member in accordance with the Bank's capital plan.

§ 931.4 Dividends.

(a) *In general.* A Bank may pay dividends on Class A or Class B stock, including any subclasses of such stock, only out of previously retained earnings or current net earnings, and shall declare and pay dividends only as provided by its capital plan. The capital plan may establish different dividend rates or preferences for each class or subclass of stock, which may include a dividend that tracks the economic performance of certain Bank assets, such as Acquired Member Assets. A member, including a member that has provided the Bank with a notice of intent to withdraw from membership or one whose membership is otherwise terminated, shall be entitled to receive any dividends that a Bank declares on its capital stock while the member owns the stock.

(b) *Limitation on payment of dividends.* In no event shall a Bank declare or pay any dividend on its capital stock if after doing so the Bank would fail to meet any of its minimum capital requirements, nor shall a Bank that is not in compliance with any of its minimum capital requirements declare or pay any dividend on its capital stock.

§ 931.5 Liquidation, merger, or consolidation.

The respective rights of the Class A and Class B stockholders, in the event that the Bank is liquidated, or is merged or otherwise consolidated with another Bank, shall be determined in accordance with the capital plan of the Bank.

§ 931.6 Transfer of capital stock.

A Bank in its capital plan may allow a member to transfer any excess capital stock of the Bank to another member of that Bank or to an institution that has been approved for membership in that Bank and that has satisfied all conditions for becoming a member, other than the purchase of the min-

imum amount of Bank stock that it is required to hold as a condition of membership. Any such stock transfers shall be at par value and shall be effective upon being recorded on the appropriate books and records of the Bank. The Bank may, in its capital plan, require a member to receive the approval of the Bank before a transfer of the Bank's stock, as allowed under this section, is completed.

§ 931.7 Redemption and repurchase of capital stock.

(a) *Redemption.* A member may have its capital stock in a Bank redeemed by providing written notice to the Bank in accordance with this section. For Class A stock, a member shall provide six-months written notice, and for Class B stock a member shall provide five-years written notice. The notice shall indicate the number of shares of Bank stock that are to be redeemed, and a member shall not have more than one notice of redemption outstanding at one time for the same shares of Bank stock. A member may cancel a notice of redemption by so informing the Bank in writing, and the Bank may impose a fee (to be specified in its capital plan) on any member that cancels a pending notice of redemption. At the expiration of the applicable notice period, the Bank shall pay the stated par value of that stock to the member in cash. A request by a member (whose membership has not been terminated) to redeem specific shares of stock shall automatically be cancelled if the Bank is prevented from redeeming the member's stock by paragraph (c) of this section within five business days from the end of the expiration of the applicable redemption notice period because the member would fail to maintain its minimum investment in the stock of the Bank after such redemption. The automatic cancellation of a member's redemption request shall have the same effect as if the member had cancelled its notice to redeem stock prior to the end of the redemption notice period, and a Bank may impose a fee (to be specified in its capital plan) for automatic cancellation of a redemption request. A Bank

shall not be obligated to redeem its capital stock other than in accordance with this paragraph.

(b) *Repurchase.* A Bank, in its discretion and without regard to the applicable redemption periods, may repurchase from a member any outstanding Class A or Class B capital stock that is in excess of the amount of that class of Bank stock that the member is required to hold as a minimum investment, in accordance with the capital plan of that Bank. A Bank undertaking such a stock repurchase at its own initiative shall provide the member with reasonable notice prior to repurchasing any excess stock, with the period of such notice to be specified in the Bank's capital plan, and shall pay the stated par value of that stock to the member in cash. For purposes of this section, any Bank stock owned by a member shall be considered to be excess stock if the member is not required to hold such stock either as a condition of remaining a member of the Bank or as a condition of obtaining advances or transacting other business with the Bank. A member's submission of a notice of intent to withdraw from membership, or its termination of membership in any other manner, shall not, in and of itself, cause any Bank stock to be deemed excess stock for purposes of this section.

(c) *Limitation.* In no event may a Bank redeem or repurchase any stock if, following the redemption or repurchase, the Bank would fail to meet any minimum capital requirement, or if the member would fail to maintain its minimum investment in the stock of the Bank, as required by §931.3.

[66 FR 8310, Jan. 30, 2001, as amended at 66 FR 54108, Oct. 26, 2001; 70 FR 9510, Feb. 28, 2005]

§931.8 Other restrictions on the repurchase or redemption of Bank stock.

(a) *Capital impairment.* A Bank may not redeem or repurchase any capital stock without the prior written approval of the Finance Board if the Finance Board or the board of directors of the Bank has determined that the Bank has incurred or is likely to incur losses that result in or are likely to result in charges against the capital of the Bank. This prohibition shall apply

even if a Bank is in compliance with its minimum capital requirements, and shall remain in effect for however long the Bank continues to incur such charges or until the Finance Board determines that such charges are not expected to continue.

(b) *Bank discretion to suspend redemption.* A Bank, upon the approval of its board of directors, or of a subcommittee thereof, may suspend redemption of stock if the Bank reasonably believes that continued redemption of stock would cause the Bank to fail to meet its minimum capital requirements as set forth in §§932.2 or 932.3 of this chapter, would prevent the Bank from maintaining adequate capital against a potential risk that may not be adequately reflected in its minimum capital requirements, or would otherwise prevent the Bank from operating in a safe and sound manner. A Bank shall notify the Finance Board in writing within two business days of the date of the decision to suspend the redemption of stock, informing the Finance Board of the reasons for the suspension and of the Bank's strategies and time frames for addressing the conditions that led to the suspension. The Finance Board may require the Bank to re-institute the redemption of member stock. A Bank shall not repurchase any stock without the written permission of the Finance Board during any period in which the Bank has suspended redemption of stock under this paragraph.

§931.9 Transition provision.

(a) *In general.* Each Bank shall comply with the minimum leverage and risk-based capital requirements specified in §932.2 and §932.3 of this chapter, respectively, and each member shall comply with the minimum investment established in the capital plan, as of the effective date of that Bank's capital plan. The effective date of a Bank's capital plan shall be the date on which the Bank first issues any Class A or Class B stock. Prior to the effective date, the issuance and retention of Bank stock shall be as provided in §925.20 and §925.22 of this chapter.
