§ 301.1 Terms defined.

(a) As used in this part, unless the context otherwise specifically requires:

(2) The terms rule, rules, regulations, and rules and regulations, mean the rules and regulations prescribed by the Commission pursuant to section 8 (b) of the act.

(3) The definitions of terms contained in section 2 of the act shall be applicable also to such terms when used in rules promulgated under the act.

(4) The terms Fur Products Name Guide and Name Guide mean the register of names of hair fleece and fur bearing animals issued by the Commission on February 8, 1952, pursuant to the provisions of section 7 (a) of the act.

(5) The terms required information and information required mean the information required to be disclosed on labels, invoices and in advertising under the act and rules and regulations, and such further information as may be permitted by the regulations, when and if used.

(6) The term cat fur means the pelt or skin of any animal of the species Felis catus.
