

Social Security Administration

§ 435.23

(2) The recipient or subrecipient is delinquent in a debt to the United States as defined in OMB Circular A-129, "Managing Federal Credit Programs." Under such conditions, SSA may, upon reasonable notice, inform the recipient that payments will not be made for obligations incurred after a specified date until the conditions are corrected or the indebtedness to the Federal Government is liquidated.

(i) *Standards governing the use of banks and other institutions as depositories of funds advanced under awards.*

(1) Except for situations described in paragraph (i)(2) of this section, SSA will not require separate depository accounts for funds provided to a recipient or establish any eligibility requirements for depositories for funds provided to a recipient. However, recipients must be able to account for the receipt, obligation and expenditure of funds.

(2) Advances of Federal funds must be deposited and maintained in insured accounts whenever possible.

(j) *Use of women-owned and minority-owned banks.* Consistent with the national goal of expanding the opportunities for women-owned and minority-owned business enterprises, recipients will be encouraged to use women-owned and minority-owned banks (a bank that is owned at least 50 percent by women or minority group members).

(k) *Use of interest bearing accounts.* Recipients must maintain advances of Federal funds in interest bearing accounts, unless paragraph (k)(1), (2) or (3) of this section apply.

(1) The recipient receives less than \$120,000 in Federal awards per year.

(2) The best reasonably available interest bearing account would not be expected to earn interest in excess of \$250 per year on Federal cash balances.

(3) The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

(l) *Remittance of interest earned.* For those entities where CMIA and its implementing regulations do not apply, interest earned on Federal advances deposited in interest bearing accounts must be remitted annually to Department of Health and Human Services,

Payment Management System, Rockville, MD 20852. Interest amounts up to \$250 per year may be retained by the recipient for administrative expense. State universities and hospitals must comply with CMIA, as it pertains to interest. If an entity subject to CMIA uses its own funds to pay pre-award costs for discretionary awards without prior written approval from SSA, it waives its right to recover the interest under CMIA.

(m) *Forms for requesting advances and reimbursements.* Except as noted elsewhere in this part, only the following forms are authorized for the recipients in requesting advances and reimbursements. SSA will not require more than an original and two copies of these forms.

(1) *SF-270, Request for Advance or Reimbursement.* SSA has adopted the SF-270 as a standard form for all non-construction programs when electronic funds transfer or predetermined advance methods are not used. SSA, however, has the option of using this form for construction programs in lieu of the SF-271, "Outlay Report and Request for Reimbursement for Construction Programs."

(2) *SF-271, Outlay Report and Request for Reimbursement for Construction Programs.* SSA has adopted the SF-271 as the standard form to be used for requesting reimbursement for construction programs. However, SSA may substitute the SF-270 when SSA determines that it provides adequate information to meet Federal needs.

§ 435.23 Cost sharing or matching.

(a) All contributions, including cash and third party in-kind, will be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the following criteria:

(1) Are verifiable from the recipient's records.

(2) Are not included as contributions for any other federally-assisted project or program.

(3) Are necessary and reasonable for proper and efficient accomplishment of project or program objectives.

(4) Are allowable under the applicable cost principles.

(5) Are not paid by the Federal Government under another award, except

§ 435.23

20 CFR Ch. III (4-1-10 Edition)

where authorized by Federal statute to be used for cost sharing or matching.

(6) Are provided for in the approved budget when required by SSA.

(7) Conform to other provisions of this part, as applicable.

(b) Unrecovered indirect costs may be included as part of cost sharing or matching only with the prior approval of SSA.

(c) Values for recipient contributions of services and property will be established in accordance with the applicable cost principles. If SSA authorizes recipients to donate buildings or land for construction/facilities acquisition projects or long-term use, the value of the donated property for cost sharing or matching will be the lesser of paragraph (c)(1) or (2) of this section.

(1) The certified value of the remaining life of the property recorded in the recipient's accounting records at the time of donation.

(2) The current fair market value. However, when there is sufficient justification, SSA may approve the use of the current fair market value of the donated property, even if it exceeds the certified value at the time of donation to the project.

(d) Volunteer services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for volunteer services must be consistent with those paid for similar work in the recipient's organization. In those instances in which the required skills are not found in the recipient organization, rates must be consistent with those paid for similar work in the labor market in which the recipient competes for the kind of services involved. In either case, paid fringe benefits that are reasonable, allowable, and allocable may be included in the valuation.

