Disclosure Statement provided by the Federal Financial Institutions Examination Council pertaining to the bank for each of the prior two calendar years. In addition, a bank that elected to have the FDIC consider the mortgage lending of an affiliate for any of these years shall include in its public file the affiliate’s HMDA Disclosure Statement for those years. § 345.44 Public notice by banks.

A bank shall provide in the public lobby of its main office and each of its branches the appropriate public notice

set forth in Appendix B of this part. Only a branch of a bank having more than one assessment area shall include the bracketed material in the notice for branch offices. Only a bank that is an affiliate of a holding company shall include the next to the last sentence of the notices. A bank shall include the last sentence of the notices only if it is an affiliate of a holding company that is not prevented by statute from acquiring additional banks.

§ 345.45 Publication of planned examination schedule.

The FDIC publishes at least 30 days in advance of the beginning of each calendar quarter a list of banks scheduled for CRA examinations in that quarter.

APPENDIX A TO PART 345—RATINGS

(a) Ratings in general. (1) In assigning a rating, the FDIC evaluates a bank’s performance under the applicable performance criteria in this part, in accordance with §345.21, and §345.28, which provides for adjustments on the basis of evidence of discriminatory or other illegal credit practices.

(b) A bank’s performance need not fit each aspect of a particular rating profile in order to receive that rating, and exceptionally strong performance with respect to some aspects may compensate for weak performance in others. The bank’s overall performance, however, must be consistent with safe and sound banking practices and generally with the appropriate rating profile as follows.

(b) Banks evaluated under the lending, investment, and service tests.—(1) Lending performance rating. The FDIC assigns each bank’s lending performance one of the five following ratings.

(i) Outstanding. The FDIC rates a bank’s lending performance “outstanding” if, in general, it demonstrates:

(A) Excellent responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(B) A substantial majority of its loans are made in its assessment area(s);

(C) An excellent geographic distribution of loans in its assessment area(s);

(D) An excellent distribution, particularly in its assessment area(s), of loans among individuals of different income levels and businesses (including farms) of different sizes, given the product lines offered by the bank;

(E) An excellent record of serving the credit needs of highly economically disadvantaged areas in its assessment area(s), low-income individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;

(F) Extensive use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It is a leader in making community development loans.

(ii) High satisfactory. The FDIC rates a bank’s lending performance “high satisfactory” if, in general, it demonstrates:

(A) Good responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(B) A high percentage of its loans are made in its assessment area(s);

(C) A good geographic distribution of loans in its assessment area(s);

(D) A good distribution, particularly in its assessment area(s), of loans among individuals of different income levels and businesses (including farms) of different sizes, given the product lines offered by the bank;

(E) A good record of serving the credit needs of highly economically disadvantaged areas in its assessment area(s), low-income individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;

(F) Use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made a relatively high level of community development loans.

(iii) Low satisfactory. The FDIC rates a bank’s lending performance “low satisfactory” if, in general, it demonstrates:

(A) Adequate responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(B) A good percentage of its loans are made in its assessment area(s);

(C) An adequate geographic distribution of loans in its assessment area(s);

(D) An adequate distribution, particularly in its assessment area(s), of loans among individuals of different income levels and businesses (including farms) of different sizes, given the product lines offered by the bank;

(E) An adequate record of serving the credit needs of highly economically disadvantaged areas in its assessment area(s), low-income individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;

(F) Limited use of innovative or flexible lending practices in a safe and sound manner.

to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made an adequate level of community development loans.

(2) Investment performance rating. The FDIC assigns each bank’s investment performance one of the five following ratings:

(i) Outstanding. The FDIC rates a bank’s investment performance “outstanding” if, in general, it demonstrates:

(A) An excellent level of qualified investments, particularly those that are not routinely provided by private investors, often in a leadership position;

(B) Extensive use of innovative or complex qualified investments; and

(C) Excellent responsiveness to credit and community development needs.

(ii) High satisfactory. The FDIC rates a bank’s investment performance “high satisfactory” if, in general, it demonstrates:

(A) A significant level of qualified investments, particularly those that are not routinely provided by private investors, occasionally in a leadership position;

(B) Significant use of innovative or complex qualified investments; and

(C) Good responsiveness to credit and community development needs.

(iii) Low satisfactory. The FDIC rates a bank’s investment performance “low satisfactory” if, in general, it demonstrates:

(A) An adequate level of qualified investments, particularly those that are not routinely provided by private investors, although rarely in a leadership position;

(B) Occasional use of innovative or complex qualified investments; and

(C) Adequate responsiveness to credit and community development needs.

(iv) Needs to improve. The FDIC rates a bank’s investment performance “needs to improve” if, in general, it demonstrates:

(A) A poor level of qualified investments, particularly those that are not routinely provided by private investors;

(B) Significant use of innovative or complex qualified investments; and

(C) Very poor responsiveness to credit and community development needs.

(v) Substantial noncompliance. The FDIC rates a bank’s investment performance as being in “substantial noncompliance” if, in general, it demonstrates:

(A) Few, if any, qualified investments, particularly those that are not routinely provided by private investors;

(B) No use of innovative or complex qualified investments; and

(C) Poor responsiveness to credit and community development needs.

(3) Service performance rating. The FDIC assigns each bank’s service performance one of the five following ratings:

(i) Outstanding. The FDIC rates a bank’s service performance “outstanding” if, in general, the bank demonstrates:

(A) Its service delivery systems are readily accessible to geographies and individuals of
different income levels in its assessment area(s);

(B) To the extent changes have been made, its record of opening and closing branches has significantly adversely affected the accessibility of its delivery systems, particularly in low- or moderate-income geographies or to low- or moderate-income individuals;

(C) Its services (including, where appropriate, business hours) are tailored to the convenience and needs of its assessment area(s), particularly low- or moderate-income geographies or low- or moderate-income individuals; and

(D) It is a leader in providing community development services.

(ii) High satisfactory. The FDIC rates a bank’s service performance “high satisfactory” if, in general, the bank demonstrates:

(A) Its service delivery systems are accessible to geographies and individuals of different income levels in its assessment area(s);

(B) To the extent changes have been made, its record of opening and closing branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and to low- and moderate-income individuals;

(C) Its services (including, where appropriate, business hours) do not vary in a way that inconveniences its assessment area(s), particularly low- and moderate-income geographies and low- and moderate-income individuals; and

(D) It provides a relatively high level of community development services.

(iii) Low satisfactory. The FDIC rates a bank’s service performance “low satisfactory” if, in general, the bank demonstrates:

(A) Its service delivery systems are reasonably accessible to geographies and individuals of different income levels in its assessment area(s);

(B) To the extent changes have been made, its record of opening and closing branches has generally not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and to low- and moderate-income individuals;

(C) Its services (including, where appropriate, business hours) do not vary in a way that inconveniences its assessment area(s), particularly low- and moderate-income geographies and low- and moderate-income individuals; and

(D) It provides an adequate level of community development services.

(iv) Needs to improve. The FDIC rates a bank’s service performance “needs to improve” if, in general, the bank demonstrates:

(A) Its service delivery systems are unreasonably inaccessible to portions of its assessment area(s), particularly to low- or moderate-income geographies or to low- or moderate-income individuals;

(B) To the extent changes have been made, its record of opening and closing branches has adversely affected the accessibility of its delivery systems, particularly in low- or moderate-income geographies or to low- or moderate-income individuals;

(C) Its services (including, where appropriate, business hours) vary in a way that inconveniences its assessment area(s), particularly low- or moderate-income geographies or low- or moderate-income individuals; and

(D) It provides a limited level of community development services.

(v) Substantial noncompliance. The FDIC rates a bank’s service performance as being in “substantial noncompliance” if, in general, the bank demonstrates:

(A) Its service delivery systems are unreasonably inaccessible to significant portions of its assessment area(s), particularly to low- or moderate-income individuals;

(B) To the extent changes have been made, its record of opening and closing branches has significantly adversely affected the accessibility of its delivery systems, particularly in low- or moderate-income geographies or to low- or moderate-income individuals;

(C) Its services (including, where appropriate, business hours) vary in a way that significantly inconveniences its assessment area(s), particularly low- or moderate-income geographies or low- or moderate-income individuals; and

(D) It provides few, if any, community development services.

(c) Wholesale or limited purpose banks. The FDIC assigns each wholesale or limited purpose bank’s community development performance one of the following ratings.

(1) Outstanding. The FDIC rates a wholesale or limited purpose bank’s community development performance “outstanding” if, in general, it demonstrates:

(i) A high level of community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(ii) Extensive use of innovative or complex qualified investments, community development loans, or community development services; and

(iii) Excellent responsiveness to credit and community development needs in its assessment area(s).

(2) Satisfactory. The FDIC rates a wholesale or limited purpose bank’s community development performance “satisfactory” if, in general, it demonstrates:

(i) An adequate level of community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;
Federal Deposit Insurance Corporation

Pt. 345, App. A

(ii) Occasional use of innovative or complex qualified investments, community development loans, or community development services; and

(iii) Adequate responsiveness to credit and community development needs in its assessment area(s).

(b) Needs to improve. The FDIC rates a wholesale or limited purpose bank’s community development performance as “needs to improve” if, in general, it demonstrates:

(i) A poor level of community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(ii) Rare use of innovative or complex qualified investments, community development loans, or community development services; and

(iii) Poor responsiveness to credit and community development needs in its assessment area(s).

(c) Substantial noncompliance. The FDIC rates a wholesale or limited purpose bank’s community development performance in “substantial noncompliance” if, in general, it demonstrates:

(i) Few, if any, community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(ii) No use of innovative or complex qualified investments, community development loans, or community development services; and

(iii) Very poor responsiveness to credit and community development needs in its assessment area(s).

(d) Banks evaluated under the small bank performance standards—(1) Lending test ratings—(i) Eligibility for a satisfactory lending test rating. The FDIC rates a small bank’s lending performance “satisfactory” if, in general, the bank demonstrates:

(A) A reasonable loan-to-deposit ratio (considering seasonal variations) given the bank’s size, financial condition, the credit needs of its assessment area(s), and taking into account, as appropriate, other lending-related activities such as loan originations for sale to the secondary markets and community development loans and qualified investments;

(B) A majority of its loans and, as appropriate, other lending-related activities, are in its assessment area;

(C) A distribution of loans to and, as appropriate, other lending-related activities for individuals of different income levels (including low- and moderate-income individuals) and businesses and farms of different sizes that is reasonable given the demographics of the bank’s assessment area(s);

(D) A record of taking appropriate action, when warranted, in response to written complaints, if any, about the bank’s performance in helping to meet the credit needs of its assessment area(s); and

(ii) Eligibility for an “outstanding” lending test rating. A small bank that meets each of the standards for a “satisfactory” rating under this paragraph and exceeds some or all of those standards may warrant consideration for a lending test rating of “outstanding.”

(iii) Needs to improve or substantial noncompliance ratings. A small bank may also receive a lending test rating of “needs to improve” or “substantial noncompliance” depending on the degree to which its performance has failed to meet the standards for a “satisfactory” rating.

(2) Community development test ratings for intermediate small banks—(i) Eligibility for a satisfactory community development test rating. The FDIC rates an intermediate small bank’s community development performance “satisfactory” if the bank demonstrates adequate responsiveness to the community development needs of its assessment area(s) through community development loans, qualified investments, and community development services. The adequacy of the bank’s response will depend on its capacity for such community development activities, its assessment area’s need for such community development activities, and the availability of such opportunities for community development in the bank’s assessment area(s).

(ii) Eligibility for an outstanding community development test rating. The FDIC rates an intermediate small bank’s community development performance “outstanding” if the bank demonstrates excellent responsiveness to community development needs in its assessment area(s) through community development loans, qualified investments, and community development services, as appropriate, considering the bank’s capacity and the need and availability of such opportunities for community development in the bank’s assessment area(s).

(iii) Needs to improve or substantial noncompliance ratings. An intermediate small bank may also receive a community development test rating of “needs to improve” or “substantial noncompliance” depending on the degree to which its performance has failed to meet the standards for a “satisfactory” rating.

(3) Overall rating—(i) Eligibility for a satisfactory overall rating. No intermediate small bank may receive an assigned overall rating of “satisfactory” unless it receives a rating of at least “satisfactory” on both the lending test and the community development test.

(ii) Eligibility for an outstanding overall rating. (A) An intermediate small bank that receives an “outstanding” rating on one test
and at least “satisfactory” on the other test may receive an assigned overall rating of “outstanding.”

(B) A small bank that is not an intermediate small bank that meets each of the standards for a “satisfactory” rating under the lending test and exceeds some or all of those standards may warrant consideration for an overall rating of “outstanding.” In assessing whether a bank’s performance is “outstanding,” the FDIC considers the extent to which the bank exceeds each of the performance standards for a “satisfactory” rating and its performance in making qualified investments and its performance in providing branches and other services and delivery systems that enhance credit availability in its assessment area(s).

(iii) Needs to improve or substantial noncompliance overall ratings. A small bank may also receive a rating of “needs to improve” or “substantial noncompliance” depending on the degree to which its performance has failed to meet the standards for a “satisfactory” rating.

(e) Strategic plan assessment and rating—(1) Satisfactory goals. The FDIC approves as “satisfactory” measurable goals that adequately help to meet the credit needs of the bank’s assessment area(s).

(2) Outstanding goals. If the plan identifies a separate group of measurable goals that substantially exceed the levels approved as “satisfactory,” the FDIC will approve those goals as “outstanding.”

(3) Rating. The FDIC assesses the performance of a bank operating under an approved plan to determine if the bank has met its plan goals:

(i) If the bank substantially achieves its plan goals for a satisfactory rating, the FDIC will rate the bank’s performance under the plan as “satisfactory.”

(ii) If the bank exceeds its plan goals for a satisfactory rating and substantially achieves its plan goals for an outstanding rating, the FDIC will rate the bank’s performance under the plan as “outstanding.”

(iii) If the bank fails to meet substantially its plan goals for a satisfactory rating, the FDIC will rate the bank as either “needs to improve” or “substantial noncompliance,” depending on the extent to which it fails short of its plan goals, unless the bank elected in its plan to be rated otherwise, as provided in §345.2(f)(4).

PART 346—DISCLOSURE AND REPORTING OF CRA-RELATED AGREEMENTS

§ 346.1 Purpose and scope of this part.

(a) General. This part implements section 711 of the Gramm-Leach-Bliley Act (12 U.S.C. 1831y). That section requires any nongovernmental entity or person, insured depository institution, or affiliate of an insured depository institution that enters into a covered agreement to—

1. Make the covered agreement available to the public and the appropriate Federal banking agency; and
2. File an annual report with the appropriate Federal banking agency concerning the covered agreement.

(b) Scope of this part. The provisions of this part apply to—

1. State nonmember insured banks;
2. Subsidiaries of state nonmember insured banks;
3. Nongovernmental entities or persons that enter into covered agreements with any company listed in paragraph (b)(1) and (2) of this section.

(c) Relation to Community Reinvestment Act. This part does not affect in any way the Community Reinvestment Act of 1977 (12 U.S.C. 2901 et seq.) or the FDIC’s Community Reinvestment regulation found at 12 CFR part 345, or the FDIC’s interpretations or administration of that Act or regulation.

(d) Examples. (1) The examples in this part are not exclusive. Compliance with an example, to the extent applicable, constitutes compliance with this part.
2. Examples in a paragraph illustrate only the issue described in the paragraph and do not illustrate any other issues that may arise in this part.

§ 346.2 Definition of covered agreement.

(a) General definition of covered agreement. A covered agreement is any contract, arrangement, or understanding that meets all of the following criteria—

1. The agreement is in writing.
(2) The parties to the agreement include—
   (i) One or more insured depository institutions or affiliates of an insured depository institution; and
   (ii) One or more nongovernmental entities or persons (referred to hereafter as NGEPs).

(3) The agreement provides for the insured depository institution or any affiliate to—
   (i) Provide to one or more individuals or entities (whether or not parties to the agreement) cash payments, grants, or other consideration (except loans) that have an aggregate value of more than $10,000 in any calendar year; or
   (ii) Make to one or more individuals or entities (whether or not parties to the agreement) loans that have an aggregate principal amount of more than $50,000 in any calendar year.

(4) The agreement is made pursuant to, or in connection with, the fulfillment of the Community Reinvestment Act of 1977 (12 U.S.C. 2901 et seq.) (CRA), as defined in §346.4.

(5) The agreement is with a NGEP that has had a CRA communication as described in §346.3 prior to entering into the agreement.

(b) Examples concerning written arrangements or understandings—(1) Example 1. A NGEP meets with an insured depository institution and states that the institution needs to make more community development investments in the NGEP’s community. The NGEP and the insured depository institution do not reach an agreement concerning the community development investments the institution should make in the community, and the parties do not reach any mutual arrangement or understanding. Two weeks later, the institution unilaterally issues a press release announcing that it has established a general goal of making $100 million of community development grants in low- and moderate-income neighborhoods served by the insured depository institution over the next 5 years. The NGEP is not identified in the press release. The press release is not a written arrangement or understanding.

(2) Example 2. A NGEP meets with an insured depository institution and states that the institution needs to offer new loan programs in the NGEP’s community. The NGEP and the insured depository institution reach a mutual arrangement or understanding that the institution will provide additional loans in the NGEP’s community. The institution tells the NGEP that it will issue a press release announcing the program. Later, the insured depository institution issues a press release announcing the loan program. The press release incorporates the key terms of the understanding reached between the NGEP and the insured depository institution. The written press release reflects the mutual arrangement or understanding of the NGEP and the insured depository institution and is, therefore, a written arrangement or understanding.

(3) Example 3. An NGEP sends a letter to an insured depository institution requesting that the institution provide a $15,000 grant to the NGEP. The insured depository institution responds in writing and agrees to provide the grant in connection with its annual grant program. The exchange of letters constitutes a written arrangement or understanding.

(c) Loan agreements that are not covered agreements. A covered agreement does not include—
   (1) Any individual loan that is secured by real estate; or
   (2) Any specific contract or commitment for a loan or extension of credit to an individual, business, farm, or other entity, or group of such individuals or entities if—
   (i) The funds are loaned at rates that are not substantially below market rates; and
   (ii) The loan application or other loan documentation does not indicate that the borrower intends or is authorized to use the borrowed funds to make a loan or extension of credit to one or more third parties.

(d) Examples concerning loan agreements—(1) Example 1. An insured depository institution provides an organization with a $1 million loan that is documented in writing and is secured by real estate owned or to-be-acquired by the organization. The agreement is an individual mortgage loan and is exempt from coverage under paragraph (c)(1) of this section, regardless of the...
interest rate on the loan or whether
the organization intends or is author-
ized to re-lend the funds to a third
party.

(2) Example 2. An insured depository
institution commits to provide a
$500,000 line of credit to a small busi-
ness that is documented by a written
agreement. The loan is made at rates
that are within the range of rates of-
ered by the institution to similarly
situated small businesses in the mar-
tet and the loan documentation does
not indicate that the small business in-
tends or is authorized to re-lend the
borrowed funds. The agreement is ex-
empt from coverage under paragraph
(c)(2) of this section.

(3) Example 3. An insured depository
institution offers small business loans
that are guaranteed by the Small Busi-
ness Administration (SBA). A small
business obtains a $75,000 loan, docu-
mented in writing, from the institution
under the institution’s SBA loan pro-
gram. The loan documentation does
not indicate that the borrower intends
or is authorized to re-lend the funds.
Although the rate charged on the loan
is well below that charged by the insti-
tution on commercial loans, the rate is
within the range of rates that the in-
stitution would charge a similarly situ-
tated small business for a similar loan
under the SBA loan program. Accord-
ingly, the loan is not made at substanc-
tially below market rates and is ex-
empt from coverage under paragraph
(c)(2) of this section.

(4) Example 4. A bank holding com-
pany enters into a written agreement
with a community development organi-
zation that provides that insured de-
pository institutions owned by the
bank holding company will make $250
million in small business loans in the
community over the next 5 years. The
written agreement is not a specific con-
tract or commitment for a loan or
an extension of credit and, thus, is not
exempt from coverage under paragraph
(c)(2) of this section. Each small busi-
ness loan made by the insured deposi-
tory institution pursuant to this gen-
eral commitment would, however, be
exempt from coverage if the loan is
made at rates that are not substanc-
tially below market rates and the loan
documentation does not indicate that
the borrower intended or was author-
ized to re-lend the funds.

(e) Agreements that include exempt loan
agreements. If an agreement includes a
loan, extension of credit or loan com-
mitment that, if documented sepa-
rately, would be exempt under para-
graph (c) of this section, the exempt
loan, extension of credit or loan com-
mitment may be excluded for purposes
determining whether the agreement
is a covered agreement.

(f) Determining annual value of agree-
ments that lack schedule of disburse-
ments. For purposes of paragraph (a)(3)
of this section, a multi-year agreement
that does not include a schedule for the
disbursement of payments, grants,
loans or other consideration by the in-
sured depository institution or affil-
iate, is considered to have a value in
the first year of the agreement equal to
all payments, grants, loans and other
consideration to be provided at any
time under the agreement.

§ 346.3 CRA communications.

(a) Definition of CRA communication. A
CRA communication is any of the fol-
lowing—

(1) Any written or oral comment or
testimony provided to a Federal bank-
ing agency concerning the adequacy of
the performance under the CRA of the
insured depository institution, any af-
filiated insured depository institution,
or any CRA affiliate.

(2) Any written comment submitted
to the insured depository institution
that discusses the adequacy of the insti-
tution’s performance under the CRA
and must be included in the insti-
tution’s CRA public file.

(3) Any discussion or other contact
with the insured depository institution
or any affiliate about—

(i) Providing (or refraining from pro-
viding) written or oral comments or
testimony to any Federal banking
agency concerning the adequacy of
the performance under the CRA of the
insured depository institution, any affil-
iated insured depository institution,
or any CRA affiliate;

(ii) Providing (or refraining from pro-
viding) written comments to the in-
sured depository institution that con-
cern the adequacy of the institution’s
performance under the CRA and must
be included in the institution’s CRA public file; or

(iii) The adequacy of the performance under the CRA of the insured depository institution, any affiliated insured depository institution, or any CRA affiliate.

(b) Discussions or contacts that are not CRA communications—(1) Timing of contacts with a Federal banking agency. An oral or written communication with a Federal banking agency is not a CRA communication if it occurred more than 3 years before the parties entered into the agreement.

(2) Timing of contacts with insured depository institutions and affiliates. A communication with an insured depository institution or affiliate is not a CRA communication if the communication occurred—

(i) More than 3 years before the parties entered into the agreement, in the case of any written communication;

(ii) More than 3 years before the parties entered into the agreement, in the case of any oral communication in which the NGEP discusses providing (or refraining from providing) comments or testimony to a Federal banking agency or written comments that must be included in the institution’s CRA public file in connection with a request to, or agreement by, the institution or affiliate to take (or refrain from taking) any action that is in fulfillment of the CRA; or

(iii) More than 1 year before the parties entered into the agreement, in the case of any other oral communication not described in paragraph (b)(2)(ii) of this section.

(3) Knowledge of communication by insured depository institution or affiliate. (i) A communication is only a CRA communication under paragraph (a) of this section if the insured depository institution or its affiliate has knowledge of the communication under this paragraph (b)(3)(i) or (b)(3)(ii) of this section.

(ii) Communication with insured depository institution or affiliate. An insured depository institution or affiliate has knowledge of a communication by the NGEP to the institution or its affiliate under this paragraph only if one of the following representatives of the insured depository institution or any affiliate has knowledge of the communication—

(A) An employee who approves, directs, authorizes, or negotiates the agreement with the NGEP; or

(B) An employee designated with responsibility for compliance with the CRA or executive officer if the employee or executive officer knows that the institution or affiliate is negotiating, intends to negotiate, or has been informed by the NGEP that it expects to request that the institution or affiliate negotiate an agreement with the NGEP.

(iii) Other communications. An insured depository institution or affiliate is deemed to have knowledge of—

(A) Any testimony provided to a Federal banking agency at a public meeting or hearing;

(B) Any comment submitted to a Federal banking agency that is conveyed in writing by the agency to the insured depository institution or affiliate; and

(C) Any written comment submitted to the insured depository institution that must be and is included in the institution’s CRA public file.

(4) Communication where NGEP has knowledge. A NGEP has a CRA communication with an insured depository institution or affiliate only if any of the following individuals has knowledge of the communication—

(i) A director, employee, or member of the NGEP who approves, directs, authorizes, or negotiates the agreement with the insured depository institution or affiliate;

(ii) A person who functions as an executive officer of the NGEP and who knows that the NGEP is negotiating or intends to negotiate an agreement with the insured depository institution or affiliate; or

(iii) Where the NGEP is an individual, the NGEP.

(c) Examples of CRA communications—

(1) Examples of actions that are CRA communications. The following are examples of CRA communications. These examples are not exclusive and assume that the communication occurs within the relevant time period as described
in paragraph (b)(1) or (b)(2) of this section and the appropriate representatives have knowledge of the communication as specified in paragraphs (b)(3) and (b)(4) of this section.

(i) Example 1. A NGEP files a written comment with a Federal banking agency that states that an insured depository institution successfully addresses the credit needs of its community. The written comment is in response to a general request from the agency for comments on an application of the insured depository institution to open a new branch and a copy of the comment is provided to the institution.

(ii) Example 2. A NGEP meets with an executive officer of an insured depository institution and states that the institution must improve its CRA performance.

(iii) Example 3. A NGEP meets with an executive officer of an insured depository institution and states that the institution needs to make more mortgage loans in low- and moderate-income neighborhoods in its community.

(iv) Example 4. A bank holding company files an application with a Federal banking agency to acquire an insured depository institution. Two weeks later, the NGEP meets with an executive officer of the bank holding company to discuss the adequacy of the performance under the CRA of the target insured depository institution. The insured depository institution was an affiliate of the bank holding company at the time the NGEP met with the target institution. (See §346.11(a).) Accordingly, the NGEP had a CRA communication with an affiliate of the bank holding company.

(2) Examples of actions that are not CRA communications. The following are examples of actions that are not by themselves CRA communications. These examples are not exclusive.

(i) Example 1. A NGEP provides to a Federal banking agency comments or testimony concerning an insured depository institution or affiliate in response to a direct request by the agency for comments or testimony from that NGEP. Direct requests for comments or testimony do not include a general invitation by a Federal banking agency for comments or testimony from the public in connection with a CRA performance evaluation of, or application for a deposit facility (as defined in section 803 of the CRA (12 U.S.C. 2902(3))) by, an insured depository institution or an application by a company to acquire an insured depository institution.

(ii) Example 2. A NGEP makes a statement concerning an insured depository institution or affiliate at a widely attended conference or seminar regarding a general topic. A public or private meeting, public hearing, or other meeting regarding one or more specific institutions, affiliates or transactions involving an application for a deposit facility is not considered a widely attended conference or seminar.

(iii) Example 3. A NGEP, such as a civil rights group, community group providing housing and other services in low- and moderate-income neighborhoods, veterans organization, community theater group, or youth organization, sends a fundraising letter to insured depository institutions and to other businesses in its community. The letter encourages all businesses in the community to meet their obligation to assist in making the local community a better place to live and work by supporting the fundraising efforts of the NGEP.

(iv) Example 4. A NGEP discusses with an insured depository institution or affiliate whether particular loans, services, investments, community development activities, or other activities are generally eligible for consideration by a Federal banking agency under the CRA. The NGEP and insured depository institution or affiliate do not discuss the adequacy of the CRA performance of the insured depository institution or affiliate.

(v) Example 5. A NGEP engaged in the sale or purchase of loans in the secondary market sends a general offering circular to financial institutions offering to sell or purchase a portfolio of loans. An insured depository institution that receives the offering circular discusses with the NGEP the types of loans included in the loan pool, whether such loans are generally eligible for consideration under the CRA, and which loans are made to borrowers in the institution’s local community. The
NGEP and insured depository institution do not discuss the adequacy of the institution’s CRA performance.

(d) Multiparty covered agreements. (1) A NGEP that is a party to a covered agreement that involves multiple NGEPs is not required to comply with the requirements of this part if—

(i) The NGEP has not had a CRA communication; and

(ii) No representative of the NGEP identified in paragraph (b)(4) of this section has knowledge at the time of the agreement that another NGEP that is a party to the agreement has had a CRA communication.

(2) An insured depository institution or affiliate that is a party to a covered agreement that involves multiple insured depository institutions or affiliates is not required to comply with the disclosure and annual reporting requirements in §§346.6 and 346.7 if—

(i) No NGEP that is a party to the agreement has had a CRA communication concerning the insured depository institution or any affiliate; and

(ii) No representative of the insured depository institution or any affiliate identified in paragraph (b)(3) of this section has knowledge at the time of the agreement that an NGEP that is a party to the agreement has had a CRA communication concerning any other insured depository institution or affiliate that is a party to the agreement.

§ 346.4 Fulfillment of the CRA.

(a) List of factors that are in fulfillment of the CRA. Fulfillment of the CRA, for purposes of this part, means the following list of factors—

(1) Comments to a Federal banking agency or included in CRA public file. Providing or refraining from providing written or oral comments or testimony to any Federal banking agency concerning the performance under the CRA of an insured depository institution or CRA affiliate that is a party to the agreement or written comments that are required to be included in the CRA public file of any such insured depository institution; or

(2) Activities given favorable CRA consideration. Performing any of the following activities if the activity is of the type that is likely to receive favorable consideration by a Federal banking agency in evaluating the performance under the CRA of the insured depository institution that is a party to the agreement or an affiliate of a party to the agreement—

(i) Home-purchase, home-improvement, small business, small farm, community development, and consumer lending, as described in 12 CFR 345.22, including loan purchases, loan commitments, and letters of credit;

(ii) Making investments, deposits, or grants, or acquiring membership shares, that have as their primary purpose community development, as described in 12 CFR 345.23;

(iii) Delivering retail banking services, as described in 12 CFR 345.24(d);

(iv) Providing community development services, as described in 12 CFR 345.24(e);

(v) In the case of a wholesale or limited-purpose insured depository institution, community development lending, including originating and purchasing loans and making loan commitments and letters of credit, making qualified investments, or providing community development services, as described in 12 CFR 345.25(c);

(vi) In the case of a small insured depository institution, any lending or other activity described in 12 CFR 345.26(a); or

(vii) In the case of an insured depository institution that is evaluated on the basis of a strategic plan, any element of the strategic plan, as described in 12 CFR 345.27(f).

(b) Agreements relating to activities of CRA affiliates. An insured depository institution or affiliate that is a party to a covered agreement that concerns any activity described in paragraph (a) of this section of a CRA affiliate must, prior to the time the agreement is entered into, notify each NGEP that is a party to the agreement that the agreement concerns a CRA affiliate.

§ 346.5 Related agreements considered a single agreement.

The following rules must be applied in determining whether an agreement is a covered agreement under §346.2.

(a) Agreements entered into by same parties. All written agreements to
which an insured depository institution or an affiliate of the insured depository institution is a party shall be considered to be a single agreement if the agreements—

(1) Are entered into with the same NGEP;
(2) Were entered into within the same 12-month period; and
(3) Are each in fulfillment of the CRA.

(b) Substantively related contracts. All written contracts to which an insured depository institution or an affiliate of the insured depository institution is a party shall be considered to be a single agreement, without regard to whether the other parties to the contracts are the same or whether each such contract is in fulfillment of the CRA, if the contracts were negotiated in a coordinated fashion and a NGEP is a party to each contract.

§ 346.6 Disclosure of covered agreements.

(a) Applicability date. This section applies only to covered agreements entered into after November 12, 1999.

(b) Disclosure of covered agreements to the public—(1) Disclosure required. Each NGEP and each insured depository institution or affiliate that enters into a covered agreement must promptly make a copy of the covered agreement available to any individual or entity upon request.

(2) Nondisclosure of confidential and proprietary information permitted. In responding to a request for a covered agreement from any individual or entity under paragraph (b)(1) of this section, a NGEP, insured depository institution, or affiliate that enters into a covered agreement must promptly make a copy of the covered agreement available to any individual or entity upon request.

(3) Information that must be disclosed. Notwithstanding paragraph (b)(2) of this section, a party must disclose any of the following information that is contained in a covered agreement—

(i) The names and addresses of the parties to the agreement;
(ii) The amount of any payments, fees, loans, or other consideration to be made or provided by any party to the agreement;
(iii) Any description of how the funds or other resources provided under the agreement are to be used;
(iv) The term of the agreement (if the agreement establishes a term); and
(v) Any other information that the relevant supervisory agency determines is not properly exempt from public disclosure.

(4) Request for review of withheld information. Any individual or entity may request that the relevant supervisory agency review whether any information in a covered agreement withheld by a party must be disclosed. Any requests for agency review of withheld information must be filed, and will be processed in accordance with, the relevant supervisory agency’s rules concerning the availability of information (see the FDIC’s rules regarding Disclosure of Information (12 CFR part 309)).

(5) Duration of obligation. The obligation to disclose a covered agreement to the public terminates 12 months after the end of the term of the agreement.

(6) Reasonable copy and mailing fees. Each NGEP and each insured depository institution or affiliate may charge an individual or entity that requests a copy of a covered agreement a reasonable fee not to exceed the cost of copying and mailing the agreement.

(7) Use of CRA public file by insured depository institution or affiliate. An insured depository institution and any affiliate of an insured depository institution may fulfill its obligation under this paragraph (b) by placing a copy of the covered agreement in the insured depository institution’s CRA public file if the institution makes the agreement available in accordance with the procedures set forth in 12 CFR 345.43.

(c) Disclosure by NGEPs of covered agreements to the relevant supervisory agency—(1) Each NGEP that is a party to a covered agreement must provide the following within 30 days of receiving a request from the relevant supervisory agency—

(i) A complete copy of the agreement; and
(ii) In the event the NGEP proposes the withholding of any information...
contained in the agreement in accordance with paragraph (b)(2) of this section, a public version of the agreement that excludes such information and an explanation justifying the exclusions. Any public version must include the information described in paragraph (b)(3) of this section.

(2) The obligation of a NGEP to provide a covered agreement to the relevant supervisory agency terminates 12 months after the end of the term of the covered agreement.

d. Disclosure by insured depository institution or affiliate of covered agreements to the relevant supervisory agency—

(1) In general. Within 60 days of the end of each calendar quarter, each insured depository institution and affiliate must provide each relevant supervisory agency with—

(A) A complete copy of each covered agreement entered into by the insured depository institution or affiliate during the calendar quarter; and

(B) In the event the institution or affiliate proposes the withholding of any information contained in the agreement in accordance with paragraph (b)(2) of this section, a public version of the agreement that excludes such information (other than any information described in paragraph (b)(3) of this section) and an explanation justifying the exclusions; or

(ii) A list of all covered agreements entered into by the insured depository institution or affiliate during the calendar quarter that contains—

(A) The name and address of each insured depository institution or affiliate that is a party to the agreement;

(B) The name and address of each NGEP that is a party to the agreement;

(C) The date the agreement was entered into;

(D) The estimated total value of all payments, fees, loans and other consideration to be provided by the institution or any affiliate of the institution under the agreement; and

(E) The date the agreement terminates.

(2) Prompt filing of covered agreements contained in list required.—(i) If an insured depository institution or affiliate files a list of the covered agreements entered into by the institution or affiliate pursuant to paragraph (d)(1)(ii) of this section, the institution or affiliate must provide any relevant supervisory agency a complete copy and public version of any covered agreement referenced in the list within 7 calendar days of receiving a request from the agency for a copy of the agreement.

(ii) The obligation of an insured depository institution or affiliate to provide a covered agreement to the relevant supervisory agency under this paragraph (d)(2) terminates 36 months after the end of the term of the agreement.

(3) Joint filings. In the event that 2 or more insured depository institutions or affiliates are parties to a covered agreement, the insured depository institution(s) and affiliate(s) may jointly file the documents required by this paragraph (d). Any joint filing must identify the insured depository institution(s) and affiliate(s) for whom the filings are being made.

§346.7 Annual reports.

(a) Applicability date. This section applies only to covered agreements entered into on or after May 12, 2000.

(b) Annual report required. Each NGEP and each insured depository institution or affiliate that is a party to a covered agreement must file an annual report with each relevant supervisory agency concerning the disbursement, receipt, and uses of funds or other resources under the covered agreement.

(c) Duration of reporting requirement—

(1) NGEPs. A NGEP must file an annual report for a covered agreement for any fiscal year in which the NGEP receives or uses funds or other resources under the agreement.

(2) Insured depository institutions and affiliates. An insured depository institution or affiliate must file an annual report for a covered agreement for any fiscal year in which the institution or affiliate—

(i) provides or receives any payments, fees, or loans under the covered agreement that must be reported under paragraphs (e)(1)(iii) and (iv) of this section; or

(ii) has data to report on loans, investments, and services provided by a party to the covered agreement under
the covered agreement under paragraph (e)(1)(vi) of this section.

(d) Annual reports filed by NGEP—(1) Contents of report. The annual report filed by a NGEP under this section must include the following—

(i) The name and mailing address of the NGEP filing the report;

(ii) Information sufficient to identify the covered agreement for which the annual report is being filed, such as by providing the names of the parties to the agreement and the date the agreement was entered into or by providing a copy of the agreement;

(iii) The amount of funds or resources received under the covered agreement during the fiscal year; and

(iv) A detailed, itemized list of how any funds or resources received by the NGEP under the covered agreement were used during the fiscal year, including the total amount used for—

(A) Compensation of officers, directors, and employees;

(B) Administrative expenses;

(C) Travel expenses;

(D) Entertainment expenses;

(E) Payment of consulting and professional fees; and

(F) Other expenses and uses (specify expense or use).

(2) More detailed reporting of uses of funds or resources permitted—(i) In general. If a NGEP allocated and used funds received under a covered agreement for a specific purpose, the NGEP may fulfill the requirements of paragraph (d)(1)(iv) of this section with respect to such funds by providing—

(A) A brief description of each specific purpose for which the funds or other resources were used; and

(B) The amount of funds or resources used during the fiscal year for each specific purpose.

(ii) Specific purpose defined. A NGEP allocates and uses funds for a specific purpose if the NGEP receives and uses the funds for a purpose that is more specific and limited than the categories listed in paragraph (d)(1)(iv) of this section.

(3) Use of other reports. The annual report filed by a NGEP may consist of or incorporate a report prepared for any other purpose, such as the Internal Revenue Service Return of Organization Exempt From Income Tax on Form 990, or any other Internal Revenue Service form, state tax form, report to members or shareholders, audited or unaudited financial statements, audit report, or other report, so long as the annual report filed by the NGEP contains all of the information required by this paragraph (d).

(4) Consolidated reports permitted. A NGEP that is a party to 2 or more covered agreements may file with each relevant supervisory agency a single consolidated annual report covering all the covered agreements. Any consolidated report must contain all the information required by this paragraph (d). The information reported under paragraphs (d)(1)(iv) and (d)(2) of this section may be reported on an aggregate basis for all covered agreements.

(5) Examples of annual report requirements for NGEPs—(1) Example 1. A NGEP receives an unrestricted grant of $15,000 under a covered agreement, includes the funds in its general operating budget, and uses the funds during its fiscal year. The NGEP’s annual report for the fiscal year must provide the name and mailing address of the NGEP, information sufficient to identify the covered agreement, and state that the NGEP received $15,000 during the fiscal year. The report must also indicate the total expenditures made by the NGEP during the fiscal year for compensation, administrative expenses, travel expenses, entertainment expenses, consulting and professional fees, and other expenses and uses. The NGEP’s annual report may provide this information by submitting an Internal Revenue Service Form 990 that includes the required information. If the Internal Revenue Service Form does not include information for all of the required categories listed in this part, the NGEP must report the total expenditures in the remaining categories either by providing that information directly or by providing another form or report that includes the required information.

(ii) Example 2. An organization receives $15,000 from an insured depository institution under a covered agreement and allocates and uses the $15,000 during the fiscal year to purchase computer equipment to support its functions. The organization’s annual report must include the name and address of
the organization, information sufficient to identify the agreement, and a statement that the organization received $15,000 during the year. In addition, since the organization allocated and used the funds for a specific purpose that is more narrow and limited than the categories of expenses included in the detailed, itemized list of expenses, the organization would have the option of providing either the total amount it used during the year for each category of expenses included in paragraph (d)(1)(iv) of this section, or a statement that it used the $15,000 to purchase computer equipment and a brief description of the equipment purchased.

(iii) Example 3. A community group receives $50,000 from an insured depository institution under a covered agreement. During its fiscal year, the community group specifically allocates and uses $5,000 of the funds to pay for a particular business trip and uses the remaining $45,000 for general operating expenses. The group’s annual report for the fiscal year must include the name and address of the group, information sufficient to identify the agreement, and a statement that the group received $50,000. Because the group did not allocate and use all of the funds for a specific purpose, the group’s annual report must provide the total amount of funds it used during the year for each category of expenses included in paragraph (d)(1)(iv) of this section. The group’s annual report also could state that it used $5,000 for a particular business trip and include a brief description of the trip.

(iv) Example 4. A community development organization is a party to two separate covered agreements with two unaffiliated insured depository institutions. Under each agreement, the organization receives $15,000 during its fiscal year and uses the funds to support its activities during that year. If the organization elects to file a consolidated annual report, the consolidated report must identify the organization and the two covered agreements, state that the organization received $15,000 during the fiscal year under each agreement, and provide the total amount that the organization used during the year for each category of expenses included in paragraph (d)(1)(iv) of this section.

(e) Annual report filed by insured depository institution or affiliate—(1) General. The annual report filed by an insured depository institution or affiliate must include the following—

(i) The name and principal place of business of the insured depository institution or affiliate filing the report;

(ii) Information sufficient to identify the covered agreement for which the annual report is being filed, such as by providing the names of the parties to the agreement and the date the agreement was entered into or by providing a copy of the agreement;

(iii) The aggregate amount of payments, aggregate amount of fees, and aggregate amount of loans provided by the insured depository institution or affiliate under the covered agreement to any other party to the agreement during the fiscal year;

(iv) The aggregate amount of payments, aggregate amount of fees, and aggregate amount of loans received by the insured depository institution or affiliate under the covered agreement from any other party to the agreement during the fiscal year;

(v) A general description of the terms and conditions of any payments, fees, or loans reported under paragraphs (e)(1)(iii) and (iv) of this section, or, in the event such terms and conditions are set forth—

(A) In the covered agreement, a statement identifying the covered agreement and the date the agreement (or a list identifying the agreement) was filed with the relevant supervisory agency; or

(B) In a previous annual report filed by the insured depository institution or affiliate, a statement identifying the date the report was filed with the relevant supervisory agency; and

(vi) The aggregate amount and number of loans, aggregate amount and number of investments, and aggregate amount of services provided under the covered agreement to any individual or entity not a party to the agreement—

(A) By the insured depository institution or affiliate during its fiscal year; and

(B) By any other party to the agreement, unless such information is not
known to the insured depository institution or affiliate filing the report or such information is or will be contained in the annual report filed by another party under this section.

(2) Consolidated reports permitted—(i) Party to multiple agreements. An insured depository institution or affiliate that is a party to 2 or more covered agreements may file a single consolidated annual report with each relevant supervisory agency concerning all the covered agreements.

(ii) Affiliated entities party to the same agreement. An insured depository institution and its affiliates that are parties to the same covered agreement may file a single consolidated annual report relating to the agreement with each relevant supervisory agency for the covered agreement.

(iii) Content of report. Any consolidated annual report must contain all the information required by this paragraph (e). The amounts and data required to be reported under paragraphs (e)(1)(iv) and (vi) of this section may be reported on an aggregate basis for all covered agreements.

(f) Time and place of filing—(1) General. Each party must file its annual report with each relevant supervisory agency for the covered agreement no later than six months following the end of the fiscal year covered by the report.

(2) Alternative method of fulfilling annual reporting requirement for a NGEP. (i) A NGEP may fulfill the filing requirements of this section by providing the following materials to an insured depository institution or affiliate that is a party to the agreement no later than six months following the end of the NGEP’s fiscal year—

(A) A copy of the NGEP’s annual report required under paragraph (d) of this section for the fiscal year; and

(B) Written instructions that the insured depository institution or affiliate promptly forward the annual report to the relevant supervisory agency or agencies on behalf of the NGEP.

(ii) An insured depository institution or affiliate that receives an annual report from a NGEP pursuant to paragraph (f)(2)(i) of this section must file the report with the relevant supervisory agency or agencies on behalf of the NGEP within 30 days.

§ 346.8 Release of information under FOIA.

The FDIC will make covered agreements and annual reports available to the public in accordance with the Freedom of Information Act (5 U.S.C. 552 et seq.) and the FDIC’s rules regarding Disclosure of Information (12 CFR part 308). A party to a covered agreement may request confidential treatment of proprietary and confidential information in a covered agreement or an annual report under those procedures.

§ 346.9 Compliance provisions.

(a) Willful failure to comply with disclosure and reporting obligations. (1) If the FDIC determines that a NGEP has willfully failed to comply in a material way with §§346.6 or 346.7, the FDIC will notify the NGEP in writing of that determination and provide the NGEP a period of 90 days (or such longer period as the FDIC finds to be reasonable under the circumstances) to comply.

(2) If the NGEP does not comply within the time period established by the FDIC, the agreement shall thereafter be unenforceable by that NGEP by operation of section 48 of the Federal Deposit Insurance Act (12 U.S.C. 1831y).

(3) The FDIC may assist any insured depository institution or affiliate that is a party to a covered agreement that is unenforceable by a NGEP by operation of section 48 of the Federal Deposit Insurance Act (12 U.S.C. 1831y) in identifying a successor to assume the NGEP’s responsibilities under the agreement.

(b) Diversion of funds. If a court or other body of competent jurisdiction determines that funds or resources received under a covered agreement have been diverted contrary to the purposes of the covered agreement for an individual’s personal financial gain, the FDIC may take either or both of the following actions—

(1) Order the individual to disgorge the diverted funds or resources received under a covered agreement; and

(2) Prohibit the individual from being a party to any covered agreement for a period not to exceed 10 years.

(c) Notice and opportunity to respond. Before making a determination under
paragraph (a)(1) of this section, or taking any action under paragraph (b) of this section, the FDIC will provide written notice and an opportunity to present information to the FDIC concerning any relevant facts or circumstances relating to the matter.

(d) Inadvertent or de minimis errors. Inadvertent or de minimis errors in annual reports or other documents filed with the FDIC under §§346.6 or 346.7 will not subject the reporting party to any penalty.

(e) Enforcement of provisions in covered agreements. No provision of this part shall be construed as authorizing the FDIC to enforce the provisions of any covered agreement.

§ 346.10 Transition provisions.

(a) Disclosure of covered agreements entered into before the effective date of this part. The following disclosure requirements apply to covered agreements that were entered into after November 12, 1999, and that terminated before April 1, 2001.

(1) Disclosure to the public. Each NGEP and each insured depository institution or affiliate that was a party to the agreement must make the agreement available to the public under §346.6 until at least April 1, 2002.

(2) Disclosure to the relevant supervisory agency. (i) Each NGEP that was a party to the agreement must make the agreement available to the relevant supervisory agency under §346.6 until at least April 1, 2002.

(ii) Each insured depository institution or affiliate that was a party to the agreement must, by June 30, 2001, provide each relevant supervisory agency either—

(A) A copy of the agreement under §346.6(d)(1)(i); or

(B) The information described in §346.6(d)(1)(ii) for each agreement.

(b) Filing of annual reports that relate to fiscal years ending on or before December 31, 2000. In the event that a NGEP, insured depository institution or affiliate has any information to report under §346.7 for a fiscal year that ends on or before December 31, 2000, and that concerns a covered agreement entered into between May 12, 2000, and December 31, 2000, the annual report for that fiscal year must be provided no later than June 30, 2001, to—

(1) Each relevant supervisory agency; or

(2) In the case of a NGEP, to an insured depository institution or affiliate that is a party to the agreement in accordance with §346.7(c)(2).

§ 346.11 Other definitions and rules of construction used in this part.

(a) Affiliate. “Affiliate” means—

(1) Any company that controls, is controlled by, or is under common control with another company; and

(2) For the purpose of determining whether an agreement is a covered agreement under §346.2, an “affiliate” includes any company that would be under common control or merged with another company on consummation of any transaction pending before a Federal banking agency at the time—

(i) The parties enter into the agreement; and

An insured depository institution or affiliate also may designate any company as a CRA affiliate at any time prior to the time a covered agreement is entered into by informing the NGEP that is a party to the agreement of such designation.

(d) CRA public file. “CRA public file” means the public file maintained by an insured depository institution and described in 12 CFR 345.43.

(e) Executive officer. The term “executive officer” has the same meaning as in §215.2(e)(1) of the Board of Governors of the Federal Reserve System’s Regulation O (12 CFR 215.2(e)(1)).

(b) Branch means any office or place of business of a foreign bank located in any state of the United States at which deposits are received. The term does not include any office or place of business deemed by the state licensing authority or the Comptroller of the Currency to be an agency.

Except as otherwise specifically provided by the Federal Deposit Insurance Corporation, banks organized under the laws of a foreign country, any territory of the United States, Puerto Rico, Guam, American Samoa, the Northern Mariana Islands, or the Virgin Islands which are insured banks other than by reason of having an insured branch are not considered to be foreign banks for purposes of §§347.204, 347.205, 347.209, and 347.210.

(h) Foreign business means any entity including, but not limited to, a corporation, partnership, sole proprietorship, association, foundation or trust, which is organized under the laws of a foreign country or any United States entity which is owned or controlled by an entity which is organized under the laws of a foreign country or a foreign national.

(m) Initial deposit means the first deposit transaction between a depositor and the branch where there is no existing deposit relationship. The initial deposit may be placed into different deposit accounts or into different kinds of deposit accounts, such as demand, savings or time. Deposit accounts that are held by a depositor in the same right and capacity may be added together for the purposes of determining the dollar amount of the initial deposit.

(n) Insured bank means any bank, including a foreign bank with an insured branch, the deposits of which are insured in accordance with the provisions of the Federal Deposit Insurance Act.

§ 347.204 Commitment to be examined and provide information.

(a) In connection with an application for deposit insurance for a U.S. branch or depository institution subsidiary of a foreign bank that has been determined to be subject to comprehensive consolidated supervision by the appropriate Federal banking agency, as defined in section 3(q) of the FDI Act (12 U.S.C. 1813(q)), the foreign bank shall provide binding written commitments (including a consent to U.S. jurisdiction and designation of agent for service, acceptable to the FDIC) to the following terms:

(1) The FDIC will be provided with any information about the foreign bank and its affiliates located outside of the United States that the FDIC requests to determine:
   (i) The relationship between the U.S. branch or depository institution subsidiary and its affiliates; and
   (ii) The effect of such relationship on such U.S. branch or depository institution subsidiary;

(2) The FDIC will be allowed to examine the affairs of any office, agency, branch or affiliate of the foreign bank located in the United States and will be provided any information requested to determine:
   (i) The relationship between the U.S. branch or depository institution subsidiary and such offices, agencies, branches or affiliates; and
   (ii) The effect of such relationship on such U.S. branch or depository institution subsidiary.

(3) The FDIC will not process a deposit insurance application for any U.S. branch or depository institution subsidiary of a foreign bank if the foreign bank fails to provide the written commitments, consent to U.S. jurisdiction, and designation of agent for service required by this section.

(b) The FDIC will consider the existence and extent of any prohibition or restrictions, if any, on its ability to utilize the commitments, consent to U.S. jurisdiction, and designation of agent for service required by this section.

(c) The foreign bank's commitments, consent to U.S. jurisdiction, and designation of agent for service shall be signed by an officer of the foreign bank.
§ 347.205 Record maintenance.

The records of each insured branch shall be kept as though it were a separate entity, with its assets and liabilities separate from the other operations of the head office, other branches or agencies of the foreign bank and its subsidiaries or affiliates. Each insured branch must keep a set of accounts and records in the words and figures of the English language that accurately reflects the business transactions of the insured branch on a daily basis. A foreign bank that has more than one insured branch in a state may treat such insured branches as one entity for record-keeping purposes and may designate one branch to maintain records for all the branches in the state.

§ 347.206 Domestic retail deposit activity requiring deposit insurance by U.S. branch of a foreign bank.

(a) Domestic retail deposit activity. To initiate or conduct domestic retail deposit activity requiring deposit insurance protection in any state after December 19, 1991, a foreign bank must establish one or more insured U.S. bank subsidiaries for that purpose.

(b) Exception. Paragraph (a) of this section does not apply to any bank organized under the laws of any territory of the United States, Puerto Rico, Guam, American Samoa, or the Virgin Islands the deposits of which are insured by the FDIC pursuant to the Federal Deposit Insurance Act.

(c) Grandfathered insured branches. Domestic retail accounts with balances of less than an amount equal to the SMDIA that require deposit insurance protection may be accepted or maintained in an insured branch of a foreign bank only if such branch was an insured branch on December 19, 1991.

(d) Change in ownership of grandfathered insured branch. The grandfathered status of an insured branch may not be transferred, except in certain merger and acquisition transactions that the FDIC determines are not designed, or motivated by the desire, to avoid compliance with section 6(d)(1) of the International Banking Act (12 U.S.C. 3104(d)(1)).

[70 FR 17560, Apr. 6, 2005, as amended at 74 FR 47718, Sept. 17, 2009]

§ 347.207 Disclosure of supervisory information to foreign supervisors.

(a) Disclosure by the FDIC. The FDIC may disclose information obtained in the course of exercising its supervisory or examination authority to a foreign bank regulatory or supervisory authority, if the FDIC determines that disclosure is appropriate for bank supervisory or regulatory purposes and will not prejudice the interests of the United States.

(b) Confidentiality. Before making any disclosure of information pursuant to paragraph (a) of this section, the FDIC will obtain, to the extent necessary, the agreement of the foreign bank regulatory or supervisory authority to maintain the confidentiality of such information to the extent possible under applicable law. The disclosure or transfer of information to a foreign bank regulatory or supervisory authority under this section will not waive any privilege applicable to the information that is disclosed or transferred.

§ 347.208 Assessment base deductions by insured branch.

Deposits in an insured branch to the credit of the foreign bank or any of its offices, branches, agencies, or wholly owned subsidiaries may be deducted from the assessment base of the insured branch.

§ 347.209 Pledge of assets.

(a) Purpose. A foreign bank that has an insured branch must pledge assets for the benefit of the FDIC or its designee(s). Whenever the FDIC is obligated under section 11(f) of the Federal Deposit Insurance Act (12 U.S.C. 1821(f)) to pay the insured deposits of an insured branch, the assets pledged under this section must become the property of the FDIC and be used to
Federal Deposit Insurance Corporation

§ 347.209

the extent necessary to protect the Deposit Insurance Fund.

