Consumer Product Safety Commission

§1513.1 Scope, application, and effective date.

This part prescribes requirements for bunk beds to reduce or eliminate the risk that children will die or be injured from being trapped between the upper and lower parts of the beds. Section 1262(e)(1), 1262(f)(1)(D), 1262(g), 1262(h), and 1262(i) of the Federal Hazardous Substances Act authorize these requirements.
