(a) General. The OTS examines savings associations pursuant to authority conferred by 12 U.S.C. 1463 and the requirements of 12 U.S.C. 1820(d). The OTS is required to conduct a full-scope, on-site examination of every savings association at least once during each 12-month period.

(b) 18-month rule for certain small institutions. The OTS may conduct a full-scope, on-site examination of a savings association at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the following conditions are satisfied:

1. The savings association has total assets of less than $500 million;
2. The savings association is well capitalized as defined in §565.4 of this chapter;
3. At its most recent examination, the OTS—
   (i) Assigned the savings association a rating of 1 or 2 for management as part of the savings association’s composite rating under the Uniform Financial Institutions Rating System (commonly referred to as CAMELS), and
   (ii) Determined that the savings association was in outstanding or good condition, that is, it received a composite rating, as defined in §516.5(c) of this chapter, of 1 or 2;
4. The savings association currently is not subject to a formal enforcement proceeding or order by the OTS or the FDIC; and
5. No person acquired control of the savings association during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.

(c) Authority to conduct more frequent examinations. This section does not limit the authority of the OTS to examine any savings association as frequently as the agency deems necessary.

(2) If you are a state-chartered savings association, you may engage in a transaction involving a financial derivative if your charter or applicable State law authorizes you to engage in such transactions, the transaction is safe and sound, and you otherwise meet the requirements in this section.

Your board of directors should review Thrift Bulletin 13a, “Management of Interest Rate Risk, Investment Securities, and Derivatives Activities,” and other applicable agency guidance on establishing a sound risk management program.

(3) Your board of directors must periodically review:
   (i) Compliance with the policies and procedures established under paragraph (c)(2) of this section; and
   (ii) The adequacy of these policies and procedures to ensure that they continue to be appropriate to the nature and scope of your operations and existing market conditions.

(4) Your board of directors must ensure that management establishes an adequate system of internal controls.