(b) Amount of assets to be pledged. 
(1) For a newly insured branch, a foreign bank must pledge assets equal to at least 5 percent of the liabilities of the branch, based on the branch’s projection of its liabilities at the end of each of the first three years of operations. For all other insured branches, a foreign bank must pledge assets equal to the appropriate percentage applicable to the insured branch, as determined by reference to the risk-based assessment schedule contained in this paragraph, of the insured branch’s average liabilities for the last 30 days of the most recent calendar quarter. 4

(2) Risk-based assessment schedule. The risk-based asset pledge required by paragraph (b)(1) will be determined by utilizing the following risk-based assessment schedule:

<table>
<thead>
<tr>
<th>Asset maintenance level</th>
<th>Supervisory risk subgroup</th>
</tr>
</thead>
<tbody>
<tr>
<td>Equal to or greater than 108%</td>
<td>A (%)</td>
</tr>
<tr>
<td>Equal to or greater than 106%</td>
<td></td>
</tr>
<tr>
<td>Less than 106%</td>
<td></td>
</tr>
</tbody>
</table>

The appropriate asset pledge percentage will be determined based on the supervisory risk subgroup and asset maintenance level applicable to the insured branch.

(3) Supervisory risk factors. For purposes of this section, within each asset maintenance group, each institution will be assigned to one of three subgroups based on consideration by the FDIC of supervisory evaluations provided by the primary federal regulator for the insured branch. The supervisory evaluations include the results of examination findings by the primary federal regulator, as well as other information the primary federal regulator determines to be relevant. In addition, the FDIC will take into consideration such other information (such as state examination findings, if appropriate) as it determines to be relevant to the financial condition and the risk posed to the Deposit Insurance Fund. The three supervisory subgroups are:

(i) Subgroup “A”. This subgroup consists of financially sound institutions with only a few minor weaknesses;

(ii) Subgroup “B”. This subgroup consists of institutions that demonstrate weaknesses which, if not corrected, could result in significant deterioration of the institution and increased risk of loss to the deposit insurance fund; and

(iii) Subgroup “C”. This subgroup consists of institutions that pose a substantial probability of loss to the deposit insurance fund.

(4) The FDIC may require a foreign bank to pledge additional assets or to compute its pledge on a daily basis whenever the FDIC determines that the condition of the foreign bank or the insured branch is such that the assets pledged under this section will not adequately protect the deposit insurance fund. In requiring a foreign bank to pledge additional assets, the FDIC will consult with the primary regulator for the insured branch. Among the factors to be considered in imposing these requirements are the concentration of risk to any one borrower or group of related borrowers, the concentration of transfer risk related to any one country, including the country in which the

4This average must be computed by using the sum of the close of business figures for the 30 calendar days of the most recent calendar quarter, ending with and including the last day of the calendar quarter, divided by 30. For days on which the branch is closed, however, balances from the previous business day are to be used in determining its average liabilities. In determining its average liabilities, the insured branch may exclude liabilities to other offices, agencies, branches, and wholly owned subsidiaries of the foreign bank. The value of the pledged assets must be computed based on the lesser of the principal amount (par value) or market value of such assets at the time of the original pledge and thereafter as of the last day of the most recent calendar quarter.
§ 347.209 12 CFR Ch. III (1–1–10 Edition)

foreign bank’s head office is located or any other factor the FDIC determines is relevant.

(5) Each insured branch must separately comply with the requirements of this section. A foreign bank which has more than one insured branch in a state may, however, treat all of its insured branches in the same state as one entity and will designate one insured branch to be responsible for compliance with this section.

(c) Depository. A foreign bank must place pledged assets for safekeeping at any depository which is located in any state. However, a depository may not be an affiliate of the foreign bank whose insured branch is seeking to use the depository. A foreign bank must obtain the FDIC’s prior written approval of the depository selected, and such approval may be revoked and dismissal of the depository required whenever the depository does not fulfill any one of its obligations under the pledge agreement. A foreign bank shall appoint and constitute the depository as its attorney in fact for the sole purpose of transferring title to pledged assets to the FDIC as may be required to effectuate the provisions of paragraph (a) of this section.

(d) Assets that may be pledged. Subject to the right of the FDIC to require substitution, a foreign bank may pledge any of the kinds of assets listed in this paragraph (d); such assets must be denominated in United States dollars. A foreign bank shall be deemed to have pledged any such assets for the benefit of the FDIC or its designee at such time as any such asset is placed with the depository, as follows:

(1)(i) Negotiable certificates of deposit that are payable in the United States and that are issued by any state bank, national bank, state or federal savings association, or branch of a foreign bank which has executed a valid waiver of offset agreement or similar debt instruments that are payable in the United States and that are issued by any agency of a foreign bank which has executed a valid waiver of offset agreement; provided, that the maturity of any certificate or issuance is not greater than one year; and provided further, that the issuing branch or agency of a foreign bank is not an affiliate of the pledging bank or from the same country as the pledging bank’s domicile;

(ii) Non-negotiable certificates of deposit, subject to the terms specified in paragraph (d)(1)(i) of this section other than the requirement of negotiability, that were pledged as collateral to the FDIC on March 18, 2005, until maturity according to the original terms of the existing deposit agreement.

(2) Treasury bills, interest bearing bonds, notes, debentures, or other direct obligations of or obligations fully guaranteed as to principal and interest by the United States or any agency or instrumentality thereof;

(3) Commercial paper that is rated P–1 or P–2, or their equivalent by a nationally recognized rating service; provided, that any conflict in a rating shall be resolved in favor of the lower rating;

(4) Banker’s acceptances that are payable in the United States and that are issued by any state bank, national bank, state or federal savings association, or branch or agency of a foreign bank; provided, that the maturity of any acceptance is not greater than 180 days; and provided further, that the branch or agency issuing the acceptance is not an affiliate of the pledging bank or from the same country as the pledging bank’s domicile;

(5) General obligations of any state of the United States, or any county or municipality of any state of the United States; or any agency, instrumentality, or political subdivision of the foregoing or any obligation guaranteed by a state of the United States or any county or municipality of any state of the United States; provided, that such obligations have a credit rating within the top two rating bands of a nationally recognized rating service (with any conflict in a rating resolved in favor of the lower rating);

(7) Notes issued by bank and thrift holding companies, banks, or savings associations organized under the laws of the United States or any state thereof or notes issued by United States
Federal Deposit Insurance Corporation § 347.209

branches or agencies of foreign banks, provided, that the notes have a credit rating within the top two rating bands of a nationally recognized rating service (with any conflict in a rating resolved in favor of the lower rating) and that they are payable in the United States, and provided further, that the issuer is not an affiliate of the foreign bank pledging the note; or

(8) Any other asset determined by the FDIC to be acceptable.

(e) Pledge agreement. A foreign bank shall not pledge any assets unless a pledge agreement in form and substance satisfactory to the FDIC has been executed by the foreign bank and the depository. The agreement, in addition to other terms not inconsistent with this paragraph (e), shall give effect to the following terms:

(1) Original pledge. The foreign bank shall place with the depository assets of the kind described in paragraph (d) of this section, having an aggregate value in the amount as required pursuant to paragraph (b) of this section.

(2) Additional assets required to be pledged. Whenever the foreign bank is required to pledge additional assets for the benefit of the FDIC or its designees pursuant to paragraph (b)(4) of this section, it shall deliver (within two business days after the last day of the most recent calendar quarter, unless otherwise ordered) additional assets of the kind described in paragraph (d) of this section, having an aggregate value in the amount required by the FDIC.

(3) Substitution of assets. The foreign bank, at any time, may substitute any assets for pledged assets, and, upon such substitution, the depository shall promptly release any such assets to the foreign bank; provided, that:

(i) The foreign bank pledges assets of the kind described in paragraph (d) of this section having an aggregate value not less than the value of the pledged assets for which they are substituted and certified as such by the foreign bank; and

(ii) The FDIC has not by written notification to the foreign bank, a copy of which shall be provided to the depository, suspended or terminated the foreign bank’s right of substitution.

(4) Delivery of other documents. Concurrently with the pledge of any assets, the foreign bank will deliver to the depository all documents and instruments necessary or advisable to effectuate the transfer of title to any such assets and thereafter, from time to time, at the request of the FDIC, deliver to the depository any such additional documents or instruments. The foreign bank shall provide copies of all such documents described in this paragraph (e)(4) to the appropriate regional director concurrently with their delivery to the depository.

(5) Acceptance and safekeeping responsibilities of the depository. (i) The depository will accept and hold any assets pledged by the foreign bank pursuant to the pledge agreement for safekeeping free and clear of any lien, charge, right of offset, credit, or preference in connection with any claim the depository may assert against the foreign bank and shall designate any such assets as a special pledge for the benefit of the FDIC or its designee. The depository shall not accept the pledge of any such assets unless, concurrently with such pledge, the foreign bank delivers to the depository the documents and instruments necessary for the transfer of title thereto as provided in this part.

(ii) The depository shall hold any such assets separate from all other assets of the foreign bank or the depository. Such assets may be held in book-entry form but must at all times be segregated on the records of the depository and clearly identified as assets subject to the pledge agreement.

(6) Reporting requirements of the insured branch and the depository. (i) Initial reports. Upon the original pledge of assets as provided in paragraph (e)(1) of this section:

(A) The depository shall provide to the foreign bank and to the appropriate FDIC regional director a written report in the form of a receipt identifying each asset pledged and specifying in reasonable detail with respect to each such asset the complete title, interest rate, series, serial number (if any), principal amount (par value), maturity date and call date; and

(B) The foreign bank shall provide to the appropriate regional director a written report certified as correct by the foreign bank which sets forth the

value of each pledged asset and the aggregate value of all such assets, and which states that the aggregate value of all such assets is at least equal to the amount required pursuant to paragraph (b) of this section and that all such assets are of the kind described in paragraph (d) of this section.

(ii) Quarterly reports. Within ten calendar days after the end of the most recent calendar quarter:

(A) The depository shall provide to the appropriate regional director a written report specifying in reasonable detail with respect to each asset currently pledged (including any asset pledged to satisfy the requirements of paragraph (b)(4) of this section and identified as such), as of two business days after the end of the most recent calendar quarter, the complete title, interest rate, series, serial number (if any), principal amount (par value), maturity date, and call date, provided, that if no substitution of any asset has occurred during the reporting period, the reporting need only specify that no substitution of assets has occurred; and

(B) The foreign bank shall provide as of two business days after the end of the most recent calendar quarter to the appropriate regional director a written report certified as correct by the foreign bank which sets forth the value of each pledged asset and the aggregate value of all such assets, which states that the aggregate value of all such assets is at least equal to the amount required pursuant to paragraph (b) of this section and that all such assets are of the kind described in paragraph (d) of this section, and which states the average of the liabilities of each insured branch of the foreign bank computed in the manner and for the period prescribed in paragraph (b) of this section.

(iii) Additional reports. The foreign bank shall, from time to time, as may be required, provide to the appropriate regional director a written report certified as correct by the foreign bank which sets forth the value of each pledged asset and the aggregate value of all such assets, which states that the aggregate value of all such assets is at least equal to the amount required pursuant to paragraph (b) of this section and that all such assets are of the kind described in paragraph (d) of this section, and which states the average of the liabilities of each insured branch of the foreign bank computed in the manner and for the period prescribed in paragraph (b) of this section.

(7) Access to assets. With respect to any asset pledged pursuant to the pledge agreement, the depository will provide representatives of the FDIC or the foreign bank with access (during regular business hours of the depository and at the location where any such asset is held, without other limitation or qualification) to all original instruments, documents, books, and records evidencing or pertaining to any such asset.

(8) Release upon the order of the FDIC. The depository shall release to the foreign bank any pledged assets, as specified in a written notification of the appropriate regional director, upon the terms and conditions provided in such notification, including without limitation the waiver of any requirement that any assets be pledged by the foreign bank in substitution of any released assets.

(9) Release to the FDIC. Whenever the FDIC is obligated under section 11(f) of the Federal Deposit Insurance Act to pay insured deposits of an insured branch, the FDIC by written certification shall so inform the depository; and the depository, upon receipt of such certification, shall thereupon promptly release and transfer title to any pledged assets to the FDIC or release such assets to the foreign bank, as specified in the certification. Upon release and transfer of title to all pledged assets specified in the certification, the depository shall be discharged from any further obligation under the pledge agreement.

(10) Interest earned on assets. The foreign bank may retain any interest earned with respect to the assets currently pledged unless the FDIC by written notice prohibits retention of interest by the foreign bank, in which case the notice shall specify the disposition of any such interest.

(11) Expenses of agreement. The FDIC shall not be required to pay any fees, costs, or expenses for services provided by the depository to the foreign bank pursuant to, or in connection with, the pledge agreement.

(12) Substitution of depository. The depository may resign, or the foreign bank may discharge the depository, from its duties and obligations under the pledge agreement by giving at least 60 days’ written notice thereof to the other party and to the appropriate regional director. The FDIC, upon 30 days’ written notice to the foreign bank and the depository, may require
Federal Deposit Insurance Corporation

the foreign bank to dismiss the depository if the FDIC in its discretion determines that the depository is in breach of the pledge agreement. The depository shall continue to function as such until the appointment of a successor depository becomes effective and the depository has released to the successor depository the pledged assets and documents and instruments to effectuate transfer of title in accordance with the written instructions of the foreign bank as approved by the FDIC. The appointment by the foreign bank of a successor depository shall not be effective until:

(i) The FDIC has approved in writing the successor depository; and

(ii) A pledge agreement in form and substance satisfactory to the FDIC has been executed.

(13) Waiver of terms. The FDIC may by written order waive compliance by the foreign bank or the depository with any term or condition of the pledge agreement.

§ 347.210 Asset maintenance.

(a) An insured branch of a foreign bank shall maintain on a daily basis eligible assets in an amount not less than 106 percent of the preceding quarter’s average book value of the insured branch’s liabilities or, in the case of a newly-established insured branch, the estimated book value of its liabilities at the end of the first full quarter of operation, exclusive of liabilities due to the foreign bank’s head office, other branches, agencies, offices or wholly owned subsidiaries. The Director of the Division of Supervision and Consumer Protection or his designee may impose a computation of total liabilities on a daily basis in those instances where it is found necessary for supervisory purposes. The FDIC Board of Directors, after consulting with the insured branch’s primary regulator, may require that a higher ratio of eligible assets be maintained if the financial condition of the insured branch warrants such action. Among the factors which will be considered in requiring a higher ratio of eligible assets are the concentration of risk to any one borrower or group of related borrowers, the concentration of transfer risk to any one country, including the country in which the foreign bank’s head office is located or any other factor the FDIC determines is relevant. Eligible assets shall be payable in United States dollars.

(b) In determining eligible assets for the purposes of compliance with paragraph (a) of this section, the insured branch shall exclude the following:

(1) Any asset due from the foreign bank’s head office, or its other branches, agencies, offices or affiliates;

(2) Any asset classified “Value Impaired,” to the extent of the required Allocated Transfer Risk Reserves or equivalent write down, or “Loss” in the most recent state or federal examination report;

(3) Any deposit of the insured branch in a bank unless the bank has executed a valid waiver of offset agreement;

(4) Any asset not supported by sufficient credit information to allow a review of the asset’s credit quality, as determined at the most recent state or federal examination, as follows:

(i) Whether an asset has sufficient credit information will be a function of the size of the borrower and the location within the foreign bank of the responsibility for authorizing and monitoring extensions of credit to the borrower. For large, well known companies, when credit responsibility is located in an office of the foreign bank outside the insured branch, the insured branch must have adequate documentation to show that the asset is of good quality and is being supervised adequately by the foreign bank. In such cases, copies of periodic memoranda that include an analysis of the borrower’s recent financial statements and a report on recent developments in the borrower’s operations and borrowing relationships with the foreign bank generally would constitute sufficient information. For other borrowers, periodic memoranda must be supplemented by information such as copies of recent financial statements, recent correspondence concerning the borrower’s financial condition and repayment history, credit terms and collateral, data on any guarantors, and
§ 347.211 Examination of branches of foreign banks.

(a) Frequency of on-site examination. Each branch or agency of a foreign bank shall be examined on-site at least once during each 12-month period (beginning on the date the most recent examination of the office ended) by:

(1) The FRB;
(2) The FDIC, if an insured branch;
(3) The OCC, if the branch or agency of the foreign bank is licensed by the OCC; or
(4) The state supervisor, if the office of the foreign bank is licensed or chartered by the state.

(b) 18-month cycle for certain small institutions. (1) Mandatory standards. The FDIC may conduct a full-scope, on-site examination at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the insured branch:

(i) Has total assets of less than $500 million;
(ii) Has received a composite ROCA supervisory rating (which rates risk management, operational controls, compliance, and asset quality) of 1 or 2 at its most recent examination;
(iii) Satisfies the requirement of either the following paragraph (b)(iii)(A) or (B):

(A) The foreign bank’s most recently reported capital adequacy position consists of, or is equivalent to, Tier 1 and total risk-based capital ratios of at least 6 percent and 10 percent, respectively, on a consolidated basis; or
(B) The insured branch has maintained on a daily basis, over the past three quarters, eligible assets in an amount not less than 108 percent of the preceding quarter’s average third party liabilities (determined consistent with applicable federal and state law) and sufficient liquidity is currently available to meet its obligations to third parties;

(iv) Is not subject to a formal enforcement action or order by the FRB, FDIC, or the OCC; and

(v) Has not experienced a change in control during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.

(2) Discretionary standards. In determining whether an insured branch that meets the standards of paragraph (b)(1) of this section should not be eligible for an 18-month examination cycle pursuant to this paragraph (b), the FDIC
may consider additional factors, including whether:

(i) Any of the individual components of the ROCA supervisory rating of an insured branch is rated “3” or worse;

(ii) The results of any off-site monitoring indicate a deterioration in the condition of the insured branch;

(iii) The size, relative importance, and role of a particular insured branch when reviewed in the context of the foreign bank’s entire U.S. operations otherwise necessitate an annual examination; and

(iv) The condition of the parent foreign bank gives rise to such a need.

(c) Authority to conduct more frequent examinations. Nothing in paragraphs (a) and (b) of this section limits the authority of the FDIC to examine any insured branch as frequently as it deems necessary.

[70 FR 17560, Apr. 6, 2005; 70 FR 20704, April 21, 2005, as amended at 72 FR 17803, Apr. 10, 2007]

§ 347.212 FDIC approval to conduct activities that are not permissible for federal branches.

(a) Scope. A foreign bank operating an insured state branch which desires to engage in or continue to engage in any type of activity that is not permissible for a federal branch, pursuant to the National Bank Act (12 U.S.C. 21 et seq.) or any other federal statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction, must file a written application for permission to conduct such activity with the FDIC.

(b) Exceptions. If the FDIC has already determined, pursuant to part 362 of this chapter, “Activities and Investment of Insured State Banks,” that an activity does not present a significant risk to the Deposit Insurance Fund, no application is required under paragraph (a) of this section for a foreign bank operating an insured branch to engage or continue to engage in the same activity.

(c) Agency activities. A foreign bank operating an insured state branch is not required to submit an application pursuant to paragraph (a) of this section to engage in or continue engaging in an activity conducted as agent if the activity is:

(1) Permissible agency activity for a state-chartered bank located in the state which the state-licensed insured branch of the foreign bank is located;

(2) Permissible agency activity for a state-licensed branch of a foreign bank located in that state; and

(3) Permissible pursuant to any other applicable federal law or regulation.

(d) Conditions of approval. (1) Approval of such an application required by paragraph (a) of this section may be conditioned on the agreement by the foreign bank and its insured state branch to conduct the activity subject to specific limitations, which may include pledging of assets in excess of the asset pledge and asset maintenance requirements contained in §§347.209 and 347.210.

(2) In the case of an application to initially engage in an activity, as opposed to an application to continue to conduct an activity, the insured state branch shall not commence the activity until it has been approved in writing by the FDIC pursuant to this part and the FRB, and any and all conditions imposed in such approvals have been satisfied.

(e) Divestiture or cessation. (1) If an application for permission to continue to conduct an activity is not approved by the FDIC or the FRB, the applicant shall submit a plan of divestiture or cessation of the activity to the appropriate regional director.

(2) A foreign bank operating an insured state branch which elects not to apply to the FDIC for permission to continue to conduct an activity which is rendered impermissible by any change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction shall submit a plan of divestiture or cessation to the appropriate regional director.

(3) All plans of divestitures or cessation required by this paragraph must be completed within one year from the date of the disapproval, or within such shorter period as the FDIC may direct.
§ 347.213 Establishment or operation of uninsured foreign branch.

(a) A foreign bank may establish or operate a state branch, as provided by state law, without federal deposit insurance whenever:

1. The branch only accepts initial deposits in an amount equal to the SMDIA or greater; or
2. The branch meets the criteria set forth in §§347.214 or 347.215.

(b) [Reserved]

§ 347.214 Branch established under section 5 of the International Banking Act.

A foreign bank may operate any state branch as a noninsured branch whenever the foreign bank has entered into an agreement with the FRB to accept at that branch only those deposits as would be permissible for a corporation organized under section 25(a) of the Federal Reserve Act (12 U.S.C. 611 et seq.) and implementing rules and regulations administered by the FRB (12 CFR 211).

§ 347.215 Exemptions from deposit insurance requirement.

(a) Deposit activities not requiring insurance. A State branch will not be considered to be engaged in domestic retail deposit activity that requires the foreign bank parent to establish an insured U.S. bank subsidiary if the State branch accepts initial deposits only in an amount of less than an amount equal to the SMDIA that are derived solely from the following:

1. Individuals who are not citizens or residents of the United States at the time of the initial deposit;
2. Individuals who:
   (i) Are not citizens of the United States;
   (ii) Are residents of the United States; and
   (iii) Are employed by a foreign bank, foreign business, foreign government, or recognized international organization;
3. Persons (including immediate family members of natural persons) to whom the branch or foreign bank (including any affiliate thereof) has extended credit or provided other non-deposit banking services within the past twelve months or has entered into a written agreement to provide such services within the next twelve months;
4. Foreign businesses, large United States businesses, and persons from whom an Edge or agreement corporation may accept deposits under 12 CFR 211.6(a)(1);
5. Any governmental unit, including the United States government, any state government, any foreign government and any political subdivision or agency of any of the foregoing, and recognized international organizations;
6. Persons who are depositing funds in connection with the issuance of a financial instrument by the branch for the transmission of funds or the transmission of such funds by any electronic means; and
7. Any other depositor, but only if:
   (i) The branch’s average deposits under this paragraph (a)(7) do not exceed one percent of the branch’s average total deposits, as calculated under paragraph (a)(7)(ii) if this section (de minimis exception).
   (ii) For purposes of calculating this exception:
      (A) The branch’s average deposits under this paragraph and the average total deposits must be computed by summing the close of business figures for each of the last 30 calendar days, ending with and including the last day of the calendar quarter, and dividing the resulting sum by 30;
      (B) For days on which the branch is closed, balances from the last previous business day are to be used;
      (C) The branch may exclude deposits in the branch of other offices, branches, agencies or wholly owned subsidiaries of the bank to determine its average deposits;
      (D) The branch must not solicit deposits from the general public by advertising, display of signs, or similar activity designed to attract the attention of the general public; and

E) A foreign bank that has more than one state branch in the same state may aggregate deposits in such branches (excluding deposits of other branches, agencies or wholly owned subsidiaries of the bank) for the purpose of this paragraph (a)(7).

(b) Application for an exemption. (1) Whenever a foreign bank proposes to accept at a State branch initial deposits of less than an amount equal to the SMDIA and such deposits are not otherwise exempted under paragraph (a) of this section, the foreign bank may apply to the FDIC for consent to operate the branch as a noninsured branch. The Board of Directors may exempt the branch from the insurance requirement if the branch is not engaged in domestic retail deposit activities requiring insurance protection. The Board of Directors will consider the size and nature of depositors and deposit accounts, the importance of maintaining and improving the availability of credit to all sectors of the United States economy, including the international trade finance sector of the United States economy, whether the exemption would give the foreign bank an unfair competitive advantage over United States banking organizations, and any other relevant factors in making this determination.

(2) Procedures for applications under this section are set out in §303.186.

(c) Transition period. A noninsured state branch may maintain a retail deposit lawfully accepted prior to April 1, 1996 pursuant to regulations in effect prior to July 1, 1996:

(1) If the deposit qualifies pursuant to paragraph (a) or (b) of this section; or
(2) If the deposit does not qualify pursuant to paragraph (a) or (b) of this section, in the case of a time deposit, no later than the first maturity date of the time deposit after April 1, 1996.

[70 FR 17560, Apr. 6, 2005, as amended at 74 FR 47718, Sept. 17, 2009]

§ 347.216 Depositor notification.

Any state branch that is exempt from the insurance requirement pursuant to §347.215 shall:

(a) Display conspicuously at each window or place where deposits are usually accepted a sign stating that deposits are not insured by the FDIC; and
(b) Include in bold face conspicuous type on each signature card, passbook, and instrument evidencing a deposit the statement “This deposit is not insured by the FDIC”; or require each depositor to execute a statement which acknowledges that the initial deposit and all future deposits at the branch are not insured by the FDIC. This acknowledgment shall be retained by the branch so long as the depositor maintains any deposit with the branch. This provision applies to any negotiable certificates of deposit made in a branch on or after July 6, 1989, as well as to any renewals of such deposits which become effective on or after July 6, 1989.

Subpart C—International Lending

§ 347.301 Purpose, authority, and scope.

§ 347.302 Definitions.

For the purposes of this subpart:
(a) Administrative cost means those costs which are specifically identified with negotiating, processing and consummating the loan. These costs include, but are not necessarily limited to: legal fees; costs of preparing and processing loan documents; and an allocable portion of salaries and related benefits of employees engaged in the international lending function. No portion of supervisory and administrative expenses or other indirect expenses such as occupancy and other similar overhead costs shall be included.
(b) Banking institution means an insured state nonmember bank.
(c) Federal banking agencies means the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation.
(d) International assets means those assets required to be included in banking institutions’ “Country Exposure Report” form (FFIEC No. 009).
(e) **International loan** means a loan as defined in the instructions to the “Report of Condition and Income” for the respective banking institution (FFIEC Nos. 031, 032, 033 and 034) and made to a foreign government, or to an individual, a corporation, or other entity not a citizen of, resident in, or organized or incorporated in the United States.

(f) **Restructured international loan** means a loan that meets the following criteria:

1. The borrower is unable to service the existing loan according to its terms and is a resident of a foreign country in which there is a generalized inability of public and private sector obligors to meet their external debt obligations on a timely basis because of a lack of, or restraints on the availability of, needed foreign exchange in the country; and

2. Either:
   - (i) The terms of the existing loan are amended to reduce stated interest or extend the schedule of payments; or
   - (ii) A new loan is made to, or for the benefit of, the borrower, enabling the borrower to service or refinance the existing debt.

(g) **Transfer risk** means the possibility that an asset cannot be serviced in the currency of payment because of a lack of, or restraints on the availability of, needed foreign exchange in the country of the obligor.

§ 347.303 Allocated transfer risk reserve.

(a) **Establishment of Allocated Transfer Risk Reserve.** A banking institution shall establish an allocated transfer risk reserve (ATRR) for specified international assets when required by the FDIC in accordance with this section.

(b) **Procedures and standards—(1) Joint agency determination.** At least annually, the federal banking agencies shall determine jointly, based on the standards set forth in paragraph (b)(2) of this section, the following:

1. Which international assets subject to transfer risk warrant establishment of an ATRR;
2. The amount of the ATRR for the specified assets; and
3. Whether an ATRR established for specified assets may be reduced.

(2) **Standards for requiring ATRR—(1) Evaluation of assets.** The federal banking agencies shall apply the following criteria in determining whether an ATRR is required for particular international assets:

A. Whether the quality of a banking institution’s assets has been impaired by a protracted inability of public or private obligors in a foreign country to make payments on their external indebtedness as indicated by such factors, among others, as whether:

1. Such obligors have failed to make full interest payments on external indebtedness; or
2. Such obligors have failed to comply with the terms of any restructured indebtedness; or
3. A foreign country has failed to comply with any International Monetary Fund or other suitable adjustment program; or
4. Whether no definite prospects exist for the orderly restoration of debt service.

(2) **Determination of amount of ATRR.**

1. **(A) Evaluation of assets.** The federal banking agencies shall apply the following criteria in determining the amount of the ATRR:

   1. The length of time the quality of the asset has been impaired;
   2. Recent actions taken to restore debt service capability;
   3. Prospects for restored asset quality; and
   4. Such other factors as the federal banking agencies may consider relevant to the quality of the asset.

2. **(B) Provisions for ATRR.**

   1. In determining the amount of the ATRR, the federal banking agencies shall consider:

   1. The principal amount of the asset;
   2. The length of time the quality of the asset has been impaired; or
   3. Such other factors as the federal banking agencies may consider relevant to the quality of the asset.

2. **FDIC notification.** Based on the joint agency determinations under paragraph (b)(1) of this section, the FDIC shall notify each banking institution holding assets subject to an ATRR:
Federal Deposit Insurance Corporation

§ 347.305

(i) Of the amount of the ATRR to be established by the institution for specified international assets; and
(ii) That an ATRR established for specified assets may be reduced.

(c) Accounting treatment of ATRR—(1) Charge to current income. A banking institution shall establish an ATRR by a charge to current income and the amounts so charged shall not be included in the banking institution’s capital or surplus.

(2) Separate accounting. A banking institution shall account for an ATRR separately from the Allowance for Loan and Lease Losses, and shall deduct the ATRR from “gross loans and leases” to arrive at “net loans and leases.” The ATRR must be established for each asset subject to the ATRR in the percentage amount specified.

(3) Consolidation. A banking institution shall establish an ATRR, as required, on a consolidated basis. For banks, consolidation should be in accordance with the procedures and tests of significance set forth in the instructions for preparation of Consolidated Reports of Condition and Income (FFIEC Nos. 031, 032, 033 and 034).

(4) Alternative accounting treatment. A banking institution need not establish an ATRR if it writes down in the period in which the ATRR is required, or has written down in prior periods, the value of the specified international assets in the requisite amount for each such asset. For purposes of this paragraph (c)(4), international assets may be written down by a charge to the Allowance for Loan and Lease Losses or a reduction in the principal amount of the asset by application of interest payments or other collections on the asset; provided, that only those international assets that may be charged to the Allowance for Loan and Lease Losses pursuant to generally accepted accounting principles may be written down by a charge to the Allowance for Loan and Lease Losses or a reduction in the principal amount of the asset by application of interest payments or other collections on the asset. However, the Allowance for Loan and Lease Losses must be replenished in such amount necessary to restore it to a level which adequately provides for the estimated losses inherent in the banking institution’s loan and lease portfolio.

(5) Reduction of ATRR. A banking institution may reduce an ATRR when notified by the FDIC or, at any time, by writing down such amount of the international asset for which the ATRR was established.

§ 347.304 Accounting for fees on international loans.

(a) Restrictions on fees for restructured international loans. No banking institution shall charge, in connection with the restructuring of an international loan, any fee exceeding the administrative cost of the restructuring unless it amortizes the amount of the fee exceeding the administrative cost over the effective life of the loan.

(b) Accounting treatment. Subject to paragraph (a) of this section, banking institutions shall account for fees on international loans in accordance with generally accepted accounting principles.

§ 347.305 Reporting and disclosure of international assets.

(a) Requirements. (1) Pursuant to section 907(a) of ILSA, a banking institution shall submit to the FDIC, at least quarterly, information regarding the amounts and composition of its holdings of international assets.

(2) Pursuant to section 907(b) of ILSA, a banking institution shall submit to the FDIC information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the FDIC on request.

(b) Procedures. The format, content and reporting and filing dates of the reports required under paragraph (a) of this section shall be determined jointly by the federal banking agencies. The requirements to be prescribed by the federal banking agencies may include changes to existing forms (such as revisions to the Country Exposure Report, Form FFIEC No. 009) or such other requirements as the federal banking agencies deem appropriate. The federal banking agencies also may determine to exempt from the requirements of paragraph (a) of this section banking institutions that, in the federal banking agencies’ judgment, have de minimis holdings of international assets.
(c) Reservation of Authority. Nothing contained in this subpart shall preclude the FDIC from requiring from a banking institution such additional or more frequent information on the institution’s holdings of international assets as the agency may consider necessary.

PART 348—MANAGEMENT OFFICIAL INTERLOCKS

348.8 Enforcement.

SOURCE: 61 FR 40305, Aug. 2, 1996, unless otherwise noted.

§ 348.1 Authority, purpose, and scope.

(a) Authority. This part is issued under the provisions of the Depository Institution Management Interlocks Act (Interlocks Act) (12 U.S.C. 3201 et seq.), as amended.

(b) Purpose. The purpose of the Interlocks Act and this part is to foster competition by generally prohibiting a management official from serving two nonaffiliated depository organizations in situations where the management interlock likely would have an anti-competitive effect.

(c) Scope. This part applies to management officials of insured nonmember banks and their affiliates.

§ 348.2 Definitions.

For purposes of this part, the following definitions apply:

(a) Affiliate. (1) The term affiliate has the meaning given in section 202 of the Interlocks Act (12 U.S.C. 3201). For purposes of section 202, shares held by an individual include shares held by members of his or her immediate family. “Immediate family” means spouse, mother, father, child, grandchild, sister, brother or any of their spouses, whether or not any of their shares are held in trust.

(2) For purposes of section 202(3) of the Interlocks Act (12 U.S.C. 3201(3)), an affiliate relationship involving an insured nonmember bank based on common ownership does not exist if the FDIC determines, after giving the affected persons the opportunity to respond, that the asserted affiliation was established in order to avoid the prohibitions of the Interlocks Act and does not represent a true commonality of interest between the depository organizations. In making this determination, the FDIC considers, among other things, whether a person, including members of his or her immediate family whose shares are necessary to constitute the group, owns a nominal percentage of the shares of one of the organizations and the percentage is substantially disproportionate to that person’s ownership of shares in the other organization.

(b) Area median income means:

(1) The median family income for the metropolitan statistical area (MSA), if a depository organization is located in an MSA; or

(2) The statewide nonmetropolitan median family income, if a depository organization is located outside an MSA.

(c) Community means a city, town, or village, and contiguous or adjacent cities, towns, or villages.

(d) Contiguous or adjacent cities, towns, or villages means cities, towns, or villages whose borders touch each other or whose borders are within 10 road miles of each other at their closest points. The property line of an office located in an unincorporated city, town, or village is the boundary line of that city, town, or village for the purpose of this definition.

(e) Depository holding company means a bank holding company or a savings and loan holding company (as more fully defined in section 202 of the Interlocks Act (12 U.S.C. 3201)) having its principal office located in the United States.

(f) Depository institution means a commercial bank (including a private bank), a savings bank, a trust company, a savings and loan association, a building and loan association, a home- stead association, a cooperative bank, an industrial bank, or a credit union,
chartered under the laws of the United States and having a principal office located in the United States. Additionally, a United States office, including a branch or agency, of a foreign commercial bank is a depository institution.

(g) **Depository institution affiliate** means a depository institution that is an affiliate of a depository organization.

(h) **Depository organization** means a depository institution or a depository holding company.

(i) **Low- and moderate-income areas** means census tracts (or, if an area is not in a census tract, block numbering areas delineated by the United States Bureau of the Census) where the median family income is less than 100 percent of the area median income.

(j) **Management official.** (1) The term management official means:

   (i) A director;

   (ii) An advisory or honorary director of a depository institution with total assets of $100 million or more;

   (iii) A senior executive officer as that term is defined in 12 CFR 303.101(b).

   (iv) A branch manager;

   (v) A trustee of a depository organization under the control of trustees; and

   (vi) Any person who has a representative or nominee serving in any of the capacities in this paragraph (j)(1).

   (2) The term management official does not include:

   (i) A person whose management functions relate exclusively to the business of retail merchandising or manufacturing;

   (ii) A person whose management functions relate principally to the business outside the United States of a foreign commercial bank; or

   (iii) A person described in the provisions of section 202(4) of the Interlocks Act (12 U.S.C. 3201(4)) (referring to an officer of a State-chartered savings bank, cooperative bank, or trust company that neither makes real estate mortgage loans nor accepts savings).

   (k) **Office** means a principal or branch office of a depository institution located in the United States. Office does not include a representative office of a foreign commercial bank, an electronic terminal, or a loan production office.

   (l) **Person** means a natural person, corporation, or other business entity.

   (m) **Relevant metropolitan statistical area (RMSA)** means an MSA, a primary MSA, or a consolidated MSA that is not comprised of designated Primary MSAs to the extent that these terms are defined and applied by the Office of Management and Budget.

   (n) **Representative or nominee** means a natural person who serves as a management official and has an obligation to act on behalf of another person with respect to management responsibilities.

   The FDIC will find that a person has an obligation to act on behalf of another person only if the first person has an agreement, express or implied, to act on behalf of the second person with respect to management responsibilities.

   The FDIC will determine, after giving the affected persons an opportunity to respond, whether a person is a representative or nominee.

   (o) **Total assets.** (1) The term total assets includes assets measured on a consolidated basis and reported in the most recent fiscal year-end Consolidated Report of Condition and Income.

   (2) The term total assets does not include:

   (i) Assets of a diversified savings and loan holding company as defined by section 10(a)(1)(F) of the Home Owners’ Loan Act (12 U.S.C. 1467a(a)(1)(F)) other than the assets of its depository institution affiliate;

   (ii) Assets of a bank holding company that are exempt from the prohibitions of section 4 of the Bank Holding Company Act of 1956 pursuant to an order issued under section 4(d) of that Act (12 U.S.C. 1843(d)) other than the assets of its depository institution affiliate; or

   (iii) Assets of offices of a foreign commercial bank other than the assets of its United States branch or agency.

   (p) **United States** means the United States of America, any State or territory of the United States of America, the District of Columbia, Puerto Rico, Guam, American Samoa, and the Virgin Islands.

§ 348.3 Prohibitions.

(a) Community. A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same community.

(b) RMSA. A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same RMSA and each depository organization has total assets of $50 million or more.

(c) Major assets. A management official of a depository organization with total assets exceeding $2.5 billion (or any affiliate of such an organization) may not serve at the same time as a management official of an unaffiliated depository organization with total assets exceeding $1.5 billion (or any affiliate of such an organization), regardless of the location of the two depository organizations. The FDIC will adjust these thresholds, as necessary, based on the year-to-year change in the average of the Consumer Price Index for the Urban Wage Earners and Clerical Workers, not seasonally adjusted, with rounding to the nearest $100 million. The FDIC will announce the revised thresholds by publishing a final rule without notice and comment in the Federal Register.

§ 348.4 Interlocking relationships permitted by statute.

The prohibitions of §348.3 do not apply in the case of any one or more of the following organizations or to a subsidiary thereof:

(a) A depository organization that has been placed formally in liquidation, or which is in the hands of a receiver, conservator, or other official exercising a similar function;

(b) A corporation operating under section 25 or section 25A of the Federal Reserve Act (12 U.S.C. 601 et seq., and 12 U.S.C. 611 et seq., respectively) (Edge Corporations and Agreement Corporations);

(c) A credit union being served by a management official of another credit union;

(d) A depository organization that does not do business within the United States except as an incident to its activities outside the United States;

(e) A State-chartered savings and loan guaranty corporation;

(f) A Federal Home Loan bank or any other bank organized solely to serve depository institutions (a bankers’ bank) or solely for the purpose of providing securities clearing services and services related thereto for depository institutions and securities companies;

(g) A depository organization that is closed or is in danger of closing as determined by the appropriate Federal depository institutions regulatory agency and is acquired by another depository organization. This exemption lasts for five years, beginning on the date the depository organization is acquired;

(h) A savings association whose acquisition has been authorized on an emergency basis in accordance with section 13(k) of the Federal Deposit Insurance Act (12 U.S.C. 1823(k)) with resulting dual service by a management official that would otherwise be prohibited under the Interlocks Act which may continue for up to 10 years from the date of the acquisition provided that the FDIC has given its approval for the continuation of such service; and

(i)(1) A diversified savings and loan holding company (as defined in section 10(a)(1)(F) of the Home Owners’ Loan Act (12 U.S.C. 1467a(a)(1)(F))) with respect to the service of a director of such company who is also a director of an unaffiliated depository organization if:

(ii) Both the diversified savings and loan holding company and the unaffiliated depository organization notify their appropriate Federal depository institutions regulatory agency at least 60 days before the dual service is proposed to begin; and

(ii) The appropriate regulatory agency does not disapprove the dual service before the end of the 60-day period.
(2) The FDIC may disapprove a notice of proposed service if it finds that:
   (i) The service cannot be structured or limited so as to preclude an anti-competitive effect in financial services in any part of the United States;
   (ii) The service would lead to substantial conflicts of interest or unsafe or unsound practices; or
   (iii) The notificant failed to furnish all the information required by the FDIC.

(3) The FDIC may require that any interlock permitted under this paragraph (h) be terminated if a change in circumstances occurs with respect to one of the interlocked depository organizations that would have provided a basis for disapproval of the interlock during the notice period.

§ 348.5 Small market share exemption.

(a) Exemption. A management interlock that is prohibited by §348.3 is permissible, if:
   (1) The interlock is not prohibited by §348.3(c); and
   (2) The depository organizations (and their depository institution affiliates) hold, in the aggregate, no more than 20 percent of the deposits in each RMSA or community in which both depository organizations (or their depository institution affiliates) have offices. The amount of deposits shall be determined by reference to the most recent annual Summary of Deposits published by the FDIC for the RMSA or community.

(b) Confirmation and records. Each depository organization must maintain records sufficient to support its determination of eligibility for the exemption under paragraph (a) of this section, and must reconfirm that determination on an annual basis.

[64 FR 51680, Sept. 24, 1999]

§ 348.6 General exemption.

(a) Exemption. The FDIC may by agency order exempt an interlock from the prohibitions in §348.3 if the FDIC finds that the interlock would not result in a monopoly or substantial lessening of competition if the depository organization seeking to add a management official:
   (1) Primarily serves low-and moderate-income areas;
   (2) Is controlled or managed by persons who are members of a minority group, or women;
   (3) Is a depository institution that has been chartered for less than two years; or
   (4) Is deemed to be in “troubled condition” as defined in §303.101(c).

(b) Duration. Unless a shorter expiration period is provided in the FDIC approval, an exemption permitted by paragraph (a) of this section may continue so long as it does not result in a monopoly or substantial lessening of competition, or is unsafe or unsound. If the FDIC grants an interlock exemption in reliance upon a presumption under paragraph (b) of this section, the interlock may continue for three years, unless otherwise provided by the FDIC in writing.

(d) Procedures. Procedures for applying for an exemption under this section are set forth in 12 CFR 303.249.

[64 FR 51680, Sept. 24, 1999, as amended at 71 FR 20527, Apr. 21, 2006]

§ 348.7 Change in circumstances.

(a) Termination. A management official shall terminate his or her service or apply for an exemption if a change in circumstances causes the service to become prohibited. A change in circumstances may include an increase in asset size of an organization, a change in the delineation of the RMSA or community, the establishment of an office, an increase in the aggregate deposits of the depository organization, or an acquisition, merger, consolidation, or reorganization of the ownership structure of a depository organization that causes a previously permissible interlock to become prohibited.

(b) Transition period. A management official described in paragraph (a) of this section may continue to serve the insured nonmember bank involved in the interlock for 15 months following the date of the change in circumstances. The FDIC may shorten
§ 348.8 Enforcement.

Except as provided in this section, the FDIC administers and enforces the Interlocks Act with respect to insured nonmember banks and their affiliates and may refer any case of a prohibited interlocking relationship involving these entities to the Attorney General of the United States to enforce compliance with the Interlocks Act and this part. If an affiliate of an insured nonmember bank is subject to the primary regulation of another federal depository organization supervisory agency, then the FDIC does not administer and enforce the Interlocks Act with respect to that affiliate.

A bank shall make its annual disclosure statement available to the public beginning not later than the following March 31 or, if the bank mails an annual report to its shareholders, beginning not later than five days after the mailing of such reports, whichever occurs first. § 350.4 Contents of annual disclosure statement.

(a) Financial reports. The annual disclosure statement for any year shall reflect a fair presentation of the bank’s financial condition at the end of that year and the preceding year and, except for state-licensed branches of foreign banks, the results of operations for each such year. The annual disclosure statement may, at the option of bank management, consist of the bank’s entire Call Report, or applicable portions thereof, for the relevant dates and periods. At a minimum, the statement must contain information comparable to that provided in the following Call Report schedules:

§ 350.7 Notice and availability.

For disclosure statements available on request, the announcement shall indicate at a minimum an address and telephone number to which requests may be directed. The first copy of the annual disclosure statement shall be provided to a shareholder without charge.

(b) Customers and the general public. In the lobby of its main office and each branch, the bank shall at all times display a notice that the annual disclosure statement may be obtained from the bank. § 350.9 Disclosure of examination reports.

Except as permitted under specific provisions of the FDIC’s regulations (12 CFR part 309), a bank may not disclose any report of examination or report of supervisory activity or any portion thereof prepared by the FDIC. The bank also shall not make any representation concerning such report or the findings therein.

(b) Participating persons. For purposes of this part, a person participating in the affairs of a bank shall include (but not be limited to) any person who provides information contained in, or directly or indirectly assists in the preparation of, the annual disclosure statement.

(c) Enforcement actions. Conduct that violates paragraph (a) of this section may constitute an unsafe or unsound banking practice or otherwise serve as a basis for an enforcement action by the FDIC.

§ 350.11 Safe harbor provision.

The provisions of § 350.10 shall not apply unless it is shown that the information disclosed was included without a reasonable basis or other than in good faith.

§ 350.12 Disclosure required by applicable banking or securities law or regulations.

The requirements of this part are not intended to replace or waive any disclosure required to be made under applicable banking or securities law or regulations.

§ 352.1 Purpose.

(a) One purpose of this part is to implement the spirit of section 504 of the Rehabilitation Act of 1973 (the Rehabilitation Act) as amended by section 119 of the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978 and the Workforce Investment Act of 1998. Section 504 prohibits discrimination on the basis of disability in programs and activities conducted by a federal executive agency. Although the FDIC does not believe that Congress contemplated coverage of non-appropriated, independent regulatory agencies such as the FDIC, the FDIC has chosen to promulgate this final regulation to ensure that, to the extent practicable, persons with disabilities are provided with equal access to FDIC programs and activities.

(b) This part is also intended to implement section 508 of the Rehabilitation Act as amended. Section 508 requires each federal agency or department to ensure that the electronic and information technology they procure allows individuals with disabilities access to that technology comparable to the access of those who are not disabled, unless the agency would incur an undue burden.

§ 352.2 Application.

(a) This part applies to all programs, activities, and electronic and information technology developed, procured, maintained, used or conducted by the FDIC. The following programs and activities involve the direct provision of benefits and services to, or participation by, members of the public:

(2) Making inquiries or filing complaints at the FDIC Office of Legislative Affairs and Office of Public Affairs;

(3) Using the FDIC library in Washington, DC;

(4) Using the FDIC Web site on the Internet;

(b) This regulation governs the conduct of FDIC personnel in their interaction with employees of insured banks and employees of other state or federal agencies while discharging the FDIC’s statutory obligations as insurer and/or receiver of financial institutions. It does not apply to financial institutions insured by the FDIC.

(c) Although application for employment and employment with the FDIC are programs and activities of the FDIC for purposes of this regulation, they shall be governed only by the standards set forth in §352.6 of this part.

§ 352.3 Definitions.

For purposes of this part, the term—

(a) “Auxiliary aids” means services or devices that enable persons with impaired sensory, manual, or speaking skills to have an equal opportunity to participate in, and enjoy the benefits of, the FDIC programs or activities, and Electronic and Information Technology set forth in §352.2.

(b) “Electronic and Information Technology” (“EIT”) has the same meaning as “information technology” except EIT also includes any equipment or interconnected system or subsystem of equipment that is used in the creation, conversion, or duplication of data or information. The term EIT includes, but is not limited to, telecommunication products (such as telephones), information kiosks and transaction machines, worldwide web sites, multimedia, and office equipment (such as copiers and fax machines).
§ 352.4 Nondiscrimination in any program or activity conducted by the FDIC.

In accordance with section 504 of the Rehabilitation Act, no qualified individual with a disability shall, solely by reason of his or her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any program or activity conducted by the FDIC.

§ 352.5 Accessibility to electronic and information technology.

(a) In accordance with section 508 of the Rehabilitation Act, the FDIC shall ensure, absent an undue burden, that the electronic and information technology the agency develops, procures, maintains or allows:

(1) Individuals with disabilities who are FDIC employees or applicants to have access to and use of information and data that is comparable to the access to and use of information and data by FDIC employees or applicants who are not individuals with disabilities; and

(2) Individuals with disabilities who are members of the public seeking information or services from the FDIC to have access to and use of information and data that is comparable to the access to and use of information and data by members of the public who are not individuals with disabilities.

(b) When development or procurement of electronic and information technology that meets the standards published by the Architectural and Transportation Barriers Compliance Board, 36 CFR 1194, would pose an undue burden, the FDIC shall provide individuals with disabilities covered by paragraph (a) of this section with the information and data by an alternative means of access that allows the individuals to use the information and data.

§ 352.6 Employment.

No qualified individual with a disability shall, on the basis of that disability, be subjected to discrimination in employment in any program or activity conducted by the FDIC. The definitions, requirements, and procedures (including those pertaining to employment discrimination complaints) of
§ 352.7 Accessibility of programs and activities: Existing facilities.

The FDIC shall operate each of the programs or activities set forth in §352.2 of this part so that when viewed in its entirety, the program or activity is readily accessible to and usable by individuals with disabilities.

§ 352.8 Program accessibility: New construction and alterations.

Each building or part of a building, whether newly constructed, or substantially altered, in which FDIC programs or activities will be conducted, shall be designed, constructed or altered so as to be readily accessible to, and usable by, individuals with disabilities.

§ 352.9 Communications.

(a) The FDIC shall take appropriate steps to ensure effective communication with participants in FDIC programs, activities and EIT.

(c) The FDIC shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, facilities and EIT. Interested persons may obtain such information by calling, writing or visiting the FDIC Office of Diversity and Economic Opportunity (ODEO), located at 3501 Fairfax Drive, Arlington, VA 22226. The FDIC telephone number is (877) 275-3342 or (703) 562-2473 (TTY).

§ 352.10 Compliance procedures.

(a) Applicability. Paragraph (b) of this section applies to employment complaints. The remaining sections concern complaints alleging disability discrimination in FDIC programs or activities and denial of technology access.

(c) Informal process. A complainant shall first exhaust informal administrative procedures before filing a formal complaint alleging disability discrimination in FDIC programs or activities, or a denial of technology access. The FDIC’s Office of Diversity and Economic Opportunity shall be responsible for coordinating implementation of this section. An aggrieved individual initiates the process by filing an informal complaint with ODEO within 180 calendar days from the date of the alleged disability discrimination or denial of access to electronic information technology. An informal complaint for denial of technology access must clearly identify the...
§ 352.11 Notice.

The FDIC shall make available to employees, applicants, participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the programs or activities conducted by the FDIC, and make such information available to them in such manner as the Chairman or designee finds necessary to apprise such persons of the protections against discrimination under section 504 or technology access provided under section 508 and this regulation.

PART 353—SUSPICIOUS ACTIVITY REPORTS

Sec. 353.1 Purpose and scope. 353.2 Definitions. 353.3 Reports and records.

SOURCE: 61 FR 6099, Feb. 16, 1996, unless otherwise noted.

§ 353.1 Purpose and scope.

The purpose of this part is to ensure that an insured state nonmember bank files a Suspicious Activity Report when it detects a known or suspected criminal violation of federal law or a suspicious transaction related to a money laundering activity or a violation of the Bank Secrecy Act. This part applies to all insured state nonmember
banks as well as any insured, state-licensed branches of foreign banks.

§ 353.2 Definitions.
For the purposes of this part:
(a) FinCEN means the Financial Crimes Enforcement Network of the Department of the Treasury.
(b) Institution-affiliated party means any institution-affiliated party as that term is defined in sections 3(u) and 8(b)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1813(u) and 1818(b)(5)).

§ 353.3 Reports and records.
(a) Suspicious activity reports required. A bank shall file a suspicious activity report with the appropriate federal law enforcement agencies and the Department of the Treasury, in accordance with the form’s instructions, by sending a completed suspicious activity report to FinCEN in the following circumstances:
(1) Insider abuse involving any amount. Whenever the bank detects any known or suspected federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank, where the bank believes it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, and the bank has a substantial basis for identifying one of the bank’s directors, officers, employees, agents, or other institution-affiliated parties as having committed or aided in the commission of the criminal violation, regardless of the amount involved in the violation;
(2) Transactions aggregating $5,000 or more where a suspect can be identified. Whenever the bank detects any known or suspected federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank, and involving or aggregating $5,000 or more in funds or other assets, where the bank believes it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, and the bank has a substantial basis for identifying a possible suspect or group of suspects. If it is determined prior to filing this report that the identified suspect or group of suspects has used an “alias”, then information regarding the true identity of the suspect or group of suspects, as well as alias identifiers, such as driver’s license or social security numbers, addresses and telephone numbers, must be reported;
(3) Transactions aggregating $25,000 or more regardless of potential suspects. Whenever the bank detects any known or suspected federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank, involving or aggregating $25,000 or more in funds or other assets, where the bank believes it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, even though the bank has no substantial basis for identifying a possible suspect or group of suspects;
(4) Transactions aggregating $5,000 or more that involve potential money laundering or violations of the Bank Secrecy Act. Any transaction (which for purposes of this paragraph (a)(4) means a deposit, withdrawal, transfer between accounts, exchange of currency, loan, extension of credit, purchase or sale of any stock, bond, certificate of deposit, or other monetary instrument or investment security, or any other payment, transfer, or delivery by, through, or to a financial institution, by whatever means effected) conducted or attempted by, at or through the bank and involving or aggregating $5,000 or more in funds or other assets. If the bank knows, suspects, or has reason to suspect that:
(i) The transaction involves funds derived from illegal activities or is intended or conducted in order to hide or disguise funds or assets derived from illegal activities (including, without limitation, the ownership, nature, source, location, or control of such funds or assets) as part of a plan to violate or evade any federal law or regulation or to avoid any transaction reporting requirement under federal law;
(ii) The transaction is designed to evade any regulations promulgated under the Bank Secrecy Act; or

(iii) The transaction has no business or apparent lawful purpose or is not the sort of transaction in which the particular customer would normally be expected to engage, and the bank knows of no reasonable explanation for the transaction after examining the available facts, including the background and possible purpose of the transaction.

