structured as a corporation, limited liability company, or limited partnership. An FCU may only participate in a limited partnership as a limited partner. For purposes of this part, "corporation" means a legally incorporated corporation as established and maintained under relevant federal or state law. For purposes of this part, "limited partnership" means a legally established limited partnership as established and maintained under relevant state law. For purposes of this part, "limited liability company" means a legally established limited liability company as established and maintained under relevant state law, provided that the FCU obtains written legal advice that the limited liability company is a recognized legal entity under the applicable laws of the state of formation and that the limited liability company is established in a manner that will limit potential exposure of the FCU to no more than the amount of funds invested in, or loaned to, the CUSO.

- (b) Customer base. An FCU can invest in or loan to a CUSO only if the CUSO primarily serves credit unions, its membership, or the membership of credit unions contracting with the CUSO; provided, however, that with respect to any approved CUSO service, as set out in §712.5, that also meets the description of services set out in §701.30 of this chapter, this requirement is met if the CUSO primarily provides such services to persons who are eligible for membership in the FCU or are eligible for membership in credit unions contracting with the CUSO.
- (c) Federal credit union accounting for financial reporting purposes. An FCU must account for its investments in or loans to a CUSO in conformity with "generally accepted accounting principles" (GAAP).
- (d) CUSO accounting; audits and financial statements; NCUA access to information. An FCU must obtain written agreements from a CUSO, prior to investing in or lending to the CUSO, that the CUSO will:
- (1) Account for all its transactions in accordance with GAAP:
- (2) Prepare quarterly financial statements and obtain an annual financial statement audit of its financial state-

ments by a licensed certified public accountant in accordance with generally accepted auditing standards. A wholly owned CUSO is not required to obtain a separate annual financial statement audit if it is included in the annual consolidated financial statement audit of the credit union that is its parent; and

- (3)(i) Provide NCUA, its representatives, and the state credit union regulatory authority having jurisdiction over any federally insured, state-chartered credit union with an outstanding loan to, investment in or contractual agreement for products or services with the CUSO with complete access to any books and records of the CUSO and the ability to review CUSO internal controls, as deemed necessary by NCUA or the state credit union regulatory authority in carrying out their respective responsibilities under the Act and the relevant state credit union statute.
- (ii) The effective date for compliance with this section is June 29, 2009.
- (e) Other laws. A CUSO must comply with applicable Federal, state and local laws.

§ 712.4 What must an FCU and a CUSO do to maintain separate corporate identities?

- (a) Corporate separateness. An FCU and a CUSO must be operated in a manner that demonstrates to the public the separate corporate existence of the FCU and the CUSO. Good business practices dictate that each must operate so that:
- (1) Its respective business transactions, accounts, and records are not intermingled;
- (2) Each observes the formalities of its separate corporate procedures;
- (3) Each is adequately financed as a separate unit in the light of normal obligations reasonably foreseeable in a business of its size and character;
- (4) Each is held out to the public as a separate enterprise;
- (5) The FCU does not dominate the CUSO to the extent that the CUSO is

§712.5

treated as a department of the FCU; and

- (6) Unless the FCU has guaranteed a loan obtained by the CUSO, all borrowings by the CUSO indicate that the FCU is not liable.
- (b) Legal opinion. Prior to an FCU investing in a CUSO, the FCU must obtain written legal advice as to whether the CUSO is established in a manner that will limit potential exposure of the FCU to no more than the loss of funds invested in, or lent to, the CUSO. In addition, if a CUSO in which an FCU has an investment plans to change its structure under §712.3(a), an FCU must also obtain prior, written legal advice that the CUSO will remain established in a manner that will limit potential exposure of the FCU to no more than the loss of funds invested in, or loaned to, the CUSO. The legal advice must address factors that have led courts to "pierce the corporate veil" such as inadequate capitalization, lack of sepacorporate identity, common boards of directors and employees, control of one entity over another, and lack of separate books and records. The legal advice may be provided by independent legal counsel of the investing FCU or the CUSO.

§712.5 What activities and services are preapproved for CUSOs?

NCUA may at any time, based upon supervisory, legal, or safety and soundness reasons, limit any CUSO activities or services, or refuse to permit any CUSO activities or services. Otherwise, an FCU may invest in, loan to, and/or contract with only those CUSOs that are sufficiently bonded or insured for their specific operations and engaged in the preapproved activities and services related to the routine daily operations of credit unions. The specific activities listed within each preapproved category are provided in this section as illustrations of activities permissible under the particular category, not as an exclusive or exhaustive list.
