

## Federal Trade Commission

## § 300.28

and conspicuous statement that the product was either made in U.S.A., imported, or both. Other words or phrases with the same meaning may be used. The statement of origin required by this section shall not be inconsistent with the origin labeling of the product being advertised.

[50 FR 15106, Apr. 17, 1985. Redesignated at 63 FR 7517, Feb. 13, 1998]

### § 300.26 Pile fabrics and products composed thereof.

The fiber content of pile fabrics or products made thereof may be stated in the label or mark of identification in such segregated form as will show the fiber content of the face or pile and of the back or base, with the percentages of the respective fibers as they exist in the face or pile and in the back or base: *Provided*, That in such disclosure the respective percentages of the face and the back be given in such manner as will show the ratio between the face and the back. Examples of the form of marking pile fabrics as to fiber content provided for in this section are as follows:

100% Wool Pile  
100% Cotton Back  
(Back constitutes 60% of fabric and pile 40%)  
Pile—60% Recycled Wool, 40% Wool  
Back—70% Cotton, 30% Rayon  
(Pile constitutes 60% of fabric and back 40%).

[6 FR 3426, July 15, 1941, as amended at 45 FR 44262, July 1, 1980]

### § 300.27 Wool products containing superimposed or added fibers.

Where a wool product is made wholly of one fiber or a blend of fibers with the exception of an additional fiber in minor proportion superimposed or added in certain separate and distinct areas or sections for reinforcing or other useful purposes, the product may be designated according to the fiber content of the principal fiber or blend of fibers, with an excepting naming the superimposed or added fiber, giving the percentage thereof in relation to the total fiber weight of the principal fiber or blend of fibers, and indicating the area or section which contains the superimposed or added fiber. An example of this type of fiber content disclosure, as applied to products having rein-

forcing fibers added to a particular area or section, is as follows:

55% Recycled Wool  
45% Rayon  
Except 5% Nylon added to toe and heel

[29 FR 6626, May 21, 1964, as amended at 45 FR 44262, July 1, 1980]

### § 300.28 Undetermined quantities of reclaimed fibers.

(a) Where a wool product is composed in part of various man-made fibers recovered from textile products containing undetermined quantities of such fibers, the percentage content of the respective fibers recovered from such products may be disclosed on the required stamp, tag, or label, in aggregate form as "man-made fibers" followed by the naming of such fibers in the order of their predominance by weight, as for example:

60% Wool  
40% Man-made fibers  
Rayon  
Acetate  
Nylon

(b) Where a wool product is composed in part of wool, or recycled wool and in part of unknown and, for practical purposes, undeterminable non-woolen fibers reclaimed from any spun, woven, knitted, felted, braided, bonded or otherwise manufactured or used product, the required fiber content disclosure may, when truthfully applicable, in lieu of the fiber content disclosure otherwise required by the Act and regulations, set forth (1) the percentages of wool or recycled wool, and (2) the generic names and the percentages of all other fibers whose presence is known or practically ascertainable and (3) the percentage of the unknown and undeterminable reclaimed fibers, designating such reclaimed fibers as "unknown reclaimed fibers" or "undetermined reclaimed fibers," as for example:

75% Recycled Wool—25% Unknown Reclaimed Fibers.  
35% recycled Wool—30% Acetate—15% Cotton—20% Undetermined Reclaimed Fibers.

In making the required fiber content disclosure any fibers referred to as "unknown reclaimed fibers" or "undetermined reclaimed fibers" shall be listed last.

**§ 300.29**

(c) The terms *unknown recycled fibers* and *undetermined recycled fibers* may be used in describing the unknown and undeterminable reclaimed fibers referred to in paragraph (b) of this rule in lieu of the terms specified therein, provided, however, That the same standard is used in determining the applicability of the term *recycled* as is used in defining "recycled wool" in section 2(c) of the Act.

(d) For purposes of this rule undetermined or unascertained amounts of wool or recycled wool may be classified and designated as recycled wool.

(e) Nothing contained in this rule shall excuse a full and accurate disclosure of fiber content with correct percentages if the same is known or practically ascertainable, or permit a deviation from the requirements of section 4(a)(2)(A) of the Act with respect to products not labeled under the provisions of this rule or permit a higher classification of wool or recycled wool than that provided by Section 2 of the Act.

[29 FR 6626, May 21, 1964, as amended at 45 FR 44262, July 1, 1980; 45 FR 49542, July 25, 1980]

**§ 300.29 Garments or products composed of or containing miscellaneous cloth scraps.**

(a) For wool products which consist of, or are made from, miscellaneous cloth scraps comprising manufacturing by-products and containing various fibers of undetermined percentages, the following form of disclosure as to fiber content of such wool products, where truthfully applicable and with appropriate percentage figure inserted, may be used in the stamp, tag, label, or mark of identification of such product:

(1) Where the product contains chiefly cotton as well as woolen fibers in the minimum percentage designated for recycled wool:

Made of Miscellaneous Cloth Scraps Composed Chiefly of Cotton With Minimum of \_\_\_\_% Recycled Wool.

(2) Where the product contains chiefly rayon as well as woolen fibers in the minimum percentage designated for recycled wool:

**16 CFR Ch. I (1-1-10 Edition)**

Made of Miscellaneous Cloth Scraps Composed Chiefly of Rayon With Minimum of \_\_\_\_% Recycled Wool.

(3) Where the product is composed chiefly of a mixture of cotton and rayon as well as woolen fibers in the minimum percentage designated for recycled wool:

Made of Miscellaneous Cloth Scraps Composed Chiefly of Cotton and Rayon With Minimum of \_\_\_\_% Recycled Wool.

(4) Where the product contains chiefly woolen fibers with the balance of undetermined mixtures of cotton, rayon or other non-woolen fibers:

Made of Miscellaneous Cloth Scraps Containing Cotton, Rayon and Other Non-Woolen Fibers, With Minimum of \_\_\_\_% Recycled Wool.

(b) Where the cotton or rayon content or the non-woolen fiber content mentioned in such forms of disclosure is not known to comprise as much as 50% of the fiber content of the product, the word "chiefly" in the respective form of disclosure specified in this section shall be omitted.

(c) The words "Contents are" may be used in the above-mentioned forms of marking in lieu of the words "Made of" where appropriate to the nature of the product.

(d) For purposes of this rule, undetermined or unascertained amounts of wool or recycled wool which may be contained in the product may be classified and designated as recycled wool.

[6 FR 3426, July 15, 1941, as amended at 45 FR 44262, July 1, 1980]

**§ 300.30 Deceptive labeling in general.**

Products subject to the act shall not bear, nor have used in connection therewith, any stamp, tag, label, mark or representation which is false, misleading or deceptive in any respect.

**MANUFACTURERS' RECORDS**

**§ 300.31 Maintenance of records.**

(a) Pursuant to the provisions of section 6 of the Act, every manufacturer of a wool product subject to the Act, irrespective of whether any guaranty has been given or received, shall maintain records showing the information required by the Act and Regulations with respect to all such wool products made