(b) Time for reporting. (1) A bank shall file the suspicious activity report no later than 30 calendar days after the date of initial detection of facts that may constitute a basis for filing a suspicious activity report. If no suspect was identified on the date of detection of the incident requiring the filing, a bank may delay filing a suspicious activity report for an additional 30 calendar days to identify a suspect. In no case shall reporting be delayed more than 60 calendar days after the date of initial detection of a reportable transaction.

(2) In situations involving violations requiring immediate attention, such as when a reportable violation is ongoing, the bank shall immediately notify, by telephone, an appropriate law enforcement authority and the appropriate FDIC regional office (Division of Supervision and Consumer Protection (DSC)) in addition to filing a timely report.

(c) Reports to state and local authorities. A bank is encouraged to file a copy of the suspicious activity report with state and local law enforcement agencies where appropriate.

(d) Exemptions. (1) A bank need not file a suspicious activity report for a robbery or burglary committed or attempted, that is reported to appropriate law enforcement authorities.

(2) A bank need not file a suspicious activity report for lost, missing, counterfeit, or stolen securities if it files a report pursuant to the reporting requirements of 17 CFR 240.17f-1.

(e) Retention of records. A bank shall maintain a copy of any suspicious activity report filed and the original or business record equivalent of any supporting documentation for a period of five years from the date of filing the suspicious activity report. Supporting documentation shall be identified and maintained by the bank as such, and shall be deemed to have been filed with the suspicious activity report. A bank must make all supporting documentation available to appropriate law enforcement authorities upon request.

(f) Notification to board of directors. The management of a bank shall promptly notify its board of directors, or a committee thereof, of any report filed pursuant to this section. The term "board of directors" includes the managing official of an insured state-licensed branch of a foreign bank for purposes of this part.

(g) Confidentiality of suspicious activity reports. Suspicious activity reports are confidential. Any bank subpoenaed or otherwise requested to disclose a suspicious activity report or the information contained in a suspicious activity report shall decline to produce the suspicious activity report or to provide any information that would disclose that a suspicious activity report has been prepared or filed citing this part, applicable law (e.g., 31 U.S.C. 5318(g)), or both, and notify the appropriate FDIC regional office (Division of Supervision and Consumer Protection (DSC)).

(h) Safe harbor. The safe harbor provisions of 31 U.S.C. 5318(g), which exempts any bank that makes a disclosure of any possible violation of law or regulation from liability under any law or regulation of the United States, or any constitution, law or regulation of any state or political subdivision, cover all reports of suspected or known criminal violations and suspicious activities to law enforcement and financial institution supervisory authorities, including supporting documentation, regardless of whether such reports are filed pursuant to this part or are filed on a voluntary basis.
§ 357.1 Economically depressed regions.

(a) Purpose. Section 13(k)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1823(k)(5)) provides that the FDIC shall consider proposals for financial assistance for eligible insured savings associations before grounds exist for appointment of a conservator or receiver for such member. One of the criteria for eligibility is that an institution’s offices are located in an economically depressed region as determined by the FDIC.

(b) Economically depressed regions. (1) For the purpose of determining “economically depressed regions”, the FDIC will determine whether an institution qualifies as being located in an “economically depressed region” on a case-by-case basis. That determination will be based on four criteria:

(i) High unemployment rates;
(ii) Significant declines in non-farm employment;
(iii) High delinquency rates of real estate assets at insured depository institutions; and
(iv) Evidence indicating declining real estate values.

(2) In addition, the FDIC will also consider relevant information from institutions regarding their geographic market area, as well as information on whether that market is “economically depressed”.

PART 359—GOLDEN PARACHUTE AND INDEMNIFICATION PAYMENTS

§ 359.0 Scope.

(a) This part limits and/or prohibits, in certain circumstances, the ability of insured depository institutions, their subsidiaries and affiliated depository institution holding companies to enter into contracts to pay and to make golden parachute and indemnification payments to institution-affiliated parties (IAPs).

(b) The limitations on golden parachute payments apply to troubled insured depository institutions which seek to enter into contracts to pay or to make golden parachute payments to their IAPs. The limitations also apply to depository institution holding companies which are troubled and seek to enter into contracts to pay or to make golden parachute payments to their IAPs as well as healthy holding companies which seek to enter into contracts to pay or to make golden parachute payments to IAPs of a troubled insured depository institution subsidiary. A “golden parachute payment” is generally considered to be any payment to an IAP which is contingent on the termination of that person’s employment and is received when the insured depository institution making the payment is troubled or, if the payment is being made by an affiliated holding company, either the holding company itself or the insured depository institution employing the IAP, is troubled. The definition of golden parachute payment does not include payments pursuant to qualified retirement plans, non-qualified bona fide deferred compensation plans, nondiscriminatory severance pay plans, other types of common benefit plans, state statutes and death benefits. Certain limited exceptions to the golden parachute payment prohibition are provided for in cases involving the hiring of a white knight and unassisted changes in control. A procedure is also set forth whereby an institution or IAP can request permission to make what would otherwise be a prohibited golden parachute payment.

(c) The limitations on indemnification payments apply to all insured depository institutions, their subsidiaries and affiliated depository institution holding companies regardless of their financial health. Generally, this part

(d) Bona fide deferred compensation plan or arrangement means any plan, contract, agreement or other arrangement whereby:

   (i) Recognizes compensation expense and accrues a liability for the benefit payments according to generally accepted accounting principles (GAAP); or

   (ii) Segregates or otherwise sets aside assets in a trust which may only be used to pay plan and other benefits, except that the assets of such trust may be available to satisfy claims of the institution’s or holding company’s creditors in the case of insolvency; or

2. An insured depository institution or depository institution holding company establishes a nonqualified deferred compensation or supplemental retirement plan, other than an elective deferral plan described in paragraph (e)(1) of this section:

   (i) Primarily for the purpose of providing benefits for certain IAPs in excess of the limitations on contributions and benefits imposed by sections 415, 401(a)(17), 402(g) or any other applicable provision of the Internal Revenue Code of 1986 (26 U.S.C. 415, 401(a)(17), 402(g)); or

(ii) Any payment made pursuant to such plan is made in accordance with the terms of the plan as in effect no later than one year prior to any of the events described in paragraph (f)(1)(ii) of this section and in accordance with any amendments to such plan during such one year period that do not increase the benefits payable thereunder;

(iii) The IAP has a vested right, as defined under the applicable plan document, at the time of termination of employment to payments under such plan;

(iv) Benefits under such plan are accrued each period only for current or prior service rendered to the employer (except that an allowance may be made for service with a predecessor employer);

(v) Any payment made pursuant to such plan is not based on any discretionary acceleration of vesting or accrual of benefits which occurs at any time later than one year prior to any of the events described in paragraph (f)(1)(ii) of this section;

(vi) The insured depository institution or depository institution holding company has previously recognized compensation expense and accrued a liability for the benefit payments according to GAAP or segregated or otherwise set aside assets in a trust which may only be used to pay plan benefits, except that the assets of such trust may be available to satisfy claims of the institution’s or holding company’s creditors in the case of insolvency; and

(A) The insolvency (or similar event) of the insured depository institution which is making the payment or bankruptcy or insolvency (or similar event) of the depository institution holding company which is making the payment; or

(B) The appointment of any conservator or receiver for such insured depository institution; or

(C) A determination by the insured depository institution’s or depository institution holding company’s appropriate federal banking agency, respectively, that the insured depository institution or depository institution holding company is in a troubled condition, as defined in the applicable regulations of the appropriate federal banking agency (§ 303.101(c) of this chapter); or

(D) The insured depository institution is assigned a composite rating of 4 or 5 by the appropriate federal banking agency; or

(B) is payable to an IAP whose employment by or affiliation with an insured depository institution holding company is terminated at a time when the insured depository institution holding company by which the IAP is employed or with which the IAP is affiliated satisfies any of the conditions enumerated in paragraphs (f)(1)(ii)(A), (C) or (D) of this section, or in contemplation of any of these conditions.

(vi) Any severance or similar payment which is required to be made pursuant to a state statute or foreign law which is applicable to all employers within the appropriate jurisdiction (with the exception of employers that may be exempt due to their small number of employees or other similar criteria); or

(iii) Is required to cease and desist from or take any affirmative action described in section 8(b) of the Act with respect to such institution.

(2) Exceptions. (i) The term prohibited indemnification payment shall not include any reasonable payment by an insured depository institution or depository institution holding company which is used to purchase any commercial insurance policy or fidelity bond, provided that such insurance policy or bond shall not be used to pay or reimburse an IAP for the cost of any judgment or civil money penalty assessed against such person in an administrative proceeding or civil action commenced by any federal banking agency, but may pay any legal or professional expenses incurred in connection with such proceeding or action or the amount of any restitution to the insured depository institution, depository institution holding company or receiver.

(ii) The term prohibited indemnification payment shall not include any reasonable payment by an insured depository institution or depository institution holding company that represents partial indemnification for legal or professional expenses specifically attributable to particular charges for which there has been a formal and final adjudication or finding in connection with a settlement that the IAP has not
§ 359.2  Violated certain banking laws or regulations or has not engaged in certain unsafe or unsound banking practices or breaches of fiduciary duty, unless the administrative action or civil proceeding has resulted in a final prohibition order against the IAP.

§ 359.2 Golden parachute payments prohibited.

No insured depository institution or depository institution holding company shall make or agree to make any golden parachute payment, except as provided in this part.

§ 359.3 Prohibited indemnification payments.

No insured depository institution or depository institution holding company shall make or agree to make any prohibited indemnification payment, except as provided in this part.

§ 359.4 Permissible golden parachute payments.

(a) An insured depository institution or depository institution holding company may agree to make or may make a golden parachute payment if and to the extent that:

(1) The appropriate federal banking agency, with the written concurrence of the Corporation, determines that such a payment or agreement is permissible; or

(2) Such an agreement is made in order to hire a person to become an IAP either at a time when the insured depository institution or depository institution holding company satisfies or in an effort to prevent it from immediately satisfying any of the criteria set forth in § 359.1(f)(1)(i)(1), and the institution’s appropriate federal banking agency and the Corporation consent in writing to the amount and terms of the golden parachute payment. Such consent by the FDIC and the institution’s appropriate federal banking agency shall not improve the IAP’s position in the event of the insolvency of the institution since such consent can neither bind a receiver nor affect the provability of receivership claims. In the event that the institution is placed into receivership or conservatorship, the FDIC and/or the institution’s appropriate federal banking agency shall not be obligated to pay the promised golden parachute and the IAP shall not be accorded preferential treatment on the basis of such prior approval; or

(3) Such a payment is made pursuant to an agreement which provides for a reasonable severance payment, not to exceed twelve months salary, to an IAP in the event of a change in control of the insured depository institution; provided, however, that an insured depository institution or depository institution holding company shall obtain the consent of the appropriate federal banking agency prior to making such a payment and this paragraph (a)(3) shall not apply to any change in control of an insured depository institution which results from an assisted transaction as described in section 13 of the Act (12 U.S.C. 1823) or the insured depository institution being placed into conservatorship or receivership; and

(4) An insured depository institution, depository institution holding company or IAP making a request pursuant to paragraphs (a)(1) through (3) of this section shall demonstrate that it does not possess and is not aware of any information, evidence, documents or other materials which would indicate that there is a reasonable basis to believe, at the time such payment is proposed to be made, that:

(i) The IAP has committed any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the depository institution or depository institution holding company that has had or is likely to have a material adverse effect on the institution or holding company;

(ii) The IAP is substantially responsible for the insolvency of, the appointment of a conservator or receiver for, or the troubled condition, as defined by applicable regulations of the appropriate federal banking agency, of the insured depository institution, depository institution holding company or any insured depository institution subsidiary of such holding company;

(iii) The IAP has materially violated any applicable federal or state banking law or regulation that has had or is likely to have a material effect on the
§ 359.5 Permissible indemnification payments.

(a) An insured depository institution or depository institution holding company may make or agree to make reasonable indemnification payments to an IAP with respect to an administrative proceeding or civil action initiated by any federal banking agency if:

(1) The insured depository institution's or depository institution holding company's board of directors, in good faith, determines in writing after due investigation and consideration that the institution-affiliated party acted in good faith and in a manner he/she believed to be in the best interests of the institution;

(2) The insured depository institution's or depository institution holding company's board of directors, respectively, in good faith, determines in writing after due investigation and consideration that the payment of such expenses will not materially adversely affect the institution's or company's safety and soundness;

(3) The indemnification payments do not constitute prohibited indemnification payments as that term is defined in §359.1(l); and

(4) The IAP agrees in writing to reimburse the insured depository institution or depository institution holding company, to the extent not covered by payments from insurance or bonds purchased pursuant to §359.1(l)(2), for that portion of the advanced indemnification payments which subsequently become prohibited indemnification payments, as defined in §359.1(l)

(b) An IAP requesting indemnification payments shall not participate in any way in the board's discussion and approval of such payments; provided, however, that such IAP may present his/her request to the board and respond to any inquiries from the board concerning his/her involvement in the circumstances giving rise to the administrative proceeding or civil action.

(c) In the event that a majority of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the remaining members of the board may authorize independent legal counsel to review the indemnification request and provide the remaining members of the board with a written opinion of counsel as to whether the conditions delineated in paragraph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the remaining members of the board of directors may rely on such opinion in authorizing the requested indemnification.

(d) In the event that all of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the board shall authorize independent legal counsel to review the indemnification request and provide the board with a written opinion of counsel as to whether the conditions delineated in paragraph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the board of directors may rely on such
§ 359.6 Filing instructions.

Requests to make excess nondiscriminatory severance plan payments pursuant to §359.1(f)(2)(v) and golden parachute payments permitted by §359.4 shall be submitted in writing to the appropriate regional director (DSC). For filing requirements, consult 12 CFR 303.244. In the event that the consent of the institution’s primary federal regulator is required in addition to that of the FDIC, the requesting party shall submit a copy of its letter to the FDIC to the institution’s primary federal regulator. In the case of national banks, such written requests shall be submitted to the OCC. In the case of state member banks and bank holding companies, such written requests shall be submitted to the Federal Reserve district bank where the institution or holding company, respectively, is located. In the case of savings associations and savings association holding companies, such written requests shall be submitted to the OTS regional office where the institution or holding company, respectively, is located. In cases where only the prior consent of the institution’s primary federal regulator is required and that agency is not the FDIC, a written request satisfying the requirements of this section shall be submitted to the primary federal regulator as described in this section.

§ 359.7 Applicability in the event of receivership.

The provisions of this part, or any consent or approval granted under the provisions of this part by the FDIC (in its corporate capacity), shall not in any way bind any receiver of a failed insured depository institution. Any consent or approval granted under the provisions of this part by the FDIC or any other federal banking agency shall not in any way obligate such agency or receiver to pay any claim or obligation pursuant to any golden parachute, severance, indemnification or other agreement. Claims for employee welfare benefits or other benefits which are contingent, even if otherwise vested, when the FDIC is appointed as receiver for any depository institution, including any contingency for termination of employment, are not provable claims or actual, direct compensatory damage claims against such receiver. Nothing in this part may be construed to permit the payment of salary or any liability or legal expense of any IAP contrary to 12 U.S.C. 1828(k)(3).

§ 360.1 Least-cost resolution.

(a) General rule. Except as provided in section 13(c)(4)(G) of the FDI Act (12 U.S.C. 1823 (c)(4)(G)), the FDIC shall not take any action, directly or indirectly, under sections 13(c), 13(d), 13(f), 13(h) or 13(k) of the FDI Act (12 U.S.C. 1823 (c), (d), (f), (h) or (k)) with respect to any insured depository institution.
that would have the effect of increasing losses to any insurance fund by
protecting:

(1) Depositors for more than the insured portion of their deposits (deter-
mined without regard to whether such institution is liquidated); or

(2) Creditors other than depositors.

(b) Purchase and assumption transactions. Subject to the requirement of
section 13(c)(4)(A) of the FDI Act (12 U.S.C. 1823(c)(4)(A)), paragraph (a) of
this section shall not be construed as prohibiting the FDIC from allowing
any person who acquires any assets or
assumes any liabilities of any insured
depository institution, for which the
FDIC has been appointed conservator
or receiver, to acquire uninsured de-
posit liabilities of such institution as
long as the applicable insurance fund
does not incur any loss with respect to
such uninsured deposit liabilities in an
amount greater than the loss which
would have been incurred with respect
to such liabilities if the institution had
been liquidated.

§ 360.2 Federal Home Loan banks as
secured creditors.

(a) Notwithstanding any other provi-
sions of federal or state law or any
other provisions of these regulations,
the receiver of a borrower from a Fed-
eral Home Loan Bank shall recognize
the priority of any security interest
granted to a Federal Home Loan Bank
by any member of any Federal Home
Loan Bank or any affiliate of any such
member, whether such security inter-
est is in specifically designated assets
or a blanket interest in all assets or
categories of assets, over the claims
and rights of any other party (includ-
ing any receiver, conservator, trustee
or similar party having rights of a lien
creditor) other than claims and rights
that

(1) Would be entitled to priority
under otherwise applicable law; and

(2) Are held by actual bona fide pur-
chasers for value or by actual secured
parties that are secured by actual per-
fected security interests.

(b) If the receiver rather than the
Bank shall have possession of any col-
lateral consisting of notes, securities,
other instruments, chattel paper or
cash securing advances of the Bank,
the receiver shall, upon request by the
Bank, promptly deliver possession of
such collateral to the Bank or its des-
ginee.

(c) In the event that a receiver is ap-
pointed for any member of a Federal
Home Loan Bank, the following proce-
dures shall apply:

(1) The receiver and the Bank shall
immediately seek and develop a mutu-
ally agreeable plan for the payment of
any advances made by the Bank to
such borrower or for the servicing,
foreclosure upon and liquidation of the
collateral securing any such advances,
taking into account the nature and
amount of such collateral, the markets
in which such collateral is normally
traded or sold and other relevant fac-
tors.

(2) In the event that the receiver and
the Bank shall not, in good faith, be
able to develop such a mutually agree-
able plan, or, in the interim, the Bank
in good faith reasonably concludes that
the value of such collateral is decreas-
ing, because of interest rate or other
market changes, at such a rate that to
delay liquidation or other exercise of
the Bank’s rights as a secured party for
the development of a mutually agree-
able plan could reasonably cause the
value of such collateral to decrease to
an amount that is insufficient to sat-
isfy the Bank’s claim in full, the Bank
may, at any time thereafter if per-
mitted to do so by the terms of the ad-
varces or other security agreement
with such borrower or otherwise by ap-
plicable law, proceed to foreclose upon,
sell, lease or otherwise dispose of such
collateral (or any portion thereof), or
otherwise exercise its rights as a se-
cured party, provided that the Bank
acts in good faith and in a commer-
cially reasonable manner and other-
wise in accordance with applicable law.

(d) The foregoing provisions of this
paragraph (c) shall not apply in the
event that a purchase and assumption
transaction is entered into regarding
any such member.

§ 360.2 Federal Home Loan banks as
secured creditors.
§ 360.3 Priorities.

(a) Unsecured claims against an association or the receiver that are proved to the satisfaction of the receiver shall have priority in the following order:

1. Administrative expenses of the receiver, including the costs, expenses, and debts of the receiver;

2. Administrative expenses of the association, provided that such expenses were incurred within thirty (30) days prior to the receiver’s taking possession, and that such expenses shall be limited to reasonable expenses incurred for services actually provided by accountants, attorneys, appraisers, examiners, or management companies, or reasonable expenses incurred by employees which were authorized and reimbursable under a pre-existing expense reimbursement policy, that, in the opinion of the receiver, are of benefit to the receivership, and shall not include wages or salaries of employees of the association;

3. Claims for wages and salaries, including vacation and sick leave pay and contributions to employee benefit plans, earned prior to the appointment of the receiver by an employee of the association whom the receiver determines it is in the best interests of the receivership to engage or retain for a reasonable period of time;

4. If authorized by the receiver, claims for wages and salaries, including vacation and sick leave pay and contributions to employee benefit plans, earned prior to the appointment of the receiver, up to a maximum of three thousand dollars ($3,000) per person, by an employee of the association not engaged or retained pursuant to a determination by the receiver pursuant to the third category above;

5. Claims of governmental units for unpaid taxes, other than Federal income taxes, except to the extent subordinated pursuant to applicable law; but no other claim of a governmental unit shall have a priority higher than that of a general creditor under paragraph (a)(6) of this section;

6. Claims for withdrawable accounts, including those of the Corporation as subrogee or transferee, and all other claims which have accrued and become unconditionally fixed on or before the date of default, whether liquidated or unliquidated, except as provided in paragraphs (a)(1) through (a)(5) of this section, provided, however, that if the association is chartered and was operated under the laws of a state that provided a priority for holders of withdrawable accounts over such other claims or general creditors, such priority within this paragraph (a)(6) shall be observed by the receiver; and provided further, that if deposits of a Federal association are booked or registered at an office of such association

(b) Claims of partners of the association or the receiver that are proved to the satisfaction of the receiver shall have priority in the following order:

1. Administrative expenses of the association, including the costs, expenses, and debts of the association;

2. Administrative expenses of the receiver, including the costs, expenses, and debts of the receiver;

3. Claims for withdrawable accounts, including those of the Corporation as subrogee or transferee, and all other claims which have accrued and become unconditionally fixed on or before the date of default, whether liquidated or unliquidated, except as provided in paragraphs (b)(1) through (b)(2) of this section, provided, however, that if the association is chartered and was operated under the laws of a state that provided a priority for holders of withdrawable accounts over such other claims or general creditors, such priority within this paragraph (b)(3) shall be observed by the receiver; and provided further, that if deposits of a Federal association are booked or registered at an office of such association

(c) Claims of holders of withdrawable accounts in the association or the receiver that are proved to the satisfaction of the receiver shall have priority in the following order:

1. Administrative expenses of the association, including the costs, expenses, and debts of the association;

2. Administrative expenses of the receiver, including the costs, expenses, and debts of the receiver;

3. Claims for withdrawable accounts, including those of the Corporation as subrogee or transferee, and all other claims which have accrued and become unconditionally fixed on or before the date of default, whether liquidated or unliquidated, except as provided in paragraphs (c)(1) through (c)(2) of this section, provided, however, that if the association is chartered and was operated under the laws of a state that provided a priority for holders of withdrawable accounts over such other claims or general creditors, such priority within this paragraph (c)(3) shall be observed by the receiver; and provided further, that if deposits of a Federal association are booked or registered at an office of such association

(e) The receiver for a borrower from a Federal Home Loan Bank shall allow a claim for a prepayment fee by the Bank if, and only if:

1. The claim is made pursuant to a written contract that provides for a prepayment fee, provided, however, that such prepayment fee allowed by the receiver shall not exceed the present value of the loss attributable to the difference between the contract rate of the secured borrowing and the reinvestment rate then available to the Bank; and

2. The indebtedness owed to the Bank by such borrower is secured by sufficient collateral in which a perfected security interest in favor of the Bank exists or as to which the Bank's security interest is entitled to priority under section 306(d) of the Competitive Equality Banking Act of 1987 (CEBA) (12 U.S.C. 1430(e), footnote (1), or otherwise so that the aggregate of the outstanding principal on the advances secured by such collateral, the accrued but unpaid interest thereon and the prepayment fee applicable to such advances can be paid in full from the amounts realized from such collateral. For purposes of this paragraph (e)(2), the adequacy of such collateral shall be determined as of the date such prepayment fees shall be due and payable under the terms of the written contract providing therefor.

532
that is located in a State that provides such priority with respect to State-chartered associations, such deposits in a Federal association shall have priority over such other claims or general creditors, which shall be observed by the receiver:

(7) Claims other than those that have accrued and become unconditionally fixed on or before the date of default, including claims for interest after the date of default on claims under paragraph (a)(6) of this section, Provided that any claim based on an agreement for accelerated, stipulated, or liquidated damages, which claim did not accrue prior to the date of default, shall be considered as not having accrued and become unconditionally fixed on or before the date of default;

(8) Claims of the United States for unpaid Federal income taxes;

(9) Claims that have been subordinated in whole or in part to general creditor claims, which shall be given the priority specified in the written instruments that evidence such claims; and

(10) Claims by holders of nonwithdrawable accounts, including stock, which shall have priority within this paragraph (a)(10) in accordance with the terms of the written instruments that evidence such claims;

(b) Interest after the date of default on claims under paragraph (a)(6) of this section shall be at a rate or rates adjusted monthly to reflect the average rate for U.S. Treasury bills with maturities of not more than ninety-one (91) days during the preceding three (3) months.

(c) [Reserved]

(d) All unsecured claims of any category or class or priority described in paragraphs (a)(1) through (a)(10) of this section shall be paid in full, or provision made for such payment, before any claims of lesser priority are paid. If there are insufficient funds to pay all claims of a category or class in full, distribution to claimants in such category or class shall be made pro rata. Notwithstanding anything to the contrary herein, the receiver may, at any time, and from time to time, prior to the payment in full of all claims of a category or class with higher priority, make such distributions to claimants in priority classes outlined in paragraphs (a)(1) through (a)(6) of this section as the receiver believes are reasonably necessary to conduct the receivership.

Provided that the receiver determines that adequate funds exist or will be recovered during the receivership to pay in full all claims of any higher priority.

(e) If the association is in mutual form, and a surplus remains after making distribution in full of allowed claims as set forth in paragraphs (a) and (b) of this section, such surplus shall be distributed to the depositors in proportion to their accounts as of the date of default.

(f) Under the provisions of section 11(d)(11) of the Act (12 U.S.C. 1821(d)(11)), the provisions of this § 360.3 do not apply to any receivership established and liquidation or other resolution occurring after August 10, 1993.

§ 360.4 Administrative expenses.

The priority for administrative expenses of the receiver, as that term is used in section 11(d)(11) of the Act (12 U.S.C. 1821(d)(11)), shall include those necessary expenses incurred by the receiver in liquidating or otherwise resolving the affairs of a failed insured depository institution. Such expenses shall include pre-failure and post-failure obligations that the receiver determines are necessary and appropriate to facilitate the smooth and orderly liquidation or other resolution of the institution.

§ 360.5 Definition of qualified financial contracts.

(a) Authority and purpose. Sections 11(e) (8) through (10) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(e) (8) through (10), provide special rules for the treatment of qualified financial contracts of an insured depository institution for which the FDIC is appointed conservator or receiver, including rules describing the manner in
which qualified financial contracts may be transferred or closed out. Section 11(e)(8)(D)(i) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(e)(8)(D)(i), grants the Corporation authority to determine by regulation whether any agreement, other than those identified within section 11(e)(8)(D), should be recognized as qualified financial contracts under the statute. The purpose of this section is to identify additional agreements which the Corporation has determined to be qualified financial contracts.

(b) Repurchase agreements. The following agreements shall be deemed “repurchase agreements” under section 11(e)(8)(D)(v) of the Federal Deposit Insurance Act, as amended (12 U.S.C. 1821(e)(8)(D)(v)): A repurchase agreement on qualified foreign government securities is an agreement or combination of agreements (including master agreements) which provides for the transfer of securities that are direct obligations of, or that are fully guaranteed by, the central governments (as set forth at 12 CFR part 325, appendix A, section II.C, n. 17, as may be amended from time to time) of the OECD-based group of countries (as set forth at 12 CFR part 325, appendix A, section II.B.2., note 12 as may be amended from time to time) against the transfer of funds by the transferee of such securities with a simultaneous agreement by such transferee to transfer to the transferor thereof securities as described above, at a date certain not later than one year after such transfers or on demand, against the transfer of funds.

(c) Swap agreements. The following agreements shall be deemed “swap agreements” under section 11(e)(8)(D)(vi) of the Federal Deposit Insurance Act, as amended (12 U.S.C. 1821(e)(8)(D)(vi)): A spot foreign exchange agreement is any agreement providing for or effecting the purchase or sale of one currency in exchange for another currency (or a unit of account established by an intergovernmental organization such as the European Currency Unit) with a maturity date of two days or less after the agreement has been entered into, and includes short-dated transactions such as tomorrow/next day and same day/tomorrow transactions.

(d) Nothing in this section shall be construed as limiting or changing a party’s obligation to comply with all reasonable trading practices and requirements, non-insolvency law requirements and any other requirements imposed by other provisions of the FDI Act. This section in no way limits the authority of the Corporation to take supervisory or enforcement actions, or to otherwise manage the affairs of a financial institution for which the Corporation has been appointed conservator or receiver.

[60 FR 66865, Dec. 27, 1995]

§ 360.6 Treatment by the Federal Deposit Insurance Corporation as conservator or receiver of financial assets transferred in connection with a securitization or participation.

(a) Definitions—(1) Beneficial interest means debt or equity (or mixed) interests or obligations of any type issued by a special purpose entity that entitle their holders to receive payments that depend primarily on the cash flow from financial assets owned by the special purpose entity.

(2) Financial asset means cash or a contract or instrument that conveys to one entity a contractual right to receive cash or another financial instrument from another entity.

(3) Participation means the transfer or assignment of an undivided interest in all or part of a loan or a lease from a seller, known as the “lead”, to a buyer, known as the “participant”, without recourse to the lead, pursuant to an agreement between the lead and the participant. Without recourse means that the participation is not subject to any agreement that requires the lead to repurchase the participant’s interest or to otherwise compensate the participant due to a default on the underlying obligation.

(4) Securitization means the issuance by a special purpose entity of beneficial interests:

(i) The most senior class of which at time of issuance is rated in one of the four highest categories assigned to long-term debt or in an equivalent short-term category (within either of which there may be sub-categories or
gradations indicating relative standing) by one or more nationally recognized statistical rating organizations, or

(ii) Which are sold in transactions by an issuer not involving any public offering for purposes of section 4 of the Securities Act of 1933 (15 U.S.C. 77d), as amended, or in transactions exempt from registration under such Act pursuant to Regulation S thereunder (or any successor regulation).

(5) Special purpose entity means a trust, corporation, or other entity demonstrably distinct from the insured depository institution that is primarily engaged in acquiring and holding (or transferring to another special purpose entity) financial assets, and in activities related or incidental thereto, in connection with the issuance by such special purpose entity (or by another special purpose entity that acquires financial assets directly or indirectly from such special purpose entity) of beneficial interests.

(b)(1) The FDIC shall not, by exercise of its authority to disaffirm or repudiate contracts under 12 U.S.C. 1821(e), reclaim, recover, or recharacterize as property of the institution or the receivership any financial assets transferred by an insured depository institution in connection with a securitization or participation, provided that such transfer meets all conditions for sale accounting treatment under generally accepted accounting principles, other than the “legal isolation” condition as it applies to institutions for which the FDIC may be appointed as conservator or receiver, which is addressed by this section.

(2) With respect to any participation or securitization for which transfers of financial assets were made or, for revolving securitization trusts, for which beneficial interests were issued on or before March 31, 2010, the FDIC as conservator or receiver shall not, in the exercise of its statutory authority to disaffirm or repudiate contracts, reclaim, recover, or recharacterize as property of the institution or the receivership any such transferred financial assets notwithstanding that such transfer does not satisfy all conditions for sale accounting treatment under generally accepted accounting principles as effective for reporting periods after November 15, 2009, provided that such transfer satisfied the conditions for sale accounting treatment set forth by generally accepted accounting principles in effect for reporting periods before November 15, 2009, except for the “legal isolation” condition that is addressed by this rule.

(c) Paragraph (b) of this section shall not apply unless the insured depository institution received adequate consideration for the transfer of financial assets at the time of the transfer, and the documentation effecting the transfer of financial assets reflects the intent of the parties to treat the transaction as a sale, and not as a secured borrowing, for accounting purposes.

(d) Paragraph (b) of this section shall not be construed as waiving, limiting, or otherwise affecting the power of the FDIC, as conservator or receiver, to disaffirm or repudiate any agreement imposing continuing obligations or duties upon the insured depository institution in conservatorship or receivership.

(e) Paragraph (b) of this section shall not be construed as waiving, limiting or otherwise affecting the rights or powers of the FDIC to take any action or to exercise any power not specifically limited by this section, including, but not limited to, any rights, powers or remedies of the FDIC regarding transfers taken in contemplation of the institution’s insolvency or with the intent to hinder, delay, or defraud the institution or the creditors of such institution, or that is a fraudulent transfer under applicable law.

(f) The FDIC shall not seek to avoid an otherwise legally enforceable securitization agreement or participation agreement executed by an insured depository institution solely because such agreement does not meet the “contemporaneous” requirement of sections 11(d)(9), 11(n)(4)(I), and 13(e) of the Federal Deposit Insurance Act (12 U.S.C. 1821(d)(9), (n)(4)(I), 1823(e).

(g) This section may be repealed or amended by the FDIC upon 30 days notice and opportunity for comment provided in the Federal Register, but any such repeal or amendment shall not apply to any transfers of financial assets made in connection with a
§ 360.7 Post-insolvency interest.

(a) Purpose and scope. This section establishes rules governing the calculation and distribution of post-insolvency interest to creditors with proven claims in all FDIC-administered receiverships established after June 13, 2002.

(b) Definitions—(1) Equityholder. The owner of an equity interest in a failed depository institution, whether such ownership is represented by stock, membership in a mutual association, or otherwise.

(2) Post-insolvency interest. Interest calculated from the date the receivership is established on proven creditor claims in receiverships with surplus funds.

(3) Post-insolvency interest rate. For any calendar quarter, the coupon equivalent yield of the average discount rate set on the three-month Treasury bill at the last auction held by the United States Treasury Department during the preceding calendar quarter, and adjusted each quarter thereafter.

(4) Principal amount. The proven claim amount and any interest accrued thereon as of the date the receivership is established.

(5) Proven claim. A claim that is allowed by a receiver or upon which a final non-appealable judgment has been entered in favor of a claimant against a receivership by a court with jurisdiction to adjudicate the claim.

(c) Post-insolvency interest distributions. (1) Post-insolvency interest shall only be distributed following satisfaction by the receiver of the principal amount of all creditor claims.

(3) Post-insolvency interest distributions shall be made at such time as the receiver determines that such distributions are appropriate and only to the extent of funds available in the receivership estate. Post-insolvency interest shall be calculated on the outstanding balance of a proven claim, as reduced from time to time by any interim dividend distributions, from the date the receivership is established until the principal amount of a proven claim has been fully distributed but not thereafter. Post-insolvency interest shall be calculated on a contingent claim from the date such claim becomes proven.

(4) Post-insolvency interest shall be determined using a simple interest method of calculation.

§ 360.8 Method for determining deposit and other liability account balances at a failed insured depository institution.

(a) Purpose. The purpose of this section is to describe the process the FDIC will use to determine deposit and other liability account balances for insurance coverage and receivership purposes at a failed insured depository institution.

(b) Definitions—(1) The FDIC Cutoff Point means the point in time the FDIC establishes after it has been appointed receiver of a failed insured depository institution and takes control of the failed institution.

(2) The Applicable Cutoff Time for a specific type of deposit account transaction means the earlier of either the failed institution’s normal cutoff time for that specific type of transaction or the FDIC Cutoff Point.

(3) Close-of-Business Account Balance means the closing end-of-day ledger balance of a deposit or other liability account on the day of failure of an insured depository institution determined by using the Applicable Cutoff Times. This balance may be adjusted to reflect steps taken by the receiver to ensure that funds are not received by or removed from the institution after the FDIC Cutoff Point.

(4) A sweep account is an account held pursuant to a contract between an insured depository institution and its customer involving the pre-arranged,
automated transfer of funds from a deposit account to either another account or investment vehicle located within the depository institution (internal sweep account), or an investment vehicle located outside the depository institution (external sweep account).

(c) Principles—(1) In making deposit insurance determinations and in determining the value and nature of claims against the receivership on the institution’s date of failure, the FDIC, as insurer and receiver, will treat deposits and other liabilities of the failed institution according to the ownership and nature of the underlying obligations based on end-of-day ledger balances for each account using, except as expressly provided otherwise in this section, the depository institution’s normal posting procedures.

(2) In its role as receiver of a failed insured depository institution, in order to ensure the proper distribution of the failed institution’s assets under the FDI Act (12 U.S.C. 1821(d)(11)) as of the FDIC Cutoff Point, the FDIC will use its best efforts to take all steps necessary to stop the generation, via transactions or transfers coming from or going outside the institution, of new liabilities or extinguishing existing liabilities for the depository institution.

(3) End-of-day ledger balances are subject to corrections for posted transactions that are inconsistent with the above principles.

(d) Determining closing day balances—
(1) In determining account balances for insurance coverage and receivership purposes at a failed insured depository institution, the FDIC will use Close-of-Business Account Balances.

(2) A check posted to the Close-of-Business Account Balance but not collected by the depository institution will be included as part of the balance, subject to the correction of errors and omissions and adjustments for uncollectible items that the FDIC may make in its role as receiver of the failed depository institution.

(3) In determining Close-of-Business Account Balances involving sweep accounts:

(i) For internal sweep accounts, the FDIC will determine the ownership of the funds and the nature of the receivership claim based on the records established and maintained by the institution for that specific account or investment vehicle as of the closing day end-of-day ledger balance. (For example, if a sweep account entails the daily transfer of funds from a demand deposit account to a Eurodollar account at a foreign branch of the insured depository institution, if the institution should fail on that day, the FDIC would treat the funds swept to the Eurodollar account, as reflected on the institution’s end-of-day records, as an unsecured general creditor’s claim against the receivership.);

(ii) For external sweep accounts, the FDIC will treat swept funds consistent with their status in the end-of-day ledger balances of the depository institution and the external entity, as long as the transfer of funds is completed prior to the Applicable Cutoff Time. (For example, if funds held in connection with a money market sweep account are wired from a customer’s deposit account at the insured depository institution to the mutual fund prior to the Applicable Cutoff Time, if the institution should fail on that day, the FDIC would recognize that sweep transaction as completed for claims and receivership purposes.);

(iii) For repurchase agreement sweep accounts, where, as a result of the sweep transaction, the customer becomes either the legal owner of identified assets subject to repurchase or obtains a perfected security interest in those assets, the FDIC will recognize, for receivership purposes, the customer’s ownership interest or security interest in the assets.

(4) For deposit insurance and receivership purposes in connection with the failure of an insured depository institution, the FDIC will determine the rights of the depositor or other liability holder as of the point the Close-of-Business Account Balance is calculated.

(e) Disclosure requirements. Beginning July 1, 2009, in all new sweep account contracts, in renewals of existing sweep account contracts and within sixty days after July 1, 2009, and no less than annually thereafter, institutions must prominently disclose in writing to sweep account customers whether their swept funds are deposits within...
the meaning of 12 U.S.C. 1813(l). If the funds are not deposits, the institution must further disclose the status such funds would have if the institution failed—for example, general creditor status or secured creditor status. Such disclosures must be consistent with how the institution reports such funds on its quarterly Consolidated Reports of Condition and Income or Thrift Financial Reports. The disclosure requirements imposed under this provision do not apply to sweep accounts where: The transfers are within a single account, or a sub-account; or the sweep account involves only deposit-to-deposit sweeps, such as zero-balance accounts, unless the sweep results in a change in the customer’s insurance coverage.

§ 360.9 Large-bank deposit insurance determination modernization.

(a) Purpose and scope. This section is intended to allow the deposit and other operations of a large insured depository institution (defined as a “Covered Institution”) to continue functioning on the day following failure. It also is intended to permit the FDIC to fulfill its legal mandates regarding the resolution of failed insured institutions to provide liquidity to depositors promptly, enhance market discipline, ensure equitable treatment of depositors at different institutions and reduce the FDIC’s costs by preserving the franchise value of a failed institution.

(b) Definitions. (1) A covered Institution means an insured depository institution which, based on items as defined in Reports of Income and Condition or Thrift Financial Reports filed with the applicable federal regulator, has at least $2 billion in deposits and at least either:

(i) 250,000 deposit accounts; or
(ii) $20 billion in total assets, regardless of the number of deposit accounts.

(2) Deposits, number of deposit accounts and total assets are as defined in the instructions for the filing of Reports of Income and Condition and Thrift Financial Reports, as applicable to the insured depository institution for determining whether it qualifies as a covered institution. A foreign deposit means an uninsured deposit liability maintained in a foreign branch of an insured depository institution. An international banking facility deposit is as defined by the Board of Governors of the Federal Reserve System in Regulation D (12 CFR §204.8(a)(2)). A demand deposit account, NOW account, money market deposit account, savings deposit account and time deposit account are as defined in the instructions for the filing of Reports of Income and Condition and Thrift Financial Reports.

(3) Sweep account arrangements consist of a deposit account linked to an interest-bearing investment vehicle whereby funds are swept to and from the deposit account according to prearranged rules, usually on a daily basis, where the sweep investment vehicle is not a deposit and is reflected on the books and records of the Covered Institution.

(4) Automated credit account arrangements consist of a deposit account into which funds are automatically credited from an interest-bearing investment vehicle where the funds in the interest-bearing investment vehicle were not invested by prearranged rules.

(5) Non-covered institution means an insured depository institution that does not meet the definition of a covered institution.

(6) Provisional hold means an effective restriction on access to some or all of a deposit or other liability account after the failure of an insured depository institution.

(c) Posting and removing provisional holds. (1) A covered institution shall have in place an automated process for implementing a provisional hold on deposit accounts, foreign deposit accounts and sweep and automated credit account arrangements immediately following the determination of the close-of-business account balances, as defined in §360.8(b)(3), at the failed covered institution.

(2) The system requirements under paragraph (c)(1) must have the capability of placing the provisional holds prescribed under that provision no later than 9 a.m. local time the day following the FDIC cutoff point, as defined in §360.8(b)(1).
§ 360.9

(3) Pursuant to instructions to be provided by the FDIC, a covered institution must notify the FDIC of the person(s) responsible for producing the standard data download and administering provisional holds, both while the functionality is being constructed and on an on-going basis.

(4) For deposit accounts held in domestic offices of an insured depository institution, the provisional hold algorithm must be designed to exempt accounts below a specific account balance threshold, as determined by the FDIC. The account balance threshold could be any amount, including zero. For accounts above the account balance threshold determined by the FDIC, the algorithm must be designed to calculate and place a hold equal to the dollar amount of funds in excess of the account balance threshold multiplied by the provisional hold percentage determined by the FDIC. The provisional hold percentage could be any amount, from zero to one hundred percent. The account balance threshold as well as the provisional hold percentage could vary for the following four categories, as the covered institution customarily defines consumer accounts:

(i) Consumer demand deposit, NOW and money market deposit accounts;

(ii) Other consumer deposit accounts (time deposit and savings accounts, excluding NOW and money market deposit accounts);

(iii) Non-consumer demand deposit, NOW and money market deposit accounts; and

(iv) Other non-consumer deposit accounts (time deposit and savings accounts, excluding NOW and money market deposit accounts).

(5) For deposit accounts held in foreign offices of an insured depository institution, other than those connected to a sweep or automated credit arrangement, the provisional hold algorithm will apply a provisional hold percentage to the entire account balance. For IBF deposits the provisional hold percentage may differ from that applied to deposit or foreign deposit accounts. Also, the provisional hold percentage would not vary by account category (i.e., consumer versus non-consumer, and transaction versus non-transaction) as is the case with deposit accounts.

(6) For international banking facility deposits, other than those connected to a sweep or automated credit arrangements, the provisional hold algorithm will apply a provisional hold percentage to the entire account balance. For IBF deposits the provisional hold percentage may differ from that applied to deposit or foreign deposit accounts. Also, the provisional hold percentage would not vary by account category (i.e., consumer versus non-consumer, and transaction versus non-transaction) as is the case with deposit accounts.

(7) For the interest-bearing investment vehicle of a sweep arrangement, the provisional hold algorithm must be designed with the capability to place a provisional hold on the interest-bearing investment vehicle with possibly a different account balance threshold and a different hold percentage according to the type of interest-bearing investment vehicle.

(8) For the interest-bearing investment vehicle of an automated credit account arrangement, the provisional hold algorithm must be designed with the capability to place a provisional hold on the interest-bearing investment vehicle with possibly a different account balance threshold and a different hold percentage according to the type of interest-bearing investment vehicle.

(9) A covered institution may submit a request to the FDIC, using the address indicated in §360.9(g): to develop a provisional hold process involving memo holds or alternative account mechanisms; or to exempt from the provisional hold requirements of this section those account systems servicing a relatively small number of accounts where the manual application of provisional holds is feasible. Such requests may be in the form of a letter and must include a justification for the request and address the relative effectiveness of the alternative for posting provisional holds in the event of failure. The FDIC will consider such requests on a case-by-case basis in light of the objectives of this section.

(10) The automated process for provisional holds required by paragraph
(c)(1) of this section must include the capability of removing provisional holds in batch mode and, during the same processing cycle, applying debits, credits or additional holds on the deposit or other accounts from which the provisional holds were removed, as determined by the FDIC. The FDIC will provide files listing the accounts subject to: removal of provisional holds or additional holds (file format as specified in appendix A); application of debits or credits (file format as specified in appendix B); and application of additional holds (file format as specified in appendix A). In addition to the batch process used to remove provisional holds, the Covered Institution is required to have in place a mechanism for manual removal of provisional holds on a case-by-case basis.

(d) Providing a standard data format for generating deposit account and customer data. (1) A covered institution must have in place practices and procedures for providing the FDIC in a standard format upon the close of any day’s business with required depositor and customer data for all deposit accounts held in domestic and foreign offices and interest-bearing investment accounts connected with sweep and automated credit arrangements. Such standard data files are to be created through a mapping of pre-existing data elements and internal institution codes into standard data formats. Deposit account and customer data provided must be current as of the close of business for that day.

(2) The requirements of paragraph (d)(1) of this section shall be provided in five separate files, as indicated in the appendices C through G to this part 360.

(3) Upon request by the FDIC, a covered institution must submit the data required by paragraph (d)(1) of this section to the FDIC, in a manner prescribed by the FDIC.

(4) In providing the data required under paragraph (d)(1) of this section to the FDIC, the Covered Institution must be able to reconcile the total deposit balances and the number of deposit accounts to the institution’s subsidiary system control totals.

(e) Implementation requirements. (1) A covered institution must comply with the requirements of this section no later than February 18, 2010.

(2) An insured depository institution not within the definition of a covered institution on the effective date of this section must comply with the requirements of this section no later than eighteen months following the end of the second calendar quarter for which it meets the criteria for a covered institution.

(3) Upon the merger of two or more non-covered institutions, if the resulting institution meets the criteria for a covered institution, that covered institution must comply with the requirements of this section no later than eighteen months after the effective date of the merger.

(4) Upon the merger of two or more covered institutions, the merged institution must comply with the requirements of this section within eighteen months following the effective date of the merger. This provision, however, does not supplant any preexisting implementation date requirement, in place prior to the date of the merger, for the individual covered institution(s) involved in the merger.

(5) Upon the merger of one or more covered institutions with one or more non-covered institutions, the merged institution(s) must comply with the requirements of this section within eighteen months following the effective date of the merger. This provision, however, does not supplant any preexisting implementation date requirement for the individual covered institution(s) involved in the merger.

(6) Notwithstanding the general requirements of this paragraph (e), on a case-by-case basis, the FDIC may accelerate, upon notice, the implementation timeframe of all or part of the requirements of this section for a covered institution that: Has a composite rating of 3, 4, or 5 under the Uniform Financial Institution’s Rating System, or in the case of an insured branch of a foreign bank, an equivalent rating; is undercapitalized, as defined under the prompt corrective action provisions of 12 CFR part 325; or is determined by the appropriate Federal banking agency or the FDIC in consultation with
the appropriate Federal banking agency to be experiencing a significant deterioration of capital or significant funding difficulties or liquidity stress, notwithstanding the composite rating of the institution by its appropriate Federal banking agency in its most recent report of examination. In implementing this paragraph (e)(6), the FDIC must consult with the covered institution’s primary federal regulator and consider the: Complexity of the institution’s deposit systems and operations, extent of the institution’s asset quality difficulties, volatility of the institution’s funding sources, expected near-term changes in the institution’s capital levels, and other relevant factors appropriate for the FDIC to consider in its roles as insurer and possible receiver of the institution.

(7) Notwithstanding the general requirements of this paragraph (e), a covered institution may request, by letter, that the FDIC extend the deadline for complying with the requirements of this section. A request for such an extension is subject to the FDIC’s rules of general applicability under 12 CFR 303.251.

(f) A covered institution may apply to the FDIC for an exemption from the requirements of this §360.9 if it has a high concentration of deposits incidental to credit card operations. The FDIC will consider such applications on a case-by-case basis in light of the objectives of this section.

(g) Requests for exemptions from the requirements of this section, for flexibility in the use of provisional holds or for extensions of the implementation requirements of this section and the submission of point-of-contact information should be submitted in writing to: Office of the Director, Division of Resolutions and Receiverships, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429-0002.

(h) Testing requirements. Covered institutions must provide appropriate assistance to the FDIC in its testing of the systems required by this section. The FDIC will provide testing details to covered institutions through the issuance of subsequent procedures and/or guidelines.

APPENDIX C TO PART 360—DEPOSIT FILE STRUCTURE

This is the structure for the data file to provide deposit data to the FDIC. If data or information are not maintained or do not apply, a null value in the appropriate field should be indicated. The file will be in a tab- or pipe-delimited ASCII format. Each file name will contain the institution's FDIC Certificate Number, an indication that it is a deposit file type and the date of the extract. The files will be encrypted using an FDIC-supplied algorithm. The FDIC will transmit to the covered institution the encryption algorithm over FDICconnect.

The total deposit balances and the number of deposit accounts in each deposit file must be reconciled to the subsidiary system control totals.

The FDIC intends to fully utilize a covered institution’s understanding of its customers and the data maintained around deposit accounts. Should additional information be available to the covered institution to help the FDIC more quickly complete its insurance determination process, it may add this information to the end of this data file. Should additional data elements be provided, a complete data dictionary for these elements must be supplied along with a description of how this information could be best used to establish account ownership or insurance category.

The deposit data elements provide information specific to deposit account balances and account data. The sequencing of these elements, their physical data structures and the field data format and field length must be provided to the FDIC along with the data structures identified below.

A header record will also be required at the beginning of this file. This record will contain the number of accounts to be included in this file, the maximum number of characters contained in largest account title field maintained within the deposit file and the maximum number of characters contained in largest address field maintained within the deposit file.

NOTE: Each record must contain the account title/name and current account statement mailing address. Fields 17–33 relate to the account name and address information. Some systems provide for separate fields for account title/name, street address, city, state, ZIP, and country, all of which are parsed out. Others systems may simply provide multiple lines for name, street address, city, state, ZIP, with no distinction. Populate fields that best fit the system’s data, either fields 17–27 or fields 28–33.

**APPENDIX D TO PART 360—Sweep/Automated Credit Account File Structure**

This is the structure of the data file to provide information to the FDIC on funds residing in investment vehicles linked to each non-closed deposit account or sub-account: (1) Involved in sweep activity where the sweep investment vehicle is not a deposit and is reflected on the books and records of the covered institution or (2) which accepts automated credits. A single record should be used for each instance where funds affiliated with the deposit account are held in an alternative investment vehicle. For any alternative investment vehicle, a separate account may or may not exist. If an account...
exists for the investment vehicle, it should be noted in the record. If no account exists, then a null value for the Sweep/Automated Credit Account Identifiers should be provided, but the remainder of the data fields defined below should be populated.

For data provided in the Sweep/Automated Credit Account File, the total account balances and the number of accounts must be reconciled to subsidiary system control totals. The file will be in a tab- or pipe-delimited ASCII format. The files will be encrypted using an FDIC-supplied algorithm. The FDIC will transmit the encryption algorithm over FDIC connect.

This is the structure of the data file to provide information to the FDIC for each legal or collateral hold placed on a deposit account or sub-account. If data or information are not maintained or do not apply, a null value in the appropriate field should be indicated. The file will be in a tab-or pipe-delimited ASCII format. Each file name will contain the institution’s FDIC Certificate Number, an indication that it is a hold data file type and the date of the extract. The files will be encrypted using an FDIC-supplied algorithm. The FDIC will transmit the encryption algorithm over FDICconnect.

### APPENDIX F TO PART 360—CUSTOMER FILE STRUCTURE

This is the structure of the data file to provide to the FDIC information related to each customer who has an account or sub-account reported in the deposit data or sweep/automated credit account file. If data or information are not maintained or do not apply, a null value in the appropriate field should be indicated. The file will be in a tab- or pipe-delimited ASCII format. Each file name will contain the institution's FDIC Certificate Number, an indication that it is a customer file type and the date of the extract. The files will be encrypted using an FDIC-supplied algorithm. The FDIC will transmit the encryption algorithm over FDICconnect.

**NOTE:** Each record must contain the customer's name and permanent legal address. Fields 4-12 relate to the customer name for individuals only. Fields 13-14 relate to the customer name for entities other than individuals. Some systems provide for separate fields for name, street address, city, state, ZIP, and country, all of which are parsed out. Others systems may simply provide multiple lines for name, street address, city, state, ZIP, with no distinction. In this case, certain name and address data elements must be parsed and provided in the appropriate fields.

This is the structure of the data file to provide the FDIC information necessary to link the records in the deposit and customer files. If data or information are not maintained or do not apply, a null value in the appropriate field should be indicated. The file will be in a tab- or pipe-delimited ASCII format. Each file name will contain the institution’s FDIC Certificate Number, an indication that it is a join file type and the date of the extract. The files will be encrypted using an FDIC-supplied algorithm. The FDIC will transmit the encryption algorithm over FDICconnect.

The deposit-customer join file will have one or more records for each deposit account, depending on the number of relationships to each account. A single individual account, for example, will be associated with only one record in the deposit-customer join file indicating the owner of the account. A joint account with two owners will be associated with two records in the deposit-customer join file, one for each owner. The deposit-customer join file will contain other records associated with a deposit account to designate, among other things, beneficiaries, custodians, trustees and agents. This methodology allows the FDIC to know all of the possible relationships for an individual account and also whether a single customer is involved in many accounts.

**APPENDIX H TO PART 360—POSSIBLE FILE COMBINATIONS FOR DEPOSIT DATA**

A covered institution must provide deposit data using separate deposit, sweep/automated credit, hold, customer, and deposit-customer join files. The simplest file structure involves providing one of each file. This basic file format is shown in Figure 1.
Multiple combinations of deposit, sweep/automated credit, hold, customer, and deposit-customer join files are permissible, but only in the following circumstances:

1. Each separate deposit file must have companion sweep/automated credit and hold files covering the same deposit accounts.

