§ 801.12 Rules and regulations for the BE-140, Benchmark Survey of Insurance Transactions by U.S. Insurance Companies with Foreign Persons.

(a) The BE-140, Benchmark Survey of Insurance Transactions by U.S. Insurance Companies with Foreign Persons, will be conducted covering calendar year 2008 and every fifth year thereafter. All legal authorities, provisions, definitions, and requirements contained in § 801.1 through § 801.9(a) are applicable to this survey. More detailed instructions and descriptions of the individual types of transactions covered are given on the report form itself. The BE-140 consists of three parts and two schedules. Part 1 requests information on whom to consult concerning questions about the report and the certification section. Part 2 requests information about the reporting insurance company. Part 3 requests information needed to determine whether a report is required, the types of transactions that would be reported, and which schedules apply. Each of the two schedules covers the types of insurance services to be reported and the ownership relationship between the U.S. insurance company and foreign transactor and is to be completed only if the U.S. insurance company has

transactions of the types covered by the particular schedule.

(b) *Who must report*—(1) *Mandatory reporting.* A BE-140 report is required from each U.S. insurance company with respect to the transactions listed below, if any of the eight items was greater than \$2 million or less than negative \$2 million for the calendar year covered by the survey on an accrual basis:

- (i) Premiums earned, and
- (ii) Losses, on reinsurance assumed;
- (iii) Premiums incurred, and
- (iv) Losses, on reinsurance ceded;
- (v) Premiums earned, and
- (vi) Losses, on primary insurance sold;
- (vii) Sales of, and
- (viii) Purchases of, auxiliary insurance services.

U.S. insurance companies that file pursuant to this mandatory reporting requirement must complete parts 1 through 3 of Form BE-140 and all applicable schedules. The total amounts of transactions applicable to a particular schedule are to be entered in the appropriate column(s) and these amounts must be distributed among the countries involved in the transactions.

(2) *Voluntary reporting.* If, during the calendar year covered, the U.S. insurance company's transactions do not exceed the exemption level for any of the types of transactions covered by the survey, the U.S. person is requested to provide an estimate of the total for each type of transaction. Submission of this information is voluntary. The estimates may be judgmental, that is, based on recall, without conducting a detailed records search.

(3) Any U.S. insurance company that receives the BE-140 survey form from BEA, but is not reporting data in either the mandatory or voluntary section of the form, must complete Parts 1 through 3 of the survey. This requirement is necessary to ensure compliance with reporting requirements and efficient administration of the Act by eliminating unnecessary follow-up contact.

(c) *Covered types of insurance transactions.* The BE-140 survey is intended to collect information on U.S. international insurance transactions. The types of insurance transactions covered

are: Reinsurance assumed from or ceded to insurance companies resident abroad, primary insurance sold to foreign persons, and receipts and payments of auxiliary insurance services.

§ 806.1 Purpose.

The purpose of this part is to set forth the rules and regulations necessary to carry out the data collection program and analyses concerning direct investment as required by, or provided for in, the International Investment Survey Act of 1976 (Pub. L. 94-472, 90 Stat. 2059, 22 U.S.C. 3101 to 3108), hereinafter "the Act". The overall purpose of the Act is to provide comprehensive and reliable information pertaining to international investment, including direct investment, and to do so with a minimum of burden on respondents and with no unnecessary duplication of effort.

§ 806.2 Recordkeeping requirements.

In accordance with section 5(b)(1) of the Act (22 U.S.C. 3104) persons subject to the jurisdiction of the United States shall maintain any information (including journals or other books of original entry, minute books, stock transfer records, lists of shareholders, or financial statements) which is essential for carrying out the surveys and studies provided for by the Act.

(b) Such reports may be required from among others, U.S. persons which have direct investment abroad, U.S. persons in which foreign persons have direct investment, U.S. intermediaries, and U.S. persons which assist or intervene in the purchase or sale of direct investment interests, such as real estate brokers and brokerage houses acting as managers of tender offers.

§ 806.4 Response required.

Reports, as specified below, are required from all persons coming within the reporting requirements, whether or not they are contacted by BEA. In addition, any person BEA contacts, either by sending them report forms or buy written inquiry concerning the person's being subject to the reporting requirements of a survey conducted pursuant to this part must respond in writing. The response must be made by filing the properly completed report form, or by submitting in writing, or within 30 days of being contacted, a valid exemption claim (including the situation where the statistical data requested on the form are not applicable) or by certifying in writing to the fact that the person has no direct investments within the purview of the Act or the regulations contained herein. This requirement is necessary to ensure compliance with reporting requirements and efficient administration of the Act.
