

§ 351.410

(c) *Sales with quantity discounts in calculating weighted-average normal value.* If the exporter or producer does not satisfy the conditions of paragraph (b) of this section, the Secretary will calculate normal value based on weighted-average prices that include sales at a discount.

(d) *Price lists.* In determining whether a discount has been granted, the existence or lack of a published price list reflecting such a discount will not be controlling. Ordinarily, the Secretary will give weight to a price list only if, in the line of trade and market under consideration, the exporter or producer demonstrates that it has adhered to its price list.

(e) *Relationship to level of trade adjustment.* If adjustments are claimed for both differences in quantities and differences in level of trade, the Secretary will not make an adjustment for differences in quantities unless the Secretary is satisfied that the effect on price comparability of differences in quantities has been identified and established separately from the effect on price comparability of differences in the levels of trade.

§ 351.410 Differences in circumstances of sale

(a) *Introduction.* In calculating normal value the Secretary may make adjustments to account for certain differences in the circumstances of sales in the United States and foreign markets. (See section 773(a)(6)(C)(iii) of the Act.) This section clarifies certain terms used in the statute regarding circumstances of sale adjustments and describes the adjustment when commissions are paid only in one market.

(b) *In general.* With the exception of the allowance described in paragraph (e) of this section concerning commissions paid in only one market, the Secretary will make circumstances of sale adjustments under section 773(a)(6)(C)(iii) of the Act only for direct selling expenses and assumed expenses.

(c) *Direct selling expenses.* “Direct selling expenses” are expenses, such as commissions, credit expenses, guarantees, and warranties, that result from, and bear a direct relationship to, the particular sale in question.

19 CFR Ch. III (4–1–10 Edition)

(d) *Assumed expenses.* Assumed expenses are selling expenses that are assumed by the seller on behalf of the buyer, such as advertising expenses.

(e) *Commissions paid in one market.* The Secretary normally will make a reasonable allowance for other selling expenses if the Secretary makes a reasonable allowance for commissions in one of the markets under consideration, and no commission is paid in the other market under consideration. The Secretary will limit the amount of such allowance to the amount of the other selling expenses incurred in the one market or the commissions allowed in the other market, whichever is less.

(f) *Reasonable allowance.* In deciding what is a reasonable allowance for any difference in circumstances of sale, the Secretary normally will consider the cost of such difference to the exporter or producer but, if appropriate, may also consider the effect of such difference on the market value of the merchandise.

§ 351.411 Differences in physical characteristics.

(a) *Introduction.* In comparing United States sales with foreign market sales, the Secretary may determine that the merchandise sold in the United States does not have the same physical characteristics as the merchandise sold in the foreign market, and that the difference has an effect on prices. In calculating normal value, the Secretary will make a reasonable allowance for such differences. (See section 773(a)(6)(C)(ii) of the Act.)

(b) *Reasonable allowance.* In deciding what is a reasonable allowance for differences in physical characteristics, the Secretary will consider only differences in variable costs associated with the physical differences. Where appropriate, the Secretary may also consider differences in the market value. The Secretary will not consider differences in cost of production when compared merchandise has identical physical characteristics.