(e) When an employer other than the recipient furnishes the services of an employee, these services must be valued at the employee's regular rate of pay (plus an amount of fringe benefits that are reasonable, allowable, and allocable, but exclusive of overhead costs), provided these services are in

the same skill for which the employee is normally paid.

(f) Donated supplies may include such items as expendable equipment, office supplies, laboratory supplies or workshop and classroom supplies. Value assessed to donated supplies included in the cost sharing or matching share must be reasonable and may not exceed the fair market value of the property at the time of the donation.

(g) The method used for determining cost sharing or matching for donated equipment, buildings and land for which title passes to the recipient may differ according to the purpose of the award, if paragraph (g)(1) or (2) of this section apply.

(1) If the purpose of the award is to assist the recipient in the acquisition of equipment, buildings or land, the total value of the donated property may be claimed as cost sharing or matching.

(2) If the purpose of the award is to support activities that require the use of equipment, buildings or land, normally only depreciation or use charges for equipment and buildings may be made. However, the full value of equipment or other capital assets and fair rental charges for land may be allowed, provided that SSA has approved the charges.

(h) The value of donated property must be determined in accordance with the usual accounting policies of the recipient, with the following qualifications:

(1) The value of donated land and buildings may not exceed its fair market value at the time of donation to the recipient as established by an independent appraiser (e.g., certified real property appraiser or General Services Administration representative) and certified by a responsible official of the recipient.

(2) The value of donated equipment may not exceed the fair market value of equipment of the same age and condition at the time of donation.

(3) The value of donated space may not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately-owned building in the same locality.

Social Security Administration

§ 435.25

(4) The value of loaned equipment may not exceed its fair rental value.

(5) The following requirements pertain to the recipient's supporting records for in-kind contributions from third parties:

(i) Volunteer services must be documented and, to the extent feasible, supported by the same methods used by the recipient for its own employees.

(ii) The basis for determining the valuation for personal service, material, equipment, buildings and land must be documented.

§ 435.24 Program income.

(a) *Introduction.* SSA will apply the standards set forth in this section in requiring recipient organizations to account for program income related to projects financed in whole or in part with Federal funds.

(b) *Use of program income.* Except as provided in paragraph (h) of this section, program income earned during the project period must be retained by the recipient and, in accordance with SSA regulations or the terms and conditions of the award, must be used in one or more of the following ways. Program income must be:

(1) Added to funds committed to the project by the Federal awarding agency and recipient and used to further eligible project or program objectives.

(2) Used to finance the non-Federal share of the project or program.

(3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

(c) *Use of excess program income.* When an agency authorizes the disposition of program income as described in paragraph (b)(1) or (b)(2) of this section, program income in excess of any limits stipulated must be used in accordance with paragraph (b)(3) of this section.

(d) *When the use of program income is not specified.* In the event that SSA does not specify in its regulations or the terms and conditions of the award how program income is to be used, paragraph (b)(3) of this section will apply automatically to all projects or programs except research. For awards that support research, paragraph (b)(1) of this section will apply automatically unless SSA indicates in the terms

and conditions another alternative on the award or the recipient is subject to special award conditions, as indicated in § 435.14.

(e) *Program income earned after end of project period.* Unless SSA regulations or the terms and conditions of the award provide otherwise, recipients will have no obligation to the Federal Government regarding program income earned after the end of the project period.

(f) *Costs incident to generation of program income.* If authorized by SSA regulations or the terms and conditions of the award, costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award.

(g) *Proceeds from sale of property.* Proceeds from the sale of property must be handled in accordance with the requirements of the Property Standards (See §§ 435.30 through 435.37).

(h) *Program income from license fees and royalties.* Unless SSA regulations or the terms and condition of the award provide otherwise, recipients have no obligation to the Federal Government with respect to program income earned from license fees and royalties for copyrighted material, patents, patent applications, trademarks, and inventions produced under an award. However, Patent and Trademark Amendments (35 U.S.C. 18) apply to inventions made under an experimental, developmental, or research award.

§ 435.25 Revision of budget and program plans.

(a) The budget plan is the financial expression of the project or program as approved during the award process. It may include either the Federal and non-Federal share, or only the Federal share, depending upon SSA requirements. It must be related to performance for program evaluation purposes whenever appropriate.

(b) Recipients are required to report deviations from budget and program plans, and request prior approvals for budget and program plan revisions, in accordance with this section.

(c) For nonconstruction awards, recipients must request prior approvals
