with the growth, production, or manufacture of a good, including:
(1) Fuel and energy;
(2) Tools, dies, and molds;
(3) Spare parts and materials used in the maintenance of equipment and buildings;
(4) Lubricants, greases, compounding materials, and other materials used in the growth, production, or manufacture of a good or used to operate equipment and buildings;
(5) Gloves, glasses, footwear, clothing, safety equipment, and supplies;
(6) Equipment, devices, and supplies used for testing or inspecting the good;
(7) Catalysts and solvents; and
(8) Any other goods that are not incorporated into the good but the use of which in the growth, production, or manufacture of the good can reasonably be demonstrated to be a part of that growth, production, or manufacture;
(g) Material. “Material” means a good, including a part or ingredient, that is used in the growth, production, or manufacture of another good that is a new or different article of commerce that has been grown, produced, or manufactured in one or both of the Parties;
(h) Material produced in the territory of one or both of the Parties. “Material produced in the territory of one or both of the Parties” means a good that is wholly the growth, product, or manufacture of one or both of the Parties, or a new or different article of commerce that has been grown, produced, or manufactured in the territory of one or both of the Parties;
(i) New or different article of commerce. A “new or different article of commerce” exists when the country of origin of a good which is produced in a Party from foreign materials is determined to be that country under the provisions of §102.1 through 102.21 of this chapter;
(j) Non-originating material. “Non-originating material” means a material that does not qualify as originating under this subpart or General Note 30, HTSUS;
(k) Packing materials and containers for shipment. “Packing materials and containers for shipment” means the goods used to protect a good during its transportation to the United States, and does not include the packaging materials and containers in which a good is packaged for retail sale;
(l) Recovered goods. “Recovered goods” means materials in the form of individual parts that result from:
(1) The complete disassembly of used goods into individual parts; and
(2) The cleaning, inspecting, testing, or other processing of those parts as necessary for improvement to sound working condition;
(m) Remanufactured good. “Remanufactured good” means an industrial good that is assembled in the territory of a Party and that:
(1) Is entirely or partially comprised of recovered goods;
(2) Has a similar life expectancy to, and meets the same performance standards as, a like good that is new; and
(3) enjoys the factory warranty similar to that of a like good that is new;
(n) Simple combining or packaging operations. “Simple combining or packaging operations” means operations such as adding batteries to electronic devices, fitting together a small number of components by bolting, gluing, or soldering, or packing or repacking components together.
§ 10.810 Originating goods.
(a) General. A good will be considered an originating good under the BFTA when imported directly from the territory of a Party into the territory of the other Party only if:
(1) The good is wholly the growth, product, or manufacture of one or both of the Parties;
(2) The good is a new or different article of commerce, as defined in §10.809(i) of this subpart, that has been grown, produced, or manufactured in the territory of one or both of the Parties, is provided for in a heading or subheading of the HTSUS that is not covered by the product-specific rules set forth in General Note 30(h), HTSUS, and meets the value-content requirement specified in paragraph (b) of this section; or
(3) The good is provided for in a heading or subheading of the HTSUS covered by the product-specific rules set forth in General Note 30(h), HTSUS, and:
§ 10.811  Textile or apparel goods.

(a) De minimis—(1) General. Except as provided in paragraph (a)(2) of this section, a textile or apparel good that is not an originating good under the BFTA because certain fibers or yarns used in the production of the component of the good that determines the tariff classification of the good do not undergo an applicable change in tariff classification set out in General Note 30(h), HTSUS, will be considered to be an originating good if the total weight of all such fibers is not more than seven percent of the total weight of that component.

(2) Exception. A textile or apparel good containing elastomeric yarns in the component of the good that determines the tariff classification of the good will be considered to be an originating good only if such yarns are wholly formed in the territory of a Party.

(b) Textile or apparel goods put up in sets. Notwithstanding the specific rules provided for in General Rule of Interpretation 3, HTSUS, textile or apparel goods classifiable as goods put up in sets for retail sale as provided for in General Rule of Interpretation 3, HTSUS, will not be considered to be originating goods under the BFTA unless each of the goods in the set is an originating good or the total value of the non-originating goods in the set does not exceed ten percent of the appraised value of the set.

§ 10.812  Accumulation.

(a) An originating good or material produced in the territory of one or both of the Parties that is incorporated into a good in the territory of the other Party will be considered to originate in the territory of the other Party.

(b) A good that is grown, produced, or manufactured in the territory of one or both of the Parties by one or more producers is an originating good if the good satisfies the requirements of §10.810 of this subpart and all other applicable requirements of General Note 30, HTSUS.

§ 10.813  Value of materials.

(a) General. For purposes of §10.810(b) of this subpart and, except as provided in paragraph (b) of this section, the value of a material produced in the territory of one or both of the Parties includes the following:

(1) The price actually paid or payable for the material by the producer of the good;

(2) The freight, insurance, packing and all other costs incurred in transporting the material to the producer's plant, if such costs are not included in the price referred to in paragraph (a)(1) of this section;

(3) The cost of waste or spoilage resulting from the use of the material in the growth, production, or manufacture of the good, less the value of recoverable scrap; and

(4) Taxes or customs duties imposed on the material by one or both of the Parties, if the taxes or customs duties