2. A single customer file may be submitted covering customers affiliated with deposit accounts in one or more deposit files as long as the customer file contains information on all of the customers affiliated with the deposit files.

3. Several customer files may be submitted as long as each separate customer file contains information on all of the customers affiliated with the associated deposit files.

Figure 2 shows a permissible file configuration using a single Customer File affiliated with Deposit File A and Deposit File B. As required, Deposit File A has a companion Sweep/Automated Credit File A and Hold File A. The same is true for Deposit File B.

Another permissible combination of files is shown in Figure 3, which is a variation of the basic data file structure shown in Figure 1.

PART 361—MINORITY AND WOMEN OUTREACH PROGRAM CONTRACTING

Sec.  361.1 Why do minority- and women-owned businesses need this outreach regulation?  

361.2 Why does the FDIC have this outreach program?  

361.3 Who may participate in this outreach program?  

361.4 What contracts are eligible for this outreach program?  

361.5 What are the FDIC's oversight and monitoring responsibilities in administering this program?
\section*{§ 361.6 What outreach efforts are included in this program?}

\textbf{AUTHORITY:} 12 U.S.C. 1833e.

\textbf{SOURCE:} 65 FR 31253, May 17, 2000, unless otherwise noted.

\section*{§ 361.1 Why do minority- and women-owned businesses need this outreach regulation?}

The purpose of the FDIC Minority and Women Outreach Program (MWOP) is to ensure that minority- and women-owned businesses (MWOBS) are given the opportunity to participate fully in all contracts entered into by the FDIC.

\section*{§ 361.2 Why does the FDIC have this outreach program?}

It is the policy of the FDIC that minorities and women, and businesses owned by them have the maximum practicable opportunity to participate in contracts awarded by the FDIC.

\section*{§ 361.3 Who may participate in this outreach program?}

For purposes of this part:
(a) \textit{Minority} has the same meaning as defined by the Small Business Administration at 13 CFR 124.103(b).
(b) \textit{Legal Services} means all services provided by attorneys or law firms (including services of support staff).

\section*{§ 361.4 What contracts are eligible for this outreach program?}

The FDIC outreach program applies to all contracts entered into by the FDIC. The outreach program is incorporated into FDIC policies and guidelines governing contracting and the retention of legal services.

\section*{§ 361.5 What are the FDIC's oversight and monitoring responsibilities in administering this program?}

(a) The FDIC Office of Diversity and Economic Opportunity (ODEO) has overall responsibility for nationwide outreach oversight, which includes, but is not limited to, the monitoring, review and interpretation of relevant regulations. In addition, the ODEO is responsible for providing the FDIC with technical assistance and guidance to facilitate the identification, registration, and solicitation of MWOBS.
(b) Each FDIC office that performs contracting or outreach activities will submit information to the ODEO on a quarterly basis, or upon request. Quarterly submissions will include, at a minimum, statistical information on contract awards and solicitations by designated demographic categories.

\section*{§ 361.6 What outreach efforts are included in this program?}

(a) Each office engaged in contracting with the private sector will designate one or more MWOP coordinators. The coordinators will perform outreach activities for MWOP and act as liaison between the FDIC and the public on MWOP issues. On a quarterly basis, or as requested by the ODEO, the coordinators will report to the ODEO on their implementation of the outreach program.
(b) Outreach includes the identification and registration of MWOBS who can provide goods and services utilized by the FDIC. This includes distributing information concerning the MWOP.
(c) The identification of MWOBS for the provision of legal and non-legal services will primarily be accomplished by:
\begin{enumerate}
\item Obtaining various lists and directories of MWOBS maintained by other federal, state, and local governmental agencies;
\item Participating in conventions, seminars and professional meetings comprised of, or attended predominately by, MWOBS;
\item Conducting seminars, meetings, workshops and other various functions to promote the identification and registration of MWOBS;
\item Placing MWOP promotional advertisements indicating opportunities with the FDIC in minority- and women-owned media; and
\item Monitoring to assure that FDIC staff interfacing with the contracting community are knowledgeable of, and actively promoting, the MWOP.
\end{enumerate}
§ 362.1 Purpose and scope.

(a) This subpart, along with the notice and application procedures in subpart G of part 303 of this chapter, implements the provisions of section 24 of the Federal Deposit Insurance Act (12 U.S.C. 1831a) that restrict and prohibit insured State banks and their subsidiaries from engaging in activities and investments that are not permissible for national banks and their subsidiaries. The phrase “activity permissible for a national bank” means any activity authorized for national banks under any statute including the National Bank Act (12 U.S.C. 21 et seq.), as well as activities recognized as permissible for a national bank in regulations, official circulars, bulletins, orders or written interpretations issued by the Office of the Comptroller of the Currency (OCC).

(b) This subpart does not cover the following activities:

(1) Activities conducted other than “as principal,” defined for purposes of this subpart as activities conducted as agent for a customer, conducted in a brokerage, custodial, advisory, or administrative capacity, or conducted as trustee, or in any substantially similar capacity. For example, this subpart does not cover acting solely as agent for the sale of insurance, securities, real estate, or travel services; nor does it cover acting as trustee, providing personal financial planning advice, or safekeeping services;

(2) Interests in real estate in which the real property is used or intended in good faith to be used within a reasonable time by an insured State bank or its subsidiaries as offices or related facilities for the conduct of its business or future expansion of its business or used as public welfare investments of a type permissible for national banks; and

(3) Equity investments acquired in connection with debts previously contracted (DPC) if the insured State bank does not hold the property for speculation and takes only such actions as would be permissible for a national bank’s DPC. The bank must dispose of the property within the shorter of the period set by Federal law for national banks or the period allowed under State law. For real estate, national banks may not hold DPC for more than 10 years. For equity securities, national banks must generally divest DPC as soon as possible consistent with obtaining a reasonable return.

(c) A subsidiary of an insured state bank may not engage in real estate investment activities that are not permissible for a subsidiary of a national bank unless the bank does so through a
subsidiary of which the bank is a majority owner, is in compliance with applicable capital standards, and the FDIC has determined that the activity poses no significant risk to the appropriate deposit insurance fund. This subpart provides standards for majority-owned subsidiaries of insured state banks engaging in real estate investment activities that are not permissible for a subsidiary of a national bank.

(d) The FDIC intends to allow insured State banks and their subsidiaries to undertake only safe and sound activities and investments that do not present significant risks to the Deposit Insurance Fund and that are consistent with the purposes of Federal deposit insurance and other applicable law. This subpart does not authorize any insured State bank to make investments or to conduct activities that are not authorized or that are prohibited by either State or Federal law.

§ 362.2 Definitions.

For the purposes of this subpart, the following definitions will apply:

(a) Bank, State bank, savings association, State savings association, depository institution, insured depository institution, insured State bank, Federal savings association, and insured State nonmember bank shall each have the same respective meaning contained in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813).

(b) Activity means the conduct of business by a state-chartered depository institution, including acquiring or retaining an equity investment or other investment.

(c) Change in control means any transaction:

(1) By a State bank or its holding company for which a notice is required to be filed with the FDIC, or the Board of Governors of the Federal Reserve System (FRB), pursuant to section 7(j) of the Federal Deposit Insurance Act (12 U.S.C. 1817(j)) except a transaction that is presumed to be an acquisition of control under the FDIC's or FRB's regulations implementing section 7(j);

(2) As a result of which a State bank eligible for the exception described in §362.3(a)(2)(iii) is acquired by or merged into a depository institution that is not eligible for the exception, or as a result of which its holding company is acquired by or merged into a holding company which controls one or more bank subsidiaries not eligible for the exception; or

(3) In which control of the State bank is acquired by a bank holding company in a transaction requiring FRB approval under section 3 of the Bank Holding Company Act (12 U.S.C. 1842), other than a one bank holding company formation in which all or substantially all of the shares of the holding company will be owned by persons who were shareholders of the bank.

(d) Company means any corporation, partnership, limited liability company, business trust, association, joint venture, pool, syndicate or other similar business organization.

(e) Control means the power to vote, directly or indirectly, 25 percent or more of any class of the voting securities of a company, the ability to control in any manner the election of a majority of a company's directors or trustees, or the ability to exercise a controlling influence over the management and policies of a company.

(f) Convert its charter means an insured State bank undergoes any transaction that causes the bank to operate under a different form of charter than it had as of December 19, 1991, except a change from mutual to stock form shall not be considered a charter conversion.

(g) Equity investment means an ownership interest in any company; any membership interest that includes a voting right in any company; any interest in real estate; any transaction which in substance falls into any of these categories even though it may be structured as some other form of business transaction; and includes an equity security. The term “equity investment” does not include any of the foregoing if the interest is taken as security for a loan.

(h) Equity security means any stock (other than adjustable rate preferred stock, money market (auction rate)
§ 362.3 Activities of insured State banks.

(a) Equity investments—(1) Prohibited equity investments. No insured State bank may directly or indirectly acquire or retain as principal any equity investment of a type that is not permissible for a national bank unless one of the exceptions in paragraph (a)(2) of this section applies.

(2) Exceptions. (i) Equity investment in majority-owned subsidiaries. An insured bank...
State bank may acquire or retain an equity investment in a subsidiary of which the bank is a majority owner, provided that the subsidiary is engaging in activities that are allowed pursuant to the provisions of or by application under §362.4(b).

(ii) Investments in qualified housing projects. An insured State bank may invest as a limited partner in a partnership, or as a noncontrolling interest holder of a limited liability company, the sole purpose of which is to invest in the acquisition, rehabilitation, or new construction of a qualified housing project, provided that the bank’s aggregate investment (including legally binding commitments) does not exceed, when made, 2 percent of total assets as of the date of the bank’s most recent consolidated report of condition prior to making the investment. For the purposes of this paragraph (a)(2)(ii), Aggregate investment means the total book value of the bank’s investment in the real estate calculated in accordance with the instructions for the preparation of the consolidated report of condition. Qualified housing project means residential real estate intended to primarily benefit lower income persons throughout the period of the bank’s investment including any project that has received an award of low income housing tax credits under section 42 of the Internal Revenue Code (26 U.S.C. 42) (such as a reservation or allocation of credits) from a State or local housing credit agency. A residential real estate project that does not qualify for the tax credit under section 42 of the Internal Revenue Code will qualify under this exception if 50 percent or more of the housing units are to be occupied by lower income persons. A project will be considered residential despite the fact that some portion of the total square footage of the project is utilized for commercial purposes, provided that such commercial use is not the primary purpose of the project. Lower income has the same meaning as “low income” and “moderate income” as defined for the purposes of §345.12(n) of this chapter.

(iii) Grandfathered investments in common or preferred stock; shares of investment companies. (A) General. An insured State bank that is located in a State which as of September 30, 1991, authorized investment in:

(I)(i) Common or preferred stock listed on a national securities exchange (listed stock); or

(ii) Shares of an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) (registered shares); and

(2) Which during the period beginning on September 30, 1990, and ending on November 26, 1991, made or maintained an investment in listed stock or registered shares, may retain whatever lawfully acquired listed stock or registered shares it held and may continue to acquire listed stock and/or registered shares, provided that the bank files a notice in accordance with section 24(f)(6) of the Federal Deposit Insurance Act in compliance with §303.121 of this chapter and the FDIC processes the notice without objection under §303.122 of this chapter. Approval will be granted only if the FDIC determines that acquiring or retaining the stock or shares does not pose a significant risk to the Deposit Insurance Fund. Approval may be subject to whatever conditions or restrictions the FDIC determines are necessary or appropriate.

(B) Loss of grandfather exception. The exception for grandfathered investments under paragraph (a)(2)(ii)(A) of this section shall no longer apply if the bank converts its charter or the bank or its parent holding company undergoes a change in control. If any of these events occur, the bank may retain its existing investments unless directed by the FDIC or other applicable authority to divest the listed stock or registered shares.

(C) Maximum permissible investment. A bank’s aggregate investment in listed stock and registered shares under paragraph (a)(2)(ii)(A) of this section shall in no event exceed, when made, 100 percent of the bank’s tier one capital as measured on the bank’s most recent consolidated report of condition (call report) prior to making any such investment. The lower of the bank’s cost as determined in accordance with call report instructions or the market value of the listed stock and shares shall be used to determine compliance. The FDIC may determine when acting
upon a notice filed in accordance with paragraph (a)(2)(iii)(A)(2) of this section that the permissible limit for any particular insured State bank is something less than 100 percent of tier one capital.

(iv) Stock investment in insured depository institutions owned exclusively by other banks and savings associations. An insured State bank may acquire or retain the stock of an insured depository institution if the insured depository institution engages only in activities permissible for national banks; the insured depository institution is subject to examination and regulation by a State bank supervisor; the voting stock is owned by 20 or more insured depository institutions, but no one institution owns more than 15 percent of the voting stock; and the insured depository institution’s stock (other than directors’ qualifying shares or shares held under or acquired through a plan established for the benefit of the officers and employees) is owned only by insured depository institutions.

(v) Stock investment in insurance companies—(A) Stock of director and officer liability insurance company. An insured State bank may acquire and retain up to 10 percent of the outstanding stock of a corporation that solely provides or reinsures directors’, trustees’, and officers’ liability insurance coverage or bankers’ blanket bond group insurance coverage for insured depository institutions.

(B) Stock of savings bank life insurance company. An insured State bank located in Massachusetts, New York, or Connecticut may own stock in a savings bank life insurance company, provided that the savings bank life insurance company provides written disclosures to purchasers or potential purchasers of life insurance policies, other insurance products, and annuities that are consistent with the disclosures described in the Interagency Statement on the Retail Sale of Nondeposit Investment Products (FIL-9-94, 1 February 17, 1994) or any successor requirement which indicates that the policies, products, and annuities are not FDIC insured deposits, are not guaranteed by the bank and are subject to investment risks, including possible loss of the principal amount invested.

(b) Activities other than equity investments—(1) Prohibited activities. An insured State bank may not directly or indirectly engage as principal in any activity that is not an equity investment, and is of a type not permissible for a national bank unless one of the exceptions in paragraph (b)(2) of this section applies.

(2) Exceptions—(i) Consent obtained through application. An insured State bank that meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency may conduct activities prohibited by paragraph (b)(1) of this section if the bank obtains the FDIC’s prior written consent. Consent will be given only if the FDIC determines that the activity poses no significant risk to the Deposit Insurance Fund. Applications for consent should be filed in accordance with §303.121 of this chapter and will be processed under §303.122(b) of this chapter. Approvals granted under §303.122(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the Deposit Insurance Fund from risk, to prevent unsafe or unsound banking practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law.

(ii) Insurance underwriting—(A) Savings bank life insurance. An insured State bank that is located in Massachusetts, New York or Connecticut may provide as principal savings bank life insurance through a department of the bank, provided that the department meets the core standards of paragraph (c) of this section or submits an application in compliance with §303.121 of this chapter and the FDIC grants its consent under the procedures in §303.122(b) of this chapter, and the department provides purchasers or potential purchasers of life insurance policies, other insurance products and annuities written disclosures that are consistent with the disclosures described in the Interagency Statement.
Federal Deposit Insurance Corporation

§ 362.4

on the Retail Sale of Nondeposit Investment Products (FIL–9–94, February 17, 1994) and any successor requirement which indicates that the policies, products and annuities are not FDIC insured deposits, are not guaranteed by the bank, and are subject to investment risks, including the possible loss of the principal amount invested.

(B) Federal crop insurance. Any insured State bank that was providing insurance as principal on or before September 30, 1991, which was reinsured in whole or in part by the Federal Crop Insurance Corporation, may continue to do so.

(C) Grandfathered insurance underwriting. A well-capitalized insured State bank that on November 21, 1991, was lawfully providing insurance as principal through a department of the bank may continue to provide the same types of insurance as principal to the residents of the State or States in which the bank did so on such date provided that the bank’s department meets the core standards of paragraph (c) of this section, or submits an application in compliance with § 303.121 of this chapter and the FDIC grants its consent under the procedures in § 303.122(b) of this chapter.

(iii) Acquiring and retaining adjustable rate and money market preferred stock. (A) An insured State bank’s investment of up to 15 percent of the bank’s tier one capital in adjustable rate preferred stock or money market (auction rate) preferred stock does not represent a significant risk to the Deposit Insurance Fund. An insured State bank may conduct this activity without first obtaining the FDIC’s consent, provided that the bank meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(B) An insured State bank may acquire or retain other instruments of a type determined by the FDIC to have the character of debt securities and not to represent a significant risk to the Deposit Insurance Fund. Such instruments shall be included in the 15 percent of tier one capital limit imposed in paragraph (b)(2)(iii)(A) of this section. An insured State bank may conduct this activity without first obtaining the FDIC’s consent, provided that the bank meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(c) Core standards. For any insured State bank to be eligible to conduct insurance activities listed in paragraph (b)(2)(ii)(A) or (C) of this section, the bank must conduct the activities in a department that meets the following core separation and operating standards:

1. The department is physically distinct from the remainder of the bank;
2. The department maintains separate accounting and other records;
3. The department has assets, liabilities, obligations and expenses that are separate and distinct from those of the remainder of the bank;
4. The department is subject to State statute that requires its obligations, liabilities and expenses be satisfied only with the assets of the department; and
5. The department informs its customers that only the assets of the department may be used to satisfy the obligations of the department.

§ 362.4 Subsidiaries of insured State banks.

(a) Prohibition. A subsidiary of an insured State bank may not engage as principal in any activity that is not of a type permissible for a subsidiary of a national bank, unless it meets one of the exceptions in paragraph (b) of this section.

(b) Exceptions—(1) Consent obtained through application. A subsidiary of an insured State bank may conduct otherwise prohibited activities if the bank obtains the FDIC’s prior written consent and the insured State bank meets and continues to meet the applicable
capital standards set by the appropriate Federal banking agency. Consent will be given only if the FDIC determines that the activity poses no significant risk to the Deposit Insurance Fund. Applications for consent should be filed in accordance with §303.121 of this chapter and will be processed under §303.122(b) of this chapter. Approvals granted under §303.122(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to prevent unsafe or unsound banking practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law.

(2) Grandfathered insurance underwriting subsidiaries. A subsidiary of an insured State bank may:

(i) Engage in grandfathered insurance underwriting if the insured State bank or its subsidiary on November 21, 1991, was lawfully providing insurance as principal. The subsidiary may continue to provide the same types of insurance as principal to the residents of the State or states in which the bank or subsidiary did so on such date provided that:

(A)(1) The bank meets the capital requirements of paragraph (e) of this section; and

(B) The bank submits an application in compliance with §303.121 of this chapter and the FDIC grants its consent under the procedures in §303.122(b) of this chapter.

(ii) Continue to provide as principal title insurance, provided the bank was required before June 1, 1991, to provide title insurance as a condition of the bank’s initial chartering under State law and neither the bank nor its parent holding company undergoes a change in control.

(iii) May continue to provide as principal insurance which is reinsured in whole or in part by the Federal Crop Insurance Corporation if the subsidiary was engaged in the activity on or before September 30, 1991.

(3) Majority-owned subsidiaries’ ownership of equity investments that represent a control interest in a company. The FDIC has determined that investment in the following by a majority-owned subsidiary of an insured State bank does not represent a significant risk to the Deposit Insurance Fund:

(i) Equity investment in a company engaged in real estate or securities activities authorized in paragraph (b)(5) of this section if the bank complies with the following restrictions and files a notice in compliance with §303.121 of this chapter and the FDIC processes the notice without objection under §303.122(a) of this chapter. The FDIC is not precluded from taking any appropriate action or imposing additional requirements with respect to the activity if the facts and circumstances warrant such action. If changes to the management or business plan of the company at any time result in material changes to the nature of the company’s business or the manner in which its business is conducted, the insured State bank shall advise the appropriate regional director (DSC) in writing within 10 business days after such change. Investment under this paragraph is authorized if:

(A) The majority-owned subsidiary controls the company;

(B) The bank meets the core eligibility criteria of paragraph (c)(1) of this section;

(C) The majority-owned subsidiary meets the core eligibility criteria of paragraph (c)(2) of this section (including any modifications thereof applicable under paragraph (b)(5)(i) of this section), or the company is a corporation meeting such criteria;

(D) The bank’s transactions with the majority-owned subsidiary, and the bank’s transactions with the company, comply with the investment and transaction limits of paragraph (d) of this section;

(E) The bank complies with the capital requirements of paragraph (e) of this section with respect to the majority-owned subsidiary and the company; and

(F) To the extent the company is engaged in securities activities authorized by paragraph (b)(5)(ii) of this section, the bank and the company comply with the additional requirements...
therein as if the company were a majority-owned subsidiary.

(ii) Equity securities of a company engaged in the following activities, if the majority-owned subsidiary controls the company or the company is controlled by insured depository institutions, and the bank meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The FDIC consents that a majority-owned subsidiary may conduct such activity without first obtaining the FDIC’s consent. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activity if the facts and circumstances warrant such action:

(A) Any activity that is permissible for a national bank, including such permissible activities that may require the company to register as a securities broker;

(B) Acting as an insurance agency;

(C) Engaging in any activity permissible for an insured State bank under §362.3(b)(2)(iii) to the same extent permissible for the insured bank thereunder, so long as instruments held under this paragraph (b)(5)(i)(C), paragraph (b)(7) of this section, and §362.3(b)(2)(iii) in the aggregate do not exceed the limit set by §362.3(b)(2)(iii);

(D) Engaging in any activity permissible for a majority-owned subsidiary of an insured State bank under paragraph (b)(6) of this section to the same extent and manner permissible for the majority-owned subsidiary thereunder; and

(4) Majority-owned subsidiary’s ownership of certain securities that do not represent a control interest—(i) Grandfathered investments in common or preferred stock and shares of investment companies. Any insured State bank that has received approval to invest in common or preferred stock or shares of an investment company pursuant to §362.3(a)(2)(iii) may conduct the approved investment activities through a majority-owned subsidiary of the bank without any additional approval from the FDIC provided that any conditions or restrictions imposed with regard to the approval granted under §362.3(a)(2)(iii) are met.

(ii) Bank stock. An insured State bank may indirectly through a majority-owned subsidiary organized for such purpose invest in up to ten percent of the outstanding stock of another insured bank.

(5) Majority-owned subsidiaries conducting real estate investment activities and securities underwriting. The FDIC has determined that the following activities do not represent a significant risk to the Deposit Insurance Fund, provided that the activities are conducted by a majority-owned subsidiary of an insured State bank in compliance with the core eligibility requirements listed in paragraph (c) of this section; any additional requirements listed in paragraph (b)(5) (i) or (ii) of this section; the bank complies with the investment and transaction limitations of paragraph (d) of this section; and the bank meets the capital requirements of paragraph (e) of this section. The FDIC consents that these listed activities may be conducted by a majority-owned subsidiary of an insured State bank if the bank files a notice in compliance with §303.121 of this chapter and the FDIC processes the notice without objection under §303.123(a) of this chapter. The FDIC is not precluded from taking any appropriate action or imposing additional requirements with respect to the activities if the facts and circumstances warrant such action. If changes to the management or business plan of the majority-owned subsidiary at any time result in material changes to the nature of the majority-owned subsidiary’s business or the manner in which its business is conducted, the insured State bank shall advise the appropriate regional director (DSC) in writing within 10 business days after such change. Such a majority-owned subsidiary may:

(i) Real estate investment activities. Engage in real estate investment activities. However, the requirements of paragraph (c)(2)(i), (v), (vi), and (xi) of this section need not be met if the bank’s investment in the equity securities of the subsidiary does not exceed 2 percent of the bank’s tier one capital; the bank has only one subsidiary engaging in real estate investment activities; and the bank’s total investment in the subsidiary does not include
any extensions of credit from the bank to the subsidiary, any debt instruments issued by the subsidiary, or any other transaction originated by the bank that is used to benefit the subsidiary.

(ii) Securities activities. Engage in the public sale, distribution or underwriting of securities that are not permissible for a national bank under section 16 of the Banking Act of 1933 (12 U.S.C. 24 Seventh), provided that the insured state nonmember bank lawfully controlled or acquired the subsidiary and had an approved notice or order from the FDIC prior to November 12, 1999 and provided that the following additional conditions are, and continue to be, met:

(A) The state-chartered depository institution adopts policies and procedures, including appropriate limits on exposure, to govern the institution’s participation in financing transactions underwritten or arranged by an underwriting majority-owned subsidiary;

(B) The state-chartered depository institution may not express an opinion on the value or the advisability of the purchase or sale of securities underwritten or dealt in by a majority-owned subsidiary unless the state-chartered depository institution notifies the customer that the majority-owned subsidiary is underwriting or distributing the security;

(C) The majority-owned subsidiary is registered with the Securities and Exchange Commission, is a member in good standing with the appropriate self-regulatory organization, and promptly informs the appropriate regional director (DSC) in writing of any material actions taken against the majority-owned subsidiary or any of its employees by the State, the appropriate self-regulatory organizations or the Securities and Exchange Commission; and

(D) The state-chartered depository institution does not knowingly purchase as principal or fiduciary during the existence of any underwriting or selling syndicate any securities underwritten by the majority-owned subsidiary unless the purchase is approved by the state-chartered depository institution’s board of directors before the

(i) Lease criteria—(A) Capital lease. The lease must qualify as a capital lease as to the lessor under generally accepted accounting principles.

(B) Nonoperating basis. The bank and the majority-owned subsidiary shall not, directly or indirectly, provide or be obligated to provide servicing, repair, or maintenance to the property, except that the lease may include provisions permitting the subsidiary to protect the value of the leased property in the event of a change in circumstances that increases the subsidiary’s exposure to loss, or the subsidiary may take reasonable and appropriate action to salvage or protect the value of the leased property in such circumstances.

(ii) Underlying real property requirements—(A) Acquisition. The majority-owned subsidiary may acquire specific real estate to be leased only after the subsidiary has entered into:

(1) A lease meeting the requirements of paragraph (b)(6)(i) of this section;

(2) A legally binding written commitment to enter into such a lease; or

(3) A legally binding written agreement that indemnifies the subsidiary against loss in connection with its acquisition of the property.

(B) Improvements. Any expenditures by the majority-owned subsidiary to
make reasonable repairs, renovations, and improvements necessary to render the property suitable to the lessee shall not exceed 25 percent of the majority-owned subsidiary’s full investment in the real estate.

(C) Divestiture. At the expiration of the initial lease (including any renewals or extensions thereof), the majority-owned subsidiary shall, as soon as practicable but in any event no less than two years, either:

(1) Re-lease the property under a lease meeting the requirement of paragraph (b)(6)(i)(B) of this section; or

(2) Divest itself of all interest in the property.

(7) Acquiring and retaining adjustable rate and money market preferred stock and similar instruments. The FDIC has determined it does not present a significant risk to the Deposit Insurance Fund for a majority-owned subsidiary of an insured State bank to engage in any activity permissible for an insured State bank under §362.3(b)(2)(iii), so long as instruments held under this paragraph, paragraph (b)(3)(i)(C) of this section, and §362.3(b)(2)(ii)(A) in the aggregate do not exceed the limit set by §362.3(b)(2)(ii)(A). A majority-owned subsidiary may conduct this activity without first obtaining the FDIC’s consent, provided that the bank meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activity if the facts and circumstances warrant such action.

(c) Cure eligibility requirements. If specifically required by this part or by FDIC order, any state-chartered depository institution that wishes to be eligible and continue to be eligible to conduct as principal activities through a subsidiary that are not permissible for a subsidiary of a national bank must be an “eligible depository institution” and the subsidiary must be an “eligible subsidiary”.

(1) A state-chartered depository institution is an “eligible depository institution” if it:

(i) Has been chartered and operating for three or more years, unless the appropriate regional director (DSC) finds that the state-chartered depository institution is owned by an established, well-capitalized, well-managed holding company or is managed by seasoned management;

(ii) Has an FDIC-assigned composite rating of 1 or 2 assigned under the Uniform Financial Institutions Rating System (UFIRS) (or such other comparable rating system as may be adopted in the future) as a result of its most recent Federal or State examination for which the FDIC assigned a rating;

(iii) Received a rating of 1 or 2 under the “management” component of the UFIRS as assigned by the institution’s appropriate Federal banking agency;

(iv) Has a satisfactory or better Community Reinvestment Act rating at its most recent examination conducted by the institution’s appropriate Federal banking agency;

(v) Has a compliance rating of 1 or 2 at its most recent examination conducted by the institution’s appropriate Federal banking agency;

(vi) Is not subject to a cease and desist order, consent order, prompt corrective action directive, formal or informal written agreement, or other administrative agreement with its appropriate Federal banking agency or chartering authority.

(2) A subsidiary of a state-chartered depository institution is an “eligible subsidiary” if it:

(i) Meets applicable statutory or regulatory capital requirements and has sufficient operating capital in light of the normal obligations that are reasonably foreseeable for a business of its size and character within the industry;

(ii) Is physically separate and distinct in its operations from the operations of the state-chartered depository institution, provided that this requirement shall not be construed to prohibit the state-chartered depository institution and its subsidiary from sharing the same facility if the area where the subsidiary conducts business with the public is clearly distinct from the area where customers of the state-chartered depository institution conduct business with the institution. The extent of the separation will vary according to the type and frequency of customer contact;
(iii) Maintains separate accounting and other business records;
(iv) Observes separate business entity formalities such as separate board of directors' meetings;
(v) Has a chief executive officer of the subsidiary who is not an employee of the institution;
(vi) Has a majority of its board of directors who are neither directors nor executive officers of the state-chartered depository institution;
(vii) Conducts business pursuant to independent policies and procedures designed to inform customers and prospective customers of the subsidiary that the subsidiary is a separate organization from the state-chartered depository institution and that the state-chartered depository institution is not responsible for and does not guarantee the obligations of the subsidiary;
(viii) Has only one business purpose within the types described in paragraphs (b)(2) and (b)(5) of this section;
(ix) Has a current written business plan that is appropriate to the type and scope of business conducted by the subsidiary;
(x) Has qualified management and employees for the type of activity contemplated, including all required licenses and memberships, and complies with industry standards; and
(xi) Establishes policies and procedures to ensure adequate computer, audit and accounting systems, internal risk management controls, and has necessary operational and managerial infrastructure to implement the business plan.

(d) **Investment and transaction limits**—
(1) **General.** If specifically required by this part or FDIC order, the following conditions and restrictions apply to an insured State bank and its subsidiaries that engage in and wish to continue to engage in activities which are not permissible for a national bank subsidiary.

(2) **Investment limits**—(i) **Aggregate investment in subsidiaries.** An insured state bank's aggregate investment in all subsidiaries conducting activities subject to this paragraph (d) shall not exceed 20 percent of the insured State bank's tier one capital.

(ii) **Definition of investment.** (A) For purposes of this paragraph (d), the term "investment" means:

(1) Any extension of credit to the subsidiary by the insured State bank;
(2) Any debt securities, as such term is defined in part 344 of this chapter, issued by the subsidiary held by the insured State bank;
(3) The acceptance by the insured State bank of securities issued by the subsidiary as collateral for an extension of credit to any person or company; and

(4) Any extensions of credit by the insured State bank to any third party for the purpose of making a direct investment in the subsidiary, making any investment in which the subsidiary has an interest, or which is used for the benefit of, or transferred to, the subsidiary.

(B) For the purposes of this paragraph (d), the term "investment" does not include:

(1) Extensions of credit by the insured State bank to finance sales of assets by the subsidiary which do not involve more than the normal degree of risk of repayment and are extended on terms that are substantially similar to those prevailing at the time for comparable transactions with or involving unaffiliated persons or companies;

(2) An extension of credit by the insured State bank to the subsidiary that is fully collateralized by government securities, as such term is defined in §344.3 of this chapter; or

(3) An extension of credit by the insured State bank to the subsidiary that is fully collateralized by a segregated deposit in the insured State bank.

(3) **Transaction requirements**—(1) **Arm's length transaction requirement.** With the exception of giving the subsidiary immediate credit for uncollected items received in the ordinary course of business, an insured State bank may not carry out any of the following transactions with a subsidiary subject to this paragraph (d) unless the transaction is on terms and conditions that are substantially the same as those prevailing at the time for comparable transactions with unaffiliated parties:

(A) Make an investment in the subsidiary:
(B) Purchase from or sell to the subsidiary any assets (including securities);
(C) Enter into a contract, lease, or other type of agreement with the subsidiary;
(D) Pay compensation to a majority-owned subsidiary or any person or company who has an interest in the subsidiary; or
(E) Engage in any such transaction in which the proceeds thereof are used for the benefit of, or are transferred to, the subsidiary.

(ii) Prohibition on purchase of low quality assets. An insured State bank is prohibited from purchasing a low quality asset from a subsidiary subject to this paragraph (d). For purposes of this subsection, “low quality asset” means:
(A) An asset classified as “substandard”, “doubtful”, or “loss” or treated as “other assets especially mentioned” in the most recent report of examination of the bank;
(B) An asset in a nonaccrual status;
(C) An asset on which principal or interest payments are more than 30 days past due; or
(D) An asset whose terms have been renegotiated or compromised due to the deteriorating financial condition of the obligor.

(iii) Insider transaction restriction. Neither the insured State bank nor the subsidiary subject to this paragraph (d) may enter into any transaction (exclusive of those covered by §337.3 of this chapter) with the bank’s executive officers, directors, principal shareholders or related interests of such persons which relate to the subsidiary’s activities unless:
(A) The transactions are on terms and conditions that are substantially the same as those prevailing at the time for comparable transactions with persons not affiliated with the insured State bank; or
(B) The transactions are pursuant to a benefit or compensation program that is widely available to employees of the bank, and that does not give preference to the bank’s executive officers, directors, principal shareholders or related interests of such persons over other bank employees.

(iv) Antitrip restriction. Neither the insured State bank nor the majority-owned subsidiary may require a customer to either buy any product or use any service from the other as a condition of entering into a transaction.

(4) Collateralization requirements. (i) An insured State bank is prohibited from making an investment in a subsidiary subject to this paragraph (d) unless such transaction is fully collateralized at the time the transaction is entered into. No insured State bank may accept a low quality asset as collateral. An extension of credit is fully collateralized if it is secured at the time of the transaction by collateral having a market value equal to at least:
(A) 100 percent of the amount of the transaction if the collateral is composed of:
   (1) Obligations of the United States or its agencies;
   (2) Obligations fully guaranteed by the United States or its agencies as to principal and interest;
   (3) Notes, drafts, bills of exchange or bankers acceptances that are eligible for rediscount or purchase by the Federal Reserve Bank; or
   (4) A segregated, earmarked deposit account with the insured State bank;
(B) 110 percent of the amount of the transaction if the collateral is composed of obligations of any State or political subdivision of any State;
(C) 120 percent of the amount of the transaction if the collateral is composed of other debt instruments, including receivables; or
(D) 130 percent of the amount of the transaction if the collateral is composed of stock, leases, or other real or personal property.

(ii) An insured State bank may not release collateral prior to proportional payment of the extension of credit; however, collateral may be substituted if there is no diminution of collateral coverage.

(5) Investment and transaction limits extended to insured State bank subsidiaries. For purposes of applying paragraphs (d)(2) through (d)(4) of this section, any reference to “insured State bank” means the insured State bank and any subsidiaries of the insured State bank which are not themselves subject under this part or FDIC order.
to the restrictions of this paragraph (d).

(e) Capital requirements. If specifically required by this part or by FDIC order, any insured State bank that wishes to conduct or continue to conduct as principal activities through a subsidiary that are not permissible for a subsidiary of a national bank must:

1. Be well-capitalized after deducting from its tier one capital the investment in equity securities of the subsidiary as well as the bank's pro rata share of any retained earnings of the subsidiary;
2. Reflect this deduction on the appropriate schedule of the bank's consolidated report of income and condition; and
3. Use such regulatory capital amount for the purposes of the bank's assessment risk classification under part 327 of this chapter and its categorization as a "well-capitalized", an "adequately capitalized", an "undercapitalized", or a "significantly undercapitalized" institution as defined in §325.103(b) of this chapter, provided that the capital deduction shall not be used for purposes of determining whether the bank is "critically undercapitalized" under part 325 of this chapter.

§ 362.5 Approvals previously granted.

(a) FDIC consent by order or notice. An insured State bank that previously filed an application or notice under part 362 in effect prior to January 1, 1999 (see 12 CFR part 362 revised as of January 1, 1998), and obtained the FDIC's consent to engage in an activity or to acquire or retain a majority-owned subsidiary engaging as principal in an activity, may continue to hold any overlimit shares of such stock acquired before January 1, 1999, until redeemed or repurchased by the issuer, but such stock shall be included as part of the amount limit in §362.3(b)(2)(iii) when determining whether the bank may acquire new stock thereunder.

(b) Adjustments by regulation—
(1)–(5) [Reserved]
(6) Adjustable rate or money market preferred stock. An insured State bank owning adjustable rate or money market preferred stock pursuant to §362.4(c)(3)(v) in effect prior to January 1, 1999 (see 12 CFR part 362 revised as of January 1, 1998), in excess of the amount limit in §362.3(b)(2)(iii) may continue to hold any overlimit shares of such stock acquired before January 1, 1999, until redeemed or repurchased by the issuer, but such stock shall be included as part of the amount limit in §362.3(b)(2)(iii) when determining whether the bank may acquire new stock thereunder.

(c) Charter conversions. (1) An insured State bank that has converted its charter from an insured state savings association may continue activities through a majority-owned subsidiary that were permissible prior to the time it converted its charter only if the insured State bank receives the FDIC’s consent. Except as provided in paragraph (c)(2) of this section, the insured State bank should apply under §362.4(b)(1), submit any notice required under §362.4(b)(4) or (5), or comply with the provisions of §362.4(b)(3), (6), or (7) if applicable, to continue the activity.

(2) Exception for prior consent. If the FDIC had granted consent to the savings association under section 28 of the Federal Deposit Insurance Act (12
Federal Deposit Insurance Corporation

§ 362.8 Restrictions on activities of insured state nonmember banks affiliated with certain securities companies.

(a) The FDIC has found that an unrestricted affiliation between an insured state nonmember bank and certain companies may have adverse effects on the safety and soundness of insured state nonmember banks.

(b) An insured state nonmember bank is prohibited from becoming or remaining affiliated with any securities underwriting affiliate company that directly engages in the public sale, distribution or underwriting of stocks, bonds, debentures, notes, or other securities activity, of a type not permissible for a national bank directly, unless the company is controlled by an entity that is supervised by a federal banking agency or the state nonmember bank submits an application in compliance with §303.121 of this chapter and the FDIC grants its consent under the procedure in §303.122(b) of this chapter, or the state nonmember bank and the securities underwriting affiliate company comply with the following requirements:

(1) The securities business of the affiliate is physically separate and distinct in its operations from the operations of the bank, provided that this requirement shall not be construed to prohibit the bank and its affiliate from sharing the same facility if the area where the affiliate conducts retail sales activity with the public is physically distinct from the routine deposit taking area of the bank;

(2) The affiliate conducts business pursuant to independent policies and procedures designed to inform customers and prospective customers of the affiliate that the affiliate is a separate organization from the bank and the state-chartered depository institution is not responsible for and does not guarantee the obligations of the affiliate;

(3) The bank adopts policies and procedures, including appropriate limits on exposure, to govern its participation in compliance as provided in subpart A of this part.

Subpart B—Safety and Soundness Rules Governing Insured State Nonmember Banks

§ 362.6 Purpose and scope.

This subpart, along with the notice and application procedures in subpart G of part 303 of this chapter apply to certain banking practices that may have adverse effects on the safety and soundness of insured state nonmember banks. This subpart contains the required prudential separations between certain securities underwriting affiliates and insured state nonmember banks. The standards only will apply to affiliates of insured state nonmember banks that are not controlled by an entity that is supervised by a federal banking agency.

§ 362.7 Definitions.

For the purposes of this subpart, the following definitions apply:

(a) Affiliate has the same meaning contained in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813).

(b) Activity, company, control, equity security, insured state nonmember bank, security and subsidiary have the same meaning as provided in subpart A of this part.

in financing transactions underwritten by an underwriting affiliate:

(4) The bank does not express an
opinion on the value or the advisability
of the purchase or sale of securities un-
derwritten or dealt in by an affiliate

entity underwriting, making a market,
distributing or dealing in the securities
is an affiliate of the bank; and

(5) The bank complies with the in-
vestment and transaction limitations
in sections 23A and 23B of the Federal
Reserve Act (12 U.S.C. 371c and 371c–1)
with respect to the affiliate.

Subpart C—Activities of Insured
State Savings Associations

§ 362.9 Purpose and scope.

(a) This subpart, along with the no-
tice and application procedures in sub-
part H of part 363 of this chapter, im-
plements the provisions of section 28 of
the Federal Deposit Insurance Act (12
U.S.C. 1831e) that restrict and prohibit
insured state savings associations and
their service corporations from engag-
ing in activities and investments of a
type that are not permissible for Fed-
eral savings associations and their
service corporations. The phrase “ac-
tivity permissible for a Federal savings
association” means any activity au-
thorized for Federal savings associa-
tions under any statute including the
Home Owners’ Loan Act (HOLA, 12
U.S.C. 1464 et seq.), as well as activities
recognized as permissible for a Federal
savings association in regulations, offi-
cial thrift bulletins, orders or written
interpretations issued by the Office of
Thrift Supervision (OTS), or its prede-
cessor, the Federal Home Loan Bank
Board.

(b) This subpart does not cover the
following activities:

(1) Activities conducted by the in-
sured state savings association other
than “as principal”, defined for pur-
poses of this subpart as activities con-
ducted as agent for a customer, con-
ducted in a brokerage, custodial, advi-
sory, or administrative capacity, or
conducted as trustee, or in any sub-
stantially similar capacity. For exam-
ple, this subpart does not cover acting
solely as agent for the sale of insur-
ance, securities, real estate, or travel
services; nor does it cover acting as
trustee, providing personal financial
planning advice, or safekeeping serv-
ices.

(2) Interests in real estate in which
the real property is used or intended in
good faith to be used within a reason-
able time by an insured savings asso-
ciation or its service corporations as
offices or related facilities for the con-
duct of its business or future expansion
of its business or used as public welfare
investments of a type and in an
amount permissible for Federal savings
associations.

(3) Equity investments acquired in
connection with debts previously con-
tracted (DPC) if the insured savings
association or its service corporation
takes only such actions as would be
permissible for a Federal savings associa-
tion’s or its service corporation’s
DPC holdings.

(c) The FDIC intends to allow insured
state savings associations and their
service corporations to undertake only
safe and sound activities and invest-
ments that do not present significant
risks to the Deposit Insurance Fund
and that are consistent with the pur-
poses of Federal deposit insurance and
other applicable law. This subpart does
not authorize any insured state savings
association to make investments or
conduct activities that are not author-
ized or that are prohibited by either
Federal or state law.

§ 362.10 Definitions.

For the purposes of this subpart, the
definitions provided in §362.2 apply. Ad-
ditionally, the following definitions
apply to this subpart:

(a) Affiliate has the same meaning as
provided in subpart B of this part.

(b) Corporate debt securities not of in-
vestment grade means any corporate
debt security that when acquired was
not rated among the four highest rat-
ing categories by at least one nation-
ally recognized statistical rating or-
ganization. The term shall not include
any obligation issued or guaranteed by
a corporation that may be held by a
Federal savings association without
limitation as to percentage of assets under subparagraphs (D), (E), or (F) of section 5(c)(1) of HOLA (12 U.S.C. 1464(c)(1) (D), (E), (F)).

(c) **Insured state savings association** means any state-chartered savings association insured by the FDIC.

(d) **Qualified affiliate** means, in the case of a stock insured state savings association, an affiliate other than a subsidiary or an insured depository institution. In the case of a mutual savings association, “qualified affiliate” means a subsidiary other than an insured depository institution provided that all of the savings association’s investments in, and extensions of credit to, the subsidiary are deducted from the savings association’s capital.

(e) **Service corporation** means any corporation the capital stock of which is available for purchase by savings associations.

§ 362.11 Activities of insured State savings associations.

(a) **Equity investments**—(1) **Prohibited investments.** No insured state savings association may directly acquire or retain as principal any equity investment of a type, or in an amount, that is not permissible for a Federal savings association unless the exception in paragraph (a)(2) of this section applies.

(2) **Exception: Equity investment in service corporations.** An insured state savings association that is and continues to be in compliance with the applicable capital standards as prescribed by the appropriate Federal banking agency may acquire or retain an equity investment in a service corporation:

(i) Not permissible for a Federal savings association to the extent the service corporation is engaging in activities that are allowed pursuant to the provisions of or an application under §362.12(b); or

(ii) Of a type permissible for a Federal savings association, but in an amount exceeding the investment limits applicable to Federal savings associations, if the insured state savings association obtains the FDIC’s prior consent. Consent will be given only if the FDIC determines that the amount of the investment in a service corporation engaged in such activities does not present a significant risk to the Deposit Insurance Fund. Applications should be filed in accordance with §303.141 of this chapter and will be processed under §303.142(b) of this chapter. Approvals granted under §303.142(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the Deposit Insurance Fund from significant risk, to prevent unsafe or unsound practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law.

(b) **Activities other than equity investments**—(1) **Prohibited activities.** An insured state savings association may not directly engage as principal in any activity that is not an equity investment, of a type not permissible for a Federal savings association, and an insured state savings association shall not make nonresidential real property loans in an amount exceeding that described in section 5(c)(2)(B) of HOLA (12 U.S.C. 1464(c)(2)(B)), unless one of the exceptions in paragraph (b)(2) of this section applies. This section shall not be read to require the divestiture of any asset (including a nonresidential real estate loan), if the asset was acquired prior to August 9, 1989; however, any activity conducted with such asset must be conducted in accordance with this subpart. After August 9, 1989, an insured state savings association directly or through a subsidiary (other than, in the case of a mutual savings association, a subsidiary that is a qualified affiliate), may not acquire or retain any corporate debt securities not of investment grade.

(2) **Exceptions**—(i) **Consent obtained through application.** An insured state savings association that meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency may directly conduct activities prohibited by paragraph (b)(1) of this section if the savings association obtains the FDIC’s prior consent. Consent will be given only if the FDIC determines that conducting the activity designated poses no significant risk to the Deposit Insurance Fund. Applications should be filed in accordance with §303.141 of this
chapter and will be processed under §303.142(b) of this chapter. Approvals granted under §303.142(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the Deposit Insurance Fund from significant risk, to prevent unsafe or unsound practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law.

(ii) Nonresidential realty loans permissible for a Federal savings association conducted in an amount not permissible. An insured state savings association that meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency may make nonresidential real property loans in an amount exceeding the amount described in section 5(c)(2)(B) of HOLA, if the savings association files a notice in compliance with §303.141 of this chapter and the FDIC processes the notice without objection under §303.142(a) of this chapter. Consent will be given only if the FDIC determines that engaging in such lending in the amount designated poses no significant risk to the Deposit Insurance Fund.

(iii) Acquiring and retaining adjustable rate and money market preferred stock. (A) An insured state savings association’s investment of up to 15 percent of the association’s tier one capital in adjustable rate preferred stock or money market (auction rate) preferred stock does not represent a significant risk to the Deposit Insurance Fund. An insured state savings association may conduct this activity without first obtaining the FDIC’s consent, provided that the association meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(B) An insured state savings association may acquire or retain other instruments of a type determined by the FDIC to have the character of debt securities and not to represent a significant risk to the Deposit Insurance Fund. Such instruments shall be included in the 15 percent of tier one capital limit imposed in paragraph (b)(2)(iii)(A) of this section. An insured state savings association may conduct this activity without first obtaining the FDIC’s consent, provided that the association meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(3) Activities permissible for a Federal savings association conducted in an amount not permissible. Except as provided in paragraph (b)(2)(ii) of this section, an insured state savings association may engage as principal in any activity, which is not an equity investment of a type permissible for a Federal savings association, in an amount in excess of that permissible for a Federal savings association, if the savings association meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency, the institution has advised the appropriate regional director (DSC) under the procedure in §303.142(c) of this chapter within thirty days before engaging in the activity, and the FDIC has not advised the insured state savings association that conducting the activity in the amount indicated poses a significant risk to the Deposit Insurance Fund. This section shall not be read to require the divestiture of any asset if the asset was acquired prior to August 9, 1989; however, any activity conducted with such asset must be conducted in accordance with this subpart.

§362.12 Service corporations of insured State savings associations.

(a) Prohibition. A service corporation of an insured state savings association may not engage in any activity that is not permissible for a service corporation of a Federal savings association, unless it meets one of the exceptions in paragraph (b) of this section.
Federal Deposit Insurance Corporation § 362.12

(b) Exceptions—(1) Consent obtained through application. A service corporation of an insured state savings association may conduct activities prohibited by paragraph (a) of this section if the savings association obtains the FDIC’s prior written consent and the insured state savings association meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency. Consent will be given only if the FDIC determines that the activity poses no significant risk to the Deposit Insurance Fund. Applications for consent should be filed in accordance with §303.141 of this chapter and will be processed under §303.142(b) of this chapter. Approvals granted under §303.142(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the Deposit Insurance Fund from risk, to prevent unsafe or unsound banking practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law. The activities covered by this paragraph may include, but are not limited to, acquiring and retaining equity securities of a company engaged in the public sale, distribution, or underwriting of securities.

(2) Service corporations conducting unrestricted activities. The FDIC has determined that the following activities do not represent a significant risk to the Deposit Insurance Fund:

(i) [Reserved]

(ii) A service corporation of an insured state savings association may acquire and retain equity securities of a company engaged in the following activities, if the service corporation controls the company or the company is controlled by insured depository institutions, and the association continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The FDIC consents that such activity may be conducted by a service corporation of an insured state savings association without first obtaining the FDIC’s consent. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(A) Equity securities of a company that engages in permissible activities. A service corporation may own the equity securities of a company that engages in any activity permissible for a Federal savings association.

(B) Equity securities of a company that acquires and retains adjustable-rate and money market preferred stock. A service corporation may own the equity securities of a company that engages in any activity permissible for an insured state savings association under §362.11(b)(2)(iii) so long as instruments held under this paragraph (b)(2)(i)(B), paragraph (b)(2)(iv) of this section, and §362.11(b)(2)(iii) in the aggregate do not exceed the limit set by §362.11(b)(2)(iii).

(C) Equity securities of a company acting as an insurance agency. A service corporation may own the equity securities of a company that acts as an insurance agency.

(iii) Activities that are not conducted as principal. A service corporation controlled by the insured state savings association may engage in activities which are not conducted as principal such as acting as an agent for a customer, acting in a brokerage, custodial, advisory, or administrative capacity, or acting as trustee, or in any substantially similar capacity.

(iv) Acquiring and retaining adjustable-rate and money market preferred stock. A service corporation may engage in any activity permissible for an insured state savings association under §362.11(b)(2)(iii) so long as instruments held under this paragraph (b)(2)(iv), paragraph (b)(2)(i)(B) of this section, and §362.11(b)(2)(iii) in the aggregate do not exceed the limit set by §362.11(b)(2)(iii).

(3)–(4) [Reserved]

(c) Investment and transaction limits. The restrictions detailed in §362.4(d) apply to transactions between an insured state savings association and any service corporation engaging in activities which are not permissible for a service corporation of a Federal savings association if specifically required by this part or FDIC order. For purposes of applying the investment limits in §362.4(d)(2), the term “investment” includes only those items described in
§ 362.13 Approvals previously granted.

FDIC consent by order or notice. An insured state savings association that previously filed an application and obtained the FDIC’s consent to engage in an activity or to acquire or retain an investment in a service corporation engaging as principal in an activity or acquiring and retaining any investment that is prohibited under this subpart may continue that activity or retain that investment without seeking the FDIC’s consent, provided the insured state savings association and the service corporation, if applicable, continue to meet the conditions and restrictions of approval. An insured state savings association which was granted approval based on conditions which differ from the requirements of §§362.4(c)(2) and 362.12(c) and (d) will be considered to meet the conditions and restrictions of the approval if the insured state savings association and any applicable service corporation meet the requirements of §§362.4(c)(2) and 362.12(c) and (d). For the purposes of applying §362.4(c)(2), references to the terms “eligible subsidiary” and “subsidiary” in §362.4(c)(2) shall be deemed to refer, respectively, to the insured state savings association and the service corporation.

Subpart D—Acquiring, Establishing, or Conducting New Activities Through a Subsidiary by an Insured Savings Association

§ 362.14 Purpose and scope.

This subpart implements section 18(m) of the Federal Deposit Insurance Act (12 U.S.C. 1828(m)) which requires that prior notice be given the FDIC when an insured savings association establishes or acquires a subsidiary or engages in any new activity in a subsidiary. For the purposes of this subpart, the term “subsidiary” does not include any insured depository institution as that term is defined in the Federal Deposit Insurance Act. Unless otherwise indicated, the definitions provided in §362.2 apply to this subpart.

§ 362.15 Acquiring or establishing a subsidiary; conducting new activities through a subsidiary.

No state or Federal insured savings association may establish or acquire a subsidiary, or conduct any new activity through a subsidiary, unless it files a notice in compliance with §303.142(c) of this chapter at least 30 days prior to establishment of the subsidiary or commencement of the activity and the FDIC does not object to the notice. This requirement does not apply to any Federal savings bank that was chartered prior to October 15, 1982, as a savings bank under State law or any savings association that acquired its principal assets from such an institution.

Subpart E—Financial Subsidiaries of Insured State Nonmember Banks

SOURCE: 66 FR 1029, Jan. 5, 2001, unless otherwise noted.
§ 362.16 Purpose and scope.

(a) This subpart, along with the notice and application procedures in subpart G of part 303 of this chapter, implements section 46 of the Federal Deposit Insurance Act (12 U.S.C. 1831w) and requires that an insured state nonmember bank certify certain facts and file a notice with the FDIC before the insured state nonmember bank may control or hold an interest in a financial subsidiary under section 46(a) of the Federal Deposit Insurance Act. This subpart also implements the statutory Community Reinvestment Act (CRA) (12 U.S.C. 2901 et seq.) requirement set forth in subsection (4)(l)(2) of the Bank Holding Company Act (12 U.S.C. 1843(l)(2)), which is applicable to state nonmember banks that commence new activities through a financial subsidiary or directly or indirectly acquire control of a company engaged in an activity under section 46(a).

(b) This subpart does not cover activities conducted other than “as principal”. For purposes of this subpart, activities conducted other than “as principal” are defined as activities conducted as agent for a customer, conducted in a brokerage, custodial, advisory, or administrative capacity, or conducted as trustee, or in any substantially similar capacity. For example, this subpart does not cover acting solely as agent for the sale of insurance, securities, real estate, or travel services; nor does it cover acting as trustee, providing personal financial planning advice, or safekeeping services.

