§ 1260.67 Equipment and other property under grants with commercial firms.

EQUIPMENT AND OTHER PROPERTY UNDER GRANTS WITH COMMERCIAL FIRMS

February 2004

(a) This grant permits acquisition of special purpose equipment required for the conduct of research. Acquisition of special purpose equipment costing in excess of $5,000 and not included in the approved proposal budget requires the prior approval of the Grant Officer unless the item is merely a different model of an item shown in the approved proposal budget.

(b) Recipients may not purchase, as a direct cost to the grant, items of general purpose equipment, examples of which include but are not limited to office equipment and furnishings, air conditioning equipment, reproduction and printing equipment, motor vehicles, and automatic data processing equipment. If the Recipient requests an exception, the Recipient shall submit a written request for Grant Officer approval, prior to purchase by the Recipient, stating why the Recipient cannot charge the general purpose equipment to indirect costs.

(c) Under no circumstances shall grant funds be used to acquire land or any interest therein, to acquire or construct facilities (as defined in 48 CFR (FAR) 45.301), or to procure passenger carrying vehicles.

(d) The Government shall have title to equipment and other personal property acquired with Government funds. Such property shall be disposed of pursuant to 48 CFR (FAR) 45.60.

(e) Title to Government furnished equipment (including equipment, title to which has been transferred to the Government prior to completion of the work) will remain with the Government.

(f) The Recipient shall establish and maintain property management standards for Government property and otherwise manage such property as set forth in 48 CFR (FAR) 45.5 and 48 CFR (NFS) 1845.5.

(g) Recipients shall submit annually a NASA Form 1018, NASA Property in the Custody of Contractors, in accordance with the instructions on the form, the provisions of 48 CFR (NFS) 1845.71 and any supplemental instructions that may be issued by NASA for the current reporting period. The original NF 1018 shall be submitted to the center Deputy Chief Financial Officer (Finance) with three copies sent concurrently to the center Industrial Property Officer. The annual reporting period shall be from October 1 of each year through September 30 of the following year. The report shall be submitted in time to be received by October 15. Negative reports (i.e., no reportable property) are required. The information contained in the report is entered into the NASA accounting system to reflect current asset values for agency financial statement purposes. Therefore, it is essential that required reports be received no later than October 15. A final report is required within 30 days after expiration of the agreement.

(h) The requirements set forth in this special condition supersede grant provision 1260.27, Equipment and Other Property.

ELECTRONIC FUNDS TRANSFER PAYMENT METHODS

October 2000

(a) Payments under this grant will be made by the Government by electronic funds transfer through the Treasury Fedline Payment System (FEDLINE) or the Automated Clearing House (ACH), at the option of the Government. After award, but no later than 14 days before an invoice is submitted, the Recipient shall designate a financial institution for receipt of electronic funds transfer payments, and shall submit this designation to the Grant Officer or other Government official, as directed.

(b) For payment through FEDLINE, the Recipient shall provide the following information:
§ 1260.70 Delegation of administration.

(a) If a grant or a cooperative agreement is awarded with Government-furnished property, administration should be delegated to the Office of Naval Research (ONR). If a grant or cooperative agreement has no Government-furnished property, administration will normally be performed by the issuing Center or by the NASA Shared Service Center (NSSC). However, the grant officer or the NSSC grant administrator has the option to delegate administration to ONR and should do so when exceptional administrative issues are anticipated. Other administration duties may be assigned as listed on NF 1674. Exceptions to this policy are:

1. Training grants will not be delegated.

2. Grants of short duration (9 months or less) or low dollar value ($50k or less) will normally not be delegated.

3. Grant officers may waive specific administration requirements (as listed on NF 1674) in exceptional circumstances for individual grants. Exceptions to administration duties that are normally delegated must be justified and approved in writing by the Grant Officer, and made part of the file.

4. Waiver of delegation of property administration duties that are to be instituted by a center as a standard practice constitutes a deviation to this handbook, and requires approval in accordance with §1260.7.

(b) Grant and cooperative agreement administration delegations will be made by use of NF 1674 (Exhibit F to subpart A of this part 1260). When administration duties have been assigned to ONR, the NF 1674, the award document, and the approved budget will be sent to ONR in a single package (electronically, when possible).

(c) Upon acceptance of a delegation, ONR agrees to the following: ONR shall follow DoD property administration policies and procedures, plus the following NASA requirements:

1. The recipient shall maintain property records and manage nonexpendable personal property in accordance with 14 CFR 1260.134. During Property Control System Analyses (PCSA), ONR will check the recipient’s understanding and test compliance of property management requirements, including the accuracy of recipient property reports. ONR will provide one
