## § 408.708

### § 408.645 What must your representative payee do with unused benefits?

If your representative payee has accumulated benefits for you, he or she must conserve or invest them as provided in § 404.2045 of this chapter.

### § 408.650 When will we select a new representative payee for you?

We follow the rules in § 404.2050 of this chapter to determine when we will select a new representative payee for you.

### § 408.655 When will we stop making your payments to a representative payee?

To determine when we will stop representative payment for you, we follow the rules in § 404.2055 of this chapter.

### § 408.660 What happens to your accumulated funds when your representative payee changes?

For a description of what happens to your accumulated funds (including the interest earned on the funds) when we change your representative payee or when you begin receiving benefits directly, see § 404.2060 of this chapter.

### § 408.665 How does your representative payee account for the use of your SVB payments?

Your representative payee must account for the use of your benefits. We require written reports from your representative payee at least once a year. We may verify how your representative payee used your benefits. Your representative payee should keep records of how benefits were used in order to provide accounting reports and must make those records available upon our request. If your representative payee fails to provide an annual accounting of benefits or other required report, we may require your payee to appear in person at the local Social Security field office or a United States Government facility that we designate serving the area in which you reside. The decision to have your representative payee receive your benefits in person may be based on a variety of reasons. Some of these reasons may include the payee's history of past performance or our past difficulty in contacting the payee. We

may ask your representative payee to give us the following information:

(a) Where you lived during the accounting period;

(b) Who made the decisions on how your benefits were spent or saved;

(c) How your benefit payments were used; and

(d) How much of your benefit payments were saved and how the savings were invested.