§ 362.17 Definitions.

For the purposes of this subpart, the following definitions will apply:

(a) Activity, company, control, insured depository institution, insured state bank, insured state nonmember bank and subsidiary have the same meaning as provided in subpart A of this part.

(b) Affiliate has the same meaning provided in subpart B of this part.

(c) Financial subsidiary means any company that is controlled by one or more insured depository institutions other than:

(1) A subsidiary that only engages in activities that the state nonmember bank is permitted to engage in directly and that are conducted on the same terms and conditions that govern the conduct of the activities by the state nonmember bank; or

(2) A subsidiary that the state nonmember bank is specifically authorized to control by the express terms of a federal statute (other than section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w)), and not by implication or interpretation, such as the Bank Service Company Act (12 U.S.C. 1861 et seq.).

(d) Tangible equity and Tier 2 capital have the same meaning as set forth in part 325 of this chapter.

(e) Well-managed means:

(1) Unless otherwise determined in writing by the appropriate federal banking agency, the institution has received a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System (or an equivalent rating under an equivalent rating system) in connection with the most recent state or federal examination or subsequent review of the depository institution and at least a rating of 2 for management, if such a rating is given; or

(2) In the case of any depository institution that has not been examined by its appropriate federal banking agency, the existence and use of managerial resources that the appropriate federal banking agency determines are satisfactory.

§ 362.18 Financial subsidiaries of insured state nonmember banks.

(a) “As principal” activities. An insured state nonmember bank may not obtain control of or hold an interest in a financial subsidiary that engages in activities as principal or commence any such new activity pursuant to section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w) unless the insured state nonmember bank files a notice containing the information required in §303.121(b) of this chapter and certifies that:

(1) The insured state nonmember bank is well-managed;

(2) The insured state nonmember bank and all of its insured depository
institutions affiliates are well-capitalized as defined in the appropriate capital regulation and guidance of each institution’s primary federal regulator; and

(3) The insured state nonmember bank will deduct the aggregate amount of its outstanding equity investment, including retained earnings, in all financial subsidiaries that engage in activities as principal pursuant to section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w), from the bank’s total assets and tangible equity and deduct such investment from its total risk-based capital (this deduction shall be made equally from Tier 1 and Tier 2 capital).

(b) Community Reinvestment Act (CRA). An insured state nonmember bank may not commence any new activity subject to section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w) or directly or indirectly acquire control of a company engaged in any such activity pursuant to §362.18(a)(1), if the bank or any of its insured depository institution affiliates received a CRA rating of less than “satisfactory record of meeting community credit needs” in its most recent CRA examination.

(c) Other requirements. An insured state nonmember bank controlling or holding an interest in a financial subsidiary under section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w) must meet and continue to meet the requirements set forth in paragraph (a) of this section as long as the insured state nonmember bank holds the financial subsidiary and:

(1) Disclose and continue to disclose the capital separation required in paragraph (a)(3) in any published financial statements;

(2) Comply and continue to comply with sections 23A and 23B of the Federal Reserve Act (12 U.S.C. 371c and 371c–1) as if the subsidiary were a financial subsidiary of a national bank; and

(3) Comply and continue to comply with the financial and operational standards provided by section 5136A(d) of the Revised Statutes of the United States (12 U.S.C. 24A(d)), unless otherwise determined by the FDIC.

(d) Securities underwriting. If the financial subsidiary of the insured state nonmember bank will engage in the public sale, distribution or underwriting of stocks, bonds, debentures, notes, or other securities activity of a type permissible for a national bank only through a financial subsidiary, then the state nonmember bank and the financial subsidiary also must comply and continue to comply with the following additional requirements:

(1) The securities business of the financial subsidiary must be physically separate and distinct in its operations from the operations of the bank, provided that this requirement shall not be construed to prohibit the bank and its financial subsidiary from sharing the same facility if the area where the financial subsidiary conducts securities business with the public is physically distinct from the routine deposit taking area of the bank;

(2) The financial subsidiary must conduct its securities business pursuant to independent policies and procedures designed to inform customers and prospective customers of the financial subsidiary that the financial subsidiary is a separate organization from the insured state nonmember bank and that the insured state nonmember bank is not responsible for and does not guarantee the obligations of the financial subsidiary;

(3) The bank must adopt policies and procedures, including appropriate limits on exposure, to govern its participation in financing transactions underwritten by its financial subsidiary unless the bank notifies the customer that the entity underwriting, making a market, distributing or dealing in the securities is a financial subsidiary of the bank;

(e) Applications for exceptions to certain requirements. Any insured state nonmember bank that is unable to comply with the well-managed requirement of §362.18(a)(1) and (c)(1), any state nonmember bank that has appropriate reasons for not meeting the financial and operational standards applicable to a financial subsidiary of a
Federal Deposit Insurance Corporation § 362.18

national bank conducting the same activities as provided in §362.18(c)(3) or any state nonmember bank and its financial subsidiary subject to the securities underwriting activities requirements in §362.18(d) that is unable to meet such requirements may submit an application to the FDIC in accordance with §303.121 of this chapter to seek a waiver or modification of such requirements under the procedure in §303.122(b) of this chapter. The FDIC may impose additional prudential safeguards as are necessary as a condition of its consent.

(f) Failure to meet requirements—(1) Notification by FDIC. The FDIC will notify the insured state nonmember bank in writing and identify the areas of noncompliance, if:

(i) The FDIC finds that an insured state nonmember bank or any of its insured depository institution affiliates is not in compliance with the CRA requirement of §362.18(b) at the time any new activity is commenced or control of the financial subsidiary is acquired;

(ii) The FDIC finds that the facts to which an insured state nonmember bank certified under §362.18(a) are not accurate in whole or in part; or

(iii) The FDIC finds that the insured state nonmember bank or any of its insured depository institution affiliates or the financial subsidiary fails to meet or continue to comply with the requirements of §362.18(c) and (d), if applicable, and the FDIC has not granted an exception under the procedures set forth in §362.18(e) and in §303.122(b) of this chapter.

(2) Notification by state nonmember bank. An insured state nonmember bank that controls or holds an interest in a financial subsidiary must promptly notify the FDIC if the bank becomes aware that any depository institution affiliate of the bank has ceased to be well-capitalized.

(3) Subsequent action by FDIC. The FDIC may take any appropriate action or impose any limitations, including requiring that the insured state nonmember bank to divest control of any such financial subsidiary, on the conduct or activities of the insured state nonmember bank or any financial subsidiary of the insured state bank that fails to:

(i) Meet the requirements listed in §362.18(a) and (b) at the time that any new section 46 activity is commenced or control of a financial subsidiary is acquired by an insured state nonmember bank; or

(ii) Meet and continue to meet the requirements listed in §362.18(c) and (d), as applicable.

(g) Coordination with section 24 of the Federal Deposit Insurance Act—(1) Continuing authority under section 24. Notwithstanding §362.18(a) through (f), an insured state bank may retain its interest in any subsidiary:

(i) That was conducting a financial activity with authorization in accordance with section 24 of the Federal Deposit Insurance Act (12 U.S.C. 1831a) and the applicable implementing regulation found in subpart A of this part 362 before the date on which any such activity became for the first time permissible for a financial subsidiary of a national bank; and

(ii) Which insured state nonmember bank and its subsidiary continue to meet the conditions and restrictions of the section 24 order or regulation approving the activity as well as other applicable law.

(2) Continuing authority under section 24(f) of the Federal Deposit Insurance Act. Notwithstanding §362.18(a) through (f), an insured state bank with authority under section 24(f) of the Federal Deposit Insurance Act (12 U.S.C. 1831a(f)) to hold equity securities may continue to establish new subsidiaries to engage in that investment activity.

(3) Relief from conditions. Any state nonmember bank that meets the requirements of paragraph (g)(1) of this section or that is subject to section 46(b) of the Federal Deposit Insurance Act (12 U.S.C. 1831w(b)) may submit an application in compliance with §303.121 of this chapter and seek the consent of the FDIC under the procedure in §303.122(b) of this chapter for modification of any conditions or restrictions the FDIC previously imposed in connection with a section 24 order or regulation approving the activity.

(4) New financial subsidiaries. Notwithstanding subpart A of this part 362, an insured state bank may not, on or after November 12, 1999, acquire control of, or acquire an interest in, a financial
subsidiary that engages in activities as principal or commences any new activity under section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w) other than as provided in this section.

§ 363.0 OMB control number.

The information collection requirements in this part have been approved by the Office of Management and Budget under OMB control number 3064–0113.

§ 363.1 Scope and definitions.

(a) Applicability. This part applies to any insured depository institution with respect to any fiscal year in which its consolidated total assets as of the beginning of such fiscal year are $500 million or more. The requirements specified in this part are in addition to any other statutory and regulatory requirements otherwise applicable to an insured depository institution.

(b) Compliance by subsidiaries of holding companies. (1) For an insured depository institution that is a subsidiary of a holding company, the audited financial statements requirement of §363.2(a) may be satisfied:

(i) For fiscal years ending on or before June 14, 2010, by audited consolidated financial statements of the top-tier or any mid-tier holding company.

(ii) For fiscal years ending on or after June 15, 2010, by audited consolidated financial statements of the top-tier or any mid-tier holding company provided that the consolidated total assets of the insured depository institution (or the consolidated total assets of all of the holding company’s insured depository institution subsidiaries, regardless of size, if the holding company owns or controls more than one insured depository institution) comprise 75 percent or more of the consolidated total assets of this top-tier or mid-tier holding company as of the beginning of its fiscal year.

(2) The other requirements of this part for an insured depository institution that is a subsidiary of a holding company may be satisfied by the top-tier or any mid-tier holding company if the insured depository institution meets the criterion specified in §363.1(b)(1) and if:

(i) The services and functions comparable to those required of the insured depository institution by this part are provided at this top-tier or mid-tier holding company level; and

(ii) The insured depository institution has as of the beginning of its fiscal year:

(A) Total assets of less than $5 billion; or

(B) Total assets of $5 billion or more and a composite CAMELS rating of 1 or 2.

(3) The appropriate Federal banking agency may revoke the exception in paragraph (b)(2) of this section for any institution with total assets in excess of $9 billion for any period of time during which the appropriate Federal banking agency determines that the institution’s exemption would create a significant risk to the Deposit Insurance Fund.

(c) Financial reporting. For purposes of the management report requirement of §363.2(b) and the internal control reporting requirement of §363.3(b), “financial reporting,” at a minimum, includes both financial statements prepared in accordance with generally accepted accounting principles for the insured depository institution or its holding company and financial statements prepared for regulatory reporting purposes. For recognition and measurement purposes, financial statements prepared for regulatory reporting purposes shall conform to generally accepted accounting principles and section 37 of the Federal Deposit Insurance Act.

(2) An assessment by management of the insured depository institution’s compliance with such laws and regulations during such fiscal year. The assessment must state management’s conclusion as to whether the insured depository institution has complied with the designated safety and soundness laws and regulations during the fiscal year and disclose any noncompliance with these laws and regulations; and

(3) For an insured depository institution with consolidated total assets of $1 billion or more as of the beginning of such fiscal year, an assessment by management of the effectiveness of such internal control structure and procedures as of the end of such fiscal year that must include the following:

(iii) A statement expressing management’s conclusion as to whether the insured depository institution’s internal control over financial reporting is effective as of the end of its fiscal year. Management must disclose all material weaknesses in internal control over financial reporting, if any, that it has identified that have not been remediated prior to the insured depository institution’s fiscal year-end. Management is precluded from concluding that the institution’s internal control over financial reporting is effective if there are one or more material weaknesses.

(c) Management report signatures. Subject to the criteria specified in §363.1(b):

(1) If the audited financial statements requirement specified in §363.2(a) is satisfied at the insured depository institution level and the management report requirement specified in §363.2(b) is satisfied in its entirety.

(d) Definitions. For purposes of this part, the following definitions apply:

(5) SEC means the U.S. Securities and Exchange Commission.

§ 363.3 Independent public accountant.

(a) Annual audit of financial statements. Each insured depository institution shall engage an independent public accountant to audit and report on its annual financial statements in accordance with generally accepted auditing standards or the PCAOB’s auditing standards, if applicable, and section 37 of the Federal Deposit Insurance Act (12 U.S.C. 1831n). The scope of the audit engagement shall be sufficient to permit such accountant to determine and report whether the financial statements are presented fairly and in accordance with GAAP.

(b) Internal control over financial reporting. For each insured depository institution with total assets of $1 billion or more at the beginning of the institution’s fiscal year, the independent public accountant who audits the institution’s financial statements shall examine, attest to, and report separately on the assertion of management concerning the effectiveness of the institution’s internal control structure and procedures for financial reporting. The attestation and report shall be made in accordance with generally accepted standards for attestation engagements or the PCAOB’s auditing standards, if applicable. The accountant’s report must not be dated prior to the date of the management report and management’s assessment of the effectiveness of internal control over financial reporting. Notwithstanding the requirements set forth in applicable professional standards, the accountant’s report must include the following:

1. A statement identifying the internal control framework used by the independent public accountant, which must be the same as the internal control framework used by management, to evaluate the effectiveness of the insured depository institution’s internal control over financial reporting;

2. A statement that the independent public accountant’s evaluation included controls over the preparation of regulatory financial statements in accordance with regulatory reporting instructions including identification of such regulatory reporting instructions; and

3. A statement expressing the independent public accountant’s conclusion as to whether the insured depository institution’s internal control over financial reporting is effective as of the end of its fiscal year. The report must disclose all material weaknesses in internal control over financial reporting that the independent public accountant has identified that have not been remediated prior to the insured depository institution’s fiscal year-end. The independent public accountant is precluded from concluding that the insured depository institution’s internal control over financial reporting is effective if there are one or more material weaknesses.
(c) Notice by accountant of termination of services. An independent public accountant performing an audit under this part who ceases to be the accountant for an insured depository institution shall notify the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor in writing of such termination within 15 days after the occurrence of such event, and set forth in reasonable detail the reasons for such termination. The written notice shall be filed at the place identified in §363.4(f).

(d) Communications with audit committee. In addition to the requirements for communications with audit committees set forth in applicable professional standards, the independent public accountant must report the following on a timely basis to the audit committee:

(1) All critical accounting policies and practices to be used by the insured depository institution,

(2) All alternative accounting treatments within GAAP for policies and practices related to material items that the independent public accountant has discussed with management, including the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent public accountant, and

(3) Other written communications the independent public accountant has provided to management, such as a management letter or schedule of unadjusted differences.

(e) Retention of working papers. The independent public accountant must retain the working papers related to the audit of the insured depository institution’s financial statements and, if applicable, the evaluation of the institution’s internal control over financial reporting for seven years from the report release date, unless a longer period of time is required by law.

(f) Independence. The independent public accountant must comply with the independence standards and interpretations of the AICPA, the SEC, and the PCAOB. To the extent that any of the rules within any one of these independence standards (AICPA, SEC, and PCAOB) is more or less restrictive than the corresponding rule in the other independence standards, the independent public accountant must comply with the more restrictive rule.

(g) Peer reviews and inspection reports.

(1) Prior to commencing any services for an insured depository institution under this part, the independent public accountant must have received a peer review, or be enrolled in a peer review program, that meets acceptable guidelines. Acceptable peer reviews include peer reviews performed in accordance with the AICPA’s Peer Review Standards and inspections conducted by the PCAOB.

(2) Within 15 days of receiving notification that a peer review has been accepted or a PCAOB inspection report has been issued, or before commencing any audit under this part, whichever is earlier, the independent public accountant must file two copies of the most recent peer review report and the public portion of the most recent PCAOB inspection report, if any, accompanied by any letters of comments, response, and acceptance, with the FDIC, Accounting and Securities Disclosure Section, 550 17th Street, NW., Washington, DC 20429, if the report has not already been filed. The peer review reports and the public portions of the PCAOB inspection reports will be made available for public inspection by the FDIC.

(3) Within 15 days of the PCAOB making public a previously nonpublic portion of an inspection report, the independent public accountant must file two copies of the previously nonpublic portion of the inspection report with the FDIC, Accounting and Securities Disclosure Section, 550 17th Street, NW., Washington, DC 20429. (2) Subject to the criteria specified in §363.1(b), each insured depository institution with consolidated total assets of less than $1 billion as of the beginning of its fiscal year that is required to file, or whose parent holding company is required to file, management’s assessment of the effectiveness of internal control over financial reporting with the SEC or the appropriate Federal banking agency in accordance with section 404 of SOX must submit a copy of such assessment to the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor with its Part 363 Annual Report as additional information. This assessment will not be considered part of the institution’s Part 363 Annual Report.

(3)(i) Each insured depository institution that is neither a public company nor a subsidiary of a public company that meets the criterion specified in §363.1(b)(1) shall file its Part 363 Annual Report within 120 days after the end of its fiscal year. (b) Public availability. Except for the annual report in paragraph (a)(1) of this section and the peer reviews and inspection reports in §363.3(g), which shall be available for public inspection, the FDIC has determined that all other reports and notifications required by this part are exempt from public disclosure by the FDIC.

(c) Independent public accountant’s letters and reports. Except for the independent public accountant’s reports that are included in its Part 363 Annual Report, each insured depository institution shall file with the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor, a copy of any management letter or other report issued by its independent public accountant with respect to such institution and the services provided by such accountant pursuant to this part within 15 days after receipt. Such reports include, but are not limited to:

(1) Any written communication regarding matters that are required to be communicated to the audit committee (for example, critical accounting policies, alternative accounting treatments discussed with management, and any schedule of unadjusted differences),

(2) Any written communication of significant deficiencies and material weaknesses in internal control required by the AICPA’s or the PCAOB’s auditing standards;

(3) For institutions with total assets of less than $1 billion as of the beginning of their fiscal year that are public companies or subsidiaries of public companies that meet the criterion specified in §363.1(b)(1), any independent public accountant’s report on the audit of internal control over financial reporting required by section 404 of SOX and the PCAOB’s auditing standards; and

(4) For all institutions that are public companies or subsidiaries of public companies that meet the criterion specified in §363.1(b)(1), any independent public accountant’s written communication of all deficiencies in internal control over financial reporting that are of a lesser magnitude than significant deficiencies required by the PCAOB’s auditing standards.

(d) Notice of engagement or change of accountants. Each insured depository institution shall provide, within 15 days after the occurrence of any such event, written notice to the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor of the engagement of an independent public accountant, or the resignation or dismissal of the independent public accountant previously engaged. The notice shall include a statement of the reasons for any such resignation or dismissal in reasonable detail.

(e) Notification of late filing. No extensions of time for filing reports required
by §363.4 shall be granted. An insured depository institution that is unable to timely file all or any portion of its Part 363 Annual Report or any other report or notice required by §363.4 shall submit a written notice of late filing to the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor. The notice shall disclose the institution’s inability to timely file all or specified portions of its Part 363 Annual Report or any other report or notice and the reasons therefore in reasonable detail. The late filing notice shall also state the date by which the report or notice will be filed. The written notice shall be filed on or before the deadline for filing the Part 363 Annual Report or any other report or notice, as appropriate.

)(f) Place for filing. The Part 363 Annual Report, any written notification of late filing, and any other report or notice required by §363.4 should be filed as follows:

(1) FDIC: Appropriate FDIC Regional or Area Office (Division of Supervision and Consumer Protection), i.e., the FDIC regional or area office in the FDIC region or area that is responsible for monitoring the institution or, in the case of a subsidiary institution of a holding company, the consolidated company. (3) Federal Reserve: Appropriate Federal Reserve Bank.

(4) Office of Thrift Supervision (OTS): Appropriate OTS District Office.

(5) State bank supervisor: The filing office of the appropriate State bank supervisor.

§363.5 Audit committees.

(a) Composition and duties. Each insured depository institution shall establish an audit committee of its board of directors, the composition of which complies with paragraphs (a)(1), (2), and (3) of this section. The duties of the audit committee shall include the appointment, compensation, and oversight of the independent public accountant who performs services required under this part, and reviewing with management and the independent public accountant the basis for the reports issued under this part.

(1) Each insured depository institution with total assets of $1 billion or more as of the beginning of its fiscal year shall establish an independent audit committee of its board of directors, the members of which shall be outside directors who are independent of management of the institution. The appropriate Federal banking agency may, by order or regulation, permit the audit committee of such an insured depository institution to be made up of less than a majority of outside directors who are independent of management, if the agency determines that the institution has encountered hardships in retaining and recruiting a sufficient number of competent outside directors to serve on the audit committee of the institution.

(3) An outside director is a director who is not, and within the preceding fiscal year has not been, an officer or employee of the institution or any affiliate of the institution.

(b) Committees of large institutions. The audit committee of any insured depository institution with total assets of more than $3 billion as of the beginning of its fiscal year shall include members with banking or related financial management expertise, have access to its own outside counsel, and not include any large customers of the institution. If a large institution is a subsidiary of a holding company and relies on the audit committee of the holding company to comply with this rule, the holding company’s audit committee shall not include any members who are large customers of the subsidiary institution.

(c) Independent public accountant engagement letters. (1) In performing its
duties with respect to the appointment of the institution’s independent public accountant, the audit committee shall ensure that engagement letters and any related agreements with the independent public accountant for services to be performed under this part do not contain any limitation of liability provisions that:

(i) Indemnify the independent public accountant against claims made by third parties;

(ii) Hold harmless or release the independent public accountant from liability for claims or potential claims that might be asserted by the client insured depository institution, other than claims for punitive damages; or

(iii) Limit the remedies available to the client insured depository institution.

(2) Alternative dispute resolution agreements and jury trial waiver provisions are not precluded from engagement letters provided that they do not incorporate any limitation of liability provisions set forth in paragraph (c)(1) of this section.

INTRODUCTION

The FDIC Board of Directors adopted 12 CFR part 363 of its rules and regulations (the Rule) to implement those provisions of section 36 that require rulemaking. The FDIC also approved these “Guidelines and Interpretations” (the Guidelines) and directed that they be published with the Rule to facilitate a better understanding of, and full compliance with, the provisions of section 36.

Although not contained in the Rule itself, some of the guidance offered re-states or refers to statutory requirements of section 36 and is therefore mandatory. If that is the case, the statutory provision is cited.

Furthermore, upon adopting the Rule, the FDIC reiterated its belief that every insured depository institution, regardless of its size or charter,
Federal Deposit Insurance Corporation

Pt. 363, App. A

should have an annual audit of its financial statements performed by an independent public accountant, and should establish an audit committee comprised entirely of outside directors.

The following Guidelines reflect the views of the FDIC concerning the interpretation of section 36. The Guidelines are intended to assist insured depository institutions (institutions), their boards of directors, and their advisors, including their independent public accountants and legal counsel, and to clarify section 36 and the Rule. It is recognized that reliance on the Guidelines may result in compliance with section 36 and the Rule which may vary from institution to institution. Terms which are not explained in the Guidelines have the meanings given them in the Rule, the FDI Act, or professional accounting and auditing literature.

SCOPE OF RULE AND DEFINITIONS (§ 363.1)

1. Measuring Total Assets. To determine whether this part applies, an institution should use total assets as reported on its most recent Report of Condition (Call Report) or Thrift Financial Report (TFR), the date of which coincides with the end of its preceding fiscal year. If its fiscal year ends on a date other than the end of a calendar quarter, it should use its Call Report or TFR for the quarter end immediately preceding the end of its fiscal year.

2. Insured Branches of Foreign Banks. Unlike other institutions, insured branches of foreign banks are not separately incorporated or capitalized. To determine whether this part applies, an insured branch should measure claims on non-related parties reported on its Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks (form FFIEC 002).

3. Compliance by Holding Company Subsidiaries. Audited consolidated financial statements and other reports or notices required by this part that are submitted by a holding company for any subsidiary institution should be accompanied by a cover letter identifying all subsidiary institutions subject to part 363 included in the consolidated financial statements and state whether the other annual report requirements (i.e., management’s statement of responsibilities, management’s assessment of compliance with designated safety and soundness laws and regulations, and, if applicable, management’s assessment of the effectiveness of internal control over financial reporting and the independent public accountant’s attestation report on management’s internal control assessment) are being satisfied for these institutions at the holding company level or at the institution level. An institution filing holding company consolidated financial statements as permitted by § 363.1(b)(1) also may report on changes in its independent public accountant on a holding company basis. An institution that does not meet the criteria in § 363.1(b)(2) must satisfy the remaining provisions of this part on an individual institution basis and maintain its own audit committee. Subject to the criteria in §§ 363.1(b)(1) and (2), a multi-tiered holding company may satisfy all of the requirements of this part at the top-tier or any mid-tier holding company level.

4. Comparable Services and Functions. Services and functions will be considered “comparable” to those required by this part if the holding company:

(a) Prepares reports used by the subsidiary institution to meet the requirements of this part;

(b) Has an audit committee that meets the requirements of this part appropriate to its largest subsidiary institution; and

(c) Prepares and submits management’s assessment of compliance with the Designated Laws and Regulations defined in guideline 7A and, if applicable, management’s assessment of the effectiveness of internal control over financial reporting based on information concerning the relevant activities and operations of those subsidiary institutions within the scope of the Rule.

4A. Financial Statements Prepared for Regulatory Reporting Purposes. (a) As
set forth in §363.3(c) of this part, “financial reporting,” at a minimum, includes both financial statements prepared in accordance with generally accepted accounting principles for the insured depository institution or its holding company and financial statements prepared for regulatory reporting purposes. More specifically, financial statements prepared for regulatory reporting purposes include the schedules equivalent to the basic financial statements that are included in an insured depository institution’s or its holding company’s appropriate regulatory report (for example, Schedules RC, RI, and RI–A in the Consolidated Reports of Condition and Income (Call Report) for an insured bank; and Schedules SC and SO, and the Summary of Changes in Equity Capital section in Schedule SI in the Thrift Financial Report (TFR) for an insured thrift institution). For recognition and measurement purposes, financial statements prepared for regulatory reporting purposes shall conform to generally accepted accounting principles and section 37 of the Federal Deposit Insurance Act.

(b) Financial statements prepared for regulatory reporting purposes do not include regulatory reports prepared by a non-bank subsidiary of a holding company or an institution. For example, if a bank holding company or an insured depository institution owns an insurance subsidiary, financial statements prepared for regulatory reporting purposes shall conform to generally accepted accounting principles and section 37 of the Federal Deposit Insurance Act.

6. Holding Company Statements. Subject to the criterion specified in §363.1(b)(1), subsidiary institutions may file copies of their holding company’s audited financial statements filed with the SEC or prepared for their FR Y–6 Annual Report under the Bank Holding Company Act of 1956 to satisfy the audited financial statements requirement of §363.2(a).

7. Insured Branches of Foreign Banks. An insured branch of a foreign bank should satisfy the financial statements requirement by filing one of the following for each of its two most recent fiscal years:

(a) Audited balance sheets, disclosing information about financial instruments with off-balance-sheet risk;
(b) Schedules RAL and L of form FFIEC 002, prepared and audited on the basis of the instructions for its preparation; or
(c) With written approval of the appropriate Federal banking agency, consolidated financial statements of the parent bank.

7A. Compliance with Designated Laws and Regulations. The designated laws and regulations are the Federal laws and regulations concerning loans to insiders and the Federal and, if applicable, State laws and regulations concerning dividend restrictions (the Designated Laws and Regulations). Table 1 to this Appendix A lists the designated Federal laws and regulations pertaining to insider loans and dividend restrictions (but not the State laws
and regulations pertaining to dividend restrictions) that are applicable to each type of institution.

8. Management Report. Management should perform its own investigation and review of compliance with the Designated Laws and Regulations and, if required, the effectiveness of internal control over financial reporting. Management should maintain records of its determinations and assessments until the next Federal safety and soundness examination, or such later date as specified by the FDIC or the appropriate Federal banking agency. Management should provide in its assessment of the effectiveness of internal control over financial reporting, or supplementally, sufficient information to enable the accountant to report on its assertions. The management report of an insured branch of a foreign bank should be signed by the branch’s managing official if the branch does not have a chief executive officer or a chief accounting or financial officer.

8A. Management’s Reports on Internal Control over Financial Reporting under Part 363 and Section 404 of SOX. An institution with $1 billion or more in total assets as of the beginning of its fiscal year that is subject to both part 363 and the SEC’s rules implementing section 404 of SOX (as well as a public holding company permitted under the holding company exception in §363.1(b)(2) to file an internal control report on behalf of one or more subsidiary institutions with $1 billion or more in total assets) can choose either of the following two options for filing management’s report on internal control over financial reporting.

(i) Management can prepare two separate reports on the institution’s or the holding company’s internal control over financial reporting to satisfy the FDIC’s part 363 requirements and the SEC’s section 404 requirements; or

(ii) Management can prepare a single report on internal control over financial reporting provided that it satisfies all of the FDIC’s part 363 requirements and all of the SEC’s section 404 requirements.

8B. Internal Control Reports and Part 363 Annual Reports for Acquired Businesses. Generally, the FDIC expects management’s and the related independent public accountant’s report on an institution’s internal control over financial reporting to include controls at an institution in its entirety, including all of its consolidated entities. However, it may not always be possible for management to conduct an assessment of the internal control over financial reporting of an acquired business in the period between the consummation date of the acquisition and the due date of management’s internal control assessment.

(a) In such instances, the acquired business’s internal control structure and procedures for financial reporting may be excluded from management’s assessment report and the accountant’s attestation report on internal control over financial reporting. However, the FDIC expects management’s assessment report to identify the acquired business, state that the acquired business is excluded, and indicate the significance of this business to the institution’s consolidated financial statements. Notwithstanding management’s exclusion of the acquired business’s internal control from its assessment, management should disclose any material change to the institution’s internal control over financial reporting due to the acquisition of this business. Also, management may not omit the assessment of the acquired business’s internal control from more than one annual part 363 assessment report on internal control over financial reporting. When the acquired business’s internal control over financial reporting is excluded from management’s assessment, the independent public accountant may likewise exclude this acquired business’s internal control from the accountant’s evaluation of internal control over financial reporting.

(b) If the acquired business is or has a consolidated subsidiary that is an insured depository institution subject to part 363 and the institution is not merged out of existence before the deadline for filing its Part 363 Annual Report (120 days after the end of its fiscal year for an institution that is neither a public company nor a subsidiary of a public company that meets the criterion specified in §363.1(b)(1), and 90 days after the end of its fiscal year for
It is management’s responsibility to establish policies concerning underwriting and asset management and to make credit decisions. The auditor’s role is to test compliance with management’s policies relating to financial reporting.

8C. Management’s Disclosure of Noncompliance with the Designated Laws and Regulations. Management’s disclosure of noncompliance, if any, with the Designated Laws and Regulations should separately indicate the number of instances or frequency of noncompliance with the Federal laws and regulations pertaining to insider loans and the Federal (and, if applicable, State) laws and regulations pertaining to dividend restrictions. The disclosure is not required to specifically identify by name the individuals (e.g., officers or directors) who were responsible for or were the subject of any such noncompliance. However, the disclosure should include appropriate qualitative and quantitative information to describe the nature, type, and severity of the noncompliance and the dollar amount of the insider loan(s) or dividend(s) involved. Similar instances of noncompliance may be aggregated as to number of instances and quantified as to the dollar amounts or the range of dollar amounts of insider loans and/or dividends for which noncompliance occurred. Management may also wish to describe any corrective actions taken in response to the instances of noncompliance as well any controls or procedures that are being developed or that have been developed and implemented to prevent or detect and correct future instances of noncompliance on a timely basis.

9. Safeguarding of Assets. “Safeguarding of assets,” as the term relates to internal control policies and procedures regarding financial reporting and which has precedent in accounting and auditing literature, should be encompassed in the management report and the independent public accountant’s attestation discussed in guideline 18. Testing the existence of and compliance with internal controls on the management of assets, including loan underwriting and documentation, represents a reasonable implementation of section 36. The FDIC expects such internal controls to be encompassed by the assertion in the management report, but the term “safeguarding of assets” need not be specifically stated. The FDIC does not require the accountant to attest to the adequacy of safeguards, but does require the accountant to determine whether safeguarding policies exist.15

10. Standards for Internal Control. The management of each insured depository institution with $1 billion or more in total assets as of the beginning of its fiscal year should base its assessment of the effectiveness of the institution’s internal control over financial reporting on a suitable, recognized control framework established by a body of experts that followed due-process procedures, including the broad distribution of the framework for public comment. In addition to being available to users of management’s reports, a framework is suitable only when it:

• Is free from bias;
• Permits reasonably consistent qualitative and quantitative measurements of an institution’s internal control over financial reporting;
• Is sufficiently complete so that those relevant factors that would alter a conclusion about the effectiveness of an institution’s internal control over financial reporting are not omitted; and
• Is relevant to an evaluation of internal control over financial reporting. In the United States, Internal Control—Integrated Framework, including its addendum on safeguarding assets, which was published by the Committee of Sponsoring Organizations of the Treadway Commission, and is known as the COSO report, provides a suitable and recognized framework for purposes of management’s assessment. Other

15 It is management’s responsibility to establish policies concerning underwriting and asset management and to make credit decisions. The auditor’s role is to test compliance with management’s policies relating to financial reporting.
suitable frameworks have been published in other countries or may be developed in the future. Such other suitable frameworks may be used by management and the institution’s independent public accountant in assessments, attestations, and audits of internal control over financial reporting.

11. Service Organizations. Although service organizations should be considered in determining if internal control over financial reporting is effective, an institution’s independent public accountant, its management, and its audit committee should exercise independent judgment concerning that determination. Onsite reviews of service organizations may not be necessary to prepare the report required by the Rule, and the FDIC does not intend that the Rule establish any such requirement.

12. [Reserved]

13. General Qualifications. To provide audit and attest services to insured depository institutions, an independent public accountant should be registered or licensed to practice as a public accountant, and be in good standing, under the laws of the State or other political subdivision of the United States in which the home office of the institution (or the insured branch of a foreign bank) is located. As required by section 36(g)(3)(A)(i), the accountant must agree to provide copies of any working papers, policies, and procedures relating to services performed under this part.

14. [Reserved]

15. Peer Review Guidelines. The following peer review guidelines are acceptable:

(a) The external peer review should be conducted by an organization independent of the accountant or firm being reviewed, as frequently as is consistent with professional accounting practices;

(b) The peer review (other than a PCAOB inspection) should be generally consistent with AICPA Peer Review Standards; and

(c) The review should include, if available, at least one audit on an insured depository institution or consolidated depository institution holding company.

16. [Reserved]

17. Information to be Provided to the Independent Public Accountant. Attention is directed to section 36(h) which requires institutions to provide specified information to their accountants. An institution also should provide its accountant with copies of any notice that the institution’s capital category is being changed or reclassified under section 38 of the FDI Act, and any correspondence from the appropriate Federal banking agency concerning compliance with this part.

18. Attestation Report and Management Letters. The independent public accountant should provide the institution with any management letter and, if applicable, an internal control attestation report (as required by section 36(c)(1)) at the conclusion of the audit. The independent public accountant’s attestation report on internal control over financial reporting must specifically include a statement as to regulatory reporting. If a holding company subsidiary relies on its holding company’s management report to satisfy the Part 363 Annual Report requirements, the accountant may attest to and report on the management’s assertions in one report, without reporting separately on each subsidiary covered by the Rule. The FDIC has determined that management letters are exempt from public disclosure.

18A. Internal Control Attestation Standards for Independent Auditors. (a) §363.3(b) provides that the independent public accountant’s attestation and report on management’s assertion concerning the effectiveness of an institution’s internal control structure and procedures for financial reporting shall be made in accordance with generally accepted standards for attestation engagements or the PCAOB’s auditing standards, if applicable. The standards that should be followed by the institution’s independent public accountant concerning internal control over financial reporting for institutions with $1 billion or more in total assets can be summarized as follows:
Pt. 363, App. A

(1) For an insured institution that is neither a public company nor a subsidiary of a public company, its independent public accountant need only follow the AICPA’s attestation standards.

(2) For an insured institution that is a public company that is required to comply with the auditor attestation requirement of section 404 of SOX, its independent public accountant should follow the PCAOB’s auditing standards.

(3) For an insured institution that is a public company but is not required to follow the PCAOB’s auditing standards at the holding company level, the independent public accountant is not required to follow the PCAOB’s auditing standards. In this case, the accountant need only follow the AICPA’s attestation standards.

(4) For an insured institution that is a subsidiary of a public company that is required to comply with the auditor attestation requirement of section 404 of SOX, its independent public accountant may choose to report on internal control over financial reporting at the consolidated holding company level. In this situation, the independent public accountant’s work would be performed for the public company in accordance with the PCAOB’s auditing standards. Alternatively, the institution may choose to comply with the internal control reporting requirements of part 363 at the institution level and its independent public accountant could follow the AICPA’s attestation standards.

(b) If an independent public accountant need only follow the AICPA’s attestation standards, the accountant and the insured institution may instead agree to have the internal control attestation performed under the PCAOB’s auditing standards.

19. Reviews with Audit Committee and Management. The independent public accountant should meet with the institution’s audit committee to review the accountant’s reports required by this part before they are filed. It also may be appropriate for the accountant to review its findings with the institution’s board of directors and management.

20. Notice of Termination. The notice of termination required by §363.3(c) should state whether the independent public accountant agrees with the assertions contained in any notice filed by the institution under §363.4(d), and whether the institution’s notice discloses all relevant reasons for the accountant’s termination. Subject to the criterion specified in §363.1(b)(1) regarding compliance with the audited financial statements requirement at the holding company level, the independent public accountant for an insured depository institution that is a public company and files reports with its appropriate Federal banking agency, or is a subsidiary of a public company that files reports with the SEC, may submit the letter it furnished to management to be filed with the institution’s or the holding company’s current report (e.g., SEC Form 8–K) concerning a change in accountant that satisfies the notice requirements of §363.3(c). Alternatively, if the independent public accountant confirms that management has filed a current report (e.g., SEC Form 8–K) concerning a change in accountant that satisfies the notice requirements of §363.4(d) and includes an independent public accountant’s letter that satisfies the requirements of §363.3(c), the independent public accountant may rely on the current report filed with the FDIC by management concerning a change in accountant to satisfy the notice requirements of §363.3(c).

21. Reliance on Internal Auditors. Nothing in this part or this Appendix is intended to preclude the ability of the independent public accountant to rely on the work of an institution’s internal auditor.

FILING AND NOTICE REQUIREMENTS
(§363.4)

22. [Reserved]

23. Notification of Late Filing. (a) An institution’s submission of a written notice of late filing does not cure the requirement to timely file the Part 363
Federal Deposit Insurance Corporation

Pt. 363, App. A

Annual Report or other reports or notices required by §363.4. An institution’s failure to timely file is considered an apparent violation of part 363.

(b) If the late filing notice submitted pursuant to §363.4(e) relates only to a portion of a Part 363 Annual Report or any other report or notice, the insured depository institution should file the other components of the report or notice within the prescribed filing period together with a cover letter that indicates which components of its Part 363 Annual Report or other report or notice are omitted. An institution may combine the written late filing notice and the cover letter into a single notice that is submitted together with the other components of the report or notice that are being timely filed.

24. Public Availability. Each institution’s Part 363 Annual Report should be available for public inspection at its main and branch offices no later than 15 days after it is filed with the FDIC. Alternatively, an institution may elect to mail one copy of its Part 363 Annual Report to any person who requests it. The Part 363 Annual Report should remain available to the public until the Part 363 Annual Report for the next year is available. An institution may use its Part 363 Annual Report under this part to meet the annual disclosure statement required by 12 CFR 350.3, if the institution satisfies all other requirements of 12 CFR Part 350.

25. [Reserved]

26. Notices Concerning Accountants. With respect to any selection, change, or termination of an independent public accountant, an institution’s management and audit committee should be familiar with the notice requirements in §363.4(d) and guideline 20, and management should send a copy of any notice required under §363.4(d) to the independent public accountant when it is filed with the FDIC. An insured depository institution that is a public company and files reports required under the Federal securities laws with its appropriate Federal banking agency, or is a subsidiary of a public company that files such reports with the SEC, may use its current report (e.g., SEC Form 8-K) concerning a change in accountant to satisfy the notice requirements of §363.4(d) subject to the criterion of §363.1(b)(1) regarding compliance with the audited financial statements requirement at the holding company level.

Audit Committees (§363.5)

27. Composition. The board of directors of each institution should determine whether each existing or potential audit committee member meets the requirements of section 36 and this part. To do so, the board of directors should maintain an approved set of written criteria for determining whether a director who is to serve on the audit committee is an outside director (as defined in §363.5(a)(3)) and is independent of management. At least annually, the board of each institution should determine whether each existing or potential audit committee member is an outside director. In addition, at least annually, the board of an institution with $1 billion or more in total assets as of the beginning of its fiscal year should determine whether all existing and potential audit committee members are “independent of management of the institution” and the board of an institution with total assets of $500 million or more but less than $1 billion as of the beginning of its fiscal year should determine whether the majority of all existing and potential audit committee members are “independent of management of the institution.” The minutes of the board of directors should contain the results of and the basis for its determinations with respect to each existing and potential audit committee member. Because an insured branch of a foreign bank does not have a separate board of directors, the FDIC will not apply the audit committee requirements to such branch. However, any such branch is encouraged to make a reasonable good faith effort to see that similar duties are performed by persons whose experience is generally consistent with the Rule’s requirements for an institution the size of the insured branch.

28. “Independent of Management” Considerations. It is not possible to anticipate, or explicitly provide for, all circumstances that might signal potential conflicts of interest in, or that might
bear on, an outside director’s relationship to an insured depository institution and whether the outside director should be deemed “independent of management.” When assessing an outside director’s relationship with an institution, the board of directors should consider the issue not merely from the standpoint of the director himself or herself, but also from the standpoint of persons or organizations with which the director has an affiliation. These relationships can include, but are not limited to, commercial, banking, consulting, charitable, and family relationships. To assist boards of directors in fulfilling their responsibility to determine whether existing and potential members of the audit committee are “independent of management,” paragraphs (a) through (d) of this guideline provide guidance for making this determination.

(a) If an outside director, either directly or indirectly, owns or controls, or has owned or controlled within the preceding fiscal year, 10 percent or more of any outstanding class of voting securities of the institution, the institution’s board of directors should determine, and document its basis and rationale for such determination, whether such ownership of voting securities would interfere with the outside director’s exercise of independent judgment in carrying out the responsibilities of an audit committee member, including the ability to evaluate objectively the propriety of management’s accounting, internal control, and reporting policies and practices. Notwithstanding the criteria set forth in paragraphs (b), (c), and (d) of this guideline, if the board of directors determines that such ownership of voting securities would interfere with the outside director’s exercise of independent judgment, the outside director will not be considered “independent of management.”

(b) The following list sets forth additional criteria that, at a minimum, a board of directors should consider when determining whether an outside director is “independent of management.” The board of directors may conclude that additional criteria are also relevant to this determination in light of the particular circumstances of its institution. Accordingly, an outside director will not be considered “independent of management” if: (1) The director serves, or has served within the last three years, as a consultant, advisor, promoter, underwriter, legal counsel, or trustee of or to the institution or its affiliates.

(2) The director has been, within the last three years, an employee of the institution or any of its affiliates or an immediate family member is, or has been within the last three years, an executive officer of the institution or any of its affiliates.

(3) The director has participated in the preparation of the financial statements of the institution or any of its affiliates at any time during the last three years.

(4) The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than $100,000 in direct and indirect compensation from the institution, its subsidiaries, and its affiliates for consulting, advisory, or other services other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service). Direct compensation also would not include compensation received by the director for former service as an interim chairman or interim chief executive officer.

(5) The director or an immediate family member is a current partner of a firm that performs internal or external auditing services for the institution or any of its affiliates; the director is a current employee of such a firm; the director has an immediate family member who is a current employee of such a firm and who participates in the firm’s audit, assurance, or tax compliance practice; or the director or an immediate family member was within the last three years (but no longer is) a partner or employee of such a firm and personally worked on the audit of the insured depository institution or any of its affiliates within that time.

(6) The director or an immediate family member is, or has been within the last three years, employed as an
executive officer of another entity where any of the present executive officers of the institution or any of its affiliates at the same time serves or served on that entity’s compensation committee.

(7) The director is a current employee, or an immediate family member is a current executive officer, of an entity that has made payments to, or received payments from, the institution or any of its affiliates for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of $200 thousand, or 5 percent of such entity’s consolidated gross revenues. This would include payments made by the institution or any of its affiliates to not-for-profit entities where the director is an executive officer or where an immediate family member of the director is an executive officer.

(8) For purposes of paragraph (b) of this guideline:

(i) An “immediate family member” includes a person’s spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than domestic employees) who shares such person’s home.

(ii) The term affiliate of, or a person affiliated with, a specified person, means a person or entity that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(iii) The term indirect compensation for consulting, advisory, or other services includes the acceptance of a fee for such services by a director’s immediate family member or by an organization in which the director is a partner or principal that provides accounting, consulting, legal, investment banking, or financial advisory services to the institution, any of its subsidiaries, or any of its affiliates.

(iv) The terms direct and indirect compensation and payments do not include payments such as dividends arising solely from investments in the institution’s equity securities, provided the same per share amounts are paid to all shareholders of that class; interest income from investments in the institution’s deposit accounts and debt securities; loans from the institution that conform to all regulatory requirements applicable to such loans except that interest payments or other fees paid in association with such loans would be considered payments; and payments under non-discretionary charitable contribution matching programs.

(c) An insured depository institution that is a public company and a listed issuer (as defined in Rule 10A–3 of the Securities Exchange Act of 1934 (Exchange Act)), or is a subsidiary of a public company that meets the criterion specified in §363.1(b)(1) and is a listed issuer, may choose to use the definition of audit committee member independence set forth in the listing standards applicable to the public institution or its public company parent for purposes of determining whether an outside director is “independent of management.”

(d) All other insured depository institutions may choose to use the definition of audit committee member independence set forth in the listing standards of a national securities exchange that is registered with the SEC pursuant to section 6 of the Exchange Act or a national securities association that is registered with the SEC pursuant to section 15A(a) of the Exchange Act for purposes of determining whether an outside director is “independent of management.”

29. [Reserved]

30. Holding Company Audit Committees.

(a) When an insured depository institution satisfies the requirements for the holding company exception specified in §§363.1(b)(1) and (2), the audit committee requirement of this part may be satisfied by the audit committee of the top-tier or any mid-tier holding company. Members of the audit committee of the holding company should meet all the membership requirements applicable to the largest subsidiary depository institution subject to part 363 and should perform all the duties of the audit committee of a subsidiary institution subject to part 363, even if the holding company directors are not directors of the institution.

(b) When an insured depository institution subsidiary with total assets of $1 billion or more as of the beginning of
its fiscal year does not meet the requirements for the holding company exception specified in §§363.1(b)(1) and (2) or maintains its own separate audit committee to satisfy the requirements of this part, the members of the audit committee of the top-tier or any mid-tier holding company may serve on the audit committee of the subsidiary institution if they are otherwise independent of management of the subsidiary institution, and, if applicable, meet any other requirements for a large subsidiary institution covered by this part.

(c) When an insured depository institution with total assets of $500 million or more but less than $1 billion as of the beginning of its fiscal year does not meet the requirements for the holding company exception specified in §§363.1(b)(1) and (2) or maintains its own separate audit committee to satisfy the requirements of this part, the members of the audit committee of the top-tier or any mid-tier holding company may serve on the audit committee of the subsidiary institution provided a majority of the institution’s audit committee members are independent of management of the subsidiary institution.

(d) Officers and employees of a top-tier or any mid-tier holding company may not serve on the audit committee of a subsidiary institution subject to part 363.

31. Duties. The audit committee should perform all duties determined by the institution’s board of directors and it should maintain minutes and other relevant records of its meetings and decisions. The duties of the audit committee should be appropriate to the size of the institution and the complexity of its operations, and, at a minimum, should include the appointment, compensation, and oversight of the independent public accountant; reviewing with management and the independent public accountant the basis for the respective reports issued under §§363.2(a) and (b) and §§363.3(a) and (b); reviewing and satisfying itself as to the independent public accountant’s compliance with the required qualifications for independent public accountants set forth in §§363.3(c) and (g) and guidelines 13 through 16; ensuring that audit engagement letters comply with the provisions of §363.5(c) before engaging an independent public accountant; being familiar with the notice requirements in §363.4(d) and guideline 20 regarding the selection, change, or termination of an independent public accountant; and ensuring that management sends a copy of any notice required under §363.4(d) to the independent public accountant when it is filed with the FDIC. Appropriate additional duties could include:

(a) Reviewing with management the basis for the independent public accountant’s compliance with the requirements of section 36(g)(1)(C)(i) as required by §363.5(c) before engaging an independent public accountant; and
(b) Being familiar with the notice requirements in §§363.4(d) and guideline 20 regarding the selection, change, or termination of an independent public accountant; and
(c) Ensuring that management sends a copy of any notice required under §363.4(d) to the independent public accountant when it is filed with the FDIC.

At least two members of the audit committee of a large institution shall have “banking or related financial management expertise” as required by section 36(g)(1)(C)(i). This determination is to be made by the board of directors of the insured depository institution. A person will be considered to have such required expertise if the person has significant executive, professional, educational, or regulatory experience in financial, auditing, accounting, or banking matters as determined by the board of directors. Significant experience as an officer or member of the board of directors or audit committee of a financial services company would satisfy these criteria.
Federal Deposit Insurance Corporation

Pt. 363, App. A

A person who has the attributes of an "audit committee financial expert" as set forth in the SEC's rules would also satisfy these criteria.

33. Large Customers. Any individual or entity (including a controlling person of any such entity) which, in the determination of the board of directors, has such significant direct or indirect credit or other relationships with the institution, the termination of which likely would materially and adversely affect the institution's financial condition or results of operations, should be considered a "large customer" for purposes of §363.5(b).

34. Access to Counsel. The audit committee should be able to retain counsel at its discretion without prior permission of the institution's board of directors or its management. Section 36 does not preclude advice from the institution's internal counsel or regular outside counsel. It also does not require retaining or consulting counsel, but if the committee elects to do either, it also may elect to consider issues affecting the counsel's independence. Such issues would include whether to retain or consult only counsel not concurrently representing the institution or any affiliate, and whether to place limitations on any counsel representing the institution concerning matters in which such counsel previously participated personally and substantially as outside counsel to the committee.

35. Transition Period for Forming and Restructuring Audit Committees.

(a) When an insured depository institution's total assets as of the beginning of its fiscal year are $500 million or more for the first time, no regulatory action will be taken if the institution (1) develops and approves a set of written criteria for determining whether a director who is to serve on the audit committee is an outside director and is independent of management and (2) forms or restructures its audit committee to comply with §363.5(a)(2) by the end of that fiscal year.

(b) When an insured depository institution's total assets as of the beginning of its fiscal year are $1 billion or more for the first time, no regulatory action will be taken if the institution forms or restructures its audit committee to comply with §363.5(a)(1) by the end of that fiscal year, provided that the composition of its audit committee meets the requirements specified in §363.5(a)(2) at the beginning of that fiscal year, if such requirements were applicable.

(c) When an insured depository institution's total assets as of the beginning of its fiscal year are $3 billion or more for the first time, no regulatory action will be taken if the institution forms or restructures its audit committee to comply with §363.5(b) by the end of that fiscal year, provided that the composition of its audit committee meets the requirements specified in §363.5(a)(1) at the beginning of that fiscal year, if such requirements were applicable.

OTHER

36. Modifications of Guidelines. The FDIC's Board of Directors has delegated to the Director of the FDIC's Division of Supervision and Consumer Protection authority to make and publish in the Federal Register minor technical amendments to the Guidelines in this Appendix and the guidance and illustrative reports in Appendix B, in consultation with the other appropriate Federal banking agencies, to reflect the practical experience gained from implementation of this part. It is not anticipated any such modification would be effective until affected institutions have been given reasonable advance notice of the modification. Any material modification or amendment will be subject to review and approval of the FDIC Board of Directors.

(b) For an institution with total assets of $1 billion or more as of the beginning of its fiscal year, the assessment by management of the effectiveness of internal control over financial reporting.

7. Illustrative Cover Letter—Compliance by Holding Company Subsidiaries

1. General. The reporting scenarios, illustrative management reports, and the cover letter (when complying at the holding company level) in Appendix B to part 363 are intended to assist managements of insured depository institutions in complying with the annual reporting requirements of §363.2 and guideline 3, Compliance by Holding Company Subsidiaries, of Appendix A to part 363. However, use of the illustrative management reports and cover letter is not required. The managements of insured depository institutions are encouraged to tailor the wording of their management reports and cover letters to fit their particular circumstances, especially when reporting on material weaknesses in internal control over financial reporting or noncompliance with designated laws and regulations. Terms that are not explained in Appendix B have the meanings given them in part 363, the PDI Act, or professional accounting and auditing literature. Instructions to the preparer of the management reports are shown in brackets within the illustrative reports.

2. Reporting Scenarios for Institutions that are Holding Company Subsidiaries. (a) Subject to the criteria specified in §363.1(b), an insured depository institution that is a subsidiary of a holding company has flexibility in satisfying the reporting requirements of part 363. When reporting at the holding company level, the management report, or the individual components thereof, should identify those subsidiary institutions that are subject to part 363 and the extent to which they are included in the scope of the management report or a component of the report. The following reporting scenarios reflect how an insured depository institution that meets the criteria set forth in §363.1(b) could satisfy the annual reporting requirements of §363.2. Other reporting scenarios are possible.

(i) An institution that is a subsidiary of a holding company may satisfy the requirements for audited financial statements; management’s statement of responsibilities; management’s assessment of the institution’s compliance with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions at the insured depository institution level and may satisfy the requirements for the assessment by management of the effectiveness of internal control over financial reporting, if applicable; and the independent public accountant’s attestation on management’s assertion as to the effectiveness of internal control over financial reporting, if applicable, at the holding company level.

(b) For an institution with total assets of $1 billion or more as of the beginning of its fiscal year, the assessment by management of the effectiveness of internal control over financial reporting.
financial reporting and the independent public accountant’s attestation on management’s assertion as to the effectiveness of internal control over financial reporting, if applicable, must both be performed at the same level, i.e., either at the insured depository institution level or at the holding company level.

