§ 422.106 Filing applications with other government agencies.

(a) Agreements. In carrying out its responsibilities to assign social security numbers, SSA enters into agreements with the United States Attorney General, other Federal officials, and State and local welfare agencies. An example of these agreements is discussed in paragraph (b) of this section.

(b) States. SSA and a State may enter into an agreement that authorizes employees of a State or one of its subdivisions to accept social security number card applications from some individuals who apply for or are receiving welfare benefits under a State-administered Federal program. Under such an agreement, a State employee is also authorized to certify the application to show that he or she has reviewed the required evidence of the applicant’s age, identity, and U.S. citizenship. The employee is also authorized to obtain evidence to assist SSA in determining whether the applicant has previously been assigned a number. The employee will then send the application to SSA which will issue a social security number card.

§ 422.107 Evidence requirements.

(a) General. An applicant for an original social security number card must submit documentary evidence that the Commissioner of Social Security regards as convincing evidence of age, U.S. citizenship or alien status, and true identity. An applicant for a replacement social security number card must submit convincing documentary evidence of identity and may also be required to submit convincing documentary evidence of age and U.S. citizenship or alien status. An applicant for an original or replacement social security number card is also required to submit evidence to assist us in determining the existence and identity of any previously assigned number(s). A social security number will not be assigned, or an original or replacement card issued, unless all the evidence requirements are met. An in-person interview is required of an applicant who is age 12 or older applying for an original social security number except for an alien who requests a social security number as part of the immigration process as described in §422.103(b)(3). An in-person interview may also be required of other applicants. All documents submitted as evidence must be originals or copies of the original documents certified by the custodians of the original records and are subject to verification.

(b) Evidence of age. An applicant for an original social security number is required to submit convincing evidence of age. An applicant for a replacement social security number card may also be required to submit evidence of age. Examples of the types of evidence which may be submitted are a birth certificate, a religious record showing age or date of birth, a hospital record of birth, or a passport. (See §404.716.)
or a replacement social security number card is required to submit convincing documentary evidence of identity. Documentary evidence of identity may consist of a driver’s license, identity card, school record, medical record, marriage record, passport, Department of Homeland Security document, or other similar document serving to identify the individual. The document must contain sufficient information to identify the applicant, including the applicant’s name and (1) the applicant’s age, date of birth, or parents’ names; and/or (2) a photograph or physical description of the individual. A birth record is not sufficient evidence to establish identity for these purposes.

(d) Evidence of U.S. citizenship. Generally, an applicant for an original or replacement social security number card may prove that he or she is a U.S. citizen by birth by submitting a birth certificate or other evidence, as described in paragraphs (b) and (c) of this section, that shows a U.S. place of birth. Where a foreign-born applicant claims U.S. citizenship, the applicant for a social security number or a replacement social security number card is required to present documentary evidence of U.S. citizenship. If required evidence is not available, a social security number card will not be issued until satisfactory evidence of U.S. citizenship is furnished. Any of the following is generally acceptable evidence of U.S. citizenship for a foreign-born applicant:

(1) Certificate of naturalization;
(2) Certificate of citizenship;
(3) U.S. passport;
(4) U.S. citizen identification card issued by the Department of Homeland Security;
(5) Consular report of birth (State Department form FS–240 or FS–545); or
(6) Other verification from the Department of Homeland Security, U.S. Department of State, or Federal or State court records confirming citizenship.

(e) Evidence of alien status—(1) General evidence rules. When a person who is not a U.S. citizen applies for an original social security number or a replacement social security number card, he or she is required to submit, as evidence of alien status, a current document issued by the Immigration and Naturalization Service in accordance with that agency’s regulations. The document must show that the applicant has been lawfully admitted to the United States, either for permanent residence or under authority of law permitting him or her to work in the United States, or that the applicant’s alien status has changed so that it is lawful for him or her to work. If the applicant fails to submit such a document, a social security number card will not be issued. If the applicant submits an unexpired Immigration and Naturalization Service document(s) which shows current authorization to work, a social security number will be assigned or verified and a card which can be used for work will be issued. If the authorization of the applicant to work is temporary or subject to termination by the Immigration and Naturalization Service, the SSA records may be so annotated. If the document(s) does not provide authorization to work and the applicant wants a social security number for a work purpose, no social security number will be assigned. If the applicant requests the number for a nonwork purpose and provides evidence documenting that the number is needed for a valid nonwork purpose, the number may be assigned and the card issued will be annotated with a nonwork legend. The SSA record will be annotated to show that a number has been assigned and a card issued for a nonwork purpose. In that case, if earnings are later reported to SSA, the Immigration and Naturalization Service will be notified of the report. SSA may also notify that agency if earnings are reported for a social security number that was valid for work when assigned but for which work authorization expired or was later terminated by the Immigration and Naturalization Service. SSA may also annotate the record with other remarks, if appropriate.

(2) Additional evidence rules for F–I students—(i) Evidence from your designated school official. If you are an F–I student and do not have a separate DHS employment authorization document as described in §422.105(a) and you are not authorized for curricular practical training (CPT) as shown on
§ 422.108 Criminal penalties.

A person may be subject to criminal penalties for furnishing false information in connection with earnings records or for wrongful use or misrepresentation in connection with social security numbers, pursuant to section 208 of the Social Security Act and sections of title 18 U.S.C. (42 U.S.C. 408; 18 U.S.C. 1001 and 1546).

§ 422.110 Individual’s request for change in record.

(a) Form SS–5. If you wish to change the name or other personal identifying information you previously submitted in connection with an application for a social security number card, you must complete and sign a Form SS–5 except as provided in paragraph (b) of this section. You must prove your identity, and you may be required to provide other evidence. (See § 422.107 for evidence requirements.) You may obtain a Form SS–5 from any local Social Security office or from one of the sources noted in § 422.103(b). You may submit a completed request for change in records to any Social Security office, or, if you are outside the U.S., to the Department of Veterans Affairs Regional Office, Manila, Philippines, or to any U.S. Foreign Service post or U.S. military post. If your request is for a change of name on the card (i.e., verified legal changes to the first name and/or surname), we may issue you a replacement card bearing the same number and the new name. We will grant an exception from the limitations specified in § 422.103(e)(2) for replacement social security number cards representing a change in name or, if you are an alien, a change to a restrictive legend shown on the card. (See § 422.103(e)(3) for the definition of a change to a restrictive legend.)

(b) Assisting in enumeration. We may enter into an agreement with officials of the Department of State and the Department of Homeland Security to assist us by collecting, as part of the immigration process, information to change the name or other personal identifying information you previously submitted in connection with an application or request for a social security number card. If your request is to change a name on the card (i.e., verified legal changes to the first name and/or surname) or to correct the restrictive legend on the card to reflect a change in alien status, we may issue you a replacement card bearing the same number and the new name or legend. We will grant an exception from the limitations specified in § 422.103(e)(2) for replacement social security number cards representing a change of name or, if you are an alien,