(c) Financial statements prepared for regulatory reporting purposes encompass the schedules equivalent to the basic financial statements in an institution’s appropriate regulatory report, e.g., the bank Consolidated Reports of Condition and Income (Call Report) and the Thrift Financial Report (TFR). When internal control assessments and attestations are performed at the holding company level, the FDIC believes that holding companies have flexibility in interpreting “financial reporting” as it relates to “regulatory reporting” and has not objected to several reporting approaches employed by holding companies to cover “regulatory reporting.” Certain holding companies have had management’s assessment and the accountant’s attestation cover the schedules equivalent to the basic financial statements that are included in the appropriate regulatory report, e.g., Call Report and the TFR, of each subsidiary institution subject to part 363. Other holding companies have had management’s assessment and the accountant’s attestation cover the schedules equivalent to the basic financial statements that are included in the holding company’s year-end regulatory report (FR Y–9C report) to the Federal Reserve Board.

5. Illustrative Reports on Management’s Assessment of Internal Control Over Financial Reporting

The following illustrative reports on management’s assessment of internal control over financial reporting satisfy the requirements of §363.2(b)(3).

(a) Statement Made at Insured Depository Institution Level—No Material Weaknesses

MANAGEMENT’S ASSESSMENT OF INTERNAL CONTROL OVER FINANCIAL REPORTING

ABC Depository Institution’s (the “Institution”) internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of reliable financial statements in accordance with accounting principles generally accepted in the United States of America and financial statements for regulatory reporting purposes, i.e., [specify the regulatory reports]. The Institution’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Institution; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America and financial statements for regulatory reporting purposes, and that receipts and expenditures of the Institution are being...
made only in accordance with authorizations of management and directors of the Institution; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the Institution’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

Management is responsible for establishing and maintaining effective internal control over financial reporting including controls over the preparation of regulatory financial statements. Management assessed the effectiveness of the Institution’s internal control over financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report], as of December 31, 20XX, based on the framework set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control—Integrated Framework. regulations pertaining to dividend restrictions.

Management’s Assessment of Compliance With Designated Laws and Regulations

The management of the Institution has assessed the Institution’s compliance with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions during the fiscal year that ended on December 31, 20XX. Management’s Assessment of Internal Control Over Financial Reporting

The Institution’s internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of reliable financial statements in accordance with accounting principles generally accepted in the United States of America and financial statements for regulatory purposes, i.e., [specify the regulatory report]. The Institution’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Institution; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America and financial statements for regulatory reporting purposes, and that receipts and expenditures of the Institution are being made only in accordance with authorizations of management and directors of the Institution; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the Institution’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

Management assessed the effectiveness of the Institution’s internal control over financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report], as of December 31, 20XX, and the report on management’s responsibilities; the report on management’s assessment of compliance with the Designated Laws and Regulations Pertaining to Insider Loans and Dividend Restrictions and No Material Weaknesses in Internal Control Over Financial Reporting.

Management’s assessment of the effectiveness of internal control over financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report], as of December 31, 20XX, has been audited by [name of auditing firm], an independent public accounting firm, as stated in their report dated March XX, 20XY.

I. Introduction

A. Preservation of existing authority.
B. Definitions.
material financial loss to an institution. Section 39(c) also requires that the agencies establish standards that specify when compensation is excessive.

iv. If an agency determines that an institution fails to meet any standard established by guideline under subsection (a) or (b) of section 39, the agency may require the institution to submit to the agency an acceptable plan to achieve compliance with the standard. In the event that an institution fails to submit an acceptable plan within the time allowed by the agency or fails in any material respect to implement an accepted plan, the agency must, by order, require the institution to correct the deficiency. The agency may, and in some cases must, take other supervisory actions until the deficiency has been corrected.

v. The agencies have adopted amendments to their rules and regulations to establish deadlines for submission and review of compliance plans. 3

vi. The following Guidelines set out the safety and soundness standards that the agencies use to identify and address problems at insured depository institutions before capital becomes impaired. The agencies believe that the standards adopted in these Guidelines serve this end without dictating how institutions must be managed and operated. These standards are designed to identify potential safety and soundness concerns and ensure that action is taken to address those concerns before they pose a risk to the Deposit Insurance Fund.

A. Preservation of Existing Authority

Neither section 39 nor these Guidelines in any way limits the authority of the agencies to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices. Action under section 39 and these Guidelines may be taken independently of, in conjunction with, or in addition to any other enforcement action available to the agencies. Nothing in these Guidelines limits the authority of the FDIC pursuant to section 38(l)(2)(F) of the FDI Act (12 U.S.C. 1831f) and Part 325 of Title 12 of the Code of Federal Regulations.

B. Definitions

1. In general. For purposes of these Guidelines, except as modified in the Guidelines or unless the context otherwise requires, the terms used have the same meanings as set forth in sections 3 and 39 of the FDI Act (12 U.S.C. 1813 and 1831p).

2. Board of directors, in the case of a state-licensed insured branch of a foreign bank and in the case of a federal branch of a foreign bank, means the managing official in charge of the insured foreign branch.

3. Compensation means all direct and indirect payments or benefits, both cash and non-cash, granted to or for the benefit of any executive officer, employee, director, or principal shareholder, including but not limited to payments or benefits derived from an employment contract, compensation or benefit agreement, fee arrangement, perquisite, stock option plan, postemployment benefit, or other compensatory arrangement.

4. Director shall have the meaning described in 12 CFR 215.2(c).

5. Executive officer shall have the meaning described in 12 CFR 215.2(d).

6. Principal shareholder shall have the meaning described in 12 CFR 215.2(l).

II. OPERATIONAL AND MANAGERIAL STANDARDS

A. Internal controls and information systems. An institution should have internal controls and information systems that are appropriate to the size of the institution and the nature, scope and risk of its activities and that provide for:

1. An organizational structure that establishes clear lines of authority and responsibility for monitoring adherence to established policies;

2. Effective risk assessment;

3. Timely and accurate financial, operational and regulatory reports;

4. Adequate procedures to safeguard and manage assets; and

5. Compliance with applicable laws and regulations.

B. Internal audit system. An institution should have an internal audit system that is appropriate to the size of the institution and the nature and scope of its activities and that provides for:

1. Adequate monitoring of the system of internal controls through an internal audit function. For an institution whose size, complexity or scope of operations does not warrant a full scale internal audit function, a...
system of independent reviews of key internal controls may be used;
2. Independence and objectivity;
3. Qualified persons;
4. Adequate testing and review of information systems;
5. Adequate documentation of tests and findings and any corrective actions;
6. Verification and review of management actions to address material weaknesses; and
7. Review by the institution’s audit committee or board of directors of the effectiveness of the internal audit systems.
C. Loan documentation. An institution should establish and maintain loan documentation practices that:
1. Enable the institution to make an informed lending decision and to assess risk, as necessary, on an ongoing basis;
2. Identify the purpose of a loan and the source of repayment, and assess the ability of the borrower to repay the indebtedness in a timely manner;
3. Ensure that any claim against a borrower is legally enforceable;
4. Demonstrate appropriate administration and monitoring of a loan; and
5. Take account of the size and complexity of a loan.
D. Credit underwriting. An institution should establish and maintain prudent credit underwriting practices that:
1. Are commensurate with the types of loans the institution will make and consider the terms and conditions under which they will be made;
2. Consider the nature of the markets in which loans will be made;
3. Provide for consideration, prior to credit commitment, of the borrower’s overall financial condition and resources, the financial responsibility of any guarantor, the nature and value of any underlying collateral, and the borrower’s character and willingness to repay as agreed;
4. Establish a system of independent, ongoing credit review and appropriate communication to management and to the board of directors;
5. Take adequate account of concentration of credit risk; and
6. Are appropriate to the size of the institution and the nature and scope of its activities.
E. Interest rate exposure. An institution should:
1. Manage interest rate risk in a manner that is appropriate to the size of the institution and the complexity of its assets and liabilities; and
2. Provide for periodic reporting to management and the board of directors regarding interest rate risk with adequate information for management and the board of directors to assess the level of risk.
F. Asset growth. An institution’s asset growth should be prudent and consider:
1. The source, volatility and use of the funds that support asset growth;
2. Any increase in credit risk or interest rate risk as a result of growth; and
3. The effect of growth on the institution’s capital.
G. Asset quality. An insured depository institution should establish and maintain a system that is commensurate with the institution’s size and the nature and scope of its operations to identify problem assets and prevent deterioration in those assets. The institution should:
1. Conduct periodic asset quality reviews to identify problem assets;
2. Estimate the inherent losses in those assets and establish reserves that are sufficient to absorb estimated losses;
3. Compare problem asset totals to capital;
4. Take appropriate corrective action to resolve problem assets;
5. Consider the size and potential risks of material asset concentrations; and
6. Provide periodic asset reports with adequate information for management and the board of directors to assess the level of asset risk.
H. Earnings. An insured depository institution should establish and maintain a system that is commensurate with the institution’s size and the nature and scope of its operations to evaluate and monitor earnings and ensure that earnings are sufficient to maintain adequate capital and reserves. The institution should:
1. Compare recent earnings trends relative to equity, assets, or other commonly used benchmarks to the institution’s historical results and those of its peers;
2. Evaluate the adequacy of earnings given the size, complexity, and risk profile of the institution’s assets and operations;
3. Assess the source, volatility, and sustainability of earnings, including the effect of nonrecurring or extraordinary income or expense;
4. Take steps to ensure that earnings are sufficient to maintain adequate capital and reserves after considering the institution’s asset quality and growth rate; and
5. Provide periodic earnings reports with adequate information for management and the board of directors to assess earnings performance.
I. Compensation, fees and benefits. An institution should maintain safeguards to prevent the payment of compensation, fees, and benefits that are excessive or that could lead to material financial loss to the institution.
III. Prohibition on Compensation That Constitutes an Unsafe and Unsound Practice
A. Excessive Compensation
Excessive compensation is prohibited as an unsafe and unsound practice. Compensation
shall be considered excessive when amounts paid are unreasonable or disproportionate to the services performed by an executive officer, employee, director, or principal shareholder, considering the following:

1. The combined value of all cash and non-cash benefits provided to the individual;
2. The compensation history of the individual and other individuals with comparable expertise at the institution;
3. The financial condition of the institution;
4. Comparable compensation practices at comparable institutions, based upon such factors as asset size, geographic location, and the complexity of the loan portfolio or other assets;
5. For postemployment benefits, the projected total cost and benefit to the institution;
6. Any connection between the individual and any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the institution; and
7. Any other factors the agencies determines to be relevant.

B. Compensation Leading to Material Financial Loss

Compensation that could lead to material financial loss to an institution is prohibited as an unsafe and unsound practice.

I. INTRODUCTION

The Interagency Guidelines Establishing Information Security Standards (Guidelines) set forth standards pursuant to section 39 of the Federal Deposit Insurance Act, 12 U.S.C. 1831p–1, and sections 6801 and 6805(b), of the Gramm-Leach-Bliley Act. These Guidelines address standards for developing and implementing administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of customer information. These Guidelines also address standards with respect to the proper disposal of consumer information pursuant to sections 621 and 626 of the Fair Credit Reporting Act (15 U.S.C. 1681a and 1681w).

A. Scope. The Guidelines apply to customer information maintained by or on behalf of, and to the disposal of consumer information by or on behalf of, entities over which the Federal Deposit Insurance Corporation (FDIC) has authority. Such entities, referred to as “the bank” are banks insured by the FDIC (other than members of the Federal Reserve System), insured state branches of foreign banks, and any subsidiaries of such entities (except brokers, dealers, persons providing insurance, investment companies, and investment advisers).

B. Preservation of Existing Authority. Neither section 39 nor these Guidelines in any way limit the authority of the FDIC to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices. The FDIC may take action under section 39 and these Guidelines independently of, in conjunction with, or in addition to, any other enforcement action available to the FDIC.

C. Definitions. 1. Except as modified in the Guidelines, or unless the context otherwise requires, the terms used in these Guidelines have the same meanings as set forth in sections 3 and 39 of the Federal Deposit Insurance Act (12 U.S.C. 1813 and 1831p–1).

2. For purposes of the Guidelines, the following definitions apply:
   a. Board of directors, in the case of a branch or agency of a foreign bank, means the managing official in charge of the branch or agency.
   b. Consumer information means any record about an individual, whether in paper, electronic, or other form, that is a consumer report or is derived from a consumer report and that is maintained or otherwise possessed by or on behalf of the bank for a business purpose. Consumer information also means a compilation of such records. The term does not include any record that does not personally identify an individual.
   i. Examples:
      (1) Consumer information includes:
          A consumer report that a bank obtains...

       (B) information from a consumer report that the bank obtains from its affiliate after the consumer has been given a notice and has elected not to opt out of that sharing;
       (C) information from a consumer report that the bank obtains about an individual who applies for but does not receive a loan,
including any loan sought by an individual for a business purpose;

(D) information from a consumer report that the bank obtains about an individual who guarantees a loan (including a loan to a business entity); or

(E) information from a consumer report that the bank obtains about an employee or prospective employee.

(2) Consumer information does not include:

(A) aggregate information, such as the mean score, derived from a group of consumer reports; or

(B) blind data, such as payment history on accounts that are not personally identifiable, that may be used for developing credit scoring models or for other purposes.

(c) Consumer report has the same meaning as set forth in the Fair Credit Reporting Act, 15 U.S.C. 1681a(d).

(d) Customer means any customer of the bank as defined in §332.3(h) of this chapter.

(e) Customer information means any record containing nonpublic personal information, as defined in §332.3(n) of this chapter, about a customer, whether in paper, electronic, or other form, that is maintained by or on behalf of the bank.

(f) Customer information systems means any methods used to access, collect, store, use, transmit, protect, or dispose of customer information.

(g) Service provider means any person or entity that maintains, processes, or otherwise permits access to customer information or consumer information through its provision of services directly to the bank.

II. STANDARDS FOR INFORMATION SECURITY

A. Information Security Program. Each bank shall implement a comprehensive written information security program that includes administrative, technical, and physical safeguards appropriate to the size and complexity of the bank and the nature and scope of its activities. While all parts of the bank are not required to implement a uniform set of policies, all elements of the information security program must be coordinated.

B. Objectives. A bank’s information security program shall be designed to:

1. Ensure the security and confidentiality of customer information;

2. Protect against any anticipated threats or hazards to the security or integrity of such information;

3. Protect against unauthorized access to or use of such information that could result in substantial harm or inconvenience to any customer; and

4. Ensure the proper disposal of customer information and consumer information.

III. DEVELOPMENT AND IMPLEMENTATION OF INFORMATION SECURITY PROGRAM

A. Involve the Board of Directors. The board of directors or an appropriate committee of the board of each bank shall:

1. Approve the bank’s written information security program; and

2. Oversee the development, implementation, and maintenance of the bank’s information security program, including assigning specific responsibility for its implementation and reviewing reports from management.

B. Assess Risk. Each bank shall:

1. Identify reasonably foreseeable internal and external threats that could result in unauthorized disclosure, misuse, alteration, or destruction of customer information or customer information systems.

2. Assess the likelihood and potential damage of these threats, taking into consideration the sensitivity of customer information.

3. Assess the sufficiency of policies, procedures, customer information systems, and other arrangements in place to control risks.

C. Manage and Control Risk. Each bank shall:

1. Design its information security program to control the identified risks, commensurate with the sensitivity of the information as well as the complexity and scope of the bank’s activities. Each bank must consider whether the following security measures are appropriate for the bank and, if so, adopt those measures the bank concludes are appropriate:

   a. Access controls on customer information systems, including controls to authenticate and permit access only to authorized individuals and controls to prevent employees from providing customer information to unauthorized individuals who may seek to obtain this information through fraudulent means.

   b. Access restrictions at physical locations containing customer information, such as buildings, computer facilities, and records storage facilities to permit access only to authorized individuals.

   c. Encryption of electronic customer information, including while in transit or in storage on networks or systems to which unauthorized individuals may have access.

   d. Procedures designed to ensure that customer information system modifications are consistent with the bank’s information security program.

   e. Dual control procedures, segregation of duties, and employee background checks for employees with responsibilities for or access to customer information.

   f. Monitoring systems and procedures to detect actual and attempted attacks on or
intrusions into customer information systems;
g. Response programs that specify actions to be taken when the bank suspects or detects unauthorized individuals have gained access to customer information systems, including appropriate reports to regulatory and law enforcement agencies; and
h. Measures to protect against destruction, loss, or damage of customer information due to potential environmental hazards, such as fire and water damage or technological failures.

2. Train staff to implement the bank’s information security program.
3. Regularly test the key controls, systems and procedures of the information security program. The frequency and nature of such tests should be determined by the bank’s risk assessment. Tests should be conducted or reviewed by independent third parties or staff independent of those that develop or maintain the security programs.
4. Develop, implement, and maintain, as part of its information security program, appropriate measures to properly dispose of customer information and consumer information in accordance with each of the requirements of this paragraph III.

D. Oversee Service Provider Arrangements. Each bank shall:
1. Exercise appropriate due diligence in selecting its service providers;
2. Require its service providers by contract to implement appropriate measures designed to meet the objectives of these Guidelines; and
3. Where indicated by the bank’s risk assessment, monitor its service providers to confirm that they have satisfied their obligations as required by paragraph D.2. As part of this monitoring, a bank should review audits, summaries of test results, or other equivalent evaluations of its service providers.

E. Adjust the Program. Each bank shall monitor, evaluate, and adjust, as appropriate, the information security program in light of any relevant changes in technology, the sensitivity of its customer information, internal or external threats to information, and the bank’s own changing business arrangements, such as mergers and acquisitions, alliances and joint ventures, outsourcing arrangements, and changes to customer information systems.

F. Report to the Board. Each bank shall report to its board or an appropriate committee of the board at least annually. This report should describe the overall status of the information security program and the bank’s compliance with these Guidelines.

The report, which will vary depending upon the complexity of each bank’s program, should discuss material matters related to its program, addressing issues such as: risk assessment; risk management and control decisions; service provider arrangements; results of testing; security breaches or violations, and management’s responses; and recommendations for changes in the information security program.

G. Implement the Standards. 1. Effective date. Each bank must implement an information security program pursuant to these Guidelines by July 1, 2001.
2. Two-year grandfathering of agreements with service providers. Until July 1, 2003, a contract that a bank has entered into with a service provider to perform services for it or functions on its behalf, satisfies the provisions of paragraph III.D., even if the contract does not include a requirement that the service provider maintain the security and confidentiality of customer information as long as the bank entered into the contract on or before March 5, 2001.

3. Effective date for measures relating to the disposal of consumer information. Each bank must satisfy these Guidelines with respect to the proper disposal of consumer information by July 1, 2005.

4. Exception for existing agreements with service providers relating to the disposal of consumer information. Notwithstanding the requirement in paragraph III.G.3., a bank’s contracts with its service providers that have access to consumer information and that may dispose of consumer information, entered into before July 1, 2005, must comply with the provisions of the Guidelines relating to the proper disposal of consumer information by July 1, 2006.

SUPPLEMENT A TO APPENDIX B TO PART 364—INTERAGENCY GUIDANCE ON RESPONSE PROGRAMS FOR UNAUTHORIZED ACCESS TO CUSTOMER INFORMATION AND CUSTOMER NOTICE

I. Background

This Guidance interprets section 501(b) of the Gramm-Leach-Bliley Act ("GLBA") and the Interagency Guidelines Establishing Information Security Standards (the "Security Guidelines") and describes response programs, including customer notification procedures, that a financial institution should...
develop and implement to address unauthorized access to or use of customer information that could result in substantial harm or inconvenience to a customer. The scope of, and definitions of terms used in, this Guidance are identical to those of the Security Guidelines. For example, the term “customer information” is the same term used in the Security Guidelines, and means any record containing nonpublic personal information about a customer, whether in paper, electronic, or other form, maintained by or on behalf of the institution.

A. Interagency Security Guidelines

Section 501(b) of the GLBA required the Agencies to establish appropriate standards for financial institutions subject to their jurisdiction that include administrative, technical, and physical safeguards, to protect the security and confidentiality of customer information. Accordingly, the Agencies issued Security Guidelines requiring every financial institution to have an information security program designed to:

1. Ensure the security and confidentiality of customer information;
2. Protect against any anticipated threats or hazards to the security or integrity of such information; and
3. Protect against unauthorized access to or use of such information that could result in substantial harm or inconvenience to any customer.

B. Risk Assessment and Controls

1. The Security Guidelines direct every financial institution to assess the following risks, among others, when developing its information security program:
   a. Reasonably foreseeable internal and external threats that could result in unauthorized disclosure, misuse, alteration, or destruction of customer information or customer information systems;
   b. The likelihood and potential damage of threats, taking into consideration the sensitivity of customer information; and
   c. The sufficiency of policies, procedures, customer information systems, and other arrangements in place to control risks.3

2. Following the assessment of these risks, the Security Guidelines require a financial institution to design a program to address the identified risks. The particular security measures an institution should adopt will depend upon the risks presented by the complexity and scope of its business. At a minimum, every financial institution is required to consider the specific security measures enumerated in the Security Guidelines,4 and adopt those that are appropriate for the institution, including:
   a. Access controls on customer information systems, including controls to authenticate and permit access only to authorized individuals and controls to prevent employees from providing customer information to unauthorized individuals who may seek to obtain this information through fraudulent means;
   b. Background checks for employees with responsibilities for access to customer information; and
   c. Response programs that specify actions to be taken when the financial institution suspects or detects that unauthorized individuals have gained access to customer information systems, including appropriate reports to regulatory and law enforcement agencies.5

C. Service Providers

The Security Guidelines direct every financial institution to require its service providers by contract to implement appropriate measures designed to protect against unauthorized access to or use of customer information that could result in substantial harm or inconvenience to any customer.6

II. Response Program

Millions of Americans, throughout the country, have been victims of identity theft.7 Identity thieves misuse personal information they obtain from a number of sources, including financial institutions, to perpetrate identity theft. Therefore, financial institutions should take preventative measures to safeguard customer information against attempts to gain unauthorized access to the information. For example, financial institutions should place access controls on customer information systems and conduct background checks for employees who

are authorized to access customer information. However, every financial institution should also develop and implement a risk-based response program to address incidents of unauthorized access to customer information in customer information systems that occur nonetheless. A response program should be a key part of an institution’s information security program. The program should be appropriate to the size and complexity of the institution and the nature and scope of its activities.

In addition, each institution should be able to address incidents of unauthorized access to customer information in customer information systems maintained by its domestic and foreign service providers. Therefore, consistent with the obligations in the Guidelines that relate to these arrangements, and with existing guidance on this topic issued by the Agencies, an institution’s contract with its service provider should require the service provider to take appropriate actions to address incidents of unauthorized access to the financial institution’s customer information, including notification to the institution as soon as possible of any such incident, to enable the institution to expeditiously implement its response program.

Institutions should also conduct background checks of employees to ensure that the institution does not violate 12 U.S.C. 1829, which prohibits an institution from hiring an individual convicted of certain criminal offenses or who is subject to a prohibition order under 12 U.S.C. 1818(e)(6).

Under the Guidelines, an institution’s customer information systems consist of all of the methods used to access, collect, store, use, transmit, protect, or dispose of customer information, including the systems maintained by its service providers. See Security Guidelines, I.C.2.d (I.C.2.c for OTS).

An institution’s obligation to file a SAR is set out in the Agencies’ SAR regulations and Agency guidance. See 12 CFR 21.11 (national banks, Federal branches and agencies); 12 CFR 208.62 (State member banks); 12 CFR 211.24(f) (Edge and agreement corporations); 12 CFR 211.24(a) (uninsured State branches and agencies of foreign banks); 12 CFR 225.6(f) (bank holding companies and their nonbank subsidiaries); 12 CFR part 333 (State non-member banks); and 12 CFR 563.180 (savings associations). National banks must file SARs in connection with computer intrusions and other computer crimes. See OCC Bulletin 2000–14, “Infrastructure Threats—Intrusion Risks” (May 15, 2000); Advisory Letter 97–9, “Reporting Computer Related Crimes” (November 19, 1997) (general guidance still applicable though instructions for new SAR form published in 65 FR 1229, 1230 (January 7, 2000)). A. Components of a Response Program

1. At a minimum, an institution’s response program should contain procedures for the following:

a. Assessing the nature and scope of an incident, and identifying what customer information systems and types of customer information have been accessed or misused;

b. Notifying its primary Federal regulator as soon as possible when the institution becomes aware of an incident involving unauthorized access to or use of sensitive customer information, as defined below;

c. Consistent with the Agencies’ Suspicious Activity Report (“SAR”) regulations, notifying appropriate law enforcement authorities, in addition to filing a timely SAR in situations involving Federal criminal violations requiring immediate attention, such as when a reportable violation is ongoing;

d. Taking appropriate steps to contain and control the incident to prevent further unauthorized access to or use of customer information, for example, by monitoring, freezing, or closing affected accounts, while preserving records and other evidence; and

12 CFR Ch. III (1–1–10 Edition)

e. Notifying customers when warranted.

2. Where an incident of unauthorized access to customer information involves customer information systems maintained by an institution’s service provider, it is the responsibility of the financial institution to notify the institution’s customers and regulator. However, an institution may authorize or contract with its service provider to notify the institution’s customers or regulator.

III. CUSTOMER NOTICE

Financial institutions have an affirmative duty to protect their customers’ information against unauthorized access or use. Notifying customers of a security incident involving the unauthorized access or use of the customer’s information in accordance with the standard set forth below is a key part of that responsibility. Timely notification of customers is important to manage an institution’s reputation risk. Effective notice also may reduce an institution’s legal risk, assist in maintaining good customer relations, and enable the institution’s customers to take steps to protect themselves against the consequences of identity theft. When customer notification is warranted, an institution may not forgo notifying its customers of an incident because the institution believes that it may be potentially embarrassed or inconvenienced by doing so.

A. Standard for Providing Notice

When a financial institution becomes aware of an incident of unauthorized access to sensitive customer information, the institution should conduct a reasonable investigation to promptly determine the likelihood that the information has been or will be misused. If the institution determines that misuse of its information about a customer has occurred or is reasonably possible, it should notify the affected customer as soon as possible. Customer notice may be delayed if an appropriate law enforcement agency determines that notification will interfere with a criminal investigation and provides the institution with a written request for the delay. However, the institution should notify its customers as soon as notification will no longer interfere with the investigation.

1. Sensitive Customer Information

Under the Guidelines, an institution must protect against unauthorized access to or use of customer information that could result in substantial harm or inconvenience to any customer. Substantial harm or inconvenience is most likely to result from improper access to sensitive customer information because this type of information is most likely to be misused, as in the commission of identity theft. For purposes of this Guidance, sensitive customer information means a customer’s name, address, or telephone number, in conjunction with the customer’s social security number, driver’s license number, account number, credit or debit card number, or a personal identification number or password that would permit access to the customer’s account. Sensitive customer information also includes any combination of components of customer information that would allow someone to log onto or access the customer’s account, such as user name and password or password and account number.

2. Affected Customers

(a) If a financial institution, based upon its investigation, can determine from its logs or other data precisely which customers’ information has been improperly accessed, it may limit notification to those customers with regard to whom the institution determines that misuse of their information has occurred or is reasonably possible. However, there may be situations where the institution determines that a group of files has been accessed improperly, but is unable to identify which specific customers’ information has been accessed. If the circumstances of the unauthorized access lead the institution to determine that misuse of the information is reasonably possible, it should notify all customers in the group.

B. Content of Customer Notice

1. Customer notice should be given in a clear and conspicuous manner. The notice should describe the incident in general terms and the type of customer information that was the subject of unauthorized access or use. It also should generally describe what the institution has done to protect the customers’ information from further unauthorized access. In addition, it should include a telephone number that customers can call for further information and assistance. The notice also should remind customers of the need to remain vigilant over the next twelve to twenty-four months, and to promptly report incidents of suspected identity theft to the institution. The notice should include the following additional items, when appropriate:

a. A recommendation that the customer review account statements and immediately report any suspicious activity to the institution;

b. A description of fraud alerts and an explanation of how the customer may place a credit freezes.
§ 365.2 Real estate lending standards.

(a) Each insured state nonmember bank shall adopt and maintain written policies that establish appropriate limits and standards for extensions of credit that are secured by liens on or interests in real estate, or that are made for the purpose of financing permanent improvements to real estate.

(b)(1) Real estate lending policies adopted pursuant to this section must:

(i) Be consistent with safe and sound banking practices;

(ii) Be appropriate to the size of the institution and the nature and scope of its operations; and

(iii) Be reviewed and approved by the bank’s board of directors at least annually.

(2) The lending policies must establish:

(i) Loan portfolio diversification standards;

(ii) Prudent underwriting standards, including loan-to-value limits, that are clear and measurable;

(iii) Loan administration procedures for the bank’s real estate portfolio; and

(iv) Documentation, approval, and reporting requirements to monitor compliance with the bank’s real estate lending policies.

(c) Each insured state nonmember bank must monitor conditions in the real estate market in its lending area to ensure that its real estate lending policies continue to be appropriate for current market conditions.

(d) The real estate lending policies adopted pursuant to this section should reflect consideration of the Interagency Guidelines for Real Estate Lending Policies established by the Federal bank and thrift supervisory agencies.

§ 365.1 Purpose and scope.

This part, issued pursuant to section 304 of the Federal Deposit Insurance Corporation Improvement Act of 1991, 12 U.S.C. 1828(o), prescribes standards for real estate lending to be used by insured state nonmember banks (including state-licensed insured branches of foreign banks) in adopting internal real estate lending policies.

C. Delivery of Customer Notice

Customer notice should be delivered in any manner designed to ensure that a customer can reasonably be expected to receive it. For example, the institution may choose to contact all customers affected by telephone or by mail, or by electronic mail for those customers for whom it has a valid e-mail address and who have agreed to receive communications electronically.

APPENDIX A TO PART 365—INTERAGENCY GUIDELINES FOR REAL ESTATE LENDING POLICIES

The agencies' regulations require that each insured depository institution adopt and maintain a written policy that establishes appropriate limits and standards for all extensions of credit that are secured by liens on or interests in real estate or made for the purpose of financing the construction of a building or other improvements. These guidelines are intended to assist institutions in the formulation and maintenance of a real estate lending policy that is appropriate to the size of the institution and the nature and scope of its individual operations, as well as to satisfy the requirements of the regulation.

Each institution's policies must be comprehensive, and consistent with safe and sound lending practices, and must ensure that the institution operates within limits and according to standards that are reviewed and approved at least annually by the board of directors. Real estate lending is an integral part of many institutions' business plans and, when undertaken in a prudent manner, will not be subject to examiner criticism.

LOAN PORTFOLIO MANAGEMENT CONSIDERATIONS

The lending policy should contain a general outline of the scope and distribution of the institution's credit facilities and the manner in which real estate loans are made, serviced, and collected. In particular, the institution's policies on real estate lending should:

- Establish a loan portfolio diversification policy and set limits for real estate loans by type and geographic market (e.g., limits on higher risk loans).
- Identify appropriate terms and conditions by type of real estate loan.
- Establish loan origination and approval procedures, both generally and by size and type of loan.
- Establish prudent underwriting standards that are clear and measurable, including loan-to-value limits, that are consistent with these supervisory guidelines.
- Establish review and approval procedures for exception loans, including loans with loan-to-value percentages in excess of supervisory limits.
- Establish loan administration procedures, including documentation, disbursement, collateral inspection, collection, and loan review.
- Require that management monitor the loan portfolio and provide timely and adequate reports to the board of directors.

The institution should consider both internal and external factors in the formulation of its loan policies and strategic plan. Factors that should be considered include:

- The size and financial condition of the institution.
- The expertise and size of the lending staff.
- The need to avoid undue concentrations of risk.
- Compliance with all real estate related laws and regulations, including the Community Reinvestment Act, anti-discrimination laws, and for savings associations, the Qualified Thrift Lender test.
- Market conditions.

The institution should monitor conditions in the real estate markets in its lending area so that it can react quickly to changes in market conditions that are relevant to its lending decisions. Market supply and demand factors that should be considered include:

- Demographic indicators, including population and employment trends.
- Zoning requirements.
- Current and projected vacancy, construction, and absorption rates.
- Current and projected lease terms, rental rates, and sales prices, including concessions.
- Current and projected operating expenses for different types of projects.
- Economic indicators, including trends and diversification of the lending area.
- Valuation trends, including discount and direct capitalization rates.

UNDERWRITING STANDARDS

Prudently underwritten real estate loans should reflect all relevant credit factors, including:

- The capacity of the borrower, or income from the underlying property, to adequately service the debt.
- The value of the mortgaged property.
- The overall creditworthiness of the borrower.
- The level of equity invested in the property.
- Any secondary sources of repayment.
- Any additional collateral or credit enhancements (such as guarantees, mortgage insurance or takeout commitments).

The lending policies should reflect the level of risk that is acceptable to the board of directors and provide clear and measurable underwriting standards that enable the institution's lending staff to evaluate these factors.

The agencies have adopted a uniform rule on real estate lending. See 12 CFR part 365 (FDIC); 12 CFR part 208, subpart C (FRB); 12 CFR part 34, subpart D (OCC); and 12 CFR 563.100-101 (OTS).

5The agencies have adopted a uniform rule on real estate lending. See 12 CFR part 365 (FDIC); 12 CFR part 208, subpart C (FRB); 12 CFR part 34, subpart D (OCC); and 12 CFR 563.100-101 (OTS).
LOAN ADMINISTRATION

The institution should also establish loan administration procedures for its real estate portfolio that address:

- Type and frequency of financial statements, including requirements for verification of information provided by the borrower;
- Type and frequency of collateral evaluations (appraisals and other estimates of value);
- Loan closing and disbursement;
- Payment processing;
- Escrow administration;
- Collateral administration;
- Loan payoffs;
- Collections and foreclosure, including:
  - Delinquency follow-up procedures;
  - Foreclosure timing;
  - Extensions and other forms of forbearance;
- Acceptance of deeds in lieu of foreclosure;
- Claims processing (e.g., seeking recovery on a defaulted loan covered by a government guaranty or insurance program);
- Servicing and participation agreements.

SUPervisory loan-to-value limits

Institutions should establish their own internal loan-to-value limits for real estate loans. These internal limits should not exceed the following supervisory limits:

<table>
<thead>
<tr>
<th>Loan category</th>
<th>Loan-to-value limit (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Raw land</td>
<td>65</td>
</tr>
<tr>
<td>Land development</td>
<td>75</td>
</tr>
<tr>
<td>Construction:</td>
<td></td>
</tr>
<tr>
<td>Commercial, multifamily, and other non-residential</td>
<td>80</td>
</tr>
<tr>
<td>1- to 4-family residential</td>
<td>85</td>
</tr>
<tr>
<td>Improved property</td>
<td>85</td>
</tr>
<tr>
<td>Owner-occupied 1- to 4-family and home equity</td>
<td>(?)</td>
</tr>
</tbody>
</table>

1. Multifamily construction includes condominiums and cooperatives.

2. A loan-to-value limit has not been established for permanent mortgage or home equity loans on owner-occupied, 1- to 4-family residential property. However, for any such loan with a loan-to-value ratio that equals or exceeds 90 percent at origination, an institution should require appropriate credit enhancement in the form of either mortgage insurance or readily marketable collateral.

The supervisory loan-to-value limits should be applied to the underlying property that collateralizes the loan. For loans that fund multiple phases of the same real estate project (e.g., a loan for both land development and construction of an office building), the appropriate loan-to-value limit is the limit applicable to the final phase of the project funded by the loan; however, loan disbursements should not exceed actual development or construction outlays. In situations where a loan is fully cross-collateralized by two or more properties or is secured by a collateral pool of two or more properties, the appropriate maximum loan amount under supervisory loan-to-value limits is the sum of the value of each property, less senior liens, multiplied by the appropriate loan-to-value limit for each property. To ensure that collateral margins remain within the supervisory limits, lenders should redefine conformity whenever collateral substitutions are made to the collateral pool.

In establishing internal loan-to-value limits, each lender is expected to carefully consider the institution-specific and market factors listed under “Loan Portfolio Management Considerations,” as well as any other relevant factors, such as the particular subcategory or type of loan. For any subcategory of loans that exhibits greater credit risk than the overall category, a lender...
should consider the establishment of an internal loan-to-value limit for that subcategory that is lower than the limit for the overall category.

The loan-to-value ratio is only one of several pertinent credit factors to be considered when underwriting a real estate loan. Other credit factors to be taken into account are highlighted in the “Underwriting Standards” section above. Because of these other factors, the establishment of these supervisory limits should not be interpreted to mean that loans at these levels will automatically be considered sound.

**LOANS IN EXCESS OF THE SUPERVISORY LOAN-TO-VALUE LIMITS**

The agencies recognize that appropriate loan-to-value limits vary not only among categories of real estate loans but also among individual loans. Therefore, it may be appropriate in individual cases to originate or purchase loans with loan-to-value ratios in excess of the supervisory loan-to-value limits, based on the support provided by other credit factors. Such loans should be identified in the institution’s records, and their aggregate amount reported at least quarterly to the institution’s board of directors. (See additional reporting requirements described under “Exceptions to the General Policy.”)

The aggregate amount of all loans in excess of the supervisory loan-to-value limit should not exceed 100 percent of total capital. Moreover, within the aggregate limit, total loans for all commercial, agricultural, multifamily or other non-1-to-4 family residential properties should not exceed 30 percent of total capital. An institution will come under increased supervisory scrutiny as the total of such loans approaches these levels.

**EXCLUDED TRANSACTIONS**

The agencies also recognize that there are a number of lending situations in which other factors significantly outweigh the need to apply the supervisory loan-to-value limits. These include:

- Loans guaranteed or insured by the U.S. government or its agencies, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.
- Loans backed by the full faith and credit of a state government, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.
- Loans guaranteed or insured by a state, municipal or local government, or an agency thereof, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit, and provided that the lender has determined that the guarantor or insurer has the financial capacity and willingness to perform under the terms of the guaranty or insurance agreement.
- Loans that are to be sold promptly after origination, without recourse, to a financially responsible third party.
- Loans that are renewed, refinanced, or restructured without the advancement of new funds or an increase in the line of credit (except for reasonable closing costs), or loans that are renewed, refinanced, or restructured in connection with a workout situation, either with or without the advancement of new funds, where consistent with safe and sound banking practices and part of a clearly defined and well-documented program to achieve orderly liquidation of the debt, reduce risk of loss, or maximize recovery on the loan.
- Loans that facilitate the sale of real estate acquired by the lender in the ordinary course of collecting a debt previously contracted in good faith.
- Loans for which a lien on or interest in real property is taken as additional collateral through an abundance of caution by the lender (e.g., the institution takes a blanket lien on all or substantially all of the assets of the borrower, and the value of the real property is low relative to the aggregate value of all other collateral).
- Loans, such as working capital loans, where the lender does not rely principally on real estate as security and the extension of credit is not used to acquire, develop, or construct permanent improvements on real property.
- Loans for the purpose of financing permanent improvements to real property, but not secured by the property, if such security...
interest is not required by prudent underwriting practice.

**Exceptions to the General Lending Policy**

Some provision should be made for the consideration of loan requests from creditworthy borrowers whose credit needs do not fit within the institution’s general lending policy. An institution may provide for prudently underwritten exceptions to its lending policies, including loan-to-value limits, on a loan-by-loan basis. However, any exceptions from the supervisory loan-to-value limits should conform to the aggregate limits on lending policy discussed above.

The board of directors is responsible for establishing standards for the review and approval of exception loans. Each institution should establish an appropriate internal process for the review and approval of loans that do not conform to its own internal policy standards. The approval of any such loan should be supported by a written justification that clearly sets forth all of the relevant credit factors that support the underwriting decision. The justification and approval documents for such loans should be maintained as a part of the permanent loan file. Each institution should monitor compliance with its real estate lending policy and individually report exception loans of a significant size to its board of directors.

**Supervisory Review of Real Estate Lending Policies and Practices**

The real estate lending policies of institutions will be evaluated by examiners during the course of their examinations to determine if the policies are consistent with safe and sound lending practices, these guidelines, and the requirements of the regulation. In evaluating the adequacy of the institution’s real estate lending policies and practices, examiners will take into consideration the following factors:

- The nature and scope of the institution’s real estate lending activities.
- The size and financial condition of the institution.
- The quality of the institution’s management and internal controls.
- The expertise and size of the lending and loan administration staff.
- Market conditions.

Lending policy exception reports will also be reviewed by examiners during the course of their examinations to determine whether the institutions’ exceptions are adequately documented and appropriate in light of all of the relevant credit considerations. An excessive volume of exceptions to an institution’s real estate lending policy may signal a weakening of its underwriting practices, or may suggest a need to revise the loan policy.

**Definitions**

For the purposes of these Guidelines:

- **Construction loan** means an extension of credit for the purpose of erecting or rehabilitating buildings or other structures, including any infrastructure necessary for development.
- **Extension of credit or loan means**:
  1. The total amount of any loan, line of credit, or other legally binding lending commitment with respect to real property;
  2. The total amount, based on the amount of consideration paid, of any loan, line of credit, or other legally binding lending commitment acquired by a lender by purchase, assignment, or otherwise.
- **Improved property loan** means an extension of credit secured by one of the following types of real property:
  1. Farmland, ranchland or timberland committed to ongoing management and agricultural production;
  2. 1- to 4-family residential property that is not owner-occupied;
  3. Residential property containing five or more individual dwelling units;
  4. Completed commercial property; or
  5. Other income-producing property that has been completed and is available for occupancy and use, except income-producing owner-occupied 1- to 4-family residential property.
- **Land development loan** means an extension of credit for the purpose of improving unimproved real property prior to the erection of structures. The improvement of unimproved real property may include the laying or placement of sewers, water pipes, utility cables, streets, and other infrastructure necessary for future development.
- **Loan origination** means the time of inception of the obligation to extend credit (i.e., when the last event or prerequisite, controllable by the lender, occurs causing the lender to become legally bound to fund an extension of credit).
- **Loan-to-value or loan-to-value ratio** means the percentage or ratio that is derived at the time of loan origination by dividing an extension of credit by the total value of the property(ies) securing or being improved by the extension of credit plus the amount of any readily marketable collateral and other acceptable collateral that secures the extension of credit. The total amount of all senior liens on or interests in such property(ies) should be included in determining the loan-to-value ratio. When mortgage insurance or collateral is used in the calculation of the loan-to-value ratio, and such credit enhancement is later released or replaced, the loan-to-value ratio should be recalculated.
- **Other acceptable collateral** means any collateral in which the lender has a perfected security interest, that has a quantifiable value.
value, and is accepted by the lender in accordance with safe and sound lending practices. Other acceptable collateral should be appropriately discounted by the lender consistent with the lender’s usual practices for making loans secured by such collateral. Other acceptable collateral includes, among other items, unconditional irrevocable standby letters of credit for the benefit of the lender.

Owner-occupied, when used in conjunction with the term 1- to 4-family residential property means that the owner of the underlying real property occupies at least one unit of the real property as a principal residence of the owner.

Readily marketable collateral means insured deposits, financial instruments, and bullion in which the lender has a perfected interest. Financial instruments and bullion must be salable under ordinary circumstances with reasonable promptness at a fair market value determined by quotations based on actual transactions, on an auction or similarly available daily bid and ask price market. Readily marketable collateral should be appropriately discounted by the lender consistent with the lender’s usual practices for making loans secured by such collateral.

Value means an opinion or estimate, set forth in an appraisal or evaluation, which ever may be appropriate, of the market value of real property, prepared in accordance with the agency’s appraisal regulations and guidance. For loans to purchase an existing property, the term “value” means the lesser of the actual acquisition cost or the estimate of value.

1- to 4-family residential property means property containing fewer than five individual dwelling units, including manufactured homes permanently affixed to the underlying property (when deemed to be real property under state law).

The FDIC shall not solicit offers from, award contracts to, extend or modify existing contracts, award task orders under existing contracts, or consent to subcontracts with such contractors. Excluded contractors are also prohibited from conducting business with FDIC as agents or representatives of other contractors. Provided however, that these limitations do not become effective upon the notification of the contractor that there is a possible cause to exclude under §367.13. Provided further, that the causes for exclusion set forth in §367.6(a)(1) through (4) reflect statutorily established mandatory bars to contracting with the FDIC.

(c) Except when one or more of the statutorily established mandatory bars to contracting are shown to exist, the existence of a cause for exclusion does not necessarily require that the contractor be excluded; the seriousness of the contractor’s acts or omissions and any mitigating or aggravating circumstances shall be considered in making any exclusion decision.

(b) Indictment for any offense described in § 367.6 is adequate evidence to suspend a contractor.

(c) In assessing the adequacy of the evidence, FDIC will consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated and what inferences can reasonably be drawn as a result.

§ 367.9 Imputation of causes.

(a) Where there is cause to suspend and/or exclude any affiliated business entity of the contractor, that conduct may be imputed to the contractor if the conduct occurred in connection with the affiliated business entity’s performance of duties for or on behalf of the contractor, or with the contractor’s knowledge, approval, or acquiescence. The contractor’s acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(b) Where there is cause to suspend and/or exclude any contractor, that cause may be imputed to the contractor for which the subcontractor performed services, if the conduct occurred for or on behalf of the contractor and with the contractor’s knowledge, approval, or acquiescence. (1) Notification that exclusion for a specified period of time is being considered based on the specified cause(s) in § 367.6 to be relied upon;

(2) Identification of the event(s), circumstance(s), or condition(s) that indicates that there is cause to believe a cause for exclusion exists, described in sufficient detail to put the contractor on notice of the conduct or transaction(s) upon which an exclusion proceeding is based;

(3) Notification that the contractor is not prohibited from contracting with the FDIC unless and until it is either suspended from FDIC contracting or the FDIC Ethics Counselor issues a decision excluding the contractor, provided however, in any case where the possible cause for exclusion would also be an impediment to the contractor’s eligibility pursuant to 12 CFR part 366, the contractor’s eligibility for any contract will be determined under that part; and

(4) Notification of the regulatory provisions governing the exclusion proceeding and the potential effect of a final exclusion decision.

(b) Suspensions. Before suspending a contractor, the FDIC shall send it notice, including:

(1) Notice that a suspension is being imposed based on specified causes in § 367.8;

(2) Identification of the event(s), circumstance(s), or condition(s) that indicate that there is adequate evidence to believe a cause for suspension exists, described in sufficient detail to put the contractor on notice of the basis for the suspension, recognizing that the conduct of ongoing investigations and legal proceedings, including criminal proceedings, place limitations on the evidence that can be released;

(3) Notification that the suspension prohibits the contractor from contracting with the FDIC for a temporary period, pending the completion of an investigation or other legal proceedings; and

(4) Notification of the regulatory provisions governing the suspension proceeding.

(c) Service of notices. Notices will be sent to the contractor by first class mail, postage prepaid. For purposes of compliance with this section, notice shall be considered to have been received by the contractor if the notice is properly mailed to the last known address of such contractor. In the event the notice is not sent by facsimile, a copy will be sent by an overnight delivery service such as Express Mail or a commercial equivalent.

§ 367.14 Responses.

(a) The contractor will have 15 days from the date of the notice within which to respond.

(b) The response shall be in writing and may include: information and argument in opposition to the proposed exclusion and/or suspension, including any additional specific information pertaining to the possible causes for exclusion; and information and argument in mitigation of the proposed period of exclusion.

(c) The response may request a meeting with an FDIC official identified in the notice to permit the contractor to discuss issues of fact or law relating to the suspension and/or proposed exclusion or to otherwise resolve the pending matters.

(1) Any such meetings between a contractor and FDIC shall take such form as the FDIC deems appropriate.

(2) In cases of suspensions, no meeting will be held where a representative of the Department of Justice has advised in writing that the substantial interests of the Government would be prejudiced by such a meeting and the Ethics Counselor determines that a suspension is based on the same facts as pending or contemplated legal proceedings referenced by the representative of the Department of Justice.

(d) Failure to respond to the notice shall be deemed an admission of the existence of the cause(s) for suspension and/or exclusion set forth in the notice.
§ 367.14 Additional proceedings as to disputed material facts.

(a) In actions not based upon a conviction or civil judgment, if the Ethics Counselor finds that the contractor's submission raises a genuine dispute over facts material to the proposed suspension and/or exclusion, the contractor shall be afforded an opportunity to appear (with counsel, if desired), submit documentary evidence, present witnesses, and confront any witnesses the FDIC presents.

(b) The Ethics Counselor may refer disputed material facts to another official for analysis and recommendation.

(c) If requested, a transcribed record of any additional proceedings shall be made available at cost to the contractor.

§ 367.15 Ethics Counselor decisions.

(a) Standard of proof:
(1) An exclusion must be based on a finding that the cause(s) for exclusion is established by a preponderance of the evidence in the administrative record of the case; and
(2) A suspension must be based on a finding that the cause(s) for suspension is established by adequate evidence in the administrative record of the case.

(b) The administrative record consists of the portion of any information, reports, documents or other evidence identified and relied upon in the Notice of Possible Cause to Exclude, the Notice of Suspension and/or supplemental notices, if any, together with any material portions of the contractor's response. When additional proceedings are necessary to determine disputed material facts, the Ethics Counselor shall base the decision on the facts as found, together with any information and argument submitted by the contractor and any other information in the administrative record.

(c) In actions based upon a conviction, judgment, a final enforcement action by a federal financial institution regulatory agency, or in which all facts and circumstances material to the exclusion action have been finally adjudicated in another forum, the Ethics Counselor may exclude a contractor without regard to the procedures set out in §§367.13 and 367.14. Any such decisions will be subject to the review and reconsideration provisions of §367.20.

(d) Notice of decisions. Contractors shall be given prompt notice of the Ethics Counselor's decision in the manner described in §367.13(c). If the Ethics Counselor suspends a contractor or imposes a period of exclusion, the decision shall:

(2) Set forth the effect of the exclusion action and the effective dates of that action;
(3) Refer the contractor to its procedural rights of review and reconsideration under §367.20; and
(4) Inform the contractor that a copy of the exclusion decision shall be placed in the FDIC Public Reading Room.

(e) If the FDIC Ethics Counselor decides that a period of exclusion is not warranted, the Notice of Possible Cause to Exclude may be withdrawn or the proceeding may be otherwise terminated. § 367.19 Exceptions to suspensions and exclusions.

Requests for such exceptions may be submitted only by the FDIC program office requesting the contract services.
(b) In the case of the modification or extension of an existing contract, the Ethics Counselor may except such a contracting action from the effects of suspension and/or exclusion upon a determination, in writing, that a compelling reason exists for utilization of the contractor in the particular instance. The Ethics Counselor’s authority under this section shall not be delegated to any lower official.
(c) In the case of new contracts, the Corporation Ethics Committee may except a particular new contract from the effects of suspension and/or exclusion upon a determination in writing that a compelling reason exists for utilization of the contractor in the particular instance.

(3) The appeal shall be filed in writing within 30 days of the decision.
(4) The Corporation Ethics Committee, at its discretion and after determining that it is in the best interests of the FDIC, may stay the effect of the suspension and/or exclusion pending conclusion of its review of the matter.

   (i) Reversal of the conviction or civil judgment upon which the suspension and/or exclusion was based;
   (ii) Newly discovered material evidence;
   (iii) Bona fide change in ownership or management;
   (iv) Elimination of other causes for which the suspension and/or exclusion was imposed; or
   (v) Other reasons the FDIC Ethics Counselor deems appropriate.

(4) Requests for reconsideration based on other grounds may only be filed during the period commencing 60 days after the Ethics Counselor's decision imposing the suspension and/or exclusion. Only one such request may be filed in any twelve month period.

PART 368—GOVERNMENT SECURITIES SALES PRACTICES

§ 368.1 Scope.

This part is applicable to state nonmember banks and insured state branches of foreign banks that have filed notice as, or are required to file notice as, government securities brokers or dealers pursuant to section 15C of the Securities Exchange Act (15 U.S.C. 78o–5) and Department of the Treasury rules under section 15C (17 CFR 400.1(d) and part 401).

§ 368.2 Definitions.

(a) Bank that is a government securities broker or dealer means a state nonmember bank or an insured state branch of a foreign bank that has filed notice, or is required to file notice, as a government securities broker or dealer pursuant to section 15C of the Securities Exchange Act (15 U.S.C. 78o–5) and Department of the Treasury rules under section 15C (17 CFR 400.1(d) and part 401).

(b) Customer does not include a broker or dealer or a government securities broker or dealer.

(c) Government security has the same meaning as this term has in section 3(a)(42) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(42)).

(d) Non-institutional customer means any customer other than:
   (1) A bank, savings association, insurance company, or registered investment company;
   (2) An investment adviser registered under section 203 of the Investment Advisers Act of 1940 (15 U.S.C. 80b–3); or
   (3) Any entity (whether a natural person, corporation, partnership, trust, or otherwise) with total assets of at least $50 million.

§ 368.3 Business conduct.

A bank that is a government securities broker or dealer shall observe high standards of commercial honor and just and equitable principles of trade in the conduct of its business as a government securities broker or dealer.

§ 368.4 Recommendations to customers.

In recommending to a customer the purchase, sale or exchange of a government security, a bank that is a government securities broker or dealer shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer's other security holdings and as to the customer's financial situation and needs.

§ 368.5 Customer information.

Prior to the execution of a transaction recommended to a non-institutional customer, a bank that is a government securities broker or dealer...
§ 368.100 Obligations concerning institutional customers.

(a) As a result of broadened authority provided by the Government Securities Act Amendments of 1993 (15 U.S.C. 78o–3 and 78o–5), the FDIC is adopting sales practice rules for the government securities market, a market with a particularly broad institutional component. Accordingly, the FDIC believes it is appropriate to provide further guidance to banks on their suitability obligations when making recommendations to institutional customers.

(b) The FDIC’s suitability rule (§368.4) is fundamental to fair dealing and is intended to promote ethical sales practices and high standards of professional conduct. Banks’ responsibilities include having a reasonable basis for recommending a particular security or strategy, as well as having reasonable grounds for believing the recommendation is suitable for the customer to whom it is made. Banks are expected to meet the same high standards of competence, professionalism, and good faith regardless of the financial circumstances of the customer.

(c) In recommending to a customer the purchase, sale, or exchange of any government security, the bank shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer’s other security holdings and financial situation and needs.

(d) The interpretation in this section concerns only the manner in which a bank determines that a recommendation is suitable for a particular institutional customer. The manner in which a bank fulfills this suitability obligation will vary, depending on the nature of the customer and the specific transaction. Accordingly, the interpretation in this section deals only with guidance regarding how a bank may fulfill customer-specific suitability obligations under §368.4.1

(e) While it is difficult to define in advance the scope of a bank’s suitability obligation with respect to a specific institutional customer transaction recommended by a bank, the FDIC has identified certain factors that may be relevant when considering compliance with §368.4. These factors are not intended to be requirements or the only factors to be considered but are offered merely as guidance in determining the scope of a bank’s suitability obligations.

(f) The two most important considerations in determining the scope of a bank’s suitability obligations in making recommendations to an institutional customer are the customer’s capability to evaluate investment risk independently and the extent to which the customer is exercising independent judgement in evaluating a bank’s recommendation. A bank must determine, based on the information available to it, the customer’s capability to evaluate investment risk. In some cases, the bank may conclude that the customer is not capable of making independent investment decisions in general. In other cases, the institutional customer may have general capability, but may not be able to understand a particular type of instrument or its risk. This is more likely to arise with relatively new types of instruments, or those with significantly different risk or volatility characteristics than other investments generally made by the institution. If a customer is either generally not capable of evaluating investment risk or lacks sufficient capability to evaluate the particular product, the scope of a bank’s customer-specific obligations under §368.4 would not be diminished by the fact that the bank was...

1The interpretation in this section does not address the obligation related to suitability that requires that a bank have "... a 'reasonable basis' to believe that the recommendation could be suitable for at least some customers.” In the Matter of the Application of F.J. Kaufman and Company of Virginia and Frederick J. Kaufman, Jr., 50 SEC 104 (1989).
dealing with an institutional customer. On the other hand, the fact that a cus-
tomer initially needed help understand-
ing a potential investment need not necessarily imply that the cus-
tomer did not ultimately develop an understanding and make an inde-
pendent investment decision.

(g) A bank may conclude that a cus-
tomer is exercising independent judge-
ment if the customer's investment de-
cision will be based on its own inde-
pendent assessment of the opportuni-
ties and risks presented by a potential investment, market factors and other investment considerations. Where the bank has reasonable grounds for con-
cluding that the institutional customer is making independent investment de-
cisions and is capable of independently evaluating investment risk, then a bank's obligations under §368.4 for a particular customer are fulfilled. 2 Where a customer has delegated deci-
sion-making authority to an agent, such as an investment advisor or a bank trust department, the interpreta-
tion in this section shall be applied to the agent.

(h) A determination of capability to evaluate investment risk independ-
ently will depend on an examination of the customer's capability to make its own investment decisions, including the resources available to the customer to make informed decisions. Relevant considerations could include:

(1) The use of one or more consult-
ants, investment advisers, or bank trust departments;

(2) The general level of experience of the institutional customer in financial markets and specific experience with the type of instruments under consider-
ation;

(3) The customer's ability to under-
stand the economic features of the se-
curity involved;

(4) The customer's ability to inde-
pendently evaluate how market devel-
opments would affect the security; and

(5) The complexity of the security or securities involved.

(i) A determination that a customer is making independent investment de-
cisions will depend on the nature of the relationship that exists between the bank and the customer. Relevant con-
siderations could include:

(1) Any written or oral understanding that exists between the bank and the customer regarding the nature of the relationship between the bank and the customer and the services to be ren-
dered by the bank;

(2) The presence or absence of a pattern of acceptance of the bank's rec-
ommendations;

(3) The use by the customer of ideas, suggestions, market views and infor-
mation obtained from other govern-
ment securities brokers or dealers or market professionals, particularly those relating to the same type of secu-
rities; and

(4) The extent to which the bank has received from the customer current comprehensive portfolio information in connection with discussing recom-
mmended transactions or has not been provided important information regarding its portfolio or investment objectives.

(j) Banks are reminded that these factors are merely guidelines that will be utilized to determine whether a bank has fulfilled its suitability obliga-
tion with respect to a specific institu-
tional customer transaction and that the inclusion or absence of any of these factors is not dispositive of the deter-
mination of suitability. Such a deter-
mination can only be made on a case-
by-case basis taking into consideration all the facts and circumstances of a particular bank/customer relationship, assessed in the context of a particular transaction.

(k) For purposes of the interpretation in this section, an institutional cus-
tomer shall be any entity other than a natural person. In determining the app-
licability of the interpretation in this section to an institutional customer, the FDIC will consider the dollar value of the securities that the institutional customer has in its portfolio and/or under management. While the interpre-
tation in this section is potentially ap-
plicable to any institutional customer, the guidance contained in this section is more appropriately applied to an In-
stitutional customer with at least $10

PART 369—PROHIBITION AGAINST USE OF INTERSTATE BRANCHES PRIMARILY FOR DEPOSIT PRODUCTION

Sec. 369.1 Purpose and scope.
369.2 Definitions.
369.3 Loan-to-deposit ratio screen.
369.4 Credit needs determination.
369.5 Sanctions.

AUTHORITY: 12 U.S.C. 1819 (Tenth) and 1835a.

SOURCE: 62 FR 47737, Sept. 10, 1997, unless otherwise noted.

§369.1 Purpose and scope.

(a) Purpose. The purpose of this part is to implement section 109 (12 U.S.C. 1835a) of the Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994 (Interstate Act).

(b) Scope. (1) This part applies to any State nonmember bank that has operated a covered interstate branch for a period of at least one year.

(2) This part describes the requirements imposed under 12 U.S.C. 1835a, which requires the appropriate Federal banking agencies (the FDIC, the Office of the Comptroller of the Currency, and the Board of Governors of the Federal Reserve System) to prescribe uniform rules that prohibit a bank from using any authority to engage in interstate branching pursuant to the Interstate Act, or any amendment made by the Interstate Act to any other provision of law, primarily for the purpose of deposit production.

§369.2 Definitions.

For purposes of this part, the following definitions apply:

(a) Bank means, unless the context indicates otherwise:

(1) A State nonmember bank; and

(2) A foreign bank as that term is defined in 12 U.S.C. 310(7) and 12 CFR 346.1(a).

(b) Covered interstate branch means:

(1) Any branch of a State nonmember bank, and any insured branch of a foreign bank licensed by a State, that:

(i) Is established or acquired outside the bank’s home State pursuant to the interstate branching authority granted by the Interstate Act or by any amendment made by the Interstate Act to any other provision of law; or

(ii) Could not have been established or acquired outside of the bank’s home State but for the establishment or acquisition of a branch described in paragraph (b)(1)(i) of this section; and

(2) Any bank or branch of a bank controlled by an out-of-State bank holding company.

(c) Home State means:

(1) With respect to a State bank, the State that chartered the bank;

(2) With respect to a national bank, the State in which the main office of the bank is located;

(3) With respect to a bank holding company, the State in which the total deposits of all banking subsidiaries of such company are the largest on the later of:

(i) July 1, 1966; or

(ii) The date on which the company becomes a bank holding company under the Bank Holding Company Act;

(4) With respect to a foreign bank:

(i) For purposes of determining whether a U.S. branch of a foreign bank is a covered interstate branch, the home State of the foreign bank as determined in accordance with 12 U.S.C. 3103(c) and 12 CFR 347.202(j); and

(ii) For purposes of determining whether a branch of a U.S. bank controlled by a foreign bank is a covered interstate branch, the State in which the total deposits of all banking subsidiaries of such foreign bank are the largest on the later of:

(A) July 1, 1966; or

(B) The date on which the foreign bank becomes a bank holding company under the Bank Holding Company Act.

(d) Host State means a State in which a covered interstate branch is established or acquired.

(e) Host state loan-to-deposit ratio generally means, with respect to a particular host state, the ratio of total loans in the host state relative to total deposits from the host state for all banks (including institutions covered under the definition of “bank” in 12 U.S.C. 1813(a)(1)) that have that state as their home state, as determined and
updated periodically by the appropriate Federal banking agencies and made available to the public.

(f) **Out-of-State bank holding company** means, with respect to any State, a bank holding company whose home State is another State.

(g) **State** means state as that term is defined in 12 U.S.C. 1813(a)(3).

(h) **Statewide loan-to-deposit ratio** means, with respect to a bank, the ratio of the bank’s loans to its deposits in a state in which the bank has one or more covered interstate branches, as determined by the FDIC.

§ 369.3 *Loan-to-deposit ratio screen.*

(a) **Application of screen.** Beginning no earlier than one year after a covered interstate branch is acquired or established, the FDIC will consider whether the bank’s statewide loan-to-deposit ratio is less than 50 percent of the relevant host State loan-to-deposit ratio.

(b) **Results of screen.**

(1) If the FDIC determines that the bank’s statewide loan-to-deposit ratio is 50 percent or more of the host state loan-to-deposit ratio, no further consideration under this part is required.

(2) If the FDIC determines that the bank’s statewide loan-to-deposit ratio is less than 50 percent of the host state loan-to-deposit ratio, or if reasonably available data are insufficient to calculate the bank’s statewide loan-to-deposit ratio, the FDIC will make a credit needs determination for the bank as provided in §369.4.

§ 369.4 *Credit needs determination.*

(a) **In general.** The FDIC will review the loan portfolio of the bank and determine whether the bank is reasonably helping to meet the credit needs of the communities in the host state that are served by the bank.

(b) **Guidelines.** The FDIC will use the following considerations as guidelines when making the determination pursuant to paragraph (a) of this section:

(1) Whether covered interstate branches were acquired under circumstances where there was a low loan-to-deposit ratio because of the nature of the acquired institution’s business or loan portfolio;

(2) Whether covered interstate branches have a high concentration of commercial or credit card lending, trust services, or other specialized activities, including the extent to which the covered interstate branches accept deposits in the host state;

(3) The Community Reinvestment Act (CRA) ratings received by the bank, if any, under 12 U.S.C. 2901 et seq.;

(4) Economic conditions, including the level of loan demand, within the communities served by the covered interstate branches;

(5) The safe and sound operation and condition of the bank; and

(7) The FDIC’s Community Reinvestment regulations (12 CFR Part 345) and interpretations of those regulations.

§ 369.5 *Sanctions.*

(a) **In general.** If the FDIC determines that a bank is not reasonably helping to meet the credit needs of the communities served by the bank in the host state, and that the bank’s statewide loan-to-deposit ratio is less than 50 percent of the host state loan-to-deposit ratio, the FDIC:

(1) May order that a bank’s covered interstate branch or branches be closed unless the bank provides reasonable assurances to the satisfaction of the FDIC, after an opportunity for public comment, that the bank will reasonably help to meet the credit needs of the communities served by the bank in the host state; and

(2) Will not permit the bank to open a new branch in the host state that would be considered to be a covered interstate branch unless the bank provides reasonable assurances to the satisfaction of the FDIC, after an opportunity for public comment, that the bank will reasonably help to meet the credit needs of the community that the new branch will serve.

(b) **Notice prior to closure of a covered interstate branch.** Before exercising the FDIC’s authority to order the bank to
close a covered interstate branch, the FDIC will issue to the bank a notice of
the FDIC’s intent to order the closure and will schedule a hearing within 60
days of issuing the notice.

(c) Hearing. The FDIC will conduct a hearing scheduled under paragraph (b)
of this section in accordance with the provisions of 12 U.S.C. 1818(h) and 12
CFR part 308.

term “insured depository institution”
means an insured depository institu-

(4) Senior unsecured debt, except deposits, may be denominated in foreign currency.

(5) Senior unsecured debt excludes, for example, any obligation that has a stated maturity of “one month” obligations from guarantees or other contingent liabilities, derivatives, derivative-linked products, debts that are paired or bundled with other securities, convertible debt other than mandatory convertible debt described in paragraph (m) of this section, capital notes, the unsecured portion of otherwise secured debt, negotiable certificates of deposit, deposits denominated in a foreign currency or other foreign deposits (except as allowed under paragraph (e)(3) of this section), revolving credit agreements, structured notes, instruments that are used for trade credit, retail debt securities, and any funds regardless of form that are swept from individual, partnership, or corporate accounts held at depository institutions. (i) Accounts commonly known as Interest on Lawyers Trust Accounts (IOLTAs) (or functionally equivalent accounts); and

(4) Notwithstanding paragraph (h)(3) of this section, a NOW account with an interest rate above 0.50 percent as of November 21, 2008, may be treated as a noninterest-bearing transaction account for purposes of this part, if the insured depository institution at which the account is held reduces the interest rate on that account to 0.50 percent or lower before January 1, 2009, and commits to maintain that interest rate at no more than 0.50 percent at all times during the period in which the institution is participating in the transaction account guarantee program.

(i) FDIC-guaranteed debt. The term “FDIC-guaranteed debt” means newly issued senior unsecured debt issued by a participating entity that meets the requirements of this part for debt that is guaranteed under the debt guarantee program, and is identified pursuant to §370.5(h) as guaranteed by the FDIC.

§ 370.3 Debt Guarantee Program.

(a) Upon the uncured failure of a participating entity to make a timely payment of principal or interest as required under an FDIC-guaranteed debt instrument, the FDIC will pay the unpaid principal and/or interest, in accordance with §370.12 and subject to the other provisions of this part.

(b) Debt guarantee limit.

(1) Except as provided in paragraphs (b)(2) through (b)(6) of this section, the maximum amount of outstanding debt that is guaranteed under the debt guarantee program for each participating entity at any time is limited to 125 percent of the par value of the participating entity’s senior unsecured debt, as that term is defined in §370.2(e)(1)(i) (excluding mandatory convertible debt), that was outstanding as of the close of business September 30, 2008 and that was scheduled to mature on or before June 30, 2009.

(2) If a participating entity that is an insured depository institution had either no senior unsecured debt as that term is defined in §370.2(e)(1)(i), or only had federal funds purchased, outstanding on September 30, 2008, its debt guarantee limit is two percent of its consolidated total liabilities as of September 30, 2008. For the purposes of this paragraph (b)(2) of this section, the term “federal funds purchased” means:

(i) For insured depository institutions that file Reports of Condition and Income, unsecured “federal funds purchased” as that term is used in defining “Federal Funds Transactions” in the Glossary of the FFIEC Reports of Condition and Income Instructions, and

(3) If a participating entity, other than an insured depository institution, had no senior unsecured debt as that term is defined in §370.2(e)(1)(i) outstanding on September 30, 2008, the entity may seek to have some amount of debt covered by the debt guarantee program. The FDIC, after consultation with the appropriate Federal banking agency, will decide, on a case-by-case basis, whether such a request will be granted and, if granted, what the entity’s debt guarantee limit will be.

(4) If an entity becomes an eligible entity after October 13, 2008, the FDIC will establish the entity’s debt guarantee limit at the time of such designation.

(5) If an affiliate of a participating entity is designated as an eligible entity by the FDIC after a written request and positive recommendation by the appropriate Federal banking agency (or if the affiliate has no appropriate Federal banking agency, a written request and positive recommendation by the appropriate Federal banking agency of the affiliated insured depository institution), the FDIC will establish the entity’s debt guarantee limit at the time of such designation.

(6) The FDIC may make exceptions to an entity’s debt guarantee limit. For
example, the FDIC may allow a participating entity to exceed the limit determined in paragraph (b)(1) or (b)(2) of this section, reduce the limit below the amount determined in paragraph (b)(1) or (b)(2) of this section, and/or impose other limits or requirements after consultation with the entity’s appropriate Federal banking agency.

(7) If a participating entity issues debt identified as guaranteed under the debt guarantee program that exceeds its debt guarantee limit, it will be subject to assessment increases and enforcement action as provided in §370.6(e).

(8) A participating entity that is both an insured depository institution and a direct or indirect subsidiary of a parent participating entity may, absent direction by the FDIC to the contrary, increase its debt guarantee limit above the limit determined in accordance with paragraphs (b)(1) through (b)(6) of this section, provided that:

(i) The amount of the increase does not exceed the debt guarantee limit(s) of one or more of its parent participating entities;

(ii) The insured depository institution provides prior written notice to the FDIC and to each such parent participating entity of the amount of the increase, the name of each contributing parent participating entity, and the starting and ending dates of the increase; and

(iii) For so long as the institution's debt guarantee limit is increased by such amount, the debt guarantee limit of each contributing parent participating entity is reduced by an amount corresponding to the amount of its contribution to the amount of the increase.

(9) The debt guarantee limit of the surviving entity of a merger between or among eligible entities is equal to the sum of the debt guarantee limits of the merging eligible entities calculated on a pro forma basis as of the close of business September 30, 2008, absent action by the FDIC after consultation with the surviving entity and its appropriate Federal banking agency.

(10) For purposes of determining the amount of guaranteed debt outstanding under paragraph (b)(1) of this section, debt issued in a foreign currency will be converted into U.S. dollars using the exchange rate in effect on the date that the debt is funded.

(c) Calculation and reporting responsibility. Participating entities are responsible for calculating and reporting to the FDIC the amount of senior unsecured debt as defined in §370.2(e)(1)(i) as of September 30, 2008.

(1) Each participating entity shall calculate the amount of its senior unsecured debt outstanding as of the close of business September 30, 2008, that was scheduled to mature on or before June 30, 2009.

(2) Each participating entity shall report the calculated amount to the FDIC, even if such amount is zero, in an approved format via FDICconnect no later than December 5, 2008.

(3) In each subsequent report to the FDIC concerning debt issuances or balances outstanding, each participating entity shall state whether it has issued debt identified as FDIC-guaranteed debt that exceeded its debt guarantee limit at any time since the previous reporting period.

(4) The Chief Financial Officer (CFO) or equivalent of each participating entity shall certify the accuracy of the information reported in each report submitted pursuant to this section.

(d) Expiration of Guarantee.

(1) With respect to debt that is issued before April 1, 2009 by any participating entity, the guarantee expires on the earliest of the mandatory conversion date for mandatory convertible debt, the maturity date of the debt, or June 30, 2012.

(2) With respect to debt that is issued on or after April 1, 2009, by a participating entity that is either an insured depository institution, a participating entity that has issued guaranteed debt before April 1, 2009, a participating entity that has been approved pursuant to §370.3(h) to issue guaranteed debt after June 30, 2009, and on or before October 31, 2009, or a participating entity that has been approved pursuant to §370.3(k) to issue guaranteed debt after October 31, 2009, the guarantee expires on the earliest of the mandatory conversion date (for mandatory convertible debt), the maturity date of the debt, or December 31, 2012.
(3) With respect to guaranteed debt that is issued on or after April 1, 2009 by a participating entity other than an entity described in paragraph (d)(2) of this section, the guarantee expires on the earliest of the mandatory conversion date for mandatory convertible debt, the maturity date of the debt, or on June 30, 2012.

(e) Debt cannot be issued and identified as guaranteed by the FDIC if:

(1) The proceeds are used to prepay debt that is not FDIC-guaranteed;

(2) The issuing entity has previously opted out of the debt guarantee program, except as provided in §370.5(d);

(3) The issuing entity has had its participation in the debt guarantee program terminated by the FDIC or is not a participating entity;

(4) The issuing entity has exceeded its debt guarantee limit for issuing guaranteed debt as specified in paragraph (b) of this section;

(5) The debt is owed to an affiliate, an institution-affiliated party, insider of the participating entity, or an insider of an affiliate or

(6) The debt does not otherwise meet the requirements of this part for FDIC guaranteed debt.

(f) The FDIC’s agreement to include a participating entity’s senior unsecured debt in the debt guarantee program does not exempt the entity from complying with any applicable law including, without limitation, Securities and Exchange Commission registration or disclosure requirements.

(g) Long term non-guaranteed debt option. On or before 11:59 p.m., Eastern Standard Time, December 5, 2008, a participating entity may also notify the FDIC that it has elected to issue senior unsecured non-guaranteed debt with maturities beyond June 30, 2012, at any time, in any amount, and without regard to the guarantee limit. By making this election the participating entity agrees to pay to the FDIC the nonrefundable fee as provided in §370.6(f).

(h) Applications for exceptions, eligibility, and issuance of certain debt.

(1) The following requests require written application to the FDIC and the appropriate Federal banking agency of the entity or the entity’s lead affiliated insured depository institution:

(3) In addition to any other relevant factors that the FDIC deems appropriate, the FDIC will consider the following factors in evaluating applications filed pursuant to paragraph (h) of this section:

(iii) Limit executive compensation and bonuses, and/or

(iv) Limit or refrain from the payment of dividends.

(1) Time limits on issuance of guaranteed debt.

(1) A participating entity that is either an insured depository institution, an entity that has issued FDIC-guaranteed debt before April 1, 2009, or an entity that has been approved pursuant to paragraph (h) of this section to issue FDIC-guaranteed debt after June 30, 2009 and on or before October 31, 2009, may issue FDIC-guaranteed debt under the debt guarantee program through and including October 31, 2009.

(b) The issuance of FDIC-guaranteed debt subject to the protections of the debt guarantee program is an affirmative action by a participating entity that constitutes its agreement to be:

(1) Bound by the terms and conditions of the program, including without limitation, assessments and the terms of the Master Agreement as set forth on the FDIC’s Web site;

(2) Subject to, and to comply with, any FDIC request to provide information relevant to participation in the debt guarantee program and to be subject to FDIC on-site reviews as needed, after consultation with the appropriate Federal banking agency, to determine compliance with the terms and requirements of the debt guarantee program; and

(c) Opt-out and opt-in options.

This option must be requested by application to the FDIC in accordance with §370.3(h). Similarly, the choice to affirmatively opt in, as provided in paragraph (c) of this section, once made, is irrevocable.

(e) All eligible entities that are affiliates of a U.S. bank holding company or that are affiliates of an eligible entity that is a U.S. savings and loan holding company must make the same decision regarding continued participation in each guarantee program; failure to do so constitutes an opt out by all members of the group.

(f) Except as provided in paragraphs (g), (j), and (k) of §370.3, participating entities are not permitted to select which newly issued senior unsecured debt is guaranteed debt; all senior unsecured debt issued by a participating entity up to its debt guarantee limit must be issued and identified as FDIC-guaranteed debt as and when issued.

(g) Procedures for opting out.

(1) Except as provided in paragraph (g)(2) of this section, the FDIC will provide procedures for opting out and for making an affirmative decision to opt in using FDIC’s secure e-business website, FDICconnect. Entities that are not insured depository institutions will select and solely use an affiliated insured depository institution to submit their opt-out election or their affirmative decision to opt in.

(2) Pursuant to paragraph (c)(2) of this section a participating entity may opt out of the transaction account guarantee program effective on January 1, 2010 by submitting to the FDIC on or before 11:59 p.m., Eastern Standard Time, on November 2, 2009 an email conveying the entity’s election to opt out. (i) These disclosures must be provided in simple, readily understandable text. Sample disclosures are as follows:

FOR PARTICIPATING INSTITUTIONS

[Institution Name] is participating in the FDIC’s Transaction Account Guarantee Program. Under that program, through June 30, 2010, all noninterest-bearing transaction accounts are fully guaranteed by the FDIC for the entire amount in the account. Coverage under the Transaction Account Guarantee Program is in addition to and separate from the coverage available under the FDIC’s general deposit insurance rules.

FOR PARTICIPATING INSTITUTIONS THAT ELECT TO OPT OUT OF THE EXTENDED TRANSACTION ACCOUNT GUARANTEE PROGRAM EFFECTIVE ON JANUARY 1, 2010

Beginning January 1, 2010 [Institution Name] will no longer participate in the FDIC’s Transaction Account Guarantee Program. Thus, after December 31, 2009, funds held in noninterest-bearing transaction accounts will no longer be guaranteed in full under the Transaction Account Guarantee Program, but will be insured up to $250,000 under the FDIC’s general deposit insurance rules.

FOR NON-PARTICIPATING INSTITUTIONS

[Institution Name] has chosen not to participate in the FDIC’s Transaction Account Guarantee Program. Customers of [Institution Name] with noninterest-bearing transaction accounts will continue to be insured for up to $250,000 under the FDIC’s general deposit insurance rules.

(ii) If the institution uses sweep arrangements or takes other actions that result in funds being transferred or reclassified to an account that is not guaranteed under the transaction account guarantee program, for example, an interest-bearing account, the institution must disclose those actions to the affected customers and clearly advise them, in writing, that such actions will void the FDIC’s guarantee with respect to the swept, transferred, or reclassified funds.

(1) Participation By New Eligible Entities And Continued Eligibility. The FDIC will determine eligibility in consultation with the eligible entity’s appropriate Federal banking agency.

(1) Participation by an entity that is organized after October 13, 2008 or that becomes an entity described §370.2(a) after October 13, 2008 will be: with respect to the transaction account guarantee program, effective on the date of the entity’s opt-in as described in §370.2(g)(2), and with respect to the debt guarantee program, considered by the FDIC on a case-by-case basis in

(2) An eligible entity that is not an insured depository institution will cease to be eligible to participate in the debt guarantee program once it is no longer affiliated with a chartered and operating insured depository institution.

(j) No mandatory convertible debt may be issued without obtaining the FDIC’s prior written approval.

§ 370.6 Assessments under the Debt Guarantee Program.

(a) Waiver of assessment for certain initial periods. No eligible entity shall pay any assessment associated with the debt guarantee program for the period from October 14, 2008 through November 12, 2008. An eligible entity that opts out of the program on or before December 5, 2008 will not pay any assessment under the program.

(b) Notice to the FDIC. No guaranteed debt shall be issued by a participating entity under the FDIC’s debt guarantee program unless notice of the issuance of such debt and payment of associated assessments is provided to the FDIC as required by this section and, for guaranteed debt issued after November 21, 2008, the participating entity agrees to be bound by the terms of the Master Agreement, as set forth on the FDIC’s Web site.

(1) Any eligible entity that does not opt out of the debt guarantee program on or before December 5, 2008, and that issues any guaranteed debt during the period from October 14, 2008 through December 5, 2008 which is still outstanding on December 5, 2008, shall notify the FDIC of that issuance via the FDIC’s e-business Web site FDICconnect within the time period specified by the FDIC. The eligible entity’s Chief Financial Officer or equivalent shall certify that the issuance of guaranteed debt does not exceed the debt guarantee limit as set forth in §370.3.

(3) The FDIC will provide procedures governing notice to the FDIC and certification of guaranteed amount limits for purposes of this section.

(c) Initiation of assessments. Assessments, calculated in accordance with paragraph (d) of this section, will accrue, with respect to each eligible entity that does not opt out of the debt guarantee program on or before December 5, 2008:

(1) Beginning on November 13, 2008, on all senior unsecured debt, as defined in §370.2(e)(1)(i) (except for overnight debt), issued by it on or after October 14, 2008, and on or before December 5, 2008, that is still outstanding on December 5, 2008; and

(2) Beginning on December 6, 2008, on all senior unsecured debt, as defined in paragraphs (e)(1)(ii) or (e)(1)(iii) of §370.2, issued by it on or after December 6, 2008.

(d) Amount of assessments for debt within the debt guarantee limit.

(1) Calculation of assessment. Subject to paragraphs (d)(3) and (h) of this section, and except as provided in paragraph (i) of this section, the amount of assessment will be determined by multiplying the amount of FDIC-guaranteed debt times the term of the debt or, in the case of mandatory convertible debt, the time period from issuance to the mandatory conversion date, times an annualized assessment rate determined in accordance with the following table.

<table>

(2) If the debt being issued has a maturity date that occurs after the expiration date of the guarantee, the expiration date of the guarantee instead of
§ 370.6  
12 CFR Ch. III (1–1–10 Edition)

the maturity date will be used to calculate the assessment.

(3) The amount of assessment for a participating entity, other than an insured depository institution, that controls, directly or indirectly, or is otherwise affiliated with, at least one insured depository institution will be determined by multiplying the amount of FDIC-guaranteed debt times the term of the debt or, in the case of mandatory convertible debt, the time period from issuance to the mandatory conversion date, times an annualized assessment rate determined in accordance with the rates set forth in the table in paragraph (d)(1) of this section, except that each such rate shall be increased by 10 basis points, if the combined assets of all insured depository institutions affiliated with such entity constitute less than 50 percent of consolidated holding company assets. The comparison of assets for purposes of this paragraph shall be determined as of September 30, 2008, except that in the case of an entity that becomes an eligible entity after October 13, 2008, the comparison of assets shall be determined as of the date that it becomes an eligible entity.

(4) Assessment Invoicing. As soon as the participating entity provides notice as required in paragraph (b) of this section, the invoice for the appropriate fee will be automatically generated and posted on FDICconnect for the account associated with the participating entity, and the time limits for providing payment in paragraph (g) of this section will apply.

(5) No assessment reduction for early retirement of guaranteed debt. A participating entity’s assessment shall not be reduced if guaranteed debt is retired prior to its scheduled maturity date or conversion date.

(e) Increased assessments for debt exceeding the debt guarantee limit. Any participating entity that issues guaranteed debt represented as being guaranteed by the FDIC exceeding its debt guarantee limit as set forth in §370.3(b) shall have its applicable assessment rate(s) for all outstanding guaranteed debt increased by 100 percent for purposes of the calculations in paragraph (d)(1) of this section. The FDIC may reduce the assessments under this paragraph upon a showing of good cause by the entity. In addition, any entity making such a misrepresentation may also be subject to enforcement action under 12 U.S.C. 1818, as further described in §370.11.

(f) Long term non-guaranteed debt fee. Each participating entity that elects to issue long term non-guaranteed debt pursuant to §370.3(g) must pay the FDIC a nonrefundable fee equal to 37.5 basis points times the amount of the entity’s senior unsecured debt, as defined in §370.2(e)(1)(i), that had a maturity date on or before June 30, 2009, and was outstanding as of September 30, 2008. If the entity had no such debt outstanding as of September 30, 2008, the fee will equal 37.5 basis points times the amount of the entity’s debt guarantee limit established under §370.3(b).

(1) The nonrefundable fee will be collected in six equal monthly installments.

(2) An entity electing the nonrefundable fee option will also be billed as it issues guaranteed debt under the debt guarantee program, and the amounts paid as a nonrefundable fee under this paragraph will be applied to offset these bills until the nonrefundable fee is exhausted.

(3) Thereafter, the institution will have to pay additional assessments on guaranteed debt as it issues the debt, as otherwise required by this section.

(g) Collection of assessments—ACH Debit.

(1) Each participating entity shall take all actions necessary to allow the Corporation to debit assessments from the participating entity’s designated deposit account as provided for in §327.3(a)(2). The assessment payments of a participating entity that is not an insured depository institution shall be debited from the designated account of the affiliated insured depository institution it selected for FDICconnect access under §370.5(g).

(2) Each participating entity shall ensure that funds in an amount at least equal to the amount of the assessment are available in the designated account for direct debit by the Corporation on the first business day after posting of the invoice on FDICconnect. A participating entity that is not an insured depository institution shall provide the
necessory funds for payment of its assessments.

(3) Failure to take all necessary action or to provide funding to allow the Corporation to debit assessments shall be deemed to constitute nonpayment of the assessment, and such failure by any participating entity will be subject to the penalties for failure to timely pay assessments as provided for at §308.132(c)(3)(v).

(4) For purposes of this paragraph (g) of this section, assessments shall include all applicable surcharges imposed pursuant to paragraph (h) of this section.

(h) Surcharges on Assessments. (1) For FDIC-guaranteed debt that has a time period to conversion (in the case of mandatory convertible debt) or a maturity of one year or more, that is issued on or after April 1, 2009 and on or before June 30, 2009, and that matures or converts on or before June 30, 2012, the assessment rate provided in the table in paragraph (d)(1) of this section shall be increased by:

(i) 10 basis points for such debt that is issued by a participating entity that is an insured depository institution, and

(ii) 20 basis points for such debt that is issued by any other participating entity.

(2) For FDIC-guaranteed debt that has a time period to conversion (in the case of mandatory convertible debt) or a maturity of one year or more, and that is either issued on or after April 1, 2009 with a maturity or conversion date after June 30, 2012, the assessment rate provided in the table in paragraph (d)(1) of this section shall be increased by:

(i) 25 basis points for such debt that is issued by a participating entity that is an insured depository institution, and

(ii) 50 basis points for such debt that is issued by any other participating entity.

(i) Assessment for Debt Issued under the Emergency Guarantee Facility. The amount of the assessment for FDIC-guaranteed debt issued pursuant to §370.3(k) of this part is equal to the amount of the debt times the term of the debt (or in the case of mandatory convertible debt, the time period to conversion) times an annualized assessment rate of 300 basis points, or such greater rate as the FDIC may determine in its decision approving such issuance.

§370.7 Assessment for the Transaction Account Guarantee Program.

(a) Waiver of assessment for certain initial periods. No eligible entity shall pay any assessment associated with the transaction account guarantee program for the period from October 14, 2008, through November 12, 2008. An eligible entity that opts out of the program on or before December 5, 2008 will not pay any assessment under the program.

(b) Initiation of assessments. Beginning on November 13, 2008 each eligible entity that does not opt out of the transaction account guarantee program on or before December 5, 2008 will be required to pay the FDIC assessments on all deposit amounts in noninterest-bearing transaction accounts calculated in accordance with paragraph (c) of this section.

(c) Amount of assessment. (1) Except as provided in paragraph (c)(2) of this section any eligible entity that does not opt out of the transaction account guarantee program shall pay quarterly an annualized 10 basis point assessment on any deposit amounts exceeding the existing deposit insurance limit of $250,000, as reported on its quarterly Consolidated Reports of Condition and Income, Thrift Financial Report, or Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks (each, a “Call Report”) in any noninterest-bearing transaction accounts (as defined in §370.2(h)), including any such amounts swept from a noninterest bearing transaction account into a noninterest bearing savings deposit account as provided in §370.4(c).

(2) Beginning on January 1, 2010, each participating entity that does not opt out of the transaction account guarantee program in accordance with §370.5(c)(2) shall pay quarterly a fee based upon its Risk Category rating.
§ 370.8 Systemic risk emergency special assessment to recover loss.

To the extent that the assessments provided under § 370.6 or § 370.7, other than the surcharges provided in § 370.6(h), are insufficient to cover any loss or expenses arising from the temporary liquidity guarantee program, the Corporation shall impose an emergency special assessment on insured depository institutions as provided under 12 U.S.C. 1823(c)(4)(G)(ii) of the FDI Act.

[74 FR 12085, Mar. 23, 2009]

§ 370.9 Recordkeeping requirements.

The FDIC will establish procedures, require reports, and require participating entities to provide and preserve any information needed for the operation and supervision of this program.

[74 FR 12085, Mar. 23, 2009]

§ 370.10 Oversight.

(a) Participating entities are subject to the FDIC’s oversight regarding compliance with the terms of the temporary liquidity guarantee program.

(b) A participating entity’s default in the payment of any debt may be considered an unsafe or unsound practice and may result in enforcement action as described in § 370.11.

(c) In general, with respect to a participating entity that is an insured depository institution, the FDIC shall consider the existence of conditions which rise to an obligation to pay on its guarantee as providing grounds for the appointment of the FDIC as conservator or receiver under Section 11(c)(5)(C) and (F) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(c)(5)(C) and (F).

(d) By issuing guaranteed debt, all participating entities agree, for the duration of the temporary liquidity guarantee program, to be subject to the FDIC’s authority to determine compliance with the provisions and requirements of the program.

§ 370.11 Enforcement mechanisms.

(a) Termination of Participation. If the FDIC, in its discretion, after consultation with the participating entity’s appropriate Federal banking agency, determines that the participating entity should no longer be permitted to continue to participate in the temporary liquidity guarantee program, the FDIC will inform the entity that it will no longer be provided the protections of the temporary liquidity guarantee program.

1. Termination of participation in the temporary liquidity guarantee program will solely have prospective effect. All previously issued guaranteed...
§ 370.12 Payment on the guarantee.

(a) Claims for Deposits in Noninterest-bearing Transaction Accounts. (1) In general. The FDIC will pay the guaranteed claims of depositors for funds in a non-interest-bearing transaction account in an insured depository institution that is a participating entity as soon as possible upon the failure of the entity. In such case, the FDIC shall not be liable for any prepayment penalty.

(2) Subrogation rights of FDIC. Upon payment of such claims, the FDIC will be subrogated to the claims of depositors in accordance with 12 U.S.C. 1821(g).

(3) Review of final determination. The final determination of the amount guaranteed shall be considered a final agency action of the FDIC reviewable in accordance with Chapter 7 of Title 5, United States Code.

(b) Payments on Guaranteed Debt of participating entities in default. —(1) In general. The FDIC's obligation to pay holders of FDIC-guaranteed debt issued by a participating entity shall arise upon the uncured failure of such entity to make a timely payment of principal or interest as required under the debt instrument (a “payment default”).

(2) Method of payment. Upon the occurrence of a payment default, the FDIC shall satisfy its guarantee obligation by making scheduled payments of principal and interest pursuant to the terms of the debt instrument through maturity, or in the case of mandatory convertible debt, through the mandatory conversion date (without regard to default or penalty provisions). Any principal payment on mandatory convertible debt shall be limited to amounts paid by holders under the issuance. The FDIC may in its discretion, at any time after the expiration of the guarantee period, elect to make a final payment of all outstanding principal and interest due under a guaranteed debt instrument whose maturity extends beyond that date. In such case, the FDIC shall not be liable for any prepayment penalty.

(3) Demand for payment; proofs of claim. —(i) Payment through authorized representative. Except as provided in paragraph (b)(3)(ii) of this section, a demand for payment on the guaranteed amount shall be made by a duly authorized representative of such debtholders.
if the issuer shall have elected to provide for one in the Master Agreement submitted pursuant §370.6(b). Such demand must be accompanied by a proof of claim, which shall include evidence, to the extent not previously provided in the Master Agreement, in form and content satisfactory to the FDIC, of: the representative’s financial and organizational capacity to act as representative; the representative’s exclusive authority to act on behalf each and every debtholder and its fiduciary responsibility to the debtholder when acting as such, as established by the terms of the debt instrument; the occurrence of a payment default; and the authority to make an assignment of each debtholder’s rights, title, and interest in the FDIC-guaranteed debt to the FDIC and to effect the transfer to the FDIC of each debtholder’s claim in any insolvency proceeding. This assignment shall include the right of the FDIC to receive any and all distributions on the debt from the proceeds of the receivership or bankruptcy estate. If any holder of the FDIC-guaranteed debt has received any distribution from the receivership or bankruptcy estate prior to the FDIC’s payment under the guarantee, the guaranteed amount paid by the FDIC shall be reduced by the amount the holder has received in the distribution from the receivership or bankruptcy estate. All such demands must be made within 60 days of the occurrence of the payment default upon which the demand is based. Upon receipt of a conforming proof of claim, if timely filed, the FDIC will make a payment of the amount guaranteed.

(iii) Any demand under this subsection shall be made in writing and directed to the Director, Division of Resolutions and Receiverships, Federal Deposit Insurance Corporation, Washington, D.C., and must include all supporting evidence as set forth in the previous subsections, and shall certify to the accuracy thereof.

(iv) Demand period. Failure of the holder of the FDIC-guaranteed debt or an authorized representative to make demand for payment within sixty (60) days of the occurrence of payment default will deprive the holder of the FDIC-guaranteed debt of all further rights and remedies with respect to the guarantee claim.

(4) Subrogation. Upon payment under either method under paragraph (b)(2) of this section, the FDIC will be subrogated to the rights of any debtholder against the issuer, including in respect of any insolvency proceeding, to the extent of the payments made under the guarantee.

(5) Release and satisfaction. Payment under paragraph (b)(2) of this section

§ 371.3 Form, availability and maintenance of records.

(a) Form and availability. The records required to be maintained by an insured depository institution for QFCs under this part—

(1) Except for records that must be maintained through electronic files under appendix A of this part, may be maintained in any form, including in an electronic file, provided that the records are updated at least daily;

(2) If the records are not maintained in written form, will be capable of being reproduced or printed in written form; and

(3) Will be made available upon written request by the FDIC immediately at the close of processing of the institution’s business day, for a period provided in that written request.

(b) Maintenance of records after the institution is no longer in a troubled condition. Insured depository institutions that are in a troubled condition as defined in § 371.2(f) shall continue to maintain the capacity to produce records required under this part on a daily basis for a period of one year after the date that the appropriate Federal banking agency notifies the institution that it is no longer in a troubled condition as defined in § 371.2(f).

(c) Maintenance of records after an acquisition of an institution that is in a troubled condition. If an insured depository institution that has been determined by the appropriate Federal banking agency to be in a troubled condition ceases to exist as an insured depository institution as a result of a merger or a similar transaction into an insured depository institution that is not in a troubled condition immediately following the acquisition, the obligation to maintain records under this part on a daily basis will terminate when the institution in a troubled condition ceases to exist as a separately insured depository institution.

For each QFC for which an insured depository institution is a party or is
subject to a master netting agreement involving the QFC, that institution must maintain records as listed under appendix A of this part.

§ 371.5 Enforcement actions.

Violating the terms or requirements of the recordkeeping requirements set forth in this part constitutes a violation of a regulation and subjects the participating entity to enforcement actions under Section 8 of the FDI Act (12 U.S.C. 1818).

APPENDIX A TO PART 371—FILE STRUCTURE FOR QUALIFIED FINANCIAL CONTRACT (QFC) RECORDS

QFC RECORDKEEPING REQUIREMENTS

A. Electronic Files To Be Maintained for QFCs

Any insured depository institution that is subject to this part ("institution") must produce and maintain, in an electronic file in a format acceptable to the FDIC, the position level data found in Table A1 for all open positions in QFCs entered into by that institution or for which the institution is subject. To fulfill this requirement, not later than three business days after the institution’s receipt of the written notification from the FDIC under §371.1(c) of this part, the institution must provide the FDIC with (i) a directory of the electronic files that will be used by the institution to maintain the position level data found in Table A1 and (ii) a point of contact at the institution should the FDIC have follow-up questions concerning this information. In addition, for such data, the institution must produce at the close of processing of the institution’s business day a report in a format acceptable to the FDIC that aggregates the current market value and the amount of QFCs by each of the fields in Table A1. The institution must produce the report within 60 days of a written notification by the FDIC for the period specified in the notification. Notwithstanding the above requirements, for institutions in a troubled condition with less than twenty open QFC positions upon receipt of the written notification from the FDIC or the institution’s appropriate Federal banking agency under part 371 and this appendix, the data required in Table A1 are not required to be recorded and maintained in electronic form as would otherwise be required by this part, so long as all required information is capable of being updated on a daily basis. If at any time after receiving such notification an institution has twenty or more open QFC positions at any point in time, it must within 60 days after that first occurs, comply with all provisions of part 371.

Violation of the provisions of part 403 may result in the imposition of administrative penalties, and civil and criminal penalties under applicable law. Executive Order 12356 prescribes a uniform system for classifying, declassifying, and safeguarding national security information. It recognizes that it is essential that the public be informed concerning the activities of the Government, but that the interests of the United States and its citizens require that certain information concerning the national defense and foreign relations be protected against unauthorized disclosure. the information, the source of the information, or both, are to be held in confidence; or
(ii) Information produced by the United States pursuant to or as a result of a joint arrangement with a foreign government or governments or an international organization of governments, or any element thereof, requiring that the information, the arrangement, or both, are to be held in confidence.

(4) National security means the national defense or foreign relations of the United States.

(5) Confidential source means any individual or organization that has provided, or that may reasonably be expected to provide, information to the United States on matters pertaining to the national security with the expectation, expressed or implied, that the information or relationship, or both, be held in confidence.

(6) Original classification means an initial determination that information requires, in the interest of national security, protection against unauthorized disclosure, together with a classification designation signifying the level of protection required.

§ 403.2 Responsibilities.

In the carrying out of security procedures, responsibility falls on all personnel generally and on certain personnel in a more particular manner.

(a) Individual. Each employee of the Bank having access to classified material has an individual responsibility to protect such information. Classified information should be secured in approved equipment or facilities whenever it is not under the direct control of the employee.

(b) Office and Division Heads. These officials have the additional responsibility of a continuing review for ascertaining that security procedures are properly observed by the personnel comprising their respective offices.

(c) Security Officer. (1) The Security Officer has the responsibility for developing, inspecting, and advising on procedures and controls for safeguarding classified material originating in, received by, in transit through, or in custody of the Bank; the training and orientation of employees; the carrying out of inspections; and the destruction of obsolete and non-record material.

(2) The Security Officer shall be responsible for disseminating written material and conducting oral briefings to inform Bank personnel of the Order, Directive, and regulations. An explanation of the practical application of these procedures and the underlying policy objectives thereof shall be emphasized.

(d) Security Committee. (1) This Committee consists of the General Counsel, as Chairperson, the Security Officer, and other Bank employees, as designated by the President and Chairman (hereinafter referred to as the Chairman) and is responsible for the implementation and enforcement of the Order and the Directive. This Committee will act on all matters with respect to the Bank’s administration of these regulations.

(2) All suggestions and complaints regarding the Bank’s Information Security Program, including those regarding over-classification, failure to declassify, or delay in declassifying, not otherwise provided for herein, shall be referred to the Security Committee for review.

(3) The Security Committee shall have responsibility for recommending to the Chairman appropriate administrative action to correct abuse or violation of these regulations or of any provision of the Order or Directive thereunder, including but not limited to notification by warning letter, formal suspension without pay, and removal. Upon receipt of such a recommendation, the Chairman shall make a decision and advise the Security Committee of this action.

§ 403.3 Classification principles and authority.

(a) Classification Principles. (1) Except as provided in the Atomic Energy Act of 1954, as amended, the Order provides the only basis for classifying national security information. Information held by the Bank will be made available to the public to the extent possible consistent with the need to protect the national defense or foreign relations, as required by the interests of the United
States and its citizens. Accordingly, security classification shall be applied only to protect the national security.

(2) Before a classification determination is made, each item of information that may require protection shall be identified exactly. This requires identification of that specific information, disclosure of which could affect the national security. When there is reasonable doubt about the need to classify, the information should be safeguarded as if it were confidential until a final determination is made by an authorized classifier as to its classification. The final determination must be made within thirty (30) days.

(b) Classification Designations. Information which requires protection against unauthorized disclosure in the interest of national security (classified information) shall be classified at one of the following three levels:

(1) TOP SECRET shall be applied only to information, the unauthorized disclosure of which reasonably could be expected to cause exceptionally grave damage to the national security.

(2) SECRET shall be applied only to information, the unauthorized disclosure of which reasonably could be expected to cause serious damage to the national security.

(3) CONFIDENTIAL shall be applied to information, the unauthorized disclosure of which reasonably could be expected to cause damage to the national security.

Except as provided by statute, no other terms, such as SENSITIVE, OFFICIAL BUSINESS ONLY, AGENCY, BUSINESS, ADMINISTRATIVELY, etc., shall be used within the Bank in conjunction with any of the three classification levels defined above.

(c) Original Classification Authority and Criteria. (1) The Bank’s authority to assign original classification to any document is limited as follows and is nondelegable:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Classifier</th>
</tr>
</thead>
<tbody>
<tr>
<td>CONFIDENTIAL</td>
<td>President and Chairman, First Vice President and Vice Chairman, General Counsel, Senior Vice Presidents, Security Officer.</td>
</tr>
</tbody>
</table>

(2) A determination to classify information shall be made by an original classification authority when the information concerns one or more of categories (i) through (x) of this paragraph, and when the unauthorized disclosure of the information, either by itself or in the context of other information, reasonably could be expected to cause damage to the national security. Information shall be considered for classification if it concerns:

(i) Military plans, weapons, or operations;

(ii) The vulnerabilities or capabilities of systems, installations, projects, or plans relating to the national security;

(iii) Foreign government information;

(iv) Intelligence activities (including special activities), or intelligence sources or methods;

(v) Foreign relations or foreign activities of the United States;

(vi) Scientific, technological, or economic matters relating to the national security;

(vii) United States Government programs for safeguarding nuclear materials or facilities;

(viii) Cryptology;

(ix) A confidential source; or

(x) Other categories of information that are related to the national security and that require protection against unauthorized disclosure as determined by the President of the United States, by the Chairman or by other officials who have been delegated original classification authority by the President. Recommendations concerning the need to designate additional categories of information that may be considered for classification shall be forwarded through the Security Officer to the Chairman for determination. Such a determination shall be reported to the Director of the Information Security Oversight Office.

(3) Information that is determined to concern one or more of the above categories shall be classified when an original classification authority also determines that its unauthorized disclosure, either by itself or in the context of other information, reasonably could be expected to cause damage to
the national security. Accordingly, certain information which would otherwise be unclassified may require classification when associated with other unclassified or classified information. Classification on this basis shall be supported by a written explanation that, at a minimum, shall be maintained with the file or reference on the recent copy of the information.

(4) Unauthorized disclosure of foreign government information, the identity of a confidential foreign source, or disclosure of intelligence sources or methods is presumed to cause damage to the national security.

(5) Information classified in accordance with the above classification categories shall not be declassified automatically as a result of any unofficial publication or inadvertent or unauthorized disclosure in the United States or abroad of identical or similar information.

(d) Duration of Original Classification. (1) Information shall be classified as long as required by national security considerations. When it can be determined, a specific date or event for declassification shall be set by the original classification authority at the time the information is originally classified. If the date or event for declassification cannot be determined at the time of classification, the standard notation “Originating Agency’s Determination Required”, or its abbreviation “OADR”, should be entered on the “Declassify on” line.

(2) Automatic declassification determinations under predecessor orders shall remain valid unless the classification is extended by an authorized declassification authority. These extensions may be by individual documents or categories of information, provided, however, that any extension of classification on other than an individual document basis shall be reported to the Director of the Information Security Oversight Office. The declassification authority shall be responsible for notifying holders of the information of such extensions.

(3) Information classified under predecessor orders and marked for declassification review shall remain classified until reviewed for declassification under the provisions of the Order.

(e) Marking and Identification. (1) Classified information must be marked, or otherwise identified, to inform and warn the holder of the information of its sensitivity. The classifier is responsible for ensuring that proper classification markings are applied. At the time of classification, the following information shall be shown on the face of all classified documents, or clearly associated with other forms of classified information in a manner appropriate to the medium involved, unless this information itself would reveal a confidential source or relationship not otherwise evident in the document or information:

(i) One of the three classification levels defined in §403.3(b); “(TS)” for Top Secret, “(S)” for Secret, “(C)” for Confidential, and “(U)” for Unclassified; with each page marked at top and bottom according to the highest level of classified information on each page.

(ii) The identity of the original classification authority if other than the person whose name appears as the approving or signing official;

(iii) The agency and office of origin; and

(iv) The date or event for declassification, or the notation “Originating Agency’s Determination Required”.

(2) Each classified document shall, by marking or other means, indicate which portions are classified, with the applicable classification level, and which portions are not classified. The Chairman may, for good cause, grant and revoke waivers of this requirement for specified classes of documents or information. The Director of the Information Security Oversight Office shall be notified of any waivers.

(3) Marking designations implementing the provisions of the Order, including abbreviations, shall conform to the standards prescribed in implementing directives issued by the Information Security Oversight Office. All authorized classifiers shall be issued a uniform stamp that has a “Classified by” line and a “Declassify on” line.

(4) Documents that contain foreign government information shall include either the marking, “FOREIGN GOVERNMENT INFORMATION”, or a marking that otherwise indicates that the information is foreign government
Export-Import Bank of the U.S. § 403.4

information. If that fact must be concealed, the document will be marked as if it were of U.S. origin. Foreign government information shall either retain its original classification or be assigned a United States classification that shall ensure a degree of protection at least equivalent to that required by the entity that furnished the information.

(5) Documents that contain information relating to intelligence sources or methods shall include the following marking unless prescribed by the Director of the Central Intelligence: WARNING NOTICE—INTELLIGENCE SOURCES OR METHODS INVOLVED.

(6) Information assigned a level of classification under predecessor orders shall be considered as classified at that level of classification despite the omission of other required markings. Omitted markings may be inserted on a document by the General Counsel or the Security Officer.

(f) Limitations on Classification.

(1) In no case shall information be classified in order to conceal violations of law, inefficiency, or administrative error; to prevent embarrassment to a person, organization, or agency; to restrain competition; or to prevent or delay the release of information that does not require protection in the interest of national security.

(2) Basic scientific research information not clearly related to the national security may not be classified.

(3) The Chairman or other authorized original classifiers may reclassify information previously declassified if it is determined in writing that—

(i) The information requires protection in the interest of national security, and

(ii) The information may reasonably be recovered.

In making such determination, the Chairman or any other authorized original classifier shall consider the following factors: the lapse of time following disclosure; the nature and extent of disclosure; the ability to bring the fact of reclassification to the attention of persons to whom the information was disclosed; the ability to prevent further disclosure; and the ability to retrieve the information voluntarily from persons not authorized access to its reclassified state. These reclassification actions shall be reported promptly to the Director of the Information Security Oversight Office.

(4) Information may be classified or reclassified after an agency has received a request for it under the Freedom of Information Act (5 U.S.C. 552) or the Privacy Act of 1974 (5 U.S.C. 552a), or the mandatory review provisions of the Order and these regulations, if such classification meets the requirements of the Order and is accomplished personally and on a document-by-document basis by the Chairman, the Vice Chairman, or the Security Officer.

§ 403.4 Derivative classification.

(a) Use of derivative classification. (1) Unlike original classification which is an initial determination, derivative classification is an incorporation, paraphrasing, restatement, or generation in new form of information that is already classified. Derivative classification is the responsibility of those who only reproduce, extract, or summarize classified information, or who only apply classification markings derived from source material or as directed by a classification guide. Original classification authority is not required for derivative classification.

(2) Persons who apply such derivative classification markings shall:

(i) Respect original classification decisions;

(ii) Verify the information’s current level of classification so far as practicable before applying the markings; and

(iii) Carry forward to any newly created documents the assigned dates or events for declassification or review. The latest date for declassification should be entered in the case of multiple source documents.

(b) New Material. (1) New material that derives its classification from information classified on or after the effective date of the Order, April 2, 1982, shall be marked with the declassification date or event, or the date for review, as assigned to the source information.
§ 403.5 Declassification and downgrading.

(a) Authority and policy for declassification and downgrading. Information that continues to meet the classification requirements prescribed in §403.3(c) despite the passage of time will continue to be safeguarded. However, information which is properly classified at the time it is developed may not necessarily require protection indefinitely. National security information over which the Bank exercises final classification jurisdiction shall be declassified or downgraded as soon as national security considerations permit. Information shall be declassified or downgraded by:

(1) The official who authorized the original classification, if that official is still serving in the same position, by a successor, or by a supervisory official of either; or

(2) Officials specifically delegated this authority in writing by the Chairman or by the Security Officer. A list of those who may be so delegated shall be maintained by the Security Officer.

(b) Declassification Procedure. Information marked with a specific declassification date or event shall be declassified on that date or upon occurrence of that event. The overall classification markings shall be lined through a statement placed on the cover or first page to indicate the declassification authority, by name and title, and the date of declassification. If practicable, the classification markings on each page shall be cancelled; otherwise, the statement on the cover or first page shall indicate that the declassification applies to the entire document.

(c) Notification to Holders. When classified information has been properly marked with specific dates or events for declassification it is not necessary to issue notices of declassification to any holders. However, when declassification action is taken earlier than originally scheduled, or the duration of classification is extended, the authority making such changes shall promptly notify all holders to whom the information was originally transmitted. This notification shall include the marking action to be taken, the authority for the change (name and title), and the effective date of the change. Upon receipt of notification, recipients shall make the proper changes and shall notify holders to whom they have transmitted the classified information.

(d) Downgrading. Information designated a particular level of classification may be assigned a lower classification level by the original classifier or by an official authorized to declassify the same information. Prompt notice of such downgrade shall be provided to known holders of the information. Classified information marked for automatic downgrading under previous Executive Orders shall be reviewed to determine that it no longer continues to meet classification requirements despite the passage of time.
(e) **Transferred Information.** Classified information transferred from one agency to another in conjunction with a transfer of functions, and not merely for storage purposes, shall be considered under the control of the receiving agency for purposes of downgrading and declassification, subject to consultation with any other agency that has an interest in the subject matter of the information. Prior to forwarding classified information to an approved storage facility of the Bank, to a Federal records center, or to the National Archives for permanent preservation, the information shall be reviewed for downgrading or declassification.

§ 403.6 Systematic review for declassification.

Classified information determined by the Archivist of the United States to be of sufficient value to warrant permanent retention will be subject to systematic declassification review by the Archivist in accordance with guidelines provided by the Bank, as originator of the information. These guidelines shall be developed by the Security Officer who is designated by the Bank to assist the Archivist in the review process. The guidelines shall be reviewed every five years or as requested by the Archivist of the United States.

§ 403.7 Mandatory review for declassification.

(a) Classified information under the jurisdiction of the Bank shall be reviewed for declassification upon receipt of a request by a United States citizen or permanent resident alien, a Federal agency, or a State or local government. A request for mandatory review of classified information shall be submitted in writing and describe the information with sufficient particularity to locate it with a reasonable amount of effort. Requests may be addressed to the:

General Counsel, Export-Import Bank of the U.S., 811 Vermont Avenue, NW., Washington, DC 20571

(b) The Bank’s response to mandatory review requests will be governed by the amount of search and review time required to process the request. The Bank will acknowledge receipt of all requests, and will inform the requester if additional time is needed to process the request. Except in unusual circumstances, the Bank will make a final determination within one year from the date of receipt of the request.

(c) When information cannot be declassified in its entirety, the Bank will make a reasonable effort to release, consistent with other applicable laws, those declassified portions that constitute a coherent segment.

(d) The bank shall determine whether information under the classification jurisdiction of the Bank or any reasonably segregable portion of it no longer requires protection. If so, the General Counsel shall promptly make such information available to the requester, and shall inform the requester of any fees due before releasing the document. If the information may not be released, in whole or in part, the General Counsel shall give the requester a brief statement of the reasons, and a notice, mailed with return receipt requested, of the right to appeal the determination within 60 days of the denial letter’s receipt.

(e) The agency that initially received or classified records containing foreign government information shall be responsible for making a declassification determination on review requests for classified records which contain such foreign government information. Such requests shall be referred to the appropriate agency for action.

(f) When the Bank receives a mandatory declassification review request for records in its possession that were originated by another agency, it shall forward the request to that agency. The Bank may request notification of the declassification determination.

(g) Information originated by a President, the White House staff, by committees, commissions, or boards appointed by the President, or other specifically providing advice and counsel to a President or acting on behalf of a President is exempted from the provisions of mandatory review for declassification, except as consistent with applicable laws that pertain to presidential papers or records.

(h) The bank shall process requests for declassification that are submitted under the provisions of the Freedom of Information Act, as amended, or the
Privacy Act of 1974, in accordance with the provisions of those acts. (See, 12 CFR part 404 and 12 CFR part 405, respectively.) In any case, however, exemptions under the Freedom of Information Act or other exemptions under applicable law may be invoked by the Bank to deny material on grounds other than classification.

(i) The Bank shall refuse to confirm or deny the existence or non-existence of requested information whenever the fact of its existence or non-existence is itself classifiable under the Order.

§ 403.8 Appeals.

(a) The Vice Chairman is designated to receive appeals on requests for declassification which have been denied by the Bank. Such appeals shall be addressed to:

First Vice President & Vice Chairman, Export-Import Bank of the United States, 811 Vermont Avenue NW., Washington, DC 20571

The appeal must be received within 60 days after receipt by appellant of the denial letter. Appeals shall be decided within 30 days of their receipt by the Vice Chairman.

(1) If the decision is to declassify the materials in their entirety, the Vice Chairman shall promptly make such information available to the requester, and inform the requester of any fees due before releasing the documents.

(2) If the decision is to deny declassification of a portion of the material, the Vice Chairman shall promptly make the part which was declassified available to the requester, and shall advise the requester, in writing, of the reasons for the partial denial of declassification.

(3) If the decision is to deny declassification of all the material, the Vice Chairman shall promptly advise the requester, in writing, of the reasons for such denial.

§ 403.9 Fees.

The following specific fees shall be applicable with respect to services rendered to members of the public under these regulations, by the Bank, except that the search fee will normally be waived when the search involves less than one-half hour of clerical time.

(a) Search for records, per hour or fraction thereof:

(i) Professional .................................. $11.00

(ii) Clerical ........................................ 6.00

(b) Computer service charges per second for actual use of computer central processing unit............... .25

(c) Copies made by photostat or otherwise (per page): maximum of 5 copies will be provided............... .10

(d) Certification of each record as a true copy ......................... 1.00

(e) Certification of each record as a true copy under official seal .......... 1.50

(f) Duplication of architectural photographs and drawings............. 2.00

Fees must be paid in full prior to issuance of requested copies. Remittances shall be in the form of a personal check or bank draft drawn on a bank in the United States, or postal money order. Remittances shall be made payable to the order of the Export-Import Bank of the United States, and mailed to:

General Counsel, Export-Import Bank of the United States, 811 Vermont Avenue NW., Washington, DC 20571

§ 403.10 Safeguarding.

(a) General Access Requirements. Except as provided in §403.10(c), access to classified information shall be granted in accordance with the following:

(1) Determination of Trustworthiness. No person shall be given access to classified information or material unless a favorable determination has been made as to his trustworthiness. The determination of eligibility, referred to as a security clearance, shall be based on such investigations as the Bank may require in accordance with the standards and criteria of applicable law and Executive orders.

(2) Determination of Need to Know. In addition to a security clearance, a person must have a need for access to the particular classified information or material sought in connection with the performance of official duties or contractual obligations. The determination of that need shall be made by officials having responsibility for the classified information or material.

(b) Classified Information Nondisclosure Agreement. All persons with authorized access to classified information shall be required to sign a nondisclosure agreement, Standard Form 189, as a
condition of access. This form shall be retained in the security file of the individual for 50 years.

(c) Access by Historical Researchers and Former Presidential Appointees. The Bank shall obtain written agreements from requesters to safeguard the information to which they are given access as permitted by the Order and written consent to the Bank’s review of their notes and manuscripts for the purpose of determining that no classified information is contained therein. A determination of trustworthiness is a precondition to a requester’s access. If the access requested by historical researchers and former Presidential Appointees requires the rendering of services for which fair and equitable fees may be charged pursuant to Title 5 of the Independent Offices Appropriations Act, 65 Stat. 290, 31 U.S.C. 483a (1976), the requester shall be so notified and the fees may be imposed.

(d) Media Contacts. All contacts by members of the media which concern classified information shall be directed to the attention of the Security Officer, Room 1031, Export-Import Bank of the United States, 811 Vermont Avenue NW., Washington, DC 20571.

(e) Dissemination. Except as otherwise provided by directives issued by the President through the National Security Council, classified information originating in another agency and in the possession of the Bank may not be disseminated outside the Bank without the consent of the originating agency.

(f) Accountability Procedures. Dissemination of various levels of classified information or material shall be within the control and responsibility of designated control officers. Particularly stringent controls shall be placed on information and material classified as TOP SECRET.

(i) TOP SECRET. Designated as TOP SECRET control officers are the Chairman, Vice Chairman and the Security Officer who alone have authority to receive TOP SECRET information for the Bank. Other personnel authorized in writing by the Chairman or Security Officer also may receive TOP SECRET information for the Bank. It shall be the responsibility of these individuals with respect to all TOP SECRET information:

(1) To receive the material for the Bank;
(2) To maintain registers which will reflect the routing of the material and the return thereof in a reasonable length of time for security storage;
(3) To dispatch and make record of material disseminated to authorize persons outside the Bank;
(4) To make a physical inventory of all material at least annually; and
(5) To maintain current access records.

(2) SECRET. Designated as SECRET control officers are the Security Officer and the Analysis, Records & Communications Manager, who have the responsibility with respect to all information classified in this category:

(i) To receive the material for the Bank;
(ii) To maintain registers which will reflect the routing of the material and the return thereof in a reasonable length of time for security storage;
(iii) To dispatch and make record of material disseminated to authorized persons outside the Bank;
(iv) To maintain current access records.

(3) CONFIDENTIAL. Designated as CONFIDENTIAL control officers are the Security Officer and the Analysis, Records & Communications Manager who have responsibility with respect to all information classified in this category:

(i) To review material for the Bank;
(ii) To route the material to proper Bank offices;
(iii) To dispatch and make record of material disseminated to authorized persons outside the Bank;
(iv) To maintain current access records.

(g) Storage. Classified information shall be stored only in facilities or under conditions adequate to prevent unauthorized persons from gaining access to it and in accordance with the Directive as well as General Services Administration standards and specifications. Reference may be made to 32 CFR 2001.41, 2001.43 for preliminary guidance regarding these standards and specifications.

(h) Coversheets. Department of State (DSC) classified incoming cables are to
be logged in and routed to the appropriate offices in double envelopes. When these cables are being used in various offices, classified coversheets must be used to protect the documents. This practice eliminates the possibility of inadvertently mixing classified with non-classified material, and promotes security awareness. Coversheets are obtainable from the Office of the Security Director.

(i) Transmittal. (1) To be transmitted outside the Bank, all classified documents must be sent through the Security Office and have attached EIB Form 71–2, approved by one of the following: the President and Chairman, First Vice President and Vice Chairman, a Senior Vice President, General Counsel, Vice President or Security Officer.

(2) Preparation and Receipting. Classified information shall be enclosed in opaque inner and outer covers before transmitting. The inner cover shall be a sealed wrapper or envelope plainly marked with the assigned classification and addresses of both sender and addressee. Transmittal documents shall indicate on their face the highest level of any information transmitted, and must clearly state whether or not the transmittal document itself is classified after removal of enclosures and attachments. The outer cover shall be sealed and addressed with no identification of the classification of its contents. A receipt shall be attached to or enclosed in the inner cover, except that CONFIDENTIAL information shall require a receipt only if the sender deems it necessary. The receipt shall identify the sender, addressee, and the document but shall contain no classified information. It shall be immediately signed by the recipient and returned to the sender. Any of these wrapping and receipting requirements may be waived by agency heads under conditions that will provide adequate protection and prevent access by unauthorized persons.

(3) Transmittal of CONFIDENTIAL information. CONFIDENTIAL information shall be transmitted within and between the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, and U.S. territories or possessions by one of the means established for higher classifications, or by United States Postal Service, certified first class, or express mail service, when prescribed by an agency head. Outside these areas, CONFIDENTIAL information shall be transmitted only as is authorized for higher classification levels.

(4) Transmittal of TOP SECRET and SECRET information shall be in accordance with the Directive. Reference may be made to 32 CFR 2001.44 for preliminary guidance.

(j) Destruction. Classified information no longer needed in working files or for record or reference purposes shall be processed for appropriate disposition in accordance with Chapters 21 and 33 of title 44 U.S.C., when govern disposition of Federal Records. All classified information approved for destruction must be torn and placed in containers designated as burnbags which are available through the Office Services Section of the Bank. Destruction of such information will be carried out by the Security Officer or a designee by use of a disintegrator or by burning. The method of destruction selected must preclude recognition or reconstruction of the classified information or material. Records of destruction will be maintained by the Security Office for TOP SECRET information and material with serialized markings or material for which there is a special need to record its destruction.

(k) Reproduction controls. (1) Reproduction of classified documents is prohibited, except by personnel authorized in writing by the Chairman or Security Officer.

(2) TOP SECRET documents may not be reproduced without the consent of the originating agency unless otherwise marked by the originating office.

(3) Reproduction of SECRET and CONFIDENTIAL documents may be restricted by the originating agency.

(4) Reproduced copies of classified documents are subject to the same accountability and controls as the original documents.

(5) Records shall be maintained by the Security Officer to show the number and distribution or reproduced copies of all TOP SECRET documents, of all documents covered by special access programs distributed outside the
Export-Import Bank of the U.S. § 403.11

originating agency, and all SECRET and all CONFIDENTIAL documents which are marked with special dissemination and reproduction limitations.

§ 403.11 Enforcement and investigation procedures.

(a) Loss or Possible Compromise. Any person who has knowledge of the loss or possible compromise of classified information shall immediately report the circumstances to the Security Officer of the Bank. In turn, the originating agency shall be notified about the loss or compromise in order that a damage assessment may be conducted and appropriate measures taken to negate or minimize any adverse effect, and prevent further such loss or compromise. An immediate inquiry shall be initiated by the Bank for the purposes: (1) Of determining cause and responsibility and (2) taking corrective measures and appropriate administrative, disciplinary, or legal action.

(b) Reporting and Investigating Unauthorized Disclosures. (1) Employees who have reason to believe that an unauthorized disclosure of classified information has occurred shall report the disclosure to their supervisor, who shall inform the Security Officer.

(2) The Bank shall promptly notify the Information Security Oversight Office at the General Services Administration, Washington, DC 20405, of all unauthorized disclosures of classified information.

(3) If the Bank believes that it is the source of an unauthorized disclosure of classified information that originated, it shall evaluate the disclosure under paragraph (b)(7) of this section. If the disclosure is serious, the Bank shall report the disclosure and the results of the evaluation to the Department of Justice together with notification that it is conducting an internal investigation.

(4) If the Bank believes that it is the source of an unauthorized disclosure of classified information that it handled but did not originate, it shall report the disclosure to the Department of Justice and to the originating agency(ies) or department(s) for evaluation under paragraph (b)(7) of this section. If the Bank cannot determine the identity of the originating agency(ies) or department(s), it shall report the disclosure to the Department of Justice together with any information or reasonable inferences as to the identity of the originating agency(ies) or department(s).

(5) If the Bank receives a request for an evaluation of information it originated, it shall, if the evaluation shows the disclosure was serious, inform the agency(ies) or department(s) from which the disclosure occurred of this conclusion and request that the agency(ies) or department(s) conduct an internal investigation.

(6) If the Bank determines that an unauthorized disclosure of classified information has occurred but that it neither originated, handled nor disclosed the information, it shall report the disclosure to the likely originating agency(ies) or department(s).

(7) In determining whether a disclosure is sufficiently serious to warrant reporting to the Department of Justice, the Bank, if it is the originating agency, shall ascertain the nature of the disclosed information, determine the extent to which it disseminated the information and evaluate the disclosure to determine whether it seriously damages its mission and responsibilities. In evaluating the damage caused by the disclosure, the Bank shall consider such matters as whether the disclosure jeopardizes an ongoing project, operation or source of information and to what extent the policy goals underlying the project or operation must be altered.

(8) In any instance where the Bank is determined to be the source of an unauthorized disclosure and an evaluation by the Bank or the originating agency(ies) or department(s) determines the disclosure to be of a serious nature, an internal investigation will be initiated and an investigation report, containing such information as may be required by the Department of Justice, will be submitted to the Department of Justice within 15 days after notification from the originating agency or Department of Justice, but in any case no later than 30 days. If the investigation report is not completed within 15 days, the Bank shall submit as much of the required information as is available at that time and furnish
additional information as it is developed.

(9) Whenever the Bank determines during the course of an investigation that it is necessary to compel or induce the cooperation of an employee, the Bank shall first consult with the Department of Justice. The Department of Justice will coordinate with the Bank to determine the procedures the Bank may use to compel an employee’s participation without foreclosing possible criminal proceedings.

(10) The Bank shall maintain records of all disclosures that have been reported or investigated.

(11) All employees shall cooperate fully with officials of the Bank or other agencies who are conducting investigations of unauthorized disclosures of classified information.

(12) Employees determined by the Bank to have knowingly participated in an unauthorized disclosure of classified information or who have refused to cooperate with an investigation of such a disclosure shall be denied further access to classified information and shall be subject to other appropriate administrative sanctions. Prior to taking action against an employee in connection with the unauthorized disclosure or classified information, the Bank shall consult with the Department of Justice, National Security Division.

§ 404.1 General provisions.

(a) Purpose. This subpart establishes policy, procedures, requirements, and responsibilities for administration of the Freedom of Information Act (FOIA), 5 U.S.C. 552, at the Export-Import Bank of the United States (Ex-Im Bank).

(b) Policy. It is Ex-Im Bank’s policy to honor all requests for the disclosure of its records, provided that disclosure would not adversely affect a legitimate public or private interest and would not impose an unreasonable burden on Ex-Im Bank. However, this subpart also recognizes that the soundness of many Ex-Im Bank programs depends upon the receipt of reliable commercial, technical, financial, and business information relating to applicants for Ex-Im Bank assistance and that receipt of such information depends on Ex-Im Bank’s ability to hold such information in confidence. Consequently, except as provided by applicable law and this regulation, information provided to Ex-Im Bank in confidence will not be disclosed without the submitter’s consent.

(c) Scope. All record requests made to Ex-Im Bank shall be processed under this subpart, except that information customarily furnished to the public in the regular course of the performance of official duties may continue to be furnished to the public without complying with this subpart. Requests made by individuals under the Privacy Act of 1974 which are processed under subpart B of this part also shall be processed under this subpart A.

(d) Ex-Im Bank Internet site. Ex-Im Bank maintains an Internet site at http://www.exim.gov. The site contains information on Ex-Im Bank functions, activities, programs, and transactions. Web site visitors have access to Board of Directors and Loan Committee meeting minutes, country information, and Ex-Im Bank press releases, among other information. Ex-Im Bank encourages all prospective FOIA requesters to visit the site prior to submission of a FOIA request.

(e) Delegation. Any action or determination in this subpart which is the responsibility of a specific Ex-Im Bank employee, may be delegated to a duly designated alternate.

(f) Ex-Im Bank address. The Export-Import Bank of the United States is located at 811 Vermont Avenue, NW, Washington, DC 20571.

§ 404.3 Public reference facilities.

Ex-Im Bank maintains a public reading room which contains the Ex-Im Bank records that the FOIA requires to be made available for public inspection and copying. The records available under this section include copies of records released pursuant to the FOIA that Ex-Im Bank determines have, or are likely to, become the subject of subsequent requests for substantially the same records. Requesters shall be responsible for the cost of duplicating such material in accordance with the provisions of § 404.9(e). Persons desiring to use the reading room should contact the Ex-Im Bank Freedom of Information and Privacy Office, either in writing at the address at § 404.1(f) or by telephone at (202) 565–3946 or (800) 565–3946, to arrange a time to inspect the available records.

§ 404.4 Request requirements.

(a) Form. Requests must be made in writing and must be signed by, or on behalf of, the requester. Requests should be addressed to the Freedom of Information and Privacy Office at the address in § 404.1(f) and should contain both the return address and telephone number of the requester.

(b) Description of records requested. Each request must describe the records sought in sufficient detail so as to enable a professional employee of Ex-Im Bank familiar with the subject matter of the request to locate the record with a reasonable amount of effort. A request shall not be deemed to have been received until such time as the request adequately identifies the records sought. To the extent practicable, a description should include relevant dates, format, subject matter, and the name of any person to whom the record is known to relate. A general request for records with no accompanying date restriction, either express or implied, shall be deemed to be a request for records created within the preceding twelve months.
(c) Fee statement. The request must contain a statement expressing willingness to pay fees for the requested records or a request for a fee waiver (see §404.10) before the request shall be deemed to have been received. A fee statement may specify the maximum amount a requester is willing to pay for processing the request.

(1) Whenever a requester submits a FOIA request that does not contain a fee statement or a request for a fee waiver, Ex-Im Bank shall advise the requester of the requirements of this paragraph. If the requester fails to respond within ten working days of such notification, then the Freedom of Information and Privacy Office shall notify the requester, in writing, that Ex-Im Bank will not process the request.

(2) A general statement by the requester expressing willingness to pay all applicable fees under §404.9 shall be deemed an agreement to pay up to $50.00. If Ex-Im Bank estimates that the fees for a request will exceed $50.00, then Ex-Im Bank shall offer the requester the opportunity to agree, in writing, either to pay a greater fee or to modify the request as a means of limiting the cost.

(d) Written notice of amendment. The requester should provide any amendment to the original request in writing to Ex-Im Bank.

(e) Requester assistance. Ex-Im Bank shall make reasonable efforts to assist a requester in complying with the requirements of this section.

§ 404.5 Time for processing.

(a) General. Ex-Im Bank shall respond to requests within twenty working days of the date of receipt of the request unless unusual circumstances exist. Ex-Im Bank shall provide written notice to the requester whenever such unusual circumstances necessitate an extension. If the extension is expected to exceed ten working days, then Ex-Im Bank shall offer the requester the opportunity to:

(1) Alter the request so that it may be processed within the time limit; or

(2) Propose an alternative, feasible time frame for processing the request.

(b) Date of receipt. A request shall be deemed to have been received on the date that the request is received in the Freedom of Information and Privacy Office, provided that the requester has met all the requirements of §404.4. Ex-Im Bank shall notify the requester of the date on which a request was officially received.

(c) Order of processing. Ex-Im Bank ordinarily shall process requests according to their order of receipt.

(d) Expedited processing. A request for expedited processing must be included in the original request for records and may be granted at the discretion of Ex-Im Bank based upon the requester's demonstration of:

(1) An imminent threat to the life or physical safety of an individual; or

(2) In the case of a requester who is a representative of the news media, an urgency to inform the public concerning actual or alleged Federal Government activity. Ex-Im Bank shall provide notice of its determination on expedited processing to the requester. A requester may file an administrative appeal, as set forth at §404.11, based on a denial of a request for expedited processing. Ex-Im Bank shall grant expeditious consideration to any such appeal.

§ 404.6 Release of records under the Freedom of Information Act.

(a) Creation of records. A reasonable request for material not in existence may be honored at Ex-Im Bank's discretion when tabulation or compilation will not significantly burden Ex-Im Bank, its programs or its activities.

(b) Discretionary release. Consistent with federal government policy, material technically qualifying for exemption from disclosure under 5 U.S.C. 552(b)(5) may be made available when disclosure would not adversely affect legitimate public or private interests, violate law or impose an unreasonable burden on Ex-Im Bank. This policy does not, however, create any right enforceable in a court of law.

(c) Segregable records. Whenever it is determined that a portion of a record is exempt from disclosure, any reasonably segregable portion of the record shall be provided to the requester after redaction of the exempt material. If segregation would render the document meaningless, Ex-Im Bank shall withhold the entire record.
§ 404.7 Confidential business information.

(a) Scope. This section applies to all business information, as defined in §404.2. Such information shall only be disclosed pursuant to a FOIA request in accordance with this section.

(b) Submitter designation. All business submitters should designate, by appropriate markings, either at the time of submission or at a reasonable time thereafter, any portion of any submission that they consider to be exempt from disclosure under 5 U.S.C. 552(b)(4).

(c) Pre-disclosure notice to the business submitter. Whenever Ex-Im Bank receives a FOIA request seeking disclosure of business information, Ex-Im Bank shall provide prompt written notice to the submitter of such information. This notice shall include a description or a copy of the records containing the business information. Such notice shall not be required, however, if:

(1) Ex-Im Bank determines that the records shall not be disclosed;

(2) The records have been published or otherwise made available to the public; or

(3) disclosure of the records is required by law.

(d) Opportunity to object to disclosure. The business submitter shall have ten working days from and including the date of the notification letter to provide Ex-Im Bank with a detailed statement of any objection to disclosure of the records. A submitter located outside the United States shall have twenty working days to object to disclosure. Ex-Im Bank may extend the time for objection upon timely request from the submitter and for good cause shown. A statement of objection must specify all grounds under the FOIA for withholding the information.

(e) Notice to the requester. The Freedom of Information and Privacy Office shall notify the requester in writing whenever a business submitter is afforded the opportunity to object to disclosure of records pursuant to paragraph (c) of this section.

(f) Disclosure of confidential business information. Ex-Im Bank shall consider any objections raised by the business submitter prior to making its disclosure decision.

(g) Notice of intent to disclose. Whenever Ex-Im Bank determines to disclose business information over the objection of a business submitter, Ex-Im Bank shall notify the business submitter, in writing, of such determination, the reasons for the decision, and the expected disclosure date. This notification—which shall be provided at least ten days prior to the planned disclosure date and which shall include a copy or description of the records at issue—is intended to afford the submitter the opportunity to seek judicial review.

(h) Notice to requester of disclosure date. If Ex-Im Bank determines to disclose records over a business submitter’s objection, then Ex-Im Bank shall notify the requester of the expected disclosure date.

(i) Appeal. Whenever Ex-Im Bank determines to disclose, pursuant to an administrative appeal, business information that initially was withheld from disclosure under 5 U.S.C. 552(b)(4), Ex-Im Bank shall notify the business submitter. Such notice shall be in writing and shall be provided ten working days prior to the proposed disclosure date. It shall include a copy or description of the records at issue and a statement of Ex-Im Bank’s reasons for disclosure.

(j) Notice of FOIA lawsuit. Ex-Im Bank shall promptly notify the submitter whenever a requester brings suit against Ex-Im Bank seeking to compel the release of business information covered by this section. Ex-Im Bank shall promptly notify the requester when a submitter brings suit against Ex-Im seeking to restrict the release of business information that is covered by this section.

(k) Exception. Notwithstanding the foregoing provisions of this part, Ex-Im Bank may, upon request or on its own initiative, publicly disclose the parties to transactions for which Ex-Im Bank approves support, the amount of such

§ 404.8 Initial determination.

(a) Authority to grant or deny requests. The Freedom of Information and Privacy Office shall be responsible for search, review, and the initial determination.

(b) Referrals to other government agencies. A requested record in Ex-Im Bank’s possession that was created or classified by another Federal agency shall be referred to such agency for direct response to the requester. The Freedom of Information and Privacy Office shall notify the requester of any such referral, the number of documents so referred, and the name and address of each agency to which the request has been referred.

(c) Notification of Ex-Im Bank action. The Freedom of Information and Privacy Office shall notify the requester in writing of its decision to grant or deny the request.

(1) If the decision is made to grant a request, then Ex-Im Bank shall promptly disclose the requested records and shall inform the requester of any fee payable under §404.9.

(2) A denial is a determination to withhold any requested record in whole or in part, a determination that a requested record does not exist or cannot be located or a determination that what has been requested is not a record subject to the FOIA. Whenever Ex-Im Bank withholds information, such notice shall include:

(i) The name, title, and signature of the person responsible for the determination;

(ii) The statutory basis for non-disclosure; and

(iii) A statement that any denial may be appealed under §404.11 and a brief description of the requirements of that section.

(d) Material withheld. Ex-Im Bank shall make reasonable efforts to inform the requester of the volume of material withheld pursuant to a full or partial denial and the extent of any redaction. Ex-Im Bank shall not, however, indicate the extent of any denial when doing so could harm an interest protected by an applicable exemption.

§ 404.9 Schedule of fees.

(a) Commercial use requesters. Ex-Im Bank shall charge fees to recover the full allowable direct costs it incurs in processing requests. Ex-Im Bank shall attempt to conduct searches in the most efficient manner to minimize costs for both Ex-Im Bank and the requester.

(b) Educational and non-commercial scientific institution requesters. Ex-Im Bank shall charge only for the cost of duplication in excess of 100 pages. No fee will be charged for search or review.

§ 404.10 Fee waivers or reductions.

(a) General. Upon request, Ex-Im Bank shall consider a discretionary fee waiver or reduction of the fees chargeable under §404.9.

(b) Form of request for fee waiver. Ex-Im Bank shall deny a request for a waiver or reduction of fees that does not clearly address each of the following:

1. The proposed use of the records and whether the requester will derive income or other benefit from such use;
2. An explanation of the reasons why the public will benefit from such use; and
3. If specialized use of the records is contemplated, a statement of the requester’s qualifications that are relevant to the specialized use.

(d) Burden of proof. In all cases, the requester has the burden of presenting sufficient evidence or information to justify the fee waiver or reduction. The requester may use the procedures set forth in §404.11 to appeal a denial of a fee waiver request.

(e) Employee requests. Fees of less than $50.00 shall be waived in connection with any request by an employee, former employee, or applicant for employment, related to a grievance or complaint of discrimination against Ex-Im Bank.

§ 404.11 Administrative appeal.

(a) General. Whenever a request for records, a fee waiver or expedited processing has been denied, the requester may appeal the denial within thirty days of the date of Ex-Im Bank’s issuance of notice of such action. Any denial under this subpart must be appealed according to this section before a requester is eligible to seek judicial review.

Both the envelope and the appeal letter should be clearly marked in capital letters: “PRIVACY ACT CORRECTION APPEAL.” Failure to properly mark or address the appeal may slow its processing. An appeal shall not be deemed to have been received by Ex-Im Bank until the Assistant General Counsel for Administration receives the appeal letter. The letter must include:

2. The name and title of the Ex-Im Bank employee who denied the request;

Upon receipt of a statement of disagreement under this section, the Freedom of Information and Privacy Office shall have the statement included in the system of records in which the disputed record is maintained and shall have the disputed record marked so as to indicate that a Statement of Disagreement has been filed. Ex-Im Bank may also append to the disputed record a written statement regarding Ex-Im Bank’s reasons for denying the request to correct the record.

(f) **Notices of correction or disagreement.** In any disclosure of a record for which Ex-Im Bank has received a statement of disagreement, Ex-Im Bank shall clearly note any portion of the record which is disputed and shall provide a copy of the statement of disagreement. Ex-Im Bank also may provide its own statement regarding the disputed record. In addition, whenever Ex-Im Bank corrects a record or receives a statement of disagreement, Ex-Im Bank shall, as is reasonable under the circumstances, advise any person or agency to which it previously disclosed such record of the correction or statement, provided that an accounting of such disclosure exists.

§ 404.19 **Request for accounting of record disclosures.**

(a) **Required information.** With respect to each system of records under Ex-Im Bank control, Ex-Im Bank shall maintain an accurate accounting of the date, nature, and purpose of each external disclosure of a record and the name and address of all persons, organizations, and agencies to which disclosure has been made. Ex-Im Bank shall retain this accounting for at least five years or the life of the record, whichever is longer.

It is often difficult to assess risks related to individuals and non-publicly traded entities. Therefore, when an individual or a non-publicly traded entity applies for participation in an Ex-Im Bank program or is proposed as a guarantor for an Ex-Im Bank transaction, Ex-Im Bank may request social security and/or U.S. passport numbers from such individual or from the principals of such entity. Ex-Im Bank shall not require submission of this information, and unwillingness or inability to provide a social security or passport number shall not affect Ex-Im Bank’s decision on an application for Ex-Im Bank assistance.

§ 404.29 Restrictions on testimony and production of records.

Ex-Im Bank personnel may not provide testimony and/or produce records regarding information acquired in the course of their performance of official duties, or due to their official status, in connection with any legal proceeding to which this subpart applies, without authorization by the General Counsel. In determining whether to authorize Ex-Im Bank personnel to provide testimony and/or produce records regarding information acquired in the course of their performance of official duties, or due to their official status, the General Counsel may consider factors including, but not limited to, the following:

(b) Undue burden—whether the demand creates an undue burden upon Ex-Im Bank or is otherwise inappropriate under any applicable administrative or court rules;

Ex-Im Bank personnel receiving a demand to provide testimony and/or produce records regarding information acquired in the course of their performance of official duties, or due to their official status, and who have not received written authorization from the General Counsel to provide such information, shall:

(b) Request the opportunity to consult with the General Counsel;

(c) Explain that only upon consultation may they be granted approval to provide such testimony;

(d) Explain that providing such testimony or records absent approval may subject the individual to criminal liability under 18 U.S.C. 641, as well as other applicable laws, and other disciplinary action; and

(e) Request a stay of the request or demand pending a determination by the General Counsel.

§ 404.32 Procedure in the event a decision concerning a demand is not made prior to the time a response to the demand is required.

If response to a demand is required before a determination has been rendered by the General Counsel, the U.S. Attorney or such other attorney as may be designated for the purpose will appear with the Ex-Im Bank personnel upon whom the demand has been made, and will furnish the court or other authority with a copy of the regulations contained in this subpart and inform the court or other authority that the demand has been or is being, as the case may be, referred for prompt consideration of the General Counsel. The court or other authority shall be requested respectfully to stay the demand pending determination by the General Counsel.

§ 404.33 Procedure in the event of an adverse ruling.

If the court or other authority declines to stay the effect of the demand in response to a request made in accordance with § 404.32 pending a determination by the General Counsel, or if the court or other authority rules that the demand must be complied with irrespective of the instructions from the General Counsel not to produce the material or disclose the information sought, the Ex-Im Bank personnel upon whom the demand has been made shall respectfully decline to comply with the demand (United States ex rel. Touhy v. Ragen, 340 U.S. 462).
§ 404.34. Procedure for demands for testimony or production of documents regarding confidential information.

In addition to compliance with the requirements of this subpart, demands to provide testimony and/or produce records that concern information protected by the Privacy Act, 5 U.S.C. 552a, or any other authority mandating confidentiality of certain classes of records or information, must also satisfy the requirements for disclosure imposed by such authority before records may be produced or testimony given.

§ 404.35. Procedures for requests for Ex-Im Bank employees to provide expert or opinion testimony.

No Ex-Im Bank personnel may, unless specifically authorized by the General Counsel, testify in any legal proceeding as an expert or opinion witness as to any matter related to his or her duties or the functions of the Ex-Im Bank, including the meaning of Ex-Im Bank documents. Any demand for expert or opinion testimony shall comply with the policies and procedures outlined in this subpart.

§ 404.36. No private right of action.

PART 408—PROCEDURES FOR COMPLIANCE WITH THE NATIONAL ENVIRONMENTAL POLICY ACT

Subpart A—General

§ 408.1 Background.

(a) The National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 et seq.) establishes national policies and goals for the protection of the environment. Section 102(2) of NEPA contains certain procedural requirements directed toward the attainment of such goals. In particular, all Federal agencies are required to give appropriate consideration to the environmental effects of their proposed actions in their decision-making and to prepare detailed environmental statements on recommendations or reports on proposals for legislation and other major Federal Actions significantly affecting the quality of the human environment.

(b) Executive Order 11991 of May 24, 1977, directed the Council on Environmental Quality (CEQ) to issue regulations to implement the procedural provisions of NEPA (NEPA Regulations). Accordingly, CEQ issued final NEPA Regulations which are binding on all Federal agencies as of July 30, 1979 (40 CFR parts 1500 through 1508) on November 29, 1979. These Regulations provide that each Federal agency shall as necessary adopt implementing procedures to supplement the NEPA Regulations. Section 1507.3(b) of the NEPA Regulations identifies those sections of the NEPA Regulations which must be addressed in agency procedures.

§ 408.2 Purpose.

The purpose of this part is to establish procedures which supplement the NEPA Regulations and provide for the implementation of those provisions identified in § 1507.3(b) of the NEPA Regulations.

§ 408.3 Applicability.

Historically, virtually all financing provided by Eximbank has been in aid of U.S. exports which involve no effects on the quality of the environment within the United States, its territories or possessions. Eximbank has separate procedures for conducting environmental reviews where such reviews are required by E.O. 12114 (January 4, 1979) because of potential effects on the environment of global commons areas or on the environment of foreign
nations. The procedures set forth in this part apply to the relatively rare cases where Eximbank financing of U.S. exports may affect environmental quality in the United States, its territories or possessions.

Subpart B—Eximbank Implementing Procedures

§ 408.4 Early involvement in foreign activities for which Eximbank financing may be requested.

(a) Section 1501.2(d) of the NEPA Regulations requires agencies to provide for early involvement in actions which, while planned by private applicants or other non-Federal entities, require some form of Federal approval. Pursuant to the Export-Import Bank Act of 1945, as amended, Eximbank is asked to provide financing for transactions involving exports of U.S. goods and services for projects in foreign countries which are planned by non-U.S. entities (Transactions).

(b) To implement the requirements of § 1501.2(d) with respect to these Transactions, Eximbank:

(1) Will provide on a project-by-project basis to applicant seeking financing from Eximbank guidance as to the scope and level of environmental information to be used in evaluating a proposed Transaction where: (i) The proposed Eximbank financing would be a major action and (ii) a Transaction may significantly affect the quality of the human environment in the United States, its territories or possessions.

(2) Upon receipt of an application for Eximbank financing or notification that an application will be filed, will consult as required with other appropriate parties to initiate and coordinate the necessary environmental analyses.

These responsibilities will be performed by the General Counsel and the Engineers of Eximbank.

(c) To facilitate Eximbank review of Transactions for which positive determinations have been made under paragraphs (b)(1)(i) and (ii) of this section, applicants should:

(1) Consult with the Engineer as early as possible in the planning process for guidance on the scope and level of environmental information required to be submitted in support of their application;

(2) Conduct any studies which are deemed necessary and appropriate by Eximbank to determine the impact of the proposed action on the quality of the human environment;

(3) Consult with appropriate U.S. (Federal, regional, State and local) agencies and other potentially interested parties during preliminary planning stages to ensure that all environmental factors are identified;

(4) Submit applications for all U.S. (Federal, regional, State and local) approvals as early as possible in the planning process;

(5) Notify Eximbank as early as possible of all other applicable legal requirements for project completion so that all applicable Federal environmental reviews may be coordinated; and

(6) Notify Eximbank of all known parties potentially affected by or interested in the proposed action.

§ 408.5 Ensuring environmental documents are actually considered in Agency decision-making.

Section 1505.1 of the NEPA Regulations contains requirements to ensure adequate consideration of environmental documents in agency decision-making. To implement these requirements, Eximbank officials will:

(a) Consider all relevant environmental documents in evaluating applications for Eximbank financing;

(b) Ensure that all relevant environmental documents, comments and responses accompany the application through Eximbank's review processes;

(c) Consider only those alternatives encompassed by the range of alternatives discussed in the relevant environmental documents when evaluating an application which is the subject of an EIS.
§ 408.6 Typical classes of action.

(a) Section 1507.3(c)(2) of the NEPA Regulations in conjunction with § 1508.4 thereof requires agencies to establish three typical classes of action for similar treatment under NEPA. These typical classes of action are set forth below:

<table>
<thead>
<tr>
<th>Actions normally requiring EIS’s</th>
<th>Actions normally requiring assessments but not necessarily EIS’s</th>
<th>Actions normally not requiring assessments or EIS’s</th>
</tr>
</thead>
<tbody>
<tr>
<td>Applications for Eximbank financing under the direct lending program in support of transactions for which determinations under § 408.4(b)(1) (i) and (ii) above may be affirmative.</td>
<td>Applications for Eximbank financing in the form of insurance or guarantees.</td>
<td></td>
</tr>
</tbody>
</table>

(b) Eximbank will independently determine whether an EIS or an environmental assessment is required where:

1. A proposal for agency action is not covered by one of the typical classes of action above; or
2. For actions which are covered, the presence of extraordinary circumstances indicates that some other level of environmental review may be appropriate.

§ 408.7 Environmental information.

Interested persons may contact the General Counsel regarding Eximbank’s compliance with NEPA.

PART 410—ENFORCEMENT OF NONDISCRIMINATION ON THE BASIS OF HANDICAP IN PROGRAMS OR ACTIVITIES CONDUCTED BY EXPORT-IMPORT BANK OF THE UNITED STATES

§ 410.101 Purpose.

This part effectuates section 119 of the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978, which amended section 504 of the Rehabilitation Act of 1973 to prohibit discrimination on the basis of handicap in programs or activities conducted by Executive agencies or the United States Postal Service.

Complaints filed on behalf of classes or third parties shall describe or identify (by name, if possible) the alleged victims of discrimination.

Handicapped person means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.

As used in this definition, the phrase:

(i) Physical or mental impairment includes—

(ii) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one of more of the following body systems: Neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or

(ii) Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term physical or mental impairment includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and drug addiction and alcoholism.

(2) Major life activities includes functions such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(3) Has a record of such an impairment means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) Is regarded as having an impairment means—

(i) Has a physical or mental impairment that does not substantially limit major life activities but is treated by the agency as constituting such a limitation;

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

(iii) Has none of the impairments defined in paragraph (1) of this definition but is treated by the agency as having such an impairment.

Qualified handicapped person means—

(1) With respect to any agency program or activity under which a person is required to perform services or to achieve a level of accomplishment, a handicapped person who meets the essential eligibility requirements and who can achieve the purpose of the program or activity without modifications in the program or activity that the agency can demonstrate would result in a fundamental alteration in its nature; or
§§ 410.104–410.109

(2) With respect to any other program or activity, a handicapped person who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity.

(3) Qualified handicapped person is defined for purposes of employment in 29 CFR 1613.702(f), which is made applicable to this part by § 410.140.

§§ 410.110–410.129 [Reserved]

§ 410.130 General prohibitions against discrimination.

(a) No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified handicapped person the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified handicapped person an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.
§ 410.150 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by handicapped persons; or

(2) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §410.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or
such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) Methods. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by June 6, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by April 7, 1989, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by October 7, 1986, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency’s facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

[51 FR 4575, 4579, Feb. 5, 1986; 51 FR 7543, Mar. 5, 1986]

§ 410.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151 through 4157), as established in 41 CFR 101–19.600 to 101–19.607, apply to buildings covered by this section.

§§ 410.152–410.159 [Reserved]

§ 410.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for...
personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD’s) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §410.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§410.161–410.169 [Reserved]

§410.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) General Counsel, Export-Import Bank of the United States shall be responsible for coordinating implementation of this section. Complaints may be sent to General Counsel, Export-Import Bank of the United States, 811 Vermont Avenue, NW., Room 947, Washington, DC 20571.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found;

(3) A notice of the right to appeal.
(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §410.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

§ 411.105 Definitions.

For purposes of this part:

(a) **Agency**, as defined in 5 U.S.C. 552(f), includes Federal executive departments and agencies as well as independent regulatory commissions and Government corporations, as defined in 31 U.S.C. 9101(1).

(b) **Covered Federal action** means any of the following Federal actions:

1. The awarding of any Federal contract;
2. The making of any Federal grant;
3. The making of any Federal loan;
4. The entering into of any cooperative agreement; and,
5. The extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

Covered Federal action does not include receiving from an agency a commitment providing for the United States to insure or guarantee a loan. Loan guarantees and loan insurance are addressed independently within this part.

(c) **Federal contract** means an acquisition contract awarded by an agency, including those subject to the Federal Acquisition Regulation (FAR), and any other acquisition contract for real or personal property or services not subject to the FAR.

(d) **Federal cooperative agreement** means a cooperative agreement entered into by an agency.

(e) **Federal grant** means an award of financial assistance in the form of money, or property in lieu of money, by the Federal Government or a direct appropriation made by law to any person. The term does not include technical assistance which provides services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, loan insurance, interest subsidies, insurance, or direct United States cash assistance to an individual.

(f) **Federal loan** means a loan made by an agency. The term does not include loan guarantee or loan insurance.

(g) **Indian tribe and tribal organization** have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450B). Alaskan Natives are included under the definitions of Indian tribes in that Act.

(h) **Influencing or attempting to influence** means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

(i) **Loan guarantee** and **loan insurance** means an agency’s guarantee or insurance of a loan made by a person.

(j) **Local government** means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

(k) **Officer or employee of an agency** includes the following individuals who are employed by an agency:
§411.110 Certification and disclosure.

(a) Each person shall file a certification, and a disclosure form, if required, with each submission that initiates agency consideration of such person for:

(1) Award of a Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) An award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

(b) Each person shall file a certification, and a disclosure form, if required, upon receipt by such person of:

(1) A Federal contract, grant, or cooperative agreement exceeding $100,000; or

(2) A Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding $150,000.

Unless such person previously filed a certification and a disclosure form, if required, under paragraph (a) of this section.

(c) Each person shall file a disclosure form at the end of each calendar quarter in which there occurs any event that requires disclosure or that materially affects the accuracy of the information contained in any disclosure form previously filed by such person for at least 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract, grant, loan, cooperative agreement, loan insurance commitment, or loan guarantee commitment. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.
under paragraph (a) or (b) of this section. An event that materially affects the accuracy of the information reported includes:

(1) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or

(2) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or,

(3) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(2) A subgrant, contract, or subcontract exceeding $100,000 at any tier under a Federal grant;

(3) A contract or subcontract exceeding $100,000 at any tier under a Federal loan exceeding $150,000; or,

(4) A contract or subcontract exceeding $100,000 at any tier under a Federal cooperative agreement,

Shall file a certification, and a disclosure form, if required, to the next tier above.

(e) All disclosure forms, but not certifications, shall be forwarded from tier to tier until received by the person referred to in paragraph (a) or (b) of this section. That person shall forward all disclosure forms to the agency.

(f) Any certification or disclosure form filed under paragraph (e) of this section shall be treated as a material representation of fact upon which all receiving tiers shall rely. All liability arising from an erroneous representation shall be borne solely by the tier filing that representation and shall not be shared by any tier to which the erroneous representation is forwarded. Submitting an erroneous certification or disclosure constitutes a failure to file the required certification or disclosure, respectively. If a person fails to file a required certification or disclosure, the United States may pursue all available remedies, including those authorized by section 1352, title 31, U.S. Code.

(g) For awards and commitments in process prior to December 23, 1989, but not made before that date, certifications shall be required at award or commitment, covering activities occurring between December 23, 1989, and the date of award or commitment. However, for awards and commitments in process prior to the December 23, 1989 effective date of these provisions, but not made before December 23, 1989, disclosure forms shall not be required at time of award or commitment but shall be filed within 30 days.

(h) No reporting is required for an activity paid for with appropriated funds if that activity is allowable under either subpart B or C.

Subpart B—Activities by Own Employees

§411.200 Agency and legislative liaison.

(a) The prohibition on the use of appropriated funds, in §411.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.

(b) For purposes of paragraph (a) of this section, providing any information specifically requested by an agency or Congress is allowable at any time.

(c) For purposes of paragraph (a) of this section, the following agency and legislative liaison activities are allowable at any time only where they are not related to a specific solicitation for any covered Federal action:

(1) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person’s products or services, conditions or terms of sale, and service capabilities; and,

(2) Technical discussions and other activities regarding the application or adaptation of the person’s products or services for an agency’s use.

(d) For purposes of paragraph (a) of this section, the following agencies and
legislative liaison activities are allowable only where they are prior to formal solicitation of any covered Federal action:

1. Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;
2. Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and,
3. Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95–507 and other subsequent amendments.

(e) Only those activities expressly authorized by this section are allowable under this section.

§ 411.205 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § 411.100 (a), does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement or an extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) For purposes of paragraph (a) of this section, professional and technical services shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(c) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(d) Only those services expressly authorized by this section are allowable under this section.

§ 411.210 Reporting.

No reporting is required with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

Subpart C—Activities by Other Than Own Employees

§ 411.300 Professional and technical services.

(a) The prohibition on the use of appropriated funds, in § 411.100 (a), does not apply in the case of any reasonable
payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal contract, grant, loan, or cooperative agreement or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal contract, grant, loan, or cooperative agreement.

(b) The reporting requirements in §411.110 (a) and (b) regarding filing a disclosure form by each person, if required, shall not apply with respect to professional or technical services rendered directly in the preparation, submission, or negotiation of any commitment providing for the United States to insure or guarantee a loan.

(c) For purposes of paragraph (a) of this section, professional and technical services shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting or a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(d) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(e) Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(f) Only those services expressly authorized by this section are allowable under this section.

Subpart D—Penalties and Enforcement

§ 411.400 Penalties.

(a) Any person who makes an expenditure prohibited herein shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such expenditure.

(b) Any person who fails to file or amend the disclosure form (see appendix B) to be filed or amended if required herein, shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The evaluation may include any recommended changes that may be necessary to strengthen or improve the requirements.

(b) In the case of an agency that does not have an Inspector General, the agency official comparable to an Inspector General shall prepare and submit the annual report, or, if there is no such comparable official, the head of the agency shall prepare and submit the annual report.

412.11 Payment guidelines.

SOURCE: 59 FR 31136, June 17, 1994, unless otherwise noted.

§ 412.1 Authority.

§ 412.3 General.

(a) Applicability. This part applies to acceptance by the Export-Import Bank of the United States (Eximbank) of payment from a non-Federal source for travel, subsistence, and related expenses with respect to the attendance of an employee in a travel status at any meeting or similar event relating to the official duties of the employee, other than those described in 41 CFR 304–1.2. This part does not authorize acceptance of such payments by an employee in his/her personal capacity.

(b) Solicitation prohibited. An employee shall not solicit payment for travel, subsistence and related expenses from a non-Federal source. However, after receipt of an invitation from a non-Federal source to attend a meeting or similar event, Eximbank or the employee may inform the non-Federal source of this authority.

(c) Definitions. As used in this part, the following definitions apply:

(1) Conflicting non-Federal source. Conflicting non-Federal source means any person who, or entity other than the Government of the United States which, has interests that may be substantially affected by the performance or nonperformance of the employee’s duties.

(2) Employee. Employee means any director, officer or other employee of Eximbank.

(3) Meeting or similar event. Meeting or similar event means a meeting, formal gathering, site visit, negotiation session or similar event that takes place away from the employee’s official station and which is directly related to the mission of Eximbank. This term does not include any meeting or similar function described in 41 CFR 304–1.2 or sponsored by Eximbank. A meeting or similar event need not be widely attended for purposes of this definition.

(4) Non-Federal source. Non-Federal source means any person or entity other than the Government of the United States. The term includes any individual, private or commercial entity, nonprofit organization or association, state, local, or foreign government, or international or multinational organization.

(5) Payment. Payment means funds paid or reimbursed to Eximbank by a non-Federal source for travel, subsistence, and related expenses by check or similar instrument, or payment in kind.

(6) Payment in kind. Payment in kind means goods, services or other benefits provided by a non-Federal source for travel, subsistence, and related expenses in lieu of funds paid to Eximbank by check or similar instrument for the same purpose.

(7) Travel, subsistence and related expenses. Travel, subsistence and related expenses means the same types of expenses payable under 41 CFR chapter 301.

§ 412.5 Policy.

As provided in this part, Eximbank may accept payment from a non-Federal source (or authorize an employee to receive such payment on its behalf) with respect to attendance of the employee at a meeting or similar event which the employee has been authorized to attend in an official capacity on behalf of Eximbank. The employee’s immediate supervisor and Eximbank’s designated agency ethics official or his/her designee (DAEO) must approve any offer and acceptance of payment under this part in accordance with the procedures described below. If the employee is a member of Eximbank’s Board of Directors, only the DAEO’s approval is required. Any employee authorized to
§ 412.7 Conditions for acceptance.

(a) Eximbank may accept payment for employee travel from a non-Federal source when a written authorization to accept payment is issued in advance of the travel following a determination by the employee’s supervisor (except in the case of Board members) and the DAEO that the payment is:

(1) For travel relating to an employee’s official duties under an official travel authorization issued to the employee;

(2) For attendance at a meeting or similar event as defined in §412.3(c)(3):
   (i) In which the employee’s participation is necessary in order to further the mission of Eximbank;
   (ii) Which cannot be held at the offices of Eximbank for justifiable business reasons in light of the location and number of participants and the purpose of the meeting or similar event; and
   (iii) Which is taking place at a location and for a period of time that is appropriate for the purpose of the meeting or similar event;

(3) From a non-Federal source that is not a conflicting non-Federal source or from a conflicting non-Federal source that has been approved under §412.9; and

(4) In an amount which does not exceed the maximum per diem or actual subsistence expense rates and transportation class of service limitations prescribed in 41 CFR chapter 301.

(b) An employee requesting approval of payment of travel expenses by a non-Federal source under this part shall submit to the employee’s supervisor (except in the case of Board members) and the DAEO a written description of the following: the nature of the meeting or similar event and the reason that it cannot be held at Eximbank, the date(s) and location of the meeting or similar event, the identities of all participants in the meeting or similar event, the name of the non-Federal source offering to make the payment, the amount and method of the proposed payment, and the nature of the expenses.

(c) Payments may be accepted from multiple sources under paragraph (a) of this section.

§ 412.9 Conflict of interest analysis.

Eximbank may accept payment from a conflicting non-Federal source if the conditions of §412.7 are met and the employee’s supervisor (except in the case of Board members) and the DAEO determine that Eximbank’s interest in the employee’s attendance at or participation in the meeting or similar event outweighs concern that acceptance of the payment by Eximbank may cause a reasonable person to question the integrity of Eximbank’s programs and operations. In determining whether to accept payment, Eximbank shall consider all relevant factors, including the purpose of the meeting or similar event, the importance of the travel for Eximbank, the nature and sensitivity of any pending matter affecting the interests of the conflicting non-Federal source, the significance of the employee’s role in any such matter, the identity of other expected participants, and the location and duration of the meeting or similar event.

§ 412.11 Payment guidelines.

(a) Payments from a non-Federal source, other than payments in kind, shall be by check or similar instrument made payable to Eximbank. Payments from a non-Federal source, including payments in kind, are subject to the maximum per diem or actual subsistence expense rates and transportation class of service limitations prescribed in 41 CFR chapter 301.

(b) If Eximbank determines in advance of the travel that a payment covers some but not all of the per diem costs to be incurred by the employee, Eximbank shall authorize a reduced per diem rate, in accordance with 41 CFR part 301–7.12.

§ 412.13 Limitations and penalties.

(a) This part is in addition to and not in place of any other authority under which Eximbank may accept payment from a non-Federal source or authorize an employee to accept such payment on behalf of Eximbank. This part shall
not be applied in connection with the acceptance by Eximbank of payment for travel, subsistence, and related expenses incurred by an employee to attend a meeting or similar function described in and authorized by 41 CFR part 304–1.

(b) An employee who accepts any payment in violation of this part is subject to the following:

(1) The employee may be required, in addition to any penalty provided by law and applicable regulations, to repay for deposit to the general fund of the Treasury, an amount equal to the amount of the payment so accepted; and

(2) When repayment is required under paragraph (b)(1) of this section, the employee shall not be entitled to any payment or reimbursement from Eximbank for such expenses.

PART 414—CONFERENCE AND OTHER FEES

§ 414.1 Collection of conference and other fees.

Ex-Im Bank may impose and collect reasonable fees to cover the costs of conferences and seminars sponsored by, and publications provided by Ex-Im Bank. Amounts received under the preceding sentence shall be credited to the fund which initially paid for such activities and shall be offset against the expenses of Ex-Im Bank for such activities.
